

Case No. 2022-00592-FOIA-OS

April 20, 2023

Sent via email:

Suite B255

Dear Ms. Monahan:

This letter is the final response to your March 18, 2020, Freedom of Information Act (FOIA) request. On March 23, 2022, the Centers for Disease Control and Prevention (CDC) referred 37 pages of responsive records to our agency for direct response. Specifically, you requested the following records:

“From April 9, 2018- through May 17, 2018; For the following CDC Officials...; Officials: i. Anne Schuchat, Principal Deputy Director; ii. Chesley Richards, Deputy Director for Public Health Science and Surveillance; iii. Nancy Messonnier, Director for National Center for Immunization and Respiratory Diseases; iv. Rima Khabbaz, Director of the National Center for Emerging and Zoonotic Infectious Diseases; v. Martin Centron, Director, of the Division of Global Migration and Quarantine; vi. Rebecca Martin, Director of the Center for Global Health; vii. Michael F. Iademarco, former Acting CDC Deputy Director for Infectious Diseases; viii. Stephen Redd, former Deputy Director for Public Health Service and Implementation Science

1. All email communications sent by (sent only) any of the CDC officials below, containing any of the following key terms: Key Terms: i. Bossert; ii. Ziemer; iii. Borio; iv. Luciana; v. Bolton; vi. Waddell; vii. NSC; viii. “National Security Council”; ix. Pandemic; x. “Global health”; xi. “Health security”; xii. “Bio defense”; xiii. Biodefense; xiv. “bio-defense”; xv. Flu; xvi. Influenza;

2. All email communications between the CDC officials , and any of the following then-Executive Office of the President (EOP) officials: EOP Officials: John Bolton, former National Security Advisor; Ricky Waddell, former Deputy National Security Advisor; Tom Bossert, former Homeland Security Advisor; Rear Adm. Timothy Ziemer, former Senior Director for Global Health Security and Biodefense; Luciana Borio, former National Security Council Director for Medical and Biodefense Preparedness; vi. Any other officials communicating with an email address ending in “@nsc.eop.gov”.

The Assistant Secretary for Preparedness & Response (ASPR) reviewed the 37 pages of responsive records. After a careful review of these pages, I am withholding 37 pages in part, with portions redacted, pursuant to Exemptions (b)(5) and (b)(6) of the FOIA (5 U.S.C. §552).

FOIA exemption (b)(5) protects inter-agency or intra-agency memoranda or letters which would not be available by law to a party other than an agency in litigation with the agency. This exemption protects documents that would be covered by any privilege an agency could assert in a civil proceeding. These privileges include, among others, the deliberative process privilege, the attorney-client privilege, and the attorney work-product privilege. In this instance, the deliberative process privilege applies.

FOIA exemption (b)(6) permits a Federal agency to withhold information and records about individuals in “personnel and medical files and similar files, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.” The definition of “similar files” has historically been broadly interpreted to include a wide variety of files, and the United States Supreme Court has held that Congress intended the term “similar files” to be interpreted broadly, rather than narrowly. I have analyzed these records and find they meet the threshold requirement of this exemption. Additionally, I have reviewed and weighed the public interest in disclosure of this information against the privacy interest in nondisclosure, and found that the privacy interest outweighs the public’s interest in disclosure.

If you believe the information withheld should not be exempt from disclosure, or this response constitutes an adverse determination, you may appeal. By filing an appeal, you preserve your rights under FOIA and give the agency a chance to review and reconsider your request and the agency’s decision.

Please mark the correspondence, “Freedom of Information Act Appeal.” Your appeal must be transmitted within 90 days from the date of receipt of this letter to:

William H. Holzerland
Deputy Agency Chief FOIA Officer
U.S. Department of Health and Human Services
Office of the Assistant Secretary for Public Affairs
HHS.ACFO@hhs.gov

If you would like to discuss our response before filing an appeal to attempt to resolve your dispute without going through the appeals process, you may contact the HHS FOIA Public Liaison for assistance at:

HHS FOIA/PA Public Liaison
FOI/Privacy Acts Division
Assistant Secretary for Public Affairs (ASPA)
Office of the Secretary (OS)
U.S. Department of Health and Human Services (HHS)
Telephone: (202) 690-7453
E-mail: HHS_FOIA_Public_Liaison@hhs.gov

If you are unable to resolve your FOIA dispute through our FOIA Public Liaison, the Office of Government Information Services (OGIS), the Federal FOIA Ombudsman’s office, offers mediation services to help resolve disputes between FOIA requesters and Federal agencies. The contact information for OGIS is:

Office of Government Information Services
National Archives and Records Administration
Telephone: 202-741-5770
Toll-Free: 1-877-684-6448
E-mail: ogis@nara.gov

There are no charges in this instance because the billable costs are less than our threshold of \$25.

Sincerely yours,

Kris Zadrovitz for

Importance: High

Dear Colleagues,

NSC received a press inquiry and would like to respond directly to convey a whole of government approach. I would appreciate your assistance with developing a response by 5pm today.

Issue: Recent news is reporting that the cost of containing the Ebola DRC outbreak has risen to \$26 million. The reporter is aware of WHO's contingency fund, and that the UN, Gavi, Wellcome Trust and the UK have kicked in money.

Question: What has the U.S. response been thus far, both monetarily and otherwise with USAID and CDC.
