| Records and Document Coordinator | |

## 2019 Elections Update

Staff certified the results from the Special Board of Commission District 6 Runoff Election on October 15, 2019, in the State's eNet system and with the State Ethics and Finance Commission. The state will process official documents for the winner.

The department's budget manager established accounting lines for each of the 10 municipal elections being held on November 5, 2019 and runoff elections on December 5, 2019. For the Atlanta Board of Education Special Election and all other municipal elections, we have 90 days to reconcile and refund any monies not used.

## 2020 Budget Hearing

The department's budget hearing was on October 10, 2019 at the Arts Center on Fulton Industrial Boulevard. Four other departments were in attendance to give presentations.

## 2020 Election Preparation

The management staff met with the executive team of Happy Faces' Personnel Group, to review 2020 positions needed and any changes required. The request to renew the contract was submitted to Purchasing for Board of Commission approval.

STATE OF GEORGIA

MIKE HERRING,
Petitioner

v.

MARY CAROLE COONEY, City of East Point Superintendent of Elections,
Respondent

CIVIL ACTION 2019CV329565

**ORDER RE-ASSIGNING CASE TO SEVENTH JUDICIAL ADMINISTRATIVE DISTRICT**

Petitioner contests the results of the 5 November 2019 general election for City Council Ward A in East Point. He has filed a legal challenge to that election here in Fulton County pursuant to O.C.G.A. § 21-2-520 *et seq*. The Clerk of Court for the Superior Court of Fulton County, per standing Court policy for civil actions, randomly assigned this matter to the undersigned. However, O.C.G.A. § 21-2-520 electoral challenges must be assigned in a specific manner set forth in O.C.G.A. § 21-2-523. That provision directs the Administrative Judge of the Judicial Administrative District in which the case was filed (coincidentally also the undersigned) to make the case assignment -- unless the case was filed in the Administrative Judge's own Judicial Circuit. O.C.G.A. § 21-2-523(c). When, as here, the case is brought in the Administrative Judge's Circuit, the Administrative Judge must transfer the case to an adjoining Judicial Administrative District, where that District's Administrative Judge shall then assign the case to "a superior court judge from that District … or a senior judge who is not a resident of the Circuit wherein the proceeding was filed." O.C.G.A. § 21-2-523(d).

AMERICAN OVERSIGHT

What this means, distilled to plain English, is that the undersigned hereby selects the Honorable Ralph Van Pelt, Jr., Administrative Judge of the adjoining Seventh Judicial Administrative District, to determine, pursuant to O.C.G.A. § 21-2-523(d), which Superior Court judge from his District, active or senior, shall hear this case. The matter is no longer assigned to the undersigned, this Circuit, or this District.

SO ORDERED this 21st day of November 2019.

Fifth Judicial Administrative District

Mike Herring,
Plaintiff
v. Mary Carole Cooney
Superintendent of Elections,
Defendant

CIVIL ACTION NO. 2019CV329565

PETITION TO Contest Primary or Election Dismissal of

Plaintiff *[or, Defendant]* moves the court *for* Election Certification for the following reasons:

Grounds 1 of Contest:

1. I, Mike Herring, qualified as a Write-In candidate for the 2019 East Point City Council Ward A election that took place on Nov. 5. It is my contention that this election was erroneously certified in violation of (GA. 21-2-501(a)(1) which states; "No Candidate shall be nominated unless such candidate... received majority of votes, Due to the late disqualification of fellow candidate DaVion Lewis, votes attributed
2. to him were disregarded but I contend should by Law be figured into said "majority".

Grounds of Contest 2: It is my contention that the election results were certified without verification that a fellow candidate, Lance Robertson, met the requirement mandated by State Law that a municipal candidate be a "Qualified Elector" and registered voter in the municipality to run for said municipal office.

In support of this petition, _____

_____ are attached hereto and made a part hereof.

Dated _____, 20__.

AMERICAN OVERSIGHT

Grounds of Contest 3:

It is my contention that, according to (O.C.G.A. 21-2-483 (D)(2)), the Election Superintendent must offer a summary of "Spoiled and invalid ballots". However, this Ordinance was not adhered to as there is still no publicly available information detailing actual votes rendered in this contest, including those garnered by the disqualified candidate, Davion Lewis, as is required by (GA. 21-2-501(a)(1), which as previously noted, makes no differentiation in determining majority votes, vis a vis, disqualified or otherwise.

Grounds of Contest 4:

In summarily discarding an untold number of votes cast but otherwise valid, it is my contention that voters who pledged their votes through close to 2 weeks of early voting were officially disenfranchised and their right to protection under Article 1, Section 1, Paragraph I. of the Georgia State Constitution was violated. That Section of our Constitution prohibits deprivation of "life, liberty, or property" without due process of Law.

Finally, it is my contention that the aforementioned actions of the East Point City Clerk and Fulton Elections Superintendent in certifying an election without a full tally of all cast votes in a contest in which the victor's voting qualifications are suspect constitute reasonable grounds to dismiss the certification of aforementioned election in question, and set a Runoff Election date to be announced.

It is my prayer the Court concurs in its decision.

**RE: SEB Case No. 2016-060**

Dear Board Members:

The Board is listed as a respondent in the above-referenced election case. Please be aware and take note that this case is currently on the agenda for the State Election Board meeting scheduled for Tuesday, December 17, 2019, beginning at 9:00 a.m. in Room 341 at the State Capitol Building, 206 Washington Street SW, Atlanta, Georgia 30334.

This means that the State Election Board (SEB) will review the case facts to determine whether you may have violated the Georgia Election Code and/or SEB rules. Enclosed is the case summary with preliminary conclusions to be presented to the State Election Board. At this time, the case is listed as a "new case" on the meeting agenda. However, please note that the SEB will make final decisions on the results of all investigations.

Following review of the case, the SEB may take one of the following actions: (1) the SEB may close and dismiss the case; (2) the SEB may issue a letter of instruction or reprimand; or (3) the SEB may refer the case to the Attorney General for further review and possible administrative proceedings and penalties. Should the case involve criminal conduct, the SEB reserves the right to refer the case to the local district attorney for criminal prosecution as well.

Your attendance is not mandatory, but should you attend, the SEB will provide you with an opportunity to address them about the case. The SEB may ask you questions about the case, and your statements to the SEB will be recorded. The SEB has also notified the complainant in the case about this meeting, and should the complainant choose to appear, the SEB will provide him or her with an opportunity to speak as well.

If you have any questions, please feel free to contact me at (470)-312-2774.

**SUMMARY**

| | |
|---|---|
| CASE NAME: | Fulton County, Ballot Proof |
| SEB CASE #: | 2016-000060 |
| INVESTIGATOR: | Glenn J. Howard |
| DATE OF REPORT: | May 13, 2016 |

**COMPLAINT:**

On May 4, 2016 the Secretary of State, Investigations Division, opened an investigation into an alleged ballot proof error in Fulton County, Ga. The error had come to the attention of the Secretary of State when Fulton BOER Elections Director, Dwight Brower, self-reported the incident; as a person, who was not a candidate for Fulton County Superior Court Judge, had been mistakenly placed on the ballot for the upcoming May 24, 2016 Nonpartisan General Election.

**COUNTY AND ELECTION INVOLVED:**

Fulton County, Non-Partisan General Election held May 24, 2016

**ELECTION STAFF:**

Combined Board of Elections and Registration

**ELECTION CERTIFICATION:**

The Fulton County Board of Election and Registrations has met the training requirements, as Election Supervisor, Richard Barron, was certified on 07.17.2012.

AMERICAN OVERSIGHT

**JURISDICTION/VENUE:**

Jurisdiction will be with the State Election Board in Atlanta, Fulton County, Georgia.
Venue on any criminal prosecution will lie in Fulton County, Georgia

**FINDING(S):**

The Fulton County BOER failed to properly proof the ballot for the May 24, 2016 Nonpartisan General Election. This failure resulted in Robert L. Russell, who was a candidate for Superior Court Judge in the Atlantic Judicial Circuit, being added to the ballot of the Atlanta Judicial Circuit in error. The error was discovered by the Fulton County BOER Elections Director and reported to the Secretary of State. Fulton County BOER also responded to the error by posting "Ballot Error Notices" at polls, and mailing the "Error Notices" along with absentee ballots.

**POTENTIAL VIOLATIONS:**

**The Fulton County BOER, and Elections Director, Dwight Brower**, committed the following violation(s) of the Georgia Election Code, and Board of Election Rules:

**O.C.G.A. 21-2-283:** Preparation and Delivery of Ballots; as the **Fulton County BOER, and Elections Director, Dwight Brower**, failed to ensure the ballots and ballot labels were printed accurately.

**183-1-12 .02 (3) (a) (3); Board of Election Rule**, Direct Recording Electronic Voting Equipment – Preparation for Elections – Ballots; as the **Fulton County BOER, and Elections Director, Dwight Brower** , failed to properly proofread the ballot to ensure the ballot contained the proper office and candidate.

# INVESTIGATIONS DIVISION

## SUMMARY

| | |
|---|---|
| CASE NAME: | City of Sandy Springs, Precinct Notification / Locations |
| SEB CASE #: | 2016-000073 |
| INVESTIGATOR: | Glenn J. Howard |
| DATE OF REPORT: | May 24, 2017 |

**COMPLAINT:**

On May 20, 2016 the Office of the Secretary of State opened an investigation into complaints alleging the City of Sandy Springs had failed to properly notify voters of Polling Place Changes / Locations prior to the May 24, 2016 City of Sandy Springs Special Election. As the investigation progressed there were further allegations made concerning the security of ballots, as ballots were marked in pencil.

**COUNTY AND ELECTION INVOLVED:**

Fulton County, General Primary Election held May 24, 2016
City of Sandy Springs Special Election held May 24, 2016

**ELECTION STAFF:**

Fulton County - Combined Board of Elections and Registration
City of Sandy Springs – City Clerk, Elections Superintendent

**ELECTION CERTIFICATION:**

Fulton County Board of Elections and Registration has met the training requirements, as Elections Supervisor, Richard Barron, was certified on 12/27/2013.

AMERICAN OVERSIGHT

The City of Sandy Springs has met the training requirements, as City Clerk, Michael Casey, was certified on 06.11.2009, received continuing education on 04.25.2016.

**JURISDICTION/VENUE:**

Jurisdiction will be with the State Election Board in Atlanta, Fulton County, Georgia.
Venue on any criminal prosecution will lie in Fulton County, Georgia

**RESPONDENT:**

City of Sandy Springs
7840 Roswell Rd.
Sandy Springs, Ga. 30350

Fulton County BOER
130 Peachtree St. SW
Suite 2186F
Atlanta, Ga. 30303

**FINDING(S):**

The investigation addresses violations of O.C.G.A. 21-2-540, O.C.G.A 21-226 and O.C.G.A 21-2-265 of the Georgia Election Code, as there were allegations the City of Sandy Springs had failed to properly notify voters of Polling Place Changes / Locations prior to the May 24, 2016 City of Sandy Springs Special Election. In the complaints submitted there was also a ballot security concern, as the voters in the District 3 Sandy Springs Election voted by paper ballot, with those ballots marked in pencil. This concern of ballot security was not substantiated with any specific reported incidents that would suggest violation(s) o the Georgia Election Code or Board of Election Rules.

The investigation of the suspected violations found that the City of Sandy Springs called for a Special Election in conjunction with a Fulton County General Primary Election. The Special Election had been called in less than 90 days of the actual Election Day. The calling for the election in less than 90 days required the City, under O.C.G.A. 21-2-540, to conduct the election separate and apart from the General Primary, using separate ballots, voting equipment, facilities, poll workers and paperwork.

Advance Voting for the General Primary and the Special Elections were held at the same facility (North Fulton Annex), where voters were required to enter one room for voting in the General

AMERICAN OVERSIGHT

Primary; then the voters eligible to vote in the District 3 Special Election would enter a second room where they were independently processed to vote. Both elections were found to be independently conducted as required using separate ballots, voting equipment, poll workers and paperwork.

Voting on Election Day required voters of the City to visit their assigned polling places, then the voters eligible to vote in the District 3 Special Election would vote at the Hammond Park polling location. There was no violation of O.C.G.A. 21-2-540, as the elections were held separate in accordance to the code.

As to the allegations of voters not being properly notified of poll changes resulting in violation(s) of O.C.G.A. 21-2-226 and /or O.C.G.A. 21-2-265, the investigation found that the City of Sandy Springs published legal organ notifications April 1st, April 6th , May 4th and May 18th and gave notifications at polling locations as required in O.C.G.A 21-2-265. As for violation(s) of 21-2-226, the City of Sandy Springs, in a March 25, 2016 email, gave notification to the Fulton County BOER of their intent to move forward with only one Special Election polling location on Election Day (See March 25, 2016 Email, as highlighted in email exhibit). Even as this email was limited in its information, there was notification to the Fulton County BOER of the City's intent to make polling place change. Further the notification was acknowledge, as Fulton BOER Elections Supervisor, Richard Barron, responded to the city giving a warning of problems that could arise from their decision. As there was notification given to the Fulton County BOER of a poll change, and with that notification acknowledged, the Fulton County BOER was required under O.C.G.A. 21-2-226 (e) to issue precinct cards to the voters affected by the poll change.

**POTENTIAL VIOLATIONS:**

**Allegations concerning voters were not properly notified of the Hammond Park Poll Location change.**

**City of Sandy Springs:**

**No Violations Found**

**Fulton County Board of Elections and Registration:**

**The Fulton County BOER violated O.C.G.A. 21-2-226 (e) of the Georgia Election Code**, as they failed to issue precinct cards to Sandy Springs District 3 voters notifying them of the Hammond Park poll change.

Request approval of award without competition – Registration and Elections, 19SS412047C-BKJ, Voting System Stations with Election Works (Geneva, IL), in an amount not to exceed $2,600,000.00 to provide secure steel voting system carriers and voting stations. Effective upon BOC Approval.

In accordance with Purchasing Code Section 102-384, after conducting a good faith review, the Purchasing Department has determined only one source is available for the required supply, service, or construction item, thus the request shall be forwarded to the Board of Commissioners for approval. Election Works has a patent pending with the United States Patent and Trademark Office.

**Is this Item related to a Strategic Priority Area?** *(If yes, note strategic priority area below)*

**Is this a purchasing item?**

Yes

**Summary & Background** *(First sentence includes Agency recommendation. Provide an executive summary of the action that gives an overview of the relevant details for the item.)*

**Scope of Work:** To purchase 800 secure steel voting system stations/carriers which include ballot marking devices, printers, scanners and uninterruptible power supply batteries mounted within the cabinets. All equipment will be connected and tested within the carriers. The new voting system requires voters to (1) vote electronically on touch screen; (2) print ballot on a printer in order to review and to ensure their vote was recorded accurately; and (3) scan their printed ballot on a scanner.

These units will provide the following benefits:

- Allowing for warehouse staff to test the logic and accuracy of the voting system from the carriers
- Efficiency in set-up by decreasing the set up time and demands on Poll Workers
- Security, units can be locked and sealed
- Durability (15 year lifespan)
- Ease of delivery of equipment

The carriers can be sealed and delivered to polling places. On Election Day poll workers power the

carriers. Once the voting system has power, the Poll Workers open wings to allow voters access to vote.
The carriers can be sealed each night through Early Voting and also on Election Day after voting concludes.

**Community Impact:**
Secure storage in durable, long lasting steel units and secure, stable delivery of sensitive election equipment increases confidence in citizens in the voting process. We believe this product will give us the most secure voting delivery method to voters of any county in the State of Georgia.

**Department Recommendation:** Approval

**Project Implications:**
Implementation of the new voting system comes with many opportunities and pitfalls. This is an opportunity to make the job of a poll worker easier as it also streamlines behind the scenes administrative processes.

**Community Issues/Concerns:**
We need to address community concerns regarding secure storage of our voting equipment once it leaves our warehouse. Pairing voting units in secure storage containers that double as voting stations increases our control over voting delivery to the citizens of Fulton County. It reduces access to bad actors in a way that will lead the State of Georgia forward.

**Department Issues/Concerns:**
We are concerned about activist lawsuits continuing to use Fulton County as the Exemplar County in Georgia. We feel that purchasing these secure carriers will reduce access by bad actors and reduce the target painted by lawsuits against Fulton County because of the added security for our equipment.

Dear BRE:

I told Mary Carole I want to put an agenda item on Thursday's agenda, but I needed to talk to Foris Webb, first, which I did in court today.

Byron Amos's resignation from the APS board was official when he qualified to run for City of Atlanta District 3 in January, after the City called the election in December. In late January APS requested an estimated budget. APS was unsure whether to hold an election in June or September, which would either be at the end of their fiscal year or the beginning of the next school year.

We heard nothing from APS again until after the March election, through Foris Webb, City Clerk for Atlanta. Since then, APS has decided to push to hold their election for District 2 in June rather than September.

Atlanta's City Council received a request from APS to call their election. Last week Foris recommended to the city council to call the election for September. The council asked Foris for a timeline for June to determine whether it is possible to call the election for late spring.

The timeline created by Foris for the city council to consider leaves no room for error. Additionally, if a similar situation arises with APS that happened with CoA, in which a candidate challenges whether he or she should be on the ballot, early voting will start late, creating a legal issue. If anything goes wrong with the timeline, we are going to get the blame, rather than APS or CoA. I want to avoid rushing to pull of this election when APS could have called this election many weeks ago instead of waiting.

My proposal is to recommend to the city council that we conduct the election in September. If APS insists on a June election, we can loan them equipment, refer them to ES&S for support and step aside.

Mr. Webb agrees that June is too soon for the election. He feels that turnout will be especially low given it is after school is out. Candidates will have little time to campaign after qualifying. In addition, he feels the risk for something going awry with the timeline is possible.

I will see everyone on Thursday.

Hopefully, the judge will rule in favor of the respondents in the election contest.

Sincerely,
Rick

Blake:

We want Atlanta's city council to call APS's election for September because of the tight timeline that has zero slack in the line, and if we have a situation similar to what happened with Matthew Cardenale and City of Atlanta, early voting will be in jeopardy. We are required to run early voting for three weeks. With the appeal deadline the day before Memorial Day weekend, if the same scenario arises, Fulton County will be unable to start early voting on time, the day after Memorial Day. Even if it is the city's timeline, we'll be dragged into the potential failure of the timeline. If anything happens along the way between CoA calling the election and the appeal deadline, the lack of slack could put us in jeopardy of a black eye. With ten days to challenge an appeal in court, we may have an issue with the June election date.

Also, we are within the 90 day payment threshold for election expenses. By the time the CoA calls the election and the contract is signed and then sent to the BOC and APS, and gets back to us we'll be well within 60 days.

We are going to have little time for absentee ballots to go out and return to us. Ralph and his team also needs to do some database maintenance in the street files , which will be difficult to achieve before a registration deadline in May for the June election.

Therefore, the language that Mary Carole should have for the item should be:

We, the Fulton County Board of Registration and Elections, in order for a smoothly run, well-planned election recommend that the Atlanta City Council call the Atlanta Public School District 2 election for September 17th, 2019.

Whereas, the tight timeline put forth by Foris Webb, Atlanta City Clerk, at the request of Atlanta's city council, for a June 18th election, leaves no slack for unforeseen circumstances between the potential date to call a June election and the beginning of early voting;
Whereas, it will be challenging for us to mail absentee ballots by mail in time for voters to return ballots on time;
Whereas, Atlanta Public Schools, has let two months pass since the District 2 position became vacant without calling an election for June;
Whereas, we are well inside the time required by contract for Atlanta Public Schools to a make advance payment for a June election, and further by the time we have a contract signed and approved, we will be well within sixty days to Election Day;
And finally, whereas street segment maintenance in ElectioNet needs to be completed before the next election cycle, which will be difficult before a May voter registration deadline.

I have cc'd Mary Carole on this in order for her to review the language. Maybe someone can get a hold of her in the morning in order for her to edit it, if necessary.

Thanks,
Rick

I spoke to Waldeeph Singh, Executive VP of Sales, with Dominion. He said they inked the deal Monday morning. Over the next week to two weeks the details will be disseminated to the counties. He said that each county may have a little bit different equipment because of size. He said that they have several different options for scanning absentee ballots from precinct scanners for small counties to Canon scanners to even a high speed scanner that can count 15,000 per hour. The Canon scanners can do 3,000-4,000 per hour depending upon the ballot size. Each BMD will get an HP Laser Jet. Depending upon the size of the county you are in you may want to contact similar size counties in California. They have 40 of the 58 counties in California. They also have Cook County in Illinois for the big metro counties. Nevada uses a VVPAT with their BMD rather than a precinct scanner and printers, but they could be a resource for similar size counties, too. He advised not getting too far ahead of ourselves until all of the little details are worked out with the State and Dominion. He will see if he can get some brochures and other materials pushed out to counties. I know that we are going to have to purchase additional equipment, BMDs, precinct scanners, printers and poll books, so I need pricing details. I did learn that list price on the Canon absentee scanners is 25K, but that is different than what the State is going to pay.

I love all this discussion. It's somewhat soothing knowing that I'm not in a swivet all by myself. I also have concerns about the ink, the power of and the size of the carts vs. booths for the polling locations but mainly in our storage facility. One of my immediate concerns is the November General for munis. I know that you all don't do them but many of us do. Chris said that they would pick up our "old" equipment before delivering any of the new. Does that leave us with using paper for November? I am going to need to buy supplies for the polling places if that is the case so I kind of need to know.

Thanks for listening.

Rick start making your list for answers we need!

To piggy back on Janine's question, looking at the video of the cart, where the guy just opens the cart and flips back a few doors --- are all the components already plugged/networked as needed, and you simple plug one cord into a power supply? I am guessing if you choose the booth approach instead of the cart, everything is packed in individual cases and your poll workers have to plug the printer to the BMD, and then into an electrical outlet. My poll workers are good, but I will confess I have had to answer frantic calls about putting the scanner and network cord on Epolls several times. Also, if the printer and BMD are in cases, I will have to super glue the foam inserts in! I am interested in the easiest path for my workers. Would love to have dimensions of the cart and dimensions of the booth.

Hi,
We've been in a training session all morning so I'm just catching up on these emails. We have our Management Team Meeting this afternoon and I expect that we will discuss equipment and first thoughts then. If so, I might have more to share later.

I've been concerned with space throughout the entire process. With the need for the printers and the BMDs, rooms at polling locations are going to fill up quickly. Also, space for line management is going to be a concern with check-in stations, BMDs, and scanners. It's going to make for some interesting configurations. Then there are the Prep Center issues too. I know we're more fortunate than some with the space we have as an XL County but we're going to have to evaluate spacing and storage for sure.

BOD briefly came up in a conversation that Kelvin and I had yesterday but no details yet.

Good luck to us all and let's keep talking and sharing.

I have a call into one of the long time VPs at Dominion to get more information. I worked with him at Sequoia Voting Systems in 2004-5. Chris Harvey told me that the State is going to try to discourage delivering equipment much in advance of Election Day. Currently, we deliver up to a week before Election Day. I think we are going to need big delivery cabinets that will be secure. Those are going to cost money. Only a fraction of our polling places have rooms that are secure.

One of our biggest concern is the reliability of the printers. Our experience during Advance Voting is our printers breakdown either doing the move or while processing.

$5800 is the cost I've heard for BOD from 2 different places. Veronica, if you only paid $21,000 for your Balotar then you got a deal – ha!

Ink cartridges are a definite concern. Maybe I'm missing something, but it is difficult to believe the expectation is that toner cartridges will not need to be replaced until 2027. I hope it is an accurate assessment, but, as you say Janine the only thing we have to go on is our own experiences – and, good observation about the provisional ballot allocation.

And, not to be an alarmist, but also concerning to me is the actual footprint of the equipment – storing it, transporting it, and fitting it into our polling sites. I see from the documentation that we will be able to use either the cart that is shown in the video or the regular booth – which I think is about twice the width of our current booth. If we go with booths for storage/transportation purposes, it is hard to imagine that we could then use the same number of voting units at our polling sites given the width of the booth. The cart looks slick and as though it will work fine for a polling place, but how in the world do we store them? I do know that there are some brilliant election and logistic minds out there though and that knowledge is where I find my comfort.

Lots and lots to think about, for sure! I'm settling in for some more reading this morning. I suspect you guys are too. Let's keep the conversation going!

Talk soon,

I'm sure we're missing quite a lot! I don't think we have enough information yet. Those HP precinct printers are going to suck up all kinds of money with ink cartridges; just look at your home and office ink costs. And they don't have any kind of battery backup, so I guess we need to buy more provisional ballots in case of power outages.

Subject: Ballot on Demand

Quick question –
I have dug through the information that we were provided yesterday and in Dominion's June 24 Pricing Narrative it talks about Ballot on Demand being available for counties, but does not indicate a price. I never asked when I looked at Dominion's demo. Does anyone have a rough idea of cost associated with that? I do not want to be without BOD. It really makes my life easier!

It also list consumables that will be required for the BMD and I had to scratch my head when it said that the ink cartridges will print over 3100 ballots and will last for 23 elections "based at a rate of 133 votes per election on a single device." I thought equipment was based on one BMD per 200 or 250 voters. I know not everyone votes, but 23 elections? Did anyone happen to see a price list for consumables anywhere?

Looking forward to figuring all this out…and trying to come up with an idea of what I would like to go ahead and ask for money wise from the county. I know that I want to purchase additional precinct scanners. I am a worrier and right now I think I would feel safer with at least 2 in each precinct.

Anybody thought of something else I should put on my list?

**Subject:** 1st Quarter Performance Numbers Reminder!!!

Hi Department Heads and Liaisons,

Be prepared to start entering your **1st quarter** performance numbers in the Departmental Performance Reporting System (DPRS).

The Strategy and Performance Management Office (SPMO) would like your numbers to be submitted by **COB on April 19th .**

AMERICAN OVERSIGHT

Attached for your information are the following items:

1. Directions for entering information into the Departmental Performance Reporting System; and
2. Login and Password List for your Department
3. KPI Deadlines for 2019

You may log into the system by utilizing the following link: http://performance/apps/KPIForm/, please use your department login and password that are provided in the attached Login and Password for Departments document. When using the web link please use **Google Chrome or Firefox**. These logins and passwords have been assigned to the departmental liaison(s) and department director that the Office of SPMO has on record at this time. Remember the approval process requires the department director to login after the liaison has entered the performance numbers. Additionally, the director must check the box and submit the values. The instructions are also contained in the attached documents.

Please remember to enter numbers for **ALL** performance measures not just the Fulco Bonus measures. Also calendar invites will be sent out shortly to County Manager departments for the mid-year performance reviews with the Strategy and C-suite team.

If you have any questions related to the use of the DPRS system, please contact one of the following SPMO team members by email for assistance:

fulton county district 6 includes atl city council districts 10 and 11. adamsville is quite often an early voting location and is known as an early voting location and is inside atl city council district 10

how about sw library which is definetly in dist 6 or any other location in dist 6 that is also in the city of atlanta.

you currently have 2 voting locations outside the city of Atlanta and only one in the city of atlanta. no one from peyton forest or cascade is going to drive down to faairburn for early voting and likely not even to the stonewall tell center.

i think its only fair to have two voting locations inside the city of atlanta.

frankly the 20,000 cost is irrelevant to me and to the point im making. if you had just done the govt center and the annex you would have been better off. but since you have alternative location in fairburn you should have alternate location in the city of atlanta.

Hi Dick,

No, we didn't consider it because it's outside the boundaries of either district in this election. Unless it's the Government Center, which is required by law as the superintendent's site, we only choose sites within the districts. The BRE approved our recommendations in June, after much discussion, based on what APS wanted -- only one site -- and what was available in District 6 as far as libraries go.

Absentee by mail is an option, as well.

To add another early voting site in District 6, it'd cost about $20,000 - $25,000 for three weeks. For one race on the ballot we felt two sites and ballot by mail was the most economical option given the low anticipated turnout.

One citizen has been calling our office to lobby for Adamsville or another site. My staff referred her to Chairman Pitts because she wanted to know who was representing her district on the BOC.

Hi Vernetta:

The legislature made this change to the law because counties were removing voters without a hearing. Fulton County only removes voters with a right to a hearing. We send the letters one month prior to the board meeting to notify the voter of their felon hearing. This gives voters ample opportunity to contest the letter or status. If a voter contacts our office, we recommend to the Board to either allow the voter to remain on the voter roll or ask that the BRE table the hearing date to give voters enough time to submit paper work.

ElectioNet functions have not been updated to reflect HB316. The April hearing dealt with voters to whom we had already sent letters 30 days prior. Therefore, they were in process before HB 316 took effect. We will await word from SOS regarding ElectionNet before continuing with our process in order to be in compliance.

Director Barron:

At our April Board meeting, the FCBRE voted to remove many voters due to felony status. Please confirm whether or not the FCBRE erred in removing the matched felon voters on April 11th as HB316 became law on April 2nd changing how Ga process matched felon voters. I learned yesterday that the SOS previously asked the counties to hold off on processing the felon records until after the HB316 changes were implemented in ElectioNet. The FCBRE had no way of knowing that the SOS communicated this to Fulton county when we voted to remove the matched felon records on April 11th. Please update the board on the status of those matched felon records removed on April 11th. Thanks Director.

I only asked if the BRE had erred in removing the names in April. Since there seems to be a focus on the words "halt" and "April records", I have cut and pasted what I am referencing from the 3T so that my words nor intentions are misunderstood. Thank you for your time and courtesy regarding this matter. See below.

Felon Process:

•..... the record will be placed on a 40 day clock. If the voter responds to the letter, there will be a mechanism to stop the clock to allow for a hearing. If the voter does not respond to the letter and the 40 day clock expires, the record will be moved into cancelled status.
•Until these changes can be implemented in ElectioNet, we advise counties to hold off on processing felon records.

I'll talk to Ralph. When he gave us a rundown of HB 316 he told us of the new 40 day requirement, but didn't say that we had to halt April's removal. I'm unsure if he understood that, but I'll ask him.

Thanks for the feedback. To your point, the legislature intervened here because voting rights were unlawfully terminated due to felony status. Whether the letters requesting a hearing were sent to voters one day or 30 days before HB316 became law, the DRE knew the SOS's recommendation to halt removing voters based on felon status prior to the April 11th BRE board meeting. I appreciate your position and hope that you can appreciate mine. Thanks Director for staying on top of it. Enjoy your weekend.

Good Morning Everyone,

The Federal Court has just released its order on the issue of whether DREs can be used in upcoming elections. We are still reviewing the order and will put out more information soon. The key takeaway right now is that the Federal Judge has said we can continue to use the DREs for the remainder of the 2019 elections, but cannot use them beginning in 2020. I hope this provides some certainty as you continue to plan and prepare for the November 2019 elections and potential runoffs.

Sincerely,

Kevin Rayburn

Rick,
Also,
I sent over a rough draft of a new precinct card a week or two ago while you were gone.
I copied it again on this (you're probably buried in emails.
I haven't heard back from your team yet on their thoughts, but I'd be interested to hear what you guys think about the possible new design.

My county attorney thought I should report this for investigation. One of the City of Atlanta Dist 3 runoff candidates put this up in Friendship Towers. I'm unsure where that is, but I think it is a senior living center.

Leaders:

Just a gentle note regarding Mr. Barron's statement in today's meeting that the BRE has no role in the DRE budget other than to speak to commissioners on the DRE's behalf. The Chair may agree with Rick but the law does not support either of them. There is no role or duty that the Elections Supervisor has that is not accountable to the BRE. The BRE does not manage the DRE's budget however it is obligated to provide oversight

If Mr. Barron wastes tax dollars due improper contingency planning, misuse or fraud, the BRE is held responsible and, in the past, previous FCBREs have been fined by the SOS due to mismanagement. Rick, the BRE is on your side and supports you emphatically but after today's meeting its clear that you are misinformed about the role of the BRE. Budget oversight of the DRE protects you and should be encouraged.

For now, the Chair does not require the Elections Supervisor to produce budget reports of any kind nor is the DRE required to substantiate its budget. I think that we do the county and taxpayers a disservice by allowing this practice to continue. I am hopeful that the BRE will improve in this area.

All in all, the meeting today was awesome. Great job!!

Dear Rick,

I hope you are well, and that things are quiet at your end for a little while as summer approaches.

I ran across this video on Twitter, and recalled a conversation we had previously about your use of Pitney Bose tracking for absentee-by-mail ballots. Are you all considering providing a public-facing portal like this for voters to track their ballots? Would you have time before 2020 to make this available? I would think this could be enormously useful for a number of reasons, not least being the ability for a voter to provide a mobile number that would allow you to follow up with them in the case of a problem with the oath or signature on the return envelope.

Just a thought (I am very good at coming up with extra work for you all….)

Can you have for us registered voters in each precinct in District 6? Ideally on/with a map of where they are in D6?

Thanks.

Vernetta, After I read your email, I re-read the judge's two orders, and Rick's statement and documentation of the staff's performance, and I cannot agree that either the staff or the Board was responsible for any egregious violation of Ms. Ferrell's civil rights. When you say that the poll manager and the assistant poll manager for Ms. Ferrell's polling place should not have been allowed to continue working in that capacity after the final order on April 15, you assume that we received the judge's final order in time to assess it and act before the polls closed, and that it would have been incorrect to rely on the order entered April 12 which made no mention of any such error. This handwritten order completely exonerates the Department's conduct of the election. As you know from your own email records, we did not receive that order or the longer, typewritten order, until May 7. There was nothing we received that could have alerted us to remove the polling place staff at Central United Methodist Church before the polls closed, even if such action was warranted. I have also concluded that such action would not have been warranted because the judge did not find that there was any violation of Ms. Ferrell's civil rights. If we are going to accept the judge's order, we need to accept what the judge said, which was simply that there was "only one error in this Special Election" which was Ms. Ferrell's inability to cast a ballot, and that this was an error, not a civil rights violation. As to preventing this from happening again, Rick sent me the special instruction about provisional ballots given to all poll managers, and the form with the signature of each poll manager, including the one for 3T, verifying that they would instruct their workers as to the special instruction. The minutes of the Election Night meeting on April 16 state that "Chairperson Cooney asked did the DRE receive the judge's written order" and that "Mr. Barron stated no. . ." I don't know what more could have been done, and consequently I don't know what further response I can ask Rick to give. You can't take action on something you don't know about. Mary Carole

Subject: Jaimeka Ferrell - Pg 6 of Judge's Final Order

Thank you for your feedback. Respectfully, the order was finalized and filed with the court on April 15th at 11:36 a.m. The judge found that Fulton County made an error in denying Ms. Ferrell her lawful right to vote on March 19th. I believe that if Jaimeka Ferrell was not poor and black this egregious violation of her civil rights would not have been met with inaction by the department or this board. The DRE should have had a contingency plan for this poll as it was subject to an Election Contest lawsuit. The same poll manager and assistant poll manager should not have been allowed to continue working in that capacity on after the final order on April 15th. Someone should be held accountable for this violation. If not the Elections Supervisor or VR Chief, neither of whom informed this board of why this happened or even that it happened, then the BRE.

Since you asked for recommendations, I think that the department must show how this happened to Ms. Ferrell and

how it will prevent it from recurring. Ask Rick to put his response in writing. What happened to Ms. Ferrell is shameful and should never happen. Thank you for your time.

Subject: District 3 court case

Vernetta, I did tell you that no voter in Atlanta City Council District 3 had been disenfranchised, and I am telling you now that my statement was true as of the day I told you. The verified petition filed in that case was all the information we had when the hearing began. Yesterday I reviewed it. The first allegation in the verified petition was that Antonio Brown had not paid his taxes and therefore should have been disqualified. The second allegation was that numerous registered voters in Council District 3 were erroneously classified as voters within City Council District 4. There were no other allegations or complaints made in writing that we received or could research. As to Mr. Brown and his tax payment status, I knew that the law about that was "problematic" (as stated in the Final Order) and that I didn't have any basis for an opinion, and I'm certain that I said so to you. As to voters properly within City Council District 3 being misclassified as residents of City Council District 4, Rick reported to me that our staff had verified that everyone was in their proper district. That was what I told you when the hearing began. As I reread the judge's final order yesterday, I noted that the order does not say that there was anyone improperly designated in the wrong district. As the hearing went on over three days, I heard that the judge allowed testimony concerning allegations that were not within the verified petition, and that I did not know about at the time we spoke. One of those testifying was Ms. Ferrell. The judge's final order says that Ms. Ferrell testified that she was told she lived in District 4; however, our records show she lives in District 3 and on March 19 "she was told she was at the right place but on the wrong day" (Final Order, pg. 6). I asked Rick what the staff determined to have happened, and his response is below. Even accepting totally what the voter said, and rejecting totally what the poll assistant manager said, we had no ability to prevent the poll managers and pollworkers at Central United Methodist Church from continuing working during the run-off because we did not receive the judge's final order until May 7 (See, Foris Webb's email below), and did not know until voting had concluded that, as stated on the last page of the final order, the judge found "only one error in this Special Election," that being Ms. Ferrell not voting. I believe the department has two options now that the election has been validated. We can ask Rick to fire or discipline the poll manager and staff who worked at Central United Methodist Church, or we can ask that training for providing provisional ballots be re-doubled and emphasized. Because I don't think the facts are clear – I'm sorry that the poll manager was not available to testify – I think that emphasizing and underlining the need to offer provisional ballots is what we need to do. But I would appreciate your recommendation. Mary Carole

One of the poll workers from that precinct testified that she remembered the voter being in the polling place, but in her capacity as assistant poll manager had no recollection of her being told she was unable to vote. The poll manager was unavailable to testify. The assistant poll manager has worked that precinct for twenty years and said that they never turn voters away. The judge sided with the voter in what he wrote. It was a she said-she said situation. In court I remember him stating that the petitioners only came up with one voter that may have been turned away at the polls. He never said in court that he believed the voter definitively from my recollection.

The assistant poll manager worked the runoff. Johnny spoke to her, and later to the poll manager, regarding the situation. The poll manager had no recollection of turning anyone away. Johnny did some research on the voter and his opinion, based on what he saw, is that the voter was asked by Mr. Clay to come testify that she was turned away because one of the other voters they brought in to testify was caught fibbing on the witness stand about the same type of situation. The judge was unhappy.

Subject: District 3 Voter Jaimeka Ferrell-Judge Winegarden's Final Order

Good Day:

On the last page of this Order, the Judge Winegarden ruled that Fulton County made an error when denying Ms. Ferrell her lawful right to vote in the COA Council District 3 March 19th Special Election. Madam Chair, the week of the Special Election Contest hearing you personally told me that no voter had been disenfranchised in COA District 3. Further, that the voters alleging to be disenfranchised were, in fact, electors in COA District 4 who incorrectly assumed that since they previously voted for Byron Amos in APS School Board District 2 that they were eligible to vote in COA Council District 3. The judge's Final Order stated that the error was Fulton and not the voter.

Were there any repercussions for this disenfranchisement? Were the same poll manager and pollworkers who unlawfully turned Ms. Ferrell away at the polls on March 19th allowed to continue working during the run-off?

Very good. And our poll workers are equipped to know something is wrong if someone presents a DL that is marked "Limited Term"? I am adamant that legal voters are not being cancelled by illegal votes.

Are we absolutely positive that any non citizen application for a drivers license is not being processed through for voter registration purposes? All non citizen drivers license issued are supposed to be labeled "limited term". Do we highlight this in our poll worker training procedures and do we have picture examples of this type of license so poll workers have visual training?

Hello Mr. Nunes:

I'm writing to find out if you can help us give an answer to a voter and the Democratic Party, who brought this to our attention.

We mailed an absentee ballot to the the Alpharetta address listed in the spreadsheet on October 6, 2016. That was returned to us on October 30, 2018 as Undeliverable.

We mailed a second ballot to the voter to the same Alpharetta address on October 31, 2018. The voter received it August 9, 2019 at the Alpharetta address.

The Democratic Party and voter wanted to go to the media with this, but we told them that we would inquire with you, as we have met with you before. The voter still has possession of the absentee ballot by mail. Would you need it to investigate the matter further?

Are you able to give us an explanation we could pass along to the Democratic Party and the voter?

Thanks,
Rick

Rick, many thanks again to you, Ralph, Blake and Jessica for meeting with me Friday. Particular thanks for meeting on a hurry-up basis.

Attached are the photos we received from the voter's father about the absentee ballot that just arrived in the mail. I've also attached a screen shot of the voter's record with regard to the November election.

Gwinnett shares this with their BRE. We can adapt this to our department and add or subtract duties and even use it to help the MS Project intern understand the department better. Please look at it and if an area pertains to you, update it for our purposes and send your revisions to Mariska. I can have her compile the revisions into one new document.

You offices are aware of this as this has been an ongoing issue and I have called and emailed about this but NO solution has been worked out. The city of Alpharetta is totally ignoring me and so I am asking for you to get involved and resolve this simple issue. I also included the Chair & Vice Chair of the Commission along with the Chair of the Board of Elections in on this message because they are in leadership on the both on the Commission or with Elections and thought they needed to know as well. Here is what I had sent the city and a version to you before earlier this year (I had done the same back in 2018 but heard nothing with the exception of hearing from Elections and they said they would look into it):
>
> I wanted to reach out once again to make you aware of a serious parking issue between the city and the library. Last year, there were several special events that happened when the library was open but also held before it opened, say on a Saturday. Case in point, Taste of Alpharetta and the Farmers Market. Well, these two events are happening again and yet again there is a parking issue involved.
>
> Here is the problem.....the lot at the library that says it is for library patrons only is supposed to be for that, but I am told its public property and no one can prevent anyone from parking there even when the library is open and special events are happening. So, when the Taste of Alpharetta happens, there is no one to prevent anyone who is NOT going to the library from parking there. I know this because last year I came just after 5pm and the spots were full in that lot and the parking garage had NO spots because people were going to Taste. On Thursday, the library is open late until 8pm and I was actually told by a city employee they had NO idea. Now come on.....how can the city

AMERICAN OVERSIGHT

not know when the library is open as it has been there for over 2 years and sits right next to city hall?

Second, on market Saturdays the library opens at 10am but yet the lot has people already parking in it where patrons have NO where to park because the market people are already in the lot. In addition, the employees have to fight for a spot wherever they can find it, especially if they come in early and this is unacceptable as a taxpayer.

I am not familiar with who owns the land, the building and the parking, but I do believe that the city needs to come to a solution with the Library Board and the County or this is just going to get worse. I will use one other example..... during the election, people had a hard time finding a spot to park and because of that, they just left and did NOT vote. Now how wrong is that?

In addition, during election season, the library is utilized for early voting and at times for voting day of. During the 2018 statewide election, there were many voters who were NOT able to find a space and I specifically heard one say they were SOOOO frustrated, didn't understand it and they left and who knows if they voted. This is a violation, in my mind, of the right to make it easy to vote, and I was disappointed to see and hear this from a voter.

I implore you to find a solution. My solution is to make that parking for library only like the sign says and on special event days, have someone at the lot and not allowing anyone to park there if they are going elsewhere. It would allow people like me who might just want to use the library, a chance to park there. Oh, and I add one more thing. With some area libraries closed right now and others getting ready to close, the Alpharetta library is going to be even more used and busier because of this and its not right or fair if people can NOT find a space to park.

Thanks for listening and I look forward to your response.

One big voting machine flaw, as stated in the article –Richard DeMillo being the source – is that many voters won't double-check their ballots and others won't notice inaccuracies. I fail to see that as a gaping hole in the system, rather as a flaw in people's brains. But read this for yourself: The U.S. Department of Homeland Security is gauging potential vulnerabilities of the type of voting machines that will soon be used in Georgia. The federal government will work with election officials to better understand the security and auditability of voting systems, said Scott McConnell, a spokesman for the Cybersecurity and Infrastructure Security Agency, part of the Department of Homeland Security...https://www.ajc.com/news/state--regional-govt--politics/feds-look-risks-next-georgia-voting-machines/oTJSg41sSlbSEpnawIpTnM/<https://urldefense.proofpoint.com/v2/url?u=https-3A__www.ajc.com_news_state-2D-2Dregional-2Dgovt-2D-2Dpolitics_feds-2Dlook-2Drisks-2Dnext-2Dgeorgia-2Dvoting-2Dmachines_oTJSg41sSlbSEpnawIpTnM_&d=DwMFAg&c=HPJvcKF4Kk5Wqru1T_u_fOsw8NVQVa3gp0ReMdlciXw&r=Ab1tWoBND5WPUindk9Sn4wStS2z-l-4wem9O9RY2hRILrpnrnD9tMptAtAtHi9ii&m=kWJyW7W23lfL4s4CqwQpCkb8neZCGiz2Uft7QgKehyg&s=-6wcCdrCLdjuIfKzrK8MRtnAu-6hF3soGwC9CSXeO6k&e=>

Mr. Barron:

I pray this email finds you in good spirits. A recurring public concern is public notification of poll changes. I am thankful that the DRE is complicit in timely noticing all poll changes with the Daily Report. I am not implying otherwise. Respectfully, I submit that receiving 219 pages of documents to consider days before the Board meeting seems a bit impractical. Its crucial that more than seventy-two hour notice is given to BRE regarding poll changes that include moving or dividing polls. Finally, having more time to consider this information will also allow the BRE to better frame more meaningful questions at our BRE meetings.

As always, thank you for your continued service and commitment to the residents of Fulton County. See you Thursday.

Dear Participants,

Thank you for participating in *Tabletop the Vote 2019: National Election Cyber Exercise* led by the Department of Homeland Security (DHS) Cybersecurity and Infrastructure Security Agency (CISA), the National Association of State Election Directors (NASED), and the National Association of Secretaries of State (NASS).

This year included participants from 46 states, the District of Columbia, the U.S. Virgin Islands, the Elections Infrastructure Information Sharing and Analysis Center (EI-ISAC), NASED, NASS, the National Governors Association (NGA), the National Conference of State Legislatures, vendors, and 15 Federal Departments/Agencies resulting in nearly 2000 total participants!

As discussed, we would appreciate it if each participant were to complete an online post-exercise survey. The feedback from this survey will help develop the After-Action Report and influence the development of Tabletop the Vote 2020. The survey should take around 5 minutes to complete and we ask that all input be received by July 19, 2019. **The link to this survey can be found here.**

Also, if you provide your email address when filling out the survey (personal information is voluntary), we will send you a Certificate of Appreciation with signatures from CISA, NASED, and NASS leadership. If you have any questions, please email CEP@hq.dhs.gov or contact Erin Horbal at erin.horbal@hq.dhs.gov or 703-235-5694.

Foris Webb III, Atlanta Municipal Clerk

Richard Barron, Fulton County Elections

Dear Sirs,

I'm writing to file a complaint that Fulton County Elections did not place notice for March 19, 2019 Atlanta special election and April 16, 2019 Atlanta Runoff election as required by Georgia Rules and Regulations 183-1-12-.02 as to date/time testing of election DRE units for public observation of testing (see Rules and Regulations below). In search of Daily Report public notices, using keyword 'DRE unit', dates 1/1/2018-4/14/2019, last public notice place by Fulton County was November 2018 election (see screenshot below and attached document for complete search results.)

On April, 15, 2019, I called Daily Report public notice division and they confirmed search results are accurate, the last public notice was November 2018. I've submitted an open records request #R002013-041519 to Fulton County for proof of public notice for DRE unit testing for March 19th special election and April 16th runoff elections and with runoff election scheduled tomorrow, I would appreciate your assistance in expediting a

AMERICAN OVERSIGHT

response to my request.

As you know, failure to notify public of testing of DRE units and lack of transparency, undermines public trust of election process and results.

**Primaries and elections:**

On or before the third day preceding a primary or election, including special primaries, special elections, and referendum elections, the election superintendent shall commence the preparation and testing of the DRE units for use on Election Day. On or before the third day preceding the early voting period, the election superintendent shall commence the preparation and testing of the DRE units for use during the early voting period. At least five days prior to the commencement of such preparation and testing, the election superintendent shall publish a notice in the legal organ of the county stating the date, time, and place or places where preparation and testing of the DRE units for use in the primary or election will commence and stating that such preparation shall continue from day to day until such preparation is complete and that such preparation and testing shall be open to the public and that members of the public are entitled to be present during the preparation and testing of the DRE units. The election superintendent shall cause such preparation and testing to begin on such date and time and at such place or places. Such preparation and testing shall be open to members of the public to observe; however, such members of the public shall not in any manner interfere with the preparation and testing of the DRE units. Any person found to be interfering with the preparation and testing process may be asked to leave the testing process and may be cited for interfering with an election official while in performance of election duties. Any questions and/or complaints from the general public regarding the preparation and testing process must be directed to the election superintendent and not to the individual personnel conducting the preparation and testing process. The election superintendent may make such reasonable rules and regulations concerning the conduct of such members of the public observing such preparation and testing as the election superintendent deems necessary and appropriate; provided, however, that such rules and regulations shall not prevent members of the public from fairly observing the preparation and testing of the DRE units.

**Primary and election runoffs**

On or before the third day preceding a primary runoff or election runoff, including special primary runoffs and special election runoffs, the election superintendent shall commence the preparation and testing of the DRE units for use in the primary runoff or election runoff. At least 24 hours prior to the commencement of such preparation and testing, the election superintendent shall publish a notice in the legal organ of the county stating the date, time, and place or places where preparation and testing of the DRE units for use in the runoff will commence and stating that such preparation shall continue from day to day until such preparation is complete and that such preparation and testing shall be open to the public and that members of the public are entitled to be present during the preparation and testing of the DRE units. The election superintendent shall cause such preparation and testing to begin on such date and time and at such place or places. Such preparation and testing shall be open to members of the public to observe; however, such members of the public shall not in any manner interfere with the preparation and testing of the DRE units. Any person found to be interfering with the preparation and testing process may be asked to leave the preparation and testing process and may be cited for interfering with an election official while in performance of election duties. Any questions and/or complaints from the general public regarding the preparation and testing process must be directed to the election superintendent and not to the individual personnel conducting the preparation and testing process. The election superintendent may make such reasonable rules and regulations concerning the conduct of such members of the public observing such preparation and testing as the election superintendent deems necessary and appropriate; provided, however, that such rules and regulations shall not prevent members of the public from fairly observing the preparation and testing of the DRE units.

Rick, Following Thursday's meeting, Mark asked that I convey his request for some follow-up as to the mailing protocol for absentee ballots. I think that the various factors that might delay our handling of absentee ballots are misunderstood by the public, e.g., being unable to commence mailing until candidates are qualified and/or ballot forms are constructed, and that a written outline including deadlines might be helpful to the BRE. If it is possible to have this presented at our next BRE meeting, I know it would be appreciated by all Board members. Mary Carole

Thanks for the feedback. To your point, the legislature intervened here because voting rights were unlawfully terminated due to felony status. Whether the letters requesting a hearing were sent to voters one day or 30 days before HB316 became law, the DRE knew the SOS's recommendation to halt removing voters based on felon status prior to the April 11th BRE board meeting. I appreciate your position and hope that you can appreciate mine. Thanks Director for staying on top of it. Enjoy your weekend.

Hi Vernetta:

The legislature made this change to the law because counties were removing voters without a hearing. Fulton County only removes voters with a right to a hearing. We send the letters one month prior to the board meeting to notify the voter of their felon hearing. This gives voters ample opportunity to contest the letter or status. If a voter contacts our office, we recommend to the Board to either allow the voter to remain on the voter roll or ask that the BRE table the hearing date to give voters enough time to submit paper work.

ElectioNet functions have not been updated to reflect HB316. The April hearing dealt with voters to whom we had already sent letters 30 days prior. Therefore, they were in process before HB 316 took effect. We will await word from SOS regarding ElectionNet before continuing with our process in order to be in compliance.

Director Barron:

At our April Board meeting, the FCBRE voted to remove many voters due to felony status. Please confirm whether or not the FCBRE erred in removing the matched felon voters on April 11th as HB316 became law on April 2nd changing how Ga process matched felon voters. I learned yesterday that the SOS previously asked the counties to hold off on processing the felon records until after the HB316 changes were implemented in ElectioNet. The FCBRE had no way of knowing that the SOS communicated this to Fulton county when we voted to remove the matched felon records on April 11th. Please update the board on the status of those matched felon records removed on April 11th. Thanks Director.

I am attaching the 3T from the April 18th SOS Elections webinar. See page 6 for the ElectionNet Updates. Thanks Director.

It has been brought to my attention that we had instances in November 2018 elections, no day/time/poll given, when a voter came in, presented valid ID, the Express Poll look up did not produce a record of the voter. Instead of providing a provisional ballot, the poll worker allowed the person to vote on the DRE.
Further allegation was that this practice was being taught at poll Worker training stating this practice was to be followed to prevent “voter suppression”.
I do trust this was never the training practice.

**Subject:** Jaimeka Ferrell - Pg 6 of Judge's Final Order

Thank you for your feedback. Respectfully, the order was finalized and filed with the court on April 15th at 11:36 a.m. The judge found that Fulton County made an error in denying Ms. Ferrell her lawful right to vote on March 19th. I believe that if Jaimeka Ferrell was not poor and black this egregious violation of her civil rights would not have been met with inaction by the department or this board. The DRE should have had a contingency plan for this poll as it was subject to an Election Contest lawsuit. The same poll manager and assistant poll manager should not have been allowed to continue working in that capacity on after the final order on April 15th. Someone should be held accountable for this violation. If not the Elections Supervisor or VR Chief, neither of whom informed this board of why this happened or even that it happened, then the BRE.

Since you asked for recommendations, I think that the department must show how this happened to Ms. Ferrell and how it will prevent it from recurring. Ask Rick to put his response in writing. What happened to Ms. Ferrell is shameful and should never happen. Thank you for your time.

**Subject:** District 3 court case

Vernetta, I did tell you that no voter in Atlanta City Council District 3 had been disenfranchised, and I am telling you now that my statement was true as of the day I told you. The verified petition filed in that case was all the information we had when the hearing began. Yesterday I reviewed it. The first allegation in the verified petition was that Antonio Brown had not paid his taxes and therefore should have been disqualified. The second allegation was that numerous registered voters in Council District 3 were erroneously classified as voters within City Council District 4. There were no other allegations or complaints made in writing that we received or could research. As to Mr. Brown and his tax payment status, I knew that the law about that was "problematic" (as stated in the Final Order) and that I didn't have any basis for an opinion, and I'm certain that I said so to you. As to voters properly within City Council District 3 being misclassified as residents of City Council District 4, Rick reported to me that our staff had verified that everyone was in their proper district. That was what I told you when the hearing began. As I reread the judge's final order yesterday, I noted that the order does not say that there was anyone improperly designated in the wrong district. As the hearing went on over three days, I heard that the judge allowed testimony concerning allegations that were not within the verified petition, and that I did not know about at the time we spoke. One of those testifying was Ms. Ferrell. The judge's final order says that Ms. Ferrell testified that she was told she lived in District 4; however, our records show she lives in District 3 and on March 19 "she was told she was at the right place but on the wrong day" (Final Order, pg. 6). I asked Rick what the staff determined to have happened, and his response is below. Even accepting totally what the voter said, and rejecting totally what the poll assistant manager said, we had no ability to prevent the poll managers and pollworkers at Central United Methodist Church from continuing working during the run-off because we did not receive the judge's final order until May 7 (See, Foris Webb's email below), and did not know until voting had concluded that, as stated on the last page of the final order, the judge found "only one error in this Special Election," that being Ms. Ferrell not voting. I believe the department has two options now that the election has been validated. We can ask Rick to fire or discipline the poll manager and staff who worked at Central United Methodist Church, or we can ask that training for providing provisional ballots be re-doubled and emphasized. Because I don't think the facts are

AMERICAN OVERSIGHT

clear – I'm sorry that the poll manager was not available to testify – I think that emphasizing and underlining the need to offer provisional ballots is what we need to do. But I would appreciate your recommendation. Mary Carole

One of the poll workers from that precinct testified that she remembered the voter being in the polling place, but in her capacity as assistant poll manager had no recollection of her being told she was unable to vote. The poll manager was unavailable to testify. The assistant poll manager has worked that precinct for twenty years and said that they never turn voters away. The judge sided with the voter in what he wrote. It was a she said-she said situation. In court I remember him stating that the petitioners only came up with one voter that may have been turned away at the polls. He never said in court that he believed the voter definitively from my recollection.

The assistant poll manager worked the runoff. Johnny spoke to her, and later to the poll manager, regarding the situation. The poll manager had no recollection of turning anyone away. Johnny did some research on the voter and his opinion, based on what he saw, is that the voter was asked by Mr. Clay to come testify that she was turned away because one of the other voters they brought in to testify was caught fibbing on the witness stand about the same type of situation. The judge was unhappy.

Good Day:

On the last page of this Order, the Judge Winegarden ruled that Fulton County made an error when denying Ms. Ferrell her lawful right to vote in the COA Council District 3 March 19th Special Election. Madam Chair, the week of the Special Election Contest hearing you personally told me that no voter had been disenfranchised in COA District 3. Further, that the voters alleging to be disenfranchised were, in fact, electors in COA District 4 who incorrectly assumed that since they previously voted for Byron Amos in APS School Board District 2 that they were eligible to vote in

COA Council District 3. The judge's Final Order stated that the error was Fulton and not the voter.

Were there any repercussions for this disenfranchisement? Were the same poll manager and pollworkers who unlawfully turned Ms. Ferrell away at the polls on March 19th allowed to continue working during the run-off?

I'm at the SEB, but Mariska received this letter from Commissioner Pitts this morning. Two days ago he called me and seemed to agree with the decision of the BRE for three early voting sites for September and October.

CT Martin is outside Commissioner District 6. They have indicated to Sharon they would have to cancel many events in the room we use to accommodate voting.

Southwest Library is an option. I directed Blake and Sharon to research this location earlier this morning after speaking to Vernetta last evening.

We will keep you updated on this matter.

With the BOC'S decision last week to set a fee for municipalities and school districts based on the number of registered voters in a jurisdiction, we are going to refund APS nearly $100,000 for their election and runoff. This will impact the budget we have for this election significantly unless the County gives us a significant sum to fund the elections. Adding another early voting site is going to cost about $20,000-$25,000. Coupling that with the loss of funds from APS hits us hard.

I will request that Finance, Blake and Brenda work together to come up with deficient funds, especially for this added early voting site.

I would think this could be enormously useful for a number of reasons, not least being the ability for a voter to provide a mobile number that would allow you to follow up with them in the case of a problem with the oath or signature on the return envelope.

I spoke to Waldeeph Singh, Executive VP of Sales, with Dominion. He said they inked the deal Monday morning. Over the next week to two weeks the details will be disseminated to the counties. He said that each county may have a little bit different equipment because of size. He said that they have several different options for scanning absentee ballots from precinct scanners for small counties to Canon scanners to even a high speed scanner that can count 15,000 per hour. The Canon scanners can do 3,000-4,000 per hour depending upon the ballot size. Each BMD will get an HP Laser Jet. Depending upon the size of the county you are in you may want to contact similar size counties in California. They have 40 of the 58 counties in California. They also have Cook County in Illinois for the big metro counties. Nevada uses a VVPAT with their BMD rather than a precinct scanner and printers, but they could be a resource for similar size counties, too. He advised not getting too far ahead of ourselves until all of the little details are worked out with the State and Dominion. He will see if he can get some brochures and other materials pushed out to counties. I know that we are going to have to purchase additional equipment, BMDs, precinct scanners, printers and poll books, so I need pricing details. I did learn that list price on the Canon absentee scanners is 25K, but that is different than what the State is going to pay.

I love all this discussion. It's somewhat soothing knowing that I'm not in a swivet all by myself. I also have concerns about the ink, the power of and the size of the carts vs. booths for the polling locations but mainly in our storage facility. One of my immediate concerns is the November General for munis. I know that you all don't do them but many of us do. Chris said that they would pick up our "old" equipment before delivering any of the new. Does that leave us with using paper for November? I am going to need to buy supplies for the polling places if that is the case so I kind of need to know.

Thanks for listening.

Rick start making your list for answers we need!

To piggy back on Janine's question, looking at the video of the cart, where the guy just opens the cart and flips back a few doors --- are all the components already plugged/networked as needed, and you simple plug one cord into a power supply? I am guessing if you choose the booth approach instead of the cart, everything is packed in individual cases and your poll workers have to plug the printer to the BMD, and then into an electrical outlet. My poll workers are good, but I will confess I have had to answer frantic calls about putting the scanner and network cord on Epolls several times. Also, if the printer and BMD are in cases, I will have to super glue the foam inserts in! I am interested in the easiest path for my workers. Would love to have dimensions of the cart and dimensions of the booth.

Hi,
We've been in a training session all morning so I'm just catching up on these emails. We have our Management Team Meeting this afternoon and I expect that we will discuss equipment and first thoughts then. If so, I might have more to share later.

I've been concerned with space throughout the entire process. With the need for the printers and the BMDs, rooms at polling locations are going to fill up quickly. Also, space for line management is going to be a concern with check-in stations, BMDs, and scanners. It's going to make for some interesting configurations. Then there are the Prep Center issues too. I know we're more fortunate than some with the space we have as an XL County but we're going to have to evaluate spacing and storage for sure.

BOD briefly came up in a conversation that Kelvin and I had yesterday but no details yet.

Good luck to us all and let's keep talking and sharing.

I have a call into one of the long time VPs at Dominion to get more information. I worked with him at Sequoia Voting Systems in 2004-5. Chris Harvey told me that the State is going to try to discourage delivering equipment much in advance of Election Day. Currently, we deliver up to a week before Election Day. I think we are going to need big delivery cabinets that will be secure. Those are going to cost money. Only a fraction of our polling places have rooms that are secure.

One of our biggest concern is the reliability of the printers. Our experience during Advance Voting is our printers breakdown either doing the move or while processing.

$5800 is the cost I've heard for BOD from 2 different places. Veronica, if you only paid $21,000 for your Balotar then you got a deal – ha!

Ink cartridges are a definite concern. Maybe I'm missing something, but it is difficult to believe the expectation is that toner cartridges will not need to be replaced until 2027. I hope it is an accurate assessment, but, as you say Janine the only thing we have to go on is our own experiences – and, good observation about the provisional ballot allocation.

And, not to be an alarmist, but also concerning to me is the actual footprint of the equipment – storing it, transporting it, and fitting it into our polling sites. I see from the documentation that we will be able to use either the cart that is shown in the video or the regular booth – which I think is about twice the width of our current booth. If we go with booths for storage/transportation purposes, it is hard to imagine that we could then use the same number of voting units at our polling sites given the width of the booth. The cart looks slick and as though it will work fine for a polling place, but how in the world do we store them? I do know that there are some brilliant election and logistic minds out there though and that knowledge is where I find my comfort.

Lots and lots to think about, for sure! I'm settling in for some more reading this morning. I suspect you guys are too. Let's keep the conversation going!

I'm sure we're missing quite a lot! I don't think we have enough information yet. Those HP precinct printers are going to suck up all kinds of money with ink cartridges; just look at your home and office ink costs. And they don't have any kind of battery backup, so I guess we need to buy more provisional ballots in case of power outages.

For equipment purchases, I found these costs in their clarification document:

Systems

Price Per Unit 2021

Ballot Marking Device - (Sample Purchase of 100)

$3,500.00

BMD Stand (if required)

$295.00

Privacy Shield/Solution (if required)

$15.00

Polling Place Scanner, Stand, and Ballot Box - (Sample Purchase of 100)

$4,900.00

Central Scanning Device

$7,500.00

CSD Stand (if required)

Poll Book - (Sample Purchase of 100)

$305.00

Peripheral Equipment (if required)

$302.00

Ballot on Demand

$5,800.00

Central Ballot Printing

$5,800.00

I haven't found anything about ink and paper costs.

Subject: Ballot on Demand

Quick question –
I have dug through the information that we were provided yesterday and in Dominion's June 24 Pricing Narrative it talks about Ballot on Demand being available for counties, but does not indicate a price. I never asked when I looked at Dominion's demo. Does anyone have a rough idea of cost associated with that? I do not want to be without BOD. It really makes my life easier!

It also list consumables that will be required for the BMD and I had to scratch my head when it said that the ink cartridges will print over 3100 ballots and will last for 23 elections "based at a rate of 133 votes per election on a single device." I thought equipment was based on one BMD per 200 or 250 voters. I know not everyone votes, but 23 elections? Did anyone happen to see a price list for consumables anywhere?

Looking forward to figuring all this out…and trying to come up with an idea of what I would like to go ahead and ask for money wise from the county. I know that I want to purchase additional precinct scanners. I am a worrier and right now I think I would feel safer with at least 2 in each precinct.

Anybody thought of something else I should put on my list?

I think I'd ask Mary Carole for her input. I'm showing the South Fulton Service Center as being barely in District 5. The map I'm looking at shows that Stonewall Tell Road is the boundary line and the service center sits on the District 5 side.

how about sw library which is definetly in dist 6 or any other location in dist 6 that is also in the city of atlanta.

you currently have 2 voting locations outside the city of Atlanta and only one in the city of atlanta. no one from peyton forest or cascade is going to drive down to faairburn for early voting and likely not even to the stonewall tell center.

i think its only fair to have two voting locations inside the city of atlanta.

frankly the 20,000 cost is irrelevant to me and to the point im making. if you had just done the govt center and the annex you would have been better off. but since you have alternative location in fairburn you should have alternate

Hi Dick,

No, we didn't consider it because it's outside the boundaries of either district in this election. Unless it's the Government Center, which is required by law as the superintendent's site, we only choose sites within the districts. The BRE approved our recommendations in June, after much discussion, based on what APS wanted -- only one site -- and what was available in District 6 as far as libraries go.

Absentee by mail is an option, as well.

To add another early voting site in District 6, it'd cost about $20,000 - $25,000 for three weeks. For one race on the ballot we felt two sites and ballot by mail was the most economical option given the low anticipated turnout.

One citizen has been calling our office to lobby for Adamsville or another site. My staff referred her to Chairman Pitts because she wanted to know who was representing her district on the BOC.

Let me know if you have more questions.

Regards,
Rick

Director Barron:

I only asked if the BRE had erred in removing the names in April. Since there seems to be a focus on the words "halt" and "April records", I have cut and pasted what I am referencing from the 3T so that my words nor intentions are misunderstood. Thank you for your time and courtesy regarding this matter. See below.

Felon Process:

AMERICAN OVERSIGHT

•..... the record will be placed on a 40 day clock. If the voter responds to the letter, there will be a mechanism to stop the clock to allow for a hearing. If the voter does not respond to the letter and the 40 day clock expires, the record will be moved into cancelled status.
•Until these changes can be implemented in ElectioNet, we advise counties to hold off on processing felon records.

I'll talk to Ralph. When he gave us a rundown of HB 316 he told us of the new 40 day requirement, but didn't say that we had to halt April's removal. I'm unsure if he understood that, but I'll ask him.

Thanks for the feedback. To your point, the legislature intervened here because voting rights were unlawfully terminated due to felony status. Whether the letters requesting a hearing were sent to voters one day or 30 days before HB316 became law, the DRE knew the SOS's recommendation to halt removing voters based on felon status prior to the April 11th BRE board meeting. I appreciate your position and hope that you can appreciate mine. Thanks Director for staying on top of it. Enjoy your weekend.

Hi Vernetta:

The legislature made this change to the law because counties were removing voters without a hearing. Fulton County only removes voters with a right to a hearing. We send the letters one month prior to the board meeting to notify the voter of their felon hearing. This gives voters ample opportunity to contest the letter or status. If a voter contacts our office, we recommend to the Board to either allow the voter to remain on the voter roll or ask that the BRE table the hearing date to give voters enough time to submit paper work.

ElectioNet functions have not been updated to reflect HB316. The April hearing dealt with voters to whom we had already sent letters 30 days prior. Therefore, they were in process before HB 316 took effect. We will await word from SOS regarding ElectionNet before continuing with our process in order to be in compliance.

Director Barron:

At our April Board meeting, the FCBRE voted to remove many voters due to felony status. Please confirm whether or not the FCBRE erred in removing the matched felon voters on April 11th as HB316 became law on April 2nd changing how Ga process matched felon voters. I learned yesterday that the SOS previously asked the counties to hold off on processing the felon records until after the HB316 changes were implemented in ElectioNet. The FCBRE had no way of knowing that the SOS communicated this to Fulton county when we voted to remove the matched felon records on April 11th. Please update the board on the status of those matched felon records removed on April 11th. Thanks Director.

I am attaching the 3T from the April 18th SOS Elections webinar. See page 6 for the ElectionNet Updates. Thanks Director.

I only asked if the BRE had erred in removing the names in April. Since there seems to be a focus on the words "halt" and "April records", I have cut and pasted what I am referencing from the 3T so that my words nor intentions are misunderstood. Thank you for your time and courtesy regarding this matter. See below.

Felon Process:

•..... the record will be placed on a 40 day clock. If the voter responds to the letter, there will be a mechanism to stop the clock to allow for a hearing. If the voter does not respond to the letter and the 40 day clock expires, the record will be moved into cancelled status.
•Until these changes can be implemented in ElectioNet, we advise counties to hold off on processing felon records.

Hi Vernetta:

The legislature made this change to the law because counties were removing voters without a hearing. Fulton County only removes voters with a right to a hearing. We send the letters one month prior to the board meeting to notify the voter of their felon hearing. This gives voters ample opportunity to contest the letter or status. If a voter contacts our office, we recommend to the Board to either allow the voter to remain on the voter roll or ask that the BRE table the hearing date to give voters enough time to submit paper work.

ElectioNet functions have not been updated to reflect HB316. The April hearing dealt with voters to whom we had already sent letters 30 days prior. Therefore, they were in process before HB 316 took effect. We will await word from SOS regarding ElectionNet before continuing with our process in order to be in compliance.

In addition, you inquired about whether the Department of Homeland Security had completed a cyber security assessment of Fulton County. We met with them in October. The DHS official met briefly with Fulton County's IT Director soon thereafter. No assessment was planned. It may be that the assessments ended because of what was reported in either the NY Times of Washington Post last week. I don't recall in which of the two publications I read it, but apparently the former DHS Secretary gave up in her efforts to continue cyber security assessments for several reasons.

Have a good weekend, everyone.

Rick,

I don't know the history regarding this incident. I don't how it was originally slated to be by wards or was if it ever supposed to be by wards. This was realized by Milton in their previous election. I assume it has been separated by wards until now. ElectioNet has never had Milton with At Large District until now.

Hi Blake:

Thank you for your email. I guess I'm a bit confused as I have been working with Fulton County for the past almost ten years. During each year's election, voters have always voted at-large per our charter. Our charter has not changed since our inception in 2006.

Last year, there was a problem with the election. Voters were not allowed to vote at-large – only the voters living in the district of the councilmember's district who was running were allowed to vote. Fortunately it did not affect the outcome of the election as there was only one candidate running but it did cause confusion to those voters who did not see the candidate's name on their ballot (those living outside of the candidate's district). I brought this to the attention of Mr. Barron and Dwight last year and they promised it would not happen again.

But, all other elections I have been involved in (i.e., 2009 through 2017 ran smoothly as voters voted at large.

So, I'm wondering why the board of commissioners has to approve something that was done correctly except for last year. We have three districts and the candidate must reside in the district they are running for but all registered voters residing in Milton may vote.

AMERICAN OVERSIGHT

Thank you for any explanation in advance. Happy Friday!

Ms. Gordon,

I hope you are doing well! We are changing the city council districts to "at-large" so that every voter in Milton will be able to vote on every city council member. The change will go before the Board of Commissioners on Wednesday, August 21st.

Please let me know if you have any additional questions or concerns.

Ralph,

Do you know the history regarding the change from at large to single member and now back to at large? Is it true they were always at large? If so, how and when did they get changed to SMDS?

Thanks,
Rick

Hi Blake:

Thank you for your email. I guess I'm a bit confused as I have been working with Fulton County for the past almost ten years. During each year's election, voters have always voted at-large per our charter. Our charter has not changed since our inception in 2006.

Last year, there was a problem with the election. Voters

AMERICAN OVERSIGHT

were not allowed to vote at-large – only the voters living in the district of the councilmember's district who was running were allowed to vote. Fortunately it did not affect the outcome of the election as there was only one candidate running but it did cause confusion to those voters who did not see the candidate's name on their ballot (those living outside of the candidate's district). I brought this to the attention of Mr. Barron and Dwight last year and they promised it would not happen again.

But, all other elections I have been involved in (i.e., 2009 through 2017 ran smoothly as voters voted at large.

So, I'm wondering why the board of commissioners has to approve something that was done correctly except for last year. We have three districts and the candidate must reside in the district they are running for but all registered voters residing in Milton may vote.

Thank you for any explanation in advance. Happy Friday!

Sudie:

Ralph and Blake conducted research to determine how long Milton has been single member districts in the voter registration system and when you held your last election without canceling it. Since we switched to ElectioNet from Legacy in mid-2013, Milton has been single member districts. That encompasses my tenure. Milton came from the Legacy voter registration system as single member districts. We asked the State if they could tell us whether Milton was created in single member districts in Legacy or whether it was changed at some point. Ralph has been in the department since 2009 and remembers Milton always being classified as single member districts in Legacy and ElectioNet.

If you have further questions, please contact Mr. Jones at 404-612-7050.

Subject: RE: BRE Approved Proposals

Hi Blake:

Thank you for your email. I guess I'm a bit confused as I have been working with Fulton County for the past almost ten years. During each year's election, voters have always voted at-large per our charter. Our charter has not changed since our inception in 2006.

Last year, there was a problem with the election. Voters were not allowed to vote at-large – only the voters living in the district of the councilmember's district who was running were allowed to vote. Fortunately it did not affect the outcome of the election as there was only one candidate running but it did cause confusion to those voters who did not see the candidate's name on their ballot (those living outside of the candidate's district). I brought this to the attention of Mr. Barron and Dwight last year and they promised it would not happen again.

But, all other elections I have been involved in (i.e., 2009 through 2017 ran smoothly as voters voted at large.

So, I'm wondering why the board of commissioners has to approve something that was done correctly except for last year. We have three districts and the candidate must reside in the district they are running for but all registered voters residing in Milton may vote.

Thank you for any explanation in advance. Happy Friday!

Ms. Gordon,

I hope you are doing well! We are changing the city council districts to "at-large" so that every voter in Milton will be able to vote on every city council member. The change will go before the Board of Commissioners on Wednesday, August 21st.

Please let me know if you have any additional questions or concerns.

Interesting. I'm wondering if they ever had an election or if they were always canceled until last year.

Voters were not allowed to vote at-large - only the voters living in the district of the councilmember's district who was running were allowed to vote. Fortunately it did not affect the outcome of the election as there was only one candidate running but it did cause confusion to those voters who did not see the candidate's name on their ballot (those living outside of the candidate's district). I brought this to the attention of Mr. Barron and Dwight last year and they promised it would not happen again.
>
> But, all other elections I have been involved in (i.e., 2009 through 2017 ran smoothly as voters voted at large.
>
> So, I'm wondering why the board of commissioners has to approve something that was done correctly except for last year. We have three districts and the candidate must reside in the district they are running for but all registered voters residing in Milton may vote.

**Subject:** cost of election

These questions are coming from the Mayor.

In 2017 the Roswell election was originally invoiced for $358,728.70. We received a refund and the final cost came to $291,508.49. Fulton County and the City of Atlanta were involved in this election. The City of Atlanta paid 58% of the cost of the municipal elections, and Fulton County shared the total cost with the municipalities. Comparing 2017 to 2015 is comparing apples to oranges. It doesn't work.

Then we received the ORIGINAL Invoice for this 2019 election for $650,155 with the cost being so high per the email below on June 19th. We needed to get estimates out to the cities even though we weren't ready to send estimates. We still were awaiting information from the City of Atlanta. We were two weeks later than in 2017 and 2015 for sending out estimates. We ended up transferring some of the costs to the cities to Fulton County because we now know that we will have a Commissioner District 6 runoff election. We were able to move some of the personnel costs to the County balance sheet, which lowered the costs to the municipalities. We also cut early voting personnel, warehouse personnel and early voting sites. That is why the costs fell.

Then on June 28, 2019 we received the below email with the revised cost but without looking at the actual breakdown and where the costs were cut it went down to $534,932.

Then just a while after that on June 28, 2019, you sent me more of an explanation of that cost and how you got it to $534,932 and Brenda sent the new Invoice of $534,932.

Then on July 15th we received the revised cost with the explanation below of how you decreased costs.

The question still seems to be how did it originally come to be $650,155 from original cost of $358,728.70 which is a 57% increase for Roswell. Even with Atlanta not being in the election, how does it go up 57%?

This is very hard to understand how the increase originally could have been this much.

Plus, we understand about cutting costs but until yesterday we were under the assumption that we had 2 early voting sites in Roswell. As has been said before, Fulton County has kept the

AMERICAN OVERSIGHT

Roswell Library closed all this time. It was not the fault of the city to have the library closed this long. That is the only reason we wanted it here at City Hall. It was NEVER the intention to have early voting on this side of town (West) and then have our east side location taken out. The City of South Fulton has one location and is the largest city in this election. There are just a lot of questions from the public officials and they are in discussion with the Commissioners and Mayors from the other cities. Also in the original cost and why it increased you talk about mailings and more training for poll workers, etc. We are increasing face-to-face training but lessening computer based training. The training charge is the same. Why were the cities not informed about all these changes ahead of time rather than just having it pushed on the cities?

I need to pass this information to Mayor and Council so any guidance would be very much appreciated. Somehow all this needs to be explained at Council meeting Monday night and the explanation is so confusing.

Ms. Press,

Good afternoon! I am emailing with some good news on this Monday afternoon.

Our office has been working diligently to find ways to reduce costs for the 2019 municipal elections. Through having discussions with members of our Board of Registration and Elections, members of the Board of Commissioners, and other county departments, we have been able to significantly reduce costs.

One of the major ways we were able to reduce costs was by decreasing the number of early voting sites, days, and hours. We are budgeting for a maximum of 9 locations, and we are no longer planning to have weekend voting. We will provide you with more information at our workshop on Wednesday.

Attached is a revised Exhibit B and a revised invoice. Please let me know if you have any questions or concerns.

Thank you!

**Subject:** RE: City of Roswell election costs

Ms. Press,

Attached is the information you requested. Also, for reference purposes, it is important to note that in 2017, Atlanta's cost share was over 50%, and Roswell's cost share was about 11%. This year, Roswell's cost share is about 19.93% for the November election.

Also, in regards to the early voting site, we are now budgeting for 16 locations; however, the cost dropped because we made some final decisions regarding personnel who will be working at the early voting sites. For the November election, we are budgeting for each site to cost about $25,264 (considering training and set-up costs). Please keep in mind that the costs of the early voting sites are divided among all cities in the election based on the number of registered voters per city. Therefore, each early voting site will cost Roswell about $5,033.18 for the November election, which is about 19.93% of $25,264.

I hope this information helps.

Thank you!

**Subject:** RE: City of Roswell Election Agreement and Cost Estimate

Ms. Press,

Thank you for the questions. I will do my best to address some of your concerns now. I will need to respond to a couple of your requests tomorrow.

I will send you a breakdown of the election costs for Roswell in the morning. In the meantime, here are a few reasons as to why the cost may be higher than in previous years.

1. Atlanta and a portion of the City of Sandy Springs were involved in the 2017 elections, so the cost was distributed across more cities/voters. If Atlanta joins the elections this year, the cost for Roswell would probably go down by about $75,000 or more. I would not know the exact amount until after receiving a definitive response from the City of Atlanta.
2. We now do Head of Household mailings before major elections. These mailings are to provide important election information to each household eligible for an election. Since starting these mailings, we have received positive responses from voters and others in the community.

AMERICAN OVERSIGHT

3. We have researched best practices related to poll worker training to try to improve voter experiences by better preparing our poll workers. We have decided to require more hands-on training for our poll workers. Since we are increasing hands-on training, we will need to pay more per election for class instructors, class assistants, and other temporary employees who will assist with the classes.
4. We have also received requests to increase Election Day security, and we have been discussing the best way to do that without raising costs too much. We do anticipate that costs will increase some, however.

In regards to your question about the cost of early voting sites, all cities in the November elections will split the total early voting costs based on the number of registered voters per city. The reason the costs are split in this manner is because voters can vote at any location during early voting. For example, City of Roswell voters can vote at an early voting location in Fairburn. Additionally, temporary personnel who work the early voting sites begin preparation before Election Day. They are required to go through training, and some of the temporary personnel help set-up the voting locations. Considering the training and set-up costs, an early voting location that is open for three weeks can cost up to about $33,270. We are unsure about the total number of early voting locations we will have in 2019; however, we expect it to be 15 or less.

I will double-check the early voting times for November and send you those tomorrow. I will also be sure to send you the breakdown of costs that you requested.

Please let us know if you have any other questions or concerns.

Thank you,

I told Pam to sit down with Ralph regarding the numbers. I'll get with her tomorrow. Stan revised the numbers to make them easier to read for the BRE when he was on the BRE. At one point we had less information, which was easier, but Stan wanted more detail and to have it in a format in which anyone could read. We have had no complaints since then. We'll try to make it simpler for Mark.

I think we'll have more details to offer in June versus next week, but we may have a good outline in place before the meeting. It's possible that the first regular election we'll use this equipment other than during EV for November will be in the PPP. If that's in March, we may be unable to use it because we may still be receiving equipment until March's end. If it's in May, we'll be using it for the first time in a big election next May.

perhaps I can get with Rick in the morning. I wanted to add an item entitled Update On Implementation Of New Voting Infrastructure, then wondered whether – given that there is no contract to acquire new infrastructure yet – item 5 entitled Voter Education and Outreach Plan is the report on how we're preparing for the new infrastructure. We might have room for another topic but I can't think of anything necessary and appropriate. Mary Carole

Instances??? Like more than once?

I can assure you that we have not taught our poll workers this.

The voter may have been found on the supplemental list or cleared by the registration division by looking them up in Election Net, then we can use the encoder option to create a voter access card.

Those are the only instances when we would allow a voter to vote on a DRE, who is not on the electronic electors list.

Respectfully,

Johnny

**Subject: DRE/Provisional ballot**

It has been brought to my attention that we had instances in November 2018 elections, no day/time/poll given, when a voter came in, presented valid ID, the Express Poll look up did not produce a record of the voter. Instead of providing a provisional ballot, the poll worker allowed the person to vote on the DRE.
Further allegation was that this practice was being taught at poll Worker training stating this practice was to be followed to prevent “voter suppression”.
I do trust this was never the training practice.

Rick,

You asked me to analyze early voting turnout going back to 2008. I made a couple of quick graphs (attached).

In the 2008 Presidential General Election, about 37% of the people who voted chose in-person early voting. By the 2016 Presidential General Election, that percentage had increased to 59% (which is a 59% increase).

In the 2010 Gubernatorial General Election, about 16% of the people who voted chose in-person early voting. That number more than tripled to 53% in 2018.

If you change the election date, it automatically updates the dates in the table based on how many days out from an election a particular task is.

The new registrations and transfers will be broken into four categories each, including DDS, OLVR, Paper and Other. We have to use the category Other unless you want it broken down into more detailed categories. Thirteen new lines will be added to the report as it stands. If we add subcategories for Other it would add 20 additional lines for a total of 33 lines to the workload statistics. If you wish for all available detail for new applications and transfers into the county, please let me know. For examples, subcategories can include paper applications from DFACS, Military Recruitment Offices, City Halls, etc. More subcategories exist under Transfers Into Fulton than for New Applications.

Rick,
Also,
I sent over a rough draft of a new precinct card a week or two ago while you were gone.
I copied it again on this (you're probably buried in emails.
I haven't heard back from your team yet on their thoughts, but I'd be interested to hear what you guys think about the possible new design.

My county attorney thought I should report this for investigation. One of the City of Atlanta Dist 3 runoff candidates put this up in Friendship Towers. I'm unsure where that is, but I think it is a senior living center.

Rick,

Isn't this illegal? This flyer is at Friendship towers. Apparently one of the candidates doing this.

Thanks,
Aaron

ESRI showcased their election-specific services. Most of the services that ESRI mentioned are things we already do through the County's GIS Department (polling location locators, early voting site locators, etc.).

The one thing from the meeting I am interested in learning more about is the way they display election results on interactive maps. Right now, we use Scytl for election night reporting; however, my understanding is those Scytl pages get replaced after every election. I'd like to be able to display archived election results on maps, and ESRI might have a tool we can use for this.

My plan is to send Ms. Kwak some files with election results from November 2018 to test whether it is feasible for us to use the ESRI tool in this way.

Again, we do not need several of the election-specific ESRI tools because of the processes we already have in place.

Ralph, Sharon, and Pam can add to my summary of the meeting.

Blake and Foris,
DeKalb County will be having a countywide election in November, so I guess we will proceed as we have done in the past. DeKalb handling our City of Atlanta voters and providing the results to Fulton on Election Night and prior to certification. Please let me know if you feel differently.

Ms. Gordon,

We would need a copy of Milton's charter, a copy of the resolution calling the election, and a copy of the ordinance authorizing us to administer the election.

If at all possible, we would like to have the language for the referendum by September 20th to get it on the ballot.

I will double-check to make sure we do not need anything else. If we do, I will let you know tomorrow.

Hi Blake:

I just had a question come across my desk just now about referendums. Our council may want to have a referendum placed on our ballot for the Nov. 5th general election. Knowing that a Resolution will have to pass through and be approved by council to place this on the ballot, what is the process and timing to get the referendum question to your office or whatever office will need it?

I will have the Office setup to you tomorrow for Milton. Thank you for all of your help Blake!

Subject: Office Setup Survey and Runoff Costs

Good afternoon city clerks,

I hope everyone is doing well! It was great to meet you over the course of the past two days.

First, I am attaching the Office Setup Survey to this email. This is a form that the state provided me. Please complete it and return it back to me via email by July 31st.

Second, I wanted to follow-up on a question that we received from a clerk of a municipality that could potentially have a runoff. If your municipality would like, you can send us the money for the runoff separate from the money for the November election. The runoff money is due to us by September 3rd.

Please let me know if you have any questions or concerns.

Thank you!

County Election and Registration Officials,

Security in all forms is among our highest priorities in Elections.

There is an easy and free tool that I hope everyone considers using in our shared goal of securing elections at all levels and that tool is membership in EI-ISAC (Election Infrastructure Information Sharing and Analysis Center.)

We discussed this at the conference, and I encourage everyone to sign up for EI-ISAC.

You will received regular emails about cyber security issues and threats and steps you (and your IT Department) can take to strengthen your email and network security.

You can copy and paste this link into a browser to join EI-ISAC https://learn.cisecurity.org/ei-isac-registration<https://urldefense.proofpoint.com/v2/url?u=https-3A__learn.cisecurity.org_ei-2Disac-2Dregistration&d=DwMFAg&c=HPJvcKF4Kk5Wqru1T_u_fOsw8NVQVa3gp0ReMdlciXw&r=CJJJJFq8QA-Occy2_-KELoibtIubEybFgBAk_iVUIxc&m=7_QDLHkqyAdrw3ZwhuReL_8ALyg8CPGiDIR4GQQ6Wbc&s=I0bUJij78Kt5WwTqa27T2DLhXT3m0UTnJ-W05sJaeYo&e=>

Are we absolutely positive that any non citizen application for a drivers license is not being processed through for voter registration purposes? All non citizen drivers license issued are supposed to be labeled "limited term". Do we highlight this in our poll worker training procedures and do we have picture examples of this type of license so poll workers have visual training?

Mariska,

Can you forward this to Vendetta and May Carole for me, please? Ralph explains below for Vernetta and Mary Carole why the ORR response showed a discrepancy. I didn't realize you guys sent a response to Mr. Clay that fast the other day. It must have gone out almost instantaneously.

Aldo, I can't listen to the phone meshes that you have forwarded to me.

Rick,

A response went out to another ORR. We gave them a copy of the provisional database at the time of the request. Below are the transactions to cause the misinterpretation of the data.

03/18/2019 Ms. Jones's record was updated to Wadley St, Atlanta from Fairburn in ElectioNet. She met the voter registration deadline
03/20/2019 Provisional was research in ElectioNet to determine if their ballot would be counted. We found Ms. Jones to be in district 3 (Wadley St), therefore accepting her ballot.
03/20/2019 We asked IT to pull voter file for the Provisional Database for the March election. IT (Information Technology) failed to update the most current voter file which left Ms. Jones's address still in Fairburn on the ABA program.
03/22/2019 Sent the ABA Provisional Database to Mariska in response to an open records request.
03/25/2019 Our audit of the mailing of the letters caught the address mistake and was updated at that time.

We tried to supply the ORR as soon as we could thinking that the voter file was updated. This error does not affect the results of the provisional because we determine the Provisionals by ElectioNet not ABA Program. The ABA Program is used for printing letters and capturing the statistics.

We have contacted IT about the problem.

I will check with the staff, but it was my understanding that no response had gone out to the ORR, yet. Someone from his campaign, I think, had checked on the lady and then reported it to the campaign, which peopled the ORR. At the recount the staff was asked about her and they asked them to submit a request it writing. I then assigned it to staff. If this is I information that I have incorrect I will find out and let you know.

It would seem that no one in the department actually looked at the report before forwarding it to Clay's campaign. That's regrettable. I invite you and your team to revisit the department's ORR procedures to avoid recurrences of needles errors. At These type of mistakes undermine the credibility of your department and the Board of Registration and Elections. Thanks again for your help.

While we received some answers related to the process, for those questions that were not addressed onsite, we were told to follow up with an email.

>> On a March 21st open records request, we sought information related to "Absentee by Mail" ballots, and "Provisional Ballots", but only received information back related to the provisional ballots (which we have a follow up question about). There was no information provided regarding absentee ballots. At the recount today, it was our understanding that we could get all questions answered, but are still seeking some answers related to the following:
>>

Were there any absentee ballots that came in by mail--prior to the election night count--that may have been excluded for any reason? This was a question that I posed during the initial certification, and we were under the impression that the recount process would provide further clarity to this question.
>>
>> - We wanted to cross-check absentee ballots with their addresses listed to confirm that they should in fact be counted into the totals. To be clear, we were not approaching this request to initially challenge their inclusion, we were under the impression that the recount process would confirm why they were included, or excluded, while we were present during the recount. In asking if we could cross-check them, we were asked to follow up to this item by email.
>>

Please see the attached Managing Poll Workers and Poll Locations training material, one of the titles required to achieve your Georgia Elections Officials Certification. If you are in possession of this already, please forgive the imposition. If not, it is a useful guide. The new voting system is not suppose to change these practices but you never know. Just FYI.

One thing I can say is that to find and train an entire crew of poll workers for that precinct the afternoon before an election when the poll manager had all of the materials would have been difficult. None of us were sitting around awaiting that judge's order. The County Attorney's office should have been made aware that the order was filed and let us know. The judge gave us no indication when he would make his order final. Johnny had spoken to the poll manager and the assistant poll manager, who are residents of that precinct, to be sure that they understood provisional procedures before the runoff. Blake and Johnny reviewed those procedures with all of the poll managers, I believe. I will confirm that in the morning. I will have Johnny and Blake discuss this in detail with the poll manager and the assistant.

The original complaint, if I remember correct, had no mention of this. This is something the judge allowed during the trial. It was not the subject of the election lawsuit. Greg Clay and his counsel were grasping at straws to find something that went wrong once their theory regarding the VR rolls went south.

I'll have Johnny and Blake contact Ms. Ferrell, too. I'll have Ralph research the voter. If I remember right, she's never voted before. I'll have Ralph check on that, too.

If the poll workers did something wrong we can fire then entire precinct crew.

Subject: Jaimeka Ferrell - Pg 6 of Judge's Final Order

Thank you for your feedback. Respectfully, the order was finalized and filed with the court on April 15th at 11:36 a.m. The judge found that Fulton County made an error in denying Ms. Ferrell her lawful right to vote on March 19th. I believe that if Jaimeka Ferrell was not poor and black this egregious violation of her civil rights would not have been met with inaction by the department or this board. The DRE should have had a contingency plan for this poll as it was subject to an Election Contest lawsuit. The same poll manager and assistant poll manager should not have been allowed to continue working in that capacity on after the final order on April 15th. Someone should be held accountable for this violation. If not the Elections Supervisor or VR Chief, neither of whom informed this board of why this happened or even that it happened, then the BRE.

Since you asked for recommendations, I think that the department must show how this happened to Ms. Ferrell and how it will prevent it from recurring. Ask Rick to put his response in writing. What happened to Ms. Ferrell is shameful and should never happen. Thank you for your time.

Subject: District 3 court case

Vernetta, I did tell you that no voter in Atlanta City Council District 3 had been disenfranchised, and I am telling you now that my statement was true as of the day I told you. The verified petition filed in that case was all the information we had when the hearing began. Yesterday I reviewed it. The first allegation in the verified petition was that Antonio Brown had not paid his taxes and therefore should have been disqualified. The second allegation was that numerous registered voters in Council District 3 were erroneously classified as voters within City Council District 4. There were no other allegations or complaints made in writing that we received or could research. As to Mr. Brown and his tax payment status, I knew that the law about that was "problematic" (as stated in the Final Order) and that I didn't have any basis for an opinion, and I'm certain that I said so to you. As to voters properly within City Council District 3 being misclassified as residents of City Council District 4, Rick reported to me that our staff had verified that everyone was in their proper district. That was what I told you when the hearing began. As I reread the judge's final order yesterday, I noted that the order does not say that there was anyone improperly designated in the wrong district. As the hearing went on over three days, I heard that the judge allowed testimony concerning allegations that were not within the verified petition, and that I did not know about at the time we spoke. One of those testifying was Ms. Ferrell. The judge's final order says that Ms. Ferrell testified that she was told she lived in District 4; however, our records show she lives in District 3 and on March 19 "she was told she was at the right place but on the wrong day" (Final Order, pg. 6). I asked Rick what the staff determined to have happened, and his response is below. Even accepting totally what the voter said, and rejecting totally what the poll assistant manager said, we had no ability to prevent the poll managers and pollworkers at Central United Methodist Church from continuing working during the run-off because we did not receive the judge's final order until May 7 (See, Foris Webb's email below), and did not know until voting had concluded that, as stated on the last page of the final order, the judge found "only one error in this Special Election," that being Ms. Ferrell not voting. I believe the department has two options now that the election has been validated. We can ask Rick to fire or discipline the poll manager and staff who worked at Central United Methodist Church, or we can ask that training for providing provisional ballots be re-doubled and emphasized. Because I don't think the facts are clear – I'm sorry that the poll manager was not available to testify – I think that emphasizing and underlining the need to offer provisional ballots is what we need to do. But I would appreciate your recommendation. Mary Carole

One of the poll workers from that precinct testified that she remembered the voter being in the polling place, but in her capacity as assistant poll manager had no recollection of her being told she was unable to vote. The poll manager was unavailable to testify. The assistant poll manager has worked that precinct for twenty years and said that they never turn voters away. The judge sided with the voter in what he wrote. It was a she said-she said situation. In court I remember him stating that the petitioners only came up with one voter that may have been turned away at the polls. He never said in court that he believed the voter definitively from my recollection.

The assistant poll manager worked the runoff. Johnny spoke to her, and later to the poll manager, regarding the

AMERICAN OVERSIGHT

situation. The poll manager had no recollection of turning anyone away. Johnny did some research on the voter and his opinion, based on what he saw, is that the voter was asked by Mr. Clay to come testify that she was turned away because one of the other voters they brought in to testify was caught fibbing on the witness stand about the same type of situation. The judge was unhappy.

Good Day:

On the last page of this Order, the Judge Winegarden ruled that Fulton County made an error when denying Ms. Ferrell her lawful right to vote in the COA Council District 3 March 19th Special Election. Madam Chair, the week of the Special Election Contest hearing you personally told me that no voter had been disenfranchised in COA District 3. Further, that the voters alleging to be disenfranchised were, in fact, electors in COA District 4 who incorrectly assumed that since they previously voted for Byron Amos in APS School Board District 2 that they were eligible to vote in COA Council District 3. The judge's Final Order stated that the error was Fulton and not the voter.

Were there any repercussions for this disenfranchisement? Were the same poll manager and pollworkers who unlawfully turned Ms. Ferrell away at the polls on March 19th allowed to continue working during the run-off?

Rick,

Ms. Ferrell did not vote in the Run-off in April. Although I did stop by Central United Methodist Church on March 19th . I was not present at the time Ms. Ferrell may or may not have stopped in to cast her ballot. I can assure that if Ms. Ferrell was not denied a provisional ballot, due to anything racially motivated. Respectfully it really angers me what she is trying suggest against you, myself and our poll workers. That is the most ridiculous thing I have ever heard.

FYI… the rent in the area where Ms. Ferrell lives is triple my mortgage. I would not categorize her as poor.

Thanks

Johnny

Rick,

I just briefly talked with Johnny about this a couple of minutes ago, and he said that we spoke with Ms. Morgan and her son (the poll manager) before Election Day to make sure they were clear on provisional procedures. Johnny will be in a little later today, and he can discuss some of the other steps we took at that time.

Also, I want to point out that we did not wait until the judge's order on April 15th to take additional action. Based on the allegations by Ms. Ferrell, we provided the attached document (file titled "Notice for April 2019 Runoff") to every poll worker who picked up supplies the Sunday before the runoff election. The notice instructs poll workers to call the office immediately if they have trouble finding voters in the poll book. Furthermore, it instructs poll workers to call the office if the poll book identifies a voter as being ineligible so that our office could double-check the voter's status. As long as poll workers followed these instructions, any voter whose eligibility was in question on the day of

AMERICAN OVERSIGHT

the April runoff should have had their eligibility double-checked by our office. We required that every poll worker who picked up supplies sign stating that they had received the notice and that they agreed to comply with it. The document with signatures is attached to this email as well.

Importance: High

We had a meeting today with all staff that would somehow be involved with Early Voting here at Roswell City Hall. Because you want our hour to be consistent with all other early voting locations, this will cost us extra staff cost after normal business hours so we need the following questions answered:

1. October 15, 2019 to October 18 and October 21 to October 25 – You said those two weeks will be 8:30 to 5 p.m. (Do you not have early voting on October 14 due to Columbus Day?)

a. What is the time needed for our building to be open? Will Poll workers need to be able to get into the building by 7:30 a.m. until 6:00 p.m. (Our building normally opens at 8:00 and closes at 5:00 so we need to know what time staff needs to be here each day). Does it take an hour every morning and every evening to open and close? Or even longer

b. Then October 28 to November 1 – You said that week will be 8:30 to 6 p.m. (same amount of time – an hour before and an hour after?)

c. Saturday, October 26 – I was not given the hours of early voting that day – we need the exact hours and again an hour before and an hour after?

2. How many voting machines will be at this location - need the exact number

3. How many amps for each machine

4. Are they wireless machines or do they plug into a dataport

5. Do all the machines plug in to one switch

6. Does each machine have to plug into a dataport

7. When people come in to vote will they be able to the sign in inside Room G-45? We cannot have them out in the hall doing this.

8. How many poll workers will there be – will they just be using cell phones to call you or IT support if they need assistance?

9. Do you have someone from FC that directs people into the building

10. We will need signs to point people to the proper entrance – I assume you supply all the signs?

We needs these questions all answered as soon as possible for us to make a final decision on having early voting here.

Being that it has always been at the Roswell Library but Fulton County closed the library and not the city, would Fulton County consider paying the cost of our staff to be here after normal business hours. That was a questions from our Mayor.

Can this location here at City Hall have certain hours? We only want it open during regular business hours (so extra staff will not have to be here before or after business hours for budget reasons).

Would we be able to do 8:30 a.m. to 4:30 p.m for the three weeks? We are open 8-5 but this would allow time while the building is always open to get ready and close up each day.

Good day Marlee,

I understand some of your concerns but can Nadine and I do a site visit on Monday at 11 am for an assessment of the room. I will be able to answer some of your questions directly.

Thanking you for all that you do!

Importance: High

We had a meeting today with all staff that would somehow be involved with Early Voting here at Roswell City Hall. Because you want our hour to be consistent with all other early voting locations, this will cost us extra staff cost after normal business hours so we need the following questions answered:

1. October 15, 2019 to October 18 and October 21 to October 25 – You said those two weeks will be 8:30 to 5 p.m. (Do you not have early voting on October 14 due to Columbus Day?)

a. What is the time needed for our building to be open? Will Poll workers need to be able to get into the building by 7:30 a.m. until 6:00 p.m. (Our building normally opens at 8:00 and closes at 5:00 so we need to know what time staff needs to be here each day). Does it take an hour every morning and every evening to open and close? Or even longer

b. Then October 28 to November 1 – You said that week will be 8:30 to 6 p.m. (same amount of time – an hour before and an hour after?)

c. Saturday, October 26 – I was not given the hours of early voting that day – we need the exact hours and again an hour before and an hour after?

2. How many voting machines will be at this location - need the exact number

3. How many amps for each machine

4. Are they wireless machines or do they plug into a dataport

5. Do all the machines plug in to one switch

6. Does each machine have to plug into a dataport

7. When people come in to vote will they be able to the sign in inside Room G-45? We cannot have them out in the hall doing this.

8. How many poll workers will there be – will they just be using cell phones to call you or IT support if they need assistance?

9. Do you have someone from FC that directs people into the building

10. We will need signs to point people to the proper entrance – I assume you supply all the signs?

We needs these questions all answered as soon as possible for us to make a final decision on having early voting here.

Being that it has always been at the Roswell Library but Fulton County closed the library and not the city, would Fulton County consider paying the cost of our staff to be here after normal business hours. That was a questions from our Mayor.

Does this include the cost for reams of paper if we have a system in which the ballots are printed on regular paper stock? Does it account for the cost of ballot stock if we get a system such as Express Vote by ES & S?

Hi Rick,

Attached is budget information for you to review for the November elections. One excel spreadsheet shows personnel, polling location, and equipment details. The other spreadsheet shows a summary of how the cost is divided between cities for the regular special elections and the runoffs.

By my count, 9 of the cities will be requiring city-wide elections. South Fulton will only require elections for city council districts 1, 3, 5, and 7.

Let Brenda or me know if you have any questions. I will be sending you this information for the September elections shortly.

Good Morning All,

Please respond with responsive records.

On 5/30/2019 2:34:27 PM, System Generated Message to [redacted]

Body: Dear Ms. Keisha Carey:

Thank you for submitting an Open Records Request to Fulton County, Georgia.

The County received your Open Records Act request dated May 30, 2019 and has assigned the reference number R002965-053019 for tracking purposes.

Record(s) Requested: If you look at the attached document there were a total of 7, 378 votes casted, by precinct, in the Runoff Election between myself, Keisha Carey and my then opponent Byron Amos for Atlanta BOE District 2, on the date of December 5, 2017. I downloaded the attached report from the Fulton County website. What I am seeking are all the names and mailing addresses of these 7, 378 voters who participated in this election by precinct through open records. I have already spoken with the Georgia Secretary of State's office and they do not have this level of detailed information due to this was not a Statewide race. Please send this information to me via email. [redacted] Thanks

We will send out the request to the appropriate department(s). If you should have any questions or concerns about the requested documents, please feel free to contact the Fulton County Open Records team. If there should be a cost associated with the Open Records Request we will contact you in a timely manner.

Fulton County has a new Open Records Center that allows you to submit and track Open Records Act requests. Please visit the link below to monitor request progress and submit future requests.

At some point, we will, but I expect it won't be until either the December conference or closer to March. I am unsure. The SOS has had little contact with the counties since the purchase.

Rick: Hope you had a great vacation.
We are working on the new website and would like to see if we could set up some days to stage some photos of a few things like an absentee ballot application, the voting machines themselves, one of your early voting signs, etc. We need specific wide angles so if we could stage them it would be a big help. Is there a day next week that might work for you all?

Thanks so much.

Rick,

I have some recruitment ideas, but the problem is how do we determine who is not fit to work or is best fit to work. We need more time to evaluate the poll officials to test them in different situations. Recruitment is really not the issue. Can we meet Monday, if everyone is available.

Thanks

Hey Rick,

Johnny, Sharon, and I talked about changes to poll worker training last week, and we wanted to talk with you about them.

We have only talked about recruitment a little bit. I know Johnny is wanting to rotate some people out of poll manager positions who are not able to keep up with the demands of the job.

Let me know when's a good time for you to talk today and I'll give you a call. Johnny requested today off. Sharon may be in depending on how she's feeling after her injury yesterday.

I am sick, but will see if I get to feeling well enough later in the day to come in. Regardless, you can call me anytime.

CT Martin is outside Commissioner District 6. They have indicated to Sharon they would have to cancel many events in the room we use to accommodate voting.

Southwest Library is an option. I directed Blake and Sharon to research this location earlier this morning after speaking to Vernetta last evening.

We will keep you updated on this matter.

With the BOC'S decision last week to set a fee for municipalities and school districts based on the number of registered voters in a jurisdiction, we are going to refund APS nearly $100,000 for their election and runoff. This will impact the budget we have for this election significantly unless the County gives us a significant sum to fund the elections. Adding another early voting site is going to cost about $20,000-$25,000. Coupling that with the loss of funds from APS hits us hard.

I will request that Finance, Blake and Brenda work together to come up with deficient funds, especially for this added early voting site.

**Subject:** Question - : Milton Revised Invoice for 2019 Election

Good Morning Blake:

This is absolutely awesome news! Our elected officials and city manager will be very pleased with this reduction.

Quick question, in 4.3 i) of the IGA between Fulton and the City of Milton it states:

"The City will pay the County the Sum determined in Exhibit B for the election to be maintained in a separate account. Said amount is due ninety (90) days prior to Election Day."

Since the runoff election (which we may not need) is scheduled for December 3rd, can we pay the $68,124 on or before September 3, 2019? (90 days before the election)?

Thank you so much for your consideration and working so diligently to find cost-savings for our municipality. Have a great day. Sudie

**Subject:** Milton Revised Invoice for 2019 Election

Ms. Gordon,

Good afternoon! I am emailing with some good news on this Monday afternoon.

Our office has been working diligently to find ways to reduce costs for the 2019 municipal elections. Through having discussions with members of our Board of Registration and Elections, members of the Board of Commissioners, and other county departments, we have been able to significantly reduce costs.

One of the major ways we were able to reduce costs was by decreasing the number of early voting sites, days, and hours. We are budgeting for a maximum of 9 locations, and we are no longer planning to have weekend voting. We will provide you with more information later this week.

Attached is a revised Exhibit B and a revised invoice. Please let me know if you have any questions or concerns.

Thank you!

That is a good response. I'd add that early voting is shared by everyone in the county because voters can go anywhere rather than having to vote in the municipality.

You have a there down below rather than their for your future responses. :)

Subject: RE: Questions from City of Milton Election Agreement and Cost Estimate

Ms. Gordon,

Good morning! I will do my best to address your concerns in this email.

First, in regards to the timeline, we can make arrangements to receive your executed agreements around the end of July. That should not be a problem.

Second, I am positive that the candidates will be considered at-large for future elections.

Third, please see the attachments for information regarding the cost of the election. The attachment includes a break-down of costs for the City of Milton, and it also includes information about the percentage of costs for each city. Also, please keep in mind that unused funds will be reimbursed to cities following the elections.

In regards to your question about Alpharetta's estimate compared to Milton's estimate. Alpharetta's city code (section 5.16) states that candidates only need to receive a plurality of votes cast to become elected. That means there is zero chance that Alpharetta will have a runoff; therefore, there cost estimate does not include a runoff. The City of Milton's cost estimate does include a runoff. Usually, the invoice includes the amount needed for a runoff because, if there is a runoff, we will need those funds within three weeks after the general election to begin early voting for the runoff.

Also, here are a few reasons the cost is higher than 2015 and 2017:

1. The City of Atlanta was involved in the 2015 and 2017 elections, so the cost was distributed across many more voters. If Atlanta joins the elections this year, the cost for Milton will decrease significantly.

2. We now do Head of Household mailings before major elections. These mailings are to provide important election information to each household eligible for an election. Since starting these mailings, we have received positive responses from voters and others in the community.

3. We have researched best practices related to poll worker training to try to improve voter experiences by better preparing our poll workers. We have decided to require more hands-on training for our poll workers. Since we are increasing hands-on training, we will need to pay more per election for class instructors, class assistants, and other temporary employees who will assist with the classes.

4. We have also received requests to increase Election Day security, and we have been discussing the best way to do that without raising costs too much. We do anticipate that costs will increase some, however.

Finally, I will discuss the runoff payment timing with our team before responding to that concern.

If you think of any other questions or concerns, please let us know.

Thank you!

Subject: Questions from City of Milton Election Agreement and Cost Estimate

Good Afternoon:

Thank you for sending the City of Milton's Agreement and Cost Estimate. This email will confirm that the following is correct:

Contest(s) to be held: At-Large City Council Districts 1/Post 2, District 2/Post 2 and District 3/Post 2
Voters to be included in the City of Milton Elections: ALL CITY OF MILTON VOTERS
The City of Milton Voters will be voting for the three districts at-large – all voters can vote for each district.

There was an error with the election process last year and during the special election we had one candidate on the ballot (from District 1/Post 2). Fulton County Elections only allowed residents who lived in District 1/Post 2 to vote for the candidate BUT all voters residing in the City were supposed to be able to vote. Dwight and Richard assured us the electors moving forward were at-large.

Since a City Ordinance must accompany the FCDRE agreement, this legislation must run through our elected officials with two council agenda reads and finally ratification. Our next scheduled council meeting is July 8th and then the vote would take place on July 22nd. Since we just received the elections contract today, after July 22nd is the soonest that we can get you the contract.

The cost of the elections for the City of Milton seems extremely high. The estimate for Milton is higher than Alpharetta's and they have twice the # of registered voters than Milton? Will you please send an itemized break-down of the estimated costs and also a listing of other cities which will be utilizing FCDRE for elections this year so we may see the prorate percentages assigned.

Typically we do not prepay the Run-off portion of the estimate since we have never had a runoff and do not expect one this year.

Thank you in advance for your help with these matters. We are looking forward to working with you this year again. Sudie

Dear Ms. Gordon,

I hope you are doing well! Attached you will find the following documents: 1) A letter from Director Barron with important information about the 2019 municipal elections; 2) An agreement for our Department to conduct your city's 2019 election; and 3) An invoice for the projected amount we need to conduct your municipal elections (This invoice is the Agreement's Exhibit B.).

Below is a cost estimate. The cost estimate is subject to change, and it is based on our office conducting elections for ten municipalities. We have been working closely with the City of Atlanta to determine whether they will need us to conduct an election in November. Currently, we have not received definitive plans from them; therefore, we are proceeding under the assumption that the City of Atlanta will not be holding an election. If Atlanta joins the November elections, then we will make adjustments at that time.

Cost estimate:
November Special Election - $154,545.00
December Runoff Election - $112,063.00
Grand Total - $266,608.00

Please verify the following information:
Contest(s) to be held: At-Large City Council Districts 1, 2, and 3 Post 2
Voters to be included in the City of Milton Elections: ALL CITY OF MILTON VOTERS

AMERICAN OVERSIGHT

We would like to receive three executed contracts from your municipality by close of business on July 5, 2019. If you believe you will have difficulty meeting this deadline, please let us know as soon as possible.

Kristen,

Thanks for the quick response! Once we have our new voting system, we would use our county's video production team to produce a series of videos that could be used for the online training. We should not need Scytl to provide a photographer or videographer.

Hi Blake,

We really appreciate you taking the time to explain your needs for your upcoming training cycles and what updates you're looking to make to the online training. We always aim to make the online election training we develop as useful and effective as possible, while meeting your training needs/goals. That being said, we'll work on updating the work orders based on the information you provided below. We do have one question for you. When we first implemented your online training, we visited your office to conduct a video shoot to collect all of the photo and video assets we'd need to

AMERICAN OVERSIGHT

build the online training. We saw you mentioned that you would be recording the welcome video of Rick; were you also planning on taking any new photos/videos that we'd need? Or would you like us to provide the photographer and videographer for a new shoot? If yes, and with your estimate of about 25-30 minutes of developed online content, we'd only need a day (maybe less) to conduct the shoot. Once we have your clarification on that piece, we'll put together the work orders.
We look forward to getting your training updated for you.

Have a great weekend,

Kristen,

Thank you for the email below. We have talked with our team, and we would like 2 price quotes.

First quote:

We have two elections coming up later this year, and we will need to train poll workers on our current equipment. For those elections, we are thinking we will want to make the changes Johnny sent to you, but we'd like to see a quote first. The changes Johnny sent should only require editing the content you already have. In the quote estimate, you can apply the 20 hours of free editing that we receive annually.

Second quote:

We would like another quote of how much it would cost to revise our online training to fit the new voting system. However, we want the online portion of training to only include one course that can be completed in about 25 to 30 minutes. In the work order

AMERICAN OVERSIGHT

sent to Rick, the estimate included 4 courses (Election Day Experience, Election Day Standards, New ePollbook, and New Voting Machines). We are making significant changes to our training by requiring more hands-on learning and less online learning. For this reason, we think having just one online course will help us meet our objectives.

In regards to the one online course that we want for our new voting system, we would like for it to include a recorded welcome from Rick (we will record the video), information about what to expect on Election Day, an introduction to the poll worker team members, an overview of the equipment, and an overview of the different stations inside the polling place.

Thank you for all of your help. Please let me know if you have any questions.

Thank you!

Hi Johnny,

Carlene mentioned that you had some questions concerning the cost associated with the edits you recently sent us for your online training. Your annual assurance does include 20 hours that you may use toward making edits to your online training. However, a few weeks ago we had sent Rick a work order, which outlined the associated cost for making changes to your training because of the new machines you're getting, and we had discounted the 20 hours toward that work order (please see attached for reference). If you'd prefer that we use the 20 hours toward these recent

AMERICAN OVERSIGHT

changes you just submitted, we're happy to do so, just let us know. If that's the case, we'll update the work order we previously sent you, and then we'll also send you a second work order for these recent changes you submitted.
Please let us know if you have any questions.

Hi Blake,

Please find attached the two work orders that you requested. The work order labeled **FUL1901** corresponds to your most recently-requested edits, and **FUL1902** corresponds to the changes we'll need to make based on the new voting system.
Please let us know if you have any questions after you've reviewed the work orders, and if not, please sign and send them back. Once we receive the signed FUL1901, we'll get started on those changes.

Kristen,

Thanks for the quick response! Once we have our new voting system, we would use our county's video production team to produce a series of videos that could be used for the online training. We should not need

Hi Blake,

We really appreciate you taking the time to explain your needs for your upcoming training cycles and what updates you're looking to make to the online training. We always aim to make the online election training we develop as useful and effective as possible, while meeting your training needs/goals. That being said, we'll work on updating the work orders based on the information you provided below. We do have one question for you. When we first implemented your online training, we visited your office to conduct a video shoot to collect all of the photo and video assets we'd need to build the online training. We saw you mentioned that you would be recording the welcome video of Rick; were you also planning on taking any new photos/videos that we'd need? Or would you like us to provide the photographer and videographer for a new shoot? If yes, and with your estimate of about 25-30 minutes of developed online content, we'd only need a day (maybe less) to conduct the shoot. Once we have your clarification on that piece, we'll put together the work orders.
We look forward to getting your training updated for you.

Have a great weekend,

As shown in the attached documents, request for payment was submitted to the Finance Department prior to the actual meeting days which makes it look like we are pre-paying for services. Documents were signed on the 15th of March, prior to two meetings held on March 19th and 25th. This is against our policy and normal practice of paying for services. We have since found out that in November last year the BOC changed the basis for paying the Registration and Elections Board to a flat monthly amount and not by meeting. Therefore, there is no need for them to list the meetings they are attending in the documents submitted to Finance Department for payment going forward. We will reach out to the department and have them resubmit the revised paperwork today so that we can issue checks to the Board members by Wednesday. Please let me know if additional information is needed on this matter. Thanks.

Gosh, I didnt know that the Finance Department could deny the monthly stipend for the Board of Registration and Elections as the stipend is now fixed and will not fluctuate for any reason.

Please copy the BRE and BOC on the Finance Dpt strict restriction referenced in your email below. Thanks for responding on your day off. I appreciate you.

Good Evening All:

This is unchartered territory for both the BRE & DRE

AMERICAN OVERSIGHT

with regards to paying monthly stipends when there are several meetings in the same month. Payment request was submitted to the Finance Dept. and the Finance Dept. denied payment due to pending meetings. Unfortunately, during election months the BRE may experience a delay in payment from the Finance Dept. I have spoken to the Finance Dept. in an attempt to maneuver around the strict guidelines of their department; however, the DRE cannot guarantee the BRE payment by a specific date. We can only assure the BRE that all efforts have been made to ensure timely payment. In closing, I will give the BRE an update on Monday morning when I have access to the financial system.

Respectfully,

I just talked with John Bagwell regarding this.

He said he only needs information for about 20 people on the list he sent Nadine, and it does not matter which 20.

For each of the 20 people, he needs one or two documents that show each person's signature. The document can be anything except the absentee ballot from that election.

He would like to come out to the EPC at some point week after next.

Nadine, how difficult will it be to pull the information he needs?

Rick/Blake,
John Bagwell of the SOS came by the EPC asking for documents with signatures from the voters listed on the attachment. Please advise if this investigation has been cleared to proceed. If we are to pull the Dec 2017 voter certificates or advance voting application for each voter will need their voting precincts or advance voting location and dates.

**COALITION PLAINTIFFS' FIRST SET OF INTERROGATORIES TO MEMBERS OF THE FULTON BOARD**

Pursuant to Rules 26 and 33 of the Federal Rules of Civil Procedure, Plaintiffs request that the Fulton Board respond to the following Interrogatories under oath within 15 days after the date of service hereof.

**DEFINITIONS**

1. The term "action" means the instant litigation.

2. The terms "all" or "any" mean "each and every."

3. The term "communications" means any oral, written, or electronic transmission of information, including without limitation any face-to-face meetings, letters, emails, text messages, social media messaging, or telephone calls.

AMERICAN OVERSIGHT

4. The terms "cast vote record" and "ballot image report" mean the human readable electronic representation of an individual voted ballot.

5. The term "document" is intended to be as comprehensive as the meaning provided in Rule 34 of the Federal Rules of Civil Procedure, and includes, without limitation, all originals of any nature whatsoever, and all non-identical copies thereof, pertaining to any medium upon which intelligence or information is recorded, including electronic storage, in your possession, custody or control, regardless of where located; including, without limiting the generality of the foregoing, emails, spreadsheets, databases, papers, punch cards, printout sheets, movie film, slides, phonograph records, photographs, microfilm, notes, letters, memoranda, ledgers, work sheets, books, magazines, notebooks, diaries, calendars, appointment books, registers, charts, tables, papers, agreements, contracts, purchase orders, acknowledgments, invoices, order confirmations, authorizations, budgets, analyses, projections, transcripts, minutes of meetings of any kind, correspondence, telegrams, drafts, data processing discs or tapes, and computer produced interpretations thereof, x-rays, instructions, announcements, schedules, price lists, and mechanical or electric sound records and transcripts thereof. In all cases, where

AMERICAN OVERSIGHT

originals are not available, document also means identical copies of original documents.

6. The term "EAC" means the U.S. Election Assistance Commission.

7. The term "Fulton Board" means members of the Fulton County Board of Registration and Elections, Mary Carole Cooney, Vernetta Nuriddin, David J. Burge, Stan Matarazzo, Mark Wingate and Aaron Johnson and all employees, agents, representatives, subsidiaries, affiliates, assignees, or other persons acting or purporting to act on behalf of the Fulton Board.

8. The term "GEMS Database" means the Diebold system Microsoft Access database used for programming, recording and reporting the referenced election. It shall have the same meaning as "GEMS database" as used in the Rules and Regulations of the State of Georgia, including Rule 183-1-12.07(5) and (6).

9. When referring to a cast vote record (or ballot image report), the term "to identify" means to link the cast vote record to a specific voter or to make the cast vote record reasonably linkable to a specific voter if it were combined with one or more other pieces of information that are publicly available, commercially available, available to the Defendants, or available by observation. A cast vote record is "identifiable" if it is linked or reasonably linkable to a specific voter, either on its

AMERICAN OVERSIGHT

own or in combination with one or more other pieces of information that are publicly available, commercially available, available to the Defendants, or available by observation.

10. When referring to other documents, "to identify" means to give, to the extent known, the (A) type of document; (B) general subject matter; (C) date of the document; and (D) author(s), address(es), and recipient(s).

11. The term "person" means any individual, corporation, partnership, proprietorship, association, organization, governmental entity, group of persons or any other entity of whatever nature.

12. The terms "relate to" or "relating to" means consisting of, referring to, regarding, reflecting, supporting, prepared in connection with, used in preparation of, or being in any way logically or factually connected with the matter discussed.

13. The term "Secretary" means the Secretary of State of Georgia and the Office of Secretary of State and all employees, agents, representatives, subsidiaries, affiliates, assignees, or other persons acting or purporting to act on behalf of the Secretary.

14. When referring to a cast vote record (or ballot image report), the term "unique identifier" means any information capable, on its own or in combination

AMERICAN OVERSIGHT

with other information, of uniquely identifying the cast vote record (or ballot image report). Examples include but are not limited to a serial number, ID number, or other unique combination of letters, numbers or symbols.

15. The term "undervote" means a lack of indication on a cast ballot about the voter's choice for a given contest.

16. The terms "you," "your," and "yours" refer to the members of the Fulton County Board of Registration and Elections, as defined above, and all employees, agents, representatives, subsidiaries, affiliates, assignees, or other persons acting or purporting to act on behalf of the Fulton Board.

## INSTRUCTIONS

1. These interrogatories are continuing in nature and Plaintiffs reserve the right to request that You supplement Your responses to the fullest nature required by the Federal Rules of Civil Procedure and Local Rules. Plaintiffs reserve the right to serve further interrogatories on You.

2. The present tense shall be construed to include the past tense and the past tense shall be construed to include the present tense as necessary to bring within the scope of these interrogatories any information that might otherwise be construed to be outside their scope.

AMERICAN OVERSIGHT

3. The singular shall be construed to include the plural and the plural shall be construed to include the singular as necessary to bring within the scope of these interrogatories any information that might otherwise be construed to be outside their scope.

4. The words "and" and "or" shall be construed either disjunctively or conjunctively, or as "and/or" as necessary to make the interrogatory inclusive rather than exclusive, and to bring within the scope of the interrogatory all responses that might otherwise be construed to be outside its scope.

5. If you are unable to answer or respond fully to an interrogatory, answer or respond to the fullest extent possible and specify the reasons for your inability to answer or respond in full.

## INTERROGATORIES

### INTERROGATORY NO. 1

Describe in detail the use and application of unique identifiers on DRE ballots during elections conducted in 2017 and through May 31, 2019. Include in your response the manner in which unique identifiers were applied to certain ballots, what types of DRE ballots were assigned unique identifiers, any records or information in

AMERICAN OVERSIGHT

which a cast vote record was identified or identifiable, and the names of individuals who have knowledge of the process described.

**INTERROGATORY NO. 2**

Describe in detail any process, procedure, past or current practice, instructions, method, incident, or occurrence in which a DRE-generated cast vote record is, was, or could be identified or made identifiable, and the names of individuals who have knowledge of the topics covered in your response, and identify documents that reflect such methods of identification.

**INTERROGATORY NO. 3**

Identify any County employee, elected official, candidate for elected office, election official, law enforcement officer, or other known person who has identified a cast vote record after January 1, 2017, describe the circumstances in detail and identify documents reflecting or referencing that identification.

**INTERROGATORY NO. 4**

Describe in detail DRE voting system security enhancements, changes and improvements implemented since September 1, 2018, including whether the changes were initiated by the Secretary or by Fulton County. Include in your response the

AMERICAN OVERSIGHT

names of individuals with knowledge of the topics covered, and identify documents which reference these changes.

**INTERROGATORY NO. 5**

Describe in detail the nature and operating issues involved as a result of the "software glitch" in the electronic pollbooks as described to the Fulton County Election Board in the April 22, 2017 meeting, and any subsequent resolution of this "glitch." Include in your response the names of individuals with knowledge of the specifics of the technical issue, and identify documents which reference this issue.

**INTERROGATORY NO. 6**

Describe in detail measures taken to investigate, analyze, and research the potential impact and extent to which Russian agent Anatoliy Sergeyevich Kovalev probed, extracted information or infiltrated the Fulton County elections website. Include in your response your review of information provided by or to other government agencies related to this matter. The WABE report of this activity is attached on Exhibit A. Include in your response the names of individuals with specific knowledge of this topic, and a description of the documents relating to these facts and documents.

AMERICAN OVERSIGHT

**INTERROGATORY NO. 7**

Describe in detail what actions, including analysis, research, and mitigation efforts were undertaken in response to the information provided by the EAC and the FBI in the August 18, 2016 FBI Flash Alert. (Exhibit B) Include in your response the names of individuals with specific knowledge of this topic, and a description of the documents relating to these facts and efforts.

**INTERROGATORY NO. 8**

Describe in detail all efforts undertaken by the Fulton Board or consultants to the Fulton Board to analyze the pattern of undervotes in the Lieutenant Governor's contest reflected on the DRE machines in the November 6, 2018 election. Your description should include the names of person performing the reviews, what records (including electronic records) were reviewed, and what conclusions were reached. Include in your response the names of individuals with specific knowledge of such efforts, and a description of the documents in your possession relating to such efforts.

This 8th day of June, 2019.

# Russian Agent Visited Election Websites For 2 Metro Atlanta Counties In 2016

Jul 27, 2018

A voter leaves a polling site after casting a ballot in Marietta. The Georgia Secretary of State's office says in 2016 an officer in a Russian spy agency accessed public election information on websites for Cobb and Fulton counties.

A Russian agent accused of interfering in the 2016 presidential race visited the election websites of two metro Atlanta counties.

AMERICAN OVERSIGHT

The Georgia Secretary of State's office says in 2016 Anatoliy Sergeyevich Kovalev, an officer in the Russian spy agency, accessed public election information on websites for Cobb and Fulton counties.

Federal officials say Kovalev looked at a page with job postings on Cobb County's website and visited a listing of qualified candidates on Fulton County's website.

State elections officials say there is no evidence the websites were compromised.

"The federal government does not have information as to what actions the operative took in order to identify vulnerabilities," said Candice Broce, a spokeswoman for the Georgia Secretary of State's office.

"But we all assume that the operative was conducting research for potential operations, such as spear phishing campaigns against elections officials using publicly accessible email addresses," she continued.

Broce says her office has issued an advisory to elections officials in all 159 Georgia counties.

An indictment from the U.S. Justice Department in July said Russian intelligence officers visited the websites of counties in Georgia, Iowa and Florida in October 2016 to identify vulnerabilities.

Dear Standards Board Member,

On behalf of EAC Commissioner Christy McCormick, as the agency's DFO for the Standards Board, I am sending the attached security document to you that has been provided to us recently by the Federal Bureau of Investigation. The FBI has asked that we share this document expressly with election officials.

You'll see that the document identifies specific Internet Protocol (IP) addresses and recommends that election officials scan their systems to ensure these IP addresses are not accessing election systems.

Please share this with other election officials in your state, respecting the FBI's designation that this information be shared on a need-to-know basis only. The attachment is non-classified, but it is not intended for distribution outside of the election administrator community.

## Targeting Activity Against State Board of Election Systems

### Summary

The FBI received information of an additional IP address, 5.149.249.172, which was detected in the July 2016 compromise of a state's Board of Election Web site. Additionally, in August 2016 attempted intrusion activities into another state's Board of Election system identified the IP address, 185.104.9.39 used in the aforementioned compromise.

### Technical Details

The following information was released by the MS-ISAC on 1 August 2016, which was derived through the course of the investigation.

In late June 2016, an unknown actor scanned a state's Board of Election website for vulnerabilities using Acunetix, and after identifying a Structured Query Language (SQL) injection (SQLi) vulnerability, used SQLmap to target the state website. The majority of the data exfiltration occurred in mid-July. There were 7 suspicious IPs and penetration testing tools Acunetix, SQLMap, and DirBuster used by the actor, detailed in the indicators section below.

Indicators associated with the Board of Elections intrusion:

- The use of Acunetix tool was confirmed when "GET /acunetix-wvs-test-for-some-inexistent-file - 443" and several requests with "wvstest=" appeared in the logs;

AMERICAN OVERSIGHT

- The user agent for Acunetix was identified in the logs – "Mozilla/5.0+(Windows+NT+6.1;+WOW64)+AppleWebKit/537.21++(KHTML,+like+Gecko)+Chrome/41.0.2228.0+Safari/537.21";

- The use of SQLMap was confirmed after "GET /status.aspx DLIDNumber=1';DROP TABLE sqlmapoutput" appeared in the logs;

- The user agent for SQLMap is "Mozilla/5.0+(Macintosh;+U;+Intel+Mac+OS+X+10.7;+en-US;+rv:1.9.2.2)+Gecko/20100316+Firefox/3.6.2 200 0 0 421" (These are easily spoofed and not inclusive of all SQLMap activity);

- The user agent for the DirBuster program is "DirBuster-1.0-RC1+(http://www.owasp.org/index.php/Category:OWASP_DirBuster_Project<http://www.owasp.org/index.php/Category:OWASP_DirBuster_Project> )";

IP Addresses:

- 185.104.11.154
- 185.104.9.39
- 204.155.30.75
- 204.155.30.76
- 204.155.30.80
- 204.155.30.81
- 89.188.9.91
- 5.149.249.172 (new, per FBI)

**Recommendations**

The FBI is requesting that states contact their Board of Elections and determine if any similar activity to their logs, both inbound and outbound, has been detected. Attempts should not be made to touch or ping the IP addresses directly.

**Recommended Steps for Precautions**

The FBI recommends all states take the following precautions to their state Board of Election databases:

- Search logs for commands often passed during SQL injection: SELECT, INSERT, UNION, CREATE, DECLARE, CAST, EXEC, and DELETE, ', %27, --

- Search logs for privilege escalation attempts
  - Looking for references to "cmd.exe" and "xp_cmdshell" (IIS only)
  - Common to see these following SQL injection (logical next step)
  - Can limit search to entries with HTTP status code 200 (success)

AMERICAN OVERSIGHT

- Search for signs of directory enumeration/traversal of the web server file system (used to identify the type of scripting language a web server supports)
    - *Looking for series of unsuccessful connections with strange URI strings, such as*:
        - GET /Login//..%5c..%5c..%5c..%5c..%5c..%5c..%5c..%5cetc/passwd
        - GET /images"OTA2NjAw%40
        - GET /Login//../../../../../../../../etc/passwd
        - GET /Login//../../../../../../../../windows/win.ini
            - Shortly after these requests you should see SQL injection in the logs
            - May also be "..\..\.."

The following recommendations were released by the MS-ISAC on 1 August 2016.

- Conduct vulnerability scans on local government and law enforcement websites and promptly remediate any vulnerabilities (or contact your hosting provider to do so on your behalf). Particular attention should be paid to SQLi vulnerabilities. Website hosting providers should also pay attention to vulnerabilities on other websites on the same server, which may provide a back-door into the local government's website.

- Ensure all software and applications, especially content management software, are fully patched.

- Create custom, general error messages for the web application to generate, as malicious cyber actors can gain valuable information, such as table and column names and data types, through default error messages generated by the database during a SQLi attack.

- Validate user input prior to forwarding it to the database. Only accept expected user input and limit input length. This can be done by implementing a whitelist for input validation, which involves defining exactly what input is authorized.

- Implement the principle of least privilege for database accounts. Administrator rights should never be assigned to application accounts and any given user should have access to only the bare minimum set of resources required to perform business tasks. Access should only be given to the specific tables an account requires to function properly.

- The database management system itself should have minimal privileges on the operating system, and since many of these systems run with root or system level access by default, it should be changed to more limited permissions.

- Isolate the web application from the SQL instructions. Place all SQL instructions required by the application in stored procedures on the database server. The use of user-created stored procedures and prepared statements (or parameterized queries) makes it nearly impossible for a user's input to modify SQL statements because they are compiled prior to adding the input. Also, have the application sanitize all user input to ensure the stored procedures are not susceptible to SQLi attacks.

- Use static queries. If dynamic queries are required, use prepared statements.

AMERICAN OVERSIGHT

- Enable full logging on web servers and email servers to aid in forensic and legal responses if a breach does occur.

Organizations should not attempt to connect to any of the IP addresses or domain names referenced in this FLASH. IN THE SUPERIOR COURT OF FULTON COUNTY

STATE OF GEORGIA

MARC ANTHONY BOYD and

Petitioners,

v.

ANTONIO BROWN, FORIS WEBB, III, in his capacity as Election Superintendent of the City of Atlanta, and FULTON COUNTY BOARD OF REGISTRATION AND ELECTIONS

Respondents.

CIVIL ACTION FILE

NO. 2019CV318734

SHALISE YOUNG, MATTHEW CHARLES CARDINALE, JABARI SIMAMA, ERIKA ESTRADA, BYRON AMOS, RICKY BROWN and MESHA MAINOR

Other Candidates in District 3 Special Election

FINAL ORDER

This matter is before the Court on a Verified Petition to Contest the City of Atlanta's March 19, 2019 Special Election results per O.C.G.A. 21-2-524. A hearing was held on April 8, 2019, April 10, 2019 and April 11, 2019. At the conclusion of the hearing the Court entered an Order denying the relief sought in the Petition. That handwritten Order was filed with the Clerk of Court on April 12,

AMERICAN OVERSIGHT

2019. The Court entered that Order so that there would be a ruling in the case as soon as possible in light of the fact that a run-off election was scheduled to take place on April 16, 2019, and early voting was already taking place. That Order provided that a more comprehensive Order would be filed at a later time to supplement the original Order. This Order is hereby entered to supplement the Order filed on April 12, 2019.

## FINDINGS OF FACT

Atlanta City Councilman Ivory Lee Young, Jr., representing District 3 on the City Council, died in November of 2018. There is a substantial period of time left on his term of office.

As a result of the vacancy, the City of Atlanta contracted with Fulton County to conduct a Special Election on Tuesday March 19, 2019 to fill Mr. Young's seat.

When the election was held on March 19th there were nine candidates on the ballot. The candidates were, Byron Amos, Antonio Brown, Ricky Brown, Matthew Cardinale, Greg Clay, Erika Estrada, Mesha Mainor, Jabari Simama and Shalise Young.

The election results showed that the three candidates receiving the most votes were Byron Amos with 359 votes, Antonio Brown with 296 votes and Greg Clay with 293 votes. No other candidate received more than 165 votes. A total of 1531 votes were counted.

As no candidate received more than 50% of the vote, Byron Amos and Antonio Brown, as the two top finishers were designated to compete in a run-off election on April 16, 2019. The third place finisher, Greg Clay requested a re-count. The re-count was conducted and the results remained unchanged. The election was certified on March 22, 2019.

On March 27, 2019 Greg Clay along with elector Marc Anthony Boyd filed this election contest petition alleging that Antonio Brown was ineligible to be a candidate in this election because he owed State income taxes and should be disqualified under Article 2, Section 2, Paragraph III of the Georgia Constitution. They also alleged that misconduct and or errors during the registration process, during the voting or in the counting of the ballots were sufficient to change or

AMERICAN OVERSIGHT

place in doubt the result of the election. The Petitioners contend that if either the allegations against Antonio Brown or the voting process could be proven, that would necessitate a new Special Election, with or without Antonio Brown.

The Court scheduled the hearing in this case for April 8, 2019. At the beginning of the hearing the Petitioners declared that all Respondents and all other candidates had acknowledged service or had been properly served. No one present challenged service on any Respondent or candidate.

At no time prior to the call of the case nor at any time during the three days of the hearing did any party or candidate request a jury trial as provided by O.C.G.A. 21-2-526, nor did the subject come up at any time.

Petitioner Marc Anthony Boyd never appeared in person at the hearing, but he and Petitioner Greg Clay, who was present, were represented by counsel. The three Respondents were present and represented by counsel.

O.C.G.A. 21-2-524(f) provides that any candidate in an election contested under that code section shall be deemed a litigant to such proceeding. At the call of the case candidates Matthew Cardinale, Mesha Mainor and Jabari Simama appeared pro-se. Mr. Cardinale and Ms. Mainor requested to participate in the proceeding and were allowed to do so, including making arguments, asking questions of witnesses and calling their own witnesses. Mr. Simama chose not to participate but observed much of the proceedings. Candidate Byron Amos appeared later on April 8th for a short period of time but chose not to participate. Candidate Ricky Brown appeared on April 11th for a short period of time. He requested to participate and was allowed to do so.

Shortly after the proceedings began, Mr. Cardinale filed a cross-claim which was joined in by the Petitioners as an amendment to their Petition.

According to the evidence, Antonio Brown filed his income tax return for the year 2016 on June 30, 2017 reflecting a tax amount due of $3995. Antonio Brown testified the taxes were not paid with the return. Mr. Brown testified that when the 2016 tax return was filed in 2017 the taxes were not paid because his CPA was working on a payment plan with the Department of Revenue. The taxes remained

AMERICAN OVERSIGHT

unpaid, and Mr. Brown testified that sometime after January 2019 a proposed payment plan was rejected because he had not yet filed his 2017 tax return.

On August 28, 2018 the Georgia Department of Revenue filed a State Tax Execution with the Fulton County Clerk of Superior Court for the 2016 tax liability of $3995 plus interest, penalty, collection fee and cost for a total of $5690.33.

Mr. Brown testified that the Execution filed on August 28, 2018 was unknown to him prior to this lawsuit, when a copy of the Execution was attached to the Petition.

Mr. Brown testified that in September 2018, with the assistance of his CPA, he filed an amended tax return for the year 2016 which reduced his tax liability to $437.00. Mr. Brown testified that the amended return was to correct an erroneous Form 1099 showing payments as income to Mr. Brown or his business that were greater than the amount actually paid to Mr. Brown or his business. He indicated that he tried unsuccessfully to get a corrected Form 1099 from the entity that provided it, which occasioned the delay in filing the amended return.

Mr. Brown testified that he had met with the Georgia Department of Revenue over the past six months. He further testified that he was told by the Department of Revenue not to pay the $437 tax liability on the amended 2016 return until the amended return was accepted by the Department of Revenue.

On January 25, 2019 Mr. Brown filed his Notice of Candidacy and Affidavit for the District 3 Special Election. He testified he knew he owed $437 taxes to the State when he qualified. He further testified that he had no reason to know he was a "defaulter" on his taxes when he applied to run for the City Council.

Mr. Brown testified that subsequent to the filing of this lawsuit, and prior to April 8, 2019 he paid the $437 taxes plus penalty, interest etc. Mr. Brown also introduced a document which released the August 28, 2018 Execution.

The Court can recall no evidence presented during the hearing to disprove the testimony of Mr. Brown regarding his tax situation.

AMERICAN OVERSIGHT

The Petitioners allege in paragraph 31 of their Petition that "Numerous registered voters that reside within City of Atlanta Council District 3 were erroneously classified by Respondents Fulton County/City of Atlanta to City of Atlanta Council District 4".

The Petitioners in their Amended Complaint filed April 8th and candidate Matthew Cardinale's Cross-Claim filed the same day allege that absentee ballots submitted in the March 19, 2019 Special Election "were illegal, uncounted or miscounted".

The Petitioners submitted into evidence the precinct cards for four registered voters, Dominic Culbreath, Phyllis Tolbert, Shadreen Rainey and Raymond Washington. The Respondent Fulton County Board of Registration and Elections submitted into evidence the Voter Registration cards of these four registered voters. Ms. Tolbert's registration card was handwritten and the other three came from the Department of Driver Services.

Petitioners presented various documents and photographs in an effort, at least in part, to establish that there are no such addresses or structures at locations indicated on the four precinct cards. One supposition was that the "SW" or "NW" designations on the addresses were erroneously provided by election officials or employees. This, the Petitioners suggest, caused these voters to be designated in District 4 as opposed to being properly assigned to District 3. Accordingly, they suggest, these four voters were denied the right to vote in this Special Election.

None of these four voters testified. No one testified that anything on the precinct card caused these voters to not be allowed to vote on March 19th. None of these persons voted on March 19th. No one testified that any of them made any effort to vote in this election. No one provided any testimony to prove that any election official or employee put any incorrect information on any precinct card. There was no testimony as to whether these individuals lived at the addresses listed, or similar addresses at the time of the election. There is no evidence that any of these voters were alive at the time of the election. The evidence was that neither Ms. Rainey, Ms. Tolbert nor Mr. Culbreath have ever voted in any Atlanta City election.

AMERICAN OVERSIGHT

The evidence was that six Provisional Ballots were cast in this election and that four were rejected and two were allowed to be counted. These ballots were examined by the Court and the parties.

The evidence was that forty-eight Absentee Ballots were voted and two were rejected. The Court and the parties examined the rejected ballots as well as several Absentee Ballots the Petitioners wished to view.

The Absentee Ballot of Bessie Lee Davis was called into question by the Petitioners. Ms. Davis was referred to as an "older" or "elderly" woman. Ms. Davis apparently obtained an Absentee Ballot and returned it to be counted with a postmark of March 1, 2019. It was received by the Fulton County Registration and Elections office on March 5, 2019. The oath located on her ballot which required her address, date of birth and signature was not completed. She was notified of the deficiency and she was sent a new Absentee Ballot. At some point, her son contacted the Elections office to say she had not received the second ballot. The Elections office then emailed her a form with the oath to be completed and faxed back to the Elections office. The oath was completed and signed and then faxed back to the Elections office, having been received at the office at 8:15 am on March 19, 2019. The testimony was that only one ballot, the first one Ms. Davis was sent, was counted. The second ballot was never returned to the Elections' office.

Jaimeka Ferrell testified that she resided in Atlanta City Council District 3 and that she was registered to vote on March 19, 2019. She testified she went to her polling place at the Central United Methodist Church to vote on March 19, 2019. She was told that she was at the right place but on the wrong day. ( Testimony was later presented that the Central United Methodist Church serves as a polling place for both District 3 and District 4 elections). She was advised that she lived in District 4 and could not vote in the Special Election.

Ms. Ferrell also testified that she did not remember being offered a Provisional Ballot. She testified that she would have voted had she been offered a Provisional Ballot.

The Fulton County Board of Registration and Elections called Albertina Morgan as a witness. Ms. Morgan testified that she worked as a Poll Assistant

AMERICAN OVERSIGHT

Manager at the Central United Methodist Church for the Special Election on March 19th. She recalled seeing Jaimeka Ferrell at her polling place on March 19, 2019. She further testified that her polling place processed no Provisional Ballots on March 19, 2019.

## CONCLUSIONS OF LAW

The Petitioners contend that Antonio Brown was not eligible to be on the ballot for the March 19, 2019 Special Election because of the provisions contained in the Georgia Constitution at Article 2, Section 2, Paragraph III. That paragraph provides, in pertinent part that:

> No person…who is a defaulter for any federal, state, county, municipal or school system taxes required of such officeholder or candidate if such person has been finally adjudicated by a court of competent jurisdiction to owe those taxes, but such ineligibility may be removed at any time by full payment thereof, or by making payments to the tax authority pursuant to a payment plan, or under such other conditions as the General Assembly may provide by general law; … shall be eligible to hold any office or appointment of honor or trust in this state.

The above language regarding ineligibility for non-payment of taxes was added to the Georgia Constitution in 2002. All counsel present during the hearing, as well as the Court agreed, that to the best of their knowledge no case has been decided by the Georgia Supreme Court or the Georgia Court of Appeals related to the above language added in 2002.

With all due respect to the General Assembly, this Court finds this provision of the Constitution, as worded, very problematic for a candidate or officeholder to accurately interpret, as it seems confusing, vague and perhaps misleading.

AMERICAN OVERSIGHT

In this case Antonio Brown filed a tax return for 2016 in June 2017 with a balance due of $ 3995.00. In September 2018 he filed an amended return for the year 2016 with a balance owed of $ 437.00. (The Court notes that this was before the death of Councilman Young.) This Court is unsure of if and when the Georgia Department of Revenue accepted the amended return. Mr. Brown testified he was unaware of the Tax Execution filed on August 28, 1018 until he was served with this lawsuit on April 3, 2019. He paid the tax due along with interest and penalty based on the amended return on April 5, 2019.

There is no evidence in the record to prove that Mr. Brown "had been finally adjudicated by a court of competent jurisdiction" to owe any taxes when Mr. Brown qualified to run for the Atlanta City Council or at any time since.

The Constitutional provision at issue here seems to allow an officeholder who does owe taxes to remove the ineligibility to hold his or her office by making full payment "at any time". The literal meaning of "at any time" would seem to be limitless. This Court would suggest that the provision might be interpreted to require payment "promptly", "expeditiously" or in a "reasonable" period of time.

It would seem that if an officeholder can remove the ineligibility while in office then a candidate should be able to do the same while a candidate.

Mr. Brown was served with this lawsuit on April 3, 2019. He paid his taxes and the August 28, 2018 execution was released on April 5, 2019. Using either the "promptly", "expeditiously" or "reasonable" standard Mr. Brown removed any alleged ineligibility "at any time" on April 5th.

Mr. Brown was properly included as a candidate in the March 19, 2019 Special Election and is properly included as a candidate for the run-off, as this Court interprets the provisions of Article 2, Section 2, Paragraph 3 of the Georgia Constitution.

O.C.G.A. 21-2-522 provides, in pertinent part, as follows:

> A result of a primary or election may be contested on one or more of the following grounds:
>
> (1)Misconduct, fraud, or irregularity by any primary or election

AMERICAN OVERSIGHT

official or officials sufficient to change or place in doubt the result;

(2) When the defendant is ineligible for the nomination or office in dispute;

(3) When illegal votes have been received or legal votes rejected at the polls sufficient to change or place in doubt the result;

(4) For any error in counting the votes or declaring the result of the primary or election, if such error would change the result.

This court finds only one error in this Special Election based on the evidence presented. Jaimeka Ferrell testified she was a registered voter in District 3 and that she presented herself at her correct polling location and was not permitted to vote.

The Court finds no other errors, misconduct, fraud, or irregularities in this election.

Since the Petitioner Greg Clay lost by a margin of three votes, the finding of only one error would not invalidate the March 19, 2019 Special Election.

This Court finds no reason to invalidate the results of the March 19, 2019 Special Election, and will not do so.

Accordingly, pursuant to O.C.G.A. 21-2-527 this Court hereby declares that Byron Amos and Antonio Brown are the qualified candidates eligible to compete in the run-off election on April 16, 2019 to fill the District 3 seat on the Atlanta City Council.

SO ORDERED, this 15th day of April, 2019.

Dear Ms. Cobb,

This letter is to inform you that the Fulton County Department of Registration and Elections is prepared to perform the City of Alpharetta General Municipal Election on November 5, 2019.

I have enclosed three original agreements along with the projected cost. All three copies of the agreement will need to be signed by the appropriate authority in your municipality. The projected cost is subject to change, and it is based on our office conducting eleven municipal elections.

All three executed agreements must be received in our office no later than the close of business on Friday, July 5, 2019, in order for us to submit your executed agreement to the Fulton County Board of Registration and Elections and the Board of Commissioners for their approval prior to the election.

Once approved by the Board of Commissioners, we will submit a fully-executed agreement back to you for your records.

Additionally, please provide copies of the following with the executed agreement:

- Check made payable to "**Fulton County Department of Finance"**
- Copy of City Charter
- Resolution calling the election
- Copy of Ordinance authorizing Fulton County to conduct the 2019 Municipal General Election

At or before noon on the third day after the deadline for qualifying, the certified list of qualified candidates should be submitted to our office. Please include the following with your certified list of candidates:

- A copy of the Notice of Candidacy and Affidavit showing how the candidate desires his or her name to appear on the ballot
- Number of candidates to be elected per office

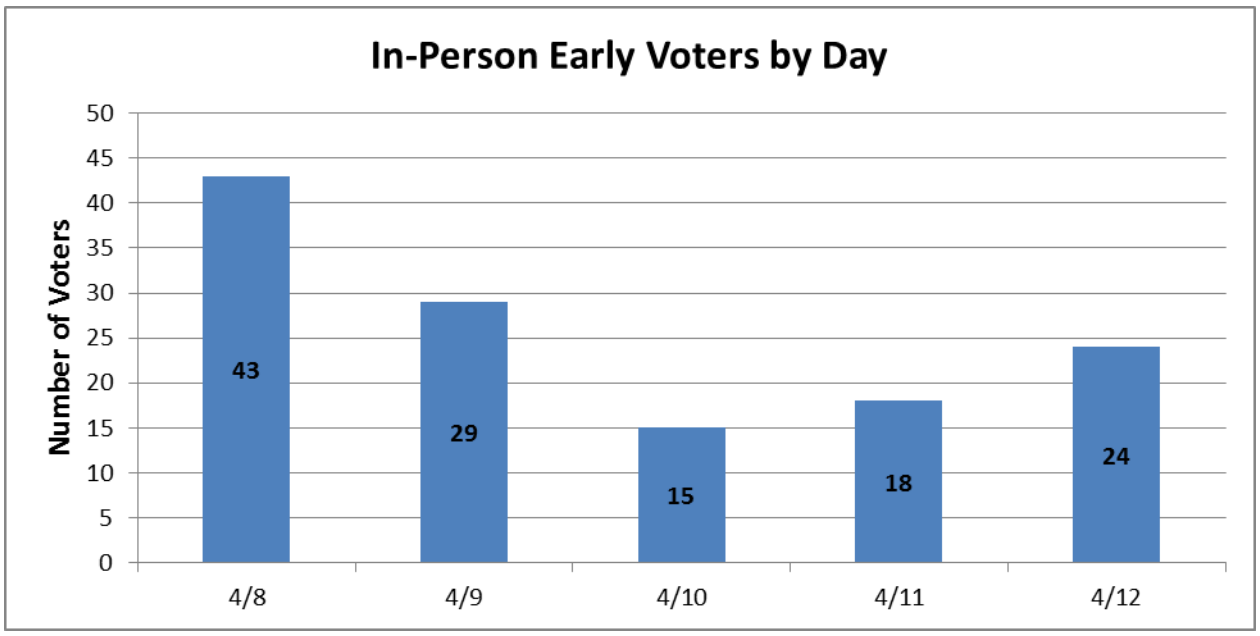
# ELECTIONS DIVISION

This operations report concerns activities and tasks performed during April. A major focus was the conduct of the April 16th Special Runoff Election for the City of Atlanta's Council District 3 contest. We have also continued preparing for a likely September special election for Atlanta Public Schools (APS).

**Personnel Staffing:**
We have our full complement of permanent staff. Supplemental staff assisted us in administering the April 16th election. Their final day with us was April 30th. We will bring back supplemental staff in July for the APS special election.

**Staffing Development and Training**:
Sharon Benjamin remains enrolled in Fulton County's Certified Public Manager's (CPM) class.

**Election Day Poll Worker and Election Night Worker Support:**
Thanks to the efforts of our staff and poll workers, all polling locations opened on time April 16th. Additionally, they all reported to the Election Preparation Center on election night by 9:16pm (polls closed at 8:00pm).



**Poll Worker/Staff Training:**
We are in the process of revising our Election Day Poll Worker training. For the upcoming APS election and the November elections, all poll workers will be required to attend hands-on training in order to work on Election Day. Poll Managers will be trained directly by our full-time staff. Assistant Managers and Clerks will be trained by qualified instructors and class assistants who will be trained by our full-time staff.

We are currently in discussions with our online training vendor, Scytl, to revise the online portion of our training to better meet the needs of our poll workers. We are re-evaluating the role of online training. Its footprint the training mix is going to decrease over time.

**Early Voting:**
Early Voting for the April 16th special election concluded on Friday, April 12th. We had a total of 129 people cast ballots during the early voting period. The following chart displays turnout by day.

AMERICAN OVERSIGHT

We are anticipating having one early voting site for the APS special election (Government Center), and we are in the process of securing early voting sites for the November municipal elections. We plan to have about 14 early voting sites for the municipal elections.

**Election Preparation:**

We are actively preparing for the APS special election. We have determined supplemental staffing and poll worker needs.

We mailed letters to every city clerk in Fulton County to inquire as to whether their cities will need our services in November. Furthermore, we are planning to invite all clerks to a meeting to discuss the upcoming elections and to answer any questions they may have. We requested that one city volunteer to host the meeting because we know parking in downtown Atlanta can be difficult, which occasionally leads to poor meeting attendance.

**Election Equipment:**

A legal hold remains on 694 DRE voting units from the April 18, 2017 and June 20, 2017 6th Congressional Special Election and Special Election Runoff. No resolution is on the horizon.

We are actively researching information about possible new voting systems so we can prepare to implement a new system later this year. We plan to use the new system for by-mail absentee, provisional tabulation and early voting during the November municipal elections.

**Polling Facilities/ Polling Place Proposals**

We have been actively searching for new polling locations and conducting site visits. We will continue submitting polling location proposals to increase the number of locations over the next few months. We anticipate that the number of polling locations will increase from 183 to about 206 if the proposals are approved.

Also, we are reaching out to all libraries to identify facilities that will be unavailable in 2019 and 2020 due to closures, major construction, change of ownership, etc.

AMERICAN OVERSIGHT

**Tasks to Be Performed for Future Reporting Periods:**

- Prepare for 2019 Municipal General Elections.
- Prepare for Atlanta Public School Special Election.
- Prepare for the new election system.
- Research, discuss, and develop ways to improve poll worker training.
- Continue searching for new polling locations and conducting site visits.
- Review and update election night check-in procedures.
- Research, discuss, and develop ways to improve election night reporting times.
- Review and update, if necessary, election security procedures.

**RE:** **Monthly Operations Report – March 2019**

**DATE:** April 5, 2019

# ELECTIONS DIVISION

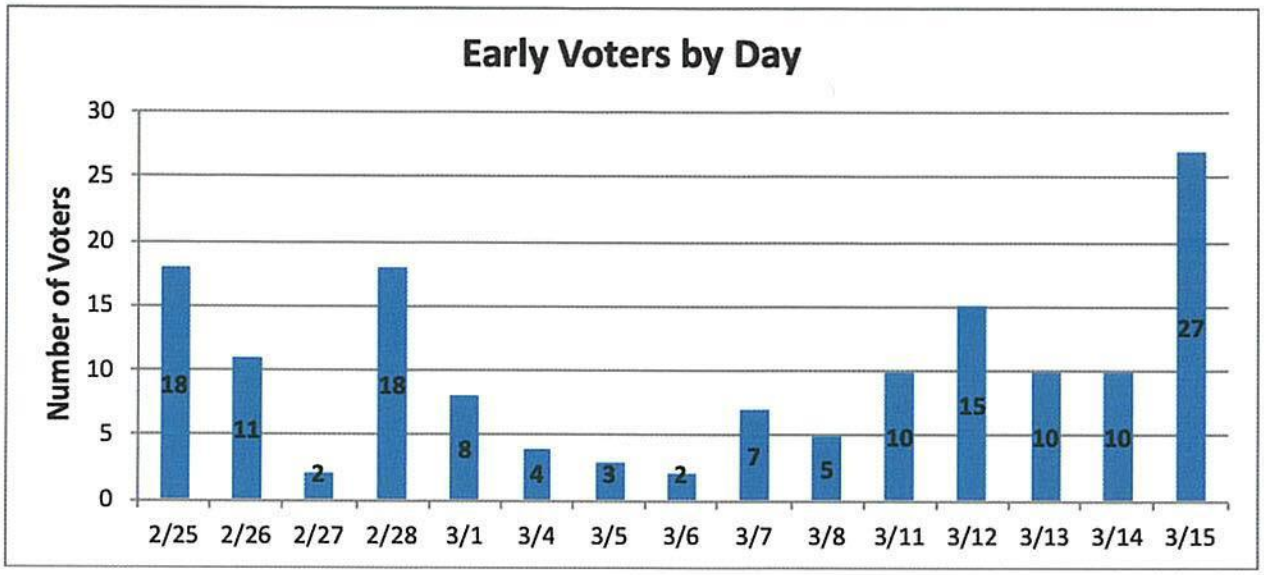
This operations report concerns activities and tasks performed during March. A major focus was the conduct of the Special Municipal Elections for the cities of Atlanta and Hapeville. Additionally, we began preparing for the April 16th Special Runoff Election for the City of Atlanta's Council District 3 contest. We also began making preparations for a potential Atlanta Public School election that may occur later this year.

**Personnel Staffing:**
We have our full complement of permanent staff. All supplemental staff have been preparing for April's Special Runoff Election.

**Staffing Development and Training**:
Sharon Benjamin remains enrolled in Fulton County's Certified Public Manager's (CPM) class.

**Election Day Poll Worker and Election Night Worker Support:**
Staffing levels have been determined for poll workers and election night workers designated to support the April 16th Special Runoff Election. Notice of this election and approved staffing levels have been provided to Election Day poll managers and election night check-in supervisors.

**Poll Worker/Staff Training:**
All poll workers completed the required training for the March Special Elections by Saturday, March 16th. No additional training is required for the April runoff.



A tentative training schedule has been developed for the Atlanta Public School System's Special Election, which could potentially be held later this year. We have notified the necessary training venues that we may have another election upcoming.

Additionally, we have begun discussions to modify training by incorporating more hands-on learning activities and by considering alternative ways to target the needs of poll workers based on their Election Day positions and specific roles.

**Early Voting:**
Early Voting for the March Special Elections concluded on Friday, March 15th. We had a total of 150 people cast ballots during the early voting period. The following chart displays turnout by day.

AMERICAN OVERSIGHT

Early voting for the April Special Runoff Election will be at the Government Center. It will begin on Monday, April 8th and continue through Friday, April 12th. It will be from 8:30 am to 6:00 pm each day.

**Election Preparation:**
We have determined equipment quantities for each precinct involved in the April Special Runoff Election. That information has been distributed and verified by multiple staff members.

**Sample Ballots**:
The composite sample ballot was posted to the SOS FTP site for retrieval on Monday, April 1st, and it has since been posted at our office and on our website.

**Election Equipment:**
A legal hold remains on 694 DRE voting units from the April 18, 2017 and June 20, 2017 6th Congressional Special Election and Special Election Runoff. No resolution is on the horizon.

We received information from the Secretary of State's office regarding the tentative timeline for allocating equipment to counties. Our staff has used that information to prepare for receiving and implementing the equipment. We should receive enough units of each equipment type prior to the November 2019 elections to use them for early voting and absentee voting. We are anticipating that we will need to deploy our current equipment to Election Day polling locations in November.

**Polling Facilities/ Polling Place Proposals**
We have been actively searching for new polling locations and conducting site visits. We will continue submitting polling location proposals to increase the number of locations over the next few months. We anticipate that the number of polling locations will increase from 183 to about 206 if the proposals are approved.

Also, we are reaching out to all libraries to identify facilities that will be unavailable in 2019 and/or 2020 due to closures, major construction, change of ownership, etc.

**IT Coordination Meeting:**
We met weekly with IT to coordinate efforts for the March Special Elections. We began weekly

# REGISTRATION DIVISION

This monthly Report provides a summary of the critical registration activities, workload levels and voter statistics for the Registration Division of the Fulton County Registration & Elections Department for March 2019. The primary activities upon which we worked in March were processing voter registration applications, confirmation notices, researching street issues, municipal voter/street audits as well as voter registration applicant processing problems, preparing notices to voter registration applicants, scanning, indexing registration cards, and training.

## VOTER REGISTRATION

The total number of voter registration applications we have received in 2019 is **68,449**. We received **23,952** voter applications in March. We are processing those applications.

As of April 1, 791,589 (725,256 active and 66,333 inactive) registered voters reside in Fulton County.

**The Historic Overview of Registration Applications for the Months of February/March are as follows:**

| Year | February Voter Registration Applications | March Voter Registration Applications |

**REGISTRATION REPORTS:**

**FELON LIST**

State law requires counties to review felon reports and to conduct hearings for those voters with matching data that raises questions regarding their eligibility to vote in accordance with O.G.C.A 21-2-228. All reports must be processed in accordance with O.C.G.A. 21-2-231.

Number scheduled for April Hearing 79.

**DEPUTY REGISTRAR ACTIVITIES**

**The Registration Division completed the following Voter Education Activities for the Month of March:**

| Deputy Registrars Trained | Deputy Registrar Classes | Deputy Registrar Drives |
|---|---|---|
| 0 | 0 | 0 |

We issued 114 TVICs. We sold 1 voter list CD's.

**PERSONNEL/STAFFING:**

We have hired 3 new permanent employees giving us a total of 10 employees and 2 managers. They are Thomas Johnson II, Charrise Walker and Jodi Brodnax. These individuals were supplemental workers from Happy Faces. In addition to our permanent employees, we have added two supplemental workers employees from Happy Faces. They are Darrick Harris and Sonja Huston. We have 4 supplemental

AMERICAN OVERSIGHT

workers. The total staff is 14 employees and 2 managers.

## PROVISIONAL OUTER ENVELOPE CHANGE

We changed the Provisional Outer Envelope for our department. The change is on the back of the envelope, which is usually blank. In order to assist with faster processing when performing provisional research, the voter completes the back of the envelope. We will use the existing envelope that we are issued by the Secretary of State and add the new information on the back of that one. This process was very successful. Sante Askin came up with this idea.

## TELEPHONE ANSWERING GUIDE

This guide was created by Mallory Magwood. The telephone answering guide is a tool to give information and telephone tips for each specific election. We use it as a training guide and information for staff when answering the telephone and poll worker questions on election day. This resource has voting statistics, how to research voters, provisional quick tips, absentee ballot information and telephone customer service.

## VRAG CONFERENCE

Ralph Jones represented Fulton County at the VRAG Conference. At the conference, House Bill 316 was discussed. This bill authorizes new voting equipment, updates election practices and procedures for provisional and absentee ballots, audits and voter assistance. It improves list maintenances practices by authorizing SOS to join the Election Registration Information Center (ERIC), and also by changing NO Contact confirmation from 3 to 5 years.

## SHOE BOX PROJECT

This project is an outreach opportunity for the Registration and Election Division. It is headed by Sante Askin. We are requested to bring toiletries and shoe boxes which are decorated. The prize is $100. In the past, we have collected over 50 shoe boxes. Inside the shoe boxes are toothpaste, toothbrush, soap, deodorant, socks and other hygiene products. The shoe boxes will be distributed to homeless men, women and children. This event is sponsored by the Fulton County Employees' Association and United Way. Deadline for the shoe boxes is April 25, 2019.

## DATA ENTRY

Last month we had over 70 thousand registration applications to enter. The staff has cut that number down to less than 15 thousand. All staff in the department participated in the data entry, but Wandrea Moss was a stand out. She processed more the 10 thousand applications by herself. Kudos to Ms. Moss.

## LEADERSHIP TRAINING

With the hiring of 3 new employees, Mrs. Coman felt a need to train our staff on being a leader. Pamela Coman will create a leadership training program, especially for the three new employees, but all staff are welcome to attend. This training will give tips and strategies on how to be a leader and how to lead projects.

## TASKS TO BE PERFORMED FOR FUTURE REPORTING PERIODS:

- Notifications of Hearing for Felons
- Coordinating Deputy Voter Registration Drives as Requested
- Continue List Maintenance Activities
- Continue Review / Update Voter Registration procedures
- Continue Indexing, Scanning Voter Registration Applications

AMERICAN OVERSIGHT

- Continue to Perform / Conduct performance counseling sessions
- Respond to State Election Investigations

# ADMINISTRATION DIVISION

This report provides specific administration and election tasks performed during the month of March 2019. Standard operations and activities from the Administrative Division include: personnel, payroll, procurement, finance, travel and training coordination and support to the Board of R&E and Registration and Elections Divisions.

## Cost of Living Adjustment (COLA) – July 5, 2019

The BOC approved for all County employees to receive a 3% COLA in their paycheck on July 5, 2019. The COLA will be given to all permanent positions filled by June 12, 2019.

## Legislation Update

Attached for your review is the legislation update for week 11, submitted from the Department of External Affairs – HB 316, HB 656 and SB 251 with a printout of the status history.

## A New Digital Tool

The County Manager's office and the Human Resources Department will launch in April, a new digital tool called, H.E.$^2$R.O.S. (Human Resources Employee Engagement & Recognition Operating System). This system is designed to enhance employee and supervisor engagement in areas of goal setting, continuous feedback, coaching, and quarterly meetings. Managers and staff have attended a mandatory information session.

## 2019 Election Update

Jones R-47 (Milton), Burns R-59 (Newington), Rynders R-152 (Albany) and others:** HB 316 establishes the guidelines for the state's purchase of new voting machines and requests ballot marking devices over hand-marked paper ballots. Among other election law revisions, the bill provides additional notice before a voter's registration is rejected, before a felon is removed from the rolls, and to those appearing to have moved to another state; changes from 3 to 5 years the period of inactivity before a voter is removed from the rolls, also requiring notification prior to removal; requires counties to provide additional notice of any precinct changes; provides a cure period if a voter's signature on an absentee ballot does not mirror that used in registration; and lifts the 10-voter limit on persons assisting disabled or other individuals complete absentee ballots. Lastly, the bill enrolls Georgia in a 25-state collaboration - the Electronic Registration Information Center - to share voting information in order to track and cancel voters who move out of state. House Bill 656

By: Representatives Jackson of the 64th, Beasley-Teague of the 65th, Gardner of the 57th, Dreyer of the 59th, McLaurin of the 51st, and others

A BILL TO BE ENTITLED
AN ACT

To amend an Act to create a board of elections and registration for Fulton County, Georgia, approved March 30, 1989 (Ga. L. 1989, p. 4577), as amended, so as to revise the manner of appointment of the chairperson of the board; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

**SECTION 1.**

An Act to create a board of elections and registration for Fulton County, Georgia, approved March 30, 1989 (Ga. L. 1989, p. 4577), is amended by revising Section 2 as follows:

"SECTION 2.

The board shall be composed of five members, each of whom shall be an elector and resident of Fulton County, who shall be appointed in the following manner:

(1) Two members shall be appointed by the governing authority of Fulton County from nominations made by the chairperson of the county executive committee of the political party whose candidates at the last preceding regular general election held for the election of all members of the General Assembly received the largest number of votes in this state for members of the General Assembly;

(2) Two members shall be appointed by the governing authority of Fulton County from nominations made by the chairperson of the county executive committee of the political party whose candidates at the election described in paragraph (1) of this section received the second largest number of such votes; and

(3) One member shall be appointed by the governing authority of Fulton County, which member shall be designated permanent chairperson of the board."

**SECTION 2.**

All laws and parts of laws in conflict with this Act are repealed.

**RE:** Changes in Voter Registration System on HB 316 Becoming Law

---

HB 316, which became law yesterday, will make a number of significant changes to elections in Georgia. Over the next few weeks and at the joint conference, we will go over these changes with you. However, there are two procedures in ENET that will have to be changed immediately as a result of HB 316 becoming law.

1. Felon Cancellations

   HB 316 requires giving prior notice to a registered voter who is having their voter registration cancelled as a result of the voter serving a felony sentence. The Secretary of State's Office has temporarily put on pause the process of sending the list of persons serving felony sentences to your dashboards through ENET until we change the programming of the ENET database.

   The new procedure we are creating will require the printing of a notification letter to go to the voter giving them 30 days to contest or correct the record before their voter registration is cancelled.

2. Pending Verification Process: Unverified Status Changing to Active MIDR

   HB 316 has voter registrations that would have previously been in an "Unverified" pending status (due to a lack of a match on certain data fields) now to go into "Active" status with an MIDR flag (ID Required: YES) on their voter registration. These voters will get precinct cards and will be able to vote upon showing HAVA ID (which will remove the MIDR from the registration status.) Until we are able to reprogram ENET to handle this change, these voter registrations will continue to initially go into "Unverified" pending status in ENET, however, we will convert their "Unverified" pending status to "Active MIDR" status manually until ENET is updated to accommodate this change in the law. It is important that all MIDR letters are mailed to voters so they are informed of the steps they need to take in order to remove the MIDR flag and have their vote counted.

# Fulton County Registration and Elections – Tentative Equipment Implementation Plan

## April 2019 Draft

| | Tasks | Start Dates | Days to Complete | Description |
|---|---|---|---|---|
| **Phase 1** | **Initial Information Gathering** | Apr-19 | 120 | This phase will include us working closely with the Secretary of State's Office and others to gather information about the new equipment. Once the vendor is selected, we can request information from them about how we should prepare our warehouse for the equipment. Additionally, we can begin determining best practices by researching how the particular equipment has been used in other jurisdictions. We will contact similar jurisdictions to answer questions such as the following: 1. How do you store and deploy the equipment? 2. What voter-per-unit ratios do you use to determine how many units to deploy to polling locations? 3. Have you had any issues with this equipment that we should know about? 4. How did you educate voters in your jurisdiction to use the equipment? |

GA-FULTON-20-1047-A-002720

AMERICAN OVERSIGHT

| | | | | |
|---|---|---|---|---|
| | | | | We will also work with the State to determine a process for educating voters. The Director has indicated to the county's Budget Manager that a voter education team will need to be retained by late summer of 2019 to run through 2020. Gwinnett County has added a full-time voter education position, and that information has been passed on to Fulton County Finance. |
| **Phase 2** | **Begin Making Budgetary Preparations for Future Equipment Needs** | May-19 | 90 | We will begin projecting future costs related to the equipment. These projections will include determining how many additional units of each equipment type we should purchase to supplement what we receive from the State's allotment. The Director has been in contact with the Budget Manager for the county to indicate that we will need more equipment than we have been allotted. Additionally, we will project costs related to maintenance and other materials that must be used with the equipment, such as paper ballot stock. We will revise these projections as we learn more information about the equipment. |
| **Phase 3** | **Develop Written Procedures** | Jun-19 | 90 | When this phase begins, we should know who the vendor will be for the new equipment. Since we are a pilot county, we will work with the State and the vendor to schedule training for our staff as soon as possible. As soon as we are trained, we will begin drafting procedures about how to store, maintain, test, secure, and deploy the equipment. Furthermore, we will begin drafting poll worker training manuals. We are hoping that we can receive one or two units of each equipment type early (before our Phase One allotment arrives) so our staff can test our procedures by practicing with the equipment. |
| **Phase 4** | **Receive First Phase of New Equipment** | Aug-19 | 5 | We will have the warehouse prepared to receive the equipment. State personnel will conduct acceptance testing. We will store the equipment based on vendor instructions and best practices. |
| **Phase 5** | **Educate Voters on How to Use the New Equipment** | Aug-19 | 210 | We will actively seek to attend public events and civic meetings to educate voters on how to use the new equipment to mark and cast their ballots. We will ensure news outlets are aware of outreach programs and ongoing events, and we will update our website to promote events we will be attending. |
| **Phase 6** | **Train Early Voting Workers on New Equipment** | Sep-19 | 21 | We will train all early voting workers on the new equipment. The training will require the completion of hands-on learning activities. Additionally, workers will be required to pass an in-class assessment to demonstrate they can competently use the equipment. |
| **Phase 7** | **Use the New Equipment during Early Voting** | Oct-19 | 21 | We will use the new equipment during the November election's early voting period. |

|---|---|---|---|---|
| **Phase 8** | **Processing Absentee Ballots** | Nov-19 | 1 | We will use the new high-speed central scanner to tabulate all absentee ballots for the November election. |
| **Phase 9** | **Begin Decommissioning Current Equipment** | Dec-19 | 30 | We will work closely with the State to decommission a portion of our current equipment. |
| **Phase 10** | **Continue Preparing the Warehouse for the Second Phase of Receiving our New Equipment** | Dec-19 | 90 | We will continue making preparations for receiving the new equipment, including scheduling the necessary acceptance testing. |
| **Phase 11** | **Voluntary Classes for Election Day Poll Managers and Assistant Managers to Introduce the Equipment** | Jan-20 | 10 | We will hold two weeks of voluntary classes for all Poll Managers and Assistant Managers who would like to be introduced to the new equipment before training for the Presidential Preference Primary begins. |
| **Phase 12** | **Poll Worker Training for the Presidential Preference Primary** | Feb-20 | 45 | We will train poll workers so they are prepared to use the equipment in the 2020 Presidential Preference Primary. All poll workers will be required to attend hands-on training. |

**PLAINTIFF COALITION FOR GOOD GOVERNANCE's SECOND REQUEST FOR PRODUCTION OF DOCUMENTS TO DEFENDANT FULTON COUNTY BOARD OF REGISTRATIONS AND ELECTIONS**

Pursuant to Rule 34 of the Federal Rules of Civil Procedure, Plaintiff Coalition for Good Governance requests that Defendant Fulton County Board of Registrations and Elections (Fulton County Board) produce the following documents in accordance with the Instructions and Definitions set forth below. The documents shall be produced as soon as possible at the offices of Bruce P. Brown Law LLC, 1123 Zonolite Rd. NE, Suite 6, Atlanta, Georgia 30306, or at a time and place as may be agreed upon by the parties or ordered by the Court.

## INSTRUCTIONS

1. Prior to answering the following, you are requested to make due and diligent search of your books, records, and papers, with a view to eliciting all information

AMERICAN OVERSIGHT

available in this action.

2. If you object to any request, please identify the basis for the objection and identify each document that is being withheld on the basis of that objection. Please also state if, notwithstanding the objection, all responsive documents are being produced.

3. The requests set forth below are deemed to be continuing, so as to require the supplementation of your original production of documents in response to such requests promptly after any additional documents are located.

4. If any document responsive to this request was, but no longer is in your possession, state whether it is missing or lost; if it has been destroyed; if it has been transferred, voluntarily or involuntarily, to others; or if it has otherwise been disposed of. In each instance, identify the document fully, explain the circumstances, and identify the people having knowledge of such circumstances.

5. If you contend that any documents covered in these requests are not reasonably accessible or would be unduly burdensome to locate or produce, identify such documents by category and source and provide detailed information regarding the burden or cost you claim is associated with the search for or production of such documents.

6. To the extent documents produced in response to this request include electronic documents, such as spreadsheets or databases, you shall produce all such

AMERICAN OVERSIGHT

documents in native form, ensuring that all formulae and metadata embedded in such documents are produced.

7. For all requests for ballot image reports, including but not limited to Requests five through ten, please redact all voter selections in your response if the selections would reveal the ballot choices of an identifiable voter.

but not limited to defective DRE machine displays of the Lieutenant Governor's race on November 6, 2018.

16. Investigations, analysis, memoranda, reports, communications or other documents concerning the undervote in the Lieutenant Governance race in the November 2018 election.

17. Complaints, comments, and other communications received from any voter, poll worker, or Fulton County staff member regarding inaccuracies in voter information in the electronic pollbooks during the November 6, 2018 and the March 19, 2019 elections.

18. Documents or reports reflecting the number of provisional ballots counted, the number partially counted, and the number rejected in the November 6, 2018 election.

19. A copy of the intergovernmental agreements involving the Fulton County Board of Registrations and Fulton County municipalities and the conduct of municipal elections since January 1, 2017 and planned for future municipal elections.

20. Documents or communications sent or received since January 1, 2016, relating to the electronic transmission and receipt of election-related files to or from Center for Election System's servers, including but not limited to instructions for downloading and uploading information to the elections.kennesaw.edu server and the files transferred to that server.

# Officials urged to follow rules to prevent any double voting

By CARLOS CAMPOS
ccampos@ajc.com

When an Atlanta man voted twice in the July party primaries, he exposed a potential flaw in Georgia's early-voting program.

Election officials say that the case of double voting was an aberration that shows what can happen when critical Election Day procedures are not followed. As a precaution, Secretary of State Cathy Cox recently warned the state's local election officials to follow protocol to ensure such an abuse does not happen again.

Craig Kidd cast a ballot ahead of the July 20 Republican primary during the five-day period for advance voting. A designated Republican poll watcher and campaign worker for a GOP state Senate candidate, Kidd showed up at his Buckhead polling place on Election Day to make sure his advance vote had been recorded. Kidd says that a poll worker told him there was no record of his vote and advised him to vote again to be sure his vote would be tallied.

Later in the day, Kidd contacted The Atlanta Journal-Constitution to tell a reporter he was alarmed that he was allowed to cast two ballots. Kidd said he was concerned that the ballots of some early voters would not be counted or that some people could vote twice.

Cox referred Kidd's case to Fulton County District Attorney Paul Howard in September, recommending that Kidd be investigated for voting twice — a felony in Georgia.

Fulton election officials have acknowledged that a breakdown in procedures allowed Kidd to vote twice. When a voter casts an early ballot, a notation of that vote should be made on a master voter registration list that is later sent to precincts prior to Election Day. Poll workers then will cross the advance voters off the list of people eligible to vote at their polling place.

But Fulton County was late sending its master list out, getting it to some precincts after the polls had opened. So some people — including Kidd — who had voted early were not shown as having done so. Fulton officials later disqualified Kidd's early vote, which has a unique identifying number allowing election officials to know who cast it.

John Sullivan, chief of voter registration for Fulton County, said his office has shored up its procedures to make sure each precinct knows prior to Election Day who voted early.

"Our only standard in elections is perfection. Ninety-nine percent in schools is an A. But in elections, that's a failure," Sullivan said.

In mid-September, Cox's office sent a memo to the state's local elections officials reminding them of the importance of making sure those lists are accurately maintained and sent to poll workers before the precincts open on Election Day.

"Advance voting has increased the number of those who vote absentee, and it is critical that these (and all) absentee votes are recorded properly so that poll workers can easily ascertain if someone is attempting to cast a second ballot at the polls on Election Day," the memo reads.

Cox said in a recent interview that the new early-voting program is not uniquely susceptible to fraud. The same procedures to prevent double voting have been used for decades in Georgia for people who cast absentee ballots ahead of Election Day, she said.

"This is not a new process at all," Cox said. "Forever, when you absentee-voted, the counties were required to mark on the voter list that you had already cast an absentee ballot."

Regardless, Gwinnett County's election supervisor, Lynn Ledford, said she used the Kidd situation to remind her poll workers of the potential for double voting.

Sharon Wingfield, Cobb County's election supervisor, is confident that advance voting is not susceptible to fraud. The names of Cobb voters are marked with an "A" on master lists that show whether they have already voted. Those lists are distributed to poll workers well before the precincts open, she said.

"We looked at our procedures again and felt like we had enough safeguards in there to keep that from happening," she said.

Dear Standards Board Member,

On behalf of EAC Commissioner Christy McCormick, as the agency's DFO for the Standards Board, I am sending the attached security document to you that has been provided to us recently by the Federal Bureau of Investigation. The FBI has asked that we share this document expressly with election officials.

You'll see that the document identifies specific Internet Protocol (IP) addresses and recommends that election officials scan their systems to ensure these IP addresses are not accessing election systems.

Please share this with other election officials in your state, respecting the FBI's designation that this information be shared on a need-to-know basis only. The attachment is non-classified, but it is not intended for distribution outside of the election administrator community.

# Targeting Activity Against State Board of Election Systems

## Summary

The FBI received information of an additional IP address, 5.149.249.172, which was detected in the July 2016 compromise of a state's Board of Election Web site. Additionally, in August 2016 attempted intrusion activities into another state's Board of Election system identified the IP address, 185.104.9.39 used in the aforementioned compromise.

## Technical Details

The following information was released by the MS-ISAC on 1 August 2016, which was derived through the course of the investigation.

In late June 2016, an unknown actor scanned a state's Board of Election website for vulnerabilities using Acunetix, and after identifying a Structured Query Language (SQL) injection (SQLi) vulnerability, used SQLmap to target the state website. The majority of the data exfiltration occurred in mid-July. There were 7 suspicious IPs and penetration testing tools Acunetix, SQLMap, and DirBuster used by the actor, detailed in the indicators section below.

Indicators associated with the Board of Elections intrusion:

- The use of Acunetix tool was confirmed when "GET /acunetix-wvs-test-for-some-inexistent-file - 443" and several requests with "wvstest=" appeared in the logs;

AMERICAN OVERSIGHT

GA-FULTON-20-1047-A-002761

- The user agent for Acunetix was identified in the logs – "Mozilla/5.0+(Windows+NT+6.1;+WOW64)+AppleWebKit/537.21++(KHTML,+like+Gecko)+Chrome/41.0.2228.0+Safari/537.21";

- The use of SQLMap was confirmed after "GET /status.aspx DLIDNumber=1';DROP TABLE sqlmapoutput" appeared in the logs;

- The user agent for SQLMap is "Mozilla/5.0+(Macintosh;+U;+Intel+Mac+OS+X+10.7;+en-US;+rv:1.9.2.2)+Gecko/20100316+Firefox/3.6.2 200 0 0 421" (These are easily spoofed and not inclusive of all SQLMap activity);

- The user agent for the DirBuster program is "DirBuster-1.0-RC1+(http://www.owasp.org/index.php/Category:OWASP_DirBuster_Project<http://www.owasp.org/index.php/Category:OWASP_DirBuster_Project> )";

IP Addresses:

- 185.104.11.154
- 185.104.9.39
- 204.15S.30.75
- 204.15S.30.76
- 204.155.30.80
- 204.155.30.81
- 89.188.9.91
- 5.149.249.172 (new, per FBI)

**Recommendations**

The FBI is requesting that states contact their Board of Elections and determine if any similar activity to their logs, both inbound and outbound, has been detected. Attempts should not be made to touch or ping the IP addresses directly.

**Recommended Steps for Precautions**

The FBI recommends all states take the following precautions to their state Board of Election databases:

- Search logs for commands often passed during SQL injection: SELECT, INSERT, UNION, CREATE, DECLARE, CAST, EXEC, and DELETE, ', %27, --

- Search logs for privilege escalation attempts
  - Looking for references to "cmd.exe" and "xp_cmdshell" (IIS only)
  - Common to see these following SQL injection (logical next step)
  - Can limit search to entries with HTTP status code 200 (success)

AMERICAN OVERSIGHT

- Search for signs of directory enumeration/traversal of the web server file system (used to identify the type of scripting language a web server supports)
    - *Looking for series of unsuccessful connections with strange URI strings, such as*:
        - GET /Login//..%5c..%5c..%5c..%5c..%5c..%5c..%5c..%5cetc/passwd
        - GET /images"OTA2NjAw%40
        - GET /Login//../../../../../../../../etc/passwd
        - GET /Login//../../../../../../../../windows/win.ini
            - Shortly after these requests you should see SQL injection in the logs
            - May also be "..\..\.."

The following recommendations were released by the MS-ISAC on 1 August 2016.

- Conduct vulnerability scans on local government and law enforcement websites and promptly remediate any vulnerabilities (or contact your hosting provider to do so on your behalf). Particular attention should be paid to SQLi vulnerabilities. Website hosting providers should also pay attention to vulnerabilities on other websites on the same server, which may provide a back-door into the local government's website.

- Ensure all software and applications, especially content management software, are fully patched.

- Create custom, general error messages for the web application to generate, as malicious cyber actors can gain valuable information, such as table and column names and data types, through default error messages generated by the database during a SQLi attack.

- Validate user input prior to forwarding it to the database. Only accept expected user input and limit input length. This can be done by implementing a whitelist for input validation, which involves defining exactly what input is authorized.

- Implement the principle of least privilege for database accounts. Administrator rights should never be assigned to application accounts and any given user should have access to only the bare minimum set of resources required to perform business tasks. Access should only be given to the specific tables an account requires to function properly.

- The database management system itself should have minimal privileges on the operating system, and since many of these systems run with root or system level access by default, it should be changed to more limited permissions.

- Isolate the web application from the SQL instructions. Place all SQL instructions required by the application in stored procedures on the database server. The use of user-created stored procedures and prepared statements (or parameterized queries) makes it nearly impossible for a user's input to modify SQL statements because they are compiled prior to adding the input. Also, have the application sanitize all user input to ensure the stored procedures are not susceptible to SQLi attacks.

- Use static queries. If dynamic queries are required, use prepared statements.

AMERICAN OVERSIGHT

- Enable full logging on web servers and email servers to aid in forensic and legal responses if a breach does occur.

# ElectioNet Updates

## Felon Process:

- ElectioNet is currently being updated to incorporate the new legal requirements of HB 316. This new law requires that matched felon voters be notified 30 days before being removed from the list of electors and allows the voter the opportunity to request a hearing.
- After these changes have been implemented in ElectioNet, the system will still provide registrars will a list of potential matches. However, when a record is determined to be a match, the system will mark the record as challenged and generate a letter notifying the voter of the challenged felon status.
- Once the letter is printed, the record will be placed on a 40 day clock. If the voter responds to the letter, there will be a mechanism to stop the clock to allow for a hearing. If the voter does not respond to the letter and the 40 day clock expires, the record will be moved into cancelled status.
- Until these changes can be implemented in ElectioNet, we advise counties to hold off on processing felon records.

# ElectioNet Updates

## Failed Verification Change:

- ElectioNet is also being updated to accommodate the changes to the verification process included in HB 316. After this change is implemented, voters that fail verification for First Name, Last Name, Date of Birth, Driver's License or Social Security Number will no longer be placed in Pending status. The record will move into Active status with the Missing Identification Required (MIDR) flag. The MIDR letter will generate for these voters. The MIDR must be mailed to the voter.
  - Until this change is implemented, records will be periodically updated to the correct status manually by the SOS office.
- Records that fail verification for citizenship will still move into Pending status and be placed on the 26 month clock.
- Incomplete applications will continue to be placed in Pending status and be placed on the 40 day clock.
- Records currently in Pending status for failed verification will be addressed following this change.

# Change to NCOA Process

The Office of the Secretary of State plans to begin the National Change of Address (NCOA) process this month. The NCOA process uses information provided by the United States Postal Service (USPS) to identify voters that have moved.

The NCOA process has been updated since it was last run in 2017. There will now be two separate tracks for voters that update their addresses, depending on whether they moved out of their current registered county or within the county.

AMERICAN OVERSIGHT

Georgia Elections Division

# Change to NCOA Process

Out of County Moves:

- The NCOA process for voters that have moved to an address outside of the county currently registered will remain unchanged
  - The voter will be sent a confirmation notice via forward able, first-class mail
  - The voter will have 40 days to respond to the confirmation notice
  - If no response is received, the record will be moved into Inactive Status

AMERICAN OVERSIGHT

Georgia Elections Division

# Change to NCOA Process

Within County Moves:

- Voters that update their address with the USPS to a new address within the county will also be sent a confirmation notice to their current address in the system and be placed on a 40 day clock. However, if they do not respond to the notice and the 40 day clock expires, their address will be available to update through the new NCOA Address Change process to the new address they provided to the USPS. O.C.G.A. § 21-2-233 (b)
- The within county voters will receive a confirmation notice with language that outlines this new process.

# Updated NCOA Confirmation Form

**IMPORTANT INFORMATION ABOUT YOUR GEORGIA VOTER REGISTRATION**

DEAR VOTER:

**YOUR COUNTY BOARD OF REGISTRARS IS UPDATING ITS VOTER REGISTRATION LIST**

You are receiving this notice because you have filed a change of address form with the U.S. Postal Service. Under federal and state law, and in the interest of maintaining accurate and efficient voter registration records, your residential address for voting purposes will be updated to the address listed below if you do not respond in the next 30 days.

Voter's Name : ADELIA JEWEL RYE
Street Address : 2721 COUNTY LINE RD NW
City, State Zip : ACWORTH, GA 30101 - 6921

**IS THIS YOUR CURRENT RESIDENTIAL ADDRESS?**

**YES ⇨ NO RESPONSE REQUIRED**

If the address listed above matches your current residential address, no further action is required. Your voter registration information will be updated to the address listed above. After the 30-day period to respond has passed and your address has been updated, you will receive a postcard notifying you of your election day polling place and voting districts.

**NO ⇨ COMPLETE THE BOTTOM PORTION OF THIS FORM AND RETURN IT WITHIN 30 DAYS**

## Activities > Elector List Maintenance > NCOA Address Changes

Within County Moves:

- When the 40 day clock expires for within county moves, an electronic change of address application will become available for county registrars to process. These will be located under a new section of ElectioNet found under Activities > Elector List Maintenance > NCOA Address Changes.
- This section of eNet will display address changes in the same manner as DDS and OLVR applications.

# Things to Remember

- Verify that the mailing address is correct in ElectioNet and email your Liaison to let them know it has been checked
  - Activities > Maintain County Date > Maintain County Office Data
- Hold all NCOA Confirmation Notices until our office notifies all counties to mail
- Timely processing of the NCOAs received back is crucial. For all the notices received with out of county addresses, please forward as soon as possible to the new county.
- The only cancellations for the NCOA process are when voters complete the notice with a moved out of state address

# Cyber Security

MS-ISAC recently put out a warning about a phishing effort that uses “cloud” service notices such as Dropbox to try to get passwords or compromise networks.

This email was received in our office. You must continue to stay vigilant against phishing attacks and particularly vigilant against these latest efforts. This is a screenshot of what the email looks like so you can be sure to avoid the threat.

**XTERNAL EMAIL:** Do not click any links or open any attachments unless you trust the sender and now the content is safe.

Hi there,

In case you missed it, Joe Morgan (jmorgan@mywakulla.com) shared "Inv___10.pdf" with you on Dropbox.

# Cyber Security

- Security in all forms is among our highest priorities in Elections.
- There is an **easy** and **free** tool that I hope everyone considers using in our shared goal of securing elections at all levels and that tool is membership in EI-ISAC (Election Infrastructure Information Sharing and Analysis Center).
- We discussed this at the conference, and encourage everyone to sign up for EI-ISAC.
- You will receive regular emails about cyber security issues and threats and steps you (and your IT Department) can take to strengthen your email and network security.

# Fulton County Registration and Elections – Tentative Equipment Implementation Plan
## April 2019 Draft

| | Tasks | Start Dates | Days to Complete | Description |
|---|---|---|---|---|
| **Phase 1** | **Initial Information Gathering** | Apr-19 | 120 | This phase will include us working closely with the Secretary of State's Office and others to gather information about the new equipment. Once the vendor is selected, we can request information from them about how we should prepare our warehouse for the equipment. Additionally, we can begin determining best practices by researching how the particular equipment has been used in other jurisdictions. We will contact similar jurisdictions to answer questions such as the following: 1. How do you store and deploy the equipment? 2. What voter-per-unit ratios do you use to determine how many units to deploy to polling locations? 3. Have you had any issues with this equipment that we should |

AMERICAN OVERSIGHT

| | | | | |
|---|---|---|---|---|
| | | | | know about? 4. How did you educate voters in your jurisdiction to use the equipment?<br>We will also work with the State to determine a process for educating voters. The State may dispatch voter education teams, or they may provide our office with grant funding to educate voters. Alternatively, the State may determine a better solution for educating voters once the equipment is selected. The Director has indicated to the Budget Manager that a voter education team will need to be retained by late summer to run through 2020. Gwinnett County has added a full-time voter education position, which was passed on to Fulton County Finance. |
| **Phase 2** | **Begin Making Budgetary Preparations to Prepare for Future Equipment Needs** | May-19 | 90 | We will begin projecting future costs related to the equipment. These projections will include determining how many additional units of each equipment type we should purchase to supplement what we receive from the State's allotment. Additionally, we will project costs related to maintenance and other materials that must be used with the equipment, such as paper ballot stock. We will revise these projections as we learn more information about the equipment. The Director has been in contact with the Budget Manager for the county to indicate that we will have more equipment needs than we have been allotted. |
| **Phase 3** | **Develop Written Procedures** | Jun-19 | 90 | When this phase begins, we should know who the vendor will be for the new equipment. Since we are a pilot county, we will work with the State and the vendor to schedule training for our staff as soon as possible. As soon as we are trained, we will begin drafting procedures about how to store, maintain, test, secure, and deploy the equipment. Furthermore, we will begin drafting poll worker procedures. We are hoping that we can receive one or two units of each equipment type early (before our Phase One allotment arrives) so our staff can test our procedures by practicing with the equipment. |
| **Phase 4** | **Begin Decommissioning Current Equipment** | Jul-19 | 60 | We will work with the State to begin decommissioning our current equipment. Since we have an election in November in which we'll need the current equipment, decommissioning for us will run into next year. We are only receiving 200 BMDs, 1 central scanner and 30 pollbooks and ?? precinct scanners for November. |
| **Phase 5** | **Training for Early Voting Workers** | Aug-19 | 2 | We plan on inviting all Early Voting Poll Managers to attend the vendor-led training with our staff. This will ensure they are trained properly on the equipment. Additionally, we will use their input to draft poll worker procedures. We won't be able to do this since many of our EV workers will be new in the fall and we may have no budget for advanced training until fall comes. I would |

**Commented [RB1]:** Much more will become clear once we know which vendor we are dealing with. We have several people on staff that have implemented new equipment. We have experience in such a process, including the Director, Warehouse Manager, Administrative Manager, ??????.

**Commented [RB2]:**

AMERICAN OVERSIGHT

| | | | | |
|---|---|---|---|---|
| | | | | indicate that EV workers can be trained only if we are given monies to train early, but that seems pointless to train them in August and then have them back in mid-September. We'll need the municipal budget to train them. |
| **Phase 6** | **Receive First Phase of New Equipment** | Sep-19 | 5 | We will have the warehouse prepared to receive the equipment. State personnel will conduct acceptance testing. We will store the equipment based on vendor instructions and best practices. |
| **Phase 7** | **Use the New Equipment during Early Voting** | Oct-19 | 21 | We will use the new equipment during the November election's early voting period. |
| **Phase 8** | **Processing Absentee Ballots** | Nov-19 | 1 | We will use the new high-speed central scanner to tabulate all absentee ballots for the November election. |
| **Phase 9** | **Begin Decommissioning the Remainder of Our Current Equipment** | Dec-19 | 90 | We will work closely with the State to continue decommissioning our current equipment. |
| **Phase 10** | **Continue Preparing the Warehouse for the Second Phase of Receiving our New Equipment** | Dec-19 | 90 | We will continue making preparations for receiving the new equipment, including scheduling the necessary acceptance testing. |
| **Phase 11** | **Voluntary Classes for Election Day Poll Managers and Assistant Managers to Introduce the Equipment** | Jan-20 | 10 | We will hold two weeks of voluntary classes for all Poll Managers and Assistant Managers who would like to be introduced to the new equipment before training for the Presidential Preference Primary begins. |
| **Phase 12** | **Poll Worker Training for the Presidential Preference Primary** | Feb-20 | 45 | We will train poll workers so they are prepared to use the equipment in the 2020 Presidential Preference Primary. All poll workers will be required to attend hands-on training. |

Commented [RB3]: Good idea.

**RE:** **Monthly Operations Report – March 2019**

**DATE:** April 4, 2019

# ELECTIONS DIVISION

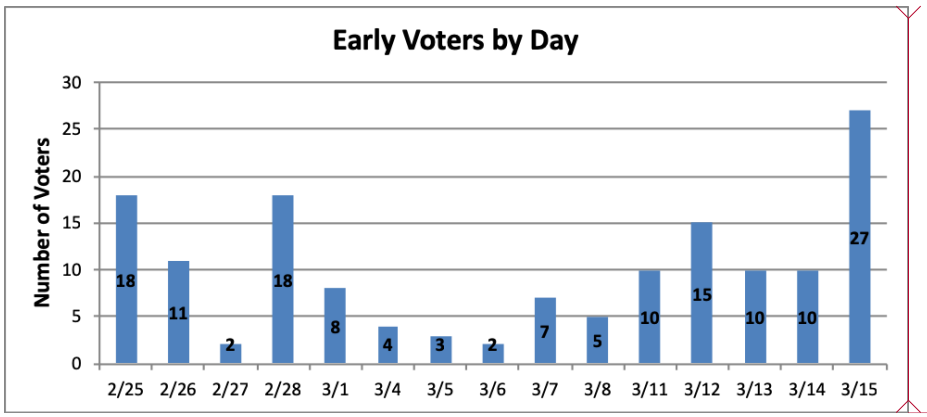
This operations report concerns activities and tasks performed during March. A major focus was the conduct of the Special Municipal Elections for the ~~Cities~~ cities of Atlanta and Hapeville. Additionally, we began preparing for the April 16th Special Runoff Election for the City of Atlanta's Council District 3 contest. We also began making preparations for a potential Atlanta Public School election that may occur later this year.

**Personnel Staffing:**
We have our full complement of permanent staff. All supplemental staff have been preparing for April's Special Runoff Election.

**Staffing Development and Training**:
Sharon Benjamin remains enrolled in Fulton County's Certified Public Manager's (CPM) class.

**Election Day Poll Worker and Election Night Worker Support:**
Staffing levels have been determined for poll workers and election night workers designated to support the April 16th Special Runoff Election. Notice of this election and approved staffing levels have been provided to Election Day poll managers and election night check-in supervisors.

**Poll Worker/Staff Training:**
All poll workers completed the required training for the March Special Elections by Saturday, March 16th. No additional training is required for the April runoff.



A tentative training schedule has been developed for the Atlanta Public School System's Special Election, which could potentially be held later this year. We have notified the necessary training venues that we may have another election upcoming.

Additionally, we have begun discussions to modify training by incorporating more hands-on learning activities and by considering alternative ways to target the needs of poll workers based on their Election Day positions and specific roles.

**Early Voting:**
Early Voting for the March Special Elections concluded on Friday, March 15th. We had a total of 150 people cast ballots during the early voting period. The following chart displays turnout by day.

Commented [RB1]: I like this being added to the operations report. It's nice to see a change in format. Feel free to add and delete sections as you see fit, too.

Early voting for the April Special Runoff Election will be at the Government Center. It will begin on Monday, April 8th and continue through Friday, April 12th. It will be from 8:30 am to 6:00 pm each day.

**Election Preparation:**
We have determined equipment quantities for each precinct involved in the April Special Runoff Election. That information has been distributed and verified by multiple staff members.

**Sample Ballots**:
The composite sample ballot was posted to the SOS FTP site for retrieval on Monday, April 1st, and it has since been posted at our office and on our website.

**Election Equipment:**
A legal hold remains on 694 DRE voting units from the April 18, 2017 and June 20, 2017 6th Congressional Special Election and Special Election Runoff. No resolution is on the horizon.

We received information from the Secretary of State's office regarding the tentative timeline for allocating equipment to counties. Our staff has used that information to prepare for receiving and implementing the equipment. We should receive enough units of each equipment type prior to the November 2019 elections to use them for early voting and absentee voting. We are anticipating that we will need to deploy our current equipment to Election Day polling locations in November.

**Polling Facilities/ Polling Place Proposals**
We have been actively searching for new polling locations and conducting site visits. We will continue submitting polling location proposals to increase the number of locations over the next few months. We anticipate that the number of polling locations will increase from 183 to about 206 if the proposals are approved.

Also, we are reaching out to all libraries to identify facilities that will be unavailable in 2019 and/or 2020 due to closures, major construction, change of ownership, etc.

**IT Coordination Meeting:**

AMERICAN OVERSIGHT

We met weekly with IT to coordinate efforts for the March Special Elections. We began weekly meetings on April 2nd to prepare for the Special Runoff Election.

**Tasks to Be Performed for Future Reporting Periods:**

- Prepare for the April Special Runoff Election for the City of Atlanta Council District 3 contest.
- Prepare for the 2019 Special and Municipal General Elections.
- Prepare for potential Atlanta Public School Special Election.
- Prepare for the new election system.
- Research, discuss, and develop ways to improve poll worker training.
- Continue searching for new polling locations and conducting site visits.
- Review and update election night check-in procedures.
- Research, discuss, and develop ways to improve election night reporting times.
- Review and update, if necessary, election security procedures.

**REGISTRATION REPORTS:**

**FELON LIST**
State law requires counties to review felon reports and to conduct hearings for those voters with matching data that raises questions regarding their eligibility to vote in accordance with O.G.C.A 21-2-228. All reports must be processed in accordance with O.C.G.A. 21-2-231.

Number scheduled for June Hearing 0.

**DEPUTY REGISTRAR ACTIVITIES**

**The Registration Division completed the following Voter Education Activities for the Month of May:**

| Deputy Registrars Trained | Deputy Registrar Classes | Deputy Registrar Drives |
|---|---|---|
| 12 | 1 | 0 |

We issued 89 TVICs. We sold 1 voter list CD's.

**PERSONNEL/STAFFING:**
We have a total of 10 permanent employees and 2 managers currently.

**LUNCH ON THE RUN:**
Lunch on the Run is a fundraiser for our department to help with the cost of our Christmas party. Staff sold Nachos on May 24 in the courtyard outside of the department. Fulton County employees had an opportunity to build their own nachos for only five dollars. Our next nacho fundraiser will be June 28, 2019.

**GROC CERTIFICATION:**
Registration Division has 3 new employees who have started their GROC Certification process. GROC is Georgia Registrar Official Certification. Employees have to finished 8 online modules and pass each module test with a score of at least 80%. Certification is based on election law, registration basics, administrating oaths, absentee procedures and others. They should be completed by July.

**Confirmation Cards**
The Secretary of State has printed our confirmation cards and we have mailed them on June 10. This confirmation run is the NCOA (National Change of Address). NCOA is based on a change of address at the Post Office that is different from the voter's residence address. Two type of NCOA confirmations leave our office in the mail. The first one is because the voter made a change of address at the Post Office and that address is out of Fulton County. A confirmation is sent and if the voter doesn't reply within 40 days their status will be updated to Inactive. The second one is because the voter made a change of address at the Post Office and the address is within Fulton County. If the voter doesn't respond, the Secretary of State will send the county the non-updated voted, so we can updated them to their current address. These voters will not be updated to Inactive status. We mailed 56,553 confirmations. The total mailed for those outside of Fulton was 33,988 confirmations and for those within Fulton the sum was 23,565 mailed.

**PROVISIONAL OUTER ENVELOPE CHANGE**

We ~~are~~ changed the Provisional Outer Envelope for our department. The change ~~took~~ is on the back of the envelope ~~only~~, which is usually blank. In order to assist ~~us~~ with ~~a~~ faster processing when performing provisional research, the voter ~~will~~ completes the back of the envelope. We will use the existing envelope that we are issued by the Secretary of State and add the new information on the back of that one. This process was very successful. Sante Askin came up with this idea.

**TELEPHONE ANSWERING GUIDE**

This guide was created by Mallory Magwood. The telephone answering guide is a tool to give information and telephone tips for each specific election. We use it as a training guide and information for staff when answering the telephone and poll worker questions on election day. This resource has voting statistics, how to research voters, provisional quick tips, absentee ballot information and telephone customer service.

**VRAG CONFERENCE**

Ralph Jones represented Fulton County at the VRAG Conference. At the conference, House Bill 316 was discussed. This bill authorizes ~~the~~ new voting equipment, updates election practices and procedures for provisional and~~,~~ absentee ballots, audits and voter assistance. It improves list maintenances practices by authorizing SOS to join the Election Registration Information Center (ERIC), and also by changing NO Contact confirmation from 3 to 5 years.

**SHOE BOX PROJECT**

This project is an outreach opportunity for the Registration and Election Division. It is headed by Sante Askin. We are requested to bring toiletries and shoe boxes which are decorated. The prize is $100. In the past, we have collected over 50 shoe boxes. Inside the shoe boxes are toothpaste, toothbrush, soap, deodorant, socks and other hygiene products. The shoe boxes will be distributed to homeless men, women and children. This event is sponsored by the Fulton County Employees' Association and United Way. Deadline for the shoe boxes is April 25, 2019.

**DATA ENTRY**

Last month we had over 70 thousand registration applications to enter. The staff has cut that number down to less~~ast~~ than 15 thousand. All staff in the department participated in the data entry, but Wandrea Moss was a stand out. She processed more the 10 thousand applications by herself. Kudos to Ms. Moss.

**LEADERSHIP TRAINING**

With the hiring of 3 new employees, Mrs. Coman felt a need to train our staff on being a leader. Pamela Coman will create a leadership training program, especially for the three~~3~~ new employees, but all staff are welcome to attend. This training will give tips and strategies on how to be a leader and how to lead projects.

IN THE SUPERIOR COURT OF FULTON COUNTY
STATE OF GEORGIA

MARC ANTHONY BOYD and
GREG CLAY,
Petitioners

v.

ANTONIO BROWN *et al.*,
Respondents

CIVIL ACTION 2019CV318734

**ORDER RE-ASSIGNING CASE TO NINTH JUDICIAL ADMINISTRATIVE DISTRICT**

Petitioners contest the result of the 19 March 2019 special election for Atlanta City Council District 3 and have filed a legal challenge to that election here in Fulton County pursuant to O.C.G.A. § 21-2-520 *et seq*. The Clerk of Court for the Superior Court of Fulton County, per standing Court policy for civil actions, randomly assigned this matter to the Honorable Craig L. Schwall, Sr. However, O.C.G.A. § 21-2-520 electoral challenges must be assigned in a specific manner as provided for in O.C.G.A. § 21-2-523. That provision directs the Administrative Judge of the Judicial Administrative District in which the case was filed to make the assignment -- unless the case was filed in the Administrative Judge's Judicial Circuit. O.C.G.A. § 21-2-523(c). When, as here, the case is brought in the Administrative Judge's Circuit, the Administrative Judge must transfer the case to an adjoining Judicial Administrative District, where that District's Administrative Judge shall then assign the case to "a superior court judge from that District ... or a senior judge who is not a resident of the Circuit wherein the proceeding was filed." O.C.G.A. § 21-2-523(d).

AMERICAN OVERSIGHT

What all that means, in plain English, is that the undersigned hereby selects the Honorable Bonnie Chessher Oliver, Administrative Judge of the adjoining Ninth Judicial Administrative District, to determine, pursuant to O.C.G.A. § 21-2-523(d), which Superior Court judge, active or senior, shall hear this case. The matter is no longer assigned to the Honorable Craig L. Schwall, this Circuit, or this District.

SO ORDERED this 28th day of March 2019.

Chief Judge Robert C.I. McBurney
Superior Court of Fulton County
Atlanta Judicial Circuit
Fifth Judicial Administrative District

SUBJECT: NOTICE OF PREPARATION AND TESTING OF DIRECT RECORDING ELECTRONIC (DRE) UNITS AND OPTICAL SCAN TABULA TORS
DATE: November 14, 2018
Notice is hereby given in accordance with **State Rule 183-1-12-.02(3)(b)(2)(i) and Georgia Election Code § 21-2-374 that beginning on Monday, November 19, 2018, at 10:00 a.m.**, at the **Fulton County Elections Preparation Center, 1365 English Street, NW., Atlanta**, preparation and testing of the Direct Recording Electronic Units (Touch Screen Voting Units) to be used during the **December 4, 2018 General Runoff Election** will commence and continue until completed.
**Testing of the DRE Unit** will be conducted by placing the memory card in the DRE Unit to be used for such precinct and running a series of tests. The DRE Unit shall not be used unless it successfully passes all prescribed tests. After successfully testing each DRE Unit, the unit shall be cleared of any accumulated vote totals and a zero tape shall be ran to verify that the vote register in the DRE Unit is set at zero.
**Testing of the Optical Scan Tabulators** will be conducted by processing a pre-audited group of ballots so marked as to record a predetermined number of valid votes for each candidate and on each question and shall include for each office one or more ballots which are improperly marked and one or more ballots which have votes in excess of the number allowed by law in order to test the ability of the Optical Scan Tabulator to reject such votes. The Optical Scanning Tabulator shall not be approved unless it produces an errorless count.
The testing will continue until all units are prepared and tested. This process is open to the general public.
For additional information regarding the preparation and testing of the DRE Units or Optical Scan Tabulators, please contact the Fulton County Registration and Elections Office at (404) 612-7020.

|---|---|---|---|
| 1 | Explanation of Changes for City of Roswell (as of June 28th) | | |
| 2 | OVERTIME - 1001 | Cost reduced after re-examining expenses from 2017. | |
| 3 | TEMP SAL - 1160 | We took a pay period away from many of our projected temporary personnel. They will start working on tasks for November elections on September 4th, and we will have them work through November 12th (unless there are runoffs). Originally, we were planning on them working through November 26th. | |
| 4 | Early Voting - 1160 | We are tentatively planning for early voting to begin on October 15th and end on November 1st. We are thinking that the days will either be from 8:30am to 5:00pm, or 8:30am to 6:00pm. Originally, we were budgeting for longer days, such as 8:30am to 7:00pm. | |
| 5 | SS-SALARIES - 1010 | This amount changes automatically based on Item 1001. | |
| 6 | SS - MEDICARE - 1011 | This amount changes automatically based on Item 1001. | |
| 7 | UNEMP INS - 1060 | This amount changes automatically based on Item 1001. | |
| 8 | RENTAL EQUIP - 1120 | No change | |
| 9 | RENTAL BLDGS - 1121 | $300 removed from facility charges | |
| 10 | POLL WORKERS PERS - 1159 | Originally, we had budgeted for the maximum amount of poll workers we might want to hire, and we also budgeted for standbys. Standbys are people who are ready to fill in if someone does not show up on Election Day. Standbys get paid regardless of whether they work. We finalized poll worker projections for November, and we also removed all standbys. Roswell will not be charged for standbys. | |
| 11 | STIPEND - 1169 | No change | |
| 12 | HOSP - 1307 | No change | |
| 13 | ADV- 1342 | We increased advertisement costs because we have received feedback that we should spend more on advertising to inform voters how they can vote in upcoming elections. | |
| 14 | MILEAGE - 1346 | No change | |
| 15 | VEH SUPPLIES - 1452 | No change | |
| 16 | POSTAGE - 1456 | We believe we can conduct the necessary mailings that we need to conduct for less than we originally budgeted; therefore, we reduced this amount. | |
| 17 | PRINTING - 1459 | Cost reduced after re-examining expenses from 2017. | |
| 18 | PHOTO COPIES - 1461 | No change | |
| 19 | OFFICE SUPPLIES/BALLOTS - 1462 | We slightly reduced the amount we are budgeting for provisional ballots and absentee ballots after reviewing turnout numbers from previous years. | |
| 20 | STOCK PAPER - 1475 | No change | |
| 21 | INS (HEALTH) - 1501 | This amount changes automatically based on Item 1001. | |
| 22 | INS (LIFE) - 1505 | This amount changes automatically based on Item 1001. | |
| 23 | INS (DENTAL) - 1510 | This amount changes automatically based on Item 1001. | |
| 24 | INS (VISION) - 1512 | This amount changes automatically based on Item 1001. | |
| 25 | RETIRE MATCH - 1522 | This amount changes automatically based on Item 1001. | |
| 26 | SECURITY 1174 | We are planning to spend more on security this year than we have in previous years. We have not made definitive plans yet; however, we felt confident that we could save money by reducing the orginal budgeted amount. | |
| 27 | DC-CNTR-EPLR - 1527 | This amount changes automatically based on Item 1001. | |
| 28 | DC-CNTR-2% - 1529 | This amount changes automatically based on Item 1001. | |

Mr. Barron,

Several residents of Southwest Atlanta, including Councilmember Andrea Boone, have expressed their desire to have the C.T. Martin Natatorium and Recreation Center open as an early voting site.

I agree with them and respectfully request that you consider their request.

In the event you decide not to utilize the C.T. Martin Natatorium and Recreation Center, please explain your reasoning for doing so.

Sincerely,

Robb Pitts

In the Brown Affidavit, Respondent Brown swore, *inter alia*, that he is not "a defaulter for any federal, state, county, municipal or school system taxes."

24.

On August 28, 2018, the Georgia Department of Revenue filed its State Tax Execution showing that Respondent Brown defaulted on his state tax liability in an amount of at least $5,690.33. A true and correct copy of the state tax lien as recorded in the Clerk of Superior Court of Fulton County, Georgia is attached as **Exhibit B**.

25.

Upon information and belief, the outstanding state taxes of at least $5,690.33 has not been paid by Respondent Brown.

26.

Respondent Brown is a defaulter on his state taxes.

27.

Respondent Brown does not meet the constitutional and statutory requirements for an Atlanta City Council candidate.

28.

On the date Respondent Brown executed and filed the Brown Affidavit, he was not eligible to hold the office of Atlanta City Council District 3 post.

29.

Respondent Brown is not eligible to run or hold the Atlanta City Council District 3 post; and therefore, this Court must declare the March 19th Special Election invalid as required by O.C.G.A. § 21-2-522(2).

AMERICAN OVERSIGHT

GA-FULTON-20-1047-A-003063

30.

Respondents Fulton County and/or City of Atlanta are responsible for maintaining voter registration and confirming that each voter is properly assigned to the Atlanta City Council District for voting purposes.

31.

Numerous registered voters that reside within City of Atlanta Council District 3 were erroneously classified by Respondents Fulton County/City of Atlanta to City of Atlanta Council District 4.

32.

The erroneous classification of voters to the incorrect council district prevented eligible voters from casting their ballot in the March 19th Special Election.

33.

The number of voters erroneously classified to another council district, not District 3 where they reside, is great enough to change the outcome of the March 19th Special Election.

34.

The erroneous assignment of voters to a different council district is a sufficient ground under O.C.G.A. 21-2-522 to invalidate the March 19th Special Election.

35.

Because the March 19th Special Election was invalid, this Court must call for a second Special Election and shall not include Respondent Brown's name on said ballot.

WHEREFORE, Petitioner prays the following:

(a) The Clerk of Superior Court shall issue notice, in the form of special process directed to the sheriff of such county, requiring the Respondent and any other person named in

AMERICAN OVERSIGHT

such petition as a candidate for the District 3 post to appear and answer such petition, on a day to be fixed in such notice, not more than ten days nor less than five days after the service of same as required by O.C.G.A. § 21-2-524.

(b) Set a hearing on this matter; and

(c) After such hearing, determine that Respondent Brown is not qualified to seek and hold the Atlanta City Council District 3 seat and therefore, declare the March 19th Special Election invalid and call for a second Special Election to fill the City of Atlanta's District 3 seat.

This 27th day of March 2019.

## INTER-OFFICE MEMORANDUM

**TO:** Richard Barron, Director

**FROM:** Ralph M. Jones, Registration Chief
Registration and Elections

**RE:** Monthly Operations Report for April 2019

**DATE:** June 6, 2019

This Monthly Report provides a summary of the critical registration activities, workload levels and voter statistics for the Registration Division of the Fulton County Registration & Elections Department for May 2019. The primary activities upon which we worked in May were processing voter registration applications, confirmation notices, researching street issues, municipal voter/street audits as well as voter registration applicant processing problems, preparing notices to voter registration applicants, scanning, indexing registration cards, and training.

**VOTER REGISTRATION**

The total number of voter registration applications we have received in 2019 is **115,919**. We received **24,754** voter applications in May. We are processing those applications.

As of June 1, 789,539 (724,591 active and 64,948 inactive) registered voters reside in Fulton County.

**The Historic Overview of Registration Applications for the Months of April/May are as follows:**

| Year | April Voter Registration Applications | May Voter Registration Applications |

**REGISTRATION REPORTS:**

**FELON LIST**
State law requires counties to review felon reports and to conduct hearings for those voters with matching data that raises questions regarding their eligibility to vote in accordance with O.G.C.A 21-2-228. All reports must be processed in accordance with O.C.G.A. 21-2-231.

Number scheduled for June Hearing 0.

**DEPUTY REGISTRAR ACTIVITIES**

**The Registration Division completed the following Voter Education Activities for the Month of May:**

| Deputy Registrars Trained | Deputy Registrar Classes | Deputy Registrar Drives |
|---|---|---|
| 12 | 1 | 0 |

We issued 89 TVICs. We sold 1 voter list CD's.

**PERSONNEL/STAFFING:**
We have a total of 10 permanent employees and 2 managers currently.

**LUNCH ON THE RUN:**
Lunch on the Run is a fundraiser for our department to help with the cost of our Christmas party. Staff sold Nachos on May 24 in the courtyard outside of the department. Fulton County employees had an opportunity to build their own nachos for only five dollars. Our next nacho fundraiser will be June 28, 2019.

**GROC CERTIFICATION:**
Registration Division has 3 new employees who have started their GROC Certification process. GROC is Georgia Registrar Official Certification. Employees have to finished 8 online modules and pass each module test with a score of at least 80%. Certification is based on election law, registration basics, administrating oaths, absentee procedures and others. They should be completed by July.

**Confirmation Cards**
The Secretary of State has printed our confirmation cards and we have mailed them on June 10. This confirmation run is the NCOA (National Change of Address). NCOA is based on a change of address at the Post Office that is different from the voter's residence address. Two type of NCOA confirmations leave our office in the mail. The first one is because the voter made a change of address at the Post Office and that address is outside of Fulton County. A confirmation is sent and if the voter doesn't reply within 40 days their status will be updated to Inactive. The second one is because the voter made a change of address at the Post Office and the address is within Fulton County. If the voter doesn't respond, the Secretary of State will send the county a list of the voters needing an update to their new address. These voters will not be updated to Inactive status. We mailed 56,553 confirmations. The total mailed for those outside of Fulton was 33,988 confirmations and for those within Fulton the sum was 23,565 mailed.
