Subject: Re: Suicide or life in prison

Subject: Suicide or life in prison

This is the choice i am confronted with. I engaged in contact dozens of times with sheriff staff while incarcerated which translates to life in prison, or more likely, death at the hands of the sheriff, he won't screw up again. Speaking to the sheriff's staff is a crime, indirect criminal contempt of court, and Judge Adams will give me life. No thanks.

Then these government nurses who believe they are superior to medical doctors and can trump 22 years of my doctors medication and treatment plans and impose the death penalty would at least make the suffering less.

I only have a few years left, and I will not spend them in a police state jail. I've seen the LCSO cruisers stalking me across the street and attempting to follow me. This is enough. -- scott

Subject: Desperate attempt to urge the FDLE to address the felony abuse of a disabled adult by Lee Sheriff

I had dozens of contacts with the Lee Sheriff's staff while incarcerated for being poor. These contacts are all crimes under the order of Judge Adams to not communicate with the Lee Sheriff's staff. I don't know when or where these thugs will take action.

Should I just kill myself to deny the sheriff the pleasure of death at his hands?

The crimes have got to stop, soon. Maybe attempted murder and felony abuse of the disabled is an entertaining pastime in good ole boy Florida, I don't agree. -- scott

Subject:	From overnight team
Date:	Sunday, April 5, 2020 7:31:18 AM
Attachments:	image001.png

Good morning,

The overnight team went through every mission (3826 Missions), opened every mission and looked at the paper version attached to each electronic record. The crew have reported the following numbers. Please note that most websites state that a case contains 20 masks/box and a case contains 6 boxes, therefore 120 masks per case.

Broward:
N95 Masks: 1,232,803
Cases of N95 Masks: 932 = 111,840 Masks
Ventilators: 399

Miami-Dade:
N95 Masks: 666,748
Cases of N95 Masks: 446 = 53,520 Masks
Ventilators: 10

Palm Beach:
N95 Masks: 263,552
Cases of N95 Masks: 62 = 7,440 Masks
Ventilators: 120

Total:
N95 Masks: 2,163,103
Cases of N95 Masks: 1,440 = 172,800
TOTAL N95 Masks singles and cases at the unit level = 2,335,903
Ventilators: 529

*** I have not sent this downtown***

Good morning,

Based on this letter from FHCA, the Secretary has asked me to raise the issue of immunity for health care professionals and facilities. I don't know if this has been discussed yet or not but providers are advocating for it.

Thanks,

Stefan

Subject: [External] Extend Sovereign Immunity to Health Care Professionals / Health Care Facilities Responding to COVID-19 Outbreak
Importance: High

Dear Governor DeSantis:

In order to effectively respond during the COVID-19 public health emergency, we believe federal and local governments must work in concert with private and public health care providers in the community. The ability to treat patients during this time is a matter of vital state concern affecting the public health, safety and welfare of all citizens. To provide the best possible health outcomes for Floridians, we believe it is imperative that health care facilities and health care professionals are protected from liability that may result from treating individuals with COVID-19 under the conditions associated with this public health emergency. For purposes of this protection, any health care facility or health care professional should have immunity from any liability, civil or criminal, for any harm or damages alleged to have been sustained as a result of an act or omission in the course of arranging for or providing health care services if:

The health care facility or health care professional is arranging for or providing health care services pursuant to a COVID-19 emergency rule or otherwise in accordance with applicable law;
The act or omission occurs in the course of arranging for or providing health care services and the treatment of the individual is impacted by the health care facilities' or health care professional's decisions or activities in response to, or as a result of, the COVID-19 outbreak and in support of the state's directives; and
The health care facility or health care professional is arranging for, or providing health care services, in good faith.

Any immunity granted should not apply if damages were caused by an act or omission constituting willful or intentional criminal misconduct, gross negligence, reckless misconduct, or intentional infliction of harm by the health care facility or health care professional providing health care services; however, acts, omissions, or decisions resulting from a resource or staffing shortage shall not be considered willful or intentional misconduct, gross negligence, reckless misconduct, or intentional infliction of harm.

Health care facilities should include skilled nursing facilities (nursing homes), hospitals, or other facilities licensed or authorized to provide health care services for any individual in the state of Florida under chapters 395, 400, 429, and 483. Also included should be any site providing health care services established for the purposes of responding to the COVID-19 outbreak pursuant to any existing or future federal or state orders, declarations or waivers.

Health care professionals should include any individual whether acting as an agent, volunteer, contractor, employee or otherwise who is:

- Licensed or otherwise authorized through the Florida Department of Health;
- A nursing attendant or certified nurse aide, including an individual who is providing care as part of an approved nursing attendant or certified nurse aide training program;
- Licensed or certified to provide emergency medical services in the state;
- A home care worker under chapter 400;
- Providing health care services within the scope of authority permitted by a COVID-19 emergency rule or waiver; or
- A health care facility administrator, executive, supervisor, board member, trustee or other

AMERICAN OVERSIGHT

person responsible for directing, supervising or managing a health care facility and its personnel or other individual in a comparable role.

Governor DeSantis, we ask you to extend sovereign immunity to health care professionals and health care facilities engaged in responding to the COVID-19 outbreak. This would provide the necessary liability protection to health care professionals and health care facilities to provide services for any individual in the state during the emergency rule without fear of reprisal for providing care to their patients during this difficult time.

Sincerely,

J. Emmett Reed, CAE
FHCA Executive Director

Good morning Mary and John,

We are excited to release the first draft of the Florida West Coast Regional Data Exchange Dashboard! This contains data from 51 regional hospitals focused on inpatient bed capacity. We will be refining the dashboard throughout the week and will send out a metric guide and tip sheet early next week. Feel free to explore the dashboard in the meantime!

Below are the credentials for the secretary of state or any other governing bodies to access the **Florida West Coast Regional Data Exchange** Dashboard. Please let me know if you have any questions and/or concerns. Thanks

Etter

Secretary Mayhew,

Thank you again, and we are excited to have this tracker and work together with you.

I found an error in the file I sent: neither AdventHealth nor HCA Healthcare beds are correct/complete in that excel file (BayCare and TGH were correct and are the same on this file).

Please replace with this new file (now appropriately called 'FINAL'). I got caught trying to manage too many versions and ended sending up an earlier version.

My apologies and thanks for understanding.

Subject: Follow up from our Call 4 9 2020

WARNING: This email came from an external source outside of Tampa General Hospital.

Secretary Mayhew,

On behalf of Tommy, Mike and John, thank you for taking time yesterday to discuss the Coronavirus impact on the Tampa Bay Area, and additionally, thank you for the great work you and the Governor have done to position the State to attack the coronavirus crisis.
In follow up to our conversation, as you requested, the four of us discussed the various surge models as well as the capacity of our four systems to respond to a surge. We would like to share the following summary comments from this discussion:

1. Using the mid-point of the McKinsey surge model for the Tampa Bay area, given our collective surge-bed capacity, we believe we are an acceptable position to accommodate medium surge volumes.

2. We have attached our updated collective **current** bed capacity in the Bay Area (the rows with red font are the new columns we added after speaking with you yesterday):
    a. Additionally, we have added **surge** capacity, and as requested, broke this down into
        i. surge beds with/without staff, and
        ii. staffed surge bed capacity
    b. We included, where applicable, additional capacity where we could house people on the campus not in regular beds (classrooms, auditoriums, etc.)

3. Lastly, we would like to set you up with a link to our West Florida Bed tracker (Pete Change at TGH who led the development will set up your credentials:pchang@tgh.org). As we discussed on the call with you:
    a. This tracker tracks Covid IP from 7 health systems on the West Coast of Florida: AdventHealth, BayCare, TGH and HCA Healthcare, as well as

AMERICAN OVERSIGHT

Manatee Memorial, Lee Health and Lakeland Regional.

b. It is updated daily.

c. It tracks inpatient volumes by each hospital, by system, by county, by region, and the data are broken down as follows:

   i. ICU occupancy and capacity, including vent utilization;

   ii. Med-Surg occupancy and capacity.

d. We plan to use this as a regional bed tracker and plan to collaborate intra-system to share the load so no one health system is overloaded.

e. Depending on lead time to set up a State organized off-site facility, we would ask you for aState off-site facility when the collective bed occupancy on the tracker **exceeded 50%.**

Again, thank you for taking time to discuss our approach and we look forward to working with the state to benefit the communities and patients we are privileged to serve.

Thanks for your email, Louise. The biggest problem is we still don't have staff and resident death numbers by location. Our clients continue to seek records revealing those numbers; they are of obvious public import.

Because information such as resident and staff deaths was not included in yesterday's release, we filed the attached lawsuit seeking judicial intervention and here provide you with a courtesy copy of the complaint. Nonetheless, we are reaching out again in the hope that the state will immediately release these critical records without the need for further litigation. We do not seek the identity of any individuals.

We would appreciate a response by noon tomorrow. I'm available to talk at 813/220-9382.

Thanks,
Carol

> Good afternoon,
> Our law firm represents Gannett (USA Today and various FL-based news outlets); Times Publishing

AMERICAN OVERSIGHT

Company (Tampa Bay Times); Orlando Sentinel Communications Company, LLC; Sun-Sentinel Company, LLC; The Associated Press, the First Amendment Foundation, The E.W. Scripps Company (various FL broadcast stations), WP Company LLC (Washington Post), and The New York Times Company.

On the behalf of our above clients, we are making the following public records request pursuant to Chapter 119, Florida Statutes, and Article 1, Section 24 of the Florida Constitution for records detailing the following:

1. The addresses tied to the names of every Florida nursing home, assisted living facility, rehab facility, intermediate care facility for the developmentally disabled, group home for the developmentally disabled, and mental health facility (including forensic hospitals) in which at least one resident and/or staff member has tested positive for COVID-19;

2. The number of corresponding residents at each facility who have tested positive;

3. The number of corresponding staff members at each facility who have tested positive;

4. The number of corresponding residents at each facility who have died from COVID-19;

5. The number of corresponding staff members at each facility who have died from COVID-19; and

6. The number of COVID-19 tests performed at each facility, and their outcomes (positive, negative or pending) by number involving residents or staff at each facility.

If the above information is held in electronic, spreadsheet format please provide it in that native spreadsheet format.

If your agency asserts any exemptions in responding to the above request please specifically assert with particularity how the cited exemption applies to the withheld information, and release all other information for which no exemption is being claimed.

Please note that we also represent Miami Herald Media Company and Miami Herald reporter Carol Marbin Miller. We understand Ms. Miller made a similar, independent records request earlier today for much of the same of information detailed above. Please consider Miami Herald Media Company and Ms. Miller to be additionally included on this request.

This request also serves as written notice pursuant to Section 119.12, Florida Statutes.

Finally, we anticipate obtaining these records from you on a daily basis with updated, then-current information and therefore request you make this information proactively available daily on a publicly accessible website.

Kind regards,

Mark R. Caramanica

Good morning, Louise. Any update on the request below? As you can imagine, these records flushing out details on the state of the virus in elder care facilities are of critical importance to reporting on the epidemic and necessary for informed decision-making by the public.

I'd appreciate a response. Again, my cell is 813/220-9382.

Thank you,
Carol

AMERICAN OVERSIGHT

Subject: Public Records Request

Good afternoon,
Our law firm represents Gannett (USA Today and various FL-based news outlets); Times Publishing Company (Tampa Bay Times); Orlando Sentinel Communications Company, LLC; Sun-Sentinel Company, LLC; The Associated Press, the First Amendment Foundation, The E.W. Scripps Company (various FL broadcast stations), WP Company LLC (Washington Post), and The New York Times Company.
On the behalf of our above clients, we are making the following public records request pursuant to Chapter 119, Florida Statutes, and Article 1, Section 24 of the Florida Constitution for records detailing the following:

1. The addresses tied to the names of every Florida nursing home, assisted living facility, rehab facility, intermediate care facility for the developmentally disabled, group home for the developmentally disabled, and mental health facility (including forensic hospitals) in which at least one resident and/or staff member has tested positive for COVID-19;

2. The number of corresponding residents at each facility who have tested positive;

3. The number of corresponding staff members at each facility who have tested positive;

4. The number of corresponding residents at each facility who have died from COVID-19;

5. The number of corresponding staff members at each facility who have died from COVID-19; and

6. The number of COVID-19 tests performed at each facility, and their outcomes (positive, negative or pending) by number involving residents or staff at each facility.

If the above information is held in electronic, spreadsheet format please provide it in that native spreadsheet format.
If your agency asserts any exemptions in responding to the above request please specifically assert with particularity how the cited exemption applies to the withheld information, and release all other information for which no exemption is being claimed.
Please note that we also represent Miami Herald Media Company and Miami Herald reporter Carol Marbin Miller. We understand Ms. Miller made a similar, independent records request earlier today for much of the same of information detailed above. Please consider Miami Herald Media Company and Ms. Miller to be additionally included on this request.
This request also serves as written notice pursuant to Section 119.12, Florida Statutes.
Finally, we anticipate obtaining these records from you on a daily basis with updated, then-current information and therefore request you make this information proactively available daily on a publicly accessible website.

Kind regards,
Mark R. Caramanica

Subject: [External] RE: Sun-Sentinel Public Records Request for Facilities Affected by COVID-19

Hi Stefan,

Thank you for your response. My apologies for the delay in getting back to you.

I suppose we have to agree to disagree then.

First, I reviewed the definitions in 45 CFR 160.103, and facility address is not listed as personal health information. While I understand your point that the facility is technically where they live, it would be nearly impossible to identify a particular individual at that address when there are scores of people living in any one facility. And since we do not know who the person is with COVID-19, there's no way to combine "condition" with the address and identify the person.

Moreover, reading the definitions in such a way that conflates home address with facility address contradicts the spirit of the law, which is to protect *personal* health information of the residents of these facilities. These long-term care facilities are licensed by the state and governed by a public entity, AHCA. The information about the *facilities* is therefore public.

I have no doubt that AHCA (and the DOH) are working diligently to help the people of Florida get though this pandemic. But with all due respect, in a public health emergency as we are in right now, the idea that AHCA would take such a reading of HIPAA to prevent the public from knowing what the exposure is at these facilities is simply astounding. This is particularly alarming when even the Governor has spoken openly about one such facility and named it, clearly exhibiting no concern that patient privacy will be implicated (likely because no such concern exists).

I'll next address your interpretation of Fla. Stat. 381.0031(6). I still maintain that this Chapter governs conduct of DOH, not AHCA, so I'm not sure how AHCA can assert this. But even if your interpretation about the reports is correct, you previously acknowledged that the Florida Surgeon General could authorize the disclosure of the information. But if your contention is that this information is protected by HIPAA, how does that square with this statute, if the Surgeon General could make it public?

AMERICAN OVERSIGHT

That simply can't be the case. Which is why I believe your interpretation of the HIPAA definitions is incorrect. The names of the facilities simply do not reflect any *personal* health information of a resident any more than knowing that patients are being treated at a particular hospital, for example.

Finally, if the Surgeon General can approve the release of this information, then I will reach out to him and the DOH to figure out how we can get that approval because time really is of the essence here.

Thank you for your attention to this matter.

Subject: RE: Sun-Sentinel Public Records Request for Facilities Affected by COVID-19

Daniela,

I respectfully disagree with you concerning 381, Florida Statutes. Subsection (6) states, "Information submitted *in reports* required by this section is confidential, exempt from the provisions of s. 119.07(1), and is to be made public only when necessary to public health". The statute does not say "the reports," but rather the information *in* the reports. The information utilized in DOH epidemiological investigations is therefore confidential and exempt from 119, whether in the reports directly or not.

Your e-mail adds, "In addition, with regards to HIPAA, please provide the specific statute under HIPAA which you believe applies to exempt this information. To be clear, the Sun-Sentinel is *not* requesting the names of patients or any other personal identifying information".

Again, I respectfully disagree. The definitions of health information, individually identifiable, and protected health information are in 45 CFR 160.103. The facility address, which is the same as the home address for the residents, paired with a provision of care or condition is PHI.

Therefore, the locations of the facilities cannot be produced at this time.

Regards,

Stefan

Subject: RE: Sun-Sentinel Public Records Request for Facilities Affected by COVID-19

Hi Stefan,

Thanks for sending that over! I had not seen it. It has some great info and seems to contain the breakdown by county of percentages of the (now) 33 cases of residents in long-term care facilities, which is definitely helpful. I will pass it along.

We still, however, would like the names of the facilities. Please would you address my comments in my previous email and explain why the names will not be released. It seems there is no applicable statutory exemption, and so the names must be disclosed.

AMERICAN OVERSIGHT

It has been almost a week now since Ms. Mayhew initially announced the 19 cases, and that number has already grown to 33. The public has a right to this information, and it is time-sensitive as the number of cases will continue to grow.

Thank you,

Cc: Roberts, William <William.Roberts@ahca.myflorida.com>; Mayhew, Mary <Mary.Mayhew@ahca.myflorida.com>
Subject: [External] RE: Sun-Sentinel Public Records Request for Facilities Affected by COVID-19

Hi Stefan,

Thanks for providing that information.

I think there may be a misunderstanding regarding the document the Sun-Sentinel has requested, so please let me clarify.

Last week, Ms. Mayhew made a public announcement that 19 long-term care facilities have either suspected or confirmed cases of COVID-19. When asked for the specific names and locations of these facilities, reporters were told either by Ms. Mayhew or someone in the public records/communications department that these names could not be disclosed for "patient privacy" reasons.

Sun-Sentinel reporters specifically requested through conversations with the communications department, including through emails with Katie Strickland, the locations *and* names of the facilities. So this is not a new request. They were then told that a breakdown of the number of these facilities by county would be provided. No exemption was cited. Yet, no list has been provided.

Thus, to be clear, the Sun-Sentinel is requesting a simple list of the names and locations of the 19 facilities Ms. Mayhew *publicly* announced were impacted by COVID-19. Because she announced there was 19 (as of last week), the list of names is clearly in AHCA's possession and control.

While I understand the authorities you cited require the State Surgeon General to authorize the release of confidential information, F.A.C. 64D-3.036 and Fla. Stat. s. 381.0031 apply to information contained within laboratory reports, case reports, or epidemiological investigatory notes. The Sun-Sentinel is *not* requesting these reports, and thus these authorities simply do not apply. So there is nothing for the Surgeon General to decide or authorize.

AMERICAN OVERSIGHT

Moreover, Chapter 381 and F.A.C. 64D-3.036 apply to the Department of Health, not AHCA. *See, e.g.*, Fla. Stat. s. 381.0011 "Duties and powers of the Department of Health." Here, AHCA is the custodian of the records Sun-Sentinel has requested, and it cannot shirk its responsibility to produce records in its possession, even if another agency has access to the same information.

In addition, with regards to HIPAA, please provide the specific statute under HIPAA which you believe applies to exempt this information. To be clear, the Sun-Sentinel is *not* requesting the names of patients or any other personal identifying information.

Accordingly, we believe nothing exempts this information, and a list of the requested names and locations (as well as a breakdown by counties, as promised), should be produced immediately.

Cc: Roberts, William <William.Roberts@ahca.myflorida.com>
Subject: RE: Sun-Sentinel Public Records Request for Facilities Affected by COVID-19

Daniela,

Good morning. This seems like a new public records request. The first request only asked for a location (which I confirmed in my initial correspondence with you). Now you're asking for facility names and addresses. Please advise.

Anyway, section 381.0031(6), Florida Statutes, as you noted in your initial e-mail, expressly states this information is confidential and exempt, "and is to be made public only when necessary to protect public health." This determination can only be made by the State Surgeon General (also cited as the State Health Officer).

Rule 64D-3.036, Florida Administration Code, provides that all information contained in laboratory reports, notifiable disease or condition case reports and in related epidemiological investigatory notes is confidential as provided in section 381.0031(6), Florida Statutes, and will only be released upon the State Health Officer's determination that release of the information is necessary for the protection of the public's health due to the highly infectious nature of the disease, the potential for further outbreaks, and/or the inability to identify or locate specific persons in contact with the cases.

Until such time as the State Surgeon General makes this determination, it is expressly confidential and exempt from public record, regardless of which agency possesses it.

Finally, this information is also protected under the Health Insurance Portability and Accountability Act (HIPAA).

Thanks for your inquiry.

Stefan

Subject: [External] RE: Sun-Sentinel Public Records Request for Facilities Affected by COVID-19

Hi Stefan,

Thank you for your response. I'm happy to work this out with you and Bill. (I actually attempted to reach you both by phone yesterday with the hope of working directly with you instead of the media office, so I appreciate your getting back to me).

Yes, the request originated in the press conference with that question. However, subsequently, our reporters have been in communication with the media/public records office and have made the request multiple times in writing as well. The office may not have assigned it an official tracking number though. I know one of our reporters, Cindy Goodman, had been emailing with Katie Strickland.

Our understanding is that the reporters were originally told that the names of the facilities would not be released based on patient privacy concerns, and then later they were told that the affected counties would be released that evening. However, none of that has happened. They have received no information regarding the facilities – no names, no addresses, no counties.

So if you're able to provide some insight into what's going on, we'd appreciate it. I'm sure you are swamped right now with everything going on, but I think we can all agree that this is critical information for the public to know. And if there's no exemption that prevents the names from being released – indeed, none has been cited, as required under Florida law – then the names ought to be released.

Appreciate your help with this. Please feel free to call my office if it's easier to discuss by phone.

Thank you,

Subject: RE: Sun-Sentinel Public Records Request for Facilities Affected by COVID-19

Good afternoon, Daniela,

As you know, I am the General Counsel for the Agency for Health Care Administration. Thank you for your multiple e-mails to the Agency.

Given that your firm is now engaged on this matter, I would appreciate it if you now direct all correspondence through Agency counsel. Either Deputy General Counsel Bill Roberts, who you cc'd on your e-mails to Secretary Mayhew, or me.

I do not see a public record request filed by the Sun-Sentinel with the Agency on this topic. Are your e-mails to Secretary Mayhew and our communications team in reference to the question asked by the reporter during the 3/18/20 press conference? I took the liberty of transcribing the question after watching it on the Florida Channel.

Here is what I heard:

AMERICAN OVERSIGHT

"Where are the 19 facilities located at and are you putting out a list so people will know?" Can you please confirm? If this is not the question, then please clarify.

Regards,

Stefan Grow - GENERAL COUNSEL-AHCA

Hi,

My name is Monique Madan and I am a reporter with the Miami Herald.

Sorry for the mass email, but my calls to the Florida Department of Health hotline have gone unanswered for 8 hours. I hope one of you can direct my email to the right person.

I'm reaching out because I believe [redacted] needs to get tested for COVID-19. Some important background: [redacted] also been exposed to someone who has COVID-19, and two people who were exposed to someone who tested possible.

Here's the info:

He has a fever of 101.6 since yesterday. It's fluctuated from 99.99 to 101.6. over that time. He's achy, complaining about terrible headaches since Sunday. He also has a cough and mild

AMERICAN OVERSIGHT

shortness of breath.

He's not going to work today, just like yesterday.

[redacted]

My cell 305-910-3343.

Subject: Analysis of CMS COVID-19 Materials

****All Recipients Bcc'd****

Dear ADvancing States Members:

This afternoon, CMS released a set of tools to assist state health programs respond to the COVID-19 outbreak. Specifically, the agency released:

- A checklist for 1135 waiver applications: https://www.medicaid.gov/state-resource-center/disaster-response-toolkit/cms-1135-waivers/index.html;
- A checklist for 1115 waiver submissions: https://www.medicaid.gov/medicaid/section-1115-demonstrations/1115-application-process/index.html;
- A template for State Plan Amendment (SPA) submissions: https://www.medicaid.gov/state-resource-center/disaster-response-toolkit/state-plan-flexibilities/index.html; and
- A COVID-specific template for 1915(c) Appendix K [disaster relief] applications: https://www.medicaid.gov/state-resource-center/disaster-response-toolkit/hcbs/appendix-k/index.html.

We have attached a memo that provides more details on the contents of the release and the implications for aging, disability, and LTSS services. We hope you find it useful.

Additionally, we have been tracking Congressional negotiations related to the next round of COVID relief policies that I outlined in the Legislative updates memo on Thursday. You may have seen some news about an unsuccessful vote in the Senate a few moments ago. Our understanding is that this was a part of the negotiation process but the parties are expected to return to their deliberations and should reach a final compromise soon. Once the final agreed-upon language is available, we will send an analysis of the bill. We remain hopeful and cautiously optimistic that aging, disability, and LTSS issues will be included in this legislation.

As always, please let us know if you have any questions, concerns, or requests for assistance.

Subject: Background Screening

Good morning, Chris. I just got off the phone with Bureau of Operations in MQA. Louise sent the new guidelines from FDLE regarding the process for name-based searches in lieu of fingerprint searches, printed below in blue for your ease of reference. Cassandra Pasley submitted draft language to Louise last week for inclusion in the next emergency order that would temporarily waive the fingerprint requirement for certain health care professionals seeking licensure and put in place the new FDLE guidelines for name-based searches. MQA is working on the forms required by FDLE now. Cassandra is, of course, anxious to get this process in place. Her question now is whether or not an emergency order is necessary in light of the new FDLE process. I told her it was my opinion that section 456.0135, F.S., requires specific health care practitioners to be fingerprinted that an emergency order would be necessary to waive this requirement and that the new FDLE process is not a sufficient basis. I was asked to confirm with you and Louise that this is, indeed, the case or whether the name-based searches can be conducted without such an order.

FDLE NOTICE:
The Florida Department of Law Enforcement (FDLE) requested the requirement to process fingerprints to perform a criminal history background check during the COVID-19 emergency declaration be waived and postponed until fingerprinting could be performed without compromising the health of the persons capturing the prints. The Federal Bureau of Investigation (FBI) has approved FDLE's request to conduct preliminary name-based criminal history record checks of individuals and/or volunteers, for limited critical positions (i.e., healthcare, children and families, virtual teachers, the funeral and cemetery industry), as defined by the state, in response to the Coronavirus pandemic. These positions include individuals having access to children, or other vulnerable populations, as specifically identified in a state statue previously approved pursuant to Public Law (Pub. L.) 92-544, or

AMERICAN OVERSIGHT

the National Child Protection Act/Volunteers for Children act (NCPA/VCA).

Effective immediately, approved Authorized Recipient agencies and approved Qualified Entities whose responsibilities are deemed critical may perform preliminary name-based state and national (Level II) criminal history record checks, for the purpose of employment and licensing, as it relates to COVID-19.

1. The use of the name-based criminal record checks does not replace the requirement of noncriminal justice, fingerprint-based criminal history record checks. Fingerprints must be submitted as soon as possible, but not later than 180-calendar days from the date of the preliminary name-based check, or 90-calendar days from the expiration of the state's emergency declaration, whichever occurs sooner.
2. Pursuant to the Privacy Act of 1974 (Title 5, United States Code, Section 552a), the individual must be provided with an adequate written FBI Privacy Act statement when he/she provides the required personal information to perform the name-based criminal history record check. In addition, the individual must be informed, in writing, of his/her rights pursuant to 28 CFR§ 50.12, including the right to access and amend his/her criminal history records. Please see the attached sample.
3. Positive identification can only be made with the submission of fingerprints. For this reason, agencies accustomed to providing individuals with the record for the purpose of challenging that record must refrain from doing so because these records are the result of a name-based check. Once fingerprints are submitted, individuals are welcome to challenge their record as under normal circumstances.
4. The FBI and the FDLE are waiving fees normally associated with these preliminary name-based criminal record requests, until the expiration of the state's emergency declaration. Normal criminal history record checks fees will apply when the required fingerprints are submitted.
5. Information received from these criminal history record checks is subject to CJIS Security Policy and cannot be released. The information returned from these inquiries can only be used to determine if an individual is, or is not, suitable for employment and/or licensure, as it relates to a critical position(s).
6. Sealed information and expunged notifications **will not** be included in the name-based criminal history record results.

If you have questions you may contact FDLE's Criminal History Services section by phone at 850-410-8161 or by email at ApplicantChecks@fdle.state.fl.us.

Thanks,
Linda

CDC Announces Modifications and Extension of No Sail Order for All Cruise Ships

The Centers for Disease Control and Prevention (CDC) announced today the extension of a No Sail Order for all cruise ships.

"We are working with the cruise line industry to address the health and safety of crew at sea as well as communities surrounding U.S. cruise ship points of entry," said CDC Director Robert Redfield. "The measures we are taking today to stop the spread of COVID-19 are necessary to protect Americans, and we will continue to provide critical public health guidance to the industry to limit the impacts of COVID-19 on its workforce throughout the remainder of this pandemic."

The No Sail Order reinforces the strong action by President Donald J. Trump and the White House Coronavirus Task Force to combat the spread of COVID-19 in the United States. President Trump acted early and decisively to implement travel restrictions on foreign

AMERICAN OVERSIGHT

nationals who had recently been to China and Europe and by issuing the 30 Days to Slow the Spread guidelines. These containment and mitigation strategies have been a critical component of the United States COVID-19 response, but despite these efforts, cruise ship travel markedly increases the risk and impact of the COVID-19 outbreak within the United States.

In recent weeks, at least 10 cruise ships reported crew or passengers that tested positive or experienced respiratory symptoms or influenza-like illness. Currently, there are approximately 100 cruise ships remaining at sea off the East Coast, West Coast, and Gulf Coast, with nearly 80,000 crew onboard. Additionally, CDC is aware of 20 cruise ships at port or anchorage in the United States with known or suspected COVID-19 infection among the crew who remain onboard.

There are several public health concerns when crew members become ill while onboard the cruise ships. As we have seen with the passenger illness response on cruise ships, safely evacuating, triaging, and repatriating cruise ship crew has involved complex logistics, incurs financial costs at all levels of government, and diverts resources away from larger efforts to suppress or mitigate COVID-19. The addition of further COVID-19 cases from cruise ships also places healthcare workers at substantial increased risk.

Some of these ships off the coast of the United States have crew that are not critical to maintain the seaworthiness or basic safe operation of the cruise ships, such as the vessel's hotel and hospitality staff. The U.S. Government remains committed to humanitarian medevac for individuals in dire need of life-saving support.

The CDC, the U.S. Coast Guard, and the Department of Homeland Security have been working with the industry to determine the most appropriate public health strategy to limit the impact of COVID-19 at cruise ship ports of entry in the United States. Cruise Lines International Association (CLIA) voluntarily suspended cruise ship operations in March in conjunction with the earlier No Sail Order issued March 14. The industry has since been working to build an illness response framework to combat COVID-19 on ships with international crew members who remain on board and at sea.

This order ceases operations of cruise ships in waters in which the United States may exert jurisdiction and requires that they develop a comprehensive, detailed operational plan approved by CDC and the USCG to address the COVID-19 pandemic through maritime focused solutions, including a fully implementable response plan with limited reliance on state, local, and federal government support. These plans would help prevent, mitigate, and respond to the spread of COVID-19, by:

- monitoring of passengers and crew medical screenings;
- training crew on COVID-19 prevention;
- managing and responding to an outbreak on board; and
- submitting a plan to USCG and CDC for review

This Order shall continue in operation until the earliest of three situations. First, the expiration of the Secretary of Health and Human Services' declaration that COVID-19 constitutes a public health emergency. Second, the CDC Director rescinds or modifies the order based on specific public health or other considerations. Or third, 100 days from the date of publication in the Federal Register.

AMERICAN OVERSIGHT

Additional information in the order includes:

- Cruise ship operators are not allowed to disembark travelers (passengers or crew) at ports or stations, except as directed by the USCG, in consultation with HHS/CDC personnel, and as appropriate, as coordinated with federal, state, and local authorities.
- Cruise ship operators should not embark or re-embark any crew member, except as approved by the USCG, in consultation with HHS/CDC personnel, until further notice.
- While in port, cruise ship operators shall observe health precautions directed by HHS/CDC personnel.
- The cruise ship operator should comply with all HHS/CDC, USCG, and other federal agency instructions to follow CDC recommendations and guidance for any public health actions relating to passengers, crew, ship, or any article or thing onboard the ship, as needed, including by making ship's manifests and logs available and collecting any specimens for COVID-19 testing.

For more information about COVID-19 and cruise ships, please visit https://www.cdc.gov/coronavirus/2019-ncov/travelers/cruise-ship/what-cdc-is-doing.html and to view the no sail order go to https://www.cdc.gov/quarantine/cruise/index.html.

###

CDC works 24/7 protecting America's health, safety and security. Whether diseases start at home or abroad, are curable or preventable, chronic or acute, or from human activity or deliberate attack, CDC responds to America's most pressing health threats. CDC is headquartered in Atlanta and has experts located throughout the United States and the world.

I was not able to talk to Meredith yet as you directed. The question was whether the passengers on the ships had been notified. This is a CDC task and not within our purview. She would have to direct those questions to CDC.

Good afternoon,

Below please find a Public Records Request from Congresswoman Debbie Wasserman Schultz. Here is my suggested response:

"The Florida Department of Health is in receipt of your Public Records Request of today, March 15, 2020 at 3:45 PM, for "the list of cruise ships the infected workers came in contact with," while working at Port Everglades in Fort Lauderdale. We understand that you are referring to the six positive COVID-19 cases that have already been identified as Port related. Please note that pursuant to section 381.0031, Florida Statutes, this information is confidential and exempt from section 119.07, Florida Statutes. Thank you."

Thanks so much,
Judi

Coronavirus not bad for all business; These companies in SWFL are seeing more demand
Date Collected Apr 7, 2020 9:37 AM EDT
Category Local
Source Naples Daily News (Florida)
Author By, Laura Layden and Andrew Wigdor, Naples Daily News
Market Florida, US
Language English

Purell, Clorox and Netflix aren't the only ones seeing more business because of the coronavirus pandemic.

While most companies - big and small - are suffering across the country because of the virus, a few local ones are seeing more sales and more interest in some of their products because of it.

A couple of local companies have developed new products to help in the battle to curb the virus, which they hope will lessen the economic blow they've taken from the spread of the disease.

While many local companies have been forced to lay off or furlough employees in this crisis, some are still growing, thriving and hiring.

One of the companies seeing more demand for its products is Naples-based Chomps.

The company manufactures and sells beef jerky and other snack-size meat sticks with all-natural ingredients, designed for healthier chomping on-the-go.

The rapid spread of COVID-19 has increased consumer demand for healthy foods that can help keep the immune system going strong - and fight the disease.

Chomps was growing rapidly before COVID-19 spread across the globe and the company is growing even faster now, with hiring continuing at a quick pace, said Peter Maldonado, a co-owner and the company's CEO. Three new employees will join the company in April.

Before the crisis, 25% to 30% of the company's business came from online orders. That percentage is much higher now, with more people staying and shopping at home, Maldonado said.

After President Donald Trump appeared to take the virus more seriously in mid-March, Chomps saw a surge in orders, but Maldonado said he only expected it to last a few days.

AMERICAN OVERSIGHT

"The orders keep rolling in," he said. "It's just nuts. But, we've been able to move quickly to keep up with demand."

Online sales have doubled over the past few weeks, coming from "all across the U.S.," Maldonado said.

"Our retailers are telling us that they're out of inventory," he said. "They can't keep products in stock and our product particularly with so many people stocking up on healthy, shelf-stable pantry staples."

Among the retailers that sell the company's products? Walmart and Trader Joe's.

Some may have turned to the protein-packed snacks, with fresh meat and other protein sources harder to come by at grocery stores in recent weeks, due to Americans' rush to buy supplies because of the widening coronavirus crisis.

Surge for Soap

Naples Soap Co., headquartered in Fort Myers, has also seen a surge in demand for a variety of its products. The company sells natural skincare products for the body, face and hair.

"Soap is a very simple first-hand way to alleviate and kill the virus. We are on the front line of that product," said Deanna Wallin, the company's CEO and founder.

While all of the retailer's stores have closed for safety reasons, the company's ecommerce business has "really taken off," due in large part to its strong relationships with its customers and ability to reach them through alternative channels, such as email, she said.

"We are selling a lot of soap," Wallin said. "And we are also selling a lot of hand scrub and body butter."

Why the body butter? People's hands are getting dry and chapped from washing and sanitizing them so much these days, Wallin said.

From its warehouse in Fort Myers, the company is pushing out anywhere from 100 to 300 online orders a day, she said.

"We have seen a 146% increase over what we did last year on internet orders," Wallin said.

The company has increased production for its most in-demand products - and it will soon bring its own hand sanitizer to market.

"We had to kind of work and finalize a formulation on a spray and a gel," Wallin said.

Before she closed all of the brick-and-mortar stores, many customers were coming in to ask if they

AMERICAN OVERSIGHT

carried a sanitizer, so Wallin decided to address the growing demand that has made it in short supply elsewhere.

With contract manufacturing agreements in place, the company is getting "ample supply in our pipeline," she said.

"All of our product is made in the USA," she said. "So we are not relying on anything coming in from overseas."

To lift their spirits and reduce anxiety in these troubling times, customers are also ordering more beauty and stress-relief products from Naples Soap.

While online sales are up, they're not nearly enough to make up for the tremendous losses stemming from store closures.

"It's a big impact. Trust me," Wallin said.

The company is "sitting on as much inventory as we've ever had," with some products selling more than others online - and closed stores filled with merchandise they can't sell off until they can safely reopen.

"Self-care is really huge right now," Wallin said. "There is something called the lipstick effect. That in times of an economic crisis, people will actually not purchase expensive items, like luxury cars or fur coasts or expensive shoes, but they will turn to personal care and self-care items."

New ideas

Naples Soap Co. isn't the only local business introducing new products designed to combat the spread of the coronavirus.

MY Shower Door / D3 Glass, based in Fort Myers, recently developed a product called MY Healthguards to protect businesses, employees and the community. Bill Daubmann, the company's owner, founder and president, said it could be a "game-changer."

The guards are similar to the plexiglass panels Walmart, Publix and other large grocers and retailers have recently deployed at check-out counters across the country, except they're made of glass. They can be made in custom sizes for rapid delivery at D3's new and larger manufacturing plant in Fort Myers.

Asked if he thought he was late in the game in introducing the guards, Daubmann said: "Am I late in the game? Well, obviously, we are late in the game, but at least it's something and maybe we can stop some more spread of it."

The company can install the guards in register aisles, at cashier counters and in food areas, as well as at offices - temporarily or permanently.

AMERICAN OVERSIGHT

Such safety guards - dubbed sneeze guards - could become more permanent, Daubmann said, left in place long after the coronavirus epidemic fades to protect against the spread of other easy-to-catch diseases, such as the flu.

The glass guards could be designed to swivel or pivot in and out, so they can be used at certain times of the year, such as flu season.

There may be other applications that will catch on.

"I think this whole situation is making everybody aware of possibilities that we weren't even considering before," Daubmann said.

Orders for the product can be placed directly, or they may come through local glass shops Daubmann already has built relationships with.

"We've had inquiries," he said. "No orders yet."

The first order could come soon, however, with a quote out to a nonprofit group that's interested in installing the new glass healthguards at its reception desk.

Doors swing open

For the first time in its 40-year history, Restaurant Depot, with a location in Fort Myers, has temporarily opened all of its stores to the public amid a shortage of essential goods.

In a news release, the company said its "cash and carry system allows us to stock large quantities of goods at lower prices so we have an abundance of products ranging from dry goods to fresh produce to pass along to the public."

"It pains us to think of people going without vital commodities that we have access to, so we're more than prepared to answer the government's call of duty and help feed the country by sharing our resources in this time of disruption," the company stated.

Food staples, such as meat, eggs and canned goods, cleaning and disinfecting supplies and other household essentials, from paper towels and toilet paper, aren't the only products that have been in strong demand.

A few weeks ago, sales for CBD products surged, as Americans stocked up, fearing the retail stores that sell them might shutter or that supply chains might break because of the chaos created by the coronavirus.

With more people stuck at home, they may have more free time on their hands to try out or experiment with CBD products, or they might be looking for alternative ways to deal with the stress brought on by the virus, both of which could have also driven the recent spike in sales, said Eric

AMERICAN OVERSIGHT

Balshin, founder of the emerging CBD company Yesterday Wellness.

Yesterday Wellness sells its CBD products, designed to inspire relaxation and promote a sense of calm, directly to consumers through its website yesterdaywellness.com. The company's products, which don't contain any THC, haven't reached store shelves yet - the virus has delayed those plans.

The company's sales are growing and the coronavirus outbreak might be a reason for that increase, Balshin said.

"I think it really can help with a lot of people's anxiety at this point and I would definitely urge everyone to give it a shot. There is no reason not to," he said.

Nick Garulay, founder and CEO of My Florida Green, a Naples-based medical marijuana doctor service, said his practice has been "on fire" since Florida's Surgeon General Scott Rivkees recently greenlighted the use of telemedicine to re-certify patients so they can continue using cannabis for treatment.

Before in-person consultations were required.

"You have a lot of immunocompromised patients that don't want to go anywhere and really can't go anywhere," Garulay said. "We want to keep those patients safe at home and comfortable."

While many businesses in Southwest Florida have cut hours or shut down completely and laid off or furloughed employees due to the chaos created by the coronavirus, some employers have found themselves in need of more workers because of it.

Some of the companies adding workers here, as well as nationally? Amazon to keep up with a surge in home deliveries and Walmart to keep shelves stocked as customers stock up on supplies.

Meanwhile, other businesses are continuing to hire as planned, but using different techniques.

Sprouts Farmers Market, one of the fastest-growing retailers in the country, will soon finish building its new store in Estero and it's still recruiting workers.

The store, slated to open June 3, is expected to employ 110 full- and part-time workers, some of whom have yet to be hired.

Sprouts will host a "virtual" hiring fair, with interested job seekers encouraged to apply online at sprouts.com/careers. The retailer is still looking to hire everything from department managers to cashiers, and will schedule video interviews with qualified candidates April 22-23.

Nationwide, Domino's is looking to hire over 10,000 new employees and has multiple delivery driver positions open in Naples and Fort Myers.

The pizza chain has seen an uptick in business, with so many restaurants forced to close their dining

AMERICAN OVERSIGHT

rooms and so many states urging Americans to stay at home.

"We know that many people in our local communities are worried about finding work right now," said Jenny Fouracre, Domino's director of public relations. "We wanted to make sure everyone knew that we had opportunities at Domino's."

Major retailers, such as Target, are hiring hourly positions in several locations in Southwest Florida as well.

"We're first offering additional hours to existing team members who have interest and availability," said Shane Kitzman, a Target communications representative. "Then, we're maintaining our current approach to hiring and filling jobs across the network as needed."

In a news release, Target recently announced it would raise worker pay by $2 an hour until at least May 2 "in recognition of the significant contributions its frontline team members are playing during an incredible time of need."

Jim Wall, the communications director for CareerSource Southwest Florida, which matches employers with local employees, noted that some of the places that are quickly hiring may be looking to fill staffing needs in the short-term.

Therefore, he also recommends viewing his agency's job openings page on its website at careersourcesouthwestflorida.com/immediate-southwest-florida-job-openings, which includes opportunities with companies that are hiring for "the future when this is gone."

The list includes a variety of jobs in a variety of industries from construction to health care. There are more than 150 positions listed by such employers as Youngquist Brothers, Lane Construction and Ace Hardware.

"This is a good environment to ramp up in if you've had difficulties in the past," said Janeth Castrejon, communications manager for CareerSource Southwest Florida. "The pool has definitely gotten much bigger because of the pandemic environment."

Vi, the owner and operator of Naples' Vi at Bentley Village and nine other senior living communities across the country, has created partnerships with hotel companies Hilton and Hyatt to offer jobs to displaced hotel workers.

"Those individuals do really well at Vi because we are hospitality focused," said Judy Whitcomb, Vi's senior vice president of human resources, learning and organizational development.

"A great part of what we do is hospitality," she added, noting Vi onsite operations such as restaurants.

HR representatives with Vi are reaching out to hotels, and opportunities for full and part-time jobs have been posted on Hilton and Hyatt websites.

AMERICAN OVERSIGHT

The Vi in Naples currently has 25 open positions, according to its website at naples.viliving.com, including ones for housekeepers and servers.

Pandemic forces closure of basketball, tennis courts; City parks stay open but some of their facilities shut
Date Collected Apr 7, 2020 9:35 AM EDT
Category Local
Source Pensacola News Journal (Florida)
Author By, Jim Little, Pensacola News Journal
Market Florida, US
Language English

Pensacola's city parks remain open, but many park facilities have closed to the public in response to the coronavirus pandemic.

Last week, the city removed all basketball goals from its parks and closed playground equipment to the public. On Monday, the city announced that all tennis courts and public restrooms in parks would close at the end of the day.

The decision to close tennis courts comes after the United States Tennis Association recommended that people not play tennis during the COVID-19 pandemic.

"Although there are no specific studies on tennis and COVID-19, medical advisors believe there is the possibility that the virus responsible for COVID-19 could be transmitted through common sharing and handling of tennis balls, gate handles, benches, net posts and even court surfaces," according to a statement from the USTA.

Escambia County has taken some similar actions in its parks, including closing playgrounds and public restrooms.

Pensacola Mayor Grover Robinson said Monday that green spaces in parks will remain open, but playgrounds and other places where people touch common surfaces have been shut down.

"We, at this point, can't ensure how clean it is," Robinson said.

Robinson said the city has received calls from people concerned about cars parking close together at city parks. He said as long as people are practicing proper social distancing coming to and from their cars and also while in the parks, he didn't believing parking was an issue.

Basketball goals were removed Friday to discourage crowds from gathering in city parks, something the city had struggled with in previous weeks.

AMERICAN OVERSIGHT

During a press conference Thursday, Gov. Ron DeSantis said that under his "safer-at-home" order people would be able to "shoot hoops" in their driveways, but should not go out and play five-on-five games.

"What we're trying to do is reduce the transmission of the virus," DeSantis said last week. "This is a virus that typically transmits when people are in close contact with somebody else."

Robinson told the News Journal the decision to remove basketball goals came after DeSantis' public comments.

"We're going to continue to be vigilant about being in our parks and make sure that we don't have large groups getting together, and that we see proper social distancing," Robinson said.

Florida death toll surges past 250, model projects close to 6,800 in June
Date Collected Apr 7, 2020 9:35 AM EDT
Category Local
Source Orlando Sentinel
Author Aric Chokey
Market Orlando, FL
Language English

Florida coronavirus deaths keep doubling about every four days as the state's total passed 250 on Monday at what could be the beginning of a surge that doesn't relent until summer.

The state death toll stood at 71 a week ago, and now stands at 254, and one test model projects the state to endure between 3,600 and 11,200 deaths by June 19.

The projected numbers come from the University of Washington Institute for Health Metrics and Evaluation, which is one of the models being used by the Trump administration in dealing with the outbreak. It rolled out its updated projections on Sunday to show Florida could see its biggest surge in COVID-19 deaths in the next three weeks before leveling off in May and into June.

The range shows a low end of 3,629 deaths and high end of 11,242 deaths with the median at 6,770 deaths in the state. Nationally, the same model shows a range between 49,431 and 136,401 deaths by the beginning of summer with the median at 81,766.

Growth of coronavirus continues to the expand across the state, nation and world Tuesday.

The latest state numbers from Monday night show Florida at 13,629 cases and 254 deaths with 1,720 hospitalizations to date. That includes five more COVID-19 deaths for Central Florida: A 45-year-old Orange County woman, who is the youngest person in the area to die of the virus to date; a 66 year-old Polk woman, a 78-year-old Volusia woman and two men from Sumter, ages 83 and 85.

AMERICAN OVERSIGHT

With Monday's evening update, Central Florida had 1,803 reported cases and 29 deaths.

Early Tuesday, U.S cases passed 368,000 with a death toll over 11,000. Worldwide, there are over 1.36 million cases and more than 76,000 fatalities, according to the Johns Hopkins University & Medicine Coronavirus Resource Center.

COVID-19 tests continue to ramp up in the state including a new appointment-only, drive-through option at UCF that opened Monday. The UCF site is only able to perform 250 tests a day. Late Monday, a spokeswoman for the testing site at the Orange County Convention Center said the site would have 328 tests available Tuesday, up from the regular 250 tests, and is transitioning to state-provided throat swab tests from federally provided nasal swab tests. To date, Florida has performed more than 126,000 tests.

Orange County leads the region with 754 cases, followed by Osceola's 241, Seminole's 195, Polk's 180, Volusia's 153, Lake's 107, Brevard's 92 and Sumter's 81. Nineteen of the region's cases are in patients age 10 and younger, including eight who are age 1 or younger.

Hard-hit South Florida leads the state with 7,828 total cases among Miami-Dade (4,671), Broward (2,075) and Palm Beach (1,082) counties, making up about 57 percent of the state's cases. Two South Florida law enforcement officers died Saturday from coronavirus. Both men were in their 30s.

Palm Beach leads the state in deaths with 51 followed by 47 in Broward and 41 in Miami-Dade. In Central Florida, Orange County has nine deaths followed by five in Polk and Sumter, four in Osceola, three in Volusia, two in Lake and the one in Seminole. Brevard County has yet to record a COVID-19 death.

Florida government and medical leaders say they are preparing for far worse conditions than we've seen so far, prompting them to create bed space in hospitals, recruit more medical staff, create field hospitals and stockpile ventilators — earlier in the crisis than New York did, they say.

New York remains the epicenter of the outbreak in the United States, with over 130,000 reported cases and about 5,000 deaths, with more than 3,500 deaths in New York City alone. Neighboring New Jersey surpassed is second in cases with more than 41,000 cases and surpassed 1,000 deaths by Tuesday morning.

Gov. DeSantis is doing the right things to protect our civil liberties | Letter to the editor

AMERICAN OVERSIGHT

While watching the county commissioners' April 3, 2020, meeting, I heard the director of public safety made the statement that nothing is more important than health.

However, there are people, including Gov. Ron DeSantis who believe that our civil liberties are also important such as the fundamental right to travel, the Fourth Amendment right to be secure in our persons and homes, the First Amendment right to free assembly, and the Fifth Amendment right to be compensated even for temporary takings of our property.

Under extreme conditions of martial law (we are not there — yet) if you are shot by authorities your rights are more important than your health because you are dead. Similarly our economic well being can affect our health and become more important if supply lines are disrupted, goods and food are simply not available, and our houses are foreclosed on. In extreme economic circumstances we starve or become more susceptible to disease and again we die.

In the light of health, civil liberties, and the economy there must be a three pronged approach to this crisis. Governor DeSantis implemented that three-pronged approach in his recent Executive Order No. 20-91. In that order he protected religious freedom, guaranteed some freedom of movement, and provided for the protection of the lives of many including the elderly and others with serious illnesses.

In order to keep our economy moving Governor DeSantis has wisely provided for keeping essential businesses open. Rather than violating the civil rights of Florida residents, he is trying to protect us by limiting auto travel from Louisiana and New York. Many of us know of people from New York who are ignoring the self quarantine order. Let's get behind the governor.

Property owners challenge panhandle beach closure

Arguing that they are being prevented from using their "backyards," oceanfront property owners are asking a federal judge to block a Walton County ordinance that has closed beaches amid the COVID-19 crisis.

The property owners filed the lawsuit and a request for an injunction Monday in federal court in Pensacola. It came after numerous local governments across the state closed beaches to prevent potential spread of the disease — and as Gov. Ron DeSantis has resisted ordering statewide beach closures.

The lawsuit alleges a Walton County ordinance passed last week is unconstitutional on a series of

grounds, including that it is an unconstitutional "taking" of property without compensation and violates privacy and due-process rights. The case focuses on how the ordinance affects the rights of oceanfront property owners, rather than issues related to the general public.

"The county's ordinance forces family members into a confined space within their house rather than allow them to social distance and recreate in their sandy backyard," a memorandum filed with the lawsuit said. "Or it forces them to public locations to recreate potentially closer to many other persons increasing the risk of spreading COVID-19. Either way, it is counterproductive. And it is beyond reasonable dispute that any hypothetical, negligible benefit conjured by those who passed the Walton County ordinance cannot possibly outweigh the profound trammeling of the present plaintiffs' constitutional rights."

Under Florida law, privately owned beach property generally extends to a point known as the mean high-water line. The lawsuit also, however, points to property owners' "littoral" rights, which provide access to the water.

The lawsuit alleges that the ordinance improperly applies to the private property, including allowing the Walton County Sheriff's Office to enforce the restrictions against homeowners. Plaintiffs include former Arkansas Gov. Mike Huckabee.

Beach closures have been a closely watched issue as Florida has grappled with the novel coronavirus, which causes the highly contagious and deadly COVID-19 respiratory disease. Images of crowds of beachgoers, including spring breakers, flashed across the country last month as the numbers of COVID-19 cases began to escalate, leading to calls for beach closures.

The Walton County property owners' lawsuit was filed as a Leon County circuit judge considers a case filed by a Walton County attorney, Daniel Uhlfelder, that seeks to force DeSantis to close beaches statewide. Judge Kevin Carroll is slated to hold a hearing in that case Tuesday afternoon.

Walton County, between Panama City and Destin, has seen a building boom in recent years, with multimillion-dollar homes popping up along its beaches. It also has been a battleground about a controversial 2018 state law that dealt with public access to beaches.

The newly filed lawsuit cites an executive order that DeSantis issued last week directing Floridians to stay at home. The executive order includes a series of exceptions, including for recreational activities such as walking, biking, fishing, running and swimming.

The lawsuit alleges that the Walton County ordinance violates the executive order because it prevents the oceanfront homeowners from fishing and swimming from their properties. It also describes the ordinance, which revamped an earlier version, as "arbitrary and capricious."

"The amended ordinance purports to be designed to 'prevent the spread of COVID-19' yet it has the opposite effect," the lawsuit contends. "The amended ordinance prevents the plaintiffs, many of whom own residences along the beach, from utilizing their own backyards to quarantine or stay safe

AMERICAN OVERSIGHT

at home. The chances of a family or landowner catching or spreading COVID-19 is far less in his or her own private backyard (where no one else should be less they be trespassing) than traveling to the grocery store or hardware store or other essential business."

Conservatives call on DeSantis to close clinics; They're angry over refusal to expressly prohibit abortion as part of executive orders relating to coronavirus; They're angry over refusal to expressly prohibit abortion as part of executive orders relating

The latest rift between the Florida GOP and nonestablishment conservatives: abortion.

While most Republicans agree that abortion should be illegal or extremely limited, some conservatives are angry over the state's refusal thus far to expressly prohibit abortion as part of executive orders relating to coronavirus.

Gov. Ron DeSantis, a pro-life Republican, has issued 13 executive orders in response to the growing threat of coronavirus. And, while he has neglected to issue a statewide shelter-in-place or the closure of nonessential businesses, on March 20 he issued an executive order prohibiting non-essential surgeries. But it did not specifically include abortion.

Conservatives say DeSantis should have taken that order one step further. They want abortion officially delineated on the order as non-essential. If the governor were to do so, abortion services statewide would come to an immediate halt.

"I don't want to get into it with the governor, but, quite frankly, he should have shut down the abortion centers immediately," said Annie Marie Delgado, a former Palm Beach Gardens councilwoman and founder of Trump Team 2020 Florida. "It is not to target abortion clinics alone, but there are many who need cancer surgery and things like that. That's essential . . . abortion is an elective."

Delgado is not alone in her beliefs. Mississippi, Ohio, Texas and Oklahoma have moved to block abortions as nonessential surgeries that should be postponed or canceled while the states fight coronavirus.

Judges, however, have disagreed. Earlier this week, judges in Ohio and Texas issued orders allowing abortion clinics in those states to remain open - decisions praised by pro-choice advocates.

"Abortion is essential medical care," said Katherine Ragsdale, President and CEO of the National

AMERICAN OVERSIGHT

Abortion Federation. "It cannot be unduly delayed without extraordinary consequences for everyone involved. It is just unconscionable that anti-choice advocates would take advantage of a pandemic to try to deny women their constitutional right to access to abortion care."

DeSantis said the reason for suspending nonessential surgeries is to save medical equipment and supplies to deal with the public health emergency. Determination of "nonessential" is left up to the experts.

"The decision regarding what is essential and nonessential surgery is determined by the hospital and the physician who are entrusted to execute this Executive Order in a faithful and honest manner," said Helen Aguirre Ferre, director of communications for DeSantis, in an email to the Palm Beach Post.

Pro-choice advocates say that early-term abortions, which make up the bulk of those performed, are induced by medication, requiring no surgical supplies at all. They say medical facilities that offer abortions typically do so in addition to other treatments and screenings, and closing clinics would deprive women access to vital care.

"The radical right has been working for decades to end the legal right to abortion - no matter the cost -and now they are using COVID-19 to achieve that goal," said Ilyse Hogue, president of NARAL Pro-Choice America.

"Allowing ideology to trump science in this moment imperils everyone and sets a terrifying precedent as we face this national crisis."

Florida's Republican-dominated Legislature is overflowing with pro-life advocates. Earlier this month, it passed a bill requiring girls under the age of 18 to obtain parental consent for an abortion. Also on the table is a "fetal heartbeat" bill, which would prohibit abortions after about six weeks, dramatically restricting, if not ending, most abortions.

DeSantis' office confirmed that there is presently no part of any existing coronavirus-related executive order prohibiting abortion, and that "mandatory suspension of all nonessential surgeries is intended to save medical equipment and supplies for the purpose of dealing with the public health emergency."

But not everyone interprets it that way. U.S. Rep. Mike Hill, of Escambia County, said the executive order prohibiting nonessential surgeries absolutely includes abortions. And he is upset that clinics have thus far refused to comply.

Lauded by conservatives as a champion for pro-life values, Hill sponsored the "fetal heartbeat bill" and has dedicated much of his life to ending abortion. That abortions are continuing during the coronavirus crisis has made him even more frustrated

"When I called the Sheriff's Office and informed them that abortions were still being performed, they stated that they didn't have the authority to stop them," Hill said, referring to a particular clinic

AMERICAN OVERSIGHT

in Pensacola.

Last week, he contacted the Escambia County Sheriff's Office, Florida Department of Law Enforcement and Agency for Health Care Administration for help, all to no avail, he said.

Now, citing an executive order issued Friday that he said gives local law enforcement the authority to shut down local clinics, he says he plans to try again this week.

But the state said Friday's order, which does give local law enforcement additional empowerments, does not authorize them to shut down clinics where abortions are performed. And, to the chagrin of Hill and other pro-life advocates, the determination of "essential" remains in the hands of medical personnel.

"If you just leave it up to an individual doctor of what is essential and what is not, you run into a situation where an abortionist is deciding that killing a newborn is essential, and I don't see how that is essential at all," Hill said.

And it's not only the executive order prohibiting nonessential surgeries that Hill says the Pensacola clinic is violating - he says they are violating social distancing protocol.

"Based on the number of vehicles in the parking lot, well over 15 people are in that clinic at one time," he said. "It's become more a concern here in Escambia County because, as the virus has taken hold, it seems that the traffic has increased dramatically at this clinic."

Pro-choice advocates also cite social distancing violations at clinics; however, they say it is protesters like Hill causing the problems.

"They've been ignoring those orders and gathering in large numbers and getting in the face of providers and people going into clinics," Ragsdale said. "It's not only harassment, it's all endangering public health."

Hill's motivation, they say, is not to make the public safer from coronavirus, but to end abortion.

"I think Representative Hill will use any opportunity that presents itself to prohibit all abortions in the state of Florida," said Julie Gallagher, attorney for the Pensacola clinic. "He went to the clinic on Saturday and parked his SUV in the driveway blocking access to the clinic until the local sheriff made him move."

It is a frustrating situation for many conservatives, like Hill, who have fiercely dedicated their lives to the cause.

Despite the support of Ron Scott, the extremely conservative former governor of Florida who now serves as senator, many conservatives found themselves with little political power in the waning days of the tea party.

AMERICAN OVERSIGHT

Former President Barack Obama was no friend of the far-right, and they hoped things would break their way in 2016 with the election of Donald Trump.

And, in many ways, it did. Trump has been a hero to many conservatives, appointing judges and leaders who espouse conservative values, particularly when it comes to abortion rights.

Brett Kavanaugh and Neal Gorsuch, handpicked by Trump, have given pro-life advocates hope that Roe v. Wade will soon be overturned, rendering most, if not all, abortion illegal. In the meantime, they are chipping away at abortion laws across the country, enacting some of the most restrictive legislation since the '70s.

And now, when executive orders pertaining to coronavirus are handed down virtually every few days, conservatives say it is time for DeSantis to step up.

"I think a stronger position from the governor is essential right now," says Delgado. "There is not a doctor, in my opinion, saying this is essential unless it's for the safety and the welfare of the mother being in jeopardy. It's just not essential."

Pro-choice advocates say they hope DeSantis makes decisions based on science, not politics.

"No legitimate scientific body, including the World Health Organization that has been guiding successful coronavirus response programs in other countries, recommends these restrictions," Shaunna Thomas, co-founder and executive director of UltraViolet, a national women's organization said in a statement. "Abortion access is critical at all times, but especially during a pandemic, when people's health and economic futures are in jeopardy."

Poll finds voters in Florida, other battleground states most worried about health
Date Collected Apr 7, 2020 11:03 AM EDT

Language English

Voters in Florida and five other battleground states now are far more concerned about health than about wealth, and the percentage who are “very concerned” about the novel coronavirus has tripled in a months’ time, according to a new poll released Tuesday by CNBC and Change Research.

The pollsters surveyed 2,448 likely general election voters in Florida, Arizona, Michigan, North Carolina, Pennsylvania, and Wisconsin April 2-3 on their thoughts, beliefs, experiences, and policy preferences with respect to the coronavirus crisis.

The poll, taken as the coronavirus pandemic consumed the nation, found that 82% of respondents in

battleground states say that their main concern now is the health of their family, while just 18% say they are most concerned about their family's finances.

That's compared to a similar poll taken March 10-11, when respondents were markedly more concerned with their wealth than their health.

Among other findings in what was a wide-ranging survey:

– 91% approve of continuing social distancing.

– 84% are worried about someone in their family getting COVID-19, while 66% are worried about losing wages, 58% are worried about losing money in their investments, and 40% are worried about losing jobs.

– 65% said they are seriously concerned about the coronavirus, compared to just 20% of voters in the March survey.

– 63% are worried about health care costs.

– 49% remain confident about the economy within a year, while 51% are not confident.

– 41% believe they are financially unprepared for the economic impact of coronavirus, and 30% of voters already report having lost wages due to coronavirus.

– Just 35% of respondents in battleground states think the U.S. economy is "good" or "excellent," compared to 57% in March 2020.

The pollsters also asked respondents how they feel about the federal and state government responses to the coronavirus crisis.

Floridians are the least satisfied within the six states.

According to the poll, 69% of Floridians describe the state's response under Gov. Ron DeSantis as "not aggressive enough," and 63% describe the federal government's response under President Donald Trump as "not aggressive enough."

Just 23% of Floridians believe the state's response has been "just right" and only 30% believe that about the federal response.

The only swing state in which voters were satisfied with their state government's response was North Carolina, though voters in Michigan and Pennsylvania were pretty evenly split on the question.

No swing state showed voters satisfied with the federal response.

AMERICAN OVERSIGHT

In Pennsylvania, 60% believe it has not been aggressive enough; in Michigan, 59% believe that; in North Carolina, 54% believe that. In Arizona, only 48% say the response has not been aggressive enough, but only 32% believe it has been just right.

Whom do voters in battleground states trust? When asked to rate various people, the voters gave these answers:

– Doctors and nurses in general received a 96% approval rating.

– Dr. Anthony Fauci, director of the National Institute of Allergy and Infectious Diseases, received a 90% approval rating.

– Trump received a 49% approval rating.

– The federal government received a 48% approval rating.

– New York Gov. Andrew Cuomo received a 60% approval rating.

LCSO employees, inmates in quarantine after vendor tests positive for coronavirus

Two Leon County Sheriffs Office employees and three inmates in the LCSO Work Camp program are in quarantine after a vendor tested positive for coronavirus.

In a Monday night press release, LCSO announced that a vendor, either a seller or supplier for snack machines and other such provisions, had tested positive for the virus. He had visited the LCSO detention facility on March 23, 26 and 27.

The two office employees who came into contact with the man are self-isolating at home and have no reported symptoms, according to LCSO. The three inmates who came into contact with the vendor have been tested for the novel coronavirus. Results are pending, LCSO says.

"All persons have been quarantined," LCSO Spokesman Shade McMillian said Tuesday morning. He noted that officials were able to easily track who was exposed to the virus within the facility. Quarantines will last until Friday, he estimated.

Other inmates who shared a pod with the exposed inmates have been isolated and are being

monitored. No one has exhibited symptoms of the virus, McMillian said.

The vendor, who McMillian could not identify, had traveled to New York in March before his visit to the LCSO facility.

LCSO says test results for the three inmates exposed to the positive vendor are expected by Wednesday.

The Sheriffs Office said it will continue to monitor the inmates and "take all necessary precautions" while working with the Florida Department of Health.

Florida coronavirus testing varies widely, often by income

Kenneth Anglin felt sick when he returned from a trip through seven states in early March to pick up his daughter and son-in-law from Colorado and bring them back to rural central Florida.

The 58-year-old complained of a sore throat, dry cough and tightness in his lower chest, compounded by body aches, chills and a low-grade fever. Within days, his wife, Michelle, was feeling it, too.

Disabled and dependent on their fixed income, the couple feared COVID-19 especially because of Kenneth's chronic pulmonary disease.

"We were just so sick, so sick – like nothing we'd ever experienced," Michelle Anglin said. "I am 99% sure it was COVID. I'm still coughing, and it's been three weeks now."

According to the Anglins, their primary physician said no to a COVID-19 test, insisting the problem was bronchitis. He prescribed antibiotics and steroids.

They went to the emergency room and were rebuffed again, told they didn't qualify because they had not been out of the country or come in contact with a known person who tested positive.

Michelle Anglin said both doctors told her that if they performed a COVID-19 test, they would have to report the results to the authorities.

"They make it impossible to get tested here," she said. "They wouldn't take it seriously. Everyone was more concerned about calling the CDC."

AMERICAN OVERSIGHT

While the number of COVID-19 tests across the nation has exploded in recent weeks, a USA TODAY review of state and local data shows that access remains haphazard for many patients. Communities operate under widely varying guidelines for who can get tested. Some have a greater abundance of test supplies than others.

Perhaps nowhere is the ability to test patients and identify those carrying the virus more critical than Florida, where state officials delayed aggressive social distancing efforts and one in five residents is 65 or older, putting them at higher risk from the virus.

USA TODAY examined testing rates in each of Florida's 67 counties. The review shows that some communities far lag others in aggressively testing, even when patients arrive showing symptoms of COVID-19.

Income and remoteness may be part of what's driving the outcome.

Florida Department of Health figures through April 1 show seven of the 10 counties with the lowest coronavirus test rates per capita are poor – with median incomes less than $40,000 – or rural, or both. None would be considered high-income.

Nearly all counties with the highest testing rates have median incomes above $40,000, and two earn north of $60,000.

One county with a particularly high rate of testing is St. Johns, home to the quaint coastal enclave of St. Augustine, which has the highest household income in the state: $73,600. The county has completed 422 tests per 100,000 residents.

That stacks up well against Highlands County, where the Anglins live in a retirement community tucked between the cow pastures that flank inland Florida. The median income in Highlands is about half that of St. Johns, and the testing rate is just one-fourth what it is in the wealthier community.

Highlands ranks near the top for percentages of tests awaiting results and the share of tested patients whose results were positive for COVID-19.

It's unclear how much of the disparities are driven by the unequal distribution of test kits versus decisions at the local level. Individual doctors and health systems apply their own judgments about whom to test, and the state chooses how to allocate requests for supplies county by county.

Counties differ in how much their residents travel outside the state, a factor that can increase the likelihood the virus is carried home.

Emergency managers said they see one systemic reason for shortages in some communities: When ordering test supplies from the state for health care providers, counties with the highest case counts are the ones most likely to get additional test kits.

AMERICAN OVERSIGHT

That creates a kind of Catch-22, emergency managers said. Rural communities need more positive cases to get more tests, but they need more tests to show that sick residents have COVID-19.

Health care workers fear low testing rates produce statistics that give rural residents a false sense of security. They said the virus is battering Florida's struggling small towns, where supplies that have run out, and a health care infrastructure that's woefully unequipped.

"We are in a part of Florida where it's denial," said Kelly Adelberg, chief operating officer for Treasure Coast Medical Associates, which operates urgent care clinics in Highlands and neighboring Okeechobee County. "There are no tests in these areas. It gives people false hope, and they go out shopping.

"There are people in these areas with COVID, but there are no tests to test them."

A vulnerable county

Before infections took deep hold in the USA, John Nelson, a mapper at Esri, which supplies geographic information system software, predicted Highlands County would be among four places most vulnerable to the virus in America.

The research cited Highlands' high proportion of residents age 60 or older and its score on the Centers for Disease Control and Prevention's Social Vulnerability Index, which identifies communities most likely to need support during an emergency, using an algorithm that analyzes poverty, mobility and housing conditions.

The culmination "puts them in what could be considered a dangerous position for COVID-19," Nelson said of the analysis.

Despite the risk, the pace of testing has lagged.

In Highlands County, 112 patients were tested for coronavirus out of every 100,000 residents for whom results were available as of Wednesday. Only seven Florida counties had a lower testing rate.

By contrast, Collier County – home to the state's wealthiest retirement enclaves – has tested more than 370 patients per 100,000 residents. Only seven Florida counties tested at a higher rate.

Providers in Collier set up a task force, staffed a call center and opened two drive-thru testing sites, one operated by the health department for residents who've completed a prescreen and another by the private hospital. Together, the sites can test up to 74 people a day.

Some residents expressed frustrations even in Collier, where cars with sick residents were turned away from the hospital as testing began.

Richard Abood, a physician with Collier Urgent Care, where most of the patients come for respiratory ailments, said he has had no shortage of tests lately for those who need them.

AMERICAN OVERSIGHT

“We haven’t heard that at all,” Abood said.

Some of the difference in each county’s approach reflects unequal access to supplies, but health providers and residents said some of it is because not all counties view the threat of COVID-19 equally.

All health officials in Florida are part of one statewide agency, reporting to the state’s surgeon general. As a practical matter, though they coordinate with the state, the approach to managing the pandemic varies from one community to the next.

“The response is definitely local,” said Kristine Hollingsworth, spokeswoman for the Collier County branch of the Florida Department of Health.

Across Florida, pharmaceutical companies reach out to private physicians daily with sales calls for newly developed tests.

Rural providers are last on the delivery list when competing for these limited supplies of test kits, according to Adelberg, the clinic owner in Highlands County. Those that do become available are reserved for the critically ill. The same goes for other basic medical supplies.

“The medical supply chain being as fragmented as we are, we’re getting a little supplies every day, but not what we are ordering,” said Mitch Smeykal, emergency management director in neighboring Okeechobee, an agricultural county of about 40,000. “We don’t have as many testing sites as the metropolitan areas.”

Highlands County health officials declined to be interviewed by phone. Amanda Tyner, a spokeswoman for the department of health in DeSoto and Highlands counties, said in an email that residents who feel sick should first go to their primary care provider, and if they don’t have one, they can call for an appointment to be tested with the health department.

Tyner insisted the region could meet testing demands and said a recent order of 2,500 more statewide test kits would help. She had no explanation for why residents and physicians could not get testing.

Highlands’ tests are sent to both state and private labs, which face major delays across the country. Only nine counties have a greater proportion of their tests awaiting results.

With 21 positives and 127 tests awaiting results in Highlands as of Thursday afternoon, the stakes are high. In Highlands County, as in most of its neighboring rural counties, at least one person has died.

Highlands’ death rate per 100 tests is the second-worst in the state among counties with a fatality.

“There is a long history of discrimination in the deployment of scarce health resources to poorer

AMERICAN OVERSIGHT

populations," said Jay Wolfson, senior associate dean of the Morsani College of Medicine at the University of South Florida in Tampa.

"Testing is less prevalent in poorer versus wealthy counties because of fewer public health resources to divert," he said. "There has been a dearth of test kits statewide, and the allocation of scarce kits has gone to counties with generally larger populations."

'Creative solutions'

With scarce resources and infrastructure never meant for such a pandemic, small and rural towns in Florida are forced to innovate.

Putnam County, a rural suburb of Jacksonville, was among Florida's lowest-income counties in 2017, with a median household income of less than $34,000.

Despite facing shortages in tests, Putnam was the lone low-income area among Florida's top 10 counties for testing. Health officials said they bucked the trend by devising novel approaches.

The local health department creates its own tests from synthetic swabs and a sterile saline when kits from the state run out. Emergency officials wash and reuse surgical masks, which are needed for workers to administer tests for the virus, on the laundry's "gentle" cycle. They hand-deliver tests to the nearest public lab, so the results are typically back within 24 hours.

"We're finding creative solutions that are consistent with CDC guidance in an effort to conserve resources," said Mary Garcia, administrator and health officer for the Florida Department of Health in Putnam County.

In Putnam, officials have tested more than 300 residents and contacted 800 who had direct contact or close association with someone who tested positive. They say one reason for their relative success is that everyone in the county has taken COVID-19 seriously.

"When we're dealing with scarce resources," said Ryan Simpson, Putnam County emergency management coordinator, "we're able to identify needs quickly and respond quickly."

Palm Beach County remains state leader in coronavirus deaths

Palm Beach County continues to lead Florida in the number of coronavirus deaths.

AMERICAN OVERSIGHT

The Florida Department of Health announced Tuesday morning that 63 people in Palm Beach County have died as a result of the coroanvirus.

That's 10 more than neighboring Broward County, which has the second-most coronavirus deaths in the state.

A total of 283 people in Florida have died from the virus.

Palm Beach County's total number of confirmed cases are wide-ranging, with the youngest person being an infant girl and the oldest a 104-year-old man.

Boca Raton leads Palm Beach County with 201 cases, followed by West Palm Beach with 163, Boynton Beach with 160 and Delray Beach with 152.

Palm Beach County's death count is higher than 29 states and the District of Columbia.

There are more than 14,000 confirmed coronavirus cases in the state, but South Florida remains the epicenter of the outbreak.

Palm Beach, Broward and Miami-Dade counties are the only ones that have eclipsed the 1,000 mark in number of cases.

Miami-Dade County has nearly 5,000 total cases, while Broward County has more than 2,200 cases.

The latest numbers come on the same day that a second COVID-19 testing site opened in Palm Beach County at the South County Civic Center.

Team of Sewers Create Facemasks for Hospitals

A group of sewers are creating facemasks from recycled material to provide them to Central Florida hospitals.

Andrea Ruiz-Hays, founder of Eco Strategies Group, and a team of sewers are creating facemasks from Halyard H-600, a thick blue medical fabric.

“This fabric is utilized in surgery prep,” Ruiz said. “It is part of the sterilization process instruments go

AMERICAN OVERSIGHT

through."

The medical fabric is typically thrown out after use but then the University of Florida Health anesthesiology team devised facemask prototypes using the material.

"We're now creating that masks per that prototype for Orlando Health," Ruiz said. "They give us the Halyard 600 material and we make the masks."

Ruiz said her team of 25 volunteers can create up to 50 facemasks a day. Once dropped off at the hospital, the masks are sterilized.

"This is reusable where as some other masks can't go through that sterilization process and needs to be disposed (this) is where the value comes in," Ruiz said.

On its website, O&M Halyard states it cannot recommend the use of any of its products off-label nor can it facilitate the purchase of products for off-label use.

Ruiz said she would like to give her facemasks to other hospitals and clinics.

She said more sewers are needed to help make more of these masks and anyone can sign up on a Facebook group she created the Million Mask Challenge.

Coronavirus: Suwannee County nursing home deals with dozens of cases

A Live Oak nursing home is dealing with an outbreak of coronavirus in Suwannee County where the state health department shows 27 cases among long-term care facility residents and patients through Tuesday morning.

Live Oak City Council member Don Allen said Tuesday the long-term care cases stem from Suwannee Health and Rehabilitation Center, which is licensed by the state for 180 beds.

Suwannee County had recorded just one case in a long-term care facility through April 1, but the number rapidly rose over the past week and illustrates how much the virus can spread in facilities whose residents are elderly and have underlying medical conditions.

Allen said it's been frustrating to get information about what's going on in the nursing home and what steps are being taken by health authorities.

AMERICAN OVERSIGHT

“That facility is in my district,” he said. “Those are my constituents as far as I’m concerned. I just don’t know if the whole story is out there. I would like for somebody who has some authority to go there and say ‘Here’s what’s going on.’”

He said he’s heard from nursing home staff who say the response has fallen short.

“The staff is saying send in the National Guard to clean that place up,” Allen said, adding it’s been like a “petri dish” for the spread of the virus.

The Live Oak City Council had a meeting Monday to get an update but could not get any more information beyond the daily data released by the Florida Department of Health that does not identify specific facilities that have COVID-19 cases.

The state had a total of 358 COVID-19 cases at long-term care facilities through Tuesday morning.

Duval County had 30 cases at such facilities, Baker County had 12 cases, Clay County had 11 cases, and St. Johns County had one case.

COVID-19 Testing Site Opens at UCF in Partnership with Aventus Biolabs
Date Collected Apr 7, 2020 11:47 AM EDT

Author Courtney Gilmartin
Market United States
Language English

A drive-through site where members of the community with an appointment can be tested for COVID-19 opened at UCF on Monday, April 6.

The site is a partnership between UCF and Aventus Biolabs, a private genetics testing lab owned and operated by Aventus Health, a healthcare company with headquarters in Orlando. Public health officials say that more widespread testing is key in getting the nation back to “normal,” and this is an opportunity for UCF and Aventus to contribute to the cause.

“Testing persons who may have COVID-19 is paramount to our blunting the impact of this outbreak,” says Michael Deichen, associate vice president for UCF Student Health Services.

“It is critically important that we expand testing for COVID-19 in Central Florida and throughout the state,” says Anna Eskamani ’12 ’15MNM ’15MPA, a current Ph.D. student in public affairs and a member of the Florida House of Representatives who connected Aventus with UCF. “I am thrilled to see this partnership come to life and know it will bring us one step closer to overcoming this pandemic.”

AMERICAN OVERSIGHT

Individuals must have an appointment in order to receive a test, which is administered in UCF's Garage A, located at 12491 University Blvd., weekdays from 9 a.m. to 5 p.m. (appointments may end before 5 p.m. if the 250 daily appointments are filled earlier). Those who do not have an appointment will be turned away.

To secure an appointment and have a test ordered for them, individuals must contact Aventus by calling 855-282-4860.

Providers screen patients for symptoms and issue an order form if they qualify for testing. UCF students can obtain an ordered test from Student Health Services telehealth by calling 407-823-2701. UCF faculty and staff members can obtain their ordered test from their primary care provider by contacting UCF Health at 407-266-3627. Aventus also can connect anyone with a telehealth provider by calling 855-282-4860.

After the patient has been screened by a provider, Aventus' client services team will reach out to complete all necessary paperwork and schedule an appointment for testing. Upon arrival during a scheduled time, individuals drive through and receive the testing with a swab designated specifically for them.

The average test takes about 10 minutes or less from the start of the appointment.

The efficiency of this process allows for individuals to receive their test results in about 24 to 48 hours. However, it is critical that appointments are made ahead of time, as this process does not allow for unscheduled testing.

Aventus has capacity to test about 250 people per day. The individuals who qualify for testing at UCF may not meet all of the criteria required by the Florida Department of Health in order to be tested at a county testing site, but still have been prescreened for symptoms and advised by healthcare providers to be tested.

"To overcome this pandemic, leaders in healthcare must come together and utilize cutting edge technology to accomplish that goal. Aventus and UCF partnering to provide testing is a pivotal step in that direction," says Nagi Youssef, president and chairman of Aventus Health.

Inside Florida's frenzied, failed dash to dole out $600 million in no-bid mask deals

AMERICAN OVERSIGHT

When Florida belatedly realized last week that its COVID-19 problem was going to cascade into a statewide crisis, the state Division of Emergency Management embarked on a frantic, frenzied attempt to buy N95 masks, the gold standard in hospital protective equipment, negotiating more than half a billion in purchase orders in just the past week.

The biggest deal by far was a $225 million purchase order — 30 million masks at $7.50 a piece — agreed to March 30. It was brokered through a Miami lobbyist, Manny Reyes, son of the Miami commissioner, Manolo Reyes. In normal times the masks might cost anywhere from 58 cents to $1.25 per unit.

The deal fell apart for the same reason dozens of other deals have dissolved: the state's chaotic and cutthroat procurement process clanging up against a drained national supply.

Every state is scrambling for the same thing now. New public health models released Sunday predict that COVID-19 cases will continue to climb in Florida and across much of the nation for the rest of the month. But Florida's late start in obtaining medical supplies may have put it at a distinct disadvantage.

Florida's emergency order took effect March 10 but by the time Gov. Ron DeSantis asked for a national disaster declaration from President Donald Trump on March 23 the state had signed orders for fewer than three million N95 masks, which protect against airborne particles, a review of Florida purchasing data through Monday April 6 shows. The shortage has forced healthcare workers to reuse masks, considered an unsafe practice.

Last week, when the governor issued the statewide April 1 stay-home order, the state finally ramped up its shopping spree on the private market, signing a flurry of agreements to acquire as many as 90 million N95 respirator masks, according to purchasing data on the state's FACTS.fldfs.com site.

Florida's attempted acquisition of masks trailed the federal government's, even though DeSantis and the president have reportedly been in regular contact. The federal government inked $380 million worth of contracts on March 21, the bulk of which were directly with 3M and Honeywell, two of the biggest manufacturers of the masks.

The longer the state waited, the more it would have to pay. Florida's purchase orders last week priced the masks on average at more than $6 each, more than double the $2.60 per mask the state had been paying for masks earlier in the month.

But many of those purchase orders, like the deal involving Reyes, vanished into thin air.

"All of those deals have fallen apart," said Jared Moskowitz, the director of the Division of Emergency Management.

He added that the state's FACTS website was inaccurate because it did not include a comprehensive list of active and canceled orders for COVID-19 supplies and that the state would be updating the site to reflect which orders are still active.

AMERICAN OVERSIGHT

Moskowitz said the surge in purchasing orders came after the state's early orders never arrived and they realized that the national market — and the distribution network of 3M — was dysfunctional.

With the state expected to see a surge of positive cases reach its peak on April 21 — two weeks earlier than initially anticipated — and plateau indefinitely, the state is now desperate to build up supplies and Moskowitz is willing to "pay whatever it takes," he said.

"We're in crunch time now and every minute that you spend on the phone haggling and trying to get the best deal is a minute that commodity goes somewhere else,'' Moskowitz said Monday in an interview.

Despite the recent rush to source masks and sign deals, much of the effort has been for naught.

None of the 90 million masks promised in the flurry of orders have materialized, Moskowitz said. And, as 1,720 Floridians are hospitalized and testing is dependent on protective gear, only a handful of the recent deals — totaling 33 million masks — are still alive, DEM officials said.

Florida's efforts have come in the wake of a mad rush by governors in some of the earliest-hit states to obtain the precious supplies, often competing against each other and the federal government. Massachusetts Gov. Charlie Baker even called in a favor from New England Patriots owner Robert Kraft to use the team's plane to ship 1.2 million masks from China.

Before the crisis began, Florida had an estimated 250,000 N95 masks on hand, the agency said. It received another 500,000 from the Strategic National Stockpile and state officials have since been able to obtain about 300,000 from private vendors.

The strategy, sources said, has been to over-commit in purchasing orders to meet the state's need. So how many masks does Florida need? One agency estimate indicates that in South Florida alone, which comprises the majority of the Florida cases, there is an outstanding need for just 1.2 million N95 masks.

That stands in contrast to a 2015 study by researchers at the CDC and other federal agencies, which estimated that the United States would need between 1.7 billion and 3.5 billion N95 masks in the event of an influenza pandemic in which 20 to 30 percent of the population became infected. In Florida, which represents just under 7 percent of the U.S. population, that would translate to 111 to 228 million masks, and that's not taking into account Florida's larger-than-average elderly population, which could push the state's needs even higher.

In the absence of a sufficient stockpile, the Division of Emergency Management has used the governor's executive order to hand out purchase orders with little oversight and no bidding. The process leapfrogs over the laws intended to prevent bidding wars that drive up prices and protect against phantom vendors.

When state officials arrived at one warehouse to pick up an order, they found the warehouse empty,

AMERICAN OVERSIGHT

Moskowitz said. Another time, they were told a shipment was arriving on a cargo plane but when they checked the flight details, the flight didn't exist.

"Our warehouses are completely empty after we've signed hundreds of millions of dollars of purchase orders, only to come up with thin air and cargo planes that don't even exist,'' Moscowitz told CBS news in an interview last weekend.

"It's shady as hell, that's for sure," said Gov. Ron DeSantis last week.

Moskowitz directed his criticism at the supplier, conducting media interviews and using his Twitter account to accuse 3M of mishandling its distribution chain, allowing a black market to emerge, and encouraging profiteering in a pandemic.

"3M has not filled pending orders,'' he told Fox News. "We are getting dribs and drabs from other vendors."

In the wake of the chaos, the president last Thursday signed a Defense Production Act order, specifically aimed at requiring 3M to prioritize orders from the U.S. government.

The company has defended its efforts, saying the company and its employees "have gone above and beyond to manufacture as many N95 masks as possible for the U.S. market." It says it is cooperating with the Trump administration and is investigating reports of price gouging and black marketeering for the N95 masks.

Meanwhile, as Moskowitz launched his media campaign, he also spent the week trying to secure missing masks, gowns, testing kits and swabs and arrange for the construction of emergency hospitals as the state prepares for the inevitable surge of positive cases and a hospital system near capacity. His office receives more than 500 emails a day of solicitations from both shady and legitimate vendors.

He has also turned away deals, claiming fraudsters have attempted to sell the state counterfeit product. He hired a string of engineering, military and emergency management supply companies to assist in the sourcing — all of whom would get a cut of the proceeds if the products materialized.

"Whoever can send me a deal — a law firm, a broker, a distributor, a lobbyist — I'll take it because if that deal could save a life that would be great,'' Moskowitz said. "But how many of those deals have come through? Zero."

One of those wishful transactions began as a good deal that kept getting better.

Manny Reyes, the Miami lobbyist, was approached by the client of a Miami lawyer who claimed he could get access to five million of the the highly coveted masks.

He registered as a vendor and the client said he now had access to 30 million masks.

AMERICAN OVERSIGHT

Destined for hospital rooms and drive-up testing facilities where shortages are rampant, the supply would more than compensate for Florida's growing gap of the precious medical supplies.

The proposed price tag: $225 million, or $7.50 each, paid with a combination of state and federal funds.

Moskowitz and his purchasing team welcomed the gargantuan deal because they had learned that if the masks materialized, the odds of the entire order being fulfilled were slim.

The delivery date was being worked out but state officials imposed conditions: They needed to inspect the product, verify the legitimacy of the masks, confirm the count and do what is known in the procurement business as "proof of life."

Instead, the deal never breathed.

"It was a total fake,'' Reyes said.

His would be one of the growing list of "canceled" purchase orders that started and stopped as people tried to cash in and the state desperately tried to fill orders.

"I'm not in this business but some somebody said 'I've got these masks and Florida needs them can you help?' " he said. But when the source of the masks couldn't supply details about their location, saying first they were in California, then Florida, and he kept changing the story, Reyes canceled the purchase order.

"It's not worth it,'' Reyes said. "It's like the Wild, Wild West."

Meanwhile, hospitals and healthcare providers have been scrambling to secure enough masks for their providers.

Broward Health is asking the community to donate personal protective equipment and the Cleveland Clinic Indian River Hospital has launched a community campaign to get people to contribute supplies or make a donation to fund research.

Healthcare workers have called for the federal government to coordinate a national campaign to find enough protective gear for the duration of the crisis.

"If healthcare workers begin getting sick in large numbers because of lack of protection, the whole system to care for the public can collapse,'' said Dale Ewart, acting executive vice president for 1199 SEIU United Healthcare Workers East. "The shortage of masks and respirators is similar to the early problems with lack of testing, which could only be resolved by federal government action."

Over 14,500 cases of coronavirus in Florida, death toll surges to 283, health officials say

Date Collected Apr 7, 2020 11:47 AM EDT
Category Local
Source Fox 35 Orlando
Market Lake Mary, FL
Language English

As of Tuesday morning, the Florida Department of Health says that there are over 14,500 positive cases of coronavirus in Florida and a new death toll of 283.

They said specifically that there are 14,504 cases of coronavirus statewide. 14,065 of those are Florida residents, while the rest are non-Florida residents who tested positive for the virus and are isolated in the state.

The death toll has reportedly jumped to 283.

There have been a reported 1,777 hospital admissions in Florida because of COVID-19

Florida remains under a "stay-at-home" order and it will continue until April 30th. Residents must stay at home except to complete essential errands and activities. Essential businesses may also stay open but must enforce social distancing.

Meanwhile, President Trump has warned the public that "this will probably be the toughest week -- between this week and next week." He said that "there will be a lot of death, unfortunately."

The United States Surgeon General also said that "this is going to be the hardest and the saddest week of most Americans' lives, quite frankly," comparing it to historic national tragedies. "This is going to be our Pearl Harbor moment, our 9/11 moment, only it's not going to be localized. It's going to be happening all over the country."

Dr. Anthony Fauci, director of the National Institute of Allergy and Infectious Diseases, warned that if the coronavirus outbreak does not get "globally under control," it is likely to become a recurring problem.

Coronavirus can spread from person to person through small droplets from the nose or mouth, including when an individual coughs or sneezes. These droplets can land on objects and surfaces. Others can then contract the virus by touching these objects or surfaces, then their eyes, nose, or mouth.

As stated before, symptoms of the coronavirus include fever, cough, and shortness of breath. They may show in as few as two days or as many as 14 days following exposure, the Florida Department of Health says. Most people recover from COVID-19 without special treatment but the elderly and those with underlying medical problems are more likely to develop serious illness.

Importance: High

Jim,
Happy Saturday afternoon. I just wanted to update you on discussions and email correspondence DOH has had with the Miami-Dade county attorneys representing the medical examiner as it relates to a recent public records request requesting decedent names. The Miami Herald requested from the Miami-Dade ME that she produce the names and DOBs of the persons who died of COVID-19. DOH maintains that those names and DOBs should not be released as they are confidential pursuant to the authority attached to this email, and the two emails below that were sent from DOH DGC of County Health Depts., Dan Medved and myself respectively to the county attorney.

While the county attorneys are still reviewing this matter, they mentioned the email that you had sent out to the MEs on March 19 at 2:42 pm as conflicting with DOH's position.

I am hopeful that we have resolved that issue for circumstances such as these, consistent with DOH's position, but would like to discuss Monday morning if you are available. Even though you have indicated in our discussions that you do not have authority over the county MEs, I believe they

AMERICAN OVERSIGHT

are viewing your email as instructive.

Please let me know a good time and phone number to call you Monday morning. Again, we appreciate your time and attention to this issue.

Chris, Brenda –

As mentioned, one additional line of analysis for consideration:

As referenced above in the Memorandum to the Florida Medical Examiners Commission, physicians, including medical examiners, are mandatory reporters of diseases of public health significance to the Department of Health (DOH). These reports are part of the DOH epidemiological investigation and are therefore confidential. As practicing physicians, medical examiners are mandatory reporters under 381.0031(2), FS, which states that "any practitioner licensed in this state to practice medicine… which diagnoses or suspects the existence of a disease of public health significance shall immediately report the fact to the Department of Health". Subsection 406.11(1)(a)(11), FS, requires the medical examiner to determine the cause of death for any person who dies as a result of a "disease constituting a threat to public health." See also Rule 11G-2.001, FAC. This report from the medical examiner begins or furthers an epidemiological investigation. All information in the report to the Department of Health, including that maintained by the medical examiner, remains confidential for the duration of the epidemiological investigation.

As discussed yesterday, section 381.0031(6), FS, further states that "information submitted in reports required by this section is confidential, exempt for the provision of s.119.07(1)."

AMERICAN OVERSIGHT

Furthermore, Rule 64D-3.036, FAC, states "all information in notifiable disease reports and in related to epidemiological investigatory notes is confidential and will only be released as necessary by the State Health Officer". Under Rule 64D-3.041, FAC, epidemiological investigations include follow-up to confirm the diagnosis, treatment, investigation of causes of any disease or condition, and determination of appropriate methods of outbreak and communicable disease control. The Rule further provides that the Department's investigations may include, but are not limited to, medical examination or testing, review of pertinent, relevant medical records, to investigate causes, or to identify other related cases in an area, community, or workplace. The information gathered in the course of an epidemiological investigation and follow-up shall be confidential to the degree permitted under the provisions of sections 119.0712, 381.0031(6), FS.

None of the information contained in laboratory reports, notifiable disease or condition case reports and in related epidemiological investigatory records have been released by the State Health Officer. Therefore, information gathered by the Department which began with the notifiable disease report from the medical examiner, remains confidential. This includes the records of the medical examiner.

Subject: RE: COVID-19 deaths

Chris,

Thank you for taking our call this afternoon. Please find attached the letter sent to the Florida Medical Examiners Commission today regarding the ME's mandatory reporting requirements.

AMERICAN OVERSIGHT

As we discussed, it is the Department of Health's position that the information requested in the request below should not be released as it is confidential and exempt from public record disclosure. This position is based upon the following statutes, Florida Administrative Rule and caselaw:

Section 381.0031(6), Florida Statutes, provides that information submitted in reports required by 381.0031 is confidential and exempt from section 119.07(1). Thus, the mandatory report of the medical examiner as required by subsection (2), including the information contained therein, is confidential pursuant to subsection (6). This information includes all of the confidential information collected by the Department pursuant to subsection (7). The confidentiality of these records survive the death of the decedent. See Weaver, attached. I have also attached the administrative rule which implements the cited statute.

Section 382.008(6) Florida Statutes, further exempts the cause of death from section 119.07(1): "All information relating to cause of death in all death and fetal death records… are confidential and exempt from the provisions of section 119.07(1)". Further, section 382.011 requires the medical examiner to certify the cause of death under section 406.11, which specifically implicates section 382.008(6)'s confidentiality exemption.

The above reading of these statutes is supported by Yestes v. Miami Herald Publishing Co., also attached.

I look forward to discussing this further,

Chris

Subject: FW: COVID-19 Deaths - Request for Disclosure of ME Records

Jim,
Happy Saturday afternoon. I just wanted to update you on discussions and email correspondence DOH has had with the Miami-Dade county attorneys representing the medical examiner as it relates to a recent public records request requesting decedent names. The Miami Herald requested from the Miami-Dade ME that she produce the names and DOBs of the persons who died of COVID-19. DOH maintains that those names and DOBs should not be released as they are confidential pursuant to the authority attached to this email, and the two emails below that were sent from DOH DGC of

AMERICAN OVERSIGHT

County Health Depts., Dan Medved and myself respectively to the county attorney.

While the county attorneys are still reviewing this matter, they mentioned the email that you had sent out to the MEs on March 19 at 2:42 pm as conflicting with DOH's position.

I am hopeful that we have resolved that issue for circumstances such as these, consistent with DOH's position, but would like to discuss Monday morning if you are available. Even though you have indicated in our discussions that you do not have authority over the county MEs, I believe they are viewing your email as instructive.

Please let me know a good time and phone number to call you Monday morning. Again, we appreciate your time and attention to this issue.

Chris, Brenda –

As mentioned, one additional line of analysis for consideration:

As referenced above in the Memorandum to the Florida Medical Examiners Commission, physicians, including medical examiners, are mandatory reporters of diseases of public health significance to the Department of Health (DOH). These reports are part of the DOH epidemiological investigation and are therefore confidential. As practicing physicians, medical examiners are mandatory reporters under 381.0031(2), FS, which states that "any practitioner licensed in this state to practice medicine… which diagnoses or suspects the existence of a disease of public health significance shall immediately report the fact to the Department of Health". Subsection 406.11(1)(a)(11), FS, requires the medical examiner to determine the

AMERICAN OVERSIGHT

cause of death for any person who dies as a result of a "disease constituting a threat to public health." See also Rule 11G-2.001, FAC. This report from the medical examiner begins or furthers an epidemiological investigation. All information in the report to the Department of Health, including that maintained by the medical examiner, remains confidential for the duration of the epidemiological investigation.

As discussed yesterday, section 381.0031(6), FS, further states that "information submitted in reports required by this section is confidential, exempt for the provision of s.119.07(1)." Furthermore, Rule 64D-3.036, FAC, states "all information in notifiable disease reports and in related to epidemiological investigatory notes is confidential and will only be released as necessary by the State Health Officer". Under Rule 64D-3.041, FAC, epidemiological investigations include follow-up to confirm the diagnosis, treatment, investigation of causes of any disease or condition, and determination of appropriate methods of outbreak and communicable disease control. The Rule further provides that the Department's investigations may include, but are not limited to, medical examination or testing, review of pertinent, relevant medical records, to investigate causes, or to identify other related cases in an area, community, or workplace. The information gathered in the course of an epidemiological investigation and follow-up shall be confidential to the degree permitted under the provisions of sections 119.0712, 381.0031(6), FS.

None of the information contained in laboratory reports, notifiable disease or condition case reports and in related epidemiological investigatory records have been released by the State Health Officer. Therefore, information gathered by the Department which began with the notifiable disease report from the medical examiner, remains confidential. This includes the records of the medical examiner.

Subject: RE: COVID-19 deaths

Chris,

Thank you for taking our call this afternoon. Please find attached the letter sent to the Florida Medical Examiners Commission today regarding the ME's mandatory reporting requirements.

As we discussed, it is the Department of Health's position that the information requested in the request below should not be released as it is confidential and exempt from public record disclosure. This position is based upon the following statutes, Florida Administrative Rule and caselaw:

Section 381.0031(6), Florida Statutes, provides that information submitted in reports required by 381.0031 is confidential and exempt from section 119.07(1). Thus, the mandatory report of the medical examiner as required by subsection (2), including the information contained therein, is confidential pursuant to subsection (6). This information includes all of the confidential information collected by the Department pursuant to subsection (7). The confidentiality of these records survive the death of the decedent. See Weaver, attached. I have also attached the administrative rule which implements the cited statute.

Section 382.008(6) Florida Statutes, further exempts the cause of death from section 119.07(1): "All information relating to cause of death in all death and fetal death records… are confidential and exempt from the provisions of section 119.07(1)". Further, section 382.011 requires the medical examiner to certify the cause of death under section 406.11, which specifically implicates section 382.008(6)'s confidentiality exemption.

The above reading of these statutes is supported by Yestes v. Miami Herald Publishing Co., also attached.

I look forward to discussing this further,

Chris

Importance: High

Chris, Brenda –

As mentioned, one additional line of analysis for consideration:

As referenced above in the Memorandum to the Florida Medical Examiners Commission, physicians, including medical examiners, are mandatory reporters of diseases of public health significance to the Department of Health (DOH). These reports are part of the DOH epidemiological investigation and are therefore confidential. As practicing physicians, medical examiners are mandatory reporters under 381.0031(2), FS, which states that "any practitioner licensed in this state to practice medicine… which diagnoses or suspects the existence of a disease of public health significance shall immediately report the fact to the Department of Health". Subsection 406.11(1)(a)(11), FS, requires the medical examiner to determine the cause of death for any person who dies as a result of a "disease constituting a threat to public health." See also Rule 11G-2.001, FAC. This report from the medical examiner begins or furthers an epidemiological investigation. All information in the report to the Department of Health, including that maintained by the medical examiner, remains confidential for the duration of the epidemiological investigation.

As discussed yesterday, section 381.0031(6), FS, further states that "information submitted in reports required by this section is confidential, exempt for the provision of s.119.07(1)." Furthermore, Rule 64D-3.036, FAC, states "all information in notifiable disease reports and in related to epidemiological investigatory notes is confidential and will only be released as necessary by the State Health Officer". Under Rule 64D-3.041, FAC, epidemiological investigations include follow-up to confirm the diagnosis, treatment, investigation of causes of any disease or condition, and determination of appropriate methods of outbreak and communicable disease control. The Rule further provides that the Department's investigations may include, but are not limited to, medical examination or testing, review of pertinent, relevant medical records, to investigate causes, or to identify other related cases in an area, community, or workplace. The information gathered in the course of an epidemiological investigation and follow-up shall be confidential to the degree permitted under the provisions of sections 119.0712, 381.0031(6), FS.

None of the information contained in laboratory reports, notifiable disease or condition case

AMERICAN OVERSIGHT

reports and in related epidemiological investigatory records have been released by the State Health Officer. Therefore, information gathered by the Department which began with the notifiable disease report from the medical examiner, remains confidential. This includes the records of the medical examiner.

Subject: RE: COVID-19 deaths

Chris,

Thank you for taking our call this afternoon. Please find attached the letter sent to the Florida Medical Examiners Commission today regarding the ME's mandatory reporting requirements.

As we discussed, it is the Department of Health's position that the information requested in the request below should not be released as it is confidential and exempt from public record disclosure. This position is based upon the following statutes, Florida Administrative Rule and caselaw:

Section 381.0031(6), Florida Statutes, provides that information submitted in reports required by 381.0031 is confidential and exempt from section 119.07(1). Thus, the mandatory report of the medical examiner as required by subsection (2), including the information contained therein, is confidential pursuant to subsection (6). This information includes all of the confidential information collected by the Department pursuant to subsection (7). The confidentiality of these records survive the death of the decedent. See Weaver, attached. I have also attached the administrative rule which implements the cited statute.

Section 382.008(6) Florida Statutes, further exempts the cause of death from section 119.07(1): "All

AMERICAN OVERSIGHT

information relating to cause of death in all death and fetal death records… are confidential and exempt from the provisions of section 119.07(1)". Further, section 382.011 requires the medical examiner to certify the cause of death under section 406.11, which specifically implicates section 382.008(6)'s confidentiality exemption.

The above reading of these statutes is supported by Yestes v. Miami Herald Publishing Co., also attached.

I look forward to discussing this further,

Chris

Subject: Covid-19 response - next steps from grass roots perspective

Dear Governor Desantis and staff,

We applaud your directive yesterday to restrict public visits to Florida's elder care facilities as we have 18 in our community. We have a couple of important suggestions for your consideration as we move forward.

First, in terms of advancing your suggestion today to curtail social gatherings, it would be very helpful to make this a directive based upon emergency health care needs. Such a directive would provide not only clear direction to achieve the goal you have set, but would be very helpful to hundreds if not thousands of organizations and NFP's in the state who may feel compelled to move forward with events in hopes of bringing in revenues to help cover or offset a portion of the costs of the vendors who they have contracted to serve at events. Such an action may also help with insurance claims related to business loss and/or specific business interruption/ loss due to overarching public health care priorities.

Related to the above, with Covid-19 being a global, hot-spot - national and now statewide issue, with massive media coverage, local situations/circumstances are being blended with global, nationals and state wide activities. As of the moment and since the start of when our first positive case occurred 11 days ago, there has been a void in local health department contacts/spokespersons, to advise local residents and local media of events, precautions and credible facts as they evolve.

Although our Mayor, or I as a City Manager, or our city or county EOC managers can attempt to explain to the public how we interpret these health issues, I truly believe a gold standard response in our state would include qualified locally based health officials be made available for daily briefings. If given the same time everyday if possible, as we do with hurricane preparation and responses, I believe it would calm anxieties, be appreciated and very helpful at implementing your plan and strategy fully, while bolstering confidence in your office and the statewide collaboration necessary to

AMERICAN OVERSIGHT

respond to a perhaps unprecedented public health scenario. Explaining cancelling events with no local cases of Covid-19 will make more sense to all when qualified health professionals can explain and how it can/will benefit our health care systems, if that is in fact the rationale for the suggestion. The same local articulation for information flow and decisions will also be aided by putting a credible, local public health official in place to advance the states messaging.

Thank you for your consideration and leadership as this complex and important challenge evolves.

Good morning,

I will be speaking to the elected state attorneys at 10:00 a.m. this morning on their regularly scheduled call regarding writs of habeas corpus following from any DOH orders that may occur.

Wanted to make sure you're all in the loop. At this point, it's just information and outreach to them and their ASAs. They'll all get my cell number on the call for any future questions too.

Thanks!

Leadership,

Attached is a list of over 900 missions for resource support currently tasked to ESF8. Based on the direction received from the State Coordinating Officer, please advise how we should handle these missions and how we should seek his approval to process.

Yesterday, he directed us to fill in increments of 1000 for PPE. At this point in time **our team has stopped filling all resource requests per the direction of the State Coordinating Officer until he approves them.**

Thank you,

Samantha

To: Strum, Shane <Shane.Strum@eog.myflorida.com>
Subject: FEMA Facilitates Massive Supply Movement to the US and COVID-Affected Areas

U.S. DEPARTMENT OF HOMELAND SECURITY

Office of Intergovernmental Affairs

Please see the advisory below from our partners in the Federal Emergency Management Agency (FEMA) regarding an update on the whole of government response to COVID-19.

March 30, 2020

FEMA Advisory

FEMA Facilitates Massive Supply Movement to the US and COVID-Affected Areas

"This response isn't just about delivering food or supporting COVID test centers. It's about protecting our children, parents, and grandparents. Our Nation is looking to the National Guard to help them and we can't let them down." – Air Force Gen. Joseph Lengyel, Chief of the National Guard Bureau

The federal government continues taking aggressive and proactive steps to address the coronavirus (COVID-19) pandemic. The health and safety of the American people is our top priority. Under the direction of the White House Coronavirus Task Force, FEMA, HHS and our federal partners are working with state, local, tribal and territorial governments to execute a whole of government response to fight the COVID-19 pandemic and protect the public.

On March 29, the president extended the nation's Slow the Spread campaign until April 30. The American people play a key role in the campaign to help slow the virus' spread and keep our most high-risk populations safe. The initiative presents the entire country with an

AMERICAN OVERSIGHT

opportunity to implement actions designed to slow and limit the spread of COVID-19, like staying home as much as much as possible, canceling or postponing gatherings of more than 10 people, and taking additional steps to distance yourself from other people. The latest updates and information on how to protect yourself and what to do if you think you are sick is available at www.coronavirus.gov.

On March 27, President Trump signed the CARES Act into law. The CARES Act allocates $2 trillion to COVID-19 response efforts.

On March 22, President Trump directed the Secretary of Defense to permit full Federal reimbursement, by FEMA, for some states' use of their National Guard forces. The President's action provides Governors continued command of their National Guard forces, while being federally funded under Title 32.

FEMA coordinated an air bridge for flights from Asia beginning on Sunday, March 29, with the first delivery of 80 tons of much needed PPE supplies including 130,000 N95 respirators, 1.8 million face masks and gowns, 10.3 million gloves and thousands of thermometers for New York, New Jersey and Connecticut. Additional flights are contracted to go to Illinois today and to Ohio tomorrow. FEMA has scheduled additional flights and is adding more daily.

Over the next 48 hours, FEMA and HHS will deliver ventilators from the Strategic National Stockpile to Michigan (400), New Jersey (300), Illinois (180) and Connecticut (50).

Twenty-seven states and 12 tribes have issued stay at home orders.

Please see attached for updated information on Medical Hotspots, the federal response efforts, federal funding of the National Guard, Community Based Testing Sites (CBTS), the Strategic National Stockpile, Ventilator Guidance, CDC Respirator Guidance, Defense Production Act, CDC Public Guidance, coping with stress, disinformation and rumor control, and How to Help for volunteers and the private sector.

Subject: Final Media Plan/Budget Tracker/Estimates

Good afternoon,

In an effort to be ready to go, I'd like to go ahead and route all the media and production estimates for the launch of the StrongerThanC19.com website. I have attached the following:

- Media Plan Flowchart
- Budget Tracker
    - Amber + PPK will monitor this closely and share updates with our counterparts at DOH and DEM as media rolls out and production is completed so they can be on the lookout for invoices, etc.
- Media Estimates:
    - DOH = $675,500
    - DEM = $300,000
- Production Estimates (all for DOH signature):
    - OLV (Online Video) production = $14,070
    - Paid Social Videos = $7,500
    - Radio = $2,930

AMERICAN OVERSIGHT

My contact info is below, and my cell # is (904) 710-5063, if there are any questions. I'm running point on this project in terms of advertising and media.

Best,
Amber

Subject: RE: Large Private/Public Event - Madison County

Louise,

After checking with our team, it appears that this livestock market generally occurs once a quarter and is comprised by 60%-70% food animal livestock and the rest includes horses and other animals. The department's animal industry inspectors are present for each auction to identify any animal disease issues and address them. The department believes that livestock markets are an important function in the animal agriculture supply chain and should therefore be considered essential as they have been identified by the US Department of Homeland Security in the attached (12th bullet in food and agriculture section).

However, the department understands the human health concerns surrounding these types of gatherings and the fully supports the Governor's efforts to encourage social distancing. The department understands that the national Livestock Marketing Association has encouraged its members to comply with social distancing measures.

AMERICAN OVERSIGHT

The department also understands that this market has posted information on its social media pages as to what measures they would be undertaking for the upcoming market.

The Department has not identified any authority to stop the auction from operating as they are in compliance with our existing statutes and rules. Please let me know if we can provide additional information or assist with contacting this entity, which is well known to the department.

Please let me know if you would like to discuss further.

Subject: Large Private/Public Event - Madison County

Louise –

Please see emails below regarding a private livestock sale that is scheduled for next weekend, April 2nd through 4th, in Madison County. The CHD Health Officer, Kim Allbritton, was advised to educate and remind them about the public health emergency and the new public health advisory. The entity has not been persuaded, asserting that this is an agriculture activity and protected by state law and DACS. The concern is the expected concentration of attendees. Dr. Rivkees has asked to be made aware of such events. Perhaps the DACS GC can offer a recommendation here, or EOG will consider EO to cancel these types of events (my recommendation). DOH has some remedies here (quarantine of premises), and the County is reviewing. Just wanted you to be aware for any recommended solution.

Please let me know if you need any additional information.

Thanks you for your assistance.

Dan.

Subject: Who should I escalate to?

Beth,
I have a Gulf Coast Livestock Auction slated to go on April 2nd -4th in Madison County off Hwy 53. The individual advertising this states they are exempt from the Governor's and SSG containment and mitigation strategies as they are part of the essential food chain (per Ag). She states there have been conversations with top Ag officials on March 24th. This auction contains exotic animals and not cows or pigs which you would normally consider part of the food chain. They advertise zebras, porcupines, wallabies, sulcultta tortoise, crown cranes, lambs, dwarf Nigerian does, zebu, llama, etc....

They usually have over 100 people in attendance. I need guidance on how to handle this situation

AMERICAN OVERSIGHT

and what my role should be. I am thinking this may need to be referred up through leadership.

Subject: RE: Ltr. re Notice by Sun-Sentinel Company LLC pursuant to Fla. Stat. 119.12

Good afternoon,

Thank you for your communication. As you know, the Department is permitted reasonable time to respond to a public records request. A response includes determining whether the records exist, determining whether any exemptions from the Public Records Act apply, appropriate review and redaction, and receipt of any applicable fees for production.

In addition to the response that I sent on April 6, 2020, via email, we have conducted a preliminary search of our records that have yielded over 200,000 documents that will need to be reviewed and redacted for the period of March 1 through 26, 2020, after invoicing and receipt of payment. I am writing to see if you would prefer an invoice for that review and redaction, or if you would like the Department to conduct another search with perhaps more limited terms. The search we conducted concluded all specified license types of long-term care facilities licensed in Florida. If there are specific terms you would prefer, please let me know and we will conduct that search and determine the cost of that production.

Thank you again, and please advise how you would like to proceed.

Chris/Jennifer/Kim/Amanda,

The purpose of the agreement should just be for bed count and hospital modeling.

I don't know that Health needs to be included for that purpose or that there needs to be any HIPAA requirements in the draft. Can one of you take point in trying to get something drafted for that purpose? I think it just needs to be between DEM and the company? Perhaps AHCA as well for the institutional information. Chris can determine who leads.

Erik/Stefan,
Let me know if you've already got someone doing this.

AMERICAN OVERSIGHT

This is a very rough draft, based on the information I have at the moment. Based on my conversation with McKinsey, the agreement should be with the Chamber of Commerce, who will then make the arrangements with McKinsey. I have not heard from the Chamber. I hybridized two different templates, so the formatting needs work, otherwise, please feel free to edit and comment.

Chris/Jennifer/Kim/Amanda,

The purpose of the agreement should just be for bed count and hospital modeling.

I don't know that Health needs to be included for that purpose or that there needs to be any HIPAA requirements in the draft. Can one of you take point in trying to get something drafted for that purpose? I think it just needs to be between DEM and the company? Perhaps AHCA as well for the institutional information. Chris can determine who leads.

Erik/Stefan,
Let me know if you've already got someone doing this.

Subject: FW: New data
Date: Sunday, April 26, 2020 12:09:33 PM
Attachments: Harvard Paper Summary.pdf
SARS-CoV-2_Serology_Manuscript.pdf

This is a comparison study on various IgM IgG tests.

The API test we bought is also called "Sure Biotech" it's a related company same product.

None of the tests are particularly good early after infection. They all get much better 20 days after infection with API (ie Sure Biotech) having one of the highest sensitivity and specificity after 20 days.

This means we may need to retest negative cases to be sure they are still negative when they are more than 20 days beyond infection onset.

Subject: Nursing Home PPE Initiative

R-IV State health Partners,

Please see attached Nursing Home Spreadsheet, and please notice your states tab. The White House Coronavirus Task Force has directed FEMA to coordinate shipment of a seven-day supply of personal protective equipment (PPE) to more than 15,000 nursing homes across the Nation. This mission will supplement existing efforts to ensure nursing homes across the country have PPE during the COVID-19 pandemic.

- Shipments are expected to begin the first week of May and be completed in mid-June.
- The PPE is being shipped only to Medicaid and Medicare-certified nursing homes based on input from the American Health Care Association. A list of these nursing home is included in the attached excel file.
- Each facility will receive an allotment of all four items based on the staffing size of the facility, which ranges from less than 10 employees to nearly 500.
- The gowns included in these shipments are level 1 medical gowns, which are used in basic care settings for minimal risk situations.
- Due to the large number of nursing homes, facilities are not likely to receive notification prior to their shipment arriving. However, as possible, FEMA will provide notification to a state prior to shipments arriving at their Medicaid/ Medicare-certified facilities.

On Background: Who is not included:

- Some nursing homes that are state licensed and only accept private pay (estimated to be a very small number of less than 200 nationally).

AMERICAN OVERSIGHT

- Veterans Affairs CLCs because they are federally licensed through the VA (about 113 nationally)
- Assisted living facilities (about 28,000 nationally)
- Intermediate care facilities (about 5,795 which CMS has a list that can be provided if needed)

Frequently Asked Questions

Why are gowns being distributed to nursing homes when there is a shortage?

- *The gowns included in these shipments are level 1 medical gowns, which are used in basic care settings for minimal risk situations. They were sourced by a small distributor contracted for this project.*
- *On a broader scale, the Supply Chain Task Force is working with multiple large textile companies to expand production and flow of gowns nationally.*
- *So far, FEMA has awarded contracts to three manufacturers that will produce a combined 90 million gowns over the next 90 days. These gowns will last from 30 to 50 washes.*
- *Additional contracts are in the works with other manufacturers to continue increasing expansion of gown production, further stabilizing the private sector supply chain.*
- *The Supply Chain Task Force also continues to accelerate the flow of private sector owned gowns through Project Airbridge. 8.5 million gowns have been delivered from overseas manufacturers to the U.S. and into private sector supply chains through Airbridge.*
- *As of April 23, FEMA, HHS, and the private sector combined have coordinated the delivery of or are currently shipping* 14.9 million surgical gowns*.*

Why aren't all nursing homes included? Can a nursing home get on the list?

- The PPE is being shipped only to Medicaid and Medicare-certified nursing homes based on input from the American Health Care Association. Healthcare facilities with critical PPE supply needs should contact their local or state public health and/or emergency management agencies to let them know.

How were nursing homes chosen for this program?

The PPE is being shipped to Medicaid and Medicare-certified nursing homes based on input from the American Health Care Association.

Why haven't the supplies arrived at a particular nursing home yet?

The first shipments will focus on facilities within prioritized hotspots and expand to facilities across all 50 states and Puerto Rico. Shipments begin in early May and are expected to be completed in mid-June.

Why are nursing homes receiving these deliveries? Shouldn't the supplies go to hospitals or to locations that the Governor prioritizes?

Due to the critical need for PPE at nursing homes where some of our Nation's most vulnerable residents live, these supplies are meant to supplement existing PPE efforts by the federal government. FEMA and HHS continue working with states, tribes and territories on PPE needs through a variety of ways.

What more is FEMA, HHS and the Supply Chain Task Force doing to provide PPE to nursing homes or other healthcare facilities?

AMERICAN OVERSIGHT

As of April 23, FEMA, HHS, and the private sector combined have coordinated the delivery of or are currently shipping: 66.9 million N95 respirators, 105 million surgical masks, 6.7 million face shields, 14.9 million surgical gowns, 747 million gloves, 10,563 ventilators and 8,450 federal medical station beds.

How did FEMA determine what amount of supplies to send to each nursing home?

Each facility will receive an allotment of all four items. Allotment amounts are based on the staffing size of each facility, which ranges from less than 10 employees to nearly 500. The supplies are only a supplement to serve as a bridge between other PPE shipments.

Subject: RE: Open records request from The New York Times on COVID-19

Dear Mr. Oppel,

Please be advised that we have received your request. We currently have 16 decedents that are COVID-19 deaths from the period of 3/15/20 – 4/4/20. We are not conducting autopsies on these decedents, so we will only have our investigative reports, ante-mortem medical records [FS 395.3025(7)(a)] and death certificates [FS 382.025(4)] in the charts. The medical records and death certificates are exempt from public record in the State of Florida. Therefore; we will begin to send you the investigative reports as time permits.

We cannot accept requests for "future" cases; therefore, you will have to put in another request at a later date for any additional cases we may receive.

Respectfully,

Sheri Blanton

April 2, 2020

Attn: Florida Department of Health in Orange County and District Nine Medical

AMERICAN OVERSIGHT

Examiner's Office

To whom it may concern:

Pursuant to Article I, section 24 of the Florida Constitution, and chapter 119, F.S., I am requesting an opportunity to obtain copies of public records that include all reports, records, autopsies and death certificates for anyone known or suspected to have had COVID-19. The information is critical to our efforts to track the virus and to continue to build a database that is already being used by public health researchers. This request includes not only cases that your office has already handled, but all cases in the future involving decedents known or suspected to have had COVID-19.

I request a waiver of all fees for this request since the disclosure of the information I seek is not primarily in my commercial interest, and is likely to contribute significantly to public understanding of this pandemic and of the operations or activities of the government, making the disclosure a matter of public interest.

Should you deny my request, or any part of the request, please state in writing the basis for the denial, including the exact statutory citation authorizing the denial as required by s. 119.07(1)(d), F.S.

Please send me the records via this email. If you have any questions, you may reach me at the contacts below.

Sincerely,

Richard Oppel
The New York Times
richard.oppel@nytimes.com
(212) 556-5948

PLEASE NOTE: Florida has a very broad public records law (F. S. 119).
All e-mails to and from County Officials are kept as a public record.
Your e-mail communications, including your e-mail address may be disclosed to the public and media at any time.

Ltr. to Fla. Dept. of Health re Notice by Sun-Sentinel Company LLC pursuant to Fla. Stat. 119.12-April 13-2020.pdf

---

Louise,

Looping in Stefan. AHCA has retained Dean Mead. They have spoken to Joe about the most appropriate response here.

Colleen

From: St Laurent, Louise R <Louise.StLaurent@flhealth.gov>
Sent: Friday, April 17, 2020 3:14 PM
To: Ernst, Colleen <Colleen.Ernst@eog.myflorida.com>
Subject: Proposed response

I can respond to the 5-day notice today with either the attached invoice (which will redact nearly everything they're asking for once they pay– as I noted on page 3 of the pdf attached starting with "Ltr. To Fla. Dept. of Health…"). Or, I can tell them that I am willing to do the review and redaction after receiving payment on the invoice but note that the exact things they're asking for would be entirely redacted and the result would be meaningless. I imagine in each response, I would include the invoice which would satisfy a portion of our legal obligations at this point.

Please let me know how you want me to proceed.

Javier, Stefan, and Francis,

Can I get a list of long term care facility designations that you license or regulate for each agency? For example: Nursing Homes are licensed by AHCA (which I know), but I need to do an email search and need to know what types of facility types I need to search for so I can prepare an invoice

AMERICAN OVERSIGHT

without forgetting any. Feel free to pass along to someone to put together and send back to me to assist with response time. I'm trying to do the email search tomorrow, so it would be great to have it sooner than later.

Thank you!

Subject: FW: PRR Disclosure - Orange County ME
Date: Saturday, April 11, 2020 3:20:50 PM
Attachments: COVID-19 Cases from 20-517 - 20-617 - Investigative Reports.pdf

---

I was doing some more looking and, because hospital records that the ME used in the autopsy, the other diagnoses/health conditions of the decedents shouldn't be public either under:

> 4. *Hospital records from Morton Plant Hospital and New Port Richey Hospital. including a laboratory test provided by Dr. Minkoff to the Medical Examiner.*
>
> Section 395.3025(4), *Florida Statutes* (1995) deems patient records confidential and provides that "the recipient, if other than the patient or the patient's representative, may use such information only for the purpose provided and may not disclose any information to any other person or entity, unless expressly permitted by the written consent of the patient...The content of such patient treatment record is confidential and exempt from the provisions of § 119.07(1) and § 24(a), Art. I of the State Constitution." Thus, the Court finds that Lisa McPherson's pre-death medical records in the possession of the Medical Examiner do not constitute a **public record**. Regardless of the present extent of the distribution to the public of these records, this Court is without authority to direct further dissemination.

I found this in:

> Circuit Court of Florida,
> Sixth Judicial Circuit.
> Pinellas County
> CHURCH OF SCIENTOLOGY FLAG SERVICE ORG., INC., Plaintiff,
> v.
> Joan E. WOOD, M.D., Medical Examiner District Six, Pinellas/Pasco County Medical Examiner's Office, Defendant.
> No. 97-688CI-07.
> February 27, 1997.

Everything that the ME reports in these documents about prior medical history is based upon otherwise confidential records that were only released to the ME by the HIPAA-covered entity due to the necessity of its use by the ME to make the autopsy findings. I would think that the same would go for the "circumstances" column on the FDLE report (i.e., the MEs only got limited release of that information from HIPAA covered entities to conduct the autopsy, and further unnecessary release would be violative of HIPAA confidentiality).

Subject: Prr-Times Follow-up

Good morning Dan,

I am grateful for technology today as I am able to dictate this message! I spoke with Kent and confirmed a few things. We do not share our investigative reports or casenotes with the medical examiners office. The only sharing of information according to Epi would be if the medical examiner needs to know if someone was a resident of Orange County or not, in which case we confirm only that, but other than that no records are shared.

Additionally, I spoke with the medical examiners office today and they confirmed that they did not send any DOH records. The ME's investigative reports contain information from hospitals or information derived from medical records but no information from DOH or it's investigations.

I've asked for and received a copy of the materials that the ME's office sent to the New York Times and have verifies that it does not contain information derived from DOH Epi. Interestingly, it has some information that our Epi folks would ascertain in their own investigation like onset of symptoms, travel information, address, etc. but again this information was not derived from DOH - Epi. It is information the examiner's office got from patient medical records or family members.

I spoke with our epi folks this morning, and they do not have anything outside of their investigation

AMERICAN OVERSIGHT

notes and a spreadsheet from the medical examiners office which contains names of decedents, addresses, dates of death, and causes of death related to Covid. This was the means in which the medical examiners office would notify us if someone passed away due to Covid, but again that is part of our investigation notes and would be deemed confidential. Thus there are no responsive documents to this request that we've been able to determine thus far that would not be protected from disclosure.

Lastly, and this is of no great consequence, but the web feedback email is just a general "contact us," email site provided on our website for the public to get in touch with us if they have any questions. It appears the reporter used that initially to make the request to Orange.

As far as next steps go, we will let Kendra and communications know that we have nothing outside of our investigation notes and death certificates that are responsive and will await further instruction unless you have additional thoughts or instruction on moving forward.

Subject: RE: Public Record Requests - requests for names of decedents COVID 19 Deaths -from medical examiners

I messed with this some in the Hollywood Hills litigation.

Autopsy reports are public record under 406; however statutory exemptions from disclosure may also apply. See, *Wood,* 575 So.2d 683.

I would say it is part of the epi investigation and therefore cannot be disclosed.

See also,

382.008 Death, fetal death, and nonviable birth registration.—
(1) A certificate for each death and fetal death which occurs in this state shall be filed electronically on the department electronic death registration system or on a form prescribed by the department with the department or local registrar of the district in which the death occurred within 5 days after such death and prior to final disposition, and shall be registered by the department if it has been completed and filed in accordance with this chapter or adopted rules. The certificate shall include the decedent's social security number, if available. In addition, each certificate of death or fetal death:
…
(5) A permanent certificate of death or fetal death, containing the cause of death and any other information that was previously unavailable, shall be registered as a replacement for the temporary certificate. The permanent certificate may also include corrected information if the items being corrected are noted on the back of the certificate and dated and signed by the funeral director, physician, or district medical examiner of the county in which the death occurred or the body was found, as appropriate.
(6) The original certificate of death or fetal death shall contain all the information required by the department for legal, social, and health research purposes. **All information relating to cause of death in all death and fetal death records and the parentage, marital status, and medical information included in all fetal death records of this state are confidential and exempt from the provisions of s. 119.07(1),** except for health research purposes as approved by the department; nor may copies of the same be issued except as provided in s. 382.025.

Subject: FW: Public Record Requests - requests for names of decedents COVID 19 Deaths -from medical examiners
Importance: High

Louise,

Medical Examiners are receiving public records relating to COVID-19 deaths. The Polk County ME below stated that he would produce the names of the decedents. See quote:

We would treat these media requests as we do with any other such request. What we do is open for public inspection. We would/will provide a name and other information that the media is requesting. Why not?

AMERICAN OVERSIGHT

ME's are regulated pursuant to Chapter 406. Section 406.11(1)(a)11. states that MEs will perform the "examination, investigation and autopsy" "as he or she shall deem necessary or as shall be requested by the state attorney" "when any person dies in the state by disease constituting a threat to public health."

Pursuant to section 381.0031(6) Florida Statutes, information in epi reports is confidential and exempt from section 119.07, Florida Statutes. There is no comparable protection in Chapter 406.

I would think that the name is still part of the epi investigation report and should remain confidential, even if it would otherwise be ME's public record.

The ME's contact information is below:

Stephen J. Nelson, M.A., M.D., F.C.A.P.
District Medical Examiner
10th Judicial Circuit of Florida
(Polk, Hardee, and Highlands Counties)

Subject: [EXTERNAL]: Public Record Requests - requests for names of decedents COVID 19 Deaths -

Hello:

Our office has had two deaths related to COVID-19. We initially received a request from media asking for the name of one of the decedents (which we did not provide).

Thereafter, we received two other requests asking for our "log in" book (bodies transported to our office) for the date(s) of the deaths of the two cases. The bodies were not transported from the hospital to our office since we are doing a records review only and the bodies were released directly to the funeral home(s) selected by the families. The request specifically asked for the names, dates of births, and age for the dates specified. The information will not be in the documents they receive since the cases were not transported to our office and therefore not "logged in".

Another media source requested a list of names and dates of birth for cases that died on a specific date. If we were able to pull this type of list together from our database, media would have the name of the decedent whose death was related to COVID-19. Department of Health and the hospital have refused to release this information and have directed our office not to release the name of the decedent pursuant to HIPAA.

Has anyone received such media requests and if so how are you responding? I have reached out to MEC and they have no answers for us. I have reached out to DOH and they verbally advised that our office is not to release the names; however, they have not been able to site statute or otherwise. As we are under a state of emergency (and national and local), does anyone know if the release of this

AMERICAN OVERSIGHT

information, which normally would be subject to public record, is now exempt because of the emergency declared?

If you have not already received a request, standby because it will be coming. One request is from Tampa and the another is from Naples so there will soon be national agencies requesting this information.

I would like to be ahead of the eight ball but unfortunately the agencies I was hoping would be able to provide definitive information does not have any answers for us.

Thank you and stay safe.

Importance: High

FYI – media is trying to go around our confidentiality of epi/patients to get autopsy reports with names and identifiable information from medical examiners. Planning to discuss with our privacy officer to try to see how best to deal with it.

Subject: FW: Public Record Requests - requests for names of decedents COVID 19 Deaths -from medical examiners
Importance: High

Louise,

Medical Examiners are receiving public records relating to COVID-19 deaths. The Polk County ME below stated that he would produce the names of the decedents. See quote:

We would treat these media requests as we do with any other such request. What we do is open for public inspection. We would/will provide a name and other information that the media is requesting. Why not?

ME's are regulated pursuant to Chapter 406. Section 406.11(1)(a)11. states that MEs will perform the "examination, investigation and autopsy" "as he or she shall deem necessary or as shall be requested by the state attorney" "when

AMERICAN OVERSIGHT

any person dies in the state by disease constituting a threat to public health."

Pursuant to section 381.0031(6) Florida Statutes, information in epi reports is confidential and exempt from section 119.07, Florida Statutes. There is no comparable protection in Chapter 406.

I would think that the name is still part of the epi investigation report and should remain confidential, even if it would otherwise be ME's public record.

The ME's contact information is below:

Good afternoon,
Our law firm represents Gannett (USA Today and various FL-based news outlets); Times Publishing Company (Tampa Bay Times); Orlando Sentinel Communications Company, LLC/Tribune Publishing; The Associated Press, the First Amendment Foundation, and The E.W. Scripps Company (various FL broadcast stations).
Florida reports coronavirus statistics through a daily report on floridadisaster.org. That report identifies the number of coronavirus cases involving residents or staff of long term care facilities by county. Pursuant to Florida's Public Records Act, we hereby make a public records request on our clients' collective behalf for records revealing the identity of the long term care facilities where the cases identified in the report work/reside. We do not seek the names of any infected persons.
This request also serves as the written notice required by Section 119.12, Florida Statutes.
Kind regards,

Good morning, Mr. Moscoso, Ms. Strickland and Ms. Ferre. We hope you are in good

AMERICAN OVERSIGHT

health.

It appears this public records request was sent nearly a week ago. We have heard nothing back from you other than that you are processing it.

We respectfully request that you fulfill this request by the close of business Monday -- and we ask that you provide records up to the point of fulfillment -- or state in writing and with particularity the statutory exemption you claim as justification for withholding these records.

We certainly understand that your departments are facing a very difficult challenge. We believe, however, based upon all available evidence, that your communications departments are not rendering medical aid. Moreover, based upon other evidence, we know that our readers consider this information to be critical to the health and safety of their families.

As difficult as these times have become, for all of us, we would very much like to avoid litigation. We will not hesitate, though, to go that route if need be.

Sincerely,

~ Carol

Good afternoon.

I hope and trust all of you, and your families, are well.

This is a request for public records under Chapter 119 of the Florida Statutes, the public records law.

Please provide the Miami Herald the following public records:

* The most recent information from your COVID dashboard appears to show 33 residents of long-term care facilities in Florida have tested positive for the virus, including 12 in Broward County, or 36 percent. Please provide the Herald any document that specifies in which facilities those cases reside.

* Please provide the Herald a copy of any rules or guidance from either of your agencies that specifies whether Floridians with loved ones in skilled nursing facilities or assisted living facilities may have their loved ones discharged from such facilities into their care.

* Please provide the Herald a copy of any emails, texts, reports, memos, reports or other documents from anyone within your two agencies in which the circumstances that unfolded at Atria Willow Wood are discussed. I am trying to avoid bogging your agencies down in an email search that would be more time-consuming than necessary.

AMERICAN OVERSIGHT

If you decline to honor this request, either in whole or in part, please state in writing and with particularity the statutory exemptions you claim.

We thank you, in advance, for your help in this matter.

Subject: Race and Ethnicity in COVID-19 reports

Hi, Alberto,

I have a few follow up questions on the race and ethnicity data the state publishes in the daily summaries of COVID-19 cases.

Will you please explain why the department reports hospitalizations and deaths among specific racial and ethnic groups as a percentage of all cases, as opposed to presenting hospitalizations and deaths as a percentage of all people within each race or ethnic group?

For instance, in Miami-Dade, the state reports that blacks with COVID-19 have a hospitalization rate of 24% and a death rate of 27% among all 7,991 residents who have tested positive in Miami-Dade.

However, when you look at the hospitalization and death rate among blacks with COVID-19 in Miami-Dade, you see that the hospitalization rate is 17 percent and the death rate is 4.3 percent.

The death rate among whites with COVID-19 in Miami-Dade is 2.7 percent.

In other words, the death rate among blacks w/ COVID-19 is nearly twice the rate of death among whites with the disease.

We have shared the most recent summary with researchers who have told us that the way Florida presents the data can obscure the disease's impact on blacks and other minorities.

Will you please explain why the state reports hospitalizations and deaths for each race/ethnic group as a percentage of all infections as opposed to presenting the data as a percentage of each

AMERICAN OVERSIGHT

race/ethnic group with the disease?

Additionally, will you please give us examples of ways that the department has used this data to take concrete steps? For instance, has the department increased testing in black and minority communities where there are significant disparities in hospitalization and death rates, such as in Miami-Dade?

Lastly, will you please tell us what efforts the department has made to reach out to faith-based leaders and civic leaders in these communities to build trust and address these disparities?

We would appreciate a response today if possible. We are aiming to publish a story soon.

Thank you as always for your help.

Dan

Subject: FW: Rulemaking in the time of COVID - 19
Date: Wednesday, March 18, 2020 10:53:30 AM
Attachments: image001.png

Gentlemen/Ladies,

I had Nancy Murphy speak to Ernie Reddick, with the Department of State, this morning and he tells me that they are going to have a skeleton crew over at the Capitol for the Florida Administrative Register (FAR) and Bureau of Administrative Code (BAC) filings. Most of our rulemaking (notices) are done electronically, so submission should not be a problem if it is done by the lawyers/paralegals from home. There will be issues with filing rules for final adoption because those still have to be done via hard copies. As of now, there will be someone over there to accept the hard copies for rule adoption. If access to the Capitol becomes an issue, Mr. Reddick has assured us he will let us in or will and find a way to meet us outside to receive the filings. We will keep you informed if and when anything changes.

Subject: RE: Sun-Sentinel Public Records Request

Good afternoon, Ms. St. Laurent,

I am certain you are quite busy now, so thank you for taking the time to respond today.

First, with respect to your comments about this not being a request for "records," since there have been public announcements regarding the number of facilities in the state that have confirmed cases of the virus, and the DOH has put out numbers by county, it would seem there exists some sort of list of these facilities, beyond epidemiological reports in which the names may be contained. It was for this type of list or other type of document the request was made.

Second, could you please provide which subsections of Rule 64D-3 you are referring to for the exemption.

Finally, regarding your citation to Section 381.0031, could you please provide which provision exactly prevents the release of the names of the nursing facilities? To be clear, we are not requesting any information about the residents of these facilities that would identify them.

Moreover, subsection (6) of the statute permits the release of information "when necessary to public health." The public has a right to know which facilities have had cases of COVID-19 in order to understand whether they or their loved ones have been exposed to the virus. As you very well know, time is of the essence, and the longer people wait without understanding their exposure, the more people could potentially contract the virus unknowingly. Please advise as to how this minimal release of information – that in no way implicates the identities of residents with the virus – is not "necessary to public health."

The fact that this information is not properly subject to any exemption and that it does not implicate patient privacy has been made clear by the fact that Gov. DeSantis himself has repeatedly named and spoken about one facility. He is quoted as saying that he named this facility because it "was clearly non-compliant [with state guidelines], negligent, and it did cost residents their lives." When asked why it was permissible to allegedly breach patient privacy in this instance, his administration stated: "Gov. DeSantis will call out those who are negligent or non-compliant with keeping our most vulnerable seniors as safe as possible from COVID-19." Such rationale does not appear as an exemption to Section 381.0031.

Simply put, the State cannot pick and choose when to protect patient privacy. While I know you do not speak for the Governor's office, his statement shows that he is well aware of the utmost importance with releasing the names and making sure that seniors living in these facilities – as well as the staff and all of their families – are protected. Failing to release the names immediately simply puts more people needlessly at risk.

AMERICAN OVERSIGHT

Thank you for your attention to this matter. I look forward to hearing from you.

Importance: High

AMERICAN OVERSIGHT

Ms. Abratt,

My apologies for the delay in responding to you, and thank you for following back up. As you can imagine, my email inbox is a bit unwieldy lately.

The request we received for Cindy Goodman on March 25 for the names of all Florida long-term care facilities with individuals that tested positive for COVID-19 as of March 26, 2020 (Reference Number P058467-032620) is not a Public Records Request. A public records request is a request for any public document, paper, letter, map, book, tape, photograph, film, sound recording, data processing software, or other material, regardless of the physical form, characteristics, or means of transmission, made or received by the Department, pursuant to law or in connection with the transaction of official business.

Additionally, should such documents be requested, the documents containing that information would be redacted or not otherwise produced pursuant to section 381.0031, Florida Statutes, and rule 64D-3, Florida Administrative Code. I apologize that we are not able to accommodate Ms. Goodman's questions as a result of the confidentiality requirements in our epidemiological investigations.

Thank you,

AMERICAN OVERSIGHT

Dana J. McElroy <DMcElroy@tlolawfirm.com>
Subject: Sun-Sentinel Public Records Request

Good afternoon, Ms. St. Laurent,

This firm represents the *South Florida Sun Sentinel*. I'm writing with respect to a public records request the Sun Sentinel made through its reporter Cindy Goodman over a week ago on March 25 for the names of all Florida long-term care facilities with residents who are positive for COVID-19 as of March 26, 2020. While she has received an acknowledgement of that request, she has not received any records or information or any other response. Her follow-up email of April 2 has also gone unanswered.

I'm writing with the hope that you can help address this issue since the information requested is of critical importance for the people of Florida right now.

Thank you for your assistance.

Good afternoon, Ms. St. Laurent,

I am certain you are quite busy now, so thank you for taking the time to respond today.

First, with respect to your comments about this not being a request for "records," since there have been public announcements regarding the number of facilities in the state that have confirmed cases of the virus, and the DOH has put out numbers by county, it would seem there exists some sort of list of these facilities, beyond epidemiological reports in which the names may be contained. It was for this type of list or other type of document the request was made.

Second, could you please provide which subsections of Rule 64D-3 you are referring to for the exemption.

Finally, regarding your citation to Section 381.0031, could you please provide which provision exactly prevents the release of the names of the nursing facilities? To be clear, we are not requesting any

AMERICAN OVERSIGHT

information about the residents of these facilities that would identify them.

Moreover, subsection (6) of the statute permits the release of information "when necessary to public health." The public has a right to know which facilities have had cases of COVID-19 in order to understand whether they or their loved ones have been exposed to the virus. As you very well know, time is of the essence, and the longer people wait without understanding their exposure, the more people could potentially contract the virus unknowingly. Please advise as to how this minimal release of information – that in no way implicates the identities of residents with the virus – is not "necessary to public health."

The fact that this information is not properly subject to any exemption and that it does not implicate patient privacy has been made clear by the fact that Gov. DeSantis himself has repeatedly named and spoken about one facility. He is quoted as saying that he named this facility because it "was clearly non-compliant [with state guidelines], negligent, and it did cost residents their lives." When asked why it was permissible to allegedly breach patient privacy in this instance, his administration stated: "Gov. DeSantis will call out those who are negligent or non-compliant with keeping our most vulnerable seniors as safe as possible from COVID-19." Such rationale does not appear as an exemption to Section 381.0031.

Simply put, the State cannot pick and choose when to protect patient privacy. While I know you do not speak for the Governor's office, his statement shows that he is well aware of the utmost importance with releasing the names and making sure that seniors living in these facilities – as well as the staff and all of their families – are protected. Failing to release the names immediately simply puts more people needlessly at risk.

Thank you for your attention to this matter. I look forward to hearing from you.

Subject: RE: Sun-Sentinel Public Records Request
Importance: High

Ms. Abratt,

My apologies for the delay in responding to you, and thank you for following back up. As you can imagine, my email inbox is a bit unwieldy lately.

The request we received for Cindy Goodman on March 25 for the names of all Florida long-term care facilities with individuals that tested positive for COVID-19 as of March 26, 2020 (Reference Number P058467-032620) is not a Public Records Request. A public records request is a request for any public document, paper, letter, map, book, tape, photograph, film, sound recording, data processing software, or other material, regardless of the physical form, characteristics, or means of transmission, made or received by the Department, pursuant to law or in connection with the transaction of official business.

Additionally, should such documents be requested, the documents containing that information would be redacted or not otherwise produced pursuant to section 381.0031, Florida Statutes, and rule 64D-3, Florida Administrative Code. I apologize that we are not able to accommodate Ms. Goodman's questions as a result of the confidentiality requirements in our epidemiological investigations.

Thank you,

Subject: Sun-Sentinel Public Records Request

Good afternoon, Ms. St. Laurent,

This firm represents the *South Florida Sun Sentinel*. I'm writing with respect to a public records request the Sun Sentinel made through its reporter Cindy Goodman over a week ago on March 25 for the names of all Florida long-term care facilities with residents who are positive for COVID-19 as of March 26, 2020. While she has received an acknowledgement of that request, she has not received any records or information or any other response. Her follow-up email of April 2 has also gone unanswered.

I'm writing with the hope that you can help address this issue since the information requested is of critical importance for the people of Florida right now.

Thank you for your assistance.

Subject: Tampa Bay Times media inquiry/ MEC list of deaths

Hi Alberto et al,

We've learned that the Medical Examiners Commission is no longer releasing its list of coronavirus deaths to the media. According to the MEC, the DOH told the FDLE the record is confidential and exempt from public disclosure. We're told the DOH cited Florida Statutes 381, 382, and 395.

We're planning to write a story about this for tomorrow's newspaper.

1. Can you confirm that the DOH contacted the FDLE (which runs the MEC) about this issue last week?

AMERICAN OVERSIGHT

2. Why does the DOH consider the MEC list confidential and exempt from public disclosure?

3. Has the department's attorney written an opinion on this issue? If so, I'd like to request a copy.

4. The Medical Examiners Commission says it has been compiling such lists of deaths since Hurricane Andrew and the lists have never been confidential and/or exempt from public disclosure. Why does the DOH believe this list is different?

5. The Miami Herald has reported that the DOH tried to convince Miami-Dade County not to release information on local coronavirus deaths. Has the DOH provided this guidance to other counties? If so, which ones?

6. Has the DOH provided guidance to Hillsborough County on this issue? If so, what was the guidance?

My deadline is COB tonight.

Thanks,
Kat

Subject: RE: Tampa Bay Times media inquiry/ MEC list of deaths

One additional question:

7. In a letter to the DOH general counsel on 4/11, Miami-Dade County Attorney Price-Williams said her office would not disclose its death records if the department (1) provided a written statement indicating that the documents were part of a department epidemiological investigation and (2) agreed to defend and indemnify the county in the event of a lawsuit. Did the DOH respond to this? If so, what was the department's response?

If the department responded in writing, I'd like to request a copy of the response.

Thank you.

Subject: telemedicine

Rick,

Attached is a memorandum my firm put together about the newly enacted CARES Act. Several provisions of the act relax some of the requirements on the use of telehealth, e.g. telemedicine. During a recent call, a number of FCAAP members suggested expanding the use of telemedicine during this global pandemic. This is probably already on AHCA's plate but I thought this might prove of assistance as AHCA considers expanding use of telemedicine, including for children on Medicaid.

I hope you and your family are all well and staying safe.

Carl

Subject: URGENT - ACTION REQUIRED - Final Approval Zaandam / Rotterdam arrival plan

Team,

On behalf of Captain Burdian, please find the final Rotterdam-Zaandam PEV plan enclosed.

Request 1 individual from each agency on the Unified Command reply to this email to indicate your agency's approval / disapproval of the plan.

Once we have verified concurrence by all UC members, the Captain of the Port will proceed with allowing the vessel to enter port.

Thanks,

v/r

Attachments:	Exhibit 3.png Exhibit 2.jpg Exhibit 1.png Exhibit AA.jpg Exhibit A .jpg FL. Medical Board Chairman Z.docx Exhibit 6.JPG

Good Morning to all and Zachariah P Zachariah.

Its been over a week and we still hear nothing on our family simple yet serious question.

Apparently we have a FL medical board chairman who refuses to help. He is unwilling to lift a finger then claims he must recuse himself from answering a simple question of "WHO HAS OVERSIGHT RESPONSIBILITY OF THESE PEER PANELS?". See below.
A simple google search shows this Zachariah person was involved prosecuting this very provider for negligence in the past. He is well aware of this negligent providers conduct. IS causing death the same as replacing the wrong knee? Or is this something a real chairman would prefer to run away from to protect a corrupt panels cover up. Is Zachariah involved in this sham. It appears to be unfortunately true.

Its hard to believe a chairman who is professional with Florida patient safety or best interest in mind would not want to answer "Someone has to be?

These corrupt friends (AKA PEERS) of negligent dangerous providers CAN NOT be operating under total impunity along with a Chairman help against a provider the chairman has already busted in the past.

What a web we weave when trying to deceive Mr. Chairman. Our letter and photos are attached. So is your panels one page dismissive and inept conclusion that covered this wrong doing up.

You are not who you say you are. You are not who we need in the FLORIDA MEDICAL CHAIRMAN seat. We have now gone to the top of the medical board and found "You are insufficient in your intention and the cover up for this panel if you won't answer "WHO HAS OVERSIGHT RESPONSIBILITY FOR THIS PANELS PERFORMANCE"?

Maybe you don't want this panel questioned into how they performed or how they skirted the 9 probable cause examples in our letter so we included other Professionals today to give them their shot at decency, truth and transparency for the Publics veteran senior citizen safety. As u see we left out the Whitehouse today. You Sir are NO GOOD. A pretender. Recusing yourself to protect a panel and a provider you already knew was bad is now on you. Now you help protect him and you want to be called a professional medical chairman for the people?

A heart Doctor without a heart who pretends to be a useful chairman for we the people.? Who oversees Florida Medical peer panel performance/conduct?
Our Korean War veteran family member deserves this answer!!! He did not deserve to die unnecessarily and the 9 issues in our letter must be answered as to why this panel dismissed and omitted all this preventable harm detail. Ignoring FL Medical law and Medical board rules of conduct is not the panels duty.

Impunity is not their reward. TRUTH must be. Like it was in the past when Zachariah & the FL board found wrong doing. Only this time it's an avoidable death that's being covered up.

So, to avoid any and all confusion…… WHO HAS THE RESPONSIBILTY OF OVERSIGHT FOR THESE FL MEDICAL PEER PANELS PERFORMANCE ? It's a simple question to a lot of smart people.

Please advise
John E Eder JR (Son & Family)

In behalf of competent FL. public safety and transparency who will answer this question in the next week?

AMERICAN OVERSIGHT

On Apr 14, 2020, at 10:46 AM, John Eder <Mokick1@hotmail.com> wrote:

Yes Sir --- Understood. We aren't looking for a prosecution by the medical board.

We are looking for how this peer panel dismissed, omitted and turned a blind eye to all the avoidable harmful incidents that happened to my father in the 9 examples and pics we provided.

The panel then ineptly concluded no probable cause or wrong doing existed. This 1 page conclusion is a corrupt coverup & sham.

I couldn't conclude in 1 page the detail of the 6 meals I ate this weekend. Yet they concluded in 1 page 113 days, 9 trips to the operating room, the cause of 5 adverse medical incidents? A surgeon that went AWOL 21 days from his patients bedside (He forgot him), A discharge of a patient with a dislocated knee to rehab with a written eorder to keep exercising this deformed knee 6 hours a day. Gangrene dismissed as an irritation (Pic#3) by this panel after the cast was left on a week too long. And more .. All 9 are in the letter for any professional that has the proper oversight responsibility.

You see ,,,,, This peer panel 1 page conclusion of everything that lead to this avoidable death was deemed acceptable? If the panel did their jobs honestly and found the wrong doing instead of covering it up we would be talking to the DOH.

That brings us to today and why we are trying to get this 1 page conclusion to the proper oversight leadership with our letter examples and pics.

Nothing about this case was OK …He paid with his life and this Panel says in 1 page its OK and acceptable which it was not. Not even close. This is a cover up of major proportion for a friendly peer and we want someone qualified in the oversight to help us PROTECT THE PUBLIC from these peers who appear to be operating with impunity. Its not honest nor are any of the people perpetrating this injustice.

PS- Your 20+ year AHCA investigator called this case criminal yet your peer review panel called it all acceptable and OK. Big Difference, And it demands another review to any reasonable persons now that we have blown the whistle on this peer panel and its participants and author.

Ill suggest ----- A surgeon who goes AWOL 21 days from his patient after major surgery then discharges him to a rehab with a dislocated deformed knee is NOT OK. This 1 example is the low unacceptable quality of care we are talking about. This one example by itself is probable cause of wrong doing by a surgeon who had the ultimate responsibility and the higher standard of care expectation from his patient. He abandoned him and this panel deemed this OK. Is this conduct you would repeat in

AMERICAN OVERSIGHT

your practice? Is this taught and trained in medical school as OK or best practice ? This panel found it to be OK and its an INSULT to our intelligence.

This panels 1 page conclusion is a sham and demands proper professional oversight. That's what we are now asking our Chairman for. Please advise who's responsibility it is to do this panel oversight and we will go to them and you can watch from a distance? The whole medical field would be embarrassed if this goes to an equity court and asked to answer these same 9 examples. I don't want to do that. I want the medical field to DO THEIR JOBs seriously and professionally with high quality.

Thank You for your concern
Please advise who?
John E Eder Jr (Son)

Subject: Re: Chairman Z 3rd request

Mr. Eder. The Board of Medicine does NOT do the prosecution of the case. We only deal with the case once it comes before the board. The prosecution is done by the Department of Health, over which we have no jurisdiction.

Subject: [EXTERNAL] Nursing Home PPE Initiative

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

State Directors,

Under the direction of the White House Coronavirus Task Force, FEMA has been tasked to coordinate shipments of a seven day supply of personal protective equipment (PPE) to more than 15,000 nursing homes across the Nation. This mission will supplement existing efforts to ensure nursing homes across the country have PPE during the COVID-19 pandemic. Please see attached spreadsheet and note that in the bottom left there is a tab for each state. This has also been sent to your State Health.

- Shipments are expected to begin the first week of May and be completed in mid-June.
- The PPE is being shipped only to Medicaid and Medicare-certified nursing homes based on input from the American Health Care Association.

AMERICAN OVERSIGHT

- Each facility will receive an allotment of four items (gloves, gowns, eye protection and surgical masks) based on the staffing size of the facility, which ranges from less than 10 employees to nearly 500.
- The gowns included in these shipments are level 1 medical gowns, which are used in basic care settings for minimal risk situations.
- Due to the large number of nursing homes, facilities are not likely to receive notification prior to their shipment arriving. However, as possible, FEMA will provide notification to a state prior to shipments arriving at their Medicaid/ Medicare-certified facilities.

On Background: Who is not included:

- Some nursing homes that are state licensed and only accept private pay (estimated to be a very small number of less than 200 nationally).
- Veterans Affairs CLCs because they are federally licensed through the VA (about 113 nationally)
- Assisted living facilities (about 28,000 nationally)
- Intermediate care facilities (about 5,795 which CMS has a list that can be provided if needed)

Frequently Asked Questions

Why are gowns being distributed to nursing homes when there is a shortage?

- *The gowns included in these shipments are level 1 medical gowns, which are used in basic care settings for minimal risk situations. They were sourced by a small distributor contracted for this project.*
- *On a broader scale, the Supply Chain Task Force is working with multiple large textile companies to expand production and flow of gowns nationally.*
- *So far, FEMA has awarded contracts to three manufacturers that will produce a combined 90 million gowns over the next 90 days. These gowns will last from 30 to 50 washes.*
- *Additional contracts are in the works with other manufacturers to continue increasing expansion of gown production, further stabilizing the private sector supply chain.*
- *The Supply Chain Task Force also continues to accelerate the flow of private sector owned gowns through Project Airbridge. 8.5 million gowns have been delivered from overseas manufacturers to the U.S. and into private sector supply chains through Airbridge.*
- *As of April 23, FEMA, HHS, and the private sector combined have coordinated the delivery of or are currently shipping* 14.9 million surgical gowns.

Why aren't all nursing homes included? Can a nursing home get on the list?

- The PPE is being shipped only to Medicaid and Medicare-certified nursing homes based on input from the American Health Care Association. Healthcare facilities with critical PPE supply needs should contact their local or state public health and/or emergency management agencies to let them know.

Why haven't the supplies arrived at a particular nursing home yet?

The first shipments will focus on facilities within prioritized hotspots and expand to facilities across all 50 states and Puerto Rico. Shipments begin in early May and are expected to be completed in mid-June.

AMERICAN OVERSIGHT

Why are nursing homes receiving these deliveries? Shouldn't the supplies go to hospitals or to locations that the Governor prioritizes?

Due to the critical need for PPE at nursing homes where some of our Nation's most vulnerable residents live, these supplies are meant to supplement existing PPE efforts by the federal government. FEMA and HHS continue working with states, tribes and territories on PPE needs through a variety of ways.

How did FEMA determine what amount of supplies to send to each nursing home?

Each facility will receive an allotment of all four items. Allotment amounts are based on the staffing size of each facility, which ranges from less than 10 employees to nearly 500. The supplies are only a supplement to serve as a bridge between other PPE shipments.

Please let me know if you have any questions. Thank you!

Hello,

This is a public records request for any accounting of suspected and/or confirmed deaths from COVID-19/Corona virus in Florida from January 1 to date. Pursuant to Chapter 119, we request these records in the form in which they are stored, including but not limited to a data spreadsheet or other database, to include all fields. We request that these records be shared electronically to eliminate the need and cost of reproduction and staff time.

If I can help clarify this request in any way, please let me know.

Thank you.

Dave

Louise and Stefan,
Ventilators are not my expertise. Have you heard of the "Florida Department of Health Services"?
Sean and I quickly skimmed this agreement, and suggested to our finance department that the state should not agree to this agreement or these terms. After relaying that to the vendor, the vendor said: "cannot reserve vents without a signature."
Would you please look at this agreement? Thanks.

Florida has a very broad public records law. Written communications to or from state officials regarding state business constitute public records. Public records are available to the public and media upon request, unless the information is subject to a specific statutory exemption. Therefore, any information that you send to this address, including your contact information, may be subject to public disclosure.

Casey,

Can you email me the agreement you are speaking about below. The only document I was in receipt of was the quote document which I emailed to you along with our paper purchase order.

I also need to know the status of your company registering in MyFloridaMarketPlace and also submitting your W-9.

Thanks.

Technically I have some available because I have not received my signed agreements from the many states that have sent me purchase orders. Florida is currently in this boat as they sent me a PO yesterday for 500 vents, however they have not signed the agreement.

If you want to quickly get that signed and sent over then you will be ahead of other states and I can get you more vents…Right now I have 7000 of my 10,000 available but lots of states finalizing as we speak…The vents are $13,900 each and they start arriving at end of month and should be here by end of June…My terms do not require payment until product is received and also offer you the option to cancel any vents that do not get here by end of August…My cell phone is 337-257-1000 call me if you want to walk through any other details.

Thanks,

Casey Hoyt | **Chief Executive Officer**

Subject: RE: [EXTERNAL] RE: [EXTERNAL] Spectrum News Orlando Questions
Importance: High

As you are all well aware, a request to answer a question is not a public records request under Florida law.

However, I can assign a public records request number to this request and fulfill through the Department of Health's public records office. The workplace of any individual that is a person under investigation or is known to have been positive for COVID-19 is confidential pursuant to section 381.0031(6), and Florida Administrative Code Rule 64D-3.036, and is only released if necessary for the protection of public health. Such a determination has not been made outside of the State Surgeon General's disclosure of the employment area for Port Everglades to date.

AMERICAN OVERSIGHT

If, somehow, the *questions* below are supposed to be interpreted as public records requests, any documents with that information are confidential and exempt from disclosure under that statutory section and rule. The Department is publishing on its website the age, gender, county of residence, and travel-related nexus of all positive cases thus far. There are no other records we can provide.

Thank you for the response, however per Florida Statutes you are legally obligated to fulfil my request OR state in writing the basis for the denial, including the **exact statutory citation authorizing the denial** as required by s. 119.07(1)(d), F.S.

Respect for privacy Is not a legal Florida statute. Documents can be redacted to protect patient

AMERICAN OVERSIGHT

privacy as far as is dictated by law, however place of employment with such a large employer would not identify a single specific individual. Additionally, disclosing where patients are being hospitalized would also not identify a patient or compromise privacy. To reiterate my legal request, Pursuant to Article I, section 24 of the Florida Constitution, and chapter 119, F.S., I am requesting an opportunity to inspect or obtain copies of public records that relate to the three questions I have posed (copied below) including any email correspondence and death records/certificates between state/local agencies and medical facilities.

2) We have 2 doctors on record stating someone in the Orlando Health system has died from COVID-19/Coronavirus, can you confirm this?
3) We have those same 2 doctors on record claiming there are multiple patients at Orlando Health being treated for COVID-19/Coronavirus complications, can you confirm this?
4) We have multiple sources telling us a doctor at Orlando Health has tested positive for COVID-19. Was he seeing patients when he was exhibiting symptoms?

I am including our attorneys on this email should you require further legal clarification.

Good Evening,

First, I would like to thank you all for your tireless efforts. I know the phones in our newsroom are ringing off the hook, I can't imagine how busy all of you are.

I have a few questions I need to try to find answers to.

1) I saw there was an additional Florida death today. Can you release information on where that death was? I checked out the dashboards and the comprehensive data list, but I could not find there the death occurred.
2) We have 2 doctors on record stating someone in the Orlando Health system has died from COVID-19/Coronavirus, can you confirm this?
3) We have those same 2 doctors on record claiming there are multiple patients at Orlando Health being treated for COVID-19/Coronavirus complications, can you confirm this?
4) We have multiple sources telling us a doctor at Orlando Health has tested positive for COVID-19. Was he seeing patients when he was exhibiting symptoms?

Pursuant to Article I, section 24 of the Florida Constitution, and chapter 119, F.S., I am requesting an opportunity to inspect or obtain copies of public records that relate to the four questions I have posed including any email correspondence and death records/certificates between state/local agencies and medical facilities. Should you deny my request, or any part of the request, please state in writing the basis for the denial, including the **exact statutory citation authorizing the denial** as required by s. 119.07(1)(d), F.S.

AMERICAN OVERSIGHT

Subject: [EXTERNAL] urgent request for public information from the Washington Post -- appeal

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Good morning Stephanie,

Pardon, but state officials referred us to you, in the attached email, and so does the department's web site. http://www.floridahealth.gov/newsroom/2020/03/032420-1800-covid19.pr.html
Can you please explain how your agency is reporting the numbers without the names? Please see page 2. https://floridadisaster.org/globalassets/covid-19-data---daily-report-2020-03-24-1657.pdf

This is an urgent inquiry. Your agency, the Department of Emergency Management, is reporting that 37 of approximately 72,000 nursing home residents are infected, and Florida has not released the home names since our inquiries several days ago.

As you know, nursing homes are considered extremely vulnerable to covid-19, and it is not clear if all residents, families, visitors and vendors have been informed of the infections.

Sincerely,
Maria Sacchetti
Reporter
The Washington Post

Email from Patrick Manderfield.

Good morning, Maria –

Thank you for your patience as we looked into this request.

Long-term care facility information is reported jointly by the Department of Health and Division of Emergency Management in their COVID-19 Data Daily Report [floridadisaster.org] (see right column on page 2). The report is housed on this webpage: https://www.floridadisaster.org/covid19/ [floridadisaster.org].

Please reach out to the Joint Information Center at ESF14@em.myflorida.com for any further inquiries in regard to this data.

Best,

Re: EXPEDITED FOIA Request for the names of nursing homes that have had positive tests for covid-19 and the novel coronavirus, and other information, under Florida Sunshine Law

Dear Information Officer:

I am a representative of the Washington Post, a news media organization primarily engaged in the dissemination of information that is urgently needed to inform the public of actual or alleged government activity, so please process this request in an expedited manner.

Pursuant to the Florida Sunshine Law Fla. Stat. §§ 286.011 to 286.012 (1991), I hereby request the following:

--The names of each nursing home, hospital and assisted living facility that has had a positive covid-19 test.

--The date and location of each positive test in a facility, and a breakdown by age and whether they are staff, residents or visitors.

If you regard these documents as potentially exempt from the public record act's disclosure requirements, I request that you nonetheless exercise your discretion to disclose them. As required, please release all segregable, non-exempt portions of documents, preferably via email to **maria.sacchetti@washpost.com** .

To permit me to reach an intelligent and informed decision whether to contest any denied material, please describe any withheld records (or portions thereof) and explain the basis for your exemption claims.

While I am aware that you may be entitled to charge some reasonable fees to process this request, I hereby request that you waive all such fees.

AMERICAN OVERSIGHT

Waiver of fees is in the public interest because the furnishing of the information sought by this request will primarily benefit the public and is likely to contribute significantly to public understanding of the operations or activities of the government. If, however, you decide not to waive fees and expect them to exceed $100, please advise me as to the estimated cost of fulfilling the request (including copying charges).

I look forward to hearing your prompt response to my request, as required by law.

Sincerely,

Maria Sacchetti
Reporter
The Washington Post

Thank you Louise. The education law folks are interested in this issue, too, because school boards and charter school boards have the same quorum requirement. If possible, could you include me on any communication re: what you decide? I'm hoping that DOH makes that determination, because I suspect we won't be able to meet in person for the foreseeable future. Hope all is going as well as possible for you under the circumstances.

Gregg.

The Department of Health arguably has authority from the Governor's declaration of emergency to waive the requirement that a quorum must be physically present. She is in the process of determining whether there is such authority and whether the Department of Health wishes to exercise that authority. Should the Department of Health take action I will forward on.

Andrew Mai
Osceola County Attorney

Bob,

We are asking the same questions here. My research indicates that the AG always has opined that a quorum must be physically present before anyone who is sick or infirm may appear by telephone. I have not found any latitude for allowing a videoconference of the board members under circumstances such as an epidemic. The emergency management statutes don't address any type of relaxation of or waiver of the Sunshine law requirements, at least nothing I have found.

THIS EMAIL IS FROM AN EXTERNAL EMAIL ACCOUNT

Given the issues that COVID-19 presents, other than asking the Governor to include a waiver of the public meeting requirements in the Declaration of Emergency, does anyone have any ideas about the ability to handle public meetings during an infectious disease breakout? Natural disasters do provide some challenges, but this seems to be different. I would welcome any suggestions. The issues I see is that we have to have a quorum of our Board present to begin a meeting and we have to provide some method for public participation.

Louise and Erik,

Attached are three documents. The Chamber Foundation MOU in track changes, a clean version, and the business associate agreement. They are currently with the Chamber Foundation for signature. Can you review so when I get the return copy from the Chamber Foundation, I can send over the signature page and we can expedite? These are the same documents with your respective revisions. I made some minor changes based on the Chamber Foundation's request (for example, clarifying the title of the Foundation).

Of note, we will need a point of contact for each of your agencies added.

Thanks,

This is the company that uses saliva and cups for testing. It eliminates the need for swabs and transport media and reduces need for PPE among testing crew.

I am gathering reports of real world use and will report back. So far San Antonio reported 16/20 positive in saliva vs 20 confirmed nasopharyngeal pcr positive.

Adventist is using it also on a large scale, I am waiting to speak to them.

Subject: COVID-19 Testing

Hello Dr. Scheppke,

I apologize for delay and the confusion over the email. This is what I meant to send you on Wednesday when we spoke.

I've attached several studies and articles that you'll find very interesting. Our EUA number is included in the EUA acknowledgement and I'll make sure to check-in and send you the FDA approval tomorrow.

I checked on your question about individuals who struggle to produce saliva and we recommend swishing 5-8 ml of saline and then spitting that into a cup.

AMERICAN OVERSIGHT

We truly believe that sputum is the real gold standard for COVID testing because of the number of viral particles present, the adequate supply of collection equipment, and it's ability to reduce collection risk to healthcare workers. If you have swabs that you want to run, we are also validated for those in VTM, UTM, and sterile saline.

Our paired sample study is still in progress and i'll make sure to keep you in the loop. We've done an analysis of viral particle presence in swab and sputum samples and found the concentration of viral particles in sputum to be much higher. See the "COVID-19 Specimen Analysis" attachment.

If you have any other questions or want to see any news articles let me know. We have been published several times now and our CEO has done several interviews, I'm happy to provide copies of any of those.

Here is one article that was published today referencing a duke study done on the efficacy of saliva samples:
https://www.cnbc.com/2020/04/22/coronavirus-saliva-tests-could-be-as-accurate-or-better-than-nasal-swabs-yale-researchers-say.html

RUCDR Infinite Biologics COO Andrew Brooks on coronavirus testing

Testing saliva for coronavirus infections gives results that are at least as accurate as nasal swabs, the current gold standard for Covid-19 screenings, new study found.

www.cnbc.com

I hope to hear back from you soon, I know we can work something out and I look forward to working together.

Thank You,

Derek Martin

Subject: MS Marina (Oceania)

Hi Joe – are you tracking the MS Marina (Oceania)? I'm tracking 653 Amcits on board, COVID(+) cases on ship, headed to Miami but no ports there open. This is going to be a problem soon. We're getting inquiries from the Australians and Andorrans. This is the latest I have:

18MAR: Indications that an Oceania cruise ship will be arriving at Port of Miami sometime next week with various COVID-19 positives on it. Consular Affairs from the Australian Embassy contacted to say they had been notified overnight that the MS Marina (Oceania) is returning to Miami from South America via the Panama Canal after it was denied docking by several countries. The latest advice the Embassy has is that it is passing through the Canal could take 5 or 6 days. Australian Embassy in Mexico and Honorary Consul in Panama are trying to assist at least 49 Australians on board - some of whom are starting to run short of medications etc. - but are having difficulty contacting the crew and Oceania's agents in Panama. CONS provided them with the contact for Norwegian cruise lines which is a parent company of Oceania. OFM indicates Port of Miami is not aware of the ship coming to Miami and questioned where it would even dock as all available ports are occupied. OFM in touch with Norwegian.

Subject: Suicide or life in prison

This is the choice i am confronted with. I engaged in contact dozens of times with sheriff staff while incarcerated which translates to life in prison, or more likely, death at the hands of the sheriff, he won't screw up again. Speaking to the sheriff's staff is a crime, indirect criminal contempt of court, and Judge Adams will give me life. No thanks.

Then these government nurses who believe they are superior to medical doctors and can trump 22 years of my doctors medication and treatment plans and impose the death penalty would at least make the suffering less.

I only have a few years left, and I will not spend them in a police state jail. I've seen the LCSO cruisers stalking me across the street and attempting to follow me. This is enough. -- scott

Subject: Desperate attempt to urge the FDLE to address the felony abuse of a disabled adult by Lee Sheriff

I had dozens of contacts with the Lee Sheriff's staff while incarcerated for being poor. These contacts are all crimes under the order of Judge Adams to not communicate with the Lee Sheriff's staff. I don't know when or where these thugs will take action.

Should I just kill myself to deny the sheriff the pleasure of death at his hands?

The crimes have got to stop, soon. Maybe attempted murder and felony abuse of the disabled is an entertaining pastime in good ole boy Florida, I don't agree. -- scott

Subject: Suicide or life in prison

This is the choice i am confronted with. I engaged in contact dozens of times with sheriff staff while incarcerated which translates to life in prison, or more likely, death at the hands of the sheriff, he won't screw up again. Speaking to the sheriff's staff is a crime, indirect criminal contempt of court, and Judge Adams will give me life. No thanks.

Then these government nurses who believe they are superior to medical doctors and can trump 22 years of my doctors medication and treatment plans and impose the death penalty would at least make the suffering less.

I only have a few years left, and I will not spend them in a police state jail. I've seen the LCSO cruisers stalking me across the street and attempting to follow me. This is enough. -- scott

Subject: Desperate attempt to urge the FDLE to address the felony abuse of a disabled adult by Lee Sheriff

I had dozens of contacts with the Lee Sheriff's staff while incarcerated for being poor. These contacts are all crimes under the order of Judge Adams to not communicate with the Lee Sheriff's staff. I don't know when or where these thugs will take action.

Should I just kill myself to deny the sheriff the pleasure of death at his hands?

The crimes have got to stop, soon. Maybe attempted murder and felony abuse of the disabled is an entertaining pastime in good ole boy Florida, I don't agree. -- scott

Subject: Suicide or life in prison

This is the choice i am confronted with. I engaged in contact dozens of times with sheriff staff while incarcerated which translates to life in prison, or more likely, death at the hands of the sheriff, he won't screw up again. Speaking to the sheriff's staff is a crime, indirect criminal contempt of court, and Judge Adams will give me life. No thanks.

Then these government nurses who believe they are superior to medical doctors and can trump 22 years of my doctors medication and treatment plans and impose the death penalty would at least make the suffering less.

I only have a few years left, and I will not spend them in a police state jail. I've seen the LCSO cruisers stalking me across the street and attempting to follow me. This is enough. -- scott

Subject: Desperate attempt to urge the FDLE to address the felony abuse of a disabled adult by Lee Sheriff

I had dozens of contacts with the Lee Sheriff's staff while incarcerated for being poor. These contacts are all crimes under the order of Judge Adams to not communicate with the Lee Sheriff's staff. I don't know when or where these thugs will take action.

Should I just kill myself to deny the sheriff the pleasure of death at his hands?

The crimes have got to stop, soon. Maybe attempted murder and felony abuse of the disabled is an entertaining pastime in good ole boy Florida, I don't agree. -- scott

Subject: Suicide or life in prison

This is the choice i am confronted with. I engaged in contact dozens of times with sheriff staff while incarcerated which translates to life in prison, or more likely, death at the hands of the sheriff, he won't screw up again. Speaking to the sheriff's staff is a crime, indirect criminal contempt of court, and Judge Adams will give me life. No thanks.

Then these government nurses who believe they are superior to medical doctors and can trump 22 years of my doctors medication and treatment plans and impose the death penalty would at least make the suffering less.

I only have a few years left, and I will not spend them in a police state jail. I've seen the LCSO cruisers stalking me across the street and attempting to follow me. This is enough. -- scott

Subject: Desperate attempt to urge the FDLE to address the felony abuse of a disabled adult by Lee Sheriff

I had dozens of contacts with the Lee Sheriff's staff while incarcerated for being poor. These contacts are all crimes under the order of Judge Adams to not communicate with the Lee Sheriff's staff. I don't know when or where these thugs will take action.

Should I just kill myself to deny the sheriff the pleasure of death at his hands?

The crimes have got to stop, soon. Maybe attempted murder and felony abuse of the disabled is an entertaining pastime in good ole boy Florida, I don't agree. -- scott

Subject: Pending PRRs proposed response
Date: Tuesday, April 21, 2020 10:54:13 AM

Colleen,

This is our proposed response to the 15 pending public records requesting facility names:

Available information related to your public records request can be accessed at the following site: https://floridahealthcovid19.gov/

On the site a "See the report" tab appears so the viewer is taken to the latest .pdf file containing the information available to the Department. It is updated daily.

Please advise if this is sufficient and we can forward to comms/public records for release and fulfillment.

Thanks!

Subject:	Potential Large Scale Mold exposure in Housing, over 1,000 persons
Date:	Wednesday, April 22, 2020 1:43:24 PM
Attachments:	Bldg 39 Evidence Letter 2-24-2020.pdf H Fox-Hamptons Lawsuit Amended 6-27-18.pdf H Fox-Petition For Mandamus-Construction Defects 2-3-2020.pdf

---

The Hamptons at Metrowest Condominium Association Inc
6401 Time Square Ave, Orlando FL 32835

Someone must investigate this.

They have over 776 parcel units that house over 1,000 persons.
All the buildings were renovated and was mandated to remove all the old mold ridden and rotted particleboard, sheathing, insulation and Sheetrock.

The company cut corners and left in the old mold infested wood.

All hidden from sight, the construction company left in at least 20-50% of the old mold filled wood and hid it all from sight with new stucco and paint.

Its also potentially over $70 million dollars in construction fraud.

The Hamptons board of directors all know about this problem and were active participants in this matter and as a result, they have been sued and are failing to notify all the owners and renters about potential mold exposure which cannot be found in any home inspection but through only destructive testing.

With the new stay at home orders, and social distancing, essentially over 1,000 people are subject to weeks or months of potential long term mold exposure in their homes.

They are also selling homes with mold in them for a substantial profit and not as mandated, reporting the existence of mold to the real estate agents or buyers.

Some basic evidence is attached but all the evidence is located in the lawsuits public docket on the Orange Clerks Website.

The Dept of Health MUST intervene and warn all the people on this property.
This complex mostly rents out to DisneyWorld and Universal Studios employees, as well as Orange County Teachers, who are now at home out of work and exposed to mold as well as families with children.

Invoice P058467-032620.pdf
Ltr. to Fla. Dept. of Health re Notice by Sun-Sentinel Company LLC pursuant to Fla. Stat. 119.12-April 13-2020.pdf

---

I can respond to the 5-day notice today with either the attached invoice (which will redact nearly everything they're asking for once they pay– as I noted on page 3 of the pdf attached starting with "Ltr. To Fla. Dept. of Health…"). Or, I can tell them that I am willing to do the review and redaction after receiving payment on the invoice but note that the exact things they're asking for would be entirely redacted and the result would be meaningless. I imagine in each response, I would include the invoice which would satisfy a portion of our legal obligations at this point.

Please let me know how you want me to proceed.

Subject: RE: Facility types

Good Afternoon All,

I have conducted a search in Veritas for the facility types designated as "Long Term Care". Please see the attached export reports. I am going to follow up with Matt DiPaolo at Veritas to ensure that the number difference is due to deduplication vs no deduplication.

Regards,

Javier, Stefan, and Francis,

Can I get a list of long term care facility designations that you license or regulate for each agency? For example: Nursing Homes are licensed by AHCA (which I know), but I need to do an email search and need to know what types of facility types I need to search for so I can prepare an invoice without forgetting any. Feel free to pass along to someone to put together and send back to me to assist with response time. I'm trying to do the email search tomorrow, so it would be great to have it sooner than later.

Thank you!

Kasey, please call me once you have received.

Proposed response is below.

[To: PIO] Please find attached the requested records that are on file with the Florida Department of Law Enforcement (FDLE). Searches were negative for autopsy reports and/or death certificates on file with FDLE, and we do not have records responsive to that portion of Mr. Oppel's public records request.

These records are provided pursuant to Florida's Public Records Law, Chapter 119, Florida Statutes. Portions exempt from public disclosure pursuant to the following have been deleted.

ss. 395.3025(4), (7), and (8), F.S. Patient records are confidential and exempt from the provisions of s. 119.07(1) and s. 24(a), Art. I of the State Constitution.
45 CFR § 160 Health Insurance Portability and Accountability Act (HIPAA).
45 CFR § 164 Health Insurance Portability and Accountability Act (HIPAA) Privacy Rule.
s. 382.008(6), F.S. All information relating to cause of death in all death and fetal death records are confidential and exempt from the provisions of s. 119.07 (1), except for health research purposes as approved by the department; nor may copies of the same be issued except as provided in s. 382.025.
s. 406.11(1)(a)11., F.S. and Rule 64D-3.036, FAC Requires the medical examiner to determine the cause of death for any person who dies as a result of a "disease constituting a threat to public health." See also Rule 11G-2.001, FAC. This report from the medical examiner begins or furthers an epidemiological investigation. All information in the report to the Department of Health, including that maintained by the medical examiner, remains confidential for the duration of the epidemiological investigation pursuant to s. 381.0031, F.S..
s. 381.0031(6), F.S. Epidemiological research; report of diseases of public health significance is confidential, exempt from the provisions of s. 119.07(1), and is to be made public only when necessary to public health. A report so submitted is not a violation of the confidential relationship between practitioner and patient.

As to Mr. Oppel's request to have a standing public records request for current and future records, the Florida Attorney General's Office has stated that upon receipt of a public records request, the agency must comply by producing all non-exempt documents in the custody of the agency that are responsive to the request, upon payment of the charges authorized in Chapter 119, F.S. However, this mandate applies only to those documents in the custody of the agency at the time of the request; nothing in the Public Records Act appears to require that an agency respond to a so-called "standing" request for production of public records that it may receive in the future. See Inf. Op. to Worch, June 15, 1995. (Please see http://myfloridalegal.com/__85256236006EB5E1.nsf/0/211C3ED46CB9FD83852573FB0057F012?Open&Highlight=0,standing,public,records,requests.)

Subject: Public Records Request
Date: Monday, April 20, 2020 4:15:19 PM

Good afternoon,
Our law firm represents Gannett (USA Today and various FL-based news outlets); Times Publishing Company (Tampa Bay Times); Orlando Sentinel Communications Company, LLC; Sun-Sentinel Company, LLC; The Associated Press, the First Amendment Foundation, The E.W. Scripps Company (various FL broadcast stations), WP Company LLC (Washington Post), and The New York Times Company.
On the behalf of our above clients, we are making the following public records request pursuant to Chapter 119, Florida Statutes, and Article 1, Section 24 of the Florida Constitution for records detailing the following:

1. The addresses tied to the names of every Florida nursing home, assisted living facility, rehab facility, intermediate care facility for the developmentally disabled, group home for the developmentally disabled, and mental health facility (including forensic hospitals) in which at least one resident and/or staff member has tested positive for COVID-19;

2. The number of corresponding residents at each facility who have tested positive;

3. The number of corresponding staff members at each facility who have tested positive;

4. The number of corresponding residents at each facility who have died from COVID-19;

5. The number of corresponding staff members at each facility who have died from COVID-19; and

6. The number of COVID-19 tests performed at each facility, and their outcomes (positive, negative or pending) by number involving residents or staff at each facility.

If the above information is held in electronic, spreadsheet format please provide it in that native spreadsheet format.
If your agency asserts any exemptions in responding to the above request please specifically assert with particularity how the cited exemption applies to the withheld information, and release all other information for which no exemption is being claimed.
Please note that we also represent Miami Herald Media Company and Miami Herald reporter Carol Marbin Miller. We understand Ms. Miller made a similar, independent records request earlier today for much of the same of information detailed above. Please consider Miami Herald Media Company and Ms. Miller to be additionally included on this request.
This request also serves as written notice pursuant to Section 119.12, Florida Statutes.
Finally, we anticipate obtaining these records from you on a daily basis with updated, then-current information and therefore request you make this information proactively available daily on a publicly accessible website.

Kind regards,
Mark R. Caramanica

Date:	Monday, April 20, 2020 11:38:29 AM

Good morning.

First, we thank you for your preliminary efforts to comply with previous requests for public records.

This is a request for public records under Chapter 119 of the Florida Statutes, commonly known as the Public Records Act.

Please provide the Miami Herald the following.

An Excel or Google Sheets spreadsheet that can be updated daily containing the following information:

The names and addresses of every nursing home, assisted living facility, rehab facility, intermediate care facility for the developmentally disabled, group home for the developmentally disabled, and mental health facility (including forensic hospitals) in which at least one resident and/or staff member has tested positive for COVID-19

The number of residents who have tested positive

The number of staff members who have tested positive

The number of residents who have died, either presumptively or from a confirmed case of COVID-19

The number of staff members who have died, either presumptively or from a confirmed case of COVID-19

The number of COVID-19 tests performed, and their outcomes (positive, negative or pending) involving residents or staff of each facility

If this information is available on the spreadsheets you are maintaining, please also include a field of information for contacts between the facility and representatives either of the Department of Health or the Agency for Health Care Administration, including the date and nature of the contact.

If you decline to honor this request, either in whole or in part, please state in writing and with particularity the statutory exemption you claim as justification for your denial.

We respectfully request that you provide this information without delay. It is our

AMERICAN OVERSIGHT

position that we have been seeking these data for a month now. We believe this information is readily available to you within data sets you already maintain. There is no need to redact anything other than the column of information pertaining to the identity of the subject -- which can be achieved by removing that column.

We thank you, in advance, for your help with this request.

Sincerely,

Carol Marbin Miller

Date:	Monday, April 20, 2020 1:26:15 PM

Hi Alberto and Katie --

Reviewing the long-term-care list you have released, we have noted that 9 names were removed from the list published 4/18/20 and 13 names have been added. **Could you explain what was the reasoning behind the names that were removed?** We would welcome the answer for a story today.

The following names were removed:

Belmont Village Assisted Living Broward Sunrise Health And Rehabilitation Center Broward

Sunrise Community Center Dade

Freedom Plaza Hillsborough

Manor At Blue Water Bay The Okaloosa

Arc Of Tampa Bay: Al Hambra Pinellas Arc Of Tampa Bay: Clearwater Pinellas

Arc Of Tampa Bay: Safety Harbor Pinellas

Stratford Court Of Palm Harbor Pinellas

Could you also please explain why the following homes, who have had confirmed positive cases, were excluded from the published list?

Lincoln Manor, Hollywood

Palm Gardens, Marion County

Fair Havens Center, Miami Springs

Edgewater, Boca Raton

Harbors Edge, Delray Beach

Thank you,

~ Mary Ellen Klas

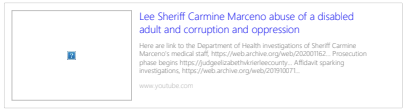
Subject: Request for ADA advocate or victim's advocate re: pending DOH investigations & filings

If allowed, I would like to request appointment of an ADA advocate or victim's advocate regarding the DOH matters pending concerning the medical staff of the Lee Sheriff. As always, all expression from myself is core protected political expression afforded the highest level of protection under the First Amendment.

Here are my recent filings in the 2 DCA that may be of relevance to the DOH investigations.



The entire matter that led up to the DOH issues and associated crimes against me perpetrated by the sheriff was an unlawful and unconstitutional sham. See filings,

https://edca.2dca.org/DcaDocs/2020/0650/2020-650_Motion_405264_MO45202D20Motion20for20Appointment20of20Counsel.pdf

https://judgeelizabethkrierleecountyflcorruption.files.wordpress.com/2017/06/motion-to-refer-contempt-to-fl-sup-ct-merged.pdf

Below is music I recently released concerning the crime and corruption experienced in Lee County, more selections are on youtube under, my band, Scott X and the Constitution Commandos. I rely heavily upon the First Amendment to hopefully end the official corruption and crime in Lee County.

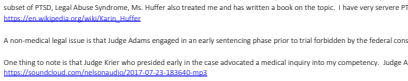
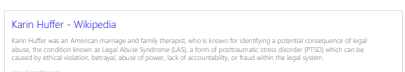
Subject: 2 attorneys attempt to undermine the ADA accommodation plans of a medical provider

Unfortunately one is my appellate attorney the other is an Assistant Attorney General.

Please consider this as a complaint regarding unauthorized practice of medicine by
Judge James Adams and possibly these 2 attorneys.



This conduct borders on the unauthorized practice of medicine and these two attorneys provide content that can only be provided by a medical expert in a court proceeding.



They try to undermine the ADA treatment plan to allow the various officials involved in this matter to continue to refuse ADA accommodations to the disabled. The purpose of the the lies of these 2 attorneys is to get a Court to negate or declare the ADA plan as forgery or a fraud. They are trying to create case law to prejudice the disabled in FLorida and/or trying to get an appellate court to disregard the ADA plan.

Rebecca Potter is the LMHC who authored the ADA accommodations plan, I was her patient and she also served as my ADA advocate. Also detailed is the conduct of Judge Adams acting as a medical expert in the case and trumping the genuine and legitimate findings and recommendations of a licensed medical professional who was trained by Doctor Karin Huffer who original set fort a subset of PTSD, Legal Abuse Syndrome, Ms. Huffer also treated me and has written a book on the topic. I have very servere PTSD/LAS.
https://en.wikipedia.org/wiki/Karin_Huffer

A non-medical legal issue is that Judge Adams engaged in an early sentencing phase prior to trial forbidden by the federal constitution, the judge can not address sentencing without the facts introduced at trial.

One thing to note is that Judge Krier who presided early in the case advocated a medical inquiry into my competency. Judge Adams without jurisdiction to do so over-ruled this important statement of Judge Krier.

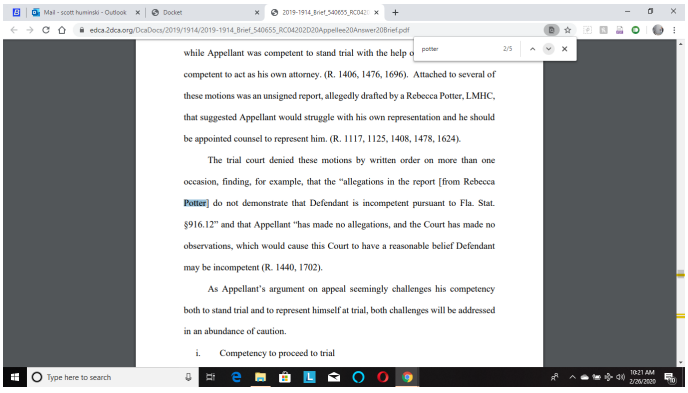
AMERICAN OVERSIGHT

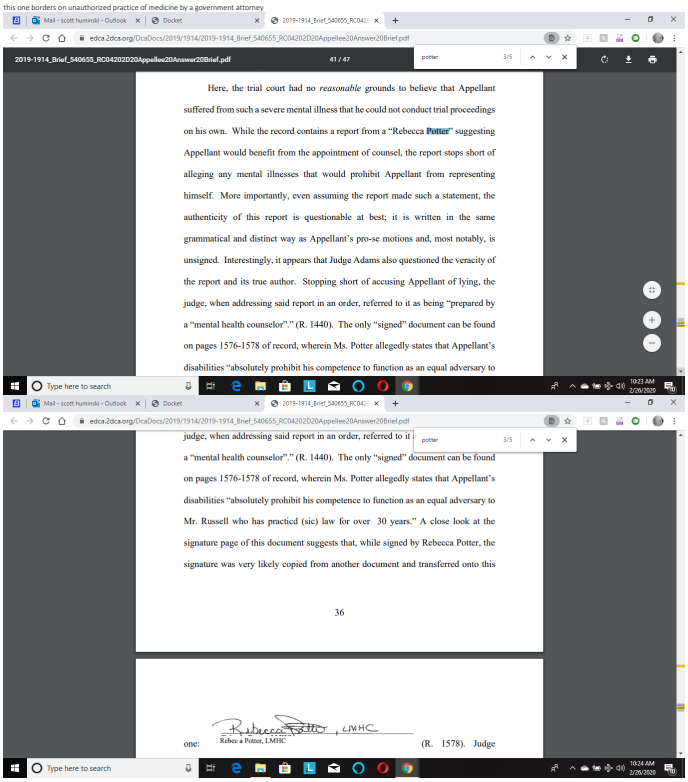


excerpts from the 2 briefs,
First Florida's brief on the issue,

After Judge Adams determined Appellant forfeited his
contempt charge, Appellant began filing a multitude of various motions with the
court. Like many pro se pleadings, they were not model pleadings; among them
were several motions whose titles suggest Appellant believed he was not competent

29

to conduct his own defense. The motions essentially alleged, in various ways, that
while Appellant was competent to stand trial with the help of counsel, he was not
competent to act as his own attorney. (R. 1406, 1476, 1696). Attached to several of
these motions was an unsigned report, allegedly drafted by a Rebecca Potter, LMHC,
that suggested Appellant would struggle with his own representation and he should
be appointed counsel to represent him. (R. 1117, 1125, 1408, 1478, 1624).



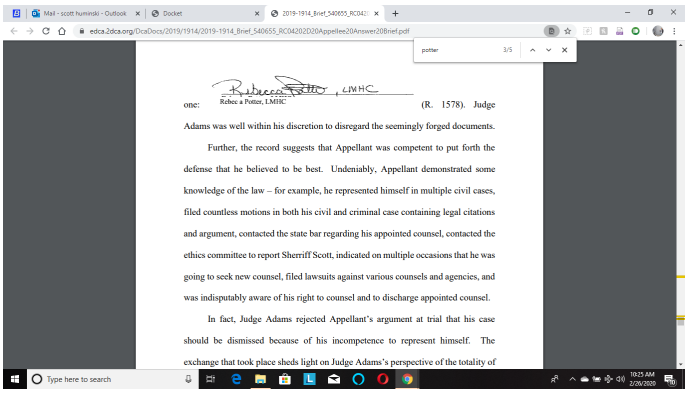
while Appellant was competent to stand trial with the help o
competent to act as his own attorney. (R. 1406, 1476, 1696). Attached to several of
these motions was an unsigned report, allegedly drafted by a Rebecca Potter, LMHC,
that suggested Appellant would struggle with his own representation and he should
be appointed counsel to represent him. (R. 1117, 1125, 1408, 1478, 1624).

The trial court denied these motions by written order on more than one
occasion, finding, for example, that the "allegations in the report [from Rebecca
Potter] do not demonstrate that Defendant is incompetent pursuant to Fla. Stat.
§916.12" and that Appellant "has made no allegations, and the Court has made no
observations, which would cause this Court to have a reasonable belief Defendant
may be incompetent (R. 1440, 1702).

As Appellant's argument on appeal seemingly challenges his competency
both to stand trial and to represent himself at trial, both challenges will be addressed
in an abundance of caution.

i. Competency to proceed to trial

this one borders on unauthorized practice of medicine by a government attorney

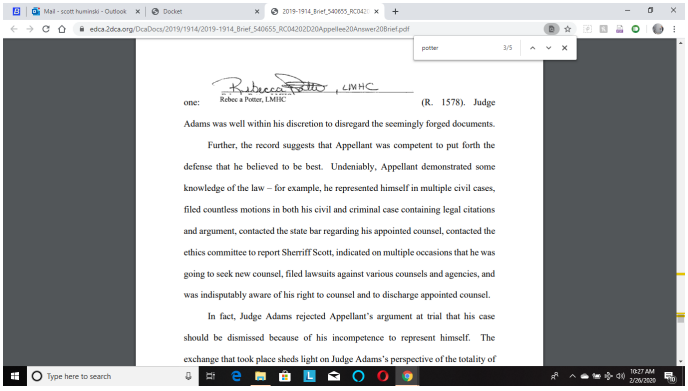


Here, the trial court had no *reasonable* grounds to believe that Appellant
suffered from such a severe mental illness that he could not conduct trial proceedings
on his own. While the record contains a report from a "Rebecca Potter" suggesting
Appellant would benefit from the appointment of counsel, the report stops short of
alleging any mental illnesses that would prohibit Appellant from representing
himself. More importantly, even assuming the report made such a statement, the
authenticity of this report is questionable at best; it is written in the same
grammatical and distinct way as Appellant's pro-se motions and, most notably, is
unsigned. Interestingly, it appears that Judge Adams also questioned the veracity of
the report and its true author. Stopping short of accusing Appellant of lying, the
judge, when addressing said report in an order, referred to it as being "prepared by
a "mental health counselor"." (R. 1440). The only "signed" document can be found
on pages 1576-1578 of record, wherein Ms. Potter allegedly states that Appellant's
disabilities "absolutely prohibit his competence to function as an equal adversary to

judge, when addressing said report in an order, referred to it
a "mental health counselor"." (R. 1440). The only "signed" document can be found
on pages 1576-1578 of record, wherein Ms. Potter allegedly states that Appellant's
disabilities "absolutely prohibit his competence to function as an equal adversary to
Mr. Russell who has practiced (sic) law for over 30 years." A close look at the
signature page of this document suggests that, while signed by Rebecca Potter, the
signature was very likely copied from another document and transferred onto this

36

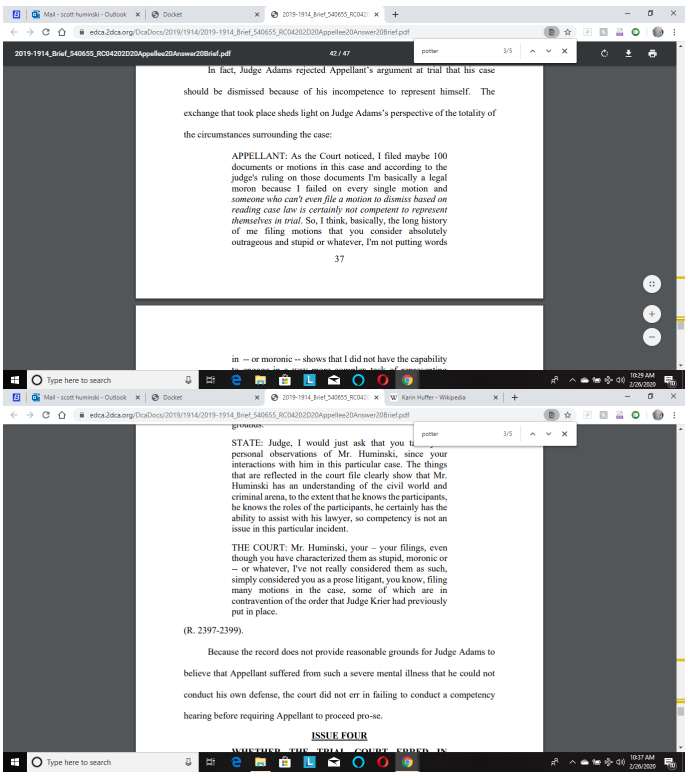
one: Rebeca Potter, LMHC (R. 1578). Judge



AMERICAN OVERSIGHT

one: Rebeca Potter, LMHC (R. 1578). Judge Adams was well within his discretion to disregard the seemingly forged documents.

Further, the record suggests that Appellant was competent to put forth the defense that he believed to be best. Undeniably, Appellant demonstrated some knowledge of the law – for example, he represented himself in multiple civil cases, filed countless motions in both his civil and criminal case containing legal citations and argument, contacted the state bar regarding his appointed counsel, contacted the ethics committee to report Sherriff Scott, indicated on multiple occasions that he was going to seek new counsel, filed lawsuits against various counsels and agencies, and was indisputably aware of his right to counsel and to discharge appointed counsel.



In fact, Judge Adams rejected Appellant's argument at trial that his case should be dismissed because of his incompetence to represent himself. The exchange that took place sheds light on Judge Adams's perspective of the totality of

one: Rebeca Potter, LMHC (R. 1578). Judge Adams was well within his discretion to disregard the seemingly forged documents.

Further, the record suggests that Appellant was competent to put forth the defense that he believed to be best. Undeniably, Appellant demonstrated some knowledge of the law – for example, he represented himself in multiple civil cases, filed countless motions in both his civil and criminal case containing legal citations and argument, contacted the state bar regarding his appointed counsel, contacted the ethics committee to report Sherriff Scott, indicated on multiple occasions that he was going to seek new counsel, filed lawsuits against various counsels and agencies, and was indisputably aware of his right to counsel and to discharge appointed counsel.

In fact, Judge Adams rejected Appellant's argument at trial that his case should be dismissed because of his incompetence to represent himself. The exchange that took place sheds light on Judge Adams's perspective of the totality of

In fact, Judge Adams rejected Appellant's argument at trial that his case should be dismissed because of his incompetence to represent himself. The exchange that took place sheds light on Judge Adams's perspective of the totality of the circumstances surrounding the case:

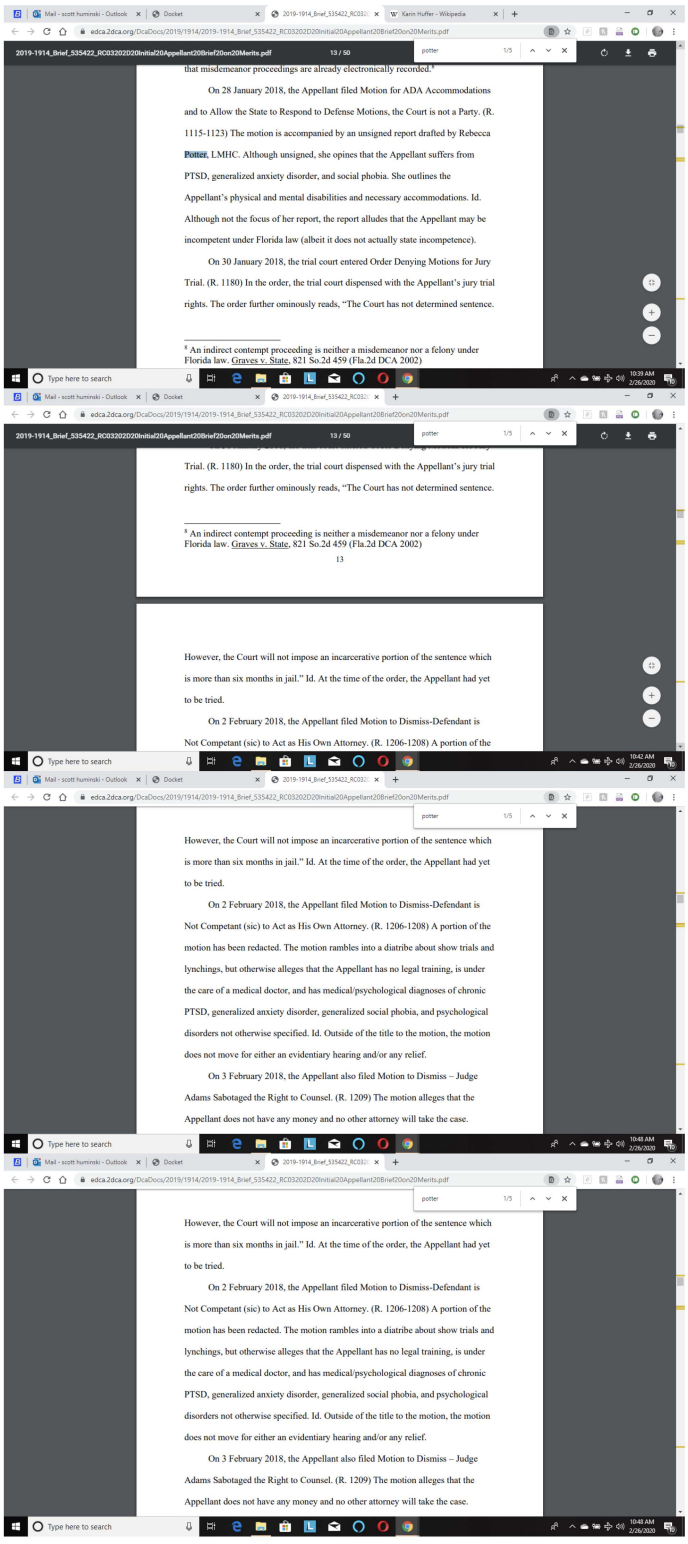
> APPELLANT: As the Court noticed, I filed maybe 100 documents or motions in this case and according to the judge's ruling on those documents I'm basically a legal moron because I failed on every single motion and *someone who can't even file a motion to dismiss based on reading case law is certainly not competent to represent themselves in trial*. So, I think, basically, the long history of me filing motions that you consider absolutely outrageous and stupid or whatever, I'm not putting words

37

in -- or moronic -- shows that I did not have the capability

STATE: Judge, I would just ask that you t… personal observations of Mr. Huminski, since your interactions with him in this particular case. The things that are reflected in the court file clearly show that Mr. Huminski has an understanding of the civil world and criminal arena, to the extent that he knows the participants, he knows the roles of the participants, he certainly has the ability to assist with his lawyer, so competency is not an issue in this particular incident.

> THE COURT: Mr. Huminski, your – your filings, even though you have characterized them as stupid, moronic or -- or whatever, I've not really considered them as such, simply considered you as a prose litigant, you know, filing many motions in the case, some of which are in contravention of the order that Judge Krier had previously put in place.



(R. 2397-2399).

Because the record does not provide reasonable grounds for Judge Adams to believe that Appellant suffered from such a severe mental illness that he could not conduct his own defense, the court did not err in failing to conduct a competency hearing before requiring Appellant to proceed pro-se.

ISSUE FOUR

Excerpts from brief of Anthony Candela, esq.

AMERICAN OVERSIGHT

that misdemeanor proceedings are already electronically recorded.[8]

On 28 January 2018, the Appellant filed Motion for ADA Accommodations and to Allow the State to Respond to Defense Motions, the Court is not a Party. (R. 1115-1123) The motion is accompanied by an unsigned report drafted by Rebecca Potter, LMHC. Although unsigned, she opines that the Appellant suffers from PTSD, generalized anxiety disorder, and social phobia. She outlines the Appellant's physical and mental disabilities and necessary accommodations. Id. Although not the focus of her report, the report alludes that the Appellant may be incompetent under Florida law (albeit it does not actually state incompetence).

On 30 January 2018, the trial court entered Order Denying Motions for Jury Trial. (R. 1180) In the order, the trial court dispensed with the Appellant's jury trial rights. The order further ominously reads, "The Court has not determined sentence.

[8] An indirect contempt proceeding is neither a misdemeanor nor a felony under Florida law. Graves v. State, 821 So.2d 459 (Fla.2d DCA 2002)

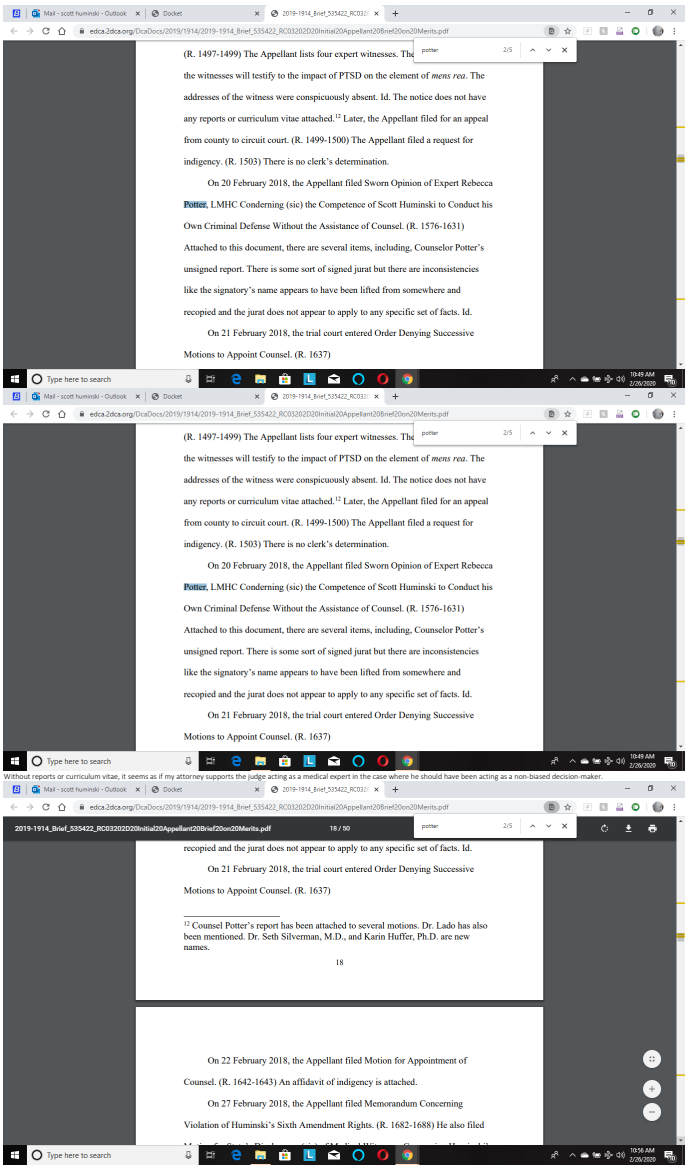
Trial. (R. 1180) In the order, the trial court dispensed with the Appellant's jury trial rights. The order further ominously reads, "The Court has not determined sentence.

[8] An indirect contempt proceeding is neither a misdemeanor nor a felony under Florida law. Graves v. State, 821 So.2d 459 (Fla.2d DCA 2002)

13

However, the Court will not impose an incarcerative portion of the sentence which is more than six months in jail." Id. At the time of the order, the Appellant had yet to be tried.

On 2 February 2018, the Appellant filed Motion to Dismiss-Defendant is Not Competant (sic) to Act as His Own Attorney. (R. 1206-1208) A portion of the motion has been redacted. The motion rambles into a diatribe about show trials and lynchings, but otherwise alleges that the Appellant has no legal training, is under the care of a medical doctor, and has medical/psychological diagnoses of chronic PTSD, generalized anxiety disorder, generalized social phobia, and psychological disorders not otherwise specified. Id. Outside of the title to the motion, the motion does not move for either an evidentiary hearing and/or any relief.



On 3 February 2018, the Appellant also filed Motion to Dismiss – Judge Adams Sabotaged the Right to Counsel. (R. 1209) The motion alleges that the Appellant does not have any money and no other attorney will take the case.

However, the Court will not impose an incarcerative portion of the sentence which is more than six months in jail." Id. At the time of the order, the Appellant had yet to be tried.

On 2 February 2018, the Appellant filed Motion to Dismiss-Defendant is Not Competant (sic) to Act as His Own Attorney. (R. 1206-1208) A portion of the motion has been redacted. The motion rambles into a diatribe about show trials and lynchings, but otherwise alleges that the Appellant has no legal training, is under the care of a medical doctor, and has medical/psychological diagnoses of chronic PTSD, generalized anxiety disorder, generalized social phobia, and psychological disorders not otherwise specified. Id. Outside of the title to the motion, the motion does not move for either an evidentiary hearing and/or any relief.

On 3 February 2018, the Appellant also filed Motion to Dismiss – Judge Adams Sabotaged the Right to Counsel. (R. 1209) The motion alleges that the Appellant does not have any money and no other attorney will take the case.

AMERICAN OVERSIGHT

(R. 1497-1499) The Appellant lists four expert witnesses. The
the witnesses will testify to the impact of PTSD on the element of *mens rea*. The addresses of the witness were conspicuously absent. Id. The notice does not have any reports or curriculum vitae attached.[12] Later, the Appellant filed for an appeal from county to circuit court. (R. 1499-1500) The Appellant filed a request for indigency. (R. 1503) There is no clerk's determination.

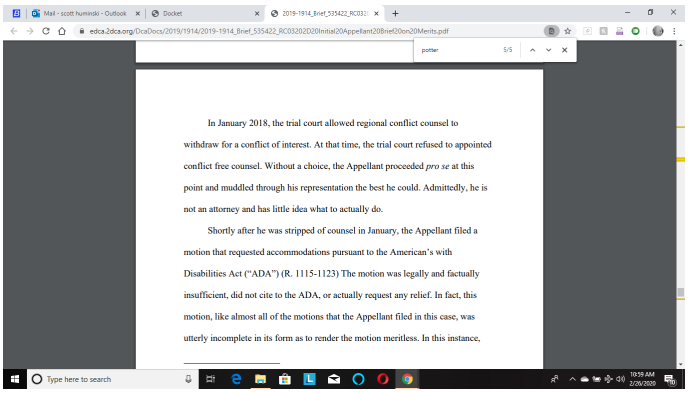
On 20 February 2018, the Appellant filed Sworn Opinion of Expert Rebecca Potter, LMHC Conderning (sic) the Competence of Scott Huminski to Conduct his Own Criminal Defense Without the Assistance of Counsel. (R. 1576-1631) Attached to this document, there are several items, including, Counselor Potter's unsigned report. There is some sort of signed jurat but there are inconsistencies like the signatory's name appears to have been lifted from somewhere and recopied and the jurat does not appear to apply to any specific set of facts. Id.

On 21 February 2018, the trial court entered Order Denying Successive Motions to Appoint Counsel. (R. 1637)

Without reports or curriculum vitae, it seems as if my attorney supports the judge acting as a medical expert in the case where he should have been acting as a non-biased decision-maker.

recopied and the jurat does not appear to apply to any specific set of facts. Id.

On 21 February 2018, the trial court entered Order Denying Successive Motions to Appoint Counsel. (R. 1637)

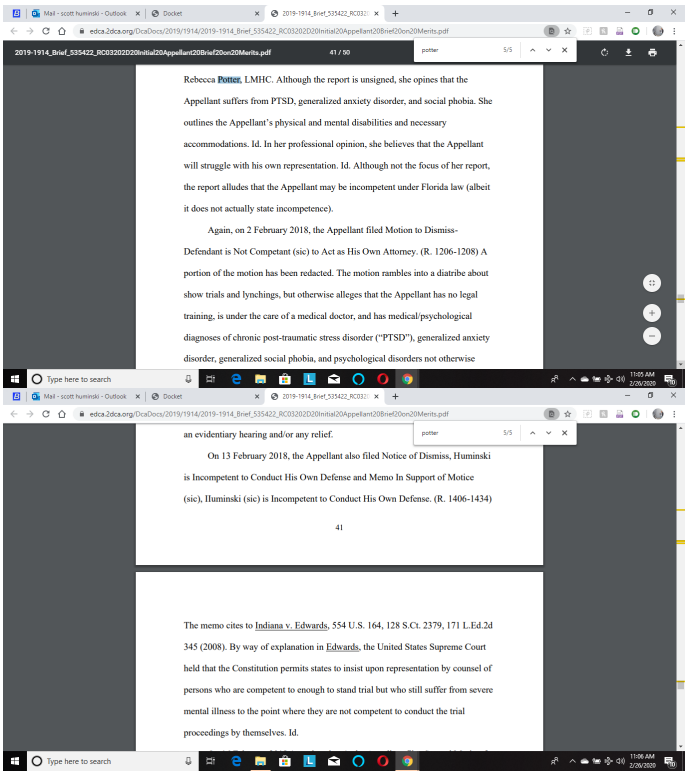


[12] Counsel Potter's report has been attached to several motions. Dr. Lado has also been mentioned. Dr. Seth Silverman, M.D., and Karin Huffer, Ph.D. are new names.

18

On 22 February 2018, the Appellant filed Motion for Appointment of Counsel. (R. 1642-1643) An affidavit of indigency is attached.

On 27 February 2018, the Appellant filed Memorandum Concerning Violation of Huminski's Sixth Amendment Rights. (R. 1682-1688) He also filed



Note the next page appears as if it was drafted by a nasty government attorney - no, my so-called attorney

In January 2018, the trial court allowed regional conflict counsel to withdraw for a conflict of interest. At that time, the trial court refused to appointed conflict free counsel. Without a choice, the Appellant proceeded *pro se* at this point and muddled through his representation the best he could. Admittedly, he is not an attorney and has little idea what to actually do.

Shortly after he was stripped of counsel in January, the Appellant filed a motion that requested accommodations pursuant to the American's with Disabilities Act ("ADA") (R. 1115-1123) The motion was legally and factually insufficient, did not cite to the ADA, or actually request any relief. In fact, this motion, like almost all of the motions that the Appellant filed in this case, was utterly incomplete in its form as to render the motion meritless. In this instance,

AMERICAN OVERSIGHT

Although there are big problems here, the worst issue is

JUDGE ADAMS ACTED AS A EXPERT MEDICAL WITNESS IN THE CASE TRUMPING THE REAL MEDICAL OPINIONS OF A MEDICAL PROVIDER

THIS IS THE UNAUTHORIZED PRACTICE OF MEDICINE WITH INTENT TO DO HARM UPON A COMPLETELY DISABLED CITIZEN

Subject: FL AG lies that Huminski forged the signature of a medical provider

See below. DOH please expedite to avoid harm, injury or death to those who follow me confronted by these abuses.

Mr. Candela (my alleged appellate atty) and Ms. Alper (AAG). I consent to a 10 day leave for you to withdraw the lies from both briefs. Hmm. Very odd that a defense attorney and a prosecutor would join forces against the defendant. -- scott

Subject: One question for medical practitioners

Is a person more likely to die when his blood pressure medications that he had been on for 22 years are abruptly ended than just staying on the medications prescribed by medical doctors for 22 years with great success? Seems like there are two questions, are nurses in florida allowed to over-ride medications and treatments prescribed by an M.D., I hope not to prevent this scenario happening elsewhere in the State.

These nurses made a finding that my doctor had erred and all my doctors prior were clueless as well. Its not the doctors, its prison nurses.

If the answer to question 1 is yes, the nurses may qualify for attempted murder charges as may others involved in this matter. If they are still practicing medicine the public is at risk. Does the Sheriff still employ these nurses or are they harming another community?

Subject: FL AAG concedes statutory misdemeanor fines/fees were illegal

Which caused my incarceration for being poor and when no legal fine or fee existed.

Page 10 of gov't brief link below,

"Appellee concedes that imposition of the cost of prosecution was improper because contempt is a common law crime and the statutes governing contempt do not explicitly allow for the cost of prosecution to be imposed." AAG Chelsea Alper, esq..

The government brief is here. She conceded one fine/fee was illegal, when in reality, all fines and fees were illegal by the AAG's logic and correct interpretation of FL law.

AMERICAN OVERSIGHT

Here is her full brief, the gov't and my own attorney seem to derive pleasure from insulting me.
https://edca.2dca.org/DcaDocs/2019/1914/201914_Brief_540655_BC04202D20Appellee20Answer20Brief.pdf

My main fear is: how many citizens have been abused like this and how many more will face corporal punishment and torture for being too poor to afford to pay fines/fees that are patently illegal, not supported by any FL law.

Thanks, --scott huminski

Subject: Re: Huminski arrest and incarceration completely illegal

Judge Adams knew I was indigent and filed bankruptcy. Knowing this, at trial, after my 3 weeks of incarceration, he found me guilty of not being able to afford the fees. NOT A CRIME. No, zero, evidence was proffered at trial supported a conviction. Violation of probation, not paying fines and fees is only justified by evidence that one has the ability to pay. In the United States, there is no debtor's prison, as Judge Adams seems to believe.

Violation of probation is a separate crime, so "conviction" could be entered on this offense, but, only if the violation was the product of refusal to pay, NOT being indigent and unable to pay.

Here's a good explanation by a FL attorney. You can not be convicted because you are poor. This is inhumane and a human rights violation. It is incredibly corrupt down here.

"Under Florida law, a violation of probation occurs when a defendant *willfully* and *substantially* fails to comply with the terms and conditions of his or her probationary sentence. Whether a violation was both willful and substantial in nature depends on the facts of each individual case and must be proven by state by the "greater weight of the evidence." State v. Melton, 65 So. 3d 96, 97 (Fla. 1st DCA 2011); Thompson v. State, 890 So. 2d 382, 383 (Fla. 2d DCA 2004)." (in Florida v. Huminski, probation violation case, Florida proffered zero evidence to support their allegations and I didn't admit to anything except being behind on the unlawful debt).

The conviction was incredibly illegal. Welcome to lee county, perhaps this conduct is happening in a county named after a confederate general who fought to preserve slavery to be true to the namesake. Slavery and the torture and other crimes in the instant matter share similar corrupt and inhumane characteristics.

Subject: Huminski arrest and incarceration completely illegal

Hi DOH,

The crimes related to felony abuse of a disabled person began at the first hearing with Judge Krier in 2017, she colluded with Judge Adams to illegally move the case to county court because it was a so-called "misdemeanor", absolutely false see below emails detailing that contempt in most State's, including Florida and in federal court is a "*sui generis* common law offense". At the below link there are many cases from every DCA in Florida and from the FL Supreme Court.

https://scholar.google.com/scholar?hl=en&as_sdt=40006&q=contempt+sui+generis+florida&oq=sui

Every fine and fee that caused my incarcerated for not paying were illegal and unlawful.

Note the below correctly revealing that the arrest, torure and incarceration that led to the felony abuse of a disabled adult by the sheriff was completely illegal. Just simple google searches by a non-legal practitioner reveal incredibly bad motives, a frivolous prosecution and pure evil abuse of government power to advance a corrupt agenda. Ms. Alper is the Attorney General's attorney who is pursuing this wrongful agenda. The AG's office wants to cover this up, luckily they can not cover up for the sheriff's nurses. -- scott

Subject: Re: Ms. Alper stop your collections activities while appeal is pending

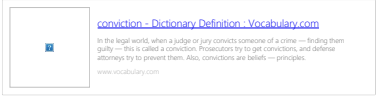
Here's a break down of the fees and fines illegally charged by Judge Adams that caused my incarceration and felony abuse of a disabled adult by the sheriff. The arrest and incarceration was completely unlawful.

I was incarcerated and tortured by the sheriff and his staff for not paying completely illegal fines and fees and then summarily convicted for a probation violation for not paying the illegal fines and fees by Judge Adams. He is a danger to society. I did pay the $300 in probation fees because if I didn't the arrest warrant would have issued sooner and $50 a month was manageable.

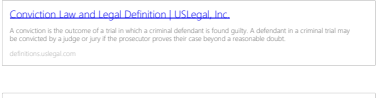
Fine $500 under 775.083 **(e) $500, when the conviction is of a misdemeanor of the second degree or a noncriminal violation.**

Illegal for a sui generis common law offense, not a conviction, a judgment was rendered on a common law offense.

noun



1. **a formal declaration that someone is guilty of a criminal offense, made by the verdict of a jury or the decision of a judge in a court of law.**



Also found in: Dictionary, Thesaurus, Acronyms, Idioms, Encyclopedia, Wikipedia.
Related to conviction: jack conviction

Conviction

The outcome of a criminal prosecution which concludes in a judgment that the defendant is guilty of the crime charged. The juncture of a criminal proceeding during which the question of guilt is ascertained. In a case where the perpetrator has been adjudged guilty and sentenced, a record of the summary proceedings brought pursuant to any penal statute before one or more justices of the peace or other properly authorized persons.

Subject: Ms. Alper stop your collections activities while appeal is pending

Continuing to badger me for fines and fees (including a bogus misdemeanor fee) is fraud and illegal.

AMERICAN OVERSIGHT

First the case involves a sui generis common law offense, not a misdemeanor, the fee is illegal.

This is the case law in most States including florida and in the federal system. Here's the results of a simple google search, have you done this search yet? See Ballengee below ("It is **sui generis** and is not, therefore, a crime ..."), it is un-defensible to charge criminal fines/fees for a non-crime. Just plain crazy, the state of the courts in the 20th circuit and lee county. Insanity. -- scott

Lee County Sheriff's Office <leecountysheriff@mycusthelp.net>
Subject: Lee Sheriff refuses Sunshine Law request and refuses all law enforcement services to resident of Lee County

My disabilities and extreme fear of being subjected to torture again by the Lee Sheriff only permit my communication with law enforcement via email which the sheriff prohibited. Judge Adams' orders prohibited LCSO contact already (all parties to the civil or criminal cases) and prohibits communication with Florida. Mr. Holloway did not have to repeat the words of Judge Adams just to harass, terrorize, harm and injure. NO CONTACT OR COMMUNICATION, I get it.

The only reason I felt confident in contacting the DOH is because Medical Doctors are not known for the same kind of Neanderthal behavior and wrongful shooting and killing of citizens. In fact, the medical profession is far more civilized.

The sheriff has no need to communicate this to me when it is already codified in the order of Judge Adams prohibiting all LCSO contact under threat of imprisonment. I believe Mr. Holloway chose to send this email merely to harass, terrorize and make it perfectly clear that the sheriff is excluding Huminski from law enforcement services. This causes me great anxiety and I have forgone reporting crimes that I have observed in Lee County, including the smoking of crack in the LCSO jail and curfew violations in my neighborhood after Irma.

I collected much information while in jail for the betterment of society, which will continue to be released. see below,

Subject: Re: Correspondence

The order of Judge Adams mandating no contact with the LCSO remains pending appeal. My contact with you, as I explained previously is in your capacity with the County. It is criminal indirect contempt of court for me to have contact with the Sheriff or LCSO staff. See order of Judge Adams prohibiting such contact at the below link which was post on my door when I was arrested by your thugs.
https://judgeelizabethbykrierleecountyflcorruption.files.wordpress.com/2017/06/docs-on-door-for-lcso-gag-order.pdf

The sheriff has violated the Sunshine laws by not providing the arrest report from 2/12/19 and continues to do so. Latest document request is here, luckily the web address of the is not a LCSO address or I would have been prohibited from contact for sunshine requests as well.

Here is the latest request that you have ignored, now for the third time. Stating clarification needed for merely requesting the arrest report and any recordings during transport to jail requires no clarification. Here is the third request, what do you think you need to hide via violation of sunshine law requests?
https://www.muckrock.com/foi/lee-county-36/lee-sheriff-disabled-elder-abuse-torture-88182/

Lee Sheriff Disabled Elder Abuse & torture
scott huminski is making this request to Lee County Sheriff's Office of Lee County.
www.muckrock.com

Please discontinue violations of sunshine law requests. Seems like the truth hurts, especially the State DOH investigation of the LCSO medical staff. Buy cheap, get cheap. Not a good policy for medical services, neither is your procedures that allow your nurses to override and trump the medical treatments and medications set forth by M.D.'s. In FL nurses can not act in violation of the orders of Medical Doctors. You get what you pay for, sub-standard medical treatment. I think you need to polygraph the guard who put me in solitary on 2/12/19 and, by doing so, engaged in felony abuse of a disabled adult. The reports you are hiding reveal the truth, I was not disorderly, I merely stated that judge adams issued a gag/no-contact order prohibiting all LCSO contact. You engaged in entrapment regarding criminal contempt of judge adams' order. I await my arrest for this so-called crime that occurred dozens of times during my incarceration. Obviously.

Why are you still obstructing the request for the arrest report and transportation recordings?

Are you shutting down sunshine requests from muckrock.com as well. I noticed that I can no longer request via the portal. -- scott huminski

Subject: Re: Correspondence

Dear Mr. Huninski -

Please be advised that as of Monday, 02/17/2020, your emails to all Lee County Sheriff's Office email addresses will be sequestered by our Technical Services staff, and will not reach any LCSO email address.

Please do not assume your emails will be read or acted upon.

We simply do not have the staff or resources to wade through the mass of irrelevant, inaccurate, irrational and/or abusive content in your emails, in attempts to locate a legitimate concern or request.

Our duty to use taxpayers' funds reasonably and wisely requires we dedicate our limited resources to addressing legitimate concerns and requests.

Feel free to mail, call, or stop by should you have a specific legitimate request for assistance.

If you legitimately require police or medical emergency assistance, please call 911.

Be advised, if this access to LCSO facilities and staff is abused - as you have abused your email access - appropriate action will be taken to cause such abuse to cease.

If required, we will seek and obtain another court order directing you cease such contact, as well as monetary damages and attorneys fees as appropriate.

AMERICAN OVERSIGHT

We wish you the best in your future endeavors.

Thank you for your cooperation.

New request that the sheriff has dodged two times previously,
https://www.muckrock.com/foi/lee-county-36/lee-sheriff-disabled-elder-abuse-torture-88182/

Also attached are the documents taped to the door of my home at the time of arrest that alerted the LCSO that contact and communication with Huminski would violate Judge Adams' gag/no-contact order placing Huminski in criminal contempt of court. As stated in the above link, I also verbally informed the arresting deputy of the gag order preventing contact and communication with LCSO staff and he waived protection by the gag order. The documents were placed upon my door on 10/3/2018 and were visible by deputies that knocked on my door from 10/3/18 until the date of arrest.

I have the originals viewed by the LCSO arresting deputies with the tape still on them that attached them to my door.

Upon arrival at the Jail, after I mentioned the gag order to the jail staff and they started the "sovereign citizen" chant and the arresting deputy quickly left the room so that he would not interfere with the entertainment the jail staff was enjoying from the punishment and abuse of myself for mentioning the gag order.

The LCSO had knowledge that the gag order existed when they punished me with solitary in inhumane conditions for merely mentioning the existence of the patently insane/corrupt gag order instead of pulling up the case on the public court information system and then seeking legal advise on how to handle such a case whereby contact with any LCSO personnel is barred by court order. They chose a backwoods hillbilly style of justice instead of a concern to obey the law.

This is why the sheriff is refusing to produce the report from the arrest or any recordings made in the police cruiser while transporting to the jail. He is trying to cover-up the misconduct and crimes.

There is no law enforcement duty to create new crime (contempt of court) as was done in the instant matter, to the contrary, law enforcement should not engage in conduct that creates new crimes. -- scott huminski

Subject: DOJ ADA Complaint, ADA violations at Lee County, Florida Jails

Hello,

I have been on complete SS disability for 10 years with avascular necrosis of knees and hips, bilateral hip replacements, gout, spinal stenosis, degenerative disk disease, open back surgery, hypertension, PTSD, anxiety disorder and social phobia. I was jailed for 3 weeks for not paying a contempt of court fine in Lee County, Florida 6 months after open back surgery while I was still experiencing post-surgical pain and disability. I was provided zero accommodations, forced to sleep on the floor because I was physically unable to jump into a top bunk, no ADA compliant toilet/shower facilities. Transported is a school bus without handicap grab bars (I was handcuffed and chained to other inmates so grab bars may not have been helpful if they were available). My blood pressure and PTSD/anxiety medications were abruptly ended and I was place in solitary for 8 hours in only my underwear and shorts and barefoot in a 55 degree windy cell with only steel and concrete surfaces that plummeted my temperature to 97 degrees. Inmates wear thermal underwear and a fairly heavy jump suit. These acts are felony abuse of a disabled adult under State law, Florida statute 825.102, and patently clear ADA violations.

All disabled persons residing at the Lee jails are subjected to similar ADA violations.

Further, the sheriff has formal written rules in place that allow his nurses to override and trump any determinations of disability made by the Social Security administration and medical doctors to allow him to violate the ADA with a fraudulent determination by his nurses.

General counsel for the Florida Department of Health is prosecuting the medical personnel. I don't believe they are addressing the ADA issues. See links below that also contain contact info. for the officials involved in the DOH investigations. The FL DOH has extensive documentation on this issue and I waive all privacy and HIPAA rights concerning my medical records currently in the custody of the FL DOH and the DOH can forward all materials to the Dept. of Justice.

Subject: DOJ ADA investigation

*** the content of this email constitutes core protected political expression, i.e. speech critical of government intending to promote change and it is afforded the highest level of protection under the First Amendment ***

Dear Florida Dept. of Health,

Please forward copies of all documents related to the pending investigations detailed below to the Department of Justice - ADA enforcement unit. I waive all privacy and HIPAA rights, the safety and well-being of the public far outweigh privacy concerns. The ADA is a core federal issue applicable to the States.

See below. Thanks -- scott huminski

Subject: Lee sheriff medial staff Sunshine law production fraud and Courthouse corruption

I suppose I shouldn't be as critical of the sheriff printing out a document, hand-modifying it, and providing that as valid sunshine law production of documents in light of the following:

Clerk Linda Doggett, printed out a June 5 Circuit Court order from 17-ca-421 (the order was 119 pages long and originally filed in 17-ca-421 on 4/26/17) On June 30 of 2017,

04/26/2017	Order to Show Cause	119

She hand modified the order by adding a non-existent docket number and without a new judicial signature,

She processed it as a valid order received from a judge,

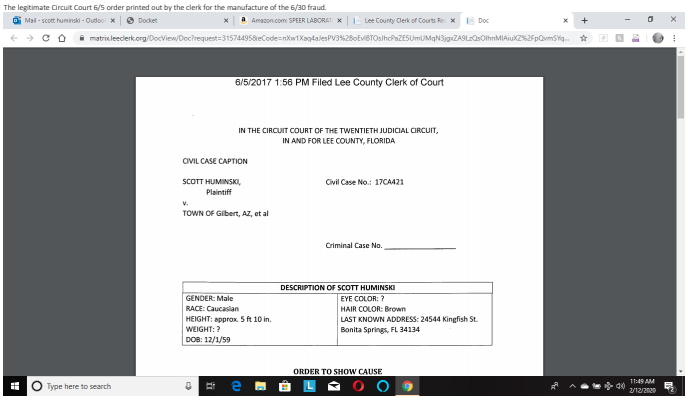
the court clerk then initiated a new criminal proceeding in Lee county court (17-mm-815) with a hand modified Circuit Court order without participation of a judge or prosecutor. A new low in courthouse corruption that initiated circumstances that led to the DOH and ADA issues now under investigation.

This clerk engaged in a litany of State and Federal crimes including, but not limited to, fraud, forgery, obstruction of justice and federal civil rights crimes by acting as a judge or prosecutor, the only entities that can initiate a prosecution.

To add insult to injury, Clerk Linda Doggett certified to the 2nd District Court of Appeal, under oath, that her forgery was a true and correct judicial order issued in the County Court. Nothing is further from the truth. The prosecutors and even my current counsel are OK with this fraud upon the appellate court.

Official crime is rampant in Lee County.

Below is a screen shot of the original 6/5 order (page 1) followed by the fraudulent forged one that Linda Doggett fraudulently filed as an authentic judicial order on June 30 which she boldly certified as authentic to the 2 DCA absent 116 pages with the forged docket number. Lots of government crime here makes one wonder if the sheriff was trying to kill me during my lodging at his facilities. He probably came close with the denial of my blood pressure medications.



True docketing of the order of the deficient order (sans 116 pages) in **Circuit Court**

06/05/2017	Order to Show Cause	3

Fraudulent docketing of the June 6 Circuit order on June 30 in **COUNTY COURT** (certified by crooked clerk to the DCA)

06/05/2017	Order to Show Cause Filed	3

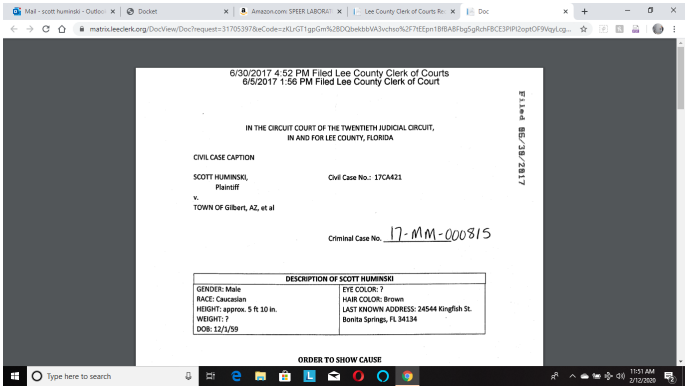
The legitimate Circuit Court 6/5 order printed out by the clerk for the manufacture of the 6/30 fraud.

6/5/2017 1:56 PM Filed Lee County Clerk of Court

IN THE CIRCUIT COURT OF THE TWENTIETH JUDICIAL CIRCUIT,
IN AND FOR LEE COUNTY, FLORIDA

CIVIL CASE CAPTION

SCOTT HUMINSKI, Plaintiff
v.
TOWN OF Gilbert, AZ, et al



Civil Case No.: 17CA421

Criminal Case No. _____

DESCRIPTION OF SCOTT HUMINSKI	
GENDER: Male	EYE COLOR: ?

HEIGHT: approx. 5 ft 10 in.	LAST KNOWN ADDRESS: 24544 Kingfish St.
WEIGHT: ?	Bonita Springs, FL 34134
DOB: 12/1/59	

ORDER TO SHOW CAUSE

Now the forged/fraudulent order of Clerk Doggett absent the required Judicial signature and proper caption. Note the double time stamp, an admission that it is not a genuine judicial order, rather, it is an order manufactured by the clerk. She is so sloppy, she didn't even correct the caption when forging her new order as she was initiating a new prosecution with her manufactured order in the COUNTY COURT not Circuit. She missed changing the caption to County Court. Criminals often make stupid mistakes when they are operating in their official capacity and believe they are unaccountable.

6/30/2017 4:52 PM Filed Lee County Clerk of Courts
6/5/2017 1:56 PM Filed Lee County Clerk of Court

Subject: Lee sheriff medial staff

This conduct in oklahoma, see below, is the exact same mindset of many of the female guards at the Lee jails including the one that responded on the intercom concerning my report of the Redman Syndrome from toxic medications supplied to me without my knowledge or consent. When she stated "don't take pills you're not supposed to", luckily for me, my situation was not life threatening unlike the unfortunate fellow below. After acknowledgement of the toxicity of one of the medications they supplied me with, they kept on trying to dispense the toxin to me and I had to interrogate the person dispensing medications until I was released.

Eventually, for some reason, they had me sign a form refusing the toxin instead of immediately removing the offending medication they swapped for my Toprol 200. This was probably to document that I was refusing medication when the opposite was true, I desperately wanted my blood pressure medication, not the medications concocted by these nurses who apparently believe a 5 minute interview gives them knowledge superior to a licensed doctor.

I had been under the care of physicians for 22 years, since when can a nurse with zero knowledge of my medical history trump the long-time treatment plan of medical doctors.

Upon intake, a patient should be asked if they are on total Social Security disability and be provided with ADA compliant lodging. If the sheriff has a problem with this he can sort out the disability situation with the Social Security administration and seek review of their determinations.

If a patient is on medications prescribe by a long-time family physician, a sheriff's nurses must not massively change the treatment plan without consulting the prescribing physician. These nurses who ignore the directions and advise of experienced MD's should not completely disregard the knowledge and wisdom of experienced doctors. Doctors place patients on medications for very good reasons after long-term knowledge of a patient that should not be altered by nurses working for law enforcement. At the very least they should have substituted 200 mg of metoprolol succinate with 200 mg of metoprolol tartrate (this medication is inferior for Huminski, but far better than the path they took). Had they inquired, I would have demanded the beta-blockers instead of water pills that I knew I had a problem with as far as side effects and it didn't help with my blood pressure. Further my PTSD, anxiety and blood pressure are linked to adrenal response which water pills do not address. No one inquired as to why I was on a fairly high dose of Toprol.

https://www.cbsnews.com/news/terral-ellis-jr-inmate-died-after-pleas-help-many-caught-on-video-were-ignored-for-days-suit-says/

Oklahoma inmate died after pleas for help, many caught on video, were ignored for days, suit says

Many of Terral Ellis Jr.'s cries were caught on video. His estate and family are suing an Oklahoma county, jailers and others.

Subject: Lee sheriff lies and evades/dodges Sunshine Law requests

The sheriff claims the requests were unclear which is a lie. One request asks for bunk assignments of Huminski's cellmates. The other request asks for the police report concerning Huminski's arrest and transport to the Fort Myers jail, a two hour period whereby the arresting officer was quizzing Huminski while entering data into his computer. i.e. Distracted Driving and probably an accepted practice at the LCSO.

The first thing Huminski said to the officer informed him of the no-contact order of Judge Adams preventing communication with LCSO staff under penalty of imprisonment, the deputy then waived his protection by the gag orders and Huminski then responded to the questions. Upon arrival at jail, Huminski alerted the staff of the existence of the gag order, the staff repeatedly chanted "sovereign citizen" (whatever that is) and placed Huminski in solitary and engaged in felony abuse of a disabled adult. The arresting officer was present when the decision was made to place Huminski in solitary as a punishment for mentioning Judge Adam's gag order.

Many times the cover-up is worse than the crime. See the request's content in the below sheriff emails,

Subject: [Records Center] Media Request :: M051080-012020

--- Please respond above this line ---

Dear SCOTT HUMINSKI,

Regarding the Media Request received on 1/20/2020 requesting records, the records have been in "Requested Clarification" status for 10 business days. The Lee County Sheriff considers this request closed. If you would still like the records, please submit another Media Request. Thank you for using the Public Records Center.

Request Details:

Reference # M051080-012020

Description of Records Requested: The records related to my arrest on 2/12/19 and the first 2 hours in custody of the sheriff's department. That is records related to huminski's arrest at approximately 10 AM until he arrived at the jail at approximately noon that same day. On the ride to the jail, the arresting officer was entering quite a bit of information into his computer. Supply these records. Second request.
To view the full details of this request please log into the Public Records Center.

--- Please respond above this line ---

Dear SCOTT HUMINSKI,

Regarding the Media Request received on 1/21/2020 requesting records, the records have been in "Requested Clarification" status for 10 business days. The Lee County Sheriff considers this request closed. If you would still like the records, please submit another Media Request. Thank you for using the Public Records Center.

Request Details:

Reference # M051116-012120

Description of Records Requested: Provide the housing and bunk assignments of persons who shared a cell with Huminski for the first 10 days of his stay in the lee jails starting with 2/12/19. Huminski's cell/bunk assignment was provided in the sheriff's 1/17/2020 production. Provide the same for Huminski's cellmates.
To view the full details of this request please log into the Public Records Center.

Subject: Lee sheriff and the ADA

The Department of Justice (DOJ) regulates Title II of the Americans with Disabilities Act (ADA), which covers state and local governments. These public entities are responsible for the operation or management of juvenile and adult jails, detention and correctional facilities, and community correctional facilities, whether they are operated directly by the state or local government, or through contracts, licenses, or other arrangements with other entities. (§35.151(k) and §35.152)

Inmates or detainees with disabilities must be housed in the most integrated setting appropriate to their needs. Accessible cells or housing units need to be available in all security classifications and/or program levels of a facility.

Unless it is appropriate to make an exception, public entities must not place inmates with disabilities in:

- Inappropriate security classifications because no accessible cells or beds are available;
- Medical areas unless they are actually receiving medical care or treatment;
- Facilities that do not offer the same programs as facilities where they otherwise would be housed; or
- Distant facilities where they would otherwise not be housed and that would deprive them of visitation with family members.
- Huminski was placed in a cell block without ADA compliant cells.

Minimum Requirements from the 2010 Standards (§35.151(k))

New construction of jails, prisons, and other detention and correctional facilities must comply with the 2010 ADA Standards for Accessible Design. At least 3% of cells must be accessible for individuals with mobility disabilities, including those who use wheelchairs. Accessible cells must be provided in each classification level.

At least 2% of the general holding and housing cells must be equipped with communication features designed to accommodate individuals who are deaf or hard of hearing. These features include telephones with volume control where telephones are provided in cells, and visible alarm signals where audible emergency alarm systems are provided for occupants of cells and occupants are allowed to evacuate independently. (Sections 232 and 807, ADA Standards)

Alterations to jails, prisons, and other detention and correctional facilities must also comply with the 2010 ADA Standards until new construction levels of access are achieved within the facility.

When alterations are made to specific cells, required features for mobility access may be provided in substitute cells (cells other than those where alterations are originally planned), as long as the substitute cell:

- Is located within the same prison site,
- Is integrated with other cells to the maximum extent feasible, and
- Has equal physical access to areas used by inmates or detainees for visitation, dining, recreation, educational programs, medical services, work programs, religious services, and other offered programs.

If it is technically infeasible to locate a substitute cell within the same prison site, the substitute cell may be provided at another prison within the same system.

Medical and long-term care facilities in detention and correctional facilities, whether they are licensed or not, are also subject to the 2010 ADA Standards for accessibility.

In passing the Americans with Disabilities Act ("ADA"), Congress noted that the isolation and segregation of persons with disabilities due to the discriminatory effects of physical barriers are a "serious and pervasive social problem," and there has been very little "legal recourse to redress such discrimination." The ADA lists several purposes, one of which is "to provide clear, strong, consistent enforceable standards" as part of a mandate to eliminate such discrimination. The ADA is modeled after section 504 of the Rehabilitation Act of 1973. A key difference is that while the Rehabilitation Act requires facilities that received federal funding to be accessible to persons with disabilities, Title III of the ADA applies to places of public accommodation specified by the ADA, regardless of the receipt of federal funding.

Under the ADA, new construction must be "readily accessible" to persons with disabilities. The new construction's "readily accessible" standard is met if the new construction or alteration is done in compliance with either the 1991 or the 2010 ADA Standards for Accessible Design. These standards include detailed, lengthy and technical specifications. In contrast, existing facilities must be made accessible to disabled persons if the changes are "readily achievable." The "readily achievable" standard for existing facilities is met by making alterations that are "easily accomplishable and able to be carried out without much difficulty or expense."

After its passage, Congress charged the Department of Justice ("DOJ") with implementing the ADA. One of the DOJ's ongoing tasks, in partnership with the Federal Access Board, is to create regulations to provide guidance for the enforcement of the ADA. Congress created the Federal Access Board in 1973 to ensure access to federally funded buildings, and it has become a "leading source of information on accessible design." The DOJ codifies the resulting regulations in the Code of Federal Regulations, and the appendices of that code further explain the regulations. In 1991, the Federal Access Board created the ADA Accessibility Guidelines ("the ADAAG"). The ADAAG were purely advisory to the DOJ and addressed new construction standards. The DOJ then sought public comment on the ADAAG, made applicable changes based on those comments, and finally adopted and codified the ADAAG as the official standards for the ADA. In 2010, the DOJ released a revised version, which became effective March 15, 2012.

Courts have upheld the "two distinct systems for regulating building accessibility: one to apply to existing facilities (those designed and constructed for occupancy before January 26, 1993) and another to apply to later-constructed facilities." Pre-existing or "grandfathered facilities" only need remove easily removed barriers. In contrast to grandfathered facilities, new construction violations are indefensible, unless there is a structural impracticability. A structural impracticability exists when "unique characteristics . . . make accessibility unusually difficult to achieve." Apart from structural impracticability, courts have no authority to apply equitable discretion in excusing the violation.

Overall, statutes, advisory and technical assistance materials, and case law work as a team to contribute to the goals of the ADA, voiced by President George H.W. Bush, "[E]very man, woman, and child with a disability can now pass through once-closed doors into a bright new era of equality, independence and freedom."

The Huminski was housed, transported and accessed portions of the Lee Jails built or significantly modified after January 26, 1993, as such, these areas of the Lee Jails must comply with the ADA and are not "grandfathered-in". There is very little or no attempt to comply with the ADA by the Lee Sheriff.

Some ADA accomodations are as follows:

Examples of "readily achievable" barrier removal that must complied with include, but are not limited to, the following actions (some of these were absolutely absent in Huminski's cell and during his transports between facilities in non-ADA compliant vehicles):

Installing ramps;

Making curb cuts in sidewalks and entrances;

Widening doors;

Installing offset hinges to widen doorways;

Installing accessible door hardware;

Installing grab bars in toilet stalls;

Installing a raised toilet seat;

Repositioning the paper towel dispenser in a bathroom;

Installing an accessible paper cup dispenser at an existing inaccessible water fountain;

Subject: Re: Lee sheriff foia/sunshine law fraud

In the attached, sheriff supplies 4 bed/bunk designations (A,B,1,10):

A = unknown
B = a handwritten notation added to the attached document at the time of production stating "B=bottom". A fraud, handwritten notes added at the time of production have no place in a FOIA/Sunshine law response. What is A then? The first several days I resided at the jail, there were not enough beds for the number of inmates, bunk designations, if there genuinely is such a thing, are meaningless in overcrowding situations. The sheriff does not enforce top or bottom bunk assignments.
1 = unknown
10 = unknown

Then a snippet of a nurse's comment from another alleged document was cut and pasted to the bottom of the attached production.

When I requested the original entire record/document that contained the nurse's bunk designation via another request,

THE SHERIFF RESPONDED - **No Documents Responsive to your Request** (see below) apparently there was fraud in the attached production and the lack of an originating document indicates that the nurse's bunk designation may have been manufactured by the sheriff to avoid negative consequences.

A sheriff becoming evasive and deceptive in document production is a good sign of corruption and the desire to avoid consequences by dishonesty and fraud.

Request / Incident Summary

Request Type:

Contact E-Mail:

Reference No:

Status:

Balance Due:

Payments:

UPLOAD DATE		
Files:	01/20/2020	Huminski_OMS_housing_R.pdf

Additional Information

Name of Reporter / Journalist:
SCOTT A HUMINSKI, citizen-reporter

Describe the Record(s) Requested:
In your last production, you supplied an excerpt of a document or record detailing a nurse advising that I be assigned a bottom bunk. I need this in context of the full record, document or database. The nurses message on 2/13/2019 that you included in the document entitled Huminski_OMS_housing_R supplied by you on 1/17/2020 clearly indicates that the nurse's comments were cut and pasted from a document, record or database. For review of the document in context, I request the full document, record or database that the excerpt was taken from. Attached is a copy of what you produced which is something that was clearly manufactured from excerpts from an original document/record. Please supply the full document/record or database. Please see attached and provide an original full screenshot of the nurse's directions in context of the records above and below the nurse's comment.

Police Report # / CFS #:
n/a
If multiple reports are required, please separate each report # with a comma (,).

Location of Incident/Accident:
Lee jails
Please be specific as possible by providing an exact address or intersection, etc...

Incident From: 02/13/2019
Incident To: 02/13/2019

List all Involved Parties

First Name	Last Name	DOB (MM/DD/YYYY)
SCOTT	HUMINSKI	12/01/1959
nurse	areisinger	

Preferred Method to Receive Records:
Electronic via Records Center
Please note not all public documents are available in electronic format. If the document(s) requested are not available electronically, we will make them available for inspection or by paper copy in accordance with the Public Records Law.

Subject: Lee sheriff nurses acting without supervision by physician

It is impossible to believe that a physician supervised any of the medical staff at the Lee Sheriff's facilities because no Doctor would disturb 22 years of successful medication and completely yank a patient off all medications that worked perfectly for 22 years. The Toprol ER that was prescribed to Huminski had a dual purpose; one as an excellent blood pressure control and as an anti-anxiety medication. Because of Toprol's control of adrenaline, it helps mitigate Huminski's anxiety and related disabilities. For this reason Toprol is often prescribed for stage fright and anxiety issues. It is very helpful to Huminski and his handling and management of his disabilities.

> Propranolol and Toprol Used for short-term relief of social anxiety. May reduce some peripheral symptoms of anxiety, such as tachycardia and sweating, and general tension, can help control symptoms of *stage fright* and public-speaking fears, has few side effects.

It is my belief there was no supervising physician as required by statute at the Lee Sheriff's facilities. See below for nurse practitioners and physician assistants. No Physician would look at Huminski's medical history and recommend an ending of medications that worked perfectly for 22 years and take a risk of side effects when Huminski's long-time medicines were tolerated perfectly by Huminski and worked supremely well. The result of the Lee Sheriff's medical staff's experimentation with Huminski's medications met no protocol of a supervising physician, if there was a supervising doctor. No doctor would recommend the "cold turkey" ending of medications taken for 22 years and no written protocol exists supporting the conduct in the instant matter. Because of the lack of supervision or proper protocol, Huminski suffered increased severity of his PTSD, GAD and social phobia as well as soaring blood pressure that Huminski worried would cause a stroke, organ damage, heart issues or kill him.

Huminski was never offered a consultation with a physician, nor, did he know there was a physician available at the Lee Sheriff's facilities. The Redman Syndrome caused by the toxins prescribed to Huminski are not the product of negligence, they are the product of a mindset that the incarcerated are sub-human and don't deserve carefully thought out treatments and medications. It would not be surprising to find out that Huminski was prescribed the same medications given to all patients with hypertension at the Sheriff's facilities, a one size fits all mentality, which is not the case in the practice of medicine. Medical history is supremely important.

Nurse practitioner,
Practice Authority
A written protocol between an NP and the supervising physician is required. The degree and method of supervision that is determined by the NP and the physician must be specifically identified in the written protocol. General supervision by the physician is required and specified in the written protocol and must include a description of the duties of the NP, a description of the duties of the physician (which includes consultant and supervisory arrangements in case the physician is unavailable), the management areas for which the NP is responsible, a provision for annual review by the parties, and specific conditions and a procedure for identifying conditions that require direct evaluation or specific consultation by the physician. Fla. Admin. Code 64B9-4.010

Physician Assistant,
Supervision Requirements
The law outlines the exact means of responsible supervision. Direct supervision is not required, but the supervising physician must be easily available or be physically present for consultation. Fla. Admin. Rules 64B8-30.001(3), Fla. Stat. §459.022(f)

Subject: Lee sheriff retaliation, Gov't Answer Brief Due - 2 weeks

Attorneys Alper & Candela, Please note the answer brief in the 2 DCA is due on 2/12/2020. No extensions will be consented to. Mr. Candela, conflict yourself off the case please as I have legal malpractice claims against you for negligence proximately arising out of your refusal to file a motion to stay the sentence and all matters below pending appeal. The record is clear concerning the injury and damage caused by your failing to seek a stay; incarceration, torture and ADA violations by the Sheriff.

Below is my complaint to the U.N. concerning the human rights violations of the Lee Sheriff (the human right of free speech) and the current sheriff is the hand-picked replacement (buddy) for Sheriff Mike Scott (a defendant in Huminski v. Mike Scott et al, 17-ca-421, aka Huminski v. Gilbert),

https://judgeelizabethkrierleecountyflcorruption.files.wordpress.com/2017/06/un-human-rights-compl-2-converted.pdf
or
https://web.archive.org/web/20181031133103/https://judgeelizabethkrierleecountyflcorruption.files.wordpress.com/2017/06/un-human-rights-compl-2-converted.pdf

A clever scheme by the sheriff to make himself litigation-proof by making the service of himself in the DCA and Florida Supreme Court a crime (contempt of Judge Krier's and Judge Adams' gag orders). AKA obstruction of justice via a prior restraint.

Tying my hands concerning service of papers, mandated by Rule, violates the First Amendment and Due Process and these activities are federal civil rights crimes.

Subject: Re: Lee sheriff more ADA violations

If a patient under the care of the Lee Sheriff suffers a medical emergency and is hospitalized, the fictional medical record manufactured by the sheriff can lead to medical errors. As I pointed out in a prior email, falsely reporting that someone is a smoker or IV street drug user as suggested by the falsehoods included in my erroneous medical records can harm and endanger the life of a patient is crisis.

Said errors could send doctors in a wrong direction when attempting diagnosis and alter treatment plans and medications potentially causing delay, harm, injury or death. Medical record errors may lead to the use of the least optimal medication, treatment or procedure.

I have reproduced below the email pointing out the sloppiness and careless/reckless disregard by the Lee Sheriff concerning medical record accuracy in medical records that he maintains, controls and disseminates pursuant to HIPAA regulations.

> **Subject:** Re: Lee sheriff more ADA violations
>
> Line items from medical records supplied by the sheriff that are lies followed by reality. This entire intake procedure took only a few minutes, the paperwork generated doesn't match the small interview. Thus the below false statements.
>
> History of drug use ..... yes (absolutely did not state this to anyone, a lie)
>
> Prior incarceration ..... yes (a lie)
>
> Substance use disorder ..... yes (a lie)
>
> Substance abuse ..... yes (a lie)
> 2/27
> History of withdrawal ..... false (yes, i did withdraw from gabapentin prescribed for spine pain, the prior year, medication did not help)
>
> Smoking ..... yes (false)
>
> Street Drugs ..... yes (false, only take drugs prescribed by doctors and dispensed at Walmart or licensed dispensaries)
>
> Brian Medin "he is on SSI for PTSD, drug issues (a bold faced lie regarding "drug issues", the PTSD portion is correct)

Subject: Re: Lee sheriff more ADA violations

None of the vehicles Huminski was transported in comply with ADA requirements for transport of the fully disabled.

Aggravating this fact is that while boarding and departing from transport, disabled patients are handcuffed and chained together while transported. During these transports, I was in fear of injury or death proximately arising from the complete absence of ADA accommodations during transport by the Lee Sheriff. --scott huminski

Subject: Re: Lee sheriff more ADA violations

Line items from medical records supplied by the sheriff that are lies followed by reality. This entire intake procedure took only a few minutes, the paperwork generated doesn't match the small interview. Thus the below false statements.

History of drug use ..... yes (absolutely did not state this to anyone, a lie)

Prior incarceration ..... yes (a lie)

Substance use disorder ..... yes (a lie)

Substance abuse ..... yes (a lie)
2/27
History of withdrawal ..... false (yes, i did withdraw from gabapentin prescribed for spine pain, the prior year, medication did not help)

Smoking ..... yes (false)

Street Drugs ..... yes (false, only take drugs prescribed by doctors and dispensed at Walmart or licensed dispensaries)

Brian Medin "he is on SSI for PTSD, drug issues (a bold faced lie regarding "drug issues", the PTSD portion is correct)

Subject: Re: Lee sheriff more ADA violations

Please seek a DOH emergency order concerning the LCSO medical staff allegations and ADA violations. As the Sheriff places restrictions on what medications and services can be provided to residents in his facility, his licenses with the Boards should be revoked. If he is not licensed, but making medical decisions such as the medications allowed in his facility, he is practicing medicine without a license.

When I was afflicted with Redman syndrome (instigated by denial of my blood pressure medication and dispensing a toxin to me) and requested an injection of anti-inflammatory medication, the nurse replied that the sheriff does not allow it. The sheriff is practicing medicine without a license. These nurses look to the sheriff and his rules as they would directives from a doctor. Apparently, any kind of injection is prohibited by the sheriff. Again, his unlicensed practice of medicine.

Also, in my first two days residing in the Lee jails, one inmate was in excruciating back pain that far exceeded the capabilities of over-the-counter pain relief. He was denied that because of the sheriff's determination of which medications and procedures that are allowed (by the rules of a non-medical practitioner). This resident was in the highest level of pain I've observed in my 60 years and his treatment by the sheriff's policy to withhold FDA approved medications is torture and a cruel and unusual punishment under the Eighth Amendment.

Please end the suffering and torture at this government facility which will not be accomplished by sanctions against the licensed providers, the Sheriff and his rules, customs and procedures are at the core of the medical misconduct at his facilities. -- scott huminski

p.s. DOH please forward this to the Prosecution Services Unit and provide an email for this entity.

Subject: Re: Lee sheriff more ADA violations

The sheriff's jail and customs, policies and procedures therein violate virtually every topic discussed in the below summary of ADA requirements in his jails.
https://www.adainfo.org/sites/default/files/5.2%20Law%20Enforcement_Gordon-1-slide-per-page-handout.pdf

Assistant United States Attorney Civil Rights Enforcement Coordinator USAO Eastern District of Virginia

Federal Government Statistics According to the Census Bureau, approximately 7.3 million individuals in the United States report significant vision loss. According to the Centers for Disease Control, 36.2 million adults have some kind of physical functioning difficulty.

Subject: Re: Lee sheriff more ADA violations

The sheriff provide NO ada compliant toilet facilities without proper height commodes and without the required handicap grab bars.

Below are guidelines and information concerning the sheriff's disdain for the ADA and failure to provide ADA compliant bathroom facilities.

https://www.buildings.com/article-details/articleid/9242/title/the-ada-compliant-restroom

The shower facilities are similarly ADA non-compliant in every location Huminski resided in at the Lee Jails.

These ADA violations are especially egregious for persons with recent open back surgery such as Huminski.

The ADA-Compliant Restroom

Find out how to make your restroom ADA compliant in this article.

Subject: Lee sheriff refuses to produce document

He refused to supply the full document that the bunk assignment was taken from. What a crook. The cover-up is worse than the original crime.
 See attached.

Subject: Re: Lee sheriff FOIA

The sheriff deliberately did not produce the records related to my arrest and transportation to jail. Why, because I was not disorderly. The woman put me into solitary confinement in the inhumanely cold cell because I advised her of the Judge Adams gag order prohibiting my communication with any LCSO staff. Stating a fact is not disorderly conduct.

new FOIA
Media Request less than a minute ago
The records related to my arrest on 2/12/19 and the first 2 hours in custody of the sheriff's department. That is records related to huminski's arrest at approximately 10 AM until he arrived at the jail at approximately noon that same day. On the ride to the jail, the arresting officer was entering quite a bit of information into his computer. Supply these records. Second request.
Status : Received

Subject: Re: Lee sheriff document production

Just like how the Lee Sheriff does not alert a patient that their life-sustaining medication that you have been on for 22 years is being completely ended putting one at risk of death and injury, the sheriff also maintains secrecy as to any assignment of bunks and no procedure exists for enforcement of bunk assignments.

The 2/13/2019 alleged medical record recently supplied is not in the original production of medical records supplied by the sheriff. I suspect fraud concerning this record. In either case, where-ever this document came from if it is not a fraud, these records are not supplied to inmates via any practice, policy or procedure adopted by the sheriff. Further what was supplied is a cut and pasted excerpt from a document that contains damning information that the sheriff wishes to keep secret.

While imprisoned, I asked the medical provider for my medical records and she denied the request. The medical records supplied related to these matters do not contain the cut and pasted bottom bunk directives.

In the Lee jails, bottom bunks are on a first come first serve basis and if there is a dispute the law of the jungle prevails -- might is right, where an elderly disabled person can not prevail regarding such confrontations with other inmates.

LEE SHERIFF supply the full document where the cut and pasted bunk assignment came from. Many times a cover-up is worse than the original transgressions. -- scott huminski

Subject: Lee sheriff foia

Regarding Lee sheriff fraud that I was assigned a bottom bunk. The sheriff does not provide this information to residents, if the document they provided is valid, it is kept secret from inmates. I would be happy to take a polygraph concerning any fact I have supplied related to these matters.

The torture of Huminski prior to a medical screening with solitary confinement in an inhumanely cold cell without adequate clothing or shelter from the 55 degree temperatures is a violation of the ADA and patently cruel torture.

The sheriff's expectation that the disabled hop onto a bunk over 4 feet in the air is a violation of the ADA, his own policies and procedures should have prevented this.
See below policy excerpt.

An inconsistency with federal law is the provision in the sheriff's below policies and procedures that provide that a nurse working for the sheriff can modify or ignore a finding of disability under federal law and this provides a corrupt green light to the sheriff to violate the ADA.

Violations of the ADA by the sheriff's medical staff is a violation of medical ethics and are federal crimes.
Some of these crimes are set forth at the below link.
https://www.fbi.gov/investigate/civil-rights/federal-civil-rights-statutes

The sheriff placing his "medical provider" (the sheriff's nurses) in charge of disability determinations when the federal government has extensive laws and procedures involving the disabled violates federal law and the Supremacy Clause.

Florida does assist the federal government in the determination of disabilities in the Division of Disability Determination (FL Dept. of Health), however, nurses working for the sheriff have no authority under state or federal law to disturb a finding of disability under federal law. The sheriff's policies and procedures concerning the disabled is unlawful. Further, the sheriff lying in medical records that Huminski was on disability because of drug use is a violation of federal law and medical ethics. Huminski was placed on disability after his first hip replacement and was lodged by the sheriff 6 months after back surgery.

The sheriff can and should avail himself to the programs provided by the Fl Dept. of Health concerning lodging of the disabled instead of trying to be the law unto himself.
See link below.

Upon intake, the sheriff should query if an individual is disabled and receiving federal or state funding because of a disability. Upon an affirmative response, the patient should be lodged in an ADA approved cell. After that, the sheriff should consult the Fl Dept. of Health or Social Security Administration if the sheriff believes an individual is not disabled or if he disagrees with the findings of the United States. -- scott huminski

	Corrections Bureau	Section: CLASSIFICATIONS	SOP#: 4.01
		Subject: CLASSIFICATION & HOUSING OF INMATES	Effective Date: 01/15/91
	Policy & Procedures	Revised: 02/22/2017	
FMJS Ref: 2.01		FCAC: 10.22	

a) Female and male inmates:

(1) Adult Female Felons
(2) Adult Female Misdemeanants
(3) Adult Female Sentenced
(4) Adult Female Non-Sentenced
(5) Adult Male Felons
(6) Adult Male Misdemeanants
(7) Adult Male Sentenced
(8) Adult Male Non-Sentenced

b) Other classes of detainees (witnesses, inmates with civil charges)
c) Inmates with special problems (alcoholics, narcotic addicts, mentally disturbed persons, and physically challenged persons)
d) Inmates requiring disciplinary confinement
e) Inmates requiring administrative confinement
f) Inmates requiring protective custody
g) Juveniles

7. Single occupancy cells will be utilized for the following:

a) Inmates with severe medical disabilities per the medical provider
b) Inmates suffering from serious mental illness defined by the mental health provider
c) Inmates likely to be exploited or victimized by others
d) Inmates who have other special needs for single occupancy housing.
e) VIP's. (Ref. - SOP 3.01 Section E)
f) Inmates that fail to adapt to a general population setting

8. Juveniles will be separated by sight and sound from the adult population when awaiting trial as an adjudicated adult. Juveniles not subject to trial as an adult are not housed in any LCSO Corrections Facility.
9. Inmates will not be discriminated against (Ref. SOP 4.09 I.)

10. Current and accurate records will be maintained for each inmate committed to or housed in a LCSO Corrections Facility. Procedures will be established to safeguard legally privileged or confidential information. Inmate records will contain, at a minimum, the following:

a) Intake/booking information

http://www.floridahealth.gov/programs-and-services/people-with-disabilities/disability-determinations/index.html

Disability Determinations | Florida Department of Health

The Division of Disability Determinations is responsible for making the determination of medical eligibility for Florida citizens who apply for disability benefits under the federal Social Security Administration disability programs (Social Security Disability-Title II and Supplemental Security Income-Title XVI), and under the state Medically Needy program.

www.floridahealth.gov

http://www.floridahealth.gov/programs-and-services/people-with-disabilities/index.html

People with Disabilities | Florida Department of Health

Disability and Health Program The Disability and Health Program (DHP) is funded by a three-year grant from the Centers for Disease Control and Prevention (CDC). The goals of the program are to include Floridians of all ages with disabilities in all of the Department of Health's programs and activities for health promotion, disease prevention, wellness, and disaster preparedness.

Subject: Lee Sheriff violates his own policies and procedures

Based upon further review, it has become clear that the sheriff engages in wholesale violations of the Americans with Disabilities Act (ADA) and for the safety of those still suffering in the Lee jails, the federal government should take control of these facilities to bring them back into compliance with federal law.

Why was I jailed? ... for failure to pay a contempt of court fine that I could not afford (debtor's prison). Good old fashioned justice. With Mr. Candela not helping by his refusal to stay matters while appeal was pending. The prosecutor's office knows all these facts and are just as liable.

Please forward relevant materials to the U.S. Attorney's Office for this District and to the U.S. Attorney General before death, injury or harm comes to person at these facilities because of the sheriff's disdain for the rule of law.

Time is of the essence. -- scott huminski

Subject: Lee Sheriff violates his own policies and procedures

Hi,
I began reviewing the production of today. I think this will yield a wide pot pouri of the sheriff's violations of his own policies and procedures. After 1 minute into my review the following came up revealing a complete disregard for his own policies concerning the fully disabled. Like myself -- on full social security disability for 10 years for mental and physical disabilities.

The sheriff knows bad things happen when one breaks the law, likewise, bad things happen when he violates his own policies and procedures. There would have been fewer ADA violations and felony abuse of an elderly disabled had the sheriff obeyed his own regulations concerning single cell occupancy had he just followed his own rules instead of making the disabled elderly sleep on the floor. If I was assigned a single cell per his policies, I wouldn't have had to sleep on the floor. Its not just me he abuses, he abuses every disabled person in his jail. If the ADA had criminal sanctions, the sheriff should be first in line. As my review continues, I will update. see below single occupancy policies.

AMERICAN OVERSIGHT

a) Female and male inmates:

(1) Adult Female Felons
(2) Adult Female Misdemeanants
(3) Adult Female Sentenced
(4) Adult Female Non-Sentenced
(5) Adult Male Felons
(6) Adult Male Misdemeanants
(7) Adult Male Sentenced
(8) Adult Male Non-Sentenced

b) Other classes of detainees (witnesses, inmates with civil charges)
c) Inmates with special problems (alcoholics, narcotic addicts, mentally disturbed persons, and physically challenged persons)
d) Inmates requiring disciplinary confinement
e) Inmates requiring administrative confinement
f) Inmates requiring protective custody
g) Juveniles

7. Single occupancy cells will be utilized for the following:

a) Inmates with severe medical disabilities per the medical provider
b) Inmates suffering from serious mental illness defined by the mental health provider
c) Inmates likely to be exploited or victimized by others
d) Inmates who have other special needs for single occupancy housing.
e) VIP's. (Ref. - SOP 3.01 Section E)
f) Inmates that fail to adapt to a general population setting

8. Juveniles will be separated by sight and sound from the adult population when awaiting trial as an adjudicated adult. Juveniles not subject to trial as an adult are not housed in any LCSO Corrections Facility.
9. Inmates will not be discriminated against (Ref. SOP 4.09 I.)

10. Current and accurate records will be maintained for each inmate committed to or housed in a LCSO Corrections Facility. Procedures will be established to safeguard legally privileged or confidential information. Inmate records will contain, at a minimum, the following:

a) Intake/booking information

should

Subject: threats

Mr. Candela, Your threats to me attempting to stop my reportage concerning the felony abuse of a disabled adult and collateral matters could be construed as obstruction of justice.

Please file a motion in the appeal to stay/enjoin the Florida collection activities and punishments while the case is on appeal. You failed to do this at the appropriate time causing my incarceration. This a very common appellate motion quite similar to a motion to release from custody while on appeal. I don't wish to be jailed again because of your failure to file proper and quite common motions at the proper time.

Just the fact that you are appointed does not mean you have to withhold filing of proper and necessary papers in court. You must treat appointed legal work with the same vigor as paying clients. Failure to do so is a violation of the rules of professional conduct and ethical precepts.

I don't know what is up with you, but, you refused my direct instructions to deny the request for enlargement of time and consented to the government delay. This conduct prejudices and injures me.

-- scott

Subject: Huminski writ of prohibition/mandamus

Mr. Candela, I take your silence as a refusal to file a writ to prohibit collection activities by the State pending resolution of the appeal. I will file it in the next week. It will be less than a page long. A no-brainer. Let me know today if you have changed your position.

This issue may only be tangentially related to the Health Departments investigations. It is being provided to maintain context and this email is core protected political expression afforded the highest level of protection under the First Amendment. (see below link re: core protected political expression) Obviously all my speech is speech critical of the Sheriff, a candidate for public office. Seeking and obtaining the gag order is a serious crime under Title 18. See below criminal statutes.

Mr Holloway, as I have pointed out, all communications with you are in your capacity with the county, not LCSO. All contact with the LCSO is barred via the gag orders entered by Judge Adams. Gag orders requested by the sheriff that remain pending for life. This calls into question if the sheriff can hold office while denying public safety services to a resident (s) of the county he serves. I think not. This affront to the First Amendment, barring core protected political expression are federal crimes defined in
the Title criminal 18 links below as they violate Huminski's First Amendment right to criticize the sheriff and report criminal activity to the sheriff or his staff. One can not be a county sheriff and then pick and chose persons not eligible for public safety services based upon their opinions or the type of crimes they report.

Why did the sheriff seek to silence me? ... to cover up his support of the interstate transmission of terrorist death threat by the Nelson/Riffel domestic terror cell.-- scott

Subject: Florida Sunshine Law Request: Lee Sheriff Disabled Elder Abuse Portal

To Whom It May Concern:

Pursuant to the Florida Sunshine Law, I hereby request the following records:

All records, reports, recordings and documents related to the arrest of

The period of interest is from 10:00 A.M. to Noon on 2/12/2019 while Huminski was in custody of the arresting deputy.

Supply all documents, recordings, materials related to the compliance with the ADA (Americans with Disabilities Act) of LCSO transport vehicles (buses, vans, cars and other) that were used to transport Huminski both upon arrest and during other transport of Huminski that occurred during his stay at LCSO facilities.

Provide all documentation as to what ADA accommodations were provided to Huminski in his jail cell that allowed him access to the top bunk when the bottom bunk was occupied by another resident.

Provide all materials and documents related to Huminski's complete disability, medicare and social security and any and all materials related to ADA accommodations and treatment of the fully disabled at LCSO facilities (specifically to Huminski and generically).

All materials related to the determination that Huminski committed the crime of disorderly conduct at his intake as set forth in the records last produced by the LCSO and all materials related to LCSO procedures concerning placing a person in solitary confinement and disciplinary matters concerning inmates.

Booking #
897183
Arrested
2019-02-12 11:54
Status
Released: 2019-03-04 19:30

All handwritten or digital records related to the dispensing of medications to Huminski which include 15 to 30 notations of blood pressure pursuant to the directives of the LCSO medical staff including the blood pressure readings taken and recorded approximately 9 to 11 hours after arrest in Bonita Springs. Including Huminski's vitals which indicated a temperature of 97.0 after 8 + hours of solitary in inhumanely cold temperatures without adequate clothing or shelter. Prescribing directions from LCSO staff required the taking of Huminski's blood pressure at the time medications were dispensed, which was done and recorded by the LCSO staff that distributed medications. Supply this data.

Attached is a brief filed in the 2nd District Court of Appeals indicating LCSO knowledge of Huminski's disability situation discussed before LCSO staff in court.

All documents and materials related to the felony violations of the elder/disabled adult abuse statute perpetrated by the LCSO set forth in the attached emails to the Florida Department of Health that triggered 3 investigations of LCSO medical staff. See attached.

AMERICAN OVERSIGHT

In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not.

Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 10 business days.

Sincerely,

scott huminski

Subject: RE: Florida Sunshine Law Request: Lee Sheriff Disabled Elder Abuse None

Please forward this matter to the FDLE and FL Attorney General's office for determination if the excessive delay in production of materials may be construed as criminal obstruction of justice concerning your behavior.

I will forward all responses to this information request to the investigating DOH agencies, please reconsider your refusal to respond in a timely manner. The initial request was sent to you on 12/12/19. -- scott huminski

Subject: Lee Sheriff refuses to comply with Sunshine Law foi request

This is the request they are ignoring,

https://www.muckrock.com/foi/lee-county-36/lee-sheriff-disabled-elder-abuse-84341/

I seek assistance with getting compliance with the Sunshine Laws.

The sheriff began his refusal to comply with sunshine requests after he became aware of 3 investigations pending against his medical staff for felony abuse of a disabled adult. See https://web.archive.org/web/20200108134730/https://judgeelizabethvkrierleecountyflcorruption.files.wordpress.com/2017/06/fl-investigation-of-lcso.pdf

Subject: Lee Sheriff Foia re: DOH investigations, Complaint # 201944590 & 201994592

A new related Foia (sunshine law request) is here concerning the withholding of medical services,
https://www.muckrock.com/foi/lee-county-36/lee-sheriff-disabled-elder-abuse-84837/

I note that the sheriff failed to respond to the request of 12/12/19 with knowledge that I am seeking the information to forward to State agencies concerning the pending investigations. *Per se* obstruction of justice. The sheriff refuses to even acknowledge receipt of the information request.
https://www.muckrock.com/foi/lee-county-36/lee-sheriff-disabled-elder-abuse-84341/

It is unclear if the sheriff's department itself is licensed with the DOH in any capacity, although, they are the caretakers of medical records and in control of the privacy and dissemination of medical records consistent with HIPAA or similar state regulations/statutes. It certainly appears that jails should be regulated in a similar manner to nursing homes, hospitals and other care-giver entities. -- scott huminski

Subject: Lee Sheriff felonies are RETALIATORY, Complaint # 201944590 & 201994592

These documents support the retaliation as a motive behind the sheriff's felony abuse of a disabled adult. F.S. 825-102, and verify his obstruction of justice of the federal courts. (U.S. Bankruptcy Court, a unit of the U.S.D.C.) -- scott huminski

Subject: Lee Sheriff felonies are RETALIATORY, Complaint # 201944590 & 201994592

These felonies and *per se* medical ethics violations concerning the LCSO medical staff are retaliatory because Huminski exposed the crimes of the sheriff embodied in his request and receipt of a gag order that obstructed justice (including witness intimidation and tampering) of cases before the United States Bankruptcy Court, the Florida 2nd Circuit and Florida Supreme Court. At the most rudimentary level, the sheriff's gag order preventing service of himself and his office in cases where court rules, Due Process and other authorities mandated service of the sheriff are patently criminal obstruction of justice.

My certificates of service in the aforementioned tribunals clearly state that service was obstructed by the sheriff. Even service of the State of Florida was obstructed by the gag order obtained by the sheriff. See below documents and most specifically this one,
https://edca.2dca.org/DCADocs/2017/4740/174740_26_12182017_112100E2_e.pdf

Here is a complaint filed with the United Nations on the topic

https://web.archive.org/web/20181031133103/https://judgeelizabethyklerieecountyflcorruption.files.wordpress.com/2017/06/un-human-rights-compl-2-converted.pdf

The obstruction of justice by the sheriff is undisputed and on the record see below links.

Subject: Fw: State's Atty Cover up felony obstruction by Sheriff Scott

The Sheriff obstructed service in the U.S. Bankruptcy Court (a unit of U.S. District Court), obstructed service in the 2DCA 2D17-4740, obstructed my attendance at a hearing in 17-CA-421 and is engaging in ongoing obstruction in 17-MM-815.

The sheriff procured a protective order for him and his staff that prohibits contact or communication. WITHOUT EXCEPTION. As such I am banished from the Lee Court complex in violation of Huminski v. Corsones, 396 F.3d 53 (2nd Cir. 2005). This and other issued are exhaustively documented in the below papers filed in the 2DCA.

Subject: Conflict counsel must recuse

Hi Atty Neymotin,

Your office has advised me to violate the Orders of Judge Krier. The protective order entered by Judge Krier prevents any contact with the Sheriff or his staff. As such, it is criminal contempt for me to interact with court security screeners and bailiffs at the lee court.

Advising me to violate the orders of the Circuit Court is unethical. With that in mind, what is your office's advice for the hearing tomorrow concerning my attendance?

Do I not attend and risk a bench warrant or attend and risk a contempt charge? -- scott huminski

Subject: Conflict counsel must recuse

Hi Atty Neymotin,

Your office has performed zero work on the criminal matter and refuses anything and everything I have requested in support of my defense. Assign a different attorney or recuse your off the case. You are still responsible for the 2DCA matter.

Neglect of a legal matter entrusted to your office is an ethical violation. -- scott huminski

Subject: Conflict counsel lies to defendant Huminski

Hi Atty Neymotin,

Atty Miller lied to me after the hearing on his motion to recuse. He stated that your office would participate in the pending petition in the 2DCA, 2D17-4740. Lying undermines the attorney/client relationship. -- scott huminski

Subject: Conflict counsel dodging appeal other misconduct

Hi Atty Neymotin,

Your office is responsible for handling this criminal appeal/petition. This is a criminal contempt case assigned to Z. Miller of your office. This appeal arises directly out of the criminal matter assigned to your office. I must also inform you that I am receiving ineffective assistance of counsel in the underlying criminal matter. The criminal case was pending in the Circuit Court for several months and then was "transferred" to County Court.

Please assign an attorney who knows the below law to my case and assign your appellate people to the appeal. See 2DCA docket below. The criminal case is frivolous and the order involved that I allegedly violated are patently unconstitutional and mandate surrender of constitutional rights -- exceptions to the Collateral Bar Rule, that your office has ignored.

THERE IS NO STATUTE, COURT RULE OR FL AUTHORITY THAT PROVIDES FOR A TRANSFER BETWEEN CIRCUIT AND COUNTY COURTS. YOUR OFFICE'S FAILURE TO RECOGNIZE THIS FUNDAMENTAL ISSUE IS WASTING THE TIME OF ALL AND CONSTITUTES CONDUCT PREJUDICIAL TO THE ADMINISTRATION OF JUSTICE AND wastes judicial resources.

Please recuse off this case if you do not have the staff expertise to handle the issues. Mr. Miller refuses to file motions I have requested based upon the above and other issues. -- scott huminski

Subject: Lee Sheriff medical staff felony abuse of a disabled adult, Complaint # 201944590 & 201994592

Another FOIA to the LCSO on the felony abuse of a disabled adult that may assist in the investigations pending against the Lee Sheriff's medical staff. See link below. At the link is a downloadable copy of all correspondences, to date, with the DOH concerning the LCSO medical staff.

I note that the LCSO was well aware of my disabled status based upon it's status as a defendant in Huminski v. Mike Scott, et. al. (aka Huminski v. Gilbert, et. al.), 17-CV-421, 20th Circuit, a lawsuit concerning the death threats issued to Huminski (2015-2017) from Trevor Nelson and/or Debra Riffel (while impersonating Officer Ryan Pillar) of Maricopa County, Arizona and the impersonation of Huminski by the same two individuals in letters sent to Officer Ryan Pillar (Gilbert, AZ Police) his parents and others in 2012-2015 approximately. Thank you. -- scott huminski

Subject: Medical Board & Pharmacy Board Complaint # 201944590 & 201994592 against LCSO medical staff

The decision to deny me medical services upon intake into the Lee Jails and to place me in solitary instead (along with previous complained of LCSO criminal conduct), was done with the knowledge that my age was approximately 60,

putting the LCSO and their medical staff on notice that felony abuse of an elderly and/or disabled adult was on the table. Of course, medical services or denial of medical services that constitute felony violations of F.S. § 825.102 are *per se* unethical under medical ethical guidelines. Crime is not a valid medical treatment or service. See this thread.

See LCSO internet publication,

Subject: Medical Board & Pharmacy Board Complaint # 201944590 & 201994592 against LCSO medical staff

Hello,

The placement of myself in solitary prior to medical screening for an elderly fully disabled adult with chronic medical issues is a felony, F.S. § 825.102, by the LCSO.

AMERICAN OVERSIGHT

See statute excerpts (full statute below) concerning the immediate placement of myself into solitary in a 55 degree cell barefoot with only a thin t-shirt and shorts without any bedding that drove my body temperature down to 97.0, i.e. torture/malicious punishment.

(b) Willfully tortures, maliciously punishes, or willfully and unlawfully cages, an elderly person or disabled adult; or

1. A caregiver's failure or omission to provide an elderly person or disabled adult with the care, supervision, and services necessary to maintain the elderly person's or disabled adult's physical and mental health, including, but not limited to, food, nutrition, clothing, shelter, supervision, medicine, and medical services that a prudent person would consider essential for the well-being of the elderly person or disabled adult; or

These felonies are per se medical malpractice and caregiver malpractice as they are felonies against the elderly disabled. Thank you. --Scott huminski

typo in previous vesion

From: scott huminski <s_huminski@live.com>
Sent: Friday, November 29, 2019 10:32 AM

Hi, I am in receipt of your recent letters.

I believe that the sheriff's medical staff lied about my medical record to gain State/Federal funding or grants, etc. concerning their lies input into my medical records.

I am not on Social Security Disability because of "street drug" use as lied to by the LCSO. I grant the FlHealth.gov power of attorney to access my first 5 years of medicare/social security records. I am on Social Security for joint issues, avascular necrosis, PTSD, Social Phobia, GAD. Now spinal stenosis and spinal disk degradation are added to the list.

I don't use "street drugs" as mentioned several times in the LCSO medical records. Medical marijuana and prescriptions filled at Walmart are not "street drugs". All of this is a lie, probably to secure funding or for some other improper motive.

False "street drug" information entered by the LCSO medical staff caused me to be place on "DETOX" for 10 days which prevented me from obtaining sleep medication for 10 days. Lies in medical records can cause injury. I once had a bogus allergy to penicillin sneak unto my records elsewhere and that led to my treatment with a lesser effective drug. False medical information is dangerous to the safety of the patient. During those first 10 days, I got 2-3 hours of sleep a night as a result of LCSO lies. Also felony abuse of a elderly disabled adult. See statute below.

Please do not hesitate to obtain the Social Security/medicare information related to the lies entered into my medical records. Power of attorney is granted to the Florida Department of Health and/or Ylonka Guzman Jimenez to obtain these records from the federal government.

Florida Statutes Title XLVI. Crimes § 825.102. Abuse, aggravated abuse, and neglect of an elderly person or disabled adult

(1) "Abuse of an elderly person or disabled adult" means:

(a) Intentional infliction of physical or psychological injury upon an elderly person or disabled adult;

(b) An intentional act that could reasonably be expected to result in physical or psychological injury to an elderly person or disabled adult; or

(c) Active encouragement of any person to commit an act that results or could reasonably be expected to result in physical or psychological injury to an elderly person or disabled adult.

A person who knowingly or willfully abuses an elderly person or disabled adult without causing great bodily harm, permanent disability, or permanent disfigurement to the elderly person or disabled adult commits a felony of the third degree, punishable as provided in s. 775.082 , s. 775.083 , or s. 775.084 .

(2) "Aggravated abuse of an elderly person or disabled adult" occurs when a person:

(a) Commits aggravated battery on an elderly person or disabled adult;

(b) Willfully tortures, maliciously punishes, or willfully and unlawfully cages, an elderly person or disabled adult; or

(c) Knowingly or willfully abuses an elderly person or disabled adult and in so doing causes great bodily harm, permanent disability, or permanent disfigurement to the elderly person or disabled adult.

A person who commits aggravated abuse of an elderly person or disabled adult commits a felony of the first degree, punishable as provided in s. 775.082 , s. 775.083 , or s. 775.084 .

(3)(a) "Neglect of an elderly person or disabled adult" means:

1. A caregiver's failure or omission to provide an elderly person or disabled adult with the care, supervision, and services necessary to maintain the elderly person's or disabled adult's physical and mental health, including, but not limited to, food, nutrition, clothing, shelter, supervision, medicine, and medical services that a prudent person would consider essential for the well-being of the elderly person or disabled adult; or

2. A caregiver's failure to make a reasonable effort to protect an elderly person or disabled adult from abuse, neglect, or exploitation by another person.

Neglect of an elderly person or disabled adult may be based on repeated conduct or on a single incident or omission that results in, or could reasonably be expected to result in, serious physical or psychological injury, or a substantial risk of death, to an elderly person or disabled adult.

(b) A person who willfully or by culpable negligence neglects an elderly person or disabled adult and in so doing causes great bodily harm, permanent disability, or permanent disfigurement to the elderly person or disabled adult commits a felony of the second degree, punishable as provided in s. 775.082 , s. 775.083 , or s. 775.084 .

(c) A person who willfully or by culpable negligence neglects an elderly person or disabled adult without causing great bodily harm, permanent disability, or permanent disfigurement to the elderly person or disabled adult commits a felony of the third degree, punishable as provided in s. 775.082 , s. 775.083 , or s. 775.084 .

Subject: Medical Board & Pharmacy Board Complaint # 201944590 & 201994592 against LCSO medical staff

Hi, I am writing to ascertain if more input from myself is required for the above board complaints.

Cutting my beta blockers 75% from 200 mg to 50 per day (with a less effective drug), when there was a recent hospitalization for transient ischemic attack (mini stroke) is not only unethical and a violation of medical norms (especially without initiating a physician / patient relationship) and blindly prescribing is abuse of a disabled adult. I have been on on SSDI for 10 years.

This is a felony in Florida and a federal civil rights crime (8th Amendment violation) punishable under federal civil rights crime statutes 18 USC 241, 242. Please refer this to the U.S. Attorney, the FDLE and the Florida and U.S. Attorney Generals. Thanks -- scott huminski

Florida Statutes Title XLVI. Crimes § 825.102. Abuse, aggravated abuse, and neglect of an elderly person or disabled adult

(1) "Abuse of an elderly person or disabled adult" means:

(a) Intentional infliction of physical or psychological injury upon an elderly person or disabled adult;

(b) An intentional act that could reasonably be expected to result in physical or psychological injury to an elderly person or disabled adult; or

(c) Active encouragement of any person to commit an act that results or could reasonably be expected to result in physical or psychological injury to an elderly person or disabled adult.

A person who knowingly or willfully abuses an elderly person or disabled adult without causing great bodily harm, permanent disability, or permanent disfigurement to the elderly person or disabled adult commits a felony of the third degree, punishable as provided in s. 775.082 , s. 775.083 , or s. 775.084 .

(2) "Aggravated abuse of an elderly person or disabled adult" occurs when a person:

(a) Commits aggravated battery on an elderly person or disabled adult;

(b) Willfully tortures, maliciously punishes, or willfully and unlawfully cages, an elderly person or disabled adult; or

(c) Knowingly or willfully abuses an elderly person or disabled adult and in so doing causes great bodily harm, permanent disability, or permanent disfigurement to the elderly person or disabled adult.

A person who commits aggravated abuse of an elderly person or disabled adult commits a felony of the first degree, punishable as provided in s. 775.082 , s. 775.083 , or s. 775.084 .

(3)(a) "Neglect of an elderly person or disabled adult" means:

1. A caregiver's failure or omission to provide an elderly person or disabled adult with the care, supervision, and services necessary to maintain the elderly person's or disabled adult's physical and mental health, including, but not limited to, food, nutrition, clothing, shelter, supervision, medicine, and medical services that a prudent person would consider essential for the well-being of the elderly person or disabled adult; or

2. A caregiver's failure to make a reasonable effort to protect an elderly person or disabled adult from abuse, neglect, or exploitation by another person.

Neglect of an elderly person or disabled adult may be based on repeated conduct or on a single incident or omission that results in, or could reasonably be expected to result in, serious physical or psychological injury, or a substantial risk of death, to an elderly person or disabled adult.

(b) A person who willfully or by culpable negligence neglects an elderly person or disabled adult and in so doing causes great bodily harm, permanent disability, or permanent disfigurement to the elderly person or disabled adult commits a felony of the second degree, punishable as provided in s. 775.082 , s. 775.083 , or s. 775.084 .

(c) A person who willfully or by culpable negligence neglects an elderly person or disabled adult without causing great bodily harm, permanent disability, or permanent disfigurement to the elderly person or disabled adult commits a felony of the third degree, punishable as provided in s. 775.082 , s. 775.083 , or s. 775.084 .

Subject: Missing Records: Medical Board & Pharmacy Board Complaint # 201944590 & 201994592

I noticed that in the brief medical intake that occurred after my 8 hours in solitary in a 55 degree room (I was barefoot and clothed in a light t-shirt and shorts) there was no taking of vitals reported. The reason was that I was becoming hypothermic from the 8 hours of solitary in a cell without bedding, only concrete and steel existed in the cell. Deliberately causing physical harm is an assault and battery. Please forward this to the FDLE and U.S. Attorney. My temperature after solitary was 97 which they took but did not disclose in the records the jail produced.

The name of the pharmacy or pharmacist was not provided in the records. I never received the proper literature with any medications provided, a pharmacy error, which would have prevented the Redman Syndrome that caused me medical harm. Had I received the proper paperwork, as regular pharmacies provide, I would have alerted the staff of a toxic medication and I would have refused the offending medication(s). The level of prescribing secrecy and lack of pharmacy information provided to the patient about the drugs dispensed caused the problem.

My blood pressure was taken at least 10 times and recorded by individuals who dispensed medications (I don't know their professional information) and these records were not supplied. They document my out of control blood pressure. Thank you. -- scott huminski

Subject: Records: Medical Board & Pharmacy Board Complaint # 201944590 & 201994592

Hello, They finally released my records. I still don't know the professions of any of the names provided, i.e. doctor, nurse, aid, pharmacy tech, etc..

I gave no consent to anyone to stop existing medications or to consent for new medications upon intake to the jail.

I was arrested at approximately 10:30 and got to the Jail at the below time, noon, and immediately was put in solitary for 8 hours as the medical records reflect. If one has diabetes, seizures or many other problems, this custom of warehousing patients for up to 8 hours with no medical information taken could prove deadly to persons with medical issues. During this initial solitary there was no inquiry if i had food allergies or special/religious food needs and i was provided a meal blindly -- bologna on white. This is dangerous. I was never consulted with by a doctor concerning the vast changes in my medicines or never asked if I had questions for a pharmacist when medicines were dispensed. Note the 7:58 time on the medical history documenting the solitary.

Booking #	Arrested	Status
	2019-02-12 11:54	**Released:** 2019-03-04 19:30

AMERICAN OVERSIGHT

897183

I don't know and never met Andrew Grey, I don't know if this person is a doctor, nurse, pharmacist, and they never mentioned to me they were taking me off medications I have been on for 22 years. My only history of withdrawal was when I ended gabapentin for spine pain and sciatica a year earlier.

Kathy Verdes lied about drug abuse when she stated i take "street drugs" and this contradicts the walmart prescriptions verified on 2/19/2019 which had a xanax prescription. (see attached) I never had this issue and never told her I did. Alprazolam, xanax has been prescribed to me for 22 years, I take it as directed.

Huminski was deprived of all morning medications on 2/27/19 per entry of Karen Hergal, this is common, to get 12 hour medications at far longer or shorter intervals than required. This happened to me many times. There are also an entry of "denies all" that did not happen. Ms. Hergal lied about a history with street drugs.

Prior to administering the first doses of new medications, if I was told they were stopping the treatment that worked well for 22 years, patient should be allowed a consult with a pharmacist or doctor on the new medications.

Note that after side effects from HCTZ (or clonidine) was noted, the toxins that caused Red Man Syndrome (that i was prescribed deltasone for), on 2/19/19 they re-prescribed the toxin and it was delivered to me for a day or two until I noticed problems and I had to interrogate the person dispensing the pills and i had to deny the toxin. My declining the toxin is also in the attached.

Although my blood pressure had been recorded 10 or so times, the report on 2/14/2019 had a blood pressure of 153/114 p 136, revealing the ineffective treatment plan without concern for patient's 22 year history of successful blood pressure management. This is dangerous. I feel symptoms of tightness in chest/anxiety/fear when my blood pressure soars without adequate medical intervention. Elevated blood pressure can cause organ damage, stroke, heart issues and more. This negatively impacted my anxiety issues because I thought I might die from the extremely high (for me) blood pressure.

See entry of 07/08/2019 [sic] (the date is probably around 2/16/2019) where i emphasize my 20 years of successful medications and relatively good health.

On or about 2/18/2019 i spoke to a female guard via the intercom system and explained that I was given medications that made me ill and required medical intervention, she rudely stated "don't take pills you're not supposed to". I explained the pills were started without me knowing. This is misconduct.

2/27/2019 Brian Medlin lied that i was on social security for drugs problems. I am on social security for joint issues (hips, knees) and for PTSD, Social phobia and generalized anxiety disorder.

In summation, this is the worst medical treatment I have received in my entire life and, at 60 this year, it is the first time I spent in jail. -- scott huminski

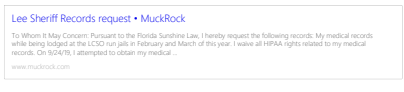
As you can see, the Sheriff is refusing to forward medical information because there are many problems with the medical treatment of patients at the Lee jail. I hereby grant the FL Health Department and their associated Medical and Pharmacy Boards power of attorney concerning my medical records being withheld by the sheriff. There are dangerous medical situations at the jail. Luckily, my experience wasn't fatal, the same might not be true in the future.

I have no knowledge of who the persons were dispensing the medication at the jail ... nurses, pharmacy techs, medical assistants, etc..



I waive all HIPAA rights/protections and my jail medical records may be posted online or shared by anyone to anyone at any time. Thank you.

The muckrock.com data didn't transmit correctly, here it is,

From: scott huminski
10/03/2019
From: Lee County Sheriff's Office
10/13/2019
Subject: Public Records Request :: P038030-100319
[data]
Dear scott huminski:

Lee County Sheriff's Office received a public records request from you on October 03, 2019. You requested the following:

" To Whom It May Concern:
Pursuant to the Florida Sunshine Law, I hereby request the following records:
My medical records while being lodged at the LCSO run jails in February and March of this year. I waive all HIPAA rights related to my medical records.
On 9/24/19, I attempted to obtain my medical records by inquiring at the 6 Mile Cypress LCSO location and at the lobby of the Ortiz Jail with no success.
In the alternative, please forward all documents/forms related to the procedure to gain access to these records. A medical provider refusing to supply requested medical records creates an actionable matter with the State medical board. Medical licenses may be revoked. Thank you. -- scott huminski
The requested documents will be made available to the general public, and this request is not being made for commercial purposes.
In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not.
Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 10 business days.
Sincerely,
scott huminski

Your request has been received and is being processed.
Please Note: All requests are completed in the order in which they are received. Additional information or clarification may be needed to fulfill your request. Failure to provide additional information or clarification within 10 business days will cause your request to be canceled and closed out. You will then be required to submit a new request.
Research-intensive requests may require more than 10 business days to fulfill and may require a paid deposit before the request can be fulfilled. All deposit invoices are due upon receipt. Release of information requires payment in full. Additionally, any further requests may not be considered until unpaid invoices are paid in full.
Please contact our office immediately once requested information is no longer needed. Payment for completed requests prior to cancellation is expected. If you wish to pick up the request, please contact us in advance.
While use of GovQA for public records requests is not mandatory, requests submitted outside of the GovQA portal may delay the receipt of requested information.
Sincerely,
Public Information Office / Central Records

--- Please respond above this line ---
Re: Public Records Request of October 03, 2019. Reference #: P038030-100319

Dear scott huminski:

Lee County Sheriff's Office received a request from you on October 03, 2019. You requested the following:
To Whom It May Concern:
Pursuant to the Florida Sunshine Law, I hereby request the following records:
My medical records while being lodged at the LCSO run jails in February and March of this year. I waive all HIPAA rights related to my medical records.
On 9/24/19, I attempted to obtain my medical records by inquiring at the 6 Mile Cypress LCSO location and at the lobby of the Ortiz Jail with no success.
In the alternative, please forward all documents/forms related to the procedure to gain access to these records. A medical provider refusing to supply requested medical records creates an actionable matter with the State medical board. Medical licenses may be revoked. Thank you. -- scott huminski
The requested documents will be made available to the general public, and this request is not being made for commercial purposes.
In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not.
Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 10 business days.
Sincerely,
scott huminski

Subject: IAIL Medical Board & Pharmacy Board Complaint # 201944146

Hello, I am in receipt of your letter of 10/11/2019.

The sheriff has ordered the medical staff to not supply various medications that are medically appropriate and necessary for patients. Thus, loyalty to the sheriff and his rules has trumped the medical staff's proper handling of the cases and limitations of FDA approved medications that can be prescribed to patients lodged at the sheriff's facilities pursuant to policies and procedures mandated by the sheriff. A potential case of unauthorized practice of medicine by the sheriff via his control over the doctors and medical staff working for him in Fort Myers. I consider the handling of my medical records request beginning with in-person visits on 9/24/2019 obstruction of justice related to the medical and pharmacy boards potential investigation into medical care at the Lee jails.

Allowing a sheriff to determine what medications can be prescribed by tying the hands of licensed medical professionals is corrupt. Solitary confinement without inquiring into the medical situation is a violation of medical ethics and norms. Withholding access to a physician for 5-7 days after blindly prescribing incorrect and outright toxic medications is a violation of medical ethics and professional guidelines. All persons lodged at these jails should have an immediate consultation with a physician to establish a proper patient - physician relationship, prior to prescribing, to save lives and maintain health.

The sheriff's office wrote as follows (see below) concerning (1) my attempt to obtain my medical records followed by (2) his classification of my 2nd request as a duplicate and finally (3) my request via the muckrock.com website which remains pending. I ask that you expedite this matter to avoid further medical harm to persons lodged in the Lee jails whereby doctors are prohibited from freely and without interference allowed to engage in the practice of medicine pursuant to their training and experience free of interference from the sheriff or his policies and procedures. -- scott huminski

Subject: Re: Medical Board & Pharmacy Board Complaint - supplement

Attached please find a form I just received. Apparently there is a company involved in this somehow. Correctional Medical Group Companies. I don't know if they were my medical provider or the sheriff's department.

I note that the personnel who dispensed the medications daily had no name tags and did not identify themselves as employees or subcontractors of any company. -- scott huminski

AMERICAN OVERSIGHT

In The

Florida Board of Medicine / Florida Board of Pharmacy

Lee County, SS.

SCOTT HUMINSKI, COMPLAINANT	)
	)
Respondents,	)
MEDICAL PROVIDER/EMPLOYER,	)
LEE COUNTY SHERIFF'S OFFICE	)
JANE/JOHN DOES, M.D.	)

Complaint / Affidavit of Scott Huminski

NOW COMES, Scott Huminski ("Huminski"), and, under oath, hereby states, swears, complains and deposes as follows,

1) Twenty two years ago Huminski was prescribed Toprol ER for blood pressure and alprazolam for anxiety. Huminski has been on these medications to the present except when he was under the medical care of the Lee County Sheriff's Office ("LCSO") and their medical staff.
2) Prior to being placed on Toprol ER, Huminski tried diuretics and had severe side effects including Red Man Syndrome.
3) Huminski was arrested and lodged at the LCSO jails for 20 days in February and March of 2019 for failing to pay a fine for contempt of court.

AMERICAN OVERSIGHT

4) Upon arrest, Huminski was brought to jail and immediately put in solitary confinement without regard for his medical needs. After 8 hours in solitary, Huminski was interviewed by LCSO staff and Huminski supplied a list of his medications including alprazolam, Toprol ER and Lovaza..

5) LCSO chose to discontinue Huminski's medications without notifying him, without consent and without an interview/consultation by a physician.

6) Huminski had no contact with a Doctor until 5-7 days into his lodging with the LCSO, yet, all his medications were changed without seeing a doctor and without an inquiry into Huminski's medical history.

7) In the past Huminski had tried to substitute Metoprolol Succinate (Toprol ER), with Metoprolol Tartrate (Lopressor), a much more affordable medicine. Huminski found the Lopressor not effective and his private doctor advised the long-acting Toprol ER was superior.

8) Throughout his care under the LCSO and their Medical Doctor, Huminski's blood pressure soared for weeks until he finally was supplied Toprol ER. Huminski gets anxiety symptoms and an uncomfortable feeling in his chest when his blood pressure soars, which is what happened with the LCSO handling his health care.

9) For the first week of lodging with the LCSO, Huminski was given medications in a small dixie cup which Huminski presumed included medications he had been taking for the last 22 years and he was not

AMERICAN OVERSIGHT

informed that his medications had been stopped and/or modified without his consent or knowledge.

10) Along with soaring blood pressure, Huminski began experiencing symptoms of Red Man Syndrome over his entire body and eventually all his skin peeled off in a manner similar to sunburn.

11) Huminski, suspecting he was given medications that were ineffective or outright toxic to him, began to ask the nurse what the medications were and as it turns out he was told one medication was a "water pill" which Huminski still does not know the specific medication although he knows not to take this family of medicines from past experience and, similarly Huminski knew he had to take Toprol ER not Lopressor for his high blood pressure. Because of a refusal of the medical staff to inform patients of medication changes, potentially deadly results may occur at LCSO facilities.

12) Huminski began refusing the medication that had proven toxic to him in the past, but, knowing of this toxicity, the LCSO kept trying to dispense to him doses of the toxin.

13) Huminski believes the secrecy of the LCSO medical staff in not advising him that his medications were being withheld and that he was getting new medicines caused his soaring blood pressures and Red Man Syndrome. If a new medication plan was suggested to Huminski, he would have advised his physician of the problems with the new medications that he knew from past experiences.

AMERICAN OVERSIGHT

14) When Huminski saw a female physician at 5-7 days at the LCSO facility, he was prescribed a corticosteroid to relieve his Red Man symptoms although the diuretics were still provided to him which he had to continue to refuse. This is after he told the physician of his history with these medications.

15) Huminski believes no prescribing changes should be made without a doctor's consultation and a medical history taken to avoid side effects or allergies with medicines secretly provided to individuals. Even consultation by telephone with a physician would have eliminated these medical errors and provided the necessary medical history.

16) Huminski does not know the identity of the doctor(s) involved in his medical situation with the LCSO and his direct oral request for his records from the LCSO M.D. was refused.

17) On 9/24/19 Huminski attempted to get his medical records from the LCSO by visiting two LCSO locations without success.

18) Huminski has filed a freedom of information request to the LCSO to obtain his medical records and he is awaiting a response. See link, https://www.muckrock.com/foi/lee-county-36/lee-sheriff-records-request-81140/

19) Both the pharmacists and doctors involved with the LCSO know that new residents with LCSO do not get any consultation with a M.D. prior to initial prescribing of medicines or discontinuing medicines.

20) Although Huminski may or may not have had symptoms related to the sudden stopping of alprazolam, its clear from just looking at the

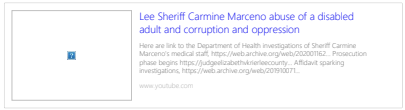
Subject: Request for ADA advocate or victim's advocate re: pending DOH investigations & filings

If allowed, I would like to request appointment of an ADA advocate or victim's advocate regarding the DOH matters pending concerning the medical staff of the Lee Sheriff. As always, all expression from myself is core protected political expression afforded the highest level of protection under the First Amendment.

Here are my recent filings in the 2 DCA that may be of relevance to the DOH investigations.



The entire matter that led up to the DOH issues and associated crimes against me perpetrated by the sheriff was an unlawful and unconstitutional sham. See filings,

https://edca.2dca.org/DcaDocs/2020/0650/2020-650_Motion_405264_MO45202D20Motion20for20Appointment20of20Counsel.pdf

https://judgeelizabethkrierleecountyflcorruption.files.wordpress.com/2017/06/motion-to-refer-contempt-to-fl-sup-ct-merged.pdf

Below is music I recently released concerning the crime and corruption experienced in Lee County, more selections are on youtube under, my band, Scott X and the Constitution Commandos. I rely heavily upon the First Amendment to hopefully end the official corruption and crime in Lee County.

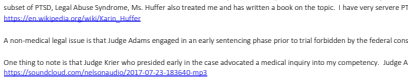
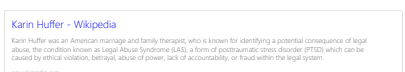
Subject: 2 attorneys attempt to undermine the ADA accommodation plans of a medical provider

Unfortunately one is my appellate attorney the other is an Assistant Attorney General.

Please consider this as a complaint regarding unauthorized practice of medicine by
Judge James Adams and possibly these 2 attorneys.



This conduct borders on the unauthorized practice of medicine and these two attorneys provide content that can only be provided by a medical expert in a court proceeding.

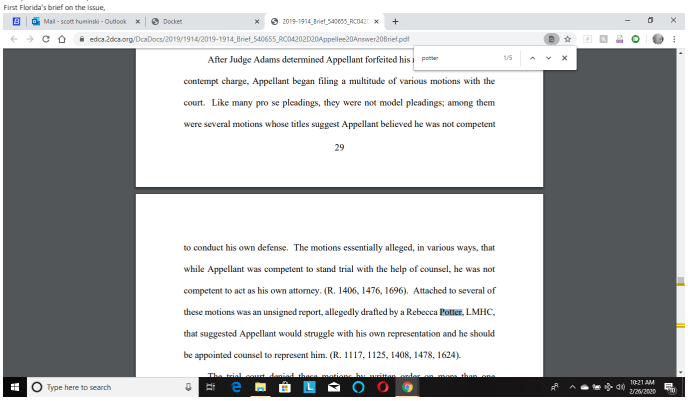


They try to undermine the ADA treatment plan to allow the various officials involved in this matter to continue to refuse ADA accommodations to the disabled. The purpose of the the lies of these 2 attorneys is to get a Court to negate or declare the ADA plan as forgery or a fraud. They are trying to create case law to prejudice the disabled in FLorida and/or trying to get an appellate court to disregard the ADA plan.

Rebecca Potter is the LMHC who authored the ADA accommodations plan, I was her patient and she also served as my ADA advocate. Also detailed is the conduct of Judge Adams acting as a medical expert in the case and trumping the genuine and legitimate findings and recommendations of a licensed medical professional who was trained by Doctor Karin Huffer who original set fort a subset of PTSD, Legal Abuse Syndrome, Ms. Huffer also treated me and has written a book on the topic. I have very servere PTSD/LAS.
https://en.wikipedia.org/wiki/Karin_Huffer

A non-medical legal issue is that Judge Adams engaged in an early sentencing phase prior to trial forbidden by the federal constitution, the judge can not address sentencing without the facts introduced at trial.

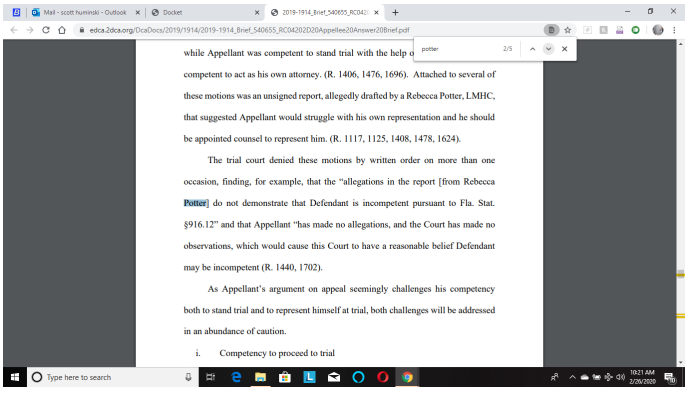
One thing to note is that Judge Krier who presided early in the case advocated a medical inquiry into my competency. Judge Adams without jurisdiction to do so over-ruled this important statement of Judge Krier.
https://soundcloud.com/nelsonaudio/2017-07-23-183640-mp3



Here is the poorly written brief of my so-called lying appellate attorney.
https://edca.2dca.org/DcaDocs/2019/1914/2019-1914_Brief_535422_BC032020D20Initial20Appellant20Brief20on20Merits.pdf

Here is the brief of AAG Alper lying about the ADA plan and being less that truthful in other areas,
https://edca.2dca.org/DcaDocs/2019/1914/2019-1914_Brief_540655_BC042020D20Appellee20Answer20Brief.pdf

AMERICAN OVERSIGHT

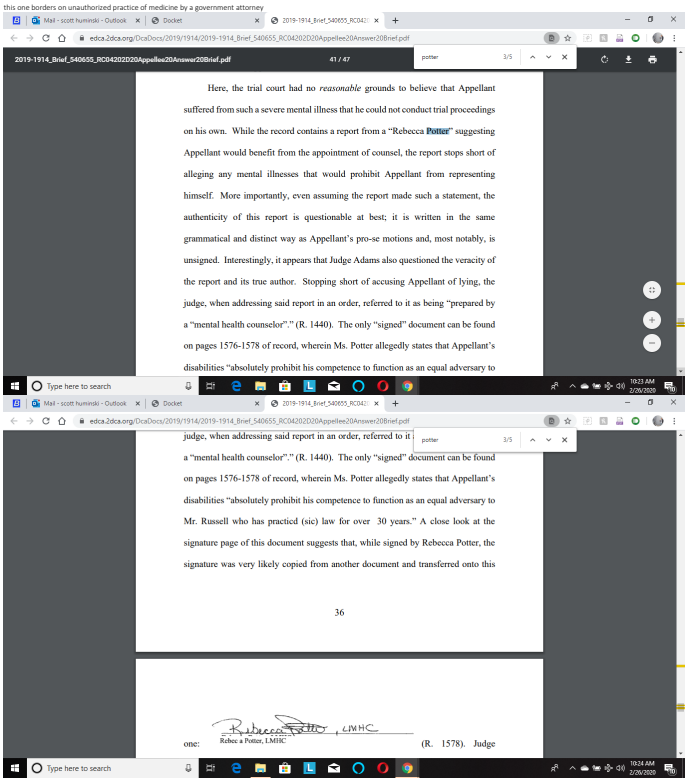


excerpts from the 2 briefs,
First Florida's brief on the issue,

After Judge Adams determined Appellant forfeited his
contempt charge, Appellant began filing a multitude of various motions with the
court. Like many pro se pleadings, they were not model pleadings; among them
were several motions whose titles suggest Appellant believed he was not competent

29

to conduct his own defense. The motions essentially alleged, in various ways, that
while Appellant was competent to stand trial with the help of counsel, he was not
competent to act as his own attorney. (R. 1406, 1476, 1696). Attached to several of
these motions was an unsigned report, allegedly drafted by a Rebecca Potter, LMHC,
that suggested Appellant would struggle with his own representation and he should
be appointed counsel to represent him. (R. 1117, 1125, 1408, 1478, 1624).



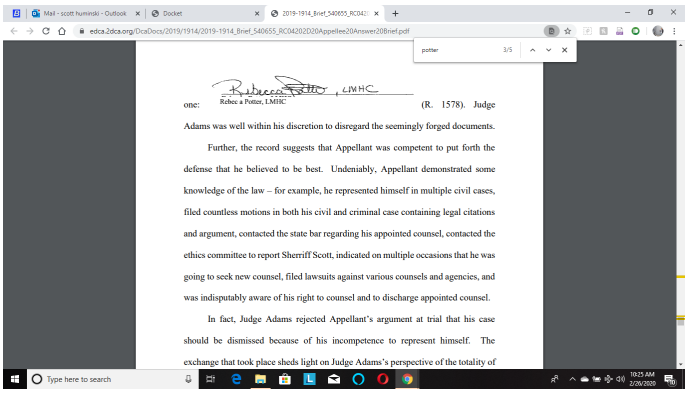
while Appellant was competent to stand trial with the help o
competent to act as his own attorney. (R. 1406, 1476, 1696). Attached to several of
these motions was an unsigned report, allegedly drafted by a Rebecca Potter, LMHC,
that suggested Appellant would struggle with his own representation and he should
be appointed counsel to represent him. (R. 1117, 1125, 1408, 1478, 1624).

The trial court denied these motions by written order on more than one
occasion, finding, for example, that the "allegations in the report [from Rebecca
Potter] do not demonstrate that Defendant is incompetent pursuant to Fla. Stat.
§916.12" and that Appellant "has made no allegations, and the Court has made no
observations, which would cause this Court to have a reasonable belief Defendant
may be incompetent (R. 1440, 1702).

As Appellant's argument on appeal seemingly challenges his competency
both to stand trial and to represent himself at trial, both challenges will be addressed
in an abundance of caution.

i. Competency to proceed to trial

this one borders on unauthorized practice of medicine by a government attorney



Here, the trial court had no *reasonable* grounds to believe that Appellant
suffered from such a severe mental illness that he could not conduct trial proceedings
on his own. While the record contains a report from a "Rebecca Potter" suggesting
Appellant would benefit from the appointment of counsel, the report stops short of
alleging any mental illnesses that would prohibit Appellant from representing
himself. More importantly, even assuming the report made such a statement, the
authenticity of this report is questionable at best; it is written in the same
grammatical and distinct way as Appellant's pro-se motions and, most notably, is
unsigned. Interestingly, it appears that Judge Adams also questioned the veracity of
the report and its true author. Stopping short of accusing Appellant of lying, the
judge, when addressing said report in an order, referred to it as being "prepared by
a "mental health counselor"." (R. 1440). The only "signed" document can be found
on pages 1576-1578 of record, wherein Ms. Potter allegedly states that Appellant's
disabilities "absolutely prohibit his competence to function as an equal adversary to

judge, when addressing said report in an order, referred to it

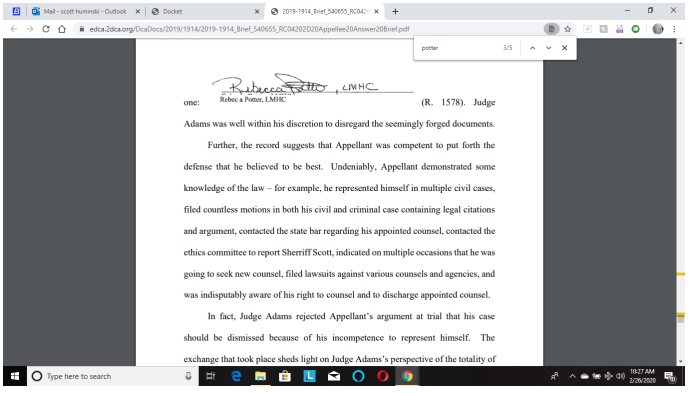
on pages 1576-1578 of record, wherein Ms. Potter allegedly states that Appellant's
disabilities "absolutely prohibit his competence to function as an equal adversary to
Mr. Russell who has practiced (sic) law for over 30 years." A close look at the
signature page of this document suggests that, while signed by Rebecca Potter, the
signature was very likely copied from another document and transferred onto this

36

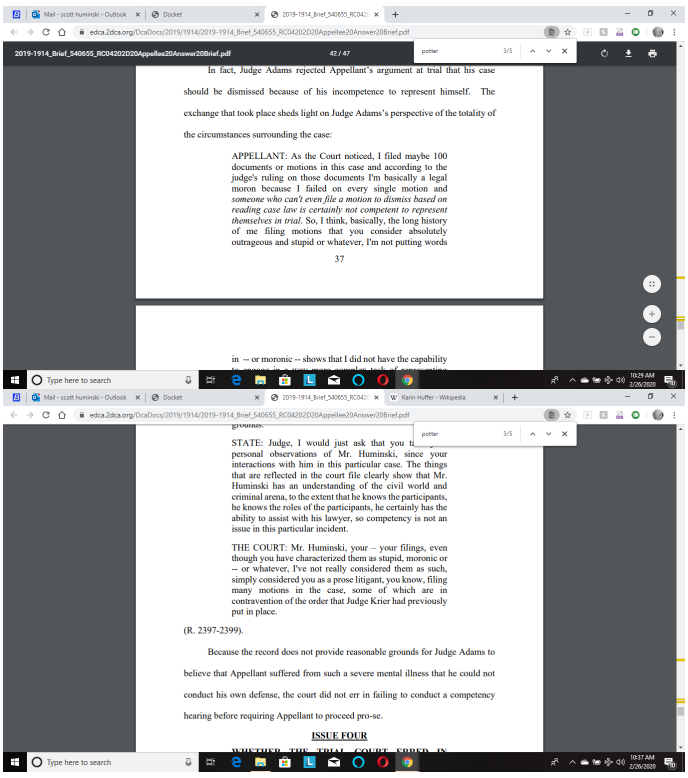
one: Rebeca Potter, LMHC (R. 1578). Judge



AMERICAN OVERSIGHT

one: Rebeca Potter, LMHC (R. 1578). Judge Adams was well within his discretion to disregard the seemingly forged documents.

Further, the record suggests that Appellant was competent to put forth the defense that he believed to be best. Undeniably, Appellant demonstrated some knowledge of the law – for example, he represented himself in multiple civil cases, filed countless motions in both his civil and criminal case containing legal citations and argument, contacted the state bar regarding his appointed counsel, contacted the ethics committee to report Sherriff Scott, indicated on multiple occasions that he was going to seek new counsel, filed lawsuits against various counsels and agencies, and was indisputably aware of his right to counsel and to discharge appointed counsel.



In fact, Judge Adams rejected Appellant's argument at trial that his case should be dismissed because of his incompetence to represent himself. The exchange that took place sheds light on Judge Adams's perspective of the totality of

one: Rebeca Potter, LMHC (R. 1578). Judge Adams was well within his discretion to disregard the seemingly forged documents.

Further, the record suggests that Appellant was competent to put forth the defense that he believed to be best. Undeniably, Appellant demonstrated some knowledge of the law – for example, he represented himself in multiple civil cases, filed countless motions in both his civil and criminal case containing legal citations and argument, contacted the state bar regarding his appointed counsel, contacted the ethics committee to report Sherriff Scott, indicated on multiple occasions that he was going to seek new counsel, filed lawsuits against various counsels and agencies, and was indisputably aware of his right to counsel and to discharge appointed counsel.

In fact, Judge Adams rejected Appellant's argument at trial that his case should be dismissed because of his incompetence to represent himself. The exchange that took place sheds light on Judge Adams's perspective of the totality of

In fact, Judge Adams rejected Appellant's argument at trial that his case should be dismissed because of his incompetence to represent himself. The exchange that took place sheds light on Judge Adams's perspective of the totality of the circumstances surrounding the case:

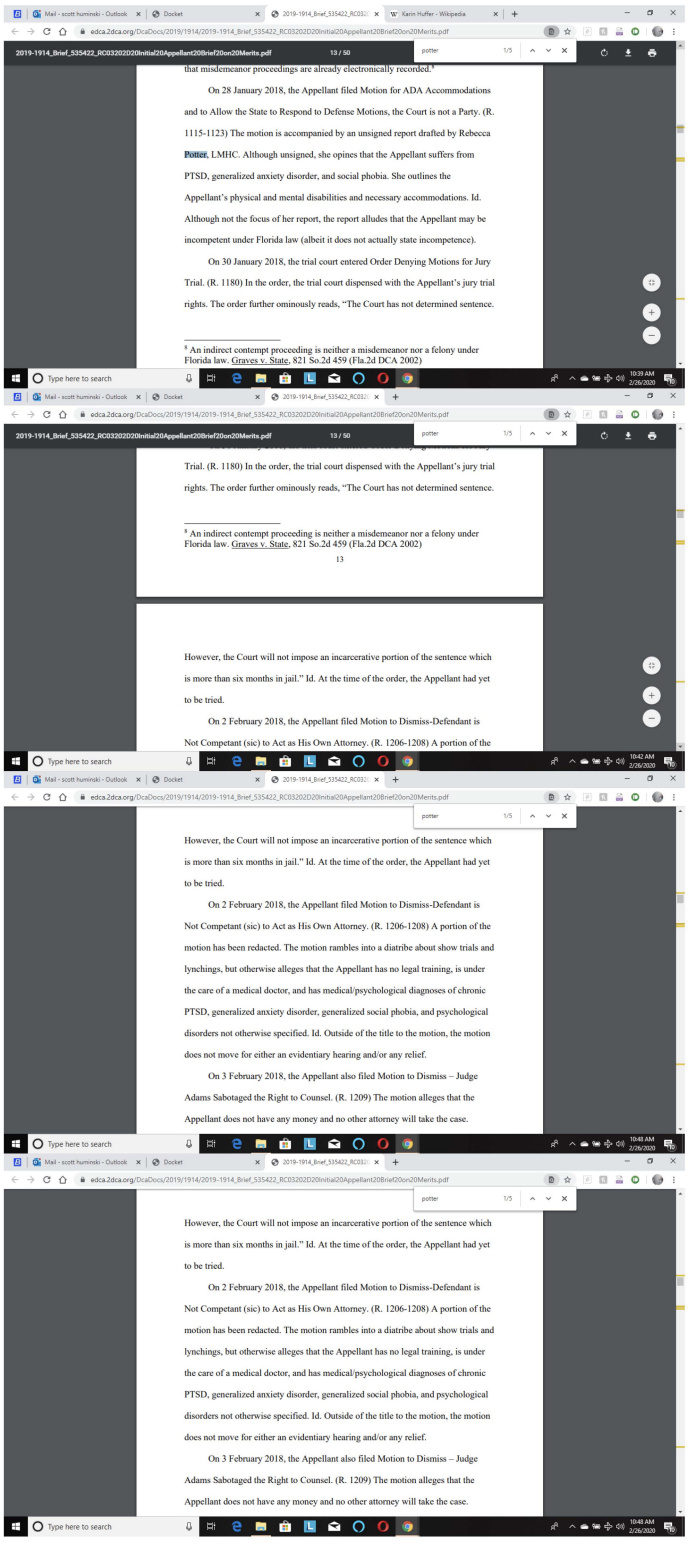
> APPELLANT: As the Court noticed, I filed maybe 100 documents or motions in this case and according to the judge's ruling on those documents I'm basically a legal moron because I failed on every single motion and *someone who can't even file a motion to dismiss based on reading case law is certainly not competent to represent themselves in trial*. So, I think, basically, the long history of me filing motions that you consider absolutely outrageous and stupid or whatever, I'm not putting words

37

in -- or moronic -- shows that I did not have the capability

STATE: Judge, I would just ask that you t… personal observations of Mr. Huminski, since your interactions with him in this particular case. The things that are reflected in the court file clearly show that Mr. Huminski has an understanding of the civil world and criminal arena, to the extent that he knows the participants, he knows the roles of the participants, he certainly has the ability to assist with his lawyer, so competency is not an issue in this particular incident.

> THE COURT: Mr. Huminski, your – your filings, even though you have characterized them as stupid, moronic or -- or whatever, I've not really considered them as such, simply considered you as a prose litigant, you know, filing many motions in the case, some of which are in contravention of the order that Judge Krier had previously put in place.



(R. 2397-2399).

Because the record does not provide reasonable grounds for Judge Adams to believe that Appellant suffered from such a severe mental illness that he could not conduct his own defense, the court did not err in failing to conduct a competency hearing before requiring Appellant to proceed pro-se.

ISSUE FOUR

Excerpts from brief of Anthony Candela, esq.

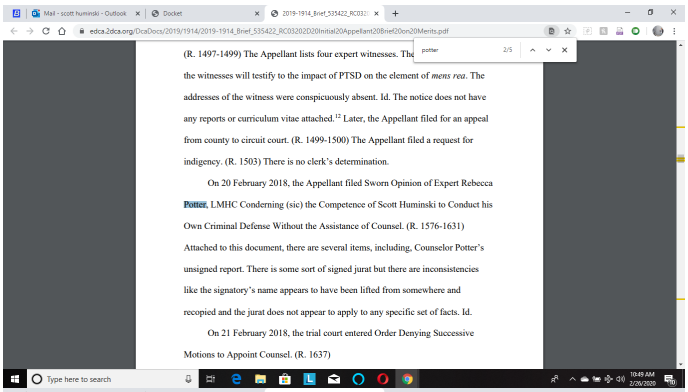
AMERICAN OVERSIGHT

that misdemeanor proceedings are already electronically recorded.[8]

On 28 January 2018, the Appellant filed Motion for ADA Accommodations and to Allow the State to Respond to Defense Motions, the Court is not a Party. (R. 1115-1123) The motion is accompanied by an unsigned report drafted by Rebecca Potter, LMHC. Although unsigned, she opines that the Appellant suffers from PTSD, generalized anxiety disorder, and social phobia. She outlines the Appellant's physical and mental disabilities and necessary accommodations. Id. Although not the focus of her report, the report alludes that the Appellant may be incompetent under Florida law (albeit it does not actually state incompetence).

On 30 January 2018, the trial court entered Order Denying Motions for Jury Trial. (R. 1180) In the order, the trial court dispensed with the Appellant's jury trial rights. The order further ominously reads, "The Court has not determined sentence.

[8] An indirect contempt proceeding is neither a misdemeanor nor a felony under Florida law. Graves v. State, 821 So.2d 459 (Fla.2d DCA 2002)

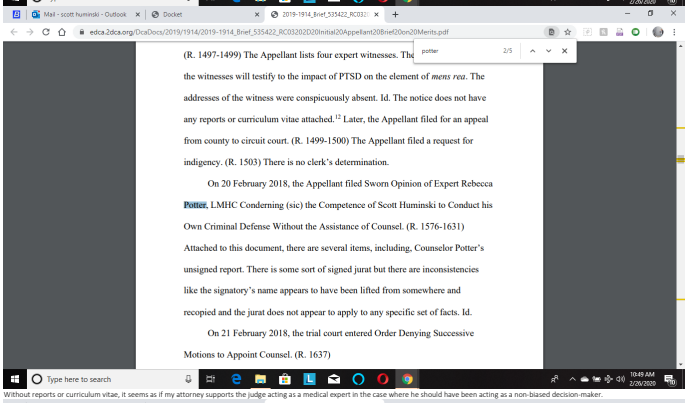


13

However, the Court will not impose an incarcerative portion of the sentence which is more than six months in jail." Id. At the time of the order, the Appellant had yet to be tried.

On 2 February 2018, the Appellant filed Motion to Dismiss-Defendant is Not Competant (sic) to Act as His Own Attorney. (R. 1206-1208) A portion of the motion has been redacted. The motion rambles into a diatribe about show trials and lynchings, but otherwise alleges that the Appellant has no legal training, is under the care of a medical doctor, and has medical/psychological diagnoses of chronic PTSD, generalized anxiety disorder, generalized social phobia, and psychological disorders not otherwise specified. Id. Outside of the title to the motion, the motion does not move for either an evidentiary hearing and/or any relief.

On 3 February 2018, the Appellant also filed Motion to Dismiss – Judge Adams Sabotaged the Right to Counsel. (R. 1209) The motion alleges that the Appellant does not have any money and no other attorney will take the case.

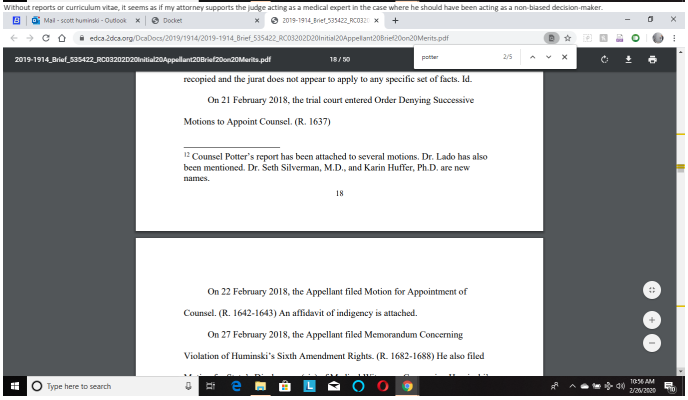


AMERICAN OVERSIGHT

(R. 1497-1499) The Appellant lists four expert witnesses. The
the witnesses will testify to the impact of PTSD on the element of *mens rea*. The addresses of the witness were conspicuously absent. Id. The notice does not have any reports or curriculum vitae attached.[12] Later, the Appellant filed for an appeal from county to circuit court. (R. 1499-1500) The Appellant filed a request for indigency. (R. 1503) There is no clerk's determination.

On 20 February 2018, the Appellant filed Sworn Opinion of Expert Rebecca Potter, LMHC Conderning (sic) the Competence of Scott Huminski to Conduct his Own Criminal Defense Without the Assistance of Counsel. (R. 1576-1631) Attached to this document, there are several items, including, Counselor Potter's unsigned report. There is some sort of signed jurat but there are inconsistencies like the signatory's name appears to have been lifted from somewhere and recopied and the jurat does not appear to apply to any specific set of facts. Id.

On 21 February 2018, the trial court entered Order Denying Successive Motions to Appoint Counsel. (R. 1637)



(R. 1497-1499) The Appellant lists four expert witnesses. The
the witnesses will testify to the impact of PTSD on the element of *mens rea*. The addresses of the witness were conspicuously absent. Id. The notice does not have any reports or curriculum vitae attached.[12] Later, the Appellant filed for an appeal from county to circuit court. (R. 1499-1500) The Appellant filed a request for indigency. (R. 1503) There is no clerk's determination.

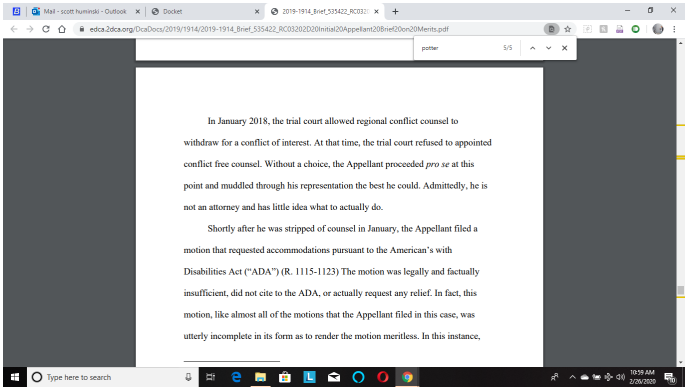
On 20 February 2018, the Appellant filed Sworn Opinion of Expert Rebecca Potter, LMHC Conderning (sic) the Competence of Scott Huminski to Conduct his Own Criminal Defense Without the Assistance of Counsel. There is some sort of signed jurat but there are inconsistencies like the signatory's name appears to have been lifted from somewhere and recopied and the jurat does not appear to apply to any specific set of facts. Id.

On 21 February 2018, the trial court entered Order Denying Successive Motions to Appoint Counsel. (R. 1637)

Without reports or curriculum vitae, it seems as if my attorney supports the judge acting as a medical expert in the case where he should have been acting as a non-biased decision-maker.

recopied and the jurat does not appear to apply to any specific set of facts. Id.

On 21 February 2018, the trial court entered Order Denying Successive Motions to Appoint Counsel. (R. 1637)

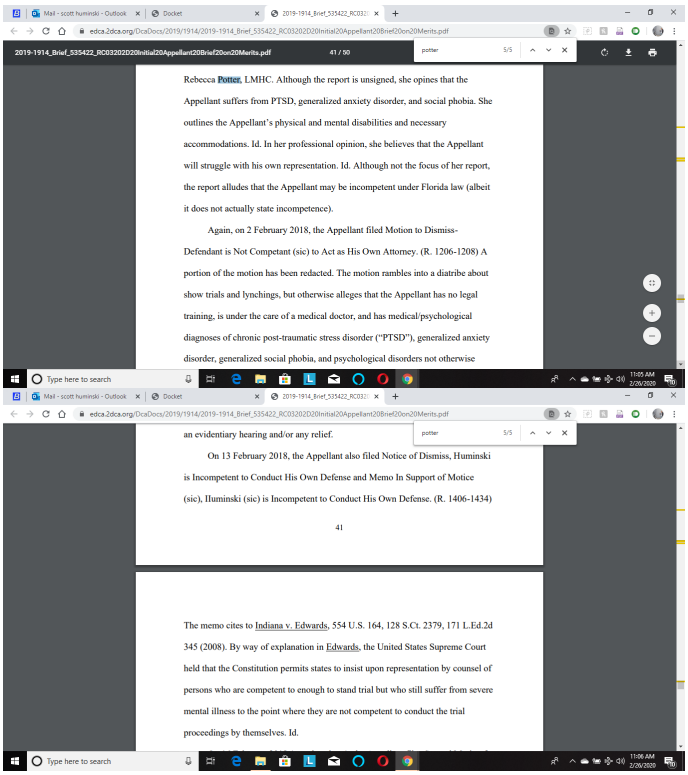


[12] Counsel Potter's report has been attached to several motions. Dr. Lado has also been mentioned. Dr. Seth Silverman, M.D., and Karin Huffer, Ph.D. are new names.

18

On 22 February 2018, the Appellant filed Motion for Appointment of Counsel. (R. 1642-1643) An affidavit of indigency is attached.

On 27 February 2018, the Appellant filed Memorandum Concerning Violation of Huminski's Sixth Amendment Rights. (R. 1682-1688) He also filed



Note the next page appears as if it was drafted by a nasty government attorney - no, my so-called attorney

In January 2018, the trial court allowed regional conflict counsel to withdraw for a conflict of interest. At that time, the trial court refused to appointed conflict free counsel. Without a choice, the Appellant proceeded *pro se* at this point and muddled through his representation the best he could. Admittedly, he is not an attorney and has little idea what to actually do.

Shortly after he was stripped of counsel in January, the Appellant filed a motion that requested accommodations pursuant to the American's with Disabilities Act ("ADA") (R. 1115-1123) The motion was legally and factually insufficient, did not cite to the ADA, or actually request any relief. In fact, this motion, like almost all of the motions that the Appellant filed in this case, was utterly incomplete in its form as to render the motion meritless. In this instance,

AMERICAN OVERSIGHT

Although there are big problems here, the worst issue is

JUDGE ADAMS ACTED AS A EXPERT MEDICAL WITNESS IN THE CASE TRUMPING THE REAL MEDICAL OPINIONS OF A MEDICAL PROVIDER

THIS IS THE UNAUTHORIZED PRACTICE OF MEDICINE WITH INTENT TO DO HARM UPON A COMPLETELY DISABLED CITIZEN

Subject: One question for medical practitioners

Is a person more likely to die when his blood pressure medications that he had been on for 22 years are abruptly ended than just staying on the medications prescribed by medical doctors for 22 years with great success? Seems like there are two questions, are nurses in florida allowed to over-ride medications and treatments prescribed by an M.D., I hope not to prevent this scenario happening elsewhere in the State.

These nurses made a finding that my doctor had erred and all my doctors prior were clueless as well. Its not the doctors, its prison nurses.

If the answer to question 1 is yes, the nurses may qualify for attempted murder charges as may others involved in this matter. If they are still practicing medicine the public is at risk. Does the Sheriff still employ these nurses or are they harming another community?

Subject: FL AAG concedes statutory misdemeanor fines/fees were illegal

Which caused my incarceration for being poor and when no legal fine or fee existed.

Page 10 of gov't brief link below,

"Appellee concedes that imposition of the cost of prosecution was improper because contempt is a common law crime and the statutes governing contempt do not explicitly allow for the cost of prosecution to be imposed." AAG Chelsea Alper, esq..

The government brief is here. She conceded one fine/fee was illegal, when in reality, all fines and fees were illegal by the AAG's logic and correct interpretation of FL law.

AMERICAN OVERSIGHT

Here is her full brief, the gov't and my own attorney seem to derive pleasure from insulting me.
https://edca.2dca.org/DcaDocs/2019/1914/201914_Brief_540655_BC04202D20Appellee20Answer20Brief.pdf

My main fear is: how many citizens have been abused like this and how many more will face corporal punishment and torture for being too poor to afford to pay fines/fees that are patently illegal, not supported by any FL law.

Thanks, --scott huminski

Subject: Re: Huminski arrest and incarceration completely illegal

Judge Adams knew I was indigent and filed bankruptcy. Knowing this, at trial, after my 3 weeks of incarceration, he found me guilty of not being able to afford the fees. NOT A CRIME. No, zero, evidence was proffered at trial supported a conviction. Violation of probation, not paying fines and fees is only justified by evidence that one has the ability to pay. In the United States, there is no debtor's prison, as Judge Adams seems to believe.

Violation of probation is a separate crime, so "conviction" could be entered on this offense, but, only if the violation was the product of refusal to pay, NOT being indigent and unable to pay.

Here's a good explanation by a FL attorney. You can not be convicted because you are poor. This is inhumane and a human rights violation. It is incredibly corrupt down here.

"Under Florida law, a violation of probation occurs when a defendant *willfully* and *substantially* fails to comply with the terms and conditions of his or her probationary sentence. Whether a violation was both willful and substantial in nature depends on the facts of each individual case and must be proven by state by the "greater weight of the evidence." State v. Melton, 65 So. 3d 96, 97 (Fla. 1st DCA 2011); Thompson v. State, 890 So. 2d 382, 383 (Fla. 2d DCA 2004)." (in Florida v. Huminski, probation violation case, Florida proffered zero evidence to support their allegations and I didn't admit to anything except being behind on the unlawful debt).

The conviction was incredibly illegal. Welcome to lee county, perhaps this conduct is happening in a county named after a confederate general who fought to preserve slavery to be true to the namesake. Slavery and the torture and other crimes in the instant matter share similar corrupt and inhumane characteristics.

Subject: Huminski arrest and incarceration completely illegal

Hi DOH,

The crimes related to felony abuse of a disabled person began at the first hearing with Judge Krier in 2017, she colluded with Judge Adams to illegally move the case to county court because it was a so-called "misdemeanor", absolutely false see below emails detailing that contempt in most State's, including Florida and in federal court is a "*sui generis* common law offense". At the below link there are many cases from every DCA in Florida and from the FL Supreme Court.

https://scholar.google.com/scholar?hl=en&as_sdt=40006&q=contempt+sui+generis+florida&oq=sui

Every fine and fee that caused my incarcerated for not paying were illegal and unlawful.

Note the below correctly revealing that the arrest, torture and incarceration that led to the felony abuse of a disabled adult by the sheriff was completely illegal. Just simple google searches by a non-legal practitioner reveal incredibly bad motives, a frivolous prosecution and pure evil abuse of government power to advance a corrupt agenda. Ms. Alper is the Attorney General's attorney who is pursuing this wrongful agenda. The AG's office wants to cover this up, luckily they can not cover up for the sheriff's nurses. -- scott

Subject: Re: Ms. Alper stop your collections activities while appeal is pending

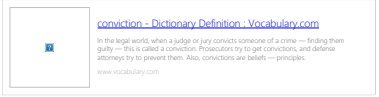
Here's a break down of the fees and fines illegally charged by Judge Adams that caused my incarceration and felony abuse of a disabled adult by the sheriff. The arrest and incarceration was completely unlawful.

I was incarcerated and tortured by the sheriff and his staff for not paying completely illegal fines and fees and then summarily convicted for a probation violation for not paying the illegal fines and fees by Judge Adams. He is a danger to society. I did pay the $300 in probation fees because if I didn't the arrest warrant would have issued sooner and $50 a month was manageable.

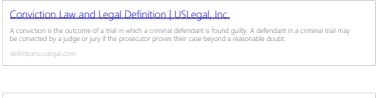
Fine $500 under 775.083 **(e) $500, when the conviction is of a misdemeanor of the second degree or a noncriminal violation.**

Illegal for a sui generis common law offense, not a conviction, a judgment was rendered on a common law offense.

noun



1. **a formal declaration that someone is guilty of a criminal offense, made by the verdict of a jury or the decision of a judge in a court of law.**



Also found in: Dictionary, Thesaurus, Acronyms, Idioms, Encyclopedia, Wikipedia.
Related to conviction: jack conviction

Conviction

The outcome of a criminal prosecution which concludes in a judgment that the defendant is guilty of the crime charged. The juncture of a criminal proceeding during which the question of guilt is ascertained. In a case where the perpetrator has been adjudged guilty and sentenced, a record of the summary proceedings brought pursuant to any penal statute before one or more justices of the peace or other properly authorized persons.

https://www.law.cornell.edu/wex/conviction
https://definitions.uslegal.com/c/conviction/
https://www.vocabulary.com/dictionary/conviction

$25 5% surcharge 938.04 **Additional cost with respect to criminal fines.**

Illegal, a sui generis contempt offense is not a statutory criminal offense

$220 court costs (crime stoppers, crime prevention)

Illegal, a sui generis contempt offense is not a statutory criminal offense

$50 **Florida Statutes 938.27** – Judgment for costs of prosecution and investigation.

Illegal, a sui generis contempt offense is not a statutory criminal offense

Subject: Ms. Alper stop your collections activities while appeal is pending

Continuing to badger me for fines and fees (including a bogus misdemeanor fee) is fraud and illegal.

AMERICAN OVERSIGHT

First the case involves a sui generis common law offense, not a misdemeanor, the fee is illegal.

This is the case law in most States including florida and in the federal system. Here's the results of a simple google search, have you done this search yet? See Ballengee below ("It is **sui generis** and is not, therefore, a crime ..."), it is un-defensible to charge criminal fines/fees for a non-crime. Just plain crazy, the state of the courts in the 20th circuit and lee county. Insanity. -- scott

Subject: Lee Sheriff refuses Sunshine Law request and refuses all law enforcement services to resident of Lee County

My disabilities and extreme fear of being subjected to torture again by the Lee Sheriff only permit my communication with law enforcement via email which the sheriff prohibited. Judge Adams' orders prohibited LCSO contact already (all parties to the civil or criminal cases) and prohibits communication with Florida. Mr. Holloway did not have to repeat the words of Judge Adams just to harass, terrorize, harm and injure. NO CONTACT OR COMMUNICATION, I get it.

The only reason I felt confident in contacting the DOH is because Medical Doctors are not known for the same kind of Neanderthal behavior and wrongful shooting and killing of citizens. In fact, the medical profession is far more civilized.

The sheriff has no need to communicate this to me when it is already codified in the order of Judge Adams prohibiting all LCSO contact under threat of imprisonment. I believe Mr. Holloway chose to send this email merely to harass, terrorize and make it perfectly clear that the sheriff is excluding Huminski from law enforcement services. This causes me great anxiety and I have forgone reporting crimes that I have observed in Lee County, including the smoking of crack in the LCSO jail and curfew violations in my neighborhood after Irma.

I collected much information while in jail for the betterment of society, which will continue to be released. see below,

Subject: Re: Correspondence

The order of Judge Adams mandating no contact with the LCSO remains pending appeal. My contact with you, as I explained previously is in your capacity with the County. It is criminal indirect contempt of court for me to have contact with the Sheriff or LCSO staff. See order of Judge Adams prohibiting such contact at the below link which was post on my door when I was arrested by your thugs.
https://judgeelizabethdykrierleecountyflcorruption.files.wordpress.com/2017/06/docs-on-door-for-lcso-gag-order.pdf

The sheriff has violated the Sunshine laws by not providing the arrest report from 2/12/19 and continues to do so. Latest document request is here, luckily the web address of the is not a LCSO address or I would have been prohibited from contact for sunshine requests as well.

Here is the latest request that you have ignored, now for the third time. Stating clarification needed for merely requesting the arrest report and any recordings during transport to jail requires no clarification. Here is the third request, what do you think you need to hide via violation of sunshine law requests?
https://www.muckrock.com/foi/lee-county-36/lee-sheriff-disabled-elder-abuse-torture-88182/

Lee Sheriff Disabled Elder Abuse & torture
scott huminski is making this request to Lee County Sheriff's Office of Lee County.
www.muckrock.com

Please discontinue violations of sunshine law requests. Seems like the truth hurts, especially the State DOH investigation of the LCSO medical staff. Buy cheap, get cheap. Not a good policy for medical services, neither is your procedures that allow your nurses to override and trump the medical treatments and medications set forth by M.D.'s. In FL nurses can not act in violation of the orders of Medical Doctors. You get what you pay for, sub-standard medical treatment. I think you need to polygraph the guard who put me in solitary on 2/12/19 and, by doing so, engaged in felony abuse of a disabled adult. The reports you are hiding reveal the truth, I was not disorderly, I merely stated that judge adams issued a gag/no-contact order prohibiting all LCSO contact. You engaged in entrapment regarding criminal contempt of judge adams' order. I await my arrest for this so-called crime that occurred dozens of times during my incarceration. Obviously.

Why are you still obstructing the request for the arrest report and transportation recordings?

Are you shutting down sunshine requests from muckrock.com as well. I noticed that I can no longer request via the portal. -- scott huminski

Dear Mr. Huninski -

Please be advised that as of Monday, 02/17/2020, your emails to all Lee County Sheriff's Office email addresses will be sequestered by our Technical Services staff, and will not reach any LCSO email address.

Please do not assume your emails will be read or acted upon.

We simply do not have the staff or resources to wade through the mass of irrelevant, inaccurate, irrational and/or abusive content in your emails, in attempts to locate a legitimate concern or request.

Our duty to use taxpayers' funds reasonably and wisely requires we dedicate our limited resources to addressing legitimate concerns and requests.

Feel free to mail, call, or stop by should you have a specific legitimate request for assistance.

If you legitimately require police or medical emergency assistance, please call 911.

Be advised, if this access to LCSO facilities and staff is abused - as you have abused your email access - appropriate action will be taken to cause such abuse to cease.

If required, we will seek and obtain another court order directing you cease such contact, as well as monetary damages and attorneys fees as appropriate.

AMERICAN OVERSIGHT

We wish you the best in your future endeavors.

Thank you for your cooperation.

Subject: New Sunshine Law/FOIA request and evidence re: Lee Sheriff felony abuse of a disabled adult and FL DOH/U.S. DOJ ADA investigations

New request that the sheriff has dodged two times previously,
https://www.muckrock.com/foi/lee-county-36/lee-sheriff-disabled-elder-abuse-torture-88182/

Also attached are the documents taped to the door of my home at the time of arrest that alerted the LCSO that contact and communication with Huminski would violate Judge Adams' gag/no-contact order placing Huminski in criminal contempt of court. As stated in the above link, I also verbally informed the arresting deputy of the gag order preventing contact and communication with LCSO staff and he waived protection by the gag order. The documents were placed upon my door on 10/3/2018 and were visible by deputies that knocked on my door from 10/3/18 until the date of arrest.

I have the originals viewed by the LCSO arresting deputies with the tape still on them that attached them to my door.

Upon arrival at the Jail, after I mentioned the gag order to the jail staff and they started the "sovereign citizen" chant and the arresting deputy quickly left the room so that he would not interfere with the entertainment the jail staff was enjoying from the punishment and abuse of myself for mentioning the gag order.

The LCSO had knowledge that the gag order existed when they punished me with solitary in inhumane conditions for merely mentioning the existence of the patently insane/corrupt gag order instead of pulling up the case on the public court information system and then seeking legal advise on how to handle such a case whereby contact with any LCSO personnel is barred by court order. They chose a backwoods hillbilly style of justice instead of a concern to obey the law.

This is why the sheriff is refusing to produce the report from the arrest or any recordings made in the police cruiser while transporting to the jail. He is trying to cover-up the misconduct and crimes.

There is no law enforcement duty to create new crime (contempt of court) as was done in the instant matter, to the contrary, law enforcement should not engage in conduct that creates new crimes. -- scott huminski

Subject: DOJ ADA Complaint, ADA violations at Lee County, Florida Jails

Hello,

I have been on complete SS disability for 10 years with avascular necrosis of knees and hips, bilateral hip replacements, gout, spinal stenosis, degenerative disk disease, open back surgery, hypertension, PTSD, anxiety disorder and social phobia. I was jailed for 3 weeks for not paying a contempt of court fine in Lee County, Florida 6 months after open back surgery while I was still experiencing post-surgical pain and disability. I was provided zero accommodations, forced to sleep on the floor because I was physically unable to jump into a top bunk, no ADA compliant toilet/shower facilities. Transported is a school bus without handicap grab bars (I was handcuffed and chained to other inmates so grab bars may not have been helpful if they were available). My blood pressure and PTSD/anxiety medications were abruptly ended and I was place in solitary for 8 hours in only my underwear and shorts and barefoot in a 55 degree windy cell with only steel and concrete surfaces that plummeted my temperature to 97 degrees. Inmates wear thermal underwear and a fairly heavy jump suit. These acts are felony abuse of a disabled adult under State law, Florida statute 825.102, and patently clear ADA violations.

All disabled persons residing at the Lee jails are subjected to similar ADA violations.

Further, the sheriff has formal written rules in place that allow his nurses to override and trump any determinations of disability made by the Social Security administration and medical doctors to allow him to violate the ADA with a fraudulent determination by his nurses.

General counsel for the Florida Department of Health is prosecuting the medical personnel. I don't believe they are addressing the ADA issues. See links below that also contain contact info. for the officials involved in the DOH investigations. The FL DOH has extensive documentation on this issue and I waive all privacy and HIPAA rights concerning my medical records currently in the custody of the FL DOH and the DOH can forward all materials to the Dept. of Justice.

Subject: DOJ ADA investigation

*** the content of this email constitutes core protected political expression, i.e. speech critical of government intending to promote change and it is afforded the highest level of protection under the First Amendment ***

Dear Florida Dept. of Health,

Please forward copies of all documents related to the pending investigations detailed below to the Department of Justice - ADA enforcement unit. I waive all privacy and HIPAA rights, the safety and well-being of the public far outweigh privacy concerns. The ADA is a core federal issue applicable to the States.

See below. Thanks -- scott huminski

Subject: Lee sheriff medial staff Sunshine law production fraud and Courthouse corruption

I suppose I shouldn't be as critical of the sheriff printing out a document, hand-modifying it, and providing that as valid sunshine law production of documents in light of the following:

Clerk Linda Doggett, printed out a June 5 Circuit Court order from 17-ca-421 (the order was 119 pages long and originally filed in 17-ca-421 on 4/26/17) On June 30 of 2017,

04/26/2017	Order to Show Cause	119

She hand modified the order by adding a non-existent docket number and without a new judicial signature,

She processed it as a valid order received from a judge,

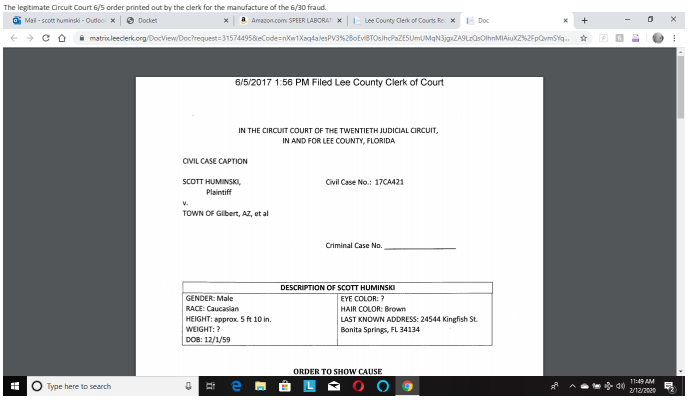
the court clerk then initiated a new criminal proceeding in Lee county court (17-mm-815) with a hand modified Circuit Court order without participation of a judge or prosecutor. A new low in courthouse corruption that initiated circumstances that led to the DOH and ADA issues now under investigation.

This clerk engaged in a litany of State and Federal crimes including, but not limited to, fraud, forgery, obstruction of justice and federal civil rights crimes by acting as a judge or prosecutor, the only entities that can initiate a prosecution.

To add insult to injury, Clerk Linda Doggett certified to the 2nd District Court of Appeal, under oath, that her forgery was a true and correct judicial order issued in the County Court. Nothing is further from the truth. The prosecutors and even my current counsel are OK with this fraud upon the appellate court.

Official crime is rampant in Lee County.

Below is a screen shot of the original 6/5 order (page 1) followed by the fraudulent forged one that Linda Doggett fraudulently filed as an authentic judicial order on June 30 which she boldly certified as authentic to the 2 DCA absent 116 pages with the forged docket number. Lots of government crime here makes one wonder if the sheriff was trying to kill me during my lodging at his facilities. He probably came close with the denial of my blood pressure medications.



True docketing of the order of the deficient order (sans 116 pages) in **Circuit Court**

06/05/2017	Order to Show Cause	3

Fraudulent docketing of the June 6 Circuit order on June 30 in **COUNTY COURT** (certified by crooked clerk to the DCA)

06/05/2017	Order to Show Cause Filed	3

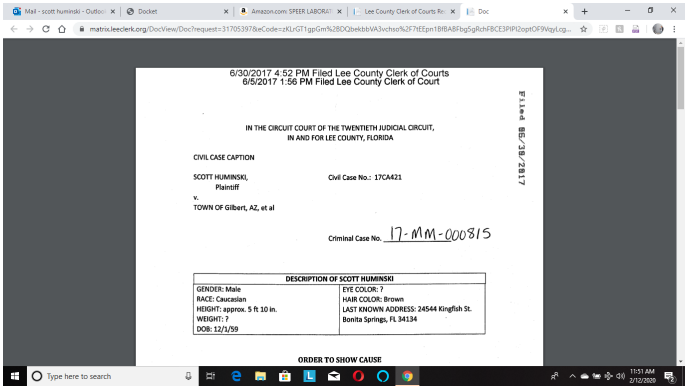
The legitimate Circuit Court 6/5 order printed out by the clerk for the manufacture of the 6/30 fraud.

6/5/2017 1:56 PM Filed Lee County Clerk of Court

IN THE CIRCUIT COURT OF THE TWENTIETH JUDICIAL CIRCUIT,
IN AND FOR LEE COUNTY, FLORIDA

CIVIL CASE CAPTION

SCOTT HUMINSKI, Plaintiff
v.
TOWN OF Gilbert, AZ, et al



Civil Case No.: 17CA421

Criminal Case No. _____

DESCRIPTION OF SCOTT HUMINSKI	
GENDER: Male	EYE COLOR: ?
RACE: Caucasian	HAIR COLOR: Brown
HEIGHT: approx. 5 ft 10 in.	LAST KNOWN ADDRESS: 24544 Kingfish St.
WEIGHT: ?	Bonita Springs, FL 34134
DOB: 12/1/59	

ORDER TO SHOW CAUSE

Now the forged/fraudulent order of Clerk Dogget absent the required Judicial signature and proper caption. Note the double time stamp, an admission that it is not a genuine judicial order, rather, it is an order manufactured by the clerk. She is so sloppy, she didn't even correct the caption when forging her new order as she was initiating a new prosecution with her manufactured order in the COUNTY COURT not Circuit. She missed changing the caption to County Court. Criminals often make stupid mistakes when they are operating in their official capacity and believe they are unaccountable.

6/30/2017 4:52 PM Filed Lee County Clerk of Courts
6/5/2017 1:56 PM Filed Lee County Clerk of Court

Filed 6/5/2017

IN THE CIRCUIT COURT OF THE TWENTIETH JUDICIAL CIRCUIT,
IN AND FOR LEE COUNTY, FLORIDA

CIVIL CASE CAPTION

SCOTT HUMINSKI, Plaintiff
v.
TOWN OF Gilbert, AZ, et al

Civil Case No.: 17CA421

Criminal Case No. 17-MM-000815

DESCRIPTION OF SCOTT HUMINSKI

Subject: Lee sheriff medial staff

This conduct in oklahoma, see below, is the exact same mindset of many of the female guards at the Lee jails including the one that responded on the intercom concerning my report of the Redman Syndrome from toxic medications supplied to me without my knowledge or consent. When she stated "don't take pills you're not supposed to", luckily for me, my situation was not life threatening unlike the unfortunate fellow below. After acknowledgement of the toxicity of one of the medications they supplied me with, they kept on trying to dispense the toxin to me and I had to interrogate the person dispensing medications until I was released.

Eventually, for some reason, they had me sign a form refusing the toxin instead of immediately removing the offending medication they swapped for my Toprol 200. This was probably to document that I was refusing medication when the opposite was true, I desperately wanted my blood pressure medication, not the medications concocted by these nurses who apparently believe a 5 minute interview gives them knowledge superior to a licensed doctor.

I had been under the care of physicians for 22 years, since when can a nurse with zero knowledge of my medical history trump the long-time treatment plan of medical doctors.

Upon intake, a patient should be asked if they are on total Social Security disability and be provided with ADA compliant lodging. If the sheriff has a problem with this he can sort out the disability situation with the Social Security administration and seek review of their determinations.

If a patient is on medications prescribe by a long-time family physician, a sheriff's nurses must not massively change the treatment plan without consulting the prescribing physician. These nurses who ignore the directions and advise of experienced MD's should not completely disregard the knowledge and wisdom of experienced doctors. Doctors place patients on medications for very good reasons after long-term knowledge of a patient that should not be altered by nurses working for law enforcement. At the very least they should have substituted 200 mg of metoprolol succinate with 200 mg of metoprolol tartrate (this medication is inferior for Huminski, but far better than the path they took). Had they inquired, I would have demanded the beta-blockers instead of water pills that I knew I had a problem with as far as side effects and it didn't help with my blood pressure. Further my PTSD, anxiety and blood pressure are linked to adrenal response which water pills do not address. No one inquired as to why I was on a fairly high dose of Toprol.

Subject: Lee sheriff lies and evades/dodges Sunshine Law requests

The sheriff claims the requests were unclear which is a lie. One request asks for bunk assignments of Huminski's cellmates. The other request asks for the police report concerning Huminski's arrest and transport to the Fort Myers jail, a two hour period whereby the arresting officer was quizzing Huminski while entering data into his computer. i.e. Distracted Driving and probably an accepted practice at the LCSO.

The first thing Huminski said to the officer informed him of the no-contact order of Judge Adams preventing communication with LCSO staff under penalty of imprisonment, the deputy then waived his protection by the gag orders and Huminski then responded to the questions. Upon arrival at jail, Huminski alerted the staff of the existence of the gag order, the staff repeatedly chanted "sovereign citizen" (whatever that is) and placed Huminski in solitary and engaged in felony abuse of a disabled adult. The arresting officer was present when the decision was made to place Huminski in solitary as a punishment for mentioning Judge Adam's gag order.

Many times the cover-up is worse than the crime. See the request's content in the below sheriff emails,

Subject: [Records Center] Media Request :: M051080-012020

--- Please respond above this line ---

Dear SCOTT HUMINSKI,

Regarding the Media Request received on 1/20/2020 requesting records, the records have been in "Requested Clarification" status for 10 business days. The Lee County Sheriff considers this request closed. If you would still like the records, please submit another Media Request. Thank you for using the Public Records Center.

Request Details:

Reference # M051080-012020

Description of Records Requested: The records related to my arrest on 2/12/19 and the first 2 hours in custody of the sheriff's department. That is records related to huminski's arrest at approximately 10 AM until he arrived at the jail at approximately noon that same day. On the ride to the jail, the arresting officer was entering quite a bit of information into his computer. Supply these records. Second request.
To view the full details of this request please log into the Public Records Center.

Dear SCOTT HUMINSKI,

Regarding the Media Request received on 1/21/2020 requesting records, the records have been in "Requested Clarification" status for 10 business days. The Lee County Sheriff considers this request closed. If you would still like the records, please submit another Media Request. Thank you for using the Public Records Center.

Request Details:

Reference # M051116-012120

Description of Records Requested: Provide the housing and bunk assignments of persons who shared a cell with Huminski for the first 10 days of his stay in the lee jails starting with 2/12/19. Huminski's cell/bunk assignment was provided in the sheriff's 1/17/2020 production. Provide the same for Huminski's cellmates.
To view the full details of this request please log into the Public Records Center.

Subject: Lee sheriff and the ADA

The Department of Justice (DOJ) regulates Title II of the Americans with Disabilities Act (ADA), which covers state and local governments. These public entities are responsible for the operation or management of juvenile and adult jails, detention and correctional facilities, and community correctional facilities, whether they are operated directly by the state or local government, or through contracts, licenses, or other arrangements with other entities. (§35.151(k) and §35.152)

Inmates or detainees with disabilities must be housed in the most integrated setting appropriate to their needs. Accessible cells or housing units need to be available in all security classifications and/or program levels of a facility.

Unless it is appropriate to make an exception, public entities must not place inmates with disabilities in:

- Inappropriate security classifications because no accessible cells or beds are available;
- Medical areas unless they are actually receiving medical care or treatment;
- Facilities that do not offer the same programs as facilities where they otherwise would be housed; or
- Distant facilities where they would otherwise not be housed and that would deprive them of visitation with family members.
- Huminski was placed in a cell block without ADA compliant cells.

Minimum Requirements from the 2010 Standards (§35.151(k))

New construction of jails, prisons, and other detention and correctional facilities must comply with the 2010 ADA Standards for Accessible Design. At least 3% of cells must be accessible for individuals with mobility disabilities, including those who use wheelchairs. Accessible cells must be provided in each classification level.

At least 2% of the general holding and housing cells must be equipped with communication features designed to accommodate individuals who are deaf or hard of hearing. These features include telephones with volume control where telephones are provided in cells, and visible alarm signals where audible emergency alarm systems are provided for occupants of cells and occupants are allowed to evacuate independently. (Sections 232 and 807, ADA Standards)

Alterations to jails, prisons, and other detention and correctional facilities must also comply with the 2010 ADA Standards until new construction levels of access are achieved within the facility.

When alterations are made to specific cells, required features for mobility access may be provided in substitute cells (cells other than those where alterations are originally planned), as long as the substitute cell:

- Is located within the same prison site,
- Is integrated with other cells to the maximum extent feasible, and
- Has equal physical access to areas used by inmates or detainees for visitation, dining, recreation, educational programs, medical services, work programs, religious services, and other offered programs.

If it is technically infeasible to locate a substitute cell within the same prison site, the substitute cell may be provided at another prison within the same system.

Medical and long-term care facilities in detention and correctional facilities, whether they are licensed or not, are also subject to the 2010 ADA Standards for accessibility.

In passing the Americans with Disabilities Act ("ADA"), Congress noted that the isolation and segregation of persons with disabilities due to the discriminatory effects of physical barriers are a "serious and pervasive social problem," and there has been very little "legal recourse to redress such discrimination." The ADA lists several purposes, one of which is "to provide clear, strong, consistent enforceable standards" as part of a mandate to eliminate such discrimination. The ADA is modeled after section 504 of the Rehabilitation Act of 1973. A key difference is that while the Rehabilitation Act requires facilities that received federal funding to be accessible to persons with disabilities, Title III of the ADA applies to places of public accommodation specified by the ADA, regardless of the receipt of federal funding.

Under the ADA, new construction must be "readily accessible" to persons with disabilities. The new construction's "readily accessible" standard is met if the new construction or alteration is done in compliance with either the 1991 or the 2010 ADA Standards for Accessible Design. These standards include detailed, lengthy and technical specifications. In contrast, existing facilities must be made accessible to disabled persons if the changes are "readily achievable." The "readily achievable" standard for existing facilities is met by making alterations that are "easily accomplishable and able to be carried out without much difficulty or expense."

After its passage, Congress charged the Department of Justice ("DOJ") with implementing the ADA. One of the DOJ's ongoing tasks, in partnership with the Federal Access Board, is to create regulations to provide guidance for the enforcement of the ADA. Congress created the Federal Access Board in 1973 to ensure access to federally funded buildings, and it has become a "leading source of information on accessible design." The DOJ codifies the resulting regulations in the Code of Federal Regulations, and the appendices of that code further explain the regulations. In 1991, the Federal Access Board created the ADA Accessibility Guidelines ("the ADAAG"). The ADAAG were purely advisory to the DOJ and addressed new construction standards. The DOJ then sought public comment on the ADAAG, made applicable changes based on those comments, and finally adopted and codified the ADAAG as the official standards for the ADA. In 2010, the DOJ released a revised version, which became effective March 15, 2012.

Courts have upheld the "two distinct systems for regulating building accessibility: one to apply to existing facilities (those designed and constructed for occupancy before January 26, 1993) and another to apply to later-constructed facilities." Pre-existing or "grandfathered facilities" only need remove easily removed barriers. In contrast to grandfathered facilities, new construction violations are indefensible, unless there is a structural impracticability. A structural impracticability exists when "unique characteristics . . . make accessibility unusually difficult to achieve." Apart from structural impracticability, courts have no authority to apply equitable discretion in excusing the violation.

Overall, statutes, advisory and technical assistance materials, and case law work as a team to contribute to the goals of the ADA, voiced by President George H.W. Bush, "[E]very man, woman, and child with a disability can now pass through once-closed doors into a bright new era of equality, independence and freedom."

The Huminski was housed, transported and accessed portions of the Lee Jails built or significantly modified after January 26, 1993, as such, these areas of the Lee Jails must comply with the ADA and are not "grandfathered-in". There is very little or no attempt to comply with the ADA by the Lee Sheriff.

Some ADA accomodations are as follows:

Examples of "readily achievable" barrier removal that must complied with include, but are not limited to, the following actions (some of these were absolutely absent in Huminski's cell and during his transports between facilities in non-ADA compliant vehicles):

Installing ramps;

Making curb cuts in sidewalks and entrances;

Widening doors;

Installing offset hinges to widen doorways;

Installing accessible door hardware;

Installing grab bars in toilet stalls;

Installing a raised toilet seat;

Repositioning the paper towel dispenser in a bathroom;

Installing an accessible paper cup dispenser at an existing inaccessible water fountain;

Subject: Re: Lee sheriff foia/sunshine law fraud

In the attached, sheriff supplies 4 bed/bunk designations (A,B,1,10):

A = unknown
B = a handwritten notation added to the attached document at the time of production stating "B=bottom". A fraud, handwritten notes added at the time of production have no place in a FOIA/Sunshine law response. What is A then? The first several days I resided at the jail, there were not enough beds for the number of inmates, bunk designations, if there genuinely is such a thing, are meaningless in overcrowding situations. The sheriff does not enforce top or bottom bunk assignments.
1 = unknown
10 = unknown

Then a snippet of a nurse's comment from another alleged document was cut and pasted to the bottom of the attached production.

When I requested the original entire record/document that contained the nurse's bunk designation via another request,

THE SHERIFF RESPONDED - **No Documents Responsive to your Request** (see below) apparently there was fraud in the attached production and the lack of an originating document indicates that the nurse's bunk designation may have been manufactured by the sheriff to avoid negative consequences.

A sheriff becoming evasive and deceptive in document production is a good sign of corruption and the desire to avoid consequences by dishonesty and fraud.

Request / Incident Summary

Request Type:

Contact E-Mail:

Reference No:

Status:

Balance Due:

Payments:

UPLOAD DATE		
Files:	01/20/2020	Huminski_OMS_housing_R.pdf

Additional Information

Name of Reporter / Journalist:
SCOTT A HUMINSKI, citizen-reporter

Describe the Record(s) Requested:
In your last production, you supplied an excerpt of a document or record detailing a nurse advising that I be assigned a bottom bunk. I need this in context of the full record, document or database. The nurses message on 2/13/2019 that you included in the document entitled Huminski_OMS_housing_R supplied by you on 1/17/2020 clearly indicates that the nurse's comments were cut and pasted from a document, record or database. For review of the document in context, I request the full document, record or database that the excerpt was taken from. Attached is a copy of what you produced which is something that was clearly manufactured from excerpts from an original document/record. Please supply the full document/record or database. Please see attached and provide an original full screenshot of the nurse's directions in context of the records above and below the nurse's comment.

Police Report # / CFS #:
n/a
If multiple reports are required, please separate each report # with a comma (,).

Location of Incident/Accident:
Lee jails
Please be specific as possible by providing an exact address or intersection, etc...

Incident From: 02/13/2019
Incident To: 02/13/2019

List all Involved Parties

First Name	Last Name	DOB (MM/DD/YYYY)
SCOTT	HUMINSKI	12/01/1959
nurse	areisinger	

Preferred Method to Receive Records:
Electronic via Records Center
Please note not all public documents are available in electronic format. If the document(s) requested are not available electronically, we will make them available for inspection or by paper copy in accordance with the Public Records Law.

Select One:

Subject: Lee sheriff nurses acting without supervision by physician

It is impossible to believe that a physician supervised any of the medical staff at the Lee Sheriff's facilities because no Doctor would disturb 22 years of successful medication and completely yank a patient off all medications that worked perfectly for 22 years. The Toprol ER that was prescribed to Huminski had a dual purpose; one as an excellent blood pressure control and as an anti-anxiety medication. Because of Toprol's control of adrenaline, it helps mitigate Huminski's anxiety and related disabilities. For this reason Toprol is often prescribed for stage fright and anxiety issues. It is very helpful to Huminski and his handling and management of his disabilities.

> Propranolol and Toprol Used for short-term relief of social anxiety. May reduce some peripheral symptoms of anxiety, such as tachycardia and sweating, and general tension, can help control symptoms of *stage fright* and public-speaking fears, has few side effects.

It is my belief there was no supervising physician as required by statute at the Lee Sheriff's facilities. See below for nurse practitioners and physician assistants. No Physician would look at Huminski's medical history and recommend an ending of medications that worked perfectly for 22 years and take a risk of side effects when Huminski's long-time medicines were tolerated perfectly by Huminski and worked supremely well. The result of the Lee Sheriff's medical staff's experimentation with Huminski's medications met no protocol of a supervising physician, if there was a supervising doctor. No doctor would recommend the "cold turkey" ending of medications taken for 22 years and no written protocol exists supporting the conduct in the instant matter. Because of the lack of supervision or proper protocol, Huminski suffered increased severity of his PTSD, GAD and social phobia as well as soaring blood pressure that Huminski worried would cause a stroke, organ damage, heart issues or kill him.

Huminski was never offered a consultation with a physician, nor, did he know there was a physician available at the Lee Sheriff's facilities. The Redman Syndrome caused by the toxins prescribed to Huminski are not the product of negligence, they are the product of a mindset that the incarcerated are sub-human and don't deserve carefully thought out treatments and medications. It would not be surprising to find out that Huminski was prescribed the same medications given to all patients with hypertension at the Sheriff's facilities, a one size fits all mentality, which is not the case in the practice of medicine. Medical history is supremely important.

Nurse practitioner,
Practice Authority
A written protocol between an NP and the supervising physician is required. The degree and method of supervision that is determined by the NP and the physician must be specifically identified in the written protocol. General supervision by the physician is required and specified in the written protocol and must include a description of the duties of the NP, a description of the duties of the physician (which includes consultant and supervisory arrangements in case the physician is unavailable), the management areas for which the NP is responsible, a provision for annual review by the parties, and specific conditions and a procedure for identifying conditions that require direct evaluation or specific consultation by the physician. Fla. Admin. Code 64B9-4.010

Physician Assistant,
Supervision Requirements
The law outlines the exact means of responsible supervision. Direct supervision is not required, but the supervising physician must be easily available or be physically present for consultation. Fla. Admin. Rules 64B8-30.001(3), Fla. Stat. §459.022(f)

Subject: Lee sheriff retaliation, Gov't Answer Brief Due - 2 weeks

Attorneys Alper & Candela, Please note the answer brief in the 2 DCA is due on 2/12/2020. No extensions will be consented to. Mr. Candela, conflict yourself off the case please as I have legal malpractice claims against you for negligence proximately arising out of your refusal to file a motion to stay the sentence and all matters below pending appeal. The record is clear concerning the injury and damage caused by your failing to seek a stay; incarceration, torture and ADA violations by the Sheriff.

Below is my complaint to the U.N. concerning the human rights violations of the Lee Sheriff (the human right of free speech) and the current sheriff is the hand-picked replacement (buddy) for Sheriff Mike Scott (a defendant in Huminski v. Mike Scott et al, 17-ca-421, aka Huminski v. Gilbert),

https://judgeelizabethkrierleecountyflcorruption.files.wordpress.com/2017/06/un-human-rights-compl-2-converted.pdf
or
https://web.archive.org/web/20181031133103/https://judgeelizabethkrierleecountyflcorruption.files.wordpress.com/2017/06/un-human-rights-compl-2-converted.pdf

A clever scheme by the sheriff to make himself litigation-proof by making the service of himself in the DCA and Florida Supreme Court a crime (contempt of Judge Krier's and Judge Adams' gag orders). AKA obstruction of justice via a prior restraint.

Tying my hands concerning service of papers, mandated by Rule, violates the First Amendment and Due Process and these activities are federal civil rights crimes.
https://www.fbi.gov/investigate/civil-rights/federal-civil-rights-statutes

More on the ADA re: Huminski

Subject: Re: Lee sheriff more ADA violations

If a patient under the care of the Lee Sheriff suffers a medical emergency and is hospitalized, the fictional medical record manufactured by the sheriff can lead to medical errors. As I pointed out in a prior email, falsely reporting that someone is a smoker or IV street drug user as suggested by the falsehoods included in my erroneous medical records can harm and endanger the life of a patient is crisis.

Said errors could send doctors in a wrong direction when attempting diagnosis and alter treatment plans and medications potentially causing delay, harm, injury or death. Medical record errors may lead to the use of the least optimal medication, treatment or procedure.

I have reproduced below the email pointing out the sloppiness and careless/reckless disregard by the Lee Sheriff concerning medical record accuracy in medical records that he maintains, controls and disseminates pursuant to HIPAA regulations.

> **Subject:** Re: Lee sheriff more ADA violations
>
> Line items from medical records supplied by the sheriff that are lies followed by reality. This entire intake procedure took only a few minutes, the paperwork generated doesn't match the small interview. Thus the below false statements.
>
> History of drug use ..... yes (absolutely did not state this to anyone, a lie)
>
> Prior incarceration ..... yes (a lie)
>
> Substance use disorder ..... yes (a lie)
>
> Substance abuse ..... yes (a lie)
> 2/27
> History of withdrawal ..... false (yes, i did withdraw from gabapentin prescribed for spine pain, the prior year, medication did not help)
>
> Smoking ..... yes (false)
>
> Street Drugs ..... yes (false, only take drugs prescribed by doctors and dispensed at Walmart or licensed dispensaries)
>
> Brian Medin "he is on SSI for PTSD, drug issues (a bold faced lie regarding "drug issues", the PTSD portion is correct)

Subject: Re: Lee sheriff more ADA violations

None of the vehicles Huminski was transported in comply with ADA requirements for transport of the fully disabled.

Aggravating this fact is that while boarding and departing from transport, disabled patients are handcuffed and chained together while transported. During these transports, I was in fear of injury or death proximately arising from the complete absence of ADA accommodations during transport by the Lee Sheriff. --scott huminski

Subject: Re: Lee sheriff more ADA violations

Line items from medical records supplied by the sheriff that are lies followed by reality. This entire intake procedure took only a few minutes, the paperwork generated doesn't match the small interview. Thus the below false statements.

History of drug use ..... yes (absolutely did not state this to anyone, a lie)

Prior incarceration ..... yes (a lie)

Substance use disorder ..... yes (a lie)

Substance abuse ..... yes (a lie)
2/27
History of withdrawal ..... false (yes, i did withdraw from gabapentin prescribed for spine pain, the prior year, medication did not help)

Smoking ..... yes (false)

Street Drugs ..... yes (false, only take drugs prescribed by doctors and dispensed at Walmart or licensed dispensaries)

Brian Medin "he is on SSI for PTSD, drug issues (a bold faced lie regarding "drug issues", the PTSD portion is correct)

Subject: Re: Lee sheriff more ADA violations

Please seek a DOH emergency order concerning the LCSO medical staff allegations and ADA violations. As the Sheriff places restrictions on what medications and services can be provided to residents in his facility, his licenses with the Boards should be revoked. If he is not licensed, but making medical decisions such as the medications allowed in his facility, he is practicing medicine without a license.

When I was afflicted with Redman syndrome (instigated by denial of my blood pressure medication and dispensing a toxin to me) and requested an injection of anti-inflammatory medication, the nurse replied that the sherriff does not allow it. The sheriff is practicing medicine without a license. These nurses look to the sheriff and his rules as they would directives from a doctor. Apparently, any kind of injection is prohibited by the sheriff. Again, his unlicensed practice of medicine.

Also, in my first two days residing in the Lee jails, one inmate was in excruciating back pain that far exceeded the capabilities of over-the-counter pain relief. He was denied that because of the sheriff's determination of which medications and procedures that are allowed (by the rules of a non-medical practitioner). This resident was in the highest level of pain I've observed in my 60 years and his treatment by the sheriff's policy to withhold FDA approved medications is torture and a cruel and unusual punishment under the Eighth Amendment.

Please end the suffering and torture at this government facility which will not be accomplished by sanctions against the licensed providers, the Sheriff and his rules, customs and procedures are at the core of the medical misconduct at his facilities. -- scott huminski

p.s. DOH please forward this to the Prosecution Services Unit and provide an email for this entity.

Subject: Re: Lee sheriff more ADA violations

The sheriff's jail and customs, policies and procedures therein violate virtually every topic discussed in the below summary of ADA requirements in his jails.

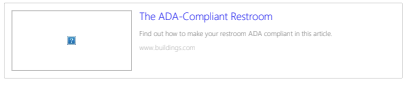
Subject: Re: Lee sheriff more ADA violations



The sheriff provide NO ada compliant toilet facilities without proper height commodes and without the required handicap grab bars.

Below are guidelines and information concerning the sheriff's disdain for the ADA and failure to provide ADA compliant bathroom facilities.

https://www.buildings.com/article-details/articleid/9242/title/the-ada-compliant-restroom

The shower facilities are similarly ADA non-compliant in every location Huminski resided in at the Lee Jails.

These ADA violations are especially egregious for persons with recent open back surgery such as Huminski.

Subject: Lee sheriff refuses to produce document

He refused to supply the full document that the bunk assignment was taken from. What a crook. The cover-up is worse than the original crime.
See attached.

Subject: Re: Lee sheriff FOIA

The sheriff deliberately did not produce the records related to my arrest and transportation to jail. Why, because I was not disorderly. The woman put me into solitary confinement in the inhumanely cold cell because I advised her of the Judge Adams gag order prohibiting my communication with any LCSO staff. Stating a fact is not disorderly conduct.

new FOIA
Media Request less than a minute ago
The records related to my arrest on 2/12/19 and the first 2 hours in custody of the sheriff's department. That is records related to huminski's arrest at approximately 10 AM until he arrived at the jail at approximately noon that same day. On the ride to the jail, the arresting officer was entering quite a bit of information into his computer. Supply these records. Second request.
Status : Received

Subject: Re: Lee sheriff document production

Just like how the Lee Sheriff does not alert a patient that their life-sustaining medication that you have been on for 22 years is being completely ended putting one at risk of death and injury, the sheriff also maintains secrecy as to any assignment of bunks and no procedure exists for enforcement of bunk assignments.

The 2/13/2019 alleged medical record recently supplied is not in the original production of medical records supplied by the sheriff. I suspect fraud concerning this record. In either case, where-ever this document came from if it is not a fraud, these records are not supplied to inmates via any practice, policy or procedure adopted by the sheriff. Further what was supplied is a cut and pasted excerpt from a document that contains damning information that the sheriff wishes to keep secret.

While imprisoned, I asked the medical provider for my medical records and she denied the request. The medical records supplied related to these matters do not contain the cut and pasted bottom bunk directives.

In the Lee jails, bottom bunks are on a first come first serve basis and if there is a dispute the law of the jungle prevails -- might is right, where an elderly disabled person can not prevail regarding such confrontations with other inmates.

LEE SHERIFF supply the full document where the cut and pasted bunk assignment came from. Many times a cover-up is worse than the original transgressions. -- scott huminski

Subject: Lee sheriff foia

Regarding Lee sheriff fraud that I was assigned a bottom bunk. The sheriff does not provide this information to residents, if the document they provided is valid, it is kept secret from inmates. I would be happy to take a polygraph concerning any fact I have supplied related to these matters.

Mr. Candela, Disqualify off the appeal please, the above court filings reveals how negligent you have been concerning advancing First Amendment issues in the DCA appeal.

The torture of Huminski prior to a medical screening with solitary confinement in an inhumanely cold cell without adequate clothing or shelter from the 55 degree temperatures is a violation of the ADA and patently cruel torture.

The sheriff's expectation that the disabled hop onto a bunk over 4 feet in the air is a violation of the ADA, his own policies and procedures should have prevented this.
See below policy excerpt.

An inconsistency with federal law is the provision in the sheriff's below policies and procedures that provide that a nurse working for the sheriff can modify or ignore a finding of disability under federal law and this provides a corrupt green light to the sheriff to violate the ADA.

Violations of the ADA by the sheriff's medical staff is a violation of medical ethics and are federal crimes.
Some of these crimes are set forth at the below link.
https://www.fbi.gov/investigate/civil-rights/federal-civil-rights-statutes

The sheriff placing his "medical provider" (the sheriff's nurses) in charge of disability determinations when the federal government has extensive laws and procedures involving the disabled violates federal law and the Supremacy Clause.

Florida does assist the federal government in the determination of disabilities in the Division of Disability Determination (FL Dept. of Health), however, nurses working for the sheriff have no authority under state or federal law to disturb a finding of disability under federal law. The sheriff's policies and procedures concerning the disabled is unlawful. Further, the sheriff lying in medical records that Huminski was on disability because of drug use is a violation of federal law and medical ethics. Huminski was placed on disability after his first hip replacement and was lodged by the sheriff 6 months after back surgery.

The sheriff can and should avail himself to the programs provided by the Fl Dept. of Health concerning lodging of the disabled instead of trying to be the law unto himself.
See link below.

Upon intake, the sheriff should query if an individual is disabled and receiving federal or state funding because of a disability. Upon an affirmative response, the patient should be lodged in an ADA approved cell. After that, the sheriff should consult the Fl Dept. of Health or Social Security Administration if the sheriff believes an individual is not disabled or if he disagrees with the findings of the United States. -- scott huminski

	Corrections Bureau **Policy & Procedures**	Section: CLASSIFICATIONS	SOP#: 4.01
		Subject: CLASSIFICATION & HOUSING OF INMATES	Effective Date: 01/15/91
		Revised: 02/22/2017	
FMJS Ref: 2.01		FCAC: 10.22	

a) Female and male inmates:

(1) Adult Female Felons
(2) Adult Female Misdemeanants
(3) Adult Female Sentenced
(4) Adult Female Non-Sentenced
(5) Adult Male Felons
(6) Adult Male Misdemeanants
(7) Adult Male Sentenced
(8) Adult Male Non-Sentenced

b) Other classes of detainees (witnesses, inmates with civil charges)
c) Inmates with special problems (alcoholics, narcotic addicts, mentally disturbed persons, and physically challenged persons)
d) Inmates requiring disciplinary confinement
e) Inmates requiring administrative confinement
f) Inmates requiring protective custody
g) Juveniles

7. Single occupancy cells will be utilized for the following:

a) Inmates with severe medical disabilities per the medical provider
b) Inmates suffering from serious mental illness defined by the mental health provider
c) Inmates likely to be exploited or victimized by others
d) Inmates who have other special needs for single occupancy housing.
e) VIP's. (Ref. - SOP 3.01 Section E)
f) Inmates that fail to adapt to a general population setting

8. Juveniles will be separated by sight and sound from the adult population when awaiting trial as an adjudicated adult. Juveniles not subject to trial as an adult are not housed in any LCSO Corrections Facility.
9. Inmates will not be discriminated against (Ref. SOP 4.09 I.)

10. Current and accurate records will be maintained for each inmate committed to or housed in a LCSO Corrections Facility. Procedures will be established to safeguard legally privileged or confidential information. Inmate records will contain, at a minimum, the following:

a) Intake/booking information

http://www.floridahealth.gov/programs-and-services/people-with-disabilities/disability-determinations/index.html

Disability Determinations | Florida Department of Health

The Division of Disability Determinations is responsible for making the determination of medical eligibility for Florida citizens who apply for disability benefits under the federal Social Security Administration disability programs (Social Security Disability-Title II and Supplemental Security Income-Title XVI), and under the state Medically Needy program.

www.floridahealth.gov

http://www.floridahealth.gov/programs-and-services/people-with-disabilities/index.html

People with Disabilities | Florida Department of Health

Disability and Health Program The Disability and Health Program (DHP) is funded by a three-year grant from the Centers for Disease Control and Prevention (CDC). The goals of the program are to include Floridians of all ages with disabilities in all of the Department of Health's programs and activities for health promotion, disease prevention, wellness, and disaster preparedness.

Subject: Lee Sheriff violates his own policies and procedures

Based upon further review, it has become clear that the sheriff engages in wholesale violations of the Americans with Disabilities Act (ADA) and for the safety of those still suffering in the Lee jails, the federal government should take control of these facilities to bring them back into compliance with federal law.

Why was I jailed? ... for failure to pay a contempt of court fine that I could not afford (debtor's prison). Good old fashioned justice. With Mr. Candela not helping by his refusal to stay matters while appeal was pending. The prosecutor's office knows all these facts and are just as liable.

Please forward relevant materials to the U.S. Attorney's Office for this District and to the U.S. Attorney General before death, injury or harm comes to person at these facilities because of the sheriff's disdain for the rule of law.

Time is of the essence. -- scott huminski

Subject: Lee Sheriff violates his own policies and procedures

Hi,
I began reviewing the production of today. I think this will yield a wide pot pouri of the sheriff's violations of his own policies and procedures. After 1 minute into my review the following came up revealing a complete disregard for his own policies concerning the fully disabled. Like myself -- on full social security disability for 10 years for mental and physical disabilities.

The sheriff knows bad things happen when one breaks the law, likewise, bad things happen when he violates his own policies and procedures. There would have been fewer ADA violations and felony abuse of an elderly disabled had the sheriff obeyed his own regulations concerning single cell occupancy had he just followed his own rules instead of making the disabled elderly sleep on the floor. If I was assigned a single cell per his policies, I wouldn't have had to sleep on the floor. Its not just me he abuses, he abuses every disabled person in his jail. If the ADA had criminal sanctions, the sheriff should be first in line. As my review continues, I will update. see below single occupancy policies.

AMERICAN OVERSIGHT

a) Female and male inmates:

(1) Adult Female Felons
(2) Adult Female Misdemeanants
(3) Adult Female Sentenced
(4) Adult Female Non-Sentenced
(5) Adult Male Felons
(6) Adult Male Misdemeanants
(7) Adult Male Sentenced
(8) Adult Male Non-Sentenced

b) Other classes of detainees (witnesses, inmates with civil charges)
c) Inmates with special problems (alcoholics, narcotic addicts, mentally disturbed persons, and physically challenged persons)
d) Inmates requiring disciplinary confinement
e) Inmates requiring administrative confinement
f) Inmates requiring protective custody
g) Juveniles

7. Single occupancy cells will be utilized for the following:

a) Inmates with severe medical disabilities per the medical provider
b) Inmates suffering from serious mental illness defined by the mental health provider
c) Inmates likely to be exploited or victimized by others
d) Inmates who have other special needs for single occupancy housing.
e) VIP's. (Ref. - SOP 3.01 Section E)
f) Inmates that fail to adapt to a general population setting

8. Juveniles will be separated by sight and sound from the adult population when awaiting trial as an adjudicated adult. Juveniles not subject to trial as an adult are not housed in any LCSO Corrections Facility.
9. Inmates will not be discriminated against (Ref. SOP 4.09 I.)

10. Current and accurate records will be maintained for each inmate committed to or housed in a LCSO Corrections Facility. Procedures will be established to safeguard legally privileged or confidential information. Inmate records will contain, at a minimum, the following:

a) Intake/booking information

should

Subject: Lee Sheriff production of documents re: FL Health investigations

See attached, even though the fee was paid, I don't see any documents

In a collateral issue, here is a document evidencing the Lee Sheriff's/Judge's/Prosecutor's obstruction of service in a matter before the Florida Supreme Court,
https://efactssc-public.flcourts.org/casedocuments/2018/1282/2018-1282_motion_117214_motion2dother20substitue.pdf

Note that the order of Judge Adams made criminal any contact with the parties to the criminal and civil matters. This means the State of Florida. It is also in the above link. -- scott

Subject: threats

Mr. Candela, Your threats to me attempting to stop my reportage concerning the felony abuse of a disabled adult and collateral matters could be construed as obstruction of justice.

Please file a motion in the appeal to stay/enjoin the Florida collection activities and punishments while the case is on appeal. You failed to do this at the appropriate time causing my incarceration. This a very common appellate motion quite similar to a motion to release from custody while on appeal. I don't wish to be jailed again because of your failure to file proper and quite common motions at the proper time.

Just the fact that you are appointed does not mean you have to withhold filing of proper and necessary papers in court. You must treat appointed legal work with the same vigor as paying clients. Failure to do so is a violation of the rules of professional conduct and ethical precepts.

I don't know what is up with you, but, you refused my direct instructions to deny the request for enlargement of time and consented to the government delay. This conduct prejudices and injures me.

-- scott

Subject: Huminski writ of prohibition/mandamus

Mr. Candela, I take your silence as a refusal to file a writ to prohibit collection activities by the State pending resolution of the appeal. I will file it in the next week. It will be less than a page long. A no-brainer. Let me know today if you have changed your position.

This issue may only be tangentially related to the Health Departments investigations. It is being provided to maintain context and this email is core protected political expression afforded the highest level of protection under the First Amendment. (see below link re: core protected political expression) Obviously all my speech is speech critical of the Sheriff, a candidate for public office. Seeking and obtaining the gag order is a serious crime under Title 18. See below criminal statutes.

Mr Holloway, as I have pointed out, all communications with you are in your capacity with the county, not LCSO. All contact with the LCSO is barred via the gag orders entered by Judge Adams. Gag orders requested by the sheriff that remain pending for life. This calls into question if the sheriff can hold office while denying public safety services to a resident (s) of the county he serves. I think not. This affront to the First Amendment, barring core protected political expression are federal crimes defined in
the Title criminal 18 links below as they violate Huminski's First Amendment right to criticize the sheriff and report criminal activity to the sheriff or his staff. One can not be a county sheriff and then pick and chose persons not eligible for public safety services based upon their opinions or the type of crimes they report.

Why did the sheriff seek to silence me? ... to cover up his support of the interstate transmission of terrorist death threat by the Nelson/Riffel domestic terror cell.-- scott

Subject: Florida Sunshine Law Request: Lee Sheriff Disabled Elder Abuse Portal

To Whom It May Concern:

Pursuant to the Florida Sunshine Law, I hereby request the following records:

All records, reports, recordings and documents related to the arrest of

The period of interest is from 10:00 A.M. to Noon on 2/12/2019 while Huminski was in custody of the arresting deputy.

Supply all documents, recordings, materials related to the compliance with the ADA (Americans with Disabilities Act) of LCSO transport vehicles (buses, vans, cars and other) that were used to transport Huminski both upon arrest and during other transport of Huminski that occurred during his stay at LCSO facilities.

Provide all documentation as to what ADA accommodations were provided to Huminski in his jail cell that allowed him access to the top bunk when the bottom bunk was occupied by another resident.

Provide all materials and documents related to Huminski's complete disability, medicare and social security and any and all materials related to ADA accommodations and treatment of the fully disabled at LCSO facilities (specifically to Huminski and generically).

All materials related to the determination that Huminski committed the crime of disorderly conduct at his intake as set forth in the records last produced by the LCSO and all materials related to LCSO procedures concerning placing a person in solitary confinement and disciplinary matters concerning inmates.

Booking #
897183
Arrested
2019-02-12 11:54
Status
Released: 2019-03-04 19:30

All handwritten or digital records related to the dispensing of medications to Huminski which include 15 to 30 notations of blood pressure pursuant to the directives of the LCSO medical staff including the blood pressure readings taken and recorded approximately 9 to 11 hours after arrest in Bonita Springs. Including Huminski's vitals which indicated a temperature of 97.0 after 8 + hours of solitary in inhumanely cold temperatures without adequate clothing or shelter. Prescribing directions from LCSO staff required the taking of Huminski's blood pressure at the time medications were dispensed, which was done and recorded by the LCSO staff that distributed medications. Supply this data.

Attached is a brief filed in the 2nd District Court of Appeals indicating LCSO knowledge of Huminski's disability situation discussed before LCSO staff in court.

All documents and materials related to the felony violations of the elder/disabled adult abuse statute perpetrated by the LCSO set forth in the attached emails to the Florida Department of Health that triggered 3 investigations of LCSO medical staff. See attached.

AMERICAN OVERSIGHT

In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not.

Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 10 business days.

Sincerely,

scott huminski

Subject: Lee Sheriff refuses to comply with Sunshine Law foi request

This is the request they are ignoring,

https://www.muckrock.com/foi/lee-county-36/lee-sheriff-disabled-elder-abuse-84341/

I seek assistance with getting compliance with the Sunshine Laws.

The sheriff began his refusal to comply with sunshine requests after he became aware of 3 investigations pending against his medical staff for felony abuse of a disabled adult. Subject: Lee Sheriff Foia re: DOH investigations, Complaint # 201944590 & 201994592

A new related Foia (sunshine law request) is here concerning the withholding of medical services,
https://www.muckrock.com/foi/lee-county-36/lee-sheriff-disabled-elder-abuse-84837/

I note that the sheriff failed to respond to the request of 12/12/19 with knowledge that I am seeking the information to forward to State agencies concerning the pending investigations. *Per se* obstruction of justice. The sheriff refuses to even acknowledge receipt of the information request.
https://www.muckrock.com/foi/lee-county-36/lee-sheriff-disabled-elder-abuse-84341/

It is unclear if the sheriff's department itself is licensed with the DOH in any capacity, although, they are the caretakers of medical records and in control of the privacy and dissemination of medical records consistent with HIPAA or similar state regulations/statutes. It certainly appears that jails should be regulated in a similar manner to nursing homes, hospitals and other care-giver entities. -- scott huminski

Subject: Lee Sheriff felonies are RETALIATORY, Complaint # 201944590 & 201994592

These felonies and *per se* medical ethics violations concerning the LCSO medical staff are retaliatory because Huminski exposed the crimes of the sheriff embodied in his request and receipt of a gag order that obstructed justice (including witness intimidation and tampering) of cases before the United States Bankruptcy Court, the Florida 2nd Circuit and Florida Supreme Court. At the most rudimentary level, the sheriff's gag order preventing service of himself and his office in cases where court rules, Due Process and other authorities mandated service of the sheriff are patently criminal obstruction of justice.

My certificates of service in the aforementioned tribunals clearly state that service was obstructed by the sheriff. Even service of the State of Florida was obstructed by the gag order obtained by the sheriff. See below documents and most specifically this one,
https://edca.2dca.org/DCADocs/2017/4740/174740_26_12182017_1121006Z_e.pdf

Here is a complaint filed with the United Nations on the topic

https://web.archive.org/web/20181031133103/https://judgeelizabethyklerieecountyflcorruption.files.wordpress.com/2017/06/un-human-rights-compl-2-converted.pdf

The obstruction of justice by the sheriff is undisputed and on the record see below links.

Subject: Fw: State's Atty Cover up felony obstruction by Sheriff Scott

The Sheriff obstructed service in the U.S. Bankruptcy Court (a unit of U.S. District Court), obstructed service in the 2DCA 2D17-4740, obstructed my attendance at a hearing in 17-CA-421 and is engaging in ongoing obstruction in 17-MM-815.

The sheriff procured a protective order for him and his staff that prohibits contact or communication. WITHOUT EXCEPTION. As such I am banished from the Lee Court complex in violation of Huminski v. Corsones, 396 F.3d 53 (2nd Cir. 2005). This and other issued are exhaustively documented in the below papers filed in the 2DCA.

Subject: Conflict counsel must recuse

Hi Atty Neymotin,

Your office has advised me to violate the Orders of Judge Krier. The protective order entered by Judge Krier prevents any contact with the Sheriff or his staff. As such, it is criminal contempt for me to interact with court security screeners and bailiffs at the lee court.

Advising me to violate the orders of the Circuit Court is unethical. With that in mind, what is your office's advice for the hearing tomorrow concerning my attendance?

Do I not attend and risk a bench warrant or attend and risk a contempt charge? -- scott huminski

Subject: Conflict counsel must recuse

Hi Atty Neymotin,

Your office has performed zero work on the criminal matter and refuses anything and everything I have requested in support of my defense. Assign a different attorney or recuse your off the case. You are still responsible for the 2DCA matter.

Neglect of a legal matter entrusted to your office is an ethical violation. -- scott huminski

Subject: Conflict counsel lies to defendant Huminski

Hi Atty Neymotin,

Subject: Conflict counsel dodging appeal other misconduct

Hi Atty Neymotin,

Your office is responsible for handling this criminal appeal/petition. This is a criminal contempt case assigned to Z. Miller of your office. This appeal arises directly out of the criminal matter assigned to your office. I must also inform you that I am receiving ineffective assistance of counsel in the underlying criminal matter. The criminal case was pending in the Circuit Court for several months and then was "transferred" to County Court.

Please assign an attorney who knows the below law to my case and assign your appellate people to the appeal. See 2DCA docket below. The criminal case is frivolous and the order involved that I allegedly violated are patently unconstitutional and mandate surrender of constitutional rights -- exceptions to the Collateral Bar Rule, that your office has ignored.

THERE IS NO STATUTE, COURT RULE OR FL AUTHORITY THAT PROVIDES FOR A TRANSFER BETWEEN CIRCUIT AND COUNTY COURTS. YOUR OFFICE'S FAILURE TO RECOGNIZE THIS FUNDAMENTAL ISSUE IS WASTING THE TIME OF ALL AND CONSTITUTES CONDUCT PREJUDICIAL TO THE ADMINISTRATION OF JUSTICE AND wastes judicial resources.

Please recuse off this case if you do not have the staff expertise to handle the issues. Mr. Miller refuses to file motions I have requested based upon the above and other issues. -- scott huminski

Subject: Lee Sheriff medical staff felony abuse of a disabled adult, Complaint # 201944590 & 201994592

Another FOIA to the LCSO on the felony abuse of a disabled adult that may assist in the investigations pending against the Lee Sheriff's medical staff. See link below. At the link is a downloadable copy of all correspondences, to date, with the DOH concerning the LCSO medical staff.

I note that the LCSO was well aware of my disabled status based upon it's status as a defendant in Huminski v. Mike Scott, et. al. (aka Huminski v. Gilbert, et. al.), 17-CV-421, 20th Circuit, a lawsuit concerning the death threats issued to Huminski (2015-2017) from Trevor Nelson and/or Debra Riffel (while impersonating Officer Ryan Pillar) of Maricopa County, Arizona and the impersonation of Huminski by the same two individuals in letters sent to Officer Ryan Pillar (Gilbert, AZ Police) his parents and others in 2012-2015 approximately. Thank you. -- scott huminski

Subject: Medical Board & Pharmacy Board Complaint # 201944590 & 201994592 against LCSO medical staff

The decision to deny me medical services upon intake into the Lee Jails and to place me in solitary instead (along with previous complained of LCSO criminal conduct), was done with the knowledge that my age was approximately 60,

putting the LCSO and their medical staff on notice that felony abuse of an elderly and/or disabled adult was on the table. Of course, medical services or denial of medical services that constitute felony violations of F.S. § 825.102 are *per se* unethical under medical ethical guidelines. Crime is not a valid medical treatment or service. See this thread.

See LCSO internet publication,

Subject: Medical Board & Pharmacy Board Complaint # 201944590 & 201994592 against LCSO medical staff

Hello,

The placement of myself in solitary prior to medical screening for an elderly fully disabled adult with chronic medical issues is a felony, F.S. § 825.102, by the LCSO.

AMERICAN OVERSIGHT

See statute excerpts (full statute below) concerning the immediate placement of myself into solitary in a 55 degree cell barefoot with only a thin t-shirt and shorts without any bedding that drove my body temperature down to 97.0, i.e. torture/malicious punishment.

(b) Willfully tortures, maliciously punishes, or willfully and unlawfully cages, an elderly person or disabled adult; or

1. A caregiver's failure or omission to provide an elderly person or disabled adult with the care, supervision, and services necessary to maintain the elderly person's or disabled adult's physical and mental health, including, but not limited to, food, nutrition, clothing, shelter, supervision, medicine, and medical services that a prudent person would consider essential for the well-being of the elderly person or disabled adult; or

These felonies are per se medical malpractice and caregiver malpractice as they are felonies against the elderly disabled. Thank you. --Scott huminski

Sent: Friday, November 29, 2019 10:32 AM

Hi, I am in receipt of your recent letters.

I believe that the sheriff's medical staff lied about my medical record to gain State/Federal funding or grants, etc. concerning their lies input into my medical records.

I am not on Social Security Disability because of "street drug" use as lied to by the LCSO. I grant the FlHealth.gov power of attorney to access my first 5 years of medicare/social security records. I am on Social Security for joint issues, avascular necrosis, PTSD, Social Phobia, GAD. Now spinal stenosis and spinal disk degradation are added to the list.

I don't use "street drugs" as mentioned several times in the LCSO medical records. Medical marijuana and prescriptions filled at Walmart are not "street drugs". All of this is a lie, probably to secure funding or for some other improper motive.

False "street drug" information entered by the LCSO medical staff caused me to be place on "DETOX" for 10 days which prevented me from obtaining sleep medication for 10 days. Lies in medical records can cause injury. I once had a bogus allergy to penicillin sneak unto my records elsewhere and that led to my treatment with a lesser effective drug. False medical information is dangerous to the safety of the patient. During those first 10 days, I got 2-3 hours of sleep a night as a result of LCSO lies. Also felony abuse of a elderly disabled adult. See statute below.

Please do not hesitate to obtain the Social Security/medicare information related to the lies entered into my medical records. Power of attorney is granted to the Florida Department of Health and/or Ylonka Guzman Jimenez to obtain these records from the federal government.

Florida Statutes Title XLVI. Crimes § 825.102. Abuse, aggravated abuse, and neglect of an elderly person or disabled adult

(1) "Abuse of an elderly person or disabled adult" means:

(a) Intentional infliction of physical or psychological injury upon an elderly person or disabled adult;

(b) An intentional act that could reasonably be expected to result in physical or psychological injury to an elderly person or disabled adult; or

(c) Active encouragement of any person to commit an act that results or could reasonably be expected to result in physical or psychological injury to an elderly person or disabled adult.
A person who knowingly or willfully abuses an elderly person or disabled adult without causing great bodily harm, permanent disability, or permanent disfigurement to the elderly person or disabled adult commits a felony of the third degree, punishable as provided in s. 775.082 , s. 775.083 , or s. 775.084 .

(2) "Aggravated abuse of an elderly person or disabled adult" occurs when a person:

(a) Commits aggravated battery on an elderly person or disabled adult;

(b) Willfully tortures, maliciously punishes, or willfully and unlawfully cages, an elderly person or disabled adult; or

(c) Knowingly or willfully abuses an elderly person or disabled adult and in so doing causes great bodily harm, permanent disability, or permanent disfigurement to the elderly person or disabled adult.
A person who commits aggravated abuse of an elderly person or disabled adult commits a felony of the first degree, punishable as provided in s. 775.082 , s. 775.083 , or s. 775.084 .

(3)(a) "Neglect of an elderly person or disabled adult" means:

1. A caregiver's failure or omission to provide an elderly person or disabled adult with the care, supervision, and services necessary to maintain the elderly person's or disabled adult's physical and mental health, including, but not limited to, food, nutrition, clothing, shelter, supervision, medicine, and medical services that a prudent person would consider essential for the well-being of the elderly person or disabled adult; or

2. A caregiver's failure to make a reasonable effort to protect an elderly person or disabled adult from abuse, neglect, or exploitation by another person.
Neglect of an elderly person or disabled adult may be based on repeated conduct or on a single incident or omission that results in, or could reasonably be expected to result in, serious physical or psychological injury, or a substantial risk of death, to an elderly person or disabled adult.

(b) A person who willfully or by culpable negligence neglects an elderly person or disabled adult and in so doing causes great bodily harm, permanent disability, or permanent disfigurement to the elderly person or disabled adult commits a felony of the second degree, punishable as provided in s. 775.082 , s. 775.083 , or s. 775.084 .

(c) A person who willfully or by culpable negligence neglects an elderly person or disabled adult without causing great bodily harm, permanent disability, or permanent disfigurement to the elderly person or disabled adult commits a felony of the third degree, punishable as provided in s. 775.082 , s. 775.083 , or s. 775.084 .

Subject: Medical Board & Pharmacy Board Complaint # 201944590 & 201994592 against LCSO medical staff

Hi, I am writing to ascertain if more input from myself is required for the above board complaints.

Cutting my beta blockers 75% from 200 mg to 50 per day (with a less effective drug), when there was a recent hospitalization for transient ischemic attack (mini stroke) is not only unethical and a violation of medical norms (especially without initiating a physician / patient relationship) and blindly prescribing is abuse of a disabled adult. I have been on on SSDI for 10 years.

This is a felony in Florida and a federal civil rights crime (8th Amendment violation) punishable under federal civil rights crime statutes 18 USC 241, 242. Please refer this to the U.S. Attorney, the FDLE and the Florida and U.S. Attorney Generals. Thanks -- scott huminski

Florida Statutes Title XLVI. Crimes § 825.102. Abuse, aggravated abuse, and neglect of an elderly person or disabled adult

(1) "Abuse of an elderly person or disabled adult" means:

(a) Intentional infliction of physical or psychological injury upon an elderly person or disabled adult;

(b) An intentional act that could reasonably be expected to result in physical or psychological injury to an elderly person or disabled adult; or

(c) Active encouragement of any person to commit an act that results or could reasonably be expected to result in physical or psychological injury to an elderly person or disabled adult.
A person who knowingly or willfully abuses an elderly person or disabled adult without causing great bodily harm, permanent disability, or permanent disfigurement to the elderly person or disabled adult commits a felony of the third degree, punishable as provided in s. 775.082 , s. 775.083 , or s. 775.084 .

(2) "Aggravated abuse of an elderly person or disabled adult" occurs when a person:

(a) Commits aggravated battery on an elderly person or disabled adult;

(b) Willfully tortures, maliciously punishes, or willfully and unlawfully cages, an elderly person or disabled adult; or

(c) Knowingly or willfully abuses an elderly person or disabled adult and in so doing causes great bodily harm, permanent disability, or permanent disfigurement to the elderly person or disabled adult.
A person who commits aggravated abuse of an elderly person or disabled adult commits a felony of the first degree, punishable as provided in s. 775.082 , s. 775.083 , or s. 775.084 .

(3)(a) "Neglect of an elderly person or disabled adult" means:

1. A caregiver's failure or omission to provide an elderly person or disabled adult with the care, supervision, and services necessary to maintain the elderly person's or disabled adult's physical and mental health, including, but not limited to, food, nutrition, clothing, shelter, supervision, medicine, and medical services that a prudent person would consider essential for the well-being of the elderly person or disabled adult; or

2. A caregiver's failure to make a reasonable effort to protect an elderly person or disabled adult from abuse, neglect, or exploitation by another person.
Neglect of an elderly person or disabled adult may be based on repeated conduct or on a single incident or omission that results in, or could reasonably be expected to result in, serious physical or psychological injury, or a substantial risk of death, to an elderly person or disabled adult.

(b) A person who willfully or by culpable negligence neglects an elderly person or disabled adult and in so doing causes great bodily harm, permanent disability, or permanent disfigurement to the elderly person or disabled adult commits a felony of the second degree, punishable as provided in s. 775.082 , s. 775.083 , or s. 775.084 .

(c) A person who willfully or by culpable negligence neglects an elderly person or disabled adult without causing great bodily harm, permanent disability, or permanent disfigurement to the elderly person or disabled adult commits a felony of the third degree, punishable as provided in s. 775.082 , s. 775.083 , or s. 775.084 .

Subject: Missing Records: Medical Board & Pharmacy Board Complaint # 201944590 & 201994592

I noticed that in the brief medical intake that occurred after my 8 hours in solitary in a 55 degree room (I was barefoot and clothed in a light t-shirt and shorts) there was no taking of vitals reported. The reason was that I was becoming hypothermic from the 8 hours of solitary in a cell without bedding, only concrete and steel existed in the cell. Deliberately causing physical harm is an assault and battery. Please forward this to the FDLE and U.S. Attorney. My temperature after solitary was 97 which they took but did not disclose in the records the jail produced.

The name of the pharmacy or pharmacist was not provided in the records. I never received the proper literature with any medications provided, a pharmacy error, which would have prevented the Redman Syndrome that caused me medical harm. Had I received the proper paperwork, as regular pharmacies provide, I would have alerted the staff of a toxic medication and I would have refused the offending medication(s). The level of prescribing secrecy and lack of pharmacy information provided to the patient about the drugs dispensed caused the problem.

My blood pressure was taken at least 10 times and recorded by individuals who dispensed medications (I don't know their professional information) and these records were not supplied. They document my out of control blood pressure. Thank you. -- scott huminski

Subject: Records: Medical Board & Pharmacy Board Complaint # 201944590 & 201994592

Hello, They finally released my records. I still don't know the professions of any of the names provided, i.e. doctor, nurse, aid, pharmacy tech, etc..

I gave no consent to anyone to stop existing medications or to consent for new medications upon intake to the jail.

I was arrested at approximately 10:30 and got to the Jail at the below time, noon, and immediately was put in solitary for 8 hours as the medical records reflect. If one has diabetes, seizures or many other problems, this custom of warehousing patients for up to 8 hours with no medical information taken could prove deadly to persons with medical issues. During this initial solitary there was no inquiry if i had food allergies or special/religious food needs and i was provided a meal blindly -- bologna on white. This is dangerous. I was never consulted with by a doctor concerning the vast changes in my medicines or never asked if I had questions for a pharmacist when medicines were dispensed. Note the 7:58 time on the medical history documenting the solitary.

Booking #	Arrested	Status
	2019-02-12 11:54	**Released:** 2019-03-04 19:30

AMERICAN OVERSIGHT

897183

I don't know and never met Andrew Grey, I don't know if this person is a doctor, nurse, pharmacist, and they never mentioned to me they were taking me off medications I have been on for 22 years. My only history of withdrawal was when I ended gabapentin for spine pain and sciatica a year earlier.

Kathy Verdes lied about drug abuse when she stated i take "street drugs" and this contradicts the walmart prescriptions verified on 2/19/2019 which had a xanax prescription. (see attached) I never had this issue and never told her I did. Alprazolam, xanax has been prescribed to me for 22 years, I take it as directed.

Huminski was deprived of all morning medications on 2/27/19 per entry of Karen Hergal, this is common, to get 12 hour medications at far longer or shorter intervals than required. This happened to me many times. There are also an entry of "denies all" that did not happen. Ms. Hergal lied about a history with street drugs.

Prior to administering the first doses of new medications, if I was told they were stopping the treatment that worked well for 22 years, patient should be allowed a consult with a pharmacist or doctor on the new medications.

Note that after side effects from HCTZ (or clonidine) was noted, the toxins that caused Red Man Syndrome (that i was prescribed deltasone for), on 2/19/19 they re-prescribed the toxin and it was delivered to me for a day or two until I noticed problems and I had to interrogate the person dispensing the pills and i had to deny the toxin. My declining the toxin is also in the attached.

Although my blood pressure had been recorded 10 or so times, the report on 2/14/2019 had a blood pressure of 153/114 p 136, revealing the ineffective treatment plan without concern for patient's 22 year history of successful blood pressure management. This is dangerous. I feel symptoms of tightness in chest/anxiety/fear when my blood pressure soars without adequate medical intervention. Elevated blood pressure can cause organ damage, stroke, heart issues and more. This negatively impacted my anxiety issues because I thought I might die from the extremely high (for me) blood pressure.

See entry of 07/08/2019 [sic] (the date is probably around 2/16/2019) where i emphasize my 20 years of successful medications and relatively good health.

On or about 2/18/2019 i spoke to a female guard via the intercom system and explained that I was given medications that made me ill and required medical intervention, she rudely stated "don't take pills you're not supposed to". I explained the pills were started without me knowing. This is misconduct.

2/27/2019 Brian Medlin lied that i was on social security for drugs problems. I am on social security for joint issues (hips, knees) and for PTSD, Social phobia and generalized anxiety disorder.

In summation, this is the worst medical treatment I have received in my entire life and, at 60 this year, it is the first time I spent in jail. -- scott huminski

As you can see, the Sheriff is refusing to forward medical information because there are many problems with the medical treatment of patients at the Lee jail. I hereby grant the FL Health Department and their associated Medical and Pharmacy Boards power of attorney concerning my medical records being withheld by the sheriff. There are dangerous medical situations at the jail. Luckily, my experience wasn't fatal, the same might not be true in the future.

I have no knowledge of who the persons were dispensing the medication at the jail ... nurses, pharmacy techs, medical assistants, etc..

I waive all HIPAA rights/protections and my jail medical records may be posted online or shared by anyone to anyone at any time. Thank you.

The muckrock.com data didn't transmit correctly, here it is,

From: scott huminski
10/03/2019
From: Lee County Sheriff's Office
10/13/2019
Subject: Public Records Request :: P038030-100319
[data]
Dear scott huminski:

Lee County Sheriff's Office received a public records request from you on October 03, 2019. You requested the following:

" To Whom It May Concern:
Pursuant to the Florida Sunshine Law, I hereby request the following records:
My medical records while being lodged at the LCSO run jails in February and March of this year. I waive all HIPAA rights related to my medical records.
On 9/24/19, I attempted to obtain my medical records by inquiring at the 6 Mile Cypress LCSO location and at the lobby of the Ortiz Jail with no success.
In the alternative, please forward all documents/forms related to the procedure to gain access to these records. A medical provider refusing to supply requested medical records creates an actionable matter with the State medical board. Medical licenses may be revoked. Thank you. -- scott huminski
The requested documents will be made available to the general public, and this request is not being made for commercial purposes.
In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not.
Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 10 business days.
Sincerely,
scott huminski
Upload documents directly: https://https://www.muckrock.comhttps://accounts.muckrock.com/accounts/login/?next=https%3A%2F%2Fwww.muckrock.com%2Faccounts%2Flogin%2F%3Fnext%3D%252Faccounts%252Fagency_login%252Flee-county-sheriffs-office-7703%252Flee-sheriff-records-request-81140%252F%253Femail%2533Dswood%252540sheriffleefl.org&url_auth_token=AAAeBb4nkawgwZUThdFTwtrVHWo%3A1iFsWK%3AYuw_SBS3JSASXPJkiUh7K1D4yKI"
Your request has been received and is being processed.
Please Note: All requests are completed in the order in which they are received. Additional information or clarification may be needed to fulfill your request. Failure to provide additional information or clarification within 10 business days will cause your request to be canceled and closed out. You will then be required to submit a new request.
Research-intensive requests may require more than 10 business days to fulfill and may require a paid deposit before the request can be fulfilled. All deposit invoices are due upon receipt. Release of information requires payment in full. Additionally, any further requests may not be considered until unpaid invoices are paid in full.
Please contact our office immediately once requested information is no longer needed. Payment for completed requests prior to cancellation is expected. If you wish to pick up the request, please contact us in advance.
While use of GovQA for public records requests is not mandatory, requests submitted outside of the GovQA portal may delay the receipt of requested information.
Sincerely,
Public Information Office / Central Records

Subject: IAIL Medical Board & Pharmacy Board Complaint # 201944146

Hello, I am in receipt of your letter of 10/11/2019.

The sheriff has ordered the medical staff to not supply various medications that are medically appropriate and necessary for patients. Thus, loyalty to the sheriff and his rules has trumped the medical staff's proper handling of the cases and limitations of FDA approved medications that can be prescribed to patients lodged at the sheriff's facilities pursuant to policies and procedures mandated by the sheriff. A potential case of unauthorized practice of medicine by the sheriff via his control over the doctors and medical staff working for him in Fort Myers. I consider the handling of my medical records request beginning with in-person visits on 9/24/2019 obstruction of justice related to the medical and pharmacy boards potential investigation into medical care at the Lee jails.

Allowing a sheriff to determine what medications can be prescribed by tying the hands of licensed medical professionals is corrupt. Solitary confinement without inquiring into the medical situation is a violation of medical ethics and norms. Withholding access to a physician for 5-7 days after blindly prescribing incorrect and outright toxic medications is a violation of medical ethics and professional guidelines. All persons lodged at these jails should have an immediate consultation with a physician to establish a proper patient - physician relationship, prior to prescribing, to save lives and maintain health.

The sheriff's office wrote as follows (see below) concerning (1) my attempt to obtain my medical records followed by (2) his classification of my 2nd request as a duplicate and finally (3) my request via the muckrock.com website which remains pending. I ask that you expedite this matter to avoid further medical harm to persons lodged in the Lee jails whereby doctors are prohibited from freely and without interference allowed to engage in the practice of medicine pursuant to their training and experience free of interference from the sheriff or his policies and procedures. -- scott huminski

RE: Media Request of October 07, 2019. Reference# M038403-100719
Dear SCOTT HUMINSKI:

Lee County Sheriff's Office received a public records request from you on October 07, 2019. You requested the following:

My medical records held by the LSCO related to my jailing in February/March of 2019.

see Medical and Pharmacy Board complaints that await this information.

https://www.muckrock.com/foi/lee-county-36/lee-sheriff-records-request-81140/

This request has been completed. There is no service fee.

The records have been released to our online Public Records Center. You can log into the system and download your responsive records.

Thank you.

Sincerely,

Tony Schall
Public Information Request Supervisor
Central Records

To monitor the progress or update this request please log into the Public Records Center

***Important for Jail Video**: Jail video is proprietary and you **MUST** install the Ocularis Video Viewer to view the video file responsive you your request. You may download the viewer through the following link: Ocularis Viewer*

AMERICAN OVERSIGHT

In The

Florida Board of Medicine / Florida Board of Pharmacy

Lee County, SS.

SCOTT HUMINSKI, COMPLAINANT	)
	)
Respondents,	)
MEDICAL PROVIDER/EMPLOYER,	)
LEE COUNTY SHERIFF'S OFFICE	)
JANE/JOHN DOES, M.D.	)

Complaint / Affidavit of Scott Huminski

NOW COMES, Scott Huminski ("Huminski"), and, under oath, hereby states, swears, complains and deposes as follows,

1) Twenty two years ago Huminski was prescribed Toprol ER for blood pressure and alprazolam for anxiety. Huminski has been on these medications to the present except when he was under the medical care of the Lee County Sheriff's Office ("LCSO") and their medical staff.
2) Prior to being placed on Toprol ER, Huminski tried diuretics and had severe side effects including Red Man Syndrome.
3) Huminski was arrested and lodged at the LCSO jails for 20 days in February and March of 2019 for failing to pay a fine for contempt of court.

AMERICAN OVERSIGHT

4) Upon arrest, Huminski was brought to jail and immediately put in solitary confinement without regard for his medical needs. After 8 hours in solitary, Huminski was interviewed by LCSO staff and Huminski supplied a list of his medications including alprazolam, Toprol ER and Lovaza..

5) LCSO chose to discontinue Huminski's medications without notifying him, without consent and without an interview/consultation by a physician.

6) Huminski had no contact with a Doctor until 5-7 days into his lodging with the LCSO, yet, all his medications were changed without seeing a doctor and without an inquiry into Huminski's medical history.

7) In the past Huminski had tried to substitute Metoprolol Succinate (Toprol ER), with Metoprolol Tartrate (Lopressor), a much more affordable medicine. Huminski found the Lopressor not effective and his private doctor advised the long-acting Toprol ER was superior.

8) Throughout his care under the LCSO and their Medical Doctor, Huminski's blood pressure soared for weeks until he finally was supplied Toprol ER. Huminski gets anxiety symptoms and an uncomfortable feeling in his chest when his blood pressure soars, which is what happened with the LCSO handling his health care.

9) For the first week of lodging with the LCSO, Huminski was given medications in a small dixie cup which Huminski presumed included medications he had been taking for the last 22 years and he was not

AMERICAN OVERSIGHT

informed that his medications had been stopped and/or modified without his consent or knowledge.

10) Along with soaring blood pressure, Huminski began experiencing symptoms of Red Man Syndrome over his entire body and eventually all his skin peeled off in a manner similar to sunburn.

11) Huminski, suspecting he was given medications that were ineffective or outright toxic to him, began to ask the nurse what the medications were and as it turns out he was told one medication was a "water pill" which Huminski still does not know the specific medication although he knows not to take this family of medicines from past experience and, similarly Huminski knew he had to take Toprol ER not Lopressor for his high blood pressure. Because of a refusal of the medical staff to inform patients of medication changes, potentially deadly results may occur at LCSO facilities.

12) Huminski began refusing the medication that had proven toxic to him in the past, but, knowing of this toxicity, the LCSO kept trying to dispense to him doses of the toxin.

13) Huminski believes the secrecy of the LCSO medical staff in not advising him that his medications were being withheld and that he was getting new medicines caused his soaring blood pressures and Red Man Syndrome. If a new medication plan was suggested to Huminski, he would have advised his physician of the problems with the new medications that he knew from past experiences.

AMERICAN OVERSIGHT

14) When Huminski saw a female physician at 5-7 days at the LCSO facility, he was prescribed a corticosteroid to relieve his Red Man symptoms although the diuretics were still provided to him which he had to continue to refuse. This is after he told the physician of his history with these medications.

15) Huminski believes no prescribing changes should be made without a doctor's consultation and a medical history taken to avoid side effects or allergies with medicines secretly provided to individuals. Even consultation by telephone with a physician would have eliminated these medical errors and provided the necessary medical history.

16) Huminski does not know the identity of the doctor(s) involved in his medical situation with the LCSO and his direct oral request for his records from the LCSO M.D. was refused.

17) On 9/24/19 Huminski attempted to get his medical records from the LCSO by visiting two LCSO locations without success.

18) Huminski has filed a freedom of information request to the LCSO to obtain his medical records and he is awaiting a response. See link, https://www.muckrock.com/foi/lee-county-36/lee-sheriff-records-request-81140/

19) Both the pharmacists and doctors involved with the LCSO know that new residents with LCSO do not get any consultation with a M.D. prior to initial prescribing of medicines or discontinuing medicines.

20) Although Huminski may or may not have had symptoms related to the sudden stopping of alprazolam, its clear from just looking at the

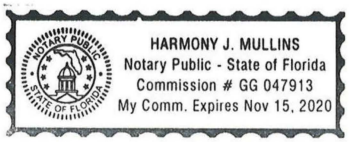
20) Although Huminski may or may not have had symptoms related to the sudden stopping of alprazolam, its clear from just looking at the

AMERICAN OVERSIGHT

prescribing information that this is not a safe practice. It also is not safe to experiment with a patient's blood pressure medication without first seeing the patient.

21) The LCSO physicians and pharmacist employees failed to "Do No Harm", by design of the system they work within.



22) Huminski waives all HIPAA rights related to his medical records held by the LCSO and these records may be made public to further transparency related to this rogue medical provider.

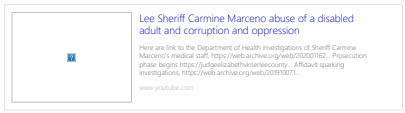
Subject: Request for ADA advocate or victim's advocate re: pending DOH investigations & filings

Date: Thursday, March 5, 2020 9:45:11 AM

Attachments: [redacted]

If allowed, I would like to request appointment of an ADA advocate or victim's advocate regarding the DOH matters pending concerning the medical staff of the Lee Sheriff. As always, all expression from myself is core protected political expression afforded the highest level of protection under the First Amendment.

Here are my recent filings in the 2 DCA that may be of relevance to the DOH investigations.



The entire matter that led up to the DOH issues and associated crimes against me perpetrated by the sheriff was an unlawful and unconstitutional sham. See filings,

https://edca.2dca.org/DcaDocs/2020/0650/2020-650_Motion_405264_MO45202D20Motion20for20Appointment20of20Counsel.pdf

https://judgeelizabethkrierleecountyflcorruption.files.wordpress.com/2017/08/motion-to-refer-contempt-to-fl-sup-ct-merged.pdf

Below is music I recently released concerning the crime and corruption experienced in Lee County, more selections are on youtube under, my band, Scott X and the Constitution Commandos. I rely heavily upon the First Amendment to hopefully end the official corruption and crime in Lee County.

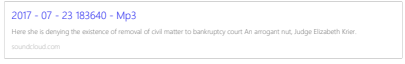
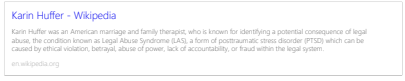
Subject: 2 attorneys attempt to undermine the ADA accommodation plans of a medical provider

Unfortunately one is my appellate attorney the other is an Assistant Attorney General.

Please consider this as a complaint regarding unauthorized practice of medicine by
Judge James Adams and possibly these 2 attorneys.



This conduct borders on the unauthorized practice of medicine and these two attorneys provide content that can only be provided by a medical expert in a court proceeding.

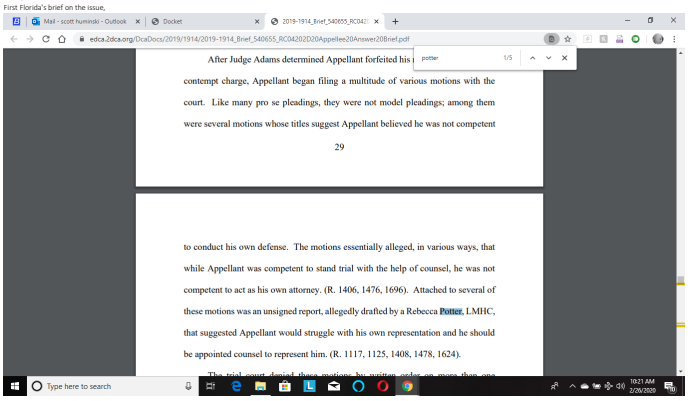


They try to undermine the ADA treatment plan to allow the various officials involved in this matter to continue to refuse ADA accommodations to the disabled. The purpose of the the lies of these 2 attorneys is to get a Court to negate or declare the ADA plan as forgery or a fraud. They are trying to create case law to prejudice the disabled in FLorida and/or trying to get an appellate court to disregard the ADA plan.

Rebecca Potter is the LMHC who authored the ADA accommodations plan, I was her patient and she also served as my ADA advocate. Also detailed is the conduct of Judge Adams acting as a medical expert in the case and trumping the genuine and legitimate findings and recommendations of a licensed medical professional who was trained by Doctor Karin Huffer who original set fort a subset of PTSD, Legal Abuse Syndrome, Ms. Huffer also treated me and has written a book on the topic. I have very servere PTSD/LAS.
https://en.wikipedia.org/wiki/Karin_Huffer

A non-medical legal issue is that Judge Adams engaged in an early sentencing phase prior to trial forbidden by the federal constitution, the judge can not address sentencing without the facts introduced at trial.

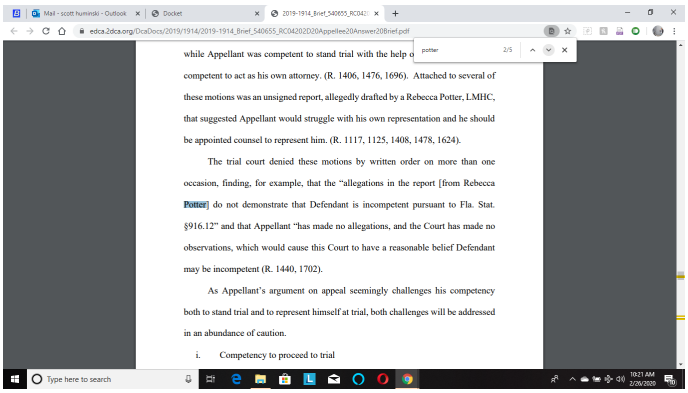
One thing to note is that Judge Krier who presided early in the case advocated a medical inquiry into my competency. Judge Adams without jurisdiction to do so over-ruled this important statement of Judge Krier.
https://soundcloud.com/nelsonaudio/2017-07-23-183640-mp3



Here is the poorly written brief of my so-called lying appellate attorney.
https://edca.2dca.org/DcaDocs/2019/1914/2019-1914_Brief_535422_RC03202D20Initial20Appellant20Brief20on20Merits.pdf

Here is the brief of AAG Alper lying about the ADA plan and being less that truthful in other areas,
https://edca.2dca.org/DcaDocs/2019/1914/2019-1914_Brief_540655_RC04202D20Appellee20Answer20Brief.pdf

excerpts from the 2 briefs,
First Florida's brief on the issue,



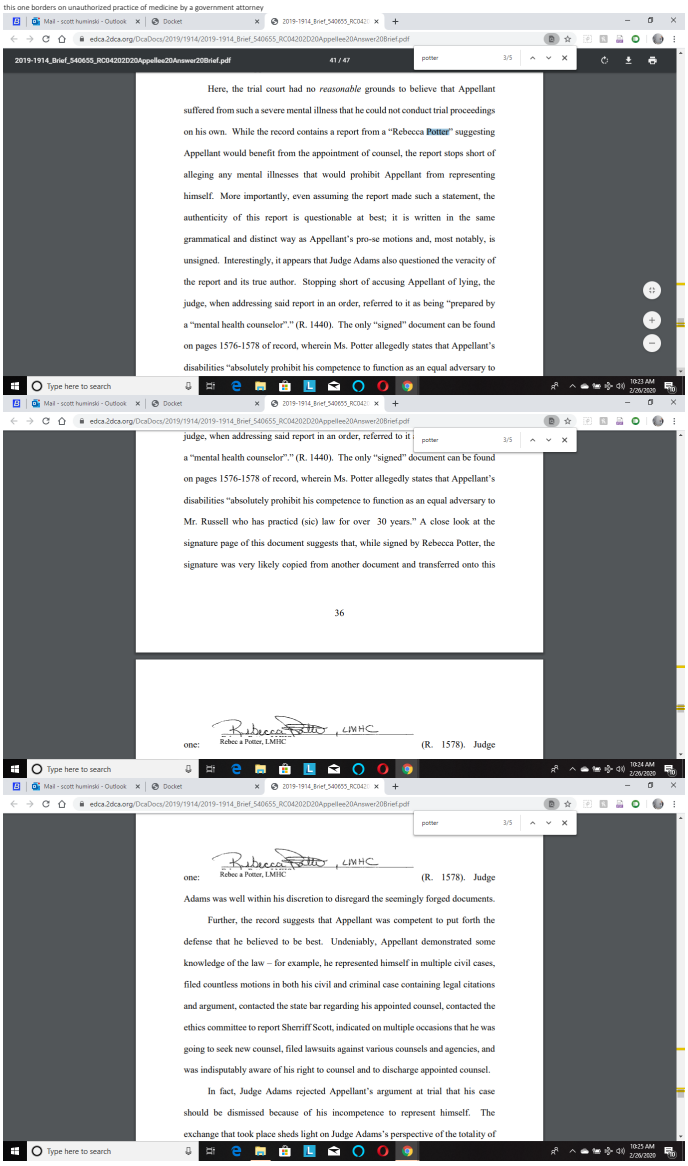
After Judge Adams determined Appellant forfeited his r

contempt charge, Appellant began filing a multitude of various motions with the court. Like many pro se pleadings, they were not model pleadings; among them were several motions whose titles suggest Appellant believed he was not competent

29

to conduct his own defense. The motions essentially alleged, in various ways, that while Appellant was competent to stand trial with the help of counsel, he was not competent to act as his own attorney. (R. 1406, 1476, 1696). Attached to several of these motions was an unsigned report, allegedly drafted by a Rebecca Potter, LMHC, that suggested Appellant would struggle with his own representation and he should be appointed counsel to represent him. (R. 1117, 1125, 1408, 1478, 1624).

AMERICAN OVERSIGHT



while Appellant was competent to stand trial with the help o
competent to act as his own attorney. (R. 1406, 1476, 1696). Attached to several of these motions was an unsigned report, allegedly drafted by a Rebecca Potter, LMHC, that suggested Appellant would struggle with his own representation and he should be appointed counsel to represent him. (R. 1117, 1125, 1408, 1478, 1624).

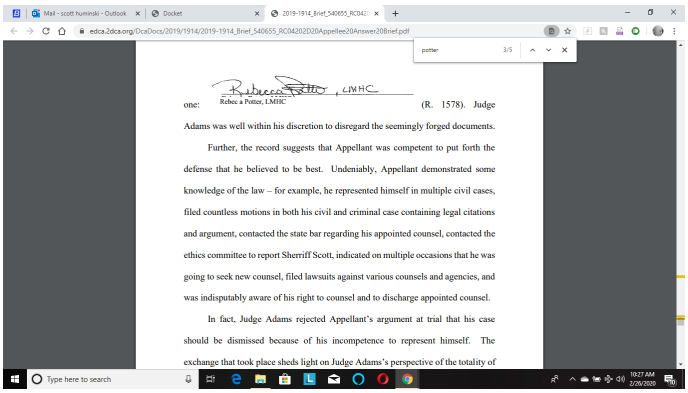
The trial court denied these motions by written order on more than one occasion, finding, for example, that the "allegations in the report [from Rebecca Potter] do not demonstrate that Defendant is incompetent pursuant to Fla. Stat. §916.12" and that Appellant "has made no allegations, and the Court has made no observations, which would cause this Court to have a reasonable belief Defendant may be incompetent (R. 1440, 1702).

As Appellant's argument on appeal seemingly challenges his competency both to stand trial and to represent himself at trial, both challenges will be addressed in an abundance of caution.

i. Competency to proceed to trial

this one borders on unauthorized practice of medicine by a government attorney

Here, the trial court had no *reasonable* grounds to believe that Appellant suffered from such a severe mental illness that he could not conduct trial proceedings on his own. While the record contains a report from a "Rebecca Potter" suggesting Appellant would benefit from the appointment of counsel, the report stops short of alleging any mental illnesses that would prohibit Appellant from representing himself. More importantly, even assuming the report made such a statement, the authenticity of this report is questionable at best; it is written in the same grammatical and distinct way as Appellant's pro-se motions and, most notably, is unsigned. Interestingly, it appears that Judge Adams also questioned the veracity of the report and its true author. Stopping short of accusing Appellant of lying, the judge, when addressing said report in an order, referred to it as being "prepared by a "mental health counselor"." (R. 1440). The only "signed" document can be found on pages 1576-1578 of record, wherein Ms. Potter allegedly states that Appellant's disabilities "absolutely prohibit his competence to function as an equal adversary to Mr. Russell who has practiced (sic) law for over 30 years." A close look at the signature page of this document suggests that, while signed by Rebecca Potter, the signature was very likely copied from another document and transferred onto this



36

one: Rebec a Potter, LMHC (R. 1578). Judge Adams was well within his discretion to disregard the seemingly forged documents.

Further, the record suggests that Appellant was competent to put forth the defense that he believed to be best. Undeniably, Appellant demonstrated some knowledge of the law – for example, he represented himself in multiple civil cases, filed countless motions in both his civil and criminal case containing legal citations and argument, contacted the state bar regarding his appointed counsel, contacted the ethics committee to report Sherriff Scott, indicated on multiple occasions that he was going to seek new counsel, filed lawsuits against various counsels and agencies, and was indisputably aware of his right to counsel and to discharge appointed counsel.

In fact, Judge Adams rejected Appellant's argument at trial that his case should be dismissed because of his incompetence to represent himself. The exchange that took place sheds light on Judge Adams's perspective of the totality of

2019-1914_Brief_540655_RC04202D20Appellee20Answer20Brief.pdf 42 / 47

In fact, Judge Adams rejected Appellant's argument at trial that his case should be dismissed because of his incompetence to represent himself. The exchange that took place sheds light on Judge Adams's perspective of the totality of the circumstances surrounding the case:

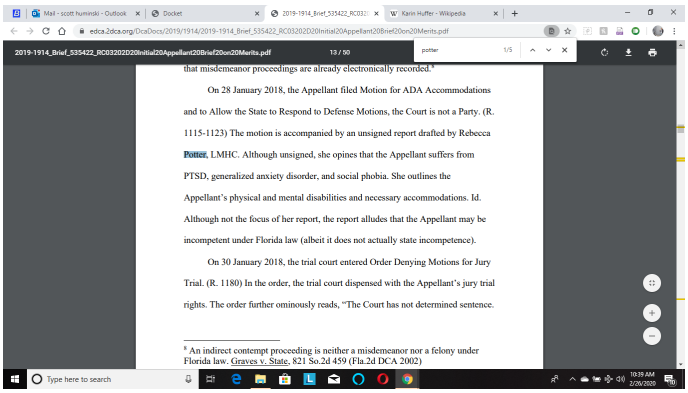
> APPELLANT: As the Court noticed, I filed maybe 100 documents or motions in this case and according to the judge's ruling on those documents I'm basically a legal moron because I failed on every single motion and *someone who can't even file a motion to dismiss based on reading case law is certainly not competent to represent themselves in trial*. So, I think, basically, the long history of me filing motions that you consider absolutely outrageous and stupid or whatever, I'm not putting words

37

in -- or moronic -- shows that I did not have the capability

STATE: Judge, I would just ask that you t... personal observations of Mr. Huminski, since your interactions with him in this particular case. The things that are reflected in the court file clearly show that Mr. Huminski has an understanding of the civil world and criminal arena, to the extent that he knows the participants, he knows the roles of the participants, he certainly has the ability to assist with his lawyer, so competency is not an issue in this particular incident.

THE COURT: Mr. Huminski, your -- your filings, even though you have characterized them as stupid, moronic or -- or whatever, I've not really considered them as such, simply considered you as a prose litigant, you know, filing many motions in the case, some of which are in contravention of the order that Judge Krier had previously put in place.



(R. 2397-2399).

Because the record does not provide reasonable grounds for Judge Adams to believe that Appellant suffered from such a severe mental illness that he could not conduct his own defense, the court did not err in failing to conduct a competency hearing before requiring Appellant to proceed pro-se.

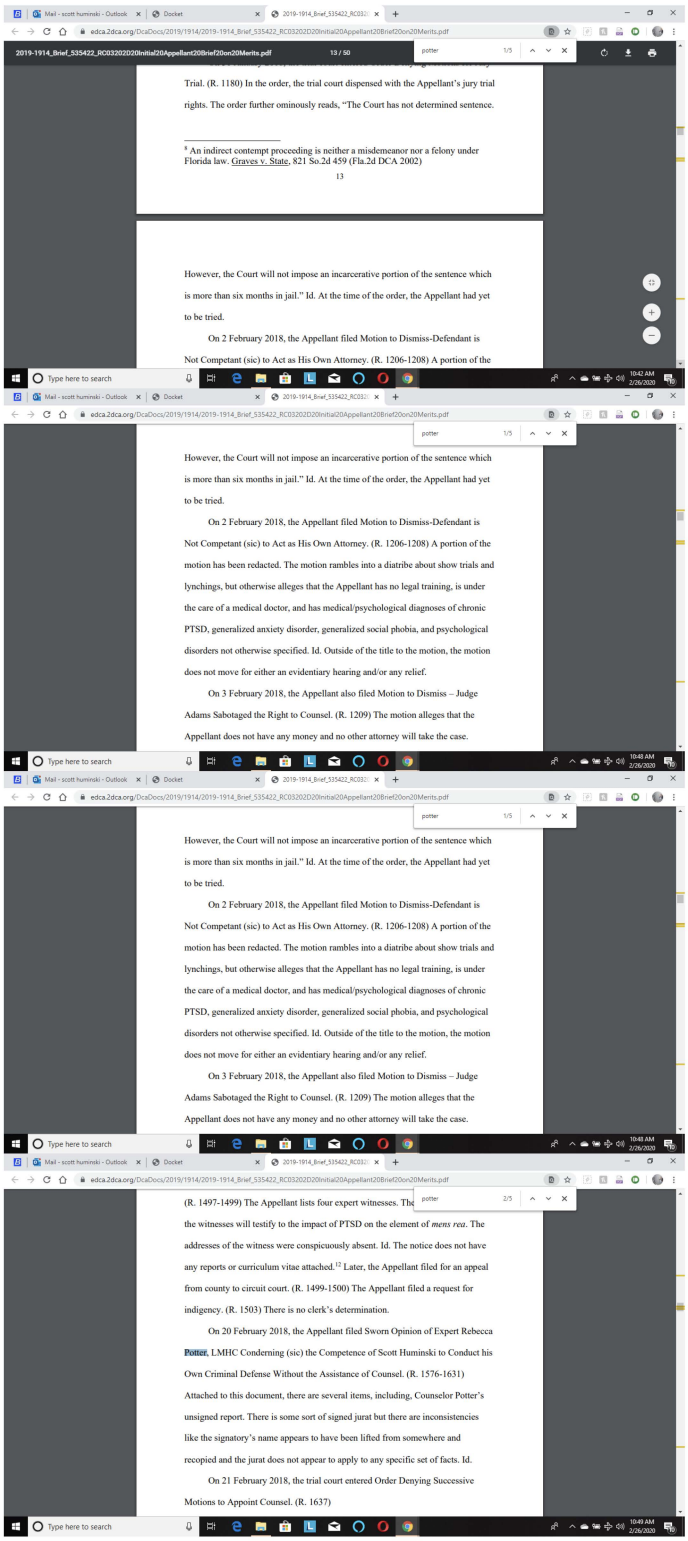
ISSUE FOUR

WHETHER THE TRIAL COURT ERRED IN

Excerpts from brief of Anthony Candela, esq.

2019-1914_Brief_535422_RC03202D20Initial20Appellant20Brief20on20Merits.pdf 13 / 50

that misdemeanor proceedings are already electronically recorded.[8]



On 28 January 2018, the Appellant filed Motion for ADA Accommodations and to Allow the State to Respond to Defense Motions, the Court is not a Party. (R. 1115-1123) The motion is accompanied by an unsigned report drafted by Rebecca Potter, LMHC. Although unsigned, she opines that the Appellant suffers from PTSD, generalized anxiety disorder, and social phobia. She outlines the Appellant's physical and mental disabilities and necessary accommodations. Id. Although not the focus of her report, the report alludes that the Appellant may be incompetent under Florida law (albeit it does not actually state incompetence).

On 30 January 2018, the trial court entered Order Denying Motions for Jury Trial. (R. 1180) In the order, the trial court dispensed with the Appellant's jury trial rights. The order further ominously reads, "The Court has not determined sentence.

AMERICAN OVERSIGHT

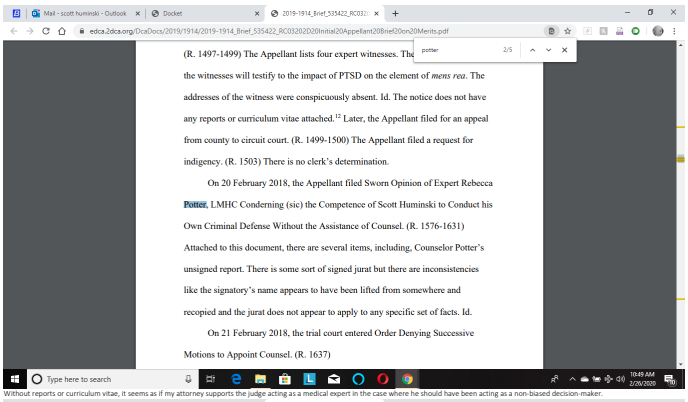
Trial. (R. 1180) In the order, the trial court dispensed with the Appellant's jury trial rights. The order further ominously reads, "The Court has not determined sentence.

[8] An indirect contempt proceeding is neither a misdemeanor nor a felony under Florida law. Graves v. State, 821 So.2d 459 (Fla.2d DCA 2002)

13

However, the Court will not impose an incarcerative portion of the sentence which is more than six months in jail." Id. At the time of the order, the Appellant had yet to be tried.

On 2 February 2018, the Appellant filed Motion to Dismiss-Defendant is Not Competant (sic) to Act as His Own Attorney. (R. 1206-1208) A portion of the motion has been redacted. The motion rambles into a diatribe about show trials and lynchings, but otherwise alleges that the Appellant has no legal training, is under the care of a medical doctor, and has medical/psychological diagnoses of chronic PTSD, generalized anxiety disorder, generalized social phobia, and psychological disorders not otherwise specified. Id. Outside of the title to the motion, the motion does not move for either an evidentiary hearing and/or any relief.



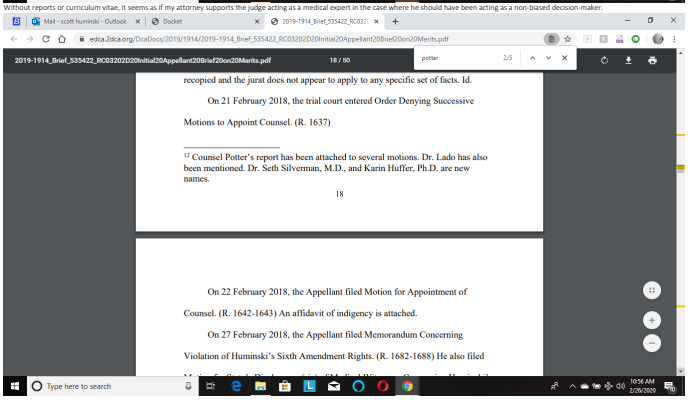
On 3 February 2018, the Appellant also filed Motion to Dismiss – Judge Adams Sabotaged the Right to Counsel. (R. 1209) The motion alleges that the Appellant does not have any money and no other attorney will take the case.

(R. 1497-1499) The Appellant lists four expert witnesses. The witnesses will testify to the impact of PTSD on the element of *mens rea*. The addresses of the witness were conspicuously absent. Id. The notice does not have any reports or curriculum vitae attached.[12] Later, the Appellant filed for an appeal from county to circuit court. (R. 1499-1500) The Appellant filed a request for indigency. (R. 1503) There is no clerk's determination.

On 20 February 2018, the Appellant filed Sworn Opinion of Expert Rebecca Potter, LMHC Condemning (sic) the Competence of Scott Huminski to Conduct his Own Criminal Defense Without the Assistance of Counsel. (R. 1576-1631) Attached to this document, there are several items, including, Counselor Potter's unsigned report. There is some sort of signed jurat but there are inconsistencies like the signatory's name appears to have been lifted from somewhere and recopied and the jurat does not appear to apply to any specific set of facts. Id.

On 21 February 2018, the trial court entered Order Denying Successive Motions to Appoint Counsel. (R. 1637)

AMERICAN OVERSIGHT



(R. 1497-1499) The Appellant lists four expert witnesses. The
the witnesses will testify to the impact of PTSD on the element of *mens rea*. The
addresses of the witness were conspicuously absent. Id. The notice does not have
any reports or curriculum vitae attached.[12] Later, the Appellant filed for an appeal
from county to circuit court. (R. 1499-1500) The Appellant filed a request for
indigency. (R. 1503) There is no clerk's determination.

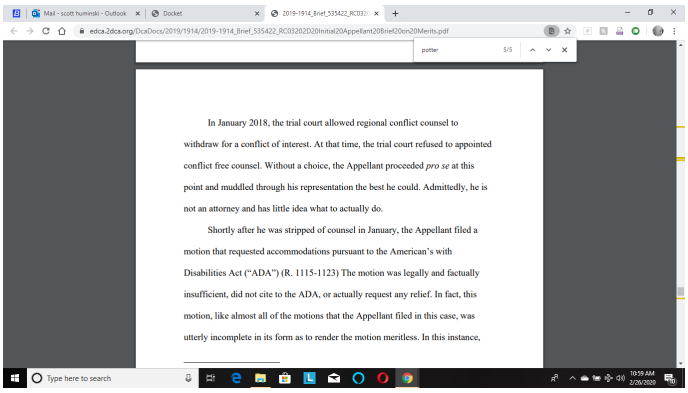
On 20 February 2018, the Appellant filed Sworn Opinion of Expert Rebecca
Potter, LMHC Conderning (sic) the Competence of Scott Huminski to Conduct his
Own Criminal Defense Without the Assistance of Counsel. (R. 1576-1631)
Attached to this document, there are several items, including, Counselor Potter's
unsigned report. There is some sort of signed jurat but there are inconsistencies
like the signatory's name appears to have been lifted from somewhere and
recopied and the jurat does not appear to apply to any specific set of facts. Id.

On 21 February 2018, the trial court entered Order Denying Successive
Motions to Appoint Counsel. (R. 1637)

Without reports or curriculum vitae, it seems as if my attorney supports the judge acting as a medical expert in the case where he should have been acting as a non-biased decision-maker.

recopied and the jurat does not appear to apply to any specific set of facts. Id.

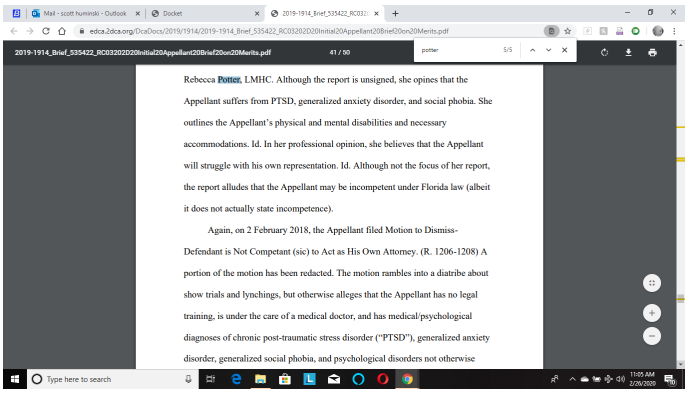
On 21 February 2018, the trial court entered Order Denying Successive
Motions to Appoint Counsel. (R. 1637)



[12] Counsel Potter's report has been attached to several motions. Dr. Lado has also been mentioned. Dr. Seth Silverman, M.D., and Karin Huffer, Ph.D. are new names.

18

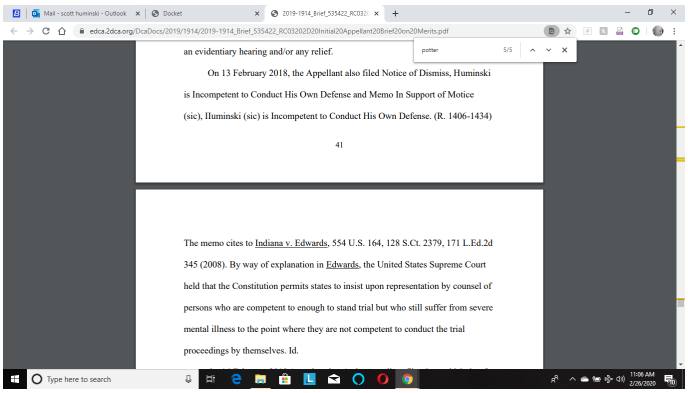
On 22 February 2018, the Appellant filed Motion for Appointment of
Counsel. (R. 1642-1643) An affidavit of indigency is attached.



On 27 February 2018, the Appellant filed Memorandum Concerning
Violation of Huminski's Sixth Amendment Rights. (R. 1682-1688) He also filed

Note the next page appears as if it was drafted by a nasty government attorney - no, my so-called attorney

In January 2018, the trial court allowed regional conflict counsel to
withdraw for a conflict of interest. At that time, the trial court refused to appointed
conflict free counsel. Without a choice, the Appellant proceeded *pro se* at this
point and muddled through his representation the best he could. Admittedly, he is
not an attorney and has little idea what to actually do.



Shortly after he was stripped of counsel in January, the Appellant filed a
motion that requested accommodations pursuant to the American's with
Disabilities Act ("ADA") (R. 1115-1123) The motion was legally and factually
insufficient, did not cite to the ADA, or actually request any relief. In fact, this
motion, like almost all of the motions that the Appellant filed in this case, was
utterly incomplete in its form as to render the motion meritless. In this instance,

Rebecca Potter, LMHC. Although the report is unsigned, she opines that the
Appellant suffers from PTSD, generalized anxiety disorder, and social phobia. She
outlines the Appellant's physical and mental disabilities and necessary
accommodations. Id. In her professional opinion, she believes that the Appellant
will struggle with his own representation. Id. Although not the focus of her report,
the report alludes that the Appellant may be incompetent under Florida law (albeit
it does not actually state incompetence).

Again, on 2 February 2018, the Appellant filed Motion to Dismiss-
Defendant is Not Competant (sic) to Act as His Own Attorney. (R. 1206-1208) A
portion of the motion has been redacted. The motion rambles into a diatribe about
show trials and lynchings, but otherwise alleges that the Appellant has no legal
training, is under the care of a medical doctor, and has medical/psychological
diagnoses of chronic post-traumatic stress disorder ("PTSD"), generalized anxiety
disorder, generalized social phobia, and psychological disorders not otherwise

AMERICAN OVERSIGHT

Although there are big problems here, the worst issue is

JUDGE ADAMS ACTED AS A EXPERT MEDICAL WITNESS IN THE CASE TRUMPING THE REAL MEDICAL OPINIONS OF A MEDICAL PROVIDER

THIS IS THE UNAUTHORIZED PRACTICE OF MEDICINE WITH INTENT TO DO HARM UPON A COMPLETELY DISABLED CITIZEN

Subject: FL AG lies that Huminski forged the signature of a medical provider

See below. DOH please expedite to avoid harm, injury or death to those who follow me confronted by these abuses.

Mr. Candela (my alleged appellate atty) and Ms. Alper (AAG). I consent to a 10 day leave for you to withdraw the lies from both briefs. Hmm. Very odd that a defense attorney and a prosecutor would join forces against the defendant. -- scott

Subject: One question for medical practitioners

Is a person more likely to die when his blood pressure medications that he had been on for 22 years are abruptly ended than just staying on the medications prescribed by medical doctors for 22 years with great success? Seems like there are two questions, are nurses in florida allowed to over-ride medications and treatments prescribed by an M.D., I hope not to prevent this scenario happening elsewhere in the State.

These nurses made a finding that my doctor had erred and all my doctors prior were clueless as well. Its not the doctors, its prison nurses.

If the answer to question 1 is yes, the nurses may qualify for attempted murder charges as may others involved in this matter. If they are still practicing medicine the public is at risk. Does the Sheriff still employ these nurses or are they harming another community?

Subject: FL AAG concedes statutory misdemeanor fines/fees were illegal

Which caused my incarceration for being poor and when no legal fine or fee existed.

Page 10 of gov't brief link below,

"Appellee concedes that imposition of the cost of prosecution was improper because contempt is a common law crime and the statutes governing contempt do not explicitly allow for the cost of prosecution to be imposed." AAG Chelsea Alper, esq..

The government brief is here. She conceded one fine/fee was illegal, when in reality, all fines and fees were illegal by the AAG's logic and correct interpretation of FL law.

Here is her full brief, the gov't and my own attorney seem to derive pleasure from insulting me.
https://edca.2dca.org/DcaDocs/2019/1914/2019-1914_Brief_540655_RC042022D20Appellee20Answer20Brief.pdf

My main fear is: how many citizens have been abused like this and how many more will face corporal punishment and torture for being too poor to afford to pay fines/fees that are patently illegal, not supported by any FL law.

Thanks, --scott huminski

Subject: Re: Huminski arrest and incarceration completely illegal

Judge Adams knew I was indigent and filed bankruptcy. Knowing this, at trial, after my 3 weeks of incarceration, he found me guilty of not being able to afford the fees. NOT A CRIME. No, zero, evidence was proffered at trial supported a conviction. Violation of probation, not paying fines and fees is only justified by evidence that one has the ability to pay. In the United States, there is no debtor's prison, as Judge Adams seems to believe.

AMERICAN OVERSIGHT

Violation of probation is a separate crime, so the "conviction" could be entered on this offense, but, only if the violation was the product of refusal to pay, NOT being indigent and unable to pay.

Here's a good explanation by a FL attorney. You can not be convicted because you are poor. This is inhumane and a human rights violation. It is incredibly corrupt down here.

"Under Florida law, a violation of probation occurs when a defendant *willfully* and *substantially* fails to comply with the terms and conditions of his or her probationary sentence. Whether a violation was both willful and substantial in nature depends on the facts of each individual case and must be proven by state by the "greater weight of the evidence." State v. Melton, 65 So. 3d 96, 97 (Fla. 1st DCA 2011); Thompson v. State, 890 So. 2d 382, 383 (Fla. 2d DCA 2004)." (in Florida v. Huminski, probation violation case, Florida proffered zero evidence to support their allegations and I didn't admit to anything except being behind on the unlawful debt).

The conviction was incredibly illegal. Welcome to lee county, perhaps this conduct is happening in a county named after a confederate general who fought to preserve slavery to be true to the namesake. Slavery and the torture and other crimes in the instant matter share similar corrupt and inhumane characteristics.

Subject: Huminski arrest and incarceration completely illegal

Hi DOH,

The crimes related to felony abuse of a disabled person began at the first hearing with Judge Krier in 2017, she colluded with Judge Adams to illegally move the case to county court because it was a so-called "misdemeanor", absolutely false see below emails detailing that contempt in most State's, including Florida and in federal court is a "*sui generis* common law offense". At the below link there are many cases from every DCA in Florida and from the FL Supreme Court.

https://scholar.google.com/scholar?hisen&as_sdt=40006&q=contempt+sui+generis+florida&oq=sui

Every fine and fee that caused my incarcerated for not paying were illegal and unlawful.

Note the below correctly revealing that the arrest, toture and incarceration that led to the felony abuse of a disabled adult by the sheriff was completely illegal. Just simple google searches by a non-legal practitioner reveal incredibly bad motives, a frivolous prosecution and pure evil abuse of government power to advance a corrupt agenda. Ms. Alper is the Attorney General's attorney who is pursuing this wrongful agenda. The AG's office wants to cover this up, luckily they can not cover up for the sheriff's nurses. -- scott

Subject: Re: Ms. Alper stop your collections activities while appeal is pending

Here's a break down of the fees and fines illegally charged by Judge Adams that caused my incarceration and felony abuse of a disabled adult by the sheriff. The arrest and incarceration was completely unlawful.

I was incarcerated and tortured by the sheriff and his staff for not paying completely illegal fines and fees and then summarily convicted for a probation violation for not paying the illegal fines and fees by Judge Adams. He is a danger to society. I did pay the $300 in probation fees because if I didn't the arrest warrant would have issued sooner and $50 a month was manageable.

Fine $500 under 775.083 **(e) $500, when the conviction is of a misdemeanor of the second degree or a noncriminal violation.**

Illegal for a sui generis common law offense, not a conviction, a judgment was rendered on a common law offense.

noun

1. **a formal declaration that someone is guilty of a criminal offense, made by the verdict of a jury or the decision of a judge in a court of law.**

Related to conviction: lack conviction

Conviction

The outcome of a criminal prosecution which concludes in a judgment that the defendant is guilty of the crime charged. The juncture of a criminal proceeding during which the question of guilt is ascertained. In a case where the perpetrator has been adjudged guilty and sentenced, a record of the summary proceedings brought pursuant to any penal statute before one or more justices of the peace or other properly authorized persons.

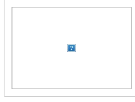
https://www.vocabulary.com/dictionary/conviction

conviction - Dictionary Definition : Vocabulary.com



In the legal world, when a judge or jury convicts someone of a crime — finding them guilty — this is called a conviction. Prosecutors try to get convictions, and defense attorneys try to prevent them. Also, convictions are beliefs — principles.

www.vocabulary.com

Conviction Law and Legal Definition | USLegal, Inc.

A conviction is the outcome of a trial in which a criminal defendant is found guilty. A defendant in a criminal trial may be convicted by a judge or jury if the prosecutor proves their case beyond a reasonable doubt.

definitions.uslegal.com

Conviction | Wex | US Law | LII / Legal Information Institute

A finding by a judge or jury that the defendant who has been on trial is guilty of the crime with which he or she was charged.

www.law.cornell.edu

$25 5% surcharge 938.04 Additional cost with respect to criminal fines.

Illegal, a sui generis contempt offense is not a statutory criminal offense

Subject: Ms. Alper stop your collections activities while appeal is pending

Continuing to badger me for fines and fees (including a bogus misdemeanor fee) is fraud and illegal.

First the case involves a sui generis common law offense, not a misdemeanor, the fee is illegal.

This is the case law in most States including florida and in the federal system. Here's the results of a simple google search, have you done this search yet? See Ballengee below ("It is **sui generis** and is not, therefore, a crime ..."), it is un-defensible to charge criminal fines/fees for a non-crime. Just plain crazy, the state of the courts in the 20th circuit and lee county. Insanity. – scott

Subject: Lee Sheriff refuses Sunshine Law request and refuses all law enforcement services to resident of Lee County

My disabilities and extreme fear of being subjected to torture again by the Lee Sheriff only permit my communication with law enforcement via email which the sheriff prohibited. Judge Adams' orders prohibited LCSO contact already (all parties to the civil or criminal cases) and prohibits communication with Florida. Mr. Holloway did not have to repeat the words of Judge Adams just to harass, terrorize, harm and injure. NO CONTACT OR COMMUNICATION, I get it.

The only reason I felt confident in contacting the DOH is because Medical Doctors are not known for the same kind of Neanderthal behavior and wrongful shooting and killing of citizens. In fact, the medical profession is far more civilized.

The sheriff has no need to communicate this to me when it is already codified in the order of Judge Adams prohibiting all LCSO contact under threat of imprisonment. I believe Mr. Holloway chose to send this email merely to harass, terrorize and make it perfectly clear that the sheriff is excluding Huminski from law enforcement services. This causes me great anxiety and I have forgone reporting crimes that I have observed in Lee County, including the smoking of crack in the LCSO jail and curfew violations in my neighborhood after Irma.

I collected much information while in jail for the betterment of society, which will continue to be released. see below,

Subject: Re: Correspondence

The order of Judge Adams mandating no contact with the LCSO remains pending appeal. My contact with you, as I explained previously is in your capacity with the County. It is criminal indirect contempt of court for me to have contact with the Sheriff or LCSO staff. See order of Judge Adams prohibiting such contact at the below link which was post on my door when I was arrested by your thugs.
https://judgeelizabethtykrierleecountyfcorruption.files.wordpress.com/2017/06/docs-on-door-for-lcso-gag-order.pdf

The sheriff has violated the Sunshine laws by not providing the arrest report from 2/12/19 and continues to do so. Latest document request is here, luckily the web address of the is not a LCSO address or I would have been prohibited from contact for sunshine requests as well.

Here is the latest request that you have ignored, now for the third time. Stating clarification needed for merely requesting the arrest report and any recordings during transport to jail requires no clarification. Here is the third request, what do you think you need to hide via violation of sunshine law requests?
https://www.muckrock.com/foi/lee-county-36/lee-sheriff-disabled-elder-abuse-torture-88182/

Lee Sheriff Disabled Elder Abuse & torture
scott huminski is making this request to Lee County Sheriff's Office of Lee County.
www.muckrock.com

Please discontinue violations of sunshine law requests. Seems like the truth hurts, especially the State DOH investigation of the LCSO medical staff. Buy cheap, get cheap. Not a good policy for medical services, neither is your procedures that allow your nurses to override and trump the medical treatments and medications set forth by M.D.'s. In FL nurses can not act in violation of the orders of Medical Doctors. You get what you pay for, sub-standard medical treatment. I think you need to polygraph the guard who put me in solitary on 2/12/19 and, by doing so, engaged in felony abuse of a disabled adult. The reports you are hiding reveal the truth, I was not disorderly, I merely stated that judge adams issued a gag/no-contact order prohibiting all LCSO contact. You engaged in entrapment regarding criminal contempt of judge adams' order. I await my arrest for this so-called crime that occurred dozens of times during my incarceration. Obviously.

Why are you still obstructing the request for the arrest report and transportation recordings?

Are you shutting down sunshine requests from muckrock.com as well. I noticed that I can no longer request via the portal. -- scott huminski

Dear Mr. Huminski -

Please be advised that as of Monday, 02/17/2020, your emails to all Lee County Sheriff's Office email addresses will be sequestered by our Technical Services staff, and will not reach any LCSO email address.

Please do not assume your emails will be read or acted upon.

We simply do not have the staff or resources to wade through the mass of irrelevant, inaccurate, irrational and/or abusive content in your emails, in attempts to locate a legitimate concern or request.

Our duty to use taxpayers' funds reasonably and wisely requires we dedicate our limited resources to addressing legitimate concerns and requests.

Feel free to mail, call, or stop by should you have a specific legitimate request for assistance.

If you legitimately require police or medical emergency assistance, please call 911.

Be advised, if this access to LCSO facilities and staff is abused - as you have abused your email access - appropriate action will be taken to cause such abuse to cease.

If required, we will seek and obtain another court order directing you cease such contact, as well as monetary damages and attorneys fees as appropriate.

We wish you the best in your future endeavors.

Thank you for your cooperation.

Chief John Holloway
Lee County Sheriff's Office

John Holloway | Chief
Desk: 239-477-1294

kwilson@sao.cjis20.org <kwilson@sao.cjis20.org>; jwolf@sao.cjis20.org <jwolf@sao.cjis20.org>; eric@robinsongruters.com <eric@robinsongruters.com>; coachrayforleesheriff@gmail.com <coachrayforleesheriff@gmail.com>; jamesaleavens@gmail.com <jamesaleavens@gmail.com>; ahleavens@gmail.com <ahleavens@gmail.com>; Lee County Sheriff's Office <leecountysheriff@mycusthelp.net>
Subject: New Sunshine Law/FOIA request and evidence re: Lee Sheriff felony abuse of a disabled adult and FL DOH/U.S. DOJ ADA investigations

New request that the sheriff has dodged two times previously,
https://www.muckrock.com/foi/lee-county-36/lee-sheriff-disabled-elder-abuse-torture-88182/

Also attached are the documents taped to the door of my home at the time of arrest that alerted the LCSO that contact and communication with Huminski would violate Judge Adams' gag/no-contact order placing Huminski in criminal contempt of court. As stated in the above link, I also verbally informed the arresting deputy of the gag order preventing contact and communication with LCSO staff and he waived protection by the gag order. The documents were placed upon my door on 10/3/2018 and were visible by deputies that knocked on my door from 10/3/18 until the date of arrest.

I have the originals viewed by the LCSO arresting deputies with the tape still on them that attached them to my door.

Upon arrival at the Jail, after I mentioned the gag order to the jail staff and they started the "sovereign citizen" chant and the arresting deputy quickly left the room so that he would not interfere with the entertainment the jail staff was enjoying from the punishment and abuse of myself for mentioning the gag order.

The LCSO had knowledge that the gag order existed when they punished me with solitary in inhumane conditions for merely mentioning the existence of the patently insane/corrupt gag order instead of pulling up the case on the public court information system and then seeking legal advise on how to handle such a case whereby contact with any LCSO personnel is barred by court order. They chose a backwoods hillbilly style of justice instead of a concern to obey the law.

This is why the sheriff is refusing to produce the report from the arrest or any recordings made in the police cruiser while transporting to the jail. He is trying to cover-up the misconduct and crimes.

There is no law enforcement duty to create new crime (contempt of court) as was done in the instant matter, to the contrary, law enforcement should not engage in conduct that creates new crimes. -- scott huminski

Subject: DOJ ADA Complaint, ADA violations at Lee County, Florida Jails

Hello,

I have been on complete SS disability for 10 years with avascular necrosis of knees and hips, bilateral hip replacements, gout, spinal stenosis, degenerative disk disease, open back surgery, hypertension, PTSD, anxiety disorder and social phobia. I was jailed for 3 weeks for not paying a contempt of court fine in Lee County, Florida 6 months after open back surgery while I was still experiencing post-surgical pain and disability. I was provided zero accommoadations, forced to sleep on the floor because I was physically unable to jump into a top bunk, no ADA compliant toilet/shower facilities. Transported is a school bus without handicap grab bars (i was handcuffed and chained to other inmates so grab bars may not have been helpful if they were available). My blood pressure and PTSD/anxiety medications were abruptly ended and I was place in solitary for 8 hours in only my underwear and shorts and barefoot in a 55 degree windy cell with only steel and concrete surfaces that plummeted my temperature to 97 degrees. Inmates wear thermal underwear and a fairly heavy jump suit. These acts are felony abuse of a disabled adult under State law, Florida statute 825.102, and patently clear ADA violations.

All disabled persons residing at the Lee jails are subjected to similar ADA violations.

Further, the sheriff has formal written rules in place that allow his nurses to override and trump any determinations of disability made by the Social Security administration and medical doctors to allow him to violate the ADA with a fraudulent determination by his nurses.

General counsel for the Florida Department of Health is prosecuting the medical personnel. I don't believe they are addressing the ADA issues. See links below that also contain contact info. for the officials involved in the DOH investigations. The FL DOH has extensive documentation on this issue and I waive all privacy and HIPAA rights concerning my medical records currently in the custody of the FL DOH and the DOH can forward all materials to the Dept. of Justice.

Subject: DOJ ADA investigation

*** the content of this email constitutes core protected political expression, i.e. speech critical of government intending to promote change and it is afforded the highest level of protection under the First Amendment ***

Dear Florida Dept. of Health,

Please forward copies of all documents related to the pending investigations detailed below to the Department of Justice - ADA enforcement unit. I waive all privacy and HIPAA rights, the safety and well-being of the public far outweigh privacy concerns. The ADA is a core federal issue applicable to the States.

See below. Thanks -- scott huminski

Subject: Lee sheriff medial staff Sunshine law production fraud and Courthouse corruption

I suppose I shouldn't be as critical of the sheriff printing out a document, hand-modifying it, and providing that as valid sunshine law production of documents in light of the following:

Clerk Linda Doggett, printed out a June 5 Circuit Court order from 17-ca-421 (the order was 119 pages long and originally filed in 17-ca-421 on 4/26/17) On June 30 of 2017,

04/26/2017	Order to Show Cause	119

She had modified the order by adding a non-existent docket number and without a new judicial signature,

She processed it as a valid order received from a judge,

the court clerk then initiated a new criminal proceeding in Lee county court (17-mm-815) with a hand modified Circuit Court order without participation of a judge or prosecutor. A new low in courthouse corruption that initiated circumstances that led to the DOH and ADA issues now under investigation.

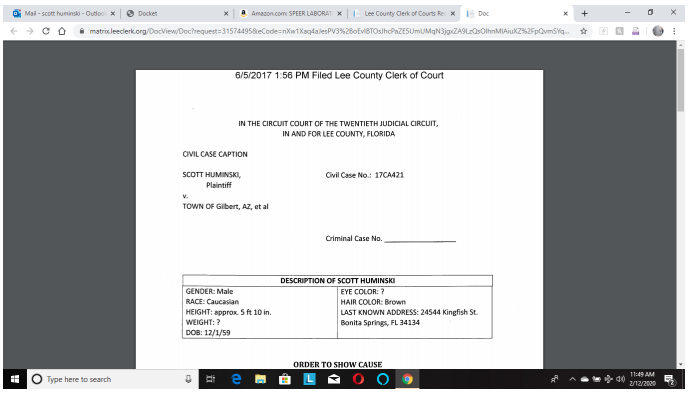
This clerk engaged in a litany of State and Federal crimes including, but not limited to, fraud, forgery, obstruction of justice and federal civil rights crimes by acting as a judge or prosecutor, the only entities that can initiate a prosecution.

To add insult to injury, Clerk Linda Doggett certified to the 2nd District Court of Appeal, under oath, that her forgery was a true and correct judicial order issued in the County Court. Nothing is further from the truth. The prosecutors and even my current counsel are OK with this fraud upon the appellate court.

Official crime is rampant in Lee County.

Below is a screen shot of the original 6/5 order (page 1) followed by the fraudulent forged one that Linda Doggett fraudulently filed as an authentic judicial order on June 30 which she boldly certified as authentic to the 2 DCA absent 116 pages with the forged docket number. Lots of government crime here makes one wonder if the sheriff was trying to kill me during my lodging at his facilities. He probably came close with the denial of my blood pressure medications.

True docketing of the order of the deficient order (sans 116 pages) in **Circuit Court**



06/05/2017	Order to Show Cause	3

Fraudulent docketing of the June 6 Circuit order on June 30 in **COUNTY COURT** (certified by crooked clerk to the DCA)

06/05/2017	Order to Show Cause Filed	3

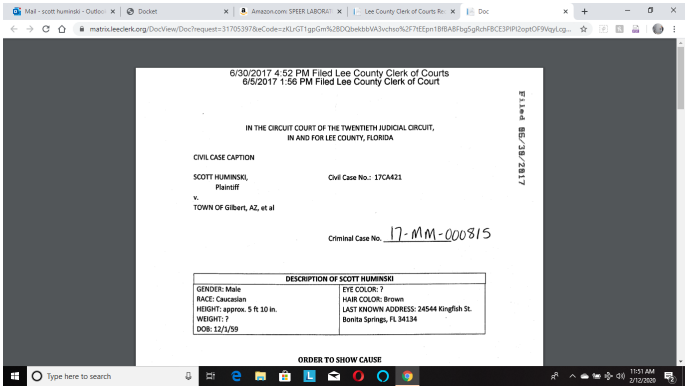
The legitimate Circuit Court 6/5 order printed out by the clerk for the manufacture of the 6/30 fraud.

AMERICAN OVERSIGHT

6/5/2017 1:56 PM Filed Lee County Clerk of Court

IN THE CIRCUIT COURT OF THE TWENTIETH JUDICIAL CIRCUIT,
IN AND FOR LEE COUNTY, FLORIDA

CIVIL CASE CAPTION



SCOTT HUMINSKI, Civil Case No.: 17CA421
Plaintiff
v.
TOWN OF Gilbert, AZ, et al

Criminal Case No. _____

DESCRIPTION OF SCOTT HUMINSKI	
GENDER: Male	EYE COLOR: ?
RACE: Caucasian	HAIR COLOR: Brown
HEIGHT: approx. 5 ft 10 in.	LAST KNOWN ADDRESS: 24544 Kingfish St.
WEIGHT: ?	Bonita Springs, FL 34134
DOB: 12/1/59	

ORDER TO SHOW CAUSE

Now the forged/fraudulent order of Clerk Doggett absent the required Judicial signature and proper caption. Note the double time stamp, an admission that it is not a genuine judicial order, rather, it is an order manufactured by the clerk. She is so sloppy, she didn't even correct the caption when forging her new order as she was initiating a new prosecution with her manufactured order in the COUNTY COURT not Circuit. She missed changing the caption to County Court. Criminals often make stupid mistakes when they are operating in their official capacity and believe they are unaccountable.

6/30/2017 4:52 PM Filed Lee County Clerk of Courts
6/5/2017 1:56 PM Filed Lee County Clerk of Court

Filed 05/30/2017

Subject: Lee sheriff medal staff

This conduct in oklahoma, see below, is the exact same mindset of many of the female guards at the Lee jails including the one that responded on the intercom concerning my report of the Redman Syndrome from toxic medications supplied to me without my knowledge or consent. When she stated "don't take pills you're not supposed to", luckily for me, my situation was not life threatening unlike the unfortunate fellow below. After acknowledgement of the toxicity of one of the medications they supplied me with, they kept on trying to dispense the toxin to me and I had to interrogate the person dispensing medications until I was released.

Eventually, for some reason, they had me sign a form refusing the toxin instead of immediately removing the offending medication they swapped for my Toprol 200. This was probably to document that I was refusing medication when the opposite was true, I desperately wanted my blood pressure medication, not the medications concocted by these nurses who apparently believe a 5 minute interview gives them knowledge superior to a licensed doctor.

I had been under the care of physicians for 22 years, since when can a nurse with zero knowledge of my medical history trump the long-time treatment plan of medical doctors.

Upon intake, a patient should be asked if they are on total Social Security disability and be provided with ADA compliant lodging. If the sheriff has a problem with this he can sort out the disability situation with the Social Security administration and seek review of their determinations.

If a patient is on medications prescribe by a long-time family physician, a sheriff's nurses must not massively change the treatment plan without consulting the prescribing physician. These nurses who ignore the directions and advise of experienced MD's should not completely disregard the knowledge and wisdom of experienced doctors. Doctors place patients on medications for very good reasons after long-term knowledge of a patient that should not be altered by nurses working for law enforcement. At the very least they should have substituted 200 mg of metoprolol succinate with 200 mg of metoprolol tartrate (this medication is inferior for Huminski, but far better than the path they took). Had they inquired, I would have demanded the beta-blockers instead of water pills that I knew I had a problem with as far as side effects and it didn't help with my blood pressure. Further my PTSD, anxiety and blood pressure are linked to adrenal response which water pills do not address. No one inquired as to why I was on a fairly high dose of Toprol.

Subject: Lee sheriff lies and evades/dodges Sunshine Law requests

The sheriff claims the requests were unclear which is a lie. One request asks for bunk assignments of Huminski's cellmates. The other request asks for the police report concerning Huminski's arrest and transport to the Fort Myers jail, a two hour period whereby the arresting officer was quizzing Huminski while entering data into his computer. i.e. Distracted Driving and probably an accepted practice at the LCSO.

The first thing Huminski said to the officer informed him of the no-contact order of Judge Adams preventing communication with LCSO staff under penalty of imprisonment, the deputy then waived his protection by the gag orders and Huminski then responded to the questions. Upon arrival at jail, Huminski alerted the staff of the existence of the gag order, the staff repeatedly chanted "sovereign citizen" (whatever that is) and placed Huminski in solitary and engaged in felony abuse of a disabled adult. The arresting officer was present when the decision was made to place Huminski in solitary as a punishment for mentioning Judge Adam's gag order.

Many times the cover-up is worse than the crime. See the request's content in the below sheriff emails,

Subject: [Records Center] Media Request :: MD51080-012020

--- Please respond above this line ---

Dear SCOTT HUMINSKI,

Regarding the Media Request received on 1/20/2020 requesting records, the records have been in "Requested Clarification" status for 10 business days. The Lee County Sheriff considers this request closed. If you would still like the records, please submit another Media Request. Thank you for using the Public Records Center.

Request Details:

AMERICAN OVERSIGHT

Reference # M051080-012020

Description of Records Requested: The records related to my arrest on 2/12/19 and the first 2 hours in custody of the sheriff's department. That is records related to huminski's arrest at approximately 10 AM until he arrived at the jail at approximately noon that same day. On the ride to the jail, the arresting officer was entering quite a bit of information into his computer. Supply these records. Second request.
To view the full details of this request please log into the Public Records Center.

Dear SCOTT HUMINSKI,

Regarding the Media Request received on 1/21/2020 requesting records, the records have been in "Requested Clarification" status for 10 business days. The Lee County Sheriff considers this request closed. If you would still like the records, please submit another Media Request. Thank you for using the Public Records Center.

Request Details:

Reference # M051116-012120

Description of Records Requested: Provide the housing and bunk assignments of persons who shared a cell with Huminski for the first 10 days of his stay in the lee jails starting with 2/12/19. Huminski's cell/bunk assignment was provided in the sheriff's 1/17/2020 production. Provide the same for Huminski's cellmates.
To view the full details of this request please log into the Public Records Center.

Subject: Lee sheriff and the ADA

The Department of Justice (DOJ) regulates Title II of the Americans with Disabilities Act (ADA), which covers state and local governments. These public entities are responsible for the operation or management of juvenile and adult jails, detention and correctional facilities, whether they are operated directly by the state or local government, or through contracts, licenses, or other arrangements with other entities. (§35.151(k) and §35.152)

Inmates or detainees with disabilities must be housed in the most integrated setting appropriate to their needs. Accessible cells or housing units need to be available in all security classifications and/or program levels of a facility.

Unless it is appropriate to make an exception, public entities must not place inmates with disabilities in:

- Inappropriate security classifications because no accessible cells or beds are available;
- Medical areas unless they are actually receiving medical care or treatment;
- Facilities that do not offer the same programs as facilities where they otherwise would be housed; or
- Distant facilities where they would otherwise not be housed and that would deprive them of visitation with family members.
- Huminski was placed in a cell block without ADA compliant cells.

Minimum Requirements from the 2010 Standards (§35.151(k))

New construction of jails, prisons, and other detention and correctional facilities must comply with the 2010 ADA Standards for Accessible Design. At least 3% of cells must be accessible for individuals with mobility disabilities, including those who use wheelchairs. Accessible cells must be provided in each classification level.

At least 2% of the general holding and housing cells must be equipped with communication features designed to accommodate individuals who are deaf or hard of hearing. These features include telephones with volume control where telephones are provided in cells, and visible alarm signals where audible emergency alarm systems are provided for occupants of cells and occupants are allowed to evacuate independently. (Sections 232 and 807, ADA Standards)

Alterations to jails, prisons, and other detention and correctional facilities must also comply with the 2010 ADA Standards until new construction levels of access are achieved within the facility.

When alterations are made to specific cells, required features for mobility access may be provided in substitute cells (cells other than those where alterations are originally planned), as long as the substitute cell:

- Is located within the same prison site,
- Is integrated with other cells to the maximum extent feasible, and
- Has equal physical access to areas used by inmates or detainees for visitation, dining, recreation, educational programs, medical services, work programs, religious services, and other offered programs.

If it is technically infeasible to locate a substitute cell within the same prison site, the substitute cell may be provided at another prison within the same system.

Medical and long-term care facilities in detention and correctional facilities, whether they are licensed or not, are also subject to the 2010 ADA Standards for accessibility.

In passing the Americans with Disabilities Act ("ADA"), Congress noted that the isolation and segregation of persons with disabilities due to the discriminatory effects of physical barriers are a "serious and pervasive social problem," and there has been very little "legal recourse to redress such discrimination." The ADA lists several purposes, one of which is "to provide clear, strong, consistent enforceable standards" as part of a mandate to eliminate such discrimination. The ADA is modeled after section 504 of the Rehabilitation Act of 1973. A key difference is that while the Rehabilitation Act requires facilities that received federal funding to be accessible to persons with disabilities, Title III of the ADA applies to places of public accommodation specified by the ADA, regardless of the receipt of federal funding.

Under the ADA, new construction must be "readily accessible" to persons with disabilities. The new construction's "readily accessible" standard is met if the new construction or alteration is done in compliance with either the 1991 or the 2010 ADA Standards for Accessible Design. These standards include detailed, lengthy and technical specifications. In contrast, existing facilities must be made accessible to disabled persons if the changes are "readily achievable." The "readily achievable" standard for existing facilities is met by making alterations that are "easily accomplishable and able to be carried out without much difficulty or expense."

After its passage, Congress charged the Department of Justice ("DOJ") with implementing the ADA. One of the DOJ's ongoing tasks, in partnership with the Federal Access Board, is to create regulations to provide guidance for the enforcement of the ADA. Congress created the Federal Access Board in 1973 to ensure access to federally funded buildings, and it has become a "leading source of information on accessible design." The DOJ codifies the resulting regulations in the Code of Federal Regulations, and the appendices of that code further explain the regulations. In 1991, the Federal Access Board created the ADA Accessibility Guidelines ("the ADAAG"). The ADAAG were purely advisory to the DOJ and addressed new construction standards. The DOJ then sought public comment on the ADAAG, made applicable changes based on those comments, and finally adopted and codified the ADAAG as the official standards for the ADA. In 2010, the DOJ released a revised version, which became effective March 15, 2012.

Courts have upheld the "two distinct systems for regulating building accessibility: one to apply to existing facilities (those designed and constructed for occupancy before January 26, 1993) and another to apply to later-constructed facilities." Pre-existing or "grandfathered facilities" only need remove easily removed barriers. In contrast to grandfathered facilities, new construction violations are indefensible, unless there is a structural impracticability. A structural impracticability exists when "unique characteristics . . . make accessibility unusually difficult to achieve." Apart from structural impracticability, courts have no authority to apply equitable discretion in excusing the violation.

Overall, statutes, advisory and technical assistance materials, and case law work as a team to contribute to the goals of the ADA, voiced by President George H.W. Bush, "[E]very man, woman, and child with a disability can now pass through once-closed doors into a bright new era of equality, independence and freedom."

The Huminski was housed, transported and accessed portions of the Lee Jails built or significantly modified after January 26, 1993, as such, these areas of the Lee Jails must comply with the ADA and are not "grandfathered-in". There is very little or no attempt to comply with the ADA by the Lee Sheriff.

Some ADA accomodations are as follows:

Examples of "readily achievable" barrier removal that must complied with include, but are not limited to, the following actions (some of these were absolutely absent in Huminski's cell and during his transports between facilities in non-ADA compliant vehicles):

Installing ramps;

Making curb cuts in sidewalks and entrances;

Widening doors;

Installing offset hinges to widen doorways;

Installing accessible door hardware;

Installing grab bars in toilet stalls;

Installing a raised toilet seat;

Repositioning the paper towel dispenser in a bathroom;

Installing an accessible paper cup dispenser at an existing inaccessible water fountain;

Subject: Re: Lee sheriff foia/sunshine law fraud

In the attached, sheriff supplies 4 bed/bunk designations (A,B,1,10):

A = unknown
B = a handwritten notation added to the attached document at the time of production stating "B=bottom". A fraud, handwritten notes added at the time of production have no place in a FOIA/Sunshine law response. What is A then? The first several days I resided at the jail, there were not enough beds for the number of inmates, bunk designations, if there genuinely is such a thing, are meaningless in overcrowding situations. The sheriff does not enforce top or bottom bunk assignments.
1 = unknown
10 = unknown

Then a snippet of a nurse's comment from another alleged document was cut and pasted to the bottom of the attached production.

When I requested the original entire record/document that contained the nurse's bunk designation via another request,

THE SHERIFF RESPONDED . **No Documents Responsive to your Request** (see below) apparently there was fraud in the attached production and the lack of an originating document indicates that the nurse's bunk designation may have been manufactured by the sheriff to avoid negative consequences.

AMERICAN OVERSIGHT

A sheriff becoming evasive and deceptive in document production is a good sign of corruption and the desire to avoid consequences by dishonesty and fraud.

Request / Incident Summary

Request Type:

Contact E-Mail:

Reference No:

Status:

Balance Due:

Payments:

UPLOAD DATE

Files:	01/20/2020	Huminski_OMS_housing_R.pdf

Additional Information

Name of Reporter / Journalist:
SCOTT A HUMINSKI, *citizen-reporter*

Describe the Record(s) Requested:
In your last production, you supplied an excerpt of a document or record detailing a nurse advising that I be assigned a bottom bunk. I need this in context of the full record, document or database. The nurses message on 2/13/2019 that you included in the document entitled Huminski_OMS_housing_R supplied by you on 1/17/2020 clearly indicates that the nurse's comments were cut and pasted from a document, record or database. For review of the document in context, I request the full document, record or database that the excerpt was taken from. Attached is a copy of what you produced which is something that was clearly manufactured from excerpts from an original document/record. Please supply the full document/record or database. Please see attached and provide an original full screenshot of the nurse's directions in context of the records above and below the nurse's comment.

Police Report # / CFS #:
n/a
If multiple reports are required, please separate each report # with a comma (,).

Location of Incident/Accident:
Lee jails
Please be specific as possible by providing an exact address or intersection, etc...

Incident From:
02/13/2019

Incident To:
02/13/2019

List all Involved Parties

First Name	Last Name	DOB (MM/DD/YYYY)
SCOTT	HUMINSKI	12/01/1959
nurse	areisinger	

Preferred Method to Receive Records:
Electronic via Records Center
Please note not all public documents are available in electronic format. If the document(s) requested are not available electronically, we will make them available for inspection or by paper copy in accordance with the Public Records Law.

Subject: Lee sheriff nurses acting without supervision by physician

It is impossible to believe that a physician supervised any of the medical staff at the Lee Sheriff's facilities because no Doctor would disturb 22 years of successful medication and completely yank a patient off all medications that worked perfectly for 22 years. The Toprol ER that was prescribed to Huminski had a dual purpose; one as an excellent blood pressure control and as an anti-anxiety medication. Because of Toprol's control of adrenaline, it helps mitigate Huminski's anxiety and related disabilities. For this reason Toprol is often prescribed for stage fright and anxiety issues. It is very helpful to Huminski and his handling and management of his disabilities.

> Propranolol and Toprol Used for short-term relief of social anxiety. May reduce some peripheral symptoms of anxiety, such as tachycardia and sweating, and general tension, can help control symptoms of stage *fright* and public-speaking fears, has few side effects.

It is my belief there was no supervising physician as required by statute at the Lee Sheriff's facilities. See below for nurse practitioners and physician assistants. No Physician would look at Huminski's medical history and recommend an ending of medications that worked perfectly for 22 years and take a risk of side effects when Huminski's long-time medicines were tolerated perfectly by Huminski and worked supremely well. The result of the Lee Sheriff's medical staff's experimentation with Huminski's medications met no protocol of a supervising physician, if there was a supervising doctor. No doctor would recommend the "cold turkey" ending of medications taken for 22 years and no written protocol exists supporting the conduct in the instant matter. Because of the lack of supervision or proper protocol, Huminski suffered increased severity of his PTSD, GAD and social phobia as well as soaring blood pressure that Huminski worried would cause a stroke, organ damage, heart issues or kill him.

Huminski was never offered a consultation with a physician, nor, did he know there was a physician available at the Lee Sheriff's facilities. The Redman Syndrome caused by the toxins prescribed to Huminski are not the product of negligence, they are the product of a mindset that the incarcerated are sub-human and don't deserve carefully thought out treatments and medications. It would not be surprising to find out that Huminski was prescribed the same medications given to all patients with hypertension at the Sheriff's facilities, a one size fits all mentality, which is not the case in the practice of medicine. Medical history is supremely important.

Nurse practitioner,
Practice Authority
A written protocol between an NP and the supervising physician is required. The degree and method of supervision that is determined by the NP and the physician must be specifically identified in the written protocol. General supervision by the physician is required and specified in the written protocol and must include a description of the duties of the NP, a description of the duties of the physician (which includes consultant and supervisory arrangements in case the physician is unavailable), the management areas for which the NP is responsible, a provision for annual review by the parties, and specific conditions and a procedure for identifying conditions that require direct evaluation or specific consultation by the physician. Fla. Admin. Code 64B9-4.010

Physician Assistant,
Supervision Requirements
The law outlines the exact means of responsible supervision. Direct supervision is not required, but the supervising physician must be easily available or be physically present for consultation. Fla. Admin. Rules 64B8-30.001(3), Fla. Stat. §459.022(f)

Subject: Lee sheriff retaliation, Gov't Answer Brief Due - 2 weeks

Attorneys Alper & Candela, Please note the answer brief in the 2 DCA is due on 2/12/2020. No extensions will be consented to. Mr. Candela, conflict yourself off the case please as I have legal malpractice claims against you for negligence proximately arising out of your refusal to file a motion to stay the sentence and all matters below pending appeal. The record is clear concerning the injury and damage caused by your failing to seek a stay; incarceration, torture and ADA violations by the Sheriff.

Below is my complaint to the U.N. concerning the human rights violations of the Lee Sheriff (the human right of free speech) and the current sheriff is the hand-picked replacement (buddy) for Sheriff Mike Scott (a defendant in Huminski v. Mike Scott et al, 17-ca-421, aka Huminski v. Gilbert),

https://judgeelizabethykrierleecountyflcorruption.files.wordpress.com/2017/06/un-human-rights-compl-2-converted.pdf
or
https://web.archive.org/web/20181031133103/https://judgeelizabethykrierleecountyflcorruption.files.wordpress.com/2017/06/un-human-rights-compl-2-converted.pdf

A clever scheme by the sheriff to make himself litigation-proof by making the service of himself in the DCA and Florida Supreme Court a crime (contempt of Judge Krier's and Judge Adams' gag orders). AKA obstruction of justice via a prior restraint.

Tying my hands concerning service of papers, mandated by Rule, violates the First Amendment and Due Process and these activities are federal civil rights crimes.

Subject: Re: Lee sheriff more ADA violations

If a patient under the care of the Lee Sheriff suffers a medical emergency and is hospitalized, the fictional medical record manufactured by the sheriff can lead to medical errors. As I pointed out in a prior email, falsely reporting that someone is a smoker or IV street drug user as suggested by the falsehoods included in my erroneous medical records can harm and endanger the life of a patient is crisis.

Said errors could send doctors in a wrong direction when attempting diagnosis and alter treatment plans and medications potentially causing delay, harm, injury or death. Medical record errors may lead to the use of the least optimal medication, treatment or procedure.

I have reproduced below the email pointing out the sloppiness and careless/reckless disregard by the Lee Sheriff concerning medical record accuracy in medical records that he maintains, controls and disseminates pursuant to HIPAA regulations.

> **Subject:** Re: Lee sheriff more ADA violations
>
> Line items from medical records supplied by the sheriff that are lies followed by reality. This entire intake procedure took only a few minutes, the paperwork generated doesn't match the small interview. Thus the below false statements.
>
> History of drug use ..... yes (absolutely did not state this to anyone, a lie)
>
> Prior incarceration ..... yes (a lie)
>
> Substance use disorder ..... yes (a lie)
>
> Substance abuse ..... yes (a lie)
> 2/27
> History of withdrawal ..... false (yes, i did withdraw from gabapentin prescribed for spine pain, the prior year, medication did not help)
>
> Smoking ..... yes (false)
>
> Street Drugs ..... yes (false, only take drugs prescribed by doctors and dispensed at Walmart or licensed dispensaries)
>
> Brian Medin "he is on SSI for PTSD, drug issues (a bold faced lie regarding "drug issues", the PTSD portion is correct)

Subject: Re: Lee sheriff more ADA violations

None of the vehicles Huminski was transported in comply with ADA requirements for transport of the fully disabled.

Aggravating this fact is that while boarding and departing from transport, disabled patients are handcuffed and chained together while transported. During these transports, I was in fear of injury or death proximately arising from the complete absence of ADA accommodations during transport by the Lee Sheriff. --scott huminski

Subject: Re: Lee sheriff more ADA violations

Line items from medical records supplied by the sheriff that are lies followed by reality. This entire intake procedure took only a few minutes, the paperwork generated doesn't match the small interview. Thus the below false statements.

History of drug use ..... yes (absolutely did not state this to anyone, a lie)

Prior incarceration ..... yes (a lie)

Substance use disorder ..... yes (a lie)

Substance abuse ..... yes (a lie)
2/27
History of withdrawal ..... false (yes, i did withdraw from gabapentin prescribed for spine pain, the prior year, medication did not help)

Smoking ..... yes (false)

Street Drugs ..... yes (false, only take drugs prescribed by doctors and dispensed at Walmart or licensed dispensaries)

Brian Medin "he is on SSI for PTSD, drug issues (a bold faced lie regarding "drug issues", the PTSD portion is correct)

Subject: Re: Lee sheriff more ADA violations

I have been declared indigent by the courts and currently the 2 DCA. The sheriff has refused to produce documents to the indigent. see his email attached

Subject: Re: Lee sheriff more ADA violations

The sheriff's jail and customs, policies and procedures therein violate virtually every topic discussed in the below summary of ADA requirements in his jails.
https://www.adainfo.org/sites/default/files/5.2%20Law%20Enforcement_Gordon-1-slide-per-page_handout.pdf

Assistant United States Attorney Civil Rights Enforcement Coordinator USAO Eastern District of Virginia

Federal Government Statistics According to the Census Bureau, approximately 7.3 million individuals in the United States report significant vision loss. According to the Centers for Disease Control, 36.2 million adults have some kind of physical functioning difficulty.

Subject: Lee sheriff more ADA violations

The sheriff provide NO ada compliant toilet facilities without proper height commodes and without the required handicap grab bars.

Below are guidelines and information concerning the sheriff's disdain for the ADA and failure to provide ADA compliant bathroom facilities.

https://www.buildings.com/article-details/articleid/9242/title/the-ada-compliant-restroom

The shower facilities are similarly ADA non-compliant in every location Huminski resided in at the Lee Jails.

These ADA violations are especially egregious for persons with recent open back surgery such as Huminski.

The ADA-Compliant Restroom

Find out how to make your restroom ADA compliant in this article.

Subject: Lee sheriff new FOIA request

Media Request — less than a minute ago
Provide the housing and bunk assignments of persons who shared a cell with Huminski for the first 10 days of his stay in the lee jails starting with 2/12/19. Huminski's cellbunk assignment was provided in the sheriff's 1/17/2020 production. Provide the same for Huminski's cellmates.

Status : Received

To view all requests go to
https://leecountysheriff.govqa.us/WEBAPP/_rs/Customerissues.aspx

User is s_huminski@live.com
password 123456

The sheriff will not be able to supply this as for the first 3 days, the cell blocks were overcrowded and there were not enough bunks for Huminski and approximately 10 others. No cell or bunk assignments were communicated by the sheriff. This is a *per se* ADA violation. The elderly disabled should not be treated like 3rd class citizens and made to sleep on the floor.

new FOIA

Media Request less than a minute ago

The records related to my arrest on 2/12/19 and the first 2 hours in custody of the sheriff's department. That is records related to huminski's arrest at approximately 10 AM until he arrived at the jail at approximately noon that same day. On the ride to the jail, the arresting officer was entering quite a bit of information into his computer. Supply these records. Second request.

Subject: Re: Lee sheriff document production

Just like how the Lee Sheriff does not alert a patient that their life-sustaining medication that you have been on for 22 years is being completely ended putting one at risk of death and injury, the sheriff also maintains secrecy as to any assignment of bunks and no procedure exists for enforcement of bunk assignments.

The 2/13/2019 alleged medical record recently supplied is not in the original production of medical records supplied by the sheriff. I suspect fraud concerning this record. In either case, where-ever this document came from if it is not a fraud, these records are not supplied to inmates via any practice, policy or procedure adopted by the sheriff. Further what was supplied is a cut and pasted excerpt from a document that contains damning information that the sheriff wishes to keep secret.

While imprisoned, I asked the medical provider for my medical records and she denied the request. The medical records supplied related to these matters do not contain the cut and pasted bottom bunk directives.

In the Lee jails, bottom bunks are on a first come first serve basis and if there is a dispute the law of the jungle prevails -- might is right, where an elderly disabled person can not prevail regarding such confrontations with other inmates.

LEE SHERIFF supply the full document where the cut and pasted bunk assignment came from. Many times a cover-up is worse than the original transgressions. -- scott huminski

Subject: Lee sheriff foia

Regarding Lee sheriff fraud that I was assigned a bottom bunk. The sheriff does not provide this information to residents, if the document they provided is valid, it is kept secret from inmates. I would be happy to take a polygraph concerning any fact I have supplied related to these matters.

Subject: Lee Sheriff: Medical Ethics, Disability and Supremacy Clause violations

Mr. Candela,

Your failure to file a motion to stay the matters below pending appeal, thus, your negligence and malpractice, proximately caused me extreme injury and damage at the hands of the Sheriff and State's attorney.

I have retained an out-of-state law firm to prosecute you for legal malpractice. They are taking it on a contingency basis. 50% Suit will be filed after the government's answer brief in the 2 DCA. This is why I directed you to oppose any extensions requested by the government. I need(ed) relief from the government misconduct ASAP, a task that you failed.

We are also bringing an 42 U.S.C. § 1983 action against former State's Attorney Stephen Russell, State's Attorney Amira Fox and Anthony Kunasek. Judges may be added later.

The sheriff will also be a defendant in causes of action arising under 42 U.S.C. § 1983 and the Americans with Disabilities Act. Of course we have to deal with the gag orders of Judge Adams preventing service of the Sheriff (a defendant in Huminski v. Gilbert, et al., 17-ca-421). Your disdain for the First Amendment by not handling the bedrock First Amendment violations in the gag orders of Judge Krier, Judge McHugh and Judge Adams in your brief is noted. The gag orders are unconstitutionally vague, over-broad are a forbidden prior restraint and silence core protected political expression.

Thanks for setting me up for grave human rights violations.

Move to disqualify yourself from the 2 DCA appeal immediately. My online review of your misconduct should be sufficient to get you off the case.

The review is here at a permanent link,
https://web.archive.org/save/https://anthonycandelaattorneylawyerreviewtampaflorida.law.blog/

It is my moral and ethical duty to make sure you don't do this to anyone else. Again, I am forced to assume the role law enforcement should have handled, like the death threats from the Arizona terror cell (Trevor Nelson, Debra Riffel of Maricopa County) that instigated this series of events.

Corrections Bureau Policy & Procedures	Section: CLASSIFICATIONS	SOP#: 4.01
	Subject: CLASSIFICATION & HOUSING OF INMATES	Effective Date: 01/15/91
	Revised: 02/22/2017	
FMJS Ref: 2.01	FCAC: 10.22	

a) Female and male inmates:

(1) Adult Female Felons
(2) Adult Female Misdemeanants
(3) Adult Female Sentenced
(4) Adult Female Non-Sentenced
(5) Adult Male Felons
(6) Adult Male Misdemeanants
(7) Adult Male Sentenced
(8) Adult Male Non-Sentenced

b) Other classes of detainees (witnesses, inmates with civil charges)
c) Inmates with special problems (alcoholics, narcotic addicts, mentally disturbed persons, and physically challenged persons)
d) Inmates requiring disciplinary confinement
e) Inmates requiring administrative confinement
f) Inmates requiring protective custody
g) Juveniles

7. Single occupancy cells will be utilized for the following:

a) Inmates with severe medical disabilities per the medical provider
b) Inmates suffering from serious mental illness defined by the mental health provider
c) Inmates likely to be exploited or victimized by others
d) Inmates who have other special needs for single occupancy housing.
e) VIP's. (Ref. - SOP 3.01 Section E)
f) Inmates that fail to adapt to a general population setting

8. Juveniles will be separated by sight and sound from the adult population when awaiting trial as an adjudicated adult. Juveniles not subject to trial as an adult are not housed in any LCSO Corrections Facility.
9. Inmates will not be discriminated against (Ref. SOP 4.09 I.)

10. Current and accurate records will be maintained for each inmate committed to or housed in a LCSO Corrections Facility. Procedures will be established to safeguard legally privileged or confidential information. Inmate records will contain, at a minimum, the following:

a) Intake/booking information

http://www.floridahealth.gov/programs-and-services/people-with-disabilities/disability-determinations/index.html

Disability Determinations | Florida Department of Health

The Division of Disability Determinations is responsible for making the determination of medical eligibility for Florida citizens who apply for disability benefits under the federal Social Security Administration disability programs (Social Security Disability-Title II and Supplemental Security Income-Title XVI), and under the state Medically Needy program.

www.floridahealth.gov

http://www.floridahealth.gov/programs-and-services/people-with-disabilities/index.html

People with Disabilities | Florida Department of Health

Disability and Health Program The Disability and Health Program (DHP) is funded by a three-year grant from the Centers for Disease Control and Prevention (CDC). The goals of the program are to include Floridians of all ages with disabilities in all of the Department of Health's programs and activities for health promotion, disease prevention, wellness, and disaster preparedness.

Subject: Lee Sheriff violates his own policies and procedures

Based upon further review, it has become clear that the sheriff engages in wholesale violations of the Americans with Disabilities Act (ADA) and for the safety of those still suffering in the Lee jails, the federal government should take control of these facilities to bring them back into compliance with federal law.

Why was I jailed? ... for failure to pay a contempt of court fine that I could not afford (debtor's prison). Good old fashioned justice. With Mr. Candela not helping by his refusal to stay matters while appeal was pending. The prosecutor's office knows all these facts and are just as liable.

Please forward relevant materials to the U.S. Attorney's Office for this District and to the U.S. Attorney General before death, injury or harm comes to person at these facilities because of the sheriff's disdain for the rule of law.

Time is of the essence. -- scott huminski

Subject: Lee Sheriff violates his own policies and procedures

Hi,
I began reviewing the production of today. I think this will yield a wide pot pouri of the sheriff's violations of his own policies and procedures. After 1 minute into my review the following came up revealing a complete disregard for his own policies concerning the fully disabled. Like myself -- on full social security disability for 10 years for mental and physical disabilities.

The sheriff knows bad things happen when one breaks the law, likewise, bad things happen when he violates his own policies and procedures. There would have been fewer ADA violations and felony abuse of an elderly disabled had the sheriff obeyed his own regulations concerning single cell occupancy had he just followed his own rules instead of making the disabled elderly sleep on the floor. If I was assigned a single cell per his policies, I wouldn't have had to sleep on the floor. Its not just me he abuses, he abuses every disabled person in his jail. If the ADA had criminal sanctions, the sheriff should be first in line. As my review continues, I will update. see below single occupancy policies.

AMERICAN OVERSIGHT

a) Female and male inmates:

(1) Adult Female Felons
(2) Adult Female Misdemeanants
(3) Adult Female Sentenced
(4) Adult Female Non-Sentenced
(5) Adult Male Felons
(6) Adult Male Misdemeanants
(7) Adult Male Sentenced
(8) Adult Male Non-Sentenced

b) Other classes of detainees (witnesses, inmates with civil charges)
c) Inmates with special problems (alcoholics, narcotic addicts, mentally disturbed persons, and physically challenged persons)
d) Inmates requiring disciplinary confinement
e) Inmates requiring administrative confinement
f) Inmates requiring protective custody
g) Juveniles

7. Single occupancy cells will be utilized for the following:

a) Inmates with severe medical disabilities per the medical provider
b) Inmates suffering from serious mental illness defined by the mental health provider
c) Inmates likely to be exploited or victimized by others
d) Inmates who have other special needs for single occupancy housing.
e) VIP's. (Ref. - SOP 3.01 Section E)
f) Inmates that fail to adapt to a general population setting

8. Juveniles will be separated by sight and sound from the adult population when awaiting trial as an adjudicated adult. Juveniles not subject to trial as an adult are not housed in any LCSO Corrections Facility.
9. Inmates will not be discriminated against (Ref. SOP 4.09 I.)

10. Current and accurate records will be maintained for each inmate committed to or housed in a LCSO Corrections Facility. Procedures will be established to safeguard legally privileged or confidential information. Inmate records will contain, at a minimum, the following:

a) Intake/booking information

should

Subject: Lee Sheriff production of documents re: FL Health investigations

See attached, even though the fee was paid, I don't see any documents

In a collateral issue, here is a document evidencing the Lee Sheriff's/Judge's/Prosecutor's obstruction of service in a matter before the Florida Supreme Court,
https://efactssc-public.flcourts.org/casedocuments/2018/1282/2018-1282_motion_117214_motion2dother20substantive.pdf

Note that the order of Judge Adams made criminal any contact with the parties to the criminal and civil matters. This means the State of Florida. It is also in the above link. -- scott

Subject: threats

Mr. Candela, Your threats to me attempting to stop my reportage concerning the felony abuse of a disabled adult and collateral matters could be construed as obstruction of justice.

Please file a motion in the appeal to stay/enjoin the Florida collection activities and punishments while the case is on appeal. You failed to do this at the appropriate time causing my incarceration. This a very common appellate motion quite similar to a motion to release from custody while on appeal. I don't wish to be jailed again because of your failure to file proper and quite common motions at the proper time.

Just the fact that you are appointed does not mean you have to withhold filing of proper and necessary papers in court. You must treat appointed legal work with the same vigor as paying clients. Failure to do so is a violation of the rules of professional conduct and ethical precepts.

I don't know what is up with you, but, you refused my direct instructions to deny the request for enlargement of time and consented to the government delay. This conduct prejudices and injures me.

Subject: Huminski writ of prohibition/mandamus

Mr. Candela, I take your silence as a refusal to file a writ to prohibit collection activities by the State pending resolution of the appeal. I will file it in the next week. It will be less than a page long. A no-brainer. Let me know today if you have changed your position.

This issue may only be tangentially related to the Health Departments investigations. It is being provided to maintain context and this email is core protected political expression afforded the highest level of protection under the First Amendment. (see below link re: core protected political expression) Obviously all my speech is speech critical of the Sheriff, a candidate for public office. Seeking and obtaining the gag order is a serious crime under Title 18. See below criminal statutes.

Mr Holloway, as I have pointed out, all communications with you are in your capacity with the county, not LCSO. All contact with the LCSO is barred via the gag orders entered by Judge Adams. Gag orders requested by the sheriff that remain pending for life. This calls into question if the sheriff can hold office while denying public safety services to a resident (s) of the county he serves. I think not. This affront to the First Amendment, barring core protected political expression are federal crimes defined in
the Title criminal 18 links below as they violate Huminski's First Amendment right to criticize the sheriff and report criminal activity to the sheriff or his staff. One can not be a county sheriff and then pick and chose persons not eligible for public safety services based upon their opinions or the type of crimes they report.

Why did the sheriff seek to silence me? ... to cover up his support of the interstate transmission of terrorist death threat by the Nelson/Riffel domestic terror cell.-- scott

Protection of Core Political Speech – Civil Rights

Core political speech consists of conduct and words that are intended to directly rally public support for a particular issue, position, or candidate.

Subject: Florida Sunshine Law Request: Lee Sheriff Disabled Elder Abuse Portal

To Whom It May Concern:

Pursuant to the Florida Sunshine Law, I hereby request the following records:

All records, reports, recordings and documents related to the arrest of

The period of interest is from 10:00 A.M. to Noon on 2/12/2019 while Huminski was in custody of the arresting deputy.

Supply all documents, recordings, materials related to the compliance with the ADA (Americans with Disabilities Act) of LCSO transport vehicles (buses, vans, cars and other) that were used to transport Huminski both upon arrest and during other transport of Huminski that occurred during his stay at LCSO facilities.

Provide all documentation as to what ADA accommodations were provided to Huminski in his jail cell that allowed him access to the top bunk when the bottom bunk was occupied by another resident.

Provide all materials and documents related to Huminski's complete disability, medicare and social security and any and all materials related to ADA accommodations and treatment of the fully disabled at LCSO facilities (specifically to Huminski and generically).

All materials related to the determination that Huminski committed the crime of disorderly conduct at his intake as set forth in the records last produced by the LCSO and all materials related to LCSO procedures concerning placing a person in solitary confinement and disciplinary matters concerning inmates.

Booking #
897183
Arrested
2019-02-12 11:54
Status
Released: 2019-03-04 19:30

All handwritten or digital records related to the dispensing of medications to Huminski which include 15 to 30 notations of blood pressure pursuant to the directives of the LCSO medical staff including the blood pressure readings taken and recorded approximately 9 to 11 hours after arrest in Bonita Springs. Including Huminski's vitals which indicated a temperature of 97.0 after 8 + hours of solitary in inhumanely cold temperatures without adequate clothing or shelter. Prescribing directions from LCSO staff required the taking of Huminski's blood pressure at the time medications were dispensed, which was done and recorded by the LCSO staff that distributed medications. Supply this data.

Attached is a brief filed in the 2nd District Court of Appeals indicating LCSO knowledge of Huminski's disability situation discussed before LCSO staff in court.

All documents and materials related to the felony violations of the elder/disabled adult abuse statute perpetrated by the LCSO set forth in the attached emails to the Florida Department of Health that triggered 3 investigations of LCSO medical staff. See attached.

AMERICAN OVERSIGHT

In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not.

Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 10 business days.

Sincerely,

scott huminski

Subject: Lee Sheriff refuses to comply with Sunshine Law foi request

This is the request they are ignoring,

https://www.muckrock.com/foi/lee-county-36/lee-sheriff-disabled-elder-abuse-84341/

I seek assistance with getting compliance with the Sunshine Laws.

The sheriff began his refusal to comply with sunshine requests after he became aware of 3 investigations pending against his medical staff for felony abuse of a disabled adult. See https://web.archive.org/web/20200108134730/https://judgeelizabethvkrierleecountyflcorruption.files.wordpress.com/2017/06/fl-investigation-of-lcso.pdf

Subject: Lee Sheriff Foia re: DOH investigations, Complaint # 201944590 & 201994592

A new related Foia (sunshine law request) is here concerning the withholding of medical services,
https://www.muckrock.com/foi/lee-county-36/lee-sheriff-disabled-elder-abuse-84837/

I note that the sheriff failed to respond to the request of 12/12/19 with knowledge that I am seeking the information to forward to State agencies concerning the pending investigations. *Per se* obstruction of justice. The sheriff refuses to even acknowledge receipt of the information request.
https://www.muckrock.com/foi/lee-county-36/lee-sheriff-disabled-elder-abuse-84341/

It is unclear if the sheriff's department itself is licensed with the DOH in any capacity, although, they are the caretakers of medical records and in control of the privacy and dissemination of medical records consistent with HIPAA or similar state regulations/statutes. It certainly appears that jails should be regulated in a similar manner to nursing homes, hospitals and other care-giver entities. -- scott huminski

Lee Sheriff Disabled Elder Abuse • MuckRock

Scott A. Huminski in Bonita Springs at approximately 10:30 and the transport and drop off to the Lee jails including any video or audio recorded while en route from Bonita Springs to Fort Myers in a LCSO vehicle. The period of interest is from 10:00 A.M. to Noon on 2/12/2019 while Huminski was in ...

Subject: Lee Sheriff felonies are RETALIATORY, Complaint # 201944590 & 201994592

These felonies and *per se* medical ethics violations concerning the LCSO medical staff are retaliatory because Huminski exposed the crimes of the sheriff embodied in his request and receipt of a gag order that obstructed justice (including witness intimidation and tampering) of cases before the United States Bankruptcy Court, the Florida 2nd Circuit and Florida Supreme Court. At the most rudimentary level, the sheriff's gag order preventing service of himself and his office in cases where court rules, Due Process and other authorities mandated service of the sheriff are patently criminal obstruction of justice.

My certificates of service in the aforementioned tribunals clearly state that service was obstructed by the sheriff. Even service of the State of Florida was obstructed by the gag order obtained by the sheriff. See below documents and most specifically this one,
https://edca.2dca.org/DCADocs/2017/4740/174740_26_12182017_1221006Z_e.pdf

Here is a complaint filed with the United Nations on the topic

https://web.archive.org/web/20181031133103/https://judgeelizabethyklerieecountyflcorruption.files.wordpress.com/2017/06/un-human-rights-compl-2-converted.pdf

The obstruction of justice by the sheriff is undisputed and on the record see below links.

Subject: Fw: State's Atty Cover up felony obstruction by Sheriff Scott

The Sheriff obstructed service in the U.S. Bankruptcy Court (a unit of U.S. District Court), obstructed service in the 2DCA 2D17-4740, obstructed my attendance at a hearing in 17-CA-421 and is engaging in ongoing obstruction in 17-MM-815.

The sheriff procured a protective order for him and his staff that prohibits contact or communication. WITHOUT EXCEPTION. As such I am banished from the Lee Court complex in violation of Huminski v. Corsones, 396 F.3d 53 (2nd Cir. 2005). This and other issued are exhaustively documented in the below papers filed in the 2DCA.

Subject: Conflict counsel must recuse

Hi Atty Neymotin,

Your office has advised me to violate the Orders of Judge Krier. The protective order entered by Judge Krier prevents any contact with the Sheriff or his staff. As such, it is criminal contempt for me to interact with court security screeners and bailiffs at the lee court.

Advising me to violate the orders of the Circuit Court is unethical. With that in mind, what is your office's advice for the hearing tomorrow concerning my attendance?

Do I not attend and risk a bench warrant or attend and risk a contempt charge? -- scott huminski

Subject: Conflict counsel must recuse

Hi Atty Neymotin,

Your office has performed zero work on the criminal matter and refuses anything and everything I have requested in support of my defense. Assign a different attorney or recuse your off the case. You are still responsible for the 2DCA matter.

Neglect of a legal matter entrusted to your office is an ethical violation. -- scott huminski

Subject: Conflict counsel lies to defendant Huminski

Hi Atty Neymotin,

Atty Miller lied to me after the hearing on his motion to recuse. He stated that your office would participate in the pending petition in the 2DCA, 2D17-4740. Lying undermines the attorney/client relationship. -- scott huminski

Subject: Conflict counsel dodging appeal other misconduct

Hi Atty Neymotin,

Your office is responsible for handling this criminal appeal/petition. This is a criminal contempt case assigned to Z. Miller of your office. This appeal arises directly out of the criminal matter assigned to your office. I must also inform you that I am receiving ineffective assistance of counsel in the underlying criminal matter. The criminal case was pending in the Circuit Court for several months and then was "transferred" to County Court.

Please assign an attorney who knows the below law to my case and assign your appellate people to the appeal. See 2DCA docket below. The criminal case is frivolous and the order involved that I allegedly violated are patently unconstitutional and mandate surrender of constitutional rights -- exceptions to the Collateral Bar Rule, that your office has ignored.

THERE IS NO STATUTE, COURT RULE OR FL AUTHORITY THAT PROVIDES FOR A TRANSFER BETWEEN CIRCUIT AND COUNTY COURTS. YOUR OFFICE'S FAILURE TO RECOGNIZE THIS FUNDAMENTAL ISSUE IS WASTING THE TIME OF ALL AND CONSTITUTES CONDUCT PREJUDICIAL TO THE ADMINISTRATION OF JUSTICE AND wastes judicial resources.

Please recuse off this case if you do not have the staff expertise to handle the issues. Mr. Miller refuses to file motions I have requested based upon the above and other issues. -- scott huminski

Subject: Lee Sheriff medical staff felony abuse of a disabled adult, Complaint # 201944590 & 201994592

Another FOIA to the LCSO on the felony abuse of a disabled adult that may assist in the investigations pending against the Lee Sheriff's medical staff. See link below. At the link is a downloadable copy of all correspondences, to date, with the DOH concerning the LCSO medical staff.

I note that the LCSO was well aware of my disabled status based upon it's status as a defendant in Huminski v. Mike Scott, et. al. (aka Huminski v. Gilbert, et. al.), 17-CV-421, 20th Circuit, a lawsuit concerning the death threats issued to Huminski (2015-2017) from Trevor Nelson and/or Debra Riffel (while impersonating Officer Ryan Pillar) of Maricopa County, Arizona and the impersonation of Huminski by the same two individuals in letters sent to Officer Ryan Pillar (Gilbert, AZ Police) his parents and others in 2012-2015 approximately. Thank you. -- scott huminski

Subject: Medical Board & Pharmacy Board Complaint # 201944590 & 201994592 against LCSO medical staff

The decision to deny me medical services upon intake into the Lee Jails and to place me in solitary instead (along with previous complained of LCSO criminal conduct), was done with the knowledge that my age was approximately 60,

putting the LCSO and their medical staff on notice that felony abuse of an elderly and/or disabled adult was on the table. Of course, medical services or denial of medical services that constitute felony violations of F.S. § 825.102 are *per se* unethical under medical ethical guidelines. Crime is not a valid medical treatment or service. See this thread.

Subject: Medical Board & Pharmacy Board Complaint # 201944590 & 201994592 against LCSO medical staff

Hello,

The placement of myself in solitary prior to medical screening for an elderly fully disabled adult with chronic medical issues is a felony, F.S. § 825.102, by the LCSO.

AMERICAN OVERSIGHT

See statute excerpts (full statute below) concerning the immediate placement of myself into solitary in a 55 degree cell barefoot with only a thin t-shirt and shorts without any bedding that drove my body temperature down to 97.0, i.e. torture/malicious punishment.

(b) Willfully tortures, maliciously punishes, or willfully and unlawfully cages, an elderly person or disabled adult; or

1. A caregiver's failure or omission to provide an elderly person or disabled adult with the care, supervision, and services necessary to maintain the elderly person's or disabled adult's physical and mental health, including, but not limited to, food, nutrition, clothing, shelter, supervision, medicine, and medical services that a prudent person would consider essential for the well-being of the elderly person or disabled adult; or

These felonies are per se medical malpractice and caregiver malpractice as they are felonies against the elderly disabled. Thank you. --Scott huminski

Sent: Friday, November 29, 2019 10:32 AM

Hi, I am in receipt of your recent letters.

I believe that the sheriff's medical staff lied about my medical record to gain State/Federal funding or grants, etc. concerning their lies input into my medical records.

I am not on Social Security Disability because of "street drug" use as lied to by the LCSO. I grant the FlHealth.gov power of attorney to access my first 5 years of medicare/social security records. I am on Social Security for joint issues, avascular necrosis, PTSD, Social Phobia, GAD. Now spinal stenosis and spinal disk degradation are added to the list.

I don't use "street drugs" as mentioned several times in the LCSO medical records. Medical marijuana and prescriptions filled at Walmart are not "street drugs". All of this is a lie, probably to secure funding or for some other improper motive.

False "street drug" information entered by the LCSO medical staff caused me to be place on "DETOX" for 10 days which prevented me from obtaining sleep medication for 10 days. Lies in medical records can cause injury. I once had a bogus allergy to penicillin sneak unto my records elsewhere and that led to my treatment with a lesser effective drug. False medical information is dangerous to the safety of the patient. During those first 10 days, I got 2-3 hours of sleep a night as a result of LCSO lies. Also felony abuse of a elderly disabled adult. See statute below.

Please do not hesitate to obtain the Social Security/medicare information related to the lies entered into my medical records. Power of attorney is granted to the Florida Department of Health and/or Ylonka Guzman Jimenez to obtain these records from the federal government.

Florida Statutes Title XLVI. Crimes § 825.102. Abuse, aggravated abuse, and neglect of an elderly person or disabled adult

(1) "Abuse of an elderly person or disabled adult" means:

(a) Intentional infliction of physical or psychological injury upon an elderly person or disabled adult;

(b) An intentional act that could reasonably be expected to result in physical or psychological injury to an elderly person or disabled adult; or

(c) Active encouragement of any person to commit an act that results or could reasonably be expected to result in physical or psychological injury to an elderly person or disabled adult.

A person who knowingly or willfully abuses an elderly person or disabled adult without causing great bodily harm, permanent disability, or permanent disfigurement to the elderly person or disabled adult commits a felony of the third degree, punishable as provided in s. 775.082 , s. 775.083 , or s. 775.084 .

(2) "Aggravated abuse of an elderly person or disabled adult" occurs when a person:

(a) Commits aggravated battery on an elderly person or disabled adult;

(b) Willfully tortures, maliciously punishes, or willfully and unlawfully cages, an elderly person or disabled adult; or

(c) Knowingly or willfully abuses an elderly person or disabled adult and in so doing causes great bodily harm, permanent disability, or permanent disfigurement to the elderly person or disabled adult.

A person who commits aggravated abuse of an elderly person or disabled adult commits a felony of the first degree, punishable as provided in s. 775.082 , s. 775.083 , or s. 775.084 .

(3)(a) "Neglect of an elderly person or disabled adult" means:

1. A caregiver's failure or omission to provide an elderly person or disabled adult with the care, supervision, and services necessary to maintain the elderly person's or disabled adult's physical and mental health, including, but not limited to, food, nutrition, clothing, shelter, supervision, medicine, and medical services that a prudent person would consider essential for the well-being of the elderly person or disabled adult; or

2. A caregiver's failure to make a reasonable effort to protect an elderly person or disabled adult from abuse, neglect, or exploitation by another person.

Neglect of an elderly person or disabled adult may be based on repeated conduct or on a single incident or omission that results in, or could reasonably be expected to result in, serious physical or psychological injury, or a substantial risk of death, to an elderly person or disabled adult.

(b) A person who willfully or by culpable negligence neglects an elderly person or disabled adult and in so doing causes great bodily harm, permanent disability, or permanent disfigurement to the elderly person or disabled adult commits a felony of the second degree, punishable as provided in s. 775.082 , s. 775.083 , or s. 775.084 .

(c) A person who willfully or by culpable negligence neglects an elderly person or disabled adult without causing great bodily harm, permanent disability, or permanent disfigurement to the elderly person or disabled adult commits a felony of the third degree, punishable as provided in s. 775.082 , s. 775.083 , or s. 775.084 .

Subject: Medical Board & Pharmacy Board Complaint # 201944590 & 201994592 against LCSO medical staff

Hi, I am writing to ascertain if more input from myself is required for the above board complaints.

Cutting my beta blockers 75% from 200 mg to 50 per day (with a less effective drug), when there was a recent hospitalization for transient ischemic attack (mini stroke) is not only unethical and a violation of medical norms (especially without initiating a physician / patient relationship) and blindly prescribing is abuse of a disabled adult. I have been on on SSDI for 10 years.

This is a felony in Florida and a federal civil rights crime (8th Amendment violation) punishable under federal civil rights crime statutes 18 USC 241, 242. Please refer this to the U.S. Attorney, the FDLE and the Florida and U.S. Attorney Generals. Thanks -- scott huminski

Florida Statutes Title XLVI. Crimes § 825.102. Abuse, aggravated abuse, and neglect of an elderly person or disabled adult

(1) "Abuse of an elderly person or disabled adult" means:

(a) Intentional infliction of physical or psychological injury upon an elderly person or disabled adult;

(b) An intentional act that could reasonably be expected to result in physical or psychological injury to an elderly person or disabled adult; or

(c) Active encouragement of any person to commit an act that results or could reasonably be expected to result in physical or psychological injury to an elderly person or disabled adult.

A person who knowingly or willfully abuses an elderly person or disabled adult without causing great bodily harm, permanent disability, or permanent disfigurement to the elderly person or disabled adult commits a felony of the third degree, punishable as provided in s. 775.082 , s. 775.083 , or s. 775.084 .

(2) "Aggravated abuse of an elderly person or disabled adult" occurs when a person:

(a) Commits aggravated battery on an elderly person or disabled adult;

(b) Willfully tortures, maliciously punishes, or willfully and unlawfully cages, an elderly person or disabled adult; or

(c) Knowingly or willfully abuses an elderly person or disabled adult and in so doing causes great bodily harm, permanent disability, or permanent disfigurement to the elderly person or disabled adult.

A person who commits aggravated abuse of an elderly person or disabled adult commits a felony of the first degree, punishable as provided in s. 775.082 , s. 775.083 , or s. 775.084 .

(3)(a) "Neglect of an elderly person or disabled adult" means:

1. A caregiver's failure or omission to provide an elderly person or disabled adult with the care, supervision, and services necessary to maintain the elderly person's or disabled adult's physical and mental health, including, but not limited to, food, nutrition, clothing, shelter, supervision, medicine, and medical services that a prudent person would consider essential for the well-being of the elderly person or disabled adult; or

2. A caregiver's failure to make a reasonable effort to protect an elderly person or disabled adult from abuse, neglect, or exploitation by another person.

Neglect of an elderly person or disabled adult may be based on repeated conduct or on a single incident or omission that results in, or could reasonably be expected to result in, serious physical or psychological injury, or a substantial risk of death, to an elderly person or disabled adult.

(b) A person who willfully or by culpable negligence neglects an elderly person or disabled adult and in so doing causes great bodily harm, permanent disability, or permanent disfigurement to the elderly person or disabled adult commits a felony of the second degree, punishable as provided in s. 775.082 , s. 775.083 , or s. 775.084 .

(c) A person who willfully or by culpable negligence neglects an elderly person or disabled adult without causing great bodily harm, permanent disability, or permanent disfigurement to the elderly person or disabled adult commits a felony of the third degree, punishable as provided in s. 775.082 , s. 775.083 , or s. 775.084 .

Subject: Missing Records: Medical Board & Pharmacy Board Complaint # 201944590 & 201994592

I noticed that in the brief medical intake that occurred after my 8 hours in solitary in a 55 degree room (I was barefoot and clothed in a light t-shirt and shorts) there was no taking of vitals reported. The reason was that I was becoming hypothermic from the 8 hours of solitary in a cell without bedding, only concrete and steel existed in the cell. Deliberately causing physical harm is an assault and battery. Please forward this to the FDLE and U.S. Attorney. My temperature after solitary was 97 which they took but did not disclose in the records the jail produced.

The name of the pharmacy or pharmacist was not provided in the records. I never received the proper literature with any medications provided, a pharmacy error, which would have prevented the Redman Syndrome that caused me medical harm. Had I received the proper paperwork, as regular pharmacies provide, I would have alerted the staff of a toxic medication and I would have refused the offending medication(s). The level of prescribing secrecy and lack of pharmacy information provided to the patient about the drugs dispensed caused the problem.

My blood pressure was taken at least 10 times and recorded by individuals who dispensed medications (I don't know their professional information) and these records were not supplied. They document my out of control blood pressure. Thank you. -- scott huminski

Subject: Records: Medical Board & Pharmacy Board Complaint # 201944590 & 201994592

Hello, They finally released my records. I still don't know the professions of any of the names provided, i.e. doctor, nurse, aid, pharmacy tech, etc..

I gave no consent to anyone to stop existing medications or to consent for new medications upon intake to the jail.

I was arrested at approximately 10:30 and got to the Jail at the below time, noon, and immediately was put in solitary for 8 hours as the medical records reflect. If one has diabetes, seizures or many other problems, this custom of warehousing patients for up to 8 hours with no medical information taken could prove deadly to persons with medical issues. During this initial solitary there was no inquiry if i had food allergies or special/religious food needs and i was provided a meal blindly -- bologna on white. This is dangerous. I was never consulted with by a doctor concerning the vast changes in my medicines or never asked if I had questions for a pharmacist when medicines were dispensed. Note the 7:58 time on the medical history documenting the solitary.

Booking #	Arrested	Status
	2019-02-12 11:54	**Released:** 2019-03-04 19:30

AMERICAN OVERSIGHT

897183

I don't know and never met Andrew Grey, I don't know if this person is a doctor, nurse, pharmacist, and they never mentioned to me they were taking me off medications I have been on for 22 years. My only history of withdrawal was when I ended gabapentin for spine pain and sciatica a year earlier.

Kathy Verdes lied about drug abuse when she stated i take "street drugs" and this contradicts the walmart prescriptions verified on 2/19/2019 which had a xanax prescription. (see attached) I never had this issue and never told her I did. Alprazolam, xanax has been prescribed to me for 22 years, I take it as directed.

Huminski was deprived of all morning medications on 2/27/19 per entry of Karen Hergal, this is common, to get 12 hour medications at far longer or shorter intervals than required. This happened to me many times. There are also an entry of "denies all" that did not happen. Ms. Hergal lied about a history with street drugs.

Prior to administering the first doses of new medications, if I was told they were stopping the treatment that worked well for 22 years, patient should be allowed a consult with a pharmacist or doctor on the new medications.

Note that after side effects from HCTZ (or clonidine) was noted, the toxins that caused Red Man Syndrome (that i was prescribed deltasone for), on 2/19/19 they re-prescribed the toxin and it was delivered to me for a day or two until I noticed problems and I had to interrogate the person dispensing the pills and i had to deny the toxin. My declining the toxin is also in the attached.

Although my blood pressure had been recorded 10 or so times, the report on 2/14/2019 had a blood pressure of 153/114 p 136, revealing the ineffective treatment plan without concern for patient's 22 year history of successful blood pressure management. This is dangerous. I feel symptoms of tightness in chest/anxiety/fear when my blood pressure soars without adequate medical intervention. Elevated blood pressure can cause organ damage, stroke, heart issues and more. This negatively impacted my anxiety issues because I thought I might die from the extremely high (for me) blood pressure.

See entry of 07/08/2019 [sic] (the date is probably around 2/16/2019) where i emphasize my 20 years of successful medications and relatively good health.

On or about 2/18/2019 i spoke to a female guard via the intercom system and explained that I was given medications that made me ill and required medical intervention, she rudely stated "don't take pills you're not supposed to". I explained the pills were started without me knowing. This is misconduct.

2/27/2019 Brian Medlin lied that i was on social security for drugs problems. I am on social security for joint issues (hips, knees) and for PTSD, Social phobia and generalized anxiety disorder.

In summation, this is the worst medical treatment I have received in my entire life and, at 60 this year, it is the first time I spent in jail. -- scott huminski

As you can see, the Sheriff is refusing to forward medical information because there are many problems with the medical treatment of patients at the Lee jail. I hereby grant the FL Health Department and their associated Medical and Pharmacy Boards power of attorney concerning my medical records being withheld by the sheriff. There are dangerous medical situations at the jail. Luckily, my experience wasn't fatal, the same might not be true in the future.

I have no knowledge of who the persons were dispensing the medication at the jail ... nurses, pharmacy techs, medical assistants, etc..

I waive all HIPAA rights/protections and my jail medical records may be posted online or shared by anyone to anyone at any time. Thank you.

The muckrock.com data didn't transmit correctly, here it is,

From: scott huminski
10/03/2019
From: Lee County Sheriff's Office
10/13/2019
Subject: Public Records Request :: P038030-100319
[data]
Dear scott huminski:

Lee County Sheriff's Office received a public records request from you on October 03, 2019. You requested the following:

" To Whom It May Concern:
Pursuant to the Florida Sunshine Law, I hereby request the following records:
My medical records while being lodged at the LCSO run jails in February and March of this year. I waive all HIPAA rights related to my medical records.
On 9/24/19, I attempted to obtain my medical records by inquiring at the 6 Mile Cypress LCSO location and at the lobby of the Ortiz Jail with no success.
In the alternative, please forward all documents/forms related to the procedure to gain access to these records. A medical provider refusing to supply requested medical records creates an actionable matter with the State medical board. Medical licenses may be revoked. Thank you. -- scott huminski
The requested documents will be made available to the general public, and this request is not being made for commercial purposes.
In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not.
Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 10 business days.
Sincerely,
scott huminski
Upload documents directly: https://https://www.muckrock.comhttps://accounts.muckrock.com/accounts/login/?next=https%3A%2F%2Fwww.muckrock.com%2Faccounts%2Flogin%2F%3Fnext%3D%252Faccounts%252Fagency_login%252Flee-county-sheriffs-office-7703%252Flee-sheriff-records-request-81140%252F%253Femail%2533Dtwood%252540sheriffleefl.org&url_auth_token=AAAeBb4nkawqwZUThdFTwtrVHWo%3A1iFsWK%3AYuw_SBS3JSASXPJkiUh7K1D4yKI"
Your request has been received and is being processed.
Please Note: All requests are completed in the order in which they are received. Additional information or clarification may be needed to fulfill your request. Failure to provide additional information or clarification within 10 business days will cause your request to be canceled and closed out. You will then be required to submit a new request.
Research-intensive requests may require more than 10 business days to fulfill and may require a paid deposit before the request can be fulfilled. All deposit invoices are due upon receipt. Release of information requires payment in full. Additionally, any further requests may not be considered until unpaid invoices are paid in full.
Please contact our office immediately once requested information is no longer needed. Payment for completed requests prior to cancellation is expected. If you wish to pick up the request, please contact us in advance.
While use of GovQA for public records requests is not mandatory, requests submitted outside of the GovQA portal may delay the receipt of requested information.
Sincerely,
Public Information Office / Central Records

Subject: IAIL Medical Board & Pharmacy Board Complaint # 201944146

Hello, I am in receipt of your letter of 10/11/2019.

The sheriff has ordered the medical staff to not supply various medications that are medically appropriate and necessary for patients. Thus, loyalty to the sheriff and his rules has trumped the medical staff's proper handling of the cases and limitations of FDA approved medications that can be prescribed to patients lodged at the sheriff's facilities pursuant to policies and procedures mandated by the sheriff. A potential case of unauthorized practice of medicine by the sheriff via his control over the doctors and medical staff working for him in Fort Myers. I consider the handling of my medical records request beginning with in-person visits on 9/24/2019 obstruction of justice related to the medical and pharmacy boards potential investigation into medical care at the Lee jails.

Allowing a sheriff to determine what medications can be prescribed by tying the hands of licensed medical professionals is corrupt. Solitary confinement without inquiring into the medical situation is a violation of medical ethics and norms. Withholding access to a physician for 5-7 days after blindly prescribing incorrect and outright toxic medications is a violation of medical ethics and professional guidelines. All persons lodged at these jails should have an immediate consultation with a physician to establish a proper patient - physician relationship, prior to prescribing, to save lives and maintain health.

The sheriff's office wrote as follows (see below) concerning (1) my attempt to obtain my medical records followed by (2) his classification of my 2nd request as a duplicate and finally (3) my request via the muckrock.com website which remains pending. I ask that you expedite this matter to avoid further medical harm to persons lodged in the Lee jails whereby doctors are prohibited from freely and without interference allowed to engage in the practice of medicine pursuant to their training and experience free of interference from the sheriff or his policies and procedures. -- scott huminski

RE: Media Request of October 07, 2019. Reference# M038403-100719
Dear SCOTT HUMINSKI:

Lee County Sheriff's Office received a public records request from you on October 07, 2019. You requested the following:

My medical records held by the LSCO related to my jailing in February/March of 2019.

see Medical and Pharmacy Board complaints that await this information.

https://www.muckrock.com/foi/lee-county-36/lee-sheriff-records-request-81140/

This request has been completed. There is no service fee.

The records have been released to our online Public Records Center. You can log into the system and download your responsive records.

Thank you.

Sincerely,

Tony Schall
Public Information Request Supervisor
Central Records

To monitor the progress or update this request please log into the Public Records Center

***Important for Jail Video**: Jail video is proprietary and you **MUST** install the Ocularis Video Viewer to view the video file responsive you your request. You may download the viewer through the following link: Ocularis Viewer*

Subject: Re: Medical Board & Pharmacy Board Complaint - supplement

Attached please find a form I just received. Apparently there is a company involved in this somehow. Correctional Medical Group Companies. I don't know if they were my medical provider or the sheriff's department.

I note that the personnel who dispensed the medications daily had no name tags and did not identify themselves as employees or subcontractors of any company. -- scott huminski

AMERICAN OVERSIGHT

In The

Florida Board of Medicine / Florida Board of Pharmacy

Lee County, SS.

SCOTT HUMINSKI, COMPLAINANT	)
	)
Respondents,	)
MEDICAL PROVIDER/EMPLOYER,	)
LEE COUNTY SHERIFF'S OFFICE	)
JANE/JOHN DOES, M.D.	)

Complaint / Affidavit of Scott Huminski

NOW COMES, Scott Huminski ("Huminski"), and, under oath, hereby states, swears, complains and deposes as follows,

1) Twenty two years ago Huminski was prescribed Toprol ER for blood pressure and alprazolam for anxiety. Huminski has been on these medications to the present except when he was under the medical care of the Lee County Sheriff's Office ("LCSO") and their medical staff.
2) Prior to being placed on Toprol ER, Huminski tried diuretics and had severe side effects including Red Man Syndrome.
3) Huminski was arrested and lodged at the LCSO jails for 20 days in February and March of 2019 for failing to pay a fine for contempt of court.

AMERICAN OVERSIGHT

4) Upon arrest, Huminski was brought to jail and immediately put in solitary confinement without regard for his medical needs. After 8 hours in solitary, Huminski was interviewed by LCSO staff and Huminski supplied a list of his medications including alprazolam, Toprol ER and Lovaza..

5) LCSO chose to discontinue Huminski's medications without notifying him, without consent and without an interview/consultation by a physician.

6) Huminski had no contact with a Doctor until 5-7 days into his lodging with the LCSO, yet, all his medications were changed without seeing a doctor and without an inquiry into Huminski's medical history.

7) In the past Huminski had tried to substitute Metoprolol Succinate (Toprol ER), with Metoprolol Tartrate (Lopressor), a much more affordable medicine. Huminski found the Lopressor not effective and his private doctor advised the long-acting Toprol ER was superior.

8) Throughout his care under the LCSO and their Medical Doctor, Huminski's blood pressure soared for weeks until he finally was supplied Toprol ER. Huminski gets anxiety symptoms and an uncomfortable feeling in his chest when his blood pressure soars, which is what happened with the LCSO handling his health care.

9) For the first week of lodging with the LCSO, Huminski was given medications in a small dixie cup which Huminski presumed included medications he had been taking for the last 22 years and he was not

AMERICAN OVERSIGHT

informed that his medications had been stopped and/or modified without his consent or knowledge.

10) Along with soaring blood pressure, Huminski began experiencing symptoms of Red Man Syndrome over his entire body and eventually all his skin peeled off in a manner similar to sunburn.

11) Huminski, suspecting he was given medications that were ineffective or outright toxic to him, began to ask the nurse what the medications were and as it turns out he was told one medication was a "water pill" which Huminski still does not know the specific medication although he knows not to take this family of medicines from past experience and, similarly Huminski knew he had to take Toprol ER not Lopressor for his high blood pressure. Because of a refusal of the medical staff to inform patients of medication changes, potentially deadly results may occur at LCSO facilities.

12) Huminski began refusing the medication that had proven toxic to him in the past, but, knowing of this toxicity, the LCSO kept trying to dispense to him doses of the toxin.

13) Huminski believes the secrecy of the LCSO medical staff in not advising him that his medications were being withheld and that he was getting new medicines caused his soaring blood pressures and Red Man Syndrome. If a new medication plan was suggested to Huminski, he would have advised his physician of the problems with the new medications that he knew from past experiences.

AMERICAN OVERSIGHT

FL-DOH-20-1077-A000829

14) When Huminski saw a female physician at 5-7 days at the LCSO facility, he was prescribed a corticosteroid to relieve his Red Man symptoms although the diuretics were still provided to him which he had to continue to refuse. This is after he told the physician of his history with these medications.

15) Huminski believes no prescribing changes should be made without a doctor's consultation and a medical history taken to avoid side effects or allergies with medicines secretly provided to individuals. Even consultation by telephone with a physician would have eliminated these medical errors and provided the necessary medical history.

16) Huminski does not know the identity of the doctor(s) involved in his medical situation with the LCSO and his direct oral request for his records from the LCSO M.D. was refused.

17) On 9/24/19 Huminski attempted to get his medical records from the LCSO by visiting two LCSO locations without success.

18) Huminski has filed a freedom of information request to the LCSO to obtain his medical records and he is awaiting a response. See link, https://www.muckrock.com/foi/lee-county-36/lee-sheriff-records-request-81140/

19) Both the pharmacists and doctors involved with the LCSO know that new residents with LCSO do not get any consultation with a M.D. prior to initial prescribing of medicines or discontinuing medicines.

20) Although Huminski may or may not have had symptoms related to the sudden stopping of alprazolam, its clear from just looking at the

20) Although Huminski may or may not have had symptoms related to the sudden stopping of alprazolam, its clear from just looking at the

AMERICAN OVERSIGHT

prescribing information that this is not a safe practice. It also is not safe to experiment with a patient's blood pressure medication without first seeing the patient.

21) The LCSO physicians and pharmacist employees failed to "Do No Harm", by design of the system they work within.

22) Huminski waives all HIPAA rights related to his medical records held by the LCSO and these records may be made public to further transparency related to this rogue medical provider.

Dated at Bonita Springs, Florida this 7th day of October, 2019.

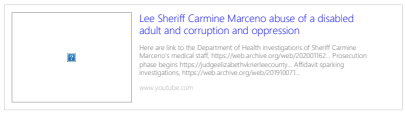
Subject: Request for ADA advocate or victim's advocate re: pending DOH investigations & filings

Date: Thursday, March 5, 2020 9:45:11 AM

Attachments: [redacted]

If allowed, I would like to request appointment of an ADA advocate or victim's advocate regarding the DOH matters pending concerning the medical staff of the Lee Sheriff. As always, all expression from myself is core protected political expression afforded the highest level of protection under the First Amendment.

Here are my recent filings in the 2 DCA that may be of relevance to the DOH investigations.



The entire matter that led up to the DOH issues and associated crimes against me perpetrated by the sheriff was an unlawful and unconstitutional sham. See filings,

https://edca.2dca.org/DcaDocs/2020/0650/2020-650_Motion_405264_MO45202D20Motion20for20Appointment20of20Counsel.pdf

https://judgeelizabethkrierleecountyflcorruption.files.wordpress.com/2017/08/motion-to-refer-contempt-to-fl-sup-ct-merged.pdf

Below is music I recently released concerning the crime and corruption experienced in Lee County, more selections are on youtube under, my band, Scott X and the Constitution Commandos. I rely heavily upon the First Amendment to hopefully end the official corruption and crime in Lee County.

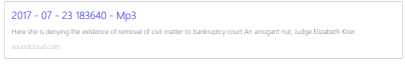
Subject: 2 attorneys attempt to undermine the ADA accommodation plans of a medical provider

Unfortunately one is my appellate attorney the other is an Assistant Attorney General.

Please consider this as a complaint regarding unauthorized practice of medicine by
Judge James Adams and possibly these 2 attorneys.



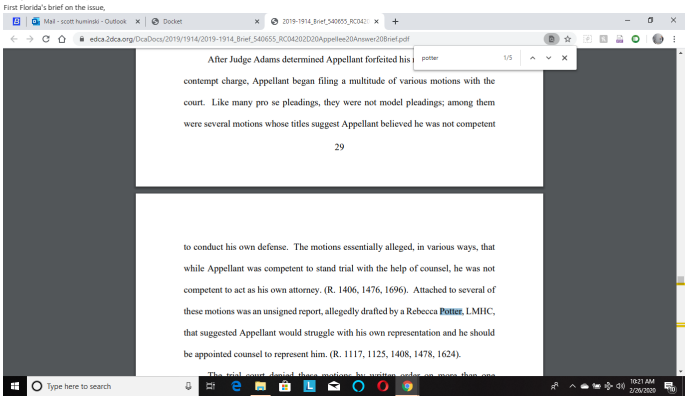
This conduct borders on the unauthorized practice of medicine and these two attorneys provide content that can only be provided by a medical expert in a court proceeding.

They try to undermine the ADA treatment plan to allow the various officials involved in this matter to continue to refuse ADA accommodations to the disabled. The purpose of the the lies of these 2 attorneys is to get a Court to negate or declare the ADA plan as forgery or a fraud. They are trying to create case law to prejudice the disabled in FLorida and/or trying to get an appellate court to disregard the ADA plan.

Rebecca Potter is the LMHC who authored the ADA accommodations plan, I was her patient and she also served as my ADA advocate. Also detailed is the conduct of Judge Adams acting as a medical expert in the case and trumping the genuine and legitimate findings and recommendations of a licensed medical professional who was trained by Doctor Karin Huffer who original set fort a subset of PTSD, Legal Abuse Syndrome, Ms. Huffer also treated me and has written a book on the topic. I have very servere PTSD/LAS.
https://en.wikipedia.org/wiki/Karin_Huffer

A non-medical legal issue is that Judge Adams engaged in an early sentencing phase prior to trial forbidden by the federal constitution, the judge can not address sentencing without the facts introduced at trial.

One thing to note is that Judge Krier who presided early in the case advocated a medical inquiry into my competency. Judge Adams without jurisdiction to do so over-ruled this important statement of Judge Krier.
https://soundcloud.com/nelsonaudio/2017-07-23-183640-mp3



Here is the poorly written brief of my so-called lying appellate attorney.
https://edca.2dca.org/DcaDocs/2019/1914/2019-1914_Brief_535422_RC03202D20Initial20Appellant20Brief20on20Merits.pdf
