Gentlemen,

Our AREA Media Relations Coordinator is flying in tomorrow and we are coming to Salem to be closer to the both of you to do the event Thursday.

I will have an update tomorrow but it looks like 10am at the West Salem Station on Thursday. I left Steve Trout a voicemail as he is out until Thursday but I said I would give him a heads up in a call so he would be in the loop.

This e-mail is internal but I consider you guys internal to me.

### **USPS is Ready to Deliver the Vote**

*Opportunity to see mail delivery operations, speak to postal and state election leadership*

**WHAT:** Oregon is a pioneer in vote-by-mail and has a proven election process that uses the Postal Service to both send and receive ballots.

This opportunity will show your viewers and readers these facts:

- Ø The Postal Service is working hard to deliver Election Mail across the nation.
- Ø Our number one priority between now and the November election is the secure and timely delivery of Election Mail.
- Ø We are working with our local election officials to make sure every ballot reaches its intended destination.
- Ø Every voter should be aware of deadlines, especially if they choose to return their ballot by mail

The visual will include a letter carrier loading their vehicle and prepping their mail for delivery. This is the same process they will use next week when ballots begin to appear in Oregon mailboxes.

A wildfire burning in the area has closed sections of Highways 18 and 101 and prompted an evacuation order for the northern portion of Lincoln City.

Lincoln County officials announced a level 3 - Go Now - evacuation order for all residents north of NW 40th and east of East Devils Lake Road.

An evacuation point has been established at Oregon Coast Community College, 400 SE College Way in South Beach.

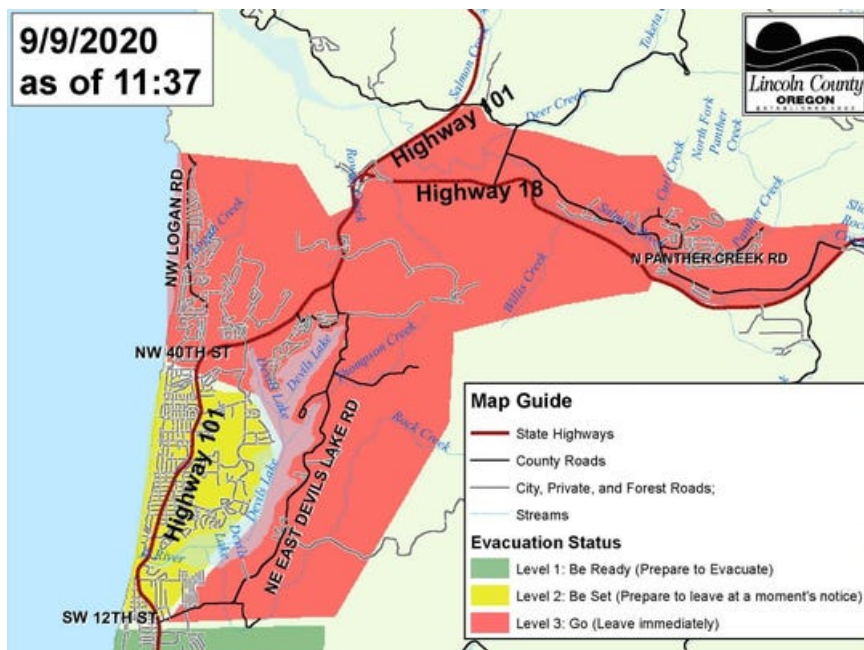

Crews are staging buses at the Safeway, 4101 NW Logan Ro, and Lincoln City Community Center, 2150 NE Oar Place, for people needing transport to the evacuation point.

Highway 101 is currently closed between mileposts 104 and 120 while residents evacuate. Highway 18 remains closed from 101 to six miles east of Otis

A level 2 - Get Set - evacuation warning was also issued for areas south of NW 40th to SW 12th Street.

**A hotline has been established for more information at 541-265-0621.**

Displaced residents can register as safe or check on others who registered as safe using the [American Red Cross Safe and Well registry](#).

**Subject:** FW: National Mailing on Voting by Mail Delivery Plan & Sample Piece

I had this e-mail ready to go yesterday as we received the notification below yesterday 09/10 and Portland mail had already dropped 09/09. I sent an e-mail to HQ yesterday saying I didn't see a Medford SCF Drop and was wondering if it was mixed in with the Portland Drop or if it was coming in a Northern California drop and don't have a reply this morning. Below is the piece count that we see for Portland and Eugene. Eugene dropped yesterday afternoon as I notified the Eugene Plant Manager so he knew it was coming.

| Entry Point  | Dest City | Dest State | Appt Date | Appt Time | Confirmation # | Actual Delivery | Pieces    | Weight | Pallets |
|--------------|-----------|------------|-----------|-----------|----------------|-----------------|-----------|--------|---------|
| SCF PORTLAND | PORTLAND  | OR         | 9/9/2020  | 8AM       | 125987179      | 9/9/2020        | 1,626,440 | 27,584 | 19      |

**Good Morning:**

HQ is doing a National Mailing to Postal Customers on voting by mail. Attached is the Delivery Plan and below is a sample of the piece. While these pieces have started entering processing facilities and some may start being delivered already – the desired In-Home date is between September 12 – 14.

This mailing must be run on automation equipment since it is tied to an Informed Delivery Campaign that includes a ride-along image for all Informed Delivery users.

## Dear Postal Customer,

If you vote by mail, we're committed to providing you a secure, effective way to deliver your ballot. Use this checklist to prepare:

- ☐ Start today. Give yourself and your election officials ample time to complete the process.
- ☐ Rules and dates vary by state, so contact your election board to confirm. Find links at [usps.com/votinginfo](https://usps.com/votinginfo).
- ☐ Request your mail-in ballot (often called "absentee" ballot) at least 15 days before Election Day.
- ☐ Once received, follow the instructions. Add postage to the return envelope if needed.
- ☐ We recommend you mail your ballot at least 7 days before Election Day.

We're ready to deliver for you. Make sure you're ready, too.

Steve,

So glad to speak with you today. I am sending you the invite for the meeting today but there is no pressure to attend as Michelle has it covered. The information we will be covering is just going to demonstrate how well prepared Oregon is compared to the rest of the Nation with Vote by Mail.

The State of Oregon and the Portland District have more experience than anyone and there is not a doubt in my mind that we will be successful in November.

**Subject:** FW: Portland District: Updated Wildfire Office Impact List - 9/11/2020 @1325 hours

**Attachment(s):** "Wildfire Offices.xlsx"

All,

Here is the most recent info I have on the USPS Facilities Impacted by Wild Fires. Use and share as needed. You all have done an awesome job of using the info and not putting it out there where you are getting it other than saying your Postal Liaison.. Works for me.

Since we don't have a picture of the building in Vida OR being burned to the ground, or not, we have changed the reporting to reflect "Total Loss Reported – Not Confirmed".

Gaston has been lowered to a Level 0 fire concern and will be taken off the list after today.

Mt Angel OR is now on the list as a Level 2.

No other changes have been reported as of this time.

There will **NOT** be a touchpoint telecom this afternoon, or tomorrow. We will be moving forward beyond today with a MPOOà District Manager and MOPS communication for any upgrades or downgrades of fire levels, COOPing, etc., and then I will share those changes back to everyone via this email string.

If anyone has anything to share with me related to these wildfires, please do via email if it is **general information**. If it is **important information**, send me an email with that information and then send me a text telling me to look for your email. If it is **URGENT information**, call me directly at 503-816-4416.

I appreciate everyone's efforts!! We are just going to reduce telecoms surrounding this, only scheduling them when necessary to get urgent information back out to everyone immediately.

Here is today's current data. I will send updates when they are reported to me.

Manager, Operation Programs Support

Updated info on Wildfires to share as needed.

GREAT NEWS!! The Vida OR Post Office has been confirmed to have **NOT** burned down, per the USPIS!

Aumsville OR has been downgraded to Level 1.

**Subject:** FW: Portland District: Updated Wildfire Office Impact List - 9/11/2020 @1325 hours

All,

Here is the most recent info I have on the USPS Facilities Impacted by Wild Fires. Use and share as needed. You all have done an awesome job of using the info and not putting it out there where you are getting it other than saying your Postal Liaison.. Works for me.

Since we don't have a picture of the building in Vida OR being burned to the ground, or not, we have changed the reporting to reflect "Total Loss Reported – Not Confirmed".

Gaston has been lowered to a **Level 3** fire concern and will be taken off the list after today.

Mt Angel OR is now on the list as a **Level 2**.

No other changes have been reported as of this time.

There will **NOT** be a touchpoint telecom this afternoon, or tomorrow. We will be moving forward beyond today with a MPOOà District Manager and MOPS communication for any upgrades or downgrades of fire levels, COOPing, etc., and then I will share those changes back to everyone via this email string.

If anyone has anything to share with me related to these wildfires, please do via **email if it is general information**. If it is **important information, send me an email with that information and then send me a text** telling me to look for your email. If it is **URGENT information, call me directly at 503-816-4416**.

I appreciate everyone's efforts!! We are just going to reduce telecoms surrounding this, only scheduling them when necessary to get urgent information back out to everyone immediately.

Here is today's current data. I will send updates when they are reported to me.

All,

Updating everyone with the info I received about a half hour ago. Spreadsheet as well. You all know the drill. You can tell anyone who asks and can say it came directly from the USPS but just give my name and info if someone wants to follow up.

I just received a flurry of updates, so here they are for you -

First of all, though, I don't see that my last email for last night got off my computer, so just notifying you that **Newberg OR 97132 also graduated of this list yesterday** due to having ZERO fire level concerns. They are now off the list.

**Phoenix OR has been de-escalated to Level 2 from Level 3 and given clearance from the local authorities to reoccupy their facility tomorrow.** Due to excessive mail volumes for the Phoenix and Talent offices individually we are going to keep the normally DUOed carrier operations in their respective offices right now, and then join them back in Phoenix when we have customer mail volumes back to more easily managed levels. Please ensure that reports and actions are put into place that will have all mail arriving at the Phoenix OR Post Office starting tomorrow morning.

**Estacada OR has also been de-escalated to Level 2 from Level 3 and given clearance from the local authorities to reoccupy their facility,** which they will do tomorrow. They are starting to move volumes back to the office currently and **will need Transportation's assistance in getting all COOPed mail volumes moved back into the Estacada OR office today** if possible. Please ensure that reports and actions are put into place that will have all mail arriving at the Estacada OR Post Office starting tomorrow morning.

**Lyons OR has just been de-escalated to Level 2 from Level 3, and will be operating out of their office tomorrow.** **They also need Transportations assistance in getting all Lyons volumes moved from Salem MOU to the Lyons Post Office.** Please ensure that reports and actions are put into place that will have all mail arriving at the Lyons OR Post Office starting tomorrow morning.

**Colton OR has just been confirmed to be de-escalated from Level 3 to Level 2, and will be operating out of their own office starting tomorrow.** They will be able to move their own volumes over to the Colton office from Molalla. Please ensure that reports and actions are put into place that will have all mail arriving at the Colton OR Post Office starting tomorrow morning.

All,

Updating everyone with the info I received about a half hour ago. Spreadsheet as well. You all know the drill. You can tell anyone who asks and can say it came directly from the USPS but just give my name and info if someone wants to follow up.

I just received a flurry of updates, so here they are for you -

First of all, though, I don't see that my last email for last night got off my computer, so just notifying you that **Newberg OR 97132 also graduated of this list yesterday** due to having ZERO fire level concerns. They are now off the list.

**Phoenix OR has been de-escalated to Level 2 from Level 3 and given clearance from the local authorities to reoccupy their facility tomorrow** Due to excessive mail volumes for the Phoenix and Talent offices individually we are going to keep the normally DUOed carrier operations in their respective offices right now, and then join them back in Phoenix when we have customer mail volumes back to more easily managed levels. Please ensure that reports and actions are put into place that will have all mail arriving at the Phoenix OR Post Office starting tomorrow morning.

**Estacada OR has also been de-escalated to Level 2 from Level 3 and given clearance from the local authorities to reoccupy their facility**, which they will do tomorrow. They are starting to move volumes back to the office currently and **will need Transportation's assistance in getting all COOPed mail volumes moved back into the Estacada OR office today** if possible. Please ensure that reports and actions are put into place that will have all mail arriving at the Estacada OR Post Office starting tomorrow morning.

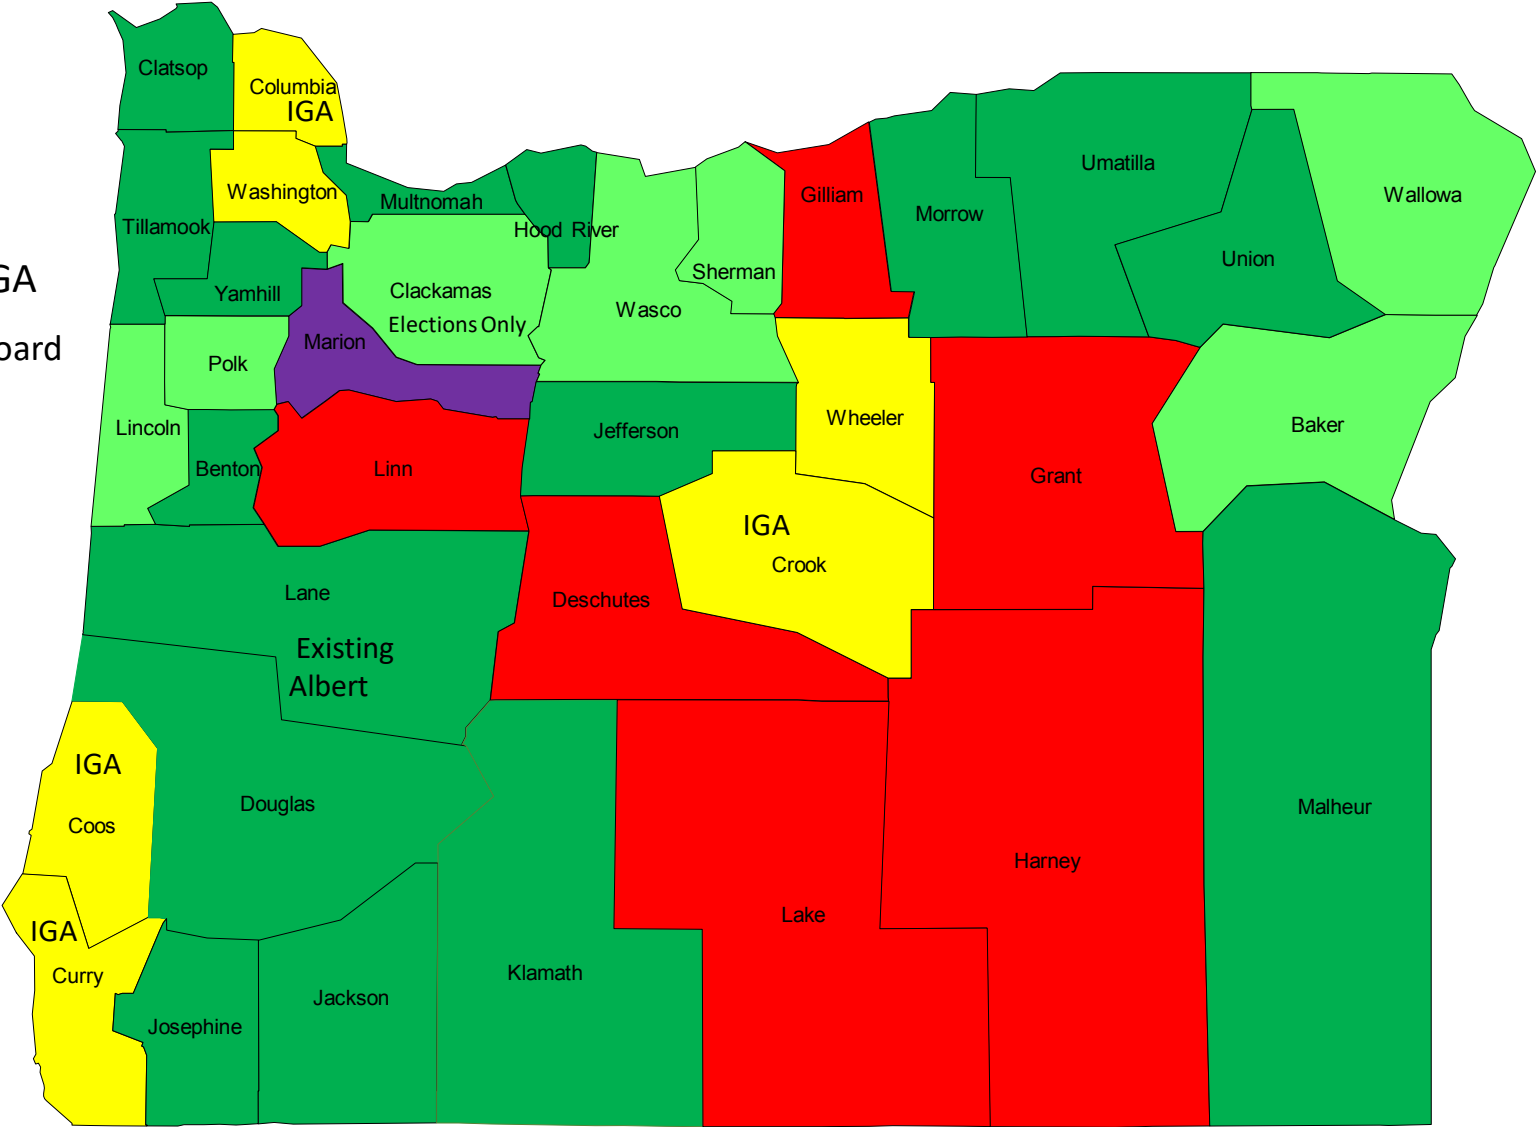

**Lyons OR has just been de-escalated to Level 2 from Level 3, and will be operating out of their office tomorrow.** **They also need Transportation's assistance in getting all Lyons volumes moved from Salem MOU to the Lyons Post Office.** Please ensure that reports and actions are put into place that will have all mail arriving at the Lyons OR Post Office starting tomorrow morning.

**Colton OR has just been confirmed to be de-escalated from Level 3 to Level 2, and will be operating out of their own office starting tomorrow** They will be able to move their own volumes over to the Colton office from Molalla. Please ensure that reports and actions are put into place that will have all mail arriving at the Colton OR Post Office starting tomorrow morning.

**Subject:** FW: Portland District: Updated Wildfire Office Impact List

Information you can share with all the Counties.

Wildfire Updates on Oregon Offices. Below the spreadsheet is what the USPS put out on Retail Units that is public knowledge.

Updates to note –

The Bay City 97107 CPU has been reduced back down to a Level 1 rating. **Not being COOPed into Tillamook.**

Estacada and Eagle Creek both have been catapulted up to Level 3 evacuation, and have both been COOPed into Boring OR. Need transportation changed to reflect this tomorrow morning.

Walterville, which both Vida and Blue River were going to be COOPed into, is now also at Level 3 evacuation. All three offices are now going to be COOPed into the Springfield Annex.

More information to come if more changes are shared.

No problem. All Counties in Oregon are testing the new HQ IMBa BRM process where the return Ballots are auto-charged Postage when they run thru our processing machines. Once we get thru all the testing and they do their Internal Sarbanes Oxley Audit on it and make sure there are no issues, the USPS will be able to roll it out to ALL BRM Customers nationwide. Right now, Customers using BRM Mail have to wait for their BRM Clerk to count and weigh each piece and deduct postage before they get them. Once we prove this new technology where our machines can weigh and deduct postage will work, everyone will be able to get their BRM Mail as soon as it shows up at their Delivery Unit. You guys are the only ones in the Country testing this and once its approved, it will change BRM forever.... Companies like Nike and Columbia Sportswear that use BRM, will get their mail earlier and be able to look at the specifics of their daily charges online without having to contact anyone at their Delivery Unit.

Hi Danny,

I wanted to check in on an update you provided. You reported up your chain that "Oregon leads the nation with Vote by Mail and are using the latest USPS technology to streamline the process."

Someone has asked what that latest technology is. (?) And I'm not sure I know.

Thanks in advance,  
Michelle

**Subject:** FW: Update #2: Portland District: Updated Wildfire Office Impact List - 9/10/2020 @ 1323 hours

**Attachment(s):** "Wildfire Offices.xlsx"

Updates. Some offices are moving up that had been downgraded and a few more offices are evacuating. You guys can share with everyone just don't post on Social Media as its too dynamic. This is internal info as COOP Offices could change if volumes are too much. Once an office gets full, we will have to come up with plans... You can tell people they can pick mail up at their COOP Post Office and once Local Authorities give All Clear's, Carriers will resume delivery. For Post Offices that are destroyed, Carriers will move to the COOP Office to get mail and take it out for Delivery.

**NOTE: MEDFORD CA is the Carrier Annex and not California..**

Several changes to share –

**Beavercreek OR**, which had been downgraded to a Level 1 just this morning has flared back up to a Level 3 and evacuations are taking place now. **Beavercreek is going back to Oregon City.** AMS – I need you getting case labels prepped and sent to OC for Beavercreek.

**Canby OR** and **Oregon City OR** has been added to the list, both at **Level 2**. Just an FYI on that.

**Molalla OR** has been elevated to a Level 3, and is evacuating. COOP operations will be in **Woodburn OR** now. **Colton** had been COOPed into Molalla so they are going to now COOP in **Woodburn** as well.

**Lincoln City, Sublimity and Sutherlin** have all been downgraded to **Level 2** at this time.

Please set all mail prep and mail arrival plans to these newly updated COOP locations.

Thank you,

**Subject:** USPS Wildfires UPDATE

All,  
  
See below.

A couple more offices coming off the list – Otis OR and Neotsu OR. Please update your actions and reports to reflect these changes.

Kenny, Jose, Brian and Justin – I need ongoing updates on your offices. Please take another look at the list below and let me know who else has been de-escalated or should come off this list. There are a lot of Level 2 offices that appear to have been forgotten about. Please let me know.

Thank you.

**Subject:** RE: Wild Fire Update 09/24

Latest update below although I know Diamond Lake is now Level 2 and returned to their office.

Blue River is destroyed and Mail is being sent to Waltherville for Customers to pick up. Mail Carriers for Blue River will begin their day in Waltherville and deliver their route from that office for all homes that are deliverable. The same process for the other evacuated offices where Carriers will start in their COOP office and deliver their route.

Detroit, Idahna, O'Brien and Vida are the only other offices that are still evacuated.

All,

I didn't see a spreadsheet like I usually see and all I have this morning is the notice below of an evacuation cancellation. When I see the spreadsheet that usually comes out I will forward it.

### **Level 3 fire evacuation canceled for Garden Valley Rd. near Mt. Pisgah**

Update.

I know I sent an update saying Vida didn't burn down like once thought. It is still under evacuation so mail is going to Waltherville. Customers can pick it up at that Post Office. I am thinking by the time Ballots go out, VIDA will be delivering mail again. Blue River Post Office did burn down and I will update you as USPS comes up with their Plan for that office. Internally I am thinking when Ballots are Mailed, it will be Carriers starting in Waltherville Post Office where the Plants send the Mail and they will deliver it to homes that are still standing and have a Mailbox. I am trying to get info from Carriers as we find out what addresses are not going to be deliverable when Ballots are mailed. Offices are still evacuated so USPS has not been there to see what homes made it thru the fires.

Talent OR has been downgraded from evacuation Level 3. They are ready to start delivery and retail operations tomorrow morning in their own office. Please ensure that all of your reports and actions are updated to reflect this change in operations status for this office.

Phoenix OR will continue to be COOPed at the Medford Carrier Annex.

Thank you,

All,

Update from a few minutes ago.

Another couple of offices that have been de-escalated from evacuation Level 3 assignments.

**Butte Falls OR is now at Level 2 and Paisley OR is at Level 1, allowing both offices to go back into their respective offices starting today.** Please ensure that all reports and actions reflect this change in operation locations so that all mail arrives on time and at the right location.

Thank you,

**Subject:** Wildfire USPS Status Update.

Most recent update that I received this morning.

As expected after the rains this last Friday and weekend, we have some additional offices that are being dropped off this report, and being de-escalated to a lower evacuation level.

Both Depoe Bay OR and Lincoln City OR are being dropped off of this list due to being at **ZERO** evacuation level assessments. They will come off this list tomorrow.

Mill City OR has been de-escalated to Level 2 and is now ready to accept the Detroit and Idahna operations into its building. They will work with existing transportation to move their mail volumes over to the updated COOP site.

Otis OR has also been de-escalated to Level 2 and will be back in full operation within its own building tomorrow morning.

Lyons OR has been elevated back up to a Level 2, and are still in their own building.

**Subject:** HQ Media Event USPS Portland. NEXT WEEK

Steve,

USPS HQ Media Relations Called our District Manager about an hour ago and said they have approval to do a Professional Media Spot that would be National News and wanted Oregon, the First State to use Vote by Mail to have a few people that would say a few words about their partnership with the USPS and how they know Oregon is Ready for the Election. They know its short notice and want to do it up here at the SCF in Portland next week sometime so I said I would check with you and see if you would be available.

They asked me for a couple people but I wanted you to be the #1 person to ask to see if you wanted to be a part of it. The way they are talking, it may be on National News. Are you interested? I can contact you Monday morning with info as HQ just said early next week as they just heard about it themselves from the PMG and thought of Oregon. I am thinking of asking another County and am thinking of Bill Burgess or Tim Scott unless you have someone in mind that you want to select to help represent Oregon.

Just let me know and we can cover details on Monday.

Danny,

Are these two statements accurate?

How can I receive my ballot if I have been displaced by wildfires?

- You can pick up all of your mail (including ballots once they are mailed) at the post office that serves your permanent residence address.

What if my mailbox was destroyed?

- If mail cannot be delivered to your home or mailbox, it will be held at your local post office and you can pick it up there.

Yes, please deliver it.

We have protections in place to make sure that any votes of deceased individuals are not counted. We get regular updates from the Social Security death index and local vital records that we use to update the file.

I don't want USPS having to make determinations of who is deceased and who isn't; for your protection and ours.

I have a question one of my carriers asked me. If a known deceased person receives a ballot, do we deliver it? Or return it deceased? If we are not 100% sure they are, we will deliver it. But when we are 100% sure, do we just return it? Or deliver it and let the surviving spouse return it?

### USPS is Ready to Deliver the Vote

*Opportunity to see mail delivery operations, speak to postal and state election leadership*

**WHAT:** Oregon is a pioneer in vote-by-mail and has a proven election process that uses the Postal Service to both send and receive ballots.

This opportunity will show your viewers and readers these facts:

- Ø The Postal Service is working hard to deliver Election Mail across the nation.
- Ø Our number one priority between now and the November election is the secure and timely delivery of Election Mail.
- Ø We are working with our local election officials to make sure every ballot reaches its intended destination.
- Ø Every voter should be aware of deadlines, especially if they choose to return their ballot by mail

The visual will include a letter carrier loading their vehicle and prepping their mail for delivery. This is the same process they will use next week when ballots begin to appear in Oregon mailboxes.

## USPS is Ready to Deliver the Vote

*Opportunity to see mail delivery operations, speak to postal and state election leadership*

**WHAT:** Oregon is a pioneer in vote-by-mail and has a proven election process that uses the Postal Service to both send and receive ballots.

This opportunity will show your viewers and readers these facts:

- Ø The Postal Service is working hard to deliver Election Mail across the nation.
- Ø Our number one priority between now and the November election is the secure and timely delivery of Election Mail.
- Ø We are working with our local election officials to make sure every ballot reaches its intended destination.
- Ø Every voter should be aware of deadlines, especially if they choose to return their ballot by mail

The visual will include a letter carrier loading their vehicle and prepping their mail for delivery. This is the same process they will use next week when ballots begin to appear in Oregon mailboxes.

**B-Roll of Ballots** in Mail Processing and other handling can be found here:

**WHEN** Thursday, October 8, 2020 10 a.m.

Salem Post Office, **LOCATION**

**WHERE:**

**WHO:** Oregon Elections Director Steve Trout,  
Linn County Clerk Steve Druckenmiller  
Oregon USPS District Manager Bill Schwartz  
USPS Communications Manager David Rupert

To obtain security credentials, please RSVP by 4 PM, Wed October 7, 2020, at 4 PM to USPS Communications Specialist Ernie Swanson at [ernst.a.swanson@usps.com](mailto:ernst.a.swanson@usps.com) or (253) 214-1830.

**RSVP:**

The Postal Service receives no tax dollars for operating expenses, and relies on the sale of postage, products and services to fund its operations.

Gentlemen,

Our AREA Media Relations Coordinator is flying in tomorrow and we are coming to Salem to be closer to the both of you to do the event Thursday.

I will have an update tomorrow but it looks like 10am at the West Salem Station on Thursday. I left Steve Trout a voicemail as he is out until Thursday but I said I would give him a heads up in a call so he would be in the loop.

This e-mail is internal but I consider you guys internal to me.

**Most recent update. Raining here in Portland this morning and the smoke is clearing out.**

A very quiet day today – which is a good thing.

Just one small change – the CPU Bay City has been cleared as a 'No Fire Danger' location and is therefore being graduated off this list.

I am not hearing about any other possible changes today, but will update you if I do. If you do not hear anything from me, then we are static.

Thank you,

I Wear ... Because I Care

The Portland District Leadership Team has committed to each wear a mask, especially when it is difficult to maintain social distancing, as a sign of solidarity. Our intention is to demonstrate that wearing a mask is not only acceptable, but encouraged to help keep others safe.

Thank you.

As information, we had three collection boxes vandalized over the last few days. Lots of media interest in them (SIGH!) They have all been replaced.

Hi David,

Yes, we appreciate that and we have shared that same message. I agree, collaboration is beneficial to us all. Please feel free to reach out if you need anything. I know you and Steve are already connected, but let me know if I can be of assistance.  
Best,

Andrea

Thank you for reaching out.

Mr. Trout was great at our media event last week. Please thank him on our behalf.

I told him and also want to commit to you, that no matter what, we are committed to working together.

If there's a story about a printing error. Our statement will be. "We are working with the election officials."

If there's a story about an error by a clerks office in the mailing. We will say, "We are working with the election officials."

If there's a mystery story about a ballot that has all of us scratching our heads, we will say, "We are working with the election officials."

And if there's a story about a postal error, all I ask is that we get similar treatment. "We are working with postal officials."

I'm a firm believer in building trust in the process. And that is only done when the voter sees all of us collaborating and problem solving.

Mr. Swanson, copied on this, is our primary media contact in Oregon.

Thank you again

Okay I will tell them you are in Thursday if they do it later in the week and I will ask Steve if he is interested as well. If they will do it late in the week, is there a number you want me to call or will you check e-mail while you are out? Just so I keep you in the loop if they will do it Thursday.

Great. I would recommend Steve Druckenmiller as the county person who is the Linn County Clerk which was the birth place of VBM. He knows more about the history of VBM than anyone. I am out Monday thru Wednesday but could do something Thursday afternoon or anytime Friday.

**Subject:** HQ Media Event USPS Portland. NEXT WEEK

Steve,

USPS HQ Media Relations Called our District Manager about an hour ago and said they have approval to do a Professional Media Spot that would be National News and wanted Oregon, the First State to use Vote by Mail to have a few people that would say a few words about their partnership with the USPS and how they know Oregon is Ready for the Election. They know its short notice and want to do it up here at the SCF in Portland next week sometime so I said I would check with you and see if you would be available.

They asked me for a couple people but I wanted you to be the #1 person to ask to see if you wanted to be a part of it. The way they are talking, it may be on National News. Are you interested? I can contact you Monday morning with info as HQ just said early next week as they just heard about it themselves from the PMG and thought of Oregon. I am thinking of asking another County and am thinking of Bill Burgess or Tim Scott unless you have someone in mind that you want to select to help represent Oregon.

Just let me know and we can cover details on Monday.

Great. I would recommend Steve Druckenmiller as the county person who is the Linn County Clerk which was the birth place of VBM. He knows more about the history of VBM than anyone. I am out Monday thru Wednesday but could do something Thursday afternoon or anytime Friday.

I sent an e-mail to our AREA Coordinator complaining about the HQ Postcardtelling Voters **they must request their Mail-In (often called "absentee" ballot) At least 15 days before Election Day.**

I said for States that are exclusively "Vote by Mail" it was going to cause some serious confusion and Counties would be getting flooded with calls from Voters that don't know Ballots are automatically mailed.

I said it sure would have been nice to be able to look at the card and have some input before HQ created the job as for some states we could have used that bullet point spot to remind people that have recently moved to update their Voter Registration Information with their County so Ballots are sent to their current address, timely.

Just letting you know I am pressing from my side as well. It won't do anything but maybe I can make them think before they do stuff like this....

I still have not received a response to the e-mail I sent to HQ about it as it doesn't show where Southern Oregon Mail was dropped. What irritates me the most is if they would have given us a chance to be a part of planning the message, I would have come right to you and we could have gotten the message we wanted out there on the USPS dime.

Yep it's too late as they are all out there today in DPS for Eugene and no way HQ would have let us pull them even if we wanted to. They should have asked for input on the messaging but the first I heard about it was the e-mail I forwarded you that I received yesterday. Don't show the USPS people you are talking to the e-mail I forwarded or they may remove me from future notices that go

out. Anything I receive Internally I will be able to forward as long as they keep me in the loop.

I had this e-mail ready to go yesterday as we received the notification below yesterday 09/10 and Portland mail had already dropped 09/09. I sent an e-mail to HQ yesterday saying I didn't see a Medford SCF Drop and was wondering if it was mixed in with the Portland Drop or if it was coming in a Northern California drop and don't have a reply this morning. Below is the piece count that we see for Portland and Eugene. Eugene dropped yesterday afternoon as I notified the Eugene Plant Manager so he knew it was coming.

### Good Morning:

HQ is doing a National Mailing to Postal Customers on voting by mail. Attached is the Delivery Plan and below is a sample of the piece. While these pieces have started entering processing facilities and some may start being delivered already – the desired In-Home date is between September 12 – 14.

This mailing must be run on automation equipment since it is tied to an Informed Delivery Campaign that includes a ride-along image for all Informed Delivery users.

DRAFT

# If you plan to vote by mail, plan ahead.

Please read this important information for U.S. citizens.

## Dear Postal Customer,

If you vote by mail, we're committed to providing you a secure, effective way to deliver your ballot. Use this checklist to prepare:

- ☐ Start today. Give yourself and your election officials ample time to complete the process.
- ☐ Rules and dates vary by state, so contact your election board to confirm. Find links at [usps.com/votinginfo](https://usps.com/votinginfo).
- ☐ Request your mail-in ballot (often called "absentee" ballot) at least 15 days before Election Day.
- ☐ Once received, follow the instructions. Add postage to the return envelope if needed.
- ☐ We recommend you mail your ballot at least 7 days before Election Day.

We're ready to deliver for you. Make sure you're ready, too.

I am on our Forest Fire Continuity of Operations Plan meeting and just took a Screenshot of the Offices that are evacuated and the COOP Office where the Mail for the Evacuated Office is being sent for Customers to pick up if they desire... Offices in White are still in Operation and we just have the Plan in place for where Mail will go if they are evacuated.

I still have not received a response to the e-mail I sent to HQ about it as it doesn't show where Southern Oregon Mail was dropped. What irritates me the most is if they would have given us a chance to be a part of planning the message, I would have come right to you and we could have gotten the message we wanted out there on the USPS dime.

Yep it's too late as they are all out there today in DPS for Eugene and no way HQ would have let us pull them even if we wanted to. They should have asked for input on the messaging but the first I heard about it was the e-mail I forwarded you that I received yesterday. Don't show the USPS people you are talking to the e-mail I forwarded or they may remove it from future notices just as out. Nothing to receive internally I

I had this e-mail ready to go yesterday as we received the notification below yesterday 09/10 and Portland mail had already dropped 09/09. I sent an e-mail to HQ yesterday saying I didn't see a Medford SCF Drop and was wondering if it was mixed in with the Portland Drop or if it was coming in a Northern California drop and don't have a reply this morning. Below is the piece count that we see for Portland and Eugene. Eugene dropped yesterday afternoon as I notified the Eugene Plant Manager so he knew it was coming.

## Dear Postal Customer,

If you vote by mail, we're committed to providing you a secure, effective way to deliver your ballot. Use this checklist to prepare:

- ☐ Start today. Give yourself and your election officials ample time to complete the process.
- ☐ Rules and dates vary by state, so contact your election board to confirm. Find links at [usps.com/votinginfo](https://usps.com/votinginfo).
- ☐ Request your mail-in ballot (often called "absentee" ballot) at least 15 days before Election Day.
- ☐ Once received, follow the instructions. Add postage to the return envelope if needed.
- ☐ We recommend you mail your ballot at least 7 days before Election Day.

We're ready to deliver for you. Make sure you're ready, too.

Thanks Danny. Appreciate all you do. I will definitely not share or attribute to you. It sounds like even the folks in DC didn't know about this and it came from a few people at the top of the organization with no coordination with election officials or even the USPS election contacts.

Yep it's too late as they are all out there today in DPS for Eugene and no way HQ would have let us pull them even if we wanted to. They should have asked for input on the messaging but the first I heard about it was the e-mail I forwarded you that I received yesterday. Don't show the USPS people you are talking to the e-mail I forwarded or they may remove me from future notices that go out. Anything I receive Internally I will be able to forward as long as they keep me in the loop.

I had this e-mail ready to go yesterday as we received the notification below yesterday 09/10 and Portland mail had already dropped 09/09. I sent an e-mail to HQ yesterday saying I didn't see a Medford SCF Drop and was wondering if it was mixed in with the Portland Drop or if it was coming in a Northern California drop and don't have a reply this morning. Below is the piece count that we see for Portland and Eugene. Eugene dropped yesterday afternoon as I notified the Eugene Plant Manager so he knew it was coming.

| Entry Point    | Dest City   | Dest State | Appt Date | Appt Time | Confirmation # | Actual Delivery | Pieces    | Weight | Pallets |

I sent an e-mail to our AREA Coordinator complaining about the HQ Postcard telling Voters **they must request their Mail-In (often called "absentee" ballot) At least 15 days before Election Day.**

I said for States that are exclusively "Vote by Mail" it was going to cause some serious confusion and Counties would be getting flooded with calls from Voters that don't know Ballots are automatically mailed.

I said it sure would have been nice to be able to look at the card and have some input before HQ created the job as for some states we could have used that bullet point spot to remind people that have recently moved to update their Voter Registration Information with their County so Ballots are sent to their current address, timely.

Just letting you know I am pressing from my side as well. It won't do anything but maybe I can make them think before they do stuff like this....

I still have not received a response to the e-mail I sent to HQ about it as it doesn't show where Southern Oregon Mail was dropped. What irritates me the most is if they would have given us a chance to be a part of planning the message, I would have come right to you and we could have gotten the message we wanted out there on the USPS dime.

**Subject:** FW: Portland District: Updated Wildfire Office Impact List - 9/11/2020 @1325 hours

All,

Here is the most recent info I have on the USPS Facilities Impacted by Wild Fires. Use and share as needed. You all have done an awesome job of using the info and not putting it out there where you are getting it other than saying your Postal Liaison.. Works for me.

Since we don't have a picture of the building in Vida OR being burned to the ground, or not, we have changed the reporting to reflect "Total Loss Reported – Not Confirmed".

Gaston has been lowered to a Level 3 fire concern and will be taken off the list after today.

Mt Angel OR is now on the list as a Level 2.

No other changes have been reported as of this time.

There will **NOT** be a touchpoint telecom this afternoon, or tomorrow. We will be moving forward beyond today with a MPOOà District Manager and MOPS communication for any upgrades or downgrades of fire levels, COOPing, etc., and then I will share those changes back to everyone via this email string.

If anyone has anything to share with me related to these wildfires, please do via **email if it is general information**. If it is **important information, send me an email with that information and then send me a text** telling me to look for your email. If it is **URGENT information, call me directly at 503-816-4416**.

I appreciate everyone's efforts!! We are just going to reduce telecoms surrounding this, only scheduling them when necessary to get urgent information back out to everyone immediately.

Here is today's current data. I will send updates when they are reported to me.

**Subject:** RE: Portland District: Updated Wildfire Office Impact List - 9/16/20

Here is the latest update.

Newberg OR is also graduating off this list tomorrow as there is zero fire danger at this time in that area. They were not COOPed into any other office so this is just a reduction of fire level for this office.

Three other offices have been de-escalated to Level 1 from Level 2 – those offices are Depoe Bay, Scotts Mills and Mt. Angel.

Three offices have ‘graduated’ completely off this list after today.

Aumsville OR, Stayton OR and Sublimity OR have all been declared free of any evacuation preparedness level. I will leave them highlighted for the rest of today, but tomorrow they will come off the list.

I will also be clearing the brown-orange and yellow highlights tomorrow so that it is easier to see the newest updates. I will leave the green shading as it helps to see which offices had been COOPed prior, but are now back in their own office.

No problem. All Counties in Oregon are testing the new HQ IMBa BRM process where the return Ballots are auto-charged Postage when they run thru our processing machines. Once we get thru all the testing and they do their Internal Sarbanes Oxley Audit on it and make sure there are no issues, the USPS will be able to roll it out to ALL BRM Customers nationwide. Right now, Customers using BRM Mail have to wait for their BRM Clerk to count and weigh each piece and deduct postage before they get them. Once we prove this new technology where our machines can weigh and deduct postage will work, everyone will be able to get their BRM Mail as soon as it shows up at their Delivery Unit. You guys are the only ones in the Country testing this and once its approved, it will change BRM forever.... Companies like Nike and Columbia Sportswear that use BRM, will get their mail earlier and be able to look at the specifics of their daily charges online without having to contact anyone at their Delivery Unit.

Hi Danny,

I wanted to check in on an update you provided. You reported up your chain that "Oregon leads the nation with Vote by Mail and are using the latest USPS technology to streamline the process."

Someone has asked what that latest technology is. (?) And I'm not sure I know.

Thanks in advance,

Steve,

You are correct with both those responses below. As Carriers start delivering again and compile a list of addresses that have either been destroyed or just the Mailbox is destroyed, I will get that info to you so you have the info. The simple answer will be anyone who is not at their home or their Mailbox is missing or destroyed, will be able to get their Mail at their local Post Office. Now it looks like only Blue River Post Office has been destroyed and voters for that Zip Code will pick their mail up in Waltherville, Oregon 97488. I am thinking by the time Ballots are mailed, the USPS will have something in place in Blue River even if it's a Trailer they are using. For people who have lost their home, their mail will be at the Post Office. The best advice would be for Voters who have lost their homes to update their VR with a temporary Mailing Address.

Danny,

Are these two statements accurate?

How can I receive my ballot if I have been displaced by wildfires?

- You can pick up all of your mail (including ballots once they are mailed) at the post office that serves your permanent residence address.

What if my mailbox was destroyed?

- If mail cannot be delivered to your home or mailbox, it will be held at your local post office and you can pick it up there.

## Displaced Voter FAQ

How can I receive my ballot if I have been displaced by wildfires?

1. Ballots will begin being mailed October 14<sup>th</sup>. If you know an address where you will be able to receive mail then, you can add a temporary mailing address at [oregonvotes.gov/myvote](https://oregonvotes.gov/myvote).
2. If you want to use a paper form to provide us with a temporary address click here: <https://sos.oregon.gov/elections/Documents/SEL111.pdf>
3. You can pick up all of your mail (including ballots once they are mailed) at the post office that serves your permanent residence address.
4. Contact your county election office after October 1<sup>st</sup> for additional options they may have for pickup. Find yours here: <https://sos.oregon.gov/elections/Pages/countyofficials.aspx>

If I submit a change of address through USPS will my ballot be forwarded to the new address?

- Ø **NO.** Ballots are not forwardable. It is one of the security features of our system. You must inform election officials of your temporary address using one of the methods above in order to have your ballot sent there.

Do I need to register to vote from my temporary address?

- Ø **NO.** You do not need to re-register to vote if you are living somewhere temporarily because you have been displaced by wildfires. You just need to let election officials know where to mail your ballot by one of the methods above.

Will I be able to vote on the local measures where my permanent address is located even if I am temporarily living outside that area?

- Ø **YES.** The ballot you receive will contain the contests for your residential address, not your temporary mailing address.

What if my mailbox was destroyed?

- Ø If mail cannot be delivered to your home or mailbox, it will be held at your local post office and you can pick it up there.

Steve,

See below in Red. I had to get answers to the questions you sent yesterday thru the slow chain of command to approve my responses.

Answers to Questions Below.

1. If the Home has been destroyed, the Voter will either have to go to their Post Office to pick up their Mail or put in a Temporary Forward to where they are staying. Ideally, those Voters should update their Voter Registration with their County so their Ballot will be mailed to their current address with the Original Ballot Mailing. If the home is still livable and there is just no Mailbox, the USPS at this point will not deliver to the Door and it's on the Home Owner to install a new Mailbox and they must go to the Post Office to pick up their mail until they replace it. USPS thought is if the home survived the mailbox survived as well and there may be a couple instances where only the Mailbox is no longer standing.
2. USPS will hold the Mail at the DDU or COOP Office if DDU is also evacuated. Voters can come to their DDU or COOP DDU to pick up all of their Mail.
3. If Local DDU has been destroyed but Delivery has resumed to Voters, USPS COOP Office is where the Carriers will be located and they will deliver to any addresses that have a Mailbox and are not in an Evacuation Zone. Bottom line, if the home and mailbox is there and the State ALL Clear has been given, the USPS will deliver it to the address even if the Carriers have to pick up the mail at another Post Office and then drive to their route from there.
4. As the State ALL Clear is given and Mail Delivery resumes, the Carriers that are out delivering mail will obtain a list of homes that do not have a Mailbox as well as homes that are destroyed. I have asked for that list of addresses as it becomes available so I can send it to you and the Counties.

Danny,

We are working on some guidance for people displaced by the fires and I have a few questions that hopefully someone on your team can answer:

1. If someone's home or mailbox has been destroyed what happens to their mail? Is it delivered to their door? Stored and retrievable somewhere at USPS?
2. If travel is not allowed to a home or mailbox what happens to their mail? Is it stored and retrievable somewhere?
3. If a local post office is destroyed or evacuated what impacts does that have on deliveries/pickups?
4. Do you know at any specific point in time the mailboxes that are destroyed or otherwise inaccessible?

Any help you can get with respect to answers or info on these questions is appreciated. Feel free to pass me off to the right person who can help with these.

Thanks for all you continue to do. Looking forward to our kick-off call this afternoon.

We are working on some guidance for people displaced by the fires and I have a few questions that hopefully someone on your team can answer:

1. If someone's home or mailbox has been destroyed what happens to their mail? Is it delivered to their door? Stored and retrievable somewhere at USPS?
2. If travel is not allowed to a home or mailbox what happens to their mail? Is it stored and retrievable somewhere?
3. If a local post office is destroyed or evacuated what impacts does that have on deliveries/pickups?
4. Do you know at any specific point in time the mailboxes that are destroyed or otherwise inaccessible?

Any help you can get with respect to answers or info on these questions is appreciated. Feel free to pass me off to the right person who can help with these.

Thanks for all you continue to do. Looking forward to our kick-off call this afternoon.

**Subject:** RE: Some Logistical Questions

Steve,

See below in Red. I had to get answers to the questions you sent yesterday thru the slow chain of command to approve my responses.

Answers to Questions Below.

1. If the Home has been destroyed, the Voter will either have to go to their Post Office to pick up their Mail or put in a Temporary Forward to where they are staying. Ideally, those Voters should update their Voter Registration with their County so their Ballot will be mailed to their current address with the Original Ballot Mailing. If the home is still livable and there is just no Mailbox, the USPS at this point will not deliver to the Door and it's on the Home Owner to install a new Mailbox and they must go to the Post Office to pick up their mail until they replace it. USPS thought is if the home survived the mailbox survived as well and there may be a couple instances where only the Mailbox is no longer standing.
2. USPS will hold the Mail at the DDU or COOP Office if DDU is also evacuated. Voters can come to their DDU or COOP DDU to pick up all of their Mail.
3. If Local DDU has been destroyed but Delivery has resumed to Voters, USPS COOP Office is where the Carriers will be located and they will deliver to any addresses that have a Mailbox and are not in an Evacuation Zone. Bottom line, if the home and mailbox is there and the State ALL Clear has been given, the USPS will deliver it to the address even if the Carriers have to pick up the mail at another Post Office and then drive to their route from there.
4. As the State ALL Clear is given and Mail Delivery resumes, the Carriers that are out delivering mail will obtain a list of homes that do not have a Mailbox as well as homes that are destroyed. I have asked for that list of addresses as it becomes available so I can send it to you and the Counties.

I know we won't start seeing Ballots hitting homes until the 15<sup>th</sup> or 16<sup>th</sup> of October and I am hoping we have most of the Fires under control by then and all the info we need for Counties. I know Counties will still mail Ballots out to the address of the Registered Voter even if the address is not deliverable due to fire damage. I have spoken with a few Counties today and they are looking at all options...

Sir,

I am sure you are busy and I was just going to tell HQ that you were unavailable but I was called this afternoon asking if I would send you another request to possibly meet via Zoom meeting sometime next week with the HQ Election team.

You and me talking, even though most of the stuff they want to talk about are things Oregon is already doing, they may be able to take care of us if we need something before the election. The Meeting will actually end up being how awesome Oregon is as far as Vote by Mail and your processes.

On a side note, I am working with a few of your County Clerks on the Postcard to Military Voters reminding them to Vote Early. We will make it happen at no charge so no worries.

**Subject:** USPS Meeting Request

Sir,

With this being a Presidential Election year, USPS recently created a HQ Election Mail Outreach Program Manager position. Many States have little to no experience with Vote by Mail and my thought is HQ created the position to ensure a meeting with every State's Election Director or SOS Office to go over processes. A gentleman named Mike McInturf has that position and contacted me wanting me to set up a Special Zoom Meeting with you sometime next week to go over the November Election. I asked for the Agenda and most of the information is for things we cover every Election Meeting. I reminded him that Oregon was the first State to use Vote by Mail and in keeping with that tradition, Oregon was the first State testing the new IMBA technology for Business Reply Ballots that will revolutionize BRM for the entire Nation. I know that most of the information will be basic for Oregon but he and his team want me to see if you have an hour available for a Zoom Meeting next week. You can decide the date and time and I will get an invite set up. Most of the information is what we would discuss at our Election Planning Meetings but my thought is HQ is pressing this person to complete meetings with every State within a certain timeframe and its before our actual meeting will take place. If you can't make it next week and want to do it later, let me know and I can tell them when you can attend and we can go from there.

Thanking you in advance,

Danny Rogers

**Subject:** RE: Wild Fire Update 09/24

Latest update below although I know Diamond Lake is now Level 2 and returned to their office.

Blue River is destroyed and Mail is being sent to Walterville for Customers to pick up. Mail Carriers for Blue River will begin their day in Walterville and deliver their route from that office for all homes that are deliverable. The same process for the other evacuated offices where Carriers will start in their COOP office and deliver their route.

Detroit, Idahna, O'Brien and Vida are the only other offices that are still evacuated.

All,

I didn't see a spreadsheet like I usually see and all I have this morning is the notice below of an evacuation cancellation. When I see the spreadsheet that usually comes out I will forward it.

## Level 3 fire evacuation canceled for Garden Valley Rd. near Mt. Pisgah

What I am working on now is to get a list of people that are not at their residence once the offices are back that I can provide to you and the Counties. For people that lost their home or it is damaged and they cannot live there until repairs are made. Efforting..

**Subject:** Wildfire USPS Status Update.

Most recent update that I received this morning.

As expected after the rains this last Friday and weekend, we have some additional offices that are being dropped off this report, and being de-escalated to a lower evacuation level.

Both Depoe Bay OR and Lincoln City OR are being dropped off of this list due to being at **ZERO** evacuation level assessments. They will come off this list tomorrow.

Mill City OR has been de-escalated to Level 2 and is now ready to accept the Detroit and Idahna operations into its building. They will work with existing transportation to move their mail volumes over to the updated COOP site.

Otis OR has also been de-escalated to Level 2 and will be back in full operation within its own building tomorrow morning.

Lyons OR has been elevated back up to a Level 2, and are still in their own building.

What I am working on now is to get a list of people that are not at their residence once the offices are back that I can provide to you and the Counties. For people that lost their home or it is damaged and they cannot live there until repairs are made. Efforting..

**Subject:** Wildfire USPS Status Update.

Most recent update that I received this morning.

As expected after the rains this last Friday and weekend, we have some additional offices that are being dropped off this report, and being de-escalated to a lower evacuation level.

Both Depoe Bay OR and Lincoln City OR are being dropped off of this list due to being at **ZERO** evacuation level assessments. They will come off this list tomorrow.

Mill City OR has been de-escalated to Level 2 and is now ready to accept the Detroit and Idahna operations into its building. They will work with existing transportation to move their mail volumes over to the updated COOP site.

Otis OR has also been de-escalated to Level 2 and will be back in full operation within its own building tomorrow morning.

Lyons OR has been elevated back up to a Level 2, and are still in their own building.

**Subject:** Wildfire USPS Status Update.

Most recent update that I received this morning.

As expected after the rains this last Friday and weekend, we have some additional offices that are being dropped off this report, and being de-escalated to a lower evacuation level.

Both Depoe Bay OR and Lincoln City OR are being dropped off of this list due to being at **ZERO** evacuation level assessments. They will come off this list tomorrow.

Mill City OR has been de-escalated to Level 2 and is now ready to accept the Detroit and Idahna operations into its building. They will work with existing transportation to move their mail volumes over to the updated COOP site.

Otis OR has also been de-escalated to Level 2 and will be back in full operation within its own building tomorrow morning.

Lyons OR has been elevated back up to a Level 2, and are still in their own building.

What I am working on now is to get a list of people that are not at their residence once the offices are back that I can provide to you and the Counties. For people that lost their home or it is damaged and they cannot live there until repairs are made. Efforting..

**Subject:** Wildfire USPS Status Update.

Most recent update that I received this morning.

As expected after the rains this last Friday and weekend, we have some additional offices that are being dropped off this report, and being de-escalated to a lower evacuation level.

Both Depoe Bay OR and Lincoln City OR are being dropped off of this list due to being at **ZERO** evacuation level assessments. They will come off this list tomorrow.

Mill City OR has been de-escalated to Level 2 and is now ready to accept the Detroit and Idanha operations into its building. They will work with existing transportation to move their mail volumes over to the updated COOP site.

Otis OR has also been de-escalated to Level 2 and will be back in full operation within its own building tomorrow morning.

Lyons OR has been elevated back up to a Level 2, and are still in their own building.

**Subject:** Some Logistical Questions

Danny,

We are working on some guidance for people displaced by the fires and I have a few questions that hopefully someone on your team can answer:

1. If someone's home or mailbox has been destroyed what happens to their mail? Is it delivered to their door? Stored and retrievable somewhere at USPS?
2. If travel is not allowed to a home or mailbox what happens to their mail? Is it stored and retrievable somewhere?
3. If a local post office is destroyed or evacuated what impacts does that have on deliveries/pickups?
4. Do you know at any specific point in time the mailboxes that are destroyed or otherwise inaccessible?

Any help you can get with respect to answers or info on these questions is appreciated. Feel free to pass me off to the right person who can help with these.

Thanks for all you continue to do. Looking forward to our kick-off call this afternoon.

**Subject:** Updated Info on Wild Fires.

All,

Latest info I received a half hour ago.

Our first two updates of the day –

Both Idleyld Park OR 97477 and Glide OR 97443 have been cleared by the local fire departments, and the de-escalation from evacuation Level 3 to Level 2, to return back to their offices and resume business again tomorrow morning. Plans are already in place to get all mail transported back to the offices this afternoon using available (local) transportation so that customers will be able to retrieve 100% of their mail from their local office tomorrow.

Seniors,

If you haven't updated me yet with current evacuation level information for each of your offices listed below, please do - along with any space constraints the COOP offices are experiencing due to the extra mail/parcel volumes from the COOPed offices.

Thank you.

**Subject:** USPS Meeting Request

Sir,

With this being a Presidential Election year, USPS recently created a HQ Election Mail Outreach Program Manager position. Many States have little to no experience with Vote by Mail and my thought is HQ created the position to ensure a meeting with every State's Election Director or SOS Office to go over processes. A gentleman named Mike McInturf has that position and contacted me wanting me to set up a Special Zoom Meeting with you sometime next week to go over the November Election. I asked for the Agenda and most of the information is for things we cover every Election Meeting. I reminded him that Oregon was the first State to use Vote by Mail and in keeping with that tradition, Oregon was the first State testing the new IMBA technology for Business Reply Ballots that will revolutionize BRM for the entire Nation. I know that most of the information will be basic for Oregon but he and his team want me to see if you have an hour available for a Zoom Meeting next week. You can decide the date and time and I will get an invite set up. Most of the information is what we would discuss at our Election Planning Meetings but my thought is HQ is pressing this person to complete meetings with every State within a certain timeframe and its before our actual meeting will take place. If you can't make it next week and want to do it later, let me know and I can tell them when you can attend and we can go from there.

Thanking you in advance,

Danny Rogers

Danny,

I guess 30million of these are being mailed nationally. I know I received one today as did others but some have not do you know anything about the distribution schedule

## Dear Postal Customer,

If you vote by mail, we're committed to providing you a secure, effective way to deliver your ballot. Use this checklist to prepare:

- ☐ Start today. Give yourself and your election officials ample time to complete the process.
- ☐ Rules and dates vary by state, so contact your election board to confirm. Find links at [usps.com/votinginfo](https://usps.com/votinginfo).
- ☐ Request your mail-in ballot (often called "absentee" ballot) at least 15 days before Election Day.
- ☐ Once received, follow the instructions. Add postage to the return envelope if needed.
- ☐ We recommend you mail your ballot at least 7 days before Election Day.

We're ready to deliver for you. Make sure you're ready, too.

**Subject:** USPS Wildfires UPDATE

All,

See below.

A couple more offices coming off the list – Otis OR and Neotsu OR. Please update your actions and reports to reflect these changes.

Kenny, Jose, Brian and Justin – I need ongoing updates on your offices. Please take another look at the list below and let me know who else has been de-escalated or should come off this list. There are a lot of Level 2 offices that appear to have been forgotten about. Please let me know.

Thank you.

**Subject:** Virtual Political Mail Workshop

Good afternoon,

The American Association of Political Consultants (AAPC) invites you to a special virtual workshop on the power of political mail, hosted by the United States Postal Service®. We are pleased to inform you that workshop attendees will have the opportunity to speak with Donald Nichols, National Lead for USPS® Political Mail Outreach, as well as National and State Political Mail Strategists and Postal Operations Leadership.

At this workshop, the Postal Service™ will:

- Discuss challenges and opportunities facing political mail, including updates on improvements to notifications and responding to inquiries.
- Offer guidance on how to have a Postal Service Political Mail Strategist assigned to your campaign/organization (if you don't already have one assigned).
- Showcase new insights from their newly released whitepapers and share creative and innovative ways mail is being designed and integrated into campaigns.
- Highlight the newest guidelines on Red Tagging Political Mail (Tag 57).
- Share the latest innovations from the Postal Service:
  - Informed Visibility®
  - Informed Delivery®

Several dates and times to choose from.

**Subject:** Wild Fire Update 09/24

All,

I didn't see a spreadsheet like I usually see and all I have this morning is the notice below of an evacuation cancellation. When I see the spreadsheet that usually comes out I will forward it.

### **Level 3 fire evacuation canceled for Garden Valley Rd. near Mt. Pisgah**

**Subject:** Wildfire Update 09/15/20

Update.

I know I sent an update saying Vida didn't burn down like once thought. It is still under evacuation so mail is going to Waltherville. Customers can pick it up at that Post Office. I am thinking by the time Ballots go out, VIDA will be delivering mail again. Blue River Post Office did burn down and I will update you as USPS comes up with their Plan for that office. Internally I am thinking when Ballots are Mailed, it will be Carriers starting in Waltherville Post Office where the Plants send the Mail and they will deliver it to homes that are still standing and have a Mailbox. I am trying to get info from Carriers as we find out what addresses are not going to be deliverable when Ballots are mailed. Offices are still evacuated so USPS has not been there to see what homes made it thru the fires.

Talent OR has been downgraded from evacuation Level 3. They are ready to start delivery and retail operations tomorrow morning in their own office. Please ensure that all of your reports and actions are updated to reflect this change in operations status for this office.

Phoenix OR will continue to be COOPed at the Medford Carrier Annex.

Thank you,

**Subject:** Wildfire Update

This one just came out.

The Vida OR post office now has electricity and will be resuming operations tomorrow morning. They no longer have an evacuation level assigned to them at this point and therefore are being graduated off of this list. Please update all reports and actions to reflect this change.

**Subject:** Wildfire USPS Status Update 09/22 08:30am

All,

Update from a few minutes ago.

Another couple of offices that have been de-escalated from evacuation Level 3 assignments.

**Butte Falls OR is now at Level 2 and Paisley OR is at Level 1, allowing both offices to go back into their respective offices starting today.** Please ensure that all reports and actions reflect this change in operation locations so that all mail arrives on time and at the right location.

Thank you,

**Subject:** Wildfire USPS Status Update.

Most recent update that I received this morning.

As expected after the rains this last Friday and weekend, we have some additional offices that are being dropped off this report, and being de-escalated to a lower evacuation level.

Both Depoe Bay OR and Lincoln City OR are being dropped off of this list due to being atZERO evacuation level assessments.

They will come off this list tomorrow.

Mill City OR has been de-escalated to Level 2 and is now ready to accept the Detroit and Idahna operations into its building. They will work with existing transportation to move their mail volumes over to the updated COOP site.

Otis OR has also been de-escalated to Level 2 and will be back in full operation within its own building tomorrow morning.

Lyons OR has been elevated back up to a Level 2, and are still in their own building.

**Subject:** You guys are AWESOME.

Steve and Michelle,

Thank you both so much for taking the time to get on that Zoom Meeting today. Not much of a meeting for you guys but it got HQ and AREA to back off of me about it. Home team...
