Re: Public Information Request No. R003656

Dear Mr. Evers:

This e-mail is in response to your public information request to the Office of the Attorney General ("OAG"), received by the OAG on February 24, 2020.

The OAG has reviewed its files and has located the attached documents that are responsive to your request. Although the Public Information Act allows a governmental body to charge for copying documents, the attached documents are being provided to you at no charge.

Please note the OAG has redacted personal e-mail addresses from the attached

documents pursuant to section 552.137 of the Government Code and the previous determination issued by the Open Records Division. See Open Records Decision No. 684 (2009) (governmental bodies may withhold certain information without necessity of requesting decision from Open Records Division).

The OAG believes the remaining information responsive to your request is excepted from required public disclosure. We have requested a ruling on this information from the Open Records Division of the OAG. A copy of our brief to the Open Records Division is attached.

If you have any questions, please contact me at publicrecords@oag.texas.gov.

Sincerely,

Lauren Downey

Re: Public Information Request No. R003656

Dear Mr. Gordon:

On February 24, 2020, the Office of the Attorney General ("OAG") received a public information request under the Public Information Act ("PIA"), Chapter 552, Government Code, from Mr. Austin Evers. A copy of the request is attached as Exhibit A.

The OAG will release some information, but asserts the remaining requested information is excepted from required public disclosure under the PIA. Pursuant to sections 552.301(b) and 552.301(e) of the Government Code, the OAG submits this brief to seek a decision as to whether section 552.107 of the Government Code applies to the information at issue. We have copied the requestor as a recipient of this brief pursuant to sections 552.301(d) and 552.301(e-1) of the Government Code. A representative sample of the information at issue is attached as Exhibit B.

I. Information Excepted From Required Public Disclosure Under Section 552.107: Privileged Attorney-Client Communications

Section 552.107(1) of the Government Code excepts from required public disclosure information "that the attorney general . . . is prohibited from disclosing because of a duty to the client under the Texas Rules of Evidence or the Texas Disciplinary Rules of Professional Conduct." Gov't Code § 552.107. Section 552.107 protects information that falls within the attorney-client privilege. When asserting the attorney-client privilege, a governmental body has the burden of providing the necessary facts to demonstrate the elements of the privilege in order to withhold the information at issue. Open Records Decision No. 676 at 6-7 (2002). First, a governmental body must demonstrate that the information constitutes or documents a communication. *Id.* at 7. Second, the communication must have been made for the purpose of facilitating the rendition of professional legal services to the client governmental body. Tex. R. Evid. 503(b)(1). Third, the privilege applies only to communications between or among clients, client representatives, lawyers, and lawyer representatives. *Id.* 503(b)(1)(A), (B), (C), (D), (E). Lastly, the attorney-client privilege applies only to a confidential communication, *id.* 503(b)(1), meaning it was not intended to be disclosed to third persons other than those to whom disclosure is made in furtherance of the rendition of professional legal services to the client or those reasonably necessary for the transmission of the communication. *Id.* 503(a)(5).

Section 552.107(1) applies to communications between a governmental body and its attorney made in confidence to further the attorney's rendering of professional legal services to the governmental body. Attorney General opinions applying section 552.107(1) have permitted governmental bodies to withhold information their attorneys have received or generated in the capacity of a legal advisor. *See* Open Records Decision No. 462 at 10-11 (1987) (applying section 3(a)(7), predecessor to Section 552.107(1)).

The responsive information includes communications between an OAG attorney and the Texas Public Policy Foundation ("TPPF"), as co-counsel in pending litigation. Additionally, the responsive information includes communications between OAG attorneys and TPPF in a pending matter in which we share a common interest. *See* Tex. R. Evid. 503(b)(1)(c) (discussing privilege among parties "concerning a matter of common interest"). These communications were not intended to be disclosed and have not been disclosed to non-privileged parties. *See* Tex. R. Evid. 503(a)(5). Just Stop, We're Not Eating That

What to Know: In the continued push to convince people to eat bugs (to stave off climate change), we're now being told that bug butter is tasty.

The TPPF Take: Thanks, but no thanks. We're not running out of real food.

"The fact is, we're producing more food with less land and less manpower than ever before, with worldwide hunger decreasing, not increasing," says TPPF's **Katie Tahuahua**. "Humanity is flourishing, but the most privileged generation in human history — enjoying the longest, healthiest, wealthiest, and most comfortable lives men and women have ever lived — thinks the world is collapsing around us. And they're telling us to eat bugs."

Plundering the Taxpayers

What to Know: New data shows that the cost of purchasing a home in Austin rose "by about 13% [from January 2019 to January 2020] and the average home price is now \$384,000." Tax rates are simultaneously going up. In fact, most major jurisdictions in Travis County adopted higher tax rates last year, accelerating the affordability crisis.

The TPPF Take: As home prices increase, tax rates should decrease.

"Austin politicians are keeping tax rates high while values soar. That decision is causing tax bills to skyrocket and forcing families to flee," says TPPF's **James Quintero**. "Big changes are still needed to protect Texans from plundering politicians. We must get this right."

Subject: Re: number of uninsured undocumented children

Hi David,

Thank you for the information. It is interested to see the different numbers, especially with the Migration Policy Center which I would guess would estimate on the higher side?

The reports I found mostly took census data and extrapolated based on percentages, so found the original sources.

1. US Census Bureau Report 2018 on Health Insurance: <https://www.census.gov/library/publications/2019/demo/p60-267.html>
2. US Census Bureau American Community Survey: <https://www.census.gov/programs-surveys/acs/news/data-releases.html?#>
**The new survey is supposed to be published in December 2019.

What's interesting to see if what Kaiser and other groups cite for the Texas data - uninsurance rates (15-20 percent) and undocumented rates (1.2-3.3 million people).

3. Georgetown Center for Children and Families 2019 study: <https://ccf.georgetown.edu/wp-content/uploads/2019/10/Uninsured-Kids-Report.pdf>
4. Kaiser estimates the noncitizen population to be 11% in Texas. <https://www.kff.org/other/state-indicator/distribution-by-citizenship-status/?currentTimeframe=0&sortModel=%7B%22colId%22:%22Location%22,%22sort%22:%22asc%22%7D>

Other interesting cites that may provide insights for the Texas population:

5. Texas Workforce Report 2018-

2019: https://lmci.state.tx.us/shared/PDFs/Workforce_Report.pdf

6. Texas Education Agency's Enrollment numbers: https://tea.texas.gov/sites/default/files/enroll_2017-18.pdf

For the children who are documented but uninsured, do we have any numbers for other types of "non-insurance" yet receiving health care? Ex. health sharing ministries or other types of arrangements? Do we have any information on how many taxpayers fill out the Form 8965 to alternative conventional coverage? The last study I saw was from 2016 which said 12.7 million taxpayers completed the form in 2015.

Thanks,
Lesley

Number of undocumented children per Migration Policy Institute

Under the age of 16 years old numbers at 129,000

Number of undocumented people uninsured in Texas due to citizenship status

total unauthorized population 750,000

What this information tells us is that roughly half of the undocumented migrants meet the test of being insured in Texas.

Children under the age of 16 make up just over 17% of the uninsured that are undocumented migrants

Jeff,

I want to thank you again for participating in our TPPF Policy Orientation panel on Regulatory Reform. Your insights were spot on and greatly appreciated by all in attendance.

I actually had fun talking about regulations, and that's not just me apparently. I heard from several attendees that they learned quite a bit and were excited for the future. That's all we can hope for.

I certainly hope we can work together again soon. In the meantime, if there is ever anything I can do to assist you, please don't hesitate to ask.

Thanks again.

We would be honored if you would consider being a guest speaker for our panel session titled "One in Two Out, A Formula for Eliminating Unnecessary Regulations" scheduled for Friday, January 24, 2019 from 11 AM to 12:15 PM. If you are unable to attend for any reason but would like to designate a representative from your office to appear on your behalf, please let us know.

Policy Orientation draws hundreds of legislators and legislative staff to hear the insight of expert scholars and opinion leaders like you. Designed with state policymakers in mind, these panel discussions offer an exclusive forum for discussing new ideas and solutions to the state's most pressing issues. As a leader in this policy area, we would love to feature you and your work.

Our panel discussions, which typically fill to standing-room-only capacity, will cover budgeting, property taxes, education, health care, immigration, energy, criminal justice reform and more. Previous panelists have included members of Congress and chairs of Texas Legislative Committees, as well as numerous nationally known thinkers and activists. This event will also attract significant media attention, and TPPF will offer opportunities for you to connect with state and national reporters and highlight your appearance on social media.

The Foundation's mission is to promote and defend liberty, personal responsibility, and free enterprise in Texas by educating and affecting policymakers and the Texas public policy debate with academically sound research and outreach.

Since then, the Texas Public Policy Foundation has welcomed more than 85 percent of legislative offices to the three-day forum, and event registration has grown to exceed 1,000 people from in and around the capitol. Legislators and their staff turn to Texas Public Policy Foundation to find fact-based, unbiased research and educational opportunities to better enable them to lead our state.
