Governor Ron DeSantis Activates Emergency Bridge Loan Program for Small Businesses Impacted by COVID-19

Tallahassee, Fla. – Today, Governor Ron DeSantis activated the Florida Small Business Emergency Bridge Loan Program to support small businesses impacted by COVID-19. The bridge loan program, managed by the Florida Department of Economic Opportunity (DEO), will provide short-term, interest-free loans to small businesses that experienced economic injury from COVID-19. The application period opens tomorrow, March 17, 2020 and runs through May 8, 2020.

"As we mitigate against the spread of COVID-19, the health, safety and well-being of Floridians comes first," **said Governor DeSantis.** "I understand the harm mitigation strategies will have on small businesses throughout our state. By activating the Florida Small Business Emergency Bridge Loan, we are providing the opportunity for Florida's small businesses to receive cash immediately to ensure they can lessen the impacts felt as a result of COVID-19."

DEO will administer the Florida Small Business Emergency Bridge Loan Program in partnership with the Florida SBDC Network and Florida First Capital Finance Corporation to provide cash flow to businesses economically impacted by COVID-19. The short-term, interest-free loans help bridge the gap between the time the economic impact occurred and when a business secures other financial resources, including payment of insurance claims or longer-term Small Business Administration (SBA) loans. Up to $50 million has been allocated for the program.

"Governor DeSantis has been a true leader in the fight to prevent the spread of COVID-19 and has prioritized the safety of all Floridians," **said Florida Department of Economic Opportunity Executive Director, Ken Lawson.** "The Florida Small Business Emergency Bridge Loan will help Florida's small businesses get through this unsettling time. We appreciate the Governor's efforts to keep Florida's small businesses top of mind and our partners at the Florida SBDC Network and Florida First Capital Finance Corporation to help them recover."

Small business owners with two to 100 employees located in Florida affected by COVID-19 can apply for short-term loans up to $50,000. These loans are interest-free for up to one year and are designed to bridge the gap to either federal SBA loans or commercially available loans. DEO will work with every borrower to ensure that repayment of the loan isn't an overwhelming burden. To be eligible, a business must have been established prior to March 9, 2020 and demonstrate economic impacts as a result of COVID-19.

"Mitigating the spread of COVID-19 in Florida must be our number one priority," **said Florida SBDC Network CEO, Mike Myhre**. "The Florida SBDC Network stands ready to assist Governor DeSantis and the Florida Department of Economic Opportunity to help small businesses recover as a result of the impacts of COVID-19."

"We are ready to assist the Governor and state of Florida to deliver this vital assistance to the small business community we serve, as we have 23 times since 1992," **said Florida First Capital Finance Corporation President and CEO, Todd Kocourek.**

DEO is currently surveying businesses throughout the state of Florida who have been impacted by COVID-19. Businesses and non-profits can access the Business Damage Assessment survey at FloridaDisaster.BIZ Select "COVID-19" from the drop-down menu on the survey page. Response to the Business Damage Assessment survey is not an application for assistance. Businesses interested in the bridge loan program must fill out a bridge loan application.

For more information on the program, visit www.floridadisasterloan.org. For questions regarding the Emergency Bridge Loan Program, contact the Florida Small Business Development Center Network at 866-737-7232 or email Disaster@FloridaSBDC.org. The phone line will be answered during regular business hours; all voice mails and emails will be responded to within 24 hours.

Governor Ron DeSantis Requests Major Disaster Declaration from President Donald Trump

Tallahassee, Fla. – Governor Ron DeSantis sent a letter to President Donald Trump formally requesting that he declare a Major Disaster as Florida responds to COVID-19.

The letter requested the inclusion of the following Individual Assistance Programs in the declaration: Disaster Unemployment Assistance, Crisis Counseling, Community Disaster Loans and the Disaster Supplemental Nutrition Program.

The declaration is submitted as a result of the COVID-19 response for the incident period beginning January 20, 2020, for all sixty-seven (67) counties. In addition to the Individual Assistance Programs, the declaration requests additional resources and support from FEMA.

Florida Department of Health Updates New COVID-19 Cases, Announces Two New Deaths Related to COVID-19, 6 p.m. Update

~1,379 positive cases in Florida Residents and 88 positive cases in non-Florida residents~

TALLAHASSEE — To keep Florida residents and visitors safe, informed and aware about the status of the virus, The Florida Department of Health has launched a COVID-19 dashboard that will be updated twice daily. Today, as of 6 p.m., there are 1,467 total** Florida cases. Two people have died who tested positive for COVID-19 in Pinellas and Lee counties.

New Florida cases include:

- 55 additional positive COVID-19 cases (49 Florida residents and 6 non-Florida residents) reported to the Florida Department of Health.
- There are currently 1,379 positive cases in Florida residents and 88 positive cases in non-Florida residents.

Florida recently partnered with private laboratories around the state to expand COVID-19 laboratory testing capacity. This partnership will increase the number of tests conducted each day and ensure Floridians receive the critical health information they need in a timely manner.

Expansion to private laboratories changes the COVID-19 testing landscape in Florida. Private laboratories are running tests as they receive swab samples from practitioners. Testing and reporting times vary among commercial and DOH laboratories. Demographic information may be updated during investigations. These twice daily reports reflect the state's efforts to accurately and transparently share information.

The State of Florida Issues COVID-19 Updates

TALLAHASSEE, Fla. - The State of Florida is responding to COVID-19. In an effort to keep Florida residents and visitors safe and aware regarding the status of the virus, the Florida Department of Health will issue this update every day, seven days per week.
Governor Ron DeSantis is in constant communication with Florida Division of Emergency Management Director Jared Moskowitz and State Surgeon General Dr. Scott Rivkees as the State of Florida continues to monitor and respond to the threat of COVID-19.
Today, Governor DeSantis issued Executive Order 20-85, directing the Department of Management Services (DMS) to ensure all state employees have access to telehealth services through the state's contracted HMO plans and PPO organization plan without cost sharing, while also ensuring that all cost sharing that would have been applicable to state employees seeking immunization services under this Executive Order for the influenza vaccination be waived.

Actions the state has taken to respond to COVID-19:

DEPARTMENT OF HEALTH

- At the direction of Governor DeSantis, State Surgeon General Dr. Scott Rivkees declared a Public Health Emergency for COVID-19 in Florida.
- Governor DeSantis announced that the State ordered an additional 2,500 test kits to supplement the adequate resources already available to test for COVID-19. These additional test kits will enable the Department of Health, working with Florida health care providers, to test up to an additional 625,000 individuals. The Governor also suspended non-essential in state and all out-of-state travel for state employees for 30 days.
- Established an Incident Management Team to coordinate response operations.
- Defined a high-level phased response strategy for COVID-19.
- Activated a dedicated incident command post for on-site response activities.
- Conducted three public health and health care stakeholder conference calls to provide statewide updates on the current outbreak situation, response actions and guidance for pandemic planning. Over five hundred participants joined the calls.

AMERICAN OVERSIGHT

- Established a public call center for questions regarding COVID-19. The call center launched Monday, March 2 and is open 24/7.
- Developed and distributed COVID-19 presentation materials to County Health Departments (CHD) for use at community meetings.
- Activated the Joint Information Center in coordination with the Division of Emergency Management.
- Developed and implemented protocols for investigation, surveillance and monitoring for COVID-19 to rapidly detect and contain cases.
- Established mechanisms for monitoring and coordination with the Centers for Disease Control and Prevention (CDC) regarding epidemiological activities.
- Distributed CDC Interim Guidance for public health personnel evaluating Persons Under Investigation (PUI) and asymptomatic close contacts of confirmed cases at their home or non-home residential settings to CHDs.
- Approved and disseminated an updated Clinician Screening Tool for identifying COVID-19 PUIs.
- Implemented testing at all three State Public Health Laboratories.
- Distributed updated CDC guidance for schools to CHDs and the Department of Education.
- Distributed updated laboratory guidance regarding implementation of testing at State Public Health Laboratories.
- Developing a laboratory surge plan.
- Identifying and monitoring close contacts of presumptive cases. Any close contacts with symptoms will be tested.
- Implemented private lab testing.
- Developed and disseminated pandemic planning guidance.
- Advised CHDs and HCCs to retain expired personal protective equipment until further until further notice.
- Developing infographics for first responders (fire, law enforcement and EMS) regarding infection control and personal protection for COVID-19.
- At the Governor's direction, a public-private partnership has been put in place between Memorial Healthcare in Broward and the National Guard to set up a mobile testing unit.
- At the direction of Governor DeSantis hiring additional epidemiologists from university health programs to help with workload.
- Governor DeSantis directed the Agency for Health Care Administration (AHCA) to extend all existing nursing home and assisted living facility licenses for 90 days to remove distraction from patient care.
- Launched an interactive data tracking dashboard on floridahealthcovid19.gov that is updated twice daily.
- Developing protocols for County Health Departments in the protection of their staff and clinic activities through the development of safety and health guidance.
- Continue to have daily hospital calls and began having daily calls with the aging and vulnerable population groups.
- Continue to coordinate efforts for obtaining lab testing supplies.

DIVISION OF EMERGENCY MANAGEMENT

- To support communities responding to COVID-19, Governor DeSantis has directed FDEM Director Jared Moskowitz to expedite the delivery of more than $170 million in Hurricane Irma reimbursements to cities, counties and hospital districts that have now reached the 50-percent auditing threshold to receive funds.
- After conducting a thorough assessment of needs, Director Moskowitz has requested the following supplies through Direct Federal Assistance. Supplies are being delivered

AMERICAN OVERSIGHT

on a rolling basis, and inventory is being distributed throughout the state 24 hours a day.
    - 5 mobile intensive care units
    - 5,000 ventilators
    - 5,000 hospital beds
    - 50,000 two oz. bottles of hand sanitizer
    - 250,000 coveralls
    - 500,000 gloves
    - 500,000 gowns
    - 500,000 collection kits
    - 100,000 16 oz. bottles of hand sanitizers
    - 150,000 Personal Protective Equipment kits, including coveralls, gowns, and goggles
    - 2 million N95 face masks
- Find more information on DEM's response to COVID-19 here.

AGENCY FOR HEALTH CARE ADMINISTRATION

- AHCA expanded its event on the Emergency Status System (ESS) requesting hospitals to enter information on Personal Protective Equipment and ventilator counts. The ESS continues to track census information, emergency room status updates, isolation beds, and nursing home and assisted living facility bed capacity.
- AHCA and the Department issued guidance for Senior Living Communities (independent living) on COVID-19 best practices, advising facilities to cease communal activities, practice social distancing and restrict community outings.
- AHCA distributed telemedicine guidance to health care providers for behavior analysis services.
- AHCA distributed an overview to iBudget providers of the revised payment methodology that will be used over the next few months to help support providers of adult day training, residential habilitation, life skills development level 1-companion and in-home personal supports. Retention payments will be made to give necessary financial support to providers who would otherwise not receive payment due to current public distancing requirements.
- Secretary Mayhew is working directly with hospitals and large health systems to identify potential vacant wings or buildings to provide additional hospital inpatient capacity should it become necessary.
- On March 16, Florida became the first state to receive CMS approval of its 1135 Medicaid Waiver giving AHCA more flexibility for its COVID-19 response efforts. This federal action lifts Medicaid prior authorization requirements for critical health care services and allows for expedited provider enrollment.
- AHCA will be granting a 90-day extension to all licenses for health care providers and regulated facilities.
- AHCA is distributing information regarding regulatory flexibilities created by waivers from the Centers for Medicare and Medicaid Services (CMS) related to skilled nursing facilities, critical access hospitals, home health agencies, durable medical equipment, provider enrollment, etc.
- Find more information on ACHA's response to COVID-19 here.

FLORIDA DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION

- DBPR has partnered with Florida Department of Elder Affairs and the Florida Restaurant and Lodging Association (FRLA) to assist in the coordination of restaurants to meet the needs of the elderly with meal delivery services.

AMERICAN OVERSIGHT

- Find more information on DBPR's response to COVID-19 here.

DEPARTMENT OF CHILDREN AND FAMILIES

- DCF is working with DOH to develop precautionary protocols for child welfare professionals and adult protective investigators who may have to make in-person visits to ensure the safety of those vulnerable populations.
- Find more information on DCF's response to COVID-19 here.

FLORIDA DEPARTMENT OF CORRECTIONS

- FDC is aligning operations with the CDC Interim Guidance on Management of COVID-19 in Correctional and Detention Facilities.
- New inmate commitments from county jails have been temporarily restricted.
- Anyone entering a correctional institution will be screened in accordance with CDC and Department guidelines.
- FDC has suspended visitation and volunteer programs at all correctional institutions statewide through April 5, 2020.
- All non-critical inmate transfers have been suspended.
- Outside inmate work squads have been restricted.
- Find more information on FDC's response to COVID-19 here.

DEPARTMENT OF ECONOMIC OPPORTUNITY

- Florida's 24 local workforce development boards are available to provide career and business services remotely, with services and technology varying by location. For more information, visit careersourceflorida.com.
- Governor DeSantis' request to the federal U.S. Small Business Administration to make the Economic Injury Disaster Loan program available for Florida's small businesses impacted by COVID-19 has been granted. Small businesses are eligible to apply for the SBA Economic Injury Disaster Loans that offer up to $2 million in economic assistance to help small businesses overcome the temporary loss of revenue resulting from COVID-19.
- Governor DeSantis activated the Florida Small Business Emergency Bridge Loan Program to support small businesses impacted by COVID-19. The bridge loan program, managed by DEO, provides short-term, interest-free loans to small businesses that experienced economic injury from COVID-19. The application period is open and runs through May 8, 2020. Interested businesses should visit www.FloridaDisaster.Biz for more information.
- The Business Damage Assessment survey is activated to assess the impact of COVID-19 on Florida's local business operations. The survey, managed by DEO, will evaluate businesses affected by COVID-19 and the impacts the virus has had on the local economy so actions to implement appropriate relief programs can begin. The survey can be taken online here.
- Find more information on DEO's response to COVID-19 here.

FLORIDA DEPARTMENT OF EDUCATION

- DOE created a website that consolidates hundreds of free resources for teachers, parents, and students as they transition to distance learning. It includes best practices for distance learning, frequently asked questions, guidance from the department, and resources in Spanish. It can be found here.

AMERICAN OVERSIGHT

- Commissioner of Education Richard Corcoran strongly recommended public and private K-12 schools, colleges, and career and technical center campuses to close through April 15 and institute distance learning by March 30.
- To support students with identified IEP-related services who may have a disruption in services, school districts are given flexibility for the remainder of the school year to provide alternative services or delay services until later in the summer months, in coordination with a student's parents and IEP team.
- Find more information on The Department of Education's response to COVID-19 here.

FLORIDA DEPARTMENT OF ELDER AFFAIRS

- DOEA Secretary Richard Prudom announced a partnership with DBPR and the Florida Restaurant and Lodging Association (FRLA) that allows the needs of the business community and workers in the restaurant business to be matched with the needs of the elderly and meal delivery services.
- DOEA is working with the 11 Area Agencies on Aging (AAA) regarding meal procurement, distribution, telephone reassurance, and feeding elders not currently enrolled in food programs.
- Find more information on DOEA's response to COVID-19 here.

FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION

- At the direction of Governor DeSantis and to successfully uphold CDC guidance to maximize social distancing and avoid gatherings larger than 10 people, DEP closed all Florida State Parks to the public effective Monday, March 23.
- In addition, since Tuesday, March 24, public access to lands within DEP's Coastal and Aquatic Managed Areas has been closed.
- Find more information on DEP's response to COVID-19 here.

FLORIDA DEPARTMENT OF HIGHWAY SAFETY AND MOTOR VEHICLES

- At the direction of Governor DeSantis, the Florida Department of Highway Safety and Motor has issued an Emergency Order extending all Florida driver licenses, commercial driver licenses and identification cards that will expire now through April 15, 2020.
- Pursuant to Executive Order 20-52 issued by Governor DeSantis, FLHSMV Executive Director Rhodes has waived commercial truck hours of service regulations and other related regulations so that emergency supplies, equipment, commodities and resources can be moved more quickly and efficiently throughout the state.
- Find more information on FLHSMV's COVID-19 response here.

OFFICE OF INSURANCE REGULATION

- OIR has issued Informational Memorandum OIR-20-04M providing general guidance on the treatment of policyholders as part of the state's ongoing efforts to protect Floridians. Guidance within this memorandum includes:
    - Encouraging regulated entities to be flexible with premium payments in order to avoid a lapse in coverage and only consider cancellation of policies if all possible efforts to work with consumers to continue coverage have been exhausted;
    - Removing exclusions on certain personal auto exclusions;
    - Exploring virtual options for underwriting and adjusting claims and for premium audits of employers' records; and

AMERICAN OVERSIGHT
FL-ORANGE-20-1072-B-002809

- Other general considerations, including a 30-day extension for the filing of annual statements for certain regulated entities.

- OIR has issued Informational Memorandum OIR-20-03M directing all insurers and other entities regulated by OIR to review and update their business continuity and/or continuity of operations plans. Companies are directed to immediately contact OIR if their continuity plans are activated and/or if business operations become compromised so it can work with insurers to avoid any disruption in consumer services.
- OIR has issued Informational Memorandum OIR-20-02M as a reminder to all health insurers, health maintenance organizations, and other health entities to allow for early prescription refills following the Governor's Executive Order 20-52 declaring a state of emergency in Florida.
- Find more information on OIR's COVID-19 response here.

Florida Department of Health Updates New COVID-19 Cases, Announces One New Death Related to COVID-19, 6 p.m. EST Update

~2,359 positive cases in Florida Residents and 125 positive cases in non-Florida residents~

TALLAHASSEE —To keep Florida residents and visitors safe, informed and aware about the status of the virus, The Florida Department of Health has launched a COVID-19 dashboard that will be updated twice daily. Today, as of 6 p.m., there are 2,484 total** Florida cases. One person has died who tested positive for COVID-19 in Highlands County.

New Florida cases include:

- 129 additional positive COVID-19 cases (124 Florida residents and 5 non-Florida residents) reported to the Florida Department of Health.
- There are currently 2,352 positive cases in Florida residents and 125 positive cases in non-Florida residents.

Florida recently partnered with private laboratories around the state to expand COVID-19 laboratory testing capacity. This partnership will increase the number of tests conducted each day and ensure Floridians receive the critical health information they need in a timely manner.

Expansion to private laboratories changes the COVID-19 testing landscape in Florida. Private laboratories are running tests as they receive swab samples from practitioners. Testing and reporting times vary among commercial and DOH laboratories. Demographic information may be updated during investigations. These twice daily reports reflect the state's efforts to accurately and transparently share information.

More information on a case-by-case basis can also be found here.

Subject: EXECUTIVE ORDER NUMBER 20-85 (Emergency Management – COVID-19 – Telehealth and Immunizations for State Group Insurance)

Joint Information Center on COVID-19 for the State of Florida

Good afternoon:
Today, Governor Ron DeSantis issued Executive Order 20-85 regarding Telehealth and Immunizations for state employees.
A PDF copy of the Executive Order is attached to this email and provided below.
Sincerely,
Helen Aguirre Ferré
Director of Communications
Governor Ron DeSantis

STATE OF FLORIDA
OFFICE OF THE GOVERNOR
EXECUTIVE ORDER NUMBER 20-85
(Emergency Management – COVID-19 – Telehealth and Immunizations for State Group Insurance)

WHEREAS, on March 1, 2020, I issued Executive Order 20-51 directing the Florida Department of Health to issue a Public Health Emergency; and

WHEREAS, on March 1, 2020, the State Surgeon General and State Health Officer declared a Public Health Emergency exists in the State of Florida as a result of COVID-19; and

WHEREAS, on March 9, 2020, I issued Executive Order 20-52 declaring a state of emergency for the entire State of Florida as a result of COVID-19; and

WHEREAS, Novel Coronavirus Disease 2019 (COVID-19) is a severe acute respiratory illness that can be transmitted among humans through respiratory transmission and presents with symptoms similar to those of influenza;

WHEREAS, on March 16, 2020, President Donald J. Trump and the Centers for Disease Control and Prevention ("CDC") issued the "15 Days to Slow the Spread" guidance

AMERICAN OVERSIGHT
FL-ORANGE-20-1072-B-002817

advising individuals to adopt far-reaching social distancing measures, such as working from home and avoiding gatherings of more than 10 people; and

WHEREAS, the CDC also recommends consulting your healthcare provider if individuals or members of your household are at high risk for COVID-19 complications, show symptoms of COVID-19, or have otherwise been exposed to the virus; and

WHEREAS, the CDC recommends that everyone over the age of six months receive the influenza (flu) vaccine; and

WHEREAS, the flu can lead to more serious respiratory diseases that can result in hospitalization or death and individuals with certain health conditions are at a higher risk of flu complications, including many of the same high-risk indicators for COVID-19 complications; and

WHEREAS, State Employees across Florida are working tirelessly to support the COVID-19 response effort by providing mission critical support to protect all Floridians; and

WHEREAS, the State Group Insurance Program (SGI) provides coverage to State Employees and their dependents; and

WHEREAS, Current SGI coverage includes preventive and sick visits through in-person physician office visits, therefore limiting patient access to care; and

WHEREAS, the SGI also provides coverage for immunizations administered by a participating provider, including the flu, which are included on the Advisory Committee for Immunization Practices recommendations list based on a member's age and condition; and

WHEREAS, all SGI plan providers have in-network or contracted, Florida-licensed telehealth providers ready to provide health care services effective immediately which would allow state employees to remain in their homes, if sick, and avoid exposure to other sick individuals; or, if not sick, to attend physician appointments without fear of exposure to others; and

AMERICAN OVERSIGHT

WHEREAS, as Governor, I am responsible for protecting our state and the health and safety of its residents;

NOW, THEREFORE, I, RON DESANTIS, as Governor of Florida, by virtue of the authority vested in me by Article IV, Section (1)(a) of the Florida Constitution, Chapter 252, Florida Statutes, and all other applicable laws, promulgate the following Executive Order to take immediate effect:

Section 1. Telehealth

- I suspend the relevant portions of section 110.123, Florida Statutes, and direct the Secretary of the Department of Management Services to amend the state employee health benefits plan documents effective immediately through the expiration of Executive Order 20-52, including any extensions, to include telehealth services at no additional cost to employees.
- I suspend the relevant portions of section 110.12315, Florida Statutes, and direct the Secretary of the Department of Management Services to amend the state employee pharmacy benefits plan documents effective immediately through the expiration of Executive Order 20-52, including any extensions, to include telehealth services, as appropriate, to employees participating in the SGI plan.
- I hereby direct the Department of Management Services, Division of State Group Insurance, to ensure that all state employees have access to telehealth services through the state's contracted HMO plans and PPO organization plan without cost sharing effective immediately through the expiration of Executive Order 20-52, including any extensions.

Section 2. Immunizations

- I suspend the relevant portions of section 110.123, Florida Statutes, and direct the Secretary of the Department of Management Services to amend the state employee health plan benefits plan documents effective immediately through the expiration of Executive Order 20-52, including any extensions, to provide employees participating in the State Employees' Group Insurance Program the option to receive immunizations covered by the employee's plan in either a participating physician's office pursuant to the participant's current PPO Plan Group Health Insurance Plan Booklet or a participant's current HMO contract, or a participating pharmacy in the State Employees' pharmacy benefit manager's network.
- I hereby direct the Department of Management Services, Division of State Group Insurance, to ensure that all cost sharing that would have been applicable to state employees seeking immunization services under this Executive Order for the influenza vaccination be waived effective immediately through the expiration of Executive Order 20-52, including any extensions.

Section 3. This Executive Order shall expire upon the expiration of Executive Order 20-52, including any extensions.

The State of Florida Issues COVID-19 Updates

TALLAHASSEE, Fla. - The State of Florida is responding to COVID-19. In an effort to keep Florida residents and visitors safe and aware regarding the status of the virus, the Florida Department of Health will issue this update every day, seven days per week.
Governor Ron DeSantis is in constant communication with Florida Division of Emergency Management Director Jared Moskowitz and State Surgeon General Dr. Scott Rivkees as the State of Florida continues to monitor and respond to the threat of COVID-19.

Today, Governor DeSantis held a briefing at the Florida Capitol and a briefing via live stream, where he announced additional efforts to respond to COVID-19:

- The National Guard is now stationed at Palm Beach County International Airport and Ft. Myers International Airport to help enforce the Governor's order on travel from the New York Tri-State area. So far, the National Guard has collected 3,406 enforcement forms from New York travelers.
- All travelers from Louisiana will be required to self-isolate for 14 days. This will be executed through checkpoints along major highways where drivers will be directed to stop and fill out information regarding their Florida stay. Sheriffs and FHP will take lead on this. DOT will be placing signage along major roadways entering Florida. This excludes commercial travel.
- Governor DeSantis is directing a 14-day moratorium on the operation of vacation rentals in Florida.
- Palm Beach County has developed a new state-supported testing site at the Ballpark of Palm Beaches.
- The state will provide 1,000 swabs to each of the four counties with the highest number of positive COVID-19 cases (Palm Beach, Broward, Miami-Dade and Hillsborough).
- As of today, SNAP recipients will receive an increased monthly allotment for March and April.
- The Governor has directed sales and use taxes to be due on April 30 (originally due April 20), and property taxes to be due April 15 (originally due March 31).

AMERICAN OVERSIGHT

- The Governor asked the Attorney General to investigate Larkin Community Hospital in Hialeah in Miami-Dade, who has charged individuals $150 to get tested for COVID-19. Tests are free statewide.
- The Governor directed the Florida Fish and Wildlife Conservation Commission to issue Emergency Order to enforce social distancing on waterways.

Actions the state has taken to respond to COVID-19:
DEPARTMENT OF HEALTH

- At the direction of Governor DeSantis, State Surgeon General Dr. Scott Rivkees declared a Public Health Emergency for COVID-19 in Florida.
- Governor DeSantis announced that the State ordered an additional 2,500 test kits to supplement the adequate resources already available to test for COVID-19. These additional test kits will enable the Department of Health, working with Florida health care providers, to test up to an additional 625,000 individuals. The Governor also suspended non-essential in state and all out-of-state travel for state employees for 30 days.
- Established an Incident Management Team to coordinate response operations.
- Defined a high-level phased response strategy for COVID-19.
- Activated a dedicated incident command post for on-site response activities.
- Conducted three public health and health care stakeholder conference calls to provide statewide updates on the current outbreak situation, response actions and guidance for pandemic planning. Over five hundred participants joined the calls.
- Established a public call center for questions regarding COVID-19. The call center launched Monday, March 2 and is open 24/7.
- Developed and distributed COVID-19 presentation materials to County Health Departments (CHD) for use at community meetings.
- Activated the Joint Information Center in coordination with the Division of Emergency Management.
- Developed and implemented protocols for investigation, surveillance and monitoring for COVID-19 to rapidly detect and contain cases.
- Established mechanisms for monitoring and coordination with the Centers for Disease Control and Prevention (CDC) regarding epidemiological activities.
- Distributed CDC Interim Guidance for public health personnel evaluating Persons Under Investigation (PUI) and asymptomatic close contacts of confirmed cases at their home or non-home residential settings to CHDs.
- Approved and disseminated an updated Clinician Screening Tool for identifying COVID-19 PUIs.
- Implemented testing at all three State Public Health Laboratories.
- Distributed updated CDC guidance for schools to CHDs and the Department of Education.
- Distributed updated laboratory guidance regarding implementation of testing at State Public Health Laboratories.
- Developing a laboratory surge plan.
- Identifying and monitoring close contacts of presumptive cases. Any close contacts with symptoms will be tested.
- Implemented private lab testing.
- Developed and disseminated pandemic planning guidance.
- Advised CHDs and HCCs to retain expired personal protective equipment until further until further notice.
- Developing infographics for first responders (fire, law enforcement and EMS) regarding infection control and personal protection for COVID-19.

AMERICAN OVERSIGHT

- At the Governor's direction, a public-private partnership has been put in place between Memorial Healthcare in Broward and the National Guard to set up a mobile testing unit.
- At the direction of Governor DeSantis hiring additional epidemiologists from university health programs to help with workload.
- Governor DeSantis directed the Agency for Health Care Administration (AHCA) to extend all existing nursing home and assisted living facility licenses for 90 days to remove distraction from patient care.
- Launched an interactive data tracking dashboard on floridahealthcovid19.gov that is updated twice daily.
- Developing protocols for County Health Departments in the protection of their staff and clinic activities through the development of safety and health guidance.
- Continue to have daily hospital calls and began having daily calls with the aging and vulnerable population groups.
- Continue to coordinate efforts for obtaining lab testing supplies.

DIVISION OF EMERGENCY MANAGEMENT

- To support communities responding to COVID-19, Governor DeSantis has directed FDEM Director Jared Moskowitz to expedite the delivery of more than $170 million in Hurricane Irma reimbursements to cities, counties and hospital districts that have now reached the 50-percent auditing threshold to receive funds.
- After conducting a thorough assessment of needs, Director Moskowitz has requested the following supplies through Direct Federal Assistance. Supplies are being delivered on a rolling basis, and inventory is being distributed throughout the state 24 hours a day.
    - 5 mobile intensive care units
    - 5,000 ventilators
    - 5,000 hospital beds
    - 50,000 two oz. bottles of hand sanitizer
    - 250,000 coveralls
    - 500,000 gloves
    - 500,000 gowns
    - 500,000 collection kits
    - 100,000 16 oz. bottles of hand sanitizers
    - 150,000 Personal Protective Equipment kits, including coveralls, gowns, and goggles
    - 2 million N95 face masks
- Find more information on DEM's response to COVID-19 here.

AGENCY FOR HEALTH CARE ADMINISTRATION

- AHCA distributed guidance on behalf of the Department to hospitals in regard to COVID-19 testing of Persons Under Investigation, outlining actions to take for testing individuals prior to being transferred to other facilities.
- AHCA and the Department issued guidance for Senior Living Communities (independent living) on COVID-19 best practices, advising facilities to cease communal activities, practice social distancing and restrict community outings.
- AHCA distributed telemedicine guidance to health care providers for behavior analysis services.
- AHCA distributed an overview to iBudget providers of the revised payment methodology that will be used over the next few months to help support providers of adult day training, residential habilitation, life skills development level 1-companion and in-home personal supports. Retention payments will be made to give necessary

AMERICAN OVERSIGHT

financial support to providers who would otherwise not receive payment due to current public distancing requirements.
- Secretary Mayhew is working directly with hospitals and large health systems to identify potential vacant wings or buildings to provide additional hospital inpatient capacity should it become necessary.
- On March 16, Florida became the first state to receive CMS approval of its 1135 Medicaid Waiver giving AHCA more flexibility for its COVID-19 response efforts. This federal action lifts Medicaid prior authorization requirements for critical health care services and allows for expedited provider enrollment.
- AHCA will be granting a 90-day extension to all licenses for health care providers and regulated facilities.
- AHCA is distributing information regarding regulatory flexibilities created by waivers from the Centers for Medicare and Medicaid Services (CMS) related to skilled nursing facilities, critical access hospitals, home health agencies, durable medical equipment, provider enrollment, etc.
- Find more information on ACHA's response to COVID-19 here.

FLORIDA DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION

- DBPR has distributed a document titled Frequently Asked Questions Related to EO 20-71 Related Restaurants and Alcoholic Beverage Vendors pursuant to Executive Order (EO-20-71). This document helps to clarify the agency's role in the enforcement of the Executive Order as well as guidelines for restaurants and alcohol vendors per the Governor's directive.
- Find more information on DBPR's response to COVID-19 here.

DEPARTMENT OF CHILDREN AND FAMILIES

- DCF is working with DOH to develop precautionary protocols for child welfare professionals and adult protective investigators who may have to make in-person visits to ensure the safety of those vulnerable populations.
- At the request of Governor DeSantis, and in accordance with the federal Families First Coronavirus Act, DCF waived work requirements for individuals participating in the Supplemental Nutrition Assistance Program (SNAP) and Temporary Assistance for Needy Families (TANF) program.
- Find more information on DCF's response to COVID-19 here.

FLORIDA DEPARTMENT OF CORRECTIONS

- FDC is aligning operations with the CDC Interim Guidance on Management of COVID-19 in Correctional and Detention Facilities.
- New inmate commitments from county jails have been temporarily restricted.
- Anyone entering a correctional institution will be screened in accordance with CDC and Department guidelines.
- FDC has suspended visitation and volunteer programs at all correctional institutions statewide through April 5, 2020.
- All non-critical inmate transfers have been suspended.
- Outside inmate work squads have been restricted.
- Find more information on FDC's response to COVID-19 here.

DEPARTMENT OF ECONOMIC OPPORTUNITY

AMERICAN OVERSIGHT

- Florida's 24 local workforce development boards are available to provide career and business services remotely, with services and technology varying by location. For more information, visit careersourceflorida.com.
- Governor DeSantis' request to the federal U.S. Small Business Administration to make the Economic Injury Disaster Loan program available for Florida's small businesses impacted by COVID-19 has been granted. Small businesses are eligible to apply for the SBA Economic Injury Disaster Loans that offer up to $2 million in economic assistance to help small businesses overcome the temporary loss of revenue resulting from COVID-19.
- Governor DeSantis activated the Florida Small Business Emergency Bridge Loan Program to support small businesses impacted by COVID-19. The bridge loan program, managed by DEO, provides short-term, interest-free loans to small businesses that experienced economic injury from COVID-19. The application period is open and runs through May 8, 2020. Interested businesses should visit www.FloridaDisaster.Biz for more information.
- The Business Damage Assessment survey is activated to assess the impact of COVID-19 on Florida's local business operations. The survey, managed by DEO, will evaluate businesses affected by COVID-19 and the impacts the virus has had on the local economy so actions to implement appropriate relief programs can begin. The survey can be taken online here.
- Find more information on DEO's response to COVID-19 here.

FLORIDA DEPARTMENT OF EDUCATION

- DOE created a website that consolidates hundreds of free resources for teachers, parents, and students as they transition to distance learning. It includes best practices for distance learning, frequently asked questions, guidance from the department, and resources in Spanish. It can be found here.
- Commissioner of Education Richard Corcoran strongly recommended public and private K-12 schools, colleges, and career and technical center campuses to close through April 15 and institute distance learning by March 30.
- To support students with identified IEP-related services who may have a disruption in services, school districts are given flexibility for the remainder of the school year to provide alternative services or delay services until later in the summer months, in coordination with a student's parents and IEP team.
- Find more information on The Department of Education's response to COVID-19 here.

FLORIDA DEPARTMENT OF ELDER AFFAIRS

- DOEA coordinated a call with SEOC, FRLA, 4Rivers Smokehouse, and Feeding Florida to connect private sector restaurants to Area Agencies on Aging to expand the partnership and provide meals to seniors statewide.
- The Senior Community Service Employment Program (SCSEP) is researching methods program participants may remain engaged with the program while host agencies are closed to ensure participants continue to receive training necessary for them to transition to unsubsidized employment.
- Coordinated the delivery of several hundred N95 masks donated from Florida A&M University to the Area Agencies on Aging throughout the state.
- Held a conference call with the Deputy Mayor of Miami to discuss elder needs in the light of upcoming Adult Day Care closures expected over the next several days.
- The Serving Health Insurance Needs of Elders (SHINE) program hosted a conference call with the 11 liaisons located throughout Florida. The program website has been revised to indicate that the program continues to serve Floridians via telephone counseling while in-persons counseling has been temporarily suspended.

Sincerely,
Helen Aguirre Ferré
Director of Communications
Governor Ron DeSantis

STATE OF FLORIDA
OFFICE OF THE GOVERNOR
EXECUTIVE ORDER NUMBER 20-86
(Emergency Management - COVID-19 –Additional Requirements of Certain Individuals Traveling to Florida)

WHEREAS, Novel Coronavirus Disease 2019 (COVID-19) is a severe acute respiratory illness that can spread among humans through respiratory transmission and presents with symptoms similar to those of influenza; and

WHEREAS, on March 1, 2020, I issued Executive Order number 20-51 directing the Florida Department of Health to issue a Public Health Emergency; and

AMERICAN OVERSIGHT

WHEREAS, on March 1, 2020, the State Surgeon General and State Health Officer declared a Public Health Emergency exists in the State of Florida as a result of COVID-19; and

WHEREAS, on March 9, 2020, I issued Executive Order 20-52 declaring a state of emergency for the entire State of Florida as a result of COVID-19; and

WHEREAS, on March 24, 2020, I issued Executive Order number 20-82 directing all persons from an area with substantial community spread who enter the State of Florida to isolate or quarantine for a period of 14 days; and

WHEREAS, as Governor, I am responsible for meeting the dangers presented to this state and its people by this emergency.

NOW, THEREFORE, I, RON DESANTIS, as Governor of Florida, by virtue of the authority vested in me by Article IV, Section (1)(a) of the Florida Constitution, Chapter 252, Florida Statutes, and all other applicable laws, promulgate the following Executive Order to take immediate effect:

Section 1.

- I hereby direct all persons who enter the State of Florida from an area with substantial community spread, to include the State of Louisiana, inclusive of those entering the State of Florida by roadways, to isolate or quarantine for a period of 14 days from the time of entry into the State of Florida or the duration of the person's presence in the State of Florida, whichever is shorter. This section shall not apply to persons performing military, emergency, health or infrastructure response, or persons involved in any commercial activity. This Order shall take effect immediately and apply retroactively to all persons who have entered Florida after being in any area with substantial community spread. All persons isolating or quarantining under this Section shall be responsible for all costs associated with their isolation or quarantine, including transportation, lodging, food, medical care and any other expenses to sustain the person during the period of isolation or quarantine.
- I hereby direct all persons covered under Section 1(A) of this Order to inform any individual in Florida with whom they have had direct physical contact in the past 21 days that they traveled from an area with substantial community spread.
- I direct the establishment of appropriate checkpoints on the roadways for those persons and vehicles entering the State of Florida and to require those persons to provide information, including in a written form, regarding the origin of their travel and on the address of their location of isolation or quarantine for a period of 14 days. I further direct the Florida Department of Transportation to facilitate locations for appropriate checkpoints, including at welcome centers and rest stops, and to facilitate the placement of road signs and advisories to provide information on this Order and to direct traffic to the appropriate checkpoint.

AMERICAN OVERSIGHT

- Pursuant to sections 252.36(5)(b) and 252.47, Florida Statutes, the Florida Highway Patrol and County Sheriffs are directed to assist with the establishment of appropriate checkpoints, the flow of traffic to those checkpoints and any enforcement actions.

Section 2. Failure to follow Section 1 of this Order is a second-degree misdemeanor pursuant to section 252.50, Florida Statutes, and is punishable by imprisonment not to exceed 60 days, a fine not to exceed $500, or both.

Section 3.

- Pursuant to section 252.47, Florida Statutes, I hereby direct all state, county and local law enforcement authorities to enforce this Order. Any law enforcement authority that interacts with a person in violation of Section 1(A) of this Order shall immediately report the individual, along with personal identifying and contact information, to the Florida Department of Health.
- Pursuant to section 381.0012(5), Florida Statutes, "it shall be the duty of every state and county attorney, sheriff, police officer, and other appropriate city and county officials upon the request to assist the Department of Health" in enforcing any isolation or quarantine, state health law and order of the Department of Health issued pursuant to this Order.

Section 4. To the extent necessary, the exceptions of this Executive Order are applicable to Executive Order 20-80, Section 1(A) and 20-82, Section 1(A).

Section 5. This Executive Order shall expire upon the expiration of Executive Order 20-52, including any extensions, or upon an Executive Order lifting the isolation or quarantine after advice from the State Health Officer and Surgeon General.

STATE OF FLORIDA
OFFICE OF THE GOVERNOR
EXECUTIVE ORDER NUMBER 20-87
(Emergency Management - COVID-19 – Vacation Rental Closures)

WHEREAS, on March 1, 2020, I issued Executive Order 20-51 directing the Florida Department of Health to issue a Public Health Emergency; and

WHEREAS, on March 1, 2020, the State Surgeon General and State Health Officer declared a Public Health Emergency exists in the State of Florida as a result of COVID-19; and

WHEREAS, on March 9, 2020, I issued Executive Order 20-52 declaring a state of emergency for the entire State of Florida as a result of COVID-19; and

AMERICAN OVERSIGHT
FL-ORANGE-20-1072-B-002837

WHEREAS, on March 16, 2020, President Donald J. Trump and the Centers for Disease Control and Prevention ("CDC") issued the "15 Days to Slow the Spread" guidance advising individuals to adopt far-reaching social distancing measures; and

WHEREAS, the CDC has cautioned against non-essential travel within the United States; and

WHEREAS, Florida is experiencing an increase in individuals fleeing to Florida from out-of-state locations where "shelter-in-place" orders are being implemented and/or community spread exists; and

WHEREAS, many cases of COVID-19 in Florida have resulted from individuals coming into the State of Florida from international travel and other states, posing great risk to Florida residents; and

WHEREAS, vacation rentals and third-party platforms advertising vacation rentals in Florida present attractive lodging destinations for individuals coming into Florida; and

WHEREAS, as Governor, I am responsible for meeting the dangers presented to this state and its people by this emergency.

NOW, THEREFORE, I, RON DESANTIS, as Governor of Florida, by virtue of the authority vested in me by Article IV, Section (1)(a) of the Florida Constitution, Chapter 252, Florida Statutes, and all other applicable laws, promulgate the following Executive Order to take immediate effect:

Section 1. Vacation Rentals

I hereby order all parties engaged in rental of vacation rental properties, as defined in section 509.242(1)(c), Florida Statutes, to suspend vacation rental operations. Florida Department of Health Updates New COVID-19 Cases, Announces Seventeen New Deaths Related to COVID-19

~3,054 positive cases in Florida Residents and 144 positive cases in non-Florida residents~

TALLAHASSEE — To keep Florida residents and visitors safe, informed and aware about the status of the virus, The Florida Department of Health has launched a COVID-19 dashboard that will be updated twice daily. Today, as of 6 p.m., there are 3,198 total** Florida cases. Seventeen people have died who tested positive for COVID-19 in Broward, Dade, Hillsborough, Lee, Orange, Palm Beach, St. Johns and St. Lucie counties.

New Florida cases include:

- 714 additional positive COVID-19 cases (695 Florida residents and 19 non-Florida residents) reported to the Florida Department of Health.
- There are currently 3,054 positive cases in Florida residents and 144 positive cases in non-Florida residents.

Florida recently partnered with private laboratories around the state to expand COVID-19 laboratory testing capacity. This partnership will increase the number of tests conducted each day and ensure Floridians receive the critical health information they need in a timely manner.

Expansion to private laboratories changes the COVID-19 testing landscape in Florida. Private laboratories are running tests as they receive swab samples from practitioners. Testing and reporting times vary among commercial and DOH laboratories. Demographic information may be updated during investigations. These twice daily reports reflect the state's efforts to accurately and transparently share information.

More information on a case-by-case basis can also be found here.

The State of Florida Issues COVID-19 Updates

TALLAHASSEE, Fla. - The State of Florida is responding to COVID-19. In an effort to keep Florida residents and visitors safe and aware regarding the status of the virus, the Florida Department of Health will issue this update every day, seven days per week.
Governor Ron DeSantis is in constant communication with Florida Division of Emergency Management Director Jared Moskowitz and State Surgeon General Dr. Scott Rivkees as the State of Florida continues to monitor and respond to the threat of COVID-19.

Today, Governor Ron DeSantis held a briefing via live stream with Lieutenant Governor Jeanette Nuñez, Emergency Management Director Jared Moskowitz and State Surgeon General Dr. Scott Rivkees where he announced additional efforts to respond to COVID-19:

- Governor DeSantis announced that public safety messaging will be sent to Floridians via text message. The first message has been sent and echoed Executive Order 20-83, the public health advisory to all persons over 65 years of age and those with underlying medical conditions urging them to stay home and to take such other measures as necessary to limit their risk of exposure to COVID-19.
- Governor DeSantis announced that the Florida Division of Emergency Management has secured an order of 2,000 COVID-19 rapid tests which will process results in 45 minutes.
- Governor DeSantis announced that he spoke with Abbott Laboratories to secure new rapid COVID-19 tests which can process results in 5-15 minutes.
- Governor DeSantis announced that additional checkpoints are being set up on I-10 and I-95 to screen individuals who are arriving in Florida from COVID-19 hotspots.
- Governor DeSantis announced that the Florida Department of Economic Opportunity will be making $100 million available through Rebuild Florida to local governments statewide for infrastructure improvements to improve local economies.

Actions the state has taken to respond to COVID-19:
DEPARTMENT OF HEALTH

AMERICAN OVERSIGHT

- At the direction of Governor DeSantis, State Surgeon General Dr. Scott Rivkees declared a Public Health Emergency for COVID-19 in Florida.
- Governor DeSantis announced that the State ordered an additional 2,500 test kits to supplement the adequate resources already available to test for COVID-19. These additional test kits will enable the Department of Health, working with Florida health care providers, to test up to an additional 625,000 individuals. The Governor also suspended non-essential in state and all out-of-state travel for state employees for 30 days.
- Established an Incident Management Team to coordinate response operations.
- Defined a high-level phased response strategy for COVID-19.
- Activated a dedicated incident command post for on-site response activities.
- Conducted three public health and health care stakeholder conference calls to provide statewide updates on the current outbreak situation, response actions and guidance for pandemic planning. Over five hundred participants joined the calls.
- Established a public call center for questions regarding COVID-19. The call center launched Monday, March 2 and is open 24/7.
- Developed and distributed COVID-19 presentation materials to County Health Departments (CHD) for use at community meetings.
- Activated the Joint Information Center in coordination with the Division of Emergency Management.
- Developed and implemented protocols for investigation, surveillance and monitoring for COVID-19 to rapidly detect and contain cases.
- Established mechanisms for monitoring and coordination with the Centers for Disease Control and Prevention (CDC) regarding epidemiological activities.
- Distributed CDC Interim Guidance for public health personnel evaluating Persons Under Investigation (PUI) and asymptomatic close contacts of confirmed cases at their home or non-home residential settings to CHDs.
- Approved and disseminated an updated Clinician Screening Tool for identifying COVID-19 PUIs.
- Implemented testing at all three State Public Health Laboratories.
- Distributed updated CDC guidance for schools to CHDs and the Department of Education.
- Distributed updated laboratory guidance regarding implementation of testing at State Public Health Laboratories.
- Developing a laboratory surge plan.
- Identifying and monitoring close contacts of presumptive cases. Any close contacts with symptoms will be tested.
- Implemented private lab testing.
- Developed and disseminated pandemic planning guidance.
- Advised CHDs and HCCs to retain expired personal protective equipment until further until further notice.
- Developing infographics for first responders (fire, law enforcement and EMS) regarding infection control and personal protection for COVID-19.
- At the Governor's direction, a public-private partnership has been put in place between Memorial Healthcare in Broward and the National Guard to set up a mobile testing unit.
- At the direction of Governor DeSantis hiring additional epidemiologists from university health programs to help with workload.
- Governor DeSantis directed the Agency for Health Care Administration (AHCA) to extend all existing nursing home and assisted living facility licenses for 90 days to remove distraction from patient care.
- Launched an interactive data tracking dashboard on floridahealthcovid19.gov that is updated twice daily.

AMERICAN OVERSIGHT

- Developing protocols for County Health Departments in the protection of their staff and clinic activities through the development of safety and health guidance.
- Continue to have daily hospital calls and began having daily calls with the aging and vulnerable population groups.
- Continue to coordinate efforts for obtaining lab testing supplies.

DIVISION OF EMERGENCY MANAGEMENT

- To support communities responding to COVID-19, Governor DeSantis has directed FDEM Director Jared Moskowitz to expedite the delivery of more than $170 million in Hurricane Irma reimbursements to cities, counties and hospital districts that have now reached the 50-percent auditing threshold to receive funds.
- After conducting a thorough assessment of needs, Director Moskowitz has requested the following supplies through Direct Federal Assistance. Supplies are being delivered on a rolling basis, and inventory is being distributed throughout the state 24 hours a day.
    - 5 mobile intensive care units
    - 5,000 ventilators
    - 5,000 hospital beds
    - 50,000 two oz. bottles of hand sanitizer
    - 250,000 coveralls
    - 500,000 gloves
    - 500,000 gowns
    - 500,000 collection kits
    - 100,000 16 oz. bottles of hand sanitizers
    - 150,000 Personal Protective Equipment kits, including coveralls, gowns, and goggles
    - 2 million N95 face masks
- Find more information on DEM's response to COVID-19 here.

AGENCY FOR HEALTH CARE ADMINISTRATION

- AHCA distributed guidance on behalf of the Department to hospitals in regard to COVID-19 testing of Persons Under Investigation, outlining actions to take for testing individuals prior to being transferred to other facilities.
- AHCA and the Department issued guidance for Senior Living Communities (independent living) on COVID-19 best practices, advising facilities to cease communal activities, practice social distancing and restrict community outings.
- AHCA distributed telemedicine guidance to health care providers for behavior analysis services.
- AHCA distributed an overview to iBudget providers of the revised payment methodology that will be used over the next few months to help support providers of adult day training, residential habilitation, life skills development level 1-companion and in-home personal supports. Retention payments will be made to give necessary financial support to providers who would otherwise not receive payment due to current public distancing requirements.
- Secretary Mayhew is working directly with hospitals and large health systems to identify potential vacant wings or buildings to provide additional hospital inpatient capacity should it become necessary.
- On March 16, Florida became the first state to receive CMS approval of its 1135 Medicaid Waiver giving AHCA more flexibility for its COVID-19 response efforts. This federal action lifts Medicaid prior authorization requirements for critical health care services and allows for expedited provider enrollment.

FLORIDA DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION

- DBPR issued an emergency order, EO 2020-04, which allows association boards of a condominium, cooperative, or homeowners' association to exercise certain emergency powers during the state of emergency unless specifically prohibited by the provisions of the association's governing documents. The order suspends and tolls the timing requirements pertaining to the preparation, submittal, or filing of certain financial reports and statements of a condominium association, cooperative association, or timeshare plan. The order waives the assessment of pilotage earned by harbor pilots for March and April, 2020, and extends the deadline for the filing of a harbor pilot's annual earnings statement from April 15, 2020, to July 15, 2020. The order suspends any restriction of chapter 474, F.S., or chapter 61G-18, F.A.C. which would prohibit an active Florida-licensed veterinarian from practicing telemedicine on a patient.
- DBPR has distributed a document titled Frequently Asked Questions Related to EO 20-71 Related Restaurants and Alcoholic Beverage Vendors pursuant to Executive Order (EO-20-71). This document helps to clarify the agency's role in the enforcement of the Executive Order as well as guidelines for restaurants and alcohol vendors per the Governor's directive.
- Find more information on DBPR's response to COVID-19 here.

DEPARTMENT OF CHILDREN AND FAMILIES

- DCF is working with DOH to develop precautionary protocols for child welfare professionals and adult protective investigators who may have to make in-person visits to ensure the safety of those vulnerable populations.
- At the request of Governor DeSantis, and in accordance with the federal Families First Coronavirus Act, DCF waived work requirements for individuals participating in the Supplemental Nutrition Assistance Program (SNAP) and Temporary Assistance for Needy Families (TANF) program.
- Find more information on DCF's response to COVID-19 here.

FLORIDA DEPARTMENT OF CORRECTIONS

- FDC is aligning operations with the CDC Interim Guidance on Management of COVID-19 in Correctional and Detention Facilities.
- New inmate commitments from county jails have been temporarily restricted.
- Anyone entering a correctional institution will be screened in accordance with CDC and Department guidelines.
- FDC has suspended visitation and volunteer programs at all correctional institutions statewide through April 5, 2020.
- All non-critical inmate transfers have been suspended.
- Outside inmate work squads have been restricted.

DEPARTMENT OF ECONOMIC OPPORTUNITY

AMERICAN OVERSIGHT

- Florida's 24 local workforce development boards are available to provide career and business services remotely, with services and technology varying by location. For more information, visit careersourceflorida.com.
- Governor DeSantis' request to the federal U.S. Small Business Administration to make the Economic Injury Disaster Loan program available for Florida's small businesses impacted by COVID-19 has been granted. Small businesses are eligible to apply for the SBA Economic Injury Disaster Loans that offer up to $2 million in economic assistance to help small businesses overcome the temporary loss of revenue resulting from COVID-19.
- Governor DeSantis activated the Florida Small Business Emergency Bridge Loan Program to support small businesses impacted by COVID-19. The bridge loan program, managed by DEO, provides short-term, interest-free loans to small businesses that experienced economic injury from COVID-19. The application period is open and runs through May 8, 2020. Interested businesses should visit www.FloridaDisaster.Biz for more information.
- The Business Damage Assessment survey is activated to assess the impact of COVID-19 on Florida's local business operations. The survey, managed by DEO, will evaluate businesses affected by COVID-19 and the impacts the virus has had on the local economy so actions to implement appropriate relief programs can begin. The survey can be taken online here.
- Find more information on DEO's response to COVID-19 here.

FLORIDA DEPARTMENT OF EDUCATION

- DOE created a website that consolidates hundreds of free resources for teachers, parents, and students as they transition to distance learning. It includes best practices for distance learning, frequently asked questions, guidance from the department, and resources in Spanish. It can be found here.
- Commissioner of Education Richard Corcoran strongly recommended public and private K-12 schools, colleges, and career and technical center campuses to close through April 15 and institute distance learning by March 30.
- To support students with identified IEP-related services who may have a disruption in services, school districts are given flexibility for the remainder of the school year to provide alternative services or delay services until later in the summer months, in coordination with a student's parents and IEP team.
- Find more information on The Department of Education's response to COVID-19 here.

FLORIDA DEPARTMENT OF ELDER AFFAIRS

- Secretary Prudom participated in a follow-up conference call with Maurice Kemp, Deputy Mayor of Miami-Dade County; the Agency for Health Care Administration; and all 165 Adult Day Care Centers in Miami-Dade County to discuss next steps for continuation of services as Adult Day Care Centers consider closures beginning next week.
- Secretary Prudom held a conference call with Steve Bahmer, CEO and President of Leading Age Florida, to discuss the utilization of the partnership between DOEA and the Florida Restaurant and Lodging Association (FRLA) to see how it may benefit seniors in Independent Living Facilities.
- DOEA held administrative calls with several executive directors of Area Agencies on Aging (AAA) to discuss continued implementation of the Florida Restaurant and Lodging Association (FRLA) partnership for rollout at the local AAA level.
- DOEA is providing ongoing technical assistance to Area Agencies on Aging regarding Families First funding, meals, emergency meal procurement, health and wellness classes, telephone reassurance, shopping assistance, and adult day care closures.

Florida Department of Health Updates New COVID-19 Cases, Announces Eight New Deaths Related to COVID-19, 11 a.m. Update

~3,608 positive cases in Florida residents and 155 positive cases in non-Florida residents~

TALLAHASSEE — To keep Florida residents and visitors safe, informed and aware about the status of the virus, The Florida Department of Health has launched a COVID-19 dashboard that will be updated twice daily. Today, as of 11 a.m., there are 3,763 total** Florida cases. Eight people have died who tested positive for COVID-19 in Broward, Dade, Lee, Pasco, Pinellas and Volusia counties.

New Florida cases include:

- 565 additional positive COVID-19 cases (554 Florida residents and 11 non-Florida residents) reported to the Florida Department of Health.
- There are currently 3,608 positive cases in Florida residents and 155 positive cases in non-Florida residents.

Florida recently partnered with private laboratories around the state to expand COVID-19 laboratory testing capacity. This partnership will increase the number of tests conducted each day and ensure Floridians receive the critical health information they need in a timely manner.

Expansion to private laboratories changes the COVID-19 testing landscape in Florida. Private laboratories are running tests as they receive swab samples from practitioners. Testing and reporting times vary among commercial and DOH laboratories. Demographic information may be updated during investigations. These twice daily reports reflect the state's efforts to accurately and transparently share information.

More information on a case-by-case basis can also be found here.

The State of Florida Issues COVID-19 Updates

TALLAHASSEE, Fla. - The State of Florida is responding to COVID-19. In an effort to keep Florida residents and visitors safe and aware regarding the status of the virus, the Florida Department of Health will issue this update every day, seven days per week.
Governor Ron DeSantis is in constant communication with Florida Division of Emergency Management Director Jared Moskowitz and State Surgeon General Dr. Scott Rivkees as the State of Florida continues to monitor and respond to the threat of COVID-19.

Actions the state has taken to respond to COVID-19:
DEPARTMENT OF HEALTH

- At the direction of Governor DeSantis, State Surgeon General Dr. Scott Rivkees declared a Public Health Emergency for COVID-19 in Florida.
- Governor DeSantis announced that the State ordered an additional 2,500 test kits to supplement the adequate resources already available to test for COVID-19. These additional test kits will enable the Department of Health, working with Florida health care providers, to test up to an additional 625,000 individuals. The Governor also suspended non-essential in state and all out-of-state travel for state employees for 30 days.
- Established an Incident Management Team to coordinate response operations.
- Defined a high-level phased response strategy for COVID-19.
- Activated a dedicated incident command post for on-site response activities.
- Conducted three public health and health care stakeholder conference calls to provide statewide updates on the current outbreak situation, response actions and guidance for pandemic planning. Over five hundred participants joined the calls.
- Established a public call center for questions regarding COVID-19. The call center launched Monday, March 2 and is open 24/7.
- Developed and distributed COVID-19 presentation materials to County Health Departments (CHD) for use at community meetings.
- Activated the Joint Information Center in coordination with the Division of Emergency Management.
- Developed and implemented protocols for investigation, surveillance and monitoring for COVID-19 to rapidly detect and contain cases.

AMERICAN OVERSIGHT

- Established mechanisms for monitoring and coordination with the Centers for Disease Control and Prevention (CDC) regarding epidemiological activities.

AGENCY FOR HEALTH CARE ADMINISTRATION

- To address the ability of facilities to hire staff at this critical time and recognizing the inability to obtain timely fingerprints for background screening, AHCA has issued Emergency Order No. 20-001, which expires 30 days from the date of the order. This order establishes guidelines for health care providers, Medicaid providers, and health care contractors to conduct background screenings to prevent staff shortages during this emergency.
- AHCA sent an alert to long-term care facilities notifying them that emergency medical service personnel will be assisting these providers with assessing and improving their preparedness for responding to COVID-19.

- AHCA distributed guidance on behalf of the Department to hospitals in regard to COVID-19 testing of Persons Under Investigation, outlining actions to take for testing individuals prior to being transferred to other facilities.
- AHCA and the Department issued guidance for Senior Living Communities (independent living) on COVID-19 best practices, advising facilities to cease communal activities, practice social distancing and restrict community outings.
- AHCA distributed telemedicine guidance to health care providers for behavior analysis services.
- AHCA distributed an overview to iBudget providers of the revised payment methodology that will be used over the next few months to help support providers of adult day training, residential habilitation, life skills development level 1-companion and in-home personal supports. Retention payments will be made to give necessary financial support to providers who would otherwise not receive payment due to current public distancing requirements.
- Secretary Mayhew is working directly with hospitals and large health systems to identify potential vacant wings or buildings to provide additional hospital inpatient capacity should it become necessary.
- On March 16, Florida became the first state to receive CMS approval of its 1135 Medicaid Waiver giving AHCA more flexibility for its COVID-19 response efforts. This federal action lifts Medicaid prior authorization requirements for critical health care services and allows for expedited provider enrollment.
- AHCA will be granting a 90-day extension to all licenses for health care providers and regulated facilities.
- AHCA is distributing information regarding regulatory flexibilities created by waivers from the Centers for Medicare and Medicaid Services (CMS) related to skilled nursing facilities, critical access hospitals, home health agencies, durable medical equipment, provider enrollment, etc.
- Find more information on ACHA's response to COVID-19 here.

FLORIDA DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION

- DBPR issued an emergency order, EO 2020-04, which allows association boards of a condominium, cooperative, or homeowners' association to exercise certain emergency powers during the state of emergency unless specifically prohibited by the provisions of the association's governing documents. The order suspends and tolls the timing

AMERICAN OVERSIGHT

requirements pertaining to the preparation, submittal, or filing of certain financial reports and statements of a condominium association, cooperative association, or timeshare plan. The order waives the assessment of pilotage earned by harbor pilots for March and April, 2020, and extends the deadline for the filing of a harbor pilot's annual earnings statement from April 15, 2020, to July 15, 2020. The order suspends any restriction of chapter 474, F.S., or chapter 61G-18, F.A.C. which would prohibit an active Florida-licensed veterinarian from practicing telemedicine on a patient.

- DBPR has distributed a document titled Frequently Asked Questions Related to EO 20-71 Related Restaurants and Alcoholic Beverage Vendors pursuant to Executive Order (EO-20-71). This document helps to clarify the agency's role in the enforcement of the Executive Order as well as guidelines for restaurants and alcohol vendors per the Governor's directive.
- Find more information on DBPR's response to COVID-19 here.

DEPARTMENT OF CHILDREN AND FAMILIES

- DCF is working with DOH to develop precautionary protocols for child welfare professionals and adult protective investigators who may have to make in-person visits to ensure the safety of those vulnerable populations.
- At the request of Governor DeSantis, and in accordance with the federal Families First Coronavirus Act, DCF waived work requirements for individuals participating in the Supplemental Nutrition Assistance Program (SNAP) and Temporary Assistance for Needy Families (TANF) program.
- Find more information on DCF's response to COVID-19 here.

FLORIDA DEPARTMENT OF CORRECTIONS

- FDC is aligning operations with the CDC Interim Guidance on Management of COVID-19 in Correctional and Detention Facilities.
- New inmate commitments from county jails have been temporarily restricted.
- Anyone entering a correctional institution will be screened in accordance with CDC and Department guidelines.
- FDC has suspended visitation and volunteer programs at all correctional institutions statewide through April 5, 2020.
- All non-critical inmate transfers have been suspended.
- Outside inmate work squads have been restricted.
- Find more information on FDC's response to COVID-19 here.

DEPARTMENT OF ECONOMIC OPPORTUNITY

- Florida Department of Economic Opportunity (DEO) recently announced $100 million of additional funds available to local governments in communities impacted by Hurricane Irma through the Rebuild Florida Infrastructure Repair Program. The application window will be open for 90 days and DEO staff will be available to provide technical assistance to communities during the application process. The deadline to complete an application is June 30, 2020. For more information about the program, including how to complete an application, visit the Rebuild Florida Infrastructure Repair Program's webpage.
- Florida's 24 local workforce development boards are available to provide career and business services remotely, with services and technology varying by location. For more information, visit careersourceflorida.com.
- Governor DeSantis' request to the federal U.S. Small Business Administration to make the Economic Injury Disaster Loan program available for Florida's small businesses impacted by COVID-19 has been granted. Small businesses are eligible to apply for

AMERICAN OVERSIGHT

the SBA Economic Injury Disaster Loans that offer up to $2 million in economic assistance to help small businesses overcome the temporary loss of revenue resulting from COVID-19.

- Governor DeSantis activated the Florida Small Business Emergency Bridge Loan Program to support small businesses impacted by COVID-19. The bridge loan program, managed by DEO, provides short-term, interest-free loans to small businesses that experienced economic injury from COVID-19. The application period is open and runs through May 8, 2020. Interested businesses should visit www.FloridaDisaster.Biz for more information.
- The Business Damage Assessment survey is activated to assess the impact of COVID-19 on Florida's local business operations. The survey, managed by DEO, will evaluate businesses affected by COVID-19 and the impacts the virus has had on the local economy so actions to implement appropriate relief programs can begin. The survey can be taken online here.
- Find more information on DEO's response to COVID-19 here.

FLORIDA DEPARTMENT OF EDUCATION

- DOE created a website that consolidates hundreds of free resources for teachers, parents, and students as they transition to distance learning. It includes best practices for distance learning, frequently asked questions, guidance from the department, and resources in Spanish. It can be found here.
- Commissioner of Education Richard Corcoran strongly recommended public and private K-12 schools, colleges, and career and technical center campuses to close through April 15 and institute distance learning by March 30.
- To support students with identified IEP-related services who may have a disruption in services, school districts are given flexibility for the remainder of the school year to provide alternative services or delay services until later in the summer months, in coordination with a student's parents and IEP team.
- Find more information on The Department of Education's response to COVID-19 here.

FLORIDA DEPARTMENT OF ELDER AFFAIRS

- DOEA's Senior Community Service Employment Program (SCSEP) held a call with AARP Foundation leadership which oversees AARP Workforce Programs and AARP SCSEP. Program participants will continue to train at home and take surveys over the next 2 weeks regarding any training needs they may have in this regard. This will facilitate the Program participants' continued progress toward unsubsidized employment and allow them to earn a stipend while remaining at home.
- Reviewed, monitored, and assisted in beta testing for Area Agency on Aging websites as they prepare to launch expanded meal delivery services available through the DOEA and Florida Restaurant and Lodging Association (FRLA) partnership.
- Find more information on DOEA's response to COVID-19 here.

FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION

- At the direction of Governor DeSantis and to successfully uphold CDC guidance to maximize social distancing and avoid gatherings larger than 10 people, DEP closed all Florida State Parks to the public effective Monday, March 23. Park field staff are taking full advantage of this time to perform maintenance and other park improvements so that when we are ready to welcome visitors again, we will be better than ever.
- In addition, since Tuesday, March 24, public access to lands within DEP's Coastal and Aquatic Managed Areas has been closed. This closure includes state-owned uplands,

Florida Department of Health Updates New COVID-19 Cases, Morning Update
~4,077 positive cases in Florida residents and 169 positive cases in non-Florida residents~

TALLAHASSEE —To keep Florida residents and visitors safe, informed and aware about the status of the virus, The Florida Department of Health has launched a COVID-19 dashboard that will be updated twice daily. Today, as of 11 a.m., there are 4,246 total** Florida cases. New Florida cases include:

- 208 additional positive COVID-19 cases (200 Florida residents and 8 non-Florida residents) reported to the Florida Department of Health.
- There are currently 4,077 positive cases in Florida residents and 169 positive cases in non-Florida residents.

Florida recently partnered with private laboratories around the state to expand COVID-19 laboratory testing capacity. This partnership will increase the number of tests conducted each day and ensure Floridians receive the critical health information they need in a timely manner.

Expansion to private laboratories changes the COVID-19 testing landscape in Florida. Private laboratories are running tests as they receive swab samples from practitioners. Testing and reporting times vary among commercial and DOH laboratories. Demographic information may be updated during investigations. These twice daily reports reflect the state's efforts to accurately and transparently share information.

More information on a case-by-case basis can also be found here.

The State of Florida Issues COVID-19 Updates

TALLAHASSEE, Fla. - The State of Florida is responding to COVID-19. In an effort to keep Florida residents and visitors safe and aware regarding the status of the virus, the Florida Department of Health will issue this update every day, seven days per week.
Governor Ron DeSantis is in constant communication with Florida Division of Emergency Management Director Jared Moskowitz and State Surgeon General Dr. Scott Rivkees as the State of Florida continues to monitor and respond to the threat of COVID-19.

Today, Governor DeSantis held briefings at the Palm Beach County testing site and the testing site at the Hard Rock Stadium in Miami, where he announced additional efforts to respond to COVID-19:

- Governor DeSantis issued Executive Order 20-89 to provide unified and locally supported direction to Monroe, Miami-Dade, Broward and Palm Beach counties.
    - This order will require Monroe, Broward and Palm Beach County residents to follow the same directives with respect to essential and non-essential businesses as provided in the executive orders signed by Mayor Gimenez of Miami-Dade County beginning on March 19.
- Governor DeSantis issued Executive Order 20-88 to allow recently retired law enforcement an healthcare personnel to immediately return to the workforce.
- Governor DeSantis announced that a new testing site is opening Tuesday in Palm Beach at the FITTEAM Ball Park of the Palm Beaches. The Florida Division of Emergency Management has delivered 1,000 collection kits to get the site started and Governor DeSantis deployed 75 Florida National Guard soldiers to assist with traffic and logistics.

Actions the state has taken to respond to COVID-19:

DEPARTMENT OF HEALTH

- At the direction of Governor DeSantis, State Surgeon General Dr. Scott Rivkees declared a Public Health Emergency for COVID-19 in Florida.

AMERICAN OVERSIGHT

- Governor DeSantis announced that the State ordered an additional 2,500 test kits to supplement the adequate resources already available to test for COVID-19. These additional test kits will enable the Department of Health, working with Florida health care providers, to test up to an additional 625,000 individuals. The Governor also suspended non-essential in state and all out-of-state travel for state employees for 30 days.
- Established an Incident Management Team to coordinate response operations.
- Defined a high-level phased response strategy for COVID-19.
- Activated a dedicated incident command post for on-site response activities.
- Conducted three public health and health care stakeholder conference calls to provide statewide updates on the current outbreak situation, response actions and guidance for pandemic planning. Over five hundred participants joined the calls.
- Established a public call center for questions regarding COVID-19. The call center launched Monday, March 2 and is open 24/7.
- Developed and distributed COVID-19 presentation materials to County Health Departments (CHD) for use at community meetings.
- Activated the Joint Information Center in coordination with the Division of Emergency Management.
- Developed and implemented protocols for investigation, surveillance and monitoring for COVID-19 to rapidly detect and contain cases.
- Established mechanisms for monitoring and coordination with the Centers for Disease Control and Prevention (CDC) regarding epidemiological activities.
- Distributed CDC Interim Guidance for public health personnel evaluating Persons Under Investigation (PUI) and asymptomatic close contacts of confirmed cases at their home or non-home residential settings to CHDs.
- Approved and disseminated an updated Clinician Screening Tool for identifying COVID-19 PUIs.
- Implemented testing at all three State Public Health Laboratories.
- Distributed updated CDC guidance for schools to CHDs and the Department of Education.
- Distributed updated laboratory guidance regarding implementation of testing at State Public Health Laboratories.
- Developing a laboratory surge plan.
- Identifying and monitoring close contacts of presumptive cases. Any close contacts with symptoms will be tested.
- Implemented private lab testing.
- Developed and disseminated pandemic planning guidance.
- Advised CHDs and HCCs to retain expired personal protective equipment until further until further notice.
- Developing infographics for first responders (fire, law enforcement and EMS) regarding infection control and personal protection for COVID-19.
- At the Governor's direction, a public-private partnership has been put in place between Memorial Healthcare in Broward and the National Guard to set up a mobile testing unit.
- At the direction of Governor DeSantis hiring additional epidemiologists from university health programs to help with workload.
- Governor DeSantis directed the Agency for Health Care Administration (AHCA) to extend all existing nursing home and assisted living facility licenses for 90 days to remove distraction from patient care.
- Launched an interactive data tracking dashboard on floridahealthcovid19.gov that is updated twice daily.
- Developing protocols for County Health Departments in the protection of their staff and clinic activities through the development of safety and health guidance.

AMERICAN OVERSIGHT

- Continue to have daily hospital calls and began having daily calls with the aging and vulnerable population groups.
- Continue to coordinate efforts for obtaining lab testing supplies.

DIVISION OF EMERGENCY MANAGEMENT

- To support communities responding to COVID-19, Governor DeSantis has directed FDEM Director Jared Moskowitz to expedite the delivery of more than $170 million in Hurricane Irma reimbursements to cities, counties and hospital districts that have now reached the 50-percent auditing threshold to receive funds.
- After conducting a thorough assessment of needs, Director Moskowitz has requested the following supplies through Direct Federal Assistance. Supplies are being delivered on a rolling basis, and inventory is being distributed throughout the state 24 hours a day.
    - 5 mobile intensive care units
    - 5,000 ventilators
    - 5,000 hospital beds
    - 50,000 two oz. bottles of hand sanitizer
    - 250,000 coveralls
    - 500,000 gloves
    - 500,000 gowns
    - 500,000 collection kits
    - 100,000 16 oz. bottles of hand sanitizers
    - 150,000 Personal Protective Equipment kits, including coveralls, gowns, and goggles
    - 2 million N95 face masks
- Find more information on DEM's response to COVID-19 here.

AGENCY FOR HEALTH CARE ADMINISTRATION

- To address the ability of facilities to hire staff at this critical time and recognizing the inability to obtain timely fingerprints for background screening, AHCA has issued Emergency Order No. 20-001, which expires 30 days from the date of the order. This order establishes guidelines for health care providers, Medicaid providers, and health care contractors to conduct background screenings to prevent staff shortages during this emergency.
- AHCA sent an alert to long-term care facilities notifying them that emergency medical service personnel will be assisting these providers with assessing and improving their preparedness for responding to COVID-19.
- AHCA distributed guidance on behalf of the Department to hospitals in regard to COVID-19 testing of Persons Under Investigation, outlining actions to take for testing individuals prior to being transferred to other facilities.
- AHCA and the Department issued guidance for Senior Living Communities (independent living) on COVID-19 best practices, advising facilities to cease communal activities, practice social distancing and restrict community outings.
- AHCA distributed telemedicine guidance to health care providers for behavior analysis services.
- AHCA distributed an overview to iBudget providers of the revised payment methodology that will be used over the next few months to help support providers of adult day training, residential habilitation, life skills development level 1-companion and in-home personal supports. Retention payments will be made to give necessary financial support to providers who would otherwise not receive payment due to current public distancing requirements.

FLORIDA DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION

- DBPR issued an emergency order, EO 2020-04, which allows association boards of a condominium, cooperative, or homeowners' association to exercise certain emergency powers during the state of emergency unless specifically prohibited by the provisions of the association's governing documents. The order suspends and tolls the timing requirements pertaining to the preparation, submittal, or filing of certain financial reports and statements of a condominium association, cooperative association, or timeshare plan. The order waives the assessment of pilotage earned by harbor pilots for March and April, 2020, and extends the deadline for the filing of a harbor pilot's annual earnings statement from April 15, 2020, to July 15, 2020. The order suspends any restriction of chapter 474, F.S., or chapter 61G-18, F.A.C. which would prohibit an active Florida-licensed veterinarian from practicing telemedicine on a patient.
- DBPR has distributed a document titled Frequently Asked Questions Related to EO 20-71 Related Restaurants and Alcoholic Beverage Vendors pursuant to Executive Order (EO-20-71). This document helps to clarify the agency's role in the enforcement of the Executive Order as well as guidelines for restaurants and alcohol vendors per the Governor's directive.

DEPARTMENT OF ECONOMIC OPPORTUNITY

- Florida Department of Economic Opportunity (DEO) recently announced $100 million of additional funds available to local governments in communities impacted by Hurricane Irma through the Rebuild Florida Infrastructure Repair Program. Local governments may apply individually or as a regional group for funding. Funding can also be used as leverage to match funding for other federal programs to carry out eligible, federal CDBG-DR infrastructure activity. The deadline to complete an application is June 30, 2020. For more information about the program, including how to complete an application, visit the Rebuild Florida Infrastructure Repair Program's webpage.
- Governor DeSantis waived the work search and work registration requirements for individuals requesting Reemployment Assistance benefits. Individuals filing an application in CONNECT, the online Reemployment Assistance application, for benefits from March 15, 2020 until May 2, 2020, will not be required to complete the work registration in Employ Florida. For additional questions about Reemployment Assistance, please visit the Frequently Asked Questions.
- Florida's 24 local workforce development boards are available to provide career and business services remotely, with services and technology varying by location. For more information, visit careersourceflorida.com.
- Governor DeSantis' request to the federal U.S. Small Business Administration to make the Economic Injury Disaster Loan program available for Florida's small businesses impacted by COVID-19 has been granted. Small businesses are eligible to apply for the SBA Economic Injury Disaster Loans that offer up to $2 million in economic assistance to help small businesses overcome the temporary loss of revenue resulting from COVID-19.
- The Business Damage Assessment survey is activated to assess the impact of COVID-19 on Florida's local business operations. The survey, managed by DEO, will evaluate businesses affected by COVID-19 and the impacts the virus has had on the local economy so actions to implement appropriate relief programs can begin. The survey can be taken online here.

MEMORANDUM

TO: Members of the Press
FROM: Helen Aguirre Ferré, Director of Communications, Governor Ron DeSantis
DATE: March 30, 2020
RE: Executive Orders 20-88 and 20-89
Good evening:
Today, Governor Ron DeSantis issued Executive Order 20-88 regarding re-employment of essential personnel.
The Governor also issued Executive Order 20-89 regarding public access restrictions in Miami-Dade County, Broward County, Palm Beach County and Monroe County.
PDF copies of the Executive Orders are attached to this email and provided below.
Sincerely,
Helen Aguirre Ferré
Director of Communications
Governor Ron DeSantis

STATE OF FLORIDA
OFFICE OF THE GOVERNOR
EXECUTIVE ORDER NUMBER 20-88
(Emergency Management – COVID-19 – Re-employment of Essential Personnel)

WHEREAS, on March 1, 2020, I issued Executive Order 20-51 directing the Florida Department of Health to issue a Public Health Emergency; and

WHEREAS, on March 1, 2020, the State Surgeon General and State Health Officer declared a Public Health Emergency exists in the State of Florida as a result of COVID-19; and

WHEREAS, on March 9, 2020, I issued Executive Order 20-52 declaring a state of emergency for the entire State of Florida as a result of COVID-19; and

WHEREAS, on March 16, 2020, President Donald J. Trump and the Centers for Disease Control and Prevention ("CDC") issued the "15 Days to Slow the Spread" guidance advising individuals to adopt far-reaching social distancing measures, such as avoiding gatherings of more than 10

AMERICAN OVERSIGHT

people, and in states with evidence of community spread, recommending restrictions to certain establishments conducive to mass gatherings and congregations; and

WHEREAS, on March 29, 2020, the President extended such guidance to be in effect until April 30, 2020; and

WHEREAS, Florida's growing population of COVID-19 cases necessitates increased state-wide resources dedicated to law enforcement, emergency response, and medical attention to combat the spread of COVID-19; and

WHEREAS, governmental entities across Florida are working tirelessly to support the COVID-19 response effort by providing mission critical support to protect all Floridians; and

WHEREAS, a key resource during this state of emergency is having enough trained essential personnel to cope with the sudden increased workload demands for the duration of the COVID-19 state of emergency; and

WHEREAS, employees of Florida Retirement System ("FRS") participating employers may be temporarily unable to report to work due to possible COVID-19 exposure or quarantines related to COVID-19, which might impact essential governmental functions; and

WHEREAS, training new employees to serve in such positions requires significant time and resources that may be better utilized in support of the response effort; and

WHEREAS, many recently retired FRS employees possess the necessary skills and training to immediately assist with Florida's COVID-19 response; and

WHEREAS, the essential governmental functions of FRS participating employers should not be hindered by the termination and re-employment limitations pertaining to recently retired essential personnel during the COVID-19 state of emergency; and

WHEREAS, it is necessary and appropriate to take action to ensure that COVID-19 remains controlled, and that residents and visitors in Florida remain safe and secure.

NOW, THEREFORE, I, RON DESANTIS, as Governor of Florida, by virtue of the authority vested in me by Article IV, Section (1)(a) of the Florida Constitution, Chapter 252, Florida Statutes, and all other applicable laws, promulgate the following Executive Order to take immediate effect:

AMERICAN OVERSIGHT

Section 1. I hereby declare that certain FRS employees who have retired since October 1, 2019, or who may retire prior to or on August 1, 2020 under a state administered retirement system (i.e., FRS Pension Plan service retirement or Deferred Retirement Option Program ("DROP"), FRS Investment Plan, State University System Optional Retirement Program, Community College System Optional Retirement Program, and Senior Management Service Optional Retirement Program), may have the requirements of Section 121.091(9), F.S., tolled for completion of the 6-month termination period and the 7th-12th month re-employment limitation period if the re-employment or continued employment assists the COVID-19 emergency response. Any other statutory provision or implementing regulation limiting such re-employment shall also be suspended. FRS participating employers may utilize recent retirees for emergency work without incurring liability or voiding the recent retirees' retirement. All FRS participating employers must comply with the notification provisions of Section 4 of this order.

Section 2. This order shall apply to employees in the following mission-critical categories:

A. law enforcement officers,
B. first responders, emergency management and public safety personnel,
C. health and medical professionals and
D. other critical COVID-19 response personnel as identified and determined by a state agency head.

Section 3. The following restrictions shall apply:

A. Retired employees re-entering the workforce under this order shall not accrue retirement benefits related to the time of re-employment up to a period that shall not extend beyond August 1, 2022. Any person re-employed under the order will not have retirement voided or benefits suspended due to such re-employment.
B. Re-employment shall be permitted until thirty (30) days after the expiration of Executive Order 20-52, or any extension thereof, not to extend beyond August 1, 2022.
C. Once the re-employment ceases, the time toward completion of the 6-month re-employment period and the 7th-12th month re-employment limitation period will cease to be tolled.

Section 4. Any FRS participating employer who intends to utilize recent retirees for emergency work shall provide to the Department of Management Services ("DMS"), Division of Retirement, the list of recent retirees who will provide emergency work to them under the

AMERICAN OVERSIGHT
FL-ORANGE-20-1072-B-002895

duration of the COVID-19 state of emergency. The FRS participating employer must certify that the listed recent retirees will be providing work or services directly related to essential governmental functions in response to the COVID-19 emergency.

Section 5. I hereby direct DMS to issue guidance and subsequent action, as necessary, to implement this directive.

Section 6. This Executive Order shall expire upon the expiration of Executive Order 20-52, including any extensions.

STATE OF FLORIDA
OFFICE OF THE GOVERNOR
EXECUTIVE ORDER NUMBER 20-89
(Emergency Management – COVID-19 – Miami-Dade County, Broward County, Palm Beach County, Monroe County Public Access Restrictions)

WHEREAS, on March 1, 2020, I issued Executive Order 20-51 directing the Florida Department of Health to issue a Public Health Emergency; and

WHEREAS, on March 1, 2020, the State Surgeon General and State Health Officer declared a Public Health Emergency exists in the State of Florida as a result of COVID-19; and

WHEREAS, on March 9, 2020, I issued Executive Order 20-52 declaring a state of emergency for the entire State of Florida as a result of COVID-19; and

WHEREAS, on March 16, 2020, President Donald J. Trump and the Centers for Disease Control and Prevention ("CDC") issued the "15 Days to Slow the Spread" guidance advising individuals to adopt far-reaching social distancing measures, such as avoiding gatherings of more than 10 people, and in states with evidence of community spread, recommending restrictions to certain establishments conducive to mass gatherings and congregations; and

WHEREAS, on March 29, 2020, the President extended such guidance to be in effect until April 30, 2020; and

WHEREAS, Miami-Dade County, Broward County, and Palm Beach County have already implemented orders restricting certain public access to non-essential retail and commercial establishments; and

WHEREAS, over sixty (60) percent of Florida's identified COVID-19 cases are in these neighboring southern counties, which make up a large percentage of Florida's population; and

AMERICAN OVERSIGHT

WHEREAS, my Administration has consulted with the authorities from Miami-Dade County, Broward County, Palm Beach County and Monroe County who seek to harmonize restricted public access mandates in order to establish uniformity and consistency throughout their counties of close proximity; and

WHEREAS, it is necessary and appropriate to take action to ensure that COVID-19 remains controlled, and that residents and visitors in Florida remain safe and secure.

NOW, THEREFORE, I, RON DESANTIS, as Governor of Florida, by virtue of the authority vested in me by Article IV, Section (1)(a) of the Florida Constitution, Chapter 252, Florida Statutes, and all other applicable laws, promulgate the following Executive Order to take immediate effect:

Section 1. I hereby order Miami-Dade County, Broward County, Palm Beach County and Monroe County to restrict public access to businesses and facilities deemed non-essential pursuant to the guidelines established by Miami-Dade County pursuant to its March 19, 2020 Emergency Order 07-20, and as modified by subsequent amendments and orders prior to the date of this order.

Section 2. At their discretion, such county administrators may determine additional "essential" retail and commercial establishments—or other institutions providing essential services—that shall not be subject to complete closure. No county or local authority may restrict or prohibit any "essential" service from performing a function allowed under this order.

Section 3. Essential service establishments not subject to closure shall continue to determine, adopt and maintain reasonable measures to ensure sanitation and cleanliness of premises and items that may come into contact with employees and the public, and such establishments shall take reasonable action to ensure that people adhere to the CDC's social distancing guidelines.

Section 4. The above-named counties shall not institute curfews pertaining to transit to or from the essential service establishments.

Section 5. This order shall remain in effect until April 15, 2020 unless renewed or otherwise modified by subsequent order.

Florida Department of Health Updates New COVID-19 Cases, Announces Eight New Deaths Related to COVID-19, Evening Update

~5,489 positive cases in Florida residents and 215 positive cases in non-Florida residents~

TALLAHASSEE —To keep Florida residents and visitors safe, informed and aware about the status of the virus, the Florida Department of Health has launched a COVID-19 dashboard that will be updated twice daily. Today, as of 6 p.m., there are 5,704 total** Florida cases.
While Florida's testing has increased over the past week, the percent of those testing positive for COVID-19 overall is 10 percent. Of the 7,754 tests performed on March 29, there were 1,018 positive results, or 13 percent.
Eight people have died who tested positive for COVID-19 in Broward, Citrus, Clay, Dade, Duval, Osceola and Palm Beach counties.

New Florida cases include:

- 231 additional positive COVID-19 cases (213 Florida residents and 18 non-Florida residents) reported to the Florida Department of Health.
- There are currently 5,489 positive cases in Florida residents and 215 positive cases in non-Florida residents.

Florida recently partnered with private laboratories around the state to expand COVID-19 laboratory testing capacity. This partnership will increase the number of tests conducted each day and ensure Floridians receive the critical health information they need in a timely manner.

Expansion to private laboratories changes the COVID-19 testing landscape in Florida. Private laboratories are running tests as they receive swab samples from practitioners. Testing and reporting times vary among commercial and DOH laboratories. Demographic information may be updated during investigations. These twice daily reports reflect the state's efforts to accurately and transparently share information.

More information on a case-by-case basis can also be found here.

Florida Department of Health Updates New COVID-19 Cases, Announces Eight New Deaths Related to COVID-19, Evening Update

~6,490 positive cases in Florida residents and 251 positive cases in non-Florida residents~

TALLAHASSEE — To keep Florida residents and visitors safe, informed and aware about the status of the virus, the Florida Department of Health has launched a COVID-19 dashboard that will be updated twice daily. Today, as of 6 p.m., there are 6,741 total** Florida cases.
While Florida's testing has increased over the past week, the percent of those testing positive for COVID-19 overall is 11 percent. Of the 7,474 tests performed on March 30, there were 1,006 positive results, or 13 percent.
Eight people have died who tested positive for COVID-19 in Dade, Lee, Manatee, Palm Beach and Sarasota counties.

New Florida cases include:

- 403 additional positive COVID-19 cases (394 Florida residents and 9 non-Florida residents) reported to the Florida Department of Health.
- There are currently 6,490 positive cases in Florida residents and 251 positive cases in non-Florida residents.

Florida recently partnered with private laboratories around the state to expand COVID-19 laboratory testing capacity. This partnership will increase the number of tests conducted each day and ensure Floridians receive the critical health information they need in a timely manner.

Expansion to private laboratories changes the COVID-19 testing landscape in Florida. Private laboratories are running tests as they receive swab samples from practitioners. Testing and reporting times vary among commercial and DOH laboratories. Demographic information may be updated during investigations. These twice daily reports reflect the state's efforts to accurately and transparently share information.

More information on a case-by-case basis can also be found here**.**

The State of Florida Issues COVID-19 Updates

TALLAHASSEE, Fla. - The State of Florida is responding to COVID-19. In an effort to keep Florida residents and visitors safe and aware regarding the status of the virus, the Florida Department of Health will issue this update every day, seven days per week.

Governor Ron DeSantis is in constant communication with Florida Division of Emergency Management Director Jared Moskowitz and State Surgeon General Dr. Scott Rivkees as the State of Florida continues to monitor and respond to the threat of COVID-19.
Today, Governor DeSantis held a press conference at Orlando Health with David Strong, CEO of Orlando Health and doctors from Orlando Health to discuss progress flattening the curve of COVID-19 infections in Florida.

At the press conference, Governor DeSantis announced that he is purchasing high through-put machines for Florida's 3 state labs. The first two PCR machines are set to arrive at state labs on May 25.

- It is the Governor's goal that by summer, Florida is able to do at least an additional 10,000 samples per day.
- To date, Florida has tested 333,682 individuals, which is about 1 for every 64 people.

Recent actions the state has taken to respond to COVID-19:

- FDC has distributed cloth face coverings to all correctional officers and inmates at state-operated correctional facilities.
- The Florida Department of Elder Affairs (DOEA) worked with Westminster Communities of Florida to deliver more than 75 hand-written cards and letters from both children and adults to residents of Westminster Oaks and Westminster Gardens in Tallahassee.
- DOEA has developed an online form to allow individuals or their caregivers to request MP3 Players or a therapeutic robotic cat or dog to combat social isolation and ensure seniors remain engaged during the practice of social distancing to stop the spread of COVID-19.

AMERICAN OVERSIGHT

- As of April 26, approximately 2,904 Florida National Guardsmen (FLNG) are currently deployed to support Florida's response to COVID-19.
- FLNG's has expanded its support to mobile testing teams and the community-based and walk-up test sites. To date, the FLNG has assisted in the testing of more than 84,870 individuals for the COVID-19 virus.
- FDOT is leading the coordination of DOH and the Florida Highway Patrol to implement Executive Order 20-86. To date, more than 10,800 traveler forms have been collected at the I-10 and I-95 checkpoints.
- FDOT continues to coordinate with public use airports, DOH and law enforcement to implement Executive Order 20-80. To date, more than 18,300 traveler forms have been collected at public use airports across the state.

Additional actions the state has taken to respond to COVID-19:

FLORIDA DEPARTMENT OF HEALTH

- DOH is providing a report detailing surveillance data for every Florida county. Previously, this information was only available for select communities. The surveillance data report is available here.
- The Florida Department of Health (DOH) worked with local communities to establish additional walk-up testing sites in Palm Beach, Hillsborough, Miami-Dade, Duval, Orange and Leon counties.
- At the direction of Governor DeSantis, State Surgeon General Dr. Scott Rivkees declared a Public Health Emergency for COVID-19 in Florida.
- Governor DeSantis announced that the state ordered an additional 2,500 test kits to supplement the adequate resources already available to test for COVID-19. These additional test kits will enable the Department of Health, working with Florida health care providers, to test up to an additional 625,000 individuals. The Governor also suspended non-essential in state and all out-of-state travel for state employees for 30 days.
- Established a public call center for questions regarding COVID-19. The call center launched Monday, March 2, and is open 24/7.
- Established mechanisms for monitoring and coordination with the Centers for Disease Control and Prevention (CDC) regarding epidemiological activities.
- Distributed CDC Interim Guidance for public health personnel evaluating Persons Under Investigation (PUI) and asymptomatic close contacts of confirmed cases at their home or non-home residential settings to CHDs.
- Approved and disseminated an updated Clinician Screening Tool for identifying COVID-19 PUIs.
- Implemented testing at all three State Public Health Laboratories.
- Distributed updated laboratory guidance regarding implementation of testing at State Public Health Laboratories.
- Implemented private lab testing.
- Developed and disseminated pandemic planning guidance.
- Advised CHDs and HCCs to retain expired personal protective equipment until further notice.
- Florida Department of Health is coordinating on mobile field hospital planning.
- DOH strike teams have completed assessments for 3,874 long term care facilities to determine immediate unmet needs and promote appropriate infection control practices.
- DOH strike teams have responded to long term care facilities with COVID-19 positive patients.

AMERICAN OVERSIGHT

- DOH continues to work toward increasing capabilities at drive through, walk up and mobile COVID-19 testing sites.

FLORIDA DIVISION OF EMERGENCY MANAGEMENT

- This week, the Division is making another major push of PPE, targeted to long-term care facilities and rural communities. This includes:
  - 6 million masks,
  - 2.9 million gloves
  - 500,000 face shields
  - 200,000 shoe covers
  - 60,000 containers of hand sanitizer.
- With that push, the Division will have distributed:
  - More than 14.5 million masks
  - More than 9 million gloves
  - More than 1.2 million face shields
  - More than 1 million shoe covers
  - 330 thousand gowns
  - More than 200 thousand containers of hand sanitizer
  - 49 thousand goggles
  - 38 thousand coveralls
  - 18 thousand Tyvex suits
- Find more information on DEM's response to COVID-19 here.

FLORIDA AGENCY FOR HEALTH CARE ADMINISTRATION

- On April 14, AHCA issued Emergency Order AHCA 20-002 to temporarily suspend nursing home and Intermediate Care Facility assessment payments for March 2020 to help alleviate financial burdens. This EO suspension aims to alleviate financial burdens incurred at these facilities due to COVID-19.
- The Agency for Health Care Administration (AHCA) has created new temporary Personal Care Attendant program to help long-term care facilities fill staffing shortages. The program provides an 8-hour training on assisting with direct care so that personal care attendants can temporarily perform additional duties.
- AHCA has been working with the Department of Children and Families (DCF) to ensure current Medicaid recipients maintain benefits during the state of emergency. Medicaid application deadlines have also been extended.
- AHCA has made on-site visits to more than 900 long-term care and residential facilities since the onset of the COVID-19 emergency. Additionally, AHCA has made over 5,000 telephone calls to residential providers statewide to assess infection control and prevention strategies, ensure county health department and local emergency operations center contact information are up to date, and assess supplies (specifically PPE).
- Find more information on AHCA's response to COVID-19 here.

FLORIDA DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION

- The Department of Business and Professional Regulation (DBPR) has updated its dedicated compliance complaint form to include an option for reporting vacation rental compliance concerns. The Department's Division of Hotels and Restaurants continues to monitor, review, and assign complaints received through this form for follow-up by division inspectors.
- Find more information on DBPR's response to COVID-19 here.

AMERICAN OVERSIGHT

FLORIDA DEPARTMENT OF CHILDREN AND FAMILIES

- Per the Department of Children and Families' (DCF) request, the United States Department of Agriculture (USDA) approved Florida's waiver to permit the state to launch a pilot project that will allow families to purchase groceries online with their Electronic Benefit Transfer (EBT) card. DCF will continue to work closely with the USDA and participating retailers to implement this project by April 21, 2020.
- Under Governor DeSantis' direction, DCF has temporarily increased SNAP recipients' benefit amount to the maximum monthly allotment based on household size.
- DCF worked with DOH to develop precautionary protocols for child welfare professionals and adult protective investigators who may have to make in-person visits to ensure the safety of those vulnerable populations.
- Find more information on DCF's response to COVID-19 here.

FLORIDA DEPARTMENT OF CORRECTIONS

- FDC has distributed cloth face coverings to all correctional officers and inmates at state-operated correctional facilities.
- The Florida Department of Corrections (FDC) is closely aligned with the CDC Interim Guidance on Management of COVID-19 in Correctional and Detention Facilities.
- New inmate commitments from county jails undergo additional screening and 14-day quarantine before placement within the general population.
- FDC has suspended visitation and volunteer programs at all correctional institutions statewide.
- Find more information on FDC's response to COVID-19 here.

FLORIDA DEPARTMENT OF ECONOMIC OPPORTUNITY

- Beginning April 20, the Florida Department of Economic Opportunity (DEO) will provide daily updates on the efforts made to address the challenges to Florida's Reemployment Assistance program in response to COVID-19. This includes a new State Reemployment Assistance Claims Dashboard that will be updated daily to reflect the total number of Reemployment Assistance Claims submitted, verified, processed, and paid.
- Governor DeSantis issued Executive Order 20-104 waiving the requirement for Floridians to claim their weeks for Reemployment Assistance.
- The Florida Department of Economic Opportunity (DEO) announced more than 1,000 small businesses have been awarded more than $49 million from the Florida Small Emergency Bridge Loan.
- Governor DeSantis has waived the work search and work registration requirements for individuals requesting Reemployment Assistance benefits, as well as the waiting week for receiving benefits. For more information, see the Reemployment Assistance Frequently Asked Questions.
- The Business Damage Assessment survey is activated and continues to accept surveys to assess the impact of COVID-19 on Florida's local business operations and determine the appropriate actions for recovery.
- Find more information on DEO's response to COVID-19 here.

FLORIDA DEPARTMENT OF EDUCATION

- The Department of Education's Office of Early Learning, in coordination with local early learning coalitions, has prioritized and increased access to childcare services for

AMERICAN OVERSIGHT

first responders and health care professionals by creating an expedited referral process to swiftly provide priority access.

- Florida College System institutions and private institutions across the state have donated more than 130 ventilators typically used in medical training programs to local hospitals, community medical centers and other facilities.
- Since April 1, 2020, when the Department of Education announced the waiver of certification exam fees, more than 31,000 educators have signed up to take the Florida Teacher Certification Examination using the waiver. This translates into over 62,000 actual exam registrations for a savings value of more than $8 million for Florida educators.
- Governor DeSantis and Education Commissioner Richard Corcoran have recommended extending distance learning for all Florida K-12 public and private schools through the end of the 2019-20 academic year. The Department of Education has compiled dozens of free distance learning resources on its emergency response page here.
- Governor Ron DeSantis and Education Commissioner Richard Corcoran announced that 32,614 laptop computers are being distributed to 34 mostly small, rural school districts throughout Florida and the Florida A&M University Developmental Research School.
- The Florida Department of Education (DOE) has delayed the deadline for teacher certification requirements and offered a fee waiver for testing. More than 22,000 teachers have taken advantage of the fee waiver so far.
- The Florida Virtual School has created the Online Learning Community with engaging and informative content for teachers and parents of K-12 students.
- Governor Ron DeSantis and Commissioner of Education Richard Corcoran recommended that all Florida public and private K-12 schools continue distance learning and keep school campuses closed through June 3, the remainder of the 2019-2020 academic year.
- Find more information on The Department of Education's response to COVID-19 here.

FLORIDA DEPARTMENT OF ELDER AFFAIRS

- DOEA worked with Westminster Communities of Florida to deliver over 75 hand-written cards and letters from both children and adults to residents of Westminster Oaks and Westminster Gardens in Tallahassee.
- DOEA has developed an online form to allow individuals or their caregivers to request MP3 Players or a therapeutic robotic cat or dog to combat social isolation and ensure seniors remain engaged during the practice of social distancing to stop the spread of COVID-19.
- Pursuant to Executive Order 20-52 issued by Governor DeSantis, the Department of Elder Affairs (DOEA) issued Emergency Order 20-01 on March 31 pertaining to in-person guardian visitation requirements where COVID-19 response and mitigation measures prevent such visits.
- DOEA issued guidance for Emergency Order 20-01 on March 31 for Public and Professional Guardians to remain in compliance with Florida Statute 744.361(14).
- DOEA continues to provide technical assistance to Area Agencies on Aging (AAA) regarding meals, billing, data entry, shopping assistance, telephone reassurance, health and wellness programs, and the elder helpline.
- Find more information on DOEA's COVID-19 response here.

ENTERPRISE FLORIDA

- Enterprise Florida, Inc. (EFI) recently announced the suspension of initial fees for its Microfinance Loan Guarantee Program to support Florida's small business community

The State of Florida Issues COVID-19 Updates

TALLAHASSEE, Fla. - The State of Florida is responding to COVID-19. In an effort to keep Florida residents and visitors safe and aware regarding the status of the virus, the Florida Department of Health will issue this update every day, seven days per week.

Governor Ron DeSantis is in constant communication with Florida Division of Emergency Management Director Jared Moskowitz and State Surgeon General Dr. Scott Rivkees as the State of Florida continues to monitor and respond to the threat of COVID-19.
Today, Governor DeSantis convened the following of the Re-Open Florida Task Force meetings:

- Executive Committee;
- Industry Working Group on Agriculture, Finance, Government, Healthcare, Management, and Professional Services;
- Industry Working Group on Accommodation, Food, Tourism, Construction, Real Estate, Recreation, Retail, and Transportation; and
- Industry Working Group on Administrative, Education, Information & Technology, Manufacturing, Utilities, and Wholesale Industries.

Recent actions the state has taken to respond to COVID-19:

- The Florida Department of Health (DOH) worked with local communities to establish additional walk-up testing sites in Palm Beach, Hillsborough, Miami-Dade, Duval, Orange and Leon counties.
- Florida Department of Elder Affairs Secretary Richard Prudom participated in a call with Administration for Community Living (ACL) Assistant Secretary Lance Robertson and leadership from all State Units on Aging (SUA) as members shared information and best practices for the Aging Network throughout the country.
- The Florida National Guard (FLNG) expanded its support to mobile testing teams and community-based and walk-up test sites. To date, the FLNG has assisted in the testing of more than 72,570 individuals for the COVID-19 virus.

COVID-19_Website.docx

Good Evening,

As Florida continues to work to fight the spread of COVID-19, the Department of Health recently launched a new public website, *StrongerThanC-19*. The website is a community action survey designed for Florida residents to anonymously answer a brief series of questions which the Department will use to help inform and improve the state's response to COVID-19. Each Floridian is being called upon to do their part to help slow the spread of COVID-19 in Florida by spending two minutes answering the community action survey questions. Once completed, users will receive guidance on prevention practices, testing, and vulnerable populations.

Take the survey now, then ask your family, friends, colleagues, and constituents to take the survey too >> www.strongerthanc19.com.

Thank you for your support of this initiative. Everyone has a role to play in helping us flatten the curve in Florida. If we all work together, we can slow the spread.

Thank you,

Stephanie

Florida Department of Health Updates New COVID-19 Cases, Announces Nineteen Deaths Related to COVID-19, Morning Update

~9,248 positive cases in Florida residents and 337 positive cases in non-Florida residents~

TALLAHASSEE —To keep Florida residents and visitors safe, informed and aware about the status of the virus, the Florida Department of Health has launched a COVID-19 dashboard that will be updated twice daily. Today, as of 11 a.m., there are 9,585 total** Florida cases.
While Florida's testing has increased over the past week, the percent of those testing positive for COVID-19 overall is 10 percent. Of the 13,803 tests performed on April 2, there were 1,505 positive results, or 11 percent.
Nineteen people have died who tested positive for COVID-19 in Broward, Charlotte, Dade, Highlands, Lee, Monroe, Orange, Palm Beach, Pinellas and Putnam counties.
New Florida cases include:

- 577 additional positive COVID-19 cases (554 Florida residents and 23 non-Florida residents) reported to the Florida Department of Health.
- There are currently 9,248 positive cases in Florida residents and 337 positive cases in non-Florida residents.

Florida recently partnered with private laboratories around the state to expand COVID-19 laboratory testing capacity. This partnership will increase the number of tests conducted each day and ensure Floridians receive the critical health information they need in a timely manner.

Expansion to private laboratories changes the COVID-19 testing landscape in Florida. Private laboratories are running tests as they receive swab samples from practitioners. Testing and reporting times vary among commercial and DOH laboratories. Demographic information may be updated during investigations. These twice daily reports reflect the state's efforts to accurately and transparently share information.

More information on a case-by-case basis can also be found here.

The State of Florida Issues COVID-19 Updates

TALLAHASSEE, Fla. - The State of Florida is responding to COVID-19. In an effort to keep Florida residents and visitors safe and aware regarding the status of the virus, the Florida Department of Health will issue this update every day, seven days per week.
Governor Ron DeSantis is in constant communication with Florida Division of Emergency Management Director Jared Moskowitz and State Surgeon General Dr. Scott Rivkees as the State of Florida continues to monitor and respond to the threat of COVID-19.

Today at the Florida Capitol in Tallahassee, Governor DeSantis announced additional efforts in the state's response to COVID-19:

- Governor DeSantis issued Executive Order 20-91 requiring all persons in Florida to limit their movements and personal interactions outside of their home to only those necessary to obtain or provide essential services or conduct essential activities for 30 days.
- This order was issued after consultation with federal officials and in accordance with the recent 30-day extension of national social distancing guidelines for curbing the spread of COVID-19. The order will go into effect midnight Friday, April 3, 2020.
- Governor DeSantis directed the Florida Department of Transportation to accelerate transportation projects in Miami-Dade, Tampa, and Orlando areas by 4 to 6 weeks to assist Florida's economy.

Actions the state has taken to respond to COVID-19:

DEPARTMENT OF HEALTH

- At the direction of Governor DeSantis, State Surgeon General Dr. Scott Rivkees declared a Public Health Emergency for COVID-19 in Florida.
- Governor DeSantis announced that the State ordered an additional 2,500 test kits to supplement the adequate resources already available to test for COVID-19. These additional test kits will enable the Department of Health, working with Florida health care providers, to test up to an additional 625,000 individuals. The Governor also

suspended non-essential in state and all out-of-state travel for state employees for 30 days.

- Established an Incident Management Team to coordinate response operations.
- Defined a high-level phased response strategy for COVID-19.
- Activated a dedicated incident command post for on-site response activities.
- Conducted three public health and health care stakeholder conference calls to provide statewide updates on the current outbreak situation, response actions and guidance for pandemic planning. Over five hundred participants joined the calls.
- Established a public call center for questions regarding COVID-19. The call center launched Monday, March 2 and is open 24/7.
- Developed and distributed COVID-19 presentation materials to County Health Departments (CHD) for use at community meetings.
- Activated the Joint Information Center in coordination with the Division of Emergency Management.
- Developed and implemented protocols for investigation, surveillance and monitoring for COVID-19 to rapidly detect and contain cases.
- Established mechanisms for monitoring and coordination with the Centers for Disease Control and Prevention (CDC) regarding epidemiological activities.
- Distributed CDC Interim Guidance for public health personnel evaluating Persons Under Investigation (PUI) and asymptomatic close contacts of confirmed cases at their home or non-home residential settings to CHDs.
- Approved and disseminated an updated Clinician Screening Tool for identifying COVID-19 PUIs.
- Implemented testing at all three State Public Health Laboratories.
- Distributed updated CDC guidance for schools to CHDs and the Department of Education.
- Distributed updated laboratory guidance regarding implementation of testing at State Public Health Laboratories.
- Developing a laboratory surge plan.
- Identifying and monitoring close contacts of presumptive cases. Any close contacts with symptoms will be tested.
- Implemented private lab testing.
- Developed and disseminated pandemic planning guidance.
- Advised CHDs and HCCs to retain expired personal protective equipment until further until further notice.
- Developing infographics for first responders (fire, law enforcement and EMS) regarding infection control and personal protection for COVID-19.
- At the Governor's direction, a public-private partnership has been put in place between Memorial Healthcare in Broward and the National Guard to set up a mobile testing unit.
- At the direction of Governor DeSantis hiring additional epidemiologists from university health programs to help with workload.
- Governor DeSantis directed the Agency for Health Care Administration (AHCA) to extend all existing nursing home and assisted living facility licenses for 90 days to remove distraction from patient care.
- Launched an interactive data tracking dashboard on floridahealthcovid19.gov that is updated twice daily.
- Developing protocols for County Health Departments in the protection of their staff and clinic activities through the development of safety and health guidance.
- Continue to have daily hospital calls and began having daily calls with the aging and vulnerable population groups.
- Continue to coordinate efforts for obtaining lab testing supplies.

monitor, review, and assign complaints received through this form for follow-up by division inspectors.
- Find more information on DBPR's response to COVID-19 here.

DEPARTMENT OF CHILDREN AND FAMILIES

- DCF worked with DOH to develop precautionary protocols for child welfare professionals and adult protective investigators who may have to make in-person visits to ensure the safety of those vulnerable populations.
- Under Governor DeSantis' Direction, DCF temporarily increased SNAP recipients' benefit amount to the maximum monthly allotment based on household size.
- Find more information on DCF's response to COVID-19 here.

FLORIDA DEPARTMENT OF CORRECTIONS

- FDC is aligning operations with the CDC Interim Guidance on Management of COVID-19 in Correctional and Detention Facilities.
- New inmate commitments from county jails will undergo additional screening and 14-day quarantine before placement within the general population.
- FDC has suspended visitation and volunteer programs at all correctional institutions statewide through April 5, 2020.
- Outside inmate work squads have been restricted.
- Find more information on FDC's response to COVID-19 here.

DEPARTMENT OF ECONOMIC OPPORTUNITY

- DEO recently announced $100 million of additional funds available to local governments in communities impacted by Hurricane Irma through the Rebuild Florida Infrastructure Repair Program. Local governments may apply individually or as a regional group for funding. Funding can also be used as leverage to match funding for other federal programs to carry out eligible, federal CDBG-DR infrastructure activity. The deadline to complete an application is June 30, 2020. For more information about the program, including how to complete an application, visit the Rebuild Florida Infrastructure Repair Program's webpage.
- Governor DeSantis waived the work search and work registration requirements for individuals requesting Reemployment Assistance benefits. Individuals filing an application in CONNECT, the online Reemployment Assistance application, for benefits from March 15, 2020 until May 2, 2020, will not be required to complete the work registration in Employ Florida. For additional questions about Reemployment Assistance, please visit the Frequently Asked Questions.
- Florida's 24 local workforce development boards are available to provide career and business services remotely, with services and technology varying by location. For more information, visit careersourceflorida.com.
- Governor DeSantis' request to the federal U.S. Small Business Administration to make the Economic Injury Disaster Loan program available for Florida's small businesses impacted by COVID-19 has been granted. Small businesses are eligible to apply for the SBA Economic Injury Disaster Loans that offer up to $2 million in economic assistance to help small businesses overcome the temporary loss of revenue resulting from COVID-19.
- The Business Damage Assessment survey is activated to assess the impact of COVID-19 on Florida's local business operations. The survey, managed by DEO, will evaluate businesses affected by COVID-19 and the impacts the virus has had on the local economy so actions to implement appropriate relief programs can begin. The survey can be taken online here.

AMERICAN OVERSIGHT

DEPARTMENT OF MILITARY AFFAIRS

- There are 1,478 Florida National Guardsmen activated in support of COVID-19.
- The Florida National Guard (FLNG) continues to support the State's COVID-19 response through operational support of Community Based Testing Sites (CBTS), augmentation to airport screening measures, statewide logistics support, coordination, planning and operational mission sets. The Florida National Guard supports CBTS in Broward, Miami/Hard Rock Stadium, Orange County, Miami-Dade/Marlins Park and Palm Beach County continued sampling operations.
- The Florida National Guard continues to support the Florida Dept. of Health and airport authorities in application of the Governor's order to conduct screenings at airports in Miami, Ft. Lauderdale, Tampa, Orlando, Jacksonville, Palm Beach International and Ft. Myers. These missions will support the Governor's recent travel ban guidance in an attempt to significantly reduce the number of infected individuals entering the State from areas with a high amount of community spread. Department of Health continues to supply the required PPE enabling FLNG to conduct this support requirement.
- The Florida National Guard has activated our medical professionals, Army Combat Medic Specialists and Air Force Medical Technicians in support of the Florida Department of Health's (DOH) Community Based Testing Sites. Our Guardsmen have reported in and formed Task Force Medical.
- The Florida National Guard has activated Guardsmen to augment the State Logistics Readiness Center (SLRC), the State's Logistics Branch, as well as facilitate statewide logistics needs of the Florida National Guard formations on mission. The FLNG support to the SLRC remains at 24-hours-a- day operations. Logistics professionals continue to support the State's Emergency Operations Centers as well as sustaining the mobilized FLNG personnel. Additional guidance has been issued for twice daily screenings and temperature checks to FLNG Service Members performing duties at the SLRC.
- The Florida National Guard has activated Guardsmen to augment the State Emergency Operations Center and local emergency management offices across the state.
- Find more information on DMA's response to COVID-19 here.

AGENCY FOR PERSONS WITH DISABILITIES

- APD licensed group homes in Broward County will be receiving assistance from the Broward County Health Department this week. The Health Department will be providing masks for both the staff and the residents of the group homes as a precaution to prevent the possible spread of COVID-19.

Florida Department of Health Updates New COVID-19 Cases, Announces Two Deaths Related to COVID-19, Morning Update

~6,693 positive cases in Florida residents and 261 positive cases in non-Florida residents~

TALLAHASSEE —To keep Florida residents and visitors safe, informed and aware about the status of the virus, the Florida Department of Health has launched a COVID-19 dashboard that will be updated twice daily. Today, as of 11 a.m., there are 6,954 total** Florida cases.
While Florida's testing has increased over the past week, the percent of those testing positive for COVID-19 overall is 10 percent. Of the 8,853 tests performed on March 31, there were 1,062 positive results, or 12 percent.
Two people have died who tested positive for COVID-19 in Palm Beach County.
New Florida cases include:

- 213 additional positive COVID-19 cases (203 Florida residents and 10 non-Florida residents) reported to the Florida Department of Health.
- There are currently 6,693 positive cases in Florida residents and 261 positive cases in non-Florida residents.

Florida recently partnered with private laboratories around the state to expand COVID-19 laboratory testing capacity. This partnership will increase the number of tests conducted each day and ensure Floridians receive the critical health information they need in a timely manner.

Expansion to private laboratories changes the COVID-19 testing landscape in Florida. Private laboratories are running tests as they receive swab samples from practitioners. Testing and reporting times vary among commercial and DOH laboratories. Demographic information may be updated during investigations. These twice daily reports reflect the state's efforts to accurately and transparently share information.

More information on a case-by-case basis can also be found here.

Good afternoon:
Today, Governor Ron DeSantis issued Executive Order 20-91, requiring all persons in Florida to limit their movements and personal interactions outside of their home to only those necessary to obtain or provide essential services or conduct essential activities..
A PDF copy of the Executive Order is attached to this email and provided below.
Sincerely,
Helen Aguirre Ferré
Director of Communications
Governor Ron DeSantis

STATE OF FLORIDA
OFFICE OF THE GOVERNOR
EXECUTIVE ORDER NUMBER 20-91
(Essential Services and Activities During COVID-19 Emergency)

WHEREAS, on March 1, 2020, I issued Executive Order 20-51 directing the Florida Department of Health to issue a Public Health Emergency; and

WHEREAS, on March 1, 2020, the State Surgeon General and State Health Officer declared a Public Health Emergency exists in the State of Florida as a result of COVID-19; and

WHEREAS, on March 9, 2020, I issued Executive Order 20-52 declaring a state of emergency for the entire State of Florida as a result of COVID-19; and

WHEREAS, on March 16, 2020, President Donald J. Trump and the Centers for Disease Control and Prevention ("CDC") issued the "15 Days to Slow the Spread" guidance

AMERICAN OVERSIGHT

FL-ORANGE-20-1072-B-002995

advising individuals to adopt far-reaching social distancing measures, such as avoiding gatherings of more than 10 people, and in states with evidence of community spread, recommending restrictions to certain establishments conducive to mass gatherings and congregations; and

- **WHEREAS,** extended such guidance to be in effect until April 30, 2020; and

WHEREAS, on March 31, 2020, the President updated the guidance, renaming it "30 Days to Slow the Spread", and along with the White House Coronavirus Task Force urged Americans to continue to adhere to the guidelines and expand community mitigation efforts; and

WHEREAS, the majority of individuals in Florida that have tested positive for COVID-19 have been concentrated in its southeastern counties and other urban cores; and

WHEREAS, positive cases of COVID-19 have continued to rise in other states in close proximity to Florida, resulting in increased risk to counties in northern Florida; and

WHEREAS, many thousands of people fled the New York City region to Florida following New York State issuing a "shelter-in-place" order, thereby jeopardizing the health and safety of Floridians; and

WHEREAS, on March 23, 2020, I issued Executive Order 20-80, requiring all individuals that fly into Florida from states with substantial community spread to self-isolate in Florida for 14 days or the duration of their trip, whichever is shorter; and

WHEREAS, on March 27, 2020, I issued Executive Order 20-86, requiring all individuals that drive into Florida from states with substantial community spread to self-isolate in Florida for 14 days or the duration of their trip, whichever is shorter; and

WHEREAS, persistent interstate travel continues to pose a risk to the entire state of Florida; and

WHEREAS, on March 24, 2020, I issued Executive Order 20-83, directing the State Surgeon General and State Health Officer to issue a public health advisory urging the public to avoid all social or recreational gatherings of 10 or more people and urging those who can work remotely to do so; and

AMERICAN OVERSIGHT

WHEREAS, it is necessary and appropriate to take action to ensure that the spread of COVID-19 is slowed, and that residents and visitors in Florida remain safe and secure.

NOW, THEREFORE, I, RON DESANTIS, as Governor of Florida, by virtue of the authority vested in me by Article IV, Section (I)(a) of the Florida Constitution, Chapter 252, Florida Statutes, and all other applicable laws, promulgate the following Executive Order to take immediate effect:

Section 1. Safer At Home

- Senior citizens and individuals with a significant underlying medical condition (such as chronic lung disease, moderate-to-severe asthma, serious heart conditions, immunocompromised status, cancer, diabetes, severe obesity, renal failure and liver disease) shall stay at home and take all measures to limit the risk of exposure to COVID-19.
- In concert with the efforts of President Trump and the White House Coronavirus Task Force to fight COVID-19, and based on guidance provided by Florida Surgeon General and State Health Officer, Dr. Scott Rivkees, all persons in Florida shall limit their movements and personal interactions outside of their home to only those necessary to obtain or provide essential services or conduct essential activities.

Section 2. Essential Services

- For purposes of this Order and the conduct it limits, "essential services" means and encompasses the list detailed by the U.S. Department of Homeland Security in its Guidance on the Essential Critical Infrastructure Workforce, v. 2 (March 28, 2020) (attached) and any subsequent lists published.
- Essential services also include those businesses and activities designated by Executive Order 20-89 and its attachment which consists of a list propounded by Miami-Dade County in multiple orders.
- Other essential services may be added under this Order with the approval of the State Coordinating Officer, in close coordination with the State Health Officer. The State Coordinating Officer shall maintain an online list of essential services, as specified in this Order along with any approved additions. The online list shall be available on the Division of Emergency Management's website at www.floridadisaster.org and the Florida Department of Health's website at www.floridahealth.gov.
- Nothing in this order prohibits individuals from working from home; indeed, this Order encourages individuals to work from home.
- All businesses or organizations are encouraged to provide delivery, carry-out or curbside service outside of the business or organization, of orders placed online or via telephone, to the greatest extent practicable.

Section 3. Essential Activities

- For purposes of this Order and the conduct it limits, "essential activities" means and encompasses the following:

AMERICAN OVERSIGHT

FL-ORANGE-20-1072-B-002997

i. Attending religious services conducted in churches, synagogues and houses of worship; and
ii. Participating in recreational activities (consistent with social distancing guidelines) such as walking, biking, hiking, fishing, hunting, running, or swimming; and
iii. Taking care of pets; and
iv. Caring for or otherwise assisting a loved one or friend.

- Other essential activities may be added to this list with the approval of the State Coordinating Officer, in close coordination with the State Health Officer. The State Coordinating Officer shall maintain an online list of essential activities, as specified in this Order along with any approved additions.
- A social gathering in a public space is not an essential activity. Local jurisdictions shall ensure that groups of people greater than ten are not permitted to congregate in any public space.

Section 4. Local Orders in Response to COVID-19

This Order shall supersede any conflicting official action or order issued by local officials in response to COVID-19 but only to the extent that such action or order allows essential services or essential activities prohibited by this Executive Order.

Section 5. Previous Executive Orders

This Executive Order does not supersede any Executive Order related to COVID-19.

Section 6. Effective Date and Expiration Date

This Order is effective 12:01 a.m. on April 3, 2020. This Order shall expire on April 30, 2020 unless extended by subsequent order. Executive Order 20-68 (bars, restaurants) and Executive Order 20-71 (alcohol sales, restaurants) shall remain in effect through the duration of Executive Order 20-52, including any extensions.

The State of Florida Issues COVID-19 Updates

TALLAHASSEE, Fla. - The State of Florida is responding to COVID-19. In an effort to keep Florida residents and visitors safe and aware regarding the status of the virus, the Florida Department of Health will issue this update every day, seven days per week.
Governor Ron DeSantis is in constant communication with Florida Division of Emergency Management Director Jared Moskowitz and State Surgeon General Dr. Scott Rivkees as the State of Florida continues to monitor and respond to the threat of COVID-19.

Today, Governor Ron DeSantis held a press conference at the Florida State Capitol where he provided updates on Florida response to mitigate the spread of COVID-19. Full Press Conference can be found **HERE**.

Actions the state has taken to respond to COVID-19:

DEPARTMENT OF HEALTH

- At the direction of Governor DeSantis, State Surgeon General Dr. Scott Rivkees declared a Public Health Emergency for COVID-19 in Florida.
- Governor DeSantis announced that the State ordered an additional 2,500 test kits to supplement the adequate resources already available to test for COVID-19. These additional test kits will enable the Department of Health, working with Florida health care providers, to test up to an additional 625,000 individuals. The Governor also suspended non-essential in state and all out-of-state travel for state employees for 30 days.
- Established an Incident Management Team to coordinate response operations.
- Defined a high-level phased response strategy for COVID-19.
- Activated a dedicated incident command post for on-site response activities.
- Conducted three public health and health care stakeholder conference calls to provide statewide updates on the current outbreak situation, response actions and guidance for pandemic planning. Over five hundred participants joined the calls.
- Established a public call center for questions regarding COVID-19. The call center launched Monday, March 2 and is open 24/7.

AMERICAN OVERSIGHT

FL-ORANGE-20-1072-B-002999

- Developed and distributed COVID-19 presentation materials to County Health Departments (CHD) for use at community meetings.
- Activated the Joint Information Center in coordination with the Division of Emergency Management.
- Developed and implemented protocols for investigation, surveillance and monitoring for COVID-19 to rapidly detect and contain cases.
- Established mechanisms for monitoring and coordination with the Centers for Disease Control and Prevention (CDC) regarding epidemiological activities.
- Distributed CDC Interim Guidance for public health personnel evaluating Persons Under Investigation (PUI) and asymptomatic close contacts of confirmed cases at their home or non-home residential settings to CHDs.
- Approved and disseminated an updated Clinician Screening Tool for identifying COVID-19 PUIs.
- Implemented testing at all three State Public Health Laboratories.
- Distributed updated CDC guidance for schools to CHDs and the Department of Education.
- Distributed updated laboratory guidance regarding implementation of testing at State Public Health Laboratories.
- Developing a laboratory surge plan.
- Identifying and monitoring close contacts of presumptive cases. Any close contacts with symptoms will be tested.
- Implemented private lab testing.
- Developed and disseminated pandemic planning guidance.
- Advised CHDs and HCCs to retain expired personal protective equipment until further until further notice.
- Developing infographics for first responders (fire, law enforcement and EMS) regarding infection control and personal protection for COVID-19.
- At the Governor's direction, a public-private partnership has been put in place between Memorial Healthcare in Broward and the National Guard to set up a mobile testing unit.
- At the direction of Governor DeSantis hiring additional epidemiologists from university health programs to help with workload.
- Governor DeSantis directed the Agency for Health Care Administration (AHCA) to extend all existing nursing home and assisted living facility licenses for 90 days to remove distraction from patient care.
- Launched an interactive data tracking dashboard on floridahealthcovid19.gov that is updated twice daily.
- Developing protocols for County Health Departments in the protection of their staff and clinic activities through the development of safety and health guidance.
- Continue to have daily hospital calls and began having daily calls with the aging and vulnerable population groups.
- Continue to coordinate efforts for obtaining lab testing supplies.

DIVISION OF EMERGENCY MANAGEMENT

- To support communities responding to COVID-19, Governor DeSantis has directed FDEM Director Jared Moskowitz to expedite the delivery of more than $170 million in Hurricane Irma reimbursements to cities, counties and hospital districts that have now reached the 50-percent auditing threshold to receive funds.
- After conducting a thorough assessment of needs, Director Moskowitz has requested the following supplies through Direct Federal Assistance. Supplies are being delivered on a rolling basis, and inventory is being distributed throughout the state 24 hours a day.
    - 5 mobile intensive care units

AMERICAN OVERSIGHT

- 5,000 ventilators
- 5,000 hospital beds
- 50,000 two oz. bottles of hand sanitizer
- 250,000 coveralls
- 500,000 gloves

AGENCY FOR HEALTH CARE ADMINISTRATION

- To address the ability of facilities to hire staff at this critical time and recognizing the inability to obtain timely fingerprints for background screening, AHCA has issued Emergency Order No. 20-001 establishing guidelines for health care providers, Medicaid providers, and health care contractors to conduct background screenings to prevent staff shortages during this emergency.
- Secretary Mayhew is working directly with hospitals and large health systems to identify potential vacant wings or buildings to provide additional hospital inpatient capacity should it become necessary.
- AHCA will be granting a 90-day extension to all licenses for health care providers and regulated facilities.
- AHCA is distributing information regarding regulatory flexibilities created by waivers from the Centers for Medicare and Medicaid Services (CMS) related to skilled nursing facilities, critical access hospitals, home health agencies, durable medical equipment, provider enrollment, etc.
- Find more information on ACHA's response to COVID-19 here.

FLORIDA DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION

- DBPR has updated the dedicated webpage for filing complaints related to compliance with executive orders related to department stakeholders. The page, available at http://www.myfloridalicense.com/DBPR/eo-complaints/ now provides a field for reporting compliance concerns related to vacation rentals as restricted by Executive Order 20-87. The Department's Division of Hotels and Restaurants continues to monitor, review, and assign complaints received through this form for follow-up by division inspectors.
- Find more information on DBPR's response to COVID-19 here.

DEPARTMENT OF CHILDREN AND FAMILIES

- DCF is working with DOH to develop precautionary protocols for child welfare professionals and adult protective investigators who may have to make in-person visits to ensure the safety of those vulnerable populations.
- To ensure Floridians can safely access SNAP, TANF, and Medicaid benefits, DCF has implemented a six-month recertification extension for those scheduled to recertify in April or May 2020.
- Find more information on DCF's response to COVID-19 here.

FLORIDA DEPARTMENT OF CORRECTIONS

AMERICAN OVERSIGHT

- FDC is aligning operations with the CDC Interim Guidance on Management of COVID-19 in Correctional and Detention Facilities.
- New inmate commitments from county jails have been temporarily restricted.
- Anyone entering a correctional institution will be screened in accordance with CDC and Department guidelines.
- FDC has suspended visitation and volunteer programs at all correctional institutions statewide through April 5, 2020.
- Outside inmate work squads have been restricted.
- Find more information on FDC's response to COVID-19 here.

DEPARTMENT OF ECONOMIC OPPORTUNITY

- Florida Department of Economic Opportunity (DEO) recently announced $100 million of additional funds available to local governments in communities impacted by Hurricane Irma through the Rebuild Florida Infrastructure Repair Program. Local governments may apply individually or as a regional group for funding. Funding can also be used as leverage to match funding for other federal programs to carry out eligible, federal CDBG-DR infrastructure activity. The deadline to complete an application is June 30, 2020. For more information about the program, including how to complete an application, visit the Rebuild Florida Infrastructure Repair Program's webpage.
- Governor DeSantis waived the work search and work registration requirements for individuals requesting Reemployment Assistance benefits. Individuals filing an application in CONNECT, the online Reemployment Assistance application, for benefits from March 15, 2020 until May 2, 2020, will not be required to complete the work registration in Employ Florida. For additional questions about Reemployment Assistance, please visit the Frequently Asked Questions.
- Florida's 24 local workforce development boards are available to provide career and business services remotely, with services and technology varying by location. For more information, visit careersourceflorida.com.
- Governor DeSantis' request to the federal U.S. Small Business Administration to make the Economic Injury Disaster Loan program available for Florida's small businesses impacted by COVID-19 has been granted. Small businesses are eligible to apply for the SBA Economic Injury Disaster Loans that offer up to $2 million in economic assistance to help small businesses overcome the temporary loss of revenue resulting from COVID-19.
- The Business Damage Assessment survey is activated to assess the impact of COVID-19 on Florida's local business operations. The survey, managed by DEO, will evaluate businesses affected by COVID-19 and the impacts the virus has had on the local economy so actions to implement appropriate relief programs can begin. The survey can be taken online here.
- Find more information on DEO's response to COVID-19 here.

FLORIDA DEPARTMENT OF EDUCATION

- DOE created a website that consolidates hundreds of free resources for teachers, parents, and students as they transition to distance learning. It includes best practices for distance learning, frequently asked questions, guidance from the department, and resources in Spanish. It can be found here.
- To support students with identified IEP-related services who may have a disruption in services, school districts are given flexibility for the remainder of the school year to provide alternative services or delay services until later in the summer months, in coordination with a student's parents and IEP team.

AMERICAN OVERSIGHT

The State of Florida Issues COVID-19 Updates

TALLAHASSEE, Fla. - The State of Florida is responding to COVID-19. In an effort to keep Florida residents and visitors safe and aware regarding the status of the virus, the Florida Department of Health will issue this update every day, seven days per week.

Governor Ron DeSantis is in constant communication with Florida Division of Emergency Management Director Jared Moskowitz and State Surgeon General Dr. Scott Rivkees as the State of Florida continues to monitor and respond to the threat of COVID-19.
Today, Governor Ron DeSantis announced that the Florida Department of Transportation (FDOT) is expediting significant portions of the I-4 Ultimate project in Orlando as part of the Governor's plan to accelerate transportation projects throughout the state. With the ability to increase lane closures and extend work hours due to the reduction in traffic from the COVID-19 crisis, FDOT plans to complete segments of the westbound general use lanes and their connection to the SR 408 interchange by Summer 2020, which is 1-2 months earlier than planned.
The $2.3 billion I-4 Ultimate project involves reconstructing 21 miles of I-4 from west of Kirkman Road to east of State Road 434 in Longwood. The specific segments of the $2.3 billion I-4 Ultimate project that will be accelerated include:

- Segments of Westbound I-4 through downtown Orlando.
- Portions of the SR 408 interchange.

Recent actions the State has taken to respond to COVID-19:

- The Florida Department of Economic Opportunity (DEO) announced more than 1,000 small businesses have been awarded more than $49 million from the Florida Small Business Emergency Bridge Loan.
- The Department of Elder Affairs (DOEA) collected data from all Area Agencies on Aging (AAA) and confirmed the total number of meals now being delivered to seniors and disabled adults is 190,000 meals per day. The number of meals delivered pre-COVID-19 was 45,000 per day.

AMERICAN OVERSIGHT

- FDOT is expediting significant portions of the I-4 Ultimate project in Orlando as part of the Governor's plan to accelerate transportation projects throughout the state. Find more information about FDOT's accelerated projects here.
- FDOT is leading the coordination of DOH and the Florida Highway Patrol to implement Executive Order 20-86. To date, more than 4,800 traveler forms have been collected at the I-10 and I-95 checkpoints.
- FDOT continues to coordinate with public use airports, DOH and law enforcement to implement Executive Order 20-80. To date, more than 12,700 traveler forms have been collected at public use airports across the state.

Additional actions the State has taken to respond to COVID-19:

FLORIDA DEPARTMENT OF HEALTH

- At the direction of Governor DeSantis, State Surgeon General Dr. Scott Rivkees declared a Public Health Emergency for COVID-19 in Florida.
- Governor DeSantis announced that the State ordered an additional 2,500 test kits to supplement the adequate resources already available to test for COVID-19. These additional test kits will enable the Department of Health, working with Florida health care providers, to test up to an additional 625,000 individuals. The Governor also suspended non-essential in state and all out-of-state travel for state employees for 30 days.
- Established a public call center for questions regarding COVID-19. The call center launched Monday, March 2, and is open 24/7.
- Established mechanisms for monitoring and coordination with the Centers for Disease Control and Prevention (CDC) regarding epidemiological activities.
- Distributed CDC Interim Guidance for public health personnel evaluating Persons Under Investigation (PUI) and asymptomatic close contacts of confirmed cases at their home or non-home residential settings to CHDs.
- Approved and disseminated an updated Clinician Screening Tool for identifying COVID-19 PUIs.
- Implemented testing at all three State Public Health Laboratories.
- Distributed updated laboratory guidance regarding implementation of testing at State Public Health Laboratories.
- Implemented private lab testing.
- Developed and disseminated pandemic planning guidance.
- Advised CHDs and HCCs to retain expired personal protective equipment until further notice.
- Florida Department of Health is coordinating on mobile field hospital planning.

FLORIDA DIVISION OF EMERGENCY MANAGEMENT

- This week, the Florida Division of Emergency Management made an unprecedented push of PPE to first responders and health care workers. This includes:
    - 2 million masks,
    - 300,000 face shields,
    - More than 50,000 containers of hand sanitizer,
    - 500,000 shoe covers,
    - More than 100,000 gowns, and
    - 350,000 gloves.
- With this week's push, the department will have sent out:
    - **2 million** masks, including N-95, procedure and surgical masks
    - **More than 500,000** face shields
    - **75 million** gloves

Florida Department of Health Updates New COVID-19 Cases, Announces Nineteen Deaths Related to COVID-19, Morning Update
~17,961 positive cases in Florida residents and 533 positive cases in non-Florida residents~

TALLAHASSEE — To keep Florida residents and visitors safe, informed and aware about the status of the virus, the Florida Department of Health has launched a COVID-19 dashboard that will be updated twice daily. We also encourage all Floridians to take the COVID-19 Community Action Survey by visiting www.StrongerThanC19.com.
Today, as of 11 a.m., there are 18,494 total** Florida cases.
While Florida's testing has increased over the past week, the percent of those testing positive for COVID-19 overall is 11 percent. Of the 10,622 tests performed on April 10, there were 1,401 positive results, or 13 percent.
Nineteen people have died who tested positive for COVID-19 in Broward, Collier, Dade, Hillsborough, Lake, Orange, Palm Beach and Sarasota counties.
New Florida cases include:

- 526 additional positive COVID-19 cases (513 Florida residents and 13 non-Florida residents) reported to the Florida Department of Health.
- There are currently 17,961 positive cases in Florida residents and 533 positive cases in non-Florida residents.

Florida recently partnered with private laboratories around the state to expand COVID-19 laboratory testing capacity. This partnership will increase the number of tests conducted each day and ensure Floridians receive the critical health information they need in a timely manner.

Expansion to private laboratories changes the COVID-19 testing landscape in Florida. Private laboratories are running tests as they receive swab samples from practitioners. Testing and reporting times vary among commercial and DOH laboratories. Demographic information may be updated during investigations. These twice daily reports reflect the state's efforts to accurately and transparently share information.

The State of Florida Issues COVID-19 Updates

TALLAHASSEE, Fla. - The State of Florida is responding to COVID-19. In an effort to keep Florida residents and visitors safe and aware regarding the status of the virus, the Florida Department of Health will issue this update every day, seven days per week.

Governor Ron DeSantis is in constant communication with Florida Division of Emergency Management Director Jared Moskowitz and State Surgeon General Dr. Scott Rivkees as the State of Florida continues to monitor and respond to the threat of COVID-19.

Today, Governor Ron DeSantis announced that, beginning Monday, April 13, three state-run COVID-19 testing sites will have increased capacity and expanded testing criteria. Sites will now support testing beyond the original federally mandated limit of 250 tests per day. Additionally, testing criteria will be expanded to include the following:

- Anyone with symptoms, regardless of age.
- All first responders and health care workers, including any staff members of long-term care facilities.
- Anyone who believes they have been in close contact with an individual who has tested positive, even if they are not currently experiencing symptoms.

The three state-supported testing centers that will have expanded capacity beginning Monday are:

- Hard Rock Stadium in Miami
- Orange County Convention Center
- TIAA Bank Field Lot J in Jacksonville

Under the original, federal criteria, testing at these sites was limited to individuals 65 and older with symptoms and health care workers and first responders.

Florida has so far tested more than 162,000 individuals for COVID-19 – or nearly one in every 140 Floridians — and is third in the nation for the total number of tests performed.

AMERICAN OVERSIGHT

FL-ORANGE-20-1072-B-003023

Recent actions the State has taken to respond to COVID-19:

- The Florida Department of Economic Opportunity (DEO) recently announced the U.S. Housing and Urban Development's (HUD) approval of Florida's Action Plan for Mitigation, which encompasses $633 million in first-of-its-kind federal funding for disaster mitigation. DEO will be launching new Rebuild Florida mitigation programs over the next few months.
- The Agency for Persons with Disabilities (APD) issued Emergency Order 20-02 to halt new admissions or commitments to APD developmental disabilities centers and forensic facilities for thirty days. The Agency will not conduct in-person community-based competency training for thirty days. If available, remote training by telephone or other electronic means may continue.
- The Florida Department of Transportation (FDOT) is leading the coordination of DOH and the Florida Highway Patrol to implement Executive Order 20-86. To date, more than 4,500 traveler forms have been collected at the I-10 and I-95 checkpoints.
- FDOT continues to coordinate with public use airports, DOH and law enforcement to implement Executive Order 20-80. To date, more than 12,200 traveler forms have been collected at public use airports across the state.
- The Florida Department of Education (DOE) has delayed the deadline for teacher certification requirements and offered a fee waiver for testing. More than 22,000 teachers have taken advantage of the fee waiver so far.
- Governor DeSantis directed the Department of Children and Families (DCF) to request a federal waiver to permit the state to launch a pilot project that will allow Florida families to purchase groceries online with their Electronic Benefit Transfer (EBT) card.

Additional actions the State has taken to respond to COVID-19:

FLORIDA DEPARTMENT OF HEALTH

- At the direction of Governor DeSantis, State Surgeon General Dr. Scott Rivkees declared a Public Health Emergency for COVID-19 in Florida.
- Governor DeSantis announced that the State ordered an additional 2,500 test kits to supplement the adequate resources already available to test for COVID-19. These additional test kits will enable the Department of Health, working with Florida health care providers, to test up to an additional 625,000 individuals. The Governor also suspended non-essential in state and all out-of-state travel for state employees for 30 days.
- Established a public call center for questions regarding COVID-19. The call center launched Monday, March 2, and is open 24/7.
- Established mechanisms for monitoring and coordination with the Centers for Disease Control and Prevention (CDC) regarding epidemiological activities.
- Distributed CDC Interim Guidance for public health personnel evaluating Persons Under Investigation (PUI) and asymptomatic close contacts of confirmed cases at their home or non-home residential settings to CHDs.
- Approved and disseminated an updated Clinician Screening Tool for identifying COVID-19 PUIs.
- Implemented testing at all three State Public Health Laboratories.
- Distributed updated laboratory guidance regarding implementation of testing at State Public Health Laboratories.
- Implemented private lab testing.
- Developed and disseminated pandemic planning guidance.
- Advised CHDs and HCCs to retain expired personal protective equipment until further notice.

Florida Department of Health Updates New COVID-19 Cases, Announces Twenty-Nine Deaths Related to COVID-19, Evening Update

~17,448 positive cases in Florida residents and 520 positive cases in non-Florida residents~

TALLAHASSEE — To keep Florida residents and visitors safe, informed and aware about the status of the virus, the Florida Department of Health has launched a COVID-19 dashboard that will be updated twice daily. We also encourage all Floridians to take the COVID-19 Community Action Survey by visiting www.StrongerThanC19.com.
Today, as of 6 p.m., there are 17,968 total** Florida cases.
While Florida's testing has increased over the past week, the percent of those testing positive for COVID-19 overall is 11 percent. Of the 15,485 tests performed on April 8, there were 1,314 positive results, or 8 percent.
Twenty-nine people have died who tested positive for COVID-19 in Charlotte, Clay, Dade, Hillsborough, Lake, Lee, Manatee, Martin, Palm Beach, Pinellas, Santa Rosa, Sumter and Volusia counties.
New Florida cases include:

- 437 additional positive COVID-19 cases (430 Florida residents and 7 non-Florida residents) reported to the Florida Department of Health.
- There are currently 17,448 positive cases in Florida residents and 520 positive cases in non-Florida residents.

Florida recently partnered with private laboratories around the state to expand COVID-19 laboratory testing capacity. This partnership will increase the number of tests conducted each day and ensure Floridians receive the critical health information they need in a timely manner.

Expansion to private laboratories changes the COVID-19 testing landscape in Florida. Private laboratories are running tests as they receive swab samples from practitioners. Testing and reporting times vary among commercial and DOH laboratories. Demographic information may be updated during investigations. These twice daily reports reflect the state's efforts to accurately and transparently share information.

Florida Department of Health Updates New COVID-19 Cases, Announces Nineteen Deaths Related to COVID-19, Morning Update
~17,018 positive cases in Florida residents and 513 positive cases in non-Florida residents~

TALLAHASSEE — To keep Florida residents and visitors safe, informed and aware about the status of the virus, the Florida Department of Health has launched a COVID-19 dashboard that will be updated twice daily. We also encourage all Floridians to take the COVID-19 Community Action Survey by visiting www.StrongerThanC19.com.
Today, as of 11 a.m., there are 17,531 total** Florida cases.
While Florida's testing has increased over the past week, the percent of those testing positive for COVID-19 overall is 11 percent. Of the 15,485 tests performed on April 8, there were 1,315 positive results, or 8 percent.
Nineteen people have died who tested positive for COVID-19 in Broward, Dade, Hernando, Indian River, Martin, Palm Beach and Seminole counties.
New Florida cases include:

- 705 additional positive COVID-19 cases (695 Florida residents and 10 non-Florida residents) reported to the Florida Department of Health.
- There are currently 17,018 positive cases in Florida residents and 513 positive cases in non-Florida residents.

Florida recently partnered with private laboratories around the state to expand COVID-19 laboratory testing capacity. This partnership will increase the number of tests conducted each day and ensure Floridians receive the critical health information they need in a timely manner.

Expansion to private laboratories changes the COVID-19 testing landscape in Florida. Private laboratories are running tests as they receive swab samples from practitioners. Testing and reporting times vary among commercial and DOH laboratories. Demographic information may be updated during investigations. These twice daily reports reflect the state's efforts to accurately and transparently share information.

The State of Florida Issues COVID-19 Updates

TALLAHASSEE, Fla. - The State of Florida is responding to COVID-19. In an effort to keep Florida residents and visitors safe and aware regarding the status of the virus, the Florida Department of Health will issue this update every day, seven days per week.

Governor Ron DeSantis is in constant communication with Florida Division of Emergency Management Director Jared Moskowitz and State Surgeon General Dr. Scott Rivkees as the State of Florida continues to monitor and respond to the threat of COVID-19.

Today at the Florida Capitol in Tallahassee, Governor DeSantis hosted a roundtable with education leaders to discuss the future of Florida's online learning platforms as part of the COVID-19 response.

Recent actions the State has taken to respond to COVID-19:

- Today, the Florida Division of Emergency Management made an unprecedented push of personal protective equipment (PPE) to first responders and health care workers. This includes:
  - 2 million masks,
  - 300,000 face shields,
  - More than 50,000 containers of hand sanitizer,
  - 500,000 shoe covers,
  - More than 100,000 gowns, and
  - 350,000 gloves.
- With today's push, the Division has sent out:
  - **2 million** masks, including N-95, procedure and surgical masks
  - **More than 500,000** face shields
  - **75 million** gloves
  - **275,000** gowns
- Governor Ron DeSantis issued Executive Order 20-97, delaying elections in Pasco County at the request of Pasco County Supervisor of Elections Brian Corley.
- VISIT FLORIDA hosted a webinar with Key Data Dashboard that provided an in-depth look at trends in vacation rental booking activity, occupancy, and rates going forward.

AMERICAN OVERSIGHT

The webinar recording is available for on-demand access at VISIT FLORIDA's COVID-19 business resource page.

- The Florida Department of Law Enforcement (FDLE) has been granted an exception by the FBI to conduct preliminary name-based criminal history record checks for critical positions like healthcare workers and teachers. FDLE is also waiving the fees associated with these checks for employers of critical workers.

Additional actions the State has taken to respond to COVID-19:

FLORIDA DEPARTMENT OF HEALTH

- At the direction of Governor DeSantis, State Surgeon General Dr. Scott Rivkees declared a Public Health Emergency for COVID-19 in Florida.
- Governor DeSantis announced that the State ordered an additional 2,500 test kits to supplement the adequate resources already available to test for COVID-19. These additional test kits will enable the Department of Health, working with Florida health care providers, to test up to an additional 625,000 individuals. The Governor also suspended non-essential in state and all out-of-state travel for state employees for 30 days.
- Established a public call center for questions regarding COVID-19. The call center launched Monday, March 2 and is open 24/7.
- Established mechanisms for monitoring and coordination with the Centers for Disease Control and Prevention (CDC) regarding epidemiological activities.
- Distributed CDC Interim Guidance for public health personnel evaluating Persons Under Investigation (PUI) and asymptomatic close contacts of confirmed cases at their home or non-home residential settings to CHDs.
- Approved and disseminated an updated Clinician Screening Tool for identifying COVID-19 PUIs.
- Implemented testing at all three State Public Health Laboratories.
- Distributed updated laboratory guidance regarding implementation of testing at State Public Health Laboratories.
- Implemented private lab testing.
- Developed and disseminated pandemic planning guidance.
- Advised CHDs and HCCs to retain expired personal protective equipment until further until further notice.
- Florida Department of Health is coordinating on mobile field hospital planning.

FLORIDA DIVISION OF EMERGENCY MANAGEMENT

Florida Department of Health Updates New COVID-19 Cases, Announces Seventeen Deaths Related to COVID-19, Evening Update

~16,323 positive cases in Florida residents and 503 positive cases in non-Florida residents~

TALLAHASSEE — To keep Florida residents and visitors safe, informed and aware about the status of the virus, the Florida Department of Health has launched a COVID-19 dashboard that will be updated twice daily. We also encourage all Floridians to take the COVID-19 Community Action Survey by visiting www.StrongerThanC19.com.
Today, as of 6 p.m., there are 16,862 total** Florida cases.
While Florida's testing has increased over the past week, the percent of those testing positive for COVID-19 overall is 11 percent. Of the 7,065 tests performed on April 8, there were 1,292 positive results, or 18 percent. While there has been an increase in percentage, the overall number of people who tested positive for the virus on April 8 is not significantly higher than previous days. An increase in percent positives may reflect more spread of the virus, however it may also be a product of more targeted testing in high-risk groups. The Florida Department of Health will continue to monitor this data closely and use it to inform decisions.
Seventeen people have died who tested positive for COVID-19 in Broward, Charlotte, Citrus, Dade, Manatee, Orange, Osceola, Palm Beach, Polk and Sarasota counties.
New Florida cases include:

- 462 additional positive COVID-19 cases (349 Florida residents and 22 non-Florida residents) reported to the Florida Department of Health.
- There are currently 16,323 positive cases in Florida residents and 503 positive cases in non-Florida residents.

Florida recently partnered with private laboratories around the state to expand COVID-19 laboratory testing capacity. This partnership will increase the number of tests conducted each day and ensure Floridians receive the critical health information they need in a timely manner.

Expansion to private laboratories changes the COVID-19 testing landscape in Florida. Private laboratories are running tests as they receive swab samples from practitioners. Testing and reporting times vary among commercial and DOH laboratories. Demographic information may

~15,883 positive cases in Florida residents and 481 positive cases in non-Florida residents~

TALLAHASSEE —To keep Florida residents and visitors safe, informed and aware about the status of the virus, the Florida Department of Health has launched a COVID-19 dashboard that will be updated twice daily. We also encourage all Floridians to take the COVID-19 Community Action Survey by visiting www.StrongerThanC19.com.
Today, as of 11 a.m., there are 16,364 total** Florida cases.
The percent of those testing positive for COVID-19 overall is 11 percent. Of the 7,066 tests performed on April 8, there were 1,294 positive results, or 18 percent. While there has been an increase in percentage, the overall number of people who tested positive for the virus on April 8 is not significantly higher than previous days. An increase in percent positives may reflect more spread of the virus, however it may also be a product of more targeted testing in high-risk groups. The Florida Department of Health will continue to monitor this data closely and use it to inform decisions.
Thirty-one people have died who tested positive for COVID-19 in Baker, Broward, Dade, Duval, Hillsborough, Manatee, Palm Beach and Volusia counties.
New Florida cases include:

- 666 additional positive COVID-19 cases (649 Florida residents and 17 non-Florida residents) reported to the Florida Department of Health.
- There are currently 15,883 positive cases in Florida residents and 481 positive cases in non-Florida residents.

Florida recently partnered with private laboratories around the state to expand COVID-19 laboratory testing capacity. This partnership will increase the number of tests conducted each day and ensure Floridians receive the critical health information they need in a timely manner.

Expansion to private laboratories changes the COVID-19 testing landscape in Florida. Private laboratories are running tests as they receive swab samples from practitioners. Testing and reporting times vary among commercial and DOH laboratories. Demographic information may

be updated during investigations. These twice daily reports reflect the state's efforts to accurately and transparently share information.

The State of Florida Issues COVID-19 Updates

TALLAHASSEE, Fla. - The State of Florida is responding to COVID-19. In an effort to keep Florida residents and visitors safe and aware regarding the status of the virus, the Florida Department of Health will issue this update every day, seven days per week.

Governor Ron DeSantis is in constant communication with Florida Division of Emergency Management Director Jared Moskowitz and State Surgeon General Dr. Scott Rivkees as the State of Florida continues to monitor and respond to the threat of COVID-19.

Today at a press conference in Miami Beach, Governor DeSantis announced and highlighted the following:

- The State has partnered with the Army Corps of Engineers to build a 450-bed temporary hospital in the Miami Beach Convention Center scheduled to open April 20.
- The Department of Elder Affairs (DOEA) has launched Project VITAL (Virtual Inclusive Technology for All), to distribute tablets to residents of Assisted Living Facilities (ALFs) and nursing homes in an effort to keep families connected and mitigate feelings of loneliness or isolation.
- DOEA's joint meal service initiative with the Department of Business and Professional Regulation (DBPR) and the Florida Restaurant and Lodging Association (FRLA) is delivering over 50,000 meals in the Miami-Dade area on a daily basis.
- Testing continues to be expanded throughout Florida, with 150,000 total completed tests anticipated by the end of the day, April 8.

Recent actions the State has taken to respond to COVID-19:

- DOEA and Area Agencies on Aging (AAA) discussed logistics for an upcoming joint restaurant initiative with state emergency personnel, Feeding Florida, FRLA and 4 Rivers restaurant.
- DOEA held a call with statewide supervisors to discuss teleworking, client call downs, screening, telephone assessments, and COVID-19 updates.

- There are currently 15,003 positive cases in Florida residents and 453 positive cases in non-Florida residents.

Florida recently partnered with private laboratories around the state to expand COVID-19 laboratory testing capacity. This partnership will increase the number of tests conducted each day and ensure Floridians receive the critical health information they need in a timely manner.

Expansion to private laboratories changes the COVID-19 testing landscape in Florida. Private laboratories are running tests as they receive swab samples from practitioners. Testing and reporting times vary among commercial and DOH laboratories. Demographic information may be updated during investigations. These twice daily reports reflect the state's efforts to accurately and transparently share information.

The State of Florida Issues COVID-19 Updates

TALLAHASSEE, Fla. - The State of Florida is responding to COVID-19. In an effort to keep Florida residents and visitors safe and aware regarding the status of the virus, the Florida Department of Health will issue this update every day, seven days per week.

Governor Ron DeSantis is in constant communication with Florida Division of Emergency Management Director Jared Moskowitz and State Surgeon General Dr. Scott Rivkees as the State of Florida continues to monitor and respond to the threat of COVID-19.

Today at the Florida Capitol in Tallahassee, Governor DeSantis participated in a COVID-19 response meeting with Dr. Carlos Campo, MD, head of ICU at Tallahassee Memorial Hospital and Dr. Sunil Kumar, MD, Critical Care and Pulmonary Medicine at Broward Health.

Recent actions the state has taken to respond to COVID-19:

- The Office of Insurance Regulation (OIR) has issued Informational Memorandum OIR-20-06M providing guidance on the use of technology to help combat the spread of COVID-19, including encouraging insurers to broaden access to care for telehealth services, and requesting Pharmacy Benefit Managers to transition to an electronic audit process in order to avoid unnecessary risk and maintain social distancing.
- OIR has issued Informational Memorandum OIR-20-05M reminding insurers of applicable statutes regarding workers' compensation insurance. Workers' compensation insurers are expected to comply with all of the provisions of Florida's Workers' Compensation Law.
- The Florida Department of Law Enforcement (FDLE) is working with all Florida Law Enforcement on obtaining updated personal protection equipment (PPE) needs.
- CareerSource Florida has launched an integrated public and business outreach campaign, *Help is Here*, as a comprehensive resource for employment and business services available to Floridians affected by COVID-19-related job loss.
- To respond to COVID-19, the Division has coordinated an unprecedented statewide response. This includes sending out critical PPE for our first responders and health care workers:
    - 2.8 million masks, including N95, procedure and surgical masks;

Florida Department of Health Updates New COVID-19 Cases, Announces Thirteen Deaths Related to COVID-19, Evening Update

~14,302 positive cases in Florida residents and 445 positive cases in non-Florida residents~

TALLAHASSEE — To keep Florida residents and visitors safe, informed and aware about the status of the virus, the Florida Department of Health has launched a COVID-19 dashboard that will be updated twice daily. We also encourage all Floridians to take the COVID-19 Community Action Survey by visiting www.StrongerThanC19.com.
Today, as of 6 p.m., there are 14,747 total** Florida cases.
While Florida's testing has increased over the past week, the percent of those testing positive for COVID-19 overall is 11 percent. Of the 12,004 tests performed on April 6, there were 1,407 positive results, or 12 percent.
Thirteen people have died who tested positive for COVID-19 in Baker, Broward, Clay, Dade, Hillsborough, Manatee, Orange, Palm Beach and Pinellas counties.
New Florida cases include:

- 243 additional positive COVID-19 cases (237 Florida residents and 6 non-Florida residents) reported to the Florida Department of Health.
- There are currently 14,302 positive cases in Florida residents and 445 positive cases in non-Florida residents.

Florida recently partnered with private laboratories around the state to expand COVID-19 laboratory testing capacity. This partnership will increase the number of tests conducted each day and ensure Floridians receive the critical health information they need in a timely manner.

Expansion to private laboratories changes the COVID-19 testing landscape in Florida. Private laboratories are running tests as they receive swab samples from practitioners. Testing and reporting times vary among commercial and DOH laboratories. Demographic information may be updated during investigations. These twice daily reports reflect the state's efforts to accurately and transparently share information.

Florida Department of Health Updates New COVID-19 Cases, Announces Eighteen Deaths Related to COVID-19, Evening Update

~13,214 positive cases in Florida residents and 415 positive cases in non-Florida residents~

TALLAHASSEE — To keep Florida residents and visitors safe, informed and aware about the status of the virus, the Florida Department of Health has launched a COVID-19 dashboard that will be updated twice daily. We also encourage all Floridians to take the COVID-19 Community Action Survey by visiting www.StrongerThanC19.com.
Today, as of 6 p.m., there are 13,629 total** Florida cases.
While Florida's testing has increased over the past week, the percent of those testing positive for COVID-19 overall is 11 percent. Of the 7,641 tests performed on April 5, there were 930 positive results, or 12 percent.
Eighteen people have died who tested positive for COVID-19 in Broward, Collier, Dade, DeSoto, Lee, Manatee, Orange, Palm Beach, Polk, St. Lucie, Sumter and Volusia counties.
New Florida cases include:

- 305 additional positive COVID-19 cases (289 Florida residents and 16 non-Florida residents) reported to the Florida Department of Health.
- There are currently 13,214 positive cases in Florida residents and 415 positive cases in non-Florida residents.

Florida recently partnered with private laboratories around the state to expand COVID-19 laboratory testing capacity. This partnership will increase the number of tests conducted each day and ensure Floridians receive the critical health information they need in a timely manner.

Expansion to private laboratories changes the COVID-19 testing landscape in Florida. Private laboratories are running tests as they receive swab samples from practitioners. Testing and reporting times vary among commercial and DOH laboratories. Demographic information may be updated during investigations. These twice daily reports reflect the state's efforts to accurately and transparently share information.

Subject: EXECUTIVE ORDER NUMBER 20-95

Joint Information Center on COVID-19 for the State of Florida

Today, Governor Ron DeSantis issued Executive Order 20-95, directing the Department of Revenue to issue an emergency order suspending taxation imposed under Chapter 201, Florida Statutes, for notes and other written obligations made pursuant to Title I of the CARES Act.
In short, the Governor's order allows employers receiving money from the federal CARES Act to use the full dollar amount to pay their rent and help their employees.
A PDF copy of the Executive Order is attached to this email and provided below.

STATE OF FLORIDA
OFFICE OF THE GOVERNOR
EXECUTIVE ORDER NUMBER 20-95
(COVID-19 Emergency Order – Documentary Stamps for SBA Loans)

WHEREAS, Novel Coronavirus Disease 2019 (COVID-19) is a severe acute respiratory illness that can spread among humans through respiratory transmission and presents with symptoms similar to those of influenza; and

WHEREAS, on March 1, 2020, I issued Executive Order 20-51 directing the Florida Department of Health to issue a Public Health Emergency; and

WHEREAS, on March 1, 2020, the State Surgeon General and State Health Officer declared a Public Health Emergency exists in the State of Florida as a result of COVID-19; and

WHEREAS, on March 9, 2020, I issued Executive Order 20-52 declaring a state of emergency for the entire State of Florida as a result of COVID-19; and

WHEREAS, on March 16, 2020, President Donald J. Trump and the Centers for Disease Control and Prevention ("CDC") issued the "15 Days to Slow the Spread" guidance advising individuals to adopt far-reaching social distancing measures, such as avoiding

AMERICAN OVERSIGHT

gatherings of more than 10 people, and in states with evidence of community spread, recommending restrictions to certain establishments conducive to mass gatherings and congregations; and

- **WHEREAS,** extended such guidance to be in effect until April 30, 2020 and along with the White House Coronavirus Task Force urged Americans to continue to adhere to the guidelines and expand community mitigation efforts; and

WHEREAS, multiple Florida counties and local governments have ordered certain business closures and restricted public access outside of the home; and

WHEREAS, on April 1, 2020, in concert with the efforts of President Trump and the White House Coronavirus Task Force, and based on guidance provided by Florida Surgeon General and State Health Officer, Dr. Scott Rivkees, I directed all persons in Florida to limit their movements and personal interactions outside of home to only those necessary to obtain or provide essential services or conduct essential activities; and

WHEREAS, many Florida businesses have been negatively impacted by the spread of COVID-19 and the precautionary measures taken by the nation in response to COVID-19; and

WHEREAS, on March 27, 2020, President Donald J. Trump signed into law H.R. 748, the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") to provide financial relief to people and businesses suffering as a result of COVID-19; and

WHEREAS, Title I of the CARES Act created a Paycheck Protection Program providing loans to small businesses in furtherance of keeping American workers paid and employed; and

WHEREAS, I find that encouraging small businesses in Florida to apply for these loans is in the best interest of the state and its people; and

WHEREAS, I find that requiring payment of documentary stamp taxes on these loans under Florida law will discourage small businesses in Florida from applying for such loans.

NOW, THEREFORE, I, RON DESANTIS, as Governor of Florida, by virtue of the authority vested in me by Article IV, Section (1)(a) of the Florida Constitution, Chapter 252 of the Florida Statutes, and all other applicable laws, promulgate the following Executive Order to take immediate effect:

AMERICAN OVERSIGHT

FL-ORANGE-20-1072-B-003120

Section 1. Effective April 3, 2020, the assessment and collection of taxation imposed under Chapter 201, Florida Statutes, is suspended for all notes and other written obligations made pursuant to Title I of the CARES Act. The Department of Revenue shall issue an emergency order establishing that taxation imposed under Chapter 201, Florida Statutes, for notes and other written obligations made pursuant to Title I of the CARES Act is not owed as a result of the above suspension.

Section 2. This directive shall remain in effect until the expiration of Executive Order 20-52, including any extensions.

The State of Florida Issues COVID-19 Updates

TALLAHASSEE, Fla. – The State of Florida is responding to COVID-19. In an effort to keep Florida residents and visitors safe and aware regarding the status of the virus, the Florida Department of Health will issue this update every day, seven days per week.

Governor Ron DeSantis is in constant communication with Florida Division of Emergency Management Director Jared Moskowitz and State Surgeon General Dr. Scott Rivkees as the State of Florida continues to monitor and respond to the threat of COVID-19.

Actions the state has taken to respond to COVID-19:

FLORIDA DEPARTMENT OF HEALTH

- At the direction of Governor DeSantis, State Surgeon General Dr. Scott Rivkees declared a Public Health Emergency for COVID-19 in Florida.
- Governor DeSantis announced that the State ordered an additional 2,500 test kits to supplement the adequate resources already available to test for COVID-19. These additional test kits will enable the Department of Health, working with Florida health care providers, to test up to an additional 625,000 individuals. The Governor also suspended non-essential in state and all out-of-state travel for state employees for 30 days.
- Tested more than 100,000 Floridians. Florida is now the state with the second-highest number of tested individuals (as of 4/4/20).
- Additional demographic Information is now available for the counties most impacted by COVID-19.
- Established an Incident Management Team to coordinate response operations.
- Defined a high-level phased response strategy for COVID-19.

- Conducted three public health and health care stakeholder conference calls to provide statewide updates on the current outbreak situation, response actions and guidance for pandemic planning. Over five hundred participants joined the calls.
- Established a public call center for questions regarding COVID-19. The call center launched Monday, March 2 and is open 24/7.

AMERICAN OVERSIGHT

FL-ORANGE-20-1072-B-003127

- Developed and distributed COVID-19 presentation materials to County Health Departments (CHD) for use at community meetings.
- Activated the Joint Information Center in coordination with the Division of Emergency Management.
- Developed and implemented protocols for investigation, surveillance and monitoring for COVID-19 to rapidly detect and contain cases.
- Established mechanisms for monitoring and coordination with the Centers for Disease Control and Prevention (CDC) regarding epidemiological activities.
- Distributed CDC Interim Guidance for public health personnel evaluating Persons Under Investigation (PUI) and asymptomatic close contacts of confirmed cases at their home or non-home residential settings to CHDs.
- Approved and disseminated an updated Clinician Screening Tool for identifying COVID-19 PUIs.
- Implemented testing at all three State Public Health Laboratories.
- Distributed updated CDC guidance for schools to CHDs and the Department of Education.
- Distributed updated laboratory guidance regarding implementation of testing at State Public Health Laboratories.
- Developing a laboratory surge plan.
- Identifying and monitoring close contacts of presumptive cases. Any close contacts with symptoms will be tested.
- Implemented private lab testing.
- Developed and disseminated pandemic planning guidance.
- Advised CHDs and HCCs to retain expired personal protective equipment until further until further notice.
- Developing infographics for first responders (fire, law enforcement and EMS) regarding infection control and personal protection for COVID-19.
- At the Governor's direction, a public-private partnership has been put in place between Memorial Healthcare in Broward and the National Guard to set up a mobile testing unit.
- At the direction of Governor DeSantis hiring additional epidemiologists from university health programs to help with workload.
- Governor DeSantis directed the Agency for Health Care Administration (AHCA) to extend all existing nursing home and assisted living facility licenses for 90 days to remove distraction from patient care.
- Launched an interactive data tracking dashboard on floridahealthcovid19.gov that is updated twice daily.
- Developing protocols for County Health Departments in the protection of their staff and clinic activities through the development of safety and health guidance.
- Continue to have daily hospital calls and began having daily calls with the aging and vulnerable population groups.
- Continue to coordinate efforts for obtaining lab testing supplies.

FLORIDA DIVISION OF EMERGENCY MANAGEMENT

- Florida is receiving its third shipment from the SNS. Once the shipment has been received in its entirety, Florida will have received the following from the SNS. These materials are being distributed across the state.
    - N95s 540,000
    - Faceshields 246,000
    - Coveralls 1,026
    - Gloves 714,354
    - Surgical Masks 1,290,000
    - Gowns 201,000

AMERICAN OVERSIGHT

- After conducting a thorough assessment of needs, Director Moskowitz has requested the following supplies through Direct Federal Assistance. Supplies are being delivered on a rolling basis, and inventory is being distributed throughout the state 24 hours a day.
    - 5 mobile intensive care units
    - 5,000 ventilators
    - 5,000 hospital beds
    - 50,000 two oz. bottles of hand sanitizer

- Find more information on DEM's response to COVID-19 here.

FLORIDA AGENCY FOR HEALTH CARE ADMINISTRATION

- The Agency created new temporary Personal Care Attendant program to give long-term care facilities an avenue to fill staffing shortages. The program provides an 8-hour training of required skills to assist in direct care so that personal care attendants can temporarily perform additional duties.
- AHCA and the Department of Children and Families have been working together to ensure current Medicaid recipients maintain benefits during the COVID-19 state of emergency. Agencies have also extended Medicaid application deadlines.
- AHCA has made on-site visits to over 900 long-term care and residential facilities since the onset of the COVID-19 emergency. Additionally, AHCA has made over 2,000 telephone calls to residential providers statewide to assess infection control and prevention strategies, ensure county health department and local emergency operations center contact information are up to date, and assess supplies--specifically PPE.
- Find more information on ACHA's response to COVID-19 here.

FLORIDA DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION

- DBPR has updated the dedicated webpage for filing complaints related to compliance with executive orders related to department stakeholders. The page, available at http://www.myfloridalicense.com/DBPR/eo-complaints/ now provides a field for reporting compliance concerns related to vacation rentals as restricted by Executive Order 20-87. The Department's Division of Hotels and Restaurants continues to monitor, review, and assign complaints received through this form for follow-up by division inspectors.
- Find more information on DBPR's response to COVID-19 here.

FLORIDA DEPARTMENT OF CHILDREN AND FAMILIES

AMERICAN OVERSIGHT

- DCF worked with DOH to develop precautionary protocols for child welfare professionals and adult protective investigators who may have to make in-person visits to ensure the safety of those vulnerable populations.
- Under Governor DeSantis' Direction, DCF temporarily increased SNAP recipients' benefit amount to the maximum monthly allotment based on household size.
- Find more information on DCF's response to COVID-19 here.

FLORIDA DEPARTMENT OF CORRECTIONS

- FDC is closely aligned with the CDC Interim Guidance on Management of COVID-19 in Correctional and Detention Facilities.
- New inmate commitments from county jails will undergo additional screening and 14-day quarantine before placement within the general population.
- Anyone entering a correctional institution is screened in accordance with Federal, State and Department guidelines.
- FDC has suspended visitation and volunteer programs at all correctional institutions statewide through April 5, 2020.
- Outside inmate work squads have been restricted.

FLORIDA DEPARTMENT OF ECONOMIC OPPORTUNITY

- DEO is working to provide paper applications to Floridians who need to file for Reemployment Assistance benefits. More information can be found on our website floridajobs.org/COVID-19.
- DEO recently announced $100 million of additional funds available to local governments in communities impacted by Hurricane Irma through the Rebuild Florida Infrastructure Repair Program. Local governments may apply individually or as a regional group for funding. Funding can also be used as leverage to match funding for other federal programs to carry out eligible, federal CDBG-DR infrastructure activity. The deadline to complete an application is June 30, 2020. For more information about the program, including how to complete an application, visit the Rebuild Florida Infrastructure Repair Program's
- Governor DeSantis waived the work search and work registration requirements for individuals requesting Reemployment Assistance benefits. Individuals filing an application in CONNECT, the online Reemployment Assistance application, for benefits from March 15, 2020 until May 2, 2020, will not be required to complete the work registration in Employ Florida. For additional questions about Reemployment Assistance, please visit the Frequently Asked Questions.
- Governor DeSantis' request to the federal U.S. Small Business Administration to make the Economic Injury Disaster Loan program available for Florida's small businesses impacted by COVID-19 has been granted. Small businesses are eligible to apply for the SBA Economic Injury Disaster Loans that offer up to $2 million in economic assistance to help small businesses overcome the temporary loss of revenue resulting from COVID-19.
- The Business Damage Assessment survey is activated to assess the impact of COVID-19 on Florida's local business operations. The survey, managed by DEO, will evaluate businesses affected by COVID-19 and the impacts the virus has had on the local economy so actions to implement appropriate relief programs can begin. The survey can be taken online here.
- Find more information on DEO's response to COVID-19 here.

FLORIDA DEPARTMENT OF EDUCATION

AMERICAN OVERSIGHT

FL-ORANGE-20-1072-B-003130

Florida Department of Health Updates New COVID-19 Cases, Announces Three Deaths Related to COVID-19, Evening Update

~11,961 positive cases in Florida residents and 389 positive cases in non-Florida residents~

TALLAHASSEE — To keep Florida residents and visitors safe, informed and aware about the status of the virus, the Florida Department of Health has launched a COVID-19 dashboard that will be updated twice daily. We also encourage all Floridians to take the COVID-19 Community Action Survey by visiting www.StrongerThanC19.com.
Today, as of 6 p.m., there are 12,350 total** Florida cases.
While Florida's testing has increased over the past week, the percent of those testing positive for COVID-19 overall is 11 percent. Of the 13,208 tests performed on April 4, there were 1,429 positive results, or 11 percent.
Three people have died who tested positive for COVID-19 in DeSoto and Marion counties.
New Florida cases include:

- 199 additional positive COVID-19 cases (197 Florida residents and 2 non-Florida residents) reported to the Florida Department of Health.
- There are currently 11,961 positive cases in Florida residents and 389 positive cases in non-Florida residents.

Florida recently partnered with private laboratories around the state to expand COVID-19 laboratory testing capacity. This partnership will increase the number of tests conducted each day and ensure Floridians receive the critical health information they need in a timely manner.

Expansion to private laboratories changes the COVID-19 testing landscape in Florida. Private laboratories are running tests as they receive swab samples from practitioners. Testing and reporting times vary among commercial and DOH laboratories. Demographic information may be updated during investigations. These twice daily reports reflect the state's efforts to accurately and transparently share information.

More information on a case-by-case basis can also be found here.

The State of Florida Issues COVID-19 Updates

TALLAHASSEE, Fla. - The State of Florida is responding to COVID-19. In an effort to keep Florida residents and visitors safe and aware regarding the status of the virus, the Florida Department of Health will issue this update every day, seven days per week.
Governor Ron DeSantis is in constant communication with Florida Division of Emergency Management Director Jared Moskowitz and State Surgeon General Dr. Scott Rivkees as the State of Florida continues to monitor and respond to the threat of COVID-19.

Today, the Florida Department of Health (Department) highlighted the state's most recent milestone in the fight to stop the spread of COVID-19 - the successful testing of more than 100,000 Floridians. Florida is now the state with the second-highest number of tested individuals. Only New York has tested more individuals.

The Florida Department of Health also released additional information on cases in the counties most impacted by COVID-19 through the twice-daily report. Information now available for these counties now includes breakouts for race and ethnicity, and hospitalizations for COVID-19 positive individuals, as well as county-wide information on daily percent of emergency department visits that result in cough-associated admissions, and the daily percent of emergency department visits that mention cough, fever, and/or shortness of breath.

Actions the state has taken to respond to COVID-19:

FLORIDA DEPARTMENT OF HEALTH

- At the direction of Governor DeSantis, State Surgeon General Dr. Scott Rivkees declared a Public Health Emergency for COVID-19 in Florida.
- Governor DeSantis announced that the State ordered an additional 2,500 test kits to supplement the adequate resources already available to test for COVID-19. These additional test kits will enable the Department of Health, working with Florida health care providers, to test up to an additional 625,000 individuals. The Governor also suspended non-essential in state and all out-of-state travel for state employees for 30 days.
- Established an Incident Management Team to coordinate response operations.
- Defined a high-level phased response strategy for COVID-19.

AMERICAN OVERSIGHT

FL-ORANGE-20-1072-B-003145

- Activated a dedicated incident command post for on-site response activities.
- Conducted three public health and health care stakeholder conference calls to provide statewide updates on the current outbreak situation, response actions and guidance for pandemic planning. Over five hundred participants joined the calls.
- Established a public call center for questions regarding COVID-19. The call center launched Monday, March 2 and is open 24/7.
- Developed and distributed COVID-19 presentation materials to County Health Departments (CHD) for use at community meetings.
- Activated the Joint Information Center in coordination with the Division of Emergency Management.
- Developed and implemented protocols for investigation, surveillance and monitoring for COVID-19 to rapidly detect and contain cases.
- Established mechanisms for monitoring and coordination with the Centers for Disease Control and Prevention (CDC) regarding epidemiological activities.
- Distributed CDC Interim Guidance for public health personnel evaluating Persons Under Investigation (PUI) and asymptomatic close contacts of confirmed cases at their home or non-home residential settings to CHDs.
- Approved and disseminated an updated Clinician Screening Tool for identifying COVID-19 PUIs.
- Implemented testing at all three State Public Health Laboratories.
- Distributed updated CDC guidance for schools to CHDs and the Department of Education.
- Distributed updated laboratory guidance regarding implementation of testing at State Public Health Laboratories.
- Developing a laboratory surge plan.
- Identifying and monitoring close contacts of presumptive cases. Any close contacts with symptoms will be tested.
- Implemented private lab testing.
- Developed and disseminated pandemic planning guidance.
- Advised CHDs and HCCs to retain expired personal protective equipment until further until further notice.
- Developing infographics for first responders (fire, law enforcement and EMS) regarding infection control and personal protection for COVID-19.
- At the Governor's direction, a public-private partnership has been put in place between Memorial Healthcare in Broward and the National Guard to set up a mobile testing unit.
- At the direction of Governor DeSantis hiring additional epidemiologists from university health programs to help with workload.
- Governor DeSantis directed the Agency for Health Care Administration (AHCA) to extend all existing nursing home and assisted living facility licenses for 90 days to remove distraction from patient care.
- Launched an interactive data tracking dashboard on floridahealthcovid19.gov that is updated twice daily.
- Developing protocols for County Health Departments in the protection of their staff and clinic activities through the development of safety and health guidance.
- Continue to have daily hospital calls and began having daily calls with the aging and vulnerable population groups.
- Continue to coordinate efforts for obtaining lab testing supplies.

FLORIDA DIVISION OF EMERGENCY MANAGEMENT

- Florida is receiving its third shipment from the SNS. Once the shipment has been received in its entirety, Florida will have received the following from the SNS. These materials are being distributed across the state.

AMERICAN OVERSIGHT

- N95s 540,000
- Faceshields 246,000
- Coveralls 1,026
- Gloves 714,354
- Surgical Masks 1,290,000
- Gowns 201,000

- After conducting a thorough assessment of needs, Director Moskowitz has requested the following supplies through Direct Federal Assistance. Supplies are being delivered on a rolling basis, and inventory is being distributed throughout the state 24 hours a day.
  - 5 mobile intensive care units
  - 5,000 ventilators
  - 5,000 hospital beds
  - 50,000 two oz. bottles of hand sanitizer
  - 250,000 coveralls
  - 500,000 gloves
  - 500,000 gowns
  - 500,000 collection kits
  - 100,000 16 oz. bottles of hand sanitizer
  - 150,000 Personal Protective Equipment kits, including coveralls, gowns, and goggles
  - 2 million N95 face masks
- To support communities responding to COVID-19, Governor DeSantis has directed FDEM Director Jared Moskowitz to expedite the delivery of more than $170 million in Hurricane Irma reimbursements to cities, counties and hospital districts that have now reached the 50-percent auditing threshold to receive funds.
- Find more information on DEM's response to COVID-19 here.

FLORIDA AGENCY FOR HEALTH CARE ADMINISTRATION

- The Agency created new temporary Personal Care Attendant program to give long-term care facilities an avenue to fill staffing shortages. The program provides an 8-hour training of required skills to assist in direct care so that personal care attendants can temporarily perform additional duties.
- AHCA and the Department of Children and Families have been working together to ensure current Medicaid recipients maintain benefits during the COVID-19 state of emergency. Agencies have also extended Medicaid application deadlines.
- AHCA has made on-site visits to over 900 long-term care and residential facilities since the onset of the COVID-19 emergency. Additionally, AHCA has made over 2,000 telephone calls to residential providers statewide to assess infection control and prevention strategies, ensure county health department and local emergency operations center contact information are up to date, and assess supplies--specifically PPE.
- Find more information on ACHA's response to COVID-19 here.

FLORIDA DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION

- DBPR has updated the dedicated webpage for filing complaints related to compliance with executive orders related to department stakeholders. The page, available at http://www.myfloridalicense.com/DBPR/eo-complaints/ now provides a field for reporting compliance concerns related to vacation rentals as restricted by Executive Order 20-87. The Department's Division of Hotels and Restaurants continues to monitor, review, and assign complaints received through this form for follow-up by division inspectors.

AMERICAN OVERSIGHT

FLORIDA DEPARTMENT OF CHILDREN AND FAMILIES

- DCF worked with DOH to develop precautionary protocols for child welfare professionals and adult protective investigators who may have to make in-person visits to ensure the safety of those vulnerable populations.
- Under Governor DeSantis' Direction, DCF temporarily increased SNAP recipients' benefit amount to the maximum monthly allotment based on household size.
- Find more information on DCF's response to COVID-19 here.

FLORIDA DEPARTMENT OF CORRECTIONS

- FDC is closely aligned with the CDC Interim Guidance on Management of COVID-19 in Correctional and Detention Facilities.
- New inmate commitments from county jails will undergo additional screening and 14-day quarantine before placement within the general population.
- Anyone entering a correctional institution is screened in accordance with Federal, State and Department guidelines.
- FDC has suspended visitation and volunteer programs at all correctional institutions statewide through April 5, 2020.
- Outside inmate work squads have been restricted.
- Find more information on FDC's response to COVID-19 here.

FLORIDA DEPARTMENT OF ECONOMIC OPPORTUNITY

- DEO is working to provide paper applications to Floridians who need to file for Reemployment Assistance benefits. More information can be found on our website floridajobs.org/COVID-19.
- DEO recently announced $100 million of additional funds available to local governments in communities impacted by Hurricane Irma through the Rebuild Florida Infrastructure Repair Program. Local governments may apply individually or as a regional group for funding. Funding can also be used as leverage to match funding for other federal programs to carry out eligible, federal CDBG-DR infrastructure activity. The deadline to complete an application is June 30, 2020. For more information about the program, including how to complete an application, visit the Rebuild Florida Infrastructure Repair Program's
- Governor DeSantis waived the work search and work registration requirements for individuals requesting Reemployment Assistance benefits. Individuals filing an application in CONNECT, the online Reemployment Assistance application, for benefits from March 15, 2020 until May 2, 2020, will not be required to complete the work registration in Employ Florida. For additional questions about Reemployment Assistance, please visit the Frequently Asked Questions.
- Governor DeSantis' request to the federal U.S. Small Business Administration to make the Economic Injury Disaster Loan program available for Florida's small businesses impacted by COVID-19 has been granted. Small businesses are eligible to apply for the SBA Economic Injury Disaster Loans that offer up to $2 million in economic assistance to help small businesses overcome the temporary loss of revenue resulting from COVID-19.
- The Business Damage Assessment survey is activated to assess the impact of COVID-19 on Florida's local business operations. The survey, managed by DEO, will evaluate businesses affected by COVID-19 and the impacts the virus has had on the local economy so actions to implement appropriate relief programs can begin. The survey can be taken online here.

FLORIDA DEPARTMENT OF EDUCATION

- FDOE has compiled resources, information, and best practices for distance learning on its emergency response page.
- The Florida Virtual School has created the Online Learning Community with engaging and informative content for teachers and parents of K-12 students.
- Commissioner of Education Richard Corcoran has recommended that all Florida public and private K-12 school campuses extend campus closures through May 1, 2020, following White House guidance and the CDC's extension of social distancing guidelines until April 30th.
- Find more information on The Department of Education's response to COVID-19 here.

FLORIDA DEPARTMENT OF ELDER AFFAIRS

- DOEA has responded to requests from specific Planning and Service Areas (PSAs) to develop county-level maps showing locations of restaurants participating in the DOEA Meal Initiative for the purpose of matching individuals seeking meals with participating nearby restaurants.
- DOEA has begun processing funding advances on the Families First Act funding with the Area Agencies on Aging (AAAs) so they may pay new meal vendors as they have already expanded their meal service to include all elders affected by COVID-19.
- DOEA held a conference call with PSA 7 regarding their Restaurant Feeding Incentive called Meals of Love. The agency discussed their budget and plan to feed all seniors in their area during COVID-19.
- DOEA updated their COVID-19 website information with additional resources to include DOEA's Emergency Order and Guidance pertaining to the Office of Public and Professional Guardians providing relief to some in-person visitation requirements where COVID-19 response and mitigation measures prevent such visits.
- Find more information on DOEA's COVID-19 response here.

FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION

- At the direction of Governor DeSantis and to successfully uphold CDC guidance to maximize social distancing and avoid gatherings larger than 10 people, DEP closed all Florida State Parks to the public effective Monday, March 23. Park field staff are on-site to maintain grounds.

Florida Department of Health Updates New COVID-19 Cases, Announces Four Deaths Related to COVID-19, Evening Update

~11,173 positive cases in Florida residents and 372 positive cases in non-Florida residents~

TALLAHASSEE — Today, the Florida Department of Health has released additional information on cases in the counties most impacted by COVID-19 through the twice-daily report. Information now available for these counties now includes breakouts for race and ethnicity, and hospitalizations for COVID-19 positive individuals, as well as county-wide information on daily percent of emergency department visits that result in cough-associated admissions, and the daily percent of emergency department visits that mention cough, fever, and/or shortness of breath.

To keep Florida residents and visitors safe, informed and aware about the status of the virus, the Florida Department of Health maintains a COVID-19 dashboard that is updated twice daily. We also encourage all Floridians to take the COVID-19 Community Action Survey by visiting www.StrongerThanC19.com.

Today, as of 6 p.m., there are 11,545 total** Florida cases.

While Florida's testing has increased over the past week, the percent of those testing positive for COVID-19 overall is 11 percent. Of the 11,725 tests performed on April 3, there were 1,597 positive results, or 14 percent.

Four people have died who tested positive for COVID-19 in Broward, Dade, Monroe and Palm Beach counties.

New Florida cases include:

- 434 additional positive COVID-19 cases (413 Florida residents and 21 non-Florida residents) reported to the Florida Department of Health.
- There are currently 11,173 positive cases in Florida residents and 372 positive cases in non-Florida residents.

Florida recently partnered with private laboratories around the state to expand COVID-19 laboratory testing capacity. This partnership will increase the number of tests conducted each day and ensure Floridians receive the critical health information they need in a timely manner.

Expansion to private laboratories changes the COVID-19 testing landscape in Florida. Private laboratories are running tests as they receive swab samples from practitioners. Testing and reporting times vary among commercial and DOH laboratories. Demographic information may be updated during investigations. These twice daily reports reflect the state's efforts to accurately and transparently share information.

Florida Department of Health: Florida is Second in the Nation for COVID-19 Testing
~ Florida Has Tested More Than 102,000 Individuals ~

TALLAHASSEE, Fla. - Today, the Florida Department of Health (Department) highlighted the state's most recent milestone in the fight to stop the spread of COVID-19 - the successful testing of more than 100,000 Floridians. Florida is now the state with the second-highest number of tested individuals. Only New York has tested more individuals.

Governor Ron DeSantis said, "This is an incredible achievement by any measure, and it is all due to the hard work and great sacrifice by Florida's thousands of health care workers and first responders who are on the front lines of this fight. These professionals will have the full weight of the State of Florida behind them as they continue to devote themselves to keeping Florida's families safe."

Florida Surgeon General Scott Rivkees said, "Thanks in large part to the number of tests conducted by our state's health care providers, Florida is now ranked second nationally for testing of this new coronavirus. Our dedicated team of public health personnel will continue their tireless work in ensuring our state's symptomatic and vulnerable populations are receiving optimal care. The Department, alongside our national, state and local partners, is committed to the swift and effective resolution of COVID-19 epidemic."

FDEM Director Jared Moskowitz said, "COVID-19 is an unprecedented virus in this country, and it requires an unprecedented response. We have been clear from the beginning that we will use every resource we have at our disposal to fight this virus and protect Floridians. Performing more than 100,000 tests in our state demonstrates our commitment."

- Marlins Stadium in Miami
- The Orange County Convention Center
- TIAA Bank Field Lot J in Jacksonville
- CB Smith Park in Broward County
- The FITTEAM Ballpark of the Palm Beaches in Palm Beach County
- Raymond James Stadium in Tampa

To date, these sites have conducted more than 24,000 tests.

Florida Department of Health Updates New COVID-19 Cases, Announces Fourteen Deaths Related to COVID-19

~31,290 positive cases in Florida residents and 848 positive cases in non-Florida residents~

TALLAHASSEE — Today, the Florida Department of Health announced that the list of long-term care facilities in Florida associated with COVID-19 cases will now include active cases in each facility in order to provide real-time data. The list of long-term care facilities with active COVID-19 cases is available here. To date, 319 individuals that were staff or residents of a long-term care facility have died.

The Florida Department of Health, in order to provide more comprehensive data, releases a report on COVID-19 cases in Florida once per day. The Florida Department of Health COVID-19 dashboard is also providing updates once per day. The state also provides a report detailing surveillance data for every Florida county. Previously, this information was only available for select communities. The surveillance data report is available here.

Today, as of 11 a.m., there are 610 new positive COVID-19 cases (610 Florida residents and 0 non-Florida residents) and fourteen deaths related to COVID-19. There are a total of 32,138 Florida cases** with 1,088 deaths related to COVID-19.

While Florida's testing has increased over the past week, the percent of those testing positive for COVID-19 overall is 9 percent. On April 26, six percent of new cases** tested positive. Since 11 a.m. on April 26, fourteen people have died who tested positive for COVID-19 in Broward, Dade, Duval, Hernando, Leon, Palm Beach, Pasco, Pinellas and Volusia counties. Florida recently partnered with private laboratories around the state to expand COVID-19 laboratory testing capacity. This partnership will increase the number of tests conducted each day and ensure Floridians receive the critical health information they need in a timely manner.

Expansion to private laboratories changes the COVID-19 testing landscape in Florida. Private laboratories are running tests as they receive swab samples from practitioners. Testing and reporting times vary among commercial and DOH laboratories. Demographic information may be updated during investigations. These twice daily reports reflect the state's efforts to accurately and transparently share information.

Florida Department of Health Updates New COVID-19 Cases, Announces Twenty-Six Deaths Related to COVID-19, Morning Update

~27,543 positive cases in Florida residents and 766 positive cases in non-Florida residents~

TALLAHASSEE —To keep Florida residents and visitors safe, informed and aware about the status of the virus, the Florida Department of Health has launched a COVID-19 dashboard that is updated twice daily. Today, as of 11 a.m., there are 28,309 total** Florida cases.
There are currently 324 long-term care facilities with positive cases of COVID-19. The Florida Department of Health has published the list here. The twice daily COVID-19 report also includes information by county about deaths related to staff or residents in long-term care facilities. Of the 2,209 cases of residents or staff in long-term care facilities, 234 have died.

While Florida's testing has increased over the past week, the percent of those testing positive for COVID-19 overall is 10 percent. Of the 14,168 tests performed on April 21, there were 1,401 positive results, or 10 percent.
Twenty-six people have died who tested positive for COVID-19 Broward, Dade, Indian River, Orange, Pinellas and Sarasota counties.
New Florida cases include:

- 440 additional positive COVID-19 cases (416 Florida residents and 24 non-Florida residents) reported to the Florida Department of Health.
- There are currently 27,543 positive cases in Florida residents and 766 positive cases in non-Florida residents.

Florida recently partnered with private laboratories around the state to expand COVID-19 laboratory testing capacity. This partnership will increase the number of tests conducted each day and ensure Floridians receive the critical health information they need in a timely manner.

The State of Florida Issues COVID-19 Updates

TALLAHASSEE, Fla. - The State of Florida is responding to COVID-19. In an effort to keep Florida residents and visitors safe and aware regarding the status of the virus, the Florida Department of Health will issue this update every day, seven days per week.

Governor Ron DeSantis is in constant communication with Florida Division of Emergency Management Director Jared Moskowitz and State Surgeon General Dr. Scott Rivkees as the State of Florida continues to monitor and respond to the threat of COVID-19.
Recent actions the state has taken to respond to COVID-19:

- As of April 19, approximately 2,317 Florida National Guardsmen (FLNG) are currently deployed to support Florida's response to COVID-19.
- FLNG has expanded its support to mobile testing teams and the community-based and walk-up test sites. To date, FLNG has assisted in the testing of over 59,520 individuals for the COVID-19 virus.
- Task Force AID is preparing for the opening of the USACE Alternate Care Facility (ACF) at the Miami Beach Convention Center. FLNG will provide Guardsmen to conduct medical support operations.
- Yesterday, Governor Ron DeSantis and Commissioner of Education Richard Corcoran recommended that all Florida public and private K-12 schools continue distance learning and keep school campuses closed through June 3, the remainder of the 2019-2020 academic year.
- To-date, the Florida Division of Emergency Management has sent out:
  - **8 million** masks, including N-95, procedure and surgical masks
  - **5 million** gloves,
  - **564,000** shoe covers,
  - **615,000** face shields,
  - **300,000** gowns,
  - **More than 100,000** containers of hand sanitizer,
  - **47,000** goggles,
  - **22,000** coveralls.

- **Additional actions the state has taken to respond to COVID-19:**

FLORIDA DEPARTMENT OF HEALTH

- At the direction of Governor DeSantis, State Surgeon General Dr. Scott Rivkees declared a Public Health Emergency for COVID-19 in Florida.
- Governor DeSantis announced that the state ordered an additional 2,500 test kits to supplement the adequate resources already available to test for COVID-19. These additional test kits will enable the Department of Health, working with Florida health care providers, to test up to an additional 625,000 individuals. The Governor also suspended non-essential in state and all out-of-state travel for state employees for 30 days.
- Established a public call center for questions regarding COVID-19. The call center launched Monday, March 2, and is open 24/7.
- Established mechanisms for monitoring and coordination with the Centers for Disease Control and Prevention (CDC) regarding epidemiological activities.
- Distributed CDC Interim Guidance for public health personnel evaluating Persons Under Investigation (PUI) and asymptomatic close contacts of confirmed cases at their home or non-home residential settings to CHDs.
- Approved and disseminated an updated Clinician Screening Tool for identifying COVID-19 PUIs.
- Implemented testing at all three State Public Health Laboratories.
- Distributed updated laboratory guidance regarding implementation of testing at State Public Health Laboratories.
- Implemented private lab testing.
- Developed and disseminated pandemic planning guidance.
- Advised CHDs and HCCs to retain expired personal protective equipment until further notice.
- Florida Department of Health is coordinating on mobile field hospital planning.
- DOH strike teams have completed assessments for 3,874 long term care facilities to determine immediate unmet needs and promote appropriate infection control practices.
- DOH strike teams have responded to long term care facilities with COVID-19 positive patients.
- DOH continues to work toward increasing capabilities at drive through, walk up and mobile COVID-19 testing sites.

FLORIDA DIVISION OF EMERGENCY MANAGEMENT

- This week, FDEM continued the unprecedented push of personal protective equipment (PPE) to first responders and health care workers. This includes:
  - 800,000 N-95 face masks,
  - 2 million procedure masks,
  - 100,000 face shields,
  - 500,000 gloves,
  - 60,000 containers of hand sanitizer,
  - 35,000 gowns.
- With this week's push, the Division has sent out:
  - **8 million** masks, including N-95, procedure and surgical masks
  - **5 million** gloves,
  - **564,000** shoe covers,
  - **615,000** face shields,
  - **300,000** gowns,
  - **More than 100,000** containers of hand sanitizer,

FLORIDA AGENCY FOR HEALTH CARE ADMINISTRATION

- On April 14, AHCA issued Emergency Order AHCA 20-002 to temporarily suspend nursing home and Intermediate Care Facility assessment payments for March 2020 to help alleviate financial burdens. This EO suspension aims to alleviate financial burdens incurred at these facilities due to COVID-19.
- The Agency for Health Care Administration (AHCA) has created new temporary Personal Care Attendant program to help long-term care facilities fill staffing shortages. The program provides an 8-hour training on assisting with direct care so that personal care attendants can temporarily perform additional duties.
- AHCA has been working with the Department of Children and Families (DCF) to ensure current Medicaid recipients maintain benefits during the state of emergency. Medicaid application deadlines have also been extended.
- AHCA has made on-site visits to over 900 long-term care and residential facilities since the onset of the COVID-19 emergency. Additionally, AHCA has made over 5,000 telephone calls to residential providers statewide to assess infection control and prevention strategies, ensure county health department and local emergency operations center contact information are up to date, and assess supplies (specifically PPE).
- Find more information on AHCA's response to COVID-19 here.

FLORIDA DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION

- The Department of Business and Professional Regulation (DBPR) has updated its dedicated compliance complaint form to include an option for reporting vacation rental compliance concerns. The Department's Division of Hotels and Restaurants continues to monitor, review, and assign complaints received through this form for follow-up by division inspectors.
- Find more information on DBPR's response to COVID-19 here.

FLORIDA DEPARTMENT OF CHILDREN AND FAMILIES

- Per the Department of Children and Families' (DCF) request, the United States Department of Agriculture (USDA) approved Florida's waiver to permit the state to launch a pilot project that will allow families to purchase groceries online with their Electronic Benefit Transfer (EBT) card. DCF will continue to work closely with the USDA and participating retailers to implement this project by April 21, 2020.
- Under Governor DeSantis' direction, DCF has temporarily increased SNAP recipients' benefit amount to the maximum monthly allotment based on household size.
- DCF worked with DOH to develop precautionary protocols for child welfare professionals and adult protective investigators who may have to make in-person visits to ensure the safety of those vulnerable populations.
- Find more information on DCF's response to COVID-19 here.

FLORIDA DEPARTMENT OF CORRECTIONS

- The Florida Department of Corrections (FDC) is closely aligned with the CDC Interim Guidance on Management of COVID-19 in Correctional and Detention Facilities.

Florida Department of Health Updates New COVID-19 Cases, Announces Ten Deaths Related to COVID-19, Evening Update

~25,598 positive cases in Florida residents and 716 positive cases in non-Florida residents~

TALLAHASSEE — To keep Florida residents and visitors safe, informed and aware about the status of the virus, the Florida Department of Health has launched a COVID-19 dashboard that is updated twice daily. Today, as of 6 p.m., there are 26,314 total** Florida cases.
There are currently 307 long-term care facilities with positive cases of COVID-19. The Florida Department of Health has published the list here. The twice daily COVID-19 report also includes information by county about deaths related to staff or residents in long-term care facilities. Of the 1,825 cases of residents or staff in long-term care facilities, 179 have died.

While Florida's testing has increased, the percent of those testing positive for COVID-19 overall is 10 percent. Of the 10,306 tests performed on April 18, there were 1,068 positive results, or 10 percent.
Ten people have died who tested positive for COVID-19 in Dade, Lee, Okaloosa, St. Lucie and Seminole counties.
New Florida cases include:

- 318 additional positive COVID-19 cases (298 Florida residents and 20 non-Florida residents) reported to the Florida Department of Health.
- There are currently 25,598 positive cases in Florida residents and 716 positive cases in non-Florida residents.

Florida recently partnered with private laboratories around the state to expand COVID-19 laboratory testing capacity. This partnership will increase the number of tests conducted each day and ensure Floridians receive the critical health information they need in a timely manner.

Expansion to private laboratories changes the COVID-19 testing landscape in Florida. Private laboratories are running tests as they receive swab samples from practitioners. Testing and reporting times vary among commercial and DOH laboratories. Demographic information may

While Florida's testing has increased over the past week, the percent of those testing positive for COVID-19 overall is 10 percent. Of the 14,191 tests performed on April 17, there were 1,419 positive results, or 10 percent.
Eight people have died who tested positive for COVID-19 Escambia, Lake, Manatee, Sarasota, St. Lucie and Volusia counties.
New Florida cases include:

- 223 additional positive COVID-19 cases (220 Florida residents and 3 non-Florida residents) reported to the Florida Department of Health.
- There are currently 24,797 positive cases in Florida residents and 695 positive cases in non-Florida residents.

Florida recently partnered with private laboratories around the state to expand COVID-19 laboratory testing capacity. This partnership will increase the number of tests conducted each day and ensure Floridians receive the critical health information they need in a timely manner.

The State of Florida Issues COVID-19 Updates

TALLAHASSEE, Fla. - The State of Florida is responding to COVID-19. In an effort to keep Florida residents and visitors safe and aware regarding the status of the virus, the Florida Department of Health will issue this update every day, seven days per week.

Governor Ron DeSantis is in constant communication with Florida Division of Emergency Management Director Jared Moskowitz and State Surgeon General Dr. Scott Rivkees as the State of Florida continues to monitor and respond to the threat of COVID-19.
Today, Governor DeSantis announced he will form a taskforce to help with the resurgence and reopening of Florida after COVID-19. The task force will recommend the most prudent way to safely re-open Florida's economy in a phased-in approach. The task force will also place a significant emphasis on small business.

Additionally, Governor DeSantis announced that Florida will receive $173.6 million of federal funding for education through the CARES Act.

Governor DeSantis also directed Department of Management Services Secretary Jonathan Satter to take lead on the COVID-19 response at the Department of Economic Opportunity. As head of the Department of Management Services, which oversees the division of state technology, Secretary Satter has the knowledge and resources to address the complex technological challenges facing our state's reemployment system.

Recent actions the state has taken to respond to COVID-19:

- Florida has now tested more than 211,000 individuals for COVID-19.
- As of April 15, approximately 2,277 Florida National Guardsmen are currently deployed to support Florida's response to COVID-19.
- The Florida National Guard (FLNG) continues to support the state's COVID-19 response through operational support of Community Based Testing Sites (CBTS), augmentation to airport screening measures, statewide logistics support, coordination, planning and operational mission sets. To date, the FLNG has assisted in the testing of over 44,850 individuals for the COVID-19 virus.

AMERICAN OVERSIGHT

- At the direction of Governor DeSantis, the Florida Department of Highway Safety and Motor Vehicles has issued an Emergency Order extending all Florida driver licenses, commercial driver licenses and identification cards that expire March 16 through April 30, 2020.
- On April 14, the Agency for Health Care Administration (AHCA) issued Emergency Order AHCA 20-002 to temporarily suspend nursing home and Intermediate Care Facility assessment payments for March 2020 to help alleviate financial burdens. This EO suspension aims to alleviate financial burdens incurred at these facilities due to COVID-19.
- FDOT is leading the coordination of DOH and the Florida Highway Patrol to implement Executive Order 20-86. To date, more than 6,000 traveler forms have been collected at the I-10 and I-95 checkpoints.
- FDOT continues to coordinate with public use airports, DOH and law enforcement to implement Executive Order 20-80. To date, more than 14,000 traveler forms have been collected at public use airports across the state.

Additional actions the state has taken to respond to COVID-19:

FLORIDA DEPARTMENT OF HEALTH

- At the direction of Governor DeSantis, State Surgeon General Dr. Scott Rivkees declared a Public Health Emergency for COVID-19 in Florida.
- Governor DeSantis announced that the state ordered an additional 2,500 test kits to supplement the adequate resources already available to test for COVID-19. These additional test kits will enable the Department of Health, working with Florida health care providers, to test up to an additional 625,000 individuals. The Governor also suspended non-essential in state and all out-of-state travel for state employees for 30 days.
- Established a public call center for questions regarding COVID-19. The call center launched Monday, March 2, and is open 24/7.
- Established mechanisms for monitoring and coordination with the Centers for Disease Control and Prevention (CDC) regarding epidemiological activities.
- Distributed CDC Interim Guidance for public health personnel evaluating Persons Under Investigation (PUI) and asymptomatic close contacts of confirmed cases at their home or non-home residential settings to CHDs.
- Approved and disseminated an updated Clinician Screening Tool for identifying COVID-19 PUIs.
- Implemented testing at all three State Public Health Laboratories.
- Distributed updated laboratory guidance regarding implementation of testing at State Public Health Laboratories.
- Implemented private lab testing.
- Developed and disseminated pandemic planning guidance.
- Advised CHDs and HCCs to retain expired personal protective equipment until further notice.
- Florida Department of Health is coordinating on mobile field hospital planning.

FLORIDA DIVISION OF EMERGENCY MANAGEMENT

- This week, FDEM will continue the unprecedented push of personal protective equipment (PPE) to first responders and health care workers. This includes:
    - 800,000 N-95 face masks,
    - 2 million procedure masks,
    - 100,000 face shields,
    - 500,000 gloves,

AMERICAN OVERSIGHT

AMERICAN OVERSIGHT

    - 60,000 containers of hand sanitizer,
    - 35,000 gowns.
- With this week's push, the Division has sent out:
    - **8 million** masks, including N-95, procedure and surgical masks
    - **5 million** gloves,
    - **564,000** shoe covers,
    - **615,000** face shields,
    - **300,000** gowns,
    - **More than 100,000** containers of hand sanitizer,
    - **47,000** goggles
    - **22,000** coveralls
- Find more information on DEM's response to COVID-19 here.

FLORIDA AGENCY FOR HEALTH CARE ADMINISTRATION

- On April 14, AHCA issued Emergency Order AHCA 20-002 to temporarily suspend nursing home and Intermediate Care Facility assessment payments for March 2020 to help alleviate financial burdens. This EO suspension aims to alleviate financial burdens incurred at these facilities due to COVID-19.
- The Agency for Health Care Administration (AHCA) has created new temporary Personal Care Attendant program to help long-term care facilities fill staffing shortages. The program provides an 8-hour training on assisting with direct care so that personal care attendants can temporarily perform additional duties.
- AHCA has been working with the Department of Children and Families (DCF) to ensure current Medicaid recipients maintain benefits during the state of emergency. Medicaid application deadlines have also been extended.
- AHCA has made on-site visits to over 900 long-term care and residential facilities since the onset of the COVID-19 emergency. Additionally, AHCA has made over 5,000 telephone calls to residential providers statewide to assess infection control and prevention strategies, ensure county health department and local emergency operations center contact information are up to date, and assess supplies (specifically PPE).
- Find more information on AHCA's response to COVID-19 here.

FLORIDA DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION

- The Department of Business and Professional Regulation (DBPR) has updated its dedicated compliance complaint form to include an option for reporting vacation rental compliance concerns. Florida Department of Health Updates New COVID-19 Cases, Announces Twenty-Three Deaths Related to COVID-19, Evening Update

~21,865 positive cases in Florida residents and 654 positive cases in non-Florida residents~

TALLAHASSEE —To keep Florida residents and visitors safe, informed and aware about the status of the virus, the Florida Department of Health has launched a COVID-19 dashboard that will be updated twice daily. We also encourage all Floridians to take the COVID-19 Community Action Survey by visiting www.StrongerThanC19.com.
Today, as of 6 p.m., there are 22,519 total** Florida cases.
While Florida's testing has increased over the past week, the percent of those testing positive for COVID-19 overall is 11 percent. Of the 7,360 tests performed on April 14, there were 875 positive results, or 12 percent.
Twenty-three people have died who tested positive for COVID-19 in Broward, Charlotte, Citrus, Dade, Highlands, Lake, Lee, Orange, Palm Beach, Sarasota and St. Johns counties.
New Florida cases include:

- 438 additional positive COVID-19 cases (430 Florida residents and 8 non-Florida residents) reported to the Florida Department of Health.
- There are currently 21,865 positive cases in Florida residents and 654 positive cases in non-Florida residents.

Florida recently partnered with private laboratories around the state to expand COVID-19 laboratory testing capacity. This partnership will increase the number of tests conducted each day and ensure Floridians receive the critical health information they need in a timely manner.

Expansion to private laboratories changes the COVID-19 testing landscape in Florida. Private laboratories are running tests as they receive swab samples from practitioners. Testing and reporting times vary among commercial and DOH laboratories. Demographic information may be updated during investigations. These twice daily reports reflect the state's efforts to accurately and transparently share information.

The State of Florida Issues COVID-19 Updates

TALLAHASSEE, Fla. - The State of Florida is responding to COVID-19. In an effort to keep Florida residents and visitors safe and aware regarding the status of the virus, the Florida Department of Health will issue this update every day, seven days per week.

Governor Ron DeSantis is in constant communication with Florida Division of Emergency Management Director Jared Moskowitz and State Surgeon General Dr. Scott Rivkees as the State of Florida continues to monitor and respond to the threat of COVID-19.
Governor Ron DeSantis is taking further steps to protect individuals living in long term care facilities from COVID-19 by directing the Florida National Guard to create strike teams to significantly increase testing in these facilities across the state.

The Governor will initially deploy the strike teams to counties that have been hardest hit by COVID-19. Ten teams of four will take samples from all willing staff members and residents in each facility.

The Department of Health has taken the following actions over the last month:

- Screening and suspending visitation in long-term care facilities.
- Conducting long-term care facility assessments with 120 ambulance assessment teams tasked with deploying preemptive measures to prevent the introduction of COVID-19.
- Deploying rapid emergency support teams to facilities that have had residents test positive for COVID-19 to provide support and ensure the health of all individuals (residents and staff), and
- Conducting testing and sentinel surveillance.

Recent actions the State has taken to respond to COVID-19:

- The Florida Department of Transportation (FDOT) is leading the coordination of DOH and the Florida Highway Patrol to implement Executive Order 20-86. To date, more than 5,500 traveler forms have been collected at the I-10 and I-95 checkpoints.

AMERICAN OVERSIGHT

- FDOT continues to coordinate with public use airports, DOH and law enforcement to implement Executive Order 20-80. To date, more than 13,500 traveler forms have been collected at public use airports across the state.
- The Florida National Guard (FLNG) continues to support the state's COVID-19 response through operational support of Community Based Testing Sites (CBTS), augmentation to airport screening measures, statewide logistics support, coordination, planning and operational mission sets. To date, the FLNG has assisted in the testing of over 38,510 individuals for the COVID-19 virus.
- Governor Ron DeSantis and Education Commissioner Richard Corcoran announced that 32,614 laptop computers are being distributed to 34 mostly small, rural school districts throughout Florida and the Florida A&M University Developmental Research School.

Additional actions the State has taken to respond to COVID-19:

FLORIDA DEPARTMENT OF HEALTH

- At the direction of Governor DeSantis, State Surgeon General Dr. Scott Rivkees declared a Public Health Emergency for COVID-19 in Florida.
- Governor DeSantis announced that the State ordered an additional 2,500 test kits to supplement the adequate resources already available to test for COVID-19. These additional test kits will enable the Department of Health, working with Florida health care providers, to test up to an additional 625,000 individuals. The Governor also suspended non-essential in state and all out-of-state travel for state employees for 30 days.
- Established a public call center for questions regarding COVID-19. The call center launched Monday, March 2, and is open 24/7.
- Established mechanisms for monitoring and coordination with the Centers for Disease Control and Prevention (CDC) regarding epidemiological activities.
- Distributed CDC Interim Guidance for public health personnel evaluating Persons Under Investigation (PUI) and asymptomatic close contacts of confirmed cases at their home or non-home residential settings to CHDs.
- Approved and disseminated an updated Clinician Screening Tool for identifying COVID-19 PUIs.
- Implemented testing at all three State Public Health Laboratories.
- Distributed updated laboratory guidance regarding implementation of testing at State Public Health Laboratories.
- Implemented private lab testing.
- Developed and disseminated pandemic planning guidance.
- Advised CHDs and HCCs to retain expired personal protective equipment until further notice.
- Florida Department of Health is coordinating on mobile field hospital planning.

FLORIDA DIVISION OF EMERGENCY MANAGEMENT

- Last week, the Florida Division of Emergency Management has made an unprecedented push of personal protective equipment (PPE) to first responders and health care workers. This includes:
    - 2 million masks,
    - 300,000 face shields,
    - More than 50,000 containers of hand sanitizer,
    - 500,000 shoe covers,
    - More than 100,000 gowns, and
    - 350,000 gloves.

AMERICAN OVERSIGHT

Florida Department of Health Updates New COVID-19 Cases, Announces Twenty-Nine Deaths Related to COVID-19, Evening Update

~20,394 positive cases in Florida residents and 625 positive cases in non-Florida residents~

TALLAHASSEE —To keep Florida residents and visitors safe, informed and aware about the status of the virus, the Florida Department of Health has launched a COVID-19 dashboard that will be updated twice daily. We also encourage all Floridians to take the COVID-19 Community Action Survey by visiting www.StrongerThanC19.com.
Today, as of 6 p.m., there are 21,019 total** Florida cases.
While Florida's testing has increased over the past week, the percent of those testing positive for COVID-19 overall is 11 percent. Of the 9,718 tests performed on April 12, there were 1,045 positive results, or 11 percent.
Twenty-nine people have died who tested positive for COVID-19 in Brevard, Broward, Citrus, Clay, Collier, Dade, Lee, Manatee, Palm Beach, Polk, Sarasota, St. Lucie and Suwannee counties.
New Florida cases include:

- 418 additional positive COVID-19 cases (359 Florida residents and 59 non-Florida residents) reported to the Florida Department of Health.
- There are currently 20,394 positive cases in Florida residents and 625 positive cases in non-Florida residents.

Florida recently partnered with private laboratories around the state to expand COVID-19 laboratory testing capacity. This partnership will increase the number of tests conducted each day and ensure Floridians receive the critical health information they need in a timely manner.

Expansion to private laboratories changes the COVID-19 testing landscape in Florida. Private laboratories are running tests as they receive swab samples from practitioners. Testing and reporting times vary among commercial and DOH laboratories. Demographic information may be updated during investigations. These twice daily reports reflect the state's efforts to accurately and transparently share information.

Florida Department of Health Updates New COVID-19 Cases, Announces Nine Deaths Related to COVID-19, Evening Update

~19,337 positive cases in Florida residents and 558 positive cases in non-Florida residents~

TALLAHASSEE — To keep Florida residents and visitors safe, informed and aware about the status of the virus, the Florida Department of Health has launched a COVID-19 dashboard that will be updated twice daily. We also encourage all Floridians to take the COVID-19 Community Action Survey by visiting www.StrongerThanC19.com.
Today, as of 6 p.m., there are 19,895 total** Florida cases.
While Florida's testing has increased over the past week, the percent of those testing positive for COVID-19 overall is 11 percent. Of the 12,388 tests performed on April 11, there were 1,378 positive results, or 11 percent.
Nine people have died who tested positive for COVID-19 in Bradford, Brevard, Flagler, Hillsborough, Jefferson, Marion, Palm Beach, Santa Rosa and Wakulla counties.
New Florida cases include:

- 548 additional positive COVID-19 cases (543 Florida residents and 5 non-Florida residents) reported to the Florida Department of Health.
- There are currently 19,337 positive cases in Florida residents and 558 positive cases in non-Florida residents.

Florida recently partnered with private laboratories around the state to expand COVID-19 laboratory testing capacity. This partnership will increase the number of tests conducted each day and ensure Floridians receive the critical health information they need in a timely manner.

Expansion to private laboratories changes the COVID-19 testing landscape in Florida. Private laboratories are running tests as they receive swab samples from practitioners. Testing and reporting times vary among commercial and DOH laboratories. Demographic information may be updated during investigations. These twice daily reports reflect the state's efforts to accurately and transparently share information.

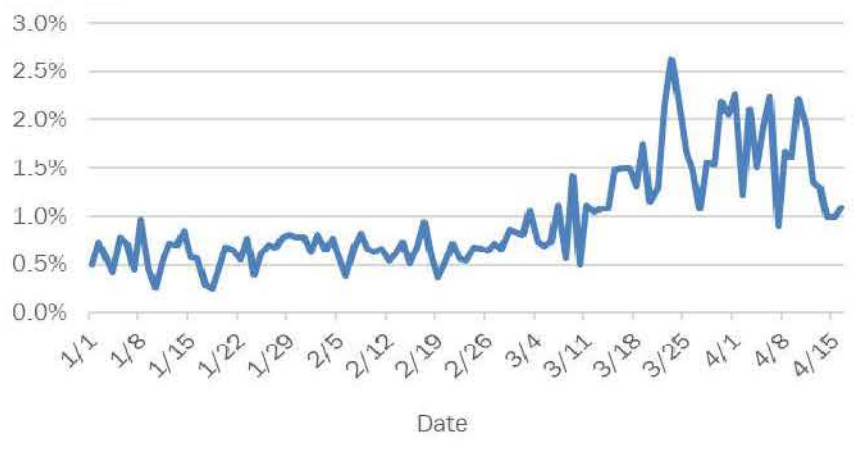
Deaths	112	(6% of all cases)
Statewide		
Hospitalizations	3,495	(15% of all cases)
Deaths	668	(3% of all cases)

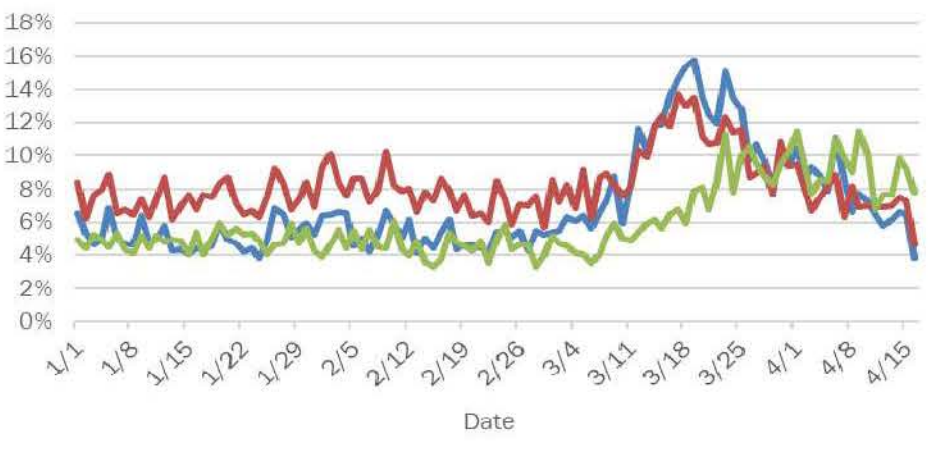
Hospitalization counts include anyone who was hospitalized at some point during their illness. It does not reflect the number of people currently hospitalized.
Other race includes any person with a race of American Indian/Alaskan native, Asian, native Hawaiian/Pacific Islander, or other.

Laboratory testing for Florida residents and non-Florida residents over the past 2 weeks



Number and percent of positive labs

These counts include the number of people for whom the department received laboratory results by day. People tested on multiple days will be included for each day a new result was received. A person is only counted once for each day they are tested, regardless of whether multiple specimens are tested or multiple results are received. If a person has a positive specimen and a negative specimen in the same day, only the positive result is counted.



Emergency department (ED) chief complaint and admission data for Palm Beach County

Daily percent of ED visits that result in **cough-associated admissions**

Daily percent of ED visits that mention **cough**, **fever**, or **shortness of breath**

The Electronic Surveillance System for the Early Notification of Community-Based Epidemics (ESSENCE-FL) includes chief complaint data from 215 of 216 Florida EDs. Data are transmitted electronically to ESSENCE-FL daily or hourly.

Roseann

Hope all is well. The enclosed listing is only for you and the Mayor. We will make some improvements to it as we go alone, let me know if there any filed that you are interested on having and we will explore if it can be disclosed. On another matter, it is important that if at some point the Mayor decides to close County owned buildings to clearly exclude were we operate. I truly thank you guys for all your support, thanks!

Dr. Pino.

The mayor has been receiving an increasing number of questions, and some criticisms regarding the lack of tracking of our number of "recovered" cases in Orange County. I'm told they are tracking these numbers in neighboring counties, as well as south Florida.

Do you anticipate identifying these numbers in Orange County soon, as well as the daily volume of new patients who are added to the "recovered" list? This info will also be helpful as the mayor contemplates the strategies and timing for reopening some business activities in Orange County.

Thanks for any additional info you can provide.

Subject: Conference Call with State and Local Elected Officials

All,

The Mayor will hold a conference call with State and Local Elected Officials on Monday, April 13 at 2:30 pm. Awilda will send you the dial in information as a calendar invitation.

The call will include our state representatives and senators, constitutional officers, city council members from our municipalities and city managers.

The Mayor will update the group on his discussions with the Governor concerning the OCCC and our request for a regional Alternative Medical Treatment Site (AMTS).

The Mayor would like Dr. Zuver to discuss the hospital predictive model information and the various timing for a surge. He would then like Dr. Pino to give an update from the Department of Health. He would like to make it clear that the safety and well-being of our community is imperative and that we must have healthcare professionals involved in any decisions about transitioning to recovery and loosening restrictions.

The Agenda will look something like this:

- Welcome – Mayor Demings
  - Discussions with the Governor and Jared Moskowitz, State Emergency Operations Manager
  - Alternative Medical Treatment Site
- Hospital Modeling and Forecast – Dr. Chris Zuver
- Update from the Florida Department of Health – Dr. Raul Pino
- Planning for the Surge and Transition to Recovery – Mayor Demings
- Questions

lease let me know if you have any questions.

Coronavirus is mysteriously sparing kids and killing the elderly. Understanding why may help defeat the virus.

One of the few mercies of the spreading coronavirus is that it leaves young children virtually untouched — a mystery virologists say may hold vital clues as to how the virus works.

In China, only 2.4 percent of reported cases were children and only 0.2 percent of reported cases were children who got critically ill, according to the World Health Organization. China has reported no case of a young child dying of the disease covid-19.

Meanwhile, the new coronavirus has proved especially deadly on the other end of the age spectrum. The fatality rate in China for those over 80 is an estimated 21.9 percent, per the WHO. For ages 10 to 39, however, the fatality rate is roughly 0.2 percent, according to a separate study drawing on patient records of 44,672 confirmed cases. And fatalities and severe symptoms are almost nonexistent at even younger ages.

That means the new coronavirus is behaving very differently from other viruses, like seasonal influenza, which are usually especially dangerous for the very young and very old.

"With respiratory infections like this, we usually see a U-shaped curve on who gets hits hardest. Young children at one end of the U because their immune systems aren't yet developed and old people at the other end because their immune systems grow weaker," said Vineet Menachery, a virologist at the University of Texas Medical Branch. "With this virus, one side of the U is just completely missing."

Figuring out why children are so unaffected could lead to breakthroughs in understanding how and why the virus sickens and kills other age groups, said Frank Esper, a pediatric infectious disease specialist at Cleveland Clinic Children's. Among the questions Esper and others are exploring: Is the severity of infection related to what patients were exposed to previously? Does it have to do with how our immune systems change with age? Or could it be due to pollution damage in the lungs that people accumulate over years?

AD

"Or maybe it has nothing to do with the virus and has to do with host, like underlying conditions in the lungs, diabetes or hypertension. After all, few 7-year-olds or newborns have hypertension," said Esper, who studies viral respiratory infections and new diseases. "Figuring out what's at play here could be helpful in so many ways."

Sign up for our Coronavirus Updates newsletter to track the outbreak. All stories linked within the newsletter are free to access.

Previous coronavirus outbreaks have also mysteriously spared the young. No children died during the SARS outbreak in 2002, which killed 774 people. And few children developed symptoms from the deadly MERS coronavirus, which has killed 858 since 2012.

To find out why, Menachery has been giving mice at his Texas lab SARS — which is a very close cousin to the new coronavirus. Baby mice at his lab have shaken off the infection, while the older mice have had their lungs and bodies ravaged by the disease.

)

Menachery found the older mice's fatalities were strongly related to not just weakness in their immune systems but also a

AMERICAN OVERSIGHT

"disregulation" that caused their immune systems to overreact to the SARS coronavirus. That's similar to how humans die of infections from the new coronavirus, called SARS-CoV-2.

"It's the aggressive response from their immune system that is damaging them, even more than the infection itself," Menachery said. "It's like police responding to a misdemeanor with a SWAT team crashing through the door."
The question he and others have still struggled to answer, however, is why the baby mice escape unscathed.
Some experts have floated a theory that because children are so heavily exposed to four other mild coronaviruses, which circulate every year and cause the common cold, that may give kids some kind of strengthened immunity. But many have doubts about that argument because adults catch the common cold coronaviruses too, and the immune systems of children — especially under the age of five — are underdeveloped, which should make them more vulnerable, not less.

"If it bears out that kids are less prone to infection, then I suspect there's something more mechanical than immunological going on," said Esper, the pediatric infection expert. "Something about the receptors in children's bodies or their lungs is interfering with the virus' ability to attach itself."
"It just shows you how much we don't know about this virus," said Stuart Weston, a virologist at the University of Maryland School of Medicine who has been testing anti-viral drugs that could help treat the new coronavirus. "The focus now is on vaccines and treatment, but there are all these big questions we're going to want to answer in the long-term if we want to really understand how these coronaviruses work."

So given all that, does it make sense to close schools?
Because so few cases have been found in children, there's been speculation children are simply less likely to get infected.

But many epidemiologists suspect mild symptoms may simply be masking that children are getting infected the same rates as adults. New data published last week by Chinese researchers showed authorities searching for coronavirus cases based on symptoms found lower rates in kids. But when they relied on contact tracing — testing people who come in contact with a confirmed case — children seemed to be getting infected at the same rate as adults.

"We know from pandemic research that closing schools can be effective in slowing down transmission because children are often a driver of infection. They spread it to parents, relatives and the wider community," said Caitlin Rivers, an epidemiologist at the Johns Hopkins Center for Health Security.

Some districts may find themselves closing schools because it will be tough to stay open as teachers, principals and janitors get infected, said Rivers, who has children herself. "We may end up closing schools in part to protect the adults and staff."

Subject: Coronavirus update - news conference at 4 p.m. today - OC's webpage resource
Attachment(s): "POS_20.02_CoronaVirus (003).pdf"

Good afternoon, Communicators and Partners! Orange County Government and Mayor Demings is hosting a news conference with local officials, including Mayor Dyer with the City of Orlando and other health officials and elected leaders about the coronavirus. The main purpose of the news conference is to discuss common questions and dispel myths about the virus – and also touch on some of the points that the Governor spoke on today. As well as reinforce what individuals can do from a prevention standpoint. Orange County Fire Rescue will also be present to discuss their proactive measures.

The 4pm news conference will be held at Orange County Admin Building (201 S. Rosalind Ave.) and will be live on Orange TV (Channel 488 on Spectrum, Channel 9 on Comcast, 1081 CenturyLink Prism TV, 10.2 Digital Over the Air). Or you can view on line at www.ocfl.net/otvlive And on YouTube at:
https://youtu.be/Dt_S81hcyqo

Orange County Government has this webpage: www.ocfl.net/coronavirus and will be adding information to it per the lead of FDOH and other agencies. This webpage is also at our homepage at www.ocfl.net. I have also attached a handout we have for news media.

We will make sure to keep you in the loop. Please check webpage and stay tuned to Orange County's social channels for any updates. If you have any information you'd like us to link to or other information to share (we will be constantly adding to our webpage), feel free to send to me. Thank you.

CORONAVIRUS (COVID-19)

Prevention Information from the CDC

Wash hands often with soap and water for 20 seconds or use hand sanitizer (at least 60% alcohol) if soap and water is not readily available.

Do not touch your face and cover all coughs and sneezes with a tissue or your sleeve.

Make sure hot running water is available in all restroom and lavatory facilities.

For proper handwashing, **Have plenty of disposable paper towels** (NOT cloth hand towels) or air dryers.

Clean and disinfect commonly touched areas (doorknobs, surfaces etc.).

Work now to create "work from home protocols" for staff members who may be ill with respiratory or related illness.

Facemasks are not necessary for the general public!

Facemasks are used routinely by healthcare professionals and individuals who are already sick.

Stay home if you are sick (except if you need medical attention).

Gaby,

I received your message. By way of this email I am introducing you to Dr. Raul Pino, Director of the State Health Department in Orange County and Dr. Yolanda Martinez, Director of Health Services for Orange County. Either of these two individuals would be able to provide your members with an update on the Coronavirus. I also copied Ricardo Daye, Director of Orange County Human Resources. He and his team are managing the human resource issues related to coronavirus for Orange County and can answer questions about a resource to educate your members.

Dr. Pino, Dr. Martinez, and Ricardo, Gaby Ortigoni is the President of the Hispanic Chamber and looking for assistance educating her member small businesses on ways to deal with the coronavirus.

Gaby, I will let you take it from here.

Coronavirus: summary of persons being monitored, persons under investigation, and cases

Mar 22, 2020 at 5:17 PM

Data in this report are provisional and subject to change.

Monitored persons: people the Florida Department of Health was notified of for possible monitoring because they are a contact of a case, traveled from China, or were identified by the Centers for Disease Control and Prevention (CDC) as a part of a airline/ship contact investigation

Total reports	2,880
Total persons of high, medium, or unknown risk	2,212
High/medium/unknown risk still being monitored	1,147

Persons tested: testing at the state public health laboratory (BPHL) is intended for people with symptoms and known exposure or severe illness; commercial and hospital laboratories are available for all other testing

Total tested	10,338
Positive	1,007
Negative	9,330
Inconclusive	1
Awaiting BPHL testing	932

Confirmed cases

Confirmed cases in Florida residents	937
Confirmed by BPHL/CDC	370
Positive by commercial/hospital lab	567
Characteristics of Florida resident cases	
Not exposed/infectious in Florida	6
Hospitalized	181
Deaths	13
Cases in non-Florida residents	70
Confirmed by BPHL/CDC	31
Positive by commercial/hospital lab	39
Total cases	1,007

Chief

GM. It came to my attention that during the EM call yesterday you had mention a lack of collaboration on our part when it comes to data sharing. I was very surprised and truly shocked, there is not one single piece of data that we haven't shared. Perhaps there are some miscommunication as this is a very fast moving target. Please feel free to call me if you have any questions or there is any way we can improve communications across agencies. I take our partnership very seriously these are some of the examples of what we are doing :

1. Having daily calls with OC Health Services.
2. Having weekly calls with OCPS.
3. DOH have a outside facing portal with all pertinent data at your disposal.
4. We shared granular data with EMS Medical director (we had some technical challenges twice and it was communicated to OC Health Services)
5. We continues to share all analytical work as it is getting underway

Chief, let me know if you have additional questions.

Dr. Pino,

I saw the location of the five new sites on Channel 2 news last night. So, it appears the locations have been announced, although the story did not provide any details about how they will operate, i.e., different site each day.

I was going to hold on advising our County Commissioners until closer to the presser this afternoon, but since it appears the locations are now public knowledge, I feel compelled to notify our Commissioners this morning, as well as a few other elected officials that have contacted the Mayor or me recently.

Let me know if you have any reservations on the above. Thanks.

Subject: DOH Providing Five New Mobile Test Sites in Orange County

Commissioners,

Just a quick note to advise those that may not have heard that the Department of Health (DOH) will be opening additional mobile test sites in Orange County starting next week, pending confirmation on receipt of the collection/test kits. Dr. Raul Pino will provide more details later today. Mayor Demings committed to Orange County working with DOH to provide additional sites to increase accessibility to County residents, and the Mayor is making four of our County Parks & Recreation sites available as mobile test locations. Further, the County Fire Department will assist with this effort as needed.

The four County sites DOH selected are as follows, and they were based on DOH's analysis of hot spots, space needs for set-up, geographic dispersion, ease of access for citizens, etc.:

- Blanchard Park
- South Econ Community Park
- Barnett Park
- West Orange Park

DOH will have a fifth site at Camping World Stadium in the City of Orlando.

There is no cost to the residents to be tested, nor is there any eligibility criteria, so anyone can be tested. DOH will ask folks to make an appointment and will provide the call-in number this afternoon. They prefer the appointment method so that all necessary paperwork can be completed in advance, thus minimizing personal interaction, and to reduce potential long lines.

Dr. Pino will provide the specifics of how these roving mobile test sites will operate later today, including the schedule noting what day testing will be done at each site.

I hope this is helpful information.

Questions in Chat Room	**11:40 – 11:45 AM**

Follow Up Question After Previous Webex

- Submitted By: Mariam Mengistie

Can you work out an agreement with motels to put up low income individuals who need to be quarantined? This concern had been shared from families who live in overcrowded houses and have no place to go if one person gets sick. It will be a huge help for people to know that they can isolate themselves safely if they are infected/awaiting results of COVID-19 test. If Orange County can make funds available for this, it can also be a way of helping small motels.

Mayor's Closing Comments	**11:55 – 12:00 PM**

AMERICAN OVERSIGHT

Mayor Jerry L. Demings
Faith Based Leaders Webex Meeting on COVID-19
April 22, 2020 |11am – 12noon

I want to thank everyone for joining me today for our second Faith Based Leaders meeting to discuss the coronavirus and the county and community response.

As we begin the conversation, I want to take the opportunity to recognize the ongoing work our faith leaders are doing in the community. From food drives to senior meal delivery, you are helping our most vulnerable populations and those hit hardest by this crisis with food security. It is a true example of how our community pulls together during these challenging times.

I'm joined today by Dr. Yolanda Martinez, Director of Orange County Health Services, Dr. Raul Pino, Director of the Florida Department of Health in Orange County and Eric Ushkowitz, Administrator of Orange County's Economic Development Office. They will be providing updates from their respective areas during this meeting.

<u>Coronavirus Numbers</u>

I would like to share with you Orange County's latest numbers on this crisis.

Orange County now has 1,235 coronavirus cases and 27 deaths. When we last spoke we had 9 deaths in Orange County.

AMERICAN OVERSIGHT

The average age of those contracting coronavirus cases in Orange County is 46 years old.

So far, there have been a total of 18,227 tests administered in the County.

Our heat maps that indicate positive cases for coronavirus reflect hotspots on the east side. I would ask that each of you remember that this is just a snapshot of how things are now. The maps can change. The urgent message to our residents is that we are all at risk.

In regards to testing sites - on Monday, the State Department of Health opened a mobile or temporary clinic at Jay Blanchard Park off Dean Road.

Dr. Pino will talk more about our mobile test sites in just a moment. All information for testing is available on our webpage at ocfl.net/coronavirus

Orange County Economic Recovery Task Force

On Friday, I announced the formation of the Orange County Economic Recovery Task Force. It is chaired by the president of Visit Orlando George Aguel, and Tim Giuliani, the President of the Orlando Economic Partnership.

My goal is to restart the local economy and do it with the guidance of all segments of our local businesses that have been impacted by the stay-at-home order. They are tasked with protecting lives and livelihoods as we move forward.

AMERICAN OVERSIGHT

I want to note, that through this entire pandemic my team has been on calls with our industry leaders in health care, the attractions, hotels and resorts, and small businesses to look for the best time to start working toward recovery.

The time to map out our recovery is now.

This morning at 9am the Task Force held its first meeting. The meetings will be held virtually and streamed live on Orange TV for our residents to watch.

I want to caution everyone that we will have to be patient while the Task Force begins its work. We can't flip a switch and go back to the way things once were.

After the pandemic passes, we are going to see a change in sanitation and cleanliness protocols across the globe forever.

There will be federal, state and local guidelines that we will have to consult to make sure businesses will be in compliance.

We may have to require certain employees in businesses to wear facial coverings, take temperature readings, and continue some social distancing. Workers will have to be retrained to handle the new normal.

So as we work to get Orange County back open for business...and actually the entire region back up and running... we will listen to the experts on our Task Force, to make sure our recovery is unique to our community and practical.

AMERICAN OVERSIGHT

I would encourage you to watch the meeting live on Orange TV and each meeting will include public comment that is submitted online.

Dr. Raul Pino

I would like to turn it over to Dr. Raul Pino, Director, Florida Department of Health in Orange County who will provide information on testing and mobile sites in our region.

Dr. Pino talks…….

MAYOR INTRODUCES DR. MARTINEZ

I would like to introduce Dr. Martinez, Director of Orange County Health Services Department who will provide a community health update.

Dr. Martinz - speaks

MAYOR INTRODUCES ERIC USHKOWITZ

I would like to introduce Eric Ushkowitz, Administrator for the Orange County Economic Development Office to talk about economic relief and resources for faith-based organizations identified as 501(C)(3), and how residents can access the Orange County Economic Resiliency and Community team.

Eric speaks….

MAYOR - Questions on Chat Room

I would like to see if we have any questions in the Chat Room, that we can respond too.

AMERICAN OVERSIGHT

CENSUS

I want to make sure you are aware that the 2020 Census operations have been delayed due Covid-19.

However, responding to the Census is more important than ever. Some of the programs that we are relying on during this crisis have funding determined by the Census Count.

Programs such as school lunches, unemployment insurance, emergency management services and hospitals have their budgets determined by the Census.

Most households have received their invitations to respond. For those that have received it and in keeping with the guidelines of social distancing, please go online or call and complete the 2020 Census at: www.my2020census.gov

Closing

As we end this call, I will make sure the information that was discussed today is provided to you via email so you can share with your congregations.

I want to thank you for your time this morning and your continued leadership and service to Orange County. Please continue to pray for our county, state, and nation during these challenging times. Our goal is to get our lives back to normal as soon as possible, and with your help we will overcome this crisis.

Hello Dr. Martinez and Dr. Pino,

I want to thank you so much for your participation on today's Faith-Based Leaders Webex meeting on COVID-19. You both did a fabulous job! I apologize for any technical difficulties that may have occurred, but the meeting went very well.

I'm preparing a recap of today's meeting with attachments referenced during the meeting for the faith leaders. I will make sure you both have the information as well. Based on the Mayor's direction, we will schedule the webex meeting with our faith leaders on a weekly basis. I will let you both know as soon as I have a date and time for the next meeting.

Thank you again!

~~Florida Department of Health Updates New COVID-19 Cases, Announces One New Death Related to COVID-19, 6 p.m. Update~~

~510 positive cases in Florida Residents and 53 positive cases in non-Florida residents~

TALLAHASSEE — To keep Florida residents and visitors safe, informed and aware about the status of the virus, The Florida Department of Health has launched a COVID-19 dashboard that will be updated twice daily. Today, as of 6 p.m., there are 563 total** Florida cases.
There have been no new fatalities reported as of 6 p.m.
New Florida cases include:

- 43 additional positive COVID-19 cases (36 Florida residents and 7 non-Florida residents) reported to the Florida Department of Health.
- There are currently 510 positive cases in Florida residents and 53 positive cases in non-Florida residents.

Florida recently partnered with private laboratories around the state to expand COVID-19 laboratory testing capacity. This partnership will increase the number of tests conducted each day and ensure Floridians receive the critical health information they need in a timely manner.

Expansion to private laboratories changes the COVID-19 testing landscape in Florida. Private laboratories are running tests as they receive swab samples from practitioners. Testing and reporting times vary among commercial and DOH laboratories. Demographic information may be updated during investigations. These twice daily reports reflect the state's efforts to accurately and transparently share information.

More information on a case-by-case basis can also be found here.

EXECUTIVE SUMMARY

As the COVID-19 pandemic continues to progress, most jurisdictions have implemented physical distancing measures community-wide. As chains of transmission begin to decline, along with new COVID-19 cases, there will need to be decisions at the state level about how to transition out of strict physical distancing and into a phased reopening.

This document provides an assessment of the risk of SARS-CoV-2 transmission in a variety of organizations and settings that have been closed. We outline steps to reduce potential transmission during the reopening of these organizations and settings, building on the proposed phased approach from the National Coronavirus Response: A Road Map to Reopening. Reopening businesses and other sectors represents one of many steps that will need to be taken to revitalize communities recovering from the pandemic, restore economic activity, and mitigate the unintended public health impact of the distancing measures that were necessary to confront the epidemic of COVID-19. A discussion of larger community-wide considerations for holistically enhancing recovery can be found in the Appendix.

State-level decision makers will need to make choices based on the individual situations experienced in their states, risk levels, and resource assessments. They should make these decisions in consultation with community stakeholder groups. Different parts of the country face varying levels of risk and have different resources available to confront these uncertainties. These decisions will need to be accompanied by clear and transparent communication to gain community engagement around the greatly anticipated reopenings. Individuals, businesses, and communities have a role to play in taking actions to protect themselves and those around them during this time. In this report, we offer a framework for considering risks regarding the likelihood of transmission and potential consequences of those transmissions. This is accompanied by proposed assessments for nonessential businesses, schools and childcare facilities, outdoor spaces, community gathering spaces, transportation, mass gatherings, and interpersonal gatherings. This is followed by proposed action steps for state-level decision makers on how to use risk assessment findings.

INTRODUCTION

Over the past few weeks, most states have implemented strict physical distancing measures in an extraordinary effort to reduce transmission of SARS-CoV-2. These measures are working, and there are now signs of improvement in some communities where the numbers of new cases reported daily have begun to decline. Although no states are ready to lift physical distancing measures, there is immense pressure to get back to business as usual, and these developments have prompted questions around how to reopen in individual states when it becomes safer to do so.

It will be essential for each state to make informed decisions about how to carefully move from a strict physical distancing phase (Phase I) to a staged reopening phase (Phase II) and to communicate that rationale clearly. As important, governors should set appropriate expectations around the risks involved in reopening businesses and other sectors. To be clear, reopening will increase the risk of COVID-19 spread. Therefore, it is important for leaders to know that getting things open again will increase the risks of individuals contracting COVID-19, and there is no way to completely guard against that.

The majority of models have shown that, in the absence of social distancing, COVID-19 has a reproduction rate of between 2 and 3 (though some models have shown it to be higher). This means that every person with the disease will spread it to 2 to 3 others, on average. To end an epidemic, control measures need to drive that number as far below 1 as possible. A vaccine can do that if and when it becomes available. But in the meantime, social distancing measures, combined with case-based interventions, are the key tools to maintaining the reproduction rate below 1. If the reproduction rate rises above 1, this means that epidemic growth has resumed. If that occurs, it may be necessary to re-initiate large-scale physical distancing. It is important to recognize that states will need to actively manage COVID-19 cases with great vigilance for the entire duration of the pandemic until a safe and effective vaccine is widely available.

The purpose of this document is to assess the risk of SARS-CoV-2 transmission in businesses, schools, and other community spaces considered nonessential by state orders, in order to identify candidates for reopening. This evaluation should be done on the basis of risk for viral transmission in different settings and the ability to implement mitigation measures to reduce risks to employees and customers. Reopening businesses is only one step among many that will need to be considered on the path to recovering from this pandemic. This document is limited to issues of reopening and does not address other important matters related to recovery from this pandemic around the country. At the same time, reopening decisions prompt the larger question of how communities can plan better for other, future decisions (see Appendix).

PHASES OF REOPENING

This report builds on the epidemic phases described in the National Coronavirus Response: A Road Map to Reopening, published last month. That report outlined 4 phases and identified capacities required in each phase, as well as the triggers needed to progress from one phase to the next.

Phase I consists of community-level physical distancing measures to "slow the spread." In addition to asking community members to remain at home, state leaders should also use Phase I to increase access to diagnostic testing and increase public health and medical system capacities. These capacities are needed to safely identify and treat all COVID-19 patients and to prepare for a shift from community mitigation (what we are doing now) to case-based interventions (when we try to control spread by focusing testing and resources on individuals with disease who may be infectious and their close contacts).

A shift to Phase II could be considered when the following 4 criteria have been met: (1) the number of new cases has declined for at least 14 days; (2) rapid diagnostic testing capacity is sufficient to test, at minimum, all people with COVID-19 symptoms, as well as close contacts and those in essential roles; (3) the healthcare system is able to safely care for all patients, including having appropriate personal protective equipment for healthcare workers; and (4) there is sufficient public health capacity to conduct contact tracing for all new cases and their close contacts, as described in our National Plan to Enable Comprehensive COVID-19 Case Finding and Contact Tracing in the US.

During Phase II, businesses and sectors can begin a process of reopening, with modifications. Rather than asking everyone to stay home, states can limit SARS-CoV-2 transmission through a combination of physical distancing and case-based interventions (testing, contact tracing, and self-isolation for those with active disease or individuals who may have contracted SARS-CoV-2 and are awaiting test results), which in most places may require an expanded workforce and resources.

Phase III looks ahead to a time when an effective therapeutic or vaccine is available, and Phase IV identifies some policy priorities for increasing preparedness for the next public health threat. Details of those phases can be found in that full report.

AMERICAN OVERSIGHT
FL-ORANGE-20-1072-B-003562

CONSIDERATIONS FOR STATE-LEVEL DECISION MAKING

There is no one-size-fits-all approach to reopening. Governors will need to assess the epidemiologic situation in consultation with public health and healthcare leaders, along with mayors, local community leaders, and health departments. These discussions should include considerations of available capacities (eg, in the areas of diagnostic testing, personal protective equipment, healthcare and medical resources), careful risk assessments, and a weighing of the risks and benefits sector by sector. Governors will need to decide whether to implement the same reopening policies across the state or if there will be local decisions taken at the county or city levels. They will also need to make plans for the potential reintroduction of physical distancing measures should there be an uptick in cases.

Epidemiologic risk for increasing virus transmission is only one of many factors that should guide decision making at the state level. This document is not intended to be a comprehensive representation of necessary steps for transitioning into new phases of the pandemic. Decisions pertaining to reopening of different sectors can be particularly high consequence, and governors should ideally consult with a multidisciplinary group of stakeholders who have an understanding of the circumstances facing communities and the ability to identify downstream impacts of decisions around reopening sectors in local communities. These stakeholders could include, for example, leaders from chambers of commerce or small business bureaus, faith-based communities, representatives from minority and underserved communities, and organizations that regularly work with vulnerable populations. These diverse perspectives will highlight the practicalities of what reopening will mean for their communities and will uncover opportunities for state and local leaders to provide additional support to those communities during the transition to Phase II, where gradual reopening begins.

Consequential decisions around reopening have the potential to be immensely beneficial but also carry the possibility for unintentional harm. Decisions driven by risk assessments will support protection of the health and safety of the public. The addition of consultations with multidisciplinary stakeholder groups ensures that many voices are heard and that additional programmatic and financial resources can be directed to places where they are most needed.

AMERICAN OVERSIGHT
FL-ORANGE-20-1072-B-003563

COMMUNICATION AROUND REOPENING

The most critical component in communication around reopening is to ensure community engagement in both mitigation measures taken to prevent the spread of disease and plans for reopening. This requires substantial effort to coordinate with community and business stakeholders. Communication must address concerns from those stakeholders and should be conducted with an interest in 2-way communication and input from a wide range of voices. Without community engagement as a goal of communication efforts, there is a risk of distrust, spread of misinformation, and lack of compliance. Different states and local communities may weigh differently the competing considerations as to how they stage their reopening, based on local needs, resources, social issues, and risk factors. This underscores the importance of leaving these decisions to state and local officials, and for state and local officials to involve interdisciplinary stakeholder groups in reopening discussions.

There is great anticipation of the possibility of returning to a sense of normalcy and routine activities; therefore, framing and communication of goals and considerations around reopening will be of key importance. The position from which decisions are framed will function to generate support from members of the public. Communities are feeling the costs of lost livelihoods, interrupted schooling for children, and grief from loss of loved ones to the virus. Measured strategies for explaining the factors involved with reopening decision making will be needed.

Communication before and during the period of phased reopening should be transparent about the factors that are being used to make decisions, the decision-making process, and those stakeholders who were part of the decision-making process. Leaders should acknowledge uncertainty where it exists and highlight what measures are being taken to reduce that uncertainty. They should also foreshadow what information may lead to a change in recommendations. A nuanced understanding of the challenges faced by those affected by decisions about reopening and empathy toward these challenges is also critical to ensure members of the community feel their issues have been given consideration.

Communication during reopening should also ensure that individuals know what actions they should take to protect themselves from COVID-19 and what should reasonably be expected from businesses and other community members. This requires a good understanding of their risks and the mitigation measures being put in place by businesses. State and local authorities should regularly update members of the public about what they are doing to keep people safe, changing circumstances, and changes in requirements for businesses.

AMERICAN OVERSIGHT
FL-ORANGE-20-1072-B-003564

THE IMPORTANCE OF RISK ASSESSMENT

Risk assessments should be integrated into the decisions around reopening. Risk assessments are formalized processes to evaluate risks and hazards. Assessing the risks of easing social distancing measures and restarting parts of the economy requires a measurement of the **likelihood** of increased transmission and the **consequences** of that transmission. Likelihood in this case means the probability that reopening a business, school, or other organization where people congregate will cause significantly increased transmission. Consequence is the impact that increased transmission could have on individuals or communities if a business, school, or other organization reopens or eases social distancing measures.

In addition, there are mitigation measures that can decrease both the likelihood and consequences of transmission. Although enumeration of those mitigation measures for every type of business is beyond the scope of this report, we briefly describe principles of risk reduction through the hierarchy of controls later in this section. Where possible, we have also linked to a selection of existing guidance throughout the document.

The risks of increased transmission of COVID-19 are balanced against risks to the health and well-being of the public, society, and the economy from measures taken to reduce the spread of the disease. The likelihood and consequence of harms across a range of factors, including but not limited to increased disease transmission, other health impacts, threats to livelihoods, and consequences to regional economies, should be considered together.

Likelihood

There are still many gaps in scientific understanding about the transmission dynamics of SARS-CoV-2. But initial published data suggest that transmission of SARS-CoV-2 occurs primarily through prolonged, close contact. In studies that have monitored people with a known exposure to a confirmed case, household members, those who report frequent contact, and people who have traveled together or shared a meal are found to be at highest risk of infection. Other studies that attempt to reconstruct transmission chains among confirmed cases have also found that prolonged close contact is the source of most new infections. Some special settings have also been identified. Superspreading events have been linked to religious services, choir practice, and large family gatherings, among others. Congregate settings like cruise ships, institutions of incarceration, and long-term care facilities have also been the source of large outbreaks. These findings suggest that settings where close contact is minimal will be lower risk than settings with prolonged close contact.

AMERICAN OVERSIGHT
FL-ORANGE-20-1072-B-003565

However, it is important to note that low risk does not mean no risk. Any place where people come together or have contact with shared surfaces could in theory be a transmission opportunity. Exact quantification of the risks of various activities is not possible, so we present here qualitative assessments using expert elicitation and published data as of the date of this report.

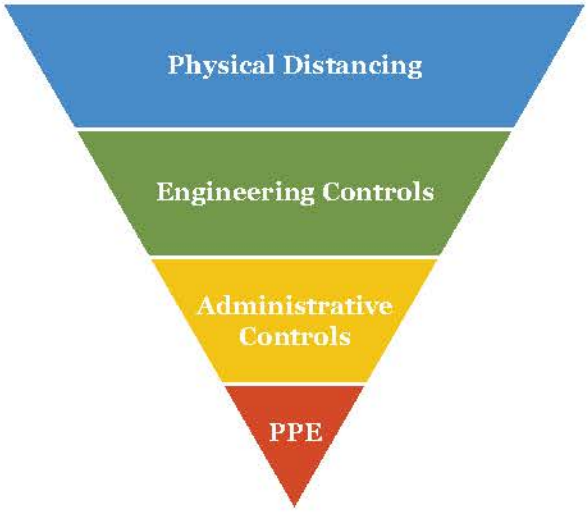
Consequences

The primary consequence is the risk of increased transmission of SARS-CoV-2, which could precipitate community spread. Businesses or activities that bring people together in densely populated spaces, those that have employees or customers that travel further and disperse more widely, and those that either employ or have a large number of customers with COVID-19 risk factors, like underlying medical conditions, may create greater personal and societal consequences if they ignite a chain of transmission by reopening.

Mitigation

Mitigation measures are those actions to reduce the negative impacts of situations carrying increased risk through minimizing the severity or scope of impact. The Centers for Disease Control and Prevention has published extensive guidance on implementation of mitigation measures across multiple levels of society, including individuals, schools, workplaces, faith-based organizations, and congregate living spaces.

Even if a business or organization is deemed to be high risk because of likelihood or consequences of increased transmission, it is possible to reduce that risk with targeted mitigation steps. However, it should be noted that no mitigation step will reduce the risk completely, and even with multiple mitigation steps in place, some businesses or organizations may be at too high a risk to open until the pandemic is over.



Hierarchy of controls is a concept used by the National Institute for Occupational Safety and Health (NIOSH) as a framework for identifying controls for potentially harmful workplace hazards. These principles are useful for assessing the effectiveness of controls for COVID-19 and for understanding the range of impacts those measures can have on decreasing the likelihood of transmission. The NIOSH hierarchy of controls structure is adapted below for COVID-19 purposes.

AMERICAN OVERSIGHT
FL-ORANGE-20-1072-B-003566

MODIFIED HIERARCHY OF CONTROLS

Using the modified hierarchy of controls, COVID-19 mitigation measures can look like:

- Physical Distancing — wherever possible having people work or access the business from home; this should include restructuring responsibilities to minimize the numbers of workers that need to be physically present.
- Engineering controls — creating physical barriers between people
- Administrative controls — redistributing responsibilities to reduce contact between individuals, using technology to facilitate communication
- PPE — having people wear nonmedical cloth masks

Regardless of business specific considerations, there are measures that can be taken to mitigate the risk of infection to protect individuals:

- Use of nonmedical cloth masks
- Incorporating engineering controls such as physical barriers where possible
- Reconfiguring space to enable people to be located apart (ideally, at least 6 feet)
- Supporting and enabling employees to remain at home if they are unwell or have been in close contact with someone who is sick

ASSESSING RISK FOR ORGANIZATIONS AND SPECIFIC SETTINGS

This section provides high-level risk assessments for the following 7 categories: (1) "nonessential" businesses,* (2) schools and childcare facilities, (3) outdoor spaces, (4) community gathering spaces, (5) transportation, (6) mass gatherings, and (7) interpersonal gatherings. Each of these categories was assessed along 3 dimensions: contact intensity, number of contacts, and the degree to which the activities are considered to be modifiable (through mitigation measures such as enabling people to remain 6 feet apart) to reduce risk. We note that these assessments are qualitative and

* "Nonessential businesses" is a term being used by states to distinguish between businesses that are allowed to remain open because they are critical to societal functioning and those that have been asked to temporarily close.

AMERICAN OVERSIGHT
FL-ORANGE-20-1072-B-003567

based on expert judgment. Currently, there are not enough detailed data available to enable quantitative risk stratification. Unfortunately, states will need to make decisions about re-initiating some business activities before there are validated data to know the levels of risk we are assuming in reducing social distancing in various settings.

For purposes of this document, contact intensity was rated as either low, medium, or high. We define contact intensity as a function of contact type (ranging from close to distant) and duration (ranging from brief to prolonged). Low contact intensity activities are interactions that are brief and fairly distant, like walking past someone in a shop. High contact intensity activities involve prolonged close contact, like sharing a dormitory. Medium contact intensity activities fall between these 2 poles, like sharing a meal in seats that are separated by several feet. Of course, inside 1 business environment, there may be physical spaces and/or activities that range from low to medium to high, and that should be taken into account during the decision-making process. Risk to employees who may have different exposures should also be considered.†

We also assess the number of contacts as either low, medium, or high. We define the number of contacts as the approximate number of people in the setting at the same time, on average. A higher number of contacts is presumed to be riskier.

Modification potential (the degree to which mitigation measures can buy down those risks) is a qualitative assessment of the degree to which activities can be modified to reduce risk. The engineering controls framework was used to inform the risk assessments; sectors and businesses that could effectively incorporate physical distancing and engineering controls were considered to have a higher modification potential than those relying on administrative controls or personal protective equipment. Links to a selection of existing guidance on what those mitigation steps could include are also provided.

These risk assessments are primarily oriented around customers, attendees, and members of the public, who would make up the majority of people interacting with a business or other noted setting in this report. However, we acknowledge that risk to employees will likely be greater in many of these organizations and settings, as their duration of exposure and number of interactions will be higher. Special precautions should be taken to protect employees, potentially including restructuring duties to minimize person-to-person contact, changing work flows or operations to diminish risk, providing personal protective equipment for employees (if sufficient supplies make it

feasible to do so outside the healthcare system), and providing enhanced sanitation and hygiene supplies (eg, disinfecting products and alcohol-based hand sanitizer).‡

Included in the next section are high-level risk assessments for various sectors. They are not listed in any particular order, and the list is not fully comprehensive. Governors and their teams may want to modify these risk assessments according to local considerations. In the final section, there are proposed principles for incorporating these determinations into policy decisions. Those, too, should be modified to reflect local context.

Schools and Childcare Facilities

Schools and childcare facilities play many important roles in communities. Schools provide necessary education to prepare children for adulthood. Online education from K-12 is not a substitute for in-person learning and socialization in a school setting. Long-term shutdowns will likely lead to education gaps and other consequences for many children. In addition to the critical function of educating children, schools and childcare facilities also enable parents to work outside the home. They also serve as key resources in that they offer meals, safe environments, and other services, particularly to vulnerable families.

Unlike businesses and sectors that primarily serve adults, the consequences of increased transmission are potentially different for settings and activities that primarily serve kids. Children are less vulnerable to severe illness from COVID-19 than adults. A recent report found that fewer than 2% of cases of COVID-19 in the United States were diagnosed in children, and of those (for whom data were available), between 5.7% and 20% required hospitalization. Most children requiring hospitalization were under 1 year of age. These considerations favor the reopening of schools and childcare facilities.

However, it is still not known what role children play in the transmission of SARS-CoV-2. For other viral illnesses, like influenza, children are drivers of transmission. Early and prolonged school closures have been shown to reduce overall community transmission of influenza. There has been some evidence that COVID-19 produces more mild illness in children and therefore it may be less likely to be detected than in adults. However, without more conclusive evidence, it is difficult to quantify the role of children in propagating COVID-19 to other students, their family members, teachers, and school staff. Furthermore, schools and childcare facilities are staffed by adults, some of whom may be at risk of severe illness. These considerations weigh against reopening.

Some students are likely to have underlying medical conditions that will prevent them from returning to school safely. Other students who are healthy without underlying conditions may have parents who believe it is unsafe for their children to return to school, either because of concerns about the health of the student or the possibility of bringing infection back to the household and infecting adults. If schools are reopened, decisions will need to be made regarding whether tele-education will need to be provided to those students who do not come back to school, alongside in-person education being provided in school.

In order to better understand the role of children in transmission, studies reconstructing transmission chains are needed, as are studies seeking to correlate viral load to infectiousness. Governors should work with their state public health departments to make this research a priority.

Outdoor Spaces

COVID-19 transmission is more likely in enclosed spaces than outdoor spaces, based on current epidemiologic understanding. Indoor spaces may have poor ventilation, which may lead to viral particles persisting in the air or recirculating longer than they would outdoors or in enclosed spaces with good ventilation. People also tend to be closer together indoors, and there are more high-touch surfaces that can serve as fomites of disease transmission. Therefore, there is lower risk of disease transmission outdoors than indoors, especially if distance is maintained between individuals while outdoors.

Transportation

Transit is very important for keeping communities functioning, and limiting mass transit availability disproportionately affects under-resourced populations. Transit should be opened with careful mitigation measures, given that public transportation is a fairly high-risk setting.

Mass Gatherings

According to the World Health Organization, an event is defined as a mass gathering "if the number of people it brings together is so large that it has the potential to strain the planning and response resources of the health system in the community where it takes place." The size of an event that can be considered a mass gathering may depend on the national and local healthcare capacity and the context. For example, if other strains are placed on the health system at the same time, such as an ongoing outbreak, the threshold of the health system would be considerably lower, and, therefore, the size of the event could be considerably smaller and still be defined as a mass gathering.

Mass gatherings have often been the source of infectious disease outbreaks that spread globally or have contributed to the international spread of disease. While a number of public health measures can be implemented in the planning and operational phases of a mass gathering to significantly reduce the risk of disease spread, during the current pandemic, the high risk for COVID-19 transmission that mass gatherings pose should be recognized. This high risk of transmission is due to a number of factors, including the high density of individuals often in attendance in confined spaces during mass gatherings, the possibility of further domestic or international spread, and the new formation of clusters as people often travel significant distances to attend a mass gathering.

Mass gathering organizers must comply with national and local guidelines and restrictions. At the current stage in the pandemic, while the White House Coronavirus Task Force has recommended banning gatherings of more than 10 people. Individual states have varied in the size of gatherings they are banning. As these restrictions lift and organizers begin hosting large events, they should conduct a COVID-19–specific risk assessment to determine the level of risk of transmission the event may pose and identify areas for modification that could reduce or mitigate these risks. The WHO, among others, provides risk assessment and mitigation tools for mass gathering organizers, along with several technical guidance documents.

Interpersonal Gatherings

Interpersonal gatherings among family and friends, including events such as weddings, birthday parties, and funerals, hold great personal and societal value. Attending these events, however, also holds the risk of disease transmission. An epidemiologic assessment of a large, multifamily cluster of COVID-19 cases found that transmission of the virus likely resulted from attendance at a funeral and birthday party. Factors including interacting closely together in enclosed spaces, hugging or kissing, and sharing food or utensils are all practices that are often common at interpersonal gatherings and can increase the risk of SARS-CoV-2 transmission. Certain cultural practices in funerals that promote physical contact with a deceased individual, when that deceased person was infected with SARS-CoV-2, should also be avoided. Careful consideration should be given to ensure that mitigation measures are implemented to reduce the risk of spread, where possible, while still respecting the cultural value of important events. In particular, the CDC recommends that organizers should consider the number and density of attendees, the prevalence of people who could be at high risk of severe illness due to underlying factors, the level of local community disease transmission, and the ability to reduce the number of attendees where possible.

PROPOSED PRINCIPLES FOR ACTION

States should consider initiating the reopening process when (1) the number of new cases has declined for at least 14 days; (2) rapid diagnostic testing capacity is sufficient to test, at minimum, all people with COVID-19 symptoms, including mild cases, as well as close contacts and those in essential roles; (3) the healthcare system is able to safely care for all patients, including providing appropriate personal protective equipment for healthcare workers; and (4) there is sufficient public health capacity to conduct contact tracing for all new cases and their close contacts.

Governors should involve stakeholder groups in the decision-making process in order to better understand the needs, capacities, and challenges of different communities.

Even when reopening actions are under way, those who can continue to telework should continue to do so. This will reduce social interactions overall and will reduce the risk of infection in workplaces where telework is feasible. Businesses should actively support social distancing by implementing telework policies and adopting flexible sick leave policies that encourage workers to stay home when sick or when known exposure to COVID-19 has occurred.

All individuals going back to work should wear nonmedical cloth masks. This will reduce the chance of those people transmitting the virus to their co-workers.

Governors should consider reopening in phases separated by 2 to 3 weeks. After each phase of reopenings, state public health officials should review the numbers of new COVID-19 daily case counts, hospitalizations, and deaths carefully, along with other syndromic surveillance tools. The results of reopening decisions will take 2 to 3 weeks to be reflected in those numbers. If case counts, hospitalizations, and deaths go up in that time, further actions in reopening should be paused, and steps should be taken to get control of the rising numbers. Possible actions might include changes to case finding and contact tracing, taking specific measures to respond to identified new outbreaks, and, as needed, re-imposition of some or all of the previously relaxed social distancing interventions.

Organizations and activities that are outdoors are less likely to result in transmission than are indoor activities and seem to carry the lowest risk, assuming personal mitigation measures (maintaining 6 feet of separation, wearing nonmedical cloth masks in public) are all maintained.

AMERICAN OVERSIGHT
FL-ORANGE-20-1072-B-003577

Businesses and sectors that have low contact intensity, low numbers of contacts, and high ability to modify operations in ways that diminish the potential to spread will be safer to reopen sooner and more fully than those with high contact intensity, high contacts, and the inability to modify or mitigate operations.

While public transportation is normally high contact intensity and high numbers of contacts, modifications should be pursued to make them safer. More spacing between people, with lower ridership, would reduce risks. Without public transportation, many people will not be able to get to work at all.

Schools and childcare facilities pose special challenges. They are very important for the education of children, and many parents will have difficulty going back to work if schools remain out of session. There are many scientific uncertainties that complicate this decision. Children infected with COVID-19 generally experience more mild symptoms than adults, but the rate at which they spread the disease to other children, teachers, school staff, and family members is uncertain. If schools are reopened, most kids will be at low risk of severe infection themselves. However, some kids will have underlying conditions that increase their risks, and some teachers and staff will be at high risk. Their parents may also be at high risk if children do get infected and transmit the disease at home. Some parents may elect to not allow their children back in school, so schools that reopen will need to decide whether to also offer tele-education. States will need their own processes of decision making and community engagement regarding how to make decisions about school reopening on the basis of these uncertainties.

CONCLUSIONS

This document summarizes considerations, risks, and opportunities for governors to weigh when deciding when and how to slowly reopen. These decisions should be made carefully and thoughtfully to limit the risk of disease resurgence. Reopening of businesses is only one step among many that will need to be considered on the path to recovering from this pandemic.

APPENDIX

Planning to Restore Community Vitality in the Pandemic Context: Leadership Considerations and Actions

When can businesses, schools, recreational facilities, and places of worship reopen for normal operations? This is one in a series of major decisions that will reflect and shape how communities adapt to the protracted pandemic and its cascading social and economic effects. As governors urgently consider the proper public health conditions for an economic restart, they can also begin to prepare for a more comprehensive process of community revitalization that will stretch over near, intermediate, and long terms. The demands for social service, mental health, and workforce development needs, for instance, will stretch farther into the future than society's requirements for physical distancing. It is, thus, prudent for states' top executives to be proactive and plan for the future well-being of their residents. Below are some principles and practices that governors can adopt to that end:

Draw lessons from analogous complex threats, characterized by uncertainty, that require measured decision making: A pandemic is not the only scenario in which economic well-being and public health are seemingly at odds and potential tradeoffs require careful weighing. In the case of widespread contamination from radioactive materials, for instance, the standard is not a prescribed numeric clean-up guideline but, rather, a flexible, iterative, and multifaceted decision-making process that involves stakeholders such as citizens' groups and businesses in developing an exit strategy. The individuals most affected by the decision have input into those societal aims governing the clean-up.

Recognize that the desire to get back to normal as quickly as possible is a common reaction in the catastrophic context, and it is an impulse worth restraining: Governors, mayors, and county executives governing during disasters know the tensions in wanting a swift return to business-as-usual versus aspiring toward greater community safety, equity, and quality of life. The pandemic—which has revealed deficiencies, for instance, in healthcare delivery, the social safety net, and workplace leave policies—represents an opportunity for visionary leadership, goal setting, and transformation. Pandemic recovery planning can readily learn from best practices in disaster recovery planning.

Initiate a planning process for community revitalization (aka pandemic recovery) that runs in parallel with the public health response: The COVID-19 pandemic is an organic event marked by uncertainty; still, it is certain that the health crisis will eventually end. At the same time, the need to adapt to sudden or long-term shifts in conditions

AMERICAN OVERSIGHT
FL-ORANGE-20-1072-B-003579

will not end. And yet, despite its oversized effects, this health crisis is not, in the end, exceptional. We can benefit from extant, forward-looking, data-driven, coordinating bodies that already enable disaster recovery and other long-range planning efforts (eg, economic development, community development). A revitalization management organization can integrate with emergency operations center activities and run concurrently to maximize community benefits from short- and long-term recovery duties.

Consult diverse stakeholders and communicate broadly, to ensure that state residents can partake in decision making that is relevant to community vitality: Rebuilding a community over the long term after a complex calamity devolves to thousands of people navigating recovery as nonprofessionals; it is a collective action problem. An organization to make collective action possible knits together key leadership roles and collaboration: an authorizing and approving body, plan leadership via a lead planning agency or official, and a planning task force. A revitalization plan that reflects shared values can be enabled by specialists in planning, communication, and information and data management and by public and stakeholder involvement.

Dr. Pino.
We appreciate your collaboration, and are hopeful to reach a quick solution to any concerns.

In order to ensure a seamless transmission of information, could you please assign someone from your office to our ESF8 desk at the Orange County Emergency Operations Center? We are currently operating at a Level 1 activation. The DOH designee should have direct access to the DOH Merlin (sp) database, which will ensure we are receiving the most up-to-date information available. As of this date, we do not have a DOH representative participating at our Orange County EOC. In comparison, the Seminole County Emergency Operations Center has a full-time DOH representative on-site, and thus, there is no lack of clarity regarding information sharing.

If you have challenges in providing a full time person for this role, I'd ask that you request your department send you additional resources in order to accommodate this urgent need. We'd be glad to help you champion this issue to your department, if necessary.

Again. I appreciate your collaboration and your partnership, and look forward to welcoming your full-time designee into the EOC, which will help alleviate future concerns.

Thank you.

Chief
GM. It came to my attention that during the EM call yesterday you had mention a lack of collaboration on our part when it comes to data sharing. I was very surprised and truly shocked, there is not one single piece of data that we haven't shared. Perhaps there are some miscommunication as this is a very fast moving target. Please feel free to call me if you have any questions or there is any way we can improve communications across agencies. I take our partnership very seriously these are some of the examples of what we are doing :

1. Having daily calls with OC Health Services.
2. Having weekly calls with OCPS.
3. DOH have a outside facing portal with all pertinent data at your disposal.
4. We shared granular data with EMS Medical director (we had some technical challenges twice and it was communicated to OC Health Services)

Governor Ron DeSantis Issues an Executive Order Regarding Bars, Beaches and Restaurants

Tallahassee, Fla. – Today, Governor Ron DeSantis issued an Executive Order that will reduce density and crowds in restaurants, bars, nightclubs and beaches to mitigate the spread of Coronavirus (COVID-19).

Bars and Nightclubs

Under the direction of Governor DeSantis, all bars and nightclubs throughout Florida will close for the next 30 days. Department of Business and Professional Regulation (DBPR) will be enforcing and providing further guidance.

Beaches

The Governor is directing parties accessing public beaches in the state of Florida to follow the Centers for Disease Control and Prevention (CDC) guidance by limiting their gatherings to no more than 10 persons.

Restaurants

Restaurants across the state of Florida will now be required to limit customer entry to 50 percent of capacity. Seating must be staggered and limited to ensure seated parties are separated by a distance of at least six feet, in accordance with CDC guidelines. Restaurants are encouraged to remain open and expand take-out and delivery services. Additional information will be provided by DBPR.

Mr. Love,

I trust you're doing well. Thank you for your email/proposal and your continuous interest in the well-being of this community. As I understand the proposal, this service would do personal follow-up with those that have tested positive for COVID-19 and track their progress. As you may know, the County does not have access to patient information, and all testing to date has been conducted by private hospitals or the State Department of Health (DOH), who maintain the personal information. I have copied Dr. Pino, the State's Health Director for Orange County, as he or Kent Donahue, also with DOH, will know how the State is tracking individuals that have tested positive, and they can follow-up with you directly.

Additionally, I am also copying Roseann Harrington, the Mayor's Chief of Staff, and Eric Ushkowitz, Economic Development Coordinator, as they are the lead staff members with the Economic Recovery Task Force, so that they also have the information you have submitted.

Mr. Brooks,

I hope all is well with you and family during these challenges before us. First and foremost, I commend Mayor Demings as he carefully addresses how to navigate Orange County's Economic Recovery utilizing the diverse regional business leadership. As the state and local task forces performs their due diligence to ensure a safe and thoughtful process of reauthorizing the opening of businesses, I wanted forward the concept of ***"Contact Tracing"*** for consideration which is believed to add value in identifying and suppressing the spread of Covid-19 based on a continuous investigative contact engagement inquiry.

For the sake of time, I am attaching the concept that CSG has adapted from the Massachusetts model which has taken the lead nationally on implementing ***"Contact Tracing"***.

I will make myself available as needed if you have any questions as this continues to be a work in process.

Subject: Siemens USA: Antibody Test to Aid COVID-19 Pandemic

Hi both –

I hope you are hanging in there. Flagging this for your awareness. Happy to connect our healthcare experts with your team as appropriate.

We're excited to share an update with you as it relates to COVID-19 antibody testing. Today, we are announcing thatSiemens Healthineers is developing a SARS-CoV-2 serology (COVID-19 antibody) test. As you know, antibody testing is vital to efforts to expand diagnostic and disease tracking capabilities and has been identified as a critical element in the development of plans to reopen States and communities across the United States.

The test is expected to be **available by late May** on several of our laboratory-based high throughput analyzers with time to **first result as short as 14 minutes**. In order to ensure quality, we are seeking FDA Emergency Use Authorization (EUA) for this test.

We are targeting an initial launch in May and expect to ramp up production quickly. Siemens Healthineers has a strong reputation in developing immunoassays that are highly accurate in predicting a positive or negative result. Having demonstrated **sensitivity and specificity of more than 99 percent**, the test is expected to exceed the stringent FDA quality guidelines for testing COVID-19 patients.

With the largest immunoassay installed base in the United States, including high-throughput machines, we believe that we can make a profound impact on SARS-CoV-2 antibody testing capacity.

For more information about Siemens USA and our support of cities and states in COVID-19 response, visit:

Siemens Healthineers to Expand SARS-CoV-2 Testing to Include a Total Antibody Test to Aid in the COVID-19 Pandemic

- **With a demonstrated sensitivity and specificity of more than 99 percent, the test is expected to exceed the stringent FDA quality guidelines.**
- **The test is expected to be available by late May on the company's multiple laboratory-based high throughput analyzers with time to first result as short as 14 minutes.**
- **Planned expanded manufacturing production will accommodate more than 25 million tests per month in June and beyond.**

TARRYTOWN, N.Y., April 23, 2020 - Siemens Healthineers announced today it is expanding its infectious disease testing capabilities to aid in the COVID-19 pandemic. Recognizing the critical need for accurate diagnostic testing to manage COVID-19, the company has developed a laboratory-based total antibody test[1] to detect the presence of SARS-CoV-2 antibodies in blood. The test, which detects both IgM and IgG, has demonstrated specificity and sensitivity of greater than 99 percent. This total antibody test will provide a clear view of patients' disease progression by identifying individuals who are still infectious with the virus and individuals who have developed an immune response to the virus, even if they were asymptomatic or never diagnosed with the disease.

The test will be available on the Atellica® Solution immunoassay analyzer, which can run up to 440 tests per hour[2] and will enable a result in just 14 minutes. In addition, the serology test also is expected to be available on the company's expansive installed base of ADVIA Centaur® XP and XPT analyzers, which deliver up to 240 tests per hour, with a result in 18 minutes. Availability of this test on these industry leading platforms ensures more patients are tested in a shorter time.

"Siemens Healthineers is working diligently to address the need for high-quality tests in the fight against COVID-19. This test is being designed with the precision and controls,

sensitivity and specificity that laboratories have come to expect from our immunoassay tests," said Deepak Nath, PhD, President, Laboratory Diagnostics, Siemens Healthineers. "I am especially proud of the dedication of our colleagues involved in development of this test—many of whom are based at the epicenter of the pandemic."

Siemens Healthineers anticipates availability of the total antibody test by late May 2020. Planned expanded production in the company's Walpole, Massachusetts manufacturing facility will accommodate more than 25 million tests per month in June and beyond. The company is pursuing Emergency Use Authorization (EUA) from the U.S. Food and Drug Administration (FDA) as well as the CE Mark. Comparable tests for Siemens Healthineers Dimension Vista® and Dimension® EXL systems are being pursued in the coming weeks with a view to further expand clinical reach. In addition, the company intends to develop an IgG test to provide flexibility for testing needs as the pandemic evolves.

The test will join a robust diagnostics portfolio from Siemens Healthineers currently aiding in the prognosis, treatment and follow up of COVID-19 patients. For example, the molecular Fast Track Diagnostics (FTD) SARS-CoV-2 test kit is used to aid in the diagnosis of infection by the SARS-CoV-2 virus that causes the COVID-19 disease.[3] Additionally, the company's imaging, blood gas, and broad and differentiated menu of tests, including D-Dimer, provide actionable results that aid in the care of acute infected patients.

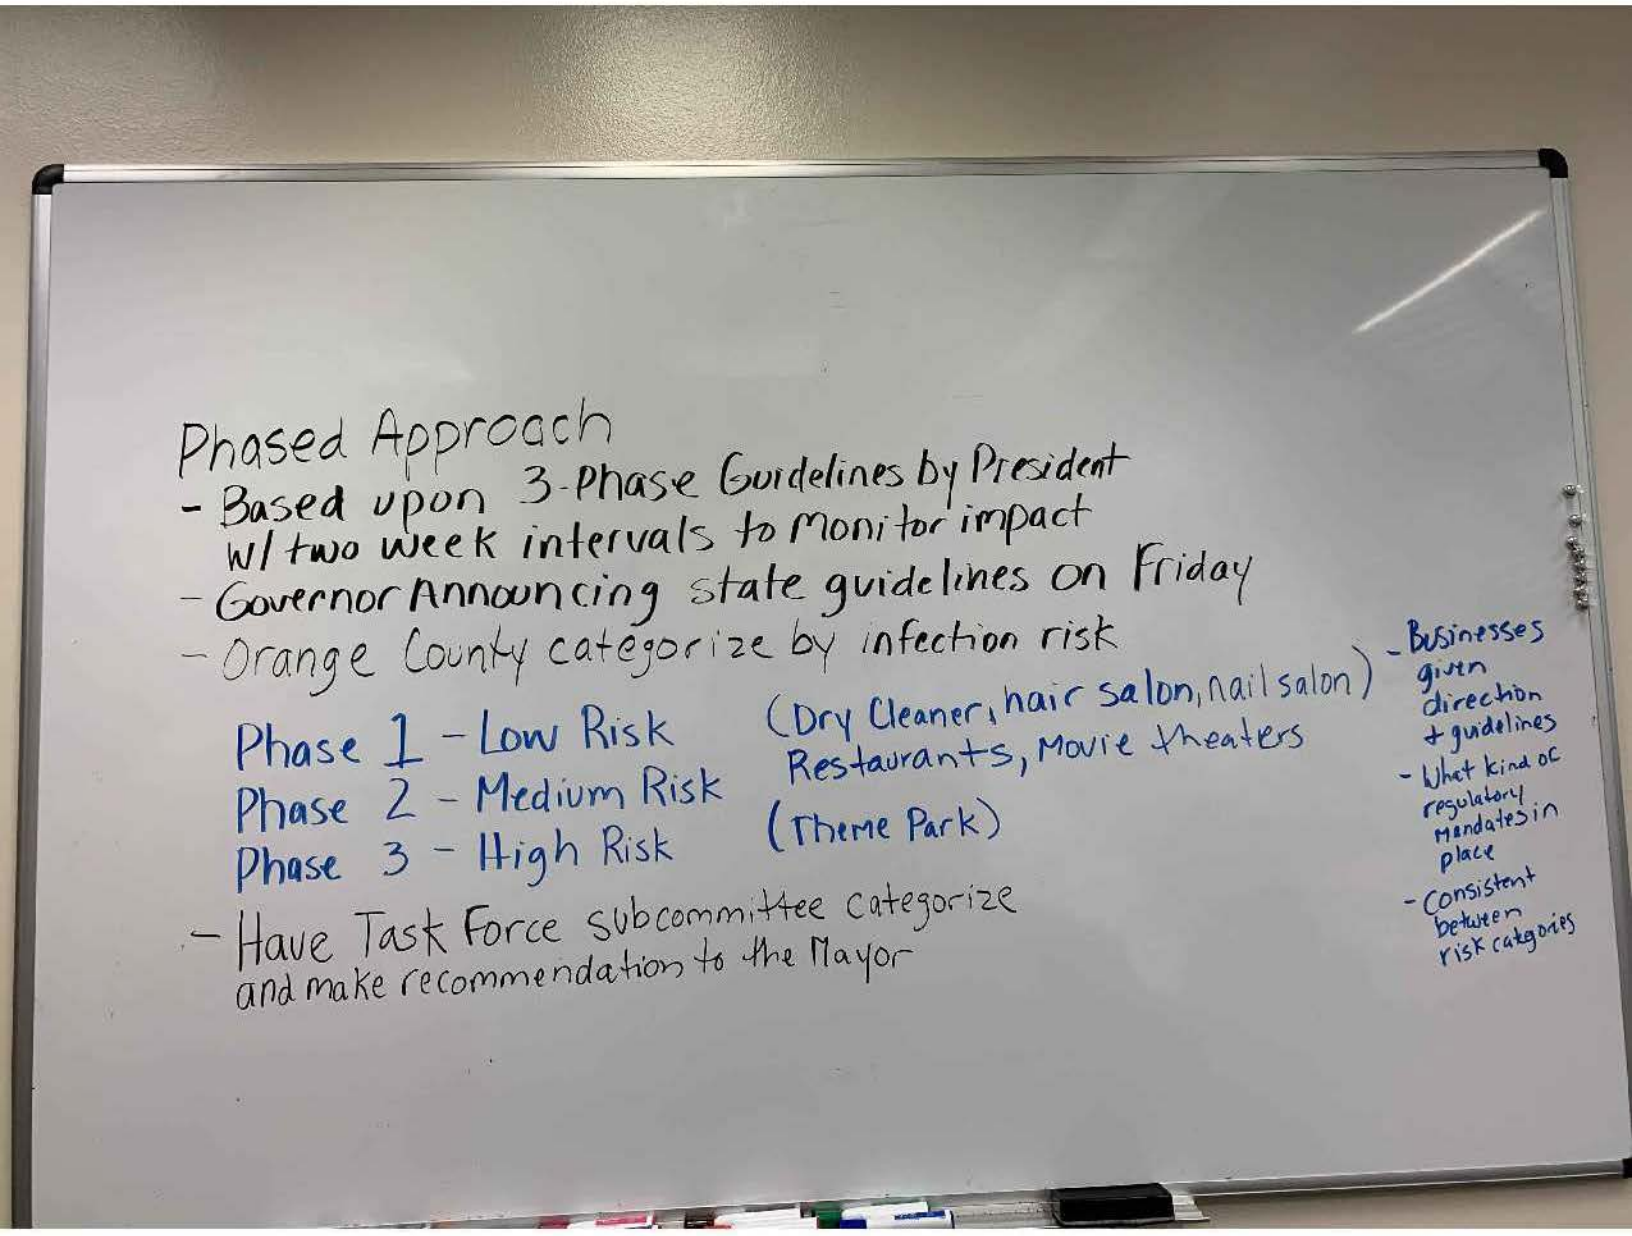
Raul and Chris,

I'm working on a phased approach to reopening business for Mayor Demings.

Can you look at this and then we can jump on a call to discuss. I am with Danny so whenever you are done with your call.



Thanks,

Roseann

Colleagues

I think it could be a good idea to have on the heat map the selected sites for mobile testing for tomorrow's presser, that could help to illustrate the points.

Colleagues

We are not comfortable displaying the check marks or dots on maps for display using geocoding with the data we provided. Not only the maps are very had to read and more confusing for the public, we could be banned from providing you with such data from here on. The point the Mayor wants to make is an important, but the geocoding is not needed, our two cents. That map is too busy, a heat map is just perfect and the Mayor did an excellent job explaining data.

All,

The Mayor spoke with the Governor this morning. The Governor feels the state as the capability to staff an AMTS if necessary so we modified our request to be more broad.

The letter has been sent to the Governor's Office so you are free to submit our request through the emergency management system.

I have attached a copy of the letter and letters of support from our surrounding counties for your reference.

Thanks for your help pulling this together and especially to Dr. Zuver for helping with the content.

The Honorable Ron DeSantis
Governor of Florida
The Capitol
400 S. Monroe Street
Tallahassee, FL 32399

Dear Governor DeSantis:

The effects of the COVID-19 pandemic are being felt internationally and Central Florida is not immune. Although we are seeing the benefits of early mitigation efforts designed to "flatten the curve" and reduce the spread of the virus, we must take measures to ensure we are prepared for the worst possible scenario.

During discussions with our hospital partners including AdventHealth, Orlando Health, and HCA Florida as well as Central Florida county leadership, there was concern voiced about a potential hospital bed and resource deficit in our region as we reach the peak of the COVID-19 patient surge. The potential shortage is based on predictive models developed by the hospitals, and validated by evidence from other communities who are weeks ahead of us in their fight against the pandemic.

In an effort to prepare for the potential shortage of hospital beds in our region, Orange County is submitting a request for an Alternate Medical Treatment Site (AMTS) in Central Florida. The AMTS will serve as a 250 bed regional asset serving Orange, Seminole, Osceola and Lake Counties. This facility would function to supplement the anticipated region deficit due to COVID-19.

The AMTS would be located at the Orange County Convention Center, a seven million square foot facility that has previously hosted federal resources during hurricanes, and currently being utilized as a FEMA/state regional testing site. This request is based upon the unanimous endorsement of Orange, Seminole, Osceola and Lake Counties, in concert with our major healthcare organizations in Central Florida.

AMERICAN OVERSIGHT

Please accept this letter as our official communication notifying you of our intent to adequately prepare for the potential impact of COVID-19 in the Central Florida region. In addition, a formal request has been submitted through the state emergency management system.

On behalf of Orange County and the Central Florida region, I appreciate your consideration of our request.

Sincerely,

Jerry L. Demings
Orange County Mayor

AMERICAN OVERSIGHT

April 8, 2020

The Honorable Ron DeSantis, Governor
Office of the Governor
State of Florida
400 South Monroe Street
Tallahassee, FL 32399

Dear Governor DeSantis:

The Lake County Board of County of Commissioners appreciates the strong leadership that you continue to provide to all Floridians in addressing the COVID-19 virus. As you aware, Lake County residents utilize several hospital systems with our adjoining counties, including Sumter County and The Villages along our western boundary; Marion and Volusia counties to the north and northeast; and Orange, Seminole and Osceola counties to our east. We are working closely with administrators within each of these hospital systems to assure that there are available hospital beds and related resources, including ventilators, for our residents, depending on which models materialize over the coming days and weeks.

I am writing to you today as a partner with our adjoining Metro-Orlando counties: Orange, Seminole, and Osceola. In order to be prepared should we encounter a worst-case scenario in the Metro-Orlando region, the hospitals in our region have provided the elected officials of our four counties with an assessment of their available beds, ICU beds and ventilators. I am pleased to report that these hospitals have done an exceptional job planning, preparing for and adapting to changing circumstances and data. As you know so well, it is always important to formulate contingency plans so that they can be executed swiftly if the situation warrants. To this end, Orange County Mayor Jerry Demings has offered the Orange County Convention Center as a centrally located venue that could be utilized as a COVID-19 hospital or for additional hospital capacity if such capacity is needed.

We are requesting your assistance in securing necessary supplies, staffing and technical support should it be necessary to execute this contingency plan. We appreciate Orange County's willingness to offer the Convention Center for this purpose, but we certainly hope and pray that it will not be necessary. On behalf of the residents of Lake County and the Board of County Commissioners, we greatly appreciate your consideration of this request.

Thank you for your support and we look forward to continuing to work with you.

Sincerely,

Leslie Campione

The Honorable Ron DeSantis
Governor
State of Florida
400 S. Monroe Street

Dear Governor DeSantis:

As you work to protect the people of Florida during the COVID-19 pandemic, Osceola County respectfully requests that you approve Orange County's request to allow the Orange County Convention Center to serve as an Alternative Medical Treatment Site (AMTS). Osceola County stands shoulder to shoulder with our regional partners, Orange, Seminole, and Lake Counties, as we fight this dangerous virus.

Orange, Osceola, Seminole, and Lake Counties, in association with our regional hospital partners, are working diligently to ensure that there are enough hospital beds and related resources to ensure the health and wellbeing of all individuals during this pandemic. However, based on predictive models provided by our partner hospitals, there is a concern that there could be a shortage of hospital beds and associated resources in our region. Additionally, we all observe the strain this virus is placing on healthcare systems in communities that are weeks ahead of us in their own battles with the virus. We have an opportunity to ready the region, and prevent any foreseeable shortages while we have the chance.

To prepare against this possibility, Orange County has offered the Orange County Convention Center as a centrally located venue to be used as an AMTS to serve the central Florida region. This request has been unanimously endorsed by Orange, Osceola, Seminole, and Lake Counties, in addition to our major healthcare and hospital organizations in central Florida. The proposed AMTS would serve as a 250 bed regional asset for the surrounding counties and supplement any potential shortages due to COVID-19.

Osceola County stands ready to work with our regional partners to ensure that that we provide all resources necessary to fight this pestilence. We respectfully request that you approve Orange County's request. Thank you for all that you do.

Sincerely,

Viviana Janer

The Honorable Ron DeSantis
Governor of Florida
The Capitol
400 S. Monroe Street
Tallahassee, FL 32399

Dear Governor DeSantis:

Seminole County is working closely with healthcare and government partners to manage the effects of COVID-19 on our region. Our Emergency Management team believes that we must take measures to prepare should the need arise for additional healthcare resources and hospital capacity.

Seminole County agrees that in order to adequately prepare for further spread of the virus, a contingency plan is necessary to mitigate a potential hospital bed shortage. In accordance with our healthcare partners and Lake, Orange, and Osceola Counties, we believe the Orange County Convention Center is the optimal location for Central Florida's Alternate Medical Treatment Site.

If the need arises to activate the AMTS, it is our hope that the State of Florida will support this effort with the necessary funding.

Thank you for your consideration,

Regards,

Jay Zembower
Chairman, Seminole County Board of County Commissioners

How to use WebEx Fact Sheet

As part of Orange County Government's remotely accessible resources

Date: April 20, 2020

This "cheat sheet" will include user-friendly instructions to better familiarize participants with the WebEx platform and helpful tips on how to navigate functions and features important to facilitating an improved audio/visual environment.

This first page serves quick top-tips for a successful Board meeting

- Ensure you log-in to WebEx before joining the meeting. This ensures your name will be properly displayed. Please upload a profile picture if possible.
- If available, use a landline phone to call-in instead of using the laptop or device you are on. If you have a headset, please utilize it.
- Ensure you are muted at all times you are not speaking.
- Ensure you have stable internet connection (utilize Ethernet instead of Wi-Fi where available). Also ensure you are not using the Orange County VPN unless necessary.
- Check to see if you have a suitable light source and ensure you are pictured within the frame in front of your Webcam. If you are in a conference room you want to move close to the camera. If you are at your desk, look towards the camera, not your phone.
- **PLEASE NOTE: Question and Answer – General Discussion Tips.** If you would like to speak, please utilize the "chat" or "raise your hand" feature in WebEx to be recognized. Please wait until recognized to un-mute. Be sure to mute yourself when complete.
- If you get disconnected you will need to reconnect both your phone and computer.

NOTE: if you have never used WebEx before, you may join the meeting from your internet browser if you do not want to install the WebEx application on your computer.

To able to Join from Browser, please ensure you are using either: Microsoft Edge, Chrome, or Firefox.

Please see page 3 for screenshot showing how to "Join from Browser"

How to use WebEx Fact Sheet

As part of Orange County Government's remotely accessible resources

Date: April 20, 2020

This "cheat sheet" will include user-friendly instructions to better familiarize participants with the WebEx platform and helpful tips on how to navigate functions and features important to facilitating an improved audio/visual environment.

This first page serves quick top-tips for a successful Board meeting

- Ensure you log-in to WebEx before joining the meeting. This ensures your name will be properly displayed. Please upload a profile picture if possible.
- If available, use a landline phone to call-in instead of using the laptop or device you are on. If you have a headset, please utilize it.
- Ensure you are muted at all times you are not speaking.
- Ensure you have stable internet connection (utilize Ethernet instead of Wi-Fi where available). Also ensure you are not using the Orange County VPN unless necessary.
- Check to see if you have a suitable light source and ensure you are pictured within the frame in front of your Webcam. If you are in a conference room you want to move close to the camera. If you are at your desk, look towards the camera, not your phone.
- **PLEASE NOTE: Question and Answer – General Discussion Tips.** If you would like to speak, please utilize the "chat" or "raise your hand" feature in WebEx to be recognized. Please wait until recognized to un-mute. Be sure to mute yourself when complete.
- If you get disconnected you will need to reconnect both your phone and computer.

NOTE: if you have never used WebEx before, you may join the meeting from your internet browser if you do not want to install the WebEx application on your computer.

To able to Join from Browser, please ensure you are using either: Microsoft Edge, Chrome, or Firefox.

Please see page 3 for screenshot showing how to "Join from Browser"

Roseann and Danny

I just forwarded Roseann an invite for a conference call tomorrow with regards to mobile testing. I wonder if you could assign someone from Fire, Parks and Recreation, and Sheriff office to be on the call. We would need have people who ca make decisions. Those three agencies are critical to the success of the mobile testing. In the body of the invite are the numbers needed for the call. If we can't make happen in the morning we would like to do it tomorrow at all cost if we wish to have response for the Mayor and the press on Friday.

Doreen,

Wanted to reach out to see if there was anything we at Beep to do to assist the efforts at the Orange County Convention Center. We recently launched a driverless COVID-19 test delivery service at Mayo Clinic in Jacksonville. The shuttle drives itself, with no one onboard operating it, on a half-mile route from a drive-thru testing area to another building on campus. Here is the one-page description of what we did.

Also, we could possibly help in some capacity on the Convention center property if it becomes a makeshift hospital for COVID-19 patients. Possible transport of patients/staff from parking lot to building?

I know my Mark Reid, S VP of Strategic Alliances/Co-founder, has reached out to someone, but I'm not sure who. Please let us know if there is anything we can do to help you in your efforts to keep the community safe.

SELF-DRIVING SHUTTLES TRANSPORT COVID-19 TESTS

On Monday, March 30, 2020, Beep and the Jacksonville Transportation Authority launched four autonomous vehicles to transport COVID-19 tests at Mayo Clinic in Jacksonville. The self-driving shuttles with no attendant onboard serve two primary objectives. First, it frees up cycles for Mayo Clinic staff that would otherwise have to transport these samples thus enabling them to focus on other important tasks. Secondly, moving these samples autonomously also removes a level of human interaction with the tests and minimizes exposure to the virus.

The autonomous shuttles are transporting the COVID-19 tests on a 0.5 mile route from a drive-thru testing site on campus and then delivering them to a processing laboratory on the property. The COVID-19 test samples are placed in secure containers prior to Mayo Clinic healthcare professionals loading the samples onto the shuttle.

Beep and the JTA partnered to fast-track the creation, testing and deployment of the autonomous shuttle route in eight days. Beep and JTA enabled a number of measures to ensure safe operation of the vehicle including creating a mobile command center for constant monitoring and isolating the path from pedestrians, traffic and staff.

"Teaming with Mayo Clinic, the Jacksonville Transportation Authority and NAVYA to enhance safety in COVID-19 testing is a great example of public and private sectors coming together in times of need. Our Country always exemplifies the art of the possible."

- Joe Moye, CEO, Beep

Orange County Economic Recovery Task Force
Wednesday, April 22, 2020 | 9:00am – 10:30am
Draft Meeting Minutes

Welcome & Purpose of Task Force: The Orange County Economic Recovery Task Force meeting began at 9:05am. Mayor Demings welcomed the members, reviewed the agenda, and discussed the purpose of the Task Force. Here is a recap of Mayor Deming's comments. "Good morning. It is my honor and privilege to welcome you to the first meeting of the Orange County Economic Recovery Task Force. As each of you know, we are experiencing a global pandemic associated with the COVID-19 virus, which has now infected over 800,000 individuals in the U.S., with over 44,000 deaths. We have seen over 28,000 persons confirmed positive within Florida, with over 800 deaths. Within Orange, Osceola, Seminole and Lake Counties, there are over 2,200 confirmed cases and 46 deaths.

Because of the highly contagious nature of the virus, health care experts, including the World Health Organization and the Centers for Disease Control have recommended social distancing that has disrupted our daily lives and normal business activities. Many of our local businesses (small, mid-sized, and large) remain closed or operate at significantly reduced levels. None of us fully expected what we have experienced. This has resulted in a multi-billion dollar decline in our region's economy. It is my desire to work with you in planning for the region's economic recovery as soon as possible. "

Mayor Demings reviewed the Task Force agenda, which included a presentation on Florida's Sunshine Law; a health care update; a review of federal guidelines for re-opening America; and a three phased approach followed by a group discussion and next steps.

Mayor Demings shared the goal of the task force and the priorities. Mayor Demings stated, "The goal of the task force is to develop a phased-approach to reopening business in Orange County that balances the need to ensure the protection of employees and the public while preserving the economic livelihood of our community. The task force priorities are: 1) Assist businesses with determining best practices and data-driven policies to ensure safety of customers and employees upon reopening; 2) Creation of a support system for small to mid-sized businesses in re-opening; 3) Development of a framework to ensure businesses are compliant with safety guidelines, or protocols mandated by authorities; and 4) Revitalize tourism to build visitor and consumer confidence."

Mayor Demings introduced the co-chairs and provided remarks. Mayor Demings said, "These efforts will be led by co-chairs George Aguel, President of Visit Orlando, and Tim Giuliani, President of The Orlando Economic Partnership. Before I turn the remainder of the meeting over to the co-chairs, please allow me to thank each of you in advance, for volunteering your time to this effort! You will find that the work that you will do, provides meaning and value to our entire community. We all have rare moments in our lives in which we influence the well-

AMERICAN OVERSIGHT

being of others. Through your collective input, you will have positive impact of many. Our business community is depending on us to get it right as we prepare to re-engage socially and gradually re-open locked and sheltered businesses."

Public Comment: Tim Giuliani, Co-Chair, asked if there was any public comment submitted to the Task Force. No public comment was submitted.

Presentations: George Aguel, Co-Chair, introduced Katherine Latorre, Assistant County Attorney, Orange County Attorney's Office. Kate provided the task force with a presentation on the Sunshine Law and Public Records Law. As you know, the Task Force is a public advisory body, and Katherine will discuss public meetings, emails, and communication between the members.

Sunshine Law Training: Kate Latorre, Assistant County Attorney, reviewed the Sunshine Law as it pertains to public meetings, what constitutes a meeting, posting requirements for public meetings, required minutes for public meetings, and the penalties. Kate provided an overview of the public records law to include types of public records and the penalties.

Healthcare Update: Tim Giuliani, Co-Chair, introduced the presenters for the Health Care Update. Listed below is a summary of the healthcare presentations.

FL. Dept. of Health in Orange County: Dr. Raul Pino, Director, provided the task force members with an update on the coronavirus cases collected by the Florida Department of Health. In Orange County, as of April 21st, there are 1,251 positive cases and 27 deaths. The age range is three months old to 101 years old. The demographic breakdown of the positive cases is 52% male and 48% female, and 13% African-American, 44% White, and 28% Latino. We see a decline in the percentage of positive cases even with an increased capacity for testing. Dr. Pino reviewed Orange County ER admission data in reference to coughing, fever, and shortness of breath, and presented the hospital bed statistics, ventilation statistics, and new cases by day and age distribution. The underlying conditions associated with COVID-19 deaths in Orange County include Hypertension, Diabetes, Kidney Disease, Cardiac Disease, and Chronic Lung Disease. Dr. Pino talked about the peak of coronavirus cases in Orange County on April 10th.

Question: Harold Mills asked what are our plans for region-wide sampling and testing and how fast can we see the effect. Dr. Pino indicated there are different types of testing, and each lab is using a different platform, which is challenging.

AdventHealth: Scott Brady, MD, Senior Vice President of Ambulatory Services, provided an update on COVID-19 from the hospital perspective. Dr. Brady indicated that the internal hospital task force has met every day for the past eight weeks. Today, they have over 100 patients with COVID-19 throughout their hospital system (Flagler to Polk County). We are seeing a flattening of the curve over the last 21 days in large part due to social distancing. With this in place, we can take care of COVID-19 patients. We've seen a softening in the

AMERICAN OVERSIGHT

plateau; no significant drop yet, but no sharp increase either. Dr. Brady talked about ramping up testing in the community. He indicated that we are seeing a 1% positive rate of tests administered at Daytona International Speedway and a 2% positive rate at Millennia Mall. Dr. Brady and AdventHealth are working on anti-body testing, and they are involved in several studies on Plasma theory.

Orlando Health: George Ralls, MD, System Chief Quality Officer, provided the task force with an update on COVID-19 from the hospital perspective. Dr. Ralls indicated that Orlando Health has around 20 In-Patient COVID-19 patients. Dr. Ralls indicated they are ramping up testing capacity for patients and staff. He indicated that's it is critical that we maintain a safe environment for staff and patients. Orlando Health is continuing the necessary surgeries. They have over 1,000 patients in the next two weeks that will need surgery. Dr. Ralls is optimistic, but he indicated we are not taking our eye off the crisis. It looks like a slow up and a slowdown type of curve.

Question: Chuck Whittall - the numbers are going down, is that because a large number of the population may already have the immunity. Dr. Pino – What is not known is how long the immunity would last. If this is not a permanent immunity, a vaccine would be the only effective solution. Dr. Brady – For a herd immunity, you would need to have 60% of the population immune. This would be highly unlikely considering we only see 1% – 2% positive cases among the population tested. We will most likely see a 5%-6% positive rate as we increase testing, but we would not be at 60%.

Federal Guidance: Andrea Wesser-Brawner, Orange County Chief Innovation & Emerging Technologies Officer, provided the task force with an overview of the Federal Guidance for Opening Up America. Andrea discussed the three-phase plan and minimum 2-week roll-out. The federal government is enabling state and local governments with recommendations. The outline includes the core preparedness responsibilities on operational guidelines.

- Testing and Contact Tracing
- Supply sufficient PPE and critical equipment
- Ensure ability to surge ICU capacity
- Protect employees in critical industries
- Limit/mitigate rebounds or outbreaks
- Reopening Criteria based on Symptoms, Cases, and Hospitals

Guidelines for All Phases: Employers
Phase One

- For all employers – Continue to encourage telework, return to work in phases, minimize non-essential travel, and special accommodations for the vulnerable populations.

For Specific Types of Employers
Two-week window before you consider the next phase

Phase Two – Satisfy gating criteria twice - no evidence of re-bound

- For all employers – Continue to encourage telework
- Close common areas where people are likely to congregate
- Non-essential travel can resume
- Special accommodation for vulnerable populations

AMERICAN OVERSIGHT

For Specific Types of Employers

Phase Three – Satisfy gating criteria thrice - no evidence of re-bound
Resume unrestricted staffing of work sites

For Specific Types of Employers
- Visits to senior care facilities and hospitals can resume
- Large venues operate under limited physical distancing requirements

CDC Operations Support
More details support across important operation
- Infection prevention & control
- Community mitigation tactics
- Contact advice
- Laboratory capacity & testing
- Data surveillance
- Communication material

FDA's Emergency Use Authorizations for tests

Community Mitigation Strategy

Question: Mayor Demings- Can you talk a little bit about how these Federal and State guidelines would be implemented in Florida? Andrea - We are waiting to hear from the Governor's Office on input on the operational side for specific industries like restaurants, hospitality, and tourism, which hopefully will be released on Friday.
Mayor Demings – we have to understand the federal and state guidelines and how our local government would use the guidelines to create a system that works for us.

Question: There is no mention of any specific guidelines relating to social distancing and the number of people permitted in each stage. Andrea – There is not a document available with that information at this time. We may look at the healthcare industry, but at this point, a number has not to be used for the Federal or State guidelines.

Question: Mike- How are you going to communicate with the community what phrase we are in?
Andrea – Roseann is going to present next and will answer most of the questions raised on this topic.

Phased Approach to Re-Open Business: Roseann Harrington, Chief of Staff to Mayor Demings, provided the task force members with an overview of the phased approach to re-open business in Orange County.

Objectives:
- Align with guidelines established by President Trump and Governor DeSantis
- Establish clear guidelines for businesses and monitor compliance
- Ensure consistent implementation across all industries
- Monitor health data and use in the decision-making process
- Comply with new federal and state regulations

AMERICAN OVERSIGHT

Framework Approach

- Guidelines will be driven by "ability to manage social distancing at all times."
- Phases will be categorized by the level of human interaction
- Approach is dependent upon availability of testing
- Task Force will assist in determining which industries fall into each category

Three-Phase Approach

PHASE 1: Low human interaction
PHASE 2: Medium human interaction
PHASE 3: High human interaction

Guidelines for Working Groups

1. Guidelines for All Businesses to Reopen (base guidelines for operations)
2. Business Readiness (supplies, internal procedures, and employee training)
3. Business Compliance (ensure adherence to guidelines and enforcement)
4. Health Monitoring (public-facing dashboard, testing, and establishment of criteria to move to next phase of opening)
5. Bringing Back Tourism

Questions can be directed to economicrecovery@ocfl.net – direct all suggestions, notes, and thoughts to this email for public record and transparency.

Question: Harold Mills – Why would we need consistent guidelines? Should we have guidelines based on the type of risk or industry? Roseann – We are looking at the basic requirement for all industries so that the basic sanitization has been met. We will have different guidelines for certain industries that will carry more stringent requirements. We will have the base requirement, and each organization will build upon the requirement to ensure the safety of employees and customers.

Hospital Internal Guidelines: Scott Brady, MD, Advent Health, provided recommendations on how to prevent or migrate the second wave if it comes (even if the cases come down). Dr. Brady reviewed:

- Tier - 1 (After an effective vaccine or treatment has become available– back to normal), Tier 2 (Post-Surge, Pretreatment or Pre Vaccine), and Tier 3 (Current Tier).
- Phase 2 Highlights – Masks, temperature, social distancing measures, Mass PCR testing, and aggressive COVID-19 patient tracking and exposure tracing.

AdventHealth Tier 2: Universal Masking, adjusting visitation, rapid testing, 100% temperature checks, and design environment to accommodate social distancing.

Hospital Internal Guidelines: George Ralls, MD, Orlando Health, provided recommendations on hospital guidelines. Dr. Ralls talked about the state of acceptance and normalization of operation. He indicated the phased approach makes sense. He spoke about social distancing, screening and face masks for visitors and patients, and maintaining testing capacity so we can provide a safe place for our residents to return.

Question: Chuck Whittall – Unicorp National Development, what is the timeline for opening as a community. Mayor Demings – The overall purpose of this task force is to focus on the business recovery effort. However, to map out the strategy for the re-opening, it does require an understanding of the health-related information and consequences. Re-opening should

AMERICAN OVERSIGHT

occur at a pace that continues to protect your employees and consumers from the virus itself. The work of this task force is to make informed decisions by which to make recommendations about when businesses can re-open with specific dates depending upon the type of businesses and the direct guidance from the state. The state is working at a relatively fast pace with multiple meetings this week. We hope to have some type of documents and guidance from the state this week. We cannot get ahead of the various regulatory authorities to open without appropriate guidance. The role of the task force is to represent the businesses and commerce within our community.

Question: Conrad Santiago - Can you give us a sense of availability of supplies in our area. Dr. Brady - We have enough gloves and PPE for the front line, but they are not abundant. Business communities would need certain protective equipment like masks and thermometers.

Question: Conrad Santiago - How effective is handwashing. Dr. Brady – Hand washing is still the most effective method to prevent contracting COVID-19.

Question: Would you recommend cloth masks. Dr. Ralls and Dr. Brady - Cloth masks would be a good option for the community, but we need to make sure to keep them clean. Cloth masks would not be recommended for healthcare workers.

Next Steps: George Aguel, Co-Chair, announced the next Task Force meeting scheduled for Tuesday, April 28, 2:30 pm – 4 pm. This will be a virtual meeting, and Lucas Boyce, County Administrator's Office, will send the Webex instructions to the members. George also asked the members to complete the Working Group Preference Form and the Industry Categorization Form by Friday, April 24 at noon to economicrecovery@ocfl.net.

Closing Remarks: Mayor Demings closed the meeting by thanking the members in advance for their service and the critical work they will be doing for our community and our economic vitality. Staff will assist the members in making sure we get the work done. The Mayor stated that we want to be inclusive and receive comments from the many sectors that are impacted.

Meeting adjourned at 11:01 am

Good Morning Task Force Members,

I hope you're all doing well. I want to follow-up with everyone in case you have not submitted your Working Group Preference Form or the Task Force Industry Categories Form. If you could please complete the forms and return them to economicrecovery@ocfl.net by 12noon today, I would appreciate it.

We are in the process of scheduling the Working Group meetings for the next week. If you are unable to return your Working Group Preference form today, we will place you on a Working Group so we can begin theimportant work that's ahead for the Task Force.

I also want to let you know that the Orange County Economic Recovery Task Force webpage can be found at https://www.ocfl.net/EconomicDevelopment/EconomicRecoveryTaskForce.

Thank you for your leadership and continued participation on the task force. Please let me know if you have any questions.

Sincerely,

Carol Burkett

Orange County Economic Recovery Task Force
Wednesday, April 22, 2020 | 9:00am – 10:30am
Draft Meeting Minutes - Revised

Welcome & Purpose of Task Force: The Orange County Economic Recovery Task Force meeting began at 9:05am. Mayor Demings welcomed the members, reviewed the agenda, and discussed the purpose of the Task Force. Here is a recap of Mayor Deming's comments. "Good morning. It is my honor and privilege to welcome you to the first meeting of the Orange County Economic Recovery Task Force. As each of you know, we are experiencing a global pandemic associated with the COVID-19 virus, which has now infected over 800,000 individuals in the U.S., with over 44,000 deaths. We have seen over 28,000 persons confirmed positive within Florida, with over 800 deaths. Within Orange, Osceola, Seminole and Lake Counties, there are over 2,200 confirmed cases and 46 deaths.

Because of the highly contagious nature of the virus, health care experts, including the World Health Organization and the Centers for Disease Control have recommended social distancing that has disrupted our daily lives and normal business activities. Many of our local businesses (small, mid-sized, and large) remain closed or operate at significantly reduced levels. None of us fully expected what we have experienced. This has resulted in a multi-billion dollar decline in our region's economy. It is my desire to work with you in planning for the region's economic recovery as soon as possible. "

Mayor Demings reviewed the Task Force agenda, which included a presentation on Florida's Sunshine Law; a health care update; a review of federal guidelines for re-opening America; and a three phased approach followed by a group discussion and next steps.

Mayor Demings shared the goal of the task force and the priorities. Mayor Demings stated, "The goal of the task force is to develop a phased-approach to reopening business in Orange County that balances the need to ensure the protection of employees and the public while preserving the economic livelihood of our community. The task force priorities are: 1) Assist businesses with determining best practices and data-driven policies to ensure safety of customers and employees upon reopening; 2) Creation of a support system for small to mid-sized businesses in re-opening; 3) Development of a framework to ensure businesses are compliant with safety guidelines, or protocols mandated by authorities; and 4) Revitalize tourism to build visitor and consumer confidence."

Mayor Demings introduced the co-chairs and provided remarks. Mayor Demings said, "These efforts will be led by co-chairs George Aguel, President of Visit Orlando, and Tim Giuliani, President of The Orlando Economic Partnership. Before I turn the remainder of the meeting over to the co-chairs, please allow me to thank each of you in advance, for volunteering your time to this effort! You will find that the work that you will do, provides meaning and value to our entire community. We all have rare moments in our lives in which we influence the well-

AMERICAN OVERSIGHT

being of others. Through your collective input, you will have positive impact of many. Our business community is depending on us to get it right as we prepare to re-engage socially and gradually re-open locked and sheltered businesses."

Public Comment: Tim Giuliani, Co-Chair, asked if there was any public comment submitted to the Task Force. No public comment was submitted.

Presentations: George Aguel, Co-Chair, introduced Katherine Latorre, Assistant County Attorney, Orange County Attorney's Office. Kate provided the task force with a presentation on the Sunshine Law and Public Records Law. As you know, the Task Force is a public advisory body, and Katherine will discuss public meetings, emails, and communication between the members.

Sunshine Law Training: Kate Latorre, Assistant County Attorney, reviewed the Sunshine Law as it pertains to public meetings, what constitutes a meeting, posting requirements for public meetings, required minutes for public meetings, and the penalties. Kate provided an overview of the public records law to include types of public records and the penalties.

Healthcare Update: Tim Giuliani, Co-Chair, introduced the presenters for the Health Care Update. Listed below is a summary of the healthcare presentations.

FL. Dept. of Health in Orange County: Dr. Raul Pino, Director, provided the task force members with an update on the coronavirus cases collected by the Florida Department of Health. In Orange County, as of April 21st, there are 1,251 positive cases and 27 deaths. The age range is three months old to 101 years old. The demographic breakdown of the positive cases is 52% male and 48% female, and 13% African-American, 44% White, and 28% Latino. We see a decline in the percentage of positive cases even with an increased capacity for testing. Dr. Pino reviewed Orange County ER admission data in reference to coughing, fever, and shortness of breath, and presented the hospital bed statistics, ventilation statistics, and new cases by day and age distribution. The underlying conditions associated with COVID-19 deaths in Orange County include Hypertension, Diabetes, Kidney Disease, Cardiac Disease, and Chronic Lung Disease. Dr. Pino talked about the peak of coronavirus cases in Orange County on April 10th.

Question: Harold Mills asked what are our plans for region-wide sampling and testing and how fast can we see the effect. Dr. Pino indicated there are different types of testing, and each lab is using a different platform, which is challenging.

AdventHealth: Scott Brady, MD, Senior Vice President of Ambulatory Services, provided an update on COVID-19 from the hospital perspective. Dr. Brady indicated that the internal hospital task force has met every day for the past eight weeks. Today, they have over 100 patients with COVID-19 throughout their hospital system (Flagler to Polk County). We are

AMERICAN OVERSIGHT

seeing a flattening of the curve over the last 21 days in large part due to social distancing. With this in place, we can take care of COVID-19 patients. We've seen a softening in the plateau; no significant drop yet, but no sharp increase either. Dr. Brady talked about ramping up testing in the community. He indicated that we are seeing a 1% positive rate of tests administered at Daytona International Speedway and a 2% positive rate at Millennia Mall. Dr. Brady and AdventHealth are working on anti-body testing, and they are involved in several studies on Plasma theory.

Orlando Health: George Ralls, MD, System Chief Quality Officer, provided the task force with an update on COVID-19 from the hospital perspective. Dr. Ralls indicated that Orlando Health has around 20 In-Patient COVID-19 patients. Dr. Ralls indicated they are ramping up testing capacity for patients and staff. He indicated that it is critical that we maintain a safe environment for staff and patients. Orlando Health is continuing the necessary surgeries. They have over 1,000 patients in the next two weeks that will need surgery. Dr. Ralls is optimistic, but he indicated we are not taking our eye off the crisis. It looks like a slow up and a slowdown type of curve.

Question: Chuck Whittall - the numbers are going down, is that because a large number of the population may already have the immunity. Dr. Pino – What is not known is how long the immunity would last. If this is not a permanent immunity, a vaccine would be the only effective solution. Dr. Brady – For a herd immunity, you would need to have 60% of the population immune. This would be highly unlikely considering we only see 1% – 2% positive cases among the population tested. We will most likely see a 5%-6% positive rate as we increase testing, but we would not be at 60%.

Federal Guidance: Andrea Wesser-Brawner, Orange County Chief Innovation & Emerging Technologies Officer, provided the task force with an overview of the Federal Guidance for Opening Up America. Andrea discussed the three-phase plan and minimum 2-week roll-out. The federal government is enabling state and local governments with recommendations. The outline includes the core preparedness responsibilities on operational guidelines.

- Testing and Contact Tracing
- Supply sufficient PPE and critical equipment
- Ensure ability to surge ICU capacity
- Protect employees in critical industries
- Limit/mitigate rebounds or outbreaks
- Reopening Criteria based on Symptoms, Cases, and Hospitals

Guidelines for All Phases: Employers
Phase One

- For all employers – Continue to encourage telework, return to work in phases, minimize non-essential travel, and special accommodations for the vulnerable populations.

For Specific Types of Employers
Two-week window before you consider the next phase

Phase Two – Satisfy gating criteria twice - no evidence of re-bound

- For all employers – Continue to encourage telework
- Close common areas where people are likely to congregate

AMERICAN OVERSIGHT

- Non-essential travel can resume
- Special accommodation for vulnerable populations

For Specific Types of Employers

Phase Three – Satisfy gating criteria thrice - no evidence of re-bound
Resume unrestricted staffing of work sites

For Specific Types of Employers
- Visits to senior care facilities and hospitals can resume

Question: Mayor Demings- Can you talk a little bit about how these Federal and State guidelines would be implemented in Florida? Andrea - We are waiting to hear from the Governor's Office on input on the operational side for specific industries like restaurants, hospitality, and tourism, which hopefully will be released on Friday.
Mayor Demings – we have to understand the federal and state guidelines and how our local government would use the guidelines to create a system that works for us.

Question: There is no mention of any specific guidelines relating to social distancing and the number of people permitted in each stage. Andrea – There is not a document available with that information at this time. We may look at the healthcare industry, but at this point, a number has not to be used for the Federal or State guidelines.

Question: Mike- How are you going to communicate with the community what phase we are in?
Andrea – Roseann is going to present next and will answer most of the questions raised on this topic.

Phased Approach to Re-Open Business: Roseann Harrington, Chief of Staff to Mayor Demings, provided the task force members with an overview of the phased approach to re-open business in Orange County.

Objectives:
- Align with guidelines established by President Trump and Governor DeSantis
- Establish clear guidelines for businesses and monitor compliance
- Ensure consistent implementation across all industries
- Monitor health data and use in the decision-making process
- Comply with new federal and state regulations

AMERICAN OVERSIGHT

Approach Framework

- Guidelines will be driven by "ability to manage social distancing at all times."
- Phases will be categorized by the level of human interaction
- Approach is dependent upon availability of testing
- Task Force will assist in determining which industries fall into each category

Three-Phase Approach

PHASE 1: Low human interaction
PHASE 2: Medium human interaction
PHASE 3: High human interaction

Working Groups

1. Guidelines for All Businesses to Reopen (base guidelines for operations)
2. Business Readiness (supplies, internal procedures, and employee training)
3. Business Compliance (ensure adherence to guidelines and enforcement)
4. Health Monitoring (public-facing dashboard, testing, and establishment of criteria to move to next phase of opening)
5. Bringing Back Tourism

*Staff support and subject matter experts will be provided to the working groups.

Questions can be directed to economicrecovery@ocfl.net – direct all suggestions, notes, and thoughts to this email for public record and transparency.

Question: Harold Mills – Why would we need consistent guidelines? Should we have guidelines based on the type of risk or industry? Roseann – We are looking at the basic requirement for all industries so that the basic sanitization has been met. We will have different guidelines for certain industries that will carry more stringent requirements. We will have the base requirement, and each organization will build upon the requirement to ensure the safety of employees and customers.

Hospital Internal Guidelines: Scott Brady, MD, Advent Health, provided sample internal guidelines for AdventHealth on how to prevent or migrate the second wave if it comes (even if the cases come down). Dr. Brady reviewed:

- Tier - 1 (After an effective vaccine or treatment has become available– back to normal), Tier 2 (Post-Surge, Pretreatment or Pre Vaccine), and Tier 3 (Current Tier).
- Phase 2 Highlights – Masks, temperature, social distancing measures, Mass PCR testing, and aggressive COVID-19 patient tracking and exposure tracing.

AdventHealth Tier 2: Universal Masking, adjusting visitation, rapid testing, 100% temperature checks, and design environment to accommodate social distancing.

Hospital Internal Guidelines: George Ralls, MD, Orlando Health, provided recommendations on hospital guidelines. Dr. Ralls talked about the state of acceptance and normalization of operation. He indicated the phased approach makes sense. He spoke about social distancing, screening and face masks for visitors and patients, and maintaining testing capacity so we can provide a safe place for our residents to return.

Question: Chuck Whittall – Unicorp National Development asked what is the timeline for opening as a community. I have spoken with a lot of businesses in the restaurant sector as

AMERICAN OVERSIGHT

well as other industries and they are hurting. Mayor Demings – The overall purpose of this task force is to focus on the business recovery effort. However, to map out the strategy for the re-opening, it does require an understanding of the health-related information and consequences. Re-opening should occur at a pace that continues to protect your employees and consumers from the virus itself. The work of this task force is to make informed decisions by which to make recommendations about when businesses can re-open with specific dates depending upon the type of businesses and the direct guidance from the state. The state is working at a relatively fast pace with multiple meetings this week. We hope to have some type of documents and guidance from the state this week. We cannot get ahead of the various regulatory authorities to open without appropriate guidance. The role of the task force is to represent the businesses and commerce within our community.

Question: Conrad Santiago - Can you give us a sense of availability of supplies in our area. Dr. Brady - We have enough gloves and PPE for the front line, but they are not abundant. Business communities would need certain protective equipment like masks and thermometers.

Question: How effective is handwashing. Dr. Brady – Hand washing is still the most effective method to prevent contracting COVID-19.

Question: Would you recommend cloth masks. Dr. Ralls and Dr. Brady - Cloth masks would be a good option for the community, but we need to make sure to keep them clean. Cloth masks would not be recommended for healthcare workers.

Next Steps: George Aguel, Co-Chair, announced the next Task Force meeting scheduled for Tuesday, April 28, 2:30 pm – 4 pm. This will be a virtual meeting, and Lucas Boyce, County Administrator's Office, will send the Webex instructions to the members. George also asked the members to complete the Working Group Preference Form and the Industry Categorization Form by Friday, April 24 at noon and send to economicrecovery@ocfl.net.

Closing Remarks: Mayor Demings closed the meeting by thanking the members in advance for their service and the critical work they will be doing for our community and our economic vitality. Staff will assist the members in making sure we get the work done. The Mayor stated that we want to be inclusive and receive comments from the many sectors that are impacted.

Meeting adjourned at 11:01 am

AMERICAN OVERSIGHT

Orange County Economic Recovery Task Force

Background: During the past month, Mayor Demings has held weekly discussions regarding the coronavirus with our area hospitals, regional county leaders, local mayors, and major employers. We have discussed actions required to slow the spread, which includes increased testing and transitioning forward as we ease restrictions and open up for business. We have researched best practices and recommendations from the federal government and other countries. We have also held calls with Governor DeSantis and his Emergency Operations Director, Jared Moskowitz. While we have made great progress, it is now time to broaden the discussion with a wider group of organizations.

On Friday, April 17, 2020, Orange County Mayor Jerry L. Demings announced the formation of the Orange County Economic Recovery Task Force. The Task Force was established to develop a phased-approach to reopening business in Orange County that balances the need to ensure the protection of employees and the public while preserving the economic livelihood of our community.

Co-Chairs: The Task Force is chaired by George Aguel, President of Visit Orlando, and Tim Giuliani, President of the Orlando Economic Partnership. The Task Force is comprised of forty-six members representing major employers, small businesses, healthcare, hotels, restaurants, arts and entertainment, and other service-related industries.

Task Force Priorities

1. Assist businesses with best practices and data-driven policies to protect the safety of employees & customers upon reopening.
2. Support small to mid-sized businesses as they reopen.
3. Develop a framework that ensures businesses are compliant with safety guidelines.
4. Revitalize tourism & build visitor confidence.

Task Force Working Groups

The Task Force formed Working Groups that will develop strategies and recommendations based on the task force priorities. The Working Groups will meet frequently and report on their priorities and recommendations to the full Task Force. The Working Groups will be supported by Orange County staff that will be responsible for preparing agendas, conducting research, reviewing

Shane,

I hope you are doing well.

During a phone conversation this morning, Mayor Demings informed Governor DeSantis he would be submitting a formal request to the state for a potential Central Florida Regional Alternative Medical Treatment Site (AMTS).

Attached please find Mayor Demings' request for the AMTS along with letters of support from Lake, Osceola and Seminole counties.

We will also submit the AMTS request through the state emergency management system.

Please let me know if you need any additional information.

The Honorable Ron DeSantis
Governor of Florida
The Capitol
400 S. Monroe Street
Tallahassee, FL 32399

Dear Governor DeSantis:

The effects of the COVID-19 pandemic are being felt internationally and Central Florida is not immune. Although we are seeing the benefits of early mitigation efforts designed to "flatten the curve" and reduce the spread of the virus, we must take measures to ensure we are prepared for the worst possible scenario.

During discussions with our hospital partners including AdventHealth, Orlando Health, and HCA Florida as well as Central Florida county leadership, there was concern voiced about a potential hospital bed and resource deficit in our region as we reach the peak of the COVID-19 patient surge. The potential shortage is based on predictive models developed by the hospitals, and validated by evidence from other communities who are weeks ahead of us in their fight against the pandemic.

In an effort to prepare for the potential shortage of hospital beds in our region, Orange County is submitting a request for an Alternate Medical Treatment Site (AMTS) in Central Florida. The AMTS will serve as a 250 bed regional asset serving Orange, Seminole, Osceola and Lake Counties. This facility would function to supplement the anticipated region deficit due to COVID-19.

The AMTS would be located at the Orange County Convention Center, a seven million square foot facility that has previously hosted federal resources during hurricanes, and currently being utilized as a FEMA/state regional testing site. This request is based upon the unanimous endorsement of Orange, Seminole, Osceola and Lake Counties, in concert with our major healthcare organizations in Central Florida.

AMERICAN OVERSIGHT

Please accept this letter as our official communication notifying you of our intent to adequately prepare for the potential impact of COVID-19 in the Central Florida region. In addition, a formal request has been submitted through the state emergency management system.

On behalf of Orange County and the Central Florida region, I appreciate your consideration of our request.

Sincerely,

Jerry L. Demings
Orange County Mayor

The Honorable Ron DeSantis, Governor
Office of the Governor
State of Florida
400 South Monroe Street
Tallahassee, FL 32399

Dear Governor DeSantis:

The Lake County Board of County of Commissioners appreciates the strong leadership that you continue to provide to all Floridians in addressing the COVID-19 virus. As you aware, Lake County residents utilize several hospital systems with our adjoining counties, including Sumter County and The Villages along our western boundary; Marion and Volusia counties to the north and northeast; and Orange, Seminole and Osceola counties to our east. We are working closely with administrators within each of these hospital systems to assure that there are available hospital beds and related resources, including ventilators, for our residents, depending on which models materialize over the coming days and weeks.

I am writing to you today as a partner with our adjoining Metro-Orlando counties: Orange, Seminole, and Osceola. In order to be prepared should we encounter a worst-case scenario in the Metro-Orlando region, the hospitals in our region have provided the elected officials of our four counties with an assessment of their available beds, ICU beds and ventilators. I am pleased to report that these hospitals have done an exceptional job planning, preparing for and adapting to changing circumstances and data. As you know so well, it is always important to formulate contingency plans so that they can be executed swiftly if the situation warrants. To this end, Orange County Mayor Jerry Demings has offered the Orange County Convention Center as a centrally located venue that could be utilized as a COVID-19 hospital or for additional hospital capacity if such capacity is needed.

We are requesting your assistance in securing necessary supplies, staffing and technical support should it be necessary to execute this contingency plan. We appreciate Orange County's willingness to offer the Convention Center for this purpose, but we certainly hope and pray that it will not be necessary. On behalf of the residents of Lake County and the Board of County Commissioners, we greatly appreciate your consideration of this request.

Thank you for your support and we look forward to continuing to work with you.

Sincerely,

Leslie Campione

The Honorable Ron DeSantis

Dear Governor DeSantis:

As you work to protect the people of Florida during the COVID-19 pandemic, Osceola County respectfully requests that you approve Orange County's request to allow the Orange County Convention Center to serve as an Alternative Medical Treatment Site (AMTS). Osceola County stands shoulder to shoulder with our regional partners, Orange, Seminole, and Lake Counties, as we fight this dangerous virus.

Orange, Osceola, Seminole, and Lake Counties, in association with our regional hospital partners, are working diligently to ensure that there are enough hospital beds and related resources to ensure the health and wellbeing of all individuals during this pandemic. However, based on predictive models provided by our partner hospitals, there is a concern that there could be a shortage of hospital beds and associated resources in our region. Additionally, we all observe the strain this virus is placing on healthcare systems in communities that are weeks ahead of us in their own battles with the virus. We have an opportunity to ready the region, and prevent any foreseeable shortages while we have the chance.

To prepare against this possibility, Orange County has offered the Orange County Convention Center as a centrally located venue to be used as an AMTS to serve the central Florida region. This request has been unanimously endorsed by Orange, Osceola, Seminole, and Lake Counties, in addition to our major healthcare and hospital organizations in central Florida. The proposed AMTS would serve as a 250 bed regional asset for the surrounding counties and supplement any potential shortages due to COVID-19.

Osceola County stands ready to work with our regional partners to ensure that that we provide all resources necessary to fight this pestilence. We respectfully request that you approve Orange County's request. Thank you for all that you do.

Sincerely,

Viviana Janer

The Honorable Ron DeSantis
Governor of Florida
The Capitol

Dear Governor DeSantis:

Seminole County is working closely with healthcare and government partners to manage the effects of COVID-19 on our region. Our Emergency Management team believes that we must take measures to prepare should the need arise for additional healthcare resources and hospital capacity.

Seminole County agrees that in order to adequately prepare for further spread of the virus, a contingency plan is necessary to mitigate a potential hospital bed shortage. In accordance with our healthcare partners and Lake, Orange, and Osceola Counties, we believe the Orange County Convention Center is the optimal location for Central Florida's Alternate Medical Treatment Site.

If the need arises to activate the AMTS, it is our hope that the State of Florida will support this effort with the necessary funding.

Thank you for your consideration,

Regards,

Jay Zembower
Chairman, Seminole County Board of County Commissioners

All,

I've gotten a few calls about the three weeks as opposed to two week intervals. I suggested that the bigger businesses look at soft opening.

Would you be okay with occupancy reductions to allow for bigger businesses to open in an earlier phase. For example, occupancy/capacity at 25% in phase 1, 50% in phase 2 and 100% in phase 3.

This would allow them an opportunity to gradually open back up.

Thanks,

Roseann

Melrose Center delivers 3D printed personal protective equipment to Orlando Health

Fab Lab staff working with local maker groups to print and deliver parts

(April 9, 2020 – Orlando, FL) – Staff from Orange County Library System's Melrose Center connect with local maker groups working to 3D print critical personal protective equipment (PPE) and deliver finished face shield visors to Orlando Health.

In late March, the Melrose Center's Fab Lab team began investigating ways they could 3D print personal protective equipment for healthcare professionals. Working with files provided freely by Budmen Industries, a company that designs and sells 3D printers, staff started printing visors from home using 3D printers and supplies borrowed from the Melrose Center's Fab Lab, a makerspace that offers hands-on classes and equipment for DIY projects.

"The Melrose Center's Fab Lab team is really happy to be able to join the maker community's efforts to help our health care workers. They are a focused and energized bunch, and glad to be in a position to make a small difference. I'm really proud of them," said Jim Myers, Department Head of the Dorothy Lumley Melrose Center for Technology, Innovation and Creativity.

Fab Lab Instructor Harold Singh, using supplies at his home makerspace, began the initial process of printing these needed parts. With the help of his daughter, who works in the ICU, he delivered them to Orlando Health. At the same time Fab Lab Instructor Yesenia Arroyo connected with the Central and South Florida chapters of the nonprofit Open Source COVID-19 Medical Supplies, a group working to connect makerspaces with medical professionals in need around the world. Soon after, the group received information from Orlando Health with details on what equipment could be accepted and work began. Earlier this week, Arroyo and fellow Fab Lab Instructors Jennifer Michalicek and Frank Mackey each took home a 3D printer, filament and other supplies from the Fab Lab. Melrose Center staff now have four printers creating face shield parts, which take around two hours each to complete. Singh has also created a rubber mold of the visor frame and can produce an additional four per hour using liquid acrylic.

Good evening State Leadership.
Good evening Orange County Leadership.
Good evening City of Orlando Leadership.

Firstly,
I thank you on behalf of my family, friends, co-workers and customers for what you are doing to help lead us through this unprecedented situation and time.

Secondly
Prologis would like to offer our support to your ongoing efforts during this COVID19 virus by offering some of our VACANT WAREHOUSES to the County/City.
If this is something we might be able to assist with please have the City/County representative give me a call at my cellphone below (anytime) and let's explore how we might be able to assist.

Our buildings (11M SF) are generally located near or around the MCO airport.
Our typical buildings look like the flyer attached.

Link to some of our potential options we could explore here

Good afternoon:

We received a few questions from those scheduled to be on the state and local elected officials call this afternoon at 2:30 pm. I've combined the questions into one document.

If possible, please take a moment to review the questions prior to the call. If we can work in answers during the course of our conversation, it would be helpful.

Thanks,

Kelley

AMERICAN OVERSIGHT

Pre-Conference Call Questions:

Senator Victor Torres

Will there be additional testing in areas considered a hot spot?

Representative Bruce Antone

What is going on with coronavirus and how is Orange County Government responding?
- Data on spread and containment
- Trends, patterns of spread, containment
- Does the data indicate a disproportionate impact on the African American, Haitian, and Hispanic
  populations?
- Where are the hotspots in Orange County?
- Is there a person that is interpreting and translating the information into Creole? Is there a Creole
  interpreter at the daily press conferences?

Please distinguish between Mayor Demings' responsibilities and authority with respect to Orange County's response, versus Governor DeSantis and Mayor Dyer.

What resources are available to help the residents in Orange County?

Where can we find the daily, periodic and weekly coronavirus data, reports and maps?

What demographic data is being collected in Orange County?

Coronavirus is a reportable medical illness, who is collecting the data?

What are the demographics regarding who has been tested?

What is the number of infected, number of deaths, number of people hospitalized, number that may have recovered after hospitalization?

Where are the zip code maps or maps of Orange County that depict the number of people infected?

What is it that you want the Elected Officials on this call to know and be aware of?

What should the Elected Officials on this call be doing with respect to coronavirus in Orange County?

How many testing sites are there in Orange County and what's the daily testing capacity?
- What is the number of individuals that can be tested daily?
- Who is doing the testing? Orange County, FEMA, State of Florida
- Who can be tested? Is there a cost, is insurance required, etc.?
- When and how can people expect to receive the results from their test?
- Where can people get the results of their test?

Representative Geraldine Thompson

I have family and associates who are physicians. Is there adequate personal protective equipment available to those on the front lines?

Are there plans to have testing centers in locations other than the Convention Center?

AMERICAN OVERSIGHT

Is data updated regarding areas in Orange County that are hardest hit by COVID?

Mayor Eddie Cole, Eatonville

Will there be additional testing sites launched in other parts of the county? Mayor Cole is particularly interested in a testing site in Eatonville, given transportation challenges to get to the convention center.

Commissioner Larry Brinson, Ocoee

Regarding the homeless residents of Orange County and the State of Florida:
- What to do with them should they test positive?
- How should we communicate with them?
- Where do they go for assistance, healthcare and otherwise?

Please convert into "plain language" the CARES Plan and its provisions
- Who does it NOT cover?
- How do address those who fall into that “donut hole?”
- Are municipalities covered and able to recoup payroll cost?

What will the State of Florida do if our numbers start tracking in the direction of New York, California or Washington etc.?

These are great stats.

Question: When does DOH anticipate beginning to track our "recovered" cases? They are tracking them at the world and national levels already. I wonder how many of our state/county cases have already recovered from the virus.

Thank you.

Subject: Conference Call with State and Local Elected Officials

All,
The Mayor will hold a conference call with State and Local Elected Officials on Monday, April 13 at 2:30 pm. Awilda will send you the dial in information as a calendar invitation.
The call will include our state representatives and senators, constitutional officers, city council members from our municipalities and city managers.
The Mayor will update the group on his discussions with the Governor concerning the OCCC and our request for a regional Alternative Medical Treatment Site (AMTS).
The Mayor would like Dr. Zuver to discuss the hospital predictive model information and the various timing for a surge. He would then like Dr. Pino to give an update from the Department of Health. He would like to make it clear that the safety and well-being of our community is imperative and that we must have healthcare professionals involved in any decisions about transitioning to recovery and loosening restrictions.
The Agenda will look something like this:

- Welcome – Mayor Demings
  - Discussions with the Governor and Jared Moskowitz, State Emergency Operations Manager
  - Alternative Medical Treatment Site
- Hospital Modeling and Forecast – Dr. Chris Zuver
- Update from the Florida Department of Health – Dr. Raul Pino
- Planning for the Surge and Transition to Recovery – Mayor Demings
- Questions

Roseann,

Thank you so much for this introduction.

Hello Dr. Pino, Dr. Martinez, and Mr. Daye,

It's a pleasure connecting with all of you. The Hispanic Chamber of Commerce of Metro Orlando will be hosting a workshop on How Small Businesses (and small non-profits) need to prepare for the Coronavirus. In addition to the need for education on preventive measures to avoid being exposed to the virus, many small business owners don't have an HR department, so they don't have access to the latest information on HR regulations and policies that apply under these unique circumstances.

For this workshop, we will have the following speakers confirmed:

Dr. Antonia Novello – Former US Surgeon General
Colonel Wilson Ariza (Retired)– Health Information Officer at OPTUMServe (The Health Services Platform of United Health Group)
Claudia Paredes, SHRM-CP, Senior Human Resource Generalist at Paychex

We will be honored to have a representative from the State Health Department in Orange County and/or the Health Services for Orange County as part of this panel of experts. Mr. Daye, we would love to have you there too, if possible.

The workshop will take place on Friday, March 20, from 8:00 am – 10 am (we will open the doors at 7:30 am) at the National Entrepreneur Center, 3201 E. Colonial Dr. Orlando, FL 32803. The media will be invited to attend this event. Right now, we already have Univision, and Telemundo confirmed. The event will be in English; however, questions in Spanish from the audience will be welcomed.

We hope we can count on your support and participation to provide this much-needed information to our small business community about this critical issue.

I look forward to hearing from you, and thank you for your attention.

Either of these two individuals would be able to provide your members with an update on the Coronavirus. I also copied Ricardo Daye, Director of Orange County Human Resources. He and his team are managing the human resource issues related to coronavirus for Orange County and can answer questions about a resource to educate your members.

Dr. Pino, Dr. Martinez, and Ricardo, Gaby Ortigoni is the President of the Hispanic Chamber and looking for assistance educating her member small businesses on ways to deal with the coronavirus.

Gaby, I will let you take it from here.

Thanks. It looks like a bell curve right now. Is it good that the 3/22 numbers are down compared to the previous week?

Thank you for your prompt response, and your willingness to assign someone to our ESF8 desk. That will be extremely helpful to us all.
With regard to Merlin; I am not familiar with the DOH database, or what info it provides that's different than the state GIS site. I would not recommend that we have unfettered access to Merlin from within our EOC. Only that the DOH EOC person has access to the site, in order to answer any questions that may arise out of the need for public safety and health.
My only additional knowledge with regard to Merlin is that the Seminole County EOC is advising they have a DOH representative at their facility, who has direct access to Merlin for the most recent information at their fingertips. If you see no value to this level of access for your EOC person, I will defer to your expertise.
With regard to the information on our confirmed cases: It is my understanding that Orange County is receiving daily, updated information regarding our current cases. The information is being sent to our PSAP communications center by the statewide 911 coordinator with DMS. DMS advises me they are receiving this info directly from the Department of Health. With that summary in mind, I believe we are getting the most current information available each day. Thus, we are using this information to create our GIS heat maps. If access to Merlin would give us no additional information than this current route, please let me know.
Thank you again for your partnership and your collaboration. We are fortunate to have you as our Health Officer in Orange County.

I will talk to our team here and assign a person to be our liaison at the EOC, that is great idea; thanks for the invite. With regards to Merlin, that is in itself another total different matter. I don't think is necessary or safe to have access to Merlin from computers outside our network. The state GIS site offers the most up to date verified info. Merlin itself is not a data analytical tool, it is designed for tacking individuals and their contacts. I don't see the benefit of having such at a the EOC, but perhaps you have an specific request with regards to Merlin that makes sense. Could you expand on how it would be used and the benefits?

Dr. Pino.
We appreciate your collaboration, and are hopeful to reach a quick solution to any concerns.
In order to ensure a seamless transmission of information, could you please assign someone from your office to our ESF8 desk at the Orange County Emergency Operations Center? We are currently operating at a Level 1 activation. The DOH designee should have direct access to the DOH Merlin (sp) database, which will ensure we are receiving the most up-to-date information available. As of this date, we do not have a DOH representative participating at our Orange County EOC. In comparison, the Seminole County Emergency Operations Center has a full-time DOH representative on-site, and thus, there is no lack of clarity regarding information sharing.
If you have challenges in providing a full time person for this role, I'd ask that you request your department send you additional resources in order to accommodate this urgent need. We'd be glad to help you champion this issue to your department, if necessary.
Again. I appreciate your collaboration and your partnership, and look forward to welcoming your full-time designee into the EOC, which will help alleviate future concerns.
Thank you.

Chief
GM. It came to my attention that during the EM call yesterday you had mention a lack of collaboration on our part when it comes to data sharing. I was very surprised and truly shocked, there is not one single piece of data that we haven't shared. Perhaps there are some miscommunication as this is a very fast moving target. Please feel free to call me if you have any questions or there is any way we can improve communications across agencies. I take our partnership very seriously these are some of the examples of what we are doing :

1. Having daily calls with OC Health Services.
2. Having weekly calls with OCPS.

AMERICAN OVERSIGHT

3. DOH have a outside facing portal with all pertinent data at your disposal.
4. We shared granular data with EMS Medical director (we had some technical challenges twice and it was communicated to OC Health Services)
5. We continues to share all analytical work as it is getting underway

Chief, let me know if you have additional questions.

Chief
GM. It came to my attention that during the EM call yesterday you had mention a lack of collaboration on our part when it comes to data sharing. I was very surprised and truly shocked, there is not one single piece of data that we haven't shared. Perhaps there are some miscommunication as this is a very fast moving target. Please feel free to call me if you have any questions or there is any way we can improve communications across agencies. I take our partnership very seriously these are some of the examples of what we are doing :

1. Having daily calls with OC Health Services.
2. Having weekly calls with OCPS.
3. DOH have a outside facing portal with all pertinent data at your disposal.
4. We shared granular data with EMS Medical director (we had some technical challenges twice and it was communicated to OC Health Services)
5. We continues to share all analytical work as it is getting underway

Chief, let me know if you have additional questions.

Thank you for your prompt response, and your willingness to assign someone to our ESF8 desk. That will be extremely helpful to us all.

With regard to Merlin; I am not familiar with the DOH database, or what info it provides that's different than the state GIS site. I would not recommend that we have unfettered access to Merlin from within our EOC. Only that the DOH EOC person has access to the site, in order to answer any questions that may arise out of the need for public safety and health.

My only additional knowledge with regard to Merlin is that the Seminole County EOC is advising they have a DOH representative at their facility, who has direct access to Merlin for the most recent information at their fingertips. If you see no value to this level of access for your EOC person, I will defer to your expertise.

With regard to the information on our confirmed cases: It is my understanding that Orange County is receiving daily, updated information regarding our current cases. The information is being sent to our PSAP communications center by the statewide 911 coordinator with DMS. DMS advises me they are receiving this info directly from the Department of Health. With that summary in mind, I believe we are getting the most current information available each day. Thus, we are using this information to create our GIS heat maps. If access to Merlin would give us no additional information than this current route, please let me know.

Thank you again for your partnership and your collaboration. We are fortunate to have you as our Health Officer in Orange County.

I will talk to our team here and assign a person to be our liaison at the EOC, that is great idea; thanks for the invite. With regards to Merlin, that is in itself another total different matter. I don't think is necessary or safe to have access to Merlin from computers outside our network. The state GIS site offers the most up to date verified info. Merlin itself is not a data analytical tool, it is designed for tacking individuals and their contacts. I don't see the benefit of having such at a the EOC, but perhaps you have an specific request with regards to Merlin that makes sense. Could you expand on how it would be used and the benefits?

Dr. Pino.
We appreciate your collaboration, and are hopeful to reach a quick solution to any concerns.

In order to ensure a seamless transmission of information, could you please assign someone from your office to our ESF8 desk at the Orange County Emergency Operations Center? We are currently operating at a Level 1 activation. The DOH designee should have direct access to the DOH Merlin (sp) database, which will ensure we are receiving the most up-to-date information available. As of this date, we do not have a DOH representative participating at our Orange County EOC. In comparison, the Seminole County Emergency Operations Center has a full-time DOH representative on-site, and thus, there is no lack of clarity regarding information sharing.

If you have challenges in providing a full time person for this role, I'd ask that you request your department send you additional resources in order to accommodate this urgent need. We'd be glad to help you champion this issue to your department, if necessary.

Again. I appreciate your collaboration and your partnership, and look forward to welcoming your full-time designee into the EOC, which will help alleviate future concerns.

Thank you.

Dr. Pino,

I saw the location of the five new sites on Channel 2 news last night. So, it appears the locations have been announced, although the story did not provide any details about how they will operate, i.e., different site each day.

I was going to hold on advising our County Commissioners until closer to the presser this afternoon, but since it appears the locations are now public knowledge, I feel compelled to notify our Commissioners this morning, as well as a few other elected officials that have contacted the Mayor or me recently.

Let me know if you have any reservations on the above. Thanks.

Subject: DOH Providing Five New Mobile Test Sites in Orange County

Commissioners,

Just a quick note to advise those that may not have heard that the Department of Health (DOH) will be opening additional mobile test sites in Orange County starting next week, pending confirmation on receipt of the collection/test kits. Dr. Raul Pino will provide more details later today. Mayor Demings committed to Orange County working with DOH to provide additional sites to increase accessibility to County residents, and the Mayor is making four of our County Parks & Recreation sites available as mobile test locations. Further, the County Fire Department will assist with this effort as needed.

The four County sites DOH selected are as follows, and they were based on DOH's analysis of hot spots, space needs for set-up, geographic dispersion, ease of access for citizens, etc.:

- Blanchard Park
- South Econ Community Park
- Barnett Park
- West Orange Park

DOH will have a fifth site at Camping World Stadium in the City of Orlando.

There is no cost to the residents to be tested, nor is there any eligibility criteria, so anyone can be tested. DOH will ask folks to make an appointment and will provide the call-in number this afternoon. They prefer the appointment method so that all necessary paperwork can be completed in advance, thus minimizing personal interaction, and to reduce potential long lines.

Dr. Pino will provide the specifics of how these roving mobile test sites will operate later today, including the schedule noting what day testing will be done at each site.

I hope this is helpful information.

There is no cost to the residents to be tested, nor is there any eligibility criteria, so anyone can be tested. DOH will ask folks to make an appointment and will provide the call-in number this afternoon. They prefer the appointment method so that all necessary paperwork can be completed in advance, thus minimizing personal interaction, and to reduce potential long lines.

Dr. Pino will provide the specifics of how these roving mobile test sites will operate later today, including the schedule noting what day testing will be done at each site.

I hope this is helpful information.

Subject: DOH Providing Five New Mobile Test Sites in Orange County

Commissioners,

Just a quick note to advise those that may not have heard that the Department of Health (DOH) will be opening additional mobile test sites in Orange County starting next week, pending confirmation on receipt of the collection/test kits. Dr. Raul Pino will provide more details later today. Mayor Demings committed to Orange County working with DOH to provide additional sites to increase accessibility to County residents, and the Mayor is making four of our County Parks & Recreation sites available as mobile test locations. Further, the County Fire Department will assist with this effort as needed.

The four County sites DOH selected are as follows, and they were based on DOH's analysis of hot spots, space needs for set-up, geographic dispersion, ease of access for citizens, etc.:

- Blanchard Park
- South Econ Community Park
- Barnett Park
- West Orange Park

DOH will have a fifth site at Camping World Stadium in the City of Orlando.

There is no cost to the residents to be tested, nor is there any eligibility criteria, so anyone can be tested. DOH will ask folks to make an appointment and will provide the call-in number this afternoon. They prefer the appointment method so that all necessary paperwork can be completed in advance, thus minimizing personal interaction, and to reduce potential long lines.

Dr. Pino will provide the specifics of how these roving mobile test sites will operate later today, including the schedule noting what day testing will be done at each site.

I hope this is helpful information.

Good morning Mr. Brooks,

Thank you for all the efforts and support that the county and DOH is providing to the community.

My request as D4 leader is to put one testing site in the south east side around the 32824 area that is one of the highest number reported and is very high in Hispanic numbers. This will be covering the south area and Lake Nona, OBT, etc.

Blessings,

Maribel Gomez Cordero

Subject: DOH Providing Five New Mobile Test Sites in Orange County

Commissioners,
Just a quick note to advise those that may not have heard that the Department of Health (DOH) will be opening additional mobile test sites in Orange County starting next week, pending confirmation on receipt of the collection/test kits. Dr. Raul Pino will provide more details later today. Mayor Demings committed to Orange County working with DOH to provide additional sites to increase accessibility to County residents, and the Mayor is making four of our County Parks & Recreation sites available as mobile test locations. Further, the County Fire Department will assist with this effort as needed.
The four County sites DOH selected are as follows, and they were based on DOH's analysis of hot spots, space needs for set-up, geographic dispersion, ease of access for citizens, etc.:

- Blanchard Park
- South Econ Community Park
- Barnett Park
- West Orange Park

DOH will have a fifth site at Camping World Stadium in the City of Orlando.
There is no cost to the residents to be tested, nor is there any eligibility criteria, so anyone can be tested. DOH will ask folks to make an appointment and will provide the call-in number this afternoon. They prefer the appointment method so that all necessary paperwork can be completed in advance, thus minimizing personal interaction, and to reduce potential long lines.

Dr. Pino will provide the specifics of how these roving mobile test sites will operate later today, including the schedule noting what day testing will be done at each site.
I hope this is helpful information.

Hello Dr. Pino

I hope you're doing well. Please find attached the proposals from YMCA and Boys & Girls Club of Central Florida for emergency responder childcare services for your review. The information includes the cost per child, age of children, available locations based on need, programs and activities, and cleaning procedures along with additional information for the parent. I've included in the document the contacts for both the YMCA and Boys & Girls Clubs of Central Florida so you and senior management staff can have further conversations regarding the proposed childcare services.

Thank you Dr. Pino and please let me know if you have any questions.

Orange County Emergency Responder Childcare Assessment
COVID-19 Public Healthcare Crisis
Childcare Service Proposals

On March 19, 2020, the Mayor's Office held a conference call with emergency responder agencies to address the need of childcare services in response to the COVID-19 public healthcare crisis. As a result of the discussion, Orange County Government created a survey for internal and external emergency responders/healthcare agencies to assess their employee's need for childcare services. The survey was forwarded to the Orange County Corrections Department, Orange County Fire Rescue Department, Florida Department of Health in Orange County, and the Orange County Sheriff's Office.

The YMCA and Boys & Girls Club submitted proposals to re-purpose their facilities to offer emergency childcare for Orange County first responders during this pandemic. Listed below is a summary of the proposals for your review as well as their contact information.

YMCA OF CENTRAL FLORIDA
Emergency Responder Childcare Services

The YMCA will open facilities with Level 2 cleared YMCA staff (DCF Mandates) and who have been identified and willing to work in this crisis environment.

Contact:
Jody Alexander
Executive Vice President
YMCA of Central Florida, 433 N. Mills Ave., Orlando, FL 32803
407.896.9220

Childcare Operations:
The YMCA serves thousands of youth throughout the school year and summer in child care and camp programs. As this is a unique situation, the YMCA is positioned to respond to emergency childcare needs and will implement social distancing guidelines, maximum group size guidelines, and safety and cleaning precautions. To protect the health and safety of the children and staff at these emergency childcare locations, special consideration is given to health screening to all children and staff at check-in, as well as throughout the day.

Group Ratings:

School age	1:9(teacher to children, typical DCF mandate is 1:25)
Pre-K	1:9(teacher to children)
Toddler	1:6 (teacher to children)
Infants	1:4 (teacher to children)

Additionally, trained staff will respond with all day cleaning/disinfecting and thorough overnight deep cleaning.

Programming, activities and curriculum will be balanced with proper social distancing and cleaning. Activities will include exercise/movement, games, enrichment and support of

AMERICAN OVERSIGHT

academics. The YMCA always includes focus on character development values of respect, responsibility, caring and honesty.

Meals:
Families will be responsible for providing meals and snacks.

Limited personal items from home will be permitted.

Potential YMCA Emergency Essential Childcare Centers
Hours of Operation:
Monday-Friday, 6:30am – 7:30pm (expanding hours will be considered as needs arise). The first sites to come online (as needed based on feedback and registration):

First Set of Locations:

- Downtown Orlando YMCA Family Center, 433 N. Mills Avenue, Orlando, FL 32803 (School Age)
- Winter Park YMCA Family Center, 1201 N. Lakemont Avenue, Winter Park, FL 32792 (School Age)

Second Location:

- Early Childhood Learning Centers, 2800 E. Vista Blvd., Lake Buena Vista, FL 32830 (Infant, Toddler, Pre-K & School Age)

Third Set of Locations:

- Dr. Phillips YMCA Family Center, 7000 Dr. Phillips Blvd. Orlando, FL 32819 (School Age)
- Lake Nona YMCA Family Center, 9055 Northlake Pkwy., Orlando, FL(Pre-K & School Age)
- Roper YMCA Family Center, 100 Windermere, FL 34787 (School Age)

**Additional YMCA locations may be added as needed.*

Eligibility:
Children of Orange County Government employees, ages 5-12, will be eligible to be served in the YMCA childcare program as identified YMCA Family Centers.

Fees:
The YMCA proposes the following daily rates:

- School Age (K-8th, Ages 5-13) $50 per child
- Pre-K (Ages 3-5 years old) $50 per child
- Toddles (12-24 months) $60 per day
- Infants (6 weeks-12months) $60 per day

Options for Registration and Fees:

- Participant can register on their own through YMCA registration link
- Additional enrollment paperwork may be required at certain locations to be completed prior to the first drop off.

AMERICAN OVERSIGHT

- Organizations and agencies may choose to provide a stipend as well as payroll deduct childcare fees. In this case, the YMCA will work with the organization and agency for billing and payment.

BOYS & GIRLS CLUBS OF CENTRAL FLORIDA

Proposal for Children Services of First Responders and/or Essential Service Workers

Under the recently announced Orange County "Stay-at-Home" order, Boys & Girls Clubs of Central Florida's services have been designated as essential and necessary to maintaining the continuity of operations of critical infrastructure. To that end, we will open our Clubhouse facility and/or facilities only to those children of parents who serve as first responders and/or serve in essential infrastructure sectors such as Corrections, Health Department, Fire Department and Sheriff's Office.

Contact:

Gary W. Cain
President & CEO
Boys & Girls Clubs of Central Florida
Syd & Marianne Levy Service Center
101 E. Colonial Drive, Orlando, FL 32801
407.841.6855

Age & Hours of Operation

We can serve children ages 5-18 during the hours of 6:00am – 6:00pm Monday – Friday

Locations:

- Joe R Lee Branch, 400b Ruffel St. in Eatonville 32751
- Walt Disney World Clubhouse, 5211 Hernandes Dr. in Orlando 32808

We will have the capacity to serve a maximum of 99 children per day at each site based on current available staff and we anticipate a cost of $40 per child/per day in order to the provide the service.

Fee:

- We anticipate a cost of $40 per child/per day in order to provide the service.

Programs and Activities:

A typical day in the Club for youth would include activities and programs in each of our five core program areas which consist of the following: Character and Leadership Development, Education and Career Development, Health and Life Skills, the Arts and Sports, Fitness and Recreation. Some of the program areas in our Clubhouse facilities include the following: Computer Labs, Game Rooms, Arts and Crafts, Gymnasium, Teen Center, Learning Center, Music Studio (for teens) and more.

Meals:

AMERICAN OVERSIGHT

Breakfast, lunch, and an afternoon snack will be included as part of the children's participation at the Club.

Staff Ratio:

- We will maintain a 1 staff per 9 youth ratio so that no group would exceed 10 total people. Each group would rotate into different areas of the Club on an hourly basis to ensure variety and promote participation.

Obviously, safety will be paramount so our staff will adhere to the following recommended practices and guidelines:

- Perform wellness checks. Staff and youth participants will have their temperature taken each day outside the facility and no one with a temperature of 100.0 degrees or above
  will be allowed into the facility. Also, anyone with signs or symptoms of a respiratory infection, has had contact with a person with a confirmed case or who is sick, or has traveled to a location with widespread community transmission will be allowed entry.
  *** Please refer to COVID-19 Wellness Screening for further detail**

- Require social distancing. No more than 10 people will be grouped together at any one time. Coverage will allow a distance of 6 feet between individuals. Curriculum will encourage individual activities in a group setting with adequate distancing.

- Staff members along with a professional cleaning service will sanitize the facility each day to include focus on high touch point areas like doorknobs, light switches and faucets.

- Universal precautions will be increased. Staff will ensure that all children (and staff) wash their hands throughout the day on a regular basis, at least every 45 minutes. In addition, handwashing will occur before and after any food service, at entry into the Club and upon exiting the Club.

- Staff will ensure adequate supplies are on hand including soap, toilet paper and approved cleaning and disinfecting agents.

- A space will be designated for staff or children who appear to become ill while at the Club. Anyone who may develop respiratory illness symptoms will be isolated in a room separate from others. If available, a facemask will be provided to the individual to prevent them from possibly transmitting the virus to others.

Our mission at Boys & Girls Clubs of Central Florida is to inspire and enable all young people, especially those from disadvantaged circumstances, to realize their full potential

AMERICAN OVERSIGHT

as productive, responsible and caring citizens. We are honored to be able to serve our community in this time of need and will do our part to serve those who need us most.

COVID-19 Wellness Screening

•Upon child arrival, take the child's temperature to ensure there is no fever over 100.0 degrees.

•If there is a fever over 100.0, we cannot accept the child into care.
Consistent with recommendations from the Department of Health, "If you have a fever, cough or shortness of breath and have NOT been around anyone who has been diagnosed with COVID-19, you should stay home, away from others, until 72 hours after the fever is gone and you are symptom free"

Questions for parent/guardian
1. Has your child had a fever over 100.0 degrees in the last 72 hours?
2. Has your child had a cough in the last 72 hours?
3. Has your child had any shortness of breath in the last 72 hours?
4. Has anyone in the family shown symptoms of a fever, cough or shortness of breath in the last 72 hours.

•If the answer is yes to any of these questions, we cannot accept the child into care. Consistent with recommendations from the Department of Health, "If you have a fever, cough or shortness of breath and have NOT been around anyone who has been diagnosed with COVID-19, you should stay home, away from others, until 72 hours after the fever is gone and you are symptom free"

5. Has anyone in the family been in contact with someone who is being tested for or has tested positive for COVID-19?

•If the answer is yes to this question, we cannot accept the child into care.
The family must remain consistent with recommendations from the Department of Health, for quarantine.

Subject: Faith-Based Leaders Webex Meeting on COVID-19

Hello Dr. Martinez and Dr. Pino,

I want to thank you so much for your participation on today's Faith-Based Leaders Webex meeting on COVID-19. You both did a fabulous job! I apologize for any technical difficulties that may have occurred, but the meeting went very well.

I'm preparing a recap of today's meeting with attachments referenced during the meeting for the faith leaders. I will make sure you both have the information as well. Based on the Mayor's direction, we will schedule the webex meeting with our faith leaders on a weekly basis. I will let you both know as soon as I have a date and time for the next meeting.

Thank you again!

Governor Ron DeSantis Issues an Executive Order Regarding Bars, Beaches and Restaurants

Tallahassee, Fla. – Today, Governor Ron DeSantis issued an Executive Order that will reduce density and crowds in restaurants, bars, nightclubs and beaches to mitigate the spread of Coronavirus (COVID-19).

Bars and Nightclubs
Under the direction of Governor DeSantis, all bars and nightclubs throughout Florida will close for the next 30 days. Department of Business and Professional Regulation (DBPR) will be enforcing and providing further guidance.

Beaches
The Governor is directing parties accessing public beaches in the state of Florida to follow the Centers for Disease Control and Prevention (CDC) guidance by limiting their gatherings to no more than 10 persons.

Restaurants
Restaurants across the state of Florida will now be required to limit customer entry to 50 percent of capacity. Seating must be staggered and limited to ensure seated parties are separated by a distance of at least six feet, in accordance with CDC guidelines. Restaurants are encouraged to remain open and expand take-out and delivery services. Additional information will be provided by DBPR.

For a PDF copy of the Executive Order, please see attached.

###

Please note that under Florida law correspondence sent to the Governor's Office, which is not confidential or exempt pursuant to chapter 119 of the Florida Statutes, is a public record made available upon request.

All,

The Mayor spoke with the Governor this morning. The Governor feels the state as the capability to staff an AMTS if necessary so we modified our request to be more broad.

The letter has been sent to the Governor's Office so you are free to submit our request through the emergency management system.

I have attached a copy of the letter and letters of support from our surrounding counties for your reference.

Thanks for your help pulling this together and especially to Dr. Zuver for helping with the content.

I did not get the invite or the call in info. Could you please send?

I can get the additional departments to participate, but I need Dr. Martinez to coordinate on behalf of the county. She is the director who will coordinate on behalf of mayor's office.

Dr. Martinez: please coordinate to get Fire Rescue and Parks/Rec participation. I will get the sheriff's office onboard once I receive the call in information.

Thanks for the progress on this.

Chris,

They have not. I think he's looking for a high level. Would you prefer we start with Dr. Pino? He showed us some numbers on Friday.

You both should be prepared to field questions about the surge, thoughts on face masks, and easing restrictions as we recover.

Does that help?

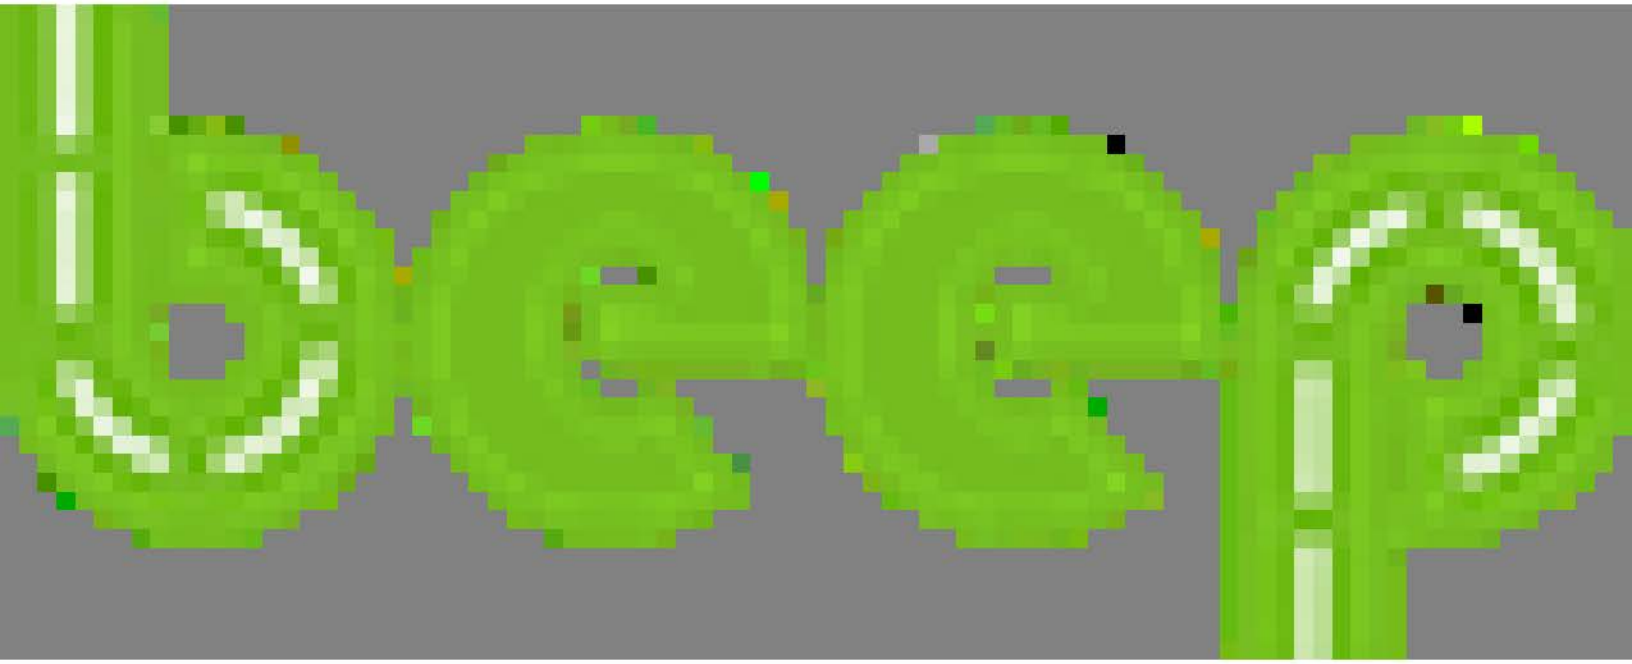
Doreen,

Wanted to reach out to see if there was anything we at Beep to do to assist the efforts at the Orange County Convention Center. We recently launched a driverless COVID-19 test delivery service at Mayo Clinic in Jacksonville. The shuttle drives itself, with no one onboard operating it, on a half-mile route from a drive-thru testing area to another building on campus. Here is the one-page description of what we did.



Also, we could possibly help in some capacity on the Convention center property if it becomes a makeshift hospital for COVID-19 patients. Possible transport of patients/staff from parking lot to building?

I know my Mark Reid, S VP of Strategic Alliances/Co-founder, has reached out to someone, but I'm not sure who. Please let us know if there is anything we can do to help you in your efforts to keep the community safe.

Hi Doreen:

I hope that you are well.
Do you have data as to the number of cases in Orange County by ethnicity?

If so, can you provide it or can the Mayor or Dr. Pino speak on this during this afternoon's press conference?

Take care and Happy Easter.

Orange County Economic Recovery Task Force
Wednesday, April 22, 2020 | 9:00am – 10:30am
Draft Meeting Minutes - Revised

Welcome & Purpose of Task Force: The Orange County Economic Recovery Task Force meeting began at 9:05am. Mayor Demings welcomed the members, reviewed the agenda, and discussed the purpose of the Task Force. Here is a recap of Mayor Deming's comments. "Good morning. It is my honor and privilege to welcome you to the first meeting of the Orange County Economic Recovery Task Force. As each of you know, we are experiencing a global pandemic associated with the COVID-19 virus, which has now infected over 800,000 individuals in the U.S., with over 44,000 deaths. We have seen over 28,000 persons confirmed positive within Florida, with over 800 deaths. Within Orange, Osceola, Seminole and Lake Counties, there are over 2,200 confirmed cases and 46 deaths.

Because of the highly contagious nature of the virus, health care experts, including the World Health Organization and the Centers for Disease Control have recommended social distancing that has disrupted our daily lives and normal business activities. Many of our local businesses (small, mid-sized, and large) remain closed or operate at significantly reduced levels. None of us fully expected what we have experienced. This has resulted in a multi-billion dollar decline in our region's economy. It is my desire to work with you in planning for the region's economic recovery as soon as possible. "

Mayor Demings reviewed the Task Force agenda, which included a presentation on Florida's Sunshine Law; a health care update; a review of federal guidelines for re-opening America; and a three phased approach followed by a group discussion and next steps.

Mayor Demings shared the goal of the task force and the priorities. Mayor Demings stated, "The goal of the task force is to develop a phased-approach to reopening business in Orange County that balances the need to ensure the protection of employees and the public while preserving the economic livelihood of our community. The task force priorities are: 1) Assist businesses with determining best practices and data-driven policies to ensure safety of customers and employees upon reopening; 2) Creation of a support system for small to mid-sized businesses in re-opening; 3) Development of a framework to ensure businesses are compliant with safety guidelines, or protocols mandated by authorities; and 4) Revitalize tourism to build visitor and consumer confidence."

Mayor Demings introduced the co-chairs and provided remarks. Mayor Demings said, "These efforts will be led by co-chairs George Aguel, President of Visit Orlando, and Tim Giuliani, President of The Orlando Economic Partnership. Before I turn the remainder of the meeting over to the co-chairs, please allow me to thank each of you in advance, for volunteering your time to this effort! You will find that the work that you will do, provides

AMERICAN OVERSIGHT

meaning and value to our entire community. We all have rare moments in our lives in which we influence the well-being of others. Through your collective input, you will have positive impact of many. Our business community is depending on us to get it right as we prepare to re-engage socially and gradually re-open locked and sheltered businesses."

Public Comment: Tim Giuliani, Co-Chair, asked if there was any public comment submitted to the Task Force. No public comment was submitted.

Presentations: George Aguel, Co-Chair, introduced Katherine Latorre, Assistant County Attorney, Orange County Attorney's Office. Kate provided the task force with a presentation on the Sunshine Law and Public Records Law. As you know, the Task Force is a public advisory body, and Katherine will discuss public meetings, emails, and communication between the members.

Sunshine Law Training: Kate Latorre, Assistant County Attorney, reviewed the Sunshine Law as it pertains to public meetings, what constitutes a meeting, posting requirements for public meetings, required minutes for public meetings, and the penalties. Kate provided an overview of the public records law to include types of public records and the penalties.

Healthcare Update: Tim Giuliani, Co-Chair, introduced the presenters for the Health Care Update. Listed below is a summary of the healthcare presentations.

FL. Dept. of Health in Orange County: Dr. Raul Pino, Director, provided the task force members with an update on the coronavirus cases collected by the Florida Department of Health. In Orange County, as of April 21st, there are 1,251 positive cases and 27 deaths. The age range is three months old to 101 years old. The demographic breakdown of the positive cases is 52% male and 48% female, and 13% African-American, 44% White, and 28% Latino. We see a decline in the percentage of positive cases even with an increased capacity for testing. Dr. Pino reviewed Orange County ER admission data in reference to coughing, fever, and shortness of breath, and presented the hospital bed statistics, ventilation statistics, and new cases by day and age distribution. The underlying conditions associated with COVID-19 deaths in Orange County include Hypertension, Diabetes, Kidney Disease, Cardiac Disease, and Chronic Lung Disease. Dr. Pino talked about the peak of coronavirus cases in Orange County on April 10th.

Question: Harold Mills asked what are our plans for region-wide sampling and testing and how fast can we see the effect. Dr. Pino indicated there are different types of testing, and each lab is using a different platform, which is challenging.

AdventHealth: Scott Brady, MD, Senior Vice President of Ambulatory Services, provided an update on COVID-19 from the hospital perspective. Dr. Brady indicated that the internal hospital task force has met every day for the past eight weeks. Today, they have over 100

AMERICAN OVERSIGHT

patients with COVID-19 throughout their hospital system (Flagler to Polk County). We are seeing a flattening of the curve over the last 21 days in large part due to social distancing. With this in place, we can take care of COVID-19 patients. We've seen a softening in the plateau; no significant drop yet, but no sharp increase either. Dr. Brady talked about ramping up testing in the community. He indicated that we are seeing a 1% positive rate of tests administered at Daytona International Speedway and a 2% positive rate at Millennia Mall. Dr. Brady and AdventHealth are working on anti-body testing, and they are involved in several studies on Plasma theory.

Orlando Health: George Ralls, MD, System Chief Quality Officer, provided the task force with an update on COVID-19 from the hospital perspective. Dr. Ralls indicated that Orlando Health has around 20 In-Patient COVID-19 patients. Dr. Ralls indicated they are ramping up testing capacity for patients and staff. He indicated that it is critical that we maintain a safe environment for staff and patients. Orlando Health is continuing the necessary surgeries. They have over 1,000 patients in the next two weeks that will need surgery. Dr. Ralls is optimistic, but he indicated we are not taking our eye off the crisis. It looks like a slow up and a slowdown type of curve.

Question: Chuck Whittall - the numbers are going down, is that because a large number of the population may already have the immunity. Dr. Pino – What is not known is how long the immunity would last. If this is not a permanent immunity, a vaccine would be the only effective solution. Dr. Brady – For a herd immunity, you would need to have 60% of the population immune. This would be highly unlikely considering we only see 1% – 2% positive cases among the population tested. We will most likely see a 5%-6% positive rate as we increase testing, but we would not be at 60%.

Federal Guidance: Andrea Wesser-Brawner, Orange County Chief Innovation & Emerging Technologies Officer, provided the task force with an overview of the Federal Guidance for Opening Up America. Andrea discussed the three-phase plan and minimum 2-week roll-out. The federal government is enabling state and local governments with recommendations. The outline includes the core preparedness responsibilities on operational guidelines.

- Testing and Contact Tracing
- Supply sufficient PPE and critical equipment
- Ensure ability to surge ICU capacity
- Protect employees in critical industries
- Limit/mitigate rebounds or outbreaks
- Reopening Criteria based on Symptoms, Cases, and Hospitals

Guidelines for All Phases: Employers
Phase One

- For all employers – Continue to encourage telework, return to work in phases, minimize non-essential travel, and special accommodations for the vulnerable populations.

For Specific Types of Employers
Two-week window before you consider the next phase

Phase Two – Satisfy gating criteria twice - no evidence of re-bound

AMERICAN OVERSIGHT

- For all employers – Continue to encourage telework
- Close common areas where people are likely to congregate
- Non-essential travel can resume
- Special accommodation for vulnerable populations

For Specific Types of Employers

Phase Three – Satisfy gating criteria thrice - no evidence of re-bound
Resume unrestricted staffing of work sites

For Specific Types of Employers
- Visits to senior care facilities and hospitals can resume
- Large venues operate under limited physical distancing requirements

CDC Operations Support
More details support across important operation
- Infection prevention & control
- Community mitigation tactics
- Contact advice
- Laboratory capacity & testing
- Data surveillance
- Communication material

Question: Mayor Demings- Can you talk a little bit about how these Federal and State guidelines would be implemented in Florida? Andrea - We are waiting to hear from the Governor's Office on input on the operational side for specific industries like restaurants, hospitality, and tourism, which hopefully will be released on Friday.
Mayor Demings – we have to understand the federal and state guidelines and how our local government would use the guidelines to create a system that works for us.

Question: There is no mention of any specific guidelines relating to social distancing and the number of people permitted in each stage. Andrea – There is not a document available with that information at this time. We may look at the healthcare industry, but at this point, a number has not to be used for the Federal or State guidelines.

Question: Mike- How are you going to communicate with the community what phase we are in?
Andrea – Roseann is going to present next and will answer most of the questions raised on this topic.

Phased Approach to Re-Open Business: Roseann Harrington, Chief of Staff to Mayor Demings, provided the task force members with an overview of the phased approach to re-open business in Orange County.

Objectives:
- Align with guidelines established by President Trump and Governor DeSantis
- Establish clear guidelines for businesses and monitor compliance
- Ensure consistent implementation across all industries

AMERICAN OVERSIGHT

- Monitor health data and use in the decision-making process
- Comply with new federal and state regulations

Approach Framework
- Guidelines will be driven by "ability to manage social distancing at all times."
- Phases will be categorized by the level of human interaction
- Approach is dependent upon availability of testing
- Task Force will assist in determining which industries fall into each category

Three-Phase Approach
PHASE 1: Low human interaction
PHASE 2: Medium human interaction
PHASE 3: High human interaction

Working Groups
1. Guidelines for All Businesses to Reopen (base guidelines for operations)
2. Business Readiness (supplies, internal procedures, and employee training)
3. Business Compliance (ensure adherence to guidelines and enforcement)
4. Health Monitoring (public-facing dashboard, testing, and establishment of criteria to move to next phase of opening)
5. Bringing Back Tourism

*Staff support and subject matter experts will be provided to the working groups.

Questions can be directed to economicrecovery@ocfl.net – direct all suggestions, notes, and thoughts to this email for public record and transparency.

Question: Harold Mills – Why would we need consistent guidelines? Should we have guidelines based on the type of risk or industry? Roseann – We are looking at the basic requirement for all industries so that the basic sanitization has been met. We will have different guidelines for certain industries that will carry more stringent requirements. We will have the base requirement, and each organization will build upon the requirement to ensure the safety of employees and customers.

Hospital Internal Guidelines: Scott Brady, MD, Advent Health, provided sample internal guidelines for AdventHealth on how to prevent or migrate the second wave if it comes (even if the cases come down). Dr. Brady reviewed:
- Tier - 1 (After an effective vaccine or treatment has become available– back to normal), Tier 2 (Post-Surge, Pretreatment or Pre Vaccine), and Tier 3 (Current Tier).
- Phase 2 Highlights – Masks, temperature, social distancing measures, Mass PCR testing, and aggressive COVID-19 patient tracking and exposure tracing.

AdventHealth Tier 2: Universal Masking, adjusting visitation, rapid testing, 100% temperature checks, and design environment to accommodate social distancing.

Hospital Internal Guidelines: George Ralls, MD, Orlando Health, provided recommendations on hospital guidelines. Dr. Ralls talked about the state of acceptance and normalization of operation. He indicated the phased approach makes sense. He spoke about social distancing, screening and face masks for visitors and patients, and maintaining testing capacity so we can provide a safe place for our residents to return.

AMERICAN OVERSIGHT

Question: Chuck Whittall – Unicorp National Development asked what is the timeline for opening as a community. I have spoken with a lot of businesses in the restaurant sector as well as other industries and they are hurting. Mayor Demings – The overall purpose of this task force is to focus on the business recovery effort. However, to map out the strategy for the re-opening, it does require an understanding of the health-related information and consequences. Re-opening should occur at a pace that continues to protect your employees and consumers from the virus itself. The work of this task force is to make informed decisions by which to make recommendations about when businesses can re-open with specific dates depending upon the type of businesses and the direct guidance from the state. The state is working at a relatively fast pace with multiple meetings this week. We hope to have some type of documents and guidance from the state this week. We cannot get ahead of the various regulatory authorities to open without appropriate guidance. The role of the task force is to represent the businesses and commerce within our community.

Question: Conrad Santiago - Can you give us a sense of availability of supplies in our area. Dr. Brady - We have enough gloves and PPE for the front line, but they are not abundant. Business communities would need certain protective equipment like masks and thermometers.

Question: Conrad Santiago - How effective is handwashing. Dr. Brady – Hand washing is still the most effective method to prevent contracting COVID-19.

Question: Would you recommend cloth masks. Dr. Ralls and Dr. Brady - Cloth masks would be a good option for the community, but we need to make sure to keep them clean. Cloth masks would not be recommended for healthcare workers.

Next Steps: George Aguel, Co-Chair, announced the next Task Force meeting scheduled for Tuesday, April 28, 2:30 pm – 4 pm. This will be a virtual meeting, and Lucas Boyce, County Administrator's Office, will send the Webex instructions to the members. George also asked the members to complete the Working Group Preference Form and the Industry Categorization Form by Friday, April 24 at noon and send to economicrecovery@ocfl.net.

Closing Remarks: Mayor Demings closed the meeting by thanking the members in advance for their service and the critical work they will be doing for our community and our economic vitality. Staff will assist the members in making sure we get the work done. The Mayor stated that we want to be inclusive and receive comments from the many sectors that are impacted.

Meeting adjourned at 11:01 am

Mr. Love,
I trust you're doing well. Thank you for your email/proposal and your continuous interest in the well-being of this community. As I understand the proposal, this service would do personal follow-up with those that have tested positive for COVID-19 and track their progress. As you may know, the County does not have access to patient information, and all testing to date has been conducted by private hospitals or the State Department of Health (DOH), who maintain the personal information. I have copied Dr. Pino, the State's Health Director for Orange County, as he or Kent Donahue, also with DOH, will know how the State is tracking individuals that have tested positive, and they can follow-up with you directly.

Additionally, I am also copying Roseann Harrington, the Mayor's Chief of Staff, and Eric Ushkowitz, Economic Development Coordinator, as they are the lead staff members with the Economic Recovery Task Force, so that they also have the information you have submitted.

Mr. Brooks,
I hope all is well with you and family during these challenges before us. First and foremost, I commend Mayor Demings as he carefully addresses how to navigate Orange County's Economic Recovery utilizing the diverse regional business leadership. As the state and local task forces performs their due diligence to ensure a safe and thoughtful process of reauthorizing the opening of businesses, I wanted forward the concept of ***"Contact Tracing"*** for consideration which is believed to add value in identifying and suppressing the spread of Covid-19 based on a continuous investigative contact engagement inquiry.
For the sake of time, I am attaching the concept that CSG has adapted from the Massachusetts model which has taken the lead nationally on implementing ***"Contact Tracing"***.
I will make myself available as needed if you have any questions as this continues to be a work in

Mr. Brooks,

Thank you for your timely response, it is greatly appreciated. I welcome the engagement of the diverse talented leadership team of Orange County Government as well as from key state representatives. I have also engaged U. S. Senator Rick Scotts office as a means to identify potential funding sources as the ***"Contact Tracing"*** methodology is rooted in exhaustive investigative practices of notification and precautionary guidance of testing and quarantine practices focused on individuals that have had direct contact with an individual confirmed to have the covid-19 virus as a means of prevention and suppression.

Reference to ***"Contact Tracing"*** prevalence, Massachusetts has been innovative in its aggressive stride in developing this model, and yes you are correct San Francisco and other states are ramping up as they realize how critically important this model is as an effective tool to reduce and address further spread of this virus, it is also anticipated to become one of the fastest job creator for at least the next four years.

Three important areas below which I believe are critical to the Orange County Economic Recovery Task Force planning and consideration. Combating this issue will take a collaborative effort from Federal, State & Local government entities as well as the healthcare industry from an information flow which can only happen through mutual aid agreements, confidentiality compliance with HIPPA and other agreements of which fall outside of my wheel house.

I have already reached out to mayor hospitals and subsequently community clinics to initiate discussions, however, this is a momentous task that will require additional decision makers at the table.

Steps in contact tracing

Contact tracing generally involves the following steps:

- An individual is identified as having a communicable disease (often called the *index case*). This case may be reported to public health or managed by the primary health care provider.
- The index case is interviewed to learn about their movements, whom they have been in close contact with or who their sexual partners have been.
- Depending on the disease and the context of the infection, family members, health care providers, and anyone else who may have knowledge of the case's contacts may also be interviewed.
- Once contacts are identified, public health workers contact them to offer counseling, screening, prophylaxis, and/or treatment.
- Contacts may be isolated (e.g. required to remain at home) or excluded (e.g. prohibited from attending a particular location, like a school) if deemed necessary for disease control.
- If contacts are not individually identifiable (e.g. members of the public who attended the same location), broader communications may be issued, like media advisories.

Although contact tracing can be enhanced by letting patients provide information, medication, and referrals to their contacts, evidence demonstrates that direct public health involvement in notification is most effective.

Outbreaks

Although contact tracing is most commonly used for control of diseases, it is also a critical tool for investigating new diseases or unusual outbreaks. For example, as was the case with SARS, contact tracing can be used to determine if probable cases are linked to known cases of the disease, and to determine if secondary transmission is taking place in a particular community.

Contact tracing has also been initiated among flight passengers during the containment phase of larger pandemics, such as the 2009 pandemic H1N1 influenza. However, there continue to be large challenges in achieving the goals of contact tracing during such chaotic events. Development of better guidelines and strategies for pandemic contact tracing continues.

Ethical and legal issues

Privacy and duty to warn

Challenges with contact tracing can arise around issues around privacy and confidentiality. Public health practitioners often have legal requirements to act to contain a communicable disease within a broader population and also cite an ethical duty to warn individuals of their exposure. Simultaneously, infected individuals have a recognized right to medical confidentiality. Public health teams typically disclose the minimum amount of information required to achieve the objectives of contact tracing. For example, contacts are only told that they have been exposed to a particular infection, but not informed of the person who was the source of the exposure.

AMERICAN OVERSIGHT

Thank you once again and please call upon me if there is anything the I can do to support Mayor Demings in the economic recovery efforts for the citizens of Orange County/Central Florida.

Rod,

Quite coincidentally, I ran across an article last night about contact tracing in San Francisco, and its use there.

Mr. Love,
I trust you're doing well. Thank you for your email/proposal and your continuous interest in the well-being of this community. As I understand the proposal, this service would do personal follow-up with those that have tested positive for COVID-19 and track their progress. As you may know, the County does not have access to patient information, and all testing to date has been conducted by private hospitals or the State Department of Health (DOH), who maintain the personal information. I have copied Dr. Pino, the State's Health Director for Orange County, as he or Kent Donahue, also with DOH, will know how the State is tracking individuals that have tested positive, and they can follow-up with you directly.

Additionally, I am also copying Roseann Harrington, the Mayor's Chief of Staff, and Eric Ushkowitz, Economic Development Coordinator, as they are the lead staff members with the Economic Recovery Task Force, so that they also have the information you have submitted.
Regards,
Byron

For the sake of time, I am attaching the concept that CSG has adapted from the Massachusetts model which has taken the lead nationally on implementing ***"Contact Tracing"***.

I will make myself available as needed if you have any questions as this continues to be a work in process.

Attached are the graphics we have provided for digital billboards donated by Clear Channel (thanks to Byron for that connection!) and for an OUC bill stuffer going out to their OC and City of Orlando residents.

All,

I've gotten a few calls about the three weeks as opposed to two week intervals. I suggested that the bigger businesses look at soft opening.

Would you be okay with occupancy reductions to allow for bigger businesses to open in an earlier phase. For example, occupancy/capacity at 25% in phase 1, 50% in phase 2 and 100% in phase 3.

This would allow then an opportunity to gradually open back up.

Thanks,

Roseann

I called Dr. Jenkins and Dr. Williams…they are checking, first to see if Apopka High School and Apopka Middle School, both in the heart of Apopka, are one of their drive-thru feeding sites. If so, that would rule them out. I asked about Wekiva High School as well, although it's just south of Apopka off Hiawassee Road. And, they will check on Wolf Lake Middle School, which is north of Apopka. I mentioned that Apopka Middle School would be ideal.

Will let you know.

Dr. Pino,

Good news, Apopka High School is available on Tuesdays and Thursday (I think I recall Roseann saying that you wanted to set-up on a Tuesday?)…they do drive-thru feedings on M-W-F.

They are confirming no other issues with use. They asked about security and I told them that the Sheriff's Office has provided service for those sites in unincorporated Orange County. I believe Apopka High School is in the City of Apopka jurisdictional limits, but I'm sure APD would assist (Danny, will you check). Bottom line, I told them OCPS just needs to provide the parking area, nothing else substantial needed from them.

She will call with answer in the next 5 to 10 minutes.

Dr. Pino,

The federal guidelines are on slides 27-34.

We would appreciate you covering whether the county has met the health guidelines. And then your opinion on how much time we need between phases.

Thanks,

International Monetary Fund –
Countries should continue to spend generously on their health systems, perform widespread testing, and refrain from trade restrictions on medical supplies. A global effort must ensure that when therapies and vaccines are developed both rich and poor nations alike have immediate access.
While the economy is shut down, policymakers will need to ensure that people are able to meet their needs and that businesses can pick up once the acute phases of the pandemic pass. The large, timely, and targeted, fiscal, monetary, and financial policies already taken by many policymakers—including credit guarantees, liquidity facilities, loan forbearance, expanded unemployment insurance, enhanced benefits, and tax relief—have been lifelines to households and businesses. This support should continue throughout the containment phase to minimize persistent scars that could emerge from subdued investment and job losses in this severe downturn. As containment measures come off, policies should shift swiftly to supporting demand, incentivizing firm hiring, and repairing balance sheets in the private and public sector to aid the recovery. Fiscal stimulus that is coordinated across countries with fiscal space will magnify the benefit for all economies. Moratoria on debt repayments and debt restructuring may need to be continued during the recovery phase.

Harvard Biz Review –

On the medical side: It's clear that a vaccine would reduce the need for social

distancing and thus relax the policy's chokehold on the global economy. But timelines are likely long, and so the focus may well have to be on incremental innovation within the confines of existing solutions.
Examples of such innovation may be found across the entire medical spectrum: on the therapeutic end, existing treatments may prove effective in fighting the disease. Several dozen existing treatments are currently being evaluated. On the other end of the spectrum, organizational innovation will be needed to free up capacity to meet the demand for resources, such as the optimal mobilization of medical professionals, repurposing of spaces for treatment, and changes to triaging medical care to prioritize the Covid-19 crisis.
On the economic side: ut policy innovation also will have to occur. For example, central banks operate so-called "discount windows" that provide unlimited short-term finance to ensure liquidity problems don't break the banking system. What is needed now, today, is a "real economy discount window" that can also deliver unlimited liquidity to sound households and firms. The emerging policy landscape includes many worthwhile ideas. Among those are "bridge loans" that offer zero-interest loans to households and firms for the duration of the crisis and a generous repayment period; a moratorium on mortgage payments for residential and commercial borrowers; or using bank regulators to lean on banks to provide finance and to rework terms on existing loans. Such policy innovation could have meaningful impact in softening the virus' impact on economies' supply side. Yet it also needs agile and efficient execution.

Phase 2 Guidelines

Satisfy gating criteria twice, no evidence of rebound

Phase Two
EMPLOYERS

Continue to **ENCOURAGE TELEWORK**, whenever possible and feasible with business operations.

Close **COMMON AREAS** where personnel are likely to congregate and interact, or enforce modified social distancing protocols.

NON-ESSENTIAL TRAVEL can resume.

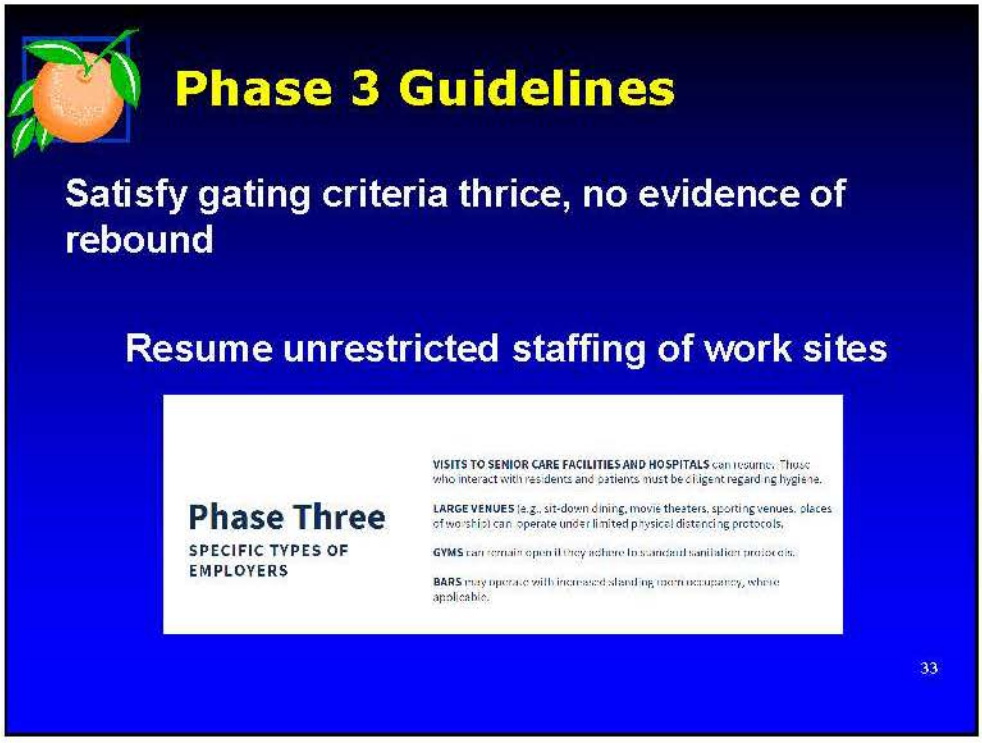
Strongly consider **SPECIAL ACCOMMODATIONS** for personnel who are members of a **VULNERABLE POPULATION.**

Phase Two
SPECIFIC TYPES OF EMPLOYERS

SCHOOLS AND ORGANIZED YOUTH ACTIVITIES (e.g., day camps) can reopen.

VISITS TO SENIOR CARE FACILITIES AND HOSPITALS should be prohibited. Those who do interact with residents and patients must adhere to strict protocols regarding hygiene.

LARGE VENUES (e.g., sit-down dining, movie theaters, sports programs, places of worship) can operate under modified physical distancing protocols.



ELECTIVE SURGERIES can resume, provided they can be performed in an outpatient setting and in person visits at the hospital adhere to CMS guidelines.

GYMS can remain open if they adhere to strict physical distancing and sanitation protocols.

BARS may open with limited standing capacity where applicable and appropriate.

Byron and Danny,

Dr. Pino is looking for a testing site in Apopka and feels the best location might be a middle or high school parking lot since they are closed.

He has been working with Commissioner Moore and awaiting a returned call.

Byron, since time is of the essence, I wasn't sure if you wanted to contact your sister.
