Re: 20-cv-01367 / 2020-HQLI-00030

Dear Ms. Lewis:

This is the 14th interim release of records related to your Freedom of Information Act (FOIA) request to the Department of Homeland Security (DHS), received on March 19, 2020.

For this production the DHS reviewed 503 pages of potentially responsive records. The DHS has determined to release 8 pages in their entirety, withhold in part 342 pages, pursuant to FOIA Exemptions (b)(5), (b)(6) and (b)(7)(c), and to withhold in full 2 pages pursuant to FOIA Exemption (b)(5). These pages are Bates stamped with DHS-PRIV-ICE-01367-004663 through DHS-PRIV-ICE-01367-005014.

63 pages are being sent to other Federal agencies or components for consultation. 82 pages were found to be duplicates. Further, 6 pages were found to be non-responsive.

If you have any questions regarding this release, please contact Andrew Freidah, United States Department of Justice's Civil Division, Federal Programs Branch, at Andrew.f.freidah@usdoj.gov.

Sincerely,

A handwritten signature in cursive script that reads "Eric A. Neuschaefter".

Subject: I am writing to you today regarding a very important issue

Dear Enrique Lucero,

We write to voice our concern about the impending spread of COVID-19 and to inquire regarding how Immigration and Customs Enforcement (ICE) detention centers in the San Antonio Area of Responsibility plan to respond to the crisis. We also write to request the release of all individuals and families who are currently in immigration detention.

We call for you to share your plans for handling COVID-19 publicly and immediately.

As detained immigrants have restricted liberties and cannot practice social distancing, we call for you to release everyone in immigration detention immediately.

This is a public health emergency. It is critical that ICE detention centers and jails be prepared to respond appropriately to the crisis. It is essential for the health and well-being of our clients, attorneys, and staff, as well as for ensuring due process throughout legal representation, that we are made aware of ICE's pandemic response efforts immediately.

I add my name to the letter sent from RAICES to you on Saturday March 14, 2020, demanding the release of immigrants in detention.

Above all, given the woeful history of addressing pandemics in ICE detention and the lack of clear planning to address COVID-19, we fear for the health and well-being of people in detention. We urge ICE to utilize its inherent discretion to release immigrants to their families and communities while they complete their cases.

Thank you for your attention to these urgent matters of access to counsel.

Sincerely,

(b)(6); (b)(7)(C) [redacted]

Good morning Tae,

I hope that your recovering quickly from your travels. Just as an FYI, we're hearing that EOIR is intermittently suspending non-detained dockets due to COVID-19. We are advocating for VTC-only proceedings, where possible, for the detained population.

Thanks,
Russ

There is still only the 1 family of 5 at the Phoenix location and no changes from yesterday. Family denies any health problems/concerns at this time. On-site staff indicate they do not anticipate any more detainees/families at that location as of now. Temperature checks are still being completed every four hours on all 5 family members. Will send report tomorrow after site visit.

For the Phoenix location:

1. Contact the MVM POC (if available). Contacted (b)(6), (b)(7)(C) prior to arrival and met her in person when I arrived.
2. Introduce yourself on first day to MVM contract staff.
3. Tour the hotel and spaces being used. There were two joining rooms being used, one for staff and one for the family of 5 being detained.
4. Obtain the following information:
 - a. How many detainees currently on site? How many family units? UACs? (Get copy of roster) 1 family of 5, see attached roster

DHS-PRIV-ICE-01367-004686

- b. What is the maximum number of detainees/family units that can be housed at the hotel? (b)(5)
- (b)(5)
- c. What are the detainee housing arrangements? (Security staff on each level or each room?) Security staff is in one room and the family is in the joining room. The door in between the two rooms remains open.
- d. What is the process for new arrivals? New arrivals would be placed in rooms adjacent to the rooms being occupied now, officers would be placed accordingly.
- e. What is the daily process for COVID symptom screening and temp checks? When do they conduct daily checks? Temperature checks are conducted on all 5 family members every four hours. A written log of each individual's temperature is being recorded.
- f. What type of medical supplies, if any, do they have on site? (N-95/simple masks, gloves, OTC meds, first aid supplies, etc.) N-95 masks for staff, surgical/procedure masks for detainees, gloves, Tylenol and a first aid kit.
6. Any other concerns (look at infectious disease protocols)
- a. Hand sanitizer available for detainees and custody staff? Hand sanitizer is available for custody and detainees.
- b. Masks provided to detainees/staff? Staff are using N-95 masks and detainees are using surgical/procedure masks.
7. Any medical/health concerns with population currently detained? Taking any medications? There are no health concerns or medications taken by the detainees. All 5 family members are and have been asymptomatic for any COVID-19 common symptoms.
- (b)(5)
8. Provide guidance for sick call (once IHSC onsite) and offsite medical care (MedPAR, list of hospitals and urgent care)

Subject: Guidance for Initial Site Visits Prior to IHOP Implementation
Importance: High

Good Morning All,

Thank you all for your flexibility and willingness to support this IHOP mission. Also, much appreciation to NSU, FMC and HOPS leadership for contributing toward this guidance and providing leadership in this effort (b)(5)

(b)(5) In the meantime, we have been tasked to conduct "drive by" visits to each hotel once daily. The following is guidance for conducting those visits. Daily reports should be submitted to CDR (b)(6); (b)(7)(C) and myself. Feel free to copy your chain of command as well. Please let us know if you have any questions or concerns.

DAILY SITE VISITS:

1. Contact the MVM POC (if available).
2. Introduce yourself on first day to MVM contract staff.
4. Tour the hotel and spaces being used.
5. Obtain the following information:
 - a. How many detainees currently on site? How many family units? UACs? (Get copy of roster)
 - b. What is the maximum number of detainees/family units that can be housed at the hotel?
 - c. What are the detainee housing arrangements? (Security staff on each level or each room?)
 - d. What is the process for new arrivals?
 - e. What is the daily process for COVID symptom screening and temp checks? When do they conduct daily checks?

DHS-PRIV-ICE-01367-004688

- f. What type of medical supplies, if any, do they have on site? (N-95/simple masks, gloves, OTC meds, first aid supplies, etc.)
- 6. Any other concerns (look at infectious disease protocols)
 - a. Hand sanitizer available for detainees and custody staff?
 - b. Masks provided to detainees/staff?
- 7. Any medical/health concerns with population currently detained? Taking any medications?

(b)(5)
- 8. Provide guidance for sick call (once IHSC onsite) and offsite medical care (MedPAR, list of hospitals and urgent care)

NOTE: Be sure that arrangements have been made or will be made for a separate hotel room for the onsite IHSC RN.

Subject: Re: Immediate Release of Detained Families and Individuals Due to COVID-19

Director Bible:

As the Refugee and Immigrant Center for Education and Legal Services (RAICES) represents detained immigrants, we write to voice our concern about the impending spread of COVID-19 and to inquire regarding how Immigration and Customs Enforcement (ICE) detention centers in the San Antonio Area of Responsibility plan to respond to the crisis. We also write to request the release of all individuals and families who are currently in immigration detention within your area of responsibility.

As public health agencies around the world vigorously prepare for and deal with COVID-19's impact, we urge you to share your plan publicly and immediately. This virus is highly contagious, and people detained in close quarters are particularly susceptible to infection and to rapidly spreading the illness.

Our legal representation and support of our clients depend on our ability to meet with them in person. We are concerned about the health and safety of our clients who, with their liberty restricted in detention, cannot practice recommended social distancing from other detained persons or from detention center staff. Additionally, our own health and safety should not be placed in jeopardy as we seek to continue to zealously advocate for our clients. The health and safety of ICE and contractor personnel are also at risk in the close quarters of an immigration prison. Because the environment of a detention center is an inherently unsafe space in a global pandemic, everyone in immigration detention should be released immediately.

We understand that some precautionary measures have been taken at the Karnes family detention center, namely, to restrict family and community visitation access for a period of thirty days. However, this action is wholly insufficient, especially given the nuclear family population at Karnes. ICE currently has multiple pregnant women, many infants under two years old, and several children exhibiting flu-like symptoms in its custody at Karnes. These families have reported to us over recent weeks that the medical care at Karnes is insufficient and has not improved their symptoms, that the food is inedible, and that their children are losing weight daily. We believe that families should never be detained, and the current conditions at Karnes are no place for families, women, and children in compromised states of health during a global pandemic.

ICE has previously demonstrated its lack of preparedness to deal with an outbreak of illness in detention. Last summer, when the detained population at the South Texas Detention Complex suffered a mumps outbreak, very little information was shared with the public. As quarantines were imposed, ICE Health Services Corps struggled to contain the outbreak, quarantine times were extended, our clients' isolation grew, visits from attorneys, family and others diminished, and our clients' right to due process was undermined as court dates were postponed, with our clients languishing in increased civil detention. There was also frequently misinformation shared by GEO with our attorneys

DHS-PRIV-ICE-01367-004736

regarding when quarantine periods were scheduled to end and what the designated hours were for visitation with quarantined clients. We cannot allow that to once again occur.

We request immediate information from ICE and GEO about what measures are being taken to prevent a repeat of last summer, including how immigration court hearings will be impacted in the short and longer term. ICE and GEO must have measures in place to ensure that detained individuals have access to their attorneys. In particular, GEO must communicate clearly in writing to attorneys any limitations that are being placed on visitation. GEO must not restrict private contact visitation unless absolutely necessary, and in those cases, GEO must provide a contingency plan such as readily available private, unmonitored video-conference or telephone systems, to ensure that people are able to consult with their attorneys without undue interruption.

We call for a specific response plan that will ensure our clients are treated humanely and with dignity. The plan should include details on how detainees who may have COVID-19 will be screened and identified, and what measures will be taken to assist those who are at high risk of serious illness if they become infected, such as those with chronic illness or a compromised immune system, as well as pregnant women. Additionally, we request information about what kind of treatment will be available to our clients and detainees, and what cleaning protocols will be in place until release for all detained persons can be secured.

We also urge ICE to suspend all deportation activity. It has been reported that deportees from the United States have presented the first reported cases of COVID-19 in their countries of origin. ICE should not participate in the spread of this dangerous virus around the world.

This is a public health emergency. It is critical that ICE detention centers and jails be prepared to respond appropriately to the crisis. It is essential for the health and well-being of our clients, attorneys, and staff, as well as for ensuring due process throughout legal representation, that we are made aware of ICE's pandemic response efforts immediately.

Above all, given the woeful history of addressing pandemics in ICE detention and the lack of clear planning to address COVID-19, we fear for the health and well-being of our clients in detention. **We urge ICE to utilize its inherent discretion to release immigrants to their families and communities while they complete their cases.**

Thank you for your attention to these urgent matters of access to counsel.

Sincerely,

(b)(6), (b)(7)(C)

 Subject: ICE CAT Update 3/13/2020

Good afternoon Sirs,

Please see attached chart regarding updates for COVID-19 relating to ICE employees and/or facilities. At this time, there is still only 1 ICE employee that tested positive; the chart will give a summary and also a break down by program. Please note that this chart will be provided to the NOC daily moving forward.

IHSC is currently monitoring 10 detainees across 5 facilities with 2 in isolation in a detained population of 37,712.

Facility	Total in isolation	Total under monitoring	Subset who have symptoms	Subset who were tested	Subset seen in ER for acute symptoms
Otay Mesa Detention Center (San Diego CDF)	1	0	1	1	0
Tacoma ICE Processing Center (Northwest Det Ctr)	0	2	0	0	0
Krome Monitoring Service Processing Center	1	0	1	1	0
Port Isabel	0	2	0	1	0
Karns County Residential Center	0	4	0	0	0
Subtotal	2	8	2	3	0
Total	10				

Please see attached DHS placemat.

There is no change in accountability of ICE IO employees, dependents, and FSNs in China, Hong Kong, Seoul, Tokyo, Rome, Singapore, and Italy.

Please see current changes in international posture:

- There are no MEDEVACs out of Italy. Embassy Rome is in discussions with other posts about alternate arrangements; Embassy London will no longer accept MEDEVAC requests from Italy.
- Thailand MEDEVACs are permitted, but transitioning to alternate routes to mitigate potential exposure.
- Vietnam MEDEVACs are permitted but routes to the U.S. are increasingly restricted.
- HSI Athens New Delhi will be transitioning to a mix of telework and minimal office staffing beginning Monday, 16 March, consistent with local DOS guidance.
- HSI Seoul personnel who rely on public transportation will be teleworking.
- TDYs into and out of El Salvador are cancelled through the end of March.
- Only mission critical travel, including in-country travel by HSI personnel, is allowed in Guatemala.
- All International Law Enforcement Academy (ILEA) worldwide has cancelled through 8 May.
- Europol facilities (in the Netherlands) are closed and all employees teleworking.

Mike,

Per our conversation. Right after I hung up with you I received the below email. We have had a detainee test positive for COVID 19. The IGSA (county jail) is following their COVID 19 protocols and he remains in a single cell being monitored by medical staff. I have not spoken to the FMC, however she is copied on the email below. I wanted to get this to you as soon as I found out.

Thank you.

Subject: RE: ICE Detainee on COVID-19 Protocol

I would like to update everyone on the status of this detainee.

On Friday 4/6/20, he was moved to an isolation cell after he requested screening from medical staff. He had a fever of 100.3, a cough, shortness of breath, pain in his lungs, and a headache (as medical staff reported to me). Per medical this inmate indicated the symptoms started two days before he advised medical staff of his ailments.

Today, his temperature was at 98.6 and he claimed not to have coughed all night. He apparently asked medical staff if he could return to his housing unit. This inmate is now considered a PUI and was tested for possible exposure to COVID-19 around 6am this morning. I asked the NP how long before we can expect the test results, and he indicated usually 24 -48 hours. I did confirm this is being sent to the lab this morning. This inmate will remain in isolation pending the results.

I will be sure to keep everyone update as new information becomes available.

Good Evening All,

Please be aware that ICE detainee (b)(6), (b)(7)(C) was placed on medical lockdown for COVID-19 protocol per Corizon medical staff. He has been provided with a preventative exposure face mask and has been moved to an isolation cell in the assessment area. The detainee will be on thirty minute documented checks until he is cleared by medical staff. Attached you will find the detainees lockdown sheet. He is set for review on 04/06/20.

MD] ICE challenged for plans to stop spread of COVID-19

Columbia Business Monthly [5/26/2020 9:55 AM, Staff, MD] reports U.S. Senators Ben Cardin and Chris Van Hollen (Both D-Md.) are calling on the U.S. Immigration and Customs Enforcement to answer critical questions on its plans to prevent the spread of COVID-19 among detainees currently being held in Howard and Worcester Counties. "In Maryland, we have received troubling reports that Immigration and Customs Enforcement detainees are at grave risk," wrote the senators. "Half of the ICE detainees tested nationwide thus far are positive for COVID-19 and the numbers are growing rapidly for both detainees and employees at detention facilities. Experts have described these facilities as a 'tinderbox' that could quickly overwhelm ICE medical facilities and impact surrounding communities. "ICE does not appear to have a consistent plan to manage testing and treatment and is not following CDC guidelines to minimize risk There are many reports of inadequate masks, disinfectant and soap for detainees and employees alike. ICE continues to transfer detainees between facilities contrary to CDC guidance, risking

the spread of the disease. Medical care is reportedly sub-standard at many of these facilities. Advocates continue to report on many medically vulnerable detainees...who have not been released, in addition to many individuals who have no criminal history and could be released on parole or placed in alternatives to detention," they added. The Department of Homeland Security Inspector General recently agreed to a Congressional request to investigate ICE's efforts to prevent and mitigate the spread of COVID-19 in its facilities. The objective of the planned IG review is to determine whether ICE Enforcement and Removal Operations effectively managed the crisis at its detention facilities and adequately safeguarded the health and safety of both detainees in their custody and their staff.

FYSA from BOS It appears the governor has put in place an order to not have more than 25 people gatherings for 8 weeks starting on Tuesday. This includes many venues to include office buildings. I saw that the new CDC guidance is set at 50 people gatherings. This was breaking news that came out tonight.

Dear Mr. Johnson,

I hope this email finds you well.

I am writing with regards to (b)(6); (b)(7)(C)

(b)(6); (b)(7)(C) is 74 years old, a detainee at Krome. Besides being in an age bracket that is extremely vulnerable to COVID-19, (b)(6); (b)(7)(C) has serious health issues. He is a long term LPR, and is detained under Mandatory Detention. We believe he is eligible for LPR Cancellation of Removal or another form of relief.

(b)(6); (b)(7)(C) suffers from arterial hypertension, high cholesterol, depression, gastritis and he is bipolar. He has medical documentation to support this, which custody should have.

(b)(6); (b)(7)(C) has deep ties to South Florida. If he is paroled, he will return to his home, which he owns at (b)(6); (b)(7)(C)

I understand that (b)(6); (b)(7)(C) is in proceedings and is deportable by reason of having committed an offense covered under 237(a)(2)(C) and 237(a)(2)(B)(i) -- as such (b)(6); (b)(7)(C) is subject to Mandatory Detention per 236c. But (b)(6); (b)(7)(C) does not deserve to die in detention. With his advanced age and medical issues, he is at a tremendous high risk if he contracts COVID-19 G-d forbid. I am begging for compassion to save his life on humanitarian grounds. Mr. Johnson, what avenue is open so that (b)(6); (b)(7)(C) can be released and protected from coronavirus before it's too late, despite being subject to Mandatory Detention? There must be something that can be done.

We would so appreciate your compassionate consideration of this heartfelt request.

Thank you so much and G-d bless you!

Best regards,

(b)(6); (b)(7)(C)

Please see attached paper with multiple options for removal and mitigation of COVID-19. Options will be dependent on test equipment , swabs available to ICE, and individuals available (certified) to run the test and read the results.

Tae,

Good morning and happy Easter. My apologies for pinging you in a Sunday, but a question has arisen about the 20-22 detainees released per the order of the middle district of PA.

(b)(5)

Again, my apologies for having to touch base on Easter.

Thanks

Tony

We do not plan to test Mexican nationals at this time. But admittedly, these are ongoing discussions. To date, the priority has been NT cases. The 4K removals per month is just the estimate for NT cases.

Got a call from DHS Ops tonight that a request for a meet on Monday is coming. It sounds like they want to have someone knowledgeable about SWB assets to help look at SWB Coronavirus options. This was referenced in today's call. Just wanted to flag that they said an email request for a POC is coming this weekend.

Subject: Quarantine

We've quarantined 28 detainees in Dorm C6 due to possible exposure to the COVID19. The officer taking care of the dorm had significant exposure to his mother who tested positive for the COVID19. The officer worked the dorm yesterday and the day before possibly exposing the detainees in the dorm and other staff. The officer informed us this afternoon that his mother had tested positive. The officer will self-quarantine at home and is waiting for results of his COVID19 lab test.

Thank you

Did the detainee in Houston test positive? I didn't see it on the CAT report (although it did reflect an alien seen in ER for acute symptoms). Thanks.

Derek/Matt-

Just a heads up, we had another two detainees test positive for CV19 in both Bergen and Hudson county detention facilities in NJ. Still gathering info on whether the detainee in Bergen was either housed or worked with the first positive Bergen case. We will provide an update as soon as this information is available. There are two additional presumptive positive detainees that we are tracking - one in Bergen, NJ (which would make a total of 3 at this facility) and another in Houston TX. We should have additional information on these two cases tomorrow. Thanks

Mike,

We started testing, on site at JCPC with the new machine, for the Nicaraguan and DR IAO charter flight this week. We have one DR and two Nicaraguans that came back positive. I was just told the Nicaraguan flight was just canceled anyway. All are asymptomatic and came from a cohorted dorm. Three SENS's to follow.

Good Afternoon (b)(6); (b)(7)(C)

We have reviewed the cases from the attached spreadsheet that were identified as Atlanta cases. The detention location of these individuals for the past 14 days for these detainees was as follows:

47 detained at Stewart Detention Center from at least March 31 to April 9
1 detained at Irwin County Detention Center from at least March 31 to April 9

47 transferred to Richwood Correctional Center in Monroe, LA on April 9
1 transferred to Basile Detention Center in Basile, LA on April 9

All 48 were removed to Guatemala on April 13 from .

(b)(5)

I have attached this information on the spreadsheet as well.

Tae,

Attached are the medical summaries for the 47 Guatemalan detainees that have allegedly tested positive for Covid-19 in Guatemala. They left the Stewart Detention Center (SDC) on April 9, 2020. Some of the medical summaries have a date change from March 31, 2020 to April 9, 2020. The reason for these changes is that these particular detainees were scheduled to leave on March 31, 2020, but that trip was cancelled. On the medical summaries, you will see hand written vital signs on the bottom of the form that were taken when the detainees were on board the buses. All of these detainees were medically screened and did not have any symptoms or fever when they departed SDC. I have also attached the I-213's

DHS-PRIV-ICE-01367-005004

that indicate that all of the Guatemalans were transferred to the Richwood Correctional Center for removal. A total of 138 detainees were transported by Transcor from SDC to the Columbus Airport for transfer via ICE Air. In addition to the 76 Guatemalan detainees, there were 18 from El Salvador, 3 from Nicaragua, and 41 from Mexico (b)(5)

(b)(5)

We currently have 7 detainees that have tested positive at the Stewart Detention Center. Additionally, we have 20 staff members who have also tested positive. Our data indicates that there are 3,014 positive Covid-19 cases, and 164 deaths within a 50 mile radius of SDC. Please see the attached PDF.

CoreCivic recognizes the unique and exceptional nature of the current COVID-19 pandemic, and takes seriously its responsibility to protect the safety and security of the detainees in its facilities, its staff, its contractors' employees, its governmental partners' employees, and the public as a whole. CoreCivic's Facility Support Center is providing ongoing guidance and instruction to its facilities, in accordance with and consistent with recommendations of the CDC and its governmental partners, as well as state and local health authorities where its facilities are located.

Please let me know if you have any additional questions.

Thanks,

Hi Mike,

All three came from Pike County Jail, and the local medical providers at PDC in concert with our FMCs had assessed Pike County Jail as being high risk for being likely positive carriers/cases of COVID-19. Identifying them as high risk was based on known positive COVID-19 cases at Pike County Jail including active 14-day COVID quarantines in some dormitories that were ongoing at the time these three were transferred to DAL. While these three detainees were not housed in any active COVID quarantines at Pike County prior to their time of transfer to DAL, they were, however, exposed to other detainees who were housed in active COVID quarantines. Again, making them high risk for likely COVID-19 exposure.

REPORT NARRATIVE:

ISSUE:

On April 19, 2020, the Health Services Administrator at the Prairieland Detention Center (PDC), Alvarado, TX notified ERO Dallas that the following three (3) ICE detainees have tested positive for COVID-19:

1. (b)(6); (b)(7)(C) -year-old citizen of the Dominican Republic. (b)(6);
(b)(7)(C) is asymptomatic and in cohort housing at PDC.
2. (b)(6); (b)(7)(C) -year-old citizen of the Dominican Republic. (b)(6);
(b)(7)(C) is asymptomatic and in cohort housing at PDC.
3. (b)(6); (b)(7)(C) -year-old citizen of Venezuela. (b)(6);
(b)(7)(C) is asymptomatic and in cohort housing at PDC.

BACKGROUND:

On April 11, 2020, ERO Philadelphia transferred 72 total detainees (37 transfers from Batavia and 35 transfers from Pike County Jail) via ICE Air Operations to ERO Dallas for housing at PDC. From this transfer group, the following three (3) detainees tested positive for COVID-19 on April 19, 2020:

1. (b)(6); (b)(7)(C)

On August 27, 2017, U.S. Customs and Border Protection (USCBP) admitted (b)(6);
(b)(7)(C) into the United States at New York, NY as a B-2 visitor not to remain beyond February 26, 2018.

On December 23, 2019, ERO Philadelphia encountered (b)(6);
(b)(7)(C) at the Curran-Fromhold Correctional Facility in Philadelphia, PA following his arrest for Aggravated Assault, Simple Assault, Terroristic Threats, and Recklessly Endangering Another Person. ERO Philadelphia lodged an immigration detainer, Form I-247. These charges remain pending.

On an unknown date, the Philadelphia Department of Prisons released (b)(6);
(b)(7)(C) without notifying ERO Philadelphia.

On March 16, 2020, ERO Philadelphia arrested (b)(6);
(b)(7)(C) and served him a Notice to Appear (NTA) pursuant to section 237(a)(1)(B) of the Immigration and Nationality Act (INA), as a nonimmigrant overstay. On the same date, ERO Philadelphia transferred (b)(6);
(b)(7)(C) to the Pike County Jail in Hawley, PA.

On April 13, 2020, the Office of the Principal Legal Advisor (OPLA) filed a motion for Change of Venue (COV) to the Executive Office for Immigration Review (EOIR) in York, PA.

(b)(6);
(b)(7)(C) has no known criminal convictions.

2. (b)(6); (b)(7)(C)

On October 22, 2003, USCBP admitted (b)(6);
(b)(7)(C) into the United States at New York, NY as a lawful permanent resident (F25).

On December 21, 2018, the Court of Common Pleas of Luzerne County, PA convicted (b)(6);
(b)(7)(C) of Carrying a Firearm without a License and sentenced him to 23 months incarceration.

On January 16, 2019, ERO Philadelphia arrested (b)(6);
(b)(7)(C) at the Luzerne County Adult Probation Office and served him a NTA pursuant to 237(a)(2)(C) of the INA, as an alien convicted of firearms or destructive devices. On the same date, ERO Philadelphia transferred (b)(6);
(b)(7)(C) to the Pike County Jail in Hawley, PA.

On June 11, 2019, an immigration judge (IJ) in York, PA granted (b)(6);
(b)(7)(C) cancellation of removal. OPLA in Philadelphia reserved appeal of the decision.

On July 10, 2019, OPLA Philadelphia filed an appeal of (b)(6); (b)(7)(C) case with the Board of Immigration Appeals (BIA).

On December 5, 2019, the BIA ordered (b)(6);
(b)(7)(C) removed to the Dominican Republic.

On December 16, 2019, (b)(6);
(b)(7)(C) filed a Motion to Reopen (MTR) and requested a Stay of Removal through the BIA.

On January 6, 2020, the BIA issued a Stay of Removal in (b)(6); (b)(7)(C) case. The MTR remains pending.

(b)(6);
(b)(7)(C) has a criminal conviction.

3. (b)(6); (b)(7)(C)

On April 11, 2016, USCBP admitted RICO into the United States at the John F. Kennedy International Airport in New York, NY, as a non-immigrant visitor for pleasure (B-2) with authorization to remain in the United States until October 10, 2016.

On November 11, 2018, the Pennsylvania State Court convicted (b)(6);
(b)(7)(C) for assault and sentenced him to 23 months in jail.

On October 26, 2019, ERO Philadelphia arrested (b)(6);
(b)(7)(C) and detained him at the Delaware County Jail, in Muncie, IN.

On October 28, 2019, ERO Philadelphia served (b)(6);
(b)(7)(C) with a Notice of Intent to Issue Final Administrative Removal Order, Form I-851, pursuant to Section 237(a)(2)(A)(iii) of the INA, as an alien convicted of an aggravated felony; to wit: a crime of violence. (b)(6);
(b)(7)(C) claimed fear of returning to his home country. On the same date, ERO Philadelphia issued RICO a final Administrative Removal Order, Form I-851A. ERO Philadelphia transferred (b)(6);
(b)(7)(C) to the Pike County Jail in Hawley, PA.

On November 18, 2019, U.S. Citizenship and Immigration Services rendered a positive reasonable fear finding on (b)(6); (b)(7)(C) case and issued him a Notice of Referral to Immigration Judge, form I-863.

On December 5, 2019, an IJ in York, PA allowed (b)(6); (b)(7)(C) to withdraw his fear claim and ordered him removed to Venezuela.

On January 10, 2020, Commercial and Air Operations cancelled (b)(6); (b)(7)(C) removal flight due to limited removals to Venezuela.

On March 16, 2020, the HQ Removal and International Operations Unit advised ERO Philadelphia that a new travel document for (b)(6); (b)(7)(C) had been issued. A new removal date is pending.

(b)(6); (b)(7)(C) has an aggravated felony conviction.

On April 15, 2020, ERO Dallas advised ICE Air Operations in Mesa, AZ to take appropriate measures for the flight staff of the transfer due to prior positive COVID cases. ERO Dallas notified the officers that received the April 11th ERO Philadelphia flight and placed them on a telework schedule for a 14-day self-quarantine.

To mitigate the spread of infection due to possible exposure, ERO Dallas has confined all detainees part of the transfer flights to three dorms for observation for a 14-day period. Detainees will have limited contact with staff. Detention staff will provide indirect supervision from outside of the dorm. Meals and sick call will be conducted in the dorms. Detainees in the cohorted dorms will have no contact with other detainees in the facility. Full PPE will be utilized when entering and exiting the dorms followed by a bleach water sanitation upon exit. General enhanced sanitation efforts have been implemented across PDC. Detainees exhibiting a fever over 99 degrees or any flu-like symptoms will be tested for COVID-19.

ERO Dallas Deputy Field Office Director (b)(6); (b)(7)(C) reviewed and approved this SIR narrative.
