Hi Justin,

Hope you are doing well. I wanted to belatedly follow up on this response and AO's two requests. As you recall, we submitted two requests – one for texts and one for emails. It looks like we received a response with email records and I wanted to check to see whether a search has also been done for texts or if that is on a separate track. Additionally, I just wanted to make sure that the email records search included the broader list of key terms relative to the text records search (compare -2743 vs -2744 attached).

Thanks so much for your help on this,

Christine
