Happy Sunday all. I got meeting invites out to GAHU, GA Assoc of Health Plans (Jesse) and HealthSherpa. I'm deferring to Jesse to see if he has an established relationship with Oscar or if I need to reach out directly.

Have a good rest of the weekend – talk with you tomorrow.

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Hi Blake,

Following up on the 3 meetings we're looking to get scheduled for the 1332 next week:

- **Underwriters:** were you able to connect with Russ Childers on getting a meeting with him and 1-2 others from the underwriters association/local brokers?
- **Carriers:** Any updates from Jesse about getting the individual market carriers together?

- Alliant
- Anthem
- Ambetter
- CareSource
- Kaiser
- Oscar: You can reach out to **Tripp Girdler**, Market Executive for Georgia, tripp@hioscar.com , 615.305.2644
- **HealthSherpa**: Josh Mackey gave the following POC for you to reach out to:
 - Scott Sherratt, VP of Sales scott@healthsherpa.com

As a reminder, I've got two holds on everyone's calendars from 1-2pm next Thursday and Friday if you want to use those times. Otherwise, I can remove them.

Thanks!

Russ, Mychal,

Thanks again for our discussion and for GAHU's formal comment submission – very appreciated. In order to keep discussion going, we would like to check your availability for a follow-up meeting with our 1332 team this week if possible. We have held 1-2 p.m. on Thursday and Friday of this week – would either of those work for you? We look forward to talking soon.

Thanks,

Blake

Gentlemen,

Thanks again for your time today. As mentioned, please submit GAHU's written comments by 11:59 p.m. EDT on Thursday, July 23, 2020 so we can incorporate them into the record. The public notice is attached which provides details on submission. In short, you can electronically submit online here: <https://medicaid.georgia.gov/patients-first-act-public-comment>

By the end of this week, we will reach out to coordinate a discussion with our Waiver team and the consultants who are assisting us with the project – we look forward to the continued discussion with you all. If you have any questions or need anything else in the interim, please do not hesitate to let me know.

Best,

Blake

Mr. Childers,

I am looping in Marial and Matt Krull for our call tomorrow.

Danisha/Brenda, can you please schedule a 30 minute conference call and open the line between 12-3 p.m. tomorrow with the following:

- Mr. Russ Childers, Member, DCH Board
- Marial Ellis, Chief of Staff, DCH
- Matt Krull, Health Policy Counsel, DCH
- Blake Fulenwider, Chief Health Policy Officer
- Mychal Walker (connection details forthcoming per Mr. Childers)
- Susan Ruckman (connection details forthcoming per Mr. Childers)

Mr. Childers, can you provide contact information to Mr. Walker and Ms. Ruckman or forward to them, please? We'll send out a conference line number.

Looking forward to talking tomorrow.

Best,

Blake

Russ, Mychal,

Thanks again for our discussion and for GAHU's formal comment submission – very appreciated. In order to keep discussion going, we would like to check your availability for a follow-up meeting with our 1332 team this week if possible. We have held 1-2 p.m. on Thursday and Friday of this week – would either of those work for you? We look forward to talking soon.

Thanks,

Blake

Gentlemen,

Thanks again for your time today. As mentioned, please submit GAHU's written comments by 11:59 p.m. EDT on Thursday, July 23, 2020 so we can incorporate them into the record. The public notice is attached which provides details on submission. In short, you can electronically submit online here:

<https://medicaid.georgia.gov/patients-first-act-public-comment>

By the end of this week, we will reach out to coordinate a discussion with our Waiver team and the consultants who are assisting us with the project – we look forward to the continued discussion with you all. If you have any questions or need anything else in the interim, please do not hesitate to let me know.

Best,

Blake

Mr. Walker,

Thank you for your submission on behalf of GAHU. Your comments have been received. For the record, I note that your letter is dated July 24, 2020 which exceeds the public comment period timeframe that closes at 11:59 p.m. on July 23, 2020. However, we acknowledge your correspondence was received prior to the public comment period deadline and is accepted. Thank you again for our discussion yesterday and willingness to continue to work with us through this process.

Best,

Blake

Office 365

gins

Action Required

Recipient

Unknown To address

How to Fix It

The address may be misspelled or may not exist. Try one or more of the following:

- Send the message again following these steps: In Outlook, open this non-delivery report (NDR) and choose **Send Again** from the Report ribbon. In Outlook on the web, select this NDR, then select the link "**To send this message again, click here.**" Then delete and retype the entire recipient address. If prompted with an Auto-Complete List suggestion don't select it. After typing the complete address, click **Send**.
- Contact the recipient (by phone, for example) to check that the address exists and is correct.
- The recipient may have set up email forwarding to an incorrect address. Ask them to check that any forwarding they've set up is working correctly.
- Clear the recipient Auto-Complete List in Outlook or Outlook on the web by following the steps in this article: [Fix email delivery issues for error code 5.1.10 in Office 365](#), and then send the message again. Retype the entire recipient address before selecting **Send**.

If the problem continues, forward this message to your email admin. If you're an email admin, refer to the **More Info for Email Admins** section below.

Was this helpful? [Send feedback to Microsoft](#).

More Info for Email Admins

Status code: 550 5.1.10

This error occurs because the sender sent a message to an email address hosted by Office 365 but the address is incorrect or doesn't exist at the destination domain. The error is reported by the recipient domain's email server, but most often it must be fixed by the person who sent the message. If the steps in the **How to Fix It** section above don't fix the problem, and you're the email admin for the recipient, try one or more of the following:

The email address exists and is correct - Confirm that the recipient address exists, is correct, and is accepting messages.

Synchronize your directories - If you have a hybrid environment and are using directory synchronization make sure the recipient's email address is synced correctly in both Office 365 and in your on-premises directory.

Errant forwarding rule - Check for forwarding rules that aren't behaving as expected. Forwarding can be set up by an admin via mail flow rules or mailbox forwarding address settings, or by the recipient via the Inbox Rules feature.

Recipient has a valid license - Make sure the recipient has an Office 365 license assigned to them. The recipient's email admin can use the Office 365 admin center to assign a license (Users > Active Users > select the recipient > Assigned License > Edit).

Mail flow settings and MX records are not correct - Misconfigured mail flow or MX record settings can cause this error. Check your Office 365 mail flow settings to make sure your domain and any mail flow connectors are set up correctly. Also, work with your domain registrar to make sure the MX records for your domain are configured correctly.

For more information and additional tips to fix this issue, see [Fix email delivery issues for error code 5.1.10 in Office 365](#).

Re: Follow up with the Georgia Association of Health Underwriters and Georgia 1332 Waiver team regarding concerns with the Georgia Access 1332 Waiver.

Mychal, if I have left off key participants you would like to include, please feel free to forward this invitation at your discretion. A heads up on any additional attendees you would like would be helpful for our team. We look forward to talking later this week.

Best,

Blake

Action Required

Recipient

Unknown To address

How to Fix It

The address may be misspelled or may not exist. Try one or more of the following:

- Send the message again following these steps: In Outlook, open this non-delivery report (NDR) and choose **Send Again** from the Report ribbon. In Outlook on the web, select this NDR, then select the link "**To send this message again, click here.**" Then delete and retype the entire recipient address. If prompted with an Auto-Complete List suggestion don't select it. After typing the complete address, click **Send**.
- Contact the recipient (by phone, for example) to check that the address exists and is correct.
- The recipient may have set up email forwarding to an incorrect address. Ask them to check that any forwarding they've set up is working correctly.
- Clear the recipient Auto-Complete List in Outlook or Outlook on the web by following the steps in this article: [Fix email delivery issues for error code 5.1.10 in Office 365](#), and then send the message again. Retype the entire recipient address before selecting **Send**.

If the problem continues, forward this message to your email admin. If you're an email admin, refer to the **More Info for Email Admins** section below.

Was this helpful? [Send feedback to Microsoft](#).

More Info for Email Admins

Status code: 550 5.1.10

This error occurs because the sender sent a message to an email address hosted by Office 365 but the address is incorrect or doesn't exist at the destination domain. The error is reported by the recipient domain's email server, but most often it must be fixed by the person who sent the message. If the steps in the **How to Fix It** section above don't fix the problem, and you're the email admin for the recipient, try one or more of the following:

The email address exists and is correct - Confirm that the recipient address exists, is correct, and is accepting messages.

Synchronize your directories - If you have a hybrid environment and are using directory synchronization make sure the recipient's email address is synced correctly in both Office 365 and in your on-premises directory.

Errant forwarding rule - Check for forwarding rules that aren't behaving as expected. Forwarding can be set up by an admin via mail flow rules or mailbox forwarding address settings, or by the recipient via the Inbox Rules feature.

Recipient has a valid license - Make sure the recipient has an Office 365 license assigned to them. The recipient's email admin can use the Office 365 admin center to assign a license (Users > Active Users > select the recipient > Assigned License > Edit).

Mail flow settings and MX records are not correct - Misconfigured mail flow or MX record settings can cause this error. Check your Office 365 mail flow settings to make sure your domain and any mail flow connectors are set up correctly. Also, work with your domain registrar to make sure the MX records for your domain are configured correctly.

For more information and additional tips to fix this issue, see [Fix email delivery issues for error code 5.1.10 in Office 365](#).

Re: Follow up with the Georgia Association of Health Underwriters and Georgia 1332 Waiver team regarding concerns with the Georgia Access 1332 Waiver.

Mychal, if I have left off key participants you would like to include, please feel free to forward this invitation at your discretion. A heads up on any additional attendees you would like would be helpful for our team. We look forward to talking later this week.

Best,

Blake

Subject: Warnings about Medicaid Expansion—New Galen/FGA paper

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Why States Should Not Expand Medicaid

States that have resisted expanding their Medicaid programs have witnessed the soaring costs in other states and the adverse impact on vulnerable patients who must compete for providers with expansion enrollees.

As legislators prepare for their upcoming sessions, the Galen Institute and the Foundation for Government Accountability (FGA) have partnered in offering guidance for states based upon experience and research documenting problems with expansion.

Sam Adolphsen of FGA and Brian Blase and Grace-Marie Turner of Galen worked together in preparing [“Why states should not expand Medicaid.”](#) a new version of a paper we [originally published](#) soon after the Supreme Court decision gave states the option. Our warnings then have proven predictive today.

Although the allure of federal money has led too many states to adopt expansion, doing so will worsen the safety net program for the truly needy, lead many people to replace private coverage with public coverage, will significantly increase state expenditures, will crowd out other vital priorities, and will worsen federal budget deficits, the paper explains.

States should continue to press Washington for greater flexibility to best manage their programs and resist the ACA’s failed Medicaid expansion.

We offer and explain 12 reasons states should resist Medicaid expansion and instead develop alternative programs tailored to their states:

1. **Medicaid expansion harms the truly needy**
2. **State spending will explode, crowding out other priorities**
3. **Waste, fraud, abuse and misspending will skyrocket**
4. **Expansion crowds out private coverage**
5. **Access to timely and proper care will worsen**
6. **Expansion causes emergency room use to surge, and hospital capacity to deteriorate**
7. **Expansion not associated with improved health outcomes overall**
8. **Expansion enriches health insurance companies**
9. **States’ finances will be more vulnerable to federal law changes**
10. **Refusing to expand saves taxpayer dollars and reduces federal deficits**
11. **There are many good healthcare options available already**
12. **Targeted initiatives have better results than Medicaid expansion**
