Hi Janine,

I have an allegation that needs addressing related to performance of poll officer duties in public.

I need to know from area supervisor George Smith and from the poll manager of Turner Chapel Cathedral if Turner Chapel Cathedral had its doors closed to the public on June 9, 2020 while poll officers were completing the tabulation of votes, election paperwork, and similar functions after the close of the polls.

Also, I need individual statements from the poll workers who worked the polls at Turner Chapel Cathedral describing their June 9, 2020 encounter/experience with Balbona to better understand why the police were called. They can call me directly and I can interview them over the phone.

i do not recall the individual that initiated the attached affidavit. I can say categorically that i have never approved or personally nor instructed anyone to create a ballot when a signature did not match the signature we had on file. I have followed department's procedures and asked for a second opinion if i was unsure. Only then would an application be processed.

My instructions was and are as follows:

If the signature matches, process the application. If there the signature is questionable, ask a supervisor's opinion and follow the supervisor's recommendation.

If the supervisor is unsure, set the application aside and a separate person/team will do a final review and if still questionable, they will follow the appropriate action which normally would be a rejection of application and a letter notifying the voter so that they can reapply.

It is entirely possible that I may have added that the voter's signature will be checked again when the ballot is return by a different person to verify the signature and that the intended voter received and returned their ballot.

i want to emphasize again that i have never nor instructed anyone to process an application when the signature did not match nor disregarded departmental procedures.

It is not uncommon for new employees to look at only one document rather than all available (non-application) documents and for more experienced staff to see the patterns in the signatures over time.

The misunderstanding may have been in the fact that we do try to give the voter the benefit of the doubt when possible when we are looking at applications, while holding the ballots to a higher standard with more vigorous scrutiny.

The supervisor in question, we believe, was Ken Parmer. We did clarify to him that mismatched signatures on applications did need a second set of eyes to verify or deny. At that time, all mismatched signatures were to have a supervisor look at them, then a problem coversheet added to be sent to Allison. It is not uncommon for new employees to look at only one document rather than all available (non-application) documents and for more experienced staff to see the patterns in the signatures over time.

The misunderstanding may have been in the fact that we do try to give the voter the benefit of the doubt when possible when we are looking at applications, while holding the ballots to a higher standard with more vigorous scrutiny.

I am attaching the Signature Verification procedures that we use and a copy of the Application Problem sheet that we attach.

There is no truth to their claim that ballots were being destroyed. We are required by law to retain ballots, applications and the signature envelopes for 2 years. What they showed on twitter were the inner privacy sleeve/envelopes that are not required to be retained and have no evidentiary value. Basically they are trash, but our practice is to shred everything so that voter PII is not unintentionally made available in the regular trash.

We put out a statement on our website shortly after this went viral: <https://www.cobbcounty.org/elections/news/document-shredding-jim-r-miller-park>

Subject: FW: types of docs we shred

Board members,

There is something out on Twitter that is making our phones blow up. We routinely have items that we need to shred rather than throw in the regular trash. This morning our shredding company came out and shredded several bins. Someone took video and posted it saying it was ballots. You may also be getting phone calls. The list of items that were shredded are below. No ballots and no oath envelopes are shredded at any time.

Subject: types of docs we shred

This is a list of the types of things that we put in the shred bin:

- Mailing labels (with voter info) that are incorrect or if we've printed too many
- Copies of apps printed from OnBase if we are looking for something (the originals are filed in evidence)
- Copies of outdated or changed procedures, policies, forms, notes, or form letters
- Regular and third party envelopes with voter info on them
- Reports when we are finished doing 'check off the list' steps
- Sticky notes and phone messages with voter phone #s or email addresses
- White privacy envelopes after the election is certified.
- Old emails when we have a more current response in the chain
- Duplicates of faxed applications (when voters faxes multiples copies of the same app all at the same time)
- There was a tub or two of applications we had copied for the December election and labels that we put in the shredder when the elections were combined

Basically, the rule is to put anything with voter information or policies/procedures/forms in the shredder rather than the trash after we are finished with them. Originals of everything useful go into evidence, files, OnBase or all three.

All –

Howdy – Konstantin with CNN here. I am working on a story surrounding the possibility (or not) of deceased voters casting ballots. Specifically, I am following up on the claim that was made by President Trump's campaign that a deceased woman, Deborah Christiansen, had a vote cast in her name.

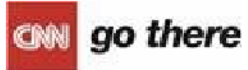

So, I was wondering – can you confirm whether a voter with the name Deborah Christiansen case a ballot in Cobb County for the 2020 election?

Thanks!

Sorry for the delay. We have done research and this was issued from the portal, which means we have nothing except what the voter put in the system. At this time we were not printing reports from the portal. We started doing that after the 20th. I was going to call the voter because we had a message from the Call Center. I'm not really sure what to tell her. Whoever applied for her had her DL #.

Location of Violation: Request for an absentee ballot

Description of Violation: I requested an absentee mail ballot for the senate runoff in January. I received notifications that it was mailed to me but I never received it.

My husband received his ballot even though he requested it two weeks after I did.

I checked the status of my ballot today and it said canceled.

I called to find out why and they said they mailed my ballot to a home in Augusta and it came back undeliverable. I don't, and never have, live in Augusta, GA. I have lived in my residence since 2007 and my current address is the one I have on file with the voter site.

I contacted Cobb County and was told that I will receive a call from a supervisor once one is available to speak to me. I have not received a call yet.

I don't understand how my absentee ballot went to a home in Augusta.

Greetings,

The attached voters requested and one returned an AB. It appears it was received too late to count. However, they are both also registered in Wisconsin and requested and cast ABs there. Can you look to see what your records say?

Thank you,

Frances,

I just got a call from one of our Commissioners and he said he got a report that voters in the Sharon Cooper district are receiving ballots that look official but only have Democratic names on them. He called it a Democratic Mailer. He said he knows of 2 people who voted it and returned it as official. Seems far-fetched to me, but it rang a bell with this complaint you sent. I asked the Commissioner to get the names of the voters if he could.

ENet shows she was issued a ballot for precinct TM01 combo 653, which is where she is registered:

Absentee Ballot Serial #: 035209TM01 00653G

That ballot image is attached. She doesn't appear to have spoiled the ballot if she thought it was wrong. We accepted the returned ballot on 10/26.

Good Morning

It was reported to our office that the above listed voters came into to vote in the Nov 03, Election and were advised the system indicated they had already voted. Can you please advise what you know concerning these voters. Were they listed in the system as having requested , received, or returned an AB?

Was there others that had similar indications? If so did you find any common indicator as to why they were listed as already voted in the system?

I appreciate your feedback

Location of Violation: Request for an absentee ballot

Description of Violation: I requested an absentee mail ballot for the senate runoff in January. I received notifications that it was mailed to me but I never received it.

My husband received his ballot even though he requested it two weeks after I did.

I checked the status of my ballot today and it said canceled.

I called to find out why and they said they mailed my ballot to a home in Augusta and it came back undeliverable. I don't, and never have, live in Augusta, GA. I have lived in my residence since 2007 and my current address is the one I have on file with the voter site.

I contacted Cobb County and was told that I will receive a call from a supervisor once one is available to speak to me. I have not received a call yet.

I don't understand how my absentee ballot went to a home in Augusta.

Trent,

I believe that that part of 21-2-219 is for a person who has never lived in the USA. There is information about UOCAVA residence here: <https://www.fvap.gov/citizen-voter/voting-residence>

I have also added Lisa Kinnemore, military liaison, to this and she can probably explain it better.

We have changed the voter's designation to OSP, so she will only get federal ballots now.

Hey Janine,

Regarding this voter again. Over the phone when we discussed this, I was under the impression that the voter needed to be registered as having the local court house as her address, however you advised that her previous address was okay to use, unless I misheard you. For the purposes of my report I have been unable

to find the previous address part in the election law. Some of these code sections can be easy to miss and It would be helpful if you are able to direct me to the proper section.

What I've been able to find so far is 21-2-219 C: Permanent overseas citizens shall only be authorized to vote for presidential electors and United States senator or representative in Congress. Permanent overseas citizens shall be deemed to be residents of the precinct in which the county courthouse is located.

Also, since she was listed as a Temp overseas voter, did she get the full ballot that others who live in her area would have received, or did she just get federal candidates?

Thanks again,

Good Evening. I was informed by my lead day worker of an incident involving a voter wearing a shirt with a candidates name. Unfortunately, I was told this person had already exited the secure area, before this was observed. I regret to say, I do not have the voters name. I have questioned every poll worker at my location and no one admits to advising a voter to "cover their shirt with a application". This is unacceptable and will be promptly addressed with everyone here.

Please let me know if you have any questions.

Location of Violation: Ward Recreation Center early voting location

Description of Violation: Voter, age approx. 20, female, allowed to enter the voting premises wearing a Biden/Harris shirt. Poll workers did not make her turn it inside out but instead told her to use her election piece of paper (the one that says Oath of Elector) to cover the markings. It's posted in multiple locations that campaigning is prohibited, including t-shirts, within the voting area. She should be forced to change, as this is a clear violation of the law.

Female, navy shirt Biden, white pants. Came to polling location with much older man in purple shirt and jeans.

Janine,

Thank you for your response. There might have been a misunderstanding what I was reporting based upon what you wrote.

My main concern was that we both requested absentee ballots at the same time for the general election and only mine was sent. Either hers was not sent because of an error from the post office delivering it to you or something internal on your end when it was received. I did receive the ballot in time to have been able to use it, it was requested only in the event that I would physically be unable to vote in person. That honor is very important to me, Especially this year more than ever to be able to exercise my right in person.

You mentioned that the absentee ballot for the runoff was sent to my wife because she requested it, I'm sorry but that is not true, she never requested one so had to be an error on your end I'm sorry to say.

Whoever I spoke with on the phone when reporting this also confirm she had not requested a phone conversation with Jennie Mayes this week.

Mr. Benson,

Your wife Karen requested an absentee ballot for the upcoming runoff that we processed on 11/16/2020. It was mailed to your home address. The message you received is likely because your wife signed up to get notifications from BallotTrax.com.

For the general election we only received a request from you and that ballot was issued on 10/13/2020. I'm sorry you did not get it in time to vote absentee. I see you both were able to vote at your regular poll on 11/3/2020.

I received a message yesterday stating my January runoff absentee ballot is in the mail. I never requested this and called the Cobb office again, they also confirmed that I had not requested a ballot. Upon checking for my wife they showed a ballot was mailed to her even though they confirmed that she had not requested one. It arrived in todays mail.

If we can not get something as simple as voting to work right without fraud and incompetence then it is time to apologize to our ancestors for wasting their shed blood for this precious privilege.

Good Morning

It was reported to our office that the above listed voters came into to vote in the Nov 03, Election and were advised the system indicated they had already voted. Can you please advise what you know concerning these voters. Were they listed in the system as having requested , received, or returned an AB?

Was there others that had similar indications? If so did you find any common indicator as to why they were listed as already voted in the system?

I appreciate your feedback

Good Evening. I was informed by my lead day worker of an incident involving a voter wearing a shirt with a candidates name. Unfortunately, I was told this person had already exited the secure area, before this was observed. I regret to say, I do not have the voters name. I have questioned every poll worker at my location and no one admits to advising a voter to "cover their shirt with a application". This is unacceptable and will be promptly addressed with everyone here.

Please let me know if you have any questions.

Location of Violation: Ward Recreation Center early voting location

Description of Violation: Voter, age approx. 20, female, allowed to enter the voting premises wearing a Biden/Harris shirt. Poll workers did not make her turn it inside out but instead told her to use her election piece of paper (the one that says Oath of Elector) to cover the markings. It's posted in multiple locations that campaigning is prohibited, including t-shirts, within the voting area. She should be forced to change, as this is a clear violation of the law.

Female, navy shirt Biden, white pants. Came to polling location with much older man in purple shirt and jeans.

Good Evening. I was informed by my lead day worker of an incident involving a voter wearing a shirt with a candidates name. Unfortunately, I was told this person had already exited the secure area, before this was observed. I regret to say, I do not have the voters name. I have questioned every poll worker at my location and no one admits to advising a voter to "cover their shirt with a application". This is unacceptable and will be promptly addressed with everyone here.

Please let me know if you have any questions.

Location of Violation: Ward Recreation Center early voting location

Description of Violation: Voter, age approx. 20, female, allowed to enter the voting premises wearing a Biden/Harris shirt. Poll workers did not make her turn it inside out but instead told her to use her election piece of paper (the one that says Oath of Elector) to cover the markings. It's posted in multiple locations that campaigning is prohibited, including t-shirts, within the voting area. She should be forced to change, as this is a clear violation of the law.

Female, navy shirt Biden, white pants. Came to polling location with much older man in purple shirt and jeans.

Good Evening. I was informed by my lead day worker of an incident involving a voter wearing a shirt with a candidates name. Unfortunately, I was told this person had already exited the secure area, before this was observed. I regret to say, I do not have the voters name. I have questioned every poll worker at my location and no one admits to advising a voter to "cover their shirt with a application". This is unacceptable and will be promptly addressed with everyone here.

Please let me know if you have any questions.

Location of Violation: Ward Recreation Center early voting location

Description of Violation: Voter, age approx. 20, female, allowed to enter the voting premises wearing a Biden/Harris shirt. Poll workers did not make her turn it inside out but instead told her to use her election piece of paper (the one that says Oath of Elector) to cover the markings. It's posted in multiple locations that campaigning is prohibited, including t-shirts, within the voting area. She should be forced to change, as this is a clear violation of the law.

Female, navy shirt Biden, white pants. Came to polling location with much older man in purple shirt and jeans.

Hey Janine,

Regarding this voter again. Over the phone when we discussed this, I was under the impression that the voter needed to be registered as having the local court house as her address, however you advised that her previous address was okay to use, unless I misheard you. For the purposes of my report I have been unable to find the previous address part in the election law. Some of these code sections can be easy to miss and It would be helpful if you are able to direct me to the proper section.

What I've been able to find so far is 21-2-219 C: Permanent overseas citizens shall only be authorized to vote for presidential electors and United States senator or representative in Congress. Permanent overseas citizens shall be deemed to be residents of the precinct in which the county courthouse is located.

Also, since she was listed as a Temp overseas voter, did she get the full ballot that others who live in her area would have received, or did she just get federal candidates?

Thanks again,

We talked about this one before briefly, Just wanted to give you an update since she is still registered as a voter in your county. After an interview she advised me that she is a permanent resident of Canada but is still a U.S. Citizen. She advised me that she has received a ballot in the mail for the upcoming election.

Location of Violation: Ward Recreation Center early voting location

Description of Violation: Voter, age approx. 20, female, allowed to enter the voting premises wearing a Biden/Harris shirt. Poll workers did not make her turn it inside out but instead told her to use her election piece of paper (the one that says Oath of Elector) to cover the markings. It's posted in multiple locations that campaigning is prohibited, including t-shirts, within the voting area. She should be forced to change, as this is a clear violation of the law.

Female, navy shirt Biden, white pants. Came to polling location with much older man in purple shirt and jeans.

Good Evening. I was informed by my lead day worker of an incident involving a voter wearing a shirt with a candidates name. Unfortunately, I was told this person had already exited the secure area, before this was observed. I regret to say, I do not have the voters name. I have questioned every poll worker at my location and no one admits to advising a voter to "cover their shirt with a application". This is unacceptable and will be promptly addressed with everyone here.

Please let me know if you have any questions.

Description of Violation: I have not lived in Georgia or voted in Georgia since 2015. I am currently a resident of Arizona and voted here in the 2020 election. During this election I kept getting text messages stating that my Georgia Absentee Ballot had been mailed to me. I never requested a Georgia Absentee Ballot, received a Georgia Absentee Ballot, nor voted in Georgia this year. My wife was also receiving text messages about Georgia Absentee Ballot being mailed to her. We claim Arizona as our residence.

I am concerned that with all the voter fraud in this election that someone used my name and voted in the Georgia 2020 presidential election.

I have not been able to find where to check to see if someone has used my name to vote in Georgia.

For whatever reason Georgia still has me as a registered voter. How do I get my name removed as a registered voter?

Good Morning

It was reported to our office that the above listed voters came into to vote in the Nov 03, Election and were advised the system indicated they had already voted. Can you please advise what you know concerning these voters. Were they listed in the system as having requested , received, or returned an AB?

Was there others that had similar indications? If so did you find any common indicator as to why they were listed as already voted in the system?

I appreciate your feedback

Good Morning

It was reported to our office that the above listed voters came into to vote in the Nov 03, Election and were advised the system indicated they had already voted. Can you please advise what you know concerning these voters. Were they listed in the system as having requested , received, or returned an AB?

Was there others that had similar indications? If so did you find any common indicator as to why they were listed as already voted in the system?

I appreciate your feedback

Another lost ball, are we moving forward with this? It will entail printing off the list of voters from West for the day, checking in Enet for time they voted, If they are in the desired time frame looking them up in OnBase to print the AIP Application. Estimate that it would take 4 -5 hours per 100 look ups anticipating they will have interruptions in the process.

Good Evening. I was informed by my lead day worker of an incident involving a voter wearing a shirt with a candidates name. Unfortunately, I was told this person had already exited the secure area, before this was observed. I regret to say, I do not have the voters name. I have questioned every poll worker at my location and no one admits to advising a voter to "cover their shirt with a application". This is unacceptable and will be promptly addressed with everyone here.

Please let me know if you have any questions.

Thank You,

Location of Violation: Ward Recreation Center early voting location

Description of Violation: Voter, age approx. 20, female, allowed to enter the voting premises wearing a Biden/Harris shirt. Poll workers did not make her turn it inside out but instead told her to use her election piece of paper (the one that says Oath of Elector) to cover the markings. It's posted in multiple locations that campaigning is prohibited, including t-shirts, within the voting area. She should be forced to change, as this is a clear violation of the law.

Female, navy shirt Biden, white pants. Came to polling location with much older man in purple shirt and jeans.

It was reported to our office that the above listed voters came into to vote in the Nov 03, Election and were advised the system indicated they had already voted. Can you please advise what you know concerning these voters. Were they listed in the system as having requested , received, or returned an AB?

Was there others that had similar indications? If so did you find any common indicator as to why they were listed as already voted in the system?

I appreciate your feedback

Is there a way to tell if the application was by portal? Maybe it will need to be noted somewhere in eNet, so we don't make fruitless searches for paper.

Good Evening. I was informed by my lead day worker of an incident involving a voter wearing a shirt with a candidates name. Unfortunately, I was told this person had already exited the secure area, before this was observed. I regret to say, I do not have the voters name. I have questioned every poll worker at my location and no one admits to advising a voter to "cover their shirt with a application". This is unacceptable and will be promptly addressed with everyone here.

Please let me know if you have any questions.

Thank You,

Location of Violation: Ward Recreation Center early voting location

Description of Violation: Voter, age approx. 20, female, allowed to enter the voting premises wearing a Biden/Harris shirt. Poll workers did not make her turn it inside out but instead told her to use her election piece of paper (the one that says Oath of Elector) to cover the markings. It's posted in multiple locations that campaigning is prohibited, including t-shirts, within the voting area. She should be forced to change, as this is a clear violation of the law.

Female, navy shirt Biden, white pants. Came to polling location with much older man in purple shirt and jeans.

Good Evening. I was informed by my lead day worker of an incident involving a voter wearing a shirt with a candidates name. Unfortunately, I was told this person had already exited the secure area, before this was observed. I regret to say, I do not have the voters name. I have questioned every poll worker at my location and no one admits to advising a voter to "cover their shirt with a application". This is unacceptable and will be promptly addressed with everyone here.

Please let me know if you have any questions.

Thank You,

Location of Violation: Ward Recreation Center early voting location

Description of Violation: Voter, age approx. 20, female, allowed to enter the voting premises wearing a Biden/Harris shirt. Poll workers did not make her turn it inside out but instead told her to use her election piece of paper (the one that says Oath of Elector) to cover the markings. It's posted in multiple locations that campaigning is prohibited, including t-shirts, within the voting area. She should be forced to change, as this is a clear violation of the law.

Female, navy shirt Biden, white pants. Came to polling location with much older man in purple shirt and jeans.

Good Morning

It was reported to our office that the above listed voters came into to vote in the Nov 03, Election and were advised the system indicated they had already voted. Can you please advise what you know concerning these voters. Were they listed in the system as having requested , received, or returned an AB?

Was there others that had similar indications? If so did you find any common indicator as to why they were listed as already voted in the system?

I appreciate your feedback

I began receiving texts and emails thanking me for voting in the November election in GA and telling me I needed to show for the runoff that Stacy Abrams was counting on me. I checked my GA voter page and found that my registration was changed to Democrat and someone voted fraudulently in my name in the GA General Election

I received a message yesterday stating my January runoff absentee ballot is in the mail. Upon checking for my wife they showed a ballot was mailed to her even though they confirmed that she had not requested one. It arrived in today's mail.

Good Evening. I was informed by my lead day worker of an incident involving a voter wearing a shirt with a candidates name. Unfortunately, I was told this person had already exited the secure area, before this was observed. I regret to say, I do not have the voters name. I have questioned every poll worker at my location and no one admits to advising a voter to "cover their shirt with a application". This is unacceptable and will be promptly addressed with everyone here.

Please let me know if you have any questions.

Thank You,

Location of Violation: Ward Recreation Center early voting location

Description of Violation: Voter, age approx. 20, female, allowed to enter the voting premises wearing a Biden/Harris shirt. Poll workers did not make her turn it inside out but instead told her to use her election piece of paper (the one that says Oath of Elector) to cover the markings. It's posted in multiple locations that campaigning is prohibited, including t-shirts, within the voting area. She should be forced to change, as this is a clear violation of the law.

Female, navy shirt Biden, white pants. Came to polling location with much older man in purple shirt and jeans.

Good Evening. I was informed by my lead day worker of an incident involving a voter wearing a shirt with a candidates name. Unfortunately, I was told this person had already exited the secure area, before this was observed. I regret to say, I do not have the voters name. I have questioned every poll worker at my location and no one admits to advising a voter to "cover their shirt with a application". This is unacceptable and will be promptly addressed with everyone here.

Please let me know if you have any questions.

Location of Violation: Ward Recreation Center early voting location

Description of Violation: Voter, age approx. 20, female, allowed to enter the voting premises wearing a Biden/Harris shirt. Poll workers did not make her turn it inside out but instead told her to use her election piece of paper (the one that says Oath of Elector) to cover the markings. It's posted in multiple locations that campaigning is prohibited, including t-shirts, within the voting area. She should be forced to change, as this is a clear violation of the law.

Female, navy shirt Biden, white pants. Came to polling location with much older man in purple shirt and jeans.

This email is 2 of 3.

This case is regarding the processing of Absentee Ballot Applications. The complainant advises that they were processing absentee ballot applications. The complainant advises that when they brought their stack of signature mismatch absentee ballot applications they were advised that they were to go ahead a process the absentee ballot applications as they would later catch the mismatch on the actual absentee ballot.

I have received the forwarded emails detailing your procedures, the identification of Kenneth Parmer as well as his email statement to your office.

I would like a good contact number for Kenneth Parmer. I am unsure of your office's procedures regarding documentation of the absentee ballot process. If available, do you have a list of how many ballot applications were rejected during this time? If so, is it specific enough to see how many were rejected under each supervisor?

ABSENTEE BALLOT APPLICATION SIGNATURE CURE AFFIDAVIT FORM

This affidavit is for a voter who completed an absentee ballot application and the signature on the application did not match the signature on the voter's file. Follow these instructions in order for your ballot to count.

INSTRUCTIONS

IN ORDER FOR YOUR PROVISIONAL ABSENTEE BY MAIL BALLOT TO COUNT, YOU MUST DO THE FOLLOWING:

1. Return your completed provisional absentee by mail ballot and signed oath by Election Day
2. Complete and sign the affidavit below
3. Make a copy of one of the following forms of identification (ID):
 - Georgia driver's license
 - Valid photo ID card issued by any entity of the state of Georgia, any other state, or the U.S.
 - Valid U.S. passport
 - Valid government employee photo ID
 - Valid U.S. military ID card with photo
 - Valid Tribal ID with photo
 - Current utility bill showing name and address
 - Current government check or paycheck showing name and address
 - Current government document showing name and address
 - Current bank statement showing name and address
4. Return the completed affidavit and the copy of your identification (ID) to your county registrar/election office within three (3) days after the election and by the close of business on the third day. Return can be made by one of the following methods:
 - Deliver personally or through a third party;
 - Fax or email (attach the completed affidavit and copy of identification); or
 - Mail this completed affidavit and copy of identification.

Address and other contact information for each county registrar's office is available at:

<https://elections.sos.ga.gov/Elections/countyregistrars.do>

THIS COMPLETED AFFIDAVIT AND IDENTIFICATION DOCUMENTATION MUST BE RECEIVED BY YOUR COUNTY REGISTRAR/ELECTION OFFICE WITHIN THREE (3) DAYS AFTER THE ELECTION AND BY THE CLOSE OF BUSINESS ON THE THIRD DAY, OR YOUR BALLOT WILL NOT COUNT. DO NOT ENCLOSE THE AFFIDAVIT AND IDENTIFICATION DOCUMENTATION WITH YOUR BALLOT. RETURN SEPARATELY FROM YOUR BALLOT.

AFFIDAVIT

I, the undersigned, do swear (or affirm) under penalty of perjury that I am registered and qualified to vote in the primary, election, or runoff in question; and that I previously completed and returned an absentee ballot application. I further understand that my failure to sign and timely return my provisional absentee ballot and this affidavit with the requested identification documentation will result in my provisional absentee by mail ballot not being counted.

Mr. Benson,

Your wife Karen requested an absentee ballot for the upcoming runoff that we processed on 11/16/2020. It was mailed to your home address. The message you received is likely because your wife signed up to get notifications from BallotTrax.com.

For the general election we only received a request from you and that ballot was issued on 10/13/2020. I'm sorry you did not get it in time to vote absentee. I see you both were able to vote at your regular poll on 11/3/2020.

Description of Violation: General election: absentee ballot for my wife and I were requested, I received mine and she did not. The Cobb Election office said they did not receive her request...both mailed same time??? Postal error or fraud/negligence on the other end.

I received a message yesterday stating my January runoff absentee ballot is in the mail. I never requested this and called the Cobb office again, they also confirmed that I had not requested a ballot. Upon checking for my wife they showed a ballot was mailed to her even though they confirmed that she had not requested one. It arrived in today's mail.

If we can not get something as simple as voting to work right without fraud and incompetence then it is time to apologize to our ancestors for wasting their shed blood for this precious privilege.

Good Evening. I was informed by my lead day worker of an incident involving a voter wearing a shirt with a candidates name. Unfortunately, I was told this person had already exited the secure area, before this was observed. I regret to say, I do not have the voters name. I have questioned every poll worker at my location and no one admits to advising a voter to "cover their shirt with a application". This is unacceptable and will be promptly addressed with everyone here.

Please let me know if you have any questions.

Location of Violation: Ward Recreation Center early voting location

Description of Violation: Voter, age approx. 20, female, allowed to enter the voting premises wearing a Biden/Harris shirt. Poll workers did not make her turn it inside out but instead told her to use her election piece of paper (the one that says Oath of Elector) to cover the markings. It's posted in multiple locations that campaigning is prohibited, including t-shirts, within the voting area. She should be forced to change, as this is a clear violation of the law.

Female, navy shirt Biden, white pants. Came to polling location with much older man in purple shirt and jeans.

Another lost ball, are we moving forward with this? It will entail printing off the list of voters from West for the day, checking in Enet for time they voted, If they are in the desired time frame looking them up in OnBase to print the AIP Application. Estimate that it would take 4 -5 hours per 100 look ups anticipating they will have interruptions in the process.

Good Morning

It was reported to our office that the above listed voters came into to vote in the Nov 03, Election and were advised the system indicated they had already voted. Can you please advise what you know concerning these voters. Were they listed in the system as having requested , received, or returned an AB?

Was there others that had similar indications? If so did you find any common indicator as to why they were listed as already voted in the system?

This case is regarding the processing of Absentee Ballot Applications. The complainant advises that they were processing absentee ballot applications. Description of Violation: General election: absentee ballot for my wife and I were requested, I received mine and she did not. The Cobb Election office said they did not receive her request...both mailed same time??? Postal error or fraud/negligence on the other end.

I received a message yesterday stating my January runoff absentee ballot is in the mail. I never requested this and called the Cobb office again, they also confirmed that I had not requested a ballot. Upon checking for my wife they showed a ballot was mailed to her even though they confirmed that she had not requested one. It arrived in today's mail.

Complaint 1

1. Attached are the VRP representatives we were provided by each of the parties. There appears to be adequate representation from the two parties and the Libertarians during the dates specified in the complaint. We also had alternates to call, but if someone didn't show up we would go ahead and convene a panel as long as we had two parties, (i.e., if the REP did not show, but we had a DEM and LIB).
2. This was held in a county facility with locks, cameras and alarms.
3. There are many doors, so I don't know which door they are referring to. I do know there are empty boxes near the back entrance. They were assembled in preparation for storing election evidence for the Clerk of Superior Court. (Is there an OCGA about stacking boxes?)
4. Again there are several doors, but there were employees at each entrance checking people in.
5. If they mean the empty boxes then no, we don't supervise empty boxes.
6. There is not enough information to even answer this.

Complaint 2

1. The ballot was returned to us on 10/23/20 marked by the USPS as undeliverable, so it was cancelled. It was mailed to 5006 SUNBROOK WAY NW ACWORTH 30101. I don't see any signature mismatch issue.

Complaint 3

1. We received a ballot for Matthew Maloof on 11/3/2020; however, the ballot was issued for the June 9 Primary and so it was rejected as received too late.
2. The hotline was correct, in that Matthew never requested a ballot for the November election.

Complaint 4

I don't have any voter named Shannon Malloy in eNet for Cobb County

Complaint 5

There were food trucks at the Main Elections Office over several days, but I do not know who they were. They were always positioned beyond 150 feet from the building and I never received a complaint that they were campaigning. They were giving food away and were told they cannot sell anything on County Property.

Complaint 6

Mr. White requested a ballot in July for the November election to be sent to 308 GARLAND WOODS CT, APT 30, SMYRNA 30080. The ballot was issued on 9/18/2020 and would have been part of the RunBeck mailing service contracted by the SOS. On 10/13/20 that ballot was cancelled in the system at the voter's request. On 10/14/20 a second ballot was issued to 26680 US-50 LA JUNTA, COLORADO 81050. That would also be within the timeframe in which RunBeck was mailing ballots. That ballot was never returned.

Subject: SOS Investigation SEB2020-184

Hello Janine,

This is my first of three emails regarding Cobb County Related cases. The case number in the subject line is simply for my use (to help me stay organized).

Complaint 1 is regarding procedures during the October 26, 2020 Voter Review Panel. A response to each of the points would be helpful. The points of the complaint are as follows:

1. During the VRP there were times between October 26 and October 29, where there were no Republican representative were present.
2. The building where the VRP was being conducted was not secure.
3. There were many boxes stacked 8-10 feet high adjacent to the door.
4. There was not security at the door.
5. There was no supervision of the boxes.
6. An unknown older male was seen reaching into one of the boxes.

Complaint 2 is from a resident named Baylee Barnard, who resides at 5006 Sunbrook Way, Acworth.

They advised that they requested an absentee ballot which did not arrive. They later received a notice that the ballot was rejected because of a signature mismatch. They advised that they did not submit the ballot. Any available information regarding the mismatched signature and who sent it would be helpful.

Complaint 3 is regarding Matthew Maloof possible address of 4677 Cornell Circle, Marietta.

1. Matthew's mother advised that she dropped off Matthews absentee ballot in the Cobb County Government Office Building before 1pm on 10/30/2020. She advised that she was attempting to confirm that it was accepted and called the registrar's office, who advised that the ballot was rejected for missing the election day deadline.
2. She additionally advised that the Georgia Voter Hotline advised her that the system lists Matthew Maloof as having not requested and was not sent an absentee ballot.

Complaint 4 is regarding Shannon Malloy, who is accused of residing in Massachusetts and having voted by absentee ballot.

A copy of her absentee ballot application and any other documentation regarding her residence or lack thereof would be helpful if available.

Complaint 5 is regarding the food trucks provided by "866 Our Vote" who was out during early voting.

A statement regarding this group and your knowledge about their compliance or violation of the campaigning rules would be helpful.

Complaint 6 is regarding Russell White of 308 Garland Woods Ct. in Smyrna.

Mr. white advised that he requested an absentee ballot which was never received. He was advised by Cobb County elections that a new ballot was sent out which was also never received.

Thanks,

Another lost ball, are we moving forward with this? It will entail printing off the list of voters from West for the day, checking in Enet for time they voted, If they are in the desired time frame looking them up in OnBase to print the AIP Application. Estimate that it would take 4 -5 hours per 100 look ups anticipating they will have interruptions in the process.

Good Evening. I was informed by my lead day worker of an incident involving a voter wearing a shirt with a candidates name. Unfortunately, I was told this person had already exited the secure area, before this was observed. I regret to say, I do not have the voters name. I have questioned every poll worker at my location and no one admits to advising a voter to "cover their shirt with a application". This is unacceptable and will be promptly addressed with everyone here.

Please let me know if you have any questions.

Location of Violation: Ward Recreation Center early voting location

Description of Violation: Voter, age approx. 20, female, allowed to enter the voting premises wearing a Biden/Harris shirt. Poll workers did not make her turn it inside out but instead told her to use her election piece of paper (the one that says Oath of Elector) to cover the markings. It's posted in multiple locations that campaigning is prohibited, including t-shirts, within the voting area. She should be forced to change, as this is a clear violation of the law.

Female, navy shirt Biden, white pants. Came to polling location with much older man in purple shirt and jeans.

This is long string of emails, sorry. This original complaint was from a voter who says he received a precinct card addressed to Lucinda Beth Bleichner, but he lives alone. There is a person by that name registered at his address (reg #06102026) who he does not know. In our trying to track this down, we found what appeared to be a relative and left a voicemail and sent a letter to Ms. Dorcas Bleichner. She called me back today and said that Lucinda is a former daughter-in-law who is a bit of a con artist. She said she wouldn't be at all

surprised if she were involved in something fraudulent. I told Dorcas I would report it to the SOS and asked if an investigator could call her. Her home number is 770-565-4687 and cell is 404-791-0552. She lives at 1957 Kramer Way, Marietta. I don't have the phone number of the original complainant, but his email is in the original message below.

Ms. Eveler,

Although I am certain you remain very busy, I hope you were able to enjoy some time away during the Holiday! I wanted to reach out to you for an update into the matter of someone misusing my address for voting purposes. Democratic party-related mail for the January runoff election is now being sent to my address in the name of Lucinda Beth Bleichner, the unknown individual that does not and has never lived at this address. I would like to ensure this individual is not allowed to defraud the January election results by continuing to utilize my address. What do I need to do in order to do so? Do I need to complete an affidavit or some other legal documentation attesting to the fact that this unknown individual does not live here?

I also had contacted Georgia DDS via their online 'contact us' forms, since it is impossible to speak with someone directly (they have no phone options to speak to any person about such matters). I only received a tacit "form letter" style email response from them. I am concerned that if DDS provided your office incorrect voter information, that some individual also has a Georgia ID/Drivers License that includes my address. Since this could be used for other nefarious purposes, I am obviously concerned about those ramifications. Do you have contact information for anyone at Georgia DDS with whom I can discuss the situation? And lastly, should I reach out to the Cobb County Sheriffs Office to assist in the matter, as well?

I very much appreciate your efforts to figure out how and what happened; and hope that you can provide me with suggestions for any additional steps I need to take.

Hi Janine,

Thank you for responding. My address is as follows:

2007 Kinridge Trail, Marietta, GA 30062

I am the sole resident since 2003; and the registration sent to this address mentioned below does not appear to be a prior resident, either. Please let me know if you need any additional information.

Thanks, Robert

I wanted to make you aware that there was a voter registration card sent to my address in my mailbox today. The registration was not for me, the sole resident for 17 years, nor for any prior resident at this address. I reported it to the Cobb County Elections Board, who confirmed the found it and that it had been set up through DDS (I assume that's Georgia DDS). I called their offices, but they were not accepting calls directly. Please provide any suggestions you may have for next steps. Obviously I am concerned about multiple issues from voter fraud to identity theft at this point.

Thanks, Robert

We will work on this today and possibly tomorrow, depending on how long it takes to export. I plan to send you a Citrix Sharefile link that includes the data you can download along with the video player. Since it is an investigation we will keep the videos in their native format with the specific player you will need to view. Will the link work for you or do you prefer to get the videos some other way?

We were looking for the tape in other places in case it was misplaced. The scanner then had to be retrieved from the poll and the ballots from the Prep Center before we could rescan the ballots. At the same time, we were still counting absentee and provisional ballots, so there was a lot to do before certification.

Hi Janine,

I have an allegation that needs addressing related to performance of poll officer duties in public.

I need to know from area supervisor George Smith and from the poll manager of Turner Chapel Cathedral if Turner Chapel Cathedral had its doors closed to the public on June 9, 2020 while poll officers were completing the tabulation of votes, election paperwork, and similar functions after the close of the polls.

Also, I need individual statements from the poll workers who worked the polls at Turner Chapel Cathedral describing their June 9, 2020 encounter/experience with Balbona to better understand why the police were called. They can call me directly and I can interview them over the phone.

Thank you.

AFFIDAVIT OF MORGAN WHITE

Comes now, Morgan White, and after being duly sworn makes the following statement under oath

1. My name is Morgan White.
2. I am over the age of 21 years, and I am under no legal disability which would prevent me from giving this declaration. If called to testify, I would testify under oath to these facts.
3. I reside at 496 Barnes Mill Dr., Marietta, GA 30062
4. I worked in Cobb County for the Parks and Recreation Department.
5. In April and into May, 2020, I was assigned to help process absentee ballot applications in Cobb County.
6. There were three rooms of people working to process the absentee ballot applications. There were 30 or more people in each room.
7. I worked this process for approximately five days.
8. I personally processed hundreds of applications a day.
9. During the work processing absentee ballot applications there were people assigned to separate ballot applications into stacks for Democratic and Republican applications.
10. I was given stacks of either Democratic or Republican ballot applications.

11. My job was to continue processing the absentee ballot applications. Part of the process involved checking the signatures. For each application, I would scan a barcode. The signature would be brought up on my computer. The signature on the computer would be from a driver's license or other documents.

12. If the signatures matched, I would continue processing the application.

13. I was told to put to the side any absentee ballot applications where the signature did not match.

14. There were some applications I could tell the signatures did not match what was on the screen. There were some I thought there was no way the same person who signed the application signed the signature on the screen. I put any applications where the signatures did not match in a separate stack.

15. I called the supervisor to ask what to do with the stack of signatures that did not match. I showed the supervisor the signature from the computer and the signature on the application.

16. The supervisor, who was a man, said it is ok, go ahead and go forth with processing the application. In other words, go ahead and process the application in the same manner as the applications where the signatures matched.

17. I asked why we were putting applications to the side when the signatures did not match if we were going to process them in the same manner.

18. The supervisor said that the people who process the ballots when the actual vote comes in would catch the mismatched signatures.

19. The environment to process absentee ballot applications was unsecure, and phones and bags were allowed.

20. It was possible for fraud to occur because of these lax security measures.

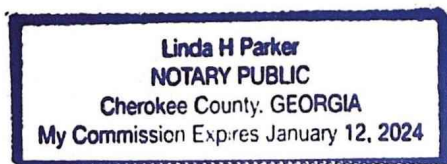

I declare under penalty of perjury that the foregoing is true and correct.

Executed this 22nd day of November, 2020.

i do not recall the individual that initiated the attached affidavit. I can say categorically that i have never approved or personally nor instructed anyone to create a ballot when a signature did not match the signature we had on file. I have followed department's procedures and asked for a second opinion if i was unsure. Only then would an application be processed.

My instructions was and are as follows:

If the signature matches, process the application. If there the signature is questionable, ask a supervisor's opinion and follow the supervisor's recommendation.

If the supervisor is unsure, set the application aside and a separate person/team will do a final review and if still questionable, they will follow the appropriate action which normally would be a rejection of application and a letter notifying the voter so that they can reapply.

It is entirely possible that I may have added that the voter's signature will be checked again when the ballot is return by a different person to verify the signature and that the intended voter received and returned their ballot.

i want to emphasize again that i have never nor instructed anyone to process an application when the signature did not match nor disregarded departmental procedures.

i do not recall the individual that initiated the attached affidavit. I can say categorically that i have never approved or personally nor instructed anyone to create a ballot when a signature did not match the signature we had on file. I have followed department's procedures and asked for a second opinion if i was unsure. Only then would an application be processed.

My instructions was and are as follows:

If the signature matches, process the application. If there the signature is questionable, ask a supervisor's opinion and follow the supervisor's recommendation.

If the supervisor is unsure, set the application aside and a separate person/team will do a final review and if still questionable, they will follow the appropriate action which normally would be a rejection of application and a letter notifying the voter so that they can reapply.

It is entirely possible that I may have added that the voter's signature will be checked again when the ballot is return by a different person to verify the signature and that the intended voter received and returned their ballot.

i want to emphasize again that i have never nor instructed anyone to process an application when the signature did not match nor disregarded departmental procedures.

This email is 2 of 3.

This case is regarding the processing of Absentee Ballot Applications. The complainant advises that they were processing absentee ballot applications. The complainant advises that when they brought their stack of signature mismatch absentee ballot applications they were advised that they were to go ahead and process the absentee ballot applications as they would later catch the mismatch on the actual absentee ballot.

I have received the forwarded emails detailing your procedures, the identification of Kenneth Parmer as well as his email statement to your office.

I would like a good contact number for Kenneth Parmer. I am unsure of your office's procedures regarding documentation of the absentee ballot process. If available, do you have a list of how many ballot applications were rejected during this time? If so, is it specific enough to see how many were rejected under each supervisor?

Hello Janine,

This is my first of three emails regarding Cobb County Related cases. The case number in the subject line is simply for my use (to help me stay organized).

Complaint 1 is regarding procedures during the October 26, 2020 Voter Review Panel. A response to each of the points would be helpful. The points of the complaint are as follows:

1. During the VRP there were times between October 26 and October 29, where there were no Republican representative were present.
2. The building where the VRP was being conducted was not secure.
3. There were many boxes stacked 8-10 feet high adjacent to the door.
4. There was not security at the door.
5. There was no supervision of the boxes.
6. An unknown older male was seen reaching into one of the boxes.

Complaint 2 is from a resident named Baylee Barnard, who resides at 5006 Sunbrook Way, Acworth.

They advised that they requested an absentee ballot which did not arrive. They later received a notice that the ballot was rejected because of a signature mismatch. They advised that they did not submit the ballot. Any available information regarding the mismatched signature and who sent it would be helpful.

Complaint 3 is regarding Matthew Maloof possible address of 4677 Cornell Circle, Marietta.

1. Matthew's mother advised that she dropped off Matthews absentee ballot in the Cobb County Government Office Building before 1pm on 10/30/2020. She advised that she was attempting to confirm that it was accepted and called the registrar's office, who advised that the ballot was rejected for missing the election day deadline.
2. She additionally advised that the Georgia Voter Hotline advised her that the system lists Matthew Maloof as having not requested and was not sent an absentee ballot.

Complaint 4 is regarding Shannon Malloy, who is accused of residing in Massachusetts and having voted by absentee ballot.

A copy of her absentee ballot application and any other documentation regarding her residence or lack thereof would be helpful if available.

Complaint 5 is regarding the food trucks provided by “866 Our Vote” who was out during early voting.

A statement regarding this group and your knowledge about their compliance or violation of the campaigning rules would be helpful.

Complaint 6 is regarding Russell White of 308 Garland Woods Ct. in Smyrna.

Mr. white advised that he requested an absentee ballot which was never received. He was advised by Cobb County elections that a new ballot was sent out which was also never received.

Thanks,

Hi Janine,

I have an allegation that needs addressing related to performance of poll officer duties in public.

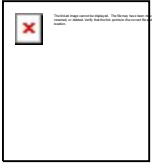

I need to know from area supervisor George Smith and from the poll manager of Turner Chapel Cathedral if Turner Chapel Cathedral had its doors closed to the public on June 9, 2020 while poll officers were completing the tabulation of votes, election paperwork, and similar functions after the close of the polls.

Also, I need individual statements from the poll workers who worked the polls at Turner Chapel Cathedral describing their June 9, 2020 encounter/experience with Balbona to better understand why the police were called. They can call me directly and I can interview them over the phone.

Thank you.

Good morning! At this point we cannot figure out why it went to Augusta. Her last ballot went to her home which is what was requested (so there was no 'leftover' address that would have been picked up) and she does state that she has never requested a ballot to go to Augusta. This was an application thru the portal, to the best of our knowledge.

We will continue to research.

Location of Violation: Request for an absentee ballot

Description of Violation: I requested an absentee mail ballot for the senate runoff in January. I received notifications that it was mailed to me but I never received it.

My husband received his ballot even though he requested it two weeks after I did.

I checked the status of my ballot today and it said canceled.

I called to find out why and they said they mailed my ballot to a home in Augusta and it came back undeliverable. I don't, and never have, live in Augusta, GA. I have lived in my residence since 2007 and my current address is the one I have on file with the voter site.

I contacted Cobb County and was told that I will receive a call from a supervisor once one is available to speak to me. I have not received a call yet.

I don't understand how my absentee ballot went to a home in Augusta.

OFFICE OF THE SECRETARY OF STATE
STATEMENT FORM

File Number:

File Name:

Date: 08/07/2020

Time: 11:30 am

Place: WEST Satellite (Cobb)

Regarding the photography incident at West Cobb Satellite 08/07/2020 around 11:30am. Voter #03185288 (Kamala Hunter) came in to vote at 10:59am. She was with her son, voter #12729113 (Miles Hunter). They received their card and stylus to vote at the BMD around 11:03am. The two voters proceeded to walk to a seating area near the entrance, that was not marked "Secure space" to "check their cell phones for candidate information" and to view the Sample Ballots. Comer Jones (Day Worker) informed me that he saw Voter # 03185288 photographing the "sample ballots" with her cell phone. She was told by Comer Jones that photographs were not allowed. Also, located on a building column directly above the Sample Ballots, there is a posted sign stating: No Cell Use/Photography/Video Allowed. Both voters proceeded to look at their cell phones for around 20-30 minutes. During this time they were asked by the 2 other Day Workers, "Did they need assistance"? At 11:25am, I approached voter #03185288, after hearing her repeated laughter, and observed that the cell phone contents displayed were not related to the voting process (I briefly saw that they were looking at photographs of people). I identified myself and offered assistance. Ms. Hunter said "No", and stated that she was now ready to vote. I asked her to please refrain from cell phone use and photography in the voting area. She stated she would not use her cell phone, and had not taken any pictures. She then asked me: "Who told you I was taking pictures"? I apologized and said the person may have been mistaken. She replied: "I only took pictures of the sample ballots". She then said angrily: "Just leave me alone". Then she proceeded to the BMD. Her son said to her: "I just want to go home". I nodded to him and said, "I am here if you need anything". He proceeded to vote at the BMD. At that point, I stepped outside the building to attend to other business. As Ms. Hunter was voting at the BMD, she said to a Day Worker; "I thought there was supposed to be 5 candidates for this race"? When the day worker spoke to Ms. Hunter she was told: "I did not ask for your help, and had already told you to "leave me alone". The day worker stated that it was the "Manager", (Lisa Picard) whom she had spoken to a few minutes ago. The voter disagreed! Ms. Hunter then said to the Day Worker "I do not want people telling me what I can and cannot do". Both voters cast their ballots, and then left the building. When I re-entered the building, both voters had exited. Later, at the close of the day, Comer Jones told me that he had heard from another election worker, that Ms. Hunter made a passing comment when leaving, something about a discrimination lawsuit. I asked Comer to please have the worker who overheard this comment to come speak to me directly. The Day Worker left that evening without doing so. I informed my supervisor Bonnie Barron of this comment. Note: SOS Inspector visited and approved West Cobb Satellite on 08/04/2020.

Regarding Comer Jones: Mr. Jones sadly passed away in October 2020. He was a reliable and experience election worker /poll manager for many years.

Lisa A. Picard

Manager West Cobb Satellite
