Good Afternoon. I have uploaded our Voter Export for our Ballot Mailings. I saved it in the "TO K&H" folder under "STOREY CO GENERAL VOTER EXPORT"

Please, please, please let me know if anything looks off or if you need anything else from us in regards to this.

I plan to work on our ICX proofing this afternoon with Megan via telephone so I will be mailing that proof of completion by 5pm today too if all goes as planned.

My goal is by 5pm tomorrow you will have the export. But I appreciate the bumper of by Monday incase something else arises😊

Heather,

Thanks regarding the postage payment…

The voter extract needs to be sent to us so we have sufficient time to process it, print it, and insert it. The ballot plan date for this was 9/19. The mail drops on October 10th. We will only get one file from you. I'm not sure how you will handle other votes that sign up, I'm sure you'll do those in-house.

Thanks,
Jill

Hello. Haven't even started the voter extract. LOL. Sorry but that's the truth. Spent all morning trying to learn payables so I can make sure checks get cut this Friday. So much to learn and just not enough time or people to teach anymore. I do have our voucher submitted for the $2200 to K&H and it should be cut on Friday!!! So sorry for the delay on that also.

Can you remind me what all is needed in the voter extract upload? I think I am a little confused on why I would be extracting voter info since technically voters have until October 11th to still register with us. Any details you can provide would be great. I promise I have not forgotten you.

I just imported the extract and we received several overseas/UOCAVA voters (Japan, Portugal, China, Canada, Sweden, Australia) and possibly some of these deleted voters just had bad formatted addresses.

The Out of State portion of the extract (there were 40 voters that carved out as Out of State) will mail on the 29th.

I processed our uocavas on Friday. There were only 4 military/overseas. I'm honestly thinking these might be our 40 something privacy set voters and that might be why their addresses didn't export. We will handle them by hand. When do you anticipate all our ballots being officially dropped in the mail? I want to make sure we drop these on the same day as yours.

Hi Heather,

We processed your Extract and the attached voters were removed. You may have to investigate why each one was removed as the notice was “Mis-categorized/Mis-coded/Bad Address/MILOS”

Thank you,

Good Afternoon. I have uploaded our Voter Export for our Ballot Mailings. I saved it in the “TO K&H” folder under “STOREY CO GENERAL VOTER EXPORT”

Please, please, please let me know if anything looks off or if you need anything else from us in regards to this.

I plan to work on our ICX proofing this afternoon with Megan via telephone so I will be mailing that proof of completion by 5pm today too if all goes as planned.

Heather,

Thanks regarding the postage payment…

The voter extract needs to be sent to us so we have sufficient time to process it, print it, and insert it. The ballot plan date for this was 9/19. The mail drops on October 10th. We will only get one file from you. I'm not sure how you will handle other votes that sign up, I'm sure you'll do those in-house.

Thanks,
Jill

Hello. Haven't even started the voter extract. LOL. Sorry but that's the truth. Spent all morning trying to learn payables so I can make sure checks get cut this Friday. So much to learn and just not enough time or people to teach anymore. I do have our voucher submitted for the $2200 to K&H and it should be cut on Friday!!! So sorry for the delay on that also.

Can you remind me what all is needed in the voter extract upload? I think I am a little confused on why I would be extracting voter info since technically voters have until October 11th to still register with us. Any details you can provide would be great. I promise I have not forgotten you.

I just imported the extract and we received several overseas/UOCAVA voters (Japan, Portugal, China, Canada, Sweden, Australia) and possibly some of these deleted voters just had bad formatted addresses.

The Out of State portion of the extract (there were 40 voters that carved out as Out of State) will mail on the 29th.

I processed our uocavas on Friday. There were only 4 military/overseas. I'm honestly thinking these might be our 40 something privacy set voters and that might be why their addresses didn't export. We will handle them by hand. When do you anticipate all our ballots being officially dropped in the mail? I want to make sure we drop these on the same day as yours.

Heather,

Thanks regarding the postage payment…

The voter extract needs to be sent to us so we have sufficient time to process it, print it, and insert it. The ballot plan date for this was 9/19. The mail drops on October 10th. We will only get one file from you. I'm not sure how you will handle other votes that sign up, I'm sure you'll do those in-house.

Thanks,
Jill

AMERICAN OVERSIGHT

Hello. Haven't even started the voter extract. LOL. Sorry but that's the truth. Spent all morning trying to learn payables so I can make sure checks get cut this Friday. So much to learn and just not enough time or people to teach anymore. I do have our voucher submitted for the $2200 to K&H and it should be cut on Friday!!! So sorry for the delay on that also.

Can you remind me what all is needed in the voter extract upload? I think I am a little confused on why I would be extracting voter info since technically voters have until October 11th to still register with us. Any details you can provide would be great. I promise I have not forgotten you.

I just want to make sure we are not letting anyone fall through the cracks.

I just imported the extract and we received several overseas/UOCAVA voters (Japan, Portugal, China, Canada, Sweden, Australia) and possibly some of these deleted voters just had bad formatted addresses.

The Out of State portion of the extract (there were 40 voters that carved out as Out of State) will mail on the 29th.

I processed our uocavas on Friday. There were only 4 military/overseas. I'm honestly thinking these might be our 40 something privacy set voters and that might be why their addresses didn't export. We will handle them by hand. When do you anticipate all our ballots being officially dropped in the mail? I want to make sure we drop these on the same day as yours.

Heather,

Thanks regarding the postage payment…

The voter extract needs to be sent to us so we have sufficient time to process it, print it, and insert it. The ballot plan date for this was 9/19. The mail drops on October 10th. We will only get one file from you. I'm not sure how you will handle other votes that sign up, I'm sure you'll do those in-house.

Thanks,
Jill

Hello. Haven't even started the voter extract. LOL. Sorry but that's the truth. Spent all morning trying to learn payables so I can make sure checks get cut this Friday. So much to learn and just not enough time or people to teach anymore. I do have our voucher submitted for the $2200 to K&H and it should be cut on Friday!!! So sorry for the delay on that also.

Can you remind me what all is needed in the voter extract upload? I think I am a little confused on why I would be extracting voter info since technically voters have until October 11th to still register with us. Any details you can provide would be great. I promise I have not forgotten you.

Hi Heather,

Yes, the records that were deleted and sent back to you, you are responsible for mailing (if it's UOCAVA) or fixing (if it was a bad address you can fix and send us a new extract tomorrow I can make sure these are mailing). Or just handle them all yourself.

I am not sure what you mean by this question… "Can you provide me with the details of the out of country mailers like the one you sent of the mismatched?"

Ok. I was under the impression that I was just handling the military piece not the civilian overseas too. Glad I asked.
So we are responsible for mailing our military, our out of the country mailers, and the mismatch addresses you sent us this morning? Can you provide me with the details of the out of country mailers like the one you sent of the mismatched? If not it's ok too, just thought it would be the cleanest way of making sure we covered the gaps.
Thank you for explaining this stuff to us.

I just imported the extract and we received several overseas/UOCAVA voters (Japan, Portugal, China, Canada, Sweden, Australia) and possibly some of these deleted voters just had bad formatted addresses.

The Out of State portion of the extract (there were 40 voters that carved out as Out of State) will mail on the 29th.

I processed our uocavas on Friday. There were only 4 military/overseas. I'm honestly thinking these might be our 40 something privacy set voters and that might be why their addresses didn't export. We will handle them by hand. When do you anticipate all our ballots being officially dropped in the mail? I want to make sure we drop these on the same day as yours.

Ok. And what is the formatting for this export? Is it just an excel sheet or do you need me to have Vemac assist with a special kind of export?

Heather,

Thanks regarding the postage payment…

The voter extract needs to be sent to us so we have sufficient time to process it, print it, and insert it. The ballot plan date for this was 9/19. The mail drops on October 10th. We will only get one file from you. I'm not sure how you will handle other votes that sign up, I'm sure you'll do those in-house.

Thanks,
Jill

Hello. Haven't even started the voter extract. LOL. Sorry but that's the truth. Spent all morning trying to learn payables so I can make sure checks get cut this Friday. So much to learn and just not enough time or people to teach anymore. I do have our voucher submitted for the $2200 to K&H and it should be cut on Friday!!! So sorry for the delay on that also.

Can you remind me what all is needed in the voter extract upload? I think I am a little confused on why I would be extracting voter info since technically voters have until October 11th to still register with us. Any details you can provide would be great. I promise I have not forgotten you.

Apologies Jill. I have been trying to get some late reports to the state that should have been done two weeks ago by our previous

clerk and totally missed yesterday's email. Needless to say, can I get these to you tomorrow? I really need to focus on these other urgent state deadlines and then tomorrow I can put my election hat back on and get things squared away.

Hi Heather,

We still need from you:

1. All the Ballot Proofs (upload them to FTP)
2. Postage check or wire (email sent to you)
3. Ballot Orders (in excel form) for Blank tests (if applicable), Counters and Military ballots (see example of June election attached)
4. County marked test ballots (they come from Dominion in PDF format) – if applicable

Thank you!!! Please call or ask if you have any questions ever!

Hi Kelly:
OK – I attach Storey County's Abatement Reports for Secured and Unsecured Property this fiscal year. As far as I see this is the data you need, right? Do I need to do any further formatting or manipulation to formally submit to you?
Please let me know if this is, indeed, the data you require and if I need provide any additional detail or related doc's.
My last question: what is this used for, and its implications for the county? As I am new at all this, looking to learn the "ins & outs" and your guidance and direction is much appreciated.
Cheers,

Hi Kelly:
OK – I attach Storey County's Abatement Reports for Secured and Unsecured Property this fiscal year. As far as I see this is the data you need, right? Do I need to do any further formatting or manipulation to formally submit to you?
Please let me know if this is, indeed, the data you require and if I need provide any additional detail or related doc's.
My last question: what is this used for, and its implications for the county? As I am new at all this, looking to learn the "ins & outs" and your guidance and direction is much appreciated.
Cheers,

Jim Hindle

Hi Clerk Hindle

Thanks very much for this, it's exactly what I was looking for. While I've got you, I was also wondering if you'd be open for a phone interview for this story. My story is taking a look at turnover in election administration roles around the state, and since you are new to the role this year, I'd love to speak with you about your decision to run and how your experience has been so far, as well as some of the challenges of the role post-2020. Please let me know if you'd be open to speaking with me.

Thanks kindly
Kaleigh

Jim:

We are the auditor for the Storey County School District for the year ended June 30,2022.

Last year, we asked for the delinquent tax receivable balances tax schedule for the School District.

I have attached last year reports that were sent to me as an example for you.

I need the “June 30, 2002” delinquent tax receivable balance for tax roll year 2021-2022 and roll year 2020-2021.

Thank you for your valuable time and service.

Dear Storey County Elections Department,

I am following up on my request yesterday. I would like to obtain a copy of the signature cure list that you currently have. I was also wondering if you could help answer the following questions.:

1. Are there any outstanding ID-Required provisionals?

2. Can we have a copy of the outstanding ballot cure list - those RM, NS, and any ID ones? I was looking online and wasn't able to find them but if they are there, could you please let me know where I could find them?

3. Can I request either daily copies of the signature cure list or any new signature cures necessary moving forward, whichever is easier for you?

AMERICAN OVERSIGHT

Good Afternoon.
Can we please place an order for 5000 Storey County Clerk-Treasurer window envelopes with a slight change? We need the name of the clerk to be left off for this order. We are approaching a transition from one clerk to another and need to be able to still continue business. It should just read Storey County Clerk-Treasurer with our address information. Attached is a scan of what we need. Also, if there is any way we can get this order processed ASAP we would be extremely appreciative.

Thank you for your assistance. If there is any way we can get an estimated time of completion we would really appreciate it so we can plan accordingly.

AMERICAN OVERSIGHT

Good afternoon,

I hope all is well.

My name is Michael Lyle, and I'm a reporter with Nevada Current. I had a quick question about the upcoming election process. Is Storey County conducting the general election with a hand-count tabulation? I heard that the county might, but wanted to get confirmation.

Thanks,

Subject: Storey County EV Week One Turnout Summary

Per your request, attached is the summary and detailed turnout report for the Early Voting week ended yesterday, close of polls October 28, 2022. The summary indicates “amended” as we originally neglected to breakout “Other” from “NP”. Overall totals for in-person and mail-in turn-out are consistent from the report filed with the NV SoS last evening with that attached.

Per your request, attached is the summary and detailed turnout report for the Early Voting week ended yesterday, close of polls October 28, 2022. The summary indicates “amended” as we originally neglected to breakout “Other” from “NP”. Overall totals for in-person and mail-in turn-out are consistent from the report filed with the NV SoS last evening with that attached.

Hello again. Just finished going through the audio proofs and I have attached a doc with what I found. It appears that we have duplicates for our GID candidates and then there is also one that I believe is meant to be “none of the above” however it is not complete.

Good morning. Audio proofs are on my list to get done today.

Also, Dore Nevin has resigned from her position with Storey County and Jim Hindle is our new Clerk-Treasurer, effective immediately. Please be sure to add him as a primary contact for business with Storey County. His county email isjhindle@storeycounty.org.

Good morning, ladies!

I just wanted to check in and see how the audio proofing is coming along? Please let me know if you have any questions or have found any corrections that need to be made.

Thank you,
Lisa

Hi Heather and Dore,

I have placed the new proofing items for proofing package 3 – audio & electronic ballot headers on dropbox at:
https://www.dropbox.com/sh/ynmolsa4ees4l55/AAAb_JAshTlSFiYFjbmxJtAwa?dl=0

There are two files inside the zip file:
STO General 20221108_2022_09_08_20_34_47Z_audiolist.zip – this is the file you load into audio studio (please do not unzip, it will unzip when you load it into audio studio)
ElectronicBallotHeaders – these are the electronic ballot headers for proofing (you just need to open each file, and proof the header that will appear on the ICX)

I attached a guide on using Audio Studio for the audio proofing process. Please let us know if you have any questions or issues.

Best,
Lisa

Attached is our Check Point 2 signoff.

I heard from K&H today and they are asking me to upload our Ballot Proofs to our secured connection … I am ok to do that now with the ballot pdfs that I just proofed correct?!?!?!

Thanks again for your continued help and let me know what you need next from me.

Hi Heather,

I have placed the new ballot proofs out on dropbox for you. I deleted the old file, so as not to create any confusion. The new file is called: Proofing ballotsv2.zip – here is the link to the file:
https://www.dropbox.com/s/5qyu4einv5faguo/Proofing%20ballots%20v2.zip?dl=0

Please let me know if you have any questions or find any further corrections.

Thank you so much!
Best,
Lisa

Good Morning Ladies.
I am trying to wrap up the proofing of our sample ballots and was curious on the alphabetizing for the local offices. It appears that our Sheriff candidates and our GID candidates are not in alphabetical order. Since our Sample Ballot candidates are alphabetized I think we need to fix this on the ballots.

Let me know if I am incorrect. I just want to make sure the two match completely.

Not a bother at all! No, he should be NPP as that is a partisan contest - we have some candidates with NPP (No political party) and some that are NP (Non partisan – these only show on non partisan contests).

Hope that makes sense 😊

Hi Dore & Heather,

I have the proofing ballots and contest preview report ready for review on dropbox. They are in the new Proofing package 2 (PROOFING BALLOTS) folder. The file is named: Proofing ballotsv1.zip and the contest report is: Storey Contest Preview v1.pdf (this file is inside the zip file. The dropbox link is: https://www.dropbox.com/s/0zj9mmnj80hu6px/Proofing%20ballots%20v1.zip?dl=0

Once the ballots are approved, I will be able to generate your official ballot images & pre-marked test deck files for your print vendor.

There are two files inside the zip file:

ElectronicBallotHeaders – these are the electronic ballot headers for proofing (you just need to open each file, and proof the header that will appear on the ICX)

I attached a guide on using Audio Studio for the audio proofing process. Please let us know if you have any questions or issues.

Good Morning Ladies.
I am trying to wrap up the proofing of our sample ballots and was curious on the alphabetizing for the local offices. It appears that our Sheriff candidates and our GID candidates are not in alphabetical order. Since our Sample Ballot candidates are alphabetized I think we need to fix this on the ballots.

Let me know if I am incorrect. I just want to make sure the two match completely.

Not a bother at all! No, he should be NPP as that is a partisan contest - we have some candidates with NPP (No political party) and some that are NP (Non partisan – these only show on non partisan contests).

Hope that makes sense 😊

Hi Dore & Heather,

I have the proofing ballots and contest preview report ready for review on dropbox. They are in the new Proofing package 2 (PROOFING BALLOTS) folder. The file is named: Proofing ballotsv1.zip and the contest report is: Storey Contest Preview v1.pdf (this file is inside the zip file. The dropbox link is: https://www.dropbox.com/s/0zj9mmnj80hu6px/Proofing%20ballots%20v1.zip?dl=0

Once the ballots are approved, I will be able to generate your official ballot images & pre-marked test deck files for your print vendor.

Please let me know if you have any questions.

Best,
Lisa

6 we know for sure, it was precinct 3 we were in limbo on originally.

Hi Heather and Dore,

I have placed the new proofing items for proofing package 3 – audio & electronic ballot headers on dropbox at:
https://www.dropbox.com/sh/ynmolsa4ees4l55/AAAb_JAshTlSFiYFjbmxJtAwa?dl=0

There are two files inside the zip file:
STO General 20221108_2022_09_08_20_34_47Z_audiolist.zip – this is the file you load into audio studio (please do not unzip, it will unzip when you load it into audio studio)
ElectronicBallotHeaders – these are the electronic ballot headers for proofing (you just need to open each file, and proof the header that will appear on the ICX)

I attached a guide on using Audio Studio for the audio proofing process. Please let us know if you have any questions or issues.

Best,

Hi Heather,

I have placed the new ballot proofs out on dropbox for you. I deleted the old file, so as not to create any confusion. The new file is called: Proofing ballotsv2.zip – here is the link to the file:
https://www.dropbox.com/s/5qyu4einv5faguo/Proofing%20ballots%20v2.zip?dl=0

Please let me know if you have any questions or find any further corrections.

Thank you so much!

Good Morning Ladies.
I am trying to wrap up the proofing of our sample ballots and was curious on the alphabetizing for the local offices. It appears that our Sheriff candidates and our GID candidates are not in alphabetical order. Since our Sample Ballot candidates are alphabetized I think we need to fix this on the ballots.

Let me know if I am incorrect. I just want to make sure the two match completely.

Not a bother at all! No, he should be NPP as that is a partisan contest - we have some candidates with NPP (No political party) and some that are NP (Non partisan – these only show on non partisan contests).

Hope that makes sense 😊

Hi Dore & Heather,

I have the proofing ballots and contest preview report ready for review on dropbox. They are in the new Proofing package 2 (PROOFING BALLOTS) folder. The file is named: Proofing ballotsv1.zip and the contest report is: Storey Contest Preview v1.pdf (this file is inside the zip file. The dropbox link is: https://www.dropbox.com/s/0zj9mmnj80hu6px/Proofing%20ballots%20v1.zip?dl=0

Once the ballots are approved, I will be able to generate your official ballot images & pre-marked test deck files for your print vendor.

Please let me know if you have any questions.

Hi Heather,

Last step for your end!!! 😊
I have proofing package 4 uploaded to dropbox for your review. You will see a new folder called: Proofing package 4 (ICX and TABULATORS). Inside that folder, you will find the following:

1. Proofing ICX and Tabulatorsv1.zip – here is the dropbox link: https://www.dropbox.com/s/cejjl83725ggb9b/Proofing%20ICX%20and%20Tabulators%20v1.zip?dl=0

Inside the zip file, you will have the following:

1. Tabulators_2022_09_12T17_55_01.xlsx - this is your tabulator report to proof and make sure we have your tabulator information correct
2. ICX Proof 1 STO General 20221108-2022-09-12-17-58-30_package.sha
   ICX Proof 1 STO General 20221108-2022-09-12-17-58-30_package.zip – these two files are the ICX project package to restore so you can proof your ICX.
3. Storey - NV 2022 General Credentials.docx – this contains your PINS/passwords for this project.

Megan was wonderful to put these directions together for this proofing package:
Do these steps in the Ballot Handling Guide:

ii. Restoring a Project 14
iii. Opening a Project 16

Hello again. Just finished going through the audio proofs and I have attached a doc with what I found. It appears that we have duplicates for our GID candidates and then there is also one that I believe is meant to be "none of the above" however it is not complete.

Hi Heather and Dore,

I have placed the new proofing items for proofing package 3 – audio & electronic ballot headers on dropbox at:
https://www.dropbox.com/sh/ynmolsa4ees4l55/AAAb_JAshTlSFiYFjbmxJtAwa?dl=0

There are two files inside the zip file:
STO General 20221108_2022_09_08_20_34_47Z_audiolist.zip – this is the file you load into audio studio (please do not unzip, it will unzip when you load it into audio studio)
ElectronicBallotHeaders – these are the electronic ballot headers for proofing (you just need to open each file, and proof the header

AMERICAN OVERSIGHT

that will appear on the ICX)

I attached a guide on using Audio Studio for the audio proofing process. Please let us know if you have any questions or issues.

Best,

Attached is our Check Point 2 signoff.

I heard from K&H today and they are asking me to upload our Ballot Proofs to our secured connection … I am ok to do that now with the ballot pdfs that I just proofed correct?!?!?!

Thanks again for your continued help and let me know what you need next from me.

Good Morning Ladies.
I am trying to wrap up the proofing of our sample ballots and was curious on the alphabetizing for the local offices. It appears that our Sheriff candidates and our GID candidates are not in alphabetical order. Since our Sample Ballot candidates are alphabetized I think we need to fix this on the ballots.

Let me know if I am incorrect. I just want to make sure the two match completely.

Not a bother at all! No, he should be NPP as that is a partisan contest - we have some candidates with NPP (No political party) and some that are NP (Non partisan – these only show on non partisan contests).

Hope that makes sense 😊

Hi Dore & Heather,

I have the proofing ballots and contest preview report ready for review on dropbox. They are in the new Proofing package 2 (PROOFING BALLOTS) folder. The file is named: Proofing ballotsv1.zip and the contest report is: Storey Contest Preview v1.pdf (this file is inside the zip file. The dropbox link is: https://www.dropbox.com/s/0zj9mmnj80hu6px/Proofing%20ballots%20v1.zip?dl=0

Once the ballots are approved, I will be able to generate your official ballot images & pre-marked test deck files for your print vendor.

Please let me know if you have any questions.

Hi Heather,

Last step for your end!!! 😊
I have proofing package 4 uploaded to dropbox for your review. You will see a new folder called: Proofing package 4 (ICX and TABULATORS). Inside that folder, you will find the following:

1. Proofing ICX and Tabulators v1.zip – here is the dropbox link: https://www.dropbox.com/s/cejjl83725ggb9b/Proofing%20ICX%20and%20Tabulators%20v1.zip?dl=0

Inside the zip file, you will have the following:

1. Tabulators_2022_09_12T17_55_01.xlsx - this is your tabulator report to proof and make sure we have your tabulator information correct
2. ICX Proof 1 STO General 20221108-2022-09-12-17-58-30_package.sha
   ICX Proof 1 STO General 20221108-2022-09-12-17-58-30_package.zip – these two files are the ICX project package to restore so you can proof your ICX.
3. Storey - NV 2022 General Credentials.docx – this contains your PINS/passwords for this project.

Megan was wonderful to put these directions together for this proofing package:
Do these steps in the Ballot Handling Guide:

ii. Restoring a Project 14
iii. Opening a Project 16
v. Create Poll Worker Card for the ICX 20
vi. Create Technician Card for the ICX 21
vii. Program Election Files to USB for the ICX 22

And sections A, B and E of the attached checklist.

Please let us know if you have any questions.

Thank you,
Lisa

Hi Heather and Dore,

I have placed the new proofing items for proofing package 3 – audio & electronic ballot headers on dropbox at:
https://www.dropbox.com/sh/ynmolsa4ees4l55/AAAb_JAshTlSFiYFjbmxJtAwa?dl=0

There are two files inside the zip file:
STO General 20221108_2022_09_08_20_34_47Z_audiolist.zip – this is the file you load into audio studio (please do not unzip, it will unzip when you load it into audio studio)
ElectronicBallotHeaders – these are the electronic ballot headers for proofing (you just need to open each file, and proof the header that will appear on the ICX)

I attached a guide on using Audio Studio for the audio proofing process. Please let us know if you have any questions or issues.

Best,

Good Morning Ladies.
I am trying to wrap up the proofing of our sample ballots and was curious on the alphabetizing for the local offices. It appears that our Sheriff candidates and our GID candidates are not in alphabetical order. Since our Sample Ballot candidates are alphabetized I think we need to fix this on the ballots.

Let me know if I am incorrect. I just want to make sure the two match completely.

Not a bother at all! No, he should be NPP as that is a partisan contest - we have some candidates with NPP (No political party) and some that are NP (Non partisan – these only show on non partisan contests).

Good morning, Heather!

I just wanted to check in and see if you guys were able to verify the precincts with your GID? Let me know when you have a chance.

Thank you,
Lisa

Thank you, Heather.

I have made that correction and have posted new proofing reports out to dropbox in the following location: General Election/Proofing package 1 (REPORTS) – the file name is: Proofing reportsv2.zip I have deleted the first set of reports so as not to create any confusion.

Please let me know as soon as you are done proofing the new set of reports & if they are good I will be able to get the proofing ballots out to you today.

Thank you so much!

Hi Rebecca, your background check has cleared and we are waiting for your login information from DMV IT. I'm really hoping we have it in the next day or so, once we have the login information you will receive an email from myself or Julia Chulay. You will then need to contact the DMV Help Desk at 775-684-4914 for them to provide you their password. The last part of this is a DUO Fob will be required prior to you logging in to the DMV computer. Once we have the DUO Fob we will FedEx it directly to you.

Also, since we had changes to the Know-Be-4 Training a new certificate will be required. I have attached the email above for your reference, you will take this course once you have a login and password provided by DMV.

I hope this information helps and if you need more information, please let me know.

Good morning Jim, I just followed up on this today. No results have come in, I will keep you posted. I know this has been a frustrating process, I'm hoping the results will be in soon. I do have our DMV HR checking daily for Rebecca's results as they know this is a pressing matter. They do take about six weeks, sometimes they come in sooner. Once we have Rebecca cleared by Department of Public Safety, I will submit an IT ticket to have Rebecca gain access. That process as well can take up to five days. Once my team and I receive the login it will be emailed to your team. Rebecca will then need to call the DMV Service Desk at 775-684-4914 to receive a temporary password after Rebecca's receives the email with her login information. When my team sends the email to Rebecca it will let her know to contact the DMV Service Desk for the password.

In addition, Rebecca will need a DUO FOB. Rebecca has already signed the necessary form, so once we have her cleared by Department of Public Safety my team will advise IT the FOB form was signed. My team will pickup the DUO FOB from our IT. We do have one of our IT folks that lives in Virginia City and he can drop that off to Rebecca.

I do apologize for the lengthy email and I hope this provides some clarification. If you have more questions, please let me know.

AMERICAN OVERSIGHT

WARNING - This email originated from outside the State of Nevada. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Greetings Amber:

First, let me introduce myself. I am the new Clerk/Treasurer for Storey County. I've been on the job for a little over three weeks and, as you can imagine, it has been a whirlwind of learning and I have a pile of "to-do's" that I just can't seem to get ahead of. In that regard, I need your help.

We are a lean crew here and need to get the DMV settled so we can balance our workload and assignments for the whole office. A key aspect of achieving that balance is getting the tech permissions and overall authorization finished for Rebecca Livingston so she can take over the DMV responsibilities. This has been on the back burner because of the leadership transition here, but it is a key priority for me and must be resolved if we are to manage the office efficiently and provide good customer service to our constituents.

My understanding is that we are waiting on approval of Rebecca's fingerprint and background packet. Where does that stand? It would help me considerably if you could provide me an overall status review and outline of what needs to happen next for your team to move this forward to completion. I am available to talk through next steps per the phone number below, or email if that is more effective and convenient. I appreciate your attention to this and look forward to your response and direction.

Thanks & cheers!

Once we have Rebecca cleared by Department of Public Safety, I will submit an IT ticket to have Rebecca gain access. That process as well can take up to five days. Once my team and I receive the login it will be emailed to your team. Rebecca will then need to call the DMV Service Desk at 775-684-4914 to receive a temporary password after Rebecca's receives the email with her login information. When my team sends the email to Rebecca it will let her know to contact the DMV Service Desk for the password.

In addition, Rebecca will need a DUO FOB. Rebecca has already signed the necessary form, so once we have her cleared by Department of Public Safety my team will advise IT the FOB form was signed. My team will pickup the DUO FOB from our IT. We do have one of our IT folks that lives in Virginia City and he can drop that off to Rebecca.

I do apologize for the lengthy email and I hope this provides some clarification. If you have more questions, please let me know.

Thank you!

Greetings Amber:

First, let me introduce myself. I am the new Clerk/Treasurer for Storey County. I've been on the job for a little over three weeks and, as you can imagine, it has been a whirlwind of learning and I have a pile of "to-do's" that I just can't seem to get ahead of. In that regard, I need your help.

We are a lean crew here and need to get the DMV settled so we can balance our workload and assignments for the whole office. A key aspect of achieving that balance is getting the tech permissions and overall authorization finished for Rebecca Livingston so she can take over the DMV responsibilities. This has been on the back burner because of the leadership transition here, but it is a key priority for me and must be resolved if we are to manage the office efficiently and provide good customer service to our constituents.

My understanding is that we are waiting on approval of Rebecca's fingerprint and background packet. Where does that stand? It

Thanks & cheers!

I just wanted to let you know that your sample ballots were picked up by Nevada Presort on Friday afternoon, and the quantities requested to go to the Clerk's office were shipped out as well. You can check with Nevada Presort and see how long it will take to get your Sample Ballots mailed out, but it is my understanding that if they already have your data file, it should only take 2-3 days to get them addressed and out.

Good morning Jim,

I've been in discussions with SOS today due to your below email, as this was the first we have ever heard of target mail dates that differ from the 10/7 recommended mail dates originally set by SOS, and were wholly unaware of the list you sent below from off their website, until you sent it.

We have been operating under the original SOS target mail-by date of 10/7 in accordance with their Election Calendar, such that all Sample Ballots will be printed and in the mail before then, and are right on schedule to achieve this for all counties. We develop the Sample Ballots as they arrive and print them when they are final, so it becomes first in and approved, first out for mailing.

In my discussions with SOS this morning, we have had them revise the target mail dates for the Sample Ballots listed on their website to 11/7 in accordance with their original guidance. As we do not have anything to do with the printing and mailing of the Mail-In Ballots themselves, I cannot speak to those dates.

I hope this helps, and thank you so much for all the information you provided below, it helped us with our discussions with SOS and some other counties questioning the same thing. Let me know if you need anything else, and again, when NV Presort picks up your Sample Ballots I will let you know.

Hi Kristi:

Thanks for your response to Heather. Per Heather's request for a target distribution date for our Sample Ballots, we are inquiring because all other counties in the state have been able to communicate to the SoS the expected date the sample ballots will be ready (per table from the SoS below). So, we're just inquiring to provide info back and update the website, not to push you to pull us up in the queue or expedite printing vs your other jobs..

With that said, would you also be able to provide us a target date for distribution of the Storey Mail-in Ballots?

Thanks for what you do for us and all counties, and I look forward to your response and direction. Of course, if you have any questions or want to talk through, please don't hesitate to call me.

Hi Heather,

I don't have that information yet as we are printing for 14 counties at once. SOS gave a recommended deadline of 10/7 for the mailing of all sample ballots when they set the 2022 Election Calendar, so I'm not sure why they would be pushing to know when they will mail since there are still 3 weeks left to meet that date. Every county will be mailed out by the recommended deadline. Nevada Presort will be here Wednesday to pick up the first of many pallets for addressing and mailing. If your sample ballots get picked up then, I will let you know and maybe that will help guide you better with a timeline. Either way, as soon as I know they are picked up, whether it be Wednesday or Friday, I'll inform you of such.

Good Morning. Yesterday it came to our attention that we didn't have proper listing of voting locations for both early voting AND election day explained thoroughly on our Sample Ballots. Needless to say, they are fixed and the current version of our Sample Ballots are under item 7.1 in the IPSwitch. I have also attached them to this notice in case needed.

Sorry for the last minute changes. Hopefully it doesn't mess anything up with you guys.

Good Afternoon. The state keeps pushing us for a date that our Sample Ballots will be mailed . . . is that a date that you ladies can provide us? I understand NV Presort will be mailing them for us but do we have a date that they will be ready for NV Presort yet?

Thank you for your continued support throughout all of this.

Good Morning. Yesterday it came to our attention that we didn't have proper listing of voting locations for both early voting AND election day explained thoroughly on our Sample Ballots. Needless to say, they are fixed and the current version of our Sample Ballots are under item 7.1 in the IPSwitch. I have also attached them to this notice in case needed.

Sorry for the last minute changes. Hopefully it doesn't mess anything up with you guys.

Good morning Jim,

I've been in discussions with SOS today due to your below email, as this was the first we have ever heard of target mail dates that differ from the 10/7 recommended mail dates originally set by SOS, and were wholly unaware of the list you sent below from off their website, until you sent it.

We have been operating under the original SOS target mail-by date of 10/7 in accordance with their Election Calendar, such that all Sample Ballots will be printed and in the mail before then, and are right on schedule to achieve this for all counties. We develop the Sample Ballots as they arrive and print them when they are final, so it becomes first in and approved, first out for mailing.

In my discussions with SOS this morning, we have had them revise the target mail dates for the Sample Ballots listed on their website to 11/7 in accordance with their original guidance. As we do not have anything to do with the printing and mailing of the Mail-In Ballots themselves, I cannot speak to those dates.

I hope this helps, and thank you so much for all the information you provided below, it helped us with our discussions with SOS and some other counties questioning the same thing. Let me know if you need anything else, and again, when NV Presort picks up your Sample Ballots I will let you know.

Hi Kristi:

Thanks for your response to Heather. Per Heather's request for a target distribution date for our Sample Ballots, we are inquiring because all other counties in the state have been able to communicate to the SoS the expected date the sample ballots will be ready (per table from the SoS below). So, we're just inquiring to provide info back and update the website, not to push you to pull us up in the queue or expedite printing vs your other jobs..

With that said, would you also be able to provide us a target date for distribution of the Storey Mail-in Ballots?

Thanks for what you do for us and all counties, and I look forward to your response and direction. Of course, if you have any questions or want to talk through, please don't hesitate to call me.

Cheers!

Hi Heather,

I don't have that information yet as we are printing for 14 counties at once. SOS gave a recommended deadline of 10/7 for the mailing of all sample ballots when they set the 2022 Election Calendar, so I'm not sure why they would be pushing to know when they will mail since there are still 3 weeks left to meet that date. Every county will be mailed out by the recommended deadline. Nevada Presort will be here Wednesday to pick up the first of many pallets for addressing and mailing. If your sample ballots get picked up then, I will let you know and maybe that will help guide you better with a timeline. Either way, as soon as I know they are picked up, whether it be Wednesday or Friday, I'll inform you of such.

Good morning Heather,

You can obtain this data by going to Reports > Collection Reports > Tax Collection Summary Report. Since you are looking for payments for the 2021-2022 Fiscal Year, set the Base Fiscal Year to 2021 and the Tax Year Range to 2019 to 2021, then click the retrieve refresh button.

I am unsure who Joe is, but likely he is looking for the County Totals, which at the end of each year section. If your report generates the same as mine, then see Pages: 20, 41, and 62.

Here is a snip as an example:

Good Morning Roxane. Hope all is well.

Our auditor is asking for some specific information that I cant seem to figure out how to retrieve it from Devnet. Can you please assist us with instruction on how we can pull the information he is requesting in the email below. He has been asking for information for a while now and has been very patient with us as we ran the election. Now it's his turn to be our top priority, so the sooner the better if possible!

Thanks a bunch. We look forward to hearing from you.

PS. On a side note, I was able to do October's Distributions and Apportionments completed in both Devnet and Tyler successfully!!!!! We are progressing in the right direction.😊

Good morning Heather,

You can obtain this data by going to Reports > Collection Reports > Tax Collection Summary Report. Since you are looking for payments for the 2021-2022 Fiscal Year, set the Base Fiscal Year to 2021 and the Tax Year Range to 2019 to 2021, then click the retrieve refresh button.

I am unsure who Joe is, but likely he is looking for the County Totals, which at the end of each year section. If your report generates the same as mine, then see Pages: 20, 41, and 62.

Here is a snip as an example:

Good Morning Roxane. Hope all is well.

Our auditor is asking for some specific information that I cant seem to figure out how to retrieve it from Devnet. Can you please assist us with instruction on how we can pull the information he is requesting in the email below. He has been asking for information for a while now and has been very patient with us as we ran the election. Now it's his turn to be our top priority, so the sooner the better if possible!

Thanks a bunch. We look forward to hearing from you.

Subject: RE: Storey County Vote Totals

Hi Sonya:
First: thanks for all your time and effort as poll worker, it is much appreciated. Second: my apologies on my tardy reply as I am just seeing this message as a result of finally having time to try and clean-up my email inbox.

I think I know what your question is focusing on – an apparent anomaly in the variability of "under vote" in the AG's race compared to that seen in the other races. I hope I am accurate in that? I have talked with several people who had similar concerns and it was a specific topic in the Board of County Commissioners meeting 11/15 when I presented the results of the General Election.

Basically, the AG's race saw an undervote fairly consistent with that of the other statewide races, but for one additional issue that caused it to be incrementally higher: there was the candidate John Kennedy, Libertarian, who was disqualified and ineligible to hold the office as he was not a lawyer. The problem was that his disqualification did not happen until after the deadline for removing candidates from the ballot. The Secretary of State was sued to remove Kennedy from the ballot after the deadline, but the courts sided with the SoS and he was left on with the stipulation that notices be put at all polling places indicating his ineligibility. We know that doesn't work and, indeed, people still voted for Kennedy. Any vote for Kennedy in the AG race was not counted and tallied but the vote was still considered in the total votes cast. This resulted in an incrementally larger under vote in the AG's race vs others.

The concern that an undervote was abnormal in the AG's race was highlighted to me shortly after Election Day results were posted. I did look at a sample of Storey mail-in ballots to investigate the vote in this race and my simple, non-statistical analysis highlighted that Kennedy did garner enough votes to make the undervote higher than that seen in other races. As a result, I concluded that the actual vote did reflect the variability of votes cast for AG and there was not an error in accurately recording and counting the vote.

I certainly encourage you to let me know if you have additional questions or concerns, and hope my info addresses your question and concern.

Cheers and my best to you and yours for a great Thanksgiving Holiday!

Subject: Storey County Vote Totals

Hi Jim,

My name is Sonya Dickinson and I live in the Highlands. We've met before – I volunteered and worked as a poll worker in the slammer before I left for vacation.

I was looking at the statewide vote totals listed here:

Statewide - Nevada Secretary of State 2022 General Election Results (nv.gov)

I added the Storey County vote totals up and there appears to be some discrepancies, most notably the Attorney General total, which is a total of 2,356 votes.

Here are the totals for the other races as of today, 1:30 pm:

Governor: 2500

LG: 2490

SOS: 2493

Trea: 2488

AMERICAN OVERSIGHT

Controller: 2480

Senate: 2500

U.S. Rep Dist 2: 2490

I can see the numbers being a little off, but the attorney general total is over 100 votes off, which to me is pretty significant. Is it possible a handcount could be conducted to verify totals?

Thank you for your consideration on this important issue!

Best,

Sonya Dickinson

But I have to say, this is aggravating. After almost a month of this we are just getting forms for Jim to sign and he still can't sign on to CEO. We have wires to process and we can't. With no approval person.

We need a timeline for completion all of Jim's accesses.

Ok. I'll get these back to you Monday.

But I have to say, this is aggravating. After almost a month of this we are just getting forms for Jim to sign and he still can't sign on to CEO. We have wires to process and we can't. With no approval person.

We need a timeline for completion all of Jim's accesses.

Subject: RE: Storey County- WellsOne Expense Manager- Issues

Thank you, guys, so much for your time last week. I appreciate you taking the time to listen to my frustrations. I acknowledge that some are due to user inefficacies but as I stated, somethings should not be so difficult, regardless. I realize and appreciate the help from Raquel via email. And I acknowledge with my traveling some timelines were missed. So, some of the below may be due to this, but we need to get trained and everyone up and running.

As I explained, with the departure of Vanessa, then Dore, we were left with little to know direction on processes within the 2 main Wells Fargo portals we use. This is an internal issue we will not repeat. Regardless, we need your help to get us up to speed.

Below I discuss both sites/portals and then added a list of things we need to be able to complete/process now. Anything you or your team can think of that we should be trained on, we would be appreciated you adding to the lists.

As far as the CEO portal is concerned, most of these processes were completed in the Treasurer's office, I was an approver. So now no one knows the items listed below.

1. Giving Jim Hindle, new clerk/Treasurer access
    a. Your email said he had access, however without a sign on, password, and a key fob this doesn't help.
        i. Is he to use Dore's key fob or will he get a new one?
2. Review sending wires –**Big Concern as part of daily operations of the County**
    a. I thought I could figure this out, however, I am stuck.
    b. However, without Jim's access I have no one to approve on our end.
3. An overview of the Administration portion of the site
    a. How to see what access employees have.
    b. How do we add, change, delete this

As far as Wells One is concerned I think if we could get some one-on-one time with a Wells One rep that can go through the site including the items below and anything we may be missing.

1. Giving authorizations to entire site to new Clerk/Treasurer, Jim HIndle
    a. Think this is done, but he doesn't have a sign on or a key fob, so not working for us
        i. Can he use Dore's key?
2. I still do not have a reports tab, which is where I have been told I go to print the summary of charges.
    a. I keep reading I have the same access as Dore Nevin, however this tab is in her instructions and not on my site.
3. Issuing new cards
4. Giving access to the card user and the additional staff members for processing
    a. I was given instructions and used them for the Drury McPherson. She still does not have a sign on or password AND actually no one can see her on the site.
5. We were told at CFOA from other counties about the processing the charges through WF and uploading into Tyler. We would like more information on this. We do not know if this is part of our access, and we aren't using it or if we do not have access to this. One particular item that interests us is the ability for employees to take pictures of receipt immediately and upload them.
    a. Would these receipts then upload into Tyler?

Thank you so much again for your time. I am confident we can get this all figured out.

Also, how early will you be starting on Thursday, in case you need me. I planned to be out of the office, but can try to be available or Cory is available.

Hi Jennifer –

Thank you for the response, I made the below edits to your Client Questionnaire. We can discuss a possible automatic process for DevNet in the Kick-Off Meeting with our Deployment Engineer.

You should include somebody from the Clerk/Treasurer's office to test Cashiering. They should also attend the Kick-Off Meeting. Please provide their contact information to me so I can add to the Questionnaire.

Once you have confirmed availability for the Kick-Off Meeting on **Monday, November 14th @ either 9am OR 1pm Pacific Time**, please let me know. It sounds like James and his team are available.

After talking with James Dean and my staff we are good to put ExecuTime on hold and move forward with SaaS with the schedule for ExecuTime beginning in January after this process is completed. If we can get a new schedule with this new this start date, I am happy to change things around. I am even ok with February if you think there could be issues or delays with SaaS. We are a small office and doing both at the same time will be difficult.

I look forward to hearing from you on this so we can proceed.

Good Morning Jennifer –

I will let @Swanson, Brandon confirm whether ExecuTime was approved as Hosted. From the PO, it looks to be On-Premises since there are Maintenance Fees.

We can hold @Brown, Ashlyn's ExecuTime schedule starting in January 2023. If you are responsive throughout the Flip to Hosted process, we can schedule go-live for the beginning of December and be ready to start ExecuTime. Ashlyn has also offered to work with you to revise the ExecuTime schedule to accommodate for additional time for manual entry, if needed.

To accomplish this, I would need your completed documents returned by the end of this week so I can schedule our 2nd, 3rd, and 4th stages. We should also start looking at a go-live date at the start of December to aim for. It will need to be a day your site can function without our software since the system will need to be offline during the restore. There are more details in the Project Management Plan, and we will also review in the Kick-Off Meeting. I'd also be happy to schedule a meeting beforehand to discuss further.

Cameron,
I am confused, I thought ExecuTime was hosted? Regardless, from the schedule Ashlyn sent me and we discussed, the work was to begin in January 2023. However, we were to begin entering our employees in the system in November. Ashlyn can correct me, if I misunderstood. Are you saying if we flip the two, we won't begin anything in ExecuTime until after January 2023 or further? I have to say this is very frustrating. It was a big rush to get our contracts and then we did the waiting game for any kind of plan. Now that we have one for ExecuTime, we are switching up the plan.

Don't get me wrong, I understand moving to hosted makes sense rather than implementing in On premise and them moving to Saas. However, before we give up our "slot", I would like confirmation that we will be in line to proceed with ExecuTime and not have to wait for months down the road. Unless of course being hosted is going to take more training to the end users than I was initially told.

If you do not think an email answer here is sufficient, I am happy to discuss this on the phone or Zoom to answer these questions and to clarify what the new plans will be.

Jennifer

Hi James, Jennifer, & Linzy –

I wanted to reach out to you three regarding our two active contracts:

- **2022-309346-R1D9J8** – Flip to Hosted me
- **2022-306761-Y6K9Z1** – ExecuTime with@Brown, Ashlyn

The Flip to Hosted is recommended to be completed before the implementation of ExecuTime. I am adding@Swanson, Brandon here as an amendment will be needed once a decision is made.

We can either:

- Place ExecuTime on hold until we complete the Flip to Hosted. This will allow for the implementation of ExecuTime directly into the Hosted Environment, but it would need to be placed on hold for up to three-months during the completion of the Flip. This is recommended and requires an amendment to ExecuTime to change from On-Premise to SaaS.
- Place the Flip to Hosted on hold until we Implement ExecuTime On-Premise. We would need to amend the Flip to Hosted Contract to include ExecuTime. This is not recommended as it would require double testing of ExecuTime (in On-Premise & in SaaS Environments).

Let me know if you would like to meet to discuss our options. If the FLIP documentation is completed and returned next week, we could be live by January 2023 and ready to start ExecuTime in Hosted.

Hi Jennifer –
I hope I am finding you well! My name is Cameron Lake, and I am your Project Manager over Contract #**2022-309346-R1D9J8**. Wewill be working together on your transition to our Tyler Technologies' Hosted Environment. Please start by reviewing the following and feel free to reach out directly to me with any questions.

Attached Documents:

- Executed Contract – **For reference.**
- Project Management Plan – **Read and review.**
- Client Questionnaire – **Complete and return by September 1st, 2022.**
- Cloud Usernames – **Complete and return by September 1st, 2022.**

Once I receive your completed questionnaire and cloud username document, I will move forward with scheduling the next stages of implementation mentioned in the Project Management Plan (PMP). The following should occur within the next couple of weeks:

- **TEST STAGING** – Our Deployment Engineer will need access to your server(s) via Bomgar to configure backups and let them run for at least a few days. No downtime required.
- **KICKOFF MEETING** (1-hour) – Presentation including our Tyler team (myself, deployment engineer, and a transitional support representative) and your team (yourself, IT, and the appropriate functional leads). This is when we will review the On-Prem to SaaS process, testing procedures, and answer any questions before you begin testing.
- **TEST SET-UP** – Our Deployment Engineer will restore your data into a hosted TEST environment before the Kick-Off Meeting (KOM). After the KOM, you and your staff will install and configure Parallels 2x client on all applicable workstations, log-in, and proceed to begin testing.

I look forward to working with you and your team in the weeks to come for a smooth transition!

After talking with James Dean and my staff we are good to put ExecuTime on hold and move forward with SaaS with the schedule for ExecuTime beginning in January after this process is completed. If we can get a new schedule with this new this start date, I am happy to change things around. I am even ok with February if you think there could be issues or delays with SaaS. We are a small office and doing both at the same time will be difficult.

I look forward to hearing from you on this so we can proceed.

process, we can schedule go-live for the beginning of December and be ready to start ExecuTime. Ashlyn has also offered to work with you to revise the ExecuTime schedule to accommodate for additional time for manual entry, if needed.

To accomplish this, I would need your completed documents returned by the end of this week so I can schedule our 2nd, 3rd, and 4th stages. We should also start looking at a go-live date at the start of December to aim for. It will need to be a day your site can function without our software since the system will need to be offline during the restore. There are more details in the Project Management Plan, and we will also review in the Kick-Off Meeting. I'd also be happy to schedule a meeting beforehand to discuss further.

Cameron,
I am confused, I thought ExecuTime was hosted? Regardless, from the schedule Ashlyn sent me and we discussed, the work was to begin in January 2023. However, we were to begin entering our employees in the system in November. Ashlyn can correct me, if I misunderstood. Are you saying if we flip the two, we won't begin anything in ExecuTime until after January 2023 or further? I have to say this is very frustrating. It was a big rush to get our contracts and then we did the waiting game for any kind of plan. Now that we have one for ExecuTime, we are switching up the plan.

Don't get me wrong, I understand moving to hosted makes sense rather than implementing in On premise and them moving to Saas. However, before we give up our "slot", I would like confirmation that we will be in line to proceed with ExecuTime and not have to wait for months down the road. Unless of course being hosted is going to take more training to the end users than I was initially told.

If you do not think an email answer here is sufficient, I am happy to discuss this on the phone or Zoom to answer these questions and to clarify what the new plans will be.

Hi James, Jennifer, & Linzy –

I wanted to reach out to you three regarding our two active contracts:

- **2022-309346-R1D9J8** – Flip to Hosted me
- **2022-306761-Y6K9Z1** – ExecuTime with@Brown, Ashlyn

The Flip to Hosted is recommended to be completed before the implementation of ExecuTime. I am adding@Swanson, Brandon here as an amendment will be needed once a decision is made.

We can either:

- Place ExecuTime on hold until we complete the Flip to Hosted. This will allow for the implementation of ExecuTime directly into the Hosted Environment, but it would need to be placed on hold for up to three-months during the completion of the Flip. This is recommended and requires an amendment to ExecuTime to change from On-Premise to SaaS.
- Place the Flip to Hosted on hold until we Implement ExecuTime On-Premise. We would need to amend the Flip to Hosted Contract to include ExecuTime. This is not recommended as it would require double testing of ExecuTime (in On-Premise & in SaaS Environments).

Let me know if you would like to meet to discuss our options. If the FLIP documentation is completed and returned next week, we could be live by January 2023 and ready to start ExecuTime in Hosted.

Hi Jennifer –
I hope I am finding you well! My name is Cameron Lake, and I am your Project Manager over Contract #**2022-309346-R1D9J8**. Wewill be working together on your transition to our Tyler Technologies' Hosted Environment. Please start by reviewing the following and feel free to reach out directly to me with any questions.

Attached Documents:

- Executed Contract – **For reference.**
- Project Management Plan – **Read and review.**
- Client Questionnaire – **Complete and return by September 1st, 2022.**
- Cloud Usernames – **Complete and return by September 1st, 2022.**

Once I receive your completed questionnaire and cloud username document, I will move forward with scheduling the next stages of implementation mentioned in the Project Management Plan (PMP). The following should occur within the next couple of weeks:

- **TEST STAGING** – Our Deployment Engineer will need access to your server(s) via Bomgar to configure backups and let them run for at least a few days. No downtime required.
- **KICKOFF MEETING** (1-hour) – Presentation including our Tyler team (myself, deployment engineer, and a transitional support representative) and your team (yourself, IT, and the appropriate functional leads). This is when we will review the On-Prem to SaaS process, testing procedures, and answer any questions before you begin testing.
- **TEST SET-UP** – Our Deployment Engineer will restore your data into a hosted TEST environment before the Kick-Off Meeting (KOM). After the KOM, you and your staff will install and configure Parallels 2x client on all applicable workstations, log-in, and proceed to begin testing.

I look forward to working with you and your team in the weeks to come for a smooth transition!

Hi Jennifer –

Thank you for the response, I made the below edits to your Client Questionnaire. We can discuss a possible automatic process for DevNet in the Kick-Off Meeting with our Deployment Engineer.

You should include somebody from the Clerk/Treasurer's office to test Cashiering. They should also attend the Kick-Off Meeting. Please provide their contact information to me so I can add to the Questionnaire.

Once you have confirmed availability for the Kick-Off Meeting on **Monday, November 14th @ either 9am OR 1pm Pacific Time**, please let me know. It sounds like James and his team are available.

We were not sure what the Cloud Admin was for. If it is for resetting passwords and not IT stuff, please change that to Cory Wood (email:cwood@storeycounty.org).

AMERICAN OVERSIGHT
You can reach James at either email. Using IT@storeycounty.org will ensure someone sees it and gets it to him if he is not

immediately available.

From what I currently understand the interaction with DevNet is as follows. A file is downloaded from DevNet then imported into the journal entry process. Would love if that was automatic?

I will reach out to those not on this email to make sure your dates work. James can give us his and Tim's availability.
From my office Cory, Linzy, and myself are available.

One question, should I contact the Clerk/Treasurer's office, they are the main users of Cashiering?

Thank yo,

Jennifer

Good Morning Jennifer –

Thank you for returning your documents! I went ahead and filled in the Cloud Admin as yourself. I would recommend an on-site non-IT admin to be able to reset passwords and add new users when necessary. Tim Shropshire withIT@storeycounty.org was left as the back-up Cloud Admin. You also have James' email asIT@storeycounty.org but I see him here withjdeane@storeycounty.org. Do we have the correct email for James on the Questionnaire?

The Cloud Admin will access a URL portal to login with Google dual authentication for user management. We will set-up and test your access in the Test Phase and can set the appropriate permissions for the back-up Cloud Admin.

Would you also be able to provide how DevNet interacts with Incode (ERP Pro)?
I went ahead and scheduled@Weaver, Keith for the following tasks pending your response to the above:

- **Test-Staging** – Monday, November 7th – Keith will need access to your server(s) via Bomgar to configure backups and let them run for at least a few days. No downtime required. He will reach out to James and Tim at (775) 847-1152 for initial access and will take it from there.
- **Test Set-up** – Thursday, November 11th – Keith will restore your data into a hosted TEST environment. No downtime required. He will reach out to James and Tim again, unless the login information is pinned to your profile.
- **Kick-Off Meeting** – Monday, November 14th @ either 9am or 1pm Pacific Time – This will be a presentation including our team and your team (yourself, IT, and the appropriate functional leads). This is when we will review the On-Prem to SaaS process and answer any questions before testing begins. You, Linzy, Brandie, Netty, Cory, Ashley, & James (or Tim) should attend. If we need to adjust the date, please reply with a couple of times that work on Wednesday or Thursday of the same week.

Let me know if you have any questions in the meantime and your team's time slot for the Kick-Off presentation.

Hi Jennifer –
I hope I am finding you well! My name is Cameron Lake, and I am your Project Manager over Contract #**2022-309346-R1D9J8**. Wewill be working together on your transition to our Tyler Technologies' Hosted Environment. Please start by reviewing the following and feel free to reach out directly to me with any questions.

Attached Documents:

- Executed Contract – **For reference.**
- Project Management Plan – **Read and review.**
- Client Questionnaire – **Complete and return by September 1st, 2022.**
- Cloud Usernames – **Complete and return by September 1st, 2022.**

Once I receive your completed questionnaire and cloud username document, I will move forward with scheduling the next stages of implementation mentioned in the Project Management Plan (PMP). The following should occur within the next couple of weeks:

- **TEST STAGING** – Our Deployment Engineer will need access to your server(s) via Bomgar to configure backups and let them run for at least a few days. No downtime required.
- **KICKOFF MEETING** (1-hour) – Presentation including our Tyler team (myself, deployment engineer, and a transitional support representative) and your team (yourself, IT, and the appropriate functional leads). This is when we will review the On-Prem to SaaS process, testing procedures, and answer any questions before you begin testing.
- **TEST SET-UP** – Our Deployment Engineer will restore your data into a hosted TEST environment before the Kick-Off Meeting (KOM). After the KOM, you and your staff will install and configure Parallels 2x client on all applicable workstations, log-in, and proceed to begin testing.

I look forward to working with you and your team in the weeks to come for a smooth transition!

Hi Jennifer –

Thank you for the response, I made the below edits to your Client Questionnaire. We can discuss a possible automatic process for DevNet in the Kick-Off Meeting with our Deployment Engineer.

You should include somebody from the Clerk/Treasurer's office to test Cashiering. They should also attend the Kick-Off Meeting. Please provide their contact information to me so I can add to the Questionnaire.

Once you have confirmed availability for the Kick-Off Meeting on **Monday, November 14th @ either 9am OR 1pm Pacific Time**, please let me know. It sounds like James and his team are available.

Cameron,
We were not sure what the Cloud Admin was for. If it is for resetting passwords and not IT stuff, please change that to Cory Wood (email:cwood@storeycounty.org).

You can reach James at either email. UsingIT@storeycounty.org will ensure someone sees it and gets it to him if he is not immediately available.

From what I currently understand the interaction with DevNet is as follows. A file is downloaded from DevNet then imported into the journal entry process. Would love if that was automatic?

I will reach out to those not on this email to make sure your dates work. James can give us his and Tim's availability.
From my office Cory, Linzy, and myself are available.

One question, should I contact the Clerk/Treasurer's office, they are the main users of Cashiering?

Thank yo,

Jennifer

Good Morning Jennifer –

Thank you for returning your documents! I went ahead and filled in the Cloud Admin as yourself. I would recommend an on-site non-IT admin to be able to reset passwords and add new users when necessary. Tim Shropshire withIT@storeycounty.org was left as the back-up Cloud Admin. You also have James' email asIT@storeycounty.org but I see him here withjdeane@storeycounty.org. Do we have the correct email for James on the Questionnaire?

The Cloud Admin will access a URL portal to login with Google dual authentication for user management. We will set-up and test your access in the Test Phase and can set the appropriate permissions for the back-up Cloud Admin.

Would you also be able to provide how DevNet interacts with Incode (ERP Pro)?
I went ahead and scheduled@Weaver, Keith for the following tasks pending your response to the above:

AMERICAN OVERSIGHT

- **Test-Staging** – Monday, November 7th – Keith will need access to your server(s) via Bomgar to configure backups and let them run for at least a few days. No downtime required. He will reach out to James and Tim at (775) 847-1152 for initial access and will take it from there.
- **Test Set-up** – Thursday, November 11th – Keith will restore your data into a hosted TEST environment. No downtime required. He will reach out to James and Tim again, unless the login information is pinned to your profile.
- **Kick-Off Meeting** – Monday, November 14th @ either 9am or 1pm Pacific Time – This will be a presentation including our team and your team (yourself, IT, and the appropriate functional leads). This is when we will review the On-Prem to SaaS process and answer any questions before testing begins. You, Linzy, Brandie, Netty, Cory, Ashley, & James (or Tim) should attend. If we need to adjust the date, please reply with a couple of times that work on Wednesday or Thursday of the same week.

Let me know if you have any questions in the meantime and your team's time slot for the Kick-Off presentation.

Thank you Brandon.
After talking with James Dean and my staff we are good to put ExecuTime on hold and move forward with SaaS with the schedule for ExecuTime beginning in January after this process is completed. If we can get a new schedule with this new this start date, I am happy to change things around. I am even ok with February if you think there could be issues or delays with SaaS. We are a small office and doing both at the same time will be difficult.

Good Morning Jennifer –

I will let @Swanson, Brandon confirm whether ExecuTime was approved as Hosted. From the PO, it looks to be On-Premises since there are Maintenance Fees.

We can hold @Brown, Ashlyn's ExecuTime schedule starting in January 2023. If you are responsive throughout the Flip to Hosted process, we can schedule go-live for the beginning of December and be ready to start ExecuTime. Ashlyn has also offered to work with you to revise the ExecuTime schedule to accommodate for additional time for manual entry, if needed.

To accomplish this, I would need your completed documents returned by the end of this week so I can schedule our 2nd, 3rd, and 4th stages. We should also start looking at a go-live date at the start of December to aim for. It will need to be a day your site can function without our software since the system will need to be offline during the restore. There are more details in the Project Management Plan, and we will also review in the Kick-Off Meeting. I'd also be happy to schedule a meeting beforehand to discuss further.

AMERICAN OVERSIGHT

Cameron,
I am confused, I thought ExecuTime was hosted? Regardless, from the schedule Ashlyn sent me and we discussed, the work was to begin in January 2023. However, we were to begin entering our employees in the system in November. Ashlyn can correct me, if I misunderstood. Are you saying if we flip the two, we won't begin anything in ExecuTime until after January 2023 or further? I have to say this is very frustrating. It was a big rush to get our contracts and then we did the waiting game for any kind of plan. Now that we have one for ExecuTime, we are switching up the plan.

Don't get me wrong, I understand moving to hosted makes sense rather than implementing in On premise and them moving to Saas. However, before we give up our "slot", I would like confirmation that we will be in line to proceed with ExecuTime and not have to wait for months down the road. Unless of course being hosted is going to take more training to the end users than I was initially told.

If you do not think an email answer here is sufficient, I am happy to discuss this on the phone or Zoom to answer these questions and to clarify what the new plans will be.

Jennifer

I am waiting for Jennifer to chime in on this request. It is her decision and my department (IT) is going to support whatever her ultimate choice is.

I am in agreement the flip to hosted seems to make more sense, but again defer to Jennifer for final.

Hi James, Jennifer, & Linzy –

I wanted to reach out to you three regarding our two active contracts:

- **2022-309346-R1D9J8** – Flip to Hosted me
- **2022-306761-Y6K9Z1** – ExecuTime with@Brown, Ashlyn

The Flip to Hosted is recommended to be completed before the implementation of ExecuTime. I am adding@Swanson, Brandon here as an amendment will be needed once a decision is made.

We can either:

- Place ExecuTime on hold until we complete the Flip to Hosted. This will allow for the implementation of ExecuTime directly into the Hosted Environment, but it would need to be placed on hold for up to three-months during the completion of the Flip. This is recommended and requires an amendment to ExecuTime to change from On-Premise to SaaS.
- Place the Flip to Hosted on hold until we Implement ExecuTime On-Premise. We would need to amend the Flip to Hosted Contract to include ExecuTime. This is not recommended as it would require double testing of ExecuTime (in On-Premise & in SaaS Environments).

Let me know if you would like to meet to discuss our options. If the FLIP documentation is completed and returned next week, we could be live by January 2023 and ready to start ExecuTime in Hosted.

Have a great week,

We were not sure what the Cloud Admin was for. If it is for resetting passwords and not IT stuff, please change that to Cory Wood (email:cwood@storeycounty.org).

You can reach James at either email. UsingIT@storeycounty.org will ensure someone sees it and gets it to him if he is not immediately available.

From what I currently understand the interaction with DevNet is as follows. A file is downloaded from DevNet then imported into the journal entry process. Would love if that was automatic?

I will reach out to those not on this email to make sure your dates work. James can give us his and Tim's availability.
From my office Cory, Linzy, and myself are available.

One question, should I contact the Clerk/Treasurer's office, they are the main users of Cashiering?

Thank yo,

Jennifer

Good Morning Jennifer –

Thank you for returning your documents! I went ahead and filled in the Cloud Admin as yourself. I would recommend an on-site non-IT admin to be able to reset passwords and add new users when necessary. Tim Shropshire withIT@storeycounty.org was left

as the back-up Cloud Admin. You also have James' email asIT@storeycounty.org but I see him here withjdeane@storeycounty.org. Do we have the correct email for James on the Questionnaire?

The Cloud Admin will access a URL portal to login with Google dual authentication for user management. We will set-up and test your access in the Test Phase and can set the appropriate permissions for the back-up Cloud Admin.

Would you also be able to provide how DevNet interacts with Incode (ERP Pro)?
I went ahead and scheduled@Weaver, Keith for the following tasks pending your response to the above:

- **Test-Staging** – Monday, November 7th – Keith will need access to your server(s) via Bomgar to configure backups and let them run for at least a few days. No downtime required. He will reach out to James and Tim at (775) 847-1152 for initial access and will take it from there.
- **Test Set-up** – Thursday, November 11th – Keith will restore your data into a hosted TEST environment. No downtime required. He will reach out to James and Tim again, unless the login information is pinned to your profile.
- **Kick-Off Meeting** – Monday, November 14th @ either 9am or 1pm Pacific Time – This will be a presentation including our team and your team (yourself, IT, and the appropriate functional leads). This is when we will review the On-Prem to SaaS process and answer any questions before testing begins. You, Linzy, Brandie, Netty, Cory, Ashley, & James (or Tim) should attend. If we need to adjust the date, please reply with a couple of times that work on Wednesday or Thursday of the same week.

Let me know if you have any questions in the meantime and your team's time slot for the Kick-Off presentation.

After talking with James Dean and my staff we are good to put ExecuTime on hold and move forward with SaaS with the schedule for ExecuTime beginning in January after this process is completed. If we can get a new schedule with this new this start date, I am happy to change things around. I am even ok with February if you think there could be issues or delays with SaaS. We are a small office and doing both at the same time will be difficult.

I look forward to hearing from you on this so we can proceed.

Good Morning Jennifer –

I will let @Swanson, Brandon confirm whether ExecuTime was approved as Hosted. From the PO, it looks to be On-Premises since there are Maintenance Fees.

We can hold @Brown, Ashlyn's ExecuTime schedule starting in January 2023. If you are responsive throughout the Flip to Hosted process, we can schedule go-live for the beginning of December and be ready to start ExecuTime. Ashlyn has also offered to work with you to revise the ExecuTime schedule to accommodate for additional time for manual entry, if needed.

To accomplish this, I would need your completed documents returned by the end of this week so I can schedule our 2nd, 3rd, and 4th stages. We should also start looking at a go-live date at the start of December to aim for. It will need to be a day your site can function without our software since the system will need to be offline during the restore. There are more details in the Project Management Plan, and we will also review in the Kick-Off Meeting. I'd also be happy to schedule a meeting beforehand to discuss further.

Cameron,
I am confused, I thought ExecuTime was hosted? Regardless, from the schedule Ashlyn sent me and we discussed, the work was to begin in January 2023. However, we were to begin entering our employees in the system in November. Ashlyn can correct me, if I misunderstood. Are you saying if we flip the two, we won't begin anything in ExecuTime until after January 2023 or further? I have to say this is very frustrating. It was a big rush to get our contracts and then we did the waiting game for any kind of plan. Now that we have one for ExecuTime, we are switching up the plan.

Don't get me wrong, I understand moving to hosted makes sense rather than implementing in On premise and them moving to Saas. However, before we give up our "slot", I would like confirmation that we will be in line to proceed with ExecuTime and not have to wait for months down the road. Unless of course being hosted is going to take more training to the end users than I was initially told.

If you do not think an email answer here is sufficient, I am happy to discuss this on the phone or Zoom to answer these questions and to clarify what the new plans will be.

Hi James, Jennifer, & Linzy –

I wanted to reach out to you three regarding our two active contracts:

- **2022-309346-R1D9J8** – Flip to Hosted me
- **2022-306761-Y6K9Z1** – ExecuTime with@Brown, Ashlyn

The Flip to Hosted is recommended to be completed before the implementation of ExecuTime. I am adding@Swanson, Brandon here as an amendment will be needed once a decision is made.

We can either:

- Place ExecuTime on hold until we complete the Flip to Hosted. This will allow for the implementation of ExecuTime directly into the Hosted Environment, but it would need to be placed on hold for up to three-months during the completion of the Flip.

AMERICAN OVERSIGHT

This is recommended and requires an amendment to ExecuTime to change from On-Premise to SaaS.
- Place the Flip to Hosted on hold until we Implement ExecuTime On-Premise. We would need to amend the Flip to Hosted Contract to include ExecuTime. This is not recommended as it would require double testing of ExecuTime (in On-Premise & in SaaS Environments).

Let me know if you would like to meet to discuss our options. If the FLIP documentation is completed and returned next week, we could be live by January 2023 and ready to start ExecuTime in Hosted.

Hi Jennifer –
I hope I am finding you well! My name is Cameron Lake, and I am your Project Manager over Contract #**2022-309346-R1D9J8**. Wewill be working together on your transition to our Tyler Technologies' Hosted Environment. Please start by reviewing the following and feel free to reach out directly to me with any questions.

Attached Documents:

- Executed Contract – **For reference.**
- Project Management Plan – **Read and review.**
- Client Questionnaire – **Complete and return by September 1st, 2022.**

AMERICAN OVERSIGHT

- Cloud Usernames – **Complete and return by September 1st, 2022.**

Once I receive your completed questionnaire and cloud username document, I will move forward with scheduling the next stages of implementation mentioned in the Project Management Plan (PMP). The following should occur within the next couple of weeks:

- **TEST STAGING** – Our Deployment Engineer will need access to your server(s) via Bomgar to configure backups and let them run for at least a few days. No downtime required.
- **KICKOFF MEETING** (1-hour) – Presentation including our Tyler team (myself, deployment engineer, and a transitional support representative) and your team (yourself, IT, and the appropriate functional leads). This is when we will review the On-Prem to SaaS process, testing procedures, and answer any questions before you begin testing.
- **TEST SET-UP** – Our Deployment Engineer will restore your data into a hosted TEST environment before the Kick-Off Meeting (KOM). After the KOM, you and your staff will install and configure Parallels 2x client on all applicable workstations, log-in, and proceed to begin testing.

I look forward to working with you and your team in the weeks to come for a smooth transition!

Thank you for the response, I made the below edits to your Client Questionnaire. We can discuss a possible automatic process for DevNet in the Kick-Off Meeting with our Deployment Engineer.

You should include somebody from the Clerk/Treasurer's office to test Cashiering. They should also attend the Kick-Off Meeting. Please provide their contact information to me so I can add to the Questionnaire.

Once you have confirmed availability for the Kick-Off Meeting on **Monday, November 14th @ either 9am OR 1pm Pacific Time**, please let me know. It sounds like James and his team are available.

I am waiting for Jennifer to chime in on this request. It is her decision and my department (IT) is going to support whatever her ultimate choice is.

I am in agreement the flip to hosted seems to make more sense, but again defer to Jennifer for final.

Hi James, Jennifer, & Linzy –

I wanted to reach out to you three regarding our two active contracts:

- **2022-309346-R1D9J8** – Flip to Hosted me
- **2022-306761-Y6K9Z1** – ExecuTime with@Brown, Ashlyn

AMERICAN OVERSIGHT

The Flip to Hosted is recommended to be completed before the implementation of ExecuTime. I am adding@Swanson, Brandon here as an amendment will be needed once a decision is made.

We can either:

- Place ExecuTime on hold until we complete the Flip to Hosted. This will allow for the implementation of ExecuTime directly into the Hosted Environment, but it would need to be placed on hold for up to three-months during the completion of the Flip. This is recommended and requires an amendment to ExecuTime to change from On-Premise to SaaS.
- Place the Flip to Hosted on hold until we Implement ExecuTime On-Premise. We would need to amend the Flip to Hosted Contract to include ExecuTime. This is not recommended as it would require double testing of ExecuTime (in On-Premise & in SaaS Environments).

Let me know if you would like to meet to discuss our options. If the FLIP documentation is completed and returned next week, we could be live by January 2023 and ready to start ExecuTime in Hosted.

Have a great week,

Hi Jennifer –

AMERICAN OVERSIGHT

I hope I am finding you well! My name is Cameron Lake, and I am your Project Manager over Contract #**2022-309346-R1D9J8**. Wewill be working together on your transition to our Tyler Technologies' Hosted Environment. Please start by reviewing the following and feel free to reach out directly to me with any questions.

Attached Documents:

- Executed Contract – **For reference.**
- Project Management Plan – **Read and review.**
- Client Questionnaire – **Complete and return by September 1st, 2022.**
- Cloud Usernames – **Complete and return by September 1st, 2022.**

Once I receive your completed questionnaire and cloud username document, I will move forward with scheduling the next stages of implementation mentioned in the Project Management Plan (PMP). The following should occur within the next couple of weeks:

- **TEST STAGING** – Our Deployment Engineer will need access to your server(s) via Bomgar to configure backups and let them run for at least a few days. No downtime required.
- **KICKOFF MEETING** (1-hour) – Presentation including our Tyler team (myself, deployment engineer, and a transitional support representative) and your team (yourself, IT, and the appropriate functional leads). This is when we will review the On-Prem to SaaS process, testing procedures, and answer any questions before you begin testing.
- **TEST SET-UP** – Our Deployment Engineer will restore your data into a hosted TEST environment before the Kick-Off Meeting (KOM). After the KOM, you and your staff will install and configure Parallels 2x client on all applicable workstations, log-in, and proceed to begin testing.

I look forward to working with you and your team in the weeks to come for a smooth transition!
Thank you,

Hi Rebecca, your background check has cleared and we are waiting for your login information from DMV IT. I'm really hoping we have it in the next day or so, once we have the login information you will receive an email from myself or Julia Chulay. You will then need to contact the DMV Help Desk at 775-684-4914 for them to provide you their password. The last part of this is a DUO Fob will be required prior to you logging in to the DMV computer. Once we have the DUO Fob we will FedEx it directly to you.

Also, since we had changes to the Know-Be-4 Training a new certificate will be required. I have attached the email above for your reference, you will take this course once you have a login and password provided by DMV.

I hope this information helps and if you need more information, please let me know.

Good morning Jim, I just followed up on this today. No results have come in, I will keep you posted. I know this has been a frustrating process, I'm hoping the results will be in soon. I do have our DMV HR checking daily for Rebecca's results as they know this is a pressing matter. They do take about six weeks, sometimes they come in sooner. Once we have Rebecca cleared by Department of Public Safety, I will submit an IT ticket to have Rebecca gain access. That process as well can take up to five days. Once my team and I receive the login it will be emailed to your team. Rebecca will then need to call the DMV Service Desk at 775-684-4914 to receive a temporary password after Rebecca's receives the email with her login information. When my team sends the email to Rebecca it will let her know to contact the DMV Service Desk for the password.

In addition, Rebecca will need a DUO FOB. Rebecca has already signed the necessary form, so once we have her cleared by Department of Public Safety my team will advise IT the FOB form was signed. My team will pickup the DUO FOB from our IT. We do have one of our IT folks that lives in Virginia City and he can drop that off to Rebecca.

I do apologize for the lengthy email and I hope this provides some clarification. If you have more questions, please let me know.

Thank you!

Greetings Amber:

First, let me introduce myself. I am the new Clerk/Treasurer for Storey County. I've been on the job for a little over three weeks and, as you can imagine, it has been a whirlwind of learning and I have a pile of "to-do's" that I just can't seem to get ahead of. In that regard, I need your help.

AMERICAN OVERSIGHT

We are a lean crew here and need to get the DMV settled so we can balance our workload and assignments for the whole office. A key aspect of achieving that balance is getting the tech permissions and overall authorization finished for Rebecca Livingston so she can take over the DMV responsibilities. This has been on the back burner because of the leadership transition here, but it is a key priority for me and must be resolved if we are to manage the office efficiently and provide good customer service to our constituents.

My understanding is that we are waiting on approval of Rebecca's fingerprint and background packet. Where does that stand? It would help me considerably if you could provide me an overall status review and outline of what needs to happen next for your team to move this forward to completion. I am available to talk through next steps per the phone number below, or email if that is more effective and convenient. I appreciate your attention to this and look forward to your response and direction.

Good Morning Amber,
One final question – I have my Fob, login and password set for CARS and I believe that I'm ready to go, but do I also have an email, and should I set that up as well?
Thank you for all your assistance in helping me to get going.

Good afternoon Amber
I have exciting news!
I just received my FOB!
What are the next steps in completing my registration?
I don't believe that I've received an email with my login information yet.

Sincerely,

Hi Rebecca, your background check has cleared and we are waiting for your login information from DMV IT. I'm really hoping we have it in the next day or so, once we have the login information you will receive an email from myself or Julia Chulay. You will then need to contact the DMV Help Desk at 775-684-4914 for them to provide you their password. The last part of this is a DUO Fob will be required prior to you logging in to the DMV computer. Once we have the DUO Fob we will FedEx it directly to you.

Also, since we had changes to the Know-Be-4 Training a new certificate will be required. I have attached the email above for your reference, you will take this course once you have a login and password provided by DMV.

I hope this information helps and if you need more information, please let me know.

Good morning Jim, I just followed up on this today. No results have come in, I will keep you posted. I know this has been a frustrating process, I'm hoping the results will be in soon. I do have our DMV HR checking daily for Rebecca's results as they know this is a pressing matter. They do take about six weeks, sometimes they come in sooner. Once we have Rebecca cleared by Department of Public Safety, I will submit an IT ticket to have Rebecca gain access. That process as well can take up to five days. Once my team and I receive the login it will be emailed to your team. Rebecca will then need to call the DMV Service Desk at 775-684-4914 to receive a temporary password after Rebecca's receives the email with her login information. When my team sends the email to Rebecca it will let her know to contact the DMV Service Desk for the password.

In addition, Rebecca will need a DUO FOB. Rebecca has already signed the necessary form, so once we have her cleared by Department of Public Safety my team will advise IT the FOB form was signed. My team will pickup the DUO FOB from our IT. We do have one of our IT folks that lives in Virginia City and he can drop that off to Rebecca.

I do apologize for the lengthy email and I hope this provides some clarification. If you have more questions, please let me know.

Greetings Amber:

First, let me introduce myself. I am the new Clerk/Treasurer for Storey County. I've been on the job for a little over three weeks and, as you can imagine, it has been a whirlwind of learning and I have a pile of "to-do's" that I just can't seem to get ahead of. In that regard, I need your help.

We are a lean crew here and need to get the DMV settled so we can balance our workload and assignments for the whole office. A key aspect of achieving that balance is getting the tech permissions and overall authorization finished for Rebecca Livingston so she can take over the DMV responsibilities. This has been on the back burner because of the leadership transition here, but it is a key priority for me and must be resolved if we are to manage the office efficiently and provide good customer service to our constituents.

My understanding is that we are waiting on approval of Rebecca's fingerprint and background packet. Where does that stand? It would help me considerably if you could provide me an overall status review and outline of what needs to happen next for your team to move this forward to completion. I am available to talk through next steps per the phone number below, or email if that is more effective and convenient. I appreciate your attention to this and look forward to your response and direction.

Thank you for the quick response and detailed outline. How do we put a fire under this process? Rebecca's packet for DPS was submitted way back in August – the 27th by our records. I realize DPS is out of your control, but there must be someone we can contact to get this part completed.

Do I correctly understand that even with a quick return of the background check info, Rebecca's access and authorization to run the Storey Satellite for DMV is still one week or more further down the road due to IT queues? We really must get this all finished by this month's end. Please help as I am in a real resource bind until this gets resolved and I don't want to get to the point where we must curtail service.

Hi Jim, while I do understand the background packet was sent by Storey County around 8/27/22, I was advised on 8/30/22 the packet was in the mail and DMV turned it in 9/13/22 to DMV HR. I unfortunately can not speed up the process at DPS, I do have DMV HR checking daily for those results. I might be able to rush the process on DMV side for granting access, I can't make any promises on that but I will do my best to rush it.

I have asked DMV HR to reach out to DPS directly to find out the status, I will update you once I have a response.

Greetings Amber:

First, let me introduce myself. I am the new Clerk/Treasurer for Storey County. I've been on the job for a little over three weeks and, as you can imagine, it has been a whirlwind of learning and I have a pile of "to-do's" that I just can't seem to get ahead of. In that regard, I need your help.

We are a lean crew here and need to get the DMV settled so we can balance our workload and assignments for the whole office. A key aspect of achieving that balance is getting the tech permissions and overall authorization finished for Rebecca Livingston so she can take over the DMV responsibilities. This has been on the back burner because of the leadership transition here, but it is a key priority for me and must be resolved if we are to manage the office efficiently and provide good customer service to our constituents.

My understanding is that we are waiting on approval of Rebecca's fingerprint and background packet. Where does that stand? It would help me considerably if you could provide me an overall status review and outline of what needs to happen next for your team to move this forward to completion. I am available to talk through next steps per the phone number below, or email if that is more effective and convenient. I appreciate your attention to this and look forward to your response and direction.

Thanks & cheers!

Good Morning Amber,
One final question – I have my Fob, login and password set for CARS and I believe that I'm ready to go, but do I also have an email, and should I set that up as well?
Thank you for all your assistance in helping me to get going.

Hi Rebecca, your background check has cleared and we are waiting for your login information from DMV IT. I'm really hoping we have it in the next day or so, once we have the login information you will receive an email from myself or Julia Chulay. You will then

AMERICAN OVERSIGHT

need to contact the DMV Help Desk at 775-684-4914 for them to provide you their password. The last part of this is a DUO Fob will be required prior to you logging in to the DMV computer. Once we have the DUO Fob we will FedEx it directly to you.

Also, since we had changes to the Know-Be-4 Training a new certificate will be required. I have attached the email above for your reference, you will take this course once you have a login and password provided by DMV.

I hope this information helps and if you need more information, please let me know.

Good morning Jim, I just followed up on this today. No results have come in, I will keep you posted. I know this has been a frustrating process, I'm hoping the results will be in soon. I do have our DMV HR checking daily for Rebecca's results as they know this is a pressing matter. They do take about six weeks, sometimes they come in sooner. Once we have Rebecca cleared by Department of Public Safety, I will submit an IT ticket to have Rebecca gain access. That process as well can take up to five days. Once my team and I receive the login it will be emailed to your team. Rebecca will then need to call the DMV Service Desk at 775-684-4914 to receive a temporary password after Rebecca's receives the email with her login information. When my team sends the email to Rebecca it will let her know to contact the DMV Service Desk for the password.

In addition, Rebecca will need a DUO FOB. Rebecca has already signed the necessary form, so once we have her cleared by Department of Public Safety my team will advise IT the FOB form was signed. My team will pickup the DUO FOB from our IT. We do have one of our IT folks that lives in Virginia City and he can drop that off to Rebecca.

I do apologize for the lengthy email and I hope this provides some clarification. If you have more questions, please let me know.

Hi Jim, while I do understand the background packet was sent by Storey County around 8/27/22, I was advised on 8/30/22 the packet was in the mail and DMV turned it in 9/13/22 to DMV HR. I unfortunately can not speed up the process at DPS, I do have DMV HR checking daily for those results. I might be able to rush the process on DMV side for granting access, I can't make any promises on that but I will do my best to rush it.

I have asked DMV HR to reach out to DPS directly to find out the status, I will update you once I have a response.

Thank you!

Amber:

Thank you for the quick response and detailed outline. How do we put a fire under this process? Rebecca's packet for DPS was submitted way back in August – the 27th by our records. I realize DPS is out of your control, but there must be someone we can contact to get this part completed.

Do I correctly understand that even with a quick return of the background check info, Rebecca's access and authorization to run the Storey Satellite for DMV is still one week or more further down the road due to IT queues? We really must get this all finished by this month's end. Please help as I am in a real resource bind until this gets resolved and I don't want to get to the point where we must curtail service.

If there is something I can do, or someone I can contact, please let me know.

Thanks for your attention to this. Please keep me apprised of status and progress and opportunities to expedite.

Previously, DMV employees, contractors and consultants would access the ***2021*** Kevin Mitnick Security Awareness Training through Success Factors. In support of training compliance, beginning September 1st, 2022, anyone who accesses DMV systems will take the Security Awareness Training directly through the KnowBe4 online portal.

Unfortunately,***all*** DMV employees, contractors and consultants will be required to take the ***2022*** Kevin Mitnick Security Awareness training, as it is a new training module, and there is no way to sync the previous compliance tracking system with KnowBe4. Everyone that accesses DMV sytems will be required to complete the training by January 1st, 2023, and then once per year following, while new DMV employees, contractors, and consultants will be directed to complete the training as they are on-boarded.

Single Sign On and DUO two-factor authentication have been enabled with the KnowBe4 training portal, so your current DMV credentials will be used to sign in and access the training. AMERICAN OVERSIGHT

priority for me and must be resolved if we are to manage the office efficiently and provide good customer service to our constituents.

My understanding is that we are waiting on approval of Rebecca's fingerprint and background packet. Where does that stand? It would help me considerably if you could provide me an overall status review and outline of what needs to happen next for your team to move this forward to completion. I am available to talk through next steps per the phone number below, or email if that is more effective and convenient. I appreciate your attention to this and look forward to your response and direction.

Thanks & cheers!

WARNING - This email originated from outside the State of Nevada. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Good morning Mark:
As we quickly discussed yesterday, here are the scanned copies of the 3 voter registration forms we received for the same person. I also include the cover letter we received from Field Works, who seems to be the organization that gathered the forms. As I highlighted yesterday, we have entered the young man into the system as a registered voter in Storey. At the same time something seems very strange here as the forms are all in different handwriting with seemingly different signatures, and with variable info in some of the info boxes. Now, I know my signature is variable form to form, but the overall variability of these forms raises some questions in our minds here in the Clerk's Office.

So, … I forward these to you to determine what, if any, follow-up is appropriate. And, to maybe investigate what Field Works is doing, because something seems a bit askew here.

Have fun with them, and please keep me informed as to any action that we need to do with regard to this individual's registration.

Cheers!

Here is what I was able to get from Roxane. She said that there are various different "roll" reports in the system to choose from so if we have an example of what the auditor is asking for she can help narrow us to what report would be right. She said these are the docs she got from Dore before she initiated tax calculations for each fiscal year . . . hope it helps

Hi Terry:

I did a bit more searching and analysis and do not show any unpaid tax liens on a property on Carson St., specifically for a 120 West Carson Street in Virginia City. If you have any more specific parcel or ownership information let me know and I'll investigate further.

Cheers, and my best for a wonderful Thanksgiving Holiday!

Subject: RE: tax payment penalty

NRS is where you should look for many questions you may have. The Treasurer Deadlines I forwarded to you also contains the NRS reference, which will help you tremendously. For this question, you can find it in:

NRS 361.483 Time for payment of taxes; penalties; notification of certain provisions regarding waiver or reduction of penalty.

1. Except as otherwise provided in this section and NRS 361.736 to 361.7398, inclusive, taxes assessed upon the real property tax roll and upon mobile or manufactured homes are due on the third Monday of August.
2. Taxes assessed upon the real property tax roll may be paid in four approximately equal installments if the taxes assessed on the parcel exceed $100.
3. Except as otherwise provided in this section, taxes assessed upon a mobile or manufactured home may be paid in four installments if the taxes assessed exceed $100.
4. If a taxpayer owns at least 25 mobile or manufactured homes in a county that are leased for commercial purposes, and those mobile or manufactured homes have not been converted to real property pursuant to NRS 361.244, taxes assessed upon those homes may be paid in four installments if, not later than July 31, the taxpayer returns to the county assessor the written statement of personal property required pursuant to NRS 361.265.
5. Except as otherwise provided in this section and NRS 361.505, taxes assessed upon personal property may be paid in four approximately equal installments if:
(a) The total personal property taxes assessed exceed $5,000;
(b) Not later than July 31, the taxpayer returns to the county assessor the written statement of personal property required pursuant to NRS 361.265;
(c) The taxpayer files with the county assessor, or county treasurer if the county treasurer has been designated to collect taxes, a written request to be billed in installments and includes with the request a copy of the written statement of personal property required pursuant to NRS 361.265;
(d) The owner of the personal property assessed has paid all the personal property taxes assessed on the property without accruing penalties for the immediately preceding 2 fiscal years in any county in the State; and
(e) Not later than September 15, the county tax receiver issues to the taxpayer an individual tax bill for the personal property which itemizes the dates on which the installments are due. If that tax bill is issued on or after August 1 and on or before September 15, the first two installments are due on the first Monday of October, the third installment on the first Monday of January, and the fourth installment on the first Monday of March.
6. Except as otherwise provided in subsection 5, if a person elects to pay in installments, the first installment is due on the third Monday of August, the second installment on the first Monday of October, the third installment on the first Monday of January, and the fourth installment on the first Monday of March.
7. If any person charged with taxes which are a lien on real property fails to pay:
(a) Any one installment of the taxes on or within 10 days following the day the taxes become due, there must be added thereto a penalty of 4 percent.
(b) Any two installments of the taxes, together with accumulated penalties, on or within 10 days following the day the later installment of taxes becomes due, there must be added thereto a penalty of 5 percent of the two installments due.
(c) Any three installments of the taxes, together with accumulated penalties, on or within 10 days following the day the latest installment of taxes becomes due, there must be added thereto a penalty of 6 percent of the three installments due.
(d) The full amount of the taxes, together with accumulated penalties, on or within 10 days following the first Monday of March, there must be added thereto a penalty of 7 percent of the full amount of the taxes.
8. Any person charged with taxes which are a lien on a mobile or manufactured home who fails to pay the taxes within 10 days after an installment payment is due is subject to the following provisions:
(a) A penalty of 10 percent of the taxes due; and
(b) The county assessor may proceed under NRS 361.535.
9. If any property tax postponed pursuant to NRS 361.736 to 361.7398, inclusive, becomes due and payable and the person charged with that tax fails to make the required payment within 10 days after it becomes due, there must be added thereto a penalty of 7 percent of the amount of the tax that is due. If the required payment is not paid within 30 days after it becomes due, there must be added thereto all penalties and interest that would have accrued had the property tax not been postponed pursuant to NRS 361.736 to 361.7398, inclusive.
10. The ex officio tax receiver of a county shall notify each person in the county who is subject to a penalty pursuant to this section of the provisions of NRS 360.419 and 361.4835.

Honestly, the only information I know about the calculations is an excel sheet that is stored in our shared drive. It appears to have been developed in 2014 so I am unsure as to the accuracy of it. I have attached it in case it may help. I would think Roxane might be able to help us with this since she has programed the system to calculate it for us.

Roxane, is this something you can educate us on or point us in the right direction?

NRS is where you should look for many questions you may have. The Treasurer Deadlines I forwarded to you also contains the NRS reference, which will help you tremendously. For this question, you can find it in:

NRS 361.483 Time for payment of taxes; penalties; notification of certain provisions regarding waiver or reduction of penalty.

1. Except as otherwise provided in this section and NRS 361.736 to 361.7398, inclusive, taxes assessed upon the real property tax roll and upon mobile or manufactured homes are due on the third Monday of August.
2. Taxes assessed upon the real property tax roll may be paid in four approximately equal installments if the taxes assessed on the parcel exceed $100.
3. Except as otherwise provided in this section, taxes assessed upon a mobile or manufactured home may be paid in four installments if the taxes assessed exceed $100.
4. If a taxpayer owns at least 25 mobile or manufactured homes in a county that are leased for commercial purposes, and those mobile or manufactured homes have not been converted to real property pursuant to NRS 361.244, taxes assessed upon those homes may be paid in four installments if, not later than July 31, the taxpayer returns to the county assessor the written statement of personal property required pursuant to NRS 361.265.
5. Except as otherwise provided in this section and NRS 361.505, taxes assessed upon personal property may be paid in four approximately equal installments if:
(a) The total personal property taxes assessed exceed $5,000;
(b) Not later than July 31, the taxpayer returns to the county assessor the written statement of personal property required pursuant to NRS 361.265;
(c) The taxpayer files with the county assessor, or county treasurer if the county treasurer has been designated to collect taxes, a written request to be billed in installments and includes with the request a copy of the written statement of personal property required pursuant to NRS 361.265;
(d) The owner of the personal property assessed has paid all the personal property taxes assessed on the property without accruing penalties for the immediately preceding 2 fiscal years in any county in the State; and
(e) Not later than September 15, the county tax receiver issues to the taxpayer an individual tax bill for the personal property which itemizes the dates on which the installments are due. If that tax bill is issued on or after August 1 and on or before September 15, the first two installments are due on the first Monday of October, the third installment on the first Monday of January, and the fourth installment on the first Monday of March.
6. Except as otherwise provided in subsection 5, if a person elects to pay in installments, the first installment is due on the third Monday of August, the second installment on the first Monday of October, the third installment on the first Monday of January, and the fourth installment on the first Monday of March.
7. If any person charged with taxes which are a lien on real property fails to pay:
(a) Any one installment of the taxes on or within 10 days following the day the taxes become due, there must be added thereto a penalty of 4 percent.
(b) Any two installments of the taxes, together with accumulated penalties, on or within 10 days following the day the later installment of taxes becomes due, there must be added thereto a penalty of 5 percent of the two installments due.
(c) Any three installments of the taxes, together with accumulated penalties, on or within 10 days following the day the latest installment of taxes becomes due, there must be added thereto a penalty of 6 percent of the three installments due.
(d) The full amount of the taxes, together with accumulated penalties, on or within 10 days following the first Monday of March, there must be added thereto a penalty of 7 percent of the full amount of the taxes.
8. Any person charged with taxes which are a lien on a mobile or manufactured home who fails to pay the taxes within 10 days after an installment payment is due is subject to the following provisions:
(a) A penalty of 10 percent of the taxes due; and
(b) The county assessor may proceed under NRS 361.535.
9. If any property tax postponed pursuant to NRS 361.736 to 361.7398, inclusive, becomes due and payable and the person charged with that tax fails to make the required payment within 10 days after it becomes due, there must be added thereto a penalty of 7 percent of the amount of the tax that is due. If the required payment is not paid within 30 days after it becomes due, there must be added thereto all penalties and interest that would have accrued had the property tax not been postponed pursuant to NRS 361.736 to 361.7398, inclusive.
10. The ex officio tax receiver of a county shall notify each person in the county who is subject to a penalty pursuant to this section of the provisions of NRS 360.419 and 361.4835.

(Added to NRS by 1959, 114; A 1975, 915; 1977, 1377; 1979, 539, 1377, 1378; 1981, 802; 1987, 1660; 1989, 170, 594, 601, 1821; 1991, 1428; 1995, 1881; 1997, 1578; 1999, 198; 2001, 7, 1554; 2003, 1624, 2768; 2011, 3524)

Honestly, the only information I know about the calculations is an excel sheet that is stored in our shared drive. It appears to have been developed in 2014 so I am unsure as to the accuracy of it. I have attached it in case it may help. I would think Roxane might be able to help us with this since she has programed the system to calculate it for us.

Roxane, is this something you can educate us on or point us in the right direction?

Sorry one more question. Are the additional penalties added to the taxes and previous penalties?
Example: 2 payments missed, 2nd penalty calculated using: 1st installment + 4% penalty + 2nd installment?

Heather's excel sheet doesn't show this, but that is how I am reading it.
"Any two installments of the taxes, together with accumulated penalties, on or within 10 days following the day the later installment of taxes becomes due, there must be added thereto a penalty of 5 percent of the two installments due.,"

Thank you,

Subject: RE: tax payment penalty

NRS is where you should look for many questions you may have. The Treasurer Deadlines I forwarded to you also contains the NRS reference, which will help you tremendously. For this question, you can find it in:

NRS 361.483 Time for payment of taxes; penalties; notification of certain provisions regarding waiver or reduction of penalty.

1. Except as otherwise provided in this section and NRS 361.736 to 361.7398, inclusive, taxes assessed upon the real property tax roll and upon mobile or manufactured homes are due on the third Monday of August.
2. Taxes assessed upon the real property tax roll may be paid in four approximately equal installments if the taxes assessed on the parcel exceed $100.
3. Except as otherwise provided in this section, taxes assessed upon a mobile or manufactured home may be paid in four installments if the taxes assessed exceed $100.
4. If a taxpayer owns at least 25 mobile or manufactured homes in a county that are leased for commercial purposes, and those mobile or manufactured homes have not been converted to real property pursuant to NRS 361.244, taxes assessed upon those homes may be paid in four installments if, not later than July 31, the taxpayer returns to the county assessor the written statement of personal property required pursuant to NRS 361.265.
5. Except as otherwise provided in this section and NRS 361.505, taxes assessed upon personal property may be paid in four approximately equal installments if:
(a) The total personal property taxes assessed exceed $5,000;
(b) Not later than July 31, the taxpayer returns to the county assessor the written statement of personal property required pursuant to NRS 361.265;
(c) The taxpayer files with the county assessor, or county treasurer if the county treasurer has been designated to collect taxes, a written request to be billed in installments and includes with the request a copy of the written statement of personal property required pursuant to NRS 361.265;
(d) The owner of the personal property assessed has paid all the personal property taxes assessed on the property without accruing penalties for the immediately preceding 2 fiscal years in any county in the State; and
(e) Not later than September 15, the county tax receiver issues to the taxpayer an individual tax bill for the personal property which itemizes the dates on which the installments are due. If that tax bill is issued on or after August 1 and on or before September 15, the first two installments are due on the first Monday of October, the third installment on the first Monday of January, and the fourth installment on the first Monday of March.
6. Except as otherwise provided in subsection 5, if a person elects to pay in installments, the first installment is due on the third Monday of August, the second installment on the first Monday of October, the third installment on the first Monday of January, and the fourth installment on the first Monday of March.
7. If any person charged with taxes which are a lien on real property fails to pay:
(a) Any one installment of the taxes on or within 10 days following the day the taxes become due, there must be added thereto a penalty of 4 percent.
(b) Any two installments of the taxes, together with accumulated penalties, on or within 10 days following the day the later installment of taxes becomes due, there must be added thereto a penalty of 5 percent of the two installments due.
(c) Any three installments of the taxes, together with accumulated penalties, on or within 10 days following the day the latest installment of taxes becomes due, there must be added thereto a penalty of 6 percent of the three installments due.
(d) The full amount of the taxes, together with accumulated penalties, on or within 10 days following the first Monday of March, there must be added thereto a penalty of 7 percent of the full amount of the taxes.
8. Any person charged with taxes which are a lien on a mobile or manufactured home who fails to pay the taxes within 10 days after an installment payment is due is subject to the following provisions:
(a) A penalty of 10 percent of the taxes due; and
(b) The county assessor may proceed under NRS 361.535.
9. If any property tax postponed pursuant to NRS 361.736 to 361.7398, inclusive, becomes due and payable and the person charged with that tax fails to make the required payment within 10 days after it becomes due, there must be added thereto a penalty of 7 percent of the amount of the tax that is due. If the required payment is not paid within 30 days after it becomes due, there must be added thereto all penalties and interest that would have accrued had the property tax not been postponed pursuant to NRS 361.736 to 361.7398, inclusive.
10. The ex officio tax receiver of a county shall notify each person in the county who is subject to a penalty pursuant to this section of the provisions of NRS 360.419 and 361.4835.

(Added to NRS by 1959, 114; A 1975, 915; 1977, 1377; 1979, 539, 1377, 1378; 1981, 802; 1987, 1660; 1989, 170, 594, 601, 1821; 1991, 1428; 1995, 1881; 1997, 1578; 1999, 198; 2001, 7, 1554; 2003, 1624, 2768; 2011, 3524)

Honestly, the only information I know about the calculations is an excel sheet that is stored in our shared drive. It appears to have been developed in 2014 so I am unsure as to the accuracy of it. I have attached it in case it may help. I would think Roxane might be able to help us with this since she has programed the system to calculate it for us.

Roxane, is this something you can educate us on or point us in the right direction?

Hi Jim,

I appreciate your email and your contact information. One regular point of contact I had with Dore was related to the regular sales tax abatement claims we sent to her for payment. I have attached one for your reference. We are in the process of finalizing the most recent claim, number 48, which we should be sending you later today. Just wanted to give you a head's up and see if you had any questions. Please let me know if you do.

Thanks for the time on the phone and, as I said, this is a payment for Tesla's participation in the Tax Increment Area (TIA) - Effluent Pipeline Project. If there is any further question on this let me know.

I assumed the office of Storey County Clerk/Treasurer on the 12th of this month from Dore Nevin who has left service to the county. I am working hard to learn fast. Hi Dore.

I'm hoping that you can help us with the attached check and information we received recently from Storey County. Do you have any insight into what this payment is regarding?

Thanks, Erin

I just got off the phone with Yolanda Johnson. She is setting you up.
I need the last 4 of the number on the back of the key fob you have. They can recode that one to you, which will save some time.

HOWEVER, this can take 3-5 days, hopefully sooner but no guarantees. I think at this point we need to tell Tesla we have to send them a check or it is going to be next week before they get a wire. I do not have an issue writing the email, but I need you to send me the contact information. If you are ok writing it, please include me.

Call me if we need to discuss this.

I just saw Luke's new email with the active link. Based on some info there I went to the CEO portal. It asks for a Company ID before email and password. Does that sound familiar?

Erin at Tesla/Eide-Bailly is starting to push for timing of the TIA wire transfer payment. I checked Acct# 001-29410-000 and there is ample funds to cover the current amount submitted by Tesla ($270,605.81), so now it is just our moving forward with remittance.

Are we just waiting on Wells Fargo? Should I inform her that we'll be cutting a check this one time?

Yes, indeed, I am tardy in getting back to you with a date the wire will be sent. The delay is due to the time the bank is taking to set-up on the account. I am being told today that my access and authorization will not be effective for another week. Once that is done, I will be able to generate and approve wires.

In the meantime, we can immediately cut and send a check in remittance to Claim #48, if you prefer? Let me know if that is acceptable.

I would prefer to wait until you have bank authorization and receive a Wire payment. Physical checks tend to get lost here.

Erin:
Yes, indeed, I am tardy in getting back to you with a date the wire will be sent. The delay is due to the time the bank is taking to set-up on the account. I am being told today that my access and authorization will not be effective for another week. Once that is done, I will be able to generate and approve wires.

In the meantime, we can immediately cut and send a check in remittance to Claim #48, if you prefer? Let me know if that is acceptable.

Thank you for your patience as I get all my permissions and authorizations in place.

Hi Erin:

You knew I had a reminder to reach out to you today and beat me to the keyboard.

I am waiting on info from Wells Fargo, though they say it may take a day or so more. I know Tesla is waiting for the remittance. Thanks for working with me on this.

Have you gotten into WF? If you haven't the issue is there is no approver. The wire transfer takes 2 of us.
I tried to call to discuss. Please give me a call when you have a minute.

Erin at Tesla/Eide-Bailly is starting to push for timing of the TIA wire transfer payment. I checked Acct# 001-29410-000 and there is ample funds to cover the current amount submitted by Tesla ($270,605.81), so now it is just our moving forward with remittance.

Are we just waiting on Wells Fargo? Should I inform her that we'll be cutting a check this one time?

What do you think?

We have performed the procedures enumerated below, on the accompanying Schedule of Sales Tax Remitted to the State of Nevada (the "State") for the period of June 2021 through August 2021, not previously submitted. Tesla, Inc.'s (the "Company") management is responsible for the accompanying Schedule of Sales Tax Remitted to the State of Nevada for the period of June 2021 through August 2021, not previously submitted.

The Company has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of assisting users in understanding the Schedule of Sales Tax Remitted to the State for the period of June 2021 through August 2021, not previously submitted, and we will report on findings based on the procedures performed. Additionally, Storey County, Nevada (the "Regulator") has agreed to and acknowledged that the procedures performed are appropriate for their purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures we performed, and our findings are as follows:

1. We obtained a schedule (Exhibit A- Schedule of Sales Tax Remitted to the State of Nevada) from the Company listing sales tax remitted to the State, for which the Company is submitting to the Regulator for reimbursement. The current submission consists of sales tax paid by the Company and their contractors for the period of June 2021 through August 2021, not previously submitted.
2. We agreed all amounts on the schedule to the sales tax returns submitted by the Company and their contractors for the periods indicated above and noted no exceptions.
3. We footed and recalculated the sales tax returns, ensuring all sales taxes were for Storey County at 2.75%, without exception.

Independent Accountant's Report

To the Board of Directors and Management
Tesla, Inc.
Palo Alto, California

We have performed the procedures enumerated below, on the accompanying Schedule of Sales Tax Remitted to the State of Nevada (the "State") for the period of January 2021 through October 2021, not previously submitted. Tesla, Inc.'s (the "Company") management is responsible for the accompanying Schedule of Sales Tax Remitted to the State of Nevada for the period of January 2021 through October 2021, not previously submitted.

The Company has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of assisting users in understanding the Schedule of Sales Tax Remitted to the State for the period of January 2021 through October 2021, not previously submitted, and we will report on findings based on the procedures performed. Additionally, Storey County, Nevada (the "Regulator") has agreed to and acknowledged that the procedures performed are appropriate for their purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and the associated findings are as follows:

1. We obtained a schedule (Exhibit A- Schedule of Sales Tax Remitted to the State of Nevada) from the Company listing sales tax remitted to the State, for which the Company is submitting to the Regulator for reimbursement. The current submission consists of sales tax paid by the Company and their contractors for the period of January 2021 through October 2021, not previously submitted.
2. We agreed all amounts on the schedule to the sales tax returns submitted by the Company and their contractors for the periods indicated above and noted no exceptions.
3. We footed and recalculated the sales tax returns, ensuring all sales taxes were for Storey County at 2.75%, without exception.

Independent Accountant's Report

To the Board of Directors and Management
Tesla, Inc.
Palo Alto, California

We have performed the procedures enumerated below, on the accompanying Schedule of Sales Tax Remitted to the State of Nevada (the "State") for the period of June 2021 through May 2022, not previously submitted. Tesla, Inc.'s (the "Company") management is responsible for the accompanying Schedule of Sales Tax Remitted to the State of Nevada for the period of June 2021 through May 2022, not previously submitted.

The Company has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of assisting users in understanding the Schedule of Sales Tax Remitted to the State for the period of June 2021 through May 2022, not previously submitted, and we will report our findings based on the procedures performed. Additionally, Storey County, Nevada (the "Regulator") has agreed to and acknowledged that the procedures performed are appropriate for their purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and the associated findings are as follows:

1. We obtained a schedule (Exhibit A- Schedule of Sales Tax Remitted to the State of Nevada) from the Company listing sales tax remitted to the State, for which the Company is submitting to the Regulator for reimbursement. The current submission consists of sales tax paid by the Company and their contractors for the period of June 2021 through May 2022, not previously submitted.
2. We agreed all amounts on the schedule to the sales tax returns submitted by the Company and their contractors for the periods indicated above and noted no exceptions.
3. We footed and recalculated the sales tax returns, ensuring all sales taxes were for Storey County at 2.75%, without exception.

AMERICAN OVERSIGHT
NV-STOREY-22-1163-A-008005

We were engaged by the Company to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants. We were not engaged to and did not conduct an examination or a review, the objective of which would be the expression of an opinion or conclusion, respectively, on the Schedule of Sales Tax Remitted to the State of Nevada for the period of June 2021 through May 2022, not previously submitted. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures; other matters might have come to our attention that would have been reported to you.

We are required to be independent of the Company and to meet our ethical responsibilities, in accordance with relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely for the information and use of the Board of Directors and Management of Tesla, Inc. and Storey County, Nevada and is not intended to be, and should not be, used by anyone other than these Specified Parties.

I tried to call, let's see if I can write this out.
I know you are very busy with election stuff, however at this point we need this information sooner than later.

1. Do you have access to Vanessa or Dore's email?
2. Might need to contact Eide Bailey?

Let me know if I can do anything

Attachment(s): "2022 Group Election Workers.pdf"

Greetings Annie and THANK YOU for volunteering to be a poll worker for the 2022 General Election.

In preparation for your assignment and shifts, you will need to participate in a training session to become familiarized with the equipment and the procedures for voting.

In our phone conversation you indicated next Wednesday the 19th's training session fits your and your mother's schedule best. The training session starts at 5:30pm in the District Courtroom in the Storey County Courthouse in Virginia City. We will have pizza and soft drinks available since we're cutting into the normal dinner hour.

For your review and preparation, I have attached the Poll Worker Training packet, so you have a head start on our presentation and discussion.

For your information and planning, Early Voting starts on October 22nd and runs through November 4th. Election Day is Tuesday, November 8th.

I look forward to meeting you and am grateful for your time and effort. If you have questions, please contact me or Heather Faircloth in the County Clerk's Office per the number below or by reply email.

Cheers!

- Packing up Machines, Kiosks, Materials, and Tables
- Check Out

AMERICAN OVERSIGHT

Before the Polls Open

- Check inventory list in the Poll Tote and if anything is missing contact a Team Leader or Clerk.

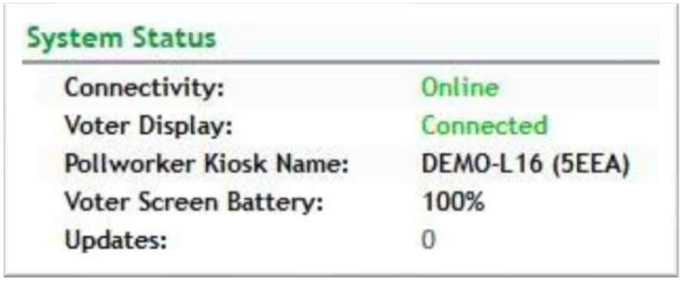
Kiosk Set-Up

- Turn on one Kiosk at a time.
  - Make sure Kiosk is plugged into power.
  - Log In Laptop – "Storey"
  - Once Laptop is on, power on the tablet.
  - Poll Worker Card is used to Login
  - Select the Poling Place and Poll Worker # for that Kiosk.
  - Verify Election Details
  - Check System Status
  - Check to see if you are "ONLINE"
- Set Out Kiosk Station Supplies

ICX and VVPAT Machine Set Up

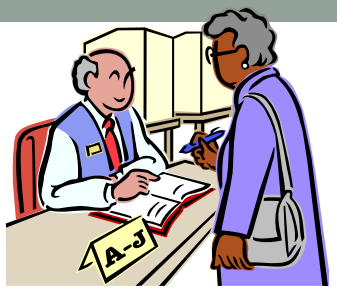
Clerk and Team Leader, will set up the ICX and VVPAT Machines. They will also be responsible for Opening and Closing the Polls on the ICX Machines.

Ensure all Election Workers have preformed his/her Oath of Service.



AMERICAN OVERSIGHT

Kiosk Workers *Greeting the Voters*



- Ask the voter his/her name so you can look them up in the system.
  - **Voters are not <u>required</u> to provide ID at the polls HOWEVER it is okay to view his/her ID if it is presented. Please DO NOT reject their ID if it is being offered.**
  - **We do not ask for ID unless "ID required" is asked on the Kiosk OR their digital signature is not matching their signature on file.**
- If you cannot find the voter's name in the Kiosk, ask the voter:
  - If there was a name change.
  - If there was an address change.
- The voter can use Same Day Registration to change his/her Name, Party Affiliation, and/or address.
- The voter may vote a provisional ballot. You can click on the Provisional Voter on the Kiosk if needed.

AMERICAN OVERSIGHT

Kiosk Station

- Checks in Voters
- Accepts Surrendered Ballots
- Programs ICX Card for Vote
- Prints Labels
- Maintains Check-In Logs
- Confirms Counts/Logs at the close of the day

Our Kiosks are our connection to our Voter Registration Database. The Kiosks do not "talk" directly to the ICX machines in any way. The sole purpose of the Kiosks is to ensure that we are working with the most accurate and up-to-date voter roll as voting is active.

AMERICAN OVERSIGHT

VOTER CHECK-IN

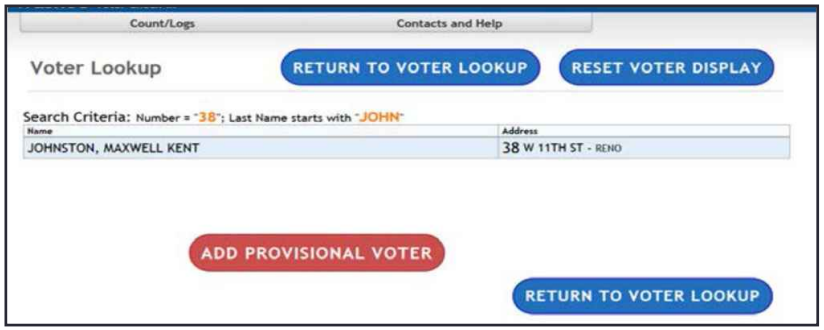
SURRENDERING MAIL BALLOT OR PERFORMING A MAIL BALLOT AFFERMATION

AMERICAN OVERSIGHT

Voter Check-In

- Type in the first 3 letters of the last name and first 3 letters of first name. Click on the green “Search” button or press “Enter” on the keyboard.
- You can also search via address if needed

- Click on the correct voter name.

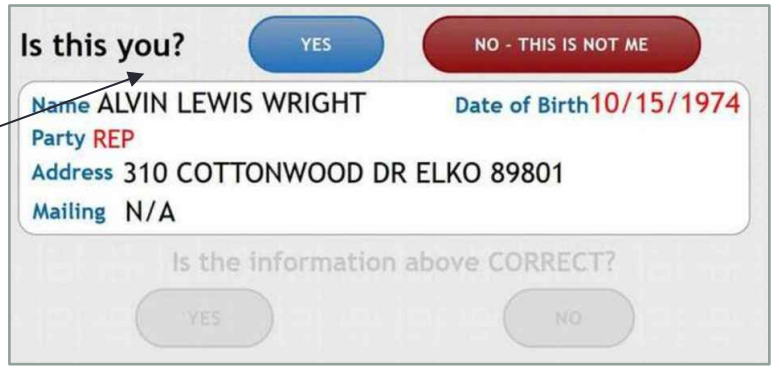


- Then the voter will need to refer to the tablet to verify their I information.

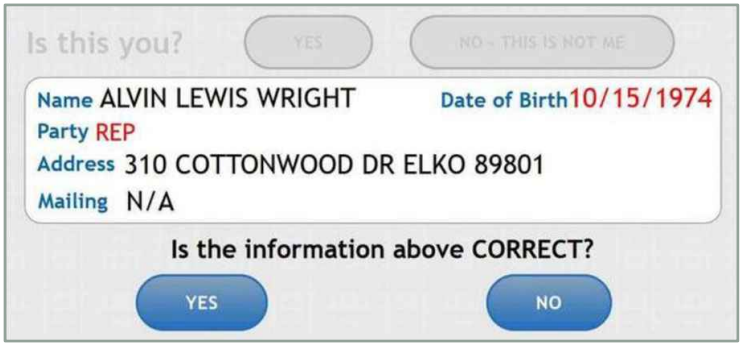
AMERICAN OVERSIGHT

Voter Check-In

- The VOTER will then need to Verify their identity on their tablet screen.
  - They can select Yes or No, it is not them.



- The VOTER will then be asked to verify that the information displayed is <u>correct</u>.
  - It is at this stage that if they have had an address change, name change, or party affiliation change. If a change is necessary, they can select “No” and the poll worker can assist with said changes.

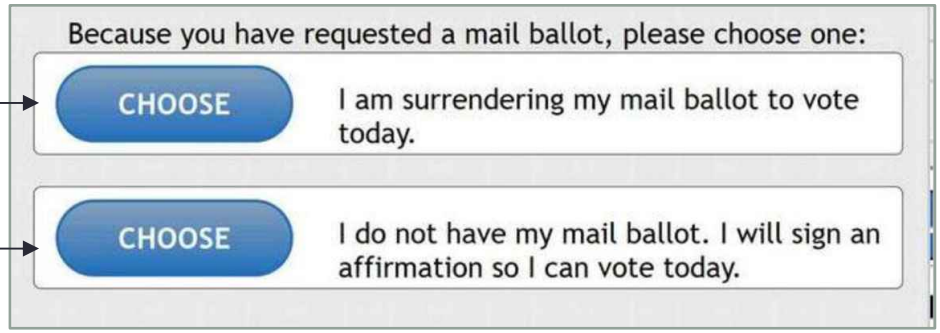


AMERICAN OVERSIGHT

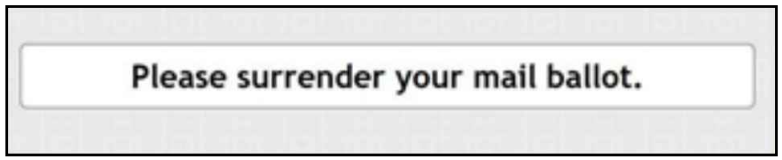
Voter Check-In ~Mail Ballot Surrendering

- The Poll Worker will see this message on the screen.

- The voter will see this on their display screen.
  - IF the voter is surrendering his/her mail ballot, he/she must touch the blue **"Choose"** button and then hand over their unvoted mail ballot.
  - IF the voter does not have his/her mail ballot to surrender at check in they must then "Choose" the second option and sign an additional affirmation that they will not use their mail ballot after voting in person.



- If Surrendering a Ballot, the voter will see this message on the display screen. The voter should hand the surrendered mail ballot to the Poll Worker



A voter can Opt-Out of receiving a mail ballot, so not EVERY Voter will receive this Mail Ballot stage at the Kiosk. A voter can also Opt-Out of voting in person and you will get a pop-up saying they are voting by Mail only if they attempt to check in at a polling location

AMERICAN OVERSIGHT

Voter Check-In ~Mail Ballot Surrendering

- If a Mail Ballot is being surrendered, the Poll Worker will see this message on their screen. The Poll Worker will accept the surrendered mail ballot from the voter and stamp it CANCELLED and deposit it into the SURRENDERED MAIL BALLOT container

- The voter will see this on the voter display screen. The voter must sign on the display screen and then touch the green **"Submit"** button. **"Submit"** button turns green after voter has signed.

- Reminder: A voter that does not surrender his/her Mail Ballot at the polling location will have an additional screen pop up for a second signature affirming that they will not use their mail in ballot.

If a voter has already shredded or tore up their ballot, we CAN still accept their surrender. Just stuff it in the SURRENDERED MAIL BALLOT container and continue on.

Voter Check-In

- Once the voter signs and submits the signature, you will see this on the screen. If the signature is a match, click on the green “Match” button.
  - If the signature does not match, either have the voter re-sign or select “No Match” and refer to page 14.
  - After confirming identity, please also ask the voter to complete a Voter Application and mail it back to the Clerk’s Office so they can update the voter roll to reflect the voter’s current signature accurately.

- Insert a voter card into the activator “Chip Up” and click the green “Continue” button.

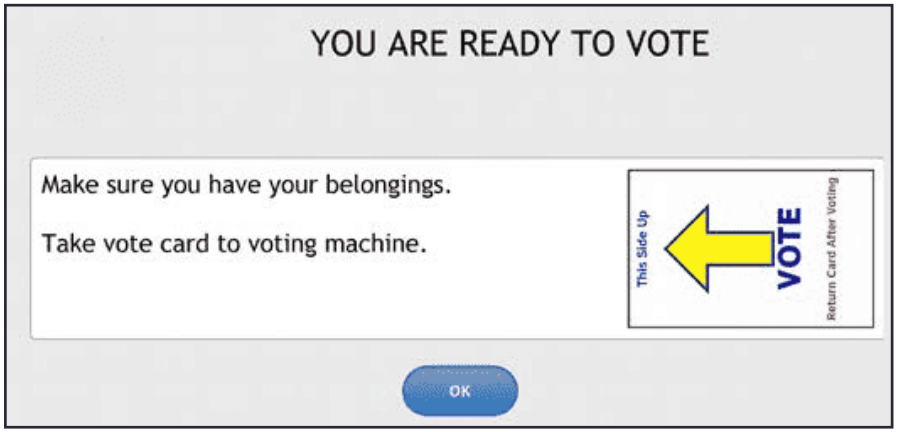
- You will see a “Creating Voter Card” message.

AMERICAN OVERSIGHT

Voter Check-In

- The “Voter checked-in” message will appear at the top of the screen.
- You will see this message to give the Voter Card to the voter in the center of the screen.

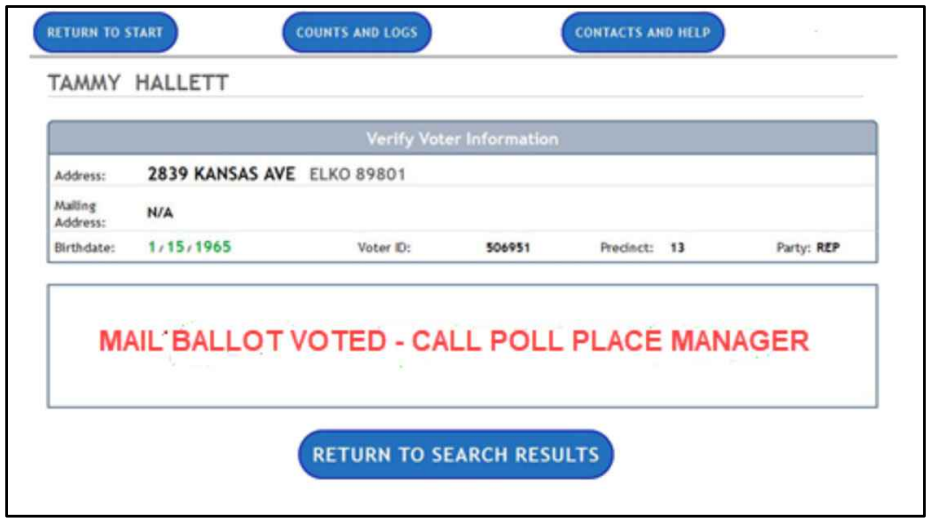
- Click on the blue “Reset Voter Display” button.
- This is what the voter will see on their tablet display screen.



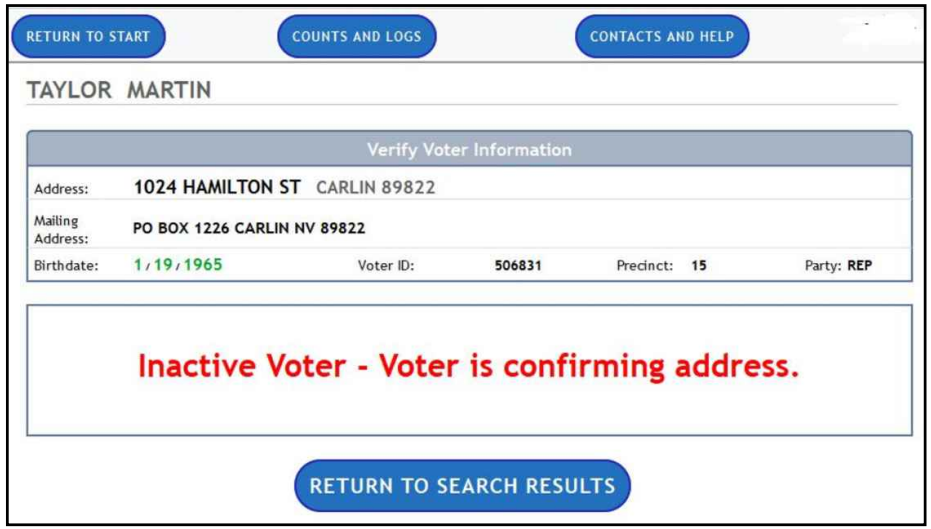
- It is at this stage that the voter’s labels will print for distribution onto the Check-In Logs. Once labels are handled you can greet your next voter to check in.

Voter Check-In

- Already Voted
  - If the Clerk's office has already received and processed a ballot this will show up on the screen.
  - A similar screen will show up if a voter has already participated in this election via Early Voting or at another election center.



- Inactive Voters
  - Inactive voters can still vote. They will have to confirm their information through the check-in process and will be categorized as a Same Day Registration.



Voter Check-In ~Signature Doesn't Match

- Once the voter signs and submits the signature, you will see this on the screen. If the signature is not a match, click on the Red "No Match" button.

Reprinting a Voter Label

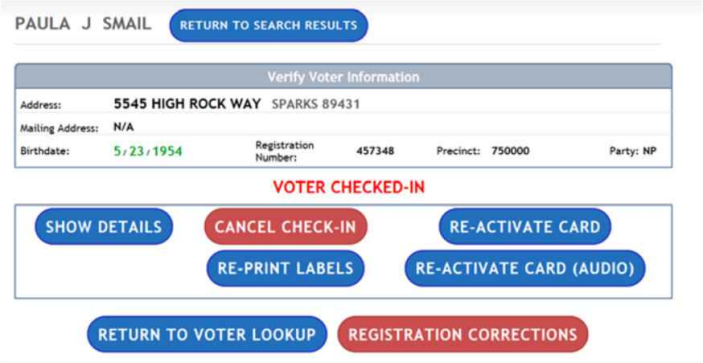
- This is what the voter will see on the display screen. Voter will need to verify information by touching on the blue "Yes" button.

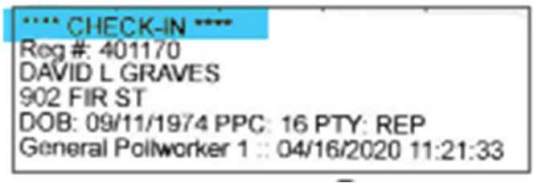
- Once the voter has verified the information, you will see this screen. Click on the blue "Re-Print Label"

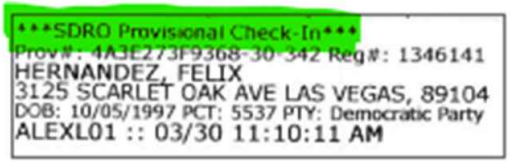


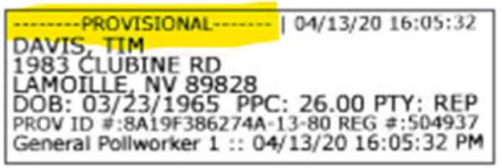
WHERE DO ALL THE LABELS GO?

- The label logs help provide us with another form of tracking and auditing our daily voter activity. There will be three label packet types at each Kiosk Station, they include:
  - **CHECK-IN** roster for every voter who voted
  - **AFFIRMATION** roster for those who did not turn in their Mail Ballot and had to sign the affirmation page.
  - **SAME DAY REGISTRATION/UPDATE (SDRI/SDRO/SDRU)** roster for those who made changes during their check in or registered at the polls.

- Label sheets will be available in the Election Binder for:
  - Provisional Voter Labels
  - Signature Update Labels







Register of Corrections

- Complete the "**Register for Corrections**" form if the voter's name has been misspelled, a wrong apartment number is listed, a duplicate voter appears on the list, the voter is deceased, etc.
- **DO NOT use this form for a name change, address change or party change**

AMERICAN OVERSIGHT

ICX

Instruct the voter:

- They can choose any of the available ICX machines to vote on.
- Insert the card face up into the yellow slot.
- Return the card to the Card Collector or Card Basket.

The ICX machines are not connected to anything but the electricity and the attached VVPAT machine specific to that ICX. We check and record all seals on the ICXs to ensure no tampering.

The VVPAT machines hold the paper rolls that record each voter's selections. This provides us with a back-up or another form of auditing if needed at a later date.

AMERICAN OVERSIGHT

Assisting the Voter

- **Machine Assistance**
  - Poll Workers can assist voters at the Kiosk or the ICX machines. Rule of thumb is to ask permission first. This is especially true with the ICX machines. Always ask the voter for permission before entering the privacy section of their voting station.

- **Physical Disability**
  - Any registered voter who has a physical disability or is unable to read or write is entitled to assistance from a consenting person. Call a Team Leader to assist.

- **Challenges**
  - A person requesting a ballot may be challenged orally by any registered voter of the precinct in which he/she is seeking to vote. (NRS 293.303). If a challenge is made, notify a Team Leader immediately.

AMERICAN OVERSIGHT

Closing The Polls after 7:00 p.m.

- **Balancing Statement**
  - The Balancing Statement must be completed and signed by all three of the group workers. Record the number of voters from the Counts/Logs screen in the Kiosks column. Count the number of Check-In Labels and record the totals in the Labels column. If the count of signatures is agreed upon, complete the Balancing Statement.

- **Voter Kiosk**
  - Turn off the voter kiosk on the back of the machine and unplug. Place the Kiosk and Activator and the power cord back into the same gray case it came in.

- **Voter Cards**
  - Place the remaining voter cards in the designated container and place in the supply box.

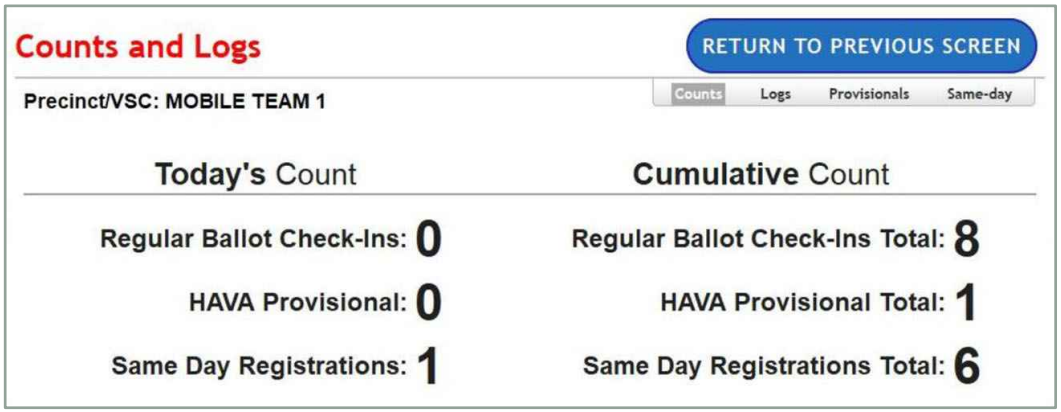
After balancing and signing the Balancing Statement, take the it to the Team Leader's table.

AMERICAN OVERSIGHT

Counts and Logs

- To view the counts and logs, click on the COUNTS/LOGS link at the top left of the screen.

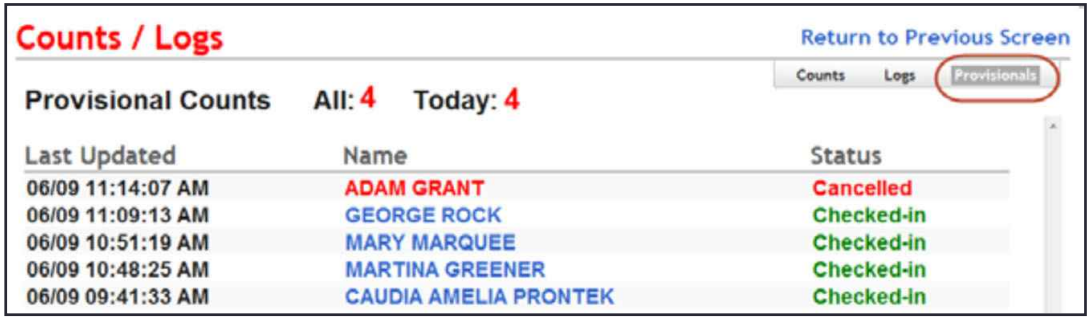
- The Counts and Logs window will open. The total number of voters checked in will appear on this screen.



Counts and Logs

- Click on the Logs tab at the top of the window. This will display a log of voter activity, it includes checked-in voters, name and address changes, as well as cancelled voter check-ins.

- Click on the Provisionals tab. A log of provisional voters will be displayed. Checked-in status indicates that the voter was checked in. Not checked-in status indicates that the process was not completed. This will only be populated if processing provisional voters through VoteSafe.



AMERICAN OVERSIGHT

Checking Out

- Assist the Team Leader in disassembling the voting machines and kiosks. Please take your time. The machines need to be packed up properly in order to ensure they make it back to the Clerk's office accordingly.
- **Reminder:** Please fill out your timecard. Your pay will be calculated in the Clerk's office and turned into the Accounts Payable Department. Payment should be received in 10 days to 2 weeks.
- Do not leave until everything is done! Check with the Team Leader to verify that all tasks have been completed before you leave.
- If you have any energy left, jump up and down for joy. Your day is over!

AMERICAN OVERSIGHT

Election Day Reminders

Polling centers are neutral zones. We do not want anyone to feel intimidated, discriminated, or victimized in our centers.

- Do not share your personal political or election related opinion please, even if the person you are speaking to my agree. There may be a bystander that can take offence. This goes for visitors as well.
- Do not wear or have in public view any political information.
- Do not have a newspaper at your table.
- Bring a cushion or pillow to sit on-the chairs are hard. Snacks or non-alcoholic beverages may also be brought if desired or needed.
- Lunch will be provided by the Clerk's office, as long as your Lunch selection sheet is returned to the Clerk's office in time.
- Dress in layers, it can be cool or hot in the buildings.

I'd be happy to do a "TIA 101" at the appropriate time. I will be in northern Nevada on a couple of occasions in October and maybe one of those would work. I'll get you some dates/times next week to see if one of those may work.

Hello Jim,

Please be introduce to Marty Johnson (copied) from JNA Consulting. Marty is our principal fiscal consultant on all elements pertaining to the effluent pipeline Tax Increment Area (TIA). Marty, please be introduced to Jim Hindle, our new Storey County Clerk/Treasurer.

Marty will gladly review the Tesla reimbursement against the TIA account and recent tax increment area development. I also ask if Marty may provide you a "101" orientation of the TIA so that you may handle the accounts appropriately.

I am happy to be of further assistance.
Thank you,
Austin

Let's shoot for the 24th around 11:00. I have to be to a meeting in south lake tahoe at 2:00 so I need enough time to get over there and grab some lunch on the way. I anticipate we'll need 45-60 minutes. If that time works let me know and I'll send an invite.

The issues are to help me:

1. understand what I need to do now that Jana has posted her to Tax Corrections and authorized refunds; and,
2. steps to correct a mis-posting of a 1Q payment and related penalty so that we can post a gentleman's 2Q payments.

Thanks again for all the time and patience yesterday, I feel I learned a lot – now I just need to use it.

I'll stay tuned for what works for you and do all I can to be flexible.

Thank you Melissa.
My notes had be going through Modules, Agenda Center, Board of Commissioners and then adding the "meeting" and uploading the Possible Quorum. I then "published immediately" and it would prompt something about sending an alert of the meeting and I would say yes.

Hope this helps. LOL

Hello, I used to know how to post through the CivicPlus but I believe we now have a new site and I am in need of some training on how to post items. Can someone please post the attached Notice of Possible Quorums onto the County's website for us. And when available, can we please arrange a time that I can be trained on how to post items from here forward?

Let me know if you have any issues or once it has been completed. Thanks!!!

Great! I will get this up today. I will send the alert, but not many people have signed up for alerts yet on the new site. I believe Ronele is sending out a social media post asking people to resign up.

Thank you Melissa.
My notes had be going through Modules, Agenda Center, Board of Commissioners and then adding the “meeting” and uploading the Possible Quorum. I then “published immediately” and it would prompt something about sending an alert of the meeting and I would say yes.

Hope this helps. LOL

Hi Heather,

I will post this, but can you tell me where is usually gets posted. Riley is out till Wednesday, and she would know. I spoke with Jim when I was in training him on the election page. He said after the election he would touch base with me, and we would schedule time to get everyone trained on the new website.

Jim – Let me know when you are ready for me to come over and train your office on the new website.

Good evening,
So I wanted to let you know when I am available for early voting.

10/22 - open
10/24 - open
10/25 - After 10am (might be earlier but not 100% sure)
10/26 - open
10/27 - only if necessary
10/28 - only if necessary
10/29 - open
10/31 - open until about 4
11/1 - open
11/2 - open
11/3 - only if necessary
11/4 - only if necessary.

I would like to help as much as I can, let me know I just wanted to let you know before training tomorrow so I can at least get some of the times as I enjoy seeing the people I grew up with and around and this is always a great way to catch up. Thank you.

Good afternoon,
We've been getting reports that some county turnout numbers are likely the combined numbers from weeks 1 & 2, instead of just week 2 (Saturday-Friday).
Please review and confirm that your numbers are correct. If they are good, please let us know.
If all you have are the combined numbers, please just subtract the numbers you sent us after week 1 and resubmit them so we can update what is posted on our page.
Thanks.

Hey Jim!

Now that you have had some time to get acquainted with our systems, I was wondering when you'd like to have a meeting with Erin Walker, our contact for our move to the cloud.

She will be able to answer the nitty-gritty questions you may have about the project and give us a demo to highlight any changes to the functionality of the program (if there are any). I have another budgeted project hinging on this one, so I am hoping to get the ball rolling as soon as possible.

I gave Erin your email address, so she may reach out to you – just a heads up😊

IT is fully on board with the project, as is Jennifer McCain. I chatted with her today about moving forward, and she mentioned she would also be happy to walk you through the financial side if you have questions.

Thank you!

Attached are amendments I am requesting to the Tyler agreement. Do you have contact information with Tyler. If so, please forward these proposed amendments to your contact and let them know that we have the agreement on the agenda for November 15 and would appreciate return of the amended agreement before then.

Jim

I have copied you on this as I understand that the Clerk's office has an interest in the agreement. This is basically an FYI

Jim,
I do not have access to set up a cashiering log in. Yet another thing we didn't think about. I think this is one of those things more than one person should have access to.

I am happy to help if I can from here.

Ha! I agree, we shouldn't be without the ability to manage, and this looks like one of those little "permissions" that wasn't on anyone's radar. OK. I'll pursue from this end with Heather and see what I can learn.

Subject: Tyler Cloud / Clerk & Recorder / Correct Pricing Breakdown

Good morning,

I received numbers from our sales gal at Tyler. See the breakdown below:

Service	FY22 Cost	New Recurring Cost	Proration Amount	Pro-rated First Year Cost if Signed Nov 2022	Notes
Tyler Eagle Recorder Annual	$15,683.68	$27,663.00	$7,841.00	$19,822.00	Split 50/50 Clerk and Recorder
Disaster Recovery Annual	$3,307.50	*Bundled with SaaS*	*Bundled with SaaS*	*Bundled with SaaS*	Recorder Only
Fraud Guard Annual	$1,653.75	2563.31*	$413.43	*$2,149.88*	Recorder Only
One-Time Transfer Fee	N/A	N/A	N/A	$9,000	Pulled from Recorder Tech Fund
TOTAL	$20,644.93	$27,663.00		9,000 Recorder Tech Fund	*Estimates
			TOTAL Due Dec. 1	$ 30,971.88	

With the $9,000 coming from the Recorder Tech Fund, that leaves the balance o21,971.88 to come out of the Capital Improvement Software Fund.

These numbers are valid if we sign in November. We would be billed for the pro-rated amount 12/1.

Jennifer, let me know if we're in the clear to move forward with this on the 11/15 Commissioner Meeting Agenda.

Hey Jim!

I just received the contract from Tyler for our project. I sent it to Keith and asked him if we can include "pending DA approval of the contract" in our agenda item. That buys us til the end of the month to iron out the details.

I'm also working on the agenda item. Having the actual numbers has helped a ton. I'll show that to you once it's complete.

Hey Brandie!

I've attached the DA-approved contract related to my agenda item for tomorrow's commissioner meeting. I will have them printed out for the commissioners and for curious members of the public, but is it too late to do an addendum or amendment to the packet online?

Thank you!

That said, I will be as flexible as possible to fit your two schedules.

Hey James!

Jim and I are hoping to connect with you about our Tyler Flip to SaaS project. We'd like to gain clarity on the benefits from an IT perspective so we can be armed with all the facts when presenting our case to the BOCC.

Please let me know if/when you have some time in the next week or so.

Thank you!

Subject: Tyler/Incode Issue!!!

Good Afternoon.
HELP! Lol
I'm trying to do a Batch Closeout through the Processing tab for today's deposit of our Treasurer receipts. Tyler is not letting me complete my End of Day Data Build for my batch due to the error regarding our District Court Holding account is inactive. It is referencing and account 001-10130-000 in the error however when I looked at the receipt we put the $500 into the District Court holding account 001-29702-000. We have used this account before and even in recent months I believe. Can either of you look into this a little further for me? I know the accounts that Alicia's uses are specific to how the District Courts accounting is set up in her court system. If I am understanding the error properly, it appears our General Ledger account is where the issue is.
I have attached the receipt with Alicia's deposit details and specific accounts in case it can help somehow.

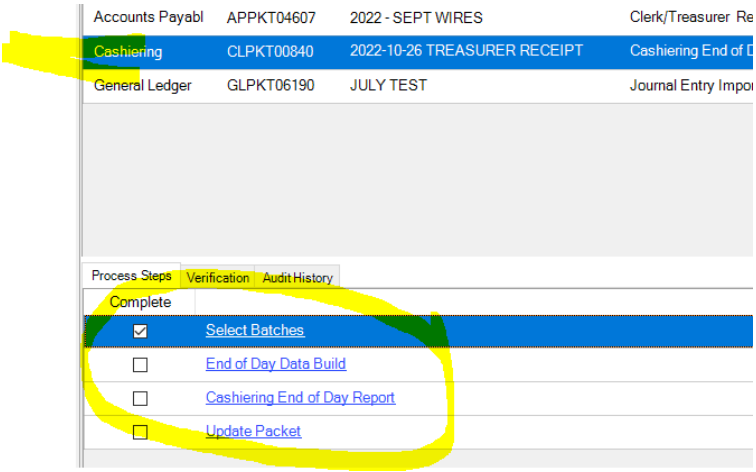
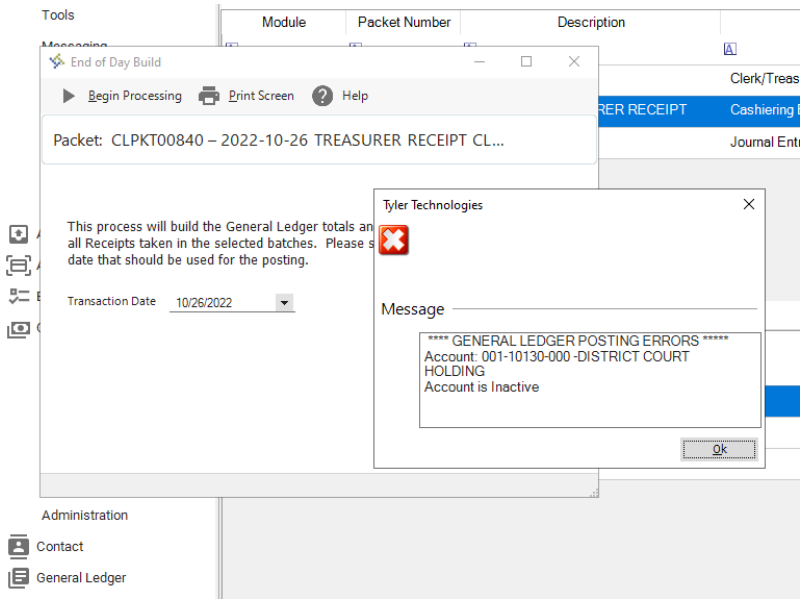
Subject: Tyler/Incode Issue!!!

Good Afternoon.
HELP! Lol
I'm trying to do a Batch Closeout through the Processing tab for today's deposit of our Treasurer receipts. Tyler is not letting me complete my End of Day Data Build for my batch due to the error regarding our District Court Holding account is inactive. It is referencing and account 001-10130-000 in the error however when I looked at the receipt we put the $500 into the District Court holding account 001-29702-000. We have used this account before and even in recent months I believe. Can either of you look into this a little further for me? I know the accounts that Alicia's uses are specific to how the District Courts accounting is set up in her court system. If I am understanding the error properly, it appears our General Ledger account is where the issue is.
I have attached the receipt with Alicia's deposit details and specific accounts in case it can help somehow.





Thanks,

I honestly don't know how this could have happened. ALL the past months' totals have remained the same as we run this report monthly, and I have compared the past 10 months. It's a difference of $2,807,476.27 total . . .

I started running reports this morning to begin working on our month end reports for the state and I noticed that our September totals are different in the report than they were last month when we worked our month ends. Below is a snip of what I am seeing now ….

AMERICAN OVERSIGHT

Monthly Activity Report
Account Summary

July 2022	August 2022	September 2022	October 2022
30.27	1,008,262.35	326,529.09	1,699,229.27
45.12	5,639.40	13,246.38	81,444.29
75.39	1,013,901.75	339,775.47	1,780,673.56
75.39	1,013,901.75	339,775.47	1,780,673.56
75.39	1,013,901.75	339,775.47	1,780,673.56

In reviewing my September prints, our month end numbers are $2,997,124.06 on the top line for Secured, and $150,127.68 on the second line for Unsecured. That is a huge difference from what the report is now showing for September . . . In reviewing the August numbers they are the same in todays report as they were last month. I don't think our September numbers should have changed and I have no clue why they did.

Cory

I just left you a voicemail advising that inv 025-391010 is the annual maintenance fee for the "annual comprehensive finance reports" this is the support and maintenance fee for the software - which provides updates and tech support etc.

Can you please advise on the short payment for inv 025-391011 - ck# 107764 dated 8/26/22 - the amount of the balance due $3,858.75 is equal to the line item price for "License SU" - are you asking to terminate that product due to the balance not being paid

Please advise

Thanks

Invoice number 025-391010 doesn't tell us what you are billing us for.
Can you please ask the billing department to be more specific?
Our Comptroller won't release payment until she knows what it's for.
What is **"Financials"** Annual Fees?

I'd be happy to do a "TIA 101" at the appropriate time. I will be in northern Nevada on a couple of occasions in October and maybe one of those would work. I'll get you some dates/times next week to see if one of those may work.

Hello Jim,

Please be introduce to Marty Johnson (copied) from JNA Consulting. Marty is our principal fiscal consultant on all elements pertaining to the effluent pipeline Tax Increment Area (TIA). Marty, please be introduced to Jim Hindle, our new Storey County Clerk/Treasurer.

Marty will gladly review the Tesla reimbursement against the TIA account and recent tax increment area development. I also ask if Marty may provide you a "101" orientation of the TIA so that you may handle the accounts appropriately.

I am happy to be of further assistance.
Thank you,
Austin

Greetings Erin:
Thanks for the time on the phone and, as I said, this is a payment for Tesla's participation in the Tax Increment Area (TIA) - Effluent Pipeline Project. If there is any further question on this let me know.

I assumed the office of Storey County Clerk/Treasurer on the 12th of this month from Dore Nevin who has left service to the county. I am working hard to learn fast. My contact info is below for any follow-ups or other inquiries you may have. I look forward to working with you and supporting Tesla over the next several years.

Good morning,

This is just a friendly reminder that the UOCAVA report that the Secretary of State needs to send to FVAP on Monday 9/26 is due by the end of this week on Friday 9/23 (see attached).

Please submit this report to our office no later than 12:00pm on 9/26 so we can report to FVAP by the close of business.

This report is also located in IP Switch in the Election Reporting Templates/10 EASE and UOCAVA Reports/10.2 UOCAVA Federal Summary – NRS 2935.320.xlsx.

You may submit the report by email or upload the report into the completed reports folder in IP Switch.

Let me know if you need assistance or have any questions.

Also, please review the emails listed below and let me know if anyone needs to be added or deleted from the list.

Thank you for your assistance.

Good morning,

Attached is the required report format for the UOCAVA report that needs to be sent to FVAP on 9/26/2022, which is the first Monday after the UOCAVA deadline of 9/23/2022.

I have also attached the 2022 Primary report that we received as an example for your reference.

Please submit this report to our office no later than 12:00pm on 9/26 so we can report to FVAP by the close of business.

Please let me know if you have any questions.

Thank you.

Hi Heather,

I am sorry to hear your are ill. That is all I need. Just the amount of UOCAVA ballots that were sent out and (if any) ballots that were not sent on by 9/24 due to a late request. Most counties are reporting "0" so I am guessing that would be the number for your county. Thank you Heather. Hope you feel better.

Staci, I am out ill today. What all is needed on the report? I can't open the attachment on my phone and don't have access to a work computer from home. I mailed out our military/overseas ballots on Friday. There was a total of 4 mailed.

The third item I have attached is the contact information I have for the County Treasurers along with your key staff. I notice that there are a lot of holes in the key staff section so if you could please let me know of any updates for your county, that would be amazing.

Lastly, we will be electing new officers for our association at this meeting. Without willing volunteers, our association will no longer exist. Please consider volunteering for the next two years to keep our association active. I will not be continuing as the Secretary/Treasurer so that position is definitely available.

Jim,

Good morning and congratulations on your election as Treasurer for Storey County. You'll find that this treasurers group as well as the groups for CFOA and ACTN are an incredibly useful resource, whether it's just to bounce a question off of the collective mind or to see how other counties are doing certain tasks or collections, you'll find answers and support pretty quickly. If you need anything from me or the Carson City Treasurer's Office, just let me know.

Please find attached our agenda for the upcoming ACTN meeting. I have also attached the meeting minutes that we will be approving from our 03/25/2022 meeting. The third item I have attached is the contact information I have for the County Treasurers along with your key staff. I notice that there are a lot of holes in the key staff section so if you could please let me know of any updates for your county, that would be amazing.

Lastly, we will be electing new officers for our association at this meeting. Without willing volunteers, our association will no longer exist. Please consider volunteering for the next two years to keep our association active. I will not be continuing as the Secretary/Treasurer so that position is definitely available.

Jim,

Good morning and congratulations on your election as Treasurer for Storey County. You'll find that this treasurers group as well as the groups for CFOA and ACTN are an incredibly useful resource, whether it's just to bounce a question off of the collective mind or to see how other counties are doing certain tasks or collections, you'll find answers and support pretty quickly. If you need anything from me or the Carson City Treasurer's Office, just let me know.

Best regards,

Andy

Please find attached our agenda for the upcoming ACTN meeting. I have also attached the meeting minutes that we will be approving from our 03/25/2022 meeting. The third item I have attached is the contact information I have for the County Treasurers along with your key staff. I notice that there are a lot of holes in the key staff section so if you could please let me know of any updates for your county, that would be amazing.

Lastly, we will be electing new officers for our association at this meeting. Without willing volunteers, our association will no longer exist. Please consider volunteering for the next two years to keep our association active. I will not be continuing as the Secretary/Treasurer so that position is definitely available.

Subject: Upcoming ACTN Meeting

Please find attached our agenda for the upcoming ACTN meeting. I have also attached the meeting minutes that we will be approving from our 03/25/2022 meeting. The third item I have attached is the contact information I have for the County Treasurers along with your key staff. I notice that there are a lot of holes in the key staff section so if you could please let me know of any updates for your county, that would be amazing.

Lastly, we will be electing new officers for our association at this meeting. Without willing volunteers, our association will no longer exist. Please consider volunteering for the next two years to keep our association active. I will not be continuing as the Secretary/Treasurer so that position is definitely available.

Roxane:
It has just come to me that I am not available this coming Tuesday morning to do training. The Board of County Commissioners meets Tuesday morning 9-Noon and I must be present. Do you have any flexibility with your time next Tuesday to target just the afternoon, or should we reschedule for another day?

Hi,
I opened your payable packet and made a few changes.
Heather, you didn't enter invoice numbers. I fixed.
Also, the Uline wasn't a late fee, it was unpaid freight charges for the original invoice. I made those notes and uploaded the original invoice.
I also separated your ICON Enterprises Invoices so each invoice number could be used, as the system won't catch duplicate payments if you don't use the vendor invoice number.
Jim,
Since I didn't change any dollar amounts, are you OK with me overriding your approval, or would you like to do it?

Good morning,
We are in the process of a Compliance Review, Security & Warranty Inspection by the USDA. This is part of the grant process for the Gold Hill Sewer Project and the Hillside Water Tanks. Many of the grant requirements are for all departments, whether or not you were directly involved in the project or its outcome. As part of the grant requirement, all letterhead must have the following disclaimer:

"In accordance with Federal law and U.S. Department of Agriculture policy, this institution is prohibited from discriminating on the basis of race,color, national origin, sex, age,or disability. (Not all prohibited bases apply to all programs.)
To file a complaint of discrimination, write USDA, Director, Office of Civil Rights, Room 326-W,Whitten Building, 1400 Independence Avenue, SW,Washington, D.C. 20250-9410 or call (202) 720-5964 (voice and TDD). USDA is an equal opportunity provider and employer."
“This institution is an equal opportunity provider."

I found it easiest to add a text box at the bottom of my letterhead and insert the text in a small font size. If your department has its own letterhead, please add the text, and email me a PDF. I would appreciate this at your earliest convenience, as we are out of compliance until this request is completed.

Thanks,
Lara

Good question Melissa – especially with the rate increase. At this time, since I am still finding things I need to know about in their forwarded emails, I think we should continue the current plan targeting termination on 12/31. At the same time, let's revisit around Thanksgiving.

How's that?

Good morning Jim,

I just wanted to touch bases with you on the forwarding of Vanessa Stephens and Dore Nevin's emails. Currently they are both scheduled to continue to forward to you until January 1, 2023. Do you want me to set a reminder about a week before to check with to see if you need them longer? Currently the email licenses are $18.96 per user but is going up to $21.46 next month. Just so you are aware. We can keep them as long as you deem necessary.

Hi Jim-

Tim and I will come in at 6:00am and grab tools and head down to Station 72. I don't have keys/access to that back room so make sure someone is there or lit is left unlocked please!

We should be on-site by 6:30 before the polls open. Worst case maybe use Tim's cellphone as a hotspot!

Always something with technology! You didn't think this was going to be easy, right?!

Subject: VCH Station 72 WiFi Problem

We just got word that the wifi equipment at the VCH fire station on Cartwright is having problems. The Poll Workers that visited the station to review set-up plans were not sure of the specific problem but said it was something to do with the power outage earlier today in the Highlands and that the wifi keeps "kicking off". Clearly I am concerned as I need to have wifi at the station tomorrow for voting. I have several other issues to resolve in our prep for tomorrow and it would really help me out if you all could look into and fix this problem.

I'm available at the office probably till well past 5, and my cell# is 775-847-0796.

Hi. It appears I had a duplicate deposit made for a VCTC account this month. Attached are the supporting documents.

Can you please reverse out $57.94 from account number 230-36700-000? … It appears this Square-Up transaction was already deposited into this account on 11/10/22 (Receipt#13040)
Also, back on 10/31/22 I emailed you about another duplicate/reversal needed. Just wanted to touch base and make sure that was handled as well. I have attached the document for that request as well.

Leah and Rebecca . . you will need to void the receipt you received yesterday #13088 because that Square-up was already deposited on 11/10/22. The amounts look different at first but it appears yesterdays transaction didn't have the fees taken off the total, whereas the deposit on 11/10/22 for $56.29 does have the fees off.

Please let me know if anyone has any questions.

Dear Mr Hindle:

My name is Jon Fasman; I'm a reporter and podcaster with The Economist. Next week I will be in Nevada reporting a podcast on the sorts of threats and pressure faced by election administrators. I wonder whether you or someone from Storey County's election office might be willing to discuss your/their experiences on our podcast if I come by your office sometime next week, betw Tues and Thurs.

Best -

Jon

I have yet to upload this item as I am searching for the language and info used for the agenda and packet last June for the Primary Canvass. I will have this done and uploaded by noon Monday 11/7.

Keith said we can have the item on the agenda without detail of the voting results as long as we provide the report detail to the public at the same time as we provide it to the Commissioners. I anticipate to have that data available to publish on the website Monday evening, 11/14, and we can present it as a PPT to the Commissioner and the public at the meeting.

Please push me Monday morning to get this done as I know the day is going be a “bad” one for me given election prep for the following day.

In Storey we are having a problem where the activation chip card from the Votec kiosks is not activating the ICX terminal for voter use. Is anyone else having a similar problem and if so, have you discovered a remedy to the malfunction? We are in communication with Votec and Dominion but have not found a remedy to date. The machines worked as designed during the Primary.

Any feedback and direction from others who have experienced something like this would be much appreciated. Call or email per the contact info below.

Hi Jim!

I've attached the instructions for re-activating the voter cards, just in case that is the issue. If an error message comes back up and you are able to snap a picture of it, you can send it over and we can see if it's an error message we've received!

Elko is having problems with our kiosks freezing when voter cards are being activated/burned. Following is the narrative from the VOTEC ticket: "I am creating this ticket to track your issue with three of your machines at one of your early voting sites running slow one that had a script error when trying to scan a card. You replaced the card reader and the issue was still happening and so you replaced all three units and things are currently running smoothly."
We have also had a couple of instances where the voter card could not be activated/burned after an address was updated. Is anyone having these issues?

Hi Jim!

I've attached the instructions for re-activating the voter cards, just in case that is the issue. If an error message comes back up and you are able to snap a picture of it, you can send it over and we can see if it's an error message we've received!

Thank you,

Thank you to all who sent recommendations and info regarding the chip card issues we've been wrestling to solve. Yesterday, around noon, the cards began to work. The concerning thing is that we not sure why as we had not changed anything. The normal process of cards programmed by the Votec kiosk activating the ICX continues operate properly today. We continue to investigate the root of the problem, but wanted to let everyone know the status. Again, thank you to everyone for your input and guidance. When, if, we find out the real problem, we'll let everyone know.

Also in the Primary we found that if we did not enter the poll worker card at the beginning of the day when we powered up the machines would not recognize the voter cards.

You don't often get email from jhindle@storeycounty.org. Learn why this is important

In Storey we are having a problem where the activation chip card from the Votec kiosks is not activating the ICX terminal for voter use. Is anyone else having a similar problem and if so, have you discovered a remedy to the malfunction? We are in communication with Votec and Dominion but have not found a remedy to date. The machines worked as designed during the Primary.

Any feedback and direction from others who have experienced something like this would be much appreciated. Call or email per the contact info below.

Also the other thing that can sometimes cause issues is if the chips on the back of the voter cards get grimy they can stop working. Are workers are trained to wipe the cards periodically with one of those eyeglass cleaner soft material sheets that we get from the vendors at conferences. Again that is not a consistent problem but it has happened.

Jim – I can't say for sure as we do not use the Technician card at all after polls are open. During the voting period only the poll worker card and its code are used for both the ICXs and Kiosks. I don't know if the difference in the access permissions would create an issue or not. Perhaps Megan could clarify?

AMERICAN OVERSIGHT

You don't often get email from jhindle@storeycounty.org. Learn why this is important

In Storey we are having a problem where the activation chip card from the Votec kiosks is not activating the ICX terminal for voter use. Is anyone else having a similar problem and if so, have you discovered a remedy to the malfunction? We are in communication with Votec and Dominion but have not found a remedy to date. The machines worked as designed during the Primary.

Any feedback and direction from others who have experienced something like this would be much appreciated. Call or email per the contact info below.

Nicole – Thanks for the idea. That is our next troubleshooting step that was just recommended by Votec. We'll see if that works.

Have you tried redownloading your jar file and reinstalling it? This happened to me a couple of years ago that that was able to fix it for me. Good luck

Tami and Lacey, are you referring the pollworker cards in the morning with the ICX or the Kiosks?

Jim – I can't say for sure as we do not use the Technician card at all after polls are open. During the voting period only the poll worker card and its code are used for both the ICXs and Kiosks. I don't know if the difference in the access permissions would create an issue or not. Perhaps Megan could clarify?

Tami – interesting idea. Our kiosks ask for the "Poll Manager" card and we use the "Technician" card and code. Other than just terms, is this different from your process?

Also in the Primary we found that if we did not enter the poll worker card at the beginning of the day when we powered up the machines would not recognize the voter cards.

You may want to ensure that the time on the kiosk is set ahead of the time on the ICX machines by 5 minutes.

This is great, thank you!

Also, is it possible to get election data for the '20, '18, and '16 elections by precinct in spreadsheet format?

Hi Jennifer and Cory,

I wasn't sure who to send this to now that Dore is no longer with Storey County. Attached is the deposit slip plus backup for the deposit that I made today.

$1,395.69 is Rail Bike Revenue
$10,000 is Train Charter Revenue
$2,694.83 is Professional Services Revenue

Hi Jennifer and Cory,

I wasn't sure who to send this to now that Dore is no longer with Storey County. Attached is the deposit slip plus backup for the deposit that I made today.

$1,395.69 is Rail Bike Revenue
$10,000 is Train Charter Revenue
$2,694.83 is Professional Services Revenue

Please let me know if you have any questions!

Thanks,

I wasn't sure who to send this to now that Dore is no longer with Storey County. Attached is the deposit slip plus backup for the deposit that I made today.

$1,395.69 is Rail Bike Revenue
$10,000 is Train Charter Revenue
$2,694.83 is Professional Services Revenue

Please let me know if you have any questions!

Thanks,

Hi Jennifer,

I have a correction for this deposit. The rail bike revenue and the train revenue will remain the same. However, the additional amount should be broken down as follows:

$2,000 is Atypical's services
$535.93 is for a photobooth
$158.90 is a deposit for event rentals

The $2,000 should be credited to professional services (221-221-53070-000). The other two amounts should be credited to Special Event Expenses (221-221-53060-000).

Please let me know if you have any questions about this. Thanks!

Here are the revenue reconciliations for July and August. There were some gift cards used in August which are revenue now with a reduction to the deferred liability. I have included the GL accounts alongside the dollar amounts. These are what I have put into my spreadsheet.

For July, there is only a single tab. For August, it is split into several tabs but the revenue reconciliation is on the Summary tab.

I made an assumption on the $5,000.00 debit on 7/25 related to the 7/11 deposit that the first check from Roy Street for the Drako property should have been $32,274.12 not the $37,274.12 initially reported. That is the only thing that makes sense, but the bank won't talk to me because I don't have the right user codes.

There is also a bounced check from Freedom Rail in August. That will need to be backed out of the revenues as a debit to 34700-235.

Let me know if you have any questions.

Thank you James,

AMERICAN OVERSIGHT

Our software is currently down. I will get on this when it is back up.

The missing license plate is on the July bank statement. It was deposited 7/19/22. I will add this to the License plate report but not the 21-22 financials.

I also attached the July and August bank statements. Dore is leaving the County, today is actually her last day. I will be doing the bank for these two months and maybe beyond. Dore is forwarding me any revenue information you sent her.

Hi Jennifer,

I am attaching the train revenues for FY 22. They aren't really a catch all as I have reconciled the Fare Harbor revenues along with all of the other revenues to the bank statements. I am not sure where the $1,088.18 came from but I think it needs to be removed from revenue and cash.

I fixed the small amount in the other revenue on my side (it was the fee revenue from the gift card from last July). The License Plate revenue was received in July, so it might be posted to FY 23 in Tyler, but I don't think anything has been posted yet since the report we received from Cory did not include any revenues.

On the expense side, I think there is a problem with the way the phone payment was made to the credit card on March 4th along with the payment made on April 28th. In total, we are off only $7.47 which is the interest/late fee credit on 4/28. I marked the adjustments needed on the sheet you sent. The only variance left would be on the 53031 late fees where an additional $7.47 would need to be recorded. I have included the breakout of the late fees on the various statements on the attached spreadsheet. I am also including the amount for the furniture that was processed in April but is a different amount on the Tyler download you sent earlier this week.

With these adjustments, we should be good to go.

Thanks,
Jim

Jim,
Attached is comparison between our two systems as close as I am going to get tonight.
I took that $33,179.10 and corrected Dec Revenues and divided it across the revenues that didn't balance. I thought this was safe since the catch all revenue has been 221-34700-000.

Other Revenues, we are off on:
license plate, I just don't see the deposit for $1083.29, was it maybe in July?
cap ticket sales is off $1088 and this could be where the license plate money is, but just need to find it.

For the Misc rev my GL was backwards I will fix that tomorrow.

On expenses we are off on:
Dues by $208
Furniture (156.47)
Advertising (59.00)

We are very close.

I have also attached a budget to actual report after my GL's.

Please review and if you are ok, I will send reports to Suzanne.

Jennifer

Hi Jennifer,

Yes, I want to show the gross revenues and fees as expenses. The gross revenues are required for the reporting for PEX.

My revenues are already grossed up so we should be pretty close. I did have to gross up the retail and parking for the Square payments and add the extra fees. I am attaching my latest numbers.

We should be pretty close.

Thanks,
Jim

Jim,
The Revenue from the fees was never recorded. So are you in agreement to record the Fee expense I will increase the revenue which adds to the cash then increase the expense which will decrease the cash having a net zero on cash. Just want to be sure before I do this because I will show more revenue than you.

Hi Jennifer,

I see the problem now. I found an email to Vanessa and you on January 25th showing the revenue breakdowns for August through November. Those numbers were not matched up against the bank statement. I have attached the correct numbers for October and November and showed how they balance to the bank statements. In total, off by $0.01 due to a rounding in the fee calculation.

More clarification in RED below.

Hopefully, this will resolve things.

Thanks,
Jim

Jim,
A few questions on your revenue breakdown.

Line 68 states Nov Rev too high in the amount of $18,026.15. Attached is the Nov bank statement with total credits of $149,687.21. Two of these deposits were for License plates totaling $2089.93 making the total credits $147,597.28. Your spreadsheet (line 68) says WF Nov Rev too high $18,026.15 making Nov revenue match the top of your sheet at $129,571.13. I do not know enough about your revenues to know what to do with the $18,026.15 that went into the bank?

$12,026.15 are square deposits which are parking and retail. $6,000 is VTRR rental income for Engine 18. See attached 2021-11 vtrailway-payouts.

AMERICAN OVERSIGHT

Then on lines 66 you say “journal entry is too much for PEX” and **on Line 68** you say “too low Nov PEX”. I have attached are the backups (I assume from the V&T) for both months and the entry we did. Now are you saying this is wrong and I should adjust according to this spreadsheet?

This is because the original amounts were posted from the incorrect file. The original file had PEX for November as $117,074.95 which matches Tyler. The correct amount should have been $127,036.31 according to the attached file 2021-11 vtrailway-payouts. The difference is $9,961.36. For October, the original amount was $190,819.08 which matches Tyler. The correct amount is $181,212.62 according to the attached file 2021-10 vtrailway-payouts. The difference is $9,606.46.

On line72 12/31 Ret/Pkg the amount you have listed is $33,179.10. Maybe I need a break but I the breakdown (PEX retail&ParkingRev) you gave me is much more than this. Also, the deposit breakdown from Allyson is higher than the bank has the deposits. I am not seeing what you want done with this. I’ll think on this some more but insight might save me some frustration.

I am not sure where the $33,179.10 came from. I can't find any email with that amount in it. I can get pretty close taking the four months sent on January 25th for parking and adding the two entries for parking on December 31 ($5,053 + $3,234 which totals $33,762.96) but I cannot get to that amount. All I know is that parking and retail should not be in 34700-000 since we only do parking and retail for PEX. Total parking is $37,117 (line 39 of sheet 2) and total retail is $44,222 which is on line 57.

Line 75 says Exp Reimb in the amount of $2065.67 and references Carla Wilson. Yesterday I understood the amount of the refund was the all to the Casual labor PEX, today it is split between Operating PEX at $479.33 and Casual Labor balance? $1586.34?

There was a charge by Carla for $479.33 for PEX operating and an overpayment in labor of $2545.00. The net of $2,065.67 was deposited. GL 51021 needs a credit of $2,545 and GL 53024-232 needs a charge $479.33. The $8,944.84 in line 75 shows the deposit total for lines 74 ($6,879.17) and 75 ($2,065.67) which were a single deposit at the bank.

If you can get me these answers I think we are close to being on the same page.

Thank you,
Jennifer

Here is an updated spreadsheet with the revenues reconciled. There are notes and tables on Sheet 2 for most of the reconciling items. This email includes December deposits. I missed the credit card fees on the parking and retail. I have adjusted my spreadsheet to match what is attached.

The only place where I am off is 53014 ($208) and 53601 (-$59). I still think this has something to do with the credit card statements where we were not paying timely. That also affects 53031. I know there was a checking service charge of $14.27 in January and a $2.34 late fee/interest in April that I never saw reversed.

This should pretty much wrap up our differences.

Thanks again for all your help.

Perfect Melissa;
I know that Jim is planning to reach out to schedule that training with you, so I'll leave that up to him.
In the meantime, we were updating the hours to read from 9:00am-11:45am (instead of 12:00 noon) \
We were also adding a special statement that we will be closed Thursday and Friday, November 24th and 25th for the Thanksgiving Holiday.

Thank you!

Hi Rebecca,

I need to come in and give your office a full training on editing content and give individual log ins. I am waiting for Jim to let me know when you guys are ready to schedule that. I do not know if you are missing a step because I haven't been there to give the training. If you would like to forward me the changes I can make them for you today. I am out of the office the rest of the week, but am available next week on Tuesday afternoon and anytime Wednesday and Thursday.

Hi – quick question…
Jim showed me how to edit the clerk's page for DMV services and together we made a small change here:https://cms5.revize.com/revize/storeycounty/government/departments/clerk/department_of_motor_vehicles.php
However, the change that we made is not showing up when I go to check the page on my computer.
I wonder if there is a step we are missing. After making the changes we tap save and get the 'publishing' pop up…

Thanks for your help!

On the agenda page, it goes from 8/4/22 Notice of Possible Quorum to the 11/2/22 meeting – nothing in between. That's why I asked.

Hello Ronele,
The agenda is posted to the website and appears to be linked okay. It's below for reference. Yes, please feel free to post again that the new website is live. The earlier one should have been good notice too. Thanks, A

Morning –

We saw that the new website is now live. We wanted to give it a bit of time before we posted on social media about it being live. Could we schedule out a post for tomorrow?

Also, just making sure we didn't miss a follow up to any County Commissioner meetings in October but in looking at the agendas online, there's nothing for October. Again, just wanted to confirm.

Subject: wEdge error pulling up parcels

Hello everyone,

We are aware of an issue when pulling up some parcels in wEdge. This was due to a change in a component field to allow for decimals where it was only allowing an integer previously. This was creating scenarios where it was rounding when it shouldn't on some components. This was fixed in the application but it did not get transferred to the wEdge team and as such, we are experiencing the errors there.

We are working to correct this immediately. As I mentioned, this is only affecting parcels where components were needing the decimal place and where it is present on the parcel. So spot checking can get mixed results. We will alert you all once this has been addressed.

Thank you

Good afternoon everyone.

Please find attached Jackie Nichols' memorandum regarding evidence preservation and spoilation. My apologies for the length of time it has taken to get this to you.

Please share this memorandum with your respective legal counsel. To my knowledge, there is no active litigation involving any POOL members. However, as Jackie's memorandum states, it would behoove the members to preserve responsive records to the greatest extent possible. Better to be safe than sorry, so they say.

If you have any questions about this, please let me know.

Good evening everyone.

Davies Claims Solutions (formerly Alternative Service Concepts) is the third party administrator for the Nevada Public Agency Insurance Pool. You are receiving this email because your respective entities are members of NPAIP.

Wendy Maddox reported the above referenced request to preserve records to Marshall Smith at NPAIP. The POOL has retained Jackie Nichols with Marquis Aurbach to prepare a memorandum of law to be distributed to you all to promote a consistent policy amongst NPAIP members. We ask that you do not shred any documents until the memorandum is distributed to you. I am hoping to have it this week. You will note from Jackie's email below that she agrees with Mark Wlaschin's analysis.

Please forward this email to your respective District Attorneys to advise them of this and copy anyone else within your entities who may have a need to know.

Also, may I ask that you forward me the requests each of your entities received?

Thank you very much.

Hi Donna,

In reviewing this, I agree with analysis by Mark Wlaschin. I would say that the statute requiring destruction controls, unless there is a good faith reason to believe that litigation will ensue. I have not seen those letters to any other clients. But I can get you a quick memo on the law regarding destruction of evidence in Nevada.

Subject: RE: Weekend Update

Good morning,
In case it helps, here are a few considerations in determining whether a litigation hold notice is sufficient to require a person to preserve records. These are the things your DA will likely be considering, and they are provided here so you understand what the DAGs and I talked about.
The Sedona Conference is a conference that opines on electronic discovery issues that arise in litigation. They are widely viewed as a leading authority on electronic discovery issues. They've explained that the duty to preserve following a threat of litigation should focus on whether the litigation is credible. Factors they've identified for that analysis include:

- The nature and specificity of the notice of potential claim or threat
- The person or entity making the claim
- The business relationship between the accused and accusing parties
- Whether the threat is direct, implied, or inferred
- Whether the party or counsel making the claim is known to be aggressive or litigious
- Whether a party who could assert a claim is aware of the claim
- The strength, scope, or value of a known, reasonably anticipated, or threatened claim
- Whether the organization has knowledge or information about similar claims
- The relevant experience in the industry with regard to such claims
- Reputable press or industry coverage of the issue, either directly pertaining to the organization or regarding complaints against others similarly situated
- Whether a party has retained counsel or is seeking advice of counsel in connection with defending against or filing a claim
- Whether an organization that is considering bringing a claim has begun to mark documents to indicate that they fall under the work-product doctrine
- Whether a potential claimant has sent or received a demand, cease-and-desist, or complaint letter

If a court concludes that a party should have preserved materials but didn't, it can impose sanctions ranging from telling a jury that they should infer from the fact of shredding/deletion that there was damaging information in the deleted materials, to imposing case-concluding sanctions and deciding against the party that shredded/deleted the materials.

Ultimately, the discussion between you and your DA will come down to the mandatory deletion language in NRS 293.391, and whether or not a specific demand to retain the documents is legitimate based on the above considerations. Even if you decide it's not, unfortunately there's always the risk a court could disagree.

Reading over this now, I don't know if it helps much, but please let me know if you have any questions.

Happy Labor Day.

In reference to #2 below, I am curious which Counties have received a request to keep records from the 2020 Election. We received one and are in discussion with our DA on how to proceed.

If you received one, are you going to keep the election material or do you plan to destroy it based on the request not being legitimate?

If you prefer to text me instead of email, I would be fine with that. 775-291-2123.

Thanks,

Good afternoon.
Here are a couple minor updates in red regarding the topics I notified you about on Friday:

1. *No update yet regarding the challenge of AG candidate John Kennedy. I turned in what I had to the DAGs and they provided it to the courts on Friday afternoon ~4:45 pm. If I hear anything, one way or the other, I will be sure to let you know and keep you as updated as possible. It sounds like the next step will be a hearing on Tuesday or Wednesday to discuss the next steps. I will be sure to get the text for the signs for your polling locations as soon as possible. Libertarian AG candidate John Kennedy is not a lawyer. This was only identified to us a few weeks ago, well after the challenge period, by one of the other candidates Ms. Sigal Chattah. We are not legally able to do anything at this point without a court order (the challenge period ended the first week of April). Yesterday afternoon, during the first hearing,**the judge asked us to inquire about how much it would cost, or if it would even be possible to put an extra notice in the mail ballots that states he is unqualified to be AG and to ignore him**. I've started calling and asking some of you for quotes and will be in touch today. If you are able to get that, please email, call, or text me so I can compile the information for the courts. **If directed by the courts to do this, we will provide the finalized language for both the mail ballot notice, as well as the signs**. At a minimum, there will be a requirement for signs to be posted, similar to what we did during the Primary when the same thing happened with the DEM AG candidate Mr. Mackie.
2. *A legitimate-looking request came in to at least one county about retention of 2020 general election materials. I've copy/pasted from the email below. If you get this request, please let me know and start discussing it with your DA to determine if it is legitimate enough to warrant preservation of materials from the 2020 general election beyond the 22 month retention period. It came from**Karine Sarkisian** <Karine.Sarkisian@kennedyslaw.com> but it looks to be limited to Dominion Voting Systems and may not be sent to Carson City (possibly Lander though since Lander had been using DVS back during the 2020 general election).We have received a number of different form letters purporting to be legal documents that demand the retention of materials from the 2020 election cycle beyond the 22 months identified in federal and state law. I understand that many of you have as well. To date, we do not believe we have received a valid and legitimate request that would actually require such an action on the part of the Secretary of State. As we all continue to get these type of form letters, please remember that each requests warrants a separate examination between you and your County DA in order to determine if it is legitimate. Things your DA may want to consider include the mandatory destruction language inNRS 293.391(1) which states, "*All materials described by this subsection must be preserved for at least 22 months, and**all such sealed materials must be destroyed immediately after the preservation period**. A notice of the destruction must be published by the clerk in at least one newspaper of general circulation in the county not less than 2 weeks before the destruction*" and also legal sources relating to when a party reasonably anticipates litigation such that materials must be preserved.

Here's the text of the request:

> DearSir or Madam:
> Our firm represents Sidney Powell, Esquire, and/or Sidney Powell, P.C. in connection with the following matters:*US Dominion, Inc. et al. v. Sidney Powell, et al.*(21-CV-0040 (CJN) (D.C.C.));*Smartmatic USA, Corp. v. Sidney Powell* (21-cv-02995 (CJN) (D.C.C.));*Majed Khalil v. Fox News Corporation, et al.* (21-cv-10248) (LLS) (S.D.N.Y.)); and*Eric Coomer v. Donald J. Trump for President, et al*. (20-cv-34319(Col. Dist. Ct.)) (the "Lawsuits"). Among the issues in the Lawsuits are the tabulation of votes in the 2020 Presidential Election (the "Election") by voting machines manufactured by US Dominion, Inc., Dominion Voting Systems, Inc. and/or Dominion Voting Systems Corporation; the operation of such machines; any logs kept by the machine hard drives and any monitoring/EDR systems or capabilities then existing in connection with those machines and access to those machines; any security measures implemented for any potential vulnerabilities of those machines, and the software they employed. Similar issues also involve voting machine software manufactured by Smartmatic USA, Inc. (together with the Dominion voting machines, collectively referred to as the "Voting Equipment"). This county has been identified as having possession, custody, and/or control of relevant documents, records, objects and/or or electronically stored information (ESI) relating to the Lawsuits, and you have been identified as an appropriate county election official to contact in connection with the possession, custody, and/or control of such information. We request that you undertake all actions to preserve, physically and forensically, all such information.
> In particular, we request that you preserve all copies (hard and electronic copies) of all documents, objects, and ESI relating to the use of Voting Equipment in the Election, including the Voting Equipment itself. For the purposes of this request, ESI includes, but is not limited to, databases, networks, computer systems (including legacy systems), servers, archives, backup and disaster recovery systems, tapes, disks, drives, cartridges, laptops, internet records, EDR or other monitoring detection services or capabilities, and/or other storage media relating to the Voting Equipment and its use in the Election. The term "documents" includes, but is not limited to, handwritten notes, summaries, letters, E-mails, correspondence, memoranda,

reports, tabulations, calculations, external and internal literature, notes, charts, and drafts of all such documents that mention or relate to the use of Voting Equipment in the Election. The foregoing list is not exhaustive; it is provided by way of example only, and all documents relating in any way to the use of Voting Equipment in the Election should be preserved. In furtherance of this request, please suspend all scheduled destructions, exfiltration, spoliation, and/or deletion, automated or otherwise, in the county's systems and/or the Voting Equipment pertaining to the requested information. If you are not sure whether particular documents, records and/or ESI should be retained, please err on the side of caution.
To the extent that you do not comply with this request, we reserve all rights under applicable law. Thankyouforyouranticipated cooperation.

3. We have also seen requests for 2020 general election ballot images and the CVR. The CVR, as previously identified (see attached), is a document that may be provided to the public. Ballot images are not. If you or your legal counsel have any questions about either of these matters, please don't hesitate to reach out. Thanks.
4. We're updating our formal guidance about stamping "cancelled" on mail ballots and will have that out next week. The big change is that the stamp has to be on the ballot itself, and cannot just be on the envelope.

Please let me know if you have any questions.

MASTER TERMS AND CONDITIONS ("TERMS")

THESE MASTER TERMS AND CONDITIONS, INCLUDING ANY EXHIBITS, SCHEDULES AND ATTACHMENTS, SET FORTH THE TERMS AND CONDITIONS UNDER WHICH COMPANY AGREES TO PROVIDE SOFTWARE AND SERVICES AND ARE MADE A PART OF ALL STATEMENTS OF WORK ("SOW") COLLECTIVELY, THE "AGREEMENT".

1. TERMS. These Terms shall remain in effect for the full term of the Agreement. Any counteroffer, proposed addition to, or supplement of the Terms is hereby expressly rejected unless in writing and agreed to by the Company.

2. SOFTWARE AND SERVICES. Customer agrees to buy and/or license (as applicable), and Company agrees to deliver (as applicable) (a) the professional consulting services ("Services"), (b) software ("Software"), including any documentation thereto, (c) Software Support Level Agreement ("SLA"), and (d) Cloud Service Agreement, if applicable, as described in the separate Statements of Work, Contracts, Change Orders, or other such documents signed by authorized representatives of both parties (collectively the "Software and Services").

3. SOFTWARE LICENSE. Customer accepts license of Software in accordance with the terms of the applicable Licensor End User License Agreement ("EULA"). Ownership of intellectual property rights in the Software is set forth in the applicable EULA. As between said Licensor and Customer, Licensor shall retain all right, title and interest, including all intellectual property rights, in and to all documentation, code and data. Except as expressly set forth in these Terms, any warranties, obligations and liabilities of Licensor in relation to Software are set forth in the applicable EULA.

4. SERVICES. Services provided by Naviant, Inc. ("Company") shall be as described in the Agreement. Any work product that is a result of Services provided by Company remains the intellectual property of Company. Customer will have a perpetual, non-exclusive, revocable right to use said work product for the period of time that the work product is in use by Customer, but shall have no right to resell, transfer or assign the same. Company warrants to Customer that it possesses the necessary expertise, capability, equipment and personnel to properly and professionally perform the Services hereunder, that it is properly and legally licensed (if applicable) to perform the Services, and that it shall at all times in the performance of the Services comply with all applicable laws, ordinances and regulations and shall perform all Services in a good, workmanlike, professional and efficient manner.

5. MAINTENANCE AND SUPPORT. Customer agrees to abide by the provisions set forth in the SLA Provisions located at www.naviant.com/services/tech-support-onbase.

6. PRICE. Customer shall pay the agreed upon amounts for the Software and Services without setoff or deduction in accordance with the payment terms set forth in the Statement of Work. Such Prices generally exclude any excise, sales, use or like taxes, and therefore such prices are subject to increase in the amount of any such tax (excluding tax on net income) that Company may be required to collect or pay upon the sale of Software or performance of Services. Prices are, and all payments shall be made, in U. S. dollars. Customer shall pay Company's reasonable travel expenses associated with the performance of Services.

7. PAYMENT TERMS. Unless stated differently in the SOW, the Company follows the billing cycle and service period of the Software Licensor for Subscription Software, Manufacturer Software Maintenance, Cloud Hosting, and other recuring billings. This includes billings for the initial order and any subsequent add-on orders. Payments are due within twenty (20) days of date of invoice. Past due amounts bear interest at a rate of one and one-half percent (1 ½%) per month or at the maximum rate allowed by law, whichever is less. Company reserves the right to cancel or reschedule performance of Services if Customer fails to make any payment when due. Customer shall be liable for all expenses attendant to collection of past due amounts due Company, including actual attorney's fees.

8. PERFORMANCE. Company shall use commercially reasonable efforts to deliver the Software and perform the Services in accordance with any agreed upon performance date(s). However, Company does not guarantee compliance with any such date(s) and Customer agrees that Company shall not be liable for any damages as a result of any delay in delivery or performance for any reason. If Services are to be performed on Customer's premises, Customer shall keep such premises safe and accessible to Company during business hours, and Customer warrants that each such premises is in compliance with all applicable health and safety regulations and other applicable laws and regulations. Customer shall indemnify and hold Company harmless from any claims arising from Customer's failure to comply with such laws and regulations or due to breach of the warranty set forth in the preceding sentence.

9. LIMITED WARRANTIES–SERVICES. COMPANY WARRANTS TO CUSTOMER THAT ALL SERVICES PERFORMED BY COMPANY SHALL BE PERFORMED IN A WORKMANLIKE MANNER. COMPANY WARRANTS FOR A PERIOD OF THIRTY (30) DAYS AFTER PROJECT COMPLETION THAT THE SERVICES ARE IN COMPLIANCE WITH THE AGREEMENT. CUSTOMER'S EXCLUSIVE REMEDY AND COMPANY'S SOLE LIABILITY FOR ANY BREACH OF THE FOREGOING SERVICE WARRANTY SHALL BE THE RE-PERFORMANCE OF THE APPLICABLE SERVICES, FAILING WHICH, AT COMPANY'S OPTION, COMPANY SHALL REFUND THE PORTION OF FEES PAID WHICH RELATE TO THE SPECIFIC NON-CONFORMING SERVICES. **THE EXPRESS WARRANTIES IN THIS SECTION ARE IN LIEU OF, AND COMPANY HEREBY EXPRESSLY DISCLAIMS, ALL OTHER WARRANTIES IN RELATION TO THE SERVICES, EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, THE WARRANTIES OF MERCHANTABILITY, NONINFRINGEMENT, PROFITABILITY AND FITNESS FOR A PARTICULAR PURPOSE**.

10. LIMITED WARRANTY-SOFTWARE. COMPANY PASSES ON TO CUSTOMER, IF POSSIBLE, ANY WARRANTY OFFERED BY THE SOFTWARE LICENSOR. SHOULD THE SOFTWARE NOT OPERATE, YOUR EXCLUSIVE REMEDY SHALL BE AS PROVIDED BY THE SOFTWARE LICENSOR'S WARRANTY. EXCEPT AS EXPLICITLY PROVIDED HEREIN, THE SOFTWARE IS PROVIDED **"AS IS"** AND, TO THE MAXIMUM EXTENT PERMITTED BY LAW, **WITHOUT WARRANTY OF ANY KIND, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, WARRANTIES OF NON-INFRINGEMENT, PERFORMANCE, MERCHANTABILITY, OR FITNESS FOR A PARTICULAR PURPOSE**. COMPANY DOES NOT WARRANT THAT THE SOFTWARE OR ITS FUNCTIONS WILL MEET CUSTOMER'S REQUIREMENTS, OPERATE WITHOUT INTERRUPTION OR BE ERROR FREE. CUSTOMER BEARS ALL RISK RELATING TO CUSTOMER'S USE OF THE SOFTWARE.

11. LIMITATION OF LIABILITY. **COMPANY SHALL NOT BE LIABLE FOR ANY LOSS OR DAMAGE CAUSED BY DELAY IN FURNISHING THE SERVICES OR THE SOFTWARE. COMPANY SHALL NOT BE LIABLE FOR ANY LOSS, DESTRUCTION, OR DAMAGE TO ANY DOCUMENTS OR DATA OF CUSTOMER, HOWEVER CAUSED. IT IS UNDERSTOOD AND AGREED BY THE CUSTOMER THAT COMPANY IS NOT AN INSURER. COMPANY STRONGLY ENCOURAGES CUSTOMER TO INSURE FOR THE RECOVERY OF THE INFORMATION CONTAINED WITHIN THEIR DOCUMENTS AND DATA VIA**

AVAILABLE MEANS, SUCH AS VALUABLE PAPERS INSURANCE AND CYBER LIABILITY INSURANCE. NOTWITHSTANDING ANYTHING TO THE CONTRARY IN THIS SECTION, IN NO EVENT SHALL COMPANY BE LIABLE TO CUSTOMER OR ANY THIRD PARTY FOR ANY SPECIAL, CONSEQUENTIAL, INCIDENTAL, PUNITIVE, INDIRECT OR SIMILAR DAMAGES (INCLUDING, WITHOUT LIMITATION, LOST PROFITS, LOSS OF USE, LOSS OF REVENUE, DATA LOSS OR OTHER LOSSES ARISING FROM VIRUSES, RANSOMWARE, CYBERATTACKS OR FAILURES OR INTERRUPTIONS TO NETWORK SYSTEMS) ARISING OUT OF THIS AGREEMENT (WHETHER FOR BREACH OF AGREEMENT, TORT, NEGLIGENCE OR OTHER FORM OF ACTION), OR ITS CANCELLATION, IRRESPECTIVE OF WHETHER COMPANY HAS BEEN ADVISED OF THE POSSIBILITY OF ANY SUCH LOSS OR DAMAGE. TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, IN NO EVENT SHALL COMPANY'S AGGREGATE LIABILITY UNDER THIS AGREEMENT EXCEED THE AMOUNT PAID BY CUSTOMER DURING THE TWELVE (12) MONTH PERIOD IMMEDIATELY PRECEDING THE OCCURRENCE OF THE EVENT DIRECTLY GIVING RISE TO THE LIABILITY. THE PARTIES AGREE THAT THE LIMITATIONS ON LIABILITY SET FORTH IN THE TERMS ARE INDEPENDENT OF ANY EXCLUSIVE OR LIMITED REMEDIES AND SHALL SURVIVE AND APPLY EVEN IF SUCH REMEDIES ARE FOUND TO HAVE FAILED OF THEIR ESSENTIAL PURPOSE. NO ACTION ARISING OUT OF OR RELATED TO THE AGREEMENT MAY BE BROUGHT BY CUSTOMER MORE THAN ONE (1) YEAR AFTER SUCH CAUSE OF ACTION HAS ARISEN.

12. CONFIDENTIAL INFORMATION. The separate Nondisclosure Agreement between the parties and which is part of the Agreement shall govern the protection of any confidential information disclosed by either party hereunder. If there is no Nondisclosure Agreement, all information disclosed by either party regardless of the form in which it is disclosed, is, and shall remain the confidential information of disclosing party ("Confidential Information"). The information contained in this and other Agreements between the parties is confidential and shall not be disclosed by either party without the prior written consent of the other party. Both parties shall protect such Confidential Information from disclosure to others with at least the same degree of care it exercises in protecting its own Confidential Information, but in no event less than a reasonable degree of care. The parties shall not duplicate or reproduce any Confidential Information without the express prior written consent of disclosing party. The parties shall not use any Confidential Information except as is contemplated by the Agreement. The parties shall enforce against its employees and agents these obligations of confidentiality. Notwithstanding the foregoing, information disclosed shall not be deemed to be Confidential Information if (a) receiving party establishes that the information was already known to receiving party, without any obligation to keep it confidential, at the time of its receipt from disclosing party, as evidenced by documents in the possession of receiving party prepared prior to disclosing party's disclosure, or (b) receiving party establishes that the information was publicly known at the time of its receipt by receiving party from disclosing party or has become publicly known other than by a breach of the Terms or other action or omission by receiving party. The Terms shall not prevent either party from disclosing Confidential Information to the extent required by law, provided that receiving party promptly notifies disclosing party to allow intervention and cooperates with disclosing party to contest or minimize the scope of the disclosure.

13. NON-SOLICITATION. During the term of the Agreement and for a period of two (2) years after the termination of the Agreement on any basis, neither party shall, directly or indirectly, solicit or induce, or attempt to solicit or induce, any employee or consultant of the other party to terminate their employment with or services to their employer. Each party recognizes and agrees that compliance with the preceding sentence is reasonable and necessary for the protection of each party's interest in their respective employees and consultants. In the event of a breach or any threatened breach, the parties acknowledge and agree that no adequate remedy at law exists for, and such provisions may be enforced by, any equitable remedy, including injunction, without bond and without limiting right to proceed to remedy at law. If the period of time or scope should be judged unreasonable in any court proceeding, then the parties agree that the court shall enforce such requirements and the period of time or scope shall be reduced by such time or scope that is deemed unreasonable, so that such non-solicitation provision may be enforced using such period of time or scope as is judged to be reasonable.

14. USE OF NAME. Unless otherwise authorized under the Agreement, neither party may represent that it is associated with the other party for its own promotional purposes without prior written permission of such other party.

15. CANCELLATION. Company may cancel the Agreement by written notice to Customer due to (a) Customer's material breach of, or failure to comply with, the Agreement or any of the Terms or any subsequent agreements between the parties; or (b) Customer filing a petition of any type as to its bankruptcy, being declared bankrupt, becoming insolvent, making an assignment for the benefit of creditors or going into liquidation or receivership. If Company cancels the Agreement as set forth above, Customer agrees to pay to Company all amounts due for Software ordered and Services performed prior to the effective date of termination and to indemnify and hold Company harmless from any amounts due by Company to third parties as a result of the cancellation. This Section and Sections 3, 4, 6, 8, 9, 10, 11, 12, 13, 14, and 19 shall survive any cancellation of this Agreement.

16. SOFTWARE AND SERVICES. Customer may only use the Software expressly permitted by the license granted in the applicable EULA. Without limiting the generality of the foregoing, the Software may not be resold, leased, sublicensed, distributed, or transferred in any way except as expressly permitted under the applicable EULA. Company may make any changes to the Software or Services or discontinue any of the Services at Company's sole discretion. The parties acknowledge and agree that Company, in the course of performing Services, may use or incorporate its pre-existing materials and other intellectual property developed or otherwise owned by Company ("Pre-Existing Intellectual Property"). Company shall at all times retain all rights to such Pre-Existing Intellectual Property and any Customer specific by-product of the utilization of Pre-Existing Intellectual Property for purposes of completing Services shall be considered intellectual property of Company and Customer is granted a perpetual license to utilize any by-product that is derived as a result of the requirements of the Agreement.

17. INDEPENDENT CONTRACTOR. In performance of all Services, Company shall be deemed to be an "independent contractor" and as such, shall not be entitled to any benefits applicable to the employees of the Customer. Company declares that it is engaged in an independent business and that similar services are provided for other customers and the Customer is not Company's sole and only customer. Neither party shall in any way be deemed to be an agent or representative of the other party. Neither party shall have any authority to bind or speak for the other party except as may be specifically given to such party in writing from time to time.

18. INSURANCE. Company shall maintain the following insurance coverages:

General Liability
- Each Occurrence - $2,000,000
- General Aggregate - $4,000,000
- Products/Completed Operations Aggregate - $2,000,000
- Personal/Advertising Injury - $1,000,000
- Professional/Cyber Liability - $5,000,000

Automobile Liability (Combined Single Limit - $1,000,000

AMERICAN OVERSIGHT

Umbrella Liability
Each Occurrence - $10,000,000
General Aggregate - $10,000,000
Workers Compensation and Employers' liability
Each Accident - $500,000
Disease Policy Limit - $500,000

19. INDEMNIFICATION. Subject to this Agreement, each party agrees to indemnify and hold harmless the other party, its officers, directors, agents and employees with respect to third party claims for any loss, including actual, reasonable attorney's fees, costs or damages for any death, injury, or damage to tangible personal property or real property in connection with the Agreement or arising from the performance of Services to the extent caused by the negligent acts or omissions or willful misconduct of its employees or its agents.

20. ASSIGNMENT. The Agreement may not be assigned by Customer without prior written permission from Company. Any attempt to assign any rights or delegate any duties or obligations, which arise under the Agreement without such permission, shall be void

21. DISPUTES. Each party consents to the forum, jurisdiction, and venue of the state courts of the State of Wisconsin and federal courts located therein in any actions, disputes or controversies under the Agreement. The rights and obligations of a party shall survive completion of performance in accordance with the provisions of the Agreement and any Change Orders issued thereunder.

22. SEVERABILITY. Any provision or part thereof of the Agreement held to be void or unenforceable by any court shall be deemed stricken and all remaining provisions shall continue to be valid and binding upon the parties. The court may reform or replace such stricken provision or part thereof with a valid and enforceable provision, which expresses the intent of the stricken provision.

23. GOVERNING LAW. The Agreement shall be governed by and interpreted in accordance with the laws of the State of Wisconsin, without regard to conflicts of laws principles.

24. ENTIRE AGREEMENT. The Agreement, including all Change Orders issued thereunder, constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties. The Agreement may be amended only by a writing signed by the duly authorized representative of each party. The terms and conditions of any purchase order, acknowledgement, invoice, or other commercial form issued by Customer to Company are specifically excluded and shall not be deemed a part of or to modify or amend the Agreement, unless such other party expressly agrees in writing to be bound by such commercial form.

25. FORCE MAJEURE. Neither party shall be responsible or liable for delays or failure to perform related to any cause or contingency beyond its reasonable control including, without limitation, acts of God, floods, fires, explosions, extreme heat or cold, earthquakes, storms or other adverse weather; power shortages, epidemic or pandemic, transportation difficulties, strikes, lockouts or other industrial disturbances, wars, acts of terrorism or sabotage, or any law, rule, order or action of any court or instrumentality of the federal, state or local government.

26. NOTICES. Any notice provided for or concerning the Agreement shall be in writing and shall be deemed sufficiently given when sent by certified mail to the address as set forth in the Agreement.

Any notice provided for or concerning these Master Terms and Conditions shall be in writing and shall be deemed sufficiently given when sent by certified mail to the address as set forth below.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, *later.*

NAVIANT, INC.
SOFTWARE SUPPORT LEVEL AGREEMENT ("SLA PROVISIONS")

1. Naviant Software Support Level Agreement

Naviant, Inc. ("Naviant") agrees to provide and the Customer agrees to accept ongoing system support on the software products utilized in customer's system at the annual charges as invoiced, in accordance with the terms and conditions contained within these SLA Provisions.

A Software Support Level Agreement will provide phone, remote access, and email support for issues related to the performance of the installed system. Naviant standard business hours are 7:00 AM – 7:00 PM CT Monday through Friday, excluding holidays observed by Naviant. Naviant's Weekly Evening Hours are 7:00 PM – 7:00 AM CT Monday evening through Friday morning. Weekend Hours are 7:00 PM – 7:00 AM CT Friday evening through Monday morning. When Time & Materials billing is applicable, actual and reasonable travel expenses (mileage, transportation, lodging, and meals) will be charged per visit per Naviant resource to the customer as incurred, and Naviant will estimate such fee prior to dispatching onsite support. Naviant's Software Support Level Agreement is outlined below:

Naviant SLA Overview	
Phone, Live Chat & Email Support	Unlimited Support During Standard Business Hours
Standard System Upgrades	Upgrade requests to standard OnBase & ABBYY solutions every 12 months (35 hours)
24/7 Emergency Phone Support	Access to Team of Support Experts During Non-Standard Business Hours ($205/hr)
Discounted Professional Services	Reduced Support Professional Services Rates for Time & Materials ($175/hr during Regular Business Hours & $205/hr during Evenings and Weekends)

Included Services	
Issue Review Check-Ins	Regular check-ins to review issues, projects and discuss topics regarding your solution
Wellness Checks	Proactive wellness checks performed on your solution
Naviant Live Chat Support	Unlimited chat support during normal business hours
Access to Webinars	Access to our monthly educational webinars to increase your solution knowledge
Comprehensive Audit	A detailed audit of the current technical state of your system regarding efficiency/areas of improvement, and provides recommendations to ensure the future health of your system (40-60 hours total)
Remote License Certificate Activation	Installation and activation of licenses
OnBase SQL Settings Verifications	Regular review of your database settings to ensure optimal performance
Custom Report & Dashboard Bundle	75+ custom dashboards and reports to monitor your solution and assist with its use
Hyland Recertification	Complimentary System Admin & Workflow Recertifications at Naviant's annual Summit

If a Software Support Level Agreement is not purchased or kept in force, all support requests not covered by the Manufacturer Software Maintenance will be billed at Naviant's then prevailing Professional Services rates. Professional Services will be billed at ¼ hour increments.

2. Manufacturer Software Maintenance

In general, "Manufacturer Software Maintenance" provides access to product upgrades & enhancements, product error correction & fixes, technical documentation, and access to manufacturer escalated technical support facilitated through Naviant. When purchased, Manufacturer Software Maintenance provides Customer ongoing software support by the software manufacturer including commercially reasonable efforts to correct any properly reported errors in the software that are confirmed by the software manufacturer in the exercise of its commercially reasonable judgment. Access to Manufacturer Software Maintenance is provided by Naviant. Naviant will undertake to report to the software manufacturer for confirmation any reported errors promptly after receipt of proper notice from Customer, and will perform services in an effort to correct confirmed errors promptly after making such confirmation as directed by the software manufacturer. Manufacturer Software Maintenance provides software maintenance and troubleshooting for product error correction and related fixes coordinated or facilitated through Naviant via phone or email for issues not caused by Customer actions, inactions, hardware, or non-Naviant supplied or supported software. Requests for intervention from the software manufacturer will be at the discretion of Naviant.

3. SLA Upgrades

Customers who have a current SLA are eligible for a complimentary SLA upgrade of up to two versions of their OnBase or Abbyy solution once every twelve (12) months. This upgrade consists of one development environment, one testing environment, and one production environment (up to 35 hours of upgrade services). Customers can request an SLA upgrade during their contract term and Naviant will coordinate based on current project scheduling for Customer. Additional environments, environment refreshes, updates to custom/legacy forms, scripts and workflows are outside scope of this SLA upgrade. Upgrading greater than two versions may incur an additional charge. Additionally, products outside OnBase and Abbyy are excluded. Customer is responsible for all user/client/workstation upgrades, configuration changes, and/or installations as appropriate. Hours dedicated for SLA upgrade cannot be used for any other professional services.

AMERICAN OVERSIGHT

4. Naviant Software Support Protocol

Naviant maintains a dedicated help desk to provide the first line of support to receive and resolve support inquiries for all software solution implementations. By utilizing this streamlined approach to support, Naviant ensures that each customer inquiry will be answered in a timely and efficient manner, minimizing disruption to both system operation and work processes, and that all issues are reported and tracked accordingly. Naviant customers are provided with a dedicated toll-free number to use when calling in for support, as well as a dedicated support email address to email support inquiries. When contacting Naviant Support, the Customer will be connected directly with a help desk technician, the issue will be logged into the Naviant's Support System, assigned a reference number, and the Customer will receive an email confirmation for tracking purposes. Naviant's standard response time objective is to respond to Customer support inquiries within one hour during Naviant standard business hours; however, Naviant's response time protocol is not to exceed three hours for either callback phone support or remote access to resolve the issue. If the issue requires further investigation, status updates will be provided in a timely manner until the issue is resolved.

5. Customer Responsibilities

A. *Onsite Support*. When support is performed at Customer's premises, Customer agrees to provide reasonable and safe access to the software and equipment consistent with the requirements of these SLA Provisions and shall be liable for any damages to persons or property arising from its failure in this respect.

B. *Operating Environment*. Customer is responsible for maintaining the appropriate operating environment for their system, including but not limited to hardware, software, and disk space. Customer must also provide appropriate electrical power and protective devices. If an appropriate operating environment causes system problems, Naviant will complete a problem definition and resolution effort. If the system problems may be resolved by a recommended change/upgrade to components that are required by the system, Customer at its expense will be responsible for executing said upgrade. If said upgrade is not executed, then at Naviant's option the Software Support Level Agreement may be terminated. System (hardware) enhancement necessitated by a software upgrade must be purchased by Customer prior to the installation of such software upgrade. Customer acknowledges and agrees that Naviant requires online access to the software installed on Customer's systems in order for the software manufacturer to provide maintenance and for Naviant to provide support. Customer shall install and maintain, at Customer's sole cost and expense, communications software approved by Naviant. Customer shall establish and maintain at its sole cost and expense, an adequate or dedicated connection to facilitate the provision of Maintenance and Support Services.

6. Products and Services Not Covered

Software Support Level Agreements do not cover installation fees for initial system configuration, expansion of the system in applications, enhanced functionality, or inclusion of additional users. Unless specifically agreed to in writing, Software Support Level Agreements shall not cover: (i) Support for scripting, API or workflow changes or additions by Customer; (ii) Customized application functions or device support for the software and/or the hardware utilized by the software; (iii) Conversions for the Customer, whether such conversion be to data or to programs; (iv) Onsite support, training, and implementation services beyond the terms specified; (v) Installation of software version upgrades; (vi) Annual system audits not outlined in Section 1; (vii) Support calls related to issues traced to a Customer action, inaction, non-Naviant supported hardware, or non-Naviant supplied or supported software not covered under these SLA Provisions.

Software Support Level Agreements do not provide support for any hardware or software not purchased from Naviant that is used with or attached to the system, or any hardware or software that is required to make the supported system work with excluded items. Any services provided by Naviant to provide compatibility with non-Naviant hardware and software and identify and resolve problems caused by these excluded items will be charged to Customer at Naviant's prevailing Professional Services Group rates. Naviant is not responsible for any damages resulting from Customer's improper use of the system, from the Customer's failure to follow standard back-up procedures, or from any consequences arising from failure of the various computer media used. The use of an unauthorized part, component, modification, or person to effect repairs or changes will cause the Software Support Level Agreement to be null and void at the option of Naviant. Software Support Level Agreements do not cover software reinstallations due to Customer computer moves, relocations, or replacements.

7. Term

A. Software Support Level Agreements are effective from the commencement date and shall continue for an initial minimum term of one (1) year, unless otherwise stated. Unless Customer notifies Naviant of intent to terminate Software Support Level Agreement in writing via certified mail or registered mail within thirty (30) days prior to expiration of the initial term, the Agreement shall automatically renew for an additional one (1) year term and shall thereafter renew for additional one (1) year terms until canceled by either party in writing via certified mail or registered mail within thirty (30) days prior to the anniversary date of any successive one (1) year term. Naviant shall have the right to change the rates contained in the Software Support Level Agreement for any aforementioned successive one (1) year term upon written notice to Customer at least forty-five (45) days prior to any anniversary date of the Software Support Level Agreement. Payment must be received within 20 days of renewal invoice date; if Software Support Level Agreement lapses and Customer calls for service, Customer will be billed at Naviant's then prevailing Time & Materials rate for the service call and Naviant will require a PO or credit card prior to scheduling service. The Software Support Level Agreement may be reinstated *after* the service call has been resolved and will be valid for a 12 month term. All Software Support Level Agreements shall be billed for one year in advance.

B. Notwithstanding the foregoing, this Software Support Level Agreement may be terminated in whole or in part at the option of Naviant in the event that (i) Customer defaults in payment or performance of any of its liabilities or obligations pursuant to the SLA Provisions and such default continues for a period of thirty (30) days after written notice thereof specifying the default or (ii) Customer becomes the subject of any voluntary or involuntary bankruptcy; insolvency, reorganization or liquidation proceedings; makes an assignment for the benefit of creditors; or admits in writing its inability to pay its debts when due. The right of termination provided in this subparagraph B is in addition to any other remedy available to Naviant at law or in equity with respect to default by Customer or in any proceeding referred to in clause (ii) hereof.

8. Software Licensing Agreement

A manufacturer software licensing agreement for each software product utilized in a Customer's system must be in effect at all times during the term of the Software Support Level Agreement.

Subject: FW: Welcome to Naviant

As per the message below, Naviant, Inc. has acquired PDI (Precision Document Imaging), our provider of "OnBase" document storage and retrieval software and Agenda Management software. I am not knowledgeable of our current contract with PDI, its terms and renewal date. I am reaching out to the most recent contact we worked with at PDI for account update and info. In the meantime, I guess Keith and I need to review of the new SLA/Master Terms for anything we need to address, and Jennifer, we need to set-up Naviant as a vendor. I will begin to review the attachments and will highlight any issues I find. Obviously, this is a follow-up for after the holiday.

Happy Thanksgiving!

Welcome to Naviant!

We are extremely excited to have you join the Naviant Community!

Being a new customer coming over from Precision Document Imaging (PDI) you are eligible for one year free SLA maintenance. The attached**Naviant SLA Provisions** document explains what is all covered in your SLA agreement. I've also included a copy of our W9 so that you can set us up as a vendor.

Naviant will need from Storey County a completed**W9** and**sales tax exemption form (if applicable)**. As well as we've attached a copy of our**Master Terms and Conditions** if you can review, sign and return topurchasing@naviant.com. Upon receipt of the signed T&C, our President will countersign and we will get a copy back to you.

We have put together a "Welcome To Naviant Portal" that includes many of the important details you will need to know as you transition into becoming a Naviant client, so we encourage you to take some time to explore the Welcome Portal.

Should you have any questions at all, please contactpurchasing@naviant.com or call me directly at the numbers below.

We look forward to serving you! Thank you and have a great week!

Hello,

We would like to request the full tax file for the next installment once it becomes available. If there are any special instructions that you need us to follow, please let me know.

When the tax file is ready it may be sent via email back to me and copy. Please include a current layout as well as any other special processing instructions.

Also, if there is a fee required to obtain the tax billing file, reply with an invoice and/or payment instructions to ensure we pay the correct amount. A check will be disbursed once we have received these instructions.

Thank you,

Subject: RE: Wellsone Expense Manager Questions

Brittany,
Thank you for reaching out. Yes, we would love to setup some training in WellsOne Expense Manager. Jim Hindle (clerk/treasurer) and I have never been trained on this. I can do some things but am really hunting and pecking around.

A few of our immediate issues:
Jim does not have admin access therefore cannot issue cards or increase limits
Jim will need to be granted administration rights
Go to **Administration Overview**>Click **Employees**>Click **Search** in upper-right corner of the screen>Click **Search** again in the new window>Click the **Employee Detail icon** next to an employee>click Access Rights> click Allocate Administrator Rights> you can choose the access that is needed

2) I do not have a report tab, therefore can not print the biweekly reports to compare with our payables.

To Add reports another PA would need to add the right by going to**Administration**>**Administration Overview**>**Employees**>**Search** name>click in the box by name>select **manage selected employees**>click **Reports Groups**>click the plus sign by administrator >click done

3) Our previous Clerk is still listed as the main contact

You will need to email service and let them know you would like to update you att B PA. They will send you forms to fill out to remove the previous clerk.
Service Email: Service.WellsoneServiceCenter@wellsfargo.com

4) When I call support, they ask for a “pack id”, we don’t know what this is

To add a PAC ID you can email service and them know you would like to add a PAC ID to your profile
Service Email: Service.WellsoneServiceCenter@wellsfargo.com

I sure there are more but that is all I can think of right now.

Please respond with a few day/times that work for you so we can check our schedules.

Jennifer

Brittany,
Thank you for reaching out. Yes, we would love to setup some training in WellsOne Expense Manager. Jim Hindle (clerk/treasurer) and I have never been trained on this. I can do some things but am really hunting and pecking around.

A few of our immediate issues:
1) Jim does not have admin access therefore cannot issue cards or increase limits
2) I do not have a report tab, therefore can not print the biweekly reports to compare with our payables.
3) Our previous Clerk is still listed as the main contact
4) When I call support, they ask for a “pack id”, we don’t know what this is

I sure there are more but that is all I can think of right now.

Please respond with a few day/times that work for you so we can check our schedules.

Jennifer

Hello Jennifer,
My name is Brittany Mack with the Wellsone Expense Manager Support Team. I know that you have spoken with Tim Mickerson in the past and we wanted to follow up to see if you had any further questions regarding Wellsone Expense Manager. If so, please provide there here and if you would like to setup a meeting please provide times you will be available next week.

Hello Jennifer,

Let me get back with Amanda on some updated times. I sent a couple of dates and times to you and Jim on my 10/17 email follow up but it had a lot of information in it.

I will get a few dates over to you from Amanda once she sends them and get something set up for us.

Sorry for the delay Jennifer. Let me know if you need anything else in the meantime.

Subject: WellsOne Expense Manager training.

John,
I am reaching out because it has been about 2 weeks since we last talked and we still have not heard from you or Amanda on our Wells One issues.

1. When I call support, I am asked for a pack# and I don't have one. So I have to answer a series of questions, not a big deal but if a number is required we would like to know what this is.
2. We are still manually creating our own report of charges every 2 weeks because I do not have the reports tab to print the register for the period. This creates a lot of extra work for our payables personnel.
3. I am still hunting and pecking my way through the site to give access, create users, and order cards. Let alone what I don't know I should be doing.

Add to these few issues, I am unable to train Jim because I am not confident in what I am doing.

We would appreciate an update on when we can expect to get some answers on our above concerns and get some training on this.

Hello Jennifer,

AMERICAN OVERSIGHT

Let me get back with Amanda on some updated times. I sent a couple of dates and times to you and Jim on my 10/17 email follow up but it had a lot of information in it.

I will get a few dates over to you from Amanda once she sends them and get something set up for us.

Sorry for the delay Jennifer. Let me know if you need anything else in the meantime.

John

Subject: WellsOne Expense Manager training.

John,
I am reaching out because it has been about 2 weeks since we last talked and we still have not heard from you or Amanda on our Wells One issues.

1. When I call support, I am asked for a pack# and I don't have one. So I have to answer a series of questions, not a big deal but if a number is required we would like to know what this is.
2. We are still manually creating our own report of charges every 2 weeks because I do not have the reports tab to print the register for the period. This creates a lot of extra work for our payables personnel.
3. I am still hunting and pecking my way through the site to give access, create users, and order cards. Let alone what I don't know I should be doing.

Add to these few issues, I am unable to train Jim because I am not confident in what I am doing.

We would appreciate an update on when we can expect to get some answers on our above concerns and get some training on this.

Good Afternoon Jim and Jennifer,

I received final feedback from the Technical Support Team. It shows that the company does not have the Freeform Service for Wires. Please see below.

I will be forwarding this email to the Relationship Team informing them to submit a request to our Implementation Team to add the "Freeform" Service for Wires

Services

Wire Type	Templated	Freeform	Templated	Freeform
Book Transfer	Yes	No	1	0
Drawdown	Yes	No	1	0
Wires	Yes	No	1	0
Template Maintenance	N/A	N/A	1	N/A

WelcomeVoterKiosk (WVK) Pre-Election Hardware Checklist

1. The WelcomeVoterKiosk will require an overnight charge to fully charge the unit's batteries for the following testing. This is a very important step to the process which will determine if there are any battery issues. Skipping this step, will reveal false reporting for the batteries during your testing.

(WVK Hardware should be charged 4 times a year for one full day. DO NOT LEAVE ON CONSTANT CHARGE. Constant charge will degrade the batteries.)

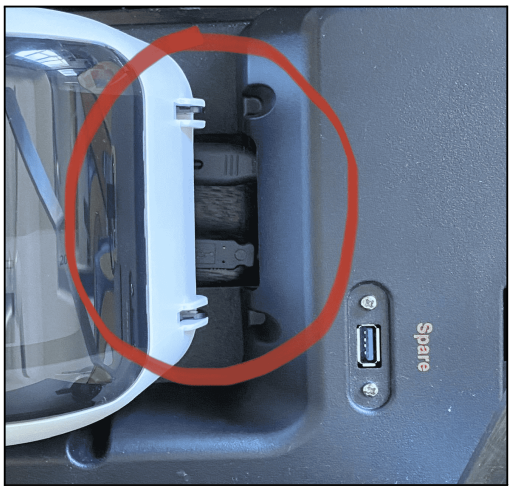
a. First, to charge your WelcomeVoterKiosk in its case, steps i. thru iii. must be completed.

i. Plug in the Power Cable for the Voter Display to the WelcomeVoterKiosk port with the yellow sticker (might be labeled Tablet Power, Voter Display Power or Power).

AMERICAN OVERSIGHT

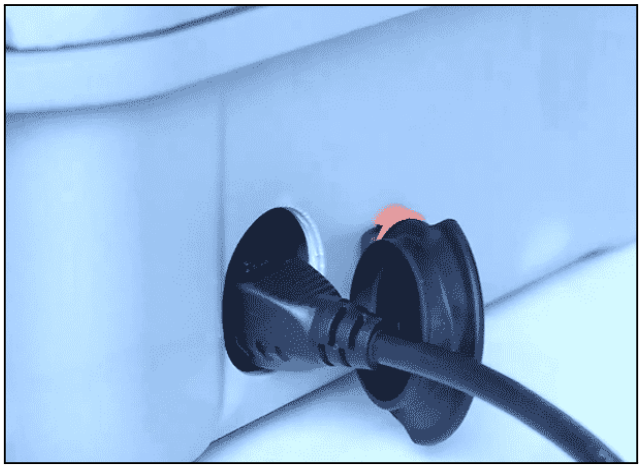
ii. Verify the laptop power cable from the WelcomeVoterKiosk tray is connected to the laptop.

iii. Verify the two cables (USB and Power) are connected to the label printer from the WVK tray.



iv. Once steps i thru iii are complete, connect the power cord to the side port of the WelcomeVoter Kiosk as shown.

AMERICAN OVERSIGHT



v. Connect the other end of the power cable to a surge protector. Verify that the surge protector is turned on and connected to power.

2. **After your WelcomeVoter Kiosk has completed the overnight charge, use the checklist below to inspect each of your units.**

WelcomeVoterKiosk (WVK) Pre-Election Hardware Checklist

WelcomeVoterKiosk Pre-Election Hardware Checklist			
WVK number:		PASS	FAIL
1.	Turn your LAPTOP on first, log into VoteSafe. Once logged into VoteSafe, turn on the Voter Display. Do the Laptop and Voter Display automatically pair to each other? Will they pair if you tap "Reconnect to Laptop-L2 (your laptop name and number)" or "Find VoteSafe Kiosk"?		
2.	After an overnight charge is your Laptop showing a charge above 90%?		
3.	After an overnight charge is your Voter Display showing a charge above 90%? You can check the battery percentage next to “Voter Display Battery’ under ‘System Usage” 		
3.	Is your mouse working?		
4.	When the WVK is plugged in, does the printer light automatically turn green?		
5.	Does your external peripheral for ID scanning turn on when logged into VoteSafe?		
6.	Using a JAR in training mode, check in a voter. If using printers, does it print a check in label? This confirms Voter Display to Laptop connectivity and Printing capability.

WelcomeVoterKiosk (WVK) Pre-Election Hardware Checklist

If any of the line items FAILED, in the above checklist, here are the steps for reporting your results to VOTEC:

1. Create a separate email for **each** FAILED checklist to support@votec.net.
2. In the subject line of your email enter WVK # <insert number here>.
   For example if the WVK number is 43, you will enter WVK #43 for the subject line.
3. Attach the above checklist to the email (each FAILED WVK checklist document will have its own ticket number for tracking, you will receive an email with the ticket number for your reference)

Hi Ashley,

Thank you for getting back to me. I support Storey County Elections from a cloud perspective, so that includes all technological aspects including integration, data management, security, automation, analytics, AI/ML, and cloud infrastructure.

We are just looking to have a brief introductory call to uncover any technical issues you have with your systems and environments. Is there someone from Storey County Elections I can reach out to regarding Tech?

Respectfully,
Tyler

Hi Ashley,

The purpose of my outreach is because I have recently moved teams internally within Oracle and am now aligned to support Storey County Elections alongside your account representative Robert Rosenberg.

Are you available next week for introductions and a discussion on how we can be a better partner with new projects on the horizon, cover the announcements Oracle made recently that are relevant to your organization, and help your team leverage the current Oracle technology?

Do you have availability Monday 3-5 pm PST?

Looking forward to speaking with you more in-depth.

Respectfully,
Tyler

Hey Jim -

Hope you're enjoying your first day!

I know there's a lot going on and you're just getting settled. Please let me know if you have any questions or need any help – I've just gone through the transitional process myself.

I've been making a list of Clerk tasks/duties that have some overlap with the Recorder's Office, and I'd like to put them on your radar at some point, but not urgently. Let me when you'd like to discuss.

The Clerk and Recorder's Offices have always worked well together, and I'm looking forward to getting to know you more and to keep the good vibes going! I'm here if you have any questions or need anything!

Thanks,

Dru

Subject: Recording of Closed session

Jim:

The closed session that was held today was closed pursuant to NRS 288.220. This section provides:

> **NRS 288.220 Certain proceedings not required to be open or public**. The following proceedings, required by or pursuant to this chapter, are not subject to any provision of NRS which requires a meeting to be open or public:
>
> 1. Any negotiation or informal discussion between a local government employer and an employee organization or employees as individuals, whether conducted by the governing body or through a representative or representatives.
> 2. Any meeting of a mediator with either party or both parties to a negotiation.
> 3. Any meeting or investigation conducted by a fact finder.
> 4. Any meeting of the governing body of a local government employer with its management representative or representatives.
> 5. Deliberations of the Board toward a decision on a complaint, appeal or petition for declaratory relief.

The closed session was not subject to the Open-Meeting Law. Accordingly no minutes or a recording are required. That said, my recommendation is to retain the audio recording of the closed session to establish at a later time, if necessary, that the session was in fact devoted to a meeting between the governing body with its management representatives in regards to labor negotiations.

Subject: Refund for mistaken payment for parcel #003-321-15

I mistakenly sent a check to your office for a parcel of property (parcel # 003-321-15) that I once owned, but was sold in 2021 . This check was in the amount of $305.50 from my Bank of America account #000840061853 was processed (posted) on July 22, 2022.

I called your office in early August in regards to having those funds refunded. I was told that my payment was found and that it the error was acknowledged. Your representative said that a refund would be back to me by mail in about a month. I again called on September 26, since I had not received a refund. I was told that the matter was to being handled by the County Clerk.

As of this date, I have not received the refund of that mistaken payment or any communications for your office.
I would appreciate you prompt attention to the refund and a reply on this matter.

Thank you, Robert Caniglia

Subject: Reimbursements for Ballot Stock & Publications
Attachment(s): "NRS & NACs.doc"

Election Team,

This is a reminder for the request for reimbursement that must be sent to the Secretary of State pursuant to NAC 293.200, see below.

NAC 293.200 Reimbursement for cost of ballots. (NRS 293.124, 293.247)

1. The Secretary of State will reimburse the counties for the cost of the basic stock for ballots. Reimbursement will not be made for setup and other costs, including the cost of personalized printing, stitching, binding or numbering of the ballots.

2. Payment will be made after a claim of cost is presented to the Secretary of State. A county clerk shall present the claim:

(a) For the cost of the basic stock for ballots for the primary election not later than June 30 of the year in which the general election is held.

(b) For the cost of the basic stock for ballots for the general election not later than December 31 of the year in which the general election is held.

Ê A manufacturer's invoice showing an itemized list of all charges must accompany the claim. The Secretary of State will not pay claims presented more than 30 days after the date that the claim is required to be presented pursuant to paragraph (a) or (b).

[Sec'y of State, Conduct of Elections Reg. § B-1, eff. 2-28-80]—(NAC A 3-15-96; R072-06, 7-14-2006; R092-09, 10-27-2009)

I have attached the NRS & NAC's that cover the reimbursements and costs that can be requested by statute for your review. If you would like a copy of what you have sent to our office in the past, please feel free to reach out to me.

1. The Secretary of State shall provide each county clerk with copies of any proposed constitution or constitutional amendment which will appear on the general election ballot, together with the copies of the condensations, explanations, arguments, rebuttals and fiscal notes prepared pursuant to NRS 218D.810, 293.250 and 293.252.

2. Whenever feasible, the Secretary of State shall provide those copies on or before the first Monday in August of the year in which the proposals will appear on the ballot. Copies of any additional proposals must be provided as soon after their filing as feasible.

3. Each county clerk shall cause a copy of the full text of any such constitution or amendment and its condensation, explanation, arguments, rebuttals and fiscal note to be published, in conspicuous display advertising format of not less than 10 column inches, in a newspaper of general circulation in the county three times at intervals of not less than 7 days, the first publication to be on or before the first Monday in October. If no such newspaper is published in the county, the publication may be made in a newspaper of general circulation published in the nearest Nevada county.

4. If a copy of any such constitution or amendment is furnished by the Secretary of State too late to be published at 7-day intervals, it must be published three times at the longest intervals feasible in each county.

5. The portion of the cost of publication which is attributable to publishing the questions, explanations, arguments, rebuttals and fiscal notes of proposed constitutions or constitutional amendments is a charge against the State and must be paid from the Reserve for Statutory Contingency Account upon recommendation by the Secretary of State and approval by the State Board of Examiners.

Subject: Reissuing ballots

Hi there,

Are counties re-issuing ballots to people who call or come to the counter stating they did not receive theirs? For some reason we are thinking it has to be by emergency basis only at this time, and if not an emergency they would need to appear in person….

Just curious what counties are doing.

Thank you, I hope all is going well for everyone!

Three Minutes or Less: Give us your Opinion

Because we value our relationship with you, we want to know how you feel about Pitney Bowes. Our focus is on developing partnerships with our clients to address their business needs and challenges, and your feedback helps us to gauge our performance. Related to this, we request your participation in our bi-annual survey, which has been redesigned to drastically reduce the overall length and minimize the effort needed to participate.

Your input is used extensively in business planning at all levels, and we assure you we will act on it. The survey takes less than 3 minutes to complete. To get started, simply answer the following question:

Thinking about your experience as a customer, how likely is it that you would recommend Pitney Bowes to a friend or colleague?

Alternatively, you may copy and paste this link into your browser.

REMINDER: Update your Desktop Deposit scanner driver as soon as possible

Important message

As we previously notified you, it is important that you update your Desktop Deposit® scanner driver today for the best and most secure experience using the Desktop Deposit service. Our records show that you have not yet updated the scanner driver on Windows-based workstations you use to scan checks. We will discontinue support for older scanner drivers later this year, so it's important that all Windows users update their scanner driver to version 2.5 now.

AMERICAN OVERSIGHT

What's happening

Windows users
We've released the new 2.5 scanner driver for your Desktop Deposit service on the Commercial Electronic Office® (CEO®). All Windows-based workstations that are used to scan checks must have the updated scanner driver to continue using the Desktop Deposit service. Updating your scanner driver will allow you to take advantage of improved security and performance.

Mac users
Mac users do not need to update their driver at this time.

What you need to know

- To align with current online security standards, we will phase out support for older scanner driver versions in late 2022.
- At that time, you will not be able to use the Desktop Deposit service on a Windows-based workstation unless you've updated to the 2.5 scanner driver.
- You must have a minimum of version 4.6.2 for your .NET framework installed on your computer.
- We recommend using Windows 10 with Microsoft operating systems.
- Refer to the Desktop Deposit Scanner Driver Quick Reference Guide (PDF) or the Desktop Deposit Service Installation Guide (PDF) on the Product Resource Center for assistance with your driver upgrade.

***Note**: You'll need administrative rights to your computer for the driver upgrade. If you do not have administrative rights, contact your IT team for assistance.*

AMERICAN OVERSIGHT

Action required

To upgrade your scanner driver, please complete the following steps:

1. Sign on to the Desktop Deposit service on CEO.
2. Select **Download Scanner Driver** on the left navigation pane.
3. Choose the scanner driver based on the manufacturer of your scanner.
4. Follow the steps on the screen to complete the installation.

We will phase out support for older scanner driver versions and TLS 1.0 and 1.1 in late 2022. As a result, users who scan checks on a Windows-based workstation will not be able to use the Desktop Deposit service unless they have updated to the version 2.5 scanner driver and enabled TLS 1.2.

Note for your IT team:
If you are using a Windows operating system lower than Windows 10, you may be prompted to install .NET version 4.6.2 before you can update your driver.

Questions

If you have questions or need help updating your scanner driver, contact your client service officer directly or call Customer Care for Businesses. From the U.S., Canada, or Mexico: Call **1-800-AT-WELLS** (**1-800-289-3557**), and select option 2, then option 1, Monday through Friday, 8:00 a.m. to 9:00 p.m. Eastern Time.

REMINDER: Update your Desktop Deposit scanner driver as soon as possible

Important message

As we previously notified you, it is important that you update your Desktop Deposit® scanner driver today for the best and most secure experience using the Desktop Deposit service. Our records show that you have not yet updated the scanner driver on Windows-based workstations you use to scan checks. We will discontinue support for older scanner drivers later this year, so please update your Windows scanner driver to version 2.5 by October 28, 2022.

Note: If you installed the 2.5 driver before September 9, 2022, you must uninstall and reinstall the 2.5 driver as soon as possible, as the initial installation didn't register properly.

What's happening

Windows users
We've released the new 2.5 scanner driver for your Desktop Deposit service on the Commercial Electronic Office® (CEO®). All Windows-based workstations that are used to scan checks with desktop scanners (Panini, Canon, or Digital Scanner) must have the updated scanner driver to continue using the Desktop Deposit service. Updating your scanner driver will provide improved security and performance.

Mac users
Mac users do not need to update their driver at this time.

CEO Mobile Deposit-only users
If you *only* make deposits using a mobile device, you do not need to do anything at this time.

AMERICAN OVERSIGHT

What you need to know

- To align with current online security standards, we will phase out support for older scanner driver versions in late 2022.
- At that time, you will not be able to use the Desktop Deposit service on a Windows-based workstation unless you've updated to the 2.5 scanner driver.
- You must have a minimum of version 4.6.2 for your .NET framework installed on your computer.
- We recommend using Windows 10 with Microsoft operating systems.
- Refer to the Desktop Deposit Scanner Driver Quick Reference Guide (PDF) or the Desktop Deposit Service Installation Guide (PDF) on the Product Resource Center for assistance with your driver upgrade.
- If you installed the 2.5 driver before September 9, you must uninstall and reinstall the 2.5 driver as soon as possible.

***Note**: You'll need administrative rights to your computer for the driver upgrade. If you do not have administrative rights, contact your IT team for assistance.*

AMERICAN OVERSIGHT

Action required

To upgrade your scanner driver, please complete the following steps:

1. Sign on to the Desktop Deposit service on CEO.
2. If you installed the 2.5 driver before September 9, uninstall it. If not, go to step 3.
3. Select **Download Scanner Driver** on the left navigation pane.
4. Choose the scanner driver based on the manufacturer of your scanner.
5. Follow the steps on the screen to complete the installation.

We will phase out support for older scanner driver versions and TLS 1.0 and 1.1 in late 2022. As a result, users who scan checks on a Windows-based workstation will not be able to use the Desktop Deposit service unless they have updated to the version 2.5 scanner driver and enabled TLS 1.2.

Note for your IT team:
If you are using a Windows operating system lower than Windows 10, you may be prompted to install .NET version 4.6.2 before you can update your driver.

Questions

If you have questions or need help updating your scanner driver, contact your client service officer directly or call Customer Care for Businesses. From the U.S., Canada, or Mexico: Call **1-800-AT-WELLS** (**1-800-289-3557**), and select option 2, then option 1, Monday through Friday, 8:00 a.m. to 9:00 p.m. Eastern Time.

Thank you. We appreciate your business.

Sincerely,

Arlo Evans
Senior Lead Product Manager
Treasury Management

Subject: REMINDER: VOTEC needs support requests to come to VOTEC via helpdesk tickets

Hello Everyone,

Helpdesk tickets for communications with VOTEC Support are necessary to deal with the anticipated volume of requests for the upcoming November 8, 2022 General Election.

This will allow for quicker average response times.

Please share the following details with your staff.

Tickets should be started using the usual methods:

- Login into the VOTEC helpdesk and create a ticket at: http://helpdesk.votec.net
- Email support@votec.net, with problem info, which will create the ticket.

Below are links to videos on how to submit and manage a helpdesk ticket:

- To view a video on how to submit a helpdesk ticket, click HERE
- To view a video on how to use the VOTEC Help Center, click HERE

Provide the details that will tell us what to examine; be verbose.

- Program filename displayed on the program's main screen (VEMACS) or in a report heading or program name as it is named in the menus (All products)
- Screenshots, cell phone snapshots or videos
- Data examples, such as an ID (voter, precinct, poll place, etc. that was involved)
- Frequency of occurrence and/or timings when the issue is a performance issue
- Specific WelcomeVoter Kiosk and peripheral for hardware items
- Contact information for this problem if not the normal county contact.

Use the word **URGENT** in the subject line to put the ticket in the URGENT queue for the following types of problems.

- Problems which prevent you from meeting the needs of your customers: voters, candidates, courts, press, poll workers, etc. in a timely manner.
- Examples of URGENT categories - Product inaccessibility, Reporting deadlines, problems critical to election success where you don't have an acceptable workaround.

Tickets received before the afternoon or evening cutoff time will be examined and worked that day if that makes sense for the problem reported.

Other tickets received after the afternoon or evening cutoff time will be examined and worked the next day. They will be worked starting at 8:00 am unless otherwise stated in an extended hours election calendar such as the one below.

For any urgent problems after extended hours, submit a ticket with the URGENT subject line and then call our support line at 800.348.6832 and select 'After Hours Support' when prompted.

Our extended hours for the November 8, 2022 General Election are as follows:

Forwarded Message Below.....

Fellow Nevadans:

Have you missed out? Or have you been one of the thousands of Patriots who have joined us across our **17 county #LeadWithLaxalt Save Nevada Bus Tour** and signed a hopeful message to the side of our America First Bus?

We have racked up thousands of miles turning out the vote. After all those miles, one thing is certain: the enthusiasm for our campaign to take back our state and nation is unmatched. The momentum is on our side and the wind is at our backs. Don't miss out - sign up for one of our final events below!

As always, we will have America First VIP's at our Bus Tour Whistle Stops. Join Senators Tom Cotton, Steve Daines, John Barrasso, and Bill Hagerty, Fmr. Act. Dir. of National Intelligence Ric Grenell, Fmr. Act. Attorney General Matt Whittaker, Utah Attorney General Sean Reyes, Fmr. Ambassador Robert C. O'Brien, President for the National Border Patrol Council Brandon Judd, and others.

Election Day is only four days away. Together, let's send a strong signal to **Joe Biden and his *Rubber Stamp Senator* Catherine Cortez Masto.**

You don't want to miss out! Let's get it done, Nevada.

- Team Laxalt

Subject: Reporter looking for vote counts

Hello,
I'm a reporter with the Las Vegas Review-Journal and I'm just checking with each county clerk's office to see how many ballots are left to count. Have all ballots received so far by Storey County been counted, or is there an estimate how many are left and how long it will take to finish counting?
Feel free to call me if it's easier at 702-518-5822.
Thank you in advance,
-Sabrina

Office of the Nevada Secretary of State
Specifications for the Mechanized Report of the Abstract
Updated: February 2016

Pursuant to NAC 293.341 a mechanized report of an abstract of votes, as required by NRS 293.387 and 293.395 must be transmitted to the Secretary of State. As such, the following are the procedures and specifications for creating and submitting the file to the Secretary of State.

NAC 293.335 requires the following information to be included in the official county abstract and subsequently this information must also be included in the mechanized report.

(a) The name of the county.
(b) The title of the election.
(c) The date of the election.
(d) The information required by NRS 293.387, 293.393 and 293.395.
(e) The title of the office.
(f) The name of the candidate as it appeared on the ballot.
(g) The number of registered voters in each precinct.
(h) The number of ballots cast in each precinct.
(i) The number of votes cast for each candidate in each precinct.
(j) The total for all precincts of the items set forth in paragraphs (g), (h) and (i).
(k) The number of each ballot question.
(l) The number of "Yes" votes and "No" votes in each precinct for each ballot question.
(m) The total number of "Yes" votes and "No" votes for each ballot question in all precincts.

Note: When preparing the county abstract, the county clerk may include all precincts containing less than 10 registered voters in one precinct.

Use the following specifications and procedures when preparing and transmitting the mechanized report of the abstract of votes to the Secretary of State.

- Both the WinEDS "E" and "P" files make up the mechanized report
- Backups or Copies of the E and P files can be provided
  Note: If backing up the E and P files instead of copying them, follow the Step-by-Step Instructions for making a Backup Copy of the E and P files
- The E and P files provided must be from the "Official Election"
- The following naming convention should be used
  - (first three letters of county name)_(election date YYYYMMDD)_(file letter E or P)
    - Carson City's Primary Election E file name will be: "CAR_20160614_E"
    - Churchill's General Election P file name will be: "CHU_20161108_P"
- The file extension, or file type, should end with ".bak"
- After uploading your E and P files to the IPSwitch FTP, confirm that the files were received.
  - To confirm, please contact Gilberto by phone at (702) 486-2469 or email at GDelaluz@sos.nv.gov.

Hi Jacob,

The steps are listed below for the counties to generate these reports from their final Primary Election project. The attached screenshot shows them where they'll see the 5 requested reports.

Please let me know if you will be sharing these steps with the counties or if you'd like me to. I'm available should counties have questions.

- Open RTR
- Open the Primary Election project
- Open the Export section on the left navigation pane
- Select Export Type
- Highlight Nevada SOS Summary File Export
- Select "Inactive" on the top of the Export Type window
- Highlight these 5 names:
  - Nevada SOS Votes Cast Candidates Export
  - Nevada SOS Votes Cast Parties Export
  - Nevada SOS Votes Cast Precincts Export
  - Nevada SOS Votes Cast Races Export
  - Nevada SOS Votes Cast Summary Export
- Select "Active" on the top of the Export Type window
- Select "Start Results Export" on the top left of the RTR screen
- Minimize RTR
- Go to the report folder on the desktop to find the saved reports (this is the same folder that was created to store the Nevada SOS Summary File Export during the election)
- Create a zip file including these 5 saved reports
- Upload the zip file to the IPSwitch (or where you want them to upload the files)

Thanks,

Charles – thanks for letting us know the counties can run these reports. I would guess some of the counties can quickly figure out how but there might be a couple that need a little help (I know they all know how to do the Votes Cast by Precinct cause they all turn that into us in PDF format). Megan do the counties need a guide or anything that shows how to do the other ones?

Hey Dave, this has also been added to the D-Suite and the counties can do it themselves. I will discuss with Megan and get back to you.

Subject: [EXTERNAL] Election Reporting By Precinct

Hello, Charles. I hope all is well.

We have one last to-do on our list for the 2020 Primary election, and that is to process the files for Election Reporting By Precinct. The related website is:https://www.nvsos.gov/electionresults/
We did this in the 2018 Election Cycle, and I uploaded some representative files to CentreStack as a memory jogger. The URL is:https://sosbox.nv.gov/portal/webapppage.aspx?ss=/Documents/DVS_2020_E-cycle_Files/Dominion/2020_Primary_Election_Reporting_by_Precinct. I have also attached an email from 2018 that should help. For that cycle, I believe you used a query to extract a subset of data from the Statement of Votes Cast report.

Per Ken's email from 2018, the data we need is outlined as follows. You'll see the .txt files you gave us for one county on CentreStack.

1. An extract with …
    a. PrecinctName
    b. PrecinctID
    c. CandidateName
    d. CandidateID
    e. RaceName
    f. RaceID
    g. PartyName
    h. PartyID
    i. VotesTallied
2. An Extract with …
    a. PrecinctName
    b. PrecinctID
3. An Extract with …
    a. CandidateName
    b. CandidateID
4. An Extract with …
    a. RaceName
    b. RaceID

Please reply to all when responding to this email so we have full coverage. I'll be out until next Monday, but my colleagues can handle any questions or concerns.

As always, we really appreciate and value your support. Enjoy the Holiday weekend!

Best Regards,
Dave

STOREY COUNTY BOARD OF COUNTY COMMISSIONERS MEETING

11/16/2020 4:30 P.M.

26 SOUTH B STREET, VIRGINIA CITY, NEVADA*

AGENDA

No members of the public will be allowed in the BOCC Chambers due to concerns for public safety resulting from the COVID-19 emergency and pursuant to the Governor of Nevada's Declaration of Emergency Directive 006 Section 1 which suspends the requirement in NRS 241.023(1)(b) that there be a physical location designated for meetings of public bodies where members of the public are permitted to attend and participate.

Further, due to the Governor's mandated steps to protect against the spread of COVID-19, the Storey County Board of County Commissioners are hosting a teleconference meeting this month. Members of the public who wish to attend the meeting remotely, may do so by accessing the following meeting on Zoom.com. Public comment may be made by communication through zoom.

Hello,

Please send me a copy of the recording of the October 15, 2022 meeting of the Board of Commissioners.

The last DVD you sent me used the UDF format. My Windows 7 PC (the I use for processing audio files) does not read it.

All of the previous 202 DVDs that the County has sent me for the past almost-ten years used the ISO9660 (Joliet) format. They used the Multisession method. Single-Session would be fine, I do not add files to your DVDs.

Can you send me the DVD in that format (ISO9660 Single Session or Multisession)?

Microsoft has software for Windows 7 to read the UDF format but they will no longer let people have it. They advise people to update to Windows 10. Not going to happen. Windows 10 turns even the most powerful PC into a toy.

I can buy software for Windows 7 that will read UDF discs but I would rather not spend the money.

Jed Margolin

Henry® Company AIA Accredited Continuing Education Presentation

REGISTER ME NOW

Due to technical difficulties experienced during the Nov. 1st webinar event, we are offering this webinar again on Nov. 29th at 2pm ET.

Course description: Learn how new building code requirements for whole building air leakage testing may affect your project. This case study examines an office building that achieved 4X greater air leakage resistance than the minimum whole building air leakage requirements. This in-depth presentation explains the building owner's needs and common industry drivers that lead to obtaining a long-term, high energy efficient system. Understand how the project was planned, coordinated, and executed to obtain a continuous building envelope system, and review the methods used to verify whole building performance.

We are going to try resetting your password temporarily for the Parallels Client, and see if the problem recreates when we log onto it on one of our computers. If it does do the same thing, we can troubleshoot from our office and hopefully not take up so much time at your desk! Even if it doesn't, that's still some good info for us to have, to hopefully get the problem narrowed down more quickly.

If you get a password email, you can just go ahead and ignore it, that's us! I will keep you updated as we find out more.

RESOLUTION NO. 22-660

RESOLUTION: **A resolution supporting veterans through Operation Green Light for Veterans whereby businesses and residents are encouraged to demonstrate their support of veterans by displaying a green light in the window of their residence or business from October through November 11, 2022.**

WHEREAS, the residents of Storey County have great respect, admiration, and the utmost gratitude for all men and women who have selflessly served our country and this community in the Armed Forces; and

WHEREAS, the contributions and sacrifices of the men and women who served in the Armed Forces have been vital in maintaining the freedoms and way of life enjoyed by our citizens; and

WHEREAS, Storey County seeks to honor these individuals who have paid the high price for freedom by placing themselves in harm's way for the good of all; and

WHEREAS, Veterans continue to serve our community in the American Legion, Veterans of Foreign Wars, religious groups, civil service, and

WHEREAS, Approximately 200,000 service members transition to civilian communities annually; and

WHEREAS, an estimated 20 percent increase of service members will transition to civilian life in the near future; and

WHEREAS, studies indicate that 44-72 percent of service members experience high levels of stress during transition from military to civilian life; and

WHEREAS, Active Military Service Members transitioning from military service are at a high risk for suicide during their first year after military service; and

WHEREAS, the National Association of Counties encourages all counties, parishes, and boroughs to recognize Operation Green Light for Veterans; and

WHEREAS, the Storey County appreciates the sacrifices of our United State Military Personnel and believes specific recognition should be granted; therefore, be it

RESOLVED, with designation as a Green Light for Veterans, Storey County hereby declares from October through Veterans Day, November 11th, 2022, a time to salute and honor the service and sacrifice of our men and women in uniform transitioning from Active Service; therefore, be it further

AMERICAN OVERSIGHT

RESOLVED, that in observance of Operation Green Light, Storey County encourages its citizens in patriotic tradition to recognize the importance of honoring all those who made immeasurable sacrifices to preserve freedom by displaying a green light in a window of their place of business or residence.

Keith:
I believe you and Brandie have had some conversation regarding these two Resolutions that have passed with the same number.

In the Log Book in the office Resolution 22-651 is listed as “Requesting the Governor of the State of Nevada to direct NDOT …”. There is a second entry numbered 22-652 listed as “~~2022.2023 FY Tax Levy~~ Dsolve Resolution 20-568 Covid-19-“. I do not find any other listing that could refer to either of the Resolutions and clarify the numbering

Let me know if you need more info.

RESOLUTION NO. 22-651

RESOLUTION OF THE BOARD OF COMMISSIONERS OF STOREY COUNTY, NEVADA PROVIDING FOR THE TRANSFER OF THE COUNTY'S 2022 PRIVATE ACTIVITY BOND VOLUME CAP TO THE NEVADA RURAL HOUSING AUTHORITY; AND OTHER MATTERS RELATED THERETO

WHEREAS, pursuant to the provisions of Chapter 348A of the Nevada Revised Statutes (*"NRS"*) and Chapter 348A of the Nevada Administrative Code (*"NAC"*), there has been allocated to Storey County, Nevada (the *"County"*), the amount of $238,640.75 in tax-exempt private activity bond volume cap for year 2022 (the *"2022 Bond Cap"*); and

WHEREAS, the Nevada Rural Housing Authority (the *"NRHA"*), has requested that the County transfer its 2022 Bond Cap to the NRHA for the purpose of providing a means of financing the costs of single family residential housing that will provide decent, safe and sanitary dwellings at affordable prices for persons of low and moderate income (*"Single Family Programs"*); and

WHEREAS, the County is a local government as defined by NAC 348A.070; and

WHEREAS, Section 348A.180 of the NAC provides a procedure whereby the County may, by resolution, transfer to any other local government located within the same county, all or any portion of its 2022 Bond Cap; and

WHEREAS, pursuant to NRS 315.983(1)(a), the NRHA is an instrumentality, local government and political subdivision of the State of Nevada (the *"State"*); and

WHEREAS, the NRHA is located within the County, pursuant to NRS 315.963, which defines the NRHA's area of operation as "any area of the State which is not included within the corporate limits of a city or town having a population of 150,000 or more."

NOW, THEREFORE, the Board of Commissioners of the County does hereby find, resolve, determine and order as follows:

Section 1. Recitals. The recitals set forth herein above are true and correct in all respects.

Section 2. Transfer of Private Activity Bond Volume Cap. Pursuant to NAC 348A.180, the County hereby transfers its 2022 Bond Cap in the amount of $238,640.75 to the NRHA for its Single Family Programs.

Section 3. Use of 2022 Bond Cap. The NRHA will use the 2022 Bond Cap for single family purposes in calendar year 2022 or carry forward any remaining amount according to the Internal Revenue Code of 1986, as amended, for such purposes.

Section 4. *Representative of County.* Pursuant to NAC 348A.180(1), the Director of the State of Nevada Department of Business and Industry (the "Director") may contact Austin Osborne, County Manager, Storey County, regarding this Resolution at (775) 847-0968 or by email at AOsborne@StoreyCounty.org or in writing at PO Box 176, Virginia City, Nevada 89440.

Section 5. *Additional Action.* The Chair of the Board of County Commissioners and the Clerk of the County are hereby authorized and directed to take all actions as necessary to effectuate the transfer of the 2022 Bond Cap, and carry out the duties of the County hereunder, including the execution of all certificates pertaining to the transfer as required by NAC 348A.

Section 6. *Direction to the NRHA.* The NRHA shall notify the Director in writing as soon as practicable of the occurrence or nonoccurrence of any term or condition that would affect the disposition of the 2022 Bond Cap.

Section 7. *Representative of the NRHA.* Pursuant to NAC 348A.180(3), the Director may contact Diane Arvizo, Director of Homeownership Programs of Nevada Rural Housing Authority regarding this Resolution at (775) 886-7900 or by email at Diane@NVRural.Org or in writing at Nevada Rural Housing Authority, 3695 Desatoya Drive, Carson City, Nevada 89701.

Section 8. *Obligation of the County.* This Resolution is not to be construed as a pledge of the faith and credit of or by the County, or of any agency, instrumentality, or subdivision of the County. Nothing in this Resolution obligates or authorizes the County to issue bonds for any project or to grant approvals for a project or constitutes a representation that such bonds will be issued.

Section 9. *Enforceability.* If any section, paragraph, clause or provision of this Resolution shall for any reason be held to be invalid or unenforceable, the invalidity or unenforceability of such section, paragraph, clause or provision shall not affect any of the remaining provisions of this Resolution. This Resolution shall go into effect immediately upon its passage.

RESOLUTION NO. 22-651

A Resolution of the Storey County Board of County Commissioners requesting the Governor of the State of Nevada to direct the Nevada Department of Transportation to implement safety improvements to the westbound Interstate-80 onramp at Lockwood, Nevada.

Whereas, the Storey County Board of County Commissioners recognizes the increased volume of vehicle and truck traffic on Interstate-80 between Sparks and Fernley; and

Whereas, Lockwood, Nevada is located in Storey County and is situated on the south side of Interstate-80 between Sparks and Fernley; and

Whereas, Lockwood, Nevada is principally accessed by the Interstate-80 interchange, and is otherwise largely landlocked and inaccessible; and

Whereas, the Interstate-80 westbound onramp at Lockwood is antiquated with roughly 700 feet for vehicles to merge into the Interstate-80 westbound lanes; and

Whereas, the posted speed limit on the westbound lanes of Interstate-80 at the subject area is 65 MPH; and

Whereas, Lockwood is home to roughly 1,300 residents, many of whom are moderate to low-income senior-citizens having physical disabilities and/or older model motor vehicles lacking agility needed to safely merge from the onramp into high-speed westbound traffic on the currently substandard onramp; and

Whereas, the Storey County Board of County Commissioners has seen firsthand and has received numerous citizen complaints concerning the ability to safely enter Interstate-80 using the westbound onramp in its current condition; and

Whereas, residents of Lockwood submitted have submitted letters to the Storey County Board of County Commissioners and to the Nevada Department of Transportation expressing their concerns about the safety of the Interstate-80 westbound onramp at Lockwood; and

Whereas, the Storey County Board of County Commissioners submitted to the Nevada Department of Transportation letters of concern about the Lockwood westbound onramp from Lockwood residents; and

Whereas, residents' letters received by Storey County and submitted to the Nevada Department of Transportation are enclosed herewith; and

Whereas, the Storey County Board of County Commissioners and Storey County appointed officials each year express in-writing and in-person to the Nevada Department of Transportation safety concerns about the condition of the Interstate-80 westbound onramp at Lockwood; and

Whereas, the Interstate-80 westbound onramp at Lockwood is the first listed priority of Storey County on the Nevada Department of Transportation's State Transportation Improvement Plan; and

Whereas, the Storey County Board of County Commissioners has asked the Nevada Department of Transportation to consider implementing low-cost interim solutions until the Interstate-80 westbound onramp improvement can be made, and suggested interim solutions include, but are not limited to, widening the shoulder of the westbound onramp facilitating possible lane departure of vehicles unable to merge into traffic, imposing a reduced speed limit for trucks or all vehicles on the westbound lanes of Interstate-80 at the subject area, mandating that trucks

AMERICAN OVERSIGHT

use the left lane only in the subject area to reduce passing and related congestion, installing highly visible and lighted signage indicating upcoming traffic merging, installing traffic calming devices around the subject area, and implementing other safety measures found appropriate by Nevada Department of Transportation traffic engineers prior to the long-term resolution of extending the westbound onramp; and

Whereas, the Storey County Board of County Commissioners does not have the authority or jurisdiction of the construction, maintenance, design, or installation of safety equipment on this section of Interstate-80.

THEREFORE LET IT BE RESOLVED, THE STOREY COUNTY BOARD OF COUNTY COMMISSIONERS respectfully requests that the Governor of the State of Nevada direct the Nevada Department of Transportation to expedite a lane extension capital improvement to the Interstate-80 westbound onramp at Lockwood, Nevada, and until that improvement is complete to impose low-cost interim safety solutions such as, but not limited to, widening the shoulder of the westbound onramp to facilitating momentary lane departure of vehicles unable to merge into traffic, imposing a reduced speed limit for trucks or all vehicles on the westbound lanes of Interstate-80 at the subject area, mandating that trucks use the left lane only in the subject area to reduce passing and related congestion, installing highly visible and lighted signage indicating upcoming traffic merging, installing traffic calming devices around the subject area, and implementing other safety measures found appropriate by Nevada Department of Transportation traffic engineers.

Subject: Reuters inquiry

Hi,
I hope you're well. I'm a journalist for Reuters. I'm working on a story about threats and harassment facing officials following the 2020 election due to unfounded claims of election fraud. I'm reaching out to clerks in Nevada to get a sense on how they've been impacted by this. We're hearing that more and more clerks are resigning or deciding not to seek re-election, in part, because of the intimidation and burnout.

Has anyone in your office been impacted by this? Have any staff members quit as a result of the harassment and/or burnout?

Lastly, do you know if any of this factored into the decision of former clerk Vanessa Stephens to resign?

Thanks and hope to hear from you soon.

Best regards,
Linda So

STOREY COUNTY OUT OF COUNTY OFFICER PROBABLE CAUSE REPORT

On 11/22/2022, at approximately 1230 hours, I was patrolling the area of USA PKY and Waltham Way, Sparks, Storey County, NV. I observed a white pickup approaching me from the front at approximately 50mph in a posted 35mph. I confirmed with my front moving RADAR at 53mph. I made a traffic stop on pickup and contacted the driver who identified himself as David Avalos-Reyes with DOB 07/19/1977 with his Mexico ID.

I performed records check on him and saw an outstanding warrant. Dispatch confirmed the warrant was still outstanding. I served the warrant to Avalos-Reyes and placed him into custody. I transported him to the Storey County Jail and booked him on the warrant attached without incident.

Property Description

AMERICAN OVERSIGHT

On September 19, 2022 at approximately 1602 hours I observed a grey Toyota wagon bearing Nevada license plate (331U26) traveling south on SR 341 just north of SR 342. I observed the grey Toyota wagon overtake a Nevada Department of Transportation truck in the left lane (NRS 484B.217). The roadway is marked with a solid double yellow centerline. The Nevada Department of Transportation truck was also traveling south bound with no amber lights initiated and maintaining the speed of traffic (approximately 20 mph).

I initiated a traffic stop on the grey Toyota wagon at SR 342 just north of Tunnel Road. I made contact with the adult male identified as Jacob Robie. Dispatch advised of an active warrant for Robie out of Virginia Township Justice court for Failure to Appear on an unregistered veh/trailer/semi. The warrant amount states cash or bond $365.00.

I placed Robie in my handcuffs checking for tightness and engaging the double locking mechanism. Robie was placed in the back of my patrol vehicle. I allowed Robie to contact a friend to pick up the vehicle. The canine inside the vehicle was transported to a friends house in the Virginia City Highlands area by a cover unit. The vehicle was released to the friend and Robie was transported to the Storey County Detention facility without incident.

Nothing further

I declare under penalty of perjury that the forgoing is true and correct to the best of my information and belief.

Property Description

AMERICAN OVERSIGHT

On November 6th 2022 at approximately 1214 hours, I was on patrol northbound on State Route 341 in Virginia City in Storey County, Nevada. I observed a white in color pickup traveling northbound with no visible license plates on the vehicle. I activated my overhead lights and conducted a traffic stop with the pick up truck.

I made contact with the driver of the vehicle who was identified as Adam Roby DOB 10/05/1977. Roby provided me with a Nevada driver license and had no physical proof of insurance or vehicle registration. Roby stated he recently bought the vehicle and the title was at home. The vehicle was identified as a 1998 Isuzu Hombre.

A records check was conducted, and Roby returned with a bench warrant for the New River Township Justice Court, County of Churchill. Storey County Dispatch confirmed the warrant for Roby. Roby was instructed to remove the keys from the ignition and to exit the vehicle. Roby complied with my instructions.

At approximately 1230 hours, I arrested Roby for the warrant out of Churchill County # 21TR00220 3C. I handcuffed Roby, Roby stated he had an injured rotator cuff, I used two sets of handcuffs and linked them together. I checked the handcuffs for fit, and double locked both sets of handcuffs. I conducted a search incident to arrest on Roby. I found no weapons or contraband on Roby's person. I placed Roby into the backseat of my patrol unit and seat belted him in for safety.

I departed the scene without incident and was enroute to the Storey County Detention Facility. At the Storey County Detention Facility, Roby was booked for: New River Township Warrant #21TR00220 3C for $545.00 cash only. Roby was cited for NRS 485.187 No Proof of Insurance and NRS 482.545 Unregistered Vehicle.

End of Report.

I declare under penalty of perjury that the forgoing is true and correct to the best of my information and belief.

THE STATE OF NEVADA Plaintiff, vs. JONATHAN RAIAS RODRIQUEZ Defendant.	Case No. 21 TR 00092 IF

ORDER

On October 17, 2022, the above-named Defendant, JONATHAN RAIAS RODRIQUEZ, represented by his counsel, Attorney Charles H. Odgers, came before this Court for an Order to Show Cause why he should not be held in contempt for failing to comply with his promise to appear in the above-entitled matter.

The Defendant admitted and provided an explanation to the Court.

The Court finds the Defendant violated the condition and is in contempt of Court.

It is the ORDER of the Court that the Defendant be immediately remanded to the Storey County Jail where he is to be confined for 10 days. He is given credit for one day of time served.

It is ORDERED that the Defendant:

1. Make all court appearances.

AMERICAN OVERSIGHT

Defendant.

Case No. 22 TR 00982 1F

ORDER AFTER PRETRIAL RELEASE HEARING

On October 17, 2022, at 1410 hours, this matter came before this Court for a Pretrial Release Hearing in the above-entitled matter.

The Defendant was present and represented by Attorney Charles H. Odgers.

The State was present and represented by District Attorney Anne M. Langer

Based upon due consideration and deliberation of the information presented to the Court by the parties, review of the Defendant's Nevada Pretrial Risk Assessment, and applying the standards of presumption of release and that money bail should only be set as necessary to ensure protection of the community and ensure appearance, the Court finds that in this particular case, the following conditions constitute the least restrictive means necessary to ensure the Defendant will appear at all times and places ordered by the Court.

Upon completing his 10-day sentence for Contempt of Court in Case 21 TR 00092 1F, the Defendant may be released from the Storey County Jail on Case 22 TR 00982 1F with the following conditions.

Probable Cause Declaration for Rosaschi, Cassandra Eve	Case 22-930	Page 2

On 10/07/2022 at approximately 2238 hours,while on routine patrol in the TRI area of Storey County, Nevada, I observed a dark in color sedan traveling at a high rate of speed Northbound on usa parkway. I visually estimated the vehicle to be traveling at 60mph in a 45mph zone. This was confirmed on my front moving opposite direction radar at 62mph. I turned around and activated my overhead lights and siren just South of EP minerals to conduct a traffic enforcement stop. The vehicle turned into EP minerals and came to a stop. I contacted a female subject identified by the information she gave me as Cassandra Rosaschi. Rosaschi stated that she may have a warrant out of Lyon county because she failed to go to a court date from a month prior. A routine records check of Rosaschi showed her drivers license to be suspended and an active Lyon County warrant (#22LY01272) with a total bail of $1,500.00 cash only. Rosaschi was asked to step out of the vehicle and advised of the active warrant and was placed under arrest. Rosaschi was searched finding no contraband and placed in the rear passenger seat of my patrol unit. Deputy Heffner and myself began a tow inventory of the car. During the inventory on the front passenger seat inside a small purse, a metal tube with black burn marks was found and identified with my knowledge and experience as a pipe to smoke illegal narcotics. Along with the pipe was a small ribbon of tin foil with black marks an undeterminable amount of unrecognizable substance on the front. Due to this evidence being found I contacted Rosaschi and read her Miranda rights. I then asked Rosaschi what the tin foil and pipe were for. Rosaschi stated that it was hers and it was used for ingesting drugs. When asked if there was anything illegal in the car Rosaschi admitted to a small binder full of tinfoil and narcotics under the seat. When asked what the drugs were she said it was fentanyl. Due to this omission Deputy Heffner and I stopped the vehicle inventory and began to dawn protective gear to search the vehicle for the narcotics. Rosaschi stated they were in a green binder under the front seat. After being unsuccessful in finding the narcotics I recontracted her and she stated the under passenger seat. A search under the passenger seat found a green binder approximately three inches by five inches with an estimated ten to fifteen cut tin foil ribbons. Each ribbon appeared to contain a yellow in color wax substance and a few had black burn marks consistent with use. Due to the ommissio of Rosaschi and the substances appearing to be pure fentanyl it was immediately placed into an air tight evidence bag in whole and sealed. The paraphernalia that was found in the car was placed into a separate evidence bag and sealed. Both bags were secured in the rear of my patrol car. A search of the vehicle yielded no other contraband. Rosaschi was transported to the Storey County Detention Facility without incident. Rosaschi was booked for local charges NRS 453.336 Possession of a SCH 1 narcotic, NRS 453.566 Possession of paraphernalia and NRS 484B.600 Basic speed 16-20mph over the speed limit. Rosaschi was also booked for NRS 171.173 other jurisdiction bench warrant from Lyon County. Due to the category of narcotic and dangers associated, the substances was left in whole with the paper binder and sent to the Washoe County Lab for testing of the substance and to obtain a weight.

I declare under penalty of perjury that the forgoing is true and correct to the best of my information and belief.

has been arrested on probable cause and is subject to detention for the the above listed offense(s). That upon information and belief this officer learned the following facts and circumstances which support the probable cause arrest and detention:

On March 29, 2022, at approximately 1711 hours, I observed a black Chrysler Sedan traveling south on Center Street. The vehicle displayed California plates 7EKY622, which came back to an Audi. I initiated a traffic stop on the vehicle based on the fictitious plates.

I made contact with the driver, who was known to me as JEREMY RANDOLPH, and the passenger, who was known to me as CASSANDRA ROSASCHI. I requested they exit the vehicle, and they did.

I deployed K9 BRADY on an open-air sniff around the vehicle. During the open-air sniff, K9 BRADY showed a change of behavior and provided a final, positive alert to the odor of illegal narcotics coming from the vehicle.

While searching the vehicle, I located a purse in the front passenger seat. I located ROSASCHI's Nevada Drivers License in the side pocket. Inside the purse, I located a yellow zippered pouch. Inside the pouch, I located a metal spoon with a black substance consistency with heroin. I located a small rubber container with a large black ball of a black sticky substance, also consistent with heroin. Both later tested presumptively positive for heroin.

Based on ROSASCHI's Identification inside the purse with the heroin, I placed her under arrest. I transported her to the Lyon County jail with no further incident.

NEW BUSINESS

Incident Reports—None

Purchases— Honey Menefee reported that they are still working on purchasing the window tinting for the Courthouse—they are working out where to place it in the budget, since it was not budgeted for specifically.

Old Business

Safety Committee Manual— The manual with Honey's proposed edits was previously sent out to committee members via email. Several committee members made additional suggestions to the document. Stacy York brought up some verbiage in the document that is vague, including references to a Safety Coordinator—does this refer to the Safety Chair, or to someone in Emergency Management? Should those roles be taken on by the same person—with the Chair also being the Director of Emergency Management?

AMERICAN OVERSIGHT

There is also information in the document that needs to be either updated or clarified: this includes references to training, a Safety Action Request Form (it is not clear whether we currently have one), and the safety paraphernalia list.

Chief Jeremy Loncar also said that the reference to color codes for emergency situations is outdated advice—announcements should be made in plain text, according to current best practices.

Moving Forward: Brandie Lopez intends to speak with County Manager Austin Osborne on whether he would like the Safety Coordinator role to be associated with Emergency Management. Further, she will check if he wants the Emergency Management Director, once appointed, to also be the Safety Committee Chair. Brandie will also go over the list of training in the current manual and get back to Honey on an updated list that can be included.

Additionally, a Safety Action Form will be created, and Honey will proceed with making all other suggested changes to the document, with the agreement of the Committee.

Training

Jeremy Loncar asked that Brandie Lopez send him proposed dates for CPR training. He will then work on assigning staff and getting the facility. Brandie needs to update her current list of those who need CPR training to get a more current number.

Financial Report

There is currently no budget for the Safety Fund (001-105-54316-000). Brandie Lopez says she spoke with Comptroller Jennifer McCain, who said that any spending in line with our typical budget ($15,000) could still be spent and reassigned.

The current standing of the budget is **-$3,452.00.**

Roundtable Discussion

Chris Hannum will be taking on the role of Chair for the Safety Committee, and Cory Wood will be taking on the role of Co-Chair, beginning with the October meeting. Current Chair Jeff Holman and Co-Chair Riley Beckwith will be stepping down from their roles.

The November meeting cannot be held in the Slammer due to the election—currently the plan is to hold it at the Justice Court. Alternatively, it can be held via Zoom.

Next Meeting Date: October 11, 2022

Subject: Safety Manual

Good afternoon, all,

As per our discussion at the last Safety Committee meeting, here are the suggestions I have for removing and/or changing content in the Safety Manual. I will go ahead and make the necessary changes to the grammatical errors, but will wait to hear a consensus about removing or changing any of the below information:

- Pg 9: ***"The safety coordinator is responsible to see to it that training is done."*** - Does the County have a designated safety coordinator?
- Pg 9: ***"Training will be done routinely and may include the following topics:"*** – Please look at the list of 12 topics. What is Video Display Terminal Work Station Design, is it applicable? Do you want any other items added or removed?
- Pg 10: "***The task of the Safety Committee is to change unsafe behavior by:"*** – I do not feel that it is the responsibility of the Safety Committee to change unsafe behavior. I feel that that is the Department Head's position to address unsafe behavior. Also, do we want to keep in the following bullet points for recognizing (rewarding) safe behavior and correcting unsafe behavior?
- Pg 14: Does the County have a **Safety Action Request Form** or is that something that needs to be created? There is an Employee Safety Communication Form on the last page (27). Is this the same form as the Safety Action Request Form?
- Pg 14: ***"Management will respond — in writing — to the employee submitting a Safety Action Request Form, indicating what action has been taken."*** – I think the word, "Management" is the wrong word. Safety Committee, Safety Coordinator, Department Head? Who other than the general "management" should respond?
- Pg 14: "***Management needs to bring to the attention of employee's all types of safety communication, including the safety suggestion box, safety memos, safety posters, safety banners, paycheck inserts, articles relating to safety, etc."*** – Same thing for this one, the word "management". Also is this sentence even necessary? I mean, do we even have any of these things in place?
- Pg 15: "***In case of an emergency, dial 9-911 from a County Phone and 9-1-1 from a home based or non-Centrex phone line,"*** – I'm going to change this and say, "In case of an emergency, dial 911."
- Pg 16: The codes. Are the codes necessary and if so, how would they be announced or can we just list what to do for evacuation or sheltering in place for violence or nonviolence without the codes?
- Pg 23: We need to remove the Social Security Number line.
- Pg 25: We need to remove the Social Security Number line.

Thanks,

1. Safety Program Policy Statement

In an effort to reduce the incidents of on-the-job injuries, the 1993 legislature changed the law to require every employer doing business in the State of Nevada to establish and carry out the requirements of a written safety program.

Employers who do not establish and carry out the requirement or written safety program will be cited by the Occupational Safety and Health Enforcement Section of the Division of Industrial Relations of the Nevada Department of Business and Industry. The Honorable Board of county commissioners have endorsed and mandated a committee comprised of all department heads, or a designated representative, to comprise the Storey County Safety Committee. It is the duty and responsibility of this committee to receive workplace safety concerns, research validity and cause appropriate changes as required to mitigate said safety concern. The Board of county commissioners shall appoint a chairperson and vice chairperson. Upon appointment the committee leadership positions shall be seated for a term of two (2) years from date of appointment. Each 2-year appointment of the chairperson and vice chairperson shall b€ documented in Addendum "A" of this manual. Annually every department head shall submit a list to the Chairperson indicating the department's designated representative and alternate. This group shall be named the Storey County Safety Committee.

The following is a written safety program developed by the safety Committee of Storey County and adopted by the Storey County Commissioners.

PLEASE READ IT CAREFULLY AND COMPLY WITH ITS CONTENTS.

Recognizing our obligation to provide the safest possible working conditions for our employees, this safety program is written. All employees are expected to follow the provisions set forth in this program as a condition of continued employment. changes and additions may be added in the future, dependent upon the changes/additions required by local, state, and federal regulations.

2. Safety Responsibilities

The Workplace Safety Program at Storey County is designed to increase the efforts of everyone toward our goal of having an injury and illness free workplace. All managers, supervisors and employees are expected to familiarize themselves with the requirements of our Safety Program and make contributions to ensure the success of the program.

While all members of management and all employees are ultimately responsible for safety and health in the workplace, the Storey County Safety Committee Chairman is responsible for coordination of all safety issues for the County and shall hold the position as Safety Director.

Who is this? Emergency Management Director?

Some of the responsibilities of the SAFETY DIRECTOR include:

- Drafting policy for approval of the County Commission, establishing all standing or short-term sub committees, assigning responsibility to individuals for specific task responsibilities and accountability to reply back to individuals who may have safety concerns.

- Reviewing and evaluating results of safety plan, training programs and individuals' initial employment training regimen. However, the Human Resources Director plays the key role to deliver safety training to new employees.

- Providing active leadership by participation, example, and a demonstrated interest in the health and safety of all Storey County personnel.

- Maintaining up-to-date information on local, state, and federal standards, laws and best management practices.

- Maintaining all required safety posters. A list of the required posters for each building, where to post them and when to update them. This information will be provided by Storey County Human Resources Director.

- Planning, organizing, and coordinating safety and health training. There should be an initial meeting to identify, list and facilitate all required training sessions. After that the Safety Committee will establish short term and long-term reoccurring training sessions. This may be done as a subcommittee assignment.

- Ensuring that policies for the medical treatment of injured employees are followed; this includes first aid equipment, designated trained first aid providers, and procedures to provide additional medical treatment. This information shall be clearly identified as part of evacuation plans for each facility.

- Coordination of training to department head level positions on the proper process to follow when a ~~workers~~ workers' compensation injury occurs. This should include

AMERICAN OVERSIGHT

an overview of the appropriate forms, how to complete them and who receives them when completed.

- Provide assistance in complying with local, state and federal regulations.
- Assist as needed in injury and "near miss" investigations.
- Assist as needed in conducting inspections.
- Keep up-to-date with regulations.
- Investigate employee reports of hazardous conditions and recommend corrective action.
- Ensure that incidents which resulted in injuries are corrected after an injury occurs.

The Safety Director may and should; use ~~committee's~~ committees and technical experts to carry out the above requirements. It is not the intention of this plan to mandate that the Safety Director personally carry out each of these duties. It is however up to the Safety Director to ensure that tasks are being accomplished in a given time frame and within specific criteria in order to address safety concerns and/or issues.

MANAGEMENT/SUPERVISORS

- Management is responsible for ensuring that all safety policies and procedures are followed by everyone under his/her jurisdiction.
- Management/Supervisors or their qualified appointed representative are responsible to attend all monthly scheduled Safety Committee meetings.
- Management shall make every effort possible to allow personnel to attend training. sessions while on duty.
- Management shall ensure that all newly hired personnel go through an identified training session as allowed for in this manual upon their initial hire. It is also their responsibility to train subordinate staff on any and all specialized equipment in which they may be operating.
- Management/supervisors shall work closely with Human Resources and this safety committee to ensure that training documents are up to date in personnel files.
- Investigating accidents that may occur and identifying the corrective action necessary to prevent a similar accident from occurring.
- Completion of "**Notice of Injury or Occupational Disease**" form in the event of accident. All departments shall have exposure report forms, C-l and C-3 forms provided to them. The Safety Director shall assure that all supervisory and management staff is trained on this process.
- Enforce safety program.
- Enforce rules set forth in this program.

AMERICAN OVERSIGHT

- Encourage employee input to report hazardous conditions and correct these problems. Conduct routine inspections of the facility, in adherence to forms provided within this document, to assess hazardous conditions.
- Conduct training sessions in safety issues in accordance with local, state and federal requirements, and as our experience indicates needs.
- Investigate all injuries and "near miss" accidents.

EMPLOYEES

All employees are expected to take a direct interest in workplace safety. Some of the responsibilities all employees have include the following:

- Keeping informed about safety and health regulations affecting the workplace.
- Making sure they are able to complete each task to which he/she is assigned in a safe manner.
- Making sure that machines and equipment are maintained in a safe operating condition and ~~to report~~reporting all such items that may be unsafe to their supervisor.
- Making sure fellow employees follow all safety and health regulations and work practices, including using required personal protective equipment.
- Reporting to management, without delay, any unsafe or unhealthful conditions which they cannot correct themselves. Forms shall be made available to all departments and the Safety Committee shall ensure that all staff knows how to complete them and ~~who to turn them into upon completion.~~to whom to submit them upon completion.
- Assisting fellow employees in completing a "**Notice of Injury or Occupational Disease**" form in the event of accident. All departments shall have exposure report forms, C-1 and C-3 forms provided to them. The safety committee shall ensure that all staff is trained on this process.
- ~~Comply~~ Complying with this safety program.
- ~~Report~~ Reporting hazardous conditions to management.
- ~~Attend~~ Attending training sessions held by the ~~county~~County.
- Immediately ~~report~~ reporting ~~injuries and~~ accidents which do not result in injuries ("near misses") to management.

3. Safety Training

As part of our Safety Program, the county will provide several different types of safety training for all our employees:

- A general safety orientation for all new employees shall be provided by Human Resources upon hire. This training shall be documented in each employee's personnel file.

- Specific training on how to safely perform their assigned ~~job~~duties. This shall be provided by the specific department head and/or supervisor, documentation of training shall be completed and forwarded to Human Resources.

- Special training when they work with hazardous materials or complex types of machinery or other equipment. This shall be provided by the specific department head and/or supervisor, documentation of training shall be completed and forwarded to Human Resources.

- Special training in areas where there have been recurring injuries. OSHA reportable injuries shall be tracked by Human Resources as reported to him/her through submitted C-1 and C-3 forms.

- Training on how to use any personal protective equipment provided (e.g. respirators, hearing protection, etc.) This shall be provided by the specific department head and/or supervisor~~,~~. ~~documentation~~ Documentation of training shall be completed and forwarded to Human Resources.

These requirements are based upon the assumption that when employees know how to do their jobs properly~~,~~ and know the hazards of the job, they will work safely.

Safety education and training for employees should commence at the time of employment. ~~prior~~ Prior to staff actually beginning an assigned task, supervisors must ensure that employees are provided the following instruction during New Employee Orientation:

- An explanation of the ~~Counties~~ County's Safety Manual.
- Familiarization with the SAFETY RULES of the county and enforcement policies.
- The requirement for immediate reporting of all injuries and completing a **NOTICE OF INJURY OCCUPATIONAL DISEASE** form.
- The necessity and manner for reporting all unsafe conditions to Management (**SAFETY ACTION REQUEST FORMS** are included).
- A clear statement that no employee should attempt to do a job or work with equipment that appears to be unsafe.
- A listing of the names and addresses of all medical providers under contract to treat employees injured on the job.

AMERICAN OVERSIGHT

After a person is assigned ~~to~~ a job, the responsibility for safety training passes to the immediate supervisor in Management. The supervisor must discuss and document the following with each employee:

- The safety rules of the department in which the employee will work.
- The correct job procedure for the employee to follow in any particular job; it also should be emphasized that doing the job incorrectly may hurt people or damage equipment or supplies.
- How to use any personal protective equipment required.
- All information pertinent to the area regarding hazardous materials.

The initial training is to be documented on the **EMPLOYEE SAFETY ORIENTATION FORM** and signed by the employee and returned to Human Resources to be retained in his/her personnel file.

It is most desirable to follow this initial instruction with a complete review within 30 days after assignment to the job. This will assure that the new employee fully understands the information given at the time of employment and at the time of assignment to the job. When this additional training is completed, it is important that another Employee Safety Orientation Form is completed it is important that another Employee Safety Orientation Form is completed and maintained in their personnel file.

~~Supervisor~~ Supervisors will also provide additional training whenever the employee's job changes, new hazardous materials are introduced, new machines/tools are used, new safety protection equipment is needed, or if there are incidents of recurring injuries, and will ~~re-train~~retrain any employees that do not seem to understand proper safety procedures. The **SAFETY TRAINING DOCUMENTATION** form **must** be used to document any of these types of training.

Whenever personnel are used from a temporary employment service, management must provide them specialized training for the jobs they will be performing **before** they actually begin work or as soon as possible thereafter. This training al needs to be recorded with a **SAFETY TRAINING DOCUMENTATION** form.

Effective safety training will result in the following benefits to our County:

- Reduction in injuries
- Reduction in damage to property and supplies
- Reduction in retraining time

4. Safety Rules And Discipline

Best Business Practices dictates that we have "a method for ensuring that employees comply with safe rules and work practices." Safe rules are a basic part of our Workplace Safety Program and are also part of our disciplinary procedures. However, the point of having safety rules is not to discipline, but rather to ensure a safe working environment. All employees need to know and follow these Safety Rules and all management personnel must enforce them.

The task of the Safety Committee is to change unsafe behavior by:

- Recognizing (rewarding) safe performance.

  It is important that supervisors and management recognize correct job performance and compliment employees for it. Putting a citation in writing and making it a part of an employee's personnel record is but one means of recognizing safety excellence.

- Correcting (changing behavior through discipline if necessary) unsafe behavior

  Unsafe job procedures will not be tolerated. Any member of management observing unsafe job behavior is expected to bring it to the attention of the employee's supervisor. Supervisors (Management) are expected to take steps immediately to correct the behavior.

Commented [HM2]: Why is this the responsibility of the safety committee? Should be department heads/supervisors.

Agreed

The following safety rules are representative:

1. Employees must immediately report to supervisor/management all accidents, injuries, unsafe and/or unhealthful conditions in the workplace, any near miss incidents, including defective tools or other equipment.

2. Established safe job procedures must be followed by all employees as defined by supervisors/managers. Changes in regular job procedures require the approval of management.

3. Employees who are unsure ~~on~~ how to operate a machine or ~~pedom~~perform any assigned task that they are required to do, must ask their supervisor before proceeding. The supervisor will also note all training that occurs and assure that it is placed into the ~~employees~~ employee's personnel file located in the Human Resources Department. This includes, but is not limited to, routine training processes that occur in the field.

4. Employees must not tamper with, remove, destroy or otherwise interfere with the use of any safety device or safeguard provided for protection of employees or customers.

5. Personal protective equipment must be provided by the County and worn or used in any area where it is required.

AMERICAN OVERSIGHT

6. Employees must use only the proper tool for the job. If the proper tool is not available, contact management.

7. Employees are required to get help ~~in~~ lifting any item which is ~~so~~ bulky, awkward or heavy ~~that~~ which they feel they cannot lift ~~it~~ safely.

8. If a repetitive task causes employees discomfort, or they feel it is unsafe or unhealthy, they must report this condition to management immediately.

9. Horseplay, including fighting or throwing articles is forbidden.

10. If an employee is suspected of using alcohol and/or other drugs in the workplace, this will be investigated and, if necessary, disciplinary measures will be taken. See appropriate County Policy regarding this issue.

The four-step procedure outlined below would normally be followed for violations of safety rules. However, each case may be considered in light of a number of factors (e.g. employee's length of service, seriousness of the incident, other mitigating factors and appropriate Collective Bargaining Agreement (CBA) language). In conjunction with the appropriate ~~Collective Bargaining Agreement~~(CBA), the County reserves the right to invoke any level of discipline at any point and, ~~in fact,~~ an employee may be terminated for the first instance of a serious safety violation.

1. The first time an infraction is noted; management should discuss the behavior with the employee and make sure the employee understands the nature of the violation and the consequences that would result if there is a repeat violation. This verbal warning should be documented and signed by the employee and then placed in the employee's personnel file. This counseling session should also include what training ~~you~~ was provided to the employee, ~~or~~ what training ~~you~~ they have been required ~~them~~ to attend, and how the employee will perform differently the next time they do the same function.

2. The second violation should be treated as a disciplinary action under applicable Human Resources Policy and/or CBA.

3. The third violation should result in the employee being placed on an unpaid disciplinary suspension. This action must be reviewed first with ~~Management~~management.

4. A fourth safety violation may result in the employee being terminated. This action must be reviewed first by ~~Management~~management.

These steps are not necessarily followed if the safety violation is a serious hazard either to the employee or to the County. In the case of a serious safety violation, the County may elect to immediately proceed to a higher step. When there is a CBA in place, the manager/supervisor shall follow those steps regarding chain of progressive disciplinary action.

AMERICAN OVERSIGHT

General Safety Rules:

1. Do not run in the workplace or parking lot.
2. Follow prescribed safety practices at all times.
3. Do not use machinery if it is not properly guarded.
4. Report hazardous conditions as described in this program.
5. Do not try to lift more than you feel comfortable with — get help.
6. Maintain safe housekeeping standards in your work area.
7. Do not eat or drink in assigned first-aid areas.
8. Wear appropriate personal protective equipment when at jobs where this is required.
9. Report all injuries and near misses immediately.
10. Comply with all safety instructions given.
11. Horseplay is prohibited and may result in termination.

Management is responsible to enforce these general safety rules, as well as more specific safety policies included in other written programs.

~~We~~ The County maintains a progressive disciplinary policy.

All disciplinary action will be documented by using the appropriate forms as indicated in County Policy or applicable Collective Bargaining Agreements.

AMERICAN OVERSIGHT

5. Identifying ~~And~~ and Evaluating Workplace Risks

In order to comply with manufacturer's recommendations, best management practices, local, state and federal regulations, ~~we~~ the County conducts regular and frequent inspections of the workplace. To maintain a safe and healthy environment for employees, ~~we~~ there needs to ~~have~~ be a way to identify hazards in the workplace.

Inspection of the workplace is ~~our~~ the primary tool to identify unsafe conditions and practices. This includes the totality of the ~~employees~~ employee's work environment. This may include buildings/~~offees~~offices, but should be all inclusive of equipment, apparatus, vehicles, specialized small motors, hand tools, personal protective equipment, etc. Management is responsible for routinely inspecting all work areas. Supervisors need to document their inspections of the workplace by using the SUPERVISOR'S SAFETY INSPECTION FORM. This form should be completed on a quarterly basis and forwarded to the Safety Director. Supervisors must routinely check for:

- Violations of safety rules
- Machinery or other equipment without the necessary guards
- Unsafe use or storage of chemicals, including flammables
- Obvious violations of good housekeeping practices
- Personal protective equipment not being used where required or being used improperly
- Machinery, hand tools or other equipment in poor condition or being used improperly
- Areas where there have been recurring injuries
- Any other deviation from accepted safe practices
- Fire Extinguishers
- Automated External Defibrillators (AED's) in buildings that have such
- Trip and fall potentials
- Weather related hazards

AMERICAN OVERSIGHT

6. Safety Communication

Unless a system for communicating safety throughout the organization is established, employees may not understand management's policies and intentions, and management may not get unfiltered communication from the employees about safety hazards or their needs.

We expect supervisors to encourage and welcome suggestions. Employees may submit their safety suggestions on a **SAFETY ACTION REQUEST FORM**.

Management will respond — in writing — to the employee submitting a Safety Action Request Form, indicating what action has been taken.

Management needs to bring to the attention of ~~employee's~~ employees all types of safety communication, including the safety suggestion box, safety memos, safety posters, safety banners, paycheck inserts, articles relating to safety, etc.

8. Emergency Evacuation

Management and all employees must become familiar with the evacuation routes for their work areas. Part of the orientation with new employees should include a discussion of emergency evacuation procedures. Management is responsible for the safe evacuation of all personnel in an emergency. This includes development, implementation and posting of primary and secondary evacuation routes in the event of an emergency. These shall be posted in a conspicuous location that is visible to the public as well as internal staff. The location of fire extinguishers shall also be identified on the evacuation plans.

Evacuations of all buildings shall be done at least annually to assure staff remains current on the plan. These evacuation drills should include not only full evacuations but also should address what will be done in a hostile environment. This is commonly called in place secured sheltering. In addition, what will occur in the event of an earthquake and sheltering locations for such.

All employees and management alike have a responsibility for securing their own buildings. This includes how to turn off the power, locate and shut down a propane tank and general safety considerations specific to that building.

Commented [HM3]: I disagree that this should be the employees responsibility

Agreed

To be prepared for an evacuation, locate the nearest appropriate exit and assembly area. Make sure all employees know the appropriate exits and assembly areas. Remind employees to walk, not run.

If evacuation is necessary (Code Green):

Commented [HM4]: Are these codes necessary and if so are the colors established County-wide?

1. ~~If available, attempt to use the public address system to order an evacuation. Repeat the message as long as it is safe to stay in the building.~~ In an urgent situation it is important to get out of the building quickly. Do not wait around and become entrapped or unable to escape.

2. If possible, inspect the area to ensure all employees have been safely evacuated.

3. Shut — but do not lock — doors and assemble with your co-workers in the nearest designated assembly area and verify that all employees are there. Notify employees when it is safe to return to the building.

In place sheltering — violence (Code Red):

- This will be used when an immediate safety risk exists to the staff or customers. An example is a hostile person threatening to take action but has not arrived to the building yet.

- Secure and lock all doors and windows.

- Cover windows whenever possible.

AMERICAN OVERSIGHT

- Stay away from windows and doors.
- Attempt to find a location that the person cannot see you.
- Do not open the door/windows until law enforcement has arrived on scene.

In place sheltering — non violence — external hazard such as a materials release (Code Yellow):

- Close all windows and doors.
- Place clothing or something around any doors seals —or- duct tape around doors and windows.
- Turn off any forced air heat or air conditioning that draws from the outside of the structure.

9. Hazard Identification ~~And~~and Control

Management and/or the safety coordinator will conduct monthly inspections, using the checklist contained ~~as~~ at the end of this ~~programmanual~~. Problems will be noted in the checklist under the "satisfactory" column, and corrective action will be noted under the "comments" column. The safety coordinator will maintain these completed checklists for five years from the date of inspection.

Employees are to report hazardous conditions by using the Employee Hazardous Condition report form, turning them into their supervisor. The safety coordinator will recommend corrective action to be followed up on by management. This will ~~all~~ be written on the Employee Hazardous Condition Report form, which will be maintained by the ~~safety~~ Safety ~~coordinator~~ Coordinator for five years.

Commented [HM5]: Does the County have a safety coordinator?

Good question

10. Accident Investigations

All injuries are to be reported immediately by filling out a C-1 to management. An investigation is to begin immediately by the ~~immediate~~ supervisor of the injured person. The Injury Investigation form is to be completed by the immediate supervisor.

The C-1 and the Injury Investigation Form are to be turned in to Human Resources in order to ensure corrective action is taken to reduce the probability of an injury recurring.

Near misses are to be reported by the Near Miss Form~~, and the~~ The process for investigating and correcting the problem is the same as described above.

Good morning, Safety Committee,

Please see the attached revised Safety Manual. It includes all of the edits and suggestions made by myself, Stacy, and others at the Safety Committee Meetings. The document still needs some clarification for certain procedures and also needs to be reformatted. It is my opinion that these changes can be made once it is determined who the Safety Director is going to be (i.e., new Emergency Manager?) and they are able to input their knowledge and expertise into the document.

1. Safety Program Policy Statement

In an effort to reduce the incidents of on-the-job injuries, the 1993 legislature changed the law to require every employer doing business in the State of Nevada to establish and carry out the requirements of a written safety program.

Employers who do not establish and carry out the requirements of a written safety program will be cited by the Occupational Safety and Health Enforcement Section of the Division of Industrial Relations of the Nevada Department of Business and Industry. Storey County's Board of County Commissioners have endorsed and mandated a committee that includes all department heads, or designated representatives, to comprise the Storey County Safety Committee. It is the duty and responsibility of this committee to receive workplace safety concerns, research validity, and cause appropriate changes as required to mitigate safety issues. The Board of County Commissioners shall appoint a chairperson and vice chairperson. Upon appointment the committee leadership positions shall be seated for a term of two (2) years from date of appointment. Each 2-year appointment of the chairperson and vice chairperson shall be documented in Addendum "A" of this manual. Annually every department head shall submit a list to the Chairperson indicating the department's designated representative and alternate. This group shall be named the Storey County Safety Committee.

The following is a written safety program developed by the safety Committee of Storey County and adopted by the Storey County Commissioners.

PLEASE READ IT CAREFULLY AND COMPLY WITH ITS CONTENTS.

Recognizing our obligation to provide the safest possible working conditions for our employees, this safety program is written. All employees are expected to follow the provisions set forth in this program as a condition of continued employment. Changes and additions may be added in the future, dependent upon requirements by local, state, and federal regulations.

2. Safety Responsibilities

The Workplace Safety Program in Storey County is designed to increase the efforts of all employees in having an injury and illness free workplace. All department heads and employees are expected to familiarize themselves with the requirements of the Safety Program and make contributions to ensure success.

While all department heads and employees are ultimately responsible for safety and health in the workplace, the Storey County Emergency Manager is responsible for coordination of all safety issues for the County and shall hold the position as Safety Director.

Commented [Honey Menefee1]: As discussed in 9/13/22 safety committee meeting, I have removed the Safety Committee Chair and have inserted Emergency Manager, pending approval.

Some of the responsibilities of the Safety Director include:

- Draft policy for approval by the County Board of Commissioners.
- Establish all subcommittees, assign specific tasks to individuals, and reply to individuals who may have safety concerns.
- Review and evaluate results of the safety program, training programs, and new employee training. (The Human Resources Director plays the key role in delivering safety training to new employees.) .
- Provide active leadership by participation, example, and a demonstrated interest in the health and safety of all Storey County personnel.
- Maintain and aid in compliance with up-to-date information on local, state, and federal standards, laws, regulations, and best management practices.
- Maintain all required safety posters, a list of the required posters for each building, where to post them, and when to update them. This information will be provided by Storey County Human Resources Director.
- Plan, organize, and coordinate safety and health training. There should be an initial meeting to identify, list, and facilitate all required training sessions. After that the Safety Committee will establish short and long term reoccurring training sessions. This may be done as a subcommittee assignment.
- Ensure that policies for the medical treatment of injured employees are followed; this includes first aid equipment, designated trained first aid providers, and procedures to provide additional medical treatment. This information shall be clearly identified as part of evacuation plans for each facility.
- Coordinate training to department head level positions on the proper process to follow when a workers' compensation injury occurs. This should include an

AMERICAN OVERSIGHT

overview of the appropriate forms, how to complete them, and who receives them when completed.

- Assist as needed in injury and "near miss" investigations.
- Assist as needed in conducting inspections.
- Investigate employee reports of hazardous conditions and recommend corrective action.
- Ensure that incidents which resulted in injuries are corrected after an injury occurs.

The Safety Director may and should use committees and technical experts to carry out the above requirements. It is not the intention of this plan to mandate that the Safety Director personally carry out each of these duties. It is however up to the Safety Director to ensure that tasks are being accomplished within a given time frame and within specific criteria to address safety concerns and/or issues.

DEPARTMENT HEADS

Department Heads or their qualified appointed representative are responsible to attend all monthly scheduled Safety Committee meetings. Department Heads are responsible for:

- Ensuring that all safety policies and procedures are followed by everyone under his/her jurisdiction.
- Making every effort to allow personnel to attend training sessions while on duty.
- Ensuring that all newly hired personnel go through identified training upon their initial hire. It is also their responsibility to train subordinate staff on any and all specialized equipment in which they may be operating.
- Working closely with Human Resources and the Safety Committee to ensure that training documents are up to date in personnel files.
- Investigating accidents and identifying the corrective action necessary to prevent a similar accident from occurring.
- Completing the "**Notice of Injury or Occupational Disease**" form in the event of accident. All departments shall have exposure report forms, C-l and C-3 forms provided to them. The Safety Director shall assure that all supervisory and management staff is trained on this process.
- Enforcing the rules set forth in this safety program.
- Encouraging employee input to report hazardous conditions and correct these problems.
- Conducting routine inspections of the workplace, and in adherence to forms provided within this document, assessing hazardous conditions.
- Conducting safety training in accordance with local, state, and federal requirements.
- Investigating all injuries and "near miss" accidents.

AMERICAN OVERSIGHT

EMPLOYEES

All employees are expected to take a direct interest in workplace safety. Some responsibilities for employees include the following:

- Stay informed about safety and health regulations impacting the workplace.
- Ensure each task assigned can be completed in a safe manner.
- Ensure that machines and equipment are maintained in safe operating condition and report all such items that may be unsafe to their supervisor or Department Head.
- Make sure fellow employees follow all safety and health regulations and work practices, including the use of required personal protective equipment.
- Immediately report to Department Heads any unsafe, unhealthful, or hazardous conditions. Forms shall be made available to all departments and the Safety Committee shall ensure that all staff knows how to complete them and to whom to submit them upon completion.
- Assist, when applicable, fellow employees in completing a "**Notice of Injury or Occupational Disease**" form in the event of accident. All departments shall have exposure report forms, C-1 and C-3 forms provided to them. The Safety Committee shall ensure that all staff is trained on this process.
- Comply with this safety program.
- Attending training sessions held by the County.
- Immediately reporting injuries and accidents which do not result in injuries ("near misses") to Department Heads.

Commented [Honey Menefee2]: Should this really be part of employee responsibility?

AMERICAN OVERSIGHT

3. Safety Training

As part of the Safety Program, the County will provide several different types of safety training for all employees:

- A general safety orientation for all new employees, provided by Human Resources upon hire. This training shall be documented in each employee's personnel file.

- Specific training on how to safely perform assigned duties shall be provided by respective Department Heads and/or supervisors. Documentation of completed training shall be forwarded to Human Resources.

- Special training when working with hazardous materials or complex types of machinery or other equipment shall be provided by respective Department Heads and/or supervisors. Documentation of completed training shall be forwarded to Human Resources.

- Special training in areas where there have been recurring injuries, OSHA reportable injuries, shall be tracked by Human Resources as reported to him/her through submitted C-1 and C-3 forms.

- Training on how to use any personal protective equipment provided (e.g., respirators, hearing protection, etc.) shall be provided by respective Department Heads and/or supervisors. Documentation of training shall be completed and forwarded to Human Resources.

These requirements are based upon the assumption that when employees know how to do their jobs properly and know the hazards of the job, they will work safely.

Safety education and training for employees should commence at the time of employment. Prior to staff beginning any assigned task, supervisors must ensure that employees are provided the following instruction during New Employee Orientation:

- An explanation of the County's Safety Manual.
- Familiarization with the SAFETY RULES of the County and enforcement policies.
- The requirement for immediate reporting of all injuries and completing a **NOTICE OF INJURY OCCUPATIONAL DISEASE** form.
- The necessity and manner for reporting all unsafe conditions to Department Heads (**SAFETY ACTION REQUEST FORMS** are included).
- A clear statement that no employee should attempt to do a job or work with equipment that appears to be unsafe.
- A listing of the names and addresses of all medical providers under contract to treat employees injured on the job.

After an employee is assigned a job, the responsibility for safety training passes to the immediate supervisor or Department Head and the following must be discussed and documented:

AMERICAN OVERSIGHT

- The safety rules of the department in which the employee will work.
- The correct procedure for the employee to follow in any job. It also should be emphasized that doing the job incorrectly may hurt people or damage equipment or supplies.
- How to use any personal protective equipment required.
- All information pertinent to the area regarding hazardous materials.

The initial training is to be documented on the **EMPLOYEE SAFETY ORIENTATION FORM** and signed by the employee and returned to Human Resources to be retained in his/her personnel file.

It is most desirable to follow this initial training with a complete review within 30 days after assignment to the job. This will assure that the new employee fully understands the information given at the time of employment and at the time of assignment to the job. Another Employee Safety Orientation Form should be completed after the review and maintained in their personnel file.

Additional training should be provided whenever the employee's job changes, new hazardous materials are introduced, new machines/tools are used, new safety protection equipment is needed, or if there are incidents of recurring injuries. Any employees that do not seem to understand proper safety procedures should be retrained. The **SAFETY TRAINING DOCUMENTATION** form **must** be used to document any of these types of training.

Whenever personnel are used from a temporary employment service, Department Heads must provide them specialized training for the jobs they will be performing **before** they actually begin work or as soon as possible thereafter. This training al needs to be recorded with a **SAFETY TRAINING DOCUMENTATION** form.

Effective safety training will result in the following benefits to the County:

- Reduction in injuries
- Reduction in damage to property and supplies
- Reduction in retraining time

AMERICAN OVERSIGHT

- Reduction in liability
- Encourage asking for help when it is needed
- Increase in production
- Increase in morale
- Decrease in absenteeism
- Healthier employees

The Safety Director is responsible to see that training is completed. Training will be done routinely and may include the following topics:

- Emergency Action Plan
- Safe Lifting
- Hazard Communication
- Hazard Recognition, Evaluation and Control
- First Aid/CPR
- Heat Stress
- Hand Safety
- Ergonomic Workstation Design
- Housekeeping
- Fire Extinguisher Usage
- Eye Protection
- Holiday Safety

4. Safety Rules and Discipline

Best Business Practices dictates that we have "a method for ensuring that employees comply with safe rules and work practices." Safe rules are a basic part of the Workplace Safety Program and are also part of disciplinary procedures. The point of having safety rules, however, is not to discipline, but rather to ensure a safe working environment. All employees need to know and follow these Safety Rules and all Department Heads must enforce them.

- Recognizing (rewarding) safe performance.

  It is important that Department Heads recognize correct job performance and compliment employees for it. Putting a citation in writing and making it a part of an employee's personnel record is but one means of recognizing safety excellence.

- Correcting (changing behavior through discipline if necessary) unsafe behavior

  Unsafe job procedures will not be tolerated. Any Department Head observing unsafe job behavior is expected to bring it to the attention of the employee's Department Head who then is expected to take steps immediately to correct the behavior.

The following safety rules are representative:

1. Employees must immediately report to their Department Head all accidents, injuries, unsafe and/or unhealthful conditions in the workplace, any near miss incidents, including defective tools or other equipment.

2. Established safe job procedures must be followed by all employees as defined by regulations for respective work areas. Changes in regular job procedures require the approval of Department Heads.

3. Employees who are unsure how to operate a machine or perform any assigned task that they are required to do, must ask their supervisor or Department Head before proceeding. The Department Head will also note all training that occurs and assure that it is placed into the employee's personnel file located in the Human Resources Department. This includes, but is not limited to, routine training processes that occur in the field.

4. Employees must not tamper with, remove, destroy, or otherwise interfere with the use of any safety device or safeguard provided for protection of employees or customers.

5. Personal protective equipment must be provided by the County and worn or used in any area where it is required.

AMERICAN OVERSIGHT

6. Employees must use only the proper tool for the job. If the proper tool is not available, contact their Department Head.

7. Employees are required to get help lifting any item which is bulky, awkward, or heavy which they feel they cannot lift safely.

8. If a repetitive task causes employees discomfort, or they feel it is unsafe or unhealthy, they must report this condition to their Department Head immediately.

9. Horseplay, including fighting or throwing articles, is forbidden.

10. If an employee is suspected of using alcohol and/or other drugs in the workplace, this will be investigated and, if necessary, disciplinary measures will be taken. See appropriate County Policy regarding this issue.

The four-step procedure outlined below would normally be followed for violations of safety rules. However, each case may be considered in light several factors e.g., employee's length of service, seriousness of the incident, other mitigating factors, and appropriate Collective Bargaining Agreement (CBA) language. In conjunction with the appropriate (CBA), the County reserves the right to invoke any level of discipline at any point and an employee may be terminated for the first instance of a serious safety violation.

1. The first time an infraction is noted; the Department Head should discuss the behavior with the employee and make sure the employee understands the nature of the violation and the consequences that would result if there is a repeat violation. This verbal warning should be documented and signed by the employee and then placed in the employee's personnel file. This counseling session should also include what training was provided to the employee, what training they have been required to attend, and how the employee will perform differently the next time they do the same function.

2. The second violation should be treated as a disciplinary action under applicable Human Resources Policy and/or CBA.

3. The third violation should result in the employee being placed on an unpaid disciplinary suspension. This action must be reviewed first with the Department Head.

4. A fourth safety violation may result in the employee being terminated. This action must be reviewed first by the Department Head.

These steps are not necessarily followed if the safety violation is a serious hazard either to the employee or to the County. In the case of a serious safety violation, the County may elect to immediately proceed to a higher step. When there is a CBA in place, the Department Head shall follow those steps regarding chain of progressive disciplinary action.

AMERICAN OVERSIGHT

General Safety Rules:

1. Do not run in the workplace or parking lot.
2. Always follow prescribed safety practices.
3. Do not use machinery if it is not properly guarded.
4. Report hazardous conditions as described in this program.
5. Do not try to lift more than you feel comfortable with — get help.
6. Maintain safe housekeeping standards in your work area.
7. Do not eat or drink in assigned first-aid areas.
8. Wear appropriate personal protective equipment when at jobs where this is required.
9. Report all injuries and near misses immediately.
10. Comply with all safety instructions given.
11. Horseplay is prohibited and may result in termination.

Department Heads are responsible to enforce these general safety rules, as well as more specific safety policies included in other written programs.

The County maintains a progressive disciplinary policy.

All disciplinary action will be documented by using the appropriate forms as indicated in County Policy or applicable Collective Bargaining Agreements.

AMERICAN OVERSIGHT

5. Identifying and Evaluating Workplace Risks

To comply with manufacturer's recommendations, best management practices, local, state, and federal regulations, the County conducts regular and frequent inspections of the workplace. To maintain a safe and healthy environment for employees, there needs to be a way to identify hazards in the workplace.

Inspection of the workplace is the primary tool to identify unsafe conditions and practices. This includes the totality of the employee's work environment. This may include buildings/offices, but should be all inclusive of equipment, apparatus, vehicles, specialized small motors, hand tools, personal protective equipment, etc. Department Heads are responsible for routinely inspecting all work areas and need to document their inspections of the workplace by using the SUPERVISOR'S SAFETY INSPECTION FORM. This form should be completed on a quarterly basis and forwarded to the Safety Director.

Department Heads must routinely check for:

- Violations of safety rules
- Machinery or other equipment without the necessary guards
- Unsafe use or storage of chemicals, including flammables
- Obvious violations of good housekeeping practices
- Personal protective equipment not being used where required or being used improperly
- Machinery, hand tools or other equipment in poor condition or being used improperly
- Areas where there have been recurring injuries
- Any other deviation from accepted safe practices
- Fire Extinguishers
- Automated External Defibrillators (AED's) in buildings that have such
- Trip and fall potentials
- Weather related hazards

AMERICAN OVERSIGHT

6. Safety Communication

Unless a system for communicating safety throughout the County is established, employees may not understand policies and intentions, and Department Heads may not get unfiltered communication from the employees about safety hazards or their needs.

We expect Department Heads to encourage and welcome suggestions. Employees may submit their safety suggestions on a **SAFETY ACTION REQUEST FORM**.

The Safety Director will respond — in writing — to the employee submitting a Safety Action Request Form, indicating what action has been taken.

Department Heads need to bring to the attention of employees all types of safety communication, including the safety suggestion box, safety memos, safety posters, safety banners, paycheck inserts, articles relating to safety, etc.

AMERICAN OVERSIGHT

7. Emergency Situations

In case of an emergency, dial 911 and be prepared:

1. To give your name, location, and phone number
2. To state the nature of the emergency and the assistance required
3. To give the location of the incident/injury, including the building address and which part of the building.
4. To have someone meet emergency vehicle in front of the building.
5. To call or notify the injured employee's Department Head to report the information about the emergency if it occurs during business hours.
6. To carefully document the event and give it to the Department Head as soon as possible if the event occurs during non-business hours. Additionally, the Human Resources Director should be immediately made aware of all workers' compensation injuries.

AMERICAN OVERSIGHT

8. Emergency Evacuation

Management and all employees must become familiar with the evacuation routes for their work areas. Part of the orientation with new employees should include a discussion of emergency evacuation procedures. Management is responsible for the safe evacuation of all personnel in an emergency. This includes development, implementation and posting of primary and secondary evacuation routes in the event of an emergency. These shall be posted in a conspicuous location that is visible to the public as well as internal staff. The location of fire extinguishers shall also be identified on the evacuation plans.

Evacuations of all buildings shall be done at least annually to assure staff remains current on the plan. These evacuation drills should include not only full evacuations but also should address what will be done in a hostile environment. This is commonly called in place secured sheltering. In addition, what will occur in the event of an earthquake and sheltering locations for such.

All employees and management alike have a responsibility for securing their own buildings. This - includes how to turn off the power, locate and shut down a propane tank and general safety considerations specific to that building.

To be prepared for an evacuation, locate the nearest appropriate exit and assembly area. Make sure- all employees know the appropriate exits and assembly areas. Remind employees to walk, not run.

If evacuation is necessary:

1. In an urgent situation it is important to get out of the building quickly. Do not wait around and become entrapped or unable to escape.

2. If possible, inspect the area to ensure all employees have been safely evacuated.

3. Shut — but do not lock — doors and assemble with your co-workers in the nearest designated assembly area and verify that all employees are there. Notify employees when it is safe to return to the building.

In place sheltering in the event of violence:

- This will be used when an immediate safety risk exists to the staff or customers. An example is a hostile person threatening to take action but has not arrived to the building yet.

- Secure and lock all doors and windows.

- Cover windows whenever possible.

AMERICAN OVERSIGHT

- Stay away from windows and doors.
- Attempt to find a location that the person cannot see you.
- Do not open the door/windows until law enforcement has arrived on scene.

In place sheltering in the event of external nonviolence — such as a hazardous materials release :

- Close all windows and doors.
- Place clothing or something around any door seals or duct tape around doors and windows.
- Turn off any forced air heat or air conditioning that draws from the outside of the structure.

AMERICAN OVERSIGHT

9. Hazard Identification and Control

Department Heads or the Safety Director will conduct monthly inspections, using the checklist contained at the end of this manual. Problems will be noted in the checklist under the "satisfactory" column, and corrective action will be noted under the "comments" column. The Safety Director will maintain these completed checklists for five years from the date of inspection.

Employees are to report hazardous conditions by using the Employee Hazardous Condition report form, turning them into their Department Heads. The Safety Director will recommend corrective action to be followed up on by Department Heads. This will be written on the Employee Hazardous Condition Report form, which will be maintained by the Safety Director for five years.

AMERICAN OVERSIGHT

10. Accident Investigations

All injuries are to be reported immediately by filling out a C-1 to management. An investigation is to begin immediately by the Department Head of the injured person. The Injury Investigation form is to be completed by the Department Head.

The C-1 and the Injury Investigation Form are to be turned in to Human Resources to ensure corrective action is taken to reduce the probability of an injury recurring.

Near misses are to be reported by the Near Miss Form The process for investigating and correcting the problem is the same as described above.

NEW BUSINESS

Incident Reports—None

Purchases—

- Shane Dixon reported the AED fleet is old and he will prepare a proposal of cost to replace them, which he will present at the next meeting. He estimates $45,000 – $50,000. Dixon explained the county proposal is separate from the School District.
- Chris Hannum reported that Community Development purchased safety equipment recently.

OLD BUSINESS

Safety Committee Manual— Honey Menefee emailed a revised version of the safety manual for review before the meeting. Per Brandie Lopez's request, committee members agreed to review a few paragraphs of the manual at each meeting for needed revisions. Melissa Welch is hopeful the edits can be completed before the new Emergency Management director is hired. Lyndi Renaud reminded the committee that the finalized version of the manual will need to be approved by the Board of Commissioners.

Courthouse Safety Equipment Expenses - None

Training

- CPR List Update- B. Lopez reported she will coordinate a date with S. Dixon in November for CPR training at which time she will notify staff of available times to register.

Financial Report

- Spending Allowance: $15,000
- Total Expenses: $4,140.75

Roundtable Discussion

- B. Lopez shared a safety hazard at the Slammer doors threshold. She reported elderly voters tripped the last election and requested repairs be made before using the Slammer for elections again. Jim Hindle shared early voting starts October 22 and Election Day is November 8, 2022. Hindle suggested the other voting locations should be inspected for safety hazards as well.
- Kali Galli reported issues with some of the exit signs in the courthouse and need to be inspected for repairs. S. Dixon said he would look at them before he leaves the courthouse today.

SHOW TOPIC MENU

SEASONAL SAFETY

Enjoy a Safe Holiday Season

Holiday safety is an issue that burns brightest from late November to mid-January, when families gather, parties are scheduled and travel spikes. The holidays looked a lot different last year due to the pandemic. Do we still need to be concerned?

According to the Centers for Disease Control and Prevention, to protect adults and children not eligible for vaccination, everyone who is eligible should get vaccinated. Even those who are fully vaccinated should continue to wear masks indoors and avoid crowded spaces. Of course anyone who has symptoms of illness should stay home. Outdoor gatherings are safer than indoor, in-person gatherings.

CDC also urges people to delay travel until they are fully vaccinated. When gathering with people from multiple households, consider taking a COVID-19 test prior to the event to further reduce risk.

Following is additional, tried-and-true advice to ensure your family remains safe and injury-free throughout the season.

Traveling for the Holidays? Be Prepared

While many will choose to stay home this year, if you do travel, be sure your vehicle is in good running condition, get plenty of rest and be prepared for any emergency. Traveling by car during the holidays has the highest fatality rate of any major form of transportation based on fatalities per passenger mile. In 2020, it is estimated 163 people died on New Year's Day, 485 on Thanksgiving Day, and for Christmas Day, it is estimated 340 lost their lives, according to Injury Facts. Alcohol impairment is involved in about a third of the fatalities.

Stay safe on the roads over the holidays — and every day:

- Prepare your car for winter and keep an emergency kit with you
- Get a good night's sleep before departing and avoid drowsy driving
- Leave early, planning ahead for heavy traffic

AMERICAN OVERSIGHT

- Put that cell phone away; many distractions occur while driving, but cell phones are the main culprit
- Practice defensive driving
- Designate a sober driver to ensure guests make it home safely after a holiday party; alcohol or over-the-counter, prescription and illegal drugs can cause impairment

Decorate Safely

Decorating is one of the best ways to get in a holiday mood, but emergency rooms see thousands of injuries involving holiday decorating every season.

When decorating follow these tips from the U.S. Consumer Product Safety Commission:

- Keep potentially poisonous plants – mistletoe, holly berries, Jerusalem cherry and amaryllis – away from children
- If using an artificial tree, check that it is labeled "fire resistant"
- If using a live tree, cut off about 2 inches of the trunk to expose fresh wood for better water absorption, remember to water it and remove it from your home when it is dry
- Place your tree at least 3 feet away from fireplaces, radiators and other heat sources, making certain not to block doorways
- Avoid placing breakable ornaments or ones with small, detachable parts on lower tree branches where small children can reach them
- Only use indoor lights indoors and outdoor lights outdoors, and choose the right ladder for the task when hanging lights
- Replace light sets that have broken or cracked sockets, frayed or bare wires, or loose connections
- Follow the package directions on the number of light sets that can be plugged into one socket
- Never nail, tack or stress wiring when hanging lights and keep plugs off the ground away from puddles and snow
- Turn off all lights and decorations when you go to bed or leave the house

Watch Out for Fire-Starters

Candles and Fireplaces

Use of candles and fireplaces, combined with an increase in the amount of combustible, seasonal decorations in many homes during the holidays, means more risk for fire. The National Fire Protection Association reports that one-third of home decoration

AMERICAN OVERSIGHT
NV-STOREY-22-1163-A-009639

- Place candles where they cannot be knocked down or blown over and out of reach of children
- Keep matches and lighters up high and out of reach of children in a locked cabinet
- Use flameless, rather than lighted, candles near flammable objects
- Don't burn trees, wreaths or wrapping paper in the fireplace
- Use a screen on the fireplace at all times when a fire is burning
- Never leave candles or fireplaces burning unattended or when you are asleep
- Check and clean the chimney and fireplace area at least once a year

Turkey Fryers

Be alert to the dangers if you're thinking of celebrating the holidays by frying a turkey. The Consumer Product Safety Commission reports there have been 107 turkey-fryer related fires, burns or other injuries since 2004, and $5.2 million in property damage losses from these incidents.

NSC discourages the use of turkey fryers at home and urges those who prefer fried turkey to seek out professional establishments or consider using an oil-less turkey fryer. If you must fry your own turkey, follow all U.S. Fire Administration turkey fryer guidelines.

Food Poisoning Is No Joke

Keep your holidays happy by handling food safely. The foodsafety.gov website from the U.S. Department of Health and Human Services provides some valuable holiday food safety tips:

- Wash your hands frequently when handling food
- Keep raw meat away from fresh produce
- Use separate cutting boards, plate and utensils for uncooked and cooked meats to avoid cross-contamination
- Use a food thermometer to make sure meat is cooked to a safe temperature
- Refrigerate hot or cold leftover food within two hours of being served
- When storing turkey, cut the leftovers in small pieces so they will chill quickly
- Thanksgiving leftovers are safe for three to four days when properly refrigerated

AMERICAN OVERSIGHT

It's Better to Give Safely

Gifts and toys should inspire joy, not cause injuries. Thousands of children are seriously injured in toy-related incidents every year. Avoid safety hazards while gifting with these tips from the U.S. Consumer Product Safety Commission:

- Toys are age-rated for safety, not for children's intellect and physical ability, so be sure to choose toys in the correct age range
- Choose toys for children under 3 that do not have small parts which could be choking hazards
- For children under 10, avoid toys that must be plugged into an electrical outlet
- Be cautious about toys that have button batteries or magnets, which can be harmful or fatal if swallowed
- When giving scooters and other riding toys, give the gift of appropriate safety gear, too; helmets should be worn at all times and they should be sized to fit

To find out about holiday toy safety and recalls, check the U.S. Consumer Product Safety Commission website.

Hi there,

I can't remember what the final say is on this….are counties accepting the temporary (paper) DMV license issued for SDR – i.e. the person went to DMV but hasn't received their actual NV DL or ID card?

Hi guys,

The SB cover says polling place information is inside the back cover, but it's not, and it's not in there at all. Yikes. We have the old sheet from the primary with the polling locations for the various precincts we can recycle and change the dates if that info is still valid. If you don't want it in, that's fine, we'll just take that line off the cover. Question: does the polling location get sprayed on with the address at NV Presort?

Regardless, the NRS 29.780 felony verbiage should probably be in this, so we can pull that and put it inside the front cover with the early voting info.

Thanks,
Stephanie

STOREY COUNTY OUT OF COUNTY OFFICER PROBABLE CAUSE REPORT

NHP 221102065
On November 27, 2022 at approx. 1630 hours I was on SR439 at MM 2ST southbound in Storey County NV. I observed a white Cadillac CTS Sedan approaching over a hill at a very high rate of speed overtaking another sedan while traveling in the #1 lane northbound. I visually estimated the vehicle to be 100/55. My forward moving radar confirmed 101MPH and locked in at 99MPH as the vehicle overtook my patrol unit in the opposite direction. I activated my emergency lights and made a u-turn, initiating a traffic stop on the White Cadillac CTS. I made contact with the driver who had very red and watery eyes and a very strong odor of alcohol coming from the vehicle as she spoke. The driver's words were slurred as she stated she didn't know how fast she was going and asked me to tell her. I asked the driver how much she alcohol she had to drink and she admitted "some" and refused to state how much, what kind, or when she stopped drinking other than stating "hours ago" when asked when she stopped. The driver provided her license, registration and insurance. She was identified as Carlson, Sarah Ann (DOB 09/11/1981). Mrs. Carlson was asked medical questions and affirmed that nothing affected her walking, turning, standing or balance. She refused to answer most medical questions, during questioning she stated "lets just do the test" re-affirming her will to do SFSTs'. Results as follows.

HGN 6 + VGN
WAT 7
OLS 3
Refused PBT.

At 1643 hours Mrs. Carlson was placed into handcuffs using a rear passive technique. The handcuffs were checked for appropriate tightness and double locked. She was searched then secured in my patrol unit with a seat belt. Mrs. Carlson was read the NV DMV Admonishment and refused to answer stating that she wanted her lawyer. She was advised that making no decision or remaining silent would be taken as a refusal. Mrs. Carlson looked at me and began deliberately blinking when asked if she would answer the question. After a period of time I advised her that her silence was taken as a refusal. I advised DPS Dispatch of her refusal and requested a tow truck. Trooper Shaffer (418) arrived and inventoried the white Cadillac CTS. Mrs. Carlsons belongings were retrieved from the passenger seat. On the passenger floorboard four (4) closed Smirnoff Ice bottles were located next to the cardboard six (6) pack that they came in.

I made contact with Judge Harrington of Storey County through Storey County Dispatch. At 1710 hours a telephonic Blood Seizure warrant was granted. I transported Mrs. Carlson to Renown Hospital for evidentiary blood testing. At 1748 hours a trained phlebotomist retrieved 2 vials of blood from Mrs. Carlson's right arm. The kit was secured and kept in my custody until it could be booked into the evidence vault. Mrs. Carlson was transported and booked into the Storey County jail without incident on the listed charges:
