Austin R. Evers, Executive Director
American Oversight
1030 15th Street NW, Suite B255
Washington, DC 20005

Re: Open Records Request

Dear Mr. Evers:

Further to Melanie Wilson's follow-up letter of February 14, 2020, the search and retrieval of records from your February 7, 2020 request has been completed and the records are attached hereto.

Two staff members spent a total of 3 hours for a charge of \$60.02 after the first fifteen minutes. Please remit the specified amount, payable to Gwinnett County, to the attention of Lynn Ledford, Division Director, Gwinnett Department of Community Services at 75 Langley Drive, Lawrenceville, Georgia 30046. Gwinnett County, its departments, agencies, boards, bureaus, commissions, authorities, and other similar bodies of Gwinnett County are authorized to collect this charge in any manner authorized by law for the collection of taxes, fees, or assessments owed to the County by O.C.G.A. § 50-18-71(c)(3).

Sincerely,

Jeff Cicora
Legal Associate II

cc: Kristi Royston, Elections Supervisor, Gwinnett County Board of Registrations and Elections

OFFICIAL ELECTION BULLETIN

November 12, 2018

TO: County Election Officials and County Registrars

FROM: Robyn Crittenden, Secretary of State

RE: Post-Election Instructions Re: Absentee and Provisional Ballots

Secretary of State Robyn Crittenden issues the following information to all county election officials regarding state law governing absentee ballot verification and the provisional ballot determination period.

1. Absentee Ballot Verification. Absentee ballot verification in Georgia is governed by O.C.G.A. § 21-2-386(a)(1)(C), as interpreted by *Jones v. Jesup*, 279 Ga. 531 (2005). The statute states:

If the elector has failed to sign the oath, or if the signature does not appear to be valid, or if the elector has failed to furnish required information or information so furnished does not conform with that on file in the registrar's or clerk's office, or if the elector is otherwise found disqualified to vote, the registrar or clerk shall write across the face of the envelope "Rejected," giving the reason therefor. The board of registrars or absentee ballot clerk shall promptly notify the elector of such rejection, a copy of which notification shall be retained in the files of the board of registrars or absentee ballot clerk for at least two years.

O.C.G.A. § 21-2-386(a)(1)(C). The Georgia Supreme Court found in *Jones v. Jesup*, 279 Ga. 531 (2005), that O.C.G.A. § 21-2-386 does not mandate the automatic rejection of any absentee ballot lacking the elector's place and/or date of birth." *Jones*, 279 Ga. at 533, n5. See also 1974 Op. Atty. Gen. 54, 110, 112(3). In that case, the Court found that when two voters "incorrectly wrote down the month and date they voted the absentee ballot rather than their month and date of birth," the registrar did not have to reject the ballots "because the ballots cast by these witnesses substantially complied with all of the essential requirements of the form." *Id.* The Attorney General's office has provided advice to the Secretary of State and the State Election Board that, in conjunction with state and federal law, what is required is the signature of the voter and any additional information needed for the county election official to verify the identity of the voter. "Therefore, an election official *does not* violate O.C.G.A. § 21-2-386(a)(1)(C) when they accept an absentee ballot despite the omission of a day and month of birth [or year of birth under current form] and/or an address, *if* the election official can verify the identity of the voter with the voter's signature and whatever other required information is provided that is sufficient to

the registrar to confirm the identity of the voter.” Advice from Attorney General to State Election Board in Telfair County Case # 2012-31.

2. Provisional Ballot Determination Period. The provisional ballot determination period in Georgia is governed by O.C.G.A. § 21-2-419(c), which states:

(1) If the registrars determine after the polls close, but not later than three days following the primary or election, that the person casting the provisional ballot timely registered to vote and was eligible and entitled to vote in such primary or election, the registrars shall notify the election superintendent and the provisional ballot shall be counted and included in the county's or municipality's certified election results.

(2) If the registrars determine after the polls close, but not later than three days following the primary or election, that the person voting the provisional ballot timely registered and was eligible and entitled to vote in the primary or election but voted in the wrong precinct, then the board of registrars shall notify the election superintendent. The superintendent shall count such person's votes which were cast for candidates in those races for which the person was entitled to vote but shall not count the votes cast for candidates in those races in which such person was not entitled to vote. The superintendent shall order the proper election official at the tabulating center or precinct to prepare an accurate duplicate ballot containing only those votes cast by such person in those races in which such person was entitled to vote for processing at the tabulating center or precinct, which shall be verified in the presence of a witness. Such duplicate ballot shall be clearly labeled with the word "Duplicate," shall bear the designation of the polling place, and shall be given the same serial number as the original ballot. The original ballot shall be retained.

(3) If the registrars determine that the person casting the provisional ballot did not timely register to vote or was not eligible or entitled to vote in such primary or election or shall be unable to determine within three days following such primary or election whether such person timely registered to vote and was eligible and entitled to vote in such primary or election, the registrars shall so notify the election superintendent and such ballot shall not be counted. The election superintendent shall mark or otherwise document that such ballot was not counted and shall deliver and store such ballots with all other ballots and election materials as provided in Code Section 21-2-500.

O.C.G.A. § 21-2-419. For the November 6, 2018 general election, the determination period ended on Friday, November 9, 2018.¹

If you have any additional questions, you can contact our office or your local county attorney.

¹ The only exception is provisional absentee ballots rejected due to a non-matched signature, which can be verified until county certification pursuant to a court order from District Judge Leigh Martin May.

OFFICIAL ELECTION BULLETIN

November 14, 2018

TO: County Election Officials and County Registrars
FROM: Chris Harvey, Elections Division Director
RE: Secretary of State Public Website for Provisional Ballot Information

Per the order of Judge Totenberg of November 13, 2018 regarding provisional ballots, Secretary of State Robyn Crittenden is directing each county election superintendent to publicize the following information on their county and county election office websites.

If a county or county election office does not maintain a website, this information should be published at other locations or websites that may be reasonable (social media sites, county offices, etc.)

Publish the following information:

The Secretary of State's Office has established a secure website and free-access telephone number for provisional ballot voters to access to determine whether their provisional ballots were counted and if not, the reason why.

The website is

http://sos.ga.gov/index.php/elections/check_your_provisional_ballot_status_for_november_6_2018_election

The free access number is 1-844-537-5375.

OFFICIAL ELECTION BULLETIN

November 14, 2018

TO: County Election Officials and County Registrars
FROM: Chris Harvey, Elections Division Director
RE: Direction to Review Provisional Ballots coded "PR"

Per the order of Judge Totenberg of November 13, 2018 regarding provisional ballots, Secretary of State Robyn Crittenden is directing each county election superintendent to execute a review of each provisional ballot cast in your county coded with "PR" designation.

This review of all "PR" provisional ballots is to be done in good faith, and using all available voter registration information documentation including, but not limited to registration information made available by voters themselves (including information from the voter provided up to and including the completion of this review which would include any affidavits or other sworn statements), rather than relying solely on the registration information in eNet. Information should also include any audit trails documenting modifications or alterations of registration data to show changes regarding a voter's registration status in the electronic database.

Additional sources of information used to conduct this review may include information from the Department of Driver Services or other state agencies such as DFCS, DNR, the library system, or any other agency of government, including other county election and registration offices.

If, during this review, a previously rejected "PR" provisional ballot is identified as a being a valid vote, that vote should be added to the vote totals and records should be corrected to reflect that the voter's vote was counted. This process should happen with any and all rejected "PR" provisional ballots that are found to be eligible votes.

At the conclusion of this review, all newly accepted "PR" provisional votes should be added to the certified vote totals and the results recertified. Each county directed to complete this procedure will be required to complete a document certifying that they have completed this review of all "PR" provisional ballots and have made any required changes to vote totals and recertification, if required.

OFFICIAL ELECTION BULLETIN

October 8, 2019

TO: County Election Officials and County Registrars
FROM: Chris Harvey, Elections Division Director
RE: Required Absentee Ballot “Curing” Affidavits

As required by HB 316, passed by the General Assembly earlier this year, O.C.G.A. 21-2-381(b)(3) and O.C.G.A. 21-2-386(a)(1)(C) *require* that voters who submit absentee ballot applications and absentee ballot envelopes that fail signature verification for any reason, are *required* to be offered the opportunity to be “cured” through an affidavit completed by the voter. There is one affidavit to be sent regarding signature issues with an absentee ballot application and a different affidavit to be sent regarding signature issues with the absentee ballot envelope.

These “cure affidavits” are now available on Firefly and can be printed by your offices and shall be used in elections from this point forward. You can locate these documents under Election Planner > Election Forms > Absentee Voting.

O.C.G.A. 21-2-381(b)(3)

If found ineligible, the clerk or the board of registrars shall deny the application by writing the reason for rejection in the proper space on the application and shall promptly notify the applicant in writing of the ground of ineligibility, a copy of which notification should be retained on file in the office of the board of registrars or absentee ballot clerk for at least one year. **However, an absentee ballot application shall not be rejected due to an apparent mismatch between the signature of the elector on the application and the signature of the elector on file with the board of registrars. In such cases, the board of registrars or absentee ballot clerk shall send the elector a provisional absentee ballot with the designation “Provisional Ballot” on the outer oath envelope and information prepared by the Secretary of State as to the process to be followed to cure the signature discrepancy.** If such ballot is returned to the board of registrars or absentee ballot clerk prior to the closing of the polls on the day of the primary or election, the elector may cure the signature discrepancy by submitting an affidavit to the board of registrars or absentee ballot clerk along with a copy of one of the forms of identification enumerated in subsection (c) of Code Section 21-2-417 before the close of the period for verifying provisional ballots contained in subsection (c) of Code Section 21-2-419. If the board of registrars or absentee

ballot clerk finds the affidavit and identification to be sufficient, the absentee ballot shall be counted as other absentee ballots. If the board of registrars or absentee ballot clerk finds the affidavit and identification to be insufficient, then the procedure contained in Code Section 21-2-386 shall be followed for rejected absentee ballots.

O.C.G.A. 21-2-386(a)(1)(C)

If the elector has failed to sign the oath, or if the signature does not appear to be valid, or if the elector has failed to furnish required information or information so furnished does not conform with that on file in the registrar's or clerk's office, or if the elector is otherwise found disqualified to vote, the registrar or clerk shall write across the face of the envelope "Rejected," giving the reason therefor. The board of registrars or absentee ballot clerk shall promptly notify the elector of such rejection, a copy of which notification shall be retained in the files of the board of registrars or absentee ballot clerk for at least two years. Such elector shall have until the end of the period for verifying provisional ballots contained in subsection (c) of Code Section 21-2-419 to cure the problem resulting in the rejection of the ballot. The elector may cure a failure to sign the oath, an invalid signature, or missing information by submitting an affidavit to the board of registrars or absentee ballot clerk along with a copy of one of the forms of identification enumerated in subsection (c) of Code Section 21-2-417 before the close of such period. The affidavit shall affirm that the ballot was submitted by the elector, is the elector's ballot, and that the elector is registered and qualified to vote in the primary, election, or runoff in question. If the board of registrars or absentee ballot clerk finds the affidavit and identification to be sufficient, the absentee ballot shall be counted.

If you have questions about these procedures or requirements, contact the Secretary of State's Office.
