For this forty second response, the Department has reviewed **431 pages** of records, potentially responsive to FOIA request 2020-00717-FOIA-OS. Of these **431 pages**, we are releasing **172 pages** in their entirety, while releasing **259 pages** in part, with portions redacted,

pursuant to Exemption 6 of the FOIA (5 U.S.C. §552 (b)(6)).

FOIA exemption (b)(6) permits a federal agency to withhold information and records about individuals in “personnel and medical files and similar files, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.” The definition of “similar files” has historically been broadly interpreted to include a wide variety of files, and the United States Supreme Court has held that Congress intended the term “similar files” to be interpreted broadly, rather than narrowly. I have analyzed these records and find they meet the threshold requirement of this exemption. Additionally, we have reviewed and weighed the public interest in disclosure of this information against the privacy interest in nondisclosure and found that the privacy interest outweighs the public’s interest in disclosure. Under this exemption, the records being withheld consist of email addresses, phone numbers, and meeting codes.

For all exemptions applied, we have found that it is reasonably foreseeable that disclosure would harm an interest protected by one or more of the exemptions to the FOIA’s general rule of disclosure and/or that disclosure is prohibited by law.

We will continue to review the remaining records as efficiently and expeditiously as possible, consistent with the terms of the joint status report and our available resources. Should you have questions or concerns regarding the Department’s response and/or the processing of your request, any such issues should be communicated to your legal counsel and Department of Justice Attorney representing the Department in this matter.

Sincerely,

Alesia Y.
