(a) The facility must provide an ongoing activities program. The program must provide diversified individual and group activities in keeping with each resident's needs, abilities, and interests.

(b) The facility must consult with the residents in selecting, planning, and scheduling activities. The facility must demonstrate residents' participation through one or more of the following methods: resident meetings, committees, a resident council, a monitored suggestion box, group discussions, questionnaires, or any other form of communication appropriate to the size of the facility.

(c) Scheduled activities must be available at least 6 days a week for a total of not less than 12 hours per week. Watching television is not an activity for the purpose of meeting the 12 hours per week of scheduled activities unless the television program is a special one-time event of special interest to residents of the facility. A facility whose residents choose to attend day programs conducted at adult day care centers, senior centers, mental health centers, or other day programs may count those attendance hours towards the required 12 hours per week of scheduled activities. An activities calendar must be posted in common areas where residents normally congregate.

(d) If residents assist in planning a special activity such as an outing, seasonal festivity, or an excursion, up to 3 hours may be counted toward the required activity time.

(3) ARRANGEMENT FOR HEALTH CARE. In order to facilitate resident access to health care as needed, the facility must:

(a) Assist residents in making appointments and remind residents about scheduled appointments for medical, dental, nursing, or mental health services.

AMERICAN OVERSIGHT

(b) Provide transportation to needed medical, dental, nursing or mental health services, or arrange for transportation through family and friends, volunteers, taxi cabs, public buses, and agencies providing transportation.

(c) The facility may not require residents to receive services from a particular health care provider.

(4) ACTIVITIES OF DAILY LIVING. Facilities must offer supervision of or assistance with activities of daily living as needed by each resident. Residents should be encouraged to be as independent as possible in performing activities of daily living.

(5) NURSING SERVICES.

(a) Pursuant to section 429.255, F.S., the facility may employ or contract with a nurse to:

1. Take or supervise the taking of vital signs,
2. Manage pill-organizers and administer medications as described in rule 59A-36.008, F.A.C.,
3. Give prepackaged enemas pursuant to a physician's order; and,
4. Maintain nursing progress notes.

(b) Pursuant to section 429.255(2), F.S., the nursing services listed in paragraph (a), may also be delivered in the facility by family members or friends of the resident provided the family member or friend does not receive compensation for such services.

(6) RESIDENT RIGHTS AND FACILITY PROCEDURES.

(a) A copy of the Resident Bill of Rights as described in section 429.28, F.S., or a summary provided by the Long-Term Care Ombudsman Program must be posted in full view in a freely accessible resident area, and included in the admission package provided pursuant to rule 59A-36.006, F.A.C.

(b) In accordance with section 429.28, F.S., the facility must have a written grievance procedure for receiving and responding to resident complaints and a written procedure to allow residents to recommend changes to facility policies and procedures. The facility must be able to demonstrate that such procedure is implemented upon receipt of a complaint.

(c) The telephone number for lodging complaints against a facility or facility staff must be posted in full view in a common area accessible to all residents. The telephone numbers are: the Long-Term Care Ombudsman Program, 1(888)831-0404; Disability Rights Florida, 1(800)342-0823; the Agency Consumer Hotline 1(888)419-3456, and the statewide toll-free telephone number of the Florida Abuse Hotline, 1(800)96-ABUSE or 1(800)962-2873. The telephone numbers must be posted in close proximity to a telephone accessible by residents and the text must be a minimum of 14-point font.

(d) The facility must have a written statement of its house rules and procedures that must be included in the admission package provided pursuant to rule 59A-36.006, F.A.C. The rules and procedures must at a minimum address the facility's policies regarding:

1. Resident responsibilities;
2. Alcohol and tobacco use;
3. Medication storage;
4. Resident elopement;
5. Reporting resident abuse, neglect, and exploitation;
6. Administrative and housekeeping schedules and requirements;
7. Infection control, sanitation, and universal precautions; and,
8. The requirements for coordinating the delivery of services to residents by third party providers.

(e) Residents may not be required to perform any work in the facility without compensation. Residents may be required to clean their own sleeping areas or apartments if the facility rules or the facility contract includes such a requirement. If a resident is employed by the facility, the resident must be compensated in compliance with state and federal wage laws.

(f) The facility must provide residents with convenient access to a telephone to facilitate the resident's right to unrestricted and private communication, pursuant to section 429.28(1)(d), F.S. The facility must allow unidentified telephone calls to residents. For facilities with a licensed capacity of 17 or more residents in which residents do not have private telephones, there must be, at a minimum, a readily accessible telephone on each floor of each building where residents reside.

(g) In addition to the requirements of section 429.41(1)(k), F.S., the use of physical restraints by a facility on a resident must be reviewed by the resident's physician annually. Any device, including half-bed rails, which the resident chooses to use and can remove or avoid without assistance, is not considered a physical restraint.

(7) THIRD PARTY SERVICES.

(a) Nothing in this rule chapter is intended to prohibit a resident or the resident's representative from independently arranging, contracting, and paying for services provided by a third party of the resident's choice, including a licensed home health agency or private nurse, or receiving services through an out-patient clinic, provided the resident meets the criteria for admission and continued

AMERICAN OVERSIGHT

residency and the resident complies with the facility's policy relating to the delivery of services in the facility by third parties. The facility's policies must require the third party to coordinate with the facility regarding the resident's condition and the services being provided.

(b) When residents require or arrange for services from a third party provider, the facility administrator or designee must allow for the receipt of those services, provided that the resident meets the criteria for admission and continued residency. The facility, when requested by residents or representatives, must coordinate with the provider to facilitate the receipt of care and services provided to meet the particular resident's needs.

(c) If residents accept assistance from the facility in arranging and coordinating third party services, the facility's assistance does not represent a guarantee that third party services will be received. If the facility's efforts to make arrangements for third party services are unsuccessful or declined by residents, the facility must include documentation in the residents' record explaining why its efforts were unsuccessful. This documentation will serve to demonstrate its compliance with this subsection.

(8) ELOPEMENT STANDARDS.

(a) Residents Assessed at Risk for Elopement. All residents assessed at risk for elopement or with any history of elopement must be identified so staff can be alerted to their needs for support and supervision. All residents must be assessed for risk of elopement by a health care provider or a mental health care provider within 30 calendar days of being admitted to a facility. If the resident has had a health assessment performed prior to admission pursuant to paragraph 59A-36.006(2)(a), F.A.C., this requirement is satisfied. A resident placed in a facility on a temporary emergency basis by the Department of Children and Families pursuant to section 415.105 or 415.1051, F.S., is exempt from this requirement for up to 30 days.

1. As part of its resident elopement response policies and procedures, the facility must make, at a minimum, a daily effort to determine that at risk residents have identification on their persons that includes their name and the facility's name, address, and telephone number. Staff trained pursuant to paragraph 59A-36.011(10)(a) or (c), F.A.C., must be generally aware of the location of all residents assessed at high risk for elopement at all times.

2. The facility must have a photo identification of at risk residents on file that is accessible to all facility staff and law enforcement as necessary. The facility's file must contain the resident's photo identification upon admission or upon being assessed at risk for elopement subsequent to admission. The photo identification may be provided by the facility, the resident, or the resident's representative.

(b) Facility Resident Elopement Response Policies and Procedures. The facility must develop detailed written policies and procedures for responding to a resident elopement. At a minimum, the policies and procedures must provide for:

1. An immediate search of the facility and premises,

2. The identification of staff responsible for implementing each part of the elopement response policies and procedures, including specific duties and responsibilities,

3. The identification of staff responsible for contacting law enforcement, the resident's family, guardian, health care surrogate, and case manager if the resident is not located pursuant to subparagraph (8)(b)1.; and,

4. The continued care of all residents within the facility in the event of an elopement.

(c) Facility Resident Elopement Drills. The facility must conduct and document resident elopement drills pursuant to sections 429.41(1)(a)3. and 429.41(1)(l), F.S.

(9) OTHER STANDARDS. Additional care standards for residents residing in a facility holding a limited mental health, extended congregate care or limited nursing services license are provided in rules 59A-36.020, 59A-36.021 and 59A-36.022, F.A.C., respectively.

59A-36.008 Medication Practices.

Pursuant to sections 429.255 and 429.256, F.S., and this rule, licensed facilities may assist with the self-administration or administration of medications to residents in a facility. A resident may not be compelled to take medications but may be counseled in accordance with this rule.

(1) SELF ADMINISTERED MEDICATIONS.

(a) Residents who are capable of self-administering their medications without assistance must be encouraged and allowed to do

AMERICAN OVERSIGHT

so.

(b) If facility staff observes health changes that could reasonably be attributed to the improper self-administration of medication, staff must consult with the resident concerning any problems the resident may be experiencing in self-administering the medications. The consultation should describe the services offered by the facility that aid the resident with medication administration through the use of a pill organizer, through providing assistance with self-administration of medications, or through administering medications. The facility must contact the resident's health care provider when observable health changes occur that may be attributed to the resident's medications. The facility must document such contacts in the resident's records.

(2) PILL ORGANIZERS.

(a) Only a resident who self-administers medications may maintain a pill organizer.

(b) Unlicensed staff may not provide assistance with the contents of pill organizers.

(c) A nurse may manage a pill organizer to be used only by residents who self-administer medications. The nurse is responsible for instructing the resident in the proper use of the pill organizer. The nurse must manage the pill organizer in the following manner:

1. Obtain the labeled medication container from the storage area or the resident,

2. Transfer the medication from the original container into a pill organizer, labeled with the resident's name, according to the day and time increments as prescribed,

3. Return the medication container to the storage area or resident; and,

4. Document the date and time the pill organizer was filled in the resident's record.

(d) If there is a determination that the resident is not taking medications as prescribed after the medicinal benefits are explained, it must be noted in the resident's record and the facility must consult with the resident concerning providing assistance with self-administration or the administration of medications if such services are offered by the facility. The facility must contact the resident's health care provider regarding questions, concerns, or observations relating to the resident's medications. Such communication must be documented in the resident's record.

(3) ASSISTANCE WITH SELF-ADMINISTRATION.

(a) Any unlicensed person providing assistance with self-administration of medication must be 18 years of age or older, trained to assist with self administered medication pursuant to the training requirements of rule 59A-36.011, F.A.C., and must be available to assist residents with self-administered medications in accordance with procedures described in section 429.256, F.S. and this rule.

(b) In addition to the specifications of section 429.256(3), F.S., assistance with self-administration of medication includes, in the presence of the resident, reading the medication label aloud and verbally prompting a resident to take medications as prescribed.

(c) In order to facilitate assistance with self-administration, trained staff may prepare and make available such items as water, juice, cups, and spoons. Trained staff may also return unused doses to the medication container. Medication, which appears to have been contaminated, must not be returned to the container.

(d) Trained staff must observe the resident take the medication. Any concerns about the resident's reaction to the medication or suspected noncompliance must be reported to the resident's health care provider and documented in the resident's record.

(e) When a resident who receives assistance with medication is away from the facility and from facility staff, the following options are available to enable the resident to take medication as prescribed:

1. The health care provider may prescribe a medication schedule that coincides with the resident's presence in the facility,

2. The medication container may be given to the resident, a friend, or family member upon leaving the facility, with this fact noted in the resident's medication record,

3. The medication may be transferred to a pill organizer pursuant to the requirements of subsection (2), and given to the resident, a friend, or family member upon leaving the facility, with this fact noted in the resident's medication record, or

4. Medications may be separately prescribed and dispensed in an easier to use form, such as unit dose packaging.

(f) Assistance with self-administration of medication does not include the activities detailed in section 429.256(4), F.S.

1. As used in section 429.256(4)(g), F.S., the term "competent resident" means that the resident is cognizant of when a medication is required and understands the purpose for taking the medication.

2. As used in section 429.256(4)(h), F.S., the terms "judgment" and "discretion" mean interpreting vital signs and evaluating or assessing a resident's condition.

(g) All trained staff must adhere to the facility's infection control policy and procedures when assisting with the self-administration of medication.

(4) MEDICATION ADMINISTRATION.

AMERICAN OVERSIGHT

(a) For facilities that provide medication administration, a staff member licensed to administer medications must be available to administer medications in accordance with a health care provider's order or prescription label.

(b) Unusual reactions to the medication or a significant change in the resident's health or behavior that may be caused by the medication must be documented in the resident's record and reported immediately to the resident's health care provider. The contact with the health care provider must also be documented in the resident's record.

(c) Medication administration includes conducting any examination or other procedure necessary for the proper administration of medication that the resident cannot conduct personally and that can be performed by licensed staff.

(d) A facility that performs clinical laboratory tests for residents, including blood glucose testing, must be in compliance with the federal Clinical Laboratory Improvement Amendments of 1988 (CLIA) and chapter 483, part I, F.S. A valid copy of the State Clinical Laboratory License, if required, and the federal CLIA Certificate must be maintained in the facility. A state license or federal CLIA certificate is not required if residents perform the test themselves or if a third party assists residents in performing the test. The facility is not required to maintain a State Clinical Laboratory License or a federal CLIA Certificate if facility staff assist residents in performing clinical laboratory testing with the residents' equipment. Information about the State Clinical Laboratory License and federal CLIA Certificate is available from the Laboratory Unit, Agency for Health Care Administration, 2727 Mahan Drive, Mail Stop 32, Tallahassee, FL 32308; telephone (850)412-4500.

(5) MEDICATION RECORDS.

(a) For residents who use a pill organizer managed in subsection (2), the facility must keep either the original labeled medication container; or a medication listing with the prescription number, the name and address of the issuing pharmacy, the health care provider's name, the resident's name, the date dispensed, the name and strength of the drug, and the directions for use.

(b) The facility must maintain a daily medication observation record for each resident who receives assistance with self-administration of medications or medication administration. A medication observation record must be immediately updated each time the medication is offered or administered and include:

1. The name of the resident and any known allergies the resident may have;

2. The name of the resident's health care provider and the health care provider's telephone number;

3. The name, strength, and directions for use of each medication; and,

4. A chart for recording each time the medication is taken, any missed dosages, refusals to take medication as prescribed, or medication errors.

(c) For medications that serve as chemical restraints, the facility must, pursuant to section 429.41, F.S., maintain a record of the prescribing physician's annual evaluation of the use of the medication.

(6) MEDICATION STORAGE AND DISPOSAL.

(a) In order to accommodate the needs and preferences of residents and to encourage residents to remain as independent as possible, residents may keep their medications, both prescription and over-the-counter, in their possession both on or off the facility premises. Residents may also store their medication in their rooms or apartments if either the room is kept locked when residents are absent or the medication is stored in a secure place that is out of sight of other residents.

(b) Both prescription and over-the-counter medications for residents must be centrally stored if:

1. The facility administers the medication;

2. The resident requests central storage. The facility must maintain a list of all medications being stored pursuant to such a request;

3. The medication is determined and documented by the health care provider to be hazardous if kept in the personal possession of the person for whom it is prescribed;

4. The resident fails to maintain the medication in a safe manner as described in this paragraph;

5. The facility determines that, because of physical arrangements and the conditions or habits of residents, the personal possession of medication by a resident poses a safety hazard to other residents, or

6. The facility's rules and regulations require central storage of medication and that policy has been provided to the resident before admission as required in rule 59A-36.006, F.A.C.

(c) Centrally stored medications must be:

1. Kept in a locked cabinet; locked cart; or other locked storage receptacle, room, or area at all times;

2. Located in an area free of dampness and abnormal temperature, except that a medication requiring refrigeration must be kept refrigerated. Refrigerated medications must be secured by being kept in a locked container within the refrigerator, by keeping the

AMERICAN OVERSIGHT

refrigerator locked, or by keeping the area in which the refrigerator is located locked;

3. Accessible to staff responsible for filling pill-organizers, assisting with self-administration of medication, or administering medication. Such staff must have ready access to keys or codes to the medication storage areas at all times; and,

4. Kept separately from the medications of other residents and properly closed or sealed.

(d) Medication that has been discontinued but has not expired must be returned to the resident or the resident's representative, as appropriate, or may be centrally stored by the facility for future use by the resident at the resident's request. If centrally stored by the facility, the discontinued medication must be stored separately from medication in current use, and the area in which it is stored must be marked "discontinued medication." Such medication may be reused if prescribed by the resident's health care provider.

(e) When a resident's stay in the facility has ended, the administrator must return all medications to the resident, the resident's family, or the resident's guardian unless otherwise prohibited by law. If, after notification and waiting at least 15 days, the resident's medications are still at the facility, the medications are considered abandoned and may disposed of in accordance with paragraph (f).

(f) Medications that have been abandoned or have expired must be disposed of within 30 days of being determined abandoned or expired and the disposal must be documented in the resident's record. The medication may be taken to a pharmacist for disposal or may be destroyed by the administrator or designee with one witness.

(g) Facilities that hold a Special-ALF permit issued by the Board of Pharmacy may return dispensed medicinal drugs to the dispensing pharmacy pursuant to rule 64B16-28.870, F.A.C.

(7) MEDICATION LABELING AND ORDERS.

(a) The facility may not store prescription drugs for self-administration, assistance with self-administration, or administration unless they are properly labeled and dispensed in accordance with chapters 465 and 499, F.S., and rule 64B16-28.108, F.A.C. If a customized patient medication package is prepared for a resident, and separated into individual medicinal drug containers, then the following information must be recorded on each individual container:

1. The resident's name; and,

2. The identification of each medicinal drug in the container.

(b) Except with respect to the use of pill organizers as described in subsection (2), no individual other than a pharmacist may transfer medications from one storage container to another.

(c) If the directions for use are "as needed" or "as directed," the health care provider must be contacted and requested to provide revised instructions. For an "as needed" prescription, the circumstances under which it would be appropriate for the resident to request the medication and any limitations must be specified; for example, "as needed for pain, not to exceed 4 tablets per day." The revised instructions, including the date they were obtained from the health care provider and the signature of the staff who obtained them, must be noted in the medication record, or a revised label must be obtained from the pharmacist.

(d) Any change in directions for use of a medication that the facility is administering or providing assistance with self-administration must be accompanied by a written, faxes, or electronic copy of a medication order issued and signed by the resident's health care provider. The new directions must promptly be recorded in the resident's medication observation record. The facility may then obtain a revised label from the pharmacist or place an "alert" label on the medication container that directs staff to examine the revised directions for use in the medication observation record.

(e) A nurse may take a medication order by telephone. Such order must be promptly documented in the resident's medication observation record. The facility must obtain a written medication order from the health care provider within 10 working days. A faxed or electronic copy of a signed order is acceptable.

(f) The facility must make every reasonable effort to ensure that prescriptions for residents who receive assistance with self-administration of medication or medication administration are filled or refilled in a timely manner.

(g) Pursuant to section 465.0276(5), F.S., and rule 61N-1.006, F.A.C., sample or complimentary prescription drugs that are dispensed by a health care provider, must be kept in their original manufacturer's packaging, which must include the practitioner's name, the resident's name for whom they were dispensed, and the date they were dispensed. If the sample or complimentary prescription drugs are not dispensed in the manufacturer's labeled package, they must be kept in a container that bears a label containing the following:

1. Practitioner's name,

2. Resident's name,

3. Date dispensed,

4. Name and strength of the drug,

AMERICAN OVERSIGHT

5. Directions for use; and,

6. Expiration date.

(h) Pursuant to section 465.0276(2)(c), F.S., before dispensing any sample or complimentary prescription drug, the resident's health care provider must provide the resident with a written prescription, or a faxed or electronic copy of such order.

(8) OVER THE COUNTER (OTC) PRODUCTS. For purposes of this subsection, the term over the counter includes, but is not limited to, over the counter medications, vitamins, nutritional supplements and nutraceuticals, hereafter referred to as OTC products, that can be sold without a prescription.

(a) A facility may keep a stock supply of OTC products for multiple resident use. When providing any OTC product that is kept by the facility as a stock supply to a resident, the staff member providing the medication must record the name and amount of the OTC product provided in the resident's medication observation record. All OTC products kept as a stock supply must be stored in a locked container or secure room in a central location within the facility and must be labeled with the medication's name, the date of purchase, and with a notice that the medication is part of the facility's stock supply.

(b) OTC products, including those prescribed by a health care provider but excluding those kept as a stock supply by the facility, must be labeled with the resident's name and the manufacturer's label with directions for use, or the health care provider's directions for use. No other labeling requirements are required.

(c) Residents or their representatives may purchase OTC products from an establishment of their choice.

(d) A health care provider's order is required when a nurse provides assistance with self-administration or administration of OTC products. When an order for an OTC product exists, the order must meet the requirements of paragraphs (b) and (c) of this subsection. A health care provider's order for OTC products is not required when a resident self-administers his or her medications, or when unlicensed staff provides assistance with self-administration of medications.

59A-36.009 Do Not Resuscitate Orders (DNROs).

(1) POLICIES AND PROCEDURES.

(a) Each assisted living facility must have written policies and procedures that explain its implementation of state laws and rules relative to Do Not Resuscitate Orders (DNROs). An assisted living facility may not require execution of a DNRO as a condition of admission or treatment. The assisted living facility must provide the following to each resident, or resident's representative, at the time of admission:

1. Form SCHS-4-2006, "Health Care Advance Directives – The Patient's Right to Decide," April 2006, or with a copy of some other substantially similar document, which incorporates information regarding advance directives included in chapter 765, F.S. Form SCHS-4-2006 is available from the Agency for Health Care Administration, 2727 Mahan Drive, Mail Stop 34, Tallahassee, FL 32308 or the agency's website at: http://ahca.myflorida.com/MCHQ/Health_Facility_Regulation/HC_Advance_Directives/docs/adv_dir.pdf; and,

2. DH Form 1896, Florida Do Not Resuscitate Order Form, December, 2004, which is hereby incorporated by reference. This form may be obtained by calling the Department of Health's toll free number 1(800)226-1911, extension 2780 or online at: http://www.flrules.org/Gateway/reference.asp?No=Ref-04005.

(b) There must be documentation in the resident's record indicating whether a DH Form 1896 has been executed. If a DH Form 1896 has been executed, a yellow copy of that document must be made a part of the resident's record. If the assisted living facility does not receive a copy of a resident's executed DH Form 1896, the assisted living facility must document in the resident's record that it has requested a copy.

(c) The executed DH Form 1896 must be readily available to medical staff in the event of an emergency.

(2) LICENSE REVOCATION. An assisted living facility's license is subject to revocation pursuant to section 408.815, F.S., if, as a condition of treatment or admission, the facility requires an individual to execute or waive DH Form 1896.

(3) DNRO PROCEDURES. Pursuant to section 429.255, F.S., an assisted living facility must honor a properly executed DH Form 1896 as follows:

(a) In the event a resident experiences cardiac or pulmonary arrest, staff trained in cardiopulmonary resuscitation (CPR) or a health care provider present in the facility, may withhold cardiopulmonary resuscitation (artificial ventilation, cardiac compression, endotracheal intubation and defibrillation).

AMERICAN OVERSIGHT

(b) In the event a resident is receiving hospice services and experiences cardiac or pulmonary arrest, facility staff must immediately contact hospice staff. The hospice procedures take precedence over those of the assisted living facility.

Rulemaking Authority 429.255 FS. Law Implemented 429.255 FS. History–New 4-15-10, Amended 4-17-14, Formerly 58A-5.0186, 7-1-19.

59A-36.010 Staffing Standards.

(1) ADMINISTRATORS. Every facility must be under the supervision of an administrator who is responsible for the operation and maintenance of the facility including the management of all staff and the provision of appropriate care to all residents as required by chapters 408, part II, 429, part I, F.S., and rule chapter 59A-35, F.A.C., and this rule chapter.

(a) An administrator must:

1. Be at least 21 years of age;

2. If employed on or after October 30, 1995, have, at a minimum, a high school diploma or G.E.D.;

3. Be in compliance with Level 2 background screening requirements pursuant to sections 408.809 and 429.174, F.S.;

4. Complete the core training and core competency test requirements pursuant to rule 59A-36.011, F.A.C., no later than 90 days after becoming employed as a facility administrator. Administrators who attended core training prior to July 1, 1997, are not required to take the competency test unless specified elsewhere in this rule; and,

5. Satisfy the continuing education requirements pursuant to rule 59A-36.011, F.A.C. Administrators who are not in compliance with these requirements must retake the core training and core competency test requirements in effect on the date the non-compliance is discovered by the agency or the department.

(b) In the event of extenuating circumstances, such as the death of a facility administrator, the agency may permit an individual who otherwise has not satisfied the training requirements of subparagraph (1)(a)4. of this rule, to temporarily serve as the facility administrator for a period not to exceed 90 days. During the 90 day period, the individual temporarily serving as facility administrator must:

1. Complete the core training and core competency test requirements pursuant to rule 59A-36.011, F.A.C.; and,

2. Complete all additional training requirements if the facility maintains licensure as an extended congregate care or limited mental health facility.

(c) Administrators may supervise a maximum of either three assisted living facilities or a group of facilities on a single campus providing housing and health care Administrators who supervise more than one facility must appoint in writing a separate manager for each facility. However, an administrator supervising a maximum of three assisted living facilities, each licensed for 16 or fewer beds and all within a 15 mile radius of each other, is only required to appoint two managers to assist in the operation and maintenance of those facilities.

(d) An individual serving as a manager must satisfy the same qualifications, background screening, core training and competency test requirements, and continuing education requirements as an administrator pursuant to paragraph (1)(a) of this rule. Managers who attended the core training program prior to April 20, 1998, are not required to take the competency test unless specified elsewhere in this rule. In addition, a manager may not serve as a manager of more than a single facility, except as provided in paragraph (1)(c) of this rule, and may not simultaneously serve as an administrator of any other facility.

(e) Pursuant to section 429.176, F.S., facility owners must notify the Agency Central Office within 10 days of a change in facility administrator on the Notification of Change of Administrator form, AHCA Form 3180-1006, June 2016, which is incorporated by reference and available online at: http://www.flrules.org/Gateway/reference.asp?No=Ref-09393.

(2) STAFF.

(a) Within 30 days after beginning employment, newly hired staff must submit a written statement from a health care provider documenting that the individual does not have any signs or symptoms of communicable disease. The examination performed by the health care provider must have been conducted no earlier than 6 months before submission of the statement. Newly hired staff does not include an employee transferring without a break in service from one facility to another when the facility is under the same management or ownership.

1. Evidence of a negative tuberculosis examination must be documented on an annual basis. Documentation provided by the Florida Department of Health or a licensed health care provider certifying that there is a shortage of tuberculosis testing materials satisfies the annual tuberculosis examination requirement. An individual with a positive tuberculosis test must submit a health care provider's statement that the individual does not constitute a risk of communicating tuberculosis.

2. If any staff member has, or is suspected of having, a communicable disease, such individual must be immediately removed

AMERICAN OVERSIGHT

from duties until a written statement is submitted from a health care provider indicating that the individual does not constitute a risk of transmitting a communicable disease.

(b) Staff must be qualified to perform their assigned duties consistent with their level of education, training, preparation, and experience. Staff providing services requiring licensing or certification must be appropriately licensed or certified. All staff must exercise their responsibilities, consistent with their qualifications, to observe residents, to document observations on the appropriate resident's record, and to report the observations to the resident's health care provider in accordance with this rule chapter.

(c) All staff must comply with the training requirements of rule 59A-36.011, F.A.C.

(d) An assisted living facility contracting to provide services to residents must ensure that individuals providing services are qualified to perform their assigned duties in accordance with this rule chapter. The contract between the facility and the staffing agency or contractor must specifically describe the services the staffing agency or contractor will provide to residents.

(e) For facilities with a licensed capacity of 17 or more residents, the facility must:

1. Develop a written job description for each staff position and provide a copy of the job description to each staff member; and,

2. Maintain time sheets for all staff.

(f) Level 2 background screening must be conducted for staff, including staff contracted by the facility to provide services to residents, pursuant to sections 408.809 and 429.174, F.S.

(3) STAFFING STANDARDS.

(a) Minimum staffing:

1. Facilities must maintain the following minimum staff hours per week:

Number of Residents, Day Care Participants, and Respite Care Residents	Staff Hours/Week
0-5	168
6-15	212
16- 25	253
26-35	294
36-45	335
46-55	375
56- 65	416
66-75	457
76-85	498
86-95	539

For every 20 total combined residents, day care participants, and respite care residents over 95 add 42 staff hours per week.

2. Independent living residents, as referenced in subsection 59A-36.015(3), F.A.C., who occupy beds included within the licensed capacity of an assisted living facility but do not receive personal, limited nursing, or extended congregate care services, are not counted as residents for purposes of computing minimum staff hours.

3. At least one staff member who has access to facility and resident records in case of an emergency must be in the facility at all times when residents are in the facility. Residents serving as paid or volunteer staff may not be left solely in charge of other residents while the facility administrator, manager or other staff are absent from the facility.

4. In facilities with 17 or more residents, there must be at least one staff member awake at all hours of the day and night.

5. A staff member who has completed courses in First Aid and Cardiopulmonary Resuscitation (CPR) and holds a currently valid card documenting completion of such courses must be in the facility at all times.

a. Documentation of attendance at First Aid or CPR courses pursuant to subsection 59A-36.011(5), F.A.C., satisfies this requirement.

b. A nurse is considered as having met the course requirements for First Aid. An emergency medical technician or paramedic currently certified under chapter 401, part III, F.S., is considered as having met the course requirements for both First Aid and CPR.

6. During periods of temporary absence of the administrator or manager of more than 48 hours when residents are on the premises, a staff member who is at least 21 years of age must be physically present and designated in writing to be in charge of the facility. No staff member shall be in charge of a facility for a consecutive period of 21 days or more, or for a total of 60 days within a calendar year, without being an administrator or manager.

7. Staff whose duties are exclusively building or grounds maintenance, clerical, or food preparation do not count towards

AMERICAN OVERSIGHT

meeting the minimum staffing hours requirement.

8. The administrator or manager's time may be counted for the purpose of meeting the required staffing hours, provided the administrator or manager is actively involved in the day-to-day operation of the facility, including making decisions and providing supervision for all aspects of resident care, and is listed on the facility's staffing schedule.

9. Only on-the-job staff may be counted in meeting the minimum staffing hours. Vacant positions or absent staff may not be counted.

(b) Notwithstanding the minimum staffing requirements specified in paragraph (a), all facilities, including those composed of apartments, must have enough qualified staff to provide resident supervision, and to provide or arrange for resident services in accordance with the residents' scheduled and unscheduled service needs, resident contracts, and resident care standards as described in rule 59A-36.007, F.A.C.

(c) The facility must maintain a written work schedule that reflects its 24-hour staffing pattern for a given time period. Upon request, the facility must make the daily work schedules of direct care staff available to residents or their representatives.

(d) The facility must provide staff immediately when the agency determines that the requirements of paragraph (a) are not met. The facility must immediately increase staff above the minimum levels established in paragraph (a), if the agency determines that adequate supervision and care are not being provided to residents, resident care standards described in rule 59A-36.007, F.A.C., are not being met, or that the facility is failing to meet the terms of residents' contracts. The agency will consult with the facility administrator and residents regarding any determination that additional staff is required. Based on the recommendations of the local fire safety authority, the agency may require additional staff when the facility fails to meet the fire safety standards described in rule chapter 69A-40, F.A.C., until such time as the local fire safety authority informs the agency that fire safety requirements are being met.

1. When additional staff is required above the minimum, the agency will require the submission of a corrective action plan within the time specified in the notification indicating how the increased staffing is to be achieved to meet resident service needs. The plan will be reviewed by the agency to determine if it sufficiently increases the staffing levels to meet resident needs.

2. When the facility can demonstrate to the agency that resident needs are being met, or that resident needs can be met without increased staffing, the agency may modify staffing requirements for the facility and the facility will no longer be required to maintain a plan with the agency.

(e) Facilities that are co-located with a nursing home may use shared staffing provided that staff hours are only counted once for the purpose of meeting either assisted living facility or nursing home minimum staffing ratios.

(f) Facilities holding a limited mental health, extended congregate care, or limited nursing services license must also comply with the staffing requirements of rules 59A-36.020, 59A-36.021 or 59A-36.022, F.A.C., respectively.

59A-36.011 Staff Training Requirements and Competency Test.

(1) ASSISTED LIVING FACILITY CORE TRAINING REQUIREMENTS AND COMPETENCY TEST.

(a) The assisted living facility core training requirements established by the department pursuant to section 429.52, F.S., shall consist of a minimum of 26 hours of training plus a competency test.

(b) Administrators and managers must successfully complete the assisted living facility core training requirements within 3 months from the date of becoming a facility administrator or manager. Successful completion of the core training requirements includes passing the competency test. The minimum passing score for the competency test is 75%. Administrators who have attended core training prior to July 1, 1997, and managers who attended the core training program prior to April 20, 1998, shall not be required to take the competency test. Administrators licensed as nursing home administrators in accordance with chapter 468, part II, F.S., are exempt from this requirement.

(c) Administrators and managers shall participate in 12 hours of continuing education in topics related to assisted living every 2 years.

(d) A newly hired administrator or manager who has successfully completed the assisted living facility core training and continuing education requirements, shall not be required to retake the core training. An administrator or manager who has successfully completed the core training but has not maintained the continuing education requirements will be considered a new

AMERICAN OVERSIGHT

administrator or manager for the purposes of the core training requirements and must:

1. Retake the assisted living facility core training; and,

2. Retake and pass the competency test.

(e) The fees for the competency test shall not exceed $200.00. The payment for the competency test fee shall be remitted to the entity administering the test. A new fee is due each time the test is taken.

(2) STAFF PRESERVICE ORIENTATION.

(a) Facilities must provide a preservice orientation of at least 2 hours to all new assisted living facility employees who have not previously completed core training as detailed in subsection (1).

(b) New staff must complete the preservice orientation prior to interacting with residents.

(c) Once complete, the employee and the facility administrator must sign a statement that the employee completed the preservice orientation which must be kept in the employee's personnel record.

(d) In addition to topics that may be chosen by the facility administrator, the preservice orientation must cover:

1. Resident's rights; and,

2. The facility's license type and services offered by the facility.

(3) STAFF IN-SERVICE TRAINING. Facility administrators or managers shall provide or arrange for the following in-service training to facility staff:

(a) Staff who provide direct care to residents, other than nurses, certified nursing assistants, or home health aides trained in accordance with rule 59A-8.0095, F.A.C., must receive a minimum of 1 hour in-service training in infection control, including universal precautions and facility sanitation procedures, before providing personal care to residents. The facility must use its infection control policies and procedures when offering this training. Documentation of compliance with the staff training requirements of 29 CFR 1910.1030, relating to blood borne pathogens, may be used to meet this requirement.

(b) Staff who provide direct care to residents must receive a minimum of 1 hour in-service training within 30 days of employment that covers the following subjects:

1. Reporting adverse incidents.

2. Facility emergency procedures including chain-of-command and staff roles relating to emergency evacuation.

(c) Staff who provide direct care to residents, who have not taken the core training program, shall receive a minimum of 1 hour in-service training within 30 days of employment that covers the following subjects:

1. Resident rights in an assisted living facility.

2. Recognizing and reporting resident abuse, neglect, and exploitation. The facility must use its abuse prevention policies and procedures when offering this training.

(d) Staff who provide direct care to residents, other than nurses, CNAs, or home health aides trained in accordance with rule 59A-8.0095, F.A.C., must receive 3 hours of in-service training within 30 days of employment that covers the following subjects:

1. Resident behavior and needs.

2. Providing assistance with the activities of daily living.

(e) Staff who prepare or serve food, who have not taken the assisted living facility core training must receive a minimum of 1-hour-in-service training within 30 days of employment in safe food handling practices.

(f) All facility staff shall receive in-service training regarding the facility's resident elopement response policies and procedures within thirty (30) days of employment.

1. All facility staff shall be provided with a copy of the facility's resident elopement response policies and procedures.

2. All facility staff shall demonstrate an understanding and competency in the implementation of the elopement response policies and procedures.

(4) HUMAN IMMUNODEFICIENCY VIRUS/ACQUIRED IMMUNE DEFICIENCY SYNDROME (HIV/AIDS). Pursuant to section 381.0035, F.S., all facility employees, with the exception of employees subject to the requirements of section 456.033, F.S., must complete a one-time education course on HIV and AIDS, including the topics prescribed in the section 381.0035, F.S. New facility staff must obtain the training within 30 days of employment. Documentation of compliance must be maintained in accordance with subsection (12), of this rule.

(5) FIRST AID AND CARDIOPULMONARY RESUSCITATION (CPR). A staff member who has completed courses in First Aid and CPR and holds a currently valid card documenting completion of such courses must be in the facility at all times.

(a) Documentation that the staff member possess current CPR certification that requires the student to demonstrate, in person,

AMERICAN OVERSIGHT

that he or she is able to perform CPR and which is issued by an instructor or training provider that is approved to provide CPR training by the American Red Cross, the American Heart Association, the National Safety Council, or an organization whose training is accredited by the Commission on Accreditation for Pre-Hospital Continuing Education satisfies this requirement.

(b) A nurse shall be considered as having met the training requirement for First Aid. An emergency medical technician or paramedic currently certified under chapter 401, Part III, F.S., shall be considered as having met the training requirements for both First Aid and C.P.R.

(6) ASSISTANCE WITH THE SELF-ADMINISTRATION OF MEDICATION AND MEDICATION MANAGEMENT. Unlicensed persons who will be providing assistance with the self-administration of medications as described in rule 59A-36.008, F.A.C., must meet the training requirements pursuant to section 429.52(6), F.S., prior to assuming this responsibility. Courses provided in fulfilment of this requirement must meet the following criteria:

(a) Training must cover state law and rule requirements with respect to the supervision, assistance, administration, and management of medications in assisted living facilities; procedures and techniques for assisting the resident with self-administration of medication including how to read a prescription label; providing the right medications to the right resident; common medications; the importance of taking medications as prescribed; recognition of side effects and adverse reactions and procedures to follow when residents appear to be experiencing side effects and adverse reactions; documentation and record keeping; and medication storage and disposal. Training shall include demonstrations of proper techniques, including techniques for infection control, and ensure unlicensed staff have adequately demonstrated that they have acquired the skills necessary to provide such assistance.

(b) The training must be provided by a registered nurse or licensed pharmacist who shall issue a training certificate to a trainee who demonstrates, in person and both physically and verbally, the ability to:

1. Read and understand a prescription label;

2. Provide assistance with self-administration in accordance with section 429.256, F.S., and rule 59A-36.008, F.A.C., including:

a. Assist with oral dosage forms, topical dosage forms, and topical ophthalmic, otic and nasal dosage forms;

b. Measure liquid medications, break scored tablets, and crush tablets in accordance with prescription directions;

c. Recognize the need to obtain clarification of an "as needed" prescription order;

d. Recognize a medication order which requires judgment or discretion, and to advise the resident, resident's health care provider or facility employer of inability to assist in the administration of such orders;

e. Complete a medication observation record;

f. Retrieve and store medication;

g. Recognize the general signs of adverse reactions to medications and report such reactions;

h. Assist residents with insulin syringes that are prefilled with the proper dosage by a pharmacist and insulin pens that are prefilled by the manufacturer by taking the medication, in its previously dispensed, properly labeled container, from where it is stored, and bringing it to the resident for self-injection;

i. Assist with nebulizers;

j. Use a glucometer to perform blood glucose testing;

k. Assist residents with oxygen nasal cannulas and continuous positive airway pressure (CPAP) devices, excluding the titration of the oxygen levels;

l. Apply and remove anti-embolism stockings and hosiery;

m. Placement and removal of colostomy bags, excluding the removal of the flange or manipulation of the stoma site; and,

n. Measurement of blood pressure, heart rate, temperature, and respiratory rate.

(c) Unlicensed persons, as defined in section 429.256(1)(b), F.S., who provide assistance with self-administered medications and have successfully completed the initial 6 hour training, must obtain, annually, a minimum of 2 hours of continuing education training on providing assistance with self-administered medications and safe medication practices in an assisted living facility. The 2 hours of continuing education training may be provided online.

(d) Trained unlicensed staff who, prior to the effective date of this rule, assist with the self-administration of medication and have successfully completed 4 hours of assistance with self-administration of medication training must complete an additional 2 hours of training that focuses on the topics listed in sub-subparagraphs (6)(b)2.h.-n. of this section, before assisting with the self-administration of medication procedures listed in sub-subparagraphs (6)(b)2.h.-n.

(7) NUTRITION AND FOOD SERVICE. The administrator or person designated by the administrator as responsible for the facility's food service and the day-to-day supervision of food service staff must obtain, annually, a minimum of 2 hours continuing

AMERICAN OVERSIGHT

education in topics pertinent to nutrition and food service in an assisted living facility. This requirement does not apply to administrators and designees who are exempt from training requirements under paragraph 59A-36.012(1)(b). A certified food manager, licensed dietician, registered dietary technician or health department sanitarian is qualified to train assisted living facility staff in nutrition and food service.

(8) EXTENDED CONGREGATE CARE (ECC) TRAINING.

(a) The administrator and ECC supervisor, if different from the administrator, must complete core training and 4 hours of initial training in extended congregate care prior to the facility receiving its ECC license or within 3 months of beginning employment in a currently licensed ECC facility as an administrator or ECC supervisor. Successful completion of the assisted living facility core training shall be a prerequisite for this training. ECC supervisors who attended the assisted living facility core training prior to April 20, 1998, shall not be required to take the assisted living facility core training competency test.

(b) The administrator and the ECC supervisor, if different from the administrator, must complete a minimum of 4 hours of continuing education every two years in topics relating to the physical, psychological, or social needs of frail elderly and disabled persons, or persons with Alzheimer's disease or related disorders.

(c) All direct care staff providing care to residents in an ECC program must complete at least 2 hours of in-service training, provided by the facility administrator or ECC supervisor, within 6 months of beginning employment in the facility. The training must address ECC concepts and requirements, including statutory and rule requirements, and the delivery of personal care and supportive services in an ECC facility.

(9) LIMITED MENTAL HEALTH TRAINING.

(a) Pursuant to section 429.075, F.S., the administrator, managers and staff, who have direct contact with mental health residents in a licensed limited mental health facility, must receive the following training:

1. A minimum of 6 hours of specialized training in working with individuals with mental health diagnoses.

a. The training must be provided or approved by the Department of Children and Families and must be taken within 6 months of the facility's receiving a limited mental health license or within 6 months of employment in a limited mental health facility.

b. Training received under this subparagraph may count once for 6 of the 12 hours of continuing education required for administrators and managers pursuant to section 429.52(5), F.S., and subsection (1) of this rule.

2. A minimum of 3 hours of continuing education, which may be provided by the ALF administrator, online, or through distance learning, biennially thereafter in subjects dealing with one or more of the following topics:

a. Mental health diagnoses; and,

b. Mental health treatment such as:

(I) Mental health needs, services, behaviors and appropriate interventions;

(II) Resident progress in achieving treatment goals;

(III) How to recognize changes in the resident's status or condition that may affect other services received or may require intervention; and,

(IV) Crisis services and the Baker Act procedures.

3. For administrators and managers, the continuing education requirement under this subsection will satisfy 3 of the 12 hours of continuing education required biennially pursuant to section 429.52(5), F.S., and subsection (1) of this rule.

4. Administrators, managers and direct contact staff affected by the continuing education requirement under this subsection shall have up to 6 months after the effective date of this rule to meet the training requirement.

(b) Administrators, managers and staff do not have to repeat the initial training should they change employers provided they present a copy of their training certificate to the current employer for retention in the facility's personnel files. They must also ensure that copies of the continuing education training certificates, pursuant to subparagraph (a)2. of this subsection, are retained in their personnel files.

(10) ALZHEIMER'S DISEASE AND RELATED DISORDERS ("ADRD") TRAINING REQUIREMENTS. Facilities which advertise that they provide special care for persons with ADRD, or who maintain secured areas as described in Chapter 4, Section 464.4.6 of the Florida Building Code, as adopted in rule 61G20-1.001, F.A.C., Florida Building Code Adopted, must ensure that facility staff receive the following training.

(a) Facility staff who interact on a daily basis with residents with ADRD but do not provide direct care to such residents and staff who provide direct care to residents with ADRD, shall obtain 4 hours of initial training within 3 months of employment. Completion of the core training program between April 20, 1998 and July 1, 2003 shall satisfy this requirement. Facility staff who

AMERICAN OVERSIGHT

meet the requirements for ADRD training providers under paragraph (g) of this subsection, will be considered as having met this requirement. Initial training, entitled "Alzheimer's Disease and Related Disorders Level I Training," must address the following subject areas:

1. Understanding Alzheimer's disease and related disorders;
2. Characteristics of Alzheimer's disease;
3. Communicating with residents with Alzheimer's disease;
4. Family issues;
5. Resident environment; and,
6. Ethical issues.

(b) Staff who have successfully completed both the initial one hour and continuing three hours of ADRD training pursuant to sections 400.1755, 429.917 and 400.6045(1), F.S., shall be considered to have met the initial assisted living facility Alzheimer's Disease and Related Disorders Level I Training.

(c) Facility staff who provide direct care to residents with ADRD must obtain an additional 4 hours of training, entitled "Alzheimer's Disease and Related Disorders Level II Training," within 9 months of employment. Facility staff who meet the requirements for ADRD training providers under paragraph (g) of this subsection, will be considered as having met this requirement. Alzheimer's Disease and Related Disorders Level II Training must address the following subject areas as they apply to these disorders:

1. Behavior management,
2. Assistance with ADLs,
3. Activities for residents,
4. Stress management for the care giver; and,
5. Medical information.

(d) A detailed description of the subject areas that must be included in an ADRD curriculum which meets the requirements of paragraphs (a) and (b) of this subsection, can be found in the document "Training Guidelines for the Special Care of Persons with Alzheimer's Disease and Related Disorders," dated March 1999, incorporated by reference, available from the Department of Elder Affairs, 4040 Esplanade Way, Tallahassee, Florida 32399-7000.

(e) Direct care staff shall participate in 4 hours of continuing education annually as required under section 429.178, F.S. Continuing education received under this paragraph may be used to meet 3 of the 12 hours of continuing education required by section 429.52, F.S., and subsection (1) of this rule, or 3 of the 6 hours of continuing education for extended congregate care required by subsection (7) of this rule.

(f) Facility staff who have only incidental contact with residents with ADRD must receive general written information provided by the facility on interacting with such residents, as required under section 429.178, F.S., within three (3) months of employment. "Incidental contact" means all staff who neither provide direct care nor are in regular contact with such residents.

(g) Persons who seek to provide ADRD training in accordance with this subsection must provide the department or its designee with documentation that they hold a Bachelor's degree from an accredited college or university or hold a license as a registered nurse, and:

1. Have 1 year teaching experience as an educator of caregivers for persons with Alzheimer's disease or related disorders, or
2. Three years of practical experience in a program providing care to persons with Alzheimer's disease or related disorders, or
3. Completed a specialized training program in the subject matter of this program and have a minimum of two years of practical experience in a program providing care to persons with Alzheimer's disease or related disorders.

(h) With reference to requirements in paragraph (g), a Master's degree from an accredited college or university in a subject related to the content of this training program can substitute for the teaching experience. Years of teaching experience related to the subject matter of this training program may substitute on a year-by-year basis for the required Bachelor's degree referenced in paragraph (g).

(11) DO NOT RESUSCITATE ORDERS TRAINING.

(a) Currently employed facility administrators, managers, direct care staff and staff involved in resident admissions must receive at least one hour of training in the facility's policies and procedures regarding Do Not Resuscitate Orders.

(b) Newly hired facility administrators, managers, direct care staff and staff involved in resident admissions must receive at least one hour of training in the facility's policy and procedures regarding DNROs within 30 days after employment.

AMERICAN OVERSIGHT

(c) Training shall consist of the information included in rule 59A-36.009, F.A.C.

(12) TRAINING DOCUMENTATION AND MONITORING.

(a) Except as otherwise noted, certificates, or copies of certificates, of any training required by this rule must be documented in the facility's personnel files. The documentation must include the following:

1. The title of the training program,
2. The subject matter of the training program,
3. The training program agenda,
4. The number of hours of the training program,
5. The trainee's name, dates of participation, and location of the training program,
6. The training provider's name, dated signature and credentials, and professional license number, if applicable.

(b) Upon successful completion of training pursuant to this rule, the training provider must issue a certificate to the trainee as specified in this rule.

(c) The facility must provide the Department of Elder Affairs and the Agency for Health Care Administration with training documentation and training certificates for review, as requested. The department and agency reserve the right to attend and monitor all facility in-service training, which is intended to meet regulatory requirements.

Rulemaking Authority 429.178, 429.41, 429.52 FS. Law Implemented 429.07, 429.075, 429.178, 429.41, 429.52 FS. History–New 9-30-92, Formerly 10A-5.0191, Amended 10-30-95, 6-2-96, 4-20-98, 11-2-98, 10-17-99, 7-5-05, 7-30-06, 10-9-06, 7-1-08, 4-15-10, 5-10-18, Formerly 58A-5.0191, 7-1-19.

59A-36.012 Food Service Standards.

(1) GENERAL RESPONSIBILITIES. When food service is provided by the facility, the administrator, or an individual designated in writing by the administrator, must be responsible for total food services and the day-to-day supervision of food services staff. In addition, the following requirements apply:

(a) If the designee is an individual who has not completed an approved assisted living facility core training course, such individual must complete the food and nutrition services module of the core training course before assuming responsibility for the facility's food service. The designee is not subject to the 1 hour in-service training in safe food handling practices.

(b) If the designee is a certified food manager, certified dietary manager, registered or licensed dietitian, dietetic registered technician, or health department sanitarian, the designee is exempt from the requirement to complete the food and nutrition services module of the core training course before assuming responsibility for the facility's food service as required in paragraph (1)(a) of this rule.

(c) An administrator or designee must perform his or her duties in a safe and sanitary manner.

(d) An administrator or designee must provide regular meals that meet the nutritional needs of residents, and therapeutic diets as ordered by the resident's health care provider for residents who require special diets.

(e) An administrator or designee must comply with the food service continuing education requirements specified in rule 59A-36.011, F.A.C.

(2) DIETARY STANDARDS.

(a) The meals provided by the assisted living facility must be planned based on the current USDA Dietary Guidelines for Americans, 2010, which are incorporated by reference and available for review at: http://www.flrules.org/Gateway/reference.asp?No=Ref-04003, and the current summary of Dietary Reference Intakes established by the Food and Nutrition Board of the Institute of Medicine of the National Academies, 2010, which are incorporated by reference and available for review at: http://iom.edu/Activities/Nutrition/SummaryDRIs/~/media/Files/Activity%20Files/Nutrition/DRIs/New%20Material/5DRI%20Values%20SummaryTables%2014.pdf. Therapeutic diets must meet these nutritional standards to the extent possible.

(b) The residents' nutritional needs must be met by offering a variety of meals adapted to the food habits, preferences, and physical abilities of the residents, and must be prepared through the use of standardized recipes. For facilities with a licensed capacity of 16 or fewer residents, standardized recipes are not required. Unless a resident chooses to eat less, the facility must serve the standard minimum portions of food according to the Dietary Reference Intakes.

(c) All regular and therapeutic menus to be used by the facility must be reviewed annually by a licensed or registered dietitian, a licensed nutritionist, or a registered dietetic technician supervised by a licensed or registered dietitian, or a licensed nutritionist to

AMERICAN OVERSIGHT

ensure the meals meet the nutritional standards established in this rule. The annual review must be documented in the facility files and include the original signature of the reviewer, registration or license number, and date reviewed. Portion sizes must be indicated on the menus or on a separate sheet.

1. Daily food servings may be divided among three or more meals per day, including snacks, as necessary to accommodate resident needs and preferences.

2. Menu items may be substituted with items of comparable nutritional value based on the seasonal availability of fresh produce or the preferences of the residents.

(d) Menus must be dated and planned at least 1 week in advance for both regular and therapeutic diets. Residents must be encouraged to participate in menu planning. Planned menus must be conspicuously posted or easily available to residents. Regular and therapeutic menus as served, with substitutions noted before or when the meal is served, must be kept on file in the facility for 6 months.

(e) Therapeutic diets must be prepared and served as ordered by the health care provider.

1. Facilities that offer residents a variety of food choices through a select menu, buffet style dining, or family style dining are not required to document what is eaten unless a health care provider's order indicates that such monitoring is necessary. However, the food items that enable residents to comply with the therapeutic diet must be identified on the menus developed for use in the facility.

2. The facility must document a resident's refusal to comply with a therapeutic diet and provide notification to the resident's health care provider of such refusal.

(f) For facilities serving three or more meals a day, no more than 14 hours must elapse between the end of an evening meal containing a protein food and the beginning of a morning meal. Intervals between meals must be evenly distributed throughout the day with not less than 2 hours nor more than 6 hours between the end of one meal and the beginning of the next. For residents without access to kitchen facilities, snacks must be offered at least once per day. Snacks are not considered to be meals for the purposes of calculating the time between meals.

(g) Food must be served attractively at safe and palatable temperatures. All residents must be encouraged to eat at tables in the dining areas. A supply of eating ware sufficient for all residents, including adaptive equipment if needed by any resident, must be on hand.

(h) A 3-day supply of nonperishable food, based on the number of weekly meals the facility has contracted with residents to serve, must be on hand at all times. The quantity must be based on the resident census and not on licensed capacity. The supply must consist of foods that can be stored safely without refrigeration. Water sufficient for drinking and food preparation must also be stored, or the facility must have a plan for obtaining water in an emergency, with the plan coordinated with and reviewed by the local disaster preparedness authority.

(3) FOOD HYGIENE. Copies of inspection reports issued by the county health department for the last 2 years pursuant to rule 64E-12.004, or chapter 64E-11, F.A.C., as applicable, depending on the licensed capacity of the assisted living facility, must be on file in the facility.

(4) CONTRACTED FOOD SERVICE. When food service is contracted by the facility, the facility must ensure that the contracted food service meets all dietary standards imposed by this rule and is adequately protected upon delivery to the facility pursuant to subsection 64E-12.004(4), F.A.C. The facility must maintain:

(a) A copy of the current contract between the facility and the food service contractor.

(b) A copy of the annually issued certificate or license authorizing the operation of the food service contractor issued by the applicable regulating agency. The license or certificate must provide documentation of the food service contractor's compliance with food service regulatory requirements.

(2) RESIDENT TRUST FUNDS. Funds or other property received by the facility belonging to or due a resident, including personal funds, must be held as trust funds and expended only for the resident's account. Resident funds or property may be held in one bank account if a separate written accounting for each resident is maintained. A separate bank account is required for facility funds; co-mingling resident funds with facility funds is prohibited. Written accounting procedures for resident trust funds must include income and expense records of the trust fund, including the source and disposition of the funds.

(3) SURETY BONDS. Pursuant to the requirements of section 429.27(2), F.S.:

(a) For entities that own more than one facility in the state, one surety bond may be purchased to cover the needs of all residents served by the entities.

(b) The following additional bonding requirements apply to facilities serving residents receiving OSS:

1. If serving as representative payee for a resident receiving OSS, the minimum bond proceeds must equal twice the value of the resident's monthly aggregate income, which must include any supplemental security income or social security disability income plus the OSS payments, including the personal needs allowance.

2. If holding a power of attorney for a resident receiving OSS, the minimum bond proceeds must equal twice the value of the resident's monthly aggregate income, which must include any supplemental security income or social security disability income; the OSS payments, including the personal allowance; plus the value of any property belonging to a resident held at the facility.

(c) Upon the annual issuance of a new bond or continuation bond, the facility must file a copy of the bond with the Agency Central Office.

(4) LIABILITY INSURANCE. Pursuant to section 429.275, F.S., facilities must maintain liability insurance coverage, as defined in section 624.605, F.S., that remains in force at all times. On the renewal date of the facility's policy or whenever a facility changes policies, the facility must file documentation of continued coverage with the Agency Central Office. Such documentation must be issued by the insurance company and must include the name and street address of the facility, a reference that the facility is an assisted living facility, the facility's licensed capacity, and the dates of coverage.

59A-36.014 Physical Plant Standards.

(1) NEW FACILITIES. Newly constructed facilities to be licensed as assisted living facilities, and existing structures, not previously licensed as assisted living facilities, to be converted to assisted living facilities, as well as any subsequent additions, modifications, alterations, renovations or refurbishing of such facilities, are required by governmental entities other than the Department of Elder Affairs to adhere to certain building code and fire safety standards. Such standards may be found in:

(a) Chapter 4, Section 464, of the Florida Building Code as adopted in rule 61G20-1.001, F.A.C.;

(b) Section 633.022, F.S., Uniform Firesafety Standards and rule chapter 69A-40, F.A.C. The Uniform Fire Safety Standards for Assisted Living Facilities; and,

(c) The National Fire Protection Association codes described in section 429.41, F.S.

(2) EXISTING FACILITIES.

(a) An assisted living facility must comply with the rule or building code in effect at the time of initial licensure, as well as the rule or building code in effect at the time of any additions, modifications, alterations, refurbishment, renovations or reconstruction. Determination of the installation of a fire sprinkler system in an existing facility must comply with the requirements described in section 429.41, F.S.

(b) A facility undergoing change of ownership is considered an existing facility for purposes of this rule.

(3) OTHER REQUIREMENTS.

(a) All facilities must:

1. Provide a safe living environment pursuant to section 429.28(1)(a), F.S.;

2. Be maintained free of hazards; and,

3. Ensure that all existing architectural, mechanical, electrical and structural systems, and appurtenances are maintained in good working order.

(b) Pursuant to section 429.27, F.S., residents must be given the option of using their own belongings as space permits. When the facility supplies the furnishings, each resident bedroom or sleeping area must have at least the following furnishings:

AMERICAN OVERSIGHT

1. A clean, comfortable bed with a mattress no less than 36 inches wide and 72 inches long, with the top surface of the mattress at a comfortable height to ensure easy access by the resident,

2. A closet or wardrobe space for hanging clothes,

3. A dresser, chest or other furniture designed for storage of clothing or personal effects,

4. A table or nightstand, bedside lamp or floor lamp, and waste basket; and,

5. A comfortable chair, if requested.

(c) The facility must maintain master or duplicate keys to resident bedrooms to be used in the event of an emergency.

(d) Residents who use portable bedside commodes must be provided with privacy during use.

(e) Facilities must make available linens and personal laundry services for residents who require such services. Linens provided by a facility must be free of tears, stains and must not be threadbare.

59A-36.015 Records.

The facility must maintain required records in a manner that makes such records readily available at the licensee's physical address for review by a legally authorized entity. If records are maintained in an electronic format, facility staff must be readily available to access the data and produce the requested information. For purposes of this section, "readily available" means the ability to immediately produce documents, records, or other such data, either in electronic or paper format, upon request.

(1) FACILITY RECORDS. Facility records must include:

(a) The facility's license displayed in a conspicuous and public place within the facility.

(b) An up-to-date admission and discharge log listing the names of all residents and each resident's:

1. Date of admission, the facility or place from which the resident was admitted, and if applicable, a notation indicating that the resident was admitted with a stage 2 pressure sore; and,

2. Date of discharge, reason for discharge, and identification of the facility or home address to which the resident was discharged. Readmission of a resident to the facility after discharge requires a new entry in the log. Discharge of a resident is not required if the facility is holding a bed for a resident who is out of the facility but intending to return pursuant to rule 59A-36.018, F.A.C. If the resident dies while in the care of the facility, the log must indicate the date of death.

(c) A log listing the names of all temporary emergency placement and respite care residents if not included on the log described in paragraph (b).

(d) The facility's emergency management plan, with documentation of review and approval by the county emergency management agency, as described in rule 59A-36.019, F.A.C., that must be readily available by facility staff.

(e) The facility's liability insurance policy required in rule 59A-36.013, F.A.C.

(f) For facilities that have a surety bond, a copy of the surety bond currently in effect as required by rule 59A-36.013, F.A.C.

(g) The admission package presented to new or prospective residents (less the resident's contract) described in rule 59A-36.006, F.A.C.

(h) If the facility advertises that it provides special care for persons with Alzheimer's disease or related disorders, a copy of all such facility advertisements as required by section 429.177, F.S.

(i) A grievance procedure for receiving and responding to resident complaints and recommendations as described in rule 59A-36.007, F.A.C.

(j) All food service records required in rule 59A-36.012, F.A.C., including menus planned and served and county health department inspection reports. Facilities that contract for food services, must include a copy of the contract for food services and the food service contractor's license or certificate to operate.

(k) All fire safety inspection reports issued by the local authority or the State Fire Marshal pursuant to section 429.41, F.S., and rule chapter 69A-40, F.A.C., issued within the last 2 years.

(l) All sanitation inspection reports issued by the county health department pursuant to section 381.031, F.S., and chapter 64E-12, F.A.C., issued within the last 2 years.

(m) Pursuant to section 429.35, F.S., all completed survey, inspection and complaint investigation reports, and notices of sanctions and moratoriums issued by the agency within the last 5 years.

AMERICAN OVERSIGHT

(n) The facility's resident elopement response policies and procedures.

(o) The facility's documented resident elopement response drills.

(p) For facilities licensed as limited mental health, extended congregate care, or limited nursing services, records required as stated in rules 59A-36.020, 59A-36.021 and 59A-36.022, F.A.C., respectively.

(2) STAFF RECORDS.

(a) Personnel records for each staff member must contain, at a minimum, a copy of the employment application, with references furnished, and documentation verifying freedom from signs or symptoms of communicable disease. In addition, records must contain the following, as applicable:

1. Documentation of compliance with all staff training and continuing education required by rule 59A-36.011, F.A.C.,

2. Copies of all licenses or certifications for all staff providing services that require licensing or certification,

3. Documentation of compliance with level 2 background screening for all staff subject to screening requirements as specified in section 429.174, F.S., and rule 59A-36.010, F.A.C.,

4. For facilities with a licensed capacity of 17 or more residents, a copy of the job description given to each staff member pursuant to rule 59A-36.010, F.A.C.,

5. Documentation verifying direct care staff and administrator participation in resident elopement drills pursuant to paragraph 59A-36.007(8)(c), F.A.C.

(b) The facility is not required to maintain personnel records for staff provided by a licensed staffing agency or staff employed by an entity contracting to provide direct or indirect services to residents and the facility. However, the facility must maintain a copy of the contract between the facility and the staffing agency or contractor as described in rule 59A-36.010, F.A.C.

(c) The facility must maintain the written work schedules and staff time sheets for the most current 6 months as required by rule 59A-36.010, F.A.C.

(3) RESIDENT RECORDS. Resident records must be maintained on the premises and include:

(a) Resident demographic data as follows:

1. Name,

2. Sex,

3. Race,

4. Date of birth,

5. Place of birth, if known,

6. Social security number,

7. Medicaid and/or Medicare number, or name of other health insurance carrier,

8. Name, address, and telephone number of next of kin, legal representative, or individual designated by the resident for notification in case of an emergency; and,

9. Name, address, and telephone number of the health care provider and case manager, if applicable.

(b) A copy of the Resident Health Assessment form, AHCA Form 1823 described in rule 59A-36.006, F.A.C.

(c) Any orders for medications, nursing services, therapeutic diets, do not resuscitate orders, or other services to be provided, supervised, or implemented by the facility that require a health care provider's order.

(d) Documentation of a resident's refusal of a therapeutic diet pursuant to rule 59A-36.012, F.A.C., if applicable.

(e) The resident care record described in paragraph 59A-36.007(1)(e), F.A.C.

(f) A weight record that is initiated on admission. Information may be taken from AHCA Form 1823 or the resident's health assessment. Residents receiving assistance with the activities of daily living must have their weight recorded semi-annually.

(g) For facilities that will have unlicensed staff assisting the resident with the self-administration of medication, a copy of the written informed consent described in rule 59A-36.006, F.A.C., if such consent is not included in the resident's contract.

(h) For facilities that manage a pill organizer, assist with self-administration of medications or administer medications for a resident, copies of the required medication records maintained pursuant to rule 59A-36.008, F.A.C.

(i) A copy of the resident's contract with the facility, including any addendums to the contract as described in rule 59A-36.018, F.A.C.

(j) For a facility whose owner, administrator, staff, or representative thereof, serves as an attorney in fact for a resident, a copy of the monthly written statement of any transaction made on behalf of the resident as required in section 429.27, F.S.

(k) For any facility that maintains a separate trust fund to receive funds or other property belonging to or due a resident, a copy

AMERICAN OVERSIGHT

of the quarterly written statement of funds or other property disbursed as required in section 429.27, F.S.

(l) If the resident is an OSS recipient, a copy of the Department of Children and Families form Alternate Care Certification for Optional State Supplementation (OSS), CF-ES 1006, October 2005, which is hereby incorporated by reference and available for review at: http://www.flrules.org/Gateway/reference.asp?No=Ref-04004. The absence of this form will not be the basis for administrative action against a facility if the facility can demonstrate that it has made a good faith effort to obtain the required documentation from the Department of Children and Families.

(m) Documentation of the appointment of a health care surrogate, health care proxy, guardian, or the existence of a power of attorney, where applicable.

(n) For hospice patients, the interdisciplinary care plan and other documentation that the resident is a hospice patient as required in rule 59A-36.006, F.A.C.

(o) The resident's Do Not Resuscitate Order, DH Form 1896, if applicable.

(p) For independent living residents who receive meals and occupy beds included within the licensed capacity of an assisted living facility, but who are not receiving any personal, limited nursing, or extended congregate care services, record keeping may be limited to the following at the discretion of the facility:

1. A log listing the names of residents participating in this arrangement,
2. The resident demographic data required in this paragraph,
3. The health assessment described in rule 59A-36.006, F.A.C.,
4. The resident's contract described in rule 59A-36.018, F.A.C.; and,
5. A health care provider's order for a therapeutic diet if such diet is prescribed and the resident participates in the meal plan offered by the facility.

(q) Except for resident contracts, which must be retained for 5 years, all resident records must be retained for 2 years following the departure of a resident from the facility unless it is required by contract to retain the records for a longer period of time. Upon request, residents must be provided with a copy of their records upon departure from the facility.

(r) Additional resident records requirements for facilities holding a limited mental health, extended congregate care, or limited nursing services license are provided in rules 59A-36.020, 59A-36.021 and 59A-36.022, F.A.C., respectively.

(4) RECORD INSPECTION.

(a) The resident's records must be available to the resident; the resident's legal representative, designee, surrogate, guardian, attorney in fact, or case manager; or the resident's estate, and such additional parties as authorized in writing or by law.

(b) Pursuant to section 429.35, F.S., agency reports that pertain to any agency survey, inspection, or monitoring visit must be available to the residents and the public. In facilities that are co-located with a licensed nursing home, the inspection of record for all common areas is the nursing home inspection report.

59A-36.018 Resident Contracts.

(1) Pursuant to section 429.24, F.S., the facility must offer a contract for execution by the resident or the resident's legal representative before or at the time of admission. The contract must contain the following provisions:

(a) A list of the specific services, supplies and accommodations to be provided by the facility to the resident, including limited nursing and extended congregate care services that the resident elects to receive;

(b) The daily, weekly, or monthly rate;

(c) A list of any additional services and charges to be provided that are not included in the daily, weekly, or monthly rates, or a reference to a separate fee schedule that must be attached to the contract;

(d) A provision stating that at least 30 days written notice will be given before any rate increase;

(e) Any rights, duties, or obligations of residents, other than those specified in section 429.28, F.S.;

(f) The purpose of any advance payments or deposit payments, and the refund policy for such advance or deposit payments;

(g) A refund policy that must conform to section 429.24(3), F.S.;

(h) A written bed hold policy and provisions for terminating a bed hold agreement if a facility agrees in writing to reserve a bed for a resident who is admitted to a nursing home, health care facility, or psychiatric facility. The resident or responsible party must notify the facility in writing of any change in status that would prevent the resident from returning to the facility. Until such written notice is received, the agreed upon daily, weekly, or monthly rate may be charged by the facility unless the resident's medical condition prevents the resident from giving written notification, such as when a resident is comatose, and the resident does not have a responsible party to act on the resident's behalf;

(i) A provision stating whether the facility is affiliated with any religious organization and, if so, which organization and its relationship to the facility;

(j) A provision that, upon determination by the administrator or health care provider that the resident needs services beyond those that the facility is licensed to provide, the resident or the resident's representative, or agency acting on the resident's behalf, must be notified in writing that the resident must make arrangements for transfer to a care setting that is able to provide services needed by the resident. In the event the resident has no one to represent him or her, the facility must refer the resident to the social service agency for placement. If there is disagreement regarding the appropriateness of placement, provisions outlined in section 429.26(8), F.S., will take effect;

(k) A provision that residents must be assessed upon admission pursuant to subsection 59A-36.006(2), F.A.C., and every 3 years thereafter, or after a significant change, pursuant to subsection (4), of that rule;

(l) The facility's policies and procedures for self-administration, assistance with self-administration, and administration of medications, if applicable, pursuant to rule 59A-36.008, F.A.C. This also includes provisions regarding over-the-counter (OTC) products pursuant to subsection (8) of that rule; and,

(m) The facility's policies and procedures related to a properly executed DH Form 1896, Do Not Resuscitate Order.

(2) The resident, or the resident's representative, must be provided with a copy of the executed contract.

(3) The facility may not levy an additional charge for any supplies, services, or accommodations that the facility has agreed by contract to provide as part of the standard daily, weekly, or monthly rate. The resident or resident's representative must be furnished in advance with an itemized written statement setting forth additional charges for any services, supplies, or accommodations available to residents not covered under the contract. An addendum must be added to the resident contract to reflect the additional services, supplies, or accommodations not provided under the original agreement. Such addendum must be dated and signed by the facility and the resident or resident's legal representative and a copy given to the resident or resident's representative.

59A-36.019 Emergency Management.

(1) EMERGENCY PLAN COMPONENTS. Pursuant to section 429.41, F.S., each facility must prepare a written comprehensive emergency management plan in accordance with the "Emergency Management Criteria for Assisted Living Facilities," dated October 1995, which is incorporated by reference and available at http://www.flrules.org/Gateway/reference.asp?No=Ref-04010. This document is available from the local emergency management

AMERICAN OVERSIGHT

agency. The emergency management plan must, at a minimum, address the following:

(a) Provision for all hazards;

(b) Provision for the care of residents remaining in the facility during an emergency, including pre-disaster or emergency preparation; protecting the facility; supplies; emergency power; food and water; staffing; and emergency equipment;

(c) Provision for the care of residents who must be evacuated from the facility during an emergency including identification of such residents and transfer of resident records; evacuation transportation; sheltering arrangements; supplies; staffing; emergency equipment; and medications;

(d) Provision for the care of additional residents who may be evacuated to the facility during an emergency including the identification of such residents, staffing, and supplies;

(e) Identification of residents with Alzheimer's disease or related disorders, and residents with mobility limitations who may need specialized assistance either at the facility or in case of evacuation;

(f) Identification of and coordination with the local emergency management agency;

(g) Arrangement for post-disaster activities including responding to family inquiries, obtaining medical intervention for residents, transportation, and reporting to the local emergency management agency the number of residents who have been relocated, and the place of relocation; and,

(h) The identification of staff responsible for implementing each part of the plan.

(2) EMERGENCY PLAN APPROVAL. The plan must be submitted for review and approval to the local emergency management agency.

(a) If the local emergency management agency requires revisions to the emergency management plan, such revisions must be made and the plan resubmitted to the local office within 30 days of receiving notification that the plan must be revised.

(b) A new facility as described in rule 59A-36.014, F.A.C., and facilities whose ownership has been transferred, must submit an emergency management plan within 30 days after obtaining a license.

(c) The facility must review its emergency management plan on an annual basis. Any substantive changes must be submitted to the local emergency agency for review and approval.

1. Changes in the name, address, telephone number, or position of staff listed in the plan are not considered substantive revisions for the purposes of this rule.

2. Changes in the identification of specific staff must be submitted to the local emergency management agency annually as a signed and dated addendum that is not subject to review and approval.

(d) The local emergency management agency is the final administrative authority for emergency management plans prepared by assisted living facilities.

(e) Any plan approved by the local emergency management agency is considered to have met all the criteria and conditions established in this rule.

(3) PLAN IMPLEMENTATION.

(a) All staff must be trained in their duties and are responsible for implementing the emergency management plan.

(b) If telephone service is not available during an emergency, the facility must request assistance from local law enforcement or emergency management personnel in maintaining communication.

(4) FACILITY EVACUATION. The facility must evacuate the premises during or after an emergency if so directed by the local emergency management agency.

(a) The facility must report the evacuation to the local office of emergency management or designee and to the agency within 6 hours of the evacuation order. If the evacuation takes more than 6 hours, the facility must report when the evacuation is completed.

(b) The facility must not be re-occupied until the area is cleared for reentry by the local emergency management agency or its designee and the facility can meet the immediate needs of the residents.

(c) A facility with significant structural damage must relocate residents until the facility can be safely re-occupied.

(d) The facility is responsible for knowing the location of all residents until the residents have been relocated to another facility.

(e) The facility must provide the agency with the name of a contact person who must be available by telephone 24 hours a day, seven days a week, until the facility is re-occupied.

(f) The facility must assist in the relocation of residents, and must cooperate with outreach teams established by the Department of Health or emergency management agency to assist in relocation efforts. Resident needs and preferences must be considered to the extent possible in any relocation decision.

AMERICAN OVERSIGHT

(5) EMERGENCY SHELTER. In the event a state of emergency has been declared and the facility is not required to evacuate the premises, the facility may provide emergency shelter above the facility's licensed capacity provided the following conditions are met:

(a) Life safety will not be jeopardized for any individual;

(b) The immediate needs of residents and other individuals sheltered at the facility can be met by the facility;

(c) The facility reports the number of individuals over its licensed capacity and the conditions causing it to the Agency Field Office within 48 hours or as soon as practical. As an alternative, the facility may report to the Agency Central Office at (850)412-4304. If the facility will continue to be over capacity after the declared emergency ends, the agency will review requests for excess capacity on a case-by-case basis; and,

(d) The facility maintains a log of the additional individuals being housed in the facility. The log must include the individual's name, usual address, and the dates of arrival and departure. The log must be available for review by representatives of the agency, the department, the local emergency management agency or its designee. The admissions and discharge log maintained by the facility may be used for this purpose provided the information is maintained in a manner that is easily accessible.

59A-36.020 Limited Mental Health.

(1) LICENSE APPLICATION.

(a) Any facility intending to admit one or more mental health residents must obtain a limited mental health license from the agency before accepting the mental health resident.

(b) Facilities applying for a limited mental health license that have uncorrected deficiencies or violations found during the facility's last survey, complaint investigation, or monitoring visit will be surveyed before the issuance of a limited mental health license to determine if such deficiencies or violations have been corrected.

(2) RECORDS.

(a) A facility with a limited mental health license must maintain an up-to-date admission and discharge log containing the names and dates of admission and discharge for all mental health residents. The admission and discharge log required in rule 59A-36.015, F.A.C., satisfies this condition provided that all mental health residents are clearly identified.

(b) Staff records must contain documentation that designated staff have completed limited mental health training as required by rule 59A-36.011, F.A.C.

(c) Resident records must include:

1. Documentation, provided by a mental health care provider within 30 days of the resident's admission to the facility, that the resident is a mental health resident as defined in section 394.4574, F.S., and that the resident is receiving social security disability or supplemental security income and optional state supplementation as follows:

a. An affirmative statement on the Alternate Care Certification for Optional State Supplementation (OSS) form, CF-ES 1006, October 2005, which is hereby incorporated by reference and available for review at: http://www.flrules.org/Gateway/reference.asp?No=Ref-03988, that the resident is receiving SSI or SSDI due to a mental disorder,

b. Written verification provided by the Social Security Administration that the resident is receiving SSI or SSDI for a mental disorder. Such verification may be acquired from the Social Security Administration upon obtaining a release from the resident permitting the Social Security Administration to provide such information, or

c. A written statement from the resident's case manager or other mental health care provider that the resident is an adult with severe and persistent mental disorder. The case manager or other mental health care provider must consider the following minimum criteria in making that determination:

(I) The resident is eligible for, is receiving, or has received mental health services within the last 5 years, or

(II) The resident has been diagnosed as having a severe or persistent mental disorder.

2. An appropriate placement assessment provided by the resident's mental health care provider within 30 days of admission to the facility that the resident has been assessed and found appropriate for residence in an assisted living facility. Such assessment must be conducted by a psychiatrist, clinical psychologist, clinical social worker, psychiatric nurse, or an individual supervised by one of these professionals.

a. Any of the following documentation that contains the name of the resident and the name, signature, date, and license number, if applicable, of the person making the assessment, meets this requirement:

AMERICAN OVERSIGHT

(I) Completed Alternate Care Certification for Optional State Supplementation (OSS) form, CF-ES Form 1006,

(II) Discharge Statement from a state mental hospital completed no more than 90 days before admission to the assisted living facility provided it contains a statement that the individual is appropriate to live in an assisted living facility, or

(III) Other signed statement that the resident has been assessed and found appropriate for residency in an assisted living facility.

b. A mental health resident returning to a facility from treatment in a hopsital or crisis stabilization unit will not be considered a new admission and will not require a new assessment. However, a break in a resident's residency that requires the facility to execute a new resident contract or admission agreement will be considered a new admission and the resident's mental health care provider must provide a new assessment.

3. A Community Living Support Plan. Each mental health resident and the resident's mental health case manager must, in consultation with the facility administrator, prepare a plan within 30 days of the resident's admission to the facility or within 30 days after receiving the appropriate placement assessment in paragraph (2)(c), whichever is later, that:

a. Includes the specific needs of the resident that must be met in order to enable the resident to live in the assisted living facility and the community,

b. Includes the clinical mental health services to be provided by the mental health care provider to help meet the resident's needs, and the frequency and duration of such services,

c. Includes any other services and activities to be provided by or arranged for by the mental health care provider or mental health case manager to meet the resident's needs, and the frequency and duration of such services and activities,

d. Includes the obligations of the facility to facilitate and assist the resident in attending appointments and arranging transportation to appointments for the services and activities identified in the plan that have been provided or arranged for by the resident's mental health care provider or case manager,

e. Includes a description of other services to be provided or arranged by the facility,

f. Includes a list of factors pertinent to the care, safety, and welfare of the mental health resident and a description of the signs and symptoms particular to the resident that indicate the immediate need for professional mental health services,

g. Is in writing and signed by the mental health resident, the resident's mental health case manager, and the assisted living facility administrator or manager and a copy placed in the resident's file. If the resident refuses to sign the plan, the resident's mental health case manager must add a statement that the resident was asked but refused to sign the plan,

h. Is updated at least annually or if there is a significant change in the resident's behavioral health,

i. May include the Cooperative Agreement described in subparagraph (2)(c)4. If included, the mental health care provider must also sign the plan; and,

j. Must be available for inspection to those who have legal authority to review the document.

4. Cooperative Agreement. The mental health care provider for each mental health resident and the facility administrator or designee must prepare a written statement, within 30 days of the resident's admission to the facility or receipt of the resident's appropriate placement assessment, whichever is later. The statement:

a. Provides procedures and directions for accessing emergency and after-hours care for the mental health resident. The provider must furnish the resident and the facility with the provider's 24-hour emergency crisis telephone number;

b. Must be signed by the administrator or designee and the mental health care provider, or by a designated representative of a Medicaid prepaid health plan if the resident is on a plan and the plan provides behavioral health services in section 409.912, F.S.;

c. May cover all mental health residents of the facility who are clients of the same provider; and,

d. May be included in the Community Living Support Plan described in subparagraph (2)(c)3.

5. Missing documentation will not be the basis for administrative action against a facility if the facility can demonstrate that it has made a good faith effort to obtain the required documentation from the appropriate party. A documented request for such missing documentation made by the facility administrator within 72 hours of the resident's admission will be considered a good faith effort. The documented request must include the name, title, and phone number of the person to whom the request was made and must be kept in the resident's file.

(3) RESPONSIBILITIES OF FACILITY. In addition to the staffing and care standards of this rule chapter to provide for the welfare of residents in an assisted living facility, a facility holding a limited mental health license must:

(a) Meet the facility's obligation to assist the resident in carrying out the activities identified in the Community Living Support Plan;

(b) Provide an opportunity for private face-to-face contact between the mental health resident and the resident's mental health

AMERICAN OVERSIGHT

case manager or other treatment personnel of the resident's mental health care provider;

(c) Observe resident behavior and functioning in the facility, and record and communicate observations to the resident's mental health case manager or mental health care provider regarding any significant behavioral or situational changes that may signify the need for a change in the resident's professional mental health services, supports, and services described in the community living support plan, or that the resident is no longer appropriate for residency in the facility;

(d) If the facility initiates an involuntary mental health examination pursuant to section 394.463, F.S., the facility must document the circumstances leading to the initiation of the examination;

(e) Ensure that designated staff have completed limited mental health training as required by rule 59A-36.011, F.A.C.; and,

(f) Maintain facility, staff, and resident records in accordance with the requirements of this rule chapter.

59A-36.021 Extended Congregate Care Services.

(1) LICENSING.

(a) Any facility intending to establish extended congregate care services must obtain a license from the agency before accepting residents needing extended congregate care services.

(b) Only the portion of a facility that meets the physical requirements of subsection (3), and is staffed in accordance with subsection (4), is considered licensed to provide extended congregate care services to residents who meet the admission and continued residency requirements of this rule.

(2) EXTENDED CONGREGATE CARE POLICIES. Policies and procedures established through extended congregate care services must promote resident independence, dignity, choice, and decision-making. The facility must develop and implement specific written policies and procedures that address:

(a) Aging in place;

(b) The facility's residency criteria developed in accordance with the admission and discharge requirements described in subsection (5), and extended congregate care services listed in subsection (8);

(c) The personal and supportive services the facility intends to provide, how the services will be provided, and the identification of staff positions to provide the services including their relationship to the facility;

(d) The nursing services the facility intends to provide, identification of staff positions to provide nursing services, and the license status, duties, general working hours, and supervision of such staff;

(e) Identifying potential unscheduled resident service needs and mechanisms for meeting those needs including the identification of resources to meet those needs;

(f) A process for mediating conflicts among residents regarding choice of room or apartment and roommate; and,

(g) How to involve residents in decisions concerning the resident. The services must provide opportunities and encouragement for the resident to make personal choices and decisions. If a resident needs assistance to make choices or decisions, a family member or other resident representative must be consulted. Choices must include at a minimum whether:

1. To participate in the process of developing, implementing, reviewing, and revising the resident's service plan,

2. To remain in the same room in the facility, except that a current resident transferring into an extended congregate care services may be required to move to the part of the facility licensed for extended congregate care, if only part of the facility is so licensed,

3. To select among social and leisure activities,

4. To participate in activities in the community. At a minimum the facility must arrange transportation to such activities if requested by the resident; and,

5. To provide input with respect to the adoption and amendment of facility policies and procedures.

(3) STAFFING REQUIREMENTS. The following staffing requirements apply for extended congregate care services:

(a) Supervision by an administrator who has a minimum of two years of managerial, nursing, social work, therapeutic recreation, or counseling experience in a residential, long-term care, or acute care setting or agency serving elderly or disabled persons. If an administrator appoints a manager as the supervisor of an extended congregate care facility, both the administrator and manager must satisfy the requirements of subsection 59A-36.010(1), F.A.C.

1. A baccalaureate degree may be substituted for one year of the required experience.

AMERICAN OVERSIGHT

2. A nursing home administrator licensed under chapter 468, F.S., is qualified under this paragraph.

(b) Provide staff or contract the services of a nurse who must be available to provide nursing services, participate in the development of resident service plans, and perform monthly nursing assessments for extended congregate care residents.

(c) Provide enough qualified staff to meet the needs of extended congregate care residents in accordance with rule 59A-36.010, F.A.C., and to provide the services established in each resident's service plan.

(d) Ensure that adequate staff is awake during all hours to meet the scheduled and unscheduled needs of residents.

(e) Immediately provide additional or appropriately qualified staff, when the agency determines that service plans are not being followed or that residents' needs are not being met because insufficient staffing, in accordance with the staffing standards established in rule 59A-36.010, F.A.C.

(f) Ensure and document that staff receive extended congregate care training as required in rule 59A-36.011, F.A.C.

(4) ADMISSION AND CONTINUED RESIDENCY.

(a) An individual must meet the following minimum criteria in order to receive extended congregate care services:

1. Be at least 18 years of age;

2. Be free from signs and symptoms of a communicable disease that is likely to be transmitted to other residents or staff; however, an individual who has human immunodeficiency virus (HIV) infection may be admitted to a facility, provided that he or she would otherwise be eligible for admission according to this rule;

3. Be able to transfer, with assistance if necessary. The assistance of more than one individual is permitted;

4. Not be a danger to self or others as determined by a health care provider or mental health practitioner licensed under chapter 490 or 491, F.S.;

5. Not be bedridden;

6. Not have any stage 3 or 4 pressure sores;

7. Not require any of the following nursing services:

a. Artificial airway management of any kind except that of continuous positive airway pressure may be provided through the use of a CPAP or bipap machine,

b. Nasogastric tube feeding,

c. Monitoring of blood gases,

d. Management of post-surgical drainage tubes or wound vacuums,

e. Skilled rehabilitative services as described in rule 59G-4.290, F.A.C., or

f. Treatment of a surgical incision, unless the surgical incision and the condition that caused it have been stabilized and a plan of care developed. The plan of care must be maintained in the resident's record at the facility.

8. Not require 24-hour nursing supervision; and,

9. Have been determined to be appropriate for admission to the facility by the facility administrator or manager. The administrator or manager must base his or her decision on:

a. An assessment of the strengths, needs, and preferences of the individual, the health assessment required by subsection (6) of this rule, and the preliminary service plan developed in subsection (7),

b. The facility's residency criteria, and services offered or arranged for by the facility to meet resident needs; and,

c. The ability of the facility to meet the uniform fire safety standards for assisted living facilities established in rule chapter 69A-40, F.A.C.

(b) Criteria for continued residency in an extended congregate care services must be the same as the criteria for admission, except as specified below.

1. A resident may be bedridden for up to 14 consecutive days.

2. A terminally ill resident who no longer meets the criteria for continued residency may continue to reside in the facility if the following conditions are met:

a. The resident qualifies for, is admitted to, and consents to the services of a licensed hospice that coordinates and ensures the provision of any additional care and services that may be needed,

b. Continued residency is agreeable to the resident and the facility,

c. An interdisciplinary care plan, which specifies the services being provided by hospice and those being provided by the facility, is developed and implemented by a licensed hospice in consultation with the facility; and,

d. Documentation of the requirements of subparagraph (5)(b)2., is maintained in the resident's file.

AMERICAN OVERSIGHT

3. The extended congregate care administrator or manager is responsible for monitoring the appropriateness of continued residency of a resident in extended congregate care services at all times.

4. A hospice resident that meets the qualifications of continued residency pursuant to this rule may only receive services from the assisted living facility's staff within the scope of the facility's license.

5. Staff may provide any nursing service permitted under the facility's license and total help with the activities of daily living for residents admitted to hospice. Staff may not exceed the scope of their professional licensure or training in any licensed assisted living facility.

(5) HEALTH ASSESSMENT. Before receiving extended congregate care services, all persons. including residents transferring within the same facility to that portion of the facility licensed to provide extended congregate care services, must be examined by a health care provider pursuant to rule 59A-36.006, F.A.C. A health assessment conducted no more than 60 days before receiving extended congregate care services meets this requirement. Once receiving services, a new health assessment must be obtained at least annually.

(6) SERVICE PLANS.

(a) Before receiving services, the extended congregate care administrator or manager must develop a preliminary service plan that includes an assessment of whether the resident meets the facility's residency criteria, an appraisal of the resident's unique physical, psychological and social needs and preferences, and an evaluation of the facility's ability to meet the resident's needs.

(b) Within 14 days of receiving services, the extended congregate care administrator or manager must coordinate the development of a written service plan that takes into account the resident's health assessment obtained pursuant to subsection (6); the resident's unique physical, psychological and social needs and preferences; and how the facility will meet the resident's needs including the following if required:

1. Health monitoring,
2. Assistance with personal care services,
3. Nursing services,
4. Supervision,
5. Special diets,
6. Ancillary services,
7. The provision of other services such as transportation and supportive services; and,
8. The manner of service provision, and identification of service providers, including family and friends, in keeping with resident preferences.

(c) Pursuant to the definitions of "shared responsibility" and "managed risk" as provided in section 429.02, F.S., the service plan must be developed and agreed upon by the resident or the resident's representative or designee, surrogate, guardian, or attorney-in-fact, and must reflect the responsibility and right of the resident to consider options and assume risks when making choices pertaining to the resident's service needs and preferences.

(d) The service plan must be reviewed and updated quarterly to reflect any changes in the manner of service provision, accommodate any changes in the resident's physical or mental status, or pursuant to recommendations for modifications in the resident's care as documented in the nursing assessment.

(7) EXTENDED CONGREGATE CARE SERVICES. All services must be provided in the least restrictive environment, and in a manner that respects the resident's independence, privacy, and dignity.

(a) A facility providing extended congregate care services may provide supportive services including social service needs, counseling, emotional support, networking, assistance with securing social and leisure services, shopping service, escort service, companionship, family support, information and referral, assistance in developing and implementing self-directed activities, and volunteer services. Family or friends must be encouraged to provide supportive services for residents. The facility must provide training for family or friends to enable them to provide supportive services in accordance with the resident's service plan.

(b) A facility providing extended congregate care services must make available the following additional services if required by the resident's service plan:

1. Total help with bathing, dressing, grooming and toileting,
2. Nursing assessments conducted more frequently than monthly,
3. Measurement and recording of basic vital functions and weight,
4. Dietary management including provision of special diets, monitoring nutrition, and observing the resident's food and fluid

AMERICAN OVERSIGHT

intake and output,

5. Assistance with self-administered medications, or the administration of medications and treatments pursuant to a health care provider's order. If the individual needs assistance with self-administration the facility must inform the resident of the qualifications of staff who will be providing this assistance, and if unlicensed persons will be providing such assistance, obtain the resident's or the resident's surrogate, guardian, or attorney-in-fact's informed written consent to provide such assistance as required in section 429.256, F.S.,

6. Supervision of residents with dementia and cognitive impairments,

7. Health education and counseling and the implementation of health-promoting programs and preventive regimes,

8. Provision or arrangement for rehabilitative services; and,

9. Provision of escort services to health-related appointments.

(c) Nursing staff providing extended congregate care services may provide any nursing service permitted within the scope of their license consistent with the residency requirements of this rule and the facility's written policies and procedures, provided the nursing services are:

1. Authorized by a health care provider's order and pursuant to a plan of care,

2. Medically necessary and appropriate for treatment of the resident's condition,

3. In accordance with the prevailing standard of practice in the nursing community,

4. A service that can be safely, effectively, and efficiently provided in the facility,

5. Recorded in nursing progress notes; and,

6. In accordance with the resident's service plan.

(d) At least monthly, or more frequently if required by the resident's service plan, a nursing assessment of the resident must be conducted.

(8) RECORDS. In addition to the records required in rule 59A-36.015, F.A.C., a facility providing extended congregate care services must maintain the following:

(a) The service plans for each resident receiving extended congregate care services;

(b) The nursing progress notes for each resident receiving nursing services;

(c) Nursing assessments; and,

(d) The facility's extended congregate care policies and procedures.

(9) DISCHARGE. If the facility and the resident are unable to agree on a service plan, the facility is unable to meet the resident's needs as identified in the service plan, or the resident no longer meets the criteria for continued residency, the resident must be discharged or relocated in accordance with sections 429.26 and 429.28, F.S.

59A-36.022 Limited Nursing Services.

Any facility intending to provide limited nursing services must obtain a license from the agency.

(1) NURSING SERVICES. In addition to any nursing service permitted under a standard license pursuant to section 429.255, F.S., a facility with a limited nursing services license may provide nursing care to residents who do not require 24-hour nursing supervision and to residents who do require 24-hour nursing care and are enrolled in hospice.

(2) RESIDENT CARE STANDARDS.

(a) A resident receiving limited nursing services in a facility holding only a standard and limited nursing services license must meet the admission and continued residency criteria specified in rule 59A-36.006, F.A.C.

(b) In accordance with rule 59A-36.010, F.A.C., the facility must employ sufficient and qualified staff to meet the needs of residents requiring limited nursing services based on the number of such residents and the type of nursing service to be provided.

(c) Limited nursing services may only be provided as authorized by a health care provider's order, a copy of which must be maintained in the resident's file.

(d) Facilities licensed to provide limited nursing services must employ or contract with a nurse(s) who must be available to provide such services as needed by residents. The facility's employed or contracted nurse must coordinate with third party nursing services providers to ensure resident care is provided in a safe and consistent manner. The facility must maintain documentation of the qualifications of nurses providing limited nursing services in the facility's personnel files.

AMERICAN OVERSIGHT

(e) The facility must ensure that nursing services are conducted and supervised in accordance with chapter 464, F.S., and the prevailing standard of practice in the nursing community.

(3) RECORDS.

(a) A record of all residents receiving limited nursing services and the type of services provided must be maintained at the facility.

(b) Nursing progress notes must be maintained for each resident who receives limited nursing services.

(c) A nursing assessment conducted at least monthly must be maintained on each resident who receives a limited nursing service.

59A-36.023 Administrative Enforcement.

Facility staff must cooperate with agency personnel during surveys, complaint investigations, monitoring visits, license application and renewal procedures and other activities necessary to ensure compliance with Part II, Chapter 408, F.S., Part I, Chapter 429, F.S., Rule Chapter 59A-35, F.A.C., and this rule chapter.

(1) Abbreviated Survey.

(a) An applicant for license renewal who does not have any class I or class II violations or uncorrected class III violations, confirmed long-term care ombudsman program complaints, or confirmed licensing complaints within the two licensing periods immediately preceding the current renewal date, is eligible for an abbreviated biennial survey by the agency. For the purpose of this rule, a confirmed long-term care ombudsman program complaint is a complaint that is verified and referred to a regulatory agency for further action. Facilities that do not have two survey reports on file with the agency under current ownership are not eligible for an abbreviated inspection. Upon arrival at the facility, the agency must inform the facility that it is eligible for an abbreviated survey, and that an abbreviated survey will be conducted.

(b) Compliance with key quality of care standards described in the following statutes and rules will be used by the agency during its abbreviated survey of eligible facilities:

1. Section 429.26, F.S., and Rule 58A-5.0181, F.A.C., relating to residency criteria;

2. Section 429.27, F.S., and Rule 58A-5.021, F.A.C., relating to proper management of resident funds and property;

3. Section 429.28, F.S., and Rule 58A-5.0182, F.A.C., relating to respect for resident rights;

4. Section 429.41, F.S., and Rule 58A-5.0182, F.A.C., relating to the provision of supervision, assistance with the activities of daily living, and arrangement for appointments and transportation to appointments;

5. Section 429.256, F.S., and Rule 58A-5.0185, F.A.C., relating to assistance with or administration of medications;

6. Section 429.41, F.S., and Rule 58A-5.019, F.A.C., relating to the provision of sufficient staffing to meet resident needs;

7. Section 429.41, F.S., and Rule 58A-5.020, F.A.C., relating to minimum dietary requirements and proper food hygiene;

8. Section 429.075, F.S., and Rule 58A-5.029, F.A.C., relating to mental health residents' community support living plan;

9. Section 429.07, F.S., and Rule 58A-5.030, F.A.C., relating to meeting the environmental standards and residency criteria in a facility with an extended congregate care license; and

10. Section 429.07, F.S., and Rule 58A-5.031, F.A.C., relating to the provision of care and staffing in a facility with a limited nursing services license.

(c) The agency will expand the abbreviated survey or conduct a full survey if violations which threaten or potentially threaten the health, safety, or welfare of residents are identified during the abbreviated survey. The facility must be informed when a full survey will be conducted. If one or more of the following serious problems are identified during an abbreviated survey, a full biennial survey will be immediately conducted:

1. Violations of Rule Chapter 69A-40, F.A.C., relating to firesafety, that threaten the life or safety of a resident;

2. Violations relating to staffing standards or resident care standards that adversely affect the health, safety, or welfare of a resident;

3. Violations relating to facility staff rendering services for which the facility is not licensed; or

4. Violations relating to facility medication practices that are a threat to the health, safety, or welfare of a resident.

(2) Survey Deficiency.

(a) Before or in conjunction with a notice of violation issued pursuant to Part II, Chapter 408, F.S., and Section 429.19, F.S., the

AMERICAN OVERSIGHT

agency shall issue a statement of deficiency for class I, II, III, and IV violations which are observed by agency personnel during any inspection of the facility. The deficiency statement must be issued within 10 working days of the agency's inspection and must include:

1. A description of the deficiency;

2. A citation to the statute or rule violated; and

3. A time frame for the correction of the deficiency.

(b) Additional time may be granted to correct specific deficiencies if a written request is received by the agency before the expiration of the time frame included in the agency's statement.

(3) Employment of A Consultant.

(a) Medication Deficiencies.

1. If a class I, class II, or uncorrected class III deficiency directly relating to facility medication practices as established in Rule 58A-5.0185, F.A.C., is documented by agency personnel pursuant to an inspection of the facility, the agency must notify the facility in writing that the facility must employ or contract the services of a pharmacist licensed pursuant to Section 465.0125, F.S., or registered nurse as determined by the agency.

2. After developing and imprementing a corrective action plan in compliance with Section 429.42(2), F.S., the initial on-site consultant visit must take place within 7 working days of the notice of a class I or class II deficiency and within 14 working days of the notice of an uncorrected class III deficiency. The facility must have available for review by the agency a copy of the license of the consultant pharmacist or registered nurse and the consultant's signed and dated review of the corrective action plan no later than 10 working days subsequent to the initial on-site consultant visit.

3. The facility must provide the agency with, at a minimum, quarterly on-site corrective action plan updates until the agency determines after written notification by the consultant and facility administrator that deficiencies are corrected and staff has been trained to ensure that proper medication standards are followed and that such consultant services are no longer required. The agency must provide the facility with written notification of such determination.

(b) Dietary Deficiencies.

1. If a class I, class II, or uncorrected class III deficiency directly related to dietary standards as established in Rule 58A-5.020, F.A.C., is documented by agency pursuant to an inspection of the facility, the agency must notify the facility in writing that the facility must employ or contract the services of a registered or licensed dietitian, or a licensed nutritionist.

2. The initial on-site consultant visit must take place within seven working days of the notice of a class I or II deficiency or within 14 working days of the notice of an uncorrected class III deficiency. The facility must have available for review by the agency a copy of the license or registration of the consultant dietitian or nutritionist and the consultant's signed and dated review of the facility's corrective action plan, if a plan is required by the agency, no later than 10 working days after the initial on-site consultant visit.

3. If a corrective action plan is required, the facility must provide the agency with, at a minimum, quarterly on-site corrective action plan updates until the agency determines after written notification by the dietary consultant and facility administrator, that deficiencies are corrected and staff has been trained to ensure that proper dietary standards are followed and consultant services are no longer required. The agency must provide the facility with written notification of such determination.

59A-36.024 Waivers.

The agency, in consultation with the department, may waive rules promulgated pursuant to part I, chapter 429, F.S., if the waiver request meets the conditions set forth in section 429.41(4), F.S., and demonstrates and evaluates innovative or cost-effective congregate care alternatives which will enable individuals to age in place.

(1) Application Process.

(a) Licensed assisted living facilities proposing a waiver under this statute must submit the request in writing. All requests must include the facility name and address, license number, administrator's name and contact information for the requestor, or its attorney. Petitions for waiver of rules other than for the objectives detailed in section 429.41(4), F.S., including emergency waivers, will not be considered under this section but should follow the petition for waiver provisions of section 120.542, F.S., and rule chapter 28-104, Variance or Waiver, F.A.C.

AMERICAN OVERSIGHT

(b) The written request must address the elements required in section 429.41(4), F.S. In addition, the following information must be included in order to demonstrate how a waiver of the stated rule will permit development of a concept that will achieve the purpose of the underlying statute:

1. The rule or rules for which the waiver is requested.

2. The licensee's anticipated date or dates for implementation of the concept.

3. If applying based on cost-effectiveness or cost-savings, a cost-benefit analysis of the proposed alternative to both residents or potential residents as well as facility operations.

4. An analysis of the impact the alternative will have on the relevant local community, including any barriers such as zoning or use issues, which may need resolution prior to implementation.

5. Specific performance measures with an annual projection of objectives and goals to be achieved broken into quarterly increments or an annual projection of outcome measures, if the concept will be implemented in less than 90 days.

6. If applying based on cost-effectiveness or cost-savings, an annual budget projection for the proposed alternative broken into quarterly increments.

(c) A waiver can be requested at the time of the initial license application, relicensure, or any time during the licensure period.

(d) Waiver requests must be submitted to the Agency for Health Care Administration, Assisted Living Unit, 2727 Mahan Drive, Mail Stop 30, Tallahassee, Florida 32308-5403.

(2) In accordance with section 120.542(6), F.S., the agency shall post notice of the request within fifteen (15) days of receipt of the request. The agency shall make any requests for additional information within 30 days of receipt of the request. If additional information is provided, the agency may request clarification of only that information no later than 30 days following receipt of the information. The agency shall process the waiver request pursuant to the time frame referenced in section 120.542(8), F.S.

(3) The agency, in consultation with the department, will evaluate all requests in light of the likelihood the concept, as described in detail, will achieve the underlying statutory objectives of innovative or cost effective congregate care alternatives to enable individuals to age in place, as provided in section 429.41(4), F.S. Waivers may be granted only so long as there is reasonable assurance that the health, safety or welfare of residents will not be endangered by the waiver.

(4) The agency shall grant or deny the request for waiver and enter an order summarizing the facts it relied on and reasons supporting its decision. The agency must provide notice of its order as described in section 120.542(8), F.S. The requestor shall be advised that a denial of the request may be reviewed as provided in subsection (5) of this rule.

(5) Report of Findings. A facility that has been granted a waiver must submit an annual report within 12 months of the order granting the waiver as specified in section 429.41(4), F.S. If the report is not submitted as required, the agency may revoke the waiver.

(a) The agency will review the report of findings to determine whether the waiver shall be renewed or revoked. The agency shall make the determination based on whether the facility has met the requirements outlined in subparagraph (1)(b) of this rule. The agency shall enter an order providing the general basis for making its decision and notify the licensee of its opportunity to seek review of a revocation in accordance with sections 120.569 and 120.57, F.S. and rule 28-106.111, F.A.C.

(b) The agency may also consider other material which is available relative to this review.

(c) A waiver is effective unless revoked by the agency or superseded by statutory or regulatory change.

(d) In reviewing the report of findings, the agency, in consultation with the department, shall assess whether statutory or regulatory changes should be pursued to enable other facilities to adopt the same practices.

59A-36.025 Emergency Environmental Control for Assisted Living Facilities.

(1) DETAILED EMERGENCY ENVIRONMENTAL CONTROL PLAN. Each assisted living facility shall prepare a detailed plan ("plan") to serve as a supplement to its Comprehensive Emergency Management Plan, to address emergency environmental control in the event of the loss of primary electrical power in that assisted living facility which includes the following information:

(a) The acquisition of a sufficient alternate power source such as a generator(s), maintained at the assisted living facility, to ensure that current licensees of assisted living facilities will be equipped to ensure ambient air temperatures will be maintained at or below 81 degrees Fahrenheit for a minimum of ninety-six (96) hours in the event of the loss of primary electrical power.

1. The required temperature must be maintained in an area or areas, determined by the assisted living facility, of sufficient size

AMERICAN OVERSIGHT

to maintain residents safely at all times and that is appropriate for resident care needs and life safety requirements. For planning purposes, no less than twenty (20) net square feet per resident must be provided. The assisted living facility may use eighty percent (80%) of its licensed bed capacity as the number of residents to be used in the calculation to determine the required square footage. This may include areas that are less than the entire assisted living facility if the assisted living facility's comprehensive emergency management plan includes allowing a resident to congregate when he or she desires in portions of the building where temperatures will be maintained and includes procedures for monitoring residents for signs of heat related injury as required by this rule. This rule does not prohibit a facility from acting as a receiving provider for evacuees when the conditions stated in section 408.821, F.S. and subsection 59A-36.019(5), F.A.C., are met. The plan shall include information regarding the area(s) within the assisted living facility where the required temperature will be maintained.

2. The alternate power source and fuel supply shall be located in an area(s) in accordance with local zoning and the Florida Building Code.

3. Each assisted living facility is unique in size; the types of care provided; the physical and mental capabilities and needs of residents; the type, frequency, and amount of services and care offered; and staffing characteristics. Accordingly, this rule does not limit the types of systems or equipment that may be used to achieve ambient temperatures at or below 81 degrees Fahrenheit for a minimum of ninety-six (96) hours in the event of the loss of primary electrical power. The plan shall include information regarding the systems and equipment that will be used by the assisted living facility and the fuel required to operate the systems and equipment.

a. An assisted living facility in an evacuation zone pursuant to chapter 252, F, S. must maintain an alternative power source and fuel as required by this subsection at all times when the assisted living facility is occupied but is permitted to utilize a mobile generator(s) to enable portability if evacuation is necessary.

b. Assisted living facilities located on a single campus with other facilities under common ownership, may share fuel, alternative power resources, and resident space available on the campus if such resources are sufficient to support the requirements of each facility's residents, as specified in this rule. Details regarding how resources will be shared and any necessary movement of residents must be clearly described in the emergency power plan.

c. A multistory facility, whose comprehensive emergency management plan is to move residents to a higher floor during a flood or surge event, must place its alternative power source and all necessary additional equipment so it can safely operate in a location protected from flooding or storm surge damage.

(b) The acquisition of sufficient fuel, and safe maintenance of that fuel at the facility, to ensure that in the event of the loss of primary electrical power there is sufficient fuel available for the alternate power source to maintain ambient temperatures at or below 81 degrees Fahrenheit for a minimum of ninety-six (96) hours after the loss of primary electrical power during a declared state of emergency. The plan must include information regarding fuel source and fuel storage.

1. Facilities must store minimum amounts of fuel onsite as follows:

a. A facility with a licensed capacity of 16 beds or less must store 48 hours of fuel onsite.

b. A facility with a licensed capacity of 17 or more beds must store 72 hours of fuel onsite.

2. An assisted living facility located in an area in a declared state of emergency area pursuant to section 252.36, F.S. that may impact primary power delivery must secure ninety-six (96) hours of fuel. The assisted living facility may utilize portable fuel storage containers for the remaining fuel necessary for ninety-six (96) hours during the period of a declared state of emergency.

3. Piped natural gas is an allowable fuel source and meets the onsite fuel supply requirements under this rule.

4. If local ordinances or other regulations limit the amount of onsite fuel storage for the assisted living facility's location, then the assisted living facility must develop a plan that includes maximum onsite fuel storage allowable by the ordinance or regulation and a reliable method to obtain the maximum additional fuel at least 24 hours prior to depletion of onsite fuel.

(c) The acquisition of services necessary to maintain, and test the equipment and its functions to ensure the safe and sufficient operation of the alternate power source maintained at the assisted living facility.

(d) The acquisition and maintenance of a carbon monoxide alarm.

(2) SUBMISSION OF THE PLAN.

(a) Each assisted living facility licensed prior to the effective date of this rule shall submit its plan to the local emergency management agency for review within 30 days of the effective date of this rule. Assisted living facility plans previously submitted and approved pursuant to emergency rule 58AER17-1 will require resubmission only if changes are made to the plan.

(b) Each new assisted living facility shall submit the plan required under this rule prior to obtaining a license.

AMERICAN OVERSIGHT

(c) Each existing assisted living facility that undergoes any additions, modifications, alterations, refurbishment, renovations or reconstruction that require modification of its systems or equipment affecting the facility's compliance with this rule shall amend its plan and submit it to the local emergency management agency for review and approval.

(3) APPROVED PLANS.

(a) Each assisted living facility must maintain a copy of its approved plan in a manner that makes the plan readily available at the licensee's physical address for review by a legally authorized entity. If the plan is maintained in an electronic format, assisted living facility staff must be readily available to access and produce the plan. For purposes of this section, "readily available" means the ability to immediately produce the plan, either in electronic or paper format, upon request.

(b) Within two (2) business days of the approval of the plan from the local emergency management agency, the assisted living facility shall submit in writing proof of the approval to the Agency for Health Care Administration.

(c) The assisted living facility shall submit a consumer-friendly summary of the emergency power plan to the Agency. The Agency shall post the summary and notice of the approval and implementation of the assisted living facility emergency power plans on its website within ten (10) business days of the plan's approval by the local emergency management agency and update within ten (10) business days of implementation.

(4) IMPLEMENTATION OF THE PLAN.

(a) Each assisted living facility licensed prior to the effective date of this rule shall, no later than June 1, 2018, have implemented the plan required under this rule.

(b) The Agency shall allow an extension up to January 1, 2019 to providers in compliance with paragraph (c) below and who can show delays caused by necessary construction, delivery of ordered equipment, zoning or other regulatory approval processes. Assisted living facilities shall notify the Agency that they will utilize the extension and keep the Agency apprised of progress on a quarterly basis to ensure there are no unnecessary delays. If an assisted living facility can show in its quarterly progress reports that unavoidable delays caused by necessary construction, delivery of ordered equipment, zoning or other regulatory approval processes will occur beyond the initial extension date, the assisted living facility may request a waiver pursuant to section 120.542, F.S.

(c) During the extension period, an assisted living facility must make arrangements pending full implementation of its plan that provides the residents with an area or areas to congregate that meets the safe indoor air temperature requirements of subsection (1) (a) for a minimum of ninety-six (96) hours.

1. An assisted living facility not located in an evacuation zone must either have an alternative power source onsite or have a contract in place for delivery of an alternative power source and fuel when requested. Within twenty-four (24) hours of the issuance of a state of emergency for an event that may impact primary power delivery for the area of the assisted living facility, it must have the alternative power source and no less than ninety-six (96) hours of fuel stored onsite.

2. An assisted living facility located in an evacuation zone pursuant to chapter 252, F.S. must either:

a. Fully and safely evacuate its residents prior to the arrival of the event; or

b. Have an alternative power source and no less than ninety-six (96) hours of fuel stored onsite, within twenty-four (24) hours of the issuance of a state of emergency for the area of the assisted living facility.

(d) Each new assisted living facility shall implement the plan required under this rule prior to obtaining a license.

(e) Existing assisted living facilities that undergo any additions, modifications, alterations, refurbishment, renovations or reconstruction that require modification of the systems or equipment affecting the assisted living facility's compliance with this rule shall implement its amended plan concurrent with any such additions, modifications, alterations, refurbishment, renovations or reconstruction.

(f) The Agency for Health Care Administration may request cooperation from the State Fire Marshal to conduct inspections to ensure implementation of the plan in compliance with this rule.

(5) POLICIES AND PROCEDURES.

(a) Each assisted living facility shall develop and implement written policies and procedures to ensure that the assisted living facility can effectively and immediately activate, operate and maintain the alternate power source and any fuel required for the operation of the alternate power source. The procedures shall ensure that residents do not experience complications from fluctuations in ambient air temperatures inside the facility. Procedures must address the care of residents occupying the facility during a declared state of emergency, specifically, a description of the methods to be used to mitigate the potential for heat related injury including:

1. The use of cooling devices and equipment;

2. The use of refrigeration and freezers to produce ice and appropriate temperatures for the maintenance of medicines requiring

AMERICAN OVERSIGHT

refrigeration;

3. Wellness checks by assisted living facility staff to monitor for signs of dehydration and heat injury; and

4. A provision for obtaining medical intervention from emergency services for residents whose life safety is in jeopardy.

(b) Each assisted living facility shall maintain the written policies and procedures in a manner that makes them readily available at the licensee's physical address for review by a legally authorized entity. If the policies and procedures are maintained in an electronic format, assisted living facility staff must be readily available to access the policies and procedures and produce the requested information. For purposes of this section, "readily available" means the ability to immediately produce the policies and procedures, either in electronic or paper format, upon request.

(c) The written policies and procedures must be readily available for inspection by each resident; each resident's legal representative, designee, surrogate, guardian, attorney in fact, or case manager; each resident's estate; and such additional parties as authorized in writing or by law.

(6) REVOCATION OF LICENSE, FINES OR SANCTIONS. For a violation of any part of this rule, the Agency for Health Care Administration may seek any remedy authorized by chapter 429, part I, or chapter 408, part II, F.S., including, but not limited to, license revocation, license suspension, and the imposition of administrative fines.

(7) COMPREHENSIVE EMERGENCY MANAGEMENT PLAN.

(a) Assisted living facilities whose comprehensive emergency management plan is to evacuate must comply with this rule.

(b) Each facility whose plan has been approved shall submit the plan as an addendum with any future submissions for approval of its comprehensive emergency management plan.

(8) NOTIFICATION.

(a) Within five (5) business days, each assisted living facility must notify in writing, unless permission for electronic communication has been granted, each resident and the resident's legal representative:

1. Upon submission of the plan to the local emergency management agency that the plan has been submitted for review and approval;

2. Upon final implementation of the plan by the assisted living facility.

(b) Each assisted living facility must maintain a copy of each notification set forth in paragraph (a) above in a manner that makes each notification readily available at the licensee's physical address for review by a legally authorized entity. If the notifications are maintained in an electronic format, facility staff must be readily available to access and produce the notifications. For purposes of this section, "readily available" means the ability to immediately produce the notifications, either in electronic or paper format, upon request.

59A-36.027 ALF Core Training Provider Qualifications.

(1) PRIMARY REQUIREMENTS. In order to register as an assisted living facility core training provider (hereafter referred to as "core training provider," "training provider," or "provider"), all applicants must meet the requirements outlined in Section 429.52(10), F.S. The requirements are as follows:

(a) Completion of the minimum core training requirements developed by the Agency pursuant to Section 429.52(9), F.S., and Rule 59A-36.028, F.A.C.;

(b) Successful passage of the competency test, which requires a minimum score of 75%; and,

(c) Compliance with the minimum of 12 contact hours of continuing education in topics related to assisted living every 2 years pursuant to Section 429.52(5), F.S., and paragraph 59A-36.011(1)(c), F.A.C.

(2) ADDITIONAL REQUIREMENTS. In addition to meeting the 3 primary requirements set forth in subsection (1), of this rule, applicants must meet one of the requirements outlined in Section 429.52(11), F.S., or one of the requirements established in this subsection. The requirements are as follows:

(a) A minimum of 5 years of employment with the Agency for Health Care Administration (AHCA), or formerly the Department of Health and Rehabilitative Services, as a surveyor of assisted living facilities; or

(b) A minimum of 5 years of employment in a professional position in the AHCA Assisted Living Unit; or

(c) A minimum of 5 years of employment as an educator or staff trainer for persons working in an ALF or other long-term care (LTC) settings; or

(d) A minimum of 5 years of employment as an assisted living facility core trainer, which was not directly associated with the

AMERICAN OVERSIGHT

department; or

(e) A minimum of a 4-year degree from an accredited college or university in areas of healthcare, gerontology, social work, education or human services; and a minimum of 3 years experience as an educator or staff trainer for persons working in an ALF or other LTC settings after core certification.

59A-36.028 ALF Minimum Core Training Curriculum Requirements.

(1) CURRICULUM REQUIREMENTS. An approved core training provider must conduct core training using the curriculum outlined in AHCA Form 3180-1038, September 2019, which is incorporated by reference in this rule. The curriculum is available from the Agency for Health Care Administration, Assisted Living Unit, 2727 Mahan Drive, Tallahassee, FL 32308-5403 or the Agency's website at: http://acha.myflorida.com/MCHQ/Health_Facility_Regulation/Assisted_Living/alf.shtml.

(2) MONITORING. The Agency reserves the right to do the following:

(a) Attend and monitor core training courses;

(b) Review provider records and course materials pursuant to this rule; and,

(c) Conduct on-site monitoring, follow-up monitoring, and require implementation of a corrective action plan if the provider does not adhere to the approved curriculum.

59A-36.029 ALF Core Training Provider Initial Registration Process.

(1) REGISTRATION PROCESS.

(a) Before core training can be conducted, an applicant must meet the training provider qualifications outlined in section 429.52(10), F.S., and rule 59A-36.027, F.A.C. Additionally, an applicant must register with, and obtain from, the Agency a unique provider registration number as set forth in this subsection.

(b) An applicant must complete ACHA Form 3180-1039, Application for Assisting Living Facility (ALF) Core Training Provider Registration, September, 2019. The form is hereby incorporated by reference and may be obtained from the Agency for Health Care Administration, Assisted Living Unit, 2727 Mahan Drive, Tallahassee, FL 32308-5403 or the Agency's website at: http://ahca.myflorida.com/MCHQ/Health_Facility_Regulation/Assisted_Living/alf.shtml.

(2) APPROVAL PROCESS. Within 30 calendar days after receiving a core training provider application, the Agency must submit written notification approving or denying the application, or requesting supplemental information or clarification.

(a) If the application is approved, the Agency must include a unique provider registration number in the notice.

(b) If the application is denied, the Agency must provide the reason or reasons for denial in the notice.

(c) If the application is determined to require supplemental information or clarification, the Agency must state the supplemental information or clarification that is being requested.

1. If the Agency does not receive the requested information within 30 calendar days of the request, the application will be deemed incomplete and closed.

2. If the Agency receives the requested information within 30 calendar days of the request, the Agency must process the training provider application within 30 calendar days after all required information is received.

59A-36.030 Process for Maintaining ALF Core Training Provider Registration.

(1) MAINTAINING ALF CORE TRAINING PROVIDER REGISTRATION.

(a) After receiving the initial core training provider registration, the approved provider must re-register with the Agency every 2 years by submitting documentation of his or her compliance with the continuing education requirement as specified in section 429.52(5), F.S., and this rule.

(b) The provider must submit the documentation to the address referenced on AHCA Form 3180-1038. It must be submitted no later than 30 calendar days after each two-year continuing education cycle. The 2-year cycle begins on the date of the initial training provider registration. Documentation must include the following:

1. Title of the training program;

AMERICAN OVERSIGHT

2. Subject matter of the training program;

3. The training program agenda including topics discussed;

4. The core training provider's name and registration number;

5. Date(s) of participation;

6. Number of hours of the training program; and

7. The continuing education training provider's name, signature, credentials, and professional license number, if applicable.

(2) APPROVAL PROCESS.

(a) Within 30 calendar days after receiving the required continuing education documentation, the Agency must notify the provider in writing that the continuing education requirement:

1. Has been met; or

2. Has not been met and the reasons why; or

3. Has omissions or additional information is requested.

a. If the Agency does not receive the omitted or additional information within 30 calendar days of the request, the provider's registration shall be cancelled. The Agency must provide written notification of its decision, including the reason for the cancellation, no later than 30 calendar days after the deadline for the request for the omitted or additional information.

b. If the Agency receives the omitted or additional information as requested within the 30 calendar day time period, the Agency must process the core training provider's registration within 30 calendar days after all required information is received. The Agency must provide written notification to the provider of its decision.

(b) Failure to submit proof of the continuing education requirement as specified in this rule shall result in cancellation of the core training provider's registration. The Agency must provide written notification of such action no later than 30 calendar days after the information was due.

(c) If the provider's registration is cancelled under paragraphs (a) and (b) of this subsection, and the provider subsequently meets the continuing education requirement, he or she may re-apply for registration as specified in rule 59A-36.029, F.A.C., and include documentation that the continuing education requirement has been met pursuant to this rule.

Rulemaking Authority 429.52 FS. Law Implemented 429.52 FS. History–New 6-15-09, Formerly 58T-1.209, 7-1-19.

59A-36.031 Registered ALF Core Training Provider Responsibilities.

The following are the responsibilities of a registered core training provider:

(1) USE OF MINIMUM CORE TRAINING CURRICULUM. A registered core training provider is responsible for the following:

(a) Conducting core training using the minimum core training curriculum required by rule 59A-36.028, F.A.C.; and

(b) Ensuring that all changes in ALF statutes and rules are immediately incorporated into the contents of his or her core training curriculum.

(2) CERTIFICATES. After a trainee successfully completes core training, the approved training provider must issue a certificate to him or her. In addition to the provider's unique registration number, the certificate must include the information referenced in paragraph 59A-36.011(12)(a), F.A.C. The provider's signature and registration number shall serve as documentation that the trainee has completed the required training.

(3) RECORDS. Approved providers must maintain records of each course taught for a minimum of 5 years. Course records must include the following information:

(a) The title of the training program;

(b) The agenda;

(c) The curriculum and any accompanying documentation and training aids;

(d) The training provider's name and registration number;

(e) The trainees' names, dates of participation and training location; and

(f) Training evaluations and roster signed by trainees.

(4) COMPETENCY EXAM.

(a) Approved training providers must submit the names of trainees completing core training to the testing authority within 10 calendar days after completion of the course. Names must be submitted to the following address: ALF at The MacDonald Research Institute, 28953 SR 54, Wesley Chapel, FL 33543. Names may be alternately submitted via email to alftest.tmri@gmail.com.

AMERICAN OVERSIGHT

(b) The testing authority shall not process any requests for the competency exam, nor sit any individual for the exam, unless proper notice is submitted by an approved training provider pursuant to paragraph (a), of this subsection.

(5) GUEST SPEAKERS. If a core training provider uses guest trainers to teach or participate in specific training modules covered in the minimum core training curriculum referenced in rule 59A-36.028, F.A.C., the core trainer is responsible to ensure that the guest speaker meets the following minimum conditions:

(a) Has expertise in the specific subject matter; and

(b) Covers all components of the subject matter if he or she provides the module or portion of the module instruction.

It will be coming out later tonight. But this is our high risk population and we need to be extremely comprehensive in our assessment about COVID 19 for this population before transfer back to long term care facilities.

Subject: [External] Nursing Home Guidance Going Out Tonight

Good afternoon,

I hope you both are getting some rest and staying well! I was going to ask the below question on the 3:00 call, however, we ran out of time.

We have nursing homes requesting a resident receive a COVID-19 negative test, even when they are not symptomatic or do not fit the criteria to be tested, before they will accept the patient/resident. Hospitals are expressing concern with the inability to discharge patients due to shortages of testing supplies and creating shortages in hospital beds. Is there specific guidance that can be provided to help eliminate the refusals to accept patients without first testing a patient who does not meet criteria and providing proof of the negative test?

Thank you in advance for the additional guidance coming out around staff. Will there be any additional guidance as it related to domestic travel for end-of-life situations, even including requiring the use of masks or other infection controls?

Blessings,
Diane L. Godfrey

Subject: Emergency Rule

Molly, Laura, Kim,

Attached is a (very rough) draft of an emergency rule which incorporates the Governor's Emergency Order. In addition, it also includes the ability to restrict any access, with some exceptions. Can you please review and make any changes to the rule you think necessary? Any suggestions are welcome.

We need to do individual rules for: nursing homes, assisted living facilities, adult family-care homes, adult group homes, and any other facilities we think need to be included.

In addition, I also included the required statement of emergency. The statement of emergency should be tailored to fit each facility type. (Number of facilities, residents, and so on.) Can you help gather that information so we can plug it in to each rule? Some of the things, like number of counties, will just need to be plugged in depending on what day we publish the rule to ensure accuracy.

Kim – heads up, I think this is coming soon. We'll need your help formatting and publishing.

Please let me know if you have any questions.

Thanks,

Notice of Emergency Rule

AGENCY FOR HEALTH CARE ADMINISTRATION
Health Facility and Agency Licensing
RULE NO.: RULE TITLE:
59AER20-1 Facility Screening Requirements for Non-Residents
SPECIFIC REASONS FOR FINDING AN IMMEDIATE DANGER TO THE PUBLIC HEALTH, SAFETY OR WELFARE: The Novel Coronavirus Disease 2019 (COVID-19) is a severe respiratory illness that can spread among humans through respiratory transmission. According to the Centers for Disease Control and Prevention (CDC), people at risk for serious illness from COVID-19 include older adults and people with serious chronic medical conditions.[1] In late 2019, a new and significant outbreak of COVID-19 emerged in China and the World Health Organization declared COVID-19 a Public Health Emergency of International Concern. The CDC also confirmed instances of community spread of COVID-19 in the United States and issued written guidance to help control the spread of COVID-19 in long-term care facilities.[2]

On March 7, 2020, the State Surgeon General and State Health Officer declared a Public Health Emergency in the State of Florida as a result of COVID-19. As of March 13, 2020, eighteen counties in Florida have positive cases for COVID-19. There have been two confirmed deaths in Florida as a result of COVID-19. Both individuals were elderly. On March 9, 2020, Florida Governor Ron DeSantis declared a state of emergency in Florida.

At Life Care Center nursing home of Kirkland, Washington, outside of Seattle, 15 elderly residents died as a result of a COVID-19 outbreak in the facility. According to the United States Census Bureau, Florida has the largest percentage of residents age 65 and older in the nation. Thousands of frail elders and residents live in over 4,200 assisted living facilities, nursing homes, adult family care homes, intermediate care facilities, transitional living facilities, and homes for special services in Florida. Ensuring these facilities screen all visitors and staff for symptoms of COVID-19 is essential to protecting the health, safety and welfare of vulnerable residents.

This emergency rule establishes a process by which assisted living facilities, nursing homes, adult family care homes, intermediate care facilities, transitional living facilities, and homes for special services screen all visitors and staff for COVID-19 symptoms before allowing entry to the facility. Any visitor or staff member exhibiting symptoms of COVID-19 must be denied entry to the facility. Prompt implementation of this rule is necessary to ensure the health, safety and welfare of residents of Florida's assisted living facilities, nursing homes, adult family care homes, intermediate care facilities, transitional living facilities, and homes for special services.

REASONS FOR CONCLUDING THAT THE PROCEDURE USED IS FAIR UNDER THE CIRCUMSTANCES: The procedure used to adopt this emergency rule is fair as the State of Florida is under a declaration of emergency due to the outbreak of COVID-19. This emergency rule is necessary and fair to ensure the health, safety, and welfare of the facility residents, and provides at least the procedural protection given by other statutes, the State Constitution, or the United States Constitution; and takes only that action necessary to protect the public interest under the emergency procedure.

SUMMARY OF THE RULE: This emergency rule prohibits entry of all individuals to assisted living facility, nursing home, adult family care home, intermediate care facility, transitional living facility, and homes for special services staff and visitors. The rule allows for limited exceptions to this prohibition to avoid the spreading of COIVD-19 to health care facilities.

59AER20-1 Facility Screening Requirements for Non-Residents.

(1) Applicability. The requirements of this emergency rule apply to the following facilities:

(a) Nursing Homes, as provided under Chapter 400, Part II, F.S.;

(b) Homes for Special Services as provided under Chapter 400, Part V, F.S.;

(c) Transitional Living Facilities, as provided under Chapter 400, Part XI, F.S.;

(d) Intermediate Care Facilities for the Developmentally Disabled, as provided under Chapter 400, Part VIII, F.S.;

(e) Assisted Living Facilities, as provided under Chapter 429, Part I, F.S.; and

(f) Adult Family-Care Homes, as provided under Chapter 429, Part II, F.S.;

(2) Limited Facility Entry.

(a) Every facility must prohibit the entry of any non-resident individual, to the facility except in the following circumstances:

1. Family members, friends, and visiting residents in end-of-life situations;

2. Hospice or palliative care workers caring for residents in end-of-life situations;

3. Any third-party providing necessary health care to a resident; or

4. Facility staff; or

5. Any representative of the federal or state government seeking entry as part of their official duties, including, but not limited to, representatives of the Department of Children and Families, the Department of Health, the Agency for Health Care Administration, the Office of the Attorney General, and the Department of Elderly Affairs; any law enforcement officer; any emergency medical personnel; and any representative of the State Long-Term Care Ombudsman Program.

(b) Individuals seeking entry to the facility under the above circumstances in (a) must comply with the screening requirements in (3).

(c) The facility may require any individual entering the facility to wear personal protective equipment.

(3) Screening Requirements. Any non-resident individual, including staff, seeking entry to a facility must be actively screened by the facility. An individual who meets any of the screening criteria must be prohibited from entering the facility or facility grounds until they no longer meet the screening criteria.

(a) The screening criteria must include the following:

1. Any person infected with COVID-19 who has not had two consecutive negative test results separated by 24 hours;

2. Any person showing or presenting signs or symptoms of a respiratory infection, including cough, fever, shortness of breath or sore throat;

3. Any person who has been in contact with any person(s) infected with COVID-19 who has not yet tested negative for COVID-19 within the past 14 days;

AMERICAN OVERSIGHT

4. Any person who traveled internationally within the past 14 days;

5. Any person who traveled on a cruise ship within the past 14 days;

6. Any person who has been in a community with confirmed community spread of COVID-19, as identified by the Centers for Disease Control and Prevention or a state public health agency, within the past 14 days; and

7. Any person who resides in a community with confirmed community spread of COVID-19, as identified by the Centers for Disease Control and Prevention or a state public health agency.

(4) Documentation.

(a) Individuals entering a facility subject to the screening criteria above may be screened using a standardized questionnaire or other form of documentation.

(b) The facility is required to maintain documentation of all non-resident individuals entering the facility. Documentation must include:

1. Name of the individual;

2. Date and time of entry; and

3. The documentation used by the facility to screen the individual showing the individual did not meet any of the enumerated screening criteria.

The Conference Committee on HB 5003 offered the following:

Conference Committee Amendment (with title amendment)

Remove everything after the enacting clause and insert:

Section 1. It is the intent of the Legislature that the implementing and administering provisions of this act apply to the General Appropriations Act for the 2020-2021 fiscal year.

Section 2. In order to implement Specific Appropriations 8, 9, 10, 92, and 93 of the 2020-2021 General Appropriations Act, the calculations of the Florida Education Finance Program for the 2020-2021 fiscal year included in the document titled "Public School Funding: The Florida Education Finance Program," dated March 15, 2020, and filed with the Clerk of the House of

Representatives, are incorporated by reference for the purpose of displaying the calculations used by the Legislature, consistent with the requirements of state law, in making appropriations for the Florida Education Finance Program. This section expires July 1, 2021.

Section 3. In order to implement Specific Appropriations 8 and 92 of the 2020-2021 General Appropriations Act, and notwithstanding ss. 1002.20, 1003.02, 1006.28-1006.42, 1011.62(6)(b)3., and 1011.67, Florida Statutes, relating to the expenditure of funds provided for instructional materials, for the 2020-2021 fiscal year, funds provided for instructional materials shall be released and expended as required in the proviso language for Specific Appropriation 92 of the 2020-2021 General Appropriations Act. This section expires July 1, 2021.

Section 4. In order to implement Specific Appropriations 8 and 92 of the 2020-2021 General Appropriations Act, subsections (8) and (17) of section 1011.62, Florida Statutes, are amended to read:

1011.62 Funds for operation of schools.—If the annual allocation from the Florida Education Finance Program to each district for operation of schools is not determined in the annual appropriations act or the substantive bill implementing the annual appropriations act, it shall be determined as follows:

(8) DECLINE IN FULL-TIME EQUIVALENT STUDENTS.—

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002571

(a) In those districts where there is a decline between prior year and current year unweighted FTE students, a percentage of the decline in the unweighted FTE students as determined by the Legislature shall be multiplied by the prior year calculated FEFP per unweighted FTE student and shall be added to the allocation for that district. For this purpose, the calculated FEFP shall be computed by multiplying the weighted FTE students by the base student allocation and then by the district cost differential. If a district transfers a program to another institution not under the authority of the district's school board, including a charter technical career center, the decline is to be multiplied by a factor of 0.15. However, if the funds provided for the Florida Education Finance Program in the General Appropriations Act for any fiscal year are reduced by a subsequent appropriation for that fiscal year, the percent of the decline in the unweighted FTE students to be funded shall be determined by the Legislature and designated in the subsequent appropriation.

(b) The allocation authorized in this paragraph (a) is suspended for the 2020-2021 fiscal year and does not apply during such fiscal year. This paragraph expires July 1, 2021.

(17)(a) FUNDING COMPRESSION AND HOLD HARMLESS ALLOCATION.—The Legislature may provide an annual funding compression and hold harmless allocation in the General Appropriations Act. The allocation is created to provide additional funding to school

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002572

districts if the school district's ~~and developmental research schools whose~~ total funds per FTE in the prior year were less than the statewide average or if the school district's district cost differential in the current year is less than the prior year. The total allocation shall be distributed to eligible school districts as follows:

(b) Using the most recent prior year FEFP calculation for each eligible school district, subtract the total school district funds per FTE ~~shall be subtracted~~ from the state average funds per FTE, not including any adjustments made pursuant to paragraph (19)(b). The resulting funds per FTE difference, or a portion thereof, as designated in the General Appropriations Act, shall then be multiplied by the school district's total unweighted FTE ~~to provide the allocation~~.

(c) Multiply the absolute value of the difference between the eligible school district's current year district cost differential and the prior year district cost differential by a hold harmless factor as designated in the General Appropriations Act. The result is the district cost differential hold harmless index. Multiply the index by the eligible school district's weighted FTE and by the base student allocation as designated in the General Appropriations Act.

(d) Add the amounts calculated in paragraphs (b) and (c) and if the amount is ~~calculated funds are~~ greater than the amount included in the General Appropriations Act, the

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002573

allocation shall ~~they must~~ be prorated to the appropriation amount based on each participating school district's share. This subsection expires July 1, 2021 ~~2020~~.

Section 5. In order to implement Specific Appropriation 21 of the 2020-2021 General Appropriations Act, subsection (1) of section 1013.62, Florida Statutes, is amended to read:

1013.62 Charter schools capital outlay funding.—

(1) For the 2020-2021 ~~2018-2019~~ fiscal year, charter school capital outlay funding shall consist of state funds appropriated in the 2020-2021 ~~2018-2019~~ General Appropriations Act. Beginning in fiscal year 2021-2022 ~~2019-2020~~, charter school capital outlay funding shall consist of state funds when such funds are appropriated in the General Appropriations Act and revenue resulting from the discretionary millage authorized in s. 1011.71(2) if the amount of state funds appropriated for charter school capital outlay in any fiscal year is less than the average charter school capital outlay funds per unweighted full-time equivalent student for the 2018-2019 fiscal year, multiplied by the estimated number of charter school students for the applicable fiscal year, and adjusted by changes in the Consumer Price Index issued by the United States Department of Labor from the previous fiscal year. Nothing in this subsection prohibits a school district from distributing to charter schools funds resulting from the discretionary millage authorized in s. 1011.71(2).

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002574

(a) To be eligible to receive capital outlay funds, a charter school must:

1.a. Have been in operation for 2 or more years;

b. Be governed by a governing board established in the state for 2 or more years which operates both charter schools and conversion charter schools within the state;

c. Be an expanded feeder chain of a charter school within the same school district that is currently receiving charter school capital outlay funds;

d. Have been accredited by a regional accrediting association as defined by State Board of Education rule; or

e. Serve students in facilities that are provided by a business partner for a charter school-in-the-workplace pursuant to s. 1002.33(15)(b).

2. Have an annual audit that does not reveal any of the financial emergency conditions provided in s. 218.503(1) for the most recent fiscal year for which such audit results are available.

3. Have satisfactory student achievement based on state accountability standards applicable to the charter school.

4. Have received final approval from its sponsor pursuant to s. 1002.33 for operation during that fiscal year.

5. Serve students in facilities that are not provided by the charter school's sponsor.

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002575

(b) A charter school is not eligible to receive capital outlay funds if it was created by the conversion of a public school and operates in facilities provided by the charter school's sponsor for a nominal fee, or at no charge, or if it is directly or indirectly operated by the school district.

Section 6. The amendments to s. 1013.62(1), Florida Statutes, by this act expire July 1, 2021, and the text of that subsection shall revert to that in existence on June 30, 2020, except that any amendments to such text enacted other than by this act shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portions of text which expire pursuant to this section.

Section 7. In order to implement Specific Appropriation 123 of the 2020-2021 General Appropriations Act, and notwithstanding the expiration date in section 8 of chapter 2019-116, Laws of Florida, subsection (1) of section 1001.26, Florida Statutes, is reenacted to read:

1001.26 Public broadcasting program system.—

(1) There is created a public broadcasting program system for the state. The department shall provide funds, as specifically appropriated in the General Appropriations Act, to educational television stations qualified by the Corporation for Public Broadcasting or public colleges and universities that are part of the public broadcasting program system. The program system must include:

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002576

(a) Support for existing Corporation for Public Broadcasting qualified program system educational television stations.

(b) Maintenance of quality broadcast capability for educational stations that are part of the program system.

(c) Interconnection of all educational stations that are part of the program system for simultaneous broadcast and of such stations with all universities and other institutions as necessary for sharing of resources and delivery of programming.

(d) Establishment and maintenance of a capability for statewide program distribution with facilities and staff, provided such facilities and staff complement and strengthen existing educational television stations.

(e) Provision of both statewide programming funds and station programming support for educational television to meet statewide priorities. Priorities for station programming need not be the same as priorities for programming to be used statewide. Station programming may include, but shall not be limited to, citizens' participation programs, music and fine arts programs, coverage of public hearings and governmental meetings, equal air time for political candidates, and other public interest programming.

Section 8. The text of s. 1001.26(1), Florida Statutes, as carried forward from chapter 2019-116, Laws of Florida, by this act expires July 1, 2021, and the text of that subsection shall

revert to that in existence on June 30, 2018, except that any amendment enacted other than by this act shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portions of text which expire pursuant to this section.

Section 9. In order to implement Specific Appropriation 150 of the 2020-2021 General Appropriations Act, section 1004.6499, Florida Statutes, is created to read:

1004.6499 Florida Institute of Politics.—

(1) The Florida Institute of Politics is established at the Florida State University within the College of Social Sciences and Public Policy. The purpose of the institute is to provide the southeastern region of the United States with a world class, bipartisan, nationally renowned institute of politics.

(2) The goals of the institute are to:

(a) Motivate students across the Florida State University to become aware of the significance of government and civic engagement at all levels and politics in general.

(b) Provide students with an opportunity to be politically active and civically engaged.

(c) Nurture a state of consciousness and passion for public service and politics.

AMERICAN OVERSIGHT

(d) Plan and host forums to allow students and guests to hear from and interact with experts from government, politics, policy, and journalism on a frequent basis.

(e) Become a national and state resource on polling information and survey methodology.

(f) Provide fellowships and internship opportunities to students in government, non-profit organizations, and community organizations.

(g) Provide training sessions for newly elected state and local public officials.

(h) Organize and sponsor conferences, symposia, and workshops throughout Florida to educate and inform citizens, elected officials, and appointed policymakers regarding effective policymaking techniques and processes.

(i) Create and promote research and awareness regarding politics, citizen involvement, and public service.

(j) Collaborate with related policy institutes and research activities at Florida State University and other institutions of higher education to motivate, increase, and sustain citizen involvement in public affairs.

(3) This section expires July 1, 2021.

Section 10. In order to implement Specific Appropriations 207, 208, 211, and 215 of the 2020-2021 General Appropriations Act, the calculations for the Medicaid Hospital Funding programs for the 2020-2021 fiscal year contained in the document titled

Section 12. In order to implement Specific Appropriations 225 and 226 of the 2020-2021 General Appropriations Act, and notwithstanding the expiration date in section 19 of chapter 2019-116, Laws of Florida, subsection (23) of section 409.908, Florida Statutes, is reenacted to read:

409.908 Reimbursement of Medicaid providers.—Subject to specific appropriations, the agency shall reimburse Medicaid providers, in accordance with state and federal law, according to methodologies set forth in the rules of the agency and in policy manuals and handbooks incorporated by reference therein. These methodologies may include fee schedules, reimbursement methods based on cost reporting, negotiated fees, competitive bidding pursuant to s. 287.057, and other mechanisms the agency considers efficient and effective for purchasing services or goods on behalf of recipients. If a provider is reimbursed based on cost reporting and submits a cost report late and that cost report would have been used to set a lower reimbursement rate for a rate semester, then the provider's rate for that semester shall be retroactively calculated using the new cost report, and full payment at the recalculated rate shall be effected retroactively. Medicare-granted extensions for filing cost reports, if applicable, shall also apply to Medicaid cost reports. Payment for Medicaid compensable services made on behalf of Medicaid eligible persons is subject to the availability of moneys and any limitations or directions

provided for in the General Appropriations Act or chapter 216. Further, nothing in this section shall be construed to prevent or limit the agency from adjusting fees, reimbursement rates, lengths of stay, number of visits, or number of services, or making any other adjustments necessary to comply with the availability of moneys and any limitations or directions provided for in the General Appropriations Act, provided the adjustment is consistent with legislative intent.

(23)(a) The agency shall establish rates at a level that ensures no increase in statewide expenditures resulting from a change in unit costs for county health departments effective July 1, 2011. Reimbursement rates shall be as provided in the General Appropriations Act.

(b)1. Base rate reimbursement for inpatient services under a diagnosis-related group payment methodology shall be provided in the General Appropriations Act.

2. Base rate reimbursement for outpatient services under an enhanced ambulatory payment group methodology shall be provided in the General Appropriations Act.

3. Prospective payment system reimbursement for nursing home services shall be as provided in subsection (2) and in the General Appropriations Act.

Section 13. The text of s. 409.908(23), Florida Statutes, as carried forward from chapter 2019-116, Laws of Florida, by this act expires July 1, 2021, and the text of that subsection

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002582

shall revert to that in existence on October 1, 2018, not including any amendments made by chapter 2019-116, Laws of Florida, except that any amendments to such text enacted other than by this act and chapters 2019-116 and 2018-10, Laws of Florida, shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portions of text which expire pursuant to this section.

Section 14. In order to implement Specific Appropriation 209 of the 2020-2021 General Appropriations Act, and notwithstanding the expiration date in section 21 of chapter 2019-116, Laws of Florida, subsection (26) of section 409.908, Florida Statutes, is reenacted and amended to read:

409.908 Reimbursement of Medicaid providers.—Subject to specific appropriations, the agency shall reimburse Medicaid providers, in accordance with state and federal law, according to methodologies set forth in the rules of the agency and in policy manuals and handbooks incorporated by reference therein. These methodologies may include fee schedules, reimbursement methods based on cost reporting, negotiated fees, competitive bidding pursuant to s. 287.057, and other mechanisms the agency considers efficient and effective for purchasing services or goods on behalf of recipients. shall be retroactively calculated using the new cost report, and full payment at the recalculated rate shall be effected retroactively. Medicare-granted extensions for filing cost reports, if applicable, shall also apply to Medicaid cost reports. Payment for Medicaid compensable services made on behalf of Medicaid eligible persons is subject to the availability of moneys and any limitations or directions provided for in the General Appropriations Act or chapter 216. Further, nothing in this section shall be construed to prevent or limit the agency from adjusting fees, reimbursement rates, lengths of stay, number of visits, or number of services, or making any other adjustments necessary to comply with the availability of moneys and any limitations or directions provided for in the General Appropriations Act, provided the adjustment is consistent with legislative intent.

(26) The agency may receive funds from state entities, including, but not limited to, the Department of Health, local governments, and other local political subdivisions, for the purpose of making special exception payments and Low Income Pool Program payments, including federal matching funds. Funds received for this purpose shall be separately accounted for and may not be commingled with other state or local funds in any manner. The agency may certify all local governmental funds used as state match under Title XIX of the Social Security Act to the extent and in the manner authorized under the General

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002584

Appropriations Act and pursuant to an agreement between the agency and the local governmental entity. In order for the agency to certify such local governmental funds, a local governmental entity must submit a final, executed letter of agreement to the agency, which must be received by October 1 of each fiscal year and provide the total amount of local governmental funds authorized by the entity for that fiscal year under the General Appropriations Act. The local governmental entity shall use a certification form prescribed by the agency. At a minimum, the certification form must identify the amount being certified and describe the relationship between the certifying local governmental entity and the local health care provider. Local governmental funds outlined in the letters of agreement must be received by the agency no later than October 31 of each fiscal year in which such funds are pledged, unless an alternative plan is specifically approved by the agency. To be eligible for low-income pool funding or other forms of supplemental payments funded by intergovernmental transfers, and in addition to any other applicable requirements, essential providers under s. 409.975(1)(a)2. must offer to contract with each managed care plan in their region and essential providers under s. 409.975(1)(b)1. and 3. must offer to contract with each managed care plan in the state. Before releasing such supplemental payments, in the event the parties have not executed network contracts, the agency shall evaluate the

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002585

parties' efforts to complete negotiations. If such efforts continue to fail, the agency shall withhold such supplemental payments beginning in the third quarter of the fiscal year if it determines that, based upon the totality of the circumstances, the essential provider has negotiated with the managed care plan in bad faith. If the agency determines that an essential provider has negotiated in bad faith, it must notify the essential provider at least 90 days in advance of the start of the third quarter of the fiscal year, and afford the essential provider hearing rights in accordance with chapter 120.

Section 15. The amendments to s. 409.908(26), Florida Statutes, made by this act and carried forward from chapter 2019-116, Laws of Florida, by this act expire July 1, 2021, and the text of that subsection shall revert to that in existence on June 30, 2019, except that any amendments to such text enacted other than by this act shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portions of text which expire pursuant to this section.

Section 16. In order to implement Specific Appropriations 207, 211, 212, 214, 216, and 225 of the 2020-2021 General Appropriations Act, subsection (12) of section 409.904, Florida Statutes, is amended to read:

409.904 Optional payments for eligible persons.—The agency may make payments for medical assistance and related services on behalf of the following persons who are determined to be

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002586

eligible subject to the income, assets, and categorical eligibility tests set forth in federal and state law. Payment on behalf of these Medicaid eligible persons is subject to the availability of moneys and any limitations established by the General Appropriations Act or chapter 216.

(12) Effective July 1, 2020 ~~2019~~, the agency shall make payments to Medicaid-covered services:

(a) For eligible children and pregnant women, retroactive for a period of no more than 90 days before the month in which an application for Medicaid is submitted.

(b) For eligible nonpregnant adults, retroactive to the first day of the month in which an application for Medicaid is submitted.

This subsection expires July 1, 2021 ~~2020~~.

Section 17. In order to implement Specific Appropriations 207, 211, 212, 214, 216, and 225 of the 2020-2021 General Appropriations Act, by March 1, 2021, the Agency for Health Care Administration shall submit to the Governor, the President of the Senate, and the Speaker of the House of Representatives the Medicaid Managed Care waiver independent evaluation regarding the impact of the waiver of Medicaid retroactive eligibility on beneficiaries and providers. The evaluation shall include, but is not limited to:

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002587

(1) Analysis of how the waiver of Medicaid retroactive eligibility impacted enrollment continuity.

(2) Information on how hospitals and nursing facilities have changed their enrollment procedures following the waiver of Medicaid retroactive eligibility.

(3) The impact of the waiver of retroactive eligibility on enrollee financial burden.

(4) The impact of the waiver of retroactive eligibility on provider uncompensated care.

(5) The impact of the waiver of retroactive eligibility on provider financial performance.

(6) Additional recommendations to improve outreach to nonpregnant adults who would be eligible for Medicaid if they applied before an event that requires hospital or nursing facility care.

This section expires July 1, 2021.

Section 18. In order to implement Specific Appropriations 181 through 184 of the 2020-2021 General Appropriations Act, and notwithstanding the expiration date in section 31 of chapter 2019-116, Laws of Florida, paragraph (b) of subsection (5) of section 624.91, Florida Statutes, is reenacted to read:

624.91 The Florida Healthy Kids Corporation Act.—

(5) CORPORATION AUTHORIZATION, DUTIES, POWERS.—

(b) The Florida Healthy Kids Corporation shall:

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002588

1. Arrange for the collection of any family, local contributions, or employer payment or premium, in an amount to be determined by the board of directors, to provide for payment of premiums for comprehensive insurance coverage and for the actual or estimated administrative expenses.

2. Arrange for the collection of any voluntary contributions to provide for payment of Florida Kidcare program premiums for children who are not eligible for medical assistance under Title XIX or Title XXI of the Social Security Act.

3. Subject to the provisions of s. 409.8134, accept voluntary supplemental local match contributions that comply with the requirements of Title XXI of the Social Security Act for the purpose of providing additional Florida Kidcare coverage in contributing counties under Title XXI.

4. Establish the administrative and accounting procedures for the operation of the corporation.

5. Establish, with consultation from appropriate professional organizations, standards for preventive health services and providers and comprehensive insurance benefits appropriate to children, provided that such standards for rural areas shall not limit primary care providers to board-certified pediatricians.

6. Determine eligibility for children seeking to participate in the Title XXI-funded components of the Florida

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002589

Kidcare program consistent with the requirements specified in s. 409.814, as well as the non-Title-XXI-eligible children as provided in subsection (3).

7. Establish procedures under which providers of local match to, applicants to and participants in the program may have grievances reviewed by an impartial body and reported to the board of directors of the corporation.

8. Establish participation criteria and, if appropriate, contract with an authorized insurer, health maintenance organization, or third-party administrator to provide administrative services to the corporation.

9. Establish enrollment criteria that include penalties or waiting periods of 30 days for reinstatement of coverage upon voluntary cancellation for nonpayment of family premiums.

10. Contract with authorized insurers or any provider of health care services, meeting standards established by the corporation, for the provision of comprehensive insurance coverage to participants. Such standards shall include criteria under which the corporation may contract with more than one provider of health care services in program sites. Health plans shall be selected through a competitive bid process. The Florida Healthy Kids Corporation shall purchase goods and services in the most cost-effective manner consistent with the delivery of quality medical care. The maximum administrative cost for a Florida Healthy Kids Corporation contract shall be 15 percent.

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002590

For health care contracts, the minimum medical loss ratio for a Florida Healthy Kids Corporation contract shall be 85 percent. For dental contracts, the remaining compensation to be paid to the authorized insurer or provider under a Florida Healthy Kids Corporation contract shall be no less than an amount which is 85 percent of premium; to the extent any contract provision does not provide for this minimum compensation, this section shall prevail. For an insurer or any provider of health care services which achieves an annual medical loss ratio below 85 percent, the Florida Healthy Kids Corporation shall validate the medical loss ratio and calculate an amount to be refunded by the insurer or any provider of health care services to the state which shall be deposited into the General Revenue Fund unallocated. The health plan selection criteria and scoring system, and the scoring results, shall be available upon request for inspection after the bids have been awarded.

11. Establish disenrollment criteria in the event local matching funds are insufficient to cover enrollments.

12. Develop and implement a plan to publicize the Florida Kidcare program, the eligibility requirements of the program, and the procedures for enrollment in the program and to maintain public awareness of the corporation and the program.

13. Secure staff necessary to properly administer the corporation. Staff costs shall be funded from state and local matching funds and such other private or public funds as become

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002591

available. The board of directors shall determine the number of staff members necessary to administer the corporation.

14. In consultation with the partner agencies, provide a report on the Florida Kidcare program annually to the Governor, the Chief Financial Officer, the Commissioner of Education, the President of the Senate, the Speaker of the House of Representatives, and the Minority Leaders of the Senate and the House of Representatives.

15. Provide information on a quarterly basis to the Legislature and the Governor which compares the costs and utilization of the full-pay enrolled population and the Title XXI-subsidized enrolled population in the Florida Kidcare program. The information, at a minimum, must include:

a. The monthly enrollment and expenditure for full-pay enrollees in the Medikids and Florida Healthy Kids programs compared to the Title XXI-subsidized enrolled population; and

b. The costs and utilization by service of the full-pay enrollees in the Medikids and Florida Healthy Kids programs and the Title XXI-subsidized enrolled population.

16. Establish benefit packages that conform to the provisions of the Florida Kidcare program, as created in ss. 409.810-409.821.

Section 19. The text of s. 624.91(5)(b), Florida Statutes, as carried forward from chapter 2019-116, Laws of Florida, by this act expires July 1, 2021, and the text of that paragraph

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002592

shall revert to that in existence on June 30, 2019, except that any amendments to such text enacted other than by this act shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portions of text which expire pursuant to this section.

Section 20. In order to implement Specific Appropriation 458 of the 2020-2021 General Appropriations Act, subsection (4) of section 381.915, Florida Statutes, is amended to read:

381.915 Florida Consortium of National Cancer Institute Centers Program.—

(4) Tier designations and corresponding weights within the Florida Consortium of National Cancer Institute Centers Program are as follows:

(a) Tier 1: Florida-based NCI-designated comprehensive cancer centers, which shall be weighted at 1.5.

(b) Tier 2: Florida-based NCI-designated cancer centers, which shall be weighted at 1.25.

(c) Tier 3: Florida-based cancer centers seeking designation as either a NCI-designated cancer center or NCI-designated comprehensive cancer center, which shall be weighted at 1.0.

1. A cancer center shall meet the following minimum criteria to be considered eligible for Tier 3 designation in any given fiscal year:

AMERICAN OVERSIGHT

601 postdoctoral fellows recently awarded a doctorate degree; and
602 f. Having more than $5 million in annual direct costs
603 associated with their total NCI peer-reviewed grant funding.
604 2. The General Appropriations Act or accompanying
605 legislation may limit the number of cancer centers which shall
606 receive Tier 3 designations or provide additional criteria for
607 such designation.

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002594

3. A cancer center's participation in Tier 3 may not extend beyond July 1, 2021 ~~shall be limited to 6 years~~.

4. A cancer center that qualifies as a designated Tier 3 center under the criteria provided in subparagraph 1. by July 1, 2014, is authorized to pursue NCI designation as a cancer center or a comprehensive cancer center until July 1, 2021 ~~for 6 years after qualification~~.

Section 21. The amendments to s. 381.915(4), Florida Statutes, by this act expire July 1, 2021, and the text of that subsection shall revert to that in existence on June 30, 2020, except that any amendments to such text enacted other than by this act shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portions of text which expire pursuant to this section.

Section 22. In order to implement Specific Appropriations 536, 537, 542, and 545 of the 2020-2021 General Appropriations Act, subsection (17) of section 893.055, Florida Statutes, is amended to read:

893.055 Prescription drug monitoring program.—

(17) For the 2020-2021 ~~2019-2020~~ fiscal year only, neither the Attorney General nor the department may use funds received as part of a settlement agreement to administer the prescription drug monitoring program. This subsection expires July 1, 2021 ~~2020~~.

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002595

Section 23. In order to implement Specific Appropriation 208 of the 2020-2021 General Appropriations Act, subsections (2) and (10) of section 409.911, Florida Statutes, are amended to read:

409.911 Disproportionate share program.—Subject to specific allocations established within the General Appropriations Act and any limitations established pursuant to chapter 216, the agency shall distribute, pursuant to this section, moneys to hospitals providing a disproportionate share of Medicaid or charity care services by making quarterly Medicaid payments as required. Notwithstanding the provisions of s. 409.915, counties are exempt from contributing toward the cost of this special reimbursement for hospitals serving a disproportionate share of low-income patients.

(2) The Agency for Health Care Administration shall use the following actual audited data to determine the Medicaid days and charity care to be used in calculating the disproportionate share payment:

(a) The average of the 2012, 2013, and 2014 ~~2011, 2012, and 2013~~ audited disproportionate share data to determine each hospital's Medicaid days and charity care for the 2020-2021 ~~2019-2020~~ state fiscal year.

(b) If the Agency for Health Care Administration does not have the prescribed 3 years of audited disproportionate share data as noted in paragraph (a) for a hospital, the agency shall

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002596

use the average of the years of the audited disproportionate share data as noted in paragraph (a) which is available.

(c) In accordance with s. 1923(b) of the Social Security Act, a hospital with a Medicaid inpatient utilization rate greater than one standard deviation above the statewide mean or a hospital with a low-income utilization rate of 25 percent or greater shall qualify for reimbursement.

(10) Notwithstanding any provision of this section to the contrary, for the 2020-2021 ~~2019-2020~~ state fiscal year, the agency shall distribute moneys to hospitals providing a disproportionate share of Medicaid or charity care services as provided in the 2020-2021 ~~2019-2020~~ General Appropriations Act. This subsection expires July 1, 2021 ~~2020~~.

Section 24. In order to implement Specific Appropriation 208 of the 2020-2021 General Appropriations Act, subsection (3) of section 409.9113, Florida Statutes, is amended to read:

409.9113 Disproportionate share program for teaching hospitals.—In addition to the payments made under s. 409.911, the agency shall make disproportionate share payments to teaching hospitals, as defined in s. 408.07, for their increased costs associated with medical education programs and for tertiary health care services provided to the indigent. This system of payments must conform to federal requirements and distribute funds in each fiscal year for which an appropriation is made by making quarterly Medicaid payments. Notwithstanding

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002597

s. 409.915, counties are exempt from contributing toward the cost of this special reimbursement for hospitals serving a disproportionate share of low-income patients. The agency shall distribute the moneys provided in the General Appropriations Act to statutorily defined teaching hospitals and family practice teaching hospitals, as defined in s. 395.805, pursuant to this section. The funds provided for statutorily defined teaching hospitals shall be distributed as provided in the General Appropriations Act. The funds provided for family practice teaching hospitals shall be distributed equally among family practice teaching hospitals.

(3) Notwithstanding any provision of this section to the contrary, for the 2020-2021 ~~2019-2020~~ state fiscal year, the agency shall make disproportionate share payments to teaching hospitals, as defined in s. 408.07, as provided in the 2020-2021 ~~2019-2020~~ General Appropriations Act. This subsection expires July 1, 2021 ~~2020~~.

Section 25. In order to implement Specific Appropriation 208 of the 2020-2021 General Appropriations Act, subsection (4) of section 409.9119, Florida Statutes, is amended to read:

409.9119 Disproportionate share program for specialty hospitals for children.—In addition to the payments made under s. 409.911, the Agency for Health Care Administration shall develop and implement a system under which disproportionate share payments are made to those hospitals that are separately

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002598

licensed by the state as specialty hospitals for children, have a federal Centers for Medicare and Medicaid Services certification number in the 3300-3399 range, have Medicaid days that exceed 55 percent of their total days and Medicare days that are less than 5 percent of their total days, and were licensed on January 1, 2013, as specialty hospitals for children. This system of payments must conform to federal requirements and must distribute funds in each fiscal year for which an appropriation is made by making quarterly Medicaid payments. Notwithstanding s. 409.915, counties are exempt from contributing toward the cost of this special reimbursement for hospitals that serve a disproportionate share of low-income patients. The agency may make disproportionate share payments to specialty hospitals for children as provided for in the General Appropriations Act.

(4) Notwithstanding any provision of this section to the contrary, for the 2020-2021 ~~2019-2020~~ state fiscal year, for hospitals achieving full compliance under subsection (3), the agency shall make disproportionate share payments to specialty hospitals for children as provided in the 2020-2021 ~~2019-2020~~ General Appropriations Act. This subsection expires July 1, 2021 ~~2020~~.

Section 26. In order to implement Specific Appropriations 201 through 228 of the 2020-2021 General Appropriations Act, and notwithstanding ss. 216.181 and 216.292, Florida Statutes, the

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002599

Agency for Health Care Administration may submit a budget amendment, subject to the notice, review, and objection procedures of s. 216.177, Florida Statutes, to realign funding within the Medicaid program appropriation categories to address projected surpluses and deficits within the program and to maximize the use of state trust funds. A single budget amendment shall be submitted in the last quarter of the 2020-2021 fiscal year only. This section expires July 1, 2021.

Section 27. In order to implement Specific Appropriation 406 of the 2020-2021 General Appropriations Act, and subject to federal approval of the application to be a site for the Program of All-Inclusive Care for the Elderly, the Agency for Health Care Administration shall contract with one private health care organization, the sole member of which is a private, not-for-profit corporation that owns and manages health care organizations that provide comprehensive long-term care services, including nursing home, assisted living, independent housing, home care, adult day care, and care management. This organization shall provide these services to frail and elderly persons who reside in Escambia, Okaloosa, and Santa Rosa Counties. The organization is exempt from the requirements of chapter 641, Florida Statutes. The agency, in consultation with the Department of Elderly Affairs and subject to an appropriation, shall approve up to 200 initial enrollees in the Program of All-Inclusive Care for the Elderly established by

AMERICAN OVERSIGHT

this organization to serve elderly persons who reside in Escambia, Okaloosa, and Santa Rosa Counties. This section expires July 1, 2021.

Section 28. In order to implement Specific Appropriation 406 of the 2020-2021 General Appropriations Act, subject to federal approval of the application to be a site for the Program of All-inclusive Care for the Elderly (PACE), the Agency for Health Care Administration shall contract with one private, not-for-profit hospital located in Miami-Dade County to provide comprehensive services to frail and elderly persons residing in Northwest Miami-Dade County, as defined by the agency. The hospital is exempt from the requirements of chapter 641, Florida Statutes. The agency, in consultation with the Department of Elderly Affairs and subject to appropriation, shall approve up to 100 initial enrollees in the Program of All-inclusive Care for the Elderly established by this hospital to serve persons in Northwest Miami-Dade County. This section is repealed July 1, 2021.

Section 29. In order to implement Specific Appropriation 406 of the 2020-2021 General Appropriations Act, subject to federal approval of an application to be a provider of the Program of All-inclusive Care for the Elderly (PACE), the Agency for Health Care Administration shall contract with a private organization that has demonstrated the ability to operate PACE centers in more than one state and that serves more than 500

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002601

eligible PACE participants, to provide PACE services to frail and elderly persons who reside in Hillsborough, Hernando or Pasco Counties. The organization is exempt from the requirements of chapter 641, Florida Statutes. The agency, in consultation with the Department of Elderly Affairs and subject to the appropriation of funds by the Legislature, shall approve up to 500 initial enrollees in the PACE program established by the organization to serve frail and elderly persons who reside in Hillsborough, Hernando, or Pasco Counties. This section expires July 1, 2021.

Section 30. In order to implement Specific Appropriations 181 through 186 and 526 of the 2020-2021 General Appropriations Act, and notwithstanding ss. 216.181 and 216.292, Florida Statutes, the Agency for Health Care Administration and the Department of Health may each submit a budget amendment, subject to the notice, review, and objection procedures of s. 216.177, Florida Statutes, to realign funding within the Florida Kidcare program appropriation categories, or to increase budget authority in the Children's Medical Services Network category, to address projected surpluses and deficits within the program or to maximize the use of state trust funds. A single budget amendment must be submitted by each agency in the last quarter of the 2020-2021 fiscal year only. This section expires July 1, 2021.

section 42 of chapter 2019-116, Laws of Florida, and in order to implement Specific Appropriations 468 through 470, 475, and 482 of the 2020-2021 General Appropriations Act, subsection (1) of section 14 of chapter 2017-232, Laws of Florida, is amended to read:

Section 14. Department of Health; authority to adopt rules; cause of action.—

(1) EMERGENCY RULEMAKING.—

(a) The Department of Health and the applicable boards shall adopt emergency rules pursuant to s. 120.54(4), Florida Statutes, and this section necessary to implement ss. 381.986 and 381.988, Florida Statutes. If an emergency rule adopted under this section is held to be unconstitutional or an invalid exercise of delegated legislative authority, and becomes void, the department or the applicable boards may adopt an emergency rule pursuant to this section to replace the rule that has become void. If the emergency rule adopted to replace the void emergency rule is also held to be unconstitutional or an invalid exercise of delegated legislative authority and becomes void, the department and the applicable boards must follow the nonemergency rulemaking procedures of the Administrative Procedures Act to replace the rule that has become void.

(b) For emergency rules adopted under this section, the department and the applicable boards need not make the findings required by s. 120.54(4)(a), Florida Statutes. Emergency rules

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002604

adopted under this section are exempt from ss. 120.54(3)(b) and 120.541, Florida Statutes. The department and the applicable boards shall meet the procedural requirements in s. 120.54(4)(a) ~~s. 120.54(a)~~, Florida Statutes, if the department or the applicable boards have, before July 1, 2019 ~~the effective date of this act~~, held any public workshops or hearings on the subject matter of the emergency rules adopted under this subsection. Challenges to emergency rules adopted under this subsection are subject to the time schedules provided in s. 120.56(5), Florida Statutes.

(c) Emergency rules adopted under this section are exempt from s. 120.54(4)(c), Florida Statutes, and shall remain in effect until replaced by rules adopted under the nonemergency rulemaking procedures of the Administrative Procedures Act. Rules adopted under the nonemergency rulemaking procedures of the Administrative Procedures Act to replace emergency rules adopted under this section are exempt from ss. 120.54(3)(b) and 120.541, Florida Statutes. By July 1, 2021 ~~January 1, 2018~~, the department and the applicable boards shall initiate nonemergency rulemaking pursuant to the Administrative Procedures Act to replace all emergency rules adopted under this section by publishing a notice of rule development in the Florida Administrative Register. Except as provided in paragraph (a), after July 1, 2021 ~~January 1, 2018~~, the department and

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002605

applicable boards may not adopt rules pursuant to the emergency rulemaking procedures provided in this section.

Section 34. The amendment to s. 14(1) of chapter 2017-232, Laws of Florida, by this act expires July 1, 2021, and the text of that subsection shall revert to that in existence on June 30, 2019, except that any amendments to such text enacted other than by this act shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portions of text which expire pursuant to this section.

Section 35. In order to implement Specific Appropriations 330 and 332 of the 2020-2021 General Appropriations Act, the Department of Children and Families shall establish a formula to distribute the recurring sums of $19,627,812 from the General Revenue Fund and $15,668,869 from the Federal Grants Trust Fund for actual and direct costs to implement the Guardianship Assistance Program, including Level 1 foster care board payments, licensing staff for community-based care lead agencies, and guardianship assistance payments. This section expires July 1, 2021.

Section 36. In order to implement Specific Appropriations 330, 332, 361, and 362 of the 2020-2021 General Appropriations Act, and notwithstanding ss. 216.181 and 216.292, Florida Statutes, the Department of Children and Families may submit a budget amendment, subject to the notice, review, and objection procedures of s. 216.177, Florida Statutes, to realign funding

within the department based on the implementation of the Guardianship Assistance Program, between and among the specific appropriations for guardianship assistance payments, foster care Level 1 room and board payments, relative caregiver payments, and nonrelative caregiver payments. This section expires July 1, 2021.

Section 37. In order to implement Specific Appropriations 554 through 560 and 562 of the 2020-2021 General Appropriations Act, subsection (3) of section 296.37, Florida Statutes, is amended to read:

296.37 Residents; contribution to support.—

(3) Notwithstanding subsection (1), each resident of the home who receives a pension, compensation, or gratuity from the United States Government, or income from any other source, of more than $130 per month shall contribute to his or her maintenance and support while a resident of the home in accordance with a payment schedule determined by the administrator and approved by the director. The total amount of such contributions shall be to the fullest extent possible, but, in no case, shall exceed the actual cost of operating and maintaining the home. This subsection expires July 1, 2021 ~~2020~~.

Section 38. In order to implement Specific Appropriations 471 and 510 of the 2020-2021 General Appropriations Act, and notwithstanding ss. 216.181 and 216.292, Florida Statutes, the Department of Health may submit a budget amendment, subject to

the notice, review, and objection procedures of s. 216.177, Florida Statutes, to increase budget authority for the HIV/AIDS Prevention and Treatment Program if additional federal revenues specific to HIV/AIDS prevention and treatment become available in the 2020-2021 fiscal year. This section expires July 1, 2021.

Section 39. In order to implement Specific Appropriations 348, 353, and 354 of the 2020-2021 General Appropriations Act, and notwithstanding ss. 216.181 and 216.292, Florida Statutes, the Department of Children and Families may submit a budget amendment, subject to the notice, review, and objection procedures of s. 216.177, Florida Statutes, to increase budget authority for the Supplemental Nutrition Assistance Program if additional federal revenue specific to the program becomes available for the program in the 2020-2021 fiscal year. This section expires July 1, 2021.

Section 40. In order to implement Specific Appropriations 312 through 315, 319, 320, 323, 328 through 330, and 332 of the 2020-2021 General Appropriations Act, and notwithstanding ss. 216.181 and 216.292, Florida Statutes, the Department of Children and Families may submit a budget amendment, subject to the notice, review, and objection procedures of s. 216.177, Florida Statutes, to realign funding within the Family Safety Program to maximize the use of Title IV-E and other federal funds. This section expires July 1, 2021.

Section 41. In order to implement Specific Appropriations 215 and 226 of the 2020-2021 General Appropriations Act, subsection (6) is added to section 409.968, Florida Statutes, to read:

409.968 Managed care plan payments.—

(6) The agency shall withhold and set aside a portion of the managed care rates from the rate cells for special needs and home health services in the managed medical assistance and managed long-term care programs to implement a home health performance incentive program. The agency shall direct Medicaid managed care plans to submit to the agency proposals to ensure all covered and authorized home health services are provided to recipients, methods for measuring provider compliance, and mechanisms for documenting compliance to the agency. The plans must implement a method for families and caregivers to report provider failures to provide services in real time. The agency may disburse the withheld portion of rate in the last quarter of the fiscal year only if the agency documents in writing that the plans ensured all covered and authorized home health services were provided. This subsection expires July 1, 2021.

Section 42. In order to implement Specific Appropriation 195 of the 2020-2021 General Appropriations Act:

(1) The Agency for Health Care Administration shall replace the current Florida Medicaid Management Information System (FMMIS) and fiscal agent operations with a system that is

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002609

modular, interoperable, and scalable for the Florida Medicaid program that complies with all applicable federal and state laws and requirements. The agency may not include in the project to replace the current FMMIS and fiscal agent contract:

(a) Functionality that duplicates any of the information systems of the other health and human services state agencies; or

(b) Procurement for agency requirements external to Medicaid programs with the intent to leverage the Medicaid technology infrastructure for other purposes without legislative appropriation or legislative authorization to procure these requirements.

The new system, the Florida Health Care Connection (FX) system, must provide better integration with subsystems supporting Florida's Medicaid program; uniformity, consistency, and improved access to data; and compatibility with the Centers for Medicare and Medicaid Services' Medicaid Information Technology Architecture (MITA) as the system matures and expands its functionality.

(2) For purposes of replacing FMMIS and the current Medicaid fiscal agent, the Agency for Health Care Administration shall:

(a) Prioritize procurements for the replacement of the current functions of FMMIS and the responsibilities of the

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002610

current Medicaid fiscal agent, to minimize the need to extend all or portions of the current fiscal agent contract.

(b) Comply with and not exceed the Centers for Medicare and Medicaid Services funding authorizations for the FX system.

(c) Ensure compliance and uniformity with published MITA framework and guidelines.

(d) Ensure that all business requirements and technical specifications have been provided to all affected state agencies for their review and input and approved by the executive steering committee established in paragraph (g).

(e) Consult with the Executive Office of the Governor's working group for interagency information technology integration for the development of competitive solicitations that provide for data interoperability and shared information technology services across the state's health and human services agencies.

(f) Implement a data governance structure for the project to coordinate data sharing and interoperability across state healthcare entities.

(g) Implement a project governance structure that includes an executive steering committee composed of:

1. The Secretary of Health Care Administration, or the executive sponsor of the project.

2. The Assistant Secretary for Child Welfare of the Department of Children and Families, or his or her designee.

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002611

3. The Assistant Secretary for Economic Self-Sufficiency of the Department of Children and Families, or his or her designee.

4. Two employees from the Division of Medicaid of the Agency for Health Care Administration, appointed by the Secretary of Health Care Administration.

5. A representative of the Division of Health Quality Assurance of the Agency for Health Care Administration, appointed by the Secretary of Health Care Administration.

6. A representative of the Florida Center for Health Information and Transparency of the Agency for Health Care Administration, appointed by the Secretary of Health Care Administration.

7. A representative of the Division of Operations of the Agency for Health Care Administration, appointed by the Secretary of Health Care Administration.

8. The Chief Information Officer of the Agency for Health Care Administration, or his or her designee.

9. The state chief information officer or designee.

10. The Deputy Secretary for Children's Medical Services of the Department of Health, or his or her designee.

11. A representative of the Agency for Persons with Disabilities who has experience with the preparation and submission of waivers to the Centers for Medicare and Medicaid

Services, appointed by the director of the Agency for Persons with Disabilities.

12. A representative from the Florida Healthy Kids Corporation.

13. A representative from the Department of Elderly Affairs who has experience with the Medicaid Program within that department, appointed by the Secretary of Elderly Affairs.

14. A representative of the Department of Financial Services who has experience with the state's financial processes including development of the PALM system, appointed by the Chief Financial Officer.

(3) The Secretary of Health Care Administration or the executive sponsor of the project shall serve as chair of the executive steering committee, and the committee shall take action by a vote of at least 10 affirmative votes with the chair voting on the prevailing side. A quorum of the executive steering committee consists of at least 11 members.

(4) The executive steering committee has the overall responsibility for ensuring that the project to replace FMMIS and the Medicaid fiscal agent meets its primary business objectives and shall:

(a) Identify and recommend to the Executive Office of the Governor, the President of the Senate, and the Speaker of the House of Representatives any statutory changes needed to implement the modular replacement to standardize, to the fullest

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002613

extent possible, the state's healthcare data and business processes.

(b) Review and approve any changes to the project's scope, schedule, and budget which do not conflict with the requirements of subsections (1) and (2).

(c) Ensure that adequate resources are provided throughout all phases of the project.

(d) Approve all major project deliverables.

(e) Approve all solicitation-related documents associated with the replacement of the current FMMIS and Medicaid fiscal agent.

(5) This section expires July 1, 2021.

Section 43. Effective upon this act becoming a law, in order to implement Specific Appropriation 316 of section 3 of chapter 2019-115, Laws of Florida, and notwithstanding ss. 216.181 and 216.292, Florida Statutes, the Department of Children and Families may submit a budget amendment, subject to the notice, review, and objection procedures of s. 216.177, Florida Statutes, to realign use of the funds appropriated in Specific Appropriation 316 to implement programs and to manage and deliver services for the state's domestic violence program, including implementing statutory directives contained in chapter 39, Florida Statutes, as amended by chapter 2020-6, Laws of Florida, implementing special projects, coordinating a strong families and domestic violence campaign, implementing the child

welfare and domestic violence co-location projects, and conducting training and providing technical assistance to certified domestic violence centers and allied professionals and which remain unobligated and unexpended as of April 29, 2020, within, among, and between budget categories in the Family Safety Program. This section expires July 1, 2020.

Section 44. In order to implement Specific Appropriation 321 of the 2020-2021 General Appropriations Act, and notwithstanding ss. 216.181 and 216.292, Florida Statutes, the Department of Children and Families may submit a budget amendment, subject to the notice, review, and objection procedures of s. 216.177, Florida Statutes, to realign use of the funds appropriated in Specific Appropriation 321 to implement programs and manage and deliver services for the state's domestic violence program, including implementing statutory directives contained in chapter 39, Florida Statutes, as amended by chapter 2020-6, Laws of Florida, implementing special projects, coordinating a strong families and domestic violence campaign, implementing the child welfare and domestic violence co-location projects, and conducting training and providing technical assistance to certified domestic violence centers and allied professionals, within, among, and between budget categories in the Family Safety Program. Section 45. In order to implement Specific Appropriation 226 of the 2020-2021 General Appropriations Act, subsection (1) of section 409.984, Florida Statutes, is amended to read:

409.984 Enrollment in a long-term care managed care plan.—

(1) The agency shall automatically enroll into a long-term care managed care plan those Medicaid recipients who do not voluntarily choose a plan pursuant to s. 409.969. The agency shall automatically enroll recipients in plans that meet or exceed the performance or quality standards established pursuant to s. 409.967 and may not automatically enroll recipients in a plan that is deficient in those performance or quality standards. If a recipient is deemed dually eligible for Medicaid and Medicare services and is currently receiving Medicare services from an entity qualified under 42 C.F.R. part 422 as a Medicare Advantage Preferred Provider Organization, Medicare Advantage Provider-sponsored Organization, or Medicare Advantage Special Needs Plan, the agency shall automatically enroll the recipient in such plan for Medicaid services if the plan is currently participating in the long-term care managed care program. For a dually eligible recipient receiving Medicare services from an entity qualified under 42 C.F.R. part 422 who is not participating in the long-term care managed care program, the agency shall automatically enroll the dually eligible recipient in a long-term care plan that has established a collaboration and coordination agreement with that

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002616

nonparticipating entity, if the agency determines the agreement is sufficient to ensure provision of all required services in a manner consistent with state and federal requirements. Except as otherwise provided in this part, the agency may not engage in practices that are designed to favor one managed care plan over another.

Section 46. The amendments to s. 409.984(1), Florida Statutes, by this act expire July 1, 2021, and the text of that subsection shall revert to that in existence on June 30, 2020, except that any amendments to such text enacted other than by this act shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portion of text which expires pursuant to this section.

Section 47. In order to implement Specific Appropriations 225 and 226 of the 2020-2021 General Appropriations Act, paragraph (b) of subsection (2) of section 409.908, Florida Statutes, is amended to read:

409.908 Reimbursement of Medicaid providers.—Subject to specific appropriations, the agency shall reimburse Medicaid providers, in accordance with state and federal law, according to methodologies set forth in the rules of the agency and in policy manuals and handbooks incorporated by reference therein. These methodologies may include fee schedules, reimbursement methods based on cost reporting, negotiated fees, competitive bidding pursuant to s. 287.057, and other mechanisms the agency

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002617

considers efficient and effective for purchasing services or goods on behalf of recipients. If a provider is reimbursed based on cost reporting and submits a cost report late and that cost report would have been used to set a lower reimbursement rate for a rate semester, then the provider's rate for that semester shall be retroactively calculated using the new cost report, and full payment at the recalculated rate shall be effected retroactively. Medicare-granted extensions for filing cost reports, if applicable, shall also apply to Medicaid cost reports. Payment for Medicaid compensable services made on behalf of Medicaid eligible persons is subject to the availability of moneys and any limitations or directions provided for in the General Appropriations Act or chapter 216. Further, nothing in this section shall be construed to prevent or limit the agency from adjusting fees, reimbursement rates, lengths of stay, number of visits, or number of services, or making any other adjustments necessary to comply with the availability of moneys and any limitations or directions provided for in the General Appropriations Act, provided the adjustment is consistent with legislative intent.

(2)

(b) Subject to any limitations or directions in the General Appropriations Act, the agency shall establish and implement a state Title XIX Long-Term Care Reimbursement Plan for nursing home care in order to provide care and services in

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002618

conformance with the applicable state and federal laws, rules, regulations, and quality and safety standards and to ensure that individuals eligible for medical assistance have reasonable geographic access to such care.

1. The agency shall amend the long-term care reimbursement plan and cost reporting system to create direct care and indirect care subcomponents of the patient care component of the per diem rate. These two subcomponents together shall equal the patient care component of the per diem rate. Separate prices shall be calculated for each patient care subcomponent, initially based on the September 2016 rate setting cost reports and subsequently based on the most recently audited cost report used during a rebasing year. The direct care subcomponent of the per diem rate for any providers still being reimbursed on a cost basis shall be limited by the cost-based class ceiling, and the indirect care subcomponent may be limited by the lower of the cost-based class ceiling, the target rate class ceiling, or the individual provider target. The ceilings and targets apply only to providers being reimbursed on a cost-based system. Effective October 1, 2018, a prospective payment methodology shall be implemented for rate setting purposes with the following parameters:

a. Peer Groups, including:

(I) North-SMMC Regions 1-9, less Palm Beach and Okeechobee Counties; and

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002619

(II) South-SMMC Regions 10-11, plus Palm Beach and Okeechobee Counties.

b. Percentage of Median Costs based on the cost reports used for September 2016 rate setting:

(I) Direct Care Costs.....100 percent.

(II) Indirect Care Costs.....92 percent.

(III) Operating Costs.....86 percent.

c. Floors:

(I) Direct Care Component.....95 percent.

(II) Indirect Care Component.....92.5 percent.

(III) Operating Component.....None.

d. Pass-through Payments.....Real Estate and Personal Property Taxes and Property Insurance.

e. Quality Incentive Program Payment Pool....6.5 percent of September 2016 non-property related payments of included facilities.

f. Quality Score Threshold to Quality for Quality Incentive Payment.....20th percentile of included facilities.

g. Fair Rental Value System Payment Parameters:

(I) Building Value per Square Foot based on 2018 RS Means.

(II) Land Valuation.....10 percent of Gross Building value.

(III) Facility Square Footage.....Actual Square Footage.

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002620

(IV) Moveable Equipment Allowance.....$8,000 per bed.
(V) Obsolescence Factor.....1.5 percent.
(VI) Fair Rental Rate of Return.....8 percent.
(VII) Minimum Occupancy.....90 percent.
(VIII) Maximum Facility Age.....40 years.
(IX) Minimum Square Footage per Bed.....350.
(X) Maximum Square Footage for Bed.....500.
(XI) Minimum Cost of a renovation/replacements.....$500 per bed.

h. Ventilator Supplemental payment of $200 per Medicaid day of 40,000 ventilator Medicaid days per fiscal year.

2. The direct care subcomponent shall include salaries and benefits of direct care staff providing nursing services including registered nurses, licensed practical nurses, and certified nursing assistants who deliver care directly to residents in the nursing home facility, allowable therapy costs, and dietary costs. This excludes nursing administration, staff development, the staffing coordinator, and the administrative portion of the minimum data set and care plan coordinators. The direct care subcomponent also includes medically necessary dental care, vision care, hearing care, and podiatric care.

3. All other patient care costs shall be included in the indirect care cost subcomponent of the patient care per diem rate, including complex medical equipment, medical supplies, and other allowable ancillary costs. Costs may not be allocated

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002621

directly or indirectly to the direct care subcomponent from a home office or management company.

4. On July 1 of each year, the agency shall report to the Legislature direct and indirect care costs, including average direct and indirect care costs per resident per facility and direct care and indirect care salaries and benefits per category of staff member per facility.

5. Every fourth year, the agency shall rebase nursing home prospective payment rates to reflect changes in cost based on the most recently audited cost report for each participating provider.

6. A direct care supplemental payment may be made to providers whose direct care hours per patient day are above the 80th percentile and who provide Medicaid services to a larger percentage of Medicaid patients than the state average.

7. For the period beginning July 1, 2020, the agency shall establish a unit cost increase as an equal percentage for each nursing home.

8.~~7.~~ For the period beginning on October 1, 2018, and ending on September 30, 2021, the agency shall reimburse providers the greater of their September 2016 cost-based rate plus the July 1, 2020, unit cost increase or their prospective payment rate plus the July 1, 2020, unit cost increase. Effective October 1, 2021, the agency shall reimburse providers the greater of 95 percent of their cost-based rate plus the July

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002622

1, 2020, unit cost increase or their rebased prospective payment rate plus the July 1, 2020, unit cost increase, using the most recently audited cost report for each facility. This subparagraph shall expire September 30, 2023.

9.~~8.~~ Pediatric, Florida Department of Veterans Affairs, and government-owned facilities are exempt from the pricing model established in this subsection and shall remain on a cost-based prospective payment system. Effective October 1, 2018, the agency shall set rates for all facilities remaining on a cost-based prospective payment system using each facility's most recently audited cost report, eliminating retroactive settlements.

It is the intent of the Legislature that the reimbursement plan achieve the goal of providing access to health care for nursing home residents who require large amounts of care while encouraging diversion services as an alternative to nursing home care for residents who can be served within the community. The agency shall base the establishment of any maximum rate of payment, whether overall or component, on the available moneys as provided for in the General Appropriations Act. The agency may base the maximum rate of payment on the results of scientifically valid analysis and conclusions derived from objective statistical data pertinent to the particular maximum rate of payment.

Section 48. The amendments to s. 409.908(2)(b), Florida Statutes, by this act expire July 1, 2021, and the text of that paragraph shall revert to that in existence on July 1, 2019, except that any amendments to such text enacted other than by this act shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portions of text which expire pursuant to this section.

Section 49. Effective upon becoming law, in order to implement Specific Appropriations 426 through 545 of the 2019-2020 General Appropriations Act and Specific Appropriations 426 through 545 of the 2020-2021 General Appropriations Act, and notwithstanding ss. 216.181 and 216.292, Florida Statutes, the Department of Health may submit a budget amendment, subject to the notice, review, and objection procedures of s. 216.177, Florida Statutes, to increase budget authority for public health emergencies declared pursuant to s. 381.00315, Florida Statutes, if additional federal revenues specific to response to a declared public health emergency become available in the 2019-2020 or 2020-2021 fiscal year. This section expires July 1, 2021.

Section 50. In order to implement Specific Appropriations 225 and 226 of the 2020-2021 General Appropriations Act, upon the expiration and reversion of the amendment made to section 400.179, Florida Statutes, pursuant to section 29 of chapter

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002624

2019-116, Laws of Florida, paragraph (d) of subsection (2) of section 400.179, Florida Statutes, is amended to read:

400.179 Liability for Medicaid underpayments and overpayments.—

(2) Because any transfer of a nursing facility may expose the fact that Medicaid may have underpaid or overpaid the transferor, and because in most instances, any such underpayment or overpayment can only be determined following a formal field audit, the liabilities for any such underpayments or overpayments shall be as follows:

(d) Where the transfer involves a facility that has been leased by the transferor:

1. The transferee shall, as a condition to being issued a license by the agency, acquire, maintain, and provide proof to the agency of a bond with a term of 30 months, renewable annually, in an amount not less than the total of 3 months' Medicaid payments to the facility computed on the basis of the preceding 12-month average Medicaid payments to the facility.

2. A leasehold licensee may meet the requirements of subparagraph 1. by payment of a nonrefundable fee, paid at initial licensure, paid at the time of any subsequent change of ownership, and paid annually thereafter, in the amount of 1 percent of the total of 3 months' Medicaid payments to the facility computed on the basis of the preceding 12-month average Medicaid payments to the facility. If a preceding 12-month

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002625

average is not available, projected Medicaid payments may be used. The fee shall be deposited into the Grants and Donations Trust Fund and shall be accounted for separately as a Medicaid nursing home overpayment account. These fees shall be used at the sole discretion of the agency to repay nursing home Medicaid overpayments or for enhanced payments to nursing facilities as specified in the General Appropriations Act or other law. Payment of this fee shall not release the licensee from any liability for any Medicaid overpayments, nor shall payment bar the agency from seeking to recoup overpayments from the licensee and any other liable party. As a condition of exercising this lease bond alternative, licensees paying this fee must maintain an existing lease bond through the end of the 30-month term period of that bond. The agency is herein granted specific authority to promulgate all rules pertaining to the administration and management of this account, including withdrawals from the account, subject to federal review and approval. This provision shall take effect upon becoming law and shall apply to any leasehold license application. The financial viability of the Medicaid nursing home overpayment account shall be determined by the agency through annual review of the account balance and the amount of total outstanding, unpaid Medicaid overpayments owing from leasehold licensees to the agency as determined by final agency audits. By March 31 of each year, the agency shall assess the cumulative fees collected under this

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002626

subparagraph, minus any amounts used to repay nursing home Medicaid overpayments and amounts transferred to contribute to the General Revenue Fund pursuant to s. 215.20. If the net cumulative collections, minus amounts utilized to repay nursing home Medicaid overpayments, exceed $10 ~~$25~~ million, the provisions of this subparagraph shall not apply for the subsequent fiscal year.

3. The leasehold licensee may meet the bond requirement through other arrangements acceptable to the agency. The agency is herein granted specific authority to promulgate rules pertaining to lease bond arrangements.

4. All existing nursing facility licensees, operating the facility as a leasehold, shall acquire, maintain, and provide proof to the agency of the 30-month bond required in subparagraph 1., above, on and after July 1, 1993, for each license renewal.

5. It shall be the responsibility of all nursing facility operators, operating the facility as a leasehold, to renew the 30-month bond and to provide proof of such renewal to the agency annually.

6. Any failure of the nursing facility operator to acquire, maintain, renew annually, or provide proof to the agency shall be grounds for the agency to deny, revoke, and suspend the facility license to operate such facility and to take any further action, including, but not limited to,

AMERICAN OVERSIGHT

enjoining the facility, asserting a moratorium pursuant to part II of chapter 408, or applying for a receiver, deemed necessary to ensure compliance with this section and to safeguard and protect the health, safety, and welfare of the facility's residents. A lease agreement required as a condition of bond financing or refinancing under s. 154.213 by a health facilities authority or required under s. 159.30 by a county or municipality is not a leasehold for purposes of this paragraph and is not subject to the bond requirement of this paragraph.

Section 51. The amendment to s. 400.179(2)(d), Florida Statutes, by this act expires July 1, 2021, and the text of that paragraph shall revert to that in existence on June 30, 2019, except that any amendments to such text enacted other than by this act shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portions of text which expire pursuant to this section.

Section 52. In order to implement Specific Appropriations 582 through 673 and 685 through 720 of the 2020-2021 General Appropriations Act, subsection (4) of section 216.262, Florida Statutes, is amended to read:

216.262 Authorized positions.—

(4) Notwithstanding the provisions of this chapter relating to increasing the number of authorized positions, and for the 2020-2021 ~~2019-2020~~ fiscal year only, if the actual inmate population of the Department of Corrections exceeds the

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002628

inmate population projections of the December 17 ~~February 22~~, 2019, Criminal Justice Estimating Conference by 1 percent for 2 consecutive months or 2 percent for any month, the Executive Office of the Governor, with the approval of the Legislative Budget Commission, shall immediately notify the Criminal Justice Estimating Conference, which shall convene as soon as possible to revise the estimates. The Department of Corrections may then submit a budget amendment requesting the establishment of positions in excess of the number authorized by the Legislature and additional appropriations from unallocated general revenue sufficient to provide for essential staff, fixed capital improvements, and other resources to provide classification, security, food services, health services, and other variable expenses within the institutions to accommodate the estimated increase in the inmate population. All actions taken pursuant to this subsection are subject to review and approval by the Legislative Budget Commission. This subsection expires July 1, 2021 ~~2020~~.

Section 53. In order to implement Specific Appropriation 707 of the 2020-2021 General Appropriations Act, and upon the expiration and reversion of the amendments made by section 52 of chapter 2019-116, Laws of Florida, paragraph (b) of subsection (8) of section 1011.80, Florida Statutes, is amended to read:

1011.80 Funds for operation of workforce education programs.—

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002629

(8)

(b) State funds provided for the operation of postsecondary workforce programs may not be expended for the education of state or federal inmates, except to the extent that such funds are specifically appropriated for such purpose in the 2020-2021 General Appropriations Act ~~with more than 24 months of time remaining to serve on their sentences or federal inmates.~~

Section 54. The amendment made to s. 1011.80(8)(b), Florida Statutes, by this act expires July 1, 2021, and the text of that paragraph shall revert to that in existence on July 1, 2019, but not including any amendments made by this act or chapters 2019-116 and 2018-10, Laws of Florida, and any amendments to such text enacted other than by this act shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portions of text which expire pursuant to this section.

Section 55. In order to implement Specific Appropriations 3187 through 3253 of the 2020-2021 General Appropriations Act, subsection (2) of section 215.18, Florida Statutes, is amended to read:

215.18 Transfers between funds; limitation.—

(2) The Chief Justice of the Supreme Court may receive one or more trust fund loans to ensure that the state court system has funds sufficient to meet its appropriations in the 2020-2021 ~~2019-2020~~ General Appropriations Act. If the Chief Justice

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002630

accesses the loan, he or she must notify the Governor and the chairs of the legislative appropriations committees in writing. The loan must come from other funds in the State Treasury which are for the time being or otherwise in excess of the amounts necessary to meet the just requirements of such last-mentioned funds. The Governor shall order the transfer of funds within 5 days after the written notification from the Chief Justice. If the Governor does not order the transfer, the Chief Financial Officer shall transfer the requested funds. The loan of funds from which any money is temporarily transferred must be repaid by the end of the 2020-2021 ~~2019-2020~~ fiscal year. This subsection expires July 1, 2021 ~~2020~~.

Section 56. (1) In order to implement Specific Appropriations 1120 through 1131 of the 2020-2021 General Appropriations Act, the Department of Juvenile Justice is required to review county juvenile detention payments to ensure that counties fulfill their financial responsibilities required in s. 985.6865, Florida Statutes. If the Department of Juvenile Justice determines that a county has not met its obligations, the department shall direct the Department of Revenue to deduct the amount owed to the Department of Juvenile Justice from the funds provided to the county under s. 218.23, Florida Statutes. The Department of Revenue shall transfer the funds withheld to the Shared County/State Juvenile Detention Trust Fund.

AMERICAN OVERSIGHT

(2) As an assurance to holders of bonds issued by counties before July 1, 2020, for which distributions made pursuant to s. 218.23, Florida Statutes, are pledged, or bonds issued to refund such bonds which mature no later than the bonds they refunded and which result in a reduction of debt service payable in each fiscal year, the amount available for distribution to a county shall remain as provided by law and continue to be subject to any lien or claim on behalf of the bondholders. The Department of Revenue must ensure, based on information provided by an affected county, that any reduction in amounts distributed pursuant to subsection (1) does not reduce the amount of distribution to a county below the amount necessary for the timely payment of principal and interest when due on the bonds and the amount necessary to comply with any covenant under the bond resolution or other documents relating to the issuance of the bonds. If a reduction to a county's monthly distribution must be decreased in order to comply with this section, the Department of Revenue must notify the Department of Juvenile Justice of the amount of the decrease, and the Department of Juvenile Justice must send a bill for payment of such amount to the affected county.

(3) This section expires July 1, 2021.

Section 57. In order to implement Specific Appropriations 731 through 752, 916 through 1062, and 1083 through 1119 of the 2020-2021 General Appropriations Act, and notwithstanding the

AMERICAN OVERSIGHT

expiration date in section 57 of chapter 2019-116, Laws of Florida, subsection (1), paragraph (a) of subsection (2), paragraph (a) of subsection (3), and subsections (5), (6), and (7) of that section are reenacted, to read:

27.40 Court-appointed counsel; circuit registries; minimum requirements; appointment by court.—

(1) Counsel shall be appointed to represent any individual in a criminal or civil proceeding entitled to court-appointed counsel under the Federal or State Constitution or as authorized by general law. The court shall appoint a public defender to represent indigent persons as authorized in s. 27.51. The office of criminal conflict and civil regional counsel shall be appointed to represent persons in those cases in which provision is made for court-appointed counsel, but only after the public defender has certified to the court in writing that the public defender is unable to provide representation due to a conflict of interest or is not authorized to provide representation. The public defender shall report, in the aggregate, the specific basis of all conflicts of interest certified to the court. On a quarterly basis, the public defender shall submit this information to the Justice Administrative Commission.

(2)(a) Private counsel shall be appointed to represent persons in those cases in which provision is made for court-appointed counsel but only after the office of criminal conflict and civil regional counsel has been appointed and has certified

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002633

to the court in writing that the criminal conflict and civil regional counsel is unable to provide representation due to a conflict of interest. The criminal conflict and civil regional counsel shall report, in the aggregate, the specific basis of all conflicts of interest certified to the court. On a quarterly basis, the criminal conflict and civil regional counsel shall submit this information to the Justice Administrative Commission.

(3) In using a registry:

(a) The chief judge of the circuit shall compile a list of attorneys in private practice, by county and by category of cases, and provide the list to the clerk of court in each county. The chief judge of the circuit may restrict the number of attorneys on the general registry list. To be included on a registry, an attorney must certify that he or she:

1. Meets any minimum requirements established by the chief judge and by general law for court appointment;

2. Is available to represent indigent defendants in cases requiring court appointment of private counsel; and

3. Is willing to abide by the terms of the contract for services, s. 27.5304, and this section.

To be included on a registry, an attorney must enter into a contract for services with the Justice Administrative Commission. Failure to comply with the terms of the contract for

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002634

services may result in termination of the contract and removal from the registry. Each attorney on the registry is responsible for notifying the clerk of the court and the Justice Administrative Commission of any change in his or her status. Failure to comply with this requirement is cause for termination of the contract for services and removal from the registry until the requirement is fulfilled.

(5) The Justice Administrative Commission shall approve uniform contract forms for use in procuring the services of private court-appointed counsel and uniform procedures and forms for use by a court-appointed attorney in support of billing for attorney's fees, costs, and related expenses to demonstrate the attorney's completion of specified duties. Such uniform contracts and forms for use in billing must be consistent with s. 27.5304, s. 216.311, and the General Appropriations Act and must contain the following statement: "The State of Florida's performance and obligation to pay under this contract is contingent upon an annual appropriation by the Legislature."

(6) After court appointment, the attorney must immediately file a notice of appearance with the court indicating acceptance of the appointment to represent the defendant and of the terms of the uniform contract as specified in subsection (5).

(7)(a) A private attorney appointed by the court from the registry to represent a client is entitled to payment as provided in s. 27.5304 so long as the requirements of subsection

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002635

(1) and paragraph (2)(a) are met. An attorney appointed by the court who is not on the registry list may be compensated under s. 27.5304 only if the court finds in the order of appointment that there were no registry attorneys available for representation for that case and only if the requirements of subsection (1) and paragraph (2)(a) are met.

(b)1. The flat fee established in s. 27.5304 and the General Appropriations Act shall be presumed by the court to be sufficient compensation. The attorney shall maintain appropriate documentation, including contemporaneous and detailed hourly accounting of time spent representing the client. If the attorney fails to maintain such contemporaneous and detailed hourly records, the attorney waives the right to seek compensation in excess of the flat fee established in s. 27.5304 and the General Appropriations Act. These records and documents are subject to review by the Justice Administrative Commission and audit by the Auditor General, subject to the attorney-client privilege and work-product privilege. The attorney shall maintain the records and documents in a manner that enables the attorney to redact any information subject to a privilege in order to facilitate the commission's review of the records and documents and not to impede such review. The attorney may redact information from the records and documents only to the extent necessary to comply with the privilege. The Justice Administrative Commission shall review such records and shall

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002636

contemporaneously document such review before authorizing payment to an attorney. Objections by or on behalf of the Justice Administrative Commission to records or documents or to claims for payment by the attorney shall be presumed correct by the court unless the court determines, in writing, that competent and substantial evidence exists to justify overcoming the presumption.

2. If an attorney fails, refuses, or declines to permit the commission or the Auditor General to review documentation for a case as provided in this paragraph, the attorney waives the right to seek, and the commission may not pay, compensation in excess of the flat fee established in s. 27.5304 and the General Appropriations Act for that case.

3. A finding by the commission that an attorney has waived the right to seek compensation in excess of the flat fee established in s. 27.5304 and the General Appropriations Act, as provided in this paragraph, shall be presumed to be correct, unless the court determines, in writing, that competent and substantial evidence exists to justify overcoming the presumption.

Section 58. In order to implement Specific Appropriations 731 through 752, 916 through 1062, and 1083 through 1119 of the 2020-2021 General Appropriations Act, and notwithstanding the expiration date in section 59 of chapter 2019-116, Laws of Florida, subsection (13) of section 27.5304, Florida Statutes,

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002637

is amended, and subsections (1), (3), (7), and (11), and paragraphs (a) through (e) of subsection (12), are reenacted, to read:

27.5304 Private court-appointed counsel; compensation; notice.—

(1) Private court-appointed counsel appointed in the manner prescribed in s. 27.40(1) and (2)(a) shall be compensated by the Justice Administrative Commission only as provided in this section and the General Appropriations Act. The flat fees prescribed in this section are limitations on compensation. The specific flat fee amounts for compensation shall be established annually in the General Appropriations Act. The attorney also shall be reimbursed for reasonable and necessary expenses in accordance with s. 29.007. If the attorney is representing a defendant charged with more than one offense in the same case, the attorney shall be compensated at the rate provided for the most serious offense for which he or she represented the defendant. This section does not allow stacking of the fee limits established by this section.

(3) The court retains primary authority and responsibility for determining the reasonableness of all billings for attorney fees, costs, and related expenses, subject to statutory limitations and the requirements of s. 27.40(7). Private court-appointed counsel is entitled to compensation upon final disposition of a case.

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002638

(7) Counsel eligible to receive compensation from the state for representation pursuant to court appointment made in accordance with the requirements of s. 27.40(1) and (2)(a) in a proceeding under chapter 384, chapter 390, chapter 392, chapter 393, chapter 394, chapter 397, chapter 415, chapter 743, chapter 744, or chapter 984 shall receive compensation not to exceed the limits prescribed in the General Appropriations Act. Any such compensation must be determined as provided in s. 27.40(7).

(11) It is the intent of the Legislature that the flat fees prescribed under this section and the General Appropriations Act comprise the full and complete compensation for private court-appointed counsel. It is further the intent of the Legislature that the fees in this section are prescribed for the purpose of providing counsel with notice of the limit on the amount of compensation for representation in particular proceedings and the sole procedure and requirements for obtaining payment for the same.

(a) If court-appointed counsel moves to withdraw prior to the full performance of his or her duties through the completion of the case, the court shall presume that the attorney is not entitled to the payment of the full flat fee established under this section and the General Appropriations Act.

(b) If court-appointed counsel is allowed to withdraw from representation prior to the full performance of his or her duties through the completion of the case and the court appoints

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002639

a subsequent attorney, the total compensation for the initial and any and all subsequent attorneys may not exceed the flat fee established under this section and the General Appropriations Act, except as provided in subsection (12).

This subsection constitutes notice to any subsequently appointed attorney that he or she will not be compensated the full flat fee.

(12) The Legislature recognizes that on rare occasions an attorney may receive a case that requires extraordinary and unusual effort.

(a) If counsel seeks compensation that exceeds the limits prescribed by law, he or she must file a motion with the chief judge for an order approving payment of attorney fees in excess of these limits.

1. Before filing the motion, the counsel shall deliver a copy of the intended billing, together with supporting affidavits and all other necessary documentation, to the Justice Administrative Commission.

2. The Justice Administrative Commission shall review the billings, affidavit, and documentation for completeness and compliance with contractual and statutory requirements and shall contemporaneously document such review before authorizing payment to an attorney. If the Justice Administrative Commission objects to any portion of the proposed billing, the objection

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002640

and supporting reasons must be communicated in writing to the private court-appointed counsel. The counsel may thereafter file his or her motion, which must specify whether the commission objects to any portion of the billing or the sufficiency of documentation, and shall attach the commission's letter stating its objection.

(b) Following receipt of the motion to exceed the fee limits, the chief judge or a single designee shall hold an evidentiary hearing. The chief judge may select only one judge per circuit to hear and determine motions pursuant to this subsection, except multicounty circuits and the eleventh circuit may have up to two designees.

1. At the hearing, the attorney seeking compensation must prove by competent and substantial evidence that the case required extraordinary and unusual efforts. The chief judge or single designee shall consider criteria such as the number of witnesses, the complexity of the factual and legal issues, and the length of trial. The fact that a trial was conducted in a case does not, by itself, constitute competent substantial evidence of an extraordinary and unusual effort. In a criminal case, relief under this section may not be granted if the number of work hours does not exceed 75 or the number of the state's witnesses deposed does not exceed 20.

2. Objections by or on behalf of the Justice Administrative Commission to records or documents or to claims

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002641

for payment by the attorney shall be presumed correct by the court unless the court determines, in writing, that competent and substantial evidence exists to justify overcoming the presumption. The chief judge or single designee shall enter a written order detailing his or her findings and identifying the extraordinary nature of the time and efforts of the attorney in the case which warrant exceeding the flat fee established by this section and the General Appropriations Act.

(c) A copy of the motion and attachments shall be served on the Justice Administrative Commission at least 20 business days before the date of a hearing. The Justice Administrative Commission has standing to appear before the court, and may appear in person or telephonically, including at the hearing under paragraph (b), to contest any motion for an order approving payment of attorney fees, costs, or related expenses and may participate in a hearing on the motion by use of telephonic or other communication equipment. The Justice Administrative Commission may contract with other public or private entities or individuals to appear before the court for the purpose of contesting any motion for an order approving payment of attorney fees, costs, or related expenses. The fact that the Justice Administrative Commission has not objected to any portion of the billing or to the sufficiency of the documentation is not binding on the court.

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002642

(d) If the chief judge or a single designee finds that counsel has proved by competent and substantial evidence that the case required extraordinary and unusual efforts, the chief judge or single designee shall order the compensation to be paid to the attorney at a percentage above the flat fee rate, depending on the extent of the unusual and extraordinary effort required. The percentage must be only the rate necessary to ensure that the fees paid are not confiscatory under common law. The percentage may not exceed 200 percent of the established flat fee, absent a specific finding that 200 percent of the flat fee in the case would be confiscatory. If the chief judge or single designee determines that 200 percent of the flat fee would be confiscatory, he or she shall order the amount of compensation using an hourly rate not to exceed $75 per hour for a noncapital case and $100 per hour for a capital case. However, the compensation calculated by using the hourly rate shall be only that amount necessary to ensure that the total fees paid are not confiscatory, subject to the requirements of s. 27.40(7).

(e) Any order granting relief under this subsection must be attached to the final request for a payment submitted to the Justice Administrative Commission and must satisfy the requirements of subparagraph (b)2.

(13) Notwithstanding the limitation set forth in subsection (5) and for the 2020-2021 ~~2019-2020~~ fiscal year only,

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002643

the compensation for representation in a criminal proceeding may not exceed the following:

(a) For misdemeanors and juveniles represented at the trial level: $1,000.

(b) For noncapital, nonlife felonies represented at the trial level: $15,000.

(c) For life felonies represented at the trial level: $15,000.

(d) For capital cases represented at the trial level: $25,000. For purposes of this paragraph, a "capital case" is any offense for which the potential sentence is death and the state has not waived seeking the death penalty.

(e) For representation on appeal: $9,000.

(f) This subsection expires July 1, 2021 ~~2019~~.

Section 59. The amendments to s. 27.40(1), (2)(a), (3)(a), (5), (6), and (7), Florida Statutes, and s. 27.5304(1), (3), (7), (11), and (12)(a)-(e), Florida Statutes, as carried forward from chapter 2019-116, Laws of Florida, by this act expire July 1, 2021, and the text of those subsections and paragraphs, as applicable, shall revert to that in existence on June 30, 2019, except that any amendments to such text enacted other than by this act shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portions of text which expire pursuant to this section.

Section 60. In order to implement Specific Appropriation 736 of the 2020-2021 General Appropriations Act, and notwithstanding s. 28.35, Florida Statutes, the clerks of the circuit court are responsible for any costs of compensation to jurors, for meals or lodging provided to jurors, and for jury-related personnel costs that exceed the funding provided in the General Appropriations Act for these purposes. This section expires July 1, 2021.

Section 61. In order to implement Specific Appropriations 916 through 1062 of the 2020-2021 General Appropriations Act, and notwithstanding the expiration date in section 63 of chapter 2019-116, Laws of Florida, paragraph (c) of subsection (19) of section 318.18, Florida Statutes, is reenacted to read:

318.18 Amount of penalties.—The penalties required for a noncriminal disposition pursuant to s. 318.14 or a criminal offense listed in s. 318.17 are as follows:

(19) In addition to any penalties imposed, an Article V assessment of $10 must be paid for all noncriminal moving and nonmoving violations under chapters 316, 320, and 322. The assessment is not revenue for purposes of s. 28.36 and may not be used in establishing the budget of the clerk of the court under that section or s. 28.35. Of the funds collected under this subsection:

(c) The sum of $1.67 shall be deposited in the Indigent Criminal Defense Trust Fund for use by the public defenders.

Section 62. In order to implement Specific Appropriations 916 through 1062 of the 2020-2021 General Appropriations Act, and notwithstanding the expiration date in section 63 of chapter 2019-116, Laws of Florida, paragraph (b) of subsection (12) of section 817.568, Florida Statutes, is reenacted to read:

817.568 Criminal use of personal identification information.—

(12) In addition to any sanction imposed when a person pleads guilty or nolo contendere to, or is found guilty of, regardless of adjudication, a violation of this section, the court shall impose a surcharge of $1,001.

(b) The sum of $250 of the surcharge shall be deposited into the State Attorneys Revenue Trust Fund for the purpose of funding prosecutions of offenses relating to the criminal use of personal identification information. The sum of $250 of the surcharge shall be deposited into the Indigent Criminal Defense Trust Fund for the purposes of indigent criminal defense related to the criminal use of personal identification information.

Section 63. The text of ss. 318.18(19)(c) and 817.568(12)(b), Florida Statutes, as carried forward from chapter 2019-116, Laws of Florida, by this act expires July 1, 2021, and the text of those paragraphs shall revert to that in existence on June 30, 2018, except that any amendments to such text enacted other than by this act shall be preserved and continue to operate to the extent that such amendments are not

dependent upon the portions of text which expire pursuant to this section.

Section 64. In order to implement Specific Appropriation 1120 through 1203B of the 2020-2021 General Appropriations Act, subsections (2) and (3) of section 20.316, Florida Statutes, are amended to read:

20.316 Department of Juvenile Justice.—There is created a Department of Juvenile Justice.

(2) DEPARTMENT PROGRAMS.—The following programs are established within the Department of Juvenile Justice:

(a) Accountability and Program Support.

(d)~~(a)~~ Prevention ~~and Victim Services~~.

(c)~~(b)~~ Intake and Detention.

(f)~~(c)~~ Residential and Correctional Facilities.

(e)~~(d)~~ Probation and Community Corrections.

(b)~~(e)~~ Administration.

The secretary may establish assistant secretary positions and a chief of staff position as necessary to administer the requirements of this section.

(3) JUVENILE JUSTICE OPERATING CIRCUITS.—The department shall plan and administer its programs through a substate structure that conforms to the boundaries of the judicial circuits prescribed in s. 26.021. A county may seek placement in a juvenile justice operating circuit other than as prescribed in

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002647

s. 26.021 for participation in the Prevention ~~and Victim Services~~ Program and the Probation and Community Corrections Program by making a request of the chief circuit judge in each judicial circuit affected by such request. Upon a showing that geographic proximity, community identity, or other legitimate concern for efficiency of operations merits alternative placement, each affected chief circuit judge may authorize the execution of an interagency agreement specifying the alternative juvenile justice operating circuit in which the county is to be placed and the basis for the alternative placement. Upon the execution of said interagency agreement by each affected chief circuit judge, the secretary may administratively place a county in an alternative juvenile justice operating circuit pursuant to the agreement.

Section 65. The amendments to s. 20.316(2) and (3), Florida Statutes, by this act expire July 1, 2021, and the text of those subsections shall revert to that in existence on June 30, 2020, except that any amendments to such text enacted other than this act shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portions of text which expire pursuant to this section.

Section 66. In order to implement appropriations used to pay existing lease contracts for private lease space in excess of 2,000 square feet in the 2020-2021 General Appropriations Act, the Department of Management Services, with the cooperation

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002648

of the agencies having the existing lease contracts for office or storage space, shall use tenant broker services to renegotiate or reprocure all private lease agreements for office or storage space expiring between July 1, 2021, and June 30, 2023, in order to reduce costs in future years. The department shall incorporate this initiative into its 2020 master leasing report required under s. 255.249(7), Florida Statutes, and may use tenant broker services to explore the possibilities of collocating office or storage space, to review the space needs of each agency, and to review the length and terms of potential renewals or renegotiations. The department shall provide a report to the Executive Office of the Governor, the President of the Senate, and the Speaker of the House of Representatives by November 1, 2020, which lists each lease contract for private office or storage space, the status of renegotiations, and the savings achieved. This section expires July 1, 2021.

Section 67. In order to implement Specific Appropriations 2820 through 2832 of the 2020-2021 General Appropriations Act, and notwithstanding rule 60A-1.031, Florida Administrative Code, the transaction fee collected for use of the online procurement system, authorized in ss. 287.042(1)(h)1. and 287.057(22)(c), Florida Statutes, is seven-tenths of 1 percent for the 2020-2021 fiscal year only. This section expires July 1, 2021.

The provisions of this subsection are subject to the notice and objection procedures set forth in s. 216.177.

Section 75. In order to implement specific appropriations from the land acquisition trust funds within the Department of Agriculture and Consumer Services, the Department of Environmental Protection, the Department of State, and the Fish and Wildlife Conservation Commission, which are contained in the 2020-2021 General Appropriations Act, subsection (3) of section 215.18, Florida Statutes, is amended to read:

215.18 Transfers between funds; limitation.—

(3) Notwithstanding subsection (1) and only with respect to a land acquisition trust fund in the Department of Agriculture and Consumer Services, the Department of Environmental Protection, the Department of State, or the Fish and Wildlife Conservation Commission, whenever there is a deficiency in a land acquisition trust fund which would render that trust fund temporarily insufficient to meet its just requirements, including the timely payment of appropriations from that trust fund, and other trust funds in the State Treasury have moneys that are for the time being or otherwise in excess of the amounts necessary to meet the just requirements, including appropriated obligations, of those other trust funds, the Governor may order a temporary transfer of moneys from one or more of the other trust funds to a land acquisition trust fund in the Department of Agriculture and Consumer Services, the

Department of Environmental Protection, the Department of State, or the Fish and Wildlife Conservation Commission. Any action proposed pursuant to this subsection is subject to the notice, review, and objection procedures of s. 216.177, and the Governor shall provide notice of such action at least 7 days before the effective date of the transfer of trust funds, except that during July 2020 ~~2019~~, notice of such action shall be provided at least 3 days before the effective date of a transfer unless such 3-day notice is waived by the chair and vice-chair of the Legislative Budget Commission. Any transfer of trust funds to a land acquisition trust fund in the Department of Agriculture and Consumer Services, the Department of Environmental Protection, the Department of State, or the Fish and Wildlife Conservation Commission must be repaid to the trust funds from which the moneys were loaned by the end of the 2020-2021 ~~2019-2020~~ fiscal year. The Legislature has determined that the repayment of the other trust fund moneys temporarily loaned to a land acquisition trust fund in the Department of Agriculture and Consumer Services, the Department of Environmental Protection, the Department of State, or the Fish and Wildlife Conservation Commission pursuant to this subsection is an allowable use of the moneys in a land acquisition trust fund because the moneys from other trust funds temporarily loaned to a land acquisition trust fund shall be expended solely and exclusively in

accordance with s. 28, Art. X of the State Constitution. This subsection expires July 1, 2021 ~~2020~~.

Section 76. (1) In order to implement specific appropriations from the land acquisition trust funds within the Department of Agriculture and Consumer Services, the Department of Environmental Protection, the Department of State, and the Fish and Wildlife Conservation Commission, which are contained in the 2020-2021 General Appropriations Act, the Department of Environmental Protection shall transfer revenues from the Land Acquisition Trust Fund within the department to the land acquisition trust funds within the Department of Agriculture and Consumer Services, the Department of State, and the Fish and Wildlife Conservation Commission, as provided in this section. As used in this section, the term "department" means the Department of Environmental Protection.

(2) After subtracting any required debt service payments, the proportionate share of revenues to be transferred to each land acquisition trust fund shall be calculated by dividing the appropriations from each of the land acquisition trust funds for the fiscal year by the total appropriations from the Land Acquisition Trust Fund within the department and the land acquisition trust funds within the Department of Agriculture and Consumer Services, the Department of State, and the Fish and Wildlife Conservation Commission for the fiscal year. The department shall transfer the proportionate share of the

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002661

revenues in the Land Acquisition Trust Fund within the department on a monthly basis to the appropriate land acquisition trust funds within the Department of Agriculture and Consumer Services, the Department of State, and the Fish and Wildlife Conservation Commission and shall retain its proportionate share of the revenues in the Land Acquisition Trust Fund within the department. Total distributions to a land acquisition trust fund within the Department of Agriculture and Consumer Services, the Department of State, and the Fish and Wildlife Conservation Commission may not exceed the total appropriations from such trust fund for the fiscal year.

(3) In addition, the department shall transfer from the Land Acquisition Trust Fund to land acquisition trust funds within the Department of Agriculture and Consumer Services, the Department of State, and the Fish and Wildlife Conservation Commission amounts equal to the difference between the amounts appropriated in chapter 2019-115, Laws of Florida, to the department's Land Acquisition Trust Fund and the other land acquisition trust funds, and the amounts actually transferred between those trust funds during the 2019-2020 fiscal year.

(4) The department may advance funds from the beginning unobligated fund balance in the Land Acquisition Trust Fund to the Land Acquisition Trust Fund within the Fish and Wildlife Conservation Commission needed for cash flow purposes based on a detailed expenditure plan. The department shall prorate amounts

transferred quarterly to the Fish and Wildlife Conservation Commission to recoup the amount of funds advanced by June 30, 2021.

(5) This section expires July 1, 2021.

Section 77. In order to implement appropriations from the Land Acquisition Trust Fund within the Department of Environmental Protection in the 2020-2021 General Appropriations Act, paragraph (b) of subsection (3) of section 375.041, Florida Statutes, is amended to read:

375.041 Land Acquisition Trust Fund.—

(3) Funds distributed into the Land Acquisition Trust Fund pursuant to s. 201.15 shall be applied:

(b) Of the funds remaining after the payments required under paragraph (a), but before funds may be appropriated, pledged, or dedicated for other uses:

1. A minimum of the lesser of 25 percent or $200 million shall be appropriated annually for Everglades projects that implement the Comprehensive Everglades Restoration Plan as set forth in s. 373.470, including the Central Everglades Planning Project subject to Congressional authorization; the Long-Term Plan as defined in s. 373.4592(2); and the Northern Everglades and Estuaries Protection Program as set forth in s. 373.4595. From these funds, $32 million shall be distributed each fiscal year through the 2023-2024 fiscal year to the South Florida Water Management District for the Long-Term Plan as defined in

AMERICAN OVERSIGHT

s. 373.4592(2). After deducting the $32 million distributed under this subparagraph, from the funds remaining, a minimum of the lesser of 76.5 percent or $100 million shall be appropriated each fiscal year through the 2025-2026 fiscal year for the planning, design, engineering, and construction of the Comprehensive Everglades Restoration Plan as set forth in s. 373.470, including the Central Everglades Planning Project, the Everglades Agricultural Area Storage Reservoir Project, the Lake Okeechobee Watershed Project, the C-43 West Basin Storage Reservoir Project, the Indian River Lagoon-South Project, the Western Everglades Restoration Project, and the Picayune Strand Restoration Project. The Department of Environmental Protection and the South Florida Water Management District shall give preference to those Everglades restoration projects that reduce harmful discharges of water from Lake Okeechobee to the St. Lucie or Caloosahatchee estuaries in a timely manner. For the purpose of performing the calculation provided in this subparagraph, the amount of debt service paid pursuant to paragraph (a) for bonds issued after July 1, 2016, for the purposes set forth under paragraph (b) shall be added to the amount remaining after the payments required under paragraph (a). The amount of the distribution calculated shall then be reduced by an amount equal to the debt service paid pursuant to paragraph (a) on bonds issued after July 1, 2016, for the purposes set forth under this subparagraph.

2. A minimum of the lesser of 7.6 percent or $50 million shall be appropriated annually for spring restoration, protection, and management projects. For the purpose of performing the calculation provided in this subparagraph, the amount of debt service paid pursuant to paragraph (a) for bonds issued after July 1, 2016, for the purposes set forth under paragraph (b) shall be added to the amount remaining after the payments required under paragraph (a). The amount of the distribution calculated shall then be reduced by an amount equal to the debt service paid pursuant to paragraph (a) on bonds issued after July 1, 2016, for the purposes set forth under this subparagraph.

3. The sum of $5 million shall be appropriated annually each fiscal year through the 2025-2026 fiscal year to the St. Johns River Water Management District for projects dedicated to the restoration of Lake Apopka. This distribution shall be reduced by an amount equal to the debt service paid pursuant to paragraph (a) on bonds issued after July 1, 2016, for the purposes set forth in this subparagraph.

4. The sum of $64 million is appropriated and shall be transferred to the Everglades Trust Fund for the 2018-2019 fiscal year, and each fiscal year thereafter, for the EAA reservoir project pursuant to s. 373.4598. Any funds remaining in any fiscal year shall be made available only for Phase II of the C-51 reservoir project or projects identified in

AMERICAN OVERSIGHT

subparagraph 1. and must be used in accordance with laws relating to such projects. Any funds made available for such purposes in a fiscal year are in addition to the amount appropriated under subparagraph 1. This distribution shall be reduced by an amount equal to the debt service paid pursuant to paragraph (a) on bonds issued after July 1, 2017, for the purposes set forth in this subparagraph.

5. Notwithstanding subparagraph 3., for the 2020-2021 ~~2019-2020~~ fiscal year, funds shall be appropriated as provided in the General Appropriations Act. This subparagraph expires July 1, 2021 ~~2020~~.

Section 78. In order to implement Specific Appropriations 1443 through 1452 of the 2020-2021 General Appropriations Act, subsection (4) of section 570.441, Florida Statutes, is amended to read:

570.441 Pest Control Trust Fund.—

(4) In addition to the uses authorized under subsection (2), moneys collected or received by the department under chapter 482 may be used to carry out the provisions of s. 570.44. This subsection expires July 1, 2021 ~~June 30, 2020~~.

Section 79. In order to implement Specific Appropriation 1380 of the 2020-2021 General Appropriations Act, and notwithstanding the expiration date in section 91 of chapter 2019-116, Laws of Florida, paragraph (a) of subsection (1) of section 570.93, Florida Statutes, is reenacted to read:

j. Regional planning councils;

k. The community, who may be an individual or a member of a nonprofit community organization, as determined by the department; and

l. Appropriate environmental groups, such as 1000 Friends of Florida, Audubon Florida, the Everglades Foundation, The Nature Conservancy, the Florida Sierra Club, and the Florida Wildlife Corridor, as determined by the department.

2. The secretary of the department shall appoint the members of the respective corridor task forces by August 1, 2019.

3. Each corridor task force shall coordinate with the department on pertinent aspects of corridor analysis, including accommodation or colocation of multiple types of infrastructure, addressing issues such as those identified in subsection (1), within or adjacent to the corridor.

4. Each corridor task force shall evaluate the need for, and the economic and environmental impacts of, hurricane evacuation impacts of, and land use impacts of, the related corridor as identified in subsection (2).

5. Each corridor task force shall hold a public meeting in accordance with chapter 286 in each local government jurisdiction in which a project within an identified corridor is being considered.

6. To the maximum extent feasible, the department shall adhere to the recommendations of the task force created for each corridor in the design of the multiple modes of transportation and multiple types of infrastructure associated with the corridor. The task force for each corridor may consider and recommend innovative concepts to combine right-of-way acquisition with the acquisition of lands or easements to facilitate environmental mitigation or ecosystem, wildlife habitat, or water quality protection or restoration. The department, in consultation with the Department of Environmental Protection, may incorporate those features into each corridor during the project development phase.

7. The Southwest-Central Florida Connector corridor task force shall:

a. Address the impacts of the construction of a project within the corridor on panther and other critical wildlife habitat and evaluate in its final report the need for acquisition of lands for state conservation or as mitigation for project construction; and

b. Evaluate wildlife crossing design features to protect panther and other critical wildlife habitat corridor connections.

8. The Suncoast Connector corridor task force and the Northern Turnpike Connector corridor task force shall evaluate design features and the need for acquisition of state

conservation lands that mitigate the impact of project construction within the respective corridors on:

a. The water quality and quantity of springs, rivers, and aquifer recharge areas;

b. Agricultural land uses; and

c. Wildlife habitat.

9. Each corridor task force shall issue its evaluations in a final report that must be submitted to the Governor, the President of the Senate, and the Speaker of the House of Representatives by November 15, 2020 ~~October 1, 2020~~.

10. The department shall provide affected local governments with a copy of the applicable task force report and project alignments. Not later than December 31, 2023, a local government that has an interchange within its jurisdiction shall review the applicable task force report and its local comprehensive plan as adopted under chapter 163. The local government review must include consideration of whether the area in and around the interchange contains appropriate land uses and natural resource protections and whether the comprehensive plan should be amended to provide such appropriate uses and protections.

(8) The amounts identified in subsection (7) by fiscal year shall be allocated as follows:

(g)1. Except as provided in subparagraph 2., in each fiscal year in which funding provided under this subsection for

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002676

the Small County Road Assistance Program, the Small County Outreach Program, the Transportation Disadvantaged Trust Fund, or the workforce development program is not committed by the end of each fiscal year, such uncommitted funds shall be used by the department to fund Multi-use Corridors of Regional Economic Significance Program projects. As provided in s. 339.135(7), the adopted work program may be amended to transfer funds between appropriations categories or to increase an appropriation category to implement this paragraph.

2. For the 2020-2021 fiscal year, funding provided under this subsection for the Transportation Disadvantaged Trust Fund under paragraph (a) which is uncommitted at the end of the 2019-2020 fiscal year may be used as provided in the General Appropriations Act.

Section 91. The amendments to s. 338.2278(3)(c) and (8)(g), Florida Statutes, by this act expire July 1, 2021, and the texts of those paragraphs shall revert to that in existence on June 30, 2020, except that any amendments to such text enacted other than by this act shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portions of text which expire pursuant to this section.

Section 92. In order to implement Specific Appropriation 2267 of the 2020-2021 General Appropriations Act, subsection (4) is added to section 288.80125, Florida Statutes, to read:

(4) For the 2020-2021 fiscal year, funds shall be used for the Rebuild Florida Revolving Loan Fund program to provide assistance to businesses impacted by Hurricane Michael as provided in the General Appropriations Act. This subsection expires July 1, 2021.

Section 93. In order to implement Specific Appropriations 1916 through 1929, 1929F through 1929J, 1943 through 1951, 1953 through 1962, and 1999A through 2011 of the 2020-2021 General Appropriations Act, paragraphs (g) and (h) of subsection (7) of section 339.135, Florida Statutes, are amended to read:

339.135 Work program; legislative budget request; definitions; preparation, adoption, execution, and amendment.—

(7) AMENDMENT OF THE ADOPTED WORK PROGRAM.—

(g)1. Any work program amendment which also requires the transfer of fixed capital outlay appropriations between categories within the department or the increase of an appropriation category is subject to the approval of the Legislative Budget Commission.

2. If a meeting of the Legislative Budget Commission cannot be held within 30 days after the department submits an amendment to the Legislative Budget Commission, the chair and vice chair of the Legislative Budget Commission may authorize such amendment to be approved pursuant to s. 216.177. This subparagraph expires July 1, 2021 ~~2020~~.

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002678

(h)1. Any work program amendment that also adds a new project, or phase thereof, to the adopted work program in excess of $3 million is subject to approval by the Legislative Budget Commission. Any work program amendment submitted under this paragraph must include, as supplemental information, a list of projects, or phases thereof, in the current 5-year adopted work program which are eligible for the funds within the appropriation category being used for the proposed amendment. The department shall provide a narrative with the rationale for not advancing an existing project, or phase thereof, in lieu of the proposed amendment.

2. If a meeting of the Legislative Budget Commission cannot be held within 30 days after the department submits an amendment to the commission, the chair and vice chair of the commission may authorize the amendment to be approved pursuant to s. 216.177. This subparagraph expires July 1, 2021.

Section 94. In order to implement Specific Appropriations 1916 through 1929, 1929F through 1929J, 1943 through 1951, 1953 through 1962, and 1999A through 2011 of the 2020-2021 General Appropriations Act, subsection (6) is added to section 339.63, Florida Statutes, to read:

339.63 System facilities designated; additions and deletions.—

(6) Notwithstanding any provision of law to the contrary, the department is directed to fully fund projects on facilities

that were designated as part of the Strategic Intermodal System before the most recent designation change, which were approved by the Secretary of Transportation in May 2019, and for which the construction has commenced but is not completed. The funding of such projects shall take precedence over all nonhighway Strategic Intermodal System capacity improvement projects funded pursuant to s. 339.61(1). Such funding includes, but is not limited to, any amendments or supplemental agreements that were being contemplated by the department to make the projects safe and functional and for which funding was appropriated as part of the department's adopted work program for Fiscal Years 2018-2019, 2019-2020, and the ensuing 5-year period. This subsection expires July 1, 2021.

Section 95. In order to implement Specific Appropriations 2599 of the 2020-2021 General Appropriations Act, paragraph (d) of subsection (4) of section 112.061, Florida Statutes, is amended to read:

112.061 Per diem and travel expenses of public officers, employees, and authorized persons; statewide travel management system.—

(4) OFFICIAL HEADQUARTERS.—The official headquarters of an officer or employee assigned to an office shall be the city or town in which the office is located except that:

(d) A Lieutenant Governor who permanently resides outside of Leon County, may, if he or she so requests, have an

AMERICAN OVERSIGHT

appropriate facility in his or her county designated as his or her official headquarters for purposes of this section. This official headquarters may only serve as the Lieutenant Governor's personal office. The Lieutenant Governor may not use state funds to lease space in any facility for his or her official headquarters.

1. A Lieutenant Governor for whom an official headquarters is established in his or her county of residence pursuant to this paragraph is eligible for subsistence at a rate to be established by the Governor for each day or partial day that the Lieutenant Governor is at the State Capitol to conduct official state business. In addition to the subsistence allowance, a Lieutenant Governor is eligible for reimbursement for transportation expenses as provided in subsection (7) for travel between the Lieutenant Governor's official headquarters and the State Capitol to conduct state business.

2. Payment of subsistence and reimbursement for transportation between a Lieutenant Governor's official headquarters and the State Capitol shall be made to the extent appropriated funds are available, as determined by the Governor.

3. This paragraph expires July 1, 2021 ~~2020~~.

Section 96. In order to implement the salaries and benefits, expenses, other personal services, contracted services, special categories, and operating capital outlay categories of the 2020-2021 General Appropriations Act,

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002681

paragraph (a) of subsection (2) of section 216.292, Florida Statutes, is amended to read:

216.292 Appropriations nontransferable; exceptions.—

(2) The following transfers are authorized to be made by the head of each department or the Chief Justice of the Supreme Court whenever it is deemed necessary by reason of changed conditions:

(a) The transfer of appropriations funded from identical funding sources, except appropriations for fixed capital outlay, and the transfer of amounts included within the total original approved budget and plans of releases of appropriations as furnished pursuant to ss. 216.181 and 216.192, as follows:

1. Between categories of appropriations within a budget entity, if no category of appropriation is increased or decreased by more than 5 percent of the original approved budget or $250,000, whichever is greater, by all action taken under this subsection.

2. Between budget entities within identical categories of appropriations, if no category of appropriation is increased or decreased by more than 5 percent of the original approved budget or $250,000, whichever is greater, by all action taken under this subsection.

3. Any agency exceeding salary rate established pursuant to s. 216.181(8) on June 30th of any fiscal year shall not be

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002682

authorized to make transfers pursuant to subparagraphs 1. and 2. in the subsequent fiscal year.

4. Notice of proposed transfers under subparagraphs 1. and 2. shall be provided to the Executive Office of the Governor and the chairs of the legislative appropriations committees at least 3 days prior to agency implementation in order to provide an opportunity for review. The review shall be limited to ensuring that the transfer is in compliance with the requirements of this paragraph.

5. For the 2020-2021 ~~2019-2020~~ fiscal year, the review shall ensure that transfers proposed pursuant to this paragraph comply with this chapter, maximize the use of available and appropriate trust funds, and are not contrary to legislative policy and intent. This subparagraph expires July 1, 2021 ~~2020~~.

Section 97. In order to implement section 8 of the 2020-2021 General Appropriations Act, notwithstanding s. 110.123(3)(f) and (j), Florida Statutes, the Department of Management Services shall maintain and offer the same PPO and HMO health plan alternatives to the participants of the State Group Health Insurance Program during the 2020-2021 fiscal year which were in effect for the 2019-2020 fiscal year. This section expires July 1, 2021.

Section 98. In order to implement the appropriation of funds in the special categories, contracted services, and expenses categories of the 2020-2021 General Appropriations Act,

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002683

a state agency may not initiate a competitive solicitation for a product or service if the completion of such competitive solicitation would:

(1) Require a change in law; or

(2) Require a change to the agency's budget other than a transfer authorized in s. 216.292(2) or (3), Florida Statutes, unless the initiation of such competitive solicitation is specifically authorized in law, in the General Appropriations Act, or by the Legislative Budget Commission.

This section does not apply to a competitive solicitation for which the agency head certifies that a valid emergency exists. This section expires July 1, 2021.

Section 99. In order to implement appropriations for salaries and benefits of the 2020-2021 General Appropriations Act, subsection (6) of section 112.24, Florida Statutes, is amended to read:

112.24 Intergovernmental interchange of public employees.—To encourage economical and effective utilization of public employees in this state, the temporary assignment of employees among agencies of government, both state and local, and including school districts and public institutions of higher education is authorized under terms and conditions set forth in this section. State agencies, municipalities, and political subdivisions are authorized to enter into employee interchange

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002684

agreements with other state agencies, the Federal Government, another state, a municipality, or a political subdivision including a school district, or with a public institution of higher education. State agencies are also authorized to enter into employee interchange agreements with private institutions of higher education and other nonprofit organizations under the terms and conditions provided in this section. In addition, the Governor or the Governor and Cabinet may enter into employee interchange agreements with a state agency, the Federal Government, another state, a municipality, or a political subdivision including a school district, or with a public institution of higher learning to fill, subject to the requirements of chapter 20, appointive offices which are within the executive branch of government and which are filled by appointment by the Governor or the Governor and Cabinet. Under no circumstances shall employee interchange agreements be utilized for the purpose of assigning individuals to participate in political campaigns. Duties and responsibilities of interchange employees shall be limited to the mission and goals of the agencies of government.

(6) For the 2020-2021 ~~2019-2020~~ fiscal year only, the assignment of an employee of a state agency as provided in this section may be made if recommended by the Governor or Chief Justice, as appropriate, and approved by the chairs of the legislative appropriations committees. Such actions shall be

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002685

deemed approved if neither chair provides written notice of objection within 14 days after receiving notice of the action pursuant to s. 216.177. This subsection expires July 1, 2021 ~~2020~~.

Section 100. In order to implement Specific Appropriations 2727 and 2728 of the 2020-2021 General Appropriations Act, and notwithstanding s. 11.13(1), Florida Statutes, the authorized salaries for members of the Legislature for the 2020-2021 fiscal year shall be set at the same level in effect on July 1, 2010. This section expires July 1, 2021.

Section 101. In order to implement the transfer of funds from the General Revenue Fund from trust funds for the 2020-2021 General Appropriations Act, and notwithstanding the expiration date in section 110 of chapter 2019-116, Laws of Florida, paragraph (b) of subsection (2) of section 215.32, Florida Statutes, is reenacted to read:

215.32 State funds; segregation.—

(2) The source and use of each of these funds shall be as follows:

(b)1. The trust funds shall consist of moneys received by the state which under law or under trust agreement are segregated for a purpose authorized by law. The state agency or branch of state government receiving or collecting such moneys is responsible for their proper expenditure as provided by law. Upon the request of the state agency or branch of state

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002686

government responsible for the administration of the trust fund, the Chief Financial Officer may establish accounts within the trust fund at a level considered necessary for proper accountability. Once an account is established, the Chief Financial Officer may authorize payment from that account only upon determining that there is sufficient cash and releases at the level of the account.

2. In addition to other trust funds created by law, to the extent possible, each agency shall use the following trust funds as described in this subparagraph for day-to-day operations:

a. Operations or operating trust fund, for use as a depository for funds to be used for program operations funded by program revenues, with the exception of administrative activities when the operations or operating trust fund is a proprietary fund.

b. Operations and maintenance trust fund, for use as a depository for client services funded by third-party payors.

c. Administrative trust fund, for use as a depository for funds to be used for management activities that are departmental in nature and funded by indirect cost earnings and assessments against trust funds. Proprietary funds are excluded from the requirement of using an administrative trust fund.

d. Grants and donations trust fund, for use as a depository for funds to be used for allowable grant or donor

AMERICAN OVERSIGHT

agreement activities funded by restricted contractual revenue from private and public nonfederal sources.

e. Agency working capital trust fund, for use as a depository for funds to be used pursuant to s. 216.272.

f. Clearing funds trust fund, for use as a depository for funds to account for collections pending distribution to lawful recipients.

g. Federal grant trust fund, for use as a depository for funds to be used for allowable grant activities funded by restricted program revenues from federal sources.

To the extent possible, each agency must adjust its internal accounting to use existing trust funds consistent with the requirements of this subparagraph. If an agency does not have trust funds listed in this subparagraph and cannot make such adjustment, the agency must recommend the creation of the necessary trust funds to the Legislature no later than the next scheduled review of the agency's trust funds pursuant to s. 215.3206.

3. All such moneys are hereby appropriated to be expended in accordance with the law or trust agreement under which they were received, subject always to the provisions of chapter 216 relating to the appropriation of funds and to the applicable laws relating to the deposit or expenditure of moneys in the State Treasury.

AMERICAN OVERSIGHT

4.a. Notwithstanding any provision of law restricting the use of trust funds to specific purposes, unappropriated cash balances from selected trust funds may be authorized by the Legislature for transfer to the Budget Stabilization Fund and General Revenue Fund in the General Appropriations Act.

b. This subparagraph does not apply to trust funds required by federal programs or mandates; trust funds established for bond covenants, indentures, or resolutions whose revenues are legally pledged by the state or public body to meet debt service or other financial requirements of any debt obligations of the state or any public body; the Division of Licensing Trust Fund in the Department of Agriculture and Consumer Services; the State Transportation Trust Fund; the trust fund containing the net annual proceeds from the Florida Education Lotteries; the Florida Retirement System Trust Fund; trust funds under the management of the State Board of Education or the Board of Governors of the State University System, where such trust funds are for auxiliary enterprises, self-insurance, and contracts, grants, and donations, as those terms are defined by general law; trust funds that serve as clearing funds or accounts for the Chief Financial Officer or state agencies; trust funds that account for assets held by the state in a trustee capacity as an agent or fiduciary for individuals, private organizations, or other governmental units; and other trust funds authorized by the State Constitution.

Section 102. The text of s. 215.32(2)(b), Florida Statutes, as carried forward from chapter 2011-47, Laws of Florida, by this act expires July 1, 2021, and the text of that paragraph shall revert to that in existence on June 30, 2011, except that any amendments to such text enacted other than by this act shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portions of text which expire pursuant to this section.

Section 103. In order to implement appropriations in the 2020-2021 General Appropriations Act for state employee travel, the funds appropriated to each state agency which may be used for travel by state employees are limited during the 2020-2021 fiscal year to travel for activities that are critical to each state agency's mission. Funds may not be used for travel by state employees to foreign countries, other states, conferences, staff training activities, or other administrative functions unless the agency head has approved, in writing, that such activities are critical to the agency's mission. The agency head shall consider using teleconferencing and other forms of electronic communication to meet the needs of the proposed activity before approving mission-critical travel. This section does not apply to travel for law enforcement purposes, military purposes, emergency management activities, or public health activities. This section expires July 1, 2021.

Section 104. In order to implement appropriations in the 2020-2021 General Appropriations Act for state employee travel and notwithstanding s. 112.061, Florida Statutes, costs for lodging associated with a meeting, conference, or convention organized or sponsored in whole or in part by a state agency or the judicial branch may not exceed $175 per day. An employee may expend his or her own funds for any lodging expenses in excess of $175 per day. For purposes of this section, a meeting does not include travel activities for conducting an audit, examination, inspection, or investigation or travel activities related to a litigation or emergency response. This section expires July 1, 2021.

Section 105. In order to implement the appropriation of funds in the special categories, contracted services, and expenses categories of the 2020-2021 General Appropriations Act, a state agency may not enter into a contract containing a nondisclosure clause that prohibits the contractor from disclosing information relevant to the performance of the contract to members or staff of the Senate or the House of Representatives. This section expires July 1, 2021.

Section 106. In order to implement the appropriation of funds in the special categories, contracted services, and expenses categories of the 2020-2021 General Appropriations Act, section 216.1366, Florida Statutes, is created to read:

216.1366 Contract terms.—

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002691

(1) In order to preserve the interest of the state in the prudent expenditure of state funds, each public agency contract for services entered into or amended on or after July 1, 2020, shall authorize the public agency to inspect the:

(a) Financial records, papers, and documents of the contractor that are directly related to the performance of the contract or the expenditure of state funds.

(b) Programmatic records, papers, and documents of the contractor which the public agency determines are necessary to monitor the performance of the contract or to ensure that the terms of the contract are being met.

(2) The contract shall require the contractor to provide such records, papers, and documents requested by the public agency within 10 business days after the request is made.

(3) This section expires July 1, 2021.

Section 107. In order to implement Specific Appropriation 2598 and 2599 of the 2020-2021 General Appropriations Act, section 14.35, Florida Statutes, is created to read:

14.35 Governor's Medal of Freedom.—

(1) The Governor may present, in the name of the State of Florida, a medal to be known as the "Governor's Medal of Freedom," which shall bear a suitable inscription and ribbon of appropriate design, to any person who has made an especially meritorious contribution to the interests and citizens of the

state, its culture, or other significant public or private endeavor.

(2)(a) In the event of the death of an individual who has been chosen to receive the Governor's Medal of Freedom, the medal may be presented to a designated representative of the chosen recipient.

(b) The Governor's Medal of Freedom may only be presented to an individual once.

(3) This section expires July 1, 2021.

Section 108. In order to implement Specific Appropriations 2729 and 2730 of the 2020-2021 General Appropriations Act:

(1) The Local Government Efficiency Task Force, a task force as defined in s. 20.03, Florida Statutes, is established within the Legislature. The task force shall be supported by research services of the Office of Program Policy Analysis and Governmental Accountability.

(2)(a) The task force shall consist of six members with the Governor, the President of the Senate, and the Speaker of the House of Representatives each appointing two members. Members must be appointed no later than September 1, 2020.

(b) A vacancy on the task force shall be filled in the same manner as the original appointment for the unexpired term.

(c) The task force shall elect a chair from among its members.

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-002693

(3) Members of the task force shall serve without compensation, but are entitled to reimbursement for per diem and travel expenses pursuant to s. 112.061, Florida Statutes. The task force shall convene its first meeting by November 15, 2020, and shall meet as often as necessary to fulfill its responsibilities under this section. Meetings may be conducted in person or by teleconference or other electronic means.

(4) The task force shall review the governance structure and function of local governments and whether any changes are necessary to make such governments more efficient.

(5) The task force shall submit a report to the Governor, the President of the Senate, and the Speaker of the House of Representatives by June 1, 2021.

(6) This section expires June 30, 2021.

Section 109. Any section of this act which implements a specific appropriation or specifically identified proviso language in the 2020-2021 General Appropriations Act is void if the specific appropriation or specifically identified proviso language is vetoed. Any section of this act which implements more than one specific appropriation or more than one portion of specifically identified proviso language in the 2020-2021 General Appropriations Act is void if all the specific appropriations or portions of specifically identified proviso language are vetoed.

Section 110. If any other act passed during the 2020 Regular Session of the Legislature contains a provision that is substantively the same as a provision in this act, but that removes or is otherwise not subject to the future repeal applied to such provision by this act, the Legislature intends that the provision in the other act takes precedence and continues to operate, notwithstanding the future repeal provided by this act.

Section 111. If any provision of this act or its application to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

Section 112. Except as otherwise expressly provided in this act and except for this section, which shall take effect upon this act becoming a law, this act shall take effect July 1, 2020, or, if this act fails to become a law until after that date, it shall take effect upon becoming a law and shall operate retroactively to July 1, 2020.

The Florida House of Representatives

Appropriations Committee

W. Travis Cummings, Chair

MEMORANDUM

To: Jeff Takacs, Clerk

From: Representative W. Travis Cummings
Appropriations Committee

Date: March 15, 2020

Re: Medicaid Hospital Funding Programs

For the 2020-2021 fiscal year, we intend to incorporate by reference in House Bill 5001, the document titled "Medicaid Hospital Funding Programs," dated March 15, 2020.

The purpose of the document is to display the calculations used by the Legislature, consistent with the requirements of Florida Statutes and federal law, in making appropriations for the Medicaid Hospital Funding Programs.

The document will be made available as a PDF file that can be searched by anyone interested in the calculations used by the Legislature to make appropriations for the Medicaid Hospital Funding Programs and the Disproportionate Share Program.

A hard copy of the document is attached to this memorandum to formalize the exact document that is incorporated by reference in House Bill 5001.

A bill to be entitled

An act making appropriations; providing moneys for the annual period beginning July 1, 2020, and ending June 30, 2021, and supplemental appropriations for the period ending June 30, 2020, to pay salaries, and other expenses, capital outlay - buildings, and other improvements, and for other specified purposes of the various agencies of state government; providing effective dates.

Be It Enacted by the Legislature of the State of Florida:

The moneys contained herein are appropriated from the named funds for Fiscal Year 2020-2021 to the state agency indicated, as the amounts to be used to pay the salaries, other operational expenditures, and fixed capital outlay of the named agencies, and are in lieu of all moneys appropriated for these purposes in other sections of the Florida Statutes.

SECTION 1 - EDUCATION ENHANCEMENT "LOTTERY" TRUST FUND

The moneys contained herein are appropriated from the Education Enhancement "Lottery" Trust Fund to the state agencies indicated.

EDUCATION, DEPARTMENT OF

Funds provided in sections 1 and 2 of this act as Grants and Aids-Special Categories or as Grants and Aids-Aid to Local Governments may be advanced quarterly throughout the fiscal year based on projects, grants, contracts, and allocation conference documents. Of the funds provided in Specific Appropriations 64, 65A, 66, 67 through 69, 71 through 76, and 159, 60 percent of general revenue shall be released at the beginning of the first quarter and the balance at the beginning of the third quarter.

No funds are appropriated in Specific Appropriations 1 through 171 and sections 9 through 18 and 117 for the payment of rent, lease or possession of space for offices or any other purpose or use at Northwood Centre, 1940 North Monroe Street, Tallahassee, Florida, pursuant to State of Florida Lease Nos. 720:0139, 480:0570, 480:0644 or 480:M139, or Florida State University Lease No. 2011:101, or any other lease, by the Department of Education or any state university, notwithstanding any lease or contract to the contrary. The Department of Education and all state universities are prohibited from expending any specific appropriation from the General Revenue Fund, any trust fund or from any other source for the rent, lease or possession of any space for offices or other purpose or use at Northwood Centre, 1940 North Monroe Street, Tallahassee, Florida, pursuant to State of Florida Lease Nos. 720:0139, 480:0570, 480:0644 or 480:M139, or Florida State University Lease No. 2011:101, or any other lease.

SPECIFIC
APPROPRIATION

The moneys contained herein are appropriated from the named funds to the Department of Education as the amounts to be used to pay the salaries, other operational expenditures and fixed capital outlay.

EDUCATION, DEPARTMENT OF

PROGRAM: EDUCATION - FIXED CAPITAL OUTLAY

The Legislature hereby finds and determines that the items and sums designated in Specific Appropriations 21 through 25, and 28 through 30B from the Public Education Capital Outlay and Debt Service Trust Fund constitute authorized capital outlay projects within the meaning and as required by Article XII, section 9(a)(2) of the Florida Constitution, as amended, and any other law. In accordance therewith, the moneys in the following items are authorized to be expended for the enumerated authorized capital outlay projects.

The sum designated for each project is the maximum sum to be expended for each specified phase of the project from funds accruing under Article XII, section 9(a)(2) of the Florida Constitution. The scope of each project shall be planned so that the amounts specified shall not be exceeded, or any excess in costs shall be funded by sources other than this appropriation. Such excess costs may be funded from the Public Education Capital Outlay and Debt Service Trust Fund only as a result of fund transfers pursuant to section 216.292(4)(c), Florida Statutes. Each project shall be constructed on the site specified. If existing facilities and acquisition of new sites are a part of these projects, each such building and site must be certified to be free of contamination, asbestos, and other hazardous materials before the facility or site may be acquired. The provisions of section 216.301(2), Florida Statutes, shall apply to all capital outlay funds appropriated from the Public Education Capital Outlay and Debt Service Trust Fund for Fiscal Year 2020-2021 in Specific Appropriations 21 through 25, and 28 through 30B.

The Governor's Office of Policy and Budget shall establish Fixed Capital Outlay budget authority within appropriate accounts to enable expenditure of funds appropriated for the state universities, the Florida School for the Deaf and the Blind, public school districts, public broadcasting stations, the Division of Blind Services, and Florida colleges.

expenditure cap pursuant to section 1002.89(6), Florida Statutes. Prior to reallocating any school readiness funds, the office shall submit written notification to the Governor's Office of Policy and Budget and the chairs of the Senate Committee on Appropriations and the House of Representatives Appropriations Committee that includes the total amount of school readiness funds being reallocated and the early learning coalitions involved in the reallocation.

From the funds in Specific Appropriation 85, $950,000 in nonrecurring funds from the Child Care Development Block Grant Trust Fund shall be used to allocate School Readiness Fraud Restitution payments collected in the prior year.

From the funds in Specific Appropriation 85, $40,000,0000 is provided to the Office of Early Learning for purposes of implementing the pay differential program pursuant to section 1002.82(2)(o), Florida Statutes. The Office of Early Learning shall have the authority to reallocate for school readiness services any unexpended portion of the funds provided for the pay differential program.

From the funds in Specific Appropriation 85, $30,000,000 is provided to expand the provision of services to low income families at or below 200 percent of the federal poverty level as long as the income does not exceed 85% of the state median income. Local matching funds can be derived from local governments, employers, charitable foundations, and other sources so that Florida communities can create local partnerships focused on using the state and local funds for direct services and expanding the number of school readiness slots. To be eligible for funding, an early learning coalition must match the state funds on a dollar-for-dollar basis. The Office of Early Learning shall establish procedures for the match program that shall include giving priority to early learning coalitions whose local match complies with federal Child Care and Development Block Grant matching requirements.

The Office of Early Learning shall provide a report to the Governor's Office of Policy and Budget and the chairs of the Senate Committee on Appropriations and the House of Representatives Appropriations Committee by September 1, 2020, that includes the following information about the office's allocation of the $30,000,000 in local matching funds provided in Specific Appropriation 86 of chapter 2019-115, L.O.F.: (1) the amount of funds allocated to each early learning coalition and a breakdown, by coalition, of the amount of funds expended by the coalition on direct services and the amount expended by the coalition on expanding school readiness slots, and (2) the total number of school readiness slots funded by each early learning coalition with the local matching funds.

From the funds in Specific Appropriation 85, $60,000,000 is provided to expand school readiness services to families currently on a school readiness wait list. To be eligible for funding an early learning coalition must have a school readiness wait list on July 1, 2020, that complies with the provisions of rule 6M-4.300, F.A.C. The Office of Early Learning shall work with each early learning coalition to verify the number of children on each early learning coalition's school readiness wait list. The office shall develop an allocation plan for purposes of distributing the funds to eligible early learning coalitions and shall submit the plan to the Governor's Office of Policy and Budget and the chairs of the Senate Committee on Appropriations and the House of Representatives Appropriations Committee by October 1, 2020. If the total amount of the allocation is greater than the amount provided in this specific appropriation, the allocation shall be prorated to the level provided to support the appropriation, based on each early learning coalition's proportionate share of the total school readiness wait list.

From the funds in Specific Appropriation 85, $50,000,000 in nonrecurring funds from the Child Care and Development Block Grant Trust Fund is provided to the Office of Early Learning to provide eligible early learning coalitions with school readiness provider rate increases to reduce variance and inequities in provider payment rates across the state. The funds shall be placed in reserve. Upon the completion of a detailed allocation plan that identifies the school readiness provider payment rates that will be increased and how the $50,000,000 will be allocated to the eligible early learning coalitions, the office is authorized to submit budget amendments for the funds being held in reserve pursuant to the provisions of chapter 216 Florida Statutes.

From the funds in Specific Appropriation 85, $25,000,000 in nonrecurring

PROGRAM: STATE GRANTS/K-12 PROGRAM - FEFP

The calculations of the Florida Education Finance Program (FEFP) for the 2020-2021 fiscal year are incorporated by reference in House Bill 5003. The calculations are the basis for the appropriations in the General Appropriations Act in Specific Appropriations 8, 9, 10, 92, and 93.

92 AID TO LOCAL GOVERNMENTS
GRANTS AND AIDS - FLORIDA EDUCATIONAL FINANCE PROGRAM
FROM GENERAL REVENUE FUND 9,148,823,387
FROM STATE SCHOOL TRUST FUND 177,138,902

Funds provided in Specific Appropriations 8 and 92 shall be allocated using a base student allocation of $4,319.49 for the FEFP.

From the funds in Specific Appropriation 8 and 92, $500,000,000 in recurring funds from the General Revenue Fund is provided for the Teacher Salary Increase Allocation, pursuant to section 1011.62, Florida Statutes.

Eighty percent of the total allocation is provided for school districts to increase the minimum base salary for full-time classroom teachers as defined in section 1012.01(2)(a), plus certified prekindergarten

AMERICAN OVERSIGHT

teachers funded in the Florida Education Finance Program, but not including substitute teachers, to at least $47,500, or to the maximum amount achievable based on the school district's allocation. No eligible full-time classroom teacher shall receive a base salary less than the minimum base salary as adjusted by the school district's allocation.

Twenty percent of the total allocation, plus any remaining funds from the district's share of the eighty percent allocation, shall be used by school districts as specified in section 1011.62, Florida Statutes.

Funds provided in Specific Appropriations 8 and 92 for the supplemental allocation for juvenile justice education programs shall be allocated pursuant to the formula provided in section 1011.62, Florida Statutes. The allocation factor shall be $1,230.33.

From the funds provided in Specific Appropriations 8 and 92, juvenile justice education programs shall receive funds as provided in section 1003.52(13), Florida Statutes. Up to $341 per student may be used for high school equivalency examination fees for juvenile justice students who pass the high school equivalency exam in full, or in part, while in a juvenile justice education program and may be used for students in juvenile justice education programs to support equipment, specially designed curricula, and industry credentialing testing fees, for students enrolled in career and technical education (CTE) courses that lead to industry recognized certifications.

The district cost differential (DCD) for each district shall be calculated pursuant to the provisions of section 1011.62, Florida Statutes.

From the funds provided in Specific Appropriations 8 and 92, $55,500,000 is provided for the Sparsity Supplement as defined in section 1011.62, Florida Statutes, for school districts of 24,000 and fewer FTE in the 2020-2021 fiscal year.

Total Required Local Effort for Fiscal Year 2020-2021 shall be $8,015,764,012. The total amount shall include adjustments made for the calculation required in section 1011.62(4)(a) through (c), Florida Statutes.

The maximum nonvoted discretionary millage which may be levied pursuant to the provisions of section 1011.71(1), Florida Statutes, by district school boards in Fiscal Year 2020-2021 shall be 0.748 mills. This millage shall be used to calculate the discretionary millage compression supplement as provided in section 1011.62(5), Florida Statutes. To be eligible for the supplement, a district must levy the maximum.

Funds provided in Specific Appropriations 8 and 92 are based upon program cost factors for Fiscal Year 2020-2021 as follows:

1. Basic Programs
   A. K-3 Basic.....1.124
   B. 4-8 Basic.....1.000
   C. 9-12 Basic.....1.012

2. Programs for Exceptional Students
   A. Support Level 4.....3.644
   B. Support Level 5.....5.462

3. English for Speakers of Other Languages 1.184
4. Programs for Grades 9-12 Career Education.....1.012

From the funds in Specific Appropriations 8 and 92, $1,092,394,272 is provided to school districts as an Exceptional Student Education (ESE) Guaranteed Allocation as authorized by law to provide educational programs and services for exceptional students. The ESE Guaranteed Allocation funds are provided in addition to the funds for each exceptional student in the per FTE student calculation. School districts that provided educational services in the 2019-2020 fiscal year for exceptional students who are residents of other districts shall not discontinue providing such services without the prior approval of the Department of Education. Expenditure requirements for the ESE Guaranteed Allocation shall be as prescribed in section 1010.20(3), Florida Statutes, for programs for exceptional students.

From the funds provided in Specific Appropriations 8 and 92, the value of 43.35 weighted FTE students is provided to supplement the

AMERICAN OVERSIGHT

funding for severely handicapped students served in ESE programs 254 and 255 when a school district has less than 10,000 FTE student enrollment and less than three FTE eligible students per program. The Commissioner of Education shall allocate the value of the supplemental FTE based on documented evidence of the difference in the cost of the service and the amount of funds received in the district's FEFP allocations for the students being served. The supplemental value shall not exceed three FTE.

From the funds in Specific Appropriations 8 and 92, $180,000,000 is provided for Safe Schools activities and shall be allocated as follows: $250,000 shall be distributed to each district, and the remaining balance shall be allocated pursuant to section 1011.62, Florida Statutes.

From the funds in Specific Appropriations 8 and 92, $724,364,775 is for Supplemental Academic Instruction to be provided pursuant to section 1011.62, Florida Statutes.

From the funds in Specific Appropriations 8 and 92, $45,473,810 is provided pursuant to section 1011.62, Florida Statutes, for a Turnaround School Supplemental Services Allocation at a per FTE funding amount for eligible schools of $500.

From the funds in Specific Appropriations 8 and 92, $130,000,000 is provided for a K-12 comprehensive, district-wide system of research-based reading instruction pursuant to section 1011.62, Florida Statutes. The amount of $115,000 shall be allocated to each district and the remaining balance shall be allocated pursuant to section 1011.62, Florida Statutes.

From the funds provided in Specific Appropriations 8 and 92, $236,574,333 is provided for Instructional Materials including $12,492,403 for Library Media Materials, $3,414,590 for the purchase of science lab materials and supplies, $10,590,529 for dual enrollment instructional materials, and $3,193,706 for the purchase of digital instructional materials for students with disabilities. The growth allocation per FTE shall be $311.36 for the 2020-2021 fiscal year. School districts shall pay for instructional materials used for the instruction of public high school students who are earning credit toward high school graduation under the dual enrollment program as provided in section 1011.62, Florida Statutes.

The funds provided for Instructional Materials may also be used by school districts to purchase electronic devices and technology equipment and infrastructure that comply with the eligible expenditures authorized pursuant to section 1011.62, Florida Statutes. Prior to release of the funds by the department to a school district for the purchase of electronic devices or technology equipment or infrastructure, the district must: (1) certify that it has the instructional materials necessary to provide instruction aligned to the adopted statewide benchmarks and standards and (2) include an expenditure plan for the purchase of electronic devices and technology equipment, and infrastructure that demonstrates its compliance with section 1011.62, Florida Statutes. The department shall provide a report to the Legislature on or before March 1, 2021, that details the district expenditures for these funds to demonstrate compliance with the amount made available for such purchases.

From funds provided in Specific Appropriations 8 and 92, $449,966,033 is provided for Student Transportation as provided in section 1011.68, Florida Statutes.

From funds provided in Specific Appropriations 8 and 92, $54,143,375 is provided for the Teachers Classroom Supply Assistance Program and shall be given to teachers pursuant to section 1012.71, Florida Statutes. The allocation shall not be recalculated during the school year.

Funds provided in Specific Appropriations 8 and 92 for the Federally Connected Student Supplement shall be allocated pursuant to the formula provided in section 1011.62, Florida Statutes.

Funds provided in Specific Appropriations 8 and 92 for the Virtual Education Contribution shall be allocated pursuant to the formula provided in section 1011.62, Florida Statutes. The contribution shall be based on $5,230 per FTE.

For programs leading to a career certificate or an applied technology diploma, and for adult general education programs, tuition and fees shall be assessed in accordance with section 1009.22, Florida Statutes.

Funds collected from standard tuition and out-of-state fees shall be used to support school district workforce education programs as defined in section 1004.02(25), Florida Statutes, and shall not be used to support K-12 programs or district K-12 administrative indirect costs.

The funds provided in Specific Appropriations 12, 124, and 126 shall not be used to support K-12 programs or district K-12 administrative indirect costs. The Auditor General shall verify compliance with this requirement during scheduled audits of these institutions.

Pursuant to the provisions of section 1009.26(1), Florida Statutes, school districts may grant fee waivers for programs funded through Workforce Development Education appropriations for up to eight percent of the fee revenues that would otherwise be collected.

From the funds provided in Specific Appropriations 12 and 126, each school district shall report enrollment for adult general education programs identified in section 1004.02, Florida Statutes, in accordance with the Department of Education instructional hours reporting procedures. The Auditor General shall verify compliance with this requirement during scheduled operational audits of the school districts.

District superintendents shall certify that workforce education enrollment and performance data used for funding allocations to districts is accurate and complete in accordance with reporting timelines established by the Department of Education. If the district's workforce education programs are operated through a charter technical career center as provided by section 1002.34, Florida Statutes, the director appointed by the charter board may certify the enrollment and performance data. Upon certification, the district data shall be considered final for purposes of use in state funding formulas. After the final certification, the Department of Education may request a supplemental file in the event that a district has reported a higher level of enrollment or performance than was actually achieved by the district.

GRANTS AND AIDS - PATHWAYS TO CAREER OPPORTUNITIES GRANT
FROM GENERAL REVENUE FUND 10,000,000

The recurring general revenue funds in Specific Appropriation 127 are provided for the Pathways to Career Opportunities Grant Program. The Department of Education shall administer the competitive grant program, determine eligibility, and distribute grants. Grantees include high schools, career centers, charter technical career centers, Florida College System institutions, and other entities authorized to sponsor an apprenticeship or preapprenticeship program, as defined in section 446.021, Florida Statutes. The funds may be used to establish new apprenticeship or preapprenticeship programs, or expand existing programs. Applicants must provide projected enrollment and projected costs for the new or expanded apprenticeship program. The department shall give priority to apprenticeship programs with demonstrated regional demand. Grant funds may be used for instructional equipment, supplies, personnel, student services, and other expenses associated with the creation or expansion of an apprenticeship program. Grant funds may not be used for recurring instructional costs or for indirect costs. Grant recipients must submit quarterly reports in a format prescribed by the department.

127A AID TO LOCAL GOVERNMENTS
GRANTS AND AIDS - WORKFORCE DIPLOMA PROGRAM
FROM GENERAL REVENUE FUND 1,500,000

From the funds in Specific Appropriation 127A, $1,500,000 in nonrecurring funds from the General Revenue Fund is provided to the Department of Education to create a workforce diploma program to assist adults 22 years of age and older to obtain a high school diploma and develop employability and career technical skills. As soon as practicable, the department shall issue a Request for Qualifications and contract with eligible program providers to participate in the workforce diploma program. An eligible qualified provider must have experience providing dropout re-engagement services to adults 22 years of age and older; a course catalog that includes all courses necessary to meet Florida high school graduation requirements; the ability to provide career pathways coursework; the ability to provide preparation for industry-recognized credentials; the ability to provide career placement services; and be accredited by a recognized regional accrediting body.

Qualified providers shall be reimbursed by the department only upon completion of certain milestones for each pupil, not to exceed $7,000 per graduate, including but not limited to: the completion of each half credit; the completion of an employability skills certification program equal to at least 1 Carnegie unit; the attainment of an industry-recognized credential requiring up to 50 hours of training; the attainment of an industry-recognized credential requiring between 51-100 hours of training; the attainment of an industry-recognized credential requiring more than 100 hours of training; and the attainment of an accredited high school diploma. At the end of the pilot program each provider will report the following metrics to the department: (a) the total number of students funded through the program; (b) total number of credits earned; (c) total number of employability skills certifications issued; (d) the total number of industry-recognized credentials earned for each tier of funding; and (e) the total number of graduates. The department shall provide a report regarding the progress of the students to the Governor, the President of the Senate and Speaker of the House of Representatives no later than January 1, 2021.

PERFORMANCE BASED INCENTIVES
FROM GENERAL REVENUE FUND 14,000,000

Funds in Specific Appropriation 130 are provided to colleges for students who earn industry certifications during the 2020-2021 academic year. Funding shall be based on students who earn industry certifications in the following occupational areas: public safety, health sciences, automotive service technology, auto collision repair and refinishing, cyber security, cloud virtualization, network support services, computer programming, advanced manufacturing, electrician, welding, Federal Aviation Administration airframe mechanics, power plant mechanics, unmanned aircraft systems, pharmacy technicians, and heating, ventilation and air conditioning technicians. The Department of Education shall distribute the awards by June 1, 2021, and establish procedures and timelines for colleges to report earned certifications for funding. The Department of Education may allocate any funds not obligated by June 1, 2021, to schools who have earned awards, based on the percentage of earned certifications. By October 31, 2020, the Chancellor of the Florida College System shall identify the associated industry certifications and shall prepare a report for each certification to include cost, percent employed, and average salary of graduates. These performance funds shall not be awarded for certifications earned through continuing workforce education programs.

Industry certifications earned by students enrolled in the 2019-2020 academic year which were eligible to be included in the funding allocation for the 2019-2020 fiscal year and were not included in the final disbursement due to the early data reporting deadline may be reported by colleges and included in the allocation of funds for the 2020-2021 fiscal year. Colleges shall maintain documentation for student attainment of industry certifications that are eligible for performance funding. The Auditor General shall verify compliance with this requirement during scheduled operational audits of the colleges. If a college is unable to comply, the college shall refund the performance funding to the state.

Prior to the disbursement of funds in Specific Appropriations 14 and 134, colleges shall submit an operating budget for the expenditure of these funds as provided in section 1011.30, Florida Statutes. The operating budget shall clearly identify planned expenditures for baccalaureate programs and shall include the sources of funds.

For advanced and professional, postsecondary vocational, developmental education, educator preparation institute programs, and baccalaureate degree programs, tuition and fees shall be assessed in accordance with section 1009.23, Florida Statutes.

For programs leading to a career certificate or an applied technology diploma, and for adult general education programs, tuition and fees shall be assessed in accordance with section 1009.22, Florida Statutes.

Pursuant to the provisions of section 1009.26(1), Florida Statutes, Florida colleges may grant fee waivers for programs funded through Workforce Development Education appropriations for up to eight percent of the fee revenues that would otherwise be collected.

From the funds in Specific Appropriations 14 and 134, each Florida college shall report enrollment for adult general education programs identified in section 1004.02, Florida Statutes, in accordance with the Department of Education instructional hours reporting procedures. The Auditor General shall verify compliance with this requirement during scheduled operational audits of the Florida colleges.

Each Florida college board of trustees is given flexibility to make necessary adjustments to its operating budget. If any board reduces individual programs or projects within the Florida college by more than 10 percent during the 2020-2021 fiscal year, written notification shall be made to the Governor, the President of the Senate, the Speaker of the House of Representatives, and the Department of Education.

From the funds in Specific Appropriation 134, Miami Dade College (MDC) shall provide detailed quarterly reports, on the Status of Fixed Capital Outlay and Partially Funded Public Education Capital Outlay (PECO) Projects, including planned, in-progress, and completed projects. The reports shall include the following: MDC Priority Number; Department of Education Priority Number; Project Name; First Fiscal Year Funded; Total All Previous State Funding; Amount Spent/Contractually Obligated; Total State Funding Needed for Project; Total Local Funds; Total State and Local Funds; Total State Funds Remaining; and Project Status. Additionally, the college shall provide the same detail for expenditures utilizing funds transferred between Fund 1 (Current Funds Unrestricted) and Fund 7 (Unexpended Plant and Renewals/Replacement) for all other eligible acquisition, construction, major repair, renovation and/or replacement of institutional properties. The quarterly reports shall be submitted to the chair of the House Appropriations Committee, the chair of the Senate Appropriations Committee, and the Governor's Office of Policy and Budget. The first report shall be submitted on October 30, 2020, for the period of July 1, 2020, through September 30, 2020, and quarterly thereafter.

SECTION 2 - EDUCATION (ALL OTHER FUNDS)

UNIVERSITIES, DIVISION OF

PROGRAM: EDUCATIONAL AND GENERAL ACTIVITIES

Funds in Specific Appropriations 15 through 19 and 149 through 162 are provided as grants and aids to support the operation of state university entities. Funds provided to each university entity are contingent upon that university entity following the provisions of chapters 1000 through 1013, Florida Statutes, which relate to state universities. Any withholding of funds pursuant to this provision shall be subject to the approval of the Legislative Budget Commission.

149 AID TO LOCAL GOVERNMENTS
GRANTS AND AIDS - MOFFITT CANCER CENTER AND RESEARCH INSTITUTE
FROM GENERAL REVENUE FUND 10,576,930

The funds in Specific Appropriation 149 shall be transferred to the H. Lee Moffitt Cancer Center and Research Institute to support the operations of this state university system entity. Funds in Specific Appropriation 149 may be transferred to the Agency for Health Care Administration and used as state matching funds for the H. Lee Moffitt Cancer Center and Research Institute to adjust the Medicaid inpatient reimbursement and outpatient trend adjustments applied to the H. Lee Moffitt Cancer Center and Research Institute and other Medicaid reductions to its reimbursements up to the actual Medicaid inpatient and outpatient costs. In the event that enhanced Medicaid funding is not implemented by the Agency for Health Care Administration, these funds shall remain appropriated to the H. Lee Moffitt Cancer Center and Research Institute to continue the original purpose of providing research and education related to cancer.

150 AID TO LOCAL GOVERNMENTS
GRANTS AND AIDS - EDUCATION AND GENERAL ACTIVITIES
FROM GENERAL REVENUE FUND 2,307,859,823
FROM EDUCATION AND GENERAL STUDENT AND OTHER FEES TRUST FUND 1,791,677,200
FROM PHOSPHATE RESEARCH TRUST FUND . 5,179,554

The funds provided in Specific Appropriations 150 through 158 from the Education and General Student and Other Fees Trust Fund are the only budget authority provided in this act for the 2020-2021 fiscal year to the named university entities to expend tuition and fees that are collected during the 2020-2021 fiscal year and carried forward from the prior fiscal year and that are appropriated into local accounts pursuant to section 1011.4106, Florida Statutes. The expenditure of tuition and fee revenues from local accounts by each university entity shall not exceed the authority provided by these specific appropriations, unless approved pursuant to the provisions of chapter 216, Florida Statutes.

Funds from the General Revenue Fund provided in Specific Appropriations 150 through 158 to each of the named university entities are contingent upon each university entity complying with the tuition and fee policies established in Part II of chapter 1009, Florida Statutes. However, the funds appropriated to a specific university entity shall not be affected by the failure of another university entity to comply with this provision.

Funds in Specific Appropriations 15 through 19 and 150 through 162 shall be expended in accordance with operating budgets that must be approved by each university's board of trustees.

Funds in Specific Appropriation 150 from the General Revenue Fund shall be allocated as follows:

FROM MEDICAL CARE TRUST FUND 47,076,058

Funds in Specific Appropriation 195 are provided to the Agency for Health Care Administration for the modular replacement of the Florida Medicaid Management Information System and fiscal agent that complies with all applicable federal and state laws and requirements, including, but not limited to, the Centers for Medicare and Medicaid Services Interoperability and Patient Access Rule CMS-9115. These funds shall be held in reserve and are contingent upon HB 5003 becoming a law. Upon submission of a comprehensive operational work plan identifying all project work and a monthly spend plan detailing estimated and actual costs, the agency is authorized to submit quarterly budget amendments to request release of funds being held in reserve pursuant to the provisions of chapter 216, Florida Statutes, and based on the agency's planned quarterly expenditures. The agency shall submit monthly project status reports to the Executive Office of the Governor's Office of Policy and Budget, the Department of Management Services, the chair of the Senate Appropriations Committee, and the chair of the House Appropriations Committee. Each status report must include progress made to date for each project milestone, deliverable, and task order, planned and actual deliverable completion dates, planned and actual costs incurred, and any project issues and risks. The agency shall consult with the Executive Office of the Governor's working group for interagency information technology integration for the development of competitive solicitations that provide for data interoperability and shared information technology services across the state's health and human services agencies.

From the funds in Specific Appropriation 195, the following maximum amounts are appropriated solely and exclusively for these project components authorized for competitive procurement:

Implementation of an Enterprise Data Warehouse and Data Governance	22,232,800
Implementation, Operations, and Maintenance of an Integration Platform and Integration Services	10,867,062

From the funds in Specific Appropriations 201 through 228, the Agency for Health Care Administration shall provide a quarterly reconciliation report of all Medicaid service appropriation expenditures and fund sources. The reconciliation shall compare actual expenditures paid through each specific appropriation category by fund either through the Florida Medicaid Management Information System (FMMIS) or the Agency for Health Care Administration to expenditure estimates forecasted through the Social Services Estimating Conference Medicaid services forecasting model, as directed in section 216.136(6), Florida Statutes. The comparison shall include fund source detail for each comparison. For any category where a variance is identified, the agency shall submit a written corrective action plan to address each variance by category and fund source. The reconciliation shall be submitted to the Office of the Governor, the President of the Senate, and the Speaker of the House of Representatives no later than 30 days after the close of each quarter. The agency may submit budget amendments to the Legislative Budget Commission to realign appropriation categories based on the reconciliation pursuant to the provisions of chapter 216, Florida Statutes.

Of these funds, $97,300,000 shall be used to fund the Statewide Medicaid Residency Program in accordance with section 409.909 (3), Florida Statutes. Of these funds, $42,262,976 shall be distributed to the two hospitals with the largest number of graduate medical residents in statewide supply/demand deficit. The remaining funds shall be used to fund the Graduate Medical Education Startup Bonus Program in accordance with section 409.909 (5), Florida Statutes, and are provided for the following physician specialties and subspecialties, both adult and pediatric, that are in statewide supply/demand deficit: allergy or immunology; anesthesiology; cardiology; endocrinology; family medicine; general surgery; hematology; oncology; infectious diseases; nephrology; neurology; obstetrics/gynecology; ophthalmology; orthopedic surgery; otolaryngology; psychiatry; pulmonary; radiology; hematology; thoracic surgery; and urology. Funding for the Graduate Medical Education Startup Bonus Program is contingent on the nonfederal share being provided through intergovernmental transfers in the Grants and Donation Trust Fund.

From the funds in Specific Appropriation 206, $4,020,156 from the Grants and Donations Trust Fund and $6,514,844 from the Medical Care Trust Fund are provided to fund FTEs in primary care as defined in section 409.909, Florida Statutes, and training in Medicaid regions with primary care demand greater than supply by 25 percent or more as documented in the 2015 IHS Florida Statewide and Regional Physician Workforce Analysis: Estimating Current and Forecasting Future Supply and Demand, 2025 projection. Of these funds, $4,207,890 shall be first distributed proportionally per-FTE to hospitals with greater than or equal to 14 percent Medicaid utilization, based on the 2018 Florida Hospital Uniform Reporting System data as of December 31, 2019. The remaining funds shall be distributed proportionally per the filled State Fiscal Year 2019-2020 Medicaid approved Graduate Medical Education FTEs. Payments to providers under this section of proviso are contingent upon approval of the nonfederal share provided through intergovernmental transfers in the Grants and Donations Trust Fund. In the event the funds are not available in the Grants and Donations Trust Fund, the State of Florida is not obligated to make payments under this section of proviso.

From the funds in Specific Appropriation 206, $11,448,000 from the Grants and Donations Trust Fund and $18,552,000 from the Medical Care Trust Fund are provided to fund filled Fiscal Year 2019-2020 unweighted FTEs to residency positions in urology, thoracic surgery, nephrology, ophthalmology, infectious disease, and hematology/oncology, to address the declining Graduate Medical Education in these severe deficit physician specialties. Of these funds, $11,500,000 shall be first distributed to hospitals with greater than 40 unweighted 2019-2020 fiscal year FTEs in specialties in a decline. The remaining funds shall be distributed proportionally based on total unweighted 2019-2020 fiscal year FTEs in specialties in a decline. Payments to providers under this section of proviso are contingent upon the nonfederal share being provided through intergovernmental transfers in the Grants and Donations Trust Fund. In the event the funds are not available in the Grants and Donations Trust Fund, the State of Florida is not obligated to make payments under this section of proviso.

SECTION 3 - HUMAN SERVICES

From the funds in Specific Appropriation 206, $11,448,000 from the Grants and Donations Trust Fund and $18,552,000 from the Medical Care Trust Fund are provided to statutory teaching hospitals as defined in section 408.07(45), Florida Statutes, that provide charity care greater than $10 million in charity costs as calculated by the Florida Medicaid Low Income Pool Program and also provide highly specialized tertiary care including: comprehensive stroke and Level 2 adult cardiovascular services; NICU II and III; and adult open heart; shall be designated as a High Tertiary Statutory Teaching Hospital and eligible for funding calculated on a per GME resident-FTE proportional allocation that shall be in addition to any other GME funding. Of these funds, $11,448,000 shall be first distributed to hospitals with greater than 300 unweighted 2019-2020 fiscal year FTEs. The remaining funds shall be distributed proportionally based on the total unweighted 2019-2020 fiscal year FTEs. Payments to providers under this section of proviso are contingent upon the nonfederal share being provided through intergovernmental transfers in the Grants and Donations Trust Fund. In the event the funds are not available in the Grants and Donations Trust Fund, the State of Florida is not obligated to make payments under this section of proviso.

From the funds in Specific Appropriation 206, $3,025,706 from the Grants and Donations Trust Fund and $4,903,294 from the Medical Care Trust Fund are provided to fund up to $150,000 per-FTE in primary care as defined in section 409.909, Florida Statutes, and training in Medicaid Region 1. Payments are distributed proportionally per the filled State Fiscal Year 2019-2020 Medicaid approved Graduate Medical Education FTEs. Payments to providers under this section of proviso are contingent upon the nonfederal share being provided through intergovernmental transfers in the Grants and Donations Trust Fund. In the event the funds are not available in the Grants and Donations Trust Fund, the State of Florida is not obligated to make payments under this section of proviso.

From the funds in Specific Appropriation 206, $763,200 from the Grants and Donations Trust Fund and $1,236,800 from the Medical Care Trust Fund are provided to fund up to $200,000 per filled Fiscal Year 2020-2021 unweighted FTE resident, fellow or intern position in an accredited program who rotates through mental health and behavioral health facilities licensed under section 394, Florida Statutes, to address the severe deficit of physicians trained in these specialties. Payments to providers under this section of proviso are contingent upon the nonfederal share being provided through intergovernmental transfers in the Grants and Donations Trust Fund. In the event the funds are not available in the Grants and Donations Trust Fund, the State of Florida is not obligated to make payments under this section of proviso.

From the funds in Specific Appropriation 206, $200,340 in nonrecurring funds from the Grants and Donations Trust Fund and $324,660 in nonrecurring funds from the Medical Care Trust Fund are provided to fund psychiatry residency slots for Federally Qualified Health Centers that hold continued institutional accreditation from the Accreditation Council for Graduate Medical Education in adult and child psychiatry. Payments to providers under this section of proviso are contingent upon the nonfederal share being provided through intergovernmental transfers in the Grants and Donations Trust Fund. In the event the funds are not available in the Grants and Donations Trust Fund, the State of Florida is not obligated to make payments under this section of proviso (HB 3643)(Senate Form 2099).

From the funds in Specific Appropriation 206, $800,000 in nonrecurring funds from the Grants and Donations Trust Fund and $1,296,436 in nonrecurring funds from the Medical Care Trust Fund are provided to fund up to $100,000 per-FTE internal medicine residency slots for Tallahassee Memorial Healthcare. Payment to the provider under this section of proviso is contingent upon the nonfederal share being provided through intergovernmental transfers in the Grants and Donations Trust Fund. In the event the funds are not available in the Grants and Donations Trust Fund, the State of Florida is not obligated to make payments under this section of proviso (HB 9125)(Senate Form 2356).

Funds in Specific Appropriation 212 are for the inclusion of freestanding dialysis clinics in the Medicaid program. The Agency for Health Care Administration shall limit payment to $125.00 per visit for each dialysis treatment. Freestanding dialysis facilities may obtain, administer and submit claims directly to the Medicaid program for End-Stage Renal Disease pharmaceuticals subject to coverage and limitations policy. All pharmaceutical claims for this purpose must include National Drug Codes (NDC) to permit the invoicing for federal and/or state supplemental rebates from manufacturers. Claims for drug products that do not include NDC information are not payable by Florida Medicaid unless the drug product is exempt from federal rebate requirements.

From the funds in Specific Appropriation 212, the Agency for Health Care Administration shall work with dialysis providers, managed care organizations, and physicians to ensure that all Medicaid patients with End Stage Renal Disease (ESRD) are educated and assessed by their physician and dialysis provider to determine their suitability for peritoneal dialysis (PD) as a modality choice. Further, the agency shall consult with the dialysis community concerning suitable voluntary reporting to the state Medicaid program on members' PD suitability.

From the funds in Specific Appropriation 212, the Agency for Health Care Administration shall apply a recurring methodology to establish clinic services rates taking into consideration the reductions imposed on or after October 1, 2008, in the following manner: (1) the agency shall divide the total amount of each recurring reduction imposed by the number of visits originally used in the rate calculation for each rate

setting period on or after October 1, 2008, which will yield a rate reduction per diem for each rate period; (2) the agency shall multiply the resulting rate reduction per diem for each rate setting period on or after October 1, 2008, by the projected number of visits used in establishing the current budget estimate which will yield the total current reduction amount to be applied to current rates; (3) in the event the total current reduction amount is greater than the historical reduction amount, the agency shall hold the rate reduction to the historical reduction amount.

From the funds in Specific Appropriations 212 and 215, $400,000 from the Grants and Donations Trust Fund and $648,218 from the Medical Care Trust Fund are provided to buy back clinic services rate adjustments, effective on or after July 1, 2008, and are contingent on the nonfederal share being provided through grants and donations from state, county or other governmental funds. Authority is granted to buy back rate reductions up to, but not higher than, the amounts available under the authority appropriated in this Specific Appropriation. In the event that the funds are not available in the Grants and Donations Trust Fund, the State of Florida is not obligated to continue reimbursements at the higher amount.

From the funds in Specific Appropriations 212 and 226, $18,461,183 from the Grants and Donations Trust Fund and $29,917,179 from the Medical Care Trust Fund are provided to buy back hospice rate reductions, effective on or after January 1, 2008, and are contingent on the nonfederal share being provided through nursing home quality assessments. Authority is granted to buy back rate reductions up to, but no higher than, the amounts available under the budgeted authority in this Specific Appropriation. In the event that the funds are not available in the Grants and Donations Trust Fund, the State of Florida is not obligated to continue reimbursements at the higher amount.

From the funds in Specific Appropriations 212, 215, and 226, $20,906,609 from the Grants and Donations Trust Fund and $68,880,102 from the Medical Care Trust Fund are provided for a certified public expenditure program for Emergency Medical Services. The Agency for Health Care Administration shall seek a state plan amendment/waiver to implement this program pursuant to 42 CFR 433.51. Payments to providers under this section of proviso is contingent upon the nonfederal share being provided through intergovernmental transfers in the Grants and Donations Trust Fund. In the event the funds are not available in the Grants and Donations Trust Fund, the State of Florida is not obligated to make payments under this section of proviso.

From the funds in Specific Appropriations 212, 225, and 226, $28,550,000 in recurring funds from the General Revenue Fund and $46,266,562 in recurring funds from the Medical Care Trust Fund are provided to the Agency for Health Care Administration to provide a nursing home reimbursement rate increase.

From the funds in Specific Appropriation 212, $36,787,503 in recurring funds from the General Revenue Fund and $32,156,391 in recurring funds from the Medical Care Trust Fund are placed in reserve for the Medicaid Contingency Reserve. Should the funds be needed, the Agency for Health Care Administration is authorized to submit budget amendments to request release of the funds placed in reserve pursuant to the provisions of chapter 216, Florida Statutes. The release of funds held in reserve is contingent upon the agency providing sufficient justification for authorization of release to the Governor, the President of the Senate, and the Speaker of the House of Representatives.

From the funds in Specific Appropriation 224, $16,758,102 from the Grants and Donations Trust Fund and $27,157,260 from the Medical Care Trust Fund are provided to buy back intermediate care facilities for the developmentally disabled rate reductions, effective on or after October 1, 2008, and are contingent on the nonfederal share being provided through intermediate care facilities for the developmentally disabled quality assessments. Authority is granted to buy back rate reductions up to, but not higher than, the amounts available under the budgeted authority in this Specific Appropriation. In the event that the funds are not available in the Grants and Donations Trust Fund, the State of Florida is not obligated to continue reimbursements at the higher amount.

The recurring methodology to be utilized by the Agency for Health Care Administration to establish rates taking into consideration the reductions imposed on or after October 1, 2008, shall be to compare the average unit appropriation with actual average unit cost as follows: 1) the average unit appropriation shall be determined by dividing the total appropriation in Specific Appropriation 224 by the total bed days for the past fiscal year; 2) the total actual cost as generated based on the July 1 rate setting shall be divided by the total bed days for the past fiscal year to determine the actual unit cost; 3) the actual unit cost shall be reduced to a Reduced Actual Unit Cost by the same percentage used to calculate the Legislative Appropriation to account for client participation contributions; 4) no negative adjustment to the rates paid to providers shall occur so long as the Reduced Actual Unit Cost is equal to or less than the average unit appropriation; and 5) in the event the Reduced Actual Unit Cost is greater than the average unit appropriation, a prorated reduction shall be imposed on all rates after all Quality Assessment Fee funds have been exhausted to cover the rate reductions.

The Agency for Health Care Administration shall not pay any legal judgments, settlements, lawsuit damages or awards imposed by a court as the result of any legal proceeding relating to prior fiscal years without specific authority in the General Appropriations Act.

From the funds in Specific Appropriation 224, $14,639,481 in recurring funds from the General Revenue Fund and $23,723,940 in recurring funds from the Medical Care Trust Fund are provided to establish a new level of reimbursement for Medicaid-eligible individuals residing in or seeking admission to an Intermediate Care Facility for Individuals with Intellectual Disabilities (ICF/IID) who have severe behavioral needs. These funds shall be placed in reserve. The Agency for Health Care Administration shall submit a budget amendment requesting release of the funds held in reserve pursuant to chapter 216, Florida Statutes. Release of the funds is contingent upon the agency demonstrating the need and identifying individuals who have severe behavioral needs and who qualify for this level of care.

The Agency for Persons with Disabilities shall provide to the Governor, the President of the Senate, and the Speaker of the House of Representatives monthly surplus-deficit reports projecting the total Medicaid Waiver program expenditures for the fiscal year to date along with any corrective action plans necessary to align program expenditures with annual appropriations within 30 days after the last business day of the preceding month. The surplus deficit report must also include allocation amounts related to the increased needs of existing waiver clients pursuant to section 393.0062(1), Florida Statutes, and to newly enrolled clients due to removing individuals from the waitlist. At a minimum, the allocation information shall include the total number of clients approved for an increase in services, the total number of clients enrolled onto the waiver from the waitlist, the total number of clients disenrolled from the waiver, the number of service units approved by service, and the annualized cost of approved service units.

From the funds in Specific Appropriation 249, $11,533,269 from the General Revenue Fund and $18,690,182 from the Operations and Maintenance Trust Fund are provided to expand the Home and Community Based Services Waiver by removing the greatest number of individuals permissible under the additional funding from the Waiver waiting list. The funds shall be held in reserve and the agency is authorized to submit budget amendments requesting the release of funds pursuant to the provisions of chapter 216, Florida Statutes. Requests for the release of funds shall include a detailed spending plan for the proposed use of the funds. Release of these funds is contingent upon the timely receipt of the quarterly reconciliation of expenditures report, and the monthly surplus deficit report and associated corrective action plans for each month of the preceding calendar quarter.

From funds in Specific Appropriation 249, $2,079,814 from the General Revenue Fund and $3,370,431 from the Operations and Maintenance Trust Fund are provided for a uniform provider rate increase for Residential Habilitation providers; $6,143,918 from the General Revenue Fund and $9,956,496 from the Operations and Maintenance Trust Fund are provided for a uniform provider rate increase for Adult Day Training providers; $14,055,710 from the General Revenue Fund and $22,777,911 from the Operations and Maintenance Trust Fund are provided for a uniform rate increase for Personal Supports and Companion providers; $693,777 from the General Revenue Fund and $1,124,297 from the Operations and

From the funds in Specific Appropriation 330, the department shall conduct a comprehensive, multi-year review of the revenues, expenditures, and financial position of all community-based care lead agencies and shall cover the most recent two consecutive fiscal years. The review must include a comprehensive system-of-care analysis. All lead agencies must develop and maintain a plan to achieve financial viability which shall accompany the department's submission. The department's review shall be submitted to the Governor, the President of the Senate, and the Speaker of the House of Representatives by November 1, 2020.

From the funds in Specific Appropriation 330, and as authorized by s. 409.991(4), Florida Statutes, the sum of $7,387,525 from the General Revenue Fund and $4,561,143 from the Federal Grants Trust Fund is provided to Community-based care lead agencies to reduce each agency's average case manager to caseload ratio to 1 to 17. The ratio shall be determined using the 24-month average of in-home and out-of-home caseloads for each agency, as of June 30, 2019. The department is authorized to prorate each agency's allocation should this funding level not meet the targeted caseload ratio. By November 1, 2020, the department shall provide a report to the chairs of the Senate Committee on Appropriations and the House Appropriations Committee, and the Governor's Office and Policy and Budget, that lists each agency's allocation and the factors, variables, and calculations underlying the amounts. The report shall also identify the remaining resources needed by each agency to reach a case manager to caseload ratio of 1 to 16 by the end of Fiscal Year 2021-2022.

From the funds in Specific Appropriation 330, and as authorized by s. 409.991(4), Florida Statutes, the sum of $5,175,706 from the General Revenue Fund and $2,911,334 from the Federal Grants Trust Fund are provided for safety management services, to be distributed among the areas of greatest need as determined by the department.

From the funds in Specific Appropriation 330, and as authorized by s. 409.991(4), Florida Statutes, $3,863,739 from the General Revenue Fund is provided to the community-based care lead agency that serves the Sixth Judicial Circuit and $4,371,313 from the General Revenue Fund is provided to the community-based care lead agency that serves the Thirteenth Judicial Circuit to implement pilot projects that improve the safety, permanency, and well-being of children in the local child welfare system of care.

From the funds in Specific Appropriation 330, the nonrecurring sum of $1,000,000 of Child Abuse Prevention and Treatment Act Grant funds from the Federal Grants Trust Fund shall be used for evidence-based prevention programs to implement the Plans of Safe Care program to address the needs of substance affected newborns and their families.

SECTION 4 - CRIMINAL JUSTICE AND CORRECTIONS

SPECIFIC
APPROPRIATION

The moneys contained herein are appropriated from the named funds to the Department of Corrections, Justice Administration, Department of Juvenile Justice, Florida Department of Law Enforcement, Department of Legal Affairs/Attorney General, and the Florida Commission on Offender Review as the amounts to be used to pay the salaries, other operational expenditures and fixed capital outlay of the named agencies.

CORRECTIONS, DEPARTMENT OF

From the funds in Specific Appropriations 582 through 720, the Department of Corrections shall, before closing, substantially reducing the use of, or changing the purpose of any state correctional institution as defined in section 944.02, Florida Statutes, submit its proposal to the Governor's Office of Policy and Budget, the chair of the Senate Appropriations Committee, and the chair of the House Appropriations Committee for review.

From the funds in Specific Appropriations 582 through 720, the Department of Corrections may work within its existing budget, including applicable grants, to implement any corrective action plan that is developed as the result of a Prison Rape Elimination Act audit conducted in accordance with Title 28, Part 115 of the Code of Federal Regulations. The department may request additional resources required through the Legislative Budget Request process as defined in chapter 216, Florida Statutes.

Funds in Specific Appropriation 582 through 720 may not be used to pay for unoccupied space currently being leased by the Department of Corrections in the event the leases are vacant on or after July 1, 2020, and for which it has been determined by the Secretary of the department that there is no longer a need.

SECTION 4 - CRIMINAL JUSTICE AND CORRECTIONS

From the funds in Specific Appropriation 586A, $2,000,000 in nonrecurring funds from the Privately Operated Institutions Inmate Welfare Trust Fund is provided to the Department of Corrections for transfer to the Office of Program Policy Analysis and Government Accountability to contract with an independent consulting firm to prepare a correctional facility specific, multi-year master plan that addresses the repair, maintenance, or replacement of facilities in the prison system. The master plan must, in consultation with the department, identify appropriate specifications necessary for safe, secure, cost effective and efficient correctional facilities, including facilities such as those for inmate health care, substance abuse and mental health treatment, other special needs, and education, consistent with appropriate correctional standards. The master plan must include a comprehensive review of the physical plant needs of the department using those specifications, including associated staffing needs, and must prioritize identified facility needs, based on the immediacy of the issues. The master plan must be completed by June 30, 2021.

PROGRAM: SECURITY AND INSTITUTIONAL OPERATIONS

From the funds provided in Specific Appropriations 615A through 653, each correctional facility Warden, in conjunction with the Chief Financial Officer of the Department of Corrections, shall submit a report on the allocation of human resources and associated budget by correctional facility to the chair of the Senate Appropriations Committee and the chair of the House Appropriations Committee by July 30th of each year. At a minimum, each correctional facility must identify the number of full-time authorized positions, delineating between filled and vacant, the projected number of employee hours needed to fulfill the operations of each facility, specifically denoting projected overtime hours, the methodology utilized to assign overtime in a uniform and equitable manner, and recruitment efforts and challenges including turnover rates. The department shall submit a comparison of actual utilization to projected estimates. The Inspector General shall certify that he or she has reviewed the information contained in each report and has verified its accuracy.

From the recurring funds from the General Revenue Fund provided in Specific Appropriations 615L, 626 and 628J, a total of $1,217,262 is

AMERICAN OVERSIGHT

provided as payment in lieu of ad valorem taxation for distribution to local government taxing authorities. Funding is provided as follows:

Bay Correctional Facility	269,324
Moore Haven Correctional Facility	339,242
South Bay Correctional Facility	275,560
Gadsden Correctional Facility	100,000
Lake City Correctional Facility	90,236
Sago Palm Facility	142,900

From the recurring funds from the General Revenue Fund provided in Specific Appropriations 615L, 626 and 628J, a total of $150,000 is provided to the Bureau of Private Prison Monitoring within the Department of Management Services to pay for subject matter experts to conduct medical and mental health site visits of the medical departments of private prisons and perform quality management audits no longer performed by the Department of Corrections. Funding is provided as follows:

Adult Male Custody Operations	109,350
Adult and Youthful Offender Female Custody Operations	22,800
Male Youthful Offender Custody Operations	17,850

From the funds provided in Specific Appropriations 615A, 615C, 615K and 615N, funds are provided to implement a pilot project to convert correctional officers from 12 hour shifts to 8.5 hour shifts at state operated correctional facilities.

From the funds provided in Specific Appropriations 615A through 653, the Department of Corrections must submit monthly status reports regarding the status of the implementation and transition to 8.5 hour shifts for correctional officers employed at affected state operated correctional facilities to the chair of the House Appropriations Committee and the chair of the Senate Appropriations Committee. The report must include: a timeline of the estimated transition to 8.5 hour shifts by month for each facility; the progress of the transition at each facility; the number of filled and vacant correctional officer positions at each facility, by class; the amount of overtime hours and expenditures for each correctional officer class per month at each facility; and the number of use of force incidents per month at each facility. The use of force incidents shall specify the number of inmate on inmate events, inmate on officer assaults, and contraband. The department must deliver the report by the 15th day following the end of each calendar month.

Funds in Specific Appropriation 670 are provided for payments required under the master lease purchase agreement used to secure the certificates of participation issued to finance or refinance the following correctional facilities:

Bay Correctional Facility	763,863
Moore Haven Correctional Facility (Glades County)	991,972
South Bay Correctional Facility (Palm Beach County)	1,423,750
Graceville Correctional Facility (Jackson County)	6,200,962
Blackwater River Correctional Facility (Santa Rosa County)	8,546,125
Gadsden Correctional Facility	1,220,080
Lake City Correctional Facility (Columbia County)	1,209,750
Various DOC Facility Projects - Series 2009 B and C Bonds.	20,600,000

Series 2009 B and C Bonds include various facility construction projects for the following Department of Corrections facilities:

Mayo Annex (Lafayette County), Suwannee Annex (Suwannee County), Lowell Reception Center (Marion County), Lancaster Secure Housing Unit (Gilchrist County), Liberty Work Camp (Liberty County), Franklin Work Camp (Franklin County), Cross City Work Camp (Dixie County), Okeechobee Work Camp (Okeechobee County), New River Work Camp (Bradford County), Santa Rosa Work Camp (Santa Rosa County), Hollywood Work Release Center (Broward County), Kissimmee Work Release Center (Osceola County), Lake City Work Release Center (Columbia County), Santa Fe Work Release Center (Alachua County), Everglades Re-Entry Center (Dade County), Baker Re-Entry Center (Baker County), and Pat Thomas Re-Entry Center (Gadsden County).

From the funds in Specific Appropriation 670, $12,376,573 is provided for any additional payments required under the master lease purchase agreement used to secure additional certificates of participation issued to finance or refinance correctional facilities. The Department of Corrections and the Department of Management Services are authorized pursuant to Chapters 944, 287, and 255, Florida Statutes, to enter into one or more amendments to the master lease purchase agreement previously executed by the Department of Management Services to finance or refinance the acquisition, construction, and equipping of the Lake Correctional Institution Mental Health Facility (Lake County). Payments under such amendment or amendments to the master lease purchase agreement may commence prior to the completion of the facilities. The principal amount of the additional certificates of participation issued to finance the Lake Correctional Institution Mental Health Facility may not exceed $161,395,000.

The funds in Specific Appropriation 670 reflect an increase of $12,376,573 based primarily on the additional payments related to the acquisition, construction, and equipping of the Lake Correctional Institution Mental Health Facility.

pre-release program (Ready4Release) Operation New Hope will provide pre-release services which include release planning / needs assessment and educational support. These services can be provided to any inmate at any Department of Corrections' facility that is within 12 months of release that is returning to any county that has a Ready4Work (post-release) center. Through its post-release program (Ready4Work) Operation New Hope will provide post-release services including case management, career development, life skills training, job skills training, family reunification, financial assistance, and job placement assistance to ex-offenders on community supervision, or ex-offenders that have been released from a Department of Corrections' facility no more than three years before entry into the Ready4Work program, or ex-offenders released from county jail within 12 months prior to entry into the Ready4Work program. The Ready4Work Program can provide post-release service to any ex-offender that is within travel distance to the Ready4Work location.

From the funds in Specific Appropriation 715, $1,000,000 in recurring funds and $400,000 in nonrecurring funds from the General Revenue Fund is provided for the Ready4Work-Hillsborough re-entry program (recurring base appropriations project) (HB 4143) (Senate Form 2565), which replicates the Operation New Hope Ready4Work program. Funds used for the administrative services shall be 15 percent of total funds appropriated. Ready4Work-Hillsborough will provide pre-release risk assessment, a plan-of-care, career development, life skills training, and referrals for incarcerated inmates who may be eligible for Ready4Work re-entry program services upon release. Ready4Work-Hillsborough will also provide post-release services including case management, career development, life skills training, job skills training, life-coaching (mentoring), family reunification, and job placement assistance to offenders on community supervision. Ready4Work-Hillsborough may also provide such post-release services to formerly incarcerated persons (ex-inmates) who have been released from a Department of Corrections' facility no more than three years before entry into the Ready4Work-Hillsborough re-entry program. Eligibility for participation in the Ready4Work-Hillsborough re-entry program is limited to inmates, offenders on community supervision, and recently released ex-inmates who are transitioning back into the communities and workforce of Hillsborough, Pinellas, Pasco, or Polk counties.

From the funds in Specific Appropriation 715, $200,000 in recurring funds from the General Revenue Fund may be used to expand Horizon volunteer faith and character peer-to-peer program activities at Wakulla Correctional Institution and up to seven additional male or female prisons, including Computer Lab, Quest, and Realizing Educational Emotional and Finance Smarts (REEFS) transition programs (recurring base appropriations project).

From the funds in Specific Appropriation 715, $1,300,000 in nonrecurring funds from the General Revenue Fund is provided for the following appropriations projects:

SECTION 4 - CRIMINAL JUSTICE AND CORRECTIONS

JUSTICE ADMINISTRATION

The Office of Program Policy Analysis and Government Accountability (OPPAGA) shall develop a weighted caseload model and conduct a workload assessment of the State Attorney's Office and the Public Defender's Office in each Judicial Circuit, and the Criminal Conflict and Civil Regional Counsel offices in all five regions. In developing the weighted caseload model, OPPAGA shall include, but is not limited to, an analysis of caseload statistics based on the complexity of the various kinds of cases filed and the amount of time needed for state attorneys, public defenders and criminal conflict and civil regional counsels to resolve these cases. OPPAGA shall also analyze whether the expansion of specialty courts has impacted the workload needs of state attorney and public defender offices. OPPAGA shall recommend any needed adjustments to the number of FTE positions necessary to meet the workload needs of each state attorney, public defender and criminal conflict and civil regional counsel office by December 31, 2020.

Fifteenth Judicial Circuit (2 positions)	159,264
Seventeenth Judicial Circuit (2 positions)	159,264

Beginning July 1, 2020, the Department of Financial Services shall release 25 percent of the funds to each state attorney's office. Prior to subsequent quarterly fund releases, each state attorney's office must submit the following caseload data to the Department of Financial Services: the percentage of cases prosecuted of the total number of cases referred by the department; the number of cases not prosecuted and the reasons prosecution was not pursued; the staff assigned to each case; expenditures made; and the current status of each case. The Department of Financial Services shall determine if case activity warrants the continued release of funds.

PUBLIC DEFENDERS

The Public Defenders Coordination Office's budgeting, legal, training, and education needs may be funded by each Public Defender's office within the funds provided in Specific Appropriations 916 through 1062. Funding for this office shall not exceed $450,000 from the Indigent Criminal Defense Trust Fund.

Each Public Defender Office must submit to the Justice Administrative Commission (JAC) a quarterly report detailing the number of appointed and reappointed cases by case type, number of cases closed by case type, number of clients represented, and number of conflicts by case type and the basis for the conflict. The JAC shall compile the reports into a tab delineated spreadsheet format and submit the results to the chair of the Senate Appropriations Subcommittee on Criminal and Civil Justice and the chair of the House Justice Appropriations Subcommittee within three weeks after the end of each quarter.

CRIMINAL CONFLICT AND CIVIL REGIONAL COUNSELS

Each Office of Criminal Conflict and Civil Regional Counsel must submit to the Justice Administrative Commission (JAC) a quarterly report detailing the number of appointed and reappointed cases by case type, number of cases closed by case type, number of clients represented, and number of conflicts by case type and the basis for the conflict. The JAC shall compile the reports into a tab delineated spreadsheet format and submit the results to the chair of the Senate Appropriations Subcommittee on Criminal and Civil Justice and the chair of the House Justice Appropriations Subcommittee within three weeks after the end of each quarter.

JUVENILE JUSTICE, DEPARTMENT OF

From the funds in Specific Appropriations 1120 through 1203B, the Department of Juvenile Justice may work within its existing budget, including applicable grants, to implement any corrective action plan that is developed as the result of a Prison Rape Elimination Act audit conducted in accordance with Title 28, Part 115 of the Code of Federal Regulations. The department may request additional resources required through the Legislative Budget Request process as defined in chapter 216, Florida Statutes.

From the funds in Specific Appropriation 1120 through 1203B, the Department of Juvenile Justice shall conduct a comprehensive statewide review of county-level data, including a gap analysis of services and programs available across all counties in the state, to evaluate the implementation of juvenile justice policies at the county level. As a result of such review, the department shall prepare a report that includes benchmarking of counties' performance on factors that demonstrate how a county is supporting the department's strategic goals of preventing and diverting more youth from entering the juvenile justice system; providing appropriate, less restrictive, community-based sanctions and services; reserving serious sanctions for youth who pose the greatest risk to public safety; and focusing on rehabilitation. The report shall also include recommendations and strategies that can be implemented by the department or counties to address any identified deficiencies and to assist in developing a statewide, coordinated response across all of Florida's communities to support the department's strategic goals. A copy of the report shall be submitted to the Governor, President of the Senate, and Speaker of the House of Representatives by January 1, 2021.

PROGRAM: RESIDENTIAL CORRECTIONS PROGRAM

From the funds in Specific Appropriations 1176 through 1189, the Department of Juvenile Justice shall provide a monthly residential resource utilization report that identifies operating capacity, current placements, vacant placements, number of youth awaiting placement, and the percent of use for all residential commitment beds. The department may increase or decrease beds or overlay services provided that the change will better serve taxpayers and the youth under its care. Notification and justification of changes will be provided to the Governor's Office of Policy and Budget, chair of the Senate Appropriations Committee, and chair of the House Appropriations Committee prior to implementing any change.

From the funds in Specific Appropriations 1176 through 1189, in selecting a private provider for operation of secure and non-secure residential programs, the Department of Juvenile Justice must consider the provider's history of performance of services in other jurisdictions as well as its performance of services in Florida. The department must also provide a report of serious incidents to the Governor, President of the Senate, and Speaker of the House of Representatives on no less than a quarterly basis. The report must include, at a minimum: the number of incidents and allegations of staff abuse or abuse by another child, including whether or not an allegation was substantiated; descriptions

AMERICAN OVERSIGHT

FL-AHCA-20-0902-A-002910

of incidents or allegations of such abuse that resulted in physical injury or significant psychological trauma, or that involved deprivation of food, water, or medical care; and the failure of a provider to report incidents or allegations within required timeframes established by the department. In addition, the department must conduct an independent review of each out-of-state provider before issuing a new contract. The report must be organized so that the incidents and allegations relating to a particular facility and to a particular provider can be readily ascertained. The department must also immediately report the death or serious bodily injury of a youth in a secure or non-secure residential program to the Governor, President of the Senate, and Speaker of the House of Representatives, and may make any additional reports that it determines to be appropriate based upon the seriousness of an incident or allegation.

INVESTIGATIVE SERVICES

From the funds in Specific Appropriations 1253 through 1266, the Department of Law Enforcement shall investigate all deaths of inmates who are in the custody of the Department of Corrections.

From the funds in Specific Appropriations 1253 through 1266, within existing and any new resources, the Department of Law Enforcement shall, with the agreement of the head of the local law enforcement agency, investigate all use of force incidents that occur within the state and that result in death or serious bodily injury. This requirement applies to uses of force by a law enforcement officer or a correctional officer as those terms are defined in s. 943.10, Florida Statutes.

VICTIM SERVICES
FROM GENERAL REVENUE FUND 950,000

From the funds in Specific Appropriation 1316, $200,000 in recurring funds from the General Revenue Fund is provided for Quigley House to provide services to victims of sexual and domestic violence (recurring base appropriations project).

From the funds in Specific Appropriation 1316, $500,000 in recurring funds from the General Revenue Fund is provided to the Florida Council Against Sexual Violence (recurring base appropriations project). At least 95 percent of the funds provided shall be distributed to certified rape crisis centers to provide services statewide for victims of sexual assault.

From the funds in Specific Appropriation 1316, $250,000 in nonrecurring funds from the General Revenue Fund is provided for End Human Trafficking, Inc., to support operational activities as the Direct Support Organization launches the nonprofit (HB 3743) (Senate Form 1408).

1317 SPECIAL CATEGORIES
GRANTS AND AIDS - CHILD ADVOCACY CENTERS
FROM GENERAL REVENUE FUND 4,193,240

From the funds in Specific Appropriation 1317, $3,500,000 in recurring funds from the General Revenue Fund shall be allocated to the Children's Advocacy Centers throughout Florida for the reimbursement of expenses incurred in providing child advocacy center services (recurring base appropriations project).

The funds shall be distributed to the Florida Network of Children's Advocacy Centers, Inc., whose Board of Directors shall develop funding criteria and an allocation methodology that ensures an equitable distribution of those funds among network participant centers that meet the standards set forth in section 39.3035, Florida Statutes. The criteria and methodologies shall take into account factors that include, but need not be limited to, the Center's accreditation status with respect to the National Children's Alliance, the child population of the area being served by the children's advocacy center and the number of children provided a core service by the Children's Advocacy Center. By a majority vote of the Board of Directors of the Florida Network of Children's Advocacy Centers funds may be reallocated throughout the year as needed.

This funding may not be used to supplant local government reductions in Children's Advocacy Center funding. Child Advocacy Centers must certify each fiscal year that funds from this appropriation are not supplanting local governmental funds.

From the funds in Specific Appropriation 1317, the Florida Network of Children's Advocacy Centers may spend up to $213,240 for administration and up to $80,000 for contract monitoring and oversight (recurring base appropriations project).

From the funds in Specific Appropriation 1317, $300,000 in recurring funds from the General Revenue Fund shall be used for forensic interviews, specialized interviews, and medical assessments shared with child protection teams operating in Children's Advocacy Centers. These funds may not be used for administrative support and may not be used to supplant funding for the child protection program operated by the Department of Health (recurring base appropriations project).

From the funds in Specific Appropriation 1317, $100,000 in recurring funds from the General Revenue Fund is provided for additional child advocacy services in Walton County and shall be added to the allocation of funds from this appropriation for the Walton County Children's Advocacy Center (recurring base appropriations project).

From the funds in Specific Appropriation 1317, the Department of Legal Affairs must provide to the chair of the Senate Appropriations Committee and the chair of the House Appropriations Committee by July 15, 2020, the contract between the department and the Florida Network of Children's Advocacy Centers, the Fiscal Year 2020-2021 budgets submitted by the local child advocacy centers, and the approved allocation of

From the funds in Specific Appropriation 1318, $800,000 in recurring funds from the General Revenue Fund is provided to the Florida Sheriffs Association (recurring base appropriations project). These funds shall be used to enhance Crisis Intervention Team (CIT) training for law enforcement and correctional officers in local sheriff's offices and police departments. The training must include evidence-based approaches designed to improve the outcomes of law enforcement interactions with persons who have mental health issues. Agencies who have conducted minimal or no CIT training must be given priority for training. Local law enforcement agencies may use the funds to pay necessary expenditures resulting from a demonstrated financial hardship that currently prevents officers from receiving CIT training. Funds can also be provided to local community mental health providers to provide additional CIT training in partnership with local law enforcement agencies. A maximum of $75,000 of these funds may be used by the Florida Sheriffs Association to hire a contract coordinator.

From the funds in Specific Appropriation 1318, $700,000 in recurring funds from the General Revenue Fund is provided for the Bridging Freedom Program in Pasco County to provide individualized, holistic, therapeutic safe homes for children traumatized by child sex trafficking (recurring base appropriations project).

The funds provided in Specific Appropriation 1466 shall be transferred to the Citrus Research and Development Foundation, Inc. to conduct, or cause to be conducted, research projects on citrus disease, pursuant to section 581.031(32), Florida Statutes.

From the funds in Specific Appropriation 1466, $3,000,000 in nonrecurring funds is provided to the Citrus Research and Development Foundation to issue a request for proposal to conduct large scale scientific research field trials to demonstrate the impact of utilizing a combination of management and therapeutic tools for new plantings, including, but not limited to, grove design, planting preparation, pest management, and post planting production practices to promote increased production of citrus.

From the funds in Specific Appropriation 1466, the Citrus Research and Development Foundation shall hold quarterly public meetings at locations

AMERICAN OVERSIGHT

FL-AHCA-20-0902-A-002944

that best represent all geographic regions of the state with an emphasis on citrus production. The public meetings shall include in-depth reporting on the results of non-confidential completed research projects, current research and planned research projects on citrus disease, including but not limited to citrus canker and citrus greening. Scientists, growers, industry representatives, and Citrus Research and Development Foundation administrators must be represented at the public meetings. Public meetings shall provide the opportunity for public input, questions and comments.

Funds in Specific Appropriation 1466, outside of direct operational and staffing costs within the Citrus Research and Development Foundation, shall not be used for any administrative assessment fees from external entities.

Subject: 2:00 PM CDC LTC Provider Call

Joined 2:11 PM; my RAW notes below, Tori Henley will also be sending notes shortly.

My key take away:

- Lots of discussion about preserving PPE/ Supply shortages
- Lots of discussion about whether to transfer COVID position patients to hospital (only if clinically indicated)
- Apparent lower standard re isolation than we have previously discussed

Dr Jackson/ Lt Commander Slipka (sp)

- Long Stay units: residents should be closely monitored
- ALF should also increase their vigilance, temperature, pulse ox daily
- Pay attention to increases in temperature and heart rate and oxygen levels
- If case found, check at least 2x daily monitoring of those in facilities
- Consider hospitalization for older adults with concerning changes
- Have discussions with residents and families about health care preferences/ end of life care preferences
- Currently no licensed anti-viral drugs for patients
- Older. Those with commodities, be causes with administering fluids, could end up in lungs and worsen breather
- Secondary infection, not comment here but do happen, so watch out for this.
- Avoid cortico steroid unless needed for other condition, because potential for prolonging viral replication (this happened with MURS)
- Investigational therapies: Nucleotide analog being studied (did not catch name), available on limited basis through trials and compassionate use
- Use of NSAID like ibuprofen- not enough data to make recommendation at this time

AMERICAN OVERSIGHT

- Those with other health conditions and frail and older adults at highest risk for COVID 19, more likely to experience severe illness, require hospitalization, risk of death
- Ill visitors and personnel are most likely cause of introduction into the facilities
- Experience:
- Discovered clusters of symptomatic residents at multiple facilities in same areas
- Ill health care personnel among those identified with earliest COVID 19
- Also seen visitors with COVID 19
- Have seem movement of health care personal who may have been at one of more of the facilities
- Residents move quickly from what seems to be mild to severe
- We expect will more cases will be identified in more communities
- To protect vulnerable, ND and ALF should assume COVID already in their community and take aggressive measures

- Strategies:

(1) Restrict Visitation; both CDC and CMS have issued strong recommendation to immediately restrict all visitation, with some exceptions NO ill persons should be allowed to enter the facilities,

(2) Recognize negative impact of social isolation, but these measures are necessary, strong communication with facilities is critical- CDC has created a template letter that facilities can use which explains why, how, PPEs, social distancing, etc.

(3) Encourage alternative methods of communication with residents and families: Phone or video conferencing with families; maintain contact information or family and friends of residents and make sure that have the best contact info for the facilities; post signage with rules about visitation with contract person; restrict all non-essential health care personnel from entering building. Now is the time to think about how to do this – Create list of staff, visiting consultants and any other services that enter your facilities; engage each to crate plan to limit or stop their visits; review services provided and prioritize (must continue, may be delayed, those that can be stopped). Ultimately the decision will be local/ at the facility level. Create communication chain with your staff to rapidly communication changes.

(4) Social Distancing: CDC recommends that group activities by cancelled, and that residents keep distance of 6 feet; communal dining should be halted, residents must continue to be safely fed, encourage to find crated ways to keep residents active and engaged.

(5) Ill health care personnel: Actively monitoring both residents and personnel is critical; wellbeing of facility staff essential to continued care of residents; facilities staff must have the ability to stay home when they are ill; staff should regularly monitor themselves even when not working; at start of each shift need symptom screening and temperature taking; if become sick during the day, stop what they are doing out on facemask and go home

(6) As soon as an ill resident is identify, immediately restrict to room, if facility has isolation (lost this string) use PPE, if not use mask, gloves, gown. Personally perform frequent hand hygiene – and universal use of facemasks should be considered. NF ALF and other must notify health department for residents with severe respiratory infection or if they identify a cluster with respiratory symptoms.

(7) If require transfer to hospital, health department, receiving facility, ambulance should be notified of symptom

(8) We are currently experiencing a severe PPE shortage. Now is not the time to be expanding your use of PPE, you should be talking about how to preserve the PPE supply. Prioritize gowns only for certain situations, high contact resident are activities; aerosol activities, discussed reusing gowns and eyewear . . . . .

QUESTIONS:

If our facility does not have airborne infection isolation room, should we transfer our residents who are COVID 19 positive

ANSSWR:

Not required for care of residents with COVID 19; use is available should be prioritized for aerosol generating procedures

AMERICAN OVERSIGHT

Ideally place in single person room with private bathroom but room sharing and cohorting may be necessary
Transfer should be considered only if resident clinically is requiring a higher or different level of care
The decision of whether to hospitalize should really be based on clinical assessment of their status and not based on just have COVID19

QUESTION

What is your best recommended if we have a resident we think MIGHT have COVID 19

If you suspect that they may have COVID 19, move to their room and close door, resident should stay in room with staff where gloves, down, face mask and eye protection, notify the health department immediately

QUESNTION

How do we get the test for COVIFD 19

ANSWER

May be able to access testing through network of state and commercial labs; contact your local health department or existing lab vendor

QUESIOTN

What clinical samples are best for testing?

ANSWER

CDC recommendation nose swab; or both nose and mouth swab; for patients with productive cough , can use sputum; do not recommend inducing sputum; etc.

QUESTION:

If someone has appositive test for another virus, does that mean they do not have COVID 19

ANSWER:

We are seeing patients with another virus AND COVID 19, so no

Question:

How do you decide which residents should have increased monitoring?

ANSWER:

Probably make sense to actively monitor all residents; check vital signs upon admission and at least daily; if mild symptom, monitor twice daily, if a COVID case in the facility, all residents at least twice daily

QUESTION:

AMERICAN OVERSIGHT

PPS: You mentioned updating more supply opportunities; If a facility is running short, where can they obtain more supplies?

ANSWER:

PPE supply is running very low; assess your inventory and if you are unable to obtain more from suppliers; reach out and contact your health department and coalition

WUESTION:

How can I best prepare by facility

ANSWER

CDC has a checklist online under health care facilities/ LTC facilities; there is a preparing for COVID 19 LTC facilities/ nursing home page; this will help you develop a preparedness plan

QUESTION:

If positive test for COVID 19, does resident have to be hospitalized?

ANSWER:

No need is some cases, but increased monitoring is always a good idea

QUESTION:

What do you mean preserving PPE, some strategies

ANSWER

Prolong limited supply of PPE- may differ depending on type: Extended use of PPE; Selected use and Reuse of PPE. CDC will be putting out more detail on this (SOON)

QUESTION

What do you mean actively monitor health care personnel?

ANSWER

Monitoring their own symptoms; also check temperature at start of each shift and report any symptoms on respiratory distress, report any symptoms

QUESTION

Treatment of COVID 19- Use of empiric antibiotics:

ANSWER:

AMERICAN OVERSIGHT

Fever and respiratory, reasonable to try to treat with antibiotics, COVID 19 can cause an pneumonia that looks like bacterial on chest x rays; secondary bacterial infections can happened, have not seen that much yet with COVID

QUESTION

How do you know if you cleaning agent will work

ANSWER

Should be using an EPA registered hospital grade disinfectant; lots if information online. Use of cleaning and disinfecting high touch surface and shared equipment (blood pressure cuff, Hoyer lift, etc.)- Those should be cleaned immediately after each use, before each use. Also, be careful with your constant monitoring program, make sure all equipment is sanitized each time.

QUESTION

Should our facility be using M95 respirators or face masks?

ANSWER

If you have respiratory protection program, you should use them. Most nursing homes do not, and given supply shortages, facemasks are an acceptable alternative. You should also be thinking about how to preserve the PPE that you have

QUESTION

More about investigational therapies?

ANSWER

- "Remdesibir"- trials going on and limited basis compassionate use
- Trials going on outside US, HIV drugs and other drugs that suppress immune system
- No solid data on any yet so no CDC recommendation

QUESTION

Should my facility be performing COVID testing?

ANSWER

Currently, if you suspect someone has COVID, contact your health department for further guidance

QUESTION

If we have residents on hospice who have requested presence of their family members?

ANSWER

AMERICAN OVERSIGHT

Should be screened, provided face mask, instructed to frequently perform hand hygiene, limited to certain location in the building; encourage facilities to talk through with residents and family members

DEPARTMENT OF HEALTH ADVISES INDIVIDUALS WHO TRAVELED ON NILE RIVER CRUISE TO SELF-ISOLATE FOR 14 DAYS FROM THE DATE OF RETURN

TALLAHASSEE — The Florida Department of Health is advising all individuals who traveled on a river cruise on the Nile River in Egypt in February 2020 to self-isolate for 14 days following their date of return to the United States. Several passengers in the United States recently developed symptoms and have been confirmed to be infected with coronavirus disease 2019 (COVID-19), including two presumptive positive cases in Florida.

AMERICAN OVERSIGHT

The Department has been made aware that persons who were on tours in Egypt, Israel and Jordan between Feb 4-18, 2020 may have been exposed to COVID-19. Persons who traveled to these areas and have become sick are advised to stay home and isolated from others for the duration of their illness. Before seeking medical care, individuals who may have been exposed to COVID-19 should contact their nearest county health department.

For self-isolation guidelines, please visit: http://www.floridahealth.gov/diseases-and-conditions/COVID-19/need-to-know/Self-Isolation.html

For more information regarding what travelers need to know, visit: http://www.floridahealth.gov/diseases-and-conditions/COVID-19/travel-notice.html

In addition, please visit http://www.floridahealth.gov/all-county-locations.html to locate and obtain contact information for your local county health department.

COVID-19 is spread from person to person through small droplets from the nose or mouth, including when an individual coughs or sneezes. These droplets may land on objects and surfaces. Other people may contract COVID-19 by touching these objects or surfaces, then touching their eyes, nose or mouth.

Symptoms of COVID-19 are fever, cough and shortness of breath. Symptoms may appear in as few as two days or as many as 14 days following exposure. Most people recover from the COVID-19 without needing special treatment. The elderly and those with underlying medical problems like high blood pressure, heart problems and diabetes, are more likely to develop serious illness.

There is currently no vaccine to prevent COVID-19. The best way to prevent illness is to avoid being exposed to this virus. As a reminder, the Department always recommends everyday preventive actions to help impede the spread of respiratory diseases, including:

- Avoiding close contact with people who are sick;
- Staying home when you are sick and avoiding contact with persons in poor health;
- Avoiding touching your eyes, nose and mouth with unwashed hands;
- Covering your cough or sneeze with a tissue, then disposing of the tissue;
- Washing your hands often with soap and water for at least 20 seconds, especially after going to the bathroom, before eating, after blowing your nose, coughing or sneezing;

- If soap and water are not readily available, use an alcohol-based hand sanitizer with at least 60% alcohol. Always wash hands with soap and water if hands are visibly dirty; and

- Cleaning and disinfecting frequently touched objects and surfaces using a regular household cleaning spray or wipe.

The CDC does not recommend that asymptomatic, healthy people wear a facemask to protect themselves from respiratory diseases, including COVID-19. Facemasks should be used by people who show symptoms of COVID-19 to help prevent the spread of the disease to others. The use of facemasks is also crucial for health workers and people who are taking care of someone in close settings (at home or in a health care facility).

A person that experiences a fever and symptoms of respiratory illness, such as fever, cough or shortness of breath, within 14 days after travel from China, Italy, Iran, South Korea, Japan and any other destination under CDC travel advisory should call ahead to their health care provider and local county health department and mention their recent travel or close contact.

If a person has had close contact with someone showing these symptoms who has recently traveled from this area or been in contact with a person with laboratory-confirmed COVID-19, they should call ahead to a health care professional and the county health department. The health care professional will work with the Department to determine if the person should be tested for COVID-19.

I filled in the parties. It's with Bob Asztalos with FHCA to come to the Agency to help consult and collaborate on COIVD-19 response. I asked him for a little more detail, but can you begin adapting the MOU for those purposes? He'll just be here so we can make things happen faster.

I think our agency agreement template (attached) would provide a good framework for this type of agreement. It contains the necessary boilerplate and could be adapted. Once we have a better idea of what the associations will be doing, we can plug in a description of the services and make any necessary tweaks.

-They would have to hold us harmless from all liability.

I'll keep thinking about it.

Bill,

We're considering allowing some members of trade associations to work with us here at the agency for a while to help with quick response to facility issues. Can you brainstorm what we would put in an MOU with them? Definitely strict confidentiality provisions.

Opening

- Governor DeSantis and the State Emergency Operations Team continue to take comprehensive steps to protect the citizens of Florida.
- This Administration is prepared to meet and respond to this public health challenge.
- Let me assure all Floridians that every flexibility we can offer to health care providers and facilities is being explored to enhance communities' ability to respond to COVID-19.
- Our charge is to equip and resource the health care workforce on the frontlines with every necessary tool to protect the most vulnerable from the threat of COVID-19.
- We are taking decisive action to help prevent the impact and spread of this disease.
- Most importantly, we cannot afford to take the risk of spread in our skilled nursing and assisted living facilities.
- We know risk is greatest for our elderly – disproportionately impacting those 65 and older and those with underlying health conditions.
- While there may not be any identified community spread at this time, we know the first line of defense is stopping spread before it gets in the door.
- For our elderly and medically frail, the risk of fatality is high.
- It's why the Governor has taken decisive action to issued stronger visitation restrictions to eliminate any possible exposure to COVID-19.

Testing and Transfer

- For our nursing homes and assisted living facilities, We need to be able to quickly identify any individual in your facility that may be at risk for COVID-19.

- We need all of you, every facility, to work in coordination with your local county health department , the moment you anticipate someone may need to be tested or transferred to hospital.

- Florida's local county health departments are ready, and skilled to support you in determining what need to happen in terms of testing.

- They are ready to evaluate the precautions that may need to occur in your facility such as isolating other residents.

- To support and assist you to the extent hospital transfer is required.

AMERICAN OVERSIGHT

- We understand that many of you are not going to have the level of PPE that is often more readily available in hospital.

- If you are in need of certain PPE, contact your local county emergency manager if you cannot get it through your regular supply chain or if that is going to be delayed.

- While it is not a guarantee that the state will be able to turn that supply around to you, it will at least be recorded as a mission and a need – so the state can have a statewide perspective on what supplies are needed where.

- But again your local county health department and their skilled staff can help support you the moment you suspect someone may need to be tested or transferred to the hospital.

- We have over 11 long-term care facilities that have a suspected or confirmed COVID-19 case.

Prepare for Surge

- Hospitals across Florida must begin to plan for and develop a strategy for patient volume and complexity in the event of a surge of patients.
- CEOs, Administrators and medical team leadership must prepare now for how they will triage patients, allocate PPE resources and other critical life-saving equipment.
- Prepare contingency plans for capacity for hospitalization, ICU beds and ventilator supply.
- Develop and Refine protocols that define how patients will be triaged for admission, observation, discharge, and quarantine in a potential surge environment.
- Identifying locations and staffing plans that separate vulnerable patients from COVID-19 activities must be carefully considered.

- Hospitals systems should consider post-poneing elective surgeries, and taking additional steps to reduce non-life threatening procedure demand on doctors and nurses.

- Health systems in every community should begin planning for how they will communicate internally with their workforce, and externally to the public about hospital operations.

- A designated communications strategy will ensure patients and their families are equipped with just as much actionable information as hospital personnel.

Ventilators

- Hospitals should be taking inventory of ventilators for potential surge of critical patients.

- Ventilators assist respiratory functions – and are a vital medical support for patients in the critical stages of COVID-19.
- Hospital should be planning and preparing to acquire more ventilators, and should look at purchasing or rental markets to explore options.

AMERICAN OVERSIGHT

Personal Protective Equipment

- All hospitals should communicate and provide training on proper donning and doffing of personal protective equipment, including fit testing of N95 masks.
- Facilities should be monitoring rates of PPE use to ensure adequate supply.
- Inventories should be taken on PPE, to include burn rate of equipment, next anticipated delivery of PPE supplies and proper allocation to health care staff.

Exploring Financial Assistance for Medicaid Providers

- The state is cognizant of the economic hardships that may be faced by Medicaid Providers
- Our Agency will do everything possible to ensure providers can continue offering critical services in Florida
- We will do what is allowable within federal guidelines to ensure a prompt response to issues as they arise
- The Agency is exploring opportunities to make advanced payments to hospitals and providers that face financial hardships due to their COVID-19 response in order to stabilize and ensure continuity of care.
- Our Agency is currently monitoring the COVID-19 bill that is moving through Congress. This proposed FMAP increase could potentially provide additional funding to hospitals through the LIP program.
- Our Agency is also exploring relief for Medicaid providers with outstanding debt owed, by temporarily suspending terms of payment agreements for 90 days.

Opening

- Governor DeSantis and the State Emergency Operations Team continue to take comprehensive steps to protect the citizens of Florida.

- This Administration is prepared to meet and respond to this public health challenge.

- Let me assure all Floridians that every flexibility we can offer to health care providers and facilities is being explored to enhance communities' ability to respond to COVID-19.

- Our charge is to equip and resource the health care workforce on the frontlines with every necessary tool to protect the most vulnerable from the threat of COVID-19.

- We are taking decisive action to help prevent the impact and spread of this disease.

- Most importantly, we cannot afford to take the risk of spread in our skilled nursing and assisted living facilities.

- We know risk is greatest for our elderly – disproportionately impacting those 65 and older and those with underlying health conditions.

- While there may not be any identified community spread at this time, we know the first line of defense is stopping spread before it gets in the door.

- For our elderly and medically frail, the risk of fatality is high.

- It's why the Governor has taken decisive action to issued stronger visitation restrictions to eliminate any possible exposure to COVID-19.

Subject: Re: Information push request

Made updates below. The CDC still uses PUI but I don't see where DOH does anymore. Edited to use the DOH terminology.

The Agency for Health Care Administration wants to ensure patients and staff are protected by following CDC infection prevention and control guidelines, including use of recommended personal protective equipment (PPE). Please review the information below and evaluate your facilities' practices when admitting/triaging patients with respiratory symptoms as they enter your emergency department. Guidance of note includes:

- Any individual entering the emergency room or triage area of the hospital who presents with a cough, fever, runny nose, etc., should immediately be placed in a mask and possibly held in a separate triage area if not already.
- All staff working triage desk must wear appropriate PPE.
- Staff must be properly trained on the usage of PPE and the prevention of transmission of infectious agents

Detection and Triage of PUI

Prompt detection and effective triage and isolation of potentially infectious patients are essential to prevent unnecessary exposures among patients, healthcare personnel, and visitors at the facility. Implement triage procedures to detect persons under public health monitoring for COVID-19 during or before patient triage or registration (e.g., at the time of patient check-in) and ensure that all patients are asked about the presence of symptoms of a respiratory infection and history of travel to areas experiencing transmission of SARS-CoV-2, the virus that causes COVID-19, or contact with possible COVID-19 patients.

Ensure proper use of personal protection equipment (PPE). Place a facemask over the patient's nose and mouth if that has not already been done and isolate the possible COVID-19 patient in an Airborne Infection Isolation Room (AIIR), if available. If worn properly, a facemask helps block respiratory secretions produced by the wearer from contaminating other persons and surfaces

Staff who come in close contact with confirmed or possible patients with COVID-19 (this includes staff working a triage desk) should also wear the appropriate PPE. Information on how to properly don, use, and doff PPE in a manner to prevent self-contamination is available here: https://www.cdc.gov/hai/pdfs/ppe/PPE-Sequence.pdf

Train and Educate Staff

Provide staff with job- or task-specific education and training on preventing transmission of infectious agents, including refresher training.

Healthcare staff must be medically cleared, trained, and fit tested for respiratory protection device use (e.g., N95 filtering facepiece respirators), or medically cleared and trained in the use of an alternative respiratory protection device (e.g., Powered Air-Purifying Respirator, PAPR) whenever respirators are required. OSHA has a number of respiratory training videos: https://www.osha.gov/SLTC/respiratoryprotection/training_videos.html

AMERICAN OVERSIGHT

Staff should be educated, trained, and have practiced the appropriate use of PPE prior to caring for a patient, including attention to correct use of PPE and prevention of contamination of clothing, skin, and environment during the process of removing such equipment.

Environmental Cleaning and Disinfection

Routine cleaning and disinfection procedures are appropriate for SARS-CoV-2 in healthcare settings, including those patient-care areas in which aerosol-generating procedures are performed. Products with EPA-approved emerging viral pathogens claims are recommended for use against SARS-CoV-2. Management of laundry, food service utensils, and medical waste should also be performed in accordance with routine procedures.

Completely agree. Also I thought you said they weren't using the phrase person under investigation anymore? And I don't think it is all that common to use the acronym HCP regarding healthcare personnel. Finally we should consider whether or not there should be a logo from DOH along with our logo when we send this out to the hospitals are we just sending this to hospitals or is this intended to go to any other facilities?

Please see the draft below for review. Thank you.

The Agency for Health Care Administration wants to ensure patients and staff are protected by following CDC infection prevention and control guidelines, including use of recommended personal protective equipment (PPE). Please review the information below and evaluate your facilities' practices when admitting/triaging patients with respiratory symptoms as they enter your emergency department.

Detection and Triage of PUI

Prompt detection and effective triage and isolation of potentially infectious patients are essential to prevent unnecessary exposures among patients, healthcare personnel, and visitors at the facility. Implement triage procedures to detect persons under investigation (PUI) for COVID-19 during or before patient triage or registration (e.g., at the time of patient check-in) and ensure that all patients are asked about the presence of symptoms of a respiratory infection and history of travel to areas experiencing transmission of SARS-CoV-2, the virus that causes COVID-19, or contact with possible COVID-19 patients.

Ensure proper use of personal protection equipment (PPE). Place a facemask over the patient's nose and mouth if that has not already been done and isolate the PUI for COVID-19 in an Airborne Infection Isolation Room (AIIR), if available. If worn properly, a facemask helps block respiratory secretions produced by the wearer from contaminating other persons and surfaces

Healthcare personnel who come in close contact with confirmed or possible patients with COVID-19 (this includes staff working a triage desk) should also wear the appropriate PPE. Information on how to properly don, use, and doff PPE in a manner to prevent self-contamination is available here: https://www.cdc.gov/hai/pdfs/ppe/PPE-Sequence.pdf

Train and Educate Healthcare Personnel

Provide HCP with job- or task-specific education and training on preventing transmission of infectious agents, including refresher training.

HCP must be medically cleared, trained, and fit tested for respiratory protection device use (e.g., N95 filtering facepiece respirators), or medically cleared and trained in the use of an alternative respiratory protection device (e.g., Powered Air-Purifying Respirator, PAPR) whenever respirators are required. OSHA has a number of respiratory training videos.

HCP should be educated, trained, and have practiced the appropriate use of PPE prior to caring for a patient, including attention to correct use of PPE and prevention of contamination of clothing, skin, and environment during the process of removing such equipment.

Molly –

DOH (Samantha Cooksey) just said AHCA not DOH should take the lead on drafting content for the e-blast to the hospitals. Dr. Rivkees would like the information sent out to include:

- Direction that upon entering the E.R. door or triage of the hospital...if someone has a cough, fever, runny nose, etc., they should immediately be placed in a mask and possibly held in a separate triage area.
- Make sure they protect their staff including those working the triage desk.
- Make sure staff are trained on airborne pathogens, how to appropriately don PPE, etc.
- Include links to information like CDC guidance or guidance on how to use PPE and surface cleaning.

DOH would like to review the draft before it is distributed to the hospitals.

Thanks,

Dr. Rivkees stopped by and requested information get pushed out to the hospitals (possibly via eblast). He stated the message should be that everyone should have a mask immediately upon entering the ED with a cough (including triage) and possibly have a separate waiting area. Also, to be sure the staff is protected (including triage desk), and trained on airborne contaminations, how to appropriately don PPE, and surface cleaning.

DOH is working on the content.

Recent Updates for Nursing Centers
The Florida Department of Health and Centers for Medicare and Medicaid Services (CMS) have issued guidance regarding screening and restricting visitors in nursing homes. CMS has revised its QSO-20-14-NH Memo, Guidance for Infection Control and Prevention of Coronavirus Disease 2019 (COVID-2019) in Nursing Homes (March 9, 2020). According to the Memo, facilities should *actively screen and restrict visitation* by those who meet the following criteria:

1. Signs or symptoms of a respiratory infection, such as fever, cough, shortness of breath, or sore throat
2. In the last 14 days, has had contact with someone with a confirmed diagnosis of COVID-19, or under investigation for COVID-19, or are ill with respiratory illness
3. International travel, travel on a cruise ship or travel to countries outside the United States within the last 14 days
4. Residing in a community where community-based spread of COVID-19 is occurring. Visit the Florida Department of Health COVID-19 web page for updates on confirmed Florida cases by county

Visitor Screening Toolkit
FHCA has updated our Visitor Screening Toolkit to reflect the updated guidance from CMS and the Department of Health. The toolkit includes recommendations for restricting, limiting or discouraging visitors, resources for conducting visitor and employee screenings, as well as sample signage to post in your center to alert visitors to your screening activities. It's designed to serve as a best practice to support centers' COVID-19 prevention activities. Centers should consult their legal and clinical teams when developing and implementing any company-specific procedures and protocols. Special thanks to Clear Choice Health Care and Avante Group for their contributions to this document.

SNF-Hospital Transfer Communication Tool
FHCA, in partnership with the Florida Hospital Association, has developed a SNF to Hospital and Hospital to SNF COVID-19 Transfer Communication Tool. The tool can be used to document an individual's medical status related to COVID-19 to help facilitate communication between nursing centers and hospitals during patient transfers and admissions.

Stay Informed
Please continue visiting FHCA's dedicated coronavirus web page, which includes updates from DOH, the Centers for Disease Control and Prevention

The Agency for Health Care Administration would like to thank the Florida Health Care Association for working to develop a facility visitor screening toolkit that encompasses the most current Centers for Medicare and Medicaid Services (CMS) and Centers for Disease Control (CDC) guidelines. Ensuring all facilities are properly screening—and if necessary, restricting visitors—is of the upmost importance at this time. Although this guidance applies to nursing homes, many sections are appropriate for other facility types and should be followed where applicable.

The Agency is making this available as a resource to your facility. Please also review the recent memo from CMS outlining additional guidance to nursing homes to help them improve their infection control and prevention practices to prevent the transmission of COVID-19, including revised guidance for visitation: https://www.cms.gov/medicareprovider-enrollment-and-certificationsurveycertificationgeninfopolicy-and/qso-20-14-nh.pdf.

This visitor screening toolkit contains:

- COVID-19 (Respiratory) Checklist
- Sample Letter to Residents, Families and Visitors on Screening Protocol
- Sample Communication to Vendors or Business Partners
- COVID-19 Screener Competency Checklist
- Visitor Screening Tool
- Screener Sign-In Form
- Sample Letter to Employees
- Employee Screening Tool
- Signage from the CDC, including handwashing signage
- Sample signage for visitor screening protocols

AMERICAN OVERSIGHT

The toolkit can be found here:

The Agency recognizes that facilities need to be overly cautious at this time to protect their patients and residents. Comprehensive screenings may include temperature taking and restricting visitors if necessary.

SUBJECT: Guidance for Infection Control and Prevention of Coronavirus Disease 2019 (COVID-19) in nursing homes ***(REVISED)***

Memorandum Summary

- ***CMS is committed*** to taking critical steps to ensure America's health care facilities and clinical laboratories are prepared to respond to the threat of the COVID-19.
- **Guidance for Infection Control and Prevention of COVID-19** - CMS is providing additional guidance to nursing homes to help them improve their infection control and prevention practices to prevent the transmission of COVID-19, *including revised guidance for visitation*.
- **Coordination with the Centers for Disease Control (CDC) and local public health departments** - We encourage all nursing homes to monitor the CDC website for information and resources and contact their local health department when needed (CDC Resources for Health Care Facilities: https://www.cdc.gov/coronavirus/2019-ncov/healthcare-facilities/index.html).

Background

CMS is responsible for ensuring the health and safety of nursing home residents by enforcing the standards required to help each resident attain or maintain their highest level of well-being. In light of the recent spread of COVID-19, we are providing additional guidance to nursing homes to help control and prevent the spread of the virus.

Guidance

Facility staff should regularly monitor the CDC website for information and resources (links below). They should contact their local health department if they have questions or suspect a resident of a nursing home has COVID-19. Per CDC, prompt detection, triage and isolation of potentially infectious residents are essential to prevent unnecessary exposures among residents, healthcare personnel, and visitors at the facility. Therefore, facilities should continue to be vigilant in identifying any possible infected individuals. Facilities should consider frequent monitoring for potential symptoms of respiratory infection as needed throughout the day.

AMERICAN OVERSIGHT

Furthermore, we encourage facilities to take advantage of resources that have been made available by CDC and CMS to train and prepare staff to improve infection control and prevention practices. Lastly, facilities should maintain a person-centered approach to care. This includes communicating effectively with residents, resident representatives and/or their family, and understanding their individual needs and goals of care.

Facilities experiencing an increased number of respiratory illnesses (regardless of suspected etiology) among patients/residents or healthcare personnel should immediately contact their local or state health department for further guidance.

In addition to the overarching regulations and guidance, we're providing the following information (Frequently Asked Questions) about some specific areas related to COVID-19:

Guidance for Limiting the Transmission of COVID-19 for Nursing Homes

How should facilities monitor or *restrict* visitors?
If visitors meet the criteria below, facilities may restrict their entry to the facility. Regulations and guidance related to restricting a resident's right to visitors can be found at 42 CFR §483.10(f)(4), and at F-tag 563 of Appendix PP of the State Operations Manual. Specifically, a facility may need to restrict or limit visitation rights for reasonable clinical and safety reasons. This includes, "restrictions placed to prevent community-associated infection or communicable disease transmission to the resident. A resident's risk factors for infection (e.g., chronic medical conditions) or current health state (e.g., end-of-life care) should be considered when restricting visitors. In general, visitors with signs and symptoms of a transmissible infection (e.g., a visitor is febrile and exhibiting signs and symptoms of an influenza-like illness) should defer visitation until he or she is no longer potentially infectious."

Facilities should *actively* screen *and restrict* visitation *by those who meet the following criteria*:

1. Signs or symptoms of a respiratory infection, such as fever, cough, shortness of breath, or sore throat.
2. *In the last 14 days*, has had contact with someone *with a confirmed diagnosis of COVID-19*, or under investigation for COVID-19, *or are ill with respiratory illness.*
3. International travel within the last 14 days to countries *with sustained community transmission*. For updated information on *affected* countries visit: https://www.cdc.gov/coronavirus/2019-ncov/travelers/index.html
4. *Residing in a community where community-based spread of COVID-19 is occurring.*

For those individuals that do not meet the above criteria, facilities can allow entry but may require visitors to use Personal Protective Equipment (PPE) such as facemasks (see expanded guidance below).

Limiting visitors and individuals: Expanded recommendations:
CMS is providing the following expanded guidance to prevent the spread of COVID-19 (in addition to the information above about restricting visitors).

- ***Restricting** means the individual should not be allowed in the facility at all, until they no longer meet the criteria above.*

AMERICAN OVERSIGHT

- ***Limiting*** *means the individual should not be allowed to come into the facility, except for certain situations, such as end-of-life situations or when a visitor is essential for the resident's emotional well-being and care.*
- ***Discouraging*** *means that the facility allows normal visitation practices (except for those individuals meeting the restricted criteria), however the facility advises individuals to defer visitation until further notice (through signage, calls, etc.).*

1. *Limiting or Discouraging visitation:*
   a) ***Limiting:*** *For facilities that are in counties, or counties adjacent to other counties where a COVID-19 case has occurred, we recommend* ***limiting*** *visitation (except in certain situations as indicated above). For example, a daughter who visits her mother every Monday, would cease these visits, and limit her visits to only those situations when her mom has a significant issue. Also, during the visit, the daughter would limit her contact with her mother and only meet with her in her room or a place the facility has specifically dedicated for visits.*
   b) ***Discouraging:*** *For all other facilities (nationwide) not in those counties referenced above, we recommend* ***discouraging*** *visitation (except in certain situations). See below for methods to discourage visitation. Also see CDC guidance to "stay at home" https://www.cdc.gov/coronavirus/2019-ncov/specific-groups/high-risk-complications.html#stay-home.*
2. *Facilities should increase visible signage at entrances/exist, offer temperature checks, increase availability to hand sanitizer, offer PPE for individuals entering the facility (if supply allows). Also, provide instruction, before visitors enter the facility and residents' rooms, on hand hygiene, limiting surfaces touched, and use of PPE according to current facility policy while in the resident's room. Individuals with fevers, other symptoms of COVID-19, or unable to demonstrate proper use of infection control techniques should be restricted from entry. Signage should also include language to discourage visits, such as recommending visitors defer their visit for another time or for a certain situation as mentioned above.*
3. *In addition to the screening visitors for the criteria for restricting access (above), facilities should ask visitors if they took any recent trips (within the last 14 days) on cruise ships or participated in other settings where crowds are confined to a common location. If so, facilities should suggest deferring their visit to a later date. If the visitor's entry is necessary, they should use PPE while onsite. If the facility does not have PPE, the facility should restrict the individual's visit, and ask them to come back at a later date (e.g., after a 14 days with no symptoms of COVID-19).*
4. *In cases when visitation is allowable, facilities should instruct visitors to limit their movement within the facility to the resident's room (e.g., reduce walking the halls, avoid going to dining room, etc.)*
5. *Facilities should review and revise how they interact with volunteers, vendors and receiving supplies, agency staff, EMS personnel and equipment, transportation providers (e.g., when taking residents to offsite appointments, etc.), other practitioners (e.g., hospice workers, specialists, physical therapy, etc.), and take necessary actions to prevent any potential transmission. For example, do not have supply vendors transport supplies inside the facility. Have them dropped off at a dedicated location (e.g., loading dock). Facilities can allow entry of these visitors as long as they are following the appropriate CDC guidelines for*

AMERICAN OVERSIGHT

Transmission-Based Precautions. For example, hospice workers can enter a facility when using PPE properly.

6. *In lieu of visits (either through limiting or discouraging), facilities can consider:*
    a) *Offering alternative means of communication for people who would otherwise visit, such as virtual communications (phone, video-communication, etc.).*
    b) *Creating/increasing listserv communication to update families, such as advising to not visit.*
    c) *Assigning staff as primary contact to families for inbound calls, and conduct regular outbound calls to keep families up to date.*
    d) *Offering a phone line with a voice recording updated at set times (e.g., daily) with the facility's general operating status, such as when it is safe to resume visits.*
7. *When visitation is necessary or allowable, facilities should make efforts to allow for safe visitation for residents and loved ones. For example:*
    a) *Suggest limiting physical contact with residents and others while in the facility. For example, practice social distances with no hand-shaking or hugging, and remaining six feet apart.*
    b) *If possible (e.g., pending design of building), creating dedicated visiting areas (e.g., "clean rooms") near the entrance to the facility where residents can meet with visitors in a sanitized environment. Facilities should disinfect rooms after each resident-visitor meeting.*
    c) *Residents still have the right to access the Ombudsman program. If in-person access is allowable, use the guidance mentioned above. If in-person access is not available due to infection control concerns, facilities need to facilitate resident communication (by phone or other format) with the Ombudsman program or any other entity listed in 42 CFR § 483.10(f)(4)(i).*
8. *Visitor reporting:*
    a) *Advise exposed visitors (e.g., contact with COVID-19 resident prior to admission) to monitor for signs and symptoms of respiratory infection for at least 14 days after last known exposure and if ill to self-isolate at home and contact their healthcare provider.*
    b) *Advise visitors to report to the facility any signs and symptoms of COVID-19 or acute illness within 14 days after visiting the facility.*

How should facilities monitor or restrict health care facility staff?

The same screening performed for visitors should be performed for facility staff.

- Health care providers (HCP) who have signs and symptoms of a respiratory infection should not report to work.
- Any staff that develop signs and symptoms of a respiratory infection while on-the-job, should:
    - Immediately stop work, put on a facemask, and self-isolate at home;
    - Inform the facility's infection preventionist, and include information on individuals, equipment, and locations the person came in contact with; and
    - Contact and follow the local health department recommendations for next steps (e.g., testing).
- Refer to the CDC guidance for exposures that might warrant restricting asymptomatic healthcare personnel from reporting to work (https://www.cdc.gov/coronavirus/2019-ncov/hcp/guidance-risk-assesment-hcp.html).

AMERICAN OVERSIGHT

Facilities should contact their local health department for questions, and frequently review the CDC website dedicated to COVID-19 for health care professionals (https://www.cdc.gov/coronavirus/2019-nCoV/hcp/index.html).

When should nursing homes consider transferring a resident with suspected or confirmed infection with COVID-19 to a hospital?
Nursing homes with residents suspected of having COVID-19 infection should contact their local health department. Residents infected with COVID-19 may vary in severity from lack of symptoms to mild or severe symptoms or fatality. Initially, symptoms may be mild and not require transfer to a hospital as long as the facility can follow the infection prevention and control practices recommended by CDC. Facilities without an airborne infection isolation room (AIIR) are not required to transfer the resident assuming: 1) the resident does not require a higher level of care and 2) the facility can adhere to the rest of the infection prevention and control practices recommended for caring for a resident with COVID-19.

Please check the following link regularly for critical updates, such as updates to guidance for using PPE: https://www.cdc.gov/coronavirus/2019-ncov/infection-control/control-recommendations.html.

The resident may develop more severe symptoms and require transfer to a hospital for a higher level of care. Prior to transfer, emergency medical services and the receiving facility should be alerted to the resident's diagnosis, and precautions to be taken including placing a facemask on the resident during transfer. If the resident does not require hospitalization they can be discharged to home (in consultation with state or local public health authorities) if deemed medically and socially appropriate. Pending transfer or discharge, place a facemask on the resident and isolate him/her in a room with the door closed.

When should a nursing home accept a resident who was diagnosed with COVID-19 from a hospital?
A nursing home can accept a resident diagnosed with COVID-19 and still under Transmission-Based Precautions for COVID-19 as long as the facility can follow CDC guidance for Transmission-Based Precautions. If a nursing home cannot, it must wait until these precautions are discontinued. CDC has released Interim Guidance for Discontinuing Transmission-Based Precautions or In-Home Isolation for Persons with Laboratory-confirmed COVID-19. Information on the duration of infectivity is limited, and the interim guidance has been developed with available information from similar coronaviruses. CDC states that decisions to discontinue Transmission-based Precautions in hospitals will be made on a case-by-case basis in consultation with clinicians, infection prevention and control specialists, and public health officials. Discontinuation will be based on multiple factors (see current CDC guidance for further details).

Note: Nursing homes should admit any individuals that they would normally admit to their facility, including individuals from hospitals where a case of COVID-19 was/is present. ***Also, if possible, dedicate a unit/wing exclusively for any residents coming or returning from the hospital. This can serve as a step-down unit where they remain for 14 days with no symptoms (instead of integrating as usual on short-term rehab floor, or returning to long-stay original room).***

AMERICAN OVERSIGHT

Other considerations for facilities:

- Review CDC guidance for Infection Prevention and Control Recommendations for Patients with Confirmed Coronavirus Disease 2019: https://www.cdc.gov/coronavirus/2019-ncov/infection-control/control-recommendations.html
- Increase the availability and accessibility of alcohol-based hand rubs (ABHRs), *reinforce strong hand-hygiene practices,* tissues, no touch receptacles for disposal, and facemasks at healthcare facility entrances, waiting rooms, resident check-ins, etc.
    - Ensure ABHR is accessible in all resident-care areas including inside and outside resident rooms.
- Increase signage for vigilant infection prevention, such as hand hygiene and cough etiquette.
- Properly clean, disinfect and limit sharing of medical equipment between residents and areas of the facility.
- Provide additional work supplies to avoid sharing (e.g., pens, pads) and disinfect workplace areas (nurse's stations, phones, internal radios, etc.).

Will nursing homes be cited for not having the appropriate supplies?

CMS is aware of that there is a scarcity of some supplies in certain areas of the country. State and Federal surveyors should not cite facilities for not having certain supplies (e.g., PPE such as gowns, N95 respirators, surgical masks and ABHR) if they are having difficulty obtaining these supplies for reasons outside of their control. However, we do expect facilities to take actions to mitigate any resource shortages and show they are taking all appropriate steps to obtain the necessary supplies as soon as possible. For example, if there is a shortage of ABHR, we expect staff to practice effective hand washing with soap and water. Similarly, if there is a shortage of PPE (e.g., due to supplier(s) shortage which may be a regional or national issue), the facility should contact the local and state public health agency to notify them of the shortage, follow national guidelines for optimizing their current supply, or identify the next best option to care for residents. If a surveyor believes a facility should be cited for not having or providing the necessary supplies, the state agency should contact the CMS Branch Office.

What other resources are available for facilities to help improve infection control and prevention?

CMS urges providers to take advantage of several resources that are available:

CDC Resources:

- Infection preventionist training: https://www.cdc.gov/longtermcare/index.html
- CDC Resources for Health Care Facilities: https://www.cdc.gov/coronavirus/2019-ncov/healthcare-facilities/index.html

NOTE: The situation regarding COVID-19 is still evolving worldwide and can change rapidly. Stakeholders should be prepared for guidance from CMS and other agencies (e.g., CDC) to change. Please monitor the relevant sources regularly for updates.

Effective Date: Immediately. This policy should be communicated with all survey and certification staff, their managers and the State/Regional Office training coordinators immediately.

AHCA COVID-19 Talking Points

- My top priority is the health and safety of residents and patients in the facilities AHCA regulates. That's why we continue to have these calls and why my agency is proactively sending out guidance to facilities as more information becomes available.

- We understand this is a rapidly evolving situation worldwide, and AHCA and partner agencies remain committed to doing everything possible to equip facilities with the best information to protect patients and residents.

Screening Visitors

- We know the most effective way to protect Florida's most vulnerable residents is to prevent the infection or those with symptoms of an infection from entering the facility.

- To that end, nursing homes, assisted living facilities, intermediate care facilities, adult family care homes, APD providers, and other residential facilities are expected to implement screening interventions for visitors, vendors and staff.

- I would like to take a moment to extend my gratitude to the Florida Health Care Association for working to develop a facility visitor screening toolkit that encompasses the most current CMS and CDC guidelines on this subject.

- Ensuring all facilities are properly screening—and if necessary, restricting visitors—is of the upmost importance at this time.

- We are making this available as a resource to your facility via e-blast today. Since guidance may change, please monitor for updates with this tool. Because of new guidance issued last night by CMS, FHCA will make changes to the tool today.

- DOH has posted to its website a flow chart of visitor screening guidelines. It's available online and outlines criteria for which your facility should be screening visitors and restricting entry.

    - Individuals who have traveled and returned any international travel or a cruise within the last 14 days should not be allowed entry.
    - Individuals who report signs or symptoms of a respiratory infection such as fever, cough or shortness of breath should not be allowed into your facility.

AMERICAN OVERSIGHT

- And individuals who have had **contact** with someone who has OR is under investigation for COVID-19 should not be allowed entry.

Inspections and CMS Guidance

- Infection prevention and control are so foundational to the health and welfare of patients and residents, it's among the highest priorities for the Agency as they inspect facilities.

- Per recent CMS guidance, AHCA will be visiting facilities with any previous infection control issues – first, with those with serious deficiencies.

- We understand that infection prevention protocols are engrained in standard operating procedures across Florida health care facilities. Hospitals, nursing homes and others routinely focus staff training and conduct drills on these practices.

- Please also take a moment to make yourself familiar with the recent memo from CMS outlining additional guidance to nursing homes to help them improve their infection control and prevention practices to prevent the transmission of COVID-19, including revised guidance for visitation: https://www.cms.gov/medicareprovider-enrollment-and-certificationsurveycertificationgeninfopolicy-and/qso-20-14-nh.pdf

- Additionally, CMS has issued guidance for hospice facilities

Transfer Documents

- We've also been working to develop a Skilled Nursing Facility to Hospital & Hospital to SNF COVID-19 Transfer Communication Tool to assist with communication.

- This tool should assist when transfers as necessary and documents an individual's medical status related to COVID-19 to help facilitate communication between a nursing facility and a hospital.

VIII. [INSERT PARTY'S REFERRED TO AS NAME] HEREBY AGREES:

A. [IF APPLICABLE, INCLUDE]Monitoring

1. To provide reports as specified in **Section VII., Item B.**, Services Provided by [INSERT Party's Referred to as Name]. These reports will be used for monitoring progress or performance of the contractual services.

2. To permit persons duly authorized by the Agency to inspect any records, papers, documents, facilities, goods and services of [INSERT Party's Referred to as Name] which are relevant to this Agreement.

3. To ensure that each of its employees or subcontractors who performs activities related to the services associated with this Agreement will report to the Agency any health care facility that is the subject of these services that may have violated the law. To report concerns pertaining to a health care facility, the [INSERT Party's Referred to as Name] employee or subcontractor may contact the Agency Complaint Hotline by calling 1-888-419-3456 or by completing the online complaint form found at https://apps.ahca.myflorida.com/hcfc.

4. To ensure that each of its employees or subcontractors who performs activities related to the services associated with this Agreement, will report to the Agency areas of concern relative to the operation of any entity covered by this Agreement. To report concerns, the [INSERT Party's Referred to as Name] employee or subcontractor may contact the Agency Complaint Hotline by calling 1-877-254-1055 or by completing the online complaint form found at https://apps.ahca.myflorida.com/smmc_cirts/.

5. To ensure that reports which represent individuals receiving services are at risk for, or have suffered serious harm, impairment, or death are reported to the Agency immediately and no later than twenty four (24) clock hours after the observation is made. Reports that reflect noncompliance that does not rise to the level of concern noted above shall be reported to the Agency within ten (10) calendar days of the observation.

B. Health Insurance Portability and Accountability Act

1. To comply with the Department of Health and Human Services Privacy Regulations in the CFR, Title 45, Sections 160 and 164, regarding disclosure of protected health information as specified in **Attachment II**, Business Associate Agreement. If required by the HIPAA Compliance Officer

AMERICAN OVERSIGHT

2. To ensure it meets all Federal regulations regarding required standard electronic transactions and standards for privacy and individually identifiable health information as identified in the Health Insurance Portability and Accountability Act (HIPAA) of 1996 and the Health Information Technology for Economic and Clinical Health Act (HITECH) of 2009 and associated regulations.

3. To conduct all activities in compliance with 45 CFR 164 Subpart C to ensure data security, including, but not limited to encryption of all information that is confidential under Florida or Federal law, while in transmission and while resident on portable electronic media storage devices. Encryption is required and shall be consistent with Federal Information Processing Standards (FIPS), and/or the National Institute of Standards and Technology (NIST) publications regarding cryptographic standards.

C. Confidentiality of Information

1. To not use or disclose any confidential information, including social security numbers that may be supplied under this Agreement pursuant to law, and also including the identity or identifying information concerning a Medicaid recipient or services under this Agreement for any purpose not in conformity with State and Federal laws, except upon written consent of the recipient, or his/her guardian.

2. That all personally identifiable information, including Medicaid information, obtained by [INSERT Party's Referred to as Name] shall be treated as privileged and confidential information and shall be used only as authorized for purposes directly related to the administration of this Agreement. [INSERT Party's Referred to as Name] must have a process that specifies that patient-specific information remains confidential, is used solely for the purposes of data analysis or [INSERT Party's Referred to as Name] responsibilities under this Agreement, and is exchanged only for the purpose of conducting a review or other duties outlined in this Agreement.

3. All patient-specific information received by [INSERT Party's Referred to as Name] can be shared only with those agencies that have legal authority to receive such information and cannot be otherwise transmitted for any purpose other than those for which [INSERT Party's Referred to as Name] is retained by the Agency. [INSERT Party's Referred to as Name] must have in place written confidentiality policies and procedures to ensure confidentiality and to comply with all Federal and State laws (including the HIPAA and HITECH Acts) governing confidentiality, including electronic treatment records, facsimile mail, and electronic mail).

4. All subcontracts must explicitly state expectations about the confidentiality of information, and the subcontractor is held to the same confidentiality requirements as [INSERT Party's Referred to as Name]. If provider-specific data are released to the public, [INSERT Party's Referred to as Name] shall have policies and procedures for exercising due care in compiling and releasing such data that address statutory protections of quality assurance and confidentiality while assuring that open records requirements of Chapter 119, F.S., are met.

AMERICAN OVERSIGHT

5. [INSERT Party's Referred to as Name] and its subcontractors shall comply with the requirements of Section 501.171, F.S. and shall, in addition to the reporting requirements therein, report to the Agency any breach of personal information.

6. Any releases of information to the media, the public, or other entities require prior approval from the Agency.

7. Ensure all services will be performed within the borders of the United States and its territories and protectorates.

8. State-owned Data shall be processed, accessed and stored in data centers that are located only in the forty-eight (48) contiguous U.S.

D. Public Records Requests

1. To comply with Section 119.0701, F.S., if applicable, and all other applicable parts of the Florida Public Records Act.

2. To keep and maintain public records that ordinarily and necessarily would be required in order to perform services under this Agreement.

3. To provide the public with access to public records on the same terms and conditions that the Agency would provide the records and at a cost that does not exceed the cost provided in Section 119.07, F.S., or as otherwise provided by law.

4. That upon request from the appropriate Agency custodian of public records, provide the Agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost in Section 119.07, F.S., or as otherwise provided by law.

5. To ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of this Agreement term and following completion of this Agreement if the Party does not transfer the records to the Agency.

6. To not collect an individual's social security number unless [INSERT Party's Referred to as Name] has stated in writing the purpose for its collection. [INSERT Party's Referred to as Name] collecting an individual's social security number shall provide a copy of the written statement to the Agency and otherwise comply with applicable portions of Section 119.071(5), F.S.

7. To meet all requirements for retaining public records and transfer, at no cost, to the Agency all public records in possession of [INSERT Party's Referred to as Name] upon termination of this Agreement and destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. All records stored electronically must be provided to the Agency in a format that is compatible with the information technology systems of the Agency.

AMERICAN OVERSIGHT

8. If [INSERT Party's Referred to as Name] does not comply with a public records request, the Agency shall enforce Agreement provisions in accordance with this Agreement.

9. **IF [INSERT PARTY'S REFERRED TO AS NAME] HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE PARTY'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE AGENCY CUSTODIAN OF PUBLIC RECORDS FOR THIS AGREEMENT. Good catch, spoke with Francis and included.

In Chapter 400 there is a definition of nursing home, but then other facilities fall into other sections. Can you make sure the facilities I listed are adequate/appropriate for all the AHCA would license AND have a vulnerable population?

Subject: CDC: COVID-19 and Cruise Ship Travel

https://wwwnc.cdc.gov/travel/page/covid-19-cruise-ship

I copied the Pertinent Part at the end of document highlighted and pasted below:

If you were on a cruise in the past 14 days:

- Monitor your health and limit interactions with others for 14 days after returning to the United States.
- If a case of COVID-19 was reported on your ship during the cruise, stay home during these 14 days and practice social distancing.
- Stay home if you feel sick with fever, cough, or have trouble breathing and call ahead before you seek medical care

COVID-19 and Cruise Ship Travel

Key Points

- CDC recommends travelers, particularly those with underlying health issues, defer all cruise ship travel worldwide.
- Sustained community spread of respiratory illness caused by COVID-19 has been reported in many countries.

AMERICAN OVERSIGHT

- Cruise ship passengers are at increased risk of person-to-person spread of infectious diseases, including COVID-19.
- Older adults and travelers with underlying health issues should avoid situations that put them at increased risk for more severe disease. This entails avoiding crowded places, avoiding non-essential travel such as long plane trips, and especially avoiding embarking on cruise ships.

What is the current situation?

CDC typically posts travel health notices for countries and other international destinations, not conveyances, such as ships, airplanes, or trains. Because of the unusual nature of the novel coronavirus outbreak, the US government is advising US travelers, particularly those with underlying health issues, to defer cruise ship travel.

Recent reports of COVID-19 on cruise ships highlight the risk of infection to cruise ship passengers and crew. Like many other viruses, COVID-19 appears to spread more easily between people in close quarters aboard ships.

Person-to-person spread of COVID-19 is occurring and countries are reporting both travel-related cases and community spread of the disease. As the outbreak of COVID-19 continues, there remains a risk of infected travelers and crew boarding cruise ships.

It has become clear that people with underlying conditions such as heart disease, chronic lung disease, diabetes, and other conditions that cause suppression of immune system particularly among the older adults, are at a high risk of serious disease if infected with the novel coronavirus.

To best protect these vulnerable individuals, we recommend that such individuals avoid situations that increase their risk of acquiring infections. This entails avoiding crowded places, avoiding non-essential travel such as long plane trips, and especially avoiding embarking on cruise ships.

In addition, The U.S. Department of State recommends against cruise ship travel. This is a dynamic situation and those traveling by ship may be impacted by travel restrictions affecting their itineraries or ability to disembark or may be subject to quarantine procedures implemented by the local authorities. While the U.S. government has successfully evacuated hundreds of our citizens in the previous weeks, repatriation flights should not be relied upon as an option for US citizens under the potential risk of quarantine by local authorities. U.S. citizens should evaluate the risks associated with choosing to remain in an area that may be subject to quarantine and take the appropriate proactive measures. Passengers who plan to travel by cruise ship should contact their cruise line companies directly for further information on the current rules and restrictions and continue to monitor the travel.state.gov website for updated information.

What can travelers do to protect themselves and others?

CDC recommends travelers, particularly those with underlying health issues, defer all cruise ship travel at this time. If you do travel by cruise ship during the COVID-19 outbreak:

- Older adults and travelers with underlying health issues should avoid situations that put them at increased risk for more severe disease. This entails avoiding crowded places, avoiding non-essential travel such as long plane trips, and especially avoiding embarking on cruise ships.
- Discuss cruise ship travel with your healthcare provider prior to travel.
- Avoid contact with sick people.
- Avoid touching your eyes, nose, or mouth with unwashed hands.
- Clean your hands often by washing them with soap and water for at least 20 seconds or using an alcohol-based hand sanitizer that contains 60%–95% alcohol. Soap and water should be used if hands are visibly dirty.

AMERICAN OVERSIGHT

- It is especially important to clean hands after going to the bathroom; before eating; and after coughing, sneezing or blowing your nose.
- Avoid traveling if you are sick.
- If you get sick with fever or new or worsening cough or difficulty breathing during your cruise, stay in your cabin and notify the onboard medical center immediately.

If you were on a cruise in the past 14 days:

- **Monitor your health and limit interactions with others for 14 days after returning to the United States.**
  - **If a case of COVID-19 was reported on your ship during the cruise, stay home during these 14 days and practice social distancing.**
- Stay home if you feel sick with fever, cough, or have trouble breathing and call ahead before you seek medical care
- Seek medical advice. Call ahead before going to a doctor's office or emergency room. Tell them about your recent travel and your symptoms.
- Do not travel while sick.
- Cover your mouth and nose with a tissue or your sleeve (not your hands) when coughing or sneezing.
- Clean your hands often by washing them with soap and water for at least 20 seconds or using an alcohol-based hand sanitizer that contains 60%–95% alcohol. Soap and water should be used if hands are visibly dirty.

Since the first two presumptive positive cases were identified in Florida on March 1, 2020, Governor DeSantis has proactively and aggressively prepared the state to combat Coronavirus Disease 2019 (COVID-19). The Governor's top priority is the health, safety and welfare of all Floridians.

Today, Governor DeSantis directed the Department of Management Service to provide the following direction to all employees in the State Personnel System:

Business

- All non-essential in-state and all out-of-state travel for state business is prohibited for the next 30 days.

AMERICAN OVERSIGHT

- Florida National Guard, state Law Enforcement, state Emergency and Medical personnel are allowed to travel if the travel is deemed mission critical and is specifically approved by the agency head.
- Employees should avoid, when possible, attending large gatherings.
- Videoconferencing and virtual meetings are encouraged in lieu of travel.

Personal

- When on personal travel, state employees should follow CDC best practices for prevention and treatment of COVID-19, especially employees who are considered at-risk or who have dependents or care for those with underlying conditions or vulnerabilities.
- State employees who personally travel internationally will not be allowed to return to work for 14 days upon returning to the United States. Employees will need to utilize their available sick, annual or personal leave during this 14-day period. Employees who can work remotely may be able to so in consultation with their supervisor. Employees without available leave or access to a sick leave pool, and who are unable to work remotely, may be subject to leave without pay.
- State employees who personally travel on a cruise or to an area of the United States experiencing community spread of COVID-19 as identified by the Centers for Disease Control and Prevention or a state public health agency will not be allowed to return to work for 14 days upon returning home. Employees will need to utilize their available sick, annual or personal leave during this 14-day period. Employees who can work remotely may be able to so in consultation with their supervisor. Employees without available leave or access to a sick leave pool, and who are unable to work remotely, may be subject to leave without pay.

This travel policy applies to all employees of the State Personnel System, including the heads of executive agencies. Please consult your supervisor/HR Office and your agency's telework and leave policies for guidance regarding your specific situation.

Thank you in advance for joining in efforts to reduce the spread of COVID-19. We will continue to closely monitor and evaluate available information and guidance as this is a rapidly evolving situation.

We appreciate your patience and commitment to protecting our communities. If you have questions, please call John Apthorp at (850) 922-1274.

Facility Guidance on Visitor Screenings, Transfer Protocol, Hospital Facility Usage, and COVID-19 Patient Screenings

The Agency for Health Care Administration (AHCA) understands that the public health emergency regarding COVID-19 is a rapidly evolving situation. AHCA will continue to provide information and guidance to facilities from the CDC, CMS and Florida DOH.

Transfer Protocol

With recent reports of alarming potential infection and fatality rates, it is imperative that nursing homes and other long-term care residential providers which are unable to comply with CDC guidance for standard infection precautions for COVID-19 transmission, especially negative pressure rooms and skilled use of N95 masks, should seek transfer of individuals who fit criteria for testing or who have tested positive to facilities that can comply with these infection control requirements.

To accept a patient who is being discharged, long-term care residential providers may work to request testing of anyone who meets the criteria of being at risk of COVID-19.

Visitor Screening

Nursing homes, assisted living facilities, adult family-care homes, long-term care facilities and adult group homes: Per the recent emergency order, these facilities must restrict all visitors except for end of life circumstances.

*** Residents of assisted living facilities should be comprehensively screened if they return from leaving the campus. If they cannot pass the screening requirements, these residents should not be allowed reentry to the facility.*

Hospitals: The CDC recommends screening patients and visitors for symptoms of acute respiratory illness (e.g., fever, cough, difficulty breathing) before entering your healthcare facility. To achieve this, facilities must dedicate staff to these screenings and may need to restrict entrances.

PPE Supplies

If your facility is unable to source adequate supplies of PPE through your normal supply chain, please coordinate with your local emergency operations center based upon any anticipated supply shortages.

Hospital Space Usage

During a state of emergency, hospitals have greater flexibility to utilize space as appropriate to care for patients.

AMERICAN OVERSIGHT

- This includes using spaces for patient care that may not have been designed and approved for such uses.
- Each facility is responsible for using the existing spaces and systems to the best of their ability to provide the appropriate level care and safety for patients.

Patient Screening at Alternative Site

The Florida Division of Emergency Management and local EOCs will be helping to coordinate and support efforts to stand up alternative screening sites.

Across the Board AHCA Licensure Extensions for 90 Days

AHCA will be granting a 90-day extension to all licenses for health care providers and regulated facilities.

Increased Federal Flexibility

To take full advantage of the flexibilities provided through the declaration by President Trump of a national state of an emergency, AHCA will eliminate regulatory barriers that may delay critical health care response.

- CMS has issued a set of blanket waivers that states may utilize in response to COVID-19.
- The Agency has already received authority for many of these waivers related to health care facilities and licensure requirements, and we are actively working to receive the federal authority needed for many of the items listed in this alert related to the Medicaid program. For a full list of the blanket waivers issued by CMS, click on this link: https://www.cms.gov/files/document/covid19-emergency-declaration-health-care-providers-fact-sheet.pdf.

Molly, Laura, Kim,

Attached is a (very rough) draft of an emergency rule which incorporates the Governor's Emergency Order. In addition, it also includes the ability to restrict any access, with some exceptions. Can you please review and make any changes to the rule you think necessary? Any suggestions are welcome.

We need to do individual rules for: nursing homes, assisted living facilities, adult family-care homes, adult group homes, and any other facilities we think need to be included.

In addition, I also included the required statement of emergency. The statement of emergency should be tailored to fit each facility type. (Number of facilities, residents, and so on.) Can you help gather that information so we can plug it in to each rule? Some of the things, like number of counties, will just need to be plugged in depending on what day we publish the rule to ensure accuracy.

Kim – heads up, I think this is coming soon. We'll need your help formatting and publishing.

Please let me know if you have any questions.

Thanks,

Notice of Emergency Rule

AGENCY FOR HEALTH CARE ADMINISTRATION Health Facility and Agency Licensing RULE NO.: RULE TITLE: 59AER20-1 Screening Requirements for XXX Facility.

SPECIFIC REASONS FOR FINDING AN IMMEDIATE DANGER TO THE PUBLIC HEALTH, SAFETY OR WELFARE: The Novel Coronavirus Disease 2019 (COVID-19) is a severe respiratory illness that can spread among humans through respiratory transmission. According to the Centers for Disease Control and Prevention (CDC), people at risk for serious illness from COVID-19 include older adults and people with serious chronic medical conditions.[1] In late 2019, a new and significant outbreak of COVID-19 emerged in China and the World Health Organization declared COVID-19 a Public Health Emergency of International Concern. The CDC also confirmed instances of community spread of COVID-19 in the United States and issued written guidance to help control the spread of COVID-19 in long-term care facilities.[2]

On March 7, 2020, the State Surgeon General and State Health Officer declared a Public Health Emergency in the State of Florida as a result of COVID-19. As of March 9, 2020, eight counties in Florida have positive cases for COVID-19. There have been two confirmed deaths in Florida as a result of COVID-19. Both individuals were elderly. On March 9, 2020, Florida Governor Ron DeSantis declared a state of emergency in Florida.

At Life Care Center nursing home of Kirkland, Washington, outside of Seattle, 15 elderly residents died as a result of a COVID-19 outbreak in the facility. According to the United States Census Bureau, Florida has the largest percentage of residents age 65 and older in the nation. Thousands of frail elders live in Florida's XXX nursing/ALF facilities. Ensuring XXX facilities screen all visitors and staff for symptoms of COVID-19 is essential to protecting the health, safety and welfare of vulnerable residents.

This emergency rule establishes a process by which XXX facilities screen all visitors and staff for COVID-19 symptoms before allowing entry to the facility. Any visitor or staff member exhibiting symptoms of COVID-19 must be denied entry to the facility. Prompt implementation of this rule is necessary to ensure the health, safety and welfare of residents of Florida's assisted living facilities.

REASONS FOR CONCLUDING THAT THE PROCEDURE USED IS FAIR UNDER THE CIRCUMSTANCES: The procedure used to adopt this emergency rule is fair as the State of Florida is under a declaration of emergency due to the outbreak of COVID-19. This emergency rule is necessary and fair to ensure the health, safety, and welfare of the facility residents, and provides at least the procedural protection given by other statutes, the State Constitution, or the United States Constitution; and takes only that action necessary to protect the public interest under the emergency procedure.

SUMMARY OF THE RULE: This emergency rule establishes screening requirements for nursing home staff and visitors to avoid the spreading COIVD-19 to health care facilities. Screening requirements include…

59x-xxx Screening Requirements for Non-Residents.

(1) SCREENING REQUIREMENTS. Any non-resident individual, including staff, seeking entry to an assisted living facility must be actively screened by the facility. An individual who meets any of the screening criteria must be prohibited from entering the facility or facility grounds until they no longer meet the screening criteria.
(a) The screening criteria must include the following:
1. Any person infected with COVID-19 who has not had two consecutive negative test results separated by 24 hours; or
2. Any person showing or presenting signs or symptoms of a respiratory infection, including cough, fever, shortness of breath or sore throat; or
3. Any person who has been in contact with any persons infected with COVID-19 who has not tested negative for COVID-19 is prohibited from visiting a facility until 14 days after their interaction with the person or persons infected with COVID-19; or
4. Any person who traveled internationally is prohibited from visiting a facility until 14 days after their return to the United States; or
5. Any person who traveled on a cruise ship is prohibited from visiting a facility until 14 days after their return to the United States; or
6. Any person who has been in a community with confirmed community spread of COVID-19, as identified by the Centers for Disease Control and Prevention or a state public health agency, is prohibited from visiting a facility within 14 days of their presence in the community with community spread; or
7. Any person who resides in a community with confirmed community spread of COVID-19, as identified by the Centers for Disease Control and Prevention or a state public health agency is prohibited from visiting a facility.
(b) For those individuals that do not meet the above criteria, facilities may allow entry but may require visitors to use Personal Protective Equipment such as facemasks.
(2) LIMITED ENTRY. Any facility may, at the facility's discretion, prohibit the entry of any non-resident individuals to the facility except in certain circumstances:
1. Family members, friends, and visiting residents in end-of-life situations;
2. Hospice or palliative care workers caring for residents in end-of-life situations; or
3. Any third-party providing necessary health care to a resident;
(c) Individuals seeking entry to the facility must still comply with the screening requirements.
(b) The facility may require any of the individuals entering the facility to wear Personal Protective Equipment.
(3) DOCUMENTATION.
(a) Individuals entering a facility subject to the screening criteria may be screened using a standardized questionnaire or other form of documentation.
(b) The facility is required to maintain documentation of all non-resident individuals entering the facility. Documentation must include, at a minimum:
1. Name of the individual;
2. Date and time of entry; and
3. The documentation used by the facility to screen the individual showing the individual did not meet any of the enumerated screening criteria.

Aging and Vulnerable Populations Call
Hosted by the Florida Department of Health

Every Tuesday
11:00 AM to 11:30 AM

Call-In Information
Call-In Number: 888-585-9008
Participant Code: 488-097-156

Description
This is a weekly conference call hosted by the Florida Department of Health to disseminate the most up-to-date information regarding COVID-19. All residential facilities that provide care and support to aging and vulnerable populations are invited to participate on the call. There will be an opportunity for questions as time permits.

Standing Agenda
- Situation Updates from the Florida Department of Health
- Briefing from the Agency for Healthcare Administration
- Updates from other State Agencies
- Questions from Partners

Intended Audience
This call is intended residential facilities that provide care and support to aging and vulnerable populations in Florida. Other partners should relay any questions or concerns to their local county health department.

Contact the Joint Information Center at JIC-Reports@em.myflorida.com for help with any technical issues with the Conference Call.

The Agency for Health Care Administration is committed to better health care for all Floridians. The Agency administers Florida's Medicaid program, licenses and regulates more than 44,000 health care facilities and 53 health plans, and publishes health care data and statistics at www.FloridaHealthFinder.gov. Additional information about Agency initiatives is available via Facebook (AHCAFlorida), Twitter (@AHCA_FL) and YouTube (/AHCAFlorida).

Date/Time	Meeting Title	Was the Call Recorded?	Meeting Description
3/6/2020 2:00 - 2:30	Leading Age Call		Surgeon General Scott A. Rivkees and Secretary Mayhew made remarks. Dr. Rivkees stated there has been no evidence of person-to-person transfer in FL, there are 4 confirmed cases in FL, case counts are based on state residency,facilities should be screening visitors, vendors and staff for symtoms and travel history. Anyone who has been to Italy, South Korea, China or Iran must self isolate for 14 days. Secretary Mayhew emphasized the need for consistent messaging regarding COVID-19. There are 3 state labs in florida testing for COVID19 located in Jacksonville, Tampa and Miami.
3/6/2020 3:30 - 4:00	FHA	Y	Much of the same information from the Leading Age call detailed above. Some communities are shifting from containment to mitigation. As of noon 164 cases, 11 deaths, 19 states, 13 cases are travelrelated there are 128 individuals currently under investigation. 4 cases in Florida, 1 of which is not a Florida resident. All of the confirmed cases and their immediate contacts are isolated. on Monday 3/9 4 commercial labs will start testing for the virus.
3/9/2020 10:30 - 11:00	All Plan Call	N	Shevaun Harris informed the health plans that a provider alert has gone out with COVID-19 billing codes developed by the CDC. She informed health plans that the CDC has also released codes for testing at private labs, but the Agency is working to confirm which private labs have testing capability before accepting those billing codes. Shevaun asked the call participants for any ideas they have regarding member engagement (F2F case mgmt visits, etc.) especially in LTC settings. FHA said they would compile their questions, feedback and ideas and schedule a second meeting for later in the day (3/9) to discuss them with the Agency. FHA provided information re the OIG's messaging about FS 627.194 that requires hospitals to treat patients presenting COVID-19 symptoms out of network be billed as if in-network. Shevaun asked FHA to f/u offline. FHA also asked if the Agency is going to provide guidance regarding drug shortages. Shevaun answered that we are monitoring for any shortages but none have been rperted by the FDA at the timeof this call.
3/10/2020 11:00 - 11:30	ESF-8 Aging Population Call	Y	Was not able to dial-in. The conference was full.
3/10/2020 11:30 - 12:00	ESF-8 Hospital & FHA Call	Y	Dr. Rivkes informed callers that the CDC has approved a commercial testing kit - IDT COVID-19. You can order them online. A commercial lab (Lab Corps) has been approved to conduct testing. Dr. Rivke reiterated high risk criteria (elderly, travel history, underlying condition). Secretary Mayhew asked callers to be vigilant about data sharing with their local public health authorities, asked for bed count and other pertinent updates to be entered into CDC emergency website at 10am and 7pm. Stated that hospitals have been approved to set up remote testing facilities; also asked facilities to be sure to follow CDC discharge/ transfer protocol. Questions from callers about how to instruct visitors that meet criteria to be denied visitation (do we tell them to go home and self isolate? See their doctor?) If hospitals can test remotely then can they treat those who test positive remotely? (Sec. Mayhew will f/u on this). Callers stated they are getting different testing turnaround estimates from commercial labs than they are getting from DOH/state labs. Asked what to do when employees return from a cruise. Lee Health offered to share best practices/tabletop guide for COVID-19 to hospitals that request it through their information page on their website.

3/16/2020 11:00 - 12:00	Nursing Home Provider, FHCA & Partners	Y	Molly McKinstry provided an overview of the udpated emergency order from Governor Desantis regarding that clarified visitation guidelines for LTC facilities. Kim Smoak provided guidance regarding the suspension of penalties for violation of staffing ratios at facilities as long as the facility continues to maintain sufficient staffing levels to remain operational. Secretary Mayhew informed callers that testing is ultimately left to teh discretion of an individuals physician per Surgeon General Scott Rivkes. Molly informed callers that if they have patents who have tested positive in their facilitiy they need to notify AHCA immediately. Molly added that if any facilities on the call had positive patients but had not heard from Kim Smoak yet to please reach out directly to their AHCA FOM and Kim Smoak. Kim added that her team will be conducting visits but that they are only to provide support and ensure that facilities have enough PPE supplies. Secretary Mayhew said if a facility is having trouble with obtaining PPE supplies through their local emergency operations department they can reach out to the agency and if they do they need to include their current PPE inventory levels, their next expected PPE supply shipment and their current burn rate in the request. FHCA rep informed the callers that the toolkit had been taken off their website because it was being updated and they expected to have it back up later in the day. The tool kit will include Hospital to SNF transfer form and SNF to hospital transfer form. Tom Parker gave an overview of the three CMS waivers that had gone into effect related to COVID-19 since the previous Friday. He also informed callers that the US house had passed a COVID-19 stimulus bill that would provide extra funding for states to use at their discretion. The bill is expected to pass in the senate and signed into order by the president later today. Callers had questions about patients who need critical health care such as dialisis and Molly provided fuidance that critical healthcare needs are an exception but that patients will need to be screened just as a visitor would.
3/16/2020 11:15 - 11:45	County EOC Call	N	The DOH website was last updated at 6 pm on Sunday 2020.03.15. As of noon 2020.03.15 the following was the status of COVID19 tracking 136 Cases 6 Cases for residents outside of FL 13 Cases of non-residents in FL 4 Deaths 684 Negative Test Results 514 Pending Test Results 432 Monitored Cases. DOH is currently working on updating the website, and should be available shortly. The DOH is monitoring CDC updates daily. DOH is currently in the process of hiring 100+ epidemiologist-type people to help with the increased workload. In regards to cruise ships, the current guidance is to allow suspected individuals to disembark and self-quarantine for 14 days. At this time, the private sector is allowed to test for COVID19, but the current availability of test kits is TBD. Guidance for family members who has been in contact with individuals that has been in contact with someone who has traveled internationally will be forthcoming. Once the call was shifted to questions, Broward county requested guidance on port operations in regards to suspected exposure. The response was that the county controls the port operations, and while official guidance is to use the honor system to self-quarantine, the county has the authority to hold people at the port. The National Guard is currently on a 2 hour recall in Broward. There is currently no reserve items in the warehouse, and mobile surgical units are on order due to the possibility of losing floors in hospitals to quarantine. All critical requests should be sent to the director at 954-600-4949. Palm Beach County stated that there have been no changes in protocol, but requests consideration regarding guidance to include flexibility. Region 6 clarified that all critical resource decisions were to be sent to the Director. Region 5 stated that the website information was not correct due to transportation and other issues, and asked if there was a way for counties to update their own information. The Surgeon General updated the DOH, the assumption is the trending pattern would be that the number of cases doubles every 3 days. One million test kits should arrive within 3-13 days. Brevard county asked if the resource priority for ALFs or Hospitals will change, or if future guidance was forthcoming. The response was to call the Director if resources were in question. Then the definition of "critical" was discussed. Region 4 asked if the governor was going to send out a memo or order regarding the limit of 50 individuals in a gathering, to which the DOH responded that it does not appear so at this time. Region 3 asked for licensed physician data (report 0570), and asked if an executive order would be issued regarding visitation. The DOH responded that at this time, there were no executive orders issued, but will be in constant contact with the Governor's Office in this regard. Region 2 notified the group that there were continuous calls regarding closing the state border. The DOH responded that this is rumor, and had not been discussed. Appendix D of the OSHA guidelines includes guidance on fit testing. Region 1 reported that ESF 18 is available and any business should report to Florida Disaster webpage to report damages. Recovery was the last on the call, and informed the group that there is no need to meet the county threshold for Category B. Request for Public Assistance (RPA) is available for Federal aid, and guidelines for emergency purchasing were discussed.

Date/Time	Meeting Title	Was the Call Recorded?	Meeting Description
3/16/2020 1:00 - 2:00	All Plan Call	N	Secretary Mayhew informed callers that currently there are 149 cases in Florida and 4 deaths. She asked callers to be aware of significant risk to aging community. She stated the Nursing home in Washington State and an infection rate of 50% and a death rate of 20%. Secretary Mayhew provided an overview of the Emergency Order restricting visitation to prevent a similar situation in FL. Due to lack of nursing homes with Negative pressure rooms and skilled staff with N95 mask experience the state is looking for LTC buildings with wings that are vacant that can be brought online to support more effective isolation and containment. The state is Looking at analyizing the same needs for hospitals. we are trying to increase the turnaround time for testing by working with more commercial labs. We are also looking for hospitals with CLEA certified labs that can help with the volume of local testing. as testing increases we will see the number of positive cases rise. Sec Mayhew gave an overview of measures taken to cut back on public gatherings. The restrictions on visitation is going to create strain on families so it is important to have consistent messaging as to why these measures are critical to containment measures. Sec. Mayhew told of an incedent where a patient in a facility tested positive and the facility did not tkae enough measures to prevent contamination while the test was being conducted and During that period of time we had a lot of healthcare providers exposed and then workers had to go into isolation. We need to be looking creatively at how best to meet needs. Transfers to and from LTC settings are creating a great deal of concern. We are looking at ways to expedite the transfer process. Shevaun went over some of the guidance that had been issued over the weekend regarding postponing site visits wherever telephonic visits are not possible until further notice. Shevaun informed the Plans that a Plan email went out regarding a company called "Impower" to inform plans they have capability beyond Behavior Analysis if Plans need to utilize them. Shevaun said apolicy transmittal (PT) is coming out in the next hour explaining flexiblity when it comes to plans working with providers during the state of emergency. The PT will include information on Prior Auth - we are trying to reduce admin burden on providers on the front line serving affected areas by waiving prior auth. for certain services. And all prior auth will be waived for patients with COVID-19. Prestige asked if this applies to any new authorizations or authorizations that are currently in place? Shevaun responded that this applies to any new authorizations. There are limited home health services anyone who needs to self quarantine we need to make sure there are no limits on the aprt of the plans impeding access to care. Shevaun explained we will be reimbursing for 90 days of maintanence meds when available at the pharmacy. We are Asking plans to make sure mail order prescriptions are available to members so plans need to lift all of those edits and restrictions. $1500 inpatient limit is also being waived. Plans need to waive all Copays related to COVID-19. Recipeints are being given more time to submit requests for Fair hearings. Questions about call centers is there a possiblity that we will relax some of the metrics around call times for plan call centers? Eunice informed the plans that we will consider relaxing metrics for call times at plan call centers due to the lenght of time it takes to get recipients to the correct resource for their questions. Plans made comments regrding messaging thats coming from providers on testing and asked if is there a single source of truth regarding who needs to be tested? Shevaun answered that everyone sould refer to guidance from DOH. Beth Kidder asked a follow-up question re where is the conflict in messaging occurring. Plan rep answered that it is coming from providers like general practitioners. It is difficult to maintain consistent messaging across 18 counties this specific plan operates in. Beth will take this back to Agency leadership to discuss a possible solution. The Agency is seeking greater flexibility thorugh the PDO model in cases where family members in the home who are able to provide services. Health Plans asked for structured way of reporting what adult day care centers are closing. Beth will take taht back to HQA and follow-up. Shevaun concluded by stating that we are trying to get these emergency changes enacted as quickly as possible so plans to need to act as they normally would in a state of emergency. Fingerprinting considerations? F2F fingerprinting for level 2 screening. Well take that back to make sure there is a plan for that as well. Modified regulatory reporting requirements for the plans? Is that going to happen again? Abby asked if there are specfiic reports that they would like us to consider please share that information with us. Kimberly Plan Rep. Humana - how we get information back on members who have been diagnosed if we may not know yet but the DOH has that info that is not something that's being captured that can be readinly shared with the plans due to PHI restrictions. HealthCare alerts from hospitals? EMS diagnosis reporting. We're continueing to ask but as of now we do not have a process to share that information with the plans. LTC community is most concerning because we want to be able to communicate that information to care coordinators. If it's at a facility we will know that information and can match that to teh enrollee roster. It won't be at the memehr level but it will be at the facility level

One other thing. In Orlando you have a number of locals who are using the cheap rates and time off from work and school as an opportunity for a spontaneous vacation. We saw many opportunities for disease transmission and many families are bringing elderly parents. This will likely continue until the state mandates the closure of public swimming pools.

Converted into a bulleted format for review:

The Agency for Health Care Administration wants to ensure patients and staff are protected by following CDC infection prevention and control guidelines, including use of recommended personal protective equipment (PPE). Please review the information below and evaluate your facilities' practices when admitting and triaging/screening patients with respiratory symptoms as they enter your emergency department. Guidance of note includes:

- Immediately place a face mask on any individual entering the emergency department or triage/screening area of the hospital who presents with a cough, fever, runny nose, etc. This patient should be held in a separate triage area if not already.
  - If worn properly, a facemask helps block respiratory secretions produced by the wearer from contaminating other persons and surfaces.
- All staff working triage desk must wear appropriate PPE (face mask, etc.)
- Staff must be properly trained on the usage of PPE and the prevention of transmission of infectious agents.
  - Information on how to properly don, use, and doff PPE in a manner to prevent self-contamination is available here: https://www.cdc.gov/hai/pdfs/ppe/PPE-Sequence.pdf
  - OSHA has several respiratory training videos available here: https://www.osha.gov/SLTC/respiratoryprotection/training_videos.html
- Complete routine cleaning and disinfection procedures of spaces where patients with respiratory symptoms are triaged/screened.

Keep up to date on the recommendations for preventing spread of COVID-19 on CDC's website: https://www.cdc.gov/coronavirus/2019-ncov/hcp/caring-for-patients.html

The Agency encourages you to visit the Department of Health's dedicated COVID-19 webpage at www.FloridaHealth.gov/COVID-19. This remains the best and most up-to-date resource for information and guidance regarding COVID-19 in Florida.

Subject: Re: Information push request

Made updates below. The CDC still uses PUI but I don't see where DOH does anymore. Edited to use the DOH terminology.

The Agency for Health Care Administration wants to ensure patients and staff are protected by following CDC infection prevention and control guidelines, including use of recommended personal protective equipment (PPE). Please review the information below and evaluate your facilities' practices when admitting/triaging patients with respiratory symptoms as they enter your emergency department. Guidance of note includes:

- Any individual entering the emergency room or triage area of the hospital who presents with a cough, fever, runny nose, etc., should immediately be placed in a mask and possibly held in a separate triage area if not already.
- All staff working triage desk must wear appropriate PPE.
- Staff must be properly trained on the usage of PPE and the prevention of transmission of infectious agents

Detection and Triage of PUI

Prompt detection and effective triage and isolation of potentially infectious patients are essential to prevent unnecessary exposures among patients, healthcare personnel, and visitors at the facility. Implement triage procedures to detect persons under public health monitoring for COVID-19 during or before patient triage or registration (e.g., at the time of patient check-in) and ensure that all patients are asked about the presence of symptoms of a respiratory infection and history of travel to areas experiencing transmission of SARS-CoV-2, the virus that causes COVID-19, or contact with possible COVID-19 patients.

Ensure proper use of personal protection equipment (PPE). Place a facemask over the patient's nose and mouth if that has not already been done and isolate the possible COVID-19 patient in an Airborne Infection Isolation Room (AIIR), if available. If worn properly, a facemask helps block respiratory secretions produced by the wearer from contaminating other persons and surfaces

Staff who come in close contact with confirmed or possible patients with COVID-19 (this includes staff working a triage desk) should also wear the appropriate PPE. Information on how to properly don, use, and doff PPE in a manner to prevent self-contamination is available here: https://www.cdc.gov/hai/pdfs/ppe/PPE-Sequence.pdf

Train and Educate Staff

Provide staff with job- or task-specific education and training on preventing transmission of infectious agents, including refresher training.

Healthcare staff must be medically cleared, trained, and fit tested for respiratory protection device use (e.g., N95 filtering facepiece respirators), or medically cleared and trained in the use of an alternative respiratory protection device (e.g., Powered Air-Purifying Respirator, PAPR) whenever respirators are required. OSHA has a number of respiratory training videos: https://www.osha.gov/SLTC/respiratoryprotection/training_videos.html

Staff should be educated, trained, and have practiced the appropriate use of PPE prior to caring for a patient, including attention to correct use of PPE and prevention of contamination of clothing, skin, and environment during the process of removing such equipment.

Environmental Cleaning and Disinfection

AMERICAN OVERSIGHT

Routine cleaning and disinfection procedures are appropriate for SARS-CoV-2 in healthcare settings, including those patient-care areas in which aerosol-generating procedures are performed. Products with EPA-approved emerging viral pathogens claims are recommended for use against SARS-CoV-2. Management of laundry, food service utensils, and medical waste should also be performed in accordance with routine procedures.

Completely agree. Also I thought you said they weren't using the phrase person under investigation anymore? And I don't think it is all that common to use the acronym HCP regarding healthcare personnel. Finally we should consider whether or not there should be a logo from DOH along with our logo when we send this out to the hospitals are we just sending this to hospitals or is this intended to go to any other facilities?

DOH (Samantha Cooksey) just said AHCA not DOH should take the lead on drafting content for the e-blast to the hospitals. Dr. Rivkees would like the information sent out to include:

- Direction that upon entering the E.R. door or triage of the hospital...if someone has a cough, fever, runny nose, etc., they should immediately be placed in a mask and possibly held in a separate triage area.
- Make sure they protect their staff including those working the triage desk.
- Make sure staff are trained on airborne pathogens, how to appropriately don PPE, etc.
- Include links to information like CDC guidance or guidance on how to use PPE and surface cleaning.

DOH would like to review the draft before it is distributed to the hospitals.

Dr. Rivkees stopped by and requested information get pushed out to the hospitals (possibly via eblast). He stated the message should be that everyone should have a mask immediately upon entering the ED with a cough (including triage) and possibly have a separate waiting area. Also, to be sure the staff is protected (including triage desk), and trained on airborne contaminations, how to appropriately don PPE, and surface cleaning.

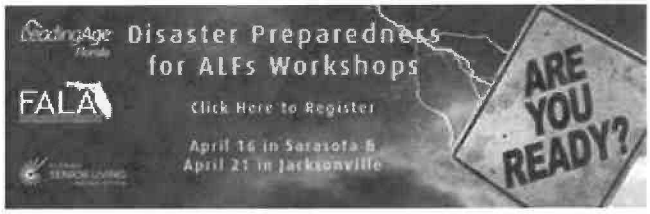
Subject: [External] Call this morning

Good morning Director Moskowitz, and Secretary Mayhew ,

In preparation for this morning call with Assisted Living Facilities and other Health Care providers I wanted to share some of the questions we have begun to receive.



1. While communities have been screening staff, residents and visitors will there be an official provision for superseding 429.28 1 (d) ...."visiting with any person of his or her choice" ?
2. Will there be any relief in regards to staffing if/when communities start seeing a rise in employees that are affected and unable to work 59A-36.010?
3. Will there be encouragement for sister or friendly communities to partner together to address staffing needs thus potentially requiring them to go over occupancy to manage the residents in one location? 429.71
4. Will DOH be removing residents that are symptomatic and tested positive from these facilities and creating isolation sites as I know we do not want to inundate hospitals?
5. What specific isolation precautions should ALF's (non-medical communities) be putting into place. Remembering we have all sizes 3-350 in the state some with clinical support and majority without?

If you have any questions please feel free to call myself or Mike.

My best,

RE: COVID-19 Guidance – Patient Discharge to SNF

Dear Mr. Ecenia:

Thank you for your correspondence on behalf of HCA's affiliated Florida hospitals. My office is reviewing the form provided from the skilled nursing home facilities.

The Centers for Disease Control and Prevention (CDC) guidance provides for contact and airborne precautions. Few, if any nursing homes can follow these airborne precautions, specifically the use of an airborne infection isolation room (AIIR), and therefore cannot accept a resident requiring these measures to in place.

I appreciate the strains placed on the hospitals as this is an unprecedented situation. However, if any skilled nursing facility cannot meet infection control guidance requiring the skilled use of n95 masks and an AIIR for positive cases of COVID-19, then the resident must be transferred to a hospital where these precautions can be followed.

As you know, screening guidance and criteria for restricted entry to skilled nursing homes is evolving daily on a state and federal level, as is the information to prevent the transmission of COVID-19 to the elderly - our most vulnerable, at risk population during this time.

Thank you for your continued partnership as we work to contain this crisis.

Sincerely,

Mary C. Mayhew

SMALL COUNTY WASTEWATER TREATMENT GRANTS
FROM FEDERAL GRANTS TRUST FUND . . . 13,000,000

From the nonrecurring funds in Specific Appropriation 1639, $2,000,000 is provided to publicly owned utilities to remove sand and grit from wastewater treatment plants with daily flow less than 3 MGD and associated collection systems that must remain in operation during cleaning to avoid the discharge of untreated wastewater. The department shall coordinate the selection and administration of projects. Funds shall be distributed on a first-come, first-serve basis and require a local match of at least 50 percent, with the exception that the local match shall be waived by the department if: 1) the public utility is located in a Rural Area of Opportunity pursuant to section 288.0656, Florida Statutes; 2) the public utility is located in a county that has a poverty level equal to or greater than 20 percent as defined by the most recent federal census; or, 3) the public utility is located in and wholly serves a municipality that has a poverty level equal to or greater than 25 percent as qualified by the municipality and such qualification is accepted by the department (HB 2747) (Senate Form 1472).

From the funds in Specific Appropriation 1915, the Commission for the Transportation Disadvantaged is authorized to use up to $1,500,000 of recurring funds to support pilot projects in Pinellas, Hillsborough, and Manatee counties for transportation services, including for services across county lines, for individuals with intellectual or developmental disabilities, as defined in section 393.063, Florida Statutes. The commission shall collect data to measure transit performance for individuals with disabilities and report the findings and any recommendations to the President of the Senate and the Speaker of the House of Representatives by February 1, 2021.

From the funds provided in Specific Appropriation 1915, $4,500,000 of nonrecurring funds is provided to the Commission for the Transportation Disadvantaged to award grants to community transportation coordinators to maintain levels of service. The commission shall compare the amount of the trip and equipment grant that a community transportation coordinator receives under the allocation in Rule 41-2.014(5), Florida Administrative Code, for this fiscal year with the amount the coordinator would have received using the proviso contained in Specific Appropriation 1855, chapter 2018-09, Laws of Florida. For any coordinator that would have received a higher trip and equipment grant using the proviso contained in Specific Appropriation 1855, chapter 2018-09, Laws of Florida, the coordinator's grant shall be equal to the difference.

From the funds in Specific Appropriation 1983, $2,853,582 in nonrecurring funds is provided to the Florida Department of Transportation for Data Infrastructure Modernization. Of these funds, $2,140,187 shall be held in reserve and the agency is authorized to submit budget amendments for the release of these funds pursuant to the provisions of chapter 216, Florida Statutes. Release of funds is contingent upon approval of a detailed operational work plan and a project spend plan reflecting estimated and actual costs. Upon approval of the detailed operational work plan, the department shall submit quarterly project status reports to the Executive Office of the Governor's Office of Policy and Budget, the chair of the Senate Appropriations Committee, and the chair of the House Appropriations Committee. Each report must include progress made to date for each project milestone and contract deliverable, planned and actual completion dates, planned and actual costs incurred, and any current project issues and risks.

ECONOMIC OPPORTUNITY, DEPARTMENT OF

From the funds in Specific Appropriations 2205 through 2300, any expenditure from the Temporary Assistance for Needy Families (TANF) Block Grant must be expended in accordance with the requirements and limitations of Part A of Title IV of the Social Security Act, as amended, or any other applicable federal requirement or limitation. Before any funds are released by the Department of Children and Families, each provider shall identify the number of clients to be served and certify their eligibility under Part A of Title IV of the Social Security Act. Funds may not be released for services to any clients except those so identified and certified.

The department head or a designee must certify that controls are in place to ensure that such funds are expended in accordance with the requirements and limitations of federal law and that reporting requirements of federal law are met. It is the responsibility of any entity to which such funds are appropriated to obtain the required certification prior to any expenditure of funds.

From the funds in Specific Appropriations 2205 through 2300, no federal or state funds shall be used to pay for space being leased by a Local Workforce Board, CareerSource Florida, or the Department of Economic Opportunity if it has been determined by whichever entity is the lessee that there is no longer a need for the leased space. All leases, and performance and obligations under the leases, are subject to and contingent upon an annual appropriation by the Florida Legislature. In the event that such annual appropriation does not occur, or in the alternative, there is either a reduction in funding from the prior annual appropriation or the entity which is the lessee determines that the annual appropriation is insufficient to meet the requirements of the leases, then the lessee has the right to terminate the lease upon written notice by the lessee and the lessee shall have no further obligations under the contracts.

No funds are appropriated in Specific Appropriations 2205 through 2300 and sections 8 and 90 through 93 for the payment of rent, lease, or possession of space for offices or any other purpose or use at Northwood Centre, 1940 North Monroe Street, Tallahassee, Florida, pursuant to State of Florida Lease Nos. 720:0139, 750:0068, 790:0098, 400:0068, or 590:M139 or any other lease, except for State of Florida Lease No. 400:0070, by the Department of Economic Opportunity, including any one or more predecessor agencies, notwithstanding any lease or contract to the contrary. The Department of Economic Opportunity is prohibited from expending any specific appropriation from the General Revenue Fund, any trust fund, or from any other source for the rent, lease, or possession of any space for offices or other purpose or use at Northwood Centre, 1940 North Monroe Street, Tallahassee, Florida, pursuant to State of Florida Lease Nos. 720:0139, 750:0068, 790:0098, 400:0068, or 590:M139 or any other lease, except State of Florida Lease No. 400:0070.

PROGRAM: WORKFORCE SERVICES

WORKFORCE DEVELOPMENT

From the funds in Specific Appropriations 2231 through 2258, the Department of Economic Opportunity must determine if any funds provided for specific workforce programs, projects, or initiatives are not an allowable use of federal funds. If the department finds that any

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-003139

workforce program, project, or initiative for which funds are specifically appropriated in this act is not an allowable use of federal funds, the department must notify the Executive Office of the Governor's Office of Policy and Budget, the chair of the Senate Appropriations Committee, and the chair of the House Appropriations Committee.

When allocating full-time equivalent (FTE) positions to individual local workforce development boards, the Department of Economic Opportunity must ensure that workforce services are effectively and efficiently provided throughout the state. The department is authorized to reallocate any FTE position allocated to a local workforce development board that has been or becomes vacant for more than 180 days. When reallocating a vacant FTE position, the department must give priority to a local workforce development board that would use the FTE position to provide additional services to veterans.

Funds provided in Specific Appropriation 2238 from the Welfare Transition Trust Fund are allocated for workforce services based on a plan approved by CareerSource Florida. The plan must maximize funds distributed directly to the local workforce development boards, and must identify any funds allocated for state-level and discretionary initiatives. The plan must equitably distribute funds to the boards based on anticipated client caseload to maximize the ability of the state to meet performance standards, including federal work participation rate requirements, and prioritize services provided to one-parent families.

From the funds provided in Specific Appropriation 2238, any expenditures by a local workforce development board for "outreach," "advertising," or "public relations" must have a direct program benefit and must be spent in strict accordance with all applicable federal regulations and guidance. For any expenditures exceeding $5,000 for outreach purposes, a local workforce development board must obtain prior approval from the Department of Economic Opportunity before purchasing: promotional items, including but not limited to capes, blankets, and clothing; and memorabilia, models, gifts, and souvenirs.

Funds in Specific Appropriation 2238 may not be used directly or indirectly to pay for meals, food, or beverages for board members, staff, or employees of local workforce development boards, CareerSource Florida, or the Department of Economic Opportunity except as expressly authorized by state law. Preapproved, reasonable, and necessary per diem allowances and travel established in section 112.061, Florida Statutes, shall be in compliance with all applicable federal and state requirements. Funds in Specific Appropriation 2238 may not be used for entertainment costs and recreational activities for board members, staff, or employees.

Funds in Specific Appropriation 2238 may not be used for any contract exceeding $25,000 between a local workforce development board and a member of that board that has any relationship with the contracting vendor unless the contract has been reviewed by the Department of

administrative complaint is rescinded unless the developer, applicant, or affiliate has completed credit underwriting or has commenced construction at the time the administrative complaint is served.

From the funds in Specific Appropriation 2281, 10 percent of nonrecurring funds from the State Housing Trust Fund is provided to fund a competitive grant program for housing developments designed, constructed, and targeted for persons with developmental disabilities as defined in section 393.063, Florida Statutes. Private, non-profit organizations whose primary mission includes serving persons with developmental disabilities as defined in section 393.063, Florida Statutes, shall be eligible for these grant funds. Housing projects funded with these grants may include community residential homes as defined in section 419.001, Florida Statutes, or individual housing units, and may include new construction and renovation of existing housing units. In evaluating proposals for these funds, the Florida Housing Finance Corporation shall consider: the extent to which funds from local and other sources will be used by the applicant to leverage the grant funds provided under this section; employment opportunities and supports that will be available to residents of the proposed housing; a plan for residents to effectively and efficiently access community-based services, resources, and amenities; and partnerships with other supportive services agencies. If there are funds remaining after all eligible applications have been awarded under the above criteria, then applications may be accepted and funds may be awarded to applicants serving persons with special needs as defined in section 420.0004, Florida Statutes.

From the funds in Specific Appropriation 2281, $250,000 of nonrecurring funds from the General Revenue Fund is provided to the Florida Housing Finance Corporation to develop and issue a request for applications for State Apartment Incentive Loan program financing for proposed new construction or rehabilitation of affordable housing units that are part of a community revitalization effort led by a Purpose Built Communities Network member. To qualify for funding an applicant must be a Purpose Built Communities Network member and demonstrate that the proposed housing construction or rehabilitation project is located within a qualified census tract or benefits a household that is at or below 120 percent of the area median income. A minimum of 30 percent of the units must be used to serve households at or below 50 percent of the area median income. This funding is intended to be used with other public and private sector resources. The corporation shall review the success of this financing program to ascertain whether the projects financed are useful in meeting the housing needs in the designated area and include its finding in the annual report required under section 420.511(3), Florida Statutes.

remediate its systems that currently use FLAIR data, the department is authorized to submit budget amendments to request the release of funds pursuant to the provisions of chapter 216, Florida Statutes. The budget amendments shall include a detailed operational work plan and project spending plan. The operational work plan shall include, but not be limited to (1) the project tasks to be completed by all state agencies that are necessary for remediation of their systems impacted by the PALM project, and (2) the tasks and deliverables needed to retain the current historical reporting functionality provided by the FLAIR Information Warehouse and inclusive of PALM data.

From the funds provided in Specific Appropriation 2389, up to $1,000,000 is provided to the Department of Financial Services to competitively procure a private sector provider with experience in conducting independent verification and validation services of public sector information technology projects to provide independent verification and validation for the PALM project. The contract shall require that all deliverables be simultaneously provided to the department, the Department of Management Services, the chair of the Senate Appropriations Committee, the chair of the House of Representatives Appropriations Committee, and the Executive Office of the Governor's Office of Policy and Budget.

The Department of Financial Services shall provide monthly project status reports to the chair of the Senate Appropriations Committee, the chair of the House of Representatives Appropriations Committee, the Executive Office of the Governor's Office of Policy and Budget, and the Department of Management Services. Each report must include progress made to date for each project milestone and contracted deliverable, planned and actual completion dates, planned and actual costs incurred, and any current project issues and risks. Each status report must also provide an update on the progress and cost of each system interface and agency application remediation task, as provided by agencies, required for deployment of PALM functionality scheduled through December 31, 2022.

Of these funds, $6,865,050 from the Highway Safety Operating Trust Fund and $525,000 from the Gas Tax Collection Trust Fund shall be placed in reserve. The department is authorized to submit quarterly budget amendments to request release of funds being held in reserve pursuant to the provisions of chapter 216, Florida Statutes, and based on the department's planned quarterly expenditures. Release is contingent upon approval of a comprehensive operational work plan reflecting all project tasks and a detailed spend plan reflecting estimated and actual costs. The department shall submit independent verification and validation assessments and quarterly project status reports to the Executive Office of the Governor's Office of Policy and Budget, the chair of the Senate Appropriations Committee, and the chair of the House Appropriations Committee. Each status report must include progress made to date for each project milestone and contract deliverable, planned and actual deliverable completion dates, planned and actual costs incurred, and any project issues and risks.

From the funds in Specific Appropriation 2719, $294,800 from the Highway Safety Operating Trust Fund is provided for state to state verification services.

FROM GENERAL REVENUE FUND 2,150,000

Funds in Specific Appropriation 2763 are provided to the Department of Management Services for the operation and maintenance of a statewide travel management system that standardizes and automates travel management to include travel planning and approval, expense reporting, and reimbursement. The system must be able to electronically: (a) interface with the Florida Accounting Information Resource Subsystem and the Personnel Information System, (b) generate the uniform travel authorization request and travel voucher forms pursuant to section 112.061, Florida Statutes, and (c) receive approvals for travel. The system must also include search features that query travel information by specific criteria to minimally include: employee name and position title, purpose of travel, dates and location of travel, mode of travel, confirmation of agency head or designee authorization if required, and total travel cost. The system must allow executive branch state agencies and the judicial branch to retain current customized organizational code information to ensure that travel reimbursements are made from the appropriate fund source. The Executive Office of the Governor and the Legislature shall be provided access to the statewide travel management system for the purposes of generating reports on all travel completed by executive branch state agencies and the judicial branch.

From the funds provided in Specific Appropriation 2763, $350,000 in recurring funds from the General Revenue Fund is provided to the Department of Management Services to provide public viewing access to travel reports posted on the statewide travel management system by executive branch state agencies and the judicial branch.

As part of the renewal, the Department shall seek resolution of the dispute over non-proprietary use of the conveyed towers.

The Department is also directed to procure a business case to evaluate public safety communication solutions in collaboration with the Joint Task Force on State Agency Law Enforcement Communications. The business case shall identify solutions that will expand interoperability, improve coverage, enhance audio clarity, identify emerging technology features, and advance public safety collaboration opportunities.

The Department must release a competitive procurement and, thereafter, issue an award for the replacement of the Statewide Law Enforcement Radio System. At a minimum, future services must utilize the industry standard Project 25 Phase II delivery methodology. The procurement must also consider emerging technologies to enhance interoperability, promote public safety, improve coverage and enhance audio clarity.

SPECIFIC
APPROPRIATION

The moneys contained herein are appropriated from the named funds to the State Courts System as the amounts to be used to pay salaries, other operational expenditures and fixed capital outlay.

STATE COURT SYSTEM

From the funds in Specific Appropriations 3198 through 3246, the Office of the State Courts Administrator shall coordinate with the circuit courts to develop or procure one or more electronic criminal justice risk assessment solutions. The solution(s) shall be a validated pretrial risk assessment instrument for all counties which will objectively analyze the risk that a criminal defendant will re-offend or fail to appear before trial and provide risk levels that will inform the court's decision as to whether the defendant should be detained pretrial or released with or without conditions. Criminal justice agencies shall cooperate with the implementation of the tool. In determining the appropriate pretrial risk assessment instruments, the office, in collaboration with the participating criminal justice agencies, shall review existing, validated pretrial risk assessment instruments. The office shall submit to the President of the Senate and the Speaker of the House of Representatives an interim report by February 1, 2021, which addresses the implementation status, outcomes, and whether risk assessment instruments used in problem solving courts could be included in the solution. A final report shall be issued by January 3, 2022, and shall include the preliminary outcome results from the use of the tool.

	FROM STATE COURTS REVENUE TRUST FUND		260,000

From the funds in Specific Appropriation 3226, the Office of the State Courts Administrator shall provide a report by February 1, 2021, to the President of the Senate and the Speaker of the House of Representatives which details the number of participants in each problem-solving court for each fiscal year the court has been operating and the types of services provided, each source of funding for each court during each fiscal year, and information on the performance of each court based upon outcome measures established by the courts.

From the funds in Specific Appropriation 3226, $9,412,527 in recurring funds from the General Revenue Fund is provided for treatment services, drug testing, case management, and ancillary services for participants in problem-solving courts, including, but not limited to, adult drug courts, juvenile drug courts, family dependency drug courts, early childhood courts, mental health courts, and veterans courts. Funds may also be used to provide training and education for multidisciplinary problem-solving court team members to gain up-to-date knowledge on best practices.

The Trial Court Budget Commission shall determine the allocation of funds to the circuits. Funds distributed from this specific appropriation must be matched by local government, federal government, or private funds. The matching ratio for allocation of these funds shall be 30 percent non-state and 70 percent state funding, other than veterans court, which shall have a matching ratio of 20 percent non-state funding and 80 percent state funding. However, no match will be required for a problem-solving court that by its primary purpose or mission addresses activities for which state dollars are typically expended. Further, if the county meets the definition of a "fiscally constrained county," as provided in section 218.67, Florida Statutes, no match will be required. In pursuing funding under this specific appropriation, a circuit may consider, among other criteria, the extent to which a problem-solving court addresses the needs of individuals with an opioid use disorder.

From the funds in Specific Appropriation 3226, $1,425,000 in recurring funds from the General Revenue Fund is provided for felony and/or misdemeanor pretrial or post-adjudicatory veterans' treatment intervention programs in the following counties:

SECTION 8. EMPLOYEE COMPENSATION AND BENEFITS - FISCAL YEAR 2020-2021

This section provides instructions for implementing the Fiscal Year 2020-2021 salary and benefit adjustments provided in this act. All allocations, distributions, and uses of these funds are to be made in strict accordance with the provisions of this act and chapter 216, Florida Statutes.

References to an "eligible" employee refer to an employee who is, at a minimum, meeting his or her required performance standards, if applicable. If an ineligible employee achieves performance standards subsequent to the salary implementation date, but on or before the end of the fiscal year, the employee may receive the increase; however, the increase shall be effective on the date the employee becomes eligible but not retroactively. In addition, any salary increase or bonus provided under this section shall be pro-rated based on the full-time equivalency of the employee's position. Employees classified as other personnel services employees are not eligible for an increase.

It is the intent of the Legislature that the minimum for each pay grade and pay band may not be adjusted during the 2020-2021 fiscal year and that the maximums for each pay grade and pay band be adjusted upward commensurate with the increases provided in subsections (1)(b), and (2)(a),(b) and (c). In addition, the Legislature intends that all eligible employees receive the increases specified in this section, even if the implementation of such increases results in an employee's salary exceeding the adjusted pay grade maximum.

(1) EMPLOYEE AND OFFICER COMPENSATION

(a) Officer Compensation

The elected officers, members of commissions, and designated employees shall be paid at the annual rate, listed below, for the 2020-2021 fiscal year; however, these salaries may be reduced on a voluntary basis.

Criminal Conflict and Civil Regional Counsels	115,000	118,450

None of the officers, commission members, or employees whose salaries have been fixed in this section shall receive any supplemental salary or benefits from any county or municipality.

(b) Employee Compensation

Effective October 1, 2020, funds are provided in Specific Appropriation 2014B to grant a competitive pay adjustment of 3.0 percent to each eligible employee in the Career Service, the Selected Exempt Service, the Senior Management Service, the lottery pay plan, the judicial branch pay plan, the legislative pay plan, and the pay plans administered by the Justice Administration Commission, to each military employee of the Florida National Guard on full-time military duty, and to each eligible non-career service employee of the Florida School for the Deaf and Blind, based on each eligible employee's September 30, 2020, base rate of pay, but the minimum annual increase shall be $1,000. This competitive pay adjustment shall not apply to the Child Protective Investigator classifications within the Department of Children and Families receiving compensation adjustments pursuant to subsection (2)(b) of Section 8 listed below.

(2) SPECIAL PAY ISSUES

AMERICAN OVERSIGHT

FL-AHCA-20-0902-A-003247

b. An employee of the Agency for Persons with Disabilities or Department of Children and Families in the following classification codes: Institutional Security Specialist I (8237); Institutional Security Specialist II (8238); Institutional Security Specialist Shift Supervisor (8240); Institutional Security Chief (8243).

2. Effective October 1, 2020, funds are provided in Specific Appropriation 2014B, in addition to the competitive market pay adjustment provided in paragraph (1)(b), to grant:

a. Each eligible security service employee with less than 2 years of service as a security service employee, a special pay adjustment of $500 to each eligible security service employee's September 30, 2020 base rate of pay.

b. Each eligible security service employee with 2 or more years, but less than 5 years, of service as a security service employee, a service longevity pay adjustment of $1,500 to each eligible security service employee's September 30, 2020 base rate of pay.

c. Each eligible security service employee with 5 or more years of service as a security service employee, a service longevity pay adjustment of $2,500 to each eligible security service employee's September 30, 2020 base rate of pay.

(b) Department of Children and Families - Child Protective Investigators

1. Effective July 1, 2020, funds are provided in Specific Appropriation 2014B for the Department of Children and Families to grant a 10.0 percent increase to each Child Protective Investigator and Senior Child Protective Investigator (class codes 8371 and 8373); and a 5.0 percent increase to each Child Protective Investigator Supervisor and Child Protective Field Support Consultant (class codes 8372 and 8374) June 30, 2020, base rate of pay.

(c) Department of Corrections Teachers

Effective October 1, 2020, funds are provided in Specific Appropriation 2014B for the Department of Corrections to grant an additional 15.0 percent increase to the base rate of pay on September 30, 2020, of each Academic Teacher (class code 8093), Special Education Teacher (class code 9095), Education Supervisor I (class code 8082), and Education Supervisor II (class code 8083). The increase provided in this subsection shall be in addition to the adjustment provided in subsection (1)(b) above.

(d) Criminal Conflict and Civil Regional Counsel

Effective July 1, 2020, funds are provided in Specific Appropriation 2014B to provide senior management class benefits in the Florida Retirement System to each appointed criminal conflict and civil regional counsel and each district's assistant regional counsel chiefs, administrative directors and chief investigators, contingent upon the passage of Committee Substitute for Senate Bill 952, or other similar legislation, during the 2020 Regular Session and such legislation becoming a law.

(e) Guardian Ad Litem Attorneys

Effective July 1, 2020, funds are provided in Specific Appropriation

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-003248

2014B for the Justice Administration Commission to provide attorneys employed by the Guardian ad Litem Office with enhanced health insurance benefits and annual leave benefits.

(3) BENEFITS: HEALTH, LIFE, AND DISABILITY INSURANCE

(a) State Life Insurance and State Disability Insurance

Funds are provided in each agency's budget to continue paying the state share of the current State Life Insurance Program and the State Disability Insurance Program premiums.

(b) State Health Insurance Plans and Benefits

1. For the period July 1, 2020, through June 30, 2021, the Department of Management Services shall continue within the State Group Insurance Program State Group Health Insurance Standard Plans, State Group Health Insurance High Deductible Plans, State Group Health Maintenance Organization Standard Plans, and State Group Health Maintenance Organization High Deductible Plans.

2. For the period July 1, 2020, through June 30, 2021, the benefits provided under each of the plans shall be those benefits as provided in the current State Employees' PPO Plan Group Health Insurance Plan Booklet and Benefit Document, and current Health Maintenance Organization contracts and benefit documents, including any revisions to such health benefits approved by the Legislature.

3. Beginning January 1, 2021, for the 2021 plan year, each plan shall continue the benefits for occupational therapy authorized for the 2020 plan year.

4. Effective July 1, 2020, the state health insurance plans, as defined in subsection (3)(b), shall limit plan participant cost sharing (deductibles, coinsurance, and copayments) for covered in-network medical services, the amount of which shall not exceed the annual cost sharing limitations for individual coverage or for family coverage as provided by the U.S. Department of Health and Human Services pursuant to the provisions of the federal Patient Protection and Affordable Care Act of 2010 and the Internal Revenue Code. Medical and prescription drug cost sharing amounts incurred by a plan participant for covered in-network service shall be aggregated to record the participant's total amount of plan cost sharing limitations. The plan shall pay 100 percent of covered in-network services for a plan participant during the applicable calendar year once the federal cost share limitations are reached.

5. Effective July 1, 2020, a participant has the option to receive a covered immunization from a participating provider pursuant to a participant's current State Employees' PPO Plan Group Health Insurance Plan Booklet and Benefit Document, a participating provider pursuant to a participant's current Health Maintenance Organization contract and benefits document, or a participating pharmacy in the State Employees' pharmacy benefit manager's network.

6. Effective January 1, 2021, the Division of State Group Insurance shall amend its health benefits contracts to allow service delivery through telehealth for primary care benefits.

7. The high deductible health plans shall continue to include an integrated Health Savings Account (HSA). Such plans and accounts shall be administered in accordance with the requirements and limitations of federal provisions related to the Medicare Prescription Drug Improvement and Modernization Act of 2003. The state shall make a monthly contribution to the employee's health savings account, as authorized in section 110.123(12), Florida Statutes, of $41.66 for employees with individual coverage and $83.33 for employees with family coverage.

8. a. The Department of Management Services shall continue the pilot program within the PPO plan and the self-insured HMO plans to provide coverage for the treatment and management of obesity and related conditions during the 2021 plan year.

b. The participation in the pilot program will be limited to 2,000 members. The department shall establish criteria, which shall include, but not be limited to:

i. Member of the PPO plan or a self-insured HMO during the 2020 and 2021 plan year;

AMERICAN OVERSIGHT
FL-AHCA-20-0902-A-003249

ii. Completion of a health risk assessment through the PPO plan during the 2020 plan year;

iii. Consent to provide personal and medical information to the department;

iv. Referral and supervision of a physician participating in the PPO network during the 2020 plan year; and

v. Enrollment in a department-approved wellness program during the 2021 plan year.

By January 15, 2021, the Department of Management Services will report to the legislature the number of individuals who applied to participate in the pilot program and the number of participants who enrolled in the pilot program.

c. Members participating in the pilot program will be responsible for all applicable copayments, coinsurance, deductibles, and other out-of-pocket expenses. The pilot program will provide coverage for all Federal Drug Administration approved medications for chronic weight management for patients.

d. The Department of Management Services shall review the results and outcomes of the pilot program beginning June 30, 2021. The department shall provide a final report by December 15, 2021, to be submitted to the legislature. The report shall include, at a minimum, a discussion of whether members participating in the pilot program have experienced a reduction in body mass index, and if so, the average amount of reduction; and the reduction or elimination of co-morbidities, and if so, which co-morbidities were reduced or eliminated. In addition, the report should determine the average cost to the state employee health insurance program on a per member per month basis and the total cost of each participant's annual health care costs prior to entering the pilot program, and upon completion of the pilot program. The department must include recommendations to treat, reduce, and prevent obesity in the state employee population.

(c) State Health Insurance Premiums for the Period July 1, 2020, through June 30, 2021.

1. State Paid Premiums

a. For the coverage period beginning August 1, 2020, through December 31, 2020, the state share of the State Group Health Insurance Standard and High Deductible Health Plan premiums to the executive, legislative and judicial branch agencies shall continue at $713.80 per month for individual coverage and $1,539.32 per month for family coverage.

3. Each agency, at the discretion of the agency head, may expend funds provided in this act for bar dues and for legal education courses for employees who are required to be a member of the Florida Bar as a condition of employment.

4. The state shall continue to provide, at current levels, clothing allowances and uniform maintenance and shoe allowances.

(b) All state branches, departments, and agencies which have established or approved personnel policies for the payment of accumulated and unused annual leave, shall not provide payment which exceeds a maximum of 480 hours of actual payment to each employee for accumulated and unused annual leave.

(c) Upon termination of employees in the Senior Management Service, Selected Exempt Service, or positions with comparable benefits, payments for unused annual leave credits accrued on the member's last anniversary date shall be prorated at 1/12th of the last annual amount credited for each month, or portion thereof, worked subsequent to the member's last anniversary date.

(5) PAY ADDITIVES AND OTHER INCENTIVE PROGRAMS

The following pay additives and other incentive programs are authorized for the 2020-2021 fiscal year from existing agency resources consistent with provisions of sections 110.2035 and 216.251, Florida Statutes, the applicable rules promulgated by the Department of Management Services and negotiated collective bargaining agreements.

(a) Each agency is authorized to continue to pay, at the levels in effect on June 30, 2007, on-call fees and shift differentials as necessary to perform normal operations of the agency.

(b) Each agency that had a training program in existence on June 30, 2006, which included granting pay additives to participating employees, is authorized to continue such training program for the 2020-2021 fiscal year. Such additives shall be granted under the provisions of the law administrative rules, and collective bargaining agreements.

(c) Each agency is authorized to continue to grant temporary special duties pay additives to employees assigned additional duties as a result of another employee being absent from work pursuant to the Family Medical Leave Act or authorized military leave. The notification process described in section 110.2035(6)(c), Florida Statutes, does not apply to additives authorized in this paragraph.

(d) Each agency is authorized to grant merit pay increases based on the employee's exemplary performance as evidenced by a performance evaluation conducted pursuant to chapter 60L-35, Florida Administrative Code, or a similar performance evaluation applicable to other pay plans. The Chief Justice may exempt judicial branch employees from the performance evaluation requirements of this paragraph.

(e) Contingent upon the availability of funds and at the agency head's discretion, each agency is authorized to grant a temporary special duties pay additive, of up to 15 percent of the employee's base rate of pay, to each employee temporarily deployed to a facility or area closed due to emergency conditions from another area of the state that is not closed.

(f) The Fish and Wildlife Conservation Commission may continue to grant temporary special duty pay additives to law enforcement officers who perform additional duties as K-9 handlers, regional recruiters/media coordinators, and breath test operators/inspectors, and may grant temporary special duty pay additives to law enforcement officers who perform additional duties as offshore patrol vessel crew members, special operations group members, and long-term covert investigators.

(g) The Fish and Wildlife Conservation Commission is authorized to grant critical market pay additives to employees residing in and assigned to Lee County, Collier County, Monroe County, Broward County, or Miami-Dade County, at the levels that the employing agency granted salary increases for similar purposes prior to July 1, 2006. These pay additives shall be granted only during the time in which the employee resides in, and is assigned to duties within, those counties. In no instance may the employee receive an adjustment to the employee's base rate of pay and a critical market pay additive based on the employee residing in and being assigned in the specified counties.

(h) The Department of Highway Safety and Motor Vehicles is authorized to grant critical market pay additives to sworn law enforcement officers residing in and assigned to:

1. Lee County, Collier County, or Monroe County, at the levels that the employing agency granted salary increases for similar purposes prior to July 1, 2006;

2. Hillsborough, Orange, Pinellas, Duval, Marion, and Escambia counties, at $5,000, or, in lieu thereof, an equivalent salary adjustment that was made during Fiscal Year 2015-2016;

3. Alachua, Baker, Brevard, Clay, Charlotte, Flagler, Manatee, Nassau, Osceola, Pasco, Sarasota, Santa Rosa, St. Johns, and Volusia Counties at $5,000.

These critical market pay additives and equivalent salary adjustment may be granted only during the time in which the employee resides in, and is assigned to duties within, those counties. In no instance may the employee receive an adjustment to the employee's base rate of pay and a critical market pay additive based on the employee residing in and being assigned in the specified counties.

(i) The Department of Highway Safety and Motor Vehicles may grant special duty pay additives of $2,000 for law enforcement officers who perform additional duties as K-9 handlers; felony officers; criminal interdiction officers; criminal investigation and intelligence officers; new recruit background checks and training, and technical support officers; drug recognition experts; hazardous material squad members; compliance investigation squad members; motorcycle squad members; Quick Response Force Team; Honor Guard; or Florida Advanced Investigation and Reconstruction Teams.

(j) The Department of Highway Safety and Motor Vehicles may provide a critical market pay additive of $1,300 to non-sworn Florida Highway Patrol personnel working and residing in Miami-Dade and Broward counties. These critical market pay additives shall be granted during the time the employee resides in, and is assigned duties within, those counties.

(k) The Department of Highway Safety and Motor Vehicles is authorized to continue to grant a pay additive of $162.50 per pay period for law enforcement officers assigned to the Office of Motor Carrier Compliance who maintain certification by the Commercial Vehicle Safety Alliance.

(l) The Department of Transportation is authorized to continue its training program for employees in the areas of transportation engineering, right-of-way acquisition, relocation benefits administration, right-of-way property management, real estate appraisal, and business valuation under the same guidelines established for the training program prior to June 30, 2006.

(m) The Department of Corrections may continue to grant hazardous duty pay additives, as necessary, to those employees assigned to the Department of Corrections institutions' Rapid Response Teams (including the baton, shotgun, and chemical agent teams) and the Correctional Emergency Response Teams.

(n) The Department of Corrections may continue to grant a temporary special duties pay additive of up to 10 percent of the employee's base rate of pay for each certified correctional officer (class code 8003); certified correctional officer sergeant (class code 8005); certified correctional officer lieutenant (class code 8011), and certified correctional officer captain (class code 8013). For purposes of determining eligibility for this special pay additive, the term "certified" means the employee has obtained a correctional mental health certification as provided through the department. To be certified, a correctional officer must: (a) initially complete 5 courses consisting of a total of 54 hours of instruction taught by a department instructor with a correctional officer behavioral mental health certification through the American Correctional Association; (b) upon completing that instruction, satisfactorily pass a department examination; and (c) twice each year satisfactorily complete 16 additional hours of training and an examination, including in the year the correctional officer satisfies (a) and (b). The courses and training must educate correctional officers in identifying symptoms of mental illness in prisoners while helping to foster a safer environment for inmates with mental illness. Such additive may be awarded only during the time the certified officer is employed full time in an assigned mental health unit post.

(o) The Department of Corrections may continue to grant a one-time $1,000 hiring bonus to newly-hired correctional officers (class code 8003) who are hired to fill positions at a correctional institution that had a vacancy rate for such positions of more than 10 percent for the preceding calendar quarter. The bonus may not be awarded before the officer obtains his or her correctional officer certification. Current employees and former employees who have had a break in service with the Department of Corrections of 31 days or less, are not eligible for this bonus.

(p) The Department of Corrections may grant a one-time $1,000 hiring bonus to newly hired teachers and instructors (class codes 1313, 1315, 4133, 8085, 8093, 9095) at a correctional institution. Current employees and former employees who have had a break in service with the Department of Corrections of 31 days or less, are not eligible for this bonus.

(q) The Department of Children and Families may grant a temporary special duties pay additive of 5 percent of the employee's base rate of pay to:

1. All employees in the Human Services Worker I, Human Services Worker II, and Unit Treatment and Rehabilitation Specialist classes who work within the 13-1E, 13-1W, 32N, or 32S living areas at the Northeast Florida State Hospital. Such additive may be awarded only during the time the employees work within those living areas at the Northeast Florida State Hospital.

2. All employees in the Human Services Worker I, Human Services Worker II, and Unit Treatment and Rehabilitation Specialist classes who work within the Specialty Care Unit or Medical Services Unit at the Florida State Hospital. Such additive may be awarded only during the time those employees work within the Specialty Care Unit or Medical Services Unit at the Florida State Hospital.

3. All employees in Child Protective Investigator and Senior Child Protective Investigator classes who work in a weekend unit. Such additive may be awarded only during the time such employees work in a weekend unit.

4. All Adult Registry Counselors who work in a weekend unit at the Abuse Hotline. Such additive may be awarded only during the time such employees work in a weekend unit.

(r) The Department of Financial Services may grant special duty pay additives of $2,000 for law enforcement officers who perform additional duties as K-9 handlers.

(6) COLLECTIVE BARGAINING

(a) All collective bargaining issues at impasse between the State of Florida and AFSCME Council 79, the Federation of Public Employees, the Federation of Physicians and Dentists, the Florida Fire Service Association, the Police Benevolent Association, and the Florida Nurses Association related to wages, insurance benefits and other economic issues shall be resolved pursuant to the instructions provided under Item "(1) EMPLOYEE AND OFFICER COMPENSATION," Item "(2) SPECIAL PAY ISSUES," Item "(3) BENEFITS, HEALTH, LIFE, AND DISABILITY INSURANCE," Item "(4) OTHER BENEFITS," and Item "(5) PAY ADDITIVES AND OTHER INCENTIVE PROGRAMS," and other legislation enacted to implement this act.

SECTION 9. Pursuant to section 1010.62 and section 1013.171, Florida Statutes, and section 11(d) and (f), Article VII of the Florida Constitution, the following fixed capital outlay projects may be constructed, acquired, and financed by a university or university direct support organization. Financing mechanisms include any form of approved debt or bonds authorized by the Board of Governors.

No state appropriation of funds will be associated with these projects. The Legislature has provided the Board of Governors general authority to consider debt financing for most classes of projects. However, certain athletic and commercial facilities require specific Legislative authorization as a prerequisite condition for these projects. Legislative authorization does not supersede any of the requirements for Board of Governors review and approval of all projects to be financed from debt, unless the project as proposed meets an exception in the Board of Governors Debt Management Guidelines.

SECTION 25. From the funds appropriated to the Agency for Health Care Administration in Specific Appropriations 197 through 224 of chapter 2019-115, Laws of Florida, the sum of $100,000,000 in general revenue funds that is held in unbudgeted reserve shall revert immediately to the General Revenue Fund. This section is effective upon becoming a law.

SECTION 26. The Agency for Health Care Administration shall recalculate the funding distribution for Fiscal Year 2019-2020 to address deficits in the distribution of the Graduate Medical Education Funding in Specific Appropriation 202 of chapter 2019-115 Laws of Florida, provided to fund up to $100,000 per-FTE in primary care as defined in section 409.909, Florida Statutes, and training in Medicaid regions with primary care demand greater than supply by 25 percent or more as documented in the 2015 IHS Florida Statewide and Regional Physician Workforce Analysis: Estimating Current and Forecasting Future Supply and Demand, 2025 projection. Of these funds, $3,170,796 shall be first distributed proportionally per the filled State Fiscal Year 2019-2020 Medicaid approved Graduate Medical Education full-time equivalent (FTEs) to hospitals with equal to or greater than 12 percent Medicaid utilization, based on the 2018 Florida Hospital Uniform Reporting System data accepted as of December 31, 2019. The remaining funds shall be distributed proportionally per the filled State Fiscal Year 2019-2020 Medicaid approved Graduate Medical Education FTEs. Payments to providers under this section of proviso are contingent upon the nonfederal share being provided through intergovernmental transfers in the Grants and Donations Trust Fund, the State of Florida is not obligated to make payments under this section. This section shall take effect upon becoming a law.

SECTION 27. For the 2019-2020 fiscal year, the sum of $1,000,000 in nonrecurring General Revenue is provided to the Agency for Health Care Administration for the operational support of Tallahassee Memorial HealthCare. This section is effective upon becoming a law.

SECTION 28. For the 2019-2020 fiscal year, the sum of $1,100,000 in nonrecurring General Revenue is provided to the Agency for Health Care Administration for the operational support of Sacred Heart Hospital. This section is effective upon becoming a law.

SECTION 29. The nonrecurring sums of $50,831,235 from the General Revenue Fund and $82,374,307 from the Operations and Maintenance Trust Fund are appropriated to the Agency for Persons with Disabilities in the Home and Community Based Services Waiver appropriation category for Fiscal Year 2019-2020 to address projected deficits. The nonrecurring sum of $133,205,542 from the Medical Care Trust Fund is appropriated to the Agency for Health Care Administration in the Home and Community Based Services appropriation category for Fiscal Year 2019-2020 to address projected deficits. This section is effective upon becoming a law.

SECTION 30. The nonrecurring sums of $41,155,174 from the General Revenue Fund and $66,693,814 from the Operations and Maintenance Trust Fund are appropriated to the Agency for Persons with Disabilities for Fiscal Year 2019-2020 to address the Fiscal Year 2018-2019 deficit in the Home and Community Based Services Waiver appropriation category. The nonrecurring sum of $107,848,988 from the Medical Care Trust Fund is appropriated to the Agency for Health Care Administration in the Home and Community Based Services appropriation category for Fiscal Year 2019-2020. This section is effective upon becoming a law.

SECTION 31. The nonrecurring sums of $10,313,926 from the General Revenue Fund, $4,500,000 from the Welfare Transition Trust Fund, and $4,937,976 from the Federal Grants Trust Fund are provided to the Department of Children and Families for Fiscal Year 2019-2020 in the Lump Sum - Grants and Aids - Community Based Care category for the purpose of mitigating operational deficits experienced by the community-based care lead agencies. The department is authorized to submit budget amendments, pursuant to the provisions of chapter 216, Laws of Florida, requesting the release of funds. This section shall take effect upon becoming a law.

SECTION 32. The proviso following Specific Appropriation 316, section 3 of chapter 2019-115, Laws of Florida, is repealed and replaced with the following:
