EXTERNAL SENDER

Mariuxi,

We have completed your open records request. There is a single PDF document for your review and we are sharing it with you via our secure file sharing system called Kiteworks. You should have received an email to the following address: records@americanoversight.org with a link and instructions on how to create an account and access the file.

Since the first fifteen minutes are free, there is no charge. This completes your request.

Cc: Erica N. Peterson <Erica.N.Peterson@wvago.gov>; servicedesk <servicedesk@wvago.gov>

We have two options that are mutually exclusive:

1. Our preferred option is an IP to IP telepresence conference using our Cisco SX20 VC system at NAT?d IP 129.71.206.97 at 768k. We would need your team?s VC/Bridge Public IP so that we can enable a firewall exception.
2. If you do not have a compatible telepresence system, we would have to use GoToMeeting for video and audio. This is less desirable due to quality and convenience.

Please let me know what you can do. I would like to begin testing audio and video first thing today or tomorrow morning.

I am contacting you to coordinate a video conference scheduled for Thursday. What do we need to have on our end to connect with you?

Britt,

Your tech people should email servicedesk@wvago.gov, and they'll be able to coordinate a video conference for Thursday morning. I've let our team know to expect the email.

Best,
Erica

Subject: video moot

Aracelis, I am hoping to be able to do a video moot with some colleagues from West Virginia on Thursday morning. Is this something that you can help me to arrange? I would greatly appreciate it.

Best,
Britt
