Suite B255
Washington, District of Columbia 20005
Via email:

Dear Mr. Evers:

This letter is our final response to your Centers for Disease Control and Prevention and Agency for Toxic Substances and Disease Registry (CDC/ATSDR) Freedom of Information Act (FOIA) request of March 5, 2020, assigned #20-00814-FOIA, for:

All records reflecting (1) the number of individuals in the U.S. tested for severe acute respiratory syndrome coronavirus 2 (SARS-CoV-2), the virus that causes COVID-19; and (2) the number of (a) confirmed and (b) presumptive positive cases in the U.S. for SARS-CoV-2.

The information you requested is publicly available at:
<https://www.cdc.gov/coronavirus/2019-ncov/cases-in-us.html>

Please note that Data include both confirmed and presumptive positive cases of COVID-19 reported to CDC or tested at CDC since January 21, 2020, with the exception of testing results for persons repatriated to the United States from Wuhan, China and Japan. State and local public health departments are now testing and publicly reporting their cases. In the event of a discrepancy between CDC cases and cases reported by state and local public health officials, data reported by states should be considered the most up to date.

If you need any further assistance or would like to discuss any aspect of the records provided please contact either our FOIA Requester Service Center at 770-488-6399 or our FOIA Public Liaison at 770-488-6277.

Sincerely,

Roger Andoh
CDC/ATSDR FOIA Officer
