Austin R. Evers
American Oversight

Washington, D.C. 20005

Dear Mr. Evers:

The Office of the Secretary FOIA office received your Freedom of Information Act (FOIA) request, dated November 13, 2020, on November 13, 2020 and assigned it control number **DOI-OS-2021-000758**. Please cite this number in any future communications with our office regarding your request.

- Records of any agency expenditures including, but not limited to, records of any reimbursements submitted by or on behalf of the agency official who is listed on the specified trips below. Responsive records would include, but are not limited to, hotel or other lodging invoices or receipts; government-issued charge card or travel card reports; receipts from airlines, rental car, or other transportation companies; cost of government transportation; meals; per diem payments; or cost of travel for any staff or security detail assigned to the agency official.
- All itineraries or agendas for the agency officials traveling on any of the trips listed below. Specified Trips: 1. Secretary David Bernhardt's September 2, 2020 trip to North Carolina 2. Secretary Bernhardt's October 3, 2020 trip to Colorado 3. Secretary Bernhardt's October 14, 2020 trip to Ohio 4. Secretary Bernhardt's October 22, 2020 trip to Nevada and Arizona 5. Secretary Bernhardt's October 28, 2020 trip to Iowa.

Response

We are writing today to respond to your request on behalf of the Office of the Secretary.

We have enclosed one (1) file consisting of 76 pages, which are being released to you in part.

In reviewing the released records, you will find that the government has made certain redactions pursuant to FOIA Exemptions 6 and 7 found at 5 U.S.C. § 552(b)(6) and 5 U.S.C. § 552(b)(7).

Exemption 6

Exemption 6 allows an agency to withhold “personnel and medical files and similar files the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.” [5 U.S.C. § 552\(b\)\(6\)](#).

The phrase “similar files” covers any agency records containing information about a particular individual that can be identified as applying to that individual. To determine whether releasing records containing information about a particular individual would constitute a clearly unwarranted invasion of personal privacy, we are required to balance the privacy interest that would be affected by disclosure against any public interest in the information.

Under the FOIA, the only relevant public interest to consider under the exemption is the extent to which the information sought would shed light on an agency’s performance of its statutory duties or otherwise let citizens ‘know what their government is up to. The burden is on the requester to establish that disclosure would serve the public interest. When the privacy interest at stake and the public interest in disclosure have been determined, the two competing interests must be weighed against one another to determine which is the greater result of disclosure: the harm to personal privacy or the benefit to the public. The purposes for which the request for information is made do not impact this balancing test, as a release of information requested under the FOIA constitutes a release to the general public.

The information that has been withheld under Exemption 6 consists of private phone numbers, security personnel names and confirmation numbers. We have determined that the individual to whom this information pertains has a substantial privacy interest in withholding it. Because the harm to personal privacy is greater than whatever public interest may be served by disclosure, release of the information would constitute a clearly unwarranted invasion of the privacy of this individual and we are withholding it under Exemption 6.

Exemption 7

Exemption 7 protects from disclosure “records or information compiled for law enforcement purposes” if the records fall within one or more of six specific bases for withholding set forth in subparts (A) through (F). 5 U.S.C. § 552(b)(7)(A)-(F).

7(C)

Exemption 7(C) protects law enforcement records if their release could reasonably be expected to constitute an unwarranted invasion of personal privacy. It is regularly applied to withhold references to individuals in law enforcement files. For the materials that have been withheld under 7(C), we have determined that releasing them would constitute an unwarranted invasion of privacy because they identify individuals referenced in law enforcement records and

the release of this information would not shed light on an agency's performance of its statutory duties

We reasonably foresee that disclosure would harm an interest protected by one or more of the nine exemptions to the FOIA's general rule of disclosure.

Jeffrey Scott, Attorney-Advisor, in the Office of the Solicitor, was consulted in reaching this decision. Leah Fairman, Deputy FOIA Officer, Office of the Secretary FOIA Office, is responsible for this partial denial.

Fees

We do not bill requesters for FOIA processing fees when their fees are less than \$50.00, because the cost of collection would be greater than the fee collected. (see 43 C.F.R. § 2.37(g)). Therefore, there is no billable fee for the processing of this request. This completes the Office of the Secretary's response.

Appeals

You may appeal this decision to the Department's FOIA/Privacy Act Appeals Officer. If you choose to appeal, the FOIA/Privacy Act Appeals Officer must receive your FOIA appeal **no later than 90 workdays** from the date of this final letter responding to your FOIA request. Appeals arriving or delivered after 5 PM Eastern Time, Monday through Friday, will be deemed received on the next workday. **Your appeal must be made in writing** and addressed to:

Attn: FOIA/Privacy Act Appeals Officer
U.S. Department of the Interior
Office of the Solicitor
1849 C Street, N.W.
MS6556 MIB
Washington, D.C. 20240

Fax: 202-208-6677

E-mail: FOIA.Appeals@sol.doi.gov

You must include with your appeal copies of all correspondence between you and the Office of the Secretary concerning your FOIA request, including a copy of your original FOIA request and the response letter. You must also include, in as much detail as possible, an explanation of why you believe the Office of the Secretary's response was in error. Failure to include this documentation with your appeal will result in the Department's rejection of your appeal, unless the FOIA/Privacy Act Officer determines (in her sole discretion) that good cause exists to accept the defective appeal. All communications concerning your appeal, including envelopes, should be clearly marked with the words "FREEDOM OF INFORMATION APPEAL." The appeal should include your name, mailing address, daytime telephone number (or the name and telephone number of an appropriate contact), email address, and fax number (if available) in case

the Department needs additional information or clarification. For more information on FOIA administrative appeals, including how the Department will respond to your appeal, please refer to Subpart H of the Department's FOIA regulations, 43 C.F.R. § 2.57-§ 2.64.

Conclusion

For your information, Congress excluded three discrete categories of law enforcement and national security records from the requirements of FOIA. *See* [5 U.S.C. 552\(c\)](#). This response is limited to those records that are subject to the requirements of FOIA. This is a standard notification that is given to all our requesters and should not be taken as an indication that excluded records do, or do not, exist.

The 2007 FOIA amendments created the Office of Government Information Services (OGIS) to offer mediation services to resolve disputes between FOIA requesters and Federal agencies as a non-exclusive alternative to litigation. Using OGIS services does not affect your right to pursue litigation. You may contact OGIS in any of the following ways:
