Subject: Budget Forecasting

Hi...
Hope everyone is doing well this the virus outbreak. I have attached a copy of the finalized Budget forecast for your org. I reviewed your budget for the last few yrs and your expenses so far and based my analysis on those data. Please look at Column AB and AI for revised budget for AY20 and AY21. Since you are busy and I have deadline to meet, I would like this sheet to be approved by tomorrow the latest. If you don't agree on those numbers and think you would like to add more or take fund out, I will more than happy to do so. Use column AM (Comments) if you want to set your budget at different amount with an explanation so I can verify to exec the changes.

Thanks and hope to hear from you soon. FYI, if you want to schedule a meeting, I am open today except 1:30-2:30 and all day tomorrow

thanks

Subject: Budget Meeting 03/19/2020

Hello Jeff,

Attached please find the Monthly Budget Status Reports for the period ending February 29, 2020 that will be presented tomorrow. I am planning a brief discussion on these reports as there are no substantive changes since last month. I am planning to use the time to discuss proposed changes to the FY 2022-23 Budget Structure Elements, due to the LBB on Friday, March 27, 2020, and the FY 2020 Budgetary Cycle Decision Document. I have attached a copies of both.

I am not planning to print copies and request attendees please bring a copy either paper or electronic to the meeting. We are scheduled to have a call in line for the meeting, but could try Uber if you are up for it. Please note I will be working remotely tomorrow.

Thanks,
Michele

Decision Document - FY 2020 Budgetary Cycle								
#	Date	Strategy/Program	Decision Required	Current Status	Options (not all inclusive)	Recommendations	Next Steps	Outcome
1	seeking approval no later than 3/25/2020	All	OAG Budget Structure modifications (Goals, Objectives, Strategies, Performance Measures, and performance measure definitions)	<i>In Progress.</i> Each biennium agencies have the opportunity to make changes to its budget structure. Deputy review to be completed by March 10, 2020 and sent for Controller review by March 11, 2020.	1. Substantive changes (<i>i.e. add a new strategy or delete a current measure</i>) 2. Non-substantive changes (<i>i.e. revise current language for clarity and transparency</i>)	It is recommended First Assistant approve revisions to the budget structure elements as approved by the respective deputy, Controller, and IRD.	Present proposed revisions to First Assistant at monthly budget status meeting scheduled March 18, 2020. Approved submission due to the LBB and OOG by Friday, March 27, 2020.	
2	seeking approval no later than 5/27/2020	All	FY 2021-25 Strategic Plan	<i>In Progress.</i> Certain elements are required by statute and instructions to be included in the strategic plan. However, an agency has significant discretion for the tone, goals, action plans, and agency highlights. Utilizing the forum of the strategic plan is an excellent vehicle to lay out an agency's priorities and agenda for the next five years.	1. Establish core workgroup, determine timeline, and develop work plan. 2. Receive First Assistant assessment and direction on primary elements. 3. Update required portions for current data/information, tone, highlights, agenda, and other elements. 4. Request feedback from Deputies and Divisions on potential redundancies and impediments and assess for inclusion. Items stated in the previous strategic plan will be evaluated for continued inclusion if not previously accepted by the Legislature. <i>Goal is to have a draft circulating the first week of May for review and ready for First Assistant review May 15, 2020, if not sooner. Note changes to the customer service report per Strategic Plan instructions will delay receipt of this from Constituent Affairs, expected May 1, 2020.</i>	<i>Outcome from strategic planning discussion with the First Assistant: Continue oversight of compiling required elements. Decision made to leave goals as presented in the prior strategic plan and update action plans, highlights, and milestones as applicable. In addition, assess redundancies/impediments for update. Update Supplemental elements (HUB, agency workforce, etc.).</i>	1. Request divisions provide updates to action plans for FY 2021-25 and milestones/data points since the last strategic plan. 2. Receive feedback from deputies and divisions on redundancies and impediments. 3. Receive part 2 supplemental elements from assigned parties. 4. Compile draft for First Assistant review. 5. The Strategic Plan is due to the LBB and OOG by Monday, June 1, 2020.	
3	4/30/20 for spending limits; due early June in LBB prescribed format	All	Approve General Revenue and General Revenue-Dedicated FY 2020-21 base spending levels. These spending levels are submitted to the LBB (<i>Base Recon also includes Federal Funds and Other Funds.</i>)	<i>In Progress.</i> The development of base level spending limits is contingent upon other decisions needed in this document. As decisions are made, amounts will be used to build the spending levels.	1. Compile and present decisions formulating base spending levels for each program area. 2. Assess increases or decreases to spending levels based on expenditure projections as forecasting is complete. <i>FY 2020-21 Base Recon instructions not yet issued. In FY 2018, instructions were issued 4/5/2018.</i>	Document decisions made determining FY 2020-21 base level spending amounts.	Incorporate decisions made into prescribed LBB format for Base Reconciliation. Forward final work product to First Assistant for approval prior to sending to LBB. <i>Meeting has been scheduled to present the LBB required format on June 3, 2020 although LBB due date not yet issued.</i>

4	06/30/20	All	10% Reduction Schedule for General Revenue and General Revenue Dedicated funding in FY 2022-23.	<i>In Progress.</i> Since the 2012-13 LARs, the LBB has requested agencies prepare a "what if" scenario of reducing an agency's reliance on GR and GR-D. It is anticipated the LBB will request a 10% reduction schedule for the FY 2022-23 LAR.	Primary reduction options for Legal Services is salary funding and associated FTEs. Child Support has a broader range of activities to consider in addition to staff. However, reductions will adversely affect program productivity. CVC and VA cannot be used for the portion funded with GRD Fund 0469 as it is an exempt funding source. For VA, the Sexual Assault Program Account Fund 5010 could be considered for the portion funding grants and very small part for operations. As with Legal Services, Medicaid Investigations primary area for reduction will be staff. <i>FY 2022-23 LAR instructions have not yet been issued. Instructions issued June 22, 2018 for the FY 2020-21 LAR.</i>	1. Assemble a team to identify and prioritize possible reduction items for the 2022-23 LAR 10% Reduction Schedule. 2. Request First Assistant direction be provided to deputies prior to assembling team. 3. Identify team members with deputy guidance.	The FY 2020-21 base spending levels must be set before determining an exact target amount for applying the 10% reduction. <i>(Note: The LBB provides agencies this amount after base spending levels have been approved.)</i> The task force will begin using the target amount from FY 2018-19. A timeline will also be developed and it will be communicated when the recommendations are available. A meeting will be scheduled to present by core task force members to the First Assistant.	
5	07/16/20	All	Approve text included in the 2022-23 LAR, including Administrator Statement and Rider Revision Schedule.	<i>In Progress.</i> The text within an LAR sets the tone of the agency's request and is a forum for stating the agency's objectives and goals for the upcoming biennium <i>(i.e. focus on the core constitutional function of providing legal services)</i> . This is also a forum to reiterate the goals and objectives from the strategic plan.	Text will be provided in a Word document format that will allow revisions using the track changes function. Prior to reviewing this format, it is anticipated discussions and guidance will be needed for setting the tone.	N/A	Distribute text to the programs for updating where applicable <i>(will not include Administrator Statement)</i> . Text will filter through the respective deputy, Controller, and IRD review prior to sending for First Assistant approval.

#	Date	Strategy/Program	Decision Required	Current Status	Options (not all inclusive)	Recommendations	Next Steps	Outcome
6	needed no later than 4/30/20 for FY 2020-21 levels and 5/31/20 for 2022-23 levels	Legal Services	1. Approve Legal Services attorney fee projections for FY 2020-23. 2. The 85th Leg. swapped \$3.25 million per year of GR with attorney fees. To mitigate the ongoing loss of GR since the swap was from one-time funds, the OAG requested in the 2020-21 LAR to increase base attorney fees from \$18.7 million to \$20.5 million, which was a ten-year historical trend. The 86th Leg. approved the increase in base attorney fees as set forth in Rider 7 to \$20.5 million. Thus, the portion of the Legal Services budget financed with attorney fees ("the spend") is still \$1.8 million greater than the maximum collections per year assuming the spend has not increased since two years ago. However, the spend has increased on an ongoing basis (amounts to be provided at the April meeting) creating a larger gap between the two.	<i>In Progress.</i> 1. Attorney fee actual collections are higher than the base amount in Rider 7 plus the \$10.0 million additional collection allowance. OAG has returned \$1.5 million to GR as of February 29, 2020 monthly status report. The LBB will become aware of the excess the first of March when the Rider 7 report is submitted as required. 2. A ten-year analysis of attorney fee collections is being compiled and removes outliers of one-time big cases in order to smooth the results (FY 2009 - FY 2019). 3. Budget Division is forecasting with legal divisions the revised attorney fee projections for the remainder of FY 2020 - FY 2023.	1. Receive current attorney fee projections for FY 2020-23 (as of the end of February 2020). Formulate a level to use for forecasting collections. 2. Assess current attorney fee collections against current spend. Consider increased spend as warranted from (1) review of division's request; (2) remaining \$1.8 million delta between what is spent and what can be earned; and (3) increased ongoing attorney fee spend. Determine if funding could be provided through increased base Rider 7 amount or if another source of revenue is more appropriate (i.e. ongoing earned federal funds or exceptional item request).	Receive presentation and proposal at meeting on April 9, 2020. Forecasts for FY 2020-23 will be provided and recommendations made for attorney fee spending levels, which will include addressing division's needs as information is available. In addition, historical ten-year information less outliers will be available for discussion.	Determine attorney fee collections forecast to fund Legal Services in FY 2022-23. Approve course of action for FY 2020-23.	
7	needed no later than 4/30/20 for FY 2020-21 levels and 5/31/20 for 2022-23 levels	Legal Services	Approve excess earned federal fund amounts for both the one-time funds in FY 2020-21 and the ongoing level for FY 2022-23.	<i>In Progress</i> Estimates for FY 2020 excess earned federal funds are indicating approximately \$6.0 million will be available without considering the child support equity increase, which will drive this number higher. Estimates for FY 2021-2023 are currently being considered. The rates submitted to the feds for the FY 2021 indirect cost plan are increasing for both child support and MFCU by 1.8% and 1.52%, respectively, which will continue to drive the earned federal fund collections higher than projected two years ago.	1. Request an increase to GR in the Base Reconciliation for FY 2020-21 targeting the levels to increase on an ongoing basis rather than actual collections. The additional GR forecasted for FY 2022-23 can be approved for ongoing spending needs as presented in the Admin/Legal request list or to offset a revenue shortfall (i.e. IAC in Legal Services Strategy). <i>Note this practice was employed for the FY 2020-21 LAR although a conservative estimate was used, approximately \$2.0 million per year.</i> 2. Allow the increased earned federal funds to remain as one-time funds when amounts materialize in FY 2022 and FY 2023.	Recommendations for increasing ongoing future levels are still being evaluated and developed.	Receive presentation and recommendations at April Monthly Budget Status meeting scheduled for April 27, 2020. This will be considered in conjunction with Admin/Legal request list.

8	needed no later than 4/30/20 for FY 2020-21 levels and 5/31/20 for 2022-23 levels	Legal Services	Assess the need for increased travel funds overall in the Civil Litigation divisions due to inflationary increases and developmental needs of lower level AAGs. The impact of increased travel spans beyond the current biennium. A decision is needed on how to fill the shortfall in FY 2020 and plan for FY 2021 - FY 2023.	<i>In Progress</i> Estimates for FY 2020 travel shortfalls in the Civil Lit divisions are currently being projected along with forecasted needs for FY 2021- FY 2023. In addition, a contract to pay for travel in the Transportation Division is being vetted with TxDot. Should the additional funding materialize from the TxDot contract, it will be available to address the shortfall in FY 2020. However, securing this funding for future fiscal years is still uncertain. Additional information is still needed before conclusions can be drawn and recommendations provided.	1. Fund Civil Lit travel shortfall from attorney fees or excess earned federal funds. 2. Request an exceptional GR item to provide additional travel funds in the Civil Lit division. 3. Require the Civil Lit divisions to remain within current budget allocation for current year and future years which could result in additional retention complications.	Recommendations for addressing the increasing ongoing future needs are still being evaluated and developed as well as the projected amounts needed for funding optimal levels.	Receive presentation and recommendations at April Monthly Budget Status meeting scheduled for April 27, 2020. This will be considered in conjunction with the Admin/Legal request list.	
9	needed no later than 4/30/20 for FY 2020-21 levels and 5/31/20 for 2022-23 levels	Legal Services	Take action on items surfacing from the forecasting efforts by the Budget Division with Admin/Legal divisions referred to as the Admin/Legal request list.	<i>In Progress</i> The Budget Division is compiling a list from Admin/Legal divisions requesting additional resources above their base budget approved in the FY 2020 IOB. Requests will be for the current year plus FY 2021 - FY 2023. It is likely these requests are not appearing for the first time and surfaced during the Chief of Staff project from earlier this year.	It will be at the First Assistant's discretion to approve Admin/Legal request items. Recommendations will be provided as appropriate and after approval from the deputy.	It is recommended the First Assistant consider the Admin/Legal request list along with available options for funding requests in current biennium and future biennia.	Receive presentation and recommendations at April Monthly Budget Status meeting scheduled for April 27, 2020.	
10	needed no later than 4/30/20 for FY 2020-21 levels and 5/31/20 for 2022-23 levels	Legal Services	No decision required, provided for informational purposes only.	<i>In Progress</i> Biannualize year 2 funding received in Rider 32 for AAG salary increases and Rider 29 for Human Trafficking expansion.	Ensure FY 2020-21 Base Reconciliation includes sufficient funding for Year 2 funds on a biennial basis.	Include biennial GR amount for Rider 32 and 29 in the FY 2020-21 Base Reconciliation.	Update FY 2020-21 method of finance to include additional GR for the second year funds needed to sustain the funding level over the FY 2022-23 biennium for AAG salary increases and Human Trafficking expansion.

11	needed no later than 4/30/20 for FY 2020-21 levels and 5/31/20 for 2022-23 levels	Legal Services	Consider and assess interagency contract revenue (IAC) levels in the Legal Services strategy for FY 2020 - FY 2023.	<i>In Progress</i> Overall IAC revenue for Legal Services is declining (i.e. TxDot and HHSC). This revenue source includes OAG contracts with other state agencies that are outside the scope of the OAG Rider 8 appropriations (contracts for legal services).	1. Evaluate the impact of declining IAC revenues with regards to financing the Legal Services budget for FY 2020 - FY 2023. 2. It is anticipated a shortfall will exist and will need to be made up from either attorney fees or excess earned federal funds. 3. Decisions will need to be made on the level of IACs for funding the Legal Services budget in FY 2022-23.	Complete an analysis of the projected IAC revenue for FY 2020 - FY 2023 and compare to base level appropriations. Prioritize funding the shortfall before approving funds for the Admin/Legal request list.	Receive presentation and recommendations at April Monthly Budget Status meeting scheduled for April 27, 2020. This will be considered in conjunction with Admin/Legal request list.	
12	needed no later than 4/30/20	Legal Services	Consider and assess the need to form a workgroup for increased multi-state litigation (MSL) cases.	To date, a workgroup has not been assembled. MSL cases are being handled on an ad-hoc basis.	1. Assign a workgroup with a specific objective to develop boundaries and guidelines for MSL cases and construction of rider language to include in the FY 2022-23 LAR. 2. Continue practice of addressing MSL cases on an add needed basis.	Receive guidance on the priority of resources to focus efforts on the need for increased support related to MSL cases.	Discuss at the March Monthly Budget Status meeting.

13	needed no later than 4/30/20 for FY 2020-23	Child Support (includes State Disbursement Unit-SDU)	Approve Child Support (CS) program revenues for FY 2020-23.	<i>In Progress.</i> CS revenue projections for (1) federal incentives, (2) interest on trust fund account, and (3) the annual \$35 fee are projected to be greater than the amount budgeted for FY 2020 and FY 2021. These revenue sources are considered 100% state and do not have a federal match in the CS appropriations or method of finance. The CS revenue projections are expected to be lower than projected for FY 2020 and FY 2021 for interagency contract revenue from HHSC, which will drive the corresponding federal matching funds down as well.	All CS appropriations must be used only in CS. Federal incentives, Recovered Assistance, \$35 annual CS fee, and \$3 monthly SDU fee are all considered General Revenue. Adding General Revenue budget authority in FY 2020-21 can increase the base spending levels in that biennium as well as for future biennia assuming funding streams remain constant. OAG has several options (1) budget projected additional revenues; (2) record additional revenue, lapse eligible funding, and return eligible portions to the state; (3) blended approach; and (4) defer and hold budget constant until later in the year after Base Reconciliation, which is not as transparent and hinders the ability to increase for projected levels and access funds. <i>(Note: Federal incentive payments cannot be lapsed and returned to the state.)</i>	1. Receive presentation and recommendations jointly with CS program on April 13, 2020 for revenue projections during FY 2020-23. 2. Determine funding level to sustain program objectives and initiatives, including decrease reliance on Recovered Assistance due to cash flow shortfall (see below).	1. Receive current revenue projections and assess budgetary needs for FY 2020-23. 2. It is necessary to include any additional draw of federal incentives before the end of April for FY 2020 should adding revenue above the current level be decided for FY 2020. A decision must be made on whether to increase incentives in FY 2020 before the end of April 2020.

14	needed no later than 4/30/20 for FY 2020-21 levels and 5/31/20 for 2022-23 levels	Child Support (includes State Disbursement Unit-SDU)	The 85th Leg. initiated a MOF swap in the CS program increasing the amount of Recovered Assistance (RA) to fund the CS budget by \$24.1 million per fiscal year and decreasing proportionately GR. The \$24.1 million is the state portion at 34% and does not consider the federal matching funds. The 100% amount is \$70.9 million. The RA account balance was projected to have a \$2.5 million available balance at the end of FY 2021, so the summer 2018 decision for the FY 2020-21 LAR was to postpone requesting a restoration of the GR until the FY 2022-23 LAR. At the time of the FY 2020 POB in December 2019, the ending cash balance for FY 2021 was estimated to be \$5.8 million assuming all funds for the IT Projects Strategy were expended in the FY 2020-21 biennium. A decision is needed on how to fund the state portion (\$24.1 million per fiscal year) moving forward in FY 2022-23.	<i>In Progress.</i> RA is not a sustainable funding source for the program and has a declining available reserve balance. When combined, these are creating a significant cash flow problem. There are anticipated levels of revenue to be received during FY 2022-23 (\$9 to \$10 million), but not at the current appropriated level. In addition, the RA will need to be collected prior to expending on the program since the cash balance will be primarily depleted, which creates an even bigger cash flow void in financing the CS budget. Revenue projections are currently being compiled by the CS program and joint forecasting efforts are in place with Budget.	1. Seek restoration of the MOF swap back to GR at the full amount of \$24.1 million per year through an exceptional item request, which resolves the funding and cash flow issues but requires CS program expenditures to be left short. 2. Pivot all increased revenue projections for FY 2022-23 toward reducing the \$24.1 million per fiscal year state funding need being mindful to consider pros/cons of offsetting 34% state void with 100% state funds. Perform a MOF swap to GR for the delta which does not require an exceptional item request. 3. Variations of Option 1 and 2 (i.e. anticipate funding the budget with 2022-23 RA collections and the remaining balance would be a MOF swap of budget authority). <i>It is important to note that shifting the budget authority from RA to GR does not require an exceptional item. An exceptional item would be required only if you leave program expenditures short.</i>	1. Receive presentation and recommendations jointly with CS program on April 13, 2020 for revenue projections during FY 2020-23. 2. Determine funding level to sustain program objectives and initiatives as well as strategically position the program and the agency against any potential backlash remaining from the equity project.	Assess impact of revenue options on RA and propose specific options for consideration and approval that are fully vetted and agreed-upon by CS program, Budget, IRD, and Controller.	
15	need no later than mid-June 2020	Child Support (includes State Disbursement Unit-SDU)	Assess and determine rider language to propose removing that was added by the 86th Leg. The 86th Leg. added specific rider language to limit the CS program's ability to transfer funds into the program and expend funds on certain things in conjunction with cancelling T2.	<i>In Progress.</i> It was initially thought and agreed to remove all new riders and language added that was related to the CS program (i.e. Rider 35 and 26). However, it may be necessary to strategically determine how, which ones, etc. to remove in light of equity project.	1. Remove all new language added to Riders 12, 24, 35, and 36. 2. Strategically remove certain language.	Recommendations are still being evaluated and developed.	Continue to collect data and evaluate options. It is important to consider strategically positioning rider authority to mitigate potential backlash from equity project.

16	needed no later than 4/30/20 for FY 2020-21 levels and 5/31/20 for 2022-23 levels	Agency IT Projects	Determine CS IT Project spending levels for FY 2020-23.	<i>In Progress.</i> 1. The level of funding spent on the CS IT Project must be locked down for the Base Reconciliation fiscal years 2020-21 and cannot change once submitted and approved by the LBB and OOG. Amounts available and left unspent for FY 2022-23 will be assessed against the 2020-21 level. 2. Awaiting federal and state approval on phase 1 as well as development of the project roadmap. 3. Project leadership will not be able to change the spend forecasts beyond submission of the Base Reconciliation without ramifications and possible requirements to update the LAR. The project spend can materialize lower, but if projections change and more funding is needed beyond the level requested in the Base Reconciliation, there are consequences associated with pulling that lever (i.e. introduced appropriations include funding the agency has already spent on the project).	1. Smooth the level of GR and RA (state portion) as much as possible so that the base amount could remain the same for both biennium (FY 2020-21 and FY 2022-23). 2. Strategically position project to utilize the spending of attorney fees (appropriated receipts) first.	Recommendations are still being evaluated and developed. It is very important to remain mindful of the Rider 2 amount for DCS. 17	needed no later than 4/30/20 for FY 2020-21 levels and 5/31/20 for 2022-23 levels	Crime Victims Compensation	Crime Victim Compensation (CVC) claim payment amounts	<i>In Progress.</i> The OAG received a MOF swap between GRD Fund 0469 and Federal Funds amounting to \$9,250,000 per year in FY 2020 and FY 2021 for CVC claim payments. The additional appropriation by the 86th Leg. to GRD Fund 0469 was intended to be phase 1 of 2. The FY 2022-23 LAR will need to address the necessity of securing an even higher level of GRD Fund 0469 to fund CVC claim payments. Depending on the materialization of actual amounts in FY 2020 and FY 2021, it is possible OAG may need a supplemental appropriation during the 87th Session because VOCA grant funds could be depleted and access to the FY 2021 grant does not occur until around August 2021. A reminder the 85th Leg. performed a MOF swap decreasing GRD Fund 0469 appropriations by \$12.3 million per year and accelerated the use of VOCA grant funds proportionately.	Develop options for paths forward including consideration of cash flow in GRD Fund 0469, VOCA grant levels available, projected revenues, and impact to Victims Assistance grants funded with GRD Fund 0469. 1. Request an exceptional item for amount needed from GRD Fund 0469 to fund claim payments and stabilize receipts of future VOCA awards. 2. Use GRD Fund 0469 budget authority from Victims Assistance in FY 2022-23 to prioritize CVC claim payments and eliminate the need for a CVC MOF swap exceptional item. This option forces grants to be short in the FY 2022-23 LAR, however, models will likely indicate some level of cash shortage for grants in lieu of this decision. This path could be negatively perceived by Leg. 3. Request an exceptional item for amount needed from GRD Fund 0469 to fund claim payments and stabilize receipts of future VOCA awards and leave grants short. This option sets aside the dollars for Leg. to appropriate during session if VOCA grant awards are sufficient. All options should likely be discussed with the four offices prior to finalizing LAR position.	Receive presentation at the April 28, 2020 . CVC claim payments projections for FY 2020-23 and cash flow impact will be presented. Options will be made available for decision making along with subsequent impact to victim assistance grants.	Receive CVC claim payment forecasting model and assess impact to Fund 0469 for FY 2020-23. Recommendations at the April 28, 2020 meeting will be fully vetted by CVSD, Budget, IRD, and Controller. Decisions to increase the amount of GRD Fund 0469 for CVC claim payments drives the necessity to make a decision on Victims Assistance grants because GRD Fund 0469 dollars will be insufficient for both (separate item identified below). Approve course of action for FY 2020-23.

18	needed no later than 4/30/20 for FY 2020-21 levels and 5/31/20 for 2022-23 levels	Crime Victims Compensation	Crime Victim Compensation (CVC) administration expenses: 1. CVC Medical Cost Containment Services Contract is increasing and is paid from GRD Fund 0469 administrative budget. 2. If salary increases are to be made available in CVSD during FY 2022-23, an amount must be built into the base request unless an exceptional item is sought.	<i>In Progress.</i> 1. An EAM was approved on March 3, 2020 to award contract for CVC medical cost containment with the caveat that available funds beyond FY 2020 would be addressed in the LAR process. One-time funds will be sufficient to cover the cost increase for FY 2020, but on-going funding is not available within the CVSD budget without modification during the base reconciliation process. 2. CVSD has funding available in FY 2020 and FY 2021 in the amount of \$190,000, ongoing, to increase minimum salary amounts for certain positions and address continued turnover concerns. There is insufficient administrative operations funding available to provide salary increases in FY 2022-23 biennium.	1. Request an exceptional item to increase CVC Fund 0469 authority for administrative operations increased expenditures anticipated in FY 2022-23. 2. Assess during claim payment projection analysis an opportunity to shift claim payments from GRD Fund 0469 to federal VOCA and backfill state funds made available in GRD Fund 0469 with the increased administrative operations expenditures at a proportionate amount. 3. Employ budget technique to fund increased CVC medical cost containment services contract in FY 2022-23 with monthly one-time salary lapse and take no action on ongoing salary increases in FY 2022-23 biennium. 19	needed no later than 4/30/20 for FY 2020-21 levels and 5/31/20 for 2022-23 levels	Victims Assistance	Due to the immediate need to fund CVC claim payments with increased GRD Fund 0469, fewer dollars will be available to fund Victims Assistance grants from this revenue source. Thus, grants will be short when assuming base level funding holds constant. A strategic position will be needed on the resulting shortfall. It is important to note this is not the only driver for the cash shortage in GRD Fund 0469. In FY 2015-14, the 83rd Leg. appropriated GR for the first time to fund grants. In FY 2016-17, the 84th Leg. significantly reduced the amount of GR to fund grants due to cost savings and shifted to using GRD Fund 0469. In FY 2018-19 and FY 2020-21, the Legislature did not address the need to shift funding back to GR. Cash balances available in GRD Fund 0469 are rapidly declining and are reaching a point of unsustainability as was the case in FY 2014-15 due to over-appropriation.	<i>In Progress</i> As part of CVC claim payment forecasting, revenue projections available for GRD Fund 0469 and a cash flow analysis are being prepared and analyzed. Generally, the Texas Constitution, Article I, Section 31 and the Code of Criminal Procedure, Sections 56.54 and 56.541 prioritize use of GRD Fund 0469 for claim payments over funding grants. The specific cite governing the priority is Code of Criminal Procedure, Section 56.541 (c). Recommendations for how to reflect prioritizing CVC claim payments in the Base Reconciliation and LAR are being developed by CVSD, Budget, IRD, and the Controller.	1. Leave the grants proportionately short for the dollars that are not available once CVC claim payments are funded through FY 2023 at current level, and the statutorily required buffer and catastrophic contingency with punting to the Leg. to determine how to fill the gap. 2. Leave the grants proportionately short for the dollars that are not available once CVC claim payments are funded through FY 2023 at elevated level, and the statutorily required buffer and catastrophic contingency with a GR exceptional item to fill the deficit for grants. This would be accomplished by moving the GRD Fund 0469 authority from Victims Assistance to Crime Victims Compensation in the LAR for FY 2022-23 eliminating the need for an exceptional item on the CVC claim payment MOF swap. It is important to note there are many options for strategy on this item. However, it is most important to remember not all OAG grants are funded with GRD Fund 0469. Also, HHSC receives GRD Fund 0469 for CASA and CAC. Also, as mentioned above for CVC claim payments, all options should likely be discussed with the four offices prior to finalizing LAR position.	Receive the full spectrum of options to address the grant shortfall during the April 28, 2020 presentation with CVSD. Options will be made available for decision making along with joint recommendations.	Receive understanding of options available to strategically position the grant shortfall anticipated in GRD Fund 0469 for FY 2022-23. Recommendations at the April 28, 2020 meeting will be fully vetted by CVSD, Budget, IRD, and Controller. Approve course of action for FY 2020-23.

20	needed no later than mid-June for FY 2022-23	Victims Assistance	The Sexual Assault Program Account Fund 5010 is funded primarily from the fees imposed on sexually oriented business. This revenue source is declining due to the creative ways businesses are getting out of paying the fees. In addition, the 86th Leg. appropriated an additional \$10.0 million from this funding source for HHSC. As the controlling agency for Fund 5010, the OAG should determine the level of involvement to have with the anticipated shortfall of revenue. Additionally, OAG has a substantial amount of funds appropriated to two programs in Rider 9, greater than \$20.0 million for a biennium.	<i>In Progress.</i> OAG is currently providing cash for agency appropriations on a quarterly basis as an oversight to the cash balance for the FY 2020-21 biennium. In addition, revenue projections in conjunction with CPA will need to be compiled for the remainder of FY 2020 and through FY 2023. OAG is not currently required to prepare a revenue schedule in the LAR, however, reporting requirements could change since there is more historical data available on this revenue and the spend continues to increase per Legislative action causing pressure on the responsibilities of being a Controlling Agency.	Options are currently being developed.	1. Coordinate with CPA on revenue estimating and cash forecasting. 2. Evaluate the projected cash shortfall assuming current appropriations, including the increased \$10.0 million to HHSC in FY 2020-21, holds constant. 3. Consider the HHSC grants for CASA and CAC are substantially funded from GRD Fund 0469 and Fund 5010. Possible engagement may be necessary during the LAR process to warn of funding shortfalls.	1. Forecast Fund 5010 revenues against appropriations as well as into the next biennium assuming a constant spend. Coordinate with CPA as appropriate. 2. Present model and findings with recommendations.	
21	needed no later than 4/30/20 for FY 2020-21 levels and 5/31/20 for 2022-23 levels	Legal Services IT	Information Technology needs are anticipated beyond current resources available in the base budget for very specific projects. Funding allocations should be assessed as well as decisions on strategically planning these projects. The urgency for planning projects is driven by the speculation the Legislature could remove OAG's rider authority to add capital budget items or increase appropriated capital budget items as a result of the pivoting of DCS funds in CS for the equity project.	<i>In Progress.</i> IT is currently having discussions and maintaining a list of information technology resources that will be needed in FY 2020 - FY 2023. These resources are for Admin/Legal only and would need to be funded from the Legal Services strategy. Items currently identified include: 1. Ongoing funds beyond FY 2021 for Crowdstrike and DocuSign; 2. Enterprise wide security staffing either FTEs or contract workers anticipated to be needed from current into the next biennium; 3. Ongoing funds for the Budget System beginning in FY 2022; 4. Possible ongoing funds for cybersecurity training; and 5. Ongoing costs of moving LCMS from Adjacent cloud to DIR cloud (Note: CVMS would also be impacted with costs to come from the CVC budget.)	It will be at the First Assistant's discretion to approve Admin/Legal information technology resource needs. Recommendations will be provided as well as potential funds sources. It is highly recommended to consider strategically building capital budget projects into the FY 2022-23 LAR for those specific years so that IT needs greater than \$100,000 per project can be implemented. This strategy is identified to mitigate the possible loss of OAG budget authority, specifically Capital Budget Rider 2 and Capital Expenditures Authorized Rider 24.	It is recommended the First Assistant consider the information technology resource needs along with available options for funding requests in current biennium and future biennia.	Receive presentation and recommendations at meeting scheduled May 1, 2020. Recommendations will be fully vetted and agreed-upon by IT, Budget, IRD, and Controller.

23	needed no later than 4/30/20 for FY 2020-21 levels and 5/31/20 for 2022-23 levels	Legal Services Law Enforcement	The Criminal Investigation Division has been incurring expenses for fuel, maintenance, and travel above the base budget provided since FY 2016. During FY 2019, state forfeited funds were used in the estimated amount of \$150k to fill the shortfall for these expenditures. Projected shortfalls are expected to materialize in FY 2020 between \$200k - \$250k and the trend is expected to carry into the fiscal year and biennium.	At the February 27, 2020 forfeited funds meeting, an analysis of the previous fiscal year spending and budget amounts were distributed (five year analysis). The Budget Division is currently forecasting with CID the anticipated shortfall and needs for FY 2020 - FY 2023.	1. Approve and establish limits for increased budget on an ongoing basis and identify the current and future funding sources. 2. Require CID remain within the base budget provided and potentially reduce service levels in order to adhere to spending levels established in the FY 2020 IOB. 3. Establish a CID vehicle policy including detailed parameters for cost containment and address issues that materialize when a fleet doubles in a four year period.	1. CID shortfalls should be assessed and prioritized against other items set forth in this document. 2. Seek input on whether to self-fund the increases or seek Legislative support to receive and exceptional item to cover the shortfall and items that recognize OAG as a law enforcement agency (i.e. GR funding for bullets, guns, body armor, etc.)	Receive presentation and fully vetted recommendations at the April 29, 2020 meeting including CID, Budget, IRD, and Controller. Approve course of action for FY 2020-23.	
24	needed no later than 4/30/20 for FY 2020-21 levels and 5/31/20 for 2022-23 levels	Medicaid Investigations (MFCU)	The 2020-21 classification of Auditors for all state agencies eliminating a tier of positions has resulted in possible inequities for MFCU auditors. Internal Audit in coordination with HR and Budget is conducting a compensation and classification analysis of MFCU auditors.	MFCU is requesting inequities in classification of Auditors be addressed within the program and proposes an ongoing cost to increase salaries will result.	Assuming Internal Audit identifies inequities in classification and/or pay exist: 1. Request an exceptional item to fund beginning FY 2022. 2. Transfer GR from Legal Services to MFCU using Rider 12 in current biennium or FY 2022-23.	It is recommended the First Assistant consider the need for Auditor funding along with available options for funding requests in current biennium and future biennia. Funding available will need to be prioritized against other agency needs unless an exceptional item is requested in FY 2022-23.	Receive presentation and fully vetted recommendations at the April 29, 2020 meeting including MFCU, Budget, IRD, and Controller. Approve course of action for FY 2020-23. <i>Note: Recommendations are contingent upon the completion of the analysis by Internal Audit.</i>

Not set forth as a decision, but still tracking:								
Legal Services:								
1	Consider implications of HB 3800 which requires law enforcement and prosecution in counties over 50,000 people to file reports on human trafficking with OAG and authorizes OAG to contract with a university to process the data. Working on MOU and obtaining a CJG.							
2	Case referral bill (do not have bill number) sending cases to OAG could require expansion of Criminal Prosecutions if law is not changed.							
3	Reduce base level General Revenue received from HB 2945, 86th Legislature providing \$710,000 one-time funds in FY 2020 and \$210,000 in FY 2021 for the investigative case management system related to the fusion center.							
4	Consider implications of Fusion Center, including staffing and other costs associated with OAG responsibilities resulting from HB 2945, 86 th Legislature.							
5	Ongoing funds for CAPPs maintenance/extended support. Consider whether to request a UB rider if any funds remain in FY 2020-21.							
6	Consider fugitive apprehension unit growth as a result of Whitmire.							
Child Support:								
1	Continued dialogue with the Legislature on the equity project increasing salaries for field staff.							
Agency IT Projects:								
1	Maintain the current structure of the CS IT Project in a separate Goal and Strategy as opposed to combining back in with the Child Support strategy.							
Crime Victims Compensation:								
1	Evaluate whether it is appropriate to request an increase in funds for Victim Assistance grants OVAG and VCLG as the amount grantees receive has not been increased in over 15 years.							
2	Preserve funding of \$1 million for Telehealth Center. Please note amount is built into base General Revenue funding in Victims Assistance.

OAG REQUEST FOR REVISIONS TO BUDGET STRUCTURE & PERFORMANCE MEASURES
March 27, 2020

In accordance with instructions by the Legislative Budget Board (LBB) for Preparing and Submitting Agency Strategic Plans - Fiscal Years 2021-2025, this document requests the enclosed changes to the OAG's strategic plan and budget structure. The following describes the layout of this document:

- The first column provides the current strategic plan element (identifies the current Goal, Objective, Strategy, Measure and Measure Definition), including any associated text.
- The second column provides requested changes (indicates requested change using strike-through to delete text and underscore to add text). If there are no requested changes, this column will reflect "No change."
- The third column provides the justification for the requested change, if applicable.
- The fourth, fifth, and sixth columns are utilized only by the LBB and are blank.

Outcome Measure: Delinquent State Revenue Collected (Key)	No change.				
Definition: This measure reflects the total dollar amount collected or obtained on delinquent taxes, debts, fees, fines, penalties and other obligations, after they have been certified or referred by a State agency to the OAG Bankruptcy & Collections Division or OAG involvement is requested. These accounts are referred either after State agency efforts have been exhausted or legal representation in bankruptcy court is required.	No change.				
Purpose/Importance: This measure reflects the agency's compliance with and success in meeting both it's statutory and appropriation act requirements to attempt collection on all delinquent debts and obligations owed to the state and to its agencies.	No change.				
Source/Collection of Data: Client State agencies furnish monthly or periodic reports which document payments that agencies receive on delinquent accounts in a certified, bankruptcy, collection or judgment status. Amounts collected on behalf of certain state agencies are documented by the OAG's Accounting Division each month through copies of deposit and clearance vouchers.	No change.				
Method of Calculation: The calculation for this measure is a cumulative count of delinquent state revenue collected.	No change.				
Data Limitations: The amount of collectible delinquent revenue is a function of the amount, age and nature of delinquent obligations referred to the OAG and is affected by external factors including the state of the economy, the unemployment rate, and the increase or decrease in national bankruptcy filings for businesses and individuals.	No change.				
Calculation Type: Non-Cumulative.	No change.				
New Measure: No.	No change.				
Target Attainment: "H" (Higher than target).	No change.

Outcome Measure: Ratio of Total Legal Services Caseload to Cases Closed/Settled	No change.				
Definition: The total number of litigation cases open at anytime during the year as compared to the total number of litigation cases closed during that same fiscal year.	No change.				
Purpose/Importance: On an annual basis, the ratio is used to demonstrate increases and decreases in open and closed cases, which may reflect a sharp increase in certain types of lawsuits requiring a reallocation of resources.	No change.				
Source/Collection of Data: Reports from the OAG’s electronic case management systems.	No change.				
Method of Calculation: The formula for this measure is the number of cases pending August 31 of the prior fiscal year plus the number of opened and reopened cases from September 1 through August 31 of the current fiscal year. This amount is divided by the number of closed cases from September 1 through August 31 (current fiscal year). The ratio is the total open caseload (the final calculated number) to the number of cases closed/settled (one). Example: 3.5:1 -- for every 3.5 cases that are open at any time during the fiscal year, one is closed.	No change.				
Data Limitations: Legal cases are referred to and initiated by this office. The amount of time spent on a case and the number of cases defended is not totally within the OAG’s control. External factors such as opposing parties, depositions, court dockets, etc., can impact time spent on a case.	No change.				
Calculation Type: Non-Cumulative.	No change.				
New Measure: No.	No change.				
Target Attainment: "H" (Higher than target).	No change.

Output Measure: Legal Hours Billed to Litigation and Legal Counsel (Key)	No change.				
Definition: The total number of hours attributed to cases designated by set-up status as legal counsel and litigation cases (see explanatory measures Number of Hours Billed to Legal Counsel and Number of Hours Billed to Litigation for definitions).	No change.				
Purpose/Importance: The OAG is charged by the State Constitution to represent the State in all matters before the Texas Supreme Court to which the State is a party, to defend and enforce the laws and Constitution of the State of Texas, represent the State and its agencies and employees in litigation, approve public bond issues, and to provide legal advice to the Governor, other elected officials and other duties as may be required by law. This measure is an indicator of the amount of legal services delivered to the State, state agencies and other designated clients.	No change.				
Source/Collection of Data: Legal hours worked by agency time keepers (attorneys, law clerks, legal assistants, investigators, and other classified positions) are entered into the OAG's Timekeeping system every month for work done in the prior month. The source document is an automated OAG Timekeeping Report.	No change.				
Method of Calculation: The calculation for this measure is a cumulative count of litigation and legal counsel hours entered into the OAG Timekeeping system.	No change.				
Data Limitations: The amount of legal hours worked is dependent upon the number of agency time keepers.	No change.				
Calculation Type: Cumulative.	No change.

Output Measure: Legal Hours Billed to ADR	No change.				
Definition: The total number of hours attributed to the alternative dispute resolution (DR) time keeping code, which includes mediation, settlement conferences, and all other types of alternative dispute resolution.	No change.				
Purpose/Importance: Alternative Dispute Resolution utilizes procedures for settling disputes by means other than litigation (i.e., arbitration, mediation, etc.)	No change.				
Source/Collection of Data: Legal hours worked by agency time keepers (attorneys, law clerks, legal assistants, investigators, and other classified positions) are entered into the OAG's Timekeeping system every month for work done in the prior month. NOTE: ADR hours are part of reported Number of Legal Hours Billed. Although most ADR hours worked are applied to cases with a set-up status of litigation, some ADR hours are applied to legal counsel cases. Output Measure: Legal Hours Billed to Colonias Project	No change.				
Definition: The total number of litigation and legal counsel hours attributed to cases designated as colonias cases. A case is assumed to be a colonias case if it involves compliance investigation, enforcement litigation, educational outreach, or legal research concerning land subdivision and colonias prevention laws in counties located fully or partially within 50 miles of the Texas-Mexico border, or counties fully or partially within 100 miles of the Texas-Mexico border that contain the majority of the area of a municipality with a population of more than 250,000, or counties that are economically distressed as defined by law. The primary laws involved in OAG colonias cases are Local Government Code Chapters 212 and 232, Water Code Chapters 16 and 17, Property Code Chapter 5, Texas Water Development Board model subdivision rules, and the Texas Commission on Environmental Quality rules for on-site sewage facilities and drinking water standards.	No change.				
Purpose/Importance: The typical colonias enforcement case brought by the OAG is against a residential subdivision developer who has failed to meet minimum state standards for the platting or sale of residential subdivision lots, including requirements for safe drinking water and waste water treatment.	No change.				
Source/Collection of Data: Legal hours worked by agency time keepers (attorneys, law clerks, legal assistants, investigators, and other classified positions) are entered into the OAG's timekeeping system every month for work done in the prior month. Explanatory Measure: Consumer Protection Complaints Closed	No change.				
Definition: The number of Consumer Protection Division complaints closed. The Division receives consumer complaints from the public, and records the information in a complaint database. Division staff review complaints to detect patterns of conduct that violate state or federal consumer protection laws, and to determine which merit further enforcement attention. A complaint is closed when the Division initiates further enforcement attention or no further agency action is anticipated.	No change.				
Purpose/Importance: The receipt of complaints by the division enables the division to monitor trends and business practices throughout the state and nationwide, affecting Texans. The analysis of these complaints supports the division's ability to identify potential cases and determine enforcement priorities. The transfer of the complaint data to the database enables division personnel in Austin, and the five regional offices to review the complaint data.	No change.				
Source/Collection of Data: Complaints are collected and recorded in a database in Austin. The database is shared by Austin and the five regional offices; Dallas, El Paso, Houston, San Antonio and Pharr.	No change.

Explanatory Measure: Number of Criminal Investigations Call for Service Requests	No change.				
Definition: The OAG’s Criminal Investigations Division receives requests for investigative assistance from a variety of sources, such as the public, the legislative and executive branch of state government, and other units of government. In addition, the division also receives requests for investigative assistance from local, state and federal law enforcement agencies. When the division receives such requests, the information is entered into a computer system that captures the details of the individual request. Once the information is entered, the system creates a “call for service request.”	No change.				
Purpose/Importance: The OAG’s Criminal Investigations Division relies upon a call for service request to manage the resources of the division. Once a call for service request is created, it is reviewed by a supervisor and then assigned to an investigator for the appropriate response. The call for service request system is a multi-user system that automates law enforcement record keeping functions of the division. The system tracks the activity from the time of the initial phone call or contact to the final disposition. Many of the call for service requests are subsequently opened as investigations.	No change.				
Source/Collection of Data: Data for this measure is maintained by designated staff of the OAG’s Criminal Investigations Division. Call for service request information is entered into a specific data management system that provides for retrieval of the statistical information related to call for service requests. To assure the accuracy of the information, call for service requests are entered at the time they are received. Calls for service are received through multiple sources such as telephone, e-mail, fax, and correspondence.	No change.

Method of Calculation: The calculation for this measure is a cumulative count of the number of calls for service received and entered into the system by investigative staff for the period.	No change.				
Data Limitations: The number of calls for service received is dependent upon the number of individuals and entities requiring service or needing a response from the OAG. Data maintained in a call for service record that contains information concerning the detection, investigation, or prosecution of a crime, is maintained as confidential and would be exempt from disclosure under the Public Information Act, including but not limited to Government Code 552.108. Outcome Measure: Percent of Title IV-D Cases That Have Court Orders (Key)	No change.				
Definition: This measure reflects the percent of all IV-D cases that have court orders.	No change.				
Purpose/Importance: The purpose of this measure is to monitor the effectiveness of the system of establishing court orders in IV-D cases. Many cases that are opened with the OAG’s Child Support Enforcement Division require the establishment of an order for child support. An order must be established before child support can be collected. This measure is also a federal incentive measure reported for the federal fiscal year (October 1 through September 30).	No change.				
Source/Collection of Data: This information will be obtained from management reports generated from data available on TXCSES.	No change.				
Method of Calculation: The percentage is calculated as the number of open cases with court ordered child support at the end of each reporting period divided by the total number of open cases at the end of each reporting period.	No change.

Outcome Measure: Percent of Paternity Establishment for Out of Wedlock Births (Key)	No change.				
Definition: Percent of paternity establishment is the ratio of children whose paternity has been established in Texas compared to the number of children born out-of-wedlock (BOW) in Texas during the fiscal year. Paternities are those established by a court order or by an Acknowledgment of Paternity (AOP) or through adoption.	No change.				
Purpose/Importance: Determination of paternity is necessary to establish a child support order for an unmarried parent. A similar measure is reported as a federal incentive measure for the federal fiscal year (October 1 through September 30). The calculation for the state and federal measure differs. The state calculation uses the paternities established and the out-of-wedlock births from the current fiscal year. The federal calculation uses paternities established from the current fiscal year and the out-of-wedlock births from the previous fiscal year.	No change.				
Source/Collection of Data: Births and paternities are reported to the Texas Department of State Health Services (DSHS) Vital Statistics Unit (VSU) by hospitals and county registrars. VSU records and transmits BOW and AOP information to the OAG via electronic file exchange. Court ordered paternities are based on data residing on TXCSES. VSU also provides a count of statewide adoptions to the OAG.	No change.				
Method of Calculation: The percentage is the number of paternities established divided by the number of births out-of-wedlock. Where there are both a court order and an AOP for the same child, only one is counted.	No change.

Outcome Measure: Amount of Crime Victims' Compensation Awarded (Key)	No change.				
Definition: The amount of monies awarded under the Crime Victims' Compensation Act.	No change.				
Purpose/Importance: The measure can be used as a comparison between years and as an indicator of potential problems in a single year when expenditures are either higher or lower than estimated.	No change.				
Source/Collection of Data: USAS Expenditure Detail for Crime Victims' Compensation awarded each fiscal year.	No change.				
Method of Calculation: The calculation for this measure is a cumulative count of crime victims' compensation awarded.	No change.				
Data Limitations: The data is affected by deviations in the number of applications for benefits received by the agency. If there is an increase or decrease in the number of applications, there may be an increase or decrease in the amount of compensation awarded. The amount of compensation awarded is also controlled by legislative changes to benefits, either by adding or deleting benefits or by increasing or decreasing the maximum amounts of existing benefits. Because medical benefits are awarded according to the limitations of the Texas Department of Insurance, Division of Worker's Compensation Medical Fee guidelines, any changes in the Medical Fee Guidelines will also affect the amount of compensation awarded.	No change.				
Calculation Type: Non-Cumulative.	No change.				
New Measure: No.	No change.

Outcome Measure: Number of Crime Victims Who Received an Initial Award	No change.				
Definition: The measure is defined as the number of crime victims that receive an initial award or an award is made on their behalf for any one of the pecuniary losses mandated by Article 56.32 (a) (9) of the Crime Victims' Compensation Act. The term "crime victim" refers to a person that is eligible to receive an award under the act. It includes the primary victim as defined in Article 56.32 (a) (11) of the act and a claimant as defined in Article 56.32 (a) (2) of the act. In a particular claim, the Crime Victims' Compensation Program may award the victim moneys for lost wages and for the expense of medical treatment; and may award claimants in the same claim moneys for the expense of travel or the cost of mental health counseling as the result of the crime. In this instance, the Compensation to Victims of Crime Fund has affected two crime victims; the primary victim and a family member, etc. (Claimant).	No change.				
Purpose/Importance: The significance of this measure is to reflect the number of crime victims' lives that have been affected by the Crime Victims' Compensation Program.	No change.				
Source/Collection of Data: Victims of Crime Compensation System Automated Report.	No change.				
Method of Calculation: The measure is calculated by counting the initial award made to a victim on a claim during the reporting fiscal year regardless of when the application was filed. An award will not be counted during this reporting period if the initial award was made in a prior fiscal year. The measure will only count the initial award made in a given fiscal year; even though there may be subsequent awards made in the same or subsequent fiscal years.	No change.				
Data Limitations: The data is affected by deviations in the number of applications for benefits received by the agency. The number of crime victims who receive an award is also dependent on legislative changes to benefits.	No change.				
Calculation Type: Non-Cumulative.	No change.				
New Measure: No.	No change.

Efficiency Measure: Average Cost to Analyze a Claim and Make an Award	No change.				
Definition: The average cost to analyze a claim and make an award, including victim and allied professional education, application processing, eligibility determination and bill payment. Processing an application means counting every application that is received and setup in the Victims of Crime Compensation System as a “claim”.	No change.				
Purpose/Importance: The measurement is an accurate reflection of the true costs associated with claims processing. The measure counts all applications received by the Crime Victims’ Compensation Program in which any work is performed, such as the setup of the application in the automated system, establishing a file, sending an acknowledgment to the applicant, requesting law enforcement information, conducting eligibility determination, and payment of bills.	No change.				
Source/Collection of Data: Cost information comes from the Office of the Attorney General (OAG) Budget Variance Report BUBR0210. The number of applications received comes from the Victims of Crime Compensation System Automated Report.	Cost information comes from the Office of the Attorney General (OAG) agency’s Budget Variance Reports BUBR0210 . Efficiency Measure: Average Cost to Analyze a Claim and Make an Award					
Method of Calculation: Cost information (numerator in calculation) for the Crime Victims' Compensation Strategy is reflected on budget reports. Number of applications reviewed (denominator in calculation) is the explanatory measure Number of Crime Victim Applications Received. The formula for this measure is direct expenditures for the Crime Victims' Compensation Strategy plus a percentage of indirect administrative support costs based on the OAG's Indirect Cost Plan divided by the number of applications received during the reporting period. The cost of actual crime victims' compensation payments is deducted from the total cost of the strategy. The Annual Performance Measure Report will calculate the average cost using actual expenditures and accrued obligations for the reporting appropriation year.	No change.				
Data Limitations: Direct program expenditures for the reporting period used to establish the target for this measure may not include rider appropriations, and/or across-the-board legislative salary increases, which negatively impact reported performance. Also, see data limitations for explanatory measure Number of Crime Victim Applications Received	No change.				
Calculation Type: Non-Cumulative.	No change.

(CONTINUED) Efficiency Measure: Average Number of Days to Analyze a Claim and Make an Award (Key)	No change.				
Method of Calculation: T.C.C.P. Art. 56.36 defines when a crime victim application is considered complete. If an application is received without needed victim,claimant, crime information or sufficient payment information, the program requests the necessary information and places the application in suspense. The application is taken out of suspense once the requested information or any other information is received that allows the program to take further action on the application. The time an application spends in suspense is not included in this measure. Each quarter a manual review of all claims with a turnaround time greater than 250 days is performed. When it is determined that circumstances out of the Crime Victims’ Compensation Program’s control prevented payment processing, the claim is subtracted from the calculation. These circumstances may include, but are not limited to, the victim utilizing collateral sources (as required by law), obtaining restitution payments, filing a civil suit,or deferring approved benefits until a later date. NOTE: Only the first payment made on an application is counted. Subsequent payments are not captured.	No change.				
Data Limitations: The measure is affected by deviations in the number of applications received. A change in the number of applications may impact the turnaround time to analyze a claim and make an award. The time to determine eligibility is included in the measure. Some claims have a complicated fact situation that may delay the completion of a law enforcement agency’s report. In these cases, the claim is placed in a suspended status until law enforcement completes their investigation. Upon completion of the investigation, the claim is returned to open status. The Program is also dependent upon external entities to provide information necessary to calculate an award, such as: medical records, employer wage verification, medical billings and explanation of benefits from medical insurance. Sexual assault exam reimbursements and payments for funeral services and travel require less documentation, while relocation, medical expenses and psychiatric care require detailed information.	No change.				
Calculation Type: Non-Cumulative.	No change.

Purpose/Importance: The MFCU is charged by federal statute to refer cases for prosecution. The MFCU is required to report the number of referrals for prosecution to the United States Department of Health and Human Services – Office of Inspector General.	No change.				
Source/Collection of Data: Automated Medicaid Fraud System Activity report.	No change.				
Method of Calculation: The calculation for this measure is a cumulative count of the number of cases referred for prosecution.	No change.				
Data Limitations: The number of cases referred for prosecution is impacted by the facts of the case.	No change.				
Calculation Type: Cumulative.	No change.				
New Measure: No.	No change.				
Target Attainment: "H" (Higher than target).	No change.				

REQUESTED CHANGES TO AGENCY BUDGET STRUCTURE ELEMENTS
(GOALS, STRATEGIES, MEASURES AND MEASURE DEFINITIONS)
FOR THE 2022-23 BIENNIUM

AGENCY NAME: Office of the Attorney General

ELEMENT	REQUESTED CHANGE	JUSTIFICATION FOR REQUESTED CHANGE	LBB AND/OR OOG APPROVED CHANGE (if different from agency request)	LBB / OOG COMMENTS	STATUS
Efficiency Measure: Average Cost Per Investigation Concluded	No change.				
Definition: The average cost per Medicaid Fraud Control Unit (MFCU) investigation concluded.	No change.				
Purpose/Importance: This measure is an indicator of cost effectiveness.	No change.				
Source/Collection of Data: Cost information for the MFCU Strategy comes from the OAG Budget Variance Report BUBR0210. Number of Investigations Concluded is an output measure for this Strategy. The automated Medicaid Fraud System Activity report provides the total number of investigations concluded.	Cost information for the MFCU Strategy comes from the (OAG) agency's Budget Variance Reports BUBR0240. Number of Investigations Concluded is an output measure for this Strategy. The automated Medicaid Fraud System Activity report provides the total number of investigations concluded.	Currently, cost information comes from the agency's proprietary mainframe accounting system. The agency requests these changes to delete specific references to proprietary mainframe reports in anticipation of their eventual phase-out upon deployment onto the CAPPS system.			
Method of Calculation: The formula for this measure is direct expenditures for the MFCU Strategy plus a percentage of indirect administrative support costs based on the OAG's Indirect Cost Plan divided by the Number of Investigations Concluded for the reporting period. The Annual Performance Measure Report will calculate the average cost using actual expenditures and accrued obligations for the reporting appropriation year.	No change.				
Data Limitations: Direct program expenditures for the reporting period used to establish the target for this measure may not include rider appropriations, and/or across-the-board legislative salary increases, which negatively impact reported performance. Also, see data limitations for output measure Number of Investigations Concluded.	No change.				
Calculation Type: Non-Cumulative.	No change.				
New Measure: No.	No change.				
Target Attainment: "L" (Lower than target).	No change.

Hello, everyone.

The agency is committed to being prepared for a possible COVID-19 outbreak affecting one or more of our offices and strives to ensure that we are able to maintain business continuity in the event that this happens. Accordingly, we need your help.

Beginning Monday, March 16th, each A&L division and CSD office must provide the following information to Human Resources by 11:00 a.m. (CDT) each workday:

- the number of employees who are expected to be out sick for the entire day

These daily reports must be sent to HR-Absence@oag.texas.gov.

In addition, division management must provide immediate notice to Human Resources if they have:

- any reports of employees who have been in contact with anyone with a COVID-19 infection
- any reports of employees displaying COVID-19 symptoms (e.g., fever, cough)
- any confirmation of a COVID-19 infection indirectly or directly affecting an OAG employee

This information should be directed to Shelli Gustafson, Henry De La Garza, or Greg Simpson.

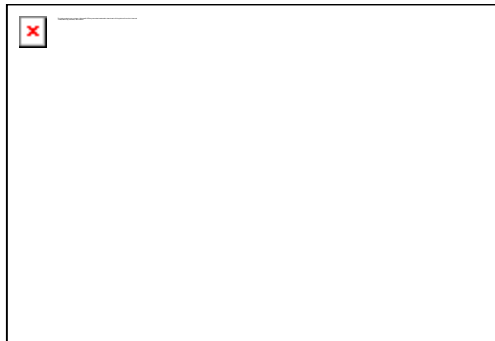

Please let me know if you have any questions.

Thank you,

**Governor Abbott and Attorney General Paxton Update
Guidance for Houses of Worship as Texas Reopens**

AUSTIN – Governor Greg Abbott and Attorney General Ken Paxton today issued updated joint guidance regarding the effect of Governor Abbott’s Executive Order GA-18 on religious services conducted by congregations and houses of worship. It recommends health protocols for houses of worship to guard the health and safety of their attendees while serving their respective communities of faith.

“Houses of worship face particular challenges as Texans work to combat this pandemic. This updated guidance provides clear direction to protect the health and safety of faith groups as they plan for future religious gatherings,” said Attorney General Paxton. “All Texans must continue to work together to care for the health and safety of our neighbors as we work to reopen the state.”

The updated guidance continues to protect the rights of Texans to freely exercise their religion. Executive Order GA-18 defines essential services to include “religious services conducted in churches, congregations, and houses of worship.” State and local government orders may not prohibit people from providing or obtaining those religious services.

Generals,

Thank you to those of you that have previously participated in our calls with CISA Director Krebs and Surgeon General Adams. As NAAG continues facilitating dialogue between attorneys general and federal partners during the pandemic, I am pleased to announce NAAG has arranged for James "Jim" Carroll, Director of National Drug Control Policy to have a discussion with the attorneys general on **Wednesday, May 6 at 2:00pm EST**.

The Office of National Drug Control Policy (ONDCP) is a component of the Executive Office of the President which works to reduce drug use and its consequences by leading and coordinating the development, implementation, and assessment of U.S. drug policy. Prior to joining ONDCP, Director Carroll served as Assistant to the President and Deputy Chief of Staff at the White House. Previously in the Administration, Mr. Carroll served as General Counsel of the Office of Management and Budget and as Deputy Assistant and Senior Counsel to the President. During the George W. Bush Administration, Mr. Carroll held several positions including Special Assistant and Associate Counsel to the President at the White House, Deputy General Counsel and Acting General Counsel at the U.S. Department of the Treasury, and as an attorney at the U.S. Department of Justice. Mr. Carroll began his career as a state prosecutor in Virginia.

ONDCP Director Carroll will speak for about 20 minutes before opening up the floor to questions from the attorneys general. If you have any questions you'd like to submit in advance or would like to be directly connected with ONDCP, please email Ryan Greenstein at rgreenstein@naag.org

Dial-in information is below. Please limit attendance to the attorney general and senior staff. Please RSVP by clicking [HERE](#).

Subject: Next Generation Data Center Services – Enhancing Shared Technology Services for Your Agency

Dear Colleague:

The Texas Department of Information Resources (DIR) is pleased to announce the upcoming release of a suite of new Data Center Services (DCS) for our customers. Beginning in fiscal year 2021, Next Generation DCS will enhance the secure IT services provided to you with an upgraded, state-of-the-art data center environment that is focused on rapid, secure, and consistent service delivery at a competitive price. Our overall business case estimates a cost reduction for Texas over the next four years thanks to successful negotiations with our vendor partners. Through Next Generation DCS, you can expect:

- Service Continuity and Performance
- Best-of-Breed Technology Solutions
- Increased Information Security Services
- Economies of Scale
- Lower Total Cost to Texas
- Enhanced Regulatory Compliance
- Increased uptime and reliability
- Reduced agency burden through offering IT-as-a-Service

Overall, Next Generation DCS will result in lower costs to Texas as a whole, but the effect on each agency will vary depending on agency business models and the varied utilization of DCS services. Your individual costs are highly dependent on your agency's service tier selections, data retention policies, disaster recovery requirements, and consumption trends. While most agencies will realize savings, some will see cost increases. Regardless, Next Generation DCS will provide your agency with more modernized technology solutions and state-of-the-art security services. We stand ready to help you navigate through the changes to ensure you are able to maximize the benefits.

We are sending your Chief Financial Officer, Chief Information Officer, and DCS support staff the preliminary budget forecast package, including updated current biennium and fiscal year 2022/2023 estimates. DIR is available to work with you during this transition, and the upcoming legislative cycle, to answer your questions and assist you with obtaining appropriation adjustments to align with the new model. Specifically, we will be hosting webinars in the coming days for your IT leaders, CFO, finance contacts, and DCS customer representatives. In these webinars, we will review the contents of the DCS Shared Services forecast workbook, the forecasting methodology, and the DCS forecast timeline.

If you have any questions, please contact me. I am happy to set up a meeting where DIR can answer questions for you. Thank you for partnering with us as we transition to the next generation of technology services for Texas.

In the event that the agency is required to conduct onsite temperature screening when coming back to work or entering our facilities, is our law enforcement / DPS security able to take on that responsibility? If so, how will that look? If required, what resources would they need to be equipped with in order to handle that role, such as thermometers, sneeze guards, PPE, etc?

Subject: Purchasing and Travel Documentation During Disaster Declaration

Good afternoon, Chiefs and Office Managers,

As a result of Governor Abbott's COVID-19 disaster declaration, the Legislative Budget Board (LBB) and the Comptroller's Office (CPA) have certain disaster-related reporting requirements and procedures that state agencies must follow. Included below are instructions that your divisions must follow so that OAG can meet its obligations to the CPA and LBB.

- Executive Approval Memos (EAMs) are still required in accordance with agency policy.
- If your division needs to procure goods or services due to the COVID-19 disaster declaration and that *it would not have purchased otherwise*, FIRST CONTACT PROCUREMENT for guidance, then adhere to the following requirements:
 - **Required Documentation for Purchases less than \$5,000:**
 - Email approval from your executive deputy - email must include goods or services requested, explanation for why purchase is necessary, dollar amount of purchase
 - Purchase Requisition - attach email approval; check "Emergency" box if directed to do so by Procurement; include "purchase related to COVID-19" in the Justification field
 - If vendor requests payment prior to delivery or software download, please check the "Advanced Payment" box on the PR and provide the date by which payment must be applied
 - **Required Documentation for Purchases \$5,000 or more:**
 - EAM approved in accordance with authorized signature matrix - EAM must state that the purchase is COVID-19 related and, if it's an emergency procurement, include explanation for why it's an emergency
 - Purchase Requisition - attach approved EAM; check "Emergency" box if directed to do so by Procurement; include "purchase related to COVID-19" in the Justification field
 - If vendor requests payment prior to delivery or software download, please check the "Advanced Payment" box on the PR and provide the date by which payment must be applied
- In the event an employee needs to travel for state business related to COVID-19, all travel documentation (TRs and TVs) must clearly state that the travel is "state business related to COVID-19."
- If your division anticipates any COVID-19-related expenditures but you have not yet initiated a PR, please provide those estimated expenditures to your budget analyst by March 31, 2020. After March 31, please continue to provide COVID-19-related cost estimates to your budget analyst as information becomes available to you.

If you have questions, please reach out to Lisa Massock or Evan Kelley in Procurement, your budget analyst, or Jenny Repschleger (Accounting Division - Travel).

Yours truly,

VOLUME 6 • ISSUE 3  MARCH 2020

Updates	On March 1st, updates were made to the following policies: “Discrimination and Equal Employment Opportunities,” “Harassment,” “Retaliation,” “Accommodations,” “Performance Feedback,” “Job Openings and Vacancies,” and “Mandatory Courses.” Please remind your employees to take the agency’s “Discrimination and Harassment Awareness” training by April 1st if they have not taken the training in the last year. In addition, please make sure that all of your hiring packets are kept up to date! The on-site review by the Texas Workforce Commission’s Civil Rights Division, which includes an examination of selected hiring packets, is still set for May 5th.
Questions & Counsel	What can I do to effectively manage employees working from home? <i>Answer:</i> Here are some suggestions: • Spell out your expectations clearly • Require your teleworking employees, especially non-exempt employees, to tell you their start time and end time at the end of each day • Keep careful track of the work hours of any teleworking non-exempt (overtime-eligible) employees • Request teleworking employees to provide you with specific work goals at the start of each work day and accomplishments at the end of each work day • Schedule regular call-ins or virtual meetings • Make sure employees are working on shared drives (not desktop)

	• Review the work of your employees through shared drives • Have face-to-face virtual meetings as much possible • Stay plugged in all day and use resources such as Microsoft Teams • Encourage collaboration by using phone conferences and Microsoft Teams • Set team goals • Call or email your employees during the day • Have all teleworking employees inform you promptly of any actual or possible COVID-19 exposure and/or symptoms (e.g., dry cough, fever)
Policy Spotlight	Sensitive Personal Information The agency is committed to the protection and integrity of sensitive personal information that the agency collects and maintains, and to guarding against the unauthorized access to, use of, or disclosure of such information. Sensitive personal information must remain under the control of an employee authorized to access the information. At no time must sensitive personal information be left unattended in a location that is not a secure location.
Tips from the Toolbox	Avoid sending emails with just “Call me” in the subject line and little-to-no information in the email. Instead, include your phone number, the best times to reach you, and some indication of the call subject and urgency. (Source: Wall Street Journal.)
Numbers Matter	In a study by Michigan State University, only 50% of men used soap when washing their hands, and 15% didn't wash their hands at all, compared with 78% of women who used soap and 7% of women who didn't wash their hands. In addition, 95% of both men and women failed to wash their hands long enough to kill harmful germs (15 seconds or longer). (Source: LiveScience.com)

Last Thursday, the Court issued an order providing that "the deadline to file any petition for a writ of certiorari due on or after the date of this order is extended to 150 days from the date of the lower court judgment, order denying discretionary review, or order denying a timely petition for rehearing." This is thus a 60-day automatic extension for cert petitions.

The order also provided that: (1) "[M]otions for extensions of time pursuant to Rule 30.4 will ordinarily be granted by the Clerk as a matter of course if the grounds for the application are difficulties relating to COVID-19 and if the length of the extension requested is reasonable under the circumstances. Such motions should indicate whether the opposing party has an objection."

(2) "[N]otwithstanding Rules 15.5 and 15.6, the Clerk will entertain motions to delay distribution of a petition for writ of certiorari where the grounds for the motion are that the petitioner needs additional time to file a reply due to difficulties relating to COVID-19. Such motions will ordinarily be granted by the Clerk as a matter of course if the length of the extension requested is reasonable under the circumstances and if the motion is actually received by the Clerk at least two days prior to the relevant distribution date. Such motions should indicate whether the opposing party has an objection."

Subject: Telecommuting FAQs

Good morning,

I hope you are all doing well today. Thank you for your continued efforts during these unprecedented times. I've been encouraged every day hearing how well your teams are working together to accomplish the great work of our agency.

Please take a moment to review the attached document, which includes answers to commonly asked questions related to the OAG agency-wide telecommuting mandate. We're focused on seamlessly continuing our work, despite our current circumstances, and hope this resource will be a valuable response to many of your questions. Please reach out to your division leadership if you have any further questions, and they will be happy to assist.

Yours truly,

Frequently Asked Questions (FAQ) about Agency-Wide Telecommuting During COVID-19 Disaster

This document provides guidance for navigating telecommuting during mandatory agency-wide telecommuting during the Governor's COVID-19 Disaster Declaration. If you have additional questions, please reach out to your division leadership.

IT Telecommuting FAQs

1. Can I take office equipment home for working remotely?

Yes. You may bring home your monitors, docking stations, cables, mouse and keyboard, if necessary. The IT Service Desk is focused on assisting customers on connecting to the office remotely as a priority at this time. Support will not be available to assist you with setting up your peripherals unless it is critical to your job function.

2. What do I do if I am experiencing connectivity issues?

ITS may need to limit the number of remote connections to the agency. If there are times you are not actively working, please shutdown your computer or disconnect from your home network.

If you are actively working and experience connectivity issues, please disconnect from your home wireless network and reconnect. Wait 15 minutes. If your issue is not resolved, we recommend that you restart your computer before contacting the IT Service Desk. For more information on connecting your computer remotely, click here:

<https://www.texasattorneygeneral.gov/sites/default/files/Telecommuting-Tech-Tips.pdf>

3. My Microsoft Outlook and/or Teams client is not connecting or occasionally disconnects. What should I do?

We recommend you use your web browser.

- Log in to <https://txoag.okta.com/> from your favorite web browser. Type in your username: *email address* and *your agency password*.
- Select the 'Office 365' tile.
- You may get prompted to 'Stay logged In', Select 'Yes'.
- Select the icon of the application you would like to use.

Note: You can always access your agency email from any web browser <http://webmail.oag.texas.gov/>

4. My webmail is grouping emails by conversation. How do I disable this for sort emails by the order I receive them?

- At the top of the page, select **Settings**  to open **Quick settings**.
- Scroll down to **Conversation view** and choose **Off**.

5. What should I do if I am having issues connecting to Citrix or MyDesktop?

Remember, you do not need to use MyDesktop or Citrix to access your network folder or drives. Agency laptops are equipped with Direct Access and connect to the network when you log in to your computer.

MyDesktop is required to access the non-OAG Mainframe and applications such as Esperant, F-Voucher and other H drive applications. If you still require assistance for MyDesktop, please contact the IT Service Desk.

If you are attempting to access OAG Mainframe, you can do so via WebConnect

- a. In a web browser, go to <https://webconnect.oag.state.tx.us:2085/>
- b. Enter your agency user ID and password.
- c. Click on Office of the Attorney General – HTML5.
- d. Log into OAG Mainframe as you normally would.

6. What steps should I take if I receive a suspicious email?

- a. Do not click on any links within the suspicious email.
- b. Do not reply to the sender.
- c. Report the suspicious email by forwarding to spam@oag.texas.gov.
- d. Delete the suspicious email from your Inbox.

7. What do I do if I believe I revealed or compromised my agency credentials and/or information?

Immediately change your password and email your service desk: Admin & Legal ITServices@oag.texas.gov or Child Support CSD-help@oag.texas.gov. If you used the same password for multiple resources, make sure to change it for each account, and do not use that password in the future.

General Telecommuting FAQs

1. With the schools closed, my children will be with me at home while I telecommute. How should I manage my job duties with the kids at home?

We recognize that employees may have to care for their children during the workday due to school closures, and under the current agency-wide telecommuting mandate, employees have the necessary flexibility to meet minor family obligations during working hours.

2. What if I need to take time off for personal or health-related reasons during the agency-wide telecommuting mandate?

If you need to take time off for any reason during the agency-wide telecommuting mandate, continue to follow established agency policies and procedures for leave.

3. I am more productive when I work from the office. If I am healthy, may I work from the office?

Currently, only designated essential personnel are authorized to work in the office. If you are concerned about your personal productivity, work with your manager to develop a plan that allows you to reach your maximum potential while working remotely.

4. May I travel to the office to pick up a few things I need at home?

Please coordinate with your manager if unplanned trips to the office are required.

5. How long is mandatory telecommuting in effect?

Currently, we do not know when normal agency operations will resume. First Assistant Mateer will adjust the agency-wide telecommuting mandate as necessary to ensure the safety of all OAG employees and the successful continuation of agency operations.

6. Can I work a flexible schedule? For example, there may be times when I must attend to a child or dependent. Can I schedule time during the day to step away from work and then make it up in the mornings or evenings?

A flexible work schedule is an alternative to traditional agency hours that must be approved by your division leadership. Generally, all employees are required to work the same schedule they were prior to the agency-wide telecommuting mandate.

All,

I have attached an email from our Chief Information Security Officer ref: The use of ZOOM as a method of tele-Conferencing.

Please review and forward to your IT Security Division for their information and awareness.

Thanks,

Victor

Good Afternoon,

We have been getting additional questions on Zoom for business vs Zoom for free. The answer for both is don't use it unless there is **NO** other choice and you absolutely have to. You should also warn any entities about using it for official use.

"On Friday, a group based at University of Toronto that studies surveillance and its impact on human rights, published a report warning that Zoom appeared to have a "roll your own" encryption scheme that "has significant weaknesses," leaving communications potentially open to being intercepted. The report, written by researchers Bill Marczak and John Scott-Railton, also warned of "potential areas of concern in Zoom's infrastructure, including [transmitting] meeting encryption keys through China."

Subject: Zoom follow up

All,

Thank you to those of you who were able to join our call with Zoom last Thursday. Zoom committed to circulating consumer educational materials to the states. I am attaching the documents they just shared for state AG offices to use. I am happy to coordinate follow up requests to Zoom if your offices want additional information. I think the Tech Platform working group is the most appropriate place for us to continue discussions, so I will ask Ben and Patrice to add it to the agenda.

Thanks,

Doug

Comprehensive Guide to Educating Through Zoom

The purpose of this guide is to help outline how different individuals within the K-12 schooling system can leverage Zoom in a virtual learning environment. It is broken up into four sections so you can access the materials that are relevant to you. If it's your first time using Zoom, reference section 1 for everything you need to get started using Zoom. When signing up for Zoom account, you will be asked to verify you're 16 or older. Students under 16 are not eligible to sign up for Zoom at this time, however they can join a meeting/class setup by a teacher with an account. If you have any issues or questions, please reach out to support@zoom.us.

Review the Zoom for K-12 Schools & Districts Privacy Policy available here:

www.zoom.us/childrens-privacy which is designed to reflect Zoom's compliance with the requirements of COPPA, the California Consumer Privacy Act ("CCPA"), the Federal Education Rights and Privacy Act ("FERPA"), and other applicable law.

2. How to Download the Zoom Client

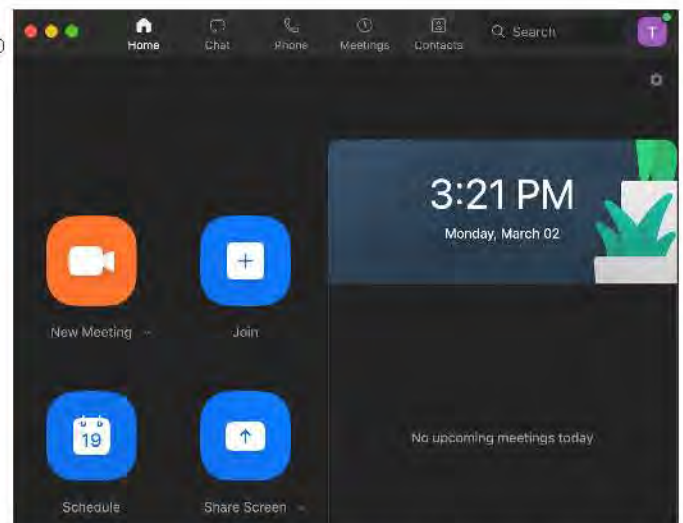

- Start by going to <https://zoom.us/download>.
- Click the blue "Download" button under Zoom Client for Meetings to access the installer.

- Open the Zoom installer from your Downloads folder and follow the on-screen steps to set up your Zoom Client.
- If joining via a Chromebook, download the Zoom app through the [Chrome Web Store](#) to join a meeting.

3. How to Schedule a Meeting

- **Option 1: Scheduling through the desktop app**
 1. Open the Zoom desktop app.
 2. Click on the Home button at the top left.
 3. Press the Schedule button.

4. Enter in Topic, Date, and other related details and press Schedule. It is recommended that you make Registration required when scheduling a meeting, as that allows you to generate a registration report after the meeting is over. More information can be found here: <https://support.zoom.us/hc/en-us/articles/216378603>

- **Option 2: Scheduling online**

1. Go to <https://zoom.us/meeting> (You may be prompted to sign in but will be redirected to the page after)
2. Click the blue "Schedule a New Meeting" button in the top left corner
3. Enter in Topic, Date, and other related details and press Schedule. It is recommended that you make Registration required when scheduling a meeting, as that allows you to generate a registration report after the meeting is over. More information can be found here: <https://support.zoom.us/hc/en-us/articles/216378603>

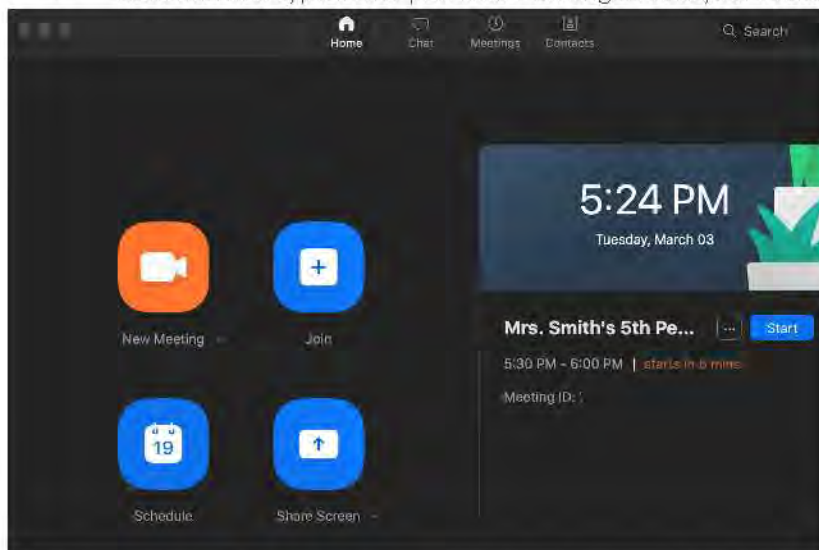

- **Option 3: Scheduling in your Learning Management System (LMS)**

If you have a Learning Management System (LMS), Zoom's LTI Pro integration allows you to connect Zoom with your LMS and includes an extended feature set of what is offered in the basic LTI. <https://zoomappdocs.docs.stopligh.io/lti-pro-v2/welcome/getting-started>

1. Log in to your LMS and go to the Zoom external tool link
2. Click on the Schedule a Meeting button
3. Enter in Topic, Date, and other related details and press Schedule. It is recommended that you make Registration required when scheduling a meeting, as that allows you to generate a registration report after the meeting is over. More information can be found here: <https://support.zoom.us/hc/en-us/sections/200305523-LTI-LMS-Systems>

4. How to join a Class/Meeting

- Option 1: Join using the provided URL.
 - Open the email, newsletter, calendar invite, or other communication that contains a link to the pre-scheduled meeting and click the URL to join the Zoom Meeting.
- Option 2: Join using Meeting ID.
 - Open the Zoom desktop app.
 - Click on the Home Button.
 - Click Join and type in the provided Meeting ID and your name.

- Once you're in the meeting, you may choose to connect audio in three different ways:
 - Using computer audio (recommended).
 - Dialing into a conference bridge from your phone.
 - Have Zoom call you by entering your phone number and your meeting will call your phone.

5. Best Practices while in a Class/Meeting

- Sign in to the Zoom desktop client and stay signed in.
- Check your internet speed. If you're on free wifi you may need to keep your camera off to improve quality.
- Turn your camera on and have your camera at eye level.
- Stay muted unless you're talking to reduce background noise.
- Make sure you sit in a well lit and quiet place.
- Be mindful of what's going on behind you. Think about having solid wall behind you or turning on the virtual background.

Section 2: Administrators Guide to Managing Zoom

Rolling out Zoom

Zoom cares about our communities, their schools, and all students. Recent school closures as a result of COVID-19 have significantly increased educators' reliance on virtual learning environments. We want to share with our valued educational customers best practices that can be implemented to ensure your school is using Zoom's services in ways that best promote the safety and privacy of the students, teachers, and administrators who are your users. These best practices will help you create and maintain a safe and secure learning environment for your users, especially for K-12 schools. But, many of these practices will be applicable to higher education institutions as well.

Be sure to obtain parental consent

Please remember that the obligation to obtain parental consents, where required, as it pertains to students and their data rests with our educational customers. Zoom relies on you to obtain consent from parents for their children to use the Zoom services. Your organization should be able to demonstrate compliance with the parental consent requirements contained in the Children's Online Privacy Protection Act ("COPPA") and other applicable laws.

Supervised Account Creation

Students under the age of 16 should not go to www.zoom.us to create an account because (i) they should only be joining Zoom meeting sessions as participants (not separate account holders) through the School Subscriber's account and (ii) minors are not permitted to create an account per Zoom's Terms of Service. The School Subscriber's account administrator (e.g., teachers) should securely and confidentially provide meeting information and meeting passwords to the student users to ensure the school can maintain supervision and control over its student users' meeting experiences.

MSI Option

Account administrators can use this tool to mass configure the Zoom desktop client with the appropriate user settings and ensure those settings apply to each download with your school's account. For more information, please visit the links below:

<https://support.zoom.us/hc/en-us/articles/201362163-Mass-Installation-and-Configuration-for-Windows>

<https://support.zoom.us/hc/en-us/articles/115001799006-Mass-Deployment-with-Preconfigured-Settings-for-Mac>

Only allow users to join meetings within your organization's account

If you issue student devices, you can lockdown the Zoom client to only allow users to join meetings from within your school's account. This ensures that Zoom can only be used for school related purposes.

Require sign in to account to attend meetings

If using a school email address, enabling this setting requires users to log in securely to participate in a meeting hosted by your school, ensuring that each meeting participant is monitored and identified. For further details, please visit: <https://support.zoom.us/hc/en-us/articles/360037117472-Authentication-Profiles-for-Meetings-and-Webinars>

Meeting Registration

Meeting hosts can ensure that only registered and approved participants can attend a meeting. For further details, please visit: <https://support.zoom.us/hc/en-us/articles/211579443-Registration-for-Meetings>

In Meeting Security and Controls

The meeting host has a variety of controls they can use to secure their meeting. By default, Zoom has enabled the Waiting Room feature, required a meeting password, and set screen sharing to "Host Only" for a more secure meeting. For more information, visit <https://support.zoom.us/hc/en-us/articles/115005759423>

- Prevent Participants from Screen Sharing: By default, only hosts are able to screen share to prevent disruptions. If you choose to allow others to share, the host can click the arrow next to Share Screen and click Advanced Sharing Options. Under "Who can share?" choose "All Participants" and close the window.
- Waiting Room: By default, waiting room has been enabled which allows the host to control when a participant joins a meeting. When in a meeting, click manage participants and "Admit" to allow participants into your meeting.
- Meeting Password: By default, Zoom requires a meeting password for education. When creating a meeting, the password is embedded into the meeting/webinar links. When manually entering a meeting ID, the user will always be prompted to enter the password.
- Lock the Meeting: when you're in the meeting, click Participants at the bottom of your Zoom window. In the participants pop-up box, you will see a button that says Lock Meeting. When you lock the meeting, no new participants can join, even if they have the meeting ID and password.
- Expel a Participant: still in that participants menu, you can mouse over a participant's name, and several options will appear, including Remove. Click that to kick a participant out of the meeting. They can't get back in if you then click Lock Meeting.
- Attendee On-Hold: if you need a private moment, you can put attendees on-hold. The attendee's video and audio connections will be disabled momentarily. Click on the attendee's video thumbnail and select Start Attendee On-Hold to activate this feature.
- Disabling Video: Instructors can turn participant video off and request to start participant video. This will allow instructors to block unwanted, distracting or inappropriate gestures on video.

- Mute participants or Mute All: Instructors can turn mute / unmute participants or all. This will allow instructors to block unwanted, distracting or inappropriate noise from the meeting.

Disable private chat

To ensure that students focus on the lesson at hand, meeting hosts can limit students' ability to chat amongst one another while a meeting is in session or in-meeting chat can be disabled in its entirety. For instructions, please see: <https://support.zoom.us/hc/en-us/articles/115004809306-Controlling-and-Disabling-In-Meeting-Chat>

Disable Group Messaging account-wide or restrict student IM contacts

You can restrict the usage of Group Chat and Instant Messaging (out of meeting chat) or limit chat only to certain contacts such as Instructors or Counselors, restricting the possibility of students posting or disclosing any personal information to other students publicly. This can be done with IM groups. For instructions please see: <https://support.zoom.us/hc/en-us/articles/203749815-Managing-IM-groups>

Tips for Administrators

1. How to Add Users to your Account

- **Option 1: Upload CSV File** - You can add or update Zoom users by uploading a CSV file. You can also add users one at a time with user management. For instructions visit: <https://support.zoom.us/hc/en-us/articles/204581939-Batch-importing-and-updating-users>
- **Option 2: Managed Domains** - You can set up your account to add existing users using your school's email address domain. Once set up, users with your specific domain will be prompted to join your account when they sign into Zoom. For instructions visit: <https://support.zoom.us/hc/en-us/articles/203395207-What-is-Managed-Domain->
- **Option 3: Single Sign On (SSO)** - If your school uses SSO, this allows you to login using your company credentials. Zoom SSO is based on SAML 2.0. For further instructions on how to get started or supported SSO providers visit: <https://support.zoom.us/hc/en-us/sections/200305453-Single-Sign-On>

2. How to communicate to Students/Guardians

- **Option 1: Through your LMS (Schoology, Canvas, Blackboard, etc)** - If using an LMS, you can set up your Zoom class meetings ahead of time that allows students and teachers to simply start and join Zoom meetings via a join link that is displayed on the LMS course, share cloud recording links to the course, and auto-provision Zoom users when they first access Zoom via your LMS. To get started visit: [marketplace.zoom.us](https://marketplace.zoom.us/apps/f8JUB3eeQv2IXsjKq5B2FA). <https://marketplace.zoom.us/apps/f8JUB3eeQv2IXsjKq5B2FA>
- **Option 2: Email/E-newsletter/Calendar** - Utilize your email, e-newsletter, calendar, chat, or other online documents to send teachers, students, and guardians links to their recorded or live classes that you've scheduled with instructions for the day's lessons.

3. Tips and Tricks for Administrators and Staff

- **Schoolwide Announcements**

- Utilize communication methods such as email, e-newsletter, chat, or other online documents to send teachers, students, and guardians links to their recorded or live classes that you've scheduled with instructions for the day's lessons.
- Conduct virtual morning announcements/assemblies to share the latest news and information about your school
- Host virtual staff meetings to check in with your staff and ensure they have the necessary resources and support

- **IT Support**

- Any software or hardware related issues that teachers encounter can be resolved virtually through Zoom meetings, screen share, & remote desktop access

- **Counseling Services**

- Offer school counseling services to support students, teachers, and staff emotionally through difficult & stressful times.
- Guidance counselors can stay connected to high school juniors & seniors to help with college planning

- **Professional Development**

- Host training sessions with teachers to cover online learning strategies and to collaborate with their peers on best practices.

Section 3: Teacher's Guide to Educating on Zoom

1. How to Host an Ad-hoc Meeting

1. Start by opening your Zoom desktop app.
2. Click on the Home button at the top left.
3. Press the **New Meeting** button.
4. Once in the meeting, click the invite button on the bottom of the screen to add additional users.

2. Recording a Zoom Meeting

- When in a meeting, click the **Record** button.
 - Please note: If enabled, all attendees will receive a pop up box informing them that the meeting is being recorded. If they consent to being recorded, they must press Continue, otherwise, they can press Leave Meeting and will be kicked out. For more information, visit: <https://support.zoom.us/hc/en-us/articles/360026909191-Consent-to-be-Recorded>
- To access recording links, go to zoom.us/recording in your browser. You will be prompted to enter your login

credentials if you are not logged into your Zoom account.

- Press the **Share** button next to the recording you'd like to distribute. You can update the sharing settings and distribute them using the provided link.

3. **Delivering Virtual Instruction**

- **Teaching Live using Zoom (Synchronous)**

- Teachers can schedule Zoom meetings and post the meeting links in either their Learning Management System's classroom, or simply on an organized online document.
- Teachers and students will click on the meeting link at the appropriate time and conduct class as usual.

- **Recording Classes Via Zoom (Asynchronous)**

1. Start a Zoom meeting.
2. Press the record button
3. Teach your lesson
4. End meeting, and send the link to the recording with detailed expectations including assignments. (When you share the meeting, click the box that says, "require registration" This will allow you to see who has viewed the video)

4. **Commonly Used Controls in Zoom**

- **Managing Participants**

- As the host of a class/meeting, you can manage participants such as renaming, muting, stopping video and other controls for participants. For more, visit: <https://support.zoom.us/hc/en-us/articles/115005759423-Managing-participants-in-a-meeting>

- **Video ON/OFF**

- Once in a meeting, you can turn your video on by clicking the "Start Video" icon on the bottom left of your screen. To turn it off, click the "Stop Video" icon. For more, visit: <https://support.zoom.us/hc/en-us/articles/200941109-Attendee-Controls-in-a-Meeting>

- **Virtual background**

- Once in the meeting, you can select a virtual background by clicking the up caret to the right of the Start Video icon. For more, visit: <https://support.zoom.us/hc/en-us/articles/210707503-Virtual-Background>

- **Muting**

- To ensure minimal background noise during your Zoom meeting, it is recommended that you mute everyone on the call when they're not talking. To do this, click on the Participants icon at the bottom of your screen click Mute All in the side panel. For more, visit: <https://support.zoom.us/hc/en-us/articles/203435537-Mute-All-And-Unmute-All>

- **Chat in a meeting**

- Meeting participants can ask questions during a Zoom Meeting via the meeting chat. Start by clicking the “Chat” icon on the bottom right of your screen.
- Once the chat panel will open up on the right, you can view and respond to all public chats.
- Use the three dots to choose whether you want to send messages to all meeting attendees or the host privately.
- *Note: Private chats will not be visible to the host. To control and disable in-meeting chat, visit: <https://support.zoom.us/hc/en-us/articles/115004809306-Controlling-and-Disabling-In-Meeting-Chat>

- **Sharing Screen**

- Click the “Share Screen” icon at the bottom of your screen to share your desktop.
- If you’d like to share specific windows or applications, you can choose to do so from the dialog box.
- For more, visit: <https://support.zoom.us/hc/en-us/articles/201362153-How-Do-I-Share-My-Screen->

5. Teaching Over Video

- **Tips and tricks for Virtual Lessons**

- For your first class, set aside some time to introduce your students to Zoom and ensure that they’re able to connect their audio and video.
- Give an agenda or plan for each class by Screen Sharing a document or slide at the beginning of class. This gives students a clear idea of how the class will progress, what will be covered, and the activities they’ll engage in.
- Discuss online etiquette and expectations of the students in your first virtual class and periodically revisit the topics.
- Utilize the Whiteboard or Annotate a shared document and let your students engage as well. When sharing a whiteboard, document, screen, or image, try whiteboarding math problems or have a student use annotation to highlight items such as grammar mistakes in a paper you’re sharing.
- Take time to promote questions, comments, and reactions from your class. Give a minute to allow your students to utilize reactions, write their questions in chat, or be unmuted to ask their questions live.
- Divide into smaller groups for a discussion on a certain topic. You can use Zoom’s Breakout Room feature to either pre-assign or auto-assign students into groups for a short period of time so they may discuss things together.

- **Tips and Tricks for Delivery**

- Pre-set your meeting to mute participant’s microphones upon entry. This helps to avoid background noise and allow your students to focus on your lesson.

- Look at the camera to create eye contact with your students. This helps to create a more personal connection while teaching over video.
- Take a second to check chat or your student's video (if on camera) to check-in with your students and get feedback.
- Speak as if you're face-to-face with the class while ensuring you're at the appropriate distance from the microphone for the best audio experience.
- When delivering a presentation, sharing images, files or video, give your students a moment to open or take in what you've shared.
- Embrace the pause. Take a moment after the end of your comments and allow for students to engage before continuing on.

TIPS FOR SECURING YOUR ZOOM MEETING

If you are working from home, leading a virtual book club, or trying to stay in touch with family and friends while sheltering in place, you may be using Zoom. If you are hosting a Zoom meeting, here are some tips to help make sure your meeting is secure and safe from uninvited meeting guests.

1. SCHEDULING THE MEETING:

- **Use a random meeting ID:** Click “Generate Automatically” to choose a random meeting ID for each meeting. Even though your Personal Meeting ID might seem easier to remember or share, it is easier for a bad actor to guess than a random meeting ID.
- **Require a password:** Protect your Zoom meeting by adding a password that participants need to enter your meeting.
- **NEVER PUBLICLY POST A ZOOM MEETING LINK, MEETING ID, OR MEETING PASSWORD.**

2. BEFORE THE MEETING:

- **Use the "Waiting Room":** Under your Advanced options, click “Enable waiting room.” The “waiting room” sends you an alert when anyone tries to join your meeting, and you have to click “admit” to let the person join. This makes it easier to keep strangers out of your meeting.
- **Require registration / Allow only signed-in participants to join:** Require participants to register with Zoom before they can join your meeting. You can also prohibit participants from joining your meeting unless they log in using the email address to which you sent the meeting invite.
- **Turn default video off and mute participants when they join:** Set your default meeting options so that participants will have their video turned off and their audio muted when they join. This can prevent an uncomfortable situation if a participant was not fully ready for the meeting.

3. DURING THE MEETING:

- **Verify participants:** Look at the meeting participants list to make sure that you know who all the meeting participants are. If you see someone who you do not know on the list, you can remove the participant.
- **Lock the meeting:** Once everyone you are expecting has joined your meeting, “lock” the meeting to keep anyone else from joining.
- **Manage screen sharing:** Set your default meeting options to prevent participants from sharing their screen, including any inappropriate content, during your meeting.
- **Disable video:** Turn off a participant’s video stream to block unwanted, distracting, or inappropriate gestures.

- **Mute participants during the meeting:** Mute participants (individually or all together) to block unwanted, distracting, or inappropriate noise.
- **Turn off file transfer:** Turn off in-meeting file transfers to prevent meeting participants from sharing pictures, GIFs, memes, and other content.

CISA Alert

CISA and NCSC Joint Activity Alert - COVID-19 Exploited by Malicious Cyber Actors

Partners,

As the nation and the world continues to fight against this newest coronavirus, COVID-19—the Cybersecurity and Infrastructure Security Agency (CISA) continues to monitor how the crisis is affecting the American public on the cybersecurity and infrastructure security front.

Today, CISA and United Kingdom's National Cyber Security Centre issued an activity alert titled, *COVID-19 Exploited by Malicious Cyber Actors*. This joint alert seeks to address the growing use of COVID-19-related themes by malicious cyber actors and it can be found here: <https://www.us-cert.gov/ncas/alerts/aa20-099a>.

CISA and NCSC see the surge of reporting about malicious cyber activity using COVID-19 to prey on people's goodwill, curiosity and concern, and exploit organizations that establish remote work options. Specifically, this alert discusses the exploitation of virtual private networks, phishing email and text messages about COVID-19, and websites deceptively advertised as COVID 19 sites.

We are sharing this information to help you and your team effectively assess your cybersecurity posture and ensure appropriate mitigation is in place. The alert provides many resources to help detect and prevent COVID-19 malicious activity on your networks. Industry partners played a key role in helping CISA and NCSC teams determine which IOCs to include in this alert and they continue to be integral to CISA's mission as the nation's risk advisor.

We encourage you to share this alert with anyone who might be able to use it. We will continue to keep you updated as more information becomes available.

For authoritative information and resources on COVID-19 -- including situation reports, guidance, and more, visit the CDC's website and [CISA.gov/coronavirus](https://www.cisa.gov/coronavirus).

Thank you,
CISA

Subject: Facebook Announcement Data for Good (EMBARGOED)

Hey all

I hope everyone is safe and well. We will announce some new data tools that we are offering to hospitals and public health systems to help them flatten the global COVID-19 curve. You can find our full announcement and highlights below. As there are always privacy questions around these kinds of tools, I want to make sure you have the right information in case you are asked by policymakers or your constituent. Our Data for Good tools **only share aggregate information** using [privacy preserving techniques](#). I know many of your states have found our [Disaster Maps](#) useful for this, and other, crises. With regard to the surveys, this will occur off-Facebook and we will not have access to users' responses. We will continue to be transparent about our approach and consult with privacy experts about our practices. As always, let me know if you have any questions.

Announcement:

As part of our [Data for Good](#) program, we help academics and non-governmental organizations understand population movements through aggregated data. We have heard from these researchers how valuable this information can be in responding to COVID-19, so we're releasing three Data for Good products:

- Improved co-location insights that not only help researchers better understand general movement patterns like commute patterns, but also the probability that people in areas with disease outbreaks will come in contact with new populations. These maps are important to understand the actual chance that a disease will be spread by human to human contact.
- Trends on staying near home by generating statistics at a county or regional level that show whether populations are generally staying in one part of town, presumably close to home, or whether populations are on average visiting many parts of a city or town. Around the world, many countries and regions have issued orders related to sheltering in place and people generally staying home. While Facebook data in aggregated format does not answer this question about specific households, these trends provide important insights into whether non-pharmaceutical interventions are headed in the right direction towards flattening the COVID-19 curve.

- A social connectedness index that shares the likelihood of friendship across states and countries, in aggregate, is another helpful input for disease modeling, as well as understanding the areas from where areas hardest hit by COVID19 might seek support.

In addition, starting today in the US, some people will see a link at the top of News Feed to an optional, off-Facebook survey to help health researchers better monitor and forecast the spread of COVID-19. The survey — run by Carnegie Mellon University (CMU) Delphi Research Center (a CDC Center of Excellence) — is designed to help health researchers identify COVID-19 hotspots earlier so public health organizations can respond faster, and can also help health systems plan their responses to when, where and how they can reopen parts of society. **CMU won't share individual survey responses with Facebook, and Facebook won't share information about who you are with the researchers.**

Please let me know if you have any questions.

All the best,

Will Castleberry

State and Local Elected Officials –

On **Wednesday, April 1, at 1:30 PM ET**, please join Dr. Anthony Fauci (*Director, National Institute of Allergy and Infectious Diseases*), Larry Kudlow (*Assistant to the President for Economic Policy*), and Senior Administration Officials for a briefing call on COVID-19 (coronavirus). Please note that Administration call participants are subject to change. The purpose of this call is to provide State and local elected officials with up-to-date information on COVID-19 and pertinent Administration and Task Force actions. Registration instructions are below – please read the RSVP instructions in their entirety before registering. We encourage you to share this invitation with your county and/or municipal colleagues as well as public health officials. If you have a particular question you would like addressed during the call, please flag those for our team.

President Donald J. Trump Signs the Coronavirus Aid, Relief, and Economic Security Act (CARES)

Following extensive negotiations between the Trump Administration and Congressional Leaders, on Friday, March 27, President Trump signed the *Coronavirus Aid, Relief, and Economic Security Act (CARES)*. The \$2.2 trillion economic relief package provides American families, healthcare workers, and small businesses with the economic support they need to get through this challenging time. The package includes \$1,200 payments to qualifying Americans, \$100 billion in direct support for hospitals, and over \$370 billion to small business owners to keep their employees on the payroll. It also includes direct relief for State, Tribal, and local governments through the \$150 billion Coronavirus Relief Fund. Each State will receive *at least* \$1.25 billion. \$8 billion is set aside for tribal governments. This aid comes on top of the *Family First Coronavirus Aid Package*, signed by President Trump on March 18, 2020.

State/Local/Tribal provisions include:

- \$150 billion in direct aid to State, Tribal, and local governments. Aid will be allocated primarily by a State's population with each State receiving *at least* \$1.25 billion.
- \$340 billion in additional emergency supplemental funding to combat the coronavirus outbreak.
- \$500 billion for loans and guarantees that authorize the U.S. Treasury to support eligible businesses and States and local governments to cover losses incurred as a result of COVID-19.
- \$100 billion for hospitals and health care facilities to reimburse expenses or lost revenues not otherwise reimbursed that are directly attributable to COVID-19.
- \$3.5 billion to allow States to expand childcare benefits for healthcare workers, first responders, and others on the frontlines of this crisis.

Department of Homeland Security (DHS) Releases Updated Essential Critical Infrastructure Workers Guidance for States and Localities

Functioning critical infrastructure is imperative during the response to the COVID-19 emergency for both public health and safety as well as community well-being. Certain critical infrastructure industries have a special responsibility in these times to continue operations. On Saturday, March 28, the Department of Homeland Security (DHS) – Cybersecurity & Infrastructure Security Agency (CISA) – released [updated guidance on the essential critical infrastructure workforce](#) (see [Memorandum on Identification of Essential Critical Infrastructure Workers During COVID-19 Response](#)). The guidance and accompanying list are intended to support State, Local, and industry partners in identifying the critical infrastructure sectors and the essential workers needed to maintain the services and functions Americans depend on daily and need to be able to operate resiliently during the COVID-19 pandemic response. ***State, local, tribal, and territorial governments are responsible for implementing and executing response activities, including decisions about access and reentry, in their communities, while the Federal Government is in a supporting role. Officials should use their own judgment in issuing implementation directives and guidance.***

Centers for Disease Control (CDC) and Prevention Issue Travel Advisor for New York, New Jersey, and Connecticut

Saturday, March 28, CDC issued a travel advisory for New York, New Jersey, and Connecticut urging residents to refrain from non-essential domestic travel for 14 days effective immediately. The Domestic Travel Advisory does not apply to employees of critical infrastructure industries, including but not limited to trucking, public health professionals, financial services, and food supply. These employees of critical infrastructure, as defined by the Department of Homeland

Security ([here](#)) have a special responsibility to maintain normal work schedule. The Governors of New York, New Jersey, and Connecticut will have full discretion to implement this Domestic Travel Advisory. Learn more [here](#).

President Trump Invokes Defense Production Act (DPA) Requiring General Motors to Produce Ventilators

Statement from the President: President Trump signed a [Presidential Memorandum](#) directing the Secretary of Health and Human Services to use any and all authority available under the Defense Production Act to require General Motors to accept, perform, and prioritize Federal contracts for ventilators. Our negotiations with GM regarding its ability to supply ventilators have been productive, but our fight against the virus is too urgent to allow the give-and-take of the contracting process to continue to run its normal course. GM was wasting time. Today's action will help ensure the quick production of ventilators that will save American lives.

The White House Office of Intergovernmental Affairs (WH IGA) will continue to share pertinent information as it becomes available. Please do not hesitate to reach out to our office if we can be of assistance. - **President Trump Announces Guidelines for Opening Up America Again!:** On Thursday, April 16, President Trump unveiled the [Guidelines for Opening Up America Again!](#) Developed by the top medical experts from across the Government and based on verifiable metrics regarding the situation on the ground, the guidelines outline a phased return to reopening and include specific steps for State, Local, and Tribal officials to follow in tailoring their response. The criteria include showing a downward trajectory of COVID-like symptoms reported over 14 days in a given state or region, as well as a decline in documented cases or positive tests during the same 14-day window. They also set clear benchmarks on new cases, testing, and hospital resources for States to meet to proceed toward a phased reopening. State and local officials may need to tailor the application of these criteria to local circumstances (e.g., metropolitan areas that have suffered severe COVID outbreaks, rural and suburban areas where outbreaks have not occurred or have been mild). Additionally, where appropriate, the guidelines recommend Governors working on a regional basis to satisfy outlined criteria and to progress through the tiered phases. In the days and weeks ahead, the Administration plans to continue robust coordination and outreach with State, Local, and Tribal leaders as we collectively work to reopen the country. - **DHS Cybersecurity & Infrastructure Security Agency Releases Revised Critical Infrastructure Workers Guidance:** On April 17, DHS CISA released version 3.0 of the Essential Critical Infrastructure Workers [guidance](#) to help state and local jurisdictions and the private sector identify and manage their essential workforce while responding to COVID-19. Version 3.0 provides clarity around a range of positions needed to support the critical infrastructure functions laid out in the original guidance and Version 2.0. This iteration includes a reorganization of the section around Healthcare and Public Health and more detail to clarify essential workers; emphasis for Emergency Medical Services workers; and adds lawyers and legal aid workers. Also included is language focused on sustained access and freedom of movement; a reference to the CDC guidance on safety for critical infrastructure workers; and a statement saying sick employees should avoid the workplace and the workforce. In worker categories, all references to “employees” or “contractors” have been changed to “workers.”
- **Centers for Medicare & Medicaid Services (CMS) Announce New Nursing Home COVID-19 Transparency Effort:** On Sunday, April 19, CDC [announced](#) new regulatory requirements that will require nursing homes to inform residents, their families and representatives of COVID-19 cases in their facilities. This is being sent to all Attorneys General, Chief Deputies/Chiefs of Staff and Executive Assistants who are not yet in support of the global opioid settlement with drug distributors and Johnson & Johnson on behalf of the California, Louisiana, New York, North Carolina, Pennsylvania, Tennessee, and Texas Attorney General Offices:

Over the last few weeks, we have continued to have discussions with all parties in order to reach a global resolution to address the opioid crisis in our states. Most recently, we have engaged constructively with the Attorneys General from Connecticut, Delaware, Florida, Georgia, Massachusetts and Ohio in an effort to reach consensus among the states. At this critical stage, we wanted to speak with all of the Attorneys General who do not yet support the settlement proposal in hopes of finding a way forward in a unified fashion.

To that end, we would like to hold a conference call on Monday, April 20th at 3:15 ET/2:15 CT/1:15 MT/12:15 PT. This confidential call will be for AGs, and AG staff only. Dial-in information is listed below:

Good morning!

Attached, please find the 5-year Strategic Plan on the prevention of human trafficking that is due to the Legislature on May 1st. As you know, this is a report required of the newly-formed Human Trafficking Prevention Coordinating Council. In light of everything going on with the COVID-19 virus and the challenges our survey respondents had due to telecommuting, I am encouraged that we received 2000 survey responses which gave us something to work with.

I would be remiss if I didn't mention the good work of Emily Landon in pulling this report together.

Please review as soon as possible and let us know if you have any serious concerns. [For your reference: OOG prepared the "Providing Support" section of the report]. We next need to circulate it among the 11 agencies that make up the Coordinating Council to get their leaders' approvals, and we want to make sure we have enough time to gather those approvals.

Subject: **Update on Telecommuting**

Chiefs:

Good afternoon. I hope everyone is having a restful weekend and the opportunity to spend meaningful time with your family and friends.

Please pardon the interruption but I wanted to provide you all with a brief update on telecommuting.

We continue to make every effort and take all necessary precautions to prevent the impact of COVID-19 on our OAG family. On Friday, I asked each of you to take certain actions with regard to telecommuting to ensure the continuity of OAG operations, including requiring eligible employees to telecommute at least one day during this coming week. I want to clarify that this does not restrict telecommuting to only one day per week, and to protect the health and safety of everyone, I encourage you to be generous in allowing more frequent telecommuting in the coming weeks.

For employees who believe they are at a higher risk of developing severe illness due to COVID-19, they should be allowed to telecommute full-time until March 31, 2020 (this date is subject to change). A verbal representation from the employee that he/she is high-risk is sufficient; no documentation or other proof is necessary. For reference, according to the Texas Department of State Health Services, high-risk individuals include people 65 years or older, and/or people with medical issues, like heart disease, diabetes, high blood pressure, cancer, or a weakened immune system (www.dshs.texas.gov/coronavirus/).

If you have high-risk employees who don't work in positions suitable for telecommuting, please notify Human Resources for guidance.

Thank you all for your efforts. Please don't hesitate to contact me or your Deputy if you have any questions.

Jeff

Hi Jeff –

Hope you are doing well under the circumstances.

Sorry to email you out of the blue.

As you know, I represent 3M. They manufacture N95 masks (ventilators) which are in high demand due to the pandemic. 3M only sells them to a select group of distributors and at the moment there a lot of scammers out there claiming to have a distribution contract with 3M. These scammers are convincing states to place large orders. Unfortunately, one such state caught in this web is Texas.

Is there someone in Governor Abbott's office that you can connect me with? We are in receipt of some paperwork showing that Texas supposedly placed a very large order and is expecting delivery of 10,000,000 masks in short order.

Thank you for any assistance you can provide with making that connection.

As an side, I'd welcome a connection with someone in your consumer protection division as to this issue as it appears that there are some bad actors to whom we might need to call to your office's attention.

I hope you and your family are staying safe.

Subject: CVSD Status at the end of the week

Mark-

Attached is an email I sent to CVSD earlier today. I try to cover topics that have come up that seem to need to be addressed from my level.

We were told yesterday that we “might” get 50 phone headsets next week. They are scheduled for delivery to OAG Monday, and if they arrive then, will be processed on Monday and Tuesday, then hopefully issued to staff Wednesday and Thursday next week. These headsets are Bluetooth so staff will have to come to the office in order to have their laptops paired. We haven’t fully announced that to staff as we want to ensure the headsets actually are received.

I will be in the office for a short period Monday to pick up some new equipment.

And today we are again starting to see impact of equipment in a measurable way. For example:

- 115 victim applications moved from Central Records to Eligibility for decision yesterday- this is comparable to in the office production
- 94 victim applications had eligibility decisions made yesterday – normal in the office production would be 90-100 per day
- 153 medical bills were sent to the cost containment vendor for processing – normal in the office would be over 200 but this has been low for a couple of weeks at 75-100 per day.

These are just indications.... Work has taken place each day but we can see it coming back online. I am impressed by the innovation and resiliency of the staff.

Dear Emergency Management Council Representatives and Partners:

Due to several of our state agency partners and other stakeholders transitioning to telework programs within their agencies due to COVID-19 response, provided below is the conference call/webinar information for the planning meetings scheduled for each Tuesday and Thursday. This conference call/webinar information will remain the same for the entire series of planning meetings.

Please **do not** report to the State Operations Center and participate by phone/webinar instead.

Please feel free to contact me if there are any questions. Thanks for your continued support.

Good Evening,

Since the agency increased teleworking to reduce onsite staff in response to the spread of COVID-19, FAM has asked for occupancy counts from each of you to assist TFC with their staffing decisions.

Beginning Thursday, March 26, 2020, all agencies are required to report daily, the number of employees who will be working onsite in each building. We understand that everyone is extremely busy, however we need your assistance to meet this reporting requirement.

Please use the template below to report by 9:00 AM each day to the [OAG Building Maintenance Request](#) mailbox. We need a response email, even if it is just to let us know that nothing has changed from the previous day. For divisions who occupy multiple floors, please break your numbers down by floor. We have provided a notes section and encourage comments (i.e. "we currently have 45 employees working onsite, but plan to have this number reduced by half in the next three days" or "our FTE has increased by 1 due to a new hire"). Complete information helps our agency comply with reporting requirements and helps us make rapid strategic and staffing decisions based on facts, allowing us to serve you in the best possible way.

Since the telecommuting has started, there has not been a day when I have been able to stay connected for any significant period of time. Luckily I haven't had a brief, but when one comes in, can I go into the office to do it? That way I have reliable steady access to the drive and internet and don't have to work in the wee hours of the morning. I would only go into building for the time it took me to complete brief. Is this an option?

Presentation Date & Time: see attached agenda

Please note: We are monitoring the COVID-19 situation daily and will continue to follow the guidelines issued by the CDC, the governor, and the local county and city officials where the course will be held. We will provide an update if it is necessary to postpone or change the format of this course to a webcast. The health and safety of you and our staff is our top priority.

Below is a checklist of what we need from each speaker. Please take a few minutes to save these deadlines on your calendar. If you need special accommodations to speak or to attend the program, please let me know as soon as possible.

DEADLINE	ITEM	DETAILS
July 20	Articles and bios due	Email the following items: • Bio/CV • CLE materials (a paper, outline, list of resources, etc.)--if speaking on a panel, work with fellow panelists on materials. Materials will be made available to the registrants as a printed notebook. It is critical that articles are received by the deadline for inclusion.
August 10	Make your travel arrangements by this date	Speakers are responsible for making their own travel arrangements and will be reimbursed necessary and reasonable travel expenses. Our reimbursement form is included in the attachment for additional details. (See hotel information below.)
September 4	PowerPoints due	Email your PowerPoint presentation, if using (not required). Let us know if your PowerPoint contains audio or video clips, and send the presentation with audio or video clips embedded.

Please submit all items to me via email at sarah.rich@texasbar.com.

Attached to this email is a course agenda and author packet that includes formatting directions, reimbursement information, and speaker benefits.

Also, if you are speaking on a panel or have a co-presenter, please coordinate with each other in advance of the program to discuss the format of your presentation.

As a speaker, you will receive complimentary course registration and materials, as well as a complimentary one-year subscription to our Online Library. For additional information on these and other speaker benefits, visit our [Volunteer Resources](#) website.

If you need overnight accommodations, please make your reservations with our host hotel listed below. To ensure you are receiving our group rate, call the hotel directly and indicate that you are attending this State Bar course. Or, use the promo code below to make your reservation [online](#).

Subject: Budget Forecasting

Hi...
Hope everyone is doing well this the virus outbreak. I have attached a copy of the finalized Budget forecast for your org. I reviewed your budget for the last few yrs and your expenses so far and based my analysis on those data. Please look at Column AB and AI for revised budget for AY20 and AY21. Since you are busy and I have deadline to meet, I would like this sheet to be approved by tomorrow the latest. If you don't agree on those numbers and think you would like to add more or take fund out, I will more than happy to do so. Use column AM (Comments) if you want to set your budget at different amount with an explanation so I can verify to exec the changes.

Thanks and hope to hear from you soon. FYI, if you want to schedule a meeting, I am open today except 1:30-2:30 and all day tomorrow

Jeff,

Thanks so much for taking Judge Jenkins and my call this evening.

The hospital we discussed is Carrollton Hospital, which is in Denton County Texas. The hospital is owned by a Hospital Authority called the Metrocrest Hospital Authority. It has approximately 200 beds and several ICU beds with ventilators.

The Metrocrest Hospital Authority (MHA) was created in December, 1975 by the City of Farmers Branch under Chapter 262 of the Texas Health and Safety Code, The Texas Municipal Hospital Authority Act. The Authority is an instrumentality of the State of Texas, a political subdivision and a unit of local government. It has the power of eminent domain and enjoys sovereign immunity. The primary mission of the Authority is to create a quality healthcare environment for both providers and users and to ensure that the Authority remains in a position to meet the health care needs in its service area.

MHA has leased the Carrollton Hospital out to a number of operators over the years. Baylor Scott & White had a lease with the MHA, which expired in February of this year. The MHA contracted with a California company to lease and operate the hospital. That lease commenced on March 1, 2020. As we understand it, that operator is not sufficiently capitalized and unable to provide sufficient financial resources to operate the hospital. The recent order to hospitals across Texas to curtail elective medical procedures has significantly cut into the hospital operator / lessee's profitability. The operator has indicated that it is in the position of having to close the hospital if it does not receive assistance.

I spoke last week with the Executive Director of the MHA, Charles Heath. He can be reached at (214) 906-7090 and at

Mr. Heath said that although the MHA has financial resources, the authority's hands are tied and it cannot loan or otherwise extend financial resources to the operator to keep the hospital open. I haven't talked to the MHA counsel directly on their read of the Hospital Authority Act, but I would imagine that in this emergency situation, given the fact that the authority exists under Texas law to operate a hospital, that the MHA has to have some power to act to spend the appropriate amount of money to keep the hospital open.

Keeping this hospital open is essential for the entire DFW metropolitan area at this time, and especially for Denton County.

Any assistance that the AG's office can provide to guiding the authority to understanding its ability to assist financially to keep the hospital open, would be most appreciated.

I can be reached at anytime on my cell phone, 214 662 7389.

As the Judge indicated, I am volunteering my time as a resource to Dallas County and hospitals in the DFW area to ensure that we have all resources available to respond to the coronavirus pandemic here in North Texas.

Thank you again for talking to us tonight,

Best regards,

Peter

Dear Liaisons:

In order to do our part in the fight against COVID-19, the Texas Register will be minimally staffed and teleworking for the foreseeable future. Processing times for documents submitted for publication will increase. Response time to phone calls and emails will increase as well.

At this time, we are not changing deadlines for publication, but that decision is subject to change. This is a fluid situation, and we ask for your understanding as we (and you) navigate these uncharted waters. Additionally, future issues of the Texas Register after March 27 may be delayed.

For now, we ask that you limit filings with our office as much as possible. We understand that you may have emergency filings that you need to submit. We will expedite processing those filings and upload them to our online database. Non-emergency filings will be processed after emergency filings. If you are working remotely, please include alternate contact information on your submission forms as appropriate.

Please remember you are able to access the Liaison Center 24/7 as long as you have internet access. THIS EMAIL DOES

NOT AFFECT OPEN MEETING POSTINGS.

If you have any questions, call us at 512-463-5561 or email at texreg@sos.texas.gov

I tried call the child support hotline at 800-252-8014 and the recording was asking for an 8 digit identification number and pin. We do not have this information but need to talk to someone urgently. I don't need case specific information but guidance on if there is plan in place for Emergency disaster relief and how to take proper steps. We see no information on-line and need direction.

Is there a general number that I may speak to a representative or can you give me another email address that I can send the previous email?

Subject: Child Support - Emergency Disaster Recovery - URGENT

Good Morning,

I am writing with a heavy heart and much fear. I hope you can help or point me in the right direction.

I am seeking advice in preparation for disaster recovery regarding my husband's child support. My husband & I are currently paying the MAXIMUM amount of child support for 2 children with 2 different mothers amounting to \$3,000/monthly. This child support is being garnished from my husband's paycheck by the State of Texas and is up-to-date and current. Due to the Coronavirus Disaster and the hardships with the airlines, it is likely that he will either be furloughed or receive a 50% pay cut shortly. With this current crisis and circumstances as such, we will quickly be unable to pay our bills as this child support garnishment will consume the majority of his monthly income.

I understand there is a "normal" process for this to be filed and modified through the courts which could take up to 6 months for a reduction to be put in place and comes with additional incurred legal expenses. With this current process in place, it will create severe damage to us financially for the long-term due to the time frame and additional expenses needed. Is there any emergency relief or an emergency processing plan in place at this time so we can protect our financial well being from further disaster?

I am writing this on behalf of me and husband since he is currently traveling for the next 3 days, putting himself at risk of contracting the Coronavirus along with experiencing hardships while staying hotels with no access to food.

You can contact me directly at 832-819-8110 or

I look forward to hearing from you soon.

Hosted by the NAGTRI Center for Leadership Development

During these uncertain times, it is increasingly important to prioritize your mental health in the workplace. The COVID-19 pandemic has created a stressful and anxious environment. You may be overwhelmed trying to figure out how to work from home, manage childcare, care for elderly parents, and worry about what's ahead.

On Thursday, April 23rd, NAGTRI will begin hosting a weekly Wellness Webinar Series for 5 weeks. This series will cover a wide range of topics, from mindfulness to reducing stress and anxiety, and will be presented by Jeena Cho, partner with JC Law Group PC, a San Francisco law firm and co-author of the best seller book, *The Anxious Lawyer*, An 8-Week Guide to a Joyful and Satisfying Law Practice Through Mindfulness and Meditation (ABA). The titles for each webinar and the links are below.

CLE credit will be offered for the webinars. Click [here](#) to view NAGTRI's CLE policy.

Beginning on Monday, April 20th, NAGTRI will begin a Wellness Series with a 10 minute ["daily pause" session](#) designed to offer a brief stop during the workday to practice mindfulness and improve focus. The daily pause sessions will run Monday through Friday at 12:30 p.m. EDT and end on May 15th.

Attorney general staff can access the webinar and daily pause recordings on NAAG's members-only page. Access to this page can be requested by completing [this form](#). Please note that requests may take up to 24 hours to process.

Jeff:

I thought you might like to see Gene's end of month report for the Crime Victims Services Division. Teleworking has reduced the daily average for payments by more than 50%. Gene, Doris and their team are doing a great job of keeping things moving, despite the limitations which teleworking imposes on their normal operations. I commend Gene and his team for their creative efforts and their devotion to their mission!

Subject: CVSD Status - End of March

Mark-

Here is a status report for the month of March by program in CVSD in view of the challenges we have faced. Overall I am very proud of the work done by the division- each day staff are doing things to try and assist victims in Texas.

Crime Victims' Compensation Program (CVC)

- Payments..... In March CVC paid \$5,537,050.66 and for the fiscal year thru March \$42,546,849.36
 - We were forecasting to pay \$6.8 million in March
 - Average payments per day in March \$251,684.12 (2nd – 31st 22 working day)
 - March 2nd – 16th \$351,585.55 average per day
 - March 7th – 31st \$151,782.69 average per day (so you can easily see the impact of COVID-19)
- Equipment- 20 additional laptops are expected to be fielded next week
 - 50 wired headsets for use have been ordered- the headsets will give us a phone capability – IT Division is very close on the software for this. We don't expect the headsets to arrive for several weeks.
- 10 or less staff are in the office during the day at any one time for CVC – they are staggered both by time and by work role/section so as to not be close and interact.
- There is a backlog that is increasing every day in CVC due to the inability of staff to fully work from home on these areas – we can do all of these things, just not at the same volume:
 - Reviewing and importing all types of bills
 - Data entering, importing, and releasing new applications
 - Eligibility decision making
 - Awards case management
 - Setting up victims, claimants, and providers in the Comptroller system

Address Confidentiality Program (ACP)

- Selected staff go to the office each day to process mail and applications for ACP participants. No backlog.

SAPCS & Policy

SANE Certification

- Staff have been able to maintain the program while working from home. No backlog.

SATP (Sexual Assault Training Program)

- Staff have maintained relationships with the field while working from home.

SAPCS grants

- Staff have kept pace with current grant offering (SAPCS Federal) while working from home

Sexual Assault Task Force

- OAG designee has maintained contact with Office of the Governor staff, reviewed documents and conducted conference calls to provide information for the statutorily required strategic plan

Telehealth Advisory Council

- OAG designee attended advisory council zoom meeting and provided updates on CVSD processing.

TAMUHSC Contracts

SANE Training is currently on hold, TAMUHSC staff are providing updates to the field about reschedule of SANE coordinator meeting, we are looking for ways to get video trainings to field to help them satisfy some of the certification requirements

- TECP and technical assistance work is ongoing, TAMUHSC staff is providing daily help with responding to SANEs questions regarding certification during the COVID-19 response
- Telehealth implementation has been delayed due to COVID-19, but staff are working remotely to ensure pilot is up by Fall
- All invoices have been processed by CVSD staff. No backlog

Jamie:

1. has not reported anything new with his contact who worked at a facility that reported COVID but who had not been in contact with anyone who had signs of the virus. If that changes, we'll let you know

2. have both tested positive as of last week and are hospitalized, but I have not had contact with them since March 4 well more than 14 days (the period usually cited as the incubation period) before either exhibited symptoms so it is almost certain they contracted it after I had contact. Furthermore, it has now been 4.5 weeks since I was in contact with them, so I think it is not a concern. I only mentioned it to be thorough.

Thanks for checking. We can't be too careful with this thing.

Jamie:

1. has not reported anything new with his contact who worked at a facility that reported COVID but who had not been in contact with anyone who had signs of the virus. If that changes, we'll let you know
2. have both tested positive as of last week and are hospitalized, but I have not had contact with them since March 4 well more than 14 days (the period usually cited as the incubation period) before either exhibited symptoms so it is almost certain they contracted it after I had contact. Furthermore, it has now been 4.5 weeks since I was in contact with them, so I think it is not a concern. I only mentioned it to be thorough.

Thanks for checking. We can't be too careful with this thing.

Jamie:

1. has not reported anything new with his contact who worked at a facility that reported COVID but who had not been in contact with anyone who had signs of the virus. If that changes, we'll let you know
2. have both tested positive as of last week and are hospitalized, but I have not had contact with them since March 4 well more than 14 days (the period usually cited as the incubation period) before either exhibited symptoms so it is almost certain they contracted it after I had contact. Furthermore, it has now been 4.5 weeks since I was in contact with them, so I think it is not a concern. I only mentioned it to be thorough.

Thanks for checking. We can't be too careful with this thing.

I know scheduling this was a superhuman task and I hate to cancel on you at the last minute. On the plus side, you just got two hours back so there's that...

Anyway, I appreciate your understanding and look forward to visiting with Team OAG soon. We are also going to reformat the presentation and combine the CSD and A&L discussion points to be more respectful of your time.

Daniel, I am waiting on a few details regarding the amount, but we are good to go on the OAG side of a e-filing fee reduction. Do you know when the DIR board meeting is likely to occur? We are probably fine with waiting to make the change all at once, but that may be impacted if the meeting is in late-May.

Thanks and let me know.

The business justification is great. I would request that we have the agency requested fee amount listed prior to going to our DIR board for approval. I would like to avoid a secondary approval in the future.

Subject: Re: E-Filing Pop-Up Messages

That is great to hear Daniel. What do you think of the below justification? This is very similar to what I used when discussing it internally.

The justification is to expand the use of e-filing in response to the COVID-19 disaster. During the disaster, OAG staff and many governmental bodies' staff are required to work remotely. This means they have reduced access to postage resources and to physical files. Every file that is submitted electronically replaces a piece of physical mail that must be handled by multiple individuals at the governmental body, the postal service, and the OAG. Encouraging electronic files as opposed to paper files would also allow governmental bodies and OAG staff to continue to submit and process the files remotely without coming into the office or moving around paper. This means the public information process can continue moving in many circumstances, even though a governmental body's physical

offices are closed. It would also increase the amount of time staff could telecommute and reduce the number of physical parcels the OAG must take in from across the state.

Because board approval is necessary, could DIR implement a fee reduction on just the OAG part first, and then, assuming it is approved, further reduce the fee again in May after DIR board approval?

Subject: RE: E-Filing Pop-Up Messages

Hi Justin,

As we understand, the previous rates were developed to recoup NIC development fees. This recovery model is no longer a requirement so we are open to considering a rate reduction.

Next steps:

We need some justification from OAG regarding the rate reduction (perhaps mention of the limited costs on their end and the increased need due?)

We need to prepare something to take to the DIR board in May (as all rate reductions require board approval).

Thank you,

Thanks for checking back on this Shiv. I am working to get this completely approved over here, and I hope to have an answer in the next day or so. The agency fee amount is still subject to change and may be increased from \$0 to some nominal amount (\$1 to \$5).

However, in order to save time, I think it may be appropriate to have DIR confirm they are also ok with the change.

Are there any concerns in using the below numbers in the table or OAG wants to reduce the agency fee to zero? Please let us know if there are any questions on this.

Hi Justin,

First of all I want to start with saying that any kind of fee change is possible. However, there are two different types of fee in the system, and if you basically have a non-zero reduced fee (see table below), then there are no code changes required. The only change will be to replace the values in the database with the new fee value. Please let us know if that works.

We still need to run this with DIR, if they are ok with the change. Additionally, we will also check with NIC if they have to do any changes on their end.

Transaction	Current fee	New fee
New filling fee	\$10 - Agency fee \$5 - Texas.gov fee	\$2 - Agency fee \$2 - Texas.gov
Subsequent filling fee	\$0 - Agency fee \$5 - Texas.gov fee	\$0 - Agency fee \$1 - Texas.gov fee

Yes, please go ahead with that option. However, I believe your chart reverse the new fees. Under the temporary changes, OAG would completely remove its fee. So the \$2-\$1 would go to Texas.gov to continue supporting the system and OAG would get no fees. It is also my understanding the Texas.gov is currently getting the \$5 subsequent filing fee. Am I mistaken on that following the program changeover?

Hi Justin,

Yes, that is definitely an option. This will reduce the effort for Approach 2. Will \$2 for initial fee, and \$1 for subsequent fee work? If you agree, we can ask Daniel to use that information for his discussion with DIR finance.

Transaction	Current fee	New fee
-------------	-------------	---------

New filling fee	\$10 - Agency fee \$5 - Texas.gov fee	\$2 - Agency fee \$X - Texas.gov

Shiv, would any of the "Approach 2" issues be remedied if we reduce the charge to a nominal fee (like \$1.00 or \$2.00)? Since the system is open to the entire web, this may also help us all avoid receiving many "spam" filings and other security issues that could occur if there was no fee at all.

On your questions:

1) These would be temporary changes. Any permanent change would require a larger look at the system but may be informed by what occurs during the temporary change.

2) Yes, I think the fee changes would come first. If we only reduce the fee, as opposed to eliminating it, Jahnna has already reviewed the system and identified the places where the fee amount is referenced. I understand it would require changes on the back end but that may speed up changes to the public-facing portion.

3) If we reduce the initial filing fee, I think subsequent fees should be similarly reduced. For example, if an initial filing is \$1.00, then the subsequent filing would also be \$1.00.

OAG team,

Here's our analysis for the \$10 agency fee removal for new submissions.

- DIR is reviewing the request internally regarding the removal of \$5 charged by Texas.gov. As of now, we have done the analysis for both the approaches:
 - Approach 1: Remove the \$10 agency fee for new submissions, \$5 will still be charged by Texas.gov
 - Approach 2: Removing the \$10 agency fee and \$5 Texas.gov for new submissions. In other words, new submissions will be feeless transactions
- Irrespective of the approach selected, we can do these changes via maintenance tickets. It will take more time to implement approach 2, as we would have to remove the complete payment logic, work with NIC so that they are informed and are making the changes on their side
- Our understanding is that in both cases, we will need to do USAS testing with CPA, therefore we will need an updated coding block from OAG

Questions:

- Are these changes permanent or temporary?
- Since these changes might have direct impact on the pop-up messages and increasing the session time, will it make sense to implement the fee changes first and then discuss the other requirements?
- Since we are removing the fee for new submissions, are there any fee changes of subsequent submissions?

Please let us know if there are any questions on the analysis, and we would be happy to connect.

Thanks!

Subject: [EXT] E-Filing Pop-Up Messages

Good morning,

During the teleconference on Tuesday, it was mentioned that we could add pop-up messages to the e-filing system to help users navigate through it.

If it is possible, we would like to add a recurring pop-up message that acts as a visual guide to show the user where he or she is in the system.

Here is an example of what we were thinking:

1. contact information 2. payment 3. upload files 4. submit request

The user completes Step 1 and then a pop-up message appears to show them what steps are left:

~~1. contact information~~ 2. payment 3. upload files 4. submit request

And, this would repeat until the user completed the submission.

Please let us know what you think or you have additional questions.

Thank you,

Jahnna

Subject: Family-centered Child Support under CARES Act

The Honorable Greg Abbott

Governor of the State of Texas

P.O. Box 12428

Austin, TX 78711-2428

Dear Governor Abbott,

First and foremost, thank you for your leadership during these unprecedented times, and good wishes to you, your family, and your staff.

We are writing to call your attention to immediate action you may take to financially support noncustodial parents in your state now, and advance family-centered child support policies and practices long-term. This recommendation is an opportunity to both provide immediate, needed support to fathers and their families as well as innovate and fix what has been an antiquated policy barrier undercutting families' economic security in your state.

[Ascend at the Aspen Institute](#) focuses on improving outcomes for the whole family-children and their parents- by applying a [two-generation \(2Gen\) approach](#) and a gender and equity lens. We have worked with the [Ascend Network](#), close to 400 leading nonprofits, and members of the [Aspen Institute Fatherhood Learning and Action Community](#), to identify opportunities in the Coronavirus Aid, Relief, and Economic Security (CARES) Act that can support family-centered child support policies.

The CARES Act provides for direct payments of \$1,200 to individuals who are experiencing financial difficulties because of this economic and public health emergency. Unfortunately, an estimated 2.1 million noncustodial parents in the child support program across the country may never receive the full direct payment because the CARES Act does not exempt these payments from federal tax offsets to pay child support arrears. While many of these offset collections will be forwarded to custodial families, a large portion will offset state debt. These state debt offsets will represent substantial new revenues to your state. We urge you to use your authority to direct the specific state debt funding to noncustodial parents who are currently excluded from payments to support themselves and their children.

Taking this action during this economically challenging time would improve public health, advance family-centered child support practices, and contribute greatly to family well-being.

Within state-operated child support programs, about 70 percent of noncustodial parents, mostly fathers, who owe child support arrears are living in poverty with a reported annual earned income of under \$10,000. Many of these parents will lose their jobs and housing during the pandemic without the supports being provided to other parents.

We ask you to use your significant latitude to use the state debt offset funding from the CARES Act to provide individual payments to noncustodial parents. States have been authorized to use their share of debt offset funding for this

purpose. We encourage you to create a separate account for the state debt offset funds you will receive, and augment those funds, if possible, to make state individual payments to noncustodial parents.

During this pandemic, we also encourage you to continue policies that maintain and publicize the ability of noncustodial parents to file timely review and adjustment requests and activate state debt reduction programs. It is critical to maintain or expand essential on-line agency or judicial portals to allow and encourage noncustodial parents to file electronic requests to preserve their rights to a review and adjustment of their support orders when they lose income. If parents cannot file these requests as soon as their financial circumstances change, they will accrue insurmountable child support debt during the emergency. While we recognize that state child support IT systems are often not as nimble as needed, please take necessary steps to implement rapid review and adjustment procedures as soon as possible. Several states implemented successful rapid review and adjustment procedures during the Great Recession.

Additionally, states have authority to write-off state debt without owing a share to the federal government. For example, you may provide noncustodial parents whose \$1,200 payment was offset to repay either state or family child support debt with a matching credit against state debt balances. This means that noncustodial parents with a \$1,200 offset payment owing family debt and welfare debt totaling \$10,000 could receive double or triple credit. Triple credit would reduce the debt balance by \$1,200 plus an additional \$2,400 state debt write-off credit, for a combined total of \$3,600 debt reduction. Most states have state debt write-off programs already in place.

Finally, we encourage governors to explore the use of executive orders to facilitate expediency where appropriate.

Thank you for your full consideration of our recommendations. We welcome an opportunity to brief you and your staff on innovations from other states that may be leveraged as you strengthen state systems to better support fathers and their families. If we can be of help, please contact Tiffany Day, Systems Change and Policy Analyst at Ascend (

Jeff & Marc,

This is an issue that we have raised with RAGA on behalf of the Federation of American Hospitals that should now be on your radar; especially now that yesterday the EPA's Office of Inspector General issued the attached "Management Alert" regarding the "need" to hold public meetings for residents living near ethylene oxide (EtO) sterilization facilities in Texas and Louisiana. Subject: Federation of American Hospitals: Ethylene Oxide (ETO) Sterilization Facilities in the Face of Novel Coronavirus (COVID-19)

Adam,

I hope that you and yours are weathering Coronavirus.

We thought that the following important issue would be of interest to RAGA and its member AGs, especially in light of Coronavirus. It has been brought to our attention by our client, the Federation of American Hospitals.

Let me know if you would like any further information.

- Ethylene oxide (EtO) sterilization is a chemical process that is used to sterilize products for medical use mainly in commercial sterilization facilities.
- EtO sterilization is widely used to keep medical devices safe. Approximately 50% of all medical devices in the U.S. are sterilized using this process, ranging from surgical gowns and dressings to specialized devices, such as stents and catheters.
- For many medical devices, sterilization with EtO may be the only method that sterilizes and does not damage the device.
- Thus, we are concerned about the potential short-term impact of federal and state-based efforts that could result in closure of EtO sterilization facilities, whether terminal or temporary as closure of EtO facilities will contribute to a medical device shortage nationwide that will affect patient care if closures are not centrally managed.
- This risk is exacerbated by the existing COVID-19 outbreak, which will require medical care that relies on the EtO-based sterilization of medical products. **For instance, EtO-based sterilization is used for endotracheal tubes and tracheostomy tubes which are used to treat patients with respiratory distress or other respiratory conditions.**
- A shortage in these devices would substantially hamper the ability of hospitals to treat the expected surge of patients requiring the use of ventilators as a result of the coronavirus disease and its complications.

Attached are the following:

1. Federation of American Hospitals "About Us" Page; and
2. FAH Summary: Ethylene Oxide (ETO) Sterilization Facilities in the Face of Novel Coronavirus (COVID-19)

P.S.

You should also know that on February 10, 2020, eleven Democratic state attorneys general filed a comment urging the EPA to impose stricter regulations over commercial operations that emit ethylene oxide (EtO). The comment can be found here:

Hello, everyone.

The agency is committed to being prepared for a possible COVID-19 outbreak affecting one or more of our offices and strives to ensure that we are able to maintain business continuity in the event that this happens. Accordingly, we need your help.

Beginning Monday, March 16th, each A&L division and CSD office must provide the following information to Human Resources by 11:00 a.m. (CDT) each workday:

- the number of employees who are expected to be out sick for the entire day

These daily reports must be sent to HR-Absence@oag.texas.gov.

In addition, division management must provide immediate notice to Human Resources if they have:

- any reports of employees who have been in contact with anyone with a COVID-19 infection
- any reports of employees displaying COVID-19 symptoms (e.g., fever, cough)
- any confirmation of a COVID-19 infection indirectly or directly affecting an OAG employee

This information should be directed to Shelli Gustafson, Henry De La Garza, or Greg Simpson.

Please let me know if you have any questions.

Thank you,

Subject: Invitation: AG-Only Call with CISA Director Krebs re: COVID-19

This is being sent to all Attorneys General, Chief Deputies/Chiefs of Staff, and Executive Assistants:

Generals,

Throughout the pandemic, NAAG has been guided by our strategic plan's directive to facilitate increased involvement and collaboration between our members and federal agencies. Following that guidance, NAAG has arranged for the Christopher Krebs, Director of the [Cybersecurity and Infrastructure Security Agency \(CISA\)](#) to have a discussion with the attorneys general on April 23rd at 1pm EST.

Embedded within the Department of Homeland Security, CISA is the nation's risk advisor, working with partners to defend against today's threats and collaborating to build more secure and resilient infrastructure for the future. As Director, Mr. Krebs oversees CISA's efforts to defend civilian networks, secure federal facilities, manage systemic risk to National Critical Functions, and work with stakeholders to raise the security baseline of the Nation's cyber and physical

infrastructure. During the pandemic, CISA has been responsible for issuing guidance on essential critical infrastructure industries and workers.

Director Krebs will speak for about 20 minutes before opening up the floor to questions from the attorneys general. Similar to the AG-only call with the Surgeon General a few weeks ago, we hope this will be helpful as you manage your office's response to the pandemic.

Dial-in information is below. Please RSVP by clicking [HERE](#).

President Donald J. Trump Signs the Coronavirus Aid, Relief, and Economic Security Act (CARES)

Following extensive negotiations between the Trump Administration and Congressional Leaders, on Friday, March 27, President Trump signed the *Coronavirus Aid, Relief, and Economic Security Act (CARES)*. The \$2.2 trillion economic relief package provides American families, healthcare workers, and small businesses with the economic support they need to get through this challenging time. The package includes \$1,200 payments to qualifying Americans, \$100 billion in direct support for hospitals, and over \$370 billion to small business owners to keep their employees on the payroll. It also includes direct relief for State, Tribal, and local governments through the \$150 billion Coronavirus Relief Fund. Each State will receive *at least* \$1.25 billion. \$8 billion is set aside for tribal governments. This aid comes on top of the *Family First Coronavirus Aid Package*, signed by President Trump on March 18, 2020.

State/Local/Tribal provisions include:

- \$150 billion in direct aid to State, Tribal, and local governments. Aid will be allocated primarily by a State's population with each State receiving *at least* \$1.25 billion.
- \$340 billion in additional emergency supplemental funding to combat the coronavirus outbreak.
- \$500 billion for loans and guarantees that authorize the U.S. Treasury to support eligible businesses and States and local governments to cover losses incurred as a result of COVID-19.
- \$100 billion for hospitals and health care facilities to reimburse expenses or lost revenues not otherwise reimbursed that are directly attributable to COVID-19.
- \$3.5 billion to allow States to expand childcare benefits for healthcare workers, first responders, and others on the frontlines of this crisis.

Department of Homeland Security (DHS) Releases Updated Essential Critical Infrastructure Workers Guidance for States and Localities

Functioning critical infrastructure is imperative during the response to the COVID-19 emergency for both public health and safety as well as community well-being. Certain critical infrastructure industries have a special responsibility in these times to continue operations. On Saturday, March 28, the Department of Homeland Security (DHS) – Cybersecurity & Infrastructure Security Agency (CISA) – released [**updated guidance on the essential critical infrastructure workforce**](#) (see [**Memorandum on Identification of Essential Critical Infrastructure Workers During COVID-19 Response**](#)). The guidance and accompanying list are intended to support State, Local, and industry partners in identifying the critical infrastructure sectors and the essential workers needed to maintain the services and functions Americans depend on daily and need to be able to operate resiliently during the COVID-19 pandemic response. ***State, local, tribal, and territorial governments are responsible for implementing and executing response activities, including decisions about access and reentry, in their communities, while the Federal Government is in a supporting role. Centers for Disease Control (CDC) and Prevention Issue Travel Advisor for New York, New Jersey, and Connecticut

Saturday, March 28, CDC issued a travel advisory for New York, New Jersey, and Connecticut urging residents to refrain from non-essential domestic travel for 14 days effective immediately. The Domestic Travel Advisory does not apply to employees of critical infrastructure industries, including but not limited to trucking, public health professionals, financial services, and food supply. These employees of critical infrastructure, as defined by the Department of Homeland Security ([here](#)) have a special responsibility to maintain normal work schedule. The Governors of New York, New Jersey, and Connecticut will have full discretion to implement this Domestic Travel Advisory. Learn more [here](#).

President Trump Invokes Defense Production Act (DPA) Requiring General Motors to Produce Ventilators

Statement from the President: President Trump signed a [Presidential Memorandum](#) directing the Secretary of Health and Human Services to use any and all authority available under the Defense Production Act to require General Motors to accept, perform, and prioritize Federal contracts for ventilators. Our negotiations with GM regarding its ability to supply ventilators have been productive, but our fight against the virus is too urgent to allow the give-and-take of the contracting process to continue to run its normal course. GM was wasting time. Today's action will help ensure the quick production of ventilators that will save American lives.

Dear Justice Guzman,

Thank you for the call last week. I'm sorry it's taken me a while to respond. So far, I have had no luck tracking down Justice Alito personally. It sounds like he and his colleagues have been staying away from the Court due to the pandemic. I'll continue to try to reach him on the phone, but in the meantime, I have emailed him the invitation, along with a note encouraging him to attend. This sounds like a great event, and I very much hope he is able to make it.

I hope you, your family, and your colleagues are staying safe during this difficult time. Please let me know if there is anything my office and I can do to be helpful.

Best,

Ryan,
David Maxwell had a good idea. I don't know how many different people you have using them, but he is issuing more than one mask per person and having them alternate days of use as the virus is supposed to have a limited timeframe to live on surfaces. The warehouse is spraying theirs daily with Lysol also. Just ideas I have heard if something helps. We will be getting those to ORD today.

If you think ORD needs them and will use them, we can send them 15 boxes (150 total masks), which is 6/day for 5 weeks. Of course, employees are always welcome to use their own masks, as well.

Please let me know if you would like FAM to send masks to ORD and we'll get them to the division ASAP.

Subject: Masks

Good afternoon, Deputies,

Last week, President Trump and the CDC issued new guidelines suggesting people wear face coverings when in public. The OAG has a very small supply of masks that we will distribute to those employees who cannot perform their essential functions at home.

I understand that many of your divisions send several (in some cases, many) employees to the office each week to perform different office-only tasks. Unfortunately, we are not able to provide masks for these employees. If employees have masks at home, including homemade masks, please encourage them to wear them into the office.

If you have a large group of employees who need masks, and there's someone in one of your divisions who is willing to make homemade masks, their time spent can be counted as work hours and OAG will reimburse any associated costs. Please let me know if you plan to do this so we can plan for costs and so that we can coordinate across the divisions, if necessary.

I will reach out directly to the deputies whose divisions will receive the masks we have in OAG inventory.

Thanks!

FOR IMMEDIATE RELEASE

March 27, 2020

March 27, 2020

MEMORANDUM FOR THE SECRETARY OF HEALTH AND HUMAN SERVICES

SUBJECT: Order Under the Defense Production Act Regarding
General Motors Company

By the authority vested in me as President by the Constitution and the laws of the United States of America, including the Defense Production Act of 1950, as amended (50 U.S.C. 4501 *et seq.*) (the "Act"), it is hereby ordered as follows:

Section 1. Policy. On March 13, 2020, I declared a national emergency recognizing the threat that the novel (new) coronavirus known as SARS-CoV-2 poses to our national security. In recognizing the public health risk, I noted that on March 11, 2020, the World Health Organization announced that the outbreak of COVID-19 (the disease caused by SARS-CoV-2) can be characterized as a pandemic. I also noted that while the Federal Government, along with State and local governments, have taken preventive and proactive measures to slow the spread of the virus and to treat those affected, the spread of COVID-19 within our Nation's communities threatens to strain our Nation's healthcare

system. I further noted that, to ensure that our healthcare system is able to surge capacity and capability to respond to the spread of COVID-19, it is critical that all health and medical resources needed to respond to the spread of COVID-19 are properly distributed to the Nation's healthcare system and others that need them most at this time. Accordingly, I found that that health and medical resources needed to respond to the spread of COVID-19, including personal protective equipment and ventilators, meet the criteria specified in section 101(b) of the Act (50 U.S.C. 4511(b)).

Sec. 2. Presidential Direction to the Secretary of Health and Human Services (Secretary). The Secretary shall use any and all authority available under the Act to require General Motors Company to accept, perform, and prioritize contracts or orders for the number of ventilators that the Secretary determines to be appropriate.

Sec. 3. General Provisions. (a) Nothing in this memorandum shall be construed to impair or otherwise affect:

(i) the authority granted by law to an executive department or agency, or the head thereof; or

(ii) the functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.

(b) This memorandum shall be implemented consistent with applicable law and subject to the availability of appropriations.

(c) This memorandum is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the

United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

In the event that the agency is required to conduct onsite temperature screening when coming back to work or entering our facilities, is our law enforcement / DPS security able to take on that responsibility? If so, how will that look? If required, what resources would they need to be equipped with in order to handle that role, such as thermometers, sneeze guards, PPE, etc?

Jeff:

I know we are in an Agency hiring freeze. I wanted to let you know of the needs in Criminal Justice, which are mainly in Special Prosecutions.

In Election Fraud, one attorney spot is open, an AAG V, which Angela formerly held. Jonathan White has found a great candidate, a JAG attorney, who we really need. We also have a Legal Assistant spot open there now. In September, several new spots come on-line, including two attorney spots. (I realize all of the September spots are in jeopardy).

In Human Trafficking, we badly need to fill the Victim Advocate position, and we really need an Office Manager for Angela. We have a Program Specialist leaving in two weeks, and could use that slot to hire an Office Manager.. We have one attorney position open, which I hope to use to hire Claire Brickman with a start date of Sept. 1. We are scheduled to receive three new attorney slots in September, along with a Legal Assistant and Program Specialist.

In rank order of preference, I would rate our hiring needs as follows:

1. AAG V for Election Fraud (to fill Angela's position);
2. AAG V for HT (to be offered to Claire Brickman);
3. Office Manager for Angela;
4. Victim Advocate for HT;

5. Legal Assistant for Elections.

Thanks, Mark

Hi Jeff –

Sorry to email you out of the blue.

As you know, I represent 3M. They manufacture N95 masks (ventilators) which are in high demand due to the pandemic. 3M only sells them to a select group of distributors and at the moment there a lot of scammers out there claiming to have a distribution contract with 3M. These scammers are convincing states to place large orders. Unfortunately, one such state caught in this web is Texas.

Is there someone in Governor Abbott's office that you can connect me with? We are in receipt of some paperwork showing that Texas supposedly placed a very large order and is expecting delivery of 10,000,000 masks in short order.

Thank you for any assistance you can provide with making that connection.

As an side, I'd welcome a connection with someone in your consumer protection division as to this issue as it appears that there are some bad actors to whom we might need to call to your office's attention.

I hope you and your family are staying safe.

Our first meeting will be a mission-setting meeting with Jeff, either at the end of this week or beginning of next week. We'll meet as a group a few times, and then plan to update Jeff once a week until we nail down the plan.

I know that everyone in this group is very, very busy right now, so thank you in advance for participating!

Original email from HR:

The agency is committed to being prepared for a possible COVID-19 outbreak affecting one or more of our offices and strives to ensure that we are able to maintain business continuity in the event that this happens. Accordingly, we need your help.

Beginning Monday, March 16th, each A&L division and CSD office must provide the following information to Human Resources by 11:00 a.m. (CDT) each workday:

- *the number of employees who are expected to be out sick for the entire day*

These daily reports must be sent to HR-Absence@oag.texas.gov.

In addition, division management must provide immediate notice to Human Resources if they have:

- *any reports of employees who have been in contact with anyone with a COVID-19 infection*
- *any reports of employees displaying COVID-19 symptoms (e.g., fever, cough)*
- *any confirmation of a COVID-19 infection indirectly or directly affecting an OAG employee*

This information should be directed to Shelli Gustafson, Henry De La Garza, or Greg Simpson.

Thank you,

Jeff,

Hope this email finds you well during these challenging times. Wanted to reach out to you regarding the General's recent comments regarding the broader technology industry as I currently represent a segment of the tech sector with a unique perspective on consumer privacy protection. I believe my organization could be a valuable resource and partner to you and the General. I was fortunate to connect with General Paxton on several occasions in my former role as the lead state lobbyist for the video game industry with the Entertainment Software Association (ESA). Since January 2020, I have been leading all state advocacy efforts for the [Business Software Alliance](#) (BSA), representing global enterprise software companies.

[Our members](#), are business-to-business companies that create the technology products and services that power other businesses. These enterprise software companies are in the business of providing privacy-protective technology products and their business models do not depend on monetizing users' data.

BSA supports strong, comprehensive frameworks such as the European Union's General Data Protection Regulation (GDPR), and the California Consumer Privacy Act (CCPA) that provide all consumers with meaningful rights over their personal data and ensures businesses are accountable for processing personal data in line with consumers' expectations.

BSA members recognize that companies must earn consumers' trust and act responsibly with their personal data. I would welcome the opportunity to speak with you by phone in the coming days to learn more about the General's policy priorities in this area and tell you more about BSA and our member's perspectives on these important issues.

Thank you for your time and look forward to speaking with you soon.

Texas AG pushes for regulation of big tech companies

By Leah Nylen

04/22/2020 11:08 AM EDT

The U.S. needs more regulation of the major tech companies, Texas Attorney General Ken Paxton said today.

The sentiment might seem a bit of a turnaround for Paxton, a conservative Republican who spent his early years as AG suing to overturn the Obama administration's energy and labor rules. But Paxton, who is leading a multistate antitrust probe into Google, said Silicon Valley's power over American society is posing a growing challenge to government at all levels.

"Technology moves faster than government, but I do think both state and federal government are really becoming aware of some of the issues that relate to these Big Tech companies having so much information and control over people's lives through this information," [Paxton said during an event hosted by the American Bar Association](#). "I think you are going to see both at the state, federal and local level more regulation trying to protect consumers in the future."

In particular, Paxton highlighted some potential value to data portability rules, which seek to allow consumers to transfer their data from one online service to another. Both Europe's General Data Protection Regulation and California's Consumer Privacy Act require businesses to allow consumers to move their data.

"While this may not be a panacea with regards to privacy concerns, it does offer consumers some control over their lives and their data," Paxton said of data portability requirements.

Paxton was elected attorney general in 2014 after more than a decade in the Texas Legislature. He spent his first years in office mounting legal challenges to Obama administration regulations, particularly those related to climate change, unionization and gay and transgender rights.

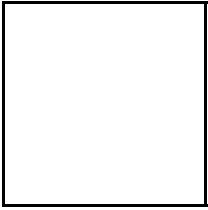

Last year, more than 50 attorneys general announced an antitrust probe into Google. Paxton and Texas are lead players in the investigation, spearheading part of the probe focused on the search giant's dominance in advertising technology.

The attorney general today said he couldn't speak to the current status of the probe, but that the coronavirus pandemic hasn't slowed work.

I've created a document that I'm hopeful will be helpful with assisting time/task tracking for the secretaries and Rita. It's attached here.

I've asked them to email me as soon as they log on in the morning and log off for the day as well as email me and the other secretaries and Rita just before they log off for lunch and when they return from lunch.

My plan is to fill in the top portion of the form on a daily basis and have the secretaries and Rita fill in the daily tasks portion. At the end of the week we will sign the form.

Does this sound okay?

SUPERVISOR

VOLUME 8 • ISSUE 3  MARCH 2020

Updates	On March 1 st , updates were made to the following policies: "Discrimination and Equal Employment Opportunities," "Harassment," "Retaliation," "Accommodations," "Performance Feedback," "Job Openings and Vacancies," and "Mandatory Courses." Please remind your employees to take the agency's "Discrimination and Harassment Awareness" training by April 1 st if they have not taken the training in the last year. In addition, please make sure that all of your hiring packets are kept up to date! The on-site review by the Texas Workforce Commission's Civil Rights Division, which includes an examination of selected hiring packets, is still set for May 5th.
Questions & Counsel	What can I do to effectively manage employees working from home? <i>Answer:</i> Here are some suggestions: • Spell out your expectations clearly • Require your teleworking employees, especially non-exempt employees, to tell you their start time and end time at the end of each day • Keep careful track of the work hours of any teleworking non-exempt (overtime-eligible) employees

	• Request teleworking employees to provide you with specific work goals at the start of each work day and accomplishments at the end of each work day • Schedule regular call-ins or virtual meetings • Make sure employees are working on shared drives (not desktop) • Review the work of your employees through shared drives • Have face-to-face virtual meetings as much possible • Stay plugged in all day and use resources such as Microsoft Teams • Encourage collaboration by using phone conferences and Microsoft Teams • Set team goals • Call or email your employees during the day • Have all teleworking employees inform you promptly of any actual or possible COVID-19 exposure and/or symptoms (e.g., dry cough, fever)
Policy Spotlight	<u>Sensitive Personal Information</u> The agency is committed to the protection and integrity of sensitive personal information that the agency collects and maintains, and to guarding against the unauthorized access to, use of, or disclosure of such information. Sensitive personal information must remain under the control of an employee authorized to access the information. At no time must sensitive personal information be left unattended in a location that is not a secure location.
Tips from the Toolbox	Avoid sending emails with just “Call me” in the subject line and little-to-no information in the email. Instead, include your phone number, the best times to reach you, and some indication of the call subject and urgency. (Source: Wall Street Journal.)
Numbers Matter	In a study by Michigan State University, only 50% of men used soap when washing their hands, and 15% didn't wash their hands at all, compared with 78% of women who used soap and 7% of women who didn't wash their hands. In addition, 95% of both men and women failed to wash their hands long enough to kill harmful germs (15 seconds or longer). (Source: LiveScience.com)

Subject: Update on Uber's Response to COVID-19

Dear General Paxton,

Thank you for all the work your office has been doing during this unprecedented time. I wanted to provide you with an update on Uber's response to the COVID-19 emergency.

The effects of this emergency are being felt around the world by all the communities we serve. First and foremost, our teams are working 24/7 to assist public health authorities in their response to the pandemic. We are also taking actions that support drivers and delivery people, customers, and our business partners, both large and small. I have provided a summary of the steps Uber has taken to assist our partners, customers and communities below.

Our team is working to do everything we can to provide support, and those efforts are ongoing. To that end, I will share additional updates in the days to come, but in the meantime, please feel free to reach out to me directly, if you have any questions or if we can help in any way.

Thank you,

Supporting healthcare workers and vulnerable populations

-
- **Supporting healthcare workers:** Uber Health is helping provide transportation for front-line health care workers, both to and from patients' homes, as well as between healthcare facilities. We are
 - [partnering with 1199SEIU](#), one of the country's largest healthcare unions, to make sure their members can get to work.

-
-
- **Supporting**
- **children and vulnerable populations:** Uber is supporting city and school districts by offering a 25% discount for rides to and from schools serving free breakfast and lunch for children. This program is currently live in
- [San Francisco](#),
- [Washington DC](#),
- [Atlanta](#),
- Philadelphia, [Los Angeles](#) and Seattle to connect low-income and vulnerable communities to food.
- We are in active conversations with other cities to help ensure at-risk populations have access to food and essential personnel are able to get to work.
-
-
- **Feeding**
- **first responders:** We're committing 300,000 free meals on Uber Eats to first responders and healthcare workers in the US and Canada.
-
-
- **Supporting**
- **transit agencies:** Our transit team is available to provide a range of services in partnership with transit agencies based on local needs. Transit agencies can directly reach our team
- [here](#).
-

Supporting our users and the local economy

Drivers and delivery people:

-
- **Financial**
- **assistance:** Any driver or delivery person who is diagnosed with COVID-19, or is individually asked to self-isolate by a public health authority due to a risk of spreading the virus, can be eligible for up to 14 days of
- [financial assistance](#) while their account is on hold. We are also working with our rental car partners to help drivers who cannot work to return their rented vehicles with no penalty.
-
-
- **Creating**
- **more work opportunities:** We've made it easier for drivers to begin accepting Uber Eats delivery requests to create an additional source of income for those who are receiving fewer requests for rides.
-
-

- **Cleaning**
- **supplies:** We are working with manufacturers and distributors to provide drivers and delivery people with disinfectants, as soon as they become commercially available. Thousands of sanitation kits will also be sent to small carriers that use the Uber Freight platform.
-

Uber Eats restaurant partners:

-
- **Restaurant**
- **support:** We have announced
- [efforts](#)
- [to support the restaurant industry](#), including driving customer demand by waiving the Delivery Fee on all orders from independent restaurants. We've also launched a daily pay-out feature to help restaurant cash flows as on-premise dining declines.
-
-
- **Restaurant**
- **onboarding:** As restaurants are required to close their doors
- to dine-in customers, we are
- making it quicker and easier for new restaurants to join Uber Eats, reducing wait times
- to less than 24 hours for sign-ups.
-

Uber Freight shippers and carriers:

-
- **Supporting**
- **small shippers:** Uber Freight has moved over 6,600 relief loads since the President declared a national emergency and our teams are coordinating thousands more for the next few days. Uber is taking a 0% margin on all relief loads to ensure these loads are moved quickly to where they're needed most.
-
-
- **Offering**
- **warm meals for truck drivers:** All truck drivers hauling loads through the Uber Freight app will receive a weekly credit towards any meal ordered on Uber Eats. More details on these efforts can be found
- [here](#).
-

Supporting public safety

-
- **Supporting**
- **public health authorities:** Working with public health authorities, we may temporarily

- suspend the accounts of users confirmed to have contracted or been exposed to COVID-19. The guidelines for Public Health Authorities can be found [here](#).
-
-
- **In-app**
- **messaging:** We are displaying
- [in-app](#)
- [messages](#) reminding riders to travel only when necessary and encouraging riders and drivers to take steps to protect themselves. In addition, we're providing delivery safety information in the Uber Eats app, in line with guidance from the World Health Organization.
-
-
- **Suspension**
- **of Uber Pool:** To support social distancing, we have temporarily suspended the Uber Pool service around the world.
-
-
- **"Leave**
- **at door" delivery:** We advise Uber Eats customers to use the no-contact feature by selecting "leave at door" at checkout or communicating instructions directly to delivery people through the app.

General Paxton,

I am reaching out to provide you and your team with updates about the actions Ube has been taking in the last couple of weeks to support drivers, delivery people, restaurants, healthcare workers and their communities as we respond to the COVID-19 crisis.

Uber's main COVID-19 Resources site can be accessed [here](#). It provides a current overview of the support and advice we are providing to communities, public authorities and cities, drivers, riders, delivery people, eaters, shippers, and carriers and links to more detailed information. In addition, this [blog post](#) provides a recent, comprehensive global overview of our response efforts.

In addition to these ongoing efforts, please note a number of recent announcements, including:

- **Uber Eats users contributions to restaurants** - Uber Eats users in the US can now contribute to their favorite local restaurants directly from the Uber app at checkout. Uber will then match every contribution with a donation to the National Restaurant Association's Restaurant Employee Relief Fund for a total commitment of up to \$5M for the group's important work. Among other things, the Relief Fund is providing \$500 grants to eligible restaurant workers—including couriers working on delivery apps like Uber Eats—who have been hurt financially by the current crisis. More information is available [here](#).
- **Sourcing and distributing disinfectants and face masks** - We are now shipping disinfectant sprays to some drivers and distributing

millions of ear loop face masks to active drivers and delivery people around the world. We've ordered tens of millions additional masks and expect them to arrive in other cities and regions around the world in the coming weeks. We are sourcing these masks from outside of traditional healthcare supply chains. More information is available [here](#).

- **Updating our COVID-19 financial assistance policy** - We have been providing up to 14 days of financial assistance to drivers and delivery people who are diagnosed with an active case of COVID-19 or directed to self-quarantine or self-isolate by a doctor or public health official. Last week, we announced a number of changes to the policy which aim to expand eligibility and to focus our assistance on drivers and delivery people who are still actively driving and delivering during this crisis. The new policy is in effect in the US. Read more about the policy [here](#).
- **Introducing in-app COVID-19 resource hub** - Last week, we launched [COVID-19 Resources](#), an in-app hub for drivers and delivery people to get the latest information and support during this unprecedented time. The hub includes the latest safety tips (like [these](#)), information on how to apply for financial relief from the government (where applicable), and links to additional earning opportunities.

This program is currently live in [San Francisco](#), [Washington DC](#), [Atlanta](#), Philadelphia, [Los Angeles](#) and Seattle to connect low-income and vulnerable communities to food. We are in active conversations with other cities to help ensure at-risk populations have access to food and essential personnel are able to get to work.
- **Feeding first responders:** We're committing 300,000 free meals on Uber Eats to first responders and healthcare workers in the US and Canada.
- **Supporting transit agencies:** Our transit team is available to provide a range of services in partnership with transit agencies based on local needs. Transit agencies can directly reach our team [here](#).

Supporting our users and the local economy

Drivers and delivery people:

- **Financial assistance:** Any driver or delivery person who is diagnosed with COVID-19, or is individually asked to self-isolate by a public health authority due to a risk of spreading the virus, can be eligible for up to 14 days of [financial assistance](#) while their account is on hold. We are also working with our rental car partners to help drivers who cannot work to return their rented vehicles with no penalty.

- **Creating more work opportunities:** We've made it easier for drivers to begin accepting Uber Eats delivery requests to create an additional source of income for those who are receiving fewer requests for rides.
- **Cleaning supplies:** We are working with manufacturers and distributors to provide drivers and delivery people with disinfectants, as soon as they become commercially available. Thousands of sanitation kits will also be sent to small carriers that use the Uber Freight platform.

Uber Eats restaurant partners:

- **Restaurant support:** We have announced [efforts to support the restaurant industry](#), including driving customer demand by waiving the Delivery Fee on all orders from independent restaurants. We've also launched a daily pay-out feature to help restaurant cash flows as on-premise dining declines.
- **Restaurant onboarding:** As restaurants are required to close their doors to dine-in customers, we are making it quicker and easier for new restaurants to join Uber Eats, reducing wait times to less than 24 hours for sign-ups.

Uber Freight shippers and carriers:

- **Supporting small shippers:** Uber Freight has moved over 6,600 relief loads since the President declared a national emergency and our teams are coordinating thousands more for the next few days. Uber is taking a 0% margin on all relief loads to ensure these loads are moved quickly to where they're needed most.
- **Offering warm meals for truck drivers:** All truck drivers hauling loads through the Uber Freight app will receive a weekly credit towards any meal ordered on Uber Eats. More details on these efforts can be found [here](#).

Supporting public safety

- **Supporting public health authorities:** Working with public health authorities, we may temporarily suspend the accounts of users confirmed to have contracted or been exposed to COVID-19. The guidelines for Public Health Authorities can be found [here](#).
- **In-app messaging:** We are displaying [in-app messages](#) reminding riders to travel only when necessary and encouraging riders and drivers to take steps to protect themselves. In addition, we're providing delivery safety information in the Uber Eats app, in line with guidance from the World Health Organization.
- **Suspension of Uber Pool:** To support social distancing, we have temporarily suspended the Uber Pool service around the world.
- **"Leave at door" delivery:** We advise Uber Eats customers to use the no-contact feature by selecting "leave at door" at checkout or communicating instructions directly to delivery people through the app.

Guidance for Houses of Worship During the COVID-19 Crisis

During these challenging times, government and faith communities throughout Texas need to work together to love our neighbors and slow the spread of Coronavirus. To facilitate this collaboration, State and local governments must clearly articulate their directives aimed at mitigating spread of the virus. This updated joint guidance from the Office of the Attorney General and the Office of the Governor is the official guidance regarding the effect of Executive Order GA 16 on religious services conducted in churches, congregations, and houses of worship.

The government must give special consideration to houses of worship when issuing orders related to the COVID-19 crisis.

The First Amendment to the United States Constitution and Article I of the Texas Constitution protect the right of Texans to worship and freely exercise their religion according to the dictates of their own consciences. In addition, the Texas Religious Freedom Restoration Act (“RFRA”) provides additional protections to faith communities, and government must ensure that it complies with RFRA when it acts, even during a disaster. Thus, when state or local governments issue orders prohibiting people from providing or obtaining certain services, they must ensure that these orders do not violate these constitutional and statutory rights.

Houses of worship provide “essential services.”

By executive order, Governor Abbott has defined essential services to include “religious services conducted in churches, congregations, and houses of worship.”¹ Institutions providing these essential services can provide them under certain conditions described in Executive Order GA 16 and local orders by counties or municipalities that are consistent with GA 16. To the extent there is conflict between the Governor’s Executive Order GA 16 and local orders, GA 16 controls. Local governments may not order houses of worship to close.

Houses of worship should conduct as many activities as possible remotely, and [should / must] follow federal guidelines when providing services in person.

Houses of worship should conduct as many of their activities as possible remotely. Services that houses of worship cannot conduct remotely [should / are to] be conducted in accordance with guidance from the White House and the Centers for Disease Control and Prevention (“CDC”).² For example:

¹ Exec. Order No. GA 16 at 3 (Apr. 17, 2020); *see also* Exec. Order No. GA 14 at 2 (Mar. 31, 2020) (superseded by GA 16).

- Instruct sick employees, volunteers, and guests to stay home;
- Practice social distancing by maintaining appropriate distance between people;
- Maintain good hygiene by washing your hands frequently, using hand sanitizer, using your elbow to cover coughs, and not touching your face;
- Implement environmental cleanliness and sanitization practices; and
- Clean and disinfect work areas frequently.

Houses of worship, like providers of other essential services, are to follow additional guidance from the White House and CDC whenever possible.³

Houses of worship should help slow the spread of the virus.

Texas is a big state and the transmission rate of COVID-19 varies in different communities. Texans also have big hearts and should love their neighbors by evaluating the rate of local community spread to determine the appropriate level of mitigation strategies to implement.⁴ Houses of worship play an important role in this effort, and can use their creativity to help slow the spread of the virus. For example, a church could hold “drive-in” style services. Or because Executive Order GA 16 permits drive-thrus to provide goods and services, a house of worship may, according to their faith practices, provide communion or a blessing through a similar drive-up service.

When conducting services, houses of worship may consider implementing the following practices:

- Encourage all attendees who are 65 and above to stay home and watch the services online, or provide a “senior service” exclusively for attendees 65 and above to attend in person.
- Ask all attendees who have an underlying at-risk health condition to stay home and watch the services online.
- Equip ushers, greeters, and child care workers with gloves and masks.
- Consider keeping child care closed, unless the house of worship can comply with CDC guidelines for child care facilities.⁵
- Ensure all attendees to sanitize their hands and put on a mask before entering the building.

- ~~Require—Ensure~~ attendees ~~to~~ sit with their family unit, ~~and~~ use social distancing between each unit, ~~and, if necessary, add more service times to facilitate distancing.~~
- Clergy should dismiss attendees by family unit, maintaining social distancing.
- Staff ~~will~~ should sanitize the seats and frequently touched services between services.
- Consider refraining from passing collection plates and instead provide a central collection box in the building or encourage online giving.
- Consider how the sacraments can be administered without attendees having to touch the same surfaces and objects.

These guidelines do not violate the religious liberty of houses of worship.

Under the extraordinary circumstances in which we temporarily live, these guidelines provide that houses of worship may remain open. The guidelines make only recommendations to houses of worship. They do not violate the religious liberty of houses of worship because the government has a compelling interest in recommending this guidance (stopping contagion) and the guidance is the least restrictive means of serving that compelling interest (allowing houses of worship to stay open for ministry, but suggesting ways that help slow the spread of COVID-19).
