RE: Public Information Request for updated OLS arrest information. (PIR # 24-0698)

Mr. Winters,

The Department of Public Safety (DPS) received your above-referenced request on March 11, 2024. Please find enclosed the records that DPS located in response to your request. These records are provided to you at no cost.

Arrest Spreadsheets
This data represents an extract from a live database, and information is subject to change. The records may not represent the totality of all criminal arrests and charges as existing records are reviewed, approved, and updated, and additional reports are processed. The date range for these records is March 4, 2021 to January 11, 2024, reported as of January 12, 2024.

Please note that arrests are now documented on two spreadsheets due to the implementation of a new record management system in 2023 by the Texas Highway Patrol (THP). Prior to January 2023, THP utilized the Enterprise Management (EM) System for traffic enforcement activity (written warnings, citations, and CMV inspections) and SPURS for documenting entrusted property and criminal case reports. Beginning in January of 2023, THP underwent a statewide rollout of the Versaterm Software Suite, completed in August 2023, which serves as THP's only RMS system for regular traffic enforcement activity, entrusted property, as well as general and arrest offense report entry.

Charges reflected in these spreadsheets include Texas Penal Code 20, 20a, 30.05, 31.07, 34.02, 37.09, 38.03, 38.04, 46, and 71.02; Texas Health and Safety Code 481 and 483; Texas Transportation Code 545.421; United States Code Titles 8 USC, 18 USC § 922, 18 USC § 1546, 18 USC § 1956, 18 USC § 1960, 21 USC § 801-971, 26 USC § 5861, 26 USC § 7206; and all warrants.

Methodology used for arrest and charges counts:

- Criminal Arrests: A distinct count of the Arrest URN summed with a distinct count of the Primary Key

AMERICAN OVERSIGHT

- Criminal Trespass Arrests: A distinct count of the Arrest URN and selecting only the "Criminal Trespass Arrests" option under "Offense (group)" field summed with a distinct count of the Primary Key and selecting all statutes that begin with "30.05(d)".
- Felony, Misdemeanor, Federal/Other Charges: Total count of records (rows) based on the Level (group) field. We do not count the row if the offense field is blank. Do NOT apply an Arrest URN distinct count or a Primary Key distinct count for this calculation.

If you have any questions regarding this request, please submit them in writing to ogc.webmaster@dps.texas.org. Thank you.

Sincerely,

ML Calcote
Assistant General Counsel
