7/28/2021

Austin R. Evers
American Oversight
1030 15th Street NW, Suite B255
Washington, DC 20005

Dear Mr. Evers:

This interim response relates to your Freedom of Information Act (5 U.S.C. §552) request of 3/5/2020, which you sent to the Centers for Medicare & Medicaid Services. Within your correspondence you requested all email communications (including emails, complete email chains, email attachments, calendar invitations, and calendar invitation attachments) between (a) the Centers for Medicare and Medicaid Services (CMS) officials listed in Column A of the request, and (b) the Executive Office of the President (EOP) officials listed in Column B of the request.

After careful review of the documents submitted to me, a total of five hundred (501) pages, I have determined to release them to you, as enclosed. Sixty-seven (67) pages are released to you in their entirety. However, I am denying you access to portions of three hundred ninety-five pages (395) pursuant to Exemptions 5 and 6 of the FOIA (5 U.S.C. §552(b)(5) (including the presidential communications privilege and deliberative process privilege) and (b)(6). Eighteen pages (18) are withheld entirely pursuant to 5 U.S.C. §552(b)(5) (including the presidential communications privilege and the deliberative process privilege) and (b)(6). Twenty one (21) pages are blank.

Exemption 5 of the FOIA permits the withholding of “inter-agency memorandums or letters which are pre-decisional and contain staff advise, opinion and recommendation which are part of the agency’s deliberative decision making process.” The intent of this exemption is to preserve free and candid dialogue leading to decision making; to protect against public confusion that might result from disclosure of reasons and rationales that were not in fact ultimately the grounds for an agency’s action. The pages and portions of pages that you are denied access to contain pre-decisional information, in that they are preliminary findings and notes generated through a deliberative process.

Exemption 6 of the FOIA permits a Federal agency to withhold information contained in personnel and medical files and similar files the disclosure of which would “constitute a clearly

unwarranted invasion of personal privacy.” I have weighed the public interest in disclosure (which the Supreme Court has held to be limited in this context to the public interest that would be served by shedding light in the agency’s performance of its statutory duties) against the harm to the privacy of the individuals identified in these records and have concluded that the privacy interest of the subject individuals outweighs the public interest in disclosure in this particular matter.

Additional non-exempt documents or portions of responsive documents will be forwarded to you upon completion of review.

Sincerely yours,

Hugh Gilmore
Hugh Gilmore

Director
Freedom of Information Group

12:00 p.m. Governor Bill Lee (R, TN) – Confirmed

- **Dial-In** [b 6 b 6]
- **Code:** [b 6 b 6]
- **Back-Up Phone:** Chief of Staff, Blake Harris, Cell: [b 6 b 6]

-
Governor Bill Lee (R, TN)

Bill Lee (born October 9, 1959 in Franklin Tennessee) became the 50th governor of Tennessee in 2019. He received his bachelor's degree from Auburn University. Lee is the chairman of Lee Company and in 2015 he was named "Most Admired CEO" by the Nashville Business Journal for his work in the company. Lee is a cattle farmer and business man serving as president of Tennesseans for Economic Growth and Associated Builders and Contractors. Bill and his wife, Maria, have four children and five grandchildren

12:15 p.m. Governor Michelle Lujan Grisham (D, NM) – Confirmed

- **Dial-In** [b 6 b 6]
- **Code:** [b 6 b 6]
- **Back-Up Phone:** Chief of Staff, John Bingaman, Cell: [b 6 b 6]

Governor Michelle Lujan Grisham (D, NM)

Michelle Lujan Grisham (born October 24, 1959, in Los Alamos, New Mexico) became the 32nd governor of New Mexico in 2019. She earned her bachelor's and law degrees from the University of New Mexico. She served as the secretary of the New Mexico Department of Health from 2004 to 2007, and served as a county commissioner from 2010 to 2012. Grisham served in the U.S. House of Representatives from 2013 to 2019. She has two daughters.

12:30 p.m. Governor Doug Burgum (R, ND) – Confirmed

- **Dial-In:** b 6 b 6
- **Code:** b 6 b 6
- **Back-Up:** b 6 b 6

Governor Doug Burgum (R, ND)

Doug Burgum (born August 1, 1956, in Arthur, North Dakota) became the 33rd governor of North Dakota in 2016. He earned his bachelor's degree from North Dakota State University, and his master's degree from Stanford University. Burgum was the CEO of Great Plains Software, which was sold to Microsoft in 2001. Burgum became the senior vice president of Microsoft Business Solutions before founding an organization to revitalize downtown Fargo. Burgum founded a real estate development firm committed to creating smart and healthy cities. Burgum and his wife, Kathryn, have three children.

12:45 p.m. Governor Pete Ricketts (R, NE) – Confirmed

- **Dial-In:** b 6 b 6
- **Code:** b 6 b 6
- **Back-Up Phone:** Chief of Staff, Matt Miltenberger, Cell: b 6 b 6

Governor Pete Ricketts (R, NE)

Pete Ricketts (born August 19, 1964, in Nebraska City, Nebraska) became the 43rd governor of Nebraska in 2015. He earned his bachelor's and master's degrees from the University of Chicago. Ricketts was the vice chairman and chief operating officer of Ameritrade Holding Corporation, now TD Ameritrade. Prior to that, he served as president of Ameritrade, Inc. and as senior vice president of strategy and business development. Ricketts is the founder of Drakon, LLC, which supports local entrepreneurs and startup companies. He also serves as a part-owner of the Chicago Cubs baseball team. Ricketts and his wife, Susanne, have three children.

Dr. Birx

Dr. Redfield

Joe Grogan

Administrator Verma

12:00 p.m. Governor Bill Lee (R, TN) – Confirmed

- **Dial-In:** b 6 b 6
- **Code:** b 6 b 6
- **Back-Up Phone:** Chief of Staff, Blake Harris, Cell: b 6 b 6

-

Governor Bill Lee (R, TN)

Bill Lee (born October 9, 1959 in Franklin Tennessee) became the 50th governor of Tennessee in 2019. He received his bachelor's degree from Auburn University. Lee is the chairman of Lee Company and in 2015 he was named "Most Admired CEO" by the Nashville Business Journal for his work in the company. Lee is a cattle farmer and business man serving as president of Tennesseans for Economic Growth and Associated Builders and Contractors. Bill and his wife, Maria, have four children and five grandchildren

12:15 p.m. Governor Michelle Lujan Grisham (D, NM) – Confirmed

- **Dial-In:** b 6 b 6
- **Code:** b 6 b 6
- **Back-Up Phone:** Chief of Staff, John Bingaman, Cell: b 6 b 6

Governor Michelle Lujan Grisham (D, NM)

Michelle Lujan Grisham (born October 24, 1959, in Los Alamos, New Mexico) became the 32nd governor of New Mexico in 2019. She earned her bachelor's and law degrees from the University of New Mexico. She served as the secretary of the New Mexico Department of Health from 2004 to 2007, and served as a county commissioner from 2010 to 2012. Grisham served in the U.S. House of Representatives from 2013 to 2019. She has two daughters.

12:30 p.m. Governor Doug Burgum (R, ND) – Confirmed

- **Dial-In:** b 6 b 6
- **Code:** b 6 b 6
- **Back-Up:** b 6 b 6

Governor Doug Burgum (R, ND)

Doug Burgum (born August 1, 1956, in Arthur, North Dakota) became the 33rd governor of North Dakota in 2016. He earned his bachelor's degree from North Dakota State University, and his master's degree from Stanford University. Burgum was the CEO of Great Plains Software, which was sold to Microsoft in 2001. Burgum became the senior vice president of Microsoft Business Solutions before founding an organization to revitalize downtown Fargo. Burgum founded a real estate development firm committed to creating smart and healthy cities. Burgum and his wife, Kathryn, have three children.

12:45 p.m. Governor Pete Ricketts (R, NE) – Confirmed

- **Dial-In** b 6 b 6
- **Code:** b 6 b 6
- **Back-Up Phone:** Chief of Staff, Matt Miltenberger, Cell: b 6 b 6

Governor Pete Ricketts (R, NE)

Pete Ricketts (born August 19, 1964, in Nebraska City, Nebraska) became the 43rd governor of Nebraska in 2015. He earned his bachelor's and master's degrees from the University of Chicago. Ricketts was the vice chairman and chief operating officer of Ameritrade Holding Corporation, now TD Ameritrade. Prior to that, he served as president of Ameritrade, Inc. and as senior vice president of strategy and business development. Ricketts is the founder of Drakon, LLC, which supports local entrepreneurs and startup companies. He also serves as a part-owner of the Chicago Cubs baseball team. Ricketts and his wife, Susanne, have three children.

AGENDA INCLUDED BELOW

Dear Colleagues,

█ requests your participation at **11:30 am** on **Friday, March 13** in the **White House Situation Room** to discuss (b) (5) █

█ Participation can be in-person or by SVTC. Please attend at a level sufficient to represent all views within your Department/Agency.

In-person attendees, please use this WAVES link to register for attendance: <https://events.whitehouse.gov> (b) (6) █

All information submitted must exactly match the government-issued ID you present when arriving. Cleared guests enter at the Southwest Visitors' Entrance at 17th St. and E St. NW. At the first Secret Service checkpoint, attendees are required to show a government-issued photo ID or passport.

Those joining by SVTC: please make arrangements the day prior to the meeting and, if you have any difficulties with connectivity, please have your technical staff call (b) (6) █ (unclassified) or (b) (6) █ (classified).

Look forward to seeing you.

Dear Colleagues,

(b) (5) requests your participation at **11:30 am** on **Friday, March 13** in the **White House Situation Room** to discuss **COVID-19** - (b) (5)

(b) (5) Participation can be in-person or by SVTC. Please attend at a level sufficient to represent all views within your Department/Agency.

In-person attendees, please use this WAVES link to register for attendance: <https://events.whitehouse.gov/> (b) (6)

All information submitted must exactly match the government-issued ID you present when arriving. Cleared guests enter at the Southwest Visitors' Entrance at 17th St. and E St. NW. At the first Secret Service checkpoint, attendees are required to show a government-issued photo ID or passport.

Those joining by SVTC: please make arrangements the day prior to the meeting and, if you have any difficulties with connectivity, please have your technical staff call 202-456-9451 (unclassified) or (b) (6) (classified).

Agenda to follow.

Look forward to seeing you.

Location:

FEMA HQ M1 Conference Room <or> VTC <or> Dial-in: b 6 b 6
PIN: b 6 b 6 (Muted)

Start Time:

3/25/2020 4:30:00 PM +0000

End Time:

3/25/2020 5:30:00 PM +0000

Duration:

1 hours

Reminder

3/25/2020 4:30:00 PM +0000

Time:

Is

false

Recurring:
Recurrence Weekly
Type:
Recurrence every Monday, Wednesday, and Friday from 12:30 to 13:30
Pattern:
Response 5
Status:
Busy Free
Status:

AGENDA

COVID-19

Joint HHS/FEMA Interagency VTC

Mon / Wed / Fri at 12:30 p.m. ET

Call-in Number b 6 b 6 / **Muted PIN:** b 6 b 6

Closed captioning available.

Connection Instructions

- Please **mute your microphone at all times when not speaking**
- **Do not put your phone on hold during the conference call**
- **Do not dial both the Audio Bridge and the Video Bridge from the same room**

-

Video Participants:

-

- **FEMA:** Dial b 6 b 6 **from your VTC unit (or Movi/Jabber)** at least 20 minutes before the conference starts to conduct Audio/Video checks with the Video Operations Center.
- **Non-FEMA:** Technical staff must contact the FEMA Video Operations Center (540-542-2171) to determine a connection method, and to conduct an Audio/Video test at least one hour prior to the conference.

Audio Only? Dial: b 6 b 6 **Muted PIN:** b 6 b 6 (Note, a speaking PIN has already been provided to those with an identified speaking role. Please contact the FEMA National Watch (fema-nwc@fema.dhs.gov) for assistance.)

-

Participants are required to:

- Properly reserve a video teleconferencing room, if needed, through your resource manager in advance and notify local IT of

the reservation

- Dial the conference number provided above and perform an A/V check with the VOC
- Keep all microphones muted, unless speaking.

Note: The video bridge will be available 30 minutes prior to the scheduled start time. If you require assistance connecting or have questions, please call the FEMA Video Operations Center on (540-542-2171)

Meeting Title: Canceled: (Muted) Joint HHS/FEMA Interagency VTC - COVID-19

AGENDA

COVID-19

Joint HHS/FEMA Interagency VTC

Mon / Wed / Fri at 12:30 p.m. ET

Call-in Number: b 6 b 6 / **Muted PIN:** b 6 b 6

Closed captioning available.

(b) (5)

(b) (5)

Connection Instructions

- Please **mute your microphone at all times when not speaking**
- **Do not put your phone on hold during the conference call**
- **Do not dial both the Audio Bridge and the Video Bridge from the same room**

Video Participants:

-

- **FEMA:** Dial b 6 **from your VTC unit (or Movi/Jabber)** at least 20 minutes before the conference starts to conduct Audio/Video checks with the Video Operations Center.
- **Non-FEMA:** Technical staff must contact the FEMA Video Operations Center (540-542-2171) to determine a connection method, and to conduct an Audio/Video test at least one hour prior to the conference.

Audio Only? Dial b 6 b 6 **Muted PIN:** b 6 6 (Note, a speaking PIN has already been provided to those with an identified speaking role. Please contact the FEMA National Watch (fema-nwc@fema.dhs.gov) for assistance.)

-

Participants are required to:

- Properly reserve a video teleconferencing room, if needed, through your resource manager in advance and notify local IT of

the reservation

- Dial the conference number provided above and perform an A/V check with the VOC
- Keep all microphones muted, unless speaking.

Note: The video bridge will be available 30 minutes prior to the scheduled start time. If you require assistance connecting or have questions, please call the FEMA Video Operations Center on (540-542-2171)

Location:

FEMA HQ M1 Conference Room <or> VTC <or> Dial-in: b 6 b 6
PIN: b 6 (Muted)

Start Time:

3/20/2020 4:30:00 PM +0000

End Time:

3/20/2020 5:30:00 PM +0000

Duration: 1 hours
Reminder Time: 3/20/2020 4:30:00 PM +0000
Is Recurring: true
Recurrence Type: Weekly
Recurrence Pattern: every Monday, Wednesday, and Friday from 12:30 to 13:30
Response Status: 5
Busy Status: Free

AGENDA

COVID-19

Joint HHS/FEMA Interagency VTC

Mon / Wed / Fri at 12:30 p.m. ET

Call-in Number b 6 b 6 / **Muted PIN** b 6 b 6

Closed captioning available.

(b) (5)

Connection Instructions

- Please mute your microphone at all times when not speaking

- Do not put your phone on hold during the conference call
- Do not dial both the Audio Bridge and the Video Bridge from the same room

Video Participants:

- **FEMA:** Dial **b 6** from your VTC unit (or Movi/Jabber) at least 20 minutes before the conference starts to conduct Audio/Video checks with the Video Operations Center.
- **Non-FEMA:** Technical staff must contact the FEMA Video Operations Center (540-542-2171) to determine a connection method, and to conduct an Audio/Video test at least one hour prior to the conference.

Audio Only? Dial: **b 6 b 6**; **Muted PIN:** **b 6 6** (Note, a speaking PIN has already been provided to those with an identified speaking role. Please contact the FEMA National Watch (fema-nwc@fema.dhs.gov) for assistance.)

Closed Captioning:

-

Participants are required to:

- Properly reserve a video teleconferencing room, if needed, through your resource manager in advance and notify local IT of the reservation
- Dial the conference number provided above and perform an A/V check with the VOC
- Keep all microphones muted, unless speaking.

Note: The video bridge will be available 30 minutes prior to the scheduled start time. If you require assistance connecting or have questions, please call the FEMA Video Operations Center on (540-542-2171)

FEMA HQ M1 Conference Room <or> VTC <or> Dial-in b 6 b 6
Start Time: 3/20/2020 4:30:00 PM +0000
End Time: 3/20/2020 5:30:00 PM +0000
Duration: 1 hours
Reminder Time: 3/20/2020 4:30:00 PM +0000
Is Recurring: false
Recurrence Type: Weekly
Recurrence Pattern: every Monday, Wednesday, and Friday from 12:30 to 13:30
Response Status: 5
Busy Status: Free

AGENDA

COVID-19

Joint HHS/FEMA Interagency VTC

Mon / Wed / Fri at 12:30 p.m. ET

Call-in Number b 6 b 6 / Muted PIN: b 6 b 6

Closed captioning available.

(b) (5)

(b) (5)

Connection Instructions

- Please mute your microphone at all times when not speaking
- Do not put your phone on hold during the conference call
- Do not dial both the Audio Bridge and the Video Bridge from the same room

-

Video Participants:

-

- **FEMA:** Dial b 6 b 6 from your VTC unit (or Movi/Jabber) at least 20 minutes before the conference starts to conduct Audio/Video checks with the Video Operations Center.
- **Non-FEMA:** Technical staff must contact the FEMA Video Operations Center (540-542-2171) to determine a connection method, and to conduct an Audio/Video test at least one hour prior to the conference.

Audio Only? Dial: b 6 b 6 **Muted PIN:** b 6 b 6 (Note, a speaking PIN has already been provided to those with an identified speaking role. Please contact the FEMA National Watch (fema-nwc@fema.dhs.gov) for assistance.)

-

-

Participants are required to:

- Properly reserve a video teleconferencing room, if needed, through your resource manager in advance and notify local IT of the reservation
- Dial the conference number provided above and perform an A/V check with the VOC
- Keep all microphones muted, unless speaking.

Note: The video bridge will be available 30 minutes prior to the scheduled start time. If you require assistance connecting or have questions, please call the FEMA Video Operations Center on (540-542-2171)

-

Participants are required to:

- Properly reserve a video teleconferencing room, if needed, through your resource manager in advance and notify local IT of the reservation
- Dial the conference number provided above and perform an A/V check with the VOC
- Keep all microphones muted, unless speaking.

Note: The video bridge will be available 30 minutes prior to the scheduled start time. If you require assistance connecting or have questions, please call the FEMA Video Operations Center on (**540-542-2171**)

AGENDA

COVID-19

Joint HHS/FEMA Interagency VTC

Mon / Wed / Fri at 12:30 p.m. ET

Call-in Number: b 6 b 6 / Muted PIN: b 6 b 6

Closed captioning available.

(Complete connection instructions provided below)

(b) (5)

Connection Instructions

- Please **mute your microphone at all times when not speaking**
- **Do not put your phone on hold during the conference call**
- **Do not dial both the Audio Bridge and the Video Bridge from the same room**

-

Video Participants:

-

- **FEMA:** Dial **13274** from your VTC unit (or Movi/Jabber) at least 20 minutes before the conference starts to conduct Audio/Video checks with the Video Operations Center.
- **Non-FEMA:** Technical staff must contact the FEMA Video Operations Center (**540-542-2171**) to determine a connection

method, and to conduct an Audio/Video test at least one hour prior to the conference.

Audio Only? Dial: **800-320-4330**; **Muted PIN: 963852#** (Note, a speaking PIN has already been provided to those with an identified speaking role. Please contact the FEMA National Watch (fema-nwc@fema.dhs.gov) for assistance.)

Alex Azar, HHS Secretary

White House Coronavirus Virus Task Force

Dear Chairs of the White House Coronavirus Task Force:

In response to the unprecedented SARS-CoV-2 virus (COVID-19) health crisis, Hackensack Meridian Health (HMH) has developed a cutting-edge COVID-19 Pandemic Readiness Initiative and Countermeasures program to meet the next phase of the pandemic and enable us to share what we have learned to inform other health care systems/regions across the country in partnership with federal and state agencies.

Leveraging our world-class facilities, our unique expertise in infectious diseases, and innovative partnerships with pharmaceutical and industry partners, HMH is aiming to vastly increase our rapid-response testing capacity, advance promising therapeutic treatments and clinical trials, and establish a long-term, specialized infectious disease identification and response capability.

With one of the largest cohorts of COVID patients in the country, HMH has developed a clinically-integrated research infrastructure that includes a groundbreaking COVID-19 research registry; universal consent protocols for patients to participate in research studies; a large biorepository of COVID-19 tissue/blood samples, and a uniform electronic medical records system across our 17 hospital system (the largest and most comprehensive in New

Jersey) to rapidly implement this ambitious plan.

We are pleased to provide you with the attached comprehensive document designed to increase regional health security through integrated clinical and research initiatives that align with and bolster federal and state pandemic-response priorities that we believe will serve as a national model not only for COVID-19 but for future viral outbreaks.

We ask that you contact Kevin DeSimone, HMH Vice President of External Affairs, at kevin.desimone@hackensackmeridian.org at (201) 881-9404 or Bill Evans, HMH Executive Director, at william.evans@hackensackmeridian.org at (212) 671-2195 to discuss how we can work with your agency to support this comprehensive plan.

Kevin DeSimone
Vice President for External Affairs

Hi Greg,

Thanks for following up. I am willing to try and push for more time on our end, but I do not think I can get the Administrator beyond Monday morning for public release. I pulled together a proposed compromise on the timeline that I am willing to push for over here. Let me know what you think.

Subject: Second CMS IFC

Hi Greg, Satya, and Maria,

I tried to call both Greg and Satya, but wasn't able to catch you so I thought I would just shoot everyone a quick email regarding clearance on the second (and hopefully last!) CMS COVID IFC. I know you are all just as slammed as we are, and I really appreciate all of the work you have done, and are continuing to do, to help get CMS policy through the clearance process. We sent back the updated draft of the IFC for clearance last night with final sign off requested today.

(b) (5)

In addition, I wanted to ask if there is anything CMS can do to help support your review and getting to final conclusion on the rule? Again, appreciate your help on this and everything else we have been working through on COVID.

Thanks,

Brady

Subject: OraSure Announces Development of COVID-19 Antigen In-Home Self-Test
Attachments: 200406 OraSure Receives BARDA Contract for Rapid Oral Fluid Pan-SARS-Coronavirus In-home Self-test APPROVED.pdf

Dear esteemed members of the White House Coronavirus Task Force,

OraSure made a significant announcement, this morning, to help solve the global COVID-19 testing challenges. We are grateful to BARDA for this initial funding.

The press release is attached and also available at this link:

<https://www.globenewswire.com/news-release/2020/04/06/2011951/0/en/OraSure-Technologies-Receives-BARDA-Contract-for-Rapid-Oral-Fluid-Pan-SARS-Coronavirus-In-home-Self-test.html>

I would be pleased to discuss with you ways that we could accelerate product development and manufacturing scale-up to help as many Americans obtain this test, as soon as possible. The BARDA contract is only the first step towards fully deploying our test.

I am at your service, at any time at (215) 749-2807 (mobile) or stang@orasure.com.

Best regards,

Steve

Attachments: ASH Letter to Admin re COVID-19 033120_.pdf

Please find attached letter from Stephanie J. Lee, MD, MPH, President of the American Society of Hematology (ASH), regarding hematology-related issues related to COVID-19.

In summary, we ask your assistance with the following matters:

1. Expand Medicare telehealth benefits to reimburse for audio-only telehealth visits for office and outpatient evaluation and management service codes.
2. Use the Defense Production Act to substantially increase the supply of personal protective equipment (PPE) and ventilators.
3. Quickly implement the push for blood donations.
4. Address regulatory barriers related to the delivery of pharmaceuticals across state lines.
5. Continue to promote the need for physical distancing.

Thank you for your consideration and attention to these matters. Please let me know if you have any questions or require further clarification.

Best regards,
Suzanne Leous

Below is our press release:

CMS NEWS

FOR IMMEDIATE RELEASE

March 30, 2020

Contact: CMS Media Relations
(202) 690-6145 | [CMS Media Inquiries](#)

Trump Administration Makes Sweeping Regulatory Changes to Help U.S. Healthcare System Address COVID-19 Patient Surge

At President Trump's direction, the Centers for Medicare & Medicaid Services (CMS) today is issuing an unprecedented array of temporary regulatory waivers and new rules to equip the American healthcare system with maximum flexibility to respond to the 2019 Novel Coronavirus (COVID-19) pandemic. CMS sets and enforces essential quality and safety standards for the nation's healthcare system, and is the nation's largest health insurer serving more than 140 million Americans through Medicare, Medicaid, the Children's Health Insurance Program, and Federal Exchanges.

Made possible by President Trump's recent emergency declaration and emergency rule making, these temporary changes will apply immediately across the entire U.S. healthcare system for the duration of the emergency declaration. This allows hospitals and health systems to deliver services at other locations to make room for COVID-19 patients needing acute care in their main facility.

The changes complement and augment the work of FEMA and state and local public health authorities by empowering local hospitals and healthcare systems to rapidly expand treatment capacity that allows them to separate patients infected with COVID-19 from those who are not affected. CMS's waivers and flexibilities will permit hospitals and healthcare systems to expand capacity by triaging patients to a variety of community-based locales, including ambulatory surgery centers, inpatient rehabilitation hospitals, hotels, and dormitories. Transferring uninfected patients will help hospital staffs to focus on the most critical COVID-19 patients, maintain infection control protocols, and conserve personal protective equipment (PPE).

"Every day, heroic nurses, doctors, and other healthcare workers are dedicating long hours to their patients. This means sacrificing time with their families and risking their very lives to care for coronavirus patients," said CMS Administrator Seema Verma. "Front line healthcare providers need to be able to focus on patient care in the most flexible and innovative ways possible. This unprecedented temporary relaxation in regulation will help the healthcare system deal with patient surges by giving it tools and support to create non-traditional care sites and staff them quickly."

CMS's announcement will also waive certain requirements to enable and encourage hospitals to hire local physicians and other providers to address potential surges. New rules allow hospitals to support physician practices by transferring critical equipment, including items used for telehealth, as well as providing meals and childcare for their healthcare workers.

Other temporary CMS waivers and rule changes dramatically lessen administrative burdens, knowing that front line providers will be operating with high volumes and under extraordinary system stresses.

CMS recently approved hundreds of waiver requests from healthcare providers, state governments, and state hospital associations in the following states: Ohio; Tennessee; Virginia; Missouri; Michigan; New Hampshire; Oregon; California; Washington; Illinois; Iowa; South Dakota; Texas; New Jersey; and North Carolina. With today's announcement of blanket waivers, other states and providers do not need to apply for these waivers and can begin using the flexibilities immediately.

Administrator Verma added that she applauds the March 23, 2020, pledge by America's Health Insurance Plans (AHIP) to match CMS's waivers for Medicare beneficiaries in areas where inpatient capacity is under strain. "It's a terrific example of public-private partnership and will expand the impact of Medicare's changes," Verma said.

CMS's temporary actions announced today empower local hospitals and healthcare systems to:

- **Increase Hospital Capacity – CMS Hospitals Without Walls:**

CMS will allow communities to take advantage of local ambulatory surgery centers that have canceled elective surgeries, per federal recommendations. Surgery centers can contract with local healthcare systems to provide hospital services, or they can enroll and bill as hospitals during the emergency declaration as long as they are not inconsistent with their State's Emergency Preparedness or Pandemic Plan. The new flexibilities will also leverage these types of sites to decant services typically provided by hospitals such as cancer procedures, trauma surgeries and other essential surgeries.

CMS will now temporarily permit non-hospital buildings and spaces to be used for patient care and quarantine sites, provided that the location is approved by the State and ensures the safety and comfort of patients and staff. This will expand the capacity of communities to develop a system of care that safely treats patients without COVID-19, and isolate and treat patients with COVID-19.

CMS will also allow hospitals, laboratories, and other entities to perform tests for COVID-19 on people at home and in other community-based settings outside of the hospital. This will both increase access to testing and reduce risks of exposure. The new guidance allows healthcare systems, hospitals, and communities to set up testing sites exclusively for the purpose of identifying COVID-19-positive patients in a safe environment.

In addition, CMS will allow hospital emergency departments to test and screen patients for COVID-19 at drive-through and off-campus test sites.

During the public health emergency, ambulances can transport patients to a wider range of locations when other transportation is not medically appropriate. These destinations include community mental health centers, federally qualified health centers (FQHCs), physician's offices, urgent care facilities, ambulatory surgery centers, and any locations furnishing dialysis services when an ESRD facility is not available.

Physician-owned hospitals can temporarily increase the number of their licensed beds, operating rooms, and procedure rooms. For example, a physician-owned hospital may temporarily convert observation beds to inpatient beds to accommodate patient surge during the public health emergency.

In addition, hospitals can bill for services provided outside their four walls. Emergency departments of hospitals can use telehealth services to quickly assess patients to determine the most appropriate site of care, freeing emergency space for those that need it most. New rules ensure that patients can be screened at alternate treatment and testing sites which are not subject to the Emergency Medical Labor and Treatment Act (EMTALA) as long as the national emergency remains in force. This will allow hospitals, psychiatric hospitals, and critical access hospitals (CAHs) to screen patients at a location offsite from the hospital's campus to prevent the spread of COVID-19.

- **Rapidly Expand the Healthcare Workforce:**

Local private practice clinicians and their trained staff may be available for temporary employment since nonessential medical and surgical services are postponed during the public health emergency. CMS's temporary requirements allow hospitals and healthcare systems to increase their workforce capacity by removing barriers for physicians, nurses, and other clinicians to be readily hired from the local community as well as those licensed from other states without violating Medicare rules.

These healthcare workers can then perform the functions they are qualified and licensed for, while awaiting completion of federal paperwork requirements.

CMS is issuing waivers so that hospitals can use other practitioners, such as physician assistants and nurse practitioners, to the fullest extent possible, in accordance with a state's emergency preparedness or pandemic plan. These clinicians can perform services such as order tests and medications that may have previously required a physician's order where this is permitted under state law.

CMS is waiving the requirements that a certified registered nurse anesthetist (CRNA) is under the supervision of a physician. This will allow CRNAs to function to the fullest extent allowed by the state, and free up physicians from the supervisory requirement and expand the capacity of both CRNAs and physicians.

CMS also is issuing a blanket waiver to allow hospitals to provide benefits and support

to their medical staffs, such as multiple daily meals, laundry service for personal clothing, or child care services while the physicians and other staff are at the hospital and engaging in activities that benefit the hospital and its patients.

CMS will also allow healthcare providers (clinicians, hospitals and other institutional providers, and suppliers) to enroll in Medicare temporarily to provide care during the public health emergency.

- **Put Patients over Paperwork:**

CMS is temporarily eliminating paperwork requirements and allowing clinicians to spend more time with patients. Medicare will now cover respiratory-related devices and equipment for any medical reason determined by clinicians so that patients can get the care they need; previously Medicare only covered them under certain circumstances.

During the public health emergency, hospitals will not be required to have written policies on processes and visitation of patients who are in COVID-19 isolation. Hospitals will also have more time to provide patients a copy of their medical record.

CMS is providing temporary relief from many audit and reporting requirements so that providers, healthcare facilities, Medicare Advantage health plans, Medicare Part D prescription drug plans, and states can focus on providing needed care to Medicare and Medicaid beneficiaries affected by COVID-19.

This is being done by extending reporting deadlines and suspending documentation requests which would take time away from patient care.

- **Further Promote Telehealth in Medicare:**

Building on prior action to expand reimbursement for telehealth services to Medicare beneficiaries, CMS will now allow for more than 80 additional services to be furnished via telehealth. During the public health emergencies, individuals can use interactive apps with audio and video capabilities to visit with their clinician for an even broader range of services. Providers also can evaluate beneficiaries who have audio phones only.

These temporary changes will ensure that patients have access to physicians and other

providers while remaining safely at home.

Providers can bill for telehealth visits at the same rate as in-person visits. Telehealth visits include emergency department visits, initial nursing facility and discharge visits, home visits, and therapy services, which must be provided by a clinician that is allowed to provide telehealth. New as well as established patients now may stay at home and have a telehealth visit with their provider.

CMS is allowing telehealth to fulfill many face-to-face visit requirements for clinicians to see their patients in inpatient rehabilitation facilities, hospice and home health.

CMS is making it clear that clinicians can provide remote patient monitoring services to patients with acute and chronic conditions, and can be provided for patients with only one disease. For example, remote patient monitoring can be used to monitor a patient's oxygen saturation levels using pulse oximetry.

In addition, CMS is allowing physicians to supervise their clinical staff using virtual technologies when appropriate, instead of requiring in-person presence.

For additional background information on the waivers and rule changes, go to:
<https://www.cms.gov/newsroom/fact-sheets/additional-backgroundsweeping-regulatory-changes-help-us-healthcare-system-address-covid-19-patient>

For more information on the COVID-19 waivers and guidance, and the Interim Final Rule, please go to the CMS COVID-19 flexibilities webpage: <https://www.cms.gov/about-cms/emergency-preparedness-response-operations/current-emergencies/coronavirus-waivers>.

These actions, and earlier CMS actions in response to COVID-19, are part of the ongoing White House Coronavirus Task Force efforts. To keep up with the important work the Task Force is doing in response to COVID-19, visit www.coronavirus.gov. For a complete and updated list of CMS actions, and other information specific to CMS, please visit the [Current Emergencies Website](#).

MEDIA ADVISORY FOR CREDENTIALLED MEDIA ONLY

FOR PLANNING PURPOSES ONLY

CMS Administrator Seema Verma to Discuss COVID-19 Announcement Providing Unprecedented Flexibilities for Nation's Healthcare System

Today, Centers for Medicare & Medicaid Services (CMS) Administrator Seema Verma will hold a press conference call to discuss an unprecedented array of regulatory waivers and new rules to equip the American healthcare system with maximum flexibility in response to the 2019 Novel Coronavirus (COVID-19) pandemic.

WHEN: Monday, March 30, 2020
8:00 p.m., ET

WHO: CMS Administrator Seema Verma

To join the call, credentialed media should use the conference number **(877) 251-0301** with Conference ID **5732846**. A replay of the call will be available two hours after the event ends by calling (800) 585-8367 and using the conference ID.

There will be a reporter question and answer period following the Administrator's remarks. We ask that questions be related to the topic of the call. Questions not addressed on the call can be directed to the Media Relations Group via the [Media Inquiries Form](#).

Subject: APhA Recommendations to the President's Coronavirus Task Force to Maximize the Use of Pharmacists to Prevent, Treat, and Respond to Coronavirus.
Attachments: APhA Coronavirus Comments 3 13 2020 Final.pdf

March 13, 2020

The Honorable Mike Pence

Vice President

The White House

1600 Pennsylvania Avenue, NW

Washington, DC 20501

RE: APhA Recommendations to the President's Coronavirus Task Force to Maximize the Use of Pharmacists to Prevent, Treat, and Respond to Coronavirus

Dear Vice President Pence:

We are writing to support your efforts and to serve as a resource for the President's Coronavirus Task Force (hereinafter, "Task Force") in assisting both the federal and state governments meet the public health challenges of the coronavirus. APhA has already issued preparedness and prevention guidance for pharmacists, patients and/ or caregivers during the coronavirus pandemic, extending the reach of resources and information provided by Centers for Disease Control ("CDC") and other reputable sources.[\[1\]](#) Pharmacists are well-positioned to provide information and educational resources related to coronavirus to the public. We can do more.

As President Trump has declared a national public health emergency under the National Emergencies Act and the Secretary of Health and Human Services ("HHS") has declared a public health emergency under Section 319 of the Public Health Service Act, the Secretary is authorized to take additional actions in addition to his regular authorities. Under Section 1135 of the Social Security Act, the HHS Secretary may now temporarily waive or modify certain Medicare, Medicaid, and Children's Health Insurance Program ("CHIP") requirements to ensure that sufficient health care items and services are available to meet the needs of individuals enrolled in Social Security Act programs in the emergency area and time periods. It also allows providers who provide such services in good faith can be reimbursed and exempted from sanctions (absent any determination of fraud or abuse). **Accordingly, APhA urges the Task Force and the HHS Secretary to use the full authority of Section 1135 to maximize the use of pharmacists to prevent, treat, and respond to the coronavirus.** America's pharmacists stand ready and able to provide the patient care services necessary to help meet the public health needs created by the spread of the coronavirus (COVID-19).

APhA represents nearly 60,000 pharmacists, pharmaceutical scientists, student pharmacists, pharmacy technicians, and others interested in improving medication use and advancing patient care. APhA members provide care in all practice settings, including community pharmacies, specialty pharmacies, hospitals, long-term care facilities, community health centers, physician offices, ambulatory clinics, managed care organizations, hospice settings, and the uniformed services. APhA has a track record as a strong partner with HHS, CDC, Food and Drug Administration ("FDA") and other agencies in addressing public health needs of communities such as immunizations, emergency preparedness, substance use disorder/opioids, diabetes and other public health concerns.

See, attached .PDF for full comments and recommendations.

Pharmacists stand ready and able to help. We look forward to working the President's Coronavirus Task Force to intervene and provide meaningful services to meet the public health challenge created by the coronavirus – which can serve as an effective mechanism to combat additional public health emergencies in the future. If you have any questions, or if we can be of

any assistance, please do not hesitate to contact Michael Baxter, Director of Regulatory Affairs, at mbaxter@aphanet.org or by phone at (202) 429-7538.

AGENDA INCLUDED BELOW

Dear Colleagues,

█ requests your participation at **11:30 am** on **Friday, March 13** in the **White House Situation Room** to discuss **COVID-19 -**

(b) (5)

█ Participation can be in-person or by SVTC. Please attend at a level sufficient to represent all views within your Department/Agency.

In-person attendees, please use this WAVES link to register for attendance: <https://events.whitehouse.gov/> b 6

All information submitted must exactly match the government-issued ID you present when arriving. Cleared guests enter at the Southwest Visitors' Entrance at 17th St. and E St. NW. At the first Secret Service checkpoint, attendees are required to show a government-issued photo ID or passport.

Those joining by SVTC: please make arrangements the day prior to the meeting and, if you have any difficulties with connectivity, please have your technical staff call (b) (6) (unclassified) or █ (classified).

Look forward to seeing you.

(202) 690-6145 | [CMS Media Inquiries](#)

Trump Administration Makes Sweeping Regulatory Changes to Help U.S. Healthcare System Address COVID-19 Patient Surge

At President Trump's direction, the Centers for Medicare & Medicaid Services (CMS) today is issuing an unprecedented array of temporary regulatory waivers and new rules to equip the American healthcare system with maximum flexibility to respond to the 2019 Novel Coronavirus (COVID-19) pandemic. CMS sets and enforces essential quality and safety standards for the nation's healthcare system, and is the nation's largest health insurer serving more than 140 million Americans through Medicare, Medicaid, the Children's Health Insurance Program, and Federal Exchanges.

Made possible by President Trump's recent emergency declaration and emergency rule making, these temporary changes will apply immediately across the entire U.S. healthcare system for the duration of the emergency declaration. This allows hospitals and health systems to deliver services at other locations to make room for COVID-19 patients needing acute care in their main facility.

The changes complement and augment the work of FEMA and state and local public health authorities by empowering local hospitals and healthcare systems to rapidly expand treatment capacity that allows them to separate patients infected with COVID-19 from those who are not affected. CMS's waivers and flexibilities will permit hospitals and healthcare systems to expand capacity by triaging patients to a variety of community-based locales, including ambulatory surgery centers, inpatient rehabilitation hospitals, hotels, and dormitories. Transferring uninfected patients will help hospital staffs to focus on the most critical COVID-19 patients, maintain infection control protocols, and conserve personal protective equipment (PPE).

"Every day, heroic nurses, doctors, and other healthcare workers are dedicating long hours to their patients. This means sacrificing time with their families and risking their very lives to care for coronavirus patients," said CMS Administrator Seema Verma. "Front line healthcare providers need to be able to focus on patient care in the most flexible and innovative ways possible. This unprecedented temporary relaxation in regulation will help the healthcare system deal with patient surges by giving it tools and support to create non-traditional care sites and staff them quickly."

CMS's announcement will also waive certain requirements to enable and encourage hospitals to hire local physicians and other providers to address potential surges. New rules allow hospitals to support physician practices by transferring critical equipment, including items used for telehealth, as well as providing meals and childcare for their healthcare workers.

Other temporary CMS waivers and rule changes dramatically lessen administrative burdens,

knowing that front line providers will be operating with high volumes and under extraordinary system stresses.

CMS recently approved hundreds of waiver requests from healthcare providers, state governments, and state hospital associations in the following states: Ohio; Tennessee; Virginia; Missouri; Michigan; New Hampshire; Oregon; California; Washington; Illinois; Iowa; South Dakota; Texas; New Jersey; and North Carolina. With today's announcement of blanket waivers, other states and providers do not need to apply for these waivers and can begin using the flexibilities immediately.

Administrator Verma added that she applauds the March 23, 2020, pledge by America's Health Insurance Plans (AHIP) to match CMS's waivers for Medicare beneficiaries in areas where in-patient capacity is under strain. "It's a terrific example of public-private partnership and will expand the impact of Medicare's changes," Verma said.

CMS's temporary actions announced today empower local hospitals and healthcare systems to:

- **Increase Hospital Capacity – CMS Hospitals Without Walls:**

CMS will allow communities to take advantage of local ambulatory surgery centers that have canceled elective surgeries, per federal recommendations. Surgery centers can contract with local healthcare systems to provide hospital services, or they can enroll and bill as hospitals during the emergency declaration as long as they are not inconsistent with their State's Emergency Preparedness or Pandemic Plan. The new flexibilities will also leverage these types of sites to decant services typically provided by hospitals such as cancer procedures, trauma surgeries and other essential surgeries.

CMS will now temporarily permit non-hospital buildings and spaces to be used for patient care and quarantine sites, provided that the location is approved by the State and ensures the safety and comfort of patients and staff. This will expand the capacity of communities to develop a system of care that safely treats patients without COVID-19, and isolate and treat patients with COVID-19.

CMS will also allow hospitals, laboratories, and other entities to perform tests for COVID-19 on people at home and in other community-based settings outside of the hospital. This will both increase access to testing and reduce risks of exposure. The new

guidance allows healthcare systems, hospitals, and communities to set up testing sites exclusively for the purpose of identifying COVID-19-positive patients in a safe environment.

In addition, CMS will allow hospital emergency departments to test and screen patients for COVID-19 at drive-through and off-campus test sites.

During the public health emergency, ambulances can transport patients to a wider range of locations when other transportation is not medically appropriate. These destinations include community mental health centers, federally qualified health centers (FQHCs), physician's offices, urgent care facilities, ambulatory surgery centers, and any locations furnishing dialysis services when an ESRD facility is not available.

Physician-owned hospitals can temporarily increase the number of their licensed beds, operating rooms, and procedure rooms. For example, a physician-owned hospital may temporarily convert observation beds to inpatient beds to accommodate patient surge during the public health emergency.

In addition, hospitals can bill for services provided outside their four walls. Emergency departments of hospitals can use telehealth services to quickly assess patients to determine the most appropriate site of care, freeing emergency space for those that need it most. New rules ensure that patients can be screened at alternate treatment and testing sites which are not subject to the Emergency Medical Labor and Treatment Act (EMTALA) as long as the national emergency remains in force. This will allow hospitals, psychiatric hospitals, and critical access hospitals (CAHs) to screen patients at a location offsite from the hospital's campus to prevent the spread of COVID-19.

- **Rapidly Expand the Healthcare Workforce:**

Local private practice clinicians and their trained staff may be available for temporary employment since nonessential medical and surgical services are postponed during the public health emergency. CMS's temporary requirements allow hospitals and healthcare systems to increase their workforce capacity by removing barriers for physicians, nurses, and other clinicians to be readily hired from the local community as well as those licensed from other states without violating Medicare rules.

These healthcare workers can then perform the functions they are qualified and licensed for, while awaiting completion of federal paperwork requirements.

CMS is issuing waivers so that hospitals can use other practitioners, such as physician assistants and nurse practitioners, to the fullest extent possible, in accordance with a state's emergency preparedness or pandemic plan. These clinicians can perform services such as order tests and medications that may have previously required a physician's order where this is permitted under state law.

CMS is waiving the requirements that a certified registered nurse anesthetist (CRNA) is under the supervision of a physician. This will allow CRNAs to function to the fullest extent allowed by the state, and free up physicians from the supervisory requirement and expand the capacity of both CRNAs and physicians.

CMS also is issuing a blanket waiver to allow hospitals to provide benefits and support to their medical staffs, such as multiple daily meals, laundry service for personal clothing, or child care services while the physicians and other staff are at the hospital and engaging in activities that benefit the hospital and its patients.

CMS will also allow healthcare providers (clinicians, hospitals and other institutional providers, and suppliers) to enroll in Medicare temporarily to provide care during the public health emergency.

- **Put Patients over Paperwork:**

CMS is temporarily eliminating paperwork requirements and allowing clinicians to spend more time with patients. Medicare will now cover respiratory-related devices and equipment for any medical reason determined by clinicians so that patients can get the care they need; previously Medicare only covered them under certain circumstances.

During the public health emergency, hospitals will not be required to have written policies on processes and visitation of patients who are in COVID-19 isolation. Hospitals will also have more time to provide patients a copy of their medical record.

CMS is providing temporary relief from many audit and reporting requirements so that providers, healthcare facilities, Medicare Advantage health plans, Medicare Part D prescription drug plans, and states can focus on providing needed care to Medicare and

Medicaid beneficiaries affected by COVID-19.

This is being done by extending reporting deadlines and suspending documentation requests which would take time away from patient care.

- **Further Promote Telehealth in Medicare:**

Building on prior action to expand reimbursement for telehealth services to Medicare beneficiaries, CMS will now allow for more than 80 additional services to be furnished via telehealth. During the public health emergencies, individuals can use interactive apps with audio and video capabilities to visit with their clinician for an even broader range of services. Providers also can evaluate beneficiaries who have audio phones only.

These temporary changes will ensure that patients have access to physicians and other providers while remaining safely at home.

Providers can bill for telehealth visits at the same rate as in-person visits. Telehealth visits include emergency department visits, initial nursing facility and discharge visits, home visits, and therapy services, which must be provided by a clinician that is allowed to provide telehealth. New as well as established patients now may stay at home and have a telehealth visit with their provider.

CMS is allowing telehealth to fulfill many face-to-face visit requirements for clinicians to see their patients in inpatient rehabilitation facilities, hospice and home health.

CMS is making it clear that clinicians can provide remote patient monitoring services to patients with acute and chronic conditions, and can be provided for patients with only one disease. For example, remote patient monitoring can be used to monitor a patient's oxygen saturation levels using pulse oximetry.

In addition, CMS is allowing physicians to supervise their clinical staff using virtual technologies when appropriate, instead of requiring in-person presence.

MEDIA ADVISORY FOR CREDENTIALLED MEDIA ONLY

FOR PLANNING PURPOSES ONLY

**CMS Administrator Seema Verma to Discuss COVID-19 Announcement Providing
Unprecedented Flexibilities for Nation's Healthcare System**

Today, Centers for Medicare & Medicaid Services (CMS) Administrator Seema Verma will hold a press conference call to discuss an unprecedented array of regulatory waivers and new rules to equip the American healthcare system with maximum flexibility in response to the 2019 Novel Coronavirus (COVID-19) pandemic.

WHEN: Monday, March 30, 2020

8:00 p.m., ET

WHO: CMS Administrator Seema Verma

To join the call, credentialed media should use the conference number **(877) 251-0301** with Conference ID **5732846**. A replay of the call will be available two hours after the event

ends by calling (800) 585-8367 and using the conference ID.

There will be a reporter question and answer period following the Administrator's remarks. We ask that questions be related to the topic of the call. Questions not addressed on the call can be directed to the Media Relations Group via the [Media Inquiries Form](#).

Hi Greg,

Thanks for following up. I am willing to try and push for more time on our end, but I do not think I can get the Administrator beyond Monday morning for public release. I pulled together a proposed compromise on the timeline that I am willing to push for over here. Let me know what you think. I tried to call, but please feel free to call when you have a min if you would like to discuss.

Thanks,

Brady

All,

Dr. Hahn is requesting a call at 8pm as a follow up to today's operational meeting that your principal attended earlier today at 2pm.

Janice or Alex – are you able to coordinate and send out a calendar invite with a dial-in?

Thanks,
TAM

Sincerely,
TAM

Colleagues,

Please see NBC investigative journalist query below. I assume the language is from FEMA sent to state directors. How do you all want to handle? We don't want to get ahead of an official announcement but it looks like that has already happened in some form. Btw, Laura has written several critical articles about federal response to nursing homes. Rachel Maddow uses Laura's stories and info during her daily nursing home updates.

Best,

Johnathan

Subject: From NBC News - Shipments to nursing homes

Dear CMS Press –

Can we get a comment from the agency about this FEMA effort to get PPE to nursing homes? Is CMS involved? If so, why is AHCA providing

the names of the nursing homes and not CMS?

Is CMS coordinating to give the nursing homes a heads up that the PPE is coming?

Is there a similar effort underway by CMS to help nursing homes with testing? Any further details would be helpful.

Thank you –

Laura Strickler, NBC News

State Directors,

Under the direction of the White House Coronavirus Task Force, FEMA has been tasked to coordinate shipments of a seven day supply of personal protective equipment (PPE) to more than 15,000 nursing homes across the Nation. This mission will supplement existing efforts to ensure nursing homes across the country have PPE during the COVID-19 pandemic. Please see attached spreadsheet and note that in the bottom left there is a tab for each state. This has also been sent to your State Health.

- Shipments are expected to begin the first week of May and be completed in mid-June.
- The PPE is being shipped only to Medicaid and Medicare-certified nursing homes based on input from the American Health Care Association.
- Each facility will receive an allotment of four items (gloves, gowns, eye protection and surgical masks) based on the staffing size of the facility, which ranges from less than 10 employees to nearly 500.
- The gowns included in these shipments are level 1 medical gowns,

which are used in basic care settings for minimal risk situations.

- Due to the large number of nursing homes, facilities are not likely to receive notification prior to their shipment arriving. However, as possible, FEMA will provide notification to a state prior to shipments arriving at their Medicaid/ Medicare-certified facilities.

On Background: Who is not included:

- Some nursing homes that are state licensed and only accept private pay (estimated to be a very small number of less than 200 nationally).
- Veterans Affairs CLCs because they are federally licensed through the VA (about 113 nationally)
- Assisted living facilities (about 28,000 nationally)
- Intermediate care facilities (about 5,795 which CMS has a list that can be provided if needed)

Frequently Asked Questions

Why are gowns being distributed to nursing homes when there is a shortage?

- *The gowns included in these shipments are level 1 medical gowns, which are used in basic care settings for minimal risk situations. They were sourced by a small distributor contracted for this project.*
- *On a broader scale, the Supply Chain Task Force is working with multiple large textile companies to expand production and flow of gowns nationally.*
- *So far, FEMA has awarded contracts to three manufacturers that will produce a combined 90 million gowns over the next 90 days. These gowns will last from 30 to 50 washes.*
- *Additional contracts are in the works with other manufacturers to continue increasing expansion of gown production, further stabilizing the private sector supply chain.*
- *The Supply Chain Task Force also continues to accelerate the flow of private sector owned gowns through Project Airbridge. 8.5 million gowns have been delivered from overseas manufacturers to the U.S. and into private sector supply chains through Airbridge.*
- *As of April 23, FEMA, HHS, and the private sector combined have coordinated the delivery of or are currently shipping 14.9 million*

surgical gowns.

Why aren't all nursing homes included? Can a nursing home get on the list?

- The PPE is being shipped only to Medicaid and Medicare-certified nursing homes based on input from the American Health Care Association. Healthcare facilities with critical PPE supply needs should contact their local or state public health and/or emergency management agencies to let them know.

Why haven't the supplies arrived at a particular nursing home yet?

The first shipments will focus on facilities within prioritized hotspots and expand to facilities across all 50 states and Puerto Rico. Shipments begin in early May and are expected to be completed in mid-June.

Why are nursing homes receiving these deliveries? Shouldn't the supplies go to hospitals or to locations that the Governor prioritizes?

Due to the critical need for PPE at nursing homes where some of our Nation's most vulnerable residents live, these supplies are meant to supplement existing PPE efforts by the federal government. FEMA and HHS continue working with states, tribes and territories on PPE needs through a variety of ways.

How did FEMA determine what amount of supplies to send to each nursing home?

Each facility will receive an allotment of all four items. Allotment amounts are based on the staffing size of each facility, which ranges from less than 10 employees to nearly 500. The supplies are only a supplement to serve as a bridge between other PPE shipments.
