Subject: FW: 3 EV Options for BRE
Date: Tuesday, April 7, 2020 1:20:09 PM

Dear BRE:

On Thursday we will need the BRE to vote on an early voting plan. I am recommending option 1. Ballot-by-mail applications are coming into the office fast and furious. It seems doubtful that many people will choose to vote in person. It is inadvisable to me to open more than three locations for many reasons.

First, we have enough hand sanitizer to outfit three locations. Second, we have enough gloves to outfit three locations for three weeks. We will be getting more, but many will come during early voting and before Election Day. We can get enough masks, but more sanitizer is proving to be difficult. Third, wipes for the BMD screens are going to be coming, but we have a limited supply.

Fourth, and most important, the more locations we open the greater the risk to poll workers. I am against opening more locations for the reason that anyone that gets sick from this is our responsibility from a human perspective rather than legally. I have zero interest in putting people at risk. The mortality rate in the US is going up daily aside from the fatality count. This virus is contagious. I have already had one staff member and his wife contract it, and one of our contract workers also fell ill to it who worked as a permanent employee in the department for years before retiring in 2012.

I think we should avoid being influenced by elected officials who are on the ballot when making this decision. Our poll workers' health and the health of the DRE staff comes ahead of considering the wants of elected officials who want us to open more locations. Ballot by mail will suffice in this environment, and everyone should understand that.

Election Day is going to be a risky enough endeavor without exposing more EV staff than necessary to the general populace.

We are going to buy no contact thermometers to scan employees and voters for EV. We are only going to put three BMDs in each early voting location and allow no more than three voters to vote at a time. A line manager will monitor the line and no more than two people will be allowed check in at a time.

We have to consider space in each site and voter flow, additionally.

Option 1:

Three early voting sites. April 27-May 15 Open 9 AM - 4:30 PM One Saturday 9 May 9 AM - 4:30 PM Sandy Springs Library, South Annex, SE Atlanta Library

Option 2:

Six early voting sites. April 27-May 15 Open 9 AM - 4:30 PM One Saturday 9 May 9 AM - 4:30 PM Sandy Springs Library, South Annex, SE Atlanta Library, CT Martin, Roswell Library, E Roswell Library

Option 3:

Three early voting sites weeks one and two. April 27-May 8 Open 9 AM - 4:30 PM Saturday 9 May 9 AM - 4:30 PM Sandy Springs Library, South Annex, SE Atlanta Library

Week three. Three sites above plus these. April 11-15. Open 9 AM - 4:30 PM CT Martin, Roswell Library, E Roswell Library, Alpharetta Library, Milton Library, Fairburn Library, College Park Library, Wolf Creek Library,

Johns Creek Environmental Campus

Rick,

Quick question, can you answer the question below about which email address you should email absentee ballot applications? I'm assuming either. And I'm guessing they created the second email for this particular process.

Thanks,
Aaron

Good morning. The absentee ballot request form I received from the Secretary of State gives voters "elections.voterregistration@fultoncountyga.gov<<mailto:elections.voterregistration@fultoncountyga.gov>>" as the email address for returning the request form. The Fulton County Voter Registration and Elections Office website lists elections.absentee@fultoncountyga.gov<<mailto:elections.absentee@fultoncountyga.gov>> as the address for absentee ballot request forms.

Is the Voter Registration Office processing absentee ballot request forms sent to both email addresses? If not, which one is the correct address?

Thank you for clarifying

See AJC article below; also in Georgia 10x10 Bartow County reports a permanent staff member has the coronavirus. After speaking with Mark yesterday, and telling him of the shortages, he suggests having the three EV sites you named (or others) for first part of EV, then three different sites for last half. Sounds like decent compromise. But please call me to discuss. Mary Carole

Jane Crain is a Brighton Garden resident and a member of Virginia Highland Church. She called me this morning, angry at Fulton County. She said that her citizen group showed up to Virginia Highland Church because they saw the advertisement for the 100 Congregation Demo Tour in the AJC listing their location and yesterday's date.

No one from the SOS showed up to do the demonstration. Kelvin Jones told me that the lady and her group were extremely upset. Kelvin explained to her that Fulton County was unaffiliated with that promotion or event. He told her that someone from the State would contact the church.

Thanks,

Dear Mr. Barron,

I am sure your staff is quite busy with early voting and preparing for election day. I wanted to offer my assistance with developing best practices in an effort to address voter's Coronavirus concerns at polling places. I am not sure if your office has developed a policy for poll workers, but attached is a draft policy summarizing CDC and the World Health Organization (WHO) best practices for use if needed. The CDC is advising cleaning and disinfecting voting machines, laptops, keyboards and other equipment, making sure soap, water and drying materials are available in restrooms for voters to wash their hands, and providing alcohol-based sanitizer before and after voting.

It is very important to communicate with media outlets and social media the efforts of Fulton County Voting and Elections in taking extra precautions to protect the health of poll workers and voters. Fulton County now has 3 cases and I am sure this will increase as we approach election day and fears will grow. Thus, communicating our efforts to enforce best practices will help assuage fears.

I hope this is helpful.

Many thanks,

Kathleen Ruth

I forward this as an example of the trouble we are going to have on Election Day staffing our polling locations, and what we may face during early voting. Only three of 13 will commit to working as of now in RW13. By the time early voting starts we are supposed to see more than 100 people per day die in Georgia according to the models. A deluge of infections and deaths is coming, unfortunately.

Beverly Walker, a 20 year veteran of the department who retired in 2012, but works as supplemental staff has corona. That is number two on my staff, plus Ralph's wife, that has contracted the disease. Beverly is in the hospital on a ventilator. Ralph is recovering from pneumonia.

The numbers of people willing to work will surely go down over the net two weeks.

Even our dedicated long standing service poll workers who have served for years, are not prepared to risk being exposed to CORVID-19's deadly Coronavirus.

Here are typical reasons given:

- "while the elections are important, voters in Georgia have the option to vote by mail, as my wife and I are going to do in light of the viral environment. I don't feel it is in our best interest to work the upcoming election, I think it is too risky. I will not be working the upcoming May election. I however keep my availability open for upcoming elections depending on our comfort level in accordance with health concerns..."
- "I am going to decline this time not knowing what the status of the virus is going to be next time. My husband has chronic bronchitis so I can't risk contracting it and bring it home. Keep my name in the hat ... if the virus has run its course."
- "I already took the online and face to face training class and did not even get paid for those trainings..."
- "I am currently back home in Augusta (with my parents) right now, while everything is going on with Corona. So I am not sure that I will be able to make this one."

So it's highly impossible for any manager to run such a high turnout dual precinct with only 3 poll workers.

In addition, Governor Kemp also just made a state wide announcement at 4pm this afternoon, extending the Public Health State of Emergency to May 13 and Georgia state's 'Shelter in Place' to April 30.

With the CORVID-19 Coronavirus deaths rising sharply in Georgia and the public health risks being so in flux, I don't know this is going to impact the proposed May 19 election. Given Gov. Kemp's state announcement minutes ago, our GA Secretary of State may postpone the May 19 again. So we may want to consult again with our GA Secretary of State.

Dedicated but Concerned,

Neville Billy | chief dual manager
RW 06 & RW 13 precincts

Greetings Poll Officials,

I hope this message finds you and your family in good health.

"Due to concerns about COVID-19, our office has decided to cancel all in-person training classes for Election Day poll workers leading up to the May 19th election.

Our office is developing online training that will be mandatory for all Election Day poll workers. We are hoping to have that training available by Wednesday, April 22nd. You will be notified as soon as the mandatory online training becomes available.

Additionally, we want to let you know that we are seeking guidance from public health officials about items that we should provide on Election Day for your safety and for the safety of voters. We are working diligently to acquire hand sanitizer, alcohol cleaning wipes, masks, among other items as suggested by health officials.

We will continue to monitor recommendations from officials. If opportunities arise for us to safely hold voluntary hands-on classes, we will let you know. Thank you for your commitment to serving Fulton County voters."

Remain safe and sound everyone.

Respectfully,

Subject: EV Voter

Rick, I had a voter call me who voted at the Roswell Library and the poll workers had difficulty finding the record. After several minutes in search, they asked for the person's social security number. The person was sent onto a "troubleshooting" station and again having difficulty locating the voter record, this poll worker asked for social security number.

I did not know we would ever ask for this at a polling location? The voter refused to give this information but they finally found the record and the voter completed her ballot cast.

Good afternoon.

We wanted you to be aware that the Department of Registration & Elections will hold a mock election on Tuesday, February 18 from 10 a.m. to 4 p.m. The mock election will take place at 13 locations across Fulton County. This will provide a training opportunity for Registration & Elections staff and will also give voters an opportunity to use the new equipment before the start of early voting.

The poster attached lists each of the locations for the mock election. A press release will also be issued to highlight this opportunity.

We will continue to provide additional information about voter education and other elections-related activity as we get closer to the upcoming elections.

Thank you.

Rick,

It's Everett Catts with the Neighbor Newspapers, and we spoke last night at the Benson Center event. I have a follow-up question about last night's event.

I just left you two voicemail messages about this, but thought you may be able to respond faster/easier via email, since you can even provide the answer that way.

Here's my question: could you email me a link to the webpage on the county website that includes info on the upcoming public demonstration events for the new voting machines? I can't find the info on the site yet.

Thanks.

Valued Members,

We have been alerted that the new voting machines which are mandated by the State of Georgia do not have the same amperage specifications as the old machines. This change may cause electrical issues that could result in an electrical overload or fire.

Please ensure your electrical systems meet the requirements of the new voting machines. You may want a qualified electrician to perform a review to avoid the unnecessary risk of an electrical problem.

Thanks,
Dan Beck

How Much Does Voting Spread Viruses?

A study shows that past elections have not led to national surges of viral disease, but it is too early to apply the research to coronavirus.

Subject: Our early voting experience Report!

We went to the Chastain Park site. UNFORTUNATELY, we have never been there before. When you put 140 W. Wieca into the GPS or Google Maps, it takes you to a spot with no building, just tennis courts. We had gone up Lake Forest and turned left onto W. Wieuca. We thought the voting might be in the Arts Center but it wasn't, then we came out of there turned right and got to Galloway and Powers Ferry.

Finally, we put Chastain Park Recreation Center in and got a better location. It is northeast of Galloway and across from the Arts Center. Once we got close, we spotted the ground-level "VOTE" signs. We'd been looking on the wrong side of the street on our first run through.

It was hard to find a parking spot because there was a basketball game going on. But we got one. The whole thing from parking the car to returning the car took about 10 minutes.

There was only one guy ahead of us. We filled out the first form, then went to the other end of the table to get our ticket. Then a fellow pointed out which machines to use. I actually didn't see where to put the card at first - lapse of 5-10 seconds. Then the first page came up and, duh, I realized I had to select NEXT. After that all was easy, except, duh, we thought we'd be doing the Senate primary for Perdue's seat as

well. So much for being well-informed and a good citizen. 

Anyway, we then printed the ballot and took it to the other machine and left.

BOTTOM LINE

Once we got there, things went smoothly and the folks were helpful.

Voter Registration has a pretty large staff and there is no reason why this office was closed on Friday and on tomorrow Monday the last day for Voter Registration.

Closing a VR office days before a the deadline during the PPP cannot have been the contingency plan. Rick, your leaders dropped the ball here.

Subject: North Fulton Annex Voter Registrar Office Closed on Monday

Attached is a photo on the sign posted on the door of the Voter Registrar's office at the North Fulton Annex Office on Roswell Rd in Sandy Springs that I went to today approximately 3:45PM.

For those who don't know me, I'm Landen Watson, Georgia's Field Director for the Democratic Congressional Campaign Committee organizing in CD 6 and 7. Ben Myers and others on this thread is very familiar with me and my work with Lucy McBath and across the 7th District. Apart of my program involves voter registration and with the deadline for the Presidential Primary, this is alarming for multiple reasons:

1. It's a little convenient that the office is closed until the day after the VR deadline. I was told by the front office that this was due to a family emergency.
2. There was 2 paper forms left in the basket near the door. Maybe a bunch of folks came by and collected forms but I like to bet there wasn't a lot of forms left there to begin with. There are now zero forms available.
3. A single sign was posted on the door of the office. There wasn't a post made on the website or social media. For folks who don't notice, I'm afraid people will show up on Monday thinking they can turn in VR paper forms and

come to find out that the nearest office to turn them in is downtown Atlanta or deliver them by mail. That's a drive folks can't just take on a busy Monday especially with the deadline.

4. I suspect folks who wait until closer to the office closing/wait until their lunch break/go before work to turn in forms only to realize it's closed and don't have time to go to another location. They are leaving it open for folks who registered on the weekend not to participate in the Presidential Primary March 24.

5. This isn't the first time this sign has been posted up. Angie Jones, a certified registrar accounts this sign at least 3 other occasions since turning in forms at this office.

Why isn't there a replacement sent this location for Monday to collect forms?

Terri Crawford told me to send this information to you in hopes we can rectify this situation before Monday. Let me know if you have any questions.

We are reviewing what occurred but it appears that there was a clerical error that resulted in the Voter Education team not being deployed to that location. We are working to confirm a rescheduling of that event. I spoke with our Elections Director about this yesterday and he is copied on this email.

Again, please accept our apologies for the inconvenience. As soon as we have the rescheduled date I will share that with you and communicate with the Church directly.

Rick – Below is the email when I first reached out to Simone about the libraries – after this email – I sent her the contact info for all the city managers and the addressed of the libraries and senior centers in Bob’s district. I have many emails around this time helping her. But never was in the planning – only requesting it be done and let me know when and where.

I was at the north annex event with less than 24 hours’ notice (virtually no one showed up) – I was at the Benson center event and would have been at the Milton event if I had been notified.

If some events have been scheduled – whether or not public or private events – (not sure what constitutes a private event) I would like to know the dates and locations so I can notify the Commissioner and someone from our office can be there.

Just so you know – I have sent all the same information to Kelvin and forwarded all the emails from Simone and the Cities so he will be up to speed as to where Simone left off.

As you know I have reached out to you and Gayle Holloman about the libraries in District 2. I greatly appreciate you two working together to get this done. I have whatever contacts you may need in District 2 and basically North Fulton. I will send you the city manager's contact info – I think it would be good to reach out to them. They may want to do something at their city centers.

Good morning Renee!

To wrap up the confusion around the Benson Center, I was forwarded to Ronald MacAuley to

complete the Benson Center request, and he informed me that a confirmation should be sent directly to him for the 3/5 event so that's where the confirmation was sent – in the future I think our office would benefit from an understanding of who we ought to coordinate with on behalf of Commissioner Ellis' district to help us avoid miscommunication.

I'd also like to share some information on our process as we prepare for a very busy and important election year, and have cc'd some other folks who may also be interested:

Since January 2nd when our outreach began, we have extended a single outreach request across the county, including but not limited to the cities of Sandy Springs, Milton, Roswell, Alpharetta, Johns Creek and Mountain Park. We've also contacted all Fulton state representatives and state senators in addition to the offices of each county commissioner. If you have good contacts in these offices who you think would be responsive to our emails please do let us know so we can get the best possible list working.

I also must stress that the VEO team has not 'booked' any single event proactively – even if that was our approach, we would not have the manpower to do so. We do not find events that our team can provide education at, or help with event planning, generally so if there are events you'd like us to attend, or locations you'd like us to demonstrate the machines at, we do have to get the details, logistics, etc. directly from you, and you will have to plan the event as we do not provide that service. We attend events on a first-request form basis, and if unavailable will promptly respond.

We are aware that there are potentially hundreds of organizations that could benefit from voter education– it's why we're so heavily relying on our Commissioners' offices to help us by informing us of organizations that we can reach out to, to provide education.

You are strongly encouraged to send us names of organizations, and even better, specific individuals affiliated with those organizations to veo@fultoncountyga.gov, where our Administrative Manager is also copied and will ensure that we do not let any requests slip through the cracks.

I also wanted to share that we are tracking our outreach and list of contacts to support that our efforts are neutral, even if enthusiasm and engagement have varied in different parts of the county thus far. Thank you for your help in getting the word out! I am confident there is plenty of time to ensure that we provide ample education all over Fulton this year!

Happy New Year! It's great to meet you virtually!

My name is Simone Price I'm the Voter Education and Outreach Lead in Registration & Elections.

I just wanted to reach out and share some information with you that may be of interest to the commissioners:

We want to encourage the entire board to utilize and assist us in reaching their constituents to provide voter education. We are working to conduct voter education events all across Fulton county, as frequently and evenly as possible.

In particular we often interface with nonprofits, senior centers and churches. If there are any organizations the Board would like to put on our radar we welcome that information and will be diligent in reaching out to them.

We are holding our own events but are also available to present at external non-partisan events when appropriate.

During our in-person presentations we provide voter education guides and other material, answer questions, assist with registration, and demonstrate the new voting machines where space and time permit.

We believe that allowing voters to become familiar with the machines, and underlining the critical dates and deadlines for the elections should greatly help with turnout, and voting confidence.

Don't hesitate if you have any questions! I look forward to your reply,

Simone

Thank you,

Fred:

All of the events that have been scheduled in Commissioner Ellis's area have been private events with the exception of the one requested by Dianne Fries at Milton Library. If private parties request demos we go without inviting the public or elected officials.

Dianne requested the Milton Library event, but failed to show up and the library was unaware anything had been scheduled.

External Affairs, it is my understanding, only promotes an event such as ones with Commissioner Carn, when the commissioner holds a town hall with many departments attending. The staff of the commissioner plans the event and then asks External Affairs for a press release. We get many town hall requests from Commissioners Carn, Hall and Arrington. We participate in those events whenever we receive a request.

External Affairs and my office are in the process of producing a list of public events for the web site, but for private events which are the vast majority, we leave promotion and invitations to the groups that invite us.

Regards,
Rick

Jessica,

So...can we have another demonstration at the Milton Library? Also, the North Annex? Commissioner Ellis, his staff, and these two locations were never informed that voting machine demonstrations were going to take place. Again; how does this continually happen?

We don't need, nor are we requesting, a press release. Commissioner Ellis and his staff simply want to be informed of the dates, times, and locations of voting machine demonstrations scheduled to occur in District 2. Our office staff will handle constituent event notices and related communications. Simply asking to be informed. Obviously, having these machine demonstrations without the knowledge and participation of Commissioner Ellis, does not reflect well on the Commissioner or his Office. Unacceptable.

Good afternoon,

Please reference the email below from Kelvin Jones. I am in NO WAY upset with Kelvin – he is new to his job and simply being honest. But... yet again there was a voting machine education and training session in Commissioner Ellis' District 2, without the Commissioner OR the Milton Library even being aware it was going to happen! How can that happen? I am not requesting a press release or Fulton County News article, i.e., Commissioner Carn, but why is Commissioner Ellis continually not made aware of events occurring in his District? This has happened repeatedly. What does Commissioner Ellis' Office need to do to be informed and involved with events involving his constituents?

Hi Dianne

We were at the Milton Library last week, however they did not seem to know that were supposed to be there. We need to make sure that the library officials know we are coming so I am glad that Miss Holloman is on board.

I do not have the list of contacts for the cities. If you could forward that to me that would be awesome! We do have the list of upcoming events at the libraries in District 2.

As soon as I receive the City Manager list I will be sure to reach out to them again to make sure that we are on the same page as far as upcoming opportunities council meetings, etc..

Alpharetta

I have been in touch with (as well as Simone) Gayle Holloman, Director of the Libraries and she is on board.

Simone had also reached out to the various north fulton city managers to try to set up demos – I highly recommend doing a demo at each city during one of their council meetings – captive audience ☺. Did she leave you all the contacts I had given her for the cities? Can you tell me where we are in the process of having these scheduled?

Hello Chairperson Cooney,

My name is Morgan Garces, I am the sample precinct research coordinator for the Associated Press. You were recently in contact with my colleague, Atticus O'Brien-Pappalardo, regarding precincts SC05B, SC08E, 06R, AP09A, 03A, SS14, and SS29A. I would like to introduce myself and pick up from where he left off.

As you are aware, on election night this year, we will be hoping to get the results from these precincts as soon as possible. Our usual method is to send stringers straight to the poll site, assuming results will be posted or obtained quickly there. Below I have listed some questions I have from where Atticus was missing information:

- Will precinct-level results be available from the poll site? County website?
County office?

- How will these results be made available? (For example: tapes printed and posted on polling site door, announced by polling official, etc.)
- Some of these precincts vote at polling places where multiple other precincts are also voting. Will we be able to get just the precinct's results that we are interested in? Or are results presented as a summary of all precincts at the polling site?
- Will results on election night include absentee/early votes? If yes, will only election night vote totals be available?
- Are there any credentials or identifiers that you would like our stringers to have with them on election night?
- When was the last time that boundary lines changes for these two precincts?
- Is there anything else that you feel we should know?

Thank you so much for your time! And if you would like to discuss this over the phone, I can be reached at (212) 621-5444.

Thank you, again!

Dear Ms. Mary Carole Cooney,

My name is Atticus, I'm with the Associated Press Election Research Team. Last year April Majors spoke to a colleague of mine about a precinct project we were conducting in the state of Georgia for the 2018 General Election. She answered a series of questions they had about seven precincts in Fulton County and instructed us on the best way to obtain results on election night. We will be repeating the same process for next year's Presidential Primary and General Election and I was hoping someone would be able to confirm some of the answers she gave my colleague last year, to make sure nothing has changed, or that you don't want anything done differently on our end.

Here are the questions I have about SC05B:

- Is SC05B still located in Congressional District 13?
- Have there been any boundary changes to SC05B since the 2018 General Election?
 - If not, do you know the last year that there were boundary changes to the precinct?
- Does the precinct still vote at the Cliftondale Community Center?
 - If so, do any additional precincts also vote at that polling location?
- Will the precinct results on election night include absentee votes?
- In 2018 there was a single tape of results posted, will that be the case again? Or, will there be multiple tapes which will need to be added up?
- Will your county website have precinct level results on election night?

Here are the questions I have about SC08F:

- Is SC08F still located in Congressional District 13?
- Have there been any boundary changes to SC08F since the 2018 General Election?
 - If not, do you know the last year that there were boundary changes to the precinct?
- Does the precinct still vote at Banneker School?
 - If so, do any additional precincts also vote at that polling location?
- Will the precinct results on election night include absentee votes?
- In 2018 there was a single tape of results posted, will that be the case again? Or, will there be multiple tapes which will need to be added up?
- Will your county website have precinct level results on election night?

Here are the questions I have about 06R:

- Is 06R still located in Congressional District 5?
- Have there been any boundary changes to 06R since the 2018 General Election?
 - If not, do you know the last year that there were boundary changes to the precinct?
- Does the precinct still vote at the First Presbyterian Church?
 - If so, do any additional precincts also vote at that polling location?
- Will the precinct results on election night include absentee votes?
- In 2018 there was a single tape of results posted, will that be the case again? Or, will there be multiple tapes which will need to be added up?
- Will your county website have precinct level results on election night?

Here are the questions I have about AP09A:

- Is AP09A still located in Congressional District 6?
- Have there been any boundary changes to AP09A since the 2018 General Election?
 - If not, do you know the last year that there were boundary changes to the precinct?
- Does the precinct still vote at Webb Bridge Middle?
 - If so, do any additional precincts also vote at that polling location?
- Will the precinct results on election night include absentee votes?
- In 2018 there was a single tape of results posted, will that be the case again? Or, will there be multiple tapes which will need to be added up?
- Will your county website have precinct level results on election night?

Here are the questions I have about 03A:

- Is 03A still located in Congressional District 5?
- Have there been any boundary changes to 03A since the 2018 General Election?
 - If not, do you know the last year that there were boundary changes to the precinct?

Does the precinct still vote at Allen Temple AME Church?

- If so, do any additional precincts also vote at that polling location?
- Will the precinct results on election night include absentee votes?
- In 2018 there was a single tape of results posted, will that be the case again? Or, will there be multiple tapes which will need to be added up?
- Will your county website have precinct level results on election night?

Here are the questions I have about SS14:

- Is SS14 still located in Congressional District 11?
- Have there been any boundary changes to SS14 since the 2018 General Election?
 - If not, do you know the last year that there were boundary changes to the precinct?
- Does the precinct still vote at Ridgeview Charter Middle School?
 - If so, do any additional precincts also vote at that polling location?
- Will the precinct results on election night include absentee votes?
- In 2018 there was a single tape of results posted, will that be the case again? Or, will there be multiple tapes which will need to be added up?
- Will your county website have precinct level results on election night?

Here are the questions I have about SS29A:

- Is SS29A still located in Congressional District 6?
- Have there been any boundary changes to SS29A since the 2018 General Election?
 - If not, do you know the last year that there were boundary changes to the precinct?
- Does the precinct still vote at First Baptist Church Sandy Springs/Cumberland Academy?
 - If so, do any additional precincts also vote at that polling location?
- Will the precinct results on election night include absentee votes?
- In 2018 there was a single tape of results posted, will that be the case again? Or, will there be multiple tapes which will need to be added up?
- Will your county website have precinct level results on election night?

In 2018, election night results were posted at the polling locations of the abovementioned precincts for the public to view. Will that be the case again in 2020? Will any additional credentials be required to access the results?

My most sincere thanks for your time and consideration with these questions.

Best,

Atticus

Rick

Visited East Roswell, Roswell, Sandy Springs and North Annex early voting sites this morning on way in (and voted). All seemed to be doing well. Couple of printer problems, but techs were on site and engaged.

Thanks for update Friday and let's stay together as volume builds.

Overview

Week One, Legislative Days 1 - 4, of the 2020 Georgia General Assembly session convened this week. The **Adjournment Calendar** ([HR 879](#)) has been scheduled up to Legislative Day 14 of the 40-day session. On Legislative Day 4, Governor Brian P. Kemp gave his [2020 State of the State Address](#) to the Georgia General Assembly.

Governor's Budget Proposal

The Georgia Office of Planning & Budget has released Governor Brian P. Kemp's [Budget Proposal](#) for Amended Fiscal Year 2020 (AFY 2020) and Fiscal Year 2021 (FY 2021).

Highlights of the Proposal:

- \$2,000 permanent pay increase for certified Georgia teachers (\$350 million)
- \$45 million to provide a \$1,000 pay increase to full-time, regular state employees earning less than \$40,000 per year.
- \$2.7 million to annualize 125 additional slots for the New Options Waiver (NOW) and Comprehensive Supports Waiver Program (COMP) for individuals with intellectual and developmental disabilities.
- \$1.1 million for six positions to expand the Georgia Bureau of Investigation's Gang Task Force and for the development of a gang database.
- \$235,519 in AFY 2020 and \$80,942 in FY 2021 for election security initiatives.

BILLS THAT DIRECTLY IMPACT FULTON COUNTY'S PRIORITIES AND SERVICES:

[HB 121](#) City of South Fulton; change corporate boundaries – Representatives Bruce D-61 (Atlanta), Bazemore D-63 (City of South Fulton), D. Jackson D-64 (City of South Fulton), Boddie D-62 (East Point), Beasley-Teague D-65 (Fairburn): This legislation changes the corporate boundaries of the City of South Fulton to include the Fulton Industrial District except the Fulton County Executive Airport at Charlie Brown Field and contiguous Fulton-owned properties. *Recommitted to the Senate State and Local Government Operations Committee*

[HB 276](#) Sales Tax; Marketplace Facilitators – Representatives Harrell R-106 (Snellville), Kelley R-16 (Cedartown), Carson R-46 (Marietta): This bill expands the definition of "dealers" who are required to collect sales taxes to include "marketplace facilitators", such as online platforms that allow vendors to sell goods or services through those platforms. Annual sales via such a platform of \$100,000 or more into Georgia would require the facilitator to collect and remit all state and local sales taxes on all such sales. Franchising operations that have at least \$500 million in annual Georgia sales (such as large hotel chains) can decide to have their franchisees collect sales taxes rather than having the franchisor be considered a marketplace facilitator. Effective Date: April 1,

ADMINISTRATIVE

SB 280 Single Use Plastic Bag Ban – Senators James D-35 (Atlanta), Davenport D-44

(Jonesboro), Orrock D-36 (Atlanta): This legislation bans most single-use plastic shopping bags as of January 1, 2021. There are many exempt bags including those that contain uncooked meat, fish or poultry, package bulk items, food sliced or prepared to order, bags that contain a newspaper, trash bags, bags that store food in refrigeration, garment bags, carry-out delivery bags, and bags to carry prescription drugs. *Referred to Senate Economic Development and Tourism Committee*

SB 292 Repeal State-Wide Application of Minimum Standard Codes; local governments

prohibiting the use of wood in construction; provision – Senator Harrell D-40 (Atlanta): Two years ago, a law was passed preempting local governments from prohibiting wood as a construction material. This legislation would again authorize local governments to regulate or prohibit wood as a construction material. *Referred to Senate Agriculture and Consumer Affairs Committee*

SB 295 Constitutional Officer Pay Raise Clarification – Senators Wilkinson R-50 (Toccoa), Gooch

R-51 (Dahlonega), Walker III R-20 (Perry): Legislation was passed last session to provide Georgia's local constitutional officers a 5% pay raise, effective January 1, 2021. This legislation clarifies that this 5% pay raise is in addition to the constitutional officers' 2% COLA received on January 1, 2020. *Referred to Senate State and Local Government Operations Committee*

EDUCATION

HB 755 Charter schools; local boards of education shall provide itemized allotment sheets for the upcoming fiscal year by July 1 of each year – Representatives Belton R -112 (Buckhead),

Jones R-47 (Milton), Nix R-69 (LaGrange): HB 755 requires local boards of education to provide local charter schools with itemized allotment sheets for the upcoming fiscal year by July 1 of each year; provides that when a local board of education determines that an adjustment to the allocation for a local charter school is necessary, the local board of education shall provide the local charter school with 30 days' notice before the allocation is adjusted, provide an amended itemized allotment sheet to the local charter school, and publish the amended itemized allotment sheet in a prominent location on its website. *Referred to House Education Committee*

HB 784 Discussions of school safety plans by members of a local board of education may be conducted in executive session – Representatives Lumsden R-12 (Armuchee), Jasperse R-11

(Jasper), Hitchens R-161 (Rincon): HB 784 allows meetings of local boards of education to discuss, vote upon, review, or assess school safety plans prepared pursuant to Code Section 20-2-1185 in executive session. *Referred to House Education Committee*

ELECTIONS

HB 757 Elections; Flexibility in Setting Filing Period for Special Elections – Representatives

Fleming R-121 (Harlem), Burns R-159 (Newington), Jones R-47 (Milton): This bill authorizes the Georgia Secretary of State to designate filing dates/periods for those running in special elections to fill a vacated seat for federal, state and county office - so long as that period is at least two and

one-half days in duration and commences no later than 60 days prior to the special election.

Referred to House Governmental Affairs Committee

[SB 300](#) – Elections; State to Provide Local Grants for Voting Rights Education – Senators Jones D-10 (Decatur), Henson D-41 (Stone Mountain), Butler D-55 (Stone Mountain): This bill authorizes the Georgia Department of Community Affairs to provide grants (subject to state appropriation) to local governments to implement local voting rights awareness and education programs. The grants and programs cannot be used to support any particular party, candidate or issue on the ballot. *Referred to Senate Government Oversight Committee*

PUBLIC HEALTH

[HB 756](#) Conservation and natural resources; conditions for the issuance of a permit for solid waste or special waste handling for a coal combustion unit or landfill – Representatives Trammel D-132 (Luthersville), Clark D-108 (Lilburn), D-137 (Junction City): This legislation would require coal combustion residual (coal ash) to be stored in a solid waste facility that had a liner and leachate collection system that meets design standards required for new municipal solid waste landfills. In effect, coal ash residuals would be treated the same as municipal solid waste. This legislation is in response to Georgia Power's plans to close their coal ash ponds – details can be found [here](#). *Referred to House Natural Resources & Environment Committee*

[HB 759](#) Controlled substances; Schedule IV; change certain provisions – Representatives Parrish R-158 (Swainsboro), Stephens R-164 (Savannah), Fleming R-121 (Harlem): HB 759 adds certain Schedule IV controlled substances and changes the definition of dangerous drug in Chapter 13 of Title 16 of the Official Code of Georgia Annotated. *Referred to House Judiciary Non-Civil Committee*

[HB 774](#) Conservation and natural resources; reporting of any unpermitted release of ethylene oxide to the Environmental Protection Division – Representatives Allen D-40 (Smyrna), Wilkerson D-38 (Powder Springs), Dreyer D-59 (Atlanta): This bill requires the reporting of any unpermitted release of ethylene oxide to the Environmental Protection Division via email within 24 hours of release discovery and requires public notification of such releases by the Environmental Protection Division on their website. *Referred to House Natural Resources & Environment Committee*

[SB 291](#) Georgia Death with Dignity Act – Senators Henson D-41 (Stone Mountain) and Orrock D-36 (Atlanta): SB 291 creates provisions for physician-assisted end-of-life options for terminally ill individuals and provides a related criminal penalty. *Referred to Senate Health and Human Services Committee*

[SB 297](#) Solid Waste Management; conditions for the issuance of a permit for solid waste or special waste handling for a coal combustion unit or landfill – Senators Jordan D-6 (Atlanta), Parent D-42 (Atlanta) and Anderson D-43 (Lithonia): SB 297 is the companion bill to HB 756 which requires coal combustion residual (coal ash) to be stored in a solid waste facility that had a liner and leachate collection system that meets design standards required for new municipal solid waste landfills. *Referred to Senate Natural Resources and the Environment Committee*

PUBLIC SAFETY, COURTS AND JUSTICE

[HB 726](#) Require Law Enforcement Agencies to Enter Report of Missing Persons into Database

Maintained by the Department of Justice – Representatives Taylor R-173(Thomasville), Hitchens R-161 (Rincon), Jasperse R-11 (Jasper): This bill requires that law enforcement to report missing persons to designated databases upon the determination the person is indeed missing. *Referred to House Public Safety and Homeland Security Committee*

HB 729 Superior courts; filing of land installment contracts – Representatives Bazemore D-63 (City of South Fulton), Bruce D-61 (Atlanta), D. Jackson D-64 (City of South Fulton): HB 729 amends Code Section 15-6-77 of the O.C.G.A., to provide for the filing of land installment contracts in the superior court relating to fees and construction of other fee provisions and amends Chapter 5 of Title 44 of the O.C.G.A., relating to acquisition and loss of property, so as to provide for requirements for the execution of land installment contracts for the conveyance of real property. This Act shall apply to land installment contracts for the conveyance of real property entered into on or after July 1, 2019. *Referred to House Judiciary Committee*

HB 754 Change Date of Incorporation of Local Ordinances for Drug Free Zones – Representatives Bruce D-61 (Atlanta), Bazemore D-63 (City of South Fulton), Metze D-55 (Atlanta), D. Jackson D-64 (City of South Fulton): This legislation changes the date of incorporation of local ordinances regarding intent to distribute controlled substances of marijuana within drug free zones to July 1, 2020. *Referred to House Judiciary Non-Civil Committee*

HB 760 Authorization for Additional Discretion for First Responders Transporting Mentally to Emergency Receiving Facility – Representatives Cooper R-43 (Marietta), Lumsden R-12 (Armuchee), M. Jackson D-128 (Sandersville): This legislation expands the jurisdiction of law enforcement to transport those believed to be in mental health crisis. *Referred to the House Public Safety and Homeland Security Committee*

HB 785 Revise powers of Georgia Superior Court Clerks' Cooperative Authority – Representatives Gullett R-19 (Dallas), Jones R-25 (South Forsyth), Rogers R-10 (Clarkesville): HB 785 revises Georgia Superior Court Clerks' Cooperative Authority powers to include providing rules and regulations for electronic notarization and remote online notarization. *Referred to House Judiciary Committee*

SB 281 Guns; Restrict Automatic and Semi-automatic Guns and Large Capacity Ammo Clips – Senators James D-35 (Atlanta), Orrock D-36 (Atlanta), Williams D-39 (Atlanta): This bill prohibits persons from having in their possession automatic or semi-automatic guns or large capacity magazines unless they are registered with the federal government. *Referred to Senate Judiciary Committee*

SB 298 Changes the Age for Purchase of Tobacco Products and Vaping Products from 18 to 21– Senator Unterman R-45 (Buford): This legislation changes the legal age to purchase tobacco and vaping products from 18 to 21 years of age. The bill also sets forth criminal sanctions for establishments and persons selling these products to individuals under the age of 21. *Referred to Senate Regulated Industries and Utilities Committee*

HOMESTEAD EXEMPTIONS AND TAXATION

HB 593 Tax Commissioners Retirement Fund – Representative Benton R-31 (Jefferson): This bill would create a state retirement fund for Tax Commissioners. It would be funded by contributions from the tax commissioners individually, plus a \$3 fee on delinquent tax bills. This retirement fund would be in addition to any other retirement fund in which a tax commissioner participates.

HB 728 Fulton County school district homestead exemption – Representatives Martin R-49 (Alpharetta), Jones R-47(Milton) and Silcox R -52 (Sandy Springs): HB 728 is a new exemption from Fulton County school district ad valorem taxes for educational purposes in the amount of \$5,000.00 of the assessed value of the homestead for residents who are 65 years of age or older. *Referred to House Intergovernmental Coordination Committee*

HB 730 Sales Tax Exemption; Major Sporting Events – Representative Stephens R-164 (Savannah): This bill would exempt from sales taxes all purchases made by a host committee in conjunction with sporting events expected to generate \$50 million or more in sales in the host community. *Referred to House Ways & Means Committee*

HB 775 Homestead exemption for state, county, municipal, or school purposes for deployed service members in an amount proportional to the period of deployment during the preceding calendar year – Representative Mitchell D-88 (Stone Mountain): This legislation provides to deployed military service members a homestead exemption from ad valorem taxes for state, county, municipal, or school purposes in an amount equal to the taxable value of the homestead of the service member on January 1 of the year in which the exemption is sought multiplied by the number of days that the service member was on a qualifying deployment in the preceding calendar year and divided by the number of days in that year via referendum. *Referred to House Ways & Means Committee*

HB 779 Title Ad Valorem Tax; revise distribution of the proceeds of such taxes among local governments – Representatives Blackmon R-146 (Bonaire), Williamson R-115 (Monroe), Carson R-46 (Marietta): This legislation revises the distribution of the proceeds of TAVT taxes on motor vehicle among local governments. For each municipality, the tag agent of the county will distribute 23 percent of proceeds to the county governing authority and 28 percent of proceeds to the municipality governing authority, and the remaining 49 percent of proceeds shall be distributed to the board of education of the county school district. *Referred to House Ways & Means Committee*

RESOLUTIONS

HR 893 Constitutional Amendment to allow persons 16 years of age to vote in school district elections and elections affecting school funding – Representatives Scott D-76 (Rex) and Schofield D-60 (Atlanta): This resolution is a proposed amendment to the Constitution of Georgia that allows a person who is a citizen of the United States and a resident of Georgia who is at least 16 years of age and not otherwise disqualified from voting to vote in school district elections and elections affecting school funding. *Referred to House Governmental Affairs Committee*

HR 894 Joint Study Committee on Veterans' Suicide – Representatives Scott D-76 (Rex), Williams D-168 (Midway), Schofield D-60 (Atlanta): This resolution creates the Joint Study Committee on Veterans' Suicide. The committee shall stand abolished on December 1, 2020. *Referred to House Defense & Veterans Affairs Committee*

HR 895 Joint Ethylene Oxide Study Committee – Representatives Allen D-40 (Smyrna), Wilkerson D-38 (Powder Springs), Dreyer D-59 (Atlanta): This resolution creates the Joint Ethylene Oxide Study Committee. The committee shall stand abolished on December 1, 2020.

Referred to House Natural Resources & Environment Committee

SR 263 Senate Emergency Medical Services Study Committee – Senators Mullis R-53 (Chickamauga), Watson R-1 (Savannah) and Burke R-11 (Bainbridge): This resolution creates the Senate Emergency Medical Services Study Committee. *Recommended to Senate Rules Committee*

I spoke with the woman, Laura, who had dinner with my girlfriend and me, who has the roommate. She is a dentist, as is he. She told my girlfriend that he has corona because she thought she could diagnose him, apparently, but she has no idea. He was coughing overnight Wednesday and Thursday morning, but I asked her about the cough. It is a productive cough rather than a dry cough. This was a false alarm. He had not been tested. I was told he had it, but he doesn't. I'm irritated that she told my girlfriend that he had it. I'll be in.

Rick, please go to the hospital. You will have a better chance of getting tested there. Testing is available, but it is tricky because of the screening criteria.

But you DO meet the criteria

* People who have been in close contact with a confirmed COVID-19 patient, and people who live in or recently traveled from an area with sustained transmission, are at elevated risk of COVID-19.

Please take care of yourself!!!

I am so concerned about the blow back that the BRE will get if we close polls when I should be worried if Mayor Bottoms will ground flights to Atlanta from D.C. tomorrow.

I saw that yesterday. See below from the Public Health Director for Fulton County.

Hi,
I just had this discussion with DeKalb. I recommended encouraging absentee voting as much as possible, and asking people not to present to voting sites if they are ill--including staff. For those citizens who elect to vote in person, I recommend having hand sanitizer readily available and possibly posting someone at the entrance to hand out masks to anyone with a cough. I've never voted in Fulton, but the more expeditiously you can get citizens in and out, the lower the risk of exposure.

Those look good to me. Do we want to add one more option that is a combination of Options 2 and 3. Start out with one site per commission district during the first 2 weeks and then expand to a few more sites during week 3.

Also, doesn't the south annex technically sit in district 5?

Rick, I am being asked by primary candidates if we will have a portal so they can determine who has submitted an application for their ballot. Evidently Cobb is providing this information.

We have processed 1 1/2 of the four bins, approximately. We date stamped 12,000 absentee ballot applications. Ralph can answer whether we had other mail in those bins and trays and whether some in the trays went unprocessed today. We are going to get 30 Fulton County unassigned personnel to help with data entry and mail processing.

Are they getting this information from Cobb for free? Those inquiries sound as though we have to do work to create them, which would incur a fee. That is work they should do based on what the SOS provides. I wouldn't want to get into the habit of providing fee work for candidates for free in order to supplement something the SOS is failing to provide. Giving them a raw file to which they manipulate is fine with me.

Ralph, I am being asked by several State House and Senate candidates if we can provide a list of voter applicants for an absentee ballot "by House and Senate District". As an example, those that applied from SD 21. I was also asked the same type question from a CD 6 Candidate in which Rick sent this inquiry to you. Rick stated this was a request that should be requested from the SOS. Please let me know.
Thank you.

The two emails below with the attachments went to Senator Williams. Since she wildly exaggerated her claims at the delegation meeting, at best, or maliciously lied for attention, at worst, I have no interest in doing more than what has been sent to her so far.

We are trying to figure out when Senator Jordan changed to Inactive from Active. From there, we will try to locate the correspondence returned by USPS. Then, I'll write to her.

Thanks!
Rick

Good Afternoon Rick and Ralph,

Senator Nikema Williams (who is copied to this email) has brought to our attention an error in the processing of her recent online voter registration address change. As can be seen from the data from OLVR (attached), she entered the street value of 3125 in OLVR. However, when the county user was manually making the change on her record in eNET, he or she inadvertently typed 3175 for the residential street address. Her registration number is 05661214. You will notice that her mailing address is correct, but the residential address number is wrong.

Please correct this user error and confirm the correction has been made with Senator Williams.

Sincerely,

Kevin Rayburn

Senator Williams,

Fulton County Voter Registration has corrected the street number on your residential address to 3125. Attached is a copy of your precinct card to confirm the correction. Your new precinct card should arrive in the mail in about four weeks.

I would suggest that we write to Senator Williams on letterhead to let her know that we followed up on her concern and discovered a one digit error in her address, and that while that error was on her same street and did not change her precinct, we did correct it.

I would also suggest a letter to Sen. Jordan to let her know that occasionally the Postal Service does return mail and that this does not prevent anyone from voting, and appreciate her letting us know about the issue.

Nikema Williams lied at the hearing. She exaggerated the error so much that lying is the only way to characterize it. The street address had a one digit error. In fact, her address was on the same street segment rather than being on a different street in a different precinct, as she made it sound. It is disappointing. I should have called her a liar in the article.

The post office must have returned a piece of mail to us from Jen Jordan. It is possible for that to happen. She is still a registered voter. We corrected it.

We corrected the liar's record, as well.

Were you all able to determine what caused Sen. Williams' issue that she described in the delegation meeting last week? Also, were you aware of Sen. Jen Jordan's inactive status?

We were not contacted for a response for Mark Neisse's story but two of the three legislators described here live in Fulton County so we may need to be prepared to respond if asked.

DeKalb is mailing to Inactive. We aren't doing it because in most cases the people are absent from the addresses and that is why it's a waste of money to send them to households in which the people don't live. I told Aaron this a few days ago. I don't want to send 45,000 pieces of mail to people that don't live at the addresses. If we do mail forwarding and they live in other states how is that publicity going to hit us? Not well. We will be blamed for sending applications to people in other counties and states and accused of allowing out of state voters and out of county voters to vote in Fulton County.

I'm okay with disagreements on EV. I'll state my case that I am concerned with public health and that a non-invasive, non-interactive approach is available, ballot by mail, as well as is Election Day.

We have already received 6400+ applications and Caryn thinks we received another 1,000 today. This is a pace that is going to mean tens of thousands, probably more than 100,000 vote by mail which will be in line with normal Primary turnout.

Here is something offered without pride of authorship, but how I'd like the Department's problems to be presented tomorrow. You can toss it if you want. I spoke with Aaron a few minutes ago. You'd rather get this from me than to have him spring this on you: DeKalb County is constructing its own ballot application solicitation (like what the SOS sent out but their own) to all their inactive voters. If they could do that, why can't we? I thought the SOS announced that the ballot applications were being sent to all registered voters, but what do I know. Then Aaron really pushed back against my case that circumstances really compel us to offer the minimum of EV. Just so you know ahead of time. Mary Carole

Here are two churches for Mary Carole.

SS29A - First Baptist Church of Sandy Springs / Cumberland Academy – They scheduled the graduation ceremony for Cumberland Academy on May 19th, and they have said they do not want to move it.

SS09A/B - Mount Vernon Baptist Church – They said they could not be a location for March. They have not re-confirmed for May yet.

All of the supplies for the kits we made arrived, and instructions on how to clean the machines are being delivered today. We ordered it all on Tuesday. All sites have had Purell available to workers and voters since they opened.

I am not sure if your office has developed a policy for poll workers, but attached is a draft policy summarizing CDC and the World Health Organization (WHO) best practices for use if needed. The CDC is advising cleaning and disinfecting voting machines, laptops, keyboards and other equipment, making sure soap, water and drying materials are available in restrooms for voters to wash their hands, and providing alcohol-based sanitizer before and after voting.

This is so heartbreaking.

I dont want us to put anyone at risk. I received more than enough emails today from poll workers with concerns for their safety.

A lot of them are only working, because they are in fear they will lose their position. Even though I assured that they wouldnt.

What can we do to postpone this or do all mail?

I am really close to Ms. Beverly.

I forward this as an example of the trouble we are going to have on Election Day staffing our polling locations, and what we may face during early voting. Only three of 13 will commit to working as of now in RW13. By the time early voting starts we are supposed to see more than 100 people per day die in Georgia according to the models. A deluge of infections and deaths is coming, unfortunately.

Beverly Walker, a 20 year veteran of the department who retired in 2012, but works as supplemental staff has corona. That is number two on my staff, plus Ralph's wife, that has contracted the disease. Beverly is in the hospital on a ventilator. Ralph is recovering from pneumonia.

The numbers of people willing to work will surely go down over the next two weeks.

Even our dedicated long standing service poll workers who have served for years, are not prepared to risk being exposed to CORVID-19's deadly Coronavirus.

Here are typical reasons given:

- "while the elections are important, voters in Georgia have the option to vote by mail, as my wife and I are going to do in light of the viral environment. I don't feel it is in our best interest to work the upcoming election, I think it is too risky. I will not be working the upcoming May election. I however keep my availability open for upcoming elections depending on our comfort level in accordance with health concerns..."
- "I am going to decline this time not knowing what the status of the virus is going to be next time. My husband has chronic bronchitis so I can't risk contracting it and bring it home. Keep my name in the hat ... If the virus has run its course."
- "I already took the online and face to face training class and did not even get paid for those trainings..."
- "I am currently back home in Augusta (with my parents) right now, while everything is going on with Corona. So I am not sure that I will be able to make this one."

So it's highly impossible for any manager to run such a high turnout dual precinct with only 3 poll workers.

In addition, Governor Kemp also just made a state wide announcement at 4pm this afternoon, extending the Public Health State of Emergency to May 13 and Georgia state's 'Shelter in Place' to April 30.

With the CORVID-19 Coronavirus deaths rising sharply in Georgia and the public health risks being so in flux, I don't know this is going to impact the proposed May 19 election. Given Gov. Kemp's state announcement minutes ago, our GA Secretary of State may postponed the May 19 again.

So we may want to consult again with our GA Secretary of State.

Dedicated but Concerned,

Neville Billy | chief dual manager

Greetings Poll Officials,

I hope this message finds you and your family in good health.

"Due to concerns about COVID-19, our office has decided to cancel all in-person training classes for Election Day poll workers leading up to the May 19th election.

Our office is developing online training that will be mandatory for all Election Day poll workers. We are hoping to have that training available by Wednesday, April 22nd. You will be notified as soon as the mandatory online training becomes available.

Additionally, we want to let you know that we are seeking guidance from public health officials about items that we should provide on Election Day for your safety and for the safety of voters. We are working diligently to acquire hand sanitizer, alcohol cleaning wipes, masks, among other items as suggested by health officials.

We will continue to monitor recommendations from officials. If opportunities arise for us to safely hold voluntary hands-on classes, we will let you know. Thank you for your commitment to serving Fulton County voters."

Remain safe and sound everyone.

Respectfully,

The number of precincts currently is 367. Also, we are working with Palmetto Library to confirm whether they can be added as an outreach location. We will keep you posted.

For the first bullet point, I would say "Increased the number of early voting sites from 6 in 2012 to 33 (or 34) in March 2020," since this year's total will be higher.

I would say "locking steel cabinets..." instead of stainless steel.

Hi Harriet:

Mr. Grant's concerns are valid, but Buckhead Library is under renovation, Northside Library is under renovation and Ponce Library is under renovation. We tried to secure several other sites without success, including Morningside Recreation Center, Morningside Baptist Church, Hammond Park Gym, Bitsy Grant Tennis Center and Sandy Spring City Hall. Sandy Springs City Hall agreed to be an outreach site for two days.

Registration and Elections were not consulted or considered when the renovation schedule was created for the libraries. We have 21 early voting locations, though, in Fulton County, plus 13 outreach locations. If you compare our offerings to the paltry early voting offerings in Cobb County (2 locations), DeKalb County (4 locations) and Gwinnett County (1 location), Fulton County is outperforming and enfranchising voters three times more than the rest of the large metro area counties put together.

The Presidential Preference Primary in 2012 had three early voting locations, prior to my arrival as Director. In 2016, we offered 24 locations with no outreach sites, but we also had no libraries under renovation to restrict our ability to cover all of the county.

Sincerely,
Rick

Dear City Council Members and County Commissioners,

It has come to my attention that registered voters in your districts may face inconvenience when attempting to avail themselves of Early Voting for this March 2020 election.

It appears residents of Northwest & Northeast City of Atlanta no longer have a centrally located Early Voting location. Voters with transportation or mobility challenges will be less able to vote. If nothing else, the current map of locations certainly makes it much less convenient for everyone interested in participating.

I have been in contact with Director of Elections Chris Harvey at the Secretary of State who advised I send the communication to the Fulton County Director of Elections, Mr. Rick Barron, and copy the letter to his Board of Elections members.

The communication to the Fulton County Department of Elections is provided below for your review and information.

If you have any questions, please let me know.

Dear Mr. Barron,

I wish to bring to your attention a situation I discovered concerning the distribution of Early Voting polling stations for the March 2020 election.. It appears residents of Northwest & Northeast City of Atlanta no longer have a centrally located Early Voting location. Voters with transportation or mobility challenges will be less able to vote. If nothing else, the current map of locations certainly makes it less convenient.

Today, I hashed the entire early voting polling station list from the Secretary of State website- <https://elections.sos.ga.gov/Elections/countyelectionoffices.do>

To wit, I could not find any locations convenient to NW or NE City of Atlanta voters. A custom list, sorted by distance, is given as a Post Scriptum, below, and attached as a txt file.

Northwest City of Atlanta used to have an Early Voting location at the Northside Drive Library. From 285 at Bolton all the way over to the other side of Chastain Park from Riverwood High School all the way to North Atlanta High School to 10th Street , from 10th Street over to From Lil 5 Points to Lenox Mall, there are no polling stations. That's a huge slice of the City of Atlanta without convenient Early Voting locations.

I spent a considerable amount of time scrutinizing the locations. I hope have not made a huge error in missing a location on the list. Eventually I also found the Fulton County page, which I must say is *very well done*. I wish I had found it before I did all of this manually!

<https://www.fultoncountygga.gov/inside-fulton-county/fulton-county-departments/registration-and-elections/early-voting-locations>

In the spirit of improving convenience for voters to express their will for this election, I hope Fulton County can quickly remedy this situation.

Thank you for your consideration!

Rick and Sharon,

After having a couple of days to think about early voting for the May election, here are my thoughts.

As long as the SOS says we should have in-person early voting, I've got concerns that we would face significant backlash if we drastically reduce our early voting sites.

Therefore, what if we cut all facilities that frequently hold senior events, including all senior dining outreach sites and Park Place at Newtown (which I think is a senior center). There is also no need for us to have outreach sites at college campuses since they are closed.

This would reduce our permanent locations down to 20 and our outreach locations down to 3 (Palmetto Library, Sandy Springs City Hall, and Crabapple Government Center).

What are your thoughts?

B J King with Mount Vernon asked me to give him a call He's trying to work with his church leadership team to figure out something that will work for the May 19th election, but he cannot make any promises Right now, their church is planning to have online services until the week before the election per CDC recommendations of no large group gatherings for 8 weeks

He did mention one thing that I had not thought of Would we want to have a poll worker at every voting location door to only allow about 3-5 voters into the facility at a time? If the CDC recommends no more than 10 people together in groups, should we only allow 4 voters plus 6 poll workers per location?

This would likely create lines, but it would allow us to keep groups small and we could clean the equipment more frequently because there would be less in the field

Just something to think about He got the idea from businesses who are limiting the number of people in their buildings

Nadine, I've got some bad news Our leadership team is meeting tonight to discuss a coronavirus containment strategy, and it is very likely that we will be shutting down all outside activities from the building for the next 30 days This will mean that we will not be able to host primary voting on March 24 I know this really messes up the planning and execution of onsite voting, but they feel that it is appropriate considering the circumstances

I'll let you know tomorrow once I have this confirmed, but I wanted to give you as much heads up as I could Sorry for the trouble We are intending this as a temporary measure and not a change in our willingness to host future elections Hopefully this gets under control soon and we can all get back to normal

I'd say between 3pm-5pm on Monday We can close the doors and put signs on them telling people to stay out, and it should be left alone My hallway cameras will show the main exterior doors if there is any question of access

Friday pickup is fine as long as we store them away We can use the big closet where they normally put them, or an unused office near the back entrance where voters come in

Hi Nadine, just to be clear, is this a storage space that can be locked up, or is this the main voting room? I have a couple of storage areas that can be locked, but the main Fellowship Hall where voting occurs can't be locked I do have security cameras in the hallways outside the Fellowship Hall, but there is a fair amount of general foot traffic in that area

Also, delivering on Sunday isn't ideal for us, but Monday is great Can you push us to Monday setup?

I've got plenty of tables At least 15, maybe more

That's a promising number. The BRE seems fine with annexes and government center if we have to open on the 27th. We'll see as time goes by. I think that as the deaths increase now that we've passed China as the country with the most cases, we'll lose a number of those EV workers. I'm unsure I want to be responsible for putting that number of people in the field for 21 sites if this thing is still going.

Some of my suggestions:

Option 1: 21 Permanent Locations
Option 2: Roswell Library, North Annex, C. T. Martin, South Annex, Government Center
Option 3: North Annex, South Annex, C. T. Martin

As of today 114 EV staff available for early voting

Governor Kemp, Task Force to have a Statewide Town Hall on COVID-19 Response at 8pm, we will see what's new

That makes early voting a crazy proposition. I think that we should just do three locations and do tons of press releases and ads to vote by mail.

B. J. King with Mount Vernon asked me to give him a call. He's trying to work with his church leadership team to figure out something that will work for the May 19th election, but he cannot make any promises. Right now, their church is planning to have online services until the week before the election per CDC recommendations of no large group gatherings for 8 weeks.

He did mention one thing that I had not thought of. Would we want to have a poll worker at every voting location door to only allow about 3-5 voters into the facility at a time? If the CDC recommends no more than 10 people together in groups, should we only allow 4 voters plus 6 poll workers per location?

This would likely create lines, but it would allow us to keep groups small and we could clean the equipment more frequently because there would be less in the field.

Just something to think about. He got the idea from businesses who are limiting the number of people in their buildings.

Nadine, I've got some bad news Our leadership team is meeting tonight to discuss a coronavirus containment strategy, and it is very likely that we will be shutting down all outside activities from the building for the next 30 days This will mean that we will not be able to host primary voting on March 24 I know this really messes up the planning and execution of onsite voting, but they feel that it is appropriate considering the circumstances

I'll let you know tomorrow once I have this confirmed, but I wanted to give you as much heads up as I could Sorry for the trouble We are intending this as a temporary measure and not a change in our willingness to host future elections Hopefully this gets under control soon and we can all get back to normal

I'd say between 3pm-5pm on Monday We can close the doors and put signs on them telling people to stay out, and it should be left alone My hallway cameras will show the main exterior doors if there is any question of access

Friday pickup is fine as long as we store them away We can use the big closet where they normally put them, or an unused office near the back entrance where voters come in

Hi Nadine, just to be clear, is this a storage space that can be locked up, or is this the main voting room? I have a couple of storage areas that can be locked, but the main Fellowship Hall where voting occurs can't be locked I do have security cameras in the hallways outside the Fellowship Hall, but there is a fair amount of general foot traffic in that area

Also, delivering on Sunday isn't ideal for us, but Monday is great Can you push us to Monday setup?

I've got plenty of tables At least 15, maybe more

We would like to deliver election equipment to your facility on Sunday, March 22nd between 10am – 5pm We would like to setup the units and have the room locked with no access until Election Day
Please advise if your facility can accommodate and if you have security camera surveillance of the voting area or entry hallway to the voting area This will not be the requirement for all future Elections Since our voting cabinets are delayed in production, we will have to setup the units table top for the March 24, 2020 Election In the future they will remain locked in the cabinets
Please advise

Also, Please advise how many 6ft table your facility will have available for our use

Leadership/team,

We had very productive meeting Friday.... great teamwork and progress! Wanted to send a few important highlights for those that missed:

1. New machines are scheduled to arrive today.
2. Mock election is being scheduled for February 18th.

Rick, let us know if anything from the above changes. There was also a concern from Rick/team for a request for employees to be off on the 2 year cycle election day in November. Rick, get us in the loop on this matter.

A critical item is continued support by IT/DREAM for potential electrical and IT needs at polling locations. Please get our teams in the loop asap for needs and due to time sensitivity.

The quote from the architecture firm was so expensive that we are taking on the project ourselves. We have identified a few polling places of concern and going forward on our own.

Dick/Anna,

It appears you have mayors meetings Thursday morning and afternoon... and Friday afternoon. We can discuss in senior staff next Monday 1 p.m. if needed... have Rick come if he is available.

The entry plaza bidders meeting is Friday at 11 a.m. so would need someone else to lead while I'm in purchasing.

We'll let Cheryl and David know We'll get this to The Daily Report on Monday, but imagine they'll publish at least a couple days later, which will mean being a week late publishing notice of qualifying I'm unsure of the legal ramifications, unless someone in the party decided to take action David? Cheryl?

Thank you Blake I will handle with Trey What is our exposure regarding the legal notification?

Mr Wingate and Dr Ruth,

I hope you are both doing well Rick wanted me to let you know that we are sending an email to Trey Kelly today in regards to qualifying for the Republican Party Our office has sent multiple emails to Trey (see one example below) Ms Brenda has some read receipts from him as well

Our understanding was that Trey was conducting qualifying next week for the Republican Party However, on Friday afternoon, he sent us an email after 4:00pm asking us to conduct qualifying for the Republican Party Trey also provided us late notice in 2018

We plan to let Trey know that we will conduct qualifying next week for the Republican Party However, due to the late notice, we will not be able to meet certain code requirements concerning publications in the county's legal organ We need him to notify us much earlier in the future

Best regards,

I have just talked with Caryn and Robert. We have not processed all 4 bins. We processed 1 1/2 bins. We had 6 persons opening the mail.

We were able to stamp 12k absentee applications and have 3 trays that need to be stamped. We had 6 openers today. Mostly VEO and Packers. Staff are coming tomorrow.

We will need about 30 more workers to help opening the mail. Twenty eight will be openers and two runners. We can locate them in the new ballot room in order to process the mail.

My absentee ballot application is attached to this message. Can someone please confirm it was received and will be processed?

I will not go to the post office and stand in line for an hour to buy 1 stamp to send this back.

During the latest meeting the Election Board said we can email it so I'm emailing it

We will need them as soon as possible. Since the building is closed, we can also use the fourth floor conference room and/or cafeteria area in addition.

I have just talked with Caryn and Robert. We have not processed all 4 bins. We processed 1 1/2 bins. We had 6 persons opening the mail.

We were able to stamp 12k absentee applications and have 3 trays that need to be stamped. We had 6 openers today. Mostly VEO and Packers. Staff are coming tomorrow.

We will need about 30 more workers to help opening the mail. Twenty eight will be openers and two runners. We can locate them in the new ballot room in order to process the mail.

I have just talked with Caryn and Robert. We have not processed all 4 bins. We processed 1 1/2 bins. We had 6 persons opening the mail.

We were able to stamp 12k absentee applications and have 3 trays that need to be stamped. We had 6 openers today. Mostly VEO and Packers. Staff are coming tomorrow.

We will need about 30 more workers to help opening the mail. Twenty eight will be openers and two runners. We can locate them in the new ballot room in order to process the mail.

FULTON COUNTY GOVERNMENT

Fulton County Registration & Elections to Host Mock Elections

Elections team will test new Georgia equipment and procedures on Feb. 18

ATLANTA – Fulton County Registrations & Elections will host a daylong mock election to allow residents to use the new voting equipment to be implemented for the upcoming Presidential Preference Primary. Fulton County encourages residents to visit one of 13 locations throughout the County to come experience Georgia's new voting equipment on Tuesday, February 18, 2020 from 10 a.m. to 4 p.m.

The mock election results are purely for testing purposes as Registrations & Elections team will use the event to acclimate staff and the public to the new equipment and procedures. The locations where residents can test the equipment include:

- **North Fulton Service Center; 7741 Roswell Road, Suite 232; Sandy Springs, GA 30350**
- **Fulton County Government Center; 130 Peachtree Street, SW; Suite 2186 Atlanta, GA 3030**
- **South Fulton Service Center; 5600 Stonewall Tell Road, Room 108; College Park, GA 30349**
- **C.T. Martin Natatorium and Recreation Center; 3201 Martin Luther King Jr. Dr., SW; Atlanta, GA 30311**
- **Roswell Library; 115 Norcross Street; Roswell, GA 30075**
- **Adams Park Library; 2231 Campbellton Road, SW; Atlanta, GA 30311**
- **East Roswell Library; 2301 Holcomb Bridge Road; Roswell, GA 30076**
- **Alpharetta Library; 10 Park Place; Alpharetta, GA 30009**

- **Chastain Park Gym; 140 West Wieuca Road, NW; Atlanta, GA 30342**
- **Sandy Springs Library; 395 Mount Vernon Hwy NE; Sandy Springs, GA 30328**
- **East Point Library; 2757 Main Street; East Point, GA 30344**
- **College Park Library; 3647 Main Street; College Park, GA 30337**
- **Wolf Creek Library; 3100 Enon Road NW; Atlanta, GA 30331**

I'll check with Blake, Johnny and Sharon. The manual was supposed to be out on Tuesday after they said it would be released at the end of the month. Then, they told us that Chris Harvey spoke out of turn and it was going to be the end of the month. Today they released it. Going back and forth on us has been frustrating, but it is out now. Therefore, we can solidify a schedule.

Please know that the Fulton County Republican Party is launching a campaign to recruit young Republicans, college students to apply to become poll workers. The messaging for this will commence next week with the objective to continue to add new workers for all of our upcoming elections as our older poll workers may continue to be cautious.

We'll compile a list of those polling sites tomorrow and I'll forward it to you. Notifying voters of a change so close to the election is going to be difficult if you decide to make the changes. We'll also have to consider whether a nearby polling location can accommodate additional voters and whether the new voting system will overload the circuits. We have 25 polling locations that have issues right now. In those locations we've had to reduce the number of BMDS being sent.

Good Morning Gentlemen,

I wanted to get on your schedule so we can build out (In AchieveIT) a component dedicated to the outreach strategy. (see below). Currently there is one line (4.5) mentioning voter education of new equipment. If you already have a schedule or plan for outreach, please send me what you have and I will add to the plan for your review.

Thanks, and I am available should you have any questions or concerns.

The Poll Pads are the check in devices that are placed on the near the front of a precinct prior to voters reaching their actual machines.

Hello Darryl ...

Thank you for this note.

Can you be more explicit regarding the location and function of the Poll Pad area? I am not familiar with the term.

Bearing in mind that all precincts are different in their architectural structure, where will cameras be permitted to station themselves inside "Precinct X" and what, typically, may be observed from that vantage point?

Also, can you offer a few recommendations on precincts that will tolerate our presence for the fullness of the voting day, and can be expected to have a consistent flow of voters?

I appreciate your time!

FULTON COUNTY GOVERNMENT

Notes for Media Covering Fulton County Early Voting
(FOR COVERAGE PURPOSES ONLY)

ATLANTA – Fulton County Early Voting locations will open Monday morning at 8:30 a.m. for the Presidential Preference Primary. Media interested in visiting a particular polling place is asked to contact Fulton County Communications by email at darryl.carver@fultoncountyga.gov or by phone at 404-931-5744 in advance of heading to that location. We ask that this contact be made prior to allow us to contact Registrations & Elections staff and the poll manager at the location. Also, we ask media organizations to abide by the following requirements:

- Cameras are permitted in polls, but Georgia State Law prohibits the use of cameras in the “enclosed area” of the polls, which begins at the Poll Pad area where voters check in.
- Media vehicles should follow all appropriate parking regulations and journalists are not permitted to harass or intimidate voters. To this end, they are also not permitted to communicate with voters while casting their ballots. Interviews with voters should take place outside of the polling place.
- Media are not to photograph any voter’s photo ID or individual vote.
- Media visiting polling locations in school facilities should limit their visit to the polling place only and should not film anywhere else on school property without permission from the school or school system.
- Organizations visiting locations at other private or public entities need to coordinate with those entities depending on the location of the polling place.

Visit <https://www.fultoncountyga.gov/services/voting-and-elections/early-voting-locations> for a full list of Early Voting locations.

Subject: Reuters Television / Election Day Voting Scenes?

Mr. Carver ...

Reuters Television is planning its coverage of the election on March 24th and we wanted to inquire about making arrangements for the presence of one of our television cameras inside a Fulton County voting precinct.

We are hoping to capture generic voting scenes of people lining up to vote, checking in with precinct registrars, and walking off to cast their ballots.

If it is permissible, we would like to do this as live coverage for the fullness of the day – that is, from the start of voting at 7:00 a.m. and continuing until the conclusion of voting at 7:00 p.m.

We will, of course, adhere fully to the media guidelines prescribed by your office: no interference or conversation with voters, no reporter standups, obey the instructions of the precinct captain and so on.

Ideally, we would like to situate ourselves in a precinct that anticipates a steady flow of voters throughout the day. I will be grateful if you can offer a recommendation or two.

Thank you for your time and I look forward to hearing from you.

All the best,

Rick, et al.: State law apparently allows us to have a teleconference meeting, as authorized by O.C.G.A. § 50-41-1(g):

(g) Under circumstances necessitated by emergency conditions involving public safety or the preservation of property or public services, agencies or committees thereof not otherwise permitted by subsection (f) of this Code section to conduct meetings by teleconference may meet by means of teleconference so long as the notice required by this chapter is provided and means are afforded for the public to have simultaneous access to the teleconference meeting. On any other occasion of the meeting of an agency or committee thereof, and so long as a quorum is present in person, a member may participate by teleconference if necessary due to reasons of health or absence from the jurisdiction so long as the other requirements of this chapter are met. Absent emergency conditions or the written opinion of a physician or other health professional that reasons of health prevent a member's physical presence, no member shall participate by teleconference pursuant to this subsection more than twice in one calendar year.

Please note what I have placed in boldface. When we do have this meeting, I will want to reference, for the record, the governor's declaration of a state emergency – and we probably also have such a declaration from Chairman Pitts. I anticipate that the meeting will then take about two and a half minutes. I trust that we have an agenda, the required notice and a call-in number for the general public. With all of that, I'm good to go, but I would like to go over this with Rick sometime this afternoon, and would appreciate hearing from you. Mary Carole

The BOC is still meeting tomorrow? Isn't that going to violate the 10 person advisory? Why do we have to meet in person? Did you receive my email last night regarding whether this situation qualifies as an emergency since the governor and the president have declared it as such? I should be able to change polling places as the superintendent and we should be able to notify voters.

As Mariska noted, the meeting was discussed last week and the meeting was called in our meeting.

The polling location changes were advertised in the Daily Report, and the meeting was advertised as being located in the 4th floor conference room. Since we did not receive notice that the building is closed until 5pm yesterday, what should we do?

I reviewed the allocations, per your request, and 12L is the one missing, needs to be separated from 11G&12i
With the recent precinct proposal change, merge 09C & 10E.
Total facility count for March 24th will be at 198.

Subject: TENTATIVE Allocations for March PPP

Team,

I've worked on some TENTATIVE Election Day equipment and poll worker allocations for the March Presidential Preference Primary.

The allocations do not take into account the size of polling rooms. That is something we need to talk through. I'm sure we will need to reduce the amount of equipment some locations are receiving.

Additionally, I calculated the numbers based on every location receiving only carts. I know that some locations will probably need to receive tables, but I wanted to first calculate everything based on carts. One thing to note in regards to the carts is that we have to send out an even number of BMDs unless we want to send out partially-empty carts. Additionally, the style of the carts matters when factoring how to reach the number of BMDs needed.

For example, consider a scenario where a precinct is to receive 8 BMDs. Here are our options:

Option 1 – 2 carts with 4 BMDs each and 1 cart with 2 BMDs and a scanner – this option results in sending out 10 BMDs instead of 8.

Option 2 – 1 cart with 4 BMDs and 2 carts with 2 BMDs and a scanner each – this option results in sending out 2 scanners instead of 1.

Option 3 – 1 cart with 4 BMDs, 1 cart with 2 BMDs and a scanner, and another cart that is partially full of equipment in order to not send out more equipment than needed.

Option 4 – 2 carts with 4 BMDs each and then send the scanner attached to a Dominion ballot box.

When working on the allocations, I went with option 1. I increased the number of BMDs to send to a precinct.

I'm not sure whether the SOS will require us to maintain a certain machine-to-BMD ratio or not. Someone from Fayette County mentioned he heard the state would require us to send out one BMD per 250 voters, which would be a ton of machines. For these allocations, I divided the number of registered voters by 500 and rounded up. From that point, I increased the number of BMDs based on the amount of carts required.

Nadine, please check to make sure I have the precinct combinations listed correctly. I think I might be missing one location. I am showing 198 locations in the file. If I remember correctly, I think we are supposed to have 199 if the BRE approves all proposals.

Please review these allocations so we can discuss them together next week. This is only a start. These will change.

Thank you,

Talk with your city attorney to make sure that you have done everything you need to do to have the special election on the May 19th Primary ballot.

Given that we are only 95 days out from the May Primary, I would try to talk with him today about it.

Good Morning City Clerks,

I hope you are off to a great New Year!

I wanted to follow-up the email below from the Secretary of State's ballot builder. The January 10th deadline he mentioned for getting something on the March 24th ballot has passed. The only city that sent us something to add to the ballot was Atlanta.

As we go throughout the year, if you think your city may need to contract with us to hold an election, please let us know as soon as possible.

If your county is planning to add any additional contests to the March 24, 2020 Presidential Primary, please forward that information to CES as soon as you have it available. Information must be sent to ces@sos.ga.gov. Information regarding

additional contests on the March 24th ballot must be in our hands no later than January 10th, but PLEASE don't wait until then to submit information. When you have the information submit it.

In addition, everyone please review your county precinct list report in eNet. This is the report we use to construct all election databases. If this report is not showing the proper combos in the proper precincts, then please let us know and also make the needed corrections in eNet so the report is correct.

Date: Sunday, February 23, 2020 6:53:21 PM

I'll get back to you in the morning on this. I'm going to talk to Ralph and Pam regarding the closure, and we'll have someone there to keep the office open all day tomorrow, but I know of no other times that we would have had a sign up that the office was closed unless we were at our retreat in December or perhaps when Evelyn was downtown at a meeting. If Evelyn had to leave early one day it could have happened, as well. The insinuation that we have done this on purpose to keep people from registering is insulting. Unfortunately, we live in such a toxic environment now that people feel emboldened to throw conspiracies around as normal language without anyone challenging them. I'd like to know the times and dates that Ms. Holden said that we were closed for my information to get with Pam, Ralph and Evelyn to determine if it is true. That building isn't open on the weekend for anyone to enter to drop off a paper application. My guess is that the paper applications in the Inbox were dropped there rather than them being blank applications.

Subject: URGENT RESPONSE NEEDED-North Fulton Annex Voter Registrar Office Closed on Monday

Voter Registration has a pretty large staff and there is no reason why this office was closed on Friday and on tomorrow Monday the last day for Voter Registration.

Closing a VR office days before a the deadline during the PPP cannot have been the contingency plan. Rick, your leaders dropped the ball here.

Subject: North Fulton Annex Voter Registrar Office Closed on Monday

Attached is a photo on the sign posted on the door of the Voter Registrar's office at the North Fulton Annex Office on Roswell Rd in Sandy Springs that I went to today approximately 3:45PM.

For those who don't know me, I'm Landen Watson, Georgia's Field Director for the Democratic Congressional Campaign Committee organizing in CD 6 and 7. Ben Myers and others on this thread is very familiar with me and my work with Lucy McBath and across the 7th District. Apart of my program involves voter registration and with the deadline for the Presidential Primary, this is alarming for multiple reasons:

1. It's a little convenient that the office is closed until the day after the VR deadline. I was told by the front office that this was due to a family emergency.
2. There was 2 paper forms left in the basket near the door. Maybe a bunch of folks came by and collected forms but I like to bet there wasn't a lot of forms left there to begin with. There are now zero forms available.
3. A single sign was posted on the door of the office. There wasn't a post made on the website or social media. For folks who don't notice, I'm afraid people will show up on Monday thinking they can turn in VR paper forms and come to find out that the nearest office to turn them in is downtown Atlanta or deliver them by mail. That's a drive folks can't just take on a busy Monday especially with the deadline.
4. I suspect folks who wait until closer to the office closing/wait until their lunch break/go before work to turn in forms only to realize it's closed and don't have time to go to another location. They are leaving it open for folks who registered on the weekend not to participate in the Presidential Primary March 24.
5. This isn't the first time this sign has been posted up. Angie Jones, a certified registrar accounts this sign at least 3 other occasions since turning in forms at this office.

Why isn't there a replacement sent this location for Monday to collect forms?

Terri Crawford told me to send this information to you in hopes we can rectify this situation before Monday. Let me know if you have any questions.

Subject: RE: Early Voting locations for Residents NW & NE City of Atlanta
Importance: High

Hi Harriet:

Mr. Grant's concerns are valid, but Buckhead Library is under renovation, Northside Library is under renovation and Ponce Library is under renovation. We tried to secure several other sites without success, including Morningside Recreation Center, Morningside Baptist Church, Hammond Park Gym, Bitsy Grant Tennis Center and Sandy Spring City Hall. Sandy Springs City Hall agreed to be an outreach site for two days.

Registration and Elections were not consulted or considered when the renovation schedule was created for the libraries. We have 21 early voting locations, though, in Fulton County, plus 13 outreach locations. If you compare our offerings to the paltry early voting offerings in Cobb County (2 locations), DeKalb County (4 locations) and Gwinnett County (1 location), Fulton County is outperforming and enfranchising voters three times more than the rest of the large metro area counties put together.

The Presidential Preference Primary in 2012 had three early voting locations, prior to my arrival as Director. In 2016, we offered 24 locations with no outreach sites, but we also had no libraries under renovation to restrict our ability to cover all of the county.

Sincerely,
Rick

Hello Sharon and Blake,

I received a call from Milton A. Watson Jr.(VR# 02590485) who is 73 years old and was upset that there is nothing close to him in the Buckhead area for Early Voting. We talked about the fact that the Buckhead Library is being renovated, but he feels that to some location close to that should have been chosen. I told him that I would forward this along per his request. If you would like to call him back, he can be reached at 404-680-5140 (cell) and 404-872-1021 (home).

Brenda: Before Simone left she sent us this list. **We are specifically interested in any demonstrations at libraries, city halls, or senior centers as all of those are open to the public.** If your VEO team could kindly share that list with us (or share their calendar with us and we will find those) it will help us share that information with the public. Because I did not know that Simone was leaving, she was included in correspondence to the communications directors with the cities in an attempt to schedule those, particularly with the North Fulton cities who had not been scheduled previously.

Thank you for your help.

For me, when I scroll down past the calendar I can see all of the events in list view – we include the address and sometimes contact phone numbers but not much else.
If you're not able to see I definitely need to reach IT

Justice Day at the Capital 2020

About this Event

On February 27th several partners of the Justice Reform Partnership will come together to host the 9th Annual Justice Day at the Capitol. Justice Day will bring together a wide array of community members and organizations to show Georgia lawmakers that there is still a need for criminal justice reform and meaningful changes to promote healthy and safe communities.

The program will feature leaders in the criminal justice reform movement. Individuals directly impacted by the justice system and their families will speak about their experiences and lead the lobbying efforts in the Capitol, highlighting the issues being considered in the 2020 legislative session.

Fulton cities, legislators screening documentary on 2018 Ga. election

By Ben Brasch, The Atlanta Journal-Constitution

Cities in southern Fulton and state legislators are screening a documentary about alleged voter suppression efforts surrounding Georgia's 2018 gubernatorial race.

"Suppressed: The Fight to Vote" looks at the race between Democratic nominee Stacey Abrams, who is suing the state over voting problems, and the winning Republican candidate Gov. Brian Kemp.

According to The Atlanta Journal-Constitution's reporting, Fair Fight Action, a voting rights group founded by Abrams' allies, claims in a lawsuit that Georgia election officials inappropriately purged voter registrations, canceled absentee ballots, created long lines and failed to protect voting integrity. State election officials have denied allegations that state laws and election procedures disenfranchise voters.

The movie will be playing in South Fulton and East Point this month.

As reported by the AJC, "Suppressed" profiles African-American voters who were denied casting a ballot, including a U.S. Army officer, an Emory University student and a retired teacher.

The film is from Robert Greenwald and Brave New Films, a nonprofit advocacy group based in Culver City, California.

The film is from Robert Greenwald and Brave New Films, a nonprofit advocacy group based in Culver City, California.

South Fulton's screening will be at Welcome All Park, 4255 Will Lee Road, starting at 6:30 p.m. on Tuesday.

In attendance will be Georgia Sen. Nikema Williams, D-Atlanta, along with state Reps. Derrick Jackson, D-Tyrone, and William Boddie, D-East Point, and South Fulton Councilwoman Helen Z. Willis.

"I'm fully committed to ensuring residents have an opportunity to exercise their rights to vote in an equitable democracy," Willis said in a news release. "This movie highlights some irregularities in the last election cycle and gives residents an opportunity to learn about the new voting machines."

East Point will have voting machine demonstrations at each of its screenings. The Thursday screening at 6:30 p.m. will feature East Point Councilman Joshua Butler, Sen. Williams and Rep. Kim Schofield, D-Atlanta, at East Point Fire Station No. 3, which is located at 3800 North Commerce Drive. Residents should RSVP online. The Feb. 13 screening will have Schofield and Fulton County Commissioner Joe Carn at East Point City Hall, 2757 East Point St., at 6:30 p.m.

Rick, I am being asked by primary candidates if we will have a portal so they can determine who has submitted an application for their ballot. Evidently Cobb is providing this information.

Yes, we can provide this option. We usually charge \$50 per file, but we will waive the fee until the SOS gets their file updated. Since all request to me directly.

Rick,

Quick question, can you answer the question below about which email address you should email absentee ballot applications? I'm assuming either. And I'm guessing they created the second email for this particular process.

Thanks,
Aaron

Good morning. The absentee ballot request form I received from the Secretary of State gives voters "elections.voterregistration@fultoncountyga.gov<<mailto:elections.voterregistration@fultoncountyga.gov>>" as the email address for returning the request form. The Fulton County Voter Registration and Elections Office website lists elections.absentee@fultoncountyga.gov<<mailto:elections.absentee@fultoncountyga.gov>> as the address for absentee ballot request forms.

Is the Voter Registration Office processing absentee ballot request forms sent to both email addresses? If not, which one is the correct address?

Thank you for clarifying

Ralph, I am being asked by several State House and Senate candidates if we can provide a list of voter applicants for an absentee ballot "by House and Senate District". As an example, those that applied from SD 21.

I was also asked the same type question from a CD 6 Candidate in which Rick sent this inquiry to you. Rick stated this was a request that should be requested from the SOS. Please let me know.

Thank you.

Are they getting this information from Cobb for free? Those inquiries sound as though we have to do work to create them, which would incur a fee. That is work they should do based on what the SOS provides. I wouldn't want to get into the habit of providing fee work for candidates for free in order to supplement something the SOS is failing to provide. Giving them a raw file to which they manipulate is fine with me.

DeKalb is mailing to Inactive. We aren't doing it because in most cases the people are absent from the addresses and that is why it's a waste of money to send them to households in which the people don't live. I told Aaron this a few days ago. I don't want to send 45,000 pieces of mail to people that don't live at the addresses. If we do mail forwarding and they live in other states how is that publicity going to hit us? Not well. We will be blamed for sending applications to people in other counties and states and accused of allowing out of state voters and out of county voters to vote in Fulton County.

I'm okay with disagreements on EV. I'll state my case that I am concerned with public health and that a non-invasive, non-interactive approach is available, ballot by mail, as well as is Election Day.

We have already received 6400+ applications and Caryn thinks we received another 1,000 today. This is a pace that is going to mean tens of thousands, probably more than 100,000 vote by mail which will be in line with normal Primary turnout.

Here is something offered without pride of authorship, but how I'd like the Department's problems to be presented tomorrow. You can toss it if you want. I spoke with Aaron a few minutes ago. You'd rather get this from me than to have him spring this on you: DeKalb County is constructing its own ballot application solicitation (like what the SOS sent out but their own) to all their inactive voters. If they could do that, why can't we? I thought the SOS announced that the ballot applications were being sent to all registered voters, but what do I know. Then Aaron really pushed back against my case that circumstances really compel us to offer the minimum of EV. Just so you know ahead of time. Mary Carole

If a voter goes to the polls without a ballot and at that time the ballot has not arrived, then the poll worker should let the voter cast their ballot on the machine. After receiving the call from the polling official, the registration division will update the system to show that the voter has cast his vote at the polls. If his ballot arrived later on that day, his mailed ballot will be rejected with the reason of "already voted".

Good morning Blake:

1. A voter who requested an absentee ballot then comes to a poll and attests they did not receive the absentee ballot, if the poll worker verifies the voter has not voted, the voter votes on a BMD, do we ensure, and by what method, that we do not count the absentee ballot for that voter claims they did not receive? Prevention of double vote.
2. In the absence of the former voter certificate, the poll pad worker is the sole source to check the voters ID. Are these poll workers making sure they are checking the photo ID to validate this is indeed the voter?
3. With voters signature being a finger scratch on the IPAD, what process, if any, is there to match signatures if ever in question?

Thanks and have a great weekend.

My absentee ballot application is attached to this message. Can someone please confirm it was received and will be processed?

I will not go to the post office and stand in line for an hour to buy 1 stamp to send this back.

During the latest meeting the Election Board said we can email it so I'm emailing it

I have just talked with Caryn and Robert. We have not processed all 4 bins. We processed 1 1/2 bins. We had 6 persons opening the mail.
We were able to stamp 12k absentee applications and have 3 trays that need to be stamped. We had 6 openers today. Mostly VEO and Packers. Staff are coming tomorrow.

We will need about 30 more workers to help opening the mail. Twenty eight will be openers and two runners. We can locate them in the new ballot room in order to process the mail.

Jenn,
Michael Vaughn [REDACTED] is a Sandy Springs resident and shared concerns that his precinct's polling place, High Point Episcopal Church, has closed down and that he and his neighbors have not received updated voter registration IDs or formal announcements of the new polling location even though the Department of Registrations and Elections told him in December that they would be sent out.

Thanks,
Abby
