Subject: Absentee Ballot Application Email

Rick,

Quick question, can you answer the question below about which email address you should email absentee ballot applications? I'm assuming either. And I'm guessing they created the second email for this particular process.

Thanks,
Aaron

Good morning. The absentee ballot request form I received from the Secretary of State gives voters "elections.voterregistration@fultoncountyga.gov<mailto:elections.voterregistration@fultoncountyga.gov>" as the email address for returning the request form. The Fulton County Voter Registration and Elections Office website lists elections.absentee@fultoncountyga.gov<mailto:elections.absentee@fultoncountyga.gov> as the address for absentee ballot request forms.

Is the Voter Registration Office processing absentee ballot request forms sent to both email addresses? If not, which one is the correct address?

Thank you for clarifying

We received 4 bins from USPS today with 24 trays in each bin. Each bin can hold up to 1,500 absentee ballot application envelopes. Other mail will be mixed in as well as returned mail, but we had to have received at least 75,000 ballot by mail applications today, minimum, if all trays are full. I don't think anyone is going to vote in person at this rate. Ralph, Pam and Caryn are meeting to determine how many staff we will need to process mail.

See AJC article below; also in Georgia 10x10 Bartow County reports a permanent staff member has the coronavirus. After speaking with Mark yesterday, and telling him of the shortages, he suggests having the three EV sites you named (or others) for first part of EV, then three different sites for last half. Sounds like decent compromise. But please call me to discuss. Mary Carole

I forward this as an example of the trouble we are going to have on Election Day staffing our polling locations, and what we may face during early voting. Only three of 13 will commit to working as of now in RW13. By the time early voting starts we are supposed to see more than 100 people per day die in Georgia according to the models. A deluge of infections and deaths is coming, unfortunately.

[redacted] but works as supplemental staff has corona. That is number two on my staff, plus [redacted] that has contracted the disease. [redacted] in the hospital on a ventilator. [redacted]

The numbers of people willing to work will surely go down over the net two weeks.

Even our dedicated long standing service poll workers who have served for years, are not prepared to risk being exposed to CORVID-19's deadly Coronavirus.

Here are typical reasons given:
- "while the elections are important, voters in Georgia have the option to vote by mail, as my wife and I are going to do in light of the viral environment. I don't feel it is in our best interest to work the upcoming election, I think it is too risky. I will not be working the upcoming May election. I however keep my availability open for upcoming elections depending on our comfort level in accordance with health concerns…"
- "I am going to decline this time not knowing what the status of the virus is going to be next time. My husband has chronic bronchitis so I can't risk contracting it and bring it home. Keep my name in the hat … if the virus has run its course."
- "I already took the online and face to face training class and did not even get paid for those trainings…"
- "I am currently back home in Augusta (with my parents) right now, while everything is going on with Corona. So I am not sure that I will be able to make this one."

So it's highly impossible for any manager to run such a high turnout dual precinct with only 3 poll workers.

In addition, Governor Kemp also just made a state wide announcement at 4pm this afternoon, extending the Public Health State of Emergency to May 13 and Georgia state's 'Shelter in Place' to April 30.

With the CORVID-19 Coronavirus deaths rising sharply in Georgia and the public health risks being so in flux, I don't know this is going to impact the proposed May 19 election.
Given Gov. Kemp's state announcement minutes ago, our GA Secretary of State may postponed the May 19 again.
So we may want to consult again with our GA Secretary of State.

Dedicated but Concerned,

Neville Billy | chief dual manager
RW 06 & RW 13 precincts

Greetings Poll Officials,

I hope this message finds you and your family in good health.

"Due to concerns about COVID-19, our office has decided to cancel all in-person training classes for Election Day poll workers leading up to the May 19th election.

Our office is developing online training that will be mandatory for all Election Day poll workers. We are hoping to have that training available by Wednesday, April 22nd. You will be notified as soon as the mandatory online training becomes available.

Additionally, we want to let you know that we are seeking guidance from public health officials about items that we should provide on Election Day for your safety and for the safety of voters. We are working diligently to acquire hand sanitizer, alcohol cleaning wipes, masks, among other items as suggested by health officials.

We will continue to monitor recommendations from officials. If opportunities arise for us to safely hold voluntary hands-on classes, we will let you know. Thank you for your commitment to serving Fulton County voters."

Remain safe and sound everyone.

Respectfully,

[cid:image001.png@01D60DC3.D0915EA0]

Subject: Absentee ballot messaging for social

Hey all,

I wanted your eyes on this absentee ballot messaging before proceeding with any social posts:

By now you may have received your absentee ballot application for the now June 9 Primary Election in the mail. Please do not throw it away! Residents are encouraged to fill out the application and return it one of the following ways:

- Scan and email to (elections.absentee@fultoncountyga.gov<mailto:elections.absentee@fultoncountyga.gov>)

- Mail using the return address on absentee ballot application

- Fax through Fulton County Registrations and Elections at 404-612-3697

If you have not received your absentee ballot application, please request one on our county website: https://www.fultoncountyga.gov/services/voting-and-elections/absentee-voting

Is there any other information that should be added at this time?

Subject: RE: Absentee ballot messaging for social

Are absentee ballots being processed at both the following emails:

(elections.voterregistration@fultoncountyga.gov)

(elections.absentee@fultoncountyga.gov)

If not, which one is the correct email.

Thanks!

Hey all,

I wanted your eyes on this absentee ballot messaging before proceeding with any social posts:

By now you may have received your absentee ballot application for the now June 9 Primary Election in the mail. Please do not throw it away! Residents are encouraged to fill out the application and return it one of the following ways:

- Scan and email to (elections.absentee@fultoncountyga.gov<mailto:elections.absentee@fultoncountyga.gov>)

- Mail using the return address on absentee ballot application

- Fax through Fulton County Registrations and Elections at 404-612-3697

AMERICAN OVERSIGHT

DeKalb is mailing to Inactive. We aren't doing it because in most cases the people are absent from the addresses and that is why it's a waste of money to send them to households in which the people don't live. I told Aaron this a few days ago. I don't want to send 45,000 pieces of mail to people that don't live at the addresses. If we do mail forwarding and they live in other states how is that publicity going to hit us? Not well. We will be blamed for sending applications to people in other counties and states and accused of allowing out of state voters and out of county voters to vote in Fulton County.

I'm okay with disagreements on EV. I'll state my case that I am concerned with public health and that a non-invasive, non-interactive approach is available, ballot by mail, as well as is Election Day.

We have already received 6400+ applications and Caryn thinks we received another 1,000 today. This is a pace that is going to mean tens of thousands, probably more than 100,000 vote by mail which will be in line with normal Primary turnout.

Subject: Be prepared and forewarned

Here is something offered without pride of authorship, but how I'd like the Department's problems to be presented tomorrow. You can toss it if you want. I spoke with Aaron a few minutes ago. You'd rather get this from me than to have him spring this on you: DeKalb County is constructing its own ballot application solicitation (like what the SOS sent out but their own) to all their inactive voters. If they could do that, why can't we? I thought the SOS announced that the ballot applications were being sent to all registered voters, but what do I know. Then Aaron really pushed back against my case that circumstances really compel us to offer the minimum of EV. Just so you know ahead of time. Mary Carole

Good afternoon Team,

I hope that everyone is doing great and adjusting to the new normal! I miss seeing each of you in person everyday saying "Bon jour" in the morning. I have some important information to share with everyone regarding our goals. We are making great progress, but please know that the voter registration deadline is quickly approaching. The deadline is April 20, 2020. We really need to knock out all of DDS and Online applications this week if possible. We can then focus on the paper applications as well as assisting our Absentee Team. We have many requests for Absentee Ballots. If you are almost finished with your DDS, just email Amvar and copy me. New dates will be assigned.

Please make sure that you read your emails. I am sure that we will be communicating more frequently as we approach election day. If anyone has any questions or any issues at please contact your manager. We are here to assist in any way possible. Stay tuned and enjoy the rest of your day!

Thanks,
Pamela

Hello Rick,

Just to follow up, we will have no more than 10 people in each room at a time.

Thanks,
Pamela

Good afternoon Team,

This is to confirm that we will still be meeting tomorrow. Report at your regular scheduled time. Mallory and Sonja can report to the South Annex, just notify Darwin. We will make sure that we are in groups of no more than 10 people. We will be doing a couple of things.

* Time and Payroll
* Signing out  Laptops for those who submitted requests
* Entering Numbers in the Daily Count Spread Sheet
* Assigning new DDS dates
* Handling any technical issues

Thanks,
Pamela

Subject: RE: DDS AND ONLINE WORK ASSIGNMENTS

Good afternoon Team,

I hope that everyone is doing great and adjusting to the new normal! I miss seeing each of you in person everyday saying "Bon jour" in the morning. I have some important information to share with everyone regarding our goals. We are making great progress, but please know that the voter registration deadline is quickly approaching. The deadline is April 20, 2020. We really need to knock out all of DDS and Online applications this week if possible. We can then focus on the paper applications as well as assisting our Absentee Team. We have many requests for Absentee Ballots. If you are almost finished with your DDS, just email Amvar and copy me. New dates will be assigned.

Please make sure that you read your emails. I am sure that we will be communicating more frequently as we approach election day. If anyone has any questions or any issues at please contact your manager. We are here to assist in any way possible. Stay tuned and enjoy the rest of your day!

Thanks,
Pamela

Good afternoon Team,

This is to confirm that we will still be meeting tomorrow. Report at your regular scheduled time. Mallory and Sonja can report to the South Annex, just notify Darwin. We will make sure that we are in groups of no more than 10 people. We will be doing a couple of things.

* Time and Payroll
* Signing out  Laptops for those who submitted requests
* Entering Numbers in the Daily Count Spread Sheet
* Assigning new DDS dates
* Handling any technical issues

Thanks,
Pamela

Subject: RE: DDS AND ONLINE WORK ASSIGNMENTS

Good afternoon Team,

I hope that everyone is doing great and adjusting to the new normal! I miss seeing each of you in person everyday saying "Bon jour" in the morning. I have some important information to share with everyone regarding our goals. We are making great progress, but please know that the voter registration deadline is quickly approaching. The deadline is April 20, 2020. We really need to knock out all of DDS and Online applications this week if possible. We can then focus on the paper applications as well as assisting our Absentee Team. We have many requests for Absentee Ballots. If you are almost finished with your DDS, just email Amvar and copy me. New dates will be assigned.

Please make sure that you read your emails. I am sure that we will be communicating more frequently as we approach election day. If anyone has any questions or any issues at please contact your manager. We are here to assist in any way possible.  Stay tuned and enjoy the rest of your day!

Thanks,
Pamela

Subject: RE: DDS AND ONLINE WORK ASSIGNMENTS

Good afternoon Team,

This is to confirm that we will still be meeting tomorrow. Report at your regular scheduled time. Mallory and Sonja can report to the South Annex, just notify Darwin. We will make sure that we are in groups of no more than 10 people. We will be doing a couple of things.

* Time and Payroll
* Signing out Laptops for those who submitted requests
* Entering Numbers in the Daily Count Spread Sheet
* Assigning new DDS dates
* Handling any technical issues

Thanks,
Pamela

Hi Rick and Blake. Hope you both are well. Ellis asked me to rework the power point you sent so I'm sending that for you to review (see attached). There are some questions I need answered in order to fully complete the presentation– see below.

1. On Slide #5, I need to the number of folks you need for each place where you see red question marks.

2. On Slide #5, I need you guys to confirm how many poll workers you need. In the initial presentation you mentioned 1,000 and broke it down to 200 clerks, 400 line managers/info attendants but you didn't indicate what the role of the other 200 would be. We just need to firm up those numbers.

AMERICAN OVERSIGHT

3. On Slide #6, where will poll worker training take place?

I think that's it for the questions. Let me know if this looks ok to you guys.

HI Rick. I tried to reach you on your cell but couldn't. Can you or Blake call me on my county cell at 470-351-0916. Your edits still don't provide enough clarity for me for me to be able to ascertain the number of people you need for each assignment-it's a bit confusing.

1,000 Poll Workers
-400 clerks
-400 assistant managers
- of clerks and assistant managers we will need
we will need 200-300 poll workers, 100 are back up poll workers, the other 200 are technicians
-200 poll managers
200 Election Day Line Managers, county employees
Absentee Ballot Clerks, dependent upon where we process ballots on Election Day, 20-100+
Election Night Workers, 25-100

Subject: Re: Fulton Co REG. & ELECT. - FFE

Rick, with the revised proposal amount from $60k down to $28k, we can use the poll worker or Happy Faces' funds.

Need your approval.

On Apr 9, 2020, at 6:54 AM, Evans, Joseph <Joseph.Evans@fultoncountyga.gov<mailto:Joseph.Evans@fultoncountyga.gov>> wrote:

I've been getting questions about this from the warehouse staff, so I think it's something we should discuss although it's not high on the radar right now.

When DREAM designed the warehouse floorplan by moving shelving, they developed a design for workstations/cubicles. See the attachment for more info. The total is about $28,000.

Subject: RE: Fulton Co REG. & ELECT. - FFE
Importance: High

Hi Nadine,

See attached Cost Proposal for the work station at the Election English Street Warehouse.

We were able Value Engineer the project request down below the 30K proposed budget.

Please review and let me know if you have any questions or comments…

Thanks Keith

Subject: Fwd: Fulton Co REG. & ELECT. - FFE

Hi Nadine,

See attached revised furniture plan, we lowered the height of panels, removed seating, storage items...

Vendor state we should be within budget of 30K ...

Please review plan for final pricing..

Please contact me if you have any questions...

Thanks Keith

Hi all:

Here are some updated versions. The only difference between options one and two is the logo.

Let me know what you think and we can continue to make changes.

Thanks!!
Jessica

Jessica:

Let's work with Option 2.

1. Make the Vote Here check red.
2. Make the wave look similar to Option 4 with watermark stars and the entire wave should be an America flag.
3. Move the Fulton County Registration and Elections with the logo to a less prominent place below the wave.
4. I like the Catch the Voter Voter Bus as the slogan.

Hi All,

Attached are some design ideas for the Voter Mobile! Please review with your teams and send any feedback my way. If there are specific elements you prefer or dislike (like wording, colors, patterns, etc), let me know and we can work from there.

Thanks!

Rick & Team: I can't wait to see your new Voter Mobile come to life! I am a very safe driver if you need a backup. :)

Jessica Fowler (AKA "Jessica 2.0") is the graphic designer working on this project.

By way of this email I will ask that she please look at the vendor's website for some of the other buses. She would also like to know if you all have any specific vision.

Would you want wording on the bus to read "Fulton County Registration & Elections Voter Outreach"? Or Fulton County Mobile Voting?

I know you are super busy but let us know if you might have time for a call with Jess with any specific ideas, or you can shoot her an email.

Thank you!

-Jessica

Ken,

So do we send you or logos and thoughts…. And you have someone that can draft the graphics? Sorry, it has been busy since the call and I can't remember what was stated. Jessica/Blake/Rick, jump in if you have had discussions with Ken and know our direction.

Mr. Barron,

I am in the office working and there are a lot of calls coming in. Are we going to add a recording that we are out of the office to the main line, voter registration and absentee lines?

When I was in Tuesday, I took down the voter's information and emailed absentee. All of the calls that I answered were for absentee. I know Ms. Brenda answered quite a few calls, too.

If we did in-person training for county employees helping with Election Day, we would do it the week before the election. Most of the training would probably be online.

Let me know if you need additional info from me for the PowerPoint.

Questions from David Ross…

If we receive undeliverable mail that is an absentee application that the state mailed out, will those voters be entered into a queue to become inactive? What will that process look like?

Also, I'm assuming the undeliverable absentee applications will come to our office?

Undelieverable mail would make the voter Inactive.

Those should come to our office, but Ralph or Caryn may know better. Maybe Caryn can email Leigh.

Hi Dr. Ford. Thanks so much for this information-it is very helpful. We'll be sure to remind staff to refrain from wearing make-up to extend the life of the masks. Thank you also for the possible source of supplies as well.

I will let Blake from Elections chime in on how he derived at the numbers for 2 pairs of gloves per day and exactly what staff will be handling. He will be to give you a more accurate response.

Blake, could you provide the requested information to Dr. Ford? Thanks.

Subject: RE: URGENT: Hand Sanitizer and PPE for upcoming elections

Hi Bridgitte,
This looks great. Please remind staff they should not be wearing makeup, especially lipstick, while wearing the masks. Keeping them makeup free may extend the life to three days, but I would plan for two. Wheat Street Distillery is selling hand sanitizer, and this may be an additional source. Curious: how did you come up with two pairs of gloves/day? What will staff be handling?

Thanks,
sef

Hi Dr. Ford. Thank you again for your guidance again on the masks and gloves we need to try to procure to cover early voting and Election Day. Attached is a summary of what the Elections Department estimates they will need. Are you able to review and advise if these amounts and reuse of some of the items would be sufficient and could work? Your advise would be greatly appreciated. Thanks again.

Subject: URGENT: Hand Sanitizer and PPE for upcoming elections

Matt/Tim,

See below update from Blake based on a call we had yesterday. Elections officially needs to get in a request for hand sanitizer of some form in preparation for the May election. Early voting is slated to start April 27th. We know this is a critical issue for all entities, but I wanted to insure everyone is aware and we are on the needs list. I am sure this will be in connection/coordination with the SOS and state-wide.

We have also asked the BOH on clarification on mask and gloves. The latest CDC guidelines for elections don't call for their use but things are dynamic right now. Those request may be forthcoming.

Subject: Hand Sanitizer

Ellis,

I talked with our warehouse manager to get clarity on some of our questions regarding the acquisition of hand sanitizer. I'm anticipating that we will need help acquiring some.

Who is the vendor that we are trying to get hand sanitizer through?

* Uline is out of stock – they are usually our supplier for hand sanitizer – they have projected late April availability but are unable to commit to pre-orders
* Office Depot, Home Depot, and Staples also out of stock

Have we placed an order?

· No current order is in place, we have depleted our supplies and any new orders we received with advance voting , we have 6 bottles in the EPC

I'm estimating that we need about 2,000 bottles of hand sanitizer to get through the May election. Can you call the vendor and ask how long it would take us to get that kind of quantity?

· Uline has projected late April availability but are unable to commit to pre-orders

I'll also contact the SOS to determine whether they plan to send us hand sanitizer still.

· To date, we have not received any hand sanitizer from the SOS.

Additionally, I have contacted the Secretary of State's office. They do plan to give us some, although they are not certain how much right now.

We'll keep trying to find vendors, and I'll keep you updated.

Thank you,

Blake Evans

Hello Rick,

Please find the attached requested information. Hopefully, this information is helpful.

To recap our conversation earlier, the ballots are being mailed by the Secretary of State but as of right, they have not been mailed.

Now the answer to the last question, I'm really not sure how we could track that information but I will get with Mr. Jones to see if this is doable.

AMERICAN OVERSIGHT

Can you send a daily update, the spreadsheet of applications received and ballots mailed, etc, please?

Also, how many ballots went out to people who had voted in the PPP, but got a ballot with president on it? Can we easily track those coming back in so that we know which ones we have to remake?

I tried calling both Pam and Caryn, but no one answered.

Hey Caryn,

Can you, me and Pam get on a call today? I don't want to bother Ralph unless he feels better. Just want an update regarding absentee. If you can give me a summary via email that will be fine, too.

Hey Gang,

Hope you guys are staying safe. Would either of you like to report to the office on Monday? We will work till 12 or 12:30 at the latest. Please let me know asap, so that I can provide the final list of names to management.

Thanks

This is great, Caryn. Thanks.

Please give my best to [redacted] talk to her. That concerns me. Did anyone have contact with her within the last three weeks?

Hello Rick,

Please find the attached requested information. Hopefully, this information is helpful.

To recap our conversation earlier, the ballots are being mailed by the Secretary of State but as of right, they have not been mailed.

Now the answer to the last question, I'm really not sure how we could track that information but I will get with Mr. Jones to see if this is doable.

Subject: RE: WORK MONDAY

Can you send a daily update, the spreadsheet of applications received and ballots mailed, etc, please?

Also, how many ballots went out to people who had voted in the PPP, but got a ballot with president on it? Can we easily track those coming back in so that we know which ones we have to remake?

I tried calling both Pam and Caryn, but no one answered.

Hey Rick,

This is what we are doing:

- Processing Mail
- Logging PPP ballots
- Printing Faxes & Emails
- Issue AB batches

I'm in the office if you want to talk.

# REGISTRATION AND ELECTIONS

ENGAGING FULTON COUNTY EMPLOYEES AS ELECTION WORKERS IN 2020

1

AMERICAN OVERSIGHT

# ELECTION PRIORITIES

Outlined below are the top priority planning areas for the 2020 election cycle:

- Election General Information and Facts
- Engaging/Assigning County Employees
- Staffing and Training
- Personal Protective Equipment
- Election Concerns

2

AMERICAN OVERSIGHT

## ELECTION GENERAL INFORMATION AND FACTS

- There are 192 polling locations in Fulton County.
- No more than 10 people will be allowed in a polling site.
- Security will be needed at various polling locations.
- Need authorization from the Secretary of State to open and scan absentee ballots early.
- Secretary of State is expected to loan Fulton County additional central scanners.
- Personal Protective Equipment needed for poll workers and election staff.
- Changes to the early voting plan-TBD by the Board of Registration and Elections b April 9th

3

AMERICAN OVERSIGHT

# METHODS TO ENGAGE FULTON COUNTY WORKERS

**ENGAGING FULTON COUNTY WORKERS**

EARLY VOTING

- Early Voting Clerks
  April 27th – May 15th
  Monday-Friday, 9:00 a.m.- 4:30 p.m.
  Saturday voting, May 9th
  (locations to be determined)

- Set-up and Delivery of Early Voting Equipment

**ENGAGING FULTON COUNTY WORKERS**

ELECTION DAY

- Election Day Poll Workers
  May 19th

- Election Day Technicians
  May 19th

- Absentee Ballot Processing
  May 19th

4

AMERICAN OVERSIGHT

# STAFFING NEEDS

## Early Voting

- ??? Early Voting Clerks
- ??? Equipment Set-up and Delivery

## Election Day

- 1,000 Poll Workers Poll Workers
  - -200 poll workers/clerks
  - -400 line managers and information attendants
  - -200 other election workers
- 100 Election Day Attendants
- ??? Absentee Ballot Clerks
- ??? Security Guards

5

AMERICAN OVERSIGHT

# TRAINING

Training will be required for all Early Voting and Election Day workers. Training for Poll Managers is approximately 3 to 4 hours and training for Clerks is approximately 2 hours. Training will occur April 13th – 17th and take place in the following locations: ??????????

## Early Voting Training Content

- Easy Vote
- ElectioNet
- BMDs (Ballot Marking Devices)
- Poll Pads
- Scanners
- Procedures
- Opening/Closing
- Public Health Precautions

8

AMERICAN OVERSIGHT

AMERICAN OVERSIGHT

# Fulton County Registration and Elections

## Engaging Fulton County Employees as Election Workers
## Election Date: May 19, 2020

FULTON COUNTY

AMERICAN OVERSIGHT

# Outline

- How we can use county employees
  - Early Voting
    - Early Voting Workers
  - Election Day Poll Workers
  - Election Day Technicians
  - Processing Absentee Ballots on Election Day

AMERICAN OVERSIGHT

# Early Voting

- In-Person Early Voting
  - Early Voting for the May election is April 27 - May 15
  - Training takes place from April 13 - 17.
  - Employees need to report for delivery and set up between April 20 - 24.
  - On April 9 the DRE will propose three different early voting plans to the BRE
    - We will have as few as three EV sites to as many as 21 open for three weeks
    - 21 locations would require 105 staff, plus two more to work as line managers
    - No more than five poll workers and five voters would be allowed in a location at a time

AMERICAN OVERSIGHT

# Early Voting Training Requirements

- Easy Vote
- ElectioNet
- BMDs
- Poll Pads
- Scanner
- Public Health
- Procedures
- Opening
- Closing

AMERICAN OVERSIGHT

# Early Voting Dates, Times, and Locations

- April 27 - May 15
- 9 AM – 4:30 PM
- Monday through Friday
- Saturday 9 May 9 AM – 4:30 PM
- Locations will be determined on April 9 by BRE

AMERICAN OVERSIGHT

# Election Day

- How many total poll workers we need:
  - Ideally, we want 1,000 poll workers in the field on Election Day, fewer than normal because we are only going to allow five poll workers and five voters into a polling location at a time, on average
  - After drop-outs, we anticipate having 800 poll workers
  - We will need 200 poll workers, plus 400 line managers and information attendants
- Technicians will be needed for Election Day, at least 100

AMERICAN OVERSIGHT

# Election Day Training Requirements

- Four hours for poll managers
- Three hours for assistant managers
- Two hours for clerks
- Poll Pads
- BMDs
- Carriers
- Procedures
- Opening
- Closing
- Set up

AMERICAN OVERSIGHT

# Election Day Polling Locations

- 192 Locations
- Avg of five BMDs per location
- No more than 10 people allowed inside per location
- Expect lines if people vote in person
- Expect to lose more polling locations as May 19 approaches
- May need police security at many locations

AMERICAN OVERSIGHT

# Processing Absentee Ballots

- 100,000 or more ballots expected
- State needs to allow us to open envelopes and scan before Election Day if we are to process ballots and maintain no more than 10 people in an area
- State should be loaning us more central scanners

AMERICAN OVERSIGHT

# Concerns

- What if the county opens before Election Day?
- Should we use non-essential county workers for EV and EDay that are unable to work from home or go with or Happy Faces workforce?
- Who pays County workers receiving salary from County?
- Will IT be able to set up during EV?
- Will IT be available on EDay?

AMERICAN OVERSIGHT

# Fulton County Registration and Elections

## Engaging Fulton County Employees as Election Workers
## Election Date: May 19, 2020

  - Election Day Technicians
  - Processing Absentee Ballots on Election Day

AMERICAN OVERSIGHT

# Early Voting

- In-Person Early Voting
  - Early Voting for the May election is April 27 - May 15
  - Training takes place from April 13 - 17.
  - Employees need to report for delivery and set up between April 20 - 24.
  - On April 9 the DRE will propose three different early voting plans to the BRE
    - We will have as few as three EV sites to as many as 21 open for three weeks
    - 21 locations would require 105 staff, plus two more to work as line managers
    - No more than five poll workers and five voters would be allowed in a location at a time

AMERICAN OVERSIGHT

# Early Voting Training Requirements

- Easy Vote
- ElectioNet
- BMDs (Ballot Marking Devices)
- Poll Pads
- Scanners
- Public Health
- Procedures
- Opening
- Closing

AMERICAN OVERSIGHT

# Early Voting Dates, Times, and Locations

- April 27 - May 15
- 9 AM – 4:30 PM
- Monday through Friday
- Saturday May 9, 9 AM – 4:30 PM
- Locations will be determined on April 9 by BRE

AMERICAN OVERSIGHT

# Election Day

- How many total poll workers we need:
  - Ideally, we want 1,000 poll workers in the field on Election Day, fewer than normal because we are only going to allow five poll workers and five voters into a polling location at a time, on average
  - After drop-outs, we anticipate having 800 poll workers
  - We will need 200 poll workers, plus 400 line managers and information attendants
- Technicians will be needed for Election Day, at least 100

AMERICAN OVERSIGHT

# Election Day Training Requirements

- About 3 to 4 hours for poll managers and assistant managers
- Two hours for clerks
- Poll Pads
- BMDs
- Carriers
- Procedures
- Opening
- Closing
- Set up

AMERICAN OVERSIGHT

# Election Day Polling Locations

- 192 Locations
- Avg of five BMDs per location
- No more than 10 people allowed inside per location
- Expect lines if people vote in person
- Expect to lose more polling locations as May 19 approaches
- May need police security at many locations

AMERICAN OVERSIGHT

# Processing Absentee Ballots

- 100,000 or more ballots expected
- State needs to allow us to open envelopes and scan before Election Day if we are to process ballots and maintain no more than 10 people in an area
- State should be loaning us more central scanners

AMERICAN OVERSIGHT

# Concerns

- What if the county opens before Election Day?
- Should we use non-essential county workers for EV and EDay that are unable to work from home or go with or Happy Faces workforce?
- Who pays County workers receiving salary from County?
- Will IT be able to set up during EV?
- Will IT be available on EDay?
- Training county workers for EV when we already have a trained EV staff.
- Putting people in polling places to work.

AMERICAN OVERSIGHT

# Fulton County Registration and Elections

## Engaging Fulton County Employees as Election Workers
## Election Date: May 19, 2020

FULTON COUNTY

AMERICAN OVERSIGHT

# Outline

- How we can use county employees
  - Early Voting
    - Early Voting Workers
  - Election Day Poll Workers
  - Election Day Technicians

This just in from the State:

Clarified that the completed apps will be preaddressed to counties and not to State.

As far as the mailing address goes, if there is a mailing address on record, that address will be prefilled. If it is incorrect, voters can mark through and make it correct.

Most if not all of the earlier suggestions are being implemented.

They are including instructions for return including mailing, scanning/photographing/emailing them back and personal delivery.

Do any of you guys know right off what code section or rule permits using an ab ballot app as an address change?

This is so much better! My staff had these comments:

* Can we make sure they use our Absentee@cobbcounty.org email address rather than the Info@cobbelections.org one? We have the Absentee email in the UOCAVA field in eNet and the Info in the Public email field; which one will they use?

* Is there somewhere that the www.MVP.sos.ga.gov<https://urldefense.proofpoint.com/v2/url?u=http-3A__www.MVP.sos.ga.gov&d=DwMFAg&c=HPJvcKF4Kk5Wqru1T_u_fOsw8NVQVa3gp0ReMdlciXw&r=Ab1tWoBND5WPUindk9Sn4wStS2z-l-4wem9O9RY2hRILrpnrnD9tMptAtAtHi9ii&m=Uve8PaiYzqtvcuDyXW7Uk9uufQpTyLLl2j-QxcOGkZA&s=pVn6ALcJkjyqPZ_-Oy9hdk_VaGFR0Jlqnzbe-2wxWjs&e=> could be added so that people can look up and track their information?

* In the contact information section, I believe that should read “if your application OR ballot is incomplete”

* For UOCAVA voters, we have to know if they want to receive by EBD or by mail.

* Do we need the last line in the ‘office use only’ box?

All,

Based on input from our group and others, the State has come up with a form that is significantly different than the one proposed yesterday. However, it will look familiar to you all.

I have only glanced at it myself and noticed the formatting change. I ask each of you to look at it and provide input at your earliest convenience.

Thank you,

Subject: 1st Quarter Performance Numbers

Hello Department Heads and Liaisons,

Please prepare to start entering your 1st quarter performance numbers in the Departmental Performance Reporting System (DPRS).

The Strategy and Performance Management Office (SPMO) would like your numbers to be submitted by COB on April 17th.
Attached for your information are the following items:

1. Directions for entering information into the Departmental Performance Reporting System
2. Login and Password List for your Department
3. KPI Deadlines for 2020

You may log into the system by utilizing the following link: http://performance/apps/KPIForm/, please use your department login and password that are provided in the attached Login and Password for Departments document. When using the web link please use Google Chrome or Firefox. These logins and passwords have been assigned to the departmental liaison(s) and department director that the Office of SPMO has on record at this time. Remember the approval process requires the department director to login after the liaison has entered the performance numbers. Additionally, the director must check the box and submit the values. The instructions are also contained in the attached documents.

Please remember to enter numbers for ALL performance measures not just the Fulco Bonus measures.

If you have any questions related to the use of the DPRS system, please contact one of the following SPMO team members by email for assistance:

AMERICAN OVERSIGHT

* Arielle Lee at arielle.lee@fultoncountyga.gov<mailto:arielle.lee@fultoncountyga.gov>
* Steve Williams at steve.williams@fultoncountyga.gov<mailto:steve.williams@fultoncountyga.gov>
* Mike Rowicki at mike.rowicki@futloncountyga.gov<mailto:mike.rowicki@futloncountyga.gov>

Due to teleworking, if you have any questions related to this memo, please contact me via email first.

Reply-To: County-managers-and-admins <COUNTY-MANAGERS-AND-ADMINS@LISTSERV.ACCG.ORG>

Hi Eric,

I thought I would share some details that might be of interest to you about the May primary issue.

Although I do not think the media has reported widely on details of the plan to mail absentee ballot applications, Secretary of State Brad Rappensperger met telephonically with the ACCG Executive Committee of the Board of Managers on Friday of last week and said that mailing of the ballot applications would be done at state expense and that upon receiving completed applications from voters, county elections officials would only have to scan a barcode in order to populate a dataset which would then be uploaded to a third-party vendor already retained by the state, which will then mail the absentee ballots to voters. So the state would be picking up the entire tab for that process. The issue for county elections officials, based on what I heard, is that if a lot of people vote by absentee ballot (which is obviously the goal to minimize the number of in-person voters), it will take longer on election night to process those and get a final count.

Pasted below is a summary of notes from the conference call that Secretary of State Rappensperger had with the Executive Committee. The Secretary said he did not have statutory authority to move the May Primary out to June. He further noted that because the state must comply with federal law governing elections, that the window of time in which an election could be held beyond May 19 was limited. It seems that if the May 19th primary will be delayed, the General Assembly will need to change the law, and even then will be constrained by federal law, apparently meaning that the primary could not take place later than early to mid-June. With the Legislature currently recessed due to the virus, it is unclear when they will reconvene, so it calls into question whether the law can be changed quickly enough, not to mention that while Speaker Ralston has been advocating for delaying the general election primary, I don't recall anyone on the Senate side being quoted in the media, nor the Governor.

Below is a summary of some of the key points from the discussion held on Friday. This information was distributed to counties on Friday by ACCG. I have added additional comments after the bullet points.

* Election Date: During a declared State of Emergency issued by the Governor or President, an election may be postponed by the Secretary of State for not more than 45 days. Governor Brian Kemp declared the State of Emergency in Georgia on March 14, 2020. The following week, Secretary Raffensperger announced that Georgia's Presidential Preference Primary Election, scheduled for March 24, would be combined with the Primary Election set for May 19, 2020. The Primary Election date is set by state statute and cannot be moved. Furthermore, this date occurs after April 13, the date upon which Georgia's current State of Emergency is set to expire. Therefore, the Secretary of State does not have authority to postpone the General Primary at this time, and even if a state of emergency does exist at that time, the PPP has already been extended the maximum amount it can be and would have to go forward on May 19. Any change to the May 19 General Primary date would have negative repercussions on county elections officials' ability to administer the remaining elections in 2020, particularly the November 2020 general election.

* Absentee Ballot Requests: Due to public health concerns and the increased interest in voting absentee to minimize risks posed by COVID-19, the Secretary of State's office has taken steps to send out a uniform absentee ballot application to all active Georgia voters. This application will include the individual's name, address and voter registration identification number, as well as a bar code. Completed applications will be returned to county elections offices where the bar code will be scanned and the data populated to the state's voter registration system to facilitate the verification of the absentee ballot request. Upon verification, they will be uploaded in batches to a mail vendor, secured by the Secretary of State's office, which will mail the absentee ballot. This uniform process established by the Secretary of State's office will maintain consistency throughout the state and eliminate postage costs for counties to mail absentee ballot applications and ballots.

* In Person Voting: State law requires people to have the ability to vote in person. Therefore, counties must set up and run early and election day polling locations. If social distancing recommendations are maintained, this will be challenging. The Secretary of State's office is ordering disinfecting wipes and sprays to provide to counties to use in polling locations. Securing enough poll workers is another concern since the average age of volunteers is estimated to be 70, which falls into the high-risk category for COVID-19. The goal is to provide counties additional resources to handle the increased interest in absentee voting while simultaneously helping counties cope with the increased difficulties of in-person voting due to social distancing, thus minimizing risks to poll workers and in-person voters.

* Fraud Concerns: The Georgia General Assembly took steps following the 2018 elections to reduce the potential for fraud, especially through ballot harvesting. Absentee ballots may only be sent to the individual who requested it, and the only person who can complete, handle or return that ballot is the individual to whom it was sent or a family member who lives in the same household. The Secretary of State's office will widely publicize this information and investigate any anomalies identified.
One thing to consider is that while time is short to do this, with so many newly unemployed people being potentially available to serve as poll workers, it might be wise to advertise or otherwise try to recruit some workers who are in the less vulnerable demographic vis-à-vis the virus. Too, based on what I have been told from another county official, some of the poll workers who are in the most susceptible demographic group have indicated they will not work the polls because of fear of contracting the virus. We are all in an unfortunate, unprecedented situation.

I hope this information helps everybody understand the issues a little better. Feel free to pose any questions to me or the policy team led by Clint.

Please continue your endeavor to stay safe!

From: County-managers-and-admins <COUNTY-MANAGERS-AND-ADMINS@LISTSERV.ACCG.ORG> On Behalf Of Eric Mosley
Sent: Tuesday, March 31, 2020 1:38 PM
To: COUNTY-MANAGERS-AND-ADMINS@LISTSERV.ACCG.ORG
Subject: [COUNTY-MANAGERS-AND-ADMINS] Election Day (aka COVID-19 All-You-Can-Eat Buffet)

The Troup County Board of Elections and Board of Commissioners are very concerned about the upcoming May election. It is my understanding that the Secretary of State's Office will be mailing out applications to all registered voters in our counties to request absentee ballots. In conjunction with this massive mailing operation, counties will still be responsible for hosting the weeks of early voting and opening all polls on the day of the election. I am sure like you, our poll workers are 65+ year old senior who are at high risk during this current pandemic and will be required to interact with thousands of voters during early election and on the day of the election. This all seems very contradictory to what we have been preaching now for 30 days to general public. I would greatly appreciate your thoughts and hopefully your voices to stand up to the Secretary of State's Office. Who's with me!

How Much Does Voting Spread Viruses?

A study shows that past elections have not led to national surges of viral disease, but it is too early to apply the research to coronavirus.

Subject: Second Reminder: 1st Quarter Performance Numbers

Good morning Department Heads and Liaisons,

I hope all is well during this time!

It is time to start entering your 1st quarter performance numbers in the Departmental Performance Reporting System (DPRS).

The Strategy and Performance Management Office (SPMO) would like your numbers to be submitted by COB on April 17th.
Attached for your information are the following items:

1. Directions for entering information into the Departmental Performance Reporting System
2. Login and Password List for your Department
3. KPI Deadlines for 2020

You may log into the system by utilizing the following link: http://performance/apps/KPIForm/, please use your department login and password that are provided in the attached Login and Password for Departments document. When using the web link please use Google Chrome or Firefox. These logins and passwords have been assigned to the departmental liaison(s) and department director that the Office of SPMO has on record at this time. Remember the approval process requires the department director to login after the liaison has entered the performance numbers. Additionally, the director must check the box and submit the values. The instructions are also contained in the attached documents.

Please remember to enter numbers for ALL performance measures not just the Fulco Bonus measures.

If you have any questions related to the use of the DPRS system, please contact one of the following SPMO team members by email for assistance:

AMERICAN OVERSIGHT

* Arielle Lee at arielle.lee@fultoncountyga.gov<mailto:arielle.lee@fultoncountyga.gov>
* Steve Williams at steve.williams@fultoncountyga.gov<mailto:steve.williams@fultoncountyga.gov>
* Mike Rowicki at mike.rowicki@futloncountyga.gov<mailto:mike.rowicki@futloncountyga.gov>

Due to teleworking, if you have any questions related to this memo, please contact me via email first.

Subject: Smartmatic - OBD Election Assessment - Fulton County, GA

Dear Mr. Richard Barron -

This year was already considered a big year for election office planning. Now, throw in the unexpected outcome of COVID-19! If you have a few minutes of time to give us your feedback, it will tremendously help us direct our product and services planning to focus on the challenges that are most important to your jurisdiction. Smartmatic is seeking your feedback as states and counties are taking into consideration expanding absentee and mail-in voting for those with remaining primaries and the general election in November.

1. What are your plans?

1. Do you plan to increase absentee balloting to all your voters: Yes or No?

1. Do you plan to consolidate polling places or something else to serve disabled voters while reducing possible virus exposures? Yes or No?

1. Do you offer a website or voter portal to manage Absentee Requests: Yes or No?

1. Do you offer a website or voter portal to manage UOCAVA Registration: Yes or No?

1. What systems and processes are you considering for managing both of these challenges?

Online Ballot Delivery (OBD) in the UOCAVA space:

1. How do you offer ballots to UOCAVA voters? Via on-line ballot delivery - meaning a voter logs into a website or voter portal to obtain their ballot and then sends back to you a print-at-home ballot, an email, or a fax, or do you email out your UOCAVA ballots?

1. Would you like to expand OBD to all voters to minimize ballot printing and mailing: Yes or No?

1. What is your biggest pain point when it comes to handling UOCAVA ballots?

If Online Ballot Delivery (OBD) is used, What's your process:

1. How do you handle remaking ballots received from UOCAVA voters and anyone else using your on-line ballot delivery and typically, how many?

1. What are your biggest pain points with mail-in return of OBD ballots?

1. How valuable is automatic remaking of ballots to you?

1. What, if any, impediments do you see using OBD?

AMERICAN OVERSIGHT

1. What about impediments moving to a Secure Electronic Return of the ballots – to remove your pain points?

Smartmatic realizes COVID-19 presents extraordinary challenges and we appreciate your feedback in seeking extraordinary solutions! These apply not to just what may be a short-term problem but will create a better election process for the future. We look forward to discussing what Smartmatic can do to ease the immediate pain of COVID-19 for your election critical infrastructure. If not with election solutions, then with keeping your staff safe and office/ tabulation environment 99.999% sterilized clean<https://urldefense.proofpoint.com/v2/url?u=https-3A__www.youtube.com_watch-3Fv-3DLC93w4b06FQ-26feature-3Dyoutu.be&d=DwMGaQ&c=HPJvcKF4Kk5Wqru1T_u_fOsw8NVQVa3gp0ReMdlciXw&r=fxDrNnqj4dVw96YLrIctRNc2YxdTkGShbXDyw8_kKttVIATu05CGAA-nt-EkAQJ3&m=CgZn82kxsehrndV6KTiizLCHC47jVbNzPjQwvpMZMXY&s=wkaIi8JiA7VxL5JUfBvVJUZsNHeMYKoVCbHJBKN8o54&e=> with our SteriSafe Pro!! <https://urldefense.proofpoint.com/v2/url?u=https-3A__www.youtube.com_watch-3Fv-3DQDy8gpygzJc-26t-3D&d=DwMGaQ&c=HPJvcKF4Kk5Wqru1T_u_fOsw8NVQVa3gp0ReMdlciXw&r=fxDrNnqj4dVw96YLrIctRNc2YxdTkGShbXDyw8_kKttVIATu05CGAA-nt-EkAQJ3&m=CgZn82kxsehrndV6KTiizLCHC47jVbNzPjQwvpMZMXY&s=K8DoeKd0o9hX5941Lo0ULnteSe3ULchRYZhbD7qy_Sc&e=>

Lastly, would you be interested in products that disinfect work surfaces/computers/deployed voting machines, whole rooms, and/or paper election materials?

Please feel free to call anytime with your questions. We also plan to reach out to you by telephone as well.

Thanking you in advance,

Sent: Wednesday, March 25, 2020 4:03 PM
To: Combs, Leigh
Subject: UOCAVA Mailed Ballots

Election Officials,

We working to establish a system where a vendor will issue absentee ballots by mail on behalf of the counties. At this time, we do not know if this process will be in place in time to provide mailed absentee ballots for the UOCAVA period. Because of this uncertainty, we need to plan for this service to be unavailable to meet the UOCAVA deadline of Saturday, April 4, 2020. Continue your normal process of ordering paper ballots from your print vendor. Once we have more specific information, we will update everyone. If you do not need your printed ballots for the UOCAVA period they can be reused to meet the requirements for provisional and emergency ballots.

The UOCAVA electronic ballot delivery system will remain unchanged.

Thanks,

Leigh Combs

Subject: VPN Connection - Laptops

Leadership Team,

In an attempt to streamline VPN requests, if you have a laptop, are onsite, and are in need of support installing VPN; FCIT will have resources dedicated to supporting this function from 9:00 AM - 3:00 PM Tuesday and Wednesday.

If you need this support, please bring the laptops and a list of users requiring VPN access to the CTO Conference room – 9th Fl. 141 Bldg. during the hours specified above, and we'll assist you in getting the laptops set-up with VPN access.

Please be certain the list of VPN request is signed by the department head authorizing VPN access.

Thanks

Glenn

Liaisons,
Please forward this to your counties so they can complete their information for workelections.com (as mentioned in my Buzz Post earlier today.)
Each county can click on their "block" at the bottom of the email and complete the pertinent information to have their offices listed in the database and hopefully attract some poll workers.
Thanks
Chris Harvey

_____

Dear Mr. Harvey and Mr. Rayburn,

I'm writing from the Fair Elections Center<https://urldefense.proofpoint.com/v2/url?u=https-3A__u8230249.ct.sendgrid.net_ls_click-3Fupn-3DxQbYQdKarg1X9Q8-2D2F4Fbn5GusCktXjR2Ag9WWeSZekEginaUdIx5CmgaGxV31-2D2B6Q2k9UG-5FnOxM4-2D2B5H3gnY1rVbYDvYeP8sq-2D2FG396sBvk4t-2D2FkKKEHHI6KmIxJi4kF6wIz8NCGK6yypc93WF4MKyh0hy-2D2FUPnEGJLKI7-2D2FFGk3PMBrb0eQQm10ljDPurpL51LNmM0eN0bNQUxTUk09jjm1PqQOLWKWdyLU8-2D2Bwmi4FNe8cIkwSKKKvjqLZ1cAHZldCPYyF1AaBnstGunAiwoug3IsakqwuEAXZmePrOErQmuLzP2A4woaZ8sfVhBKU1aZNrbCrwdjoy&d=DwMGaQ&c=HPJvcKF4Kk5Wqru1T_u_fOsw8NVQVa3gp0ReMdlciXw&r=Ab1tWoBND5WPUindk9Sn4wStS2z-l-4wem9O9RY2hRILrpnrnD9tMptAtAtHi9ii&m=p6VYJXgp1EXpMb6E-EjAFdOq_BuQtcBAPKL15ls8IIk&s=dZ04EynkYdJEFdMHGUM5sHsueUovM35XmlPN2HyAzwY&e=>, a web portal designed to assist county and municipal election administrators with poll worker recruitment. We have worked with NASS, NASED, and a number of state elections directors, who have supported the project. NASED Executive Director Amy Cohen recently sent an email to you about the website, and you may also be familiar with it from our presentations at NASED conferences in 2018 and 2019.

WorkElections.com<https://urldefense.proofpoint.com/v2/url?u=https-3A__u8230249.ct.sendgrid.net_ls_click-3Fupn-3DxQbYQdKarg1X9Q8-2D2F4Fbn5MaZbXVOSyrdsQzElGpzJGXzkzA2MK-2D2F8fE1-2D2FX6ODBhiz0tFn-5FnOxM4-2D2B5H3gnY1rVbYDvYeP8sq-2D2FG396sBvk4t-2D2FkKEHHI6KmIxJi4kF6wIz8NCGK6LTY07ZpY7QXnIAhowXFqqsIeuy6NlZlDoQLTzjr10e6Xa-2D2FtwKNH24GvycmfvnSM-2D2F6vWOZwAkVJ61JZUyCcVmLh2WFLd9CTlaAvuAC2oTuTmcuO7Ex2Q1md0Qw4qbHVLZDKO7HFOoliAVLjKzLF5EH3uuVMPgHCyaRHfo27FZtJVdWQQwxW0qgXM2yqQ5DoK&d=DwMGaQ&c=HPJvcKF4Kk5Wqru1T_u_fOsw8NVQVa3gp0ReMdlciXw&r=Ab1tWoBND5WPUindk9Sn4wStS2z-l-4wem9O9RY2hRILrpnrnD9tMptAtAtHi9ii&m=p6VYJXgp1EXpMb6E-EjAFdOq_BuQtcBAPKL15ls8IIk&s=9adcuiUl2VGk48IWjX-fyQv5eQIJj1ZyrBYFSNbb_os&e=> collects and centralizes information on employment requirements and application processes for jurisdictions across the country. Individuals who are interested in serving as poll workers can visit the website, enter their city/county, and find location-specific instructions and links to the local application.

The website addresses the struggle many local elections officials have told us they face: recruiting enough volunteers, including those with the necessary technological and language skills to help voters on Election Day (specific needs like language can be listed on a jurisdiction's WorkElections page). It is also the country's only centralized source of simplified information for potential poll worker volunteers who may not know where or how to apply.

In 2018, we operated a pilot project involving 9 states' local jurisdictions. Our goal in 2020 is to build the site out for all 50 states and help facilitate poll worker recruitment nationwide. Below, you will find survey links for each jurisdiction in your state. When a local election official completes the short survey, their answers will automatically populate WorkElections.com<https://urldefense.proofpoint.com/v2/url?u=https-3A__u8230249.ct.sendgrid.net_ls_click-3Fupn-3DxQbYQdKarg1X9Q8-2D2F4Fbn5MaZbXVOSyrdsQzElGpzJGXzkzA2MK-2D2F8fE1-2D2FX6ODBhizLYxu-5FnOxM4-2D2B5H3gnY1rVbYDvYeP8sq-2D2FG396sBvk4t-2D2FkKEHHI6KmIxJi4kF6wIz8NCGK6BrApRIkh3JwAjr4gqYH4Urbpsh7d4xjyzJkHynvQ8A-2D2BSGkD2D-2D2BHVhOvXg8Je0WEvWNjUm3hNEwU0yEhOC6dP0j-2D2FI912EvQdBYth2WNoo5RYA5gIkKfsfYEtJh1kBYGig1z5Mg2Jdjf0ns5bjm-2D2Fx5yMkKvZF0ZGjAKkcxYtjI0ZgfsIRYuygWkdg9wEst-2D2Fb7VG&d=DwMGaQ&c=HPJvcKF4Kk5Wqru1T_u_fOsw8NVQVa3gp0ReMdlciXw&r=Ab1tWoBND5WPUindk9Sn4wStS2z-l-4wem9O9RY2hRILrpnrnD9tMptAtAtHi9ii&m=p6VYJXgp1EXpMb6E-EjAFdOq_BuQtcBAPKL15ls8IIk&s=liiZF21nzWI5GGJ6hwyjbCB8iaAB1A3S21YE6R0l6F8&e=> with information on how to serve as a poll worker in that jurisdiction.

We aim to collect updated information from every county in your state. We request that all jurisdictions, even if they participated in past years, respond to this survey. This will ensure that what we have is up-to-date and accurate for this year's elections.

We are asking that you take a moment to share this email with each of Georgia's county election officials. Would you be able to forward this and ask them to complete the brief county-specific survey for their particular jurisdiction?

We will be sharing WorkElections.com<https://urldefense.proofpoint.com/v2/url?u=https-3A__u8230249.ct.sendgrid.net_ls_click-3Fupn-3DxQbYQdKarg1X9Q8-2D2F4Fbn5MaZbXVOSyrdsQzElGpzJGXzkzA2MK-2D2F8fE1-2D2FX6ODBhizFRMj-5FnOxM4-2D2B5H3gnY1rVbYDvYeP8sq-2D2FG396sBvk4t-2D2FkKEHHI6KmIxJi4kF6wIz8NCGK6WallBaZxCyFG-2D2F072K6jWAqZsGqRjz3n4NZRE7L4yCY4-2D2BjVKgKYr3ZCEO1kj3kFDQqo1vW9RCHb1JFlh-2D2FtLxFLiDEbnhL4unWVzSNhh2QFCjNBlB7BDsRhrRbBUclOIkG8OhX-2D2BBHhYVbtAcl1BT781-2D2FgTUtrXVK5a-2D2FziXVmOy4iXB6cSx7fLMZPVVEnaETzt&d=DwMGaQ&c=HPJvcKF4Kk5Wqru1T_u_fOsw8NVQVa3gp0ReMdlciXw&r=Ab1tWoBND5WPUindk9Sn4wStS2z-l-4wem9O9RY2hRILrpnrnD9tMptAtAtHi9ii&m=p6VYJXgp1EXpMb6E-EjAFdOq_BuQtcBAPKL15ls8IIk&s=wme5EAtDvsm7h8ljKF1oRy8Ux9ZOu0VUnlEX9IxIVw&e=> with service organizations, community groups, colleges & universities, national & state organizations, and businesses to reach as many members, employees and customers as possible to generate new prospective applicants. Additionally, we will be running digital ads and PSAs to encourage people to sign up. We hope you can use this website and the outreach we will provide to encourage more people to serve as poll workers and to fill your needs so you can ensure your voters that the elections will run smoothly.

If you have any questions, please contact me at (202) 248-5351 or ryan@fairelectionscenter.org<mailto:ryan@fairelectionscenter.org>.

Sincerely,

Ryan Pierannunzi

Project Manager, WorkElections.com

I don't want to be responsible for putting large numbers of people in the field. I'm going to suggest to the BRE that we submit a plan to the State to do EV from April through Election Day. We need an exemption from Election Day. We send out a head of household explaining how voting will occur.

Me neither. I would much rather do small-scale in-person voting and large-scale absentee. I don't want to postpone again.

Move the vr# to the office use only section

Can they prefilled the form with the voter's information?

Verbiage is fine to me

All,

Attached is an mockup of the absentee app being proposed by the State for mailout to each voter. They would like for us to take a look at it to see if it will work for us. Please give me your feedback as soon as possible.

I have not looked at it yet either. Ready, Set, Go! ☺

It will be similar to that, but I'd want the company building the inside to consult with us before beginning the final map inside. Ben Hudson won't have access to our equipment.

Blake, I am fine with us pulling for now and revising and it can come back for the April 1 meeting. That way we can provide an updated, correct item. The item for the buses can stay on the agenda as we need to place the order so fabrication can begin.

Rick, we need to confirm that the floor plan is for the recent voting equipment. Do we need to confirm with Ben Hudson or have you done so already?

Subject: FW: Agenda Item - Corporate Temps.doc

Felicia,

Since the remainder of the March 24th election has been postponed, what should we do with this Corporate Temps SIRE item?

In all likelihood, I expect that we will need additional staffing for the May General Primary; however, the agenda item summary specifically explains how we planned to use the personnel for the March election.

Should we proceed with this agenda item and use the funds for extra personnel for the May election? Or do we need to pull this item and add another item to a future agenda?

Thank you,

Subject: RE: Conf Call re Election Security - Fulton

Great. If you don't mind, please share the "options under consideration" from the previous email. Restating here:

For Physical Security:

* Assessing the security of long-term county storage facilities used for polling equipment and providing cameras, key cards or other security enhancements for the facilities that need improvements.
* Purchasing roll-around boxes to secure polling equipment that may be left at precincts overnight.

For Cybersecurity:

* Acquiring air-gap the computers used by counties to process PDF versions of absentee ballots to protect system integrity.
* Ensure that planned and ongoing penetration testing of county computer systems that is supported by the UASI includes those computers and systems utilized by each county's election officials.

AMERICAN OVERSIGHT

* Help to develop or Institute, where needed across the region, multi-factor authentication or other protections against ransomware or other projects that monitor activities in real-time.
* Continue to support cyber security training and standardization projects underway by the UASI working groups.

Also; what firm(s) the county uses to conduct election audits and testing?

Thank you, Sir.

Greg

**Cc:** Jones, Ralph; Roach, Anna; Bailey, Brigitte; Anderson, Dick; Whitmore, Sharon; Corbitt, Jessica
**Subject:** RE: COVID 19 Elections critical issues tracking
**Date:** Tuesday, March 31, 2020 10:42:24 AM

---

If we need Election Day workers, can we get county employees that are not working to serve? I thought about that during the meeting yesterday on underworked county staff.

Currently, we only have 472 people that have committed to May 19 out of our 1600+ poll workers. Over 600 have replied to our survey. It's about 72% that have replied as 100% committed to work. We've had about 1000 fail to respond so far, but those are trickling in. We expect the percentage of commitments to continue to drop.

We need a minimum of 600 to staff EDay, but that will create issues at many polling sites if they get any sort of turnout.

Fulton County needs an assertive ballot by mail advertising push. I'll talk to Jessica. The State is going to push it, but the more ballot by mail the better.

The same will be true of early voting workers. That starts on April 27th. We have 114 that have said that they will work. That could staff our EV sites, but we think that we will lose workers as the infection spreads. It's also be nice to have many workers in order for us not to have to expose EV workers all day long to the public and to have extra people to do line management to limit numbers and maintain spacing in line.

Ellis,

Attached is the update you requested in regards to poll worker staffing and polling locations.

We worked with External Affairs to develop a poll worker survey to measure commitment levels. Overall, the results that we have received back so far are promising. About 94% of our workers are either fully committed to working or at least leaning towards working in May.

In regards to polling locations, some of the senior living facilities are wanting to wait until closer to May 19th to decide whether they can be a location. We are communicating with them frequently so we have the most accurate information.

I will continue to provide you with updates as needed.

Thanks Blake for the update below!

Asking that you assign someone on your team put together a tracking summary on both employees dropping out and locations/status/alternate locations to send up to leadership.

Also, adding an action item on how the elections team is preparing to ramp up/needs on counting absentee applications on election day.

I will need routine updates as I report on this daily. If Brigitte or I can help in any way let us know.

Ellis,

We are keeping track of poll workers who are dropping out and any polling locations that no longer want to work with us.

Additionally, we learned yesterday that the SOS will mail absentee applications to all voters. I expect that we will see increased numbers of voters casting mail ballots, which will be different for us.

I am copying Ralph Jones on this email as well in case he wants to add something.

Ralph,

So you prefer a ground or lower floor at the Gov Center right? And what kind of cabinets? Filling cabinets?

Will work with Joe and Tim to start review today.

E

We would prefer to stay on the Ground Floor. The room must be secure. Lock is sufficient. We will need it up until 5/19/2020.
We are looking for cabinets to store our ballots. The cabinets is not only used for storage, but also working out of them. At this present time, we store the ballots by precincts and have to be able to verify (the checkin process) the ballots.

On Election Day we will have to have a ton of people to open envelopes, but the State is aware that with the inundation of ballots that we are going to need to be able to open ballot envelopes before Election Day. Hopefully, as the days pass and more details are released, different procedures will be approved.

The SOS office is working to provide larger counties with additional counting machines.

They are also considering making a request to the Governor for assistance at the polls from the National Guard.

No details yet, and both items are not public as of yet, so please keep this confidential until more information is available.

Thanks to all,

Ellis,

We are keeping track of poll workers who are dropping out and any polling locations that no longer want to work with us.

Additionally, we learned yesterday that the SOS will mail absentee applications to all voters. I expect that we will see increased numbers of voters casting mail ballots, which will be different for us.

I am copying Ralph Jones on this email as well in case he wants to add something.

>>
>> If we need Election Day workers, can we get county employees that are not working to serve? I thought about that during the meeting yesterday on underworked county staff.
>>
>> Currently, we only have 472 people that have committed to May 19 out of our 1600+ poll workers. Over 600 have replied to our survey. It's about 72% that have replied as 100% committed to work. We've had about 1000 fail to respond so far, but those are trickling in. We expect the percentage of commitments to continue to drop.
>>

AMERICAN OVERSIGHT

>> We need a minimum of 600 to staff EDay, but that will create issues at many polling sites if they get any sort of turnout.
>>
>> Fulton County needs an assertive ballot by mail advertising push. I'll talk to Jessica. The State is going to push it, but the more ballot by mail the better.
>>
>> The same will be true of early voting workers. That starts on April 27th. We have 114 that have said that they will work. That could staff our EV sites, but we think that we will lose workers as the infection spreads. It's also be nice to have many workers in order for us not to have to expose EV workers all day long to the public and to have extra people to do line management to limit numbers and maintain spacing in line.

---

You are bringing people in at different times to avoid having no more than 10 in the office at any one time, correct?

Subject: RE: DDS AND ONLINE WORK ASSIGNMENTS

Good afternoon Team,

This is to confirm that we will still be meeting tomorrow. Report at your regular scheduled time. Mallory and Sonja can report to the South Annex, just notify Darwin. We will make sure that we are in groups of no more than 10 people. We will be doing a couple of things.

* Time and Payroll
* Signing out Laptops for those who submitted requests
* Entering Numbers in the Daily Count Spread Sheet
* Assigning new DDS dates
* Handling any technical issues

Thanks,
Pamela

**From:** Barron, Richard L.
**To:** McCloud, Brenda
**Cc:** Evans, Joseph; Jones, Ralph
**Subject:** RE: Election Day Calls
**Date:** Thursday, March 26, 2020 6:15:08 PM

---

Wow. It's amazing that people were unaware. Yes, we need to get a message on the main line in VR and the main line x27020. Who can record messages on those two lines?

_____

From: McCloud, Brenda
Sent: Thursday, March 26, 2020 12:56 PM
To: Barron, Richard L.
Cc: Evans, Joseph; Jones, Ralph
Subject: Election Day Calls

For your information, the following are numbers from where Ralph and I forwarded our main lines to our county cell phones to answer calls on Election Day, March 24, 2020.

Number of Calls Regarding Election

Number of Calls of Voters at their Polling Place

Requests for Absentee Ballot Application

Brenda: 30

Brenda: 10

Brenda: 6

Ralph: 47

Ralph: 20

This information could be entered for the 1st Quarter KPI ☺

I meant to indicate today that we should have a recording on our main lines indicating we are closed due to COVID-19. I have called several department numbers that have a recording, namely Customer Service: 404-612-4000.

AMERICAN OVERSIGHT

**From:** Barron, Richard L.
**To:** Evans, Joseph; Harris, Johnny
**Cc:** Benjamin, Sharon
**Subject:** RE: Laptops for Purchasing Department
**Date:** Thursday, March 26, 2020 6:31:30 PM

---

Is that why she wants to talk to me?

_____
From: Evans, Joseph
Sent: Thursday, March 26, 2020 3:34 PM
To: Harris, Johnny
Cc: Benjamin, Sharon; Barron, Richard L.
Subject: Laptops for Purchasing Department

Felicia Strong-Whitaker, the Purchasing Department Director, has asked to borrow 13 of our old laptops. Nadine sent 25 to the office, but Ralph only needs 10.

Johnny, since you will be in the office tomorrow, please call Felicia when you can so she can pick up 13 laptops. Her number is 404-612-4210.

The attached excel spreadsheet lists all the laptops that Nadine sent to the office. I'm also attaching the chain of custody form. Just list the Fulton County asset number on the chain of custody form and ask Felicia to sign out the laptops.

Thank you,

Blake Evans
Elections Chief

AMERICAN OVERSIGHT

Good morning Mr. Barron,

I know you are busy, but can I please have 15-20 minutes of your time today, tomorrow or Thursday via phone? As a follow up to my email from last week, I need to bring closure to my regional Dept. of Homeland Security (DHS) Urban Areas Security Initiative (UASI) grant application that requires me to have a plan to invest in election security. I've recently become familiar with some of the provisions of the State's HAVA grant and I know that my DHS funds cannot supplant local nor match federal funds. So far, we are considering including language to do some or all of the following:

For Physical Security:

* Assessing the security of long-term county storage facilities used for polling equipment and providing cameras, key cards or other security enhancements for the facilities that need improvements.
* Purchasing roll-around boxes to secure polling equipment that may be left at precincts overnight.

For Cybersecurity:

* Acquiring air-gap the computers used by counties to process PDF versions of absentee ballots to protect system integrity.
* Ensure that planned and ongoing penetration testing of county computer systems that is supported by the UASI includes those computers and systems utilized by each county's election officials.
* Help to develop or Institute, where needed across the region, multi-factor authentication or other protections against ransomware or other projects that monitor activities in real-time.
* Continue to support cyber security training and standardization projects underway by the UASI working groups.

It is my hope that you and one more county election manager will corroborate what we intend to submit, so our application is a strong as it can be.

I am also interested in knowing specifically what firm(s) Fulton County uses to conduct election audits and testing.

I will make try to make myself available via phone whenever you have the time.

Hi Richard,

The quote includes it to be printed this way (you receive a fold over-tear at the perf and send the return card)- but the actual postage is not in the quote. Is this what you mean?

Do you all have a pre-paid return permit?

Thank you!
Eleanor

Good morning Ralph,

Just checking in to see if you all have had time to review the estimate or if you have any questions?

Please let me know if you need anything else.

Thank you!
Eleanor

Subject: QUOTE: 800k Election postcard mailer

Good afternoon Ralph,

Attached is your quote for the 800k postcard mailers we discussed. This includes all work and delivery to the post office. We would be working in a continuous fashion so we could drop cards as early as possible, however, with the total finishing time, that means there could be about week between the first postal drops and the last. Is this ok?

In order to get this processed and mailed for your target date of Mid-April, we would need the order approved and art approved by end of this week- the sooner the better.

Please let me know if you have any questions or need anything else at this time. Thank you for the opportunity.

Thank you,
Eleanor

AMERICAN OVERSIGHT

Ralph,

I would say that I want the postcards in voter hands by the second week of April, maybe the third.

Ralph,

Ok, sounds good. I was assuming around the same on the date.

I'll quote the post sort for you as a separate line item so it can be used or not, that way you have your quote if it helps aid in decision making.

Thank you!
Eleanor

Good afternoon Ralph,

I am finishing up your estimate on the 800k folded postcard mailer and wanted to know if you could answer a few questions:

1. What is your in-hands date for your voters to have these cards?
2. Will you need us to post-sort these for a postal discount?

After I get these answers, I can send the quote tomorrow.

Thank you and have good evening!
Eleanor

Subject: RE: raffensperger

And this is what he posted 2 hours ago. It sounds like he is actually saying it would take action by the General Assembly to change the election date until June:

Recently, our office heard requests to move Georgia's primary elections again due to the spread of coronavirus. As we have discussed with numerous stakeholders, the Secretary of State does not have unilateral authority to move the primary election again under Georgia law. The law allows for a 45-day delay during a crisis and we have fully exhausted that extension in moving the presidential primary to May 19th.

The state of emergency declared by Governor Kemp does not extend to May 19 at this point, which is a necessary precondition to postponing any election under Georgia law.

The law provides the Secretary of State with responsibility for running safe, secure, and reliable elections, and we have provided a plan to do that given the current situation by ensuring that every Georgia voter can vote an absentee ballot from their home, training counties on social distancing at polling places, and providing supplies to clean and disinfect voting equipment. If the legislature would like to propose and pass legislation to provide more flexibility for scheduling Georgia's upcoming elections, we would be happy to work with them and support such an effort.

Subject: RE: raffensperger

This is what he posted on his FB Page on Saturday:

I wanted to update you on the upcoming election schedule, procedures, and legal framework surrounding them. It is my job, and that of the counties, to execute the laws of Georgia and conduct elections, even in the trying circumstances brought on by the Covid-19 health emergency.

Postponing the Presidential Preference Primary
Because both the President and the Governor declared states of emergency on March 13 and 14 respectively, I was given the legal authority (see O.C.G.A. § 21-2-50) to postpone the election for not more than 45 days. On March 14, after consulting with the Republican and Democratic parties (whose primaries they were) I announced the postponement of the March 24 election and moved it to the already scheduled General Primary Election set for May 19, 2020. This was done to protect Georgia voters, pollworkers, and their families. This was the right thing to do.
May 19 General Primary and Presidential Preference Primary combined

The May 19 General Primary Election date is set by state statute (see O.C.G.A. § 21-2-150). The law that allows me to move an election requires an Emergency Declaration to be in place. Georgia's current State of Emergency is set to expire April 13, well before May 19. So I do not have the legal authority to postpone the General Primary at this time. Also, there must be an election because the PPP (along with the 43 local elections being run in tandem with the PPP) has already been extended the maximum the law allows and cannot be extended again. Also, both parties

AMERICAN OVERSIGHT

have expressed concerns that moving the PPP election further may hurt their representation at their respective party conventions.

June 23 date would not be legally practicable
Some have suggested moving the General Primary to June 23. As I pointed out, there is no legal authority for me to do so. Hypothetically, if it were moved to that date by an act of the legislature the General Primary runoff would be moved to August 25th (see O.C.G.A. § 21-2-501(a)(2)). To adhere to the federal MOVE Act and state code the UOCAVA ballots by law must be distributed 49-45 days prior to the November 3, 2020 election, all ballots would need to begin being built in the third week of August. Therefore, it is impossible to meet that timeline and follow the law.

Absentee Ballot Requests
To further protect voters and pollworkers from the continuing threat from COVID-19, and take pressure off of early voting and polling locations, I directed our office to send absentee ballot applications to all active voters. The applications will be pre-populated with voter data but have a barcode for the counties to be able to quickly lookup and process them. The signature verification process is still in place for security. Upon verification, each day our office will forward the list of requests to a third-party vendor who will mail the absentee ballot. This plan will maintain consistency throughout the state and eliminate postage and personnel costs for counties.

In Person Voting
State law requires people to have the ability to vote in person. Therefore, counties must set up and run early and election day polling locations. If social distancing recommendations are maintained, this will be challenging. Beginning in February, our office began ordering disinfecting wipes and sprays to provide to counties to use in polling locations. Securing enough poll workers is another concern since the average age of volunteers is estimated to be 70, which falls into the high-risk category for COVID-19. The goal is to provide counties additional resources to handle the increased interest in absentee voting while simultaneously helping them cope with the increased difficulties of in-person voting due to social distancing, thus minimizing risks to poll workers and in-person voters.

Preventing Fraud
The passage of HB316 brought forward tools to help reduce the potential for fraud, especially through ballot harvesting. Absentee ballots may only be sent to the individual who requested it, and the only person who can complete, handle or return that ballot is the individual to whom it was sent or a family member who lives in the same household. Our office will widely publicize this information and investigate any anomalies identified.

To: Barron, Richard L.; Corbitt, Jessica; Evans, Joseph; Ringer, Cheryl; Lowman, David
Cc: Bodison, Mariska; Benjamin, Sharon
Subject: Special BRE Meeting

Rick, et al.: State law apparently allows us to have a teleconference meeting, as authorized by O.C.G.A. § 50-41-1(g):

(g) Under circumstances necessitated by emergency conditions involving public safety or the preservation of property or public services, agencies or committees thereof not otherwise permitted by subsection (f) of this Code section to conduct meetings by teleconference may meet by means of teleconference so long as the notice required by this chapter is provided and means are afforded for the public to have simultaneous access to the teleconference meeting. On any other occasion of the meeting of an agency or committee thereof, and so long as a quorum is present in person, a member may participate by teleconference if necessary due to reasons of health or absence from the jurisdiction so long as the other requirements of this chapter are met. Absent emergency conditions or the written opinion of a physician or other health professional that reasons of health prevent a member's physical presence, no member shall participate by teleconference pursuant to this subsection more than twice in one calendar year.

Please note what I have placed in boldface. When we do have this meeting, I will want to reference, for the record, the governor's declaration of a state emergency – and we probably also have such a declaration from Chairman Pitts. I anticipate that the meeting will then take about two and a half minutes. I trust that we have an agenda, the required notice and a call-in number for the general public. With all of that, I'm good to go, but I would like to go over this with Rick sometime this afternoon, and would appreciate hearing from you. Mary Carole

The BOC is still meeting tomorrow? Isn't that going to violate the 10 person advisory? Why do we have to meet in person? Did you receive my email last night regarding whether this situation qualifies as an emergency since the governor and the president have declared it as such? I should be able to change polling places as the superintendent and we should be able to notify voters.

As Mariska noted, the meeting was discussed last week and the meeting was called in our meeting.

Subject: FW: VPN Connection - Laptops

If you have staff that you want to work from home, get a laptop for them and to this place and they can work from home. This should be critical going forward for VR data entry, as well as for others.

Subject: VPN Connection - Laptops

Leadership Team,

In an attempt to streamline VPN requests, if you have a laptop, are onsite, and are in need of support installing VPN; FCIT will have resources dedicated to supporting this function from 9:00 AM - 3:00 PM Tuesday and Wednesday.

If you need this support, please bring the laptops and a list of users requiring VPN access to the CTO Conference room – 9th Fl. 141 Bldg. during the hours specified above, and we'll assist you in getting the laptops set-up with VPN access.

Please be certain the list of VPN request is signed by the department head authorizing VPN access.

Thanks

FULTON COUNTY
DEPARTMENT OF REGISTRATION AND ELECTIONS
ELECTIONS OFFICE
141 PRYOR STREET, S.W., SUITE 4075
ATLANTA, GA 30303-3460
404-730-7020

<AUTODATE>

**YOUR POLLING LOCATION HAS CHANGED**

Registration Number «Field2» «Field3»
Registered Voters
«Field64» «Field53» «Field54»
Precinct: «Field28»

Dear Voter(s):

We have had to temporarily relocate your voting precinct because of COVID-19 virus concerns at your regular polling place. For the upcoming Presidential Primary Election to be held on March 24, 2020 your voting precinct will be located at:

Precinct – 04K
West Hunter Baptist
1040 Ralph David Abernathy Blvd
Atlanta, Ga. 30310

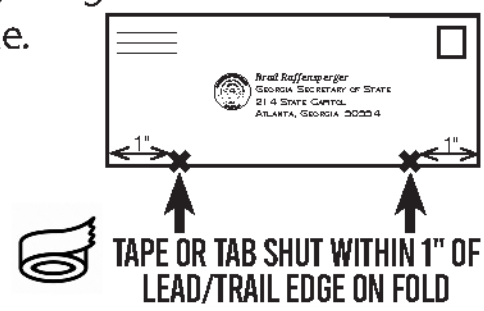
If you wish, we have attached an absentee application to vote by mail. The absentee application can be returned the following ways:

| | |
|---|---|
| Fax: | 404-612-3697 |
| Email: | Elections.Absentee@fultoncountyga.gov |
| Mailed: | Registration and Elections Department<br>Absentee Division<br>130 Peachtree St. SW Suite 2186<br>Atlanta, GA 30303 |

A new voter registration (precinct) card will be mailed to you in the next few weeks, if we have to make this change permanent for the May 19 General Primary Election. If you have any questions, please contact this office at (404) 612-7020.

We apologize in advance for any inconvenience this may have caused and thank you for your patience.

Sincerely,



Richard Barron, Director
Fulton County Registration and Elections

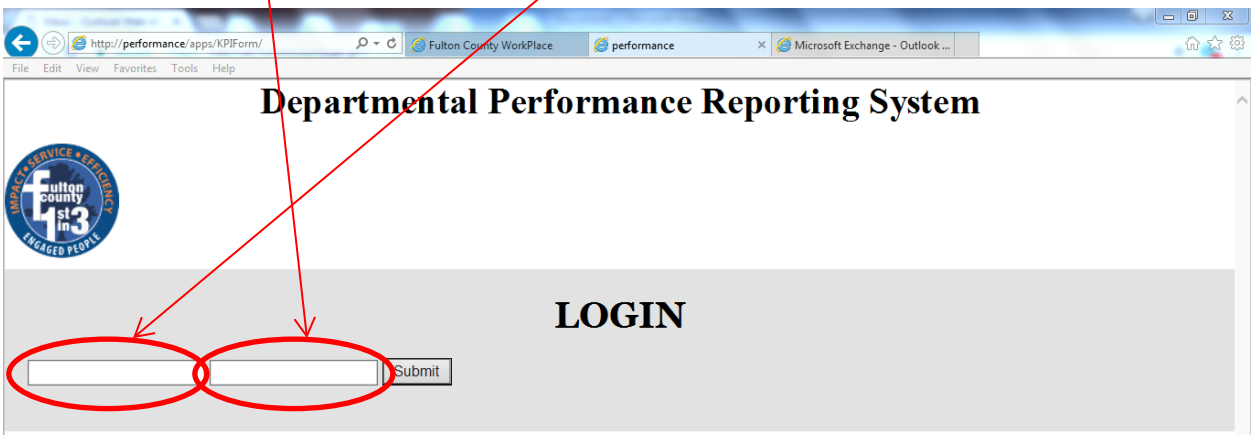
# Directions for Entering Information into the Departmental Performance Reporting System

If you have any questions or issues with the system, please contact one of the following people for assistance:

- Arielle Lee at arielle.lee@fultoncountyga.gov
- Steve Williams at steve.williams@fultoncountyga.gov
- Mike Rowicki at mike.rowicki@futloncountyga.gov

Please include the specific issue or question you have in the email so that we can assist you in resolving any matters or concerns.

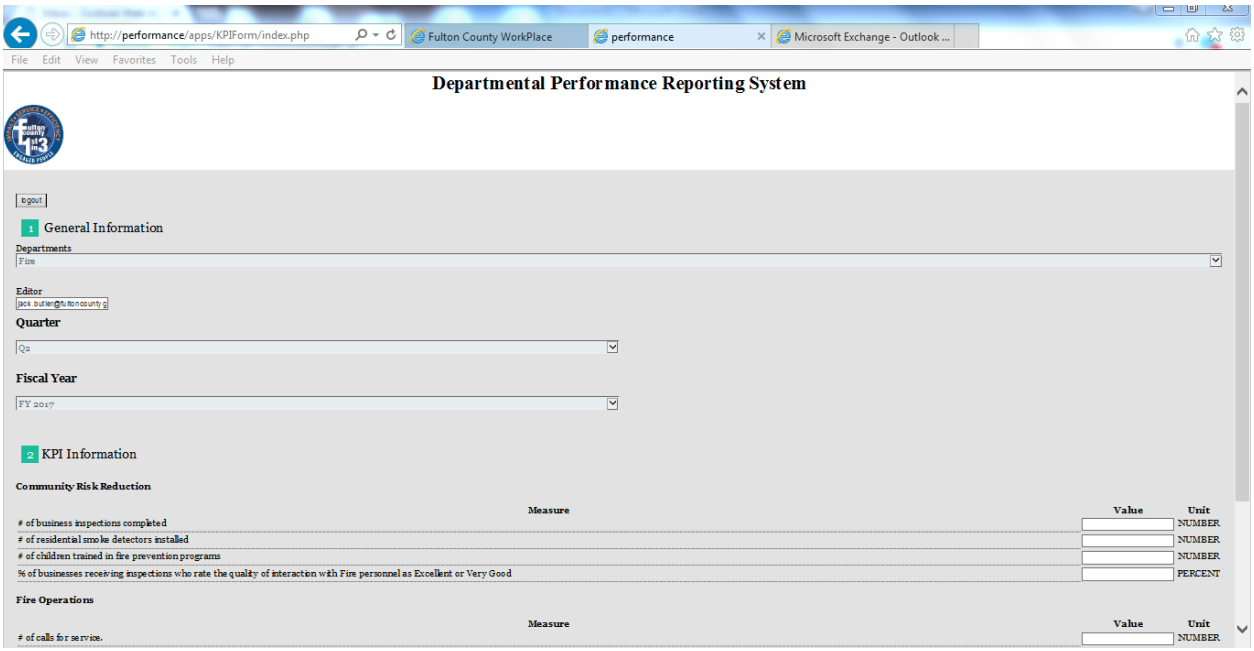


## LINK TO WEB FORM:

1. Please use **Google Chrome** to launch the web form.
2. Please use the following link to access the system from your desktop PC or through VPN:

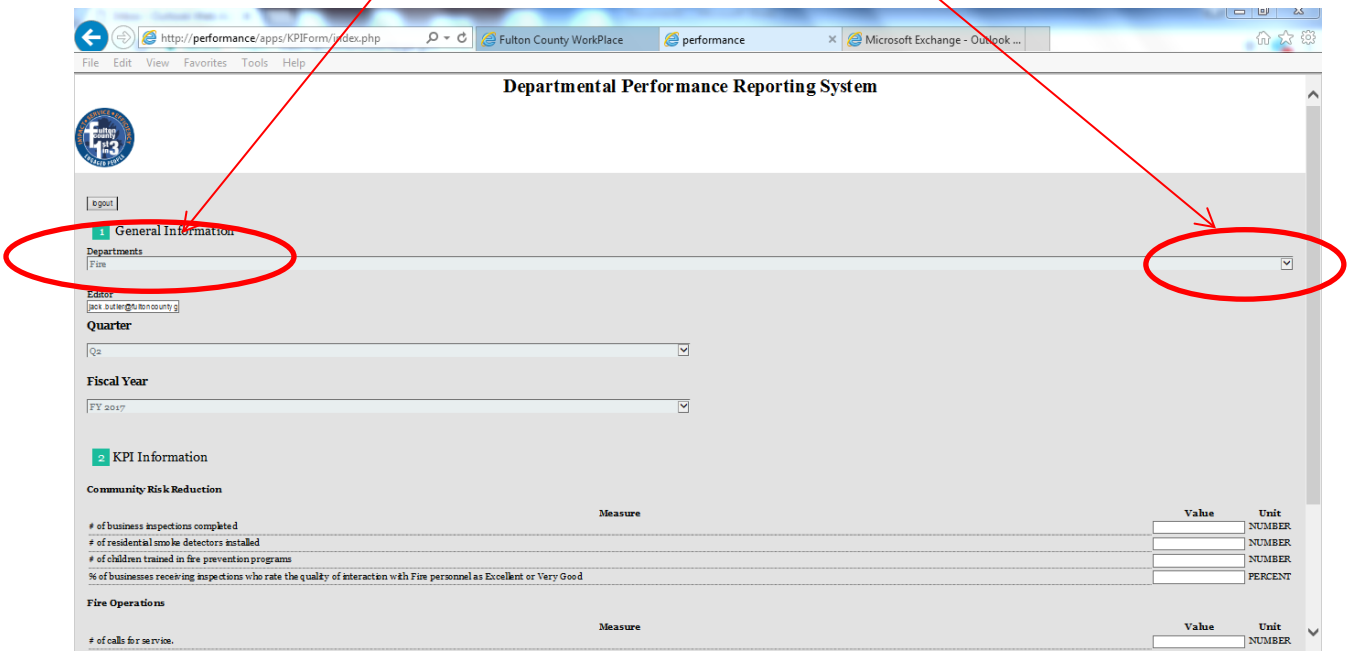
   http://performance/apps/KPIForm/

## LOGIN AND PASSWORD:



3. Please log into the system using your login and password.
   a. Login is your Fulton County email FirstName.LastName@fultoncountyga.gov
   b. The Password is the one provided to you in a separate email. This password will be your departmental/agency name.
   c. If you need assistance with our password or login please email one of the people at the top of the directions, so that we can answer your questions.

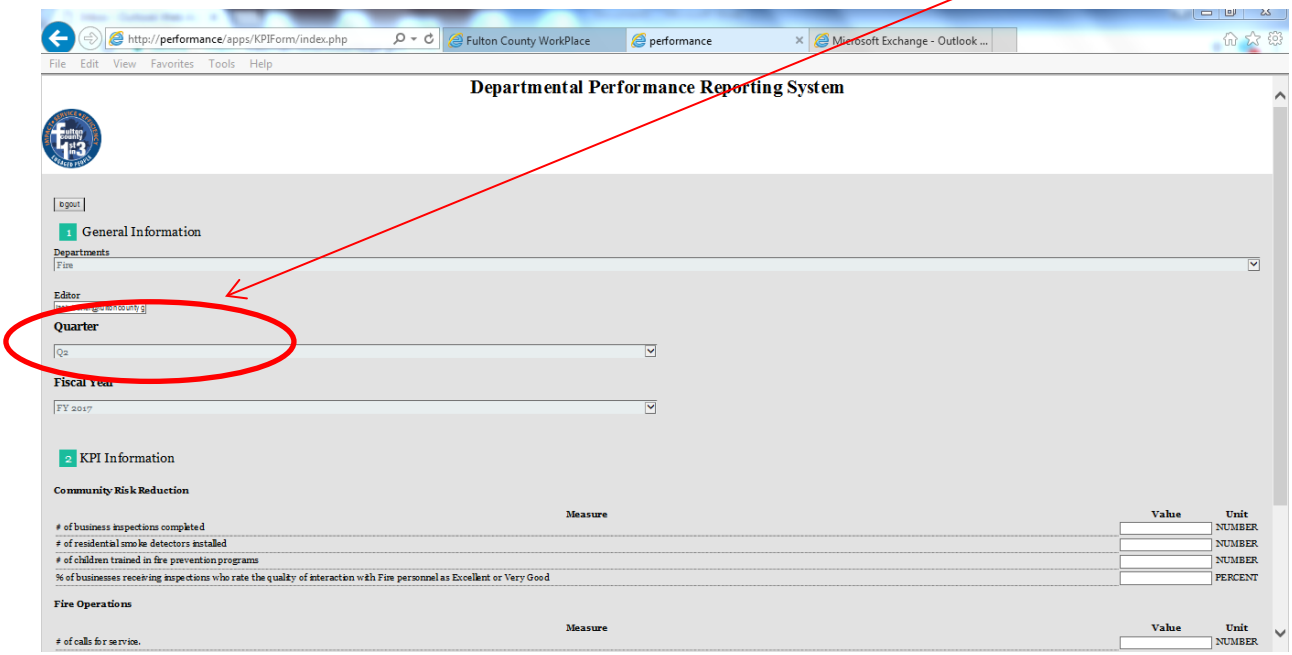
AMERICAN OVERSIGHT



## ENTERING VALUES INTO THE SYSTEM:

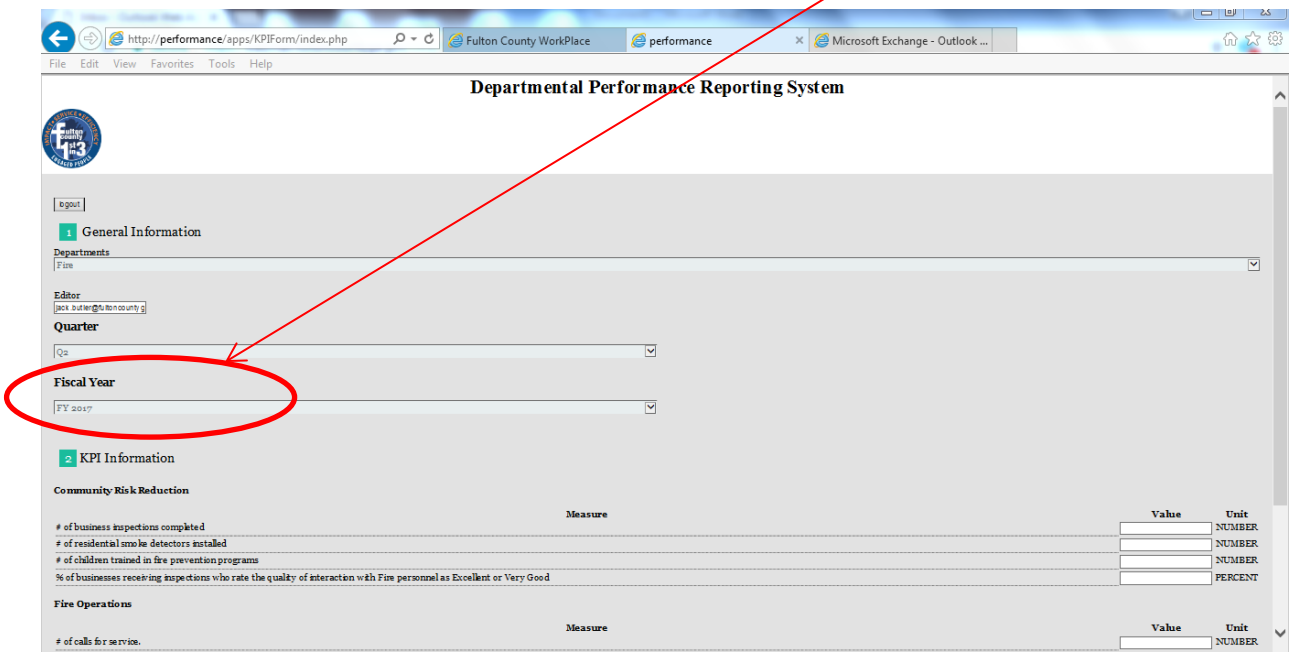
4. The following screen will appear for you are ready to start entering the VALUE's needed for the measures under each program.

## VERIFY THE DEPARTMENT NAME



5. Please verify that the correct department was pulled up for which you are entering information.
6. If the correct department does not display, please use the drop down and select your departmental name from the list.

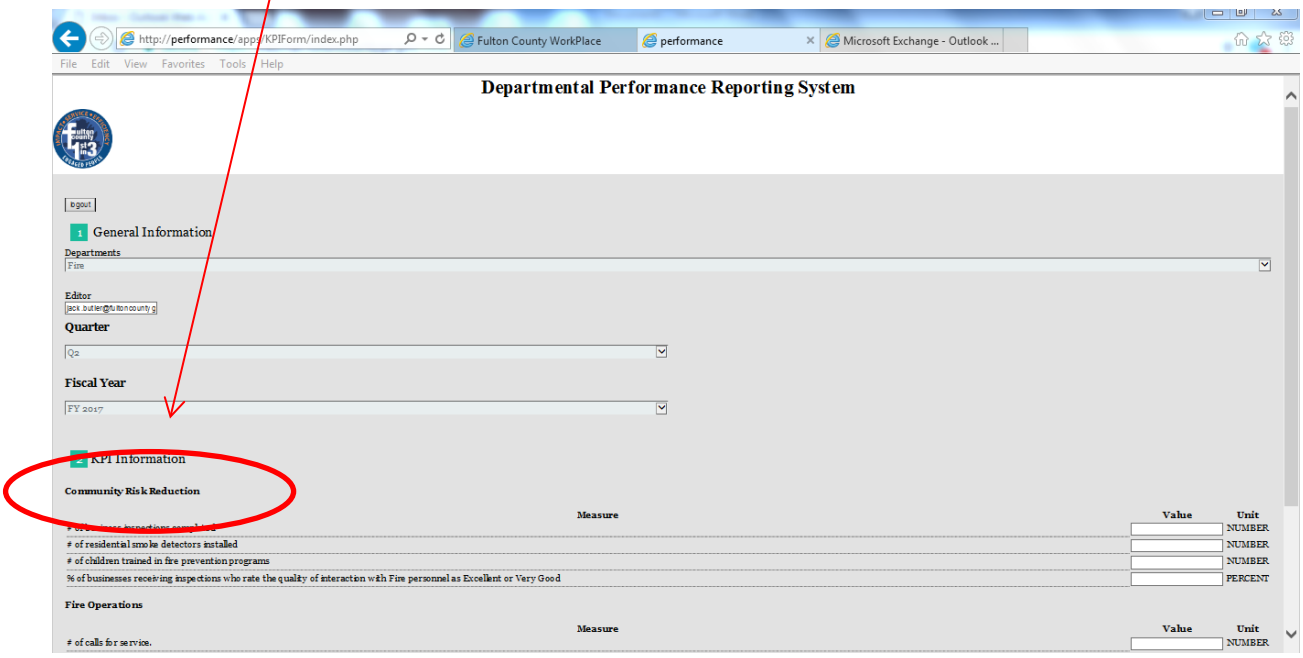
AMERICAN OVERSIGHT



## VERIFY THE QUARTER FOR WHICH YOU ARE ENTERING INFORMATION:

7. Please ensure that you are entering information in the correct reporting period/quarter.
8. If you select the wrong quarter you may overide information that was previously entered.

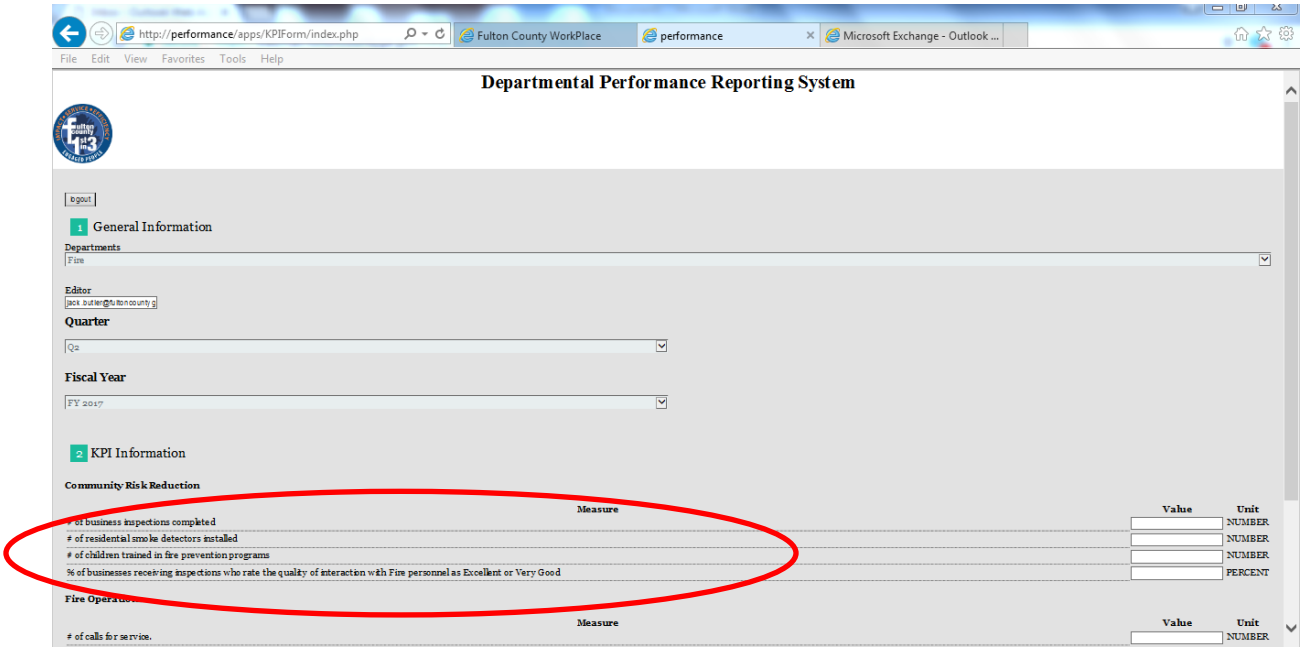
## VERIFY THE FISCAL YEAR FOR WHICH YOU ARE ENTERING INFORMATION:



9. Please ensure that you are entering information in the correct fiscal year.
10. If you select the wrong year you may overide information that was previously entered.

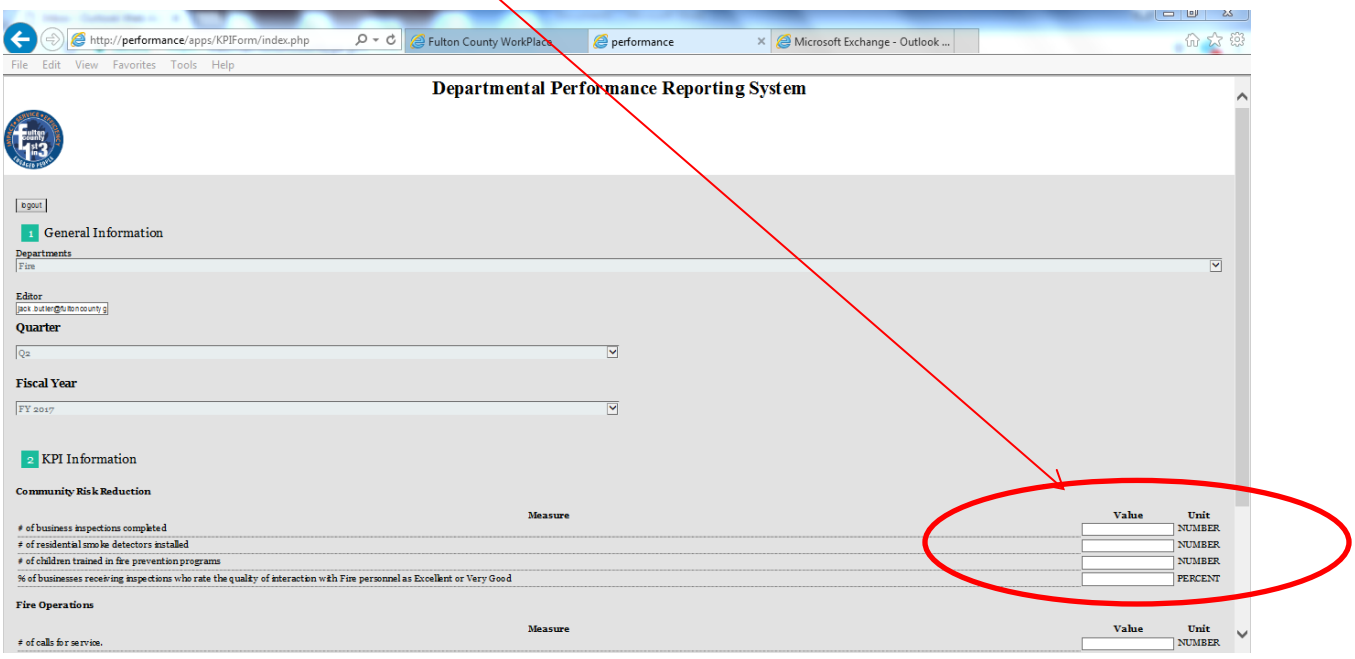
AMERICAN OVERSIGHT

## VERIFY THE PROGRAM YOU ARE GOING TO ENTER VALUES IN THE FORM:



11. The program names are listed on the form. This include all programs for your department.
12. Ensure that the program for which you are going to be adding values is correct.

## VERIFY THE MEASURES FOR WHICH YOU ARE ABOUT TO ENTER THE VALUES FOR UNDER THIS PROGRAM:



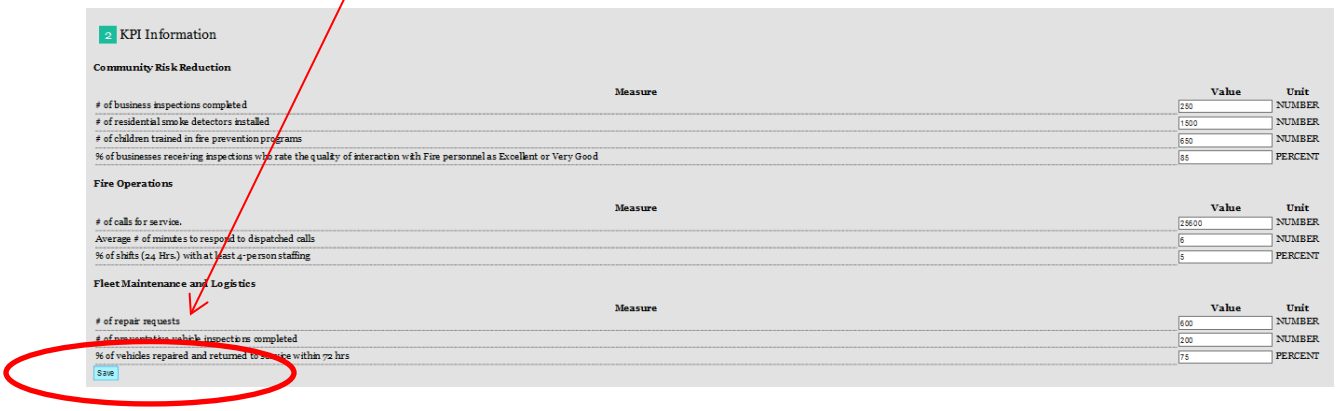
13. Please ensure data that you are going to enter matches the **Measures** and program.
14. Departments are not allowed to make changes to the measures in the form, only the Strategy and Performance Management Office can make those changes if requested and approved.
15. List of all measures is looked an the SharePoint drive that is part of the 2018 Budget Process in case you have any questions.

AMERICAN OVERSIGHT

## ENTER THE VALUES FOR THE PROGRAM AND MEASURES IN CELLS:

16. Please enter the **Value**s for the measure in the cell that is provided.
17. You will only be able to enter a whole numbr that matches the unit type.
18. If you enter a value that does not macth the unit type you will be given an error message and the cell will change color and will be required to correct the data value.

## FOR FULCO BONUS CUSTOMER SERVICE MEASURE

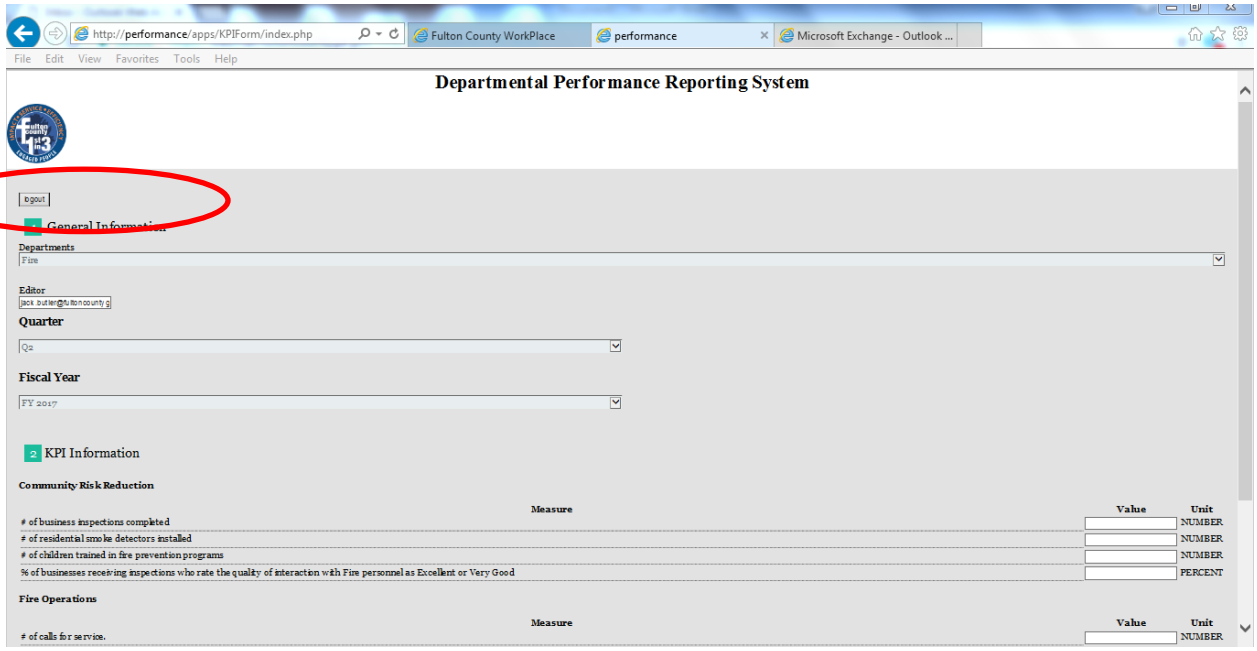


The KPI reporting form has been modified to allow for the entering of the number of survey responses for customer service KPIs. For departments using Qualtrics, the box will be visible but disabled and will be automatically populated along with the satisfaction rating by the

AMERICAN OVERSIGHT

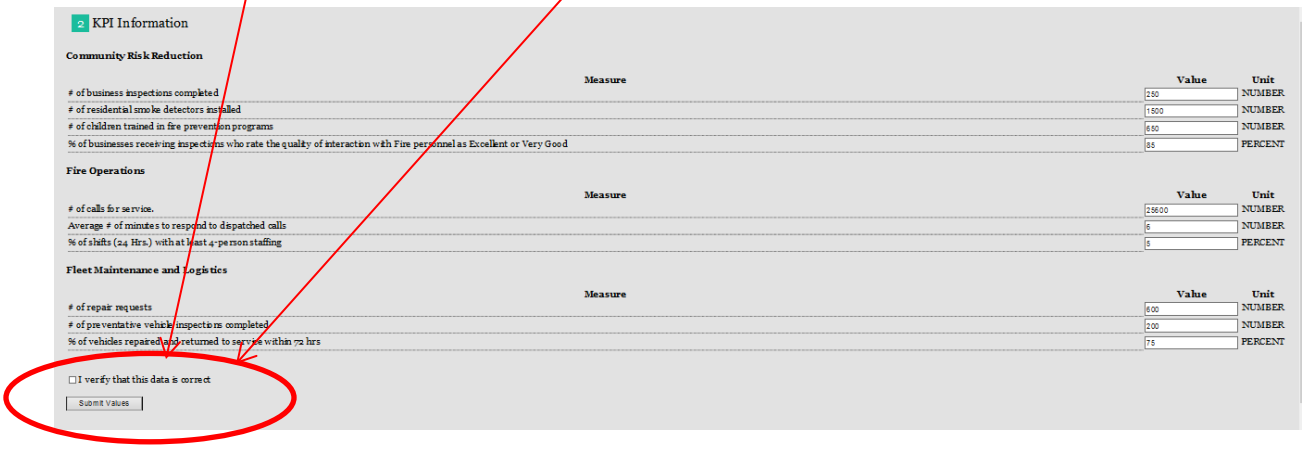
Strategy Office. Departments that conduct surveys themselves will manually enter the number of responses along with their satisfaction rating at the time of KPI reporting. Once collected in the form, the number of responses can be included in any KPI reports.

**HIT THE SAVE BUTTON TO PROCESS HAVE YOUR INFORMATION PROCESSED FOR REVIEW BY THE DEPARTMENT/AGNECY HEAD:**



19. **Hit the SAVE Button**.
20. You must hit the **SAVE** Button at the bottom of the form in order for the data to be saved for review by the department or agency head.
21. This step only saves the information in the system for review by the department or agency head.
22. Please notify your **Department Manager** that you have saved the information in the system so that they can review and sign off and **SUBMIT** the data.

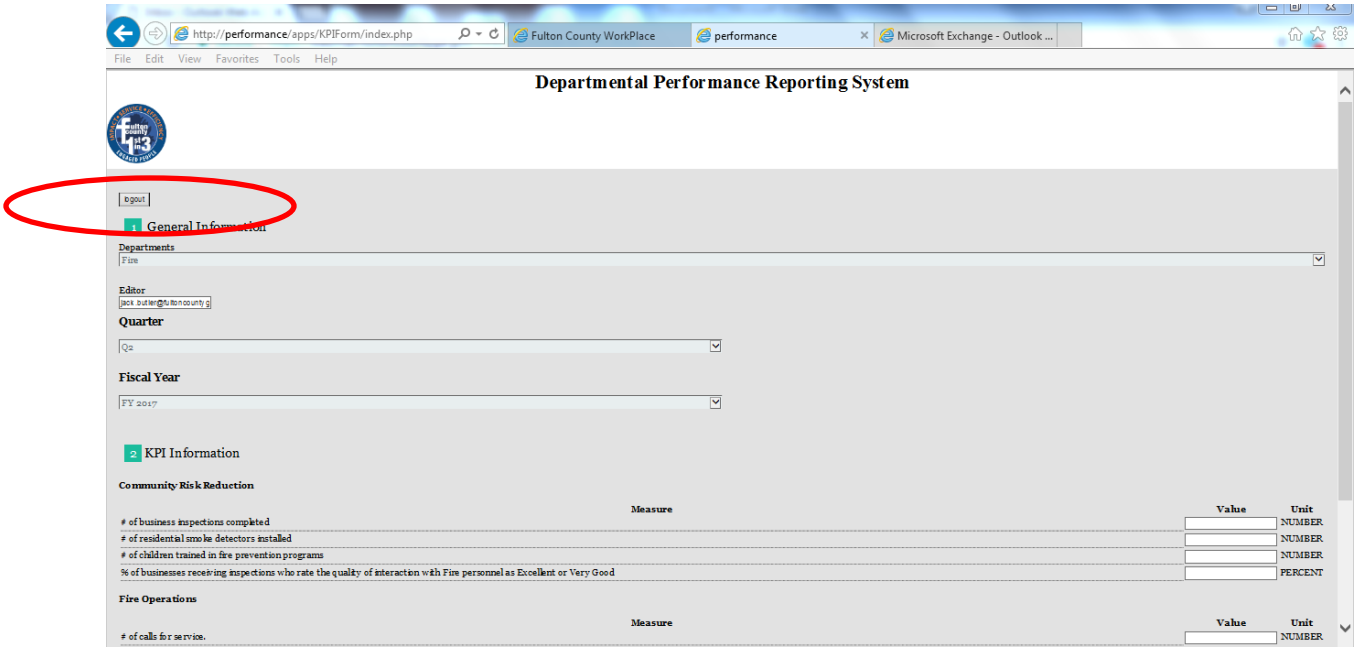
**LOGOUT OF THE SYSTEM:**



23. Hit the **LOGOUT** Button at the top of the page.

AMERICAN OVERSIGHT

## SUBMISSION OF THE DATA BY THE DEPARTMENT OR AGENCY HEAD:



24. The department or agency head must log into the system using their login and password.
25. The department or agency head should verify all the steps and data values that were entered by the departmental liaison in steps one (1) through twenty-two (22).
26. Department or agency head will need to **Check the Box** stating “I verify that this data is correct.”
27. Hit the **Submit Values** Button at the bottom of the web form to officially submit the data into the system for processing.

## LOGOUT OF THE SYSTEM:

28. Hit the **LOGOUT** Button at the top of the page.

AMERICAN OVERSIGHT

Your information has been submitted for processing and updating your departmental dashboard in the Socrata system at this time.

If you have any questions for needs assistance, please contact one of the staff members listed at the top of these directions.

Greetings all,

Commissioner Hall will be attending Marietta Senior Tower Annual Black History Program, on Friday, February 28, 2020 from 2:30pm to 3:30pm at Marietta Senior Towers, 2295 Marietta Road NW, Atlanta, GA 30318 and the organizer has requested the following departments set up a table to share information with the attendees.

- Registration and Elections (Voter Registration)
  - Absentee ballots
  - Sample ballots
  - Voting machines

  *** Please see attachment
- Census Outreach
  - Jobs
  - Census Information
- Board of Health
  - Oral Health
  - Sexual Health

This event is expected to reach 75-100 attendees. May you please share if a representative from your department is available to attend? I have copied the event organizer, Cynthia Williams, above so she may assist with any questions regarding logistics.

Best regards,

*Sequoia Kirby, MBA*

**Subject:** Marietta Senior Tower Annual Black History Program

Good Afternoon Commissioner Hall,

I am writing to extend an invitation to you to attend our annual black history program at Marietta Senior Tower. Our residents look forward to this event. They enjoy the entertainment and the opportunity to partake in some good ole soul food. This year our entertainment guest with be the City of Atlanta Voices. This is such an amazing and gifted group. We also try to find a sponsor for this event. We would love for you to sponsor it. We have about 50 residents in attendance along with the guest and staff. I would estimate about 100 people. Please let me know by February 19th, if you would be able to sponsor us. If you are able to help, please let us know the menu you are able to provide. The event is on February 28, 2020 @ 2:30 pm at 2295 Marietta Road, NW/Atlanta, Georgia 30318.

Hope to hear from you soon and to see you on February 28th. Thanks in advance for your time, consideration, and help.

Can we buy 67 more scanners? We have 280 of our 283 assigned for the PPP. We only have one assigned for each early voting site, which makes us nervous. We have only three spare scanners.

Thanks,
Rick

Dear Mr. Barron,

I am sure your staff is quite busy with early voting and preparing for election day. I wanted to offer my assistance with developing best practices in an effort to address voter's Coronavirus concerns at polling places. I am not sure if your office has developed a policy for poll workers, but attached is a draft policy summarizing CDC and the World Health Organization (WHO) best practices for use if needed. The CDC is advising cleaning and disinfecting voting machines, laptops, keyboards and other equipment, making sure soap, water and drying materials are available in restrooms for voters to wash their hands, and providing alcohol-based sanitizer before and after voting.

It is very important to communicate with media outlets and social media the efforts of Fulton County Voting and Elections in taking extra precautions to protect the health of poll workers and voters. Fulton County now has 3 cases and I am sure this will increase as we approach election day and fears will grow. Thus, communicating our efforts to enforce best practices will help assuage fears.

I hope this is helpful.

Many thanks,

Kathleen Ruth

Subject: Deputy Elections Director Texas Opportunity

Good morning!

SGR has been asked to assist the County of Dallas, Texas in their search for a new Deputy Elections Director. The County is seeking an experienced, outgoing, and service-oriented candidate to serve as its new Deputy Elections Director.

The Elections Commission, comprised of the County Judge, County Clerk, Tax Assessor/Collector, Democratic Party Chair, and Republican Party Chair, hires an Elections Administrator who directs and oversees various elections sponsored by Dallas County and contracted by cities and schools, while ensuring compliance with federal and state laws specified in the Texas Election Code. Toni Pippins- Poole has served ably in that role since 2011. She plans to retire in 2020 after the November election cycle. Dallas County seeks to fill the role of Deputy Elections Director with the hope that the selected candidate would have interest in the position of Elections Administrator upon Ms. Pippins-Poole's retirement.

If you know of anyone who may be interested in this exceptional opportunity, please encourage them to reach out to Lissa Barker at lissabarker@governmentresource.com<mailto:lissabarker@governmentresource.com> They can also review the full opportunity description and the position profile brochure via the following link: https://www.governmentresource.com/executive-recruitment/open-recruitments/dallas-county-tx-deputy-elections-director<https://urldefense.proofpoint.com/v2/url?u=https-3A__www.governmentresource.com_executive-2Drecruitment_open-2Drecruitments_dallas-2Dcounty-2Dtx-2Ddeputy-2Delections-2Ddirector&d=DwMFaQ&c=HPJvcKF4Kk5Wqru1T_u_fOsw8NVQVa3gp0ReMdlciXw&r=Ab1tWoBND5WPUindk9Sn4wStS2z-l-4wem9O9RY2hRILrpnrnD9tMptAtAtHi9ii&m=vnMDAAmGw6gnv3FOysDkBFEeSnC4oxovs5jprv1wlHk&s=Yz5zbpnJOUy9ABPVIfB8HR9wN0fW-tr1Qx5grdkrV-8&e=>

Thank you so much for sharing this with your colleagues who may be an outstanding match.

Subject: EV Voter

Rick, I had a voter call me who voted at the Roswell Library and the poll workers had difficulty finding the record. After several minutes in search, they asked for the person's social security number. The person was sent onto a "troubleshooting" station and again having difficulty locating the voter record, this poll worker asked for social security number.
I did not know we would ever ask for this at a polling location? The voter refused to give this information but they finally found the record and the voter completed her ballot cast.

Subject: RE: Hand count audit

Janine,
The goal set was to hand count 3% of the votes cast and compare totals from the precinct scanners. Through a random draw process one precinct was randomly picked. Literally a card Ace - King of Hearts was assigned to my precincts. A new deck of cards was opened. The Hearts were pulled out, shuffled, cut by an audience member, shuffled more, and then turned face down on a table. A second member of the audience then selected a card. The corresponding precinct actually contained 405 ballots which was around 12% of the votes cast. If the precinct had not had over 3% of the vote total a second precinct would have been selected, and so on, until we hit the 3% threshold.

The ballot transport bag seal was verified, and then opened. Ballots were counted out in stacks of 30. We had two teams (2 people on each team) that would then be given 1 stack at a time. They would verify they had thirty ballots before starting. One person would read the name out, while the other person looked on, and then place a tally mark on a Batch Sheet. Columns were totaled when the thirty ballots were counted, to make sure thirty tally marks were given. The team would then return their stack of thirty ballots and receive a new stack. With instructions, swearing in, and counting we were done in less than 1 hour. The totals perfectly matched what was reported on the scanner tape from election night and the EMS report.

Because we finished so quickly, we decided to do the hand marked absentee ballots also to see if there were any issues with audit teams counting those, and to compare which was easier to do. We only had 52 abs ballots - 2 batches - one batch of 27 and one batch with 25. That audit came out perfect too. Hand marked ballots were easier to count due to the size of the print font.

The process was really easy and Kevin Rayburn did a great job thinking through everything ahead of time. Attached is a copy of some of the sheets that were used during the audit so you can have an idea. I really feel this is going to be what we have to do in November with a "top of the ballot race". We know this probably went a little quicker than another audit would because there was only one race to look at. Kevin did verify they would probably always use a race that is at the top of the ballot to prevent you from having to "hunt" for the correct race. I will admit I was nervous at the beginning -- I kept thinking what if there is still a ballot floating around in the ballot bin. Thank goodness they were all in the transport bag , sealed like they were supposed to be!

Veronica

I read that you did an audit of a precinct. Was it a full audit or a risk limiting sample? Was it one Election Day scanner or the entire precinct including early votes? How was it?

Thanks.

Subject: Mock Election February 26th

All,
We will conduct a mock election using the new voting equipment on Wednesday, February 26, 2020 from 10:00 AM-3:00 PM.

We recommend you set aside 5 BMDs and one scanner from L&A for this exercise.

SOS, CES, KnowInk, and Dominion staff will be available for support.

The instructions are pasted below and will be available on Firefly under Training.

Mock Election Date Wednesday, February 26, 2020

Mock Election Steps:

Set aside 5 BMDs and one scanner.

AMERICAN OVERSIGHT

Prep Process (Done the day(s) before the scheduled Mock Election)

1. County Loads EP to EMS – (Feb 24-25)

2. Project only contains only one ballot style containing one contest in one Polling Location; Polling location contains BMD and Polling Place Scanner

3. County creates Technician Card, Poll worker Card, Security Tab Key, USB for BMD, CF Cards for Polling Place Scanner (Precinct/Polling Place) (Feb 24-25)

4. County loads media to 5 BMDs and 1 precinct scanner and makes them ready for Election (Feb 24-25)

5. County pulls down Mock Election Data for Poll Pad, placed on 2 Poll Pads (Feb 24-25)

6. County prepares Polling Place Recap sheets for Poll Workers to fill out during exercise

7. County selects poll workers, at least 4

Mock Election Process (10AM – 3PM on selected Day) (Feb 26th)

8. Poll workers go through opening procedures, turn on BMDs and open the polls, turn on the Precinct Scanners, print zero tapes and make ready to vote, Turn on Poll Pads, launch application, sign-in and make ready to create voter cards

9. Poll workers use Poll Pad to select random voters from the Mock Election Data set and creates Voter Access cards

10. Poll workers use Poll Pad to create Voter Access cards for voters with various assistance and statuses :(a) First time voter; (b) ADA/ATI ballot; (c) Potential Non-citizen; (d) process spoiled ballot (e) Absentee (f) Pending and (g) Challenged voter.

11. Poll workers will then insert voter cards into the BMDs and create BMD-generated ballots (vote for whomever, however many times, not worried about voting specific patterns)

12. At minimum, 2 ADA ballots

13. At minimum, 20 total ballots to be generated

14. The BMD-generated ballots are scanned into the Polling Place Scanner

15. The polls are closed on the BMD and Polling Place Scanner and a results tape printed, Polling Place scanner is then turned off, and the Poll Worker CF card removed; Poll workers complete Polling Place recaps; BMDs are powered off

16. RTR is opened on EMS

17. The Polling Place Scanner CF card is uploaded and an Election Summary Report generated, 5-column report and report showing all tabulators uploaded

18. An GA Export file is generated and transmitted to the SOS

19. Mock Election is completed

20. Mock Election Project can be closed on the EMS

Subject: RE: Polling Places at Assisted Living Facilities or Senior Centers

Hi,
I just had this discussion with DeKalb. I recommended encouraging absentee voting as much as possible, and asking people not to present to voting sites if they are ill--including staff. For those citizens who elect to vote in person, I recommend having hand sanitizer readily available and possibly posting someone at the entrance to hand out masks to anyone with a cough. I've never voted in Fulton, but the more expeditiously you can get citizens in and out, the lower the risk of exposure

Dr. Ford:

One of my board members is concerned about using these polling places on Election Day because of COVID-19 (see attached). She wants us to address this at our monthly meeting tomorrow, which begins at 10 AM. I'm unqualified to make this determination. Can you give us guidance, please?

Thanks,
Rick

Rick, This is from our neighbors two doors up the street, and therefore traveling far outside the neighborhood to vote, one a PhD in economics, the other a PhD in mathematics – still got lost. Just for the staff's info. Mary Carole

**From:** [redacted]
11 PM
**To:** [redacted]
**Subject:** Our early voting experience Report!

We went to the Chastain Park site. UNFORTUNATELY, we have never been there before. When you put 140 W. Wieca into the GPS or Google Maps, it takes you to a spot with no building, just tennis courts. We had gone up Lake Forest and turned left onto W. Wieuca. We thought the voting might be in the Arts Center but it wasn't, then we came out of there turned right and got to Galloway and Powers Ferry.

Finally, we put Chastain Park Recreation Center in and got a better location. It is northeast of Galloway and across from the Arts Center. Once we got close, we spotted the ground-level "VOTE" signs. We'd been looking on the wrong side of the street on our first run through.

It was hard to find a parking spot because there was a basketball game going on. But we got one. The whole thing from parking the car to returning the car took about 10 minutes.

There was only one guy ahead of us. We filled out the first form, then went to the other end of the table to get our ticket. Then a fellow pointed out which machines to use. I actually didn't see where to put the card at first - lapse of 5-10 seconds. Then the first page came up and, duh, I realized I had to select NEXT. After that all was easy, except, duh, we thought we'd be doing the Senate primary for Perdue's seat as well. So much for being well-informed and a good citizen.

Anyway, we then printed the ballot and took it to the other machine and left.

BOTTOM LINE
Once we got there, things went smoothly and the folks were helpful.

Rachell:

We have placed two orders for seals. Please see attached. We are having to retrieve seals from early voting sites to make it through L&A, but we are quickly running out. If you need a detailed spreadsheet to illustrate our needs, please contact Blake. He can provide the quantities needed for you.

Rick

Here are the seals we need:

Green Mini Padlocks – We have received 2,900. We need a MINIMUM of 10,000 to get through this election. We placed an order for 5,000 on February 19th and another order on March 3rd. We are already running low on these, and it is causing a disruption to L&A and early voting.
Green Pull Tites – We have received 3,000. We need a MINIMUM of 10,000 to get through this election. We placed an order for 5,000 on February 19th and a second order on March 3rd.
Yellow Mini Padlocks – We have received 2,800. We need a MINIMUM of 5,000 to get through this election. We placed an order for 5,000 on February 19th and another order on March 3rd.
Red Pull Tites - We have received 5,000. We need a MINIMUM of 9,000 to get through this election. We placed an order for 5,000 on February 19th and another on March 3rd. The order we have placed then was fulfilled. We placed another order for 5,000 more yesterday.

We will also need to 4,000 more wire seals. We are still working on those numbers.

Thanks,
Rick

Subject: URGENT RESPONSE NEEDED-North Fulton Annex Voter Registrar Office Closed on Monday

Voter Registration has a pretty large staff and there is no reason why this office was closed on Friday and on tomorrow Monday the last day for Voter Registration.

Closing a VR office days before a the deadline during the PPP cannot have been the contingency plan. Rick, your leaders dropped the ball here.

<[redacted] Angie Jones <[redacted]
<[redacted] Terri Crawford <[redacted]
Subject: North Fulton Annex Voter Registrar Office Closed on Monday

Attached is a photo on the sign posted on the door of the Voter Registrar‘s office at the North Fulton Annex Office on Roswell Rd in Sandy Springs that I went to today approximately 3:45PM.

For those who don’t know me, I’m Landen Watson, Georgia’s Field Director for the Democratic Congressional Campaign Committee organizing in CD 6 and 7. Ben Myers and others on this thread is very familiar with me and my work with Lucy McBath and across the 7th District. Apart of my program involves voter registration and with the deadline for the Presidential Primary, this is alarming for multiple reasons:

1. It’s a little convenient that the office is closed until the day after the VR deadline. I was told by the front office that this was due to a family emergency.
2. There was 2 paper forms left in the basket near the door. Maybe a bunch of folks came by and collected forms but I like to bet there wasn’t a lot of forms left there to begin with. There are now zero forms available.
3. A single sign was posted on the door of the office. There wasn’t a post made on the website or social media. For folks who don’t notice, I’m afraid people will show up on Monday thinking they can turn in VR paper forms and

AMERICAN OVERSIGHT

come to find out that the nearest office to turn them in is downtown Atlanta or deliver them by mail. That's a drive folks can't just take on a busy Monday especially with the deadline.

4. I suspect folks who wait until closer to the office closing/wait until their lunch break/go before work to turn in forms only to realize it's closed and don't have time to go to another location. They are leaving it open for folks who registered on the weekend not to participate in the Presidential Primary March 24.

5. This isn't the first time this sign has been posted up. Angie Jones, a certified registrar accounts this sign at least 3 other occasions since turning in forms at this office.

Why isn't there a replacement sent this location for Monday to collect forms?

Terri Crawford told me to send this information to you in hopes we can rectify this situation before Monday. Let me know if you have any questions.

Good Morning Rick,

As you can see below, we have another Fulton Legislator saying incorrect absentee envelopes are being sent out in Fulton County. As you know, all counties need to be using the new envelopes that reflect the changes in the law from HB 316 (2019). Most likely this is just a misunderstanding, but I wanted to pass it along just in case.

Sincerely,

Kevin Rayburn

Hey, Kevin!

I tried to email Chris on this but he is out of the office apparently. I have a complaint from a member that some constituents of the member have received absentee ballots recently with the old outer envelopes that contain the requirement that they list their birth date information. The member represents part of Fulton County and I said that Fulton County is probably using up left over supplies, but the member pointed out that the old envelopes are not in accordance with current law. Can you shed any light on this for me?

Thanks,

Jeff

Election Official:

Over the next few days, KnowInk Technical Support will be contacting you to provide the QR code to load training data on the Poll Pads. As part of the confirmation process, they will be asking you for a secure code.

Your KnowInk Poll Pad secure code is: [redacted]

In addition to this secure code, KnowInk Technical Support staff will also ask for the following:
County Number
County Name
Election Supervisor's Name
Poll Pad Numbers

Please be prepared to provide the secure code, as well as the above information, when your KnowInk Technical Support staff contacts you. I have attached the Poll Pad Data – Loading Training Data instructions for your reference.

I spoke with the woman, Laura, who had dinner with my girlfriend and me, who has the roommate. She is a dentist, as is he. She told my girlfriend that he has corona because she thought she could diagnose him, apparently, but she has no idea. He was coughing overnight Wednesday and Thursday morning, but I asked her about the cough. It is a productive cough rather than a dry cough. This was a false alarm. He had not been tested. I was told he had it, but he doesn't. I'm irritated that she told my girlfriend that he had it. I'll be in.

Rick, please go to the hospital. You will have a better chance of getting tested there. Testing is available, but it is tricky because of the screening criteria.

But you DO meet the criteria

* People who have been in close contact with a confirmed COVID-19 patient, and people who live in or recently traveled from an area with sustained transmission, are at elevated risk of COVID-19.

Please take care of yourself!!!

I am so concerned about the blow back that the BRE will get if we close polls when I should be worried if Mayor Bottoms will ground flights to Atlanta from D.C. tomorrow.

I saw that yesterday. See below from the Public Health Director for Fulton County.

Hi,
I just had this discussion with DeKalb. I recommended encouraging absentee voting as much as possible, and asking people not to present to voting sites if they are ill--including staff. For those citizens who elect to vote in person, I recommend having hand sanitizer readily available and possibly posting someone at the entrance to hand out masks to anyone with a cough. I've never voted in Fulton, but the more expeditiously you can get citizens in and out, the lower the risk of exposure.

---

Jessica:

The two emails below with the attachments went to Senator Williams. Since she wildly exaggerated her claims at the delegation meeting, at best, or maliciously lied for attention, at worst, I have no interest in doing more than what has been sent to her so far.

We are trying to figure out when Senator Jordan changed to Inactive from Active. From there, we will try to locate the correspondence returned by USPS. Then, I'll write to her.

Thanks!
Rick

Good Afternoon Rick and Ralph,

Senator Nikema Williams (who is copied to this email) has brought to our attention an error in the processing of her recent online voter registration address change. As can be seen from the data from OLVR (attached), she entered the street value of 3125 in OLVR. However, when the county user was manually making the change on her record in eNET, he or she inadvertently typed 3175 for the residential street address. Her registration number is [redacted]. You will notice that her mailing address is correct, but the residential address number is wrong.

Please correct this user error and confirm the correction has been made with Senator Williams.

Sincerely,

Kevin Rayburn
Deputy Elections Director and Deputy General Counsel
Georgia Secretary of State
Main: 404-656-2871
Direct: 470-312-2752

Senator Williams,

Fulton County Voter Registration has corrected the street number on your residential address to 3125. Attached is a copy of your precinct card to confirm the correction. Your new precinct card should arrive in the mail in about four weeks.

Phillip Anderson
Registration Officer
Voter Registration

I would suggest that we write to Senator Williams on letterhead to let her know that we followed up on her concern and discovered a one digit error in her address, and that while that error was on her same street and did not change her precinct, we did correct it.

I would also suggest a letter to Sen. Jordan to let her know that occasionally the Postal Service does return mail and that this does not prevent anyone from voting, and appreciate her letting us know about the issue.

Subject: RE: AJC: Georgia lawmakers surprised by errors in their voter registration info

Nikema Williams lied at the hearing. She exaggerated the error so much that lying is the only way to characterize it. The street address had a one digit error. In fact, her address was on the same street segment rather than being on a different street in a different precinct, as she made it sound. It is disappointing. I should have called her a liar in the article.

The post office must have returned a piece of mail to us from Jen Jordan. It is possible for that to happen. She is still a registered voter. We corrected it.

We corrected the liar's record, as well.

Rick: Not sure if you saw this story:
https://www.ajc.com/news/state--regional-govt--politics/georgia-lawmakers-surprised-errors-their-voter-registration-info/YEoIH5MhjjP0M1nMUobXdN/?fbclid=IwAR3lEZTRLCqUIRDXQ_A2czX6v2PLe3lUx2APqPyQNnIdnfT90voMsTf6nsI

Were you all able to determine what caused Sen. Williams' issue that she described in the delegation meeting last week? Also, were you aware of Sen. Jen Jordan's inactive status?

We were not contacted for a response for Mark Neisse's story but two of the three legislators described here live in Fulton County so we may need to be prepared to respond if asked.

AMERICAN OVERSIGHT

If I am recalling this one properly, this is the internet – ADI – connection Fulton ordered and then canceled in order to get DSL.
I don't believe it ever fully got installed, but was canceled midflight.

The agreement that Fulton signed was via an AT&T affiliate, not your actual account team – which was myself and Leslie Daniel at the time.

Fulton actually ordered the DSL line on a personal account and credit card due to a corporate credit hold so I believe whomever was personally responsible for the DSL line probably canceled it via our DSL group.

Hi Stacie/Shane, We were able to locate the info below and it looks as if the circuit is no longer active. So we have the following questions:

<!--[if !supportLists]-->1. <!--[endif]-->When exactly did the circuit get disconnected/go inactive?
<!--[if !supportLists]-->2. <!--[endif]-->When was the circuit initially installed?
<!--[if !supportLists]-->3. <!--[endif]-->What needs to be done to get it reactivated prior to Election Day – preferably no later than March 13th 2020?

The number of precincts currently is 367. Also, we are working with Palmetto Library to confirm whether they can be added as an outreach location. We will keep you posted.

For the first bullet point, I would say "Increased the number of early voting sites from 6 in 2012 to 33 (or 34) in March 2020," since this year's total will be higher.

I would say "locking steel cabinets…" instead of stainless steel.

Fulton County Government

Notes for Media Covering Fulton County Early Voting
(FOR COVERAGE PURPOSES ONLY)

ATLANTA – Fulton County Early Voting locations will open Monday morning at 8:30 a.m. for the Presidential Preference Primary and media interested in visiting a particular polling place is asked to contact Fulton County Communications by email at darryl.carver@fultoncountyga.gov or by phone at 404-931-5744 in advance of heading to that location. We ask that this contact be made prior to allow us to contact Registrations & Elections staff and the poll manager at the location. We also ask media organizations to abide by the following requirements:

· Cameras are permitted in polls, but Georgia State Law prohibits the use of cameras in the "enclosed area" of the polls, which begins at the poll pad area where voters check in upon arrival.

AMERICAN OVERSIGHT

· Media vehicles should follow all appropriate parking regulations and journalists are not permitted to harass or intimidate voters. To this end, they are also not permitted to communicate with voters while casting their ballots. Interviews with voters should take place outside of the polling place.

· Media are not to photograph any voter's photo ID or individual vote.

· Media visiting polling locations in school facilities should limit their visit to the polling place only and should not film anywhere else on school property without permission from the school or school system.

· Organizations visiting locations at other private or public entities need to coordinate with those entities depending on the location of the polling place.

Election results will not be posted until March 24, 2020, Election Day for the Presidential Preference Primary and should be found on the Fulton County Elections website (www.fultonelections.com<http://www.fultonelections.com>) after 8:00 p.m. on that date.

> Notes for Media Covering Fulton County Early Voting (FOR COVERAGE PURPOSES ONLY)
>
> ATLANTA - Fulton County Early Voting locations will open Monday morning at 8:30 a.m. for the Presidential Preference Primary and media interested in visiting a particular polling place is asked to contact Fulton County Communications by email at darryl.carver@fultoncountyga.gov or by phone at 404-931-5744 in advance of heading to that location. We ask that this contact be made prior to allow us to contact Registrations & Elections staff and the poll manager at the location. We also ask media organizations to abide by the following requirements:
>
> * Cameras are permitted in polls, but Georgia State Law prohibits the use of cameras in the "enclosed area" of the polls, which begins at the poll pad area where voters check in upon arrival.
>
> * Media vehicles should follow all appropriate parking regulations and journalists are not permitted to harass or intimidate voters. To this end, they are also not permitted to communicate with voters while casting their ballots. Interviews with voters should take place outside of the polling place.
>
> * Media are not to photograph any voter's photo ID or individual vote.
>
> * Media visiting polling locations in school facilities should limit their visit to the polling place only and should not film anywhere else on school property without permission from the school or school system.
>
> * Organizations visiting locations at other private or public entities need to coordinate with those entities depending on the location of the polling place.
>
> Election results will not be posted until March 24, 2020, Election Day for the Presidential Preference Primary and should be found on the Fulton County Elections website (www.fultonelections.com<http://www.fultonelections.com>) after 8:00 p.m. on that date.

**From:** Harris, Johnny
**Sent:** Friday, March 06, 2020 5:18 PM
**To:** Barron, Richard L.
**Cc:** Evans, Joseph
**Subject:** Elizabeth Goldsmith

Rick,

I don't know If you remember Elizabeth Goldsmith, she was the young lady who was assigned to deliver absentee ballots to Fulton County hospital for the November 2018 Elections.

You probably remember the huge turnout and our need to recruit emergency poll workers on Election Day. I assigned Elizabeth to work at a local precinct, because we were shorthanded.

I found out later Elizabeth was the best friend of Rosalind Zee and reports directly to her. Do you want to allow Elizabeth to work in the March 24th PPP?

She is signed up for training in the morning at the EPC.

Thanks,

**Johnny Harris**

Subject: Form option in EasyVote

Hello everyone! Just wanted to touch base again on a couple of things.

First, you are already aware of the issue with the barcode on the new form not populating correctly and also not scanning correctly. We are still working to resolve the issue. We may have it fixed on Monday or it could be a week or two weeks. Not sure exactly when it will be ready. Therefore, if you're work flow of EasyVote really relies on you scanning the barcode to make the updating of the voter in ElectioNet easier, we have an option for you. On an individual county by county basis, I could point your county back to the old (2-signature) application so the barcode will still work. So until we have the new form's barcode working, you could temporarily go back to the old form and we could switch you back to the new form when the issue is corrected. If you decide to do this, it will NOT REQUIRE ANY UPDATE on your part. I would handle the switch from behind the scenes. You would simply just have to log out and back in after I make the change. If you would like to go back (even temporarily), just send me an email or give me a text at [redacted] and let me know.

Next, a handful of other counties are experiencing a problem where if they turn off the print preview to go straight to the printer, like I suggested yesterday in my video, the application is NOT printing. Again, this is only affecting a few people so it's like a needle in a haystack but we are looking into the issue. To help resolve or at least troubleshoot this issue if you are experiencing it, please turn the print preview back on by clicking on the Printer Setup box in CheckIn and making sure the little box is unchecked next to the "Turn off print preview". See attached screenshot for instructions. Then attempt to print the application from the preview screen. If after trying both methods and you still can't print the new form and would like to go back to the old form, again just let me know and I can switch you back to the old form behind the scenes. No UPDATE will be required by you to make the form change.

Please let me know if you have any questions and remember if you have any problems on Monday morning, just have your paper applications ready to use and write down the date/time the voter votes so you can put them back into EasyVote in the correct sequence for your Numbered List report.

Thanks, Greg

**Date:** Saturday, February 29, 2020 3:45:53 PM

---

We'll let Cheryl and David know. We'll get this to The Daily Report on Monday, but imagine they'll publish at least a couple days later, which will mean being a week late publishing notice of qualifying. I'm unsure of the legal ramifications, unless someone in the party decided to take action. David? Cheryl?

Thank you Blake. I will handle with Trey. What is our exposure regarding the legal notification?

On Sat, Feb 29, 2020 at 1:35 PM Evans, Joseph <Joseph.Evans@fultoncountyga.gov<mailto:Joseph.Evans@fultoncountyga.gov>> wrote:
Mr. Wingate and Dr. Ruth,

I hope you are both doing well. Rick wanted me to let you know that we are sending an email to Trey Kelly today in regards to qualifying for the Republican Party. Our office has sent multiple emails to Trey (see one example below). Ms. Brenda has some read receipts from him as well.

Our understanding was that Trey was conducting qualifying next week for the Republican Party. However, on Friday afternoon, he sent us an email after 4:00pm asking us to conduct qualifying for the Republican Party. Trey also provided us late notice in 2018.

We plan to let Trey know that we will conduct qualifying next week for the Republican Party. However, due to the late notice, we will not be able to meet certain code requirements concerning publications in the county's legal organ. We need him to notify us much earlier in the future.

Best regards,

Subject: RE: Hand count audit

Janine,
The goal set was to hand count 3% of the votes cast and compare totals from the precinct scanners. Through a random draw process one precinct was randomly picked. Literally a card Ace - King of Hearts was assigned to my precincts. A new deck of cards was opened. The Hearts were pulled out, shuffled, cut by an audience member, shuffled more, and then turned face down on a table. A second member of the audience then selected a card. The corresponding precinct actually contained 405 ballots which was around 12% of the votes cast. If the precinct had not had over 3% of the vote total a second precinct would have been selected, and so on, until we hit the 3% threshold.

The ballot transport bag seal was verified, and then opened. Ballots were counted out in stacks of 30. We had two teams (2 people on each team) that would then be given 1 stack at a time. They would verify they had thirty ballots before starting. One person would read the name out, while the other person looked on, and then place a tally mark on a Batch Sheet. Columns were totaled when the thirty ballots were counted, to make sure thirty tally marks were given. The team would then return their stack of thirty ballots and receive a new stack. With instructions, swearing in, and counting we were done in less than 1 hour. The totals perfectly matched what was reported on the scanner

AMERICAN OVERSIGHT

tape from election night and the EMS report.

Because we finished so quickly, we decided to do the hand marked absentee ballots also to see if there were any issues with audit teams counting those, and to compare which was easier to do. We only had 52 abs ballots - 2 batches - one batch of 27 and one batch with 25. That audit came out perfect too. Hand marked ballots were easier to count due to the size of the print font.

The process was really easy and Kevin Rayburn did a great job thinking through everything ahead of time. Attached is a copy of some of the sheets that were used during the audit so you can have an idea. I really feel this is going to be what we have to do in November with a "top of the ballot race". We know this probably went a little quicker than another audit would because there was only one race to look at. Kevin did verify they would probably always use a race that is at the top of the ballot to prevent you from having to "hunt" for the correct race. I will admit I was nervous at the beginning -- I kept thinking what if there is still a ballot floating around in the ballot bin. Thank goodness they were all in the transport bag , sealed like they were supposed to be!

Veronica
I read that you did an audit of a precinct. Was it a full audit or a risk limiting sample? Was it one Election Day scanner or the entire precinct including early votes? How was it?

Thanks.

Rick and Brenda,

I just got off the phone with Felicia. She is adding two items to the BOC agenda for Wednesday.

First, she is putting the Corporate Temps agreement on the agenda for Chairman Pitts to sign so we can get 30 additional staff members for Election Day set up support and tech support. I told her to use 1160 as the funding line for that.

Second, she is adding the buses to the agenda. She needs to know the funding line that will be used for that.

I talked with early voting workers and with 2 Democratic Party poll watchers. Some voters did experience a delay early this morning. All the BMDs and BMD printers were working properly. The printers that the voter is referencing are the ones connected to laptops at our check-in stations. When the check-in printers are not working, our contingency plan is to use manual absentee applications. This is an easy step, but it takes a little longer than when we print pre-filled applications using EasyVote.

**Subject:** North Fulton Annex voting

**EXTERNAL EMAIL:** Do not click any links or open any attachments unless you trust the sender and know the content is safe.

Mr. Harvey,

I was the first one in line this morning, at 8:30 am, to vote at the North Fulton Annex. It was a very unpleasant experience that took a half hour.

Why????

The staff was not adequately trained.
The printers were not working.
The manager, Irvine Weeks, was totally helpless and not supporting his frustrated staff.
It was SO bad that when I finally received a card to put into the voting machine, it asked for a PIN and I had no idea what I was supposed to enter. I stood there asking what the PIN was. Finally, Mr. Weeks came over and had no idea what he was supposed to do. Shortly, the technician came and told him that he had to enter a code, into ALL the voting machines to enable someone to vote. On top of that, he couldn't enter it correctly, at which time, the technician entered the code and told him he had to enter the information into every machine.

After all the conversation we have been reading about the

AMERICAN OVERSIGHT

"new machines", this was not an issue of "new machines" but human failure due to poor training and electronic glitches. The machine worked fine, when I was finally able to enter my vote.

As a resident of Fulton County for over 50 years, this was inexcusable. Irvine Weeks needs to be replaced immediately with someone who is knowledgeable and supports their staff.

We'll compile a list of those polling sites tomorrow and I'll forward it to you. Notifying voters of a change so close to the election is going to be difficult if you decide to make the changes. We'll also have to consider whether a nearby polling location can accommodate additional voters and whether the new voting system
will overload the circuits. We have 25 polling locations that have issues right now. In those locations we've had to reduce the number of BMDS being sent.

Hi,
I just had this discussion with DeKalb.  I recommended encouraging absentee voting as much as possible, and asking people not to present to voting sites if they are ill--including staff.  For those citizens who elect to vote in person, I recommend having hand sanitizer readily available and possibly posting someone at the entrance to hand out masks to anyone with a cough.  I've never voted in Fulton, but the more expeditiously you can get citizens in and out, the lower the risk of exposure

Hello Darryl …

Thank you for this note.

Can you be more explicit regarding the location and function of the Poll Pad area? I am not familiar with the term.

Bearing in mind that all precincts are different in their architectural structure, where will cameras be permitted to station themselves inside "Precinct X" and what, typically, may be observed from that vantage point?

Also, can you offer a few recommendations on precincts that will tolerate our presence for the fullness of the voting day, and can be expected to have a consistent flow of voters?

I appreciate your time!

**FULTON COUNTY GOVERNMENT**

# Notes for Media Covering Fulton County Early Voting
# (FOR COVERAGE PURPOSES ONLY)

**ATLANTA –** Fulton County Early Voting locations will open Monday morning at 8:30 a.m. for the Presidential Preference Primary. Media interested in visiting a particular polling place is asked to contact Fulton County Communications by email at darryl.carver@fultoncountyga.gov or by phone at 404-931-5744 in advance of heading to that location. We ask that this contact be made prior to allow us to contact Registrations & Elections staff and the poll manager at the location. Also, we ask media organizations to abide by the following requirements:

- Cameras are permitted in polls, but Georgia State Law prohibits the use of cameras in the "enclosed area" of the polls, which begins at the Poll Pad area where voters check in.
- Media vehicles should follow all appropriate parking regulations and journalists are not permitted to harass or intimidate voters. To this end, they are also not permitted to communicate with voters while casting their ballots. Interviews with voters should take place outside of the polling place.
- Media are not to photograph any voter's photo ID or individual vote.
- Media visiting polling locations in school facilities should limit their visit to the polling place only and should not film anywhere else on school property without permission from the school or school system.
- Organizations visiting locations at other private or public entities need to coordinate with those entities depending on the location of the polling place.

Visit https://www.fultoncountyga.gov/services/voting-and-elections/early-voting-locations for a full list of Early Voting locations.

**To:** Carver, Darryl <Darryl.Carver@fultoncountyga.gov>
**Subject:** Reuters Television / Election Day Voting Scenes?

Mr. Carver …

Reuters Television is planning its coverage of the election on March 24th and we wanted to inquire about making arrangements for the presence of one of our television cameras inside a Fulton County voting precinct.

We are hoping to capture generic voting scenes of people lining up to vote, checking in with precinct registrars, and walking off to cast their ballots.

If it is permissible, we would like to do this as live coverage for the fullness of the day – that is, from the start of voting at 7:00 a.m. and continuing until the conclusion of voting at 7:00 p.m.

We will, of course, adhere fully to the media guidelines prescribed by your office: no interference or conversation with voters, no reporter standups, obey the instructions of the precinct captain and so on.

Ideally, we would like to situate ourselves in a precinct that anticipates a steady flow of voters throughout the day. I will be grateful if you can offer a recommendation or two.

Thank you for your time and I look forward to hearing from you.

Blake:

Can you consult with Nadine regarding a polling location that would be good for an all-day camera set up on EDay? It needs to be able to be placed outside of the enclosed area still allowing for a view of the location.

## Notes for Media Covering Fulton County Early Voting
## (FOR COVERAGE PURPOSES ONLY)

**ATLANTA –** Fulton County Early Voting locations will open Monday morning at 8:30 a.m. for the Presidential Preference Primary. Media interested in visiting a particular polling place is asked to contact Fulton County Communications by email at darryl.carver@fultoncountyga.gov or by phone at 404-931-5744 in advance of heading to that location. We ask that this contact be made prior to allow us to contact Registrations & Elections staff and the poll manager at the location. Also, we ask media organizations to abide by the following requirements:

- Cameras are permitted in polls, but Georgia State Law prohibits the use of cameras in the "enclosed area" of the polls, which begins at the Poll Pad area where voters check in.
- Media vehicles should follow all appropriate parking regulations and journalists are not permitted to harass or intimidate voters. To this end, they are also not permitted to communicate with voters while casting their ballots. Interviews with voters should take place outside of the polling place.
- Media are not to photograph any voter's photo ID or individual vote.
- Media visiting polling locations in school facilities should limit their visit to the polling place only and should not film anywhere else on school property without permission from the school or school system.
- Organizations visiting locations at other private or public entities need to coordinate with those entities depending on the location of the polling place.

## Notes for Media Covering Fulton County Early Voting
## (FOR COVERAGE PURPOSES ONLY)

**ATLANTA –** Fulton County Early Voting locations will open Monday morning at 8:30 a.m. for the Presidential Preference Primary. Media interested in visiting a particular polling place is asked to contact Fulton County Communications by email at darryl.carver@fultoncountyga.gov or by phone at 404-931-5744 in advance of heading to that location. We ask that this contact be made prior to allow us to contact Registrations & Elections staff and the poll manager at the location. Also, we ask media organizations to abide by the following requirements:

- Cameras are permitted in polls, but Georgia State Law prohibits the use of cameras in the "enclosed area" of the polls, which begins at the Poll Pad area where voters check in.
- Media vehicles should follow all appropriate parking regulations and journalists are not permitted to harass or intimidate voters. To this end, they are also not permitted to communicate with voters while casting their ballots. Interviews with voters should take place outside of the polling place.
- Media are not to photograph any voter's photo ID or individual vote.
- Media visiting polling locations in school facilities should limit their visit to the polling place only and should not film anywhere else on school property without permission from the school or school system.
- Organizations visiting locations at other private or public entities need to coordinate with those entities depending on the location of the polling place.

Visit https://www.fultoncountyga.gov/services/voting-and-elections/early-voting-locations for a full list of Early Voting locations.

**Subject:** RE: URGENT RESPONSE NEEDED-North Fulton Annex Voter Registrar Office Closed on Monday
**Date:** Sunday, February 23, 2020 6:53:21 PM

---

I'll get back to you in the morning on this. I'm going to talk to Ralph and Pam regarding the closure, and we'll have someone there to keep the office open all day tomorrow, but I know of no other times that we would have had a sign up that the office was closed unless we were at our retreat in December or perhaps when Evelyn was downtown at a meeting. If Evelyn had to leave early one day it could have happened, as well. The insinuation that we have done this on purpose to keep people from registering is insulting. Unfortunately, we live in such a toxic environment now that people feel emboldened to throw conspiracies around as normal language without anyone challenging them. I'd like to know the times and dates that Ms. Holden said that we were closed for my information to get with Pam, Ralph and Evelyn to determine if it is true. That building isn't open on the weekend for anyone to enter to drop off a paper application. My guess is that the paper applications in the Inbox were dropped there rather than them being blank applications.

Subject: URGENT RESPONSE NEEDED-North Fulton Annex Voter Registrar Office Closed on Monday

Voter Registration has a pretty large staff and there is no reason why this office was closed on Friday and on tomorrow Monday the last day for Voter Registration.

Closing a VR office days before a the deadline during the PPP cannot have been the contingency plan. Rick, your leaders dropped the ball here.

Subject: North Fulton Annex Voter Registrar Office Closed on Monday

Attached is a photo on the sign posted on the door of the Voter Registrar‘s office at the North Fulton Annex Office on Roswell Rd in Sandy Springs that I went to today approximately 3:45PM.

For those who don’t know me, I’m Landen Watson, Georgia’s Field Director for the Democratic Congressional Campaign Committee organizing in CD 6 and 7. Ben Myers and others on this thread is very familiar with me and my work with Lucy McBath and across the 7th District. Apart of my program involves voter registration and with the deadline for the Presidential Primary, this is alarming for multiple reasons:

AMERICAN OVERSIGHT

1. It's a little convenient that the office is closed until the day after the VR deadline. I was told by the front office that this was due to a family emergency.
2. There was 2 paper forms left in the basket near the door. Maybe a bunch of folks came by and collected forms but I like to bet there wasn't a lot of forms left there to begin with. There are now zero forms available.
3. A single sign was posted on the door of the office. There wasn't a post made on the website or social media. For folks who don't notice, I'm afraid people will show up on Monday thinking they can turn in VR paper forms and come to find out that the nearest office to turn them in is downtown Atlanta or deliver them by mail. That's a drive folks can't just take on a busy Monday especially with the deadline.
4. I suspect folks who wait until closer to the office closing/wait until their lunch break/go before work to turn in forms only to realize it's closed and don't have time to go to another location. They are leaving it open for folks who registered on the weekend not to participate in the Presidential Primary March 24.
5. This isn't the first time this sign has been posted up. Angie Jones, a certified registrar accounts this sign at least 3 other occasions since turning in forms at this office.

Why isn't there a replacement sent this location for Monday to collect forms?

Terri Crawford told me to send this information to you in hopes we can rectify this situation before Monday. Let me know if you have any questions.

**Subject:** RE: Early Voting locations for Residents NW & NE City of Atlanta
**Importance:** High

Hi Harriet:

Mr. Grant's concerns are valid, but Buckhead Library is under renovation, Northside Library is under renovation and Ponce Library is under renovation. We tried to secure several other sites without success, including Morningside Recreation Center, Morningside Baptist Church, Hammond Park Gym, Bitsy Grant Tennis Center and Sandy Spring City Hall. Sandy Springs City Hall agreed to be an outreach site for two days.

Registration and Elections were not consulted or considered when the renovation schedule was created for the libraries. We have 21 early voting locations, though, in Fulton County, plus 13 outreach locations. If you compare our offerings to the paltry early voting offerings in Cobb County (2 locations), DeKalb County (4 locations) and Gwinnett County (1 location), Fulton County is outperforming and enfranchising voters three times more than the rest of the large metro area counties put together.

The Presidential Preference Primary in 2012 had three early voting locations, prior to my arrival as Director. In 2016, we offered 24 locations with no outreach sites, but we also had no libraries under renovation to restrict our ability to cover all of the county.

Sincerely,
Rick

Hello Sharon and Blake,

I received a call from Milton A. Watson Jr.(VR# 02590485) who is 73 years old and was upset that there is nothing close to him in the Buckhead area for Early Voting. We talked about the fact that the Buckhead Library is being renovated, but he feels that to some location close to that should have been chosen. I told him that I would forward this along per his request. If you would like to call him back, he can be reached at [redacted] (cell) and 404-872-1021 (home).

**March is…**
Developmental Disabilities Awareness Month
&
Women's History Month

**Call to Order**

**Departmental Announcements**

**County Manager:**

- Welcome Dr. Karen Sullivan, Interim Medical Examiner
- Welcome Intern, Alise Adams
- The National Customer Service Association named Fulton County a "Service All Star Award" winner!

**Internal Services:**

- Pcard and TCard utilization
- Hospitality requests

**Operations:**

- Security Update
- COOP and COVID19 Response Update

**Communications:**

**BOC Agenda Review**

**Q&A/Adjournment**

**Reminders and Announcements: Mark Your Calendars**

- In an effort to secure the County Manager's Executive Office, the 10th floor main front door will be locked at all times. Department heads will be allowed immediate access and all other guests will check in with the front desk receptionists.

- Registration and Elections need County employees to work at multiple early voting locations for a two-day period. Employees must get supervisor approval to work during normal work hours and they will not be charged leave. The pay rate is $13.67 per hour. Employees can sign up and learn more by calling ext. 27020 and speaking with Sharon Benjamin or Blake Evans.

- The deadline to submit items to the County Manager for approval for the March 18th BOC Meeting is tomorrow, March 10th. Please remember that all add-on Agenda items require the County Manager's approval.

- Memos to the BOC from Department Heads must go "**Through**" the County Manager and the department head's Chief Officer. No memos should be distributed to the BOC without the County Manager and Chief Officers' review and signature of approval.

| Fulton County Board of Commissioners<br>**Agenda Item Summary** | **BOC Meeting Date**<br>**3/18/2020** |
|---|---|
| **Requesting Agency**<br>Registration & Elections | **Commission Districts Affected**<br>All Districts |

**Requested Action** *(Identify appropriate Action or Motion, purpose, cost, timeframe, etc.)*

Request approval to utilize cooperative purchasing – Registration & Elections, U.S. Communities, Contract 128867, Specialty Vehicles, Equipment and Accessories in an amount not to exceed $673,662.00 with Farber Specialty Vehicles (Reynoldsburg, OH) for the purchase of two mobile units for outreach for early voting . This is a one-time procurement.

**Requirement for Board Action** *(Cite specific Board policy, statute or code requirement)*

In accordance with Purchasing Code Section 102-461, requests for approval to utilize cooperative purchasing or GSA purchase contracts of more than $49,999.99 shall be forwarded to the Board of Commissioners for approval.

**Is this Item related to a Strategic Priority Area?** *(If yes, note strategic priority area below)*

Yes

**Is this a purchasing item?**

Yes

**Summary & Background** *(First sentence includes Agency recommendation. Provide an executive summary of the action that gives an overview of the relevant details for the item.)*

**Scope of Work:** Purchase of two mobile units to be used as outreach locations for early voting and will also serve as a contingency for elections in case of an emergency situation if a voting location becomes unavailable. The mobile units will be used, also, for a wide variety of voter outreach events.

**Community Impact:** These mobile voting units will have a positive impact on our community because we will have more flexibility for voting opportunities. We will lead Georgia in voter outreach and enfranchisement.

**Department Recommendation:** Recommend approval.

**Project Implications:**

# FULTON COUNTY REGISTRATION & ELECTIONS

## BY THE NUMBERS

| NUMBER OF REGISTERED VOTERS | NUMBER OF PRECINCTS | NUMBER OF POLL WORKERS |
|---|---|---|
| **806,256**<br>FEB. 1, 2020 | **367**<br>IN 198 POLLING LOCATIONS | **2,000** |

## EARLY VOTING - MARCH 24 PRESIDENTIAL PREFERENCE PRIMARY

| TOTAL NUMBER OF EARLY VOTING LOCATIONS | TOTAL EARLY VOTING HOURS |
|---|---|
| **33 TOTAL**<br>21 Full Early Voting Period<br>+ 12 Outreach Sites | **166.5**<br>Including 2 Saturdays &<br>1 Sunday |

## PRESIDENTIAL PREFERENCE PRIMARY

Fulton County is implementing the new equipment that is implemented in 2020.

- Increased the number of early voting sites from **6** in 2012 to **37** in 2018 – far more than any other Georgia County.
- Maximizing weekend voting hours for major elections (two Saturdays and one Sunday) – only one Saturday is required by law.
- In addition to 21 early voting sites open the entire three year period, offering 12 outreach early voting sites at public colleges and senior centers. Outreach locations are each open for 2 days within the voting period. As a result of HB 316, this year we are adding an outreach site at the Atlanta University Center (previously we could not offer early voting on private university campuses).
- Head of household mailings will be sent in February to reinforce precinct locations and early voting locations.

## OTHER ENHANCEMENTS

- Additional funding allocation of $4.1 million approved by Fulton County Board of Commissioners. Total 2020 budget - $17,126,010.
- Locking steel cabinets improve security of equipment and improve ease of use for poll workers.
- Added 12 additional permanent staff.
- Additional Election Day polling sites.

**Is this a purchasing item?**

Yes

| **Summary & Background** | *(First sentence includes Agency recommendation. Provide an executive summary of the action that gives an overview of the relevant details for the item.)* |
|---|---|

The Registration and Elections Department

The amount of $97,000 is funded through non-agency capital fund approved by BOC on 11/ ?? /2019. The State of Georgia supplied Fulton County with 662 Know Ink Poll Pads in order to check in voters at the polls. We had 662 Express Polls with the old voting system for voter check-in. The inventory we received is too low to sustain us for 2020, as we have assigned 652 units for the Presidential Preference Primary. We need more units for the General Primary and General Election later this year. The Secretary of State has granted us permission to make this purchase through the State's voting system vendor, Know Ink.

**Re: Demand to Re-Open the North Fulton Annex Service Center on Monday, February 24, 2020 for In-Person Voter Registration and Submission of Voter Registration Forms**

Dear Members of the Fulton County Board of Registration and Elections and Director Barron:

On behalf of the Georgia Coalition for the People's Agenda and the Lawyers' Committee for Civil Rights Under Law, we are writing to express our shock and dismay after learning that the North Fulton Annex Service Center for the Fulton County Department of Registration and Elections was closed on Friday, February 21, 2020 and will not re-open again until February 25, 2020 – the day after the close of voter registration for the Presidential Preference Primary.

It appears that the only notification of this closure was a note taped to the door at the North Fulton Annex Service Center on Friday, February 21, 2020 and that the Department made no

AMERICAN OVERSIGHT

attempt to notify the public about the closure on its website, in the press or on social media.

As you know, many organizations are in the final stages of completing large scale voter registration drives ahead of tomorrow's voter registration deadline and have an obligation to submit the voter registration forms they collect by this deadline. Additionally, prospective voters may appear at this location with the intention of registering to vote or to update their voter registration information.

Due to the lack of any public notification of this unscheduled closure, it is likely that prospective voters desiring to register to vote in-person and organizations conducting voter registration drives will go to the North Fulton Annex Service Center tomorrow only to find it closed.

Those prospective voters and voter registration drive organizers may not be able to travel to the Department's main office in Atlanta before it closes tomorrow - resulting in the potential disenfranchisement of significant numbers of voters in the Presidential Preference Primary.

It is inconceivable how the Board and Department of Registration and Elections could have determined that closing the North Fulton Annex Service Center on the eve, and on the day, of the close of voter registration for this important primary election was appropriate – particularly without making any alternative arrangements for the acceptance of voter registration forms at that location or in the nearby vicinity and without publicizing the closure to the general public.

To avoid the likely disenfranchisement of voters resulting from the unpublicized closure of the North Fulton Annex Service Center facility, we hereby demand that you re-open this office at 8:30 a.m. tomorrow (Monday, February 24, 2020) and keep the office open until midnight to ensure that no prospective voters are disenfranchised as a result of the ill-conceived decision to close this office until after the voter registration deadline.

Please inform us by no later than 8:00 a.m. tomorrow morning (February 24, 2020) whether you intend to re-open the North Fulton Annex Service Center for the acceptance of voter registrations as we have demanded and to publicize the re-opening and the hours when the office will be open. If you do not intend to re-open the office or make any other reasonable accommodations for the acceptance of voter registrations there or in the nearby vicinity, please provide us with all of the reasons why you will not do so.

Please be advised that nothing in this letter should be construed as a waiver of rights in the event

AMERICAN OVERSIGHT

that you fail to immediately remedy this situation.

Thank you for your attention and cooperation.

Very truly yours,

Julie M. Houk[1]

**FULTON COUNTY GOVERNMENT**

# Notes for Media Covering Fulton County Early Voting
# (FOR COVERAGE PURPOSES ONLY)

**ATLANTA –** Fulton County Early Voting locations will open Monday morning at 8:30 a.m. for the Presidential Preference Primary. ~~y and media~~Media interested in visiting a particular polling place is asked to contact Fulton County Communications by email at darryl.carver@fultoncountyga.gov or by phone at 404-931-5744 in advance of heading to that location. We ask that this contact be made prior to allow us to contact Registrations & Elections staff and the poll manager at the location. Also, we ~~We also~~ ask media organizations to abide by the following requirements:

- Cameras are permitted in polls, but Georgia State Law prohibits the use of cameras in the "enclosed area" of the polls, which begins at the P~~p~~oll P~~p~~ad area where voters check in ~~upon arrival~~.
- Media vehicles should follow all appropriate parking regulations and journalists are not permitted to harass or intimidate voters. To this end, they are also not permitted to communicate with voters while casting their ballots. Interviews with voters should take place outside of the polling place.
- Media are not to photograph any voter's photo ID or individual vote.
- Media visiting polling locations in school facilities should limit their visit to the polling place only and should not film anywhere else on school property without permission from the school or school system.
- Organizations visiting locations at other private or public entities need to coordinate with those entities depending on the location of the polling place.

# Policy to Protect and Maintain the Health of Poll Workers and Voters

March 4, 2020

In order to protect and maintain the health of poll workers, volunteers and voters and promote a healthy voting environment, the Fulton County Voting and Elections is establishing the following procedures effective immediately:

**ALL POLLING STAFF**

The Fulton County Voting and Elections recognizes the importance and necessity of maintaining healthy voting facilities.

We are providing the following health guidance for all staff in direct response to and regarding the Coronavirus (COVID-19), as well as other flu-like illnesses, as recommended by the US Centers for Disease Control and Prevention (CDC):

**Wash your hands frequently**

Regularly washing your hands with soap and water or using alcohol-based hand rub kills viruses that may be on your hands.

https://www.cdc.gov/handwashing/index.html

https://www.youtube.com/watch?v=d914EnpU4Fo&feature=youtu.be

**Maintain social distancing**

Maintain at least 3 feet distance between yourself and anyone who is coughing or sneezing.

**Note:** When someone coughs or sneezes, they spray small liquid droplets from their nose or mouth which may contain virus. If you are too close, you can breathe in the droplets, which may cause illness.

**Avoid touching eyes, nose and mouth**

Hands touch many surfaces and can pick up viruses. Once contaminated, hands can transfer the virus to your eyes, nose or mouth. From there, the virus can enter your body and can make you sick.

**Practice respiratory hygiene**

Cover your mouth and nose with your bent elbow or tissue when you cough or sneeze. Then dispose of the used tissue immediately.

**If you feel sick or unwell, stay home and do not come to work.**

**If you have fever, cough and difficulty breathing, seek medical care early.**

If you have a fever, cough and difficulty breathing, seek medical attention and alert your immediate supervisor. Follow the directions of your medical provider or local health authority.

**If you become sick during the workday, please promptly separate yourself from**

AMERICAN OVERSIGHT

**others, notify a supervisor or colleague, and go home and/or see your healthcare provider.**

**Note:** Not everyone with an illness will have a fever. Individuals with suspected or confirmed illness, who do not have a fever, should stay home and seek medical care.

**In order to protect the health of Fulton County Voters, our office is taking the following actions:**

- Providing gloves to poll workers
- Cleaning and disinfecting voting machines, laptops, keyboards, pens, clipboards and other equipment frequently
- Providing alcohol-based hand sanitizer for use before and after voting
- Making sure bathrooms at polling places are supplied with soap, water and drying materials so voters can wash their hands
- Providing absentee ballots for voters –
    - requests can be made by emailing elections.absentee@fultoncountyga.gov or
    - download a printable version of an absentee ballot application at https://www.fultoncountyga.gov/services/voting-and-elections/absentee-voting and mail to Absentee Ballot, 130 Peachtree St SW, Ste 2186, Atlanta, GA 30303 or
    - Call 404-612-7060 to request an application be mailed to you.

Hey Deidre,

That is great insight into the bags. Good to know and thank you for that. Another county has warned that when your BMDs arrive, be on the lookout for the pallets labeled ATI so you will know where they are. For that county, the units with the ATIs attached got lost in the mix and it was sort of a needle in a haystack thing for them. They also warned to make sure, sure that your security buttons and flash cards for the scanners are included in the scanner box.

As for the Rule on the number of machines, I have copied and pasted it below. You will see that it permits using the total number of BMDs used during AV to the minimum requirement for each precinct. I know that for most of us, in the past we have simply subtracted the number of voters voting AV and based the number of machines assigned to precincts on that number, but that is not what the proposed rule says. Look at it carefully, think about it, and if the rule will not work for you, you should let the State know in writing immediately. The public comment period ends on 1/13 – after that, we may have an opportunity to amend the Rule, but there are no promises. It has been mentioned by some that a carve out for special elections and runoffs that both permits us to use our discretion and holds us accountable if we miss the mark would be a good thing. I don't disagree. I do think there is a likelihood that the Rule will be implemented as currently written and the carve out may be done through legislation and likely not until 2021. Here is the proposed Rule:

RULE 183-1-13-.01 Minimum Number of Voting Booths

When calculating the number of voting booths or enclosures required to be available to electors of a precinct pursuant to O.C.G.A. 21-2-367(b), the calculation shall take into account the number of voting booths or enclosures available for electors of a precinct on Election Day and on the last day of advance voting. Polling places with assigned voters from more than one precinct shall use the total numbers of voters assigned to the polling place when calculating the minimum number of voting booths.

As for precinct visits and splitting precincts, yes, I believe it is a very real possibility that some of the "mega" precincts around the state will need to be downsized due to electrical constraints. In our county alone, 6 of our 42 locations need electrical upgrades. Luckily, all are at county owned facilities so are able to get the work done. I do have one polling place (a church) that I will be splitting into two because it is necessary to do so. I know it falls outside of the 90 day law for splitting a precinct and probably the 60 day period for relocating a polling site, but as far as I am concerned it is an emergency and I am proceeding as such. You are right, Deidre. Polling sites are very hard to come by and it always causes me great angst anytime I have to look for one. As for heat and air, we do keep a few box fans and floor heaters that we deploy to one polling place in particular that is in a gym and climate control is an issue.

When we look back at this year upon retirement, we will do so with a great feeling of satisfaction. Let's keep sharing information and leaning on each other. Stay sharp and do not be passive about concerns or thoughts that you may have. We have the phone conversation with Chris on Friday. Us that as a platform to get your questions out there, for sure. Also, the training coming up over the next couple of weeks should refresh us and help to ease some angst – reminders never hurt, right?!

My thought on this is that we will succeed in doing this because we are awesome!!

Oh yeah, don't forget to keep up with your receipts for spending, because we all need to take advantage of the state grant to the max!!

Importance: High

I think my head is spinning off my shoulders! First and foremost…Happy New Year to all! Thank you Lynn for keeping us in the loop! I feel like I am drowning! I have no right to complain after hearing the issues at hand. All of my old equipment has been gone since Thanksgiving. I have all of the new equipment that was originally allotted for Paulding. However, it is not enough and I have asked for more and I will hopefully get what I have asked for. I will go ahead and give a heads up to all of you. 2 weeks ago, I received 204 printer bags. When they contact you and let you know that they are coming, you need to make sure that you have enough space to house them. These 204 bags required 8 pallets. It has taken 3 full days so far to unbox, and place the printers into the bags, and they are still working on this. Please keep in mind that this is only a portion of our printer bags. We have 481 printers. We are at space capacity and have more coming. We have not received any BMD bags at all. I'll stop complaining now and get on with the questions that I have.

1. I was under the impression that when assigning Election Day equipment that we could base our assignments on the number of active voters in that precinct MINUS the number that voted in advance voting and paper absentee. So if a polling location has 5000 voters and 2500 vote during advance voting and paper absentee, instead of assigning 20 BMDS/Printers, we would only be required to assign 10. Am I crazy?…don't answer that…

2. Am I understanding that you all are saying that due to the precinct visits, depending on the electrical capacity, we could possibly have to split a polling location and find another location, in essence having more than one polling location in a precinct? Please elaborate….I am struggling to find locations as it is. Our school system wants us to migrate out of the schools for the safety of the students…the voters do not want to vote in churches due to separation of church and State…our parks are either not big enough or

AMERICAN OVERSIGHT

the gym floors are being destroyed by our tables, and chairs and by the foot traffic of the voters. We also have issues with there being no air and no heat in the gyms. I am really struggling with this one…y'all please talk me off the ledge right now.

Thanks for everything that you all are doing!

Love and hugs…we need them!

Deidre

Subject: RE: [EXTERNAL] RE: [EXT] RE: 183-1-15.02 - Definition of a Vote

I haven't even thought about that mobile ballot printer for the PPP – I'm just going to order my ballots from my normal printer.

I completed my polling place inspections on Tuesday. It took me and the inspector two days to complete 16 locations, and that was with me helping him trace everything. I don't think I'll have to split any polling places, but I will have to add some circuits to some and move others. From speaking to the inspector it sounds like the company is starting to recruit temporary employees across the state to get it done a little faster.

As far as the formula goes – I'm not a fan but I think that might be the best we can do right now. The rule can't override the code and the code says one per 250 registered voters. At least with the current rule we have some discretion to adjust numbers at election day polling places and there are people dead set against even that small amount of discretion because they think we will use it to suppress turnout at certain locations. We may have to have a couple of small elections with way too much equipment deployed to show the legislature how ridiculous that law is.

Thanks,
Joseph

Morning All,

In Richmond County, we are on the fence about mobile ballot printing this go around. My thoughts right now are to order enough paper ballots for emergency/provisional and mail. We typically do not issue nearly mail ballots for the PPP, so we may just pick off the shelf for that one. Then, after March, settle into mobile ballot printing. The ballot ready date for May Primary is April 1st according to my calendar (insert appropriate emoji here), but by putting it off until then, well….we can put it off until then.

The only thing that I've heard about the inspections is that it is a work in progress and that they are less than 1/3 complete. That was a couple of days ago. Having inspected our locations here over the past month, I can attest that it is a time consuming process.

As for the Rule Nancy, I read it exactly the same way as you do. For the majority of us, this formula will work well, but not for all. I think that I understand Veronica's concerns, but Veronica, will you please give me a call when you get settled in this morning to discuss so that I can make sure I do understand? My direct line is 706-821-2826.

I hope everyone's morning is off to a good start. Talk soon!

Lynn.....you must have magic in your fingers! I reached out to Premier today and haven't heard anything regarding old equipment pick-up.

Talked with Tattnall today about ballot printing. Are y'all using your mobile ballot printer to print "emergency ballots", provisional or absentee?

Does anyone know a schedule for the precinct inspector from SOS?

Charlotte...I have a precinct with 8,000 voters. If I understand the proposed SEB rule, if we have 18 BMDs at early voting, I can subtract 18 from the 32 that is required and send 14 (of course, using discretion). Is that right?

Nancy

oh, by the way, Happy New Year everyone!

Hi Gang,

I would say that splitting a precinct because you do not have adequate electricity to support it would fall under an “emergency” situation. And, as you all know there are exceptions built in for emergencies. I think that as long as we meet the 30 day requirement for notifying the voters, have a public hearing, and fulfill other advertising requirements, that we should be ok. We would need to keep the SOS apprised of the situation, but we will have to do what we need to do, you know?

I sense that things are starting to move now. For instance, my old stuff has been scheduled for pick up next Tuesday, and, if I can get it all worked out, the new stuff will be delivered next Friday. Charlotte, my training is – scratch that – was also scheduled to begin Tuesday, 2/4, but as of today, I have moved it to begin on 2/11 instead because I need the extra week. It will mean that we will be training poll workers during the week of qualifying and the same week at AV begins, which stinks and is not preferable, but I think we need to suck it up and do it.

I know that there is so much to do that it is overwhelming. For us here in Richmond, we are concentrating on making sure we have a printer lined up for provisional and emergency ballots, making sure our electrical at our polling sites is ok, developing poll worker training, and trying to get a solid plan together for deployment of equipment to the polls. I currently have around 12-15 sticky notes on my desk of things that I need to get to immediately. As soon as I take one off, two more appear in its place. Amazing how that happens.

I would encourage each of you who have not heard from the vendor who will be picking up the equipment to reach out to them. That is what I did as recently as yesterday and their response to me was so quick that they almost certainly had a schedule that they were referring to. Contact them and see if you can get some information that will give you a little piece of mind with that. We have our conversation with Chris scheduled for this Friday and hopefully there will be more useful information at that time. We also have additional training coming up during the next couple of weeks, so hopefully that will help, too. If any of you guys truly feel that falling back to paper may be appropriate, I encourage you to voice those thoughts to the State and get a conversation going about that.

Ok, I am going home for real. I love you guys!! Keep the comments and points of view coming. We need to get this stuff right.

To tag team; yes, I am very concerned and so is my Board. In our monthly meeting yesterday I was asked if I had a Plan B. My response was all paper, just as stated in 21-2-418.

Not feeling really good about everything either, I am in the same boat as you Cynthia…still have old equipment, no new equipment and Poll Worker training scheduled for early February.

The fact that our 90-day window has passed, I am really concerned about moving (splitting) any of my polling locations; any thoughts?

Good Day Everyone, Charlotte, you are correct, if you have a large precinct, you more than likely may have to Divide It, because the electrical capacity in the polling places will not be able to handle the number of voting units we will be required. I am still confused about the new proposed rule on the minimum # of voting units required. Can someone give me an example? I truly thought it would have been much simpler to require the number of units based on the number of active voters remaining to vote on Election Day (minus those who have voted early by mail and inperson).

My County completed evaluation of all my precincts today and I will be going out with the State assigned electrician next week; however, I will have a report by tomorrow from my electrician of any potential problems.

AMERICAN OVERSIGHT

I hate to say it guys but I have never felt so unprepared for an election…we are so close to voting for the PPP and I have no equipment and they still have not picked up my old equipment. I have poll worker training slated for mid-February. I still need to finish the manual, but I have very little to go from. Anybody else worried??

Anyway, that's my two cents. BTW, I've read all of the proposed changes…making a few recommendations by COB Thursday.

Hello guys (aka SEB Task Force),

I sure hope there is a revision, because I am looking at a polling location that has 6,603 voters. We have already identified that there are only 4 outlets at this location. If we are using a Weli-UPS System (posted on October 15 Firefly – Quick Reference Guide), this means we would have to plug 4 BMDs and 4 printers into one UPS, but states only 3 printers can be plug in at one time (so where would I plug up the 4th printer?). Technically, we could only consider 16 BMDs, with exception to tabulators and poll pads. However, the 250-rule requires us to assign 26 BMDs at this location; where would I plug them? LOL…

Then there is the Cyber Power UPS only takes 2 BMDs and 2 printers…"we have some splainin to do" – Desi Arnez

Just venting a bit. This is getting too real!

Hey gang! Hope everyone is well. I have one comment about the rules – I am still worried about the following:

RULE 183-1-13-.01 Minimum Number of Voting Booths

When calculating the number of voting booths or enclosures required to be available to electors of a precinct pursuant to O.C.G.A. 21-2-367(b), the calculation shall take into account the number of voting booths or enclosures available for electors of a precinct on Election Day and on the last day of advance voting. Polling places with assigned voters from more than one precinct shall use the total numbers of voters assigned to the polling place when calculating the minimum number of voting booths.

Authority: O.C.G.A. §§ 21-2-31, 21-2-367

This does not take in account runoffs or specials. I thought Kevin mentioned "carving out" those exceptions when we know we will not need to include all of the equipment. Can you verify this for us Lynn?

Thanks,

Veronica

Subject: 183-1-15.02 - Definition of a Vote

All,

I have attached a copy of 183-1-15.02 – Definition of a Vote to this email. I am sending it because new sections have been added to explain how we manage stray marks on a BMD ballot. I believe that the Rule covers it, but thought you guys would want to see and understand the changes. The Rules also lays the foundation for adjudicating over votes using a digital image instead of manual duplication.

If you would like to comment on any of the Rules, the deadline is 1/13/2020. The State Rules committee will meet on 1/17/2020 and I am glad to carry forward any message.

Thank you!

Things I have learned today that I thought were worth sharing:

UPS units can be tricky. We had several that were on yesterday, but off this morning. Poll workers went to turn printers on this morning and panicked when the would not come on --- simple fix to turn the UPS unit back on but that was the last thing we checked. You know the general rule is to always panic BIG first before looking for a simple problem and solution.

Poll pads do not list a cumulative number of check-ins on all units. It just shows the check-ins for that individual poll pad. To get a cumulative number you must look at the summary report. Also the circle with the number of poll pads talking on the top right hand corner does not include the unit you are actually looking at. – Just little things that we were not told in training that caused concern this morning, when it appeared they were not jiving with each other.

Waiting on the next wave of the panic tsunami around closing tonight!

Please continue to pray no runoff for us. I really can't do this on March 3 again.

Veronica

I agree Veronica! Mandi, your email really was spot on. You guys sit tight. All of the concerns expressed by the group have been reiterated to the State. The latest info (as of just a few hours ago) is very promising – not perfect, but certainly better. If the final product is what was described to me, it basically would allow using our discretion/judgement for allocation, but makes some changes in the section relating to voters voting for more than 1 hour in precincts with more than 2000 voters. Again, not perfect, but a step in the right direction. Just as soon as I get it in writing, I will pass it along for input.

Hang in there and talk soon!

**Subject:** RE: [EXTERNAL] RE: [EXT] RE: Proposed Rules

Good Evening!!

Very cool Veronica – great thought!

However……..I'll be honest….it does not fix several issues we are about to run into with our polls based on the current 1/250 code. I think I am a bit of an anomaly in the group – as we have precincts with a large number of voters assigned to them. This has worked for us in the past. And I understand this may not work for us in the future. We just added 5 new polling places in October. Already in the works long before the new equipment was known.

AMERICAN OVERSIGHT

That brings us to a total of 20 Election Day polling places with approximately 160,000 total registered voters.

Advance Voting has been extremely popular in our county from day 1. That being said – we have times like the PPP when ED is more popular – just like it seems to be statewide. But we still have a lot of voters during AV.

I realize we may need to make changes after this election. I and my Board are committed to going through the PPP to see what works and what does not. We struggled to find the 5 new polling places we are just opening…..us finding, securing and opening additional new polling places….even under the heading of 'emergency' for the PPP…..I would not know where to begin.

I'm sure this is my tiredness coming through…..but……if I still have a decent grasp on dates and calendars…..the proposed Rules that are out for public comment/review right now are not even going to be official until near the end of February….and that's assuming no major changes are offered between now and that time. So, even a rule that says I have to have one machine for every 25 voters, simply means it is a rule I will be breaking for the PPP, as time will simply have run out to make drastic changes.

Could a rule go into effect only for the March 24 PPP…..something that allows for some kind of broad baseline…..but that allows discretion….and then….within 10 days of the PPP…this group is charged with coming up with proposed formulas based on what they can then say with certainty will work with the new equipment we now have in place? And that proposed Rule is posted on the 11th day for public review. And that Rule will go into effect for the General Primary (or for the November General)?

I'm struggling to come up with figures, when I have not voted in an election with this equipment yet. As an extreme example….if it ends up taking my voters an extra three minutes for each voter compared to what it has for the equipment we've had all of these years, I think my formulas for calculating equipment allotments is going to vary drastically from what it has in the past.

AMERICAN OVERSIGHT

I know there have been a few counties that can speak to this – but since I'm not one of those counties – how can I begin to make baselines that are going to affect every single elections office in the state, when I haven't seen how *this system* works in real life in my county?

Again, I'm sure it's just my tiredness…..but is it necessary we rush into setting a standard without having voted in one election with this equipment? We've gone all these years and done an okay job ….can we have some discretion to try it one more time…..and then set a baseline using facts and experience?

I'm done.

Thanks for reading happy almost Friday!

**Subject:** RE: [EXTERNAL] RE: [EXT] RE: Proposed Rules

Good morning! I had a thought about 4:00 when I could not sleep. If the SEB is looking for a "formula" to determine the minimum number of voting booths we should use, I would like to suggest the following – this formula would work for me and give me some control early in the process. Would love to hear if it would work for others.

1. For General elections and Primaries –
    a. Turnout is never 100% - so why not use 70% (75 makes sense but we could subtract out 5% for advance voting because most of the time we end up on a big election with a final turnout of 75% when it is done.)

AMERICAN OVERSIGHT

b. Example – Precinct with 4700 voters

4700 x .70 = 3290 voters. Then divide that by the magic 250 number in the law and you end up with needing 13 BMDs instead of 18. This is about what I use anyway. This would allow me to plan L&A and deliveries early in the process. And once again this is just a minimum number – I can adjust up if needed based on the races on my ballot.

2. For Runoffs and Specials, why not use 25 or even 20% for the minimum? Typically 25% turnout in a Special or Runoff is good. And this is just a minimum. We can adjust based on "hot" races etc.

I just really don't want to – can't – wait until the last day of Advance Voting to figure out what is needed, so that means I would be deploying a lot of equipment that probably would not be needed. I have played with numbers and this would work well for me. I realize I am small, but percentages typically go across the board regardless of county size. Thoughts?

Veronica

Yes Mandi; I totally agree requiring the poll worker to just post the list would suffice. You are correct; we have to take an account of what we are requiring of our poll workers in addition to processing their paperwork timely and back at our location in a sufficient amount of time. Any hindrances on them getting their work completed and accurate will just prolong their mission and this could very well be one. Just make the list another posting and allow the Poll Watcher take pictures of what is posted.
In handling the press, I always ask that they not take any pictures of voters unless the get permission from the voter; not to use the zoom on the camera. And, as far as Election Day is concerned, I totally leave it up to the Poll Manager if they will allow the press to photograph or not. I do; however warn them to acknowledge the media and state their expectations up front, referencing 21-2-413(e).

Good Morning All,
Thank you again to Lynn for getting this all together and sharing the information with us!!! Great job!!
I've only reviewed the one so far about taking pictures 183-1-12-.12 of the tapes, prov ballot recap sheet and the numbered list of provisional voters. I'm on the fence on this one.

AMERICAN OVERSIGHT

If it is determined they are permitted to take pictures of the provisional numbered list of voters and/or this new form –then why not just amend the Code section that says that poll workers shall also post a copy of the numbered list and/or new form on the door. Then to some extent, you don't need a rule that says anyone can take pictures – it is what it is. The poll workers post the information and people can start clicking with their cameras as they always could.

I'm probably overthinking it – but when it comes time to close down procedures and trying to perform all of the close down procedures as prescribed by law – why introduce electronic devices into the polling place when they are not permitted most any other time. Because if you have a rule that acknowledges people can take pictures – then it seems to me you can end up with people standing there saying – no wait – I get to take a picture of that; can you hold that flat on the table while I take a picture; etc. – while the poll workers are still trying to complete their close down procedures. If the rule is simply – a copy of each of these items will be posted to the door of the polling place you may view and take pictures as desired –it seems simpler and cleaner.

As for the privacy issue of a provisional ballot voter – that's definitely one for the attorneys – but if we post an absentee voter list daily and the election day numbered list is subject to public viewing – why would the provisional ballot numbered list not be available for public viewing?

Once I have a chance to read the other proposed rules, I'll forward along my thoughts.

On a tangent note to picture taking – how do you all handle the press at the polls when voting is taking place? Do you have defined office/board rules/standards? Is it handled on a case by case basis? We encountered this issue last year. A candidate was voting on Election Day. It was the busiest time of the day – line was out the door – smallish polling place. Not ideal for having the press set up to take photos/video. Our Board Chair happened to be there at the time so he handled it in person. They were able to snap a picture of the voter – I think they went with him filling out his paperwork. But, I know this will happen more this year with the new equipment and the media will want shots/video. I know they can't take it of the ballot/screen – but the other is fair game. Just curious how you guys train your poll workers and what you permit/do not permit.

AMERICAN OVERSIGHT

Thanks,

*-Mandi*

**Subject:** Proposed Rules

All,

I have attached all of the proposed Rules that were posted following the SEB meeting last week. Please review and provide feedback as you deem necessary. The public comment period will end around 2/21. You will notice that there are two different versions of 183-1-12.12. The first version contained in the long document (50 pages) was approved by the Board in order to get the rest of the changes made to that section approved. Paragraph 12 of Section 183-1-12 was immediately amended and the new proposed language is on the short document entitled 183-1-12.12 (4 page document). That section is being debated right now. Here is the new version:

*8. Accredited poll watchers must be able to observe the entire process described in this rule. After the tabulation of results on election day has been completed, accredited poll watchers shall be permitted to photograph the tape of tabulated results referenced in section (1), provisional ballot recap sheet referenced in section (3), the Numbered List of Provisional Voters, and the form referenced in rule 183-1-12-.14(b).*

We all realize that both the tape and the Prov Recap sheet will be posted on the door of the polling place. Whether or not the provisional numbered list may be photographed is what is up for debate. There are clear privacy laws in place regarding the voter's provisional balloting information and it has not been determined at this time what will prevail, so stay tuned for that one. The "form" that is referred to in 183-1-12.14(b) is a yet to be developed form where election superintendents will record any equipment malfunctions and remedies taken to correct the malfunction.

Also, be sure to look at page 12 of the long version of 183-1-12. Paragraph (c) speaks to a requirement of sending emergency ballots to each polling place equal to 10% of the total number of active registered voters for each precinct. That one is firmly in place, but I did want to bring it to your attention.

Lastly, be sure to look at 183-1-13.01 – allocation of equipment on Election Day. There have been many versions of this rule. This is the version that was posted. The idea is to come up with a ratio for

AMERICAN OVERSIGHT

what would be sufficient for each type of election. For instance, the proposed Rule may work great for November General Elections, but not for general Primaries, specials and runoffs. I hope to have some suggestions for the group tomorrow, but we should all be thinking about what a good ration will be in each of these types of elections.

Thanks all for your continued good work on this project. I hope that everyone is doing well. We are good here.

Subject: RE: [EXTERNAL] RE: [EXT] RE: Proposed Rules

Good Evening!!

Very cool Veronica…great thought!

However…….I'll be honest…it does not fix several issues we are about to run into with our polls based on the current 1250 code. I think I sent a list of an anomaly to the group…as we have precincts with a large number of voters assigned to them. This has worked for us in the past. And I understand this may not work for us in the future. We just added 5 new polling places in October. Already in the works long before the new equipment was known. That brings us to a total of 24 Election Day polling places with approximately 10,000 total registered voters.

Advance Voting has been extremely popular in our county. Each day, I. That being said…we have times like the PPP when 85% turnout popular…just like it seems to be statewide. However still have a lot of voters showing up!!

I realize in many word it sounds changes after the election. I am key Board not committed to going through the PPP or yet what order and what dates are. We struggled in find the 5 new polling places we just got opening…so finding, securing and opening additional new polling places…even under the heading of 'emergency' for the PPP…I would not know where to begin.

I'm sure this is my weakness coming through…but…..if I still have a shorter gasp on dates and schedules…the proposed Rules that are out for public comment review rightaway are not even going to be official until near the end of February…and that's assuming no major changes are offered between now and that time. So, even a rule that says I have to have' our machine for every 125 voters, simply seems it is a rule I will be looking for the 2999, so time will simply have run out to make drastic changes.

Could a rule go into effect early for the March 24 PPP……something that the state Board handles…….but that allows discretion…and then…within 14 days of the PPP…this group is charged with coming up with proposed formulas based on what they saw that day with certainty will work with the new equipment we now have in place? And then proposed Rule is passed on the 15th day for public review…And then Rule will go into effect for the General Primary (or for the November General)?

I'm struggling to come up with figures, when I have not voted in an election with this equipment yet. As an extreme example…if I took up taking my voters an extra three minutes for each voter compared to what it has for the equipment we've had all of these years, I think my formulas for calculating equipment allotments is going to vary drastically from what it has in the past.

I know there have been a few counties that ran spots to the…but since I'm not sure of those counties…how can I begin to make baselines that are going to affect every single election effort in the state, when I haven't seen how this system looks in real life in my county?

Again, I'm sure it's just my tiredness…..but as is necessary we need more refining/tuning/ round to most elections with this equipment? We've given all these years and done as they call ACCESS……one we have some discretion to try it our more time…..and then we've baseline using them and experience?

I'm done.

Thanks for reading all 4 LOCG…happy silence Friday!

Subject: RE: [EXTERNAL] RE: [EXT] RE: Proposed Rules

Good morning! Cindy thought about 100 when I could not sleep. If the SBE is looking for a "formula" to determine the minimum number of voting booths, we should use 2. I would like to support the following – this formula would work for me and give me some control early in the process. Would love to hear if it would work for others.

1. For General elections and Primaries
   - Turnout AGENT. MPU = or why not use 70%? (75 makes sense but we could advance our PU for advance voting because many of the time we end up on a big election with a final turnout of 75% where it is closer.)
   - Example – Precinct with 4700 voters

4700 x 70 = 3290 voters. Then divide that by the magic 250 number in the law and you end up with needing 13 BMDs instead of 19. This is closer what I use anyway. This would allow me to plan Lick and different early in the process. And once again this is just a minimum number – I can adjust up if needed based on the issues on my ballot.

2. For Runoffs and Specials, why not use 35 or even 30% for the minimum? Typically 25% turnout is a Special or Runoff is good. And this is just a minimum. We can adjust based on "hot" races etc.
I just really don't want to – or can't – wait until the last day of Advance Voting to figure out what is needed, or that means I would be duplicating a lot of equipment that probably would not be needed. Once a payer with numbers and this would work well for me. I realize I am small, but percentages typically go across the board regardless of county size. Thoughts?

Veronica

Good Morning All,
Thank you everyone for getting this all together and sharing the information with us!! Great job!!
I've only reviewed the one so far about taking pictures. 183-1-12-.10 of the basics, just i before except after.
I'm not sure how I feel about this one. I'm not sure I've ever had a problem with this in the past. Since they say we just need the Code section that say they pull workers shall take every copy of the numbered list and do not draw on the door. There is some wiggle room but I would rather that say anyone can take pictures…to a point. It is what it is. The poll workers post the information and people can start clicking with their cameras as they already could.
I've probably overthinking it…but when it comes time to clear down procedures and trying to perform all of the close down procedures as prescribed by law…why introduce a bystander into the polling place when they are not permitted must any other time. Because if you have a rule that acknowledges people can take pictures…then it seems to me you can end up with people standing there saying…no rule…I get to take a picture of that, can you hold that flat on the table while I take a picture, etc…while the poll workers are still trying to complete their close down procedures. If the rule is simply…a copy of each of those items will be posted to the door of the polling place you may view and take pictures as desired…it seems simpler and cleaner.
Just my thoughts.
Have a wonderful day!!
Nancy

Subject: RE: [EXTERNAL] RE: [EXT] RE: Proposed Rules
Importance: High

I have attached all of the proposed Rules that were passed following the SBS meeting last week. Please review and provide feedback as you deem necessary. The public comment period will end around 2/21. You will notice that there are two different versions of 183-1-12-.12. The first version contained in the long document (50 pages) was approved by the Board in order to get the rows of the changes made to that section approved. Paragraph 12 of Section 183-1-12 was immediately amended and the next proposed language is on the short document entitled 183-1-12-.12 (6 page document). That section is being debated right now. Here is the new version:

6. Accredited poll watchers must be able to observe the entire process described in this rule. After the tabulation of results on election day has been completed, accredited poll watchers shall be permitted to photograph the tape of tabulated results referenced in section (5), precinct ballot scrap sheet referenced in section (5), precinct ballot scrap sheet referenced in section (6), and the Statistical List of Provisional Voters, and the form
referenced in rule 183-1-12-.14(h).
Lastly, I'm sure we will have a Pre-Clear Primary Board of Elections meeting before we each perform our Logic and Accuracy Test. I'm sure we will have a long to-do list at that meeting.
Also, for your to-look at page 32 of the long version of 183-1-12. Paragraph (c) speaks to a requirement of sending emergency ballots to each polling place equal to 10% of the total number of active registered voters for each precinct. That can be likely in place, but I did want to bring it to your attention.
Lastly, for your to-look at 183-1-13-01 – allocation of Equipment on Election Day. There have been many variants of this rule. This is the version that was passed. The idea is to create up with a rule for other would be sufficient for each type of election. For instance, the proposed Rule may work great for November General Elections, but not for general Primaries, specials and runoffs. I hope to have some suggestions for the group tomorrow, but we should all be thinking about what a good rotion will be in each of these types of elections.
Have a great day!!

We have discovered in the Poll Pad training database that if you make a selection to spoil a ballot that some Poll Pads record that selection on the summary screen as spoiled as others record it as canceled. Has anyone else seen this? Have any of the counties that ran a pilot encountered this with a real database rather than a training database?

Things I have learned today that I thought were worth sharing:

AMERICAN OVERSIGHT

UPS units can be tricky. We had several that were on yesterday, but off this morning. Poll workers went to turn printers on this morning and panicked when the would not come on --- simple fix to turn the UPS unit back on but that was the last thing we checked. You know the general rule is to always panic BIG first before looking for a simple problem and solution.

Poll pads do not list a cumulative number of check-ins on all units. It just shows the check-ins for that individual poll pad. To get a cumulative number you must look at the summary report. Also the circle with the number of poll pads talking on the top right hand corner does not include the unit you are actually looking at. – Just little things that we were not told in training that caused concern this morning, when it appeared they were not jiving with each other.

Waiting on the next wave of the panic tsunami around closing tonight!

Please continue to pray no runoff for us. I really can't do this on March 3 again.

Veronica

I agree Veronica! Mandi, your email really was spot on. You guys sit tight. All of the concerns expressed by the group have been reiterated to the State. The latest info (as of just a few hours ago) is very promising – not perfect, but certainly better. If the final product is what was described to me, it basically would allow using our discretion/judgement for allocation, but makes some changes in the section relating to voters voting for more than 1 hour in precincts with more than 2000 voters. Again, not perfect, but a step in the right direction. Just as soon as I get it in writing, I will pass it along for input.

Hang in there and talk soon!

**Subject:** RE: [EXTERNAL] RE: [EXT] RE: Proposed Rules

Good Evening!!

Very cool Veronica – great thought!

However……..I'll be honest….it does not fix several issues we are about to run into with our polls based on the current 1/250 code. I think I am a bit of an anomaly in the group – as we have precincts with a large number of voters assigned to them. This has worked for us in the past. And I understand this may not work for us in the future. We just added 5 new polling places in October. Already in the works long before the new equipment was known. That brings us to a total of 20 Election Day polling places with approximately 160,000 total registered voters.

Advance Voting has been extremely popular in our county from day 1. That being said – we have times like the PPP when ED is more popular – just like it seems to be statewide. But we still have a lot of voters during AV.

I realize we may need to make changes after this election. I and my Board are committed to going through the PPP to see what works and what does not. We struggled to find the 5 new polling places we are just opening…..us finding,

AMERICAN OVERSIGHT

securing and opening additional new polling places….even under the heading of 'emergency' for the PPP…..I would not know where to begin.

I'm sure this is my tiredness coming through…..but……if I still have a decent grasp on dates and calendars…..the proposed Rules that are out for public comment/review right now are not even going to be official until near the end of February….and that's assuming no major changes are offered between now and that time. So, even a rule that says I have to have one machine for every 25 voters, simply means it is a rule I will be breaking for the PPP, as time will simply have run out to make drastic changes.

Could a rule go into effect only for the March 24 PPP…..something that allows for some kind of broad baseline…..but that allows discretion….and then….within 10 days of the PPP…this group is charged with coming up with proposed formulas based on what they can then say with certainty will work with the new equipment we now have in place? And that proposed Rule is posted on the 11th day for public review. And that Rule will go into effect for the General Primary (or for the November General)?

I'm struggling to come up with figures, when I have not voted in an election with this equipment yet. As an extreme example….if it ends up taking my voters an extra three minutes for each voter compared to what it has for the equipment we've had all of these years, I think my formulas for calculating equipment allotments is going to vary drastically from what it has in the past.

I know there have been a few counties that can speak to this – but since I'm not one of those counties – how can I begin to make baselines that are going to affect every single elections office in the state, when I haven't seen how *this system* works in real life in my county?

Again, I'm sure it's just my tiredness…..but is it necessary we rush into setting a standard without having voted in one election with this equipment? We've gone all these years and done an okay job ….can we have some discretion to try it one more time…..and then set a baseline using facts and experience?

AMERICAN OVERSIGHT

I'm done.

Thanks for reading  happy almost Friday!

**Subject:** RE: [EXTERNAL] RE: [EXT] RE: Proposed Rules

Good morning! I had a thought about 4:00 when I could not sleep. If the SEB is looking for a "formula" to determine the minimum number of voting booths we should use, I would like to suggest the following – this formula would work for me and give me some control early in the process. Would love to hear if it would work for others.

1. For General elections and Primaries –
    a. Turnout is never 100% - so why not use 70% (75 makes sense but we could subtract out 5% for advance voting because most of the time we end up on a big election with a final turnout of 75% when it is done.)
    b. Example – Precinct with 4700 voters
        4700 x .70 = 3290 voters. Then divide that by the magic 250 number in the law and you end up with needing 13 BMDs instead of 18. This is about what I use anyway. This would allow me to plan L&A and deliveries early in the process. And once again this is just a minimum number – I can adjust up if needed based on the races on my ballot.
2. For Runoffs and Specials, why not use 25 or even 20% for the minimum? Typically 25% turnout in a Special or Runoff is good. And this is just a minimum. We can adjust based on "hot" races etc.

I just really don't want to – can't – wait until the last day of Advance Voting to figure out what is needed, so that means I would be deploying a lot of equipment that probably would not be needed. I have played with numbers and this would work well for me. I realize I am small, but percentages typically go across the board regardless of county size. Thoughts?

Yes Mandi; I totally agree requiring the poll worker to just post the list would suffice. You are correct; we have to take an account of what we are requiring of our poll workers in addition to processing their paperwork timely and back at our location in a sufficient amount of time. Any hindrances on them getting their work completed and accurate will just prolong their mission and this could very well be one. Just

AMERICAN OVERSIGHT

make the list another posting and allow the Poll Watcher take pictures of what is posted.
In handling the press, I always ask that they not take any pictures of voters unless the get permission from the voter; not to use the zoom on the camera. And, as far as Election Day is concerned, I totally leave it up to the Poll Manager if they will allow the press to photograph or not. I do; however warn them to acknowledge the media and state their expectations up front, referencing 21-2-413(e).

**EXTERNAL SENDER: This email originated from outside of the organization.**
**Do not click links or open attachments unless you recognize the sender and know the content is safe.**

Good Morning All,
Thank you again to Lynn for getting this all together and sharing the information with us!!! Great job!!
I've only reviewed the one so far about taking pictures 183-1-12-.12 of the tapes, prov ballot recap sheet and the numbered list of provisional voters. I'm on the fence on this one.
If it is determined they are permitted to take pictures of the provisional numbered list of voters and/or this new form –then why not just amend the Code section that says that poll workers shall also post a copy of the numbered list and/or new form on the door. Then to some extent, you don't need a rule that says anyone can take pictures – it is what it is. The poll workers post the information and people can start clicking with their cameras as they always could.
I'm probably overthinking it – but when it comes time to close down procedures and trying to perform all of the close down procedures as prescribed by law – why introduce electronic devices into the polling place when they are not permitted most any other time. Because if you have a rule

AMERICAN OVERSIGHT

that acknowledges people can take pictures – then it seems to me you can end up with people standing there saying – no wait – I get to take a picture of that; can you hold that flat on the table while I take a picture; etc. – while the poll workers are still trying to complete their close down procedures. If the rule is simply – a copy of each of these items will be posted to the door of the polling place you may view and take pictures as desired –it seems simpler and cleaner.
As for the privacy issue of a provisional ballot voter – that's definitely one for the attorneys – but if we post an absentee voter list daily and the election day numbered list is subject to public viewing – why would the provisional ballot numbered list not be available for public viewing?
Once I have a chance to read the other proposed rules, I'll forward along my thoughts.
On a tangent note to picture taking – how do you all handle the press at the polls when voting is taking place? Do you have defined office/board rules/standards? Is it handled on a case by case basis? We encountered this issue last year. A candidate was voting on Election Day. It was the busiest time of the day – line was out the door – smallish polling place. Not ideal for having the press set up to take photos/video. Our Board Chair happened to be there at the time so he handled it in person. They were able to snap a picture of the voter – I think they went with him filling out his paperwork. But, I know this will happen more this year with the new equipment and the media will want shots/video. I know they can't take it of the ballot/screen – but the other is fair game. Just curious how you guys train your poll workers and what you permit/do not permit.
Thanks,
*-Mandi*

**Subject:** Proposed Rules

All,

I have attached all of the proposed Rules that were posted following the SEB meeting last week. Please review and provide feedback as you deem necessary. The public comment period will end around 2/21. You will notice that there are two different versions of 183-1-12.12. The first version contained in the long document (50 pages) was approved by the Board in order to get the rest of the changes made to that section approved. Paragraph 12 of Section 183-1-12 was immediately amended and the new proposed language is on the short document entitled 183-1-12.12 (4 page document). That section is being debated right now. Here is the new version:

*8. Accredited poll watchers must be able to observe the entire process described in this rule. After the tabulation of results on election day has been completed, accredited poll watchers shall be permitted to photograph the tape of tabulated results referenced in section (1), provisional ballot recap sheet referenced in section (3), the Numbered List of Provisional Voters, and the form referenced in rule 183-1-12-.14(b).*

We all realize that both the tape and the Prov Recap sheet will be posted on the door of the polling place. Whether or not the provisional numbered list may be photographed is what is up for debate. There are clear privacy laws in place regarding the voter's provisional balloting information and it has not been determined at this time what will prevail, so stay tuned for that one. The "form" that is referred to in 183-1-12.14(b) is a yet to be developed form where election superintendents will record any equipment malfunctions and remedies taken to correct the malfunction.

Also, be sure to look at page 12 of the long version of 183-1-12. Paragraph (c) speaks to a requirement of sending emergency ballots to each polling place equal to 10% of the total number of active registered voters for each precinct. That one is firmly in place, but I did want to bring it to your attention.

Lastly, be sure to look at 183-1-13.01 – allocation of equipment on Election Day. There have been many versions of this rule. This is the version that was posted. The idea is to come up with a ratio for what would be sufficient for each type of election. For instance, the proposed Rule may work great for November General Elections, but not for general Primaries, specials and runoffs. I hope to have some suggestions for the group tomorrow, but we should all be thinking about what a good ration will be in each of these types of elections.

Thanks all for your continued good work on this project. I hope that everyone is doing well. We are good here.

**Subject:** RE: [EXTERNAL] RE: Update

Hello All,

Thank you for the report and information, Janine. Thank you also for speaking on our behalf at the meeting today. I echo everything that you stated and wrote in your email. Emphasis should be placed on splitting locations if need be in order to fit the amount of equipment needed to meet the rule. Remember, the 1 per 250 is temporary and legislation will be submitted that will make things better hopefully in time for the May Primary.

Speaking of legislation, based on what I have heard these past couple of days, we should forget the notion of simply using our discretion in this matter. The idea is to make every county adhere to a minimum standard. I believe that everyone on this email chain goes over and above all minimums, but there are many who do not. The idea floated for legislation is to set up several categories of elections each with their own specified ratio. For instance, General Elections will likely remain at 1 bmd per 250. Other categories could be primaries, special elections and runoffs – each with their own measure. For certain types of elections, 1 bmd per 500 voters may work best, for others 1 per 400 would work best. Our working group has been asked to give this some thought and come up with suggested ratios. So, let's put on our thinking caps (assuming that any of us have a brain left at this point) and see what we can come up with by next Wednesday. The sooner we get the information up to Atl the better.

Also remember the help that the new proposed rule provides by allowing us to subtract electors who vote before election day. This is a good and logical thing to do. For me, when I compute the amount of equipment to send out, I will be projecting what I believe the number of voters who have not voted will be based on past elections and plan accordingly. We all know that this type of planning is done way in advance and we certainly cannot wait until the last day of advance voting is finished to determine how much equipment we are sending out. We will have to estimate, add in a couple of extras, and if just before the election we find that we have missed the magic number, add a machine or two in here and there. This is a new era, I believe.

Hang in there everyone. I know the days are long and the mornings are early in our world right now. I am convinced that this will all work out and that implementation will be successful. Continue making smart decisions with the knowledge that March will not be perfect, but there are things we can do such as making sure we put out enough equipment that will be helpful in the long run. Richmond County will likely use the same amount of equipment this year for each election we hold

AMERICAN OVERSIGHT

until such time as the law is changed to permit a method to do otherwise.

Do take time to give thought to the ratios for the different types of elections and let's compare notes. You know this is right up your alley because you are an elections nerd, just like me. ☺

Best,

For those of you not at the meeting, they are re-posting for another 30 days everything where they made amendments. I believe the only packet that was approved without amendments was Definition of Vote, 183-1-15-.02.

For the minimum number of units, the amendment that Lynn provided here was amended again (see my strike-thru) and it will post for 30 days. Everyone agreed there isn't a good solution because the legislation needs to change. OCGA 21-2-367 is old code from before we had today's advance voting, so it fails to consider that voting period in the calculations. All HB 316 did was change the number to 250. Also, Ryan Germany made comments that I think are important to keep in mind. This code was not written specifically to address BMDs, it references voting booths or enclosures and applies also to any enclosures used to administer provisional and emergency ballots. Chris later said, that the idea is to minimize lines, so he would think we would put everything out there at least for this year. The SEB talked about erroring on the side of more units even though they seemed to realize that the BMD is

AMERICAN OVERSIGHT

not going to be the bottleneck. I get the feeling that if we put everything we can out there, even if it's not the exact number in the formula, Ryan's hint about adding some hand-marked ballot enclosures to meet the number will keep you from getting in trouble. We will have to make many adjustments to precincts to reduce and divide or move locations, but we can't do that right before the PPP. It's better to fudge this number than to move people at the "last minute".

**Subject:** Update

All,

Boy, what a day it has been, huh?

So, a couple of things:

1. The 1 electronic poll book per 3 bmd has gone away for now. I relayed our concerns and our voices were heard.
2. The 3:00 PM deadline for sending out ab rejection notification has been extended to the close of business
3. Declaring an emergency in the event a line is more than 30 minute has been deleted in its entirety, as of now. Again, our voices were heard
4. I have asked for clarification on what to do with the stub when issuing emergency ballots. One easy fix would be to revert to paper voter certificates anytime we use hand marked paper ballots for in person voting – for whatever reason.

I am confused as to why we are still hating on the minimum number of voting units rule. I have attached the latest version for you guys to review. I have also attached the most recent version of the requirement to promptly notify voters of their rejected absentee ballot and two new proposed

AMERICAN OVERSIGHT

rules – one pertaining to conducting recounts and the other to provide that voters unable to verify their printed ballot using their eyesight may use their electronic assistive devices to assist them and not be in violation of .21-2-413(e).

Keep the comments coming and I will keep passing them along!

Thank you!!

**Subject:** 2020 AML LIST INSTRUCTIONS

Good Morning All,

Below are the instructions for processing line items on the FY2020 AML List. In an effort to track expenditures for auditing purposes, the Department of Purchasing & Contract Compliance will be utilizing a Master Agreement for FY2020. Please forward this email to your department's Purchasing Liaison or to the appropriate Team member who interfaces with Purchasing.

Instructions:

1. No requisition will need to be entered.
2. Requests must be submitted via Email to the Purchasing Representative assigned to your Department with the following information:
    a. AML Line #
    b. Funding Line
    c. Dollar amount requested (Dollar amount cannot exceed the amount listed on the AML List, if the amount exceeds the amount listed contact your Department's Budget Analyst to request a budget sounding. In addition, any name changes will need BOC approval, contact your Purchasing Representative)
    d. Copy of the Software/License or Maintenance Agreement

Attachments:

- Copy of FY2020 AML List
- Copy of Purchasing Team Assignments

I am meeting with Glenn about our of our website projects and will put that on our wish list. It would be awesome for the voter.
This is the lookup I saw.

Unfortunately IT has no programmers that would allow for that. We'd have to get a search tool built. I'd like to do that because we don't want all of the calls.

Subject: RE: Absentee ballot tracking

Can the voter look up their request to see the tracking some way? I saw that in a county in another state.

Either way I think that is definitely one of the things to highlight in the briefings, etc.

Subject: RE: Absentee ballot tracking

We have a way to track absentee ballots mailed from our office to the voter with an estimated delivery date based on when it leaves the post office. We have no way to track on the return.

We already track absentee ballot applications.

We will be the only one in the state tracking from office to voter.

Subject: Absentee ballot tracking

Rick – Did I imagine it or do we now have some kind of tool that will track absentee ballot requests and return?

**From:** Barron, Richard L.
**To:** Evans, Joseph
**Subject:** FW: Associated Press - Georgia County Questionnaire
**Date:** Monday, January 6, 2020 12:28:00 PM

Please complete when you have time.

**From:** Deborah Altmar [mailto:DAltmar@ap.org]
**Sent:** Monday, January 06, 2020 11:55 AM
**To:** Barron, Richard L.
**Subject:** Associated Press - Georgia County Questionnaire

Thank you very much for your great cooperation with the Associated Press (AP) in the past on our mutual Election Reporting activities. As the Associated Press prepares for the 2020 election cycle, I would like to request that you take 10-15 minutes to complete the attached questionnaire by **January 20, 2020.**

nbsp;

**Completing the survey is vital to AP's effort to report election returns accurately and comprehensively.** The AP has been tabulating and reporting results for federal, statewide and legislative races since 1848. Our tools and technology have changed dramatically over the years, but one thing has remained constant--our dedication to accuracy. In our continuing quest for accurate and up-to-date information, we regularly survey election officials about the election processes and procedures that are utilized in each jurisdiction.

**Specifically, this survey includes questions on:**

- Your contact information and the location where you release information to the media on election night;
- How vote returns are released on election night;
- Information on various election procedures in your county, including your absentee and, if relevant, early voting procedures;
- Information on the type(s) of voting equipment which will be used, and what each type will be used for (absentees, polling place voters, provisional votes, disabled, etc.);
- Finally, estimates of the time of your first and last election night reports, and general estimates as to how much of the different types of vote totals (Election Day, absentee, provisional, overseas ballots, etc.) would be included in each of those reports.

Please Note:

- Your Copy: If you would like a copy of this survey, you may click on the printer icon in the top right of the survey screen and print out or save your answers.
- Completion: To complete this survey, please hit the **Submit** button at the bottom right of the last page.
- Saving: At any time, you may save your survey answers (click on Save and Continue later at the bottom) and come back and pick up the survey where you left off. Please just be sure to **Submit** when you are finished.

AMERICAN OVERSIGHT

We appreciate your help in this endeavor. We know that you are busy, but it is integral to AP's reporting that you complete this survey as soon as possible so we can avoid disturbing you as we get closer to the election. Please submit your answer by January 20, 2020.

Thank you for your assistance in providing us with this important information, which will enable us to report the Georgia election results comprehensively and accurately.

If you have any questions concerning the survey or our overall efforts, please contact me.

Rick,

Penn Payne said you are open to talking with me about issues you see with the DDS-voter registration process. Thank you so much for giving me the time. Your thoughts will be invaluable.

My time is flexible since I now live the leisure life of a retiree so let me know when it's convenient for you and Ralph and I'll come by to talk.

This is the best email address for me and my cell phone number is 404-983-4859.

I'm looking forward to meeting both of you.

Rhonda Cook

*All,*

*It's that time again! The Department of Purchasing & Contract Compliance is requesting that you provide your Department's Procurement Forecast for FY2020 for all projects to be procured in FY2020.*

*Please keep in mind that the Procurement Forecast is a tool that will be used by the Department of Purchasing & Contract Compliance in order to:*

*(1) Plan procurements and allocate Purchasing Staff resources;*
*(2) Plan and schedule outreach events;*
*(3) Notify potential bidders of upcoming procurements on a quarterly basis;*
*(4) Assist the Finance Department with budgeting and cash flow.*

*Please complete the attached Procurement Forecast spreadsheet. The following information is required for each project:*

- *Project Name*
- *Project Type*
- *Estimated Budget. All projects must include an estimated budget.*
- *Tentative Release Project Quarter. Identify by Quarter (1st, 2nd, 3rd or 4th when item will be forwarded to Purchasing for action)*
- *Identify if project is new or existing*
- *Provide funding line (fund, department, unit, object code). If no funding is identified your list will be returned as incomplete or the project may be*

AMERICAN OVERSIGHT

*removed from the list.*

- *Name of the Project Manager who will be point of contact for the project for Purchasing.*

*Purchasing will provide the following information:*

- *Procurement Method*
- *When to Start Procurement Action (this will be based on your Tentative Release Date)*

*In order to assist you, a list is attached of contracts in which FY2020 is the final renewal (no renewal options remain) and must be resolicited for FY2021. Please include those items on your list.*

*Please submit by Monday, February 17, 2020. If you have any questions contact me at 24210.*

Subject: Posted Proposed Rule Amendments

All,

The proposed Rules that have been posted to the SEB site for public comment are attached to this email. You will see in Ryan Germany's email below, that the public comment period will be open until January 13th. To the best of my knowledge, the only suggestion made by us in Savannah that was not included was the suggestion that the poll workers not be required to verbally instruct voters both at the Poll Pad and the Ballot Scanner to review their ballot. Other changes suggested by the group, like the one that would have required poll workers to report to the polls two hours ahead of opening time instead of one hour, and, for security purposes being able to treat a locked security carts in a similar manner as a locked room, stayed in.

Lots of changes were made and the attorneys are working on other sections now. Our feedback so far has been both appreciated and valued. The folks at the State are quick to say that they have never conducted an election and our input into the processes is very beneficial – and I completely agree! I would suggest that we all read the proposed Rules carefully and talk amongst ourselves with any questions/concerns. Particularly if there are matters that you feel very strongly about so that I can bring them to the table at the next meeting of the state Rules Committee on 1/17. Final adoption by the SEB is scheduled for their meeting on 1/22.

Ok, enough of this business! I hope that each of you has a restful Holiday filled with peace, fellowship and family. For those of you traveling, I wish you safe travels.

Best,

Lynn Bailey, CERA

Subject: [EXTERNAL] FW: Posted Proposed Rule Amendments

Rules working group,

The rules that we posted for public comment are attached and available at the below link:
https://sos.ga.gov/index.php/elections/state_election_board<https://urldefense.proofpoint.com/v2/url?u=https-3A__sos.ga.gov_index.php_elections_state-5Felection-5Fboard&d=DwMFAg&c=HPJvcKF4Kk5Wqru1T_u_fOsw8NVQVa3gp0ReMdlciXw&r=Ab1tWoBND5WPUindk9Sn4wStS2z-l-4wem9O9RY2hRILrpnrnD9tMptAtAtHi9ii&m=cekF9oEAL69hdxPVo6BGA8eln05G8kgnZR3lbXOgo1U&s=3gB_ZNi8cGvbssKbDFd9UMjHj-s7ix78Fls8X7emLqo&e=>

The meeting to consider the rules is Jan. 22. Written comment is due Jan. 13, and I would like to schedule a rules working group meeting for Friday, Jan. 17th if that works. We can of course talk before then, and we will keep you in the loop regarding the comments we are receiving.

Kevin and I will continue to work on additional rules, such as audits and recounts, and we may want to use the Jan. 22 meeting to post those for public comment. We will circulate drafts. No rest for the weary!

AMERICAN OVERSIGHT

I hope everyone has a great holiday next week. I will be out of town but available via email and cell if anything pressing arises.

Thanks,
Ryan

Subject: Posted Proposed Rule Amendments

Board members,

The attached proposed rule amendments have been posted on the SEB website at this link: https://sos.ga.gov/index.php/elections/state_election_board<https://urldefense.proofpoint.com/v2/url?u=https-3A__sos.ga.gov_index.php_elections_state-5Felection-5Fboard&d=DwMFAg&c=HPJvcKF4Kk5Wqru1T_u_fOsw8NVQVa3gp0ReMdlciXw&r=Ab1tWoBND5WPUindk9Sn4wStS2z-l-4wem9O9RY2hRILrpnrnD9tMptAtAtHi9ii&m=cekF9oEAL69hdxPVo6BGA8eln05G8kgnZR3lbXOgo1U&s=3gB_ZNi8cGvbssKbDFd9UMjHj-s7ix78Fls8X7emLqo&e=>

Jasmine will send the link to the interested parties list as well.

Thanks,
Ryan

**Subject:** Proposed Rules

All,

I have attached all of the proposed Rules that were posted following the SEB meeting last week. Please review and provide feedback as you deem necessary. The public comment period will end around 2/21. You will notice that there are two different versions of 183-1-12.12. The first version contained in the long document (50 pages) was approved by the Board in order to get the rest of the changes made to that section approved. Paragraph 12 of Section 183-1-12 was immediately amended and the new proposed language is on the short document entitled 183-1-12.12 (4 page document). That section is being debated right now. Here is the new version:

*8. Accredited poll watchers must be able to observe the entire process described in this rule. After the tabulation of results on election day has been completed, accredited poll watchers shall be permitted to photograph the tape of tabulated results referenced in section (1), provisional ballot recap sheet referenced in section (3), the Numbered List of Provisional Voters, and the form referenced in rule 183-1-12-.14(b).*

We all realize that both the tape and the Prov Recap sheet will be posted on the door of the polling place. Whether or not the provisional numbered list may be photographed is what is up for debate. There are clear privacy laws in place regarding the voter's provisional balloting information and it has not been determined at this time what will prevail, so stay tuned for that one. The "form" that is referred to in 183-1-12.14(b) is a yet to be developed form where election superintendents will record any equipment malfunctions and remedies taken to correct the malfunction.

Also, be sure to look at page 12 of the long version of 183-1-12. Paragraph (c) speaks to a requirement of sending emergency ballots to each polling place equal to 10% of the total number of active registered voters for each precinct. That one is firmly in place, but I did want to bring it to your attention.

Lastly, be sure to look at 183-1-13.01 – allocation of equipment on Election Day. There have been many versions of this rule. This is the version that was posted. The idea is to come up with a ratio

AMERICAN OVERSIGHT

for what would be sufficient for each type of election. For instance, the proposed Rule may work great for November General Elections, but not for general Primaries, specials and runoffs. I hope to have some suggestions for the group tomorrow, but we should all be thinking about what a good ration will be in each of these types of elections.

Thanks all for your continued good work on this project. I hope that everyone is doing well. We are good here.

Subject: Rules Update

All,

As you most likely know, the proposed Rules have been posted here:

https://sos.ga.gov/index.php/elections/state_election_board<https://urldefense.proofpoint.com/v2/url?u=https-3A__sos.ga.gov_index.php_elections_state-5Felection-5Fboard&d=DwMFAg&c=HPJvcKF4Kk5Wqru1T_u_fOsw8NVQVa3gp0ReMdlciXw&r=Ab1tWoBND5WPUindk9Sn4wStS2z-l-4wem9O9RY2hRILrpnrnD9tMptAtAtHi9ii&m=kSZjVdqdYhPNa2vhABZuJdfHdnbLtbsRxgjAtv-DNGI&s=ANUEUxJzZdtqTDpCrodHL05uU71Yt403wvZ2MgWyG2A&e=>

I have read the proposed Rules (yes, really - ☺) and have included a few notes (well, many notes) and attached them to this email. My notes are sloppy, but I think you will get the gist. I have also sent the SOS some comments on a couple of the proposed Rules. I have attached the marked up sections that I submitted to this email, also.

I know that we all have our plates so full that it is ridiculous, but I would really suggest that you read the proposed Rules. There are many additions and edits that you may not be aware of. I have tried to ease your pain a bit by attaching my notes, but I cannot promise that they are complete nor that you would have the same thought process as me.

Anyway, for what it is worth I have attached the above mentioned documents and wish you happy reading. I believe that the public comment period ends on 1/13/2020. I will confirm that with the State and let you know if that has changed.

Best,

Lynn Bailey, CERA

**Subject:** RE: Update

For those of you not at the meeting, they are re-posting for another 30 days everything where they made amendments. I believe the only packet that was approved without amendments was Definition of Vote, 183-1-15-.02.

For the minimum number of units, the amendment that Lynn provided here was amended again (see my strike-thru) and it will post for 30 days. Everyone agreed there isn't a good solution because the legislation needs to change. OCGA 21-2-367 is old code from before we had today's advance voting, so it fails to consider that voting period in the calculations. All HB 316 did was change the number to 250. Also, Ryan Germany made comments that I think are important to keep in mind. This code was not written specifically to address BMDs, it references voting booths or enclosures and applies also to any enclosures used to administer provisional and emergency ballots. Chris later said, that the idea is to minimize lines, so he would think we would put everything out there at least for this year. The SEB talked about erroring on the side of more units even though they seemed to realize that the BMD is not going to be the bottleneck. I get the feeling that if we put everything we can out there, even if it's not the exact number in the formula, Ryan's hint about adding some hand-marked ballot enclosures to meet the number will keep you from getting in trouble. We will have to make many adjustments to precincts to reduce and divide or move locations, but we can't do that right before the PPP. It's better to fudge this number than to move people at the "last minute".

**Subject:** Update

All,

Boy, what a day it has been, huh?

So, a couple of things:

1. The 1 electronic poll book per 3 bmd has gone away for now. I relayed our concerns and our voices were heard.
2. The 3:00 PM deadline for sending out ab rejection notification has been extended to the close of business
3. Declaring an emergency in the event a line is more than 30 minute has been deleted in its entirety, as of now. Again, our voices were heard
4. I have asked for clarification on what to do with the stub when issuing emergency ballots. One easy fix would be to revert to paper voter certificates anytime we use hand marked paper ballots for in person voting – for whatever reason.

I am confused as to why we are still hating on the minimum number of voting units rule. I have attached the latest version for you guys to review. I have also attached the most recent version of the requirement to promptly notify voters of their rejected absentee ballot and two new proposed rules – one pertaining to conducting recounts and the other to provide that voters unable to verify their printed ballot using their eyesight may use their electronic assistive devices to assist them and not be in violation of .21-2-413(e).

Keep the comments coming and I will keep passing them along!

Thank you!!

Hey -

I just left you a VM on your cell. The Board of Health had the room booked for their 3 day Statewide emergency response exercise. I spoke with their leadership and they have agreed to relinquish the room on the 24th to support your election. HOWEVER, they will need the room Wednesday the 25th in the AM. Based on their need, I am requesting your support to ensure IT removes all the laptops that night and also returns the phones to the EMA programming once the center closes on the 24th. If you think that you can make that happen, I think we will have this problem resolved.

Let me know.

**Subject:** RE: [EXTERNAL] RE: [EXT] RE: Proposed Rules

Things I have learned today that I thought were worth sharing:

UPS units can be tricky. We had several that were on yesterday, but off this morning. Poll workers went to turn printers on this morning and panicked when the would not come on --- simple fix to turn the UPS unit back on but that was the last thing we checked. You know the general rule is to always panic BIG first before looking for a simple problem and solution.

Poll pads do not list a cumulative number of check-ins on all units. It just shows the check-ins for that individual poll pad. To get a cumulative number you must look at the

AMERICAN OVERSIGHT

summary report. Also the circle with the number of poll pads talking on the top right hand corner does not include the unit you are actually looking at. – Just little things that we were not told in training that caused concern this morning, when it appeared they were not jiving with each other.

Waiting on the next wave of the panic tsunami around closing tonight!

Please continue to pray no runoff for us. I really can't do this on March 3 again.

Veronica

I agree Veronica! Mandi, your email really was spot on. You guys sit tight. All of the concerns expressed by the group have been reiterated to the State. The latest info (as of just a few hours ago) is very promising – not perfect, but certainly better. If the final product is what was described to me, it basically would allow using our discretion/judgement for allocation, but makes some changes in the section relating to voters voting for more than 1 hour in precincts with more than 2000 voters. Again, not perfect, but a step in the right direction. Just as soon as I get it in writing, I will pass it along for input.

Hang in there and talk soon!

**Subject:** RE: [EXTERNAL] RE: [EXT] RE: Proposed Rules

Good Evening!!

Very cool Veronica – great thought!

However……..I'll be honest….it does not fix several issues we are about to run into with our polls based on the current 1/250 code. I think I am a bit of an anomaly in the group – as we have precincts with a large number of voters assigned to them. This has worked for us in the past. And I understand this may not work for us in the future. We just added 5 new polling places in October. Already in the works long before the new equipment was known. That brings us to a total of 20 Election Day polling places with approximately 160,000 total registered voters.

Advance Voting has been extremely popular in our county from day 1. That being said – we have times like the PPP when ED is more popular – just like it seems to be statewide. But we still have a lot of voters during AV.

I realize we may need to make changes after this election. I and my Board are committed to going through the PPP to see what works and what does not. We struggled to find the 5 new polling places we

AMERICAN OVERSIGHT

are just opening…..us finding, securing and opening additional new polling places….even under the heading of 'emergency' for the PPP…..I would not know where to begin.

I'm sure this is my tiredness coming through…..but……if I still have a decent grasp on dates and calendars…..the proposed Rules that are out for public comment/review right now are not even going to be official until near the end of February….and that's assuming no major changes are offered between now and that time. So, even a rule that says I have to have one machine for every 25 voters, simply means it is a rule I will be breaking for the PPP, as time will simply have run out to make drastic changes.

Could a rule go into effect only for the March 24 PPP…..something that allows for some kind of broad baseline…..but that allows discretion….and then….within 10 days of the PPP…this group is charged with coming up with proposed formulas based on what they can then say with certainty will work with the new equipment we now have in place? And that proposed Rule is posted on the 11th day for public review. And that Rule will go into effect for the General Primary (or for the November General)?

I'm struggling to come up with figures, when I have not voted in an election with this equipment yet. As an extreme example….if it ends up taking my voters an extra three minutes for each voter compared to what it has for the equipment we've had all of these years, I think my formulas for calculating equipment allotments is going to vary drastically from what it has in the past.

I know there have been a few counties that can speak to this – but since I'm not one of those counties – how can I begin to make baselines that are going to affect every single elections office in the state, when I haven't seen how *this system* works in real life in my county?

AMERICAN OVERSIGHT

Again, I'm sure it's just my tiredness…..but is it necessary we rush into setting a standard without having voted in one election with this equipment? We've gone all these years and done an okay job ….can we have some discretion to try it one more time…..and then set a baseline using facts and experience?

I'm done.

Thanks for reading happy almost Friday!

**Subject:** RE: [EXTERNAL] RE: [EXT] RE: Proposed Rules

Good morning! I had a thought about 4:00 when I could not sleep. If the SEB is looking for a "formula" to determine the minimum number of voting booths we should use, I would like to suggest the following – this formula would work for me and give me some control early in the process. Would love to hear if it would work for others.

1. For General elections and Primaries –
    a. Turnout is never 100% - so why not use 70% (75 makes sense but we could subtract out 5% for advance voting because most of the time we end up on a big election with a final turnout of 75% when it is done.)
    b. Example – Precinct with 4700 voters
        4700 x .70 = 3290 voters. Then divide that by the magic 250 number in the law and you end up with needing 13 BMDs instead of 18. This is

AMERICAN OVERSIGHT

about what I use anyway. This would allow me to plan L&A and deliveries early in the process. And once again this is just a minimum number – I can adjust up if needed based on the races on my ballot.

2. For Runoffs and Specials, why not use 25 or even 20% for the minimum? Typically 25% turnout in a Special or Runoff is good. And this is just a minimum. We can adjust based on "hot" races etc.

I just really don't want to – can't – wait until the last day of Advance Voting to figure out what is needed, so that means I would be deploying a lot of equipment that probably would not be needed. I have played with numbers and this would work well for me. I realize I am small, but percentages typically go across the board regardless of county size. Thoughts?

Veronica

Yes Mandi; I totally agree requiring the poll worker to just post the list would suffice. You are correct; we have to take an account of what we are requiring of our poll workers in addition to processing their paperwork timely and back at our location in a sufficient amount of time. Any hindrances on them getting their work completed and accurate will just prolong their mission and this could very well be one. Just make the list another posting and allow the Poll Watcher take pictures of what is posted.
In handling the press, I always ask that they not take any pictures of voters unless the get permission from the voter; not to use the zoom on the camera. And, as far as Election Day is concerned, I totally leave it up to the Poll Manager if they will allow the press to photograph or not. I do; however warn them to acknowledge the media and state their expectations up front, referencing 21-2-413(e).

**EXTERNAL SENDER: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.**

Good Morning All,
Thank you again to Lynn for getting this all together and sharing the

AMERICAN OVERSIGHT

information with us!!! Great job!!
I've only reviewed the one so far about taking pictures 183-1-12-.12 of the tapes, prov ballot recap sheet and the numbered list of provisional voters. I'm on the fence on this one.
If it is determined they are permitted to take pictures of the provisional numbered list of voters and/or this new form –then why not just amend the Code section that says that poll workers shall also post a copy of the numbered list and/or new form on the door. Then to some extent, you don't need a rule that says anyone can take pictures – it is what it is. The poll workers post the information and people can start clicking with their cameras as they always could.
I'm probably overthinking it – but when it comes time to close down procedures and trying to perform all of the close down procedures as prescribed by law – why introduce electronic devices into the polling place when they are not permitted most any other time. Because if you have a rule that acknowledges people can take pictures – then it seems to me you can end up with people standing there saying – no wait – I get to take a picture of that; can you hold that flat on the table while I take a picture; etc. – while the poll workers are still trying to complete their close down procedures. If the rule is simply – a copy of each of these items will be posted to the door of the polling place you may view and take pictures as desired –it seems simpler and cleaner.
As for the privacy issue of a provisional ballot voter – that's definitely one for the attorneys – but if we post an absentee voter list daily and the election day numbered list is subject to public viewing – why would the provisional ballot numbered list not be available for public viewing?
Once I have a chance to read the other proposed rules, I'll forward along my thoughts.
On a tangent note to picture taking – how do you all handle the press at the polls when voting is taking place? Do you have defined office/board rules/standards? Is it handled on a case by case basis? We encountered this issue last year. A candidate was voting on Election Day. It was the busiest time of the day – line was out the

AMERICAN OVERSIGHT

door – smallish polling place. Not ideal for having the press set up to take photos/video. Our Board Chair happened to be there at the time so he handled it in person. They were able to snap a picture of the voter – I think they went with him filling out his paperwork. But, I know this will happen more this year with the new equipment and the media will want shots/video. I know they can't take it of the ballot/screen – but the other is fair game. Just curious how you guys train your poll workers and what you permit/do not permit.

Thanks,

*-Mandi*

**Subject:** Proposed Rules

All,

I have attached all of the proposed Rules that were posted following the SEB meeting last week. Please review and provide feedback as you deem necessary. The public comment period will end around 2/21. You will notice that there are two different versions of 183-1-12.12. The first version contained in the long document (50 pages) was approved by the Board in order to get the rest of the changes made to that section approved. Paragraph 12 of Section 183-1-12 was immediately amended and the new proposed language is on the short document entitled 183-1-12.12 (4 page document). That section is being debated right now. Here is the new version:

*8. Accredited poll watchers must be able to observe the entire process described in this rule. After the tabulation of results on election day has been completed, accredited poll watchers shall be permitted to photograph the tape of tabulated results referenced in section (1), provisional ballot recap sheet referenced in section (3), the Numbered List of Provisional Voters, and the form referenced in rule 183-1-12-.14(b).*

AMERICAN OVERSIGHT

We all realize that both the tape and the Prov Recap sheet will be posted on the door of the polling place. Whether or not the provisional numbered list may be photographed is what is up for debate. There are clear privacy laws in place regarding the voter's provisional balloting information and it has not been determined at this time what will prevail, so stay tuned for that one. The "form" that is referred to in 183-1-12.14(b) is a yet to be developed form where election superintendents will record any equipment malfunctions and remedies taken to correct the malfunction.

Also, be sure to look at page 12 of the long version of 183-1-12. Paragraph (c) speaks to a requirement of sending emergency ballots to each polling place equal to 10% of the total number of active registered voters for each precinct. That one is firmly in place, but I did want to bring it to your attention.

Lastly, be sure to look at 183-1-13.01 – allocation of equipment on Election Day. There have been many versions of this rule. This is the version that was posted. The idea is to come up with a ratio for what would be sufficient for each type of election. For instance, the proposed Rule may work great for November General Elections, but not for general Primaries, specials and runoffs. I hope to have some suggestions for the group tomorrow, but we should all be thinking about what a good ration will be in each of these types of elections.

Thanks all for your continued good work on this project. I hope that everyone is doing well. We are good here.

We have discovered in the Poll Pad training database that if you make a selection to spoil a ballot that some Poll Pads record that selection on the summary screen as spoiled as others record it as canceled. Has anyone else seen this? Have any of the counties that ran a pilot encountered this with a real database rather than a training database?

AMERICAN OVERSIGHT

Things I have learned today that I thought were worth sharing:

UPS units can be tricky. We had several that were on yesterday, but off this morning. Poll workers went to turn printers on this morning and panicked when the would not come on --- simple fix to turn the UPS unit back on but that was the last thing we checked. You know the general rule is to always panic BIG first before looking for a simple problem and solution.

Poll pads do not list a cumulative number of check-ins on all units. It just shows the check-ins for that individual poll pad. To get a cumulative number you must look at the summary report. Also the circle with the number of poll pads talking on the top right hand corner does not include the unit you are actually looking at. – Just little things that we were not told in training that caused concern this morning, when it appeared they were not jiving with each other.

Waiting on the next wave of the panic tsunami around closing tonight!

Please continue to pray no runoff for us. I really can't do this on March 3 again.

Veronica

I agree Veronica! Mandi, your email really was spot on. You guys sit tight. All of the concerns expressed by the group have been reiterated to the State. The latest info (as of just a few hours ago) is very promising – not perfect, but certainly better. If the final product is what was described to me, it basically would allow using our discretion/judgement for allocation, but makes some changes in the section relating to voters voting for more than 1 hour in precincts with more than 2000 voters. Again, not perfect, but a step in the right direction. Just as soon as I get it in writing, I will pass it along for input.

Hang in there and talk soon!

Good Evening!!

Very cool Veronica – great thought!

However……..I'll be honest….it does not fix several issues we are about to run into with our polls based on the current 1/250 code. I think I am a bit of an anomaly in the group – as we have precincts with a large number of voters assigned to them. This has worked for us in the past. And I understand this may not work for us in the future. We just added 5 new polling places in October. Already in the works long before the new equipment was known. That brings us to a total of 20 Election Day polling places with approximately

AMERICAN OVERSIGHT

160,000 total registered voters.

Advance Voting has been extremely popular in our county from day 1. That being said – we have times like the PPP when ED is more popular – just like it seems to be statewide. But we still have a lot of voters during AV.

I realize we may need to make changes after this election. I and my Board are committed to going through the PPP to see what works and what does not. We struggled to find the 5 new polling places we are just opening…..us finding, securing and opening additional new polling places….even under the heading of 'emergency' for the PPP…..I would not know where to begin.

I'm sure this is my tiredness coming through…..but……if I still have a decent grasp on dates and calendars…..the proposed Rules that are out for public comment/review right now are not even going to be official until near the end of February….and that's assuming no major changes are offered between now and that time. So, even a rule that says I have to have one machine for every 25 voters, simply means it is a rule I will be breaking for the PPP, as time will simply have run out to make drastic changes.

Could a rule go into effect only for the March 24 PPP…..something that allows for some kind of broad baseline…..but that allows discretion….and then….within 10 days of the PPP…this group is charged with coming up with proposed formulas based on what they can then say with certainty will work with the new equipment we now have in place? And that proposed Rule is posted on the 11th day for public review. And that Rule will go into effect for the General Primary (or for the November General)?

I'm struggling to come up with figures, when I have not voted in an election with this equipment yet. As an extreme example….if it ends up taking my voters an extra three minutes for each voter compared

AMERICAN OVERSIGHT

to what it has for the equipment we've had all of these years, I think my formulas for calculating equipment allotments is going to vary drastically from what it has in the past.

I know there have been a few counties that can speak to this – but since I'm not one of those counties – how can I begin to make baselines that are going to affect every single elections office in the state, when I haven't seen how *this system* works in real life in my county?

Again, I'm sure it's just my tiredness…..but is it necessary we rush into setting a standard without having voted in one election with this equipment? We've gone all these years and done an okay job ….can we have some discretion to try it one more time…..and then set a baseline using facts and experience?

I'm done.

Thanks for reading happy almost Friday!

**Subject:** RE: [EXTERNAL] RE: [EXT] RE: Proposed Rules

Good morning! I had a thought about 4:00 when I could not sleep. If the SEB is looking for a "formula" to determine the minimum number of voting booths we should use, I would like to suggest the following – this formula would work for me and give me some control early in the process. Would love to hear if it would work for others.

1. For General elections and Primaries –
    a. Turnout is never 100% - so why not use 70% (75 makes sense but we could subtract out 5% for advance voting because most of the time we end up on a big election with a final turnout of 75% when it is done.)
    b. Example – Precinct with 4700 voters

        4700 x .70 = 3290 voters. Then divide that by the magic 250 number in the law and you end up with needing 13 BMDs instead of 18. This is about what I use anyway. This would allow me to plan L&A and deliveries early in the process. And once again this is just a minimum number – I can adjust up if needed based on the races on my ballot.
2. For Runoffs and Specials, why not use 25 or even 20% for the minimum? Typically 25% turnout in a Special or Runoff is good. And this is just a minimum. We can adjust based on "hot" races etc.

I just really don't want to – can't – wait until the last day of Advance Voting to figure out what is needed, so that means I would be deploying a lot of equipment that probably would not be needed. I have played with numbers and this would work well for me. I realize I am small, but percentages typically go across the board regardless of county size. Thoughts?

Veronica

Hey Joseph,

A parking lot??! No, I would be concerned about that too. Lol This is not outside equipment. I have one scheduled at the Augusta Mall – well inside, just outside of Sears. ☺ I agree with Veronica – I am sure voter will mostly just want to shop.

Stay strong, my peeps!!

A random question for the group…
I've got a board member that wants to schedule voting machine demonstrations at retail spaces such as Walmart or Kroger. Does anyone else do that? I don't know why, but the idea of being setup in a parking lot just makes me nervous.
Thanks,
Joseph

Yes Mandi; I totally agree requiring the poll worker to just post the list would suffice. You are correct; we have to take an account of what we are requiring of our poll workers in addition to processing their paperwork timely and back at our location in a sufficient amount of time. Any hindrances on them getting their work completed and accurate will just prolong their mission and this could very well be one. Just make the list another posting and allow the Poll Watcher take pictures of what is posted.
In handling the press, I always ask that they not take any pictures of voters unless the get permission from the voter; not to use the zoom on the camera. And, as far as Election Day is concerned, I totally leave it up to the Poll Manager if they will allow the press to photograph or not. I do; however warn them to acknowledge the media and state their expectations up front, referencing 21-2-413(e).

**EXTERNAL SENDER: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.**

Good Morning All,
Thank you again to Lynn for getting this all together and sharing the information with us!!! Great job!!
I've only reviewed the one so far about taking pictures 183-1-12-.12 of the tapes, prov ballot recap sheet and the numbered list of provisional voters. I'm on the fence on this one.
If it is determined they are permitted to take pictures of the provisional numbered list of voters and/or this new form –then why not just amend the Code section that says that poll workers shall also post a copy of the numbered list and/or new form on the door. Then to some extent, you don't need a rule that says anyone can take pictures – it is what it is. The poll workers post the information and people can start clicking with their cameras as they always could.
I'm probably overthinking it – but when it comes time to close down procedures and trying to perform all of the close down procedures as prescribed by law – why introduce electronic devices into the polling place when they are not permitted most any other time. Because if you have a rule that acknowledges people can take pictures – then it seems to me you can end up with people standing there saying – no wait – I get to take a picture of that; can you hold that flat on the table while I take a picture; etc. – while the poll workers are still trying to complete their close down procedures. If the rule is simply – a copy of each of these items will be posted to the door of the polling place you may view and take pictures as

AMERICAN OVERSIGHT

desired –it seems simpler and cleaner.

As for the privacy issue of a provisional ballot voter – that's definitely one for the attorneys – but if we post an absentee voter list daily and the election day numbered list is subject to public viewing – why would the provisional ballot numbered list not be available for public viewing?

Once I have a chance to read the other proposed rules, I'll forward along my thoughts.

On a tangent note to picture taking – how do you all handle the press at the polls when voting is taking place? Do you have defined office/board rules/standards? Is it handled on a case by case basis? We encountered this issue last year. A candidate was voting on Election Day. It was the busiest time of the day – line was out the door – smallish polling place. Not ideal for having the press set up to take photos/video. Our Board Chair happened to be there at the time so he handled it in person. They were able to snap a picture of the voter – I think they went with him filling out his paperwork. But, I know this will happen more this year with the new equipment and the media will want shots/video. I know they can't take it of the ballot/screen – but the other is fair game. Just curious how you guys train your poll workers and what you permit/do not permit.

Thanks,

*-Mandi*

**Subject:** Proposed Rules

All,

I have attached all of the proposed Rules that were posted following the SEB meeting last week. Please review and provide feedback as you deem necessary. The public comment period will end around 2/21. You will notice that there are two different versions of 183-1-12.12. The first version contained in the long document (50 pages) was approved by the Board in order to get the rest of the changes made to that section approved. Paragraph 12 of Section 183-1-12 was immediately amended and the new proposed language is on the short document entitled 183-1-12.12 (4 page document). That section is being debated right now. Here is the new version:

*8. Accredited poll watchers must be able to observe the entire process described in this rule. After the tabulation of results on election day has been completed, accredited poll watchers shall be permitted to photograph the tape of tabulated results referenced in section (1), provisional ballot recap sheet referenced in section (3), the Numbered List of Provisional Voters, and the form*
*referenced in rule 183-1-12-.14(b).*

We all realize that both the tape and the Prov Recap sheet will be posted on the door of the polling place. Whether or not the provisional numbered list may be photographed is what is up for debate. There are clear privacy laws in place regarding the voter's provisional balloting information and it has not been determined at this time what will prevail, so stay tuned for that one. The "form" that is referred to in 183-1-12.14(b) is a yet to be developed form where election superintendents will record any equipment malfunctions and remedies taken to correct the malfunction.

Also, be sure to look at page 12 of the long version of 183-1-12. Paragraph (c) speaks to a requirement of sending emergency ballots to each polling place equal to 10% of the total number of active registered voters for each precinct. That one is firmly in place, but I did want to bring it to your attention.

Lastly, be sure to look at 183-1-13.01 – allocation of equipment on Election Day. There have been many versions of this rule. This is the version that was posted. The idea is to come up with a ratio for what would be sufficient for each type of election. For instance, the proposed Rule may work great for November General Elections, but not for general Primaries, specials and runoffs. I hope to have some suggestions for the group tomorrow, but we should all be thinking about what a good ration will be in each of these types of elections.

Thanks all for your continued good work on this project. I hope that everyone is doing well. We are good here.

> **Subject:** Associated Press Sample Precincts in Fulton County
>
> Hello Chairperson Cooney,
>
> My name is Morgan Garces, I am the sample precinct research coordinator for the Associated Press. You were recently in contact with my colleague, Atticus O'Brien-Pappalardo, regarding precincts SC05B, SC08F, 06R, AP09A, 03A, SS14, and SS29A. I would like to introduce myself and pick up from where he left off.
>
> As you are aware, on election night this year, we will be hoping to get the results from these precincts as soon as possible. Our usual method is to send stringers straight to the poll site, assuming results will be posted or obtained quickly there. Below I have listed some questions I have from where Atticus was missing information:
>
> - Will precinct-level results be available from the poll site? County website? County office?

AMERICAN OVERSIGHT

- How will these results be made available? (For example: tapes printed and posted on polling site door, announced by polling official, etc.)
- Some of these precincts vote at polling places where multiple other precincts are also voting. Will we be able to get just the precinct's results that we are interested in? Or are results presented as a summary of all precincts at the polling site?
- Will results on election night include absentee/early votes? If yes, will only election night vote totals be available?
- Are there any credentials or identifiers that you would like our stringers to have with them on election night?
- When was the last time that boundary lines changes for these two precincts?
- Is there anything else that you feel we should know?

Thank you so much for your time! And if you would like to discuss this over the phone, I can be reached at (212) 621-5444.

Thank you, again!

**Subject:** Precinct Research

Dear Ms. Mary Carole Cooney,

My name is Atticus, I'm with the Associated Press Election Research Team. Last year April Majors spoke to a colleague of mine about a precinct project we were conducting in the state of Georgia for the 2018 General Election. She answered a series of questions they had about seven precincts in Fulton County and instructed us on the best way to obtain results on election night. We will be repeating the same process for next year's Presidential Primary and General Election and I was hoping someone would be able to confirm some of the answers she gave my colleague last year, to make sure nothing has changed, or that you don't want anything done differently on our end.

Here are the questions I have about SC05B:

- Is SC05B still located in Congressional District 13?
- Have there been any boundary changes to SC05B since the 2018 General Election?
    - If not, do you know the last year that there were boundary changes to the precinct?
- Does the precinct still vote at the Cliftondale Community Center?
    - If so, do any additional precincts also vote at that polling location?
- Will the precinct results on election night include absentee votes?
- In 2018 there was a single tape of results posted, will that be the case again? Or, will there be multiple tapes which will need to be added up?
- Will your county website have precinct level results on election night?

Here are the questions I have about SC08F:

AMERICAN OVERSIGHT

- Is SC08F still located in Congressional District 13?
- Have there been any boundary changes to SC08F since the 2018 General Election?
    - If not, do you know the last year that there were boundary changes to the precinct?
- Does the precinct still vote at Banneker School?
    - If so, do any additional precincts also vote at that polling location?
- Will the precinct results on election night include absentee votes?
- In 2018 there was a single tape of results posted, will that be the case again? Or, will there be multiple tapes which will need to be added up?
- Will your county website have precinct level results on election night?

Here are the questions I have about 06R:

- Is 06R still located in Congressional District 5?
- Have there been any boundary changes to 06R since the 2018 General Election?
    - If not, do you know the last year that there were boundary changes to the precinct?
- Does the precinct still vote at the First Presbyterian Church?
    - If so, do any additional precincts also vote at that polling location?
- Will the precinct results on election night include absentee votes?
- In 2018 there was a single tape of results posted, will that be the case again? Or, will there be multiple tapes which will need to be added up?
- Will your county website have precinct level results on election night?

Here are the questions I have about AP09A:

- Is AP09A still located in Congressional District 6?
- Have there been any boundary changes to AP09A since the 2018 General Election?
    - If not, do you know the last year that there were boundary changes to the precinct?
- Does the precinct still vote at Webb Bridge Middle?
    - If so, do any additional precincts also vote at that polling location?
- Will the precinct results on election night include absentee votes?
- In 2018 there was a single tape of results posted, will that be the case again? Or, will there be multiple tapes which will need to be added up?
- Will your county website have precinct level results on election night?

Here are the questions I have about 03A:

- Is 03A still located in Congressional District 5?
- Have there been any boundary changes to 03A since the 2018 General Election?
    - If not, do you know the last year that there were boundary changes to the precinct?

AMERICAN OVERSIGHT

Does the precinct still vote at Allen Temple AME Church?
    - If so, do any additional precincts also vote at that polling location?
- Will the precinct results on election night include absentee votes?
- In 2018 there was a single tape of results posted, will that be the case again? Or, will there be multiple tapes which will need to be added up?
- Will your county website have precinct level results on election night?

Here are the questions I have about SS14:

- Is SS14 still located in Congressional District 11?
- Have there been any boundary changes to SS14 since the 2018 General Election?
    - If not, do you know the last year that there were boundary changes to the precinct?
- Does the precinct still vote at Ridgeview Charter Middle School?
    - If so, do any additional precincts also vote at that polling location?
- Will the precinct results on election night include absentee votes?
- In 2018 there was a single tape of results posted, will that be the case again? Or, will there be multiple tapes which will need to be added up?
- Will your county website have precinct level results on election night?

Here are the questions I have about SS29A:

- Is SS29A still located in Congressional District 6?
- Have there been any boundary changes to SS29A since the 2018 General Election?
    - If not, do you know the last year that there were boundary changes to the precinct?
- Does the precinct still vote at First Baptist Church Sandy Springs/Cumberland Academy?
    - If so, do any additional precincts also vote at that polling location?
- Will the precinct results on election night include absentee votes?
- In 2018 there was a single tape of results posted, will that be the case again? Or, will there be multiple tapes which will need to be added up?
- Will your county website have precinct level results on election night?

In 2018, election night results were posted at the polling locations of the abovementioned precincts for the public to view. Will that be the case again in 2020? Will any additional credentials be required to access the results?

My most sincere thanks for your time and consideration with these questions.

Best,

AMERICAN OVERSIGHT

Atticus

**Subject: FINAL REMINDER: 4th Quarter Performance Numbers**

AMERICAN OVERSIGHT

Good morning Department Heads and Liaisons,

This is the final reminder that your **4th quarter** performance numbers for 2019 are due this Friday. Please submit your numbers in the Departmental Performance Reporting System (DPRS).

The Strategy and Performance Management Office (SPMO) would like your numbers to be submitted by **COB on January 17, 2020.**
Attached for your information are the following items:

1. Directions for entering information into the Departmental Performance Reporting System
2. Login and Password List for your Department
3. KPI Deadlines for 2019

You may log into the system by utilizing the following link: http://performance/apps/KPIForm/, please use your department login and password that are provided in the attached Login and Password for Departments document. When using the web link please use **Google Chrome or Firefox**. These logins and passwords have been assigned to the departmental liaison(s) and department director that the Office of SPMO has on record at this time. Remember the approval process requires the department director to login after the liaison has entered the performance numbers. **Additionally, the director must check the box and submit the values.** The instructions are also contained in the attached documents.

Please remember to enter numbers for **ALL** performance measures not just the Fulco Bonus measures. Also calendar invites will be sent out shortly to County Manager departments for the end-of-year performance reviews with the Strategy and C-suite team.

If you have any questions related to the use of the DPRS system, please contact one of the following SPMO team members by email for assistance:

- Arielle Lee at arielle.lee@fultoncountyga.gov
- Steve Williams at steve.williams@fultoncountyga.gov
- Mike Rowicki at mike.rowicki@futloncountyga.gov

If you have any questions related to this memo, please contact me at (404) 612-8331.

**Subject: SECOND REMINDER: 4th Quarter Performance Numbers**

Good morning Department Heads and Liaisons,

Be prepared to start entering your **4th quarter** performance numbers for 2019 in the Departmental Performance Reporting System (DPRS).

The Strategy and Performance Management Office (SPMO) would like your numbers to be submitted by **COB on January 17, 2020.**
Attached for your information are the following items:

1. Directions for entering information into the Departmental Performance Reporting System
2. Login and Password List for your Department
3. KPI Deadlines for 2019

You may log into the system by utilizing the following link: http://performance/apps/KPIForm/, please use your department login and password that are provided in the attached Login and Password for Departments document. When using the web link please use **Google Chrome or Firefox**. These logins and passwords have been assigned to the departmental liaison(s) and department director that the Office of SPMO has on record at this time. Remember the approval process requires the department director to login after the liaison has entered the performance numbers. **Additionally, the director must check the box and submit the values.** The instructions are also contained in the attached documents.

Please remember to enter numbers for **ALL** performance measures not just the Fulco Bonus measures. Also calendar invites will be sent out shortly to County Manager departments for the end-of-year performance reviews with the Strategy and C-suite team.

**Subject: Update**

All,

Boy, what a day it has been, huh?

So, a couple of things:

<!--[if !supportLists]-->1. <!--[endif]-->The 1 electronic poll book per 3 bmd has gone away for now. I relayed our concerns and our voices were heard.
<!--[if !supportLists]-->2. <!--[endif]-->The 3:00 PM deadline for sending out ab rejection notification has been extended to the close of business
<!--[if !supportLists]-->3. <!--[endif]-->Declaring an emergency in the event a line is more than 30 minute has been deleted in its entirety, as of now. Again, our voices were heard
<!--[if !supportLists]-->4. <!--[endif]-->I have asked for clarification on what to do with the stub when issuing emergency ballots. One easy fix would be to revert to paper voter certificates anytime we use hand marked paper ballots for in

AMERICAN OVERSIGHT

person voting – for whatever reason.

I am confused as to why we are still hating on the minimum number of voting units rule. I have attached the latest version for you guys to review. I have also attached the most recent version of the requirement to promptly notify voters of their rejected absentee ballot and two new proposed rules – one pertaining to conducting recounts and the other to provide that voters unable to verify their printed ballot using their eyesight may use their electronic assistive devices to assist them and not be in violation of .21-2-413(e).

Keep the comments coming and I will keep passing them along!

Thank you!!

Lynn Bailey, CERA

Janine,
We will continue to stock them. We can clarify that point.

> Hey Deidre,
>
> That is great insight into the bags. Good to know and thank you for that. Another county has warned that when your BMDs arrive, be on the lookout for the pallets labeled ATI so you will know where they are. For that county, the units with the ATIs attached got lost in the mix and it was sort of a needle in a haystack thing for them. They also warned to make sure, sure that your security buttons and flash cards for the scanners are included in the scanner box.
>
> As for the Rule on the number of machines, I have copied and pasted it below. You will see that it permits using the total number of BMDs used during AV to the minimum requirement for each precinct. I know that for most of us, in the past we have simply subtracted the number of voters voting AV and based the number of machines assigned to precincts on that number, but that is not what the proposed rule says. Look at it carefully, think about it, and if the rule will not work for you, you should let the State know in writing immediately. The public comment period ends on 1/13 - after that, we may have an opportunity to amend the Rule, but there are no promises. It has been mentioned by some that a carve out for special elections and runoffs that both permits us to use our discretion and holds us accountable if we miss the mark would be a good thing. I don't disagree. I do think there is a likelihood that the Rule will be implemented as currently written and the carve out may be done through legislation and likely not until 2021. Here is the proposed Rule:
>
>
> RULE 183-1-13-.01 Minimum Number of Voting Booths
>
> When calculating the number of voting booths or enclosures required to be available to electors of a precinct pursuant to O.C.G.A. 21-2-367(b), the calculation shall take into account the number of voting booths or enclosures available for electors of a precinct on Election Day and on the last day of advance voting. Polling places with assigned voters from more than one precinct shall use the total numbers of voters assigned to the polling place when calculating the minimum number of voting booths.
>
> As for precinct visits and splitting precincts, yes, I believe it is a very real possibility that some of the "mega" precincts around the state will need to be downsized due to electrical constraints. In our county alone, 6 of our 42 locations need electrical upgrades. Luckily, all are at county owned facilities so are able to get the work done. I do have one polling place (a church) that I will be splitting into two because it is necessary to do so. I know it falls outside of the 90 day law for splitting a precinct and probably the 60 day period for relocating a polling site, but as far as I am concerned it is an emergency and I am proceeding as such. You are right, Deidre. Polling sites are very hard to come by and it always causes me great angst anytime I have to look for one. As for heat and air, we do keep a few box fans and floor heaters that we deploy to one polling place in particular that is in a gym and climate control is an issue.
>
> When we look back at this year upon retirement, we will do so with a great feeling of satisfaction. Let's keep sharing information and leaning on each other. Stay sharp and do not be passive about concerns or thoughts that you may have. We have the phone conversation with Chris on Friday. Us that as a platform to get your questions out there, for sure. Also, the training coming up over the next couple of weeks should refresh us and help to ease some angst - reminders never hurt, right?!

> I think my head is spinning off my shoulders! First and foremost...Happy New Year to all! Thank you Lynn for keeping us in the loop! I feel like I am drowning! I have no right to complain after hearing the issues at hand. All of my old equipment has been gone since Thanksgiving. I have all of the new equipment that was originally allotted for Paulding. However, it is not enough and I have asked for more and I will hopefully get what I have asked for. I will go ahead and give a heads up to all of you. 2 weeks ago, I received 204 printer bags. When they contact you and let you know that they are coming, you need to make sure that you have enough space to house them. These 204 bags required 8 pallets. It has taken 3 full days so far to unbox, and place the printers into the bags, and they are still working on this. Please keep in mind that this is only a portion of our printer bags. We have 481 printers. We are at space capacity and have more coming. We have not received any BMD bags at all. I'll stop complaining now and get on with the questions that I have.
>
>
> 1. I was under the impression that when assigning Election Day equipment that we could base our assignments on the number of active voters in that precinct MINUS the number that voted in advance voting and paper absentee. So if a polling location has 5000 voters and 2500 vote during advance voting and paper absentee, instead of assigning 20 BMDS/Printers, we would only be required to assign 10. Am I crazy?...don't answer that...
>
> 2. Am I understanding that you all are saying that due to the precinct visits, depending on the electrical capacity, we could possibly have to split a polling location and find another location, in essence having more than one polling location in a precinct? Please elaborate....I am struggling to find locations as it is. Our school system wants us to migrate out of the schools for the safety of the students...the voters do not want to vote in churches due to separation of church and State...our parks are either not big enough or the gym floors are being destroyed by our tables, and chairs and by the foot traffic of the voters. We also have issues with there being no air and no heat in the gyms. I am really struggling with this one...y'all please talk me off the ledge right now.

> I haven't even thought about that mobile ballot printer for the PPP - I'm just going to order my ballots from my normal printer.
>
> I completed my polling place inspections on Tuesday. It took me and the inspector two days to complete 16 locations, and that was with me helping him trace everything. I don't think I'll have to split any polling places, but I will have to add some circuits to some and move others. From speaking to the inspector it sounds like the company is starting to recruit temporary employees across the state to get it done a little faster.
>
> As far as the formula goes - I'm not a fan but I think that might be the best we can do right now. The rule can't override the code and the code says one per 250 registered voters. At least with the current rule we have some discretion to adjust numbers at election day polling places and there are people dead set against even that small amount of discretion because they think we will use it to suppress turnout at certain locations. We may have to have a couple of small elections with way too much equipment deployed to show the legislature how ridiculous that law is.

>
> In Richmond County, we are on the fence about mobile ballot printing this go around. My thoughts right now are to order enough paper ballots for emergency/provisional and mail. We typically do not issue nearly mail ballots for the PPP, so we may just pick off the shelf for that one. Then, after March, settle into mobile ballot printing. The ballot ready date for May Primary is April 1st according to my calendar (insert appropriate emoji here), but by putting it off until then, well....we can put it off until then.
>
> The only thing that I've heard about the inspections is that it is a work in progress and that they are less than 1/3 complete. That was a couple of days ago. Having inspected our locations here over the past month, I can attest that it is a time consuming process.
>
> As for the Rule Nancy, I read it exactly the same way as you do. For the majority of us, this formula will work well, but not for all. I think that I understand Veronica's concerns, but Veronica, will you please give me a call when you get settled in this morning to discuss so that I can make sure I do understand? My direct line is 706-821-2826.

> I would say that splitting a precinct because you do not have adequate electricity to support it would fall under an "emergency" situation. And, as you all know there are exceptions built in for emergencies. I think that as long as we meet the 30 day requirement for notifying the voters, have a public hearing, and fulfill other advertising requirements, that we should be ok. We would need to keep the SOS apprised of the situation, but we will have to do what we need to do, you know?

> I sense that things are starting to move now. For instance, my old stuff has been scheduled for pick up next Tuesday, and, if I can get it all worked out, the new stuff will be delivered next Friday. Charlotte, my training is - scratch that - was also scheduled to begin Tuesday, 2/4, but as of today, I have moved it to begin on 2/11 instead because I need the extra week. It will mean that we will be training poll workers during the week of qualifying and the same week at AV begins, which stinks and is not preferable, but I think we need to suck it up and do it.
>

AMERICAN OVERSIGHT

>
>
> I know that there is so much to do that it is overwhelming. For us here in Richmond, we are concentrating on making sure we have a printer lined up for provisional and emergency ballots, making sure our electrical at our polling sites is ok, developing poll worker training, and trying to get a solid plan together for deployment of equipment to the polls. I currently have around 12-15 sticky notes on my desk of things that I need to get to immediately. As soon as I take one off, two more appear in its place. Amazing how that happens.
>
>
>
> I would encourage each of you who have not heard from the vendor who will be picking up the equipment to reach out to them. That is what I did as recently as yesterday and their response to me was so quick that they almost certainly had a schedule that they were referring to. Contact them and see if you can get some information that will give you a little piece of mind with that. We have our conversation with Chris scheduled for this Friday and hopefully there will be more useful information at that time. We also have additional training coming up during the next couple of weeks, so hopefully that will help, too. If any of you guys truly feel that falling back to paper may be appropriate, I encourage you to voice those thoughts to the State and get a conversation going about that.
>
>
>
> Ok, I am going home for real. I love you guys!! Keep the comments and points of view coming. We need to get this stuff right.

> Good Day Everyone, Charlotte, you are correct, if you have a large precinct, you more than likely may have to Divide It, because the electrical capacity in the polling places will not be able to handle the number of voting units we will be required. I am still confused about the new proposed rule on the minimum # of voting units required. Can someone give me an example? I truly thought it would have been much simpler to require the number of units based on the number of active voters remaining to vote on Election Day (minus those who have voted early by mail and inperson).
>
>
>
> My County completed evaluation of all my precincts today and I will be going out with the State assigned electrician next week; however, I will have a report by tomorrow from my electrician of any potential problems.

> I sure hope there is a revision, because I am looking at a polling location that has 6,603 voters. We have already identified that there are only 4 outlets at this location. If we are using a Weli-UPS System (posted on October 15 Firefly - Quick Reference Guide), this means we would have to plug 4 BMDs and 4 printers into one UPS, but states only 3 printers can be plug in at one time (so where would I plug up the 4th printer?). Technically, we could only consider 16 BMDs, with exception to tabulators and poll pads. However, the 250-rule requires us to assign 26 BMDs at this location; where would I plug them? LOL...

Ms. Givens:

Mr. Corey Hill is a registered voter in Fulton County. I hope you correct your story to reflect this. He has voted regularly in Fulton County (6 times) since 2014. His registration was transferred into Fulton County. We are unsure if the original record is incorrect or our data entry from the transfer was in error. His birthday is [redacted]69, but we have it as [redacted]/68.

He has been able to vote because at polling places our poll workers and our staff for absentee by mail search for voters by name. We will update his record to reflect his correct birthday, but again, he is a registered voter. I'm unsure who told him he was unregistered. Had he called our office we could have located him in seconds. It's unfortunate that someone led him astray with the wrong information.

His father, Frank Williams, we believe is the man registered to vote in Macon-Bibb County with the wrong birthday. He is a regular voter. In Fulton County we have no Frank Williams that has a birthday close to his. The one registered in Bibb County birthday has a birthday in the record listed as [redacted]1947. His birthday is [redacted]1947. Macon-Bibb will have to correct that record.

Sincerely,
Rick

**Subject:** 11Alive News Request

Hi Ralph!

We hope you are well. We are working on a story about active soldier Corey Hill [redacted]/69 currently serving his 31st year. Mr. Hill says he and his father Frank Williams [redacted]/47 were purged from the Georgia voter rolls and were not notified. After speaking with the Secretary of State's office, a spokesperson was able to confirm two things:

1) The two were not included in the recent purge but they are no longer listed as registered Georgia voters.
2) The SOS found the birth year for Hill did not match and the day of birth for Williams didn't match. The SOS believes at some point a change was made on the county level and told me to contact you.

So here are my questions:

1) Can you determine how and when the information changed in the system?
2) Was this an administrator error or voter error?
3) What is the protocol when there are discrepancies in a voter's information? Is the voter notified? If so, how?
4) Can this information be updated or do they just need to re-register to vote?
5) If they are not listed as registered voters, even though they voted in the last election (see background info below) what would have happened if they had shown up on election day to vote?

Here's a little background on Mr. Hill:
He comes from a family of voters who vote every year, often times in groups. They also have at least 5 relatives who are poll workers. On MLK day at a voter registration event,

AMERICAN OVERSIGHT

some of the his relatives decided to check their status after attendees brought up questions about the voter purge. To his surprise, he and his father were not listed as registered voters even though they have voted in nearly all major elections, some special elections and Hill has also voted by absentee ballot when he's served overseas. The dozens of other relatives were still listed as registered voters. They want to know how and why they are no longer registered voters.

I can be reached by email or cell 678.472.0188 thanks!

---

The father is a registered voter in Macon-Bibb County. He should call their office if he still lives in that county in order to correct his birthdate. We have updated the birthdate for the son. He is registered to vote and his registration has remained active in Fulton County since 2014. I'm unsure why the State would say that they are unregistered.

**Subject:** Re: 11Alive News Request

Hi Rick!

Thanks for your response. We were contacted by the family who was concerned two members were "purged" from the voting rolls without notification.

We visited the State of Georgia's official voter page at sos.ga.gov to check their status. Neither of them appeared. We also checked others as a reference who's voting information did appear on the registry.

So, we contacted the Secretary of State's office
to find out two things: 1) If they were part of the recent voter purge and 2) Why they no longer appeared on the state's official registry.

After multiple conversations and emails the SOS
was able to find their previous voting information.

They were able to determine 1) They were not part of the purge and 2) They no longer appeared on the registry because of discrepancies associated with their birthdates. We were referred to the registrar's office to find out when and how the discrepancies happened.

We understand they voted in recent elections, they also previously appeared on the state's official list of registered voters. Their concern was that they no longer appeared on the list.

The family was encouraged to re-register all over. Is that something you recommend or should they contact your office to have their information updated?

I can be reached by email or cell 678.472.0188 thanks!

Hi Ralph!

We hope you are well. We are working on a story about active soldier Corey Hill [redacted]8/69 currently serving his 31st year. Mr. Hill says he and his father Frank Williams [redacted]/47 were purged from the Georgia voter rolls and were not notified. After speaking with the Secretary of State's office, a spokesperson was able to confirm two things:

1) The two were not included in the recent purge but they are no longer listed as registered Georgia voters.
2) The SOS found the birth year for Hill did not match and the day of birth for Williams didn't match. The SOS believes at some point a change was made on the county level and told me to contact you.

So here are my questions:

1) Can you determine how and when the information changed in the system?
2) Was this an administrator error or voter error?
3) What is the protocol when there are discrepancies in a voter's information? Is the voter notified? If so, how?
4) Can this information be updated or do they just need to re-register to vote?
5) If they are not listed as registered voters, even though they voted in the last election (see background info below) what would have happened if they had shown up on election day to vote?

Here's a little background on Mr. Hill:

AMERICAN OVERSIGHT

He comes from a family of voters who vote every year, often times in groups. They also have at least 5 relatives who are poll workers. On MLK day at a voter registration event, some of the his relatives decided to check their status after attendees brought up questions about the voter purge. To his surprise, he and his father were not listed as registered voters even though they have voted in nearly all major elections, some special elections and Hill has also voted by absentee ballot when he's served overseas. The dozens of other relatives were still listed as registered voters. They want to know how and why they are no longer registered voters.

I can be reached by email or cell 678.472.0188 thanks!

Dear Members:

David Stafford, Supervisor of Elections, Escambia County, FL, and Co-Chair of the Election Center Legislative Committee, has provided (below) a summary of the federal budget deal which includes $425 million for election security. He also included information on the National Defense Authorization Act (NDAA). One update on David's note below, both bills were signed by President Trump on Friday, December 20, 2019.

If you have any questions regarding these two bills, please let us know.

All our best for a Happy and Healthy New Year.

**From:** David Stafford
**Subject:** Federal legislative update

Colleagues,

I hope you all are preparing for a joyous and restful holiday. I did want to update you on a few Federal legislative developments as we head into the new year.

Congress reached a budget deal to avert a shutdown and sent it on to President Trump. Among the bill's provisions is $425 million for election security. The provision is very similar to the $380 million appropriation a few years ago and will flow through the EAC to the states. President Trump is expected to sign the agreement soon, and I'm sure we will be hearing more from the Division and our association leadership early in the new year. Here's a portion of the bill language:

*ELECTION SECURITY GRANTS Notwithstanding section 104(c)(2)(B) of the Help America Vote Act of 2002 (52 U.S.C. 20904(c)(2)(B)), $425,000,000 is provided to the Election Assistance Commission for necessary expenses to make payments to States for activities to improve the administration of elections for Federal office, including to enhance election technology and make election security improvements, as authorized by sections 101, 103, and 104 of such Act…*

Congress also passed and sent to the President the National Defense Authorization Act (NDAA) which included several provisions related to election security and two related to UOCAVA voters. President Trump is expected to sign the bill soon. Below is a summary of the various provisions, courtesy of the National Association of Secretaries of State.

**Intelligence Provisions Pertaining to Election Security**

- The Director of National Intelligence (DNI) must develop an advisory report on foreign counterintelligence and cybersecurity threats to campaigns of candidates for Federal office. The report must be made public and available online.
- After each election, DNI must conduct an assessment of any information indicating that a foreign government has acted with the intent or purpose of interfering in elections for Federal office occurring during the Federal election cycle
- Establishes within the Office of the DNI a Foreign Malign Influence Response Center. The term 'foreign malign influence' includes any hostile effort by a foreign government to influence federal, state, or local policies or activities, including elections.
- Requires the DNI to establish a Social Media Data and Threat Analysis Center. Once each

AMERICAN OVERSIGHT

quarter the DNI must make available a public report on key trends in foreign influence and disinformation operations, including any threats to campaigns and elections.

- Requires the Director of the National Counterintelligence and Security Center to submit annual reports to Congress on influence operations and campaigns in the United States conducted by the Russian Federation. Reports must include an assessment of the activities designed to influence the opinions of elected leaders or candidates for election in the United States.
- DHS must submit a report to Congress on foreign cyber-attacks and attempted cyber-attacks against U.S. election infrastructure during the 2016 election, including voter registration databases, voting machines, voting-related computer networks, and the networks of Secretaries of State and other election officials. The report must identify the state and local jurisdictions affected, and must be submitted in unclassified form, but may include a classified index.
- Requires DNI submit a report to Congress reviewing the intelligence community's posture to collect and analyze information with regard to Russian efforts to interfere in the 2016 Presidential election.
- Prior to each election DNI must complete an assessment of security vulnerabilities of state election systems, and an assessment of foreign intelligence threats to the election, and submit a report to Congress.
- DNI must develop a whole-of-government strategy for countering the threat of Russian cyber-attacks and attempted cyber-attacks against US election systems and processes, including voter registration databases, vote tabulating equipment, and systems for transmitting results. The strategy must include input from chief election officials and address technical security measures, including auditable paper trails for voting machines and securing wireless and internet connections.
- DNI must submit a report to Congress assessing the most significant Russian influence campaigns in the preceding 3 years as well as any current or planned influence campaigns.
- DNI must support DHS in sponsoring a security clearance up to the top-secret level for each eligible chief state election official, and additional eligible designees.
- DNI must assist DHS with sharing any appropriate classified information related to threats to election systems and to the integrity of the election process with chief election officials and designees.
- DHS must coordinate with DNI to facilitate the sharing of information to the affected Secretaries of State or states.
- DNI, FBI, and DHS, must brief Congress if they jointly determine that a significant foreign cyber intrusion or active measures campaign intended to influence an upcoming election has occurred or is occurring and, with moderate or high confidence, that the intrusion or campaign can be attributed to a foreign state or other foreign entity. If the determination involves a significant foreign cyber intrusion, the agencies must also offer to provide a classified briefing to the owner or operator (with appropriate clearances) of any electronic election infrastructure directly affected, including steps that may be taken to mitigate intrusion.
- Authorizes DNI to designate a national counterintelligence officer to lead counterintelligence matters relating to election security, including risks posed by interference from foreign powers to federal government election security supply chain, election voting systems and

AMERICAN OVERSIGHT

software, voter registration databases, and critical infrastructure related to elections.

**UOCAVA Provisions**

- Requires military Voting Assistance Officers (VOA) to provide military voters, upon request, with a Federal Write-In Absentee Ballot (FWAB) along with instructions for the appropriate state. If that state does not accept the FWAB as a simultaneous application and ballot, the VOA must provide the voter with the FPCA and instructions.
- Requires FVAP to conduct a study on the feasibility of a pilot program for full ballot tracking of overseas military ballots.

Merry Christmas, Happy Holidays, and Happy New Year!

**Subject:** Fulton County Poll Worker Training

Hi Blake,

Hope all is going well for you. I have some questions about poll workers, poll worker training, and the poll manager training class:

1. Is it too late for someone to sign up through the FC Registration and Elections website to be a poll worker for the March 24 election?

It is not too late. If you have someone that wants to work, send us the name in order for us to make sure we put the name on the radar. The person also needs to fill out an application online.

2. If it's too late, could people sign up now to work on the May 19 Primary? Is there anything else we should be telling people who might be interested in being poll workers? See #1.
3. I've been behind the curve in responding about attending a poll manager training class – would it be OK if I attend the class on Tuesday, Feb. 11 from 9:00 – 12:30 at the EPC? We really appreciate your allowing us to attend – it will help us give accurate information to our poll watchers.

That is fine to take that class. I'll cc: Johnny on this.

Thanks so much for all you do to make voting accessible and efficient.

# Fulton County Registration & Elections to Host Mock Election

*Voters can try new election equipment on Tuesday, February 18*

ATLANTA – Fulton County Registrations & Elections will host a mock election to allow residents to use new voting equipment prior to the upcoming Presidential Preference Primary. Voters can visit any of 13 locations throughout the County to use Georgia's new voting equipment on Tuesday, February 18, 2020 from 10 a.m. to 4 p.m.

The mock election results are purely for testing purposes as Registrations & Elections team will use the event to acclimate staff and the public to the new equipment. Fulton County plans to have 2 voting machines and printers at each location, with the exception of Fulton County Government Center, where there will be six of each. Locations for the mock election include:

- **North Fulton Service Center; 7741 Roswell Road, Suite 232; Sandy Springs, GA 30350**
- **Fulton County Government Center; 130 Peachtree Street, SW; Suite 2186 Atlanta, GA 3030**
- **South Fulton Service Center; 5600 Stonewall Tell Road, Room 108; College Park, GA 30349**
- **C.T. Martin Natatorium and Recreation Center; 3201 Martin Luther King Jr. Dr., SW; Atlanta, GA 30311**
- **Roswell Library; 115 Norcross Street; Roswell, GA 30075**
- **Adams Park Library; 2231 Campbellton Road, SW; Atlanta, GA 30311**

# Fulton County Registration & Elections to Host Mock Election

*Voters can try new election equipment on Tuesday, February 18*

ATLANTA – Fulton County Registrations & Elections will host a mock election to allow residents to use new voting equipment prior to the upcoming Presidential Preference Primary. Voters can visit any of 13 locations throughout the County to use Georgia's new voting equipment on Tuesday, February 18, 2020 from 10 a.m. to 4 p.m.

The mock election results are purely for testing purposes as Registrations & Elections team will use the event to acclimate staff and the public to the new equipment. Fulton County plans to have 2 voting machines and printers at each location, with the exception of Fulton County Government Center, where there will be six of each. Locations for the mock election include:

- **North Fulton Service Center; 7741 Roswell Road, Suite 232; Sandy Springs, GA 30350**
- **Fulton County Government Center; 130 Peachtree Street, SW; Suite 2186 Atlanta, GA 3030**
- **South Fulton Service Center; 5600 Stonewall Tell Road, Room 108; College Park, GA 30349**
- **C.T. Martin Natatorium and Recreation Center; 3201 Martin Luther King Jr. Dr., SW; Atlanta, GA 30311**
- **Roswell Library; 115 Norcross Street; Roswell, GA 30075**
- **Adams Park Library; 2231 Campbellton Road, SW; Atlanta, GA 30311**
- **East Roswell Library; 2301 Holcomb Bridge Road; Roswell, GA 30076**
- **Alpharetta Library; 10 Park Place; Alpharetta, GA 30009**
- **Chastain Park Gym; 140 West Wieuca Road, NW; Atlanta, GA 30342**
- **Sandy Springs Library; 395 Mount Vernon Hwy NE; Sandy Springs, GA 30328**
- **East Point Library; 2757 Main Street; East Point, GA 30344**

# Fulton County Registration & Elections to Host Mock Elections

*Elections team will test new Georgia equipment and procedures on Feb. 18*

ATLANTA – Fulton County Registrations & Elections will host a daylong mock election to allow residents to use the new voting equipment to be implemented for the upcoming Presidential Preference Primary. Fulton County encourages residents to visit one of 13 locations throughout the County to come experience Georgia's new voting equipment on Tuesday, February 18, 2020 from 10 a.m. to 4 p.m.

The mock election results are purely for testing purposes as Registrations & Elections team will use the event to acclimate staff and the public to the new equipment and procedures. The locations where residents can test the equipment include:

- **North Fulton Service Center; 7741 Roswell Road, Suite 232; Sandy Springs, GA 30350**
- **Fulton County Government Center; 130 Peachtree Street, SW; Suite 2186 Atlanta, GA 3030**
- **South Fulton Service Center; 5600 Stonewall Tell Road, Room 108; College Park, GA 30349**
- **C.T. Martin Natatorium and Recreation Center; 3201 Martin Luther King Jr. Dr., SW; Atlanta, GA 30311**
- **Roswell Library; 115 Norcross Street; Roswell, GA 30075**
- **Adams Park Library; 2231 Campbellton Road, SW; Atlanta, GA 30311**

I'll check with Blake, Johnny and Sharon. The manual was supposed to be out on Tuesday after they said it would be released at the end of the month. Then, they told us that Chris Harvey spoke out of turn and it was going to be the end of the month. Today they released it. Going back and forth on us has been frustrating, but it is out now. Therefore, we can solidify a schedule.

Ms. Wright:

AMERICAN OVERSIGHT

Would you please let me know the rationale for me being denied the opportunity to work at the polls on March 24th?(Presidential Preference)

I am neither an elected official nor will my name appear on the ballot as a candidate.

I was happy to provide my time, knowledge, and experience to the benefit of Fulton County residents at RW 17 on two voting occasions in 2019.

According to the poll manager, she is short one person, so I hope to be able to assist.

Thank you.

Dr. Betty Price

Mr. Glenn,

Any voter can request an absentee ballot application on behalf of another voter as long as they meet their relationship requirements. This will be the a reason why the voter themselves would not have signed the application. When the absentee application is rejected because of lack of signature, we send the application back to the voter. The voter then sends the application with the signature. Our procedure is if a voter applies for an absentee application that they must sign. I am unaware of the 16 applications noted below. If you have copies of the applications or know of the voters impacted, maybe we can research it further for an explanation.

I am cc'ing Ralph on this email. He will know why those electors were found eligible.

With regard to the DRE Recap sheets, I'd have to go back and look. I know that we go through paperwork after the election. Dwight Brower was the Elections Chief, then. My recollection of that is limited, at best. I'd have to ask Sharon and Johnny to indicate what our post-election audit found. I cc'd them.

Hi Mr. Barron:

I am in the process of completing the investigation on the case involving the November 7, 2017 City of Atlanta General Municipal Election and the December 5, 2017 Runoff. During the investigation it was learned election personnel failed to record or recorded incorrect information on one-hundred and twenty (120) DRE Voting Machine Recap forms. It was also learned election personnel found sixteen electors eligible to receive an absentee ballot even though they did not sign their name or make their mark on the application. Since the applications were not signed the elections personnel were not able to compare the signatures to the elector's voter registration cards. Do you know why the electors were found eligible to receive an absentee ballot?

Mr. Glenn,

Any voter can request an absentee ballot application on behalf of another voter as long as they meet their relationship requirements. This will be the a reason why the voter themselves would not have signed the application. When the absentee application is rejected because of lack of signature, we send the application back to the voter. The voter then sends the application with the signature. Our procedure is if a voter applies for an absentee application that they must sign. I am unaware of the 16 applications noted below. If you have copies of the applications or know of the voters impacted, maybe we can research it further for an explanation.

Subject: Suggestions for Proposed Rules

Rick,

I think today is the last day to submit comments on the proposed SEB rules.

I've been reading through them, and I have found a couple of things that need to be changed regarding advance voting rules (183-1-14-.02).

Paragraph 8 on pages 3 and 4 – This states that the registrar and two sworn witnesses should be the ones to remove ballots from ballot boxes during advanced voting. Additionally, it states that the registrar and one sworn witness shall be the ones to transport the ballots. I think "registrar" is the wrong word. The advanced voting manager should be the one removing the ballots. Additionally, I think the ballots should be transported by the poll manager and one other sworn poll official or two sworn designees of the election superintendent.

Paragraph 15 on page 8 – This states that tapes should be printed on the advanced voting scanners. It says that one tape should be placed in an envelope and signed by the poll manager and two witnesses. However, our advanced voting managers will not be at the EPC when the tapes are ran. It should say something like the tape should be signed and sealed by the election superintendent or designee of the election superintendent.

Let me know if you want me to write up these suggestions and send them to the SOS. They are supposed to be sent to jshannon@sos.ga.gov<mailto:jshannon@sos.ga.gov>.

Thanks!

**Subject:** voter registrations done through DDS

Hi Rick,

One of the issues that our Voter Protection group is looking into is how the DDS functions in the area of voter registrations. We are interested in talking with you about any problems that you experience as a county in your dealings with DDS – i.e., duplicate registrations that you have to process, errors from DDS in the data they transmit to the county, etc. And do you have suggestions for solutions to any problems that you identify?

Would you be willing to meet with our volunteer Rhonda Cook to discuss DDS? As you probably know, Rhonda was an AJC reporter for many years, and she is now retired from that work. She has offered to use her skills to look into registration issues with DDS so that we can try to solve or at least mitigate them, and she would like to hear your views, as well as the views of other election directors in the state.

May I have Rhonda get in touch with you to set up a time to meet? Many thanks.

**Subject:** RE: DDS registration

Rhonda,

I am derelict in getting back to you and putting you in touch with Rick Barron in Fulton and with Loretta Mirandola, who is our Legal Liaison for Gwinnett Co and can introduce you to the right person there. My understanding is that you will discuss with the elections person the problems that they see in their dealings with DDS – i.e., lots of duplicate registrations that they have to process, errors from DDS in the data they transmit to the county, etc. Rick may put you in touch with Ralph Jones, who's the chief of registration, and if so, try to have him include Pam Coman, his deputy, in any meeting you have with him. The 2 of them together are a good team.

Also, subject to Saira's thoughts, I'd suggest that you go ahead and draft an ORA request relating to DDS, maybe after you've talked to Shauna Dozier and Rick Barron/Ralph Jones. One of the specific things we want to see is all of the forms, both hard copy and electronic, that DDS uses with the public and that has any information or question about voter registration. As we discussed, my memory is that the question simply asked, "Do you want to register to vote?" and I found that confusing for people who are already registered but are now changing their address with DDS, especially from another county, if they don't understand that they have to re-register every time they change address.

Many thanks for all your work.

**Cc:** 'Rhonda Cook' <[redacted]
**Subject:** DDS registration

There are so many things I could not find answers to. I think a records request is needed. I can write it but I think it would be best coming from the party.

Also, I am going to keep trying to get in touch with the head of the elections office in Clayton

AMERICAN OVERSIGHT

County; I will be at the Board of Elections meeting next week. And Penn is going to make introductions to get me in with folks in Fulton, Gwinnett and possibly Cobb Counties.

These are issues I've found (not inclusive).

1. There seems to be conflict in the law. Paragraphs (f) (2c) and (g) say if a voter applying for or renewing a license with the Department of Drivers Services or Dept. of Natural Resources does not check a box beside any questions about registering to vote it will be treated as a declination to register. Then 21-2-221 (a) says applying for a renewing a license will "serve as an application for voter registration unless the applicant declines to register to vote through specific declination or by failing to sign the voter registration application." I'm not a lawyer, though.
2. Is there a paper form that a driver completes that is used by the DDS employee to put information in electronic form?
3. Are people notified if there is a problem with their voter registration as a result of applying for or updating a license?
4. How many voter information documents flawed?
5. Looks like there are many opportunities for duplicates if voter registration information is submitted by agencies like DDS and DNR. What is the quality and quantity of the records forwarded to local election officials

I think we should make an open records request for:

1. Rules and regulations with the Secretary of State, Department of Drivers Services and the Department of Natural Resources regarding voter registration. It should include information about the process for gathering information from potential voters, whether the accuracy of the information is verified and how the information is transmitted.
2. Statistics of registrations and declinations that agencies like DDS and DNR must maintain and transmit to the Secretary of State beginning when the law took effect.
3. How many business outlets that issue hunting, fishing and trapping licenses provide voter registration information to the state and how many have opted out of the program because those business sell alcohol.
4. Actions required if voter information from DDS and other state agencies is rejected. How many voter applications have been accepted and how many have been rejected since the law took effect?
5. Forms or other documents that are completed by potential drivers and/or state employees to register to vote. Instructions for processing those forms.

I know I'm missing something but wanted to get these suggestions out there. If any of this is of interest and if you have other things you think we need I can draft a records request and send it over.

Rhonda

Hey -

I just left you a VM on your cell. The Board of Health had the room booked for their 3 day Statewide emergency response exercise. I spoke with their leadership and they have agreed to relinquish the room on the 24th to support your election. HOWEVER, they will need the room Wednesday the 25th in the AM. Based on their need, I am requesting your support to ensure IT removes all the laptops that night and also returns the phones to the EMA programming once the center closes on the 24th. If you think that you can make that happen, I think we will have this problem resolved.

Let me know.

# 2019 VOTER GUIDE

**GREETINGS, FULTON COUNTY VOTERS!**

This is a guide intended to provide you with information necessary to participate in the March 24, 2020 Presidential Preference Primary.

Registration Deadline: February 24, 2020

Times Election Day polls are open: 7:00 a.m to 7:00 p.m.

## EARLY VOTING

Early Voting will start on Monday, March 2, 2020 and continue until Friday, March 21, 2020. A list of the dates, locations and times are located in this brochure.

## SAMPLE BALLOT

A county-wide Sample Ballot begins on page five to provide you with an overall view of what is on the Fulton County ~~b~~Ballot. To view the sample bal- lot specific to your precinct, go to: www.mvp.sos.ga.gov/MVP ~~ga.gov/MVP~~ and follow the instructions.

## ABSENTEE VOTING

Request an Absentee Ballot as soon as possible and no later than Friday, March 21, 2020 by 5:00 p.m. You must request an absentee ballot for every election you want to vote in, unless you are over 65, disabled or in the military. If any of the exceptions apply to you, then your absentee ballot request is good for that year's election cycle.

You can request an absentee ballot by calling the Fulton County Registration and Elections' office at 404-612-7060, or visit our website at www.fultonelections.com and complete the online application form. Fax to 404-612-3697 or email it to elections.absentee@fultoncountyga.gov.

A physically disabled or illiterate elector may receive absentee ballot assistance from any person of the elector's choice, EXCEPT elector's employer or agent of employer, officer or agent of elector's union, candidate on the ballot of family member of candidate (unless disabled/illiterate elector is related to candidate).*

Absentee ballots can be returned by voter personally, voter's family member, individual residing in voter's household, disabled voter's caregiver, or employee of jail where elector is in custody.*

Friday, March 21, 2020 is the last day an absentee ballot may be mailed. Your Absentee Ballot must be returned to the Fulton County Absentee Ballot Unit no later than 7:00 p.m. on Tuesday, March 24, 2020.

AMERICAN OVERSIGHT

## VOTER IDENTIFICATION

*Georgia law requires that you present one of the following forms of valid photo identification when you vote:*

1. A Georgia driver's license (including an expired Georgia driver's license)
2. Any valid state or federal government issued photo ID, to include:
   a. A free Georgia voter identification card issued by your county's registrars;
   b. Georgia State ID issued by the Georgia Department of Driver Services (DDS);
   c. A valid student ID card issued by a Georgia public college, university or technical school;
   d. A valid out-of-state driver's license;
   e. public transit issued photo ID card; and
   f. Any other federal or state agency or government issued photo ID card.
3. A valid United States passport;
4. A valid employee photo identification card issued by any branch, department, agency, or entity of the United States government, this state, or any county, municipality, board, authority, or other entity of this state;
5. A valid United States military photo identification card; or
6. A valid tribal photo identification card.

★ ★ ★

# YOUR VOICE IS YOUR VOTE

## DISABLED VOTERS

Voters who are unable to sign their name, unable to see or mark a ballot, unable to operate the voting equipment, or enter the voting booth without assistance, can receive assistance from any person of the elector's choice EXCEPT elector's employer or agent of employer, officer or agent of elector's union, candidate or family member of candidate (unless disabled elector is related to candidate). **HB 316 amends OCGA 21-2-409(b).*

There are voting machines designed to accommodate those with disabilities. Please request a copy of our VOTERS WITH DISABILITIES brochure for the specifics.

## VOTER REGISTRATION AND ADDRESS CHANGES

You must be registered to vote at least 30 days prior to any given election in which you wish to vote. Your registration will remain active unless you do not vote in three election cycles.

You are eligible to vote in Georgia if you are:

- A citizen of the United States
- A legal resident
- At least 18 years old (you may register at 17- 1/2 years old) **HB 316 amends OCGA 21-2-216 (a) and (c) – as long as the registered voter will turn 18 on or before Election Day, they are eligible to vote in that election.*
- Have not been found to be mentally incompetent by the court
- Are not serving a sentence for a felony
- Meet all other State requirements, such as showing a photo ID

In order to change your address and or name and vote in your current resident precinct, you must file a change of address with the Department of Driver's Services (DDS), fill out a State Voter Registration application (online at www.fultonelections.com or www.sos.ga.gov; click on: Elections, Voter Info and Voter Registration).

A 24-Hour Interactive Voice Response System:

Starting one week prior to Election Day, voters may call the Voter Registration Office, 24-hours a day, 7 days a week at 404-730-7072 and be connected to an interactive voice response system, which will provide voters their voting locations.

AMERICAN OVERSIGHT

## OBSERVATION, VIEW AND TABULATION OF ELECTION RESULTS

OBSERVATION OF COUNT – Appointed Tabulation Center Poll Watcher(s) may observe the tabulation of votes until all votes are tallied in the designated area of the Ballot Tabulation Center at 1365 English Street, Atlanta, GA 30318.

## INFORMATION DISSEMINATION AND VIEW OF ELECTION RESULTS

Fulton County Registration and Elections Department provide unofficial and official Election Results electronically at no cost.

Election Night - All results displayed on election night are UNOFFICIAL and include Absentee Ballots, but do not include Provisional Ballots.

Election night results may be obtained by:
1. In person: Fulton County Elections Preparation Center, 1365 English Street, Atlanta, GA 30318
2. Telephone: 404-612-7020 until 12 a.m.
3. Online: www.fultonelections.com or www.sos.state.ga.gov/elections

Unofficial Precinct Returns
The first returns are projected to be available at approximately 9:30 p.m. on election night and the final returns are projected to be available at approximately 11:30 p.m.

Day after Election
All results displayed on our web on election night and the day after an election are UNOFFICIAL and includes Absentee Ballots but does not include Provisional Ballots.

Absentee Ballots
The opening of absentee ballot envelopes begins at 7:00 a.m. and tabulation of ballots will begin at 7:00 p.m. on Election Day until all ballots are counted at the Fulton County Elections Preparation Center at 1365 English Street, Atlanta, GA 30318.

## PROVISIONAL BALLOTS

Will be tabulated beginning at 5:00 p.m. on the Friday after the election at the Fulton County Elections Preparation Center at 1365 English Street, Atlanta, Georgia 30318.

Provisional voters have until 5:00 p.m. the Friday after the election to provide any required documentation. To check Provisional ballot status, voters may call 1-866-677-5328.

Provisional voting allows the voter to cast a ballot in person, even if all the requirements for doing so cannot be met at the time. The provisional ballot will count if the problem is solved within three days after Election Day.

The three most common reasons for voting a provisional ballot are:

1. Voter is unable to show one of the required forms of photo ID when voting in person;

2. When voter first registered to vote in Georgia, registration was by mail, the voter did not provide any identification at that time, and was unable to present acceptable identification the first time voter voted in person; or

3. Voter's name does not appear on the list of registered voters in the precinct.

## CERTIFICATION OF ELECTION RESULTS

*Please contact the Fulton County Registration and Elections office prior to certification to confirm the date, time and place.*

Call us at 404-612-7020 between 8:30 a.m. and 5:00 p.m. or visit our website under: Board Meetings at www.fultonelections.com, Board of Registration and Elections, Board Meeting Dates.

**COALITION PLAINTIFFS' STATUS REPORT REGARDING BMD IMPLEMENTATION AND RESPONSE TO STATE DEFENDANTS' REQUEST TO DESTROY DRE SYSTEM RECORDS**

Pursuant to this Court's order by docket entry only dated January 15, 2020, Coalition Plaintiffs[1] respectfully submit this status report and further response to the State Defendants' Request for Status Conference.

## I. Implementation of BMDs and Compliance with the Court's August 15, 2019 Order

In their Response to Defendants' request for a status conference (Doc. 692), Curling Plaintiffs presented a good overview of the substantial voting-system-implementation risks, which are escalating daily. Coalition Plaintiffs have repeatedly expressed concerns to Defendants about the impact on voters'

[1] The "Coalition Plaintiffs" are Plaintiffs Coalition for Good Governance, Laura Digges, William Digges III, Megan Missett, and Ricardo Davis.

AMERICAN OVERSIGHT

constitutional rights of a failed voting system implementation stemming from an unrealistic rollout schedule, as described in the First Supplemental Complaint (Doc. 628, ¶¶ 187–99). Convincing new evidence continues to indicate that the March 2020 elections and two state legislative vacancy elections for 12 counties[2] cannot be conducted without depriving Georgia voters of their ability to freely exercise their right to vote unless an effective backup hand-marked paper-ballot default plan is utilized in the vast majority of counties.

On August 15, 2019, this Court ordered the State Defendants to develop a "default back-up plan" for the use of hand-marked paper ballots that "addresses the contingency that the new BMD system enacted by the State Legislature may not be completely rolled out and ready for operation…" at the time of the March 2020 elections. (Doc. 579, at 148.) A hand-marked paper-ballot election pilot was ordered and successfully completed in Cobb County "to *assist in the development* of the contingency plan." (Doc. 570, at 148 (emphasis added).) Coalition Plaintiffs have repeatedly requested information about the Court-ordered contingency default plan through interrogatories and by email. (Exhibit 1 (email thread).) The Defendants failed to provide substantive responses to the interrogatories, have

[2] State House District 171's special election includes 3 counties with election date of January 28, 2020. State Senate District 13 includes 9 counties with a special election date of February 4, 2020.

AMERICAN OVERSIGHT

referred counsel to the Proposed Election Board Rules, and have deflected questions concerning the contingency plan. (E.g., Exhibit 2 (interrogatory response); see also Doc. 684-1.)

During the December 6, 2019, Status Conference, in response to the Court's inquiry about a "fallback plan" in the event of a troubled implementation, Defendants referenced their traditional "back up plans" using provisional ballots when polling place emergencies occur. (Exhibit 3 (transcript), at 60:12-61:12, 66:1-69:4.) Defendants apparently have not complied with the Court's directive to develop a pre-March primary contingency plan capable of being triggered in the event of BMD-implementation difficulties, but instead have proposed rules for a post-implementation polling-place "back up plan" for localized isolated emergency situations such as power outages or polling-place machine malfunctions. (Doc. 684-1 at 83, ¶ 2(d); id. at 85, ¶ 11(a). )

A sample of relevant evidence of the imminent need to utilize hand-marked paper ballots in upcoming elections is summarized below:

**A. Significantly Delayed Equipment Deliveries**

Apparently only half of Georgia's 159 counties have received (partial) equipment deliveries or have equipment scheduled for delivery. The other 80 counties do not know when to expect delivery, despite the fact that mail ballots

AMERICAN OVERSIGHT

must be prepared by February 4. While Defendant Secretary publicly asserts that deployment of the BMD system is "ahead of schedule," that is patently false. (Exhibit 4; see also Doc. 357-5, attached for convenience, (describing State Defendants' proposed phases of expected equipment and EMS software delivery).)

For one thing, delivery of the Phase 1 equipment (essential training, programming and testing equipment for all counties) is running weeks later than the plan detailed in the contract. (Exhibit 5 (Dominion's implementation schedule).)[3] Dominion's Response to the RFI noted its commitment to fully deliver equipment by mid-January.[4] Mid-January completion of delivery is consistent with the Secretary of State's communication to counties made on an October 10, 2019, conference call, stating that all equipment should be in all counties by mid-January. By January 10, the Secretary of State's office was communicating that one half of the counties were either delivered or scheduled. (Exhibit 6, ¶ 5 (Marks Decl.).) The attached compilation of public records and excerpted press reports

[3] Exhibit 5 is an excerpt of Dominion contract, which is available at https://sos.ga.gov/securevoting/ (last visited Jan. 15, 2020).

[4] Id. ("The Dominion plan is to deliver fully by the end of 2019 or no later than January 15, 2020 so the State, the counties, and the poll workers all have adequate time to install, train and establish the support model for the statewide election in March.") (Dominion Response Document 12-6, at 1).

AMERICAN OVERSIGHT

shows county officials' anxiety about implementation and demonstrates the conflicting, changing information local officials are receiving from the State. (Id. ¶ 9)

More importantly, the critical central county server installed with Election Management System ("EMS") software, which is required for running ***any*** type of Dominion voting system election (hand-marked-ballot or BMD) and which was due in ***all*** counties between November 6 and December 31, has not been received by any county (with the possible exception of counties already voting). The State has given counties no clear understanding of when the required EMS software will be available. As of January 7, there was no anticipated date, and later, on January 10, the State's expectation of delivery of EMS by February 1 was communicated. Secretary of State staff further acknowledged on a call that EMS and related county level training and testing is "very technical." (Ex. 6, ¶ 4.) The EMS software should have been readily available in August, given that it is simply certified Dominion EMS software version 5.5-A, installed on an off-the-shelf Dell computer, and is the gating requirement for a county's voting system implementation and operation. None of a county's voting systems, including optical scanners and tabulators for hand-marked paper ballots or BMD barcode

AMERICAN OVERSIGHT

ballots, can be programmed, used for training, tested or deployed until the EMS system is delivered, debugged, tested and staff trained on its use (not an easy task).

Approximately 80,000 computerized components must be integrated, programmed, tested, and installed in polling places after the EMS server and software are delivered to the counties. Even if EMS delivery happens immediately, the schedule for BMD equipment delivery, acceptance testing, programming, Logic and Accuracy Testing, training and deployment of 80,000 components would still be far behind the already "tight schedule,"[5] creating a high risk of failure with no meaningful ability to recover. Fulton County expects more than 3,000 BMDs (6,000+ pieces of equipment) which have not been delivered. (Ex. 2.)[6]

Athens-Clarke County Board of Elections expressed considerable concern in its meeting Tuesday, January 7, 2020, about the fact that there is no schedule for delivery of its voting equipment. (Exhibit 7, ¶ 14 (Supp. Decl. Dufort).) Additionally, Athens-Clarke does not know how many of its traditional polling

[5] Hearing Tr. Vol. 1 (7/26/2019), Doc. 570, at 52 (Beaver testimony).

[6] *See also* WABE interview with Rick Barron, Jan. 9, 2020, *available at* https://www.wabe.org/episode/closer-look-fulton-elections-director-talks-2020-voting-city-councilmember-farokhi-responds-to-tensions-between-us-and-iran/ (timestamp 16:35).

AMERICAN OVERSIGHT

places can support the required number of machines because electrical inspections have not been completed. (Id. ¶ 11.) These issues are likely to be common to all counties.

**B. Failure to Promulgate Essential Administrative Rules**

Two special legislative vacancy elections are currently being conducted using BMDs in twelve counties, and statewide preparations are underway for the March 24, 2020, election. The State is required by O.C.G.A. § 21-2-31 to promulgate election rules that will govern these elections and the March 24 primary using a new voting system. But the eventual effective date and final content of the presently proposed rules, for which the State Election Board is only now accepting public comment, are currently unclear.[7]

State Defendants' failure to provide for timely mandatory election rules means that state and county election officials are unprepared to properly administer fair and reasonably uniform first quarter 2020 BMD elections. For example, poll worker training for the new procedures and equipment is awaiting the adoption of

[7] Numerous substantive comments on the Proposed Rules have been submitted such as those proposed by Brennan Center and Common Cause (https://www.brennancenter.org/our-work/research-reports/brennan-center-submits-comment-georgia-state-board-elections-proposed) and the Democratic Party of Georgia (https://brambleman.com/georgia-democrats-response-to-state-election-boards-proposed-rules/) (last visited Jan. 15, 2020).

AMERICAN OVERSIGHT

new Election Rules because training requires the printing of pollworker manuals incorporating new rules, according to Fulton County Election Director Richard Barron.[8] Critical rules for testing the complex BMD-integrated equipment will not be in force or enforceable for some time, nor will cybersecurity rules or physical security rules. Scores of pages of administrative rules specifically related to DREs were required to conduct DRE-based elections. Analogous, essential rules for BMD-based elections are not yet in place for first quarter 2020 election activities, putting the uniform administration, equal treatment of voters, and integrity of the elections at risk. The State Election Board failed to meet to discuss BMD election rules until December 17, 2019.[9] The State Board will consider revisions to draft rules based on public comments that will be submitted through at least January 22, 2020. *See* Doc. 684-1 at 2. Once approved, there is a 20 day period for potential challenges before the rules are effective. These circumstances portend chaos.

[8] *See also* WABE interview with Rick Barron, Jan. 9, 2020, *available at* https://www.wabe.org/episode/closer-look-fulton-elections-director-talks-2020-voting-city-councilmember-farokhi-responds-to-tensions-between-us-and-iran/ (timestamp 19:50).

[9] The State Election Board met only three times during 2019.

AMERICAN OVERSIGHT

### C. Ballot Secrecy Violations Are Unresolved

Large, vote-revealing screens make it impossible to conduct legal first quarter 2020 Elections using the Dominion ICX ballot-marking device. An effective ballot secrecy protection solution is required to permit voters to preserve ballot secrecy. This secrecy violation is described in both the Coalition Plaintiffs' Reply Brief filed in support of a preliminary injunction (Doc. 680, at 11) and in the Help America Vote Act Complaint that Coalition for Good Governance filed on December 30, 2019, pursuant to O.C.G.A. § 21-2-50.2 and Election Rule 590-8-2-.01. (Ex. 6, ¶ 6.) A recent picture published in the Atlanta Journal Constitution (taken in the Cartersville, Bartow County, precinct) illustrates this pervasive voter-privacy problem. (Id.. ¶ 7.)

### D. Special Legislative Elections In Process

Two special elections covering twelve counties (HD 171 and SD 13 elections) are already underway and demonstrate the State's extreme lack of preparedness for a first quarter conversion to Georgia's Dominion Voting System. State Defendants previously told this Court that the chance of such elections occurring during the first quarter was remote and inaccurately asserted that vacancies occurring before December 2, 2019, would not result in special vacancy elections prior to the March 24, 2020, primary. (Doc. 616, at 7.) Now 135,000 voters are forced to vote in

AMERICAN OVERSIGHT

these two special elections without benefit of required pre-election testing or formal Election Code Rules that control the conduct of BMD elections.

The twelve counties conducting these special vacancy elections have experienced a variety of problems that have impacted election preparation, equipment testing, and early voting. Such problems include late equipment deliveries, missed deadlines for conducting mandated Logic and Accuracy Testing, inadequately trained workers, and inadequate public notice of pre-election testing. The nine counties in Senate District 13 were informed on January 2 that a special election would occur on February 4, with early voting to begin on January 13, requiring completed equipment testing by January 10, although some did not receive equipment until the week of January 6th and had no prior pollworker training.

The BMD system cannot be properly operated or tested by county election officials (nor can proper oversight be conducted by board of elections members) in the absence of an EMS system that has yet to be delivered.

**E. Failure to Determine What Constitutes A Vote**

State Defendants have failed to satisfy their federal and state statutory duties to define how BMD votes are to be officially counted. The paper ballot card produced by the BMD includes both an encrypted barcode containing the voter's

AMERICAN OVERSIGHT

selections and a text list of those selections, making essential a rule concerning which of the ballot markings is the official vote. As experts have repeatedly explained, the information contained in the barcode can differ from the text because of configuration errors or malicious attacks. Federal and state laws alike recognize the important requirement to define "what constitutes a vote" in each new voting system and mandate such a determination ***prior*** to the conduct of the election: "It shall be the duty of the State Election Board: To promulgate rules and regulations to define uniform and nondiscriminatory standards concerning what constitutes a vote and what will be counted as a vote for each category of voting system used in this state." O.C.G.A. § 21-2-31(7); *see also* 52 U.S.C. § 21081(a)(6).

The State Defendants have failed to fulfill this statutory duty, which is necessary given the vague and conflicting requirements of Georgia's BMD statutes with respect to which markings are the official votes that must be counted. (Doc. 628 ¶ 52-55.) This determination must be made prior to counting BMD-barcoded ballots, but special elections involving 135,000 voters are already underway and the question is not even scheduled to be addressed before voting begins in the March 2020 presidential primary.

AMERICAN OVERSIGHT

### F. Insufficient Voting Stations Available

Defendant Secretary of State's office has acknowledged that, because of BMD demands on electricity and space in polling places, "some counties will not be able to meet the minimum" number of BMDs required to be deployed by HB316, which is 1 BMD per 250 registered voters. (Ex. 6, ¶ 8.) The State Election Board has responded to the capacity constraints created by the large footprint and energy demands of the BMD system by proposing an Election Rule, (Proposed Rule 183-1-13-.01; Doc. 684, at 104), that attempts to circumvent the new statutory minimum voting machine availability protections, with the absurd result that a single BMD in most polling places would satisfy the proposed Rule.

Such arbitrary and capricious allocation of voting machines circumvents statutory minimum requirements and foreseeably will result in unfair, disenfranchising, discriminatory, and chaotic polling place administration. With new machines, new software, and inadequate pollworker training, the voting process will already entail longer-than-normal voting times, which were already unacceptable in some jurisdictions. A dearth of equipment can only exacerbate the effects of these mounting, turnout-suppressing problems—all to the detriment of voters.

AMERICAN OVERSIGHT

### G. Summary

The State must be ordered to conduct the upcoming elections using the default of hand-marked paper-ballots, something this Court previously ordered the State to prepare to do. The State must also determine whether those hand-marked paper ballots can realistically be counted at scale by the yet-to-be installed Dominion software, scanners, and tabulators for all first quarter Elections. Unless action is taken now, the State risks jeopardizing the fundamental voting rights of every Georgia voter who participates in the presidential primary. Failsafe measures can still be adopted to ensure a fair election in the March primary, but only if immediate simplifying actions are taken to correct and streamline the current complex (and transparently failing) course of implementation.

## II. Preservation of Election Equipment

The Curling Plaintiffs have explained why preservation of the GEMS/DRE equipment and related electronic records that the State Defendants seek to destroy is essential to resolving Plaintiffs' remaining claims and why the GEMS/DRE evidence bears on this Court's determination as to whether the State's new, BMD-based voting system will sufficiently protect voters' rights and the reliability of election results. (Doc. 692, at 12-17.) Coalition Plaintiffs join in the Curling Plaintiffs' explanations.

AMERICAN OVERSIGHT

Coalition Plaintiffs agree that past infection of the DRE voting system and election infrastructure has created a realistic risk of transferring malware to the new BMD voting system, which may have already occurred. Dominion's own contract states, "Dominion will work with the State to develop the appropriate workflow to import the candidate/contest information directly *from the State of Georgia's current Election Information Management System* and create the absentee ballot, BMD ballot, and sample ballot from the same imported file." (Doc. 619-8, at 64 (emphasis added).)

Several other important points also require the attention of the Court and are addressed next.

**A. Federal and State Laws Require Continued Preservation**

First, even if preservation of the GEMS/DRE equipment were not required by this Court's orders (which it is), it would still be required by federal and state law. Federal and state laws require the preservation of ***all*** election records for 22 months (federal) and 24 months (state). *See* 52 U.S.C. § 20701; O.C.G.A. § 21-2-52; O.C.G.A. § 21-2-73.

These laws protect the vast majority of electronic records covered by the Defendants' request for authorization to destroy GEMS/DRE equipment, which would necessarily result in the destruction of the hard drives (the internal memory)

AMERICAN OVERSIGHT

on the machines. Those hard drives contain crucial election records that will become unavailable once the equipment is destroyed. Thus, destruction or disposal of the GEMS/DRE equipment containing electronic records, including memory cards and servers, will violate both this Court's existing preservation orders and federal and state laws. Coalition Plaintiffs have no objection to destruction of items of DRE system equipment that have no ability to store or transmit electronic records. State Defendants' motion for authorization to immediately dispose of all DRE machines and attendant equipment ignores both the continuing need for these records in this litigation and the Defendants' (and counties') obligations to comply with election-record-retention statutes.

Coalition Plaintiffs have repeatedly reminded Defendants of their statutory obligations to retain these electronic election records regardless of any additional obligations imposed by the Court. It is therefore especially concerning that, according to numerous public records obtained by Coalition Plaintiffs, Defendant Secretary has instructed all county superintendents to release their servers, DREs, and memory cards to a recycler over whom the counties have no control. Such instruction violates the requirement of ***local*** election office preservation required by federal and state law. In addition to a blatant violation of records retention mandates, even if the recycler were to preserve the records, the State effectively

AMERICAN OVERSIGHT

GA-FULTON-20-1047-A-000896

puts many recent public election records out of reach of the press and the public. Millions of election records are maintained in electronic format only, and officials access DREs, memory cards, GEMS databases, and GEMS servers to obtain needed electronic records. Storing the records in warehouses hours away from the local official makes ongoing records access nearly impossible and unaffordable for a public records request related to prior elections.

### B. The FBI Drive Contains Evidence of Actual Hacking; Further Forensic Review of DRE System Components Is Required

Second, as Coalition Plaintiffs and their expert explain in more detail in their separate submission under seal, it is absolutely critical that the GEMS/DRE electronic records and related documents be preserved to enable a full forensic analysis of the security of Georgia's new, BMD-based voting system, and to permit the State to develop mitigation and prophylactic measures where possible.

It is critical that the Defendants preserve the disputed electronic records contained on the voting equipment so that Coalition Plaintiffs can evaluate the security of Georgia's new voting systems. As cybersecurity experts have explained, if attackers could have infiltrated components of the old GEMS/DRE system, "[s]uch access would provide the attacker a foothold from which to attack the new EMSes, BMDs, scanners, and pollbooks." (Doc. 692-3, ¶ 3.) The

AMERICAN OVERSIGHT

vulnerability is greatly exacerbated because, as Plaintiffs have made clear, the BMD system results cannot be audited as a mitigation to cybersecurity risks.

Cybersecurity expert Logan Lamb has found evidence that components of Georgia's old voting infrastructure were actually infiltrated. (Exhibit 10 (Decl. Lab).). Through his preliminary forensic analysis of the KSU server, Lamb has found evidence that an unknown number of attackers illegally gained access to the server. At least one attacker gained access using an exploit called "shellshock," which CES left unpatched for months after the bug was the subject of significant media attention and dire warnings from the Department of Homeland Security. (Id. ¶¶ 13-14.) Evidence on the server shows that the attacker illegally infiltrated the server, edited files, and deleted almost all records of their activities. (Id. ¶¶ 13-20.) So it is not mere speculation that Georgia's old systems were compromised. There is strong evidence they were compromised using a known unauthorized hacking tool. The "shellshock" attack would have given the unknown attacker "almost total control of the server including abilities to modify files, delete data, and install malware." (Id. ¶ 20.)

This compromised KSU server is of special concern because of its close connection to the rest of Georgia's voting infrastructure. The server stored the software and configuration files of the type routinely loaded onto the DRE

AMERICAN OVERSIGHT

machines. (Id. ¶¶ 25-27.) It stored databases of voter registration data that was used in electronic pollbooks. (Id. ¶ 28.) The server was used to "distribute GEMs databases, software, and other files that could be used to spread malware." (Doc. 692-3, ¶ 4.) This KSU server was one of the prime footholds from which it was possible to launch attacks on Georgia's computer networks, IT infrastructure, and voting machines. Evidence exists that demonstrates this server was hacked. Because this compromised server is inextricably connected to Georgia's voting systems past and present, it is "unreasonable to assume that the new BMD election system and supporting infrastructure is not already potentially compromised or exposed to malware." (Ex. 10, ¶ 30.)

Determining the scope of damage from the breach will be difficult. The "shellshock" attacker appears to have hidden evidence of their activities. Mr. Lamb found that website access logs "which would be critical for forensic work only go back to November 10, 2016, two days after the 2016 election." (Ex. 10, ¶ 11.) The most relevant logs from before and during the election were all inexplicably deleted. Because of limitations of the server image, forensic analysis of other DRE/GEMS system components is essential "to properly assess the current and future threat to the BMD system." (Id. ¶ 31.) This is a key reason why the Defendants must preserve the old GEMS/DRE electronic records until the

AMERICAN OVERSIGHT

Plaintiffs are able to utilize their forensic experts to determine the extent of the damage done by previous attacks, the potential sources of the attack that are subject to recurrence, and the extent to which attackers should be understood to have access to and control over the new BMD system as a result of the compromise of the former DRE system components.

### C. Other DRE Equipment Also Must Be Preserved

Third, Coalition Plaintiffs have long stated their intent to undertake a forensic analysis of targeted samples of specific DREs, memory cards and other electronic records, focused particularly on anomalies in reported election results in several recent elections. Examples of such anomalies include the pervasive and statistically unlikely results of reported high undervote rates in the 2018 Lieutenant Governor's contest, including in heavily African American precincts, (Doc. 419-1, at 24-28), and anomalous DRE machine results in the Clarke County Winterville Train Depot, (Id. ¶¶ 24-29.) Coalition Plaintiffs have identified races, counties and precincts for which the electronic records are desired. Further, in June 2018, Coalition Plaintiffs provided Defendants with a list of attributes of machines for which preservation of unaltered electronic records would be required.[10]

[10] The list included (1) all DREs from polling places in which the difference is greater than 3 between voter applications and the total number of ballots cast according to the machine tapes; (2) all DREs in a polling place for which ballots

AMERICAN OVERSIGHT

Preservation of all such equipment and documents is specifically required by this Court's November 22, 2019 Order. (Doc. 668, at 3). In addition, Coalition Plaintiffs specifically requested, in a June 27, 2018, email to the State Defendants, that all DREs that evidenced voting anomalies and related memory cards be preserved. (Exhibit 8 (Ichter email).)

**D. Either The State Possesses Materials Or Spoliation Has Occurred**

Fourth, State Defendants' assertion that the State "does not possess," "[f]or each piece of equipment at issue, the precinct and election during which it was last used" (Doc. 689, at 3) either is false or discloses a violation of the above-cited federal and state laws by the Secretary of State that suggests spoliation. The "Recap Sheets" used by counties to track the usage of individual DRE machines are routinely provided to the Secretary of State and on their face say, "WHITE sheet to Secretary of State." (Exhibit 9 (examples of recap sheets).) At a minimum, the Secretary of State should possess these documents.

---

cast per machine tape differs from the total ballots voted in that polling place as reported in GEMS; (3) all DREs in a polling place for which total electronic ballots case on election day, according to the machine tapes, differs from the Clarity report published on the Secretary of State's website; (4) all DRE machines in polling places where there is a difference between the quantity of voted ballots for each ballot combination and the quantity of each ballot combination in the electronic pollbook assigned for actual voters; (5) the counties' GEMS servers; and (6) memory cards for all DREs.

AMERICAN OVERSIGHT

### E. Other Evidence Of Spoliation Exists

Finally, Coalition Plaintiffs fear destruction of DRE equipment is already occurring. In October of 2019, the Secretary of State's office informed counties that, if they kept the DRE machines, "you will have to destroy them and pay for that on your own"; whereas "[the SOC is] willing to take the equipment and destroy it for free." (Ex. 6, ¶ 5) This communication appears to be totally inconsistent with the assurance of preservation that the State Defendants gave this Court when they said,

> As the BMDs are deployed, DREs and the existing GEMS components will be removed from counties and preserved by the state because most counties do not have the space to store both DREs and BMDs. The existing DREs and GEMS components will be stored by a state vendor …

(Doc. 616-1, ¶ 12 (Harvey Decl.).)

On January 10, 2010, Mr. Harvey blamed the Court's preservation order for the delay in new equipment delivery, communicating to election officials that the State, "Lost 3-4 weeks at the beginning when Judge said they have to keep all old equipment, not just some." (Ex. 6, ¶ 5) This suggests that some destruction may have already occurred. At a minimum, after representing to the Court that they would preserve DRE components, the State's plan apparently was to destroy the DREs rather than to preserve them as required.

AMERICAN OVERSIGHT

The significance of the DRE evidence cannot be overstated. As Logan Lamb's expert declaration indicates, troubling evidence has been identified that suggests the necessity and continued relevance of forensic analysis of the old system for purposes of determining the security of the new system.

## III. Conclusion

Counsel for Coalition Plaintiffs will be prepared to answer questions and to address these matters further at the Status Conference.

**QUALIFYING FEE NOTICE**

In accordance with **the Georgia Election Code Section 21-2-131**, **Fixing and publishing of qualification fees; manner of payment; distribution of fees paid**, the following qualifying fees are to be set by the Fulton County Board of Commissioners for county offices to be filled in the upcoming primary or elections and elected by Fulton County voters in 2020:

| **Fulton County Office** | **Qualifying Fee** |
|---|---|
| State Court Judge | $5,088.33 |
| Judge of the Probate Court | $3,282.78 |
| Fulton County Commission District 2 | $1,050.00 |
| Fulton County Commission District 4 | $1,050.00 |
| Fulton County Commission District 6 | $1,050.00 |
| Fulton County School Board District 1 | $555.00 |
| Fulton County School Board District 3 | $555.00 |
| Fulton County School Board District 4 | $555.00 |
| Fulton County Clerk of Superior Court | $3,282.78 |
| Fulton County Solicitor General | $4,820.53 |
| Fulton County Sheriff | $3,421.21 |
| Fulton County Tax Commissioner | $3,282.78 |
| Fulton County Office of Surveyor | 100.00 |

**Qualifying Period**: March 2, 2020 (beginning at 9:00 A. M.) through 12:00 noon March 6, 2020, for a Political Party Candidate to file a Notice of Candidacy to have hi s/her name placed on the General Primary Ballot O.C.G .A. $21-2-153 (C)(1); and for a Non Partisan Candidate to file a Notice of Candidacy to have his/her name placed on the General /Non-Partisan Ballot, O.C.G.A. $21-2-132, 21-2-172, 21-2-187.

The General Primary will be held on **May 19, 2020 and the General Election will be held on November 3, 2020.**

**Subject:** Re: [EXTERNAL] RE: [EXT] RE: Proposed Rules

Good Day all, yes I agree with Janine's response. We you search for the voter on the poll pad, if the voter is registered in another precinct, the poll pad will have wrong poll location and once you touch the voter's record, it will provide the voting location. We are directing to provisional station if the voter insists on voting at the precinct.

AMERICAN OVERSIGHT

On another note, I was told yesterday by KnowInk that it's not possible to encode a voter card for a supplemental voter. Based on what was explained, we would have to load the supplemental voters to the poll pad on the Saturday before the election; however, all other supplemental voters found after the Saturday, would vote a paper ballot.

For the Pilot Counties, is this how you all handled supplemental voters?

Also, based on the SOS Poll Manual a "V" status voter is a voter with an incomplete VR application and these voters would need to provide the missing information or vote a provisional ballot. In the past, the procedure was to verify the voter's ID and allow them to vote.

Am I misunderstanding what I have read and have I been handling "V" status voters incorrectly??

For the Poll Pad training, make sure you all understand how to process an absentee voter who surrendered their ballot at the polls...what's in the knowink procedure book is not what GA will do....I'm told, we will touch documentation provided and process the voter as usual...I do not like this. There is no where to select ballot surrendered.

I'm hoping I'm wrong on this

Bless your heart Veronica.

Well guys…I believe I am having more fun than you are.

Our BOE is really pushing for only paper use (no BMDs) for the PPP. Our newly elected Chairman told the media last night at our board meeting that if we cannot settle the privacy issue (according to their view of privacy; so regardless of what the code says, 6ft barrier) they will vote to use paper and no BMDs.

Do they have that authority? No, but it is obvious to me that they are not and will not back down until they are challenged in court. Since November they (as in majority) have tried to prove the equipment or the process of the BMDs (electricity, space, privacy, etc.) is impracticable and impossible. So fun; right! I have zero support of the majority of the board in almost anything. I still do not miss my role as Hall County Director though…Please lift us prayer over here in Athens-Clarke.

I do not believe any other Elections Office is dealing with this. If you know of any, please let me know.

**Subject:** RE: [EXTERNAL] RE: [EXT] RE: Proposed Rules

Things I have learned today that I thought were worth sharing:

UPS units can be tricky.  We had several that were on yesterday, but off this morning.  Poll workers went to turn printers on this morning and panicked when the would not come on --- simple fix to turn the UPS unit back on but that was the last thing we checked.  You know the general rule is to always panic BIG first before looking for a simple problem and solution.

AMERICAN OVERSIGHT

Poll pads do not list a cumulative number of check-ins on all units. It just shows the check-ins for that individual poll pad. To get a cumulative number you must look at the summary report. Also the circle with the number of poll pads talking on the top right hand corner does not include the unit you are actually looking at. – Just little things that we were not told in training that caused concern this morning, when it appeared they were not jiving with each other.

Waiting on the next wave of the panic tsunami around closing tonight!

Please continue to pray no runoff for us. I really can't do this on March 3 again.

Veronica

**Subject:** RE: [EXTERNAL] RE: [EXT] RE: Proposed Rules

I agree Veronica! Mandi, your email really was spot on. You guys sit tight. All of the concerns expressed by the group have been reiterated to the State. The latest info (as of just a few hours ago) is very promising – not perfect, but certainly better. If the final product is what was described to me, it basically would allow using our discretion/judgement for allocation, but makes some changes in the section relating to voters voting for more than 1 hour in precincts with more than 2000 voters. Again, not perfect, but a step in the right direction. Just as soon as I get it in writing, I will pass it along for input.

Hang in there and talk soon!

**Subject:** RE: [EXTERNAL] RE: [EXT] RE: Proposed Rules

Good Evening!!

Very cool Veronica – great thought!

However……..I'll be honest….it does not fix several issues we are about to run into with our polls based on the current 1/250 code. I think I am a bit of an anomaly in the group – as we have precincts with a large number of voters assigned to them. This has worked for us in the past. And I understand this may not work for us in the future. We just added 5 new polling places in October. Already in the works long before the new equipment was known. That brings us to a total of 20 Election Day polling places with approximately 160,000 total registered voters.

Advance Voting has been extremely popular in our county from day 1. That being said – we have times like the PPP when ED is more popular – just like it seems to be statewide. But we still have a lot of voters during AV.

I realize we may need to make changes after this election. I and my Board are committed to going through the PPP to see what works and what does not. We struggled to find the 5 new polling places we are just opening…..us finding, securing and opening additional new polling places….even under the heading of 'emergency' for the PPP…..I would not know where to begin.

I'm sure this is my tiredness coming through…..but……if I still have a decent grasp on dates and calendars…..the proposed Rules that are out for public comment/review right now are not even going to be official until near the end of February….and that's assuming no major changes are offered between now and that time. So, even a rule that says I have to have one machine for every 25 voters, simply means it is a rule I will be breaking for the PPP, as time will simply have run out to make drastic changes.

Could a rule go into effect only for the March 24 PPP…..something that allows for some kind of broad baseline…..but that allows discretion….and then….within 10 days of the PPP…this group is charged with coming up with proposed formulas based on what they can then say with certainty will work with the new equipment we now have in place? And that proposed Rule is posted on the 11th day for public review. And that Rule will go into effect for the General Primary (or for the November General)?

I'm struggling to come up with figures, when I have not voted in an election with this equipment yet. As an extreme example….if it ends up taking my voters an extra

AMERICAN OVERSIGHT

three minutes for each voter compared to what it has for the equipment we've had all of these years, I think my formulas for calculating equipment allotments is going to vary drastically from what it has in the past.

I know there have been a few counties that can speak to this – but since I'm not one of those counties – how can I begin to make baselines that are going to affect every single elections office in the state, when I haven't seen how *this system* works in real life in my county?

Again, I'm sure it's just my tiredness…..but is it necessary we rush into setting a standard without having voted in one election with this equipment? We've gone all these years and done an okay job 😊….can we have some discretion to try it one more time…..and then set a baseline using facts and experience?

I'm done.

Thanks for reading 😊 happy almost Friday!

**Subject:** RE: [EXTERNAL] RE: [EXT] RE: Proposed Rules

Good morning! I had a thought about 4:00 when I could not sleep. If the SEB is looking for a "formula" to determine the minimum number of voting booths we should use, I would like to suggest the following – this formula would work for me and give me some control early in the process. Would love to hear if it would work for others.

1. For General elections and Primaries –
    a. Turnout is never 100% - so why not use 70% (75 makes sense but we could subtract out 5% for advance voting because most of the time we end up on a big election with a final turnout of 75% when it is done.)
    b. Example – Precinct with 4700 voters

        4700 x .70 = 3290 voters. Then divide that by the magic 250 number in the law and you end up with needing 13 BMDs instead of 18. This is about what I use anyway. This would allow me

AMERICAN OVERSIGHT

to plan L&A and deliveries early in the process. And once again this is just a minimum number – I can adjust up if needed based on the races on my ballot.

2. For Runoffs and Specials, why not use 25 or even 20% for the minimum? Typically 25% turnout in a Special or Runoff is good. And this is just a minimum. We can adjust based on "hot" races etc.

I just really don't want to – can't – wait until the last day of Advance Voting to figure out what is needed, so that means I would be deploying a lot of equipment that probably would not be needed. I have played with numbers and this would work well for me. I realize I am small, but percentages typically go across the board regardless of county size. Thoughts?

Veronica

A random question for the group…

I've got a board member that wants to schedule voting machine demonstrations at retail spaces such as Walmart or Kroger. Does anyone else do that? I don't know why, but the idea of being setup in a parking lot just makes me nervous.

Thanks,

Joseph

Yes Mandi; I totally agree requiring the poll worker to just post the list would suffice. You are correct; we have to take an account of what we are requiring of our poll workers in addition to processing their paperwork timely and back at our location in a sufficient amount of time. Any hindrances on them getting their work completed and accurate will just prolong their mission and this could very well be one. Just make the list another posting and allow the Poll Watcher take pictures of what is posted.

In handling the press, I always ask that they not take any pictures of voters unless the get permission from the voter; not to use the zoom on the camera. And, as far as Election Day is concerned, I totally leave it up to the Poll Manager if they will allow the press to photograph or not. I do; however warn

AMERICAN OVERSIGHT

them to acknowledge the media and state their expectations up front, referencing 21-2-413(e).

**EXTERNAL SENDER: This email originated from outside of the organization.
Do not click links or open attachments unless you recognize the sender and know the content is safe.**

Good Morning All,

Thank you again to Lynn for getting this all together and sharing the information with us!!! Great job!!

I've only reviewed the one so far about taking pictures 183-1-12-.12 of the tapes, prov ballot recap sheet and the numbered list of provisional voters. I'm on the fence on this one.

If it is determined they are permitted to take pictures of the provisional numbered list of voters and/or this new form –then why not just amend the Code section that says that poll workers shall also post a copy of the numbered list and/or new form on the door. Then to some extent, you don't need a rule that says anyone can take pictures – it is what it is. The poll workers post the information and people can start clicking with their cameras as they always could.

I'm probably overthinking it – but when it comes time to close down procedures and trying to perform all of the close down procedures as prescribed by law – why introduce electronic devices into the polling place when they are not permitted most any other time. Because if you have a rule that acknowledges people can take pictures – then it seems to me you can end up with people standing there saying – no wait – I get to take a picture of that; can you hold that flat on the table while I take a picture; etc. – while the poll workers are still trying to complete their close down procedures. If the rule is simply – a copy of each of these items will be posted to the door of the polling place you may view and take pictures as desired –it seems simpler and cleaner.

As for the privacy issue of a provisional ballot voter – that's definitely one for the attorneys – but if we post an absentee voter list daily and the election day numbered list is subject to public viewing – why would the provisional ballot numbered list not be available for public viewing?

Once I have a chance to read the other proposed rules, I'll forward along my thoughts.

AMERICAN OVERSIGHT

On a tangent note to picture taking – how do you all handle the press at the polls when voting is taking place? Do you have defined office/board rules/standards? Is it handled on a case by case basis? We encountered this issue last year. A candidate was voting on Election Day. It was the busiest time of the day – line was out the door – smallish polling place. Not ideal for having the press set up to take photos/video. Our Board Chair happened to be there at the time so he handled it in person. They were able to snap a picture of the voter – I think they went with him filling out his paperwork. But, I know this will happen more this year with the new equipment and the media will want shots/video. I know they can't take it of the ballot/screen – but the other is fair game. Just curious how you guys train your poll workers and what you permit/do not permit.

Thanks,

-Mandi

**Subject:** Proposed Rules

All,

I have attached all of the proposed Rules that were posted following the SEB meeting last week. Please review and provide feedback as you deem necessary. The public comment period will end around 2/21. You will notice that there are two different versions of 183-1-12.12. The first version contained in the long document (50 pages) was approved by the Board in order to get the rest of the changes made to that section approved. Paragraph 12 of Section 183-1-12 was immediately amended and the new proposed language is on the short document entitled 183-1-12.12 (4 page document). That section is being debated right now. Here is the new version:

*8. Accredited poll watchers must be able to observe the entire process described in this rule. After the tabulation of results on election day has been completed, accredited poll watchers shall be permitted to photograph the tape of tabulated results referenced in section (1), provisional ballot recap sheet referenced in section (3), the Numbered List of Provisional Voters, and the form*

*referenced in rule 183-1-12-.14(b).*

We all realize that both the tape and the Prov Recap sheet will be posted on the door of the polling place. Whether or not the provisional numbered list may be photographed is what is up for debate. There are clear privacy laws in place regarding the voter's provisional balloting information and it has not been determined at this time what will prevail, so stay tuned for that one. The "form" that is referred to in 183-1-12.14(b) is a yet to be developed form where election superintendents will record any equipment malfunctions and remedies taken to correct the malfunction.

Also, be sure to look at page 12 of the long version of 183-1-12. Paragraph (c) speaks to a requirement of sending emergency ballots to each polling place equal to 10% of the total number of active registered voters for each precinct. That one is firmly in place, but I did want to bring it to your attention.

Lastly, be sure to look at 183-1-13.01 – allocation of equipment on Election Day. There have been many versions of this rule. This is the version that was posted. The idea is to come up with a ratio for what would be sufficient for each type of election. For instance, the proposed Rule may work great for November General Elections, but not for general Primaries, specials and runoffs. I hope to have some suggestions for

AMERICAN OVERSIGHT

the group tomorrow, but we should all be thinking about what a good ration will be in each of these types of elections.

Thanks all for your continued good work on this project. I hope that everyone is doing well. We are good here.

AMERICAN OVERSIGHT

AMERICAN OVERSIGHT

AMERICAN OVERSIGHT

AMERICAN OVERSIGHT

AMERICAN OVERSIGHT

Items of interest

**183-1-12.02**

Pg.4 #2. – Emergency Ballots – This language allows us to continue using our discretion as to the number of emergency ballots needed for each precinct, but mandates that whatever that number is, it must be adequate

183-1-12.04

Pg. 24 #2 –Storage of equipment and battery charging schedule - I do not think that any of these provisions are negotiable or that they need to be changed, but we need to be aware of the new procedures.

Pg. 25 #4 – Storage of equipment – nothing new here, just need to be aware of the requirement to keep seals on equipment and to keep a log of the seal numbers

183-1-12.05

Pg. 26 #6 – Storage of equipment at polls – This section was amended to allow for the storage of equipment in a security cart that is a reasonably affixed to the polling place. It also acknowledges that all facilities are different and gives us the discretion of using our own judgement as to what is required to keep the equipment protected and secure. Lastly, this provision mandates that if surveillance is used, it must not take place while voting is ongoing.

Pg. 26 #8 – Warranty/Repair and Replacement – just something to be aware of. Existing warranties will be in place through 2021, I believe

183-1-12.06 – New Section outlining proper “Handling of Voting System”. This used to be the Provisional Balloting section, which is not 183-1-18

Pg. 28 #7 – Annual Audit Count of Voting System Components – new requirement to perform an audit and submit findings to SOS

183-1-12.05

Pg. 37 - Revised requirements regarding ballot proofing

183-1-12.08

Pg. 39 - Revised requirements for L&A Testing

AMERICAN OVERSIGHT

183-1-12.11 – this section outlines procedures Conducting Elections on Election Day using the BMD system. I would suggest that everyone read this section. Here are a few observations that stood out to me:

Pg. 44 #1 – requires check in poll workers to verbally instruct voters on the voting process specifically in reviewing their ballot and #8 on pg. 46 requires that the worker at the ballot box periodically offer instruction, as needed.

Pg. 45 #(d) – requires switching to emergency ballots if the wait time at the polls on Election Day is longer than 30 minutes

Pg. 45 #3 – addresses unattended ballots left on the printer

Pg 46 # 6 – addresses how assistance applies if a someone assists a voter in getting their ballot into the ballot scanner

Pg. 46 #9 – addresses what happens if the voter leaves without submitting their ballot into the scanner

There are no requirements for manually counting the ballots removed from the ballot box.

183-1-12.12 Tabulating Results – there are many changes in this section. We will all need to read this one

Pg. 48 #2 – This provision describes the reconciliation of ballots cast at the precinct. Unattended ballots as described on pg. 45 will need to be reconciled somewhere. These will be ballots that were cast, but abandoned by the voter on the printer. Should they be logged as spoiled and reconciled that way?

Pg. 45 #6 – addresses concerns voiced by large counties about satellite drop off points for memory cards and the subsequent transportation of the memory cards from the satellite drop off to the main tabulation center.

183-1-12.14

Pg. 51 #(b) – requires that a log be kept of equipment malfunctions and that the log be provided to SOS – new requirement

183-1-12.18 – Provisional Ballots – we should all read this and compare notes.

Pg. 52 #4 – states that an electronic poll book must be present at the provisional ballot station.

AMERICAN OVERSIGHT

There other things throughout that sound different, so take a look. PS: I have already submitted the electronic poll book at the provisional station to the State.

**183-1-6.02 (6) and (7)**

Pg. 3 #(b) – the time period for turning around vr apps submitted by third party groups moves from 3-4 weeks to 2 weeks. Does that give us adequate time? I believe it does, with the proper planning.

Pg. 4 #(d) new requirement that all vr registrants processed by third party groups be advised that they must include the DL number or ID card number

Pg. 5 #(i) – prohibits third party groups from telling vr applicants that they do not have to include their DL numbers

**183-1-13.01**

Gives guidance on calculating the minimum number of voting booths (BMDs) to be available to voters in each precinct.

**183-1-14.02 – Advance Voting**

Pg. 1 #2 – changes advertising requirements for AV times/locations

Pg. 2 #4 – permits using a BMD to manually bring up a ballot style in the event of an Poll Pad failure

Pg.2 #(6) – requires magnifying devices at AV locations for ballot review

Other procedures in this section outline daily opening and closing procedures, emptying the ballot box, overnight security requirements, etc. for AV

Pg. 5 # 12 - There are no requirements for the manual count of ballots removed from the ballot box

Pg. 8 #15 – requires posting tapes from AV units and requires two different envelopes/security bags for tapes.

Pg. 8 # 16 – permits remote drop off of memory cards for large jurisdictions

Pg. 9 #2 – requires that any ab app developed by a third party must be substantially in the same form as the SOS app

AMERICAN OVERSIGHT

Pg. 10 – tightens up the time frame for notifying a voter of a rejected ab ballot

AMERICAN OVERSIGHT

# Team Action Planning Quick Guide

This guide will help you use the Team Action Planning presentation to facilitate an action planning meeting inspired by your department's survey results. This will help your team identify clear actions on the way to working better together.

## The process

To best serve you and your busy team, we've streamlined this process so that each step has maximum impact while using minimal time. (If you're the curious type, check out page 3 for the neuro-psychology behind each slide.)

Here are the steps we recommend:

### Set up a one-hour meeting

- ☐ Schedule a one-hour meeting with your team.
  - If you have team members located together, you'll need a projector.
  - If you have remote team members, you'll need screen sharing.
- ☐ Block your calendar for the ten minutes before the meeting so you can arrive early.

### Prepare for the meeting

- ☐ Review this guide and the accompanying action planning presentation.
- ☐ Print slide 4 from the presentation (OrgHealth™ statements) for everyone
- ☐ Print page 2 from this guide (slide-by-slide instructions) for your reference during the meeting. (Those instructions are also within the slides "notes" section.)

### Run the meeting

- ☐ Show up to the meeting early to make sure the projector and/or screen sharing are working – this will send a powerful positive message and help you start on time.
- ☐ Conduct the one-hour action planning meeting using the guide on the next page.

### Follow up

- ☐ Enter the actions in the Action Tracking software (see page 4)
- ☐ Follow up on action progress in your regular team meetings.

AMERICAN OVERSIGHT

# Slide-by-slide meeting instructions

Feel free to reference these instructions during the meeting – it's even okay to just read them aloud as you go.

## Slide 1: Cover slide (2 min)

**Objective**: Show how much you value your team.

- ☐ Welcome everyone
- ☐ Thank them for their time, both in taking the survey and now in the meeting.
- ☐ Share your excitement about this opportunity to improve how the team works together.

## Slide 2: Introduction (2 min)

**Objective**: Set expectations for the meeting.

- ☐ Read the slide

## Slide 3: OrgHealth™ by department (2 min)

**Objective**: Set the context of whether scores are good, bad, or in the middle.

- ☐ Share a quick reflection on how you feel about where your department fell.

## Slide 4: OrgHealth™ statements (12 min)

**Objective**: Share the collective confidential perspective from the survey and allow employees to publicly react.

- ☐ Invite room to quietly reflect on slide.
- ☐ Encourage each person to be brief so the meeting can stay on schedule.
- ☐ Start with a person next to you and ask them to share their quick reaction.
- ☐ Go around the room in the direction away from you, asking each person to share their reaction.
- ☐ You go last.

## Slide 5: 3 levels of action planning (2 min)

**Objective**: Set expectations that both employees and management can work to make things better.

- ☐ Read the slide

## Slide 6: Individual action planning (10 min)

**Objective**: Help employees see they have an important role to play.

- ☐ Have team quietly reflect for a minute.
- ☐ Break team up into pairs. If there is an odd number of people, you won't have a partner.
- ☐ After it feels like folks have had enough time, bring group back together.
- ☐ Ask for volunteers to share the action their partner committed to.

## Slide 7: Team action brainstorming (15 min)

**Objective**: Get as many concrete, assignable actions as possible in a short time.

- ☐ Follow instructions on slide

## Slide 8: Team action planning (10 min)

**Objective**: Assign who is doing what by when.

- ☐ Follow instructions on slide.
- ☐ For owner, choose the person with the most passion, especially if they have some negativity.
- ☐ For approach, refer to slide 9.
- ☐ For due date, aim within 30 days and express it in terms of an existing meeting, like "two team meetings from now," or "our next one-on-one."

## Slide 9: Team action approaches

(reference only)

**Objective**: Reference to pick action approach

## Slide 10: Final word (3 min)

**Objective**: Make sure everyone is heard and end on a positive note.

- ☐ Start with a person next to you and ask them to share a single word.
- ☐ Go around the room away from you.
- ☐ You go last - say you're going to cheat and pick two words: "thank you"

# The neuro-psychology behind each slide

**If you're busy, this page is optional.** However, knowing this will help you make the meeting as effective as possible.

## Slide 1: Cover slide

By taking the time to get the team together especially for this, showing up ahead of time, and being well prepared (thanks to this guide), you send the important message that you value your team's feedback.

## Slide 2: Introduction

By starting the meeting with the objective and the process that will be used to achieve that objective, you get everyone on the same page and avoid a lot of wasted time in misunderstandings where people in the room are working towards different objectives. (We recommend this approach for all group meetings.)

## Slide 3: OrgHealth™ by department

Seeing how the team compares to peers inspires the group to see each other as on the same team working together and helps everyone want to do better.

## Slide 4: OrgHealth™ statements

Forcing everyone to speak early in the meeting encourages people to stay engaged with the meeting because they don't know when it might happen again. That along with the brevity constraint ensures the meeting isn't dominated by the loudest personalities. (We recommend this approach for all group meetings.)

## Slide 5: The three levels of action planning

For lower scoring departments, slides 3 and 4 can bring down the energy in the room. Ideally, the thinking forced by the conceptual nature of this slide will pull some (but not all) people out of their emotions.

For all departments, it introduces the mindset that employees have the power to make things better and don't have to be dependent on their managers for solutions. That mindset shift is a key component of healthy workplaces.

## Slide 6: Individual action planning

While slide 5 introduces the concept of empowered employees, this one makes it real for them.

Having each employee commit to a peer and having the peer publicly announce the commitment increases the likelihood it will be taken seriously and actually done.

## Slide 7: Team action brainstorming

The celebrations help balance the energy and make it easier to get started, while the ban on debate keeps ideas flowing and saves a lot of time. The requirement of being able to assign a person and a date makes it so the ideas can actually be acted upon.

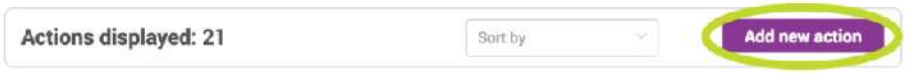
## Slide 8: Team action planning

Limiting the number of actions makes it more likely that they're done and helps you artfully avoid less impactful ideas.

At a higher level, this meeting passes power back and forth between you and your team so that everybody feels a sense of ownership. Employees get to come up with the potential actions, then you get the power back by being able to choose which actions. Employees get the power to take the actions, but in the end, you're still choosing how much authority the employee has as they move forward.

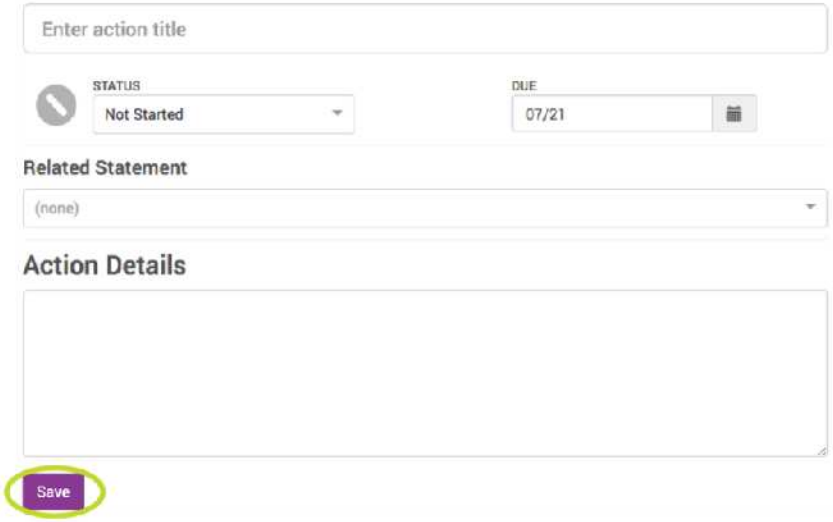
## Slide 9: Final word

Ideally, the meeting ends with positivity and team buy-in. That's not easy, especially for lower scoring departments. This exercise prevents energy sucking comments like "this seemed good, but I doubt anything will really happen." Even cynical people will typically choose a somewhat positive word such as "hopeful."



By ending the meeting with your gratitude for the team, you get to express your respect for the team while subtly shifting your mindset in case it has gone a little negative from the meeting.

# A quick guide to action tracking



**If you're busy, this page is optional.** The software is simple and intuitive, but if you'd like an idea of what's involved after the meeting, read on.

## 1. Open up Action Tracker

## 2. Select "Add New Action"

## 3. Fill in the form

## 4. Click "Save"

## 5. You're done!

You'll get reminder emails as the due date approaches.

FULTON COUNTY

# 2020 ADOPTED BUDGET

JAN 8 2020

AMERICAN OVERSIGHT

GA-FULTON-20-1047-A-001041

# INTER-OFFICE MEMORANDUM

**TO:** BOARD OF COMMISSIONERS

**THROUGH:** Dick Anderson, County Manager

**FROM:** Sharon L. Whitmore, Chief Financial Officer

**DATE:** January 8, 2020

**SUBJECT:** FY19 Budget Year-End Actuals and FY20 Changes to the Proposed Budget

FULTON COUNTY

Attached is the FY20 Adopted Budget booklet for your review. The booklet reflects the year end actual financial data for FY19, and the FY20 Proposed Budget with pending changes for the Board of Commissioners consideration.

# GENERAL FUND

## GENERAL FUND FY19 YEAR END RESULTS

The table below is a summary of revenue and expenditures for the General Fund in FY19 along with the amount of fund balance at the end of the year.

*in Millions $*

| | *Mid Year Projection* | *Actual 2019* | *Difference* |
|---|---|---|---|
| Revenue | $ 699.1 | $ 723.8 | $ 24.7 |
| Expenses | $ 689.9 | $ 694.2 | $ (4.3) |
| Revenue > Expenditures | $ 9.2 | $ 29.6 | $ 20.4 |
| Fund Balance Beg | 175.7 | 175.7 | |
| Fund Balance Ending | 184.9 | 205.3 | 20.4 |

### FY19 General Fund Revenue

The actual revenue amount for FY19 is $723.8 million. This amount represents an increase of approximately $24.7 million when compared to the mid-year projection of $699.1 million used to prepare the Proposed Budget.

The higher actual revenue when compared to the mid-year projection is the result of greater than projected revenues in a number of areas including:

- Additional $5.3 million in Current Year Property Tax collections. Approximately $1.5 million of the increase is the result of changes in the billing amount ensuing from the resolution of tax appeal cases. The other $3.8 million is the result of achieving a slightly

AMERICAN OVERSIGHT

higher collection rate than projected. This is a timing difference that will produce a slight reduction in Current Year Property Tax Revenue during 2020.

- Approximately $4.5 million in additional revenue from Prior Year Property Taxes. This increase was triggered by the resolution of tax appeal cases that were brought forward before 2019.
- $3 million in additional collections for Motor Vehicle Taxes.
- $3.6 million in additional Commission Revenue for property tax collections.
- $3 million in additional Interest Income revenue received from investment of our cash reserves.
- $2 million in additional other revenue collections primarily driven by Indirect Cost Recovery revenue from services provided and paid out of General Fund for other funds.
- Additional revenues for approximately $3.3 million were also collected from multiple sources including; Local Option Sales Tax, Intangible Recording, Local Government Contributions/Reimbursements, Rental Income and Refunds.

### FY19 General Fund Expenditures

The actual amount spent in FY19 is $694 million, which represents a year over year increase of approximately 8% when compared to FY18. This amount is less than the approved budget of $719 million by $25 million, and represents an increase of roughly $4 million to overall expenditures when compared to the mid-year projection of $690 million.

A vacancy rate of approximately 10% during the year and operational underruns of approximately 5% greatly contributed to lower than budgeted results.

The higher expenditures than estimated in our mid-year projection are the result of unexpected increases across multiple utility areas ranging from power ($3.2 million greater than originally projected), to water ($400,000 greater than originally estimated) and Network Telecom (approximately $500,000 higher than the original projection). These increases were triggered by multiple causes including; renovated libraries coming back online, higher than expected inmate counts at the jail, and the timing of payments for outstanding invoices. The Department of Real Estate and Asset Management will be performing a thorough review of electric power accounts, will investigate potential water leaks and will optimize some internal processes to ensure invoices are paid timely.

### General Fund FY19 Fund Balance

The FY19 ending Fund Balance is $205.3 million. It is higher than the mid-year Fund Balance projection of $184.9 million used to prepare the FY20 Proposed Budget by $20.4 million. The change in Fund Balance is the result of higher than anticipated revenue.

## GENERAL FUND REQUESTED CHANGES TO THE FY20 BUDGET

The following changes to the FY20 Budget are being presented for consideration and approval.

**Revenue:**

*Property Taxes*

AMERICAN OVERSIGHT

1. Increase FY20 Current Year Property Tax by $1.5 million (recurring)
   Action Required:
   Board of Commissioners approval is requested to increase the Current Year Property Tax revenue by $1.5 million. This revenue estimate is developed based on the latest billing information available for FY19 from the Tax Commissioner's Office. Any fluctuation in the billing amount will trigger an adjustment in the revenue projection for the following year.

2. Decrease in FY20 Prior Year Property Tax revenue by $3.8 million (non-recurring)
   Action Required:
   Board of Commissioners approval is requested to lower Prior Year Property Tax revenue by $3.8 million. Due to a collection rate slightly higher than originally projected in FY19 (actual of 96.7% vs projected of 96%), a lower Prior Year Property Tax Revenue amount is expected for FY20. This revenue collection adjustment is due to timing and is not expected to occur in future years.

3. Increase in TAVT Tax Collection for Motor Vehicles revenue by $1.5 million (recurring)
   Action Required:
   Board of Commissioners approval is requested to increase the TAVT Motor Vehicle Tax revenue by $1.5 million. The recommended increase was developed based on the positive revenue trends in collections experienced during FY19.

*Local Option Sales Taxes*

4. Increase in Local Option Sales Tax revenue by $ 838,000 (recurring)
   Action Required:
   Board of Commissioners approval is requested to increase the Local Option Sales Tax revenue by $ 838,000. The recommended increase was developed based on the positive revenue trends in collections experienced during FY19.

*Other Revenue*

5. Increase in Commissions on Tax Collections by $3.5 million (recurring)
   Action Required:
   Board of Commissioners approval is requested to increase the Commissions on Tax Collections revenue by $3.5 million. The recommendation to adjust this revenue was developed based on the positive trend in the digest over the last two years and the positive revenue trend resulting from this growth.

6. Increase in Indirect Costs Recovery revenue by $1.2 million (recurring)
   Action Required:
   Board of Commissioners approval is requested to increase the Indirect Costs Recovery revenue by $1.2 million. The increase is the result of the latest indirect costs recovery study, which outlines the cost burden of services carried by the General Fund on behalf of all other County funds. This revenue represents the recovery of costs by the General Fund from the other funds.

7. Increase in Interest Income from Investment revenue by $2.4 million (recurring)

AMERICAN OVERSIGHT

Action Required:
Board of Commissioners approval is requested to increase the Interest Income from Investment revenue by $2.4 million. The increase is the result of the County implementing a more tactical approach to ensure available cash produces slightly better returns than in the past. Additionally, higher available cash from a greater budget and fund balances also provides a greater pool of funds to invest.

**Expenditures:**

1. Increase in the budget for multiple departments by $478,500 (recurring)
   Action Required
   Request is being made to the Board of Commissioners to increase the budget for a number of departments in order to take into consideration healthcare benefit cost modifications resulting from the open enrollment period. The departments affected include:

   - Arts and Culture - $50,000
   - Board of Commissioners - $32,000
   - Diversity and Civil Rights - $15,000
   - Emergency Management - $25,000
   - Child Attorney - $6,500
   - County Marshal - $65,000
   - Emergency Services - $15,000
   - Registration and Elections - $57,000
   - State Court Judges – 53,000
   - Superior Court Judges - $110,000
   - Tax Assessor - $50,000

2. Increase in the budget of the County Manager by $73,820 (recurring)
   Action Required
   Request is being made to the Board of Commissioners to increase the budget of the County Manager by $78,820. This funding represents a transfer of one grade 18 position from the Department of Information Technology.

3. Decrease in the budget for the Department of Information Technology by $73,820 (recurring)
   Action Required
   Request is being made to the Board of Commissioners to decrease the budget of the Department of Information Technology. This represents a transfer of one position to the County Manager Department.

4. Allocation of $19.9 million in funding towards IT Cybersecurity and Other IT Capital related infrastructure (non-recurring)
   Action Required
   Request is being made to the Board of Commissioners to allocate $19.9 million in resources towards IT cybersecurity and other infrastructure. In light of current

AMERICAN OVERSIGHT

cybersecurity events specifically directed at state and local governments, and the recent internal risk assessment performed by our Information and Technology Department, we are recommending fully funding the IT enhancement request submitted as part of the FY20 budget. The Executive Team will discuss this item with the Board of Commissioners during executive session.

# GENERAL FUND SUMMARY

### FY19 – Results

The better than expected revenue picture in FY19 provided approximately $24.7 million in additional resources. The increase in revenue was slightly offset by higher than projected expenditures by approximately $4.3 million. This combination of higher revenue and higher expenditures resulted in a fund balance that is $20.4 million higher than originally projected.

### FY20 – Revenue

Based on the latest information available regarding FY19 Property Tax collection and billing amounts, and the different trends in revenues experienced across multiple revenue categories, we recommend an adjustment to FY20 revenue by $7.7 million.

### FY20 – Expenditure

We are recommending modifications of $27.7 million to the FY20 Proposed Budget. These modifications include an additional allocation to IT infrastructure ($19.9 million), additional funding for utilities ($3.3 million), additional resources for healthcare costs resulting from the open enrollment period ($478,500) and resources to be set aside in the fund balance to ensure it remains at the required level of 16.7% of total expenses ($4 million).

# OTHER FUNDS FY19 RESULTS

## FULTON INDUSTRIAL FUND

The table below is a summary of revenue and expenditures for the Fulton Industrial District in FY19.

*in Millions $*

| | *Mid Year Projection* | *Actual 2019* | *Difference* |
|---|---|---|---|
| Revenue | $ 17.2 | $ 17.4 | $ 0.2 |
| Expenses | $ 14.9 | $ 14.4 | $ 0.5 |
| Revenue > Expenditures | $ 2.3 | $ 3.0 | $ 0.7 |
| Fund Balance Beg | 23.6 | 23.6 | |
| Fund Balance Ending | 25.9 | 26.6 | 0.7 |

**FY19 Fulton Industrial District (FID) Fund Revenue**
The FID actual revenue total for FY19 is $17.4 million; an increase of approximately $200,000 when compared to the mid-year projection of $17.2 million.

**FY19 Fulton Industrial District (FID) Fund Expenditures**
The year-end actual expenditures total of $14.4 million is slightly lower than the mid-year projection of $14.9 million by approximately $500,000. The lower actual cost when compared to the mid-year projection was mostly the result of slightly lower economic development and blight remediation expenditures than originally projected.

**FY19 Budget Fulton Industrial District (FID) Fund Balance**
The ending Fund Balance for the FID is $26.6 million. The amount is higher than the mid-year projection of $25.9 million. The higher fund balance at the end of FY19 was mostly the result of slightly higher than projected revenues and lower expenditures.

# OTHER FUNDS REQUESTED CHANGES TO THE FY20 BUDGET

## AIRPORT FUND

**Revenue:**

*Rents and Royalties*

1. Increase in Rents and Royalties revenue by $59,815 (recurring)
   Action Required:
   Board of Commissioners approval is requested to increase the Rents and Royalties revenue amount by $59,815. The recommended increase was developed based on the positive revenue trends in collections experienced during FY19.

AMERICAN OVERSIGHT

*Sales Tax for Jet Fuel*

2. Increase in Sales Tax for Jet Fuel by $109,142 (recurring)
   Action Required:
   Board of Commissioners approval is requested to increase the Sales Tax for Jet Fuel revenue amount by $109,142. The adjustment was developed based on the actual receipts in 2019. Funding from this revenue stream will be used to cover airport related costs.

**Expenditures:**

1. Decrease in the expenditure budget for the Public Works Department by $81,466 (recurring)
   Action Required:
   Board of Commissioners approval is requested to decrease the expenditure budget for the Public Works Department. The Proposed 2020 Public Works budget includes an appropriated reserve of $2.2 million to be used as part of the Airport development project. The recommendation to reduce this reserve to $2.1 million will allow the fund to remain balanced. This reduction was triggered by the movement lower than projected revenues during FY19.

## WOLF CREEK FUND

**Revenue:**

*Fees*

1. Increase in Fees by $20,951 (recurring)
   Action Required:
   Board of Commissioners approval is requested to increase the Fees revenue amount by $20,951. The recommended increase is in line with Wolf Creek's operational plan for FY20.

## RISK FUND

**Expenditures:**

1. Decrease in the expenditure budget for Non-Agency by $204,802 (recurring)
   Action Required:
   Board of Commissioners approval is requested to decrease the expenditure budget for Non-Agency by $204,802. The Proposed 2020 Non-Agency budget includes an appropriated reserve of $43.1 million to be used for direct charges and settlements associated with risk related functions. The recommendation to reduce this reserve to $42.9 million will allow the fund to remain balanced. The reduction in the reserve follows slightly higher actual expenditures in FY19 than originally projected. This reduced the balance of resources carried forward into FY20.

# SPECIAL APPROPRIATION FUNDS – DESCRIPTION OF PURPOSE

Special appropriation funds are used to account for the revenue received from specific taxes or other specific revenue sources.

**Fund 308, Special Revenue TSPLOST:** A majority of voters of Fulton County approved a Transportation Special Purpose Local Option Sales Tax which began on April 1, 2017 and will continue until March 31, 2022. The proceeds from this tax are to be used for a number of transportation projects.

**Fund 345, Sandy Springs Tax Allocation District:** Holds residual monies of slightly over $3,000 for a tax allocation which was not finalized.

**Fund 419, Clerk of Superior & Magistrate Court Technology Fund:** Funds are generated through the E-Recording fees and will be used for technology in the Clerk of Superior & Magistrate Court.

**Fund 421, Sheriff's Sale Fund:** Funds generated through the sale of tax deeds on the Courthouse steps due to outstanding property taxes. Proceeds are used to offset the costs associated with the Sheriff's Tax Sale process.

**Fund 422, D.A.T.E. Fund:** Funds are generated through Judge ordered fines in Drug Court. Offenders are fined and 50% is added to the fine and are used for drug, alcohol, training and education purposes.

**Fund 423, Business Court Fund:** Funds are generated by a transfer fee that helps defray the costs of the senior judges as more cases are transferred to this division.

**Fund 429, Superior Court Technology Fund:** Funding will be used for technology in the Superior Court.

**Fund 433, Law Library Fund:** Funds are used to procure and maintain a collection of law books and legal references for use by citizens, judges, magistrates and county staff.

**Fund 434, Co-op Extension:** Fees from the rental of county properties and Community Garden.

**Fund 439, Fulton Clerks of Courts Technology Fund:** Funds are generated through the E-File fees and will be used for technology in the Clerks to Superior & Magistrate Court and State Court.

AMERICAN OVERSIGHT

**Fund 441, Restricted Assets:** 5% of the fines collected from all courts are used to fund the operations of Victim Assistance Programs.

**Fund 442, Federal Equitable Sharing:** Proceeds of liquidated seized assets from asset forfeitures are shared between law enforcement agencies – Fulton County Share.

**Fund 451, Salute to the Arts:** Funds are used to pay for Arts Council programming.

**Fund 453, Special Revenue Funds:** Agency Funds – Represents funds received from private donations for a variety of reasons. i.e., Beat the Odds Program, South Fulton Leadership Conference, Dept. Head flowers & retirement gifts, LGSF Conference, Judges Conference and children medical prescriptions.

**Fund 454, Hotel/Motel Taxes:** Represents funds collected by 3rd party company.

**Fund 455, Tommie Dora Barker Fellow Endowment:** Due to the closing of the Emory University School of Library Science, the assets of the Tommie Dora Barker Fellowship Endowment were transferred by Court Order to the Atlanta Fulton Public Library to be used for the purpose of staff development.

**Fund 456, FulCo/Atlanta Reappraisal Project:** Previous funding dedicated for property reappraisals.

**Fund 458, Indigent Defense Committee:** Funds used to pay attorneys to provide fair and equal representation for individuals who cannot afford representation.

**Fund 462, Fitness Center:** County employees pay, via payroll deduction, funds that provide for staffing and operation of the Fitness Center. (100% Employee Paid Dues)

**Fund 468, Employee Service Fund:** Represents funds received from vending machines and used to fund Fulton County employee appreciation events.

**Fund 470, NACO Conference:** Funds were accumulated for attendance at NACO conferences in prior years.

**Fund 473, Tree Preservation Trust Fund:** Developer related funding for the replacement of trees and preservation of greenspace and is held in trust pending final site plan approval.

**Fund 474, Tree Plant Trust Fund:** Funds shall be used to plant, install, and/or maintain trees and other landscaping on the site of a Capital Project or at public places in the Commission District.

AMERICAN OVERSIGHT

Fund 84C, Public, Education, and Government (PEG) Fund: Accounts for the receipt and expenditure of PEG fees collected through cable providers that are legally restricted for capital expenditures related to the County's cable access channel.

Special Revenue Fund for Constitutional Officers: Funds are generated from inmate commissary purchases at the Fulton County Jail and Alternative Dispute Resolution activity administered by Superior Court.

**From:** Frechette, Melanie <mfrechette@sos.ga.gov>
**Sent:** Friday, February 07, 2020 10:01 AM EST
**To:** Cynthia Willingham <Cynthia.Willingham@RockdaleCountyGA.gov>
**Subject:** RE: Questions Relating to Election Procedures

Cynthia,

I will answer what I can now.

1. You will use the precinct and district combo function in the last name and first name fields used during Advanced In Person encoding. The thing to consider is that these encoding counts will be listed as a Check-ins on the Summary Report of the Poll Pad and will not be a separate count.
2. Yes, the only pending voters will be for incomplete applications. You will need to decide how you will handle that. Anyone who can vote on the touchscreens should but, if not possible, a provisional ballot will need to be offered.
    a. As an example, the address is missing, a VR application is completed, but the voter is at the wrong precinct – they will have to vote a provisional ballot.
    b. Date of birth missing, should be a complete a VR with the information and vote on the touchscreen.
3. The box has been changed to state "Documentation Provided". We are working with everyone to update their documentation. I will remind KnowInk.
4. Re-issued Cards – you will need to develop a process as the Poll Pad station for this process.
5. Will get back to you.
6. It is my understanding that there is no extra step for a voter to scan a ballot that is blank or over voted ballot. The projects (databases) are programmed for the scanner to accept all ballots. I have reached out to Michael about this. If he corrects me, I will let you know.

I will work on number 5 for you as soon as I can go get a Poll Pad and look at it.

Thanks.

- Melanie

**To:** Notifications <notifications@sos.ga.gov>; Frechette, Melanie <mfrechette@sos.ga.gov>
**Subject:** Questions Relating to Election Procedures

**EXTERNAL EMAIL:** Do not click any links or open any attachments unless you trust the sender and know the content is safe.

**Good Day All, hope you're having a great day. I'm sure you all are just as busy as we are. I am finalizing my Poll Worker Training Manual and have the following questions. Please clarify or confirm the procedures:**

1. **SUPPLEMENTAL VOTERS NOT ON POLL PAD:** I was told yesterday by KnowInk that it's not possible to encode a voter card for a supplemental voter. Based on what was explained, for those supplemental voters we are unable to load to the Poll Pad, we would issue these voters a paper ballot. Is this correct?

2. **VERIFY STATUS ("V" Status) VOTERS:** Based on the revised SOS Poll Manual a "V" (Verify Voter) status voter is a voter with an incomplete VR application and these voters would need to provide the missing information or vote a provisional ballot. The previous procedure to verify the voter's ID and allow them to vote. Is this a new Procedure?

3. **ABSENTEE BALLOT SURRENDERED AT TH PRECINCT:** The instructions in the Poll Pad Training Manual is different from the instructions given by KnowInk. The Poll Pad Manual says to touch Surrendered Ballot; however, this button does not exist on the Poll Pad. The instruction given was to Touch the voter's name, then Touch "Documentation Provided" and process the voter as usual. Will this be the Procedure?

4. **RE-ISSUED CARDS:** Where do we keep up with the number of Re-Issued Cards throughout the day…is there a form to note each one? Line "I" on the Poll Pad Recap form requires this information.

AMERICAN OVERSIGHT

5. **<u>VOTER'S COUNTY ON POLL PAD</u>:** After touching the name of a Voter who is at the Wrong Location, the County is not shown, only the City, State, Precinct, Combo. Are we now required to train our Poll Workers on looking at the Precinct to determine if the voter is a County Voter? This information is critical when a voter wants to vote a Provisional Ballot in the Precinct (Provisional Code OP)?

6. **CAST BLANK BALLOT:** Will the Poll Worker need to use the iButton to override the a "Count-As-Is" Blank Ballot or will the Scanner Allow the voter to Cast their Ballot with Override? I have seen this process both ways on the Scanner.

**Thank you and maybe some of these questions will be answered on the phone call today.**

ASSISTIVE TECHNOLOGY DEVICES RULE

An illiterate or disabled elector who is entitled to receive assistance pursuant to O.C.G.A. §§ 21-2-385 or 21-2-409, or a person assisting such an elector, may use an assistive technology device to help the elector review their paper ballot prior to casting. Any image of the ballot obtained through using an assistive technology device shall be immediately deleted. Use of an assistive technology device by an illiterate or disabled elector or by a person assisting an illiterate or disabled elector shall not be deemed a violation of O.C.G.A. § 21-2-413(e).

AMERICAN OVERSIGHT

# Rule Governing Recounts on Optical Scanning Voting System

1. The purpose of a recount is to re-tabulate the validly cast ballots.

2. Recounts of primaries, elections, and runoffs conducted using an optical scanning voting system shall be in accordance with this rule.

3. The recount shall be conducted by tabulating all ballots utilizing ballot scanners.

4. Prior to conducting a recount, the election superintendent shall test each ballot scanner to be used in the recount. A test deck shall be prepared to include scanning ballots marked by an electronic ballot marker and absentee ballots marked by hand. A manual hand count of the test deck shall be made and compared to the electronic tabulation of the test deck. If the two counts do not match, the discrepancy shall be researched and additional tests may be run. If the discrepancy cannot be resolved such that the manual hand count and electronic tabulation of the test deck matches, the ballot scanner shall not be used in the recount.

5. The recount shall be open to the view of the public, but no person except one designated for the purpose by the superintendent or the superintendent's authorized deputy shall touch any ballot or ballot container. The superintendent may designate a viewing area by which members of the public are limited for the purpose of good order and maintaining the integrity of the recount.

6. The tabulation of ballots must be completed through a precise, controlled process that ensures, for each ballot scanner used in the recount, no more than one ballot container is unsealed at any given time.

7. A clear audit trail must be maintained at all times during the recount, including but not limited to, a log of the seal numbers on ballot containers before and after the recount.

8. The ballot scanner shall be programmed to flag or reject ballots that contain an overvote for the contest to be recounted. One or more recount vote review panels shall be established, consistent with O.C.G.A. § 21-2-483(g), to manually review the overvoted ballots. The recount vote review panel shall determine by majority vote the elector’s intent, as described in O.C.G.A. § 21-2-438(c), a duplicate ballot shall be created consistent with the elector’s intent for the contest to be recounted, labeled “RECOUNT DUPLICATE”, and used in the recount.

9. All ballots that required a duplicate ballot to be created in the original primary or election, as allowed by law, shall be reviewed by a recount vote review panel to determine that the votes marked in the contest to be recounted on the duplicated ballot are consistent with the elector’s intent on the original ballot, as described in O.C.G.A. § 21-2-438(c). If a majority of the recount vote review panel determines that the duplicated ballot is not consistent with the elector’s intent on the original ballot, a new true duplicate ballot shall be created consistent with the elector’s intent for the contest to be recounted, labeled “RECOUNT DUPLICATE”, and used in the recount.

10. If it appears that a ballot is so torn, bent, or otherwise defective that it cannot be processed by the ballot scanner, the recount vote review panel shall prepare a duplicate ballot for the contest to be recounted. All duplicate ballots created during the recount shall be clearly labeled by the word “RECOUNT DUPLICATE”. The defective ballot shall be retained.

AMERICAN OVERSIGHT

11. After all of the valid ballots to be included in the recount have been tabulated, the superintendent shall cause a printout to be made of the results and shall compare the results to the results previously obtained. If upon completing the recount, it shall appear that the original vote count for the recounted contest was incorrect, such returns and all papers being prepared by the superintendent shall be corrected accordingly.

# Fulton County Registration & Elections to Host Mock Elections

*Elections team will test new Georgia equipment and procedures on Feb. 18*

**Commented [BRL1]:** Is that a word?

ATLANTA – Fulton County Registrations & Elections will host a daylong mock election to allow residents to use the new voting equipment to be implemented for the upcoming Presidential Preference Primary. Fulton County encourages residents to visit one of 13 locations throughout the County to come experience Georgia's new voting equipment on Tuesday, February 18, 2020 from 10 a.m. to 4 p.m.

The mock election results are purely for testing purposes as Registrations & Elections team will use the event to acclimate staff and the public to the new equipment ~~and procedures~~. The locations where residents can test the equipment include:

- **North Fulton Service Center; 7741 Roswell Road, Suite 232; Sandy Springs, GA 30350**
- **Fulton County Government Center; 130 Peachtree Street, SW; Suite 2186 Atlanta, GA 3030**
- **South Fulton Service Center; 5600 Stonewall Tell Road, Room 108; College Park, GA 30349**
- **C.T. Martin Natatorium and Recreation Center; 3201 Martin Luther King Jr. Dr., SW; Atlanta, GA 30311**
- **Roswell Library; 115 Norcross Street; Roswell, GA 30075**
- **Adams Park Library; 2231 Campbellton Road, SW; Atlanta, GA 30311**

FULTON COUNTY

**FULTON COUNTY GOVERNMENT**

## Fulton County Registration & Elections to Host Mock Election~~s~~

*~~Elections team will test new Georgia equipment and procedures~~Voters can try new election equipment on Tuesday, February~~b.~~ 18*

ATLANTA – Fulton County Registrations & Elections will host a ~~daylong~~ mock election to allow residents to use ~~the~~ new voting equipment ~~to be implemented for~~prior to the ~~the~~ upcoming Presidential Preference Primary. ~~Fulton County encourages residents to visit one~~Voters can visit any of ~~of~~ 13 locations throughout the County to ~~come experience~~use Georgia's new voting equipment on Tuesday, February 18, 2020 from 10 a.m. to 4 p.m.

Commented [BRL1]: Is that a word?

The mock election results are purely for testing purposes as Registrations & Elections team will use the event to acclimate staff and the public to the new equipment ~~and procedures~~. ~~The locations where residents can test the equipment include:~~Locations for the mock election include:

- **North Fulton Service Center; 7741 Roswell Road, Suite 232; Sandy Springs, GA 30350**
- **Fulton County Government Center; 130 Peachtree Street, SW; Suite 2186 Atlanta, GA 3030**
- **South Fulton Service Center; 5600 Stonewall Tell Road, Room 108; College Park, GA 30349**
- **C.T. Martin Natatorium and Recreation Center; 3201 Martin Luther King Jr. Dr., SW; Atlanta, GA 30311**
- **Roswell Library; 115 Norcross Street; Roswell, GA 30075**
- **Adams Park Library; 2231 Campbellton Road, SW; Atlanta, GA 30311**
- **East Roswell Library; 2301 Holcomb Bridge Road; Roswell, GA 30076**
- **Alpharetta Library; 10 Park Place; Alpharetta, GA 30009**
- **Chastain Park Gym; 140 West Wieuca Road, NW; Atlanta, GA 30342**
- **Sandy Springs Library; 395 Mount Vernon Hwy NE; Sandy Springs, GA 30328**
- **East Point Library; 2757 Main Street; East Point, GA 30344**
- **College Park Library; 3647 Main Street; College Park, GA 30337**
- **Wolf Creek Library; 3100 Enon Road NW; Atlanta, GA 30331**

  - **Sample ballot should be available by Jan. 31st**
- ∨ **Requested Upcoming VEO Events- Pending**
- ∨ **Room G038 Update- No Response**

## I. VR Dashboard

**DDS 6389 Online 319 Paper 100**
**Paper Apps received from SOS 3xs a week in batches of 300-500**

## II. New Equipment Update

**BO from Dominion will start delivering again this week**
**Gabe Sterling informed Comm. Hausmann that Fulton county remaining items wrapped on a shelf**
**Requested update on deliveries to all counties**
**If all supplies are not delivered by the 14th the state is required to use paper ballots**
**Delivery delays due to EMS(s) deliveries**
**Contacted Scott Tucker about the Ballot boxes**
**Can switch them out**
**DRE will need more, request pricing**
**Barron will contact SOS & Gabe Sterling regarding add'tl Poll Pads**

## III. Staff Training Update

AMERICAN OVERSIGHT

Half of VR Staff training completed on new equipment
Training all remaining staff next week -TBA

## IV. Head of Household Mailing Update

Completed and Requisition for Moore submitted
Mark Cox (Purchasing may have question)
Status forthcoming from BMc/ TJones

## V. EV Location Update

Update the BRE Agenda to reflect
No Johns Creek City Hall
Outreach Locations:
Senior Ctrs, Morehouse, GA. Tech, GA State, AMC, & Sandy Spring City Hall
SS City Hall requested a Demo Unit during Early Voting
33-34 PPP locations
EV Locations re-opening before Nov. 2020
Buckhead, Northside, Ocee, Ponce (Joan P. Garner) - Pending list forthcoming

## VI. Mock Election Update February 18, 2020@ 10am-4pm

One correction sent
13 Locations
Reviewing equipment and other logistics to finalize
BMDs, printers, scanners, paper & IVoted stickers
Discussion: regarding what kind of paper to use secure paper or regular
Suggestion: is to use correct paper to avoid wrong paper mistakes later

## VII. Election Works Update

6 Carriers were delivered today- No power cables
County required to supply
EPC needs specs to order the correct power cables
Cummings or Gilstrap to contact Sandy or Joe regarding best product for power sourcing
Recommendation: Thick cord
Possible: 10 Day Bid from Finance for a vendor
Contingent on cost
Is this item a non-agency item??
Barron will contact James Husserl regarding
Carriers guaranteed for the PPP, all others will be a bonus

AMERICAN OVERSIGHT

66 4 Stations
300 2 Stations

VIII. VEO Update
KJones mentioned contacting City Managers & Libraries
20 Events w/ 20 elected officials upcoming
Lucy McBath contacted VEO will inform personnel event must be in our county
VEO Team: Lead, Kelvin
Support- Jordan, Alex, sometimes Tyrell
KJones mentioned scheduled events should reach 100 before the end of February

IX. New KPIs
Questions regarding the check in time for poll workers
Suggestion: To change the time according to the type of election
No changes made, at this time

X. Action Items from Last Supervisor's meeting-1/28/2020
Reviewed and updated
Pending items are at the top of the page

XI. Diverter test
Will begin testing soon
Gilstrap will contact MB (SOS) to request demo ballots for write-ins
Once completed, following up with Elections works

XII. Happy Faces
Brief discussion of procedures for Removing Staff
- Send an email or phone call
- No need to provide reasoning
- Can indicate- Do Not Rehire

XIII. Techs
IT will provide 16-17
13 from EPC
Ongoing- Requesting assistance from former Techs
Need a minimum of 50ppl

XIV. Auditors
10 Personnel for auditing polling precincts
- Will Information be valuable??
- It may vary

Suggested: Using this program later

AMERICAN OVERSIGHT

## XV. Around the Horn

**IT concerns were mentioned regarding poll pads on WiFi using Access Points**
**SOS suggesting Meraki Server to connect Poll Pads**
**Unless connected in the suggested manner- Poll Pads becomes non-functioning devices**

**Poll Pad Charging Cages**
**Cost $500 per Cage**
**Ordered: 3-4 Cages**
**Cages support 32 charging decks**
**Approximately 100+ Poll Pads charging, simultaneously**

**L&A on new voting equipment- Pending**
**Reviewing procedural guide**
**Initial L&A may require more time, 30-45 minutes per unit**

**L&A Procedures were posted late 2/3/2020**
**EPC currently entering equipment in an excel document due to inability to enter in EasyVote**
**SOS has only entered 38 Units in system as of 2/3/2020**
**Barron mentioned that SOS hired add'tl staff to enter the inventory**
**EPC may need help from other DRE personnel to assist, OT permitted**
**Barron will email Chris Harvey regarding this inventory issue**

**Know Ink did not create a training demo for EV, card creator only**
**Pending update from Know Ink- Brooke**
**Brooke responded- David and Brooke reviewing training material to provide EV training material**

**Issues:**
**Encoders (Card creator adapter)**
**Training all personnel one way to use regardless of the encoder fitting on both sides**
**Purchasing extra may be an option**
**Techs supplies to include- needle nose pliers**

**Identifying the polling precincts requiring assistance setting up**

AMERICAN OVERSIGHT

Checking locations with secure locks
Secured overnight
No cleaning crews the night before

Planning to schedule meeting w/ Cty Mgr, requesting personnel on Election Day
Suggested: Put some guarantees in place (contract, punishment for no shows, etc.…)

**McCloud**
Mr. Jones included in pending Purchasing item(s)
Finalizing Qualifying Packets and Voter Guides
Disseminating to Executive committees- Political Parties
School boards members and Judges will retrieve packets from this office

Line Monitors will be used
No extra Poll Pads
Sprint iPads available- Hotspot needed
DRE provider is AT&T
Benjamin mentioned needing Hotspots in certain EV locations
14-15 iPads available
10 Hotspots- 3 was loaned to the EPC
DRE will need to purchase more
Review inventory and present purchase request
Identify locations needing line Monitors

**Jenkins**
Site Safety Visit
Request friendly review to discuss ongoing changes
VR work areas & PC cords throughout the Dept. are two noted points

**Coman**
New Deputy Registrar Coordinator- Tyrell Golden
Advertisement submitted to JHarris for the year
Pending Harris submittal
Requested updated on new position(s)
Coman received notification- posting will be forthcoming

AMERICAN OVERSIGHT

1 position

Barron to contact Antwan regarding Sante's positions to be refilled by her

VR Staff reviewed GA Election Code regarding Absentee ballot returns

O.C.G.A. § 21-2-385(a)

Person returning ballot will be required to sign an affidavit

**Bodison**

Ops Report Due Wednesday, 2/5/2020

**RJones**

ORR update, SOS is sending a response to the requestor

Absentee Application Investigation

Started mailing ballots

Pitney Bowes not being used

No track my mail on manual ballots

1st 2500 will not be tracked

Final Date for mail out is Feb. 8, 2020, Saturday

RJones internal deadline is no later than Feb. 6, 2020

Pitney Bowes will be here to assist and to make possible adjustments

Lasheeka received a PO#

**BEvans**

Requested a meeting on Thursday with EPC Management to go over concerns

In depth discussion

AMERICAN OVERSIGHT

**NOTICE OF INTENT TO POST A RULE OF THE STATE ELECTIONS BOARD, CHAPTER 183-1-13, *RULES OF STATE ELECTION BOARD*, RULE 183-1-13-.01 *MINIMUM NUMBER OF VOTING BOOTHS* AND NOTICE OF PUBLIC HEARING.**

TO ALL INTERESTED PERSONS AND PARTIES:

Notice is hereby given that pursuant to the authority set forth below, the Georgia State Election Board, (hereinafter "SEB") proposes to post an SEB rule, Rule 183-1-13-.01 *Minimum Number of Voting Booths* (hereinafter "proposed rule").

This notice, together with an exact copy of the proposed new rule and a synopsis of the proposed rule, is being distributed to all persons who have requested, in writing, that they be placed on a distribution list. A copy of this notice, an exact copy of the proposed rule amendment, and a synopsis of the proposed rule amendment may be reviewed during normal business hours of 8:00 a.m. to 5:00 p.m. Monday through Friday, except official state holidays, at the Office of the Secretary of State, Elections Division, 2 Martin Luther King Jr. Drive, S.E., 8th Floor West Tower, Atlanta, Georgia 30334. These documents will also be available for review on the State Election Board's web page athttps://sos.ga.gov/index.php/elections/state_election_board. Copies may also be requested by contacting the Elections Division at 404-656-2871.

To provide the public an opportunity to comment upon and provide input into the proposed rule amendment, a public hearing will be held on:

January 22, 2020
9:00 a.m.
2 Martin Luther King Jr. Dr. SE
18th Floor, West Tower
Room 1816
Atlanta, GA 30334

At the public hearing anyone may present data, make a statement, comment or offer a viewpoint or argument whether orally or in writing. Oral statements should be concise and will be limited to 3 minutes per person. Additional comments should be presented in writing. Lengthy statements or statements of a considerable technical or economic nature, as well as previously recorded messages, must be submitted for the official record on or before January 13, 2020 to the address below for written comments. Written comments must be received on or before January 13, 2020 and be addressed to Jasmine Shannon by mail to Office of the Secretary of State, Elections Division, 2 Martin Luther King Jr. Drive, S.E., 8th Floor West Tower, Atlanta, Georgia 30334 or by email to jshannon@sos.ga.gov.

The State Election Board will consider the proposed rule at a meeting scheduled to begin at 9:00 a.m. on January 22, 2020 at 2 MLK Jr. Dr. SE, 18th Floor, West Tower, Room 1816, Atlanta, Georgia 30334.

AMERICAN OVERSIGHT

The State Election Board will consider the proposed rule at a meeting scheduled to begin at 9:00 a.m. on January 22, 2020 at 2 MLK Jr. Dr. SE, 18th Floor, West Tower, Room 1816, Atlanta, Georgia 30334.

This notice is given in compliance with O.C.G.A. § 50-13-4.

This 19th day of December, 2019.

AMERICAN OVERSIGHT

**SYNOPSIS OF THE PROPOSED RULE OF THE STATE ELECTIONS BOARD, CHAPTER 183-1-13, *RULES OF STATE ELECTION BOARD*, RULE 183-1-13-.01 *MINIMUM NUMBER OF VOTING BOOTHS***

Purpose: The purpose of the rule is to clarify the minimum number of voting booths required to be available to electors of a precinct.

Main Features: The main feature of the rule is to state that a county may consider the amount of voting booths available at a precinct on Election Day plus the amount of voting booths available to voters on the last day of the advance voting period.

**DIFFERENCES BETWEEN THE EXISTING RULE AND THE PROPOSED AMENDMENTS OF THE STATE ELECTION BOARD, CHAPTER 183-1-13, *RULES OF STATE ELECTION BOARD*, RULE 183-1-13-.01 *MINIMUM NUMBER OF VOTING BOOTHS***

NOTE: Struck through text is proposed to be deleted. Underlined text is proposed to be added.

**CHAPTER 183-1-13**
**~~PREPARATION FOR AND CONDUCT OF PRIMARIES AND ELECTIONS~~**
**VOTING BOOTHS AND POLL WATCHERS**

**RULE 183-1-13-.01 Minimum Number of Voting Booths**

When calculating the number of voting booths or enclosures required to be available to electors of a precinct pursuant to O.C.G.A. 21-2-367(b), the calculation shall take into account the number of voting booths or enclosures available for electors of a precinct on Election Day and on the last day of advance voting. Polling places with assigned voters from more than one precinct shall use the total numbers of voters assigned to the polling place when calculating the minimum number of voting booths.

Authority: O.C.G.A. §§ 21-2-31, 21-2-367

**COPY OF THE PROPOSED NEW RULE**
**VOTING BOOTHS AND POLL WATCHERS**

**RULE 183-1-13-.01 Minimum Number of Voting Booths**

When calculating the number of voting booths or enclosures required to be available to electors of a precinct pursuant to O.C.G.A. 21-2-367(b), the calculation shall take into account the number of voting booths or enclosures available for electors of a precinct on Election Day and on the last day of advance voting. Polling places with assigned voters from more than one precinct shall use the total numbers of voters assigned to the polling place when calculating the minimum number of voting booths.

AMERICAN OVERSIGHT

**SYNOPSIS OF THE PROPOSED RULE OF THE STATE ELECTIONS BOARD, CHAPTER 183-1-15, *RULES OF STATE ELECTION BOARD*, RULE 183-1-15-.02 *DEFINITION OF VOTE***

Purpose: The purpose of the rule is to remove the definition of a vote on the old DRE voting system and add a definition for the new electronic ballot marker paper ballot system.

Main Features: The main feature of the rule is to delete the definitions regarding a vote cast on a DRE machine and add a definition for a paper ballot marked by an electronic ballot marker.

**DIFFERENCES BETWEEN THE EXISTING RULE AND THE PROPOSED AMENDMENTS OF THE STATE ELECTION BOARD, CHAPTER 183-1-15, *RULES OF STATE ELECTION BOARD*, RULE 183-1-15-.02 *DEFINITION OF VOTE***

NOTE: Struck through text is proposed to be deleted. Underlined text is proposed to be added.

**RULE 183-1-15-.02 Definition of Vote**

~~(1) DRE Equipment. A vote cast on a DRE unit shall be the choice made by a voter by:~~

~~(a) Pressing the appropriate place on the DRE unit's touchscreen to cause an "X" or similar designation to display adjacent to the name of the candidate or answer to a question for which the voter desires to vote;~~

~~(b) Typing on the touchscreen the name of a qualified write-in candidate in accordance with the instructions for voting on the DRE unit; or~~

~~(c) Pressing the appropriate buttons on the keypad in the case of persons using the VWD device attached to the DRE unit.~~

(~~2~~1) Lever-type Voting Machines. A vote cast on a lever-type voting machine shall be the choice made by a voter by either operating the lever adjacent to the name of the candidate or answer to a question for which the voter desires to vote or by writing of the name of a qualified write-in candidate on the machine in accordance with the instructions for voting on the voting machine and then recording such votes on the machine by the actuation of the main lever which casts such votes and returns the other levers to their original positions.

(~~3~~2) Optical Scan Voting Systems.

(a) A vote cast on an optical scan ~~voting system~~ ballot marked by hand shall be the choice made by a voter by either:

1. Filling in the oval ~~or completing the arrow~~ adjacent to the name of the candidate or answer to a question for which the voter desires to vote; or

AMERICAN OVERSIGHT

2. Filling in the oval ~~or completing the arrow~~ adjacent to the appropriate write-in space and writing the name of a qualified write-in candidate in the appropriate space on the ballot as specified in the instructions for voting such ballot.

(b) In reviewing an optical scan ballot marked by hand which has been rejected as containing an overvote in accordance with O.C.G.A. § 21-2-483(g)(2), if the voter filled in the oval ~~or completed the arrow~~ next to the name of a candidate whose name appears on the ballot and filled in the oval ~~or completed the arrow~~ adjacent to the write-in space and wrote the name of the same candidate in the write-in space for the same office, the properly cast vote shall be counted and the write-in vote shall be ignored.

(c) If, in reviewing an optical scan ballot marked by hand which has been rejected as containing an overvote in accordance with O.C.G.A.§ 21-2-483(g)(2), it appears that there is a properly cast vote and what is clearly a stray mark which has caused the ~~tabulator~~ ballot scanner to read the vote for such office as an overvote, the properly cast vote shall be counted and the stray mark shall be ignored.

(d) If, in reviewing an optical scan ballot marked by hand which has been rejected as containing an overvote in accordance with O.C.G.A. § 21-2-483(g)(2), a voter marks his or her ballot in a manner other than that specified by law and this rule, the votes shall be counted if, in the opinion of the vote review panel as provided in O.C.G.A. § 21-2-483(g)(2)(B), the voter has clearly and without question indicated the candidate or candidates and answers to questions for which such voter desires to vote.

(e) When an optical scan ballot marked by hand contains stray marks or marks which prevent the ~~tabulating machine~~ ballot scanner from properly recording valid votes as determined under this rule and by law, the ballot shall be duplicated in accordance with law to correct such problems and the duplicate shall then be tabulated.

(f) In lieu of manually duplicating a ballot pursuant to paragraph (e), the manual review of ballots with overvotes by vote review panels pursuant to O.C.G.A. § 21-2-483(g) may be done by reviewing a digital image of the ballot and electronically adjudicating the intent of the voter, if such determination is recorded on the digital image of the ballot.

(f) When an optical scan ballot marked by an electronic ballot marker contains marks added, in addition to what was printed by the electronic ballot marker, the additional marks shall be ignored.

AMERICAN OVERSIGHT

(43) Paper Ballots.

(a) A vote cast on a paper ballot that is not counted by an optical scan system (i.e. in certain municipal elections) shall be a choice made by a voter by either:

1. Placing an "X", a check, or other similar mark in the square adjacent to the name of the candidate or answer to a question for which the voter desires to vote; or

2. Writing the name of a qualified write-in candidate in the appropriate space on the ballot as specified in the instructions for voting such ballot.

(b) If a voter marks his or her paper ballot in a manner other than that specified by law and this rule, the votes shall be counted if, in the opinion of the poll officers as provided in O.C.G.A. § 21-2-439, the voter has clearly and without question indicated the candidate or candidates and answers to questions for which such voter desires to vote.

(c) If the voter marked the square next to the name of a candidate whose name appears on the ballot and wrote in the name of the same candidate in the write-in space for the same office, the properly cast vote shall be counted and the write-in vote shall be ignored.

(5) Write-in Votes. In no event shall votes cast for write-in candidates who have not qualified in accordance with O.C.G.A. § 21-2-133 be counted or recorded.

Authority: O.C.G.A. §§ 21-2-2, 21-2-31, 21-2-133, 21-2-439, 21-2-483

## COPY OF THE PROPOSED NEW RULE

**RULE 183-1-15-.02 Definition of Vote**

(1) Lever-type Voting Machines. A vote cast on a lever-type voting machine shall be the choice made by a voter by either operating the lever adjacent to the name of the candidate or answer to a question for which the voter desires to vote or by writing of the name of a qualified write-in candidate on the machine in accordance with the instructions for voting on the voting machine and then recording such votes on the machine by the actuation of the main lever which casts such votes and returns the other levers to their original positions.

(2) Optical Scan Voting Systems.

(a) A vote cast on an optical scan ballot marked by hand shall be the choice made by a voter by either:

AMERICAN OVERSIGHT

1. Filling in the oval adjacent to the name of the candidate or answer to a question for which the voter desires to vote; or

2. Filling in the oval adjacent to the appropriate write-in space and writing the name of a qualified write-in candidate in the appropriate space on the ballot as specified in the instructions for voting such ballot.

(b) In reviewing an optical scan ballot marked by hand which has been rejected as containing an overvote in accordance with O.C.G.A. § 21-2-483(g)(2), if the voter filled in the oval next to the name of a candidate whose name appears on the ballot and filled in the oval adjacent to the write-in space and wrote the name of the same candidate in the write-in space for the same office, the properly cast vote shall be counted and the write-in vote shall be ignored.

(c) If, in reviewing an optical scan ballot marked by hand which has been rejected as containing an overvote in accordance with O.C.G.A.§ 21-2-483(g)(2), it appears that there is a properly cast vote and what is clearly a stray mark which has caused the ballot scanner to read the vote for such office as an overvote, the properly cast vote shall be counted and the stray mark shall be ignored.

(d) If, in reviewing an optical scan ballot marked by hand which has been rejected as containing an overvote in accordance with O.C.G.A. § 21-2-483(g)(2), a voter marks his or her ballot in a manner other than that specified by law and this rule, the votes shall be counted if, in the opinion of the vote review panel as provided in O.C.G.A. § 21-2-483(g)(2)(B), the voter has clearly and without question indicated the candidate or candidates and answers to questions for which such voter desires to vote.

(e) When an optical scan ballot marked by hand contains stray marks or marks which prevent the ballot scanner from properly recording valid votes as determined under this rule and by law, the ballot shall be duplicated in accordance with law to correct such problems and the duplicate shall then be tabulated.

(f) In lieu of manually duplicating a ballot pursuant to paragraph (e), the manual review of ballots with overvotes by vote review panels pursuant to O.C.G.A. § 21-2-483(g) may be done by reviewing a digital image of the ballot and electronically adjudicating the intent of the voter, if such determination is recorded on the digital image of the ballot.

(g) When an optical scan ballot marked by an electronic ballot marker contains marks added, in addition to what was printed by the electronic ballot marker, the additional marks shall be ignored.

AMERICAN OVERSIGHT

(3) Paper Ballots.

(a) A vote cast on a paper ballot that is not counted by an optical scan system (i.e. in certain municipal elections) shall be a choice made by a voter by either:

1. Placing an "X", a check, or other similar mark in the square adjacent to the name of the candidate or answer to a question for which the voter desires to vote; or

2. Writing the name of a qualified write-in candidate in the appropriate space on the ballot as specified in the instructions for voting such ballot.

(b) If a voter marks his or her paper ballot in a manner other than that specified by law and this rule, the votes shall be counted if, in the opinion of the poll officers as provided in O.C.G.A. § 21-2-439, the voter has clearly and without question indicated the candidate or candidates and answers to questions for which such voter desires to vote.

(c) If the voter marked the square next to the name of a candidate whose name appears on the ballot and wrote in the name of the same candidate in the write-in space for the same office, the properly cast vote shall be counted and the write-in vote shall be ignored.

(4) Write-in Votes. In no event shall votes cast for write-in candidates who have not qualified in accordance with O.C.G.A. § 21-2-133 be counted or recorded.

Authority: O.C.G.A. §§ 21-2-2, 21-2-31, 21-2-133, 21-2-439, 21-2-483

AMERICAN OVERSIGHT

**NOTICE OF INTENT TO POST A RULE OF THE STATE ELECTIONS BOARD, CHAPTER 183-1-12, *PREPARATION FOR AND CONDUCT OF PRIMARIES AND ELECTIONS*, RULE 183-1-12-.12, *TABULATING RESULTS* AND NOTICE OF PUBLIC HEARING.**

TO ALL INTERESTED PERSONS AND PARTIES:

Notice is hereby given that pursuant to the authority set forth below, the Georgia State Election Board, (hereinafter "SEB") proposes to post SEB rule, Rule 183-1-12-.12 *Tabulating Results* (hereinafter "proposed rule").

This notice, together with an exact copy of the proposed new rule and a synopsis of the proposed rule, is being distributed to all persons who have requested, in writing, that they be placed on a distribution list. A copy of this notice, an exact copy of the proposed rule amendment, and a synopsis of the proposed rule amendment may be reviewed during normal business hours of 8:00 a.m. to 5:00 p.m. Monday through Friday, except official state holidays, at the Office of the Secretary of State, Elections Division, 2 Martin Luther King Jr. Drive, S.E., 8th Floor West Tower, Atlanta, Georgia 30334. These documents will also be available for review on the State Election Board's web page at https://sos.ga.gov/index.php/elections/state_election_board. Copies may also be requested by contacting the Elections Division at 404-656-2871.

To provide the public an opportunity to comment upon and provide input into the proposed rule amendment, a public hearing will be held on:

February 28, 2020
9:00 a.m.
2 Martin Luther King Jr. Dr. SE
18th Floor, West Tower
Room 1816
Atlanta, GA 30334

At the public hearing anyone may present data, make a statement, comment or offer a viewpoint or argument whether orally or in writing. Oral statements should be concise and will be limited to three minutes per person. Additional comments should be presented in writing. Lengthy statements or statements of a considerable technical or economic nature, as well as previously recorded messages, must be submitted for the official record on or before February 17, 2020 to the address below. Written comments must be received on or before February 17, 2020 and be addressed to Jasmine Shannon by mail to Office of the Secretary of State, Elections Division, 2 Martin Luther King Jr. Drive, S.E., 8th Floor West Tower, Atlanta, Georgia 30334 or by email to jshannon@sos.ga.gov.

The State Election Board will consider the proposed rule at a meeting scheduled to begin at 9:00 a.m. on February 28, 2020 at 2 MLK Jr. Dr. SE, 18th Floor, West Tower, Room 1816, Atlanta, Georgia 30334.

This notice is given in compliance with O.C.G.A. § 50-13-4.

AMERICAN OVERSIGHT

**SYNOPSIS OF THE PROPOSED RULE OF THE STATE ELECTIONS BOARD, CHAPTER 183-1-12, *PREPARATION FOR AND CONDUCT OF PRIMARIES AND ELECTIONS*, RULE 183-1-12-.12 *TABULATING RESULTS***

Purpose: The purpose of the revisions to rule is to clarify and define the procedures for allowing accredited poll watchers to obtain information after the close of polls and after the tabulation process is complete. Specifically, poll watchers, and only poll watchers, are permitted to use photography after the close of polls and after the tabulation process is complete to photograph the tape of tabulated results referenced in section (1), provisional ballot recap sheet referenced in section (3), the Numbered List of Provisional Voters, and the form referenced in rule 183-1-12-.14(b).

Main Features: The main feature of the revisions to this rule describes the procedure in which accredited poll watchers, and only accredited poll watchers, are permitted to photograph the tape of tabulated results referenced in section (1), provisional ballot recap sheet referenced in section (3), the Numbered List of Provisional Voters, and the form referenced in rule 183-1-12-.14(b).

**DIFFERENCES BETWEEN THE EXISTING RULE AND THE PROPOSED AMENDMENTS OF THE STATE ELECTION BOARD, CHAPTER 183-1-12, *PREPARATION FOR AND CONDUCT OF PRIMARIES AND ELECTIONS*, RULE 183-1-12-.12**
***TABULATING RESULTS***

NOTE: Struck through text is proposed to be deleted. Underlined text is proposed to be added.

**CHAPTER 183-1-12**

**Rule 183-1-12-.12 Tabulating Results.**

8. Accredited poll watchers must be able to observe the entire process described in this rule. After the tabulation of results on election day has been completed, accredited poll watchers shall be permitted to photograph the tape of tabulated results referenced in section (1), provisional ballot recap sheet referenced in section (3), the Numbered List of Provisional Voters, and the form referenced in rule 183-1-12-.14(b).

Authority: O.C.G.A. § 21-2-31

**NOTICE OF INTENT TO POST A RULE OF THE STATE ELECTIONS BOARD, TITLE 183-1, *RULES OF STATE ELECTION BOARD*, CHAPTER 183-1-12, *PREPARATION FOR AND CONDUCT OF PRIMARIES AND ELECTIONS* AND NOTICE OF PUBLIC HEARING.**

TO ALL INTERESTED PERSONS AND PARTIES:

Notice is hereby given that pursuant to the authority set forth below, the Georgia State Election Board, (hereinafter "SEB") proposes to amend SEB rule, Rule 183-1-12-.01, .04, .08, .09, .10, .11, .12, .18, and .20 *Preparation for and Conduct of Primaries and Elections* (hereinafter "proposed rule").

This notice, together with an exact copy of the proposed new rule and a synopsis of the proposed rule, is being distributed to all persons who have requested, in writing, that they be placed on a distribution list. A copy of this notice, an exact copy of the proposed rule amendment, and a synopsis of the proposed rule amendment may be reviewed during normal business hours of 8:00 a.m. to 5:00 p.m. Monday through Friday, except official state holidays, at the Office of the Secretary of State, Elections Division, 2 Martin Luther King Jr. Drive, S.E., 8th Floor West Tower, Atlanta, Georgia 30334. These documents will also be available for review on the State Election Board's web page at https://sos.ga.gov/index.php/elections/state_election_board. Copies may also be requested by contacting the Elections Division at 404-656-2871.

To provide the public an opportunity to comment upon and provide input into the proposed rule amendment, a public hearing will be held on:

February 28, 2020
9:00 a.m.
2 Martin Luther King Jr. Dr. SE
18th Floor, West Tower
Room 1816
Atlanta, GA 30334

At the public hearing anyone may present data, make a statement, comment or offer a viewpoint or argument whether orally or in writing. Oral statements should be concise and will be limited to three minutes per person. Additional comments should be presented in writing. Lengthy statements or statements of a considerable technical or economic nature, as well as previously recorded messages, must be submitted for the official record on or before February 17, 2020 to the address below. Written comments must be received on or before February 17, 2020 and be addressed to Jasmine Shannon by mail to Office of the Secretary of State, Elections Division, 2 Martin Luther King Jr. Drive, S.E., 8th Floor West Tower, Atlanta, Georgia 30334 or by email to jshannon@sos.ga.gov.

The State Election Board will consider the proposed rule at a meeting scheduled to begin at 9:00 a.m. on February 28, 2020 at 2 MLK Jr. Dr. SE, 18th Floor, West Tower, Room 1816, Atlanta, Georgia 30334.

This notice is given in compliance with O.C.G.A. § 50-13-4.

AMERICAN OVERSIGHT

## SYNOPSIS OF THE PROPOSED RULE OF THE STATE ELECTIONS BOARD, TITLE 183-1, *RULES OF STATE ELECTION BOARD*, CHAPTER 183-1-12, *PREPARATION FOR AND CONDUCT OF PRIMARIES AND ELECTIONS*

Purpose: The purpose of the revisions to rule is to clarify and define the procedures and requirements of maintaining, storing, transporting, testing, preparing, and handling the components of the voting systems before, during, and after Election Day as well as to set forth procedures for setting up polling places, conducting elections, tabulating results, and handling emergency situations and provisional ballots.

Main Features: The main feature of the revisions of this rule are to clarify that voting system components must be stored in a manner that protects them from damage, to specify that information regarding logic and accuracy testing must be published on the county elections homepage, to state that a sufficient number of emergency ballots shall be at least 10% of the number of registered voters assigned to that polling place, clarify that accredited poll watchers shall have access to setup and tabulation, and require an information sheet at every polling place regarding provisional ballots.

## DIFFERENCES BETWEEN THE EXISTING RULE AND THE PROPOSED AMENDMENTS OF THE STATE ELECTION BOARD, TITLE 183-1-12, *RULES OF STATE ELECTION BOARD*, RULE 183-1-12, *PREPARATION FOR AND CONDUCT OF PRIMARIES AND ELECTIONS*

NOTE: Struck through text is proposed to be deleted. Underlined text is proposed to be added.

## CHAPTER 183-1-12

### Rule 183-1-12-.04 Storage, Maintenance, and Transport of Statewide Voting System Components.

1. The election superintendent of the county shall maintain all components of the voting system (including electronic ballot markers, ballot scanners, electronic poll books, and election management systems) in accordance with the requirements of this rule, the directives of the Secretary of State, and the specifications and requirements of the manufacturer.

2. All electronic components of the voting system shall be stored in a climate controlled space in which the temperature and humidity levels are maintained at acceptable levels year-round which shall not be lower than 0 degrees Celsius (32 degrees Fahrenheit) nor higher than 40 degrees Celsius (104 degrees Fahrenheit) and not lower than 20 percent relative humidity and not higher than 85 percent relative humidity such that no condensation forms on such components. The components shall not be stored in an area in which liquids or fluids stand, pool, or accumulate at any time or in areas that are subject to such standing, pooling, or accumulating liquids or fluids. The space in which the components are stored

AMERICAN OVERSIGHT

shall be secured and shall be accessible only to persons authorized by the election superintendent to have access to such components or such space. The components shall be stored in a manner that ensures that the components are protected from damage ~~their packaging boxes or carrying cases with foam inserts~~ and shall not be stacked more than four units high. The back-up battery for the ballot scanner shall be charged at least every 9 months.

3. The storage areas for the voting system components at the county election office or other designated county facility shall be equipped with one or more of the following forms of electronic surveillance and protection: keypads or electronic locks, motion detectors, video surveillance, or a security system that is connected to an outside monitoring source, such as the police department or fire department.

4. The election Superintendent shall maintain numbered seals on all electronic ballot markers and ballot scanners in storage and all seal numbers shall be recorded and on file in the office of the election superintendent.

5. All components of the voting system shall be securely transported to polling places. Electronic ballot markers (including printers) and ballot scanners shall be transported in secure boxes or carrying cases that provide vibration and impact protection.

6. Upon delivery to a polling place in preparation for a primary, election, or runoff, all components of the voting system shall be secured and protected from unauthorized access. Upon delivery, the components shall either be stored in a locked, secure room at the polling place; in a locked, secure container that is reasonably affixed to the polling place; be under visual surveillance of an election official or their designee, law enforcement official, or licensed security guard; or, if the previously listed options are not feasible, in another manner, that in the reasonable judgement of the superintendent, secures and protects the voting system components from unauthorized access. Any electronic visual surveillance used for security when voting is not taking place shall not record, capture, or otherwise compromise the privacy of an elector's ballot.

7. The expenses for the implementation of the storage and security requirements of this rule shall be the responsibility of the county or municipal governing authority, as applicable, unless such security features are provided by the State.

8. Maintenance of Voting System Components. After the end of the initial warranty period for state owned voting system components, the county shall be responsible for maintaining an appropriate warranty or otherwise be responsible for maintenance and upkeep of such devices, including the repair and/or replacement of any devices which are destroyed, damaged, or otherwise rendered incapable of use in elections.

Authority: O.C.G.A. § 21-2-31

**Rule 183-1-12-.06 Handling of Voting System.**

AMERICAN OVERSIGHT

1. All personnel, with the exception of the permanent employees of the Office of the Secretary of State and permanent employees of the county or municipal election superintendent, who prepare voting equipment for use in a primary, election, or runoff shall complete an oath of custodian before each election. One copy of the oath shall be placed on file in the office of the election superintendent and an additional copy shall be filed with the records for the election filed with the clerk of superior court or the municipal clerk, as appropriate. The oath of custodian
shall be in the following form:

STATE OF GEORGIA

COUNTY/MUNICIPALITY OF _____

OATH OF CUSTODIANS AND DEPUTY CUSTODIANS OF GEORGIA VOTING SYSTEM
I, _____, do swear (or affirm) that I will as a (deputy) custodian of the voting systems for the County/Municipality of _____, faithfully perform all of my duties in accordance with state law; that I will prepare in accordance with all applicable rules and regulations governing the use of the voting system all components to be used in primaries, elections, and runoffs in this county/municipality; that I will use my best endeavors to prevent any fraud, deceit, or abuse in carrying out my duties while preparing the voting system for use in primaries, elections, and runoffs; and that I am not disqualified by law to hold the position of (deputy) custodian.

_____

(Deputy) Custodian

Administered by, sworn to,

and subscribed before me,

this ____ day of _____, 20__

Superintendent

(Required by O.C.G.A. Section 21-2-379.6(b))

2. Any electronic ballot markers, ballot scanners, electronic poll books, ballot boxes and accessories that are removed from storage for educational or training purposes must be signed in and out on an equipment log maintained by the election superintendent. The log shall contain, at a minimum, a description of the item being checked out, including any serial number or identifying number; the date and time when the item is checked out; the

AMERICAN OVERSIGHT

name of the person checking out the item; and the date and time when the item is returned to storage. The items checked out of storage shall remain in the custody and control of the person checking out the items at all times and the person checking out the items shall personally return such items. Each person who utilizes equipment for educational or training purposes must be adequately trained in the use of the equipment prior to the release of the equipment into such person's custody.

3. ~~The election management system computers shall not be moved or relocated for any purposes.~~ Should it become necessary to relocate an election management system computer or any of its components from one facility to another, the election superintendent shall notify the Secretary of State in advance in writing of the reason for the relocation and the proposed new location. The election management system shall not be relocated unless and until written authorization for the relocation is received from the Secretary of State except in the event of an emergency situation beyond the control of the election superintendent. If an emergency arises causing the election management system to be moved, the election superintendent is responsible to notify the Secretary of State as soon as possible of the move.

4. The poll manager shall sign a receipt for components of the voting system assigned to such poll manager's precinct. Upon returning election supplies to the election superintendent's office following the close of the polls, the poll manager shall account for all such items and shall certify that all such items have been returned or shall describe any missing items and explain why such items have not been returned. The Secretary of State shall prepare and provide a chain of custody sheet for this purpose.

5. All voting system components and other equipment assigned to designated county election technicians shall be accounted for on the night of a primary, election, or runoff and shall be returned to storage. Each technician shall sign a receipt for all such items issued to such technician and, upon returning such items to the election superintendent's office following the close of the polls, the technician shall account for all such items and shall certify that all such items have been returned or shall describe any missing items and explain why such items have not been returned. The Secretary of State shall prepare and provide a chain of custody sheet for this purpose.

6. The election superintendent shall notify the Secretary of State of any instances of unaccounted for components of the voting system as soon as possible.

7. The election superintendent shall perform an audit count of all voting system components housed and maintained by the jurisdiction on an annual basis. The results of the audit shall be submitted to the Secretary of State.

Authority: O.C.G.A. §§ 21-2-31, 21-2-379.6

**Rule 183-1-12-.08 Logic and Accuracy Testing**

1. Primaries and Elections.

AMERICAN OVERSIGHT

a. On or before the third day preceding a primary or election, including special primaries, special elections, and referendum elections, the election superintendent shall commence the preparation and testing of the electronic poll books, electronic ballot markers, printers, and ballot scanners for use on Election Day.

b. On or before the third day preceding the advance voting period, the election superintendent shall commence the preparation and testing of the electronic poll books, electronic ballot markers, printers, and ballot scanners for use during the advance voting period. Voting system components that passed logic and accuracy testing for advance voting do not have to be re-tested for use on Election Day for the same election, unless there is a change in the programming or database used by the component.

c. At least five days prior to the commencement of such preparation and testing, the election superintendent shall publish a notice on the homepage of the county's publicly accessible website associated with election and/or registrations, or if the county does not have such a website, in a newspaper of general circulation in the county or by posting in a prominent location in the county ~~in the legal organ of the county~~ stating the date, time, and place or places where preparation and testing of the voting system components for use in the primary or election will commence, and stating that such preparation shall continue from day to day until such preparation is complete and that such preparation and testing shall be open to the public and that members of the public are entitled to be present during the preparation and testing. Prior to a runoff election, the Superintendent shall prominently post notice of the date, time, and place of such testing at least 24 hours prior to its occurrence.

d. The election superintendent shall cause such preparation and testing to begin on such date and time and at such place or places. Such preparation and testing shall be open to members of the public to observe; however, such members of the public shall not in any manner interfere with the preparation and testing of the voting system components. Any person found to be interfering with the preparation and testing process may be asked to leave the testing process and may be cited for interfering with an election official while in performance of election duties. Any questions and/or complaints from the general public regarding the preparation and testing process must be directed to the election superintendent and not to the individual personnel conducting the preparation and testing process. The election superintendent may make such reasonable rules and regulations concerning the conduct of such members of the public observing such preparation and testing, as the election superintendent deems necessary and appropriate; provided, however, that such rules and regulations shall not prevent members of the public from fairly observing the preparation and testing of the voting system components.

AMERICAN OVERSIGHT

2. In addition to any reasonable rules and regulations that the election superintendent may create for the public to observe the preparation and testing process, the election superintendent or designee thereof, shall:

    a. Be available for the first hour of the first day of testing to explain the preparation and testing process and to respond to questions and provide answers regarding the purpose and the process of preparation and testing;

    b. Maintain a presence at all times during the preparation and testing process;

    c. Administer an oath of custodian prior to beginning the preparation and testing process to any county personnel (except permanent state, county, or municipal election staff) appointed by the election superintendent to conduct the preparation and testing process;

    d. Establish an area reasonable in proximity for the public to observe the preparation and testing process. Such area shall provide reasonable accommodations for the public insofar as space permits, but shall not be so established as to deny the general public the opportunity to view the process; however, the area should be of such nature so as to allow the preparation and testing process to proceed without interference by the general public;

    e. Allow only election office personnel or individuals assigned to conduct the preparation and testing to enter the testing area during the preparation and testing process;

    f. Prohibit any preparation and testing reports created for recording the seal numbers of voting system components from being disclosed to the public;

    g. Prohibit the security seal numbers or other security measures of any voting system components from being disclosed to the public; and

    h. Prohibit photographic and audio equipment of any kind, including cell phone cameras, from being used to record the security seal numbers or other measures used to secure any voting system components, provided that this rule shall not prohibit the news media from reporting on the preparation and testing process, so long as seal numbers and other security measures on any voting system component are not recorded or displayed in any manner.

3. During the public preparation and testing of the electronic poll books, electronic ballot markers, printers, and ballot scanners to be used in a particular primary or election, the election superintendent shall cause each electronic ballot marker and scanner to be programmed with the election files for the precinct at which the electronic ballot marker and ballot scanner unit will be used.

The superintendent shall cause the accuracy of the components to be tested by

AMERICAN OVERSIGHT

causing the following tasks to be performed:

A. Check that the electronic poll books accurately look up and check-in voters via both the scanning function and manual lookup and create a voter access card that pulls up the correct ballot on the electronic ballot marker for every applicable ballot style.

B. Check that the touchscreen on the electronic ballot marker accurately displays the correct selections and that the touchscreen accurately reflects the selected choices.

C. Check that the printer prints a paper ballot that accurately reflects the choices selected on the touchscreen and immediately mark all printed paper ballots as "test" ballots.

D. Check that the ballot scanner scans the paper ballot, including both ballots marked by electronic ballot markers and ballots marked with a pen, and that the ballot scanner scans ballots regardless of the orientation the ballot is entered into the scanner.

E. Check that the tabulation contained in the ballot scanner memory card can be accurately uploaded to the election management system, and that the tabulated results match the selections indicated on the paper ballot.

If any component fails any of the testing, the component shall not be used in a primary, election, or runoff until such unit is repaired and inspected and found capable of proper functioning and passes logic and accuracy tests. The component failure should be documented and reported to the superintendent. Upon the successful completion of the logic and accuracy test, the component shall be cleared of any vote totals collected during testing. A zero tape shall be run on the ballot scanner subsequent to successful testing, and the tape shall be attached to the custodian's certification form to document the logic and accuracy testing. The components shall then be sealed and securely stored for transfer to the polling place.

4. After the completion of Logic and Accuracy testing on any voting system component, each component shall be sealed and safely and securely stored until such time as the component is transported to the polling place in which such component is to be used. The zero tapes, results tapes, test ballots, and other paperwork shall be securely stored by the superintendent.

Authority: O.C.G.A. § 21-2-31

**Rule 183-1-12-.09. Transport to Polls.**

1. The election superintendent shall take all necessary measures to cause the voting system components to be safely and securely transported to the polling places.

2. The election superintendent shall cause the voting system components for each polling place to be delivered to the polling place at least one hour before the time for the opening of the polls.

AMERICAN OVERSIGHT

The election superintendent shall cause magnifying devices to be made available at each polling place to assist voters in reviewing their paper ballots.

3. If the voting system components are stored at a polling place prior to the arrival of the poll manager or their designee, the election superintendent shall cause the components to be ~~remain~~ stored in a locked, secure manner with appropriate climate control as described in Rule 183-1-12-.04.

Authority: O.C.G.A. § 21-2-31

**Rule 183-1-12-.10 Before the Opening of the Polls.**

1. The poll officers shall set up and power on the voting system components for voting prior to the opening of the polls. The set up shall be performed in public and the public may view the set up subject to such reasonable rules and regulations as the election superintendent may deem appropriate to protect the security of the voting system components and to prevent interference with the duties of the poll officers.

2. The poll officers shall verify that the seal for each voting system component is intact and that there is no evidence or indication of any tampering. The poll officers shall verify that the number of the seal matches the number of the seal recorded for that component when such component was prepared by the election superintendent for the primary, election, or runoff. If a seal number does not match or if there is any evidence or indication of tampering, the election superintendent shall be immediately notified and such component shall not be used until such matters are resolved by agreement of the election superintendent and the poll manager.

3. The poll manager shall check that the electronic poll books, electronic ballot markers, and ballot scanners all indicate zero counts prior to the opening of the polls.

4. The poll manager shall cause each ballot scanner in the polling place to run a zero tape prior to the start of voting. If the tape does not show zero votes prior to the start of voting, the election superintendent shall be immediately notified and such unit shall not be used until the unit is cleared and the matter is resolved by agreement of the election superintendent and the poll manager.

5. The poll manager and two witnesses who have been sworn as poll officers pursuant to O.C.G.A. §§ 21-2-94 and 21-2-95 shall sign the zero tape from the ballot scanner. The poll manager and those same two witnesses shall then confirm that the ballot box is empty. The Secretary of State shall develop a form to be signed by the poll manager and the two witnesses attesting that the ballot box was empty prior to the opening of the polls. Such form shall include the date and time it was executed, shall be attached to the zero tape generated by the ballot scanner attached to that ballot box, and shall be returned to the election superintendent with the polling place recap forms at the close of the polls. The ballot box shall then be securely locked and sealed. Once the ballot box is verified to have been empty and locked and sealed, no person shall access the inside of the ballot box while voting is occurring unless it is absolutely necessary to the functioning of elections. Any such access shall be by the poll manager and two witnesses who have been sworn as poll officers, and the poll manager and witnesses shall attest, on a form to be developed by the Secretary

AMERICAN OVERSIGHT

of State, to when and for what purpose the ballot box was accessed, and that no action was taken to affect the results of the election. That form shall also be returned to the election superintendent with the polling place recap form at the close of the polls.

6. The poll officers shall verify that there is no unauthorized matter affixed to any of the voting system components or present in the voting booths.

7. The poll officers shall affix a card of instructions for voting within each voting booth and shall place at least one printed sample ballot and at least one voting instructions poster approved or provided by the Secretary of State outside the enclosed space at the polling place for the information of the voters. At least one printed sample ballot and one voting instructions poster shall also be posted in the enclosed space. Prior to voters entering the enclosed space, the poll officers may also distribute to such voters a card of instructions for voting on the voting system that has been approved or provided by the Secretary of State. The poll officers shall also have a sufficient supply of sample ballots available should voters request to view them while voting or reviewing their ballot.

8. As near as possible to exit of the enclosed space in every polling place in a manner that is visible to voters as they exit the enclosed space, the poll manager shall post a sign that informs voters that ballots shall not be removed from the enclosed space.

9. Accredited poll watchers must be able to observe the polling place setup process; however, they may not interfere with the setup process.

Authority: O.C.G.A. §§ 21-2-31, 21-2-94, 21-2-95

**Rule 183-1-12-.11 Conducting Elections.**

1. As each voter presents himself or herself at the polling place for the purpose of voting during the time during which the polls are open for voting, each voter shall be offered instruction by a poll officer in the method of voting on the voting system~~, including specific verbal instruction to review their printed ballot prior to scanning it and that sample ballots and magnifying devices are available upon request to assist them in reviewing their paper ballot~~. In providing such instruction, the poll officers shall not in any manner request, suggest, or seek to persuade or induce any voter to vote any particular candidate, political party, or political body, or for or against any particular question.

2. (a) When a person presents himself or herself at the polling place for the purpose of voting during the time during which the polls are open for voting, the person shall complete a voter~~'s~~ certificate and submit it to the poll officers. The voter certificate may be an electronic or paper record. The poll officers shall verify the identity of the person and that the person is a registered voter of the precinct and, if so, shall approve the voter~~'s~~ certificate and enter an appropriate designation on the electors list for the precinct reflecting that the voter has voted in the primary, election, or runoff being conducted. The voter's name shall then be entered on the appropriate numbered list of voters.

AMERICAN OVERSIGHT

(b) A poll officer shall then issue the voter an appropriate voter access card authorizing the voter to vote the correct ballot on the touchscreen or utilize the correct access code to manually bring up the correct ballot on the touchscreen. The voter shall then enter the enclosed space in the polling place and proceed to vote his or her choices. Upon making his or her selections, the voter shall cause the paper ballot to print, remove his or her printed ballot from the printer, remove the voter access card from the touchscreen component, review the selections on his or her printed ballot, scan his or her printed ballot into the scanner, and return the voter access card to a poll officer. Then the voter shall exit the enclosed area of the polling place.

(c) If an emergency situation makes utilizing the electronic ballot markers impossible or impracticable, as determined by the election superintendent, the poll officer shall issue the voter an emergency paper ballot that is to be filled out with a pen after verifying the identity of the voter and that the person is a registered voter of the precinct. Emergency paper ballots shall not be treated as provisional ballots, but instead shall be placed into the scanner in the same manner that printed ballots in the polling place are scanned. The election superintendent shall cause each polling place to have a sufficient amount of emergency paper ballots so that voting may continue uninterrupted if emergency circumstances render the electronic ballot markers or printers unusable. For any primary or general election for which a state or federal candidate is on the ballot, a sufficient amount of emergency paper ballots shall be at least 10% of the number of registered voters assigned to a polling place. The poll manager shall store all emergency ballots in a secure manner and ensure that all used and unused emergency ballots are accounted for. All unused emergency ballots shall be placed into a secure envelope and sealed such that the envelope cannot be opened without breaking such seal.

(d) If an emergency situation exists that makes voting on the electronic ballot markers impossible or impracticable, the poll manager shall alert the election superintendent as soon as possible. The existence of an emergency situation shall be in the discretion of the election supervisor. However, if a poll manager is unable to contact the election superintendent after diligent effort, the poll manager shall have the ability to declare that an emergency situation exists at the polling place. The poll manager shall continue diligent efforts to contact the election superintendent, and shall inform the superintendent as soon as possible of the situation at the polling place. The election superintendent, in his or her discretion, shall either overrule or concur with the declaration of emergency circumstances. While the determination of an emergency situation is in the discretion of the election superintendent, the types of events that may be considered emergencies are power outages, malfunctions causing a sufficient number of electronic ballot markers to be unavailable for use, or waiting times longer than 30 minutes.

3. At least once each hour during the time while the polls are open, the poll officers shall examine the enclosed space to verify that no unauthorized matter has been affixed to any voting system component or placed in the voting booth and that the voting system components have not been tampered with in any manner. Poll officers shall also check that no unattended ballots are left in the printer or anywhere in the enclosed space other than the appropriate ballot box. Any unattended ballots found in the enclosed space that do not belong to a voter currently in the enclosed space shall not be counted, but shall be secured and labelled as unattended ballots.

AMERICAN OVERSIGHT

4. The polling place shall be arranged in such a manner as to provide for the privacy of the elector while voting and to allow monitoring of each voting system component by the poll officers while the polls are open. The electronic ballot markers and ballot scanners used in the polling place shall be set up in a manner to assure the privacy of the elector while casting his or her ballot while maintaining the security of such units against tampering, damage, or other improper conduct. ~~In addition, there shall be at least one electronic ballot marker configured for use by physically disabled electors at each advance voting location.~~ In addition, at least one ballot marking device shall be configured for voting by physically disabled voters in wheelchairs and provisions shall be made to provide for the privacy of such electors while voting.

5. It shall be permissible under O.C.G.A. § 21-2-410 and shall not constitute assistance in voting under O.C.G.A. § 21-2-409 for poll officers to assist a voter in inserting the voter access card into the ballot marking device and in explaining the operation of the unit to the voter; provided that the poll officer shall withdraw from the voting booth prior to the voter making any selections. The poll officers shall not in any manner request, suggest, or seek to persuade or induce any voter to vote for any particular candidate, political party, or political body, or for or against any particular question.

6. Voters utilizing an audio tactile interface (ATI) device to vote on the ballot marking device without the assistance of any other individual shall not be considered as receiving assistance in voting and shall not be required to complete the forms required for receiving assistance in voting pursuant to O.C.G.A. § 21-2-409; however, if another person other than a poll officer is handling the printed ballot before it is inserted into the scanner, that person shall be considered as assisting.

7. The poll officers shall confirm that voters deposit their ballots and return the voter access cards to the poll officers prior to leaving the enclosed space in the polling place. The poll officers shall arrange and configure the polling place and provide staffing at such places within the polling place to confirm that a voter will not leave the enclosed space with a ballot or voter access card.

8. The election superintendent shall cause each polling place to be sufficiently staffed. At least one poll officer shall be assigned to assisting voters who have questions while they are in the voting booth but before they approach the ballot scanner. Another ~~and a~~ poll officer shall ~~to~~ be stationed at every ballot scanner in use in the polling place while voting is occurring. The poll officer stationed at the ballot scanner shall offer each voter specific verbal instruction to review their printed paper ballot prior to scanning it. In addition to the preceding instruction, the poll officer stationed at the ballot scanner shall offer general instruction throughout the period while voting is occurring telling voters that sample ballots and magnifying devices are available to assist them in reviewing their paper ballot.~~ing reminding voters to review their printed paper ballots, but~~ The poll officer shall take all reasonable precautions not to view the selections on an elector's ballot unless it is required due to assistance requested by the elector. If a poll officer observes a voter attempting to leave the enclosed space with a paper ballot, the poll officer shall inform the voter of the consequence of not depositing his or her paper ballot into the ballot scanner prior to leaving the room.

9. A voter may request information from poll officers concerning how to use the electronic ballot marker or any other voting system component at any time during the voting process. However,

AMERICAN OVERSIGHT

once the voter scans his or her ballot into the ballot scanner, even if the ballot is blank with no votes cast, such voter shall be deemed to have voted and may not thereafter vote again. If a voter leaves the room encompassing the enclosed space with his or her paper ballot and does not place that ballot into the appropriate ballot scanner or ballot box, that voter shall be deemed to have voted and may not thereafter vote again. A sign shall be placed at the exit of the enclosed space that informs every voter that ballots may not be removed from the enclosed space. Any paper ballot that is removed from the room encompassing the enclosed space shall not be counted and shall be marked as spoiled by a poll officer.

10. (a) If a voter discovers that the ballot presented on the electronic ballot marker is not correct or, for a partisan primary, is not the ballot that the voter desired to vote, the voter shall immediately notify a poll officer. The poll officer shall cancel or void the ballot on the electronic ballot marker without attempting in any manner to see how the voter has voted and shall then take the necessary steps to provide the voter with the correct ballot and make any necessary corrections to the voter certificate of the voter, the electors list, and the numbered list of voters. If the error is due to equipment malfunction, the poll officer shall document the incident on a form developed by the Secretary of State. The poll manager shall inform the election superintendent immediately if one or more electronic ballot markers are associated with a significant number of incidents.

(b) If, while reviewing his or her printed ballot, the voter discovers that the printed ballot does not contain the proper ballot selections or that the voter was not issued the proper ballot, the voter shall immediately inform a poll officer. The poll officer shall spoil the paper ballot and take the necessary steps to allow the voter to make his or her selections again on the electronic ballot marker and cause the correct ballot to be issued. If the error is due to equipment malfunction, the poll officer shall document the incident on a form developed by the Secretary of State. The poll manager shall inform the election superintendent immediately if one or more electronic ballot markers are associated with a significant number of incidents.

(c) If the voter places his or her paper ballot into the ballot scanner or ballot box prior to notifying the poll officials of any errors in the ballot, the voter shall be deemed to have voted and shall not be permitted to cast another ballot.

11. (a) If any voting system component malfunctions during the day of a primary, election, or runoff, the poll manager shall immediately notify the election superintendent and shall not allow any voter to use the component until and unless the malfunction is corrected. The poll manager shall utilize appropriate backup procedures so that voting is not interrupted due to any equipment malfunctions. The election superintendent shall immediately arrange for the repair of the voting system component or shall provide a replacement component as soon as practicable. A replacement component shall not be used unless it has been appropriately tested prior to its use.

(b) In the event that a ballot scanner malfunctions, the voter shall place their voted ballot in the emergency bin connected to the ballot box. The ballots in the emergency bin shall be counted when the ballot scanner is properly functioning, by a replacement ballot scanner brought to the polling place, or, if neither are available, by another scanner at the county elections office. Poll officers may scan ballots placed into the emergency bin through the ballot scanner or a replacement ballot scanner when doing so will not interfere with voting. A voter placing his or her ballot into

AMERICAN OVERSIGHT

the emergency bin is considered to have voted that ballot and shall not be permitted to cast another ballot.

12. Accredited poll watchers shall be allowed to observe the process described in this rule; however, they must do so in a manner that does not interfere with poll officials or voters.

Authority: O.C.G.A. §§ 21-2-31, 21-2-409, 21-2-410

**Rule 183-1-12-.12 Tabulating Results.**

(a) After the Polls Close.

1. Immediately after the polls close and the last voter has voted, the poll manager and two witnesses who have been previously sworn as poll officers as provided in O.C.G.A. §§ 21-2-94 and 21-2-95 shall begin the closing procedure on each ballot scanner so that no further votes are cast and record the number of scanned ballots from every ballot scanner used in the polling place. The poll manager and the two witnesses shall record the number of scanned ballots from each scanner on a recap form to be developed by the Secretary of State. The poll manager and the two witnesses shall cause each ballot scanner to print three tapes of the tabulated results and shall sign each tape indicating that it is a true and correct copy of the tape produced by the ballot scanner. If the poll manager or the witnesses have reason to believe that printed tapes are not a true and correct tabulation of the ballots scanned by that ballot scanner, the poll manager or witness shall document the reasons and evidence for that belief and inform the election superintendent, who shall take appropriate action, in his or her discretion, so that the ballots in the ballot box associated with the ballot scanner are accurately tabulated.

2. The poll manager shall cause the number of printed ballots from each ballot marking device to be recorded on the recap form. The poll manager shall further cause the number of spoiled ballots and ballots placed in the emergency bin of the scanner that were unable to be scanned to be recorded on the recap form. The poll manager shall cause the total number of voter check ins from the electronic poll book and/or paper voter list to be recorded on the recap form. If the numbers recorded on the recap form do not reconcile with each other, the poll manager shall immediately determine the reason for the inconsistency; correct the inconsistency, if possible; and fully document the inconsistency or problem along with any corrective measures taken.

3. One of the three tapes of the tabulated results printed from the ballot scanner shall be affixed to the door of the polling place for the information of the public along with a copy of the provisional ballot recap form for the polling place. One tape shall be placed into an envelope (or reusable document storage container suitable for the same purposes) provided by the election superintendent, along with the "poll officer" memory card from the ballot scanner. The envelope shall be sealed by the poll manager and the same two witnesses who signed the tape such that the envelope cannot be opened without breaking such seal. The poll manager and the two witnesses shall initial the envelope indicating that it contains the correct tape and memory card from the indicated ballot scanner. The envelope shall be

AMERICAN OVERSIGHT

labelled with the name of the polling place, the serial number of the ballot scanner, and the number assigned to the ballot scanner for that election. The third tape shall be placed into another envelope with the polling place recap form.

4. The poll manager and two witnesses who have been sworn as poll officers as provided in O.C.G.A. §§ 21-2-94 and 21-2-95 shall unseal and open each ballot box, remove the paper ballots from each ballot box, and place the paper ballots into a durable, portable, secure and sealable container to be provided for transport to the office of the election superintendent. A separate container shall be used for the paper ballots from each ballot box and the container shall be labelled with the polling place, ballot scanner serial number, the number assigned to the ballot scanner for that election, the count of the ballots from the tabulation tape, and the date and time that the ballot box was emptied. The container shall be sealed and signed by the poll manager and the same two witnesses such that it cannot be opened without breaking the seal. The poll manager and the two witnesses shall sign a label affixed to the container indicating that it contains all of the correct ballots from the indicated ballot box and no additional ballots.

5. The poll manager and the same two witnesses who emptied the ballot box shall complete and sign a form indicating that the ballot box was properly emptied and the ballots were properly stored and secured. Such form shall be delivered to the election superintendent with the completed polling place recap form. The ballot box shall be resealed and the new seal numbers shall be documented.

6. The envelopes containing the tabulation tape and the memory card, the containers containing the paper ballots, the completed polling place recap forms, voter access cards, supervisor's cards, electors lists, numbered lists of voters, electronic poll books, and other such paperwork shall be delivered to the election superintendent by the poll manager and at least one other sworn poll officer or law enforcement official. The election superintendent or his or her designee shall receive the materials and shall issue a receipt to the poll manager for the materials. The poll manager and any poll officers who travelled with the materials shall sign a form indicating that no sealed documents were unsealed enroute and that the materials have not been tampered with. The election superintendent, in his or her discretion, may allow a designee of the poll manager to deliver the envelopes or containers containing the ballot scanner tabulation tapes and memory cards to be used for unofficial reporting of results prior to the delivery of the other polling place materials provided that the same procedures for transit and delivery set forth herein are followed.

7. Before leaving the polling place, the poll manager shall power off, secure, and seal all electronic ballot markers, ballot boxes, and ballot scanners. The polling place shall be locked to prohibit unauthorized entry.

8. <u>Accredited poll watchers shall be allowed to observe the process described in this rule; however, they must do so in a manner that does not interfere with poll officials.</u>

AMERICAN OVERSIGHT

(b) Consolidation of Results.

1. All persons involved with the tabulation and consolidation of the election results and who will operate the computer programs or handle the memory cards shall be sworn in the same manner that custodians are sworn before entering into their duties.

2. Only persons who are permanent employees of the election superintendent or have been duly sworn as poll officers or custodians shall touch or be in contact with any ballot, container, returns, tapes, device, memory card, or any other such election materials. Only persons who are employed by the election superintendent or have been duly sworn shall be in the immediate area of the tabulating center designated by the superintendent for the officers to conduct the tabulation and consolidation of the election results.

3. The tabulation and consolidation shall be performed in public. However, the election superintendent may make reasonable rules and regulations for conduct at the tabulating center for the security of the results and the returns and to avoid interference with the tabulating center personnel.

4. Upon the delivery of any election materials from a polling place, the election superintendent or his or her designee shall provide a receipt that clearly states what election materials have been delivered.

5. Upon receiving the paper ballots and the memory cards, the election superintendent shall verify the signatures on the sealed envelopes and containers, verify that the seals are intact, that the envelopes or containers have not been opened, and that there is no evidence of tampering with the envelopes, containers, or their contents.

6. In the case of elections for county, state, and federal office, after verifying that the envelopes and containers are properly sealed and have not been opened or tampered with, the election superintendent shall break the seal and open each envelope and remove the memory card and results tape. The election superintendent or his or her designee shall then insert the memory card into the election management system computer and transfer the vote totals from the memory card into the election management system for official tabulation and consolidation.

7. After transferring all of the vote totals from the memory cards to the election management system and consolidating such totals with the totals from the absentee ballot system and such votes from any provisional ballots which have been found by the registrars to be authorized pursuant to O.C.G.A. § 21-2-419, the election superintendent shall prepare the official consolidated returns for the primary, election, or runoff.

8. The election superintendent shall not list and certify in the official consolidated returns for an election any results for write in candidates who were not properly qualified under O.C.G.A. § 21-2-133.

9. In the case of primaries, elections, and runoffs for county, state, and federal office, the county election superintendent shall transmit to the Secretary of State the election returns

AMERICAN OVERSIGHT

by precinct for the county in electronic format or by electronic means, as may be specified by the Secretary of State, within fourteen days following a primary, election, or runoff.

(c) Election Night Reporting. The election superintendent shall transmit to the Secretary of State unofficial election results for all races for state offices in any primary, election, or runoff as soon as possible after the closing of the polls for such primary, election, or runoff. Such results shall be transmitted in a format prescribed by the Secretary of State. At a minimum, the results shall be transmitted upon one third of the precincts reporting results, upon two thirds of the precincts reporting results, and upon all precincts reporting results, including absentee ballots within all precincts. Except upon prior notice to and consultation with the Secretary of State, no election superintendent shall conclude the tabulation of votes on election night in any primary, election, or runoff in which there are contested races for federal and state offices until and unless all such unofficial results, including absentee ballots, have been transmitted to the Secretary of State.

Authority: O.C.G.A. §§ 21-2-31, 21-2-94, 21-2-95

**Rule 183-12-.18 Provisional Ballots**

(1) This rule shall govern the casting of provisional ballots by voters at primaries and elections in accordance with O.C.G.A. §§ 21-2-418 and 21-2-419.

(2) In each polling place, there shall be established a location or station in the public area of the polling place for the purpose of issuing and receiving provisional ballots. Each polling place shall have an information sheet developed by the Secretary of State available for voters who have questions about the provisional ballot process. The information sheet should describe relevant law regarding provisional ballots for voters who do not show up on the electors list for that polling place.

(3) The election superintendent shall provide each polling place with an adequate supply of provisional ballots in each ballot style (district combination) for the precinct and an inner ballot envelope and an outer ballot envelope. The election superintendent shall also be prepared to resupply polling places with provisional ballots in needed ballot styles in a timely manner while voting is occurring so that polling places do not run out of provisional ballots. The ballot envelopes shall be so designed that the ballot will fit within the inner ballot envelope and the inner ballot envelope will fit within the outer ballot envelope. The inner ballot envelope shall have printed on it the words "Official Provisional Ballot" and nothing else. The outer envelope shall have places for inserting the person's name, precinct, date and name of election, ballot style (district combination), and whether such ballot is a regular provisional ballot, a provisional ballot cast by a voter who registered to vote for the first time in this state by mail and has not provided the identification required by O.C.G.A. §§ 21-2-220 and 21-2-417, or a ballot cast during poll hours extended by a court order, or a combination thereof. Primaries and elections conducted by counties shall use optical scan ballots for provisional voting. The poll manager shall cause all voted provisional ballots to be deposited into the provisional ballot box and not be inserted into the polling place ballot scanner and kept separate and apart from non-provisional ballots cast at the polling place. Municipalities shall use the same type of ballots as the municipality uses for mail-in absentee voting. The election superintendent shall also provide a booth for voting provisional

AMERICAN OVERSIGHT

ballots in the enclosed space which will provide privacy for a person while voting a provisional ballot and a secure container in which the voted provisional ballots shall be placed.

(4) Voters whose names do not appear on electors list.

(a) When a person arrives at a polling place, completes a voter certificate, and presents it to the poll workers but the person's name does not appear on the official electors list for the precinct, the poll officers shall immediately direct the person to the provisional ballot station. At the provisional ballot station, the polling place shall have an electronic poll book that includes a mastered list of registered voters in the state, and the poll workers shall check the list to determine if the person is assigned to a different polling place within the county or registered in a different county. If the person's name appears on the master list for a different precinct within the same county, the poll workers shall inform the person of his or her correct polling place. The person shall be instructed to go to his or her correct polling place if practicable, but that if it is not practicable for the person to get to his or her correct polling place before the close of polls, that the person may vote a provisional ballot in the polling place in which they are present. If, after receiving that instruction, the person states that it is not practicable for him or her to get to their correct polling place prior to the close of voting, the poll officer shall offer the person a provisional ballot. If the person is registered in a different county, the poll officer shall inform the person that he or she appears to be registered in a different county. If the person is still eligible to vote in the county in which they appear to be registered, the person may return to that county to vote. If the person states a good-faith belief that he or she timely registered to vote in the county in which he or she is present, he or she shall be offered a provisional ballot.

(b) If the person's name is not found on the official list of electors for the precinct or the master list, the poll officers shall immediately contact the registrars and the person shall provide such information as the registrars may request to determine if the person is eligible to vote in the election. The registrars shall promptly review the information provided by the person and shall attempt to determine if the person timely and properly registered to vote in the county in which he or she is present.

(c) If the registrars can immediately determine that the person timely and validly registered to vote in the primary or election and should be assigned to the precinct at which the person is present, the registrars shall authorize the poll officers to add the person's name to the official electors list for the precinct and shall permit the person to vote in the same manner as other voters in the precinct vote. When there are multiple ballot styles (district combinations) in use in the precinct, the registrars shall also advise the poll officers which ballot style (district combination) should be issued to the person. The person's name shall then be added to the official electors list for the precinct with a notation of the name of the registrar who authorized such addition. Upon presentation of a properly completed voter certificate and the identification required by 0.C.G.A. § 21-2-417, the person shall be permitted to vote in the same manner as other voters in the precinct.

d) If the registrars can immediately determine that the person timely and validly registered to vote in the primary or election but should be assigned to a different precinct within the same county where the person is present, the registrars shall direct the poll officers to

AMERICAN OVERSIGHT

inform the person of the appropriate other precinct and the registrars shall notify the officers of such other precinct to add the person's name to the official electors list for such other precinct. When there are multiple ballot styles (district combinations) in use in such other precinct, the registrars shall also advise the poll officers at such other precinct which ballot style (district combination) should be issued to the person. The person's name shall then be added to the official electors list for the other precinct by the poll officers of the other precinct with a notation of the name of the registrar who authorized such addition. Upon the completion of a voter certificate and the submission of the identification required by O.C.G.A. § 21-2-417. the person shall be permitted to vote in the same manner as other persons in such other precinct. However, the poll officer shall also instruct the person that if it is not practicable for such person to go to such other precinct before the polls close and the person communicates that to the poll officers, the person shall be offered a provisional ballot at the precinct in which the person is present. In such case, all votes cast by such person for candidates for whom such person is properly entitled to vote shall be counted and all votes cast for candidates for whom such person is not properly entitled to vote shall be void and shall not be counted in accordance with O.C.G.A. § 21·2-419(c).

(e) If the registrars cannot immediately determine that the person timely and validly registered to vote in the primary or election; but, from the information presented by the person, the person, if properly registered, would be assigned to the precinct at which the person is present, the registrars shall inform the poll officers and the person shall be offered a provisional ballot at such precinct. When there are multiple ballot styles (district combinations) in use in the precinct, the registrars shall also advise the poll officers which ballot style (district combination) should be issued to the person.

(f) If the registrars cannot immediately determine that the person timely and validly registered to vote in the primary or election; but, from the information presented by the person, the person, if registered, would be assigned to a different precinct from the precinct in the county at which the person is present, the registrars shall direct the poll officers to inform the person of the appropriate precinct. The registrars shall notify the officers of such other precinct to permit the person to vote a provisional ballot when such person arrives at such precinct, completes an official voter registration form and a provisional ballot voter certificate, and submits the appropriate identification required by O.C.G.A. § 21-2-417. When there are multiple ballot styles (district combinations) in use in such other precinct, the registrars shall also advise the poll officers which ballot style (district combination) should be issued to the person. However, the poll officer shall also instruct the person that if it is not practicable for such person to go to such other precinct before the polls close and the person communicates that to the poll officers, the person shall be offered a provisional ballot at the precinct at which such person is present. In such case, all votes cast by such person for candidates for whom such person is properly entitled to vote shall be counted and all votes cast for candidates for whom such person is not properly entitled to vote shall be void and shall not be counted in accordance with O.C.G.A. § 21-2·419(c).

(g) If the person appears at a precinct in a county or municipality in which the person does not reside, the registrars shall instruct the poll officers to direct the person to contact

AMERICAN OVERSIGHT

the registrars in the county in which the person resides to determine in which precinct such person should vote.

(h) If the poll officers cannot get in touch with the registrars after making a reasonable effort to do so, the poll officers shall be authorized to permit the person to receive a provisional ballot at the precinct without additional authorization from the registrars. In such case, all votes cast by such person for candidates for whom such person is properly entitled to vote shall be counted and all votes cast for candidates for whom such person is not properly entitled to vote shall be void and shall not be counted in accordance with O.C.G.A. § 21-2-419(c).

(i) Upon accepting the opportunity to receive a provisional ballot, the person shall complete a provisional ballot voter certificate and an official voter registration form and submit such completed certificate and form to the poll officers along with the appropriate identification required by O.C.G.A. § 21-2-417. The poll officers shall place the name of the person on the numbered list of provisional ballot voters and issue the person a provisional ballot of the style authorized by the registrars along with an Inner ballot envelope and an outer ballot envelope. Before issuing the outer ballot envelope to the person, the poll officers shall enter the person's name, the name of the precinct, the date and name of the election, and the ballot style (district combination) on the outer envelope. The person shall then retire to the provisional ballot voting booth and mark the ballot with his or her intended selections. Upon completing the ballot, the person shall seal the ballot in the inner ballot envelope and place the inner ballot envelope containing the ballot into the outer ballot envelope and shall seal the outer ballot envelope. The person shall then return the sealed envelope to the poll officers.

(j) Upon receiving the sealed ballot envelope from a person casting a provisional ballot, the poll officers shall verify that the information requested on the outer ballot envelope is complete, shall mark the appropriate box or boxes to designate the type of provisional ballot enclosed therein, and shall direct the person to place the ballot envelope into the secure container for provisional ballots which shall be located within the enclosed space in the polling place where it can be monitored by the poll officers and observed by the public. The provisional ballot voter certificate and voter registration form shall be attached together and shall be placed in a separate, distinctively marked envelope or reusable document container which shall be placed in a secure location in the polling place.

(5) Voter who registered for first time by mail but did not provide required identification.

(a) When a person arrives at a polling place, completes a voter certificate, and presents it to the poll workers but does not have the identification required by O.C.G.A. § 21-2-417 and the person's name appears on the official electors list for the precinct with a designation that the person registered to vote for the first time in this state by mail but has not provided the required identification to the registrars as required by O.C.G.A. § 21- 2-220. the poll officers shall immediately direct the person to the provisional ballot station. At the provisional ballot station, the person shall be permitted to cast a provisional ballot at such precinct. When there are multiple ballot styles (district combinations) in use in the precinct,

AMERICAN OVERSIGHT

the poll officers shall issue the appropriate ballot style (district combination) to the person as shown on the electors list. The poll officers shall place the name of the person on the numbered list of provisional ballot voters and issue the person a provisional ballot of the style authorized by the registrars along with an inner ballot envelope and an outer ballot envelope. Before issuing the outer ballot envelope to the person. the poll officers shall enter the person's name, the name of the precinct, the date and name of the election, and the ballot style (district combination) on the outer envelope. The person shall then retire to the provisional ballot voting booth and mark the ballot with his or her intended selections. Upon completing the ballot, the person shall seal the ballot in the inner ballot envelope and place the inner ballot envelope containing the ballot into the outer ballot envelope and shall seal the outer ballot envelope. The person shall then return the sealed envelope to the poll officers.

(b) Upon receiving the sealed ballot envelope from a person completing a provisional ballot, the poll officers shall verify that the information requested on the outer ballot envelope is complete, shall mark the appropriate box or boxes to designate the type of provisional ballot enclosed therein, and shall direct the person to place the ballot envelope into the secure container for provisional ballots which shall be located within the enclosed space in the polling place where it can be monitored by the poll officers and observed by the public.

(c) The provisional ballot shall not be counted unless the voter provides the identification required by O.C.G.A. § 21-2-220 and 21-2-417 to the registrars before the end of the period set by law for the verification of provisional ballots. Such identification may be provided to the registrars in person, by email, by facsimile transmission or, in the case of disabled voters, by delivery by a third party.

(6) Voters voting during extended polling hours in an election in which federal candidates are on the ballot.

(a) In the event that the polling hours for a polling place are extended by a court order beyond the normal closing time for a primary, election, or runoff in which federal candidates are on the ballot, all voters who vote after the normal closing time for the polling place shall vote by provisional ballot.

(b) Voters whose names appear on the electors list and who have the appropriate identification required by O.C.G.A. § 21-2-417 shall complete a provisional voter certificate and shall be issued a provisional ballot along with an inner ballot envelope and an outer ballot envelope. Such voters shall not be required to complete a voter registration form. It also shall not be necessary to obtain approval from the registrars to issue provisional ballots to such voters. The poll officers shall place the name of the person on the numbered list of provisional ballot voters. Before issuing the outer ballot envelope to the person, the poll officers shall enter the person's name, the name of the precinct, the date and name of the election, and the ballot style (district combination) on the outer envelope. The person shall then retire to a provisional ballot voting booth and mark the ballot with his or her intended selections. Upon completing the ballot, the person shall seal the ballot in the inner ballot envelope and place the inner ballot envelope containing the ballot into

AMERICAN OVERSIGHT

the outer ballot envelope and shall seal the outer ballot envelope. The person shall then return the sealed envelope to the poll officers. Upon receiving the sealed ballot envelope from a person completing a provisional ballot, the poll officers shall verify that the information requested on the outer ballot envelope is complete, shall mark the appropriate box to designate that the ballot is an extended poll hours provisional ballot, and shall direct the person to place the ballot envelope into the secure container for provisional ballots which shall be located within the enclosed space in the polling place where it can be monitored by the poll officers and observed by the public.

(c) If the voter's name is not on the electors list, the poll workers shall follow the provisions of this rule for regular provisional balloting under this rule and, if the voter is authorized by the registrars to vote a provisional ballot under the terms of this rule, shall also mark the appropriate box on the outer ballot envelope to indicate that the ballot was issued during extended poll hours.

(d) If the voter's name is on the electors list but registered to vote for the first time in this state by mail and has not provided the identification required by O.C.G.A. § 21-2-220. the poll officers shall permit the voter to vote in accordance with the provisions of this rule for first time voters who register for the first time in this state by mail without providing the required identification, and shall also mark the appropriate box on the outer ballot envelope to indicate that the ballot was issued during extended poll hours.

(e) The poll officers shall provide each first time voter who registered for the first time in this state by mail without providing the required identification who casts a provisional ballot information on how the voter may provide the registrars with the appropriate identification in order that the voter's ballot may be counted.

(7) Each voter casting a provisional ballot in a primary, election, or runoff in which federal candidates appear on the ballot shall be given written information explaining how such voter can ascertain if such ballot is counted and, if such ballot is not counted, the reason why such ballot was not counted.

(8) The provisional ballot voter certificates and voter registration cards may be picked up during the day by a registrar or deputy registrar for the purpose of beginning the process of determining the eligibility of the persons to cast provisional ballots. Before transferring the voter certificates and registration cards to the registrars during the day, the poll officers shall note the number of certificates and cards being transferred to the registrars. If such voter certificates and registration cards are not picked up by the registrars by the time that the polls close and the last voter has voted, the envelope in which the provisional ballot voter certificates and voter registration cards have been deposited shall be securely sealed and shall be returned to the election superintendent with the other materials from the polling place.

(9) After the close of the polls and the last voter has voted, the poll officers shall account for all voted provisional ballots, cancelled and spoiled provisional ballots, and unused provisional ballots. The ballot stubs and unused and spoiled ballots shall then be securely sealed in the container provided for them by the election superintendent. The poll officer, along with two other witnesses

AMERICAN OVERSIGHT

sworn as poll officers, shall then proceed to open the secure container in which the provisional ballots were deposited and count the number of voted provisional ballots contained therein. The poll officer and witnesses shall then compare the total number of persons voting provisional ballots as shown on the numbered list of provisional ballot voters with the number of ballots issued and the number of ballots voted. If these numbers do not equal one another. the poll officers shall determine the reason for the inconsistency and shall correct the problem before going further. The poll officer and witnesses shall seal the voted provisional ballots in a container for transfer to the election superintendent. The poll officers shall complete and sign a provisional ballot recap sheet and post one copy of the recap sheet on the door of the polling place with the election results from the precinct. The remaining copies of the provisional ballot recap sheet along with the numbered list of provisional ballot voters shall be returned to the election superintendent with the other election materials from the precinct.

(10) Upon receiving the election materials from the precincts, the election superintendent shall cause the envelope containing the provisional ballot voter certificates and voter registration cards to be promptly removed from the other materials and, if applicable, transferred to the registrars for processing. If applicable, the voter certificates and registration cards shall be transferred to the registrars no later than 9:00 a.m. on the day following the day of the primary, election, or runoff. The election superintendent shall also remove the container containing the voted provisional ballots and shall place such container in a secure location within the election superintendent's office.

(11) Upon receiving the provisional ballot voter certificates and voter registration cards from the election superintendent, the registrars shall promptly proceed to determine the eligibility of each person that voted a provisional ballot.

(a) If the registrars determine that the person did timely register and is eligible and entitled to vote in such primary, election, or runoff, the registrars shall mark on the numbered list of provisional ballot voters that the ballot is accepted and shall notify the election superintendent of the proper ballot style (district combination) for the voter.

(b) If the registrars determine that the person did not timely register to vote for the primary or election or is not eligible and entitled to vote in such primary or election or if the registrars cannot determine by the close of business on the third business day following the day of the primary, election, or runoff if the voter timely registered and was eligible and entitled to vote in such primary or election, the registrars shall mark on the numbered list of provisional ballot voters that the ballot is rejected.

(c) Not later than the close of business on the third business day following the day of the primary, election, or runoff, the registrars shall return to the election superintendent the numbered list of provisional ballot voters reflecting the accepted and rejected provisional ballots.

(d) The names of those persons whose names are accepted shall be added to the official electors list. The voter registration cards of those persons whose ballots are rejected on the numbered list of provisional ballot voters shall be processed by the registrars and, if found to be eligible and qualified, shall be added to the electors list for future elections.

AMERICAN OVERSIGHT

(e) The registrars shall maintain the provisional ballot voter certificates for the same period of time and under the same conditions as the regular voter certificates. Voter registration cards completed by provisional ballot electors shall be maintained for the same period of time and under the same conditions as other voter registration cards.

(12) Upon receiving the numbered list of provisional ballot electors from the registrars, the election superintendent shall prepare to count the accepted provisional ballots. The election superintendent shall first compare the precinct designation and election district information with the style of ballot (district combination) cast by the provisional ballot voter.

(a) If the ballot style (district combination) voted by the voter was correct, then the election superintendent shall open the outer envelope and place the inner envelope containing the ballot into a ballot box.

(b) If the ballot style (district combination) voted by the voter was not correct, then the election superintendent shall open the outer envelope and note the correct ballot style (district combination) on the inner envelope. Each such inner envelope shall then be placed in a separate container until all of the outer envelopes have been opened. The outer envelopes shall then be stored in a location away from the inner envelopes in a manner such that the inner envelope and ballot of a voter cannot be identified as being the ballot of a particular voter. The superintendent shall then open each such inner envelope and remove the ballot and shall place a unique identifying number on the ballot along with the designation of the precinct at the top of the ballot. The election superintendent shall then prepare or cause to be prepared a duplicate ballot. The duplicate ballot shall be clearly labeled with the word “Duplicate" and shall bear the name of the precinct and the same unique identifying number as the original ballot at the top of the ballot. The election superintendent shall transfer or cause to be transferred to the duplicate ballot, in the presence of at least two other consolidation assistants and in public, only the votes cast by the provisional ballot voter in the races and on the questions to which such voter was eligible and entitled to vote. The votes entered on the duplicate ballot shall be verified by at least one consolidation assistant. The completed duplicate ballot shall be placed in the ballot box with the other provisional ballots to be counted. The original ballot shall be placed into an appropriate container and retained.

(c) After opening all of the outer envelopes and making all necessary duplicate ballots, the election superintendent shall then open the inner envelopes of the ballots in the ballot box and proceed to count the votes in the same manner as absentee ballots are counted. Upon completing the count, the election superintendent shall add the provisional ballot votes to the other votes cast at the polls and by absentee ballot and shall consolidate and certify the results of the primary, election, or runoff. The provisional ballots and any duplicates shall be retained for the same time period and in the same manner as absentee ballots.

(d) The rejected provisional ballots shall be marked on the outer envelope as "Not Counted" and shall not be opened. The ballots shall be maintained for the same time period and in the same manner as absentee ballots which were returned too late to be counted.

AMERICAN OVERSIGHT

(e) The election superintendent shall notify the registrars of the names of those persons who cast a provisional ballot in the wrong precinct or on an incorrect ballot style (district combination).

(13) Upon identifying the rejected provisional ballot electors, the registrars shall proceed at the earliest possible time to notify each such person by first-class mail at the address shown on the provisional ballot voter certificate that his or her ballot was not counted because of the inability of the registrars to verify that the person timely registered to vote or such other proper reason. The registrars shall also attempt to notify the person by telephone or email if the provisional ballot voter certificate contains an email address or telephone number. If the person's voter registration card was approved, the registrars shall also notify the person that his or her name will be added to the elector's list and the person will be eligible to vote in future primaries and elections and that a voter notification or precinct card will be mailed to the person to provide the voter with the correct precinct and election district information.

(a) Upon receiving notification from the election superintendent of the names of persons who cast provisional ballots in the incorrect precinct or on the incorrect ballot style (district combination), the registrars shall notify such persons of their correct precinct and/or election district information. The sending of a voter notification or precinct card by first-class mail to the address shown on the voter registration card completed by such person when voting by provisional ballot shall be sufficient notice for such voters.

(b) If the person's voter registration is rejected, the registrars shall notify the person of such rejection in accordance with O.C.G.A. § 21-2·226(d).

(c) In addition, the registrars shall establish a free access system, such as a toll-free telephone number or an Internet website, by which voters who cast provisional ballots in a primary, election, or runoff in which federal candidates are on the ballot may ascertain whether their ballots were counted or, if the ballots were not counted, the reasons why such ballots were not counted. The registrars shall establish and maintain reasonable procedures necessary to protect the security, confidentiality, and integrity of personal information collected, stored, or otherwise used by such system. Access to information about an individual provisional ballot shall be restricted to the voter who cast such ballot.

Authority: O.C.G.A. §§ 21-2-31, 21-2-226, 21-2-417, 21-2-418, 21-2-419, 21-2-420

**Rule 183-1-12-.20 Use of Emergency Paper ~~Absentee~~ Ballots When Voting Machines are Inaccessible**

Emergency paper ballots shall be offered to and may be used by persons with disabilities in non-emergency situations if the electronic ballot markers are inaccessible.

Authority: O.C.G.A. § 21-2-31

AMERICAN OVERSIGHT

**COPY OF THE PROPOSED NEW RULE**

## CHAPTER 183-1-12

### Rule 183-1-12-.04 Storage, Maintenance, and Transport of Statewide Voting System Components.

1. The election superintendent of the county shall maintain all components of the voting system (including electronic ballot markers, ballot scanners, electronic poll books, and election management systems) in accordance with the requirements of this rule, the directives of the Secretary of State, and the specifications and requirements of the manufacturer.

2. All electronic components of the voting system shall be stored in a climate controlled space in which the temperature and humidity levels are maintained at acceptable levels year-round which shall not be lower than 0 degrees Celsius (32 degrees Fahrenheit) nor higher than 40 degrees Celsius (104 degrees Fahrenheit) and not lower than 20 percent relative humidity and not higher than 85 percent relative humidity such that no condensation forms on such components. The components shall not be stored in an area in which liquids or fluids stand, pool, or accumulate at any time or in areas that are subject to such standing, pooling, or accumulating liquids or fluids. The space in which the components are stored shall be secured and shall be accessible only to persons authorized by the election superintendent to have access to such components or such space. The components shall be stored in a manner that ensures that the components are protected from damage and shall not be stacked more than four units high. The back-up battery for the ballot scanner shall be charged at least every 9 months.

3. The storage areas for the voting system components at the county election office or other designated county facility shall be equipped with one or more of the following forms of electronic surveillance and protection: keypads or electronic locks, motion detectors, video surveillance, or a security system that is connected to an outside monitoring source, such as the police department or fire department.

4. The election Superintendent shall maintain numbered seals on all electronic ballot markers and ballot scanners in storage and all seal numbers shall be recorded and on file in the office of the election superintendent.

5. All components of the voting system shall be securely transported to polling places. Electronic ballot markers (including printers) and ballot scanners shall be transported in secure boxes or carrying cases that provide vibration and impact protection.

6. Upon delivery to a polling place in preparation for a primary, election, or runoff, all components of the voting system shall be secured and protected from unauthorized access. Upon delivery, the components shall either be stored in a locked, secure room at the polling place; in a locked, secure container that is reasonably affixed to the polling place; be under visual surveillance of an election official or their designee, law enforcement official, or

AMERICAN OVERSIGHT

licensed security guard; or, if the previously listed options are not feasible, in another manner, that in the reasonable judgement of the superintendent, secures and protects the voting system components from unauthorized access. Any electronic visual surveillance used for security when voting is not taking place shall not record, capture, or otherwise compromise the privacy of an elector's ballot.

7. The expenses for the implementation of the storage and security requirements of this rule shall be the responsibility of the county or municipal governing authority, as applicable, unless such security features are provided by the State.

8. Maintenance of Voting System Components. After the end of the initial warranty period for state owned voting system components, the county shall be responsible for maintaining an appropriate warranty or otherwise be responsible for maintenance and upkeep of such devices, including the repair and/or replacement of any devices which are destroyed, damaged, or otherwise rendered incapable of use in elections.

Authority: O.C.G.A. § 21-2-31

**Rule 183-1-12-.06 Handling of Voting System.**

1. All personnel, with the exception of the permanent employees of the Office of the Secretary of State and permanent employees of the county or municipal election superintendent, who prepare voting equipment for use in a primary, election, or runoff shall complete an oath of custodian before each election. One copy of the oath shall be placed on file in the office of the election superintendent and an additional copy shall be filed with the records for the election filed with the clerk of superior court or the municipal clerk, as appropriate. The oath of custodian
shall be in the following form:

STATE OF GEORGIA

COUNTY/MUNICIPALITY OF _____

OATH OF CUSTODIANS AND DEPUTY CUSTODIANS OF GEORGIA VOTING SYSTEM
I, _____, do swear (or affirm) that I will as a (deputy) custodian of the voting systems for the County/Municipality of _____, faithfully perform all of my duties in accordance with state law; that I will prepare in accordance with all applicable rules and regulations governing the use of the voting system all components to be used in primaries, elections, and runoffs in this county/municipality; that I will use my best endeavors to prevent any fraud, deceit, or abuse in carrying out my duties while preparing the voting system for use in primaries, elections, and runoffs; and that I am not disqualified by law to hold the position of (deputy) custodian.

AMERICAN OVERSIGHT

_____

(Deputy) Custodian

Administered by, sworn to,

and subscribed before me,

this ____ day of _____, 20__

Superintendent

(Required by O.C.G.A. Section 21-2-379.6(b))

2. Any electronic ballot markers, ballot scanners, electronic poll books, ballot boxes and accessories that are removed from storage for educational or training purposes must be signed in and out on an equipment log maintained by the election superintendent. The log shall contain, at a minimum, a description of the item being checked out, including any serial number or identifying number; the date and time when the item is checked out; the name of the person checking out the item; and the date and time when the item is returned to storage. The items checked out of storage shall remain in the custody and control of the person checking out the items at all times and the person checking out the items shall personally return such items. Each person who utilizes equipment for educational or training purposes must be adequately trained in the use of the equipment prior to the release of the equipment into such person's custody.

3. Should it become necessary to relocate an election management system computer or any of its components from one facility to another, the election superintendent shall notify the Secretary of State in advance in writing of the reason for the relocation and the proposed new location. The election management system shall not be relocated unless and until written authorization for the relocation is received from the Secretary of State except in the event of an emergency situation beyond the control of the election superintendent. If an emergency arises causing the election management system to be moved, the election superintendent is responsible to notify the Secretary of State as soon as possible of the move.

4. The poll manager shall sign a receipt for components of the voting system assigned to such poll manager's precinct. Upon returning election supplies to the election superintendent's office following the close of the polls, the poll manager shall account for all such items and shall certify that all such items have been returned or shall describe any missing items and explain why such items have not been returned. The Secretary of State shall prepare and provide a chain of custody sheet for this purpose.

5. All voting system components and other equipment assigned to designated county election technicians shall be accounted for on the night of a primary, election, or runoff and shall

AMERICAN OVERSIGHT

be returned to storage. Each technician shall sign a receipt for all such items issued to such technician and, upon returning such items to the election superintendent's office following the close of the polls, the technician shall account for all such items and shall certify that all such items have been returned or shall describe any missing items and explain why such items have not been returned. The Secretary of State shall prepare and provide a chain of custody sheet for this purpose.

6. The election superintendent shall notify the Secretary of State of any instances of unaccounted for components of the voting system as soon as possible.

7. The election superintendent shall perform an audit count of all voting system components housed and maintained by the jurisdiction on an annual basis. The results of the audit shall be submitted to the Secretary of State.

Authority: O.C.G.A. §§ 21-2-31, 21-2-379.6

**Rule 183-1-12-.08 Logic and Accuracy Testing**

1. Primaries and Elections.

   a. On or before the third day preceding a primary or election, including special primaries, special elections, and referendum elections, the election superintendent shall commence the preparation and testing of the electronic poll books, electronic ballot markers, printers, and ballot scanners for use on Election Day.

   b. On or before the third day preceding the advance voting period, the election superintendent shall commence the preparation and testing of the electronic poll books, electronic ballot markers, printers, and ballot scanners for use during the advance voting period. Voting system components that passed logic and accuracy testing for advance voting do not have to be re-tested for use on Election Day for the same election, unless there is a change in the programming or database used by the component.

   c. At least five days prior to the commencement of such preparation and testing, the election superintendent shall publish a notice on the homepage of the county's publicly accessible website associated with election and/or registrations, or if the county does not have such a website, in a newspaper of general circulation in the county or by posting in a prominent location in the county in the legal organ of the county stating the date, time, and place or places where preparation and testing of the voting system components for use in the primary or election will commence, and stating that such preparation shall continue from day to day until such preparation is complete and that such preparation and testing shall be open to the public and that members of the public are entitled to be present during the preparation and testing. Prior to a runoff election, the Superintendent shall prominently post notice of the date, time, and place of such testing at least 24 hours prior to its occurrence.

AMERICAN OVERSIGHT

d. The election superintendent shall cause such preparation and testing to begin on such date and time and at such place or places. Such preparation and testing shall be open to members of the public to observe; however, such members of the public shall not in any manner interfere with the preparation and testing of the voting system components. Any person found to be interfering with the preparation and testing process may be asked to leave the testing process and may be cited for interfering with an election official while in performance of election duties. Any questions and/or complaints from the general public regarding the preparation and testing process must be directed to the election superintendent and not to the individual personnel conducting the preparation and testing process. The election superintendent may make such reasonable rules and regulations concerning the conduct of such members of the public observing such preparation and testing, as the election superintendent deems necessary and appropriate; provided, however, that such rules and regulations shall not prevent members of the public from fairly observing the preparation and testing of the voting system components.

2. In addition to any reasonable rules and regulations that the election superintendent may create for the public to observe the preparation and testing process, the election superintendent or designee thereof, shall:

   a. Be available for the first hour of the first day of testing to explain the preparation and testing process and to respond to questions and provide answers regarding the purpose and the process of preparation and testing;

   b. Maintain a presence at all times during the preparation and testing process;

   c. Administer an oath of custodian prior to beginning the preparation and testing process to any county personnel (except permanent state, county, or municipal election staff) appointed by the election superintendent to conduct the preparation and testing process;

   d. Establish an area reasonable in proximity for the public to observe the preparation and testing process. Such area shall provide reasonable accommodations for the public insofar as space permits, but shall not be so established as to deny the general public the opportunity to view the process; however, the area should be of such nature so as to allow the preparation and testing process to proceed without interference by the general public;

   e. Allow only election office personnel or individuals assigned to conduct the preparation and testing to enter the testing area during the preparation and testing process;

   f. Prohibit any preparation and testing reports created for recording the seal numbers of voting system components from being disclosed to the public;

AMERICAN OVERSIGHT

g. Prohibit the security seal numbers or other security measures of any voting system components from being disclosed to the public; and

h. Prohibit photographic and audio equipment of any kind, including cell phone cameras, from being used to record the security seal numbers or other measures used to secure any voting system components, provided that this rule shall not prohibit the news media from reporting on the preparation and testing process, so long as seal numbers and other security measures on any voting system component are not recorded or displayed in any manner.

3. During the public preparation and testing of the electronic poll books, electronic ballot markers, printers, and ballot scanners to be used in a particular primary or election, the election superintendent shall cause each electronic ballot marker and scanner to be programmed with the election files for the precinct at which the electronic ballot marker and ballot scanner unit will be used.

The superintendent shall cause the accuracy of the components to be tested by causing the following tasks to be performed:

A. Check that the electronic poll books accurately look up and check-in voters via both the scanning function and manual lookup and create a voter access card that pulls up the correct ballot on the electronic ballot marker for every applicable ballot style.

B. Check that the touchscreen on the electronic ballot marker accurately displays the correct selections and that the touchscreen accurately reflects the selected choices.

C. Check that the printer prints a paper ballot that accurately reflects the choices selected on the touchscreen and immediately mark all printed paper ballots as “test” ballots.

D. Check that the ballot scanner scans the paper ballot, including both ballots marked by electronic ballot markers and ballots marked with a pen, and that the ballot scanner scans ballots regardless of the orientation the ballot is entered into the scanner.

E. Check that the tabulation contained in the ballot scanner memory card can be accurately uploaded to the election management system, and that the tabulated results match the selections indicated on the paper ballot.

If any component fails any of the testing, the component shall not be used in a primary, election, or runoff until such unit is repaired and inspected and found capable of proper functioning and passes logic and accuracy tests. The component failure should be documented and reported to the superintendent. Upon the successful completion of the logic and accuracy test, the component shall be cleared of any vote totals collected during testing. A zero tape shall be run on the ballot scanner subsequent to successful testing, and the tape shall be attached to the custodian's certification form

AMERICAN OVERSIGHT

to document the logic and accuracy testing. The components shall then be sealed and securely stored for transfer to the polling place.

4. After the completion of Logic and Accuracy testing on any voting system component, each component shall be sealed and safely and securely stored until such time as the component is transported to the polling place in which such component is to be used. The zero tapes, results tapes, test ballots, and other paperwork shall be securely stored by the superintendent.

Authority: O.C.G.A. § 21-2-31

**Rule 183-1-12-.09. Transport to Polls.**

1. The election superintendent shall take all necessary measures to cause the voting system components to be safely and securely transported to the polling places.

2. The election superintendent shall cause the voting system components for each polling place to be delivered to the polling place at least one hour before the time for the opening of the polls. The election superintendent shall cause magnifying devices to be made available at each polling place to assist voters in reviewing their paper ballots.

3. If the voting system components are stored at a polling place prior to the arrival of the poll manager or their designee, the election superintendent shall cause the components to be stored in a locked, secure manner with appropriate climate control as described in Rule 183-1-12-.04.

Authority: O.C.G.A. § 21-2-31

**Rule 183-1-12-.10 Before the Opening of the Polls.**

1. The poll officers shall set up and power on the voting system components for voting prior to the opening of the polls. The set up shall be performed in public and the public may view the set up subject to such reasonable rules and regulations as the election superintendent may deem appropriate to protect the security of the voting system components and to prevent interference with the duties of the poll officers.

2. The poll officers shall verify that the seal for each voting system component is intact and that there is no evidence or indication of any tampering. The poll officers shall verify that the number of the seal matches the number of the seal recorded for that component when such component was prepared by the election superintendent for the primary, election, or runoff. If a seal number does not match or if there is any evidence or indication of tampering, the election superintendent shall be immediately notified and such component shall not be used until such matters are resolved by agreement of the election superintendent and the poll manager.

3. The poll manager shall check that the electronic poll books, electronic ballot markers, and ballot scanners all indicate zero counts prior to the opening of the polls.

AMERICAN OVERSIGHT

4. The poll manager shall cause each ballot scanner in the polling place to run a zero tape prior to the start of voting. If the tape does not show zero votes prior to the start of voting, the election superintendent shall be immediately notified and such unit shall not be used until the unit is cleared and the matter is resolved by agreement of the election superintendent and the poll manager.

5. The poll manager and two witnesses who have been sworn as poll officers pursuant to O.C.G.A. §§ 21-2-94 and 21-2-95 shall sign the zero tape from the ballot scanner. The poll manager and those same two witnesses shall then confirm that the ballot box is empty. The Secretary of State shall develop a form to be signed by the poll manager and the two witnesses attesting that the ballot box was empty prior to the opening of the polls. Such form shall include the date and time it was executed, shall be attached to the zero tape generated by the ballot scanner attached to that ballot box, and shall be returned to the election superintendent with the polling place recap forms at the close of the polls. The ballot box shall then be securely locked and sealed. Once the ballot box is verified to have been empty and locked and sealed, no person shall access the inside of the ballot box while voting is occurring unless it is absolutely necessary to the functioning of elections. Any such access shall be by the poll manager and two witnesses who have been sworn as poll officers, and the poll manager and witnesses shall attest, on a form to be developed by the Secretary of State, to when and for what purpose the ballot box was accessed, and that no action was taken to affect the results of the election. That form shall also be returned to the election superintendent with the polling place recap form at the close of the polls.

6. The poll officers shall verify that there is no unauthorized matter affixed to any of the voting system components or present in the voting booths.

7. The poll officers shall affix a card of instructions for voting within each voting booth and shall place at least one printed sample ballot and at least one voting instructions poster approved or provided by the Secretary of State outside the enclosed space at the polling place for the information of the voters. At least one printed sample ballot and one voting instructions poster shall also be posted in the enclosed space. Prior to voters entering the enclosed space, the poll officers may also distribute to such voters a card of instructions for voting on the voting system that has been approved or provided by the Secretary of State. The poll officers shall also have a sufficient supply of sample ballots available should voters request to view them while voting or reviewing their ballot.

8. As near as possible to exit of the enclosed space in every polling place in a manner that is visible to voters as they exit the enclosed space, the poll manager shall post a sign that informs voters that ballots shall not be removed from the enclosed space.

9. Accredited poll watchers must be able to observe the polling place setup process; however, they may not interfere with the setup process.

Authority: O.C.G.A. §§ 21-2-31, 21-2-94, 21-2-95

**Rule 183-1-12-.11 Conducting Elections.**

AMERICAN OVERSIGHT

1. As each voter presents himself or herself at the polling place for the purpose of voting during the time during which the polls are open for voting, each voter shall be offered instruction by a poll officer in the method of voting on the voting system. In providing such instruction, the poll officers shall not in any manner request, suggest, or seek to persuade or induce any voter to vote any particular candidate, political party, or political body, or for or against any particular question.

2. (a) When a person presents himself or herself at the polling place for the purpose of voting during the time during which the polls are open for voting, the person shall complete a voter certificate and submit it to the poll officers. The voter certificate may be an electronic or paper record. The poll officers shall verify the identity of the person and that the person is a registered voter of the precinct and, if so, shall approve the voter certificate and enter an appropriate designation on the electors list for the precinct reflecting that the voter has voted in the primary, election, or runoff being conducted. The voter's name shall then be entered on the appropriate numbered list of voters.

(b) A poll officer shall then issue the voter an appropriate voter access card authorizing the voter to vote the correct ballot on the touchscreen or utilize the correct access code to manually bring up the correct ballot on the touchscreen. The voter shall then enter the enclosed space in the polling place and proceed to vote his or her choices. Upon making his or her selections, the voter shall cause the paper ballot to print, remove his or her printed ballot from the printer, remove the voter access card from the touchscreen component, review the selections on his or her printed ballot, scan his or her printed ballot into the scanner, and return the voter access card to a poll officer. Then the voter shall exit the enclosed area of the polling place.

(c) If an emergency situation makes utilizing the electronic ballot markers impossible or impracticable, as determined by the election superintendent, the poll officer shall issue the voter an emergency paper ballot that is to be filled out with a pen after verifying the identity of the voter and that the person is a registered voter of the precinct. Emergency paper ballots shall not be treated as provisional ballots, but instead shall be placed into the scanner in the same manner that printed ballots in the polling place are scanned. The election superintendent shall cause each polling place to have a sufficient amount of emergency paper ballots so that voting may continue uninterrupted if emergency circumstances render the electronic ballot markers or printers unusable. For any primary or general election for which a state or federal candidate is on the ballot, a sufficient amount of emergency paper ballots shall be at least 10% of the number of registered voters to a polling place. The poll manager shall store all emergency ballots in a secure manner and ensure that all used and unused emergency ballots are accounted for. All unused emergency ballots shall be placed into a secure envelope and sealed such that the envelope cannot be opened without breaking such seal.

(d) If an emergency situation exists that makes voting on the electronic ballot markers impossible or impracticable, the poll manager shall alert the election superintendent as soon as possible. The existence of an emergency situation shall be in the discretion of the election supervisor. However, if a poll manager is unable to contact the election superintendent after diligent effort, the poll manager shall have the ability to declare that an emergency situation exists at the polling place. The poll manager shall continue diligent efforts to contact the election superintendent, and shall inform the superintendent as soon as possible of the situation at the

AMERICAN OVERSIGHT

polling place. The election superintendent, in his or her discretion, shall either overrule or concur with the declaration of emergency circumstances. While the determination of an emergency situation is in the discretion of the election superintendent, the types of events that may be considered emergencies are power outages, malfunctions causing a sufficient number of electronic ballot markers to be unavailable for use, or waiting times longer than 30 minutes.

3. At least once each hour during the time while the polls are open, the poll officers shall examine the enclosed space to verify that no unauthorized matter has been affixed to any voting system component or placed in the voting booth and that the voting system components have not been tampered with in any manner. Poll officers shall also check that no unattended ballots are left in the printer or anywhere in the enclosed space other than the appropriate ballot box. Any unattended ballots found in the enclosed space that do not belong to a voter currently in the enclosed space shall not be counted, but shall be secured and labelled as unattended ballots.

4. The polling place shall be arranged in such a manner as to provide for the privacy of the elector while voting and to allow monitoring of each voting system component by the poll officers while the polls are open. The electronic ballot markers and ballot scanners used in the polling place shall be set up in a manner to assure the privacy of the elector while casting his or her ballot while maintaining the security of such units against tampering, damage, or other improper conduct. In addition, at least one ballot marking device shall be configured for voting by physically disabled voters in wheelchairs and provisions shall be made to provide for the privacy of such electors while voting.

5. It shall be permissible under O.C.G.A. § 21-2-410 and shall not constitute assistance in voting under O.C.G.A. § 21-2-409 for poll officers to assist a voter in inserting the voter access card into the ballot marking device and in explaining the operation of the unit to the voter; provided that the poll officer shall withdraw from the voting booth prior to the voter making any selections. The poll officers shall not in any manner request, suggest, or seek to persuade or induce any voter to vote for any particular candidate, political party, or political body, or for or against any particular question.

6. Voters utilizing an audio tactile interface (ATI) device to vote on the ballot marking device without the assistance of any other individual shall not be considered as receiving assistance in voting and shall not be required to complete the forms required for receiving assistance in voting pursuant to O.C.G.A. § 21-2-409; however, if another person other than a poll officer is handling the printed ballot before it is inserted into the scanner, that person shall be considered as assisting.

7. The poll officers shall confirm that voters deposit their ballots and return the voter access cards to the poll officers prior to leaving the enclosed space in the polling place. The poll officers shall arrange and configure the polling place and provide staffing at such places within the polling place to confirm that a voter will not leave the enclosed space with a ballot or voter access card.

8. The election superintendent shall cause each polling place to be sufficiently staffed. At least one poll officer shall be assigned to assisting voters who have questions while they are in the voting booth but before they approach the ballot scanner. Another poll officer shall be stationed at every ballot scanner in use in the polling place while voting is occurring. The poll officer stationed at the

AMERICAN OVERSIGHT

ballot scanner shall offer each voter specific verbal instruction to review their printed paper ballot prior to scanning it. In addition to the preceding instruction, the poll officer stationed at the ballot scanner shall offer general instruction throughout the period while voting is occurring telling voters that sample ballots and magnifying devices are available to assist them in reviewing their paper ballot. The poll officer shall take all reasonable precautions not to view the selections on an elector's ballot unless it is required due to assistance requested by the elector. If a poll officer observes a voter attempting to leave the enclosed space with a paper ballot, the poll officer shall inform the voter of the consequence of not depositing his or her paper ballot into the ballot scanner prior to leaving the room.

9. A voter may request information from poll officers concerning how to use the electronic ballot marker or any other voting system component at any time during the voting process. However, once the voter scans his or her ballot into the ballot scanner, even if the ballot is blank with no votes cast, such voter shall be deemed to have voted and may not thereafter vote again. If a voter leaves the room encompassing the enclosed space with his or her paper ballot and does not place that ballot into the appropriate ballot scanner or ballot box, that voter shall be deemed to have voted and may not thereafter vote again. A sign shall be placed at the exit of the enclosed space that informs every voter that ballots may not be removed from the enclosed space. Any paper ballot that is removed from the room encompassing the enclosed space shall not be counted and shall be marked as spoiled by a poll officer.

10. (a) If a voter discovers that the ballot presented on the electronic ballot marker is not correct or, for a partisan primary, is not the ballot that the voter desired to vote, the voter shall immediately notify a poll officer. The poll officer shall cancel or void the ballot on the electronic ballot marker without attempting in any manner to see how the voter has voted and shall then take the necessary steps to provide the voter with the correct ballot and make any necessary corrections to the voter certificate of the voter, the electors list, and the numbered list of voters. If the error is due to equipment malfunction, the poll officer shall document the incident on a form developed by the Secretary of State. The poll manager shall inform the election superintendent immediately if one or more electronic ballot markers are associated with a significant number of incidents.

(b) If, while reviewing his or her printed ballot, the voter discovers that the printed ballot does not contain the proper ballot selections or that the voter was not issued the proper ballot, the voter shall immediately inform a poll officer. The poll officer shall spoil the paper ballot and take the necessary steps to allow the voter to make his or her selections again on the electronic ballot marker and cause the correct ballot to be issued. If the error is due to equipment malfunction, the poll officer shall document the incident on a form developed by the Secretary of State. The poll manager shall inform the election superintendent immediately if one or more electronic ballot markers are associated with a significant number of incidents.

(c) If the voter places his or her paper ballot into the ballot scanner or ballot box prior to notifying the poll officials of any errors in the ballot, the voter shall be deemed to have voted and shall not be permitted to cast another ballot.

11. (a) If any voting system component malfunctions during the day of a primary, election, or runoff, the poll manager shall immediately notify the election superintendent and shall not allow

AMERICAN OVERSIGHT

any voter to use the component until and unless the malfunction is corrected. The poll manager shall utilize appropriate backup procedures so that voting is not interrupted due to any equipment malfunctions. The election superintendent shall immediately arrange for the repair of the voting system component or shall provide a replacement component as soon as practicable. A replacement component shall not be used unless it has been appropriately tested prior to its use.

(b) In the event that a ballot scanner malfunctions, the voter shall place their voted ballot in the emergency bin connected to the ballot box. The ballots in the emergency bin shall be counted when the ballot scanner is properly functioning, by a replacement ballot scanner brought to the polling place, or, if neither are available, by another scanner at the county elections office. Poll officers may scan ballots placed into the emergency bin through the ballot scanner or a replacement ballot scanner when doing so will not interfere with voting. A voter placing his or her ballot into the emergency bin is considered to have voted that ballot and shall not be permitted to cast another ballot.

12. Accredited poll watchers shall be allowed to observe the process described in this rule; however, they must do so in a manner that does not interfere with poll officials or voters.

Authority: O.C.G.A. §§ 21-2-31, 21-2-409, 21-2-410

**Rule 183-1-12-.12 Tabulating Results.**

(a) After the Polls Close.

1. Immediately after the polls close and the last voter has voted, the poll manager and two witnesses who have been previously sworn as poll officers as provided in O.C.G.A. §§ 21-2-94 and 21-2-95 shall begin the closing procedure on each ballot scanner so that no further votes are cast and record the number of scanned ballots from every ballot scanner used in the polling place. The poll manager and the two witnesses shall record the number of scanned ballots from each scanner on a recap form to be developed by the Secretary of State. The poll manager and the two witnesses shall cause each ballot scanner to print three tapes of the tabulated results and shall sign each tape indicating that it is a true and correct copy of the tape produced by the ballot scanner. If the poll manager or the witnesses have reason to believe that printed tapes are not a true and correct tabulation of the ballots scanned by that ballot scanner, the poll manager or witness shall document the reasons and evidence for that belief and inform the election superintendent, who shall take appropriate action, in his or her discretion, so that the ballots in the ballot box associated with the ballot scanner are accurately tabulated.

2. The poll manager shall cause the number of printed ballots from each ballot marking device to be recorded on the recap form. The poll manager shall further cause the number of spoiled ballots and ballots placed in the emergency bin of the scanner that were unable to be scanned to be recorded on the recap form. The poll manager shall cause the total number of voter check ins from the electronic poll book and/or paper voter list to be recorded on the recap form. If the numbers recorded on the recap form do not reconcile with each other, the poll manager shall immediately determine the reason for the

AMERICAN OVERSIGHT

inconsistency; correct the inconsistency, if possible; and fully document the inconsistency or problem along with any corrective measures taken.

3. One of the three tapes of the tabulated results printed from the ballot scanner shall be affixed to the door of the polling place for the information of the public along with a copy of the provisional ballot recap form for the polling place. One tape shall be placed into an envelope (or reusable document storage container suitable for the same purposes) provided by the election superintendent, along with the "poll officer" memory card from the ballot scanner. The envelope shall be sealed by the poll manager and the same two witnesses who signed the tape such that the envelope cannot be opened without breaking such seal. The poll manager and the two witnesses shall initial the envelope indicating that it contains the correct tape and memory card from the indicated ballot scanner. The envelope shall be labelled with the name of the polling place, the serial number of the ballot scanner, and the number assigned to the ballot scanner for that election. The third tape shall be placed into another envelope with the polling place recap form.

4. The poll manager and two witnesses who have been sworn as poll officers as provided in O.C.G.A. §§ 21-2-94 and 21-2-95 shall unseal and open each ballot box, remove the paper ballots from each ballot box, and place the paper ballots into a durable, portable, secure and sealable container to be provided for transport to the office of the election superintendent. A separate container shall be used for the paper ballots from each ballot box and the container shall be labelled with the polling place, ballot scanner serial number, the number assigned to the ballot scanner for that election, the count of the ballots from the tabulation tape, and the date and time that the ballot box was emptied. The container shall be sealed and signed by the poll manager and the same two witnesses such that it cannot be opened without breaking the seal. The poll manager and the two witnesses shall sign a label affixed to the container indicating that it contains all of the correct ballots from the indicated ballot box and no additional ballots.

5. The poll manager and the same two witnesses who emptied the ballot box shall complete and sign a form indicating that the ballot box was properly emptied and the ballots were properly stored and secured. Such form shall be delivered to the election superintendent with the completed polling place recap form. The ballot box shall be resealed and the new seal numbers shall be documented.

6. The envelopes containing the tabulation tape and the memory card, the containers containing the paper ballots, the completed polling place recap forms, voter access cards, supervisor's cards, electors lists, numbered lists of voters, electronic poll books, and other such paperwork shall be delivered to the election superintendent by the poll manager and at least one other sworn poll officer or law enforcement official. The election superintendent or his or her designee shall receive the materials and shall issue a receipt to the poll manager for the materials. The poll manager and any poll officers who travelled with the materials shall sign a form indicating that no sealed documents were unsealed enroute and that the materials have not been tampered with. The election superintendent, in his or her discretion, may allow a designee of the poll manager to deliver the envelopes or containers containing the ballot scanner tabulation tapes and memory cards to be used

AMERICAN OVERSIGHT

for unofficial reporting of results prior to the delivery of the other polling place materials provided that the same procedures for transit and delivery set forth herein are followed.

7. Before leaving the polling place, the poll manager shall power off, secure, and seal all electronic ballot markers, ballot boxes, and ballot scanners. The polling place shall be locked to prohibit unauthorized entry.

8. Accredited poll watchers shall be allowed to observe the process described in this rule; however, they must do so in a manner that does not interfere with poll officials.

(b) Consolidation of Results.

1. All persons involved with the tabulation and consolidation of the election results and who will operate the computer programs or handle the memory cards shall be sworn in the same manner that custodians are sworn before entering into their duties.

2. Only persons who are permanent employees of the election superintendent or have been duly sworn as poll officers or custodians shall touch or be in contact with any ballot, container, returns, tapes, device, memory card, or any other such election materials. Only persons who are employed by the election superintendent or have been duly sworn shall be in the immediate area of the tabulating center designated by the superintendent for the officers to conduct the tabulation and consolidation of the election results.

3. The tabulation and consolidation shall be performed in public. However, the election superintendent may make reasonable rules and regulations for conduct at the tabulating center for the security of the results and the returns and to avoid interference with the tabulating center personnel.

4. Upon the delivery of any election materials from a polling place, the election superintendent or his or her designee shall provide a receipt that clearly states what election materials have been delivered.

5. Upon receiving the paper ballots and the memory cards, the election superintendent shall verify the signatures on the sealed envelopes and containers, verify that the seals are intact, that the envelopes or containers have not been opened, and that there is no evidence of tampering with the envelopes, containers, or their contents.

6. In the case of elections for county, state, and federal office, after verifying that the envelopes and containers are properly sealed and have not been opened or tampered with, the election superintendent shall break the seal and open each envelope and remove the memory card and results tape. The election superintendent or his or her designee shall then insert the memory card into the election management system computer and transfer the vote totals from the memory card into the election management system for official tabulation and consolidation.

7. After transferring all of the vote totals from the memory cards to the election management system and consolidating such totals with the totals from the absentee ballot

AMERICAN OVERSIGHT

system and such votes from any provisional ballots which have been found by the registrars to be authorized pursuant to O.C.G.A. § 21-2-419, the election superintendent shall prepare the official consolidated returns for the primary, election, or runoff.

8. The election superintendent shall not list and certify in the official consolidated returns for an election any results for write in candidates who were not properly qualified under O.C.G.A. § 21-2-133.

9. In the case of primaries, elections, and runoffs for county, state, and federal office, the county election superintendent shall transmit to the Secretary of State the election returns by precinct for the county in electronic format or by electronic means, as may be specified by the Secretary of State, within fourteen days following a primary, election, or runoff.

(c) Election Night Reporting. The election superintendent shall transmit to the Secretary of State unofficial election results for all races for state offices in any primary, election, or runoff as soon as possible after the closing of the polls for such primary, election, or runoff. Such results shall be transmitted in a format prescribed by the Secretary of State. At a minimum, the results shall be transmitted upon one third of the precincts reporting results, upon two thirds of the precincts reporting results, and upon all precincts reporting results, including absentee ballots within all precincts. Except upon prior notice to and consultation with the Secretary of State, no election superintendent shall conclude the tabulation of votes on election night in any primary, election, or runoff in which there are contested races for federal and state offices until and unless all such unofficial results, including absentee ballots, have been transmitted to the Secretary of State.

Authority: O.C.G.A. §§ 21-2-31, 21-2-94, 21-2-95

**Rule 183-12-.18 Provisional Ballots**

(1) This rule shall govern the casting of provisional ballots by voters at primaries and elections in accordance with O.C.G.A. §§ 21-2-418 and 21-2-419.

(2) In each polling place, there shall be established a location or station in the public area of the polling place for the purpose of issuing and receiving provisional ballots. Each polling place shall have an information sheet developed by the Secretary of State available for voters who have questions about the provisional ballot process. The information sheet should describe relevant law regarding provisional ballots for voters who do not show up on the electors list for that polling place.

(3) The election superintendent shall provide each polling place with an adequate supply of provisional ballots in each ballot style (district combination) for the precinct and an inner ballot envelope and an outer ballot envelope. The election superintendent shall also be prepared to resupply polling places with provisional ballots in needed ballot styles in a timely manner while voting is occurring so that polling places do not run out of provisional ballots. The ballot envelopes shall be so designed that the ballot will fit within the inner ballot envelope and the inner ballot envelope will fit within the outer ballot envelope. The inner ballot envelope shall have printed on it the words "Official Provisional Ballot" and nothing else. The outer envelope shall have places

AMERICAN OVERSIGHT

for inserting the person's name, precinct, date and name of election, ballot style (district combination), and whether such ballot is a regular provisional ballot, a provisional ballot cast by a voter who registered to vote for the first time in this state by mail and has not provided the identification required by O.C.G.A. §§ 21-2-220 and 21-2-417, or a ballot cast during poll hours extended by a court order, or a combination thereof. Primaries and elections conducted by counties shall use optical scan ballots for provisional voting. The poll manager shall cause all voted provisional ballots to be deposited into the provisional ballot box and not be inserted into the polling place ballot scanner and kept separate and apart from non-provisional ballots cast at the polling place. Municipalities shall use the same type of ballots as the municipality uses for mail-in absentee voting. The election superintendent shall also provide a booth for voting provisional ballots in the enclosed space which will provide privacy for a person while voting a provisional ballot and a secure container in which the voted provisional ballots shall be placed.

(4) Voters whose names do not appear on electors list.

(a) When a person arrives at a polling place, completes a voter certificate, and presents it to the poll workers but the person's name does not appear on the official electors list for the precinct, the poll officers shall immediately direct the person to the provisional ballot station. At the provisional ballot station, the polling place shall have an electronic poll book that includes a mastered list of registered voters in the state, and the poll workers shall check the list to determine if the person is assigned to a different polling place within the county or registered in a different county. If the person's name appears on the master list for a different precinct within the same county, the poll workers shall inform the person of his or her correct polling place. The person shall be instructed to go to his or her correct polling place if practicable, but that if it is not practicable for the person to get to his or her correct polling place before the close of polls, that the person may vote a provisional ballot in the polling place in which they are present. If, after receiving that instruction, the person states that it is not practicable for him or her to get to their correct polling place prior to the close of voting, the poll officer shall offer the person a provisional ballot. If the person is registered in a different county, the poll officer shall inform the person that he or she appears to be registered in a different county. If the person is still eligible to vote in the county in which they appear to be registered, the person may return to that county to vote. If the person states a good-faith belief that he or she timely registered to vote in the county in which he or she is present, he or she shall be offered a provisional ballot.

(b) If the person's name is not found on the official list of electors for the precinct or the master list, the poll officers shall immediately contact the registrars and the person shall provide such information as the registrars may request to determine if the person is eligible to vote in the election. The registrars shall promptly review the information provided by the person and shall attempt to determine if the person timely and properly registered to vote in the county in which he or she is present.

(c) If the registrars can immediately determine that the person timely and validly registered to vote in the primary or election and should be assigned to the precinct at which the person is present, the registrars shall authorize the poll officers to add the person's name to the official electors list for the precinct and shall permit the person to vote in the same manner as other voters in the precinct vote. When there are multiple ballot styles (district

AMERICAN OVERSIGHT

combinations) in use in the precinct, the registrars shall also advise the poll officers which ballot style (district combination) should be issued to the person. The person's name shall then be added to the official electors list for the precinct with a notation of the name of the registrar who authorized such addition. Upon presentation of a properly completed voter certificate and the identification required by 0.C.G.A. § 21-2-417, the person shall be permitted to vote in the same manner as other voters in the precinct.

d) If the registrars can immediately determine that the person timely and validly registered to vote in the primary or election but should be assigned to a different precinct within the same county where the person is present, the registrars shall direct the poll officers to inform the person of the appropriate other precinct and the registrars shall notify the officers of such other precinct to add the person's name to the official electors list for such other precinct. When there are multiple ballot styles (district combinations) in use in such other precinct, the registrars shall also advise the poll officers at such other precinct which ballot style (district combination) should be issued to the person. The person's name shall then be added to the official electors list for the other precinct by the poll officers of the other precinct with a notation of the name of the registrar who authorized such addition. Upon the completion of a voter certificate and the submission of the identification required by O.C.G.A. § 21-2-417. the person shall be permitted to vote in the same manner as other persons in such other precinct. However, the poll officer shall also instruct the person that if it is not practicable for such person to go to such other precinct before the polls close and the person communicates that to the poll officers, the person shall be offered a provisional ballot at the precinct in which the person is present. In such case, all votes cast by such person for candidates for whom such person is properly entitled to vote shall be counted and all votes cast for candidates for whom such person is not properly entitled to vote shall be void and shall not be counted in accordance with O.C.G.A. § 21·2-419(c).

(e) If the registrars cannot immediately determine that the person timely and validly registered to vote in the primary or election; but, from the information presented by the person, the person, if properly registered, would be assigned to the precinct at which the person is present, the registrars shall inform the poll officers and the person shall be offered a provisional ballot at such precinct. When there are multiple ballot styles (district combinations) in use in the precinct, the registrars shall also advise the poll officers which ballot style (district combination) should be issued to the person.

(f) If the registrars cannot immediately determine that the person timely and validly registered to vote in the primary or election; but, from the information presented by the person, the person, if registered, would be assigned to a different precinct from the precinct in the county at which the person is present, the registrars shall direct the poll officers to inform the person of the appropriate precinct. The registrars shall notify the officers of such other precinct to permit the person to vote a provisional ballot when such person arrives at such precinct, completes an official voter registration form and a provisional ballot voter certificate, and submits the appropriate identification required by O.C.G.A. § 21-2-417. When there are multiple ballot styles (district combinations) in use in such other precinct, the registrars shall also advise the poll officers which ballot style (district combination) should be issued to the person. However, the poll officer shall also instruct the person that

AMERICAN OVERSIGHT

if it is not practicable for such person to go to such other precinct before the polls close and the person communicates that to the poll officers, the person shall be offered a provisional ballot at the precinct at which such person is present. In such case, all votes cast by such person for candidates for whom such person is properly entitled to vote shall be counted and all votes cast for candidates for whom such person is not properly entitled to vote shall be void and shall not be counted in accordance with O.C.G.A. § 21-2·419(c).

(g) If the person appears at a precinct in a county or municipality in which the person does not reside, the registrars shall instruct the poll officers to direct the person to contact the registrars in the county in which the person resides to determine in which precinct such person should vote.

(h) If the poll officers cannot get in touch with the registrars after making a reasonable effort to do so, the poll officers shall be authorized to permit the person to receive a provisional ballot at the precinct without additional authorization from the registrars. In such case, all votes cast by such person for candidates for whom such person is properly entitled to vote shall be counted and all votes cast for candidates for whom such person is not properly entitled to vote shall be void and shall not be counted in accordance with O.C.G.A. § 21-2-419(c).

(i) Upon accepting the opportunity to receive a provisional ballot, the person shall complete a provisional ballot voter certificate and an official voter registration form and submit such completed certificate and form to the poll officers along with the appropriate identification required by O.C.G.A. § 21-2-417. The poll officers shall place the name of the person on the numbered list of provisional ballot voters and issue the person a provisional ballot of the style authorized by the registrars along with an Inner ballot envelope and an outer ballot envelope. Before issuing the outer ballot envelope to the person, the poll officers shall enter the person's name, the name of the precinct, the date and name of the election, and the ballot style (district combination) on the outer envelope. The person shall then retire to the provisional ballot voting booth and mark the ballot with his or her intended selections. Upon completing the ballot, the person shall seal the ballot in the inner ballot envelope and place the inner ballot envelope containing the ballot into the outer ballot envelope and shall seal the outer ballot envelope. The person shall then return the sealed envelope to the poll officers.

(j) Upon receiving the sealed ballot envelope from a person casting a provisional ballot, the poll officers shall verify that the information requested on the outer ballot envelope is complete, shall mark the appropriate box or boxes to designate the type of provisional ballot enclosed therein, and shall direct the person to place the ballot envelope into the secure container for provisional ballots which shall be located within the enclosed space in the polling place where it can be monitored by the poll officers and observed by the public. The provisional ballot voter certificate and voter registration form shall be attached together and shall be placed in a separate, distinctively marked envelope or reusable document container which shall be placed in a secure location in the polling place.

(5) Voter who registered for first time by mail but did not provide required identification.

AMERICAN OVERSIGHT

(a) When a person arrives at a polling place, completes a voter certificate, and presents it to the poll workers but does not have the identification required by O.C.G.A. § 21-2-417 and the person's name appears on the official electors list for the precinct with a designation that the person registered to vote for the first time in this state by mail but has not provided the required identification to the registrars as required by O.C.G.A. § 21- 2-220. the poll officers shall immediately direct the person to the provisional ballot station. At the provisional ballot station, the person shall be permitted to cast a provisional ballot at such precinct. When there are multiple ballot styles (district combinations) in use in the precinct, the poll officers shall issue the appropriate ballot style (district combination) to the person as shown on the electors list. The poll officers shall place the name of the person on the numbered list of provisional ballot voters and issue the person a provisional ballot of the style authorized by the registrars along with an inner ballot envelope and an outer ballot envelope. Before issuing the outer ballot envelope to the person. the poll officers shall enter the person's name, the name of the precinct, the date and name of the election, and the ballot style (district combination) on the outer envelope. The person shall then retire to the provisional ballot voting booth and mark the ballot with his or her intended selections. Upon completing the ballot, the person shall seal the ballot in the inner ballot envelope and place the inner ballot envelope containing the ballot into the outer ballot envelope and shall seal the outer ballot envelope. The person shall then return the sealed envelope to the poll officers.

(b) Upon receiving the sealed ballot envelope from a person completing a provisional ballot, the poll officers shall verify that the information requested on the outer ballot envelope is complete, shall mark the appropriate box or boxes to designate the type of provisional ballot enclosed therein, and shall direct the person to place the ballot envelope into the secure container for provisional ballots which shall be located within the enclosed space in the polling place where it can be monitored by the poll officers and observed by the public.

(c) The provisional ballot shall not be counted unless the voter provides the identification required by O.C.G.A. § 21-2-220 and 21-2-417 to the registrars before the end of the period set by law for the verification of provisional ballots. Such identification may be provided to the registrars in person, by email, by facsimile transmission or, in the case of disabled voters, by delivery by a third party.

(6) Voters voting during extended polling hours in an election in which federal candidates are on the ballot.

(a) In the event that the polling hours for a polling place are extended by a court order beyond the normal closing time for a primary, election, or runoff in which federal candidates are on the ballot, all voters who vote after the normal closing time for the polling place shall vote by provisional ballot.

(b) Voters whose names appear on the electors list and who have the appropriate identification required by O.C.G.A. § 21-2-417 shall complete a provisional voter certificate and shall be issued a provisional ballot along with an inner ballot envelope and

AMERICAN OVERSIGHT

an outer ballot envelope. Such voters shall not be required to complete a voter registration form. It also shall not be necessary to obtain approval from the registrars to issue provisional ballots to such voters. The poll officers shall place the name of the person on the numbered list of provisional ballot voters. Before issuing the outer ballot envelope to the person, the poll officers shall enter the person's name, the name of the precinct, the date and name of the election, and the ballot style (district combination) on the outer envelope. The person shall then retire to a provisional ballot voting booth and mark the ballot with his or her intended selections. Upon completing the ballot, the person shall seal the ballot in the inner ballot envelope and place the inner ballot envelope containing the ballot into the outer ballot envelope and shall seal the outer ballot envelope. The person shall then return the sealed envelope to the poll officers. Upon receiving the sealed ballot envelope from a person completing a provisional ballot, the poll officers shall verify that the information requested on the outer ballot envelope is complete, shall mark the appropriate box to designate that the ballot is an extended poll hours provisional ballot, and shall direct the person to place the ballot envelope into the secure container for provisional ballots which shall be located within the enclosed space in the polling place where it can be monitored by the poll officers and observed by the public.

(c) If the voter's name is not on the electors list, the poll workers shall follow the provisions of this rule for regular provisional balloting under this rule and, if the voter is authorized by the registrars to vote a provisional ballot under the terms of this rule, shall also mark the appropriate box on the outer ballot envelope to indicate that the ballot was issued during extended poll hours.

(d) If the voter's name is on the electors list but registered to vote for the first time in this state by mail and has not provided the identification required by O.C.G.A. § 21-2-220. the poll officers shall permit the voter to vote in accordance with the provisions of this rule for first time voters who register for the first time in this state by mail without providing the required identification, and shall also mark the appropriate box on the outer ballot envelope to indicate that the ballot was issued during extended poll hours.

(e) The poll officers shall provide each first time voter who registered for the first time in this state by mail without providing the required identification who casts a provisional ballot information on how the voter may provide the registrars with the appropriate identification in order that the voter's ballot may be counted.

(7) Each voter casting a provisional ballot in a primary, election, or runoff in which federal candidates appear on the ballot shall be given written information explaining how such voter can ascertain if such ballot is counted and, if such ballot is not counted, the reason why such ballot was not counted.

(8) The provisional ballot voter certificates and voter registration cards may be picked up during the day by a registrar or deputy registrar for the purpose of beginning the process of determining the eligibility of the persons to cast provisional ballots. Before transferring the voter certificates and registration cards to the registrars during the day, the poll officers shall note the number of certificates and cards being transferred to the registrars. If such voter certificates and registration

AMERICAN OVERSIGHT

cards are not picked up by the registrars by the time that the polls close and the last voter has voted, the envelope in which the provisional ballot voter certificates and voter registration cards have been deposited shall be securely sealed and shall be returned to the election superintendent with the other materials from the polling place.

(9) After the close of the polls and the last voter has voted, the poll officers shall account for all voted provisional ballots, cancelled and spoiled provisional ballots, and unused provisional ballots. The ballot stubs and unused and spoiled ballots shall then be securely sealed in the container provided for them by the election superintendent. The poll officer, along with two other witnesses sworn as poll officers, shall then proceed to open the secure container in which the provisional ballots were deposited and count the number of voted provisional ballots contained therein. The poll officer and witnesses shall then compare the total number of persons voting provisional ballots as shown on the numbered list of provisional ballot voters with the number of ballots issued and the number of ballots voted. If these numbers do not equal one another. the poll officers shall determine the reason for the inconsistency and shall correct the problem before going further. The poll officer and witnesses shall seal the voted provisional ballots in a container for transfer to the election superintendent. The poll officers shall complete and sign a provisional ballot recap sheet and post one copy of the recap sheet on the door of the polling place with the election results from the precinct. The remaining copies of the provisional ballot recap sheet along with the numbered list of provisional ballot voters shall be returned to the election superintendent with the other election materials from the precinct.

(10) Upon receiving the election materials from the precincts, the election superintendent shall cause the envelope containing the provisional ballot voter certificates and voter registration cards to be promptly removed from the other materials and, if applicable, transferred to the registrars for processing. If applicable, the voter certificates and registration cards shall be transferred to the registrars no later than 9:00 a.m. on the day following the day of the primary, election, or runoff. The election superintendent shall also remove the container containing the voted provisional ballots and shall place such container in a secure location within the election superintendent's office.

(11) Upon receiving the provisional ballot voter certificates and voter registration cards from the election superintendent, the registrars shall promptly proceed to determine the eligibility of each person that voted a provisional ballot.

(a) If the registrars determine that the person did timely register and is eligible and entitled to vote in such primary, election, or runoff, the registrars shall mark on the numbered list of provisional ballot voters that the ballot is accepted and shall notify the election superintendent of the proper ballot style (district combination) for the voter.

(b) If the registrars determine that the person did not timely register to vote for the primary or election or is not eligible and entitled to vote in such primary or election or if the registrars cannot determine by the close of business on the third business day following the day of the primary, election, or runoff if the voter timely registered and was eligible and entitled to vote in such primary or election, the registrars shall mark on the numbered list of provisional ballot voters that the ballot is rejected.

AMERICAN OVERSIGHT

(c) Not later than the close of business on the third business day following the day of the primary, election, or runoff, the registrars shall return to the election superintendent the numbered list of provisional ballot voters reflecting the accepted and rejected provisional ballots.

(d) The names of those persons whose names are accepted shall be added to the official electors list. The voter registration cards of those persons whose ballots are rejected on the numbered list of provisional ballot voters shall be processed by the registrars and, if found to be eligible and qualified, shall be added to the electors list for future elections.

(e) The registrars shall maintain the provisional ballot voter certificates for the same period of time and under the same conditions as the regular voter certificates. Voter registration cards completed by provisional ballot electors shall be maintained for the same period of time and under the same conditions as other voter registration cards.

(12) Upon receiving the numbered list of provisional ballot electors from the registrars, the election superintendent shall prepare to count the accepted provisional ballots. The election superintendent shall first compare the precinct designation and election district information with the style of ballot (district combination) cast by the provisional ballot voter.

(a) If the ballot style (district combination) voted by the voter was correct, then the election superintendent shall open the outer envelope and place the inner envelope containing the ballot into a ballot box.

(b) If the ballot style (district combination) voted by the voter was not correct, then the election superintendent shall open the outer envelope and note the correct ballot style (district combination) on the inner envelope. Each such inner envelope shall then be placed in a separate container until all of the outer envelopes have been opened. The outer envelopes shall then be stored in a location away from the inner envelopes in a manner such that the inner envelope and ballot of a voter cannot be identified as being the ballot of a particular voter. The superintendent shall then open each such inner envelope and remove the ballot and shall place a unique identifying number on the ballot along with the designation of the precinct at the top of the ballot. The election superintendent shall then prepare or cause to be prepared a duplicate ballot. The duplicate ballot shall be clearly labeled with the word “Duplicate" and shall bear the name of the precinct and the same unique identifying number as the original ballot at the top of the ballot. The election superintendent shall transfer or cause to be transferred to the duplicate ballot, in the presence of at least two other consolidation assistants and in public, only the votes cast by the provisional ballot voter in the races and on the questions to which such voter was eligible and entitled to vote. The votes entered on the duplicate ballot shall be verified by at least one consolidation assistant. The completed duplicate ballot shall be placed in the ballot box with the other provisional ballots to be counted. The original ballot shall be placed into an appropriate container and retained.

(c) After opening all of the outer envelopes and making all necessary duplicate ballots, the election superintendent shall then open the inner envelopes of the ballots in the ballot box and proceed to count the votes in the same manner as absentee ballots are counted.

AMERICAN OVERSIGHT

Upon completing the count, the election superintendent shall add the provisional ballot votes to the other votes cast at the polls and by absentee ballot and shall consolidate and certify the results of the primary, election, or runoff. The provisional ballots and any duplicates shall be retained for the same time period and in the same manner as absentee ballots.

(d) The rejected provisional ballots shall be marked on the outer envelope as "Not Counted" and shall not be opened. The ballots shall be maintained for the same time period and in the same manner as absentee ballots which were returned too late to be counted.

(e) The election superintendent shall notify the registrars of the names of those persons who cast a provisional ballot in the wrong precinct or on an incorrect ballot style (district combination).

(13) Upon identifying the rejected provisional ballot electors, the registrars shall proceed at the earliest possible time to notify each such person by first-class mail at the address shown on the provisional ballot voter certificate that his or her ballot was not counted because of the inability of the registrars to verify that the person timely registered to vote or such other proper reason. The registrars shall also attempt to notify the person by telephone or email if the provisional ballot voter certificate contains an email address or telephone number. If the person's voter registration card was approved, the registrars shall also notify the person that his or her name will be added to the elector's list and the person will be eligible to vote in future primaries and elections and that a voter notification or precinct card will be mailed to the person to provide the voter with the correct precinct and election district information.

(a) Upon receiving notification from the election superintendent of the names of persons who cast provisional ballots in the incorrect precinct or on the incorrect ballot style (district combination), the registrars shall notify such persons of their correct precinct and/or election district information. The sending of a voter notification or precinct card by first-class mail to the address shown on the voter registration card completed by such person when voting by provisional ballot shall be sufficient notice for such voters.

(b) If the person's voter registration is rejected, the registrars shall notify the person of such rejection in accordance with O.C.G.A. § 21-2·226(d).

(c) In addition, the registrars shall establish a free access system, such as a toll-free telephone number or an Internet website, by which voters who cast provisional ballots in a primary, election, or runoff in which federal candidates are on the ballot may ascertain whether their ballots were counted or, if the ballots were not counted, the reasons why such ballots were not counted. The registrars shall establish and maintain reasonable procedures necessary to protect the security, confidentiality, and integrity of personal information collected, stored, or otherwise used by such system. Access to information about an individual provisional ballot shall be restricted to the voter who cast such ballot.

Authority: O.C.G.A. §§ 21-2-31, 21-2-226, 21-2-417, 21-2-418, 21-2-419, 21-2-420

**NOTICE OF INTENT TO POST A RULE OF THE STATE ELECTIONS BOARD, CHAPTER 183-1-14, *RULES OF STATE ELECTION BOARD*, RULE 183-1-14-.02 *ADVANCE VOTING* AND 183-1-14-.13 *PROMPT NOTIFICATION OF ABSENTEE BALLOT REJECTION.***

TO ALL INTERESTED PERSONS AND PARTIES:

Notice is hereby given that pursuant to the authority set forth below, the Georgia State Election Board, (hereinafter "SEB") proposes to post an SEB rule, Rule 183-1-14-.02 *Advanced Voting* and Rule 183-1-14-.13 *Prompt Notification of Absentee Ballot Rejection* (hereinafter "proposed rule").

This notice, together with an exact copy of the proposed new rule amendment and a synopsis of the proposed rule amendment, is being distributed to all persons who have requested, in writing, that they be placed on a distribution list. A copy of this notice, an exact copy of the proposed rule amendment, and a synopsis of the proposed rule amendment may be reviewed during normal business hours of 8:00 a.m. to 5:00 p.m. Monday through Friday, except official state holidays, at the Office of the Secretary of State, Elections Division, 2 Martin Luther King Jr. Drive, S.E., 8th Floor West Tower, Atlanta, Georgia 30334. These documents will also be available for review on the State Election Board's web page at https://sos.ga.gov/index.php/elections/state_election_board. Copies may also be requested by contacting the Elections Division at 404-656-2871.

To provide the public an opportunity to comment upon and provide input into the proposed rule amendment, a public hearing will be held on:

February 28, 2020
9:00 a.m.
2 Martin Luther King Jr. Dr. SE
18th Floor, West Tower
Room 1816
Atlanta, GA 30334

At the public hearing anyone may present data, make a statement, comment or offer a viewpoint or argument whether orally or in writing. Oral statements should be concise and will be limited to 3 minutes per person. Additional comments should be presented in writing. Lengthy statements or statements of a considerable technical or economic nature, as well as previously recorded messages, must be submitted for the official record on or before February 17, 2020 to the below address for written comments. Written comments must be received on or before February 17, 2020 and be addressed to Jasmine Shannon by mail to Office of the Secretary of State, Elections Division, 2 Martin Luther King Jr. Drive, S.E., 8th Floor West Tower, Atlanta, Georgia 30334 or by email to jshannon@sos.ga.gov.

The State Election Board will consider the proposed rule at a meeting scheduled to begin at 9:00 a.m. on February 28, 2020 at 2 MLK Jr. Dr. SE, 18th Floor, West Tower, Room 1816, Atlanta, Georgia 30334.

AMERICAN OVERSIGHT

This notice is given in compliance with O.C.G.A. § 50-13-4.

This 24th day of January, 2020.

Brad Raffensperger
Chairman, State Elections Board

Posted: January 24, 2020

AMERICAN OVERSIGHT

**SYNOPSIS OF THE PROPOSED RULE OF THE STATE ELECTIONS BOARD, CHAPTER 183-1-14, *RULES OF STATE ELECTION BOARD*, RULE 183-1-14-.02 *ADVANCE VOTING*, RULE 183-1-14-.11 *MAILING AND ISSUANCE OF BALLOTS* AND 183-1-14-.13 *PROMPT NOTIFICATION OF ABSENTEE BALLOT REJECTION***

Purpose: The purpose of the rule is to revise the procedures for advance and absentee voting to be consistent with the requirements of the updated laws and new voting system.

Main Features: The main feature of the rule is to update the procedures for absentee voting to comply with Georgia law and to conform to the new components of the voting system. Rule 183-1-14-.02 is being revised to instruct election officials on how to conduct advance voting using the new voting equipment. Rule 183-1-14-.13 is being created to ensure that election officials promptly notify electors when their absentee ballots have been rejected and the opportunity to cure the issue so their ballot may be counted.

**DIFFERENCES BETWEEN THE EXISTING RULE AND THE PROPOSED AMENDMENTS OF THE STATE ELECTION BOARD, CHAPTER 183-1-14, *RULES OF STATE ELECTION BOARD*, RULE 183-1-14-.02 *ADVANCE VOTING* AND RULE 183-1-14-.13 *PROMPT NOTIFICATION OF ABSENTEE BALLOT REJECTION***

NOTE: Struck through text is proposed to be deleted. Underlined text is proposed to be added.

**RULE 183-1-14-.02 Advance Voting**

(1) ~~Counties and municipalities shall use~~All federal, state, and county primaries and elections shall be conducted using electronic ballot markers and ballot scanners for in-person absentee voting during the advance voting period. As used in this rule, the term "registrar" or "registrars" means a county board of registrars, a county board of elections and registration, a joint county-municipal board of elections and registration, a municipal absentee ballot clerk, a municipal registrar, or the designee of a board of registrars, board of elections and registration, or joint county-municipal board of elections and registration.

(2) The registrar shall publish the times, dates. and locations of the availability of advance voting in their jurisdiction on the homepage of the county's ~~a~~ publicly accessible website associated with elections and/or registrations, or if the ~~registrar~~ county does not have such a website, in a newspaper of general circulation ~~or~~ and by posting in a prominent location in the county, no later than 7 days prior to the beginning of the advance voting period. Any additional advance voting locations added after that deadline shall be published as soon as possible. The registrar shall endeavor not to remove or alter any

AMERICAN OVERSIGHT

advance voting locations after they are published, ~~but if~~unless there are emergency or unforeseen circumstances make such a change necessary, in which case the registrar shall publish those changes as soon as possible.

(3) Electronic ballot markers and ballot scanners shall be configured and tested in accordance with the provisions of Rule 183-1-12-.08 prior to use in advance voting. Public notice of the time and place for such configuration and testing of the electronic ballot markers and ballot scanners to be used for advance voting shall be given in accordance with O.C.G.A. §§ 21-2-374 and 21-2-379.25 and Rule 183-1-12-.08 prior to such configuration and testing.

(4) The electronic ballot markers and ballot scanners to be used for advance voting shall be set up in a manner to assure the privacy of the elector while casting his or her ballot while maintaining the security of such components against tampering, damage, or other improper conduct. In addition, there shall be at least one electronic ballot marker configured for use by physically disabled electors. at each advance voting location.

(5) Voter access cards for use in electronic ballot markers for advance voting may be encoded by use of an electronic poll book or other device approved by the Secretary of State. The registrar may also utilize the correct access code to manually bring up the correct ballot on the touchscreen.

(6) Magnifying devices shall be available at advance voting locations to assist voters in reviewing their paper ballots.

(7) On the first day of the advance voting period, prior to any votes being cast on ballot scanners, the registrars shall verify that the seals for each electronic ballot marker, ballot scanner, and ballot box are intact and that there is no evidence or indication of any tampering with the seal or the component. The registrar~~s~~ shall verify that the number of the seal matches the number of the seal recorded for that component when such component was prepared by the election superintendent for the primary, election, or runoff. If a seal number does not match or if there is any evidence or indication of tampering with the seal or component, the election superintendent shall be immediately notified and such component shall not be used until such matters are resolved by agreement of the election superintendent and the registrars. The set up shall be performed in public and the public may view the set up subject to such reasonable rules and regulations as the registrars may deem appropriate to protect the security of the voting system components and to prevent interference with the duties of the registrars. The registrars and two witnesses sworn as poll officers as provided in O.C.G.A. §§ 21-2-94 and 21-2-95 shall run a zero tape on each ballot scanner prior to the beginning of advance voting on those scanners, and the registrar and the two witnesses shall sign the zero tape in the space provided. The registrars shall verify that the electronic ballot markers and ballot scanners all indicate zero counts prior to the opening of the polls. If the tape does not show zero votes prior to the start of voting, the election superintendent shall be immediately notified and such component shall not be used until the component is cleared and the matter is resolved by agreement of the election superintendent and the registrars. The registrar and the same two sworn witnesses who

AMERICAN OVERSIGHT

signed the zero tape shall inspect and confirm that the ballot box associated with that scanner is empty and contains no ballots or other unauthorized matter, and shall verify that fact in writing on a form to be developed by the Secretary of State. Such form shall include the date and time it was executed, shall be attached to the zero tape generated by the ballot scanner attached to that ballot box, and shall be returned to the election superintendent at the close of the advance voting period with the other paperwork from the voting location. The registrars shall verify that there is no unauthorized matter affixed to the electronic ballot markers, ballot scanners, or voting booths. The registrars shall affix a card of instructions for voting within each voting booth. Prior to voters entering the voting booth, the registrars may also distribute to such voters a card of instructions for voting that has been approved or provided by the Secretary of State.

(8) If at the close of voting on any day during the advance voting period, there are more than 1,500 ballots inside any ballot box, the registrar and two sworn witnesses shall unseal the ballot box, remove the paper ballots, and place the ballots in one or more durable, portable, secure, and sealable containers. The registrars shall complete and affix to each container a form identifying the advance voting location, the advance voting dates that the ballots were cast, the ballot scanner serial number, the number assigned to that ballot scanner for that specific election, the count of the ballots from the ballot scanner, and the date and time that the ballot box was emptied. The container shall be sealed and signed by the registrar and the two witnesses such that it cannot be opened without breaking the seal. The ballot box shall be resealed, and the new seal numbers shall be documented. The registrar and at least one sworn witness shall deliver the ballot container to the election superintendent for secured storage until time for the tabulation of votes, and the election superintendent shall complete a chain of custody form indicating the delivery of the secure container. The form shall be signed by the registrar and any witnesses who travelled with the registrar indicating that no sealed documents were unsealed enroute and have not been tampered with. In the discretion of the registrar, the same procedure for emptying the ballot box may be followed if there are less than 1,500 ballots in the ballot box at the end of any advance voting day, but the ballot box shall not be opened while voting is taking place except as authorized by Rule 183-1-12-.10(5).

(9) At the close of voting each day during the advance voting period, the registrars shall document the election counter number from the ballot scanner on the daily recap sheet. The memory cards shall remain in the ballot scanner at all times during the advance voting period until the polls close on the day of the primary, election, or runoff. Each electronic ballot marker, ballot scanner, ballot box, electronic poll book, paper backup poll book, and voter access cards shall then be secured overnight. If the room where advance voting is taking place cannot be locked and secured overnight in the reasonable judgment of the superintendent, the superintendent shall cause the voting system components to be stored in a locked, secure container that is reasonably affixed to the polling place; be under visual surveillance of an election official or their designee, a licensed security guard, or a law enforcement official; or if, if the previously listed options are not feasible, in another manner that in the reasonable judgment of the superintendent secures and protects the voting system components from unauthorized access. Any electronic visual surveillance

AMERICAN OVERSIGHT

used for security when voting is not taking place shall not record, capture, or otherwise compromise the privacy of an elector's ballot.

(10) Each morning during the advance voting period prior to voting beginning, the registrars shall verify the seal numbers on each electronic ballot marker and ballot scanner to be used for advance voting with the number of the seal recorded on the daily recap sheet from the previous day of advance voting and shall verify that the seals do not show any signs of tampering. If the seal number corresponds to the entry on the daily recap sheet and there is no evidence of tampering, the electronic ballot markers and ballot scanners shall be turned on. If the numbers do not match or there is evidence of tampering, the election superintendent shall be notified immediately and the component shall not be used until such discrepancy is resolved to the satisfaction of the election superintendent and the registrars. After turning on the ballot scanners, the registrars shall verify the election counter number with the number recorded on the daily recap sheet from the previous day of advance voting. If the numbers do not match, the election superintendent shall be immediately notified and the component shall not be used until such discrepancy is resolved to the satisfaction of the election superintendent and the registrars. The election counter number shall then be entered onto the daily recap sheet for that day.

(11) Voters who vote absentee ballots in person shall first complete an absentee ballot application and sign an oath, which may be on the same form and may be on paper or digital. After the registrars determine that the voter is eligible to vote, the registrars shall note the voter's registration number and ballot style on the absentee ballot application. Each voter shall be offered instruction by a registrar in the method of voting on the voting system, including specific instruction to review their printed ballot prior to scanning it. In providing such instruction, the registrar shall not in any manner request, suggest, or seek or persuade or induce any voter to vote any particular ticket~~r~~ or for any particular candidate, or for or against any particular question. The voter shall then be issued a voter access card programmed with the correct ballot style or the registrar shall use the correct access code to manually bring up the correct ballot on the electronic ballot marker. The voter shall then enter the enclosed space in the advance voting location and proceed to vote his or her choices. Upon making his or her selections, the voter shall cause the paper ballot to print, remove his or her printed ballot from the printer, remove the voter access card from the touchscreen unit, review the selections on his or her printed ballot, scan his or her printed ballot into the ballot scanner, and return the voter access card to a poll ~~worker~~officer.

(12) The registrar~~s~~ shall cause each advance voting location to be sufficiently staffed. At least one poll officer shall be assigned to assisting voters who have questions while they are in the voting booth, but before they approach the ballot scanner. Another poll officer shall ~~and a poll worker is to~~ be stationed at every ballot scanner in use in the polling place while voting is occurring. The poll officer stationed at the ballot scanner shall offer each voter specific verbal instruction to review their printed paper ballot prior to scanning it. In addition to the preceding instruction, the poll officer stationed at the ballot scanner shall offer general instruction throughout the period while voting is occurring telling voters that sample ballots and magnifying devices are available to assist them in reviewing their paper ballot. The poll officer shall take all reasonable precautions not to view the selections on

AMERICAN OVERSIGHT

an elector's ballot unless it is required due to assistance requested by the elector. If a poll officer observes a voter attempting to leave the enclosed space with a paper ballot, the poll officer shall inform the voter of the consequence of not depositing his or her paper ballot into the ballot scanner prior to leaving the room. ~~instruction throughout the period while voting is occurring reminding voters to review their printed paper ballots.~~

(a) If a voter discovers that the ballot presented on the electronic ballot marker is not correct or, for a partisan primary, is not the ballot that the voter desired to vote, the voter should immediately notify a poll officer. The poll officer shall cancel or void the ballot on the electronic ballot marker without attempting, in any manner, to see how the voter has voted and shall then take the necessary steps to provide the voter with the correct ballot and make any necessary corrections to the voter's certificate of the voter, the electors list, and the numbered list of voters. If the error is due to equipment malfunction, the poll officer shall document the incident on a form developed by the Secretary of State. The poll officer shall inform the election superintendent immediately if one or more electronic ballot markers are associated with a significant number of incidents.

(b) If, while reviewing his or her paper ballot, a voter discovers that the printed ballot does not reflect the voter's desired selections or that the voter was not issued the proper ballot, the voter should immediately inform a poll officer. The poll officer shall spoil the paper ballot and take the necessary steps to allow the voter to make his or her selections again on the electronic ballot marker and cause the correct ballot to be issued. The poll officer shall document the incident on a form circulated by the Secretary of State. The poll manager shall inform the elections superintendent immediately if one or more BMDs are associated with a significant number of incidents.

(13) At the end of the advance voting period, the registrar~~s~~ shall record the election counter number from each ballot scanner on the daily recap sheet. The ballot scanners shall be shut down and sealed. The registrars shall record the seal numbers on the daily recap sheet. The registrar and two sworn witnesses shall unseal the ballot box, remove the paper ballots, and place the ballots in one or more durable, portable, secure, and sealable containers. The registrars shall complete and affix to each container a form identifying the advance voting location, the advance voting dates that the ballots were cast, ballot scanner serial number, the number assigned to that ballot scanner for that specific election, the count of the ballots from the ballot scanner, and the date and time that the ballot box was emptied. The container shall be sealed and signed by the registrar and the two witnesses such that it cannot be opened without breaking the seal. The ballot box shall be resealed, and the new seal numbers shall be documented. The registrar and at least one sworn witness shall deliver the ballot container to the election superintendent for secured storage until time for the tabulation of votes, and the election superintendent shall complete a chain of custody form indicating the delivery of the secure container. The form shall be signed by the registrar and any witnesses who travelled with the registrar indicating that no sealed documents were unsealed enroute and have not been tampered with. The ballot scanners and ballot containers shall then be secured until time for the tabulation of votes.

AMERICAN OVERSIGHT

(14) By the close of the polls on the day of the primary, election, or runoff, the registrars shall deliver all of the ballot scanners used for advance voting and all other absentee ballots received to the election superintendent or the tabulating center. The election superintendent or tabulating center personnel shall count all of the absentee ballots in accordance with the procedures required by law and the rules of the State Election Board. The election superintendent or tabulating center personnel shall verify the seal numbers of each ballot scanner with the numbers recorded on the daily recap sheet form and shall inspect each seal and unit to verify that there is no evidence of tampering with the unit. If the seal numbers are not correct or there is evidence of tampering, the Secretary of State and the election superintendent shall be notified immediately and no further action shall be taken with regard to such unit until the reason for the discrepancy has been determined to the satisfaction of the election superintendent.

(15) After verifying the seal number and the integrity of the seal on each ballot scanner, the election superintendent or tabulating center personnel shall open each ballot scanner and turn on the power. The election superintendent or tabulating center personnel shall then compare the numbers shown on the election counters of the ballot scanners with the numbered list of absentee electors and the absentee ballot recap form to verify that there are no discrepancies. If there is a discrepancy, no further action shall be taken until the reason for the discrepancy has been determined to the satisfaction of the election superintendent. The election superintendent or tabulating center personnel shall cause each ballot scanner to print a minimum of three tapes showing the vote totals as cast on that ballot scanner. Three witnesses shall sign each of the tapes or shall write on the tapes the reason why they will not sign the tapes. One copy of the results tape for each ballot scanner shall be made available for the information of the public. One tape shall be placed into an envelope (or reusable document storage container suitable for the same purpose), provided by the election superintendent along with “poll worker" memory cards from the ballot scanner. The envelope shall be sealed by the poll manager and the same two witnesses who signed the tape such that the envelope cannot be opened without breaking such seal. The envelope shall be initialed by the poll manager and the two witnesses indicating that it contains the correct tape and memory card from the indicated ballot scanner. The envelope shall be labelled with the name of the polling place, the serial number of the ballot scanner, and the number assigned to the ballot scanner for that election. The third tape shall be placed into another envelope with the absentee ballot recap form.

(16) After completing the printing of the results, the ballot scanner shall be turned off, secured, and resealed. The ballot scanners shall then be placed in a secure area with appropriate climate control. The envelopes containing the memory cards and results tapes, voter access cards, poll worker cards, ballot encoder devices, numbered lists of absentee voters, absentee ballot recap forms, and other such paperwork shall be transported to the office of the election superintendent by the election superintendent or tabulating center personal, which transportation shall at all times involve at least two authorized individuals. The office of the election superintendent shall receive the materials and shall document delivery. The election superintendent or tabulating center personal who travelled with the materials shall sign a form indicating that no sealed documents were unsealed enroute and that the materials have not been tampered with.

AMERICAN OVERSIGHT

(17) Any notices to the Secretary of State about discrepancies in numbers or seals, zero tapes, or election counters shall also be forwarded to members of the State Election Board, but such information shall be considered confidential if the Secretary of State has initiated an investigation of the matter.

Authority: O.C.G.A. § 21-2-31

**RULE 183-1-14-.13 Prompt Notification of Absentee Ballot Rejection**

When a timely submitted absentee ballot is rejected, the board of registrars or absentee ballot clerk shall ~~notify~~ send the elector notice of such rejection and opportunity to cure, as provided by O.C.G.A. § 21-2-386, by mailing written notice, and attempt to notify the elector by telephone and email if a telephone number or email is on the elector's voter registration record, no later than the close of business on the third business day after receiving the absentee ballot. However, for any timely submitted absentee ballot that is rejected on or after the second Friday prior to Election Day, ~~close of the advance voting period,~~the board of registrars or absentee ballot clerk shall ~~notify~~ send the elector notice of such rejection and opportunity to cure, as provided by O.C.G.A. § 21-2-386, by mailing written notice, and attempt to notify the elector by telephone and email if a telephone number or email is on the elector's voter registration record, no later than ~~3:00 PM~~close of business on the next business day. ~~The board of registrars or absentee ballot clerk shall also attempt to notify the elector by email and telephone within the same time requirements if an email or telephone number is on the elector's voter registration record.~~

Authority: O.C.G.A. § 21-2-31

AMERICAN OVERSIGHT

**COPY OF THE PROPOSED NEW RULE**

**RULE 183-1-14-.02 Advance Voting**

(1) All federal, state, and county primaries and elections shall be conducted using electronic ballot markers and ballot scanners for in-person absentee voting during the advance voting period. As used in this rule, the term “registrar” or "registrars" means a county board of registrars, a county board of elections and registration, a joint county-municipal board of elections and registration, a municipal absentee ballot clerk, a municipal registrar, or the designee of a board of registrars, board of elections and registration, or joint county-municipal board of elections and registration.

(2) The registrar shall publish the times, dates. and locations of the availability of advance voting in their jurisdiction on the homepage of the county’s publicly accessible website associated with elections and/or registrations, or if the county does not have such a website, in a newspaper of general circulation and by posting in a prominent location in the county, no later than 7 days prior to the beginning of the advance voting period. Any additional advance voting locations added after that deadline shall be published as soon as possible. The registrar shall endeavor not to remove or alter any advance voting locations after they are published, unless there are emergency or unforeseen circumstances make such a change necessary, in which case the registrar shall publish those changes as soon as possible.

(3) Electronic ballot markers and ballot scanners shall be configured and tested in accordance with the provisions of Rule 183-1-12-.08 prior to use in advance voting. Public notice of the time and place for such configuration and testing of the electronic ballot markers and ballot scanners to be used for advance voting shall be given in accordance with O.C.G.A. §§ 21-2-374 and 21-2-379.25 and Rule 183-1-12-.08 prior to such configuration and testing.

(4) The electronic ballot markers and ballot scanners to be used for advance voting shall be set up in a manner to assure the privacy of the elector while casting his or her ballot while maintaining the security of such components against tampering, damage, or other improper conduct. In addition, there shall be at least one electronic ballot marker configured for use by physically disabled electors. at each advance voting location.

(5) Voter access cards for use in electronic ballot markers for advance voting may be encoded by use of an electronic poll book or other device approved by the Secretary of State. The registrar may also utilize the correct access code to manually bring up the correct ballot on the touchscreen.

(6) Magnifying devices shall be available at advance voting locations to assist voters in reviewing their paper ballots.

(7) On the first day of the advance voting period, prior to any votes being cast on ballot scanners, the registrars shall verify that the seals for each electronic ballot marker, ballot

AMERICAN OVERSIGHT

scanner, and ballot box are intact and that there is no evidence or indication of any tampering with the seal or the component. The registrars shall verify that the number of the seal matches the number of the seal recorded for that component when such component was prepared by the election superintendent for the primary, election, or runoff. If a seal number does not match or if there is any evidence or indication of tampering with the seal or component, the election superintendent shall be immediately notified and such component shall not be used until such matters are resolved by agreement of the election superintendent and the registrars. The set up shall be performed in public and the public may view the set up subject to such reasonable rules and regulations as the registrars may deem appropriate to protect the security of the voting system components and to prevent interference with the duties of the registrars. The registrars and two witnesses sworn as poll officers as provided in O.C.G.A. §§ 21-2-94 and 21-2-95 shall run a zero tape on each ballot scanner prior to the beginning of advance voting on those scanners, and the registrar and the two witnesses shall sign the zero tape in the space provided. The registrars shall verify that the electronic ballot markers and ballot scanners all indicate zero counts prior to the opening of the polls. If the tape does not show zero votes prior to the start of voting, the election superintendent shall be immediately notified and such component shall not be used until the component is cleared and the matter is resolved by agreement of the election superintendent and the registrars. The registrar and the same two sworn witnesses who signed the zero tape shall inspect and confirm that the ballot box associated with that scanner is empty and contains no ballots or other unauthorized matter, and shall verify that fact in writing on a form to be developed by the Secretary of State. Such form shall include the date and time it was executed, shall be attached to the zero tape generated by the ballot scanner attached to that ballot box, and shall be returned to the election superintendent at the close of the advance voting period with the other paperwork from the voting location. The registrars shall verify that there is no unauthorized matter affixed to the electronic ballot markers, ballot scanners, or voting booths. The registrars shall affix a card of instructions for voting within each voting booth. Prior to voters entering the voting booth, the registrars may also distribute to such voters a card of instructions for voting that has been approved or provided by the Secretary of State.

(8) If at the close of voting on any day during the advance voting period, there are more than 1,500 ballots inside any ballot box, the registrar and two sworn witnesses shall unseal the ballot box, remove the paper ballots, and place the ballots in one or more durable, portable, secure, and sealable containers. The registrars shall complete and affix to each container a form identifying the advance voting location, the advance voting dates that the ballots were cast, the ballot scanner serial number, the number assigned to that ballot scanner for that specific election, the count of the ballots from the ballot scanner, and the date and time that the ballot box was emptied. The container shall be sealed and signed by the registrar and the two witnesses such that it cannot be opened without breaking the seal. The ballot box shall be resealed, and the new seal numbers shall be documented. The registrar and at least one sworn witness shall deliver the ballot container to the election superintendent for secured storage until time for the tabulation of votes, and the election superintendent shall complete a chain of custody form indicating the delivery of the secure container. The form shall be signed by the registrar and any witnesses who travelled with the registrar indicating that no sealed documents were unsealed enroute and have not been

AMERICAN OVERSIGHT

tampered with. In the discretion of the registrar, the same procedure for emptying the ballot box may be followed if there are less than 1,500 ballots in the ballot box at the end of any advance voting day, but the ballot box shall not be opened while voting is taking place except as authorized by Rule 183-1-12-.10(5).

(9) At the close of voting each day during the advance voting period, the registrars shall document the election counter number from the ballot scanner on the daily recap sheet. The memory cards shall remain in the ballot scanner at all times during the advance voting period until the polls close on the day of the primary, election, or runoff. Each electronic ballot marker, ballot scanner, ballot box, electronic poll book, paper backup poll book, and voter access cards shall then be secured overnight. If the room where advance voting is taking place cannot be locked and secured overnight in the reasonable judgment of the superintendent, the superintendent shall cause the voting system components to be stored in a locked, secure container that is reasonably affixed to the polling place; be under visual surveillance of an election official or their designee, a licensed security guard, or a law enforcement official; or if, if the previously listed options are not feasible, in another manner that in the reasonable judgment of the superintendent secures and protects the voting system components from unauthorized access. Any electronic visual surveillance used for security when voting is not taking place shall not record, capture, or otherwise compromise the privacy of an elector's ballot.

(10) Each morning during the advance voting period prior to voting beginning, the registrars shall verify the seal numbers on each electronic ballot marker and ballot scanner to be used for advance voting with the number of the seal recorded on the daily recap sheet from the previous day of advance voting and shall verify that the seals do not show any signs of tampering. If the seal number corresponds to the entry on the daily recap sheet and there is no evidence of tampering, the electronic ballot markers and ballot scanners shall be turned on. If the numbers do not match or there is evidence of tampering, the election superintendent shall be notified immediately and the component shall not be used until such discrepancy is resolved to the satisfaction of the election superintendent and the registrars. After turning on the ballot scanners, the registrars shall verify the election counter number with the number recorded on the daily recap sheet from the previous day of advance voting. If the numbers do not match, the election superintendent shall be immediately notified and the component shall not be used until such discrepancy is resolved to the satisfaction of the election superintendent and the registrars. The election counter number shall then be entered onto the daily recap sheet for that day.

(11) Voters who vote absentee ballots in person shall first complete an absentee ballot application and sign an oath, which may be on the same form and may be on paper or digital. After the registrars determine that the voter is eligible to vote, the registrars shall note the voter's registration number and ballot style on the absentee ballot application. Each voter shall be offered instruction by a registrar in the method of voting on the voting system, including specific instruction to review their printed ballot prior to scanning it. In providing such instruction, the registrar shall not in any manner request, suggest, or seek or persuade or induce any voter to vote any particular ticket or for any particular candidate, or for or against any particular question. The voter shall then be issued a voter access card

AMERICAN OVERSIGHT

programmed with the correct ballot style or the registrar shall use the correct access code to manually bring up the correct ballot on the electronic ballot marker. The voter shall then enter the enclosed space in the advance voting location and proceed to vote his or her choices. Upon making his or her selections, the voter shall cause the paper ballot to print, remove his or her printed ballot from the printer, remove the voter access card from the touchscreen unit, review the selections on his or her printed ballot, scan his or her printed ballot into the ballot scanner, and return the voter access card to a poll officer.

(12) The registrars shall cause each advance voting location to be sufficiently staffed. At least one poll officer shall be assigned to assisting voters who have questions while they are in the voting booth, but before they approach the ballot scanner. Another poll officer shall be stationed at every ballot scanner in use in the polling place while voting is occurring. The poll officer stationed at the ballot scanner shall offer each voter specific verbal instruction to review their printed paper ballot prior to scanning it. In addition to the preceding instruction, the poll officer stationed at the ballot scanner shall offer general instruction throughout the period while voting is occurring telling voters that sample ballots and magnifying devices are available to assist them in reviewing their paper ballot. The poll officer shall take all reasonable precautions not to view the selections on an elector's ballot unless it is required due to assistance requested by the elector. If a poll officer observes a voter attempting to leave the enclosed space with a paper ballot, the poll officer shall inform the voter of the consequence of not depositing his or her paper ballot into the ballot scanner prior to leaving the room.

(a) If a voter discovers that the ballot presented on the electronic ballot marker is not correct or, for a partisan primary, is not the ballot that the voter desired to vote, the voter should immediately notify a poll officer. The poll officer shall cancel or void the ballot on the electronic ballot marker without attempting, in any manner, to see how the voter has voted and shall then take the necessary steps to provide the voter with the correct ballot and make any necessary corrections to the voter's certificate of the voter, the electors list, and the numbered list of voters. If the error is due to equipment malfunction, the poll officer shall document the incident on a form developed by the Secretary of State. The poll officer shall inform the election superintendent immediately if one or more electronic ballot markers are associated with a significant number of incidents.

(b) If, while reviewing his or her paper ballot, a voter discovers that the printed ballot does not reflect the voter's desired selections or that the voter was not issued the proper ballot, the voter should immediately inform a poll officer. The poll officer shall spoil the paper ballot and take the necessary steps to allow the voter to make his or her selections again on the electronic ballot marker and cause the correct ballot to be issued. The poll officer shall document the incident on a form circulated by the Secretary of State. The poll manager shall inform the elections superintendent immediately if one or more BMDs are associated with a significant number of incidents.

(13) At the end of the advance voting period, the registrars shall record the election counter number from each ballot scanner on the daily recap sheet. The ballot scanners shall

AMERICAN OVERSIGHT

be shut down and sealed. The registrars shall record the seal numbers on the daily recap sheet. The registrar and two sworn witnesses shall unseal the ballot box, remove the paper ballots, and place the ballots in one or more durable, portable, secure, and sealable containers. The registrars shall complete and affix to each container a form identifying the advance voting location, the advance voting dates that the ballots were cast, ballot scanner serial number, the number assigned to that ballot scanner for that specific election, the count of the ballots from the ballot scanner, and the date and time that the ballot box was emptied. The container shall be sealed and signed by the registrar and the two witnesses such that it cannot be opened without breaking the seal. The ballot box shall be resealed, and the new seal numbers shall be documented. The registrar and at least one sworn witness shall deliver the ballot container to the election superintendent for secured storage until time for the tabulation of votes, and the election superintendent shall complete a chain of custody form indicating the delivery of the secure container. The form shall be signed by the registrar and any witnesses who travelled with the registrar indicating that no sealed documents were unsealed enroute and have not been tampered with. The ballot scanners and ballot containers shall then be secured until time for the tabulation of votes.

(14) By the close of the polls on the day of the primary, election, or runoff, the registrars shall deliver all of the ballot scanners used for advance voting and all other absentee ballots received to the election superintendent or the tabulating center. The election superintendent or tabulating center personnel shall count all of the absentee ballots in accordance with the procedures required by law and the rules of the State Election Board. The election superintendent or tabulating center personnel shall verify the seal numbers of each ballot scanner with the numbers recorded on the daily recap sheet form and shall inspect each seal and unit to verify that there is no evidence of tampering with the unit. If the seal numbers are not correct or there is evidence of tampering, the Secretary of State and the election superintendent shall be notified immediately and no further action shall be taken with regard to such unit until the reason for the discrepancy has been determined to the satisfaction of the election superintendent.

(15) After verifying the seal number and the integrity of the seal on each ballot scanner, the election superintendent or tabulating center personnel shall open each ballot scanner and turn on the power. The election superintendent or tabulating center personnel shall then compare the numbers shown on the election counters of the ballot scanners with the numbered list of absentee electors and the absentee ballot recap form to verify that there are no discrepancies. If there is a discrepancy, no further action shall be taken until the reason for the discrepancy has been determined to the satisfaction of the election superintendent. The election superintendent or tabulating center personnel shall cause each ballot scanner to print a minimum of three tapes showing the vote totals as cast on that ballot scanner. Three witnesses shall sign each of the tapes or shall write on the tapes the reason why they will not sign the tapes. One copy of the results tape for each ballot scanner shall be made available for the information of the public. One tape shall be placed into an envelope (or reusable document storage container suitable for the same purpose), provided by the election superintendent along with “poll worker" memory cards from the ballot scanner. The envelope shall be sealed by the poll manager and the same two witnesses who signed the tape such that the envelope cannot be opened without breaking such seal. The

AMERICAN OVERSIGHT

envelope shall be initialed by the poll manager and the two witnesses indicating that it contains the correct tape and memory card from the indicated ballot scanner. The envelope shall be labelled with the name of the polling place, the serial number of the ballot scanner, and the number assigned to the ballot scanner for that election. The third tape shall be placed into another envelope with the absentee ballot recap form.

(16) After completing the printing of the results, the ballot scanner shall be turned off, secured, and resealed. The ballot scanners shall then be placed in a secure area with appropriate climate control. The envelopes containing the memory cards and results tapes, voter access cards, poll worker cards, ballot encoder devices, numbered lists of absentee voters, absentee ballot recap forms, and other such paperwork shall be transported to the office of the election superintendent by the election superintendent or tabulating center personal, which transportation shall at all times involve at least two authorized individuals. The office of the election superintendent shall receive the materials and shall document delivery. The election superintendent or tabulating center personal who travelled with the materials shall sign a form indicating that no sealed documents were unsealed enroute and that the materials have not been tampered with.

(17) Any notices to the Secretary of State about discrepancies in numbers or seals, zero tapes, or election counters shall also be forwarded to members of the State Election Board, but such information shall be considered confidential if the Secretary of State has initiated an investigation of the matter.

Authority: O.C.G.A. § 21-2-31

**RULE 183-1-14-.13 Prompt Notification of Absentee Ballot Rejection**

When a timely submitted absentee ballot is rejected, the board of registrars or absentee ballot clerk shall send the elector notice of such rejection and opportunity to cure, as provided by O.C.G.A. § 21-2-386, by mailing written notice, and attempt to notify the elector by telephone and email if a telephone number or email is on the elector's voter registration record, no later than the close of business on the third business day after receiving the absentee ballot. However, for any timely submitted absentee ballot that is rejected on or after the second Friday prior to Election Day, the board of registrars or absentee ballot clerk shall send the elector notice of such rejection and opportunity to cure, as provided by O.C.G.A. § 21-2-386, by mailing written notice, and attempt to notify the elector by telephone and email if a telephone number or email is on the elector's voter registration record, no later than close of business on the next business day.

Authority: O.C.G.A. § 21-2-31

AMERICAN OVERSIGHT

**NOTICE OF INTENT TO POST A RULE OF THE STATE ELECTIONS BOARD, CHAPTER 183-1-6-.02(6) And 183-1-6-.02(7) AND *RULES OF STATE ELECTION BOARD* AND NOTICE OF PUBLIC HEARING.**

TO ALL INTERESTED PERSONS AND PARTIES:

Notice is hereby given that pursuant to the authority set forth below, the Georgia State Election Board, (hereinafter "SEB") proposes to post an SEB rule, Rule 183-1-6-.02(6) and Rule 183-1-6-.02(7) *Rules for Voter Registration by Private* Entities (hereinafter "proposed rule").

This notice, together with an exact copy of the proposed new rule and a synopsis of the proposed rule, is being distributed to all persons who have requested, in writing, that they be placed on a distribution list. A copy of this notice, an exact copy of the proposed rule amendment, and a synopsis of the proposed rule amendment may be reviewed during normal business hours of 8:00 a.m. to 5:00 p.m. Monday through Friday, except official state holidays, at the Office of the Secretary of State, Elections Division, 2 Martin Luther King Jr. Drive, S.E., 8th Floor West Tower, Atlanta, Georgia 30334. These documents will also be available for review on the State Election Board's web page at https://sos.ga.gov/index.php/elections/state_election_board. Copies may also be requested by contacting the Elections Division at 404-656-2871.

To provide the public an opportunity to comment upon and provide input into the proposed rule amendment, a public hearing will be held on:

February 28, 2020
9:00 a.m.
2 Martin Luther King Jr. Dr. SE
18th Floor, West Tower
Room 1816
Atlanta, GA 30334

At the public hearing anyone may present data, make a statement, comment or offer a viewpoint or argument whether orally or in writing. Oral statements should be concise and will be limited to 2 minutes per person. Additional comments should be presented in writing. Lengthy statements or statements of a considerable technical or economic nature, as well as previously recorded messages, must be submitted for the official record on or before February 17, 2020 to the address below. Written comments must be received on or before February 17, 2020 and be addressed to Jasmine Shannon by mail to Office of the Secretary of State, Elections Division, 2 Martin Luther King Jr. Drive, S.E., 8th Floor West Tower, Atlanta, Georgia 30334 or by email to jshannon@sos.ga.gov.

The State Election Board will consider the proposed rule at a meeting scheduled to begin at 9:00 a.m. on February 28, 2020 at 2 MLK Jr. Dr. SE, 18th Floor, West Tower, Room 1816, Atlanta, Georgia 30334.

AMERICAN OVERSIGHT

This notice is given in compliance with O.C.G.A. § 50-13-4.

This 24th day of January, 2020.

Brad Raffensperger
Chairman, State Elections Board

**SYNOPSIS OF THE PROPOSED RULE OF THE STATE ELECTIONS BOARD, CHAPTER 183-1-6, *RULES OF STATE ELECTION BOARD*, RULE 183-1-6-.02(6) AND 183-1-6-.02(7)**

Purpose: The intent is to ensure that voter registration applicants are informed of their legal obligations, under state and federal law, to provide their government issued identification number on the application, if one has been issued.

Main Features: The main features are that voter registration applicants will receive information allowing them to fully complete their application so that it can be promptly accepted and processed by county registrars.

**DIFFERENCES BETWEEN THE EXISTING RULE AND THE PROPOSED AMENDMENTS OF THE STATE ELECTION BOARD, *RULES OF STATE ELECTION BOARD*, RULE 183-1-6-.02(6) AND 183-1-6-.02(7)**

NOTE: Struck through text is proposed to be deleted. Underlined text is proposed to be added.

**RULE 183-1-6-.02(6) Required Activities.** While engaging in organized voter registration activity within this state, a private entity shall:

(a) Advise each applicant that such applicant has the option to return his or her voter registration application personally to the appropriate board of registrars or to the Secretary of State or to permit the private entity to return it on the applicant's behalf;

(b) Inform all applicants that they are not officially registered to vote until their eligibility has been determined by the appropriate board of registrars and that, if the applicant has not received notification of the disposition of the application within two ~~three to four~~ weeks of submitting the application, the applicant should contact the appropriate board of registrars to determine if such applicant's eligibility has been determined and the applicant's name entered on the official list of electors;

(c) Inform all applicants that, if they are registering to vote for the first time in the jurisdiction by mail or through a private entity, they must present current and valid identification either when registering to vote by mail or through a private entity or when voting for the first time after registering to vote by mail or through a private entity;

(d) Inform all applicants that they are required to:

(1) List their Georgia driver's license or Georgia state issued ID number if one has been issued;
(2) List the last four digits of their social security number if the applicants have not been issued a Georgia driver's license or Georgia state issued ID; and

AMERICAN OVERSIGHT

(3) Indicate on the form if they do not have a Georgia driver's license, Georgia state issued ID, or social security number.

(ed) Inform all Georgia applicants of the availability of an online registration status check and polling place locator service on the Secretary of State's website and encourage all applicants to access it in advance of a primary or election day to verify their registration status and correct polling place; and

(fe) Inform all applicants of their right, under certain circumstances, to cast a provisional ballot in the event that their names do not appear on the official list of electors at the polls.

For purposes of compliance with the notice provisions provided in this paragraph, it shall be sufficient for the private entity either to post such notices in a conspicuous location at any fixed registration site or to provide such notices in written form to the applicant in a brochure, flyer, or other similar manner at the time of application. The Secretary of State may design and make available to private entities an appropriate model form that includes all required notices pursuant to this paragraph.

AMERICAN OVERSIGHT

**RULE 183-1-6-.02(7) Prohibited Activities.** While engaging in voter registration programs within Georgia, a private entity shall not:

(a) Represent to any person that the private entity is a representative of the Secretary of State or a board of registrars authorized by law to receive voter registration applications in person;

(b) Make any statement to an applicant or take any action that the private entity knows or reasonably should know would discourage a qualified applicant from registering to vote;

(c) Refuse to accept and transmit a properly completed and contemporaneously dated voter registration application from any qualified individual;

(d) Be inebriated or otherwise impaired by drugs, alcohol, or other substances;

(e) Conduct voter registration activities at locations where the private entity knows that illegal or criminal activities are being conducted;

(f) Accept a completed registration application from the applicant unless such application has been sealed by the ~~application~~ applicant, without a signed acknowledgement from the applicant that the applicant willingly and knowingly provided the unsealed application to the private entity;

(g) Copy a completed registration application without the express, written permission of the applicant; ~~or~~

(h) Conduct voter registration activities in places where the primary purpose of that place is the sale and consumption of alcoholic beverages ~~are sold and consumed on the same premises~~; or

(i) Tell applicants that they do not have to list their Georgia driver's license or identification card number on the voter registration application if the applicant has been issued a Georgia driver's license or identification card.

Authority: O.C.G.A. § 21-2-31

AMERICAN OVERSIGHT

## COPY OF THE PROPOSED NEW RULE

**RULE 183-1-6-.02(6) Required Activities.** While engaging in organized voter registration activity within this state, a private entity shall:

(a) Advise each applicant that such applicant has the option to return his or her voter registration application personally to the appropriate board of registrars or to the Secretary of State or to permit the private entity to return it on the applicant's behalf;

(b) Inform all applicants that they are not officially registered to vote until their eligibility has been determined by the appropriate board of registrars and that, if the applicant has not received notification of the disposition of the application within two weeks of submitting the application, the applicant should contact the appropriate board of registrars to determine if such applicant's eligibility has been determined and the applicant's name entered on the official list of electors;

(c) Inform all applicants that, if they are registering to vote for the first time in the jurisdiction by mail or through a private entity, they must present current and valid identification either when registering to vote by mail or through a private entity or when voting for the first time after registering to vote by mail or through a private entity;

(d) Inform all applicants that they are required to:

(1) List their Georgia driver's license or Georgia state issued ID number if one has been issued;
(2) List the last four digits of their social security number if the applicants have not been issued a Georgia driver's license or Georgia state issued ID; and
(3) Indicate on the form if they do not have a Georgia driver's license, Georgia state issued ID, or social security number.

(e) Inform all Georgia applicants of the availability of an online registration status check and polling place locator service on the Secretary of State's website and encourage all applicants to access it in advance of a primary or election day to verify their registration status and correct polling place; and

(f) Inform all applicants of their right, under certain circumstances, to cast a provisional ballot in the event that their names do not appear on the official list of electors at the polls.

For purposes of compliance with the notice provisions provided in this paragraph, it shall be sufficient for the private entity either to post such notices in a conspicuous location at any fixed registration site or to provide such notices in written form to the applicant in a brochure, flyer, or other similar manner at the time of application. The Secretary of State may design and make available to private entities an appropriate model form that includes all required notices pursuant to this paragraph.

AMERICAN OVERSIGHT

**RULE 183-1-6-.02(7) Prohibited Activities.** While engaging in voter registration programs within Georgia, a private entity shall not:

(a) Represent to any person that the private entity is a representative of the Secretary of State or a board of registrars authorized by law to receive voter registration applications in person;

(b) Make any statement to an applicant or take any action that the private entity knows or reasonably should know would discourage a qualified applicant from registering to vote;

(c) Refuse to accept and transmit a properly completed and contemporaneously dated voter registration application from any qualified individual;

(d) Be inebriated or otherwise impaired by drugs, alcohol, or other substances;

(e) Conduct voter registration activities at locations where the private entity knows that illegal or criminal activities are being conducted near the voter registration activities near the voter registration activities;

(f) Accept a completed registration application from the applicant unless such application has been sealed by the application, without a signed acknowledgement from the applicant that the applicant willingly and knowingly provided the unsealed application to the private entity;

(g) Copy a completed registration application without the express, written permission of the applicant;

(h) Conduct voter registration activities in places where the primary purpose of that place is the sale and consumption of alcoholic beverages; or

**NOTICE OF INTENT TO POST A RULE OF THE STATE ELECTIONS BOARD, CHAPTER 183-1-12, *RULES OF STATE ELECTION BOARD*, RULE 183-1-12-.01 THROUGH 183-1-12-.19 *VOTING MACHINES – VOTE RECORDERS* AND NOTICE OF PUBLIC HEARING.**

TO ALL INTERESTED PERSONS AND PARTIES:

Notice is hereby given that pursuant to the authority set forth below, the Georgia State Election Board, (hereinafter "SEB") proposes to post SEB rule, Rule 183-1-12-.01 through 183-1-12-.19 *Voting Machines – Vote Recorders* (hereinafter "proposed rule").

This notice, together with an exact copy of the proposed new rule and a synopsis of the proposed rule, is being distributed to all persons who have requested, in writing, that they be placed on a distribution list. A copy of this notice, an exact copy of the proposed rule amendment, and a synopsis of the proposed rule amendment may be reviewed during normal business hours of 8:00 a.m. to 5:00 p.m. Monday through Friday, except official state holidays, at the Office of the Secretary of State, Elections Division, 2 Martin Luther King Jr. Drive, S.E., 8th Floor West Tower, Atlanta, Georgia 30334. These documents will also be available for review on the State Election Board's web page at https://sos.ga.gov/index.php/elections/state_election_board. Copies may also be requested by contacting the Elections Division at 404-656-2871.

To provide the public an opportunity to comment upon and provide input into the proposed rule amendment, a public hearing will be held on:

January 22, 2020
9:00 a.m.
2 Martin Luther King Jr. Dr. SE
18th Floor, West Tower
Room 1816
Atlanta, GA 30334

At the public hearing anyone may present data, make a statement, comment or offer a viewpoint or argument whether orally or in writing. Oral statements should be concise and will be limited to 3 minutes per person. Additional comments should be presented in writing. Lengthy statements or statements of a considerable technical or economic nature, as well as previously recorded messages, must be submitted for the official record on or before January 13, 2020 to the address below. Written comments must be received on or before January 13, 2020 and be addressed to Jasmine Shannon by mail to Office of the Secretary of State, Elections Division, 2 Martin Luther King Jr. Drive, S.E., 8th Floor West Tower, Atlanta, Georgia 30334 or by email to jshannon@sos.ga.gov.

The State Election Board will consider the proposed rule at a meeting scheduled to begin at 9:00 a.m. on January 22, 2020 at 2 MLK Jr. Dr. SE, 18th Floor, West Tower, Room 1816, Atlanta, Georgia 30334.

This notice is given in compliance with O.C.G.A. §50-13-4.

AMERICAN OVERSIGHT

This 19th day of December, 2019.

Brad Raffensperger
Chairman, State Elections Board

Posted: December 19, 2019

AMERICAN OVERSIGHT

**SYNOPSIS OF THE PROPOSED RULE OF THE STATE ELECTIONS BOARD, CHAPTER 183-1-12, *RULES OF STATE ELECTION BOARD*, RULE 183-1-12-.01 THROUGH 183-1-12-.19 *VOTING MACHINES – VOTE RECORDERS***

Purpose: The purpose of the revisions to rule is to clarify and define the procedures and requirements of maintaining, storing, transporting, testing, preparing, and handling the components of the voting systems before, during, and after Election Day.

Main Features: The main feature of the revisions to this rule are updates to reflect changes in Georgia law and the move to a new voting system. The rule clarifies that voting in Georgia, beginning with the 2020 Presidential Preference Primary, will take place on paper ballots primarily marked by electronic ballot markers. The rule updates definitions, storage and security requirements, rules for transporting equipment and ballots to and from the polls, and the setup of polling places. The rule also updates provisional ballot and electronic poll book procedures.

**DIFFERENCES BETWEEN THE EXISTING RULE AND THE PROPOSED AMENDMENTS OF THE STATE ELECTION BOARD, CHAPTER 183-1-12, *RULES OF STATE ELECTION BOARD*, RULE 183-1-12-.01 THROUGH 183-1-12-.19 *VOTING MACHINES – VODTE RECORDERS***

NOTE: Struck through text is proposed to be deleted. Underlined text is proposed to be added.

**CHAPTER 183-1-12**
**~~VOTING MACHINES – VOTE RECORDERS~~**
**PREPARATION FOR AND CONDUCT OF PRIMARIES AND ELECTIONS**

**Rule 183-1-12-.01 Conduct of Elections**

1. Beginning with the ~~November 2002 General Election~~ 2020 Presidential Preference Primary, all federal, state, and county general primaries and elections, special primaries and elections, and referendums in the State of Georgia shall be conducted via an Optical Scanning Voting System as defined by O.C.G.A. 21-2-1(19.1). Voting at the polls, including both Election Day and absentee-in-person voting shall be conducted via ballots marked by electronic ballot markers and tabulated by ballot scanners. The electronic ballot markers and ballot scanners shall be supplied by the Secretary of State or purchased by the counties with the authorization of the Secretary of State. Absentee-by-mail voting shall also be conducted through the use of an optical scanning voting system. ~~at the polls through the use of direct recording electronic (DRE) voting units supplied by the Secretary of State or purchased by the counties with the authorization of the Secretary of State. In addition, absentee balloting shall be conducted through the use of optical scan ballots which shall be tabulated on optical scan vote tabulation systems furnished by the Secretary of State or purchased by the counties with the authorization of the Secretary of State; provided, however, that the use of direct recording electronic (DRE)~~

AMERICAN OVERSIGHT

~~voting units is authorized by the Secretary of State for persons desiring to vote by absentee ballot in person.~~

2. The Superintendent shall cause every polling place and advance voting location to have a sufficient number of blank paper ballots that can be marked by pen available for use in the event of emergency. The election superintendent shall also be prepared to resupply polling places with emergency paper ballots in needed ballot styles in a timely manner while voting is occurring so that polling places do not run out of emergency paper ballots.

Authority: O.C.G.A. §§ 21-2-1, 21-2-31

**Rule 183-1-12-.02 Definitions ~~Direct Recording Electronic Voting Equipment~~**

(1) As used in this rule, the term:

(a) "Ballot" shall have the meaning set forth in O.C.G.A. § 21-2-2.

(b) "Ballot scanner" shall have the meaning set forth in O.C.G.A. § 21-2-2.

(c) "Ballot Style" shall mean the specific offices, candidates, and questions displayed on an electronic ballot marker or paper ballot for voters according to their assigned precinct.

(d) "Electronic ballot marker" shall have the meaning set forth in O.C.G.A. § 21-2-2.

(e) "Election management system" is an electronic system that contains databases for elections, allows for the creation of ballots, generates ballot scanner memory cards, and computes tabulated results, amongst performing other election functions.

(f) "Electronic poll book" shall mean an electronic device that contains a list registered voters with sufficient information to look up voter, check them in, and encode voter access cards that bring up the correct ballot on an electronic ballot marker.

(g) "Election superintendent" or "superintendent" means a county board of elections and registrations, a county board of elections, a judge of the probate court, or an elections supervisor or director so designated by a county board or judge of the probate court. For municipal elections, the term shall include the municipal counterparts set forth in O.C.G.A. § 21-2-2.

(h) "Enclosed space" shall mean that area within a polling place enclosed with a guardrail or barrier closing the inner portion of such area so that only such persons as are inside such guardrail or barrier can approach within six feet

AMERICAN OVERSIGHT

of the ballot box, voting compartments, voting booths, voting machines, electronic ballot markers, or ballot scanners.

(i) "Opening of the Polls" shall mean the commencement of voting in a particular primary, election, or runoff. Opening of the polls does not refer to the unlocking or opening of the doors of the polling place. Similarly, the term "Closing of the Polls" shall mean the cessation of voting in a particular primary, election, or runoff and not the locking or closing of the doors of the polling place.

(j) "Poll officer" shall have the meaning set forth in O.C.G.A. § 21-2-2.

(k) "Polling place" shall have the meaning set forth in O.C.G.A. § 21-2-2.

(l) "Precinct" shall have the meaning set forth in O.C.G.A. § 21-2-2.

(m) "Voter Access Card" shall mean the electronic card issued to a voter which is inserted into an electronic ballot marker to bring up the voter's correct ballot.

(n) "Zero Tape" shall mean a tape printed out by a ballot scanner unit which shows that no votes have been tabulated by the scanner for that election.

(o) "Voting system" or "voting system components" shall include electronic ballot markers, printers, ballot scanners, election management systems, electronic poll books, and voter access cards.

Authority: O.C.G.A. §§ 21-2-2, 21-2-31

~~(1) Definitions.~~
~~As used in this rule, the term:~~
~~(a) "Assist", assisted","assisting", or "assistance" means the act of marking a voter registration application, application for absentee ballot, or ballot on behalf of a voter who is unable to read the English language or has a disability which renders him or her unable to see or mark the voter registration application, application for absentee ballot, or ballot or operate the voting equipment, or to enter the voting compartment or booth unaccompanied, in the manner personally requested and communicated by such voter. This definition will apply equally to Code Sections 21-2-322, 21-2-365, 21-2-379.1, 21-2-384, 21-2-385, 21-2-385.1, 21-2-400, 21-2-402, 21-2-409, 21-2-409.1, 21-2-413, 21-2-456, 21-2-500, 21-2-568, 21-2-579, 21-2-587, 21-2-590, 21-2-591, 21-2-592.~~
~~(b) "Ballot" shall mean the offices, candidates, and questions to be submitted to the voters at a primary, election, or runoff for each county or municipality.~~
~~(c) "Ballot Encoder Device" shall mean the electronic device by which the poll officers program the voter access card to authorize the voter to vote on the DRE units.~~

AMERICAN OVERSIGHT

(d) "Ballot Style" shall mean the presentation of the offices, candidates, and questions to be submitted to the voters at a primary, election, or runoff on a DRE unit that contains only the offices and questions for the voters of specified districts within the precinct.
(e) "Counter" shall mean the registers on each DRE unit which increment by one each time a vote is cast on the unit. The "election counter" is the register which is reset for each election and records the number of ballots voted on a DRE unit in a particular election. The "system counter" is the register which cannot be reset and records the number of ballots voted on a DRE unit over the course of the life of the unit.
(f) "DRE unit" shall mean a direct recording electronic voting device which is a computer driven unit for casting and counting votes on which a voter casts his or her votes through the use of a touch screen or VWD device. The term shall include both state supplied devices and devices purchased by counties.
(g) "Early voting period" shall mean that period of time preceding a primary or election in which the board of registrars or absentee ballot clerk shall mail or issue official absentee ballots to all eligible applicants.
(h) "Enclosed space" shall mean that area within a polling place enclosed with a guardrail or barrier closing the inner portion of such area so that only such persons as are inside such guardrail or barrier can approach within six feet of the ballot box, voting compartments, voting booths, or voting machines.
(i) "Memory Card" shall mean the electronic card (PCMCIA card) on which the ballot styles for a particular precinct are electronically stored and which is inserted into the direct recording electronic voting unit (DRE) to program the DRE unit for voting and on which vote totals are recorded for the DRE unit during the voting process.
(j) "Opening of the Polls" shall mean the commencement of voting in a particular primary, election, or runoff. Opening of the polls does not refer to the unlocking or opening of the doors of the polling place. Similarly, the term "Closing of the Polls" shall mean the cessation of voting in a particular primary, election, or runoff and not the locking or closing of the doors of the polling place.
(k) "Supervisor's Card" shall mean the electronic card to be used by the poll manager which is inserted into the DRE unit in order to configure the DRE unit for voting, to test the DRE unit, to terminate or suspend voting on the DRE unit, or to access other utility functions on the DRE unit.
(l) "Voter Access Card" shall mean the electronic card issued to a voter which is inserted into a DRE unit to authorize the voter to cast a ballot on the DRE unit.
(m) "VWD Device" is a device for use by illiterate and/or visually impaired voters in voting on a DRE unit and consists of an audio headset and a keypad by which the ballot can be provided to the voter aurally and the voter can cast his or her vote by use of the keypad.
(n) "Zero Tape" shall mean a tape printed out by the DRE unit which shows that all vote registers in the DRE unit for recording votes for candidates and questions are set to zero and that no votes are present on the unit.

(2) Receipt, Maintenance, and Storage.
(a) Acceptance tests. Upon the receipt of each new direct recording electronic voting unit (DRE), the election superintendent of the county is responsible to ensure that an acceptance test is performed on the device in accordance with standards issued by the

AMERICAN OVERSIGHT

~~Secretary of State. No DRE unit shall be accepted by the county or placed into service until such time as the unit satisfactorily passes the prescribed acceptance tests.~~

~~(b) Storage of DRE units.~~

~~1. The election superintendent of the county shall maintain the DRE units in accordance with the requirements of this rule, the directives of the Secretary of State, and the specifications and requirements of the manufacturer.~~

~~2. The DRE units shall be stored in a climate controlled space in which the temperature and humidity levels are maintained at acceptable levels year-round which shall not be lower than 5 degrees Celsius (41 degrees Fahrenheit) nor higher than 40 degrees Celsius (104 degrees Fahrenheit) and not lower than 35 percent relative humidity and not higher than 85 percent relative humidity such that no condensation forms on such units. The units shall not be stored in an area in which liquids or fluids stand, pool, or accumulate at any time or in areas that are subject to such standing, pooling, or accumulating liquids or fluids. The space in which the units are stored shall be secured and shall be accessible only to persons authorized by the election superintendent to have access to such units or such space. The DRE units may be stacked atop each other but no more than five units may be in a stack unless a rack system has been constructed for the storage of the units. The election superintendent shall ensure that the batteries in each unit are charged at least quarterly in accordance with the manufacturer's specifications.~~

~~3. The storage areas for DRE units shall be equipped with one or more of the following forms of electronic surveillance and protection: keypads or electronic locks, motion detectors, video surveillance, or a security system that is connected to an outside monitoring source, such as the police department or fire department. In lieu of providing electronic surveillance and protection, the DRE units may be interlocked through the use of a cable or chain that is secured by a padlock or other type of locking system.~~

~~4. The election superintendent shall maintain numbered seals on all DRE units in storage and all seal numbers shall be recorded and on file in the office of the election superintendent.~~

~~5. Upon delivery to a polling place in preparation for a primary, election, or runoff, the DRE units shall be secured and protected from unauthorized access by storing the DRE units in a locked and secure room at the polling place, having the person taking possession of the units personally supervise the units at all times prior to the opening of the polls, or by interlocking the DRE units with a cable or chain that is secured by a padlock or other type of locking system.~~

~~6. The expenses for the implementation of the storage and security requirements of this rule shall be the responsibility of the county or municipal governing authority, as applicable, unless such security features are provided by the state.~~

~~(c) Software security. The software contained in each DRE unit, regardless of whether the unit is owned by the county or the state, and the software used to program the unit and to tabulate and consolidate election results shall not be modified, upgraded, or changed in any way without the specific approval of the Secretary of State. No other software shall be loaded onto or maintained or used on computers on which the GEMS software is located except as specifically authorized by the Secretary of State.~~

~~(d) Maintenance of DRE units. After the end of the initial warranty period for state owned DRE units and computers for use in programming the DRE units and tabulating and~~

AMERICAN OVERSIGHT

consolidating the vote totals, the county shall be responsible for the maintenance and upkeep of such devices, including the repair and/or replacement of any devices which are destroyed, damaged, or otherwise rendered incapable of use in elections.

(e) Access to GEMS servers.

1. The room in which the GEMS server is located shall be locked at all times when the server is not directly under the supervision of the election superintendent or the election superintendent's designee. Lock and key access to the room where the GEMS server is located shall be limited to the county election superintendent; members of the county board of elections; the election supervisor, if any; personnel of the county election superintendent's office designated by the county election superintendent; building maintenance personnel; and emergency personnel. Building maintenance personnel shall have access to the room in which the GEMS server is located only to the extent necessary to carry out their maintenance duties. The election superintendent shall maintain on file at all times in the office of the election superintendent a complete and up to date list of all maintenance personnel with access to the room in which the GEMS server is located. Emergency personnel shall have access to the room in which the GEMS server is located only as necessary in the event of an emergency and only for the duration of such emergency condition.

2. The GEMS server shall remain locked at all times when not in use. The key or keys to the GEMS server shall remain in the possession of the election superintendent or the designee of the election superintendent at all times.

(f) Security of DRE units and accessories. All DRE units, optical scanner devices, voter access cards, supervisor cards, memory cards, DRE unit keys, voting system software, and encoders shall be stored under lock and key at all times when not in use. Lock and key access to such items shall be limited to the county election superintendent; members of the county board of elections; the election supervisor, if any; personnel of the county election superintendent's office designated by the county election superintendent; building maintenance personnel; and emergency personnel. Building maintenance personnel shall have access to the area where such items are stored only to the extent necessary to carry out their maintenance duties. The election superintendent shall maintain on file at all times in the office of the election superintendent a complete and up to date list of all maintenance personnel with access to the area in which such items are stored. Emergency personnel shall have access to the area where such items are stored only as necessary in the event of an emergency and only for the duration of such emergency condition. Whenever maintenance or emergency personnel are required to enter the storage area, the election superintendent must be notified of that entry within 24 hours and the election superintendent must maintain a log of those persons who entered the storage area.

(g) Voting system handling requirements.

1. All personnel, with the exception of the permanent employees of the Office of the Secretary of State and permanent employees of the county or municipal election superintendent, who prepare voting equipment for use in a primary, election, or runoff shall complete an oath of custodian before each election. One copy of the oath shall be placed on file in the office of the election superintendent and an additional copy shall be filed with the records for the election filed with the clerk of superior court or the municipal clerk, as appropriate. The oath of custodian shall be in the following form:

AMERICAN OVERSIGHT

~~STATE OF GEORGIA~~
~~COUNTY/MUNICIPALITY OF _____~~
~~OATH OF CUSTODIANS AND DEPUTY CUSTODIANS~~
~~OF DRE UNITS~~

~~I, _____, do swear (or affirm) that I will as a (deputy) custodian of the voting systems for the County/Municipality of _____, faithfully perform all of my duties in accordance with state law; that I will prepare in accordance with all applicable rules and regulations governing the use of the voting system all DRE units to be used in primaries, elections, and runoffs in this county/municipality; that I will use my best endeavors to prevent any fraud, deceit, or abuse in carrying out my duties while preparing the DRE units for use in primaries, elections, and runoffs; and that I am not disqualified by law to hold the position of (deputy) custodian.~~

~~_____~~
~~(Deputy) Custodian~~
~~Administered by, sworn to,~~
~~and subscribed before me,~~
~~this _____ day of _____, 200__.~~

~~_____~~
~~Superintendent~~

~~(Required by O.C.G.A. Section 21-2-379.6(b))~~

~~2. All DRE units and accessories that are removed from storage for educational or training purposes must be signed in and out on an equipment log maintained by the election superintendent. The log shall contain, at a minimum, a description of the item being checked out, including any serial number or identifying number; the date and time when the item is checked out; the name of the person checking out the item; and the date and time when the item is returned to storage. The items checked out of storage shall remain in the custody and control of the person checking out the items at all times and the person checking out the items shall personally return such items. Each person who utilizes equipment for educational or training purposes must be adequately trained in the use of the equipment prior to the release of the equipment into such person's custody.~~

~~3. The GEMS server shall not be moved or relocated for educational or training purposes. Should it become necessary to relocate the GEMS server or any of its components from one facility to another, the election superintendent shall notify the Secretary of State in writing of the reason for the relocation and the proposed new location. Under no circumstances shall the GEMS server or any of its components be relocated unless and until written authorization for the relocation is received from the Secretary of State except in the event of an emergency situation beyond the control of the election superintendent.~~

~~4. The poll manager shall sign a receipt for all supervisor cards, encoders, voter access cards, memory cards, and DRE unit keys assigned to such poll manager's precinct. Upon returning election supplies to the election superintendent's office following the close of the polls, the poll manager shall account for all such items and shall certify that all such items have been returned or shall describe any missing items and explain why such items have not been returned. The Secretary of State shall prepare and provide a chain of custody sheet for this purpose.~~

AMERICAN OVERSIGHT

5. All supervisor cards, encoders, voter access cards, memory cards, DRE unit keys, and other equipment assigned to designated county election technicians shall be accounted for on the night of a primary, election, or runoff and shall be returned to storage. Each technician shall sign a receipt for all such items issued to such technician and, upon returning such items to the election superintendent's office following the close of the polls, the technician shall account for all such items and shall certify that all such items have been returned or shall describe any missing items and explain why such items have not been returned. The Secretary of State shall prepare and provide a chain of custody sheet for this purpose.

6. The election superintendent shall notify the Secretary of State of any instances of unaccounted for DRE units, optical scanner devices, voter access cards, supervisor cards, memory cards, DRE unit keys, voting system software, and encoders at the completion of certification by delivering such notification to the Secretary of State when the certified election results are delivered to the Secretary of State.

(3) Preparation for Elections.

(a) Ballots.

1. The election superintendent shall cause the memory cards (PCMCIA cards) to be used in each precinct to be prepared in accordance with law and applicable rules and regulations.

2. Each memory card (PCMCIA card) shall be appropriately labeled with the name of the precinct for which it is programmed for use. The election superintendent shall ensure that each memory card (PCMCIA card) shall be programmed and tested to ensure that the proper ballot style or styles for the precinct for which it is programmed are included on the card and no other ballot styles.

3. Each ballot and ballot style shall be proofread by the election superintendent or a person or persons under the direction of the superintendent to ensure that the ballot contains the proper offices, candidates, and questions to be submitted to the voters, that the offices and names are spelled and designated correctly, that political party or body affiliations and incumbency of candidates are correctly designated where applicable, and that the questions are presented in accordance with law and this rule and that the correct offices and questions are presented on each ballot style.

4. For each office on the ballot, the ballot shall state the name of the office; the post, position, or person presently holding the office if necessary to identify the specific office subject to election; the number of candidates for which the voter may vote for such office; the names of the candidates; the residence address of the candidates if there has been a determination that the names are sufficiently similar to so require such information under O.C.G.A. § 21-2-379.5; in partisan elections, the name of the political party or body that nominated the candidate or a designation of the candidate as an independent candidate; and the designation of the incumbency of a candidate seeking reelection to the office which the candidate then holds.

5. The offices, candidates, and questions shall be listed on the ballot in the order specified in O.C.G.A. §§ 21-2-379.4 and 21-2-379.5.

6. The ballot shall be displayed in the following fonts:

(i) The words "Official Ballot" shall be displayed in 16 point Arial Bold.

AMERICAN OVERSIGHT

(ii) All text beneath the words "Official Ballot" which designate the county or municipality conducting the election, precinct, type of election, and date of the election shall be displayed in 12 point Arial Bold.
(iii) The words "I understand that the offer or acceptance of money or any other object of value to vote for any particular candidate, list of candidates, issue, or list of issues included in this election constitutes an act of voter fraud and is a felony under Georgia law." shall be displayed in 8 point Arial Narrow Italicized.
(iv) The name of the office shall be displayed in 12 point Arial Bold.
(v) Information on the designation of the office ("To succeed _____") and the number of candidates for which an elector may vote for each office shall be displayed in 10 point Arial.
(vi) The names of candidates shall be displayed in 10 point Arial Narrow Bold in all capital letters.
(vii) Incumbency designations shall be displayed in 8 point Arial Narrow Bold.
(viii) Political party or body and independent designations shall be displayed in 9 point Arial Narrow.
(ix) The text of questions to be submitted to the electors shall be displayed in 10 point Arial Narrow Bold.
(x) The choices for voting on a question (i.e.,"YES" and "NO") shall be displayed in 10 point Arial Narrow Bold.

7. The ballot shall be displayed in the following colors:
(i) All text, designations, and names shall be displayed in black letters.
(ii) The background colors shall be as follows:
(I) The overall page shall be blue (Hue: 180, Sat: 240, Lum: 60, Red: 64, Green: 0, Blue: 128).
(II) The general election header shall be yellow (Hue: 40, Sat: 240, Lum: 120, Red: 255, Green: 255, Blue: 0).
(III) The Democratic Party Primary header shall be white (Hue: 160, Sat: 0, Lum: 240, Red: 255, Green: 255, Blue: 255).
(IV) The Republican Party Primary header shall be light blue (Hue: 120, Sat: 240, Lum: 120, Red: 0, Green: 255, Blue: 255).
(V) The nonpartisan election header shall be light green (Hue: 60, Sat: 240, Lum: 120, Red: 128, Green: 255, Blue: 0).
(VI) The box containing the contest or question to be voted upon shall be burnt orange (Hue: 20, Sat: 240, Lum: 120, Red: 255, Green: 128, Blue: 0).
(VII) The box containing the names of the candidates or the answers or responses to a referendum question for which an elector may vote shall be white (Hue: 160, Sat: 0, Lum: 240, Red: 255, Green: 255, Blue: 255).

8. In addition to the displayed ballot, the election superintendent shall cause an audio ballot to be prepared for use with the VWD devices. The superintendent shall ensure that all matters are recorded correctly and that the names of the candidates are pronounced correctly in the audio recordings. The election superintendent shall also ensure that no candidate's name; political party, political body, or independent designation; incumbency;

AMERICAN OVERSIGHT

~~or other such information nor any referendum question or answer or response thereto is emphasized, stressed, or otherwise inflected in any manner to distinguish a particular candidate, party or body, question, answer or response to a referendum question either negatively or positively or to suggest whether to vote for or against such candidates or questions in such audio recordings. The election superintendent shall also ensure that the audio recordings are presented at a rate not to exceed 130 words per minute or 2.2 words per second on average and at a volume which shall not be less than 75 decibels nor more than 85 decibels.~~

~~(b) Setup and Testing.~~

~~1. Primaries and Elections.~~

~~(i) On or before the third day preceding a primary or election, including special primaries, special elections, and referendum elections, the election superintendent shall commence the preparation and testing of the DRE units for use on Election Day. On or before the third day preceding the early voting period, the election superintendent shall commence the preparation and testing of the DRE units for use during the early voting period. At least five days prior to the commencement of such preparation and testing, the election superintendent shall publish a notice in the legal organ of the county stating the date, time, and place or places where preparation and testing of the DRE units for use in the primary or election will commence and stating that such preparation shall continue from day to day until such preparation is complete and that such preparation and testing shall be open to the public and that members of the public are entitled to be present during the preparation and testing of the DRE units. The election superintendent shall cause such preparation and testing to begin on such date and time and at such place or places. Such preparation and testing shall be open to members of the public to observe; however, such members of the public shall not in any manner interfere with the preparation and testing of the DRE units. Any person found to be interfering with the preparation and testing process may be asked to leave the testing process and may be cited for interfering with an election official while in performance of election duties. Any questions and/or complaints from the general public regarding the preparation and testing process must be directed to the election superintendent and not to the individual personnel conducting the preparation and testing process. The election superintendent may make such reasonable rules and regulations concerning the conduct of such members of the public observing such preparation and testing as the election superintendent deems necessary and appropriate; provided, however, that such rules and regulations shall not prevent members of the public from fairly observing the preparation and testing of the DRE units.~~

~~In addition to any reasonable rules and regulations that the election superintendent may create for the public to observe the preparation and testing process, the election superintendent or designee thereof, shall:~~

~~During the first day of preparation and testing, at the beginning of the day or for the first hour of public observation be available to explain the preparation and testing process and to respond to questions and provide answers regarding the purpose and the process of preparation and testing;~~

~~(b) maintain a presence at all times during the preparation and testing process if an outside source is conducting the preparation and testing process;~~

AMERICAN OVERSIGHT

(c) administer an oath of custodian prior to beginning the preparation and testing process to any county personnel (except permanent state, county, or municipal election staff) appointed by the election superintendent to conduct the preparation and testing process;
(d) establish an area reasonable in proximity for the public to observe the preparation and testing process. Such area shall provide reasonable accommodations for the public insofar as space permits, but shall not be so established as to deny the general public the opportunity to view the process; however the area should not be of such a nature so as to allow the preparation and testing process to be interfered with by the general public;
(e) allow only election office personnel or individuals assigned to conduct the preparation and testing to enter the testing area during the preparation and testing process;
(f) prohibit any preparation and testing reports created for recording the seal numbers and/or serial numbers of the DRE unit from being photocopied for public disclosure;
(g) prohibit the security seals and serial numbers of the DRE units from being photographed or copied for public disclosure;
(h) prohibit photographic and audio equipment, of any kind, including cell phone cameras from being used to record the serial numbers of the DRE units or to record the security seal numbers used to secure the DRE units, provided that this rule shall not prohibit the news media from reporting on the preparation and testing process, so long as seal numbers and serial numbers on the DRE units are not recorded or displayed in any manner;

(ii) During the public preparation and testing of the DRE units to be used in a particular primary or election, the election superintendent shall cause each DRE unit to be programmed with the memory card (PCMCIA card) for the precinct at which the DRE unit will be used. After placing the memory card (PCMCIA card) in the DRE unit, the DRE unit shall have such internal diagnostic tests performed as shall be directed by the Secretary of State or the election superintendent. Following the completion of the diagnostic tests, the DRE unit shall have an internal logic and accuracy test performed using the memory card (PCMCIA card) for the primary or election for which the unit is being prepared. If the DRE unit fails any of the diagnostic or logic and accuracy tests, the unit shall not be used in a primary or election until such unit is repaired and inspected and found capable of proper functioning and passes the diagnostic and logic and accuracy tests. Upon the successful completion of the logic and accuracy test, the DRE unit shall be cleared of any accumulated vote totals for the primary or election and a zero tape run to verify that the vote registers in the unit are set at zero. After verifying that the vote registers are set at zero, the tape shall be attached to the custodian's certification form to document the logic and accuracy testing and the unit shall be configured for voting. The unit shall then be securely closed in its case and a numbered seal placed on its case such that the case may not be opened until and unless the seal is broken.
(iii) The election superintendent or the custodian responsible for preparing the DRE units, if one has been appointed by the election superintendent in accordance with O.C.G.A. § 21-2-379.6(b), shall make a certification stating for each DRE unit the serial number of the DRE unit, the number on the system counter of the DRE unit, the number on the seal with which the DRE unit is sealed, and that the election counter and each vote register on the unit was set at zero. The case shall be appropriately labeled with the name of the precinct in which the unit is to be used and the serial number of the DRE unit. The

AMERICAN OVERSIGHT

~~custodian's certification shall be retained with the records for such primary runoff or election runoff and shall be stored with such records with the clerk of superior court or municipal clerk, as appropriate, for the same period of time as required by law for other election records.~~

~~(iv) After being prepared for voting, each DRE unit shall be safely and securely stored until such time as the unit is transported to the precinct in which such unit is to be used.~~

~~2. Primary Runoffs and Election Runoffs.~~

~~(i) On or before the third day preceding a primary runoff or election runoff, including special primary runoffs and special election runoffs, the election superintendent shall commence the preparation and testing of the DRE units for use in the primary runoff or election runoff. At least 24 hours prior to the commencement of such preparation and testing, the election superintendent shall publish a notice in the legal organ of the county stating the date, time, and place or places where preparation and testing of the DRE units for use in the runoff will commence and stating that such preparation shall continue from day to day until such preparation is complete and that such preparation and testing shall be open to the public and that members of the public are entitled to be present during the preparation and testing of the DRE units. The election superintendent shall cause such preparation and testing to begin on such date and time and at such place or places. Such preparation and testing shall be open to members of the public to observe; however, such members of the public shall not in any manner interfere with the preparation and testing of the DRE units. Any person found to be interfering with the preparation and testing process may be asked to leave the preparation and testing process and may be cited for interfering with an election official while in performance of election duties. Any questions and/or complaints from the general public regarding the preparation and testing process must be directed to the election superintendent and not to the individual personnel conducting the preparation and testing process. The election superintendent may make such reasonable rules and regulations concerning the conduct of such members of the public observing such preparation and testing as the election superintendent deems necessary and appropriate; provided, however, that such rules and regulations shall not prevent members of the public from fairly observing the preparation and testing of the DRE units.~~

~~In addition to any reasonable rules and regulations that the election superintendent may create for the public to observe the preparation and testing process, the election superintendent or designee thereof, shall:~~

~~During the first day of preparation and testing, at the beginning of the day or for the first hour of public observation be available to explain the preparation and testing process and to respond to questions and provide answers regarding the purpose and the process of preparation and testing;~~

~~(b) maintain a presence at all times during the preparation and testing process if an outside source is conducting the preparation and testing process;~~

~~(c) administer an oath of custodian prior to beginning the preparation and testing process to any county personnel (except permanent state, county, or municipal election staff) appointed by the election superintendent to conduct the preparation and testing process;~~

~~(d) establish an area reasonable in proximity for the public to observe the preparation and testing process. Such area shall provide reasonable accommodations for the public~~

AMERICAN OVERSIGHT

insofar as space permits, but shall not be so established as to deny the general public the opportunity to view the process; however the area should not be of such a nature so as to allow the preparation and testing process to be interfered with by the general public;

(e) allow only election office personnel or individuals assigned to conduct the preparation and testing to enter the preparation and testing area during the preparation and testing process;

(f) prohibit any preparation and testing reports created for recording the seal numbers and/or serial numbers of the DRE units from being photocopied for public disclosure;

(g) prohibit the security seals and serial numbers from being photographed or copied for public disclosure;

(h) prohibit photographic and audio equipment, of any kind, including cell phone cameras from being used to record the serial numbers of the DRE units or to record the security seal numbers used to secure the DRE units, provided that this rule shall not prohibit the news media from reporting on the preparation and testing process, so long as seal numbers and serial numbers on the voting units are not recorded or displayed in any manner;

(ii) During the public preparation and testing of the DRE units to be used in a particular primary runoff or election runoff, the election superintendent shall cause each DRE unit to be programmed with the memory card (PCMCIA card) for the precinct at which the DRE unit will be used. After placing the memory card (PCMCIA card) in the DRE unit, the DRE unit shall have such internal diagnostic tests performed as shall be directed by the Secretary of State and the election superintendent. Following the completion of the diagnostic tests, the superintendent shall cause a number of random DRE units as provided by law to undergo an internal logic and accuracy test using the memory card (PCMCIA card) for the primary runoff or election runoff for which the unit is being prepared. If a DRE unit fails any of the diagnostic or logic and accuracy tests, the unit shall not be used in any primary, election, or runoff until such unit is repaired and inspected and found capable of proper functioning and passes the diagnostic and logic and accuracy tests. Upon the successful completion of the logic and accuracy test, the DRE unit shall be cleared of any accumulated test vote totals for the primary runoff or election runoff and a zero tape run to verify that the vote registers in the unit are set at zero. After verifying that the vote registers are set at zero, the tape shall be attached to the custodian's certification form to document the logic and accuracy testing and the unit shall be configured for voting. The unit shall then be securely closed in its case and a numbered seal placed on its case such that the case may not be opened until and unless the seal is broken. The custodian's certification shall be retained with the records for such primary runoff or election runoff and shall be stored with such records with the clerk of superior court or municipal clerk, as appropriate, for the same period of time as required by law for other election records.

(iii) All memory cards to be used in the runoff shall be tested.

(iv) The election superintendent or the custodian responsible for preparing the DRE units, if one has been appointed by the election superintendent in accordance with O.C.G.A. § 21-2-379.6(b), shall make a certification stating for each DRE unit the serial number of the DRE unit, the number on the system counter of the DRE unit, the number on the seal with which the DRE unit is sealed, and that the election counter and each vote register on the unit was set at zero. The case shall be appropriately labeled with the name of the precinct in which the unit is to be used and the serial number of the DRE unit.

AMERICAN OVERSIGHT

~~(v) After being prepared for voting, each sealed DRE unit shall be safely and securely stored until such time as the unit is transported to the precinct in which such unit is to be used.~~

~~(c) Transport to Polls.~~

~~1. The election superintendent shall take all necessary measures to ensure that the DRE units are safely and securely transported to the polling places.~~

~~2. The election superintendent shall cause the DRE units for each precinct to be delivered to the polling place for the precinct at least one hour before the time for the opening of the polls.~~

~~3. If the DRE units are stored at a polling place after being configured for voting and sealed, the election superintendent shall ensure that the units are stored in a secure area with appropriate climate control.~~

~~4. The election superintendent shall deliver the supervisor's card, a sufficient quantity of voter access cards, and the key to the DRE units to the chief manager not later than one hour before the time set for the opening of the polls and shall obtain a receipt for the cards and key. The supervisor's card shall be sealed in an envelope and shall not be opened until the polls are closed unless all of the ballot encoding devices at the precinct fail and it is necessary to use the supervisor's card to configure a DRE unit to encode the voter access cards at the precinct. In such cases, the use of the supervisor's card before the close of the polls shall be documented in the records for the election at that precinct. In addition, the superintendent shall deliver on the appropriate form a listing containing the serial number of each DRE unit, and the number of the seal placed on each such unit.~~

~~(d) Before the Opening of the Polls.~~

~~1. The poll officers shall set up the DRE units for voting prior to the opening of the polls. The set up shall be performed in public and the public may view the set up subject to such reasonable rules and regulations as the election superintendent may deem appropriate to protect the security of the DRE units and to prevent interference with the duties of the poll officers.~~

~~2. The poll officers shall verify that the seal for each unit is intact and that there is no evidence or indication of any tampering with the seal or the unit. The poll officers shall verify that the number of the seal matches the number of the seal recorded for that unit when such unit was prepared by the election superintendent for the primary, election, or runoff. If a seal number does not match or if there is any evidence or indication of tampering with the seal or unit, the election superintendent shall be immediately notified and such unit shall not be used until such matters are resolved by agreement of the election superintendent and the poll manager.~~

~~3. Each DRE unit shall be set up and its power turned on and the privacy screens for the unit erected and its screen lifted into place.~~

~~4. The poll manager shall run a zero tape on each DRE unit prior to the opening of the polls. The poll manager, along with the other assistant managers, shall, without removing the tape from the unit, verify that all vote registers shown on the zero tape are set to zero and that there are no votes showing on the unit and shall sign the tape in the space provided. If the zero tape does not show that all vote registers are set to zero and that there are votes on the unit, the election superintendent shall be immediately notified and such unit shall~~

AMERICAN OVERSIGHT

not be used until the unit is cleared and the matter is resolved by agreement of the election superintendent and the poll manager.

5. After verifying and signing the zero tape, the poll manager shall securely lock the tape compartment leaving the zero tape in place on the unit and shall configure the unit for voting. The poll manager shall verify that the election counter on each DRE unit is set at zero. If the election counter is not set to zero, the election superintendent shall be immediately notified and such unit shall not be used until the election counter is set to zero and the matter is resolved by agreement of the election superintendent and the poll manager.

6. The poll officers shall verify that there is no unauthorized matter affixed to the DRE units or present in the cases or voting booths.

7. The poll officers shall affix a card of instructions for voting within each voting booth and shall place at least two printed sample ballots and at least two voting instructions posters approved or provided by the Secretary of State outside the enclosed space at the polling place for the information of the voters. Prior to voters entering the enclosed space, the poll officers may also distribute to such voters a card of instructions for voting on the DRE unit that has been approved or provided by the Secretary of State.

(4) Conducting Elections.

(a) As each voter presents himself or herself at the polling place for the purpose of voting during the time during which the polls are open for voting, each voter shall be offered instruction by a poll officer in the method of voting on the DRE units. In providing such instruction, the poll officers shall not in any manner request, suggest, or seek to persuade or induce any voter to vote any particular ticket or for any particular candidate or for or against any particular question.

(b) When a person presents himself or herself at the polling place for the purpose of voting during the time during which the polls are open for voting, the person shall complete a voter's certificate and submit it to the poll officers. The poll officers shall then verify the identity of the person and that the person is a registered voter of the precinct and, if so, shall approve the voter's certificate and enter an appropriate designation on the electors list for the precinct reflecting that the voter has voted in the primary, election, or runoff being conducted. The voter's name shall then be entered on the appropriate numbered list of voters. The poll manager or the poll officer who has been designated by the poll manager to issue voter access cards shall then use the ballot encoder device to encode and issue the voter an appropriate voter access card authorizing the voter to vote the correct ballot style in the DRE units at the polling place. Upon a DRE unit being available, the voter shall then enter the enclosed space in the polling place and insert the voter access card into an available DRE unit and proceed to vote his or her choices. Upon completion of voting, the voter shall press the "cast ballot" button, remove the voter access card from the DRE unit, and return the card to a poll officer.

Then the voter shall exit the enclosed area of the polling place.

(c) At least once each hour during the time while the polls are open, the poll officers shall examine the face of each DRE unit and each voting booth to verify and ensure that no unauthorized matter has been affixed to the unit or placed in the voting booth and that the unit has not been tampered with in any manner.

AMERICAN OVERSIGHT

(d) The polling place shall be so arranged in such a manner as to ensure the privacy of the elector while voting on a DRE unit, to allow monitoring of each DRE unit by the poll officers while the polls are open, and to permit the public to observe the voting without affecting the privacy of the electors as they vote. In addition, at least one DRE unit shall be configured for voting by physically disabled voters in wheelchairs and provisions shall be made to ensure the privacy of such electors while voting.

(e) It shall be permissible under O.C.G.A. § 21-2-410 and shall not constitute assistance in voting under O.C.G.A. § 21-2-409 for poll officers to assist a voter in inserting the voter card in the DRE unit and in explaining the operation of the unit to the voter; provided that the poll officer withdraws from the voting booth prior to the voter pressing the "start" button or beginning voting. The poll officers shall not in any manner request, suggest, or seek to persuade or induce any voter to vote any particular ticket or for any particular candidate or for or against any particular question.

(f) Voters utilizing a VWD device to vote on the DRE units without the assistance of any other individual shall not be considered as receiving assistance in voting and shall not be required to complete the forms required for receiving assistance in voting pursuant to O.C.G.A. § 21-2-409.

(g) The poll officers shall ensure that voters return the voter access cards to the poll officials prior to leaving the enclosed space in the polling place. The poll officers shall arrange and configure the polling place and provide staffing at such places at the polling place to ensure that a voter will not leave the polling place with a voter access card.

(h) If a voter leaves a DRE unit prior to completing the process of voting and exits the polling place and does not return to the unit to complete the voting process, the poll officers shall cancel or void the vote on the DRE unit without attempting in any manner to see how the voter voted and shall make a notation of the incident in the election records for the precinct.

(i) A voter may request information from the poll officers concerning how to vote on the DRE unit at any time during the voting process; provided, however, that the poll officers shall not observe or view the voter's ballot on the DRE unit or make any attempt to see how the voter has voted. However, once the voter casts his or her ballot, even if the ballot is blank with no votes cast, such voter shall be deemed to have voted and may not thereafter vote again in the same primary, election, or runoff on that election day.

(j) If a voter discovers that the ballot presented on the DRE unit is not correct or is not the ballot that the voter desired to vote, the voter shall immediately notify a poll officer. The poll officer shall cancel or void the ballot on the DRE unit without attempting in any manner to see how the voter has voted and shall then take the necessary steps to provide the voter with the correct ballot by encoding and issuing a new voter access card to the voter and making any necessary corrections to the voter's certificate of the voter, the electors list, and the numbered list of voters. If the voter presses the "cast ballot" button prior to notifying the poll officials of the error in the ballot, the voter shall be deemed to have voted and shall not be permitted to cast another ballot in the same primary, election, or runoff on that election day.

(k) If a DRE unit malfunctions during the day of a primary, election, or runoff, the poll manager shall immediately notify the election superintendent and shall not allow any voter to use the unit until and unless the malfunction is corrected. The election superintendent shall immediately arrange for the repair of the DRE unit or shall provide a replacement

AMERICAN OVERSIGHT

DRE unit as soon as practicable to replace the malfunctioning unit. A replacement DRE unit shall not be used as a replacement unit unless it has been appropriately tested prior to its use.

(5) Tabulating Results.

(a) After the Polls Close.

1. Immediately after the polls close and the last voter has voted, the poll manager shall open the envelope containing the supervisor's card and use the supervisor's card to close each of the DRE units in the precinct against further voting.

2. The poll officers shall then compare the total number of persons voting as shown by the number of voters certificates, the number of persons marked on the electors list, the number of voters on the numbered list of voters, and the number of persons shown as voting on the election counters of the DRE units. If these numbers do not equal one another, the poll officers shall determine the reason for the inconsistency; correct the inconsistency, if possible; and fully document the inconsistency or problem along with any corrective measures taken before going further.

3. After completing the comparison of the total number of persons voting as shown by the electors list, the voter's certificates, the numbered list of voters, and the election counters of the DRE units, the poll manager shall cause each DRE unit to print a minimum of two tapes showing the vote totals as cast on that DRE unit. The poll manager and at least one assistant manager shall also compare the number of ballots voted as shown on the tape with the number of ballots voted as shown on the election counter of the DRE unit. If these numbers are not identical, the poll manager shall document the discrepancy. The poll manager and the assistant managers shall sign each of the tapes or shall write on the tapes the reason why the poll manager or the assistant managers will not sign the tapes.

4. If directed by the election superintendent, the poll manager shall designate one of the DRE units as the accumulator unit to accumulate the votes for the precinct. After printing all of the tapes for the individual DRE units, the poll manager shall accumulate the totals for the accumulator DRE unit and remove the memory card (PCMCIA card) from the accumulator DRE unit. The poll manager shall then collect and retain the two signed tapes (one of which shall include the zero tape) with the memory card (PCMCIA card) from each DRE unit and shall place the memory card (PCMCIA card) in the appropriate envelope provided by the election superintendent. The poll manager shall then begin removing the memory cards (PCMCIA cards) from the remaining DRE units one by one and inserting the memory cards (PCMCIA cards) into the accumulator DRE unit and accumulating the vote totals from the other DRE units into the accumulator DRE unit. Upon the vote totals for each memory card (PCMCIA card) being entered into the accumulator DRE unit, the memory card (PCMCIA card) shall be removed from the accumulator DRE unit and two signed tapes (one of which shall contain the zero tape) shall be collected and retained with the card. Each memory card (PCMCIA card) shall then be placed into the appropriate envelope provided by the election superintendent. After the results from the last memory card (PCMCIA card) are entered into the accumulator DRE unit and the last memory card (PCMCIA card) has been placed in the envelope, the envelope containing the memory cards (PCMCIA cards) and tapes shall be sealed and secured by the poll manager and at least one assistant manager in an envelope container provided by the election superintendent which shall be sealed and initialed by the poll

AMERICAN OVERSIGHT

manager and the two assistant managers such that the envelope cannot be opened without breaking such seal.

5. After all of the results have been entered into the accumulator DRE unit, the poll manager shall cause a minimum of three tapes to be printed out by the DRE unit showing the total votes cast for the precinct. The poll manager and the assistant managers shall sign each of the tapes or shall write on the tapes the reason why the poll manager or the assistant managers will not sign the tapes. One tape shall be posted on the door of the polling place for the information of the public along with a copy of the provisional ballot recap sheet for the precinct. The other tapes shall be placed into the envelope provided by the election superintendent for that purpose and sealed and initialed by the poll manager and at least one assistant manager.

6. If the election superintendent does not direct that the results of the precinct be accumulated, then the poll manager shall cause each DRE unit to print an additional results tape which shall be verified and signed in the same manner as provided in paragraph 3 of this subparagraph. Such additional results tape for each DRE unit shall be posted on the door of the polling place for the information of the public along with a copy of the provisional ballot recap sheet for the precinct. The memory card (PCMCIA card) and two signed tapes from each DRE unit shall be placed in the appropriate envelope supplied by the election superintendent which shall be sealed and initialed by the poll manager and at least one assistant manager such that the envelope cannot be opened without breaking such seal.

7. After completing the printing of the results, the DRE units shall be turned off and secured in their cases and resealed. The number of each seal shall be entered on the appropriate form along with the serial number of the DRE unit case in which it is inserted. The DRE units shall then be placed in a secure area with appropriate climate control.

8. The memory cards (PCMCIA cards), results tapes, voter access cards, supervisor's card, ballot encoder devices, electors lists, numbered lists of voters, voter certificates, recap sheets, and other such paperwork shall be transported to the office of the election superintendent by the poll manager and at least one other poll officer. The election superintendent or his or her designee shall receive the materials and shall issue a receipt to the poll manager for the materials.

(b) Electronic Transmission of Precinct Results to Central Office.

1. After accumulating all of the vote totals for the precinct, if directed to do so by the election superintendent, the poll manager shall connect the accumulator DRE unit to an analog telephone line and electronically transmit the accumulated vote totals for the precinct to the central office. The DRE unit shall not be connected to a telephone line during the time while the polls are open.

2. Vote totals reported electronically from the precinct to the central office shall be unofficial and shall not be used in preparing the official returns for the primary, election, or runoff.

(c) Consolidation of Results.

1. All persons involved with the tabulation and consolidation of the election results and who will operate the computer programs or handle the memory cards (PCMCIA cards) shall be sworn before entering into their duties.

AMERICAN OVERSIGHT

2. No persons except those persons who are employed by the election superintendent and who have been duly sworn shall perform any duties in connection with the tabulation or consolidation of election results. No persons who are not employed by the election superintendent and have been duly sworn shall touch or be in contact with any container, returns, tapes, device, memory card (PCMCIA card), or any other such election materials. Only persons who are employed by the election superintendent and have been duly sworn shall be in the immediate area of the tabulating center designated by the superintendent for the officers to conduct the tabulation and consolidation of the election results.

3. The tabulation and consolidation shall be performed in public. However, the election superintendent may make reasonable rules and regulations for conduct at the tabulating center to ensure the security of the results and the returns and to avoid interference with the tabulating center personnel.

4. Upon the delivery of the memory cards (PCMCIA cards) from each precinct, the election superintendent or his or her designee shall provide a receipt to the poll manager for the memory cards (PCMCIA cards) and precinct election materials.

5. Upon receiving the memory cards (PCMCIA cards), the election superintendent shall verify the signatures on the sealed envelopes and verify that the seals are intact, that the envelopes have not been opened, and that there is no evidence of tampering with the envelopes or their contents.

6. In the case of elections for county, state, and federal office, after verifying that the envelopes are properly sealed and have not been opened or tampered with, the election superintendent shall break the seal and open each envelope and remove the memory card (PCMCIA card) and results tapes. The election superintendent or his or her designee shall then insert the memory card (PCMCIA card) into the election management system computer and transfer the vote totals from the memory card (PCMCIA card) into the election management system for official tabulation and consolidation.

7. After transferring all of the vote totals from the memory cards (PCMCIA cards) to the election management system and consolidating such totals with the totals from the absentee ballot system and such votes from any provisional ballots which have been found by the registrars to be authorized pursuant to O.C.G.A. § 21-2-419, the election superintendent shall prepare the official consolidated returns for the primary, election, or runoff.

8. The election superintendent shall not list and certify in the official consolidated returns for an election any results for write-in candidates who were not properly qualified under O.C.G.A. § 21-2-133.

9. In the case of primaries, elections, and runoffs for county, state, and federal office, the county election superintendent shall transmit to the Secretary of State the election returns by precinct for the county in electronic format or by electronic means, as may be specified by the Secretary of State, within seven days following a primary, election, or runoff.

(d) Electronic Transmission of Precinct Results to Central Office. The election superintendent shall transmit to the Secretary of State unofficial election results for all races for state offices in any primary, election, or runoff as soon as possible after the closing of the polls for such primary, election, or runoff. Such results shall be transmitted in a format prescribed by the Secretary of State. At a minimum, the results shall be transmitted upon

AMERICAN OVERSIGHT

~~one third of the precincts reporting results, upon two thirds of the precincts reporting results, and upon all precincts reporting results, including absentee ballots within all precincts. Except upon notice to and consultation with the Secretary of State, no election superintendent shall conclude the tabulation of votes on election night in any primary, election, or runoff in which there are contested races for federal and state offices until and unless all such unofficial results, including absentee ballots, have been transmitted to the Secretary of State.~~

~~(6) Storage of Returns.~~

~~(a) After tabulating and consolidating the results, the election superintendent shall prepare a CD-ROM which shall contain a copy of the information contained on each memory card (PCMCIA card) which shall include all ballot images as well as vote totals and a copy of the consolidated returns from the election management system.~~

~~(b) The CD-ROM shall be placed in a sealed envelope and shall become a part of the election materials which shall be deposited with the clerk of superior court or the municipal clerk, as appropriate, in accordance with O.C.G.A. § 21-2-500. In addition, the signed results tape from each DRE unit containing the signed zero tape shall also be deposited with the clerk of superior court.~~

~~(c) The memory cards (PCMCIA cards) shall be sealed in an appropriate container and securely maintained by the election superintendent until the period for requesting a recount of the primary, election, or run off results has expired. The election superintendent and at least one other sworn individual in the tabulating center shall seal the container and sign the seal such that the container cannot be opened without destroying or damaging the seal. Upon the expiration of the period for requesting a recount, the election superintendent may use the memory cards (PCMCIA cards) for programming DRE units for the next primary, election, or runoff.~~

~~(d) The election results, ballot styles, ballot images, and other information for each election stored in the internal memory storage of each DRE unit shall be maintained for a minimum of one month following each election after which time the results may be erased provided that there are no election contests pending concerning such election.~~

~~(7) Recounts and Recanvass.~~

~~(a) The election superintendent shall, either of his or her own motion, or upon petition of any candidate or political party or three electors of the county or municipality, as may be the case, order a recanvass of all the memory cards (PCMCIA cards) for a particular precinct or precincts for one or more offices in which it shall appear that a discrepancy or error, although not apparent on the face of the returns, has been made. Such recanvass may be held at any time prior to the certification of the consolidated returns by the election superintendent and shall be conducted under the direction of the election superintendent. Before making such recanvass, the election superintendent shall give notice in writing to each candidate and to the county chairperson of each party or body affected by the recanvass. Each such candidate may be present in person or by representative and each such political party or body may send two representatives to be present at such recanvass. If upon such recanvass, it shall appear that the original vote count was incorrect, such returns and all papers being prepared by the election superintendent shall be corrected accordingly.~~

AMERICAN OVERSIGHT

~~(b) The election superintendent shall conduct the recanvass by breaking the seal, if the ballots cards have been sealed, on the container containing the memory cards (PCMCIA cards) and removing those memory cards (PCMCIA cards) for the precinct or precincts for which the recanvass is being conducted. The election superintendent shall then cause the vote totals on each of the memory cards (PCMCIA cards) to be transferred to either an accumulator DRE unit or to the election management system computer. After all of the vote totals from the memory cards (PCMCIA cards) for the precinct or precincts for which the recanvas is being conducted have been entered, the election superintendent shall cause a printout to be made of the results and shall compare the results to the results previously obtained. If an error is found, the election superintendent shall correct the error in the returns accordingly.~~
~~(c) Recounts pursuant to O.C.G.A. § 21-2-495(c) shall be conducted in the same manner as other recounts under these rules.~~

~~(8) Maintenance of Equipment.~~
~~(a) Each county shall be responsible for maintaining the DRE units, computers, and software provided to such county by the Secretary of State or purchased by such county and shall either purchase a maintenance agreement for such equipment and software or shall self-insure such equipment and software.~~
~~(b) In the event of any malfunction or problem with DRE units, the county election superintendent shall document the problem and its resolution and shall provide such information to the Secretary of State. The documentation shall include a detailed description of the malfunction or problem, the steps taken to correct the malfunction or problem, and the cause of such malfunction or problem if a cause can be determined.~~

~~(9) Use of Equipment by Municipalities. The county election superintendent is authorized to permit any municipality within the county to conduct its election with the DRE equipment through a written intergovernmental agreement between the county and the municipality; provided that the municipality agrees to maintain and operate the equipment in accordance with law, these rules and regulations, and the manufacturer's guidelines and specifications and provided further that the municipality trains all of its election personnel and poll workers in the proper operation and conduct of elections utilizing such equipment through a training program conducted by or approved by the Secretary of State.~~
~~(10) Sample Ballots. DRE units that are used for demonstration and education purposes shall not utilize or be programmed with the official ballot to be used in the primary or election for demonstrational or educational purposes. The units shall utilize or be programmed with a ballot containing the names of fictitious or historical persons whose names do not appear on the official ballot for such primary or election.~~

**Rule 183-1-12-.03 <u>Acceptance Testing</u> ~~Tabulating Center Personnel, Trained and Certified~~**

~~All tabulating center personnel must be trained in their respective duties and certified as required by O.C.G.A. Section 21-2-99 for poll officers. All programmers, operators, and~~

AMERICAN OVERSIGHT

~~data center personnel shall be sworn as provided in O.C.G.A. Sections 21-2-94 and 21-2-95 for poll officers.~~

(1) Acceptance tests. Upon the receipt of new, repaired, or upgraded components of the voting system, including electronic ballot markers (which consists of both a touchscreen and a printer), ballot scanners, electronic poll books, and election management systems, the election superintendent of the county is responsible to check that an acceptance test has been performed on the device in accordance with standards issued by the Secretary of State. No component of the voting system shall be placed into service until such time as the unit satisfactorily passes the prescribed acceptance tests.

Authority: O.C.G.A. § 21-2-31

**Rule 183-1-12-.04 Storage, Maintenance, and Transport of Statewide Voting System Components.** ~~**Certification of Program Instructions**~~

~~During the official computer certification, all program test decks, program instructions, and print out sheets become property of the superintendent. All program instructions must be certified by the programmers who programmed them, and such instructions shall be kept with the test decks and filed with the Clerk of the Superior Court following consolidation and certification of the election returns.~~

1. The election superintendent of the county shall maintain all components of the voting system (including electronic ballot markers, ballot scanners, electronic poll books, and election management systems) in accordance with the requirements of this rule, the directives of the Secretary of State, and the specifications and requirements of the manufacturer.

2. All electronic components of the voting system shall be stored in a climate controlled space in which the temperature and humidity levels are maintained at acceptable levels year-round which shall not be lower than O degrees Celsius (32 degrees Fahrenheit) nor higher than 40 degrees Celsius (104 degrees Fahrenheit) and not lower than 20 percent relative humidity and not higher than 85 percent relative humidity such that no condensation forms on such components. The components shall not be stored in an area in which liquids or fluids stand, pool, or accumulate at any time or in areas that are subject to such standing, pooling, or accumulating liquids or fluids. The space in which the components are stored shall be secured and shall be accessible only to persons authorized by the election superintendent to have access to such components or such space. The components shall be stored in their packaging boxes or carrying cases with foam inserts and shall not be stacked more than four units high. The back-up battery for the ballot scanner shall be charged at least every 9 months.

3. The storage areas for the voting system components at the county election office or other designated county facility shall be equipped with one or more of the following forms of electronic surveillance and protection: keypads or electronic locks, motion

AMERICAN OVERSIGHT

detectors, video surveillance, or a security system that is connected to an outside monitoring source, such as the police department or fire department.

4. The election Superintendent shall maintain numbered seals on all electronic ballot markers and ballot scanners in storage and all seal numbers shall be recorded and on file in the office of the election superintendent.

5. All components of the voting system shall be securely transported to polling places. Electronic ballot markers (including printers) and ballot scanners shall be transported in secure boxes or carrying cases that provide vibration and impact protection.

6. Upon delivery to a polling place in preparation for a primary, election, or runoff, all components of the voting system shall be secured and protected from unauthorized access. Upon delivery, the components shall either be stored in a locked, secure room at the polling place; in a locked, secure container that is reasonably affixed to the polling place; be under visual surveillance of an election official or their designee, law enforcement official, or licensed security guard; or, if the previously listed options are not feasible, in another manner, that in the reasonable judgement of the superintendent, secures and protects the voting system components from unauthorized access. Any electronic visual surveillance used for security when voting is not taking place shall not record, capture, or otherwise compromise the privacy of an elector's ballot.

7. The expenses for the implementation of the storage and security requirements of this rule shall be the responsibility of the county or municipal governing authority, as applicable, unless such security features are provided by the State.

8. Maintenance of Voting System Components. After the end of the initial warranty period for state owned voting system components, the county shall be responsible for maintaining an appropriate warranty or otherwise be responsible for maintenance and upkeep of such devices, including the repair and/or replacement of any devices which are destroyed, damaged, or otherwise rendered incapable of use in elections.

Authority: O.C.G.A. § 21-2-31

**Rule 183-1-12-.05 Security of Voting System Components at County Elections Office or Designated County Storage Area**

1. Software security. The software contained in electronic ballot markers, ballot scanners, election managements systems, and electronic poll books, regardless of whether the unit is owned by the county or the State, shall not be modified, upgraded, or changed in any way without the specific prior approval of the Secretary of State.

AMERICAN OVERSIGHT

2. Electronic ballot markers, ballot scanners, and election management systems shall not be connected to the internet and no other software shall be loaded onto or maintained or used on computers on which the election management system software is located except as specifically authorized by the Secretary of State.

3. The room in which the election management system is located shall be locked at all times when the system is not directly under the supervision of the election superintendent or his or her designee. Lock and key access to the room where the election management system is located shall be limited to the county election superintendent; the election supervisor, if any; personnel of the county election superintendent's office designated by the county election superintendent; building maintenance personnel; and emergency personnel. Building maintenance personnel shall have access to the room in which the election management system is located only to the extent necessary to carry out their maintenance duties. The election superintendent shall maintain on file at all times in the office of the election superintendent a complete and up to date list of all maintenance personnel with access to the room in which the election management system is located. Emergency personnel shall have access to the room in which the election management system is located only as necessary in the event of an emergency and only for the duration of such emergency condition.

4. The election management system shall remain password-locked at all times when not muse.

5. While in storage at the county elections office or designated county facility, all components of the voting system (including electronic ballot markers, ballot scanners, electronic poll books, ballot boxes, and election management systems) shall be stored under lock and key at all times when not in use. Lock and key access to such items shall be limited to the county election superintendent; members of the county board of elections; the election supervisor, if any; personnel of the county election superintendent's office designated by the county election superintendent; building maintenance personnel; and emergency personnel. Building maintenance personnel shall have access to the area where such items are stored only to the extent necessary to carry out their maintenance duties. The election superintendent shall maintain on file at all times in the office of the election superintendent a complete and up to date list of all maintenance personnel with access to the area in which such items are stored. Emergency personnel shall have access to the area where such items are stored only as necessary in the event of an emergency and only for the duration of such emergency condition. Whenever maintenance or emergency personnel are required to enter the storage area, the election superintendent must be notified of that entry as soon as possible and the election superintendent must maintain a log of those persons who entered the storage area.

Authority: O.C.G.A. § 21-2-31

**Rule 183-1-12-.06 Handling of Voting System. ~~Provisional Ballots~~**

AMERICAN OVERSIGHT

1. All personnel, with the exception of the permanent employees of the Office of the Secretary of State and permanent employees of the county or municipal election superintendent, who prepare voting equipment for use in a primary, election, or runoff shall complete an oath of custodian before each election. One copy of the oath shall be placed on file in the office of the election superintendent and an additional copy shall be filed with the records for the election filed with the clerk of superior court or the municipal clerk, as appropriate. The oath of custodian shall be in the following form:

STATE OF GEORGIA

COUNTY/MUNICIPALITY OF _____

OATH OF CUSTODIANS AND DEPUTY CUSTODIANS OF GEORGIA VOTING SYSTEM

I, _____, do swear (or affirm) that I will as a (deputy) custodian of the voting systems for the County/Municipality of _____, faithfully perform all of my duties in accordance with state law; that I will prepare in accordance with all applicable rules and regulations governing the use of the voting system all components to be used in primaries, elections, and runoffs in this county/municipality; that I will use my best endeavors to prevent any fraud, deceit, or abuse in carrying out my duties while preparing the voting system for use in primaries, elections, and runoffs; and that I am not disqualified by law to hold the position of (deputy) custodian.

_____

(Deputy) Custodian

Administered by, sworn to,

and subscribed before me,

this _____ day of _____, 200_

Superintendent

(Required by O.C.G.A. Section 21-2-379.6(b))

2. Any electronic ballot markers, ballot scanners, electronic poll books, ballot boxes and accessories that are removed from storage for educational or training purposes must be signed in and out on an equipment log maintained by the election superintendent. The log shall contain, at a minimum, a description of the item being checked out, including any serial number or identifying number; the date and time

AMERICAN OVERSIGHT

when the item is checked out; the name of the person checking out the item; and the date and time when the item is returned to storage. The items checked out of storage shall remain in the custody and control of the person checking out the items at all times and the person checking out the items shall personally return such items. Each person who utilizes equipment for educational or training purposes must be adequately trained in the use of the equipment prior to the release of the equipment into such person's custody.

3. The election management system computers shall not be moved or relocated for any purposes. Should it become necessary to relocate an election management system computer or any of its components from one facility to another, the election superintendent shall notify the Secretary of State in advance in writing of the reason for the relocation and the proposed new location. The election management system shall not be relocated unless and until written authorization for the relocation is received from the Secretary of State except in the event of an emergency situation beyond the control of the election superintendent. If an emergency arises causing the election management system to be moved, the election superintendent is responsible to notify the Secretary of State as soon as possible of the move.

4. The poll manager shall sign a receipt for components of the voting system assigned to such poll manager's precinct. Upon returning election supplies to the election superintendent's office following the close of the polls, the poll manager shall account for all such items and shall certify that all such items have been returned or shall describe any missing items and explain why such items have not been returned. The Secretary of State shall prepare and provide a chain of custody sheet for this purpose.

5. All voting system components and other equipment assigned to designated county election technicians shall be accounted for on the night of a primary, election, or runoff and shall be returned to storage. Each technician shall sign a receipt for all such items issued to such technician and, upon returning such items to the election superintendent's office following the close of the polls, the technician shall account for all such items and shall certify that all such items have been returned or shall describe any missing items and explain why such items have not been returned. The Secretary of State shall prepare and provide a chain of custody sheet for this purpose.

6. The election superintendent shall notify the Secretary of State of any instances of unaccounted for components of the voting system as soon as possible.

7. The election superintendent shall perform an audit count of all voting system components housed and maintained by the jurisdiction on an annual basis. The results of the audit shall be submitted to the Secretary of State.

Authority: O.C.G.A. §§ 21-2-31, 21-2-379.6

AMERICAN OVERSIGHT

(1) This rule shall govern the casting of provisional ballots by voters at primaries and elections in accordance with O.C.G.A. §§ 21-2-418 and 21-2-419.

(2) In each polling place, there shall be established a location or station in the public area of the polling place for the purpose of issuing and receiving provisional ballots.

(3) The election superintendent shall provide each polling place with an adequate supply of provisional ballots in each ballot style (district combination) for the precinct and an inner ballot envelope and an outer ballot envelope. The ballot envelopes shall be so designed that the ballot will fit within the inner ballot envelope and the inner ballot envelope will fit within the outer ballot envelope. The inner ballot envelope shall have printed on it the words "Official Provisional Ballot" and nothing else. The outer envelope shall have places for inserting the person's name, precinct, date and name of election, ballot style (district combination), and whether such ballot is a regular provisional ballot, a provisional ballot cast by a voter who registered to vote for the first time in this state by mail and has not provided the identification required by O.C.G.A. §§ 21-2-220 and 21-2-417, or a ballot cast during poll hours extended by a court order, or a combination thereof. Primaries and elections conducted by counties shall use optical scan ballots for provisional voting. Optical scan absentee ballots shall be acceptable for use as provisional ballots. Municipalities shall use the same type of ballots as the municipality uses for mail-in absentee voting. The election superintendent shall also provide a booth for voting provisional ballots in the enclosed space which will provide privacy for a person while voting a provisional ballot and a secure container in which the voted provisional ballots shall be placed.

(4) Voters whose names do not appear on electors list.

(a) When a person arrives at a polling place, completes a voter's certificate, and presents it to the poll workers but the person's name does not appear on the official electors list for the precinct, the poll officers shall immediately direct the person to the provisional ballot station. At the provisional ballot station, if a master list of registered electors is available, the poll workers shall check the list to determine if the person is registered at a different precinct. If the person's name appears on the master list for a different precinct, the poll workers shall direct the person to the correct precinct.

(b) If the person's name is not found on the official list of electors for the precinct or the master list, if available, the poll officers shall immediately contact the registrars and the person shall provide such information as the registrars may request to determine if the person is eligible to vote in the election. The registrars shall promptly review the information provided by the person and shall attempt to determine if the person timely and properly registered to vote.

(c) If the registrars can immediately determine that the person timely and validly registered to vote in the primary or election and should be assigned to the precinct at which the person is present, the registrars shall authorize the poll officers to add the person's name to the official electors list for the

AMERICAN OVERSIGHT

~~precinct and shall permit the person to vote in the same manner as other voters in the precinct vote. When there are multiple ballot styles (district combinations) in use in the precinct, the registrars shall also advise the poll officers which ballot style (district combination) should be issued to the person. The person's name shall then be added to the official electors list for the precinct with a notation of the name of the registrar who authorized such addition. Upon presentation of a properly completed voter's certificate and the identification required by O.C.G.A. § 21-2-417, the person shall be permitted to vote in the same manner as other voters in the precinct.~~

~~(d) If the registrars can immediately determine that the person timely and validly registered to vote in the primary or election but should be assigned to a different precinct from the one at which the person is present, the registrars shall direct the poll officers to send the person to the appropriate other precinct and the registrars shall notify the officers of such other precinct to add the person's name to the official electors list for such other precinct. When there are multiple ballot styles (district combinations) in use in such other precinct, the registrars shall also advise the poll officers at such other precinct which ballot style (district combination) should be issued to the person. The person's name shall then be added to the official electors list for the other precinct by the poll officers of the other precinct with a notation of the name of the registrar who authorized such addition. Upon the completion of a voter's certificate and the submission of the identification required by O.C.G.A. § 21-2-417, the person shall be permitted to vote in the same manner as other persons in such other precinct. However, if, in the reasonable exercise of discretion by the registrars or the poll workers, there is insufficient time for such person to go to such other precinct before the polls close, the poll workers may allow such person to vote a provisional ballot at the precinct in which the person is present. In such case, all votes cast by such person for candidates for whom such person is properly entitled to vote shall be counted and all votes cast for candidates for whom such person is not properly entitled to vote shall be void and shall not be counted in accordance with O.C.G.A. § 21-2-419(c).~~

~~(e) If the registrars cannot immediately determine that the person timely and validly registered to vote in the primary or election; but, from the information presented by the person, the person, if properly registered, would be assigned to the precinct at which the person is present, the registrars shall authorize the poll officers to permit the person to cast a provisional ballot at such precinct. When there are multiple ballot styles (district combinations) in use in the precinct, the registrars shall also advise the poll officers which ballot style (district combination) should be issued to the person.~~

~~(f) If the registrars cannot immediately determine that the person timely and validly registered to vote in the primary or election; but, from the~~

AMERICAN OVERSIGHT

~~information presented by the person, the person, if registered, would be assigned to a different precinct from the precinct in the county or municipality at which the person is present, the registrars shall direct the poll officers to send the person to the appropriate precinct. The registrars shall notify the officers of such other precinct to permit the person to vote a provisional ballot when such person arrives at such precinct, completes an official voter registration form and a provisional ballot voter's certificate, and submits the appropriate identification required by O.C.G.A. § 21-2-417. When there are multiple ballot styles (district combinations) in use in such other precinct, the registrars shall also advise the poll officers which ballot style (district combination) should be issued to the person. However, if, in the reasonable exercise of discretion by the registrars or the poll workers, there is insufficient time for such person to go to such other precinct before the polls close, the poll workers may allow such person to vote a provisional ballot at the precinct at which such person is present. In such case, all votes cast by such person for candidates for whom such person is properly entitled to vote shall be counted and all votes cast for candidates for whom such person is not properly entitled to vote shall be void and shall not be counted in accordance with O.C.G.A. § 21-2-419(c).~~

~~(g) If the person appears at a precinct in a county or municipality in which the person does not reside, the registrars shall instruct the poll officers to direct the person to contact the registrars in the county in which the person resides to determine in which precinct such person should vote.~~

~~(h) If the poll officers cannot get in touch with the registrars after making a reasonable effort to do so, the poll officers shall be authorized to permit the person to vote a provisional ballot at the precinct without additional authorization from the registrars. In such case, all votes cast by such person for candidates for whom such person is properly entitled to vote shall be counted and all votes cast for candidates for whom such person is not properly entitled to vote shall be void and shall not be counted in accordance with O.C.G.A. § 21-2-419(c).~~

~~(i) Upon receiving authorization to vote a provisional ballot, the person shall complete a provisional ballot voter's certificate and an official voter registration form and submit such completed certificate and form to the poll officers along with the appropriate identification required by O.C.G.A. § 21-2-417. The poll officers shall place the name of the person on the numbered list of provisional ballot voters and issue the person a provisional ballot of the style authorized by the registrars along with an inner ballot envelope and an outer ballot envelope. Before issuing the outer ballot envelope to the person, the poll officers shall enter the person's name, the name of the precinct, the date and name of the election, and the ballot style (district combination) on the outer envelope. The person shall then retire to the provisional ballot voting booth and vote the ballot. Upon completing the~~

AMERICAN OVERSIGHT

ballot, the person shall seal the ballot in the inner ballot envelope and place the inner ballot envelope containing the ballot into the outer ballot envelope and shall seal the outer ballot envelope. The person shall then return the sealed envelope to the poll officers.

(j) Upon receiving the sealed ballot envelope from a person casting a provisional ballot, the poll officers shall verify that the information requested on the outer ballot envelope is complete, shall mark the appropriate box or boxes to designate the type of provisional ballot enclosed therein, and shall direct the person to place the ballot envelope into the secure container for provisional ballots which shall be located within the enclosed space in the polling place where it can be monitored by the poll officers and observed by the public. The provisional ballot voter's certificate and voter registration form shall be attached together and shall be placed in a separate, distinctively marked envelope which shall be placed in a secure location in the polling place.

(5) Voter who registered for first time by mail but did not provide required identification.

(a) When a person arrives at a polling place, completes a voter's certificate, and presents it to the poll workers but does not have the identification required by O.C.G.A. § 21-2-417 and the person's name appears on the official electors list for the precinct with a designation that the person registered to vote for the first time in this state by mail but has not provided the required identification to the registrars as required by O.C.G.A. § 21-2-220, the poll officers shall immediately direct the person to the provisional ballot station. At the provisional ballot station, the person shall be permitted to cast a provisional ballot at such precinct. When there are multiple ballot styles (district combinations) in use in the precinct, the poll officers shall issue the appropriate ballot style (district combination) to the person as shown on the electors list. The poll officers shall place the name of the person on the numbered list of provisional ballot voters and issue the person a provisional ballot of the style authorized by the registrars along with an inner ballot envelope and an outer ballot envelope. Before issuing the outer ballot envelope to the person, the poll officers shall enter the person's name, the name of the precinct, the date and name of the election, and the ballot style (district combination) on the outer envelope. The person shall then retire to the provisional ballot voting booth and vote the ballot. Upon completing the ballot, the person shall seal the ballot in the inner ballot envelope and place the inner ballot envelope containing the ballot into the outer ballot envelope and shall seal the outer ballot envelope. The person shall then return the sealed envelope to the poll officers.

(b) Upon receiving the sealed ballot envelope from a person casting a provisional ballot, the poll officers shall verify that the information requested on the outer ballot envelope is complete, shall mark the appropriate box or boxes to designate the type of provisional ballot enclosed

AMERICAN OVERSIGHT

~~therein, and shall direct the person to place the ballot envelope into the secure container for provisional ballots which shall be located within the enclosed space in the polling place where it can be monitored by the poll officers and observed by the public.~~

~~(c) The provisional ballot shall not be counted unless the voter provides the identification required by O.C.G.A. § 21-2-220 and 21-2-417 to the registrars before the end of the period set by law for the verification of provisional ballots. Such identification may be provided to the registrars in person or by facsimile transmission or, in the case of disabled voters, by delivery by a third party.~~

~~(6) Voters voting during extended polling hours in an election in which federal candidates are on the ballot.~~

~~(a) In the event that the polling hours for a polling place are extended by a court order beyond the normal closing time for a primary, election, or runoff in which federal candidates are on the ballot, all voters who vote after the normal closing time for the polling place shall vote by provisional ballot.~~

~~(b) Voters whose names appear on the electors list and who have the appropriate identification required by O.C.G.A. § 21-2-417 shall complete a provisional voter's certificate and shall be issued a provisional ballot along with an inner ballot envelope and an outer ballot envelope. Such voters shall not be required to complete a voter registration form. It also shall not be necessary to obtain approval from the registrars to issue provisional ballots to such voters. The poll officers shall place the name of the person on the numbered list of provisional ballot voters. Before issuing the outer ballot envelope to the person, the poll officers shall enter the person's name, the name of the precinct, the date and name of the election, and the ballot style (district combination) on the outer envelope. The person shall then retire to a provisional ballot voting booth and vote the ballot. Upon completing the ballot, the person shall seal the ballot in the inner ballot envelope and place the inner ballot envelope containing the ballot into the outer ballot envelope and shall seal the outer ballot envelope. The person shall then return the sealed envelope to the poll officers. Upon receiving the sealed ballot envelope from a person casting a provisional ballot, the poll officers shall verify that the information requested on the outer ballot envelope is complete, shall mark the appropriate box to designate that the ballot is an extended poll hours provisional ballot, and shall direct the person to place the ballot envelope into the secure container for provisional ballots which shall be located within the enclosed space in the polling place where it can be monitored by the poll officers and observed by the public.~~

~~(c) If the voter's name is not on the electors list, the poll workers shall follow the provisions of this rule for regular provisional balloting under this rule and, if the voter is authorized by the registrars to vote a provisional ballot under the terms of this rule, shall also mark the appropriate box on the outer~~

AMERICAN OVERSIGHT

ballot envelope to indicate that the ballot was issued during extended poll hours.

(d) If the voter's name is on the electors list but registered to vote for the first time in this state by mail and has not provided the identification required by O.C.G.A. § 21-2-220, the poll officers shall permit the voter to vote in accordance with the provisions of this rule for first time voters who register for the first time in this state by mail without providing the required identification, and shall also mark the appropriate box on the outer ballot envelope to indicate that the ballot was issued during extended poll hours.

(e) The poll officers shall provide each first time voter who registered for the first time in this state by mail without providing the required identification who casts a provisional ballot information on how the voter may provide the registrars with the appropriate identification in order that the voter's ballot may be counted.

(7) Each voter casting a provisional ballot in a primary, election, or runoff in which federal candidates appear on the ballot shall be given written information explaining how such voter can ascertain if such ballot is counted and, if such ballot is not counted, the reason why such ballot was not counted.

(8) The provisional ballot voter's certificates and voter registration cards may be picked up during the day by a registrar or deputy registrar for the purpose of beginning the process of determining the eligibility of the persons to cast provisional ballots. Before transferring the voter's certificates and registration cards to the registrars during the day, the poll officers shall note the number of certificates and cards being transferred to the registrars. If such voter's certificates and registration cards are not picked up by the registrars by the time that the polls close and the last voter has voted, the envelope in which the provisional ballot voter's certificates and voter registration cards have been deposited shall be securely sealed and shall be returned to the election superintendent with the other materials from the polling place.

(9) After the close of the polls and the last voter has voted, the poll officers shall account for all voted provisional ballots, cancelled and spoiled provisional ballots, and unused provisional ballots. The ballot stubs and unused and spoiled ballots shall then be securely sealed in the container provided for them by the election superintendent. The poll officers shall then proceed to open the secure container in which the provisional ballots were deposited and count the number of voted provisional ballots contained therein. The poll officers shall then compare the total number of persons voting provisional ballots as shown on the numbered list of provisional ballot voters with the number of ballots issued and the number of ballots voted. If these numbers do not equal one another, the poll officers shall determine the reason for the inconsistency and shall correct the problem before going further. The poll officers shall seal the voted provisional ballots in a container for transfer to the election superintendent. The poll officers shall complete and sign a provisional ballot recap sheet and post one copy of the recap sheet on the door of the polling place with the election results from the precinct. The remaining copies of the provisional ballot recap

AMERICAN OVERSIGHT

~~sheet along with the numbered list of provisional ballot voters shall be returned to the election superintendent with the other election materials from the precinct.~~

~~(10) Upon receiving the election materials from the precincts, the election superintendent shall ensure that the envelope containing the provisional ballot voter's certificates and voter registration cards is promptly removed from the other materials and transferred to the registrars for processing. In any event, the voter's certificates and registration cards shall be transferred to the registrars no later than 9:00 a.m. on the day following the day of the primary, election, or runoff. The election superintendent shall also remove the container containing the voted provisional ballots and shall place such container in a secure location within the election superintendent's office.~~

~~(11) (a) Upon receiving the provisional ballot voter's certificates and voter registration cards from the election superintendent, the registrars shall promptly proceed to determine the eligibility of each person that voted a provisional ballot.~~

~~(b) If the registrars determine that the person did timely register and is eligible and entitled to vote in such primary, election, or runoff, the registrars shall mark on the numbered list of provisional ballot voters that the ballot is accepted and shall notify the election superintendent of the proper ballot style (district combination) for the voter.~~

~~(c) If the registrars determine that the person did not timely register to vote for the primary or election or is not eligible and entitled to vote in such primary or election or if the registrars cannot determine by the close of business on the third business day following the day of the primary, election, or runoff if the voter timely registered and was eligible and entitled to vote in such primary or election, the registrars shall mark on the numbered list of provisional ballot voters that the ballot is rejected.~~

~~(d) Not later than the close of business on the third business day following the day of the primary, election, or runoff, the registrars shall return to the election superintendent the numbered list of provisional ballot voters reflecting the accepted and rejected provisional ballots.~~

~~(e) The names of those persons whose names are accepted shall be added to the official electors list. The voter registration cards of those persons whose ballots are rejected on the numbered list of provisional ballot voters shall be processed by the registrars and, if found to be eligible and qualified, shall be added to the electors list for future elections.~~

~~(f) The registrars shall maintain the provisional ballot voter's certificates for the same period of time and under the same conditions as the regular voter's certificates. Voter registration cards completed by provisional ballot electors shall be maintained for the same period of time and under the same conditions as other voter registration cards.~~

AMERICAN OVERSIGHT

~~(12) Upon receiving the numbered list of provisional ballot electors from the registrars, the election superintendent shall prepare to count the accepted provisional ballots. The election superintendent shall first compare the precinct designation and election district information with the style of ballot (district combination) cast by the provisional ballot voter.~~

~~(a) If the ballot style (district combination) voted by the voter was correct, then the election superintendent shall open the outer envelope and place the inner envelope containing the ballot into a ballot box.~~

~~(b) If the ballot style (district combination) voted by the voter was not correct, then the election superintendent shall open the outer envelope and note the correct ballot style (district combination) on the inner envelope. Each such inner envelope shall then be placed in a separate container until all of the outer envelopes have been opened. The outer envelopes shall then be stored in a location away from the inner envelopes in a manner such that the inner envelope and ballot of a voter cannot be identified as being the ballot of a particular voter. The superintendent shall then open each such inner envelope and remove the ballot and shall place a unique identifying number on the ballot along with the designation of the precinct in the nonreflective area at the top of the ballot. The election superintendent shall then prepare or cause to be prepared a duplicate ballot. The duplicate ballot shall be clearly labeled with the word "Duplicate" and shall bear the name of the precinct and the same unique identifying number as the original ballot in the nonreflective area at the top of the ballot. The election superintendent shall transfer or cause to be transferred to the duplicate ballot, in the presence of at least two other consolidation assistants and in public, only the votes cast by the provisional ballot voter in the races and on the questions to which such voter was eligible and entitled to vote. The votes entered on the duplicate ballot shall be verified by at least one consolidation assistant. The completed duplicate ballot shall be placed in the ballot box with the other provisional ballots to be counted. The original ballot shall be placed into an appropriate container and retained.~~

~~(c) After opening all of the outer envelopes and making all necessary duplicate ballots, the election superintendent shall then open the inner envelopes of the ballots in the ballot box and proceed to count the votes in the same manner as absentee ballots are counted. Upon completing the count, the election superintendent shall add the provisional ballot votes to the other votes cast at the polls and by absentee ballot and shall consolidate and certify the results of the primary, election, or runoff. The provisional ballots and any duplicates shall be retained for the same time period and in the same manner as absentee ballots.~~

~~(d) The rejected provisional ballots shall be marked on the outer envelope as "Not Counted" and shall not be opened. The ballots shall be maintained for the same time period and in the same manner as absentee ballots which were returned too late to be counted.~~

AMERICAN OVERSIGHT

~~(e) The election superintendent shall notify the registrars of the names of those persons who cast a provisional ballot in the wrong precinct or on an incorrect ballot style (district combination).~~

~~(13) (a) Upon identifying the rejected provisional ballot electors, the registrars shall proceed promptly to notify each such person by first-class mail at the address shown on the provisional ballot voter's certificate that his or her ballot was not counted because of the inability of the registrars to verify that the person timely registered to vote or such other proper reason. If the person's voter registration card was approved, the registrars shall also notify the person that his or her name will be added to the elector's list and the person will be eligible to vote in future primaries and elections and that a voter notification or precinct card will be mailed to the person to provide the voter with the correct precinct and election district information.~~

~~(b) Upon receiving notification from the election superintendent of the names of persons who cast provisional ballots in the incorrect precinct or on the incorrect ballot style (district combination), the registrars shall notify such persons of their correct precinct and/or election district information. The sending of a voter notification or precinct card by first-class mail to the address shown on the voter registration card completed by such person when voting by provisional ballot shall be sufficient notice for such voters.~~

~~(c) If the person's voter registration is rejected, the registrars shall notify the person of such rejection in accordance with O.C.G.A. § 21-2-226(d).~~

~~(d) In addition, the registrars shall establish a free access system, such as a toll-free telephone number or an Internet website, by which voters who cast provisional ballots in a primary, election, or runoff in which federal candidates are on the ballot may ascertain whether their ballots were counted or, if the ballots were not counted, the reasons why such ballots were not counted. The registrars shall establish and maintain reasonable procedures necessary to protect the security, confidentiality, and integrity of personal information collected, stored, or otherwise used by such system. Access to information about an individual provisional ballot shall be restricted to the voter who cast such ballot.~~

**Rule 183-1-12-.07 Preparation for Elections. ~~of the Electors List and Use of ExpressPoll~~**

1. The election superintendent shall review the electronic databases used to generate ballots for correctness and accuracy in generating paper ballots and touchscreen displays.

2. Each ballot style and touchscreen display shall be proofread by the election superintendent or a person or persons under the direction of the superintendent to check that the ballot contains the proper offices, candidates, and questions to be submitted to the voters, that the offices

AMERICAN OVERSIGHT

and names are spelled and designated correctly, that political party or body affiliations and incumbency of candidates are correctly designated where applicable, and that the questions are presented in accordance with law and this rule and that the correct offices and questions are presented on each ballot style or touchscreen display.

3. For each office up for election, the paper ballot or touchscreen display shall state the name of the office; the post, position, or person presently holding the office if necessary to identify the specific office subject to election; the number of candidates for which the voter may vote for such office; the names of the candidates; the residence address of the candidates if there has been a determination that the names are sufficiently similar to so require such information under O.C.G.A. § 21-2-379.5. In partisan elections, the paper ballot and touchscreen display shall designate the political party or body that nominated the candidate or a designation of the candidate as an independent candidate; and the designation of the incumbency of a candidate seeking reelection to the office which the candidate then holds.

4. The offices, candidates, and questions shall be listed on the ballot in the order specified in O.C.G.A. §§ 21-2-379.4 and 21-2-379.5.

5. The election superintendent shall review the audio ballot prepared for use with the touchscreen display for voters with disabilities. The superintendent shall confirm that every section of the audio ballot is pronounced correctly. The election superintendent shall also confirm that no candidate's name; political party, political body, or independent designation; incumbency; or other such information nor any referendum question or answer or response thereto is emphasized, stressed, or otherwise inflected in any manner to distinguish a particular candidate, party or body, question, answer or response to a referendum question either negatively or positively or to suggest whether to vote for or against such candidates or questions in such audio recordings.

6. The Superintendent shall check that the memory cards used in the ballot scanner are formatted and contain no extraneous software or data prior to use in an election. The ballot scanner memory cards shall be named to indicate the polling place where they will be used. If more than one ballot scanner is to be used in a single polling place, the memory card name shall differentiate between the scanners.

Authority: O.C.G.A. §§ 21-2-31, 21-2-379.4, 21-2-379.5

~~(1) Beginning July 1, 2006, counties shall use ExpressPoll units at precincts within the county during primaries, elections, and runoffs. The ExpressPoll~~

AMERICAN OVERSIGHT

~~units shall be utilized in lieu of the printed electors list and ballot encoders in each precinct where in use.~~

~~(2) The county election superintendent shall maintain each ExpressPoll unit, and all components in a secure location under the same conditions as provided for DRE units under Rule 183-1-12-.02(2).~~

~~(3) Effective January 1, 2006, the registrars of each county shall utilize the absentee ballot subsystem of the statewide voter registration system for absentee balloting and advance voting.~~

~~(4) The registrars of each county shall complete the entry of new and updated voter registrations on a timely basis as required by the Secretary of State and shall notify the Secretary of State upon the completion of all such data entry after a registration deadline.~~

~~(5) Prior to each primary or election as specified by the Secretary of State, the county election superintendent shall provide to the Secretary of State or his or her designee a final copy of the GEMS database for the county.~~

~~(6) The county election superintendent and the registrars shall notify the Secretary of State or his or her designee of any changes to the voter registration file for the county or the GEMS database that occur after the process for creating ExpressPoll flash cards begins.~~

~~(7) During the period in which DRE units are tested and prepared prior to delivery to the precincts, the election superintendent shall cause each ExpressPoll unit to undergo logic and accuracy testing. Each ExpressPoll unit must pass such logic and accuracy test prior to being assigned to a precinct. The registrars shall verify the information contained on the ExpressPoll units when assigning the units to precincts.~~

~~(8) Prior to delivery to the precincts, the registrars shall ensure that all persons who have been issued or cast absentee ballots are marked accordingly on the ExpressPoll units.~~

~~(9) Upon the conclusion of each primary, election, or runoff, the poll officers shall return the ExpressPoll units with the other election materials from the precinct to the election superintendent. The registrars and election superintendent shall coordinate the return of the flash cards from the ExpressPoll units to the Secretary of State such that the cards are returned in the same time period as the official election returns.~~

~~(10) For electors whose names are added to the voter registration rolls after the deadline for preparing the flash cards for the ExpressPoll units, the registrars shall provide a printed supplemental list for use at the affected precincts.~~

**Rule 183-1-12-.08 Logic and Accuracy Testing.**

1. Primaries and Elections.

   a. On or before the third day preceding a primary or election, including special primaries, special elections, and referendum elections, the

AMERICAN OVERSIGHT

election superintendent shall commence the preparation and testing of the electronic poll books, electronic ballot markers, printers, and ballot scanners for use on Election Day.

b. On or before the third day preceding the advance voting period, the election superintendent shall commence the preparation and testing of the electronic poll books, electronic ballot markers, printers, and ballot scanners for use during the advance voting period. Voting system components that passed logic and accuracy testing for advance voting do not have to be re-tested for use on Election Day for the same election, unless there is a change in the programming or database used by the component.

c. At least five days prior to the commencement of such preparation and testing, the election superintendent shall publish a notice in the legal organ of the county stating the date, time, and place or places where preparation and testing of the voting system components for use in the primary or election will commence and stating that such preparation shall continue from day to day until such preparation is complete and that such preparation and testing shall be open to the public and that members of the public are entitled to be present during the preparation and testing. Prior to a runoff election, the Superintendent shall prominently post notice of the date, time, and place of such testing at least 24 hours prior to its occurrence.

d. The election superintendent shall cause such preparation and testing to begin on such date and time and at such place or places. Such preparation and testing shall be open to members of the public to observe; however, such members of the public shall not in any manner interfere with the preparation and testing of the voting system components. Any person found to be interfering with the preparation and testing process may be asked to leave the testing process and may be cited for interfering with an election official while in performance of election duties. Any questions and/or complaints from the general public regarding the preparation and testing process must be directed to the election superintendent and not to the individual personnel conducting the preparation and testing process. The election superintendent may make such reasonable rules and regulations concerning the conduct of such members of the public observing such preparation and testing as the election superintendent deems necessary and appropriate; provided, however, that such rules and regulations shall not prevent members of the public from fairly observing the preparation and testing of the voting system components.

2. In addition to any reasonable rules and regulations that the election superintendent may create for the public to observe the preparation and testing process, the election superintendent or designee thereof, shall:

AMERICAN OVERSIGHT

a. Be available for the first hour of the first day of testing to explain the preparation and testing process and to respond to questions and provide answers regarding the purpose and the process of preparation and testing;

b. Maintain a presence at all times during the preparation and testing process;

c. Administer an oath of custodian prior to beginning the preparation and testing process to any county personnel (except permanent state, county, or municipal election staff) appointed by the election superintendent to conduct the preparation and testing process;

d. Establish an area reasonable in proximity for the public to observe the preparation and testing process. Such area shall provide reasonable accommodations for the public insofar as space permits, but shall not be so established as to deny the general public the opportunity to view the process; however, the area should be of such a nature so as to allow the preparation and testing process to proceed without interference with by the general public;

e. Allow only election office personnel or individuals assigned to conduct the preparation and testing to enter the testing area during the preparation and testing process;

f. Prohibit any preparation and testing reports created for recording the seal numbers of voting system components from being disclosed to the public;

g. Prohibit the security seal numbers or other security measures of any voting system components from being disclosed to the public; and

h. Prohibit photographic and audio equipment of any kind, including cell phone cameras, from being used to record the security seal numbers or other measures used to secure any voting system components, provided that this rule shall not prohibit the news media from reporting on the preparation and testing process, so long as seal numbers and other security measures on any voting system component are not recorded or displayed in any manner.

3. During the public preparation and testing of the electronic poll books, electronic ballot markers, printers, and ballot scanners to be used in a particular primary or election, the election superintendent shall cause each electronic ballot marker and scanner to be programmed with the election

AMERICAN OVERSIGHT

files for the precinct at which the electronic ballot marker and ballot scanner unit will be used.

The superintendent shall cause the accuracy of the components to be tested by causing the following tasks to be performed:

A. Check that the electronic poll books accurately look up and check-in voters via both the scanning function and manual lookup and create a voter card that pulls up the correct ballot on the electronic ballot marker for every applicable ballot style.

B. Check that the touchscreen on the electronic ballot marker accurately displays the correct selections and that the touchscreen accurately reflects the selected choices.

C. Check that the printer prints a paper ballot that accurately reflect the choices selected on the touchscreen and immediately mark all printed ballots as "test" ballots.

D. Check that the ballot scanner scans the paper ballot, including both ballots marked by electronic ballot markers and ballots marked with a pen, and that the ballot scanner scans ballots regardless of the orientation the ballot is entered into the scanner.

E. Check that the tabulation contained in the ballot scanner memory card can be accurately uploaded to the election management system, and that the tabulated results match the selections indicated on the paper ballot.

If any component fails any of the testing, the component shall not be used in a primary, election, or runoff until such unit is repaired and inspected and found capable of proper functioning and passes logic and accuracy tests. Upon the successful completion of the logic and accuracy test, the component shall be cleared of any vote totals collected during testing. A zero tape shall be run on the ballot scanner subsequent to successful testing, and the tape shall be attached to the custodian's certification form to document the logic and accuracy testing. The components shall then be sealed and securely stored for transfer to the polling place.

4. After the completion of Logic and Accuracy testing on any voting system component, each component shall be sealed and safely and securely stored until such time as the component is transported to the polling place in which such component is to be used. The zero tapes, results tapes, test ballots, and other paperwork shall be securely stored by the superintendent.

Authority: O.C.G.A. § 21-2-31

AMERICAN OVERSIGHT

**Rule 183-1-12-.09. Transport to Polls.**

1. The election superintendent shall take all necessary measures to cause the voting system components to be safely and securely transported to the polling places.
2. The election superintendent shall cause the voting system components for each polling place to be delivered to the polling place at least one hour before the time for the opening of the polls. The election superintendent shall cause magnifying devices to be made available at each polling place to assist voters in reviewing their paper ballots.
3. If the voting system voting system components are stored at a polling place prior to the arrival of the poll manager or their designee, the election superintendent shall cause the units are stored in a locked, secure manner with appropriate climate control as described in Rule 183-1-12-.04.

Authority: O.C.G.A. § 21-2-31

**Rule 183-1-12-.10 ~~Use of Absentee Ballots When Voting Machines are Inaccessible~~ Before the Opening of the Polls.**

~~Absentee ballots may be used by the handicapped if voting machines are inaccessible.~~

1. The poll officers shall set up and power on the voting system components for voting prior to the opening of the polls. The set up shall be performed in public and the public may view the set up subject to such reasonable rules and regulations as the election superintendent may deem appropriate to protect the security of the voting system components and to prevent interference with the duties of the poll officers.
2. The poll officers shall verify that the seal for each voting system component is intact and that there is no evidence or indication of any tampering. The poll officers shall verify that the number of the seal matches the number of the seal recorded for that component when such component was prepared by the election superintendent for the primary, election, or runoff. If a seal number does not match or if there is any evidence or indication of tampering, the election superintendent shall be immediately notified and such component shall not be used until such matters are resolved by agreement of the election superintendent and the poll manager.
3. The poll manager shall check that the electronic poll books, electronic ballot markers, and ballot scanners all indicate zero counts prior to the opening of the polls.
4. The poll manager shall cause each ballot scanner in the polling place to run a zero tape prior to the start of voting. If the tape does not show zero votes prior to the start of voting, the election superintendent shall be immediately notified and such unit shall not be used until the unit is cleared and the matter is resolved by agreement of the election superintendent and the poll manager.
5. The poll manager and two witnesses who have been sworn as poll officers pursuant to O.C.G.A. §§ 21-2-94 and 21-2-95 shall sign the zero tape from the ballot scanner. The poll manager and those same two witnesses shall then confirm that the ballot box is empty. The Secretary of State shall develop a form to be signed by the poll manager and the two witnesses attesting that the ballot box was empty prior to the opening of the polls. Such form shall include the date and time it was executed, shall be attached to the zero tape generated by the ballot scanner attached to that ballot box, and shall be returned to the election superintendent with the polling place recap forms at the close of the polls. The

AMERICAN OVERSIGHT

ballot box shall then be securely locked and sealed. Once the ballot box is verified to have been empty and locked and sealed, no person shall access the inside of the ballot box while voting is occurring unless it is absolutely necessary to the functioning of elections. Any such access shall be by the poll manager and two witnesses who have been sworn as poll officers, and the poll manager and witnesses shall attest, on a form to be developed by the Secretary of State, to when and for what purpose the ballot box was accessed, and that no action was taken to affect the results of the election. That form shall also be returned to the election superintendent with the polling place recap form at the close of the polls.

6. The poll officers shall verify that there is no unauthorized matter affixed to any of the voting system components or present in the voting booths.

7. The poll officers shall affix a card of instructions for voting within each voting booth and shall place at least one printed sample ballot and at least one voting instructions poster approved or provided by the Secretary of State outside the enclosed space at the polling place for the information of the voters. At least one printed sample ballot and one voting instructions poster shall also be posted in the enclosed space. Prior to voters entering the enclosed space, the poll officers may also distribute to such voters a card of instructions for voting on the voting system that has been approved or provided by the Secretary of State. The poll officers shall also have a sufficient supply of sample ballots available should voters request to view them while voting or reviewing their ballot.

8. As near as possible to exit of the enclosed space in every polling place in a manner that is visible to voters as they exit the enclosed space, the poll manager shall post a sign that informs voters that ballots shall not be removed from the enclosed space.

Authority: O.C.G.A. § 21-2-31

**Rule 183-1-12-.11 Conducting Elections.**

1. As each voter presents himself or herself at the polling place for the purpose of voting during the time during which the polls are open for voting, each voter shall be offered instruction by a poll officer in the method of voting on the voting system, including specific verbal instruction to review their printed ballot prior to scanning it and that sample ballots and magnifying devices are available upon request to assist them in reviewing their paper ballot. In providing such instruction, the poll officers shall not in any manner request, suggest, or seek to persuade or induce any voter to vote any particular candidate, political party, or political body, or for or against any particular question.

2. (a) When a person presents himself or herself at the polling place for the purpose of voting during the time during which the polls are open for voting, the person shall complete a voter's certificate and submit it to the poll officers. The voter certificate may be an electronic or paper record. The poll officers shall verify the identity of the person and that the person is a registered voter of the precinct and, if so, shall approve the voter's certificate and enter an appropriate designation on the electors list for the precinct reflecting that the voter has voted in the primary, election, or runoff being conducted. The voter's name shall then be entered on the appropriate numbered list of voters.

(b) A poll officer shall then issue the voter an appropriate voter access card authorizing the voter to vote the correct ballot on the touchscreen or utilize the correct access code to manually bring up the correct ballot on the touchscreen. The voter shall then

AMERICAN OVERSIGHT

enter the enclosed space in the polling place and proceed to vote his or her choices. Upon making his or her selections, the voter shall cause the paper ballot to print, remove his or her printed ballot from the printer, remove the voter access card from the touchscreen unit, review the selections on his or her printed ballot, scan his or her printed ballot into the scanner, and return the voter access card to a poll officer. Then the voter shall exit the enclosed area of the polling place.

(c) If an emergency situation makes utilizing the electronic ballot markers impossible or impracticable, as determined by the election superintendent, the poll officer shall issue the voter an emergency paper ballot that is to be filled out with a pen after verifying the identity of the voter and that the person is a registered voter of the precinct. Emergency paper ballots shall not be treated as provisional ballots, but instead shall be placed into the scanner in the same manner that printed ballots in the polling place are scanned. The election superintendent shall cause each polling place to have a sufficient amount of emergency paper ballots so that voting may continue uninterrupted if emergency circumstances render the electronic ballot markers or printers unusable. The poll manager shall store all emergency ballots in a secure manner and that all used and unused emergency ballots are accounted for. All unused emergency ballots shall be placed into a secure envelope and sealed such that the envelope cannot be opened without breaking such seal.

(d) If an emergency situation exists that makes voting on the electronic ballot markers impossible or impracticable, the poll manager shall alert the election superintendent as soon as possible. The existence of an emergency situation shall be in the discretion of the election supervisor. However, if a poll manager is unable to contact the election superintendent after diligent effort, the poll manager shall have the ability to declare that an emergency situation exists at the polling place. The poll manager shall continue diligent efforts to contact the election superintendent, and shall inform the superintendent as soon as possible of the situation at the polling place. The election superintendent, in his or her discretion, shall either overrule or concur with the declaration of emergency circumstances. While the determination of an emergency situation is in the discretion of the election superintendent, the types of events that may be considered emergencies are power outages, malfunctions causing a sufficient number of electronic ballot markers to be unavailable for use, or waiting times longer than 30 minutes

3. At least once each hour during the time while the polls are open, the poll officers shall examine the enclosed space to verify that no unauthorized matter has been affixed to any voting system component or placed in the voting booth and that the voting system components have not been tampered with in any manner. Poll officers shall also check that no unattended ballots are left in the printer or anywhere in the enclosed space other than the appropriate ballot box. Any unattended ballots found in the enclosed space that do not belong to a voter currently in the enclosed space shall not be counted, but shall be secured and labelled as unattended ballots.

4. The polling place shall be arranged in such a manner as to provide for the privacy of the elector while voting and to allow monitoring of each voting system component by the poll officers while the polls are open. The electronic ballot markers and ballot scanners used in the polling place shall be set up in a manner to assure the privacy of the elector while casting his or her ballot while maintaining the security of such units against tampering, damage, or other improper conduct. In addition, there shall be at least one electronic ballot marker configured for use by physically disabled electors at each advance

AMERICAN OVERSIGHT

voting location. In addition, at least one ballot marking device shall be configured for voting by physically disabled voters in wheelchairs and provisions shall be made to provide for the privacy of such electors while voting.

5. It shall be permissible under O.C.G.A. § 21-2-410 and shall not constitute assistance in voting under O.C.G.A. § 21-2-409 for poll officers to assist a voter in inserting the voter card into the ballot marking device and in explaining the operation of the unit to the voter; provided that the poll officer shall withdraw from the voting booth prior to the voter making any selections. The poll officers shall not in any manner request, suggest, or seek to persuade or induce any voter to vote for any particular candidate, political party, or political body, or for or against any particular question.

6. Voters utilizing an audio tactile interface (ATI) device to vote on the ballot marking device without the assistance of any other individual shall not be considered as receiving assistance in voting and shall not be required to complete the forms required for receiving assistance in voting pursuant to O.C.G.A. § 21-2-409; however, if another person other than a poll officer is handling the printed ballot before it is inserted into the scanner, that person shall be considered as assisting.

7. The poll officers shall confirm that voters deposit their ballots and return the voter access cards to the poll officers prior to leaving the enclosed space in the polling place. The poll officers shall arrange and configure the polling place and provide staffing at such places at the polling place to confirm that a voter will not leave the enclosed space with a ballot or voter access card.

8. The election superintendent shall cause each polling place to be sufficiently staffed and a poll officer to be stationed at every ballot scanner in use in the polling place while voting is occurring. The poll officer stationed at the ballot scanner shall offer instruction throughout the period while voting is occurring reminding voters to review their printed paper ballots, but shall take all reasonable precautions not to view the selections on an elector's ballot unless it is required due to assistance requested from the elector.

9. A voter may request information from poll officers concerning how to use the electronic ballot marker or any other voting system component at any time during the voting process. However, once the voter scans his or her ballot into the ballot scanner, even if the ballot is blank with no votes cast, such voter shall be deemed to have voted and may not thereafter vote again. If a voter leaves the room encompassing the enclosed space with his or her paper ballot and does not place that ballot into the appropriate ballot scanner or ballot box, that voter shall be deemed to have voted and may not thereafter vote again. A sign shall be placed at the exit of the enclosed space that informs every voter that ballots may not be removed from the enclosed space. Any paper ballot that is removed from the room encompassing the enclosed space shall not be counted and shall be marked as spoiled by a poll officer.

10. (a) If a voter discovers that the ballot presented on the electronic ballot marker is not correct or, for a partisan primary, is not the ballot that the voter desired to vote, the voter shall immediately notify a poll officer. The poll officer shall cancel or void the ballot on the electronic ballot marker without attempting in any manner to see how the voter has voted and shall then take the necessary steps to provide the voter with the correct ballot and make any necessary corrections to the voter's certificate of the voter, the electors list, and the numbered list of voters.

AMERICAN OVERSIGHT

(b) If, while reviewing his or her printed ballot, the voter discovers that the printed ballot does not contain the proper ballot selections or that the voter was not issued the proper ballot, the voter shall immediately inform a poll officer. The poll officer shall spoil the paper ballot and take the necessary steps to allow the voter to make his or her selections again on the electronic ballot marker and cause the correct ballot to be issued.

(c) If the voter places his or her paper ballot into the ballot scanner or ballot box prior to notifying the poll officials of any errors in the ballot, the voter shall be deemed to have voted and shall not be permitted to cast another ballot.

11. (a) If any voting system component malfunctions during the day of a primary, election, or runoff, the poll manager shall immediately notify the election superintendent and shall not allow any voter to use the unit until and unless the malfunction is corrected. The poll manager shall utilize appropriate backup procedures so that voting is not interrupted due to any equipment malfunctions. The election superintendent shall immediately arrange for the repair of the voting system component or shall provide a replacement component as soon as practicable. A replacement component shall not be used unless it has been appropriately tested prior to its use.

(b) In the event that a ballot scanner malfunctions, the voter shall place their voted ballot in the emergency bin connected to the ballot box. The ballots in the emergency bin shall be counted when the ballot scanner is properly functioning, by a replacement ballot scanner brought to the polling place, or, if neither are available, by another scanner at the county elections office. Poll officers may scan ballots placed into the emergency bin through the ballot scanner or a replacement ballot scanner when doing so will not interfere with voting. A voter placing his or her ballot into the emergency bin is considered to have voted that ballot and shall not be permitted to cast another ballot.

Authority: O.C.G.A. § 21-2-31

**Rule 183-1-12-.12 Tabulating Results.**

(a) After the Polls Close.

1. Immediately after the polls close and the last voter has voted, the poll manager and two witnesses who have been previously sworn as poll officers as provided in O.C.G.A. §§ 21-2-94 and 21-2-95 shall begin the closing procedure on each ballot scanner so that no further votes are cast and record the number of scanned ballots from every ballot scanner used in the polling place. The poll manager and the two witnesses shall record the number of scanned ballots from each scanner on a recap form to be developed by the Secretary of State. The poll manager and the two witnesses shall cause each ballot scanner to print three tapes of the tabulated results and shall sign each tape indicating that it is a true and correct copy of the tape produced by the ballot scanner. If the poll manager or the witnesses have reason to believe that printed tapes are not a true and correct tabulation of the ballots scanned by that ballot scanner, the poll manager or witness shall document the reasons and evidence for that belief and inform the election superintendent, who shall take appropriate action, in his or her discretion, so that the ballots in the ballot box associated with the ballot scanner are accurately tabulated.

AMERICAN OVERSIGHT

2. The poll manager shall cause the number of printed ballots from each ballot marking device to be recorded on the recap form. The poll manager shall further cause the number of spoiled ballots and ballots placed in the emergency bin of the scanner that were unable to be scanned to be recorded on the recap form. The poll manager shall cause the total number of voter check ins from the electronic poll book and/or paper voter list to be recorded on the recap form. If the numbers recorded on the recap form do not reconcile with each other, the poll manager shall immediately determine the reason for the inconsistency; correct the inconsistency, if possible; and fully document the inconsistency or problem along with any corrective measures taken.

3. One of the three tapes of the tabulated results printed from the ballot scanner shall be affixed to the door of the polling place for the information of the public along with a copy of the provisional ballot recap form for the polling place. One tape shall be placed into an envelope (or reusable document storage container suitable for the same purposes) provided by the election superintendent, along with the "poll officer" memory card from the ballot scanner. The envelope shall be sealed by the poll manager and the same two witnesses who signed the tape such that the envelope cannot be opened without breaking such seal. The poll manager and the two witnesses shall initial the envelope indicating that it contains the correct tape and memory card from the indicated ballot scanner. The envelope shall be labelled with the name of the polling place, the serial number of the ballot scanner, and the number assigned to the ballot scanner for that election. The third tape shall be placed into another envelope with the polling place recap form.

4. The poll manager and two witnesses who have been sworn as poll officers as provided in O.C.G.A. §§ 21-2-94 and 21-2-95 shall unseal and open each ballot box, remove the paper ballots from each ballot box, and place the paper ballots into a durable, portable, secure and sealable container to be provided for transport to the office of the election superintendent. A separate container shall be used for the paper ballots from each ballot box and the container shall be labelled with the polling place, ballot scanner serial number, the number assigned to the ballot scanner for that election, the count of the ballots from the tabulation tape, and the date and time that the ballot box was emptied. The container shall be sealed and signed by the poll manager and the same two witnesses such that it cannot be opened without breaking the seal. The poll manager and the two witnesses shall sign a label affixed to the container indicating that it contains all of the correct ballots from the indicated ballot box and no additional ballots.

5. The poll manager and the same two witnesses who emptied the ballot box shall complete and sign a form indicating that the ballot box was properly emptied and the ballots were properly stored and secured. Such form shall be delivered to the election superintendent with the completed polling place recap form. The ballot box shall be resealed and the new seal numbers shall be documented.

6. The envelopes containing the tabulation tape and the memory card, the containers containing the paper ballots, the completed polling place recap forms, voter access cards, supervisor's cards, electors lists, numbered lists of voters, electronic poll books, and other such paperwork shall be delivered to the election superintendent by the poll manager and at least one other sworn poll officer or law

AMERICAN OVERSIGHT

enforcement official. The election superintendent or his or her designee shall receive the materials and shall issue a receipt to the poll manager for the materials. The poll manager and any poll officers who travelled with the materials shall sign a form indicating that no sealed documents were unsealed enroute and that the materials have not been tampered with. The election superintendent, in his or her discretion, may allow a designee of the poll manager to deliver the envelopes or containers containing the ballot scanner tabulation tapes and memory cards to be used for unofficial reporting of results prior to the delivery of the other polling place materials provided that the same procedures for transit and delivery set forth herein are followed.

7. Before leaving the polling place, the poll manager shall power off, secure, and seal all electronic ballot markers, ballot boxes, and ballot scanners. The polling place shall be locked to prohibit unauthorized entry.

(b) Consolidation of Results.

1. All persons involved with the tabulation and consolidation of the election results and who will operate the computer programs or handle the memory cards shall be sworn in the same manner that custodians are sworn before entering into their duties.

2. Only persons who are permanent employees of the election superintendent or have been duly sworn as poll officers or custodians shall touch or be in contact with any ballot, container, returns, tapes, device, memory card, or any other such election materials. Only persons who are employed by the election superintendent or have been duly sworn shall be in the immediate area of the tabulating center designated by the superintendent for the officers to conduct the tabulation and consolidation of the election results.

3. The tabulation and consolidation shall be performed in public. However, the election superintendent may make reasonable rules and regulations for conduct at the tabulating center so that the security of the results and the returns and to avoid interference with the tabulating center personnel.

4. Upon the delivery of any election materials from a polling place, the election superintendent or his or her designee shall provide a receipt that clearly states what election materials have been deliver.

5. Upon receiving the paper ballots and the memory cards, the election superintendent shall verify the signatures on the sealed envelopes and containers, verify that the seals are intact, that the envelopes or containers have not been opened, and that there is no evidence of tampering with the envelopes, containers, or their contents.

6. In the case of elections for county, state, and federal office, after verifying that the envelopes and containers are properly sealed and have not been opened or tampered with, the election superintendent shall break the seal and open each envelope and remove the memory card and results tape. The election superintendent or his or her designee shall then insert the memory card into the election management system computer and transfer the vote totals from the memory card into the election management system for official tabulation and consolidation.

7. After transferring all of the vote totals from the memory cards to the election management system and consolidating such totals with the totals from the absentee

AMERICAN OVERSIGHT

ballot system and such votes from any provisional ballots which have been found by the registrars to be authorized pursuant to O.C.G.A. § 21-2-419, the election superintendent shall prepare the official consolidated returns for the primary, election, or runoff.

8. The election superintendent shall not list and certify in the official consolidated returns for an election any results for write in candidates who were not properly qualified under O.C.G.A. § 21-2-133.

9. In the case of primaries, elections, and runoffs for county, state, and federal office, the county election superintendent shall transmit to the Secretary of State the election returns by precinct for the county in electronic format or by electronic means, as may be specified by the Secretary of State, within fourteen days following a primary, election, or runoff.

(c) Election Night Reporting. The election superintendent shall transmit to the Secretary of State unofficial election results for all races for state offices in any primary, election, or runoff as soon as possible after the closing of the polls for such primary, election, or runoff. Such results shall be transmitted in a format prescribed by the Secretary of State. At a minimum, the results shall be transmitted upon one third of the precincts reporting results, upon two thirds of the precincts reporting results, and upon all precincts reporting results, including absentee ballots within all precincts. Except upon prior notice to and consultation with the Secretary of State, no election superintendent shall conclude the tabulation of votes on election night in any primary, election, or runoff in which there are contested races for federal and state offices until and unless all such unofficial results, including absentee ballots, have been transmitted to the Secretary of State.

Authority: O.C.G.A. § 21-2-31

**Rule 183-1-12-.13 Storage of Returns.**

(a) After tabulating and consolidating the results, the election superintendent shall prepare an electronic file which shall contain a copy of the information contained on each memory card which shall include all ballot images as well as vote totals and a copy of the consolidated returns from the election management system.

(b) The electronic file shall be stored on a secure medium which shall be placed in a sealed envelope or container and shall become a part of the election materials which shall be deposited with the clerk of superior court or the municipal clerk, as appropriate, in accordance with O.C.G.A. § 21-2-500. In addition, the signed results tape from each ballot scanner and the corresponding paper ballots shall also be deposited with the clerk of superior court.

(c) The memory cards shall be sealed in an appropriate container and securely maintained by the election superintendent until the period for requesting a recount of the primary, election, or run off results has expired. The election superintendent and at least one other sworn individual in the tabulating center shall seal the container and sign the seal such that the container cannot be opened without destroying or damaging the seal. Upon the expiration of the period for requesting a recount, the election superintendent may use the memory cards for programming ballot scanners units for the next primary, election, or runoff.

AMERICAN OVERSIGHT

Authority: O.C.G.A. § 21-2-31

**Rule 183-1-12-.14 Maintenance of Equipment.**

(a) Each county shall be responsible for maintaining all components of the voting system, including electronic ballot markers, printers, ballot scanners, electronic poll books, computers, and software provided to such county by the Secretary of State or purchased by such county and shall either purchase a warranty/maintenance agreement for such equipment and software or shall assume the responsibility for repair, maintenance, and upkeep of all system components.

(b) In the event of any malfunction or problem with any voting system component, the county election superintendent shall document the problem and its resolution and shall provide such information to the Secretary of State. The documentation shall include a detailed description of the malfunction or problem, the steps taken to correct the malfunction or problem, and the cause of such malfunction or problem if a cause can be determined.

Authority: O.C.G.A. § 21-2-31

**Rule 183-1-12-.15 Use of Equipment by Municipalities.**

(a) The county election superintendent is authorized to permit any municipality within the county to conduct its election with electronic ballot markers, printers, ballot scanners, and other components of the statewide voting system through a written intergovernmental agreement between the county and the municipality; provided that the municipality agrees to maintain and operate the equipment in accordance with law, these rules and regulations, and the manufacturer's guidelines and specifications and provided further that the municipality trains all of its election personnel and poll officers in the proper operation and conduct of elections utilizing such equipment through an appropriate training program approved by the Secretary of State.

Authority: O.C.G.A. § 21-2-31

**Rule 183-1-12-.16 Demonstrations of Voting Equipment**

(a) When being used for demonstration and voter education purposes, electronic ballot markers and ballot scanners shall not utilize or be programmed with the official ballot to be used in the primary or election. The device shall utilize or be programmed with a ballot containing the names of fictitious or historical persons whose names do not appear on the official ballot for such primary or election.

**Rule 183-12-.17 Tabulating Center Personnel, Trained and Certified**

All tabulating center personnel must be trained in their respective duties and certified as required by O.C.G.A. § 21-2-99 for poll officers. All programmers, operators, and data center personnel shall be sworn as provided in O.C.G.A. §§ 21-2-94 and 21-2-95 for poll officers.

AMERICAN OVERSIGHT

Authority: O.C.G.A. § 21-2-31

**Rule 183-12-.18 Provisional Ballots**

(1) This rule shall govern the casting of provisional ballots by voters at primaries and elections in accordance with O.C.G.A. §§ 21-2-418 and 21-2-419.

(2) In each polling place, there shall be established a location or station in the public area of the polling place for the purpose of issuing and receiving provisional ballots.

(3) The election superintendent shall provide each polling place with an adequate supply of provisional ballots in each ballot style (district combination) for the precinct and an inner ballot envelope and an outer ballot envelope. The election superintendent shall also be prepared to resupply polling places with provisional ballots in needed ballot styles in a timely manner while voting is occurring so that polling places do not run out of provisional ballots. The ballot envelopes shall be so designed that the ballot will fit within the inner ballot envelope and the inner ballot envelope will fit within the outer ballot envelope. The inner ballot envelope shall have printed on it the words "Official Provisional Ballot" and nothing else. The outer envelope shall have places for inserting the person's name, precinct, date and name of election, ballot style (district combination), and whether such ballot is a regular provisional ballot, a provisional ballot cast by a voter who registered to vote for the first time in this state by mail and has not provided the identification required by O.C.G.A. §§ 21-2-220 and 21-2-417, or a ballot cast during poll hours extended by a court order, or a combination thereof. Primaries and elections conducted by counties shall use optical scan ballots for provisional voting. The poll manager shall cause all voted provisional ballots to be deposited into the provisional ballot box and not be inserted into the polling place ballot scanner and kept separate and apart from non-provisional ballots case at the polling place. Municipalities shall use the same type of ballots as the municipality uses for mail-in absentee voting. The election superintendent shall also provide a booth for voting provisional ballots in the enclosed space which will provide privacy for a person while voting a provisional ballot and a secure container in which the voted provisional ballots shall be placed.

(4) Voters whose names do not appear on electors list.

(a) When a person arrives at a polling place, completes a voter's certificate, and presents it to the poll workers but the person's name does not appear on the official electors list for the precinct, the poll officers shall immediately direct the person to the provisional ballot station. At the provisional ballot station, the polling place shall have an electronic poll book that includes a mastered list of registered voters in the state, and the poll workers shall check the list to determine if the person is assigned to a different polling place within the county or registered in a different county. If the person's name appears on the master list for a different precinct within the same county, the poll workers shall inform the person of his or her correct polling place. The person shall be instructed to go to his or her correct polling place if practicable, but that if it is not practicable for the person to get to his or her correct polling place before the close of polls, that the person may vote a provisional ballot in the polling place in which they are present. If, after receiving that instruction, the person states that it is not practicable for him or her to get to their correct polling

AMERICAN OVERSIGHT

place prior to the close of voting, the poll officer shall offer the person a provisional ballot. If the person is registered in a different county, the poll officer shall inform the person that he or she appears to be registered in a different county. If the person is still eligible to vote in the county in which they appear to be registered, the person may return to that county to vote. If the person states a good-faith belief that he or she timely registered to vote in the county in which he or she is present, he or she shall be offered a provisional ballot.

(b) If the person's name is not found on the official list of electors for the precinct or the master list, if the poll officers shall immediately contact the registrars and the person shall provide such information as the registrars may request to determine if the person is eligible to vote in the election. The registrars shall promptly review the information provided by the person and shall attempt to determine if the person timely and properly registered to vote in the county in which he or she is present.

(c) If the registrars can immediately determine that the person timely and validly registered to vote in the primary or election and should be assigned to the precinct at which the person is present, the registrars shall authorize the poll officers to add the person's name to the official electors list for the precinct and shall permit the person to vote in the same manner as other voters in the precinct vote. When there are multiple ballot styles (district combinations) in use in the precinct, the registrars shall also advise the poll officers which ballot style (district combination) should be issued to the person. The person's name shall then be added to the official electors list for the precinct with a notation of the name of the registrar who authorized such addition. Upon presentation of a properly completed voter's certificate and the identification required by 0.C.G.A. § 21-2-417, the person shall be permitted to vote in the same manner as other voters in the precinct.

d) If the registrars can immediately determine that the person timely and validly registered to vote in the primary or election but should be assigned to a different precinct within the same county where the person is present, the registrars shall direct the poll officers to inform the person of the appropriate other precinct and the registrars shall notify the officers of such other precinct to add the person's name to the official electors list for such other precinct. When there are multiple ballot styles (district combinations) in use in such other precinct, the registrars shall also advise the poll officers at such other precinct which ballot style (district combination) should be issued to the person. The person's name shall then be added to the official electors list for the other precinct by the poll officers of the other precinct with a notation of the name of the registrar who authorized such addition. Upon the completion of a voter's certificate and the submission of the identification required by O.C.G.A. § 21-2-417. the person shall be permitted to vote in the same manner as other persons in such other precinct. However, the poll officer shall also instruct the person that if it is not practicable for such person to go to such other precinct before the polls close and the person communicates that to the poll officers, the person shall be offered a provisional ballot at the precinct in which the person is present. In such case, all votes cast by such person for candidates for whom such person is properly entitled to vote shall be counted and all votes cast for candidates for whom such person is not properly entitled to vote shall be void and shall not be counted in accordance with O.C.G.A. § 21·2-419(c).

AMERICAN OVERSIGHT

(e) If the registrars cannot immediately determine that the person timely and validly registered to vote in the primary or election; but, from the information presented by the person, the person, if properly registered, would be assigned to the precinct at which the person is present, the registrars shall inform the poll officers and the person shall be offered a provisional ballot at such precinct. When there are multiple ballot styles (district combinations) in use in the precinct, the registrars shall also advise the poll officers which ballot style (district combination) should be issued to the person.

(f) If the registrars cannot immediately determine that the person timely and validly registered to vote in the primary or election; but, from the information presented by the person, the person, if registered, would be assigned to a different precinct from the precinct in the county at which the person is present, the registrars shall direct the poll officers to inform the person of the appropriate precinct. The registrars shall notify the officers of such other precinct to permit the person to vote a provisional ballot when such person arrives at such precinct, completes an official voter registration form and a provisional ballot voter's certificate, and submits the appropriate identification required by O.C.G.A. § 21-2-417. When there are multiple ballot styles (district combinations) in use in such other precinct, the registrars shall also advise the poll officers which ballot style (district combination) should be issued to the person. However, the poll officer shall also instruct the person that if it is not practicable for such person to go to such other precinct before the polls close and the person communicates that to the poll officers, the person shall be offered a provisional ballot at the precinct at which such person is present. In such case, all votes cast by such person for candidates for whom such person is properly entitled to vote shall be counted and all votes cast for candidates for whom such person is not properly entitled to vote shall be void and shall not be counted in accordance with O.C.G.A. § 21-2·419(c).

(g) If the person appears at a precinct in a county or municipality in which the person does not reside, the registrars shall instruct the poll officers to direct the person to contact the registrars in the county in which the person resides to determine in which precinct such person should vote.

(h) If the poll officers cannot get in touch with the registrars after making a reasonable effort to do so, the poll officers shall be authorized to permit the person to receive a provisional ballot at the precinct without additional authorization from the registrars. In such case, all votes cast by such person for candidates for whom such person is properly entitled to vote shall be counted and all votes cast for candidates for whom such person is not properly entitled to vote shall be void and shall not be counted in accordance with O.C.G.A. § 21-2-419(c).

(i) Upon accepting the opportunity to receive a provisional ballot, the person shall complete a provisional ballot voter's certificate and an official voter registration form and submit such completed certificate and form to the poll officers along with the appropriate identification required by O.C.G.A. § 21-2-417. The poll officers shall place the name of the person on the numbered list of provisional ballot voters and issue the person a provisional ballot of the style authorized by the registrars

AMERICAN OVERSIGHT

along with an Inner ballot envelope and an outer ballot envelope. Before issuing the outer ballot envelope to the person, the poll officers shall enter the person's name, the name of the precinct, the date and name of the election, and the ballot style (district combination) on the outer envelope. The person shall then retire to the provisional ballot voting booth and mark the ballot with his or her intended selections. Upon completing the ballot, the person shall seal the ballot in the inner ballot envelope and place the inner ballot envelope containing the ballot into the outer ballot envelope and shall seal the outer ballot envelope. The person shall then return the sealed envelope to the poll officers.

(j) Upon receiving the sealed ballot envelope from a person casting a provisional ballot, the poll officers shall verify that the information requested on the outer ballot envelope is complete, shall mark the appropriate box or boxes to designate the type of provisional ballot enclosed therein, and shall direct the person to place the ballot envelope into the secure container for provisional ballots which shall be located within the enclosed space in the polling place where it can be monitored by the poll officers and observed by the public. The provisional ballot voter's certificate and voter registration form shall be attached together and shall be placed in a separate, distinctively marked envelope or reusable document container which shall be placed in a secure location in the polling place.

(5) Voter who registered for first time by mail but did not provide required identification.

(a) When a person arrives at a polling place, completes a voter's certificate, and presents it to the poll workers but does not have the identification required by O.C.G.A. § 21-2-417 and the person's name appears on the official electors list for the precinct with a designation that the person registered to vote for the first time in this state by mail but has not provided the required identification to the registrars as required by O.C.G.A. § 21- 2-220. the poll officers shall immediately direct the person to the provisional ballot station. At the provisional ballot station, the person shall be permitted to cast a provisional ballot at such precinct. When there are multiple ballot styles (district combinations) in use in the precinct, the poll officers shall issue the appropriate ballot style (district combination) to the person as shown on the electors list. The poll officers shall place the name of the person on the numbered list of provisional ballot voters and issue the person a provisional ballot of the style authorized by the registrars along with an inner ballot envelope and an outer ballot envelope. Before issuing the outer ballot envelope to the person. the poll officers shall enter the person's name, the name of the precinct, the date and name of the election, and the ballot style (district combination) on the outer envelope. The person shall then retire to the provisional ballot voting booth and mark the ballot with his or her intended selections. Upon completing the ballot, the person shall seal the ballot in the inner ballot envelope and place the inner ballot envelope containing the ballot into the outer ballot envelope and shall seal the outer ballot envelope. The person shall then return the sealed envelope to the poll officers.

(b) Upon receiving the sealed ballot envelope from a person completing a provisional ballot, the poll officers shall verify that the information requested on the outer ballot envelope is complete, shall mark the appropriate box or boxes to designate the type of provisional ballot enclosed therein, and shall direct the person

AMERICAN OVERSIGHT

to place the ballot envelope into the secure container for provisional ballots which shall be located within the enclosed space in the polling place where it can be monitored by the poll officers and observed by the public.

(c) The provisional ballot shall not be counted unless the voter provides the identification required by O.C.G.A. § 21-2-220 and 21-2-417 to the registrars before the end of the period set by law for the verification of provisional ballots. Such identification may be provided to the registrars in person, by email, by facsimile transmission or, in the case of disabled voters, by delivery by a third party.

(6) Voters voting during extended polling hours in an election in which federal candidates are on the ballot.

(a) In the event that the polling hours for a polling place are extended by a court order beyond the normal closing time for a primary, election, or runoff in which federal candidates are on the ballot, all voters who vote after the normal closing time for the polling place shall vote by provisional ballot.

(b) Voters whose names appear on the electors list and who have the appropriate identification required by O.C.G.A. § 21-2-417 shall complete a provisional voter's certificate and shall be issued a provisional ballot along with an inner ballot envelope and an outer ballot envelope. Such voters shall not be required to complete a voter registration form. It also shall not be necessary to obtain approval from the registrars to issue provisional ballots to such voters. The poll officers shall place the name of the person on the numbered list of provisional ballot voters. Before issuing the outer ballot envelope to the person, the poll officers shall enter the person's name, the name of the precinct, the date and name of the election, and the ballot style (district combination) on the outer envelope. The person shall then retire to a provisional ballot voting booth and mark the ballot with his or her intended selections. Upon completing the ballot, the person shall seal the ballot in the inner ballot envelope and place the inner ballot envelope containing the ballot into the outer ballot envelope and shall seal the outer ballot envelope. The person shall then return the sealed envelope to the poll officers. Upon receiving the sealed ballot envelope from a person completing a provisional ballot, the poll officers shall verify that the information requested on the outer ballot envelope is complete, shall mark the appropriate box to designate that the ballot is an extended poll hours provisional ballot, and shall direct the person to place the ballot envelope into the secure container for provisional ballots which shall be located within the enclosed space in the polling place where it can be monitored by the poll officers and observed by the public.

(c) If the voter's name is not on the electors list, the poll workers shall follow the provisions of this rule for regular provisional balloting under this rule and, if the voter is authorized by the registrars to vote a provisional ballot under the terms of this rule, shall also mark the appropriate box on the outer ballot envelope to indicate that the ballot was issued during extended poll hours.

(d) If the voter's name is on the electors list but registered to vote for the first time in this state by mail and has not provided the identification required by O.C.G.A. § 21-2-220. the poll officers shall permit the voter to vote in accordance with the provisions of this rule for first time voters who register for the first time in this state

AMERICAN OVERSIGHT

by mail without providing the required identification. and shall also mark the appropriate box on the outer ballot envelope to indicate that the ballot was issued during extended poll hours.

(e) The poll officers shall provide each first time voter who registered for the first time in this state by mail without providing the required identification who casts a provisional ballot information on how the voter may provide the registrars with the appropriate identification in order that the voter's ballot may be counted.

(7) Each voter casting a provisional ballot in a primary. election, or runoff in which federal candidates appear on the ballot shall be given written information explaining how such voter can ascertain if such ballot is counted and, if such ballot is not counted, the reason why such ballot was not counted.

(8) The provisional ballot voter's certificates and voter registration cards may be picked up during the day by a registrar or deputy registrar for the purpose of beginning the process of determining the eligibility of the persons to cast provisional ballots. Before transferring the voter's certificates and registration cards to the registrars during the day, the poll officers shall note the number of certificates and cards being transferred to the registrars. If such voter's certificates and registration cards are not picked up by the registrars by the time that the polls close and the last voter has voted, the envelope in which the provisional ballot voter's certificates and voter registration cards have been deposited shall be securely sealed and shall be returned to the election superintendent with the other materials from the polling place.

(9) After the close of the polls and the last voter has voted, the poll officers shall account for all voted provisional ballots, cancelled and spoiled provisional ballots, and unused provisional ballots. The ballot stubs and unused and spoiled ballots shall then be securely sealed in the container provided for them by the election superintendent. The poll officer, along with two other witnesses sworn as poll officers, shall then proceed to open the secure container in which the provisional ballots were deposited and count the number of voted provisional ballots contained therein. The poll officer and witnesses shall then compare the total number of persons voting provisional ballots as shown on the numbered list of provisional ballot voters with the number of ballots issued and the number of ballots voted. If these numbers do not equal one another. the poll officers shall determine the reason for the inconsistency and shall correct the problem before going further. The poll officer and witnesses shall seal the voted provisional ballots in a container for transfer to the election superintendent. The poll officers shall complete and sign a provisional ballot recap sheet and post one copy of the recap sheet on the door of the polling place with the election results from the precinct. The remaining copies of the provisional ballot recap sheet along with the numbered list of provisional ballot voters shall be returned to the election superintendent with the other election materials from the precinct.

(10) Upon receiving the election materials from the precincts, the election superintendent shall cause the envelope containing the provisional ballot voter's certificates and voter registration cards to be promptly removed from the other materials and, if applicable, transferred to the registrars for processing. If applicable, the voter's certificates and registration cards shall be transferred to the registrars no later than 9:00 a.m. on the day following the day of the primary, election, or runoff. The election superintendent shall also

AMERICAN OVERSIGHT

remove the container containing the voted provisional ballots and shall place such container in a secure location within the election superintendent's office.

(11)

(a) Upon receiving the provisional ballot voter's certificates and voter registration cards from the election superintendent, the registrars shall promptly proceed to determine the eligibility of each person that voted a provisional ballot.

(b) If the registrars determine that the person did timely register and is eligible and entitled to vote in such primary, election, or runoff, the registrars shall mark on the numbered list of provisional ballot voters that the ballot is accepted and shall notify the election superintendent of the proper ballot style (district combination) for the voter.

(c) If the registrars determine that the person did not timely register to vote for the primary or election or is not eligible and entitled to vote in such primary or election or if the registrars cannot determine by the close of business on the third business day following the day of the primary, election, or runoff if the voter timely registered and was eligible and entitled to vote in such primary or election, the registrars shall mark on the numbered list of provisional ballot voters that the ballot is rejected.

(d) Not later than the close of business on the third business day following the day of the primary, election, or runoff, the registrars shall return to the election superintendent the numbered list of provisional ballot voters reflecting the accepted and rejected provisional ballots.

(e) The names of those persons whose names are accepted shall be added to the official electors list. The voter registration cards of those persons whose ballots are rejected on the numbered list of provisional ballot voters shall be processed by the registrars and, if found to be eligible and qualified, shall be added to the electors list for future elections.

(f) The registrars shall maintain the provisional ballot voter's certificates for the same period of time and under the same conditions as the regular voter's certificates. Voter registration cards completed by provisional ballot electors shall be maintained for the same period of time and under the same conditions as other voter registration cards.

(12) Upon receiving the numbered list of provisional ballot electors from the registrars, the election superintendent shall prepare to count the accepted provisional ballots. The election superintendent shall first compare the precinct designation and election district information with the style of ballot (district combination) cast by the provisional ballot voter.

(a) If the ballot style (district combination) voted by the voter was correct, then the election superintendent shall open the outer envelope and place the inner envelope containing the ballot into a ballot box.

(b) If the ballot style (district combination) voted by the voter was not correct, then the election superintendent shall open the outer envelope and note the correct ballot style (district combination) on the inner envelope. Each such inner envelope shall then be placed in a separate container until all of the outer envelopes have been opened. The outer envelopes shall then be stored in a location away from the

AMERICAN OVERSIGHT

inner envelopes in a manner such that the inner envelope and ballot of a voter cannot be identified as being the ballot of a particular voter. The superintendent shall then open each such inner envelope and remove the ballot and shall place a unique identifying number on the ballot along with the designation of the precinct at the top of the ballot. The election superintendent shall then prepare or cause to be prepared a duplicate ballot. The duplicate ballot shall be clearly labeled with the word "Duplicate" and shall bear the name of the precinct and the same unique identifying number as the original ballot at the top of the ballot. The election superintendent shall transfer or cause to be transferred to the duplicate ballot, in the presence of at least two other consolidation assistants and in public, only the votes cast by the provisional ballot voter in the races and on the questions to which such voter was eligible and entitled to vote. The votes entered on the duplicate ballot shall be verified by at least one consolidation assistant. The completed duplicate ballot shall be placed in the ballot box with the other provisional ballots to be counted. The original ballot shall be placed into an appropriate container and retained.

(c) After opening all of the outer envelopes and making all necessary duplicate ballots, the election superintendent shall then open the inner envelopes of the ballots in the ballot box and proceed to count the votes in the same manner as absentee ballots are counted. Upon completing the count, the election superintendent shall add the provisional ballot votes to the other votes cast at the polls and by absentee ballot and shall consolidate and certify the results of the primary, election, or runoff. The provisional ballots and any duplicates shall be retained for the same time period and in the same manner as absentee ballots.

(d) The rejected provisional ballots shall be marked on the outer envelope as "Not Counted" and shall not be opened. The ballots shall be maintained for the same time period and in the same manner as absentee ballots which were returned too late to be counted.

(e) The election superintendent shall notify the registrars of the names of those persons who cast a provisional ballot in the wrong precinct or on an incorrect ballot style (district combination).

(13)

(a) Upon identifying the rejected provisional ballot electors, the registrars shall proceed fil the earliest possible time to notify each such person by first-class mail at the address shown on the provisional ballot voter's certificate that his or her ballot was not counted because of the inability of the registrars to verify that the person timely registered to vote or such other proper reason. The registrars shall also attempt to notify the person by telephone or email if the provisional ballot voter certificate contains an email address or telephone number. If the person's voter registration card was approved, the registrars shall also notify the person that his or her name will be added to the elector's list and the person will be eligible to vote in future primaries and elections and that a voter notification or precinct card will be mailed to the person to provide the voter with the correct precinct and election district information.

(b) Upon receiving notification from the election superintendent of the names of persons who cast provisional ballots in the incorrect precinct or on the incorrect

AMERICAN OVERSIGHT

ballot style (district combination), the registrars shall notify such persons of their correct precinct and/or election district information. The sending of a voter notification or precinct card by first-class mail to the address shown on the voter registration card completed by such person when voting by provisional ballot shall be sufficient notice for such voters.

(c) If the person's voter registration is rejected, the registrars shall notify the person of such rejection in accordance with O.C.G.A. § 21-2·226(d).

(d) In addition, the registrars shall establish a free access system, such as a toll-free telephone number or an Internet website, by which voters who cast provisional ballots in a primary, election, or runoff in which federal candidates are on the ballot may ascertain whether their ballots were counted or, if the ballots were not counted, the reasons why such ballots were not counted. The registrars shall establish and maintain reasonable procedures necessary to protect the security, confidentiality, and integrity of personal information collected, stored, or otherwise used by such system. Access to information about an individual provisional ballot shall be restricted to the voter who cast such ballot.

Authority: O.C.G.A. § 21-2-31

**Rule 183-1-12-.19 Preparation of the Electors List and Use of Electronic Poll Book**

(1) Election superintendents shall cause each polling place to be equipped with an appropriate number of electronic poll books within the county during primaries, elections, and runoffs. Electronic poll books shall be the primary method for checking in voters and creating voter access cards, but the superintendent shall cause every polling place to be equipped with a paper backup list of every registered voter assigned to that polling place. The paper backup list shall be used in case the electronic poll books do not properly function. The superintendent shall cause poll workers to be adequately training checking in voters on both electronic poll books and paper backup list.

(2) The county election superintendent shall maintain each electronic poll book device, and all components in a secure location as provided for in Rule .183·1-12-.04 and 183-1-12-.05.

(3) Effective January 1, 2006, the registrars of each county shall utilize the absentee ballot subsystem of the statewide voter registration system for absentee balloting and advance voting.

(4) The registrars of each county shall complete the entry of new and updated voter registrations on a timely basis as required by the Secretary of State and shall notify the Secretary of State upon the completion of all such data entry after a registration deadline.

(5) Prior to each primary or election as specified by the Secretary of State, the county election superintendent shall provide to the Secretary of State or his or her designee a final copy of the Selection management system database for the county.

(6) The county election superintendent and the registrars shall notify the Secretary of State or his or her designee of any changes to the voter registration file for the county or the

AMERICAN OVERSIGHT

election management system database that occur after the process for programing the electronic poll books has begun.
(7) During the period in which election system components are tested and prepared prior to delivery to polling places, the election superintendent shall cause each electronic poll book to undergo logic and accuracy testing. Each electronic poll book must pass such logic and accuracy test prior to being delivered to a polling place. The election superintendent or registrars shall verify the information contained on the electronic poll books prior to delivering the units to polling places.
(8) Prior to delivery to a polling place, the election superintendent or registrars shall cause the electronic poll books to accurately mark all persons who have been issued or cast absentee ballots in the election.
(9) Upon the conclusion of each primary, election, or runoff, the poll officers shall return the electronic poll books with the other election materials from the polling place to the election superintendent. The registrars and election superintendent shall inform the Secretary of State of all voters who cast ballots in each primary election or runoff in a format to be determined by the Secretary of State and in the same time period as the official election returns.
(10) For electors whose names are added to the voter registration rolls after the preparation of the electronic poll books, the registrars shall provide a printed supplemental list for use at the affected polling places.

Authority: O.C.G.A. § 21-2-31

**Rule 183-1-12-.20 Use of Emergency Paper Absentee Ballots When Voting Machines are Inaccessible**

Emergency paper ballots shall be offered to and may be used by persons with disabilities in non-emergency situations if the electronic ballot marker are inaccessible.

Authority: O.C.G.A. § 21-2-31

AMERICAN OVERSIGHT

## COPY OF THE PROPOSED NEW RULE

**RULE 183-1-12.01 Conduct of Elections**

1. Beginning with the 2020 Presidential Preference Primary, all federal, state, and county general primaries and elections, special primaries and elections, and referendums in the State of Georgia shall be conducted via an Optical Scanning Voting System as defined by O.C.G.A. 21-2-1(19.1). Voting at the polls, including both Election Day and absentee-in-person voting shall be conducted via ballots marked by electronic ballot markers and tabulated by ballot scanners. The electronic ballot markers and ballot scanners shall be supplied by the Secretary of State or purchased by the counties with the authorization of the Secretary of State. Absentee-by-mail voting shall also be conducted through the use of an optical scanning voting system.

2. The Superintendent shall cause every polling place and advance voting location to have a sufficient number of blank paper ballots that can be marked by pen available for use in the event of emergency. The election superintendent shall also be prepared to resupply polling places with emergency paper ballots in needed ballot styles in a timely manner while voting is occurring so that polling places do not run out of emergency paper ballots.

Authority: O.C.G.A. §§ 21-2-1, 21-2-31

**RULE 183-1-12.02 Definitions**

(1) As used in this rule, the term:

(a) "Ballot" shall have the meaning set forth in O.C.G.A. § 21-2-2.

(b) "Ballot scanner" shall have the meaning set forth in O.C.G.A. § 21-2-2.

(c) "Ballot Style" shall mean the specific offices, candidates, and questions displayed on an electronic ballot marker or paper ballot for voters according to their assigned precinct.

(d) "Electronic ballot marker" shall have the meaning set forth in O.C.G.A. § 21-2-2.

(e) "Election management system" is an electronic system that contains databases for elections, allows for the creation of ballots, generates ballot scanner memory cards, and computes tabulated results, amongst performing other election functions.

(f) "Electronic poll book" shall mean an electronic device that contains a list registered voters with sufficient information to look up voter, check them

AMERICAN OVERSIGHT

in, and encode voter access cards that bring up the correct ballot on an electronic ballot marker.

(g) "Election Superintendent" or "superintendent" means a county board of elections and registrations, a county board of elections, a judge of the probate court, or an elections supervisor or director so designated by a county board or judge of the probate court. For municipal elections, the term shall include the municipal counterparts set forth in O.C.G.A. § 21-2-2.

(h) "Enclosed space" shall mean that area within a polling place enclosed with a guardrail or barrier closing the inner portion of such area so that only such persons as are inside such guardrail or barrier can approach within six feet of the ballot box, voting compartments, voting booths, voting machines, electronic ballot markers, or ballot scanners.

(i) "Opening of the Polls" shall mean the commencement of voting in a particular primary, election, or runoff. Opening of the polls does not refer to the unlocking or opening of the doors of the polling place. Similarly, the term "Closing of the Polls" shall mean the cessation of voting in a particular primary, election, or runoff and not the locking or closing of the doors of the polling place.

(j) "Poll officer" shall have the meaning set forth in O.C.G.A. § 21-2-2.

(k) "Polling place" shall have the meaning set forth in O.C.G.A. § 21-2-2.

(l) "Precinct" shall have the meaning set forth in O.C.G.A. § 21-2-2.

(m) "Voter Access Card" shall mean the electronic card issued to a voter which is inserted into an electronic ballot marker to bring up the voter's correct ballot.

(n) "Zero Tape" shall mean a tape printed out by a ballot scanner unit which shows that no votes have been tabulated by the scanner for that election.

(o) "Voting system" or "voting system components" shall include electronic ballot markers, printers, ballot scanners, election management systems, electronic poll books, and voter access cards.

Authority: O.C.G.A. §§ 21-2-2, 21-2-31

**Rule 183-1-12-.03 Acceptance Testing**

(1) Acceptance tests. Upon the receipt of new, repaired, or upgraded components of the voting system, including electronic ballot markers (which consists of both a touchscreen and a printer), ballot scanners, electronic poll books, and election management systems,

AMERICAN OVERSIGHT

the election superintendent of the county is responsible to check that an acceptance test has been performed on the device in accordance with standards issued by the Secretary of State. No component of the voting system shall be placed into service until such time as the unit satisfactorily passes the prescribed acceptance tests.

Authority: O.C.G.A. § 21-2-31

**Rule 183-1-12-.04 Storage, Maintenance, and Transport of Statewide Voting System Components.**

1. The election superintendent of the county shall maintain all components of the voting system (including electronic ballot markers, ballot scanners, electronic poll books, and election management systems) in accordance with the requirements of this rule, the directives of the Secretary of State, and the specifications and requirements of the manufacturer.

2. All electronic components of the voting system shall be stored in a climate controlled space in which the temperature and humidity levels are maintained at acceptable levels year-round which shall not be lower than 0 degrees Celsius (32 degrees Fahrenheit) nor higher than 40 degrees Celsius (104 degrees Fahrenheit) and not lower than 20 percent relative humidity and not higher than 85 percent relative humidity such that no condensation forms on such components. The components shall not be stored in an area in which liquids or fluids stand, pool, or accumulate at any time or in areas that are subject to such standing, pooling, or accumulating liquids or fluids. The space in which the components are stored shall be secured and shall be accessible only to persons authorized by the election superintendent to have access to such components or such space. The components shall be stored in their packaging boxes or carrying cases with foam inserts and shall not be stacked more than four units high. The back-up battery for the ballot scanner shall be charged at least every 9 months.

3. The storage areas for the voting system components at the county election office or other designated county facility shall be equipped with one or more of the following forms of electronic surveillance and protection: keypads or electronic locks, motion detectors, video surveillance, or a security system that is connected to an outside monitoring source, such as the police department or fire department.

4. The election Superintendent shall maintain numbered seals on all electronic ballot markers and ballot scanners in storage and all seal numbers shall be recorded and on file in the office of the election superintendent.

5. All components of the voting system shall be securely transported to polling places. Electronic ballot markers (including printers) and ballot scanners shall be transported in secure boxes or carrying cases that provide vibration and impact protection.

AMERICAN OVERSIGHT

6. Upon delivery to a polling place in preparation for a primary, election, or runoff, all components of the voting system shall be secured and protected from unauthorized access. Upon delivery, the components shall either be stored in a locked, secure room at the polling place; in a locked, secure container that is reasonably affixed to the polling place; be under visual surveillance of an election official or their designee, law enforcement official, or licensed security guard; or, if the previously listed options are not feasible, in another manner, that in the reasonable judgement of the superintendent, secures and protects the voting system components from unauthorized access. Any electronic visual surveillance used for security when voting is not taking place shall not record, capture, or otherwise compromise the privacy of an elector's ballot.

7. The expenses for the implementation of the storage and security requirements of this rule shall be the responsibility of the county or municipal governing authority, as applicable, unless such security features are provided by the State.

8. Maintenance of Voting System Components. After the end of the initial warranty period for state owned voting system components, the county shall be responsible for maintaining an appropriate warranty or otherwise be responsible for maintenance and upkeep of such devices, including the repair and/or replacement of any devices which are destroyed, damaged, or otherwise rendered incapable of use in elections.

Authority: O.C.G.A. § 21-2-31

**Rule 183-1-12-.05 Security of Voting System Components at County Elections Office or Designated County Storage Area**

1. Software security. The software contained in electronic ballot markers, ballot scanners, election managements systems, and electronic poll books, regardless of whether the unit is owned by the county or the State, shall not be modified, upgraded, or changed in any way without the specific prior approval of the Secretary of State.

2. Electronic ballot markers, ballot scanners, and election management systems shall not be connected to the internet and no other software shall be loaded onto or maintained or used on computers on which the election management system software is located except as specifically authorized by the Secretary of State.

3. The room in which the election management system is located shall be locked at all times when the system is not directly under the supervision of the election superintendent or his or her designee. Lock and key access to the room where the election management system is located shall be limited to the county election superintendent; the election supervisor, if any; personnel of the county election superintendent's office designated by the county election superintendent; building maintenance personnel; and emergency personnel. Building maintenance personnel

AMERICAN OVERSIGHT

shall have access to the room in which the election management system is located only to the extent necessary to carry out their maintenance duties. The election superintendent shall maintain on file at all times in the office of the election superintendent a complete and up to date list of all maintenance personnel with access to the room in which the election management system is located. Emergency personnel shall have access to the room in which the election management system is located only as necessary in the event of an emergency and only for the duration of such emergency condition.

4. The election management system shall remain password-locked at all times when not in use.

5. While in storage at the county elections office or designated county facility, all components of the voting system (including electronic ballot markers, ballot scanners, electronic poll books, ballot boxes, and election management systems) shall be stored under lock and key at all times when not in use. Lock and key access to such items shall be limited to the county election superintendent; members of the county board of elections; the election supervisor, if any; personnel of the county election superintendent's office designated by the county election superintendent; building maintenance personnel; and emergency personnel. Building maintenance personnel shall have access to the area where such items are stored only to the extent necessary to carry out their maintenance duties. The election superintendent shall maintain on file at all times in the office of the election superintendent a complete and up to date list of all maintenance personnel with access to the area in which such items are stored. Emergency personnel shall have access to the area where such items are stored only as necessary in the event of an emergency and only for the duration of such emergency condition. Whenever maintenance or emergency personnel are required to enter the storage area, the election superintendent must be notified of that entry as soon as possible and the election superintendent must maintain a log of those persons who entered the storage area.

Authority: O.C.G.A. § 21-2-31
