We reviewed the attached Certificate of Ascertainment issued by the Governor's office, and noted that the Certificate contains the names of the Alternate Electors selected by the Nevada Republican Party at our convention, rather than the names of the Presidential Electors.

Per the attached forms filed in person with your office earlier this year, note that the presidential electors should be:

Michael J. McDonald
James DeGraffenreid
Durward James Hindle III
Jesse Law
Eileen Rice

Shawn Meehan

The Alternate Presidential Electors who are currently listed on the Certificate of Ascertainment are:

Jolette Gowens
Christopher Carr
James Marchant
Patrick Casale
Joseph Burdzinski
Ronald Doumani

We respectfully request that your office work with the Governor's office to correct this error and list the correct GOP electors on an amended Certificate of Ascertainment to be submitted to the United States Senate as soon as possible so that the records are correct prior to the vote of the Electoral College. Mr. Thorley,

I wanted to email and follow up on our conversation. Thank you for the few minutes we could spend getting on the same page. I wanted to send this email to ensure that I understood our conversation clearly.

Vendor sent incorrect information on the return envelope to Humboldt County voters: "... penalty of perjury that you are a resident of *White Pine* County."

A decision was made by the County Clerk to accept these erroneous envelopes as is, and the voter may write Humboldt county on the envelope if they wish. The Clerk also ordered corrected envelopes to arrive to all voters mid next week. The Clerk will accept either the new envelope or the old as stated above.

If any of this is inaccurate, please let me know at your earliest convenience.

Hi Jessie,

Yes, your understanding is correct. Voters in Humboldt County will all be sent a new ballot return envelope and a letter explaining the error sometime next week. Voters in Humboldt County who want to vote by mail can wait until they receive their new ballot return envelope to vote, or they can vote now using the envelope with the incorrect information on it. If the voter wishes, the voter can cross out the words "White Pine" on the ballot return envelope and write in "Humboldt," but this is not necessary. No mail ballots will be rejected in Humboldt County if they are returned using the envelope with the incorrect information.

One clarification, although it's not really important, is that this was more of a county error than a vendor error. The vendor sent a proof to the county for review and sign off before they started printing the ballot return envelopes. The White Pine County typo was on the proof sent to Humboldt County, and the county didn't catch it. They approved the proof with the typo on it.

Have a good weekend!

Hi Robin Titus I'm sending this to different legislators in Nevada informing them of possible voting fraud in their districts. My phone number used to belong to Edward Cisneros who is registered in Carson City NV but according to the Secretary of State office has not voted. I have since Nov 3rd received over 20 phone calls and voice messages from the Democrat party voters assistance team in Clark County, Washoe County, Lander County, and Carson City NV all claiming they have either a missing or unsigned ballot that needs to be corrected or "cured". This really

looks like an attempt to get someone to illegally vote multiple times or else why are all these different counties claiming to have his ballot? According to the Secretary of State there are 2 Edward Cisneros registered in Clark County and there's no way of knowing if they're duplicates. In fact she said there's no way of knowing whether someone has moved or even died before sending out ballots to all these people! I hope someone can address this so we can be assured fraud is not occurring and we can have faith and trust in our most important aspect of a free society which is a fair and accurate voting process.

Hi Jessie,

Yes, your understanding is correct. Voters in Humboldt County will all be sent a new ballot return envelope and a letter explaining the error sometime next week. Voters in Humboldt County who want to vote by mail can wait until they receive their new ballot return envelope to vote, or they can vote now using the envelope with the incorrect information on it. If the voter wishes, the voter can cross out the words "White Pine" on the ballot return envelope and write in "Humboldt," but this is not necessary. No mail ballots will be rejected in Humboldt County if they are returned using the envelope with the incorrect information.

One clarification, although it's not really important, is that this was more of a county error than a vendor error. The vendor sent a proof to the county for review and sign off before they started printing the ballot return envelopes. The White Pine County typo was on the proof sent to Humboldt County, and the county didn't catch it. They approved the proof with the typo on it.

Have a good weekend!

Mr. Thorley,

I wanted to email and follow up on our conversation. Thank you for the few minutes we could spend getting on the same page. I wanted to send this email to ensure that I understood our conversation clearly.

Vendor sent incorrect information on the return envelope to Humboldt County voters: "...penalty of perjury that you are a resident of *White Pine* County."

A decision was made by the County Clerk to accept these erroneous envelopes as is, and the

voter may write Humboldt county on the envelope if they wish. The Clerk also ordered corrected envelopes to arrive to all voters mid next week. The Clerk will accept either the new envelope or the old as stated above.

If any of this is inaccurate, please let me know at your earliest convenience.

We reviewed the attached Certificate of Ascertainment issued by the Governor's office, and noted that the Certificate contains the names of the Alternate Electors selected by the Nevada Republican Party at our convention, rather than the names of the Presidential Electors.

Per the attached forms filed in person with your office earlier this year, note that the presidential electors should be:

Michael J. McDonald
James DeGraffenreid
Durward James Hindle III
Jesse Law
Eileen Rice
Shawn Meehan

The Alternate Presidential Electors who are currently listed on the Certificate of Ascertainment are:

Jolette Gowens
Christopher Carr
James Marchant
Patrick Casale
Joseph Burdzinski
Ronald Doumani

We respectfully request that your office work with the Governor's office to correct this error and list the correct GOP electors on an amended Certificate of Ascertainment to be submitted to the United States Senate as soon as possible so that the records are correct prior to the vote of the Electoral College. Please provide a copy of the corrected Certificate when completed and transmitted.

Quick update...Humboldt County anticipates having the new ballot return envelopes by Friday; however, they probably won't go out until early next week because the county also needs to obtain outbound mailing envelopes in which to send the new ballot return envelopes.

Hi Jessie,

Yes, your understanding is correct. Voters in Humboldt County will all be sent a new ballot return envelope and a letter explaining the error sometime next week. Voters in Humboldt County who want to vote by mail can wait until they receive their new ballot return envelope to vote, or they can vote now using the envelope with the incorrect information on it. If the voter wishes, the voter can cross out the words "White Pine" on the ballot return envelope and write in "Humboldt," but this is not necessary. No mail ballots will be rejected in Humboldt County if they are returned using the envelope with the incorrect information.

One clarification, although it's not really important, is that this was more of a county error than a vendor error. The vendor sent a proof to the county for review and sign off before they started printing the ballot return envelopes. The White Pine County typo was on the proof sent to Humboldt County, and the county didn't catch it. They approved the proof with the typo on it.

Have a good weekend!

Mr. Thorley,

I wanted to email and follow up on our conversation. Thank you for the few minutes we could spend getting on the same page. I wanted to send this email to ensure that I understood our conversation clearly.

Vendor sent incorrect information on the return envelope to Humboldt County voters: "... penalty of perjury that you are a resident of *White Pine* County."

A decision was made by the County Clerk to accept these erroneous envelopes as is, and the

voter may write Humboldt county on the envelope if they wish. The Clerk also ordered corrected envelopes to arrive to all voters mid next week. The Clerk will accept either the new envelope or the old as stated above.

If any of this is inaccurate, please let me know at your earliest convenience.

Hi Robin Titus I'm sending this to different legislators in Nevada informing them of possible voting fraud in their districts. My phone number used to belong to Edward Cisneros who is registered in Carson City NV but according to the Secretary of State office has not voted. I have since Nov 3rd received over 20 phone calls and voice messages from the Democrat party voters assistance team in Clark County, Washoe County, Lander County, and Carson City NV all claiming they have either a missing or unsigned ballot that needs to be corrected or "cured". This really

looks like an attempt to get someone to illegally vote multiple times or else why are all these different counties claiming to have his ballot? According to the Secretary of State there are 2 Edward Cisneros registered in Clark County and there's no way of knowing if they're duplicates. In fact she said there's no way of knowing whether someone has moved or even died before sending out ballots to all these people! I hope someone can address this so we can be assured fraud is not occurring and we can have faith and trust in our most important aspect of a free society which is a fair and accurate voting process.

We reviewed the attached Certificate of Ascertainment issued by the Governor's office, and noted that the Certificate contains the names of the Alternate Electors selected by the Nevada Republican Party at our convention, rather than the names of the Presidential Electors.

Per the attached forms filed in person with your office earlier this year, note that the presidential electors should be:

Michael J. McDonald
James DeGraffenreid
Durward James Hindle III
Jesse Law
Eileen Rice
Shawn Meehan

The Alternate Presidential Electors who are currently listed on the Certificate of Ascertainment are:

Jolette Gowens
Christopher Carr
James Marchant
Patrick Casale
Joseph Burdzinski
Ronald Doumani

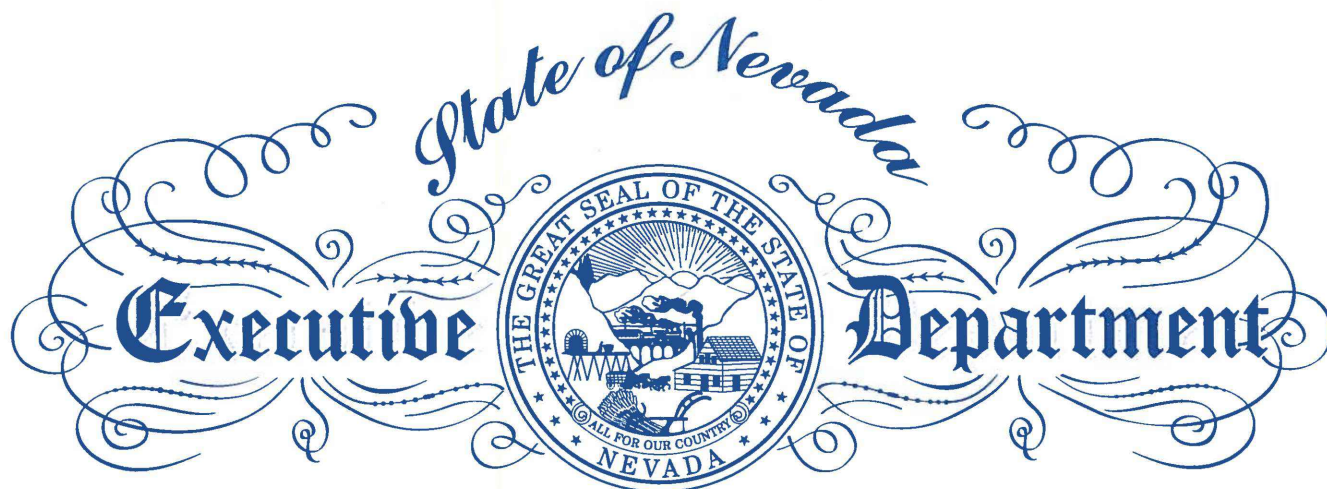

We respectfully request that your office work with the Governor's office to correct this error and list the correct GOP electors on an amended Certificate of Ascertainment to be submitted to the United States Senate as soon as possible so that the records are correct prior to the vote of the Electoral College. Please provide a copy of the corrected Certificate when completed and transmitted.
