Subject: Mask question - changing messaging?

Hello – I have seen that federal people are now stressing the message that we should actually all wear masks now and OCFR says they have heard this too and messaging will probably be updated within the next 72 hours.

Question – Should we change our myths vs. facts document accordingly? Just want to be consistent and not contradict any messaging. Also, this might come up as a news conference question.

AMERICAN OVERSIGHT

March 30, 2020: DRAFT TALKING POINTS:
Mayor Demings COVID-19 Update

Thank you for joining us again for an update on the COVID-19 situation in Orange County. This is our chance to let our residents know in real time, exactly what we are facing with this growing pandemic.

Checking the latest numbers from the Florida Department of Health, Orange County is closing in on 300 cases. The latest numbers are _____

The youngest confirmed case in Orange County is an infant. The oldest coronavirus case is a 90-year-old.

The growing number of COVID-19 cases puts Orange County 4th in the state. Only Miami-Dade, Broward and Palm Beach counties are ahead of us in terms of confirmed cases.

This is troubling – and we must continue to stay vigilant. We have a Stay-at-Home order in effect,

AMERICAN OVERSIGHT

and we need everyone to follow it. We keep talking about flattening the curve, and stopping the spread of the illness so that our healthcare system is not overwhelmed.

We want to protect your health and the health of your loved ones. We hope you are able to work from home and stay away from others. Even if your business is deemed "essential," we are still asking employers to have employees work from home if at all possible. As Dr. Raul Pino has stressed many times, you must act like everyone has the virus in order to protect yourself.

LOCAL BUSINESS RESOURCES & SUPPORT

We know many businesses are hurting. There is a place for you to go to learn more about available resources. It is called "ESF18" and it operates through our Emergency Operations Center through a specific Emergency Support Function.

There is a 24-hour maximum turnaround for response time. Orange County has fully activated a team of employees who are available to answer questions or route to resources on:

- **Employment and re-employment**
- **Funding sources for businesses**
- **Orange County Executive Orders**

AMERICAN OVERSIGHT

- **Health and safety of employees, and more.**

As you know, the federal government recently approved the CARES Act. The CARES Act will provide a number of resources for our local businesses including the Paycheck Protection Program that allows small businesses to receive forgivable loans to help retain employees and avoid layoffs. We are continuing to gather information on how the Paycheck Protection Program and other approved programs will work.

Information is on our webpage and will be updated as we get the information under "Business Resources" at www.ocfl.net/coronavirus. You can also contact 407-254-8833 or esf18@ocfl.net.

MEALS ON WHEELS VOLUNTEERS NEEDED

Our community continues to rally together and are helping each other by staying apart, but coming together when needed.

One way that we are rallying together is to get the proper food and nutrition to our local seniors.

The Seniors First's program Meals on Wheels delivers nutritious meals to homebound seniors. Unfortunately, many of the volunteers at Meals on Wheels are unable to deliver meals – as many volunteers are seniors themselves.

AMERICAN OVERSIGHT

More than 200 volunteers deliver 4,190 meals to nearly 500 recipients each week in the greater Orlando area. That's 800 to 1,000 meals delivered each day. If you can volunteer or know someone who can, please visit SeniorsFirst.ORG for volunteering information. Thank you to our local law enforcement, like the Orlando Police Department, who are helping out with our Meals on Wheels efforts. It is truly gratifying to see a community come together to protect each other.

SOCIAL MEDIA

Thank you for continuing to follow Orange County Government's social media channels. Everything we discuss in these news conferences are recapped on our social channels and it includes links so you can listen and share at your own convenience. Our news conferences are viewed more than 50,000 times and many residents have contacted us on social media and have been engaged and informed. I also encourage residents to call 311 or visit www.ocfl.net/311.

[AFTER MAYOR DYER SPEAKS]

NATIONAL DOCTORS' DAY

AMERICAN OVERSIGHT

Today is National Doctors Day and we are thankful to ALL our doctors, nurses, healthcare workers, and EMS staff who are on the frontlines.

You may not see our medical doctors who work in Orange County Government at our news conferences often, but I want to recognize their tireless work today – and some are here today.

Today we have our EMS Medical Director Dr. Christian Zuver and our Deputy EMS Medical Director Dr. Alexa Rodriguez. And of course thank you to Dr. Raul Pino, Administrator Florida Department of Health in Orange County who has joined us at all of our news conferences. I'd also like to recognize our Chief Medical Examiner Dr. Joshua Stephany and Dr. Maurice Mascoe, Medical Director, Corrections Health.

At this time, I'd like to have EMS Medical Director Dr. Christian Zuver come up and speak about the heroic efforts that doctors, nurses and all healthcare staff have been doing in our community.

Hi Kent,

For media calls, what is your preferred method of communication? We have reporters asking about testing and the process.

How do you want our team to send requests to you? Do you prefer phone, e-mail, text?

Best Foot Forward Partners & Communicators:

Update on media confirmed for this morning's Operation Best Foot Forward Crosswalk Enforcement Action in Orange and Osceola Counties. Reminder this is a two day crosswalk operation with OPD, OCSO, KPD and St. Cloud PD scheduled for Wednesday (today) and Osceola County Sheriff's Office on Thursday (tomorrow). The press release and the crosswalk location enforcement schedule are attached.

Orlando Police Department: Live coverage with FOX 35 at Virginia and Bumby NOW

- Fox35's assignment desk: They started coverage at 5 am. They are keeping their morning reporter on BFF live shots through 9:30am. They plan to follow OPD. We told them this morning that OPD changed their crosswalk locations and schedule late yesterday.
- WFTV is sending a photog, arriving at 7:30 am at Virginia and Bumby Ave.

OPD or OCSO locations

- WESH is considering Livingston and Broadway or Pine Hills and Figwood
- WKMG is considering Livingston and Brodway or Pine Hills and Figwood

KPD/St. Cloud PD

- Telemundo is confirmed at Dakin Ave and Broadway Ave at 8:30 am

I'm in route to Virginia and Bumby now, along with Dori Madison. From there, I will be with KPD.

Springing into Daylight Saving Time Brings Increased Driver and Pedestrian Danger

Orange and Osceola County law enforcement team up for two-day targeted enforcement campaign to urge drivers to use caution

ORLANDO, Fla. (Mar. 6, 2020) – A new study shows traffic crashes spike during the first six days following the switch to Daylight Saving Time, pinning the causes on adjusting to darker morning commutes to work or school and sleep deprivation. That's why Orange and Osceola County officers and deputies from five agencies will conduct a targeted enforcement campaign at 17 commonly used crosswalk locations between Wednesday, Mar. 11 and Thursday, Mar. 12.

Over the course of the two days, officers and deputies plan to keep a watchful eye on distracted drivers and those drivers who fail to yield and stop for pedestrians crossing in the crosswalk, as Florida law requires. The fine for violating is a minimum of $164 plus three points on the license.

The crosswalk enforcement operation, called Operation Best Foot Forward, involves a plain clothes officer crossing in the crosswalk, watching for drivers who fail to yield and stop. Traffic cones or markings are placed a safe distance from the crosswalk, indicating the driver has ample time to safely stop prior to reaching the crosswalk. When a violation is observed, officers in full uniform operating a fully marked patrol vehicle will stop the violator and take the necessary enforcement action. Since 2012, more than 167 crosswalks have been enforced and nearly 8,000 warnings and tickets have been issued to drivers violating Florida's driver yield law.

Participating law enforcement agencies include: Osceola County Sheriff's Office, Orange County Sheriff's Office, Kissimmee Police Department, Orlando Police Department and St. Cloud Police Department.

NOTE TO EDITORS AND PRODUCERS: Media is invited to *Operation Best Foot Forward* and will have the opportunity to speak to drivers, police officers and pedestrians. Contact Amanda Day at 407-716-8221.

Crosswalk Enforcement Locations Background

- A crosswalk in a high-crash area of Pine Hills, near Evans High School, where drivers frequently exceed the 40-mph speed limit (Pine Hills Rd. & Figwood Ln., Orange County)
- A popular trail crossing, used by bikers and walkers more frequently with extended daylight hours (Thacker Ave. & Kissimmee Trail, Kissimmee)
- A crosswalk at a high-crash intersection near the UCF campus. Students frequently use the crosswalk to get from their apartments onto campus. One student was hit by a driver just two blocks away in June (University Blvd. & Alafaya Tr., Orange County)

AMERICAN OVERSIGHT

- A crosswalk in Downtown Kissimmee where BFF joins local business owners, who are on a quest to make the streets safer to encourage more visitors and shoppers (Broadway & W. Dakin Ave., Kissimmee)
- Three crosswalks in Celebration, chosen because of input from local residents, and in close proximity to homes, schools, churches and Disney headquarters (Osceola County)
- A newly installed crosswalk, complete with a rectangular rapid flashing beacon (RRFB) next to a city park and a LYNX bus stop (Virginia Ave. and 10th St., St. Cloud)

Best Foot Forward Progress (2012-2019)

- More than 8,000 citations and warnings issued in Orange, Osceola and Seminole counties
- 167 crosswalks enforced by law enforcement

Florida's Traffic Safety – Driver Yield Laws

- Drivers must yield to pedestrians at an intersection, even if there are no pavement markings or signs indicating a crosswalk.
- Drivers may not pass cars stopped at a crosswalk. Passing at a crosswalk is a major cause of pedestrian injuries.
- Turning vehicles must yield to pedestrians crossing on a green light or with a WALK signal.
- Drivers must come to a complete stop at crosswalks with signs indicating that a full stop is required.

About Best Foot Forward

According to the Dangerous by Design report, the Orlando-Kissimmee-Sanford MSA has consistently ranked as one of the most dangerous regions in the nation for pedestrian deaths and injuries for the last 10 years. In 2019, 988 people were struck and 91 were killed while doing something as simple and necessary as crossing the street, according to the most recent data.

The Best Foot Forward pedestrian safety campaign was launched to reverse this trend by focusing on one specific behavior change – increase driving yielding behavior at crosswalks as Florida law requires. More than a campaign, Best Foot Forward is a behavior change-based program designed to improve road safety through consistent and persistent education, high-visibility crosswalk enforcement and low-cost engineering at marked crosswalks in close proximity to elementary schools and LYNX bus stops, in urban areas and cross-sections of low and high-speed roads.

AMERICAN OVERSIGHT

The Best Foot Forward pedestrian safety campaign is administered by the local non-profit Bike/Walk Central Florida and first launched in Orange County and the City of Orlando in 2012. It expanded to Osceola County, Kissimmee and St. Cloud in 2017 and Seminole County, including six cities in October 2019. Best Foot Forward is now the largest grassroots coalition in the country, working for pedestrian safety.

Best Foot Forward: Orange, Osceola and Seminole County Coalition Partners:
Initiated and administered by Bike/Walk Central Florida, the Best Foot Forward coalition includes: City of Orlando and Orlando Police Department, City of Kissimmee and Kissimmee Police Department, City of St. Cloud and St. Cloud Police Department, Orange County Government, Orange County Sheriff's Office, Orange County Public Schools, Osceola County Government, Osceola County Sheriff's Office, Osceola County Public Schools, Orlando Health, Seminole County Government, Seminole County Sheriff's Office, Seminole Public Schools, Seminole Crossing Guards, City of Altamonte Springs and Altamonte Springs Police Department, City of Casselberry and Casselberry Police Department, City of Longwood and Longwood Police Department, City of Oviedo and Oviedo Police Department, City of Sanford and Sanford Police Department, City of Winter Springs and Winter Springs Police Department, Lynx, MetroPlan Orlando, Florida Department of Health, and the Florida Department of Transportation. Springing into Daylight Saving Time Brings Increased Driver and Pedestrian Danger

Orange and Osceola County law enforcement team up for two-day targeted enforcement campaign to urge drivers to use caution

ORLANDO, Fla. (Mar. 6, 2020) – A new study shows traffic crashes spike during the first six days following the switch to Daylight Saving Time, pinning the causes on adjusting to darker morning commutes to work or school and sleep deprivation. That's why Orange and Osceola County officers and deputies from five agencies will conduct a targeted enforcement campaign at 17 commonly used crosswalk locations between Wednesday, Mar. 11 and Thursday, Mar. 12.

Over the course of the two days, officers and deputies plan to keep a watchful eye on distracted drivers and those drivers who fail to yield and stop for pedestrians crossing in the crosswalk, as Florida law requires. The fine for violating is a minimum of $164 plus three points on the license.

The crosswalk enforcement operation, called Operation Best Foot Forward, involves a plain clothes officer crossing in the crosswalk, watching for drivers who fail to yield and stop. Traffic cones or markings are placed a safe distance from the crosswalk, indicating the driver has ample time to safely stop prior to reaching the crosswalk. When a violation is observed, officers in full uniform operating a fully marked patrol vehicle will stop the violator and take the necessary enforcement action. Since 2012, more than 167 crosswalks have been enforced and nearly 8,000 warnings and tickets have been issued to drivers violating Florida's driver yield law.

Participating law enforcement agencies include: Osceola County Sheriff's Office, Orange County Sheriff's Office, Kissimmee Police Department, Orlando Police Department and St. Cloud Police Department.

NOTE TO EDITORS AND PRODUCERS: Media is invited to *Operation Best Foot Forward* and will have the opportunity to speak to drivers, police officers and pedestrians. Contact Amanda Day at 407-716-8221.

Crosswalk Enforcement Locations Background

- A crosswalk in a high-crash area of Pine Hills, near Evans High School, where drivers frequently exceed the 40-mph speed limit (Pine Hills Rd. & Figwood Ln., Orange County)
- A popular trail crossing, used by bikers and walkers more frequently with extended daylight hours (Thacker Ave. & Kissimmee Trail, Kissimmee)
- A crosswalk at a high-crash intersection near the UCF campus. Students frequently use the crosswalk to get from their apartments onto campus. One student was hit by a driver just two blocks away in June (University Blvd. & Alafaya Tr., Orange County)

AMERICAN OVERSIGHT

- A crosswalk in Downtown Kissimmee where BFF joins local business owners, who are on a quest to make the streets safer to encourage more visitors and shoppers (Broadway & W. Dakin Ave., Kissimmee)
- Three crosswalks in Celebration, chosen because of input from local residents, and in close proximity to homes, schools, churches and Disney headquarters (Osceola County)
- A newly installed crosswalk, complete with a rectangular rapid flashing beacon (RRFB) next to a city park and a LYNX bus stop (Virginia Ave. and 10th St., St. Cloud)

Best Foot Forward Progress (2012-2019)

- More than 8,000 citations and warnings issued in Orange, Osceola and Seminole counties
- 167 crosswalks enforced by law enforcement

Florida's Traffic Safety – Driver Yield Laws

- Drivers must yield to pedestrians at an intersection, even if there are no pavement markings or signs indicating a crosswalk.
- Drivers may not pass cars stopped at a crosswalk. Passing at a crosswalk is a major cause of pedestrian injuries.
- Turning vehicles must yield to pedestrians crossing on a green light or with a WALK signal.
- Drivers must come to a complete stop at crosswalks with signs indicating that a full stop is required.

About Best Foot Forward

According to the Dangerous by Design report, the Orlando-Kissimmee-Sanford MSA has consistently ranked as one of the most dangerous regions in the nation for pedestrian deaths and injuries for the last 10 years. In 2019, 988 people were struck and 91 were killed while doing something as simple and necessary as crossing the street, according to the most recent data.

The Best Foot Forward pedestrian safety campaign was launched to reverse this trend by focusing on one specific behavior change – increase driving yielding behavior at crosswalks as Florida law requires. More than a campaign, Best Foot Forward is a behavior change-based program designed to improve road safety through consistent and persistent education, high-visibility crosswalk enforcement and low-cost engineering at marked crosswalks in close proximity to elementary schools and LYNX bus stops, in urban areas and cross-sections of low and high-speed roads.

AMERICAN OVERSIGHT

The Best Foot Forward pedestrian safety campaign is administered by the local non-profit Bike/Walk Central Florida and first launched in Orange County and the City of Orlando in 2012. It expanded to Osceola County, Kissimmee and St. Cloud in 2017 and Seminole County, including six cities in October 2019. Best Foot Forward is now the largest grassroots coalition in the country, working for pedestrian safety.

Best Foot Forward: Orange, Osceola and Seminole County Coalition Partners:
Initiated and administered by Bike/Walk Central Florida, the Best Foot Forward coalition includes: City of Orlando and Orlando Police Department, City of Kissimmee and Kissimmee Police Department, City of St. Cloud and St. Cloud Police Department, Orange County Government, Orange County Sheriff's Office, Orange County Public Schools, Osceola County Government, Osceola County Sheriff's Office, Osceola County Public Schools, Orlando Health, Seminole County Government, Seminole County Sheriff's Office, Seminole Public Schools, Seminole Crossing Guards, City of Altamonte Springs and Altamonte Springs Police Department, City of Casselberry and Casselberry Police Department, City of Longwood and Longwood Police Department, City of Oviedo and Oviedo Police Department, City of Sanford and Sanford Police Department, City of Winter Springs and Winter Springs Police Department, Lynx, MetroPlan Orlando, Florida Department of Health, and the Florida Department of Transportation. Springing into Daylight Saving Time Brings Increased Driver and Pedestrian Danger

Orange and Osceola County law enforcement team up for two-day targeted enforcement campaign to urge drivers to use caution

ORLANDO, Fla. (Mar. 6, 2020) – A new study shows traffic crashes spike during the first six days following the switch to Daylight Saving Time, pinning the causes on adjusting to darker morning commutes to work or school and sleep deprivation. That's why Orange and Osceola County officers and deputies from five agencies will conduct a targeted enforcement campaign at 17 commonly used crosswalk locations between Wednesday, Mar. 11 and Thursday, Mar. 12.

Over the course of the two days, officers and deputies plan to keep a watchful eye on distracted drivers and those drivers who fail to yield and stop for pedestrians crossing in the crosswalk, as Florida law requires. The fine for violating is a minimum of $164 plus three points on the license.

The crosswalk enforcement operation, called Operation Best Foot Forward, involves a plain clothes officer crossing in the crosswalk, watching for drivers who fail to yield and stop. Traffic cones or markings are placed a safe distance from the crosswalk, indicating the driver has ample time to safely stop prior to reaching the crosswalk. When a violation is observed, officers in full uniform operating a fully marked patrol vehicle will stop the violator and take the necessary enforcement action. Since 2012, more than 167 crosswalks have been enforced and nearly 8,000 warnings and tickets have been issued to drivers violating Florida's driver yield law.

Participating law enforcement agencies include: Osceola County Sheriff's Office, Orange County Sheriff's Office, Kissimmee Police Department, Orlando Police Department and St. Cloud Police Department.

NOTE TO EDITORS AND PRODUCERS: Media is invited to *Operation Best Foot Forward* and will have the opportunity to speak to drivers, police officers and pedestrians. Contact Amanda Day at 407-716-8221.

Crosswalk Enforcement Locations Background

- A crosswalk in a high-crash area of Pine Hills, near Evans High School, where drivers frequently exceed the 40-mph speed limit (Pine Hills Rd. & Figwood Ln., Orange County)
- A popular trail crossing, used by bikers and walkers more frequently with extended daylight hours (Thacker Ave. & Kissimmee Trail, Kissimmee)
- A crosswalk at a high-crash intersection near the UCF campus. Students frequently use the crosswalk to get from their apartments onto campus. One student was hit by a driver just two blocks away in June (University Blvd. & Alafaya Tr., Orange County)

AMERICAN OVERSIGHT

- A crosswalk in Downtown Kissimmee where BFF joins local business owners, who are on a quest to make the streets safer to encourage more visitors and shoppers (Broadway & W. Dakin Ave., Kissimmee)
- Three crosswalks in Celebration, chosen because of input from local residents, and in close proximity to homes, schools, churches and Disney headquarters (Osceola County)
- A newly installed crosswalk, complete with a rectangular rapid flashing beacon (RRFB) next to a city park and a LYNX bus stop (Virginia Ave. and 10th St., St. Cloud)

Best Foot Forward Progress (2012-2019)

- More than 8,000 citations and warnings issued in Orange, Osceola and Seminole counties
- 167 crosswalks enforced by law enforcement

Florida's Traffic Safety – Driver Yield Laws

- Drivers must yield to pedestrians at an intersection, even if there are no pavement markings or signs indicating a crosswalk.
- Drivers may not pass cars stopped at a crosswalk. Passing at a crosswalk is a major cause of pedestrian injuries.
- Turning vehicles must yield to pedestrians crossing on a green light or with a WALK signal.
- Drivers must come to a complete stop at crosswalks with signs indicating that a full stop is required.

About Best Foot Forward

According to the Dangerous by Design report, the Orlando-Kissimmee-Sanford MSA has consistently ranked as one of the most dangerous regions in the nation for pedestrian deaths and injuries for the last 10 years. In 2019, 988 people were struck and 91 were killed while doing something as simple and necessary as crossing the street, according to the most recent data.

The Best Foot Forward pedestrian safety campaign was launched to reverse this trend by focusing on one specific behavior change – increase driving yielding behavior at crosswalks as Florida law requires. More than a campaign, Best Foot Forward is a behavior change-based program designed to improve road safety through consistent and persistent education, high-visibility crosswalk enforcement and low-cost engineering at marked crosswalks in close proximity to elementary schools and LYNX bus stops, in urban areas and cross-sections of low and high-speed roads.

AMERICAN OVERSIGHT

The Best Foot Forward pedestrian safety campaign is administered by the local non-profit Bike/Walk Central Florida and first launched in Orange County and the City of Orlando in 2012. It expanded to Osceola County, Kissimmee and St. Cloud in 2017 and Seminole County, including six cities in October 2019. Best Foot Forward is now the largest grassroots coalition in the country, working for pedestrian safety.

Best Foot Forward: Orange, Osceola and Seminole County Coalition Partners:
Initiated and administered by Bike/Walk Central Florida, the Best Foot Forward coalition includes: City of Orlando and Orlando Police Department, City of Kissimmee and Kissimmee Police Department, City of St. Cloud and St. Cloud Police Department, Orange County Government, Orange County Sheriff's Office, Orange County Public Schools, Osceola County Government, Osceola County Sheriff's Office, Osceola County Public Schools, Orlando Health, Seminole County Government, Seminole County Sheriff's Office, Seminole Public Schools, Seminole Crossing Guards, City of Altamonte Springs and Altamonte Springs Police Department, City of Casselberry and Casselberry Police Department, City of Longwood and Longwood Police Department, City of Oviedo and Oviedo Police Department, City of Sanford and Sanford Police Department, City of Winter Springs and Winter Springs Police Department, Lynx, MetroPlan Orlando, Florida Department of Health, and the Florida Department of Transportation. Best Foot Forward Partners & Communicators:

Update on media confirmed for this morning's Operation Best Foot Forward Crosswalk Enforcement Action in Orange and Osceola Counties. Reminder this is a two day crosswalk operation with OPD, OCSO, KPD and St. Cloud PD scheduled for Wednesday (today) and Osceola County Sheriff's Office on Thursday (tomorrow). The press release and the crosswalk location enforcement schedule are attached.

Orlando Police Department: Live coverage with FOX 35 at Virginia and Bumby NOW

- Fox35's assignment desk: They started coverage at 5 am. They are keeping their morning reporter on BFF live shots through 9:30am. They plan to follow OPD. We told them this morning that OPD changed their crosswalk locations and schedule late yesterday.
- WFTV is sending a photog, arriving at 7:30 am at Virginia and Bumby Ave.

OPD or OCSO locations

- WESH is considering Livingston and Broadway or Pine Hills and Figwood
- WKMG is considering Livingston and Brodway or Pine Hills and Figwood

KPD/St. Cloud PD

- Telemundo is confirmed at Dakin Ave and Broadway Ave at 8:30 am

I'm in route to Virginia and Bumby now, along with Dori Madison. From there, I will be with KPD.

Best Foot Forward Partners & Communicators:

Update on media confirmed for this morning's Operation Best Foot Forward Crosswalk Enforcement Action in Orange and Osceola Counties. Reminder this is a two day crosswalk operation with OPD, OCSO, KPD and St. Cloud PD scheduled for Wednesday (today) and Osceola County Sheriff's Office on Thursday (tomorrow). The press release and the crosswalk location enforcement schedule are attached.

Orlando Police Department: Live coverage with FOX 35 at Virginia and Bumby NOW

- Fox35's assignment desk: They started coverage at 5 am. They are keeping their morning reporter on BFF live shots through 9:30am. They plan to follow OPD. We told them this morning that OPD changed their crosswalk locations and schedule late yesterday.
- WFTV is sending a photog, arriving at 7:30 am at Virginia and Bumby Ave.

OPD or OCSO locations

- WESH is considering Livingston and Broadway or Pine Hills and Figwood
- WKMG is considering Livingston and Brodway or Pine Hills and Figwood

KPD/St. Cloud PD

- Telemundo is confirmed at Dakin Ave and Broadway Ave at 8:30 am

I'm in route to Virginia and Bumby now, along with Dori Madison. From there, I will be with KPD.

Springing into Daylight Saving Time Brings Increased Driver and Pedestrian Danger

Orange and Osceola County law enforcement team up for two-day targeted enforcement campaign to urge drivers to use caution

ORLANDO, Fla. (Mar. 6, 2020) – A new study shows traffic crashes spike during the first six days following the switch to Daylight Saving Time, pinning the causes on adjusting to darker morning commutes to work or school and sleep deprivation. That's why Orange and Osceola County officers and deputies from five agencies will conduct a targeted enforcement campaign at 17 commonly used crosswalk locations between Wednesday, Mar. 11 and Thursday, Mar. 12.

Over the course of the two days, officers and deputies plan to keep a watchful eye on distracted drivers and those drivers who fail to yield and stop for pedestrians crossing in the crosswalk, as Florida law requires. The fine for violating is a minimum of $164 plus three points on the license.

The crosswalk enforcement operation, called Operation Best Foot Forward, involves a plain clothes officer crossing in the crosswalk, watching for drivers who fail to yield and stop. Traffic cones or markings are placed a safe distance from the crosswalk, indicating the driver has ample time to safely stop prior to reaching the crosswalk. When a violation is observed, officers in full uniform operating a fully marked patrol vehicle will stop the violator and take the necessary enforcement action. Since 2012, more than 167 crosswalks have been enforced and nearly 8,000 warnings and tickets have been issued to drivers violating Florida's driver yield law.

Participating law enforcement agencies include: Osceola County Sheriff's Office, Orange County Sheriff's Office, Kissimmee Police Department, Orlando Police Department and St. Cloud Police Department.

NOTE TO EDITORS AND PRODUCERS: Media is invited to *Operation Best Foot Forward* and will have the opportunity to speak to drivers, police officers and pedestrians. Contact Amanda Day at 407-716-8221.

Best Foot Forward Partners & Communicators:

Update on media confirmed for this morning's Operation Best Foot Forward Crosswalk Enforcement Action in Orange and Osceola Counties. Reminder this is a two day crosswalk operation with OPD, OCSO, KPD and St. Cloud PD scheduled for Wednesday (today) and Osceola County Sheriff's Office on Thursday (tomorrow). The press release and the crosswalk location enforcement schedule are attached.

Orlando Police Department: Live coverage with FOX 35 at Virginia and Bumby NOW

- Fox35's assignment desk: They started coverage at 5 am. They are keeping their morning reporter on BFF live shots through 9:30am. They plan to follow OPD. We told them this morning that OPD changed their crosswalk locations and schedule late yesterday.
- WFTV is sending a photog, arriving at 7:30 am at Virginia and Bumby Ave.

OPD or OCSO locations

- WESH is considering Livingston and Broadway or Pine Hills and Figwood
- WKMG is considering Livingston and Brodway or Pine Hills and Figwood

KPD/St. Cloud PD

- Telemundo is confirmed at Dakin Ave and Broadway Ave at 8:30 am

I'm in route to Virginia and Bumby now, along with Dori Madison. From there, I will be with KPD.

Springing into Daylight Saving Time Brings Increased Driver and Pedestrian Danger

Orange and Osceola County law enforcement team up for two-day targeted enforcement campaign to urge drivers to use caution

ORLANDO, Fla. (Mar. 6, 2020) – A new study shows traffic crashes spike during the first six days following the switch to Daylight Saving Time, pinning the causes on adjusting to darker morning commutes to work or school and sleep deprivation. That's why Orange and Osceola County officers and deputies from five agencies will conduct a targeted enforcement campaign at 17 commonly used crosswalk locations between Wednesday, Mar. 11 and Thursday, Mar. 12.

Over the course of the two days, officers and deputies plan to keep a watchful eye on distracted drivers and those drivers who fail to yield and stop for pedestrians crossing in the crosswalk, as Florida law requires. The fine for violating is a minimum of $164 plus three points on the license.

The crosswalk enforcement operation, called Operation Best Foot Forward, involves a plain clothes officer crossing in the crosswalk, watching for drivers who fail to yield and stop. Traffic cones or markings are placed a safe distance from the crosswalk, indicating the driver has ample time to safely stop prior to reaching the crosswalk. When a violation is observed, officers in full uniform operating a fully marked patrol vehicle will stop the violator and take the necessary enforcement action. Since 2012, more than 167 crosswalks have been enforced and nearly 8,000 warnings and tickets have been issued to drivers violating Florida's driver yield law.

Participating law enforcement agencies include: Osceola County Sheriff's Office, Orange County Sheriff's Office, Kissimmee Police Department, Orlando Police Department and St. Cloud Police Department.

NOTE TO EDITORS AND PRODUCERS: Media is invited to *Operation Best Foot Forward* and will have the opportunity to speak to drivers, police officers and pedestrians. Contact Amanda Day at 407-716-8221.

Crosswalk Enforcement Locations Background

- A crosswalk in a high-crash area of Pine Hills, near Evans High School, where drivers frequently exceed the 40-mph speed limit (Pine Hills Rd. & Figwood Ln., Orange County)
- A popular trail crossing, used by bikers and walkers more frequently with extended daylight hours (Thacker Ave. & Kissimmee Trail, Kissimmee)
- A crosswalk at a high-crash intersection near the UCF campus. Students frequently use the crosswalk to get from their apartments onto campus. One student was hit by a driver just two blocks away in June (University Blvd. & Alafaya Tr., Orange County)

AMERICAN OVERSIGHT

- A crosswalk in Downtown Kissimmee where BFF joins local business owners, who are on a quest to make the streets safer to encourage more visitors and shoppers (Broadway & W. Dakin Ave., Kissimmee)
- Three crosswalks in Celebration, chosen because of input from local residents, and in close proximity to homes, schools, churches and Disney headquarters (Osceola County)
- A newly installed crosswalk, complete with a rectangular rapid flashing beacon (RRFB) next to a city park and a LYNX bus stop (Virginia Ave. and 10th St., St. Cloud)

Best Foot Forward Progress (2012-2019)

- More than 8,000 citations and warnings issued in Orange, Osceola and Seminole counties
- 167 crosswalks enforced by law enforcement

Florida's Traffic Safety – Driver Yield Laws

- Drivers must yield to pedestrians at an intersection, even if there are no pavement markings or signs indicating a crosswalk.
- Drivers may not pass cars stopped at a crosswalk. Passing at a crosswalk is a major cause of pedestrian injuries.
- Turning vehicles must yield to pedestrians crossing on a green light or with a WALK signal.
- Drivers must come to a complete stop at crosswalks with signs indicating that a full stop is required.

About Best Foot Forward

According to the Dangerous by Design report, the Orlando-Kissimmee-Sanford MSA has consistently ranked as one of the most dangerous regions in the nation for pedestrian deaths and injuries for the last 10 years. In 2019, 988 people were struck and 91 were killed while doing something as simple and necessary as crossing the street, according to the most recent data.

The Best Foot Forward pedestrian safety campaign was launched to reverse this trend by focusing on one specific behavior change – increase driving yielding behavior at crosswalks as Florida law requires. More than a campaign, Best Foot Forward is a behavior change-based program designed to improve road safety through consistent and persistent education, high-visibility crosswalk enforcement and low-cost engineering at marked crosswalks in close proximity to elementary schools and LYNX bus stops, in urban areas and cross-sections of low and high-speed roads.

AMERICAN OVERSIGHT

The Best Foot Forward pedestrian safety campaign is administered by the local non-profit Bike/Walk Central Florida and first launched in Orange County and the City of Orlando in 2012. It expanded to Osceola County, Kissimmee and St. Cloud in 2017 and Seminole County, including six cities in October 2019. Best Foot Forward is now the largest grassroots coalition in the country, working for pedestrian safety.

Best Foot Forward: Orange, Osceola and Seminole County Coalition Partners:
Initiated and administered by Bike/Walk Central Florida, the Best Foot Forward coalition includes: City of Orlando and Orlando Police Department, City of Kissimmee and Kissimmee Police Department, City of St. Cloud and St. Cloud Police Department, Orange County Government, Orange County Sheriff's Office, Orange County Public Schools, Osceola County Government, Osceola County Sheriff's Office, Osceola County Public Schools, Orlando Health, Seminole County Government, Seminole County Sheriff's Office, Seminole Public Schools, Seminole Crossing Guards, City of Altamonte Springs and Altamonte Springs Police Department, City of Casselberry and Casselberry Police Department, City of Longwood and Longwood Police Department, City of Oviedo and Oviedo Police Department, City of Sanford and Sanford Police Department, City of Winter Springs and Winter Springs Police Department, Lynx, MetroPlan Orlando, Florida Department of Health, and the Florida Department of Transportation. Springing into Daylight Saving Time Brings Increased Driver and Pedestrian Danger

Orange and Osceola County law enforcement team up for two-day targeted enforcement campaign to urge drivers to use caution

ORLANDO, Fla. (Mar. 6, 2020) – A new study shows traffic crashes spike during the first six days following the switch to Daylight Saving Time, pinning the causes on adjusting to darker morning commutes to work or school and sleep deprivation. That's why Orange and Osceola County officers and deputies from five agencies will conduct a targeted enforcement campaign at 17 commonly used crosswalk locations between Wednesday, Mar. 11 and Thursday, Mar. 12.

Over the course of the two days, officers and deputies plan to keep a watchful eye on distracted drivers and those drivers who fail to yield and stop for pedestrians crossing in the crosswalk, as Florida law requires. The fine for violating is a minimum of $164 plus three points on the license.

The crosswalk enforcement operation, called Operation Best Foot Forward, involves a plain clothes officer crossing in the crosswalk, watching for drivers who fail to yield and stop. Traffic cones or markings are placed a safe distance from the crosswalk, indicating the driver has ample time to safely stop prior to reaching the crosswalk. When a violation is observed, officers in full uniform operating a fully marked patrol vehicle will stop the violator and take the necessary enforcement action. Since 2012, more than 167 crosswalks have been enforced and nearly 8,000 warnings and tickets have been issued to drivers violating Florida's driver yield law.

Participating law enforcement agencies include: Osceola County Sheriff's Office, Orange County Sheriff's Office, Kissimmee Police Department, Orlando Police Department and St. Cloud Police Department.

NOTE TO EDITORS AND PRODUCERS: Media is invited to *Operation Best Foot Forward* and will have the opportunity to speak to drivers, police officers and pedestrians. Contact Amanda Day at 407-716-8221.

Crosswalk Enforcement Locations Background

- A crosswalk in a high-crash area of Pine Hills, near Evans High School, where drivers frequently exceed the 40-mph speed limit (Pine Hills Rd. & Figwood Ln., Orange County)
- A popular trail crossing, used by bikers and walkers more frequently with extended daylight hours (Thacker Ave. & Kissimmee Trail, Kissimmee)
- A crosswalk at a high-crash intersection near the UCF campus. Students frequently use the crosswalk to get from their apartments onto campus. One student was hit by a driver just two blocks away in June (University Blvd. & Alafaya Tr., Orange County)

AMERICAN OVERSIGHT

- A crosswalk in Downtown Kissimmee where BFF joins local business owners, who are on a quest to make the streets safer to encourage more visitors and shoppers (Broadway & W. Dakin Ave., Kissimmee)
- Three crosswalks in Celebration, chosen because of input from local residents, and in close proximity to homes, schools, churches and Disney headquarters (Osceola County)
- A newly installed crosswalk, complete with a rectangular rapid flashing beacon (RRFB) next to a city park and a LYNX bus stop (Virginia Ave. and 10th St., St. Cloud)

Best Foot Forward Progress (2012-2019)

- More than 8,000 citations and warnings issued in Orange, Osceola and Seminole counties
- 167 crosswalks enforced by law enforcement

Florida's Traffic Safety – Driver Yield Laws

- Drivers must yield to pedestrians at an intersection, even if there are no pavement markings or signs indicating a crosswalk.
- Drivers may not pass cars stopped at a crosswalk. Passing at a crosswalk is a major cause of pedestrian injuries.
- Turning vehicles must yield to pedestrians crossing on a green light or with a WALK signal.
- Drivers must come to a complete stop at crosswalks with signs indicating that a full stop is required.

About Best Foot Forward

According to the Dangerous by Design report, the Orlando-Kissimmee-Sanford MSA has consistently ranked as one of the most dangerous regions in the nation for pedestrian deaths and injuries for the last 10 years. In 2019, 988 people were struck and 91 were killed while doing something as simple and necessary as crossing the street, according to the most recent data.

The Best Foot Forward pedestrian safety campaign was launched to reverse this trend by focusing on one specific behavior change – increase driving yielding behavior at crosswalks as Florida law requires. More than a campaign, Best Foot Forward is a behavior change-based program designed to improve road safety through consistent and persistent education, high-visibility crosswalk enforcement and low-cost engineering at marked crosswalks in close proximity to elementary schools and LYNX bus stops, in urban areas and cross-sections of low and high-speed roads.

AMERICAN OVERSIGHT

The Best Foot Forward pedestrian safety campaign is administered by the local non-profit Bike/Walk Central Florida and first launched in Orange County and the City of Orlando in 2012. It expanded to Osceola County, Kissimmee and St. Cloud in 2017 and Seminole County, including six cities in October 2019. Best Foot Forward is now the largest grassroots coalition in the country, working for pedestrian safety.

Best Foot Forward: Orange, Osceola and Seminole County Coalition Partners:
Initiated and administered by Bike/Walk Central Florida, the Best Foot Forward coalition includes: City of Orlando and Orlando Police Department, City of Kissimmee and Kissimmee Police Department, City of St. Cloud and St. Cloud Police Department, Orange County Government, Orange County Sheriff's Office, Orange County Public Schools, Osceola County Government, Osceola County Sheriff's Office, Osceola County Public Schools, Orlando Health, Seminole County Government, Seminole County Sheriff's Office, Seminole Public Schools, Seminole Crossing Guards, City of Altamonte Springs and Altamonte Springs Police Department, City of Casselberry and Casselberry Police Department, City of Longwood and Longwood Police Department, City of Oviedo and Oviedo Police Department, City of Sanford and Sanford Police Department, City of Winter Springs and Winter Springs Police Department, Lynx, MetroPlan Orlando, Florida Department of Health, and the Florida Department of Transportation. Springing into Daylight Saving Time Brings Increased Driver and Pedestrian Danger

Orange and Osceola County law enforcement team up for two-day targeted enforcement campaign to urge drivers to use caution

ORLANDO, Fla. (Mar. 6, 2020) – A new study shows traffic crashes spike during the first six days following the switch to Daylight Saving Time, pinning the causes on adjusting to darker morning commutes to work or school and sleep deprivation. That's why Orange and Osceola County officers and deputies from five agencies will conduct a targeted enforcement campaign at 17 commonly used crosswalk locations between Wednesday, Mar. 11 and Thursday, Mar. 12.

Over the course of the two days, officers and deputies plan to keep a watchful eye on distracted drivers and those drivers who fail to yield and stop for pedestrians crossing in the crosswalk, as Florida law requires. The fine for violating is a minimum of $164 plus three points on the license.

The crosswalk enforcement operation, called Operation Best Foot Forward, involves a plain clothes officer crossing in the crosswalk, watching for drivers who fail to yield and stop. Traffic cones or markings are placed a safe distance from the crosswalk, indicating the driver has ample time to safely stop prior to reaching the crosswalk. When a violation is observed, officers in full uniform operating a fully marked patrol vehicle will stop the violator and take the necessary enforcement action. Since 2012, more than 167 crosswalks have been enforced and nearly 8,000 warnings and tickets have been issued to drivers violating Florida's driver yield law.

Participating law enforcement agencies include: Osceola County Sheriff's Office, Orange County Sheriff's Office, Kissimmee Police Department, Orlando Police Department and St. Cloud Police Department.

NOTE TO EDITORS AND PRODUCERS: Media is invited to *Operation Best Foot Forward* and will have the opportunity to speak to drivers, police officers and pedestrians. Contact Amanda Day at 407-716-8221.

Crosswalk Enforcement Locations Background

- A crosswalk in a high-crash area of Pine Hills, near Evans High School, where drivers frequently exceed the 40-mph speed limit (Pine Hills Rd. & Figwood Ln., Orange County)
- A popular trail crossing, used by bikers and walkers more frequently with extended daylight hours (Thacker Ave. & Kissimmee Trail, Kissimmee)
- A crosswalk at a high-crash intersection near the UCF campus. Students frequently use the crosswalk to get from their apartments onto campus. One student was hit by a driver just two blocks away in June (University Blvd. & Alafaya Tr., Orange County)

AMERICAN OVERSIGHT

- A crosswalk in Downtown Kissimmee where BFF joins local business owners, who are on a quest to make the streets safer to encourage more visitors and shoppers (Broadway & W. Dakin Ave., Kissimmee)
- Three crosswalks in Celebration, chosen because of input from local residents, and in close proximity to homes, schools, churches and Disney headquarters (Osceola County)
- A newly installed crosswalk, complete with a rectangular rapid flashing beacon (RRFB) next to a city park and a LYNX bus stop (Virginia Ave. and 10th St., St. Cloud)

Best Foot Forward Progress (2012-2019)

- More than 8,000 citations and warnings issued in Orange, Osceola and Seminole counties
- 167 crosswalks enforced by law enforcement

Florida's Traffic Safety – Driver Yield Laws

- Drivers must yield to pedestrians at an intersection, even if there are no pavement markings or signs indicating a crosswalk.
- Drivers may not pass cars stopped at a crosswalk. Passing at a crosswalk is a major cause of pedestrian injuries.
- Turning vehicles must yield to pedestrians crossing on a green light or with a WALK signal.
- Drivers must come to a complete stop at crosswalks with signs indicating that a full stop is required.

About Best Foot Forward

According to the Dangerous by Design report, the Orlando-Kissimmee-Sanford MSA has consistently ranked as one of the most dangerous regions in the nation for pedestrian deaths and injuries for the last 10 years. In 2019, 988 people were struck and 91 were killed while doing something as simple and necessary as crossing the street, according to the most recent data.

The Best Foot Forward pedestrian safety campaign was launched to reverse this trend by focusing on one specific behavior change – increase driving yielding behavior at crosswalks as Florida law requires. More than a campaign, Best Foot Forward is a behavior change-based program designed to improve road safety through consistent and persistent education, high-visibility crosswalk enforcement and low-cost engineering at marked crosswalks in close proximity to elementary schools and LYNX bus stops, in urban areas and cross-sections of low and high-speed roads.

AMERICAN OVERSIGHT

The Best Foot Forward pedestrian safety campaign is administered by the local non-profit Bike/Walk Central Florida and first launched in Orange County and the City of Orlando in 2012. It expanded to Osceola County, Kissimmee and St. Cloud in 2017 and Seminole County, including six cities in October 2019. Best Foot Forward is now the largest grassroots coalition in the country, working for pedestrian safety.

Best Foot Forward: Orange, Osceola and Seminole County Coalition Partners:
Initiated and administered by Bike/Walk Central Florida, the Best Foot Forward coalition includes: City of Orlando and Orlando Police Department, City of Kissimmee and Kissimmee Police Department, City of St. Cloud and St. Cloud Police Department, Orange County Government, Orange County Sheriff's Office, Orange County Public Schools, Osceola County Government, Osceola County Sheriff's Office, Osceola County Public Schools, Orlando Health, Seminole County Government, Seminole County Sheriff's Office, Seminole Public Schools, Seminole Crossing Guards, City of Altamonte Springs and Altamonte Springs Police Department, City of Casselberry and Casselberry Police Department, City of Longwood and Longwood Police Department, City of Oviedo and Oviedo Police Department, City of Sanford and Sanford Police Department, City of Winter Springs and Winter Springs Police Department, Lynx, MetroPlan Orlando, Florida Department of Health, and the Florida Department of Transportation. EXECUTIVE ORDER NUMBER 20-51

(Establishes COVID-19 Response Protocol and Directs Public Health Emergency)

WHEREAS, Coronavirus Disease 2019 (COVID-19) is a severe acute respiratory illness that can spread among humans through respiratory transmission and presents with symptoms similar to those of influenza; and

WHEREAS, in late 2019, a new and significant outbreak of COVID-19 emerged in China; and

WHEREAS, the World Health Organization declared COVID-19 a Public Health Emergency of International Concern; and

WHEREAS, in response to the recent COVID-19 outbreak in China, Iran, Italy and South Korea, the Centers for Disease Control and Prevention ("CDC") has deemed it necessary to prohibit or restrict non-essential travel to or from those countries; and

WHEREAS, in response to the recent COVID-19 outbreak in Japan, the CDC has advised older travelers and those with chronic medical conditions to avoid nonessential travel and all travelers to exercise enhanced precautions; and

WHEREAS, the CDC currently recommends community preparedness and everyday prevention measures be taken by all individuals and families in the United States, including voluntary home isolation when individuals are sick with respiratory symptoms, covering coughs and sneezes with a tissue and disposal of the tissue immediately thereafter, washing hands often with soap and water for at least 20 seconds, use of alcohol-based hand sanitizers with 60%-95% alcohol if soap and water are not readily available and routinely cleaning frequently touched surfaces and objects to increase community resilience and readiness for responding to an outbreak; and

WHEREAS, two individuals in the State of Florida tested presumptively positive for COVID-19, including a resident of Manatee County and a resident of Hillsborough County; and

WHEREAS, the CDC currently recommends mitigation measures in communities with COVID-19 cases, including staying at home when sick, keeping away from others who are sick and staying at home when a household member is sick with respiratory disease symptoms or if instructed to do so by public health officials or a health care provider; and

WHEREAS, it is necessary and appropriate to take action to ensure that COVID-19 remains controlled and that residents and visitors in Florida remain safe and secure;

AMERICAN OVERSIGHT

NOW, THEREFORE, I, RON DESANTIS, as Governor of Florida, by virtue of the authority vested in me by Article IV, Section (1)(a) of the Florida Constitution, and all other applicable laws, promulgate the following Executive Order to take immediate effect:

Section 1. Because of the foregoing conditions, I direct the State Health Officer and Surgeon General, Dr. Scott Rivkees, to declare a public health emergency in the State of Florida, pursuant to his authority in section 381.00315, Florida Statutes. The State Health Officer is authorized and directed to use his judgment as to the duration of this public health emergency.

Section 2. In accordance with section 381.0011(7), Florida Statutes, I direct the State Health Officer to take any action necessary to protect the public health.

Section 3. I direct the State Health Officer to follow the guidelines established by the CDC in establishing protocols to control the spread of COVID-19 and educate the public on prevention.

Section 4. In accordance with section 381.0011(7), Florida Statutes, I designate the Florida Department of Health as the lead state agency to coordinate emergency response activities among the various state agencies and local governments. The State Health Officer, or his designee, shall advise the Executive Office of the Governor on the implementation of these emergency response activities.

Section 5. All actions taken by the State Health Officer with respect to this emergency before the issuance of this Executive Order are ratified.

Section 6. The Florida Department of Health will actively monitor, at a minimum, all persons meeting the definition of a Person Under Investigation ("PUI") as defined by the CDC for COVID-19 for a period of at least 14 days or until the PUI tests negative for COVID-19. Active monitoring by the Florida Department of Health will include at least the following:

A. Risk assessment within 24 hours of learning an individual meets the criteria for a PUI.
B. Twice-daily temperature checks.

Section 7. The Florida Department of Health, pursuant to its authority in section 381.00315, Florida Statutes, will ensure that all individuals meeting the CDC's definition of a PUI are isolated or quarantined for a period of 14 days or until the person tests negative for COVID-19.

Section 8. I hereby direct the Florida Department of Health to make its own determinations as to quarantine, isolation and other necessary public health interventions as permitted under Florida law.

Section 9. I direct all agencies under the direction of the Governor to fully cooperate with the Florida Department of Health, and any representative thereof in furtherance of this Order. Agencies not under the direction of the Governor are requested to provide such assistance as is required.

TO: Members of the Press

FROM: Helen Aguirre Ferré, Director of Communications, Governor Ron DeSantis

DATE: March 9, 2020

RE: Coronavirus Disease 2019 (COVID-19)

Good evening:

Today, Governor Ron DeSantis issued Executive Order 20-52, declaring a State of Emergency in response to Coronavirus Disease 2019 (COVID-19) in Florida. Declaring a State of Emergency establishes a unified command structure and designates the Director of the Division of Emergency Management as the State Coordinating Officer and the State Surgeon General as the Deputy State Coordinating Officer and State Incident Commander.

Additionally, the Executive Order allows the Governor to direct funds as necessary for critical supplies, equipment and personnel needs. The order allows out-of-state medical professionals to practice in Florida for the duration of the order and permits pharmacists to prescribe up to a 30-day emergency refill of prescription drugs as needed.

A PDF copy of the Executive Order is attached to this email and provided below.

Sincerely,

Helen Aguirre Ferré
Director of Communications
Governor Ron DeSantis

EXECUTIVE ORDER NUMBER 20-52

(Emergency Management – COVID-19 Public Health Emergency)

WHEREAS, Novel Coronavirus Disease 2019 (COVID-19) is a severe acute respiratory illness that can spread among humans through respiratory transmission and presents with symptoms similar to those of influenza; and

WHEREAS, in late 2019, a new and significant outbreak of COVID-19 emerged in China; and

WHEREAS, the World Health Organization previously declared COVID-19 a Public Health Emergency of International Concern; and

WHEREAS, in response to the recent COVID-19 outbreak in China, Iran, Italy, Japan and South Korea, the Centers for Disease Control and Prevention ("CDC") has deemed it necessary to prohibit or restrict non-essential travel to or from those countries; and

WHEREAS, on March 1, 2020, I issued Executive Order number 20-51 directing the Florida Department of Health to issue a Public Health Emergency; and

WHEREAS, on March 1, 2020, the State Surgeon General and State Health Officer declared a Public Health Emergency exists in the State of Florida as a result of COVID-19; and

WHEREAS, on March 7, 2020, I directed the Director of the Division of Emergency Management to activate the State Emergency Operations Center to Level 2 to provide coordination and response to the COVID-19 emergency; and

WHEREAS, as of March 9, 2020, eight counties in Florida have positive cases for COVID-19, and COVID-19 poses a risk to

AMERICAN OVERSIGHT

the entire state of Florida; and

WHEREAS, the CDC currently recommends community preparedness and everyday prevention measures be taken by all individuals and families in the United States, including voluntary home isolation when individuals are sick with respiratory symptoms, covering coughs and sneezes with a tissue and disposal of the tissue immediately thereafter, washing hands often with soap and water for at least 20 seconds, using of alcohol-based hand sanitizers with 60%-95% alcohol if soap and water are not readily available and routinely cleaning frequently touched surfaces and objects to increase community resilience and readiness for responding to an outbreak; and

WHEREAS, the CDC currently recommends mitigation measures for communities experiencing an outbreak including staying at home when sick, keeping away from others who are sick, limiting face-to-face contact with others as much as possible, consulting with your healthcare provider if individuals or members of a household are at high risk for COVID-19 complications, wearing a facemask if advised to do so by a healthcare provider or by a public health official, staying home when a household member is sick with respiratory disease symptoms if instructed to do so by public health officials or a health care provider; and

WHEREAS, as Governor, I am responsible for meeting the dangers presented to this state and its people by this emergency.

NOW, THEREFORE, I, RON DESANTIS, as Governor of Florida, by virtue of the authority vested in me by Article IV, Section (1)(a) of the Florida Constitution, Chapter 252, Florida Statutes, and all other applicable laws, promulgate the following Executive Order to take immediate effect:

Section 1. Because of the foregoing conditions, I declare a state of emergency exists in the State of Florida.

Section 2. I designate the Director of the Division of Emergency Management ("Director") as the State Coordinating Officer for the duration of this emergency and direct him to execute the State's Comprehensive Emergency Management Plan and other response, recovery, and mitigation plans necessary to cope with the emergency. Additionally, I designate the State Health Officer and Surgeon General as a Deputy State Coordinating Officer and State Incident Commander.

Pursuant to section 252.36(1)(a), Florida Statutes, I delegate to the State Coordinating Officer the authority to exercise those powers delineated in sections 252.36(5)-(10), Florida Statutes, which he shall exercise as needed to meet this emergency, subject to the limitations of section 252.33, Florida Statutes. In exercising the powers delegated by this Order, the State Coordinating Officer shall confer with the Governor to the fullest extent practicable. The State Coordinating Officer shall also have the authority to:

A. Seek direct assistance and enter into agreements with any and all agencies of the United States Government as may be needed to meet the emergency.

B. Designate additional Deputy State Coordinating Officers, as necessary.

C. Suspend the effect of any statute, rule, or order that would in any way prevent, hinder, or delay any mitigation, response, or recovery action necessary to cope with this emergency.

D. Enter orders as may be needed to implement any of the foregoing powers; however, the requirements of sections 252.46 and 120.54(4), Florida Statutes, do not apply to any such orders issued by the State Coordinating Officer; however, no such order shall remain in effect beyond the expiration of this Executive Order, to include any extension.

Section 3. I order the Adjutant General to activate the Florida National Guard, as needed, to deal with this emergency.

Section 4. I find that the special duties and responsibilities resting upon some State, regional, and local agencies and other governmental bodies in responding to the emergency may require them to suspend the application of the statutes, rules, ordinances, and orders they administer. Therefore, I issue the following authorizations:

A. Pursuant to section 252.36(1)(a), Florida Statutes, the Executive Office of the Governor may suspend all

AMERICAN OVERSIGHT

statutes and rules affecting budgeting to the extent necessary to provide budget authority for state agencies to cope with this emergency. The requirements of sections 252.46 and 120.54(4), Florida Statutes, do not apply to any such suspension issued by the Executive Office of the Governor; however, no such suspension shall remain in effect beyond the expiration of this Executive Order, to include any extension.

B. Each State agency may suspend the provisions of any regulatory statute prescribing the procedures for conduct of state business or the orders or rules of that agency, if strict compliance with the provisions of any such statute, order, or rule would in any way prevent, hinder, or delay necessary action in coping with the emergency. This includes, but is not limited to, the authority to suspend any and all statutes, rules, ordinances, or orders which affect leasing, printing, purchasing, travel, and the condition of employment and the compensation of employees. For the purposes of this Executive Order, "necessary action in coping with the emergency" means any emergency mitigation, response, or recovery action: (1) prescribed in the State Comprehensive Emergency Management Plan ("CEMP"); or (2) ordered by the State Coordinating Officer. The requirements of sections 252.46 and 120.54, Florida Statutes, shall not apply to any such suspension issued by a State agency; however, no such suspension shall remain in effect beyond the expiration of this Executive Order, to include any extensions.

C. In accordance with section 465.0275, Florida Statutes, pharmacists may dispense up to a 30-day emergency prescription refill of maintenance medication to persons who reside in an area or county covered under this Executive Order and to emergency personnel who have been activated by their state and local agency but who do not reside in an area or county covered by this Executive Order.

D. In accordance with section 252.38, Florida Statutes, each political subdivision within the State of Florida may waive the procedures and formalities otherwise required of the political subdivision by law pertaining to:

1) Performance of public work and taking whatever prudent action is necessary to ensure the health, safety, and welfare of the community;

2) Entering into contracts; however, political subdivisions are cautioned against entering into time and materials contracts without ceiling as defined by 2 CFR 200.318(j) or cost plus percentage contracts as defined by 2 CFR 200.323(d);

3. Incurring obligations;

4. Employment of permanent and temporary workers;

5. Utilization of volunteer workers;

6. Rental of equipment;

7) Acquisition and distribution, with or without compensation, of supplies, materials, and facilities; and,

8. Appropriation and expenditure of public funds.

E. All State agencies responsible for the use of State buildings and facilities may close such buildings and facilities in those portions of the State affected by this emergency, to the extent necessary to meet this emergency. I direct each State agency to report the closure of any State building or facility to the Secretary of the Department of Management Services. Under the authority contained in section 252.36, Florida Statutes, I direct each County to report the closure of any building or facility operated or maintained by the County or any political subdivision therein to the Secretary of the Department of Management Services. Furthermore, I direct the Secretary of the Department of Management Services to:

1) Maintain an accurate and up-to-date list of all such closures; and,

2) Provide that list daily to the State Coordinating Officer.

Section 5. I find that the demands placed upon the funds appropriated to the agencies of the State of Florida and to local agencies are unreasonably great and the funds currently available may be inadequate to pay the costs of coping with this

AMERICAN OVERSIGHT

emergency. In accordance with section 252.37(2), Florida Statutes, I direct that sufficient funds be made available, as needed, by transferring and expending moneys appropriated for other purposes, moneys from unappropriated surplus funds, or from the Budget Stabilization Fund.

Section 6. All State agencies entering emergency final orders or other final actions in response to this emergency shall advise the State Coordinating Officer contemporaneously or as soon as practicable.

Section 7. Medical professionals and workers, social workers, and counselors with good and valid professional licenses issued by states other than the State of Florida may render such services in Florida during this emergency for persons affected by this emergency with the condition that such services be rendered to such persons free of charge, and with the further condition that such services be rendered under the auspices of the American Red Cross or the Florida Department of Health.

Section 8. All activities taken by the Director of the Division of Emergency Management and the State Health Officer and Surgeon General with respect to this emergency before the issuance of this Executive Order are ratified. This Executive Order shall expire sixty days from this date unless extended.

AMERICAN OVERSIGHT

STATE OF FLORIDA

OFFICE OF THE GOVERNOR
EXECUTIVE ORDER NUMBER 20-52

(Emergency Management - COVID-19 Public Health Emergency)

WHEREAS, Novel Coronavirus Disease 2019 (COVID-19) is a severe acute respiratory illness that can spread among humans through respiratory transmission and presents with symptoms similar to those of influenza; and

WHEREAS, in late 2019, a new and significant outbreak of COVID-19 emerged in China; and

WHEREAS, the World Health Organization previously declared COVID-19 a Public Health Emergency of International Concern; and

WHEREAS, in response to the recent COVID-19 outbreak in China, Iran, Italy, Japan and South Korea, the Centers for Disease Control and Prevention ("CDC") has deemed it necessary to prohibit or restrict non-essential travel to or from those countries; and

WHEREAS, on March 1, 2020, I issued Executive Order number 20-51 directing the Florida Department of Health to issue a Public Health Emergency; and

WHEREAS, on March 1, 2020, the State Surgeon General and State Health Officer declared a Public Health Emergency exists in the State of Florida as a result of COVID-19; and

WHEREAS, on March 7, 2020, I directed the Director of the Division of Emergency Management to activate the State Emergency Operations Center to Level 2 to provide coordination and response to the COVID-19 emergency; and

WHEREAS, as of March 9, 2020, eight counties in Florida have positive cases for COVID-19, and COVID-19 poses a risk to the entire state of Florida; and

AMERICAN OVERSIGHT

FL-ORANGE-20-1072-B-001047

WHEREAS, the CDC currently recommends community preparedness and everyday prevention measures be taken by all individuals and families in the United States, including voluntary home isolation when individuals are sick with respiratory symptoms, covering coughs and sneezes with a tissue and disposal of the tissue immediately thereafter, washing hands often with soap and water for at least 20 seconds, using of alcohol-based hand sanitizers with 60%-95% alcohol if soap and water are not readily available and routinely cleaning frequently touched surfaces and objects to increase community resilience and readiness for responding to an outbreak; and

WHEREAS, the CDC currently recommends mitigation measures for communities experiencing an outbreak including staying at home when sick, keeping away from others who are sick, limiting face-to-face contact with others as much as possible, consulting with your healthcare provider if individuals or members of a household are at high risk for COVID-19 complications, wearing a facemask if advised to do so by a healthcare provider or by a public health official, staying home when a household member is sick with respiratory disease symptoms if instructed to do so by public health officials or a health care provider; and

WHEREAS, as Governor, I am responsible for meeting the dangers presented to this state and its people by this emergency.

NOW, THEREFORE, I, RON DESANTIS, as Governor of Florida, by virtue of the authority vested in me by Article IV, Section (1)(a) of the Florida Constitution, Chapter 252, Florida Statutes, and all other applicable laws, promulgate the following Executive Order to take immediate effect:

Section 1. Because of the foregoing conditions, I declare a state of emergency exists in the State of Florida.

AMERICAN OVERSIGHT

FL-ORANGE-20-1072-B-001048

Section 2. I designate the Director of the Division of Emergency Management ("Director") as the State Coordinating Officer for the duration of this emergency and direct him to execute the State's Comprehensive Emergency Management Plan and other response, recovery, and mitigation plans necessary to cope with the emergency. Additionally, I designate the State Health Officer and Surgeon General as a Deputy State Coordinating Officer and State Incident Commander.

Pursuant to section 252.36(1)(a), Florida Statutes, I delegate to the State Coordinating Officer the authority to exercise those powers delineated in sections 252.36(5)-(10), Florida Statutes, which he shall exercise as needed to meet this emergency, subject to the limitations of section 252.33, Florida Statutes. In exercising the powers delegated by this Order, the State Coordinating Officer shall confer with the Governor to the fullest extent practicable. The State Coordinating Officer shall also have the authority to:

A. Seek direct assistance and enter into agreements with any and all agencies of the United States Government as may be needed to meet the emergency.

B. Designate additional Deputy State Coordinating Officers, as necessary.

C. Suspend the effect of any statute, rule, or order that would in any way prevent, hinder, or delay any mitigation, response, or recovery action necessary to cope with this emergency.

D. Enter orders as may be needed to implement any of the foregoing powers; however, the requirements of sections 252.46 and 120.54(4), Florida Statutes, do not apply to any such orders issued by the State Coordinating Officer; however, no such order shall remain in effect beyond the expiration of this Executive Order, to include any extension.

Section 3. I order the Adjutant General to activate the Florida National Guard, as needed, to deal with this emergency.

AMERICAN OVERSIGHT

FL-ORANGE-20-1072-B-001049

Section 4. I find that the special duties and responsibilities resting upon some State, regional, and local agencies and other governmental bodies in responding to the emergency may require them to suspend the application of the statutes, rules, ordinances, and orders they administer. Therefore, I issue the following authorizations:

A. Pursuant to section 252.36(1)(a), Florida Statutes, the Executive Office of the Governor may suspend all statutes and rules affecting budgeting to the extent necessary to provide budget authority for state agencies to cope with this emergency. The requirements of sections 252.46 and 120.54(4), Florida Statutes, do not apply to any such suspension issued by the Executive Office of the Governor; however, no such suspension shall remain in effect beyond the expiration of this Executive Order, to include any extension.

B. Each State agency may suspend the provisions of any regulatory statute prescribing the procedures for conduct of state business or the orders or rules of that agency, if strict compliance with the provisions of any such statute, order, or rule would in any way prevent, hinder, or delay necessary action in coping with the emergency. This includes, but is not limited to, the authority to suspend any and all statutes, rules, ordinances, or orders which affect leasing, printing, purchasing, travel, and the condition of employment and the compensation of employees. For the purposes of this Executive Order, "necessary action in coping with the emergency" means any emergency mitigation, response, or recovery action: (1) prescribed in the State Comprehensive Emergency Management Plan ("CEMP"); or (2) ordered by the State Coordinating Officer. The requirements of sections 252.46 and 120.54, Florida Statutes, shall not apply to any such suspension issued by a State agency; however, no such suspension shall remain in effect beyond the expiration of this Executive Order, to include any extensions.

C. In accordance with section 465.0275, Florida Statutes, pharmacists may dispense up to a 30-day emergency prescription refill of maintenance medication to persons who reside in an area or county covered under this Executive Order and to emergency personnel who have been activated by their state and local agency but who do not reside in an area or county covered by this Executive Order.

D. In accordance with section 252.38, Florida Statutes, each political subdivision within the State of Florida may waive the procedures and formalities otherwise required of the political subdivision by law pertaining to:

1) Performance of public work and taking whatever prudent action is necessary to ensure the health, safety, and welfare of the community;

2) Entering into contracts; however, political subdivisions are cautioned against entering into time and materials contracts without ceiling as defined by 2 CFR 200.318(j) or cost plus percentage contracts as defined by 2 CFR 200.323(d);

5) Utilization of volunteer workers;

6) Rental of equipment;

7) Acquisition and distribution, with or without compensation, of supplies, materials, and facilities; and,

8) Appropriation and expenditure of public funds.

E. All State agencies responsible for the use of State buildings and facilities may close such buildings and facilities in those portions of the State affected by this emergency, to the extent necessary to meet this emergency. I direct each State agency to report the closure of any State

AMERICAN OVERSIGHT

building or facility to the Secretary of the Department of Management Services. Under the authority contained in section 252.36, Florida Statutes, I direct each County to report the closure of any building or facility operated or maintained by the County or any political subdivision therein to the Secretary of the Department of Management Services. Furthermore, I direct the Secretary of the Department of Management Services to:

1) Maintain an accurate and up-to-date list of all such closures; and,

2) Provide that list daily to the State Coordinating Officer.

Section 5. I find that the demands placed upon the funds appropriated to the agencies of the State of Florida and to local agencies are unreasonably great and the funds currently available may be inadequate to pay the costs of coping with this emergency. In accordance with section 252.37(2), Florida Statutes, I direct that sufficient funds be made available, as needed, by transferring and expending moneys appropriated for other purposes, moneys from unappropriated surplus funds, or from the Budget Stabilization Fund.

Section 6. All State agencies entering emergency final orders or other final actions in response to this emergency shall advise the State Coordinating Officer contemporaneously or as soon as practicable.

Section 7. Medical professionals and workers, social workers, and counselors with good and valid professional licenses issued by states other than the State of Florida may render such services in Florida during this emergency for persons affected by this emergency with the condition that such services be rendered to such persons free of charge, and with the further condition that such services be rendered under the auspices of the American Red Cross or the Florida Department of Health.

RE: Executive Order 20-69

Good morning:

Today, Governor Ron DeSantis issued Executive Order 20-69, regarding local government public meetings.

A PDF copy of the Executive Order is attached to this email and provided below.

Sincerely,

Helen Aguirre Ferré
Director of Communications
Governor Ron DeSantis

STATE OF FLORIDA
OFFICE OF THE GOVERNOR
EXECUTIVE ORDER NUMBER 20-69
(Emergency Management – COVID-19 – Local Government Public Meetings)

WHEREAS, on March 1, 2020, I issued Executive Order 20-51 directing the Florida Department of Health to issue a Public Health Emergency as a result of COVID-19; and

WHEREAS, on March 1, 2020, the State Surgeon General and State Health Officer declared a Public Health Emergency exists in the State of Florida as a result of COVID-19; and

WHEREAS, on March 9, 2020, I issued Executive Order 20-52 declaring a state of emergency for the entire State of Florida as a result of COVID-19; and

WHEREAS, on March 16, 2020, President Donald J. Trump and the Centers for Disease Control and Prevention ("CDC") issued the "15 Days to Slow the Spread" guidance advising individuals to adopt far-reaching social distancing measures, such as working from home and avoiding gatherings of more than 10 people; and

WHEREAS, on March 17, 2020, I wrote a letter to Attorney General Ashley Moody seeking an advisory opinion regarding concerns raised by local government bodies about their ability to hold meetings through teleconferencing and other technological means in order to protect the public and follow the CDC guidance regarding social distancing; and

WHEREAS, on March 19, 2020, Attorney General Ashley Moody delivered an opinion to me indicating that certain provisions of Florida law require a physical quorum be present for local government bodies to conduct official business, and that local government bodies may only conduct meetings by teleconferencing or other technological means if either a statute permits a quorum to be present by means other than in person, or that the in person requirement for constituting a quorum is lawfully suspended during the state of emergency; and

WHEREAS, it is necessary and appropriate to take action to ensure that COVID-19 remains controlled, and that residents and visitors in Florida remain safe and secure;

AMERICAN OVERSIGHT

NOW, THEREFORE, I, RON DESANTIS, as Governor of Florida, by virtue of the authority vested in me by Article IV, Section (1)(a) of the Florida Constitution, Chapter 252, Florida Statutes, and all other applicable laws, promulgate the following Executive Order to take immediate effect:

Section 1. I hereby suspend any Florida Statute that requires a quorum to be present in person or requires a local government body to meet at a specific public place.

Section 2. Local government bodies may utilize communications media technology, such as telephonic and video conferencing, as provided in section 120.54(5)(b)2., Florida Statutes.

Section 3. This Executive Order does not waive any other requirement under the Florida Constitution and "Florida's Government in the Sunshine Laws," including Chapter 286, Florida Statutes.

Section 4. This Executive Order shall expire at the expiration of Executive Order 20-52, including any extension.

RE: Executive Order 20-70

Good morning:

Today, Governor Ron DeSantis issued Executive Order 20-70, directing all movie theatres, concert houses, auditoriums, playhouses, bowling alleys, arcades, gymnasiums, fitness studios and beaches to close in Broward County and Palm Beach County. These closures shall remain in effect in accordance with the President's "15 Days to Slow the Spread", initiated on March 16, 2020. These closures shall expire on March 31, 2020 but may be renewed upon the written request of the County Administrator. The Broward County and Palm Beach County Administrators will also have the ability to enforce, relax, modify or remove these closures as they see fit.

Additionally, the Executive Order requires all restaurants, bars, pubs, night clubs, banquet halls, cabarets, breweries, cafeterias and any other alcohol and/or food service business establishment with seating for more than ten people within the incorporated and unincorporated areas of Broward County and Palm Beach County to close on-premises service of customers.

A PDF copy of the Executive Order is attached to this email and provided below.

Sincerely,

STATE OF FLORIDA

OFFICE OF THE GOVERNOR
EXECUTIVE ORDER NUMBER 20-70

(Emergency Management – COVID-19 – Broward and Palm Beach County Closures)

WHEREAS, on March 1, 2020, I issued Executive Order 20-51 directing the Florida Department of Health to issue a Public Health Emergency; and

WHEREAS, on March 1, 2020, the State Surgeon General and State Health Officer declared a Public Health Emergency exists in the State of Florida as a result of COVID-19; and

WHEREAS, on March 9, 2020, I issued Executive Order 20-52 declaring a state of emergency for the entire State of Florida as a result of COVID-19; and

WHEREAS, on March 16, 2020, President Donald J. Trump and the Centers for Disease Control and Prevention ("CDC") issued the "15 Days to Slow the Spread" guidance advising individuals to adopt far-reaching social distancing measures, such as avoiding gatherings of more than 10 people, and in states with evidence of community spread, bars, restaurants, food courts, and gyms should be closed; and

WHEREAS, my Administration has consulted with Broward County and Palm Beach County authorities, both of which requested application of the CDC recommendations; and

WHEREAS, COVID-19 poses a health risk to Broward County and Palm Beach County residents and minimization of

AMERICAN OVERSIGHT

contact is necessary to avoid COVID-19 infection for the residents of the counties; and

WHEREAS, restaurants, bars, taverns, pubs, night clubs, banquet halls, cocktail lounges, cabarets, breweries, cafeterias, movie theaters, concert houses, auditoriums, playhouses, bowling alleys, arcades, gymnasiums, fitness studios and beaches are potential gathering places for the spread of COVID-19; and

WHEREAS, Broward County and Palm Beach County seek to harmonize with Miami-Dade County which has already restricted access to venues and closed its beaches to public access due to the risk of community spread; and

WHEREAS, it is necessary and appropriate to take action to ensure that COVID-19 remains controlled, and that residents and visitors in Florida remain safe and secure;

NOW, THEREFORE, I, RON DESANTIS, as Governor of Florida, by virtue of the authority vested in me by Article IV, Section (1)(a) of the Florida Constitution, Chapter 252, Florida Statutes, and all other applicable laws, promulgate the following Executive Order to take immediate effect:

Section 1. I hereby order all restaurants, bars, taverns, pubs, night clubs, banquet halls, cocktail lounges, cabarets, breweries, cafeterias and any other alcohol and/or food service business establishment with seating for more than ten (10) people within the incorporated and unincorporated areas of Broward County and Palm Beach County to close on-premises service of customers. Notwithstanding the foregoing, such establishments may operate their kitchens for the purpose of providing delivery services, as authorized in Section 3 below, and employees, janitorial personnel, contractors and delivery personnel shall be allowed access to such establishments.

Section 2. This order shall not apply to grocery stores, pharmacies, gas stations and convenience stores, except that those discrete portions of such establishments that provide alcohol and/or food service with seating for more than ten (10) people shall abide by the restrictions in Section 1.

Section 3. This order shall not apply to delivery services, pick-up or take out services provided by any of the establishments listed in Sections 1 or 2.

Section 4. This order shall not apply to restaurants that are ancillary to essential services, including the airports, port facilities, secure facilities and hospitals. Other essential services may be determined by the county administrators.

Section 5. All movie theatres, concert houses, auditoriums, playhouses, bowling alleys, arcades, gymnasiums, fitness studios and beaches shall close. This order shall not apply to gymnasiums or fitness centers which are: (i) amenities of hotels which have a capacity of 10 persons or less, (ii) are an amenity of a residential building, (iii) are interior to any fire or police stations or (iv) are located inside any single-occupant office building.

Section 6. The closures in this order shall remain in effect in accordance with the President's "15 Days to Slow the Spread", initiated on March 16, 2020. These closures shall expire on March 31, 2020, but may be renewed upon the written request of the County Administrator.

Section 7. The Broward County Administrator and the Palm Beach County Administrator shall have the ability to enforce, relax, modify or remove these closures, as warranted, pursuant to the directives and parameters as set forth in Executive Order 20-68.

Section 8. The provisions of this order shall serve as minimum standards. Municipalities may impose more stringent standards within their jurisdictions.

Trump and the Centers for Disease Control and Prevention ("CDC") issued the "15 Days to Slow the Spread" guidance advising individuals to adopt far-reaching social distancing measures, such as avoiding gatherings of more than 10 people, and in states with evidence of community spread, bars, restaurants, food courts, and gyms should be closed; and

WHEREAS, my Administration has consulted with Broward County and Palm Beach County authorities, both of which requested application of the CDC recommendations; and

WHEREAS, COVID-19 poses a health risk to Broward County and Palm Beach County residents and minimization of contact is necessary to avoid COVID-19 infection for the residents of the counties; and

WHEREAS, restaurants, bars, taverns, pubs, night clubs, banquet halls, cocktail lounges, cabarets, breweries, cafeterias, movie theaters, concert houses, auditoriums, playhouses, bowling alleys, arcades, gymnasiums, fitness studios and beaches are potential gathering places for the spread of COVID-19; and

AMERICAN OVERSIGHT

WHEREAS, Broward County and Palm Beach County seek to harmonize with Miami-Dade County which has already restricted access to venues and closed its beaches to public access due to the risk of community spread; and

WHEREAS, it is necessary and appropriate to take action to ensure that COVID-19 remains controlled, and that residents and visitors in Florida remain safe and secure;

NOW, THEREFORE, I, RON DESANTIS, as Governor of Florida, by virtue of the authority vested in me by Article IV, Section (1)(a) of the Florida Constitution, Chapter 252, Florida Statutes, and all other applicable laws, promulgate the following Executive Order to take immediate effect:

Section 1. I hereby order all restaurants, bars, taverns, pubs, night clubs, banquet halls, cocktail lounges, cabarets, breweries, cafeterias and any other alcohol and/or food service business establishment with seating for more than ten (10) people within the incorporated and unincorporated areas of Broward County and Palm Beach County to close on-premises service of customers. Notwithstanding the foregoing, such establishments may operate their kitchens for the purpose of providing delivery services, as authorized in Section 3 below, and employees, janitorial personnel, contractors and delivery personnel shall be allowed access to such establishments.

Section 2. This order shall not apply to grocery stores, pharmacies, gas stations and convenience stores, except that those discrete portions of such establishments that provide alcohol and/or food service with seating for more than ten (10) people shall abide by the restrictions in Section 1.

Section 3. This order shall not apply to delivery services, pick-up or take out services provided by any of the establishments listed in Sections 1 or 2.

AMERICAN OVERSIGHT

Section 4. This order shall not apply to restaurants that are ancillary to essential services, including the airports, port facilities, secure facilities and hospitals. Other essential services may be determined by the county administrators.

Section 5. All movie theatres, concert houses, auditoriums, playhouses, bowling alleys, arcades, gymnasiums, fitness studios and beaches shall close. This order shall not apply to gymnasiums or fitness centers which are: (i) amenities of hotels which have a capacity of 10 persons or less, (ii) are an amenity of a residential building, (iii) are interior to any fire or police stations or (iv) are located inside any single-occupant office building.

Section 6. The closures in this order shall remain in effect in accordance with the President's "15 Days to Slow the Spread", initiated on March 16, 2020. These closures shall expire on March 31, 2020, but may be renewed upon the written request of the County Administrator.

Section 7. The Broward County Administrator and the Palm Beach County Administrator shall have the ability to enforce, relax, modify or remove these closures, as warranted, pursuant to the directives and parameters as set forth in Executive Order 20-68.

Section 8. The provisions of this order shall serve as minimum standards. Municipalities may impose more stringent standards within their jurisdictions.

IN TESTIMONY WHEREOF, I have hereunto set my hand and caused the Great Seal of the State of Florida to be affixed, at Tallahassee, this 20th day of March, 2020

MEMORANDUM

TO: Members of the Press

FROM: Helen Aguirre Ferré, Director of Communications, Governor Ron DeSantis

DATE: March 20, 2020

RE: Executive Order 20-71

Good afternoon:

Today, Governor Ron DeSantis issued Executive Order 20-71, directing all restaurants and food establishments within the State of Florida to suspend on-premises food and alcohol consumption for customers. The listed establishments may, however, operate their kitchens for the purpose of providing delivery or take-out services.

This Executive Order lifts the restriction that prohibits a specially licensed food service establishment from selling package sales of alcohol for delivery, take-out or consumption off-premises for restaurants complying with Executive Order 20-68, through the expiration of the state of emergency declared in Executive Order 20-52. Alcohol sales to go with food that is pick-up or delivered will be permitted and I.D. will be required for orders including alcohol.

Additionally, the Executive Order requires the closures of gymnasiums and fitness centers within the State of Florida. The Department of Business and Professional Regulation (DBPR) shall utilize its authorities under Florida law to further implement and enforce the provisions of this Executive Order and shall take additional measures as necessary to protect the public health, safety and welfare.

A PDF copy of the Executive Order is attached to this email and provided below.

Sincerely,

Helen Aguirre Ferré
Director of Communications
Governor Ron DeSantis

STATE OF FLORIDA

OFFICE OF THE GOVERNOR
EXECUTIVE ORDER NUMBER 20-71

(Emergency Management - COVID-19 – Alcohol Sales, Restaurants, and Gyms)

WHEREAS, on March 1, 2020, I issued Executive Order 20-51 directing the Florida Department of Health to issue a Public Health Emergency; and

WHEREAS, on March 1, 2020, the State Surgeon General and State Health Officer declared a Public Health Emergency exists in the State of Florida as a result of COVID-19; and

WHEREAS, on March 9, 2020, I issued Executive Order 20-52 declaring a state of emergency for the entire State of Florida as a result of COVID-19; and

WHEREAS, on March 16, 2020, President Donald J. Trump and the Centers for Disease Control and Prevention ("CDC") issued the "15 Days to Slow the Spread" guidance advising individuals to adopt far-reaching social distancing measures, such as avoiding gatherings of more than 10 people, and in states with evidence of community spread, bars, restaurants, food courts, gyms and other indoor and outdoor venues where groups of people congregate should be closed; and

WHEREAS, the State Surgeon General has advised me that gyms and fitness centers are establishments that attract gatherings of more than 10 people and are more susceptible for spreading COVID-19; and

AMERICAN OVERSIGHT

WHEREAS, on March 17, 2020, I issued Executive Order 20-68 restricting bars, pubs, and nightclubs from selling alcohol and ordered every restaurant to limit its occupancy to 50% of its current building occupancy and abide by the CDC's "social distancing" guidelines; and

WHEREAS, restaurants are increasing sales of orders for take-out and delivery for customers in order to meet demand while adhering to Executive Order 20-68; and

WHEREAS, I am committed to supporting retailers, restaurants and their employees as they pursue creative business practices that safely serve consumers during this temporary period of social distancing; and

WHEREAS, as Governor, I am responsible for meeting the dangers presented to this state and its people by this emergency.

NOW, THEREFORE, I, RON DESANTIS, as Governor of Florida, by virtue of the authority vested in me by Article IV, Section (1)(a) of the Florida Constitution, Chapter 252, Florida Statutes, and all other applicable laws, promulgate the following Executive Order to take immediate effect:

Section 1. Alcohol Sales

A. I hereby order all vendors licensed to sell alcoholic beverages for consumption on the premises to suspend the sale of alcoholic beverages by the drink or in sealed containers for consumption on the premises. Such vendors may continue to sell alcoholic beverages in sealed containers for consumption offpremises.

B. The restriction in section 561.20(2)(a)4., Florida Statutes, prohibiting a specially licensed food service establishment from selling package sales of alcohol for delivery, take-out or consumption off-premises is suspended for restaurants complying with Executive Order 20-68, through the expiration of the state of emergency declared in Executive Order 20-52, including any extensions, so long as the following conditions are met:

1) Any sale of an alcoholic beverage in a sealed container for consumption off-premises is accompanied by the sale of food within the same order; and

2) Any delivery of an alcoholic beverage complies with section 561.57, Florida Statutes.

C. The provisions of section 561.42, Florida Statutes, and Rules 61A-1.010, 61A-1.0107, 61A-1.0108, Florida Administrative Code, are suspended for the limited purpose of allowing licensed vendors of alcoholic beverages to request the return of undamaged alcoholic beverages purchased for events cancelled in response to COVID-19, so long as:

1) The requests are made within 30 days of the expiration of the state of emergency declared in Executive Order 20-52, including any extensions.

2) Vendors shall make and keep records of all events cancelled in response to COVID-19 that comply with section 561.55, Florida Statutes, and Rule 61A-1.01028(2), Florida Administrative code, and also include:

a. the event name;

b. the date the event was to be held;

c. the date the event was cancelled;

d. the location of the event or gathering that was cancelled; and

e. the product returned to a distributor as a result of the cancellation of the event.

3) Licensed distributors shall make and keep records of all returns that comply with the record keeping requirements of section 561.55, Florida Statutes, and Rule 61A-1.01028(2), Florida Administrative code, and also include:

AMERICAN OVERSIGHT

a. the request from the licensed vendors;

b. the date the request was made;

c. the identity of the licensed vendor making the request, including the licensed vendor's business name and address;

d. the license number of the licensed vendor making the request;

e. the product returned; and

f. whether the vendor received cash or credit.

4) Vendors receive cash or a credit against outstanding indebtedness within sixty days from the date the distributor picks up the products.

5) The returned products were not initially purchased, sold, or otherwise obtained with either the privilege of return, or in any other manner that would be considered a violation of Florida's Beverage Law.

D. This Section does not prohibit retail stores and vendors that currently sell sealed containers of alcoholic beverages for off-premises consumption from continuing such sales for off premises consumption.

E. This Section amends and supersedes Executive Order 20-68, Section 1.

Section 2. Restaurants and Bars

I hereby order all restaurants and food establishments licensed under Chapters 500 and 509, Florida Statues, within the State of Florida to suspend on-premises food consumption for customers. Notwithstanding the foregoing, such establishments may operate their kitchens for the purpose of providing delivery or take-out services. Employees, janitorial personnel, contractors and delivery personnel shall be allowed access to such establishments for the purposes of delivery or take-out services. This Section amends and supersedes Executive Order 20-68, Sections 3(A)-(B).

Section 3. Gyms and Fitness Centers

I hereby order the closure of gymnasiums and fitness centers within the State of Florida. This order shall not apply to gymnasiums and fitness centers which are: (i) amenities of hotels which have a capacity of 10 persons or less, (ii) are an amenity of a residential building, (iii) are interior to any fire or police stations or (iv) are located inside any single-occupant office building.

Section 4. Enforcement and Implementation

A. The Department of Business and Professional Regulation shall utilize its authorities under Florida law to further implement and enforce the provisions of this Executive Order and shall take additional measures as necessary to protect the public health, safety and welfare.

B. Pursuant to section 252.36(6), Florida Statutes, all state and local law enforcement shall further implement and enforce the provisions of this Executive Order.

Section 5. This Executive Order shall expire upon the expiration of Executive Order 20-52, including any extensions.

EXECUTIVE ORDER NUMBER 20-72

(Emergency Management – COVID-19 – Non-essential Elective Medical Procedures)

WHEREAS, Novel Coronavirus Disease 2019 (COVID-19) is a severe acute respiratory illness that can spread among humans through respiratory transmission and presents with symptoms of cough, fever, and shortness of breath; and

WHEREAS, on March 1, 2020, I issued Executive Order number 20-51 directing the Florida Department of Health to issue a Public Health Emergency; and

WHEREAS, on March 1, 2020, the State Surgeon General and State Health Officer declared a Public Health Emergency exists in the State of Florida as a result of COVID-19; and

WHEREAS, on March 9, 2020, I issued Executive Order 20-52 declaring a state of emergency for the entire State of Florida as a result of COVID-19; and

WHEREAS, on March 18, 2020, President Donald J. Trump and the Centers for Medicare and Medicaid Services recommended providers limit all "non-essential" elective medical and surgical procedures, including dental procedures; and

WHEREAS, due to the outbreak of COVID-19, the State Surgeon General and the Secretary for the Agency of Health Care Administration have recommended, due to the current conditions caused by COVID-19 in this state, that appropriate measures must be taken to conserve all medical supplies, including personal protective equipment, to only that which is necessary to be used in response to this emergency or for any other medical event of urgent or emergent nature; and

WHEREAS, due to the outbreak of COVID-19, it is necessary to preserve essential resources for use by health care professionals and others responding to this emergency, including personal protective equipment, that may be used by physicians, dentists, and other health care provider practices; and

AMERICAN OVERSIGHT

WHEREAS, it is necessary and appropriate to take action to ensure that COVID-19 remains controlled, and that residents and visitors in Florida remain safe and secure;

NOW, THEREFORE, I, RON DESANTIS, as Governor of Florida, by virtue of the authority vested in me by Article IV, Section (1)(a) of the Florida Constitution, Chapter 252, Florida Statutes, and all other applicable laws, promulgate the following Executive Order to take immediate effect:

Section 1. Because of the foregoing conditions, and based on recommendations from the Department of Health and the Agency for Health Care Administration by reason of conditions arising from this emergency, I hereby employ the following measures and direct as follows:

Pursuant to section 252.36(7), Florida Statutes,

A. All hospitals, ambulatory surgical centers, office surgery centers, dental, orthodontic and endodontic offices, and other health care practitioners' offices in the State of Florida are prohibited from providing any medically unnecessary, non-urgent or non-emergency procedure or surgery which, if delayed, does not place a patient's immediate health, safety, or well-being at risk, or will, if delayed, not contribute to the worsening of a serious or life-threatening medical condition. Accordingly, all health care practitioners licensed in the State of Florida, including dentists, shall immediately cease performing these elective services.

B. As articulated in the Centers for Medicare and Medicaid Servicesrecommendation, examples of procedures to delay may include, but are not limited to, some endoscopy, most cataract and lens surgeries, non-urgent spine and orthopedic procedures, and cosmetic procedures.

C. As articulated in the Centers for Medicare and Medicaid Servicesrecommendation, permissible procedures include, but may not be limited to, removal of a cancerous tumors, transplants, limb-threatening vascular surgeries, trauma-related procedures, and dental care related to the relief of pain and management of infection.

MEMORANDUM

TO: Members of the Press

FROM: Helen Aguirre Ferré, Director of Communications, Governor Ron DeSantis

DATE: March 23, 2020

RE: Executive Order 20-80

Good evening:

Today, Governor Ron DeSantis issued Executive Order 20-80, directing all persons whose point of departure originates from outside the State of Florida in an area with substantial community spread, to include the New York Tri-State Area (Connecticut, New Jersey and New York), and entering the State of Florida through airports to isolate or quarantine for a period of 14 days from the time of entry into the State of Florida or the duration of the person's presence in the State of Florida, whichever is shorter.

A PDF copy of the Executive Order is attached to this email and provided below.

Sincerely,

Helen Aguirre Ferré
Director of Communications
Governor Ron DeSantis

STATE OF FLORIDA

OFFICE OF THE GOVERNOR

EXECUTIVE ORDER NUMBER 20-80

(Emergency Management - COVID-19 – Airport Screening and Isolation)

WHEREAS, Novel Coronavirus Disease 2019 (COVID-19) is a severe acute respiratory illness that can spread among humans through respiratory transmission and presents with symptoms similar to those of influenza; and

WHEREAS, on March 1, 2020, I issued Executive Order number 20-51 directing the Florida Department of Health to issue a Public Health Emergency; and

WHEREAS, on March 1, 2020, the State Surgeon General and State Health Officer declared a Public Health Emergency exists in the State of Florida as a result of COVID-19; and

WHEREAS, on March 9, 2020, I issued Executive Order 20-52 declaring a state of emergency for the entire State of Florida as a result of COVID-19; and

WHEREAS, many cases of COVID-19 in Florida have been as a result of individuals coming into the State of Florida from international travel and other states and exposing our residents; and

WHEREAS, Florida is seeing an increase in individuals fleeing to Florida from states where "shelter-in-place" orders are being implemented, including from the New York Tri-State Area; and

WHEREAS, as Governor, I am responsible for meeting the dangers presented to this state and its people by this emergency.

NOW, THEREFORE, I, RON DESANTIS, as Governor of Florida, by virtue of the authority vested in me by Article IV, Section (1)(a) of the Florida Constitution, Chapter 252, Florida Statutes, and all other applicable laws, promulgate the following Executive Order to take immediate effect:

AMERICAN OVERSIGHT

Section 1.

A. I hereby direct all persons whose point of departure originates from outside the State of Florida in an area with substantial community spread, to include the New York Tri-State Area (Connecticut, New Jersey and New York), and entering the State of Florida through airports to isolate or quarantine for a period of 14 days from the time of entry into the State of Florida or the duration of the person's presence in the State of Florida, whichever is shorter. This Order shall not apply to persons employed by the airlines and those performing military, emergency or health response. This Order shall take effect on March 24, 2020 at 12:01 a.m. All persons isolating or quarantining under this Section, shall be responsible for all costs associated with that person's isolation or quarantine, including transportation, lodging, food, medical care and any other expenses to sustain the person during the period of isolation or quarantine.

B. I hereby direct the Florida Department of Health, pursuant to section 381.00315(5), Florida Statutes, to immediately apply existing rules adopted pursuant to that section. The Florida Department of Health shall take any steps necessary to ensure the screening and appropriate isolation and quarantine of individuals covered by this Order.

C. I hereby direct the Florida Department of Health to coordinate with the Florida Division of Emergency Management, each aviation and airport authority in Florida, county and local governments, and law enforcement agencies to effectuate the isolation or quarantine outlined above.

D. Pursuant to section 381.0012(5), Florida Statutes, "it shall be the duty of every state and county attorney, sheriff, police officer, and other appropriate city and county officials upon request to assist the [Department of Health]" in enforcing any isolation or quarantine or order of the Department of Health issued pursuant to this Order.

E. Any person who violates any isolation or quarantine directed by the Department of Health commits a misdemeanor of the second degree, which is punishable by imprisonment not to exceed 60 days, a fine not to exceed $500, or both. *See* § 381.00315(6), Fla. Stat.

Section 2. This Executive Order shall expire upon the expiration of Executive Order 20-52, including any extensions, or upon an Executive Order lifting the isolation or quarantine after advice from the State Health Officer and Surgeon General.

TO: Members of the Press

FROM: Helen Aguirre Ferré, Director of Communications, Governor Ron DeSantis

DATE: March 26, 2020

RE: Executive Order 20-85

Good afternoon:

Today, Governor Ron DeSantis issued Executive Order 20-85 regarding Telehealth and Immunizations for state employees.

A PDF copy of the Executive Order is attached to this email and provided below.

Sincerely,

Helen Aguirre Ferré
Director of Communications
Governor Ron DeSantis

STATE OF FLORIDA

OFFICE OF THE GOVERNOR
EXECUTIVE ORDER NUMBER 20-85

(Emergency Management – COVID-19 – Telehealth and Immunizations for State Group Insurance)

WHEREAS, on March 1, 2020, I issued Executive Order 20-51 directing the Florida Department of Health to issue a Public Health Emergency; and

WHEREAS, on March 1, 2020, the State Surgeon General and State Health Officer declared a Public Health Emergency exists in the State of Florida as a result of COVID-19; and

WHEREAS, on March 9, 2020, I issued Executive Order 20-52 declaring a state of emergency for the entire State of Florida as a result of COVID-19; and

WHEREAS, Novel Coronavirus Disease 2019 (COVID-19) is a severe acute respiratory illness that can be transmitted among humans through respiratory transmission and presents with symptoms similar to those of influenza;

WHEREAS, on March 16, 2020, President Donald J. Trump and the Centers for Disease Control and Prevention ("CDC") issued the "15 Days to Slow the Spread" guidance advising individuals to adopt far-reaching social distancing measures, such as working from home and avoiding gatherings of more than 10 people; and

WHEREAS, the CDC also recommends consulting your healthcare provider if individuals or members of your household are at high risk for COVID-19 complications, show symptoms of COVID-19, or have otherwise been exposed to the virus; and

WHEREAS, the CDC recommends that everyone over the age of six months receive the influenza (flu) vaccine; and

WHEREAS, the flu can lead to more serious respiratory diseases that can result in hospitalization or death and individuals with certain health conditions are at a higher risk of flu complications, including many of the same high-risk indicators for COVID-19 complications; and

WHEREAS, State Employees across Florida are working tirelessly to support the COVID-19 response effort by providing

AMERICAN OVERSIGHT

mission critical support to protect all Floridians; and

WHEREAS, the State Group Insurance Program (SGI) provides coverage to State Employees and their dependents; and

WHEREAS, Current SGI coverage includes preventive and sick visits through in-person physician office visits, therefore limiting patient access to care; and

WHEREAS, the SGI also provides coverage for immunizations administered by a participating provider, including the flu, which are included on the Advisory Committee for Immunization Practices recommendations list based on a member's age and condition; and

WHEREAS, all SGI plan providers have in-network or contracted, Florida-licensed telehealth providers ready to provide health care services effective immediately which would allow state employees to remain in their homes, if sick, and avoid exposure to other sick individuals; or, if not sick, to attend physician appointments without fear of exposure to others; and

WHEREAS, as Governor, I am responsible for protecting our state and the health and safety of its residents;

NOW, THEREFORE, I, RON DESANTIS, as Governor of Florida, by virtue of the authority vested in me by Article IV, Section (1)(a) of the Florida Constitution, Chapter 252, Florida Statutes, and all other applicable laws, promulgate the following Executive Order to take immediate effect:

Section 1. Telehealth

A. I suspend the relevant portions of section 110.123, Florida Statutes, and direct the Secretary of the Department of Management Services to amend the state employee health benefits plan documents effective immediately through the expiration of Executive Order 20-52, including any extensions,to include telehealth services at no additional cost to employees.

B. I suspend the relevant portions of section 110.12315, Florida Statutes, and direct the Secretary of the Department of Management Services to amend the state employee pharmacy benefits plan documents effective immediately through the expiration of Executive Order 20-52, including any extensions,to include telehealth services, as appropriate, to employees participating in the SGI plan.

C. I hereby direct the Department of Management Services, Division of State Group Insurance, to ensure that all state employees have access to telehealth services through the state's contracted HMO plans and PPO organization plan without cost sharing effective immediately through the expiration of Executive Order 20-52, including any extensions.

Section 2. Immunizations

A. I suspend the relevant portions of section 110.123, Florida Statutes, and direct the Secretary of the Department of Management Services to amend the state employee health plan benefits plan documents effective immediately through the expiration of Executive Order 20-52, including any extensions,to provide employees participating in the State Employees' Group Insurance Program the option to receive immunizations covered by the employee's plan in either a participating physician's office pursuant to the participant's current PPO Plan Group Health Insurance Plan Booklet or a participant's current HMO contract, or a participating pharmacy in the State Employees' pharmacy benefit manager's network.

AMERICAN OVERSIGHT

B. I hereby direct the Department of Management Services, Division of State Group Insurance, to ensure that all cost sharing that would have been applicable to state employees seeking immunization services under this Executive Order for the influenza vaccination be waived effective immediately through the expiration of Executive Order 20-52, including any extensions.

Section 3. This Executive Order shall expire upon the expiration of Executive Order 20-52, including any extensions.

TO: Members of the Press

FROM: Helen Aguirre Ferré, Director of Communications, Governor Ron DeSantis

DATE: April 6, 2020

RE: Executive Order 20-95 (Documentary Stamps for SBA Loans)

Good afternoon:

Today, Governor Ron DeSantis issued Executive Order 20-95, directing the Department of Revenue to issue an emergency order suspending taxation imposed under Chapter 201, Florida Statutes, for notes and other written obligations made pursuant to Title I of the CARES Act.

In short, the Governor's order allows employers receiving money from the federal CARES Act to use the full dollar amount to pay their rent and help their employees.

Director of Communications
Governor Ron DeSantis

STATE OF FLORIDA

OFFICE OF THE GOVERNOR
EXECUTIVE ORDER NUMBER 20-95

(COVID-19 Emergency Order – Documentary Stamps for SBA Loans)

WHEREAS, Novel Coronavirus Disease 2019 (COVID-19) is a severe acute respiratory illness that can spread among humans through respiratory transmission and presents with symptoms similar to those of influenza; and

WHEREAS, on March 1, 2020, I issued Executive Order 20-51 directing the Florida Department of Health to issue a Public Health Emergency; and

WHEREAS, on March 1, 2020, the State Surgeon General and State Health Officer declared a Public Health Emergency exists in the State of Florida as a result of COVID-19; and

WHEREAS, on March 9, 2020, I issued Executive Order 20-52 declaring a state of emergency for the entire State of Florida as a result of COVID-19; and

WHEREAS, on March 16, 2020, President Donald J. Trump and the Centers for Disease Control and Prevention ("CDC") issued the "15 Days to Slow the Spread" guidance advising individuals to adopt far-reaching social distancing measures, such as avoiding gatherings of more than 10 people, and in states with evidence of community spread, recommending restrictions to certain establishments conducive to mass gatherings and congregations; and

WHEREAS, on March 29, 2020, the President extended such guidance to be in effect until April 30, 2020 and along with the White House Coronavirus Task Force urged Americans to continue to adhere to the guidelines and expand community mitigation efforts; and

WHEREAS, multiple Florida counties and local governments have ordered certain business closures and restricted

public access outside of the home; and

WHEREAS, on April 1, 2020, in concert with the efforts of President Trump and the White House Coronavirus Task Force, and based on guidance provided by Florida Surgeon General and State Health Officer, Dr. Scott Rivkees, I directed all persons in Florida to limit their movements and personal interactions outside of home to only those necessary to obtain or provide essential services or conduct essential activities; and

WHEREAS, many Florida businesses have been negatively impacted by the spread of COVID-19 and the precautionary measures taken by the nation in response to COVID-19; and

WHEREAS, on March 27, 2020, President Donald J. Trump signed into law H.R. 748, the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") to provide financial relief to people and businesses suffering as a result of COVID-19; and

WHEREAS, Title I of the CARES Act created a Paycheck Protection Program providing loans to small businesses in furtherance of keeping American workers paid and employed; and

WHEREAS, I find that encouraging small businesses in Florida to apply for these loans is in the best interest of the state and its people; and

WHEREAS, I find that requiring payment of documentary stamp taxes on these loans under Florida law will discourage small businesses in Florida from applying for such loans.

NOW, THEREFORE, I, RON DESANTIS, as Governor of Florida, by virtue of the authority vested in me by Article IV, Section (1)(a) of the Florida Constitution, Chapter 252 of the Florida Statutes, and all other applicable laws, promulgate the following Executive Order to take immediate effect:

Section 1. Effective April 3, 2020, the assessment and collection of taxation imposed under Chapter 201, Florida Statutes, is suspended for all notes and other written obligations made pursuant to Title I of the CARES Act. The Department of Revenue shall issue an emergency order establishing that taxation imposed under Chapter 201, Florida Statutes, for notes and other written obligations made pursuant to Title I of the CARES Act is not owed as a result of the above suspension.

Section 2. This directive shall remain in effect until the expiration of Executive Order 20-52, including any extensions.

WHEREAS, on April 1, 2020, in concert with the efforts of President Trump and the White House Coronavirus Task Force, and based on guidance provided by Florida Surgeon General and State Health Officer, Dr. Scott Rivkees, I directed all persons in Florida to limit their movements and personal interactions outside of home to only those necessary to obtain or provide essential services or conduct essential activities; and

WHEREAS, many Florida businesses have been negatively impacted by the spread of COVID-19 and the precautionary measures taken by the nation in response to COVID-19; and

WHEREAS, on March 27, 2020, President Donald J. Trump signed into law H.R. 748, the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") to provide financial relief to people and businesses suffering as a result of COVID-19; and

WHEREAS, Title I of the CARES Act created a Paycheck Protection Program providing loans to small businesses in furtherance of keeping American workers paid and employed; and

WHEREAS, I find that encouraging small businesses in Florida to apply for these loans is in the best interest of the state and its people; and

WHEREAS, I find that requiring payment of documentary stamp taxes on these loans under Florida law will discourage small businesses in Florida from applying for such loans.

NOW, THEREFORE, I, RON DESANTIS, as Governor of Florida, by virtue of the authority vested in me by Article IV, Section (1)(a) of the Florida Constitution, Chapter 252 of

the Florida Statutes, and all other applicable laws, promulgate the following Executive Order to take immediate effect:

Section 1. Effective April 3, 2020, the assessment and collection of taxation imposed under Chapter 201, Florida Statutes, is suspended for all notes and other written obligations made pursuant to Title I of the CARES Act. The Department of Revenue shall issue an emergency order establishing that taxation imposed under Chapter 201, Florida Statutes, for notes and other written obligations made pursuant to Title I of the CARES Act is not owed as a result of the above suspension.

Section 2. This directive shall remain in effect until the expiration of Executive Order 20-52, including any extensions.

OFFICE OF THE GOVERNOR
EXECUTIVE ORDER NUMBER 20-97

(Emergency Management – COVID-19 - Municipal Elections in Pasco County)

-

WHEREAS, on March 1, 2020, I issued Executive Order number 20-51 directing the Florida Department of Health to issue a Public Health Emergency; and

WHEREAS, on March 1, 2020, the State Surgeon General and State Health Officer declared a Public Health Emergency exists in the State of Florida as a result of COVID-19; and

WHEREAS, on March 9, 2020, I issued Executive Order 20-52 declaring a state of emergency for the entire State of Florida as a result of COVID-19; and

WHEREAS, on April 1, 2020, I issued Executive Order 20-91, as amended by Executive Order 20-92, limiting the movement of senior citizens, individuals with significant underlying medical conditions and all persons, except when providing or obtaining essential services and essential activities, effective through April 30, 2020, unless extended by subsequent order; and

WHEREAS, pursuant to a special act, the date of any municipal election in Pasco County shall be held on the second Tuesday of April of the calendar year, *see* Laws of Fla. ch. 84-506 § 3; and

WHEREAS, pursuant to section 101.733(1), Florida Statutes, the Supervisor of Elections for Pasco County, who is conducting elections for certain municipalities, has requested on his behalf, a delay of certain municipal elections scheduled in the month of April, due to the ongoing emergency condition (a copy of his letter is attached); and

WHEREAS, it is necessary and appropriate to take additional action to ensure that the spread of COVID-19 is slowed, and that

The Honorable Ron DeSantis
Governor of Florida
400 South Monroe Street
Tallahassee, FL 32399

Dear Governor DeSantis:

My office by special act is responsible for conducting all municipal elections in Pasco County. On Tuesday, April 14, 2020, the City of San Antonio, City of Dade City, and City of Zephyrhills are scheduled for municipal elections. In light of the COVID-19 pandemic and pursuant to your recent Executive Orders, I have discussed with each city my safety concerns for the citizens, our poll workers, and my staff at the various election precincts. Pursuant to Florida Statute Section 101.733(1), I am respectfully requesting you issue an Executive Order based on the current pandemic and delay the elections scheduled for April 14, 2020 to the August 18, 2020 scheduled primary election. Said request is consistent with providing and ensuring the health and safety of the voters, employees, and poll workers in the upcoming election.

I appreciate your timely consideration and assistance.

Sincerely,

Honorable Brian E. Corley

(Emergency Management - COVID-19 –Isolation of Individuals Traveling to Florida)

WHEREAS, Novel Coronavirus Disease 2019 (COVID-19) is a severe acute respiratory illness that can spread among humans through respiratory transmission and presents with symptoms similar to those of influenza; and

WHEREAS, on March 1, 2020, I issued Executive Order number 20-51 directing the Florida Department of Health to issue a Public Health Emergency; and

WHEREAS, on March 1, 2020, the State Surgeon General and State Health Officer declared a Public Health Emergency exists in the State of Florida as a result of COVID-19; and

WHEREAS, on March 9, 2020, I issued Executive Order 20-52 declaring a state of emergency for the entire State of Florida as a result of COVID-19; and

WHEREAS, many cases of COVID-19 in Florida have resulted from individuals coming into the State of Florida from international travel and other states, posing great risk to Florida residents; and

WHEREAS, on March 23, 2020, I issued Executive Order 20-80 requiring the screening, isolation and quarantine of individuals whose point of departure originated outside the State of Florida in an area with substantial community spread, to include the New York Tri-State Area; and

WHEREAS, Florida is experiencing an increase in individuals fleeing to Florida from states where "shelter-in-place" orders are being implemented, including from the New York Tri-State Area; and

WHEREAS, as Governor, I am responsible for meeting the dangers presented to this state and its people by this emergency.

NOW, THEREFORE, I, RON DESANTIS, as Governor of Florida, by virtue of the authority vested in me by Article IV, Section (1)(a) of the Florida Constitution, Chapter 252, Florida Statutes, and all other applicable laws, promulgate the following Executive Order to take immediate effect:

Section 1.

A. I hereby direct all persons who enter the State of Florida from an area with substantial community spread, to include the New York Tri-State Area (Connecticut, New Jersey and New York), to isolate or quarantine for a period of 14 days from the time of entry into the State of Florida or the duration of the person's presence in the State of Florida, whichever is shorter. This Order shall not apply to persons employed by the airlines and those performing military, emergency or health response. This Order shall take effect immediately and apply retroactively to all persons who have entered Florida after being in any area with substantial community spread within the previous 14 days. All persons isolating or quarantining under this Section shall be responsible for all costs associated with their isolation or quarantine, including transportation, lodging, food, medical care and any other expenses to sustain the person during the period of isolation or quarantine.

B. I hereby direct all persons covered under Section 1(A) of this Order to inform any individual in Florida with whom they have had direct physical contact in the past 21 days that they traveled from an area with substantial community spread.

Section 2. Failure to follow Section 1 of this Order is a second-degree misdemeanor pursuant to section 252.50, Florida Statutes, and is punishable by imprisonment not to exceed 60 days, a fine not to exceed $500, or both.

Section 3.

A. Pursuant to section 252.47, Florida Statutes, I hereby direct all state, county and local law enforcement authorities to enforce this Order. Any law enforcement authority that interacts with a person in violation of Section 1(A) of this Order shall immediately report the individual, along with personal identifying and contact information, to the Florida Department of Health.

B. Pursuant to section 381.0012(5), Florida Statutes, "it shall be the duty of every state and county attorney, sheriff, police officer, and other appropriate city and county officials upon the request to assist the Department of Health" in enforcing any isolation or quarantine, state health law and order of the Department of Health issued pursuant to this Order.

Section 4. This Executive Order shall expire upon the expiration of Executive Order 20-52, including any extensions, or upon an Executive Order lifting the isolation or quarantine after advice from the State Health Officer and Surgeon General.

WHEREAS, on March 9, 2020, I issued Executive Order 20-52 declaring a state of emergency for the entire State of Florida as a result of COVID-19; and

WHEREAS, according to the Centers for Disease Control and Prevention (CDC), older adults and people of any age with serious underlying medical conditions are particularly at risk for severe illness or death due to COVID-19; and

WHEREAS, on March 16, 2020, President Donald J. Trump and the CDC issued "15 Days to Slow the Spread" guidance advising individuals to avoid social gatherings in groups of more than 10 people and advising older persons and persons with serious underlying health conditions to stay home and away from others; and

WHEREAS, as Governor, I am responsible for meeting the dangers presented to this state and its people by this emergency.

NOW, THEREFORE, I, RON DESANTIS, as Governor of Florida, by virtue of the authority vested in me by Article IV, Section (1)(a) of the Florida Constitution, Chapter 252, Florida Statutes, and all other applicable laws, promulgate the following Executive Order to take immediate effect:

B. I further direct the State Surgeon General and State Health Officer to issue a public health advisory to persons that have a serious underlying medical condition that places them at a high risk of severe illness from COVID-19. Consistent with CDC guidance, such conditions include, but not limited to, chronic lung disease or moderate to severe asthma; serious heart conditions; immunocompromised status, including those in cancer treatment; and severe obesity. The Surgeon General's advisory must urge these persons to stay home and to take such other measures as necessary to limit their risk of exposure to COVID-19.

Section 2. I hereby direct the State Surgeon General and State Health Officer to issue a public health advisory against all social or recreational gatherings of 10 or more people.

Section 3. I hereby direct the State Surgeon General and State Health Officer to issue a public health advisory to those who can work remotely urging them to do so.

Section 4. Any action(s) taken or document(s) issued by the State Surgeon General and State Health Officer pursuant to this Executive Order shall not constitute a rule as defined in section 120.52(16), Florida Statutes, and are specifically exempted from any and all requirements or procedures outlined in chapter 120 and section 252.46, Florida Statutes.

Section 5. This Executive Order shall expire upon the expiration of Executive Order 20-52, including any extensions.

TO: Members of the Press

FROM: Helen Aguirre Ferré, Director of Communications, Governor Ron DeSantis

DATE: March 27, 2020

RE: Executive Orders 20-86 and 20-87

Good evening:

Today, Governor Ron DeSantis issued Executive Order 20-86, directing all persons who enter the State of Florida from an area with substantial community spread, to include the State of Louisiana, inclusive of those entering the State of Florida by roadways, to isolate or quarantine for a period of 14 days from the time of entry into the State of Florida or the duration of the person's presence in the State of Florida, whichever is shorter.

The Governor also issued Executive Order 20-87, ordering all parties engaged in rental of vacation rental properties to suspend vacation rental operations. Vacation rentals are prohibited from making new reservations or bookings and shall not accept new guests for check-in for the duration of this order.

PDF copies of the Executive Orders are attached to this email and provided below.

Sincerely,

Helen Aguirre Ferré
Director of Communications
Governor Ron DeSantis

STATE OF FLORIDA

OFFICE OF THE GOVERNOR
EXECUTIVE ORDER NUMBER 20-86

(Emergency Management - COVID-19 –Additional Requirements of Certain Individuals Traveling to Florida)

WHEREAS, Novel Coronavirus Disease 2019 (COVID-19) is a severe acute respiratory illness that can spread among humans through respiratory transmission and presents with symptoms similar to those of influenza; and

WHEREAS, on March 1, 2020, I issued Executive Order number 20-51 directing the Florida Department of Health to issue a Public Health Emergency; and

WHEREAS, on March 1, 2020, the State Surgeon General and State Health Officer declared a Public Health Emergency exists in the State of Florida as a result of COVID-19; and

WHEREAS, on March 9, 2020, I issued Executive Order 20-52 declaring a state of emergency for the entire State of Florida as a result of COVID-19; and

WHEREAS, on March 24, 2020, I issued Executive Order number 20-82 directing all persons from an area with substantial community spread who enter the State of Florida to isolate or quarantine for a period of 14 days; and

WHEREAS, as Governor, I am responsible for meeting the dangers presented to this state and its people by this emergency.

NOW, THEREFORE, I, RON DESANTIS, as Governor of Florida, by virtue of the authority vested in me by Article IV, Section (1)(a) of the Florida Constitution, Chapter 252, Florida Statutes, and all other applicable laws, promulgate the

AMERICAN OVERSIGHT

following Executive Order to take immediate effect:

Section 1.

A. I hereby direct all persons who enter the State of Florida from an area with substantial community spread, to include the State of Louisiana, inclusive of those entering the State of Florida by roadways, to isolate or quarantine for a period of 14 days from the time of entry into the State of Florida or the duration of the person's presence in the State of Florida, whichever is shorter. This section shall not apply to persons performing military, emergency, health or infrastructure response, or persons involved in any commercial activity. This Order shall take effect immediately and apply retroactively to all persons who have entered Florida after being in any area with substantial community spread. All persons isolating or quarantining under this Section shall be responsible for all costs associated with their isolation or quarantine, including transportation, lodging, food, medical care and any other expenses to sustain the person during the period of isolation or quarantine.

B. I hereby direct all persons covered under Section 1(A) of this Order to inform any individual in Florida with whom they have had direct physical contact in the past 21 days that they traveled from an area with substantial community spread.

C. I direct the establishment of appropriate checkpoints on the roadways for those persons and vehicles entering the State of Florida and to require those persons to provide information, including in a written form, regarding the origin of their travel and on the address of their location of isolation or quarantine for a period of 14 days. I further direct the Florida Department of Transportation to facilitate locations for appropriate checkpoints, including at welcome centers and rest stops, and to facilitate the placement of road signs and advisories to provide information on this Order and to direct traffic to the appropriate checkpoint.

D. Pursuant to sections 252.36(5)(b) and 252.47, Florida Statutes, the Florida Highway Patrol and County Sheriffs are directed to assist with the establishment of appropriate checkpoints, the flow of traffic to those checkpoints and any enforcement actions.

Section 2. Failure to follow Section 1 of this Order is a second-degree misdemeanor pursuant to section 252.50, Florida Statutes, and is punishable by imprisonment not to exceed 60 days, a fine not to exceed $500, or both.

Section 3.

A. Pursuant to section 252.47, Florida Statutes, I hereby direct all state, county and local law enforcement authorities to enforce this Order. Any law enforcement authority that interacts with a person in violation of Section 1(A) of this Order shall immediately report the individual, along with personal identifying and contact information, to the Florida Department of Health.

B. Pursuant to section 381.0012(5), Florida Statutes, "it shall be the duty of every state and county attorney, sheriff, police officer, and other appropriate city and county officials upon the request to assist the Department of Health" in enforcing any isolation or quarantine, state health law and order of the Department of Health issued pursuant to this Order.

Section 4. To the extent necessary, the exceptions of this Executive Order are applicable to Executive Order 20-80, Section 1(A) and 20-82, Section 1(A).

Section 5. This Executive Order shall expire upon the expiration of Executive Order 20-52, including any extensions, or upon an Executive Order lifting the isolation or quarantine after advice from the State

EXECUTIVE ORDER NUMBER 20-87

(Emergency Management - COVID-19 – Vacation Rental Closures)

WHEREAS, on March 1, 2020, I issued Executive Order 20-51 directing the Florida Department of Health to issue a Public Health Emergency; and

WHEREAS, on March 1, 2020, the State Surgeon General and State Health Officer declared a Public Health Emergency exists in the State of Florida as a result of COVID-19; and

WHEREAS, on March 9, 2020, I issued Executive Order 20-52 declaring a state of emergency for the entire State of Florida as a result of COVID-19; and

WHEREAS, on March 16, 2020, President Donald J. Trump and the Centers for Disease Control and Prevention ("CDC") issued the "15 Days to Slow the Spread" guidance advising individuals to adopt far-reaching social distancing measures; and

WHEREAS, the CDC has cautioned against non-essential travel within the United States; and

WHEREAS, Florida is experiencing an increase in individuals fleeing to Florida from out-of-state locations where "shelter-in-place" orders are being implemented and/or community spread exists; and

WHEREAS, many cases of COVID-19 in Florida have resulted from individuals coming into the State of Florida from international travel and other states, posing great risk to Florida residents; and

WHEREAS, vacation rentals and third-party platforms advertising vacation rentals in Florida present attractive lodging destinations for individuals coming into Florida; and

WHEREAS, as Governor, I am responsible for meeting the dangers presented to this state and its people by this emergency.

NOW, THEREFORE, I, RON DESANTIS, as Governor of Florida, by virtue of the authority vested in me by Article IV, Section (1)(a) of the Florida Constitution, Chapter 252, Florida Statutes, and all other applicable laws, promulgate the following Executive Order to take immediate effect:

Section 1. Vacation Rentals

I hereby order all parties engaged in rental of vacation rental properties, as defined in section 509.242(1)(c), Florida Statutes, to suspend vacation rental operations. Vacation rentals are prohibited from making new reservations or bookings and shall not accept new guests for check-in for the duration of this order. This directive shall include the:

A. Rental of any house, condominium, cooperative, or dwelling unit that is also a transient public lodging establishment, as defined under Section 509.013(4)(a), Florida Statutes; and

i. Which is rented for periods of less than 30 days or 1 calendar month, whichever is less; or

ii. Which is advertised or held out to the public as a place regularly rented to guests; or

iii. Which is otherwise regulated by the Department of Business and Professional Regulation ("DBPR") as a vacation rental pursuant to section 509.241, Florida Statutes.

B. This directive shall not include the following:

AMERICAN OVERSIGHT

i. Hotels, motels, inns, resorts, non-transient public lodging establishments, or time share projects; or

ii. Long-term rentals; or

iii. Rental stays where guests are currently staying in a vacation rental or have previously booked a stay and are schedule to check-in no later than March 28, 2020; or

iv. Rentals to persons performing military, emergency, governmental, health or infrastructure response, or travelers engaged in non-vacation commercial activities.

Section 2. Violations of the Order

A. DBPR shall supplement this directive with guidance or directives as necessary to implement the order and shall take steps necessary to inspect licensed properties or third-party platforms whereby Florida vacation rentals may be advertised.

B. DBPR shall revoke the vacation rental license of any party that violates this order or otherwise advertises vacation rental opportunities during the duration of this order; and

C. DBPR shall alert the state authorities to evidence of violations or attempts to violate this order; and

D. Parties that violate this order or attempt to violate the order through advertising or other means of solicitation may be charged with a second-degree misdemeanor, punishable as provided in Sections 775.082 or 775.083, Fla. Stat.

Section 3. This Executive Order shall expire in 14 days unless extended by subsequent order.

TO: Members of the Press

FROM: Helen Aguirre Ferré, Director of Communications, Governor Ron DeSantis

DATE: March 30, 2020

RE: Executive Orders 20-88 and 20-89

Good evening:

Today, Governor Ron DeSantis issued Executive Order 20-88 regardingre-employment of essential personnel.

The Governor also issued Executive Order 20-89 regarding public access restrictions in Miami-Dade County, Broward County, Palm Beach County and Monroe County.

PDF copies of the Executive Orders are attached to this email and provided below.

Sincerely,

Helen Aguirre Ferré
Director of Communications
Governor Ron DeSantis

STATE OF FLORIDA

OFFICE OF THE GOVERNOR
EXECUTIVE ORDER NUMBER 20-88

(Emergency Management – COVID-19 – Re-employment of Essential Personnel)

WHEREAS, on March 1, 2020, I issued Executive Order 20-51 directing the Florida Department of Health to issue a Public Health Emergency; and

WHEREAS, on March 1, 2020, the State Surgeon General and State Health Officer declared a Public Health Emergency exists in the State of Florida as a result of COVID-19; and

WHEREAS, on March 9, 2020, I issued Executive Order 20-52 declaring a state of emergency for the entire State of Florida as a result of COVID-19; and

WHEREAS, on March 16, 2020, President Donald J. Trump and the Centers for Disease Control and Prevention ("CDC") issued the "15 Days to Slow the Spread" guidance advising individuals to adopt far-reaching social distancing measures, such as avoiding gatherings of more than 10 people, and in states with evidence of community spread, recommending restrictions to certain establishments conducive to mass gatherings and congregations; and

WHEREAS, on March 29, 2020, the President extended such guidance to be in effect until April 30, 2020; and

WHEREAS, Florida's growing population of COVID-19 cases necessitates increased state-wide resources dedicated to law enforcement, emergency response, and medical attention to combat the spread of COVID-19; and

WHEREAS, governmental entities across Florida are working tirelessly to support the COVID-19 response effort by providing mission critical support to protect all Floridians; and

WHEREAS, a key resource during this state of emergency is having enough trained essential personnel to cope with the sudden increased workload demands for the duration of the COVID-19 state of emergency; and

AMERICAN OVERSIGHT

WHEREAS, employees of Florida Retirement System ("FRS") participating employers may be temporarily unable to report to work due to possible COVID-19 exposure or quarantines related to COVID-19, which might impact essential governmental functions; and

WHEREAS, training new employees to serve in such positions requires significant time and resources that may be better utilized in support of the response effort; and

WHEREAS, many recently retired FRS employees possess the necessary skills and training to immediately assist with Florida's COVID-19 response; and

WHEREAS, the essential governmental functions of FRS participating employers should not be hindered by the termination and re-employment limitations pertaining to recently retired essential personnel during the COVID-19 state of emergency; and

WHEREAS, it is necessary and appropriate to take action to ensure that COVID-19 remains controlled, and that residents and visitors in Florida remain safe and secure.

NOW, THEREFORE, I, RON DESANTIS, as Governor of Florida, by virtue of the authority vested in me by Article IV, Section (1)(a) of the Florida Constitution, Chapter 252, Florida Statutes, and all other applicable laws, promulgate the following Executive Order to take immediate effect:

Section 1. I hereby declare that certain FRS employees who have retired since October 1, 2019, or who may retire prior to or on August 1, 2020 under a state administered retirement system (i.e., FRS Pension Plan service retirement or Deferred Retirement Option Program ("DROP"), FRS Investment Plan, State University System Optional Retirement Program, Community College System Optional Retirement Program, and Senior Management Service Optional Retirement Program), may have the requirements of Section 121.091(9), F.S., tolled for completion of the 6-month termination period and the 7th-12th month re-employment limitation period if the re-employment or continued employment assists the COVID-19 emergency response. Any other statutory provision or implementing regulation limiting such re-employment shall also be suspended. FRS participating employers may utilize recent retirees for emergency work without incurring liability or voiding the recent retirees' retirement. All FRS participating employers must comply with the notification provisions of Section 4 of this order.

Section 2. This order shall apply to employees in the following mission-critical categories:

A. law enforcement officers,
B. first responders, emergency management and public safety personnel,
C. health and medical professionals and
D. other critical COVID-19 response personnel as identified and determined by a state agency head.

Section 3. The following restrictions shall apply:

A. Retired employees re-entering the workforce under this order shall not accrue retirement benefits related to the time of re-employment up to a period that shall not extend beyond August 1, 2022. Any person re-employed under the order will not have retirement voided or benefits suspended due to such re-employment.
B. Re-employment shall be permitted until thirty (30) days after the expiration of Executive Order 20-52, or any extension thereof, not to extend beyond August 1, 2022.
C. Once the re-employment ceases, the time toward completion of the 6-month re-employment period and the 7th-12th month re-employment limitation period will cease to be tolled.

Section 4. Any FRS participating employer who intends to utilize recent retirees for emergency work shall provide to the Department of Management Services ("DMS"), Division of Retirement, the list of recent

AMERICAN OVERSIGHT

retirees who will provide emergency work to them under the duration of the COVID-19 state of emergency. The FRS participating employer must certify that the listed recent retirees will be providing work or services directly related to essential governmental functions in response to the COVID-19 emergency.

Section 5. I hereby direct DMS to issue guidance and subsequent action, as necessary, to implement this directive.

Section 6. This Executive Order shall expire upon the expiration of Executive Order 20-52, including any extensions.

STATE OF FLORIDA

OFFICE OF THE GOVERNOR
EXECUTIVE ORDER NUMBER 20-89

(Emergency Management – COVID-19 – Miami-Dade County, Broward County, Palm Beach County, Monroe County Public Access Restrictions)

WHEREAS, on March 1, 2020, I issued Executive Order 20-51 directing the Florida Department of Health to issue a Public Health Emergency; and

WHEREAS, on March 1, 2020, the State Surgeon General and State Health Officer declared a Public Health Emergency exists in the State of Florida as a result of COVID-19; and

WHEREAS, on March 9, 2020, I issued Executive Order 20-52 declaring a state of emergency for the entire State of Florida as a result of COVID-19; and

WHEREAS, on March 16, 2020, President Donald J. Trump and the Centers for Disease Control and Prevention ("CDC") issued the "15 Days to Slow the Spread" guidance advising individuals to adopt far-reaching social distancing measures, such as avoiding gatherings of more than 10 people, and in states with evidence of community spread, recommending restrictions to certain establishments conducive to mass gatherings and congregations; and

WHEREAS, on March 29, 2020, the President extended such guidance to be in effect until April 30, 2020; and

WHEREAS, Miami-Dade County, Broward County, and Palm Beach County have already implemented orders restricting certain public access to non-essential retail and commercial establishments; and

WHEREAS, over sixty (60) percent of Florida's identified COVID-19 cases are in these neighboring southern counties, which make up a large percentage of Florida's population; and

WHEREAS, my Administration has consulted with the authorities from Miami-Dade County, Broward County, Palm Beach County and Monroe County who seek to harmonize restricted public access mandates in order to establish uniformity and consistency throughout their counties of close proximity; and

WHEREAS, it is necessary and appropriate to take action to ensure that COVID-19 remains controlled, and that residents and visitors in Florida remain safe and secure.

NOW, THEREFORE, I, RON DESANTIS, as Governor of Florida, by virtue of the authority vested in me by Article IV, Section (1)(a) of the Florida Constitution, Chapter 252, Florida Statutes, and all other applicable laws, promulgate the following Executive Order to take immediate effect:

Section 1. I hereby order Miami-Dade County, Broward County, Palm Beach County and Monroe County to restrict public access to businesses and facilities deemed non-essential pursuant to the guidelines established by Miami-Dade County pursuant to its March 19, 2020 Emergency Order 07-20, and as modified by subsequent amendments and orders prior to the date of this order.

Section 2. At their discretion, such county administrators may determine additional "essential" retail and commercial establishments—or other institutions providing essential services—that shall not be subject to complete closure. No county

AMERICAN OVERSIGHT

or local authority may restrict or prohibit any "essential" service from performing a function allowed under this order.

Section 3. Essential service establishments not subject to closure shall continue to determine, adopt and maintain reasonable measures to ensure sanitation and cleanliness of premises and items that may come into contact with employees and the public, and such establishments shall take reasonable action to ensure that people adhere to the CDC's social distancing guidelines.

Section 4. The above-named counties shall not institute curfews pertaining to transit to or from the essential service establishments.

Section 5. This order shall remain in effect until April 15, 2020 unless renewed or otherwise modified by subsequent order.

AMERICAN OVERSIGHT

STATE OF FLORIDA

OFFICE OF THE GOVERNOR

EXECUTIVE ORDER NUMBER 20-88

(Emergency Management – COVID-19 – Re-employment of Essential Personnel)

WHEREAS, on March 1, 2020, I issued Executive Order 20-51 directing the Florida Department of Health to issue a Public Health Emergency; and

WHEREAS, on March 1, 2020, the State Surgeon General and State Health Officer declared a Public Health Emergency exists in the State of Florida as a result of COVID-19; and

WHEREAS, on March 9, 2020, I issued Executive Order 20-52 declaring a state of emergency for the entire State of Florida as a result of COVID-19; and

WHEREAS, on March 16, 2020, President Donald J. Trump and the Centers for Disease Control and Prevention ("CDC") issued the "15 Days to Slow the Spread" guidance advising individuals to adopt far-reaching social distancing measures, such as avoiding gatherings of more than 10 people, and in states with evidence of community spread, recommending restrictions to certain establishments conducive to mass gatherings and congregations; and

WHEREAS, on March 29, 2020, the President extended such guidance to be in effect until April 30, 2020; and

WHEREAS, Florida's growing population of COVID-19 cases necessitates increased state-wide resources dedicated to law enforcement, emergency response, and medical attention to combat the spread of COVID-19; and

WHEREAS, governmental entities across Florida are working tirelessly to support the COVID-19 response effort by providing mission critical support to protect all Floridians; and

AMERICAN OVERSIGHT

WHEREAS, a key resource during this state of emergency is having enough trained essential personnel to cope with the sudden increased workload demands for the duration of the COVID-19 state of emergency; and

WHEREAS, employees of Florida Retirement System ("FRS") participating employers may be temporarily unable to report to work due to possible COVID-19 exposure or quarantines related to COVID-19, which might impact essential governmental functions; and

WHEREAS, training new employees to serve in such positions requires significant time and resources that may be better utilized in support of the response effort; and

WHEREAS, many recently retired FRS employees possess the necessary skills and training to immediately assist with Florida's COVID-19 response; and

WHEREAS, the essential governmental functions of FRS participating employers should not be hindered by the termination and re-employment limitations pertaining to recently retired essential personnel during the COVID-19 state of emergency; and

WHEREAS, it is necessary and appropriate to take action to ensure that COVID-19 remains controlled, and that residents and visitors in Florida remain safe and secure.

NOW, THEREFORE, I, RON DESANTIS, as Governor of Florida, by virtue of the authority vested in me by Article IV, Section (1)(a) of the Florida Constitution, Chapter 252, Florida Statutes, and all other applicable laws, promulgate the following Executive Order to take immediate effect:

Section 1. I hereby declare that certain FRS employees who have retired since October 1, 2019, or who may retire prior to or on August 1, 2020 under a state administered retirement system (i.e., FRS Pension Plan service retirement or Deferred Retirement Option Program ("DROP"), FRS Investment Plan, State University System Optional Retirement Program, Community College System Optional Retirement Program, and Senior Management Service

AMERICAN OVERSIGHT

Optional Retirement Program), may have the requirements of Section 121.091(9), F.S., tolled for completion of the 6-month termination period and the 7th-12th month re-employment limitation period if the re-employment or continued employment assists the COVID-19 emergency response. Any other statutory provision or implementing regulation limiting such re-employment shall also be suspended. FRS participating employers may utilize recent retirees for emergency work without incurring liability or voiding the recent retirees' retirement. All FRS participating employers must comply with the notification provisions of Section 4 of this order.

Section 2. This order shall apply to employees in the following mission-critical categories:

A. law enforcement officers,

B. first responders, emergency management and public safety personnel,

C. health and medical professionals and

D. other critical COVID-19 response personnel as identified and determined by a state agency head.

Section 3. The following restrictions shall apply:

A. Retired employees re-entering the workforce under this order shall not accrue retirement benefits related to the time of re-employment up to a period that shall not extend beyond August 1, 2022. Any person re-employed under the order will not have retirement voided or benefits suspended due to such re-employment.

B. Re-employment shall be permitted until thirty (30) days after the expiration of Executive Order 20-52, or any extension thereof, not to extend beyond August 1, 2022.

C. Once the re-employment ceases, the time toward completion of the 6-month re-employment period and the 7th-12th month re-employment limitation period will cease to be tolled.

AMERICAN OVERSIGHT

Section 4. Any FRS participating employer who intends to utilize recent retirees for emergency work shall provide to the Department of Management Services ("DMS"), Division of Retirement, the list of recent retirees who will provide emergency work to them under the duration of the COVID-19 state of emergency. The FRS participating employer must certify that the listed recent retirees will be providing work or services directly related to essential governmental functions in response to the COVID-19 emergency.

Section 5. I hereby direct DMS to issue guidance and subsequent action, as necessary, to implement this directive.

Section 6. This Executive Order shall expire upon the expiration of Executive Order 20-52, including any extensions.

IN TESTIMONY WHEREOF, I have hereunto set my hand and caused the Great Seal of the State of Florida to be affixed, at Tallahassee, this 30th day of March, 2020.

MIAMI-DADE COUNTY

MIAMI-DADE COUNTY EMERGENCY ORDER 07-20

WHEREAS, Section 252.38(3)(a), Florida Statutes, gives political subdivisions the authority to declare and enact a State of Local Emergency for a period of up to seven days, thereby waiving the procedures and formalities otherwise required of the political subdivision by law; and

WHEREAS, on March 1, 2020, the Governor of Florida issued Executive Order Number 20-51, directing the State Health Officer and Surgeon General to declare a Public Health Emergency due to the discovery of COVID-19/novel Coronavirus in Florida; and

WHEREAS, on March 9, 2020, the Governor of Florida issued Executive Order Number 20-52, declaring a State of Emergency for the state of Florida related to COVID-19/novel Coronavirus; and

WHEREAS, on March 12, 2020, the County Mayor declared a State of Emergency for all of Miami-Dade County; and

WHEREAS, COVID-19/novel Coronavirus poses a health risk to Miami-Dade County residents, particularly elderly residents and those who are immunosuppressed or otherwise have high-risk medical conditions; and

WHEREAS, minimization of contact is necessary to avoid risk of COVID-19 infection for the residents of the County; and

WHEREAS, the Centers for Disease Control (CDC) has issued guidance entitled "15 Days to Slow the Spread," encouraging social distancing and maintaining a 6 foot separation between residents to slow the spread of infection and that events with more than ten attendees either be cancelled or held virtually; and

WHEREAS, the CDC guidelines are based upon the amount of community spread within a community and become more stringent where there is minimal to moderate or substantial community spread; and

WHEREAS, section 8B-7(2)(f) of the Code authorizes the County Mayor to order the closure of any commercial establishment; and

AMERICAN OVERSIGHT

WHEREAS, sections 8B-7(2)(e) and (o) of the Code authorize the County Mayor to limit the movement of persons inside Miami-Dade County in order to safeguard life and health,

THEREFORE, as County Mayor of Miami-Dade County, I hereby order:

1. All non-essential retail and commercial establishments are ordered closed.

2. Essential retail and commercial businesses, which may remain open, are:

a. Healthcare providers, including, but not limited to, hospitals, doctors' and dentists' offices, urgent care centers, clinics, rehabilitation facilities, physical therapists, mental health professionals, psychiatrists, therapists, and pharmacies;

b. Grocery stores, farmers' markets, farm and produce stands, supermarkets, food banks, convenience stores, and other establishments engaged in the retail sale of canned food, dry goods, fresh fruits and vegetables, pet supply, fresh meats, fish, and poultry, and any other household consumer products (such as cleaning and personal care products). This authorization includes stores that sell groceries and also sell other non-grocery products, and products necessary to maintaining the safety, sanitation, and essential operations of residences;

c. Food cultivation, including farming, livestock, and fishing;

d. Businesses that provide food, shelter, social services, and other necessities of life for economically disadvantaged or otherwise needy individuals;

e. Newspapers, television, radio, and other media services;

f. Gas stations and auto-supply, auto-repair, and related facilities;

g. Banks and related financial institutions;

h. Hardware stores;

i. Contractors and other tradesmen, appliance repair personnel, exterminators, and other service providers who provide services that are necessary to maintaining the safety, sanitation, and essential operation of residences and other structures;

j. Businesses providing mailing and shipping services, including post office boxes;

k. Private colleges, trade schools, and technical colleges, but only as needed to facilitate online or distance learning;

l. Laundromats, dry cleaners, and laundry service providers;

m. Restaurants and other facilities that prepare and serve food, but subject to the limitations and requirements of Emergency Order 3-20. Schools and other entities that typically

AMERICAN OVERSIGHT

FL-ORANGE-20-1072-B-001160

provide free food services to students or members of the public may continue to do so on the condition that the food is provided to students or members of the public on a pick-up and takeaway basis only. Schools and other entities that provide food services under this exemption shall not permit the food to be eaten at the site where it is provided, or at any other gathering site;

n. Businesses that supply office products needed for people to work from home;

o. Businesses that supply other essential businesses with the support or supplies necessary to operate, and which do not interact with the general public;

p. Businesses that ship or deliver groceries, food, goods, or services directly to residences;

q. Airlines, taxis, and other private transportation providers providing transportation services via automobile, truck, bus, or train;

r. Home-based care for seniors, adults, or children;

s. Assisted living facilities, nursing homes, and adult day care centers, and senior residential facilities;

t. Professional services, such as legal or accounting services, when necessary to assist in compliance with legally mandated activities;

u. Landscape and pool care businesses, including residential landscape and pool care services;

v. Childcare facilities providing services that enable employees exempted in this Order to work as permitted. To the extent possible, childcare facilities should operate under the following mandatory conditions:

1. Childcare must be carried out in stable groups of 10 or fewer (inclusive of childcare providers for the group).
2. Children and child care providers shall not change from one group to another.
3. If more than one group of children is cared for at one facility, each group shall be in a separate room. Groups shall not mix or interact with each other.

w. Businesses operating at any airport, seaport, or other government facility, including parks and government offices;

x. Pet supply stores;

y. Logistics providers, including warehouses, trucking, consolidators, fumigators, and handlers;

z. Telecommunications providers, including sales of computer or telecommunications devices and the provision of home telecommunications;

AMERICAN OVERSIGHT

aa. Provision of propane or natural gas;

bb. Office space and administrative support necessary to perform any of the above-listed activities;

cc. Open construction sites, irrespective of the type of building;

dd. Architectural, engineering, or land surveying services;

ee. Factories, manufacturing facilities, bottling plants, or other industrial uses;

ff. Waste management services, including collection and disposal of waste; and

gg. Any business that is interacting with customers solely through electronic or telephonic means, and delivering products via mailing, shipping, or delivery services

3. This order does not affect or limit the operations of Miami-Dade County, any public utility, any municipality, the Miami-Dade County School District, or any State or Federal office or facility, except that such entities shall abide by the restrictions of any County, Municipal, State or Federal emergency order, as applicable.

4. This order does not limit the number of persons who may be physically present performing services at any location where an essential business is being conducted except as expressly set forth herein or otherwise governed by any State or Federal order or regulation. Employers and employees are urged, but are not required, to practice social distancing, such as keeping six feet between persons and limiting group size to less than ten people.

5. This order does not limit the number of persons who may be physically present at any religious service. Persons attending religious services are urged, but are not required, to practice social distancing, such as keeping six feet between persons and limiting group size to less than ten people.

6. The County Mayor may amend the provisions of paragraph 2, 3, and 4 by written notice to the County Clerk.

7. The provisions of this order shall serve as minimum standards. Municipalities may impose more stringent standards within their jurisdictions.

8. This order shall expire upon the expiration of the existing Miami-Dade County State of Local Emergency, except that if such State of Local Emergency is extended, this order shall also be deemed to extend for the duration of such extension. This order may be cancelled earlier by action of the County Mayor.

9. This order shall be effective as of 9:00 p.m., March 19, 2020.

AMERICAN OVERSIGHT

9. This order shall be effective as of 9:00 p.m., March 19, 2020.

DATE: April 2, 2020

RE: Executive Orders 20-93 and 20-94

Good afternoon:

Today, Governor Ron DeSantis issued Executive Order 20-93, directing the Department of Economic Opportunity (DEO) and other executive agencies to take necessary actions to improve DEO's Reemployment Assistance Program.

The Governor also issued Executive Order 20-94, providing targeted, temporary relief from certain mortgage foreclosures and evictions for 45 days, without relieving an individual's obligation to make mortgage payments and rent payments.

PDF copies of the Executive Orders are below and attached.

Sincerely,

Helen Aguirre Ferré
Director of Communications
Governor Ron DeSantis

STATE OF FLORIDA

OFFICE OF THE GOVERNOR
EXECUTIVE ORDER NUMBER 20-93

(COVID-19 Emergency Order – Reemployment Assistance Program)

WHEREAS, on March 1, 2020, I issued Executive Order 20-51 directing the Florida Department of Health to issue a Public Health Emergency; and

WHEREAS, on March 1, 2020, the State Surgeon General and State Health Officer declared a Public Health Emergency exists in the State of Florida as a result of COVID-19; and

WHEREAS, on March 9, 2020, I issued Executive Order 20-52 declaring a state of emergency for the entire State of Florida as a result of COVID-19; and

WHEREAS, on March 16, 2020, President Donald J. Trump and the Centers for Disease Control and Prevention ("CDC") issued the "15 Days to Slow the Spread" guidance advising individuals to adopt far-reaching social distancing measures, such as avoiding gatherings of more than 10 people, and in states with evidence of community spread, recommending restrictions to certain establishments conducive to mass gatherings and congregations; and

WHEREAS, on March 29, 2020, the President extended such guidance to be in effect until April 30, 2020 and along with the White House Coronavirus Task Force urged Americans to continue to adhere to the guidelines and expand community mitigation efforts; and

WHEREAS, multiple Florida counties and local governments have ordered certain business closures and restricted public access outside of the home; and

WHEREAS, on April 1, 2020, in concert with the efforts of President Trump and the White House Coronavirus Task Force, and based on guidance provided by Florida Surgeon General and State Health Officer, Dr. Scott Rivkees, I directed all persons in Florida to limit their movements and personal interactions outside of home to only those necessary to obtain or provide essential

AMERICAN OVERSIGHT

services or conduct essential activities; and

WHEREAS, many Florida businesses have been negatively impacted by the spread of COVID-19 and the precautionary measures taken by the nation in response to COVID-19; and

WHEREAS, thousands of Floridians are seeking help from the Florida Department of Economic Opportunity ("DEO") Reemployment Assistance Program leading to significantly greater demand upon DEO's personnel, infrastructure, technology, and resources; and

WHEREAS, I have already directed DEO to work in concert with the federal government and other state agencies to pursue all measures necessary to help Florida's citizens during these challenging times.

NOW, THEREFORE, I, RON DESANTIS, as Governor of Florida, by virtue of the authority vested in me by Article IV, Section (l)(a) of the Florida ConstitutionChapter 252, Florida Statutes, and all other applicable laws, promulgate the following Executive Order to take immediate effect:

Section 1. Personnel Support for Reemployment Assistance

I hereby direct all executive agency heads, in consultation with the Department of Management Services ("DMS"), to identify and deploy executive agency personnel to assist DEO with their reemployment assistance efforts, including call center operations and other citizen services. In order to improve the operation and responsiveness of DEO's reemployment assistance efforts, assigned personnel shall, to the extent reasonably possible, cease their current governmental responsibilities and fully devote their services to the DEO program. All deployed personnel shall maintain current benefits and salary and DEO shall determine how best to quickly utilize these employees to serve Floridians negatively impacted by COVID-19.

Section 2. Training

Training shall be streamlined and administered quickly and for a short duration so that agency personnel can be deployed as soon as possible.

Section 3. Reemployment Applications

In light of the unprecedented and increasing call volume at DEO's reemployment assistance call center during the COVID-19 statewide emergency, DEO shall pursue, in addition to internet and telephonic reemployment applications, new or alternative forms and methods for receiving applications, including making paper applications readily available on DEO's website and throughout the state at each of the 24 Local Workforce Development Boards. I hereby direct CareerSource Florida and the Local Workforce Development Boards to assist DEO with dissemination and collection of paper applications and receiving claimant calls as needed. I further direct DEO to identify a third-party company to assist with collection of physical applications and delivery to DEO. DEO shall immediately establish a secure system through which applications may be efficiently submitted for organized processing and review.

Section 4. Emergency Procurement

DEO shall immediately procure additional capacity, software, technology and/or other resources as needed to ensure the state's reemployment assistance call center, website and staff can accommodate the increasing volume of applications and queries.

Section 5. Implementation

DMS and DEO shall supplement and provide guidance as necessary to implement this order.

Section 6. Duration

This directive shall remain in effect until the expiration of Executive Order 20-52 including any extensions.

STATE OF FLORIDA

OFFICE OF THE GOVERNOR

EXECUTIVE ORDER NUMBER 20-94

(Emergency Management - COVID-19 - Mortgage Foreclosure and Eviction Relief)

WHEREAS, Novel Coronavirus Disease 2019 (COVID-19) is a severe acute respiratory illness that can spread among humans through respiratory transmission and presents with symptoms similar to those of influenza; and

AMERICAN OVERSIGHT

WHEREAS, on March 1, 2020, I issued Executive Order number 20-51 directing the Florida Department of Health to issue a Public Health Emergency; and

WHEREAS, on March 1, 2020, the State Surgeon General and State Health Officer declared a Public Health Emergency exists in the State of Florida as a result of COVID-19; and

WHEREAS, on March 9, 2020, I issued Executive Order 20-52 declaring a state of emergency for the entire State of Florida as a result of COVID-19; and

WHEREAS, on March 18, 2020, President Donald J. Trump announced that the Department of Housing and Urban Development ("HUD") authorized the Federal Housing Administration ("FHA") to implement an immediate foreclosure and eviction moratorium for FHA-insured single-family mortgages for 60 days due to the COVID-19 emergency; and

WHEREAS, on March 18, 2020, the Federal Housing Finance Agency ("FHFA") directed Fannie Mae and Freddie Mac to suspend foreclosures and evictions for Enterprise-backed single-family mortgages for at least 60 days due to the COVID-19 emergency; and

WHEREAS, I find that this emergency has impacted the ability of many Floridians with single-family mortgages to make their mortgage payments; and

WHEREAS, I find that providing targeted, temporary relief to Floridians with single-family mortgages is in the best interest of the state and its people; and

WHEREAS, I find that this emergency has impacted the ability of many Floridians with residential tenancies to make their rent payments; and

WHEREAS, I find that providing targeted, temporary relief to Floridians with residential tenancies is in the best interest of the state and its people; and

WHEREAS, as Governor, I am responsible for meeting the dangers presented to this state and its people by this emergency.

NOW, THEREFORE, I, RON DESANTIS, as Governor of Florida, by virtue of the authority vested in me by Article IV, Section (1)(a) of the Florida Constitution, Chapter 252, Florida Statutes, and all other applicable laws, promulgate the following Executive Order to take immediate effect:

Section 1. I hereby suspend and toll any statute providing for a mortgage foreclosure cause of action under Florida law for 45 days from the date of this Executive Order, including any extensions.

Section 2. I hereby suspend and toll any statute providing for an eviction cause of action under Florida law solely as it relates to non-payment of rent by residential tenants due to the COVID-19 emergency for 45 days from the date of this Executive Order, including any extensions.

Section 3. Nothing in this Executive Order shall be construed as relieving an individual from their obligation to make mortgage payments or rent payments.

EXECUTIVE ORDER NUMBER 20-93

(COVID-19 Emergency Order – Reemployment Assistance Program)

WHEREAS, on March 1, 2020, I issued Executive Order 20-51 directing the Florida Department of Health to issue a Public Health Emergency; and

WHEREAS, on March 1, 2020, the State Surgeon General and State Health Officer declared a Public Health Emergency exists in the State of Florida as a result of COVID-19; and

WHEREAS, on March 9, 2020, I issued Executive Order 20-52 declaring a state of emergency for the entire State of Florida as a result of COVID-19; and

WHEREAS, on March 16, 2020, President Donald J. Trump and the Centers for Disease Control and Prevention ("CDC") issued the "15 Days to Slow the Spread" guidance advising individuals to adopt far-reaching social distancing measures, such as avoiding gatherings of more than 10 people, and in states with evidence of community spread, recommending restrictions to certain establishments conducive to mass gatherings and congregations; and

WHEREAS, on March 29, 2020, the President extended such guidance to be in effect until April 30, 2020 and along with the White House Coronavirus Task Force urged Americans to continue to adhere to the guidelines and expand community mitigation efforts; and

WHEREAS, multiple Florida counties and local governments have ordered certain business closures and restricted public access outside of the home; and

AMERICAN OVERSIGHT

WHEREAS, on April 1, 2020, in concert with the efforts of President Trump and the White House Coronavirus Task Force, and based on guidance provided by Florida Surgeon General and State Health Officer, Dr. Scott Rivkees, I directed all persons in Florida to limit their movements and personal interactions outside of home to only those necessary to obtain or provide essential services or conduct essential activities; and

WHEREAS, many Florida businesses have been negatively impacted by the spread of COVID-19 and the precautionary measures taken by the nation in response to COVID-19; and

WHEREAS, thousands of Floridians are seeking help from the Florida Department of Economic Opportunity ("DEO") Reemployment Assistance Program leading to significantly greater demand upon DEO's personnel, infrastructure, technology, and resources; and

WHEREAS, I have already directed DEO to work in concert with the federal government and other state agencies to pursue all measures necessary to help Florida's citizens during these challenging times.

NOW, THEREFORE, I, RON DESANTIS, as Governor of Florida, by virtue of the authority vested in me by Article IV, Section (1)(a) of the Florida Constitution Chapter 252, Florida Statutes, and all other applicable laws, promulgate the following Executive Order to take immediate effect:

Section 1. Personnel Support for Reemployment Assistance

I hereby direct all executive agency heads, in consultation with the Department of Management Services ("DMS"), to identify and deploy executive agency personnel to assist DEO with their reemployment assistance efforts, including call center operations and other citizen

services. In order to improve the operation and responsiveness of DEO's reemployment assistance efforts, assigned personnel shall, to the extent reasonably possible, cease their current governmental responsibilities and fully devote their services to the DEO program. All deployed personnel shall maintain current benefits and salary and DEO shall determine how best to quickly utilize these employees to serve Floridians negatively impacted by COVID-19.

Section 2. Training

Training shall be streamlined and administered quickly, for a short duration, so that agency personnel may be deployed as soon as possible.

Section 3. Reemployment Applications

In light of the unprecedented and increasing call volume at DEO's reemployment assistance call center during the COVID-19 statewide emergency, DEO shall pursue, in addition to internet and telephonic reemployment applications, new or alternative forms and methods for receiving applications, including making paper applications readily available on DEO's website and throughout the state at each of the 24 Local Workforce Development Boards. I hereby direct CareerSource Florida to assist DEO with dissemination and collection of paper applications and direct DEO to identify a third-party company to assist with collection of physical applications and delivery to DEO. Governor Ron DeSantis

GENERAL QUESTIONS

When did the Governor's Executive Order take effect? How long does it last?

- The Governor's Executive Order took effect Friday, April 3, 2020, at 12:01 a.m. It lasts until Thursday, April 30, 2020, unless extended.

Is the Governor's Executive Order consistent with the federal Centers for Disease Control and Prevention (CDC) guidance on 30 Days to Slow the Spread?

- Yes. See the President's and CDC's guidance at: https://www.whitehouse.gov/wp-content/uploads/2020/03/03.16.20_coronavirus-guidance_8.5x11_315PM.pdf

May senior citizens and individuals with significant medical conditions leave their homes to go to the grocery store or pharmacy, or go for a walk, or go to work at an essential service?

- Yes - they may leave their homes when necessary to obtain or provide essential services or conduct essential activities.

ESSENTIAL SERVICES & ACTIVITIES; TELEWORKING

How do I know what qualifies as an essential service?

- See the list here: https://www.floridadisaster.org/

How do I know what qualifies as an essential activity?

- The Governor's Executive Order lists the following:
  - Attending religious services conducted in churches, synagogues and houses of worship; and
  - Participating in recreational activities (consistent with social distancing guidelines) such as walking, biking, hiking, fishing, hunting, running, or swimming; and

AMERICA OVERSIGHT

- Taking care of pets; and
- Caring for or otherwise assisting a loved one or friend.

- See the list here: https://www.floridadisaster.org/

If my business is not an essential service, must I close the physical location to customers?

- Yes.

Am I allowed to continue my business from home or remotely?

- Yes - the Governor's Executive Order encourages individuals to work from home.

May my business and its employees operate remotely and provide delivery of our product?

- Yes - all businesses are encouraged to provide delivery or pickup and to take orders online or by telephone.

Does my business need a permit or other documentation to remain open?

- No.

Are restaurants, or other sellers of food and beverage, permitted to continue takeout and delivery services?

- Yes. See Florida Department of Business and Professional Regulation (DBPR) guidance at: http://www.myfloridalicense.com/dbpr/emergency/

Hello all – Here is a draft of a mental health tips article for review.

Donna – Thank you for the Aspire contact, he was great to interview and Jack, our writer, found him super helpful.

Seif & Matt – this might be good content for a video as well and we can get you this contact if you want.

We also suggested to Dr. Toal that we do a follow-up story once the smoke clears on this pandemic and focus on what the post-pandemic world looks like emotionally and spiritually and some of the good things that may have come as a result of this. He loved the idea.

DRAFT

Coping with Stress and Anxiety During the COVID-19 Pandemic

The health-threatening nature of the COVID-19 pandemic, along with the social distancing, stay-at-home mandates and self-isolation that have come with it, have brought added stress into our everyday lives. Many people are experiencing a major increase in anxiety as a result of the pandemic and the uncertainty associated with how it will continue to impact us going forward.

"We've never experienced anything like this before because although there have been more severe pandemics throughout history, the world is a much more connected place today," said Orlando-based Philip Toal, ED.D., LMHC, senior vice president for Aspire Health Partners. "We can get on an airplane and infect people all over the world, plus with social media we're getting a constant barrage of information that many of us find difficult to absorb, thus heightening our sense of stress and anxiety."

Toal, who stresses we are all in the same boat and in this together, recommends the following strategies for coping with COVID-19-related stress and anxiety:

- **Know Your Response to Stress**. To accurately determine how the pandemic is affecting you, you must understand how you respond to stress and stressful situations. Everyone is different, so learn how to identify when your stress level is going up, and get comfortable with recognizing this. If you find yourself disengaging, for example, you know you're stressed, and you can take steps to reduce it.

- **Allow Breaks from the News**. Take time away from news cycles and the constant barrage of information coming your way. Give yourself some quiet time. Distract yourself — listen to music, watch a movie, read, bake a cake, write in a journal, do some yard work. Engage in these activities and don't forget what works for you.

- **Engage in Regular Exercise**. Take a walk around the block or go for a bike ride. If you have a dog, it's a great excuse to go for walks. Come up with exercise routines you can do in your house.

- **Get Regular Rest**. Stress negatively impacts sleep, and getting proper sleep is critical to maintain good mental health. Try to keep as much of a routine schedule as you can so your sleep patterns are steady.

- **Reach out for Support**. Especially for the elderly and singles, isolation can be very stressful. We can't go to work, church or a restaurant to socialize right now,

AMERICAN OVERSIGHT

so be sure to reach out to friends and family via phone call, video conferencing, etc. This is when technology can be a positive.

- **Things Will Get Better**. Remember, even though things are uncertain, the pandemic is time-limited. This is a virus, and viruses run their course. Additionally, doctors are working on treatments and finding a cure.

- **Give Your Family Needed Space**. If you're with family members during Stay at Home orders, recognize your differences and what they need — alone time, down time, exercise — and respect that amongst each other. As much as we love our families, we can still get on each other's nerves.

- Embrace Family Togetherness. Take this opportunity to engage with your family in different ways. Besides eating meals together, you can binge watch movies/TV shows, play cards/board games, or do a home improvement project together. Remember, this is your chance to become closer.

- **Talk about Your Feelings**. Remember to communicate how you're feeling to your family and close friends. Share your fears, concerns and anxieties about the pandemic. Talking it through helps.

- **Explore New Hobbies and Activities**. Creative activities, such as arts and crafts, move you to the right side of your brain and are healing in nature. So try painting or drawing, or maybe start writing that book you've always wanted to write. Explore … and see where it takes you.

Behavioral Health Resources:

- Heart of Florida United Way's 2-1-1 crisis call line or Aspire Health Partners at 407-875-3700, extension 2. Both are available 24 hours a day, seven days a week.

- The Mental Health Association of Central Florida has a referral line — 407-898-0110 — and an online tool to help residents in Orange, Osceola and Seminole counties find counselors. The center is open 9 a.m. to 5 p.m. weekdays.

- Peer Support Space, a local grass-roots nonprofit led by people in recovery for mental health and substance abuse challenges, has support groups meeting virtually during the stay-at-home mandate and other resources. Go to peersupportspace.org/covid-response.

- NAMI Greater Orlando has an information helpline open Monday through Friday, 9 a.m. to 5 p.m., at 407-253-1900. The organization also has begun offering online support groups.

AMERICAN OVERSIGHT

- To make an appointment for behavioral health services at Community Health Centers in Orange or Lake counties, call 407-905-8827 or 352-314-7400 weekdays during normal business hours.

- For the national Disaster Distress Helpline, available 24-7, call 1-800-985-5990 or text TalkWithUs to 66746. People with deafness or hearing loss can use their preferred relay service to call 1-800-985-5990.

- For the National Suicide Prevention Lifeline, available 24-7, call 1-800-273-8255.

Are any of my followers, who have a loved one in a Central Florida nursing home, concerned about the state not releasing the names of nursing homes / assisted living facilities with Covid-19 positive residents or staff? @WFTV

Subject: News Conference - Key Take Away Details

Good evening,

A recap of the news conference held today at 3:00 p.m. can be found in the county's newsroom. Key take away points include the following along with today's news conference video.

https://newsroom.ocfl.net/media-advisories/press-releases/2020/03/coronavirus-updates/

Top Takeaways to Remember: COVID-19 | March 20, 2020

Curfew:

- Residents must continue to practice social distancing *at all times* and be mindful of unnecessary trips and social interactions.
- To help ensure public safety measures and encourage social distancing, a daily curfew for Orange County has been implemented (March 20, 2020), effective daily from 11 p.m. through 5 a.m.
- Exemptions for the curfew include essential workers like medical, government and first responders,***as well as residents reporting for regular work***. The Orange County Sheriff's Office will enforce this curfew starting March 20, 2020 and moving forward.

COVID-19 Rental Assistance Program:

- Because of the hardship in our community, we are offering a COVID-19 Rental Assistance Program to help those who reside in Orange County.
- This is a one-time benefit for one month's rent assistance for Orange County residents only.
- Orange County Government has established a Crisis Assistance Hotline at 407-836-6500. Hours, criteria, and additional information can be found in the Resident Recourses tab on ocfl.net/coronavirus.
- Appointments will not be given to Orange County residents who are receiving payment from their employer. You MUST call for an appointment.

Governor DeSantis

- Governor Ron DeSantis has issued an Executive Order that directs all restaurants and food establishments in the state to suspend on-premise food and alcohol for consumption. The listed establishments may, however, operate their kitchens for the purpose of providing delivery or take-out services.
- The Executive Order also requires the closures of gyms and fitness centers within the state.

Anxiety is Normal:

- In times of stress, many times anxiety can overwhelm some of us, and that is understandable and normal. Residents are

AMERICAN OVERSIGHT

asked to stay calm, informed and measured as Orange County Governments implements a proactive and planned response.
- ***Take care of yourself and family – both physically and mentally.*** Information is power and arms you with the reassurance you need for yourself, loved ones and neighbors.

Happy Sunday!!

Using the talking points I provided yesterday, anyone can answer questions. If reportersd. If your team has any remaining questions, you can give me a call and I can hopefully supplement some answers before the press conference.

Let me know how I can help 😊

Could anyone talk about the testing sites based on the points? We are just in a bind about who can actually talk about this at our news conference? Because that's obviously all media will be asking. Or since it will be Wednesday do we just wait for the PIO to be there?

AMERICAN OVERSIGHT

WEBSITE MESSAGING:

Overall message:

Florida is taking all necessary precautions to keep Floridians safe and healthy. This includes ordering an additional 2,500 test kits to prepare for potential testing increase and supporting installing four drive-thru testing sites to test healthcare workers, first responders and those 65 and older exhibiting COVID-19 symptoms.

These drive-thru testing facilities reduce surge at health departments and help prevent unnecessary spread at healthcare facilities. Additionally, these sites provide access to testing for those at risk for developing severe symptoms.

There are three federal drive-thru testing sites opening. They will be located at the Orange County Convention Center, the TIAA Bank Field Stadium Lot J and the Hard Rock Stadium. At these sites, individuals will have their swab sample collected and the sample will be sent to nearby approved testing lab.

PATIENT FAQ:

What are the symptoms that would allow me to meet the criteria for testing?

This testing center will initially begin only testing high-risk individuals that meet the below criteria:

-Anyone 65 years old or older with an on-site temperature above 99.6 and respiratory symptoms.

-All first responders and heath care workers, regardless of symptom presence.

When are the testing centers open?

All drive-thru testing sites are expected to be fully operational by mid-week.

Why are you only testing this criteria?

Health care workers and first responders are at a higher risk of contracting COVID-19. Additionally, 65+ individuals are at higher risk of developing serious illness as a result of contracting COVID-19. In order to efficiently utilize resources, such as testing kits and Personal Protective Equipment, providing high-risk individuals these resources is crucial to protecting our communities overall.

How long does the drive-thru take?

This is an innovative tool to address COVID-19. As these centers come online, we will have a greater understanding of how long these processes will take. Individuals should

AMERICAN OVERSIGHT

be prepared for long wait times, we anticipate this will take around 20 minutes per person.

What does the drive-thru testing process entail?

Patients will not be exiting the vehicle. As vehicles enter the center, individuals will be screened for symptoms and asked relevant questions. If patients are determined to fall within the testing criteria, they will then move on to individual registration. Following this, samples will be collected, and individuals will be informed on what to expect regarding testing process, who will contact them and timeframe.

Will you test my spouse/other household members?

If individuals in a vehicle meet the criteria, multiple people can be tested.

Do I need insurance?

No, all individuals who meet the criteria will be tested regardless of insurance status. However, individuals with insurance should bring their information. Please note, no co-pays will be required of individuals who bring their insurance.

Does this test cost money?

This is a free public and innovative resource available to high-risk groups.

I am a tourist from outside the United States and I have symptoms of COVID-19. Can I get tested?

Yes, all individuals who meet the criteria will be tested in order to protect the public health of Florida communities and mitigate the spread of COVID-19.

What should I do while I wait for my results?

Results will be processed by approved labs. We ask patients that are under investigation to self-isolate to prevent the risk of spreading illness to those around them. Please be patient as samples are tested and take the necessary precautions to monitor symptoms and self-isolate.

How will I receive results?

At discharge, you will be informed what to expect regarding contact and timeframe.

Subject: News Conference Key Take Away

Hello Communicators, and happy Tuesday.

Here are the key topics from Monday's news conference. We appreciate you staying in touch with us and sharing these details.

https://newsroom.ocfl.net/media-advisories/press-releases/2020/03/coronavirus-updates/

Top Takeaways: Orange County Government's News Conference 3/30/20

Growing Number of COVID-19 Cases in Orange County
According to the latest numbers from the Florida Department of Health, Orange County has 293 confirmed cases of COVID19. This growing number puts Orange County fourth in the state for confirmed cases. Only Miami-Dade, Broward and Palm Beach counties have more.

Stay At Home
All residents and guests in Orange County must to adhere to the Stay-at-Home order, currently in effect.
Even if a business is deemed essential, Orange County Government is urging employers to have employees work from home if at all possible. The County is also urging residents to think about protecting the health of their loved ones, as well as their neighbors.
It is important to remember, you can still spread the virus even if you are asymptomatic.
Residents with questions about the Stay At Home Order, can learn more by reading the Order's frequently asked questions.

Economic Resiliency and Community Support
Orange County Government's Office of Emergency Management has activated a diverse, bilingual team to provide emergency support resources to local businesses across the County. This emergency support function can provide resources regarding funding sources for devastated business, employee safety information related to COVID-19, employee assistance information and other vetted resources for businesses.
Additionally, the federal government recently approved the CARES Act, which will provide a number of resources for our local businesses including the Paycheck Protection Program that allows small businesses to receive forgivable loans to help retain employees and avoid layoffs.
For more information, business owners can call 407-254-8833, or emailESF18@ocfl.net.

Meals on Wheels Volunteers Needed
The Seniors First's program Meals on Wheels delivers nutritious meals to homebound seniors. Due to the community health

AMERICA OVERSIGHT

situation, Senior's First is experiencing a shortage of volunteers to make these life-essential deliveries. Able volunteers can visit SeniorsFirstinc.org for volunteering information.

Hi Everybody,

Following today's news conference Orange County will do a brief summary of key takeaways in Spanish. Please provide 2 or 3 bullets of information you would like reiterated in this taping.. and or send talking points created for your speakers and we can pull from there.

If possible, I would like all of these elements in by 3:30 p.m. THANK YOU!!

Sincerely,

Subject: OCCC test site update

Confirmed from state PIO for EM. We will make webpage adjustments accordingly:

Tomorrow will be a soft opening of the site and open to first responders only. Thursday will be fully operational and open to health care workers, first responders and 65+ with an on-site fever of 99.6 or higher. They did this similar process in Miami

Subject: OCCC testing site closed today

Good morning. Testing site closed down as of 9:07 a.m. this morning at the Convention Center due to volume and demand.

Social team – they are asking that we tell people it is closed today. May we please share this info?

Also, if people complain on the 250 limit, the state says we can say we can't go over 250 because of lab processing restrictions.

- Recommends protective actions for the general public
- Wash hands frequently with soap and water (minimum 20 seconds)
- Use hand sanitizer when soap and water are not available
- Hand sanitizer should be 60% alcohol or greater
- Sanitizing wipes should kill 99.9% of germs
- Stay home when you are sick
- Avoid close contact with people who are sick
- There is little value for healthy people to wear masks, save them for health care
- Gloves provide minimal protection for ordinary use as they have to be changed frequently
- The elderly, the young, and people with chronic health conditions are most susceptible

ESF 1 - TRANSPORTATION

The CDC has identified the following countries as areas of concern: China, Iran, South Korea, Italy, Japan and Hong Kong.

Orlando International Airport does not have any direct flights to or from the countries of concern. Orlando International Airport has increased sanitation and their cleaning schedules as is typical for cold and flu season.

The Greater Orlando Aviation Authority (GOAA) Fire Department is following Orange County Medical Director guidelines while monitoring the Centers for Disease Control (CDC).

Lynx has increased their cleaning schedules of all busses, installing hand sanitizer stations on busses and in each facility. Lynx is educating all staff on good hygiene practices.

ESF 4 & 9 - FIREFIGHTING & URBAN SEARCH & RESCUE

The Orange County Fire Rescue Department (OCFRD) is closely monitoring the COVID-19 situation. OCFRD has the appropriate equipment and protocols in place for treating and transporting suspected COVID-19 cases. The Orange County Fire Rescue Department developed and issued an internal COVID-19 Action Plan to govern Fire Rescue Operations and has provided training to all personnel regarding Personal Protective Equipment, treating infectious disease patients, and decontaminating units and equipment following a suspected COVID-19 incident. OCFRD has deployed specialized equipment to decontaminate medical transport units following a suspected COVID-19 incident.

Date of Report: 3/9/2020

DOH Orange Call center steady with approximately 50 calls per day (mainly worried well)
Orange County data from Department of Health in Orange County, Dr. Raul Pino March 9th 0900 hours.

Dr. Pino stated the private labs performing the COVID-19 testing would adhere to CDC guidelines concerning testing and notification.

Dr. Pino also stated they have been in touch with Orange County Public Schools to dispel rumors of a student with COVID-19. At present, all schools remain open. Closure of one or all schools would depend on the need and spread based on exposure tracing.

Orange County Department of Health is continuing preparations for mobile COVID-19 site testing. The mobile sites will be ready for utilization by Wednesday, March 11, 2020. The Lake Underhill Clinic will be ready for testing by Friday, March 13, 2020. Registered Nurses are available for testing once the need arises.

Within Orange County, securing supplies continues to be an ongoing issue. Locally, most requests for supplies are on backorder or have been cancelled. Hand sanitizer dispensers were backordered on Friday afternoon leaving DOH with only stands and refills. DOH is waiting for 2,000 N-95 masks from one vendor, while another order of masks was backordered. The request for 150,000 N-95 masks sent through Emergency Management will not been processed by the state at this time.

Orange County Public Schools Office of Emergency Management (OEM) reports that they have established an internal working group that conducts weekly meetings. Orange County Public Schools has coordinated with FDOH-Orange and continues to conduct briefings and advisories for students, parents, administration and staff. Orange County Public Schools OEM is finalizing their COVID-19 Action Plan.

Orange County Convention Center (OCCC) reports four major cancellations:

- Ellucian Live 2020 Event
- Health Information and Management Systems Society Global Conference & Exhibition
- Grainger Show 2020
- McDonald's Corporation Worldwide Conference

Orange County Convention Center has launched a website with information at:
https://www.occc.net/coronavirus.

The OCCC has a disinfectant procedure in place for all cleanings during move-in and throughout conventions, which adhere to the CDC and the World Health Organization (WHO) guidance. There is also an increased number of hand sanitation sites available at the OCCC and surrounding campus, providing alcohol-based hand sanitizer for all attendees and staff. OCCC is recommending "handshake-free" meetings.

Visit Orlando reports international travel represents 9% of total visits in Orange County, Florida.

Theme Parks report they are increasing the level of sanitation and cleaning which is normal for cold and flu season. All theme parks are reporting normal attendance at this time.

Theme parks will admit guests who are wearing masks as long as they comply with existing park policies regarding the masks.

The Orange County Fire Marshal's Office requires a permit for all events that have 50 or more attendees. Through the permitting process, the Fire Marshal's Office has received the following cancelations for shows outside of the Orange County Convention Center:

OSCEOLA COUNTY SHERIFF'S OFFICE

BY DEPUTY JERRY WEILAND
Osceola County Sheriff's Office

Put your BEST FOOT *forward*

Occasionally I think it's a good idea to remind and refresh ourselves on the basics, in this case pedestrian safety. This month I want to challenge everyone to put your best foot forward. What does this mean, you ask? Best Foot Forward (BFF) is a pedestrian safety initiative which was launched in June 2012 to reduce pedestrian deaths and injuries in Metro Orlando by getting drivers to yield to pedestrians in crosswalks ***and*** getting pedestrians to cross streets legally. The Osceola County Sheriff's Office participates in several BFF safety operations annually throughout the county. We identify these locations either by complaints, daily observations of deputies or crash statistics, and then conduct BFF traffic operations. Recently nine such operation resulted in over 75 tickets and warnings being issued in only a few hours!

A few facts on pedestrian crashes. In the U.S., a pedestrian is struck by a car about every seven minutes. It is estimated that over 5000 pedestrians are killed each year and over 70,000 injured. Central Florida routinely ranks, at or near the top, of the list in the entire country for pedestrian deaths. On average in Central Florida, three pedestrians are injured each day and one is killed each week. 14% of pedestrian deaths in Florida occurred in marked crosswalks.

WHY DOES **THIS HAPPEN?**

Most persons had to, at least once, read the driving manual prior to testing for their first drivers' license. Unfortunately the rules of the road aren't always a required thing to remember when renewing your license. This should be changed. There are those drivers who simply do not care, are in a rush and have the attitude that pedestrian safety doesn't matter. Drivers are also more distracted and more often, not aware of the laws. Pedestrians are also at fault and put themselves at risk when illegally crossing the streets. Now add the mix of tourists not paying attention or not familiar with our rules of the road, but are still given a rental car nonetheless.

DO PEDESTRIANS ALWAYS **HAVE THE RIGHT OF WAY?**

The answer to no. Florida traffic laws clearly lay out the rules of the road that enable pedestrians and drivers to share the road. Pedestrians - just like drivers; must obey traffic laws. Florida statutes state, "No pedestrian shall suddenly leave a curb or other place of safety and walk or run into the path or a vehicle which is so close that it is impossible for the driver to yield." This means a pedestrian has the obligation to wait on the curb and CAN NOT begin crossing the road when a vehicle is so close that they are not able to stop. Laws also state, "Where sidewalks are provided, no pedestrian shall, unless required by other circumstances, walk along and upon the portion of a roadway paved for vehicular traffic."

DRIVER LAWS **FOR STOPPING.**

Likewise and what should be more well known, is that there are many stipulations as to when a vehicle must stop for pedestrians. Florida laws state; "The driver of a vehicle at any crosswalk where a sign so indicates shall **stop and remain stopped** to allow a pedestrian to cross a roadway when the pedestrian is in the crosswalk or steps into the crosswalk and is upon the half of the roadway upon which the vehicle is traveling or when the pedestrian is approaching so closely from the opposite half of the roadway as to be in danger." Additional laws state "When a vehicle is stopped at a crosswalk to permit a pedestrian to cross the roadway, the driver of any other vehicle approaching from the rear shall not overtake and pass such stopped vehicle."

Put your best foot forward
Celebration News
March 2020
Osceola County Sheriff's Office

The "stop for pedestrian signs" you'll occasionally see put out at the midblock crosswalks on Celebration Avenue do not require stopping at UNLESS, there is a pedestrian, but you should always be prepared to stop. Those signs are to help warn drivers of the crosswalks and laws. Driving safely is your responsibility. If you're driving, pay attention, look ahead, be prepared to stop and then actually stop for all pedestrians. The hurry that you're in, is not worth the damage to lives you may cause.

We all understand that life in today's world moves quickly. Between jobs, family lives and other daily obligations, we are all rushing to accomplish tasks. None of these are an excuse to be unsafe. What never should be forgotten is that everybody's main goal is to make it home safely at the days end. Drivers, including you cyclists using the roads, and pedestrians must work together to share the roads and obey traffic laws to remain alive. Do not be a statistic. There is too much to lose. We will be in Celebration soon conducting traffic operations to watch for those being unsafe. Consider this your traffic warning from me as I'll be only writing tickets to violators, especially when these operations are going on. Please be safe and change those bad driving or walking habits. ●

SAFETY TIPS FOR PEDESTRIANS **TO FOLLOW WHEN CROSSING THE ROAD.**

1. Stop at the curb or edge of the street. If vehicles parked on the street block your view of traffic, move forward to the edge of the line of parked vehicles where you can observe traffic in both directions. Be visible to drivers and recognize when to yield to motorists.
2. Look left, right, then left again for approaching traffic.
3. At an intersection corner, also check all directions for turning vehicles.
4. Determine whether there is a gap in traffic that is safe for both pedestrian and driver. Never assume that drivers see you or will stop for you.
5. When there is a safe gap in traffic, walk directly across the street at a consistent pace. Continuously look out for motorists or other hazards and **stop looking at your phones** when crossing. Remember drivers may not be attentive or tourists may not be familiar with the area. Always watch for any quick turning movements or drivers disregarding Florida traffic laws.

DRIVING **SAFETY TIPS**

1. Look out for pedestrians everywhere, at all times. Safety is a shared responsibility.
2. Use extra caution when driving in hard-to-see conditions, such as nighttime or bad weather.
3. Slow down and be prepared to stop when turning, nearing or otherwise entering a crosswalk.

OSCEOLA COUNTY SHERIFF'S OFFICE

BY DEPUTY JERRY WEILAND
Osceola County Sheriff's Office

Put your BEST FOOT *forward*

Occasionally I think it's a good idea to remind and refresh ourselves on the basics, in this case pedestrian safety. This month I want to challenge everyone to put your best foot forward. What does this mean, you ask? Best Foot Forward (BFF) is a pedestrian safety initiative which was launched in June 2012 to reduce pedestrian deaths and injuries in Metro Orlando by getting drivers to yield to pedestrians in crosswalks ***and*** getting pedestrians to cross streets legally. The Osceola County Sheriff's Office participates in several BFF safety operations annually throughout the county. We identify these locations either by complaints, daily observations of deputies or crash statistics, and then conduct BFF traffic operations. Recently nine such operation resulted in over 75 tickets and warnings being issued in only a few hours!

A few facts on pedestrian crashes. In the U.S., a pedestrian is struck by a car about every seven minutes. It is estimated that over 5000 pedestrians are killed each year and over 70,000 injured. Central Florida routinely ranks, at or near the top, of the list in the entire country for pedestrian deaths. On average in Central Florida, three pedestrians are injured each day and one is killed each week. 14% of pedestrian deaths in Florida occurred in marked crosswalks.

WHY DOES THIS HAPPEN?

Most persons had to, at least once, read the driving manual prior to testing for their first drivers' license. Unfortunately the rules of the road aren't always a required thing to remember when renewing your license. This should be changed. There are those drivers who simply do not care, are in a rush and have the attitude that pedestrian safety doesn't matter. Drivers are also more distracted and more often, not aware of the laws. Pedestrians are also at fault and put themselves at risk when illegally crossing the streets. Now add the mix of tourists not paying attention or not familiar with our rules of the road, but are still given a rental car nonetheless.

DO PEDESTRIANS ALWAYS HAVE THE RIGHT OF WAY?

The answer to no. Florida traffic laws clearly lay out the rules of the road that enable pedestrians and drivers to share the road. Pedestrians - just like drivers; must obey traffic laws. Florida statutes state, "No pedestrian shall suddenly leave a curb or other place of safety and walk or run into the path of a vehicle which is so close that it is impossible for the driver to yield." This means a pedestrian has the obligation to wait on the curb and CAN NOT begin crossing the road when a vehicle is so close that they are not able to stop. Laws also state, "Where sidewalks are provided, no pedestrian shall, unless required by other circumstances, walk along and upon the portion of a roadway paved for vehicular traffic."

DRIVER LAWS FOR STOPPING.

Likewise and what should be more well known, is that there are many stipulations as to when a vehicle must stop for pedestrians. Florida laws state; "The driver of a vehicle at any crosswalk where a sign so indicates shall **stop and remain stopped** to allow a pedestrian to cross a roadway when the pedestrian is in the crosswalk or steps into the crosswalk and is upon the half of the roadway upon which the vehicle is traveling or when the pedestrian is approaching so closely from the opposite half of the roadway as to be in danger." Additional laws state "When a vehicle is stopped at a crosswalk to permit a pedestrian to cross the roadway, the driver of any other vehicle approaching from the rear shall not overtake and pass such stopped vehicle."

Put your best foot forward
Celebration News
March 2020
Osceola County Sheriff's Office

The "stop for pedestrian signs" you'll occasionally see put out at the midblock crosswalks on Celebration Avenue do not require stopping at UNLESS, there is a pedestrian, but you should always be prepared to stop. Those signs are to help warn drivers of the crosswalks and laws. Driving safely is your responsibility. If you're driving, pay attention, look ahead, be prepared to stop and then actually stop for all pedestrians. The hurry that you're in, is not worth the damage to lives you may cause.

We all understand that life in today's world moves quickly. Between jobs, family lives and other daily obligations, we are all rushing to accomplish tasks. None of these are an excuse to be unsafe. What never should be forgotten is that everybody's main goal is to make it home safely at the days end. Drivers, including you cyclists using the roads, and pedestrians must work together to share the roads and obey traffic laws to remain alive. Do not be a statistic. There is too much to lose. We will be in Celebration soon conducting traffic operations to watch for those being unsafe. Consider this your traffic warning from me as I'll be only writing tickets to violators, especially when these operations are going on. Please be safe and change those bad driving or walking habits. ●

SAFETY TIPS FOR PEDESTRIANS TO FOLLOW WHEN CROSSING THE ROAD.

1. Stop at the curb or edge of the street. If vehicles parked on the street block your view of traffic, move forward to the edge of the line of parked vehicles where you can observe traffic in both directions. Be visible to drivers and recognize when to yield to motorists.
2. Look left, right, then left again for approaching traffic.
3. At an intersection corner, also check all directions for turning vehicles.
4. Determine whether there is a gap in traffic that is safe for both pedestrian and driver. Never assume that drivers see you or will stop for you.
5. When there is a safe gap in traffic, walk directly across the street at a consistent pace. Continuously look out for motorists or other hazards and **stop looking at your phones** when crossing. Remember drivers may not be attentive or tourists may not be familiar with the area. Always watch for any quick turning movements or drivers disregarding Florida traffic laws.

DRIVING SAFETY TIPS

1. Look out for pedestrians everywhere, at all times. Safety is a shared responsibility.
2. Use extra caution when driving in hard-to-see conditions, such as nighttime or bad weather.
3. Slow down and be prepared to stop when turning, nearing or otherwise entering a crosswalk.

OSCEOLA COUNTY SHERIFF'S OFFICE

BY DEPUTY JERRY WEILAND
Osceola County Sheriff's Office

Put your BEST FOOT *forward*

Occasionally I think it's a good idea to remind and refresh ourselves on the basics, in this case pedestrian safety. This month I want to challenge everyone to put your best foot forward. What does this mean, you ask? Best Foot Forward (BFF) is a pedestrian safety initiative which was launched in June 2012 to reduce pedestrian deaths and injuries in Metro Orlando by getting drivers to yield to pedestrians in crosswalks ***and*** getting pedestrians to cross streets legally. The Osceola County Sheriff's Office participates in several BFF safety operations annually throughout the county. We identify these locations either by complaints, daily observations of deputies or crash statistics, and then conduct BFF traffic operations. Recently nine such operation resulted in over 75 tickets and warnings being issued in only a few hours!

A few facts on pedestrian crashes. In the U.S., a pedestrian is struck by a car about every seven minutes. It is estimated that over 5000 pedestrians are killed each year and over 70,000 injured. Central Florida routinely ranks, at or near the top, of the list in the entire country for pedestrian deaths. On average in Central Florida, three pedestrians are injured each day and one is killed each week. 14% of pedestrian deaths in Florida occurred in marked crosswalks.

WHY DOES THIS HAPPEN?

Most persons had to, at least once, read the driving manual prior to testing for their first drivers' license. Unfortunately the rules of the road aren't always a required thing to remember when renewing your license. This should be changed. There are those drivers who simply do not care, are in a rush and have the attitude that pedestrian safety doesn't matter. Drivers are also more distracted and more often, not aware of the laws. Pedestrians are also at fault and put themselves at risk when illegally crossing the streets. Now add the mix of tourists not paying attention or not familiar with our rules of the road, but are still given a rental car nonetheless.

DO PEDESTRIANS ALWAYS HAVE THE RIGHT OF WAY?

The answer to no. Florida traffic laws clearly lay out the rules of the road that enable pedestrians and drivers to share the road. Pedestrians - just like drivers; must obey traffic laws. Florida statutes state, "No pedestrian shall suddenly leave a curb or other place of safety and walk or run into the path of a vehicle which is so close that it is impossible for the driver to yield." This means a pedestrian has the obligation to wait on the curb and CAN NOT begin crossing the road when a vehicle is so close that they are not able to stop. Laws also state, "Where sidewalks are provided, no pedestrian shall, unless required by other circumstances, walk along and upon the portion of a roadway paved for vehicular traffic."

DRIVER LAWS FOR STOPPING.

Likewise and what should be more well known, is that there are many stipulations as to when a vehicle must stop for pedestrians. Florida laws state; "The driver of a vehicle at any crosswalk where a sign so indicates shall **stop and remain stopped** to allow a pedestrian to cross a roadway when the pedestrian is in the crosswalk or steps into the crosswalk and is upon the half of the roadway upon which the vehicle is traveling or when the pedestrian is approaching so closely from the opposite half of the roadway as to be in danger." Additional laws state "When a vehicle is stopped at a crosswalk to permit a pedestrian to cross the roadway, the driver of any other vehicle approaching from the rear shall not overtake and pass such stopped vehicle."

SAFETY TIPS FOR PEDESTRIANS TO FOLLOW WHEN CROSSING THE ROAD.

1. Stop at the curb or edge of the street. If vehicles parked on the street block your view of traffic, move forward to the edge of the line of parked vehicles where you can observe traffic in both directions. Be visible to drivers and recognize when to yield to motorists.
2. Look left, right, then left again for approaching traffic.
3. At an intersection corner, also check all directions for turning vehicles.
4. Determine whether there is a gap in traffic that is safe for both pedestrian and driver. Never assume that drivers see you or will stop for you.
5. When there is a safe gap in traffic, walk directly across the street at a consistent pace. Continuously look out for motorists or other hazards and **stop looking at your phones** when crossing. Remember drivers may not be attentive or tourists may not be familiar with the area. Always watch for any quick turning movements or drivers disregarding Florida traffic laws.

DRIVING SAFETY TIPS

1. Look out for pedestrians everywhere, at all times. Safety is a shared responsibility.
2. Use extra caution when driving in hard-to-see conditions, such as nighttime or bad weather.
3. Slow down and be prepared to stop when turning, nearing or otherwise entering a crosswalk.

The "stop for pedestrian signs" you'll occasionally see put out at the midblock crosswalks on Celebration Avenue do not require stopping at UNLESS, there is a pedestrian, but you should always be prepared to stop. Those signs are to help warn drivers of the crosswalks and laws. Driving safely is your responsibility. If you're driving, pay attention, look ahead, be prepared to stop and then actually stop for all pedestrians. The hurry that you're in, is not worth the damage to lives you may cause.

We all understand that life in today's world moves quickly. Between jobs, family lives and other daily obligations, we are all rushing to accomplish tasks. None of these are an excuse to be unsafe. What never should be forgotten is that everybody's main goal is to make it home safely at the days end. Drivers, including you cyclists using the roads, and pedestrians must work together to share the roads and obey traffic laws to remain alive. Do not be a statistic. There is too much to lose. We will be in Celebration soon conducting traffic operations to watch for those being unsafe. Consider this your traffic warning from me as I'll be only writing tickets to violators, especially when these operations are going on. Please be safe and change those bad driving or walking habits. ●

OSCEOLA COUNTY SHERIFF'S OFFICE

BY DEPUTY JERRY WEILAND
Osceola County Sheriff's Office

Put your BEST FOOT *forward*

Occasionally I think it's a good idea to remind and refresh ourselves on the basics, in this case pedestrian safety. This month I want to challenge everyone to put your best foot forward. What does this mean, you ask? Best Foot Forward (BFF) is a pedestrian safety initiative which was launched in June 2012 to reduce pedestrian deaths and injuries in Metro Orlando by getting drivers to yield to pedestrians in crosswalks ***and*** getting pedestrians to cross streets legally. The Osceola County Sheriff's Office participates in several BFF safety operations annually throughout the county. We identify these locations either by complaints, daily observations of deputies or crash statistics, and then conduct BFF traffic operations. Recently nine such operation resulted in over 75 tickets and warnings being issued in only a few hours!

A few facts on pedestrian crashes. In the U.S., a pedestrian is struck by a car about every seven minutes. It is estimated that over 5000 pedestrians are killed each year and over 70,000 injured. Central Florida routinely ranks, at or near the top, of the list in the entire country for pedestrian deaths. On average in Central Florida, three pedestrians are injured each day and one is killed each week. 14% of pedestrian deaths in Florida occurred in marked crosswalks.

WHY DOES THIS HAPPEN?

Most persons had to, at least once, read the driving manual prior to testing for their first drivers' license. Unfortunately the rules of the road aren't always a required thing to remember when renewing your license. This should be changed. There are those drivers who simply do not care, are in a rush and have the attitude that pedestrian safety doesn't matter. Drivers are also more distracted and more often, not aware of the laws. Pedestrians are also at fault and put themselves at risk when illegally crossing the streets. Now add the mix of tourists not paying attention or not familiar with our rules of the road, but are still given a rental car nonetheless.

DO PEDESTRIANS ALWAYS HAVE THE RIGHT OF WAY?

The answer to no. Florida traffic laws clearly lay out the rules of the road that enable pedestrians and drivers to share the road. Pedestrians - just like drivers; must obey traffic laws. Florida statutes state, "No pedestrian shall suddenly leave a curb or other place of safety and walk or run into the path of a vehicle which is so close that it is impossible for the driver to yield." This means a pedestrian has the obligation to wait on the curb and CAN NOT begin crossing the road when a vehicle is so close that they are not able to stop. Laws also state, "Where sidewalks are provided, no pedestrian shall, unless required by other circumstances, walk along and upon the portion of a roadway paved for vehicular traffic."

DRIVER LAWS FOR STOPPING.

Likewise and what should be more well known, is that there are many stipulations as to when a vehicle must stop for pedestrians. Florida laws state; "The driver of a vehicle at any crosswalk where a sign so indicates shall **stop and remain stopped** to allow a pedestrian to cross a roadway when the pedestrian is in the crosswalk or steps into the crosswalk and is upon the half of the roadway upon which the vehicle is traveling or when the pedestrian is approaching so closely from the opposite half of the roadway as to be in danger." Additional laws state "When a vehicle is stopped at a crosswalk to permit a pedestrian to cross the roadway, the driver of any other vehicle approaching from the rear shall not overtake and pass such stopped vehicle."

SAFETY TIPS FOR PEDESTRIANS TO FOLLOW WHEN CROSSING THE ROAD.

1. Stop at the curb or edge of the street. If vehicles parked on the street block your view of traffic, move forward to the edge of the line of parked vehicles where you can observe traffic in both directions. Be visible to drivers and recognize when to yield to motorists.
2. Look left, right, then left again for approaching traffic.
3. At an intersection corner, also check all directions for turning vehicles.
4. Determine whether there is a gap in traffic that is safe for both pedestrian and driver. Never assume that drivers see you or will stop for you.
5. When there is a safe gap in traffic, walk directly across the street at a consistent pace. Continuously look out for motorists or other hazards and **stop looking at your phones** when crossing. Remember drivers may not be attentive or tourists may not be familiar with the area. Always watch for any quick turning movements or drivers disregarding Florida traffic laws.

DRIVING SAFETY TIPS

1. Look out for pedestrians everywhere, at all times. Safety is a shared responsibility.
2. Use extra caution when driving in hard-to-see conditions, such as nighttime or bad weather.
3. Slow down and be prepared to stop when turning, nearing or otherwise entering a crosswalk.

The "stop for pedestrian signs" you'll occasionally see put out at the midblock crosswalks on Celebration Avenue do not require stopping at UNLESS, there is a pedestrian, but you should always be prepared to stop. Those signs are to help warn drivers of the crosswalks and laws. Driving safely is your responsibility. If you're driving, pay attention, look ahead, be prepared to stop and then actually stop for all pedestrians. The hurry that you're in, is not worth the damage to lives you may cause.

We all understand that life in today's world moves quickly. Between jobs, family lives and other daily obligations, we are all rushing to accomplish tasks. None of these are an excuse to be unsafe. What never should be forgotten is that everybody's main goal is to make it home safely at the days end. Drivers, including you cyclists using the roads, and pedestrians must work together to share the roads and obey traffic laws to remain alive. Do not be a statistic. There is too much to lose. We will be in Celebration soon conducting traffic operations to watch for those being unsafe. Consider this your traffic warning from me as I'll be only writing tickets to violators, especially when these operations are going on. Please be safe and change those bad driving or walking habits. ●

OSCEOLA COUNTY SHERIFF'S OFFICE

BY DEPUTY JERRY WEILAND
Osceola County Sheriff's Office

Put your BEST FOOT *forward*

Occasionally I think it's a good idea to remind and refresh ourselves on the basics, in this case pedestrian safety. This month I want to challenge everyone to put your best foot forward. What does this mean, you ask? Best Foot Forward (BFF) is a pedestrian safety initiative which was launched in June 2012 to reduce pedestrian deaths and injuries in Metro Orlando by getting drivers to yield to pedestrians in crosswalks ***and*** getting pedestrians to cross streets legally. The Osceola County Sheriff's Office participates in several BFF safety operations annually throughout the county. We identify these locations either by complaints, daily observations of deputies or crash statistics, and then conduct BFF traffic operations. Recently nine such operation resulted in over 75 tickets and warnings being issued in only a few hours!

A few facts on pedestrian crashes. In the U.S., a pedestrian is struck by a car about every seven minutes. It is estimated that over 5000 pedestrians are killed each year and over 70,000 injured. Central Florida routinely ranks, at or near the top, of the list in the entire country for pedestrian deaths. On average in Central Florida, three pedestrians are injured each day and one is killed each week. 14% of pedestrian deaths in Florida occurred in marked crosswalks.

WHY DOES THIS HAPPEN?

Most persons had to, at least once, read the driving manual prior to testing for their first drivers' license. Unfortunately the rules of the road aren't always a required thing to remember when renewing your license. This should be changed. There are those drivers who simply do not care, are in a rush and have the attitude that pedestrian safety doesn't matter. Drivers are also more distracted and more often, not aware of the laws. Pedestrians are also at fault and put themselves at risk when illegally crossing the streets. Now add the mix of tourists not paying attention or not familiar with our rules of the road, but are still given a rental car nonetheless.

DO PEDESTRIANS ALWAYS HAVE THE RIGHT OF WAY?

The answer to no. Florida traffic laws clearly lay out the rules of the road that enable pedestrians and drivers to share the road. Pedestrians - just like drivers; must obey traffic laws. Florida statutes state, "No pedestrian shall suddenly leave a curb or other place of safety and walk or run into the path of a vehicle which is so close that it is impossible for the driver to yield." This means a pedestrian has the obligation to wait on the curb and CAN NOT begin crossing the road when a vehicle is so close that they are not able to stop. Laws also state, "Where sidewalks are provided, no pedestrian shall, unless required by other circumstances, walk along and upon the portion of a roadway paved for vehicular traffic."

DRIVER LAWS FOR STOPPING.

Likewise and what should be more well known, is that there are many stipulations as to when a vehicle must stop for pedestrians. Florida laws state; "The driver of a vehicle at any crosswalk where a sign so indicates shall **stop and remain stopped** to allow a pedestrian to cross a roadway when the pedestrian is in the crosswalk or steps into the crosswalk and is upon the half of the roadway upon which the vehicle is traveling or when the pedestrian is approaching so closely from the opposite half of the roadway as to be in danger." Additional laws state "When a vehicle is stopped at a crosswalk to permit a pedestrian to cross the roadway, the driver of any other vehicle approaching from the rear shall not overtake and pass such stopped vehicle."

Osceola County Sheriff's Office

SAFETY TIPS FOR PEDESTRIANS TO FOLLOW WHEN CROSSING THE ROAD.

1. Stop at the curb or edge of the street. If vehicles parked on the street block your view of traffic, move forward to the edge of the line of parked vehicles where you can observe traffic in both directions. Be visible to drivers and recognize when to yield to motorists.
2. Look left, right, then left again for approaching traffic.
3. At an intersection corner, also check all directions for turning vehicles.
4. Determine whether there is a gap in traffic that is safe for both pedestrian and driver. Never assume that drivers see you or will stop for you.
5. When there is a safe gap in traffic, walk directly across the street at a consistent pace. Continuously look out for motorists or other hazards and **stop looking at your phones** when crossing. Remember drivers may not be attentive or tourists may not be familiar with the area. Always watch for any quick turning movements or drivers disregarding Florida traffic laws.

DRIVING SAFETY TIPS

1. Look out for pedestrians everywhere, at all times. Safety is a shared responsibility.
2. Use extra caution when driving in hard-to-see conditions, such as nighttime or bad weather.
3. Slow down and be prepared to stop when turning, nearing or otherwise entering a crosswalk.

The "stop for pedestrian signs" you'll occasionally see put out at the midblock crosswalks on Celebration Avenue do not require stopping at UNLESS, there is a pedestrian, but you should always be prepared to stop. Those signs are to help warn drivers of the crosswalks and laws. Driving safely is your responsibility. If you're driving, pay attention, look ahead, be prepared to stop and then actually stop for all pedestrians. The hurry that you're in, is not worth the damage to lives you may cause.

We all understand that life in today's world moves quickly. Between jobs, family lives and other daily obligations, we are all rushing to accomplish tasks. None of these are an excuse to be unsafe. What never should be forgotten is that everybody's main goal is to make it home safely at the days end. Drivers, including you cyclists using the roads, and pedestrians must work together to share the roads and obey traffic laws to remain alive. Do not be a statistic. There is too much to lose. We will be in Celebration soon conducting traffic operations to watch for those being unsafe. Consider this your traffic warning from me as I'll be only writing tickets to violators, especially when these operations are going on. Please be safe and change those bad driving or walking habits. ●

OSCEOLA COUNTY SHERIFF'S OFFICE

BY DEPUTY JERRY WEILAND
Osceola County Sheriff's Office

Put your BEST FOOT *forward*

Occasionally I think it's a good idea to remind and refresh ourselves on the basics, in this case pedestrian safety. This month I want to challenge everyone to put your best foot forward. What does this mean, you ask? Best Foot Forward (BFF) is a pedestrian safety initiative which was launched in June 2012 to reduce pedestrian deaths and injuries in Metro Orlando by getting drivers to yield to pedestrians in crosswalks ***and*** getting pedestrians to cross streets legally. The Osceola County Sheriff's Office participates in several BFF safety operations annually throughout the county. We identify these locations either by complaints, daily observations of deputies or crash statistics, and then conduct BFF traffic operations. Recently nine such operation resulted in over 75 tickets and warnings being issued in only a few hours!

A few facts on pedestrian crashes. In the U.S., a pedestrian is struck by a car about every seven minutes. It is estimated that over 5000 pedestrians are killed each year and over 70,000 injured. Central Florida routinely ranks, at or near the top, of the list in the entire country for pedestrian deaths. On average in Central Florida, three pedestrians are injured each day and one is killed each week. 14% of pedestrian deaths in Florida occurred in marked crosswalks.

WHY DOES THIS HAPPEN?

Most persons had to, at least once, read the driving manual prior to testing for their first drivers' license. Unfortunately the rules of the road aren't always a required thing to remember when renewing your license. This should be changed. There are those drivers who simply do not care, are in a rush and have the attitude that pedestrian safety doesn't matter. Drivers are also more distracted and more often, not aware of the laws. Pedestrians are also at fault and put themselves at risk when illegally crossing the streets. Now add the mix of tourists not paying attention or not familiar with our rules of the road, but are still given a rental car nonetheless.

DO PEDESTRIANS ALWAYS HAVE THE RIGHT OF WAY?

The answer to no. Florida traffic laws clearly lay out the rules of the road that enable pedestrians and drivers to share the road. Pedestrians - just like drivers; must obey traffic laws. Florida statutes state, "No pedestrian shall suddenly leave a curb or other place of safety and walk or run into the path of a vehicle which is so close that it is impossible for the driver to yield." This means a pedestrian has the obligation to wait on the curb and CAN NOT begin crossing the road when a vehicle is so close that they are not able to stop. Laws also state, "Where sidewalks are provided, no pedestrian shall, unless required by other circumstances, walk along and upon the portion of a roadway paved for vehicular traffic."

DRIVER LAWS FOR STOPPING.

Likewise and what should be more well known, is that there are many stipulations as to when a vehicle must stop for pedestrians. Florida laws state; "The driver of a vehicle at any crosswalk where a sign so indicates shall **stop and remain stopped** to allow a pedestrian to cross a roadway when the pedestrian is in the crosswalk or steps into the crosswalk and is upon the half of the roadway upon which the vehicle is traveling or when the pedestrian is approaching so closely from the opposite half of the roadway as to be in danger." Additional laws state "When a vehicle is stopped at a crosswalk to permit a pedestrian to cross the roadway, the driver of any other vehicle approaching from the rear shall not overtake and pass such stopped vehicle."

Osceola County Sheriff's Office

SAFETY TIPS FOR PEDESTRIANS TO FOLLOW WHEN CROSSING THE ROAD.

1. Stop at the curb or edge of the street. If vehicles parked on the street block your view of traffic, move forward to the edge of the line of parked vehicles where you can observe traffic in both directions. Be visible to drivers and recognize when to yield to motorists.
2. Look left, right, then left again for approaching traffic.
3. At an intersection corner, also check all directions for turning vehicles.
4. Determine whether there is a gap in traffic that is safe for both pedestrian and driver. Never assume that drivers see you or will stop for you.
5. When there is a safe gap in traffic, walk directly across the street at a consistent pace. Continuously look out for motorists or other hazards and **stop looking at your phones** when crossing. Remember drivers may not be attentive or tourists may not be familiar with the area. Always watch for any quick turning movements or drivers disregarding Florida traffic laws.

DRIVING SAFETY TIPS

1. Look out for pedestrians everywhere, at all times. Safety is a shared responsibility.
2. Use extra caution when driving in hard-to-see conditions, such as nighttime or bad weather.
3. Slow down and be prepared to stop when turning, nearing or otherwise entering a crosswalk.

The "stop for pedestrian signs" you'll occasionally see put out at the midblock crosswalks on Celebration Avenue do not require stopping at UNLESS, there is a pedestrian, but you should always be prepared to stop. Those signs are to help warn drivers of the crosswalks and laws. Driving safely is your responsibility. If you're driving, pay attention, look ahead, be prepared to stop and then actually stop for all pedestrians. The hurry that you're in, is not worth the damage to lives you may cause.

We all understand that life in today's world moves quickly. Between jobs, family lives and other daily obligations, we are all rushing to accomplish tasks. None of these are an excuse to be unsafe. What never should be forgotten is that everybody's main goal is to make it home safely at the days end. Drivers, including you cyclists using the roads, and pedestrians must work together to share the roads and obey traffic laws to remain alive. Do not be a statistic. There is too much to lose. We will be in Celebration soon conducting traffic operations to watch for those being unsafe. Consider this your traffic warning from me as I'll be only writing tickets to violators, especially when these operations are going on. Please be safe and change those bad driving or walking habits. ●

OSCEOLA COUNTY SHERIFF'S OFFICE

BY DEPUTY JERRY WEILAND
Osceola County Sheriff's Office

Put your BEST FOOT *forward*

Occasionally I think it's a good idea to remind and refresh ourselves on the basics, in this case pedestrian safety. This month I want to challenge everyone to put your best foot forward. What does this mean, you ask? Best Foot Forward (BFF) is a pedestrian safety initiative which was launched in June 2012 to reduce pedestrian deaths and injuries in Metro Orlando by getting drivers to yield to pedestrians in crosswalks ***and*** getting pedestrians to cross streets legally. The Osceola County Sheriff's Office participates in several BFF safety operations annually throughout the county. We identify these locations either by complaints, daily observations of deputies or crash statistics, and then conduct BFF traffic operations. Recently nine such operation resulted in over 75 tickets and warnings being issued in only a few hours!

A few facts on pedestrian crashes. In the U.S., a pedestrian is struck by a car about every seven minutes. It is estimated that over 5000 pedestrians are killed each year and over 70,000 injured. Central Florida routinely ranks, at or near the top, of the list in the entire country for pedestrian deaths. On average in Central Florida, three pedestrians are injured each day and one is killed each week. 14% of pedestrian deaths in Florida occurred in marked crosswalks.

WHY DOES THIS HAPPEN?

Most persons had to, at least once, read the driving manual prior to testing for their first drivers' license. Unfortunately the rules of the road aren't always a required thing to remember when renewing your license. This should be changed. There are those drivers who simply do not care, are in a rush and have the attitude that pedestrian safety doesn't matter. Drivers are also more distracted and more often, not aware of the laws. Pedestrians are also at fault and put themselves at risk when illegally crossing the streets. Now add the mix of tourists not paying attention or not familiar with our rules of the road, but are still given a rental car nonetheless.

DO PEDESTRIANS ALWAYS HAVE THE RIGHT OF WAY?

The answer to no. Florida traffic laws clearly lay out the rules of the road that enable pedestrians and drivers to share the road. Pedestrians - just like drivers; must obey traffic laws. Florida statutes state, "No pedestrian shall suddenly leave a curb or other place of safety and walk or run into the path of a vehicle which is so close that it is impossible for the driver to yield." This means a pedestrian has the obligation to wait on the curb and CAN NOT begin crossing the road when a vehicle is so close that they are not able to stop. Laws also state, "Where sidewalks are provided, no pedestrian shall, unless required by other circumstances, walk along and upon the portion of a roadway paved for vehicular traffic."

DRIVER LAWS FOR STOPPING.

Likewise and what should be more well known, is that there are many stipulations as to when a vehicle must stop for pedestrians. Florida laws state; "The driver of a vehicle at any crosswalk where a sign so indicates shall **stop and remain stopped** to allow a pedestrian to cross a roadway when the pedestrian is in the crosswalk or steps into the crosswalk and is upon the half of the roadway upon which the vehicle is traveling or when the pedestrian is approaching so closely from the opposite half of the roadway as to be in danger." Additional laws state "When a vehicle is stopped at a crosswalk to permit a pedestrian to cross the roadway, the driver of any other vehicle approaching from the rear shall not overtake and pass such stopped vehicle."

SAFETY TIPS FOR PEDESTRIANS TO FOLLOW WHEN CROSSING THE ROAD.

1. Stop at the curb or edge of the street. If vehicles parked on the street block your view of traffic, move forward to the edge of the line of parked vehicles where you can observe traffic in both directions. Be visible to drivers and recognize when to yield to motorists.
2. Look left, right, then left again for approaching traffic.
3. At an intersection corner, also check all directions for turning vehicles.
4. Determine whether there is a gap in traffic that is safe for both pedestrian and driver. Never assume that drivers see you or will stop for you.
5. When there is a safe gap in traffic, walk directly across the street at a consistent pace. Continuously look out for motorists or other hazards and **stop looking at your phones** when crossing. Remember drivers may not be attentive or tourists may not be familiar with the area. Always watch for any quick turning movements or drivers disregarding Florida traffic laws.

DRIVING SAFETY TIPS

1. Look out for pedestrians everywhere, at all times. Safety is a shared responsibility.
2. Use extra caution when driving in hard-to-see conditions, such as nighttime or bad weather.
3. Slow down and be prepared to stop when turning, nearing or otherwise entering a crosswalk.

The "stop for pedestrian signs" you'll occasionally see put out at the midblock crosswalks on Celebration Avenue do not require stopping at UNLESS, there is a pedestrian, but you should always be prepared to stop. Those signs are to help warn drivers of the crosswalks and laws. Driving safely is your responsibility. If you're driving, pay attention, look ahead, be prepared to stop and then actually stop for all pedestrians. The hurry that you're in, is not worth the damage to lives you may cause.

We all understand that life in today's world moves quickly. Between jobs, family lives and other daily obligations, we are all rushing to accomplish tasks. None of these are an excuse to be unsafe. What never should be forgotten is that everybody's main goal is to make it home safely at the days end. Drivers, including you cyclists using the roads, and pedestrians must work together to share the roads and obey traffic laws to remain alive. Do not be a statistic. There is too much to lose. We will be in Celebration soon conducting traffic operations to watch for those being unsafe. Consider this your traffic warning from me as I'll be only writing tickets to violators, especially when these operations are going on. Please be safe and change those bad driving or walking habits. ●

OSCEOLA COUNTY SHERIFF'S OFFICE

BY DEPUTY JERRY WEILAND
Osceola County Sheriff's Office

Put your BEST FOOT *forward*

Occasionally I think it's a good idea to remind and refresh ourselves on the basics, in this case pedestrian safety. This month I want to challenge everyone to put your best foot forward. What does this mean, you ask? Best Foot Forward (BFF) is a pedestrian safety initiative which was launched in June 2012 to reduce pedestrian deaths and injuries in Metro Orlando by getting drivers to yield to pedestrians in crosswalks ***and*** getting pedestrians to cross streets legally. The Osceola County Sheriff's Office participates in several BFF safety operations annually throughout the county. We identify these locations either by complaints, daily observations of deputies or crash statistics, and then conduct BFF traffic operations. Recently one such operation resulted in over 75 tickets and warnings being issued in only a few hours!

A few facts on pedestrian crashes. In the U.S., a pedestrian is struck by a car about every seven minutes. It is estimated that over 5000 pedestrians are killed each year and over 70,000 injured. Central Florida routinely ranks, at or near the top, of the list in the entire country for pedestrian deaths. On average in Central Florida, three pedestrians are injured each day and one is killed each week. 14% of pedestrian deaths in Florida occurred in marked crosswalks.

WHY DOES THIS HAPPEN?

Most persons had to, at least once, read the driving manual prior to testing for their first drivers' license. Unfortunately the rules of the road aren't always a required thing to remember when renewing your license. This should be changed. There are those drivers who simply do not care, are in a rush and have the attitude that pedestrian safety doesn't matter. Drivers are also more distracted and more often, not aware of the laws. Pedestrians are also at fault and put themselves at risk when illegally crossing the streets. Now add the mix of tourists not paying attention or not familiar with our rules of the road, but are still given a rental car nonetheless.

DO PEDESTRIANS ALWAYS HAVE THE RIGHT OF WAY?

The answer to no. Florida traffic laws clearly lay out the rules of the road that enable pedestrians and drivers to share the road. Pedestrians - just like drivers; must obey traffic laws. Florida statutes state, "No pedestrian shall suddenly leave a curb or other place of safety and walk or run into the path of a vehicle which is so close that it is impossible for the driver to yield." This means a pedestrian has the obligation to wait on the curb and CAN NOT begin crossing the road when a vehicle is so close that they are not able to stop. Laws also state, "Where sidewalks are provided, no pedestrian shall, unless required by other circumstances, walk along and upon the portion of a roadway paved for vehicular traffic."

DRIVER LAWS FOR STOPPING.

Likewise and what should be more well known, is that there are many stipulations as to when a vehicle must stop for pedestrians. Florida laws state; "The driver of a vehicle at any crosswalk where a sign so indicates shall **stop and remain stopped** to allow a pedestrian to cross a roadway when the pedestrian is in the crosswalk or steps into the crosswalk and is upon the half of the roadway upon which the vehicle is traveling or when the pedestrian is approaching so closely from the opposite half of the roadway as to be in danger." Additional laws state "When a vehicle is stopped at a crosswalk to permit a pedestrian to cross the roadway, the driver of any other vehicle approaching from the rear shall not overtake and pass such stopped vehicle."

The "stop for pedestrian signs" you'll occasionally see put out at the midblock crosswalks on Celebration Avenue do not require stopping at UNLESS, there is a pedestrian, but you should always be prepared to stop. Those signs are to help warn drivers of the crosswalks and laws. Driving safely is your responsibility. If you're driving, pay attention, look ahead, be prepared to stop and then actually stop for all pedestrians. The hurry that you're in, is not worth the damage to lives you may cause.

We all understand that life in today's world moves quickly. Between jobs, family lives and other daily obligations, we are all rushing to accomplish tasks. None of these are an excuse to be unsafe. What never should be forgotten is that everybody's main goal is to make it home safely at the days end. Drivers, including you cyclists using the roads, and pedestrians must work together to share the roads and obey traffic laws to remain alive. Do not be a statistic. There is too much to lose. We will be in Celebration soon conducting traffic operations to watch for those being unsafe. Consider this your traffic warning from me as I'll be only writing tickets to violators, especially when these operations are going on. Please be safe and change those bad driving or walking habits. ●

SAFETY TIPS FOR PEDESTRIANS TO FOLLOW WHEN CROSSING THE ROAD.

1. Stop at the curb or edge of the street. If vehicles parked on the street block your view of traffic, move forward to the edge of the line of parked vehicles where you can observe traffic in both directions. Be visible to drivers and recognize when to yield to motorists.
2. Look left, right, then left again for approaching traffic.
3. At an intersection corner, also check all directions for turning vehicles.
4. Determine whether there is a gap in traffic that is safe for both pedestrian and driver. Never assume that drivers see you or will stop for you.
5. When there is a safe gap in traffic, walk directly across the street at a consistent pace. Continuously look out for motorists or other hazards and **stop looking at your phones** when crossing. Remember drivers may not be attentive or tourists may not be familiar with the area. Always watch for any quick turning movements or drivers disregarding Florida traffic laws.

DRIVING SAFETY TIPS

1. Look out for pedestrians everywhere, at all times. Safety is a shared responsibility.
2. Use extra caution when driving in hard-to-see conditions, such as nighttime or bad weather.
3. Slow down and be prepared to stop when turning, nearing or otherwise entering a crosswalk.

OSCEOLA COUNTY SHERIFF'S OFFICE

BY DEPUTY JERRY WEILAND
Osceola County Sheriff's Office

Put your BEST FOOT *forward*

Occasionally I think it's a good idea to remind and refresh ourselves on the basics, in this case pedestrian safety. This month I want to challenge everyone to put your best foot forward. What does this mean, you ask? Best Foot Forward (BFF) is a pedestrian safety initiative which was launched in June 2012 to reduce pedestrian deaths and injuries in Metro Orlando by getting drivers to yield to pedestrians in crosswalks ***and*** getting pedestrians to cross streets legally. The Osceola County Sheriff's Office participates in several BFF safety operations annually throughout the county. We identify these locations either by complaints, daily observations of deputies or crash statistics, and then conduct BFF traffic operations. Recently nine such operation resulted in over 75 tickets and warnings being issued in only a few hours!

A few facts on pedestrian crashes. In the U.S., a pedestrian is struck by a car about every seven minutes. It is estimated that over 5000 pedestrians are killed each year and over 70,000 injured. Central Florida routinely ranks, at or near the top, of the list in the entire country for pedestrian deaths. On average in Central Florida, three pedestrians are injured each day and one is killed each week. 14% of pedestrian deaths in Florida occurred in marked crosswalks.

WHY DOES THIS HAPPEN?

Most persons had to, at least once, read the driving manual prior to testing for their first drivers' license. Unfortunately the rules of the road aren't always a required thing to remember when renewing your license. This should be changed. There are those drivers who simply do not care, are in a rush and have the attitude that pedestrian safety doesn't matter. Drivers are also more distracted and more often, not aware of the laws. Pedestrians are also at fault and put themselves at risk when illegally crossing the streets. Now add the mix of tourists not paying attention or not familiar with our rules of the road, but are still given a rental car nonetheless.

DO PEDESTRIANS ALWAYS HAVE THE RIGHT OF WAY?

The answer to no. Florida traffic laws clearly lay out the rules of the road that enable pedestrians and drivers to share the road. Pedestrians - just like drivers; must obey traffic laws. Florida statutes state, "No pedestrian shall suddenly leave a curb or other place of safety and walk or run into the path of a vehicle which is so close that it is impossible for the driver to yield." This means a pedestrian has the obligation to wait on the curb and CAN NOT begin crossing the road when a vehicle is so close that they are not able to stop. Laws also state, "Where sidewalks are provided, no pedestrian shall, unless required by other circumstances, walk along and upon the portion of a roadway paved for vehicular traffic."

DRIVER LAWS FOR STOPPING.

Likewise and what should be more well known, is that there are many stipulations as to when a vehicle must stop for pedestrians. Florida laws state; "The driver of a vehicle at any crosswalk where a sign so indicates shall **stop and remain stopped** to allow a pedestrian to cross a roadway when the pedestrian is in the crosswalk or steps into the crosswalk and is upon the half of the roadway upon which the vehicle is traveling or when the pedestrian is approaching so closely from the opposite half of the roadway as to be in danger." Additional laws state "When a vehicle is stopped at a crosswalk to permit a pedestrian to cross the roadway, the driver of any other vehicle approaching from the rear shall not overtake and pass such stopped vehicle."

Celebration News
March 2020
Osceola County Sheriff's Office

SAFETY TIPS FOR PEDESTRIANS TO FOLLOW WHEN CROSSING THE ROAD.

1. Stop at the curb or edge of the street. If vehicles parked on the street block your view of traffic, move forward to the edge of the line of parked vehicles where you can observe traffic in both directions. Be visible to drivers and recognize when to yield to motorists.
2. Look left, right, then left again for approaching traffic.
3. At an intersection corner, also check all directions for turning vehicles.
4. Determine whether there is a gap in traffic that is safe for both pedestrian and driver. Never assume that drivers see you or will stop for you.
5. When there is a safe gap in traffic, walk directly across the street at a consistent pace. Continuously look out for motorists or other hazards and **stop looking at your phones** when crossing. Remember drivers may not be attentive or tourists may not be familiar with the area. Always watch for any quick turning movements or drivers disregarding Florida traffic laws.

DRIVING SAFETY TIPS

1. Look out for pedestrians everywhere, at all times. Safety is a shared responsibility.
2. Use extra caution when driving in hard-to-see conditions, such as nighttime or bad weather.
3. Slow down and be prepared to stop when turning, nearing or otherwise entering a crosswalk.

The "stop for pedestrian signs" you'll occasionally see put out at the midblock crosswalks on Celebration Avenue do not require stopping at UNLESS, there is a pedestrian, but you should always be prepared to stop. Those signs are to help warn drivers of the crosswalks and laws. Driving safely is your responsibility. If you're driving, pay attention, look ahead, be prepared to stop and then actually stop for all pedestrians. The hurry that you're in, is not worth the damage to lives you may cause.

We all understand that life in today's world moves quickly. Between jobs, family lives and other daily obligations, we are all rushing to accomplish tasks. None of these are an excuse to be unsafe. What never should be forgotten is that everybody's main goal is to make it home safely at the days end. Drivers, including you cyclists using the roads, and pedestrians must work together to share the roads and obey traffic laws to remain alive. Do not be a statistic. There is too much to lose. We will be in Celebration soon conducting traffic operations to watch for those being unsafe. Consider this your traffic warning from me as I'll be only writing tickets to violators, especially when these operations are going on. Please be safe and change those bad driving or walking habits. ●

OSCEOLA COUNTY SHERIFF'S OFFICE

BY DEPUTY JERRY WEILAND
Osceola County Sheriff's Office

Put your BEST FOOT *forward*

Occasionally I think it's a good idea to remind and refresh ourselves on the basics, in this case pedestrian safety. This month I want to challenge everyone to put your best foot forward. What does this mean, you ask? Best Foot Forward (BFF) is a pedestrian safety initiative which was launched in June 2012 to reduce pedestrian deaths and injuries in Metro Orlando by getting drivers to yield to pedestrians in crosswalks ***and*** getting pedestrians to cross streets legally. The Osceola County Sheriff's Office participates in several BFF safety operations annually throughout the county. We identify these locations either by complaints, daily observations of deputies or crash statistics, and then conduct BFF traffic operations. Recently nine such operation resulted in over 75 tickets and warnings being issued in only a few hours!

A few facts on pedestrian crashes. In the U.S., a pedestrian is struck by a car about every seven minutes. It is estimated that over 5000 pedestrians are killed each year and over 70,000 injured. Central Florida routinely ranks, at or near the top, of the list in the entire country for pedestrian deaths. On average in Central Florida, three pedestrians are injured each day and one is killed each week. 14% of pedestrian deaths in Florida occurred in marked crosswalks.

WHY DOES THIS HAPPEN?

Most persons had to, at least once, read the driving manual prior to testing for their first drivers' license. Unfortunately the rules of the road aren't always a required thing to remember when renewing your license. This should be changed. There are those drivers who simply do not care, are in a rush and have the attitude that pedestrian safety doesn't matter. Drivers are also more distracted and more often, not aware of the laws. Pedestrians are also at fault and put themselves at risk when illegally crossing the streets. Now add the mix of tourists not paying attention or not familiar with our rules of the road, but are still given a rental car nonetheless.

DO PEDESTRIANS ALWAYS HAVE THE RIGHT OF WAY?

The answer to no. Florida traffic laws clearly lay out the rules of the road that enable pedestrians and drivers to share the road. Pedestrians - just like drivers; must obey traffic laws. Florida statutes state, "No pedestrian shall suddenly leave a curb or other place of safety and walk or run into the path of a vehicle which is so close that it is impossible for the driver to yield." This means a pedestrian has the obligation to wait on the curb and CAN NOT begin crossing the road when a vehicle is so close that they are not able to stop. Laws also state, "Where sidewalks are provided, no pedestrian shall, unless required by other circumstances, walk along and upon the portion of a roadway paved for vehicular traffic."

DRIVER LAWS FOR STOPPING.

Likewise and what should be more well known, is that there are many stipulations as to when a vehicle must stop for pedestrians. Florida laws state; "The driver of a vehicle at any crosswalk where a sign so indicates shall **stop and remain stopped** to allow a pedestrian to cross a roadway when the pedestrian is in the crosswalk or steps into the crosswalk and is upon the half of the roadway upon which the vehicle is traveling or when the pedestrian is approaching so closely from the opposite half of the roadway as to be in danger." Additional laws state "When a vehicle is stopped at a crosswalk to permit a pedestrian to cross the roadway, the driver of any other vehicle approaching from the rear shall not overtake and pass such stopped vehicle."

Put your best foot forward
Celebration News
March 2020
Osceola County Sheriff's Office

The "stop for pedestrian signs" you'll occasionally see put out at the midblock crosswalks on Celebration Avenue do not require stopping at UNLESS, there is a pedestrian, but you should always be prepared to stop. Those signs are to help warn drivers of the crosswalks and laws. Driving safely is your responsibility. If you're driving, pay attention, look ahead, be prepared to stop and then actually stop for all pedestrians. The hurry that you're in, is not worth the damage to lives you may cause.

We all understand that life in today's world moves quickly. Between jobs, family lives and other daily obligations, we are all rushing to accomplish tasks. None of these are an excuse to be unsafe. What never should be forgotten is that everybody's main goal is to make it home safely at the days end. Drivers, including you cyclists using the roads, and pedestrians must work together to share the roads and obey traffic laws to remain alive. Do not be a statistic. There is too much to lose. We will be in Celebration soon conducting traffic operations to watch for those being unsafe. Consider this your traffic warning from me as I'll be only writing tickets to violators, especially when these operations are going on. Please be safe and change those bad driving or walking habits. ●

SAFETY TIPS FOR PEDESTRIANS TO FOLLOW WHEN CROSSING THE ROAD.

1. Stop at the curb or edge of the street. If vehicles parked on the street block your view of traffic, move forward to the edge of the line of parked vehicles where you can observe traffic in both directions. Be visible to drivers and recognize when to yield to motorists.
2. Look left, right, then left again for approaching traffic.
3. At an intersection corner, also check all directions for turning vehicles.
4. Determine whether there is a gap in traffic that is safe for both pedestrian and driver. Never assume that drivers see you or will stop for you.
5. When there is a safe gap in traffic, walk directly across the street at a consistent pace. Continuously look out for motorists or other hazards and **stop looking at your phones** when crossing. Remember drivers may not be attentive or tourists may not be familiar with the area. Always watch for any quick turning movements or drivers disregarding Florida traffic laws.

DRIVING SAFETY TIPS

1. Look out for pedestrians everywhere, at all times. Safety is a shared responsibility.
2. Use extra caution when driving in hard-to-see conditions, such as nighttime or bad weather.
3. Slow down and be prepared to stop when turning, nearing or otherwise entering a crosswalk.

OSCEOLA COUNTY SHERIFF'S OFFICE

BY DEPUTY JERRY WEILAND
Osceola County Sheriff's Office

Put your BEST FOOT *forward*

Occasionally I think it's a good idea to remind and refresh ourselves on the basics, in this case pedestrian safety. This month I want to challenge everyone to put your best foot forward. What does this mean, you ask? Best Foot Forward (BFF) is a pedestrian safety initiative which was launched in June 2012 to reduce pedestrian deaths and injuries in Metro Orlando by getting drivers to yield to pedestrians in crosswalks ***and*** getting pedestrians to cross streets legally. The Osceola County Sheriff's Office participates in several BFF safety operations annually throughout the county. We identify these locations either by complaints, daily observations of deputies or crash statistics, and then conduct BFF traffic operations. Recently nine such operation resulted in over 75 tickets and warnings being issued in only a few hours!

A few facts on pedestrian crashes. In the U.S., a pedestrian is struck by a car about every seven minutes. It is estimated that over 5000 pedestrians are killed each year and over 70,000 injured. Central Florida routinely ranks, at or near the top, of the list in the entire country for pedestrian deaths. On average in Central Florida, three pedestrians are injured each day and one is killed each week. 14% of pedestrian deaths in Florida occurred in marked crosswalks.

WHY DOES THIS HAPPEN?

Most persons had to, at least once, read the driving manual prior to testing for their first drivers' license. Unfortunately the rules of the road aren't always a required thing to remember when renewing your license. This should be changed. There are those drivers who simply do not care, are in a rush and have the attitude that pedestrian safety doesn't matter. Drivers are also more distracted and more often, not aware of the laws. Pedestrians are also at fault and put themselves at risk when illegally crossing the streets. Now add the mix of tourists not paying attention or not familiar with our rules of the road, but are still given a rental car nonetheless.

DO PEDESTRIANS ALWAYS HAVE THE RIGHT OF WAY?

The answer to no. Florida traffic laws clearly lay out the rules of the road that enable pedestrians and drivers to share the road. Pedestrians - just like drivers; must obey traffic laws. Florida statutes state, "No pedestrian shall suddenly leave a curb or other place of safety and walk or run into the path of a vehicle which is so close that it is impossible for the driver to yield." This means a pedestrian has the obligation to wait on the curb and CAN NOT begin crossing the road when a vehicle is so close that they are not able to stop. Laws also state, "Where sidewalks are provided, no pedestrian shall, unless required by other circumstances, walk along and upon the portion of a roadway paved for vehicular traffic."

DRIVER LAWS FOR STOPPING.

Likewise and what should be more well known, is that there are many stipulations as to when a vehicle must stop for pedestrians. Florida laws state; "The driver of a vehicle at any crosswalk where a sign so indicates shall **stop and remain stopped** to allow a pedestrian to cross a roadway when the pedestrian is in the crosswalk or steps into the crosswalk and is upon the half of the roadway upon which the vehicle is traveling or when the pedestrian is approaching so closely from the opposite half of the roadway as to be in danger." Additional laws state "When a vehicle is stopped at a crosswalk to permit a pedestrian to cross the roadway, the driver of any other vehicle approaching from the rear shall not overtake and pass such stopped vehicle."

Osceola County Sheriff's Office

SAFETY TIPS FOR PEDESTRIANS TO FOLLOW WHEN CROSSING THE ROAD.

1. Stop at the curb or edge of the street. If vehicles parked on the street block your view of traffic, move forward to the edge of the line of parked vehicles where you can observe traffic in both directions. Be visible to drivers and recognize when to yield to motorists.
2. Look left, right, then left again for approaching traffic.
3. At an intersection corner, also check all directions for turning vehicles.
4. Determine whether there is a gap in traffic that is safe for both pedestrian and driver. Never assume that drivers see you or will stop for you.
5. When there is a safe gap in traffic, walk directly across the street at a consistent pace. Continuously look out for motorists or other hazards and **stop looking at your phones** when crossing. Remember drivers may not be attentive or tourists may not be familiar with the area. Always watch for any quick turning movements or drivers disregarding Florida traffic laws.

DRIVING SAFETY TIPS

1. Look out for pedestrians everywhere, at all times. Safety is a shared responsibility.
2. Use extra caution when driving in hard-to-see conditions, such as nighttime or bad weather.
3. Slow down and be prepared to stop when turning, nearing or otherwise entering a crosswalk.

The "stop for pedestrian signs" you'll occasionally see put out at the midblock crosswalks on Celebration Avenue do not require stopping at UNLESS, there is a pedestrian, but you should always be prepared to stop. Those signs are to help warn drivers of the crosswalks and laws. Driving safely is your responsibility. If you're driving, pay attention, look ahead, be prepared to stop and then actually stop for all pedestrians. The hurry that you're in, is not worth the damage to lives you may cause.

We all understand that life in today's world moves quickly. Between jobs, family lives and other daily obligations, we are all rushing to accomplish tasks. None of these are an excuse to be unsafe. What never should be forgotten is that everybody's main goal is to make it home safely at the days end. Drivers, including you cyclists using the roads, and pedestrians must work together to share the roads and obey traffic laws to remain alive. Do not be a statistic. There is too much to lose. We will be in Celebration soon conducting traffic operations to watch for those being unsafe. Consider this your traffic warning from me as I'll be only writing tickets to violators, especially when these operations are going on. Please be safe and change those bad driving or walking habits. ●

OSCEOLA COUNTY SHERIFF'S OFFICE

BY DEPUTY JERRY WEILAND
Osceola County Sheriff's Office

Put your BEST FOOT *forward*

Occasionally I think it's a good idea to remind and refresh ourselves on the basics, in this case pedestrian safety. This month I want to challenge everyone to put your best foot forward. What does this mean, you ask? Best Foot Forward (BFF) is a pedestrian safety initiative which was launched in June 2012 to reduce pedestrian deaths and injuries in Metro Orlando by getting drivers to yield to pedestrians in crosswalks ***and*** getting pedestrians to cross streets legally. The Osceola County Sheriff's Office participates in several BFF safety operations annually throughout the county. We identify these locations either by complaints, daily observations of deputies or crash statistics, and then conduct BFF traffic operations. Recently nine such operation resulted in over 75 tickets and warnings being issued in only a few hours!

A few facts on pedestrian crashes. In the U.S., a pedestrian is struck by a car about every seven minutes. It is estimated that over 5000 pedestrians are killed each year and over 70,000 injured. Central Florida routinely ranks, at or near the top, of the list in the entire country for pedestrian deaths. On average in Central Florida, three pedestrians are injured each day and one is killed each week. 14% of pedestrian deaths in Florida occurred in marked crosswalks.

WHY DOES THIS HAPPEN?

Most persons had to, at least once, read the driving manual prior to testing for their first drivers' license. Unfortunately the rules of the road aren't always a required thing to remember when renewing your license. This should be changed. There are those drivers who simply do not care, are in a rush and have the attitude that pedestrian safety doesn't matter. Drivers are also more distracted and more often, not aware of the laws. Pedestrians are also at fault and put themselves at risk when illegally crossing the streets. Now add the mix of tourists not paying attention or not familiar with our rules of the road, but are still given a rental car nonetheless.

DO PEDESTRIANS ALWAYS HAVE THE RIGHT OF WAY?

The answer to no. Florida traffic laws clearly lay out the rules of the road that enable pedestrians and drivers to share the road. Pedestrians - just like drivers; must obey traffic laws. Florida statutes state, "No pedestrian shall suddenly leave a curb or other place of safety and walk or run into the path or a vehicle which is so close that it is impossible for the driver to yield." This means a pedestrian has the obligation to wait on the curb and CAN NOT begin crossing the road when a vehicle is so close that they are not able to stop. Laws also state, "Where sidewalks are provided, no pedestrian shall, unless required by other circumstances, walk along and upon the portion of a roadway paved for vehicular traffic."

DRIVER LAWS FOR STOPPING.

Likewise and what should be more well known, is that there are many stipulations as to when a vehicle must stop for pedestrians. Florida laws state; "The driver of a vehicle at any crosswalk where a sign so indicates shall **stop and remain stopped** to allow a pedestrian to cross a roadway when the pedestrian is in the crosswalk or steps into the crosswalk and is upon the half of the roadway upon which the vehicle is traveling or when the pedestrian is approaching so closely from the opposite half of the roadway as to be in danger." Additional laws state "When a vehicle is stopped at a crosswalk to permit a pedestrian to cross the roadway, the driver of any other vehicle approaching from the rear shall not overtake and pass such stopped vehicle."

SAFETY TIPS FOR PEDESTRIANS TO FOLLOW WHEN CROSSING THE ROAD.

1. Stop at the curb or edge of the street. If vehicles parked on the street block your view of traffic, move forward to the edge of the line of parked vehicles where you can observe traffic in both directions. Be visible to drivers and recognize when to yield to motorists.
2. Look left, right, then left again for approaching traffic.
3. At an intersection corner, also check all directions for turning vehicles.
4. Determine whether there is a gap in traffic that is safe for both pedestrian and driver. Never assume that drivers see you or will stop for you.
5. When there is a safe gap in traffic, walk directly across the street at a consistent pace. Continuously look out for motorists or other hazards and **stop looking at your phones** when crossing. Remember drivers may not be attentive or tourists may not be familiar with the area. Always watch for any quick turning movements or drivers disregarding Florida traffic laws.

DRIVING SAFETY TIPS

1. Look out for pedestrians everywhere, at all times. Safety is a shared responsibility.
2. Use extra caution when driving in hard-to-see conditions, such as nighttime or bad weather.
3. Slow down and be prepared to stop when turning, nearing or otherwise entering a crosswalk.

The "stop for pedestrian signs" you'll occasionally see put out at the midblock crosswalks on Celebration Avenue do not require stopping at UNLESS, there is a pedestrian, but you should always be prepared to stop. Those signs are to help warn drivers of the crosswalks and laws. Driving safely is your responsibility. If you're driving, pay attention, look ahead, be prepared to stop and then actually stop for all pedestrians. The hurry that you're in, is not worth the damage to lives you may cause.

We all understand that life in today's world moves quickly. Between jobs, family lives and other daily obligations, we are all rushing to accomplish tasks. None of these are an excuse to be unsafe. What never should be forgotten is that everybody's main goal is to make it home safely at the days end. Drivers, including you cyclists using the roads, and pedestrians must work together to share the roads and obey traffic laws to remain alive. Do not be a statistic. There is too much to lose. We will be in Celebration soon conducting traffic operations to watch for those being unsafe. Consider this your traffic warning from me as I'll be only writing tickets to violators, especially when these operations are going on. Please be safe and change those bad driving or walking habits. ●

OSCEOLA COUNTY SHERIFF'S OFFICE

BY DEPUTY JERRY WEILAND
Osceola County Sheriff's Office

Put your BEST FOOT *forward*

Occasionally I think it's a good idea to remind and refresh ourselves on the basics, in this case pedestrian safety. This month I want to challenge everyone to put your best foot forward. What does this mean, you ask? Best Foot Forward (BFF) is a pedestrian safety initiative which was launched in June 2012 to reduce pedestrian deaths and injuries in Metro Orlando by getting drivers to yield to pedestrians in crosswalks ***and*** getting pedestrians to cross streets legally. The Osceola County Sheriff's Office participates in several BFF safety operations annually throughout the county. We identify these locations either by complaints, daily observations of deputies or crash statistics, and then conduct BFF traffic operations. Recently nine such operation resulted in over 75 tickets and warnings being issued in only a few hours!

A few facts on pedestrian crashes. In the U.S., a pedestrian is struck by a car about every seven minutes. It is estimated that over 5000 pedestrians are killed each year and over 70,000 injured. Central Florida routinely ranks, at or near the top, of the list in the entire country for pedestrian deaths. On average in Central Florida, three pedestrians are injured each day and one is killed each week. 14% of pedestrian deaths in Florida occurred in marked crosswalks.

WHY DOES THIS HAPPEN?

Most persons had to, at least once, read the driving manual prior to testing for their first drivers' license. Unfortunately the rules of the road aren't always a required thing to remember when renewing your license. This should be changed. There are those drivers who simply do not care, are in a rush and have the attitude that pedestrian safety doesn't matter. Drivers are also more distracted and more often, not aware of the laws. Pedestrians are also at fault and put themselves at risk when illegally crossing the streets. Now add the mix of tourists not paying attention or not familiar with our rules of the road, but are still given a rental car nonetheless.

DO PEDESTRIANS ALWAYS HAVE THE RIGHT OF WAY?

The answer to no. Florida traffic laws clearly lay out the rules of the road that enable pedestrians and drivers to share the road. Pedestrians - just like drivers; must obey traffic laws. Florida statutes state, "No pedestrian shall suddenly leave a curb or other place of safety and walk or run into the path of a vehicle which is so close that it is impossible for the driver to yield." This means a pedestrian has the obligation to wait on the curb and CAN NOT begin crossing the road when a vehicle is so close that they are not able to stop. Laws also state, "Where sidewalks are provided, no pedestrian shall, unless required by other circumstances, walk along and upon the portion of a roadway paved for vehicular traffic."

DRIVER LAWS FOR STOPPING.

Likewise and what should be more well known, is that there are many stipulations as to when a vehicle must stop for pedestrians. Florida laws state; "The driver of a vehicle at any crosswalk where a sign so indicates shall **stop and remain stopped** to allow a pedestrian to cross a roadway when the pedestrian is in the crosswalk or steps into the crosswalk and is upon the half of the roadway upon which the vehicle is traveling or when the pedestrian is approaching so closely from the opposite half of the roadway as to be in danger." Additional laws state "When a vehicle is stopped at a crosswalk to permit a pedestrian to cross the roadway, the driver of any other vehicle approaching from the rear shall not overtake and pass such stopped vehicle."

The "stop for pedestrian signs" you'll occasionally see put out at the midblock crosswalks on Celebration Avenue do not require stopping at UNLESS, there is a pedestrian, but you should always be prepared to stop. Those signs are to help warn drivers of the crosswalks and laws. Driving safely is your responsibility. If you're driving, pay attention, look ahead, be prepared to stop and then actually stop for all pedestrians. The hurry that you're in, is not worth the damage to lives you may cause.

We all understand that life in today's world moves quickly. Between jobs, family lives and other daily obligations, we are all rushing to accomplish tasks. None of these are an excuse to be unsafe. What never should be forgotten is that everybody's main goal is to make it home safely at the days end. Drivers, including you cyclists using the roads, and pedestrians must work together to share the roads and obey traffic laws to remain alive. Do not be a statistic. There is too much to lose. We will be in Celebration soon conducting traffic operations to watch for those being unsafe. Consider this your traffic warning from me as I'll be only writing tickets to violators, especially when these operations are going on. Please be safe and change those bad driving or walking habits. ●

SAFETY TIPS FOR PEDESTRIANS TO FOLLOW WHEN CROSSING THE ROAD.

1. Stop at the curb or edge of the street. If vehicles parked on the street block your view of traffic, move forward to the edge of the line of parked vehicles where you can observe traffic in both directions. Be visible to drivers and recognize when to yield to motorists.
2. Look left, right, then left again for approaching traffic.
3. At an intersection corner, also check all directions for turning vehicles.
4. Determine whether there is a gap in traffic that is safe for both pedestrian and driver. Never assume that drivers see you or will stop for you.
5. When there is a safe gap in traffic, walk directly across the street at a consistent pace. Continuously look out for motorists or other hazards and **stop looking at your phones** when crossing. Remember drivers may not be attentive or tourists may not be familiar with the area. Always watch for any quick turning movements or drivers disregarding Florida traffic laws.

DRIVING SAFETY TIPS

1. Look out for pedestrians everywhere, at all times. Safety is a shared responsibility.
2. Use extra caution when driving in hard-to-see conditions, such as nighttime or bad weather.
3. Slow down and be prepared to stop when turning, nearing or otherwise entering a crosswalk.

ORANGE COUNTY, FLORIDA
EMERGENCY EXECUTIVE ORDER NO. 2020-04
regarding
COVID-19

Non-Essential Travel and Safety Measures
and
Non-Essential Businesses and Essential Businesses

Date: March 24, 2020
Time: 5:54 o'clock P. m.

WHEREAS, on March 13, 2020, a State of Local Emergency was declared for seven (7) days under the Comprehensive Emergency Management Ordinance by Emergency Executive Order No. 2020-01 due to the serious threat posed by COVID-19; and

WHEREAS, Emergency Executive Order No. 2020-01 was extended seven (7) days to March 27, 2020 by Emergency Executive Order No. 2020-02, and it will be extended for additional periods of time; and

WHEREAS, COVID-19 is spread amongst the population by various means of exposure, including the propensity to spread person to person and the propensity to attach to surfaces for prolonged periods of time, thereby spreading from surface to person and causing increased infections to persons; and

WHEREAS, public health experts have consistently recommended avoiding close physical interaction between people in order to slow the spread of COVID-19, and the Centers for Disease Control ("CDC") has updated and further restricted its distancing guidelines; and

WHEREAS, despite measures previously taken, COVID-19 has rapidly spread in the State of Florida as well as in Orange County, necessitating updated and more stringent distancing guidelines; and

WHEREAS, while it is important to update and revise the social distancing guidelines to protect the public, it is also important to preserve the public's access to necessary services, such as food, prescriptions and health care, and to maintain the operation of critical infrastructure as identified by the federal government; and

AMERICAN OVERSIGHT

FL-ORANGE-20-1072-B-001571

WHEREAS, the emergency powers of this Office include establishing curfews, limiting public congregations and other powers necessary to secure the public health and safety; and

WHEREAS, this Emergency Executive Order is issued to protect the health and safety of the citizens, residents and visitors of Orange County, to assist the healthcare delivery system in its ability to serve those persons infected by COVID-19, and to preserve the public's access to essential services and maintain the operation of critical infrastructure.

NOW, THEREFORE,

I, Jerry L. Demings, County Mayor of Orange County, Florida, acting as the Director of Emergency Management, promulgate the following Emergency Executive Order:

Section 1. Non-Essential Travel and Safety Measures.

In the interest of preserving the public health and safety, individuals are ordered not to leave the premises of their primary residence or domicile except to conduct certain necessary activities, while practicing social distancing where practical, which include, but are not limited to the following:

(a) *Basic Needs*. Visiting a health or veterinary care professional, obtaining medical supplies or medication, obtaining financial or legal services, obtaining food, grocery items or other household consumer products and products necessary to maintain the safety and sanitation of residences or buildings (whether commercial, office or industrial), for personal use or for use by others, including, without limitation, services related to providing food, groceries, household products, health services, shelter, care or assistance to minors, the elderly, dependents, persons with disabilities, other persons needing assistance, friends, family members, pets or animals; attendance at public meetings or other government purposes; and for other like or similar purposes related to any of the foregoing.

(b) *Physical Activity and Exercise*. Engaging in outdoor activities and recreation, including, without limitation, golfing, walking, hiking, running, cycling, using scooters, roller skates, skateboards, or other personal mobility devices.

(c) *Travel related to Basic Needs and Physical Activity*. Travel to and from an individual's principal residence or domicile related to any of the basic needs described in Section 1(a) above, or physical activity and exercise described in Section 1(b) above.

(d) *Travel related to the Provision or Receipt of Essential Services*. Travel necessary for the provision or receipt of essential services described in Section 2, including employees, volunteers, and service recipients of these services.

AMERICAN OVERSIGHT

(e) *Other Travel.* Travel to and from transportation facilities or hubs, airports, bus and train stations, and travel to return home from outside jurisdictions.

Section 2. Non-Essential Businesses and Essential Businesses.

(a) All non-essential retail and commercial businesses are hereby ordered temporarily closed, including but not limited to, whether indoors or outdoors, locations with amusement rides, carnivals, water parks, pools, zoos, museums, arcades, fairs, children's play centers, playgrounds, theme parks, bowling alleys, pool halls, movie and other theaters, concert and music halls, country clubs, social clubs and fraternal organizations.

(b) The following retail and commercial businesses are deemed essential, and may remain open:

(1) Healthcare providers, including, but not limited to, hospitals, doctors' and dentists' offices, urgent care centers, clinics, rehabilitation facilities, physical therapists, mental health professionals, psychiatrists, therapists, pharmacies, veterinarians and animal care providers;

(2) Grocery stores, farmers' markets, farm and produce stands, supermarkets, food banks, convenience stores, and other establishments engaged in the retail sale of canned food, dry goods, fresh fruits and vegetables, fresh meats, fish, and poultry, and any other household consumer products (such as cleaning and personal care products). This authorization includes stores that sell groceries and other non-grocery products, and products necessary to maintaining the safety, sanitation, and essential operations of residences;

(3) Food cultivation, including farming, livestock, and fishing;

(4) Businesses that provide food, shelter, social services, and other necessities of life for economically disadvantaged or otherwise needy individuals. Hotels, motels and other housing providers;

(5) Newspapers, television, radio, and other media services;

(6) Gas stations;

(7) Auto-supply, auto-repair, related facilities, and towing companies;

(8) Banks and related financial institutions;

(9) Hardware and home improvement stores;

(10) Licensed contractors and other tradesmen, appliance repair personnel, exterminators, and other service providers who provide services that are necessary to maintain the safety, sanitation, and essential operation of residences and other structures;

(11) Businesses providing mailing and shipping services, including post office boxes;

(12) Laundromats, dry cleaners, and laundry service providers;

AMERICAN OVERSIGHT

(13) Restaurants and other facilities that prepare and serve food, but subject to the limitations and requirements under Federal, State or Local Emergency Orders. Schools and other entities that typically provide free food services to students or members of the public may continue to do so on the condition that the food is provided to students or members of the public on a pick-up and takeaway basis only. Schools and other entities that provide food services under this exemption shall not permit the food to be eaten at the site where it is provided, or at any other gathering site;

(14) Businesses that supply office products needed for people to work from home;

(15) Businesses that sell medical equipment and supply providers. Also, businesses that supply other essential businesses with support and supplies necessary to operate, and which do not interact with general public;

(16) Businesses that ship or deliver groceries, food, goods, or services directly to residences;

(17) Airlines, taxis, and other private transportation providers providing transportation services via automobile, truck, bus, or train;

(18) Home-based care for seniors, adults, or children;

(19) Assisted living facilities, nursing homes, and adult day care centers, and senior residential facilities;

(20) Legal or accounting services and notaries public;

(21) Landscape and pool care businesses, including residential landscape and pool care services, and maintenance of property, equipment and grounds of businesses, whether or not currently open to the public;

(22) Childcare facilities providing services that enable employees exempted in this Emergency Executive Order to work, as permitted. To the extent practical, childcare facilities shall operate under the following mandatory conditions:

a. Childcare shall take place in stable groups of ten (10) or fewer people (inclusive of childcare providers for the group);

b. Children and childcare providers shall not change from one group to another; and

c. If more than one group of children is cared for at one facility, each group shall be in a separate room, and groups shall not mix or interact with each other;

(23) Businesses operating at an airport, government facility, or government office;

(24) Pet supply stores;

(25) Logistics providers, including warehouses, trucking, consolidators, fumigators, and handlers;

AMERICAN OVERSIGHT

(26) Telecommunications providers, including sales of computer or telecommunications devices and the provision of home telecommunications, to include private security businesses;

(27) Providers of propane or natural gas;

(28) Construction sites, irrespective of the type of building;

(29) Architectural, engineering, and land surveying services;

(30) Factories, manufacturing facilities, bottling plants, or other industrial uses;

(31) Waste management services, including collection and disposal of waste; and

(32) Businesses interacting with customers solely through electronic or telephonic means;

(33) Businesses delivering products via mailing, shipping, or delivery services;

(34) Office space and administrative support necessary to perform any of the above listed essential retail or commercial business activities; and

(35) In addition to essential businesses listed above, any individuals that are employed in or working to maintain continuity of operations of the federal critical infrastructure sectors as more particularly described at http://www.cisa.gov/identifying-critical-infrastructure-during-covid-19. This link identifies a number of critical infrastructure sectors as vital to the United States including (1) healthcare and public benefits, (2) transportation systems and logistics, (3) communications, (4) water and wastewater, (5) food and agriculture, (6) nuclear reactors, hazardous materials and waste, (7) other governmental facilities, operations and essential functions, (8) energy, (9) financial services, (10) commercial facilities, (11) emergency services, (12) defense industrial base, (13) critical manufacturing, (14) chemical, and (15) information technology. This exception only applies to individuals working in one of these critical infrastructure sectors while or during the course of employment in and performing their work in that sector.

(c) This Order does not affect or limit the operations of Orange County, any municipality, the Orange County School District, any educational institution, whether public or private, or Federal office or facility, or any public utility, except that such entities shall endeavor to abide by the prohibitions or restrictions of any County, municipal, State or Federal Emergency Order, as applicable.

(d) This Order does not limit the number of persons who may be physically present performing services at any location where an essential business is being conducted or operated, except as expressly set forth herein or otherwise governed by a State or Federal Order or regulation. Employers and employees of such essential businesses are urged to practice social distancing, such as keeping at least six (6) feet apart and limiting group size to less than ten (10) people.

AMERICAN OVERSIGHT

(e) This Order does not limit religious or funeral services at any location, but all persons leading, performing or attending religious or funeral services are urged to fully comply with all measures advised by the CDC, including limiting gatherings to not more than ten (10) people and practicing social distancing of at least six (6) feet between persons.

Section 3. Minimum Standards. The provisions of this Emergency Executive Order shall serve as minimum standards, and shall not modify any powers possessed by municipalities to impose more stringent standards within their respective jurisdictions.

Section 4. Variances or Exceptions. Any variance or exception to any prohibitions set forth in Section 1 or Section 2 shall be valid only when stated in writing signed by me or under my authority.

Section 5. Penalties. Anyone who violates this Emergency Executive Order shall upon conviction be punished according to law and shall be subject to a fine not exceeding the sum of Five Hundred Dollars ($500.00), or imprisonment in the County jail for a period not exceeding sixty (60) days, or by both such fine and imprisonment.

Section 6. Severability. Any provision of this Emergency Executive Order that conflicts with any Federal or State constitutional provision or law, including the State's preemption of the regulation of firearms and ammunition codified in Section 790.33, Florida Statutes, or conflicts with or is superseded by an Executive Order issued by the President of the United States or the Governor of Florida, shall be deemed inapplicable and deemed to be severed from this Emergency Executive Order, with the remainder of the Emergency Executive Order remaining intact and in full force and effect. Nothing in this Emergency Executive Order shall be interpreted as prohibiting retail or wholesale stores or vendors that currently sell sealed containers of alcoholic beverages for off-premises consumption from continuing such sales for off premises consumption.

Section 7. Effective Date; Expiration Date.

(a) This Emergency Executive Order shall become effective on March 26, 2020, at 11:00 p.m.

(b) This Emergency Executive Order shall expire on April 9, 2020, at 11:00 p.m.

Jerry L. Demings, Orange County Mayor,
as Director of Emergency Management

Subject: Orange County Coronavirus Latest Information

Hi Everybody,

As we get set to head into the weekend I wanted to share our latest 'Key Takeaways' from yesterday's news briefing and some helpful links.

COVID-19: Go to Hospital or Recover at Home?https://newsroom.ocfl.net/2020/03/covid-19-go-to-hospital-or-recover-at-home/
'Key Takeaways' https://newsroom.ocfl.net/media-advisories/press-releases/2020/03/coronavirus-updates/

'Stay at Home' Executive Order FAQshttps://newsroom.ocfl.net/2020/03/stay-at-home-to-flatten-the-curve-orange-county-issues-stay-at-home-order-effective-march-26-2020-faqs/

Lastly, I know some of you were asking about the differences between the original Executive Order signed by Mayor Demings and the amended one signed yesterday outlining the 'Stay at Home' order. Below I have highlighted the portion that was amended. May you all be well and stay healthy—Despina

STAY AT HOME TO FLATTEN THE CURVE: Orange County Issues 'Stay At Home,' Order Effective MARCH 26, 2020
Orange County Mayor Jerry Demings has ordered all non-essential retail and commercial businesses to close and all residents to stay home from non-essential travel. This order will take effect at 11 p.m. on Thursday, March 26 and will continue for two weeks until April 9 at 11 p.m. The order means that the entirety of Orange County is ordered to stay at home as much as possible, with exceptions for businesses and travel deemed "essential." For the complete Executive Order, visit this webpage.
In order to slow the spread of COVID-19, all Orange County residents are ordered to limit travel to essential trips ONLY and to STAY AT HOME as much as possible. Orange County urges all residents to continue monitoring their personal health and the health of their families, practice social distancing and self-quarantine for 14 days.
The Order is critical to reducing the spread of COVID-19.
"It's our collective responsibility to take the necessary steps to slow the spread of COVID-19," said Orange County Mayor Jerry L. Demings. "We're working to save lives, and every Orange County resident needs to stay home and adhere to this

AMERICAN OVERSIGHT

order. Other mayors in the County are also deeply concerned about the welfare of all residents, and this decision was not made lightly."

As of March 26, 2020, the Emergency Executive Order was modified/amended to address some additional business concerns. These concerns are addressed in the updated FAQs.

FREQUENTLY ASKED QUESTIONS ABOUT THE ORDER:

ABOUT THE ORDER:

When does the order go into effect and when will it expire?

The Order takes effect on Thursday, March 26 at 11 p.m. and ends on Thursday, April 9 at 11 p.m. Mayor Demings could extend the order if he believes it is necessary for the safety of residents.

To whom does this order apply?

The order applies to ALL INDIVIDUALS within Orange County. Unless you work for an essential business or are doing an essential activity, you MUST STAY HOME. The order is MANDATORY. Orange County residents MUST stay home and prevent the spread of COVID-19.

ESSENTIAL VS. NON-ESSENTIAL BUSINESSES:

What are considered "essential" businesses or activities?

Individuals can travel to and from grocery stores, pharmacies, gas stations, police stations, fire stations, hospitals, doctor's offices and healthcare facilities. However, once these locations have been visited, residents NEED TO GO HOME. While inside these businesses, continue practicing social distancing. Try to stand 6 feet back from other customers in checkout lines, and continue good handwashing practices and using hand sanitizer before and after your trip.

The order details the difference between what is considered non-essential businesses and essential businesses. The outline for the differentiation can be found by accessing the Executive Order.

The following are examples of deemed essential businesses that may continue to operate?

- Auto supply stores, repair shops as well as auto and motorcycle dealerships
- Businesses that provide shipping, logistics, etc.
- Construction industry, licensed contractors, general contractors and workers, etc.
- Financial institutions
- Funeral/cemetery providers
- Government workers
- Groceries and pharmacies
- Hardware and home improvement stores
- Healthcare and medicine providers, including medical marijuana dispensaries
- Hotels and motels
- Marine dealers, and marina repair and supply businesses
- Media
- Non-profits or businesses that provide social services and other necessities of life for economically disadvantaged or needy individuals
- Real estate professionals, leasing offices, insurance contractors and property appraiser services. In addition, businesses that provide support necessary to perform essential real estate services.
- Veterinarians, animal care providers (and animal care boarders) and pet supply stores

Garbage pickup and public transit are also considered essential and will continue normal operations.

What if my business is deemed "non-essential," yet I and/or my employees have to conduct payroll and/or pay our vendors?

Non-essential businesses can continue to perform minimum basic operations, like processing payroll.

What physical activities are cleared for exercising?

Numerous activities such as walking, cycling, running, boating, swimming, fishing, playing tennis and golf, etc. However, please follow the CDC guidelines in regards to social distancing and number of people.

Are golf courses able to stay open?

Yes, for the benefit of physical activity and exercise.

COURTS/LITIGATION:

What if I have to go to court?

Reporting to or conducting business at court facilities are permissible.

If I have custody issues with my children/family will this Executive Order affect this?

Picking up and dropping off children as part of a dual-custody arrangement is a necessary activity under the Order, which allows for travel to provide shelter and care or assistance to minors, dependents and family members.

Key Takeaways: Orange County Government's News Conference on 3/26/20

Currently, there are 110 confirmed cases of COVID-19 have been reported in Orange County – with four deaths. This number has doubled in the past two days. One of Orange County Fire Rescue's firefighters has also tested positive for COVID-19. Our first responders continue to care for our residents in the midst of this crisis, so it is of paramount importance to stay vigilant with the Executive Order and comply with social distancing.

Executive Order Amended

- The mandatory "Stay At Home" Executive Order takes effect today, March 26, 2020 at 11 p.m. It will continue until April 9 at 11 p.m.
- In response to business and resident inquiries, some amendments have been made to the Executive Order. Visit the County's updated FAQ page, which details common questions.

OVERSIGHT

- Due to the overwhelming response from the community, Orange County is increasing its staff members for itsCOVID-19 Crisis Assistance Program.
- We are aware that the initial rollout of the COVID-19 Crisis Assistance Program to help Orange County residents had some challenges in respect to high call volume and citizens not being bel to get through. To that end, we are offering an online form to help streamline the process. recognized these challenges and took aggressive action and are here to report that:
- For the quickest and most convenient way to contact the COVID-19 Crisis Assistance Program, fill out a form at: www.ocfl.net/COVID19RentalAssistance. Appointments will be scheduled within two to five business days. We are conducting up to 44 appointments each day this week, and will be up to about 60 per day starting next week. If you are unable to fill out a form online, you can call at 407-836-6500 (hours Mon – Fri. 8 a.m. to noon), but there is no need to call if you fill out a form.

Orange County Public Schools (OCPS)

- The "Grab and Go" free meal program for children 18 years old and under will continue at 50 sites. Please check www.ocps.net for location updates. The hours of the program have been adjusted to 10 a.m. to 1 p.m. beginning Friday, March 27. The meals include breakfast and lunch to take home. Children must be present to receive the meals. Children can be in a vehicle, walking or riding a bike and no identification is needed. The family does NOT need to qualify for free and reduced meals and the child does NOT have to be enrolled at the school to receive food.

- Distance learning for ALL OCPS students begin Monday, March 30.

Ninth Circuit Courts Update

All non-emergency hearings will either be rescheduled or conducted remotely. All proceedings in the outlying courthouses – Apopka, Ocoee, and Winter Park – scheduled through April 17 have been canceled to be rescheduled at a later time.

Essential/Critical Proceedings:
Persons seeking emergency injunctions for protection
Emergency shelter hearings
Baker Act hearings
Guardianship hearings

Jury Trials
Suspension through April 17

If you have been summoned to report for duty between now and April 17,your service is complete and you will not be called again for at minimum 12 months.

Subject: Orange County Donations & Medical Supplies for Purchase
Attachment(s): "Covid19 FB donations rev 3.jpg","Covid19 Instagram donations.jpg","Covid19 twitter donations.jpg"

Hi Central Florida Communicators,

On Wednesday, Mayor Demings mentioned looking for local companies that could produce PPE. I have been getting a lot of questions about where residents should go, if they have donations and/or businesses that can produce these medical items for purchase.

With the abundancy of responses… our communications team has created the attached graphics.
Please feel free to utilize and share on social/web channels to help spread the information.

Thank you!

Sincerely,
Despina McLaughlin

Kent – Per our discussion, Osceola just gave Order to mandate masks in public. Misdemeanor $500 fine or up to 60 days in jail. I'm sure Dr. Pino will be asked thoughts on this if OC should do.

Dr. Pino and Dr. Martinez,

We received a request/complaint from a citizen who is concerned that when questions are asked and answered in Spanish they may be missing out on critical information as he only speaks English.

Request: When you answer a question in Spanish would you please recap briefly in English?

2nd batch of questions

Were any of those February cases counted as deaths?

Or did the people recover?

How are they now classified as cases?

1st batch of questions
An editor took a closer look at the week-by-week chart and posed this question to me:

This is really important element of the story.

We accurately quoted Mayor Demings on March 3 saying "it's only a matter of time before it's in our backyard."

But according to Dr. Pino's sheet today, there were already EIGHT cases by then. Dr. Pino's sheet shows the first case of COVID-19 in Orange was logged during week of Feb. 2.

That is "week 6" on the chart so it the data shows positive cases back in February?

Why weren't those announced?

Did we not know they were covid-19 cases then ? And were they then added later?

When was Orange's first case actually announced?

Hi Kent,
We would like to invite you and Dr. Raul Pino to participate in tomorrow's 5 p.m. news briefing here at the EOC.
Per Jane Watrel, our communications team would like Dr. Pino to give us a case update/any additional information he might have to compliment the mayors' address, touch on how the OCCC Community-Based Testing Site will operate, what the process looks like, who should show up and who shouldn't. I've attached the notes the state has sent down.
Also, if there are updates he would like to disclose about the east Orlando testing site.
Please reply all on this email so that we are all aware of Dr. Pino's participation J FYI—Kelly is the PIO on duty tomorrow.
Thank you again for your continued partnership! #HappySaturday

Mayor talked about two things that I wanted to follow up on because we'll do this story on test kits today since he talked about it.

1. He said the county has gotten far less collection kits than requested. How many have been requested?
2. He said the county has tried to purchase directly from providers but have seen the feds or state have siphoned off the supply. So are these companies only willing to sell to state or feds or are the state and feds paying more for the kids? How much money does county have to buy kits?

I personally like the message of Palm Bay that we can customize. As in STAY HOME, STAY SAFE, STAY INFORMED blah blah with webpage info and then plugging 311. Or let me know if you think we should do something else. At this point, telling people to stay home is our biggest message.

Hello Doreen,

Thank you for reaching out to me in regards to the artwork. I have attached the requirements for the size of the artwork as well as an example of what we are displaying for the City of Palm Bay and the CDC.

If you would like to create the advertisement based on the specs, you can send me the final design. Alternatively, if you have certain elements or messages you would like displayed, you can send me those files and I will have our artists create a design.

I have calls today until 3pm, but am available any time afterwards to speak if you would like to discuss further.

Thank you again and I look forward to getting your messages up in our community.

Subject: International Dr Artwork Ordinance

Hello All,

It has been a little over three weeks since we all meet and it is crazy to think how much has changed in such a short time frame. First and foremost, I hope you and all of your families/friends are doing well and staying healthy. As we maneuver through this time, please let the Mayor and Communication Department know that they can reach out to me in order to use our digital billboards and relay information regarding COVID-19, curfews, and etc. to the community.

Per our meeting, I wanted to follow up with suggestions from our attorney regarding the artwork language. Please see our suggestion highlighted in yellow below:

"Dynamic Art. Designs or images on a building or structure, that are not commercial off-premise/off-site advertising messages or images, that employ lighting displays, projections, videos or other electronic images and graphics, or any combination thereof. Such designs or images shall consist of subtle changing or moving elements of color, shapes, symbols, images, graphics and patterns, as created by artists, creative agencies or studios, design professionals or others."

We believe that this small change will allow the artwork, which is not meant to target an advertiser, and the onsite messaging shown during the meeting (Mario Andretti and the race car) to be permissible. During this review, our SVP of digital also noted that there are no required brightness levels or specific timing changes in artwork. He would recommend a regulation be placed on these similar to the way digital billboards are regulated to ensure the signs are operated appropriately. If you would like further guidance on these items, please let me know.

Thank you for your time and please reach out to me with any questions.

We are getting free ads from Clear Channel for advertising.

I personally like the message of Palm Bay that we can customize. As in STAY HOME, STAY SAFE, STAY INFORMED blah blah with webpage info and then plugging 311. Or let me know if you think we should do something else. At this point, telling people to stay home is our biggest message.

Thanks,

Hello Doreen,

Thank you for reaching out to me in regards to the artwork. I have attached the requirements for the size of the artwork as well as an example of what we are displaying for the City of Palm Bay and the CDC.

If you would like to create the advertisement based on the specs, you can send me the final design. Alternatively, if you have certain elements or messages you would like displayed, you can send me those files and I will have our artists create a design.

I have calls today until 3pm, but am available any time afterwards to speak if you would like to discuss further.

Thank you again and I look forward to getting your messages up in our community.

Meredith,

I am bringing your offer to display messages on your digital billboards to our Communications management team, Dr. Jeff Williamson, Jane Watrel and Doreen Overstreet, and they will follow-up with you.

With respect to our meeting a month+ ago about the Dynamic Arts Ordinance, by copy I'll ask Jon Weiss and Alberto Vargas to advise on status of their discussions with Joel Prinsell.

I have not heard of other counties doing mass disinfection. The only ones I have heard of are the places in NY that were hot zones for COVID-19 (e.g., New Rochelle, NY).

However, sending to medical/health SMEs for directions and confirmation on answer to this. Thanks.

AMERICAN OVERSIGHT

Dear Neighbor,

I hope this message finds you and your loved ones safe, healthy, and well. I know these are hard and difficult times for everyone, but we will get through this together. We are reaching a critical point in combating this pandemic within our community and the best thing we can do is to stay informed and continue to take actions to extinguish the infection.

Please continue to stay home as much as possible, wear protective face coverings when in public, and please **GET TESTED.** As of April 17, 2020, Florida has 24,119 confirmed Coronavirus cases and 1,135 cases in Orange County. The chart below provides an analysis of cases in each zip code within Orange County as of April 16, 2020. As you can see, one of the most concentrated areas of infection are within District 3.

AMERICAN OVERSIGHT

The Department of Health (DOH) will open additional mobile test sites in Orange County starting Monday, April 20, 2020. The locations are below:

Mobile Testing Locations:
*Tests at these sites are by **APPOINTMENT ONLY** and on specific days. **Please call (407) 723-5004 to make an appointment.***

Jay Blanchard Park, 2451 N. Dean Road, Orlando, FL 32817
South Econ Community Park, 3800 S. Econlockhatchee Trial, Orlando, FL 32829
Camping World Stadium, 1 Citrus Bowl Place, Orlando, FL 32805
Barnett Park, 4801 W. Colonial Drive, Orlando, FL 32808
West Orange Park, 150 Windermere Road, Winter Garden, FL 34787

There is no cost to Orange County residents to be tested, nor are there any eligibility criteria. This means anyone can be tested and we **strongly encourage** you to do so. One of the most effective ways to prevent the spread of infections in our community is by breaking the chains of transmission. Even if you do not show symptoms, it is important to get tested because people without symptoms can still spread the disease to others. We should work to isolate those persons as necessary.

If you have any concerns please reach out my office via email or phone as we continue to be at your service.

Sincerely,

Commissioner Mayra Uribe

Kent – David Porter, local reporter writing for Propublica, called me this morning. He wanted data on age and race for COVID-19 cases because he's writing about more black people being susceptible to COVID-19. I referred him to you and said DOH has general stats, but doesn't give out specifics like that. Just wanted to give you a heads up he'll be contacting you.

Kelly/Despina – David asked to be added to media list pushing. His email is david.d.porter.orl@gmail.com. Thanks and I added this request to the media lot.

I spoke to Stephen and clarified the data. The Epi curve runs on the the day of onset of symptoms. The testing data runs on the day the test was reported to the state. Those days for almost all people are different.

Subject: Deadline question
An editor took a closer look at the week-by-week chart and posed his question to me:
This is really important element of the story.
We accurately quoted Mayor Demings on March 3 saying "it's only a matter of time before it's in our backyard."
But according to Dr. Pino's sheet today, there were already EIGHT cases by then. Dr. Pino's sheet shows the first case of COVID-19 in Orange was logged during week of Feb. 2.
That is "week 6" on the chart so it the data shows positive cases back in February?
Why weren't those announced?
Did we not know they were covid-19 cases then ? And were they then added later?
When was Orange's first case actually announced?

Hi Kent,
We are getting a Facebook message from a follower who says they've been waiting more than 30 minutes on hold for the Coronavirus Call Center hotline.
What's the average wait time?

COVID-19 TESTING

ACCESSING AND UNDERSTANDING YOUR TEST RESULTS

Florida HEALTH
Orange County

ACCESS TO LAB TEST RESULTS

You can access your COVID-19 Lab results through the LabCorp Patient Portal. Visit https://patient.labcorp.com or download the installable app on your mobile device.

Download on the App Store

GET IT ON Google Play

1 SIGN UP Create an account by completing the New Registration Form. You have the option to use your last four digits of your Social Secutiy number or a valid Driver's License number to verify your identiy during registration. After you have completed the New Registration Form, click Create Account.

2 ACCOUNT VERIFICATION After creating your account, you will be directed to a page to verify your account using a One-Time Verification Code, which can be sent to you via text message or email. After you have finished selecting a method for receiving your One-Time Verification Code, retrieve the code from your email or mobile phone and enter it on the verification page, then click "Verify."

3 LOGIN TO ACCOUNT On the Account Created page, use the User ID and Password you created on the New Registration Form, then click "Login" to access your LabCorp Patient Portal.

WAITING FOR TEST RESULTS

What to do about work while you wait for test results?

- Please inform your supervisor at work that you have been tested for COVID-19 and note the date of testing.
- If you are experiencing symptoms: Notify your supervisor and stay home.
- If you are not experiencing symptoms: Request guidance from your supervisor on any potential work and patient care restrictions until you know your test results.
- Avoid using public transportation, ride-sharing or taxis when commuting.

What to do to protect yourself while you wait for test results?

- Wash your hands often with soap and water for at least 20 seconds. Clean your hands with an alcohol-based hand sanitizer that contains at least 60% alcohol if soap and water are not available.
- Avoid close contact with people who are sick.
- Avoid touching your eyes, nose, and mouth with unwashed hands.
- Clean all "high-touch" surfaces every day. High touch surfaces include counters, tabletops, doorknobs, bathroom fixtures, toilets, phones, keyboards, tablets, and bedside tables.
- Cover all coughs and sneezes.
- If available, wear a facemask if you are sick.

Seek medical attention immediately if you develop any of the following emergency warning symptoms for COVID-19 or other medical emergencies:

Extremely difficult breathing, Bluish lips or face, Constant pain or pressure in the chest, Severe Constant dizziness or lightheadedness, Acting confused, Difficult to wake up, Slurred speech (new or worsėning), New seizure or seizures won't stop. (This list is not all-inclusive. Please consult your medical provider for any other symptoms that are severe or concerning.)

*For medical emergencies, call 911 & notify the dispatch personnel that you may have COVID-19.

AMERICAN OVERSIGHT

WHAT TO DO IF YOU TEST POSITIVE (+) FOR COVID-19?

IF YOU TEST POSITIVE, keep your entire household at home.

- Most cases can be cared for at home. Do not go to the hospital to seek care unless you have a medical emergency.
- Do NOT go to work. Notify your employer of your positive test result.
- Monitor your symptoms at home: Note the day any new symptoms begin; Check your own temperature two times a day; Keep a daily record of fever, cough, and additional respiratory symptoms.

Seek medical attention if you develop ANY of the following:

- ☐ Extreme difficulty breathing
- ☐ Bluish lips or face
- ☐ Contant pain or pressure in the chest
- ☐ Severe constant dizziness or lightheadedness
- ☐ Difficult to wake up
- ☐ Slurred speech (new or worsening)
- ☐ New seizures or seizures that won't stop

What Should You Expect?

- Most people experience minor symptoms such as fever and cough.
- Over-the-counter medications that lessen symptoms of fever and cough may help. It is important to get rest and drink plenty of fluids.
- There is currently no vaccine or medication to treat or prevent COVID-19.

When Does Home Isolation End?

- If you test positive for COVID-19, stay home and limit contact with others until:
  - You have been fever-free for at least 3 days without using medicine that reduces fever

    AND
  - Your other symptoms have improved

    AND
  - At least 7 days have passed since your symptoms first appeared
- You will need to consult your employer prior to returning to work.

WHAT TO DO IF YOU TEST NEGATIVE (-) FOR COVID-19?

IF YOU TEST NEGATIVE for COVID-19:

- You are probably not infected at this time. However, you could have been exposed and test positive later. You must continue to practice all the protective measures to keep yourself and others negative.
- As long as the virus that causes COVID-19 is spreading in your community, continue to follow recommendations to protect yourself, including: practice social distancing, wash your hands often, avoid touching your face, and avoid social gatherings according to local guidance.
- Follow guidance from your healthcare provider and your state and local health departments.

Daralene,

Orange County has requested 15,000 test kits and has received 0. Last week the state sent 5,000 test kits, but they could not be used and are being sent back to the state. I believe the DOH and Dr. Pino can clarify on why they could not be used….

The goal was for Orange County to offer our own testing and share supplies with the DOH-in Orange County for mobile testing sites.

In reference to your second question, I believe this was is in relation to the Defense Production Act where my understanding is that the distributers have to fill federal requests/orders first. Again, that is not certain but something to look further into.

Hope this helps..

Mayor talked about two things that I wanted to follow up on because we'll do this story on test kits today since he talked about it.

1. He said the county has gotten far less collection kits than requested. How many have been requested?
2. He said the county has tried to purchase directly from providers but have seen the feds or state have siphoned off the supply. So are these companies only willing to sell to state or feds or are the state and feds paying more for the kids? How much money does county have to buy kits?

Hey Kent,

We are so happy things worked out. Dr. Pino was clearly the star of the show, and we are so grateful he was able to dispense information with a gentle dose of good humor. Hopefully you can send the news conference on Orange TV to your bosses in Tallahassee.

Kent – Danny wanted us to have messaging available for if people are possibly sick with COVID-19 and what they need to do … specifically if they are healthy individuals that just need to self-isolate. We drafted this.
CDC is the source for all of this unless where otherwise noted (Mayo Clinic).

Kent – Danny wanted us to have messaging available for if people are possibly sick with COVID-19 and what they need to do … specifically if they are healthy individuals that just need to self-isolate. We drafted this.
CDC is the source for all of this unless where otherwise noted (Mayo Clinic).

Will you guys review and provide any feedback so we can have available? Thanks. .

Messaging and Talking Points
(per Danny Banks questions)
(this is all sourced through the CDC unless otherwise noted)

Go to Hospital or Recover at Home?

According to the CDC, COVID-19 causes mild symptoms in about eight out of 10 people, and most people who are mildly ill with the virus are able to recover from home. If you are sick with COVID-19 or think you might have it, call your doctor before going to the doctor's office or emergency room. People who do not think they are very sick could end up spreading the disease to others who are far more likely to develop severe symptoms, such as the elderly and people with compromising health conditions.

If you believe you meet the criteria to go to the hospital (dry cough and a fever combined with difficulty breathing or a compromised immune symptom) call ahead to let your doctor know, then follow his or her advice on the best way to get to the hospital or other healthcare facility.

If your doctor recommends you recover at home, separate yourself from other family members. As much as possible stay in a specific "sick room" and away from others. Use a separate bathroom, if available.

You should also restrict contact with pets and other animals, just like you would around other people. Although there have not been reports of pets or other animals becoming sick with COVID-19, it is still recommended that people with the virus limit contact with them until more information is known.

Currently, no antiviral medication is recommended to treat COVID-19. According to the Mayo Clinic, treatment is directed at relieving symptoms and may include:

- Pain relievers (acetaminophen)
- Cough syrup or medication
- Rest
- Fluid intake

How to Discontinue Home Isolation

According to the CDC, people with COVID-19 who have stayed home (home isolated) can stop home isolation under the following conditions:

- If you do not have a test to determine if you are still contagious, you can leave home after these three things have happened:
    - You have had no fever for at least 72 hours (three full days of no fever without the use medicine that reduces fevers)

AMERICAN OVERSIGHT

- Other symptoms have improved (for example, when your cough or shortness of breath have improved)
- At least 7 days have passed since your symptoms first appeared

- If you are tested to determine if you are still contagious, you can leave home after these three things have happened:
  - You no longer have a fever (without the use medicine that reduces fevers)
  - other symptoms have improved (for example, when your cough or shortness of breath have improved)
  - you received two negative tests in a row, 24 hours apart.

In all cases, follow the guidance of your healthcare provider and local health department. The decision to stop home isolation should be made in consultation with your healthcare provider and state and local health departments. Local decisions depend on local circumstances.

My understanding is that the CDC is evaluating it and they have not made any specific recommendation yet.
Fire rescue is making a change because they are transporting people that have been asymptomatic with Covid. That increases the risk to providers and can affect our workforce. I think the risk reduction is greater for fire rescue than folks wearing masks everywhere they go at this point in time.

If CDC changes their guidelines then I would recommend we change ours. I think it's reasonable to acknowledge that the CDC is reevaluating this though

This is correct data from DOH-Orange's Health Administrator Dr. Raul Pino – and the data just focuses on Orange County. I'm copying Kent Donahue from the health department because he said there are various formulas on how to calculate, so it depends on what one you use. This person I think took the overall mortality rate (about 3%) and looked at it that way from a calculation perspective, but that is not how DOH-Orange calculates

Kent says he is sharing something that breaks down this formula and he is cc'd here.

Thanks for sending this out to employees. We really appreciate it.

Orange and Osceola Best Foot Forward Coalition,

Unfortunately, this email bounced back yesterday afternoon. This is the recap as of 4:00 pm yesterday (Wednesday) of Operation Best Foot Forward crosswalk enforcement. Currently, Osceola County Sheriff's Officers are conducting crosswalk enforcement operations at several locations until noon today.

Wednesday, March 11, 2020
4 law enforcement agencies participated in today's operation at 13 crosswalks:

- **Orlando County Sheriff's Office**
- **Orlando Police Department**
- **Kissimmee Police Department**
- **St. Cloud Police Department**

115 warnings and citations were issued (and counting) for drivers failing to yield to a pedestrian in the crosswalk.

City of Kissimmee Vice Mayor Fisher and **City Commissioner Gonalez** attended the enforcement in Osceola County and **Commissioner Siplin's** aide Rose-Nancy Joseph attended the crosswalk at Pine Hills Rd. and Figwood Dr.

Below is a recap of the media attention we've received so far, starting yesterday evening until 4pm today. A full media report will be sent out by the end of the week.

Update on media confirmed for this morning's Operation Best Foot Forward Crosswalk Enforcement Action in Orange and Osceola Counties. Reminder this is a two day crosswalk operation with OPD, OCSO, KPD and St. Cloud PD scheduled for Wednesday (today) and Osceola County Sheriff's Office on Thursday (tomorrow). The press release and the crosswalk location enforcement schedule are attached.

Orlando Police Department: Live coverage with FOX 35 at Virginia and Bumby NOW

- Fox35's assignment desk: They started coverage at 5 am. They are keeping their morning reporter on BFF live shots through 9:30am. They plan to follow OPD. We told them this morning that OPD changed their crosswalk locations and schedule late yesterday.
- WFTV is sending a photog, arriving at 7:30 am at Virginia and Bumby Ave.

OPD or OCSO locations

- WESH is considering Livingston and Broadway or Pine Hills and Figwood
- WKMG is considering Livingston and Brodway or Pine Hills and Figwood

KPD/St. Cloud PD

- Telemundo is confirmed at Dakin Ave and Broadway Ave at 8:30 am

I'm in route to Virginia and Bumby now, along with Dori Madison. From there, I will be with KPD.

Orange and Osceola Best Foot Forward Coalition,

Unfortunately, this email bounced back yesterday afternoon. This is the recap as of 4:00 pm yesterday (Wednesday) of Operation Best Foot Forward crosswalk enforcement. Currently, Osceola County Sheriff's Officers are conducting crosswalk enforcement operations at several locations until noon today.

Wednesday, March 11, 2020
4 law enforcement agencies participated in today's operation at 13 crosswalks:

- **Orlando County Sheriff's Office**
- **Orlando Police Department**
- **Kissimmee Police Department**
- **St. Cloud Police Department**

115 warnings and citations were issued (and counting) for drivers failing to yield to a pedestrian in the crosswalk.

City of Kissimmee Vice Mayor Fisher and **City Commissioner Gonalez** attended the enforcement in Osceola County and **Commissioner Siplin's** aide Rose-Nancy Joseph attended the crosswalk at Pine Hills Rd. and Figwood Dr.

Below is a recap of the media attention we've received so far, starting yesterday evening until 4pm today. A full media report will be sent out by the end of the week.

Orange and Osceola Best Foot Forward Coalition,

Unfortunately, this email bounced back yesterday afternoon. This is the recap as of 4:00 pm yesterday (Wednesday) of Operation Best Foot Forward crosswalk enforcement. Currently, Osceola County Sheriff's Officers are conducting crosswalk enforcement operations at several locations until noon today.

Wednesday, March 11, 2020
4 law enforcement agencies participated in today's operation at 13 crosswalks:

- **Orlando County Sheriff's Office**
- **Orlando Police Department**
- **Kissimmee Police Department**
- **St. Cloud Police Department**

115 warnings and citations were issued (and counting) for drivers failing to yield to a pedestrian in the crosswalk.

City of Kissimmee Vice Mayor Fisher and **City Commissioner Gonalez** attended the enforcement in Osceola County and **Commissioner Siplin's** aide Rose-Nancy Joseph attended the crosswalk at Pine Hills Rd. and Figwood Dr.

Below is a recap of the media attention we've received so far, starting yesterday evening until 4pm today. A full media report will be sent out by the end of the week.

Orange and Osceola Best Foot Forward Coalition,

Unfortunately, this email bounced back yesterday afternoon. This is the recap as of 4:00 pm yesterday (Wednesday) of Operation Best Foot Forward crosswalk enforcement. Currently, Osceola County Sheriff's Officers are conducting crosswalk enforcement operations at several locations until noon today.

Wednesday, March 11, 2020
4 law enforcement agencies participated in today's operation at 13 crosswalks:

- **Orlando County Sheriff's Office**
- **Orlando Police Department**
- **Kissimmee Police Department**
- **St. Cloud Police Department**

115 warnings and citations were issued (and counting) for drivers failing to yield to a pedestrian in the crosswalk.

City of Kissimmee Vice Mayor Fisher and **City Commissioner Gonalez** attended the enforcement in Osceola County and **Commissioner Siplin's** aide Rose-Nancy Joseph attended the crosswalk at Pine Hills Rd. and Figwood Dr.

Below is a recap of the media attention we've received so far, starting yesterday evening until 4pm today. A full media report will be sent out by the end of the week.

Update on media confirmed for this morning's Operation Best Foot Forward Crosswalk Enforcement Action in Orange and Osceola Counties. Reminder this is a two day crosswalk operation with OPD, OCSO, KPD and St. Cloud PD scheduled for Wednesday (today) and Osceola County Sheriff's Office on Thursday (tomorrow). The press release and the crosswalk location enforcement schedule are attached.

Orlando Police Department: Live coverage with FOX 35 at Virginia and Bumby NOW

- Fox35's assignment desk: They started coverage at 5 am. They are keeping their morning reporter on BFF live shots through 9:30am. They plan to follow OPD. We told them this morning that OPD changed their crosswalk locations and schedule late yesterday.
- WFTV is sending a photog, arriving at 7:30 am at Virginia and Bumby Ave.

OPD or OCSO locations

- WESH is considering Livingston and Broadway or Pine Hills and Figwood
- WKMG is considering Livingston and Brodway or Pine Hills and Figwood

KPD/St. Cloud PD

- Telemundo is confirmed at Dakin Ave and Broadway Ave at 8:30 am

I'm in route to Virginia and Bumby now, along with Dori Madison. From there, I will be with KPD.

Orange and Osceola Best Foot Forward Coalition,

Unfortunately, this email bounced back yesterday afternoon. This is the recap as of 4:00 pm yesterday (Wednesday) of Operation Best Foot Forward crosswalk enforcement. Currently, Osceola County Sheriff's Officers are conducting crosswalk enforcement operations at several locations until noon today.

Wednesday, March 11, 2020
4 law enforcement agencies participated in today's operation at 13 crosswalks:

- **Orlando County Sheriff's Office**
- **Orlando Police Department**
- **Kissimmee Police Department**
- **St. Cloud Police Department**

115 warnings and citations were issued (and counting) for drivers failing to yield to a pedestrian in the crosswalk.

City of Kissimmee Vice Mayor Fisher and **City Commissioner Gonalez** attended the enforcement in Osceola County and **Commissioner Siplin's** aide Rose-Nancy Joseph attended the crosswalk at Pine Hills Rd. and Figwood Dr.

Below is a recap of the media attention we've received so far, starting yesterday evening until 4pm today. A full media report will be sent out by the end of the week.

Orange and Osceola Best Foot Forward Coalition,

Unfortunately, this email bounced back yesterday afternoon. This is the recap as of 4:00 pm yesterday (Wednesday) of Operation Best Foot Forward crosswalk enforcement. Currently, Osceola County Sheriff's Officers are conducting crosswalk enforcement operations at several locations until noon today.

Wednesday, March 11, 2020
4 law enforcement agencies participated in today's operation at 13 crosswalks:

- **Orlando County Sheriff's Office**
- **Orlando Police Department**
- **Kissimmee Police Department**
- **St. Cloud Police Department**

115 warnings and citations were issued (and counting) for drivers failing to yield to a pedestrian in the crosswalk.

City of Kissimmee Vice Mayor Fisher and **City Commissioner Gonalez** attended the enforcement in Osceola County and **Commissioner Siplin's** aide Rose-Nancy Joseph attended the crosswalk at Pine Hills Rd. and Figwood Dr.

Below is a recap of the media attention we've received so far, starting yesterday evening until 4pm today. A full media report will be sent out by the end of the week.

Update on media confirmed for this morning's Operation Best Foot Forward Crosswalk Enforcement Action in Orange and Osceola Counties. Reminder this is a two day crosswalk operation with OPD, OCSO, KPD and St. Cloud PD scheduled for Wednesday (today) and Osceola County Sheriff's Office on Thursday (tomorrow). The press release and the crosswalk location enforcement schedule are attached.

Orlando Police Department: Live coverage with FOX 35 at Virginia and Bumby NOW

- Fox35's assignment desk: They started coverage at 5 am. They are keeping their morning reporter on BFF live shots through 9:30am. They plan to follow OPD. We told them this morning that OPD changed their crosswalk locations and schedule late yesterday.
- WFTV is sending a photog, arriving at 7:30 am at Virginia and Bumby Ave.

OPD or OCSO locations

- WESH is considering Livingston and Broadway or Pine Hills and Figwood
- WKMG is considering Livingston and Brodway or Pine Hills and Figwood

KPD/St. Cloud PD

- Telemundo is confirmed at Dakin Ave and Broadway Ave at 8:30 am

I'm in route to Virginia and Bumby now, along with Dori Madison. From there, I will be with KPD.

Here is a response from the Florida Department of Health – Communications Office:

"We appreciate the desire to understand how many Floridians in each community have been tested, received a negative test or are under public health monitoring as a result of suspicion they may have COVID-19 or has been in contact with someone who have COVID-19. Balancing the privacy of the individuals being tested and monitored and the confidentiality of the epidemiological investigations with the responsibility to Floridians to disclose information to protect the public is a vital role of the Florida Department of Health. Due to the nature of a unique virus, such as COVID-19, to share how many people in each community that have been tested or are under public health monitoring could potentially release identifying information, especially in Florida's smaller communities.
"As such, in order to protect personally identifiable health information (PHI) of Floridians, the Florida Department of Health is unable to break down the number of individuals who have received a negative test, have pending test results or are under public health monitoring by community.

"Floridians can view the aggregate state level information at www.FLHealth.gov/COVID-19. This information is updated daily.

"Additionally, the Florida Department of Health is encouraging all Floridians to be aware. Floridians should practice good hand hygiene and wash their hands with soap and water for a minimum of 20 seconds, use a tissue when they sneeze or cough and immediately dispose of it in the trash and stay home if they are sick."

Hello all – Here is a draft of a mental health tips article for review.
Donna – Thank you for the Aspire contact, he was great to interview and Jack, our writer, found him super helpful.
Seif & Matt – this might be good content for a video as well and we can get you this contact if you want.
We also suggested to Dr. Toal that we do a follow-up story once the smoke clears on this pandemic and focus on what the post-pandemic world looks like emotionally and spiritually and some of the good things that may have come as a result of this. He loved the idea.

Doreen ,

The state is the main force behind the Orange County Convention Center testing site not DOH-Orange.

Dr. Pino indicated he was not comfortable highlighting the OCCC testing site's details .

So I suggest we have the Mayor direct residents to your website to the details.

Could anyone talk about the testing sites based on the points? We are just in a bind about who can actually talk about this at our news conference? Because that's obviously all media will be asking. Or since it will be Wednesday do we just wait for the PIO to be there?

Doreen ,

The state is the main force behind the Orange County Convention Center testing site not DOH-Orange.

Dr. Pino indicated he was not comfortable highlighting the OCCC testing site's details .

So I suggest we have the Mayor direct residents to your website to the details.

Confirmed from state PIO for EM. We will make webpage adjustments accordingly:

Tomorrow will be a soft opening of the site and open to first responders only. Thursday will be fully operational and open to health care workers, first responders and 65+ with an on-site fever of 99.6 or higher. They did this similar process in Miami

Good morning. Testing site closed down as of 9:07 a.m. this morning at the Convention Center due to volume and demand.

Social team – they are asking that we tell people it is closed today. May we please share this info?

Also, if people complain on the 250 limit, the state says we can say we can't go over 250 because of lab processing restrictions.

I have made the State aware and asked them to follow up to see if we can do more than the 250 a day. I am waiting for that to be run through the Governor's Office. In addition, I have asked if the State is going to be able to support the site after it is no longer FEMA funded on April 10, 2020.

Good morning. Testing site closed down as of 9:07 a.m. this morning at the Convention Center due to volume and demand.

Social team – they are asking that we tell people it is closed today. May we please share this info?

Also, if people complain on the 250 limit, the state says we can say we can't go over 250 because of lab processing restrictions.

I have made the State aware and asked them to follow up to see if we can do more than the 250 a day. I am waiting for that to be run through the Governor's Office. In addition, I have asked if the State is going to be able to support the site after it is no longer FEMA funded on April 10, 2020.

BFFer's

My apologies - I misspelled Livingston in the thread below. Please see corrected coverage:

WFTV: Q McCray recorded an interview at **Broadway and Dakin** that will start airing tomorrow morning (Kissimmee)
News 13: Stephanie Bechara is confirmed to cover **Broadway and Dakin** (Kissimmee)
Fox35: Confirmed coverage with morning reporter, considering **Livingston & Broadway** (Orlando)
WESH: Megan Mellado will cover in Kissimmee
WKMG: Interested in covering **Pine Hills and Figwood** with morning show reporter
Telemundo: Confirmed coverage (photographer) of **Broadway and Dakin** with Melissa Zayas
Osceola News-Gazette: confirmed coverage of Kissimmee Police
City of Celebration: City's newsletter featured an article about Best Foot Forward

All tentative coverage will be confirmed in the morning. We will send you a recap tomorrow of all the day's earned media coverage.

Thanks for your support!

BFFer's

My apologies - I misspelled Livingston in the thread below. Please see corrected coverage:

WFTV: Q McCray recorded an interview at **Broadway and Dakin** that will start airing tomorrow morning (Kissimmee)
News 13: Stephanie Bechara is confirmed to cover **Broadway and Dakin** (Kissimmee)
Fox35: Confirmed coverage with morning reporter, considering **Livingston & Broadway** (Orlando)
WESH: Megan Mellado will cover in Kissimmee
WKMG: Interested in covering **Pine Hills and Figwood** with morning show reporter
Telemundo: Confirmed coverage (photographer) of **Broadway and Dakin** with Melissa Zayas
Osceola News-Gazette: confirmed coverage of Kissimmee Police
City of Celebration: City's newsletter featured an article about Best Foot Forward

All tentative coverage will be confirmed in the morning. We will send you a recap tomorrow of all the day's earned media coverage.

Thanks for your support!

BFFer's

My apologies - I misspelled Livingston in the thread below. Please see corrected coverage:

WFTV: Q McCray recorded an interview at **Broadway and Dakin** that will start airing tomorrow morning (Kissimmee)
News 13: Stephanie Bechara is confirmed to cover **Broadway and Dakin** (Kissimmee)
Fox35: Confirmed coverage with morning reporter, considering **Livingston & Broadway** (Orlando)
WESH: Megan Mellado will cover in Kissimmee
WKMG: Interested in covering **Pine Hills and Figwood** with morning show reporter
Telemundo: Confirmed coverage (photographer) of **Broadway and Dakin** with Melissa Zayas
Osceola News-Gazette: confirmed coverage of Kissimmee Police
City of Celebration: City's newsletter featured an article about Best Foot Forward

All tentative coverage will be confirmed in the morning. We will send you a recap tomorrow of all the day's earned media coverage.

Thanks for your support!

Montivette, Naseem
I apologize for the delay. I'm responding on Chief Avery's behalf.
The Office of Emergency Management has been in communication with healthcare providers.
After the AHCA memorandum was sent yesterday we did see some providers reach out, but we also elected to reach out in a proactive measure to the approximately 250 healthcare providers in our area this morning. We just wanted to ensure that they were aware of the process in place and available to them to make those requests for PPE through the county emergency operations center to the state's emergency operations center. I do want to underscore, these requests, of course should come only if the provider anticipates exhausting their own supplies or resources.
Our providers are expressing the same sentiment that's been heard across the state. There is certainly concern about supply and access to PPE.
On Tuesday (March 17), Orange County received the initial shipment of 16,600 masks (of the160,000 ordered) from the State to support Health, Fire, EMS and local law enforcement personnel. We are currently awaiting the additional shipments.

Subject: Orlando Sentinel Media Request RE: Hospital Providers
Hello,
First of all, I wanted to say thank you for all the hard work you all are doing during this time. We appreciate it.
On Monday, the Agency for Health Care Administration secretary encouraged health-care providers to contact their local county emergency managers if they need supplies, as well as "provide information on your current supply, when your next delivery is expected and the rate at which you are going through your supply so that the state can effectively deploy

resources."
Have local health-care providers, including hospitals like AdventHealth and Orlando Regional Medical Center, contacted the Orange County Office of Emergency Management? If so, could the county provide us those responses? Please give me a call at 407-267-1685 for more clarification. Thank you for your time!

Montivette, Naseem
I apologize for the delay. I'm responding on Chief Avery's behalf.
The Office of Emergency Management has been in communication with healthcare providers.
After the AHCA memorandum was sent yesterday we did see some providers reach out, but we also elected to reach out in a proactive measure to the approximately 250 healthcare providers in our area this morning. We just wanted to ensure that they were aware of the process in place and available to them to make those requests for PPE through the county emergency operations center to the state's emergency operations center. I do want to underscore, these requests, of course should come only if the provider anticipates exhausting their own supplies or resources.
Our providers are expressing the same sentiment that's been heard across the state. There is certainly concern about supply and access to PPE.
On Tuesday (March 17), Orange County received the initial shipment of 16,600 masks (of the160,000 ordered) from the State to support Health, Fire, EMS and local law enforcement personnel. We are currently awaiting the additional shipments.

Hi Allison,

Doreen will be on the call tomorrow and will be happy to promote the Goldenrod testing site on our social media. However, your location is in the city of Orlando's jurisdiction and their police department/resources will be involved. We will make sure to add it to our list of County testing sites on our website.

Best of luck,

From County - 10:30 would probably work better for them. But we could make 12:30 work, just would need to be off by 1. Please include Doreen Overstreet and Jane Watrel copied here.

I am also looping **Kent** into this chain to advise directly on his availability.

Happy to be on the call, but 10:30 would probably work better for us and please include Jane Watrel. But we could make 12:30 work, but need to be off by 1.

Thanks,
Doreen

Hello Doreen & Kent - Please see below. I think this site is also in partnership with Orange County and OCHD? Would you let me know so we could include the most appropriate member of your teams? They're trying to connect tomorrow, both April and I can do 10:30 or 12:30 p.m. Would either of those times also work for you?

Thanks!

Hi Allison,

Sorry for the delay. Yesterday was insane and I must have missed your email somehow. My day is completely booked today and tomorrow it looks like Cassandra, our press secretary, and I have 10:30 12:30 free. If those times do not work, let me know and we will see if we can move stuff around or maybe only one of us will jump on the call.

Thanks,
April

April and Susan,

Mone mentioned you would be our contacts for communicating about the opening of the Orlando Testing Site. We look forward to working with you and we are honored to be part of the team coming together to expand testing for the Orlando community. We'd like to set up a call to discuss how we'll send out information to the community and media before the May 4 go-live date.

Would you be able to have a quick call with us on Tuesday, April 28 from 8-8:30 a.m. or between 11 a.m.-Noon CDT? Please let us know what works best and I'll send a meeting planner.

Thank you for your partnership and we look forward to speaking with you soon.

Hi Allison,

Doreen will be on the call tomorrow and will be happy to promote the Goldenrod testing site on our social media.
However, your location is in the city of Orlando's jurisdiction and their police department/resources will be involved.
We will make sure to add it to our list of County testing sites on our website.

Best of luck,

Jane

Hi Allison,
Sorry for the delay. Yesterday was insane and I must have missed your email somehow. My day is completely booked today and tomorrow it looks like Cassandra, our press secretary, and I have 10:30 12:30 free. If those times do not work, let me know and we will see if we can move stuff around or maybe only one of us will jump on the call.
Thanks,
April

April and Susan,
Mone mentioned you would be our contacts for communicating about the opening of the Orlando Testing Site. We look forward to working with you and we are honored to be part of the team coming together to expand testing for the Orlando community. We'd like to set up a call to discuss how we'll send out information to the community and media before the May 4 go-live date.

AMERICAN OVERSIGHT

Would you be able to have a quick call with us on Tuesday, April 28 from 8-8:30 a.m. or between 11 a.m.-Noon CDT? Please let us know what works best and I'll send a meeting planner.
Thank you for your partnership and we look forward to speaking with you soon.
Thank you,
Allison

Kent – Per our discussion, Osceola just gave Order to mandate masks in public. Misdemeanor $500 fine or up to 60 days in jail. I'm sure Dr. Pino will be asked thoughts on this if OC should do.

Good point, most of the time is information that was already giving in English. My only concern is that if we w go that way, Spanish speakers could say the same and the whole would have to be bilingual. But, I have no issue with the request.

Hi Steve,
I know you talked to Despina. Mayor Demings announced the first confirmed case of coronavirus at a March 13th news conference.
The case was confirmed by the Florida Department of Health.
The rest of your questions will have to be answered by DOH.

2nd batch of questions
Were any of those February cases counted as deaths?
Or did the people recover?
How are they now classified as cases?
1st batch of questions
An editor took a closer look at the week-by-week chart and posed this question to me:
This is really important element of the story.
We accurately quoted Mayor Demings on March 3 saying "it's only a matter of time before it's in our backyard."
But according to Dr. Pino's sheet today, there were already EIGHT cases by then. Dr. Pino's sheet shows the first case of COVID-19 in Orange was logged during week of Feb. 2.
That is "week 6" on the chart so it the data shows positive cases back in February?
Why weren't those announced?
Did we not know they were covid-19 cases then ? And were they then added later?
When was Orange's first case actually announced?

Hi Steve,

I know you talked to Despina. Mayor Demings announced the first confirmed case of coronavirus at a March 13th news conference.
The case was confirmed by the Florida Department of Health.
The rest of your questions will have to be answered by DOH.

2nd batch of questions

Were any of those February cases counted as deaths?

Or did the people recover?

How are they now classified as cases?

1st batch of questions
An editor took a closer look at the week-by-week chart and posed this question to me:

This is really important element of the story.

We accurately quoted Mayor Demings on March 3 saying "it's only a matter of time before it's in our backyard."

But according to Dr. Pino's sheet today, there were already EIGHT cases by then. Dr. Pino's sheet shows the first case of COVID-19 in Orange was logged during week of Feb. 2.

That is "week 6" on the chart so it the data shows positive cases back in February?

Why weren't those announced?

Did we not know they were covid-19 cases then ? And were they then added later?

When was Orange's first case actually announced?

Perfect. It may also help us deter people from rushing to the hospitals once they receive positive test results, but aren't in need of critical care!

Katherine,

Thank you the information.

Our Covid19 Call Center phone system is at capacity and being overwhelmed with numerous phone calls today.

Please encourage residents to continue to call the 407-723-5004 number to schedule an appointment.

The Call Center is scheduling appointments so phoned calls are working through the system.

Hi all,

I spoke to Jason Mahon with State Emergency Management about the WFTV report on testing kits. All good. They thought someone was "leaking" information. I told him it was a public record request.

Jason tells me 2,000 testing kits have been shipped today and should be in Orange County tonight.

Dr. Martinez and Dr. Zuver: Can you please confirm when this happens? I want to put that in the Mayor's talking points tomorrow. I will need to know where they will be distributed as well.

Many thanks,

MYTH **Wearing a face mask will definitely protect you from COVID-19**

FACT: In order to help stop the spread of coronavirus, you should stay home unless absolutely necessary. If you do have to go out in public, the CDC recommends you wear a cloth mask. It's just as important to practice social distancing and continue good hygiene practices – so please stay home.

Re-Open Florida Task Force Launches Public Comment Submission Portal

Tallahassee, Fla. – The Re-Open Florida Task Force today launched a public comment submission portal open to all Floridians. Public feedback will be a critical component of the Task Force's final report to Governor Ron DeSantis. All interested Floridians are encouraged to submit their ideas regarding the safe re-opening of Florida's economy.

Floridians may submit feedback on any topic related to the re-opening of Florida's economy, including the impacts to small business, healthcare, education, tourism, agriculture, retail, recreation and sports and construction.

Click here to access the online Task Force to Re-Open Florida Public Comment Submission form.

Previous Task Force meeting agendas and presentations are provided online at www.flgov.com/COVID-19.

Audio recordings for all previous Task Force meetings are available online at www.thefloridachannel.org.

Subject: Sentinel article - 2 Central Fla. COVID-10 hot spots hitting Hispanics, service workers the hardest

Sentinel article that has criticism about Spanish and Creole outreach for OC with COVID-19. The story focuses on the heat map and one hot spot that is heavily Hispanic. The Comm team is working on some things we can be doing more of to address this. We do have Spanish messaging on testing sites and I'll make sure to update those and our PIO team can send out. Despina is working with Ilia on some ideas and the digital team is working on things as well. We probably need to also have a liaison for D3 and D4 for Spanish outreach on info we have. I believe we have to do outreach with Hispanic community leaders in those areas as well – this isn't just a media issue problem.

2 Central Florida coronavirus hot spots hitting Hispanics, service workers the hardest

By Lisa Maria Garza and Ryan Gillespie

Orlando Sentinel

When Orange County leaders first began showing a heat map of the largest clusters of confirmed coronavirus

AMERICAN OVERSIGHT

cases, the 32822 ZIP code lit up bright red.

For Father José Rodríguez of Iglesia Episcopal Jesús de Nazaret, a church just north of the ZIP code that includes an area known as south Goldenrod, the map was a confirmation of what he already knew.

"Our prayer list is full of folks with symptoms who aren't getting tested," he said, noting that just under half of his congregation's 100 households live in the 32822 ZIP code or just outside of it.

The ZIP code, which is 62% Hispanic, has a per-capita income of about $19,000, well below the county median of about $30,000. A union that represents food service workers at Orlando International Airport said that ZIP code is where 260 of the people they represent live.

It tallied 62 cases of the virus on Friday evening, more than double the 25 cases recorded in the same area on March 31, when officials first began showing the heat maps. That's higher than any other ZIP code in Orange County. Five more cases were confirmed there between Thursday and Friday.

Residents and some elected officials are worried the largely Hispanic residents are more at risk because many people work in restaurants or other service industry jobs and aren't able to stay home. There are also concerns that vital information put out by Orange officials isn't being offered in Spanish and there isn't enough access to testing.

Jenniffer Deida, who lives in the 32822 ZIP code, was furloughed two weeks ago from her job as a cook at the airport. She has severe asthma and is terrified of catching the coronavirus. (Ricardo Ramirez Buxeda/Orlando Sentinel)

Rodríguez of the local church posted an open letter to elected officials on Facebook pleading for more information in Spanish and a test site inside 32822's boundaries.

"What's really struck me is that with all the representation we have with elected officials, everything I'm seeing through official channels is in English," he said. "I have yet to hear someone stand behind a microphone in real time and address the people in Spanish, Creole or in any of the languages that are within our elected officials."

About one-third of Orange County's population identifies as Hispanic. Raul Pino, the local officer for the state health department, and Yolanda Martinez, Orange's health services director, address some reporters' questions in both Spanish and English at regular county briefings.

But there isn't real-time translation of the entire briefings led by Orange Mayor Jerry Demings and Orlando Mayor Buddy Dyer. An American Sign Language interpreter translates the full briefings in real time for the hearing impaired.

A county spokeswoman said a real-time translation method for the briefings will be tested as soon as next week. The county already posts a synopsis of the briefings on its Spanish-language web site.

Pino has said he wants to set up targeted testing in the county's hot spots.

In neighboring Osceola County, where 55% of the total population is Hispanic, a Spanish translation was provided for every speaker at a briefing on Friday during which leaders **announced a new order** for all residents to wear masks in public. Osceola's 34744 ZIP code, which is 57% Hispanic, leads the region in the number of confirmed coronavirus cases at 68 total.

Mayra Uribe, who represents the 32822 ZIP code on the Orange County Commission, said she has appeared frequently on Spanish-language radio stations and sends out information to the community in Spanish, but remains concerned the message isn't getting out.

"We have a lot of folks in that area who haven't been tested and don't know how," Uribe said. "That's the thing that really frightens me."

She suspects the fast-paced news cycle that brings multiple updates each day may be moving too fast for people who work more than one job and don't have time to watch television or read the newspaper.

"Sure, they know there's a coronavirus, but do they know how bad it is and to keep the 6-feet social distance? Not as much," she said. "I'm hoping people are listening and I'm hoping people are being careful."

AMERICAN OVERSIGHT

It's unclear what factors are contributing to hot spots. But there are similarities among some of the hardest-hit ZIP codes in the region.

Orlando Commissioner Tony Ortiz, whose district includes a sliver of the 32822 ZIP code, noted the area is in a central corridor, minutes away from Orlando International Airport, downtown Orlando and UCF. A busy commercial corridor on S.R. 436, also known as Semoran Boulevard, serves as the western border of the ZIP code.

"That's why we rebranded it as Gateway Orlando, it's not only the Gateway, but it's the one centralized area," Ortiz said. "We've also seen enormous growth on the east side."

In driving around his district, Ortiz said he's seen a number of people out shopping or running errands even after the county's stay-at-home order took effect.

"But what really alarms me is people aren't taking this seriously," Ortiz said. "I see them walking around without masks and gloves on. This is a pandemic, and I see people walking around like nothing is going on."

The demographics of the 32822 ZIP code mirrors the 34744 ZIP code in Kissimmee, which includes land east of the Florida Turnpike.

The ratios of infected people in the ZIP codes with the highest numbers of confirmed cases vary based on population.

In 34744, for example, there is one confirmed case for every 856 people. For 32822 in Orange County, there's one confirmed case for every 944 people. Some other ZIP codes in the region have lower ratios, but fewer confirmed cases.

State Sen. Victor Torres, whose district covers all of Osceola County, said the 34744 ZIP code includes a tourist-heavy stretch of U.S. 192, home to a number of service industry workers who keep hotels, resorts, restaurants and theme parks running.

Torres, who used to live in 32822 in Orange County, said many low-income people are still going into work because they can't do agriculture, construction or grocery store jobs from home.

"If you get sick, you can't provide for your family," Torres said. "These employers have a responsibility to protect their employees."

Quamaine Tisdale, 20, is worried about catching the virus and possibly infecting his 67-year-old grandmother, whom he lives with in an apartment in the 32822 ZIP code.(Jason Beede / Orlando Sentinel)

Quamaine Tisdale lives in 32822 in Orange and works at Orlando International Airport.

Tisdale, 20, is a supervisor at Chick-Fil-A and worries about germs he may bring home to his 67-year-old grandmother, who shares his apartment. He said she uses Lysol to wipe down the door handles and other surfaces he touches after work.

"I'm not sure what I could possibly be bringing home to my grandmother," he said.

Jenniffer Deida, who lives in an apartment complex in the South Semoran neighborhood of 32822, said she doesn't leave her home without a mask. The 39-year-old was furloughed two weeks ago from her job as a cook at On The Border at the airport and said she is struggling to pay for expensive asthma medication.

"It's not easy to breathe all the time when you're asthmatic. You get desperate for air, you have a feeling you're

AMERICAN OVERSIGHT

not taking a deep breathe right, you get very anxious," she said. "With this virus going around, I'm trying to be very careful and stay home."

Advertisement

Deida and Tisdale said they weren't surprised that their neighborhood is a hot spot for the virus because of its proximity to the airport. So far, **10 TSA workers have tested positive**, though there's no evidence the airport is connected to the cases in the 32822 ZIP, Pino said.

Like many airport employees, Tisdale parks off the property and takes a shuttle to the terminal before his shift. "We don't know who's interacted with who. It's kind of tense on the bus," he said. "If one person coughs, everybody is looking at them."

Data journalist Adelaide Chen contributed to this report.

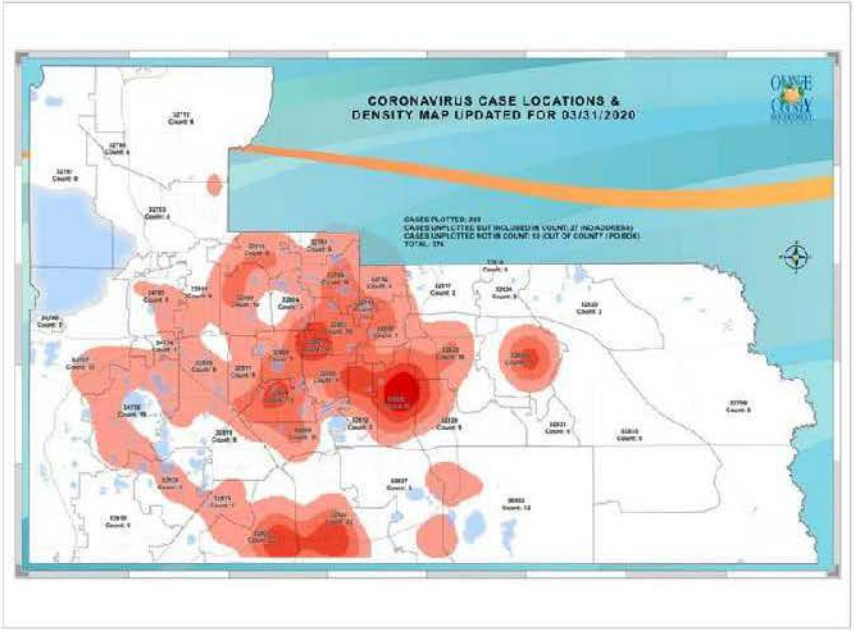
Newsroom Top Takeaways: Orange County Government's News Conference 4/1/2020

DATA-DRIVEN ANALYTICS USED IN ORANGE COUNTY



The number of confirmed COVID-19 cases in Orange County continues to grow. According to the latest numbers from the Florida Department of Health, the County is approaching more than 400 cases of COVID-19. The model, shown below, from the Institute of Health Metrics and Evaluations, predicts that the state's peak in COVID-19 cases will be at the end of April or the beginning of May. When the peak is reached, the state anticipates more than 170 deaths per day statewide – equating to nearly 7,000 deaths in the state during this timeframe.

Other local-centric models, such as the one shown below, display hot spots of COVID-19 cases in Orange County broken down zip code.

AMERICAN OVERSIGHT
FL-ORANGE-20-1072-B-001926

"If an area does not look like a 'hot zone,' do not be deceived – all residents still must be vigilant, " said Orange County Mayor Jerry L. Demings. "According to the CDC, as many as 25 percent of individuals can be infected with COVID-19 but not show any symptoms."

The data analytics, from national, state and local sources, validate the local Stay at Home Order and confirm the need for our residents to stay at home as much as possible.

CRITERIA UPDATES FOR CONVENTION CENTER DRIVE-THROUGH TESTING SITE

That State Emergency Management has removed the age requirement for COVID-19 testing at the Orange County Convention Center Drive-Through Testing Site.

Those who would like to be tested must still have symptoms and a temperature, or a pre-existing condition. All healthcare and EMS personnel are also eligible for the test, regardless of symptoms. Those being tested should bring their ID, and healthcare workers should bring their work ID for proof of certification. The site opens daily at 9 a.m., and will remain open until it has reached capacity in fulfilling 250 tests.

More information on local testing sites can be found at www.ocfl.net/coronavirus.

Lauren/Kent - See below from our Legislative Director. Do you know who we can direct her to? Thank you.

Kelley,
We have a constituent who got tested at the Orange County Convention Center on 4/2 and still hasn't gotten her test results back. She has tried extensively to get her results, but hasn't been able to get an answer. What do you suggest we do to track down this result?
Kind regards,

Hey Kent,

We are so happy things worked out. Dr. Pino was clearly the star of the show, and we are so grateful he was able to dispense information with a gentle dose of good humor. Hopefully you can send the news conference on Orange TV to your bosses in Tallahassee.

https://www.youtube.com/watch?v=Dt_S81hcvqo

We will be in touch. It was great to meet in person as we travel down this road of uncertainty.

Subject: Update on fall conference/COVID from FLEPIOA

Greetings from your board.
First and foremost, we hope that everyone is staying safe and healthy and coping with the various stresses you may be feeling in your professional and personal lives.
Our agencies are facing something they have never had to face before. Policing is different, the PIO world is different, the routine world in which we live is different. And we don't have any way of knowing when life will be back to normal – whatever normal may look like.
To that end, your board is debating whether or not we should continue planning our October training conference, or consider postponing it to a date that gives us more time to return to normal.
There are a number of issues that must be considered, among them:
++ Will vendors want to spend money in this economy and attend?
++ Will local sponsors who typically donate to the cause want to do so, or even be in business by then?
++ Will our agencies allow travel by that date?
++ What are the financial ramifications of rescheduling?
You get the picture. There is a lot of uncertainty.
We had planned to open registrations by April 1, but that idea became impossible as we watched our state, and our nation, be ravaged by COVID-19. We didn't want to seem tone deaf, and we don't want to seem that way now.
We plan to spend the next couple of weeks talking with hotel staff to see what the possibilities are. One alternative we have discussed is moving the conference to the spring so it's delayed by only a matter of months instead of a whole year.
We appreciate your patience as we work through this. We also welcome any input any of you may have on what you would like to see occur. Most of all, we want you to take care of yourself, and take care of your loved ones.
To that end, we leave you with some wonderful words of advice from Lisa Grossman, one of our guest speakers from last fall who we are planning to have back at our next conference:
As if your job wasn't stressful enough, now you are faced with reporting and communicating information about the

AMERICAN OVERSIGHT

unprecedented Covid-19 virus. And while you are keeping your agency and the public informed, have you taken a moment to identify and grasp how this is impacting you? Do you feel overworked, emotionally and physically drained, burned out, anxious, sleep deprived, and so on? PIOs, you are not alone! Stress is at an all-time high these days with the uncertainties we are faced with. And while many are able to maintain some distance from the barrage of news coverage and negativity, you cannot. It is especially important, now more than ever, to engage in critical self-care practices to maintain good health, both mentally and physically. Below are a few important tips to help you mitigate the stress you are faced with, be resilient in the face of adversity and challenging times, and achieve mental toughness to get you through the long haul.

1. *Bring positivity in! Each day, your job requires you to gather and share some of the most negative and stressful news your communities have been faced with for some time. And while you must share that important information, it can cause you great stress. At the end of each day, shift from a negative to a positive mindset. It may seem hard when there is so much negativity around but take a few moments and think of at least one positive thing each day. It can be anything like "I am home safe at the end of the day" or "my family is healthy" but make sure to come up with something positive.*
2. *Reboot and re-engage! If you are 'go, go, go' all day without a break, you will eventually break. Remember, even computers need a reboot sometimes. Throughout your day, take mini-timeouts: practice a minute or two of deep rhythmic breathing (slow in through the nose, slow and controlled out through the mouth), then get back in the game.*
3. *Get moving and fuel your body! Whenever possible, get outside and move. Exercise is a great way to release those 'feel good' chemicals in the body and it gives you a release. Even if you can't go through your normal routine, a nice walk at the end of your day can go a long way. And remember, fuel your body with healthy foods to give you the energy you need.*
4. *Maximize your Zzzzzs! Good sleep is critical to help the brain and body recover from the day. Be sure to get the most out your sleep time by: blacking out your room, sleep with your phone turned over and don't check it during the night i if you don't have to, stop eating three hours before bed and drinking one hour before bed, don't watch the news just before you go to sleep, and trigger the relaxation response before bed time (practice mindfulness, guided imagery, or do breathing exercises).*
5. *Connect! I like to use the term physical distancing these days because humans need to have a social connection, it's good for us all. Be sure to connect with family and friends in different ways such as Facetime, WhatsApp or some other virtual tool. And at the end of the day, a good old fashion phone call can go a long way!*
6. *Master the control of 3! Remember you can only control three things in this world: what you think, say and do. Remind yourself of this daily. This pandemic, like so many other things, is out of our control but we can control how we respond to these challenging times. YOU GOT THIS!*

Subject: Update on fall conference/COVID from FLEPIOA

Greetings from your board.
First and foremost, we hope that everyone is staying safe and healthy and coping with the various stresses you may be feeling in your professional and personal lives.
Our agencies are facing something they have never had to face before. Policing is different, the PIO world is different, the routine world in which we live is different. And we don't have any way of knowing when life will be back to normal – whatever normal may look like.
To that end, your board is debating whether or not we should continue planning our October training conference, or consider postponing it to a date that gives us more time to return to normal.
There are a number of issues that must be considered, among them:
++ Will vendors want to spend money in this economy and attend?
++ Will local sponsors who typically donate to the cause want to do so, or even be in business by then?
++ Will our agencies allow travel by that date?
++ What are the financial ramifications of rescheduling?
You get the picture. There is a lot of uncertainty.
We had planned to open registrations by April 1, but that idea became impossible as we watched our state, and our nation, be ravaged by COVID-19. We didn't want to seem tone deaf, and we don't want to seem that way now.
We plan to spend the next couple of weeks talking with hotel staff to see what the possibilities are. One alternative we have discussed is moving the conference to the spring so it's delayed by only a matter of months instead of a whole year.
We appreciate your patience as we work through this. We also welcome any input any of you may have on what you would like to see occur. Most of all, we want you to take care of yourself, and take care of your loved ones.
To that end, we leave you with some wonderful words of advice from Lisa Grossman, one of our guest speakers from last fall who we are planning to have back at our next conference:
As if your job wasn't stressful enough, now you are faced with reporting and communicating information about the

AMERICAN OVERSIGHT

unprecedented Covid-19 virus. And while you are keeping your agency and the public informed, have you taken a moment to identify and grasp how this is impacting you? Do you feel overworked, emotionally and physically drained, burned out, anxious, sleep deprived, and so on? PIOs, you are not alone! Stress is at an all-time high these days with the uncertainties we are faced with. And while many are able to maintain some distance from the barrage of news coverage and negativity, you cannot. It is especially important, now more than ever, to engage in critical self-care practices to maintain good health, both mentally and physically. Below are a few important tips to help you mitigate the stress you are faced with, be resilient in the face of adversity and challenging times, and achieve mental toughness to get you through the long haul.

1. *Bring positivity in! Each day, your job requires you to gather and share some of the most negative and stressful news your communities have been faced with for some time. And while you must share that important information, it can cause you great stress. At the end of each day, shift from a negative to a positive mindset. It may seem hard when there is so much negativity around but take a few moments and think of at least one positive thing each day. It can be anything like "I am home safe at the end of the day" or "my family is healthy" but make sure to come up with something positive.*
2. *Reboot and re-engage! If you are 'go, go, go' all day without a break, you will eventually break. Remember, even computers need a reboot sometimes. Throughout your day, take mini-timeouts: practice a minute or two of deep rhythmic breathing (slow in through the nose, slow and controlled out through the mouth), then get back in the game.*
3. *Get moving and fuel your body! Whenever possible, get outside and move. Exercise is a great way to release those 'feel good' chemicals in the body and it gives you a release. Even if you can't go through your normal routine, a nice walk at the end of your day can go a long way. And remember, fuel your body with healthy foods to give you the energy you need.*
4. *Maximize your Zzzzzs! Good sleep is critical to help the brain and body recover from the day. Be sure to get the most out your sleep time by: blacking out your room, sleep with your phone turned over and don't check it during the night i if you don't have to, stop eating three hours before bed and drinking one hour before bed, don't watch the news just before you go to sleep, and trigger the relaxation response before bed time (practice mindfulness, guided imagery, or do breathing exercises).*
5. *Connect! I like to use the term physical distancing these days because humans need to have a social connection, it's good for us all. Be sure to connect with family and friends in different ways such as Facetime, WhatsApp or some other virtual tool. And at the end of the day, a good old fashion phone call can go a long way!*
6. *Master the control of 3! Remember you can only control three things in this world: what you think, say and do. Remind yourself of this daily. This pandemic, like so many other things, is out of our control but we can control how we respond to these challenging times. YOU GOT THIS!*
