AMERICAN OVERSIGHT

The Florida Federalist Society Conference **Conversation with Governor Ron DeSantis** February 4, 2021	
COVID-19 and the Constitution	
Places of Worship	**<u>YOU DEEMED HOUSES OF WORSHIP ESSENTIAL IN APRIL 2020:</u>** ○ COVID-19 has tested the bounds of the Constitution, conflicting with the First Amendment's freedom of religion. The Supreme Court has rebuked California's effort to stifle religious freedom five times, as recently as April, when the court rejected California's attempt to limit indoor Bible study. (*Tandon v. Newsom*) ○ When I was in the White House, on May 22, 2020, President Trump identified houses of worship as essential places that provide essential services. ○ **DeSantis, April 2020:** You were prescient in April of 2020 in labeling houses of worship as essential and therefore exempt from stay-at-home executive orders. ○ *YOU TOOK INITIATIVE ON THIS AHEAD OF ANY FEDERAL DIRECTION OR COURT INTERVENTION. WHY?*
Vaccine Mandates	**<u>IN NOVEMBER OF 2021, YOU SIGNED LEGISLATION THAT PROHIBITED PRIVATE EMPLOYER VACCINE MANDATES</u>:** ○ This month, the Supreme Court struck down President Biden's vaccine mandate for large private employers but upheld the mandate for certain medical providers. (*NFIB v. OSHA & Biden v. Missouri*)

AMERICAN OVERSIGHT

	○ **DeSantis, November 2021:** Once again, you were far ahead on this issue, signing legislation that prohibited private employer vaccine mandates. ○ *YOU HAVE CONTINUALLY USED YOUR POWER AS AN EXECUTIVE TO PROTECT FREEDOM AND ARE REPEATEDLY VINDICATED BY THE COURTS.*
Mask Mandates	**IN JULY OF 2021, YOU ISSUED EXECUTIVE ORDER 21-175 "TO PROTECT PARENTS' FREEDOM TO CHOOSE WHETHER THEIR CHILDREN WEAR MASKS":** • As a Florida mom of a 2-year-old, this is a very important issue to me. In your July executive order, you reference the Biden administration's "unscientific and inconsistent recommendations that school-aged children wear masks." To be sure, even the World Health Organization, has recognized the hazards of children wearing masks. • **Court rules in favor of DeSantis, November 2021:** Six Florida counties filed an administrative rule challenge to the Florida Department of Health's emergency rule allowing parents to opt their children out of school mask mandates, but Administrative Law Judge Brian Newman upheld the emergency rule on all points. The school districts appealed, but their appeal was dismissed. • *THIS WAS YET ANOTHER VINDICATION OF FLORIDA'S FREEDOM FIRST POLICIES.*
COVID-19 and Executive Action	
School Openings	**GOVENOR DESANTIS HAS BEEN A FEARLESS LEADER IN PROTECTING FLORIDA'S CHILDREN:** • From my time in the White House, data has always been on the side of schools staying open, but Biden cozied up to the teachers' unions – to the point of allowing them to dictate CDC guidelines. As Dr. Scott Atlas said to me in my office,

AMERICAN OVERSIGHT

	"What nation sacrifices children on the altar of COVID-19?" • In Florida, you did not sacrifice America's children. Whether it be banning masks mandates, not forcing healthy children to quarantine, allowing students and parents to sue to recover attorney's fees in enforcing these measures, or keeping schools open, you have always stood on the side of our children. • Everyone knows that you fought to keep schools open, and yet the White House press secretary had the audacity to suggest Florida was not distributing money to keep schools open. Jen Psaki said, "So, in terms of — an example would be Florida, where they have done little to — to distribute money to — little to no steps to distribute money to state — across the state and to school districts." • These are the facts: schools have been open in Florida since the fall of 2020, and Florida is ranked number nine in the percent of emergency relief funds spent. • *WHAT DID YOU THINK WHEN YOU HEARD THIS VERIFIABLY FALSE STATEMENT FROM THE WHITE HOUSE?*
Lockdowns	**<u>THE EFFICACY OF LOCKDOWNS AND THE CENSORSHIP OF YOUTUBE:</u>** • This week, Johns Hopkins University published a meta study based on 34 separate studies that analyzed the efficacy of lockdowns. Johns Hopkins found that lockdowns only reduced mortality by .2%, ultimately concluding that lockdowns "have had little to no public health effects" while imposing "enormous economic and social costs where they have been adopted." • You have been vocally opposed to lockdowns. In fact, you hosted a roundtable with one of my former colleagues, Dr. Scott Atlas, where among other topics, you discussed the negative effects of lockdowns. YouTube removed the roundtable, leading the *Wall Street Journal* editorial board to call out "YouTube's Assault on COVID Accountability."

AMERICAN OVERSIGHT

	• *WITH THIS NEW STUDY, I WOULD THINK IT IS TIME FOR THE BUREAUCRATS, YOUTUBE, AND DR. FAUCI TO RECONSIDER THEIR PHILOSOPHY ON LOCKDOWNS.*
Rights of Patients	**<u>THE FLORIDA LEGISLATURE IS CRAFTING LEGISLATION FOR COVID LOVED ONES:</u>** . • You said, "The legislation would protect the rights of patients to have loved ones visit them in nursing homes and hospitals. COVID should not be used as an excuse to deny Floridians needed support and contact during difficult times." • This is personal to me, as my grandmother had limitations on who could visit her in her Florida hospital in her final days. As my dad said, "she was a victim of COVID without ever having COVID." Without a doubt, loneliness contributed to her decline. • *WHAT WOULD THIS LEGISLATION LOOK LIKE?*
School Choice	
School Choice	**<u>IN MAY OF 2021, YOU SIGNED THE "LARGEST EXPANSION OF SCHOOL CHOICE IN THE HISTORY OF THE STATE":</u>** • Following your election, the *Wall Street Journal* published a piece titled, "School Choice Moms Tipped the Governor's Florida Race. DeSantis owes his win to unexpected support from minority women." William Mattox goes on to write that 10,000 black women voted for you at a percentage exceeding the GOP national average by 11% because of the issue of school choice. • **DeSantis, May 2021:** In May of 2021, you signed the largest expansion of school choice in the history of the state. • *I THINK IT'S SAFE TO SAY THAT YOU HAVE EXPANDED EDUCATIONAL OPPORTUNITY FOR*

AMERICAN OVERSIGHT

	CHILDREN IN THIS STATE. EXPLAIN WHAT THIS LAW WILL DO FOR FLORIDA'S CHILDREN.
Immigration	
Illegal Immigration	**IN DECEMBER OF 2021, YOU TOOK A SERIES OF ACTIONS TO STYMIE THE TIDE OF ILLEGAL IMMIGRATION INTO FLORIDA:** • Last week, Fox News reporter Bill Melugin "witnessed men go into a small, unmarked office, then re-emerge moments later as multiple taxi cabs then showed up to collect the migrants -- who were then shuttled off to nearby Harlingen Airport. There were no children or migrant families among the groups." One of those cities was Miami. We are told that single adult men are supposed to be removed under Title 42. That is clearly not happening. • We know some of these individuals are coming to Florida. Recently, you noted that a "mid-20s illegal alien posed as a 17-year-old, crossed the Southern Border, was dumped in Jacksonville and has now taken an innocent Floridian's life." In addition to the security threat posed by this situation, Jason Richwine wrote in the *Tallahassee Democrat* that Florida "has spent approximately $2 billion in 2019 on major health and education programs for the nearly 800,000 immigrants who lived in the state illegally before the recent surge." • You wrote a letter to the Secretary of Homeland Security, noting that illegal immigration "consumes taxpayer money and burdens governmental services." You also took a series of measures to curb illegal immigration. • *WHAT HAS THIS ACTION ENTAILED?*
Law Enforcement	
Law Enforcement	**IN DECEMBER OF 2021, YOU PROPOSED $5,000 BONUSES FOR POLICE OFFICERS WHO WANT TO RELOCATE TO FLORIDA**:

AMERICAN OVERSIGHT

	• Our police officers are under attack. Beginning with the slaughter of two valiant NYPD officers, over a 7-day period, 13 police officers were shot. That means approximately one officer was shot every 12 hours. • While the left has supported defunding the police and lax liberal district attorney policies that incentivize crime, you have offered a $5,000 bonus to officers who want to relocate to Florida. • *CONTRAST WHAT WE ARE SEEING IN FLORIDA WITH LIBERAL BASTIONS LIKE NEW YORK AND CALIFORNIA.*
The Florida Judiciary and the Supreme Court	
The Judiciary	• You have already appointed five Florida Supreme Court Justices in your first term who, in the mold of Justice Clarence Thomas, honor the Constitution and the rule of law. Two of these Justices were elevated to the 11th Circuit by President Trump within a year. • *DO YOU HAVE ANY ADVICE FOR PRESIDENT BIDEN IN CHOOSING HIS NOMINEE TO REPLACE JUSTICE STEPHEN BREYER?*
Faux Federalist	• We've seen people masquerading under the banner of the Federalist Society only to have more Libertarian judicial analysis. • *HOW IMPORTANT IS IT THAT WE TRULY VET THESE FUTURE LIFETIME APPOINTMENT?*
Challenged Legislation, Obama Judges	• We've seen a familiar playbook of the Left. Anything done legislatively here in Florida with a Republican legislature is immediately challenged. The Left will find an Obama judge and try to overturn common-sense measures like – laws

AMERICAN OVERSIGHT

	against sanctuary cities, vaccine passports, election law. We see the Left toe the party line from the judiciary. • *TELL US HOW YOU HAVE SEEN THIS PLAY OUT IN FLORIDA.*
Abortion	• There is a real test for the Supreme Court on the horizon, and that is *Dobbs v. Jackson Women's Health Organization*, where there is a challenge to Mississippi's "Gestational Age Act," which basically prohibits abortion after 15 weeks (with a few exceptions). This case could unsettle previous holdings in *Roe v. Wade* & *Planned Parenthood v. Casey*. • *WHERE DO YOU SEE THIS GOING?* • **Potential Follow-up Conversation:** • *ROE* CRITICS – Scott Stewart (Mississippi Solicitor General) – ironically sounded like Ginsburg when he said leave it to the People not the courts, sounding somewhat like previous and unlikely critics of *Roe:* o TRIBE – "verbal smokescreen, the substantive judgment on which it rests is nowhere to be found." o GINSBURG – "heavy-handed judicial intervention" "difficult to justify" • PRECEDENT – Stewart differentiated *Griswold* and *Obergefell*. Those cases drew clear lines. *Roe*, however, did not. Rather, *Roe* created a bizarre viability standard, whose definition is best left to legislators. o By way of example, the confusion has caused the Court to divide on what *Casey* means. Lower courts don't know what to do with it. o TURLEY: "In 2000, a 5-4 majority struck down a partial-birth abortion law in *Stenberg v. Carhart*, but two years later, voted 5-4 to uphold a ban on partial-birth abortion." • VIABILITY – Interestingly, Roberts acknowledged the that the United States is not among good company when you consider our abortion laws. In fact, the U.S. is one of just seven countries that allows elective abortion after 20 weeks. Roberts noted in oral arguments that we share abortion

AMERICAN OVERSIGHT

	standards with the People's Republic of China and North Korea.
Libel	• Beyond *Roe*, there are other issues a new Supreme Court could take up. For example, two Justices – Justice Gorsuch and Justice Thomas – have called for reconsidering *New York Times v. Sullivan*, the landmark libel case which makes it nearly impossible for public figures to sue for libel. In order to succeed, public figures must prove "actual malice" – a nearly impossible standard. • NYT: "Both justices said the modern news media landscape played a role in their thinking about the actual malice doctrine announced in the Sullivan case." • THOMAS: "The proliferation of falsehoods is, and always has been, a serious matter. Instead of continuing to insulate those who perpetrate lies from traditional remedies like libel suits, we should give them only the protection the First Amendment requires." • GORSUCH: "Large numbers of newspapers and periodicals have failed. Network news has lost most of its viewers. With their fall has come the rise of 24-hour cable news and online media platforms that 'monetize anything that garners clicks.' o "What started in 1964 with a decision to tolerate the occasional falsehood to ensure robust reporting by a comparative handful of print and broadcast outlets," he wrote, "has evolved into an ironclad subsidy for the publication of falsehoods by means and on a scale previously unimaginable." • *IS IT TIME FOR THE COURT TO RECONSIDER NEW YORK TIMES V. SULLIVAN GIVEN THE MODERN MEDIA LANDSCAPE?*
Affirmative Action	• In *Students for Fair Admissions Inc. v. President & Fellows of Harvard College*, the Court will decide whether colleges can use race as a factor in admissions. Three of the six conservative Justices (Roberts, Thomas, and Alito) are

AMERICAN OVERSIGHT

	already on the record about the illegality of affirmative action. Justice Roberts has been outspoken on the issue, noting in 2006 that "[i]t is a sordid business, that is divvying us up based on race." • *THIS COULD BE THE TERM WHERE THE MESSY JURISPRUDENCE ON AFFIRMATIVE ACTION IS DECIDED DEFINITIVELY.*
Critical Race Theory	
Critical Race Theory	• In December, you announced the Stop the Wrongs to Our Kids and Employees (W.O.K.E.) Act. This will be the strongest legislation of its kind in the nation and adds to previous action you have taken to ban CRT and the *New York Times*' 1619 project in Florida schools. • *I'M CURIOUS HOW YOU'VE TAKEN ACTION AGAINST A DIVISIVE THEORY – CRT – WHICH THE LEFT TELLS US IS A FIGMENT OF OUR IMAGINATION AND MOST DEFINITELY NOT BEING TAUGHT IN OUR SCHOOLS. WE'VE HEARD THIS FROM THE WHITE HOUSE AND BEYOND.* • *ALSO, WHAT DO YOU MAKE OF THE NEW RATIONALE THAT PARENTS SHOULD HAVE NO INVOLVEMENT OR EVEN AWARENESS OF WHAT IS IN THEIR KID'S CURRICULUA?*
Cancer Research	
Cancer Research	• Breast cancer is an issue that I am personally passionate about. Eight extended aunts in my family have had breast cancer, and both my mother and I have the BRCA2 genetic mutation. This gene puts us both at a roughly 84% chance of breast cancer and 27% chance of ovarian cancer. We both chose to get preventative mastectomies. • Your amazing, beautiful, strong wife – First Lady Casey DeSantis – announced her breast cancer diagnosis in

AMERICAN OVERSIGHT

	October and just recently announced her very last chemotherapy treatment. In fact, I just saw a tweet that she rang a bell for her final chemo treatment that will remain in the Governor's Mansion as a symbol of "hope, humanity, and faith." • *AT MOFFITT CANCER CENTER, YOU ANNOUNCED A HISTORIC $100 MILLION BUDGET PROPOSAL TO FUND CANCER RESEARCH AND CARE. THIS IS ABOUT A 60% INCREASE OVER LAST YEAR. SHARE WITH US WHAT THIS WILL MEAN IN FLORIDA'S FIGHT AGAINST CANCER.*

Places of Worship	**<u>YOU DEEMED HOUSES OF WORSHIP ESSENTIAL IN APRIL 2020:</u>** ○ COVID-19 has tested the bounds of the Constitution, conflicting with the First Amendment's freedom of religion. The Supreme Court has rebuked California's effort to stifle religious freedom five times, as recently as April, when the court rejected California's attempt to limit indoor Bible study. (*Tandon v. Newsom*) ○ When I was in the White House, on May 22, 2020, President Trump identified houses of worship as essential places that provide essential services. ○ **DeSantis, April 2020:** You were prescient in April of 2020 in labeling houses of worship as essential and therefore exempt from stay-at-home executive orders. ○ *YOU TOOK INITIATIVE ON THIS AHEAD OF ANY FEDERAL DIRECTION OR COURT INTERVENTION. WHY?*
Vaccine Mandates	**<u>IN NOVEMBER OF 2021, YOU SIGNED LEGISLATION THAT PROHIBITED PRIVATE EMPLOYER VACCINE MANDATES</u>:** ○ This month, the Supreme Court struck down President Biden's vaccine mandate for large private employers but upheld the mandate for certain medical providers. (*NFIB v. OSHA & Biden v. Missouri*)

AMERICAN OVERSIGHT

	○ **DeSantis, November 2021:** Once again, you were far ahead on this issue, signing legislation that prohibited private employer vaccine mandates. ○ *YOU HAVE CONTINUALLY USED YOUR POWER AS AN EXECUTIVE TO PROTECT FREEDOM AND ARE REPEATEDLY VINDICATED BY THE COURTS.*
Mask Mandates	**IN JULY OF 2021, YOU ISSUED EXECUTIVE ORDER 21-175 "TO PROTECT PARENTS' FREEDOM TO CHOOSE WHETHER THEIR CHILDREN WEAR MASKS":** • As a Florida mom of a 2-year-old, this is a very important issue to me. In your July executive order, you reference the Biden administration's "unscientific and inconsistent recommendations that school-aged children wear masks." To be sure, even the World Health Organization, has recognized the hazards of children wearing masks. • **Court rules in favor of DeSantis, November 2021:** Six Florida counties filed an administrative rule challenge to the Florida Department of Health's emergency rule allowing parents to opt their children out of school mask mandates, but Administrative Law Judge Brian Newman upheld the emergency rule on all points. The school districts appealed, but their appeal was dismissed. • *THIS WAS YET ANOTHER VINDICATION OF FLORIDA'S FREEDOM FIRST POLICIES.*
COVID-19 and Executive Action	
School Openings	**GOVENOR DESANTIS HAS BEEN A FEARLESS LEADER IN PROTECTING FLORIDA'S CHILDREN:** • From my time in the White House, data has always been on the side of schools staying open, but Biden cozied up to the teachers' unions – to the point of allowing them to dictate CDC guidelines. As Dr. Scott Atlas said to me in my office,

AMERICAN OVERSIGHT

	"What nation sacrifices children on the altar of COVID-19?" • In Florida, you did not sacrifice America's children. Whether it be banning masks mandates, not forcing healthy children to quarantine, allowing students and parents to sue to recover attorney's fees in enforcing these measures, or keeping schools open, you have always stood on the side of our children. • Everyone knows that you fought to keep schools open, and yet the White House press secretary had the audacity to suggest Florida was not distributing money to keep schools open. Jen Psaki said, "So, in terms of — an example would be Florida, where they have done little to — to distribute money to — little to no steps to distribute money to state — across the state and to school districts." • These are the facts: schools have been open in Florida since the fall of 2020, and Florida is ranked number nine in the percent of emergency relief funds spent. • *WHAT DID YOU THINK WHEN YOU HEARD THIS VERIFIABLY FALSE STATEMENT FROM THE WHITE HOUSE?*
Lockdowns	**<u>THE EFFICACY OF LOCKDOWNS AND THE CENSORSHIP OF YOUTUBE:</u>** • This week, Johns Hopkins University published a meta study based on 34 separate studies that analyzed the efficacy of lockdowns. Johns Hopkins found that lockdowns only reduced mortality by .2%, ultimately concluding that lockdowns "have had little to no public health effects" while imposing "enormous economic and social costs where they have been adopted." • You have been vocally opposed to lockdowns. In fact, you hosted a roundtable with one of my former colleagues, Dr. Scott Atlas, where among other topics, you discussed the negative effects of lockdowns. YouTube removed the roundtable, leading the *Wall Street Journal* editorial board to call out "YouTube's Assault on COVID Accountability."

AMERICAN OVERSIGHT

	• *WITH THIS NEW STUDY, I WOULD THINK IT IS TIME FOR THE BUREAUCRATS, YOUTUBE, AND DR. FAUCI TO RECONSIDER THEIR PHILOSOPHY ON LOCKDOWNS.*
Rights of Patients	**<u>THE FLORIDA LEGISLATURE IS CRAFTING LEGISLATION FOR COVID LOVED ONES:</u>** . • You said, "The legislation would protect the rights of patients to have loved ones visit them in nursing homes and hospitals. COVID should not be used as an excuse to deny Floridians needed support and contact during difficult times." • This is personal to me, as my grandmother had limitations on who could visit her in her Florida hospital in her final days. As my dad said, "she was a victim of COVID without ever having COVID." Without a doubt, loneliness contributed to her decline. • *WHAT WOULD THIS LEGISLATION LOOK LIKE?*
School Choice	
School Choice	**<u>IN MAY OF 2021, YOU SIGNED THE "LARGEST EXPANSION OF SCHOOL CHOICE IN THE HISTORY OF THE STATE":</u>** • Following your election, the *Wall Street Journal* published a piece titled, "School Choice Moms Tipped the Governor's Florida Race. DeSantis owes his win to unexpected support from minority women." William Mattox goes on to write that 10,000 black women voted for you at a percentage exceeding the GOP national average by 11% because of the issue of school choice. • **DeSantis, May 2021:** In May of 2021, you signed the largest expansion of school choice in the history of the state. • *I THINK IT'S SAFE TO SAY THAT YOU HAVE EXPANDED EDUCATIONAL OPPORTUNITY FOR*

AMERICAN OVERSIGHT

	CHILDREN IN THIS STATE. EXPLAIN WHAT THIS LAW WILL DO FOR FLORIDA'S CHILDREN.
Immigration	
Illegal Immigration	**IN DECEMBER OF 2021, YOU TOOK A SERIES OF ACTIONS TO STYMIE THE TIDE OF ILLEGAL IMMIGRATION INTO FLORIDA:** • Last week, Fox News reporter Bill Melugin "witnessed men go into a small, unmarked office, then re-emerge moments later as multiple taxi cabs then showed up to collect the migrants -- who were then shuttled off to nearby Harlingen Airport. There were no children or migrant families among the groups." One of those cities was Miami. We are told that single adult men are supposed to be removed under Title 42. That is clearly not happening. • We know some of these individuals are coming to Florida. Recently, you noted that a "mid-20s illegal alien posed as a 17-year-old, crossed the Southern Border, was dumped in Jacksonville and has now taken an innocent Floridian's life." In addition to the security threat posed by this situation, Jason Richwine wrote in the *Tallahassee Democrat* that Florida "has spent approximately $2 billion in 2019 on major health and education programs for the nearly 800,000 immigrants who lived in the state illegally before the recent surge." • You wrote a letter to the Secretary of Homeland Security, noting that illegal immigration "consumes taxpayer money and burdens governmental services." You also took a series of measures to curb illegal immigration. • *WHAT HAS THIS ACTION ENTAILED?*
Law Enforcement	
Law Enforcement	**IN DECEMBER OF 2021, YOU PROPOSED $5,000 BONUSES FOR POLICE OFFICERS WHO WANT TO RELOCATE TO FLORIDA**:

AMERICAN OVERSIGHT

	• Our police officers are under attack. Beginning with the slaughter of two valiant NYPD officers, over a 7-day period, 13 police officers were shot. That means approximately one officer was shot every 12 hours. • While the left has supported defunding the police and lax liberal district attorney policies that incentivize crime, you have offered a $5,000 bonus to officers who want to relocate to Florida. • *CONTRAST WHAT WE ARE SEEING IN FLORIDA WITH LIBERAL BASTIONS LIKE NEW YORK AND CALIFORNIA.*
The Florida Judiciary and the Supreme Court	
The Judiciary	• You have already appointed five Florida Supreme Court Justices in your first term who, in the mold of Justice Clarence Thomas, honor the Constitution and the rule of law. Two of these Justices were elevated to the 11th Circuit by President Trump within a year. • *DO YOU HAVE ANY ADVICE FOR PRESIDENT BIDEN IN CHOOSING HIS NOMINEE TO REPLACE JUSTICE STEPHEN BREYER?*
Faux Federalist	• We've seen people masquerading under the banner of the Federalist Society only to have more Libertarian judicial analysis. • *HOW IMPORTANT IS IT THAT WE TRULY VET THESE FUTURE LIFETIME APPOINTMENT?*
Challenged Legislation, Obama Judges	• We've seen a familiar playbook of the Left. Anything done legislatively here in Florida with a Republican legislature is immediately challenged. The Left will find an Obama judge and try to overturn common-sense measures like – laws

AMERICAN OVERSIGHT

	against sanctuary cities, vaccine passports, election law. We see the Left toe the party line from the judiciary. • *TELL US HOW YOU HAVE SEEN THIS PLAY OUT IN FLORIDA.*
Abortion	• There is a real test for the Supreme Court on the horizon, and that is *Dobbs v. Jackson Women's Health Organization*, where there is a challenge to Mississippi's "Gestational Age Act," which basically prohibits abortion after 15 weeks (with a few exceptions). This case could unsettle previous holdings in *Roe v. Wade* & *Planned Parenthood v. Casey*. • *WHERE DO YOU SEE THIS GOING?* • **Potential Follow-up Conversation:** • *ROE* CRITICS – Scott Stewart (Mississippi Solicitor General) – ironically sounded like Ginsburg when he said leave it to the People not the courts, sounding somewhat like previous and unlikely critics of *Roe:* o TRIBE – "verbal smokescreen, the substantive judgment on which it rests is nowhere to be found." o GINSBURG – "heavy-handed judicial intervention" "difficult to justify" • PRECEDENT – Stewart differentiated *Griswold* and *Obergefell*. Those cases drew clear lines. *Roe*, however, did not. Rather, *Roe* created a bizarre viability standard, whose definition is best left to legislators. o By way of example, the confusion has caused the Court to divide on what *Casey* means. Lower courts don't know what to do with it. o TURLEY: "In 2000, a 5-4 majority struck down a partial-birth abortion law in *Stenberg v. Carhart*, but two years later, voted 5-4 to uphold a ban on partial-birth abortion." • VIABILITY – Interestingly, Roberts acknowledged the that the United States is not among good company when you consider our abortion laws. In fact, the U.S. is one of just seven countries that allows elective abortion after 20 weeks. Roberts noted in oral arguments that we share abortion

AMERICAN OVERSIGHT

	standards with the People's Republic of China and North Korea.
Libel	• Beyond *Roe*, there are other issues a new Supreme Court could take up. For example, two Justices – Justice Gorsuch and Justice Thomas – have called for reconsidering *New York Times v. Sullivan*, the landmark libel case which makes it nearly impossible for public figures to sue for libel. In order to succeed, public figures must prove "actual malice" – a nearly impossible standard. • NYT: "Both justices said the modern news media landscape played a role in their thinking about the actual malice doctrine announced in the Sullivan case." • THOMAS: "The proliferation of falsehoods is, and always has been, a serious matter. Instead of continuing to insulate those who perpetrate lies from traditional remedies like libel suits, we should give them only the protection the First Amendment requires." • GORSUCH: "Large numbers of newspapers and periodicals have failed. Network news has lost most of its viewers. With their fall has come the rise of 24-hour cable news and online media platforms that 'monetize anything that garners clicks.' o "What started in 1964 with a decision to tolerate the occasional falsehood to ensure robust reporting by a comparative handful of print and broadcast outlets," he wrote, "has evolved into an ironclad subsidy for the publication of falsehoods by means and on a scale previously unimaginable." • *IS IT TIME FOR THE COURT TO RECONSIDER NEW YORK TIMES V. SULLIVAN GIVEN THE MODERN MEDIA LANDSCAPE?*
Affirmative Action	• In *Students for Fair Admissions Inc. v. President & Fellows of Harvard College*, the Court will decide whether colleges can use race as a factor in admissions. Three of the six conservative Justices (Roberts, Thomas, and Alito) are

AMERICAN OVERSIGHT

	already on the record about the illegality of affirmative action. Justice Roberts has been outspoken on the issue, noting in 2006 that "[i]t is a sordid business, that is divvying us up based on race." • *THIS COULD BE THE TERM WHERE THE MESSY JURISPRUDENCE ON AFFIRMATIVE ACTION IS DECIDED DEFINITIVELY.*
Critical Race Theory	
Critical Race Theory	• In December, you announced the Stop the Wrongs to Our Kids and Employees (W.O.K.E.) Act. This will be the strongest legislation of its kind in the nation and adds to previous action you have taken to ban CRT and the *New York Times*' 1619 project in Florida schools. • *I'M CURIOUS HOW YOU'VE TAKEN ACTION AGAINST A DIVISIVE THEORY – CRT – WHICH THE LEFT TELLS US IS A FIGMENT OF OUR IMAGINATION AND MOST DEFINITELY NOT BEING TAUGHT IN OUR SCHOOLS. WE'VE HEARD THIS FROM THE WHITE HOUSE AND BEYOND.* • *ALSO, WHAT DO YOU MAKE OF THE NEW RATIONALE THAT PARENTS SHOULD HAVE NO INVOLVEMENT OR EVEN AWARENESS OF WHAT IS IN THEIR KID'S CURRICULUA?*
Cancer Research	
Cancer Research	• Breast cancer is an issue that I am personally passionate about. Eight extended aunts in my family have had breast cancer, and both my mother and I have the BRCA2 genetic mutation. This gene puts us both at a roughly 84% chance of breast cancer and 27% chance of ovarian cancer. We both chose to get preventative mastectomies. • Your amazing, beautiful, strong wife – First Lady Casey DeSantis – announced her breast cancer diagnosis in

AMERICAN OVERSIGHT

	October and just recently announced her very last chemotherapy treatment. In fact, I just saw a tweet that she rang a bell for her final chemo treatment that will remain in the Governor's Mansion as a symbol of "hope, humanity, and faith." • *AT MOFFITT CANCER CENTER, YOU ANNOUNCED A HISTORIC $100 MILLION BUDGET PROPOSAL TO FUND CANCER RESEARCH AND CARE. THIS IS ABOUT A 60% INCREASE OVER LAST YEAR. SHARE WITH US WHAT THIS WILL MEAN IN FLORIDA'S FIGHT AGAINST CANCER.*

	Role	Meeting
	Attendees	1
	Notes	Colombian Ambassador to the U.S. Juan Carlos Pinzon saw the Governor's statement about FARC and appreciates the Governor's willingness to take a principled stance against the terrorist group. Ambassador Pinzon is interested in meeting with the Governor and would be willing to travel to Tallahassee if a meeting can be arranged. The Ambassador could propose some measures that the state could take to protect Floridians from a resurgent and emboldened FARC.
	Zoom Interview with René Páez	
	Time	Open
	Location	South Florida OR Via Zoom
	Requestor	René Páez, *Financial Advisor, Raymond James & Associates, Inc.*
	Role	Interview
	Attendees	1
	Notes	○ René Páez leads a Wednesday morning bible study for executives on Palm Beach Island and is active as a financial advisor at Raymond James. He has a LinkedIn video channel and is reaching out to see if this would be a good platform to interview the Governor on. He has recently interviewed billionare Jeff Greene. ○ René would like to do a 10-minute interview with the Governor. Potential interview questions for the Governor include: 1) what he is seeing as the main reason(s) why families and organizations are choosing to relocate to Florida, 2) what advice he would have for families/organizations thinking of moving to Florida, 3) how is Florida changing as a result of the migration to the state, and 4) besides the weather and great tax benefits in the state, what is the Governor's view of all the innovation and startup culture that is growing in the state.
	Americans for Tax Reform (ATR) Policy Roundtable Dinner

	Notes	○ The event would last 45 minutes, and the format would be a conversation between the Governor and a Hoover Fellow. ○ Topics: Both Scott Atlas and Kiron Skinner have expressed that they are happy to follow the Governor's lead on topics he's interested. In general, this could be "agenda setting" as 2022 starts up, a reflection on 2021 policy with a Governor's perspective, and opportunities for growth as the country emerges from the pandemic including current events. These are not typically political discussions; they would just like to focus on public policy and Hoover research.

	Notes	○ The purpose of this meeting/dinner is to reconnect in person. According to David Milstein, the Ambassador and the Governor are good friends and they worked closely together when the Governor was in Congress on efforts to move the U.S. Embassy to Jerusalem and recognize Israel's sovereignty over the Golan Heights. The Ambassador hosted the Governor at the U.S. Embassy in Jerusalem for the cabinet meeting in Israel where the Governor signed major pieces of pro-Israel legislation. They also worked together in the past to expedite treatments to combat COVID-19 for Floridians. ○ Ambassador Friedman would come to Tallahassee if that would be convenient for the Governor, and the Ambassador would bring his wife, Tammy. Another option would be for the Governor to meet in South Florida since the Ambassador lives in Bal Harbor when he is in the state.

They do not have a keynote speaker set for this luncheon just yet, and if the Governor cannot do the Awards Luncheon, they believe this luncheon would be very special given the election implications.

Hi team,

Please see the updated draft event schedule. The last event of the year will be the Orange Bowl on 1/31.

Other than that, we are down events-wise. The Governor will be in the office tomorrow and Wednesday – not Thursday at this point. I am not entirely sure if/when he'll be in the Monday, Tuesday and Thursday after Christmas so stay tuned.

Thanks!

Hi team,

Please see the updated draft event schedule.

The highlights:

- We removed the Taylor County stop from the Rural Day on Thursday – **this adjusted the timing for the Washington County and Holmes County events.**
- Friday is a question mark. We might do the AstraZeneca event or the Taylor County event, or neither, so stay tuned. 😊 Hoping to know more tomorrow.

Hi team,

Please see the updated draft event schedule. The last event of the year will be the Orange Bowl on 1/31.

AMERICAN OVERSIGHT

Other than that, we are down events-wise. The Governor will be in the office tomorrow and Wednesday – not Thursday at this point. I am not entirely sure if/when he'll be in the Monday, Tuesday and Thursday after Christmas so stay tuned.

Thanks!

Hi team,

Please see the updated draft event schedule.

The highlights:

- We removed the Taylor County stop from the Rural Day on Thursday – **this adjusted the timing for the Washington County and Holmes County events.**
- Friday is a question mark. We might do the AstraZeneca event or the Taylor County event, or neither, so stay tuned. 😊 Hoping to know more tomorrow.

The highlights:

- We removed the Taylor County stop from the Rural Day on Thursday – **this adjusted the timing for the Washington County and Holmes County events.**
- Friday is a question mark. We might do the AstraZeneca event or the Taylor County event, or neither, so stay tuned. 😊 Hoping to know more tomorrow.

Hi Abbie,

It was great chatting with you earlier! Thanks for your help sorting out the room.

Is there a hold room closer to the area where the fireside chat will be that the Governor may use before the event?

Thanks!

	Role	Meeting
	Attendees	1
	Notes	Colombian Ambassador to the U.S. Juan Carlos Pinzon saw the Governor's statement about FARC and appreciates the Governor's willingness to take a principled stance against the terrorist group. Ambassador Pinzon is interested in meeting with the Governor and would be willing to travel to Tallahassee if a meeting can be arranged. The Ambassador could propose some measures that the state could take to protect Floridians from a resurgent and emboldened FARC.
	Zoom Interview with René Páez	
	Time	Open

	Requestor	René Páez, *Financial Advisor, Raymond James & Associates, Inc.*
	Role	Interview
	Attendees	1
	Notes	○ René Páez leads a Wednesday morning bible study for executives on Palm Beach Island and is active as a financial advisor at Raymond James. He has a LinkedIn video channel and is reaching out to see if this would be a good platform to interview the Governor on. Potential interview questions for the Governor include: 1) what he is seeing as the main reason(s) why families and organizations are choosing to relocate to Florida, 2) what advice he would have for families/organizations thinking of moving to Florida, 3) how is Florida changing as a result of the migration to the state, and 4) besides the weather and great tax benefits in the state, what is the Governor's view of all the innovation and startup culture that is growing in the state.

In general, this could be "agenda setting" as 2022 starts up, a reflection on 2021 policy with a Governor's perspective, and opportunities for growth as the country emerges from the pandemic including current events. These are not typically political discussions; they would just like to focus on public policy and Hoover research.

The Ambassador hosted the Governor at the U.S. Embassy in Jerusalem for the cabinet meeting in Israel where the Governor signed major pieces of pro-Israel legislation. They also worked together in the past to expedite treatments to combat COVID-19 for Floridians. ○ Ambassador Friedman would come to Tallahassee if that would be convenient for the Governor, and the Ambassador would bring his wife, Tammy. Hi team,

Please see the updated draft event schedule. The last event of the year will be the Orange Bowl on 1/31.

Other than that, we are down events-wise. The Governor will be in the office tomorrow and Wednesday – not Thursday at this point. I am not entirely sure if/when he'll be in the Monday, Tuesday and Thursday after Christmas so stay tuned.

Please see the updated draft event schedule.

The highlights:

- We removed the Taylor County stop from the Rural Day on Thursday – **this adjusted the timing for the Washington County and Holmes County events.**
- Friday is a question mark. We might do the AstraZeneca event or the Taylor County event, or neither, so stay tuned. 😊 Hoping to know more tomorrow.

The Federalist Society's Eighth Annual Florida Chapters Conference

Friday, February 4, 2022, 4:30 p.m. – 6:15 p.m.

Disney's Yacht and Beach Club Resort, 1700 Epcot Resorts Blvd, Lake Buena Vista, FL 32830

BIOGRAPHIES:

Kayleigh McEnany, *Former White House Press Secretary*

Kayleigh is the former White House Press Secretary, serving in the final year of President Donald Trump's administration. Prior to working in the White House, Kayleigh worked as the National Press Secretary for the Trump Campaign and formerly the National Spokesperson for the Republican National Committee. Before joining the RNC, Kayleigh worked as a political commentator at CNN and across cable news.

Kayleigh graduated from Harvard Law School with a Juris Doctor and Georgetown University School of Foreign Services with a degree in international politics. She also studied politics and international relations at Oxford University, St. Edmunds Hall. Kayleigh is a recipient of the Department of Defense Medal for Distinguished Public Service and the Department of Homeland Security Secretary's Public Service Award. She is the author of the upcoming book For Such a Time as This: My Faith Journey through the White House and Beyond.

Jason Gonzalez, *Partner, Shutts & Bowen, LLP*

Jason Gonzalez is the Managing Partner of the Tallahassee office of Shutts & Bowen LLP and is Chairman of the Firm's Appellate Practice Group.

Jason is an experienced appellate and litigation attorney and regularly consults on executive branch government affairs. He represents businesses and state agencies in state and federal courts in contracts, government procurements, insurance disputes, class actions, tort defense, banking, finance, professional licenses and elections matters.

Recently, Jason advocated for business association clients in two amicus briefs filed before the Florida Supreme Court, supporting the adoption of the federal summary judgment standard, a development widely viewed as the most significant Florida civil justice system reform in the modern era. In 2019, Florida Politics

AMERICAN OVERSIGHT

reported that Jason was representing parties in more pending civil cases at the Florida Supreme Court than any other attorney in the State.

Over the course of his career, Jason has been at the forefront of emerging legal developments, helping to shape Florida's justice system. Jason was the chief advisor to the Governor on the appointment of 64 Florida judges and four Florida Supreme Court Justices. The Tampa Bay Times notes that he "has played a historic role in the shaping of Florida's Supreme Court." Jason has also served as Chairman of the First District Court of Appeals Judicial Nominating Commission and Chairman of the Second Judicial Circuit Judicial Nominating Commission, as well as two terms as General Counsel and former Executive Board Member of the Republican Party of Florida. Prior to joining Shutts, Jason served as General Counsel to the Florida Governor and as Gubernatorial Appointee to the Florida Supreme Court Judicial Nominating Commission.

In 2010, Jason served as lead counsel for Transocean Ltd. in its Florida Panhandle litigation and regulatory matters immediately following the explosion and sinking of the Deepwater Horizon. Over a two-year period, Jason successfully obtained orders dismissing or removing every one of the more than 70 individual and class action lawsuits filed against Transocean in Florida.

Hi team,

Please see the updated draft event schedule. The last event of the year will be the Orange Bowl on 1/31.

Other than that, we are down events-wise. The Governor will be in the office tomorrow and Wednesday – not Thursday at this point. I am not entirely sure if/when he'll be in the Monday, Tuesday and Thursday after Christmas so stay tuned.

Thanks!

Please see the updated draft event schedule.

The highlights:

- We removed the Taylor County stop from the Rural Day on Thursday – **this adjusted the timing for the Washington County and Holmes County events.**
- Friday is a question mark. We might do the AstraZeneca event or the Taylor County event, or neither, so stay tuned. 😊 Hoping to know more tomorrow.

AMERICAN OVERSIGHT

The Florida Federalist Society Conference **Conversation with Governor Ron DeSantis** February 4, 2021	
COVID-19 and the Constitution	
Places of Worship	**<u>YOU DEEMED HOUSES OF WORSHIP ESSENTIAL IN APRIL 2020:</u>** o COVID-19 has tested the bounds of the Constitution, conflicting with the First Amendment's freedom of religion. The Supreme Court has rebuked California's effort to stifle religious freedom five times, as recently as April, when the court rejected California's attempt to limit indoor Bible study. (*Tandon v. Newsom*) o When I was in the White House, on May 22, 2020, President Trump identified houses of worship as essential places that provide essential services. o **DeSantis, April 2020:** You were prescient in April of 2020 in labeling houses of worship as essential and therefore exempt from stay-at-home executive orders. o *YOU TOOK INITIATIVE ON THIS AHEAD OF ANY FEDERAL DIRECTION OR COURT INTERVENTION. WHY?*
Vaccine Mandates	**<u>IN NOVEMBER OF 2021, YOU SIGNED LEGISLATION THAT PROHIBITED PRIVATE EMPLOYER VACCINE MANDATES</u>:** o This month, the Supreme Court struck down President Biden's vaccine mandate for large private employers but upheld the mandate for certain medical providers. (*NFIB v. OSHA & Biden v. Missouri*)

AMERICAN OVERSIGHT

	○ **DeSantis, November 2021:** Once again, you were far ahead on this issue, signing legislation that prohibited private employer vaccine mandates. ○ *YOU HAVE CONTINUALLY USED YOUR POWER AS AN EXECUTIVE TO PROTECT FREEDOM AND ARE REPEATEDLY VINDICATED BY THE COURTS.*
Mask Mandates	**IN JULY OF 2021, YOU ISSUED EXECUTIVE ORDER 21-175 "TO PROTECT PARENTS' FREEDOM TO CHOOSE WHETHER THEIR CHILDREN WEAR MASKS":** • As a Florida mom of a 2-year-old, this is a very important issue to me. In your July executive order, you reference the Biden administration's "unscientific and inconsistent recommendations that school-aged children wear masks." To be sure, even the World Health Organization, has recognized the hazards of children wearing masks. • **Court rules in favor of DeSantis, November 2021:** Six Florida counties filed an administrative rule challenge to the Florida Department of Health's emergency rule allowing parents to opt their children out of school mask mandates, but Administrative Law Judge Brian Newman upheld the emergency rule on all points. The school districts appealed, but their appeal was dismissed. • *THIS WAS YET ANOTHER VINDICATION OF FLORIDA'S FREEDOM FIRST POLICIES.*
COVID-19 and Executive Action	
School Openings	**GOVENOR DESANTIS HAS BEEN A FEARLESS LEADER IN PROTECTING FLORIDA'S CHILDREN:** • From my time in the White House, data has always been on the side of schools staying open, but Biden cozied up to the teachers' unions – to the point of allowing them to dictate CDC guidelines. As Dr. Scott Atlas said to me in my office,

AMERICAN OVERSIGHT

	"What nation sacrifices children on the altar of COVID-19?" • In Florida, you did not sacrifice America's children. Whether it be banning masks mandates, not forcing healthy children to quarantine, allowing students and parents to sue to recover attorney's fees in enforcing these measures, or keeping schools open, you have always stood on the side of our children. • Everyone knows that you fought to keep schools open, and yet the White House press secretary had the audacity to suggest Florida was not distributing money to keep schools open. Jen Psaki said, "So, in terms of — an example would be Florida, where they have done little to — to distribute money to — little to no steps to distribute money to state — across the state and to school districts." • These are the facts: schools have been open in Florida since the fall of 2020, and Florida is ranked number nine in the percent of emergency relief funds spent. • *WHAT DID YOU THINK WHEN YOU HEARD THIS VERIFIABLY FALSE STATEMENT FROM THE WHITE HOUSE?*
Lockdowns	**<u>THE EFFICACY OF LOCKDOWNS AND THE CENSORSHIP OF YOUTUBE:</u>** • This week, Johns Hopkins University published a meta study based on 34 separate studies that analyzed the efficacy of lockdowns. Johns Hopkins found that lockdowns only reduced mortality by .2%, ultimately concluding that lockdowns "have had little to no public health effects" while imposing "enormous economic and social costs where they have been adopted." • You have been vocally opposed to lockdowns. In fact, you hosted a roundtable with one of my former colleagues, Dr. Scott Atlas, where among other topics, you discussed the negative effects of lockdowns. YouTube removed the roundtable, leading the *Wall Street Journal* editorial board to call out "YouTube's Assault on COVID Accountability."

AMERICAN OVERSIGHT

	• *WITH THIS NEW STUDY, I WOULD THINK IT IS TIME FOR THE BUREAUCRATS, YOUTUBE, AND DR. FAUCI TO RECONSIDER THEIR PHILOSOPHY ON LOCKDOWNS.*
Rights of Patients	**<u>THE FLORIDA LEGISLATURE IS CRAFTING LEGISLATION FOR COVID LOVED ONES:</u>** . • You said, "The legislation would protect the rights of patients to have loved ones visit them in nursing homes and hospitals. COVID should not be used as an excuse to deny Floridians needed support and contact during difficult times." • This is personal to me, as my grandmother had limitations on who could visit her in her Florida hospital in her final days. As my dad said, "she was a victim of COVID without ever having COVID." Without a doubt, loneliness contributed to her decline. • *WHAT WOULD THIS LEGISLATION LOOK LIKE?*
School Choice	
School Choice	**<u>IN MAY OF 2021, YOU SIGNED THE "LARGEST EXPANSION OF SCHOOL CHOICE IN THE HISTORY OF THE STATE":</u>** • Following your election, the *Wall Street Journal* published a piece titled, "School Choice Moms Tipped the Governor's Florida Race. DeSantis owes his win to unexpected support from minority women." William Mattox goes on to write that 10,000 black women voted for you at a percentage exceeding the GOP national average by 11% because of the issue of school choice. • **DeSantis, May 2021:** In May of 2021, you signed the largest expansion of school choice in the history of the state. • *I THINK IT'S SAFE TO SAY THAT YOU HAVE EXPANDED EDUCATIONAL OPPORTUNITY FOR*

AMERICAN OVERSIGHT

	CHILDREN IN THIS STATE. EXPLAIN WHAT THIS LAW WILL DO FOR FLORIDA'S CHILDREN.
Immigration	
Illegal Immigration	**IN DECEMBER OF 2021, YOU TOOK A SERIES OF ACTIONS TO STYMIE THE TIDE OF ILLEGAL IMMIGRATION INTO FLORIDA:** • Last week, Fox News reporter Bill Melugin "witnessed men go into a small, unmarked office, then re-emerge moments later as multiple taxi cabs then showed up to collect the migrants -- who were then shuttled off to nearby Harlingen Airport. There were no children or migrant families among the groups." One of those cities was Miami. We are told that single adult men are supposed to be removed under Title 42. That is clearly not happening. • We know some of these individuals are coming to Florida. Recently, you noted that a "mid-20s illegal alien posed as a 17-year-old, crossed the Southern Border, was dumped in Jacksonville and has now taken an innocent Floridian's life." In addition to the security threat posed by this situation, Jason Richwine wrote in the *Tallahassee Democrat* that Florida "has spent approximately $2 billion in 2019 on major health and education programs for the nearly 800,000 immigrants who lived in the state illegally before the recent surge." • You wrote a letter to the Secretary of Homeland Security, noting that illegal immigration "consumes taxpayer money and burdens governmental services." You also took a series of measures to curb illegal immigration. • *WHAT HAS THIS ACTION ENTAILED?*
Law Enforcement	
Law Enforcement	**IN DECEMBER OF 2021, YOU PROPOSED $5,000 BONUSES FOR POLICE OFFICERS WHO WANT TO RELOCATE TO FLORIDA**:

AMERICAN OVERSIGHT

	• Our police officers are under attack. Beginning with the slaughter of two valiant NYPD officers, over a 7-day period, 13 police officers were shot. That means approximately one officer was shot every 12 hours. • While the left has supported defunding the police and lax liberal district attorney policies that incentivize crime, you have offered a $5,000 bonus to officers who want to relocate to Florida. • *CONTRAST WHAT WE ARE SEEING IN FLORIDA WITH LIBERAL BASTIONS LIKE NEW YORK AND CALIFORNIA.*
The Florida Judiciary and the Supreme Court	
The Judiciary	• You have already appointed five Florida Supreme Court Justices in your first term who, in the mold of Justice Clarence Thomas, honor the Constitution and the rule of law. Two of these Justices were elevated to the 11th Circuit by President Trump within a year. • *DO YOU HAVE ANY ADVICE FOR PRESIDENT BIDEN IN CHOOSING HIS NOMINEE TO REPLACE JUSTICE STEPHEN BREYER?*
Faux Federalist	• We've seen people masquerading under the banner of the Federalist Society only to have more Libertarian judicial analysis. • *HOW IMPORTANT IS IT THAT WE TRULY VET THESE FUTURE LIFETIME APPOINTMENT?*
Challenged Legislation, Obama Judges	• We've seen a familiar playbook of the Left. Anything done legislatively here in Florida with a Republican legislature is immediately challenged. The Left will find an Obama judge and try to overturn common-sense measures like – laws

AMERICAN OVERSIGHT

	against sanctuary cities, vaccine passports, election law. We see the Left toe the party line from the judiciary. • *TELL US HOW YOU HAVE SEEN THIS PLAY OUT IN FLORIDA.*
Abortion	• There is a real test for the Supreme Court on the horizon, and that is *Dobbs v. Jackson Women's Health Organization*, where there is a challenge to Mississippi's "Gestational Age Act," which basically prohibits abortion after 15 weeks (with a few exceptions). This case could unsettle previous holdings in *Roe v. Wade* & *Planned Parenthood v. Casey*. • *WHERE DO YOU SEE THIS GOING?* • **Potential Follow-up Conversation:** • *ROE* CRITICS – Scott Stewart (Mississippi Solicitor General) – ironically sounded like Ginsburg when he said leave it to the People not the courts, sounding somewhat like previous and unlikely critics of *Roe:* o TRIBE – "verbal smokescreen, the substantive judgment on which it rests is nowhere to be found." o GINSBURG – "heavy-handed judicial intervention" "difficult to justify" • PRECEDENT – Stewart differentiated *Griswold* and *Obergefell*. Those cases drew clear lines. *Roe*, however, did not. Rather, *Roe* created a bizarre viability standard, whose definition is best left to legislators. o By way of example, the confusion has caused the Court to divide on what *Casey* means. Lower courts don't know what to do with it. o TURLEY: "In 2000, a 5-4 majority struck down a partial-birth abortion law in *Stenberg v. Carhart*, but two years later, voted 5-4 to uphold a ban on partial-birth abortion." • VIABILITY – Interestingly, Roberts acknowledged the that the United States is not among good company when you consider our abortion laws. In fact, the U.S. is one of just seven countries that allows elective abortion after 20 weeks. Roberts noted in oral arguments that we share abortion

AMERICAN OVERSIGHT

	standards with the People's Republic of China and North Korea.
Libel	• Beyond *Roe*, there are other issues a new Supreme Court could take up. For example, two Justices – Justice Gorsuch and Justice Thomas – have called for reconsidering *New York Times v. Sullivan*, the landmark libel case which makes it nearly impossible for public figures to sue for libel. In order to succeed, public figures must prove "actual malice" – a nearly impossible standard. • NYT: "Both justices said the modern news media landscape played a role in their thinking about the actual malice doctrine announced in the Sullivan case." • THOMAS: "The proliferation of falsehoods is, and always has been, a serious matter. Instead of continuing to insulate those who perpetrate lies from traditional remedies like libel suits, we should give them only the protection the First Amendment requires." • GORSUCH: "Large numbers of newspapers and periodicals have failed. Network news has lost most of its viewers. With their fall has come the rise of 24-hour cable news and online media platforms that 'monetize anything that garners clicks.' o "What started in 1964 with a decision to tolerate the occasional falsehood to ensure robust reporting by a comparative handful of print and broadcast outlets," he wrote, "has evolved into an ironclad subsidy for the publication of falsehoods by means and on a scale previously unimaginable." • *IS IT TIME FOR THE COURT TO RECONSIDER NEW YORK TIMES V. SULLIVAN GIVEN THE MODERN MEDIA LANDSCAPE?*
Affirmative Action	• In *Students for Fair Admissions Inc. v. President & Fellows of Harvard College*, the Court will decide whether colleges can use race as a factor in admissions. Three of the six conservative Justices (Roberts, Thomas, and Alito) are

AMERICAN OVERSIGHT

	already on the record about the illegality of affirmative action. Justice Roberts has been outspoken on the issue, noting in 2006 that "[i]t is a sordid business, that is divvying us up based on race." • *THIS COULD BE THE TERM WHERE THE MESSY JURISPRUDENCE ON AFFIRMATIVE ACTION IS DECIDED DEFINITIVELY.*
Critical Race Theory	
Critical Race Theory	• In December, you announced the Stop the Wrongs to Our Kids and Employees (W.O.K.E.) Act. PENDING SCHEDULING REQUESTS LIST (PSRL)

Version Updated: 2/8/22 6:00 PM

AMERICAN OVERSIGHT

February 2022

OPEN		
	Americans for Tax Reform (ATR) Policy Roundtable Dinner	
	Time	Open
	Location	Washington, D.C.
	Requestor	Grover C. Norquist, *Americans for Tax Reform* Megan Worley, *Americans for Tax Reform*
	Role	Remarks/Participate
	Attendees	Government relations representatives from the trade association community and some of the largest companies in America. All dinner guests are supporters of ATR.
	Notes	○ ATR hosts a series of policy roundtable dinners each year where they bring together a leader from Congress or a Governor and free-market, government relations representatives from the trade association community and some of the largest companies in America. The date of the dinner is of the Governor's choosing. ○ The event begins with a 30-minute cocktail reception. Dinner consists of three 20-minute courses during which Grover Norquist, the Special Guest and a policy staffer for the Special Guest rotate among three tables for each course. After dinner, Grover Norquist will thank the special guest for joining and ask if they would like to deliver any special remarks.

OPEN February		
	Hoover Capital Conversation with Governor DeSantis	
	Time	TBD, afternoon
	Location	Open
	Requestor	Sarah Delahunty, *Senior Manager of Government Relations, Hoover Institution*
	Role	Participate
	Attendees	Hoover donors, Stanford students, Silicon Valley/Tech business interests, Capitol Hill/DC
	Notes	○ The event would last 45 minutes, and the format would be a conversation between the Governor and a Hoover Fellow. ○ Topics: Both Scott Atlas and Kiron Skinner have expressed that they are happy to follow the Governor's lead on topics he's interested. In general, this could be "agenda setting" as 2022 starts up, a reflection on 2021 policy with a Governor's perspective, and opportunities for growth as the country emerges from the pandemic including current events. These are not typically political discussions; they would just like to focus on public policy and Hoover research.
	Meeting and/or Dinner with Former U.S. Ambassador to Israel David Friedman	
	Time	Open
	Location	Tallahassee OR South Florida
	Requestor	David Milstein
	Role	Meeting/Attend Dinner
	Attendees	1-2
	Notes	○ The purpose of this meeting/dinner is to reconnect in person. According to David Milstein, the Ambassador and the Governor are good friends and they worked closely together when the Governor was in Congress on efforts to move the U.S. Embassy to Jerusalem and recognize Israel's sovereignty over the Golan Heights. The Ambassador hosted the Governor at the U.S. Embassy in Jerusalem for the cabinet meeting in Israel where the Governor signed major pieces of pro-Israel legislation. They also

AMERICAN OVERSIGHT

		worked together in the past to expedite treatments to combat COVID-19 for Floridians. o Ambassador Friedman would come to Tallahassee if that would be convenient for the Governor, and the Ambassador would bring his wife, Tammy. Another option would be for the Governor to meet in South Florida since the Ambassador lives in Bal Harbor when he is in the state.

OPEN Second Half of February	**Meeting with the Italian Ambassador to the United States Mariangela Zappia**	
	Time	Open
	Location	Open
	Requestor	Elvira N. Pérez, *P.A. to the Consul General, Consulate General of Italy in Miami*
	Role	Meeting
	Attendees	1
	Notes	o As the new Ambassador of Italy to the U.S., they are planning a series of visits to several states and would like to make Florida the first port of call outside Washington, D.C. Ambassador Zappia would like to discuss ways to launch new collaborations and further strengthen the bonds between Italy and the State of Florida. The Ambassador is planning on travelling to Florida in the second half of February, and they are willing to adjust the dates of their mission to meet with the Governor. o Over 50,000 Italian citizens live, study, invest, and carry out important research in Florida. More than 150 Italian companies operate in Florida; trade between Italy and Florida reaches 8 billion dollars before the pandemic. Ambassador Zappia would like to discuss the domains of research and sciences (with the upcoming establishment of Miami-based chapter of the Italian Scientists and Scholars North American Foundation) and of education, building upon the 11,000 students enrolled in Italian language programs – supported by the Italian Government – in over 60 schools. o Ambassador Zappia would also like to discuss the maritime industry, where mutual investments are growing. In February, PortMiami will hold the inauguration of the new MSC cruise terminal. The world leader Italian shipbuilding company Fincantieri will carry out this flagship infrastructure project in partnership with Florida counterparts. o Ambassador Zappia would finally like to discuss the auto sector. In 2022, they are ready to celebrate the 75th anniversary of Ferrari and in Florida, the framework is being developed for the first edition of the Miami F1 Grand Prix in May. Ambassador Zappia is personally in contact with Formula 1 CEO, the Italian Stefano Domenicali.

OPEN Any Thursday	**Meeting of the Gubernatorial Fellows**	
	Time	9:00-10:30am
	Location	Tallahassee
	Requestor	Invite came from Kim Bane in the Governor's Office
	Role	Remarks
	Attendees	TBD
	Notes	The Gubernatorial Fellows meet each Thursday morning in the large conference room in the Governor's Office between 9-10:30am and they host a guest speaker who is a key playmaker in Florida government. The only Thursdays they aren't meeting is February 24 (they will be at Space Florida) and April 7 (they will be in Washington, DC). The Governor has met with the fellows for about 15-30 minutes in the past and he has been the highlight of the fellowship in the past.

	Attendees	10
	Notes	○ Friday, February 18h is the preferred date for the group to visit to the Capitol and present the award to the Governor. It will be 10 men from the group delivering the award, and they are also hoping for a photo with the Governor. Any day from February 7th through the 18th will work, and they prefer mid-morning. ○ This group would like to give the Man on Arena award to the Governor because they believe he embodies and lives out the mandate of Micha 6:8 and the strenuous life as espoused by Teddy Roosevelt. 	Time	TBD
	Location	Tallahassee
	Requestor	Wansley Walters, *Partner, Ballard Partners* Mimi Baron Jankovits, *National Grassroots Director, Teach Coalition* (invite came through Senior Advisor Drew Meiner)
	Role	Visit / Host Press Conference
	Attendees	TBD
	Notes	○ Teach Florida is partnering with another OU project, Southern NCSY, to bring *Hate Ends Now* to the Capitol. NCSY begins the tour in November in South Florida, meeting teens and adults where they are, in schools, synagogues, and even sports stadiums. More than a mobile museum, it's an immersive multimedia experience inside an exact replica of a World War II cattle car that was used to transport Jews to concentration camps. They have also created a curriculum that empowers participants to take on roles and action steps to combat Antisemitism and hatred of all kinds. The *Hate Ends Now* journey will enable participants to empathize with the stories of suffering during the Holocaust, connect the history to current prejudices, and infuse a sense of responsibility to fight and end Antisemitism. Over a period of three months, they will be engaging over 15,000 teens and adults throughout Florida and the Southeast. ○ They would like for the Governor to join them in inviting elected officials and government staff to the exhibit, and hold a press conference to express his strong support for the Jewish community, security funding, and Israel.

		general goal of the luncheon is to address the opportunities that exist both locally and statewide, as well as discuss how recent federal legislation will affect those opportunities. The event will be held at the Biltmore Hotel. Other luncheon dates for 2022 the Governor has been invited to: ○ LBA April Luncheon – Friday, April 29th at the Biltmore Hotel • For the April Luncheon, they currently do not yet have an assigned keynote speaker. They have reached out to some folks within the SBA to speak about small business lending and opportunities but not yet confirmed. In this luncheon, they do have it scheduled to recognize Jackson Health System for their service to the community and their commitment to the local businesses as part of their modernization bond (which was passed in 2013) which helped expand and modernize their facilities and which they did accomplish with help from many local businesses. ○ LBA Awards Luncheon – Friday, September 30 h (location TBD) • Similar to 2021, their Awards Luncheon is one of their biggest events of the year. In 2022, they will look to build on what they did in 2021. It is usually attended by nearly 800 individuals, including many local small business representatives. They would like for the Governor to serve as their guest of honor and keynote speaker at this event over all the other events. This is a repeat of their 2021 event where the Governor was the keynote speaker, but they can imagine the Association awarding him the 'Leader of the Year' Award for 2022. ○ LBA October Luncheon – Friday, October 28th, location TBD • Their October luncheon should be very interesting as it will be Mid-Term Election weekend – with plenty of local, state and federal elections on the line. Their group is overwhelmingly conservative, so they strongly anticipate this being a rally point for election day. They do not have a keynote speaker set for this luncheon just yet, and if the Governor cannot do the Awards Luncheon, they believe this luncheon would be very special given the election implications.

In general, this could be "agenda setting" as 2022 starts up, a reflection on 2021 policy with a Governor's perspective, and opportunities for growth as the country emerges from the pandemic including current events. These are not typically political discussions; they would just like to focus on public policy and Hoover research.

The Ambassador hosted the Governor at the U.S. Embassy in Jerusalem for the cabinet meeting in Israel where the Governor signed major pieces of pro-Israel legislation. They also

AMERICAN OVERSIGHT

		worked together in the past to expedite treatments to combat COVID-19 for Floridians. o Ambassador Friedman would come to Tallahassee if that would be convenient for the Governor, and the Ambassador would bring his wife, Tammy. Another option would be for the Governor to meet in South Florida since the Ambassador lives in Bal Harbor when he is in the state.

Mr. King says Florida is paid $2.50 on their motorcycle registrations and that this is to be used to for motorcycle safety and awareness. That fee was originally asked for by motorcyclists to fund the Florida Motorcycle Riders Training Program; particularly ABATE of Florida, Inc. o He stated that this program has evolved over the years and the subsidies for the riders beginning course have stopped and after the 2008 legislation session. He stated that the funds are used at the discretion of the Department of Highway Safety and Motor Vehicles (DHSMV) with the remaining being transferred to the DHSMV general fund. Mr. King states that they have lobbied to have this money used strictly for motorcycle safety, as it was intended. o He would like to establish a panel or committee to determine how the money should be spent. As he believes this money should be used to fund the Florida Rider Training Program (FRTP) which is under the FDOT, motorcycle safety courses, ads promoting motorcycle safety and safety seminars.

The event will be held at the Biltmore Hotel. Other luncheon dates for 2022 the Governor has been invited to: ○ LBA April Luncheon – Friday, April 29th at the Biltmore Hotel • For the April Luncheon, they currently do not yet have an assigned keynote speaker. They have reached out to some folks within the SBA to speak about small business lending and opportunities but not yet confirmed. In this luncheon, they do have it scheduled to recognize Jackson Health System for their service to the community and their commitment to the local businesses as part of their modernization bond (which was passed in 2013) which helped

AMERICAN OVERSIGHT

		expand and modernize their facilities and which they did accomplish with help from many local businesses. ○ LBA Awards Luncheon – Friday, September 30th (location TBD) • Similar to 2021, their Awards Luncheon is one of their biggest events of the year. In 2022, they will look to build on what they did in 2021. It is usually attended by nearly 800 individuals, including many local small business representatives. They would like for the Governor to serve as their guest of honor and keynote speaker at this event over all the other events. This is a repeat of their 2021 event where the Governor was the keynote speaker, but they can imagine the Association awarding him the 'Leader of the Year' Award for 2022. ○ LBA October Luncheon – Friday, October 28th, location TBD • Their October luncheon should be very interesting as it will be Mid-Term Election weekend – with plenty of local, state and federal elections on the line. Their group is overwhelmingly conservative, so they strongly anticipate this being a rally point for election day. They do not have a keynote speaker set for this luncheon just yet, and if the Governor cannot do the Awards Luncheon, they believe this luncheon would be very special given the election implications.
