Re: FOIA Request No. F-00168-20/2020-LIT-00009
Second Interim Response
Supplemental Response (November 23, 2020)

Dear Mr. Evers:

Enclosed with this letter is the United States Agency for International Development's (USAID) second production of records in response to your Freedom of Information Act (FOIA) request.

On April 8, 2020, you requested the following:

1. All email communications (including emails, email attachments, complete email chains, or calendar invitations) sent by John Barsa to any email address ending in .com/.net/.org/.edu/.mail; and
2. Email communications sent by Mr. Barsa during his time serving in any positions – including Assistant Administrator for USAID's Bureau for Latin America and the Caribbean and Acting Administrator - are considered responsive to this request.

In an email dated April 20, 2020, you amended your request to add the following:

All electronic calendars or calendar entries for John Barsa, including any calendars maintained on his behalf, reflecting events that took place from June 10, 2019, to the date the search is conducted. Calendars maintained for or by Mr. Barsa during his time serving in any USAID positions—including Assistant Administrator for USAID's Bureau for Latin America and the Caribbean and Acting Administrator—are considered responsive to this request. The search will be limited to electronic records from emails and calendars.

In addition, you agreed to close FOIA request F-00167 because it is being addressed with F-00168-20.

The time frame provided for the requested records is June 10, 2019 through the date the search is conducted.

To date we have conducted a search of the Bureau for Management, Office of the Chief Information Officer (M/CIO) for documents responsive to your request. USAID has finalized the review of a total of 280 pages. Out of 280 pages of emails, 148 pages are released in full, 127 pages are released in part and 4 pages are withheld in full pursuant to Title 5 U.S.C. §552 (b)(5) and (b)(6).

In processing this set of records, 1 page is blank and not provided.

Supplemental Response -November 23, 2020 Release

USAID is providing the page count for the first production of records with this letter.

USAID conducted a search of the Bureau for Management, Office of the Chief Information Officer (M/CIO) for documents responsive to your request. USAID finalized the review of a total of 292 pages. Out of 292 pages of calendars, 74 pages were released in full and 165 were released in part pursuant to Title 5 U.S.C. §552 (b)(5) and (b)(6).

During the Agency's review, a total of 53 pages were identified that require consultation with the U.S. Department of State, the U.S. Department of the Treasury, the National Security Council Executive Office of the President and the U.S. Department of Homeland Security. A consultation is done when the records contain the equities of other agencies. After we receive a response regarding the release of the records, they will be provided to you.

Please be advised that this is not our final response. We will continue to provide you with interim responses until such time all records have been reviewed.

If you have any questions about this FOIA request, please contact Kathleene A. Molen at Kathleene.Molen@usdoj.gov.

Sincerely,

Hi John,

I ran into a former USAID colleague Christian Gomez, who is now a Senior Manager for Global Government Affairs (Latin America) at Walmart.

He is interested in setting up a meeting with you and the Walmart CEO for Latin America Enrique Ostalé on Wednesday morning at the Grand Hyatt during UNGA.

I'm copying Christian in this email to communicate directly in case you're available.

Hi John,

I hope that you had an easy flight today! I'm in the air now. If you'd prefer to have the briefing materials with tabs and hole punches for your briefcase, just let me know! it's no problem for me to walk a print-out over to the Sheraton, if that's still where you're staying. I can also run things over tomorrow once we have the last of the information and the final clearance. Just let me know!

I was able to print all this - I'm good!

I'm also in a different hotel so no need at all to schlep anything over to me. Worse comes to worse I'm sure I can print from the hotel if need be.

Thank you so much for everything!

Hi John and Susanne,

Enclosed, please find John's draft trip agenda (pending LAC/SA information and your mobile phone number), draft BCL (pending LAC/SPO clearance), and draft MC2 workshop agenda. I'm sorry that I wasn't able to get them to you in person; I was going to try to make it out to the WLC to drop them off, but unfortunately, there isn't time for me to make it there by 4:30 when the retreat wraps for the day.

My token has expired and there's a delay in getting a new one, so please write me with any questions or concerns and please copy my personal email - copied here - (b)(6)

John, I get in to MIA in the early afternoon, so I will plan to walk the paper copy of these over to your hotel when I land. Please let me know if that approach will work for you!

Best,

Brennan

Hi John,
There's a garage for the building (although pricey) - right off of biscayne. Or, there are some metered spots in a lot adjacent to the building where the Intercontinental hotel is (we are part of the same complex).
My cell is (b)(6) if you need anything. Will come back to you on meeting location ASAP.

Looking forward to seeing you.

Hi John,

I hope you are well and it was great meeting you at the BetterTogether launch event in Miami. I'll be in D.C. on 11/21 and would love to meet with you to have a more in depth conversation about USAID's priorities in the region, share with you where we are focusing our social investment, and learn more about USAID's role in the new DFI in LATAM. Would be great to see if there are additional opportunities to partner together.

Are you interested / available on 11/21, between 1pm and 5pm, to meet with me and Shawn Sullivan, our Head of Government Affairs for Latin America?

Many thanks!

Hi John,

It was a pleasure meeting you at the BetterTogether Challenge launch event at FIU. Citi is proud to be partnering with USAID and the IDB on this initiative, and know that our joint track record of success will serve the Venezuelan people well. You can count on our full engagement.

Separately, I would love to meet with you to exchange views on development in LAC, identify additional areas of mutual interest, and review our broader citizenship portfolio. If you are open to it, I'll reach out the next time I'm in D.C., which should be in mid-November.

Thanks & Regards,

Miguel, yes please always feel free to reach out to me directly. You don't have to ever apologize for that.

Would love to meet with you if you still like. We don't have to have any staff in room either if you would rather not have them in the room.

I would like to also apologize to you. That will never happen again.

Thank you for relaying your concerns. I apologize if the meeting yesterday put you in an uncomfortable position. It was not our intention. We're always interested to hear your opinions and learn how we can work better with the IG. I look forward to learning how we can improve this process.

Thanks, Miguel. John doesn't always see his emails right away, so I will draw his attention to this.

I want to clarify something: Are you looking to meet with me and Darren, or are you also seeking to bring John into the discussion? I'm sorry that there's something going on which you're concerned about. In the event that you're seeking to meet with John as well, perhaps I could just have a quick phone call with you beforehand so that I can prepare him for the topic.

Thanks

Dear Alex and Darren.

I hope you are doing great.

I am writing in order to express that I am very unsatisfied about the meeting we had yesterday morning. I requested this meeting with only a purpose: learn more about the system, about the procedures and try to make that better and more efficient in the future. However, I really felt the meeting became into 4 USAID people interrogation against me.

In addition, this meeting brought me up another issues that have made me felt uncomfortable since months ago.

I want to apologize for C.C. Barsa, but he has told me several times to reach him when something important should be managed. I think this important enough to discuss and try to handle appropriately. I do know you both have the best intention, but I think we should discuss soon about these issues.

Thank you very much for your commitment,

Best Regards,

Miguel.

Subject: Best wishes for a wonderful New Year!

Dear Team LAC,

New Year's Eve offers us a time to reflect on the past year and what it has brought us. So today, I want to share a few thoughts with everyone in the USAID/LAC family. When I say the USAID/LAC family, I mean everyone-- regardless of rank or place of duty. So, a special thanks to the folks who created this distro list, which includes everyone assigned to the LAC Bureau in DC and our missions throughout the region.

But more importantly, I would like to end 2019 with a special thank you to each and every one of you who serve alongside me in USAID's Latin America and Caribbean Bureau. It doesn't matter what exactly it is you do. And it doesn't matter how long you have served in USAID/LAC - 18 years, 18 months or 18 days - it doesn't matter. What matters is you are all important members of the team. I, along with USAID leadership, am extremely grateful for your service in 2019. The best gift I received in 2019 didn't come during this holiday season. It actually came in June when I started my duties in USAID working with all of you.

Collectively and individually, we have vitally important and noble missions. From bringing economic development to areas where it is vitally needed, to supporting human rights and democratic efforts where oppression and tyranny reign, our work helps improve the quality of people's lives and furthers US national interests in so many ways. Every one of you has a role in helping with these missions and should be very proud of your efforts.

Thank you for your service. It has been the honor of a lifetime to serve with you in 2019. I look forward to our continued work together and numerous successes in 2020.

May God bless you all. Have a safe and wonderful New Year!

All the best,

John

Richard,

Sorry to be so bold as to email you directly, but Tim Rieser gave me your contact info and suggested that I might want to touch base with you. I relatively recently started as the Assistant Administrator of USAID leading the Latin America and Caribbean Bureau.

I was in Haiti for the first time a few weeks ago and am returning on Saturday to participate in activities commemorating the 10 year anniversary of the earthquake, seeing some USAID programming and basically trying to get smarter on things. I will be leaving Haiti on Wednesday. I asked if US Embassy security would allow me to try to book lodgings at the Oloffson but was told "no". I was told I could go there for dinner and/or a meeting though.

Would you be willing to meet during an evening while I am there? Would love to pick your brain, get your view on things, and maybe exchange some ideas if you are up for it. If you are amenable, I'm free Sunday, Monday, Tuesday evenings.

Thanks for your consideration and all the best!

When doing my DHS required disclosures I used my DHS PIV to get in to Integrity. When PPO had me do disclosures for my then potential nomination I THINK I used a personal email

Sorry I'm not much help here.

Good morning Mr. Barsa,

Pleasure to meet you too. We are very grateful for the opportunity to meet with you and try to collaborate in the development of targeted programs to help in the health crisis in Venezuela.

Unfortunately, next week (July 15-21) neither Dr. Esparis nor me are going to be in Miami. I will be out of the country and with limited ability to connect via conference call. If you plan to stay in Miami the following week, we would love to be able to meet with you in person.

With regards to ideas for targeted help, I'll provide an example. As you are probably aware, in the past few weeks, there was news about the death of children at the JM de los Rios Children's Hospital in Caracas. We contacted the head of the Oncology department, Dr. Pereira, regarding their most immediate needs in that specific department. I'm attaching a document so you can see what they are requesting. We also discussed the urgent need for chemotherapeutics and IV antibiotics, like Meropenem and Vancomycin). We can start with one site and then grow to other areas in the country as we collect information at a bigger scale and nationwide. We believe this is an excellent way to save lives and work with our internal contacts in Venezuela that are directly in charge of patient care. We do need your support to help us with the supplies and/or storage and transportation. We procure the information of what's needed, then with your support, our partner NGOs here and there will send them and report to you once supplies are received with confirmation of where they went. We can start with a test site like the children's hospital and see how that goes before expanding the program nationwide.

I'm hopeful that this is a project where we can collaborate. I truly look forward to meeting you in person. Please let me know what the next steps are.

Kind regards.

Dr. Gottenger,

It is a pleasure to meet you over email. I've heard great things about you and your organization.

I share your deep concern about what is going on inside Venezuela right now. As you mentioned in your email, specific targeted programs are what is needed. If VAMA has specific targeted programs in mind, let's start discussing them as soon as possible.

I will be in Miami the week of July 15th. I'm not sure of the specific dates yet. I would like to sit down with your team when I'm there to see what we can do to possibly turn plans in to action.

To make our meeting in Miami more productive, the more details regarding your thoughts that you can provide to me before Wednesday of next week the better. I would like our team in DC to go over the details of your ideas before I leave so you and I can have a more productive meeting. I agree with you. The need is urgent.

As soon as I know my exact dates and availability in Miami I'll reach out to you to confirm a meeting time and location.

If you have any questions before then, please feel free to email me.

With best regards,

(b)(6) wrote:

I am writing to you as a follow up email from my previous emails with great concerns. I have to start thanking Ambassador Green, Mrs. Bonnie Glick, Mr. Oliver and others for the past meetings between USAIDS and VAMA.

As I mentioned to Vice-president Pence during our meeting while he visited Miami on February 2019, were I show him a few images that look like holocaust children, my father and mother suffered through the horror of the holocaust and as a family that migrated to Venezuela, we

never imagine that in our lives we will see a situation so similar to the one lived by them. After listening to my parent's stories of these atrocities I always thought that events like those could not be repeated in our lives. This is something that "SHOULD NEVER HAPPEN AGAIN". Just a few weeks ago, my brother went on the March of the Living where in Auschwitz he found my father's name on the list of prisoners. This is a new reminder of what we should avoid in 2019. How much time took the world to "WAKE UP" and simply "HELP"? Maybe if actions were taken earlier and if the world would not have been silent, we could have enjoyed my grandmother and uncle who were murdered in that horrible place.

I understand that USAIDS is a great organization that provides help to many different places around the world, and each one of them has its own set of challenges and importance. We have talked in the past about how we can work together (VAMA and USAIDS) but on the practical aspect that has not consolidated. We are under the impression that one of the limiting factors in providing humanitarian help was that the affected government (Venezuela) needed to request the humanitarian assistance. We have been working for the past few months with Mr. Lester Toledo, copied on this email, International Coordinator for the humanitarian aid for the Venezuelan government under President Juan Guaido. Mr. Toledo strongly believes that the work of VAMA and USAIDS can further help save lives in Venezuela.

I am writing once again to request your help. This past week another crisis has occurred. The children of the JM de Los Rios pediatric Hospital in Caracas, are being victims of another genocide. There are about 30 children in urgent need of medications (chemotherapy and antibiotics) and bone marrow transplants. In the last 2 weeks, 5 of them have died due to lack of treatment. I feel helpless and cannot stand to be a spectator and remain silent like it has happen with the world in the past. This is why one more time I am communicating with the USAIDS representatives. We want to be able to help these children **directly**. This is one of the multiple ways in which VAMA and USAIDS can work together, through specific, **targeted programs** to save lives in Venezuela. After talking to some of our colleagues at the JM de Los Rios Hospital in Venezuela, they have a short list of urgent needs for these children that includes: injectable antibiotics like Ciprofloxacin, Meropenem, Vancomycin, Metronidazole, Clindamycin and Amphotericin; ampules of Adrenaline, Noradrenaline, Milrinone, racemic Adrenalin as well as various chemotherapeutic agents. This list represents just a few of the immediate things that are needed to save children in desperate need for medical care whose lives cannot wait until the situation improves.

Even though we have not being able to work together in the past, In your last email you recommended that we contact some of the organizations that already partner with USAIDS, but I would like to ask you, Why not open other channels to improve the way we can provide the

humanitarian help so desperately needed directly **in** Venezuela now. Most of the organizations already working with the Office of U.S. Foreign Disaster Assistance are doing so in the neighboring countries affected by the large number of Venezuelan migrants but we need help **inside** the country. We have the contacts there to send the help directly where is needed the most. Your help is needed for this to happen, please let me know if this is a possibility. I strongly believe that working together we can help. Thank you for your continued support of the Venezuelan health and humanitarian crisis. Please do not hesitate to contact me or Dr. Esparis. We look forward to working together with you.

Warm regards,

Dr. Gottenger

Administrator and Deputy Administrator,

It was suggested by my staff that I share this article with you to ensure you knew about it.

I apologize that I'm not fully calibrated yet on what kind of open press articles you would want brought to your attention (For example, there's great story in the WPost this morning about the Nicaraguan regime trying to shut down La Prensa, one of the most important and historic newspapers in the region. Would you want me to share that with you?). And I'm not sure on process either, if there is one. (I think I get "nite notes".)

I'll have Susanne reach out to Brandon and Taylor to get guidance.

All the best,

John

US prosecutors accuse Honduran president of drug conspiracy

By Amy Guthrie | AP
August 3 at 5:09 PM

MEXICO CITY — U.S. federal prosecutors have accused the Honduran government of essentially functioning as a narco-state, with the current and former presidents having received campaign contributions from cocaine traffickers in exchange for protection.

A 49-page document filed in New York's southern district on Friday refers to Honduran President Juan Orlando Hernández as a co-conspirator who worked with his brother, Juan Antonio "Tony" Hernández, and former President Porfirio Lobo "to use drug trafficking to help assert power and control in Honduras." It says that the president and his predecessor "relied on drug proceeds" to fund political campaigns and cites "evidence of high-level political corruption."

The filing comes just months after other U.S. federal court documents showed the current president and some of his closest advisers were among the targets of a Drug Enforcement Administration investigation, casting further doubt on the United States' assertion that Honduras has helped stopped the flow of drugs.

The U.S. government has been a staunch supporter of Hernández's government, pouring millions of dollars into security cooperation to stop cocaine headed to the U.S. from South America.

The office of the Honduran president issued a statement via Twitter saying Hernández “categorically denies the false and perverse accusations.”

Specifically, prosecutors allege that Hernández used \$1.5 million in drug trafficking proceeds to help secure the presidency in 2013. That campaign support came via cash bribes to Honduran officials as well as gifts and favors to local politicians, prosecutors argue. Hernández won re-election in 2017, despite term-limits in Honduras and widespread allegations of election fraud.

The filing also alludes to multiple payments of \$1 million or more from drug dealers to Lobo.

Lobo’s wife was arrested by Honduran officials in 2018 on charges of diverting \$700,000 in public funds. His son, Fabio, was sentenced in the U.S. to 24 years in prison in 2017 for drug trafficking.

Lobo was Hernández’s mentor and oversaw his rise to power.

The filing forms part of pre-trial documents in an upcoming September case against Tony Hernández, who was arrested in 2018 in Miami on charges of smuggling thousands of kilograms of cocaine into the U.S.

Prosecutors describe Tony Hernández as a “violent, multi-ton drug trafficker” with significant influence over high-ranking Honduran officials, who in turn protected his shipments and turf. They also say that members of the Honduran National Police escorted his cocaine through the country’s waters and airspace, while Lobo once deployed military personnel to the nation’s border with Guatemala to deter another drug trafficker from encroaching on territory in western Honduras.

On at least two occasions, prosecutors say Tony Hernández helped arrange murders of drug-trafficking rivals, one of whom he had executed by a member of the national police. That hit man was later promoted to chief of police, they say.

Tony Hernández secured a seat in the Honduran congress in 2014, presumably to avoid extradition.

Carlos,

Thanks again for visiting us! I really appreciated you taking the time.

Random question - are you aware of any "good" events taking place around the United Nations General Assembly in September? I'm going to be up in NYC and am wondering what events might be around that I would be interested in.

All the best,

John

M/CIO – Remote Access Support

USAID
FROM THE AMERICAN PEOPLE

Welcome to the USAID Remote Secure Access (RSA) Token Agreement & Setup process. Having an RSA token will enable you to access your USAID email and other applications remotely.

This email contains several actions, please read carefully and take the steps in order.

M/CIO assigned you an RSA hard token to provide you with access to the USAID network. If you are located in the Washington area, pick up your token within 13 days at the RRB in B3 (enter in door B3.6J). Hours of operation are: Monday - Thursday, 8:00 am - 3:00 pm; Friday, 8:00 am - 2:00 pm. Bring a copy of this email to collect your hard token. If you cannot pick up and/or activate your token within the next 13 days, please reply to this email immediately so we can make other arrangements and prevent placing the token back in stock and eliminating your new RSA account.

Step 1: Read the USAID Token Agreement located at the bottom of this email. By accepting a USAID Hard Token, you have accepted the terms outlined in the Agreement. If you do not accept the terms, simply do not accept the hard token.

Step 2: Set up your personalized PIN.

1. On a device of your choice (a computer works best for this step) that is **NOT** connected directly to USAID, open a preferred browser and go to mail.usaid.gov.
2. On the login screen, enter your USAID username: **"XXXX"**
3. In the Passcode field, enter the 6 digits you see in the window on your hard token and press "OK".
4. You will be prompted to create your personalized PIN at this point. **Note:** The pin must be between 4-8 digits. Do not begin or end your personalized PIN with a zero. You also need to make sure not to copy and paste the passcode.

Step 3: Test your RSA token!

1. Log out and go back to mail.usaid.gov
2. Enter your username
3. Enter your Passcode. (PIN+#####) This is the your personalized PIN number followed by the token code displayed in the window on your hard token. (Enter them

all together, no spaces) **Note:** Codes change every 60 seconds. You also need to make sure not to copy and paste the passcode.

Step 4: Test your RSA token!

1. Log out and go back to mail.usaid.gov (Do not use a direct USAID connection).
2. Enter your username: "XXXX"
3. Enter your Passcode. You get this now, and in the future, by typing the newly created personalized PIN from Step 4 into the token application field. The application will be then present you with an 8 digit token code that you will use by typing it into the passcode field of the logon screen. **Note:** Codes change every 60 seconds. You also need to make sure not to copy and paste the passcode.
4. Are you looking at your USAID email? Success! If not, please contact the M/CIO Service Desk at [\(202\) 712-1234](tel:2027121234), so we can help you.

Step 5: Reply to this message! Let us know if you successfully loaded your token or if you need additional support. If you prefer to have telephone support, please contact the M/CIO Service Desk at [\(202\) 712-1234](tel:2027121234). Thank You!

On another subject, I am helping Otto Reich schedule meetings for Carlos Pellas, who is visiting Washington next week and is seeking meetings with U.S. policymakers to discuss the ongoing crisis in Nicaragua.

Would you (and Alex?) be available to meet with him anytime Monday or Tuesday, September 9 or 10?

Thank you!

Ann,

Since you already started down that path how about we play it this way...

Go back to Gregory, tell him you've been in touch with the Assistant Administrator of USAID for Latin America and the Caribbean who is eager to see if this is a possibility. Make sure he knows that you weren't trying to go around him but we were discussing other issues and this came up. Tell him that this AA (moi) is happy to support him in exploring these options and is more than happy to try to enlist the support of Kim Breier the Assistant Secretary of State for the Western Hemisphere or anyone else he thinks proper. Tell him I'm not going to do anything until I get guidance from him or the ambassador on how I may be of assistance. And of course feel free to give him my contact info.

As John Hill and Brian Dorow can readily attest, this is a bit less aggressive than I usually am but hey - I've been on the job for about 72 hours and I'm trying to delay giving offense!

This works on your end?

Essentially we are hoping to be able to give the money for these projects to INL directly, rather than through a local NGO (in one case) or contractor (in the other two cases). It is our understanding that it is legally possible to provide conditional funding support to a government agency like INL but that it requires the Secretary of State to approve it as an exception. Our goal is (a) to understand if our lawyers' interpretation of federal statute is correct; and (b) if it would be feasible to get that exception.

Anne,

Thank you so very much for this. Quite sobering.

At USAID we are obviously watching this very closely. And of course I'm paying especially close attention to the western hemisphere given my portfolio. My team and I are very concerned about the capacity of several of the countries in latin america and the caribbean and are working diligently to see what we can do to help. Won't bore you with the details, but there is a lot going on at USAID re coronavirus. We are definitely "all hands on deck".

Would love to formally meet at some point. I work out of the Ronald Reagan bldg in DC. If you are ever in the neighborhood and in the mood for a cup of coffee just let me know.

All the best,

John

Subject: Re: Urgent - Re: The Mullaney Family Flight Info

Hi John,

Thank you so much for your attention to this matter. In the email below are the names of the eight individuals who are in Honduras. They have been in contact with Senator Toomey's office. They have arranged a private plane to pick them up at Roatan airport to fly them to Miami Florida. The government of Honduras is not allowing the plane to land in Roatan. They need assistance from the USG in order for this to happen.

Would you be able to send this to your contacts at the State Department and ask if they can contact the embassy?

Thanks again so much for your help. Please call me if you have any questions. The flight itinerary is attached to the previous email.

Best,

Catharine

The 8 listed above are booked on a private plane (itinerary attached) scheduled to depart on Monday if the Hondurans permit the plane to land. US Embassy there is aware of this.

Tail number for the plane is: XA - MAM.

They have chartered the plane from:

They feel they are in a danger and are very upset.

Honduras.

Please let me know as soon as you can if you can
help!

Sure! I think I'm back to back until 2ish. I'll email you then to see if you are available.

Thanks in advance,

John

Absolutely. I come up for air at 6:00. Kind of late but can you do a quick call after?

John, this is amazing news - Congrats! . . . I think. Did the whole formation step back (except you!) when they asked for volunteers?

About to start a conference call. Can we connect later this afternoon?

Sean,

I hope this email finds you well.

You may have heard that I am now the Acting Administrator of USAID. Not exactly where I would have predicted I would be, but here I am nonetheless.

And the timing is certainly rather historic. One of my staff paid me the highly inappropriate compliment of comparing my taking the helm of USAID at this point to Winston Churchill becoming Prime Minister and then having World War II break out a few days later. I knew the point he was trying to make but all I could think about was how I could really use some whiskey and cigars.

And advice. I can definitely use some advice.

Are you free later today for call by any chance? If amenable, I would love to get your advice and perspective on some things.

All the best,

John

sigh. thanks. Gmail "learns" so hopefully it will soon no longer pre-populate with your personal email. I'll keep a sharper eye out

Thanks Chris.

I think Rob's concern is spot on. Different things may be going on at different levels and lack of consistency on our end would not be good.

Chris/Brian - Is there a way we can get a list or spreadsheet capturing all venues or regularly scheduled discussions around fragility / post-COVID challenges that we know of now? I can put out something at the next SMM about the need to bring any interactions along these lines to the attention of the 6th floor.

Thanks.

John

Following our discussion this morning, I looped back with Rob Jenkins to ensure that he has the latest intel to engage effectively in interagency meetings.

He reassured me that "ES has been great and it's easy to get in and get access to whatever we need. I can't think of any needs or asks right now."

But he does request that the FO and Brian continue to flag any interagency discussions around fragility that he may not be aware of so CPS can be brought into the discussions when appropriate. He appreciates the efforts to date.

Cheers, Chris
