Sent via e-mail: foia@americanoversight.org

Dear Austin Evers:

This letter responds to your Freedom of Information Act/Privacy Act (FOIA/PA) request dated June 25, 2020, addressed to the Drug Enforcement Administration (DEA), FOIA/PA Unit, seeking access to information regarding the above subject.

After reviewing your request, we conducted a search for responsive records pertaining to the above subject. To search for responsive records, we queried the DEA Operations Division, Washington Division, and the Office of Chief Counsel. As a result of our query, we were able to identify records pertaining to the subject of your request.

Responsive records identified during the processing of your request will be released to you. The portions withheld are exempt from disclosure pursuant to subsections of the FOIA, 5 U.S.C. § 552, as referenced at the end of this letter. An additional enclosure with this letter explains these exemptions in more detail. Please be advised that for each of the exemptions cited, it is reasonably foreseeable that disclosure of the information withheld would harm the interests protected by these exemptions.

Because this office is not assessing fees in connection with the processing of your request, there is no need for us to consider your request for a waiver of fees.

The rules and regulations of the DEA applicable to FOIA/PA requests are contained in the Code of Federal Regulations, Title 28, Part 16, as amended. They are published in the Federal Register available to the public (see <https://www.ecfr.gov/current/title-28/chapter-I/part-16>).

For your information, Congress excluded three discrete categories of law enforcement and national security records from the requirements of the FOIA. *See* 5 U.S.C. § 552(c). This response is limited to those records that are subject to the requirements of the FOIA. This is a standard notification that is given to all our requesters and should not be taken as an indication that excluded records do, or do not, exist.

You may contact our FOIA Public Liaison at (571) 776-2300 for any further assistance and to discuss any aspect of your request. Additionally, you may contact the Office of Government Information Services (OGIS) at the National Archives and Records Administration to inquire about the FOIA mediation services they offer. The contact information for OGIS is as follows: Office of Government Information Services, National Archives and Records Administration, Room 2510, 8601 Adelphi Road, College Park, Maryland 20740-6001; e-mail at ogis@nara.gov; telephone at (202) 741-5770; toll free at 1-877-684-6448; or facsimile at (202) 741-5769.

If you are not satisfied with DEA's determination in response to this request, you may administratively appeal by writing to the Director, Office of Information Policy (OIP), United States Department of Justice, 441 G Street, NW, 6th Floor, Washington, D.C. 20530, or you may submit an appeal through OIP's FOIA STAR portal by creating an account following the instructions on OIP's website: <https://www.justice.gov/oip/submit-and-track-request-or-appeal>. Your appeal must be postmarked or electronically transmitted within 90 days of the date of my response to your request. If you submit your appeal by mail, both the letter and the envelope should be clearly marked "Freedom of Information Act Appeal."

If you have any questions regarding this letter, you may contact our Requester Service Center at (571) 776-2300.

Subject: Arrive at the WDO at 12:45PM; and op plan for June 2, 2020

All

Attached is the draft op plan for tomorrow. As Team Leaders and Back-Up Team Leaders, review the attached op plan and please take the following action ASAP:

- Contact your teams and have them meet in front of the WDO building at **12:45 PM tomorrow**. Sharp. Your teams should stage in front of the building in their OGVs, while you – as Team Leaders and Back-Up Team Leaders – come to the **12:45PM** briefing in the ASAC conference room on the fifth floor; we must be at our post by 2PM, so we need to start the briefing NLT **12:45PM** to allow travel time to the posts and your own briefing with your teams.
- While reviewing the assignments, let me know of any issues/errors. Due to the doubling of our personnel, some of the teams from Sunday/Monday were combined with each other, and you therefore may have a new post.

Any questions, let me know. And thanks for all of the help.

I will be seeking authority to provide Special Agents to intervene as Federal law enforcement officers to protect both participants and spectators in the protests and if necessary, engage in investigative and enforcement activity including, but not limited to, conducting interviews, conducting searches, and making arrests for violations of Federal law. This means that the agents can make arrests based upon probable cause for federal felony crimes and make arrests without warrants for any offense for any offense against United States committed in their presence. While performing these duties, the agents can provide assistance to someone who has suffered or is being threatened with bodily harm and to take action to prevent the escape of someone who commits a crime of violence (use of force against person or property). DEA is unable to provide Special Agents for a traffic detail.

Request for assistance by Bristol Police Department, Bristol, Virginia

On June 4, 2020, I was contacted by Chief John Austin of the Bristol Police Department in Bristol, Virginia. The City of Bristol has experienced a severe lack of revenue and has had to make substantial budget cuts. The Bristol Police Department and Bristol Fire Department have taken a 15% budget cut and are expected to lay-off/furlough police officers and fire fighters. The fire department has dismissed approximately 8 fire fighters; and, although the police chief has been able to avoid lay-offs to date, several police officers have already left the department for other jobs, and additional police officers have been placed on notice to expect furlough/lay-off. The police department was considered undermanned prior to the city's revenue loss and is now severely short-staffed.

(b)(7)(E)

On Saturday, June 6, organized protests are expected to occur at several locations throughout the city and surrounding areas in Washington County, Virginia.

Chief Austin has requested the assistance of DEA with potential prevention and response during these planned events. Specifically, he has requested any possible assistance from DEA for the period beginning the morning of June 6, 2020, to the morning of June 7, 2020. Similar requests have been made to other law enforcement agencies, both state and federal.

(b)(5)

The Bristol Police Department and the DEA have enjoyed a great partnership. In fact, with all his existing demands for personnel, he has permitted one of his officers to remain as a full-time task force officer in the DEA Bristol Post of Duty and he has demonstrated his consistent support for DEA.

Intelligence has indicated the possibility of protest and counter-protests, both planned and unplanned in Bristol, Virginia, and surrounding areas. We are requesting any assistance possible with the protest and demonstrations on June 6, 2020 morning hours into early morning hours of June 7, 2020. Specifically, personnel will assist with the investigation and prevention of acts of violence and destruction, and protect participants and spectators during protests as federal officers. DEA personnel will be accompanied by officers of the Bristol Virginia Police Department. I am aware the DEA being federal officers and cannot directly enforce state laws. Thank you for any help you can give us.

Subject: Arrive at your assigned post NLT 1:30PM; and op plan for Friday June 5, 2020

Attachments: WDO Op Plan 6-5-20.docx, Modified Traffic Box Detail manual updated 060420.docx

All

Attached is the draft op plan for tomorrow. As Team Leaders, review the attached op plan and please take the following action:

- Contact your team members as soon as possible and have them arrive at their assigned posts **NLT 1:30PM, Friday June 5, 2020**. Most teams and posts will be covered by the same personnel that worked on Wednesday night into Thursday morning. However, due to some shifts in personnel, a few changes have been made so please make note of those changes. Also, while reviewing your team's assignment and posts, let me know of any issues/errors.
- Since Team Leaders have already participated in operational briefings at the WDO this week, it is not necessary to brief again at the WDO. I will come around to each post and meet with the TLs. Report directly to your assigned posts and conduct a briefing with your team **NLT 1:30M**. During this debriefing, remind your team members of the operation's threat assessment, contingencies and other safety considerations. Also, remind your team of the authority under which we will be conducting this operation (see summary below). [REDACTED]

Subject: DOJ Data Call

All,

We received a request from DOJ to provide information on our available special agents for potential deployment in several cities. This request asked for the number of agents who could provide security for DEA/government facilities and the number available to serve as evidence collectors .

What we need from you is an answer to the following questions as they apply to the cities listed below:

- The number of SRT agents you have available to deploy for potential support. If they would be traveling from another city, identify the number of agents who would be required to travel

- The number of agents you have available for security in DEA/government offices
- The number of agents you have available for evidence collection/surveillance
- Notification if the DEA office in the city is colocated with other government agencies

-Washington, DC
- Minneapolis
- Milwaukee
- Chicago
- Los Angeles
- Oakland
- San Francisco
- New York
- Atlanta

DOJ has asked for this as quickly as possible so please confirm your receipt of the email and let me know how long it will take for you to pull this together.

Thank you,

Chris

As mentioned, at the request of the MPD, DEA Washington Division (WDO) personnel assisted with DC area protests in the vicinity of NW DC. The assistance included [REDACTED] DEA teams ([REDACTED] teams with [REDACTED] SAs, and [REDACTED] teams with [REDACTED] SAs...and each team was headed by a GS-14)), as well as SRT members (approximately [REDACTED] SA SRT members, I believe). The total number of WDO personnel who assisted was approximately [REDACTED] SAs (though ASAC [REDACTED] can confirm).

WDO personnel commenced the assistance at approximately 6PM, which began with a briefing in the WDO training room, and which included remarks from A/A Shea, who was present at the WDO. Prior to this briefing/operation, A/A Shea had requested and received approval for temporary designation of non-Title 21 law enforcement authority from the DAG.

Following the briefing, the DEA teams (in their OGVs) reported to MPD Freedom Plaza (1455 Pennsylvania Ave) to get assignments, which included teaming-up with MPD officers at various intersections, and then went to their assigned posts within NW DC. Meanwhile, SRT members maintained a roving presence and responded to the various DEA locations when/if needed.

The operation ended at approximately 2:30AM. By the conclusion of the operation, no significance incidents had occurred to WDO personnel (of course, there was violence in other parts of DC). All WDO personnel were safe and all property (OGVs) remained intact and free of damage.

Moving forward, DEA and the WDO will continue to assist through Wednesday or possibly longer. However, the tours will commence at 2PM (starting tonight) and will be supplemented with personnel from the DC National Guard.

The teams that worked last night/early this morning will report to DC on Tuesday at 2PM. Meanwhile, today at 2PM, SAs from SOD and possibly ST (along with SRT WDO) will report to DC at 2PM to assist.

I am CC'ing [REDACTED] and Jesse who may have more info to add.

Group Status

All,

Hope everyone is doing well in spite of ongoing circumstances going on in our area, and nationwide. The agents in the group will continue to assist MPD thru the weekend in DC, as there is a large march/protest scheduled for Saturday. We should know by Sunday, if it will continue next week, and whether they will require continued assistance from DEA. I understand [redacted] will be working this weekend as well. Let's plan to continue with normal airport interdictions next Tuesday unless continued protests dictate different.

Also, timesheets are due - please complete by COB Monday. As always, please feel free to give me a call if you need anything.

OC,

FYI we finished the night at about 3:00 am with all DEA personnel accounted for with no injuries. We were used to the extent of maintaining traffic post at key locations in Northwest DC along with some MPD units and then just after midnight the National Guards arrived with their mechanized trucks. There was a rock thrown at one of our OGV which caused a minor scratch at a traffic post near the Capital One arena. MPD Lt [REDACTED] advised the directive he's been given is to further request DEA's support for today Monday at 2:00 pm, Tuesday and Wednesday with the possibility of extending for a week. At this time ASACs [REDACTED] are coordinating with personnel for scheduled assignments for [REDACTED] Special Agents. I'm awaiting additional logistical information from MPD which I can report in the morning thanks.

Hi Chris.

(b)(7)(E)

Hope all is well and you are safe and healthy.

Like almost everyone, we had rioting everywhere last night. I activated our duty group to ensure our buildings remained safe [redacted] We were unscathed, however our local partners weren't as lucky.

We have a request brewing and I thought I should give you a heads up. Scottsdale had some significant rioting and looting last night at the mall and surrounding areas.

Many of the targets have been identified and we are researching Title 21 violators. They are requesting air support for surveillance as many of our local air teams are working a HUGE fire we have north of Phoenix and/or working the local threats in their area. I have been coordinating with our Airwing and they are available and ready.

If we find Title 21 violations, we will proceed on our authority. If we are being requested for other state violations, I will let you know.

All,

We received a request from DOJ to provide information on our available special agents for potential deployment in several cities. This request asked for the number of

agents who could provide security for DEA/government facilities and the number available to serve as evidence collectors .

What we need from you is an answer to the following questions as they apply to the cities listed below:

- The number of SRT agents you have available to deploy for potential support. If they would be traveling from another city, identify the number of agents who would be required to travel
- The number of agents you have available for security in DEA/government offices
- The number of agents you have available for evidence collection/surveillance
- Notification if the DEA office in the city is collocated with other government agencies

-Washington, DC
- Minneapolis
- Milwaukee
- Chicago
- Los Angeles
- Oakland
- San Francisco
- New York
- Atlanta

DOJ has asked for this as quickly as possible so please confirm your receipt of the email and let me know how long it will take for you to pull this together.
