Hi Kyle,

Please note the email below.

R3 must be tested by the White House Medical Unit at 1 p.m. tomorrow before the 2 p.m. POTUS Governor's Video Teleconference on COVID-19 Response & Economic Revival.

We move the CBP briefing to 12-1 p.m. so R3 could participate in-person.

I will ask CBP if 11 a.m.-12 pm is an option, if not, we will need to reschedule for another day.

Please advise.

Thanks,
Teresa

Hi everyone,

We have just received confirmation from the White House Medical Unit (WHMU) that each of the participants must be tested before the 2:00 call. Please have your principal report to WHMU in EEOB 97 no later than 1:00 PM, or earlier if their schedule allows. This will give all the tests time to be processed.

Please don't hesitate to reach out with any questions. Thanks!

He has the CBP/CDC Executive Briefing from 1-2 in the Ronald Reagan Building so there is no time in between to get him to the WHSR in time for the start if he stays for the entire CBP meeting. Please advise.

Kindest Regards,

Kyle,

Just wanted to flag for you that our Staff Sec office did mention that maybe

. Just for consistency.

I don't want to add more work, but thought it worth flagging for your team who put the graphics together (not knowing what the other PowerPoint was going to look like, so not their fault) in case they wanted to get a jump on it, if it becomes an issue. That way they have time instead of cramming last second.

Call if you have questions! Thanks as always for all your excellent work. Appreciate it.

Best,

All:

Attached please find two documents, a placard that provides easy to use guidance providing best practices for disinfecting public facilities to minimize risk prior to reopening. The second document is a companion piece that provides more detailed information such as what are acceptable substitutes for an EPA approved disinfectant and what needs to be disinfected and what practices should be followed after initial disinfection. I want to highlight the great work by EPA and by CDC in putting this document together. In particular CDC, along with providing public health guidance, was responsible for the graphics, it was a great collaboration between the two agencies.

We are not going to do any press on this, though after you decide how to release the document we would like to

Finally, thanks to Michael and Joel for their participation. They were valuable members of the team that put this together.

Best,

Doug Benevento

Need someone on your VPOTUS team to assist with authorized mailer/message; we the. get it printed and we send.

Copying Mike Elston, our Chief of Staff, on this message. Also our Vhair, Governor Mike Duncan.

We have assigned great urgency at USPS to getting this done.

As stated previously, USPS stands ready to provide direct mail to >300 million Americans, 160,000,000 households.

This is core to our mission: to bind the nation together and enable government to communicate with our people (vital at this time).

NSA and the VPOTUS think this is a very good idea.

Please let us know with whom to speak. Vital to communicate POTUS and government message to the people through multiple channels.

Thank you.

Steve and Chris,

Attached is the draft COVID-19 post card we discussed. The messaging is intended for English-speaking US residences, the format is based on USPS guidelines, and the graphics were done using Adobe Indesign.

Let us know if you have questions.

Thanks,

John

Dr. Birx,

We are close.

1. USPS has provided to Task Force (John O'Connor) a card to CDC team with all bar code, etc.

This is the 'canvas' on which POTUS/VPOTUS/CDC/Task Force provides desired message to the public.

2. When our USPS team gets that card back, our USPS team will print and drop.

We are hoping to get today or tomorrow (Friday);

3. Someone named John O'Connor on CDC Task Force stated USPS should not expect the card until next week.

Can we get I) card mock up; II) with VPOTUS task force approval sooner than that?

AS SOON AS WE GET THE APPROVED CARD BACK FROM TASK FORCE, USPS WILL PRINT AND SEND OUT TO 300,000,000 AMERICANS/ 160 MILLION HOUSEHOLDS.

Thank you.

Who on task force can be authorized to work directly with USOS/us? On USPS side, we have already committed the org.

Need someone on your VPOTUS team to assist with authorized mailer/message; we the. get it printed and we send.

Copying Mike Elston, our Chief of Staff, on this message. Also our Vhair, Governor Mike Duncan.

We have assigned great urgency at USPS to getting this done.

Chris,

The pdf in the print folder I sent last evening is correct, but pdf sent as a separate attachment was as earlier version. The correct version is attached (same name as the one in the print folder). Sorry for the confusion.

Steve and Chris,

Attached is the draft COVID-19 post card we discussed. The messaging is intended for English-speaking US residences, the format is based on USPS guidelines, and the graphics were done using Adobe Indesign.

Let us know if you have questions.

Thanks,

John

Dr. Birx,

We are close.

1. USPS has provided to Task Force (John O'Connor) a card to CDC team with all bar code, etc.
This is the 'canvas' on which POTUS/VPOTUS/CDC/Task Force provides desired message to the public.
2. When our USPS team gets that card back, our USPS team will print and drop.
We are hoping to get today or tomorrow (Friday);
3. Someone named John O'Connor on CDC Task Force stated USPS should not expect the card until next week.

Can we get I) card mock up; II) with VPOTUS task force approval sooner than that?

AS SOON AS WE GET THE APPROVED CARD BACK FROM TASK FORCE, USPS WILL PRINT AND SEND OUT TO 300,000,000 AMERICANS/ 160 MILLION HOUSEHOLDS.

Thank you.

Who on task force can be authorized to work directly with USOS/us? On USPS side, we have already committed the org.

Need someone on your VPOTUS team to assist with authorized mailer/message; we the. get it printed and we send.

Copying Mike Elston, our Chief of Staff, on this message. Also our Vhair, Governor Mike Duncan.

We have assigned great urgency at USPS to getting this done.

As stated previously,
USPS stands ready to

This is core to our
mission: to bind the
nation together and
enable government to
communicate with our
people (vital at this

NSA and the
VPOTUS think this is
a very good idea.

Please let us know

Vital to communicate

multiple channels.

Thank you.

Marc - States and localities are shuttering businesses, including manufacturers. We need a very strong public statement from the VP or POTUS that ALL manufacturing is part of critical infrastructure. The supply chain is complex and we don't know when we will need various items - and if a line is closed it will take a long time to get them operational again And we are also asking them to repurpose and they can't do so if closed.

As important - we MUST have CDC guidance on proper protocols on keeping manufacturing facilities clean and safe and what to do if there is a positive case.

I will be making public statements imploring state and local officials to keep manufacturers open, but that CDC guidance is CRITICAL for ensuring the public (and manufacturing workers) is not concerned and that my messaging (and hopefully the Administration's) is credible.

Subject: EPMC - Daily Call Summary, 3/10

Please be sure to send (and/or cc:) all OMB COVID-related Management/operations emails to

(b)(6)

Summary of EPMC Daily – 3/10/20

Situational Awareness:

(b)(5)

Grants:

- OMB issued guidance yesterday: <https://www.whitehouse.gov/wp-content/uploads/2020/03/M-20-11.pdf>
- The guidance provides more flexibility is using grants to respond to COVID situations. Guidance is meant to improve liquidity and ability to use existing funds.
- The new guidance provides flexibility to agencies in order to respond; it is not about operational impacts to grantees.

• [REDACTED] (b)(5)

Buildings:

- GSA is getting a lot of building-related requests. Current recommendation for impacted buildings is to wait 24 hours before cleaning a building; GSA is working closely with CDC on issues such as the scope and timing of cleaning for impacted buildings. Volume of these requests is increasing. [REDACTED] (b)(5)

[REDACTED] (b)(5)

- [REDACTED] (b)(5)
- GSA is working on supply chain issues. For GSA owned/operated buildings - Right now, hand sanitizer should be made available in lobby and food service areas. CDC signage should be placed in bathrooms (handwashing, health tips, etc.).
- Signage should be consistent. Please use CDC materials and language for health and hygiene; FPS materials and language for security, entry, and access signage (some of which may vary locally). ***OMB will gather recommended CDC and FPS language, and will post on MAX site***

• [REDACTED] (b)(5)

IT:

- [REDACTED] (b)(5)

Telework:

- Operative guidance on telework is the OPM guidance from March 7: <https://www.opm.gov/policy-data-oversight/covid-19/>
- If your Agency is interested in doing a telework pilot, you are able and encouraged to do that. In general, stress-tests/pilots seem to be helpful. Some lessons/issues identified to date include: disruptions to retirement processing; employees missing laptops/chargers/other equipment. ***Please alert OMB to your lessons learned and best practices gleaned from these exercises.***

[REDACTED] (b)(5)

(b)(5)

Customer-facing Operations:

- NRC: Parent at daycare center indicated potential exposure. NRC plans to ask parents to pick up children today. Likely newsworthy. ***GSA is tracking all 94 daycare centers – if agencies are seeing daycare issues, please let GSA know.***
- VA: Entering into restrictive visitation for nursing home facilities, including screening. Also implementing procedures at spinal cord treatment centers. VP TF is aware of these operational changes.

Comms:

(b)(5)

Communicating with OMB and Across PMC:

- New OMB MAX site clearinghouse – <https://go.max.gov/covid-19> will be up and running today. This site will include point-backs to relevant guidance, as well as comms materials, best practices, etc.
- New OMB email address/contact point (b)(6)
- ***NLT COB tomorrow, 3/11/20, please send agency POCs that you would like to have access/permissions to the MAX site, using the attached excel spreadsheet. We need the following information: Name, Email address, role, and phone number. Send to the OMB Ops Email Address (b)(6)**
- Communications will shift to MAX page and notifications, versus email. This will reduce single points of failure.

Emerging Issues:

Dear Colleagues,

SAP Ruggiero will convene a nCoV PCC on **February 5, 2020, from 1:00-2:30 PM**. With exception of CDC Atlanta, NIAD, and FDA there will be no SVTC.
