Attached are responsive records for requests #2 & #3. We do not have any records responsive to request #4. The requested scan has been completed and over 200 records were retrieved. It will take approximately 4 hours to review these records for possible redaction. Due to critical work required to prepare for the March 24 Primary, that review will not be able to start until March 30.

We are fine with the top four staff accounts and any of their schedulers. We are also fine with the use of "pending" and "rejected" as search terms, but please refer to Items 2-4.

Subject: [Ext]FW: Open Records Request (GA-COBB-20-0269)

Regarding item #1:

- As stated previously, it is not possible to search the email accounts of "any Cobb election official". We can run a scan of the top four staff members' email accounts instead, as they are most likely to receive directives from the Secretary of State.
- We will look for any email received from @sos.ga.gov email accounts.
- Unless further defined, we will use search words, "Pending" and "Rejected".

Please let me know if this is sufficient, so that I can request the scan.

Items 2, 3 & 4 are under review by staff.
