Subject: [Ext]<Response and Billing Notification> RE: Open Records Request (GA-ALBANYDOUGHERTY-20-1023)

Greetings Counsel Shaw-

Attached is the letter providing the actual billing hours for your request.

The documents meeting your criteria are also attached.

Please note that portions of the request have been redacted due to:

- the documents contain information that would be an invasion of personal privacy and are not required to be released (per O.C.G.A. 50-18-72 (a)(2)).

Please remit payment via money order or check in the amount of \$98.23 by May 18, 2020 to:

Dougherty County Board of Commissioners
Attn: Jawahn Ware, County Clerk
222 Pine Ave, Ste 540
Albany, GA 31701

Sincerely,

Jawahn E. Ware

Ginger P. Nickerson
Supervisor
Dougherty County Board of Commissioners/Voter Registration and Elections
222 Pine Avenue
Albany, Georgia 31701

Dear Ms. Nickerson:

On behalf of the Office of the Secretary of State, this letter is to inform you of the requirement that KnowInk, in coordination with Dominion Voting, at our office's direction, must install a specific Secure Access Point at your location. This is necessary for the proper usage and functioning of the PollPad system for voter check-in and ballot card encoding.

This is an additional layer of security for the operation of the Statewide Voting System components deployed in Dougherty County.

Our intention is to work with your professional staff to make this as easy an installation as possible and to not interfere with your existing IT environment.

If you need any additional information, please contact me via email at GSterling@sos.ga.gov or on my cell at 404.615.9337, Chief Operating Officer or myself.

Sincerely,

Gabriel Sterling
Statewide Voting System Implementation Manager
Office of Georgia Secretary of State

Good afternoon,

I wanted to check in with everyone to make sure things are okay.

I've had a couple of people tell me that there are some serious storms going on in the south, so please let me know if there is damage or any injuries.

Please stay safe out there!

Subject: Reports

Good morning,

Occasionally when registrars are processing voter registration applications, users forget to search for and attach the voter record to the street segment that contains the voter's address. This can cause the record in active and inactive status to display in precinct 88888 or 99999. While in either of these precincts, voters will not have a valid precinct, combo, or polling place. This can prevent a voter from being able to cast a ballot, so we ask that you request reports on at least a monthly basis to identify and correct these data entry errors. If you find any of these voters, we ask that you attach the voter to their street segment by using a user correction.

The following are the steps to request the report:

Request a report of all voters in 88888 and 99999

- Reports > Internal Only Reports > Voter > County Voters List
- Select radio button for **County Precinct**
- Select Combo **88888 and 99999**
- Under Voter Status, select: **Active, Inactive and Pending**
- Select Sort By: **Voter Name**
- Click on **Submit Request**

It is a good practice to run this report monthly but especially important prior to an election. The report is an overnight report. Be sure to not select Cancelled voters or your report will include all voters that have been cancelled.

Subject: New UOCAVA Week

Election Officials,

The deadline to mail out UOCAVA ballots for the 6/9/2020 election is 4/25/2020. Ballots must be sent out in response to all UOCAVA ballot applications received on or before 4/25/2020.

The Electronic Ballot Delivery (EBD) system was never turned off from the previous UOCAVA period when the election was schedule to take place on 5/19/2020. All of the EBD ballots have continued to go out to voters entered into the system to receive their ballots through this system. **However, mailed UOCAVA ballots still need to be sent by the county office to every UOCAVA voter. The state vendor will not be mailing ballots to voter in UOCAVA statuses. County election officials are responsible for mailing out mailed ballot requests for UOCAVA voters.**

Please review all of your UOCAVA ballot applications to ensure that you have entered every application into the system for EBD voters and have mailed a physical ballot to all voters that have requested a mailed ballot.

Thanks,

Good morning Ginger and Candee!

If you are receiving this email, you have one or more 6/9/2020 absentee ballot entries in ElectionNet that you will be required to mail out from your county. Attached to this email you will find the records in ElectionNet that have been identified as falling into one of the following categories:

- * Mailed UOCAVA Ballot
- * Challenged Elector
- * Provisional Elector
- * No Identification Provided

The vendor hired by the Office of the Secretary of State will not be issuing an absentee ballot to anyone on this list. If you have already issued a ballot to these voters, no further action is required. If not, please issue a ballot to these voters as soon as you are able.

Good afternoon everyone,

I hope you're all staying safe!

I just wanted to forward you all the newest OEB about some absentee ballot clarifications with the new process that is going on.

Please read through it carefully and let me know if you have any questions!

Thank you,

Dennis Carbone
Elections Liaison

Importance: High

Good Afternoon,

Our office has updated all voters listed on the spreadsheet. There are six voter records highlighted that will require our office to mail an absentee ballot to the voter for various reasons. Please feel free to contact our office should you have any questions.

Thanks,

Ginger P. Nickerson
Supervisor

Subject: Issue Dates

Election Officials,

If you are receiving this message, you have one or more voters in ElectionNet with an absentee ballot entry for the 6/9/2020 election that appears to be valid but the entry does not contain an issue date. I have attached a spreadsheet to this email that contains the record(s). We are using the presence of an issue date as the indication that you have reviewed the qualifications of the voter and application and would like the state procured vendor to send a ballot to the voter. If you do not enter an issue date for a record, they will not be issued a ballot by the state's vendor. Please review these records as soon as you are able and enter an issue date if the voter should be sent a ballot.

As a reminder, we would like you to enter 4/21/2020 as the issue date for all absentee ballots until that date has been reached. After 4/21/2020, please begin entering the current date as the issue date for all subsequent absentee ballot entries.

Thanks,

Dennis Carbone

Subject: Emergency Rule From SEB
Attachments: SEB Emergency Rule 183-1-14-0.6-.14.pdf

Good afternoon everyone,

I have attached the new SEB Emergency Rule regarding drop boxes and how to implement them for the June 9th election.

This is only for the June 9th election from my understanding, but please read through it if you are planning on putting up a drop box.

Thank you and stay safe!

**RULES
OF
STATE ELECTION BOARD**

**CHAPTER 183-1
GEORGIA ELECTION CODE**

**SUBJECT 183-1-14
ABSENTEE VOTING**

TABLE OF CONTENTS

183-1-14-0.6-.14 Secure Absentee Ballot Drop Boxes

RULE 183-1-14-0.6-.14 Secure Absentee Ballot Drop Boxes

(1) For the Elections held on June 9, 2020, County registrars are authorized to establish one or more drop box locations as a means for absentee by mail electors to deliver their ballots to the county registrars. Placing a voted absentee ballot into the drop box shall be deemed delivery pursuant to O.C.G.A. § 21-2-385 and is subject to the limitations on who may deliver a ballot on behalf of an elector.

(2) A drop box shall only be located on county or municipal government property generally accessible to the public.

(3) Drop box locations may open beginning 49 days before Election Day and shall close at 7:00 p.m. on Election Day. On Election Day, every drop box shall be closed and ballots collected at 7:00 p.m. Counties shall provide notice of the location of each drop box by posting such information on the home page of the county election website no later than the day the drop boxes are placed in a location.

(4) Drop box locations must have adequate lighting and use a video recording device to monitor each drop box location. The video recording device must either continuously record the drop box location or use motion detection that records one frame, or more, per minute until detection of motion triggers continuous recording.

(5) Video recordings of the drop box locations must be retained by the county registrars for 30 days after the final certification of the election, or until conclusion of any contest involving an election on the ballot in the county jurisdiction, whichever is later, and shall be made available to Secretary of State investigators upon request.

(6) A drop box shall be constructed of durable material able to withstand vandalism and inclement weather. The opening slot of a drop box shall not allow ballots to be tampered with or removed and shall be designed to minimize the ability for liquid to be poured into the drop box or rain water to seep in.

(7) A drop box shall be securely fastened to the ground or an immovable fixture.

(8) If the drop box utilizes a drop-slot into a building, the ballots must drop into a locked container, and both the drop-slot and the container must be monitored by video recording devices.

(9) A drop box shall be clearly labeled “OFFICIAL ABSENTEE BALLOT DROP BOX”. Each drop box location shall clearly display signage developed by the Secretary of State regarding Georgia law related to absentee ballot harvesting and destroying, defacing, or delaying delivery of ballots.

(10) The county registrars must arrange for collection of the ballots from each drop box location at least once every 24 hours. On Election Day, every drop box shall be closed and ballots collected at 7:00 p.m. Collection of ballots from a drop box must be made by a team of at least two people. Any person collecting ballots from a drop box must have sworn an oath in the same form as the oath for poll officers set forth in O.C.G.A. § 21-2-95. The collection team shall complete and sign a ballot transfer form upon removing the ballots from the drop box, which shall include the date, time, location and number of ballots. The ballots from the drop box shall be immediately transported to the county registrar and processed and stored in the same manner as absentee ballots returned by mail are processed and stored. The county registrar or a designee thereof shall sign the ballot transfer form upon receipt of the ballots from the collection team.

Authority: O.C.G.A. § 21-2-31

Subject: Issue Dates
Attachments: DOUGHERTY.xlsx

Election Officials,

If you are receiving this message, you have one or more voters in ElectionNet with an absentee ballot entry for the 6/9/2020 election that appears to be valid but the entry does not contain an issue date. I have attached a spreadsheet to this email that contains the record(s). We are using the presence of an issue date as the indication that you have reviewed the qualifications of the voter and application and would like the state procured vendor to send a ballot to the voter. If you do not enter an issue date for a record, they will not be issued a ballot by the state's vendor. Please review these records as soon as you are able and enter an issue date if the voter should be sent a ballot.

As a reminder, we would like you to enter 4/21/2020 as the issue date for all absentee ballots until that date has been reached. After 4/21/2020, please begin entering the current date as the issue date for all subsequent absentee ballot entries.

Thanks,

Dennis Carbone

OFFICIAL ELECTION BULLETIN

April 13, 2020

TO: County Election Officials and County Registrars
FROM: Chris Harvey, Elections Division Director
RE: Absentee By Mail for 2020 Primary and PPP

State Issued Absentee by Mail Process

Summary

Due to the health concerns caused by the COVID-19 virus, the Secretary of State has moved the Presidential Primary, General Primary, and Nonpartisan General Election to June 9, 2020. The absentee process that was planned for the 5/19/2020 election will remain in place for the new election date. The new election date comes with new legal restrictions. Per O.C.G.A. 21-2-384 (a)(2), absentee ballot may not be mailed out more than 49 days before an election. All counties should hold off on issuing any additional absentee ballots until this new 49-day period begins on April 21, 2020. The state hired absentee ballot vendor will also be instructed to wait until this time to issue ballots on behalf of the counties.

Absentee Process Overview

The Office of the Secretary of State sent out absentee ballot applications to all active registered voters in Georgia. Additionally, our office will be promoting the use of absentee ballots by mail as an alternative to in-person voting. To assist with the increased burden placed on the counties by this shift from in-person to absentee by mail, the Secretary of State has procured a mail vendor to send ballot packets to voters on behalf of the counties. County registrars will still be responsible for accepting absentee ballot applications, verifying the information and signature of the voters, and entering voter information into the Absentee Module of the Voter Registration System. Once the information has been entered into the system, the state will export reports that contain voter information and instruct the mail vendor to print and issue ballots to voters. Voters will complete their ballots and return them to their county registration offices. County employees will enter returned ballot information into the voter registration system to apply credit for voting and retain the ballots until Election Day for tabulation.

Process Details

Absentee ballot applications will be completed by the voters and sent into county registration offices. Once they are received, the county registrars will:

1. Date stamp the absentee ballot application
2. Verify the voter information and compare the signature on the application to ensure it matches the signature on file for the voter
3. Enter the absentee ballot application into the Voter Registration System (ElectionNet)
 - a. The Date Requested in the Ballot Requested Information section should reflect the date the application was received by the county registration office
 - b. The Issue/Mailed Date in the Ballot Issued Information section should be 4/21/2020 until 4/21/2020 has passed. After that time the Issued/Mailed date should reflect the date that the application was entered into ElectionNet.
 - c. The system will default to include the mailing address in the Ballot Issued information section. The ballot packet will be sent to the address displayed here.
 - i. If the voter does not have a mailing address, the residential address will display by default
 - ii. If the voter has indicated on their application that they would like to receive their ballot at a different address, this information should be entered into the absentee module in the Ballot Issued Information section

The state vendor will then mail the absentee ballot packets to the addresses in the Ballot Issued Information section of the Absentee entry for the 6/9/2020 election.

Exceptions

The purpose of procuring the mail vendor is to assist the counties as much as possible given the increased use in absentee ballots for this election. However, there are special circumstances that will prevent the mail vendor from being able to issue ballots to the following types of absentee voters:

- Challenged Voters
 - Examples include voters that are currently on the felon 40 day clock.
- Provisional Voters
 - Examples include voters with a signature mismatch between their absentee ballot application and the signature on file with the registration office that require a cure affidavit.
- Missing Identification Voters (Often referred to as MIDR or IDR voters)
- UOCAVA Voters that have requested absentee ballots by mail

Absentee ballot packets for voters in the groups listed above will need to be prepared and mailed to voters by the county registration offices. Enter an issue date for these records that reflects the date that the absentee ballot was mailed by your office. We will periodically provide reports that include voters in these groups to the county offices to ensure that all ballots are being sent out.

Frequently Asked Questions (FAQs)

Q: Will voters need to submit a new absentee ballot application now that the election date has been moved?

A: No, all applications for the 5/19/2020 election will be honored as applications for the 6/9/2020 election.

Q: Will counties receive new ballots with the updated 6/9/2020 election date on them? What should be done with the ballots that have already ordered or received from my absentee ballot printer?

A: No, the ballots will not be updated from their current form to show the new election date of 6/9/2020. All of the ballots already ordered can still be used for the 6/9/2020 election. All of the ballots sent out should be counted if they are returned.

Q: Should county registrars continue to issue ballots for the 6/9/2020 election?

A: County registrars should continue to process absentee ballot applications as they come in, but ballot packages should not be mailed until the absentee period begins again on 4/21/2020. The mail vendor will also hold off on issuing ballots until 4/21/2020.

Q: Should county registrars continue to enter absentee ballot applications into ElectionNet? What issue/mailed date should they enter?

A: Yes, registrars should continue to enter absentee ballot applications into ElectionNet. County registrars should enter the issued/mailed date of 4/21/2020 up until 4/21/2020. After this date, registrars should enter the current date as the issue date when entering absentee ballot applications into ElectionNet.

Q: Will county registrars need to update the issue dates of all of the voters in the voter registration system to reflect the new 4/21/2020 issue date?

A: No, the Office of the Secretary of State will update the issue dates of the absentee ballots it intends to send out to the new 4/21/2020 date. County registrars will be responsible for updating the issue dates of the exception ballots that are required to be mailed out by the county.

Q: Should registrars cancel outstanding absentee ballots for the 3/24/2020 election if they receive a new application for the 6/9/2020 election?

A: Yes, when you receive an application for the 6/9/2020 election, outstanding ballots for the 3/24/2020 election should be cancelled. The vendor will issue a combined ballot to all voters who have not returned their 3/24/2020 ballot. This will be done based on the credit for voting file, so it is important to make sure that you check in all returned 3/24/2020 ballots.

Q: If a 3/24/2020 ballot is received back in the voter registration office, should it be counted.

A: That depends on the circumstances. If the voter has not applied for and been issued a 6/9/2020 combined ballot, yes, 3/24/2020 ballots can still be accepted. If the voter has applied for a 6/9/2020 ballot and been issued a combined 6/9/2020 ballot, the 3/24/2020 ballot should be rejected to prevent double voting in the 3/24/2020 elections.

Q: Will absentee ballot packets be sent to the mailing addresses of voters?

A: Absentee ballot packets will be sent to the addresses entered into the Ballot Issued Information section of ElectionNet. The system defaults to the mailing address. If there is no mailing address on file for a voter, the system defaults to the residential address on file for the voter. The address in the Ballot Issued Information section can also be updated to a different address other than the residential or mailing address of the voter. The address that is input into the Ballot Issued Information section will be the address the ballot packet is sent to.

Q: Will absentee ballot packets that are undelivered be returned to the county registration office?

A: No, the ballot packets that are undeliverable will be returned to the SOS office. These ballot packets will then be forwarded to the county registration offices by the SOS office.

Q: If a voter wants to change the party ballot that they requested, how should this be handled in the system to ensure the voter gets a new ballot?

A: The existing entry for the 6/9/2020 election should be cancelled in the system with the cancellation reason of Voter Requested. A new absentee ballot entry should be entered into the system with the date that the change was entered into the system as the Issue/Mailed date. This is how all ballots should that need to be reissued should be handled, including cancelled, spoiled, and rejected ballots. The reason code that is selected should reflect the circumstances. If a new entry is entered into the system with the current date as the issued date, a new absentee ballot will be sent out by the vendor.

Greetings-

I pray this correspondence finds you and your families all doing well. I am writing to verify that due to our current situation you all would like to cancel the Wednesday, April 15, 2020 regular board meeting. Please respond to this email yes or no.

The following are updates that we have received regarding the Primary Election:

- ❖ The Georgia Secretary of State's office mailed pre-filled absentee ballot applications to all registered voters in an active status. Voters are required to choose a party, sign the application and mail, fax or email the application to the elections office. Once the application is returned, the voter's signature is then verified. Upon verification of the voter's signature, office staff marks them in the state voter registration system as eligible to receive a ballot by mail. The Georgia Secretary of State's office has contracted with a third party vendor to mail the ballot to the voter.
- ❖ Georgia Secretary of State Brad Raffensperger changed the primary election date to Tuesday, June 9, 2020. Advance voting would begin on Monday, May 18, 2020. The runoff

election date will be Tuesday, August 11, 2020. Once the updated 2020 election calendar has been completed I will forward that to you all.

The Government Center Building remains closed to the general public. We are in the office daily during working hours 8:30 am – 5:00 pm, answering the phone, performing system updates and processing absentee ballot applications.

The next regular scheduled board meeting would be Wednesday, May 20, 2020.

You may also follow the Dougherty County Commission for more information by visiting Dougherty.ga.us, on Facebook at facebook.com/Dougherty.ga.us or on Twitter @1doughertycoga. (You can click the icons below in my signature).

COVID-19 IMPACT SURVEY

County: Dougherty County

Date: April 6, 2020

<u>Questions</u>	<u>Advance Voting</u>	<u>Election Day</u>
How many poll workers did you plan to have before virus?	8	196
How many poll workers do you currently have available accounting for loss due to virus?	0	29
Do you expect to lose additional poll workers between now and advance voting/election day? (Y/N)	No	Yes
Have you been able to add additional poll workers to account for the ones you have lost? (Y/N)	No	Yes (2)
Do you have a way to sufficiently train supplemental poll workers given social distancing/shelter at home requirements currently in place? (Y/N) What are your limitations? (List limitations below)	No	No
How many polling places do you normally have/expected to have before virus?	2	28
How many polling places do you expect to be able to open now?	1	28
How many regular office employees were you planning on having available to work before Virus?	3	3
How many regular office employees are you able to have work now?	2	2
How many temporary office workers (not poll workers) were you planning on needing before virus?	3	3
How many temporary office workers (not poll workers) were you planning on needing now accounting for the expected increase in absentee by mail voting in the upcoming election?	5	5
How many temporary office workers do you currently have accounting for loss due to virus?	1	1
Have you been able to supplement the loss of any temporary workers with other temporary workers? (Y/N)	No	No
Will you have enough people and facilities to have L&A Testing? (Y/N)	No	No
Will you have access to people to transport/set up/recover voting equipment? (Y/N)	Yes	No

Additional Challenges: We are limited to train our workers due to the guidelines of how many people can
gather in a location at one time. Due to the maturity of our poll workers they would require hands on
training.

COVID-19 IMPACT SURVEY

County: _____

Date: _____

<u>Questions</u>	<u>Advance Voting</u>	<u>Election Day</u>
How many poll workers did you plan to have before virus?		
How many poll workers do you currently have available accounting for loss due to virus?		
Do you expect to lose additional poll workers between now and advance voting/election day? (Y/N)		
Have you been able to add additional poll workers to account for the ones you have lost? (Y/N)		
Do you have a way to sufficiently train supplemental poll workers given social distancing/shelter at home requirements currently in place? (Y/N) What are your limitations? (List limitations below)		
How many polling places do you normally have/expected to have before virus?		
How many polling places do you expect to be able to open now?		
How many regular office employees were you planning on having available to work before Virus?		
How many regular office employees are you able to have work now?		
How many temporary office workers (not poll workers) were you planning on needing before virus?		
How many temporary office workers (not poll workers) were you planning on needing now accounting for the expected increase in absentee by mail voting in the upcoming election?		
How many temporary office workers do you currently have accounting for loss due to virus?		
Have you been able to supplement the loss of any temporary workers with other temporary workers? (Y/N)		
Will you have enough people and facilities to have L&A Testing? (Y/N)		
Will you have access to people to transport/set up/recover voting equipment? (Y/N)

OFFICIAL ELECTION BULLETIN

March 27, 2020

TO: County Election Officials and County Registrars

FROM: Chris Harvey, State Elections Director

RE: Absentee by Mail Process for the May 19, 2020 Elections

Due to the current public health crisis caused by the COVID-19 virus, Secretary Raffensperger has announced absentee ballot applications will be mailed directly to registered voters in active status for the May 19, 2020 general primary election (which now includes the PPP as well for voters who have not yet voted in the PPP). . Additionally, given that the current situation will likely lead to an increase in absentee ballot requests for the May 19 election, the Secretary of State's office has procured the services of an outside mail vendor that you may choose to utilize to package and mail the absentee ballot package. . The State is using HAVA funds to cover the cost of mailing out the absentee ballot applications as well as the cost of mailing out the absentee ballot packages done through the vendor. Counties will still have to handle mailing provisional absentee ballots to voters who are entitled to receive them.

Below is the link to the Secretary of State press release.

https://sos.ga.gov/index.php/elections/raffensperger_takes_unprecedented_steps_to_protect_safety_and_voter_integrity_in_georgia

Absentee by Mail Process Outline

- Secretary of State will mail absentee ballot applications to all registered voters in active status. These applications will have a barcode to allow the county elections offices to find the voter's registration quickly. Pending or Inactive voters can also request an absentee ballot application from their County Elections office. An absentee ballot application is also listed on the Secretary of State website.
 - https://sos.ga.gov/index.php/Elections/absentee_voting_in_georgia
- The voter will complete the absentee ballot application. The completed application will be mailed, emailed, or faxed to the County Registrar's office in the county where the voter is registered.
- The County Registrar's office will verify the information on the absentee ballot application and ensure the voter's signature matches the recorded signature in the voter registration system.
- The County Registrar's office will enter the absentee ballot application information into the voter registration system.
- Each day, the Secretary of State will generate an absentee voter report from the voter registration system for the mail vendor to issue absentee ballots for the May 19, 2020 elections.

- The mail vendor will receive the absentee voter report and package and mail the absentee ballot package with all the required return envelopes and instructions to the voter.
- The voter will follow the absentee ballot instructions, complete their absentee ballot, and package the absentee ballot in the provided return envelopes.
- The voter will return the absentee ballot to their County Registrar's office.
- The County Registrar's office will check the absentee ballot to determine if the ballot should be accepted or rejected. Voters whose absentee ballot is rejected will be sent a notice and cure affidavit as required by law and SEB rule.
- The County Election offices will secure the ballot until time for tabulation.

Processing Absentee Ballot Applications

- Counties will continue to enter absentee ballot application information into eNet.
- The absentee ballot applications mailed by the State vendor will have a barcode to allow the County Election offices to find the voter's registration quickly.
- Pending or Inactive voters can also request an absentee ballot application from their County Elections office or the Secretary of State office. An absentee ballot application is also listed on the Secretary of State website.
- Counties will verify the information on the absentee ballot application and ensure the voter's signature matches the recorded signature in the voter registration system.
- It is very important that the county reviews the entered application information for accuracy.

Issuing of Absentee Ballots

- After the county has issued the absentee ballot in the absentee ballot module, eNet will generate a report with the absentee ballot packages to be
- The mail vendor will issue/mail the absentee ballots for the May 19, 2020 elections to the voters who have submitted absentee ballot applications.
- The County Elections office will be required to issue absentee ballots for UOCAVA voters who have submitted applications before April 4, 2020 and provisional absentee ballots for mismatch signatures on absentee ballot applications.
- UOCAVA Week (March 31st – April 4th)
 - Counties will issue absentee ballots by mail for UOCAVA voters who have submitted applications on or before April 4, 2020. Counties will continue to prepare to meet the UOCAVA deadline.
 - Any absentee ballot applications entered in eNet for UOCAVA voters after April 4, 2020 will be issued by the Secretary of State vendor.
 - Electronic Ballot Delivery (EBD) ballots for UOCAVA voters will be issued as normal. Those UOCAVA voters will be able to retrieve their ballot through the Secretary of State My Voter Page (MVP).
- Mismatch Signature on Absentee Ballot Application
 - The county will verify the information on the absentee ballot application and ensure the voter's signature matches the recorded signature in the voter registration system.
 - If the voter's signature on the absentee ballot application does not match, the county will mark the voter's absentee ballot as provisional/challenged and complete the cure affidavit process. The county will issue/mail the absentee ballot to the voter.
- Each day, the Secretary of State will generate an absentee voter report from the voter registration system for the mail vendor to issue absentee ballots for the May 19, 2020 elections.

- Any absentee ballot applications you have already entered will be issued by the mail vendor.
- Absentee ballots for rollover elderly/disabled voters will be issued by the mail vendor.

Ordering Paper Ballots

- Counties will need to order or print the required minimum of 10% of emergency ballots and provisional ballots.
- Counties will need absentee ballots for voters who submit absentee ballot applications with mismatch signatures.

Advance in-person Voting

- Advance in-person voting will begin as scheduled on April 27, 2020.
- Counties will need to continue to plan for advance in-person voting.
- Please continue to notify your Liaison of any closures or issues that may affect advance in-person voting in your county.

Frequently Asked Questions

- On what date will the absentee ballot applications be mailed to the voters in active status?
 - Absentee ballot applications will begin to go out on Monday, March 30th.
- On what date will the absentee ballots be issued/mailed by the mail vendor?
 - TBD - We will announce this date as soon as possible.
- What will be the daily cutoff for counties to enter absentee ballot application information into eNet in order for the absentee ballot to be issued/mailed by the mail vendor the next day?
 - The Secretary of State office is working on this process. We will provide more information as soon as possible.
- Will there be an audit report to ensure each absentee ballot was issued by the mail vendor?
 - The Secretary of State office is working on a process to allow each county to verify the absentee ballot issued to their voters. We will announce this process as soon as possible.
- How will we identify the ballots issued/mailed by the mail vendor in eNet?
 - The Secretary of State office plans to develop an exception in eNet.
- How will the mail vendor know to issue a voter a May only ballot versus a combined ballot?
 - The mail vendor will review the absentee ballot information from eNet to determine which ballot type to send to each voter.

QUICK REFERENCE GUIDE MOBILE BALLOT PRODUCTION

PREPARING FILES FOR MBP

1 Required equipment:

- EMS Client Workstation with EED application
- Centon USB external storage device
- OKI printer
- MBP laptop

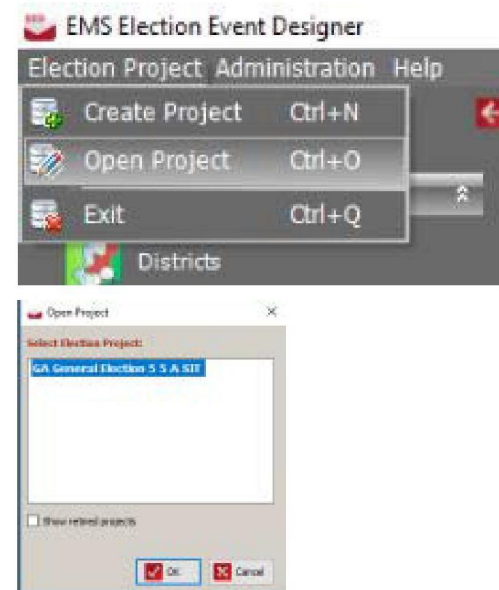

This guide assumes all prerequisite installations have been completed according to the MBP user guide

2

Log in to your EMS client workstation

Open the election project in the EED application

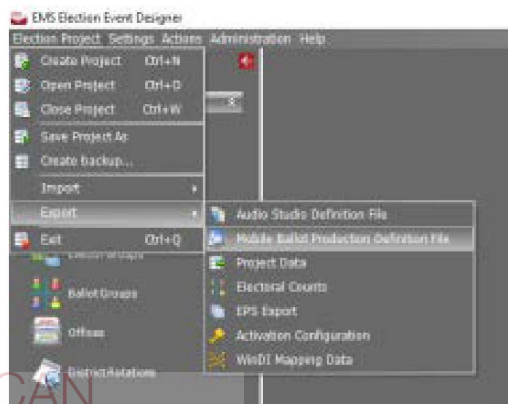

Plug in the external USB

3

Export MBP Definition File:

- Click "Election Project"
- Click "Export"
- Click "Mobile Ballot Production Definition File"
- Save the file to your Centon USB external storage

4

Copy the PDF Artwork to the Centon USB external storage:

- Open "File Explorer"
- Navigate to: NAS > "Project Name" > Ballots > Official Ballots
- Copy the "PDF" Folder to the Centon USB device
- Remove the Centon USB device from the EMS Client Workstation

For Express Server, the path will be:

C:\NAS\Project Name\Ballots\Official Ballots\

For Express Server, the path will be:

D:\NAS\Project Name\Ballots\Official Ballots\

SETTING UP THE MBP LAPTOP AND PRINTER

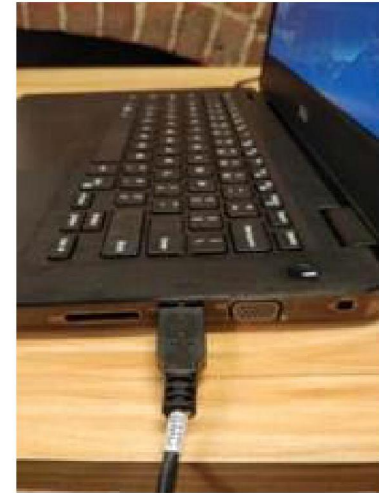

- 1** Unbox the OKI Printer and MBP Laptop

- 2** Plug the power cords into the Printer and Laptop and connect to a power source

- 3** Plug the USB cord into the Laptop

- 4** Plug the USB cord into the Printer

- 5** Ensure the Power switch on the **side** of the Printer is powered on

Press the Power button on the **front** of the Printer

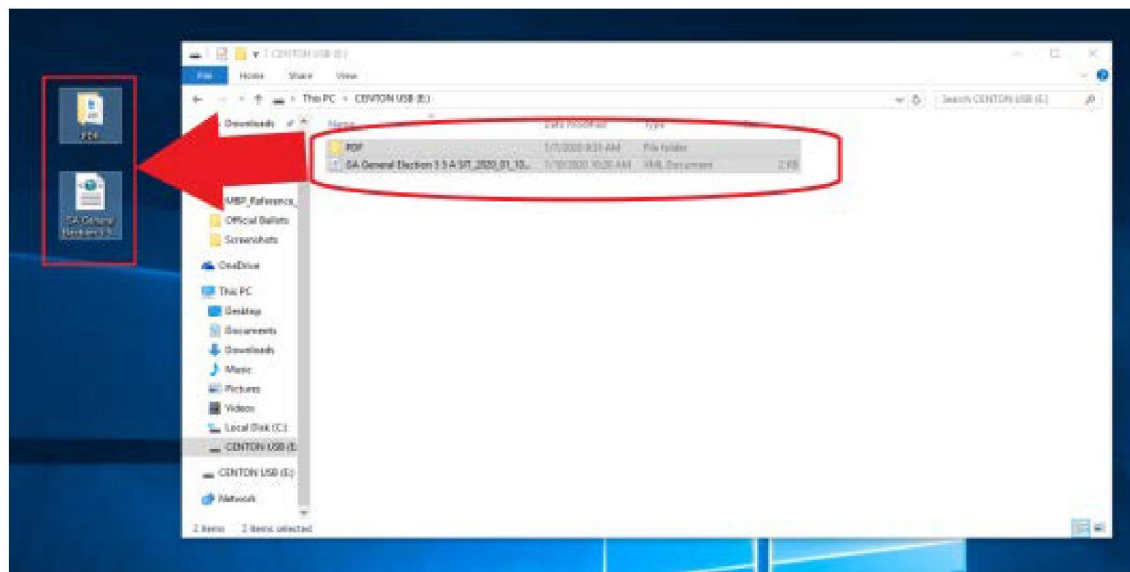

IMPORTING FILES TO MBP

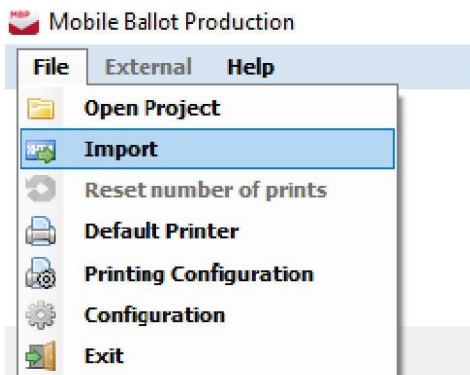

- 1 Open the Mobile Ballot Production application on the MBP laptop

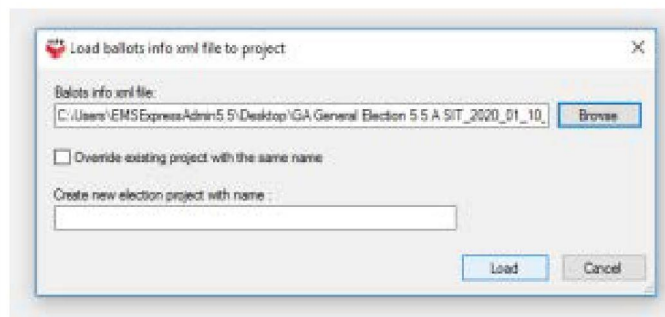

- 2 Copy the PDF folder and MBP definition files from the Centon USB to the MBP Desktop

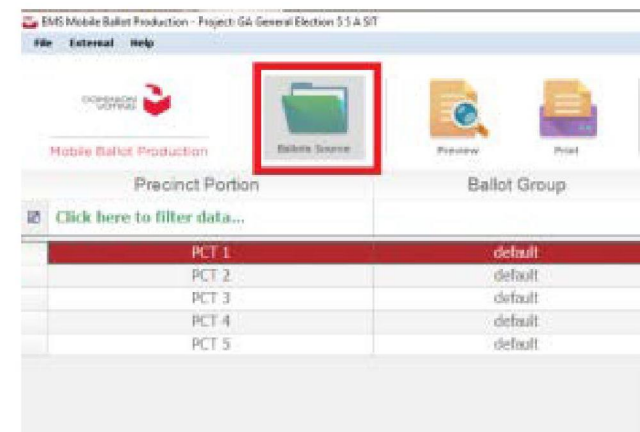

- 3 Import MBP definition file:
 - Click "File"
 - Click "Import"

- 4
 - Click "Browse" and navigate to the MBP definition file on the Desktop
 - Click "Load"

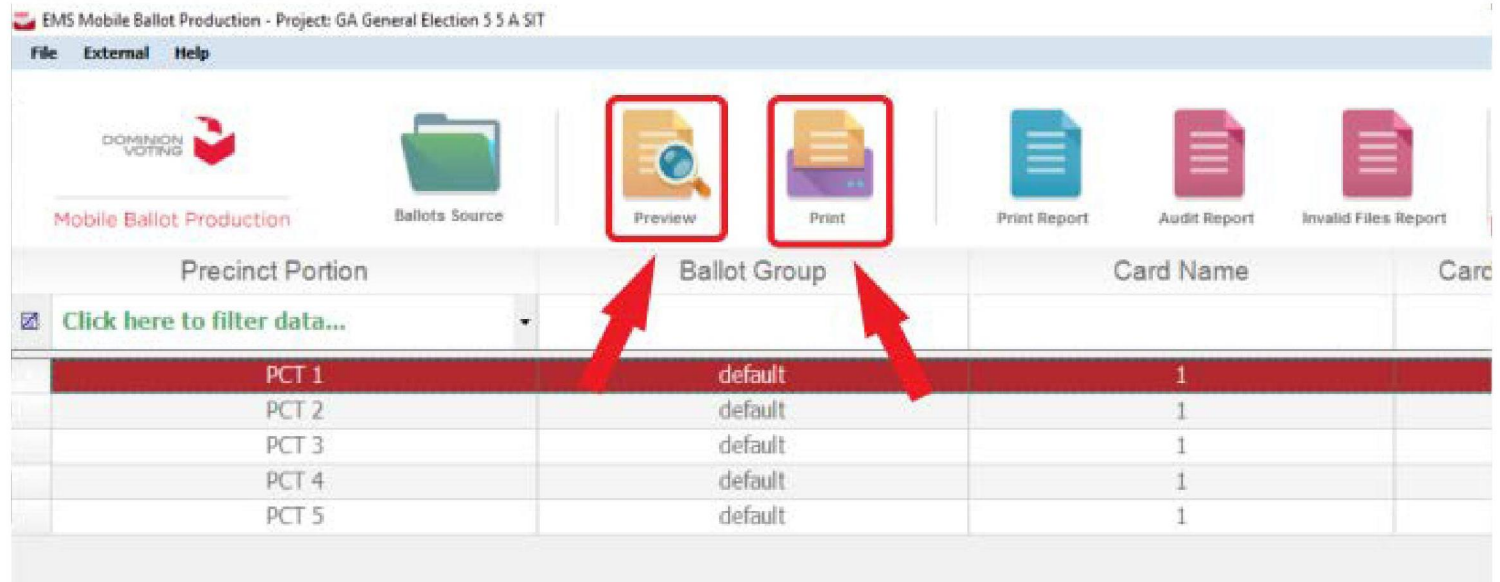

- 5
 - Click "Ballots Source" and Browse to the PDF folder on the Desktop
 - Click "OK"

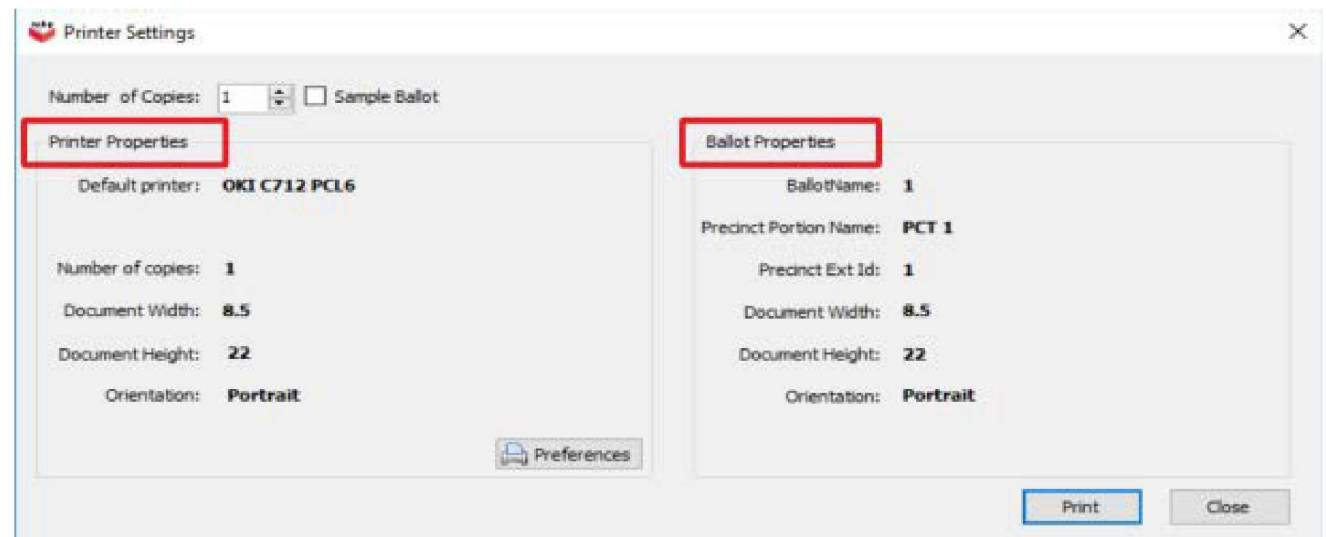

PRINTING A BALLOT

- 1
 - Click a row in the table to select a ballot
 - Double-click the row or click the **Preview** button to preview the ballot
 - Click the **Print** button to print the ballot

- 2
 - After clicking Print, ensure **Printer Properties** match the **Ballot Properties** for Document Width, Document Height and Orientation
 - (If they do not, refer to page 7)
 - Click Print
- (Note: for ballots larger than 17" - refer to page 6)

PRINTING A BALLOT

3

For ballots **17" and smaller**, the printer prints on both sides of the ballot

For ballots **larger than 17"**, the OKI 712 printer can NOT auto duplex, and the ballot must be manually flipped over to print the back side

4

For ballots **17" and smaller**, load paper into the standard loading tray (tray 2)

5

For ballots **larger than 17"**, load ballot stock in the multipurpose tray to print the **FRONT** of the ballot(s)

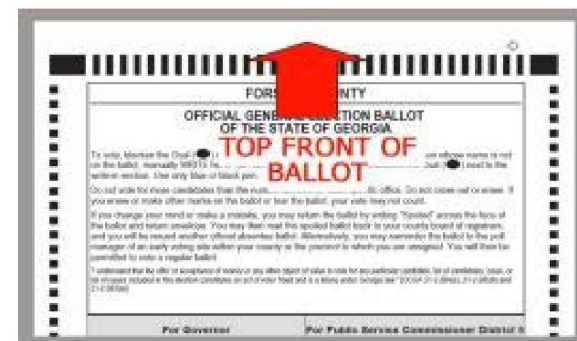

6

After loading paper in multipurpose tray, press in blue button to align paper correctly in printer

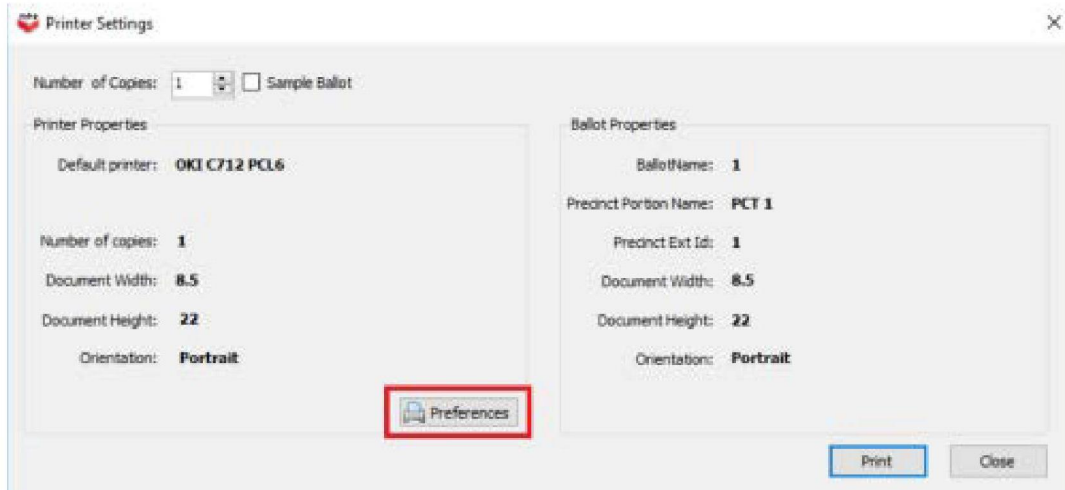

7

- Reload the printed page(s) in the multipurpose tray **PRINTED SIDE DOWN** and the **TOP** of the ballot **CLOSEST** to the printer
- Press the "ONLINE" button on the printer to print the REAR of the ballot(s)

SETTING THE PRINTER PREFERENCES

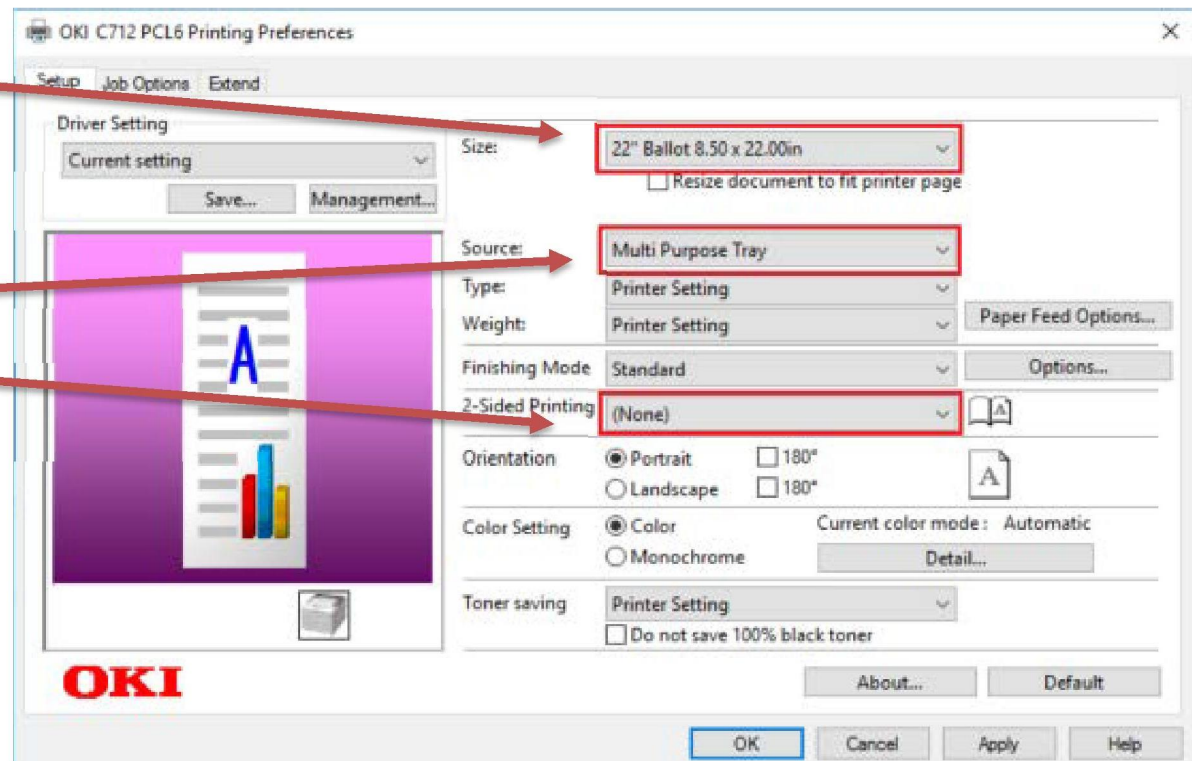

- 1 After clicking Print, click "Preferences" on the Printer Settings pop-up

- 2 Ensure size is set appropriately for your ballot

For ballots larger than 17", ensure Source is set to Multi Purpose Tray and 2-Sided Printing is set to (None)

For ballots 17" and smaller, ensure Source is set to Auto and 2-Sided Printing is set to Long Edge

Subject: Ballot Update

Good afternoon everyone,

Here is an update from John about ordering ballots:

Election Officials,

We working to establish a system where a vendor will issue absentee ballots by mail on behalf of the counties. At this time, we do not know if this process will be in place in time to provide mailed absentee ballots for the UOCAVA period. Because of this uncertainty, we need to plan for this service to be unavailable to meet the UOCAVA deadline of Saturday, April 4, 2020. Continue your normal process of ordering paper ballots from your print vendor. Once we have more specific information, we will update everyone. If you do not need your printed ballots for the UOCAVA period they can be reused to meet the requirements for provisional and emergency ballots.

The UOCAVA electronic ballot delivery system will remain unchanged.

Thanks,

Dennis Carbone

Subject: Summary Of Call

Good afternoon everyone,

I hope you're all doing well today.

Just wanted to let you know about the update from the conference call if you did not get a chance to listen in.

For the May 19th election, the state will be mailing out absentee applications to every active, registered voter in the state.

From there, the voter will mail the application back to the county office and your job from there is to input them into ENet like you normally would.

Once they are in ENet, the state will pull them from the system and mail out the ballot to the voters.

The postage and other expenditures will be paid by the state.

And remember that the PPP ballots that were sent out by cob Friday last week are being accepted until May 19th.

Thank you,

Subject: Summary Of Call

Good afternoon everyone,

I hope you're all doing well today.

Just wanted to let you know about the update from the conference call if you did not get a chance to listen in.

For the May 19th election, the state will be mailing out absentee applications to every active, registered voter in the state.

From there, the voter will mail the application back to the county office and your job from there is to input them into ENet like you normally would.

Once they are in ENet, the state will pull them from the system and mail out the ballot to the voters.

The postage and other expenditures will be paid by the state.

And remember that the PPP ballots that were sent out by cob Friday last week are being accepted until May 19th.

Thank you,

Dennis Carbone

Subject: Public Information Update

Election Officials,

It is important to keep your contact information up-to-date in ElectionNet so that voters will have access to accurate information when they attempt to return their absentee ballot applications and absentee ballots. The information input under Activities > Maintain County Data > Maintain Election Official Information is linked directly to the SOS website and changes made here will appear on our website instantly. Follow the below instructions to ensure that the information for your county is accurate.

1. Log into ElectionNet
2. Navigate to Activities > Maintain County Data > Maintain Election Official Information
3. Review the information listed in the Mailing Address section.
4. Review the information listed in next to Public E-Mail.
5. Review the information listed next to Fax.

Please make sure that the information in these three fields reflects the best mailing address for voter to return absentee ballot applications and absentee ballots. Make sure that you have an email and fax number listed and that the email and fax line are being monitored so that absentee ballot applications can be accepted and processed.

Thanks,

Dennis Carbone

Subject: Flash Cards

Election Officials,

Earlier this week, instructions were sent out asking each county complete the followings steps:

1. At the end of voting, power down the Scanners in the same manner they been powered down throughout Advance Voting.
2. Once the Scanner is powered off, break the seal on the Poll Worker compact flash card door and remove the compact flash card. Clearly label the card as the Poll Worker compact flash card. Place the compact flash card in an envelope, label the envelope as Poll Worker card, include Scanner serial number and Polling location to which the scanner was assigned. Seal the envelope.
3. Break the seal on the Administrator compact flash card door and remove the compact flash card. Clearly label the card as the Administrator compact flash card. Place the compact flash card in an envelope, label the envelope as Administrator card, include Scanner serial number and Polling location to which the scanner was assigned. Seal the envelope.
4. Secure and hold both envelopes containing both compact flash cards together for later upload to your EMS workstation.

It is very important that you complete these steps and ensure that these cards are labeled correctly. When you reinsert these cards into the scanners on election night to tabulate, if the cards are switched, they will cause an error in the system that will require you to rescan all of the ballots saved on that card.

These cards will not be able to be used for the 5/19/2020 elections. Please reply to this email with the number of cards that you have to hold out of the 5/19/2020 election so that we will know how many to send to replace these unusable cards.

Thanks.

Subject: OEB Summary

Good afternoon everyone,

The summary of the call is being posted to the Buzz soon, but I wanted to forward it over to you all as well.

General Information

The Presidential Preference Primary (PPP) has been moved from 3/24/2020 to be held in conjunction with the 5/19/2020 General Primary and Nonpartisan General Election. These elections will be combined. There will be one database that contains all of the ballot styles for votes cast on 5/19/2020 and during the early voting period. Ballots that have been cast for the PPP will be counted. The PPP has not been cancelled. In-person voting for the PPP was suspended on 3/15/2020 and will resume on 4/27/2020, in conjunction with the 5/19/2020 general primary.

Defined Terms

PPP Ballot – A ballot that contains only the Presidential Preference Primary and any other elections planned to be held in conjunction with the PPP on 3/24/2020.

May Ballot – A ballot that contains only the ballot choices originally scheduled to be conducted on 5/19/2020.

Combined Ballot – A ballot that contains both the PPP Ballot and May Ballot choices.

Voter Registration Applications

Continue to hold voter registration applications with a registration date of 2/24/2020 or greater until Monday, 3/23/2020. Beginning on 3/23/2020, process voter registration applications with registration up to the 4/20/2020 registration deadline for the combined General Primary / Nonpartisan General Elections / Presidential Preference Primary.

Absentee Ballot Applications

Continue to accept absentee ballot applications and issue PPP Ballots through Friday, 3/20/2020 when receiving absentee ballot applications clearly marked for the 3/24/2020 PPP.

No ballot that only contains the PPP races should be issued after 3/20/2020.

Any absentee ballot application that does not contain an election date or is clearly marked for the 5/19/2020 election should be considered an application for the combined election on 5/19/2020. These applications can still be processed but registrars must wait until the first day that absentee ballots for the 5/19/2020 election are permitted to be issued, Tuesday, 3/31/2020, to issue the ballot.

Issuing Ballots for the 5/19/2020 Combined General Primary / Nonpartisan General Elections / Presidential Preference Primary.

Voters that did not participate in the 3/24/2020 PPP, will receive a Combined Ballot (a ballot style that includes both the PPP Ballot choices and the May ballot choices). Only one party may be selected, and all choices on the ballot received by the voter will be of the same party (plus the non-partisan races).

Voters that participated in the PPP that request a ballot for the May election will receive a ballot style that includes all of the races originally scheduled for May but does not include the PPP choices.

- There will be no restriction on party ballot preference for these voters. They may select to receive a Democratic, Republican, or Nonpartisan ballot.

- Rollover voters will continue to receive ballots for the party preference indicated on their original application unless they express a different party preference for the May elections in writing.

Voters that requested an absentee ballot by mail for the 3/24/2020 PPP but have not returned the ballot when they attempt to vote again:

Election Day – The voter will appear in the Poll Pad the same as they would if they had been issued an absentee ballot and not returned the ballot. They will be required to complete an affidavit cancelling their absentee by mail ballot and will be allowed to cast a combined ballot.

Advanced In-Person – The outstanding absentee ballot will be cancelled and the voter will be issued a Combined Ballot at the polling place.

Absentee by Mail - The outstanding absentee ballot will be cancelled and the voter will be issued a combined absentee by mail absentee ballot.

To determine which ballot style (Combined Ballot or May Ballot) Registrars will examine ElectionNet to determine whether or not the voter participated in the PPP.

Outstanding PPP Ballots should only be cancelled if a new request for an absentee ballot is submitted by the voter for the 5/19/2020 election and a Combined Ballot is issued to the voter. PPP Ballots issued before the 3/20/2020 deadline can be accepted up until the new PPP election date of 5/19/2020 (or 5/22/2020 for UOCAVA ballots postmarked by election day).

Absentee ballot envelopes should be identified in a manner that allows ballots issued for the 3/24/2020 election to be distinguished from the 5/19/2020 ballots when they are returned to election offices.

UOCAVA Ballots

All UOCAVA EBD ballots will be issued as combined ballots. When the ballots are returned, the registrar will determine whether the ballot should be duplicated onto a Combined Ballot or a May Ballot.

Provisionals

The provisional period for all ballots, issued under the 3/24/2020 and 5/19/2020 elections, will conclude on 5/22/2020.

Good morning everyone,

Just a reminder of the message sent out on Saturday about the PPP.

There will be a conference call today to give more details on the situation and I will be sending out a link to access that when I receive it.

Also reminder that the liaisons will be working remotely, so any question you have will best be answered through email to keep track of them better.

I do have my phone linked to my office line if you need to get in contact with me, but email is still the best option for communication.

Stay safe out there everyone!

County Election Officials,

Due to mounting concerns over the Covid-19 Virus and the current State of Emergency, Secretary Raffensperger has moved the Presidential Preference Primary (and attached special elections) from March 24, 2020 to coincide with the State Primary scheduled for May 19, 2020.

Our office will be providing more detailed updates on Monday, but the immediately important details are these:

1. The Presidential Preference Primary (and associated special elections) has been moved/postponed. It has not been cancelled.
2. Every vote already cast, whether by mail or in person, WILL be counted in May for the Presidential Preference Primary and any local special elections along with votes cast in the state primary.
3. We will provide detailed instructions for securing the voted ballots and memory cards from the scanners/ballot boxes. In the meantime it is very important that every batch of ballots and memory cards be carefully identified and labeled, separated, and not mixed together.
4. In the coming days, we will be answering many questions that these decisions will generate in your offices. This is unprecedented action as a result of unprecedented circumstances, but we will work through this together.
5. Knowing that we cannot know what the situation will be like in two months, our office will be strongly encouraging absentee by mail voting for the May election. We will coordinate these efforts with your offices.

Subject: Test ENR Upload

Election Officials,

If you are receiving this email, we either have not received a test ENR upload from your county or you have not published the upload that you submitted. Please make sure that you submit an upload with L&A data before the end of the day on Monday, 3/16/2020. If you have submitted an upload and are receiving this email, double check to make sure that you have published the upload.

Please review your county specific ENR page after the upload to ensure that all races are displaying correctly, that all candidates are present, and the votes are assigned to the correct candidates. Let me know immediately if you notice an issue with your ENR setup.

The login page for ENR can be accessed using the link I have provided below:

Subject: Polling Place Closures

Good morning everyone,

If you were listening to the conference call, Chris mentioned that we are collecting information from everyone county in the state about any polling place cancellations that you receive word about.

Please make sure to email me the information about these cancellations and not call with this information so I can keep track of them.

Chris said in the call to make sure you reach out to your assigned polling places to ensure that they will be ready for election day.

And keep sending me the number of poll workers that have let you know about not coming in to work so we can keep track of that as well.

We will have a buzz post about the situation as well, so expect me to forward that to everyone as well.

Subject: ENR

Good afternoon everyone,

The Election Night Reporting (ENR) website for the 3/24/2020 Presidential Preference Primary is now ready for your county to submit a test upload that contains L&A data. Registered voters do not need to be entered into your EMS for this round of testing, but we would like L&A data if you still have an export that contains test data. This will allow us to test the website functionality. If you do not have L&A data, please notify me and submit a test upload without vote totals (also known as a zero upload). Uploading a zero file is still a useful test of the system.

Please review your county specific ENR page after the upload to ensure that all races are displaying correctly, that all candidates are present, and the votes are assigned to the correct candidates. Once you have completed this review, remember to publish the upload. If you do not publish the upload, we cannot see the work that you have done. Let me know if you experience an error or notice any display settings that need to be adjusted when attempting your upload. For this election, we will be using the Georgia Export. Please complete this upload as soon as possible, but no later than Monday, 3/16/2020.

The ENR login portal can be accessed through the following link:

https://admin.enr.clarityelections.com/GA_Login.aspx

If you are unfamiliar with the ENR upload process, training materials can be found on Firefly by searching for "Scytl Updated ENR User Guide 2020" or by navigating to Training > ENR Resources and selecting the PDF document titled "Scytl Updated ENR User Guide 2020."

Once we have completed the testing, I will send you an email asking you to do another upload to clear the L&A data from the site.

Thanks,

PUBLIC RECORDS NOTICE: Georgia has a very broad public records law. Most written communications to or from City and County officials regarding City and County business are public records available to the public and media upon request. Your email communications may be subject to public disclosure.

Intent to Tabulate Early for the Election

O.C.G.A. § 21-2-386(a)(3) A county election superintendent may, in his or her discretion, after 7:00 A.M. on the day of the primary, election, or runoff open the inner envelopes in accordance with the procedures prescribed in this subsection and begin tabulating the absentee ballots. If the county election superintendent chooses to open the inner envelopes and begin tabulating such ballots prior to the close of the polls on the day of the primary, election, or runoff, the superintendent shall notify in writing, at least seven days prior to the primary, election, or runoff, the Secretary of State of the superintendent's intent to begin the absentee ballot tabulation prior to the close of the polls. The county executive committee or, if there is no organized county executive committee, the state executive committee of each political party and political body having candidates whose names appear on the ballot for such election in such county shall have the right to designate two persons and each independent and nonpartisan candidate whose name appears on the ballot for such election in such county shall have the right to designate one person to act as monitors for such process. In the event that the only issue to be voted upon in an election is a referendum question, the superintendent shall also notify in writing the chief judge of the superior court of the county who shall appoint two electors of the county to monitor such process.

_____ We are holding an election on _____ but will not be tabulating absentee ballots early.

_____ Yes, we intend to tabulate absentee ballots early for the _____ election we are holding.

Time of planned early tabulation _____

Location of early tabulation, please list the street address/city/zip code _____

_____ Yes, according to **O.C.G.A. § 21-2-386(a)(4)** The county election superintendent shall publish a written notice in the superintendent's office of the superintendent's intent to begin the absentee ballot tabulation prior to the close of the polls and publish such notice at least one week prior to the primary, election, or runoff in the legal organ of the county, I have published my intent to tabulate early in the Elections Superintendent's office and submitted the notice for publication in the legal organ of my county.

Name _____ Signature _____

County _____ Date _____

Subject: Buzz Post

Good morning everyone,

I hope you're all doing well today!

Chris wanted me to share this buzz post that he is going to put on Firefly in a little bit.

The CDC has released information about safety from Coronavirus in polling places, and I encourage all election officials to review the information.

The link to the information is here <https://www.cdc.gov/coronavirus/2019-ncov/community/election-polling-locations.html>

Remember that isopropyl alcohol wipes are approved to cleans surfaces of BMDs and Poll Pads as well as other surfaces.

Do not use bleach or other commercial cleaners on BMDs, poll pads, or scanners.

Alcohol-based hand sanitizers would be a great idea in polling places.

The illness is more likely to impact older people, who often make up a considerable population of available poll workers.

You should also consider that illness and absence might require you to have additional poll workers on call.

We will provide additional information if more becomes available.

Subject: Electors List

Good morning everyone,

Please notify me when you have processed all of the voter registration application that have met the 2/24/2020 voter registration deadline for the 3/24/2020 Presidential Preference Primary and are ready for your paper backup elector list to be ordered.

Once I have received notification from you that you are ready for your list to be ordered, I will generate two files in eNet. The first will be an Excel spreadsheet that is a master list of all of the eligible voters in the special election. The second will be in PDF format, with the eligible voters divided by precinct. I will send you the report IDs for both reports, and it is recommended that you save a copy of each locally as a backup. You will receive a physical copy of the voter list broken out by precinct in the mail a few days after your order is placed. This paper copy should be distributed to your election day polling places to use as a backup for the Poll Pad units.

If you have any questions about this process, please reach out to me directly.

Subject: Sanitizing

Good afternoon everyone!

Chris wanted me to forward this to you all!

-
- The following is the approved method for sanitizing the BMD screens:

You can use Isopropyl alcohol on a lint-free cloth meant for cleaning LCD screen such as (3MTM Scotch-Brite® Electronics Cleaning Cloth) to clean and disinfect the LCD touch screens.

Do NOT use Clorox, Lysol, or other cleaners or wipes on the BMD screens.

For Poll Pads

Cleaning the iPad Screen:

- Unplug all cables and turn off the iPad.
- Use a soft, slightly damp, lint-free cloth—for example, a lens cloth.
- If material is still present, use a soft, lint-free cloth with warm soapy water.
- Avoid getting moisture in openings.
- Don't use cleaning products or compressed air.

The iPad has a fingerprint-resistant oleophobic—oil repellent—coating. Cleaning products and abrasive materials will diminish the coating and might scratch the iPad.

The use of isopropyl alcohol (IPA) is approved for use in cleaning systems in situations where the use of a damp, soft, lint-free cloth is insufficient. To do so, apply a small amount of isopropyl alcohol to a soft, lint-free cloth. Do not apply the isopropyl alcohol directly to the system!

Subject: Qualifying

Good morning everyone,

I hope you're all doing great today!

I wanted to give you all a heads up that our office will be doing qualifying for the state races this week, so I will not be readily available to answer questions by phone.

If you have an emergency, please get in touch with Chris or one of the other supervisors and they will try and help you to the best of their ability.

You can send me any email you'd like and I will do my best to answer them while going through qualifying.

I know that you all are qualifying as well, so good luck!

And just a reminder to check if you are ballot ready in ENet.

I find that a lot of problems that arise during early voting happen because someone is not ballot ready or have an advanced voting location set up.

Have a great day!

How many temporary office workers (not poll workers) were you planning on needing now accounting for the expected increase in absentee by mail voting in the upcoming election?	5	5
How many temporary office workers do you currently have accounting for loss due to virus?	1	1
Have you been able to supplement the loss of any temporary workers with other temporary workers? (Y/N)	No	No
Will you have enough people and facilities to have L&A Testing? (Y/N)	No	No
Will you have access to people to transport/set up/recover voting equipment? (Y/N)	Yes	No

Additional Challenges: We are limited to train our workers due to the guidelines of how many people can
gather in a location at one time. Due to the maturity of our poll workers they would require hands on
training.
