Subject: RE: Open Records Request (GA-COBB-20-0136)

My IT department indicated that they cannot search by department; instead, we have to tell them the email addresses to search. I have provided the four addresses in the department most likely to receive communication from the Secretary of State regarding provisional or challenged procedures or directives during this time period (Janine Eveler, Beau Gunn, Brenda Jemison, Beth Kish). The search itself will take 1.5 hours and cost \$61.55. This estimate does not include any time needed to review and possibly redact documents retrieved in the search. Do you wish to proceed with the search?

The manual retrieval and redaction of Provisional Numbered Lists is in progress. That effort is estimated to take 1 hour at the cost of \$20.28.

Good afternoon Ms. Eveler,

Please find our answers below.

- Regarding Item #1: your list below accurately describes the documents we are seeking. We are willing to narrow the search date to span from October 1, 2018 to January 1, 2019.
- Regarding Items # 2-3: Please include only the Cobb general elections on November 5, 2019, including the runoff.
- Regarding Item #2: your description below accurately describes the request. We do not object to the county redacting voter names under the ORA.
- Regarding Item #3: you can disregard this item, as the documents you forwarded contain the information requested.

Please let me know if you have any additional questions.

Thanks,

Subject: FW: Open Records Request (GA-COBB-20-0136)

Khahilia Shaw,

I need further clarification on the attached request.

- Regarding Item # 1: In order to conduct an electronic search, we would need to identify search criteria. In my assessment, you are asking for the following:
 - 1) All communications from email addresses ending with @sos.ga.gov
 - 2) sent from April 1, 2018 to the present day
 - 3) to the email addresses of all Cobb County employees assigned to the Elections department
 - 4) containing the words "provisional" or "challenged"

Please review this search criteria and narrow the parameters

wherever you can in order to reduce the time and expense of the search. This search will be very expensive and result in a great deal of duplication, unless you can narrow it down. I would also like to recommend that, if possible, you direct this request to the originator of these records, which would be the Secretary of State.

- Regarding Items #2 & #3: I need to clarify the elections to include. The only special election called for November 5, 2019 was for an Austell City Council seat and it did not require a runoff on December 3, 2019. However, Cobb conducted general elections for several municipalities on that date, one of which required a runoff. Are these also to be included in our records search?
- Regarding item #2: This requires a manual search as well as redaction. I understand your request to mean that you want copies of the Provisional Recap sheets completed on the specified election days. The names of the voters must be redacted because they are exempt from disclosure under the Georgia Open Records Act. Federal statute 52 U.S.C. section 21082(a)(5)(B) states that “[a]ccess to information about an individual provisional ballot shall be restricted to the individual who cast the ballot.” Therefore, disclosure would not be required because of exemption 1 of the Georgia Open Records Act, O.C.G.A. sec. 50-18-71(a)(1), which exempts from disclosure those records that are required to be kept confidential by federal law. However, we can certainly provide the redacted documents, if that is still desired. Once you clarify the specified elections, I will provide you an estimate of the hours and cost associated with this search.
- Regarding item #3: I have attached our public report was provided to our Board during certification for all four election dates. There is a section that pertains to provisional ballots issued and counted. From this document you can derive the numbers “approved” and “rejected”; however, I do not know what you mean by the term “withheld”.

Please respond with clarification as requested above.
