Subject: Update on fall conference/COVID from FLEPIOA

Greetings from your board.
First and foremost, we hope that everyone is staying safe and healthy and coping with the various stresses you may be feeling in your professional and personal lives.
Our agencies are facing something they have never had to face before. Policing is different, the PIO world is different, the routine world in which we live is different. And we don't have any way of knowing when life will be back to normal – whatever normal may look like.
To that end, your board is debating whether or not we should continue planning our October training conference, or consider postponing it to a date that gives us more time to return to normal.
There are a number of issues that must be considered, among them:
++ Will vendors want to spend money in this economy and attend?
++ Will local sponsors who typically donate to the cause want to do so, or even be in business by then?
++ Will our agencies allow travel by that date?
++ What are the financial ramifications of rescheduling?
You get the picture. There is a lot of uncertainty.
We had planned to open registrations by April 1, but that idea became impossible as we watched our state, and our nation, be ravaged by COVID-19. We didn't want to seem tone deaf, and we don't want to seem that way now.
We plan to spend the next couple of weeks talking with hotel staff to see what the possibilities are. One alternative we have discussed is moving the conference to the spring so it's delayed by only a matter of months instead of a whole year.
We appreciate your patience as we work through this. We also welcome any input any of you may have on what you would like to see occur. Most of all, we want you to take care of yourself, and take care of your loved ones.
To that end, we leave you with some wonderful words of advice from Lisa Grossman, one of our guest speakers from last fall who we are planning to have back at our next conference:
As if your job wasn't stressful enough, now you are faced with reporting and communicating information about the

AMERICAN OVERSIGHT

unprecedented Covid-19 virus. And while you are keeping your agency and the public informed, have you taken a moment to identify and grasp how this is impacting you? Do you feel overworked, emotionally and physically drained, burned out, anxious, sleep deprived, and so on? PIOs, you are not alone! Stress is at an all-time high these days with the uncertainties we are faced with. And while many are able to maintain some distance from the barrage of news coverage and negativity, you cannot. It is especially important, now more than ever, to engage in critical self-care practices to maintain good health, both mentally and physically. Below are a few important tips to help you mitigate the stress you are faced with, be resilient in the face of adversity and challenging times, and achieve mental toughness to get you through the long haul.

1. *Bring positivity in! Each day, your job requires you to gather and share some of the most negative and stressful news your communities have been faced with for some time. And while you must share that important information, it can cause you great stress. At the end of each day, shift from a negative to a positive mindset. It may seem hard when there is so much negativity around but take a few moments and think of at least one positive thing each day. It can be anything like "I am home safe at the end of the day" or "my family is healthy" but make sure to come up with something positive.*
2. *Reboot and re-engage! If you are 'go, go, go' all day without a break, you will eventually break. Remember, even computers need a reboot sometimes. Throughout your day, take mini-timeouts: practice a minute or two of deep rhythmic breathing (slow in through the nose, slow and controlled out through the mouth), then get back in the game.*
3. *Get moving and fuel your body! Whenever possible, get outside and move. Exercise is a great way to release those 'feel good' chemicals in the body and it gives you a release. Even if you can't go through your normal routine, a nice walk at the end of your day can go a long way. And remember, fuel your body with healthy foods to give you the energy you need.*
4. *Maximize your Zzzzzs! Good sleep is critical to help the brain and body recover from the day. Be sure to get the most out your sleep time by: blacking out your room, sleep with your phone turned over and don't check it during the night i if you don't have to, stop eating three hours before bed and drinking one hour before bed, don't watch the news just before you go to sleep, and trigger the relaxation response before bed time (practice mindfulness, guided imagery, or do breathing exercises).*
5. *Connect! I like to use the term physical distancing these days because humans need to have a social connection, it's good for us all. Be sure to connect with family and friends in different ways such as Facetime, WhatsApp or some other virtual tool. And at the end of the day, a good old fashion phone call can go a long way!*
6. *Master the control of 3! Remember you can only control three things in this world: what you think, say and do. Remind yourself of this daily. This pandemic, like so many other things, is out of our control but we can control how we respond to these challenging times. YOU GOT THIS!*

Subject: Update on fall conference/COVID from FLEPIOA

Greetings from your board.
First and foremost, we hope that everyone is staying safe and healthy and coping with the various stresses you may be feeling in your professional and personal lives.
Our agencies are facing something they have never had to face before. Policing is different, the PIO world is different, the routine world in which we live is different. And we don't have any way of knowing when life will be back to normal – whatever normal may look like.
To that end, your board is debating whether or not we should continue planning our October training conference, or consider postponing it to a date that gives us more time to return to normal.
There are a number of issues that must be considered, among them:
++ Will vendors want to spend money in this economy and attend?
++ Will local sponsors who typically donate to the cause want to do so, or even be in business by then?
++ Will our agencies allow travel by that date?
++ What are the financial ramifications of rescheduling?
You get the picture. There is a lot of uncertainty.
We had planned to open registrations by April 1, but that idea became impossible as we watched our state, and our nation, be ravaged by COVID-19. We didn't want to seem tone deaf, and we don't want to seem that way now.
We plan to spend the next couple of weeks talking with hotel staff to see what the possibilities are. One alternative we have discussed is moving the conference to the spring so it's delayed by only a matter of months instead of a whole year.
We appreciate your patience as we work through this. We also welcome any input any of you may have on what you would like to see occur. Most of all, we want you to take care of yourself, and take care of your loved ones.
To that end, we leave you with some wonderful words of advice from Lisa Grossman, one of our guest speakers from last fall who we are planning to have back at our next conference:
As if your job wasn't stressful enough, now you are faced with reporting and communicating information about the

AMERICAN OVERSIGHT

unprecedented Covid-19 virus. And while you are keeping your agency and the public informed, have you taken a moment to identify and grasp how this is impacting you? Do you feel overworked, emotionally and physically drained, burned out, anxious, sleep deprived, and so on? PIOs, you are not alone! Stress is at an all-time high these days with the uncertainties we are faced with. And while many are able to maintain some distance from the barrage of news coverage and negativity, you cannot. It is especially important, now more than ever, to engage in critical self-care practices to maintain good health, both mentally and physically. Below are a few important tips to help you mitigate the stress you are faced with, be resilient in the face of adversity and challenging times, and achieve mental toughness to get you through the long haul.

1. *Bring positivity in! Each day, your job requires you to gather and share some of the most negative and stressful news your communities have been faced with for some time. And while you must share that important information, it can cause you great stress. At the end of each day, shift from a negative to a positive mindset. It may seem hard when there is so much negativity around but take a few moments and think of at least one positive thing each day. It can be anything like "I am home safe at the end of the day" or "my family is healthy" but make sure to come up with something positive.*
2. *Reboot and re-engage! If you are 'go, go, go' all day without a break, you will eventually break. Remember, even computers need a reboot sometimes. Throughout your day, take mini-timeouts: practice a minute or two of deep rhythmic breathing (slow in through the nose, slow and controlled out through the mouth), then get back in the game.*
3. *Get moving and fuel your body! Whenever possible, get outside and move. Exercise is a great way to release those 'feel good' chemicals in the body and it gives you a release. Even if you can't go through your normal routine, a nice walk at the end of your day can go a long way. And remember, fuel your body with healthy foods to give you the energy you need.*
4. *Maximize your Zzzzzs! Good sleep is critical to help the brain and body recover from the day. Be sure to get the most out your sleep time by: blacking out your room, sleep with your phone turned over and don't check it during the night i if you don't have to, stop eating three hours before bed and drinking one hour before bed, don't watch the news just before you go to sleep, and trigger the relaxation response before bed time (practice mindfulness, guided imagery, or do breathing exercises).*
5. *Connect! I like to use the term physical distancing these days because humans need to have a social connection, it's good for us all. Be sure to connect with family and friends in different ways such as Facetime, WhatsApp or some other virtual tool. And at the end of the day, a good old fashion phone call can go a long way!*
6. *Master the control of 3! Remember you can only control three things in this world: what you think, say and do. Remind yourself of this daily. This pandemic, like so many other things, is out of our control but we can control how we respond to these challenging times. YOU GOT THIS!*

State EM PIO just texted saying they are removing age requirement for testing. She is sending new messaging tomorrow. She says they are getting conflicting direction from federal and state.

I did suggest they at least have questions you should ask yourself before going to a testing site so you don't waste your time or other people's. But we'll see …

AMERICAN OVERSIGHT

MYTH **Wearing a face mask will definitely protect you from COVID-19**

FACT: In order to help stop the spread of coronavirus, you should stay home unless absolutely necessary. If you do have to go out in public, the CDC recommends you wear a cloth mask. It's just as important to practice social distancing and continue good hygiene practices – so please stay home.

AMERICAN OVERSIGHT

BUSTING CORONAVIRUS (COVID-19) MYTHS

What Orange County Residents Need to Know

As the Coronavirus (COVID-19) continues to cause considerable international concern, the Centers for Disease Control (CDC), World Health Organization and public health entities across the globe are addressing misinformation about the disease.

Here are some myths and correlating facts about the virus:

MYTH

Getting the coronavirus is a death sentence.

FACT: This is blatantly untrue. Based on current data, the new coronavirus seems to be a mild type of viral infection. In fact, about 80 percent of the cases are categorized as mild. If you are elderly or have an underlying medical condition, you should take extra precautions, but this is the same advice doctors give every year for the flu.

MYTH

Wearing a face mask will definitely protect you from COVID-19

FACT: In order to help stop the spread of coronavirus, you should stay home unless absolutely necessary. If you do have to go out in public, the CDC recommends you wear a cloth mask. It's just as important to practice social distancing and continue good hygiene practices – so please stay home.

MYTH

Regularly rinsing your nose with saline can help prevent infection.

FACT: There is no evidence that regularly rinsing the nose with saline has protected people from infection with the new coronavirus. There is some limited evidence that regularly rinsing nose with saline can help people recover more quickly from the common cold, but it has not been shown to prevent respiratory infections.

MYTH

Eating garlic can help prevent infection with the virus.

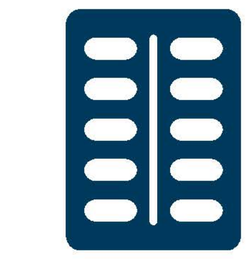
FACT: Garlic is a healthy food that may have some antimicrobial properties. However, there is no evidence from the current outbreak that eating garlic has protected people from the new coronavirus.

MYTH

The virus only affects older people.

FACT: People of all ages can be infected by the new coronavirus. Older people and people with pre-existing medical conditions (such as asthma, diabetes, heart disease) appear to be more vulnerable to becoming severely ill with the virus. Everyone must take proper precautions to both protect themselves and others.

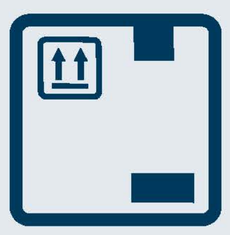
MYTH



Pets can transmit the virus.

FACT: Although the coronavirus was likely transmitted from an animal to a human, the illness is now spreading from person to person. People traveling to China should avoid animals, both living and dead, but there is no reason to believe any animals or pets in the United States are a source of infection.

MYTH



Vaccines against pneumonia protect you against the virus.

FACT: Vaccines against pneumonia do not provide protection against the new coronavirus. The virus is so new and different that it needs its own vaccine. Work to develop a vaccine is underway, but will likely take a year or more to develop as it will be tested through clinical trials.

MYTH

Specific medicines can prevent or treat the virus.

FACT: To date, there is no specific medicine recommended to prevent or treat the new COVID-19. However, those infected with the virus should receive appropriate care to relieve and treat symptoms, and those with severe illness should receive optimized supportive care. Some specific treatments are under investigation and will be tested through clinical trials.

MYTH

You can get sick from a package sent from China.

FACT: People receiving packages from China are not at risk of contracting the new coronavirus. Coronaviruses do not survive long on objects, such as letters or packages.

MYTH

Antibiotics are effective in preventing and treating the virus.

FACT: Antibiotics do not work against viruses, only bacteria. The new coronavirus is a virus, and antibiotics should not be used as a means of prevention or treatment.

Poniendo fin a los mitos en torno al CORONAVIRUS (COVID-19)

Lo que necesitan saber los residentes del Condado de Orange

A medida que el Coronavirus (COVID-19) continua causando considerables preocupaciones internacionales, los Centros para el Control de Enfermedades (CDC, por sus siglas en inglés), la Organización Mundial de la Salud y las entidades de salud pública alrededor del mundo están abordando la desinformación acerca de la enfermedad.

A continuación se presentan algunos de los mitos y los hechos correlativos acerca del virus:

MITO

Tener coronavirus es una sentencia de muerte.

HECHO: Esto es descaradamente falso. Según los datos actuales, el nuevo coronavirus parece ser un tipo leve de infección viral. De hecho, alrededor de un 80 por ciento de los casos se clasifican como leves. Si usted es una persona de edad avanzada o tiene una afección médica subyacente, debe tomar precauciones adicionales, pero este es el mismo consejo que los médicos dan cada año para la gripe.

MITO

Usar una máscara facial definitivamente le protegerá de COVID-19

HECHO: Para ayudar a prevenir la propagación del coronavirus, usted debe permanecer en su hogar a menos que sea absolutamente necesario. Si necesita salir en público, los CDC recomiendan que utilice una mascarilla de tela. Es igualmente importante practicar la distancia social y continuar con las buenas prácticas higiénicas - por lo tanto, permanezca en casa.

MITO

Enjuagarse regularmente la nariz con una solución salina puede ayudar a prevenir infecciones.

HECHO: No existe evidencia de que enjuagarse regularmente la nariz con una solución salina ha protegido a personas de ser infectados por el nuevo coronavirus. Existe alguna evidencia limitada de que enjuagarse la nariz regularmente con una solución salina puede ayudar a las personas a recuperarse más rápidamente de un resfriado común pero no se ha demostrado que pueda prevenir infecciones respiratorias.

MITO

Consumir ajo puede prevenir la infección del virus.

HECHO: El ajo es un alimento saludable que puede tener algunas propiedades antimicrobianas. Sin embargo, no hay evidencia relacionada al brote actual que indique que comer ajo haya protegido a las personas del nuevo coronavirus.

MITO

El virus solo afecta a personas de mayor edad.

HECHO: Las personas de todas las edades pueden ser infectadas por el nuevo coronavirus. Las personas mayores y las personas con condiciones médicas preexistentes (como asma, diabetes, enfermedades cardíacas) parecen ser más vulnerables a enfermarse gravemente con el virus. Todos deben tomar las precauciones adecuadas para protegerse a sí mismos y a los demás.

MITO

Las mascotas pueden transmitir el virus.

HECHO: Aunque el coronavirus probablemente se transmitió de un animal a un humano, la enfermedad ahora se está propagando de persona a persona. Las personas que viajan a China deben evitar a los animales, tanto vivos como muertos, pero no hay razón para creer que ningún animal o mascota en los Estados Unidos sea una fuente de infección.

MITO

Las vacunas contra la pulmonía le protegen contra el virus.

HECHO: Las vacunas contra la pulmonía no ofrecen protección contra el nuevo coronavirus. El virus es tan nuevo y tan diferente que necesita su propia vacuna. Se está trabajando actualmente para desarrollar una vacuna pero esto seguramente tardará un año o más.

MITO

Medicinas específicas pueden prevenir o tratar el virus.

HECHO: A esta fecha, no existe una medicina específica recomendada para prevenir o tratar el nuevo COVID-19. Sin embargo, los que han sido infectados con el virus deben recibir cuidado apropiado para aliviar y tratar los síntomas, y quienes sufren enfermedades graves deben recibir atención de apoyo optimizada. Algunos tratamientos específicos están bajo investigación y serán probados por medio de ensayos clínicos.

MITO

Usted puede enfermarse de un paquete enviado desde China.

HECHO: Las personas que reciben paquetes de China no están en riesgo de contraer el nuevo coronavirus. El coronavirus no sobrevive mucho tiempo sobre objetos como cartas o paquetes.

MITO

Los antibióticos son efectivos en prevenir y tratar el virus.

HECHO: Los antibióticos no funcionan contra los virus, solo contra las bacterias. El nuevo coronavirus es un virus, y los antibióticos no deben utilizarse como una forma de prevención o tratamiento.

All: We have info on our webpage on the drive-thru testing sites, messages approved from the state. On homepage at: www.ocfl.net/coronavirus or at www.ocfl.net/covi19 (both links work and direct to same page)

Let me know if you have any edits or additions. **I am also going to add OCCC site slated to open on Wednesday**. We are also making some social graphics to share with our partners and such.

Danny/Chief Avery/Jeff/Jane: OCCC is having concerns and questions from its employees regarding the Governor mentioning in his news conference yesterday that Convention Centers would be used for hospital beds. Will you please make sure the Mayor is aware of this on EPG call or sometime today?

AMERICAN OVERSIGHT

COVID-19 Executive Policy Group Briefing
Tuesday, March 17, 2020
(*Via Conference Call*)

Conference call began around 1300 hours

- **Chief Lauraleigh Avery, Emergency Operations Center (on the phone) reported the following:**
  - Governor issued an Executive Order for bars and nightclubs to close at 5 p.m. today and to reduce the number of people on beach sites. All Universities to send students home to reduce the students gathering in large groups.
  - All protective emergency actions can be backdated for reimbursement to January 20, 2020.
  - Waiting for collection kit orders to come in, 2 million collection kits are currently in the state and are enroute to various locations. Testing sites setup in process.
  - If individuals are working at a remote location, the State has advised that electronic signatures will be accepted.
  - A discussion ensued on the responsibility of bar/nightclub closures; the intent of the Governor's directive is not to arrest people but inform them that they need to seize operations for the next 30 days
  - Restaurants are directed to: limit customer entry to 50% of capacity, stagger and limit seating to ensure seated parties are separated by a distance of a least 6 feet, encourage restaurants to continue and expand take-out and delivery services, screen all employees and ask specific fact-finding questions
  - For the Orange County Convention Center's collection site, Chief Avery specified that FEMA would be responsible for that location; our responsibility would be supplying parking lot space and a site map
  - The State has provided guidelines for collection site locations, not related to the OCCC site per se, but will be useful in setting the foundation for this event
  - David Ingram from the Convention Center will be point of contact for the testing site -logistics coordination only
  - A Memo of Understanding between the Florida Department of Emergency Management and the Convention Center location will be signed today by Mayor Demings
  - Pressing Health Services for information and specific address related to collection site location(s) that are being set up in the County
  - The State Fire Marshal's Office is currently working on the issue of Workers Compensation with the State -guidelines for employees who may get COVID-19 while working
  - The application for Public Assistance has been released. 27 applications have been received by the State thus far. The application period could be extended if needed. Hospitals can apply on their own; do not need to apply through their County or area but OEM will assist where any needs are identified.
  - 20,000 hand sanitizers have been requested and are in process – no estimated date of arrival yet

AMERICAN OVERSIGHT

- N-95 masks ordered through the State EOC are enroute to Orange County
- The first delivery of 15,000 N-95 masks received today with a 10-15 day restock from the state
- Reviewed COVID-19 dashboard (report as of 11:00 a.m. today), reported five cases (40-79) 2 men, 3 woman – 173 cases. 558 people that are currently being monitored

- **Dr. Yolonda Martinez, Orange County Health Services Director (on the phone) reported the following**:
  - N-95 masks received. Working on plan to distribute this equipment. Need to prioritize recipients of these masks as they only have 15,000 at this time
  - Dr. Zuver reported that hospital gowns, covers, and face shields have also been ordered
  - In conversation with Department of Health – Orange County RE: collection kits-fielding calls from staff in regards employee concerns about COVID-19. Sending inquiries to Ricardo Daye in HR
- **Dr. Pino (on the phone) reported the following:**
  - (Six) Cases reported – one was recently added. Notification of the sixth case occurred yesterday. 40 year-old female – do not know the exposure as of yet, in self-isolation at her residence. The other, a 51-year-old male who attended a political event is also self-isolating at home.
  - A lengthy conversation ensued about the collection kits; do not know how many kits Orange County is receiving yet. Heath Services cannot open the Alafaya location until they have the kits and this specific location will be by appointment only. Need to work out further details for these on-site appointment visitations. At present time, these efforts will run through the Health Department – Orange County's Call Center so a number can be assigned to each patient. This will assist with the patient's test being tracked throughout the system.
  - Director Banks advised there needs to be clear and written communications when this facility opens.
- **Chief Judge Donald Meyers, Jr. reported the following (on the phone):**
  - The Courthouse is limiting access to the public. Utilizing video technology and teleconferencing wherever possible.
  - The State Attorney's press conference today emphasized that during this crisis, law enforcement will make arrests for domestic violence.
- **Orange County Sheriff John Mina reported the following (on the phone):**
  - Reporting business as usual – continuing to make arrests. Domestic violence is a high priority. There is zero tolerance for Domestic Violence in our community.
  - Mask supply is good, but OCSO is in need of hand sanitizers.
  - Working with the Florida Sheriff's Association on clarification of the Governor's Executive Order.
  - Orange County Public Schools is opening up 50 feeding sites.
  - Mayor Demings inquired about first responder childcare needs during this crisis
  - Childcare is a concern at this time, as requests are starting to trickle in.
  - YMCA has reached out to offer space if needed.
  - Fire Rescue and Corrections will work with the Sheriff on this childcare matter.
  - Looking to survey all staff on childcare needs in order to determine the needs.
  - Reaching out to the hospitals to see if the hospitals have a need as well.

AMERICAN OVERSIGHT

- **Phil Brown, MCO reported the following**:
    - Virgin Airlines and Norwegian are working on getting passengers back to the UK.
    - Retails stores in airport will be closing at 5 p.m. on March 17, 2020.
    - Some Latin American countries have also put flight restrictions in place.
    - Currently working on a situational analysis.

DEPARTMENT UPDATES

- **Convention Center/Mark Tester (on the phone):** The center has received equipment for the collection/testing site. Waiting on next steps. MOU will be signed today.
- **Family Services/Lonnie Bell (on the phone):** Getting ready for crisis assistance calls – increasing line coverage. Doing the questionnaire for campers, not sure if temperatures are being taken. Lonnie will find out and report back.
- **Administrative Services/ Anne Kulikowski (on the phone):** Procurement is cancelling all public meetings, pre-bid meetings and pre-proposal conferences. Procurement is also postponing bid notices. All County Well Works Gyms are closing.
- **ISS/Rafael Mena (on the phone):** Call volume 911/311 – business as usual. 24 calls recieved related to COVID-19. Getting requests for virtual calls from departments.
- **PEDS/Jon Weiss (on the phone):** Cancelling all advisory boards and community meetings. Posting signage in lobby RE: COVID-19 symptoms, working to finalize certain procedures. Enacting an alternative queuing system. Putting together communication plans for plans drop-off (working with Health Services). Promoting social distancing for field service operations. Working on Continuity of Operations plans; phasing out staff and maintaining essential service personal.
- **Utilities/Andres Salcedo (on the phone):** Reviewing strategies for interacting with the public. Promoting social distancing for field service operation. Customers are still able to come into the building but working to promote Utilities online services.
- **Public Works/Joe Kunkel & Diana Almodovar (on the phone):** Reviewing business continuity plan – determining what can be done remotely. Looking to do permit reviews remotely – challenged with limited laptops, working with ISS to obtain more. Postponing or cancelling meetings with large groups of consultants.
- **Corrections/Chief Quinones (on the phone):** Sent out memo to law enforcement re: inmates and new arrests. Limiting access to the secure the perimeters. Posting signage for citizens coming into the facility RE: COVID-19 symptoms.
- **Fire Rescue/Chief Fitzgerald (on the phone):** Normal alarm activity. Working on a plan for health screenings at the Fire Rescue/OCSO Headquarters on Amory Court in Winter Park, and to protect all personnel working in the building and within the Emergency Operations Center.
- **Human Resources/Ricardo Daye (on the phone):** Questions from employees about next steps on working from home. Will facilitate conversation with Department Directors on what functions can be performed remotely. Should have some answers by tomorrow.
- **Communications/Jane Watrel & Jeff Williamson:** Plan for pressers moving forward. Responding to messaging via social channels and media inquiries. Need to formulate message for Governor's Executive Order.

Meeting Concluded at 14:30. Next Executive Policy Group Meeting will be 13:00 tomorrow with a presser at 16:00 at the County Administration Center.

Danny Banks, Public Safety Director
Jeff Newton, County Attorney
Jeff Williamson, Communications Manager
Jane Watrel, Communications Section Manager
Kasey Brinkley, Supervisor of Events & Special Projects

All other personnel listed below connected by phone

Chief Lauraleigh Avery, EOC

- It was reported on the State call that Assisted Living Facilities (ALF's) are running out of personal protection supplies
- State Division of Emergency Management (DEM) is following up on reports of vendors not being allowed inside ALFs
- The State DEM is also working on an issue of 30 loaded box trucks not being able to deliver supplies due to vendor issues
- Orange County ALFs are low on personal protective equipment.
- The Orange County Convention Center; Destination Parkway Collection Site, was toured by a Colonel with the National Guard
- The Colonel that visited the site, has concerns that the selected area is not large enough, and suggested that the site have two points of ingress and egress
- Looking at opening OCCC Testing Site on Friday, and most of the supplies have already been set up
- The site is expected to be open for two weeks
- Mark Tester and David Ingram from the convention center are working with the National Guard to rectify the situation
- Looking at parking up to 20,000 people
- Roseanne brought up the question of where the National Guard is planning to stay while they are working at the collection site
- Will work with hotels on I-Drive to house the National Guard

AMERICAN OVERSIGHT

Dr. Martinez, Orange County Health Services Director

- Continuing to have daily calls with the State Health Department
- (3) more in cases in Orange County as of this morning bringing the total count to (9) cases in Orange County

- Seventy-seven percent already issued to 13 different agencies (MCO, Advent Health etc…). More masks should be arriving soon
- Hospitals are setting up tents
- EMS providers around the country are starting to wear full protection

Kent Donahue, Florida Department of Health, PIO

- Update on (3) new cases in Orange County / (two males in their 40s, 3rd case is a person in their 60s).
- Coordinating traffic control with OCSO at the Alafaya collection site
- Open date for this site has not been set and the goal to open is Friday
- Jeff Newton did confirm that this will be an appointment only collection site
- Sampling kits arrived today

Chief Judge Donald Meyers, Jr.

- Fl. Supreme Court is further limiting person –to – person contact at the Court House.
- Order good through March 27th – expecting to extend for several weeks
- Utilizing video conferencing and working to keeping jail population down

John Mina, Orange County Sheriff

- Orange County Sheriff's Office (OCSO) responded to two establishments having Saint Patrick's Day events.
- Both businesses were given warnings
- OCSO will manage traffic at both collection sites

Department Updates

- **Diana Almodovar , Public Works** No new updates
- **Ray Hanson, Utilities:** Requesting to close customer service center to walk-in traffic. The ability to pay online, via the automated phone system, drive through and at AMSCOT still available
- **Jon Weiss, PEDS:** No new operational changes
- **Anne Kulikowski, Administrative Services:** Working on a request to have two rooms at the Health Department at 69 degrees
- **Chief Fitzgerald, Fire Rescue:** Fire Rescue is continuing Normal Operations
- **Chief Quinones, Corrections:** Normal Operations
- **Mark Tester, Convention Center:** Working through additional cancelations and setting up collection site

AMERICAN OVERSIGHT

Lonnie Bell & Dianne Arnold, Family Services:

- Working on Crisis Assistance Hotline
- Goal is to assist 1500 families for two months
- Adjusting screening criteria
- Applicants will be screened via phone interviews, not in person
- Working to have operational by Monday
- Working through staffing challenges and how to handle paperwork.
- The target is low income families who need mortgage payment assistance
- EPIC funds will be used to assist this program

Randy Singh, Deputy County Administrator:

- Mentioned having safeguards in place to prevent double dipping and to cut down on confusion since United Way also provides assistance (A.L.I.C.E.)
- United Way offers some programs that Orange County does not
- The Board will decide how to provide funding to the United Way
- Evaluating how long Spring Break Camps will remain open
- Possibly closing after Friday
- The Mayor wants to make sure families are given enough notice to plan for other childcare options
- The main concern is elementary age

The Mayor thanked everyone for his or her time and the meeting concluded at 13:47.
Next Executive Policy Group Meeting will be March 19, 2020 @ 1:00p.m.

*A Press conference has not scheduled at this time.

Hello all,
On behalf of Chief Avery, please see attached meeting notes from today's Executive Policy Group Meeting.
Respectfully,

Ann Marie T. Kleczkowski
Acting EM Specialist
Orange County Emergency Management

AMERICAN OVERSIGHT

Mayor's Executive Policy Group
Sunday, March 22, 2020 @ 1500 Hours
Meeting Minutes

Current Updates

- **Chief Lauraleigh Avery, Emergency Operations Center**
  - Reported: 29 active COVID-19 cases**, 25** of which are Orange County residents, 1 out of state resident, 4 nonresidents, and 2 deaths
  - Provided updates regarding federally funded State collection sites. Florida Division of Emergency Management (FDEM) reporting that the OCCC collection site is scheduled to tentatively open on Wednesday.
  - The Governor is going to be arriving at Orlando International Airport (OIA) on Tuesday.
  - 9,155 masks were dropped off to the ESF-8 warehouse with OC Health Services Department. Dr. Zuver provided that there is a priority list for who will receive these items and it is based upon the missions tasked in the Web EOC system for need and request. This included supplies for Fire Rescue Departments, Hospitals, and Assisted Living Facilities/Nursing homes and consist of gloves, gowns, and hand sanitizer.
  - The ordered supplies arrived at the State Logistics Resource Center and will be distributed based upon the Web EOC missions.
  - Orange County has also received pallets of water that are readily available if needed.

- **Dr. Yolonda Martinez, Health Services**
  - Confirmed that Todd Stalbaum with Health Services has been working the list of requests for the last three weeks and the supplies that were received will be going to local agencies as stated by Chief Avery.
  - Still working on the Nurses to assist with homeless component along with Lonnie Bell.

- **Dr. Pino, Local Florida Department of Health (DOH)**
  - Two new cases were just confirmed in Orange County
    - One is at home in isolation, the other is being investigated
  - Later this afternoon they are looking to complete test for random samples at five different sites.

- **Advent Health and Orlando Health**
  - Both hospitals reported identical activity and no new updates

AMERICAN OVERSIGHT

- Advent Health asked about the county or state finding out about a new rapid testing turnaround that is being discussed and if we had any information regarding it.
- Also mentioned that they would get information to Jan Watrel with Mayor's office regarding necessary surgeries and any changes to their plans.

- **Chief Judge Donald Meyers, Jr.**
  - Effective tomorrow a large part of workforce will be operating remotely.
  - Some of the Courthouse will still need to be required to continue operating however.
  - Email and phone calls will remain open and operating.
  - Clerk will remain open but only for special circumstances.

- **John Mina, Orange County Sheriff**
  - No violations of Executive Order last night.
  - All lobbies and substations are now closed.
  - Lake Conway had a large gathering of people and although the executive order did not restrict, we are pushing the social distancing messaging to have people stop congregating in large groups.

- **Phil Brown MCO/OIA**
  - Orlando International Airport was the 2nd busiest airport in the country based on data from 3/21/2020
  - All gates and terminals are still open
  - All concessions are closed and food sources are take out only
  - Virgin Airlines had one additional rescue flight departing tonight
  - Main focus is on safety, health, security, and cleanliness

Department Updates

- **ISS/Rafael Mena**: 311 calls are steady and more staff are working from home so we are prepared for those additional calls for support. Also will be working to push out information to users regarding the uptick of cybersecurity phishing emails.
- **Convention Center/ Mark Tester:** No updates
- **Corrections/Chief Quinones:** No items related to the virus. Arrests are down and reported on the glass at the central intake that needs to be fixed after an incident. Will work with Anne Kulikowski in Administrative Services to expedite.
- **Utilities/Ray Hanson:** Suspension of late fees begins tomorrow for all OCU residential customers.
- **Family Services/Lonnie Bell:** All of the Spring Break camps, parks and boat ramps will be closing. Information will be provided to the families regarding the updates.

EMAP Accredited
AMERICAN OVERSIGHT

- **Public Works/Joe Kunkel:** No updates at this time.
- **Administrative Services/Ann Kulikowski:** No updates at this time
- **County Administration/ Byron Brooks:** Along with Lonnie Bell, the Homeless Sheltering Network is looking for space needs for healthy clients and to separate them from the folks who are exhibiting symptoms. Salvation Army, Hotels, and other space is being offered in the community.
- **Fire Rescue/Chief Fitzgerald**: Normal operations.
- **Communications/Jane Watrel & Jeff Williamson:** We sent the child care survey out to include county departments, DOH, and hospitals and are expecting the results by Wednesday. The YMCA has given options to keep their sites open and operating with childcare for 24 hours a day, 7 days a week.
- **Jeff, Danny, Randy, and Chris:** We are still having the conversations about putting families into hotels and what some of those costs will look like.
- **Tim Boldig, CEDS:** Tomorrow to transition for more staff to work from home and keeping people out of the building and to do all transactions online.

Next Executive Policy Group meeting scheduled for 03/23 at 1500 hours.

  - 148 positions available
  - Destination parking garage and north-end parking lot are available for collection site use
  - Mega-con plans to announce that they are rescheduling their large conference in June
  - April 27th SAP show, will remain cautiously optimistic, yet not likely.
  - Logistics/SDEM has worked out many logistics with the National Guard.
- **Fire Rescue, Chief Fitzgerald**
  - Operating under normal conditions
- **PEDS**
  - Stressing social distances with employees
  - Implementing HR questionnaire
  - Max amount of customers is 10
  - Online submittals for permits
  - Phone centers
  - Sub-permits only be obtained online beginning Monday
- **Utilities**
  - Closed center on Curry Ford Road
  - No increase in customer calls, normal operations
- **Lonnie Bell, Family Services**
  - Crisis Assistance begins Monday
  - All communications will be handled via telephone for Crisis Assistance
  - Many operations are open and community centers remain open
    - Head Start is closed
  - Clients come in only to provide documents and a brief encounter will occur to verify authenticity
  - Adjustments have been made to waive future criteria and frequency protocols to improve flow and the benefits authored
    - It is ensured that funds will not be duplicated and documentation will be accurate for executing reimbursement processes
  - HSN trying to coordinate with shelters. Shelters have concerns with patrons exhibiting symptoms and what to do with them. Vulnerable categories exist in these shelters, looking for a location where they could quarantine these people, yet have questions about logistical transportation issues. Trying to get in contact with the Health Department to get information on how to treat these people, but instead have someone visit site instead of trying to figure out transportation.
- **Ricardo Day, Human Recources**
  - Updating resources for employees on OrangeNet
  - Exploring technology needs for employees

EMAP Accredited
ACCREDITATION PROGRAM
AMERICAN OVERSIGHT

- Fire & Corrections: have administrative staff that can be rotated to work in the building and working from home and communicate those things to staff by noon tomorrow (3/20)
- First Responder Childcare discussion.
  - Survey employees and report data to make decisions and analyze costs
  - Institute methodology and adhere to discussed ratios as to avoid a school-like environment

- **Byron Brooks, County Administrator**
  - Preparing limited access to processing payroll
  - Plans will be FLSA compliant, where employees would only receive a standard paycheck. No overtime, etc.
    - A reconciliation would occur at a later date

Action Items:

Decide on summer Youth Programs
Weekend conference call will be decided on tomorrow
Discussion of press releases and employee assistance will be discussed further

Next EPG Meeting:

March 20, 2020 @ 1:00 p.m. by conference call- unless something changes

Good evening.

Below is a link to the FAQs regarding Mayor Demings recently signing the Executive Order to strongly encourage all those in Orange County to "Stay At Home."
https://newsroom.ocfl.net/2020/03/stay-at-home-to-flatten-the-curve-orange-county-issues-stay-at-home-order-effective-march-26-2020-faqs/. There is also a link to the full Executive Order in the newsroom article (but PDF also attached). Feel free to contact us if you need anything else.
**Please note – translation to Spanish is available soon on this webpage for all copy.*

Orange County Mayor Demings, Orlando Mayor Dyer, Orange County Sheriff Mina and others highlighted the importance and rationale of this Executive Order during the news conference this evening. They also stated that they hoped other counties in our community would also follow with similar orders. You can access the entire news conference at:
https://newsroom.ocfl.net/media-advisories/press-releases/2020/03/coronavirus-updates/.

In addition, information about the temporary testing sites can be found atwww.ocfl.net/coronavirus.
Attached are some graphics on criteria for the Orange County Convention Center Parking lot site. **It's VERY IMPORTANT** to stress to your contacts/audiences you have that there is criteria involved to be considered for testing. There's a limited number of tests, so we don't want people wasting their time coming to the site just to have reassurance.

Thank you for all you are doing to inform our public and helping keep everyone in our community safe. Please continue to follow Orange County Government social channels for the latest information and all updated information is posted at www.ocfl.net/coronavirus.

ORANGE COUNTY, FLORIDA
EMERGENCY EXECUTIVE ORDER NO. 2020-04
regarding
COVID-19

Non-Essential Travel and Safety Measures
and
Non-Essential Businesses and Essential Businesses

Date: March 24, 2020
Time: 5:54 o'clock P. m.

WHEREAS, on March 13, 2020, a State of Local Emergency was declared for seven (7) days under the Comprehensive Emergency Management Ordinance by Emergency Executive Order No. 2020-01 due to the serious threat posed by COVID-19; and

WHEREAS, Emergency Executive Order No. 2020-01 was extended seven (7) days to March 27, 2020 by Emergency Executive Order No. 2020-02, and it will be extended for additional periods of time; and

WHEREAS, COVID-19 is spread amongst the population by various means of exposure, including the propensity to spread person to person and the propensity to attach to surfaces for prolonged periods of time, thereby spreading from surface to person and causing increased infections to persons; and

WHEREAS, public health experts have consistently recommended avoiding close physical interaction between people in order to slow the spread of COVID-19, and the Centers for Disease Control ("CDC") has updated and further restricted its distancing guidelines; and

WHEREAS, despite measures previously taken, COVID-19 has rapidly spread in the State of Florida as well as in Orange County, necessitating updated and more stringent distancing guidelines; and

WHEREAS, while it is important to update and revise the social distancing guidelines to protect the public, it is also important to preserve the public's access to necessary services, such as food, prescriptions and health care, and to maintain the operation of critical infrastructure as identified by the federal government; and

AMERICAN OVERSIGHT

FL-ORANGE-20-1072-B-002205

WHEREAS, the emergency powers of this Office include establishing curfews, limiting public congregations and other powers necessary to secure the public health and safety; and

WHEREAS, this Emergency Executive Order is issued to protect the health and safety of the citizens, residents and visitors of Orange County, to assist the healthcare delivery system in its ability to serve those persons infected by COVID-19, and to preserve the public's access to essential services and maintain the operation of critical infrastructure.

NOW, THEREFORE,

I, Jerry L. Demings, County Mayor of Orange County, Florida, acting as the Director of Emergency Management, promulgate the following Emergency Executive Order:

Section 1. Non-Essential Travel and Safety Measures.

In the interest of preserving the public health and safety, individuals are ordered not to leave the premises of their primary residence or domicile except to conduct certain necessary activities, while practicing social distancing where practical, which include, but are not limited to the following:

(a) *Basic Needs*. Visiting a health or veterinary care professional, obtaining medical supplies or medication, obtaining financial or legal services, obtaining food, grocery items or other household consumer products and products necessary to maintain the safety and sanitation of residences or buildings (whether commercial, office or industrial), for personal use or for use by others, including, without limitation, services related to providing food, groceries, household products, health services, shelter, care or assistance to minors, the elderly, dependents, persons with disabilities, other persons needing assistance, friends, family members, pets or animals; attendance at public meetings or other government purposes; and for other like or similar purposes related to any of the foregoing.

(b) *Physical Activity and Exercise*. Engaging in outdoor activities and recreation, including, without limitation, golfing, walking, hiking, running, cycling, using scooters, roller skates, skateboards, or other personal mobility devices.

(c) *Travel related to Basic Needs and Physical Activity*. Travel to and from an individual's principal residence or domicile related to any of the basic needs described in Section 1(a) above, or physical activity and exercise described in Section 1(b) above.

(d) *Travel related to the Provision or Receipt of Essential Services*. Travel necessary for the provision or receipt of essential services described in Section 2, including employees, volunteers, and service recipients of these services.

AMERICAN OVERSIGHT

(e) *Other Travel.* Travel to and from transportation facilities or hubs, airports, bus and train stations, and travel to return home from outside jurisdictions.

Section 2. Non-Essential Businesses and Essential Businesses.

(a) All non-essential retail and commercial businesses are hereby ordered temporarily closed, including but not limited to, whether indoors or outdoors, locations with amusement rides, carnivals, water parks, pools, zoos, museums, arcades, fairs, children's play centers, playgrounds, theme parks, bowling alleys, pool halls, movie and other theaters, concert and music halls, country clubs, social clubs and fraternal organizations.

(b) The following retail and commercial businesses are deemed essential, and may remain open:

(1) Healthcare providers, including, but not limited to, hospitals, doctors' and dentists' offices, urgent care centers, clinics, rehabilitation facilities, physical therapists, mental health professionals, psychiatrists, therapists, pharmacies, veterinarians and animal care providers;

(2) Grocery stores, farmers' markets, farm and produce stands, supermarkets, food banks, convenience stores, and other establishments engaged in the retail sale of canned food, dry goods, fresh fruits and vegetables, fresh meats, fish, and poultry, and any other household consumer products (such as cleaning and personal care products). This authorization includes stores that sell groceries and other non-grocery products, and products necessary to maintaining the safety, sanitation, and essential operations of residences;

(3) Food cultivation, including farming, livestock, and fishing;

(4) Businesses that provide food, shelter, social services, and other necessities of life for economically disadvantaged or otherwise needy individuals. Hotels, motels and other housing providers;

(5) Newspapers, television, radio, and other media services;

(6) Gas stations;

(7) Auto-supply, auto-repair, related facilities, and towing companies;

(8) Banks and related financial institutions;

(9) Hardware and home improvement stores;

(10) Licensed contractors and other tradesmen, appliance repair personnel, exterminators, and other service providers who provide services that are necessary to maintain the safety, sanitation, and essential operation of residences and other structures;

(11) Businesses providing mailing and shipping services, including post office boxes;

(12) Laundromats, dry cleaners, and laundry service providers;

AMERICAN OVERSIGHT

(13) Restaurants and other facilities that prepare and serve food, but subject to the limitations and requirements under Federal, State or Local Emergency Orders. Schools and other entities that typically provide free food services to students or members of the public may continue to do so on the condition that the food is provided to students or members of the public on a pick-up and takeaway basis only. Schools and other entities that provide food services under this exemption shall not permit the food to be eaten at the site where it is provided, or at any other gathering site;

(14) Businesses that supply office products needed for people to work from home;

(15) Businesses that sell medical equipment and supply providers. Also, businesses that supply other essential businesses with support and supplies necessary to operate, and which do not interact with general public;

(16) Businesses that ship or deliver groceries, food, goods, or services directly to residences;

(17) Airlines, taxis, and other private transportation providers providing transportation services via automobile, truck, bus, or train;

(18) Home-based care for seniors, adults, or children;

(19) Assisted living facilities, nursing homes, and adult day care centers, and senior residential facilities;

(20) Legal or accounting services and notaries public;

(21) Landscape and pool care businesses, including residential landscape and pool care services, and maintenance of property, equipment and grounds of businesses, whether or not currently open to the public;

(22) Childcare facilities providing services that enable employees exempted in this Emergency Executive Order to work, as permitted. To the extent practical, childcare facilities shall operate under the following mandatory conditions:

a. Childcare shall take place in stable groups of ten (10) or fewer people (inclusive of childcare providers for the group);

b. Children and childcare providers shall not change from one group to another; and

c. If more than one group of children is cared for at one facility, each group shall be in a separate room, and groups shall not mix or interact with each other;

(23) Businesses operating at an airport, government facility, or government office;

(24) Pet supply stores;

(25) Logistics providers, including warehouses, trucking, consolidators, fumigators, and handlers;

AMERICAN OVERSIGHT

(26) Telecommunications providers, including sales of computer or telecommunications devices and the provision of home telecommunications, to include private security businesses;

(27) Providers of propane or natural gas;

(28) Construction sites, irrespective of the type of building;

(29) Architectural, engineering, and land surveying services;

(30) Factories, manufacturing facilities, bottling plants, or other industrial uses;

(31) Waste management services, including collection and disposal of waste; and

(32) Businesses interacting with customers solely through electronic or telephonic means;

(33) Businesses delivering products via mailing, shipping, or delivery services;

(34) Office space and administrative support necessary to perform any of the above listed essential retail or commercial business activities; and

(35) In addition to essential businesses listed above, any individuals that are employed in or working to maintain continuity of operations of the federal critical infrastructure sectors as more particularly described at http://www.cisa.gov/identifying-critical-infrastructure-during-covid-19. This link identifies a number of critical infrastructure sectors as vital to the United States including (1) healthcare and public benefits, (2) transportation systems and logistics, (3) communications, (4) water and wastewater, (5) food and agriculture, (6) nuclear reactors, hazardous materials and waste, (7) other governmental facilities, operations and essential functions, (8) energy, (9) financial services, (10) commercial facilities, (11) emergency services, (12) defense industrial base, (13) critical manufacturing, (14) chemical, and (15) information technology. This exception only applies to individuals working in one of these critical infrastructure sectors while or during the course of employment in and performing their work in that sector.

(c) This Order does not affect or limit the operations of Orange County, any municipality, the Orange County School District, any educational institution, whether public or private, or Federal office or facility, or any public utility, except that such entities shall endeavor to abide by the prohibitions or restrictions of any County, municipal, State or Federal Emergency Order, as applicable.

(d) This Order does not limit the number of persons who may be physically present performing services at any location where an essential business is being conducted or operated, except as expressly set forth herein or otherwise governed by a State or Federal Order or regulation. Employers and employees of such essential businesses are urged to practice social distancing, such as keeping at least six (6) feet apart and limiting group size to less than ten (10) people.

AMERICAN OVERSIGHT

(e) This Order does not limit religious or funeral services at any location, but all persons leading, performing or attending religious or funeral services are urged to fully comply with all measures advised by the CDC, including limiting gatherings to not more than ten (10) people and practicing social distancing of at least six (6) feet between persons.

Section 3. Minimum Standards. The provisions of this Emergency Executive Order shall serve as minimum standards, and shall not modify any powers possessed by municipalities to impose more stringent standards within their respective jurisdictions.

Section 4. Variances or Exceptions. Any variance or exception to any prohibitions set forth in Section 1 or Section 2 shall be valid only when stated in writing signed by me or under my authority.

Section 5. Penalties. Anyone who violates this Emergency Executive Order shall upon conviction be punished according to law and shall be subject to a fine not exceeding the sum of Five Hundred Dollars ($500.00), or imprisonment in the County jail for a period not exceeding sixty (60) days, or by both such fine and imprisonment.

Section 6. Severability. Any provision of this Emergency Executive Order that conflicts with any Federal or State constitutional provision or law, including the State's preemption of the regulation of firearms and ammunition codified in Section 790.33, Florida Statutes, or conflicts with or is superseded by an Executive Order issued by the President of the United States or the Governor of Florida, shall be deemed inapplicable and deemed to be severed from this Emergency Executive Order, with the remainder of the Emergency Executive Order remaining intact and in full force and effect. Nothing in this Emergency Executive Order shall be interpreted as prohibiting retail or wholesale stores or vendors that currently sell sealed containers of alcoholic beverages for off-premises consumption from continuing such sales for off premises consumption.

Section 7. Effective Date; Expiration Date.

(a) This Emergency Executive Order shall become effective on March 26, 2020, at 11:00 p.m.

(b) This Emergency Executive Order shall expire on April 9, 2020, at 11:00 p.m.

Jerry L. Demings, Orange County Mayor,

Osceola Modifies Order on Face Covering,

County Extends Emergency Declaration for Another 7 Days

Osceola County, Florida – Osceola County's emergency order that requires people to wear face coverings in public was modified by the executive policy group on Monday afternoon.

The new order (attached) removes a potential $500 penalty and the possibility of jail time. The following exemptions are cited in the order:

- Persons under the age of two years; and
- Persons for whom a face covering would cause impairment due to an existing health condition; and
- Persons working in a professional who do not have any face-to- face interactions with the public; and
- Persons working in a profession where use of a face covering will not be compatible with the duties of the profession; and
- Persons exercising, while observing social distancing in accordance with the CDC guidelines.

(Please see the attached graphic of when to wear a face covering.)

In other action, the Osceola Board of County Commissioners voted 5-0 on Monday to extend an existing state of emergency for Osceola County as part of its response to the Coronavirus (COVID-19).

The County's declaration provides access to resources at the State and Federal level to support community needs as well as more quickly gathering needed emergency supplies from vendors as we deal with this ongoing health crisis.

The Board will meet again on April 20 in order to extend the order an additional seven days, if needed.

On Monday, the Board held its first regular meeting for April (virtually) to deal with essential items of business.

RECAP OF CURRENT EVENTS:

- Gov. DeSantis Executive Orders
  - **OFFICIAL FAQ FROM STATE**
- CDC Face Coverings Guidance
- Sunday's Business Damage Assessment survey report for Osceola County: There are 342 businesses self-reporting $27

AMERICAN OVERSIGHT

million in economic losses. There are 1,020 employees temporarily laid off and 163 permanently laid off due to COVID-19.

- So far, just under half of Florida residents have completed the2020 Census. Residents should take this time to complete the Census, so that Osceola County receives is fair share of Federal Funding over the next decade.

Osceola Modifica la Orden de Coberturas Faciales

El Condado Extiende Declaración de Emergencia por Otros 7 Días

Osceola County, Florida – La Orden de Emergencia del Condado de Osceola que requiere que las personas usen coberturas faciales en público fue modificada por el Grupo de Política Ejecutiva, el lunes por la tarde.

La nueva orden remueve una posible multa de $500 y la posibilidad de tiempo en la cárcel. Las siguientes excepciones se citan en la orden:

- Personas menores de dos años de edad; y
- Personas para las que una cobertura facial causaría deterioro debido a una condición de salud existente; y
- Personas que trabajan en una profesión que no tienen ninguna interacción cara a cara con el público; y
- Las personas que trabajen en una profesión en la que el uso de una cobertura facial no será compatible con los deberes de la profesión; y
- Personas que hacen ejercicio, mientras observan el distanciamiento social de acuerdo con las directrices del CDC.

(Consulte el gráfico adjunto de cuándo usar una cubierta facial.)

En otra acción, la Junta de Comisionados del Condado de Osceola votó 5-0 el lunes, para extender un estado de emergencia existente para el Condado de Osceola como parte de su respuesta al Coronavirus (COVID-19).

La declaración del Condado proporciona acceso a recursos a nivel estatal y federal para apoyar las necesidades de la comunidad, así como reunir más rápidamente las provisiones de emergencia necesarios, mientras lidiamos con esta crisis de salud.

La Junta se reunirá de nuevo el 20 de abril con el fin de extender el pedido siete días adicionales, si es necesario.

El lunes, la Junta también tuvo su primera reunión regular para el mes de abril (virtualmente), para tratar asuntos esenciales de negocios.

RESUMEN DE EVENTOS ACTUALES:

- Órdenes Ejecutivas del Gob. DeSantis y FAQ Oficial del Estado
- Orientación de coberturas faciales del CDC
- Informe de la encuesta de evaluación de daños comerciales del domingo para el Condado de Osceola: Hay 340 empresas que reportan $26.8 millones en pérdidas económicas. Hay 1,018 empleados despedidos temporalmente y 163 despedidos permanentemente debido a COVID-19.
- Hasta ahora, poco menos de la mitad de los residentes de Florida han completado el Censo 2020. Los residentes deben tomar el tiempo para completar el Censo, de modo que el Condado de Osceola reciba una parte justa de los fondos federales durante la próxima década.

EMERGENCY ORDER NO. 5
PERTAINING TO COVID-19

WHEREAS, COVID-19 is a respiratory illness caused by a virus that spreads rapidly from person to person and may result in serious illness or death, and constitutes a clear and present threat to the lives, health, welfare, and safety of the people of Osceola County, Florida; and

WHEREAS, on March 1, 2020, the Governor of Florida issued Executive Order Number 20-51, directing the State Health Officer and Surgeon General to declare a Public Health Emergency due to the discovery of COVID-19 in Florida; and

WHEREAS, on March 9, 2020, the Governor of Florida issued Executive Order Number 20-52, declaring a State of Emergency for the state of Florida related to COVID-19 and enacting the powers of political subdivisions to exercise its powers under Section 252.38, Florida Statutes; and

WHEREAS, COVID-19 is an emergency whose increasing effects are being felt within Osceola County and on account thereof, there is reason to believe that the virus will continue to spread; and

WHEREAS, pursuant to Section 252.46, Florida Statutes, the municipalities have the power to issue emergency orders with the force of law; and

WHEREAS, on March 16, 2020, a State of Local Emergency – Resolution #20-054R was declared under the provisions of the Florida Statutes and the Osceola County Code due to the serious threat to life and property within the County arising from COVID-19; and

WHEREAS, on March 23, 2020, the Declaration of the State of Local Emergency was extended pursuant to Resolution #20-055R due to the ongoing threat of COVID-19; and

WHEREAS, on March 30, 2020, the Declaration of the State of Local Emergency was extended pursuant to Resolution #20-056R due to the ongoing threat of COVID-19; and

WHEREAS, on April 6, 2020, the Declaration of the State of Local Emergency was extended pursuant to Resolution #20-059R due to the ongoing threat of COVID-19; and

WHEREAS, COVID-19 is spread amongst the population by various means of exposure, including the propensity to spread person to person and the propensity to attach to surfaces for prolonged periods of time, thereby spreading from surface to person and causing increased infections to persons; and

AMERICAN OVERSIGHT

WHEREAS, public health experts have consistently recommended avoiding close physical interaction between people in order to slow the spread of COVID-19, and the Centers for Disease Control ("CDC") has updated and further restricted its distancing guidelines; and

WHEREAS, despite measures previously taken, COVID-19 has rapidly spread in the State of Florida as well as in Osceola County, necessitating updated and more stringent distancing guidelines; and

WHEREAS, as of the date of this Order COVID-19 continues to be a concern due to increases in the number of positive cases within the jurisdictional boundaries of Osceola County and to limit its potential community spread, it is now necessary for Osceola County to implement further restrictions for the general health, safety, and welfare of the community; and

WHEREAS, the United States Centers for Disease Control and Prevention ("CDC") recommends "wearing cloth face coverings in public settings where other social distancing measures are difficult to maintain (e.g., grocery stores and pharmacies)"; and

WHEREAS, this order is in addition to, Executive Order 2 and Executive Order 3 effective March 26, 2020, including any extensions thereof; and

WHEREAS, while it is important to update and revise the social distancing guidelines to protect the public, it is also important to preserve the public's access to necessary services, such as food, prescriptions and health care, and to maintain the operation of critical infrastructure as identified by the federal government; and

WHEREAS, the emergency powers of the EPG include establishing curfews, limiting public congregations and other powers necessary to secure the public health and safety; and

WHEREAS, this Emergency Executive Order is issued to protect the health and safety of the citizens, residents and visitors of Osceola County, to assist the healthcare delivery system in its ability to serve those persons infected by COVID-19, and to preserve the public's access to essential services and maintain the operation of critical infrastructure.

NOW, THEREFORE, IT IS ORDERED:

Section 1. Definitions.

a. Face Covering shall mean a uniform piece of material that securely covers a person's nose and mouth and remains affixed in place without the use of one's hands.

AMERICAN OVERSIGHT

Section 2. Face Coverings required.

a. Every person working, living, visiting, or doing business in Osceola County is required to wear a cloth facial covering consistent with the current CDC guidelines while in any public place.

b. Medical and surgical face masks, such as "N95" masks or other similar medical or surgical masks, are in short supply and should be reserved for health care personnel and other first responders with the greatest need for such personal protective equipment. Persons are encouraged to review and comply with the CDC and Florida Department of Health guidelines on personal protective equipment, including with respect to the use of a medical or surgical face mask, such as an "N95" mask or other similar medical or surgical mask

Section 3. Exceptions.

a. Nothing herein shall require the wearing of face coverings by the following persons:

i) Persons under the age of two years; and

ii) Persons for whom a face covering would cause impairment due to an existing health condition; and

iii) Persons working in a profession who do not have any face-to- face interactions with the public; and

iv) Persons working in a profession where use of a face covering will not be compatible with the duties of the profession; and

v) Persons exercising, while observing social distancing in accordance with the CDC guidelines.

Section 4. This Order hereby replaces Executive Order #4 pertaining to COVID-19.

Section 5. Effective Date; Expiration Date.

a. This Emergency Executive Order shall become effective on April 13, 2020, at 12:01 a.m.

AMERICAN OVERSIGHT

b. This Emergency Executive Order shall continue until further notice and unless otherwise modified or repealed.

WHEN TO WEAR A FACE COVERING

ALWAYS

- At public places like grocery stores, pharmacies, banks, clinics and other essential businesses
- When getting takeout from restaurants
- When caring for someone sick or with other health issues
- In places where more than 10 people are present
- While using public transit

EXEMPTIONS

- Under 2 years old
- While exercising if able to practice social distancing
- When face covering would cause impairment due to existing health condition
- While on your own property, such as collecting your mail or doing yardwork
- While in your personal vehicle or boat
- While working with no face-to- face interactions with public
- While working where use of a face covering will not be compatible with job duties

The Face Covering Order is intended to stop the spread of COVID-19. According to the CDC's guidance, a face covering can help stop the spread of the virus, especially if someone is asymptomatic. We all wish to educate the public on the need to pursue these protective measures for the overall well-being of our community at this time.

Florida governor opts for a light touch on coronavirus closures

By Arek Sarkissian

TALLAHASSEE — Gov. Ron DeSantis on Monday said he won't issue a statewide mandate to close Florida's bars and restaurants, opting instead to make suggestions to municipalities and counties based on guidance from the Centers for Disease Control and Prevention.

California, Ohio and a handful of other states have announced mass closures, which DeSantis predicted would be unsustainable. And the virus is spreading in only parts of the state.

"You've got to have everyone on one sheet of music to make this all work," DeSantis told reporters at the state's emergency operations center. "This is not uniform in where the virus is percolating."

The state will reevaluate its light touch as the virus runs its course, DeSantis said, noting that guidance released by the CDC on Sunday that discouraged gatherings of 50 people or more had been modified overnight to target groups of as few as 10 people.

"We're trying to make sure we're taking what they said into account," he said. He did recommend that everyone avoid St. Patrick's Day festivities.

"if you fire up a Guinness at home, I have no problem with that," he said.

As governor, DeSantis has been reluctant to use his power to override moves made by local elected officials, instead using his bully pulpit to sway decision-making. On Sunday, he applauded decisions by Fort Lauderdale and Miami Beach to shut down beaches that had been crowded by spring break revelers. The private sector has also taken its own steps to combat the virus.

"I think that's working," he said.

DeSantis said the state will open at least three more mobile testing sites with equipment and supplies promised by the federal government. A drive-thru testing site opened today in Broward County, and others will be established in the parking lots of the Hard Rock Stadium in Miami, TIAA Bank Field in Jacksonville, and the Orange County Convention Center in Orlando.

The virus has hit the state at the height of spring break, peak tourist season. DeSantis said he has set aside $50 million for businesses that have been thrown into turmoil and has activated the state's Small Business Emergency Bridge Loan Program to provide short-term, interest-free loans to small businesses hurt by the virus.

He also said the state would allow flexibility on deadlines for tax payments, including the corporate income tax.

Good evening!

Pasted below and on the following link are key takeaways from today's Orange County's news conference on 4/10/20:
https://newsroom.ocfl.net/media-advisories/press-releases/2020/03/coronavirus-updates/

The entire news conference is also available on the link or directly here:
https://vimeo.com/406151161

Updated zip code map atwww.ocfl.net/COVID19HeatMap (PDF also attached)

Please note: We are working with the state for changed criteria for the OCCC drive-through testing site and will send you updated graphics and info as soon as we get it.

Also, please see attaching information on the Meals of Love program. Meals of Love is a four-county program created in direct response to the COVID-19 pandemic to feed seniors and disabled adults in isolation, while infusing working capital into restaurants and creating jobs. The effort is made possible by Florida Department of Elder Affairs, Senior Resource Alliance, Department of Business and Professional Regulation, and the Florida Restaurant & Lodging Association.

This month, as Americans face challenging times, ***up to 1,000 fresh, restaurant-prepared meals will be safely delivered to the homes of seniors and disabled adults thanks to Meals of Love***. In addition to supporting seniors and disabled adults, as well as **providing opportunities for restaurants**, Meals of Love is also **creating new job opportunities** for those in need in the community with the meal delivery roles.

Meals of Love is currently accepting applications for seniors and disabled adults who are interested in meal delivery and restaurants that would like to prepare meals. For more information visit mealsoflove.org.

Thank you and have a wonderful Easter weekend,

AMERICAN OVERSIGHT

Key Takeaways: Orange County News Conference 4/10/20

The latest numbers from the Florida Department of Health in Orange County show 895 cases and 13 deaths in the County. The statewide Stay at Home order is more important than ever.

PROJECTIONS

Various projection models have the area's peak at different times – ranging from April 21 to the first week of May. The hospitals are prepared to handle these peaks and commend the community's mitigation efforts.

While there are several hot spots across the County, 53 zip codes in Orange County have 49 confirmed cases of COVID-19.

REGIONAL COLLABORATION

Mayor Demings along with leaders in Seminole, Osceola and Lake Counties sent a letter to Governor DeSantis offering the Orange County Convention Center to serve as a federal medical station or field hospital, if needed. The Convention Center has hosted federal resources and personnel during hurricane is a presently a temporary COVID-19 testing site.

The Convention Center drive-through testing site will expand its criteria and increase testing once it has transitioned from the federal to the state. Updates will be shared at www.ocfl.net/coronavirus and on Orange County's social media channels once testing criteria is confirmed by the state.

DON'T OVERWHELM ERs

The Department of Health in Orange County would like to remind residents to please stay home if you do not require emergency care. We cannot overrun our ERs.

Residents are asked to contact their primary care doctors.

BUSINESS AT THE COUNTY: CONTINUING STRONG

Despite the pandemic, construction activity in Orange County is continuing at a steady pace. Due to the efficiency of online reviews, turnaround times for reviewing project plans are exceeding the County's goals.

The County's permitting, inspections and customer service sections within the Division of Building Safety are active, with more than 1,100 permits issued and nearly 5,000 inspections just last week. In comparison to the previous weeks, these numbers are within the average range.

Modified service info, training tools and partner information are all available on the "Development Services" tab of Orange County's COVID-19 webpage at www.ocfl.net/coronavirus.

MEALS OF LOVE CONNECTS ISOLATED SENIORS AND DISABLED ADULTS WITH MEAL DELIVERY FROM LOCAL RESTAURANTS

Partnership Infuses Working Capital into Restaurants While Supporting Seniors and Disabled Adults Isolated Amid COVID-19 Pandemic

ORLANDO, Fla. (April 7, 2020) – This month, as older adults face challenging times, up to 1,000 fresh, restaurant-prepared meals will be safely delivered to the homes of seniors and disabled adults thanks to Meals of Love. Infusing working capital into restaurants while supporting those most vulnerable to COVID-19 – created in direct response to the pandemic – is a new partnership among the Florida Department of Elder Affairs, Senior Resource Alliance, the Department of Business and Professional Regulation, and the Florida Restaurant & Lodging Association.

"Now, more than ever, we need to take care of each other," said Karla Radka, President and CEO of the Senior Resource Alliance. "Meals of Love benefits our beloved elderly and disabled adult population, complementing the incredible year-round service provided by our agency partners, while providing an economic opportunity for the hard-hit restaurant industry."

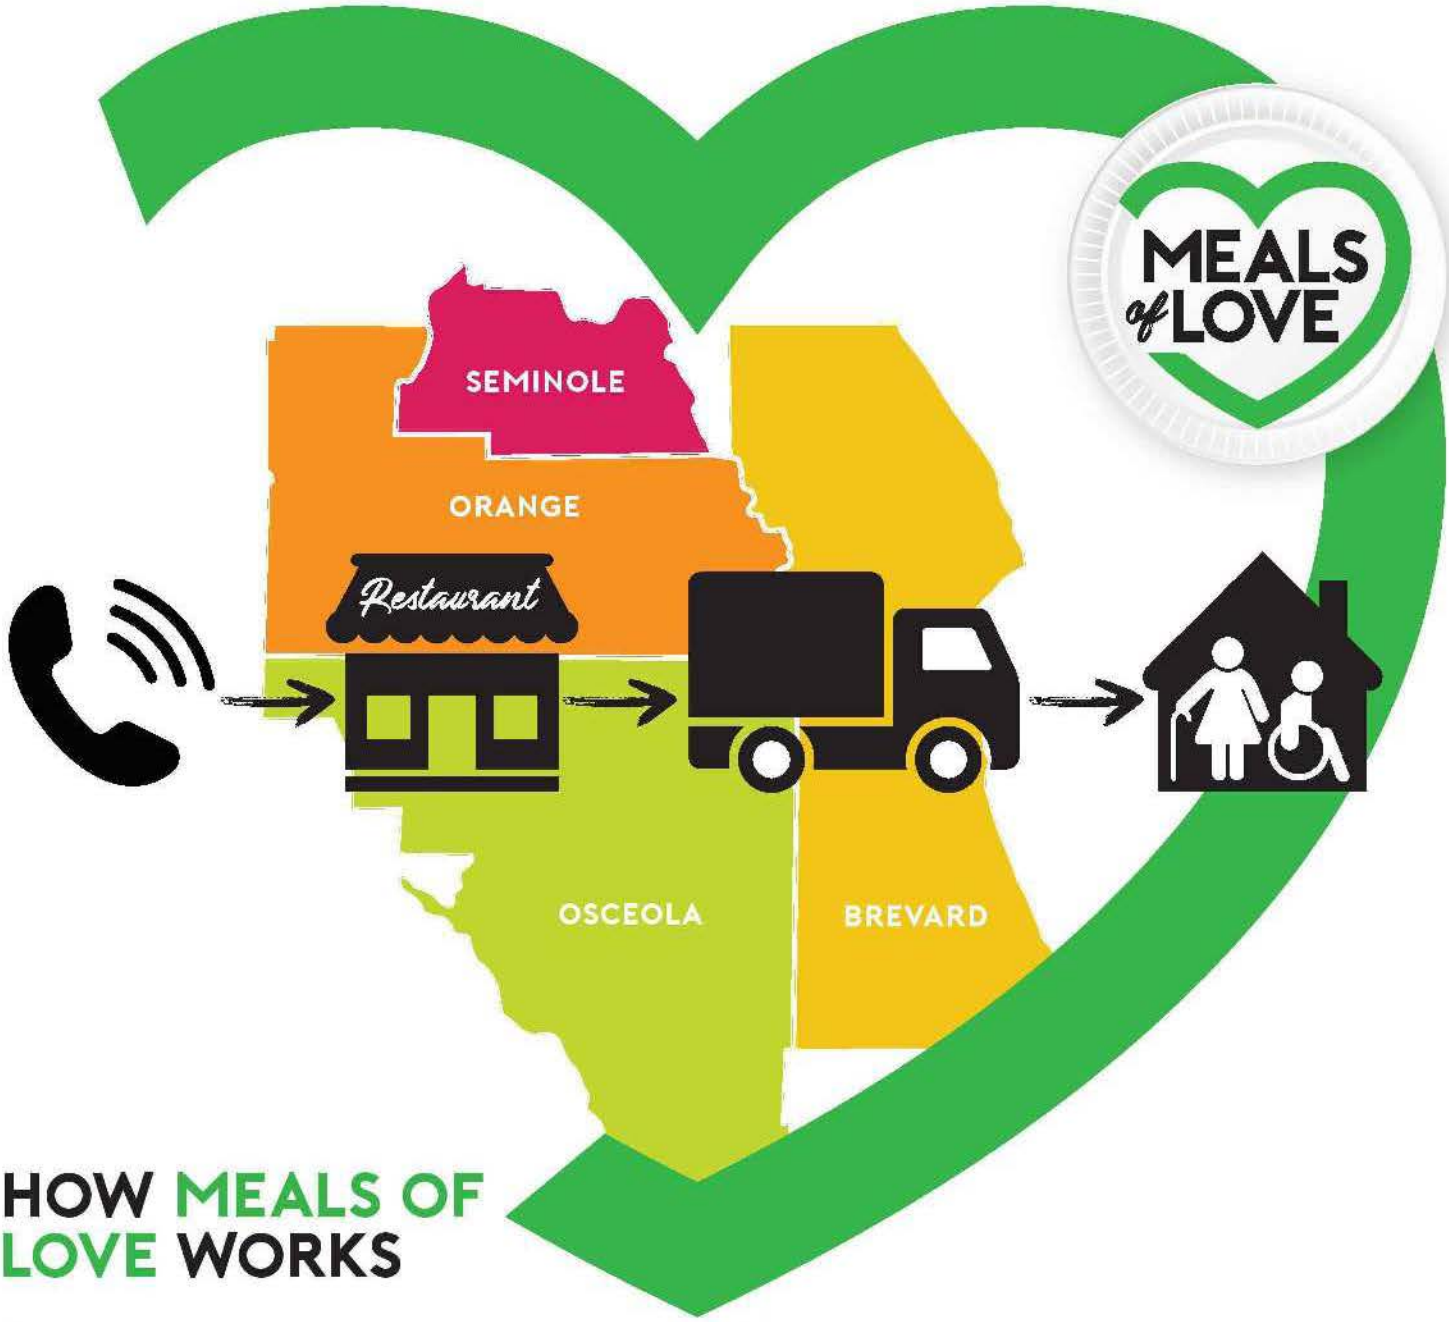
Meals of Love will serve Orange, Seminole, Brevard and Osceola counties in partnership with the following agencies:

- Alzheimer's & Dementia Resource Center
- Aging Matters in Brevard
- Brevard Alzheimer's Foundation
- Informed Families
- Legal Aid Society of the Orange County Bar Association, Inc.
- Meals on Wheels, Etc.
- Seniors First
- Share the Care
- Osceola Council on Aging

In addition to supporting seniors and disabled adults, as well as providing opportunities for restaurants, Meals of Love is also creating new job opportunities for those in need in the community with the meal delivery roles.

AMERICAN OVERSIGHT

"Service is at the heart of what we do every day in the restaurant industry, and Meals of Love is a way for us to serve the community during an especially difficult time," said Keri Burns, Regional Director at Florida Restaurant and Lodging Association.



Meals of Love is currently accepting applications for seniors and disabled adults who are interested in meal delivery and restaurants that would like to prepare meals. For more information visit mealsoflove.org.

About Senior Resource Alliance

Serving the community since 1995, The Senior Resource Alliance (SRA) is the Area Agency on Aging of Central Florida, which covers Brevard, Orange, Osceola, and Seminole Counties. The agency is the local resource for accessing the many services and programs of the state and federal government available to senior citizens, their caregivers and family members. SRA is also an objective clearinghouse for information and services offered by local, state and national organizations. For more information, visit SeniorResourceAlliance.org.

WE DELIVER FOOD & LOVE!

HOW MEALS OF LOVE WORKS

- Meals of Love was created in direct response to the COVID-19 pandemic.
- Agencies and restaurants joined forces in Central Florida to take care of seniors, disabled adults aged 18 to 59 and anyone in a household under senior responsibility while supporting the restaurant industry.
- Restaurants prepare meals in their kitchens, providing economic opportunity for the hard-hit restaurant industry.
- Meals of Love will create new job opportunities in the community with meal delivery roles.
- Up to 1,000 restaurant-prepared meals will be delivered safely to seniors and disabled adults' homes across Orange, Seminole, Brevard and Osceola counties.
- Happy seniors and disabled adults enjoy freshly prepared restaurant meals in the comfort of their own homes!

Good evening! Attached and below you will find key takeaways (in English and Spanish) from Orange County Government's news conference from 4/24/20 at 4:30 p.m.

You can also access the takeaways and view the full news conference at:https://newsroom.ocfl.net/media-advisories/press-releases/2020/03/coronavirus-updates/

In addition, attached is an informational flier about the DOH-Orange mobile testing continuing next week. For more information, visit www.ocfl.net/coronavirus. This is a partnership with OCPS, the City of Orlando, Orange County Government and the City of Apopka. We are working to get the fliers translated into Spanish and Creole and will have for you soon. Attached is also a flier about Orlando Health's free Teen Express program, which service teens 11 to 17.

Have a good weekend.

Key Takeaways: Orange County News Conference 4/24/20

The latest numbers from the Florida Department of Health show 1,286 cases in Orange County and 29 individuals have died from the illness in the County.

According to Health Administrator for the Florida Department of Health in Orange County Dr. Raul Pino, we are flattening the curve, and have seen a negative growth in cases over the past five weeks.
Four weeks ago, Orange County had 273 new COVID cases. Last week, we had 61 new cases.

ENHANCED TESTING AND SITES CONTINUE

The Florida Department of Health of Orange County will continue its mobile testing sites into next week. Some of the locations have changed, including adding a location in Apopka.
Residents of Orange County can secure an appointment for testing by calling the Department of Health's Orange's COVID-19 Call Center at 407-723-5004. The Call Center is open Monday through Friday, 8 a.m. until 5 p.m. each day. There is no criteria for testing and it is free.

Mobile Testing Dates and Locations:

- Monday, April 27, 2020 – West Orange Park, (rescheduled from April 24, 2020)
  150 Windermere Road, Winter Garden (site will ONLY be open on Monday)

- Tuesday, April 28, 2020 – Apopka High School
  555 Martin Street, Apopka (site will ONLY be open on Tuesday)

- Wednesday, April 29, 2020 – Camping World Stadium
  1 Citrus Bowl Place, Orlando (site will ONLY be open on Wednesday)

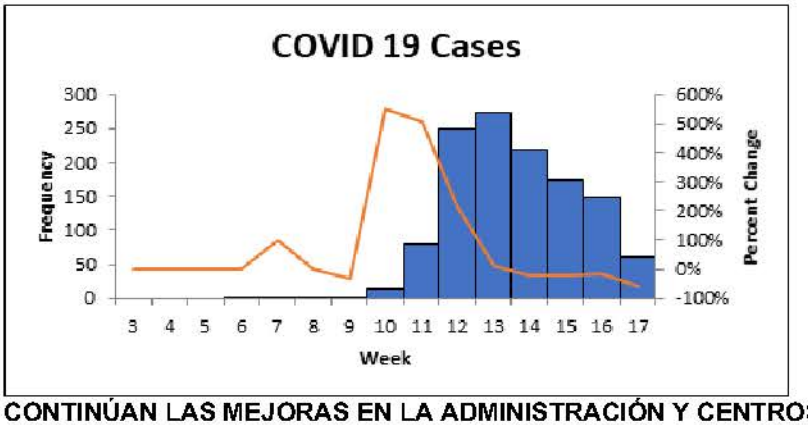
- Thursday, April 30, 2020 – Barnett Park
  4801 W. Colonial Drive, Orlando (site will ONLY be open on Thursday)

- Friday, May 1, 2020 - Jay Blanchard Park
  10501 Jay Blanchard Trail, Orlando (site will ONLY be open on Friday)

For additional information, view the Florida Department of Health in Orange County's news release. Visit www.ocfl.net/coronavirus for more information.

ECONOMIC RECOVERY

The data in flattening of the curve is promising news for Orange County's economic recovery efforts. **Orange County Economic Recovery Task Force** is reviewing and researching the safest and most sensible ways to get our business community on the road to recovery with a phased approach.



"My goal is to ensure that there is an intersection of being safe and feeing safe before businesses reopen," said Orange County Mayor Jerry L. Demings.
Orlando Mayor Buddy Dyer echoed this sentiment by saying, "We cannot have good economic health, if we do not have good public health."
Learn more by visiting www.ocfl.net/EconomicRecovery. The next virtual meeting of the Task Force will be at 2:30 p.m. on April 28 and will be carried on Orange TV (www.ocfl.net/OrangeTV).

Puntos importantes: Conferencia de Prensa del Condado de Orange 4/24/20

Los números más recientes del Departamento de Salud de Florida muestran 1,286 casos en el Condado de Orange y 29 individuos han muerto de la enfermedad en el condado.

De acuerdo con el Administrador de Salud del Departamento de Salud de Florida en el Condado de Orange, Dr. Raúl Pino, estamos aplanando la curva y hemos visto un crecimiento negativo en casos en las últimas cinco semanas.
Cuatro semanas atrás, el Condado de Orange tenía 273 casos nuevos de COVID. La semana pasada tuvimos 61 casos nuevos.

CONTINÚAN LAS MEJORAS EN LA ADMINISTRACIÓN Y CENTROS DE PRUEBAS
El Departamento de Salud de Florida del Condado de Orange continuará sus centros móviles de pruebas hasta la semana próxima. Algunos de los lugares han cambiado, incluyendo un local adicional en Apopka.
Los residentes del Condado de Orange pueden coordinar una cita para la prueba llamando al Centro de Llamadas COVID-19 del Departamento de Salud del Condado de Orange al 407-723-5004. El Centro de Llamadas está abierto de lunes a viernes, de 8 am a 5 pm cada día. No existe criterio para las pruebas y son gratuitas.

Fechas y lugares de Pruebas Móviles:

- Lunes, 27 de abril, 2020 – West Orange Park, (reprogramado del 24 de abril, 2020)
  150 Windermere Road, Winter Garden (el local SOLO estará abierto el lunes)

- Martes, 28 de abril, 2020 – Escuela Secundaria Apopka

Para información adicional, vea el comunicado de prensa del Departamento de Salud de Florida en el Condado de Orange.
Visite www.ocfl.net/coronavirus para más información.

RECUPERACIÓN ECONÓMICA
La información sobre el aplanamiento de la curva es noticia prometedora en los esfuerzos de recuperación económica del Condado de Orange. El **Equipo de Trabajo para la Recuperación Económica del Condado de Orange** está revisando e investigando las formas más seguras y sensatas de llevar a nuestra comunidad empresarial en el camino hacia la recuperación con un enfoque gradual.
"Mi meta es asegurar que exista una intersección entre estar seguro y sentirse seguro antes de que los comercios reabran", dijo el Alcalde del Condado de Orange Jerry L. Demings.
El Alcalde de Orlando Buddy Dyer hizo eco de este sentimiento al decir, "No podemos tener una buena salud económica si no tenemos una buena salud pública".
Conozca más visitando www.ocfl.net/EconomicRecovery. La próxima reunión virtual del Equipo de Trabajo será a las 2:30 p.m. el 28 de abril y será transmitida por Orange TV (www.ocfl.net/OrangeTV).

Subject: Key takeaways from Orange County's news conference - 4/8
Attachment(s): "Open Hour-01.jpg"

Good afternoon! Pasted below and in this news link are key takeaways from Orange County Government's news conference today: https://newsroom.ocfl.net/media-advisories/press-releases/2020/03/coronavirus-updates/. Sheriff Mina also mentioned about how the Orange County Sheriff's office continues to keep an eye on school campuses even when school is out. Special thanks to Second Harvest Food Bank of Central Florida for sharing information about their needs at this time.

Links to the news conference:
https://vimeo.com/405369865

In addition, Orange TV has updated its myth vs. facts video based on CDC guidelines for face masks. Here is a link if you need to share: https://vimeo.com/398766722

We also wanted to highlight that the Orange County Library Systemis doing an Open Hour with a Librarian at 2 p.m. on Thursdays on Facebook and Twitter. It will be a chance for people to receive book recommendations from our librarians. See information attached.

Key Takeaways: Orange County News Conference 4/8/20

As of today, there are 803 confirmed cases of COVID-19 in Orange County. Ninety-six individuals have been hospitalized and 10 residents have passed away due to the illness.
An updated heat map for Orange County COVID-19 cases is available atwww.ocfl.net/COVID19HeatMap.

CONVENTION CENTER TESTING SITE ANTICPATING INCREASE IN DAILY-ALLOTTED TESTS
The Orange County Convention Center Temporary Drive-Through Testing Site has administered a total of 3,785 COVID-19

tests since its inception. Because of lab processing restrictions, the testing site currently administers 250 tests daily. In the coming days, the site will transition from being federally led, to state led, allowing the site to test more people.
For more information, visit ocfl.net/coronavirus.

DIGITAL TOWN HALL
Orange County Mayor Demings will participate in WKMG-TV's Digital Town Hall on Thursday, April 9, 2020 at 8 p.m. Mayor Demings, along with University of Central Florida Economist Dr. Sean Snaith, CareerSource CEO Pam Nabors, and Tim Giuliani, CEO of the Orlando Economic Partnership, will be available for questions and want to hear from Orange County residents.
For more information, visit WKMG's Facebook page: https://www.facebook.com/news6/.

SECOND HARVEST FOOD BANK NEEDS DONATIONS
Second Harvest Food Bank of Central Florida has roughly doubled its daily distribution of food to 300,000 meals a day. As a nonprofit with limited budget and resources, Second Harvest relies heavily on the generosity of the community to help fund a long-term relief effort for those whose lives have been damaged by the COVID-19 pandemic. Financial donations are the best way to provide support right now. ***Second Harvest can turn a $1 donation into four meals.***
To provide a donation, visit: feedhopenow.org.

THANKS for #407 DAY SUPPORT TO RESTAURANTS
Please continue to show restaurant support during the month of April during #407 Days. We had an overwhelming support for our local restaurants.

Hello Faith-Based Leaders,

Mayor Demings invites you to participate on the next Faith-Based Leaders webex meeting regarding COVID-19 scheduled for Wednesday, April 22, 2020 from 11am - 12noon. Please find listed below the webex link and call-in instructions.

Last week during our conference call, a member of the clergy asked if signage and banners could be displayed promoting their online services. Mayor Demings has directed Orange County Zoning Division to respond to any questions you may have regarding the placement of signs, the county's sign code and how it applies. Please contact Jennifer Moreau, Zoning Manager at 407.836.5856 for more information.

Thank you again for your continued participation and service to the residents of Orange County.

Key Takeaways: Orange County Government's News Conference 4/3/20

As of today, there are 589 confirmed cases in Orange County. According to the State Department of Health in Orange County, more than 1,000 cases are expected by next Friday.

The most recent data analytics indicate that every 3.8 days we see a doubling of the numbers of reported COVID-19 cases. Orange County continues to urge residents to stay at home and practice

AMERICAN OVERSIGHT

social distancing in an effort to slow the doubling of cases slow to every four to six days.

Updated heat map for Orange County COIVD-19 cases available at www.ocfl.net/COVID19HeatMap.

STAY AT HOME AND CURFEW
As of April 3, 2020, the Governor's statewide executive "Stay-at-Home" Order went into effect. It is critical to continue to follow the CDC guidelines and adhere to this new statewide order. The Governor's Executive Order supersedes all County mandates and requires all 67 counties to comply. For more information, visit the updated FAQs page.

Orange County's curfew remains in effect from 11 p.m. until 5 a.m. until further notice.

TRANSPORTATION SALES TAX REFERENDUM
Orange County Mayor Demings suspends the pursuit of an Orange County's transportation sales tax referendum on the November 2020 ballot. The initiative will still be pursued, but at a later date. The County's current focus is solely on the health and welfare of all residents.

WEEKEND MEALS FOR STUDENTS
Orange County Public Schools will offer weekend meal offerings for students beginning April 10, 2020.

MORTGAGE, RENT AND FORECLOSURES EVICTIONS
Issued in response to Governor DeSantis' Administrative Order 20-94, Orange and Osceola Clerks of Courts are directed to:

- Suspend all actions related to mortgage foreclosure causes of action,
- Cancel all pending mortgage foreclosure sales, and
- Suspend all actions related to residential eviction causes of action.

The Ninth Circuit's Order is not to be construed as relieving obligation to pay rent or mortgage. Read more about the temporary order regarding mortgage foreclosures, foreclosure sales, and evictions.

LIMITED COURTHOUSE ACCESS
Essential/critical proceedings continue to be held in person at the courthouse:

- Persons seeking emergency injunctions for protection
- Emergency shelter hearings
- Baker Act hearings
- Guardianship hearings

Many processes are continuing remotely.

Good Evening, Valued Communication Partners!

Pasted below and the link provided here https://newsroom.ocfl.net/media-advisories/press-releases/2020/03/coronavirus-updates/ shares **top takeaways from the recent Orange County news conference (3/18/20).** You can also access our recent news conference here: https://vimeo.com/398626701. Thank you to all of our partners for participating and for the information you are sharing … we appreciate you fielding questions and sharing information with us.

A couple things to remember:

- All of our resources and information are constantly being updated at www.ocfl.net/coronavirus. Please use that for sharing and you can also access our newsroom from there. If there are other resources, links or updates you'd like us to consider sharing (as well as any edits) – please let us know.
- We are happy to amplify any social messages you need sharing if they are of benefit to our Orange County residents.
- We have PDFs of helpful documents on our webpage, such as myths vs. facts for COVID-19 (in Spanish and Creole as well) and handwashing instruction signs. If you'd like specific graphic files for these or any other images/photos, just let me know the format and I can send. You are welcome to use and modify to your organization's needs.

And let me know if you'd like us to add anyone to this list.
Onward (as a tribute to others who trained me in all things government J),

~Doreen

Top Takeaways to Remember: COVID-19
Last Updated March 18, 2020

Hospitals:

- ***Unless you are experiencing severe respiratory distress, such as shortness of breath or chest pain, you SHOULD NOT go to an ER for a COVID-19 test***. An ER should only be used for medical emergencies. An influx of unnecessary patients to an ER will overwhelm our hospital systems, and put healthcare workers and other patients at risk.
- If you are sick and exhibiting symptoms, including fever, cough, and shortness of breath, you should seek treatment with your primary care physician or urgent care center. It is recommended that residents call their provider before visiting their clinic.
- Physicians are stringently adhering to the testing criteria set by the Centers for Disease Control and Prevention to determine if a patient qualifies for a COVID-19 test. A doctor will likely test you for other illnesses, such as the flu, before ordering a COVID-19 test.
- While hospitals have testing capabilities, the public cannot come in and order their own tests ***A physician must order it***.

Bars and Restaurants:

- Orange County Government is following the Executive Order provided Florida Governor Ron DeSantis on March 17, 2020. All bars and nightclubs are closed in Orange County for 30 days.
- Residents can report any violations to the Department of Business and Professional Regulation on the Department's online portal
- Restaurants are required to limit customer entry to 50 percent of capacity. Additionally, seating must be staggered and limited to ensure parties are separated by a distance of at least six feet. Orange County Government highly encourages restaurants to expand take-out and delivery services so that residents can continue supporting local

AMERICAN OVERSIGHT

businesses.

Community-Based Testing Sites

- Community-Based Testing Sites will be state-managed and locally executed operations integrated with broader state public health services, which may require varying levels of federal personnel support. The U.S. Dept. of Health and Human Services remains the lead federal agency for the management of the response to COVID-19.

- The Orange County Convention Center has committed to working with local, state and federal partners to provide the Destination Flat Parking Lot at 5980 Destination Pkwy, Orlando, FL 32819, as a drive-through for a Community-Based Testing Site for the Central Florida region. This will not impact business operations and all testing will take place externally. This is a fluid situation in terms of when and exactly where it will open, but we are committed to serving the Central Florida community and will provide more information as details are confirmed with our partners

- ***Community-Based Testing Sites are only available to those who meet the Department's criteria for being tested for COVID-19. It is not facility open to anyone who wants to be tested.***

Hotels & Community Resources

- Orange County's hospitality and tourism industry has been impacted by COVID-19. Many hotels are furloughing employees and cutting back services due to decreased demand.

- Orange County Government will be expanding its Crisis Assistance Program and providing a hotline to help mortgage and rent-stressed households within the County. Details soon to follow.

- Residents are encouraged to visit www.ocfl.net/Coronavirus for a list of community assistance services available in Orange County

Just as an FYI. The difference between Osceola Order #4 last week and this Order #5 is that the penalty provisions were removed. According to the Osceola County Attorney it's a mandatory order that is not able to be enforced.

Osceola Modifies Order on Face Covering,

County Extends Emergency Declaration for Another 7 Days

Osceola County, Florida - Osceola County's emergency order that requires people to wear face coverings in public was modified by the executive policy group on Monday afternoon.
The new order (attached) removes a potential $500 penalty and the possibility of jail time. The following exemptions

AMERICAN OVERSIGHT
FL-ORANGE-20-1072-B-002386

are cited in the order:

- Persons under the age of two years; and
- Persons for whom a face covering would cause impairment due to an existing health condition; and
- Persons working in a professional who do not have any face-to- face interactions with the public; and
- Persons working in a profession where use of a face covering will not be compatible with the duties of the profession; and
- Persons exercising, while observing social distancing in accordance with the CDC guidelines.

(Please see the attached graphic of when to wear a face covering.)

In other action, the Osceola Board of County Commissioners voted 5-0 on Monday to extend an existing state of emergency for Osceola County as part of its response to the Coronavirus (COVID-19).

The County's declaration provides access to resources at the State and Federal level to support community needs as well as more quickly gathering needed emergency supplies from vendors as we deal with this ongoing health crisis. The Board will meet again on April 20 in order to extend the order an additional seven days, if needed.

On Monday, the Board held its first regular meeting for April (virtually) to deal with essential items of business.

RECAP OF CURRENT EVENTS:

- Gov. DeSantis Executive Orders
  - **OFFICIAL FAQ FROM STATE**
- CDC Face Coverings Guidance
- Sunday's Business Damage Assessment survey report for Osceola County: There are 342 businesses self-reporting $27 million in economic losses. There are 1,020 employees temporarily laid off and 163 permanently laid off due to COVID-19.
- So far, just under half of Florida residents have completed the 2020 Census. Residents should take this time to complete the Census, so that Osceola County receives is fair share of Federal Funding over the next decade.

Osceola Modifica la Orden de Coberturas Faciales

El Condado Extiende Declaración de Emergencia por Otros 7 Días

Osceola County, Florida – La Orden de Emergencia del Condado de Osceola que requiere que las personas usen coberturas faciales en público fue modificada por el Grupo de Política Ejecutiva, el lunes por la tarde.

La nueva orden remueve una posible multa de $500 y la posibilidad de tiempo en la cárcel. Las siguientes excepciones se citan en la orden:

- Personas menores de dos años de edad; y
- Personas para las que una cobertura facial causaría deterioro debido a una condición de salud existente; y
- Personas que trabajan en una profesión que no tienen ninguna interacción cara a cara con el público; y
- Las personas que trabajen en una profesión en la que el uso de una cobertura facial no será compatible con los deberes de la profesión; y
- Personas que hacen ejercicio, mientras observan el distanciamiento social de acuerdo con las directrices del CDC.

(Consulte el gráfico adjunto de cuándo usar una cubierta facial.)

En otra acción, la Junta de Comisionados del Condado de Osceola votó 5-0 el lunes, para extender un estado de emergencia existente para el Condado de Osceola como parte de su respuesta al Coronavirus (COVID-19).

La declaración del Condado proporciona acceso a recursos a nivel estatal y federal para apoyar las necesidades de la comunidad, así como reunir más rápidamente las provisiones de emergencia necesarios, mientras lidiamos con esta crisis de salud.

La Junta se reunirá de nuevo el 20 de abril con el fin de extender el pedido siete días adicionales, si es necesario.

El lunes, la Junta también tuvo su primera reunión regular para el mes de abril (virtualmente), para tratar asuntos esenciales de negocios.

RESUMEN DE EVENTOS ACTUALES:

- Órdenes Ejecutivas del Gob. DeSantis y FAQ Oficial del Estado
- Orientación de coberturas faciales del CDC
- Informe de la encuesta de evaluación de daños comerciales del domingo para el Condado de Osceola: Hay 340 empresas que reportan $26.8 millones en pérdidas económicas. Hay 1,018 empleados despedidos temporalmente y 163 despedidos permanentemente debido a COVID-19.
- Hasta ahora, poco menos de la mitad de los residentes de Florida han completado el Censo 2020. Los residentes deben tomar el tiempo para completar el Censo, de modo que el Condado de Osceola reciba una parte justa de los fondos federales durante la próxima década.

Pasted in copy below and the link below is the top takeaways of the Orange County news conference held this evening.

https://newsroom.ocfl.net/media-advisories/press-releases/2020/03/coronavirus-updates/

Please visit www.ocfl.net/coronavirus for additional information on the drive-through testing sites opening and criteria information. We should have additional graphics for sharing about the testing site at the Orange County Convention Center parking lot soon. Feel free to contact us if you have any questions or need additional information.

Thank you for all you are doing.

Doreen Overstreet, APR
Assistant Manager of Communications
Orange County Government
201 S. Rosalind Avenue, 3rd Floor
Orlando, FL 32801
Office: 407-836-5301; Mobile: 407-468-5851
Newsroom/Division contacts: https://newsroom.ocfl.net/press-box/

Top Takeaways from 3/22/20 Orange County News Conference:

Currently, as of March 22, 2020, 33 confirmed COVID-19 cases in Orange County.

Drive-Through Testing Sites

- The opening of drive-through testing sites are important to all of us, as testing is the key to perfecting our response and mitigation plans. One testing site will be at the parking lot near the Orange County Convention Center and is slated to open on Wednesday, March 25.

- That said, there are certain criteria to follow in order to qualify for testing, including you must be65 years+ and exhibiting COVID-19 symptoms:
  - Temperature above 99.6
  - Respiratory symptoms

- ***Please note:*** *Orange County Government does not run these testing sites. The sites are run by the Florida Department of Health and Florida Division of Emergency Management. Additionally, the test results will NOT be provided on-site and information will be given on timeframe to those discharged.*

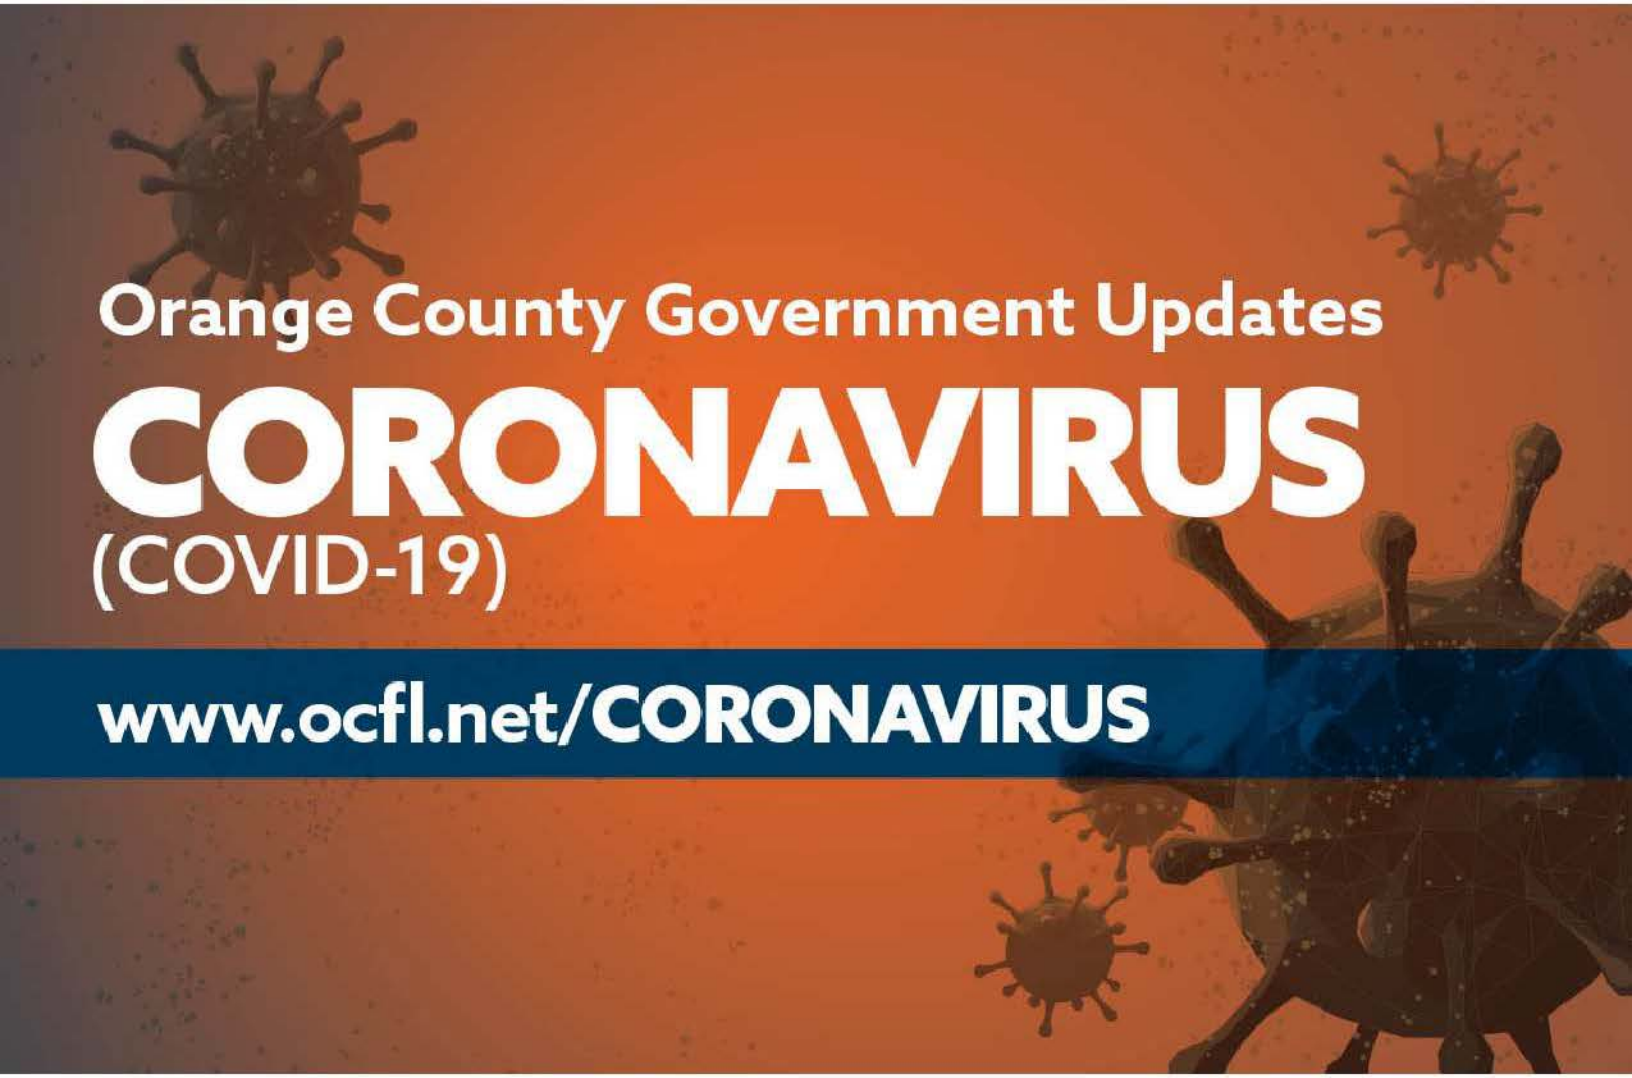
- Visit www.ocfl.net/coronavirus for information on these sites.

Orange County Parks & Recreation's: Boat Ramp Closures and Other Updates:

- **All boat ramps** (total of 11 in the County) are closed effective 8 p.m. on Sunday, March 22
- Closed **Kelly Park's Rock Springs Run to swimming** effective Monday, March 23.
- Canceled **all rentals until May 9**. This includes, camping reservations, room rentals, field rentals and special events.
- Closing **camping** at Kelly, Moss, Magnolia, Trimble and Clarcona Parks. Effective Monday, March 23 at 8 p.m.
- All camps for children are suspended as of EOD Monday, March 21.

Orange County Utilities Suspends Late Payment Fees

- In addition to the current policy suspending disconnections for non-payment, Orange County Utilities will suspend late payment fees for residential water and wastewater customers effective Monday, March 23.



New Hospital Guidelines

Effective immediately, Orlando Health, Advent Health and others are suspending routine visitation in its hospitals until the transmission of COVID-19 is no longer a threat to the community. For elective surgery suspension and other information, visit hospital webpages.

Crisis Rental Assistance Hotline

As of March 23, 2020, Orange County Government has launched a Crisis Rental Assistance Line where residents can learn more about the COVID-19 Rental Assistance Program. This will provide assistance with one month's rent, so residents will be able to use their limited funds on other necessities. You MUST call for an appointment in order to bring the necessary documents. The hotline will be open Monday-Friday, from 8:30-3p.m. Call 407-836-6500. Visit www.ocfl.net/covid-19 for more information and click on the "Resident Resources" tab.

Good evening! Pasted below and at this link here and re the top takeaways from Orange County's news conference for April 17.

In addition, a news release link for the Orange County Economic Recovery Task Force with a full list of members can be found here.

Also attached are the updated COVID-19 prevention tips in English and Spanish. Feel free to use and share. Have a good weekend and thanks for all you do.

Doreen Overstreet, APR
Assistant Manager of Communications
Orange County Government
201 S. Rosalind Avenue, 3rd Floor
Orlando, FL 32801
Office: 407-836-5301; Mobile: 407-468-5851

Key Takeaways: Orange County News Conference 4/17/20

Orange County has tested 15,000 individuals for COVID-19 and there has been roughly an 8 percent positive case rate for all testing administered. Currently, there are 1,135 COVID-19 cases in Orange County with 21 deaths.

The Florida Health Department of Health in Orange County has many available appointment openings for its mobile testing sites and the Orange County Convention Center has also increased its testing. Visit **www.ocfl.net/coronavirus** for testing information.

ORANGE COUNTY ECONOMIC RECOVERY TASK FORCE

Orange County Mayor Jerry L. Demings has formed the Orange County Economic Recovery Task Force chaired by George Aguel, president of Visit Orlando and Tim Giuliani, president of the Orlando Economic Partnership.

AMERICAN OVERSIGHT

The co-chairs will head up a group of nearly 50 individuals representing such areas as local hospitals, theme parks, financial institutions, hotels, as well as small business owners. Representation will also be from Osceola, Lake and Seminole Counties. The first virtual meeting of the Task Force will be the morning of April 22, 2020.

The Task Force will work to create recommendations for re-opening Orange County, including a measured and sensible approach to ease restrictions, while ensuring the safety of all. For more information about Orange County's Economic Recovery Task Force and a list of members, visit Orange County's newsroom.

CITY OF ORLANDO PROVIDES DATA TRACKER

Orlando Mayor Buddy Dyer launched a new onlineCOVID-19 data tracker. The platform uses data provided by the Florida Department of Health to show an updated look at the latest data on COVID-19 positive cases specific to the City of Orlando.

This new platform, which can be accessed at**orlando.gov/datatracker** includes information on the total number of COVID-19 positive cases city-wide and breakdowns of those cases.

Orange County's heat map is online atwww.ocfl.net/Covid19HeatMap.

TOURISM HELP HUB – VISIT ORLANDO

A "**Tourism Help Hub**" is now available on the Visit Orlando website and contains relevant news and resources for individuals and businesses in need. The Tourism Help Hub features information on financial relief resources, food assistance, employment opportunities and special offers for healthcare workers and first responders.

To assist with business planning, the hub will also provide access to Visit Orlando's industry insights, webinars and opportunities to join campaigns helping to keep Orlando top of mind with consumers. For questions or suggestions, email Visit Orlando information.

VIRTUAL ANIMAL ADOPTIONS

Orange County Animal Services is now offering virtual pet adoptions. Pets that are available for adoption are featured on the shelter's Facebook page.
The majority of animals for adoption are currently in foster care and the foster parent is offering to host virtual meetings to see the pet

AMERICAN OVERSIGHT

CORONAVIRUS (COVID-19)
Prevention Information from the CDC

Wash hands often with soap and water for 20 seconds or use hand sanitizer (at least 60% alcohol) if soap and water is not readily available.

Avoid touching your eyes, nose, and mouth.

Cover your cough or sneeze with a tissue.

For proper handwashing, **Have plenty of disposable paper towels** (NOT cloth hand towels) or air dryers.

Clean and disinfect commonly touched areas (doorknobs, surfaces etc.).

Work now to create "work from home protocols" for staff members who may be ill with respiratory or related illness.

Follow the CDC guidelines for wearing a mask when out in public. It's equally as important to practice good social distancing. Stay home unless essential travel is needed.

Stay home if you are sick (except if you need medical attention). Also, avoid close contact with people who are sick.

CORONAVIRUS (COVID-19)
Información de prevención del CDC

Lávese las manos con frecuencia con agua y jabón durante 20 segundos o use desinfectante para manos (al menos 60% de alcohol) si el agua y el jabón no están disponibles.

Evite tocarse los ojos, la nariz y la boca.

Cúbrase la nariz y la boca con un pañuelo.

Para lavarse las manos adecuadamente, **utilice toallas de papel desechables** (NO toallas de mano de tela) o secadores de aire.

Limpie y desinfecte las áreas comunes de mayor contacto (perillas, superficies, etc.).

Cree "protocolos para trabajar desde el hogar" para los miembros de su personal que puedan estar enfermos con enfermedades respiratorias o relacionadas.

Siga las pautas de los CDC sobre el uso de una máscara cuando esté en público. Es igualmente importante practicar el distanciamiento social. Quédese en casa a menos que su viaje sea esencial.

Quédese en casa si está enfermo (excepto si necesita atención médica). Además, evite el contacto cercano con personas que están enfermas.

Key Takeaways: Orange County News Conference 4/15/20

The latest numbers from the Florida Department of Health in Orange County show 1,051 cases and 18 deaths in Orange County. So far, a total of 12,756 tests have been administered.

TESTS EXPANDING AROUND THE COUNTY

To better serve all Orange County residents, the Florida Department of Health in Orange County is collaborating with Orange County Government and the City of Orlando to offer free, mobile COVID-19 testing sites throughout the County

- Tests are by ***appointment only***. To schedule an appointment, call407-723-5004, Mon. – Fri. from 8 a.m. to 5 p.m.
- Sites are open during the weekdays only
- Testing is free; no insurance required
- Available for Orange County residents *only*
- Must be 18 years+
- Orange County parks are closed while testing sites are operational

Individuals with an appointment should arrive no earlier than 15 minutes before their scheduled time at the designated drive-thru mobile testing site.

Note: Appointments are required. PLEASE do not show up at the test locations. Your testing location will be determined by your residency in Orange County.

For more information about site locations and details, visit www.ocfl.net.coronavirus and view the Department of Health in Orange County's news release.

TESTING SITE – ORANGE COUNTY CONVENTION CENTER

The **Regional Drive-Through Testing Site** at the Orange County Convention Center opens daily at 9 a.m.**All residents in the region are welcome – not just in Orange County**. The drive-through site increased the daily testing total to 750 tests. For more details about available testing site locations visit,www.ocfl.net/coronavirus

ORANGE COUNTY PUBLIC SCHOOLS

- The OCPS Grab-and-Go Meal distribution program has served more than 1 million meals since its inception. Starting the week of April 20, 2020, the program will move to a new distribution schedule at all 52 sites. The new schedule will be Monday, Wednesday and Friday. Weekend meals will continue to be distributed on Fridays.

- In an effort to keep more individuals at home, OCPS continues to make adjustments to its school and district office hours to limit the exposure of employees and families. On April 20, 2020, the district will move to a Monday, Wednesday, Friday schedule for school sites and its district office. OCPS has already made arrangements for a large majority of its employees to work from home.

SMALL BUSINESS SUPPORT

The **Orlando Economic Partnership** is launching a new, free service program to further help local small businesses navigate the many assistance programs that are available to help them during this crisis.

The new service, called **BRACE**, stands for **Business Recovery Assistance and Collaborative Engagement**, and will ensure that businesses are in touch with the proper resources for their unique needs as soon as possible to receive relief and further help their employees. Visit BRACEOrlando.org for details info.

SUPPLIES AND PERSONAL PROTECTIVE EQUIPMENT

Through private vendors, Orange County is supporting more 250 organizations with masks, gowns, face shields, hand sanitizers, etc. Those groups include first responders, public safety agencies, assisted living centers and health care workers. Orange County is working successfully working toward a sustained supply of personal protective equipment for a 20 to 30-day period.

Supplies from the State of Florida include the following items:

- 90% of the face shields ordered (or 40,000) have been received and distributed
- 45% of the N95 facemasks ordered (or 118,000) have been received and distributed
- 17% of protective gowns ordered (or 14,000) have come in and have been given to those on the front line

NEEDS FOR THE HOMELESS

Homeless donations are needed. If you have cleaning supplies, thermometers, linens/towels, blankets, hospital gowns, robes, Ziploc bags or food and beverages to donate, please bring them to the collection site at United Against Poverty.

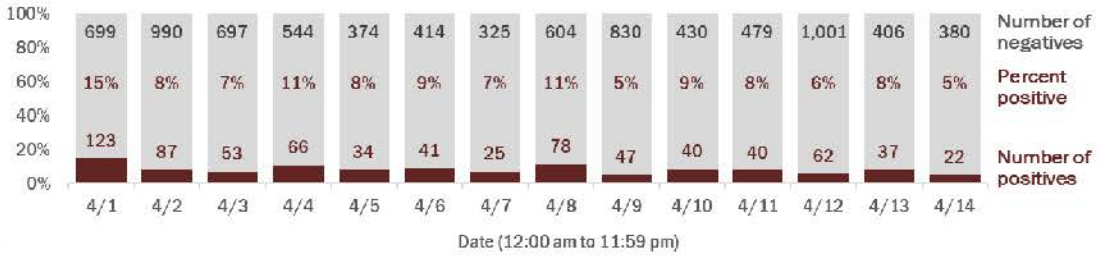
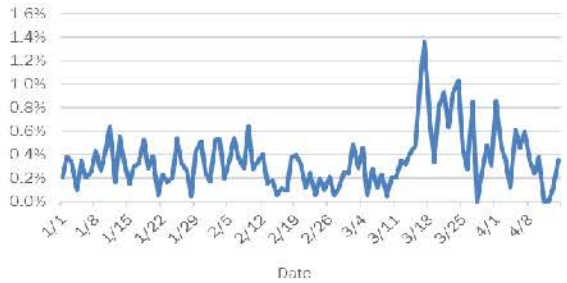
Outcomes for Florida residents



Orange		
Hospitalizations	145	(15% of all cases)
Deaths	18	(2% of all cases)
Statewide		
Hospitalizations	3,087	(14% of all cases)
Deaths	572	(3% of all cases)

Hospitalization counts include anyone who was hospitalized at some point during their illness. It does not reflect the number of people currently hospitalized.
Other race includes any person with a race of American Indian/Alaskan native, Asian, native Hawaiian/Pacific Islander, or other.

Laboratory testing for Florida residents and non-Florida residents over the past 2 weeks



Number and percent of positive labs

These counts include the number of people for whom the department received laboratory results by day. People tested on multiple days will be included for each day a new result was received. A person is only counted once for each day they are tested, regardless of whether multiple specimens are tested or multiple results are received. If a person has a positive specimen and a negative specimen in the same day, only the positive result is counted.

Emergency department (ED) chief complaint and admission data for Orange County

Daily percent of ED visits that result in **cough-associated admissions**

Daily percent of ED visits that mention **cough**, **fever**, or **shortness of breath**

The Electronic Surveillance System for the Early Notification of Community-Based Epidemics (ESSENCE-FL) includes chief complaint data from 215 of 216 Florida EDs. Data are transmitted electronically to ESSENCE-FL daily or hourly.

Good evening. Attached, pasted below and at the below news link (attached in English and Spanish) are the top takeaways from Orange County Government's news conference at 4/27/20. You can view the link below for the full news conference as well: https://newsroom.ocfl.net/media-advisories/press-releases/2020/03/coronavirus-updates/

Thank you to OCPS, GOAA, DOH-Orange, OCSO and the City of Orlando and others for your participation and information sharing. Visit www.ocps.net for graduation updates and other announcements.

Please also subscribe to the OCFL News App to receive updated news releases and subscribe to our newsroom stories. Some updated ones here:

- More than 6,200 cloth masks have been donated to OC Gov:https://newsroom.ocfl.net/2020/04/sew-amazing-residents-step-up-to-keep-orange-county-covered/
- Article on Telehealth tips for COVID-19: https://newsroom.ocfl.net/2020/04/telehealth-tips-for-covid-19/

There's also articles in our newsroom on how to recover from COVID-19 at home if you do not need hospitalization as well as other helpful articles, like those on mental health.

AMERICAN OVERSIGHT

Attached is also information about Orange County Health Services free testing sites opening up Wed – Friday this week in the 32822 & 32824 area codes. Also attached and below is information on UCF Lake Nona's testing that begins April 29. All information is updated on our webpage on testing at www.ocfl.net/coronavirus.

Drive-through Testing Starts Wednesday in Lake Nona

On April 29, a COVID-19 drive-through testing site will open in Lake Nona through a partnership between the UCF College of Medicine, Aventus Health and Tavistock.

The testing is by appointment only for people across the community. Patients must have a test order from a physician. Testing is covered by insurance. Those without insurance can get a free test through federal assistance.

Appointments will be available from 9 a.m. to 5 p.m. Monday through Friday in the parking lot behind UCF Lake Nona Cancer Center, 6400 Sanger Road, Orlando FL 32827. Appointments may end before 5 if the 250 daily appointments are filled earlier.

Public health officials stay that more widespread testing is key in getting our community, state and nation back to "normal." Screening those who show symptoms allows us to identify and treat those who are ill, identify those they came in contact with and tell them they must isolate to stop further spread.

COVID-19 symptoms include:

- Fever
- Cough
- Shortness of breath or difficulty breathing
- Chills
- Repeated shaking with chills
- Muscle pain
- Headache
- Sore throat
- New loss of taste or smell

If you wish to be tested, follow these steps:

- **If you have an order for a test from your healthcare provider:** Call Aventus Health directly to schedule a testing appointment: 407-986-0133.
- **If you are a patient at UCF Health -- the College of Medicine's physician practice -- or are a UCF employee:** Contact UCF Health to obtain an order for a test by calling: 407-266-3627
- **If you do not have a provider or need to speak to a physician about getting a test:** Get in touch with Aventus Health directly by calling: 855-282-4860 or 407-986-0133.

After the patient has been screened by a provider, Aventus will reach out to complete all necessary paperwork, including insurance coverage and schedule an appointment for testing. Upon arrival during a scheduled time, individuals will drive through and receive

AMERICAN OVERSIGHT

the testing with a swab designated specifically for them. Following the 10-minute test, they'll receive results in 24 to 48 hours.

The College of Medicine site is the second UCF drive-through testing location. COVID-19 testing continues on the main campus in Garage A.

For more information, please visit https://AventusHealth.com.

Media Information

To protect patient privacy and safety, members of the media are invited to the test site at 8:30 a.m. on April 29. Available for interviews will be Dr. Marcia Katz, associate dean for clinical affairs, UCF College of Medicine, medical director of UCF Health, and a board-certified pulmonologist/critical care physician and Oliver Dawoud, CEO of Aventus Health.

Media Contact: Wendy Sarubbi, Assistant Vice President, Communications, UCF College of Medicine, wendy.sarubbi@ucf.edu (407-409-2404)

Thank you to our partners at OCPS, The Orange County Sheriff's Office, LYNX, Orlando Airport, the City of Orlando, The Florida Dept. of Health in Orange County and Congresswoman Val Demings.

In addition, I attached some graphics about the Mayor's Stay at Home Order. FAQs are continuing to be updated at: https://newsroom.ocfl.net/2020/03/stay-at-home-to-flatten-the-curve-orange-county-issues-stay-at-home-order-effective-march-26-2020-faqs/.

We are also trying to stress that 311 andwww.ocfl.net/311 is a resource for residents with any questions on COVID-19 for Orange County. I attached graphics in both English and Spanish for sharing.

Top Takeaways: Orange County Government's News Conference 3/28/20

Since the first COVID-19 case was confirmed in Orange County two weeks ago on March 14, 2020, we now have 206 confirmed COVID-19 cases in the County. One case even includes a child less than one year's old.

Take the Stay-at-Home Order Seriously

- By mandate of Orange County Mayor Jerry L. Demings, aStay-At-Home Order is in effect in Orange County until April 9. The County is working with its partners at the Florida Department of Transportation and the Central Florida Expressway Authority to share information to our residents on the road about this.

- "While it's encouraging to see people outside exercising and observing social distancing measures, we still have too many unnecessary people out and about on the road in Orange County," said Mayor Demings. "Please take the Stay-at-Home Order seriously, as it's meant to protect you and your loved ones."

AMERICAN OVERSIGHT

Level 1 Activation at the Emergency Operations Center

- Yesterday, Orange County's Emergency Operations Center became activated at its highest level – Level 1. This means we have the highest level of alertness and all representatives from county government municipalities and partner agencies are present in-person or virtually at our Emergency Operations Center.

Utilize 311 for COVID-19 Information

- While you are staying at home, please utilize 311 if you have any questions. While I know many of you are reaching out to Orange County through social media, we have dedicated county representatives – who also speak Spanish – ready to answer all of your questions by simply calling 3-1-1. You can also chat with a representative online at www.ocfl.net/311. This line is available to Orange County residents Monday through Friday from 7 a.m.- 9 p.m. and over the weekend from 9 a.m. through 5 p.m.

LYNX to Reduce Service

- The Central Florida Regional Transportation Authority (LYNX) will switch its Monday -Saturday schedule to a modified service schedule. The modified schedule is available at www.golynx.com/coronavirusinfo, which the agency is using to house all LYNX information regarding this pandemic.

Women, Infants and Children (WIC) Program

- Starting Monday, March 30, 2020, the Florida Department of Health in Orange County will temporarily close a few Women, Infants and Children (WIC) program offices until further notice. Five WIC offices will remain open during normal business hours in order to distribute formula, process new client registrations, and provide other WIC benefits.
- The WIC Call Center will stay operational to assist with appointment needs and other general questions during normal business hours. The WIC Call Center phone number is 407-858-1494.

Subject: two meeting invites for EPG - 4/15/2020

Good afternoon all,
The first invite for the EPG meeting on Wednesday had an incorrect date and I have since cancelled it.
You should see a correct invite with the correct date now. (the second request)

My apologies for any confusion.
Thank you and have a great day,

Subject: Updated criteria for Convention Center Parking Site temporary testing site for COVID-19
Attachment(s): "Covid19 Testing English 3-31-20.jpg","Testing Spanish 3-31-20.jpg"

Good afternoon,

The Orange County Convention Center Regional Temporary Drive-Through Testing Site will change its criteria effective tomorrow – no longer having an age requirement. However, there is a requirement for: Fever 99.6 or higher AND respiratory symptoms **OR** pre-existing conditions.* In addition, healthcare workers and first responders can get tested, regardless of symptoms. Please note that the testing site is for residents throughout the region – not just Orange County.

Pre-existing conditions are:

- Cardiovascular disease
- Diabetes
- Hypertension
- Chronic lung disease
- Cancer
- Chronic kidney disease

Attached are the updated graphics in English and Spanish and feel free to use. Updated information at www.ocfl.net/coronavirus.

Subject: Updated graphics and web info on OCCC testing site and new criteria - as of Monday, April 13
Attachment(s): "English updated OCCC testing graphic 4-12.jpg","Spanish Updated OCCC testing graphic 4-12.jpg","Info about COVID19 at OCCC-SPANISH.doc"

As of Monday, April 12, the free, temporary drive-through COVID-19 regional testing site at the Orange County Convention Center ***will have expanded criteria and have more testing, as it will be run by the state.*** Testing will also expand from 250 tests allotted per day to 400. Feel free to share and post.

See the updated attached graphics (in English and Spanish). We are working on Creole translation as well.

We updated our webpage accordingly with the testing information:
www.ocfl.net/coronavirus.

Updated information on Orange County Convention Center Testing Site:

The State of Florida is taking the necessary precautions to keep residents safe and healthy. This includes supporting the coordination of testing sites in Orange County. These temporary testing sites reduce overwhelming the health departments and help prevent unnecessary illness spread at healthcare facilities. At these sites, individuals will have their swab sample collected and the sample will be sent to approved testing labs.

Orange County Convention Drive-Through Testing Site

Orange County Convention Center - North Concourse Parking Lot
9400 Universal Blvd, Orlando, FL 32819 | Opens at 9 a.m. | Map and Directions

Gov. Ron DeSantis announced that beginning Monday, April 13, the COVID-19 Community-based Test Site at the Orange County Convention Center, run by the Department of Health and Human Services and the FEMA, will convert to a state-operated site run by the Florida Department of Emergency Management. This will increase test capacity and expand testing criteria in Central Florida. The site is available for all residents free of charge.

The site now supports a daily limit of 400 tests. Additionally, testing criteria will be expanded to include the following:

ndividuals with respiratory symptoms (regardless of age) or with preexisting conditions, including but not limited to:
§ Cardiovascular disease
§ Diabetes
§ Hypertension
§ Chronic lung disease
§ Cancer
§ Chronic kidney disease
§ Autoimmune disease
ll first responders and health care workers, including any staff members of long-term care facilities.
ndividuals who believe they have been in close contact with an individual who has tested positive, even if they are not currently experiencing symptoms.

Información acerca de COVID-19 en el Centro de Convenciones del Condado de Orange:

El Estado de Florida está tomando las precauciones necesarias para mantener a los residentes seguros y saludables. Esto incluye el apoyar la coordinación de los centros de pruebas en el Condado de Orange. Estos centros de pruebas temporales reducen la posibilidad de que los departamentos de salud se vean abrumados y ayudan a prevenir la propagación innecesaria de enfermedades en instalaciones de cuidados de salud. En estos centros, se recolectará su muestra y ésta se enviará a los laboratorios de prueba aprobados.

Centros móviles de pruebas en el Centro de Convenciones del Condado de Orange

Centro de Convenciones del Condado de Orange – Estacionamiento del Vestíbulo Norte, Abierto diariamente
9400 Universal Blvd, Orlando, FL 32819 | Abre a las 9 a.m. |

El gobernador Ron DeSantis anunció que comenzando el lunes, 13 de abril, el Centro de Pruebas Comunitario COVID-19 en el Centro de Convenciones del Condado de Orange, operado por el Departamento de Salud y Servicios Humanos y FEMA, se convertirá en un centro operado por el estado. Esto aumentará la capacidad para realizar pruebas y ampliará los criterios para pruebas en Florida Central. El centro está disponible para todos los residentes y es gratis.

El centro ahora apoyará pruebas más allá del límite diario originales de 250 pruebas ordenado por el gobierno federal. Además, los criterios de administración de la prueba se ampliarán para incluir lo siguiente:

- Individuos con síntomas, sin importar la edad.
- Socorristas y trabajadores de cuidados de salud, incluyendo cualquier miembro del personal de centros de cuidados a largo plazo.
- Individuos que creen haber estado en contacto cercano con un individuo que hayan tenido resultados positivos en la prueba, aún cuando actualmente no estén exhibiendo síntomas

Preguntas frecuentes:

¿Cuándo abren los centros de pruebas?

El centro de pruebas móvil del Centro de Convenciones del Condado de Orange abre diariamente a las 9 a.m. El centro de pruebas del Departamento de Salud de Florida en el Condado de Orange atiende solo por citas (llame al 407-723-5004 para coordinar su cita).

AMERICAN OVERSIGHT

¿Quién cumple con el criterio?

- Individuos con síntomas, sin importar la edad.
- Socorristas y trabajadores de cuidados de salud, incluyendo cualquier miembro del personal de centros de cuidados a largo plazo.
- Individuos que creen haber estado en contacto cercano con un individuo que hayan tenido resultados positivos en la prueba, aún cuando actualmente no estén exhibiendo síntomas.

¿Cuánto tiempo es la espera en el centro de pruebas móvil del Centro de Convenciones del Condado de Orange?

Los individuos deben estar preparados para una larga espera; anticipamos que la prueba tomará unos 20 minutos por persona.

¿Qué implica el proceso del diagnóstico móvil?

Los pacientes no saldrán de sus vehículos. Al entrar los vehículos al centro, los individuos serán examinados para síntomas y se le harán preguntas relevantes. Si se determina que los pacientes cumplen con el criterio de pruebas, serán dirigidos a inscripciones individuales. Después de esto, se tomarán las muestras y los individuos serán informados de lo que deben esperar con respecto al proceso de pruebas, quién se comunicará con ellos y un marco de tiempo para los resultados.

¿Examinarán a mi cónyuge/otros miembros del hogar?

Si los individuos en el vehículo cumplen con el criterio, pueden examinarse a varias personas.

¿Necesito seguro?

No, todos los individuos que cumplen con el criterio serán examinados sin tomar en cuenta su condición de asegurado. Sin embargo, los individuos con seguro deben traer su información. Por favor tenga en cuenta, no se requerirán pagos a los individuos que traigan su seguro.

¿Esta prueba cuesta dinero?

Este es un recurso público gratuito disponible en el Centro de Convenciones del Condado de Orange.

Soy un turista de fuera de los Estados Unidos y tengo síntomas. ¿Puedo hacerme la prueba?

AMERICAN OVERSIGHT

Sí, todo individuo que cumpla con el criterio será examinado a fin de proteger la salud pública de las comunidades de Florida y mitigar la propagación de COVID-19.

¿Qué debo hacer mientras espero por los resultados?

Los resultados serán procesados por laboratorios aprobados. Le pedimos a los pacientes que están bajo investigación que se pongan en cuarentena para prevenir el riesgo de propagar la enfermedad a quienes están a su alrededor. Por favor tenga paciencia mientras las muestras son analizadas y tome las precauciones necesarias para controlar los síntomas y la cuarentena.

¿Cómo recibiré los resultados?

Antes de irse, se le informará sobre lo que debe esperar con respecto al contacto y el marco de tiempo para los resultados.

Subject: CCC Advisory Board Meeting Cancellations

Good afternoon –

In light of the coronavirus (COVID-19) pandemic, Orange County Government has suspended all advisory board meetings. The County is currently working out the logistics of having virtual meetings. The idea is to have one format for each type of meeting, instead of each division creating their own. As the County progress with development, I've been informed that input will be sought from everyone.

Stay Safe,

Good afternoon,

I hope this email finds you well. This is a reminder, that the Citizens' Commission for Children Advisory Board Meeting on Friday, May 1, 2020, has been postponed. Countywide, advisory board meetings have been cancelled in order to offer the County Attorney's Office time to provide guidance about public comment and posting meetings.

For further information, please contact me at (407) 836-6557.

Best regards,

How to use WebEx Fact Sheet

As part of Orange County Government's remotely accessible resources

Date: April 20, 2020

This "cheat sheet" will include user-friendly instructions to better familiarize participants with the WebEx platform and helpful tips on how to navigate functions and features important to facilitating an improved audio/visual environment.

This first page serves quick top-tips for a successful Board meeting

- Ensure you log-in to WebEx before joining the meeting. This ensures your name will be properly displayed. Please upload a profile picture if possible.
- If available, use a landline phone to call-in instead of using the laptop or device you are on. If you have a headset, please utilize it.
- Ensure you are muted at all times you are not speaking.
- Ensure you have stable internet connection (utilize Ethernet instead of Wi-Fi where available). Also ensure you are not using the Orange County VPN unless necessary.
- Check to see if you have a suitable light source and ensure you are pictured within the frame in front of your Webcam. If you are in a conference room you want to move close to the camera. If you are at your desk, look towards the camera, not your phone.
- **PLEASE NOTE: Question and Answer – General Discussion Tips.** If you would like to speak, please utilize the "chat" or "raise your hand" feature in WebEx to be recognized. Please wait until recognized to un-mute. Be sure to mute yourself when complete.
- If you get disconnected you will need to reconnect both your phone and computer.

NOTE: if you have never used WebEx before, you may join the meeting from your internet browser if you do not want to install the WebEx application on your computer.

To able to Join from Browser, please ensure you are using either: Microsoft Edge, Chrome, or Firefox.

Please see page 3 for screenshot showing how to "Join from Browser"

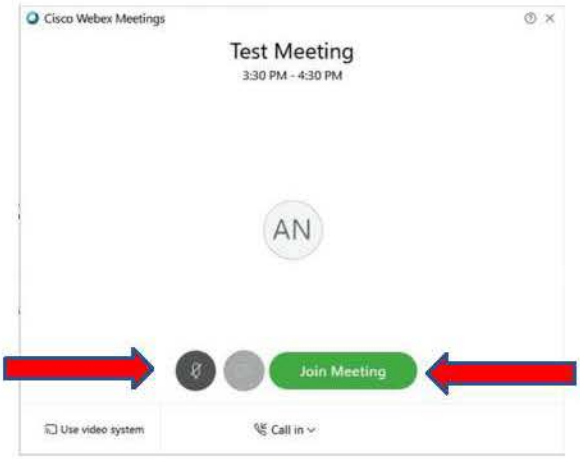
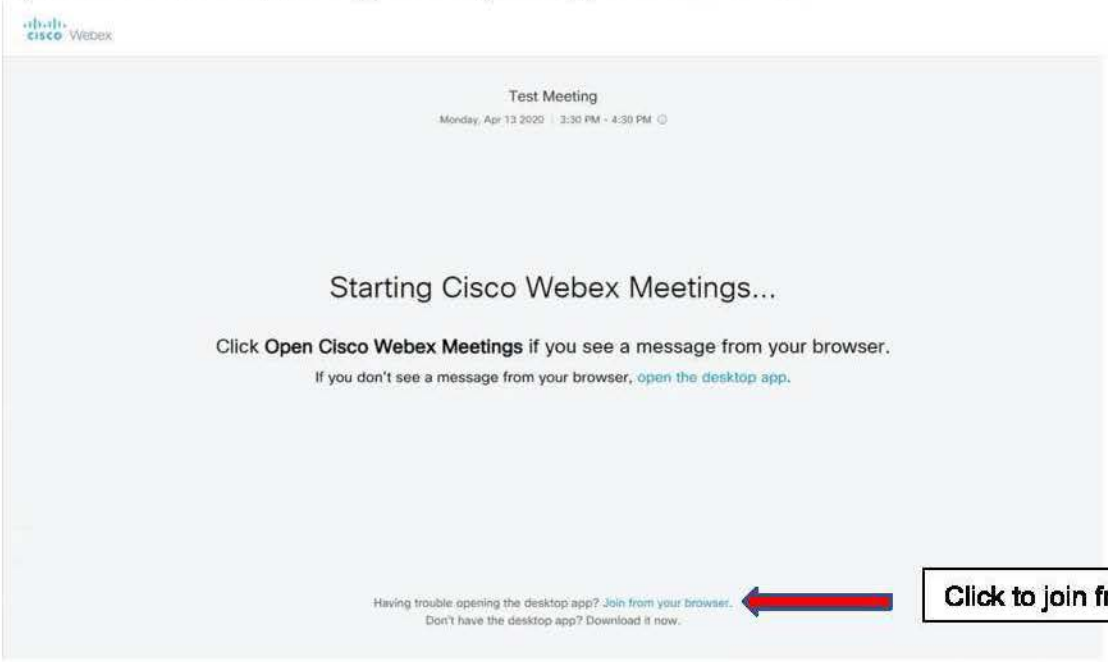
Instructions to Use WebEx



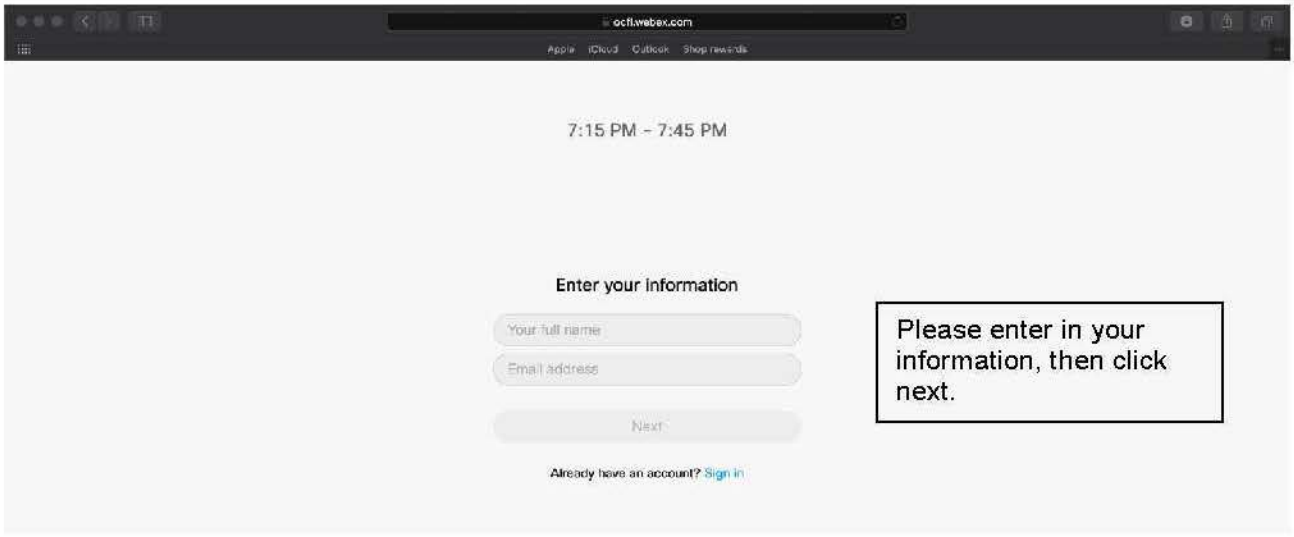
If you are joining the meeting from your e-mail:

- Find the meeting in either in your inbox or on your calendar
- Click "Join Meeting"

- If you have the WebEx application on your device you will see this screen to join.



Turning on/off your video and mic buttons



Click to join meeting

Choose your audio source. If possible, use the "Call in" option

AMERICAN OVERSIGHT
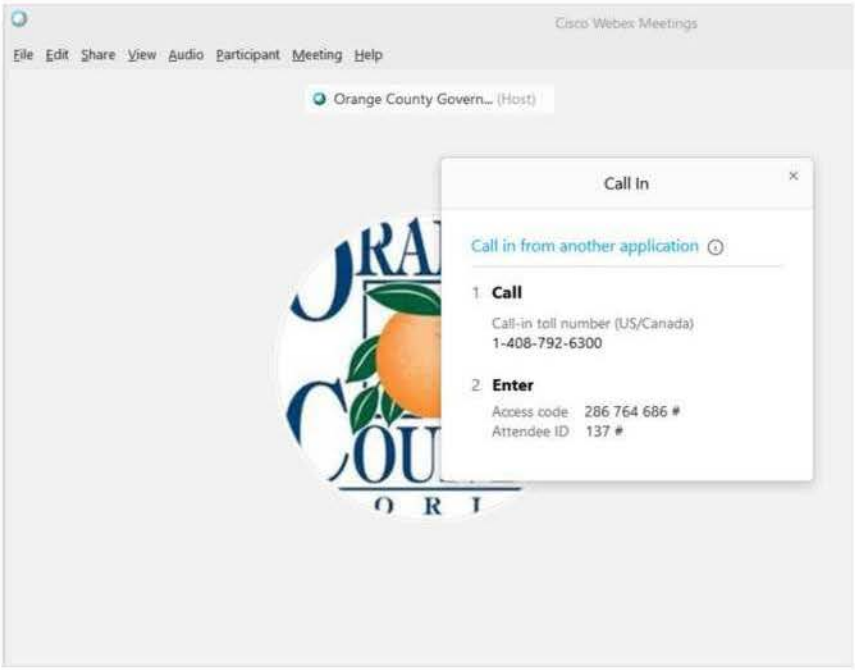
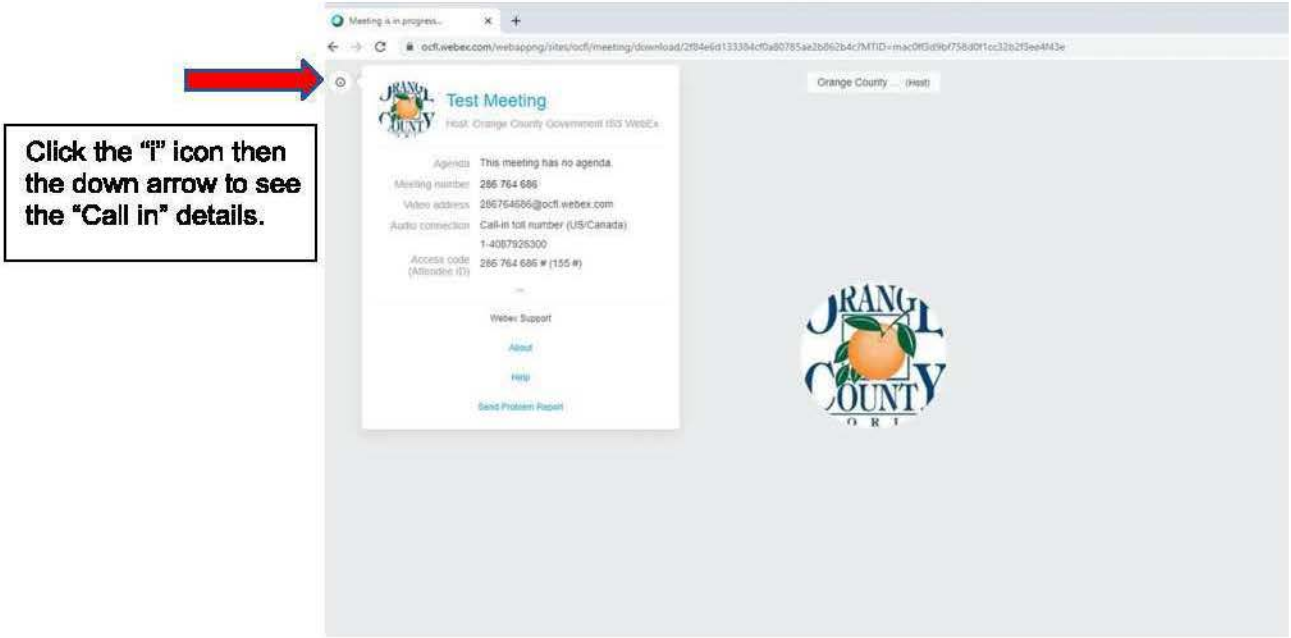
FL-ORANGE-20-1072-B-002551

- If you do not have the WebEx application, you may join from browser.



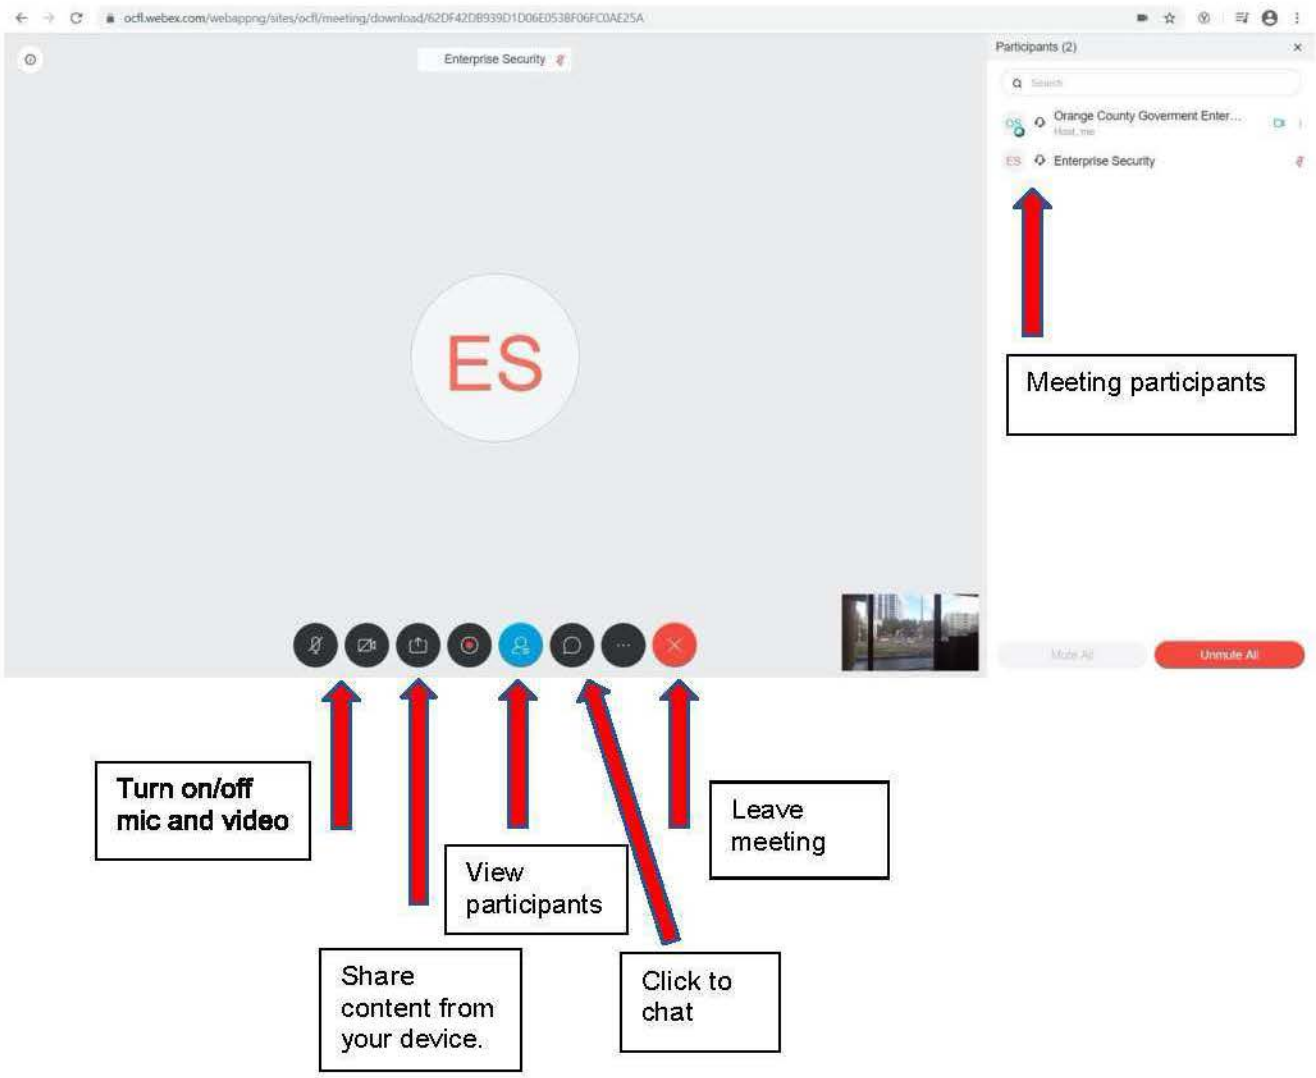
AMERICAN OVERSIGHT
FL-ORANGE-20-1072-B-002552



Now you are in the meeting, please follow the next steps to properly set-up your audio connection

AMERICAN OVERSIGHT
FL-ORANGE-20-1072-B-002553

- If you have a landline, or a mobile phone, please use the "Call In" option. It is very important you enter the information exactly as it appears: Access Code and Attendee ID. These are used to identify you on the screen.



If you were using the Web browser, the information is found here

Please find attached and below a recap of yesterday's Webex meeting with Mayor Demings.

Please also find attached important information related to COVID-19 pandemic that were referenced during the meeting.

Mayor Jerry L. Demings
Faith Based Leaders Webex Meeting on COVID-19
April 8, 2020 | Recap of Meeting

Welcome and Comments from Mayor Demings: I want to thank our faith leaders for joining me today as we discuss the coronavirus that's impacting our county, state and nation. I know this is not how we would typically celebrate Holy Week, but during this public health crisis, we are all exploring new ways to communicate information on this pandemic.
We are now in the second month of the COVID-19 pandemic and it has changed our lives as we know it. I know this is uncomfortable for all of us, but it takes measures like the Stay at Home Order and Curfew that I put into place to slow the spread of this virus.
As you can imagine, I'm meeting daily with our emergency operations center, our hospitals and healthcare workers on the frontlines, as well as our first responders regarding testing, critical supplies, and key resources for our community. I'm also in communication with our federal, state and local elected officials regarding assistance.

Orange County COVID-19 Crisis Numbers: Orange County has now tested 8,192 individuals for COVID-19. Of those tested, 763 are positive, that is nearly 10 percent of those being tested. Unfortunately, Orange County also experienced 10 deaths during this pandemic. Three weeks ago, on March 16, 2020, we had four positive cases in Orange County.

A model from the Institute of Health Metrics and Evaluations show that COVID-19 in America should peak during the period between the end of April and the beginning of May. However, revised projections show Florida is expected to reach its peak by April 21st. When we reach this peak, we will be experiencing more than 170 deaths per day statewide. If these models are accurate, we will have nearly 7,000 deaths in the state of Florida during this timeframe.

Mapping the COVID-19 Cases: Orange County is now able to produce heat maps which represent COVID-19 positive cases in Orange County. We are also mapping the confirmed cases by zip code as well. Some of the hot spot zip codes include: 32822, 32837 and 32824. Please remember that this is just a snapshot of how things are now. The maps can and will change. The urgent message to our residents is that we are all at risk. According to the CDC, as many as 25-50 percent of us can be infected with COVID-19 virus but not show any symptoms. Mayor Demings stated, "*We cannot become complacent and let our guard down. Now is the time for us to stay isolated, and practice social distancing in order to slow the spread. It is imperative that we join together while staying apart to do everything we can to rid our community of the virus.*"

CARES ACT: The CARES Act provides hundreds of billions of dollars in assistance to individuals, as well as loans and grants to major industries, small businesses, and churches and nonprofit organizations that are designated by the IRS as a 501(c)(3) organization. We are continuing to gather information on the CARES Act and how the approved programs will work.

Orange County Economic Resiliency and Community Team: Mayor Demings has activated a team of employees through our Emergency Operations Center who are available to answer questions or route residents to resources on employment and re-employment, funding sources for businesses, and health and safety options for employees. The Orange County Economic Resiliency and Community team will provide a response within 24 hours, and can be reached at ESF18@ocfl.net or by phone at 407-254-8833.

Mayor's Transportation Initiative: Mayor Demings announced this past Friday, that he is suspending the pursuit of putting the Transportation Sales Tax referendum on the November ballot. Mayor Demings said, "*Times are just too uncertain right now, and our main focus is our community and the health and wellbeing of our residents*." Mayor Demings indicated that we will take up the transportation sales tax proposal after the pandemic is over.

Guest Speakers:
Dr. Martinez, Director of Orange County Health Services Department provided information on the CDC guidelines regarding gatherings of no more than 10 people, and social distancing. Dr. Martinez also spoke on the importance of hand washing and using hand sanitizer to prevent and stop the spread of COVID-19. Please see attached several prevention handouts in English and Spanish for posting and distribution. This information is also available on the county's website at www.ocfl.net/coronavirus

Dr. Raul Pino, Director, Florida Department of Health in Orange County spoke about the symptoms associated with COVID-19 and testing in Orange County. COVID-19 symptoms can include fever, cough, and shortness of breath. These

AMERICAN OVERSIGHT

symptoms may appear 2-14 days after exposure. Patients with COVID-19 have experienced mild to severe respiratory illness. If you have develop a fewer and symptoms such as a cough and difficulty breathing, contact your doctor or Health Department and tell them about your symptoms and your exposure. They will decide whether you need to be tested.

Criteria for Orange County Convention Center Regional Temporary Drive-Through Testing Site: As of April 1, 2020, the drive-through testing site will no longer have an age requirement. However, you must exhibit the following COVID-19 symptoms to qualify for testing. The symptoms are a temperature above 99.6 **and** respiratory symptoms **or** pre-existing conditions. The pre-existing conditions are cardiovascular disease, Diabetes, Hypertension, chronic lung disease, cancer, and chronic kidney disease. Attached is an informational handout for review. **** In addition, healthcare workers and first responders can get tested, regardless of symptoms.***
Florida Department of Health in Orange County Testing Site
By appointment only. | Opens daily from 8 a.m. to 5 p.m. Call the Florida Department of Health in Orange County at 407-723-5004 to set an appointment

Please note: Orange County Government does not run these testing sites. The sites are run by FEMA and the Florida Division of Emergency Management. Additionally, the test results will not be provided on-site and information will be given on timeframe to those discharged. Learn more from the State of Florida Department of Health.

Questions: Mayor Demings led the Faith Leader question portion of the meeting via the Webex chat feature and through emails submitted to county staff.

1) *Please share guidelines on funerals during the crisis?* The Mayor discussed the CDC guidelines in response to funeral services. The guidelines include gatherings of no more than ten people, social distancing, separation of six feet apart, and hand sanitizing. Please refer to the CDC Guidelines for more information on funeral services.

2) *Who do we contact if we see large groups of kids playing soccer?* If you have a concern regarding a large gathering of children, please contact local law enforcement. Law enforcement is working in partnership with the community on issues of this matter. This is an opportunity for law enforcement to stress the importance of limiting gatherings to no more than ten people, social distancing, and six feet separation.

   In Orange County, we have removed the basketball hoops from our courts to keep young people from gathering. We also have Parks & Recreation employees walking around the grounds to educate residents about the CDC guidelines.

3) *What plans/assistance is available for people who are doubled up in crowded houses if they need to be quarantined – working with hotels, RV owners…?* We have received notification from the CARES Act that we will be the recipient of the US Department of Housing and Urban Development (HUD) dollars for those in need of housing assistance. We have endeavored to fill the gap from Orange County's existing budget through the Crisis Assistance Program. The program is able to assist up to 1500 families with one month of rent. While the program was open, we received over 30,000 calls, and 27,000, of those calls were unduplicated. The program has closed, and county staff is responding to residents that called or filled out the online contact information. We will also provide information on the processes regarding the HUD allocation of funding in the near future. Lastly, US citizens with a social security number should receive CARES assistance next week.

4) *We see technological gaps with families we are supporting – no computers/laptops. Any plans to bridge this gap?* Many of our communication companies, such as Spectrum and Comcast, have indicated they will provide free internet access for 60 days to qualifying individuals/families. Orange County Public Schools has a significant number of students that have laptop computers and tablets that families can use. The school district has partnered with companies to acquire additional devices for students. Also, non-profit organizations are making computing devices available for low-income families as well as Orange County Community and Family Services Department, and faith organizations.

   AT&T's expanded internet service offers households that meet low-income qualifications in-home Internet for $5 or $10/month depending on the speed in the area. Attached please find additional information on AT&T's internet access program and eligibility requirements.

5) *What languages are available when people call the Orange County Economic Resiliency Committee?* The Orange County Economic Resiliency Committee has individuals that speak Spanish as well as French Creole. The Mayor encouraged individuals to contact 3-1-1 to access county services and 2-1-1 to access the Heart of Florida United

AMERICAN OVERSIGHT

Way social services. The call centers have access to translation services to respond and provide assistance to residents.

6) *How do we respond to residents who have received eviction notices?* By order of the Chief Justice of the Supreme Court, and the Chief Judge of the Ninth Judicial Circuit (covering Orange and Osceola counties), an administrative order has been issued for *Temporary Order Regarding Mortgage Foreclosures, Foreclosure Sales and Evictions*. The order states, the Clerk of Courts (Orange County and Osceola County) are directed to suspend all actions related to mortgage foreclosure causes of action, cancel all pending mortgage foreclosure sales, and suspend all actions related to residential eviction cause of action filed in their respective jurisdiction. The order is in effect until 12:00 am on Tuesday, May 19, 2020.

7) *Can the sign ordinance be relaxed so places of worship can display banners and signs that promote online services?* The Mayor is supportive of the proposed display of banners/signage promoting online services during this crisis for places of worship. The Mayor has asked the County Attorney to review the request and provide further direction. County staff will follow-up with our faith-based leaders on a response.

Mayor Demings Closing Comments: As we end this call, I will make sure the information that was discussed today is provided to you via email so you can share with your congregations. I would also encourage you to visit the County's Coronavirus webpage at www.ocfl.net/coronavirus for up-to-date information and resources.

I want to thank you for your time this morning and your continued leadership and service to Orange County. Please continue to pray for our county, state, and nation during these challenging times.

How to Protect Yourself and Others

Older adults and people who have severe underlying medical conditions like heart or lung disease or diabetes seem to be at higher risk for developing more serious complications from COVID-19 illness.

Know how it spreads

- There is currently no vaccine to prevent coronavirus disease 2019 (COVID-19).
- **The best way to prevent illness is to avoid being exposed to this virus.**
- The virus is thought to spread mainly from person-to-person.
  - » Between people who are in close contact with one another (within about 6 feet).
  - » Through respiratory droplets produced when an infected person coughs, sneezes or talks.
  - » These droplets can land in the mouths or noses of people who are nearby or possibly be inhaled into the lungs.
  - » Some recent studies have suggested that COVID-19 may be spread by people who are not showing symptoms.

Everone should

Clean your hands often

- **Wash your hands** often with soap and water for at least 20 seconds especially after you have been in a public place, or after blowing your nose, coughing, or sneezing.
- If soap and water are not readily available, **use a hand sanitizer that contains at least 60% alcohol.** Cover all surfaces of your hands and rub them together until they feel dry.
- **Avoid touching your eyes, nose, and mouth** with unwashed hands.

Avoid close contact

- **Avoid close contact** with people who are sick.
- **Stay at home as much as possible.**
- **Put distance between yourself and other people.**
  - » Remember that some people without symptoms may be able to spread the virus.
  - » Keeping distance from others is especially important for **people who are at higher risk of getting very sick.** https://www.cdc.gov/coronavirus/2019-ncov/need-extra-precautions/people-at-higher-risk.html

Cover your mouth and nose with a cloth face cover when around others

- **You could spread COVID-19 to others** even if you do not feel sick.
- **Everyone should wear a cloth face cover when they have to go out in public,** for example to the grocery store or to pick up other necessities.
  - » Cloth face coverings should not be placed on young children under age 2, anyone who has trouble breathing, or is unconscious, incapacitated or otherwise unable to remove the mask without assistance.
- **The cloth face cover is meant to protect other people** in case you are infected.
- Do **NOT** use a facemask meant for a healthcare worker.
- Continue to **keep about 6 feet between yourself and others.** The cloth face cover is not a substitute for social distancing.

Cover coughs and sneezes

- **If you are in a private setting and do not have on your cloth face covering, remember to always cover your mouth and nose** with a tissue when you cough or sneeze or use the inside of your elbow.
- **Throw used tissues** in the trash.
- Immediately **wash your hands** with soap and water for at least 20 seconds. If soap and water are not readily available, clean your hands with a hand sanitizer that contains at least 60% alcohol.

Clean and disinfect

- **Clean AND disinfect frequently touched surfaces** daily. This includes tables, doorknobs, light switches, countertops, handles, desks, phones, keyboards, toilets, faucets, and sinks. https://www.cdc.gov/coronavirus/2019-ncov/prevent-getting-sick/disinfecting-your-home.html
- **If surfaces are dirty, clean them:** Use detergent or soap and water prior to disinfection.

AT&T Offers Added Relief for Customers

AT&T is planning on being here to help you stay connected throughout the COVID-19 pandemic.

We recognize that staying in touch with your family, friends, school and work has never been more important. Below are a few ways we're helping consumers, small businesses, and enterprises across the country.

Consistent with FCC Chairman Pai's "Keep Americans Connected Pledge" announced today and concerns raised by members of Congress, which we share, AT&T is proud to support our customers by pledging that, for the next 60 days, we will:

1. Not terminate the service of any wireless, home phone or broadband residential or small business customer because of their inability to pay their bill due to disruptions caused by the coronavirus pandemic.
2. Waive any late payment fees that any wireless, home phone or broadband residential or small business customer may incur because of economic hardship related to the coronavirus pandemic.
3. Keep our public Wi-Fi hotspots open for any American who needs them.

To provide further relief and support, AT&T announced:

Unlimited AT&T Home Internet – All AT&T consumer home internet wireline customers, as well as Fixed Wireless Internet, can use unlimited internet data. Additionally, we'll continue to offer internet access for qualifying limited income households at $10 a month through our Access from AT&T program. We've expanded eligibility to Access from AT&T to households participating in the National School Lunch Program and Head Start. Additionally, we're offering new Access from AT&T customers two months of free service.

Helping You Work and Learn Remotely – Businesses, universities and schools can keep their teams and classrooms connected through conference calls and video conferencing with Cisco Webex Meetings with AT&T for 90-days, and seamlessly forward calls to both mobile and landline phones with AT&T IP Flexible Reach.

Distance Learning – AT&T is underwriting expenses for a "one-stop" resource center to support eLearning Days from the State Educational Technology Directors Association (SETDA) available to all educators in schools to help them handle school closures and the increase in virtual learning due to COVID-19.

Serving Those who Serve – AT&T is redirecting more resources to provide communication services and tools for first responders, health care professionals, educators and other essential customers. This additional support will help ensure these customers can continue providing critical support to the country and their communities, particularly to first responders using the FirstNet network.

AT&T has a website dedicated to COVID-19. Additional details about these commitments will be available soon.

Attached is an informational handout for review. **** In addition, healthcare workers and first responders can get tested, regardless of symptoms.***

Florida Department of Health in Orange County Testing Site
By appointment only. | Opens daily from 8 a.m. to 5 p.m. Call the Florida Department of Health in Orange County at 407-723-5004 to set an appointment

Please note: Orange County Government does not run these testing sites. The sites are run by FEMA and the Florida Division of Emergency Management. Additionally, the test results will not be provided on-site and information will be given on timeframe to those discharged. Learn more from the State of Florida Department of Health.

Questions: Mayor Demings led the Faith Leader question portion of the meeting via the Webex chat feature and through emails submitted to county staff.

1) *Please share guidelines on funerals during the crisis?* The Mayor discussed the CDC guidelines in response to funeral services. The guidelines include gatherings of no more than ten people, social distancing, separation of six feet

AMERICAN OVERSIGHT

apart, and hand sanitizing. Please refer to the CDC Guidelines for more information on funeral services.

2) *Who do we contact if we see large groups of kids playing soccer?* If you have a concern regarding a large gathering of children, please contact local law enforcement. Law enforcement is working in partnership with the community on issues of this matter. This is an opportunity for law enforcement to stress the importance of limiting gatherings to no more than ten people, social distancing, and six feet separation.

   In Orange County, we have removed the basketball hoops from our courts to keep young people from gathering. We also have Parks & Recreation employees walking around the grounds to educate residents about the CDC guidelines.

3) *What plans/assistance is available for people who are doubled up in crowded houses if they need to be quarantined – working with hotels, RV owners…?* We have received notification from the CARES Act that we will be the recipient of the US Department of Housing and Urban Development (HUD) dollars for those in need of housing assistance. We have endeavored to fill the gap from Orange County's existing budget through the Crisis Assistance Program. The program is able to assist up to 1500 families with one month of rent. While the program was open, we received over 30,000 calls, and 27,000, of those calls were unduplicated. The program has closed, and county staff is responding to residents that called or filled out the online contact information. We will also provide information on the processes regarding the HUD allocation of funding in the near future. Lastly, US citizens with a social security number should receive CARES assistance next week.

4) *We see technological gaps with families we are supporting – no computers/laptops. Any plans to bridge this gap*? Many of our communication companies, such as Spectrum and Comcast, have indicated they will provide free internet access for 60 days to qualifying individuals/families. Orange County Public Schools has a significant number of students that have laptop computers and tablets that families can use. The school district has partnered with companies to acquire additional devices for students. Also, non-profit organizations are making computing devices available for low-income families as well as Orange County Community and Family Services Department, and faith organizations.

   AT&T's expanded internet service offers households that meet low-income qualifications in-home Internet for $5 or $10/month depending on the speed in the area. Attached please find additional information on AT&T's internet access program and eligibility requirements.

AMERICAN OVERSIGHT

5) *What languages are available when people call the Orange County Economic Resiliency Committee?* The Orange County Economic Resiliency Committee has individuals that speak Spanish as well as French Creole. The Mayor encouraged individuals to contact 3-1-1 to access county services and 2-1-1 to access the Heart of Florida United Way social services. The call centers have access to translation services to respond and provide assistance to residents.

6) *How do we respond to residents who have received eviction notices?* By order of the Chief Justice of the Supreme Court, and the Chief Judge of the Ninth Judicial Circuit (covering Orange and Osceola counties), an administrative order has been issued for *Temporary Order Regarding Mortgage Foreclosures, Foreclosure Sales and Evictions*. The order states, the Clerk of Courts (Orange County and Osceola County) are directed to suspend all actions related to mortgage foreclosure causes of action, cancel all pending mortgage foreclosure sales, and suspend all actions related to residential eviction cause of action filed in their respective jurisdiction. The order is in effect until 12:00 am on Tuesday, May 19, 2020.

7) *Can the sign ordinance be relaxed so places of worship can display banners and signs that promote online services?* The Mayor is supportive of the proposed display of banners/signage promoting online services during this crisis for places of worship. The Mayor has asked the County Attorney to review the request and provide further direction. County staff will follow-up with our faith-based leaders on a response.

Mayor Demings Closing Comments: As we end this call, I will make sure the information that was discussed today is provided to you via email so you can share with your congregations. I would also encourage you to visit the County's Coronavirus webpage at www.ocfl.net/coronavirus for up-to-date information and resources.

I want to thank you for your time this morning and your continued leadership and service to Orange County. Please continue to pray for our county, state, and nation during these challenging times.

How to use WebEx Fact Sheet

As part of Orange County Government's remotely accessible resources

Date: April 20, 2020

This "cheat sheet" will include user-friendly instructions to better familiarize participants with the WebEx platform and helpful tips on how to navigate functions and features important to facilitating an improved audio/visual environment.

This first page serves quick top-tips for a successful Board meeting

- Ensure you log-in to WebEx before joining the meeting. This ensures your name will be properly displayed. Please upload a profile picture if possible.
- If available, use a landline phone to call-in instead of using the laptop or device you are on. If you have a headset, please utilize it.
- Ensure you are muted at all times you are not speaking.
- Ensure you have stable internet connection (utilize Ethernet instead of Wi-Fi where available). Also ensure you are not using the Orange County VPN unless necessary.
- Check to see if you have a suitable light source and ensure you are pictured within the frame in front of your Webcam. If you are in a conference room you want to move close to the camera. If you are at your desk, look towards the camera, not your phone.
- **PLEASE NOTE: Question and Answer – General Discussion Tips.** If you would like to speak, please utilize the "chat" or "raise your hand" feature in WebEx to be recognized. Please wait until recognized to un-mute. Be sure to mute yourself when complete.
- If you get disconnected you will need to reconnect both your phone and computer.

NOTE: if you have never used WebEx before, you may join the meeting from your internet browser if you do not want to install the WebEx application on your computer.

To able to Join from Browser, please ensure you are using either: Microsoft Edge, Chrome, or Firefox.

How to use WebEx Fact Sheet

As part of Orange County Government's remotely accessible resources

Date: April 20, 2020

This "cheat sheet" will include user-friendly instructions to better familiarize participants with the WebEx platform and helpful tips on how to navigate functions and features important to facilitating an improved audio/visual environment.

This first page serves quick top-tips for a successful Board meeting

- Ensure you log-in to WebEx before joining the meeting. This ensures your name will be properly displayed. Please upload a profile picture if possible.
- If available, use a landline phone to call-in instead of using the laptop or device you are on. If you have a headset, please utilize it.
- Ensure you are muted at all times you are not speaking.
- Ensure you have stable internet connection (utilize Ethernet instead of Wi-Fi where available). Also ensure you are not using the Orange County VPN unless necessary.
- Check to see if you have a suitable light source and ensure you are pictured within the frame in front of your Webcam. If you are in a conference room you want to move close to the camera. If you are at your desk, look towards the camera, not your phone.
- **PLEASE NOTE: Question and Answer – General Discussion Tips.** If you would like to speak, please utilize the "chat" or "raise your hand" feature in WebEx to be recognized. Please wait until recognized to un-mute. Be sure to mute yourself when complete.
- If you get disconnected you will need to reconnect both your phone and computer.

NOTE: if you have never used WebEx before, you may join the meeting from your internet browser if you do not want to install the WebEx application on your computer.

To able to Join from Browser, please ensure you are using either: Microsoft Edge, Chrome, or Firefox.

Please see page 3 for screenshot showing how to "Join from Browser"

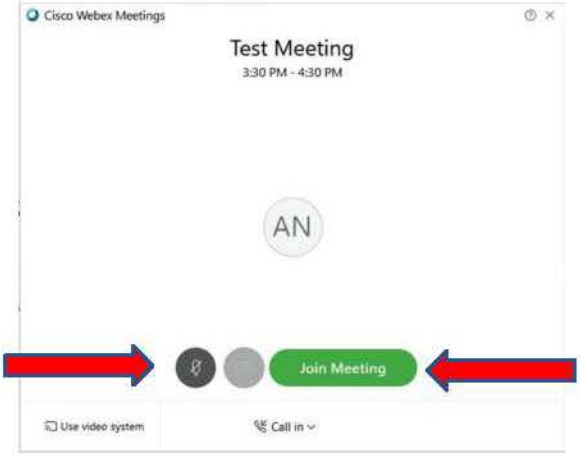
Instructions to Use WebEx



If you are joining the meeting from your e-mail:

- Find the meeting in either in your inbox or on your calendar
- Click "Join Meeting"

- If you have the WebEx application on your device you will see this screen to join.

AMERICAN OVERSIGHT
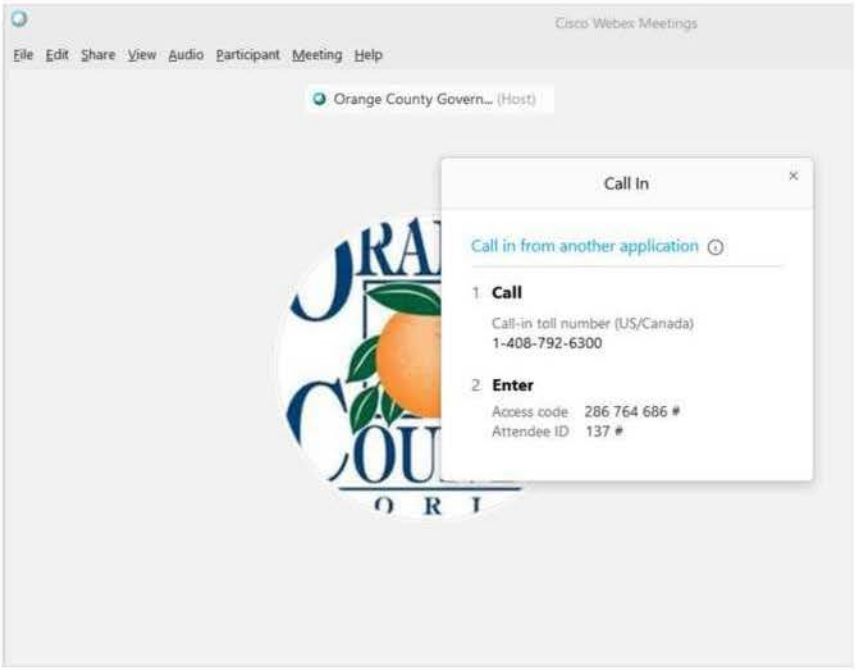
FL-ORANGE-20-1072-B-002601

- If you do not have the WebEx application, you may join from browser.



AMERICAN OVERSIGHT

Date: April 20, 2020

This "cheat sheet" will include user-friendly instructions to better familiarize participants with the WebEx platform and helpful tips on how to navigate functions and features important to facilitating an improved audio/visual environment.

This first page serves quick top-tips for a successful Board meeting

- Ensure you log-in to WebEx before joining the meeting. This ensures your name will be properly displayed. Please upload a profile picture if possible.
- If available, use a landline phone to call-in instead of using the laptop or device you are on. If you have a headset, please utilize it.
- Ensure you are muted at all times you are not speaking.
- Ensure you have stable internet connection (utilize Ethernet instead of Wi-Fi where available). Also ensure you are not using the Orange County VPN unless necessary.
- Check to see if you have a suitable light source and ensure you are pictured within the frame in front of your Webcam. If you are in a conference room you want to move close to the camera. If you are at your desk, look towards the camera, not your phone.
- **PLEASE NOTE: Question and Answer – General Discussion Tips.** If you would like to speak, please utilize the "chat" or "raise your hand" feature in WebEx to be recognized. Please wait until recognized to un-mute. Be sure to mute yourself when complete.
- If you get disconnected you will need to reconnect both your phone and computer.

NOTE: if you have never used WebEx before, you may join the meeting from your internet browser if you do not want to install the WebEx application on your computer.

To able to Join from Browser, please ensure you are using either: Microsoft Edge, Chrome, or Firefox.

Please see page 3 for screenshot showing how to "Join from Browser"

Dear Dr. Martinez and Members of the DOH Team:

I called Ms. Greene earlier this morning to check on her well being and to follow-up on her results. Unfortunately, her results came back positive although she remains asymptomatic.

She asked if she could get a call from the Health Department as she is not sure about what the next steps are and/or whether or not she needs to continue to self-isolate.

As usual, we would appreciate any assistance you could provide to Mrs. Greene.

Sincerely,

Ilia Torres

Good afternoon Mayor,
As Ilia updated you last night, Ellis Pérez, DOH Epi Manager, confirmed pick up of Mrs. Greene for testing today. Given what Mrs. Greene has gone through, I asked Ellis if she could please arrange for the driver to pick up some flowers for Mrs. Greene. Please see attached pictures. This is Mrs. Greene with the driver (Mr. David Overfield, DOH Environmental Health Manager). Both Ellis and David are real gems!
Take care.

Good afternoon Mayor,

As Ilia updated you last night, Ellis Pérez, DOH Epi Manager, confirmed pick up of Mrs. Greene for testing today. Given what Mrs. Greene has gone through, I asked Ellis if she could please arrange for the driver to pick up some flowers for Mrs. Greene. Please see attached pictures. This is Mrs. Greene with the driver (Mr. David Overfield, DOH Environmental Health Manager). Both Ellis and David are real gems!

Take care.

Dear Dr. Martinez and Members of the DOH Team:

I called Ms. Greene earlier this morning to check on her well being and to follow-up on her results. Unfortunately, her results came back positive although she remains asymptomatic.

She asked if she could get a call from the Health Department as she is not sure about what the next steps are and/or whether or not she needs to continue to self-isolate.

As usual, we would appreciate any assistance you could provide to Mrs. Greene.

Sincerely,

Hi,

I spoke to Mrs. Greene today and responded to her concerns regarding her asymptomatic positive status. I educated her on the asymptomatic guidelines; however, She wishes to get tested again to obtain a negative result for a better piece of mind. I informed her of the several testing sites available starting next week. One of the testing site is very close to her home. She will be making an appointment to get tested in the nearby site.
