Dear Janee,
Welcome to the weekly installment of HHS IEA's Week Ahead and Key Moments. This newsletter will highlight Departmental updates and upcoming events across our partner agencies and offices.

- Key Moments from HHS Last Week -

* On March 4th, HHS through the Centers for Medicare & Medicaid Services (CMS), announced that all manufacturers participating in the first cycle of Medicare drug price negotiations have responded with counteroffers.
* On March 1st, nine federal agencies further advanced President Biden's call for religious freedom and equity for all by finalizing a rule that restores important religious liberty protections for beneficiaries of federally funded social services, such as job training and job search assistance, academic enrichment opportunities, and housing services.
* On February 29th, continuing the ongoing implementation of President Biden's prescription drug pricing law, the Inflation Reduction Act of 2022, the Centers for Medicare & Medicaid Services (CMS) released the final part one guidance - PDF for the new Medicare Prescription Payment Plan.
* On February 29th, HHS through the Administration for Children and Families (ACF) announced a new rule that will reduce costs for families that receive childcare subsidies and improve options for families.
* On February 28, 2024, HHS Assistant Secretary for Health ADM Rachel L. Levine and members of the National Syphilis and Congenital Syphilis Syndemic Federal Task Force (Task Force) met with leaders from national provider organizations to discuss efforts to protect the

AMERICAN OVERSIGHT

health of our nation's patients and their babies.
* On February 27th, HHS Secretary Xavier Becerra visited Birmingham, Alabama, in the wake of the Alabama Supreme Court's recent ruling on IVF.

- Notice of Funding Opportunities (NOFOs) -

* Primary Care Training and Enhancement: Physician Assistant Rural Training in Behavioral Health (PCTE-PARB) Program: This program's purpose is to develop clinical rotations for primary care Physician Assistant (PA) students in rural areas. This program addresses PA training for behavioral health conditions. The goal is to increase the number of PAs trained to deliver these services in rural areas, including Medications for Opioid Use Disorder (MOUD). Only an academically affiliated physician assistant training program accredited by the Accreditation Review Commission on Education for the Physician Assistant (ARC-PA) may apply. The application deadline is March 15, 2024. You can find more information here.
* Crisis Counseling Assistance and Training Program (CCP): The CCP is a short-term disaster relief grant for states, U.S. territories, and federally recognized tribes. CCP grants are awarded after a presidential disaster declaration. CCP funding supports community-based outreach, counseling, and other mental health services to survivors of natural and human-caused disasters. Applications are accepted on an ongoing basis. For more information, visit here.
* Emergency Community Water Assistance Grants: This program helps eligible communities prepare, or recover from, an emergency that threatens the availability of safe, reliable drinking water. Applications are accepted on an ongoing basis. For more information, visit here.

- Additional Resources -

* Updated 988 Partner Toolkit: The 988 Suicide & Crisis Lifeline has created new social media shareables designed for use as social media posts, stories, and threads. The partner toolkit can be found here.
* COVID-19 Tests: The Biden-Harris Administration and Administration for Strategic Preparedness and Response (ASPR) are committed to ensuring equitable access to COVID-19 tests, especially ahead of the holidays. ASPR is refreshing ordering on covid.gov for every U.S. household to order additional tests at no charge. Households that ordered this fall can order four more tests, and those that have not ordered this fall can submit two orders for a total of eight tests. Additionally, ASPR will continue to provide over four million free COVID-19 tests per week directly to long-term care facilities, schools, community health centers, and food banks. More information on these efforts and a digital toolkit to share through your social media avenues is available at covid.gov.
* PSA for Faith Leaders to Help Families Keep Their Medicaid Coverage. Many states have resumed their regular processes for renewing individuals' Medicaid and CHIP coverage following the end of the continuous enrollment requirement. Now through April 2024, everyone is going to need to renew their Medicaid and CHIP coverage. Families can renew their coverage by finding their state Medicaid agency here. Find the PSA here.

In this week's roundup: President Biden's trip to the border, my bill to protect the solvency of Social Security, and my 36 County Tour.

Dear Friend,

In this week's roundup: President Biden's trip to the border, my bill to protect the solvency of Social Security, and my 36 County Tour. That and more – remember to follow my Facebook page by clicking here and my Twitter page by clicking here to stay up-to-date throughout the week!

PRESIDENT BIDEN'S TRIP TO THE BORDER

President Biden's recent trip to the border was nothing more than a stunt. He actively refuses to implement policies that would secure our border and protect our families.

Since he won't do his job, I'm doing my part to help address the border crisis.

I introduced the Build the Wall and Fight Fentanyl Act — which is good for our border security and taxpayers alike — to seize money from the drug cartels to finish the border wall and keep deadly fentanyl away from our kids and out of our communities.

Read more about my bill in my op-ed for the Carroll Times Herald below!

We must defeat the drug cartels at their own game

President Biden and Department of Homeland Security Secretary Alejandro Mayorkas have created the worst border crisis in generations. Their open-border policies have left our nation vulnerable to evil forces and

PROTECTING THE LONG-TERM SOLVENCY OF SOCIAL SECURITY

Our seniors deserve to receive the Social Security benefits that they have earned after a lifetime of hard work and sacrifice. However, thanks to reckless government spending and elevated interest rates, recent reports project that the Social Security trust fund could run out of money in less than a decade. This is not only alarming for folks who rely on their Social Security check, but also absolutely unacceptable for lawmakers who choose to ignore this looming crisis.

That's why I introduced the Save Our Seniors Act, which would make a simple, yet vital change to how we convey the long-term solvency of Social Security. Instead of sticking our heads in the sand and pretending that Social Security remains in strong financial health, my bill will make this crisis front-page news for lawmakers and the American people alike. I will continue to work to ensure that our seniors and workers receive the benefits that they deserve while strengthening our nation's fiscal foundation.

Feenstra bill widens Social Security data

WASHINGTON, D.C.-The funding outlook for Social Security has been a topic tossing and turning through Congress for decades, but Rep. Randy Feenstra is arguing that the official government data is

VISITING THE EDGE PROGRAM AT BOONE HIGH SCHOOL

On Tuesday, I toured the EDGE program – which serves 34 students – at Boone High School as part of my 36 County Tour. I had the opportunity to talk to students about their internships and future plans.

In Congress, I will continue to advocate for policies that help our students achieve their dreams and prepare them for successful careers.

TOURING ALMACO IN NEVADA

Earlier this week, on my 36 County Tour, I toured ALMACO – a global manufacturing and engineering company – in Nevada.

We talked about my work on the House Ways and Means Committee to bring manufacturing back to the United States and my work on the House Agriculture Committee to pass a strong Farm Bill for Iowa's farmers, producers, and manufacturers.

In Congress, I'll always be a strong voice for our job creators!

WORKING TO SECURE YEAR-ROUND E-15 FOR IOWANS BEGINNING THIS YEAR

Year-round access to E-15 will lower gas prices for our families, support our farmers, and keep our biofuels industry strong. While I'm glad that the Biden administration finally approved year-round sales of E-15 in Iowa, there is no reason to delay this authorization until 2025.

I'm proud to join my colleagues in the Iowa delegation to request that the EPA allow for E-15 to be sold year-round beginning this year, not 2025. With inflation draining wallets and impacting our businesses, our families deserve relief at the pump and our producers deserve certainty in this vital market.

CHATTING WITH FOLKS IN AUDUBON ON MY 36 COUNTY TOUR

During my 36 County Tour this week, I spoke at the "What's Happening in Audubon" series at the Bakery on Broadway in Audubon.

We chatted about the Farm Bill, my work to expand emergency medical services in rural Iowa, the need for more affordable housing, and the serious crisis at our southern border created by President Biden and his failed policies.

VISITING GABRIEL'S CORNER PREGNANCY COUNSELING CENTER IN COUNCIL BLUFFS

The other day, one of my regional directors — Abby — stopped by Gabriel's Corner Pregnancy Counseling Center in Council Bluffs.

On my 36 County Tour, I've also visited pregnancy resource centers in Sioux Center, Storm Lake, and Denison.

These centers are lifelines for new families. I truly appreciate the work that pregnancy resource centers do to support Iowa families, promote the health and wellbeing of newborns, and defend the unborn.

ONE LAST THING: MEETING WITH THE COMMANDER OF THE IOWA WING OF THE CIVIL AIR PATROL AND FOUR CADETS!

Yesterday, after votes, I enjoyed seeing Colonel Jonathan Lartigue — Commander of the Iowa Wing of the Civil Air Patrol — and four of his cadets.

The Civil Air Patrol is completely volunteer-based and supports search-and-rescue missions and disaster relief efforts nationwide.

MY WEEKLY COLUMN: SOUNDING THE ALARM OVER OUR GROWING AGRICULTURAL TRADE DEFICIT

Agriculture is the economic engine of Iowa. When our farmers and producers are successful, our economy grows, our main streets thrive, our businesses invest in new employees and finance expansions, and our rural communities grow stronger. As is obvious from our endless fields of corn and soybeans and our countless hog, cattle, and poultry operations, we grow and raise more than we can consume and sell in Iowa – or even our country. The excess product must go somewhere, and that's where our trading relationships – both current and potential – come into play.

Unfortunately, the Biden administration has done very little to help our farmers and producers access new export markets for their high-quality goods.

That's why I led a letter to U.S. Trade Representative Katherine Tai and U.S. Secretary of Agriculture Tom Vilsack urging the Biden administration to address our growing agricultural trade deficit, eliminate barriers to trade for our producers, and restore America's global leadership in agricultural trade.

A Proclamation on Women's History Month, 2024

During Women's History Month, we celebrate the courageous women who have helped our Nation build a fairer, more just society.

Throughout history, the vision and achievements of powerful women have strengthened our Nation and opened the doors of opportunity wider for all of us. Though their stories too often go untold, all of us stand on the shoulders of these sung and unsung trailblazers — from the women who took a stand as suffragists, abolitionists, and labor leaders to pioneering scientists and engineers, groundbreaking artists, proud public servants, and brave members of our Armed Forces.

To promote the health and wellness of women in America, under the leadership of Vice President Harris, we launched the Blueprint for Addressing the Maternal Health Crisis to combat the high incidence of maternal mortality — especially for Black, Native, and rural women — due to systemic inequities in quality health care. We have expanded access to health care services for women veterans — the fastest growing group of veterans receiving services at the Department of Veterans Affairs. Last fall, we launched the White House Initiative on Women's Health Research to change how we approach and fund women's health research, and pioneer the next generation of discoveries in women's health care.

The Impact of Disordered Eating on Muscle and Bone Health

Some older adults lose their appetite and subsequently reduce food intake but do not have eating disorder symptoms or mental health struggles that may cause them to decrease food intake intentionally. As a result of their undernutrition, they experience unintended weight loss, muscle loss known as sarcopenia, functional decline, loss of independence, and other adverse health outcomes. As our global aging population increases, health care providers must be aware of this syndrome and prepared to screen for it and intervene when indicated.

AROUND THE CAPITOL

The House gaveled-in and gaveled out today and read in one new bill. Both the House and Senate return on Monday afternoon. Per diems and expense pay ends for legislators on Tuesday, April 16. Legislators still need to reach agreements on the budget and do most of the floor work on those bills and to introduce and advance bills to accelerate the income tax cuts approved in previous sessions. It now seems unlikely that the Legislature will be able to wrap up the session next week, but they are far enough along that they could finish the session before the end of April.

The House has scheduled debate for Monday afternoon, including HF 2683 **TRANSPORTATION INFRASTRUCTURE & CAPITALS**. The Senate approved SF 2422 on a 45-0 vote in the same form as HF 2683. The House will be able to substitute the bill on the floor and finish legislative work on the Transportation budget. The Transportation Appropriations is usually the easiest of the budget bills for legislators to reach agreement on. The House has scheduled several other bills that can be approved and sent down to the Governor, or which have companions in the Senate, but at least two bills scheduled for floor debate (HF 2688 **RURAL VETERINARY GRANTS** and HF 2689 **RURAL ATTORNEY RECRUITMENT**) will need committee work in the Senate to advance.

Legislators have started to resolve other issues this week, with the Senate accepting the House amendment to add labeling requirements for egg alternatives to SF 2391 **MISBRANDING MEAT** rather than continuing negotiations on the bill, and the House approving SF 2071 **BINGO GAMES & PRIZES** by accepting the position of the Senate to limit $5,000 bingo prizes to guns and to exclude other merchandise.

The House and Senate still need to reach an agreement on SF 2431 **MINOR SOL EXTENSION** which passed in the Senate on a unanimous vote on Wednesday, April 9. The bill does not have a House companion and has not been assigned to committee or subcommittee as of yet. The bill creates an exception to the SOL for sex offenses against minors (under 18) to allow former Iowa Boy Scouts who were abused to receive full payments from a national settlement. The legislation needs to be approved and signed by the Governor by Friday April 19. Speaker Grassley said he understands that this is a difficult situation for former Boy Scouts but said that the Legislature cannot simply rush to a solution because of the timeline. The Senate returned HF 2686 **GOVERNOR REORG CORRECTIONS** 32-13 party-line vote, with one change. The Senate struck the changes to the Justice Information systems that serve state and local justice agencies. Both chambers have passed the bill in different forms, and the House can finish work on the bill by concurring with the Senate amendment.

ABORTION HEARING

The Iowa Supreme Court heard oral arguments on Thursday regarding HF 732 **FETAL HEARTBEAT ABORTIONS**. The Legislature approved the bill in a special session in July 2023, after the Supreme Court upheld a permanent injunction blocking the fetal heartbeat law approved in the 2018 session (*Planned Parenthood v. Reynolds, et al, No 22-2036, June 16, 2023*). In that case, the Supreme Court split 3-3 on a challenge to the district court injunction, leaving the ruling in force.

Justice Waterman, writing for Chief Justice Christensen and Justice Mansfield, wrote that it would be "legislating from the bench" to overturn the district court. He wrote that the 2018 statute "was moribund when it was enacted and has been enjoined for four years." Waterman wrote, "The law as of today has not changed in a way that removes the 'constitutional defect' in the fetal heartbeat bill. The undue burden test remains the governing standard under the Iowa Constitution, and the State concedes, as it must, that the fetal heartbeat bill is unconstitutional under that test."

Justice McDonald, writing for Justices McDermott and May, wrote that the Court should have dissolved the injunction and that "Under the rational basis standard, it is inequitable to continue to enjoin the State from enforcing a law that is now presumptively constitutional."

Following the ruling, legislators approved HF 732 to prohibit abortions after a fetal heartbeat (cardiac activity) has been detected, or if the physician has not tested for a fetal heartbeat, except in cases of medical emergency, or in cases of a fetal abnormality that will kill the fetus, or in cases of rape or incest. The bill establishes timelines for reporting rape (45 days) and incest (140 days). The bill passed 56-34 vote in the House and 32-17 vote in the Senate, on largely party-lines, with Senator Klimesh and Representatives Cisneros and Dieken voted with the Democrats against the bill.

Governor Reynolds released a statement on the hearing:

> Since the United States Supreme Court overturned *Roe v. Wade*, the decision of when to limit abortion has been given back to the states and the people. For Iowa, the people's elected representatives have drawn a clear line, multiple times, at when a heartbeat begins. Today, the unborn had their day at the Iowa Supreme Court. As a pro-Life Governor, I will do everything I can to protect the innocent unborn and promote strong, healthy families.

Senator Weiner released a statement on the hearing:

> The six-week abortion ban case heard today in Iowa's highest court remains an unconstitutional attempt by Republican politicians to control the bodies of Iowans and their futures. Iowans value their freedom, and that includes the freedom to make decisions about their bodies and their healthcare with their doctors. A majority of Iowans oppose attacks on their healthcare choices. Today's hearing was a clear and convincing argument for upholding the Iowa Constitution, listening to the people of Iowa, and striking down this dangerous law.

The LSA estimates that the bill will reduce GF revenues by about $2.5 million, with LOST and SAVE revenues reduced by $200,000 and RUTF revenues reduced by about $1 million.

TRAFFIC CAMERA/FISCAL IMPACT

The Legislature has considered a number of traffic bills over the past decade, ranging from complete bans to regulating the use of traffic camera enforcement by local governments, but has never been able to send a bill down to the Governor for action. The latest traffic camera/ATE bill to advance is HF 2681 **ATE DEVICE REGULATION** which has now been approved in the House and is waiting for possible action in the Senate. The Senate Ways & Means Committee has already approved SF 2408 **ATE DEVICE REGULATION** and will be able to conform the bill to HF 2681 and substitute on the floor. Senator Klimesh is the manager.

The House file regulates traffic camera and ATE devices and requires local governments to get approval from the DOT for the cameras. The House rejected an amendment to ban the devices altogether. Under HF 2681, local governments using the cameras/ATE would need to submit annual reports on the devices. The bill allows tickets for speeds 10 mph over the speed limit and establishes a range of fines, depending on the speed. Cities under 20,000 would be barred from using the cameras.

The full impact of the changes cannot be estimated, but currently, The LSA is aware of 25 cities using ATE devices but cannot estimate the full impact as it only has reports from ten cities on revenues. In FY 2022, the LSA was aware of 19 cities using ATE. In FY 2023, the ten reporting cities received $17.3 million, and would lose that revenue with the shutdown, including Cedar Rapids ($7.2 million); Des Moines ($3.6 million); Le Claire ($1.7 million); Davenport ($1.4 million); Waterloo ($1.2 million); Council Bluffs ($850,000); Muscatine ($510,000); Buffalo ($362,000); Fayette ($324,000) and Marshalltown ($195,000). Those ten cities also pay about $5.5 million in vendor fees. The non-reporting cities are Sioux City, Fort Dodge, West Union, Strawberry Point, Hazleton, Hudson, Chester, Bellevue, Miles, Independence, Oelwein, Prairie City, Webster City, Marion and Postville.

Legislators also still have SF 2337 and HF 2595 available ton the UFB calendar. Those bills combine a ban on traffic cameras with a ban on the use of any electronic devices while driving. The bills passed out of committee in slightly different forms; given the House vote against a complete ban on traffic cameras, it seems unlikely that either bill will reach the floor.

HF 2692 **NITROGEN FERTILIZER FEE** (Isenhart) (Ways & Means)

Makes legislative findings that the waters of Iowa are being used to transport contaminants that damage lakes and aquifers. Imposes a fee on fertilizer based on the amount of nitrogen in the fertilizer and establishes a formula for the fee. Scoops the fees for the Water Quality Initiative Fund, with part of the money to be used for water quality efforts and part of the money for the UI Hydroscience Lab.
