Taylor – Good news, we finally got the two pages back. So attached are the now-released-in-part pages referenced below (from the September 30, 2020, (Second Interim) Production for request No. 20-00804, pages 150-151 of the pdf [labelled at the top as pages 267-268]). Let me know if you have any questions.

Carol

Hi Taylor – I still do not have word on when HHS will receive the two pages back from the other agency. However, FYI, the pages were from the September 30, 2020, (Second Interim) Production for request No. 20-00804, pages 150-151 of the pdf [labelled at the top as pages 267-268]. Both pages were withheld in full under (b)(5). Carol

Thank you, Carol. Please update me at the beginning of next week regarding the status of these pages.

Best,
Taylor

Colleagues:

DOD needs your help on a time sensitive request. We are holding off our notification plan, including to installation commanders, until HHS does its notifications. We have no visibility into whether that as occurred, and my efforts to engage HHS at my level have not been successful. In the interim, another interagency partner reached out to one of the installations on the list, so I need your urgent assistance to straighten this situation out.

Request: Please confirm ASAP that HHS has notified Congress.

I am in my office, and the only way to reach me is via e-mail or through CABLES. I am mindful of how hard everyone is running, and appreciate the prompt attention.

Thank you.
Jen

He further directed the Air Force, Army, and Marine Corps to take preparatory measures at four service installations to support the Department of Health and Human Services (HHS) in lodging persons evacuated by the State Department from Wuhan, China as they undergo quarantine for the Novel Coronavirus. The four facilities will provide a total of 1,068 rooms.
