Dear Mr. Evers:

This interim response is from other agencies and entities equity responses which relates to your Freedom of Information Act (5 U.S.C. §552) request of 3/5/2020, which you sent to the Centers for Medicare & Medicaid Services. Within your correspondence you requested all email communications (email chains meeting descriptions, email attachments titles, and agenda descriptions for the previously produced January 2022 response (the 7th interim.)

Please review the attached table which shows the respective page number in question, the withheld information description, the request to release the information by category e.g. meeting, attachment or agenda title, and the disposition of the redactions.

Exemption 5 of the FOIA permits the withholding of “inter-agency memorandums or letters which are pre-decisional and contain staff advise, opinion and recommendation which are part of the agency’s deliberative decision-making process.” The intent of this exemption is to preserve free and candid dialogue leading to decision making; to protect against public confusion that might result from disclosure of reasons and rationales that were not in fact ultimately the grounds for an agency’s action. The pages and portions of pages that you are denied access to contain pre-decisional information, in that they are preliminary findings and notes generated through a deliberative process.

This concludes CMS analysis to the responsive records for the January 2022 (7th interim).

Sincerely yours,

Hugh Gilmore
