**Subject:** Coronavirus Infection Prevention and Control Response

Directors,

I debriefed with Director Miller regarding the planned Infection Prevention and Control response on our campus as per guidance from Cook County Health and local health departments (CDPH/IDPH). I have attached the Screening Algorithm and Screening Tool as well as the most up to date message from Cook County Health (CCH) and Chicago Department of Public Health (CDPH).

A brief summary of our response based on CCH:

1. Cermak will begin screening detainees today in both Intake and the Urgent Care. Both areas will be equipped with Personal Protective Equipment for healthcare and correctional staff utilization.
2. There is no current recommendation to screen or suspend jail visitation per CCH and CDPH

3. Any detainee who screens (+) will be endorsed to CCH Infection Control/Disease (as well as to myself and Dr. Zawitz). Care coordination and transfer to and Emergency Room or Hospital will be determined by CCH and local health departments recommendation.
4. Roland (Sanitarians) have been advised and are aware of the disinfection process needed in the event a detainee screens (+)

Please feel free to contact me to discuss further or if you need additional information.

Thank you.

# ATTENTION ALL PATIENTS

If you have:

- **Traveled outside of the United States** or
- Had close contact with someone who recently traveled outside of the United States and was **SICK**

And now **you** have:

**Fever**

**Cough**

**Trouble Breathing**

PLEASE TELL HEALTH CARE STAFF  
**IMMEDIATELY!**

Adapted from Los Angeles County Department of Public Health

# 注意 全部病人

如若你曾:

- 在美国以外旅行或
- 与最近在美国以外旅行并且病得很重的人有密切联系

並且現在你有以下徵狀:

发烧

咳嗽

呼吸困难

## 请立刻告诉医务人员!

Adapted from Los Angeles County Department of Public Health

# Infection Prevention & Control Recommendations for Patients Under Investigation (PUI) for 2019 Novel Coronavirus (2019-nCoV)

## Always begin with the following questions:

1. Have you had the following signs and symptoms (check all that apply)?

☐ Fever ☐ Cough ☐ Sore throat ☐ Shortness of breath

AND

2. In the 14 days before symptom onset, have you:

- ☐ Travelled to or lived in Wuhan City, China?
- ☐ Had close contact with a person who is under investigation for 2019-nCoV while that person was ill?
- ☐ Had close contact with a laboratory-confirmed 2019-nCoV case while that case was ill?

Yes

*\*REFER to UC\** *\*TRANSPORTING PERSONNEL SHOULD DON PPE\**

No

- 1) Provide surgical mask to the patient and place in Contact and Airborne Isolation in a negative pressure room or private room with the door closed.
- 2) All individuals entering the room should wear the appropriate PPE using the following sequence:

1. Gown
2. N95 respirator or PAPR
3. Goggles or face shield
4. Gloves

*\*both healthcare and correctional staff\**

- 3) Only essential personnel should enter the patient's room
- 4) Restrict visitors-including family members
- 5) Maintain a log of all individuals entering the room
- 6) Perform aerosolized treatments/procedures only after the patient has been placed in Airborne Isolation

Continue triaging the patient per normal protocol and proceed with appropriate care using standard precautions.

*\*MUST COORDINATE all hospital/ER transfers - see #1 below\**

*\*Cermak specific information\**

1. Notify Infectious Disease Fellow (24/7-Refer to Plan of the Day) and Infection Control personnel (7AM-3PM) @ ext 44581. *\*Dr. Mennella (312-639-5175)* *\*Dr. Zawitz (312-969-2727)*
2. Follow standard cleaning and disinfection procedures.
3. Manage laundry, food utensils, and medical waste in accordance with routine procedures.
4. Follow proper removal of PPE (dirty to clean): gloves > goggles or faceshield > gown > N95
5. Adhere to Hand Hygiene and Infection Control guidelines on the intranet.

## 2019 Novel Coronavirus (2019-nCoV) Screening Tool

Today's date \_\_\_\_\_ Patient Name/Label

Sex ☐ M ☐ F Age \_\_\_\_\_ ☐ yr ☐ mo

Location ☐ JSHCC ED ☐ OB ☐ Cermak ☐ Provident ED ☐ Clinic (specify) \_\_\_\_\_

Interviewer's name \_\_\_\_\_

### Questions for Patients:

Have you had the following signs and symptoms (check all that apply)?

☐ Fever<sup>1</sup> ☐ Cough ☐ Shortness of breath

Date of symptom onset \_\_\_\_\_

In the 14 days before symptom onset, have you:

|                                                                                                                  |                                                                                        |
|------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------|
| Travelled to or lived in China?                                                                                  | <input type="checkbox"/> Y <input type="checkbox"/> N <input type="checkbox"/> Unknown |
| Had close contact <sup>2</sup> with a person who is under investigation for 2019-nCoV while that person was ill? | <input type="checkbox"/> Y <input type="checkbox"/> N <input type="checkbox"/> Unknown |
| Had close contact <sup>2</sup> with a laboratory-confirmed 2019-nCoV case while that case was ill?               | <input type="checkbox"/> Y <input type="checkbox"/> N <input type="checkbox"/> Unknown |

*Presence of fever, respiratory symptoms, travel history, and close contact should trigger the Infection Prevention and Control Recommendations for Patients Under Investigation (PUI) for 2019 Novel Coronavirus (2019-nCoV) algorithm (see attached).*

<sup>1</sup> Fever may not be present in some patients, such as those who are very young, elderly, immunosuppressed, or taking certain medications. Clinical judgement should be used to guide testing of patients in such situations

<sup>2</sup> Close contact is defined as: a) being within approximately 6 feet (2 meters) or within the room or care area for a prolonged period of time (e.g., healthcare personnel, household members) while not wearing recommended personal protective equipment (i.e., gowns, gloves, respirator, eye protection); or b) having direct contact with infectious secretions (e.g., being coughed on) while not wearing recommended personal protective equipment. Data to inform the definition of close contact are limited. At this time, brief interactions, such as walking by a person, are considered low risk and do not constitute close contact.

Please save Screening Tool for Infection Control to collect.

Cermak Instructions:

Screen (+) → complete form and follow algorithm; document in EHR

Screen (-) → document in Intake / Triage form "Coronavirus screen negative"

Chicago Health Alert Network

Allison Arwady, MD Commissioner

## ***Confirmed Case of Novel Coronavirus (2019-nCoV) in Chicago Resident***

***January 24, 2020***

### **Summary and Action Items:**

- A confirmed case of novel coronavirus (2019-nCoV) has been detected in a hospitalized Chicago resident.
- Health care providers should continue to ask patients with respiratory symptoms and fever about any travel to Wuhan, China or any known contact with a person with 2019-nCoV.
- Suspect patients under investigation should be immediately placed in respiratory isolation and reported to the Chicago Department of Public Health by calling the reporting line at 312-746-SICK (7425) Monday through Friday during business hours, or call 311 after hours, weekends or holidays and ask to speak with the medical director on call.
- Public health will pursue contact tracing and investigation with any persons who may have had contact with the confirmed case.

**Background:** The Chicago Department of Public Health (CDPH) is working closely with the Illinois Department of Public Health, Centers for Disease Control and Prevention (CDC) and local health care providers on the outbreak caused by novel coronavirus (2019-nCoV) including providing consultation related to patients of concern.

**Symptoms and Exposures:** Expected patient symptoms include fever, cough, and difficulty breathing. Current epidemiologic risks include a history of travel to Wuhan City, China or close contact with a person under investigation (PUI) for 2019-nCoV while that person was ill. Guidance on the criteria for persons under investigation, reporting forms, and diagnostic testing procedures can be found at <https://www.chicagohan.org/2019-ncov>.

**Reporting:** In the event of a PUI for 2019-nCoV, healthcare providers should immediately notify both infection control personnel at their health care facility and CDPH. A 2019-nCoV PUI form should be completed. Epidemiologic information to be gathered includes dates of travel to Wuhan, time spent in a healthcare facility in Wuhan City, China as a patient, worker, or visitor, member of a cluster of patients with severe acute respiratory illness (e.g., fever and pneumonia requiring hospitalization) of unknown etiology in which 2019-nCoV is being evaluated, comorbid conditions, symptoms and diagnostic testing completed.

### **Contact:**

To report suspected PUI cases of 2019 novel coronavirus, please call the reporting line at 312-746-SICK (7425) Monday through Friday during business hours, or call 311 after hours, weekends or holidays and ask to speak with the medical director on call.

### **Resources:**

<https://www.chicagohan.org/2019-ncov>

## CCH Message Regarding Coronavirus 01/24/2020:

CCH staff,

This is a follow-up to Wednesday's email regarding the [novel coronavirus](#).

As you have likely heard, there is now one confirmed case of 2019-novel coronavirus in Chicago. We can report that the patient traveled from Wuhan and several days after returning to Chicago began to exhibit symptoms. The patient contacted health officials prior to going to a health care facility and as such all necessary precautions were taken to protect others. The patient is doing well.

We have instituted patient screening per Wednesday's email and the screening tool is expected to be active in Cerner shortly.

We are attaching several documents to this email

- Today's alert from the Chicago Department of Public Health
- Signage that should be printed and posted on doors and front desks and even placed in exam rooms.

This is a rapidly evolving matter that our infection control, public health, nursing and leadership teams are watching closely. We are in regular contact with the Illinois Department of Public Health, the Chicago Department of Public Health and the Centers for Disease Control and Prevention. At this time, health officials are not declaring an emergency state.

As healthcare workers, we are a key defense in identifying potential cases and protecting the public and our co-workers. Your cooperation in this is much appreciated. Additional information will be provided as it becomes available or as additional measures are added.

Thank you.

**IMPORTANT:** For any suspected or confirmed cases, immediately call the Department of Infection Prevention and Control at ext. 4-4581 (Monday – Friday 7am – 3pm) or page the Infectious Disease Fellow. See the [plan of the day](#) on the intranet for the appropriate pager number.

Hi Connie and Linda,

My understanding is that this detainee came up in huddle today and there was some confusion about his discharge paperwork from the hospital following a medical incident at court yesterday. I was able to track down a copy of the paperwork. I hope this helps. The Supt of exops is also going to work on trying to back track to see the path of the original paperwork when the detainee was brought back to the compound.

Thanks,

Amanda

**To:** Mennella, Connie <cmennella@cookcountyhhs.org>  
**Subject:** Officer Took Medical Supplies During Intake

Hi,

I am working at intake, and this just happened:

Around 9:07PM an officer entered the room as I was with a patient. He entered without acknowledging me, had on his backpack and stood near the door, removed the box of gloves from its holder in the wall, and left quickly with the entire box of gloves. I am sure of this as the patient who I was with required me to glove and when I looked at the wall the whole box was gone. The other officer who was on duty informed me officer who took gloves was named officer Gilmore. I encouraged officer to call Officer Gilmore back to discuss but was informed he had left.

Thanks,  
Greg

Be counted in the 2020 census. Visit [www.cookcountyil.gov/census](http://www.cookcountyil.gov/census) for more information.

All,

JW has a deteriorating serious health condition and a very poor prognosis. We have obtained permission to send a health status letter to the court.

I am requesting expanded visitation and other compassionate consideration measures such as no shackles given his grave condition.

Below are family members who the patient has identified may visit:

[REDACTED] (aunt) [REDACTED]

[REDACTED] (sister) [REDACTED]

Thank you as always. Feel free to contact me for additional information.

**Subject:** Civilian safety in RCDC II

Directors and Supt.,

I am adding one more case for your review. MHS filed a staff safety report. The incident happened in RCDC, male side on 3/3/20 at approximately 17.20-17.40pm.

Detainee was stimulating his genital area through his pants while waiting for a psychiatry appointment in full view of staff. It appears that Leut. reported to the scene and ordered detainee to be cuffed. MHS did request that he was to be cuffed in the back. Ofc. Acevedo did not cuff the detainee in the back and the detainee continued to masturbate. This incident was signed by 4 Mental Health Specialists.

Closely related are ongoing reports that MHS do not feel safe in receiving due to CCDOC staffing levels. Case in point, there is an incident reported to me by a MHS yesterday. She described how a detainee was headed from the X-ray area to the holding area in the back on the male side and was not supervised, having to ask MH staff for directions, seemingly not knowing where to go and what to do.

Thank you,

David Kelner, M.D.

**Subject:** Civilian safety in RCDC

Directors and Supt.,

I am writing this email to share some of the recent incidents involving female Mental Health Specialists. They all happened in Intake.

In November 2019 Mental Health Specialist M. Mitchell wrote a letter to the Mental Health Administration reporting unwelcomed numerous comments and advances toward her made by one of the front line officers in RCDC. She experienced hostile workplace environment and felt uncomfortable working in that area. MHS Mitchell also apprised the Mental Health Administration that she was very reluctant to report the situation due to fear of reprisals. Following a consultation with CCH EOC, she was reassigned to a different division within CCDOC. My understanding was that an official OPR complaint was filed on 1/14/2020.

On January 13, 2020 Mental Health Specialist J. Banks filed an incident report. In that report she described how she was interviewing a male detainee in RCDC and he first masturbated and then exposed himself to her. Security was called and responded immediately, however, the detainee was not appropriately cuffed during the clinical interaction with MHS Banks.

On February 24, 2020 Mental Health Specialist Banks filed another incident report. In that report she described how she and her female colleagues were sexually harassed by detainees when they were working on the male side of RCDC. She indicated that the detainees were not appropriately supervised at the time. When Lieutenant Thompson arrived to the scene, he himself made degrading comments about female Mental Health Specialists to detainees.

Additionally, I continue to receive reports from Mental Health Specialists deployed in RCDC that detainees on the female side are frequently left without supervision. Consequently, they wander back to Mental Health Specialists' offices without permission from civilian staff.

Please let me know if you would like to meet to discuss these and any other issues. In full disclosure, I did not bring up these issues with Supt. Beachem first since I want to highlight the importance of providing a safe workplace free from harassment for Cermak employees.

Thank you,

David Kelner, M.D.

All,

Please see attached updated Coronavirus (now called COVID-19) Screening Tool, Screening Algorithm, and Cook County Health's most recent Situation Update.

I also attached a simple "How to Protect Yourself" message.

I am in the process of setting up a conference call with the CDPH and CCH Infection Control lead, Dr. Welbel, to address the CPD process. She is in complete support of upstream screening as discussed.

I will update you as I receive information.

I value our collaboration and please do not hesitate to contact me 24/7.

Thank you.

-Connie

## Infection Prevention & Control Recommendations for Patients Under Investigation (PUI) for Coronavirus Disease (COVID-19)

### Always begin with the following questions:

1. Does the patient have the following signs and symptoms (check all that apply)?  
☐ Fever    ☐ Cough    ☐ Shortness of breath  
AND
2. In the 14 days before symptom onset, did the patient:
  - Travel to or live in China, Iran, Italy, Japan, or South Korea?
  - Had close contact with a laboratory-confirmed COVID-19?
3. Does the patient have fever and severe acute lower respiratory illness (Pneumonia, Acute Respiratory Distress Syndrome) without alternative diagnosis (e.g. Influenza)

**Yes**  
(Both 1 & 2, or 3)

- 1) Provide surgical mask to the patient and place in Contact and Airborne Isolation in a negative pressure room or private room with the door closed.
- 2) All individuals entering the room should wear the appropriate PPE using the following sequence:
  1. Gown
  2. N95 respirator or PAPR
  3. Goggles or face shield
  4. Gloves
- 3) Only essential personnel should enter the patient's room
- 4) Restrict visitors-including family members
- 5) Maintain a log of all individuals entering the room
- 6) Perform aerosolized treatments/procedures only after the patient has been placed in Airborne Isolation

**No**

Continue triaging the patient per normal protocol and proceed with appropriate care using standard precautions.

1. Notify Infectious Disease Fellow (24/7-Refer to Plan of the Day) and Infection Control personnel (7AM-3PM) @ ext 44581.
2. Follow standard cleaning and disinfection procedures.
3. Manage laundry, food utensils, and medical waste in accordance with routine procedures.
4. Follow proper removal of PPE (dirty to clean): gloves > goggles or faceshield > gown > N95
5. Adhere to Hand Hygiene and Infection Control guidelines on the intranet.

**COOK COUNTY**  
**HEALTH**

**Source: JSHCC Infection Control Department**

COVID-19 Update: March 3, 2020

**Cook County Health COVID-19 Situation Update**

To date there have been 86,960 confirmed cases and 2,977 fatalities worldwide.

In the US, there have been more than 60 confirmed cases, including six deaths. There has been limited documented community transmission, and 48 repatriated cases.

***There have been NO confirmed cases of COVID-19 at CCH.***

Given that we have seen some community acquired spread of COVID-19 in the US, we must prepare for additional cases throughout the country.

**Travel Updates**

As of Feb 28th, countries with widespread or sustained community transmission include:

- China, South Korea, Italy, Iran - **CDC Level 3**;
- Japan - **Level 2**
- Known, or risk of community spread : Hong Kong -**Watch Level 1**, Singapore, Taiwan, Thailand

**CDC Travel Website**

**What we are doing at CCH**

**Early Recognition and Source Control**

- Screening questions regarding travel and exposure to ill persons have been added to our triage screening tool and are being modified to correlate with the new PUI definition per CDC – see Infection Control intranet site CCH Infection Control page and the attached document. Cerner will be updated in the next couple days. In the interim, Infection Control has issued paper screening tools to all triage areas.
- Since 1/28 we have screened over 80,000 patients with two potential PUIs seen in the ED and one PUI in an ICU. Again, there have been NO confirmed cases of COVID-19 at CCH.
  - Signage has been placed throughout our facilities.
  - Implementation of empiric precautions-Contact/airborne/eye protection is ongoing.
- Sentinel surveillance designed to detect community spread has started at multiple hospitals in Illinois, including Stroger.

**Administrative Controls**

- After a positive screen or PUI, contact Infection Control from 7:00-3:00; contact the ID fellow on call all other times – see plan of the day for the contact number.

- Visit the COVID-19 site on the Infection Control intranet page CCH Infection Control page for guidelines, an educational presentation and other information.

### **Education**

- More than 1,000 CCH healthcare workers have been live-trained to date.

### **Masks – There is a worldwide shortage of N-95 respirators**

We must use our N-95 respirators only when needed for caring for a patient with known or suspected:

*-Tuberculosis; measles; varicella; SARS or COVID-19*

-For persons on droplet precautions use a surgical mask

-Based on the Strategies for Optimizing the Supply of N95 Respirators from CDC

-These masks are to be reused until visibly soiled or damaged

### **Work restrictions**

If you have travelled to China, Iran, Italy, Japan or South Korea in the last 14 days or you think you have COVID-19, you must call your supervisor and employee health service prior to returning to work.

### **COVID-19 Working Group**

While there has been an interdisciplinary approach to COVID-19, and there is work being done daily to protect our patients and healthcare workers, a working group will be meeting regularly beginning the week of March 2.

### **What you can do to protect yourself**

Wash your hands frequently.

Maintain social distancing – at least 1 meter-3 feet between yourself and anyone who is coughing or sneezing.

Avoid touching your eyes, nose and mouth to prevent the virus from entering your body.

Practice respiratory hygiene – cover your mouth and nose with bent elbow or tissue when you cough or sneeze; dispose of the used tissue immediately.

If you have fever, cough and difficulty breathing, seek medical care early; call in advance so providers can best direct your care.

Most people infected with this coronavirus have mild disease and recover completely. Older persons with other medical problems are more likely to have complications from the virus.

### **Hospital Visitor Restrictions**

As with flu season and now with COVID-19 children under 12 will not be allowed to visit.

### **Questions**

IDPH COVID-19 Hotline-800-889-3931.

## Coronavirus Disease (COVID-19) Screening Tool

Today's date \_\_\_\_\_ Patient Name/Label

Sex ☐ M ☐ F Age \_\_\_\_\_ ☐ yr ☐ mo

Location ☐ JSHCC ED ☐ OB ☐ Cermak ☐ Provident ED ☐ Clinic (specify) \_\_\_\_\_

Interviewer's name \_\_\_\_\_

### Questions for Patients:

**A. Have you had the following signs and symptoms (check all that apply)?**

☐ Fever<sup>1</sup> ☐ Cough ☐ Shortness of breath

Date of symptom onset \_\_\_\_\_

**In the 14 days before symptom onset, have you:**

**B.** Travelled to or lived in China, Iran, Italy, Japan or South Korea? ☐ Y ☐ N ☐ Unknown

**C.** Had close contact<sup>2</sup> with a person who has laboratory-confirmed Coronavirus Disease (COVID-19)? ☐ Y ☐ N ☐ Unknown

### Questions for Staff:

**D.** Does the patient have fever and severe acute lower respiratory illness (Pneumonia, Acute Respiratory Distress Syndrome) without alternative diagnosis (e.g. Influenza) ☐ Y ☐ N ☐ Unknown

***Affirmative answers to combination of questions A and B or A and C or D should trigger the Infection Prevention and Control Recommendations for Patients Under Investigation (PUI) for Coronavirus Disease (COVID-19) algorithm (see attached).***

<sup>1</sup> Fever may not be present in some patients, such as those who are very young, elderly, immunosuppressed, or taking certain medications. Clinical judgement should be used to guide testing of patients in such situations

<sup>2</sup> Close contact is defined as: a) being within approximately 6 feet (2 meters) or within the room or care area for a prolonged period of time (e.g., healthcare personnel, household members) while not wearing recommended personal protective equipment (i.e., gowns, gloves, respirator, eye protection); or b) having direct contact with infectious secretions (e.g., being coughed on) while not wearing recommended personal protective equipment. Data to inform the definition of close contact are limited. At this time, brief interactions, such as walking by a person, are considered low risk and do not constitute close contact.

**Please save Screening Tool for Infection Control to collect.**

# **COVID-19: What you can do to protect yourself**

## **1. Wash your hands frequently.**

### ***With an alcohol-based hand sanitizer:***

- *Put product on hands and rub hands together*
- *Cover all surfaces until hands feel dry*
- *This should take around 20 seconds*

### ***With soap and water:***

- *Wet your hands with warm water. Use liquid soap if possible. Apply a nickel- or quarter-sized amount of soap to your hands.*
- *Rub your hands together until the soap forms a lather and then rub all over the top of your hands, in between your fingers and the area around and under the fingernails.*
- *Continue rubbing your hands for at least 15 seconds. Need a timer? Imagine singing the “Happy Birthday” song twice.*
- *Rinse your hands well under running water.*
- *Dry your hands using a paper towel if possible. Then use your paper towel to turn off the faucet and to open the door if needed.*

2. **Maintain social distancing** – at least 1 meter-3 feet between yourself and anyone who is coughing or sneezing.
3. **Avoid touching your eyes, nose and mouth** to prevent the virus from entering your body.
4. **Practice respiratory hygiene** – cover your mouth and nose with bent elbow or tissue when you cough or sneeze; dispose of the used tissue immediately
5. **If you have fever, cough and difficulty breathing, seek medical care early**; call in advance so providers can best direct your care.

**Fact:** Most people infected with this coronavirus have mild disease and recover completely. Older persons with other medical problems are more likely to have complications from the virus.

**Subject:** COVID-19 updated Screening Tool/Algorithm/Situation Update

All,  
Please see attached updated Coronavirus (now called COVID-19) Screening Tool, Screening Algorithm, and Cook County Health's most recent Situation Update.  
I also attached a simple "How to Protect Yourself" message.

I am in the process of setting up a conference call with the CDPH and CCH Infection Control lead, Dr. Welbel, to address the CPD process. She is in complete support of upstream screening as discussed.  
I will update you as I receive information.

I value our collaboration and please do not hesitate to contact me 24/7.  
Thank you.

## **Cook County Health COVID-19 Situation Update**

### **Work Restrictions and Travel Update**

**If you have travelled to China, Iran, Italy, Japan or South Korea in the last 14 days or you think you have COVID-19 or have been exposed to someone with COVID-19, you must call your supervisor and employee health service prior to returning to work to get instructions on what you should do.** We are concerned about your health and safety.

The Centers for Disease Control and Prevention (CDC) continue to update their travel restriction recommendations to help prevent the spread of COVID-19. To best protect our staff, we suggest evaluating your travel plans carefully and to keep updated on the CDC travel advisories, which are posted on the CDC Travel [Website](#).

### **What you can do to protect yourself:**

- Wash your hands frequently.
- Maintain social distancing – We recommend at least three feet between yourself and anyone who is coughing or sneezing.
- Avoid touching your eyes, nose and mouth to prevent any type of virus from entering your body.
- Practice respiratory hygiene- cover your mouth and nose with bent elbow or tissue when you cough or sneeze; dispose of the used tissue immediately.

If you have fever, cough and difficulty breathing, seek medical care early by calling your doctor in advance so providers can best direct your care. Please do not go to an emergency room, but contact your doctor.

## **What we are doing at CCH**

### **Visitor Restrictions**

As a reminder, the flu season is still ongoing and we are still seeing many patients with influenza and other respiratory illnesses.

Of course we also anticipate that we may see patients with COVID-19.

Follow standard protocol for patients and visitors who present with fever, cough and difficulty breathing.

To protect our patients and staff, we are restricting visitors:

- No persons 12 and under are allowed to visit; please advise your adult patients not to bring their children with them to their healthcare visits.

- No visitors will be allowed visitation to patients with COVID-19.
- Due to the potential shortage of N95 masks, we are currently not allowing visitors into the rooms of patients who require an airborne isolation room – which will primarily be our TB patients – as the visitors too would need an N-95 mask.

If you feel that an exception is needed, please contact infection control at 312-864-4581.

**Masks – There is a worldwide shortage of N-95 respirators**

Frontline clinical workers are to use N-95 respirators only when providing direct patient care to an individual with known or suspected:

- *Tuberculosis; measles; varicella; SARS or COVID-19*
- For persons on droplet precautions use a surgical mask
- Based on the [Strategies](#) for Optimizing the Supply of N95 Respirators from CDC
- These masks are to be reused until visibly soiled or damaged
- People must conduct a fit check each time prior to using their mask

We appreciate everyone's hard work and commitment to our patients during

Hi all,

I received a message from the attorney of detainee TT (2020-0305153) stating that he believes his client, TT is in Div 8 but he's being told that he is going into general population tomorrow. He's very concerned about that not only because of his mental condition but he thinks the victim's brother is a Latin King. He would like to know where he will be.

I received a message from the attorney of detainee [TT](#) (2020-0305153) stating that he believes his client, [TT](#) is in Div 8 but he's being told that he is going into general population tomorrow. He's very concerned about that not only because of his mental condition but he thinks the victim's brother is a Latin King. He would like to know where he will be.

Attorney Sam L. Amirante – 847-721-5700

Thank you,

Natalie Camer

**Subject: Re: ILI/AGE 3/7/20 COVID-19 UPDATE**

Good morning,

Starting today, I will include a new section in this daily report identifying any COVID-19 PUI (persons under investigation) and any confirmed COVID-19 cases.

For the purposes of today:

COVID-19 PUI:

0 (zero)

COVID-19 confirmed cases:

0 (zero)

-Chad

On Mar 7, 2020, at 5:46 AM, Zawitz, Chad <[czawitz@cookcountyhhs.org](mailto:czawitz@cookcountyhhs.org)> wrote:

All,

Multiple cases of Influenza Like Illness (ILI) and Acute Gastroenteritis (AGE) have been identified and isolated from across the compound. Enhanced sanitation and Limited Movement Status\* (see definition below) has been advised. We will continue daily reports listing originating units and surveillance activity, numbers of cases, and which (if any) units we will recommend be placed on "limited movement" status.

We will utilize **Cermak 3 South** to house our Isolation patients. We have limited available beds for isolation patients on 3South.

**Division 6-1J overflow unit is OPEN for ILI until further notice.**

**\*Limited Movement= no new admissions in and no transfers off this unit.**

Movements to court, medical appointments, visitation etc are all permitted as long as the detainee is screened AGE symptoms prior to the movement. Symptomatic patients should be brought directly to Urgent Care.

**3/7/20 ILI/AGE Status Report:**

**Isolation Housing census:** 4 (four) patients isolated on 3 SOUTH; 1 (one) patient on 3E); 5 (five) isolated on 6-1J

**Originating Housing Units of Isolated Cases** have been identified from: (\*\* = NEW past 24 hours; housing units will be under surveillance)

11-1AD

10-4D

\*\*6-1A

\*\*RTU-5B

**Limited Movement Housing Units**

NONE

**Nursing Surveillance Housing Units**

~~6-1L~~

~~until at least 3/6~~

~~6-1R~~

~~until at least 3/6~~

~~6-2N~~

~~until at least 3/6~~

~~11-2BF~~

~~until at least 3/6~~

~~11-3DH~~

~~until at least 3/6 **\*\*AGE and ILI\*\***~~

**Subject:** Email suggesting detainee in custody may have been exposed to COVID-19

Good morning,

We received the following email to the general email account Tuesday (See below)

In it, the sender asks if her husband will be released, and "may have also came in contact with corona virus."

It's unclear if the sender is saying her husband DID have exposure, or if she's asking whether he's been exposed while in DOC.

Wanted to make you aware of this ASAP, and haven't checked CCOMS to see if he's actually in custody.

Let me know if there's anything else you need me to do.

Sincerely,

Matt Walberg  
Deputy Press Secretary, Cook County Sheriff's Press Office

**Subject:** Email suggesting detainee in custody may have been exposed to COVID-19

Good morning,

We received the following email to the general email account Tuesday (See below)

In it, the sender asks if her husband will be released, and "may have also came in contact with corona virus."

It's unclear if the sender is saying her husband DID have exposure, or if she's asking whether he's been exposed while in DOC.

Wanted to make you aware of this ASAP, and haven't checked CCOMS to see if he's actually in custody.

Let me know if there's anything else you need me to do.

Sincerely,

Matt Walberg  
Deputy Press Secretary, Cook County Sheriff's Press Office

Hi Hanke,

Myself and Dr Mennella wanted to let you know about this inmate. He is at Stroger with some serious medical condition and has been intubated since 3/9/20. He was EM AWOL from 10/28 until 3/7. It is possible that part of his AWOL time he was hospitalized at North Western. He is going to be another long term hospitalization.

Please let me know if you have any questions.

**Subject:** Isolation alerts in COMS

I have been troubleshooting this issue with our interface team and Randy from Tribridge. It appears to be an intermittent issue with COMS, he can see the data on the intermediary tables in COMS but it is not consistently passing to the front end in COMS. We did do a test on a patient with the 14 day isolation order and it did post without any incident. Randy thinks this may be an issue with data activity, where their system is timing out. He will give us more information after he finishes his investigation.

I am not sure if there is any way that the corrections side can produce a report of all items displaying a date without an actual alert? We did resend the chronic disease alert for the blood thinners on the patient we looked at last night and it is now appearing in COMS.

I will keep you updated, please let me know if you receive any other reports and I can help troubleshoot them.

Thanks Rene

**Subject:** RE: Housing

Susan et al,

I am looping the rest of the point people on this email so that we all have the same information. I just spoke to Becky in the Sheriff's office and wanted to clarify. The mass release protocol that we briefed you on yesterday is still in place and being conducted. The symptomatic person they mentioned was someone that was released in the normal course of their discharge process which was not our immediate focus. Becky and I believe that for those people the City Department of Public Health and Cermak need to discuss how they want to handle that population. Legally the Sheriff has no authority to hold anyone. It would need to probably be CDPH exercising their broader powers at this time and identifying where they want to hold those individuals at an alternative site.

Moving forward it is my understanding that the Sheriff's office will at a minimum notify CDPH when they think they are releasing someone who presents as symptomatic. We should also add that to the mass release protocol as well which we can add to the version that is closed to being finalized.

As to the request for numbers, I just received some initial information from the Public Defender's office but they are compiling information from various court houses. There were a small number released as you see below. To my knowledge they all had the screening. The question of whether any needed services particularly housing I am still waiting on but I think the answer is no.

# of persons released from 26th Street – 50

# of persons released from the suburban locations – 26

# of persons released from First Municipal courts – 3

Turning it over to PD and Sheriff to correct or add on.

**Subject:** RE: Housing

Lanetta,

Adding to this chain...

Dr. Leyden, City Public Health Chief Medical Officer, has been talking with Brad at the Sheriff's as well as Cook County Public Health. She was told that even symptomatic people without valid destinations may be released.... This is contrary to what we heard yesterday?

Dr. Leyden is urging two things. Sheriff's set up an isolation area for those who are symptomatic at the time of the health screening for release and/or reserve some of the County contracted beds (the 50 to 75 we discussed yesterday) for isolation units. She will be communicating that to Sheriff and the Cook County Public Health but wanted you to have the heads up.

Susan

**Subject:** RE: Housing

Hi Lanetta,

I hope you're doing well. Have you been able to pin down the numbers for yesterday? Also, do you anticipate being able to share the list for yesterday?

Also, I wanted to provide an update regarding services to offer those who are being released. We have spoken to our outreach partners and they have agreed to support those who are being released. They

have a couple requests related to this that I wanted to relay: The first is that returning citizens be sent home with some basic supplies (e.g., hand sanitizer or anti-bacterial soap, a bus pass, mask, ect.). The second is for the names and addresses where folks are being released to, which will be essential for them to be able to connect with these individuals to offer support.

I understand that names and addresses won't be shared with law enforcement, but will it be possible to share them with service providers? Please let me know so that folks can prepare accordingly.

Thanks,

Angie

**Subject:** Housing

Lanetta,

At the end of the day today, can we get an assessment of the housing situation? I am being told that the City is stretched and we are using schools and gyms to create shelters for the homeless so is that something County can also do for those people being released who do not have stable housing? I heard 50 to 75 beds on the call today, and just wonder if that will be enough in the long run. Let me know.

Hello All,

We need a pre-meeting before this call at 5 or 6p that will include the city. I am sending a call number/calendar invite. Lanetta and I are hoping everyone can jump on a call at 4:15p.

Susan et al,

I am looping the rest of the point people on this email so that we all have the same information. I just spoke to Becky in the Sheriff's office and wanted to clarify. The mass release protocol that we briefed you on yesterday is still in place and being conducted. The symptomatic person they mentioned was someone that was released in the normal course of their discharge process which was not our immediate focus. Becky and I believe that for those people the City Department of Public Health and Cermak need to discuss how they want to handle that population. Legally the Sheriff has no authority to hold anyone. It would need to probably be CDPH exercising their broader powers at this time and identifying where they want to hold those individuals at an alternative site.

Moving forward it is my understanding that the Sheriff's office will at a minimum notify CDPH when they think they are releasing someone who presents as symptomatic. We should also add that to the mass release protocol as well which we can add to the version that is closed to being finalized.

As to the request for numbers, I just received some initial information from the Public Defender's office but they are compiling information from various court houses. There were a small number released as you see below. To my knowledge they all had the screening. The question of whether any needed services particularly housing I am still waiting on but I think the answer is no.

# of persons released from 26th Street – 50

# of persons released from the suburban locations – 26

# of persons released from First Municipal courts – 3

Turning it over to PD and Sheriff to correct or add on.

Lanetta,  
Adding to this chain...

Dr. Leyden, City Public Health Chief Medical Officer, has been talking with Brad at the Sheriff's as well as Cook County Public Health. She was told that even symptomatic people without valid destinations may be released.... This is contrary to what we heard yesterday?

Dr. Leyden is urging two things. Sheriff's set up an isolation area for those who are symptomatic at the time of the health screening for release and/or reserve some of the County contracted beds (the 50 to 75 we discussed yesterday) for isolation units. She will be communicating that to Sheriff and the Cook County Public Health but wanted you to have the heads up.

Susan

**Subject:** RE: Housing

Hi Lanetta,

I hope you're doing well. Have you been able to pin down the numbers for yesterday? Also, do you anticipate being able to share the list for yesterday?

Also, I wanted to provide an update regarding services to offer those who are being released. We have spoken to our outreach partners and they have agreed to support those who are being released. They have a couple requests related to this that I wanted to relay: The first is that returning citizens be sent home with some basic supplies (e.g., hand sanitizer or anti-bacterial soap, a bus pass, mask, ect.). The second is for the names and addresses where folks are being released to, which will be essential for them to be able to connect with these individuals to offer support.

I understand that names and addresses won't be shared with law enforcement, but will it be possible to share them with service providers? Please let me know so that folks can prepare accordingly.

Thanks,  
Angie

**Subject:** Housing

Lanetta,

At the end of the day today, can we get an assessment of the housing situation? I am being told that the City is stretched and we are using schools and gyms to create shelters for the homeless so is that something County can also do for those people being released who do not have stable housing? I heard 50 to 75 beds on the call today, and just wonder if that will be enough in the long run. Let me know.

Helen, this idea may really be out there but there has been a high correlation between asymptomatic corona and the loss of smell and/or taste. Is there any way that we can survey detainees and or employees on a daily basis to see if they have noticed a loss of either? If so, it may be an easy way to identify possible cases before waiting for them to show more serious symptoms down the line. These two articles talk to how this is becoming an early indicator.

Good evening,

The detainee will be going to his mother's house located at [REDACTED]. Contact information is as follows [REDACTED] I spoke with his mother and she had no concerns with him coming to her home. Detainee was given a quarantined brochure and escorted out of Division 5 Interlock. Detainee was instructed to leave his mask on until he exits the compound.

Received: March 26, 2020 9:07:58 PM CDT

Clarification:

This was not the only patient released from Quarantine. This patient was flagged because he was in a Quarantine tier and he requested a test.

I do not have a call with you and CDPH on my schedule.

Thank you.  
-Connie

**Sent:** Thursday, March 26, 2020 9:03 PM  
**To:** Bradley Curry (Sheriff) <Bradley.Curry@cookcountyil.gov>  
**Cc:** jane.gubser@cookcountyil.gov; Connie Mennella (CCHHS) <CMennella@cookcountyil.gov>  
**Subject:** FW: Detainee Being Released

CDPH has been notified that we are releasing a detainee from the quarantine unit.

Cermak and I have a call with CDPH tomorrow. We can discuss whether CDPH actually wants this information in real time, and if so, what the process should be. My preference would be that either (1) if they receive the information in real time, they should help with off hours placements or (2) they should receive the information within 24 hours.

Becky

**Sent:** Thursday, March 26, 2020 8:56 PM  
**To:** Stephanie Black <[Stephanie.Black@cityofchicago.org](mailto:Stephanie.Black@cityofchicago.org)>  
**Subject:** Detainee Being Released

Stephanie,

We are releasing a detainee from a quarantine unit. He is homeless and wanted to go to Pacific Garden Mission, but his mother has agreed to take him in instead. The individual is asymptomatic, but has been tested (awaiting results).

The mother ( [REDACTED] ) has been provided with information by Connie. She understands the situation and can provide a place for him to be isolated within the home. The detainee is wearing a mask.

We have flagged this as a “coordinated release,” and the Sheriff’s Office will be providing transportation to the home.

I will provide further information if I receive it. Please let me know if you have any specific questions.

Thanks!

Becky

**From:** Jack McLaughlin <[jack@commandsourcing.com](mailto:jack@commandsourcing.com)>  
**Sent:** Thursday, March 26, 2020 8:37 PM  
**To:** Joan Kunz (Sheriff)  
**Subject:** Test Kits Program with Registration Link

Hello Ms. Kunz:

We are sending this (below) out to facilities and just were named as an option for getting test kits from the NSA attached. We just wanted to see if we could help the good guys and gals with the Coronavirus fight at Cook Co?

Check out [www.commandsourcing.com](http://www.commandsourcing.com).

~Jack

---

As America battles the invisible enemy (COVID-19) we have partnered with an FDA approved lab help to bring US Prisons and Jails COVID-19 testing services.

**Click our website link below to learn more about this testing program and how to enroll.** This is a first come, first serve program and resources are limited. We are working to keep our website updated with changes as they occur.

Part of our mission is to protect and help our law enforcement brothers and sisters and as you may know, a major benefit besides identifying who is infected in a jail setting, is the elimination of transporting sick individual to the hospital to get tested. This process often involves close contact of infected inmates with staff/personnel thus increasing the chances of spreading the disease. This in-house testing process also reduces personnel overtime and limits the overall risk involved in moving inmates in and out of the facility. Positives for preserving health, cost reduction and safety all around!

As always please lean on us for any support you need.

Stay Healthy!

Team Command Sourcing, Inc.

CLICK BELOW TO GET STARTED or go to [www.CommandSourcing.com](http://www.CommandSourcing.com)

**To:** State Sheriffs' Association Executive Directors  
**From:** NSA COVID-19 Coordination and Response Cell  
**Date:** March 26, 2020  
**Subject:** Acquiring COVID-19 Test Kits

As many of you run into issues in acquiring testing kits for your personnel and/or inmate populations, we wanted to make sure you were aware your options.

**OPTION 1: State Emergency Operations Center (EOC)**

Many, if not all, states have a process set up within their state EOC through which sheriffs may obtain these kits. The system is built to determine whether a test is needed, if the testing kits are approved, who administers it, and is it within a set price range. Test kits acquired this way are covered by the state itself, and not the sheriffs directly.

**OPTION 2: Command Sourcing**

An alternative to Option 1 is to go through Command Sourcing, a private sector provider. We have sought the guidance of Dr. Marc Stern, a correctional health care consultant, who has taken the time to vet both the test kits and the laboratory being used. Dr. Stern determined that both are legitimate and a viable option for those sheriffs willing to pay for the test kits themselves.

Things to note about these kits:

- The cost is \$1200 for 100 kits (overnight shipping included), and you can order up to 500 kits at a time. Command Sourcing is shipping these kits within 7-14 days of your order.
- Cost of the testing itself is covered by the Coronavirus Relief Bill.
- The kits contain the swab needed to get a sample as well as a container and pre-paid packaging for shipping.
- Both the nasal swab test and the medical testing lab are FDA-approved.
- Command Sourcing is limited to 3,000 tests a day, or up to 14,000 tests a week.
- Test results are generally available within 24 hours of receipt of the sample.

You can order the test kits on the Command Sourcing website, <https://www.commandsourcing.com/covid-19-test-kits.html>.

**Subject:** Pyxis machine moved to boot camp building one now

They want me to move the pharmacy pyxis machine that is located in the basement pharmacy at Cermak over to boot camp now.

It would require a truck and movers

Do you have any staff that could help with this among the guys setting up that area now?

This would hold the medications and they want to plug it in to program it today  
I can get dimensions and approximate weight if this is a possibility to move it

Adding Chief Morales and Director Ruffin

Hi Connie,

Yes, confirmations are being made that the participant is able to remain under quarantine for those going out on EM.

Best,

Marlena Jentz  
Assistant Executive Director of Programs  
Cook County Department of Corrections  
o. 773-674-7188

FYI -Kersh Discharge under quarantine

My response for Quarantine releases:

Please give the Quarantine (version 4) Release education and guidance which clarifies need for 14 day home quarantine

Please confirm stable housing that will accommodate the need to self-quarantine x 14 days in a home or other supportive housing.

Is EM getting phone numbers and confirming patient accepted under quarantine?

Thank you.

Adding Chief Morales and Director Ruffin

Hi Connie,

Yes, confirmations are being made that the participant is able to remain under quarantine for those going out on EM.

Best,

Marlena Jentz  
Assistant Executive Director of Programs  
Cook County Department of Corrections  
o. 773-674-7188  
c. 312-636-2609

FYI -Kersh Discharge under quarantine

My response for Quarantine releases:

Please give the Quarantine (version 4) Release education and guidance which clarifies need for 14 day home quarantine

Please confirm stable housing that will accommodate the need to self-quarantine x 14 days in a home or other supportive housing.

Is EM getting phone numbers and confirming patient accepted under quarantine?

Thank you.

-Connie

## Gene Ryan (Emergency Management)

---

**From:** Feldman, Robert <rfeldman@cookcountyhhs.org>  
**Sent:** Sunday, March 29, 2020 3:29 PM  
**To:** Kauerauf, Donald  
**Cc:** Leslee Stein-Spencer R.N., M.S.; Gene Ryan (Emergency Management)  
**Subject:** Cook County Jail medical team

The population of COVID-19 patients (confirmed and under investigation) is rapidly increasing at Cook County Jail. Cook County Health and the Sheriff have developed a surge plan, incorporating the now closed Sheriff's Boot Camp facility to provide an isolation unit for detainees with COVID-19 infection, who do not need hospitalization.

Cook County Health needs medical staff support to maintain this operation on the jail premises, which we expect to last at least 3 weeks. Failure of this operation will inundate local hospitals with detainees, and require far more officers per detainee. Or detainees would need a dedicated area at the McCormick Place facility or another surge facility.

Please let me know if it is possible to request State (National Guard) resources – if it is a possibility I will submit a formal request via Cook County Emergency Management Agency.

Staffing needs are projected as:

- 7-8 RNs- can be replace by LPNs – mainly for Medication pass.
- 20 Medical Assistants or Nursing assistants (could use Corpsmen)
- One Social worker/ Case manager (expect we will need to cover this internally)
- One APP( APN or Physician assistant) – We may be able to cover this internally.

At this point the Sheriff's Corrections Dept. is able to handle security, but if MPs are available as part of an integrated NG correctional medicine Strike Team we can explore. Would also need to figure out housing arrangements.

If we can make a deployment could be a chance to develop a model to support other Illinois correctional facilities as the need arises.

Thank you for any guidance you can provide,

Robert Feldman, MD FAAEM

Are we moving Isolation and Quarantine patients off tier?  
I do not advise this movement.

Thank you.  
-Connie

Are we moving Isolation and Quarantine patients off tier?  
I do not advise this movement.

Thank you.  
-Connie

Directors,

The following patients are in critical condition at Stroger Hospital and I am requesting for compassionate consideration from our justice partners for both public health concerns and advocacy for our patients. If released from custody status, Stroger will continue caring for these patients.

[REDACTED]

Please feel free to contact me for any additional information.

Thanks you as always.

**Subject:** Stroger Hospital: Critical Health Condition

Directors,

The following patients are in critical condition at Stroger Hospital and I am requesting for compassionate consideration from our justice partners for both public health concerns and advocacy for our patients. If released from custody status, Stroger will continue caring for these patients.

Hi torrie

I know this is not likely but the Dunn case attached is from Markham. It's a serious charge (res burg) but he is very ill and is at Stroger now.

The jail is asking for an i bond bc they have to use resources to keep security on him at Stroger while he is under their care. And they don't want to expose their personal by having them go in and out of Stroger to watch him. He's not going anywhere obviously, in the short term

It's a serious charge so the Judge may be reluctant to lower the bond. But we can ask for EM upon his discharge or something similar. The PD can monitor his situation and report back, maybe on a shorter return date (where D is excused) .

I'll send a separate email regarding the sheriff exposure concerns.

The other inmate on here is getting a bond today so disregard that one

**Subject:** FW: FINAL UPDATE- TBP Bailout List 4/3/20

The Bail Project posted for Ayo Dunn. It is being held up due to the Clerk's requirement for an IRS form which they are insisting must be filled out in person.

The Bail Project was trying to resolve that issue as it impacts probably a dozen of the bail outs they have attempted in the last 24 hours, including the last pregnant woman in custody.

I will see if they are making progress.

**Subject:** UPDATE- TBP Bailout List 4/3/20

Good Morning,

As we begin today's Electronic bail outs, we've located a new warrant on one of the detainees. Please advise if we're to submit this warrant for bonding, as we were able to obtain the warrant which has a bond amount of \$1000.00. His new total for bonding would be \$4000.00! \$3000.00 for original case and \$1000.00 for the warrant!

|             |             |         |             |        |
|-------------|-------------|---------|-------------|--------|
| Curtis Paul | 20191212186 | \$3,000 | 19CR1730501 | Telzua |
|-------------|-------------|---------|-------------|--------|

Advise if we're to submit the warrant along with the original case for bonding.

**Subject:** TBP Bailout List 4/3/20

Hi everyone,

Attached, please find TBP's intended list of bailouts, with booking number, case number, and bond amount as we understand it. Please confirm mandates and bond amounts, and inform us of any holds or warrants in this or any other jurisdiction.

Please reply all to all updates.

We are sending a smaller list today as there is a smaller weekend crew you all are working with. We'll be back up to similar numbers as yesterday next week!

Thank you again for all your support and collaboration during this time.

Best,  
Samantha

**Subject:** Info needed for Resource Requests 26287 and 27431

All –

Mark Hannant and I participated in a conference call with Favorite Healthcare Staffing at 2100hrs on 03APR20 in regards to Resource Requests 26287 and 27431 – “Medical Staffing for Cook County Jail.”

Favorite Healthcare Staffing said they should be able to fill the order. They do have questions that Mark and I were unable to answer...

Shifts – **Can they streamline from eight-hour shifts to twelve-hour shifts? If so, will this change the**

**Subject:** Agency support staff at jail and bootcamp

Thank you for all of your assistance today with getting the agency staff in so that they can begin to support our expanded medical service needs.

I have included a list below of the nurses who were brought in this morning and the locations of their assignments.

- All of the nurses arrive by bus from the hotel where they stay.
- All of the nurses work 12 hour shifts 0700-1900 or 1900-0700

- All of the nurses received an orientation from me last night that included basic information on behavior in a jail setting and working well with the officers and command staff
- The agency has arranged for a food truck to come each day for their meals to both sites
- The nurses are scheduled for 14 days straight and we will be adding daily to the number as the State of IL approves emergency licensure
- Our priority staffing is to bootcamp so that we can expand housing there
- We are working to get the nurses onboarded so they are fully functional autonomously
- I will continue to provide lists for you as to the new additions or any changes in staffing

#### Asks

Please provide a letter or memo for command staff so that they can enter and leave to access the food truck  
They have been instructed to carry their drivers license at all times until they receive an ID

#### For your information

Contact information for their agency

This is great. So we would have a quarantine alert, isolation alert, and convalescent alert? Convalescent alert would be the recovery alert?

Thanks,

**To:** Bradley Curry (Sheriff) <Bradley.Curry@cookcountyil.gov>  
**Cc:** Tarry Williams (Sheriff) <Tarry.Williams@cookcountyil.gov>; David Chiko (Sheriff) <David.Chiko@cookcountyil.gov>  
**Subject:** Re: Convalescent Housing

I requested clarification this morning prior to generating the numbers and was informed that only Barracks 1 in Division 16 Isolation Compound held the convalescent inmates.

Barracks 2 and Barracks 4 (Previously classified as recovery) are being treated as positives per the medical staff in the Isolation Compound. They have been transferring inmates being treated for positive into both of those units as of yesterday.

I will need to get clarification on Cermak and RTU as they are listed in this alerts list. However, Dr. Zawitz had confirmed earlier that we only had one convalescent housing unit, which is Division 16 - Barracks 1.

Should I go off of the alert instead of the designated housing? If that is the case, then we may need to audit these alerts to ensure that inmates are housed appropriately.

Please let me know.

Thanks!

**Subject:** RE: Convalescent Housing

Happy Easter to you al. I am on the compound so you are not bothering us- with my lead team getting things done so we have enough beds in all the right areas.

As you know the Convalescent Housing was just added yesterday. We chose to open just one Barracks for Convalescent Housing last night to open up some Isolation beds. We are choosing not to do much more movement today given the holiday and looks like we have enough Isolation Beds for the night.

Bottom line- you will start to see conversion of Isolation to Convalescent housing while they are still in Isolation Housing. There is no harm in keeping them there while we wait and open another Barrack and unit. We will continue to keep some patients on the compound side who have higher needs. We have been working with Mike Miller to anticipate our needs. Again, think we are ok for today. We will continue to send specific lists for movement so that there is clarification upon the requests.

[REDACTED]

Let me know if you have any questions and thanks for all your support.

Thank you.

**Subject:** FW: COVID 19 Hotel Space

Kent – see below. This seems to be doable, but we need guidance from CCDPH regarding what constitutes COVID exposed. Mike, can you work with Kent to explore this population (numbers etc)

Kiran – when we publicize alternative housing, there will be increased interest in the program. We will need a blanket order from your team (direction and guidance required by FEMA) identifying those populations which can access our alternative housing.

Thanks

William Barnes

Subject: COVID 19 Hotel Space

Good Morning Ammar,

I hope you are well. Our office would like to house our officers who are constantly exposed to COVID 19. Is the County in partnership with any Hotels that we may use at no or low cost for our officers?

Thank you for your time.

Sojourner

[This message originated outside of the Cook County Health email system. Please exercise caution before clicking links, opening attachments, replying, or providing information to the sender.]

Good evening Mr. Zima,

I was put in contact with you via your AT&T account contact info. We received information from UT Public Safety, who had an individual call their emergency center and state he was going to "kill an Illinois State Trooper" at 3:25 PM (CT). The number he used to call was generated from an app, using the hospital network, and the IP was traced back to your network:  
12.18.127.245.

Is there a way you would be able to interrogate your router and find a device using TextNow app, which connected to your network around that time?

Thank you for your time and stay healthy.

Respectfully,

Special Agent Matt Windisch

Good evening,

In response to the attached email, I wanted to provide some information as it relates to this request.

The IP address that was identified in the attached email is ATT's IP address which is our public facing IP address for our guest Wi-Fi network. This network is a free public service we offer to our patients in all of our facilities (except Cermak). We have no method to track device connectivity to this network to the level that is being requested. We have thousands of connected devices to this network at any given time. We have looked at the available logs on our wireless controllers and unfortunately we are not able to identify any details to help support this investigation.

Please feel free to call me with any questions or concerns you may have.

Good afternoon,

We received a call from Consul General Piotr Janicki of the Polish Consulate, and he informed us of a joint effort between the Polish Department of Defense and the Ministry of Foreign Affairs of Poland. They will be sending a specialized COVID-19 medical support team from Poland to assist in combatting the COVID-19 outbreak in Chicago,

as early as Thursday, April 23<sup>rd</sup>, 2020. They have also been coordinating this with the Illinois National Guard. Please see the attached document for operational details of the Specialized COVID19 Medical Support Team from Poland.

Consul Janicki has asked us if we would like one of their teams (medical doctor, medical nurse, and medical technician) to provide medical support to us at CCDOC. Sheriff Dart knows Consul Janicki very well, and he can call Consul Janicki at 312-343-8103 to speak with him directly or if he has any questions. Please be advised that Consul Janicki is waiting to speak with the Sheriff.

Please let us know if we can be of any assistance with this.

Thank you,

**Subject:** Specialized Covid19 Medical Support Team from Poland

Dear Marcia,

As per our conversation I would like to confirm that Polish Department of Defense together with Ministry of Foreign Affairs of Poland are planning to deploy about 10 Polish Physicians to help combat COVID 19 outbreak in Chicago, IL. The medical staff from the Polish Centre for International Aid (PCPM) and the Military Institute of Medicine comprising of three emergency teams are ready to help. The medics can arrive at Chicago airport as early as Thursday, April 23<sup>rd</sup>, 2020 on a humanitarian military flight sent by the Polish Department of Defense, and the mission is going to be financed fully by the Polish Military Medical Institute. The Polish doctors are specialists in intensive care and resuscitation. They were previously deployed to Italy.

Please call me at your earliest convenience or forward this message to appropriate decision makers. I can be reached at 312 343 8103.

Please see the attached Concept of Operation for the Specialized Covid19 Medical Support Team from Poland - this is still a working copy so please provide comments as you see appropriate.

Kind regards,

**Piotr Janicki**

## Specialized Covid19 Medical Support Team from Poland

1. **Concept of Operations:** A Specialized Covid19 Medical Support Team provided by the Polish Minister of Defense will arrive in Chicago around 24 April 2020 in order to assist the state of Illinois and the city of Chicago hospitals to handle response to COVID19. Initial duration of support is 10 days with the possibility of extending support as needed.

- a. **Group Composition and engagement:** (both military and civilian members – English Technical Fluency)
- 4 Medical Doctors
  - 3 Medical Nurses
  - 3 Medical Technicians

| Medical Support Leader                                                                 |                       |                       |
|----------------------------------------------------------------------------------------|-----------------------|-----------------------|
| Medical Doctor                                                                         |                       |                       |
| Location: Cook County Health Department, providing support and leadership to all teams |                       |                       |
| <b>Team 1</b>                                                                          | <b>Team 2</b>         | <b>Team 3</b>         |
| Medical Doctor                                                                         | Medical Doctor        | Medical Doctor        |
| Medical Nurse                                                                          | Medical Nurse         | Medical Nurse         |
| Medical Technician                                                                     | Medical Technician    | Medical Technician    |
| Location: Hospital # 1                                                                 | Location: Hospital #2 | Location: Hospital #3 |

- b. The primary goal of the team is to assist local healthcare providers (Physicians, Nurses, Emergency Medical Technicians (EMT)) by sharing lessons learned when it comes to handling COVID19 patients, and best practices learned from dealing with infected patients, both in Poland and Italy.
- The team will also be able to share best practices with medical professionals at the Chicago's McCormick Place during preparations in case of the need to receive large number of COVID19 patients.
  - The team will be available to provide online seminars, a real-time conversations with Physicians, Nurses and EMTs in order to engage in discussions about best practices learned from experiences in dealing with the response to COVID19 in Europe.
  - Illinois medical professionals will also have access to the team's logistical support experience when it comes to managing infected individual – taking advantage of the teams experience from assisting in Italy as well as military medical personnel fighting COVID19 in Poland.
- c. **Illinois Department of Public Health (IDPH)**
- 17 April 2020, IDPH solicits Chicago area hospitals with a need for 3 Polish medical teams to support hospital operations
  - 19 April 2020, Local hospitals willing to accept support from Polish Teams respond
  - 20 April 2020, IDPH authorizes 3 initial locations for Polish Teams support for a 5 day rotation.
  - IDPH authorizes Polish Medical Teams to assist local hospitals under the supervision of a licensed MD
  - Upon arrival of Polish Teams and initial 5 days of support to 1 to 3 local hospitals, IDPH makes a decision to continue support for 5 more days on location or reassigns the teams to other hospitals as needed.
  - **Further detailed plan of employment of the Polish Medical Teams will be developed based on specific requirements in collaboration with local hospitals** (team has extensive experience supporting COVID19 response in Italy, they will be able to share lessons learned with local hospital staffs).

## 2. Logistical requirements

- a. **Visa Entry to the USA requirements** (MG Wisniewski/MAJ Ratajczyk/MAJ Adamczyk)
- Military Members Visa Requirements
  - Civilian members Visa Requirements

FOR OFFICIAL USE ONLY

## **Specialized Covid19 Medical Support Team from Poland**

- Will require assistance from State Department / US Embassy in Warsaw
- b. Quarantine before entering the USA Requirements** (MAJ Adamczyk)
  - Waiver from State Department
- c. Flight from Poland to Chicago Requirements** (MG Wisniewski)
  - Provided by Polish Ministry of Defense
- d. Airport support requirements** (MAJ Adamczyk)
  - Coordination with U.S. Customs and Border Protection
- e. Chicago Lodging Requirements** (MAJ Adamczyk)
  - Local Hotel will be coordinated by ILNG
- f. Chicago Transportation Requirements** (MAJ Adamczyk)
  - Vehicles and 3 support staff/drivers (ILNG Members/Polish Linguists) Provided by ILNG
- g. Return flight from Chicago to Poland Requirements** (MG Wisniewski)
  - Provided by Polish Ministry of Defense
