1.3 Background

On Thursday, November 12, 2020, Pro V&V received a request from the Office of the Georgia Secretary of State to perform a Field Audit of the Dominion Democray Suite (D-Suite) 5.5-A Voting System in multiple counties, as selected by the Office, throughout the State. The purpose of this Field Audit was to verify the software/firmware and hardware used during the 2020 General Election was the same as the software/firmware and hardware that were Certified for Use by Georgia's Secretary of State Office.

1.4 System Description

The Democracy Suite 5.5-A Voting System is a paper-based optical voting system consisting of the following major components: the ImageCast Central (ICC) optical ballot scanner, the ImageCast Precinct (ICP) precinct count tabulator, and ImageCast X (ICX) BMD ballot marking device.

ImageCast Central (ICC) Count Scanner

The ICC is a high-speed, central ballot scan tabulator based on Commercial off the Shelf (COTS) hardware, coupled with the custom-made ballot processing application software. It is used for high speed scanning and counting of paper ballots.

ImageCast X (ICX) Ballot Marking Device (BMD)

The ICX consists exclusively of COTS available hardware and operating system, while the applications installed on top customize its behavior to turn it into a Ballot Marking Device (BMD). The ICX is designed to perform the following functions: ballot review and second chance voting, accessible voting, and ballot marking.

AMERICAN OVERSIGHT

GA-SOS-20-2913-000009

ImageCast Precinct (ICP)

The ICP device is a precinct optical scan paper ballot counter designed to provide six major functionalities: ballot scanning, second chance voting, ballot review, tabulation, and poll worker functions.

For ballot scanning functionality the ICP scans marked paper ballots, interprets voter marks on the paper ballots and stores the ballots for tabulation when the polls are closed.

Second Chance voting refers to scenarios in which an error has been detected on the voter's paper ballot (e.g., blank ballot, undervoted ballot, overvoted ballot, misread ballot, cross-over voted ballot), and the ICP notifies the voter by displaying a message or providing an audio visual cue, that one of these situations has been detected, and offers the voter an opportunity to reject and fix their ballot, or to cast the ballot as-is.

The Ballot Review feature allows a voter to review their vote selections using a visual representation, which displays to the voter a complete listing of all contests contained on the ballot and an indication of the results which will be recorded for each contest once the voter's ballot is cast.

The Tabulation of paper ballots cast by voters is performed when the polls are closed on the ICP unit and the unit tabulates the results, generates results files for aggregation into RTR, and prints a results report containing the results of the ballots cast.

For poll worker functions the ICP contains a small touch-screen LCD to allow the poll worker to initiate polling place activities, diagnostics and reports..

1.5 Scope

Pro V&V randomly selected components of the D-Suite system (an ICP, an ICX, and an ICC) from the system in each county that had been utilized in the November 2020 General Election. It was at the discretion of the Pro V&V on-site team which units were subject to verification. The Georgia Secretary of State Office contacted the selected counties and arranged for the Pro V&V team to be granted access to the systems. The selected counties were given less than six hours notice before the Pro V&V team arrived.

2.0 AUDIT OVERVIEW

The evaluation of the D-Suite 5.5-A Voting System consisted of removing a copy of the software/firmware from each component and evaluating the software/firmware against a known SHA-256 hash value outside of the system.

AMERICAN OVERSIGHT

GA-SOS-20-2913-000010

3.0 AUDIT PROCESS AND RESULTS

The following sections outline the audit process that was followed to evaluate the D-Suite 5.5-A Voting System under the scope defined in Section 1.5.

3.1 General Information

The Field Audit was conducted under the guidance of Pro V&V by personnel verified by Pro V&V to be qualified to perform the audit.

3.2 Audit Configuration

An ICX was selected at random from the warehouse in each county. The team member then photographed the seals and the device. All seals that needed to be removed were then removed. After all photographs were taken, the team member inserted a clean USB drive from Pro V&V into left hand access compartment. Next the team member then plugged in the unit and powered it on. At the prompt the team member inserted a Tech Key smart card and selected the option to "Extract Application". The team member then verified the SHA-256 generated by the unit and photographed the popup screen. The team then took the USB drive containing the exported application to a Pro V&V laptop to compare the SHA-256 hash values to the known value from previous testing.

An ICP was selected at random from the warehouse in each county. The team member then photographed the seals and the device. All seals that needed to be removed were then removed. After all photographs were taken, the team member removed any compact flash cards under county supervision and inserted two compact flash cards (one blank and the other containing techextract.enc that was created by Pro V&V during certification testing). The unit was plugged in and powered on. A password was entered and a tech iButton was then read by the ICP and the option to "Extract Firmware" was selected. The compact flash cards, if present, were returned to the same ICP. The team member then took the compact flash card containing the exported firmware to a Pro V&V laptop to compare the SHA-256 hash values to the known value from previous testing.

An ICC was selected at random in each county central office if there were multiple units. The team member then photographed the device. The county provided the creditals to login to the workstation. The Pro V&V team member navigated to the ICC folder on the root of the workstation and copied all application files onto a Pro V&V USB drive. The team member then took the USB drive containing the exported firmware to a Pro V&V laptop to compare the SHA-256 hash values to the known value from previous testing.

AMERICAN OVERSIGHT

GA-SOS-20-2913-000011

3.3 Summary Findings

During the Field Audit, a total of eighteen (18) components located among six (6) counties were evaluated to verify the version of software/firmware running on each device. It was discovered that allversions on all components matched the known certified SHA-256 hash value.

4.0 CONCLUSIONS

Based on the results obtained during the Field Audit, Pro V&V determines the D-Suite 5.5-A Voting System, on all evaluated components, is the voting system certified by the Georgia Secretary of State Office.

OFFICIAL ELECTION BULLETIN

November 24, 2020

TO: **County Election Officials and County Registrars**

FROM: **Chris Harvey, Elections Division Director**

RE: **Determining Residency in Voter Registrations**

There have been numerous social media posts about people "moving" to Georgia solely for the purpose of voting in the January 5, 2021 Runoff elections. We have also heard reports of people who voted in another state in November, but may now "decide" that they want to be residents of Georgia again. Residency is not determined based on what election you want to vote in. In Georgia, residency for voter registration purposes is determined by county registrars applying the factors set forth in O.C.G.A. § 21-2-217 and other relevant statutes.

To be a qualified voter in Georgia, you have to be both a resident of Georgia and the county in which you are registering. O.C.G.A. § 21-2-216(a)(4). Additionally, if you used to be a resident of Georgia but you are no longer one, you cannot legally vote in Georgia even if you are still on the list of registered voters. "No person shall remain an elector longer than such person shall retain the qualifications under which such person registered." O.C.G.A. § 21-2-216(f). As the Attorney General's office recently pointed out:

> **Georgia law provides that it is a felony to either register to vote knowing one does not possess the qualifications for voting in Georgia (O.C.G.A. § 21-2-561) or to attempt to vote knowing one does not possess the qualifications for voting in Georgia (O.C.G.A. § 21-2-571). Those who are found to be in violation could subject themselves to prosecution.**

It is the duty of the county board of registrars to determine the eligibility of each person applying to register to vote in their county. O.C.G.A. § 21-2-226(a). The board of registrars also has the right and is charged with the duty of examining from time to time the qualifications of each elector of the county or municipality whose name is entered upon the list of electors. O.C.G..A. § 21-2-228.

AMERICAN OVERSIGHT

Nothing in this Official Election Bulletin is intended to introduce any new tests, standards, or evaluations than that which have previously existed for the purposes of determining eligibility to register to vote in Georgia.

When reviewing an application for voter registration, the board of registrars shall determine an applicant's residency in Georgia and the county in which the application is submitted, using the criteria set forth in O.C.G.A. § 21-2-217. In determining an applicant's residency, the registrar shall review all available evidence, including any identifying documents submitted with the application.

Each application shall be considered individually.

If the registrar determines that additional evidence is needed to determine residency, the registrar may utilize his or her statutory authority in O.C.G.A. § 21-2-228 to further evaluate the applicant's residency status using the criteria set forth in O.C.G.A. § 21-2-217, as well as other related statutes.

If the registrar cannot determine to his or her satisfaction that the applicant properly resides in Georgia and the county in which the application is submitted, the registrar shall process the application, mark the applicant as "Challenged" in the voter registration system, and initiate a hearing as set forth in O.C.G.A. § 21-2-228. In the event that the applicant is found ineligible, the person shall be notified of the reasons for ineligibility. Such notices shall be sent to the person in writing by non-forwardable, first-class mail at the mailing address listed on the application, and the voter shall be removed from the list of eligible electors. O.C.G.A. § 21-2-226(d) and 228(f).

In determining residency, the registrar shall consider the criteria set forth in O.C.G.A. § 21-2-217.

If the registrar determines that an applicant has submitted false information, the board of registrars shall reject the application and shall refer the application to the district attorney of the county for criminal prosecution. If the false information is not discovered until after the applicant's application has been approved and the applicant's name added to the list of electors, the giving of such false information shall be cause to challenge the applicant's right to remain on the list of electors, which, if sustained, shall result in such applicant's name being removed from the list and the application being submitted to the district attorney of the county for criminal prosecution. O.C.G.A. § 21-2-220(e). The registrar shall also notify the Secretary of State's office in order to initiate a State Election Board investigation.

OF
STATE ELECTION BOARD

CHAPTER 183-1
GEORGIA ELECTION CODE

SUBJECT 183-1-14
ABSENTEE VOTING

TABLE OF CONTENTS

183-1-14-0.8-.14 Secure Absentee Ballot Drop Boxes

RULE 183-1-14-0.8-.14 Secure Absentee Ballot Drop Boxes

(1) County registrars are authorized to establish one or more drop box locations as a means for absentee by mail electors to deliver their ballots to the county registrars. Placing a voted absentee ballot into the drop box shall be deemed delivery pursuant to O.C.G.A. § 21-2-385 and is subject to the limitations on who may deliver a ballot on behalf of an elector.

(2) A drop box shall only be located on county or municipal government property generally accessible to the public.

(3) Drop box locations may open beginning 49 days Election Day prior to any presidential preference primary, general primary other than a municipal general primary, general election other than a municipal general election, or special primary or special election in which there is a candidate for federal office on the ballot and the drop boxes for the aforementioned elections shall close at 7:00 p.m. For a statewide or federal special election or a statewide or federal runoff election, drop box locations may begin opening on the first day of advance voting. On Election Day, every drop box shall be closed and ballots collected at 7:00 p.m. Prior to opening a drop box for a new election, the registrar shall ensure that the drop box is empty. Any person acting on behalf of the registrar who opens a drop box prior to an election must have sworn an oath in the same form as the oath for poll officers set forth in O.C.G.A. § 21-2-95 prior to opening the drop box and shall sign a form indicating that the drop box was empty and secure at the time of opening. Counties shall provide notice of the location of each drop box by posting such information on the home page of the county election website no later than the day the drop boxes are placed in a location.

(4) Drop box locations must have adequate lighting and use a video recording device to monitor each drop box location. The video recording device must either continuously record the drop box location or use motion detection that records one frame, or more, per minute until detection of motion triggers continuous recording.

AMERICAN OVERSIGHT

(5) Video recordings of the drop box locations must be retained by the county registrars for 30 days after the final certification of the election, or until conclusion of any contest involving an election on the ballot in the county jurisdiction, whichever is later, and shall be made available to Secretary of State investigators upon request or to the public, upon request, as soon as possible or at a charge that is not cost prohibitive to the public, if there is a charge.

(6) A drop box shall be constructed of durable material able to withstand vandalism and inclement weather. The opening slot of a drop box shall not allow ballots to be tampered with or removed and shall be designed to minimize the ability for liquid to be poured into the drop box or rain water to seep in.

(7) A drop box shall be securely fastened to the ground or an immovable fixture.

(8) If the drop box utilizes a drop-slot into a building, the ballots must drop into a locked container, and both the drop-slot and the container must be monitored by video recording devices.

(9) A drop box shall be clearly labeled "OFFICIAL ABSENTEE BALLOT DROP BOX". Each drop box location shall clearly display signage developed by the Secretary of State regarding Georgia law related to absentee ballot harvesting and destroying, defacing, or delaying delivery of ballots.

(10) Prior to the second Monday before Election Day, the county registrars must arrange for collection of the ballots from each drop box at least once every 72 hours. Beginning on the second Monday before Election Day and up until 7:00 p.m. on Election Day, the county registrars must arrange for collection of the ballots from each drop box location at least once every 24 hours. On Election Day, every drop box shall be closed and ballots collected at 7:00 p.m. Collection of ballots from a drop box must be made by a team of at least two people. Any person collecting ballots from a drop box must have sworn an oath in the same form as the oath for poll officers set forth in O.C.G.A. § 21-2-95. The collection team shall complete and sign a ballot transfer form upon removing the ballots from the drop box, which shall include the date, time, location and number of ballots. After emptying the drop box on 7:00 p.m. on Election Day, the collection team shall close the drop box and indicate on the ballot transfer form that the drop box was emptied and closed. The ballots from the drop box shall be immediately transported to the county registrar and processed and stored in the same manner as absentee ballots returned by mail are processed and stored. The county registrar or a designee thereof shall sign the ballot transfer form upon receipt of the ballots from the collection team.

SUMMARY
STATE ELECTION BOARD
WEBINAR MEETING
Monday, November 23, 2020 – 8:00 a.m.

As required by O.C.G.A. § 50-14-1(e)(2)(A), the following is a summary of the subjects acted on and the board members present at the meeting.

Chairman Brad Raffensperger called the State Election Board ("Board") meeting to order at approximately 8:03 a.m. A quorum was established for each Board action with the following Board members in attendance: Chairman Brad Raffensperger, Vice Chair Rebecca Sullivan, David Worley, Matthew Mashburn, and Anh Le.

Before the next order of business, Secretary of State General Counsel Ryan Germany informed the Board that the Determination of Residency Rule was removed from the agenda. Chairman Raffensperger requested a motion. David Worley made a motion to accept the amended agenda. Matthew Mashburn seconded the motion. The motion passed with a Board vote of 5-0.

Presentation and Consideration of Emergency Rules
Chairman Raffensperger introduced Ryan Germany to present the Emergency Rules. Mr. Germany presented the rules as follows:

Secure Absentee Ballot Drop Boxes – RULE 183-1-14-0.8-.14
Mr. Germany presented the rule with no changes and asked the Board to adopt the extension of the rule 30 days passed the January 5, 2021 Election.

Anh Le made a motion to amend paragraph 5 by adding the following at the end of the paragraph; "***and members of the public, made through the Secretary of State Investigations Office or directly with the county upon request as quickly as possible and such if there is a charge, such charge cannot be cost prohibitive."***

Matthew Mashburn seconded the motion. The motion passed with a Board vote of 5-0.

Processing Absentee Ballots Prior to Election Day - RULE 183-1-14-0.9-.15
Mr. Germany presented the rule and asked the Board to adopt the extension of the rule (through the January 5th Election) and amended the rule to make processing and scanning mandatory during the last week of early scanning.

Chairman Raffensperger asked the Board to adopt the extension of the rule and the amendment to the rule. Motion carried with Board vote of 5-0.

Adjournment
The Board voted to adjourn the meeting at approximately 9:30 a.m.

Re: *Emergency Rule Procedures for January Run-off Election, Abuse of Absentee Ballot Boxes, and Preservation of Voting Information*

Dear Secretary Raffensperger:

Our Law Firm represents True the Vote and Catherine Engelbrecht in her capacity as President of True the Vote. True the Vote is a non-profit election integrity organization that seeks to empower and equip citizens to ensure that our election process is protected from irregularities, fraud, and exploitation. True the Vote's mission includes providing information to citizens regarding procedures necessary to cast a vote in various elections held throughout the United States. It is within that context that this inquiry is written.

At the November 23rd meeting of the Georgia State Elections Board, there was discussion that certain "emergency rules" would be continued in the January 2021 U.S. Senate run-off election, but there was no vote taken, other than the vote to adjourn the meeting.

One "emergency rule" the Board previously passed appears to authorize the placement of Absentee Ballot Boxes within the State of Georgia. (*See Georgia Election Code Rule § 183-1-14-0.6-14. Secure Absentee Ballot Drop Boxes*).

We note that Georgia Code § 21-2-31 reads as follows; It shall be the duty of the State Election Board:

(1) To supervise and coordinate the work of the office of the Secretary of State, superintendents, registrars, deputy registrars, poll officers, and other officials so as to obtain uniformity in their practices and proceedings and legality and purity in all primaries and elections;

AMERICAN OVERSIGHT

(2) To formulate, adopt, and promulgate such rules and regulations, consistent with law, as will be conducive to the fair, legal, and orderly conduct of primaries and elections.

The implementation of the Board's emergency rule regarding Absentee Ballot Boxes, was anything but, uniform, fair or consistent. Absentee Ballot Boxes were placed mostly in majority Democrat voting strongholds and were nonexistent in area that traditionally support Republican candidates. Ballot box placement was high in number and convenient in urban areas of Georgia but were virtually non-existent in the suburban and rural areas of the state. For example: Fulton County, (534 square miles) had 37 Absentee Ballot Boxes, one for every 14.4 sq. miles; Gwinnet County (437 square miles) had 24 Absentee Ballot Boxes, one for every 18.2 square miles; and Cobb County (area 345 square miles), had 10 Absentee Ballot Boxes, one for every 34.5 square miles.

The State of Georgia has an area of 59,425 square miles, spread over 159 counties. Only 1,316 of those square miles are located in Fulton, Gwinnet and Cobb counties.

The remaining 156 counties cover 58,109 square miles. In these remaining counties there were only 229 Absentee Ballot Boxes, one Absentee Ballot Boxes for every 253.7 square miles.

Given the disparate impact to voters caused by the partisan placement of these Absentee Ballot Boxes, it is both our hope and recommendation that the Board of Elections will not be utilizing them in future elections. However, given the odd conditions of the meeting held on November 23rd, 2020, with limited public notice and no vote, we seek your written opinion on the following:

1. What is the basis for your determination that the Absentee Ballot Drop Boxes are authorized under Georgia law?

2. Which "emergency rules" does the Board intent to continue into the January 2021 election, if any?

3. What is the basis for the Board's decision that these "emergency rules" are necessary?

4. When does the Board intend to host another public forum and take a legal vote on the matter?

True the Vote is also aware of the Consent decree you authorized in Democratic Party of Georgia, et al. v. Raffensperger, et al., Civil Action File No. 1:19-cv-5028-WMR. This consent decree altered Georgia's signature matching and cure procedures relating to absentee ballots. The procedures in the consent decree were specifically limited to use in both the 2020 Presidential Primary and the Nov. 3, 2020, Presidential elections in Georgia. It is our opinion that the consent decree could only have been legally authorized by the State of Georgia General Assembly, but in any case, that it ended with the November 3, 2020 election. Therefore, we seek your written opinion on the following:

AMERICAN OVERSIGHT

1. By what legal authority did the Georgia Secretary of State agree to the specified changes in the consent decree?

2. Will the altered absentee ballot procedures contained in the consent decree be utilized in the U.S. Senate run-off election in January 2021?

Lastly, according to the Board's emergency rule concerning the placement of Absentee Ballot Boxes, county registrars were to arrange for the collection of ballots from each drop box location at least once every 24 hours. Any person collecting ballots from the drop box was to have sworn an oath in the same form as a poll officer, as set forth in O.C.G.A. Sec. 21-2-95. Additionally, the collection team was to have completed and signed ballot transfer forms upon removing the ballots from the drop box, which was to include the date, time, location, and number of ballots collected. Upon the last recovery on election day, the collector was to sign the ballot transfer form and ensure the box was emptied and closed. Once these ballots were transferred the county registrar was required to sign the ballot transfer form confirming receipt. Furthermore, live video feed was always required to be operating on every ballot drop box in the State of Georgia

Please accept this letter as a formal request for preservation of all ballot transfer forms associated with every Absentee Ballot Box that was located in the State of Georgia, the names of all individuals who were employed to transfer ballots from Absentee Ballot Boxes, their oaths of office, and the security video tapes of each Absentee Ballot Box. WE noted that at a recent meeting of the State Elections Board, there was a discussion that preservation of these videos was only required for a period of thirty (30) days. That is incorrect. Per the requirement of 52 USCS § 20701, all records, papers relative to an act of voting must be maintained for a period of twenty-two (22) months from the date of the election for the offices of President, Vice President, etc. and anyone who willfully fails to comply is liable for a fine and or imprisonment.

If your office is not the person/entity currently in possession of the above referenced documents and evidence, we request that this letter be forwarded immediately to the proper agent who can respond appropriately to our request.

Thank you in advance, for your attention to this matter.

Very truly yours,

OFFICIAL ELECTION BULLETIN

November 12, 2020

TO: **County Election Officials and County Registrars**

FROM: **Chris Harvey, Elections Division Director**

RE: **Audit Instructions**

Pursuant to O.C.G.A. § 21-2-498 and SEB Rule 183-1-15-.04, the Secretary has selected the contest for President of the United States to audit. While many risk-limiting audits rely on samples of ballots, the design of risk-limiting audits combined with the margin of this race mean that this risk-limiting audit is required to be a full manual tally of the votes cast. SEB Rule 183-1-15-.04 requires that the Superintendent follow instructions issued by the Secretary of State on how to specifically conduct the audit. While there will be additional instructions issued regarding more specific processes, initial instructions are below:

1. Start and Completion Times

Each county must start their audit no later than 9:00 a.m. on Friday, November 13, 2020 and must complete their audit no later than 11:59 p.m. on Wednesday, November 18, 2020.

Public notice of the date, time, and location of the audit must be posted on the county election office's website, or, if the county election's office does not have a website, in another prominent location.

2. Public Access and Political Party Monitors

The audit shall be open to the public and the press, but no person except the persons designated by the Superintendent shall touch any ballot or ballot container. The Superintendent shall designate a viewing area from which members of the public and press may observe the audit for the purpose of good order and maintaining the integrity of the audit. The Superintendent may also choose to make the audit proceeding available via livestream or webcast. If any member of the public or press interferes with

AMERICAN OVERSIGHT

the process or persists in not following reasonable regulations and instructions set by the Superintendent, that person shall be removed.

The State Executive Committee of each political party (Republicans and Democrats) shall have the right to have one properly designated person act as monitor of the audit for each ten audit teams that are conducting the audit, with a minimum of two designated monitors in each county per party per room where the audit is being conducted. Properly designated monitors shall have complete access to monitor the audit. They do not have to remain in the public viewing areas. The designated monitors shall be given a letter by the designating entity containing the name of the monitor, his or her address, and the county in which he or she may monitor the audit. A copy of the letter shall be delivered to the county elections superintendent prior to the monitor being allowed to monitor the process. The designating entity shall provide their monitors with name tags that clearly indicate their names and the entity the designated them. Such name tags shall be worn at all times while monitoring the audit.

The Superintendent may make reasonable regulations, including regulations regarding social distancing measures and required personal protective equipment, that designated monitors and public observers shall follow so that they do not interfere with the auditing process. If a designated monitor or public observer interferes with the audit after being warned by an election official, or if he or she violated any of the prohibited activities listed herein, the superintendent may revoke the person's designation to monitor the process, remove them from any further monitoring or observing, and refer the incident to the Secretary of State's office for investigation. Any infraction or irregularity observed by a monitor or observer shall be reported to the superintendent or to the Secretary of State. If a monitor's designation is revoked by the Superintendent, the designating entity shall have the right to designate a new monitor in the manner set forth herein.

While monitoring the process, designated monitors are prohibited from:

(a) In any way interfering with the audit process;

(b) Speaking to any member of the audit team or vote review panel;

(c) When outside of the public viewing area, using any photographic, electronic monitoring or recording devices, cellular telephones, or other electronic equipment;

(d) Touching any ballot or ballot container; or

(e) Engaging in any form of campaigning or campaign activity.

Before being allowed to monitor the process, each designated monitor shall execute an oath swearing or affirming, under penalty of perjury, that they understand the prohibitions set forth above, that they will not engage in any prohibited activity, and that

AMERICAN OVERSIGHT

they understand any violations of this rule will be punishable by the State Election Board.

3. **Audit Teams**

Audit teams shall consist of at least two sworn designees. The Superintendent may designate non-employees to be a member of an audit team, but any non-employees designated to audit teams shall be residents of the State of Georgia. Every member of the audit team shall be a person of good moral character and shall take and sign an oath that they will conduct the audit fairly and accurately prior to conducting the audit. In determining the candidate for which the vote was cast, the audit teams shall refer to and rely on SEB Rule 183-1-15-02 (Definition of a Vote) for Optical Scan Voting Systems.

4. **Vote Review Panels**

Any ballot where the audit team does not agree on the selection for President shall be sent to a Vote Review Panel. Each Vote Review Panel shall consist of a designee of the Election Superintendent and a nominee of the county or state executive committee of each political party (Republican and Democrat) designated via letter provided to the Superintendent. Notice of the members and location of any Vote Review Panels shall be posted prominently at the office of the Superintendent. Prior to beginning its work, each member of the Vote Review Panel shall take and sign an oath The panel shall manually review all ballots sent to it by any audit team and shall determine by a majority vote "if the elector has marked his or her ballot in such a manner that he or she has indicated ***clearly and without question*** the candidate for whom he or she desires to cast his or her vote." O.C.G.A. 21-2-438(c). The determination of the Vote Review Panel shall be final. The Superintendent may create multiple Vote Review Panels

In making its determination, the Vote Review Panel shall refer to and rely on SEB Rule 183-1-15-.02 (Definition of a Vote) for Optical Scan Voting Systems.

5. **Re-Certifying if Vote Counts Change**

In cases like this, where the risk-limiting audit of the selected contest has led to a full manual tally of the ballots cast, the vote counts according to the manual tally shall replace the vote previously reported vote counts and each county shall re-certify the new counts for the audited race, if necessary, prior to November 20, 2020.

Brad Raffensperger
SECRETARY OF STATE

November 12, 2020

Dear Representative:

As Secretary of State, election security is my top priority. Every legal vote must be counted, and any credible instances of illegal voting must be promptly and thoroughly investigated. Please know that you have an open line of communication with me and my team. This letter contains answers to frequently asked questions. If you or your office would like additional information, please do not hesitate to ask.

What oversight power does the Secretary of State's office have to ensure county elections offices comply with election laws?
In Georgia, counties run elections. The Secretary of State's Office Elections Division provides resources and instruction to county election offices to help them administer their elections. The Secretary of State's Office Investigations Division has POST-certified law enforcement officers that investigate any allegations of non-compliance with election law and regulations. Those investigations are then brought to the State Election Board, which decides the appropriate punishment for any non-compliance.

When is the voter registration deadline for the January 5th runoff?
The last day to register to vote in the January 5, 2021, federal runoff is December 7, 2020. **Only citizens who are legal, permanent residents of the county may register or vote.** Per O.C.G.A § 21-2-571, it is a felony to knowingly vote or attempt to vote in an election where a person does not meet the requirements (such as residency requirements) punishable by up to ten years in jail and a $100,000 fine. The requirements for voter registration are listed here: https://sos.ga.gov/index.php/Elections/register_to_vote

Why can those who were not registered to vote in the General Election register to vote in the General Election Runoff?
Per O.C.G.A § 21-2-501(a)(10) only voters who were registered to vote in the general election shall be able to vote in the runoff. On October 13, 2017, the Hon. Timothy C. Batten, Sr., US District Court Judge, ordered that the Secretary of State is enjoined from enforcing Georgia law for the purpose of establishing the voter registration deadline for any election for federal office, including runoffs, that is later than the lesser of 30 days before the date of the election.

How can we stop and prevent voter fraud?
My office investigates allegations of questionable elections activity. Citizens may use the online reporting form at https://sos.ga.gov/cgi-bin/EMailStopVoterFraud.asp or call the **Voter Fraud Hotline at 877-725-9797** to report questionable elections activity. A POST-certified investigator will contact them for more information if needed.

AMERICAN OVERSIGHT

The Office of Secretary of State

Brad Raffensperger
SECRETARY OF STATE

When can we expect official election results?
As of 5:00 P.M. today, 111 Georgia counties have already certified their elections results. Counties must certify their results by November 13th, and Georgia must audit and certify these results by November 20th. After the state certifies the election results, the losing candidate may request a recount if the losing candidate is within a 0.5% margin of the winning candidate.

Can ballots be accepted after the close of polls?
Per Georgia law, ballots must be received by the county elections office by the close of polls on Election Day in order to be counted. **Postmarked dates are only applicable to military and overseas ballots (UOCAVA ballots) in compliance with federal election law**. These military and overseas ballots must be postmarked by Election Day and received by Friday, November 6th, in order to be counted.

Did Fulton County count ballots without observation?
This particular issue remains under investigation. The Secretary of State's office had a State Election Monitor and a state POST Certified Investigator who remained with the Fulton County workers, even though some party-appointed poll watchers may have left. **Since both the observer and investigator remained with Fulton County workers, scanning was observed by the Secretary of State's Office at all times.** Late in the evening of election night, Tuesday, November 3, 2020, a few Fulton County election workers completed their duties and left. As they left some allegedly stated that they were, "done counting for the night." Some party observers have stated they were told they needed to go.

What mechanisms are in place to prevent the fraudulent use of a deceased person's identity to vote?
The Secretary of State's office receives monthly death records from the Bureau of Vital Statistics. Those records are matched against voter registration records and, per O.C.G.A. § 21-2-231, counties remove deceased persons from their list of eligible electors monthly.

What was the breakdown of absentee and Election Day voting?
Nearly 5 million Georgians voted in the November 3rd General Election. Roughly 75% of Georgia voters utilized in-person voting, while roughly 25% utilized the option to vote no-excuse absentee by mail.

Since I voted early in person, why does My Voter Page show me voting absentee?
While more commonly referred to as early voting or advanced voting, the technical term is "absentee in-person" voting. Any time a citizen votes before Election Day, it is considered "absentee" voting.

AMERICAN OVERSIGHT

The Office of Secretary of State

Brad Raffensperger
SECRETARY OF STATE

Will there be a risk-limiting audit?
Yes. On November 11, 2020, my office announced that the Presidential race will have a risk-limiting audit. While many risk-limiting audits rely on samples of ballots, the design of risk-limiting audits combined with the margin of this race means that this risk-limiting audit requires a full manual tally of the votes cast. The Secretary of State's Office is exploring options to help counties offset the audit using federal funds through the *Help America Vote Act (HAVA)*. Combining the December and January runoffs will also save the counties money. It is within the purview of the Secretary of State to select the race that will be audited, and it may not always be the "top of the ballot race."

What is the difference between an audit and a recount?
An audit is done prior to state certification of the election and is required by law since the enactment of HB 316. A recount must be requested after state certification, and is a recount of each and every ballot.

What mechanisms are in place to prevent double-voting?
When county election workers check in a voter and follow the correct process to award the voter credit for voting in the voter registration system, the voter is prevented from voting again.

Could counties scan absentee ballots before November 3rd?
Georgia counties had over two weeks before the election to scan, but not tabulate, absentee ballots per State Election Board Emergency Rule 183-1-14-0.9-.15. The majority of Georgia counties had scanned the absentee ballots they received prior to Election Day.

If our office may provide any additional information, please contact my Director of External Affairs, Sam Teasley, and Legislative Director, Hayley McCloud.

Do you have to be registered to vote in the General Election to vote in the General Election Runoff?
While O.C.G.A § 21-2-501(a)(10) indicates that only voters who were registered to vote in the General Election shall be able to vote in the runoff, a federal judge has ordered the state may not enforce this state code and must allow voters to register to vote up to 30 days before the election for federal offices. On October 13, 2017, the Hon. Timothy C. Batten, Sr., US District Court Judge, ordered that the Secretary of State is enjoined from enforcing Georgia law for the purpose of establishing the voter registration deadline for any election for federal office, including runoffs, that is later than the lesser of 30 days before the date of the election.

Is it a crime to fraudulently register to vote?
To register to vote in Georgia, you must be a resident of Georgia. Registering to vote if you are not a resident is a felony punishable by up to 10 years in prison and a fine of up to $100,000 (O.C.G.A § 21-2-561). To be considered a resident of Georgia, a person must have a fixed habitation in Georgia with no intention of removing therefrom (OCGA 21-2-217). A person shall not be considered to have gained residence in Georgia if they have come for temporary purposes only without the intention of making the state such person's permanent place of abode per O.C.G.A § 21-2-217(a)(3). The county board of registrars has the right and duty to examine any registrant's qualifications to register to vote, including examining their residency (O.C.G.A § 21-2-217). When you become a resident of Georgia, Georgia law requires that you update your

driver's license to a Georgia driver's license within 30 days. The Secretary of State's office is working on an emergency State Election Board Rule to clarify how county election boards can ensure that new registrants are in fact residents of Georgia.

FROM: **Chris Harvey, Elections Division Director**

RE: **Finishing General Election 2020**

Finishing up the details on the election last night, there are several key details that need to be handled carefully and efficiently.

1. **Cure notices for any timely received absentee ballots with missing or non-matching signatures need to be mailed by close of business today (November 4, 2020.) For those absentee ballots, you should also attempt to notify the elector by telephone and email, if a telephone number or email is on the elector's voter registration record or absentee ballot application.**

2. **All absentee ballots needs to be scanned and uploaded to the ENR site by the close of business today. Please continue to update ENR as you scan ballots.** All absentee ballots should be adjudicated as they are uploaded to avoid a multi-step process to separate the upload from the adjudication. Vote review panels should be meeting regularly to get this done throughout the day today, but should not be delayed beyond close of business today.

3. Absentee ballots delivered *after* 7:00 p.m. last night are not to be accepted and should be set aside as per (OCGA 21-2-386(a)(1)(F).

4. Ensure that all provisional ballots are accounted for and are in the process of being evaluated by the deadline of this coming Friday (November 6, 2020.)

5. Ensure that all ballots from all ballot drop boxes have been recovered, processed (accepted/rejected/provisional), and uploaded by close of business today.

6. Ensure that all Election Day results and Advanced In Person (memory cards) have been uploaded.

AMERICAN OVERSIGHT

7. Ensure that UOCAVA ballots that are postmarked by November 3, 2020, are received, and tabulated through Friday, November 6, 2020.)

RE: *Fifth* Request for Audit of Signatures on Absentee Ballot Applications and Ballot Return Envelopes for the November 3, 2020 General Election in the State of Georgia

Dear Secretary Raffensperger:

On behalf of President Donald J. Trump, candidate for President of the United States and Donald J. Trump for President, Inc., we are hereby requesting for the *fifth* time that you exercise your broad supervisory authority to order, as part of the ongoing statutory recount, an *immediate audit of the signatures* on absentee ballot applications and absentee ballot envelopes received in all counties in Georgia for the November 3, 2020 General Election. This would necessarily include signatures on absentee ballot applications returned for the 2020 Primary election, upon which the counties relied to automatically return an absentee ballot for the 2020 General Election ("the Signatures").

It is *not* possible for you to accurately certify the results in the presidential race from the November 3, 2020 election until and unless there is a thorough audit of the Signatures, which we have now requested *four* times in writing prior to this request. You cannot in good faith conclude the ongoing statutory recount until you have instituted a Signature matching audit. The margin in Georgia at this time is 12,670 votes – and the potential illegal absentee ballots included in that number is between three and four times the margin of votes awarding the victory to Joe Biden.

The Georgia Election Code requires that voters who submit applications for absentee ballots must be positively identified, including the matching of the voter's signature on the application for an absentee ballot. Indeed, the legislature has enacted a statutory framework for the applications for, processing, receipt and verifying all absentee ballots. *See* O.C.G.A. §§ 21-2-380 *et seq.*

AMERICAN OVERSIGHT

Notwithstanding the statutory requirements, it is apparent that the process enacted by the legislature may not have been followed consistently in all counties in the State of Georgia during the 2020 General Election. An analysis of the absentee ballot rejection rate since 2016 by a data expert, performed at my request, confirms the following:

Table 1: Mail-In Ballot Rejection rates by Election.

Row	Ballot Status	2016 General	2018 General	2020 Primary	2020 General
1	Not returned (NULL)	25,948	36,074	333,608	133,886
2	Canceled	12,053	20,601	116,424	318,086
3	Spoiled	69	98	1,794	4,082
4	Rejected	6,059	7,889	11,772	4,471
5	Accepted	202,492	219,731	1,150,478	1,308,447
6	Total ballots (returned) (3+4+5)	208,620	227,718	1,164,044	1,317,000
7	Total ballots (mailed) (1+2+3+4+5)	246,621	284,393	1,614,076	1,768,972
8	*Rejection rate (4 ÷ 6)*	*2.90%*	*3.46%*	*1.01%*	*0.34%*

As Table 1 shows, Georgia's rate of rejection for mail-in ballots averaged 2.90% and 3.46% respectively for the 2016 and 2018 general elections. Concerning the 2020 primary election, the mail-in ballot rejection rate decreased to 1.01%.

In stark contrast even to the 2020 primary, the 2020 general election rejection rate decreased even further to just 0.34%.

If Georgia's historical mail-in ballot rejection rate of 2.90-3.46% is applied to the current mail in ballot numbers, there would have been between 38,250 and 45,626 ballots rejected in the 2020 general election, rather than the number actually rejected: 4,471.

This number represents between three and four times the margin of victory in the presidential race. Why would you *not* want to conduct an audit that could confirm what the results actually are, when your search for the truth would either set the public's mind at rest about the conduct of the election or, alternatively, change the outcome of the presidential election?

It is unconscionable that you continue to refuse to allow for any verification of the Signatures, particularly when there is a clear anomaly in the rate of rejection of the absentee ballots during the 2020 General Election – suggesting that the procedures required under Georgia law were not followed.

Your office has declared that the signature matching verification process yielded similar rejection rates as in prior elections. *See* https://sos.ga.gov/index.php/elections/number_of_absentee_ballots_rejected_for_signature_issues_in_the_2020_election_increased_350_from_2018

AMERICAN OVERSIGHT

However, your recent statement on the number of absentee ballots rejected in the 2020 election as compared to 2018 contains numerous misleading claims and outright incorrect data figures. These errors raise serious questions about the quality of the data that your office is using to make decisions and your office's understanding of that data.

First, the figure you reference in your statement for the number of mail-in ballots "cast" in the 2018 General Election is 284,393. In fact, this figure represents the number of mail-in ballots your office mailed out, not the number of ballots cast. The correct figure for ballots cast is 227,718, nearly a 20% difference.

Second, your figures for the total number of ballots "cast" in the 2020 Primary and General Elections are also incorrect. The figures you reference—1,151,371 and 1,322,529 mail-in ballots cast in the Primary and General Elections, respectively—match neither the total number of mail-in ballots cast nor the total number of mail-in ballots mailed in those elections. And, unlike your 2018 figure, your 2020 numbers are closer to the total number of mail-in ballots cast. While this is an improvement over your misleading 2018 figure, your conflation of terms—namely, ballots mailed and ballots cast—raises doubts about your office's understanding of its own data and its ability to conduct true "apples-to-apples" analysis across election cycles that inspires public confidence.

Third, in your statement, your office claims to know exactly how many mail-in ballots were rejected for signature issues as opposed to other reasons. You state that the number of ballots rejected for missing or non-matching signatures was 454 in the 2018 General Election; 3,266 in the 2020 Primary Election; and 2,011 in the 2020 General Election. Every one of these numbers is false. For one, the data between the 2018 and 2020 elections are not comparable. In the 2018 General Election, fully 203 unique reasons were entered into the free-text field entitled "Status Reason," ranging from "INSUFFICIENT OATH INFORMATION" to "RE" to "NO SIGNATURE. DID CALL HER." There are simply too many unique reasons listed with not enough specificity to conclude with any degree of confidence how many ballots in the 2018 election were rejected for signature issues. Meanwhile, in the 2020 elections, the number of reasons for ballot rejection reduces from 203 to five—two of which are entitled "Missing Signature" and "Invalid Signature." But even this change in methodology does not allow one to arrive at the same numbers your office provides. The number of mail-in ballots rejected for these two reasons in the 2020 Primary and General Elections was 1,998 and 3,212, respectively—not the 3,266 and 2,011 that your office asserts with confidence in its press release.

At the very least, these discrepancies raise serious concerns regarding the quality of data your office is using to make decisions, especially regarding your conclusions as to the correct number of votes cast in the presidential election. If your office is using a different, superior set of data as compared to what is posted publicly on your website, we encourage you to release it. Full transparency is the only way to restore the public's confidence in Georgia's elections, and it is why we are requesting a full audit of the Signatures of persons requesting absentee ballots in the 2020 General Election.

AMERICAN OVERSIGHT

Indeed, the poor quality of the data that your office provides is why we performed our analysis using the top-line number of total ballots rejected for all reasons. This is the only like-for-like analysis that one can conduct on mail-in ballot rejection rates across election cycles, and it shows a clear and undeniable drop in the rejection rate—from 2.9 and 3.5% in 2016 and 2018, respectively, down to 0.3% in the 2020—while at the same the number of mail-in ballots cast exploded *sixfold,* a highly unlikely coincidence.

If your office is confident of your position, then you should welcome an audit of the Signatures to put to rest any doubt as to whether the laws of the State of Georgia were followed for purposes of processing absentee ballot applications and verifying the identity of the voters allowed to cast absentee ballots.

The absentee ballot envelopes are required by law in OCGA 21-2-390 to be delivered to the county clerk of superior court to be preserved. The absentee applications are retained by the registrars for 24 months per OCGA 21-2-390. In other words, the Georgia legislature has directed that the documents that should and must be audited, are required by law to be preserved, and we are presuming that all counties have complied with the law in that regard. It is imperative that those records be made available immediately for audit and review as described below.

There are several specific steps related to the vitally important Signature matching that must take place immediately, *before* the end of the current recount:

1. Order the counties to immediately undertake a review and audit of all documents with Signatures, related to the 2020 General Election absentee ballots, allowing monitors and poll watchers to meaningfully observe and see the actual signatures on the applications and return envelopes, *or*

2. Alternatively, and at the very least, we would request an audit of the Signatures, selecting the following records for a random sample of the Signatures, beginning from the date of receipt of the absentee ballot applications for the Primary 2020, where the applicant requested an absentee ballot for the General Election, through the last date of receipt of any ballot counted for the November 3, 2020:

- Absentee ballot applications containing the voter signatures (including ballot applications received in the primary, where a general election ballot was automatically forwarded without a separate application);
- Absentee ballot return envelopes containing the voter signatures;
- Voter files containing the voter signatures
- Logs or other memoranda with the identity of the election office employee(s) who conducted the signature verification for the application and the ballot, with date and time of receipt and processing of signature verification(s).

We also request the same information for *all* rejected absentee ballots

Below is the list of 15 counties for review of the above identified records:

AMERICAN OVERSIGHT

County	Accepted mail-in ballots	% of accepted mail ballots, GA
COBB	148,577	11.4%
FULTON	142,406	10.9%
DEKALB	127,018	9.7%
GWINNETT	123,543	9.4%
CHATHAM	41,161	3.1%
CHEROKEE	37,487	2.9%
CLAYTON	31,449	2.4%
FORSYTH	30,654	2.3%
HENRY	29,162	2.2%
RICHMOND	27,775	2.1%
HOUSTON	20,130	1.5%
BARTOW	10,571	0.8%
FLOYD	8,661	0.7%
PICKENS	2,972	0.2%
HANCOCK	1,474	0.1%
Grand Total	***783,040***	***59.9%***

For a statistically significant sample size, we are requesting that ten percent (10%) of the returned and accepted absentee ballot envelopes from each of the identified counties be provided for inspection / audit. This statistically significant random sample of documents will allow the voters of Georgia – and America – to know what actually transpired with the absentee ballots in Georgia – and whether the laws of the state of Georgia were or were not followed.

3. We request that you immediately upload and make available to the public, appending to the voter files, any and all digital signatures from ballot applications received at any time during 2020, and the ballot envelopes from the November 3, 2020 General Election. Allowing the public to have access to the Signatures in order that citizens can conduct their own reviews and audits of the Signatures is an important step in restoring public confidence in the voting process for the 2020 General Election.

4. We request that you immediately publish all data files on which you rely for the incorrect statements you have made regarding the rejection rate for absentee ballots in the 2020 General Election.

5. We request that you require a verified, written report from each county to be released to the public, outlining the specific procedures followed by the county for verification of absentee voter identity, demonstrating full compliance with the Georgia Election Code.

Attached are the four previous communications to you requesting that you conduct an audit of the Signatures, dated November 10, 2020, November 12, 2020, November 23, 2020, and a November 23, 2020 email to your general counsel, with affidavits from witnesses testifying as to the failure of certain counties to conduct signature matching in compliance with state law.

AMERICAN OVERSIGHT

Also attached is an *amicus curiae* brief filed on July 30, 2020 by the Public Interest Legal Foundation and Landmark Legal Foundation in *The New Georgia Project v Raffensperger,* Case No. 1:20-cv-01986-ELR (NDGA), which details the importance of verification of absentee voter identity and the dramatically increased opportunity for voter fraud presented by massive increases in absentee voting.

We estimate that between 38,250 and 45,626 illegal votes may have been cast, counted, and included in your tabulations for the presidential race. It is inconceivable that you are unwilling to take *any* steps to audit the Signatures before completing the current recount and proceeding to certify the results of an election where so many illegal votes may be included in your tabulations.

We implore you to exercise your statutory authority and your duty to the electorate to audit the Signatures, before it is too late. Governor Brian Kemp has also publicly urged you to conduct the audit of the Signatures, as have Senators David Perdue and Kelly Loeffler, among others. There is absolutely no reason for your continued refusal to commence the audit of the Signatures and we are again asking – for the *fifth* time – that the Signature audit be ordered and commenced immediately.

Thank you.

Sincerely,

The Honorable Brad Raffensperger
Georgia Secretary of State
214 State Capitol
Atlanta, Georgia 30334

Dear Secretary Raffensperger:

The Georgia Republican Party and The Donald J. Trump for President Campaign daily continue to receive hundreds of reports of voting discrepancies and errors statewide, including reports of tens of thousands of ballots being unlawfully counted.

To assure confidence in an honest vote, the law authorizes your office to recount and recanvass the ballots wherever and whenever needed prior to the certification of the consolidated returns.[1] The role of your office is to assure public confidence in the integrity and accuracy of the election process. Whenever any "discrepancy" or "error" even "appear" to be present, the law authorizes your office to take corrective action, including a full hand recount of all ballots. (See O.C.G.A. 21-2-495).

Millions of Georgians doubt the process for counting ballots in this state, including substantiated documentary, testimonial and expert evidence of each of the following categories of discrepancy and error your office can take meaningful effort to helpfully resolve: a) ineligible, out-of-state voters casting ballots in the General Election; b) deceased voters casting ballots after their death; c) duplicate ballots by voters; d) ballots counted that were received by mail, but lacked the signature verification required under Georgia law, the only safeguard to prevent false ballots from being included in the vote count when received by mail; e) voters denied the opportunity to vote a regular ballot

[1] See O.C.G.A. 21-2-495; see also your office's published Candidate Training Guide: Information for County, State and Federal Candidates.

AMERICAN OVERSIGHT

on November 3 because they were advised that someone had already voted absentee in their name; f) denial of statutory access to observe the opening of ballots, and to observe the counting of ballots; and g) the illicit, ex parte meetings of Vote Review Panels excluding Republican panel members denied notice of the meeting and the opportunity to participate.

As you know, as the Georgia Secretary of State, your office is required by law to "proceed to tabulate, compute, and canvass the votes" for statewide offices and each slate of presidential electors. O.C.G.A. §§ 21-2-499(a) and 21-2-499(b). "In the event an error is found in the certified returns presented to the Secretary of State or in the tabulation, computation, or canvassing of votes as described in [O.C.G.A. § 21-2-499], the Secretary of State shall notify the county submitting the incorrect returns and direct the county to correct and recertify such returns." O.C.G.A. § 21-2-499(a). Upon receipt of any corrected certified returns of a county, a new certification of the results is issued and filed in your office. *Id.*

On behalf of the Georgia Republican Party and The Donald J. Trump for President Campaign, we respectfully request, prior to certification of the election results, that your office exercise its statutory authority to order a manual hand recount of every ballot cast within the State of Georgia to ensure the integrity of the ballots and the election process, so that the citizens of Georgia and the United States can have confidence that the results are trustworthy. In order to accomplish that purpose, the following measures are needed to resolve public concerns over the above-mentioned and detailed discrepancies, to-wit:

1. Direct the counties, in the presence of party-designated observers, to re-canvass using a hand-count process the votes for President of the United States, United States Senator (Senator Perdue), and Georgia Public Service Commission (District 1/Commissioner McDonald);

2. Verify, in the presence of party-designated observers, the validity of the signature of any ballot received absentee or by mail;

3. Review the recorded list of voters to cross-check that no person who was unqualified to vote, was nonetheless able to cast a ballot, including those deceased at the time their ballot was cast, those who voted in other jurisdictions, those legally domiciled in other jurisdictions, those

AMERICAN OVERSIGHT

in prison or felons not qualified to vote, and those not qualified citizens of the state;

4. Trace the chain of custody of the ballots from printing to sending, from receipt to counting, to document that the ballots being counted were cast in a legal manner, conforming to the chain of custody of all ballots, and

5. Inspection and confirmation that each ballot received by mail included the requisite notations of the date and time of receipt of the ballot, the signature verification of the absentee ballot, and the signature of the employee conducting the review, as required by Georgia law.

We appreciate your office's state commitment to "fully investigate" every irregularity, and we share this commitment to build confidence in this election. An honest vote requires every lawful vote lawfully cast to be counted and that every voter concern and complaint of irregularity be satisfactorily and thoroughly investigated before your office can tender its official certification to the election. As your office justifiably assured the public:

> **If somebody has a credible complaint and they have some kind of evidence or trail to an evidence, they can give our office a call . . . . cause we want to make sure we protect the integrity of the ballot because that's the way you're going to build trust back in the system that the outcome of the election is correct**
> --Georgia Secretary of State Press Conference November 6, 2020.

In that respect, we request that you investigate the issues identified above, and are further raised by affidavits we are providing to your office for purposes of your investigation. In particular, we are concerned that the counting of ballots took place in secret after Republican Party observers were dismissed because they were advised that the tabulation center was shutting down for the night. We are further concerned about the "duplication" of spoiled ballots without the statutorily required presence of witnesses.[2] It is a critical aspect of the truth-finding process of our American system of law that public scrutiny and the fresh light of transparency provides an oversight role critically missing from this election. Your office has publicly committed that

[2] These affidavits are a sample of the evidence that has been collected.

AMERICAN OVERSIGHT

transparency was vital during the election process and we are troubled that there are multiple reports to the contrary. You have the opportunity through the aforementioned hand recount to restore the transparency that did not exist previously.

We appreciate your service and look forward to working with your office to accomplish our mutual objectives of protecting the integrity of Georgia's elections.

November 12, 2020

VIA U.S. Mail and Electronic Mail

The Honorable Brad Raffensperger
Georgia Secretary of State
214 State Capitol
Atlanta, Georgia 30334

Dear Secretary Raffensperger:

The Georgia Republican Party and The Donald J. Trump for President Campaign appreciate your announcement yesterday that you are exercising your discretionary authority under Georgia law[1] to order a statewide hand count of ballots cast in the November 2020 General Election, in response to our request earlier this week. You stated yesterday that the process would be "an audit, a recount and a recanvass all at once" and would help 'build public confidence."

However, the training and directives issued today do not comport with your stated goals yesterday and do not satisfy our concerns that gave rise to our request for a hand count in the first place.

We write now to express our serious concerns regarding the training and directives issued today as to how the hand count is to be conducted by the counties. We do not believe that the protocols and procedures announced today will accomplish what we had requested in our letter or announced by your office yesterday. Absent immediate revisions, the people of Georgia cannot have confidence that the hand count and audit were meaningful or delivered on the promised objectives.

[1] See O.C.G.A. 21-2-495

AMERICAN OVERSIGHT

First, the audit does not include a review of signatures on absentee ballot applications and ballot envelopes to confirm the validity of the statutory signature verification process by the counties. Our analysis of your office's publicly available data shows that the number of rejected absentee ballots in Georgia plummeted from 3.5% in 2018 to 0.3% in 2020. This raises serious concerns as to whether the counties properly conducted signature verification and/or other scrutiny of absentee ballots. In fact, it presents the issue of whether some counties conducted any scrutiny at all.

We reiterate our earlier request that this hand count and audit process include a review of signatures on absentee ballot applications and envelopes in order to ascertain whether the signature verification process was properly executed by the counties. We believe that a review of the signatures is fundamental to this procedure. We do not believe it is possible to certify the results of the 2020 General Election without conducting this investigation and analysis.

Second, we have concerns about meaningful access to the auditing process by our designated monitors. Your office announced today that the state parties can designate only one reviewer for every 10 audit teams. That makes it impossible for hand count decisions to be reviewed in real time. One designated monitor cannot observe ten tables at once. Transparency has been a very significant problem during this election. During the initial vote tabulation, some counties placed ballot reviewers in multiple rooms and aggressively enforced arbitrary distancing restrictions that prevented poll watchers from effectively observing the tabulating process. In other counties, poll watchers were not allowed an unobstructed view of the tabulating process. We are concerned that your directive today has replicated and aggravated these problems.

You have publicly stated that transparency and openness are a high priority to you. That requires a system that allows our designated monitors to be able to meaningfully observe the audit and hand count. Having one monitor for ten audit teams does not allow for transparency. We hereby request that you allow designated monitors on a one-to-one ratio for every audit team as well as for every vote review panel.

AMERICAN OVERSIGHT

We also request that you direct the counties to make certain that the designated monitors are able to confirm their ability to actually see the process as it occurs. Simply allowing monitors somewhere in the vicinity of the audit process is not sufficient for proper and meaningful oversight. And it is certainly not meaningful if the monitors are behind obstructions or not even in the same room as the audit teams and the vote review panels.

Third, we are very troubled by the directive issued today that counties must certify their results by 5:00 P.M. tomorrow. Given that the audit and recount will necessarily still be ongoing, it is completely improper for counties to be directed to certify the accuracy of the results before the audit and hand count are completed. The purpose of the audit and hand count is to ascertain whether the unofficial tabulations were accurate and conducted in accordance with state law. Only upon completion of the audit and hand count should there be a certification of the results – but not before. Please rescind your earlier directive that the counties are required to certify their results tomorrow afternoon. And we further request confirmation that your office will not rely on the accuracy of any certified results from the counties until after the hand count and audit are completed.

Fourth, we had expected to receive by yesterday the parameters for the hand count in order to provide sufficient time to the public of the process to be followed. However, your training and guidance were issued only within the last few hours and the counties are directed to start the audit tomorrow. That is simply not sufficient public notice of the existence, location, and times of the audits and hand counts. We would request that you delay the commencement of the process until Monday, November 16, 2020, in order to provide ample public notice in every county of the commencement and details of the audit. We would also request that the counties announce and post publicly and clearly when and where they will conduct the audit. It would be helpful to post that information from all the counties on your website. And, in that spirit, we would also request that you notify all counties that they must not begin the audit without public notice or outside the presence of our designated monitors.

Fifth, the security of the paper ballots is critically important. Aside from a single passing reference about security during today's training, the Secretary of State's office provided no substantive guidance regarding the necessity of maintaining the security of the ballots, the transporting of ballots, and documenting the chain of custody as required by law.

AMERICAN OVERSIGHT

We appreciate your decision to proceed with the hand count as well as your public commitment to transparency and openness. The purpose of this letter is to identify the ways in which the announced process is counter to that intended purpose. We are more than willing to work with your office to accomplish our mutual objectives of protecting the integrity of Georgia's elections and to make certain that there is meaningful public access to the audit and vote review process.

Please contact the undersigned should you wish to discuss further. Thank you for your attention.

Dear Secretary Raffensperger:

On behalf of President Donald J. Trump, we respectfully request that the statewide recount previously demanded by the Donald J. Trump Campaign pursuant to O.C.G.A § 21-2-495 (c) (1) (as set forth in State Election Board Rule 183-1-15-.03) ("Recount") be robust, transparent, and conducted in a manner so that the American people have the highest degree of confidence in its outcome. It is within your inherent supervisory powers to do more than the minimum optical scan of the ballots as outlined in the aforementioned Code and Rule. Hundreds of thousands of Georgians voted via absentee ballot, and this information (and alleged signature matches) has yet to be thoroughly examined. The President of the United States requests that your office go beyond the Recount bare minimum and undertake, in addition to what is required by law, an absentee ballot audit. This audit has also been demanded by Governor Kemp, the Republican Party of Georgia, and now the President.

The below elements should be incorporated into a meaningful recount and audit:

1. **Signature Verification of Absentee Ballot Requests and Ballot Envelope**

We respectfully request that your office conduct the audit of absentee ballot signature verifications. This should be done live online, with party representatives present for adjudication. We request that the following records be produced publicly prior to the sample recount to ensure a random sample of returned and accepted absentee ballots be provided for inspection, including by Republican inspectors, beginning from the date of mailing through November 3, 2020:

- Absentee ballot applications containing the voter signatures.
- Absentee ballot return envelopes containing the voter signatures.
- Voter files containing the voter signatures
- Logs or other memoranda with the identity of the election office employee(s) who conducted the signature verification for the application and the ballot, with date and time of receipt and processing of signature verification(s).

Below is the list of 15 counties for review of the above identified records:

AMERICAN OVERSIGHT

Dear Ryan:

Pursuant to today's conversation, attached please find multiple affidavits that are being submitted to the Secretary of State for investigative purposes. We request that your office protect the identities of the affiants throughout the course of your investigation. These affidavits should be treated as confidential as they are being submitted in reliance of the promised ongoing investigation into voting irregularities during this 2020 General Election.

Be advised that these affidavits are being submitted on behalf of the President of the United States in support of his request, as well as that of the GA GOP's request, that the Secretary of State investigate irregularities and allegations of violations pertaining to Georgia's signature match process (and lack thereof) as well as the treatment and processing of mail in absentee ballots.

We are prepared to cooperate with Secretary Raffensberger and his office in this important endeavor and we renew our request that the Secretary initiate an audit of the Signature Applications and Match as outlined in the President's letter of 11/22.

Thank you,

INTRODUCTION

Plaintiffs ask this Court to invalidate five elements of Georgia's absentee ballot voting procedures: (1) the process for notifying voters on incomplete absentee ballot applications ("Error Notification"), O.C.G.A. § 21-2-381(b)(4); (2) the age restriction on those who are allowed to submit one application to vote by mail for an entire election cycle, ("Absentee Application Age Restriction"), O.C.G.A. § 21-2-381(a)(1)(G); (3) the failure to provide prepaid postage on absentee ballots ("Postage Requirement"); (4) the rejection of absentee ballots received after 7:00 p.m. on Election Day ("Receipt Deadline"), O.C.G.A. § 21-2-386(a)(1)(F); and (5) the prohibition on third-party assistance for absentee ballots ("Ballot Harvesting Ban"), O.C.G.A. § 21-2-385(a). (Doc. # 33 p. 10.)

Plaintiffs have not established their entitlement to relief under relevant precedent. *Amici* Public Interest Legal Foundation ("PILF") and Landmark Legal Foundation ("Landmark") therefore respectfully urge the Court to deny Plaintiffs' request for preliminary injunction.

AMERICAN OVERSIGHT

ARGUMENT

I. PILF's Voter Roll Research.

A. PILF's Research and Submission of Findings to the Georgia Secretary of State.

As part of its organizational mission, PILF analyzes voter rolls across the Nation to assess their health. In November 2019, PILF received a copy of Georgia's statewide voter roll. Then, at considerable expense for a 501(c)(3) charitable organization, using detailed methodologies and matching techniques (described *infra* and in the attached letter), PILF identified registrations that are potentially inaccurate, outdated, or no longer valid. In Georgia, these registrations include the following: (1) registrations belonging to potentially deceased individuals; (2) registrations that are potentially duplicated across county lines; (3) registrations that are potentially duplicated within the same county; and, (4) persons potentially registered twice across state lines. PILF also reviews voting histories to determine if one or more voting credits were assigned to these potentially problematic entries. A voting credit is a government record from the state of Georgia indicating whether a registrant voted in a particular election. On June 19, 2020, PILF sent a letter to the Georgia Secretary of State that described PILF's methodology and findings and asked the Secretary to investigate and take

AMERICAN OVERSIGHT

GA-SOS-20-2913-000061

corrective action where necessary.[1] Exhibit A (hereafter, the "Letter").

B. PILF Matched More than 4,200 Registrations to a Verifiable Record of Death.

PILF's research indicates that there were potentially more than 4,200 deceased individuals with an active registration in Georgia in the voter roll data purchased by PILF. Letter at 1. While it is true that the Georgia Secretary of State may have removed some of these deceased registrants in the intervening time and may endeavor to keep deceased registrants off the list of eligible registrants, the record is not subject to dispute that there have been deceased registrants on the rolls. Each of those potentially deceased individuals presents an opportunity for confusion and even fraud. Anyone with access to a deceased registrant's date of birth and address information[2] could attempt to request a ballot in the name of the deceased.

Georgia law presently limits the universe of people who may collect and deliver the voted ballot of another person. *See* O.C.G.A. § 21-2-385(a). Those limits are designed to safeguard the votes of those who are unable to deliver or mail their own ballot, including the disabled. Plaintiffs ask this Court to remove

AMERICAN OVERSIGHT

those limits and allow anyone to collect and deliver the voted ballots of other absentee voters. If such relief is granted, someone who successfully requests a ballot in the name of the deceased could also deliver and submit that ballot. Were someone to succeed in doing so, it would cancel out the legitimate vote of another Georgian.

In order to ensure a high degree of confidence, PILF matched voter roll data against the federally maintained cumulative Social Security Death Index (SSDI), and where possible, against the SSDI and printed obituaries and other public notices. Letter at 1. Approximately 89 percent of registrants matched against the SSDI list a date of death in November 2019 or earlier, with some dates of death reaching back as far as 2010. Letter at 1.[3]

C. PILF Identified Potentially Duplicated Registrations with Apparent Voting Credits Assigned for Georgia Elections.

PILF's letter also alerted the Secretary to registrations that are potentially duplicated within the same Georgia county (intracounty) and across county lines (intercounty) that were apparently assigned voting credits for the same election. Letter at 2. For the 2016 General Election, more than 570 potential intercounty duplicates were apparently assigned voting credits, and more than 9,600 potential intracounty duplicates were apparently assigned voting credits, according to public

[3] The true number of deceased registrants is likely even higher because PILF analyzed only registrants with active registrations.

AMERICAN OVERSIGHT

records. *Id.* For the 2018 General Election, nearly 9,900 potential intracounty duplicates were apparently assigned voting credits, according to public records. *Id.* PILF cannot confirm whether the apparent duplicate registrations did or did not cast ballots, only that the records from election officials indicated that they did.

The number of people with two or more active duplicate registrations is almost certainly even higher because PILF flagged only registrations that were assigned voting credits. In addition, PILF has not yet accounted for some well-known causes of duplication, such as married-name confusion, which happens when a registrant becomes married and then submits a subsequent registration using a different last name. Such cases of duplication would only increase the total number of duplicate active registrations. PILF has seen those circumstances result in significant numbers of likely duplicated registrations in other jurisdictions.

It is paramount that Georgia's election officials investigate and confirm the registrations PILF flagged and further examine Georgia's voter rolls for other duplicate entries prior to the entry of any injunctive relief that would exacerbate these defects.

D. PILF Identified Potentially Duplicated Registrations with Apparent Voting Credits Assigned for Elections in Georgia and Another State.

Using voter roll extracts obtained from other states, PILF performed a detailed matching analysis to discern the number of registrants who are potentially

AMERICAN OVERSIGHT

registered in more than one state. Using this methodology, PILF alerted the Secretary's office to more than 840 potentially duplicated registrations across state lines where it appeared that voting credits were assigned for the 2018 General Election in each state, according to public records. Letter at 2. PILF cannot confirm whether the apparent duplicate registrations did or did not cast ballots, only that government records indicated that they did.

PILF and Landmark invite the Court to appoint an *Amicus Curiae* to verify PILF's voter roll research. PILF's research can be replicated. PILF hopes that replication can resolve any doubts concerning ambiguities or uncertainties in the data. PILF therefore invites the Court to verify its research. PILF welcomes efforts to verify and improve upon its work so that the Court is working with the most accurate and up-to-date data when rendering a decision in this matter. For example, PILF invites the Court to appoint its own *amicus curiae* to replicate the study to ascertain the number of duplicate registrations on the public voter rolls in Georgia, if the Court believes it is warranted.

II. Reasonable Protections for Absentee Voting Do Not Violate the Voting Rights Act nor Are They Unconstitutional.

Georgia's laws designed to ensure the accuracy and integrity of its absentee voting system are reasonable, impose a minimal burden on voters, and fall well within a state's authority to regulate the time, place, and manner of its elections.

AMERICAN OVERSIGHT

U.S. Const. Art. I., § 4. They do not violate the Voting Rights Act nor are they unconstitutional.

The right to vote in any way one wishes is not absolute. *Burdick v. Takushi*, 504 U.S. 428, 433 (1992). There is no constitutional right to vote by absentee ballot. *Griffin v. Roupas*, 385 F.3d 1128, 1130-31 (7th Cir. 2004). To achieve the necessary objective of a fair, orderly, and honest election, states enact comprehensive and sometimes complex election codes. These provisions affect—at least to some degree—the individual's right to vote. *Anderson v. Celebrezze*, 460 U.S. 780, 788 (1983). Reasonable and nondiscriminatory restrictions are justifiable because of a state's important regulatory interests in ensuring a fair and honest election. *Id.* Voting regulations, therefore, do not automatically trigger strict scrutiny—even when they affect the right to vote. *Timmons v. Twin Cities Area New Party*, 520 U.S. 351, 358 (1997).

Thus, courts must determine the burden the regulation places on voters when setting the standard of review. "While a rational basis standard applies to state regulations that do not burden the fundamental right to vote, strict scrutiny applies when a state's restriction imposes 'severe' burdens." *NE Ohio Coal. for Homeless v. Husted*, 696 F.3d 580, 592 (6th Cir. 2012). In less severe cases, courts apply the flexible *Anderson-Burdick* standard:

AMERICAN OVERSIGHT

Under this test,

> A court considering a challenge to a state election law must weigh "the character and magnitude of the asserted injury to the rights protected by the First and Fourteenth Amendments that the plaintiff seeks to vindicate" against "the precise interests put forward by the State as justifications for the burden imposed by the rule," taking into consideration "the extent to which those interests make it necessary to burden the plaintiff's rights."

Burdick, 504 U.S. at 434 (*quoting Anderson*, 460 U.S. at 789). There is thus no "litmus test" to separate valid from invalid voting regulations. Courts must balance the burden placed on voters against the state's asserted justifications and "make the 'hard judgment' that our adversary system demands." *Crawford v. Marion Cty. Election Bd.*, 553 U.S. 181, 190 (2008). Any burden should be "justified by relevant and legitimate state interests 'sufficiently weighty to justify the limitation.'" *Crawford*, 553 U.S. at 191 (*quoting Norman v. Reed*, 502 U.S. 279, 288-289 (1991)).

The protections challenged by the Plaintiffs do not violate this standard. The notification process requirement that a voter completing an absentee ballot provides enough information to establish identity guards against fraud. Requiring verification of identity ensures a fair and honest election. The process also requires election officials to "promptly" notify the voter should the request contain errors. O.C.G.A. § 21-2-381(b)(4). It is a minimal burden that is especially necessary because of the increasing likelihood that large numbers of absentee ballots may be

AMERICAN OVERSIGHT

cast in the General Election. The receipt deadline ensures finality and reduces the opportunities for post-election voter fraud.

A. Absentee Voting Systems Require Special Protections and They Are Particularly Vulnerable to Fraud.

Plaintiffs allege that Georgia law disenfranchises lawful voters. (Doc. # 33 p. 10). They are incorrect and fail to consider the inherently vulnerable nature of voting by absentee ballot. *See United States v. McCranie*, 169 F.3d 723, 725-26 (11th Cir. 1999) ("most of the illegal vote buying occurred during the absentee voting period"). In short, opportunities for fraud abound when individuals vote by absentee ballot. Presidential Commission on Election Administration, *Building Confidence in U.S. Elections: Report of the Commission on Federal Election Reform* 46 (2005) ("Carter–Baker Report").[4] For example, voting occurs outside the strictly regulated confines of the precinct, where election officials guard against undue influence and electioneering, ensure compliance with voting laws and maintain the chain of custody of ballots. Thus, the absentee ballot process "remains the largest source of potential voter fraud." *Id.* Fraud occurs in several ways. First, blank ballots mailed to wrong addresses or apartment buildings can be intercepted. *Id.* Second, voters are particularly susceptible to pressure or intimidation when voting at home or from a nursing home. *Id.* Finally, third-party organizations can

[4] Available at https://www.legislationline.org/download/id/1472/file/3b50795b2d0374cbef5c29766256.pdf (last visited July 14, 2020).

AMERICAN OVERSIGHT

operate illicit "vote buying schemes" that are "far more difficult to detect when citizens vote by mail." *Id.*

Even a study skeptical of the incidence of voter fraud generally acknowledges the dangers in vote-by-mail. It notes that – when fraud does occur, "absentee ballots are often the method of choice." Presidential Commission on Election Administration, *The American Voting Experience: Report and Recommendations of the Presidential Commission on Election Administration* 56 (2014).[5]

Voter registration errors also contribute to voting system vulnerabilities. Millions of voters' names appear on multiple state voter registration lists because states do not routinely share registration data. *Id.* at 28. In 2012, The Pew Center on the States found that about 24 million (one in eight) voter registrations were no longer valid or contained significant inaccuracies with 1.8 million deceased individuals listed on voter rolls and 2.75 million names on registrations in more than one state. The Pew Center on the States, *Inaccurate, Costly and Inefficient: Evidence that America's Voter Registration System Needs an Upgrade* 1-5 (February 2012).[6]

AMERICAN OVERSIGHT

These inaccuracies can, in part, be traced to states' failures to enforce the provisions of the National Voter Registration Act (NVRA), which require election officials to ensure the accuracy of registration lists by confirming residency and periodically removing the names of dead or out of state residents from voter rolls. 52 U.S.C. § 20507.

As discussed, *supra*, *amicus* PILF's research found potential inaccuracies on Georgia's voter registration rolls. These registration errors make an already vulnerable voting system even more susceptible to fraud. Necessary protections such as placing deadlines on when absentee ballots are received, limiting who may handle ballots or ensuring absentee ballot applications are essential to limit opportunities for fraud. *See* Carter-Baker Report at 47.

B. The Absentee Application Age Restriction Does Not Violate the 26th Amendment.

Without any relevant basis in the law, Plaintiffs allege the absentee age restriction violates the 26th Amendment. (Doc. # 33 p. 62.) They are incorrect. The 26th Amendment lowered the voting age from 21 years to 18 years. U.S. Const. Amend. XXVI. It expands the pool of eligible voters. It does not prohibit states from enacting reasonable protections to ensure the integrity of the vote. The state of Georgia's statutory provision permitting elderly residents to cast absentee ballots does not deny others the right to vote. Rather, it is a commonsense

AMERICAN OVERSIGHT

accommodation to ensure infirm and elderly citizens are able to vote while allowing the state to maintain an orderly election process.

Protections enacted by states on absentee voting are subject to a "rational basis standard" because voting in this fashion is not a fundamental right. *Texas Dem. Party v. Abbott*, No. 20-50407, 2020 U.S. App. LEXIS 17564 at *26 (5th Cir. June 4, 2020). As older voters face unique challenges in their ability to vote in-person, the state is justified in providing them an exclusive accommodation. Accordingly, Plaintiffs should not succeed on their 26th Amendment challenge.

Prior to ratification of the 26th Amendment, Congress lowered the voting age from 21 years to 18 years by amending the Voting Rights Act. Congress determined that imposing "national defense responsibilities" upon 18 to 21-year-olds while denying that class of individuals the right to vote was particularly unfair. The amendments applied to all federal, state and local elections. The statute was limited to federal elections by the Supreme Court in *Oregon v. Mitchell*, 400 U.S. 112, 223 (1970). The VRA amendments, however, did not create a universal ban on any secondary age requirements that a state might place on absentee voting – they simply guaranteed those 18-years-old and older the right to vote.

In response to *Oregon v. Mitchell*, Congress, with support from the states, proposed to expand the franchise to those 18-years-old and older to all elections through the 26th Amendment. Ratification occurred after extensive debates on the

AMERICAN OVERSIGHT

abilities of 18-year-olds to conscientiously participate in the election process. Congress determined that most people between ages 18 and 21 had completed high school, bore all or most of an adult's responsibilities, and ought to be extended the opportunities to influence society in a constructive manner. *See* Cong. Research Service, *The Eighteen Year Old Vote: The Twenty-Sixth Amendment and Subsequent Voting Rates of Newly Enfranchised Age Groups*, May 20, 1983, Report No. 83-103.

The ratification history and case law pertaining to the 26th Amendment do not support Plaintiffs' expansive and unfounded claims.

C. Georgia's Requirement that Prospective Absentee Voters Pay Their Own Postage Does Not Violate the 24th Amendment.

The Plaintiffs allege that Georgia's requirement that absentee ballot voters pay their own postage to return completed ballots violates the 24th Amendment. (Doc. # 33 p. 35.) Plaintiffs demand that the Court open Pandora's box to the indirect costs associated with voting. Their argument goes well beyond the scope of the Amendment's text and should be rejected.

The 24th Amendment prohibits conditioning the right to vote in federal elections upon payment of a "poll tax or other tax." U.S. Const. Amend. XXIV. Under equal protection grounds, the Supreme Court found that the right to vote in a state election could not be conditioned upon payment of a fee as well. *Harper v. Virginia Bd. of Elections*, 383 U.S. 663, 668-69 (1966). The state cannot force a

AMERICAN OVERSIGHT

voter to choose between a poll tax and a cumbersome burden. In the first Supreme Court case interpreting the amendment, the Court struck down a state law requiring either the payment of a poll tax or the filing of a certificate of residence six months before the election. *Harman v. Forssenius*, 380 U.S. 528, 533-34 (1965). The state's scheme for filing the certificate was "plainly a cumbersome procedure" so that many would prefer just paying the poll tax. *Id.* at 541.

Georgia does not condition the right to vote on the payment of any poll tax or fee, nor does it impose any cumbersome burden in lieu of a poll tax. *See* O.C.G.A. § 21-2-216(a) (elector's qualifications); O.C.G.A. § 21-2-381 (application for absentee ballot); O.C.G.A. § 21-2-385 (voting by absentee electors). Georgia voters have several methods of voting. They can vote in person at the ballot box or during early voting. They can vote by absentee ballot and hand deliver the ballot to the county elections office. They can vote by absentee ballot and have the U.S. postal service deliver the ballot in the return envelope. Plaintiffs contend that, when using this last option to vote, the indirect cost of postage amounts to a tax.

Yet courts have not extended the 24th Amendment in several cases in which fees arise indirectly, such as the restoration of rights of former felons and voter identification laws. In former felons cases, circuit courts have rejected claims that the amendment prohibits their re-enfranchisement turning on payment of child

AMERICAN OVERSIGHT

support, *see Johnson v. Bredesen*, 624 F.3d 742 (6th Cir. 2010), payment of past due fines or restitution, *see Harvey v. Brewer*, 605 F.3d 1067 (9th Cir. 2010) (O'Connor, J. (retired)), or even a fee to cover the process for reinstatement of voting rights, *see Howard v. Gilmore*, No. 99-2285, 2000 U.S. App. LEXIS 2680 (4th Cir. Feb. 23, 2000).

In contrast, however, a district court recently held that a state "*can* condition voting on payment of fines and restitution that a person is able to pay but *cannot* condition voting on payment of amounts a person is unable to pay or on payment of taxes, even those labeled fees or costs." *Jones v. Desantis*, No. 4:19cv300-RH/MJF, 2020 U.S. Dist. LEXIS 90729, at *7 (N.D. Fla. May 24, 2020) (emphasis in original). While affirming a preliminary injunction in the same case, the 11th Circuit ruled earlier that states cannot condition voting on the payment of an amount a person is genuinely unable to pay. *Jones v. Governor of Fla.*, 950 F.3d 795, 800 (11th Cir. 2020).

The district court's opinion in *Jones v. Desantis* conflicts with the reasoning in *Harvey v. Brewer*. In *Harvey*, Justice O'Connor shunned the type of expansive reading of the amendment that is urged by the Plaintiffs in this case.

> Plaintiffs' right to vote was not abridged because they failed to pay a poll tax; it was abridged because they were convicted of felonies. Having lost their right to vote, they now have no cognizable Twenty-Fourth Amendment claim until their voting rights are restored. That restoration of their voting rights requires them to pay all debts owed under their criminal sentences does not transform their criminal fines into poll taxes.

AMERICAN OVERSIGHT

Id. at 1080.

The argument— that the costs associated with obtaining identification to vote violated the amendment— also failed in the Ninth Circuit. *Gonzalez v. Arizona*, 677 F.3d 383 (9th Cir. 2012). In *Gonzalez*, plaintiffs argued that because some voters did not have the identification required under Arizona law, those voters would have to spend money to obtain it, making this payment indirectly equivalent to a tax on the right to vote. The court disagreed, stating, "Although obtaining the identification required under [the law] may have a cost, it is neither a poll tax itself (that is, it is not a fee imposed on voters as a prerequisite for voting), nor is it a burden imposed on voters who refuse to pay a poll tax." *Id.* at 407.

In fact, all forms of voting often require indirect costs. Voters may have to pay for gas to drive to a polling place or pay for public transportation. Anyone outside walking distance of a polling place has an indirect cost. Voters may also have to take time off from work to vote on Election Day, requiring hourly workers to lose income. The danger of Plaintiffs' argument is that it has no limiting principle and would bring such costs under constitutional scrutiny. This would raise the administrative costs of elections for the states exponentially.

However, Plaintiffs do not stop with postage. They argue that beyond the cost of a stamp, going out to buy a stamp is a complicated process that imposes more financial costs. (Doc. # 33 at 12.) Local post offices may not be open and

AMERICAN OVERSIGHT

available to answer questions, delaying the voting process. This is nowhere near the administrative burdens at issue in *Harman v. Forssenius.*

D. Georgia's Limitations on Who Handles Absentee Ballots Limits Opportunities for Voter Fraud.

The inherently vulnerable nature of absentee voting coupled with registration errors makes it imperative to enact and enforce reasonable limitations on who handles absentee ballots. Should ineligible individuals receive absentee ballots, harvesting groups can easily exploit the situation and commit wholesale voter fraud. Such exploitation has occurred in the past. For example, in 2004, 1,700 voters registered in both New York and California requested vote-by-mail ballots to be mailed to their home in the other state with no investigation. Carter-Baker Report at 12.

Absentee ballots mailed to addresses of those who have moved or died are vulnerable to ballot harvesting. Unaccounted-for ballots are currency to harvesters. Georgia's limitations on who handles ballots, however, are a useful tool to ensure that ballots sent to ineligible registrants are not collected and submitted by unscrupulous individuals or organizations. Removal of this protection exposes this system to persons who seek to unlawfully affect the outcome of elections. The U.S. Supreme Court has recognized incidents of voting fraud that have occurred in vote-by-mail systems. *Crawford v. Marion County Election Bd.*, 553 U.S. at 195-196. The Court noted that fraudulent voting in the 2003 Democratic primary for East

AMERICAN OVERSIGHT

Chicago Mayor, "perpetrated using absentee ballots," demonstrated "that not only is the risk of voter fraud real but that it could affect the outcome of a close election." *Id.*

Lack of significant regulation on the absentee ballot voting process led to widespread "ballot harvesting" in California in 2018. "[P]olitical operatives, known as 'ballot brokers,'…identify specific locations, such as large apartment complexes or nursing homes" to exploit the voting process. U.S. House of Representatives Committee on House Administration Republicans, *Political Weaponization of Ballot Harvesting in California* 2 (May 14, 2020) ("Committee Report").[7] After establishing relationships with individuals in these locations, ballot brokers would "encourage, and even assist, these unsuspecting voters in requesting a mail-in ballot; weeks later when the ballot arrives in the mail the same ballot brokers are there to assist the voter in filling out and delivering the ballot." *Id.* As noted in the Committee Report, "[t]his behavior can result in undue influence in the voting process and destroys the secret ballot, a long-held essential principle of American elections intended to protect voters." *Id.* It continued, "These very scenarios are what anti-electioneering laws at polling locations are

[7] Available at https://republicans-cha.house.gov/sites/republicans.cha.house.gov/files/documents/CA%20Ballot%20 Harvesting%20Report%20FINAL.pdf (last visited July 14, 2020).

AMERICAN OVERSIGHT

meant to protect against. A voter cannot wear a campaign button to a polling location, but a political operative can collect your ballot in your living room?" *Id.*

Ballot harvesting appeared to affect the outcome of several races for the U.S. House of Representatives in California. For example, in the 39th Congressional district, Young Kim, the Republican candidate, led the vote count on election night and in the week following election day. Ms. Kim even traveled to Washington D.C. for orientation as a new member of the House. "Two weeks later, the Democrat challenger was declared the winner after 11,000 mail ballots were counted, many of which were harvested." *Id.* at 3. In the 21st Congressional district, Republican David Valadao led by almost 5,000 votes on election night. The final tally of votes led to Mr. Valadao's Democratic challenger winning by 862 votes – a swing of 5,701 votes. *Id.* These votes, "heavily favored the Democrat candidate at a much higher rate than previously counted ballots." *Id.* The swing in counted votes was due largely to numbers of vote-by-mail ballots that had been dropped off at the polls and were processed and counted in the days following the election. "In Orange County alone, 250,000 mail ballots were turned in on Election Day." *Id.* at 4. Such last-minute actions can overwhelm election officials' ability to properly validate every ballot before the certification deadline. California's insufficient signature verification standards only added to this post-election chaos.

AMERICAN OVERSIGHT

This uncertainty and after-the-fact results undermine the public's confidence in the integrity of the election process. And "[c]onfidence in the election process is essential to the functioning of our participatory democracy." *Purcell v. Gonzalez*, 549 U.S. 1, 4 (2006). The Court continued, "Voter fraud drives honest citizens out of the democratic process and breeds distrust of our government." *Id.*

Limiting who handles vote-by-mail ballots to the voter, an acknowledged family member, the U.S. Postal Service, caregivers, or election officials is reasonable and provides a necessary protection to guard against voter manipulation and voter fraud. As voter rolls are not accurate and as voting by mail is the method of choice for those who seek to commit fraud, reasonable protections are essential. The benefits of preventing fraud, intimidation, and undue influence on voters by limiting who can handle vote-by-mail ballots far outweighs the minimal burden imposed by Georgia's law.

CONCLUSION

This Court should accordingly deny Plaintiffs' request for a preliminary injunction.

Re: Voter List Maintenance Leads
Request for Meeting

Dear Secretary Raffensperger:

Our organization—the Public Interest Legal Foundation—is a non-partisan, 501(c)(3) public-interest organization that is dedicated entirely to promoting the integrity of elections nationwide through research, education, remedial programs, and litigation. As part of our mission, we study, audit, and analyze voter rolls throughout the country to assess their health and accuracy. We compare voter roll data against federal and other public or commercial databases to flag registrations that may be incomplete, outdated, or no longer valid. We then submit findings and leads to proper election officials for further investigation and confirmation to better aid voter roll maintenance programs.

We write today to offer you our findings for the State of Georgia.

Summary of Findings and Methodology

1. **Potentially Deceased Registrants with an Active Registration.**

In November 2019, we received a copy of the Georgia voter registration extract from your offices. The "active" portion of the extract was compared against the U.S. Social Security Death Index (SSDI), a database made available via the U.S. Social Security Administration. Where possible, voter registration entries were compared against the SSDI *and* printed obituaries and other public notices.

Our analysis showed there were potentially more than **4,200 deceased individuals** with an active registration in Georgia at that time. Approximately 89 percent of the entries matched against the SSDI listed a date of death prior to November 2019, the time period when the roll was provided. Some matches list dates of death as far back as 2010.

As you are likely aware, the National Voter Registration Act of 1993 ("NVRA") requires your office to use reasonable efforts to identify and remove registrants who are deceased. 52 U.S.C. § 20507(a)(4)(A). Georgia law provides that "Upon receipt of the lists described in subsection (d)

AMERICAN OVERSIGHT

of this Code section, the Secretary of State or his or her designated agent shall remove all such names of deceased persons from the list of electors and shall notify the registrar in the county where the deceased person was domiciled at the time of his or her death." Georgia Code Title 21. Elections § 21-2-231(e). Further, "county registrars may obtain information about persons who died from obituaries published by local newspapers, death certificates, verifiable knowledge of the death…County registrars shall determine if such deceased person's name appears on the list of electors and, if so, shall remove such name from the list of electors…." Georgia Code Title 21. Elections § 21-2-231(e.1).

We have utilized multiple means to verify these potentially deceased registrants, but ultimately only your office can conclusively determine whether the registrants are indeed deceased.

2. **Potential Duplicate Registrations Across State Lines with Voting Credits Apparently Assigned by Election Officials for the 2018 Election.**

Using voter roll extracts obtained from other states at the same time as we obtained Georgia's extract, we performed a detailed matching analysis to discern the number of registrants who are potentially registered in more than one state. We then viewed voting history reports to discern the number of registrants who were apparently assigned voting credits in more than one state for the same election.

In Georgia, we identified more than **840 potentially duplicated registrations across state lines** with apparent voting credits assigned by election officials in each state for the 2018 General Election. To arrive at this figure, potential matches of full names and dates of birth were filtered through commercial identity-validation services using Social Security data and more. We have utilized multiple means to verify these potentially duplicate registrations but ultimately only your office can conclusively determine whether these registrations are indeed duplications with genuine document trails reflecting the voting credits shown in the purchased voter extract.

3. **Potential Intercounty and Intracounty Duplicates with Apparent Voting Credits Assigned for 2016 and 2018 General Elections.**

Using a similar methodology as above, we also flagged registrations that are potentially duplicated within the same Georgia county (intracounty) and across county lines (intercounty). We then reviewed assigned voting credits for each such registration.

For the 2016 General Election, 570 potential intercounty duplicates were apparently assigned voting credits.

More concerning were the findings of intracounty duplicates at matched residential addresses. At least 9,600 potential intracounty duplicates were apparently assigned voting credits in the 2016 General. For the 2018 General Election, nearly 9,900 potential intracounty duplicates were apparently assigned voting credits.

AMERICAN OVERSIGHT

Our reading of the most recent U.S. Election Assistance Commission survey data show that your offices are aware of a duplicate registration problem. During the 2018 election cycle, your offices reportedly removed more than 62,000 registrants on this score.

We have utilized multiple means to verify these potentially duplicate registrations but ultimately only your office can conclusively determine whether these registrations are indeed duplications with genuine document trails reflecting the voting credits shown in the purchased voter extract.

RULES
OF
STATE ELECTION BOARD

CHAPTER 183-1
GEORGIA ELECTION CODE

SUBJECT 183-1-14
ABSENTEE VOTING

TABLE OF CONTENTS

183-1-14-0.9-.15 Processing Absentee Ballots Prior to Election Day

RULE 183-1-14-0.9-.15 Processing Absentee Ballots Prior to Election Day

(1) Beginning at 8:00 a.m. on the third Monday prior to Election Day, county election superintendents shall be authorized to open the outer envelope of accepted absentee ballots, remove the contents including the absentee ballot, and scan the absentee ballot using one or more ballot scanners, in accordance with this rule, and may continue until all accepted absentee ballots are processed. All county election superintendents shall begin processing absentee ballots no later than the second Monday before Election Day. However, no person shall tally, tabulate, estimate or attempt to tally, tabulate or estimate or cause the voting equipment to produce any tally or tabulation, partial or otherwise, of the absentee votes cast until the time for the closing of the polls on Election Day.

(2) Absentee ballots shall be processed in batches of not more than 100. At least three persons who are registrars, deputy registrars, poll workers, or absentee ballot clerks must be present at all times during the processing of a batch of absentee ballots.

(3) Outer envelopes shall be opened in such a manner as not to destroy the oath and signature of the voter.

(4) All outer envelopes in a batch shall be counted and recorded on a reconciliation form prior to opening the outer envelopes of a batch. Upon opening the outer envelopes of a batch, the contents shall be removed in a manner that ensures that the contents of the envelope cannot be matched back to the outer envelope. Once all of the outer envelopes of a batch have been opened and the contents removed, the inner envelopes and/or secrecy sleeves shall be opened and the absentee ballots removed. Once all of the absentee ballots have been removed, the number of ballots shall be counted and recorded on a reconciliation form and compared to the original count of outer envelopes in the batch. Any discrepancy shall be investigated and recorded on a reconciliation form. The form shall be signed by the officials processing the batch of ballots. The absentee ballots shall then be scanned on a ballot scanner. A batch number assigned by the ballot scanner shall be recorded on the reconciliation form for that batch. Any ballot that is so torn, bent, or otherwise defective that it cannot be processed by the scanner shall be duplicated pursuant to O.C.G.A. § 21-2-483. Vote review panels shall be established, as needed, to adjudicate any rejected ballots per O.C.G.A. § 21-2-483 and Rule

AMERICAN OVERSIGHT

183-1-15-.02. Once successfully scanned, the batch of ballots shall be bound together with the reconciliation form (or a copy thereof) and the official who scanned the ballots shall notate on the reconciliation form that the batch has been scanned, including the date and location of the scanning, and initial the notation. The scanned absentee ballots shall then be secured in a container. More than one batch of scanned absentee ballots may be placed in the container, but the individual batches must be separately bound. A security seal shall be placed on the container. The batch number(s), the number of scanned absentee ballots in each batch, and the security seal number shall be recorded on the container.

(5) If the county election superintendent chooses to prepare and/or scan absentee ballots prior to Election Day according to this Rule, the superintendent shall notify the Secretary of State in writing at least seven days prior to processing absentee ballots.

(6) The proceedings described in this rule shall be open to the view of the public, but no person except one employed and designated for the purpose by the superintendent shall touch any ballot or ballot container. The state executive committee of each political party and political body having candidates whose names appear on the ballot in such county shall have the right to have two properly designated persons present to act as monitors for such process and each independent and nonpartisan candidate whose name appears on the ballot in such county shall have the right to have one properly designated person present to act as a monitor for such process. The designated monitors shall be given a letter by the designating entity containing the name of the monitor, his or her address, and the county in which he or she may monitor the process. A copy of the letter designating the monitor shall be delivered to the county elections superintendent prior to the monitor being allowed to monitor the process. Each monitor shall wear a name tag indicating their name and the entity that designated them while monitoring the process. Any other observer shall be required to wear a name tag that indicates their name and that they are a public observer. The superintendent may make reasonable regulations, including regulations regarding social distancing measures and required personal protective equipment, that designated monitors and observers shall follow so that they do not interfere in any way with the processing of ballots or conduct of the election. If a monitor or observer interferes with the processing of the ballots or conduct of the election after being duly warned by an election official or superintendent, or if he or she violates any of the prohibited activities in this rule, the superintendent may revoke the person's designation to monitor the process, remove them from any further monitoring or observing, and refer the incident to the Secretary of State's office for investigation. Any infraction or irregularity observed by a monitor or observer shall be reported to the superintendent or to the Secretary of State. No person whose name is on the ballot shall be eligible to serve as a designated monitor.

(7) While viewing the process set forth in this rule, monitors and observers are prohibited from:
(a) In any way interfering with the processing of absentee ballots or conduct of the election;
(b) Using or bringing in to the room any photographic or other electronic monitoring or recording devices, cellular telephones, or computers;
(c) Engaging in any form of campaigning or campaign activity;
(d) Taking any action that endangers the secrecy and security of the ballots;

AMERICAN OVERSIGHT

(e) Touching any ballot or ballot container;
(f) Tallying, tabulating, estimating, or attempting to tally, tabulate, or estimate, whether partial or otherwise, any of the votes on the absentee ballots cast; and
(g) Communicating any information that they see, whether intentionally or inadvertently, about any ballot, vote, or selection to anyone other than to an election official who needs to such information to lawfully carry out his or her official duties.

(8) Before being allowed to view the process set forth in this rule, each designated monitor and observer shall execute an oath swearing or affirming, under penalty of perjury, that they understand the prohibitions set forth above, that they will not engage in any prohibited activity, and that they understand any violations of this rule will be punishable by the State Election Board.

(9) The county election superintendent shall publish a written notice, containing the dates, start and end times, and location(s) where absentee ballots will be processed and any rejected ballots will be adjudicated. Such notice shall be posted in the superintendent's office, on the home page of the county election website, and sent to the Secretary of State's office at least seven days prior to scanning ballots in accordance with this rule. The Secretary of State shall publish on his website the information he receives from counties stating the dates, times and locations where absentee ballots will be processed and adjudicated.

(10) Any person involved in processing absentee ballots according to this rule shall swear an oath, in the same form as the oath for poll officers set forth in O.C.G.A. § 21-2-95, prior to beginning the processing of absentee ballots.

(11) All cell phones, laptops, audio or video recording devices, and other communication devices shall be prohibited from the room where processing of absentee ballots is taking place, except for county election computers necessary to carry out this rule or otherwise conduct the election. No information concerning the tally of votes, or any partial tally of votes, shall be communicated until the time for the closing of the polls on Election day.

(12) The county superintendent shall be permitted to designate locations where public observers may view the process described in this rule to protect the security and secrecy of the ballots. Monitors designated by political parties, political bodies, and independent and non-partisan candidates shall be allowed to monitor the process described in this rule, but they must do so in a way that does not interfere with election officials. The superintendent may designate locations that allow designated monitors to monitor the process set forth in this rule, and such locations shall include areas that allow credentialed monitors to view the batching of the ballots, reconciliation of envelopes to ballots, scanning the ballots, duplication of ballots, adjudication of ballots by vote review panels, sealing the ballots after scanning, and other such areas as the superintendent may deem necessary to the assurance of fair and honest procedures in the carrying out of the procedures set forth in this rule.

IN THE SUPERIOR COURT OF FORSYTH COUNTY
STATE OF GEORGIA

DEMOCRATIC PARTY OF GEORGIA, and LIZ BARRETT,

Plaintiffs,

v.

FORSYTH COUNTY BOARD OF ELECTIONS AND REGISTRATION, and MANDI B. SMITH, in her official capacity as Elections Director of the Forsyth County Board of Elections and Registration,

Defendants.

Civil Action No. _____

IMMEDIATE HEARING REQUESTED

PLAINTIFFS' EMERGENCY VERIFIED COMPLAINT FOR DECLARATORY AND INJUNCTIVE RELIEF

The Democratic Party of Georgia ("DPG") and Liz Barrett ("Elector Plaintiff") (collectively, "Plaintiffs") file this emergency complaint against the Forsyth County Board of Elections and Registration (the "Board of Elections") and Forsyth County Elections Director Mandi B. Smith ("Smith," and, together with the Board of Elections, "Defendants") seeking enforcement of Elector Inspection Law, O.C.G.A § 21-2-72, which requires the ***immediate*** public inspection of any and all election related public records, including but not limited to, "registration statements, nomination petitions, affidavits, certificates, tally papers, returns, accounts, contracts, reports, and other documents in official custody, except the contents of voting machines," as well as under the Georgia Open Records Act, O.C.G.A. § 50-18-70 *et seq.* (the "Open Records Act").

INTRODUCTION

1. Plaintiffs bring this action to compel Defendants to ***immediately*** provide requested public election records related to provisional ballots cast on election day in Forsyth County in the

AMERICAN OVERSIGHT

ongoing general election (the "Requested Public Election Records"). Plaintiffs seek these records so that the DPG may notify and assist eligible, registered Georgia voters, including the DPG's members and constituents, of the need to cure any deficiencies in their ballots before the **November 6, 2020 cure deadline** to ensure that these voters' ballots are counted.

2. On November 4, 2020, Plaintiff DPG sent a public records request to the County, asking to be provided immediate access to the Requested Public Election Records pursuant to the Open Records Act, O.C.G.A. § 50-18-70 *et seq.*, and alerting the County that someone would be contacting them and seeking records pursuant to the Elector Inspection Law, O.C.G.A. § 21-2-72. DPG explained that it would need the requested records immediately, given the short cure period for provisional ballots.

3. On that same day, Plaintiff DPG also had an individual elector contact the County and requested the same provisional ballot records pursuant to O.C.G.A. § 21-2-72.

4. On November 5, 2020, Elector Plaintiff went to Defendants' office and requested the records in person, pursuant to O.C.G.A. § 21-2-72, but they were not provided with the records.

5. Under Georgia law, an elector who is a resident of a county is entitled to the immediate inspection of any and all election related public records in that county including but not limited to: "registration statements, nomination petitions, affidavits, certificates, tally papers, returns, accounts, contracts, reports, and other documents in official custody, except the contents of voting machines." O.C.G.A § 21-2-72.

6. Georgia law further and separately requires that an agency must respond to a records request within three business days.

7. DPG and Elector Plaintiff now seek an emergency interlocutory and permanent injunction to prevent irreparable harm to themselves, as well as to DPG's members, and thousands

AMERICAN OVERSIGHT

of Georgia voters who have attempted to vote absentee or provisional ballot in this election, but whose ballots will be rejected if they are not cured. An interlocutory and permanent injunction supports the important public interests of enforcing open government laws and preventing disenfranchisement.

PARTIES, JURISDICTION, AND VENUE

8. Plaintiff DPG is a State committee, as defined by 52 U.S.C. § 30101(15) and a Georgia political party, as defined by O.C.G.A. § 21-2-23(25). DPG is dedicated to electing Democratic Party candidates to public office throughout Georgia, including to the offices of the President of the United States and the United States Senate. To advance its mission, DPG is also dedicated to ensuring that all ballots cast for Democratic Party candidates are counted. DPG has thousands of members and constituents who vote by absentee ballot, as well as many members who upon information and belief were required to vote a provisional ballot in the 2020 General Election, and it is dedicated to helping them ensure their mail and provisional ballots are counted and they are fully enfranchised.

9. If DPG is not provided immediate access to the Requested Public Election Records, it will be unable to assist these eligible voters, including its members and constituents, in making sure that their ballots count in the November 2020 General Election. Without the ability to carry out this crucial aspect of its organizational mission, DPG's mission will be harmed, and many of its members will be disenfranchised.

10. Liz Barrett is a resident of and qualified elector in Forsyth County.

11. Defendant Forsyth County Board of Elections and Registration is an "agency" as defined by O.G.C.A. §§ 50-18-70 and 50-14-1. The county boards of elections have the powers and duties of the election superintendent relating to the conduct of primaries and general elections,

AMERICAN OVERSIGHT

including the issuance of provisional ballots. O.C.G.A. § 21-2-40. Georgia law delegates significant responsibilities to election superintendents. *See generally* O.C.G.A. § 21-2-70. Moreover, as a "superintendent" under O.C.G.A. § 21-2-72, it is required to make the Requested Public Election Records available for immediate public inspection at any time during business hours. As such, the Board of Elections maintains and is the proper party to provide the requested provisional ballot lists.

12. Defendant Mandi B. Smith is the Elections Director for Forsyth County and is ultimately responsible for ensuring that the Board of Elections complies with its statutory obligations under the Open Records Act and O.C.G.A. § 21-2-72.

JURISDICTION AND VENUE

13. This action arises under the laws and constitutions of the State of Georgia and the United States, and this Court has jurisdiction over such actions.

14. This Court has jurisdiction to enforce compliance with the Open Records Act through legal and equitable means, O.G.C.A. § 50-18-73(a), and to award attorneys' fees and expenses for violations of the Open Records Act, O.G.C.A. § 50-18-73(b).

15. Venue is proper under O.C.G.A. § 9-10-30, because the actions complained of occurred in part or in whole in this County.

16. Finally, this Court has specific ***emergency*** jurisdiction over enforcement of the Elector Inspection Law, O.C.G.A § 21-2-72, pursuant to O.C.G.A. § 21-2-412, which provides that

> [a]t least one judge of the superior court of each judicial circuit shall be available in his or her circuit on the day of each primary or election from 7:00 A.M. eastern standard time or eastern daylight time, whichever is applicable, until 10:00 P.M. eastern standard time or eastern daylight time, whichever is applicable, and so long thereafter as it may appear that the process of such court will be necessary to secure a free, fair, and correct computation and canvass of votes cast at such primary or

AMERICAN OVERSIGHT

> election. During such period the court shall issue process, if necessary, to enforce and secure compliance with the primary or election laws and shall decide such other matters pertaining to the primary or election as may be necessary to carry out the intent of this chapter.

O.C.G.A. § 21-2-412.

GENERAL ALLEGATIONS

A. Provisional voters are extremely vulnerable to having their ballots rejected for curable defects absent relief.

17. Voters are required to cast provisional ballots for various reasons. For example, any person who "presents himself or herself at a polling place, absentee polling place, or registration office in his or her county of residence in this state for the purpose of casting a ballot in a primary or election stating a good faith belief that he or she has timely registered to vote in such county of residence in such primary or election and the person's name does not appear on the list of registered electors, the person shall be entitled to cast a provisional ballot in his or her county of residence[.]" O.C.G.A. § 21-2-418.

18. Provisional ballots are also provided to voters who appear at their polling place without an acceptable form of identification, O.C.G.A. § 21-2-417(a)-(c); *see also* Ga. Comp. R. & Regs. § 183-1-12-.18(5), or voters in federal elections who cast their ballots after the usual time by which polls close at a polling place that was remained open later pursuant to a court order, O.C.G.A. § 21-2-418(d); Ga. Comp. R. & Regs. § 183-1-12-.18(6).

19. On the day after Election Day, each county of registrars receives the documents from the polling place (i.e., voter certificates and registration cards) completed by each provisional voter. *See* O.C.G.A. § 21-2-419(b); Ga. Comp. R. & Regs. § 183-1-12-.18(11). The registrars must then immediately examine these documents and, based on a review of all available voter registration documentation (including the registration information the voter includes on the

AMERICAN OVERSIGHT

documents), determine whether the person casting the provisional ballot was entitled to vote in the election.

20. While some provisional ballots are "self-curing," to the extent that the voter need not take any additional steps, voters who were required to cast a provisional ballot based on an inability to present acceptable identification, for example, must cure their provisional ballot by providing acceptable identification by no later than November 6. *See* O.C.G.A § 21-2-417(c); O.C.G.A. § 21-2-418(a)–(b).

21. DPG and Elector Plaintiff believe that thousands of provisional ballots have been or will be rejected in the 2020 General Election on the basis of curable defects.

B. DPG properly requested immediate access to the Requested Public Election Records to help voters cure their provisional ballots and make sure their votes count.

22. DPG has many members and constituents who are required to cast a provisional ballot for various reasons. To ensure all eligible Georgians' votes are counted, and to help its members and constituents ensure that their votes count, DPG contacts voters whose mail or provisional ballots have been rejected by Board of Elections officials. DPG then informs the voters of the deficiency and tells them how to "cure" their ballots to make sure they are counted.

23. Specifically, volunteers from DPG call voters, clearly identify themselves, ask if the voter already knows about the deficiency, and then provide information on steps the voter can take to cure the deficiency. In some instances, volunteers also go door-to-door, dropping off necessary cure affidavits and information on how to cure directly to voters. Volunteers work carefully to provide accurate information to voters about how they can cure their ballots. Absent this assistance, many voters never learn that they can cure their ballots, or how to do so successfully. This is particularly true of voters who are new to absentee voting or voting in general,

AMERICAN OVERSIGHT

as they are more likely to inadvertently make curable errors as they are learning to navigate the voting process.

24. Accordingly, on November 4, 2020, the day after Election Day, DPG sent a public records request to the County, asking to be provided immediate access to the Requested Public Election Records pursuant to the Open Records Act, O.C.G.A. § 50-18-70 *et seq.*, and alerting the County that someone would be contacting them and seeking records pursuant to the Elector Inspection Law, O.C.G.A. § 21-2-72. DPG explained that it would need the requested records immediately, given the short cure period for provisional ballots.

25. On that same day, Elector Plaintiff also contacted the County and requested the same provisional ballot records pursuant to O.C.G.A. § 21-2-72.

26. On November 5, 2020, Elector Plaintiff went to Defendants' office and requested the records in person, pursuant to O.C.G.A. § 21-2-72, but they were not provided with the records.

27. On information and belief, the Board of Elections lacks sufficient resources to timely notify electors whose ballots have been rejected of the actions necessary to cure their ballots. Providing this information to DPG (or Elector Plaintiff who will provide it to DPG) increases the chances that voters will receive this information in time to cure their ballots as DPG can also make multiple attempts to contact voters.

28. DPG properly made its request for immediate access to the Requested Public Election Records on the afternoon of November 4. A copy of that request is attached hereto as Exhibit A.

29. Defendants failed to timely respond to the request or to provide immediate access to such records as required by the Elector Inspection Law, O.C.G.A § 21-2-72.

AMERICAN OVERSIGHT

30. If DPG does not receive the records **today**, it will be unable to carry out its organizational mission of helping thousands of eligible Georgia voters—including its own members and constituents—cure their ballots so that their votes count. The ballot data will lose almost all practical value if not obtained with enough time to contact eligible Georgia voters.

31. Moreover, many eligible, registered voters—including DPG's members and constituents—will be disenfranchised because their ballots will not be cured.

32. Likewise, Elector Plaintiff will be deprived of their statutory right to immediate inspection of these documents.

COUNT I
Violation of the Elector Inspection Law, O.C.G.A § 21-2-72

33. Plaintiffs hereby incorporates all prior paragraphs as if fully stated herein.

34. Under the Elector Inspection Law, O.C.G.A § 21-2-72, Defendants are required to provide for the ***immediate*** public inspection of any and all election related public records, including but not limited to, "registration statements, nomination petitions, affidavits, certificates, tally papers, returns, accounts, contracts, reports, and other documents in official custody, except the contents of voting machines."

35. DPG gave Defendants notice that a request pursuant to § 21-2-72 would be made on November 4, 2020.

36. Elector Plaintiff contacted Defendants on that same day and made a request pursuant to § 21-2-72.

37. On November 5, 2020, after not receiving the requested records, Elector Plaintiff went to Defendants' office and requested the provisional ballot records in person.

38. Elector Plaintiff was denied their right to immediately review the records.

AMERICAN OVERSIGHT

39. Defendants have refused to follow this statutory obligation by withholding such information.

COUNT II
Violation of the Open Records Act

40. DPG hereby incorporates all prior paragraphs as if fully stated herein.

41. Through the Open Records Act, the Georgia General Assembly has declared that "the strong public policy of this state is in favor of open government; that open government is essential to a free, open, and democratic society; and that public access to public records should be encouraged to foster confidence in government and so that the public can evaluate the expenditure of public funds and the efficient and proper functioning of its institutions." O.G.C.A. § 50-18-70.

42. The Georgia General Assembly has further declared "that there is a strong presumption that public records should be made available for public inspection without delay." *Id.*

43. Relatedly, Georgia law specifically makes clear that elections officials must make records related to elections public; failure to do so is a misdemeanor. O.C.G.A. § 21-2-585.

44. The Open Records Act requires government agencies, including the Defendant Board of Elections, to provide "all records responsive to a request within a reasonable amount of time not to exceed three business days of receipt of a request." O.C.G.A. § 50-18-71(b)(1)(A). "In those instances where some, but not all, of the responsive records are available within three business days, an agency shall make available within that period those records that can be located and produced." *Id.* If the agency cannot produce records within three business days of receipt of the request, "the agency shall, within such time period, provide the requester with a description of such records and a timeline for when the records will be available for inspection or copying and provide the responsive records or access thereto as soon as practicable." *Id.*

AMERICAN OVERSIGHT

45. The Defendants have violated the Open Records Act by failing to produce any documents or provide a timeline for production within the statutory time period. That is, given the nature of the records and the reason that DPG needs them, Defendants have failed to produce them in a "reasonable" amount of time, which would necessarily be before the end of the cure period on November 6, 2020.

46. If Defendants do not produce responsive documents immediately, DPG, its candidates, and Georgia voters will suffer irreparable injury. Indeed, the Party will be unable it complete its mission of helping all Georgia voters, and particularly its members and constituents, cure their ballots, and many eligible, registered Georgia voters will not be informed of the need to cure their ballots. As a result, these voters will be disenfranchised. This threatened harm outweighs any threatened harm to the Defendants that would arise by requiring it to comply with its obligations under the Open Records Act, and particularly so given that providing this information entails little to no administrative burden.

47. This Court should enforce compliance with the Georgia Open Records Act by entering an interlocutory and final injunction under O.C.G.A. § 50-18-73(a) requiring Defendants to immediately produce all records responsive to the Records Request. This injunction will serve the important public interests in open government, public participation, and protecting the right to vote.

COUNT III
Attorneys' Fees and Expenses

48. Plaintiffs hereby incorporates all prior paragraphs as if fully stated herein.

49. As detailed above, the Defendants have failed to provide responsive records or a timeline for doing so and has provided no reason for its failure.

AMERICAN OVERSIGHT

50. By refusing to respond as required by the Open Records Act, the Defendants have left DPG with no way to obtain the requested records other than filing this lawsuit.

51. Defendants have acted "without substantial justification" in refusing to produce documents or otherwise respond to the Records Request. Accordingly, Defendants are liable for DPG's "reasonable attorney's fees and other litigation costs reasonably incurred" in this action. O.C.G.A. § 50-18-73(b).

PRAYER FOR RELIEF

WHEREFORE, Plaintiffs pray that this Court award the following relief:

1. Enter an interlocutory and permanent injunction requiring Defendants to immediately comply with Elector Inspection Law, O.C.G.A § 21-2-72, and also the Georgia Open Records Act, and immediately produce all documents responsive to the Records Request; and

2. Award DPG its reasonable attorneys' fees, expenses, and other litigation costs incurred in bringing this action; and

3. Any other relief this Court deems just.

Respectfully submitted, this 5th day of November 2020.

IN THE SUPERIOR COURT OF FORSYTH COUNTY
STATE OF GEORGIA

DEMOCRATIC PARTY OF GEORGIA, and LIZ BARRETT, Plaintiffs, v. FORSYTH COUNTY BOARD OF ELECTIONS AND REGISTRATION, and Mandi B. Smith, in her official capacity as Elections Director of the Forsyth County Board of Elections and Registration, Defendants.	Civil Action No. _____ **IMMEDIATE HEARING REQUESTED**

PLAINTIFFS' EMERGENCY MOTION FOR INTERLOCUTORY INJUNCTION AND INCORPORATED BRIEF IN SUPPORT THEREOF

Pursuant to O.C.G.A. § 9-11-65 and O.C.G.A. § 50-18-73(a), plaintiff Democratic Party of Georgia (the "DPG," or "Plaintiff") and Liz Barrett ("Elector Plaintiff") hereby move this Court for an emergency interlocutory injunction requiring defendants Forsyth County Board of Elections and Registration (the "Board of Elections") and Mandi B. Smith, in her official capacity as Director of Elections and Registration for Forsyth County, ("Smith," and, together with the Board of Elections, "Defendants") to ***immediately*** produce public election records as required by O.C.G.A § 21-2-72 ("Elector Inspection Law"), as well as the Georgia Open Records Act, O.C.G.A. § 50-18-70 *et seq.* (the "Open Records Act").

Plaintiffs request that the Court consider this Emergency Motion on an expedited basis, as DPG (and Elector Plaintiff on DPG's behalf) are requesting documents that will enable DPG to assist voters in curing rejected ballots prior to the imminent cure deadline of November 6, 2020, which is crucial to DPG's mission and will ensure that more Georgia voters are enfranchised. The

AMERICAN OVERSIGHT

deadline to cure provisional ballots is this Friday, November 6, 2020. O.C.G.A. §§ 21-2-386(a)(1)(C)–(D), 21-2-381(b)(3), 21-2-419(c).

Defendants' failure to comply with the Elector Inspection Law and Open Records Acts is preventing Plaintiffs from obtaining information on matters necessary to ensure that voters have their votes counted and, if this information is not obtained prior to the November 6 cure deadline, many voters—including DPG's members and constituents—will be disenfranchised.

I. INTRODUCTION

Georgia law demands public transparency. Under the Elector Inspection Law, electors who are residents of a county have access to election records; these records "may be inspected and copied by any elector" and such inspection must take place immediately. O.C.G.A § 21-2-72. Likewise, under Georgia's Open Records Act, public officials may not do their jobs in secret; they must respond promptly to requests for public records, and they must honor the public's right to know what their public officials are doing and why.

This guarantee is especially important when, as here, there is an urgent need for that information, and particularly where its disclosure will help safeguard Georgians' constitutional right to vote. It is precisely for that reason that the DPG (and Elector Plaintiff on DPG's behalf) requested public records related to provisional ballots on November 4, 2020. To safeguard Georgians' right to vote, the DPG employs volunteers to contact those voters and help them cure their defective ballots. But DPG cannot carry out this crucial aspect of its organizational mission without receiving the requested data from Defendants, and Defendants have refused to provide the requested data immediately, as required by O.C.G.A § 21-2-72, or "within a reasonable amount of time," as required by O.C.G.A. § 50-18-71(b)(1)(a). Georgia voters—including DPG's members and constituents—and Plaintiffs suffer as a result.

AMERICAN OVERSIGHT

To ensure that the DPG can meaningfully engage in constitutionally protected political advocacy, the Court should schedule an emergency hearing and issue an interlocutory injunction requiring Defendants to produce responsive documents as soon as possible, but no later than November 5, 2020, as Georgia law requires.

II. STATEMENT OF FACTS

In every election, Defendants reject provisional ballots because a voter does not cure a provisional ballot in time. Verified Compl. ¶ 11. This is fatal to a voter's ultimate ability to exercise their right to vote unless the voter cures their ballot within the statutorily allowed timeframe—by November 6, 2020 at 5:00 p.m. O.C.G.A. §§ 21-2-386(a)(1)(C) & 21-2-419(c)(1). This deadline is rapidly approaching. As part of its mission and as a service to its members and constituents, the DPG helps voters "cure" those ballots before the statutory deadline, so that their votes will count. Verified Compl. ¶¶ 7. Specifically, DPG staff and volunteers call voters whose ballots have been rejected to inform them about how to cure those defects. *Id.* ¶ 23. Without a meaningful opportunity to cure their defective ballots, thousands of voters—many of them members and constituents of the DPG—will be needlessly disenfranchised.

To carry out its ballot curing efforts, the DPG must obtain county records that identify which voters cast provisional ballots. *Id.* ¶ 6. The DPG regularly obtains this information from other county elections boards, which either promptly respond to requests under the Elector Inspection Law and Open Record Act. *Id.* To successfully assist voters in the cure process before this deadline, the DPG urgently needs information about who cast provisional ballots. *Id.* Delay of production until shortly before or after the ballot cure deadline will render the information useless.

Accordingly, on November 4, 2020, the DPG sent the Board of Elections a public records request requesting records related to provisional voters, including information necessary to contact

AMERICAN OVERSIGHT

voters and help them cure their ballots. (the "Records Request"). *Id.* ¶ 2. DPG also informed the board that an elector in the County would be separately reaching out to obtain the information pursuant to O.C.G.A § 21-2-72. On that same day, Elector Plaintiff contacted Defendants for the requested records and on November 5, 2020, Elector Plaintiff went to Defendants' office and made the same request in person. Elector Plaintiff was not provided with the requested documents; DPG has not been provided with the documents pursuant to its public records' request.

To prevent disenfranchisement and ensure that all voters have their votes counted, Plaintiffs seek an interlocutory injunction to prevent irreparable harm to itself, its members and constituents, and mission, and to the many Georgia voters who have attempted to vote in this election, but whose ballots will be rejected if they are not cured. Elector Plaintiff also seeks to prevent continued harm to its statutory right to receive the requested documents.

III. LEGAL STANDARD

In determining whether to issue an interlocutory injunction, "the trial court should consider whether: (1) there is a substantial threat that the moving party will suffer irreparable injury if the injunction is not granted; (2) the threatened injury to the moving party outweighs the threatened harm that the injunction may do to the party being enjoined; (3) there is a substantial likelihood that the moving party will prevail on the merits of her claims at trial; and (4) granting the interlocutory injunction will not disserve the public interest." *SRB Inv. Servs., LLLP v. Branch Banking & Tr. Co.*, 289 Ga. 1, 5 (2011) (quotations omitted). "Although an interlocutory injunction is an extraordinary remedy, and the power to grant it must be prudently and cautiously exercised, the trial court is vested with broad discretion in making that decision." *Id.* (quotations omitted).

AMERICAN OVERSIGHT

IV. ARGUMENT AND CITATION OF AUTHORITIES

All four factors weigh heavily in favor of granting the requested interlocutory injunction and requiring Defendants to immediately produce documents responsive to the Records Request. Without an interlocutory injunction, the DPG will suffer irreparable injury to its mission as it will be unable to assist voters in curing provisional ballots before the November 6 deadline—many of whom are its members and constituents, and who will be disenfranchised without its assistance. The electoral prospects of DPG's candidates will be harmed if votes for them are not counted, further harming DPG's mission. This harm far outweighs any harm to the Defendants, who already maintain the requested records. Furthermore, the DPG is likely to succeed on the merits because Defendants have violated both the Election Inspection and Open Records Acts by failing to produce the requested documents in a reasonable time under the circumstances.

Likewise, Elector Plaintiff is also irreparably harmed as it has an immediate right to inspect these records to ensure transparency and open government. Yet, that right is being wholly denied. For that same reason, an interlocutory injunction also serves the public interest in open government and protecting the right to vote.

A. Plaintiffs will suffer irreparable harm if an injunction does not issue.

Unless the Court issues an interlocutory injunction requiring Defendants to produce the requested voter records immediately, the Plaintiffs will suffer irreparable harm. The DPG is a State Committee dedicated to electing Democratic Party candidates to public office throughout Georgia. Verified Compl. ¶ 8. To advance its mission, the DPG is also dedicated to ensuring that all ballots cast for Democratic candidates and by its members and constituents are counted. *Id.* The only way to determine which voters have cast provisional ballots that need to be cured is to obtain the information from Defendants. *Id.* But, as explained, Defendants have refused to provide the

AMERICAN OVERSIGHT

requested information to DPG or Elector Plaintiff. *See supra* Section II. In the absence of an interlocutory injunction, the DPG will be unable to help its members and constituents remedy defective ballots to ensure that their votes are counted. For those members and constituents who are disenfranchised as a result and, consequently, for DPG, this harm is irreparable.

In particular, Defendants' failure to respond to the Records Request harms DPG's constitutional rights as well as the constitutional rights of DPG's members, constituents, and candidates, which "unquestionably constitutes irreparable injury." *Elrod v. Burns*, 427 U.S. 347, 373 (1976). Defendants' refusal to produce the requested records infringes on constitutional rights in at least two ways. *First*, the Supreme Court of Georgia has repeatedly noted that "[t]he right to vote is fundamental, forming the bedrock of our democracy," but that right has little meaning if a voter's ballot is not counted. *Favorito v. Handel*, 684 S.E.2d 257, 261 (Ga. 2009) (quoting *Wexler v. Anderson*, 452 F.3d 1226, 1232 (11th Cir. 2006)); *see also Rhoden v. Athens-Clarke Cty. Bd. of Elections*, No. S21A0030, 2020 WL 6122297, at *8 (Ga. Oct. 19, 2020) ("[C]ourts have recognized the fundamental nature of the right to vote, including the right . . . to have an elector's vote counted on equal terms with those cast by other electors."). DPG seeks to assist its members and constituents in effectuating their right to vote by ensuring that they are informed of their need to cure provisional ballots. Denial of the requested list infringes on DPG's ability to do this and, as a consequence, the rights of its members and constituents to have their votes counted, an injury which cannot be remedied once the cure deadline passes, because much like with election day, "there can be no do-over and no redress." *League of Women Voters of N.C. v. North Carolina*, 769 F.3d 224, 247 (4th Cir. 2014).

Second, Defendants' refusal to provide the records violates DPG's First Amendment rights by directly diminishing its ability to fully and freely associate with its members, constituents, and

AMERICAN OVERSIGHT

Georgia voters. DPG is a political organization whose mission is to help its members and constituents gather together to advance their political interests, and the denial of the requested records inhibits DPG's rights to perform that function by preventing it from helping its voters ensure that their votes are counted. Guarding the DPG's right to advance its political interests is at the core of the First Amendment. *See, e.g.*, *Timmons v. Twin Cities Area New Party*, 520 U.S. 351, 357 (1997) ("The First Amendment protects the right of citizens to associate and to form political parties for the advancement of common political goals and ideas."); *Colorado Republican Federal Campaign Comm'n v. Federal Election Comm.*, 518 U.S. 604, 616 (1996) ("The independent expression of a political party's views is 'core' First Amendment activity no less than is the independent expression of individuals, candidates, or other political committees."); *Norman v. Reed*, 502 U.S. 279, 288 (1992) ("[T]he constitutional right of citizens to create and develop new political parties . . . advances the constitutional interest of like-minded voters to gather in pursuit of common political ends . . . "). By denying access to the requested list, Defendants have unquestionably infringed on that right.

Third, disenfranchising DPG's members and constituents raises the risk that Democratic candidates will be defeated resulting from provisional ballots that were not timely cured, directly impacting DPG's mission to elect Democrats up and down the ticket.

Finally, Elector Plaintiff has a clear, statutory right to inspect these records immediately. But that right will be wholly denied if Defendants are allowed to continue to delay production of the requested documents, which is directly contrary to very purpose of the Electors Inspection Statute and its promise of open and transparent government. Each of these harms is irreparable and all of them warrant the issuance of Plaintiffs' requested injunctive relief.

AMERICAN OVERSIGHT

B. The threatened injury to Plaintiffs outweighs the threatened harm to Defendants.

For the reasons set out above, Plaintiffs will be seriously and irreparably harmed if Defendants are not ordered to immediately turn over the requested records.

In contrast, the Board of Elections does not face any significant harm from being required to carry out its statutory duty and provide the requested public records. The Board of Elections has already collected all of the requested provisional ballots. In fact, the ease of producing this information is borne out by the experience of other counties, many of which have already produced this data directly to DPG. The harm to the Board of Elections in requiring it to produce the records it is already keeping is therefore minimal, and, as set out below, the Board of Elections has a statutory obligation to produce the public records.

C. The DPG is likely to prevail on the merits of its claims.

The Board of Elections has failed to produce unquestionably public documents within the time period required by Georgia law in plain violation of the O.C.G.A. §§ 21-2-72, 50-18-71 *et seq*., making it clear that Elector Plaintiff is likely to prevail on the merits of its claim.

Under the Elector Inspection Law, election records "shall be open to public inspection and may be inspected and copied by any elector of the county." O.C.G.A. § 21-2-72. The custodian of the election requests must, upon request, provide copies of the records "to any member of the public." *Id.* This language could not be clearer: *any* voter can request and copy election records related to absentee and provisional ballots and those documents *must* be made available upon request. DPG provided notice the Defendants that Elector Plaintiff would be requesting provisional ballots data on November 4. On that same day, Plaintiff DPG also had an individual elector Defendants regarding that request. On November 5, Elector Plaintiff physically went to

AMERICAN OVERSIGHT

Defendants' office to inspect the documents but was denied the right to do so. This is a clear violation of O.C.G.A. § 21-2-72.

DPG is also likely to succeed on its claim under the Open Records Act. The Board of Elections is an "agency" as defined by the Open Records Act. *See* O.C.G.A. § 50-18-70(b)(1) ("'Agency' shall have the same meaning as in Code Section 50-14-1."); O.C.G.A. § 50-14-1(a)(1)(B) (defining "agency" to include "every department, agency, [and] board" of every county in Georgia). The Open Records Act requires the Board of Elections to provide "all records responsive to a request within a reasonable amount of time not to exceed three business days of receipt of a request."[1] O.C.G.A. § 50-18-71(b)(1)(A). If all of the requested records are not available, Defendants must produce any information that is available within three business days. *Id.* And if records exist but are not available within three days, the Board of Elections must, "within such time period, provide the requester with a description of such records and a timeline for when the records will be available for inspection or copying and provide the responsive records or access thereto as soon as practicable." *Id.*

The DPG emailed a written records request to the Board of Elections on November 4, 2020. But the Board of Elections has still not provided those documents. Under the Open Records Act, Defendants must provide any responsive documents "within a reasonable amount of time." In light of the November 6 deadline for curing provisional ballots, three days (or more) is not a reasonable amount of time. O.C.G.A. § 50-18-71(b)(1)(a). Rather, Defendants have an obligation to respond with the requested documents sooner. To respond to the request within three days would make the need for the request moot. Courts have explained that "[t]he Act is designed to make the production

[1] An agency does not have to produce documents that fall under one of the statutory exceptions enumerated in O.C.G.A. § 50-18-72. The Board of Elections has not claimed that the information described in the Records Requests falls under one of these exceptions.

AMERICAN OVERSIGHT

of records expeditious." *Schick v. Bd. of Regents of Univ. Sys. of Ga.*, 334 Ga. App. 425, 429 (2015); *see also Dunn v. City of Fort Valley*, 5:19-cv-00287, 2020 WL 2544792, at *19 (N.D. Ga. May 19, 2020) (explaining that requests made under Georgia's public records law "must be timely produced"); *see supra* Section II, O.C.G.A. § 21-2-386(a)(1)(B)-(C). This is a clear statutory violation. *Wallace v. Greene Cnty.*, 274 Ga. App. 776, 783 (2005) ("[I]f the person or agency having custody of the records fails to affirmatively respond to an open records request within three business days by notifying the requesting party of the determination as to whether access will be granted, the ORA has been violated."). Accordingly, DPG is likely to succeed on its claims.

D. An interlocutory injunction is in the public interest.

There is no question that the requested injunction, which will protect the right to vote and foster the goals of transparency and open government is in the public interest. Through the Open Records Act, the Georgia General Assembly has affirmed that "the strong public policy of this state is in favor of open government; that open government is essential to a free, open, and democratic society; and that public access to public records should be encouraged to foster confidence in government and so that the public can evaluate the expenditure of public funds and the efficient and proper functioning of its institutions," O.C.G.A. § 50-18-70*; see also Athens Observer, Inc. v. Anderson*, 245 Ga. 63, 66 (1980) (noting that a purpose of the Open Records Act is to "foster confidence in government through openness to the public"), making it clear that issuing records pursuant to the Open Records Act is in the public interest. Moreover, the Elector Inspection Law allows *any* voter to request and copy election records in the clearest possible terms. O.C.G.A § 21-2-72. Indeed, without an injunction requiring Defendants to perform their statutory duties, Georgians will be deprived of their right to information about the ongoing election—an issue of intense and urgent public concern.

AMERICAN OVERSIGHT

More importantly, an injunction would also facilitate Georgians' fundamental right to vote. And, "[t]he public, of course, has every interest in ensuring that their peers who are eligible to vote are able to do so in every election." *See, e.g.*, *Jones v. Governor of Fla.*, 950 F.3d 795, 831 (11th Cir. 2020). Thus, this factor also weighs in favor of granting Plaintiffs' requested injunctive relief.

V. CONCLUSION

For the foregoing reasons, Plaintiffs respectfully requests that the Court grant their emergency motion and issue an interlocutory injunction requiring Defendants to provide records responsive to the Records Request on an immediate basis, and no later than 8:00 p.m. on November 5, 2020. DPG also respectfully requests its reasonable attorneys' fees and expenses incurred in litigating this matter pursuant to O.C.G.A. § 50-18-73(b).

Respectfully submitted, this 5th day of November 2020.

[PROPOSED] ORDER GRANTING PLAINTIFFS' EMERGENCY MOTION FOR INTERLOCUTORY INJUNCTION

The Court has considered Plaintiffs' emergency motion for interlocutory injunction, supporting authorities, the response from the Defendants, and the evidence and pleadings of record, and finds that: (1) Plaintiffs are likely to succeed on the merits of their claim; (2) Plaintiffs will suffer irreparable injury unless this Court issues an injunction granting relief; (3) the threatened injury to Plaintiffs outweighs possible harm that the injunction may cause the opposing party; and (4) the injunction is in the public interest. *SRB Inv. Servs., LLLP v. Branch Banking & Tr. Co.*, 289 Ga. 1, 5 (2011) (quotations omitted).

The Court thus finds that Plaintiff has clearly established its burden of persuasion as to each of these four factors, and accordingly Plaintiff's motion is **GRANTED**.

IT IS ORDERED:

a. By 8:00 p.m. on November 5, 2020, Defendants, their officers, employees, and agents, and all persons acting in active concert or participation with Defendants, or under Defendants' supervision, direction, or control shall produce to the Plaintiff records

Brad Raffensperger, in his official capacity of Secretary of State of the State of Georgia; and Brian Kemp, in his official capacity as Governor of the State of Georgia.

Defendants.

Civ. Act. No. 2020CV342959

Motion to Intervene as Defendants

Gloria Butler, Bobby Fuse, Deborah Gonzalez, Stephen Henson, Van Johnson, Pedro Marin, Fenika Miller, Ben Myers, Rachel Paule, Calvin Smyre, Robert Trammell Jr., Manoj S. "Sachin" Varghese, Nikema Williams, and Cathy Woolard (collectively, the "Biden Electors") seek to participate as intervening defendants to defend their interests in protecting their established victory, the rights of Georgia voters who cast ballots in the November 3, 2020 general election, and the integrity of the election process.

For the reasons discussed in the memorandum in support, filed concurrently herewith as Exhibit A, the Biden Electors are entitled to intervene in this case as a matter of right under O.C.G.A. § 9-11-24(a). In the alternative, the Biden Electors request permissive intervention pursuant to O.C.G.A. § 9-11-24(b). In accordance with O.C.G.A. § 9-11-24(c), the Biden Elector's Proposed Answer to the Petition is attached as Exhibit B. The Biden Electors also submit a Proposed Order granting their Motion to Intervene attached as Exhibit C. The Biden Electors also submit their Proposed Motion to Dismiss Contestant's Petition, attached as Exhibit D, with a

supporting memorandum of law, attached as Exhibit E. Biden Electors also submit the Attorney's Affidavit of Adam M. Sparks in support of their Motion to Intervene attached as Exhibit F.

WHEREFORE, the Biden Electors respectfully request that the Court grant them leave to intervene in the above-captioned matter.

Dated: November 30, 2020.

GA-SOS-20-2913-000117

IN THE SUPERIOR COURT OF FULTON COUNTY
STATE OF GEORGIA

John Wood, Contestant, v. Brad Raffensperger, in his official capacity of Secretary of State of the State of Georgia; and Brian Kemp, in his official capacity as Governor of the State of Georgia. Defendants.	Civ. Act. No. 2020CV342959

Memorandum in Support of Motion to Intervene

I. INTRODUCTION

Pursuant to O.C.G.A. §§ 9-11-24, 21-2-520, and 21-2-524, Proposed Intervenors Gloria Butler, Bobby Fuse, Deborah Gonzalez, Stephen Henson, Van Johnson, Pedro Marin, Fenika Miller, Ben Myers, Rachel Paule, Calvin Smyre, Robert Trammell Jr., Manoj S. "Sachin" Varghese, Nikema Williams, and Cathy Woolard, move to intervene as Defendants in this action. Each of the proposed Intervenor-Defendants are among the slate of 16 presidential electors nominated by the Democratic Party and certified by Governor Brian Kemp after Secretary of State Brad Raffensperger certified the election results to formally declare President-Elect Joseph R. Biden, Jr., the winner of Georgia's presidential race (collectively the "Biden Electors"). They are now empowered to and intend to cast Georgia's electoral college votes for Biden.

On November 3, 2020, and as subsequently confirmed by a hand recount of every presidential vote, President-Elect Biden won the popular vote in Georgia. As a result, the Biden Electors were duly appointed to the Electoral College. On Wednesday, November 25, Contestant John Wood, an individual voter, filed this extraordinary election contest in an attempt to undo

AMERICAN OVERSIGHT

those election results. Contestant's Petition is riddled with fatal procedural defects and supported by nothing more than rank speculation, implausible conspiracy theories, unsubstantiated statistical extrapolation, and flawed legal claims. It is political theatre, part of a broader and deeply troubling attempt playing out on a national stage to enlist the judiciary to cast doubt on the outcome of the presidential election.

The relief that Contestant seeks is as unprecedented and unjustifiable as his extraordinary claims. He seeks nothing less than the disenfranchisement of millions of lawful Georgia voters by way of a judicial declaration that would (1) render the results of Georgia's presidential election "null and void," and (2) permit the General Assembly to subvert democracy by appointing a new slate of presidential electors entirely untethered to the will of Georgia's voters. In the alternative, Contestant asks that the Court order a "second Presidential election" that would ensure Georgia's presidential electors cannot be certified by the federal safe harbor deadline in 3 U.S.C. § 5 (December 8) or the required date for the meeting of the electoral college, *id.* § 6 (December 14). *See* Petition for Election Contest ("Pet."), Prayer for Relief. In essence, Contestant requests that the election be set aside because his preferred candidate did not obtain support from a majority of the state's voters. There is no authority for this extraordinary request, which would not only upend Georgia's entire electoral process, but would effectively convert the state's political structure into something unfathomable to generations of Americans.

The Biden Electors—who are the proper defendants if this contest moves forward—should be permitted to intervene to protect their own interests, the interests of the candidate they are pledged to support, and the interests of the millions of Georgians who voted for that candidate.

AMERICAN OVERSIGHT

II. STATEMENT OF FACTS

On November 3, 2020, Georgia voters and the nation as a whole chose former Vice President and now President-Elect Biden as the United States' next President. The state's certified vote count confirms that President-Elect Biden defeated Donald J. Trump by 12,670 votes in the state of Georgia.[1] As a result, the Biden Electors were certified by the Governor and appointed to the Electoral College. Ex. 1; *see* O.C.G.A. § 21-2-10 ("At the November election to be held in the year 1964 and every fourth year thereafter, there shall be elected by the electors of this state persons to be known as electors of President and Vice President of the United States . . . ."); *see also* O.C.G.A. § 21-2-379.5(e) ("When presidential electors are to be elected, the ballot shall not list the individual names of the candidates for presidential electors but shall list the names of each political party and body and the names of the political party or body candidates for the office of President and Vice President."); O.C.G.A. § 21-2-285(e) (same).

On November 11, following unsubstantiated complaints from Republican leaders about the integrity of the election, the Secretary announced that a statewide hand recount of the presidential election would take place.[2] *See* Exs. 2, 3. The hand recount began on November 12, and it concluded without issue on November 18. No significant irregularities in the original counts or the recount were reported. On November 20, the Secretary of State certified the results of the election, confirming the Biden Electors' victory and certifying that the "consolidated returns for state and

federal offices are a true and correct tabulation of the certified returns received by this office from each county."[3] The Governor then issued final certificates of ascertainment declaring that the Biden Electors "were appointed Electors of President and Vice President of the United States for the State of Georgia . . . ." Ex. 1.

The next day—despite a comprehensive hand recount of every single ballot having just occurred—President Trump's reelection campaign issued a "Recount Demand" to the Secretary, "pursuant to O.C.G.A. § 21-2-495(c) and State Board Rule 183-1-15.03," in which it sought a second recount of the presidential election results, this time to be conducted by machine (the "machine recount"). Ex. 4. The machine recount, which utilizes ballot scanners, will be the *third* time votes are counted in the presidential race. It is already underway and must be completed by December 2.[4]

Contestant filed this action on November 25, seeking to invalidate the election of the Biden Electors and replace them with a slate chosen by the General Assembly, or to require a second presidential election. In support of his unprecedented request, Contestant offers: a conspiracy theory that a 501(c)(3) organization's grants to assist localities conduct safe elections is actually a "'shadow government' operation" through which a social media CEO allegedly dictated the outcome of the election, Pet. at 4; an unsupported "estimated number of illegal votes counted,"

based only on "statistical extrapolation," *id.* at 3, ¶ 70; and conclusory, baseless allegations that election officials failed to follow state and federal law. *See generally id.* The factual allegations and legal theories in this contest are largely parallel those in unsuccessful federal court lawsuit brought *by Contestant* before the election; the Northern District of Georgia denied Contestant's desired injunctive relief because he was unlikely to succeed on the merits of any claims and only alleged speculative injuries. *See* Order, ECF No. 18, *Georgia Voter Alliance v. Fulton Cnty*, No. 1:20-CV-4198-LMM (N.D. Ga. Oct. 28, 2020).

Despite widespread acknowledgement that no fraud occurred, various coordinated lawsuits, much like this one, have been filed around the country and in Georgia in an attempt to sow confusion and cast doubt on the legitimacy of the election.[5] Indeed, a lawsuit alleging similar improprieties and conspiracy theories was filed more than two weeks ago in the Northern District of Georgia. After considering the parties' briefing and argument in a comprehensive two-hour argument, the court denied plaintiff's motion for a temporary restraining order. *See* Opinion and Order, *Wood v. Raffensperger*, No. 20-cv-04651, 2020 WL 6817513 at *12 (N.D. Ga. Nov. 20, 2020) (denying Plaintiff's claim for emergency injunctive relief in part because Plaintiff "cannot show a likelihood of success on the merits"). That plaintiff also sought to prevent the certification of the Biden Electors victory, which the Court called an "extraordinary remedy . . . [that] would breed confusion, undermine the public's trust in the election, and potentially disenfranchise of over one million Georgia voters." *Id.* That court explained that "interfer[ing] with the result of an

AMERICAN OVERSIGHT

election that has already concluded would be unprecedented and harm the public in countless ways." *Id.*

III. ARGUMENT

Georgia courts permit winning candidates to intervene in election contests challenging their victory. *See, e.g.*, *Williams v. Heard*, 302 Ga. 114, 115 (2017) ("[T]he court allowed [the winning candidate] to intervene in the contest action."). The Biden Electors have an undeniable interest in this lawsuit, which seeks to declare their victory null and void. Not only is Contestant's request wholly unwarranted (not least of all because it comes upon the heels of the state's thorough hand recount of all ballots and in the midst of a *second* recount), but the Biden Electors have particular interests in showing that Contestant's allegations are utterly specious and cannot justify the extraordinary relief he seeks.

A. The Biden Electors have a statutory right to intervene.

Georgia law permits intervention as a matter of right "[w]hen a statute confers an unconditional right to intervene . . . ." O.C.G.A. § 9-11-24(a)(1). Here, the election contest statutes provide the statutory basis for intervention. They clearly state that, in an election contest, the "defendant" means "[t]he person whose . . . election is contested." O.C.G.A. § 21-2-520(2)(A). The statutes also require the contestant allege "[t]he name of the defendant" and "[t]he name of each person who was a candidate at such . . . election for such . . . office," each of whom is served by the court clerk. O.C.G.A. § 21-2-524(a)(3)(4), (f). Those defendants and candidates "shall be deemed [] litigant[s] to such proceeding and may set up by way of answer or cross action any right of interest or claim he or she may have." O.C.G.A. § 21-2-524(f).

Presidential candidates are not elected by the voters of Georgia; rather, Georgia's electorate selects presidential electors who then vote for presidential candidates on behalf of the state at the

AMERICAN OVERSIGHT

Electoral College. Georgia's Election Code states, "[a]t the November election to be held in the year 1964 and every fourth year thereafter, there shall be elected by the electors of this state persons to be known as *electors of President and Vice President* of the United States . . . ." O.C.G.A. § 21-2-10 (emphasis added). Contestant purports to contest the "result of the November 3, 2020 general election for President and Vice President," but no such election exists. Rather, "[w]hen *presidential electors are to be elected*, the ballot shall not list the individual names of the candidates for presidential electors but shall list the names of each political party and body and the names of the political party or body candidates for the office of President and Vice President." O.C.G.A. § 21-2-379.5(e) (emphasis added); *see* O.C.G.A. § 21-2-285(e). The Georgia Supreme Court has confirmed that presidential elections in Georgia are actually "election[s] for presidential electors." *Rose v. State*, 107 Ga. 697 (1899); *Franklin v. Harper*, 205 Ga. 779, 785 (1949) (describing an "election . . . for presidential electors"); *Moore v. Smith*, 140 Ga. 854 (1913) (same). The U.S. Supreme Court reiterated this understanding in a decision issued earlier this year. *See Chiafalo v. Washington*, 140 S. Ct. 2316, 2319 (2020) ("Every four years, millions of Americans cast a ballot for a presidential candidate. Their votes, though, actually go toward selecting members of the Electoral College, whom each State appoints based on the popular returns. Those few 'electors' then choose the President."). The Biden Electors are therefore proper "defendants" as "[t]he person[s] whose nomination or election is contested." O.C.G.A. § 21-2-520(2)(A).

Though Contestant has erroneously named the wrong individuals as "candidates" in his Petition, if this contest is to proceed, the Court should permit the Biden Electors to exercise their statutory right to appear before the Court as if the contest were properly pled. *See* Pet. ¶ 6 (improperly identifying "Governor and Secretary of State" as defendants and "Joseph R. Biden,

AMERICAN OVERSIGHT

Kamala D. Harris; Donald J. Trump and Michael R. Pence; and Jo Jorgenson and Jeremy 'Spike' Cohen" as the candidates). Granting the Biden Electors' intervention motion per their statutory right is necessary to the fairness and validity of this contest.

B. The Biden Electors are otherwise entitled to intervene as a matter of right under O.C.G.A. § 9-11-24(a)(2).[6]

Even absent their statutory right to intervene, the Biden Electors easily meet Georgia's traditional test for motions to intervene as of right. Specifically, O.C.G.A. § 9-11-24(a)(2) provides that after timely application "anyone *shall* be permitted to intervene" in an action "[w]hen the applicant claims an interest relating to" the subject matter of the action and the applicant "is so situated that the disposition of the action may as a practical matter impair or impede his ability to protect that interest, unless the applicant's interest is adequately represented by existing parties."[7] O.C.G.A. § 9-11-24(a)(2) (emphasis added). Georgia courts have described this as a three-part inquiry, consisting of "[1] interest, [2] impairment resulting from an unfavorable disposition, and

---

[6] The Georgia Supreme Court has clarified that "[t]he [Civil Practice Act (CPA)] 'shall apply to all special statutory proceedings except to the extent that specific rules of practice and procedure in conflict [with it] are expressly prescribed by law.'" *Martin v. Fulton Cnty. Bd. of Registration & Elections*, 307 Ga. 193, 210 (2019) (quoting O.C.G.A. § 9-11-81). Thus, it follows that "the CPA provides background [procedural] rules in election contests—which are civil actions—except to the extent the Election Code sets forth 'specific rules of practice and procedure' that conflict with the CPA." *Id.* The Election Code does not provide intervention rules that conflict with the CPA's intervention provisions; rather, it only grants certain statutory rights to intervene that are *already contemplated* by O.C.G.A. § 9-11-24. *See, e.g.*, O.C.G.A. §§ 21-2-32(a); § 21-2-524(f).

[7] "[W]hether a motion to intervene is timely is a decision entrusted to the sound discretion of the trial court." *Kroger v. Taylor*, 320 Ga. App. 298, 298 (2013) (quoting *Payne v. Dundee Mills, Inc.*, 235 Ga. App. 514, 515(1) (1998)). "But where intervention appears before final judgment, where the rights of the intervening parties have not been protected, and where the denial of intervention would dispose of the intervening parties' cause of action, intervention should be allowed and the failure to do so amounts to an abuse of discretion." *Id.* This request for intervention was filed only five days after Contestant filed his petition, the same day he filed his supporting exhibits, and before any hearing in this contest. Accordingly, it is timely.

AMERICAN OVERSIGHT

[3] inadequate representation." *See Baker v. Lankford*, 306 Ga. App. 327, 329 (2010). The Biden Electors satisfy each prong.

First, the Biden Electors clearly have a direct interest in defending the certification of their own electoral victory from frivolous attacks. Under Georgia law, "the interest of the intervenor must be of such a direct and immediate character that he will either gain or lose by the direct effect of the judgment, and must be created by the claim in suit." *State Farm Mut. Auto. Ins. Co. v. Jiles*, 115 Ga. App. 193, 195 (1967). There is no question that the Biden Electors will "gain or lose by the direct effect of [a] judgment" in this suit that seeks to prevent their appointment to the Electoral College in direct contravention of the decision of Georgia's electorate. *See id.* The Biden Electors also have a direct interest in defending and supporting the will of the 2,474,507 Georgia voters who supported their election. *See, e.g.*, *Bay Cnty. Democratic Party v. Land*, 347 F. Supp. 2d 404, 422 (E.D. Mich. 2004) ("political parties and candidates have standing to represent the rights of voters"); *Penn. Psychiatric Soc'y v. Green Spring Health Servs., Inc.*, 280 F.3d 278, 288 n.10 (3d Cir. 2002) ("candidates for public office may be able to assert the rights of voters"); *Walgren v. Bd. of Selectmen of Amherst*, 519 F.2d 1364, 1365 n.1 (1st Cir. 1975) (same).[8]

Second, there is no question that Contestant's requests will impair the Biden Electors' interests. He seeks to render the Biden Electors' victory "null and void." *See* Pet., Prayer for Relief ¶¶ 1-3. Then, he asks the Court to prevent certification of an election that has *already been certified*

[8] Georgia courts regularly apply principles from federal caselaw to the scope of a party's interest in litigation, for example, to determine whether a party's injury is sufficient to confer standing to litigate a case. *See Feminist Women's Health Ctr. v. Burgess*, 282 Ga. 433, 434 (2007) (collecting Georgia cases that look to federal law to resolve issues of standing); *Aldridge v. Ga. Hosp. & Travel Ass'n*, 251 Ga. 234, 235 (1983) (reviewing federal precedent to determine "associational standing"). Though the interest required for intervention is less than that required for standing, this Court should still look to instructive federal case law.

AMERICAN OVERSIGHT

as a victory for the Biden Electors so that the General Assembly can appoint its own slate of electors—presumably for Contestant's preferred candidate. *Id.* ¶ 5. In the alternative, he seeks a "second Presidential election," *id.* ¶ 7, which would operate only to delay and obstruct the finality of this election, which the Biden Electors won. Put simply, the Biden Electors have been elected by the voters of Georgia to cast Georgia's sixteen electoral votes for President-Elect Biden, and the Court should not permit Contestant, as a single voter disappointed in that outcome, to use the state judiciary as a prop in his efforts to undermine democracy.

Finally, the Biden Electors' interests cannot adequately be represented by the State Defendants, who are not proper defendants in this suit to begin with. *See Martin*, 307 Ga. at 193 n.1 (noting the trial court's dismissal of the Georgia Secretary of State as a defendant in an election contest); *see also* Br. of Amicus Curiae Sec'y of State, *Coal. of Good Governance v. Fulton Cnty. Bd. of Registration & Elections,* No. S19A0769, 2019 WL 2010128, at *1 n.1 (Ga. May 2, 2019), *Martin*, 307 Ga. 193 (noting "the superior court's dismissal of the Secretary as an improper party to [an] election contest petition"). To the extent they remain parties to the lawsuit, their stake in this lawsuit is defined solely by their statutory duties to implement the electoral process. The Secretary of State, as the chief elections officer, is responsible for the general administration of the state laws affecting voting. *See* O.C.G.A. §§ 21-2-50, 21-2-384. Because the State is not institutionally designed to be an advocate for electing the President-Elect or protecting individual voters' rights, it cannot adequately represent the interests of the Biden Electors, whose mission is just that.

Additionally, it should carry no weight that Contestant has improperly listed President-Elect Biden—who does have similar interests to the proposed intervenors—as a candidate in the

AMERICAN OVERSIGHT

contested election. Under Georgia law, he was not the *candidate* in the election for presidential electors. *See supra* Section III.A. This means that he is not properly considered a "litigant" under the Election Contest rules and is not able to present "any right of interest or claim." O.C.G.A. § 21-2-524(f).

C. In the alternative, the Biden Electors request the Court grant them permission to intervene under O.C.G.A. § 9-11-24(b).

If the Court does not grant intervention as a matter of right, the Biden Electors respectfully request that the Court exercise its discretion to allow them to intervene under O.C.G.A. § 9-11-24(b). Permissive intervention is appropriate "[w]hen an applicant's claim or defense and the main action have a question of law or fact in common." O.C.G.A. § 9-11-24(b)(2). "In exercising its discretion the court shall consider whether the intervention will unduly delay or prejudice the adjudication of the rights of the original parties." *Id.*

The Biden Electors easily meet the requirements for permissive intervention. *First*, the Biden Electors and the State will inevitably raise common questions of law and fact in defending this lawsuit and the elections process. *Second*, given the early stage of this litigation, intervention will not unduly delay or prejudice the adjudication of the rights of the original parties. To the contrary, the Biden Electors are prepared to proceed in accordance with any schedule the Court establishes and have an interest in moving as expeditiously as possible. Their intervention will only serve to contribute to the full development of the factual and legal issues before the Court.

IV. CONCLUSION

For the reasons stated above, the Biden Electors respectfully request that the Court grant their motion to intervene as a matter of right under O.C.G.A. § 9-11-24(a) or, in the alternative, permit them to intervene under O.C.G.A. § 9-11-24(b). The Biden Electors have submitted a

AMERICAN OVERSIGHT

GA-SOS-20-2913-000128

proposed motion to dismiss the Contestants' Petition for consideration by the Court if the Biden Electors are granted permission to intervene under either provision.

JURISDICTION

1. Paragraph 1 of the Petition states:

The Georgia Superior Courts have jurisdiction in all cases except as otherwise provided in the Georgia Constitution, Article VI, Section IV, paragraph 1.

Answer: Paragraph 1 of the Petition contains characterizations, legal contentions, and conclusions, to which no response is required. To the extent a response is required, the Intervenors deny the same.

2. Paragraph 2 of the Petition states:

Ga. Code §21-2-521 authorizes a voter contest of a federal Presidential Election electing Presidential Electors to the Electoral College. The statute states, "the election of any person who is declared elected to any such office ... may be contested by any person who was a candidate at such primary or election for such nomination or office, or by any aggrieved elector who was entitled to vote for such person . . ."

Answer: Paragraph 2 of the Petition contains characterizations, legal contentions, and conclusions, to which no response is required. To the extent a response is required, the Intervenors deny the same.

3. Paragraph 3 of the Petition states:

Ga. Code § 21-2-522 allows for an election contest on one or more of the following grounds: "(1) Misconduct, fraud, or irregularity by any primary or election official or officials sufficient to change or place in doubt the result; . . . (3) When illegal votes have been received or legal votes rejected at the polls sufficient to change or place in doubt the result."

Answer: Paragraph 3 of the Petition contains characterizations, legal contentions, and conclusions, to which no response is required. To the extent a response is required, the Intervenors admit that the quoted language appears in O.C.G.A. § 21-2-522.

4. Paragraph 4 of the Petition states:

Ga. Code. Ann. § 21-2-571 allows for an election contest on the following ground: "Any person who votes or attempts to vote at any primary or election, knowing that such person does not possess all the qualifications of an elector at such primary or election, as required by law ... or who knowingly gives false information to poll officers in an attempt to vote in any primary or election."

AMERICAN OVERSIGHT

Answer: Paragraph 4 of the Petition contains characterizations, legal contentions, and conclusions, to which no response is required. To the extent a response is required, the Intervenors deny that the cited statute allows for an election contest.

5. Paragraph 5 of the Petition states:

Ga. Code§ 21-2-572 allows for an election contest on the following ground: "Any person who votes in more than one precinct in the same primary or election or otherwise fraudulently votes more than once at the same primary or election shall be guilty of a felony."

Answer: Paragraph 5 of the Petition contains characterizations, legal contentions, and conclusions, to which no response is required. To the extent a response is required, the Intervenors deny that the cited statute allows for an election contest.

6. Paragraph 6 of the Petition states:

Georgia Code § 21-2-524 requires eight allegations in the petition which are made herein. First, the contestant's qualification as an aggrieved elector is identified. Second, the contestant's desire to contest the result of the November 3, 2020 general election for President and Vice President is identified. Third, the names of the defendants Governor and Secretary of State are identified. Fourth, the names of the candidates at the election are: Joseph R. Biden and Kamala D. Harris; Donald J. Trump and Michael R. Pence; and Jo Jorgenson and Jeremy "Spike" Cohen. Fifth, this petition lists each ground of the contest. Sixth, the Secretary of State certified the vote totals for the Presidential contest on November 20, 2020. Seventh, the relief sought is identified herein. Eighth, other facts as are necessary are provided herein, including the attached expert declaration by Matthew Braynard, to provide a full, particular and explicit statement of the cause of contest.

Answer: Paragraph 6 of the Petition contains characterizations, legal contentions, and conclusions, to which no response is required. To the extent a response is required, the Intervenors admit that O.C.G.A. § 21-2-524 requires eight allegations in the Petition. The Intervenors also admit that Petitioner has identified himself as an aggrieved elector but deny that this qualifies Petitioner to institute the contest; admit that Petitioner identified his desire to contest the November 3, 2020 election for the presidential candidate; admit that Petitioner identified defendants but deny that these are the proper defendants to the contest, *see* O.C.G.A. § 21-2-520(2), *Martin v. Fulton Cty. Bd. of Registration & Elections*, 307 Ga. 193, 200 n.8 (2019), *Jones v. McElreath*, 167 Ga.

AMERICAN OVERSIGHT

833 (1929), and *Swain v. Thompson*, 281 Ga. 30 (2006); deny that Petitioner listed presidential candidates as defined under Georgia law; admit that Petitioner lists the grounds for the contest; admit that the Secretary of State certified the election results on November 20, 2020 and the Governor issued a certificate of ascertainment of appointment of Electors of President and Vice President of the United States for the State of Georgia; and admit that Petitioner filed a declaration from Matthew Braynard but deny that the declaration contains the necessary facts for proof in his Petition.

7. Paragraph 7 of the Petition states:

The Fulton County Superior Court has jurisdiction and venue because the Defendants primarily reside or are located in Fulton County, Georgia. Ga. Code § 21-2-523.

Answer: Paragraph 7 of the Petition contains characterizations, legal contentions, and conclusions, to which no response is required. To the extent a response is required, the Intervenors deny the same.

PARTIES

8. Paragraph 8 of the Petition states:

Contestant John Wood is an elector, eligible voter and taxpayer residing in Coweta County and the Third Congressional District. John Wood is President of the Georgia Voters Alliance. John Wood is an aggrieved elector who believes the Georgia 2020 federal general election violated principles of election integrity.

Answer: In response to Paragraph 8 of the Petition, the Intervenors lack sufficient information to admit or deny the allegations in Paragraph 8 of the Petition and on that basis deny the same.

9. Paragraph 9 of the Petition states:

Georgia Secretary of State Brad Raffensperger is a Defendant. His office is located in Atlanta, Georgia. Secretary of State Raffensperger certified the Presidential Election result on November 20, 2020.

AMERICAN OVERSIGHT

Answer: In response to Paragraph 9 of the Petition, the Intervenors admit that Petitioner names Brad Raffensperger as a defendant but deny that he is a proper defendant. The Intervenors further admit that the Secretary of State certified the Presidential Election results on November 20, 2020.

10. Paragraph 10 of the Petition states:

Georgia Governor Brian Kemp is a Defendant. His office is located in Atlanta, Georgia. Under 3 U.S.C. § 6, a Governor of a state notifies the federal government of the Presidential Electors of that state for the Electoral College.

Answer: In response to Paragraph 10 of the Petition, the Intervenors admit that Petitioner names Brian Kemp as a defendant but deny that he is a proper defendant. The Intervenors admit that 3 U.S.C. § 6 requires the Governor of each State to notify the federal government of the presidential electors for the electoral college.

ULTIMATE ISSUE PRESENTED BY THE CONTROVERSY

11. Paragraph 11 of the Petition states:

Whether there is sufficient evidence to show that Georgia's election officials failed to conduct the November 3, 2020 election for Presidential Electors in accordance with the Georgia state constitution and Georgia state law casting sufficient doubt on the razor-thin margin of 12,670 to void the election result.

Answer: Paragraph 11 contains characterization of the issue in the Petition, which does not necessitate a response from the Intervenors. To the extent a response is required, the Intervenors deny the same.

PETITION

12. Paragraph 12 of the Petition states:

The Georgia General Assembly has adopted laws governing the voting for the selection of Presidential electors. Those laws provide for voting to be conducted pursuant to Georgia general election laws. Title 21 of the Official Code of Georgia.

Answer: Admit.

AMERICAN OVERSIGHT

GA-SOS-20-2913-000135

13. Paragraph 13 of the Petition states:

In 1997, in order to prevent the casting of ineligible ballots due to, among other reasons, fraud, the Georgia General Assembly adopted Act 53 to require Georgia voters, known as electors under Georgia law, to present an identification containing a photograph, such as a driver's license, to either a municipal or county clerk when registering to vote municipal or county clerk or other official when voting. Ga. Code § 21-4-417. The Georgia General Assembly adopted the photo ID requirement to deter the casting of ballots by persons either not eligible to vote or persons fraudulently casting multiple ballots. *Democratic Party of Georgia, Inc. v. Perdue,* 288 Ga. 720 (2011).

Answer: Paragraph 13 of the Petition contains characterizations, legal contentions, conclusions, and opinions to which no response is required. The Intervenors further deny that O.C.G.A. § 21-4-417 is a statute regarding election-related identification because O.C.G.A. § 21-4-417 does not appear to be an election statute at all. To the extent Petitioner's characterization and interpretation of the cited case law differs from the text of the cited provisions, the Intervenors deny the allegations. To the extent a response is otherwise required, the Intervenors deny the allegations.

14. Paragraph 14 of the Petition states:

The Georgia General Assembly has also provided voters with the option to vote by absentee processes which are set forth in very detailed and unambiguous language in the Georgia statutes at Georgia Code § 21 -2-10, et seq.

Answer: Paragraph 14 of the Petition contains characterizations, legal contentions, conclusions, and opinions to which no response is required. To the extent Petitioner's characterization and interpretation of the cited law differs from the text of the cited provisions, the Intervenors deny the allegations. To the extent a response is otherwise required, the Intervenors admit that the Georgia General Assembly has provided voters with the option to vote by absentee processes and deny each other or different allegation.

15. Paragraph 15 of the Petition states:

The Georgia General Assembly created the State Election Board as an independent agency under the Georgia Secretary of State, as chairman, to administer Georgia's election laws. Ga. Code §21-

AMERICAN OVERSIGHT

2-30-34. The State Election Board is authorized to adopt administrative rules pursuant to the Georgia Administrative Procedures Act, which governs administrative rule making. However, nothing under Georgia's election laws authorizes the State Elections Board to issue any documents, make any oral determinations or instruct governmental officials administering elections to perform any act contrary to Georgia law governing elections.

Answer: The Intervenors admit the first two sentences of Paragraph 15. The Intervenors deny the remainder of the paragraph to the extent Petitioner's characterization and interpretation of the cited law differs from the text of the cited provisions.

16. Paragraph 16 of the Petition states:

Furthermore, the Georgia General Assembly also allowed for the creation of county election boards with the power to act as an election superintendent relating to the conduct of primaries and elections. Ga. Code § 21-2-40. These county election boards are responsible for administering the elections in their respective jurisdictions.

Answer: Admit.

17. Paragraph 17 of the Petition states:

As set forth above, the Georgia General Assembly adopted Act 53 in 1997 to require Georgia electors to present an identification containing a photograph, such as a driver's license, to either a municipal or county clerk when registering to vote municipal or county clerk or other official when voting. Ga. Code §21-4-417. The Georgia General Assembly adopted the photo ID requirement to deter the casting of ballots by persons either not eligible to vote or persons fraudulently casting multiple ballots. *Democratic Party of Georgia, Inc. v. Perdue*, 288 Ga. 720 (2011).

Answer: Paragraph 17 of the Petition contains characterizations, legal contentions, conclusions, and opinions to which no response is required. The Intervenors further deny that O.C.G.A. § 21-4-417 is a statute regarding election-related identification because O.C.G.A. § 21-4-417 does not appear to be an election statute at all. To the extent Petitioner's characterization and interpretation of the cited case law differs from the text of the cited provisions, the Intervenors deny the allegations. To the extent a response is otherwise required, the Intervenors deny the allegations.

18. Paragraph 18 of the Petition states:

Georgia's absentee voting is governed by Ga. Code § 21 -2-380-§21-2-390.

AMERICAN OVERSIGHT

Answer: The Intervenors admit that absentee voting is governed, in part, by the statutes referenced in Paragraph 18. However, to the extent Petitioner suggests this list is complete as to the law governing absentee voting, the Intervenors deny the allegations.

19. Paragraph 19 of the Petition states:

Ga. Code § 21-2-381 governs how Georgia electors may obtain an absentee ballot.

Answer: Paragraph 20 of the Petition contains characterizations, legal contentions, conclusions, and opinions to which no response is required. To the extent a response is otherwise required, the Intervenors admit that absentee voting is governed, in part, by the statute referenced in Paragraph 19. However, to the extent Petitioner suggests this paragraph is complete as to the law governing absentee voting, the Intervenors deny the allegations.

20. Paragraph 20 of the Petition states:

With respect to all absentee voters, Ga. Code § 21-2-381(b) governs how the clerk is to transmit an absentee ballot to the absentee elector after the clerk approves the absentee voter application.

Answer: Paragraph 20 of the Petition contains characterizations, legal contentions, conclusions, and opinions to which no response is required. To the extent a response is otherwise required, the Intervenors admit that absentee voting is governed, in part, by the statute referenced in Paragraph 20. However, to the extent Petitioner suggests this paragraph is complete as to the law governing absentee voting, the Intervenors deny the allegations.

21. Paragraph 21 of the Petition states:

Under Ga. Code§ 21-2-384(b), if the clerk approves absentee ballot application, the clerk will then mail to the absentee voter an envelope containing (i) the absentee ballot and (ii) a return envelope into which the absentee voter is to place the absentee ballot.

Answer: Paragraph 21 of the Petition contains characterizations, legal contentions, conclusions, and opinions to which no response is required. To the extent a response is otherwise

AMERICAN OVERSIGHT

required, the Intervenors admit that the statute provides for the clerk to mail the absentee voter an envelope containing the absentee ballot and a return envelope.

22. Paragraph 22 of the Petition states:

On the back of the absentee envelope, Ga. Code § 21-2-384(b), requires that the clerk send the absentee voter an envelope containing (i) an envelope with only the words "Official Absentee Ballot" on one side and (ii) an envelope which the absentee voter must use to return the absentee ballot back to the clerk. On one side of the envelope is the oath for electors and the oath for the person assisting the elector, and the statutory penalties for violation of the oaths. On the other side the name and address of the board of registrars or absentee ballot clerk, and the elector's name and voter registration number.

Answer: Paragraph 22 of the Petition contains characterizations, legal contentions, conclusions, and opinions to which no response is required. To the extent a response is otherwise required, the Intervenors admit the allegations.

23. Paragraph 23 of the Petition states:

The absentee voter's certification must be in substantially the following form pursuant to Ga. Code § 21-2-384(c)(1):

> I, the undersigned, do swear (or affirm) that I am a citizen of the United States and of the State of Georgia; that I possess the qualifications of an elector required by the laws of the State of Georgia; that I am entitled to vote in the precinct containing my residence in the primary or election in which this ballot is to be cast; that I am eligible to vote by absentee ballot; that I have not marked or mailed any other absentee ballot, nor will I mark or mail another absentee ballot for voting in such primary or election; nor shall I vote therein in person; and that I have read and understand the instructions accompanying this ballot; and that I have carefully complied with such instructions in completing this ballot. I understand that the offer or acceptance of money or any other object of value to vote for any particular candidate, list of candidates, issue, or list of issues included in this election constitutes an act of voter fraud and is a felony under Georgia law.
>
> Signature or Mark of Elector
> Printed Name of Elector

Answer: Paragraph 23 of the Petition contains characterizations, legal contentions, conclusions, and opinions to which no response is required. To the extent a response is otherwise

AMERICAN OVERSIGHT

required, the Intervenors admit that the elector's oath is governed, in part, by the language quoted in the statute referenced in Paragraph 23. However, to the extent Petitioner suggests this paragraph is complete as to the law governing absentee voting, the Intervenors deny the allegations.

24. Paragraph 24 of the Petition states:

Pursuant to Ga. Code § 21-2-386, "Upon receipt of each ballot, a registrar or clerk shall write the day and hour of the receipt of the ballot on its envelope. The registrar or clerk shall then compare the identifying information on the oath with the information on file in his or her office, shall compare the signature or mark on the oath with the signature or mark on the absentee elector's voter registration card or the most recent update to such absentee elector's voter registration card and application for absentee ballot or a facsimile of said signature or mark taken from said card or application, and shall, if the information and signature appear to be valid and other identifying information appears to be correct, so certify by signing or initialing his or her name below the voter's oath. Each elector's name so certified shall be listed by the registrar or clerk on the numbered list of absentee voters prepared for his or her precinct."

Answer: Paragraph 24 of the Petition contains characterizations, legal contentions, conclusions, and opinions to which no response is required. To the extent Petitioner's characterization and interpretation of the cited law differs from the text of the cited provisions, the Intervenors deny the allegations. To the extent a response is otherwise required, the Intervenors admit that the quoted language appears in the cited statute.

25. Paragraph 25 of the Petition states:

Under Ga. Code § 21-2-386(a)(1)(C), the Georgia General Assembly also established a clear and efficient process to be used by county officials if they determine that an elector had failed to sign the oath on the outside envelope enclosing the ballot or that the signature does not conform with the signature on file in the registrar's or clerk's office. When dealing with defective absentee ballots:

> If the elector has failed to sign the oath, or if the signature does not appear to be valid, or if the elector has failed to furnish required in formation or information so furnished does not conform with that on file in the registrar's or clerk's office, or if the elector is otherwise found disqualified to vote, the registrar or clerk shall write across the face of the envelope "Rejected," giving the reason therefor. The board of registrars or absentee ballot clerk shall promptly notify the elector of such rejection, a copy of which notification shall be

AMERICAN OVERSIGHT

retained in the files of the board of registrars or absentee ballot clerk for at least two years.

Answer: Paragraph 25 of the Petition contains characterizations, legal contentions, conclusions, and opinions to which no response is required. To the extent Petitioner's characterization and interpretation of the cited law differs from the text of the cited provisions, the Intervenors deny the allegations. To the extent a response is otherwise required, the Intervenors admit that the quoted language appears in O.C.G.A. § 21-2-386(a)(1)(C), but is not a complete recitation of the statute.

26. Paragraph 26 of the Petition states:

Fulton County entered into an agreement with a non-profit organization, CTCL, an organization created in 2012 and funded with $350 million USD by Facebook billionaire Mark Zuckerberg, a well-known activist and partisan, to take millions of dollars from CTCL to conduct the November 3, 2020 election in violation of Georgia law.

Answer: In response to Paragraph 26 of the Petition, the Intervenors lack sufficient information to admit or deny the allegations in Paragraph 26 of the Petition and on that basis deny the same.

27. Paragraph 27 of the Petition states:

Moreover, specifically with respect to elections, only the Georgia Secretary of State can take in monies from sources other than taxation and that is limited to applying for a federal grant under Georgia's Election Plan created under the Help America Vote Act ("HAVA"). Ga. Code § 21-2-50.2 provides that only the Georgia Secretary of State can seek funds from the federal government under HAVA.

Answer: Paragraph 27 of the Petition contains characterizations, legal contentions, conclusions, and opinions to which no response is required. To the extent a response is otherwise required, the Intervenors deny the same.

28. Paragraph 28 of the Petition states:

Georgia adopted a plan in 2003 pursuant to the federally enacted Help America Vote Act ("HAVA"). Pursuant to Section 3 of the HAVA plan, each election commission was "required to conduct regular training and administer examinations to ensure that individuals who are certified

AMERICAN OVERSIGHT

are knowledgeable concerning their authority and responsibilities." Using HAVA volunteers is a violation of Georgia's HAVA plan.

Answer: Paragraph 28 of the Petition contains characterizations, legal contentions, conclusions, and opinions to which no response is required. To the extent Petitioner's characterization and interpretation differs from the text of the cited provisions, the Intervenors deny the allegations. To the extent a response is otherwise required, the Intervenors deny the allegations.

29. Paragraph 29 of the Petition states:

In September 2020, Fulton County entered into agreement with CTCL to take "as a gift" $6.3 million USD from CTCL ("CTCL Agreement").

Answer: In response to Paragraph 29 of the Petition, the Intervenors lack sufficient information to admit or deny the allegations in Paragraph 29 of the Petition and on that basis deny the same.

30. Paragraph 30 of the Petition states:

Pursuant to the terms of the CTCL Agreement, Fulton County would be required to remit back to CTCL the entire $6.3 million USD "gift" if CTCL in its sole discretion determines that the cities have not complied with the CTCL Agreement. The CTCL Agreement provide that the purpose of the funds was to be used exclusively for the public purpose of planning safe and secure election administration in Fulton County. Thus, pursuant to the CTCL Agreement, CTCL could direct the election officials to conduct the election in ways CTCL wanted and, if the Fulton County election officials did not comply, CTCL could force Fulton County to refund the $6,300,000.

Answer: In response to Paragraph 30 of the Petition, the Intervenors lack sufficient information to admit or deny the allegations in Paragraph 30 of the Petition and on that basis deny the same.

31. Paragraph 31 of the Petition states:

On September 2, 2020, the Fulton County Board of Commissioners approved acceptance of the grant from the CTCL at the recommendation from the Fulton County Registration and Elections Division. Among other things, Fulton County agreed "with CTCL to use the monies to:

- Hire additional personnel for elections;

AMERICAN OVERSIGHT

- Increase existing salaries for staff;
- Encourage and Increase Absentee Voting (By Mail and Early, In-Person);
- Provide assistance to help voters comply with absentee ballot requests & certification requirements;
- Utilize secure drop-boxes to facilitate return of absentee ballots
- Deploy additional staff and/ or technology improvements to expedite & improve accuracy of absentee ballot processing;
- Expand In-Person Early Voting (Including Curbside Voting); and Commit "to conducting the necessary voter outreach and education to promote absentee voting and encourage higher percentages of our electors to vote absentee.

Harding Decl., Exs. A, B, C.

Answer: In response to Paragraph 31 of the Petition, the Intervenors admit that Petitioner filed an exhibit that appears to be a Resolution Authorizing Fulton County to Accept a Grant for Elections Equipment and Services; and for other Services. The Intervenors deny each other or different allegation to the extent Petitioner's characterization and interpretation of the Resolution differs from the text of the Resolution entered into between Fulton County and CTCL.

32. Paragraph 32 of the Petition states:

The Cities and CTCL knew in 2020 that Democrat voters would be voting primarily by absentee vote which is why the Cities and CTCL aggressively "promoted," "encouraged" and overzealously solicited" voters to vote absentee—including eliminating absentee ballot security requirements.

Answer: Denied.

33. Paragraph 33 of the Petition states:

CTCL provided a $6.3 million grant for election administration to Fulton County Georgia. See attached Harding Decl., Ex. F.

Answer: In response to Paragraph 33 of the Petition, the Intervenors admit that Petitioner filed a letter that appears to indicate that CTCL approved a grant of at least $6.3 million dollars for election administration. Intervenors lack sufficient information to ascertain the foundation of

AMERICAN OVERSIGHT

this letter and therefore can neither admit nor deny the allegations in Paragraph 33 of the Petition and on that basis deny the same.

34. Paragraph 34 of the Petition states:

CTCL provided grants to at least a dozen generally democratic Georgia counties to develop their election administration.

Answer: In response to Paragraph 34 of the Petition, the Intervenors lack sufficient information to admit or deny the allegations in Paragraph 34 of the Petition and on that basis deny the same.

35. Paragraph 35 of the Petition states:

This meant that counties that were unaware of these grants were unable to access the funds and were unable to provide similar access and technology to their electors for the 2020 federal general election.

Answer: In response to Paragraph 35 of the Petition, the Intervenors lack sufficient information to admit or deny the allegations in Paragraph 35 of the Petition and on that basis deny the same. However, it appears that applications for the grant program are publicly available online, and specifically to election offices in Georgia. *See, e.g.*, Center for Tech and Civic Life, COVID-19 Response Grants, https://www.techandciviclife.org/our-work/election-officials/grants/ (last accessed Nov. 28, 2020).

36. Paragraph 36 of the Petition states:

CTCL put out a statement regarding the ways they intended grant recipients to improve their voting access compared to other localities. These actions were under 4 broad categories.

a. Making Voting Safe

i. Designated Polling Locations for Voters with COVID-19

ii. Partnering with Sports Arenas

37. Paragraph 37 of the Petition states:

CTCL only made this money and services available to certain counties. Moreover, CTCL only increases access to these options if the local municipality agrees to run the election according to CTCL preferences.

Answer: In response to Paragraph 37 of the Petition, the Intervenors lack sufficient information to admit or deny the allegations in Paragraph 37 of the Petition and on that basis deny the same. However, it appears that applications for the grant program are publicly available online, and specifically to election offices in Georgia. *See, e.g.*, Center for Tech and Civic Life, COVID-19 Response Grants, https://www.techandciviclife.org/our-work/election-officials/grants/ (last accessed Nov. 28, 2020).

38. Paragraph 38 of the Petition states:

Consequently, numerous electors in the State of Georgia were not able to benefit from CTCL's private federal election grants making it easier to vote in-person and absentee.

Answer: In response to Paragraph 38 of the Petition, the Intervenors lack sufficient information to admit or deny the allegations in Paragraph 38 of the Petition and on that basis deny the same.

39. Paragraph 39 of the Petition states:

Georgia is comprised of 159 counties. In 2016, Hillary Clinton garnered 1,877,963 votes in the state of Georgia. Clinton won four counties in major population centers, Fulton (297,051), Cobb (160,121), Gwinnett (166,153), and Dekalb Counties (251,370). These four counties represented 874,695 votes for Hillary Clinton.

Answer: Intervenors admit that Georgia has 159 counties and that the New York Times published these results. Intervenors deny each other or different allegation to the extent Petitioner's

AMERICAN OVERSIGHT

characterization and interpretation of the results differ from the results published by the New York Times. To the extent a response is otherwise required, the Intervenors deny the allegations.

40. Paragraph 40 of the Petition states:

Georgia has 300 total drop boxes for electors to submit absentee ballots.

Answer: In response to Paragraph 40 of the Petition, the Intervenors lack sufficient information to admit or deny the allegations in Paragraph 40 of the Petition and on that basis deny the same.

41. Paragraph 41 of the Petition states:

In 2020, Georgia counties utilized CTCL funding to install additional drop boxes in areas that would make it easier for voters to cast their absentee ballot. The four counties won by the Clinton campaign contain a plurality of the drop boxes.

Answer: In response to Paragraph 41 of the Petition, the Intervenors lack sufficient information to admit or deny the allegations in Paragraph 41 of the Petition and on that basis deny the same.

42. Paragraph 42 of the Petition states:

Fulton County was home to 39 drop boxes, Cobb County provided 16 drop boxes, 23 drop boxes in Gwinnett County, and Dekalb County has 34 boxes.

Answer: The Intervenors admit that Fulton, Cobb, and Gwinnett Counties' websites state that they had the number of drop boxes alleged in Paragraph 42. The Intervenors lack sufficient information to admit or deny the allegations in Paragraph 42 regarding DeKalb County and on that basis deny the same.

43. Paragraph 43 of the Petition states:

These four localities account for 112 drop boxes, spread out over 1,587 square miles. Meaning, voters in these four Clinton strongholds have one drop box for every 14 square miles. Meanwhile, in the remaining 155 counties, spread out over 55,926 square miles, a republican voter will find one drop box for every 294 square miles.

Answer: The Intervenors lack sufficient information to admit or deny the allegations in Paragraph 43 of the Petition and on that basis deny the same.

44. Paragraph 44 of the Petition states:

Notwithstanding the clarity of the applicable statutes and the constitutional authority for the Georgia General Assembly actions, on March 6, 2020, the Secretary of State of the State of Georgia, Secretary Raffensperger, and the State Election Board, who administer the state elections (the "Administrators") entered into a "Compromise and Settlement Agreement and Release" (the "Settlement Agreement") with the Democratic Party of Georgia, Inc., the Democrat Senatorial Campaign Committee, and the Democratic Congressional Campaign Committee (collectively, the "Democrat Party Agencies"), setting forth different standards to be followed by the clerks and registrars in processing absentee ballots in the State of Georgia. Harding Decl., Ex. E.

Answer: In response to Paragraph 44 of the Petition, the Intervenors admit that a Compromise Settlement Agreement was reached between the Democratic Party of Georgia, Inc., the Democrat Senatorial Campaign Committee, and the Democratic Congressional Campaign Committee and Brad Raffensperger, Rebecca N. Sullivan, David J. Worley, Seth Harp, and Anh Le on March 6, 2020, referred to in the Petition as the "Settlement Agreement." The Intervenors deny each other or different allegation.

45. Paragraph 45 of the Petition states:

The Georgia election officials' Settlement Agreement violated the Elections Clause of the Constitution, Art. 1 Sec. 4, cl. 1, Georgia Constitution and statutes. *Carson v. Simon*, 978 F.3d 1071 (C.A. 8, 2020).

Answer: Denied.

46. Paragraph 46 of the Petition states:

The Settlement Agreement sets forth different legal standards to be followed by the clerks and registrars in processing absentee ballots in the State of Georgia than those constitutionally and statutorily required.

Answer: Denied.

47. Paragraph 47 of the Petition states:

AMERICAN OVERSIGHT

Although the State Election Board is authorized to promulgate rules and regulations that are "conducive to the fair, legal, and orderly conduct of primaries and elections," all such rules and regulations must be "consistent with law." Ga. Code§ 21-2-31(2).

Answer: The Intervenors admit that the quoted language is from O.C.G.A. § 21-2-31(2) and deny each other or different allegation to the extent Petitioner's characterization and interpretation of the cited law differs from the text of the cited provisions. To the extent a response is otherwise required, the Intervenors deny the allegations.

48. Paragraph 48 of the Petition states:

Under the Settlement Agreement, however, the State Election Board and Secretary of State agreed to change the statutorily-prescribed manner of handling absentee ballots in a manner that was not consistent with the laws promulgated by the Georgia General Assembly for elections in this state.

Answer: Denied.

49. Paragraph 49 of the Petition states:

The Settlement Agreement provides that the Secretary of State would issue an "Official Election Bulletin" to County Administrators overriding the statutory procedures prescribed for those officials. That power, however, does not belong to the Secretary of State under the Georgia Constitution and U.S. Constitution.

Answer: Denied.

50. Paragraph 50 of the Petition states:

The Settlement Agreement procedure, set forth in pertinent part below, is more cumbersome, and makes it much more difficult to follow the statute with respect to defective absentee ballots.

Answer: Denied

51. Paragraph 51 of the Petition states:

Because of the COVID-19 pandemic and the pressures created by a larger number of absentee ballots, County Officials were under great pressure to handle an historical level of absentee voting.

Answer: In response to Paragraph 51 of the Petition, the Intervenors admit that the COVID-19 pandemic caused an increase in absentee voting in Georgia, which protected the health and safety of voters across the state. The Intervenors deny each other or different allegation.

52. Paragraph 52 of the Petition states:

AMERICAN OVERSIGHT

Additionally, the County Officials were required to certify the speed with which they were handling absentee ballots on a daily basis, with the goal of processing absentee ballots faster than they had been processed in the past.

Answer: In response to Paragraph 52 of the Petition, the Intervenors lack sufficient information to admit or deny the allegations in Paragraph 52 of the Petition and on that basis deny the same.

53. Paragraph 53 of the Petition states:

Under the Litigation Settlement, the following language added to the pressures and complexity of processing defective absentee ballots, making it less likely that they would be identified or, if identified, processed for rejection:

> County registrars and absentee ballot clerks are required, upon receipt of each mail-in absentee ballot, to compare the signature or make of the elector on the mail-in absentee ballot envelope with the signatures or marks in eNet and on the application for the mail-in absentee ballot. If the signature does not appear to be valid, registrars and clerks are required to follow the procedure set forth in O.C.G.A. § 21-2-386(a)(1)(C). When reviewing an elector's signature on the mail-in absentee ballot envelope, the registrar or clerk must compare the signature on the mail-in absentee ballot envelope to each signature contained in such elector's voter registration record in eNet and the elector's signature on the application for the mail-in absentee ballot.
>
> **If the registrar or absentee ballot clerk determines that the voter's signature on the mail-in absentee ballot envelope does not match any application, the registrar or absentee ballot clerk must seek review from two other registrars, deputy registrars, or absentee ballot clerks. A mail-in absentee ballot shall not be rejected unless a majority of the registrars, deputy registrars, or absentee ballot clerks reviewing the signature agree that the signature does not match any of the voter's signatures on file in eNet or on the absentee ballot application. If a determination is made that the elector's signature on the mail-in absentee ballot envelope does not match any of the voter's signatures on file in eNet or on the absentee ballot application, the registrar or absentee ballot clerk shall write the names of the three elections officials who conducted the signature review across the face of the absentee ballot envelope, which shall be in addition to writing "Rejected" and the reason for the rejection as required under O.C.G.A. § 21-2-386(a)(1)(C).** Then, the registrar or absentee ballot clerk shall commence the notification procedure set forth in O.C.G.A. § 21-2-386(a)(1)(C) and State Election Board Rule 183-1-14-.13. [Emphasis added].

Answer: Denied.

54. Paragraph 54 of the Petition states:

AMERICAN OVERSIGHT

The bolded language above is not consistent with the statute adopted by the Georgia General Assembly.

Answer: Denied.

55. Paragraph 55 of the Petition states:

First, the Settlement Agreement overrides the clear statutory authorities granted to County Officials individually and forces them to form a committee of three (3) if any one official believes that an absentee ballot is a defective absentee ballot, contrary to state law.

Answer: Denied.

56. Paragraph 56 of the Petition states:

Such a procedure creates a cumbersome, unnecessary and expensive bureaucratic protocol to be followed with each questionable absentee ballot signature—and makes difficult to reject ballots. Ballots that would be rejected by the procedure as laid out in Ga. Code 21-2-396 will simply be approved by a majority of the review team.

Answer: Denied.

57. Paragraph 57 of the Petition states:

Second, the Litigation Settlement allows a county official to compare signatures in ways not permitted by the statutory structure created by the Georgia General Assembly.

Answer: Denied.

58. Paragraph 58 of the Petition states:

The Georgia General Assembly prescribed procedures to ensure that any request for an absentee ballot must be accompanied by sufficient identification of the elector's identity. *See* O.C.G.A. § 21-2-381(b)(1) (providing, in pertinent part, "In order to be found eligible to vote an absentee ballot in person at the registrar's office or absentee ballot clerk's office, such person shall show one of the forms of identification listed in Code Section 21-2-417...").

Answer: The Intervenors admit that the quoted language is from O.C.G.A. § 21-2-381(b)(1). To the extent Petitioner's characterization and interpretation of the cited law differs from the text of the cited provisions, the Intervenors deny the allegations. To the extent a response is otherwise required, the Intervenors deny the allegations.

59. Paragraph 59 of the Petition states:

AMERICAN OVERSIGHT

Under O.C.G.A. § 21-2-220(c), the elector must present identification, but need not submit identification if the electors submit with their application information such that the county officials are able to match the elector's information with the state database, generally referred to as the eNet system.

Answer: Paragraph 59 of the Petition contains characterizations, legal contentions, conclusions, and opinions to which no response is required. To the extent Petitioner's characterization and interpretation of the cited law differs from the text of the cited provisions, the Intervenors deny the allegations. To the extent a response is otherwise required, the Intervenors deny the allegations.

60. Paragraph 60 of the Petition states:

The system for identifying absentee ballots was carefully constructed by the Georgia General Assembly to ensure that electors were identified by acceptable identification (O.C.G.A. § 21-2-417 even permits the use of an expired driver's license), but at some point in the process, the Georgia General Assembly mandated the system whereby the elector be identified for each absentee ballot.

Answer: Paragraph 60 of the Petition contains characterizations, legal contentions, conclusions, and opinions to which no response is required. To the extent Petitioner's characterization and interpretation of the cited law differs from the text of the cited provisions, the Intervenors deny the allegations. To the extent a response is otherwise required, the Intervenors deny the allegations.

61. Paragraph 61 of the Petition states:

Under the Settlement Agreement, any determination of a signature mismatch would lead to the cumbersome process described in the settlement, which was not intended by the Georgia General Assembly, which authorized those decisions to be made by single election officials.

Answer: Denied.

62. Paragraph 62 of the Petition states:

Georgia law requires that its election officials enforce residency requirements on voters. Ga. Code § 21-2-218.

AMERICAN OVERSIGHT

Answer: Paragraph 62 of the Petition contains characterizations, legal contentions, conclusions, and opinions to which no response is required. To the extent a response is otherwise required, the Intervenors deny the allegations because Petitioner's characterization and interpretation of the cited law differs from the text of the cited provisions.

63. Paragraph 63 of the Petition states:

Georgia election officials had residency information to verify that an actual person was voting according to their residence. Ga. Code§ 21-2-211.

Answer: Denied. Paragraph 63 of the Petition contains characterizations, legal contentions, conclusions, and opinions to which no response is required. To the extent Petitioner's characterization and interpretation of the cited law differs from the text of the cited provisions, the Intervenors deny the allegations. To the extent a response is otherwise required, the Intervenors deny the allegations.

64. Paragraph 64 of the Petition states:

Georgia election officials violated Georgia law in not applying this change of address information to enforce residency requirements on voters who changed residency before the November 3, 2020 election. Ga. Code§ 21-2-211.

Answer: Denied.

65. Paragraph 65 of the Petition states:

Georgia law requires that its election officials enforce the prohibition on one person voting more than once. Ga. Code§ 21-2-572.

Answer: Paragraph 65 of the Petition contains characterizations, legal contentions, conclusions, and opinions to which no response is required. To the extent a response is otherwise required, the Intervenors deny the allegations because Petitioner's characterization and interpretation of the cited law differs from the text of the cited provisions.

66. Paragraph 66 of the Petition states:

AMERICAN OVERSIGHT

Georgia election officials have access to information to prevent double voting. Ga. Code § 21-2-211.

Answer: Paragraph 66 of the Petition contains characterizations, legal contentions, conclusions, and opinions to which no response is required. To the extent a response is otherwise required, the Intervenors deny the allegations because Petitioner's characterization and interpretation of the cited law differs from the text of the cited provisions.

67. Paragraph 67 of the Petition states:

Georgia election officials violated Georgia law in not applying this information to enforce Georgia's prohibition on double voting before the November 3, 2020 election.

Answer: Denied.

68. Paragraph 68 of the Petition states:

The people of Georgia had complaints about election officials' activities regarding the November 3 election. Harding Decl., Ex. G.

Answer: In response to Paragraph 68 of Plaintiff's Petition, the Intervenors lack sufficient information to admit or deny the allegations in Paragraph 68 of Plaintiff's Petition and on that basis deny the same.

69. Paragraph 69 of the Petition states:

The Georgia government's data was reviewed and presented by data analyst Matthew Braynard in an accompanying report. Braynard Decl.

Answer: The Intervenors admit that Petitioner filed a Declaration from Matthew Braynard but deny that he is qualified to opine as an expert in this subject area.

70. Paragraph 70 of the Petition states:

Dr. Qianying (Jennie) Zhang also provided an accompanying report based on statistical extrapolation from the data analysis of Matthew Braynard.

Answer: The Intervenors admit that Petitioner filed a declaration from Dr. Qianying Zhang but deny that Dr. Zhang is qualified to opine as an expert in this subject area.

GA-SOS-20-2913-000154

Additionally, as to absentee voters, according to polling by John McLaughlin, Biden voters were significantly more likely (approximately 62%) to vote absentee than other candidates. McLaughlin Decl.

Answer: The Intervenors admit that Petitioner filed a Declaration from John McLaughlin but deny the allegations in Paragraph 71.

72. Paragraph 72 of the Petition states:

Based on the government's data and analysis, it is estimated that 20,431 is the minimum number of absentee ballots requested which were not requested by the person identified in Georgia's database. Braynard Decl.; Zhang Decl.

Answer: Denied.

73. Paragraph 73 of the Petition states:

Based on the government's data and analysis, it is estimated that 43,688 is the minimum number of absentee ballots that the requester returned but were not counted. Braynard Decl.; Zhang Decl.

Answer: Denied.

74. Paragraph 74 of the Petition states:

Based on the government's data, it is estimated that 138,221 electors voted were they did not reside. Braynard Decl.

Answer: Denied.

75. Paragraph 75 of the Petition states:

Based on the government's data, it is estimated that 20,312 out-of-state residents voted in Georgia. Braynard Decl.

Answer: Denied.

76. Paragraph 76 of the Petition states:

Based on the government's data, it is estimated that there were 395 double votes in Georgia. Braynard Decl.

Answer: Denied.

In summary, based on the government's data, it is estimated that there were 204,143 illegal votes counted and legal votes not counted-exceeding the Presidential contest margin of 12,670 votes in Georgia. Braynard Deel.; Zhang Decl.

Answer: Denied.

78. Paragraph 78 of the Petition states:

Georgia election officials' material violations of Georgia election law placed the results of a close Presidential election in Georgia in doubt and are null and void, as a matter of law. Ga. Code § 21 -2-527.

Answer: Denied.

79. Paragraph 79 of the Petition states:

Georgia election officials' material violations of Georgia election law violated the voters due process rights under the state constitution and constituted and placed the results of a close Presidential election in Georgia in doubt and are null and void, as a matter of law. Ga. Code§ 21-2-527.

Answer: Denied.

80. Paragraph 80 of the Petition states:

Georgia election officials' material violations of Georgia election law violated the voters equal protection rights under the state constitution and placed the results of a close Presidential election in Georgia in doubt and are null and void, as a matter of law. Ga. Code§ 21 -2-527.

Answer: Denied.

81. Paragraph 81 of the Petition states:

Georgia election officials violated the Elections Clause and Electors Clause of the United States Constitution and placed the results of a close Presidential election in Georgia in doubt and are null and void, as a matter of law. U.S. Constitution Art. 1 Sec. 4 cl. 1 and Georgia Code§ 21-2-527.

Answer: Denied.

82. Paragraph 82 of the Petition states:

Since the election result is legally null and void, the State of Georgia and the Secretary of State should be enjoined from certifying the election result so that the Georgia General Assembly can lawfully appoint the electors.

Answer: Denied.

83. Paragraph 83 of the Petition states:

AMERICAN OVERSIGHT

The Governor of the State of Georgia should be enjoined to certify the Presidential electors under 3 U.S.C. § 6 appointed by the Georgia General Assembly.

Answer: Denied.

WHEREFORE, THE CONTESTANT PRAYS:

1. Paragraph 1 of Petitioner's Prayer for Relief states:

That the Court **ISSUES** a declaratory judgment that Georgia election officials' material violations of Georgia election law placed the results of a close Presidential election in Georgia in doubt and are null and void, as a matter of law;

Answer: Denied.

2. Paragraph 2 of Petitioner's Prayer for Relief states:

That the Court **ISSUES** a declaratory judgment that Georgia election officials' material violations of Georgia election law violated the voters' due process rights under the state constitution and constituted and placed the results of a close Presidential election in Georgia in doubt and are null and void, as a matter of law;

Answer: Denied.

3. Paragraph 3 of Petitioner's Prayer for Relief states:

That the Court **ISSUES** a declaratory judgment that Georgia election officials' material violations of Georgia election law violated the voters' equal protection rights under the state constitution and placed the results of a close Presidential election in Georgia in doubt and are null and void, as a matter of law;

Answer: Denied.

4. Paragraph 4 of Petitioner's Prayer for Relief states:

That the Court **ISSUES** a declaratory judgment that Georgia election officials violated the Elections Clause and Electors Clause of the U.S. Constitution;

Answer: Denied.

5. Paragraph 5 of Petitioner's Prayer for Relief states:

That the Court **ISSUES** an injunction enjoining the Secretary of State or any election body official in the State of Georgia from certifying the Presidential election so that the Georgia General Assembly can lawfully appoint the electors;

Answer: Denied.

7. Paragraph 7 of Petitioner's Prayer for Relief states:

Or in the alternative, the Court **ORDERS** a second Presidential election in the entirety of the State of Georgia at a certain date and time, to include requiring the Georgia elections officials to abide by state law and provide transparency;

Answer: Denied.

8. Paragraph 8 of Petitioner's Prayer for Relief states:

That the Court **GRANTS** any other relief the Court **DEEMS** just and proper.

Answer: Denied regarding any relief that Petitioner seeks.

FIRST AFFIRMATIVE DEFENSE

Petitioner's claims are barred in whole or in part because this Court lacks jurisdiction to adjudicate Petitioner's claims where Petitioner has named the wrong defendants in the Petition, lacks standing, and has requested relief contrary to law and which this Court cannot grant.

SECOND AFFIRMATIVE DEFENSE

Petitioner's election contest is improper because he cannot contest the election of presidential electors.

THIRD AFFIRMATIVE DEFENSE

Petitioner's Petition fails to state a claim upon which relief can be granted.

FOURTH AFFIRMATIVE DEFENSE

Petitioner's Petition is barred by the equitable doctrine of laches.

PROPOSED INTERVENORS' REQUEST FOR RELIEF

Having answered Petitioner's Petition, the Intervenors request that the Court:

AMERICAN OVERSIGHT

1. Deny Petitioner is entitled to any relief;

2. Dismiss Petitioner's Petition with prejudice;

3. Grant such other and further relief as this Court deems just and proper.

V. CONCLUSION 27

AMERICAN OVERSIGHT

I. INTRODUCTION

President-Elect Joseph R. Biden, Jr. won the popular vote in Georgia in the presidential race. A hand recount of every vote for president cast in Georgia in the November election arrived at the same result. As a result, Secretary of State Brad Raffensperger (the "Secretary") certified the election results to formally declare Mr. Biden the winner, and Governor Brian Kemp in turn certified a slate of 16 presidential electors nominated by the Democratic Party to the electoral college. Those electors include the Intervenors to this action who are now empowered to and intend to cast Georgia's electoral college votes for Biden (collectively the "Biden Electors").

The Contestant who filed this petition is John Wood, a Georgia voter who had hoped that Donald J. Trump would win and be awarded Georgia's votes at the coming meeting of the electoral college, which is required by federal law to take place on December 14. Unhappy with the actual results of the election, Wood now seeks to enlist this Court to undo them, based on claims that have already been thoroughly rejected by other courts (including in a prior case that Wood himself brought), Wood's allegations consist of nothing more than conspiracy theories, speculation, and conjecture, including the truly absurd claims that a social media CEO allegedly dictated the election's outcome. The relief that Wood seeks is as unprecedented and unjustifiable as his extraordinary claims: a judicial declaration that would (1) render the results of Georgia's presidential election "null and void," and (2) permit the General Assembly to subvert democracy by appointing a new slate of presidential electors entirely untethered to the will of Georgia's voters. No less unsound is Wood's alternative request that the Court order a "second Presidential election." And all of the relief that Wood seeks threatens Georgia's ability to meet the federal "safe harbor" deadline (which gives conclusive effect to electoral votes as to which a "final determination of any controversy or contest concerning the appointment of" the electors has been made).

AMERICAN OVERSIGHT

Simply put, Wood attempts to use this Court as a cudgel to fundamentally convert the state's political structure into something deeply undemocratic and unthinkable to generations of Americans who have long held an enduring faith in the fundamental precept that in this country, voters elect candidates—not courts or lawyers (or, in this case, a single litigant, unhappy with the way in which his fellow citizens voted). By all credible accounts, the November 2020 election was one of the most secure in Georgia's history. Nevertheless, there has been a concerted effort by a handful of actors to sow doubt and confusion about its results, both nationally and here in Georgia.

In Georgia alone, voters—including John Wood—have made these same baseless claims and sought the same extraordinary relief in at least two other cases. The courts in both cases handily and decisively struck those arguments down. *See Ga. Voter All. v. Fulton Cnty.*, No. 1:20-CV-4198-LMM, 2020 WL 6589655 (N.D. Ga. Oct. 28, 2020) (Wood's prior case challenging same Center for Technology and Civic Life grants at issue here); *see also Wood v. Raffensperger*, No. 1:20-CV-04651-SDG, 2020 WL 6817513 (N.D. Ga. Nov. 20, 2020) (case challenging same March 2020 settlement agreement regarding absentee voting at issue here). [1] As with these other fatally flawed actions, Wood's Petition is riddled with fatal procedural defects and makes claims that cannot be sustained as a matter of law. This Court should dismiss the Petition in its entirety with prejudice.

[1] *Wood v. Raffensperger* was brought by L. Lin Wood who, as far as Intervenors can tell, has no relation to the contestant in the present action. Contestant John Wood was a litigant in *Georgia Voters Alliance v. Raffensperger*.

II. FACTS

A. The 2020 General Election[2]

On November 3, 2020, Georgia voters chose former Vice President and now President-Elect Biden as the United States' next President. The state's certified vote count confirms that President-Elect Biden defeated Donald J. Trump by 12,670 votes in the state of Georgia.[3] As a result, the Biden Electors were certified by the Governor and appointed to the Electoral College. Attorney's Affidavit of Adam M. Sparks, Ex. 1.

On November 11, following unsubstantiated complaints from Republican leaders about the integrity of the election, the Secretary announced that a statewide hand recount of the presidential election would take place.[4] *See* Mot. to Intervene, Exs. 2, 3. The hand recount began on November 12, and it concluded without issue on November 18. No significant irregularities in the original counts or the recount were reported. The next day—despite a comprehensive hand recount of every single ballot having just occurred—President Trump's reelection campaign issued a "Recount Demand" to the Secretary, "pursuant to O.C.G.A. § 21-2-495 (c) and State Board Rule 183-1-15.03," in which it sought a second recount of the presidential election results, this time to be conducted by machine. Sparks Aff., Ex. 4. The machine recount, which will utilize ballot scanners, will be the *third* time votes are counted in the presidential race. It is already underway and must be completed by December 2.[6]

B. The Petition and its Factual Predicates

On November 25, Wood filed this Petition challenging the results of the presidential election under O.C.G.A. §§ 21-2-520 *et seq*., Georgia's election-contest statute, and naming the Secretary and Governor as Defendants. The Petition—which, contrary to the Georgia contest statute, was not verified, *id.* § 21-2-524(d)—offers a conspiracy theory that a 501(c)(3) organization's grants to assist localities in conducting safe elections is actually a "'shadow government' operation" through which a social media CEO allegedly dictated the outcome of the election, Pet. at 4; an unsupported "estimated number of illegal votes counted," based only on

These claims are based on the four factual predicates, which Wood claims warrant the wholesale nullification of Georgia's presidential election results as well as the selection of a new slate of presidential electors by the General Assembly or, alternatively, holding a second presidential election. Pet. at 26-27.

1. Grants from the Center for Tech and Civic Life

Wood alleges that Fulton County and approximately twelve other Georgia counties entered into agreements with the Center for Tech and Civil Life ("CTCL") to receive monetary grants to administer the 2020 presidential election. Pet. ¶¶ 29, 33-34. He asserts, in pertinent part, that (1) these grants were only made available to certain counties," (2) they were only provided if "the local municipality agree[d] to run the election according to CTCL preferences," *id.* ¶ 37, and that (3) counties that received CTCL grants had more drop-boxes per square mile than did the rest of the state, *id.* at ¶ 43. From these allegations Wood concludes that "numerous electors in the State of Georgia were not able to benefit from CTCL's private federal election grants making it easier to vote in-person and absentee." *Id.* ¶ 38.

This is not the first time that similar claims have been brought concerning CTCL grants. In fact, it is not even the first time that *Wood himself* has brought litigation making these allegations. In each prior case, courts have quickly rejected the arguments that Wood seeks to make again here. *See Ga. Voters All.*, 2020 WL 6589655, at *1-2. In fact, the court in *Georgia Voters Alliance* drew several conclusions that effectively foreclosed Wood's claims, including that, "Georgia law leaves it to counties to fund election expenditures that exceed federal and state funds" and, "[b]y applying for and accepting the CTCL grant, [a c]ounty is merely exercising its

prerogative of locating funding." *Id.* at *3. After losing on his motion for temporary restraining order, Wood voluntarily dismissed his case. Notice of Voluntary Dismissal, *Ga. 2. Settlement Agreement Regarding Absentee Voting

a. The Petition's Allegations

Wood also evokes as a basis for his contest a March 2020 settlement agreement (the "Settlement Agreement") entered into by the Secretary and the State Election Board (the "Board"), on the one hand, and the Democratic Party of Georgia, DSCC, and DCCC (collectively, the "Political Party Committees"), on the other. He asserts that the signature matching process resulting from the Agreement made it more difficult to reject absentee ballots, Pet. ¶ 56, and is out of line with Georgia's election code, *id.* ¶ 57. Much like Wood's failed CTCL case, his attack on the Settlement Agreement has also already been made in and rejected by another Georgia court. *See infra* Sections II.B.2.b, IV.A.

b. The Underlying Settlement Agreement

The Settlement Agreement resolved a case the Political Party Committees filed in November 2019 challenging Georgia's signature-matching and cure procedures under the U.S. Constitution. The Political Party Committees asserted that Georgia's arbitrary and unreliable procedures for comparing absentee ballot signatures and rejecting absentee ballots unconstitutionally deprived Georgians of their right to vote. Compl., *Democratic Party of Ga., Inc. v. Raffensperger*, No. 1:19-cv-5028, Doc. 1 (N.D. Ga. Nov. 6, 2019).

On March 6, 2020, the parties entered into the Settlement Agreement, which was publicly docketed that same day. As memorialized therein, the Secretary and Board maintained that Georgia's laws and processes were constitutional. Am. Compl. Ex. A, *Wood v. Raffensperger.*, No. 1:20-cv-04651, Doc. 5-1 at 1-2 (N.D. Ga. Nov. 17, 2020). They did not agree to modify Georgia's elections statutes. *See id.* Rather, the Board implemented its revised absentee ballot cure process by way of State Election Board ("S.E.B.") Rule 183-1-14-.13. *See* O.C.G.A. § 50-13-4. Under this rule, which was adopted after multiple rounds of formal rulemaking and public comment, counties are to contact voters about rejected mail ballots within three business days after receipt of the absentee ballot and within one business day for any ballots rejected within eleven days of election day. *See* Ga. Comp. R. & Regs. 183-1-14-.13 (Amended March 22, 2020); Ga. Comp. R. & Regs. 183-1-14-.13 (May 21, 2020); Ga. Comp. R. & Regs. 183-1-14-.13 (Aug. 31, 2020).

On May 1, the Secretary issued an Official Election Bulletin ("OEB") addressing the signature matching procedures, providing that after an election official makes an initial determination that the signature on the absentee ballot envelope does not match the signature on file for the voter pursuant to O.C.G.A. §21-2-386(a)(1)(B) and (C), two additional registrars, deputy registrars, or absentee ballot clerks should also review the envelope. *Wood*, 2020 WL

AMERICAN OVERSIGHT

6817513 at *3. When two officials agree the signature does not match, the ballot is rejected. *Id.* These changes were widely publicized and in place for several subsequent elections, including the June 9 primary, the August 11 primary runoff, and the November 3 general elections. Ballots were rejected for signature mismatches in all elections; indeed, "the percentage of absentee ballots rejected for missing or mismatched information and signature is the exact same for the 2018 [general] election and the [2020 g]eneral [e]lection." *Wood*, 2020 WL 6817513 at *10. Notably, just weeks ago the Settlement Agreement was challenged on virtually the same grounds in federal court. *Wood*, 2020 WL 6817513 at *1-2. The court in that case thoroughly rebuked the plaintiff's claims, concluding:

> Wood seeks an extraordinary remedy: to prevent Georgia's certification of the votes cast in the General Election, after millions of people had lawfully cast their ballots. To interfere with the result of an election that has already concluded would be unprecedented and harm the public in countless ways. Granting injunctive relief here would breed confusion, undermine the public's trust in the election, and potentially disenfranchise of over one million Georgia voters. Viewed in comparison to the lack of any demonstrable harm to Wood, this Court finds no basis in fact or in law to grant him the relief he seeks.

Id. at 13 (citations omitted).

3. Enforcement of Residency Requirements and Prohibition on Double Voting

The Petition's third and fourth premises are that Georgia's election officials did not enforce state law residency requirements on voters who changed addresses before the November 3, 2020 election, and that Georgia's election officials did not enforce state law against double voting. But the Petition does not allege any specific facts regarding either of these alleged failures, *see* Pet. ¶¶ 62-64 (residency requirements); ¶¶ 65-67 (double-voting).

III. LEGAL STANDARD

An election contest "vests in trial courts broad authority to manage the proceeding" to "balance[] citizens' franchise against the need to finalize election results, which, in turn, facilitates

AMERICAN OVERSIGHT

the orderly and peaceful transition of power that is a hallmark of our government." *Martin v. Fulton Cnty. Bd. of Registration & Elections*, 307 Ga. 193, 194 (2019). Under Georgia law, an action can be dismissed because the litigant failed to state a claim upon which relief can be granted. O.C.G.A. § 9-11-12(b). Intervenors respectfully request that the Court grant their motion to dismiss Wood's petition. It is barred by laches. It falls outside the scope of Georgia's election contest statute. And it fails to state a claim upon which relief can be granted and is not well-grounded in fact or warranted by existing law.

IV. ARGUMENT

A. Wood's Petition is barred by laches.

The Petition is barred by the equitable doctrines of laches. Laches may bar a claim when time has lapsed such that it would be inequitable to permit the claim against the defendant to be enforced. *See Waller v. Golden*, 288 Ga. 595, 597 (2011). Under Georgia law, laches may bar a complaint when (1) the lapse of time and (2) the claimant's neglect in asserting rights (3) prejudiced the adverse party. *Id.* All three elements are satisfied here.

Wood's delay in challenging the CTCL grants and Settlement Agreement until after the presidential election are patently unreasonable. Wood challenges the validity of the presidential election and asks this Court to change the rules that applied to it after it has already been conducted. But the State expended substantial resources in ensuring that the election took place in a secure and lawful manner. Untold numbers of Georgians devoted countless hours, at significant personal risk during a pandemic, to prepare for and hold the election, and then to tally the vote not once, not twice, but *three times*. And Georgia voters relied upon the election procedures in casting their ballots as directed. Wood now asks this Court to undo all of those efforts and abrogate the fundamental right to vote for all Georgians based on constitutional challenges to the CTCL grants and the Settlement Agreement, both of which Wood has known about for months.

AMERICAN OVERSIGHT

Wood himself filed a case in federal district court right before the election and sought a temporary restraining order to prevent one Georgia county from using its CTCL grant money in the November election. The district court denied Wood's motion, finding that "Georgia law leaves it to counties to fund election expenditures that exceed federal and state funds" and that "[b]y applying for and accepting the CTCL grant, Fulton County is merely exercising its prerogative of locating funding. Plaintiffs have not clearly shown that Fulton County's chosen source of funding undermines Georgia's power to set the time, place, and manner of elections." *Ga. Voter All.*, 2020 WL 6589655, at *3. Wood could have continued to litigate this claim, but instead he dismissed. *See supra* 6. After waiting more than two weeks—through the pendency of *two* recounts—Wood now seeks to bring the same challenge again, wrapped up in a package that would disenfranchise millions of Georgia voters if granted.

Wood was also certainly aware of the Settlement Agreement before the election. That Agreement was entered into six months before election day. In a post-election constitutional challenge to the Settlement Agreement that another litigant brought in federal court, the judge concluded that identical claims about the Settlement Agreement were barred by laches because the plaintiff "could have, and should have, filed his constitutional challenge much sooner than he did, and certainly not two weeks *after* the General Election." *Wood*, 2020 WL 6817513 at *7. This conclusion is, of course, equally applicable to Wood's challenge here.

Nor can there be serious doubt that Wood's unjustifiable delay has prejudiced not only elections officials, but millions of Georgia voters, who dutifully cast their votes according to the rules and practices that Wood could have challenged prior to the election. Indeed, courts regularly find that even pre-election challenges that are brought too close to an election are barred. Here, Wood waited until the election and then some. This Court should find that laches firmly bars this

AMERICAN OVERSIGHT

action. *See, e.g.*, *Fulani v. Hogsett*, 917 F.2d 1028, 1031 (7th Cir. 1990) ("In the context of elections … any claim against a state electoral procedure must be expressed expeditiously" because, "[a]s time passes, the state's interest in proceeding with the election increases in importance as resources are committed and irrevocable decisions are made."); *see also Clark v. Reddick*, 791 N.W.2d 292, 294-96 (Minn. 2010) (declining to hear ballot challenge when petitioner delayed filing until 15 days before absentee ballots were to be made available); *Knox v. Milwaukee Cty. Bd. of Election Comm'rs*, 581 F. Supp. 399, 402 (E.D. Wis. 1984) (denying preliminary injunction where complaint was filed seven weeks before election).

That these claims are raised in the context of a contest does not alter the result. Typically, an election contest is brought to challenge some alleged error or impropriety in the election that could not have been reasonably predicted before the election. Here, by contrast, the bases of Wood's contest—CTCL grants to some Georgia counties and the Settlement Agreement regarding absentee voting—were known by Wood well before the election. By the time Wood filed this action, the presidential election had been over for three weeks, and more than 5 million Georgians had voted. Numerous courts have likewise denied extraordinary relief in election-related cases due to laches or similar considerations.[8] As one court explained, "[a]s time passes, the state's interest

Neal*, 904 F. Supp. 2d 812, 816 (N.D. Ill. 2012) ("By waiting so long to bring this action, plaintiffs 'created a situation in which any remedial order would throw the state's preparations for the election into turmoil.'"), *aff'd*, 716 F.3d 425 (7th Cir. 2013); *State ex rel. in proceeding with the election increases in importance as resources are committed and irrevocable decisions are made, and the candidate's claim to be a serious candidate who has received a serious injury becomes less credible by his having slept on his rights." *Kay v. Austin*, 621 F.2d 809, 813 (6th Cir. 1980). That principle applies with even greater force here, where the election is not merely imminent, but over.

B. Georgia law does not permit a contest for the election of presidential electors.

Presidents are not directly elected by Georgia voters; rather, Georgia's electorate selects presidential electors who then vote for presidential candidates on behalf of the state at the Electoral College. Georgia's Election Code states, "[a]t the November election to be held in the year 1964 and every fourth year thereafter, there shall be elected by the electors of this state persons to be known as *electors of President and Vice President* of the United States . . . ." O.C.G.A. § 21-2-10 (emphasis added). Wood purports to contest the "result of the November 3, 2020 general election for President and Vice President," but no such election exists. Rather, "[w]hen *presidential electors are to be elected*, the ballot shall not list the individual names of the candidates for presidential electors but shall list the names of each political party and body and the names of the political party or body candidates for the office of President and Vice President." O.C.G.A. § 21-2-379.5(e) (emphasis added). The Georgia Supreme Court has confirmed that Georgia presidential elections are actually "election[s] for presidential electors." *Rose v. State*, 107 Ga. 697 (1899); *Franklin v. Harper*, 205 Ga. 779, 785 (1949) (describing an "election . . . for presidential electors"); *Moore v. Smith*, 140 Ga. 854 (1913) (same). The U.S. Supreme Court reiterated this understanding in a decision issued earlier this year. *See Chiafalo v. Washington*, 140 S. Ct. 2316, 2319 (2020) ("[M]illions of Americans cast a ballot for a presidential candidate. Their votes, though, actually go toward selecting members of the Electoral College, whom each State appoints based on the popular returns. Those few 'electors' then choose the President.").

AMERICAN OVERSIGHT

Georgia's election contest statutes only apply to "federal, state, county, or municipal office[s]." *See* O.C.G.A. § 21-2-521. The Petition should be dismissed outright because Wood does not—and cannot—show that presidential electors fall into any of these categories. A presidential elector is obviously not a municipal or county officer, as they serve no local role and are selected on a statewide basis. Further, federal presidential electors are not state officers—they are appointed pursuant to and act pursuant to the U.S. Constitution. *See* U.S. Const. art. II, § 1, cl. 2 ("Each State shall appoint … a Number of Electors,"); *see also id.* amend. XII; 3 U.S.C. § 3 (setting forth the number of Electors by state). Rather than serving as state officers, the U.S. Supreme Court has found that "[t]he presidential electors exercise a federal function in balloting for President and Vice-President . . . ." *Ray v. Blair*, 343 U.S. 214, 224 (1952). The Supreme Court went on to clarify that electors are *also* not federal officers. *See id.* ("The presidential electors . . . are not federal officers or agents . . . .").

Various provisions of state law fortify the conclusion that a presidential elector in Georgia is neither a state nor federal office. For example, O.C.G.A. § 21-2-153, which describes the qualifications of candidates in state primaries, has one subsection that pertains to "[*a*]*ll* qualifying for federal and state offices" and a separate subjection that addresses "[*a*]*ll* qualifying for the office of presidential elector . . . ." Similarly, O.C.G.A. § 21-2-132, which pertains to filing a notice of candidacy, provides one set of procedures for "[e]ach elector for President or Vice President of the United States" and a separate procedure for "[e]ach candidate for United States Senate, United States House of Representatives, or state office." Presidential electors cannot be state or federal officers, otherwise language that separates *all* electors from *all* federal and state officers would be meaningless. "[I]t is well established that a statute 'should be construed to make all its parts harmonize and to give a sensible and intelligent effect to each part.'" *Premier Health Care Invs.,*

LLC v. UHS of Anchor, L.P., No. S19G1491, 2020 WL 5883325, at *9 (Ga. Oct. 5, 2020) (quoting *Hall Cnty. Bd. of Tax Assessors v. Westrec Props., Inc.*, 303 Ga. 69, 77 (2018)).

Election contests under O.C.G.A. § 21-2-521 are limited to elections for federal, state, county, or municipal officers, but electors are none of these. This contest must be dismissed.

C. The Petition fails to state a claim upon which relief can be granted.

Even if Wood's Petition could be brought under O.C.G.A. § 21-2-521 (and for the reasons discussed above, it cannot), it must independently be dismissed because it fails to state claim upon which relief can be granted. Wood's entire contest is based on the premise that the presidential election is in doubt because Georgia election officials allegedly violated the Georgia Constitution's due-process and equal-protection clauses and the U.S. Constitution's Elections and Electors clauses. But none of the factual predicates underlying these claims give way to the alleged constitutional violations supporting Woods contest.[9]

1. The Petition fails to state a due process claim.

None of Wood's allegations support even the inference that his (or any other Georgia voter's) due process rights were violated in the 2020 general election. Georgia's due-process clause prohibits the state from depriving any person of life, liberty, or property without due process of law. *Atlanta City Sch. Dist. v. Dowling*, 266 Ga. 217, 218 (1996) (citing Ga. Const., Art. I, Sec. I, Par. I). To state a due process claim, a litigant must show that they were deprived of a liberty or

[9] To the extent that Wood would point to the "evidence" submitted with his position for support for any of his factual predicates, all Petitioner's exhibits are unsworn declarations or other reports and as such are not competent evidence under Georgia law. *See*, *e.g.*, Davis & Shulman's Ga. Prac. & Proc. Sec. 23:18 (2020-2021 ed.) (citing inter alia *McPherson v. McPherson*, 238 Ga. 271, 272(1), 232 S.E.2d 552 (1977) (noting requirement that affidavits in support of dispositive motion be sworn was a codification of common law requirement of same); *Sambor v. Kelley*, 271 Ga. 133, 134(1), 518 S.E.2d 120 (1999) ("Such document does not constitute a valid affidavit and has no probative value, because it was not sworn to before a notary public.").

AMERICAN OVERSIGHT

property interest without notice or the opportunity for a hearing. *See Dansby v. Dansby*, 222 Ga. 118, 120 (1966); *see also Wood*, 2020 WL 6817513 at *11 ("The party invoking the Due Process Clause's procedural protections bears the 'burden . . . of establishing a cognizable liberty or property interest.'" (quoting *Richardson v. Tex. Sec'y of State*, 978 F.3d 220, 229 (5th Cir. 2020))). None of these requirements are alleged here.

First, Georgia counties' receipt of CTCL grants does not give rise to a due-process violation and the Petition thoroughly fails to adduce facts that would support such a conclusion, even if the Petition's factual allegations are taken as true for the purposes of this motion to dismiss. Indeed, nothing in the Petition even attempts to explain how the CTCL grants deprived Wood, or any other voter for that matter, of a cognizable liberty or property interest, or inflicted any injury at all. *See* Pet. ¶¶ 26-43. Rather, the Petition alleges that the grants were "to be used exclusively for the public purpose of planning safe and secure election administration," *id.* ¶ 30, increasing election staffing, *id.* ¶ 31, encouraging absentee voting during a national health crisis, *id.* ¶ 36, making elections safer, *id.*, engaging historically disenfranchised populations, *id.*, supporting voters with disabilities, *id.*, improving access for displaced voters, *id.*, and "install[ing] additional drop boxes in areas that would make it easier for voters to cast their absentee ballots," *id.* ¶ 40. It is unclear how improvements in election administration and the facilitating of voting could deprive someone of a right. And neither Wood nor any other voter has a valid liberty interest in discouraging lawful voters from voting. Accordingly, the CTCL grants did not deprive any Georgian of due process and cannot sustain Wood's due process claim.

Second, neither the Settlement Agreement nor the resulting signature matching procedures can support a due process claim. In fact, quite the opposite is true. The Petition alleges that the additional protections for absentee voters agreed upon in the Settlement Agreement— "makes it

AMERICAN OVERSIGHT

difficult to reject ballots." *Id.* at 56. Thus, if anything, on the face of the Petition voters are not deprived of any liberty interest; rather their liberty interest is far more likely to be preserved as their votes are more likely to be counted. To be sure, Wood asserts that the process of reviewing signatures "creates delay and a cumbersome, unnecessary and expensive bureaucratic protocol to be followed," *id.*, but he has not actually alleged that that process *deprived* anyone of anything. And as for Wood's allegation that the Settlement Agreement's procedure "makes it difficult to reject ballots," neither Wood nor any other voter has a liberty interest in rejecting lawful ballots. Thus, here, too, the Petition fails to state a due process claim.

Third, Wood's contentions that election officials failed to enforce voter residency requirements and the prohibition on double voting do not state a due-process claim. The seven lines that the Petition dedicates to each contention are devoid of specific facts. *See* Pet. ¶¶ 62-67. And merely making the conclusory allegations that "Georgia election officials had residency information to verify that an actual person was voting according to their residence" and "violated Georgia law in not applying this change of address information to enforce residency requirements," *id.* ¶¶ 63-64, that "Georgia election officials have access to information to prevent double voting" and that they "violated Georgia law in not applying this information to enforce Georgia's prohibition on double voting," *id.* ¶¶ 66-67, are certainly not enough. *See, e.g.*, *Brown v. Wetherington*, 250 Ga. 682, 685 (1983) ("[Appellants] argue that appellees' petition contained only conclusory allegations which were insufficient to put them on notice of the specific charges against them, and that the trial court erred in denying their motion to dismiss on this ground. We agree.").

AMERICAN OVERSIGHT

Because the Petition fails to allege specific facts demonstrating the deprivation of a protected liberty or property interest, let alone that such a deprivation occurred without notice or a hearing, it does not state a claim of a due-process violation.

2. The Petition fails to state an equal protection claim.

The Petition also fails to state a claim that election officials violated voters' equal-protection rights under the Georgia Constitution. Georgia's equal-protection clause is "substantially equivalent" to the federal equal-protection clause, and provides a cause of action if the State treats the claimant differently than those similarly situated to the claimant. *Henry v. State*, 263 Ga. 417, 417, 418 (1993); *see also Am. Subcontractors Ass'n, Ga. Chapter, Inc. v. City of Atlanta*, 259 Ga. 14, 20 (1989) (relying on federal equal protection cases to analyze "equal protection under our state constitution"). However, unless the claimant is being treated differently in regard to a fundamental right or because of a suspect classification (such as race or nationality), the challenged state action will survive an equal-protection challenge if it "bears a rational relationship to a legitimate government interest." *Henry*, 263 Ga. at 418. None of Wood's allegations establish such unlawful treatment.

First, Georgia counties' receipt of grants from CTCL does not demonstrate an equal-protection violation. The Petition does not allege that, as a result of counties accepting CTCL grants, Wood or any other Georgia voter was treated differently because of a suspect classification. Neither does the Petition allege that any Georgia voter was treated differently than similarly situated voters and thereby deprived of a fundamental right. Certainly, the right to vote is fundamental, but nowhere in the Petition does Wood claim that any Georgians' right to vote was deprived or even burdened by certain counties' receipt of CTCL grants. Rather, the Petition simply claims that the CTCL grants were used by recipient Georgia counties to encourage all eligible

AMERICAN OVERSIGHT

voters to vote, particularly in light of the COVID-19 pandemic's strain on the administration of the election. *See* Pet. ¶¶ 33-35.

To the extent that the Petition implies that CTCL itself discriminate by offering grants only to certain counties—a contention that the federal district court presiding over Wood's first case rejected, *see Ga. Voter All.*, 2020 WL 6589655 at *1 ("Any jurisdiction is eligible to apply that is 'responsible for administering election activities covered by the grant.'")—that does not amount to an equal protection claim. Only a state actor is beholden to the equal protection clause. And, more fundamentally, there are no allegations in the Petition supporting the inference that the counties that did not receive grants even applied for them, much less needed them. If anything, the only inference that can be drawn from the Petition is that larger counties—like Fulton, Cobb, Gwinnett, and Dekalb, *see* Pet. ¶¶ 39-43—with a larger share of voters sought and received assistance ostensibly placing them on equal footing with smaller counties that did not need such assistance.[10] Providing funding to the residents of one county to promote the exercise of their right to votes does not impose an injury on out-of-county residents who do not need such benefits in the first place.

For largely the same reasons, the Petition's allegation that CTCL funding was used to place more drop boxes in heavily populated counties does not demonstrate an equal protection-violation. *See* Pet. ¶¶ 39-43. Nowhere in the Petition does Wood claim that any Georgians' right to vote was deprived or even burdened by certain counties' use of drop boxes. Rather, he asserts the opposite, stating that "Georgia counties utilized CTCL funding to install additional drop boxes in areas that

[10] According to the U.S. Census, Fulton (population of 1,063,937), Gwinnett (936,250), Cobb (760,141), and DeKalb (759,297) are the four most populous counties in Georgia. The election administration needs of Fulton County, with over a million residents, are obviously different from those of a county like Taliaferro, which has a population of 1,537.

AMERICAN OVERSIGHT

would make it easier for voters to cast their absentee ballot." *Id.* ¶ 41. Critically, Wood fails to allege or demonstrate that less populated counties with fewer drop boxes needed more. The Petition merely demonstrates that Georgia's most populous counties had more drop boxes than the state's less populous counties; this is hardly surprising. Differing numbers of drop boxes does not amount to a disparate burden on voters.

Second, as a federal district court in Georgia recently concluded, the Settlement Agreement and resulting signature matching procedures does not establish an equal-protection violation because they applied "in a wholly uniform manner across the entire state." *Wood*, 2020 WL 6817513 at *9. The Petition concedes this point. *See* Pet. ¶ 55 ("[T]he Settlement Agreement overrides the clear statutory authorities granted to County Officials individually and forces them to form a committee of three (3) if any one official believes that an absentee ballot is a defective absentee ballots . . . ."). And it does not allege that the Settlement Agreement resulted in any voter being denied the right to vote, let alone denied that right while it was exercised by those similarly situated. *See id.* ¶¶ 44-61; *see also Wood*, 2020 WL 6817513 at *8-10.

Third, Wood's contention that election officials failed to enforce voter residency requirements and, *fourth*, Wood's contention that election officials failed to enforce the prohibition on double voting do not state an equal-protection claim for the same reason they do not state a due-process claim: the Petition includes no specific facts and only conclusory statements to support their theories. *See* Pet. ¶¶ 62-67; *see also, e.g.*, *Brown*, 250 Ga. at 685.

While not explicit in Wood's Petition, to the extent that he is asserting that he and other Georgia voters suffered an equal protection violation because their votes were diluted by votes cast in counties that received CTCL grants, or as a result of the Settlement Agreement, or purported double or non-resident voters, this also fails to state an equal protection claim. Vote dilution is a

AMERICAN OVERSIGHT

viable basis for equal protection claims only in certain contexts, such as when laws structurally devalue one community's votes over another's. *See, e.g.*, *Bognet v. Sec'y Commonwealth of Pa.*, No. 20-3214, 2020 WL 6686120, at *11 (3rd Cir. Nov. 13, 2020) ("[V]ote dilution under the Equal Protection Clause is concerned with votes being weighed differently."). But Wood's "conceptualization of vote dilution—state actors counting ballots in violation of state election law—is not a concrete harm under the Equal Protection Clause of the Fourteenth Amendment." *Id.* at *11; *see also Wood*, 2020 WL 6817513, at *8–10 (concluding that vote-dilution injury is not "cognizable in the equal protection framework"). It is merely a string of unsubstantiated speculations in which Wood attempts to "transmute allegations that state officials violated state law into a claim that his vote was somehow weighted differently than others," a theory that has been "squarely rejected." *Id.*

Because the Petition fails to allege specific facts demonstrating that any Georgia voter was deprived of a fundamental right that was otherwise granted to those similarly situated, Wood fails to adequately state his claim that the presidential election results are in doubt because of an equal-protection violation.

3. The Petition fails to state a claim that election officials violated the Elections or Electors Clauses in the U.S. Constitution.

The Petition fails to state a claim under the Elections and Electors Clauses of the U.S. Constitution. The Elections and Electors Clauses vest authority in "the Legislature" of each state to regulate "[t]he Times, Places, and Manner of holding Elections for Senators and Representatives," U.S. Const. art. I, § 4, cl. 1., and to direct the manner of selecting presidential electors, U.S. Const. art. II, § 1, cl. 2, respectively. The Supreme Court has held, however, that state legislatures can delegate this authority to state officials, like the Secretary. *See, e.g.*, *Ariz. State Legislature v. Ariz. Indep. Redistricting Comm'n*, 576 U.S. 787, 807 (2015) (noting that

AMERICAN OVERSIGHT

Elections Clause does not preclude "the State's choice to include" state officials in lawmaking functions so long as such involvement is "in accordance with the method which the State has prescribed for legislative enactments") (quoting *Smiley v. Holm*, 285 U.S. 355, 367 (1932)); *Corman v. Torres*, 287 F. Supp. 3d 558, 573 (M.D. Pa. 2018) ("The Supreme Court interprets the words 'the Legislature thereof,' as used in that clause, to mean the lawmaking processes of a state.") (quoting *Ariz. State Legislature*, 576 U.S. at 816). Accordingly, Georgia election officials' actions could only constitute plausible violations of the Elections and Electors clauses if such actions exceeded the authority granted to those officials by the Georgia General Assembly. None of the Petition's factual allegations demonstrate an election official acting in excess of their authority.

First, the receipt of CTCL grants does not violate the Elections and Electors Clauses, as the federal district court concluded in Wood's previous challenge. *See Ga. Voter All.*, 2020 WL 6589655 at *3 ("[T]he Elections Clause does not, on its own, provide Plaintiffs with a basis to sue [Georgia election officials] . . . . [and e]ven if the Elections Clause did provide a vehicle to sue, Plaintiffs are not likely to show that [Georgia election officials'] actions would violate the clause. . . . [because] acceptance of private funds, standing alone, does not impede Georgia's duty to prescribe the time, place, and manner of elections, and Plaintiffs cite no authority to the contrary."). The General Assembly delegated the local administration of election to county election officials, O.C.G.A. § 21-2-70, who are free to "exercis[e their] prerogative of locating funding" to carry out their duties. *See id.* The Petition's claim to the contrary has been uniformly rejected by courts around the country. *See supra* at II.B.1.b n.1.

Second, the Settlement Agreement and the resultant OEB issued by the Secretary on signature-matching processes for absentee voting do not violate the Elections and Electors Clauses.

AMERICAN OVERSIGHT

As U.S. District Court Judge Grimberg recently concluded, the Secretary is the chief election official for the state pursuant to Georgia law, and the General Assembly has granted him the power and authority to manage Georgia's election system, including its absentee voting system. *See Wood*, 2020 WL 6817513 at *10 (citing O.C.G.A § 21-2-50(b)); *see also Fair Fight Action, Inc. v. Raffensperger*, 413 F. Supp. 3d 1251 (N.D. Ga. 2019); Ga. Op. Att'y Gen. No. 2005-3 (Apr. 15, 2005) (recognizing the Secretary's authority to manage Georgia's election system). Additionally, the Secretary is the Chair of the Board, which is the governmental body responsible for uniform election practice in Georgia. O.C.G.A. § 21-2-31; *see also Curling v. Raffensperger*, 403 F. Supp. 3d 1311, 1345 (N.D. Ga. 2019) ("[T]he [] Board is charged with enforcing Georgia's election code under state law."). In both roles, the Secretary has significant statutory authority to train local election superintendents and registrars and to set election standards. *See New Ga. Project v. Raffensperger*, No. 1:20-CV-01986-ELR, 2020 WL 5200930 at *8 (N.D. Ga. Aug. 31, 2020). Thus, "[t]he Settlement Agreement is a manifestation of Secretary Raffensperger's statutorily granted authority. It does not override or rewrite state law. It simply adds an additional safeguard to ensure election security by having more than one individual review an absentee ballot's information and signature for accuracy before the ballot is rejected." *Wood*, 2020 WL 6817513 at *10.

The Secretary also exercised his rightful authority when, pursuant to the Settlement Agreement, he issued the OEB outlining procedures for the signature matching process. The OEB in question accords with O.C.G.A. §§ 21-2-31 and 21-2-300(a), which empower the Secretary—as the chief elections official and Board Chair—to obtain uniformity in the practices of local elections officials in administering Georgia's election law. *See* O.C.G.A. § 21-2-50(a), (b); *see also Grizzle v. Kemp*, 634 F.3d 1314, 1319 (11th Cir. 2011). The OEB expressly required all

AMERICAN OVERSIGHT

counties to continue to verify absentee voter identity by comparing signatures as Georgia law requires. *See* Pet. ¶ 53. The Secretary's issuance of the OEB was entirely congruent with his delegated authority to obtain the uniform administration of elections in Georgia. "[I]f anything, [the Secretary's] actions in entering into the Settlement Agreement sought to achieve consistency among the county election officials in Georgia, which furthers Wood's stated goals of conducting '[f]ree, fair, and transparent public elections.'" *Wood*, 2020 WL 6817513, at *10.

And *third*, Wood's contention that election officials failed to enforce voter residency requirements and, *fourth*, Wood's contention that election officials failed to enforce the prohibition on double voting do not state claims under the Elections and Electors Clauses because they include no specific facts and only conclusory statements to support their theories. *See* Pet. ¶¶ 62-67; *see also, e.g.*, *Brown*, 250 Ga. at 685.

Notwithstanding the above, even if Wood were able to state a claim under the Electors and Elections Clauses, even in the context of an election contest he could not bring it as he does not have standing to raise this claim. Wood's Elections and Electors Clause claims "belong, if they belong to anyone, only to the [Georgia] General Assembly." *Bognet*, 2020 WL 6686120, at *7. Wood has no authority to assert the rights of the General Assembly.[11]

[11] To the extent Wood intends to raise any of his constitutional claims independently from his election contest, he has no standing to maintain them because he has not suffered an injury in fact. Federal case law is instructive here. *See Feminist Women's Health Ctr. v. Burgess*, 282 Ga. 433, 434 (2007) (collecting Georgia cases that look to federal law to resolve issues of standing). When the injury alleged "is that the law . . . has not been followed[,]" it is "the kind of undifferentiated, generalized grievance about the conduct of government" that is not an injury for standing purposes. *Dillard v. Chilton Cnty. Comm'n*, 495 F.3d 1324, 1332-33 (11th Cir. 2007) (citing *Lance v. Coffman*, 549 U.S. 437 (2007). This is precisely the case here, where Wood provides no allegations demonstrating how he has been harmed; rather, his recurring grievance is that election authorities allegedly did not follow the law. *See* Pet. at Prayer for Relief (citing only "Georgia election officials' material violations of Georgia election law" as source of constitutional violation). Wood does not even purport to argue that *his* due process or equal protection rights were violated; rather,

AMERICAN OVERSIGHT

Accordingly, Wood's Election and Elector Clause claims must be dismissed.

4. Even if the Petition stated a claim, the requested relief cannot be granted.

This Court is not empowered to grant the relief requested because the relief it seeks—a declaratory judgment "null[ifying]" the results of the presidential election, as well as an injunction that would prevent certification of the lawfully elected slate of presidential electors and require the Governor to certify a slate chosen by the Legislature, Pet. 26-27—would violate state and federal law including: (1) federal and state constitutional law regarding the selection of electors, (2) constitutional protection of the fundamental right to vote, (3) the Due Process Clause, and (3) the First Amendment. *See Glisson v. Glob. Sec. Servs., LLC*, 653 S.E.2d 85, 86 (2007) ("Abuse [of discretion] results if a trial judge awards injunctive relief . . . contrary to the law and equity.'"); *Attaway v. Republic Servs. of Ga., LLP*, 558 S.E.2d 846, 847 (2002) (same).

First, The U.S. Constitution empowers state legislatures to choose the "Manner" of appointing presidential electors, U.S. Const. art. II, § 1, cl. 2, pursuant to their lawmaking authority. Under that provision, the Georgia General Assembly has chosen to appoint electors according to popular vote, who are certified by the Governor through a certificate of ascertainment. *See* O.C.G.A § 21-2-499(b). Because the legislature has determined that the "Manner" of appointing presidential electors is by popular vote on election day, the U.S. Constitution's Electors Clause requires that the presidential election be conducted in accordance with that chosen "Manner." *See Bush v. Gore*, 531 U.S. 98, 104 (2000) (per curiam) ("When the state legislature vests the right to vote for President in its people, the right to vote as the legislature has prescribed

---

he asserts that election officials "violated *the voters*'" rights generally. *See id*; *see Wood*, 2020 WL 6817513, at *4-6 (finding that individual Georgia voter lacked standing to challenge results of 2020 election under the Elections Clause, Electors Clause, Equal Protection Clause, and Due Process Clause based on a "generalized grievance regarding a state government's failure to properly follow" the law).

AMERICAN OVERSIGHT
GA-SOS-20-2913-000191

is fundamental."). Neither Wood nor this Court can upend this process by replacing the State's duly selected "Manner" of choosing electors with a different one.

Congress has also provided that electors "shall be appointed in each State, on the Tuesday next after the first Monday in November, in every fourth year," *i.e.*, on Election Day. 3 U.S.C. § 1. Georgia held its election on election day. But granting Wood's relief now would violate that directive, as Georgia's electors would be chosen *after* election day.

Second, the relief Wood seeks would also violate Georgians' fundamental right to vote under the U.S. and Georgia constitutions under their equal protection, due process, and free speech and association clauses by disenfranchising millions of Georgians. *See*, *Reynolds v. Sims*, 377 U.S. 533, 555 n.29 (1964) ("There is more to the right to vote than the right to mark a piece of paper and drop it in a box or the right to pull a lever in a voting booth. The right to vote includes the right to have the ballot counted."); Ga. Const. art. II, § 1, ¶ II (right-to-vote provision in Georgia Constitution).

Similarly, substituting a different slate of electors for the Biden-Harris slate chosen by a majority of Georgia voters would violate the equal-protection rights of all such voters who chose the winning slate. Presidential electors are chosen by popular vote in Georgia, as they are in every other state. *See* O.C.G.A. § 21-2-10. Because Georgia has chosen to empower its citizens to choose its presidential electors at the ballot box, the equal-protection clause forbids "later arbitrary and disparate treatment . . . valu[ing] one person's vote over that of another." *Bush*, 531 U.S. at 104-05; *see also Harper v. Va. State Bd. of Elections*, 383 U.S. 663, 665 (1966) ("[O]nce the franchise is granted to the electorate, lines may not be drawn which are inconsistent with the Equal Protection Clause."). Disregarding Georgians' popular vote would flout that principle, arbitrarily and disparately favoring Trump-Pence voters and violating the rights of Biden-Harris voters to

AMERICAN OVERSIGHT

equal protection. There is no rational or non-arbitrary reason—let alone a compelling reason—to impose that disparate treatment.

Third, Wood's proposal that the Court invalidate millions of ballots lawfully cast under the rules in place at the time, with no opportunity to cure would violate voters' due process rights. Such an "application of [a] new . . . rule to nullify previously acceptable" election procedures, "without prior notice," is quintessentially "unfair and violate[s] due process." *Briscoe v. Kusper*, 435 F.2d 1046, 1055 (7th Cir. 1971); *see also, e.g., Self Advoc. Sols. N.D. v. Jaeger*, 464 F. Supp. 3d 1039, 1054 (D.N.D. 2020) (holding plaintiffs likely to succeed on procedural due process claim because signature-matching requirement failed "to provide affected voters with notice and an opportunity to cure a signature discrepancy before a ballot is rejected"); *Saucedo v. Gardner*, 335 F. Supp. 3d 202, 222 (D.N.H. 2018) (granting summary judgment on procedural due process claim because signature-matching requirement was not accompanied by notice or opportunity to cure); *cf. PHH Corp. v. CFPB*, 839 F.3d 1, 48 (D.C. Cir. 2016) (Kavanaugh, J.) (explaining that government may not "officially and expressly" tell citizens that they are "legally allowed to do something," only later to tell them "just kidding"), *rev'd on other grounds*, 881 F.3d 75 (2018) (en banc).

And it is beyond question that invalidating ballots after the election because of election officials' alleged errors would be fundamentally unfair, infringing affected voters' right to substantive due process. *See, e.g.*, *Holton v. Hollingsworth*, 270 Ga. 591, 592-93 (1999) (holding that voter cannot be disenfranchised because of mistake made by election officer); *Malone v. Tison*, 248 Ga. 209, 214 (1981) (same); *Roe v. Alabama*, 43 F.3d 574, 580-81 (11th Cir. 1995) ("If . . . the election process itself reaches the point of patent and fundamental unfairness, a violation of

AMERICAN OVERSIGHT

the due process clause may be indicated." (internal quotation marks omitted)); *Griffin v. Burns*, 570 F.2d 1065, 1077 (1st Cir. 1978) (same).

Finally, invalidating Georgians' votes based on Wood's post-election legal challenges would violate voters' First Amendment rights. The U.S. Supreme Court has recognized individuals' right "to associate with others for political ends." *Anderson v. Celebrezze*, 460 U.S. 780, 788 (1983). The Court has also held that "limiting the choices available to voters . . . impairs the voters' ability to express their political preferences." *Ill. State Bd. of Elections v. Socialist Workers Party*, 440 U.S. 173, 184 (1979). Here, granting the requested relief would result in Georgians' votes being not only disfavored, but rendered "null" and "void." Pet. at 26-27. This would ignore those voters' choices, severely burdening their First Amendment rights without any compelling or even rational justification. *See, e.g., Williams v. Rhodes*, 393 U.S. 23, 30 (1968) (discussing the "right of qualified voters, regardless of their political persuasion, to cast their votes effectively"); *Dart v. Brown*, 717 F.2d 1491, 1504 (5th Cir. 1983) (noting First Amendment right "to cast a meaningful vote for a candidate of one's choice"); *Hendon v. N.C. State Bd. of Elections*, 710 F.2d 177, 180 (4th Cir. 1983) ("The Constitution protects the right of qualified citizens to vote and to have their votes counted as cast."). As the Eleventh Circuit noted in *Democratic Executive Committee of Florida v. Lee*, 915 F.3d 1312, 1321 (11th Cir. 2019), "it is a basic truth that even one disenfranchised voter—let alone several thousand—is too many." *Id.* (internal quotation marks omitted). Here, Wood seeks disfranchisement of *millions* of Georgia voters, a result far more concrete, severe, and intolerable than the result in *Lee*. The requested relief is untenable under the First Amendment.

V. CONCLUSION

For the foregoing reasons, the Court should dismiss Wood's Petition for Election Contest with prejudice.

MONITORS CLOSELY OBSERVING AUDIT-TRIGGERED FULL HAND RECOUNT: TRANSPARENCY IS BUILT INTO PROCESS

(ATLANTA) – Monitors from state and county party organizations will be closely observing the statewide full hand recount, which was triggered by Georgia's first statewide Risk Limiting Audit. From the beginning of planning, the Secretary of State's office has made sure to instruct counties to allow political party organizations to observe the audit/recount throughout the process.

"Transparency is indispensable for ensuring confidence in the outcome of Georgia's elections, which is why I have instructed county elections officials to ensure political party monitors can watch every step of the way," said Secretary of State Brad Raffensperger. "Providing access and oversight of the full hand recount process has been part of the planning since the beginning. We have encouraged counties to livestream their recounts when possible and have made sure political parties can ensure a clean and fair recount in Georgia. Transparency should be a guiding principle in how counties are conducting the audit. While there are rules in place that allow counties to keep order, the more transparency they can provide the better while still ensuring an orderly process."

Georgia counties were required to begin their statewide Risk Limiting Audit triggered full hand recounts by 9 am on Friday, November 13. The counties must finish their recounts by 11:59 pm on Wednesday, November 18. As prescribed by Georgia law, the Secretary of State's office will then certify statewide election results after completion of the audit, by November 20.

Per the instructions given to counties as they conduct their audit triggered full hand recounts, designated monitors will be given complete access to observe the process from the beginning. While the audit triggered recount must be open to the public and media, designated monitors will be able to observe more closely. The general public and the press will be restricted to a public viewing area. Designated monitors will be able to watch the recount while standing close to the elections workers conducting the recount.

Political parties are allowed to designate a minimum of two monitors per county at a ratio of one monitor per party for every ten audit boards in a county. If DeKalb County, for example, has 75 audit teams, each political party would be allowed to designate 8 monitors to monitor the process. Beyond being able to watch to ensure the recount is conducted fairly and securely, the two-person audit boards conducting the hand recount call out the votes as they are recounted, providing monitors and the public an additional way to keep tabs on the process.

The instructions for the audit triggered hand recount build in transparency and provide ample opportunity for party organizations and the voters of Georgia to be confident of a fair and secure process.

Georgia is recognized as a national leader in elections. It was the first state in the country to implement the trifecta of automatic voter registration, at least 16 days of early voting (which has been called the "gold standard"), and no-excuse absentee voting. Georgia continues to set records for voter turnout and election participation, seeing the largest increase in average turnout of any other state in the 2018 midterm election and record overall, early, in-person, and absentee-by-mail turnout during the November 2020 elections.

COMPLAINT FOR INJUNCTIVE AND DECLARATORY RELIEF

THE TWELFTH CONGRESSIONAL DISTRICT REPUBLICAN COMMITTEE, BRIAN W. TUCKER, CATHY A. LATHAM, and EDWARD T. METZ, by counsel, file this Complaint alleging and asserting the following:

NATURE OF THE CASE

1. Pursuant to the mandate of Article II, § 1, cl. 2 and Article I, § 4 cl. 1 of the United States Constitution, the Georgia General Assembly enacted O.C.G.A. §§ 21-2-382, 21-2-385, and 21-2-386.

2. O.C.G.A. § 21-2-382 specifies how and where absentee ballots may be delivered to county election officials.

3. O.C.G.A. § 21-2-385(a) requires electors or certain authorized representatives of electors to "personally mail or personally deliver [their absentee ballots] to the board of registrars or absentee ballot clerk."

4. O.C.G.A. § 21-2-386(a)(1)(B) requires that upon receipt of each absentee ballot, a registrar or clerk must verify the elector's signature.

5. O.C.G.A. § 21-2-386(a)(1)(G)(2) prohibits the opening of absentee ballot envelopes before the polls open for a runoff election.

6. O.C.G.A. § 21-2-386(a)(3) authorizes county election officials to begin opening the inner envelope containing an absentee ballot and to begin

AMERICAN OVERSIGHT

tabulating absentee ballots after the polls open on Election Day. That subsection also provides for monitoring of the tabulation of absentee ballots by designees of candidates.

7. These statutes, which codify a specific and detailed procedure for requesting, delivering, processing, verifying and monitoring the tabulation of absentee ballots, are designed to protect Georgians from the universally acknowledged dangers of widespread mail-in absentee voting, which carries a significant risk of election irregularities and vote fraud.[1]

8. Specifically, mail-in absentee voting creates opportunities to obscure the true identities of persons fraudulently claiming to be legitimate electors and facilitates the collection of large quantities of purportedly valid absentee ballots by third-parties– commonly called "ballot harvesting" – that results in an extraordinary increase in the number of absentee ballots received by county election officials, including many that are not received and verified in accordance with the procedure required by applicable Georgia statutes.

9. Without authorization from the Georgia General Assembly and despite the plain language of the applicable Georgia statutes to the contrary,

AMERICAN OVERSIGHT

Defendants Secretary of State and the State Election Board ("SEB") promulgated and enforced new election rules and procedures that effectively override the requirements enacted by the General Assembly in O.C.G.A. §§ 21-2-382, 21-2-385 and 21-2-386. These new rules are SEB Rule 183-1-14-0.6-.14 (Exhibit A) and 183-1-14-0.9-.15 (Exhibit B). In addition, Defendant Raffensperger has issued a new procedural requirement regarding verification of absentee ballot signatures that eliminates the requirement of O.C.G.A. § 21-2-386(a)(1)(B) that the signature on the absentee ballot envelope matches both the signature on the application for an absentee ballot and the signature on the absentee voter's voter registration card. (Exhibit C).

10. On information and belief, Defendant Raffensperger's office has instructed county election officials that they are not signature matching experts, which has the effect of discouraging election officials from undertaking the careful verification of absentee voter signatures required by O.C.G.A. § 21-2-386(a)(1)(B).

11. These new rules allow absentee ballots to be delivered to unattended drop boxes by individuals other than relatives or members of the households of absentee ballot voters with no mechanism to ensure their legitimacy as required by §§ 21-2-382 and 21-2-385; allow county election officials to open absentee ballot

AMERICAN OVERSIGHT

envelopes and scan absentee ballots beginning more than three weeks before Election Day in violation of § 21-2-386(a)(2); and allow absentee ballots to be processed without the verification of signatures required by § 21-2-386(a)(1)(B).

12. Defendants Secretary of State and SEB will implement these new rules during the United States Senate run-off elections concluding on January 5, 2020.

13. Plaintiffs seek prospective relief to: (a) invalidate SEB Rule 183-1-0.6-14 and prohibit the use of drop boxes for the receipt of absentee ballot envelopes in violation of O.C.G.A. § 21-2-385(a); (b) invalidate SEB Rule 183-1-14-0.9-.15 and prohibit the opening of absentee ballot envelopes before Election Day; and (c) invalidate Defendant Raffenperger's Official Election Bulletin regarding absentee ballot signature review guidance and order election officials to comply with the signature verification requirements of O.C.G.A. § 21-2-386(a)(1)(B).

PARTIES

14. Plaintiff THE TWELFTH CONGRESSIONAL DISTRICT REPUBLICAN COMMITTEE ("the 12th District Committee") is a Georgia unincorporated organization and the official Republican organization for the 12th Congressional District of the State of Georgia. It is committed to electing

AMERICAN OVERSIGHT

candidates of the Republican Party who will advance the values and beliefs generally shared by Republican Party members. The 12th District Committee and its members will be directly harmed in future elections if SEB Rules 183-1-14-0.6-.14 and 183-1-14-0.9-.15 and the new verification procedure imposed by Defendant Raffensperger remain in force. This is because the 12th District Committee's right of free association and its right to equal treatment under the laws guaranteed by the United States and Georgia Constitutions will be violated. Under Defendants' new rules and procedures that facilitate ballot harvesting, the 12th District Committee's efforts to elect candidates of the Republican Party to office will be severely and negatively affected because those requirements will necessitate the diversion of the Committee's focus, energy and resources. *See* Declaration of Buck Moon, Chairman of the 12th District Committee (Exhibit D).

15. Plaintiff BRIAN W. TUCKER is a resident of Richmond County and a registered voter of the State of Georgia. Mr. Tucker is a member of the Republican Party who voted in person in the November 2020 election and intends to vote in person in the January 2021 runoff elections. He has been injured by the disparate treatment that he receives as a registered voter who votes in person and is required to establish his personal identity with an officer of election before he is able to cast his vote, while absentee voters are allowed to vote without the same

AMERICAN OVERSIGHT

scrutiny of personal identification under procedures established by Defendants Raffensperger and the SEB. As a member of the Republican Party, his right to freedom of association has been violated by Defendants by the new rules and procedures that facilitate ballot harvesting and vote fraud.

16. Plaintiff CATHY A. LATHAM is a resident of Coffee County and a registered voter of the State of Georgia. She is a member of the Republican Party who voted early in person at the November 2020 election and intends to vote in person in future elections. She was selected in accordance with applicable Georgia law and the rules of the Georgia Republican Party to appear as a member of the Republican Presidential Elector Slate on the November 3, 2020 general election ballot. She intends to seek that office again in 2024. She has been injured by the disparate treatment that she receives as a registered voter who votes in person and is required to establish her personal identity with an officer of election before she is able to cast her vote, while absentee voters are allowed to vote without the same scrutiny of personal identification under the procedures established by Defendants Raffensperger and the SEB. As a member of the Republican Party and a member of the 12th Congressional District Republican Committee, her right to political association has been infringed by Defendants' new rules and procedures that facilitate ballot harvesting and vote fraud.

AMERICAN OVERSIGHT

17. Plaintiff EDWARD T. METZ is a resident and a registered voter of the State of Georgia. He voted early in person for the November 2020 election and intends to vote in person in future elections. He was selected in accordance with applicable Georgia law and the rules of the Georgia Libertarian Party to appear as a member of the Libertarian Presidential Elector Slate on the November 3, 2020 general election ballot. He intends to seek that office again in 2024. He has been injured by the disparate treatment that he receives as a registered voter who votes in person and is required to establish his personal identity with an officer of election before he is able to cast his vote, while absentee voters are allowed to vote without the same scrutiny of personal identification under procedures established by Defendants Raffensperger and the SEB. As a member of the Libertarian Presidential Elector Slate, his right to freedom of association has been infringed by the rules allowing delivery of absentee ballots to drop boxes and the opening of absentee ballot envelopes weeks before Election Day, as well as Defendant Raffensperger's directive regarding signature verification of absentee voters that eliminates the requirement that the signature on the ballot envelope match the signature in the voter registration file, which facilitates vote fraud.

18. Defendant BRADFORD P. RAFFENSPERGER is sued in his official capacity as the Secretary of State of Georgia (hereinafter "Raffensperger" or the

AMERICAN OVERSIGHT

"Secretary"). He is a state official subject to suit in his official capacity because his office "imbues him with the responsibility to enforce the law or laws at issue in the suit." *Grizzle v. Kemp*, 634 F.3d 1314, 1319 (11th Cir. 2011). Specifically, the Secretary is the chief elections officer of the State and is therefore responsible for the administration of the state laws affecting voting, including the absentee voting system. O.C.G.A. § 21-2-50(b). As Secretary of State, Mr. Raffensperger serves as the Chair of the State Election Board, which is the body responsible for ensuring uniform election practice in Georgia.

19. Defendants BRADFORD P. RAFFENSPERGER, DAVID J. WORLEY, REBECCA N. SULLIVAN, MATTHEW MASHBURN, and ANH LEE, are members of the SEB responsible for "promulgat[ing] rules and regulations so as to obtain uniformity in the practices and proceedings of superintendents, registrars, deputy registrars, poll officers, and other officials, as well as the legality and purity in all primaries and elections." *Id.* at § 21-2-31(1). The State Election Board Members are responsible for "formulat[ing], adopt[ing], and promulgat[ing] such rules and regulations, consistent with law, as will be conducive to the fair, legal, and orderly conduct of primaries and elections; and, upon the adoption of each rule and regulation, the board shall promptly file certified copies thereof with the Secretary of State and each superintendent." *Id.* at

AMERICAN OVERSIGHT

§ 21-2-31(2). The State Election Board Members, personally and through the conduct of their employees, officers, agents, and servants, acted under color of state law at all times relevant to this action, and are sued for declaratory and injunctive relief in their official capacities.

20. The Secretary of State and the SEB have the authority to direct the officials in each county who are responsible for administering elections (collectively "the county election officials"). As such, the SEB is the agency of the State of Georgia charged with the duties, among others, of promulgating rules and regulations so as to obtain uniformity in the practices and proceedings of superintendents, registrars, poll officers, and other officials, as well as the legality and purity in all primaries and elections, and to define uniform and nondiscriminatory standards concerning what constitutes a vote and what will be counted as a vote for each category of voting system used in the state.

21. Defendants TIM MCFALLS, MARCIA BROWN, SHERRY T. BARNES, TERENCE DICKS, and BOB FINNEGAN (collectively the "Richmond Board"), are sued for declaratory and injunctive relief in their official capacities as members of the Richmond County Board of Elections.

AMERICAN OVERSIGHT

JURISDICTION AND VENUE

22. Plaintiffs bring this action under the United States Constitution and under 42 U.S.C. §§ 1983 and 1988 to redress the deprivation under color of state law of rights secured by the United States Constitution, as well as to vindicate their rights under Georgia law.

23. This Court has original jurisdiction over the subject matter of this action pursuant to 28 U.S.C. §§ 1331 and 1343 because the matters in controversy arise under the United States Constitution and laws of the United States.

24. This Court also has supplemental jurisdiction over state law claims under 28 U.S.C. § 1367.

25. Venue is proper in this District pursuant to 28 U.S.C. § 1391 because Defendants Tim McFalls, Marcia Brown Sherry T. Barnes, Terence Dicks, and Bob Finnegan are residents in this District. Additionally, a substantial part of the events or omissions giving rise to the claim occurred in this District. The declaratory and injunctive relief sought by this action will enjoin the enforcement in this District of the illegally promulgated rules and deprive the Richmond County Board of any legal authority to enforce Defendants' new rules and procedures that have injured and will continue to injure Plaintiffs.

AMERICAN OVERSIGHT

26. This Court may grant declaratory relief pursuant to 28 U.S.C. § 2201 and 2202.

CONSTITUTIONAL FRAMEWORK

27. The Elections Clause of the United States Constitution states: "The Times, Places, and Manner of holding Elections for Senators and Representatives, shall be prescribed in each State by the Legislature thereof." U.S. CONST. art. I, § 4, cl. 1.

28. The Electors Clause of the United States Constitution states:

> [The President] shall . . . together with the Vice President, chosen for the same Term, be elected, as follows: Each State shall appoint, in such Manner as the Legislature thereof may direct, a Number of Electors, equal to the whole Number of Senators and Representatives to which the State may be entitled in the Congress . . . .

U.S. CONST. art. II, § 1, cl. 2.

29. The "Legislature" of the State of Georgia is the Georgia General Assembly.

30. Defendants are not part of the General Assembly and cannot exercise its powers.

31. Because the United States Constitution reserves to the General Assembly the power to set the time, place, and manner of holding elections for Senators and Representatives, county boards of elections and state executive

AMERICAN OVERSIGHT

officers have no authority to unilaterally exercise that power, much less to promulgate rules that conflict with existing legislation.

32. Defendants' new rules and procedures that are in direct conflict with the unambiguous requirements of O.C.G.A. §§ 21-2-382, 21-2-385 and 21-2-386 affect the "time, place, and manner of holding elections for Senators and Representatives" and will apply in future Presidential elections, they violate both the Electors and the Elections Clauses of the United States Constitution.

33. Independent of the Electors and Elections Clauses, Defendants' new rules and procedures violate Plaintiffs' rights to freedom of association and the equal protection of the laws guaranteed by the Fourteenth Amendment to the United States Constitution.

STATEMENT OF FACTS AND LAW

DEFENDANTS' NEW RULE AND PROCEDURES

Allowing Early Opening of Absentee Ballot Envelopes

34. Defendants promulgated SEB Rule 183-1-14-0.9-.15 (Processing Absentee Ballots Prior to Election Day), which directly conflicts with the requirement in O.C.G.A. § 21-2-386(a)(2) that absentee ballots shall not be opened until Election Day.

AMERICAN OVERSIGHT

35. That rule authorizes county election officials to open envelopes containing absentee ballots as early as three weeks before Election Day, to remove the absentee ballots, and to scan the ballots.

36. By separating the ballots from the envelopes, the ability to track the absentee ballot with the signature on the accompanying inner envelope is compromised, thereby precluding the required verification that the absentee ballot is submitted by a voter qualified to participate in the election.

Installation of Unattended Drop Boxes

37. On August 11, 2020, Defendants Raffensperger and the SEB adopted Rule 183-1-14-0.6-.14 authorizing the use of drop boxes in order to provide, as the rule states, "a means for absentee by mail electors to deliver their ballots to the county registrars."

38. By this rule, Defendant SEB permitted and encouraged the installation and use of unattended drop boxes within Georgia's counties as a means for delivery of absentee ballots.

39. SEB Rule 183-1-14-0.6-.14 claims that a drop box "shall be deemed delivery pursuant to O.C.G.A. § 21-2-385."

AMERICAN OVERSIGHT

40. This rule's definition of delivery is in direct conflict with the language of O.C.G.A. § 21-2-385, which the Georgia General Assembly amended in 2019 specifically to prohibit ballot harvesting.

41. O.C.G.A. § 21-2-385 now specifies only two options for the submission of an absentee ballot: "the elector shall then personally mail or personally deliver the same to the board of registrars or absentee ballot clerk . . . ."

42. O.C.G.A. § 21-2-382(a) establishes the precise locations where an election official may receive an absentee ballot from the individual voter or their family member. These sites are defined as "additional registrar's offices or places of registration."

> Any other provisions of this chapter to the contrary notwithstanding, the board of registrars may establish additional sites as additional registrar's offices or places of registration for the purpose of receiving absentee ballots under Code Section 21-2-381 and for the purpose of voting absentee ballots under Code Section 21-2-385, provided that any such site is a branch of the county courthouse, a courthouse annex, a government service center providing general government services, another government building generally accessible to the public, or a location that is used as an election day polling place, notwithstanding that such location is not a government building.

43. O.C.G.A. § 21-2-2(27) defines a "polling place" to mean "the room provided in each precinct for voting at a primary or election."

AMERICAN OVERSIGHT

44. O.C.G.A. § 21-2-382(b) provides that in larger population areas, such as Fulton, DeKalb, Gwinnett, and Cobb counties, the following sites would automatically serve as additional receiving locations for absentee ballots:

> any branch of the county courthouse or courthouse annex established within any such county shall be an additional registrar's or absentee ballot clerk's office or place of registration for the purpose of receiving absentee ballots . . . under Code Section 21-2-385.

45. A drop box is not included in the list of additional reception sites described in the exercise in O.C.G.A. § 21-2-382(a) and (b) and is not within the meaning of a "registrar's office or places of registration" in O.C.G.A. § 21-2-386

46. A "registrar's office or places of registration" contemplates a building with staff capable of receiving absentee ballots and verifying the signature as required by the procedures prescribed in § 21-2-386.

47. A drop box cannot be deemed a location to apply for an absentee ballot "in person in the registrar's or absentee ballot clerk's office" as prescribed by § 21-2-381 nor can it be a location for an elector to appear "in person" to present the absentee ballot to the "board of registrars or absentee ballot clerk," as prescribed by § 21-2-385.

48. Pursuant to O.C.G.A. § 21-2-380.1, only the absentee ballot clerk can perform the functions or duties prescribed in the Election Code. The absentee

AMERICAN OVERSIGHT

ballot clerk "may be the county registrar or any other designated official who shall perform the duties set forth in this article."

49. Throughout the Georgia Election Code, the legislature clearly contemplated a staffed office or building for voter registration, receipt of absentee ballot applications, and receipt of absentee ballots so that the voter can deliver the ballot "in person" or through their designated statutory agent. *E.g.,* O.C.G.A. § 21-2-385.

50. Drop boxes make it easier for political activists to conduct ballot harvesting to gather votes. Because there is a break in the chain of custody of those authorized by statute to collect and deliver absentee ballots, which produces opportunities for political activists to submit fraudulent absentee ballots, the opportunity for illicit votes to be counted is significantly increased.

51. The continued use of drop boxes will significantly affect the way in which the 12th District Committee and the individual Plaintiffs conduct their activities because it forces them to modify their campaign appeal to the electorate in order to garner and enhance the support for their candidates under the changed circumstances and to redirect their focus, energy and resources to counter ballot harvesting.

AMERICAN OVERSIGHT

52. The break in the chain of custody caused by the use of drop boxes not only hinders the 12th District Committee's ability to advance its political interests by inevitably forcing a redirection of its focus and message, as well as the need for to secure greater resources, but it also increases the chances that an absentee voter will cast his or her vote under the improper influence of another individual and enhances opportunities for ballot theft or submission of illicitly generated absentee ballots to the detriment of the 12th District Committee, its candidates, and its adherents in the election.

53. While Burke, Taliaferro, Columbia and Warren counties did not install drop boxes, Richmond County installed five drop boxes, Jefferson County three, McDuffie County two, and Warren, Glascock, and Lincoln Counties one.

54. On information and belief, county election officials plan to install more drop boxes within their respective jurisdictions.

Verifying Absentee Elector's Signatures

55. O.C.G.A. § 21-2-386(a)(1)(B) requires that upon receipt of each absentee ballot, a registrar or clerk must compare the elector's signature or mark on the oath on the absentee ballot envelope with the elector's voter registration card or the most recent update to such card and application for absentee ballot to determine

AMERICAN OVERSIGHT

if the elector's signature is correct and, if so, certify that fact by signing or initialing the name of the registrar or clerk below the elector's oath.

56. In many instances during the 2020 general election, registrars and clerks failed to perform the required signature verification.

57. Once absentee ballots are separated from the envelopes in which they were sealed, the required matching of the signatures on the envelopes with the signatures on the absentee ballot applications and the voters' signatures in the voter registration file will not allow for the disqualification of the absentee ballot, if indicated, because the ballot can no longer be linked to the envelope.

58. In Defendant Raffensperger's May 1, 2020 Official Election Bulletin, county election officials (Exhibit C) were instructed to conduct the verification of absentee ballot signatures as follows:

> If the registrar or absentee ballot clerk determines that the voter's signature on the mail-in absentee ballot envelope does not match any of the voter's signatures on file in eNet or on the absentee ballot application, the registrar or absentee ballot clerk must seek review from two other registrars, deputy registrars, or absentee ballot clerks.

59. The foregoing instruction is in direct conflict with the requirement in O.C.G.A. § 21-2-386(A)(1)(B) that the signature of an absentee voter must be compared against both the voter's signature or mark on his or her registration card and on the application for the absentee ballot:

AMERICAN OVERSIGHT

> The registrar or clerk shall then compare the identifying information on the oath with the information on file in his or her office, shall compare the signature or mark on the oath with the signature or mark on the absentee elector's voter registration card or the most recent update to such absentee elector's voter registration card and application for absentee ballot or a facsimile of said signature or mark, and shall if the information and signature appear to be valid and other identifying information appears to be correct, so certify by signing or initialing his or her name below the voter's oath.

60. Because signature verification of every absentee elector's signature is essential to prevent the counting of illicit or fraudulent absentee ballots, Defendants must conduct signature verification as required by O.C.G.A. § 21-2-386(a)(1)(B) for every absentee ballot received and not as instructed by Defendants Raffensperger and the SEB.

61. All of the allegations contained in this Complaint are incorporated and realleged in each of the following counts below as may be required and as if restated therein.

COUNT I
(All Defendants)
Violation of Article I, § 4, cl. 2 of the United States Constitution

62. Article I, § 4, cl. 2 of the United States Constitution confers on the legislature of each of the States the power to regulate the "Times, Places, and Manner of holding Elections for Senators and Representatives."

63. O.C.G.A. § 21-2-31 permits the Secretary of State and the SEB the authority to promulgate rules "consistent with" the laws of this State.

AMERICAN OVERSIGHT

64. SEB Rules 183-1-14-0.6-.14 and 183-1-14-0.9-.15 promulgated by the Secretary of State and the SEB and the new signature verification requirements ordered by Defendant Raffensperger conflict directly with O.C.G.A. §§ 21-2-382, 21-2-385, and 21-2-386 and are beyond the authority conferred on Defendants by O.C.G.A. § 21-2-31.

65. Accordingly, Defendants have violated Article I, § 4, cl. 2 by usurping power granted solely to the Georgia General Assembly.

66. Plaintiffs will suffer particularized injury as a result of Defendants' violations of Article I, § 4, cl. 2 in the form of blatantly unequal treatment as voters and monitors of vote counting who are associated with the Libertarian and Republican parties when compared to the treatment received by similarly situated individuals associated with the Democratic Party and by the denial of their right of freedom of association.

COUNT II
(All Defendants)
Violation of Article II, § 1, cl. 2 of the United States Constitution

67. Article II, § 1, cl. 2 confers exclusive power on state legislatures to appoint Presidential electors in the manner chosen by the state legislators.

AMERICAN OVERSIGHT

68. SEB Rules 183-1-0.6-14 and 183-1-14-0.9-.15 promulgated by the Secretary of State and the SEB directly conflicts with O.C.G.A. § 21-2-385. The promulgation of that rule is beyond the authority granted by O.C.G.A. § 21-2-31.

69. Plaintiffs will suffer particularized injury as a result of Defendants' violations of Article I, § 4, cl. 2 in the form of blatantly unequal treatment as voters and monitors of vote counting who are associated with the Libertarian and Republican parties when compared to the treatment received by similarly situated individuals associated with the Democratic Party and by the denial of their right of freedom of association.

COUNT III
(All Defendants)
Violation of the First Amendment's Right to Freedom of Association

70. Plaintiffs' right to vote is a function of their right to associate freely with other individuals who share a common set of political beliefs and who intend to advance those beliefs by electing candidates who represent those beliefs.

71. Plaintiffs have the right to have their votes counted in a reliable manner without discount or cancellation.

72. Defendants' adoption of procedures that conflict with Georgia statutes designed to assure that every absentee voter is qualified to vote and that enable numerous absentee voters to vote illegally effectively discounts and cancels the

AMERICAN OVERSIGHT

votes of the individual Plaintiffs and injures the 12th District Committee in its efforts to persuade the electorate and elect its candidates by necessitating the diversion of focus, energy and resources from activities that the 12th District Committee would otherwise undertake to efforts to counter or minimize the consequences of the ballot harvesting that is facilitated by Defendants' new rules and procedures.

73. Plaintiffs' right to associate freely with others who share their political values and beliefs is protected by the First and Fourteenth Amendments. Their right to vote is a function of that right. The individual Plaintiffs have a right to have their votes counted if lawful in a reliable manner without discount or cancellation. But the right to vote is but a part of the political activity that the First Amendment protects.

74. The First Amendment guarantees citizens and political parties the right to express their messages to the voters at large or to targeted groups of voters in support of their candidates and to choose the methods for doing so that they consider best calculated to achieve success.

75. SEB Rules 183-1-0.6-14 and 183-1-14-0.9-.15, the drop boxes, and Defendant Raffensperger's new requirement regarding verification of absentee ballot signatures have the unavoidable effect of causing Plaintiffs to alter their

AMERICAN OVERSIGHT

GA-SOS-20-2913-000231

message to voters, to reallocate resources, and to redirect their focus and energy during a political campaign.

76. Defendants' new rules and procedures increase the likelihood that illicit absentee ballots will be included in the final and total count in future elections because it results in the chain of custody of absentee ballots by persons authorized by O.C.G.A. § 21-2-385 being broken.

77. The risk of counting illicit ballots that is enhanced by the lack of required signature verification, the break in the chain of custody attributable to the use of drop boxes, and the extraordinary increase in the volume of drop-off ballots that the new rule facilitates, which results in inadequate scrutiny of the identity of those who submit absentee ballots due to the sheer number of ballots to be reviewed and the time available to verify the voters' signatures.

78. Under Article II, § 1, cl. 2 of the United States Constitution, when the Georgia General Assembly exercises the power to appoint Presidential electors, the other provisions of the United States Constitution must be complied with, including the Free Speech and Freedom of Assembly Clauses of the First Amendment and the Equal Protection Clause of the Fourteenth Amendment.

79. The new procedures and requirements that Defendants and county election officials will continue to follow contrary to the plain language of

AMERICAN OVERSIGHT

O.C.G.A. §§ 21-2-382, 21-2-385, and 21-2-386 cause Plaintiffs, particularly the 12th District Committee, to alter their political message, campaign focus, and allocation of resources to respond to the effects of Defendants' unauthorized actions that enable Democratic Party officials, candidates, and activists, as well as other individuals and organizations, to flood county election officials with mail-in/drop-off absentee ballots which are not processed under the safeguards provided by the above-referenced Georgia statutes.

80. By substantially expanding the number of potential voters who submit ballots in an election cycle without properly and lawfully enforcing the statutory requirements governing voter participation, Defendants have negatively affected the 12th District Committee's ability to use its resources effectively to support its candidates.

81. The acknowledged potential of widespread election fraud that Defendants facilitate by funding unattended drop boxes, declining to verify the identity of every absentee voter, and permitting the opening of absentee ballot envelopes weeks before an election, thereby enhancing opportunities for illegal vote harvesting, forces the 12th District Committee to redirect its focus, energy and resources to minimize the risk of election fraud at the expense of reaching voters with its message and conducting voter contact programs.

AMERICAN OVERSIGHT

COUNT IV
(All Defendants)
Violation of the Equal Protection Clause

82. The procedure established by Defendants Raffensperger and the SEB for confirming the identity of an absentee voter is different and far less rigorous than the procedure that they have established to confirm the personal identification of each in-person voter. The disparate treatment of the individual Plaintiffs who vote in person when compared to the treatment of absentee voters resulting from the new unauthorized procedures and requirements is a violation of the Equal Protection Clause of the Fourteenth Amendment to the United States Constitution.

83. The disparate treatment of the 12th District Committee and its designated monitors who were prevented from observing vote counting and signature verification when compared to the treatment of Democrats similarly appointed violates the 12th District Committee's right to equal application of the laws by Georgia officials, which is protected by the Equal Protection Clause of the Fourteenth Amendment to the United States Constitution.

84. Defendants were acting under color of Georgia law in promulgating SEB Rules 183-1-14-0.6-.14 and 183-1-14-0.9-.15 and in issuing the new requirement regarding signature verification, each of which rule and requirement is in direct conflict with the applicable Georgia statutes.

AMERICAN OVERSIGHT

COUNT V
(All Defendants)
Violation of the Georgia Constitution and Statutes

85. Under the law of the State of Georgia, public officials exercise only those powers expressly conferred on them by the Constitution of Georgia or statutes enacted by the General Assembly.

86. Article II, § 1 of the Georgia Constitution that elections "shall be conducted in accordance with procedures provided by law."

87. O.C.G.A. § 21-2-31 reaffirms the legislature's prerogative that the SEB may only promulgate rules that are "consistent with law".

88. The Richmond County Board of Elections may only promulgate rules "consistent with law" pursuant to O.C.G.A. § 21-2-70.

89. Defendants Bradford Raffensperger and SEB exceeded their delegated authority by promulgating SEB Rules 183-1-14-0.6-.14 and 183-1-14-0.9-.15 and by Defendant Raffensperger's imposition of the requirement on county election officials in his Official Election Bulletin regarding absentee ballot signature review guidance. Each of those actions is in direct conflict with laws enacted by the General Assembly concerning the handling of absentee ballots and the envelopes in which they are submitted.

AMERICAN OVERSIGHT

90. Defendants on the Richmond County Board of Elections likewise exceeded their delegated authority by enforcing SEB Rules 183-1-14-0.6-.14 and 183-1-14-0.9-.15 and by applying Defendant Raffensperger's signature verification directive.

91. The promulgation and enforcement of SEB Rules 183-1-14-0.6-.14 and 183-1-14-0.9-.15 and the issuance of the Official Election Bulletin directive by Defendants violated Plaintiffs' rights under Georgia law by imposing an unlawful burden on their exercise of the right to vote and the right to be free from arbitrary action by government officials.

PRAYER FOR RELIEF

WHEREFORE, Plaintiffs request the following relief:

(a) Entry of an Order and Judgment declaring that Rules 183-1-14-0.9-.15 and 183-1-14-0.6-.14 and Defendant Raffesperger's new instruction in his Official Election Bulletin to county election officials regarding signature verification of absentee ballot voters are invalid as violative of Art. I, § 4, cl. 1 and Art. II, § 1, cl. 2 of the United States Constitution and the applicable statutes of the State of Georgia;

(b) Entry of an Order and Judgment declaring that the enforcement of SEB Rules 183-1-14-0.6-.14 and 183-1-14-0.9-.15 and Defendant Raffensperger's

AMERICAN OVERSIGHT

new instruction in his Official Election Bulletin to county election officials regarding signature verification of absentee ballot voters results in disparate treatment of Plaintiffs who vote in person when compared to those voters who vote by absentee ballot, thereby burdening Plaintiffs' right to vote in violation of the Equal Protection Clause of the Fourteenth Amendment;

(c) Entry of an Order temporarily, preliminarily, and permanently enjoining Defendants to direct county election officials to verify each absentee ballot signature; to allow properly designated monitors to have reasonable and meaningful opportunity to observe the signature verification process and the ballot tabulation process; and to prohibit Defendants from utilizing and authorizing and utilizing drop boxes for the collection of absentee ballot envelopes;

(d) Retain jurisdiction and maintain the *status quo* of the procedures clearly established by the Georgia Code until completion of the runoff elections on January 5, 2020;

(e) Entry of an Order and Judgment awarding Plaintiffs their attorneys' fees and costs under 42 U.S.C. § 1988; and

(f) Any other and further relief that this Court deems equitable under the circumstances.

STATE ELECTION BOARD

CHAPTER 183-1
GEORGIA ELECTION CODE

SUBJECT 183-1-14
ABSENTEE VOTING

TABLE OF CONTENTS

183-1-14-0.8-.14 Secure Absentee Ballot Drop Boxes

RULE 183-1-14-0.8-.14 Secure Absentee Ballot Drop Boxes

(1) County registrars are authorized to establish one or more drop box locations as a means for absentee by mail electors to deliver their ballots to the county registrars. Placing a voted absentee ballot into the drop box shall be deemed delivery pursuant to O.C.G.A. § 21-2-385 and is subject to the limitations on who may deliver a ballot on behalf of an elector.

(2) A drop box shall only be located on county or municipal government property generally accessible to the public.

(3) Drop box locations may open beginning 49 days Election Day prior to any presidential preference primary, general primary other than a municipal general primary, general election other than a municipal general election, or special primary or special election in which there is a candidate for federal office on the ballot and the drop boxes for the aforementioned elections shall close at 7:00 p.m. For a statewide or federal special election or a statewide or federal runoff election, drop box locations may begin opening on the first day of advance voting. On Election Day, every drop box shall be closed and ballots collected at 7:00 p.m. Prior to opening a drop box for a new election, the registrar shall ensure that the drop box is empty. Any person acting on behalf of the registrar who opens a drop box prior to an election must have sworn an oath in the same form as the oath for poll officers set forth in O.C.G.A. § 21-2-95 prior to opening the drop box and shall sign a form indicating that the drop box was empty and secure at the time of opening. Counties shall provide notice of the location of each drop box by posting such information on the home page of the county election website no later than the day the drop boxes are placed in a location.

(4) Drop box locations must have adequate lighting and use a video recording device to monitor each drop box location. The video recording device must either continuously record the drop box location or use motion detection that records one frame, or more, per minute until detection of motion triggers continuous recording.

EXHIBIT
A

AMERICAN OVERSIGHT

(5) Video recordings of the drop box locations must be retained by the county registrars for 30 days after the final certification of the election, or until conclusion of any contest involving an election on the ballot in the county jurisdiction, whichever is later, and shall be made available to Secretary of State investigators upon request or to the public, upon request, as soon as possible or at a charge that is not cost prohibitive to the public, if there is a charge.

(6) A drop box shall be constructed of durable material able to withstand vandalism and inclement weather. The opening slot of a drop box shall not allow ballots to be tampered with or removed and shall be designed to minimize the ability for liquid to be poured into the drop box or rain water to seep in.

(7) A drop box shall be securely fastened to the ground or an immovable fixture.

(8) If the drop box utilizes a drop-slot into a building, the ballots must drop into a locked container, and both the drop-slot and the container must be monitored by video recording devices.

(9) A drop box shall be clearly labeled "OFFICIAL ABSENTEE BALLOT DROP BOX". Each drop box location shall clearly display signage developed by the Secretary of State regarding Georgia law related to absentee ballot harvesting and destroying, defacing, or delaying delivery of ballots.

(10) Prior to the second Monday before Election Day, the county registrars must arrange for collection of the ballots from each drop box at least once every 72 hours. Beginning on the second Monday before Election Day and up until 7:00 p.m. on Election Day, the county registrars must arrange for collection of the ballots from each drop box location at least once every 24 hours. On Election Day, every drop box shall be closed and ballots collected at 7:00 p.m. Collection of ballots from a drop box must be made by a team of at least two people. Any person collecting ballots from a drop box must have sworn an oath in the same form as the oath for poll officers set forth in O.C.G.A. § 21-2-95. The collection team shall complete and sign a ballot transfer form upon removing the ballots from the drop box, which shall include the date, time, location and number of ballots. After emptying the drop box on 7:00 p.m. on Election Day, the collection team shall close the drop box and indicate on the ballot transfer form that the drop box was emptied and closed. The ballots from the drop box shall be immediately transported to the county registrar and processed and stored in the same manner as absentee ballots returned by mail are processed and stored. The county registrar or a designee thereof shall sign the ballot transfer form upon receipt of the ballots from the collection team.

CHAPTER 183-1
GEORGIA ELECTION CODE

SUBJECT 183-1-14
ABSENTEE VOTING

TABLE OF CONTENTS

183-1-14-0.9-.15 Processing Absentee Ballots Prior to Election Day

RULE 183-1-14-0.9-.15 Processing Absentee Ballots Prior to Election Day

(1) Beginning at 8:00 a.m. on the third Monday prior to Election Day, county election superintendents shall be authorized to open the outer envelope of accepted absentee ballots, remove the contents including the absentee ballot, and scan the absentee ballot using one or more ballot scanners, in accordance with this rule, and may continue until all accepted absentee ballots are processed. All county election superintendents shall begin processing absentee ballots no later than the second Monday before Election Day. However, no person shall tally, tabulate, estimate or attempt to tally, tabulate or estimate or cause the voting equipment to produce any tally or tabulation, partial or otherwise, of the absentee votes cast until the time for the closing of the polls on Election Day.

(2) Absentee ballots shall be processed in batches of not more than 100. At least three persons who are registrars, deputy registrars, poll workers, or absentee ballot clerks must be present at all times during the processing of a batch of absentee ballots.

(3) Outer envelopes shall be opened in such a manner as not to destroy the oath and signature of the voter.

(4) All outer envelopes in a batch shall be counted and recorded on a reconciliation form prior to opening the outer envelopes of a batch. Upon opening the outer envelopes of a batch, the contents shall be removed in a manner that ensures that the contents of the envelope cannot be matched back to the outer envelope. Once all of the outer envelopes of a batch have been opened and the contents removed, the inner envelopes and/or secrecy sleeves shall be opened and the absentee ballots removed. Once all of the absentee ballots have been removed, the number of ballots shall be counted and recorded on a reconciliation form and compared to the original count of outer envelopes in the batch. Any discrepancy shall be investigated and recorded on a reconciliation form. The form shall be signed by the officials processing the batch of ballots. The absentee ballots shall then be scanned on a ballot scanner. A batch number assigned by the ballot scanner shall be recorded on the reconciliation form for that batch. Any ballot that is so torn, bent, or otherwise defective that it cannot be processed by the scanner shall be duplicated pursuant to O.C.G.A. § 21-2-483. Vote review panels shall be established, as needed, to adjudicate any rejected ballots per O.C.G.A. § 21-2-483 and Rule

EXHIBIT B

AMERICAN OVERSIGHT

183-1-15-.02. Once successfully scanned, the batch of ballots shall be bound together with the reconciliation form (or a copy thereof) and the official who scanned the ballots shall notate on the reconciliation form that the batch has been scanned, including the date and location of the scanning, and initial the notation. The scanned absentee ballots shall then be secured in a container. More than one batch of scanned absentee ballots may be placed in the container, but the individual batches must be separately bound. A security seal shall be placed on the container. The batch number(s), the number of scanned absentee ballots in each batch, and the security seal number shall be recorded on the container.

(5) If the county election superintendent chooses to prepare and/or scan absentee ballots prior to Election Day according to this Rule, the superintendent shall notify the Secretary of State in writing at least seven days prior to processing absentee ballots.

(6) The proceedings described in this rule shall be open to the view of the public, but no person except one employed and designated for the purpose by the superintendent shall touch any ballot or ballot container. The state executive committee of each political party and political body having candidates whose names appear on the ballot in such county shall have the right to have two properly designated persons present to act as monitors for such process and each independent and nonpartisan candidate whose name appears on the ballot in such county shall have the right to have one properly designated person present to act as a monitor for such process. The designated monitors shall be given a letter by the designating entity containing the name of the monitor, his or her address, and the county in which he or she may monitor the process. A copy of the letter designating the monitor shall be delivered to the county elections superintendent prior to the monitor being allowed to monitor the process. Each monitor shall wear a name tag indicating their name and the entity that designated them while monitoring the process. Any other observer shall be required to wear a name tag that indicates their name and that they are a public observer. The superintendent may make reasonable regulations, including regulations regarding social distancing measures and required personal protective equipment, that designated monitors and observers shall follow so that they do not interfere in any way with the processing of ballots or conduct of the election. If a monitor or observer interferes with the processing of the ballots or conduct of the election after being duly warned by an election official or superintendent, or if he or she violates any of the prohibited activities in this rule, the superintendent may revoke the person's designation to monitor the process, remove them from any further monitoring or observing, and refer the incident to the Secretary of State's office for investigation. Any infraction or irregularity observed by a monitor or observer shall be reported to the superintendent or to the Secretary of State. No person whose name is on the ballot shall be eligible to serve as a designated monitor.

(7) While viewing the process set forth in this rule, monitors and observers are prohibited from:
(a) In any way interfering with the processing of absentee ballots or conduct of the election;
(b) Using or bringing in to the room any photographic or other electronic monitoring or recording devices, cellular telephones, or computers;
(c) Engaging in any form of campaigning or campaign activity;
(d) Taking any action that endangers the secrecy and security of the ballots;

AMERICAN OVERSIGHT

(e) Touching any ballot or ballot container;
(f) Tallying, tabulating, estimating, or attempting to tally, tabulate, or estimate, whether partial or otherwise, any of the votes on the absentee ballots cast; and
(g) Communicating any information that they see, whether intentionally or inadvertently, about any ballot, vote, or selection to anyone other than to an election official who needs to such information to lawfully carry out his or her official duties.

(8) Before being allowed to view the process set forth in this rule, each designated monitor and observer shall execute an oath swearing or affirming, under penalty of perjury, that they understand the prohibitions set forth above, that they will not engage in any prohibited activity, and that they understand any violations of this rule will be punishable by the State Election Board.

(9) The county election superintendent shall publish a written notice, containing the dates, start and end times, and location(s) where absentee ballots will be processed and any rejected ballots will be adjudicated. Such notice shall be posted in the superintendent's office, on the home page of the county election website, and sent to the Secretary of State's office at least seven days prior to scanning ballots in accordance with this rule. The Secretary of State shall publish on his website the information he receives from counties stating the dates, times and locations where absentee ballots will be processed and adjudicated.

(10) Any person involved in processing absentee ballots according to this rule shall swear an oath, in the same form as the oath for poll officers set forth in O.C.G.A. § 21-2-95, prior to beginning the processing of absentee ballots.

(11) All cell phones, laptops, audio or video recording devices, and other communication devices shall be prohibited from the room where processing of absentee ballots is taking place, except for county election computers necessary to carry out this rule or otherwise conduct the election. No information concerning the tally of votes, or any partial tally of votes, shall be communicated until the time for the closing of the polls on Election day.

(12) The county superintendent shall be permitted to designate locations where public observers may view the process described in this rule to protect the security and secrecy of the ballots. Monitors designated by political parties, political bodies, and independent and non-partisan candidates shall be allowed to monitor the process described in this rule, but they must do so in a way that does not interfere with election officials. The superintendent may designate locations that allow designated monitors to monitor the process set forth in this rule, and such locations shall include areas that allow credentialed monitors to view the batching of the ballots, reconciliation of envelopes to ballots, scanning the ballots, duplication of ballots, adjudication of ballots by vote review panels, sealing the ballots after scanning, and other such areas as the superintendent may deem necessary to the assurance of fair and honest procedures in the carrying out of the procedures set forth in this rule.

AMERICAN OVERSIGHT

OFFICIAL ELECTION BULLETIN

May 1, 2020

TO: County Election Officials and County Registrars

FROM: Chris Harvey, State Elections Director

RE: Absentee Ballot Signature Review Guidance

Verifying that a voter's signature on his or her absentee ballot matches his or her signature on the absentee ballot application or in the voter registration record is required by Georgia law and is crucial to secure elections. Ensuring that signatures match is even more crucial in this time of increased absentee voting due to the COVID-19 crisis. The purpose of this OEB is to remind you of some recent updates to Georgia law and regulations regarding verifying signatures on absentee ballots and to make you aware of the procedures that should be followed when a signature on an absentee ballot does not match. HB 316, which passed in 2019, modified the absentee ballot laws and the design of the oath envelope. The State Election Board also adopted Rule 183-1-14.13 this year, which addresses how quickly and by what methods electors need to be notified concerning absentee ballot issues. What follows are the procedures that should be followed when the signature on the absentee ballot does not match the voter's signature on his or her application or voter registration record:

> **County registrars and absentee ballot clerks are required, upon receipt of each mail-in absentee ballot, to compare the signature or mark of the elector on the mail-in absentee ballot envelope with the signatures or marks in eNet and on the application for the mail-in absentee ballot. If the signature does not appear to be valid, registrars and clerks are required to follow the procedure set forth in O.C.G.A. § 21-2-386(a)(1)(C).**

EXHIBIT C

AMERICAN OVERSIGHT

When reviewing an elector's signature on the mail-in absentee ballot envelope, the registrar or clerk must compare the signature on the mail-in absentee ballot envelope to each signature contained in such elector's voter registration record in eNet and the elector's signature on the application for the mail-in absentee ballot.[1] If the registrar or absentee ballot clerk determines that the voter's signature on the mail-in absentee ballot envelope does not match any of the voter's signatures on file in eNet or on the absentee ballot application, the registrar or absentee ballot clerk must seek review from two other registrars, deputy registrars, or absentee ballot clerks.

A mail-in absentee ballot shall not be rejected unless a majority of the registrars, deputy registrars, or absentee ballot clerks reviewing the signature agree that the signature does not match any of the voter's signatures on file in eNet or on the absentee ballot application. If a determination is made that the elector's signature on the mail-in absentee ballot envelope does not match any of the voter's signatures on file in eNet or on the absentee ballot application, the registrar or absentee ballot clerk shall write the names of the three elections officials who conducted the signature review across the face of the absentee ballot envelope, which shall be in addition to writing "Rejected" and the reason for the rejection as required under OCGA 21-2-386(a)(1)(C). Then, the registrar or absentee ballot clerk shall commence the notification procedure set forth in O.C.G.A. § 21-2-386(a)(1)(C) and State Election Board Rule 183-1-14-.13.

---

[1] Once the registrar or clerk verifies a matching signature, they do not need to continue to review additional signatures for the same voter.

AMERICAN OVERSIGHT

RULE 183-1-14-.13 Prompt Notification of Absentee Ballot Rejection

When a timely submitted absentee ballot is rejected, the board of registrars or absentee ballot clerk shall send the elector notice of such rejection and opportunity to cure by mailing written notice, and attempt to notify the elector by telephone and email, if a telephone number or email is on the elector's voter registration record or absentee ballot application, no later than the close of business on the third business day after receiving the absentee ballot. However, for any timely submitted absentee ballot that is rejected within eleven days of Election Day, the board of registrars or absentee ballot clerk shall send the elector notice of such rejection and opportunity to cure by mailing written notice, and attempt to notify the elector by telephone and email, if a telephone number or email is on the elector's voter registration record or absentee ballot application, no later than close of business on the next business day.

DECLARATION OF GARLAND MOON, JR.

I, Garland Moon, Jr., declare the following pursuant to 28 U.S.C. § 1746.

1. I am a registered voter of the State of Georgia residing in Toombs County.

2. I currently serve as the Chairman of the 12th Congressional District Republican Committee (the District Committee"), which is the official Republican organization for this district.

3. The District Committee raises funds to advance its mission; recruits candidates; plans political activities; hires consultants, staff and other personnel; purchases political advertising, campaign signs and other political materials; and

EXHIBIT

AMERICAN OVERSIGHT

undertakes other functions to advance Republican policies, principles and candidates.

4. In recent years, ballot harvesting has become a principal focus of the Democratic Party and its allies at all levels of election activity in Georgia.

5. Ballot harvesting involves the collection of absentee ballots by individuals other than the absentee voter for submission to county election officials.

6. In 2005, a federal bipartisan commission concluded that the practice of allowing absentee and other mail-in or drop-off ballots poses the largest threat of election fraud. *See* Former President Jimmy Carter and Secretary of State James A. Baker, III, Co-chairs, 2005 Bi-Partisan Report of the Commission on Federal Election Reform, Commission on Federal Election at p.46 available at https://www.legislationline.org/download/id/1472/file/3b50795b2d0374cbef5c29766256.pdf.

7. The use of drop boxes for the collection of absentee ballots, as the Georgia Secretary of State and the Georgia State Election Board have authorized, facilitates ballot harvesting by enabling individuals who are not relatives or members of the absentee voter to collect an absentee ballot and deposit it in a drop box, which is not attended or otherwise effectively monitored by county election officials or other government personnel.

AMERICAN OVERSIGHT

8. Ballot harvesting is also facilitated by the absence of the verification required by Georgia statute that the ballot submitted is that of a registered voter who is eligible to vote by absentee ballot.

9. The practice of ballot harvesting by Georgia Democrats and their allies, such as the New Georgia Project, has become so aggressive in recent election cycles that Georgia Republicans have concluded that they must respond to that increasing practice to minimize the likelihood of election fraud which results in the counting of illegal ballots and which may alter the outcome of elections.

10. The District Committee will compelled out of political necessity to forego or reduce donations to Republican candidates, as well as the provision of other support for Republican candidates, such as door-to-door canvassing and other voter contact activities, in order to undertake and fund activities that identify and counter illegal ballot harvesting activities.

11. My review of the ballot harvesting activities by Georgia Democrats and their allies during the 2020 election cycle has demonstrated the need for the District Committee to heighten its attention to ballot harvesting activities that have contributed to the unprecedented increase in the number of absentee ballots counted in elections.

12. Instead of funding consultants and vendors to assist the District Committee with public opinion surveys, direct contact with voters, and production

AMERICAN OVERSIGHT

of campaign materials, the District Committee will be compelled to devote more of its resources to labor-intensive activities to counter the illicit collection of absentee ballots by monitoring drop boxes, the signature verification process, and other activities associated with ballot harvesting.

13. I make this declaration based on my personal knowledge, information, and belief under penalty of perjury.

THE TWELFTH CONGRESSIONAL DISTRICT REPUBLICAN COMMITTEE, et al., Plaintiffs, v. BRADFORD J. RAFFENSPERGER, et al, Defendants.	)	Civil Action File No. **EXPEDITED TREATMENT REQUESTED**

PLAINTIFFS' EMERGENCY MOTION
FOR TEMPORARY RESTRAINING ORDER
AND PRELIMINARY INJUNCTION

Pursuant to Rule 65 of the Federal Rules of Procedure and Local Rule 7.7, Plaintiffs, by counsel, move this Court to enter an Order granting a restraining order and preliminary injunction against Defendants that (a) prohibits them from implementing certain procedures and requirements concerning elections that were established in violation of Article II, § 1, cl. 2 of the United States Constitution and provisions of the Georgia Election Code and (b) mandating that Defendants comply with the procedures and requirements governing elections set forth in the Georgia Election Code.

AMERICAN OVERSIGHT

Also pursuant to Rule 7.1(b) of the Local Rules of the Southern District of Georgia, Plaintiffs filed with their original motion a memorandum in support citing the legal authorities supporting the motion and the facts relied upon. The grounds for this motion are:

1. The actions of Defendants in establishing procedures and requirements related to the verification of absentee voters' signatures and the delivery of absentee ballots to drop boxes violate the plain language of O.C.G.A. §§ 21-2-382, 21-2-385, and 21-2-386.

2. Defendants are continuing not to comply with the requirements of O.C.G.A. §§ 21-2-385 and 21-2-386 concerning the use of drop boxes and the verification of the signature of every absentee voter. They will continue their non-compliance with the above-referenced statutory requirements unless prohibited from that unlawful conduct by this Court.

3. The injuries that Plaintiffs will suffer will be irreparable unless Defendants' unlawful conduct is prohibited by this Court. Declaration of Buck Moon.

4. Defendants will not be substantially harmed by the granting of the requested restraining order and injunction because Plaintiffs seek nothing more than that Defendants comply with Georgia law. Any disruption of Defendants'

AMERICAN OVERSIGHT

activities is what would be attributable to the adjustments necessitated to implement applicable Georgia statutes.

5. The public interest would be served by the grant of the requested injunctive relief because such relief is essential to restore the confidence of the public in the integrity of the election process.

6. Plaintiffs have no adequate remedy at law.

7. Plaintiffs are seeking an order prohibiting and enjoining Defendants from using the drop boxes to collect any further absentee ballots in violation of the Georgia Election Code.

8. Plaintiffs are seeking an order requiring Defendants to keep the outer ballot envelope together with the inner envelope until the polls close on January 5, 2021 and tabulation of the vote may begin.

9. Plaintiffs are seeking an order requiring Defendants, if they are opening absentee ballots early, to train full time employees and temporary poll workers to properly conduct signature verification and to permit Plaintiffs' designated representatives to be present and have meaningful observation of the absentee ballot verification process.

10. In support of this motion, Plaintiffs submit a memorandum of law reviewing the four factors that the Court must consider in deciding whether to grant or deny this motion.

AMERICAN OVERSIGHT

WHEREFORE, Plaintiffs request that the Court schedule a hearing on this motion and enter an Order granting their motion for preliminary injunctive relief.

AMERICAN OVERSIGHT

IN THE UNITED STATES DISTRICT COURT
FOR THE SOUTHERN DISTRICT OF GEORGIA
AUGUSTA DIVISION

THE TWELFTH CONGRESSIONAL DISTRICT REPUBLICAN COMMITTEE, et al., Plaintiffs, v. BRADFORD J. RAFFENSPERGER, et al, Defendants.	)	Civil Action File No.

MEMORANDUM IN SUPPORT OF PLAINTIFFS' MOTION FOR PRELIMINARY INJUNCTION

Plaintiffs, by counsel, state the following in support of their Motion for a Preliminary Injunction:

In the complaint in this action, Plaintiffs assert violations by Georgia election officials of Plaintiffs' First Amendment associational rights and their right to equal treatment under the law guaranteed by the Equal Protection Clause of the Fourteenth Amendment. The Plaintiffs are the 12th Congressional District Republican Committee ("the 12th District Committee"), Brian Tucker, Cathy A. Latham, and Edward T. Metz. The 12th District Committee sues to vindicate

AMERICAN OVERSIGHT

violations of its own organizational rights and those violations of its members' rights. The Individual Plaintiffs were candidates for the office of Presidential elector in the 2020 general election and intend to seek that office again in future elections. They also bring this action as registered voters of the State of Georgia who assert that Defendants have violated Individual Plaintiffs' rights to freedom association and equal protection as a result of their rules and procedures adopted in direct conflict with O.C.G.A. §§ 21-2-382, 21-2-385, and 21-2-386.

Plaintiffs have no adequate remedy at law and will be harmed irreparably unless this Court grants them the declaratory relief and the temporary, preliminary and permanent injunctive relief they request. Defendant Raffensperger is the Secretary of State, who chairs the Defendant State Election Board ("SEB"). Defendants Sullivan, Worley, Mashburn and Lee are members of the SEB. Defendants McFalls, Brown, Barnes, Dicks and Finnegan are members of the Richmond County Board of Elections. Defendants are sued in their official capacity as individuals and agencies responsible under the laws of the State of Georgia for the conduct of elections.

AMERICAN OVERSIGHT

I. BACKGROUND STATEMENT

On November 23, 2020, the SEB promulgated Rules 183-1-14-0.6-.14 ("Secure Absentee Drop Boxes") and 183-1-14-0.9-.15 ("Processing Absentee Ballots Prior to Election Day). The Georgia Election Code provides that absentee ballots must be delivered to county election officials by the voter personally, by an individual specified in O.C.G.A. § 21-2-385, or by U.S. Mail. O.C.G.A. § 21-2-386(a)(2) prohibits the opening and processing of absentee ballots before Election Day. Defendant Raffensperger has issued an Official Election Bulletin in which he has instructed county election officials to verify the signature of an absentee voter against the signature on the envelope in which it was delivered or the voter's signature on file in the SEB's eNet system or on the vote's application for an absentee ballot. O.C.G.A. § 21-2-386(a)(1)(B) provides that the signature on the absentee ballot envelope must match the signature on the voter's registration card **and** the signature on the voter's application for an absentee ballot.

Absentee ballots are now being received by county election officials. To prevent or minimize the ballot harvesting that O.C.G.A. §§ 21-2-385 and 21-2-386 were enacted to preclude, Plaintiffs seek relief in the form of these Motions to restrain and enjoin Defendants from implementing the rules and procedures

AMERICAN OVERSIGHT

imposed on county election officials that are in direct conflict with the above-referenced statutes and that violate Plaintiffs' constitutional rights of freedom of Association and equal protection of the laws guaranteed by the Fourteenth Amendment to the United States Constitution.

II. ARGUMENT

Article II, § 1, cl. 2 of the United States Constitution confers on state legislatures the power to appoint, as well as to establish the method of appointing, Presidential electors. Individual Plaintiffs were Presidential elector candidates in the 2020 general election who intend to seek that office again in the future. They also bring this action as registered voters in the State of Georgia who assert that the conduct of Defendant election officials has violated Georgia election laws and will continue to violate Georgia election laws unless this Court intervenes and grants them relief in the form of declaratory and injunctive relief.

Plaintiffs seek a temporary restraining order and preliminary injunctive relief to prohibit continued violations of election laws by Defendants. The District Committee brings the action in its own organizational status, claiming direct violations of its constitutional rights, and on behalf of its members and adherents.

AMERICAN OVERSIGHT

Plaintiffs have standing to bring their action and to seek the relief requested in the Motion for Temporary Restraining Order and the Motion for Preliminary Injunctive Relief, as will be demonstrated in the Argument below.

Plaintiffs have no adequate remedy at law. Declaratory and injunctive relief are the only remedies that will prevent irreparable injury to Plaintiffs.

The four-factor test applied to applications for injunctive relief under *Winter v. Nat. Res. Def. Council, Inc*., 555 U.S. 7 (2008) is discussed below. The Court of Appeals has stated the test in these terms: "[The movant must demonstrate that] (1) it has a substantial likelihood of success on the merits; (2) irreparable injury will be suffered unless the injunction issues; (3) the threatened injury to the movant outweighs whatever damage the proposed injunction may cause the opposing party; and (4) if issued, the injunction would not be adverse to the public interest." *Otto v. City of Boca Raton, Florida*, 2020 WL 6813994 (11th Cir. Nov. 20, 2020) citing *Siegel v. LePore,* 234 F.3d 1163, 1175 (11th Cir. 2000) (*en banc*).

A. LIKELIHOOD OF SUCCESS ON THE MERITS

In First Amendment cases, the likelihood-of-success-on-the-merits factor is usually determinative. *ACLU of Illinois v. Alvarez,* 679 F.3d 583,589-90 (7th Cir. 2012). Plaintiffs here enjoy an unusual position in this case because the actions of

AMERICAN OVERSIGHT

Defendants at issue violate the unambiguous language of several Georgia election statutes. They are likely to succeed on the merits because the challenged actions of Defendants are clearly illegal. Defendants Raffensperger and State Election Board have imposed new and unauthorized procedures and requirements that are in direct conflict with Georgia statutes, particularly O.C.G.A. § 21-2-386(a)(1)(B) (requiring the verification of every absentee voter's signature) and O.C.G.A. §§ 21-2-382 and 21-2-385 (requirements that absentee ballots be delivered to county election officials personally or by statutorily designated individuals). Defendants have failed to enforce the requirements of those statutes regarding the verification of the signatures of absentee voters, the delivery of absentee ballots, and the monitoring of the signature verification process and vote-counting.

The regulation of elections must be evenhanded and reasonable. *See Dunn v. Blumstein,* 405 U.S. 330, 336 (1972). Defendants' new procedures and requirements and their failure to enforce applicable Georgia statutes will continue during the Senate runoff elections to be held in January 2021 and other future elections. The violations alleged in the complaint include violations of Plaintiffs' constitutional rights guaranteed by the Fourteenth Amendment to United States Constitution. The effect of Defendants' actions that violate Georgia election

AMERICAN OVERSIGHT

statutes and Defendants' failure to enforce Georgia election statutes have resulted in unconstitutional burdens on Plaintiffs' exercise of their right to vote and to exercise their right to associate freely for political purposes and their right to equal treatment under the laws, both of which are protected by the Fourteenth Amendment to the United states Constitution. *See* Exhibit A, Declaration of Brian Tucker.

Plaintiffs satisfy the *Anderson-Burdick* test because the injuries to their First Amendment associational rights and their equal protection rights are severe and irreparable and because Defendants have no legitimate basis for their violations of applicable state statutes. *Burdick v. Takushi,* 504 U.S. 428, 433 (1992); *Anderson v. Celebrezze,* 460 U.S. 780, 788 (1983).

The likelihood of success in challenging the legality of any one of Defendants' three recently adopted rules described in the complaint is sufficient for a finding that Plaintiffs have established the requisite likelihood of success on the merits.

B. LIKELIHOOD OF IRREPARABLE INJURY TO PLAINTIFFS

The loss of First Amendment freedoms constitutes irreparable injury even if the loss is for a minimal period. *Alvarez,* 679 F.3d at 589. The deprivation of

AMERICAN OVERSIGHT

Plaintiffs' rights to freedom of association will be substantial and not capable of being remedied except by injunction.

Each of the Plaintiffs has established standing to assert the constitutional claims alleged in the complaint. The District Committee will suffer particularized injuries, unlike its counterpart, the 12th Congressional District Democratic Committee which will actually benefit by the challenged procedures adopted by Defendants just days ago. *See Fla. St. Conf. of NAACP v. Browning,* 522 F.3d 1153, 1161-66 (11th Cir. 2008) (diversion of resources injury). The Individual Plaintiffs were and will in the future be candidates to serve as Presidential electors. *See Roe v. State of Alabama by & through Evans,* 43 F.3d 574, 579-80 (11th Cir. 1995) (candidates for office showed particularized injuries). Plaintiffs' injury allegations meet the three-part test reaffirmed in *Jacobson v. Fla. Sec'y of State,* 974 F.3d 1236, 1245 (11th Cir. 2020). Their injuries constitute injuries in fact that are traceable to Defendants' challenged procedural rules and likely to be remedied by a favorable ruling in this case.

"Absentee ballots remain the largest source of potential voter fraud." Report of the Commission on Federal Election Reform, *Building Confidence in U.S.*

AMERICAN OVERSIGHT

Elections § 5.2 at 46 (Sept. 2005).[1] Vote harvesting involving hundreds of thousands of absentee ballots increases the risk of vote fraud. That report acknowledged that even a small amount of fraud "could affect the outcome of a close election." *Id.* § 2.5 at 18.

Plaintiffs will suffer injury to their constitutional rights that cannot be remedied by any relief other than preliminary and permanent injunctions prohibiting Defendants' violations of Georgia election statutes. Defendants' procedures and requirements that are at odds with Georgia statutes and the likely continuation of their failure to enforce those statutes will encourage and facilitate vote harvesting that involves illegal acquisition of absentee ballots, collection of absentee ballots and delivery of those ballots to drop boxes that violate O.C.G.A. § 21-2-385, and the submission of ballots of individuals who are not eligible to vote in violation of O.C.G.A. § 21-2-386(a)(1)(B). Unless the Court enjoin the Defendants from continuing their illegal actions, Plaintiffs will be severely harmed by the impact if Defendants' rules on Plaintiffs' First Amendment associational

[1] Former President Jimmy Carter and Secretary of State James A. Baker, III, Co-chairs, *Building Confidence in U.S. Elections*, COMMISSION ON FEDERAL ELECTION at p.46, *available online at* https://www.legislationline.org/download/id/1472/file/3b50795b2d0374cbef5c29766256.pdf.

AMERICAN OVERSIGHT

rights and by the disparate treatment they will experience when compared to the treatment accorded Democrat voters.

C. HARM TO DEFENDANTS

It is difficult to perceive any substantial harm that Defendants will experience if the relief requested is granted and they are required to apply the requirements already imposed on them by Georgia election statutes. Any disruption of Defendants' activities during the period of the runoff elections and the counting of votes in those elections would be no more than Defendants are required to tolerate in the faithful enforcement of those statutes. It may be arduous to verify every absentee voter's signature, but that is an unavoidable requirement of existing law. The same is true with respect to the requirement to delay the opening of absentee ballots until the day of the runoff elections. The elimination of drop boxes will be somewhat disruptive, but absentee voters have the option under O.C.G.A. § 21-2-385 to mail their absentee ballots to county election officials. If a change in those requirements is to occur, it must be by action of the Georgia General Assembly.

In this case, any potential harm to Defendants would be outweighed by the injury that Plaintiffs would suffer if the injunction is not granted.

AMERICAN OVERSIGHT

D. THE PUBLIC INTEREST

The overriding interest of the public is in the lawful conduct of elections. The occurrence of election fraud in past elections has already undermined public confidence in the integrity of the election process. The risk of ballot harvesting posed by the challenged rules and procedures that Defendants Raffensperger and the SEB have directed county election officials to implement is significant. The separation of an absentee ballot from the envelope in which it is delivered will effectively preclude the statutorily required determination that the ballot has been submitted by a voter qualified to vote. The use of drop boxes facilitates in a substantial way the collection and delivery of absentee ballots by individuals who were specifically excluded by the General Assembly from the listing of individuals who may perform that function.

If disruption occurs as a result of this Court's grant of injunctive relief, it is a burden far outweighed by the benefit of assuring that vote fraud and other election misconduct is eliminated or at least minimized by enjoining Defendants' unauthorized and discriminatory actions.

III. CONCLUSION

The Court should grant Plaintiffs' motion for preliminary relief.

DECLARATION OF BRIAN TUCKER

I, Brian Tucker, declare the following pursuant to 28 U.S.C. § 1746 based on my information, knowledge, and belief.

1. I am a registered voter of the State of Georgia residing in Richmond County.

2. I intend to vote in person in the runoff election on January 5, 2021.

3. I am familiar with the rules implemented by Defendants regarding early ballot processing, signature verification, and the use of drop boxes for absentee ballots.

4. The use of drop boxes for the collection of absentee ballots, as the Georgia Secretary of State and the Georgia State Election Board have authorized,

AMERICAN OVERSIGHT

facilitates ballot harvesting by enabling individuals who are not relatives or members of the absentee voter to collect an absentee ballot and deposit it in a drop box, which is not attended or otherwise effectively monitored by county election officials or other government personnel.

5. Ballot harvesting is also facilitated by the absence of the verification required by Georgia statute that the ballot submitted is that of a registered voter who is eligible to vote by absentee ballot.

6. Richmond County has issued a notice that its five drop boxes will be open for use on November 30, 2020 and will close on Election Day, January 5, 2021.[1]

7. Richmond County will begin early opening of the absentee envelopes and separate the inner ballot envelopes weeks before the polls open on January 5, 2021.

8. I do not believe proper signature verification is taking place or that temporary poll workers are trained to verify the absentee envelope signatures.

9. I believe that Richmond County's early absentee ballot processing procedure starts by separating the outer absentee envelope and the inner ballot envelope. Once these envelopes are separated before the polls open, there will be no way to trace the voter with his or her actual ballot.

AMERICAN OVERSIGHT

10. Under this process, if a voter were to show up in person and they were told an absentee ballot was already received, there would be no way to pull their absentee ballot because it will have been separated from the outer envelope.

11. Defendants' rules as stated in the Complaint violate the Georgia Election Code.

12. Further, these rules violate my constitutional rights including my rights to freedom of association and the equal protection of the laws guaranteed by the Due Process and Equal Protection Clauses of the Fourteenth Amendment to the United States Constitution and by the Georgia Constitution.

13. The violations of my constitutional rights will not be prevented in these circumstances unless the Court issues the restraining order and preliminary injunctive relief that Plaintiffs have requested.

SECRETARY OF STATE BRAD RAFFENSBERGER AND GOVERNOR BRIAN KEMP,

DEFENDANT.

PETITION FOR ELECTION CONTEST

COMES NOW, THE CONTESTANT, by and through his attorneys of record, who files this petition for election contest pursuant to Georgia Code § 21-2-520, et. seq., as follows.

INTRODUCTION

Contestant John Wood is President of the Georgia Voters Alliance. This lawsuit contesting a razor-thin margin in the Presidential election is based on election integrity.

The Contestant John Wood, as an aggrieved elector, brings this lawsuit against the Defendants because state and local election adfministration officials have ignored statutes, interposed their own solutions for ballot security, accepted private money that casts doubt on election integrity and so mismanaged the election process that no one can have faith that one of their most sacred rights under the United States and Georgia Constitutions, voting, is being protected. Within the State of Georgia, private non-profits, state officials and local elected officials acted to systematically eviscerate

AMERICAN OVERSIGHT

Georgia's Election Law contrary to Title 21 of the Official Code of Georgia—failing to protect election integrity. Investigations have uncovered more than $350 million distributed nationwide –$6.3 million of which went to Fulton County, Georgia—and funneled through a collection of non-profit organizations dictating to election officials how to manage the election.

In particular, the Center for Tech and Civic Life (CTCL) granted $6.3 million USD to Fulton County, Georgia. These unregulated private funds were predominantly used to:

(1) pay "ballot harvesters";
(2) provide mobile ballot pick up units;
(3) deputize and pay political activists to manage ballots;
(4) pay election judges and poll workers;
(5) establish drop-boxes and satellite offices;
(6) pay local election officials and agents to recruit cities recognized as democratic strongholds to recruit other cities to apply for grants from non-profits;
(7) consolidate counting centers in the urban core to facilitate the movement of hundreds of thousands of questionable ballots in secrecy without legally required bi-partisan observation;
(8) initiate and implement a two-tier ballot "curing" plan that illegally counted ballots in Democrat strongholds and spoil similarly situated ballots in Republican strongholds; and
(9) pay for and help design the plan to remove the poll watchers from one political party so that the critical responsibility of determining the validity of the ballot and the validity of the count could be conducted without oversight.

See attached Harding Decl., Exs A, B, C, F.

Georgia's absentee voting records demonstrate illegal votes being counted and legal votes not being counted in the federal election. In Georgia, according to Georgia's and the federal government's data, illegal votes were counted and legal votes were not counted in numbers that greatly exceed the 12,670 vote razor-thin

AMERICAN OVERSIGHT

difference in the Presidential election. The estimated number of illegal votes counted and legal votes not counted in Georgia, based on the state government's data, exceeds 200,000. Because of these irregularities, no one knows who really won Georgia's presidential election. So, the election result should be nullified and the appointment of the electors should revert to the state legislature as provided in Article II of the United States Constitution.

AMERICAN OVERSIGHT

GA-SOS-20-2913-000279

The problems of illegal votes counted and legal votes not counted nationwide were exacerbated by the unregulated private monies sourced to Mark Zuckerberg directing local election officials. These unregulated private funds exceeded the federal government's March 2020 nationwide appropriation to assist local governments in managing the general election during the pandemic. As these funds flowed through the pipeline directly to local public officials, the outlines of two-tiered treatment of the American voter began to take place. For example, Fulton County, flush with cash initiated public-private coordinated voter registration drives allowing private access directly to government voter registration files, access to early voting opportunities, along with the coordinated provision of incentives for early voters and the off-site collection of ballots, establishes disparate impact. Harding Decl., Exs. A, B, C. Outside of Fulton County, election officials were unable in initiate equal efforts.

This "shadow government" operation was funded through non-profit grants which dictated methods and procedures to local election officials and in which the grantors retained the right to "claw-back" funds if election officials failed to reach privately set benchmarks—entangling the private-public partnership deeply into Georgia's federal election management. Transparency was required. Yet, none has been given. These constitutionally-impermissible private-public partnerships directed private conditional moneys to conduct federal elections. Their conduct contributed to an historically high numbers of illegal votes counted and legal votes not counted in Georgia, undermining the integrity of the election process as a social contract to maintain our

AMERICAN OVERSIGHT

democratic form of government.

JURISDICTION

1. The Georgia Superior Courts have jurisdiction in all cases except as otherwise provided in the Georgia Constitution, Article VI, Section IV, paragraph 1.

2. Ga. Code §21-2-521 authorizes a voter contest of a federal Presidential Election electing Presidential Electors to the Electoral College. The statute states, "the election of any person who is declared elected to any such office…may be contested by any person who was a candidate at such primary or election for such nomination or office, or by any aggrieved elector who was entitled to vote for such person…"

3. Ga. Code § 21-2-522 allows for an election contest on one or more of the following grounds: "(1) Misconduct, fraud, or irregularity by any primary or election official or officials sufficient to change or place in doubt the result;…(3) When illegal votes have been received or legal votes rejected at the polls sufficient to change or place in doubt the result."

4. Ga. Code. Ann. § 21-2-571 allows for an election contest on the following ground: "Any person who votes or attempts to vote at any primary or election, knowing that such person does not possess all the qualifications of an elector at such primary or election, as required by law…or who knowingly gives false information to poll officers in an attempt to vote in any primary or election."

AMERICAN OVERSIGHT

5. Ga. Code § 21-2-572 allows for an election contest on the following ground: "Any person who votes in more than one precinct in the same primary or election or otherwise fraudulently votes more than once at the same primary or election shall be guilty of a felony."

6. Georgia Code § 21-2-524 requires eight allegations in the petition which are made herein. First, the contestant's qualification as an aggrieved elector is identified. Second, the contestant's desire to contest the result of the November 3, 2020 general election for President and Vice President is identified. Third, the names of the defendants Governor and Secretary of State are identified. Fourth, the names of the candidates at the election are: Joseph R. Biden and Kamala D. Harris; Donald J. Trump and Michael R. Pence; and Jo Jorgenson and Jeremy "Spike" Cohen. Fifth, this petition lists each ground of the contest. Sixth, the Secretary of State certified the vote totals for the Presidential contest on November 20, 2020. Seventh, the relief sought is identified herein. Eighth, other facts as are necessary are provided herein, including the attached expert declaration by Matthew Braynard, to provide a full, particular and explicit statement of the cause of contest.

7. The Fulton County Superior Court has jurisdiction and venue because the Defendants primarily reside or are located in Fulton County, Georgia. Ga. Code § 21-2-523.

AMERICAN OVERSIGHT

PARTIES

8. Contestant John Wood is an elector, eligible voter and taxpayer residing in Coweta County and the Third Congressional District. John Wood is President of the Georgia Voters Alliance. John Wood is an aggrieved elector who believes the Georgia 2020 federal general election violated principles of election integrity.

9. Georgia Secretary of State Brad Raffensberger is a Defendant. His office is located in Atlanta, Georgia. Secretary of State Raffensberger certified the Presidential Election result on November 20, 2020.

10. Georgia Governor Brian Kemp is a Defendant. His office is located in Atlanta, Georgia. Under 3 U.S.C. § 6, a Governor of a state notifies the federal government of the Presidential Electors of that state for the Electoral College.

ULTIMATE ISSUE PRESENTED BY THE CONTROVERSY

11. Whether there is sufficient evidence to show that Georgia's election officials failed to conduct the November 3, 2020 election for Presidential Electors in accordance with the Georgia state constitution and Georgia state law casting sufficient doubt on the razor-thin margin of 12,670 to void the election result.

PETITION

I. Georgia election laws, adopted by the state legislature, are at issue in this case.

12. The Georgia General Assembly has adopted laws governing the

AMERICAN OVERSIGHT

GA-SOS-20-2913-000283

voting for the selection of Presidential electors. Those laws provide for voting to be conducted pursuant to Georgia general election laws. Title 21 of the Official Code of Georgia.

A. Georgia has a photo identification requirement for voting.

13. In 1997, in order to prevent the casting of ineligible ballots due to, among other reasons, fraud, the Georgia General Assembly adopted Act 53 to require Georgia voters, known as electors under Georgia law, to present an identification containing a photograph, such as a driver's license, to either a municipal or county clerk when registering to vote municipal or county clerk or other official when voting. Ga. Code §21-4-417. The Georgia General Assembly adopted the photo ID requirement to deter the casting of ballots by persons either not eligible to vote or persons fraudulently casting multiple ballots. *Democratic Party of Georgia, Inc. v. Perdue*, 288 Ga. 720 (2011).

14. The Georgia General Assembly has also provided voters with the option to vote by absentee processes which are set forth in very detailed and unambiguous language in the Georgia statutes at Georgia Code §21-2-10, et seq.

B. Georgia has created the State Election Board and Other Election Commissions or Boards to Administer State Election Laws.

15. The Georgia General Assembly created the State Election Board as an independent agency under the Georgia Secretary of State, as chairman, to administer Georgia's election laws. Ga. Code §21-2-30-34. The State Election Board is authorized to adopt administrative rules pursuant to the Georgia

AMERICAN OVERSIGHT

Administrative Procedures Act, which governs administrative rule making. However, nothing under Georgia's election laws authorizes the State Elections Board to issue any documents, make any oral determinations or instruct governmental officials administering elections to perform any act contrary to Georgia law governing elections.

16. Furthermore, the Georgia General Assembly also allowed for the creation of county election boards with the power to act as an election superintendent relating to the conduct of primaries and elections. Ga. Code § 21-2-40. These county election boards are responsible for administering the elections in their respective jurisdictions.

C. Georgia has a photo identification requirement for absentee voting.

17. As set forth above, the Georgia General Assembly adopted Act 53 in 1997 to require Georgia electors to present an identification containing a photograph, such as a driver's license, to either a municipal or county clerk when registering to vote municipal or county clerk or other official when voting. Ga. Code §21-4-417. The Georgia General Assembly adopted the photo ID requirement to deter the casting of ballots by persons either not eligible to vote or persons fraudulently casting multiple ballots. *Democratic Party of Georgia, Inc. v. Perdue*, 288 Ga. 720 (2011).

18. Georgia's absentee voting is governed by Ga. Code § 21-2-380 - §21-2-390.

AMERICAN OVERSIGHT

19. Ga. Code § 21-2-381 governs how Georgia electors may obtain an absentee ballot.

D. Georgia's procedures for identification apply to all absentee voters.

20. With respect to all absentee voters, Ga. Code § 21-2-381(b) governs how the clerk is to transmit an absentee ballot to the absentee elector after the clerk approves the absentee voter application.

21. Under Ga. Code § 21-2-384(b), if the clerk approves absentee ballot application, the clerk will then mail to the absentee voter an envelope containing (i) the absentee ballot and (ii) a return envelope into which the absentee voter is to place the absentee ballot.

22. On the back of the absentee envelope, Ga. Code § 21-2-384(b), requires that the clerk send the absentee voter an envelope containing (i) an envelope with only the words "Official Absentee Ballot" on one side and (ii) an envelope which the absentee voter must use to return the absentee ballot back to the clerk. On one side of the envelope is the oath for electors and the oath for the person assisting the elector, and the statutory penalties for violation of the oaths. On the other side the name and address of the board of registrars or absentee ballot clerk, and the elector's name and voter registration number.

23. The absentee voter's certification must be in substantially the following form pursuant to Ga. Code § 21-2-384(c)(1):

> I, the undersigned, do swear (or affirm) that I am a citizen of the United States and of the State of Georgia; that I possess the

AMERICAN OVERSIGHT

qualifications of an elector required by the laws of the State of Georgia; that I am entitled to vote in the precinct containing my residence in the primary or election in which this ballot is to be cast; that I am eligible to vote by absentee ballot; that I have not marked or mailed any other absentee ballot, nor will I mark or mail another absentee ballot for voting in such primary or election; nor shall I vote therein in person; and that I have read and understand the instructions accompanying this ballot; and that I have carefully complied with such instructions in completing this ballot. I understand that the offer or acceptance of money or any other object of value to vote for any particular candidate, list of candidates, issue, or list of issues included in this election constitutes an act of voter fraud and is a felony under Georgia law.

Signature or Mark of Elector
Printed Name of Elector

24. Pursuant to Ga. Code § 21-2-386, "Upon receipt of each ballot, a registrar or clerk shall write the day and hour of the receipt of the ballot on its envelope. The registrar or clerk shall then compare the identifying information on the oath with the information on file in his or her office, shall compare the signature or mark on the oath with the signature or mark on the absentee elector's voter registration card or the most recent update to such absentee elector's voter registration card and application for absentee ballot or a facsimile of said signature or mark taken from said card or application, and shall, if the information and signature appear to be valid and other identifying information appears to be correct, so certify by signing or initialing his or her name below the voter's oath. Each elector's name so certified shall be listed by the registrar or clerk on the numbered list of absentee voters prepared for his or her precinct."

25. Under Ga. Code § 21-2-386(a)(1)(C), the Georgia General

AMERICAN OVERSIGHT

Assembly also established a clear and efficient process to be used by county officials if they determine that an elector had failed to sign the oath on the outside envelope enclosing the ballot or that the signature does not conform with the signature on file in the registrar's or clerk's office. When dealing with defective absentee ballots:

> If the elector has failed to sign the oath, or if the signature does not appear to be valid, or if the elector has failed to furnish required information or information so furnished does not conform with that on file in the registrar's or clerk's office, or if the elector is otherwise found disqualified to vote, the registrar or clerk shall write across the face of the envelope "Rejected," giving the reason therefor. The board of registrars or absentee ballot clerk shall promptly notify the elector of such rejection, a copy of which notification shall be retained in the files of the board of registrars or absentee ballot clerk for at least two years.

II. Georgia's election officials violated state law under Ga. Code § 21-2-522.

A. Mark Zuckerberg, through a non-profit, gave Fulton County $6.3 million USD to conduct the federal election as Zuckerberg's non-profit entity requires.

26. Fulton County entered into an agreement with a non-profit organization, CTCL, an organization created in 2012 and funded with $350 million USD by Facebook billionaire Mark Zuckerberg, a well-known activist and partisan, to take millions of dollars from CTCL to conduct the November 3, 2020 election in violation of Georgia law.

27. Moreover, specifically with respect to elections, only the Georgia Secretary of State can take in monies from sources other than taxation and that is limited to applying for a federal grant under Georgia's Election Plan created under

AMERICAN OVERSIGHT

the Help America Vote Act ("HAVA"). Ga. Code § 21-2-50.2 provides that only the Georgia Secretary of State can seek funds from the federal government under HAVA.

28. Georgia adopted a plan in 2003 pursuant to the federally enacted Help America Vote Act ("HAVA"). Pursuant to Section 3 of the HAVA plan, each election commission was "required to conduct regular training and administer examinations to ensure that individuals who are certified are knowledgeable concerning their authority and responsibilities." Using HAVA volunteers is a violation of Georgia's HAVA plan.

29. In September 2020, Fulton County entered into agreement with CTCL to take "as a gift" $6.3 million USD from CTCL ("CTCL Agreement").

30. Pursuant to the terms of the CTCL Agreement, Fulton County would be required to remit back to CTCL the entire $6.3 million USD "gift" if CTCL in its sole discretion determines that the cities have not complied with the CTCL Agreement. The CTCL Agreement provide that the purpose of the funds was to be used exclusively for the public purpose of planning safe and secure election administration in Fulton County. Thus, pursuant to the CTCL Agreement, CTCL could direct the election officials to conduct the election in ways CTCL wanted and, if the Fulton County election officials did not comply, CTCL could force Fulton County to refund the $6,300,000.

31. On September 2, 2020, the Fulton County Board of Commissioners

AMERICAN OVERSIGHT

approved acceptance of the grant from the CTCL at the recommendation from the Fulton County Registration and Elections Division. Among other things, Fulton County agreed with CTCL to use the monies to:

- Hire additional personnel for elections;
- Increase existing salaries for staff;
- Encourage and Increase Absentee Voting (By Mail and Early, In-Person);
- Provide assistance to help voters comply with absentee ballot requests & certification requirements;
- Utilize secure drop-boxes to facilitate return of absentee ballots
- Deploy additional staff and/or technology improvements to expedite & improve accuracy of absentee ballot processing;
- Expand In-Person Early Voting (Including Curbside Voting); and
- Commit "to conducting the necessary voter outreach and education to promote absentee voting and encourage higher percentages of our electors to vote absentee.

Harding Decl., Exs. A, B, C.

32. The Cities and CTCL knew in 2020 that Democrat voters would be voting primarily by absentee vote which is why the Cities and CTCL aggressively "promoted," "encouraged" and overzealously solicited" voters to vote absentee—including eliminating absentee ballot security requirements.

B. The Center for Tech and Civic Life created a disparate impact in the treatment of voters in Georgia through their grants to local municipalities.

33. CTCL provided a $6.3 million grant for election administration to

AMERICAN OVERSIGHT

Fulton County Georgia. See attached Harding Decl., Ex. F.

34. CTCL provided grants to at least a dozen generally democratic Georgia counties to develop their election administration.

35. This meant that counties that were unaware of these grants were unable to access the funds and were unable to provide similar access and technology to their electors for the 2020 federal general election.

36. CTCL put out a statement regarding the ways they intended grant recipients to improve their voting access compared to other localities. These actions were under 4 broad categories.

a. Making Voting Safe
    i. Designated Polling Locations for Voters with COVID-19
    ii. Partnering with Sports Arenas
    iii. Controlling Long Lines
    iv. Hand Delivering Ballots
    v. Reaching Voters in Nursing Homes
    vi. Promoting Curbside Voting
    vii. Expanding Vote-By-Mail Options
b. Engaging Historically Disenfranchised Populations
    i. Registering Voters Serving Out Felony Sentences
    ii. Offering In-Person Voting for Incarcerated Individuals
    iii. Educating Ex-Felons and Incarcerated Individuals

AMERICAN OVERSIGHT

iv. Supporting Voters who Speak English as a Second Language

v. Offering Late-Night Voting Options

vi. Educating Native Americans

c. Supporting Voters with Disabilities

i. Expanding American Sign Language Resources

ii. Offering Private and Independent Voting Options

iii. Developing Online Voting Portals

iv. Partnering with Disability Rights Groups

d. Improving Access for Displaced Voters

i. Providing Critical Information on Election Websites

ii. Implementing Mobile Voter Sites

iii. Supporting People Experiencing Homelessness

Harding Decl, Ex. D.

37. CTCL only made this money and services available to certain counties. Moreover, CTCL only increases access to these options if the local municipality agrees to run the election according to CTCL preferences.

38. Consequently, numerous electors in the State of Georgia were not able to benefit from CTCL's private federal election grants making it easier to vote in-person and absentee.

C. CTCL Funding assisted in a disparity in ballot and drop box access between Democratic and Republican trending areas of Georgia.

39. Georgia is comprised of 159 counties. In 2016, Hillary Clinton

AMERICAN OVERSIGHT

garnered 1,877,963 votes in the state of Georgia.[1] Clinton won four counties in major population centers, Fulton (297,051), Cobb (160,121), Gwinnett (166,153), and Dekalb Counties (251,370).[2] These four counties represented 874,695 votes for Hillary Clinton.[3]

40. Georgia has 300 total drop boxes for electors to submit absentee ballots.[4]

41. In 2020, Georgia counties utilized CTCL funding to install additional drop boxes in areas that would make it easier for voters to cast their absentee ballot. The four counties won by the Clinton campaign contain a plurality of the drop boxes.

42. Fulton County was home to 39 drop boxes[5], Cobb County provided 16 drop boxes,[6] 23 drop boxes in Gwinnett County[7], and Dekalb County has 34 boxes.[8]

43. These four localities account for 112 drop boxes, spread out over 1,587

D. Georgia's Settlement Agreement regarding absentee ballots security measures violated the Georgia Constitution and Statutes.

44. Notwithstanding the clarity of the applicable statutes and the constitutional authority for the Georgia General Assembly actions, on March 6, 2020, the Secretary of State of the State of Georgia, Secretary Raffensperger, and the State Election Board, who administer the state elections (the "Administrators") entered into a "Compromise and Settlement Agreement and Release" (the "Settlement Agreement") with the Democratic Party of Georgia, Inc., the Democrat Senatorial Campaign Committee, and the Democratic Congressional Campaign Committee (collectively, the "Democrat Party Agencies"), setting forth different standards to be followed by the clerks and registrars in processing absentee ballots in the State of Georgia.[10] Harding Decl., Ex. E.

45. The Georgia election officials' Settlement Agreement violated the Elections Clause of the Constitution, Art. 1 Sec. 4, cl. 1, Georgia Constitution and

AMERICAN OVERSIGHT

statutes. *Carson v. Simon*, 978 F.3d 1071 (C.A. 8, 2020).

46. The Settlement Agreement sets forth different legal standards to be followed by the clerks and registrars in processing absentee ballots in the State of Georgia than those constitutionally and statutorily required.

47. Although the State Election Board is authorized to promulgate rules and regulations that are "conducive to the fair, legal, and orderly conduct of primaries and elections," all such rules and regulations must be "consistent with law." Ga. Code § 21-2-31(2).

48. Under the Settlement Agreement, however, the State Election Board and Secretary of State agreed to change the statutorily-prescribed manner of handling absentee ballots in a manner that was not consistent with the laws promulgated by the Georgia General Assembly for elections in this state.

49. The Settlement Agreement provides that the Secretary of State would issue an "Official Election Bulletin" to County Administrators overriding the statutory procedures prescribed for those officials. That power, however, does not belong to the Secretary of State under the Georgia Constitution and U. S. Constitution.

50. The Settlement Agreement procedure, set forth in pertinent part below, is more cumbersome, and makes it much more difficult to follow the statute with respect to defective absentee ballots.

51. Because of the COVID-19 pandemic and the pressures created by a

AMERICAN OVERSIGHT

larger number of absentee ballots, county officials were under great pressure to handle an historical level of absentee voting.

52. Additionally, the county officials were required to certify the speed with which they were handling absentee ballots on a daily basis, with the goal of processing absentee ballots faster than they had been processed in the past.

53. Under the Settlement Agreement, the following language added to the pressures and complexity of processing defective absentee ballots, making it less likely that they would be identified or, if identified, processed for rejection:

> County registrars and absentee ballot clerks are required, upon receipt of each mail-in absentee ballot, to compare the signature or mark of the elector on the mail-in absentee ballot envelope with the signatures or marks in eNet and on the application for the mail-in absentee ballot. If the signature does not appear to be valid, registrars and clerks are required to follow the procedure set forth in O.C.G.A. § 21-2-386(a)(I)(C). When reviewing an elector's signature on the mail-in absentee ballot envelope, the registrar or clerk must compare the signature on the mail-in absentee ballot envelope to each signature contained in such elector's voter registration record in eNet and the elector's signature on the application for the mail-in absentee ballot.
>
> **If the registrar or absentee ballot clerk determines that the voter's signature on the mail-in absentee ballot envelope does not match any of the voter's signatures on file in eNet or on the absentee ballot application, the registrar or absentee ballot clerk must seek review from two other registrars, deputy registrars, or absentee ballot clerks. A mail-in absentee ballot shall not be rejected unless a majority of the registrars, deputy registrars, or absentee ballot clerks reviewing the signature agree that the signature does not match any of the voter's signatures on file in eNet or on the absentee ballot application. If a determination is made that the elector's signature on the mail-in**

AMERICAN OVERSIGHT

> **absentee ballot envelope does not match any of the voter's signatures on me in eNet or on the absentee ballot application, the registrar or absentee ballot clerk shall write the names of the three elections officials who conducted the signature review across the face of the absentee ballot envelope, which shall be in addition to writing "Rejected" and the reason for the rejection as required under O.C.G.A. § 21-2-386(a)(J)(C).** Then, the registrar or absentee ballot clerk shall commence the notification procedure set forth in O.C.G.A. § 21-2-386(a)(1)(C) and State Election Board Rule 183-1-14-13. [Emphasis added].

54. The bolded language above is not consistent with the statute adopted by the Georgia General Assembly.

55. First, the Settlement Agreement overrides the clear statutory authorities granted to County Officials individually and forces them to form a committee of three (3) if any one official believes that an absentee ballot is a defective absentee ballot, contrary to state law.

56. Such a procedure creates delay and a cumbersome, unnecessary and expensive bureaucratic protocol to be followed with each questionable absentee ballot signature - and makes it difficult to reject ballots. Ballots that would be rejected by the procedure as laid out in Ga. Code § 21-2-386 will simply be approved by a majority of the review team.

57. Second, the Settlement Agreement allows a county official to compare signatures in ways not permitted by the statutory structure created by the Georgia General Assembly.

58. The Georgia General Assembly prescribed procedures to ensure

AMERICAN OVERSIGHT

that any request for an absentee ballot must be accompanied by sufficient identification of the elector's identity. *See* Ga. Code § 21-2-381(b)(1) (providing, in pertinent part, "In order to be found eligible to vote an absentee ballot in person at the registrar's office or absentee ballot clerk's office, such person shall show one of the forms of identification listed in Code Section 21-2-417 ... ").

59. Under Ga. Code § 21-2-220(c), the elector must present identification, but need not submit identification if the electors submit with their application information such that the county officials are able to match the elector's information with the state database, generally referred to as the eNet system.

60. The system for identifying absentee ballots was carefully constructed by the Georgia General Assembly to ensure that electors were identified by acceptable identification (Ga. Code § 21-2-417 even permits the use of an expired driver's license), but at some point in the process, the Georgia General Assembly mandated the system whereby the elector be identified for each absentee ballot.

61. Under the Settlement Agreement, any determination of a signature mismatch would lead to the cumbersome process described in the settlement, which was not intended by the Georgia General Assembly, which authorized those decisions to be made by single election officials.

AMERICAN OVERSIGHT

E. Georgia's election officials did not enforce state law residency requirements on voters who changed addresses before the November 3, 2020 election.

62. Georgia law requires that its election officials enforce residency requirements on voters. Ga. Code § 21-2-218.

63. Georgia election officials had residency information to verify that an actual person was voting according to their residence. Ga. Code § 21-2-211.

64. Georgia election officials violated Georgia law in not applying this change of address information to enforce residency requirements on voters who changed residency before the November 3, 2020 election. Ga. Code § 21-2-211.

F. Georgia's election officials did not enforce state law against double voting.

65. Georgia law requires that its election officials enforce the prohibition on one person voting more than once. Ga. Code § 21-2-572.

66. Georgia election officials have access to information to prevent double voting. Ga. Code § 21-2-211.

67. Georgia election officials violated Georgia law in not applying this information to enforce Georgia's prohibition on double voting before the November 3, 2020 election.

III. The government's data confirms the illegal votes counted and legal votes not counted are over 200,000—exceeding the 12,670 margin in the Presidential contest.

68. The people of Georgia had complaints about election officials' activities regarding the November 3 election. Harding Decl., Ex. G.

69. The Georgia government's data was reviewed and presented by data analyst Matthew Braynard in an accompanying report. Braynard Decl.

70. Dr. Qianying (Jennie) Zhang also provided an accompanying report based on statistical extrapolation from the data analysis of Matthew Braynard.

71. Additionally, as to absentee voters, according to polling by John McLaughlin, Biden voters were significantly more likely (approximately 62%) to vote absentee than other candidates. McLaughlin Decl.

72. Based on the government's data and analysis, it is estimated that 20,431 is the minimum number of absentee ballots requested which were not requested by the person identified in Georgia's database. Braynard Decl.; Zhang Decl.

73. Based on the government's data and analysis, it is estimated that 43,688 is the minimum number of absentee ballots that the requester returned but were not counted. Braynard Decl.; Zhang Decl.

74. Based on the government's data, it is estimated that 138,221 electors voted were they did not reside. Braynard Decl.

75. Based on the government's data, it is estimated that 20,312 out-of-state residents voted in Georgia. Braynard Decl.

76. Based on the government's data, it is estimated that there were 395 double votes in Georgia. Braynard Decl.

77. In summary, based on the government's data, it is estimated that there were 204,143 illegal votes counted and legal votes not counted—exceeding the Presidential contest margin of 12,670 votes in Georgia. Braynard Decl.; Zhang Decl.

IV. The administration of Georgia's election violated state and federal law.

78. Georgia election officials' material violations of Georgia election law placed the results of a close Presidential election in Georgia in doubt and are null and void, as a matter of law. Ga. Code § 21-2-527.

79. Georgia election officials' material violations of Georgia election law violated the voters due process rights under the state constitution and constituted and placed the results of a close Presidential election in Georgia in doubt and are null and void, as a matter of law. Ga. Code § 21-2-527.

80. Georgia election officials' material violations of Georgia election law violated the voters equal protection rights under the state constitution and placed the results of a close Presidential election in Georgia in doubt and are null and void, as a matter of law. Ga. Code § 21-2-527.

81. Georgia election officials violated the Elections Clause and Electors Clause of the United States Constitution and placed the results of a close Presidential election in Georgia in doubt and are null and void, as a matter of law. U.S. Constitution Art. 1 Sec. 4 cl. 1 and Georgia Code § 21-2-527.

82. Since the election result is legally null and void, the State of Georgia

183-1-14-0.8-.14 Secure Absentee Ballot Drop Boxes

RULE 183-1-14-0.8-.14 Secure Absentee Ballot Drop Boxes

(1) County registrars are authorized to establish one or more drop box locations as a means for absentee by mail electors to deliver their ballots to the county registrars. Placing a voted absentee ballot into the drop box shall be deemed delivery pursuant to O.C.G.A. § 21-2-385 and is subject to the limitations on who may deliver a ballot on behalf of an elector.

(2) A drop box shall only be located on county or municipal government property generally accessible to the public.

(3) Drop box locations may open beginning 49 days before Election Day and shall close at 7:00 p.m. on Election Day. On Election Day, every drop box shall be closed and ballots collected at 7:00 p.m. Prior to opening a drop box for a new election, the registrar shall ensure that the drop box is empty. Any person acting on behalf of the registrar who opens a drop box prior to an election must have sworn an oath in the same form as the oath for poll officers set forth in O.C.G.A. § 21-2-95 prior to opening the drop box and shall sign a form indicating that the drop box was empty and secure at the time of opening. Counties shall provide notice of the location of each drop box by posting such information on the home page of the county election website no later than the day the drop boxes are placed in a location.

(4) Drop box locations must have adequate lighting and use a video recording device to monitor each drop box location. The video recording device must either continuously record the drop box location or use motion detection that records one frame, or more, per minute until detection of motion triggers continuous recording.

(5) Video recordings of the drop box locations must be retained by the county registrars for 30 days after the final certification of the election, or until conclusion of any contest involving an election on the ballot in the county jurisdiction, whichever is later, and shall be made available to Secretary of State investigators upon request or to the public, upon request, as soon as possible or at a charge that is not cost prohibitive to the public, if there is a charge.

AMERICAN OVERSIGHT

(6) A drop box shall be constructed of durable material able to withstand vandalism and inclement weather. The opening slot of a drop box shall not allow ballots to be tampered with or removed and shall be designed to minimize the ability for liquid to be poured into the drop box or rain water to seep in.

(7) A drop box shall be securely fastened to the ground or an immovable fixture.

(8) If the drop box utilizes a drop-slot into a building, the ballots must drop into a locked container, and both the drop-slot and the container must be monitored by video recording devices.

(9) A drop box shall be clearly labeled "OFFICIAL ABSENTEE BALLOT DROP BOX". Each drop box location shall clearly display signage developed by the Secretary of State regarding Georgia law related to absentee ballot harvesting and destroying, defacing, or delaying delivery of ballots.

(10) Prior to the second Monday before Election Day, the county registrars must arrange for collection of the ballots from each drop box at least once every 72 hours. Beginning on the second Monday before Election Day and up until 7:00 p.m. on Election Day, the county registrars must arrange for collection of the ballots from each drop box location at least once every 24 hours. On Election Day, every drop box shall be closed and ballots collected at 7:00 p.m. Collection of ballots from a drop box must be made by a team of at least two people. Any person collecting ballots from a drop box must have sworn an oath in the same form as the oath for poll officers set forth in O.C.G.A. § 21-2-95. The collection team shall complete and sign a ballot transfer form upon removing the ballots from the drop box, which shall include the date, time, location and number of ballots. After emptying the drop box on 7:00 p.m. on Election Day, the collection team shall close the drop box and indicate on the ballot transfer form that the drop box was emptied and closed. The ballots from the drop box shall be immediately transported to the county registrar and processed and stored in the same manner as absentee ballots returned by mail are processed and stored. The county registrar or a designee thereof shall sign the ballot transfer form upon receipt of the ballots from the collection team.

BUTTS COUNTY
BOARD OF ELECTIONS & REGISTRATION

625 WEST THIRD STREET, SUITE 5
JACKSON, GA 30233
Tel: 770.775-8202
FAX: 770.775.2765

December 9, 2020

Axiver,

The absentee ballot drop box for Butts County is closed temporarily effective today, December 9, 2020. The drop box is being moved to a new location in the new annex and the plan is for the drop box to become usable again by Monday, December 14, 2020. When our former location was demolished, the construction crew ripped the wires to the cameras and the drop box has been unmonitored for approximately 15 days. We were unaware that the camera system has not been recording.

Signs have been posted informing the public and a notice will be placed on the county's website.

Attn: Custodian of Records

Re: Request Pursuant to Georgia Open Records Act, O.C.G.A. § 50-18-70 *et seq.*

To Whom It May Concern:

Pursuant to the Georgia Open Records Act, O.C.G.A. § 50-18-70 *et seq.*, on behalf of myself and the Democratic Party of Georgia, I request the following information, documents, and data in connection with the November 3, 2020 election:

1. Copies of any and all records regarding or relating to each voter who voted a provisional ballot, including but not limited to:

   a) Full Name
   b) The reason the provisional ballot was issued
   c) State or county voter ID numbers, as applicable
   d) Date of birth
   e) Residential address (including street address, city, and zip code)
   f) Phone number

I request that you produce all of the above records immediately. If you cannot produce the records immediately, I request that you make them available for inspection by an elector of your county at your office today, Wednesday, November 4, Pursuant to O.C.G.A. § 21-2-72. A representative will be sent to your office to inspect these records today.

We will accept copies produced on paper or in electronic format (*e.g.*, .txt, .csv, .xls). If documents, information, or data can be emailed, please email them to **ORR@georgiademocrat.org.** If the requested records are too voluminous to transmit by email but can be copied onto an electronic storage medium, please tell me immediately and I will provide you with blank storage media suitable for copying. If documents, information, or data cannot be emailed, please let me know either via email and I will send someone to your office to pick them up. Please provide me with documents in response to each request as soon as they are ready without waiting to complete your response to other requests.

This request does not seek any personal information not included in the publicly-disclosed state registration records. If you intend to deny this request in whole or part, please advise me in writing of the particular statutory exemption upon which you are relying or other basis for your denial, as required by O.C.G.A. § 50-18-71 and -72. Please produce all records you can provide, even if you conclude that you are unable to comply with certain parts of the request, as required by O.C.G.A. § 50-18-71.

AMERICAN OVERSIGHT

I request that you begin producing these records or making them available for inspection before receipt of payment.

If you have any questions or concerns, please do not hesitate to email me at **ORR@georgiademocrat.org**.

Sincerely,

Alice C.C. Huling

SENT VIA EMAIL

Dear Superintendent:

I am writing on behalf of the Donald J. Trump for President, Inc. Campaign.

Pursuant to the Georgia Open Records Act (O.C.G.A. § 50-18-70 et seq.), I am requesting the following records and/or information:

1. Total number of ballots cast in the County.
2. Number of ballots referred for adjudication to Vote Review Panels in the County.
3. Serial Numbers for ballots referred for adjudication to the Vote Review Panels in the County.
4. Number of ballots adjudicated by the Vote Review Panels in the County.
5. Final disposition in the Presidential race for ballots adjudicated by the Vote Review Panels (i.e., distribution of votes in the Presidential race where voter intent could be determined by the Vote Review Panel - only among ballots reviewed).
6. Number of ballots determined to be overvotes in the Presidential race following review by Vote Review Panels (i.e., number of ballots where voter intent could not be determined).
7. Names of Members of Vote Review Panels in your County.
8. All Public Notices for every Vote Review Panel Meetings.
9. Recordings of any and all video surveillance of any and all drop boxes in the county beginning Friday, October 30, 2020 through Friday, November 6, 2020.
10. Procedure manual and/or the process for the removal and chain of custody of the follow items:
    a. Drop boxes
    b. Tabulator machines
    c. Ballots

The above requests are for information available as of the date of this correspondence or, if possible, the preparation of the response. We understand that counting may be ongoing in several counties, and as a result final counts may not be available at this time. Since time is of the essence, we emphasize that it is essential to receive your response within the three-day time period required in the statute. O.C.G.A. § 50-18-71.

Please do not hesitate to contact me in case of any questions or concerns. I may be reached at the contact information in the letterhead above.

Thank you for your prompt attention to this matter.

Best,

General Information:
A post-election poll of Georgia voters was conducted November 9-20, 2020 and included a total of 1,376 respondents. Registered voters in the state were asked if they had voted in the 2020 general and, if so, how they cast a ballot: absentee by mail; early in-person; or in-person on election-day. The reported vote method (weighted) comports with the actual distribution:

Vote Method	Actual	Survey
Absentee by Mail	26%	26%
Early In-Person	54%	54%
In-Person on Election-Day	20%	20%

The survey was administered by the School of Public and International Affairs Survey Research Center at the University of Georgia. Interviews were conducted in English. A dual-frame statewide random sample consisting of approximately 70% cell phone numbers and 30% landline numbers was obtained through L2 (L2 is a sampling vendor that maintains a database constructed from state voter registration lists. Through commercial sources, phone numbers have been appended to the individual records (registrants) that make up these lists).

The survey results were weighted using iterative proportional raking in order to ensure the sample was representative of the 2020 general electorate in terms of race, sex, age, and education. The calculated margin of error for the total sample is +/-2.6 points at the 95% confidence level. This would mean that if 50% of respondents indicate a topline view on an issue, we can be 95% confident that the population's view on that issue is somewhere between 52.6% and 47.4%. The margin of error including design effects is +/-3.9 points at the 95% confidence level.[1]

Exh. 28 – Affidavit of Mitchell Harrison

AMERICAN OVERSIGHT

CB Document 1-28 Filed

AFFIDAVIT

STATE OF GEORGIA

COUNTY OF CHEROKEE

Personally appeared before the undersigned attesting officer, duly authorized to administer oaths in said State and County, Mitchell Harrison, who after being duly sworn, deposes and says upon oath:

1. My name is Mitchell Harrison, and I am a resident of Cherokee County Georgia. I am a college student, but also work for the Georgia Republican party as a Field Organizer. I am over the age of 18 and make these statements based on my personal knowledge of the facts, matters and events described herein.

2. As part of my assignment with the Georgia Republican party, I was to monitor ballot counting and processing in Fulton County. On the evening of election night, November 3, 2020 I reported to the Fulton elections office located at 1365 English Street in Atlanta. There I met with Brandon Moye, the Regional Field Director. Brandon assigned Michelle Branton and I to go observe the counting of absentee and military ballots at the State Farm arena location in downtown Atlanta. I understood that Michelle and I were to be involved in closely monitoring the ballot counting process.

3. After arrival at State Farm Arena, Michelle and I were taken to an observation area located on Level 5. Besides Michelle and myself, there was also a news crew from Fox News and I believe 11 Alive. For Fox News this included their broadcaster, photographer, and producer. The observation area itself was roped off, leaving us very far away from the ballot counting activity we were assigned to monitor. Also, there were certain areas of the large counting room that we could not see at all due to angles, doors, and walls. We were specifically instructed by Fulton officials that we could not leave that area to observe from any other location or vantage point.

4. The room where the ballot processing took place is a very large room and there were at least 25 employees working there. I am not sure of the exact number. Michelle and I noted that Ruby [illegible] was in the counting room and stayed there

20-2913-000391

AMERICAN OVERSIGHT

CB Document 1-28 Filed

for much of the night. Also, we saw Cam, another Fulton Commission member who was in the counting room area, and he actually spoke with us briefly.

5. It was frustrating during the time Michelle and I were there because we were kept so isolated from where the ballot processing and counting activity was actually taking place. The location and layout of the observation area, ironically, made it difficult to observe much that was going on in the ballot counting area.

6. For example, the machine that copied the UOCAVA electronically received ballots (sometimes called military ballots) onto paper copies could only be viewed from the side and the doors to that area were positioned in a way that prevented us from any viewing of this process. Additionally, the scanners that scanned the absentee ballots were not visible to us at all.

7. The only way we knew that the scanners were located across this large room and was that Regina Waller, Public Affairs Manager for Elections spoke to us at one point and she described the process to Michelle and to me. There were several different news crews that came and went that evening from this same observation area.

8. Sometime after 10 o'clock p.m., the counting activity slowed. Shortly afterward, a younger lady with long braided but blond hair yelled out to all of them they should stop working and come back tomorrow (the next day, Wednesday November 4th) at 8:30 A.M.. Thereafter, all but 4 election employees left State Farm, leaving just the blond haired lady (who Michelle and I assumed was the supervisor), two older ladies and Regina Waller at the location. This lady had appeared through the night and Michelle and I believed her to be the supervisor.

9. Another task we had been given by Brandon was to inquire how many ballots had been processed and how many were still left to go. We posed these questions to Regina Waller, the Public Affairs Manager for Elections. She seemed uncomfortable at times answering us, and she called someone which we interpreted as asking for help on how to respond to us. Ultimately, she refused to answer our questions and told us we had to "look it up on the website". In all, we asked Regina Waller for this information at least three separate times and she would not give us an answer.

10. After concluding that Regina Waller would not give us this information on the number of ballots processed, we along with the Fox News crew left the

State Farm Arena shortly after 10:30 p.m. When we left, Regina, the "supervisor" and only two other people remained in the area of the scanners.

11. We were then told to return to the Fulton County Board of Elections Warehouse on English Street. Shortly after we arrived at the Warehouse Facility, Regina Waller entered the facility within 15-20 minutes of when we arrived. The English Street facility is a huge warehouse storing election machines, scanners and other election equipment.

12. Sometime thereafter while still at English Street, we heard from news crews that ballot counting was still going on at State Farm Arena, even though we were told it had ceased for the night and would not resume until Wednesday morning. So, Brandon Moye asked Trevin McKay and I to go back to State Farm arena. This was just before 1:00 A.M. on Wednesday morning.

13. When Trevin McKay and I arrived at State Farm, we were told that counting had been going on, but had just ended in the last few minutes. We asked the security representative to take us to the ballot counting area, initially he was hesitant and called his supervisor for instruction. That second person arrived and he agreed to take us in. He told us his name was Phillip. When we arrived at the same observation area, there was no one counting ballots. Again we were told that those counting the ballots had "just finished" and that there had been about 5 people there. Trevin and I thought that was odd because at 10:30 P.M., Regina Waller and the supervisor lady had said they were done counting for the night, and would not resume until 9:30 A.M. the next morning.

STATE OF GEORGIA

COUNTY OF COBB

Personally appeared before the undersigned attesting officer, duly authorized to administer oaths in said State and County, Michelle Branton, who after being duly sworn, deposes and says upon oath:

1. My name is Michelle Branton, and I am a resident of Cobb County Georgia. I am employed by Georgia Republican party as a Field Organizer. I am over the age of 18 and make these statements based on my personal knowledge of the facts, matters and events described herein.

2. As I stated, I am employed by the Georgia Republican Party and so for the November 3, 2020 General Election, I was to be involved in monitoring the ballot counting process. On the night of the November 3rd election, I was assigned by Regional Field Director Brandon Moye to be a Poll Watcher and to report to the Fulton County Board of Elections Warehouse, located at 1365 English Street NW, Atlanta, Georgia, at 6:30 p.m..

3. After arrival, I was then reassigned to the State Farm Arena in downtown Atlanta to watch the processing of Absentee Ballots and arrived at around 8:15 p.m. At State Farm arena, I joined Mitchell Harrison, Field Organizer for the GAGOP. Mitchell and I entered the State Farm Arena at the same time as the news crew from Fox News which included their broadcaster, photographer, and producer.

4. Upon arrival in the processing room located on Level S of State Farm Arena, we were supposed to watch the processing of the Absentee Ballots from the observation area which was delineated by a fenced area of roping secured by posts. This observation area we were put in was very distant from the staff actually processing the ballots. The room where the ballot processing took place is a very large room, and this distance effectively prevented our actual observation of the process. In addition, other areas of this -- again very large -- room were not visible at all from our observation area.

5. For example, the machine that copied the UOCAVA electronically received ballots (sometimes called military ballots) onto a paper copy of same could only be viewed from the side and the

doors to that area were positioned in a way that prevented us from any viewing of this process. Additionally, the scanners that scanned the absentee ballots were not visible to us at all.

6. The only way we knew that the scanners were located across this large room and was that Regina Waller, Public Affairs Manager for Elections was onsite and she described the process to Mitchell and me. There were several different news crews that came and went that evening from this same observation area. The Chairman of the Fulton County Commission, Robb Pitts, was there most of the night along with his personal assistant, another lady, and his security guard. At the time, I thought it was unusual that the Commission Chairman would be personally involved in the processing of ballots. Chairman Pitts left before the processing stopped later that evening. Additionally, Joe Carn, another Fulton County Commissioner was also onsite. Mr. Carn stayed until right before the processing stopped and spoke with Mitchell and me. Regina Waller, Public Affairs Manager for Elections for Fulton County was also onsite for the entire time and was still onsite when we departed.

7. As the night progressed, most of the staff processing the removal of the inner envelopes and ballots from the outer envelope of the Absentee Ballots stopped working; however, there was one employee that continued working when the others had stopped. That last employee to finish was a younger woman. After that last employee completed her stack at approximately 10:30 p.m., a woman across the room where the scanners were allegedly located yelled to everyone to stop working and to return the next day at 8:30 a.m. This lady had appeared through the night and Mitchell and I believed her to be the supervisor. The supervisor was an approximately 35-35 year old female, with hair that was blonde and braided which came at least to the middle of her back in length.

8. After the "supervisor" gave her instruction, nearly all of the staff workers left, except the supervisor described above, another much older lady that had a shirt on that said "Ruby" on it, and one other lady that I cannot recall her appearance, and Regina Waller, the Public Affairs Manager for Elections. so, at the time that work stopped at about 10:30 I recall those four employees remaining.

9. At this same time,, we along with the Fox News crew were the only other persons as I recall left in the room. We had been instructed by Brandon Moye to obtain the number of ballots processed and the number that were still remaining to be processed We attempted to obtain

AMERICAN OVERSIGHT

this information three separate times from Regina Waller and she would not give an answer and she also appeared to be calling someone asking them for advice on how to respond to our request. Afterwards, Regina Waller would only say "it could be obtained on the website".

10. After concluding that Regina Waller would not give us this information on the number processed versus the ones still left to be processed,, we along with the Fox News crew left the State Farm Arena shortly after 10:30 p.m. When we left, Regina, the "supervisor" and only two other people remained in the area of the scanners, the lady with the "Ruby" on her shirt was sanitizing the tables and tablecloths, and the third lady was further across the room and I could not tell what she was doing. Regina Waller was sending an email, as she relayed to us, when we left.

11. We were then told to return to the Fulton County Board of Elections Warehouse on English Avenue. Shortly after we arrived at the Warehouse Facility, Regina Waller entered the facility within 15-20 minutes of when we arrived. The English Avenue facility is a huge warehouse storing election machines, scanners and other election equipment.

12. Sometime thereafter while still at English Avenue, Mitchell Harrison and Brandon Moye advised they heard counting was still going on at State Farm Arena and Mitchell Harrison and Trevin McKoy, field organizers, were sent to confirm the ballots were again being counted at the State Farm Arena. I did not go with them on the return to State Farm.

SENT VIA EMAIL:

Secretary of State Brad Raffensperger
Chairperson of the State Election Board
Mrs. Rebecca N. Sullivan
Vice-Chairperson of the State Election Board

Dear Secretary Raffensperger and Mrs. Sullivan,

As I am sure you have seen over the past month, many Georgians, including my colleagues who have signed this correspondence, have serious concerns about Georgia's elections. As we approach a critical election on January 5, 2021, it is clear that Georgia voters must have confidence in the election process going forward. To that end, below you will find two common-sense suggestions: a rule that should be promulgated by the State Election Board (the "SEB") and additional resources of which the Office of the Secretary of State (the "SOS") or the SEB could take advantage.

I. Absentee Ballot Application and Mail-In Absentee Ballot Signature Review Process. As the process currently stands, when a voter wishes to vote early by mail, they submit an Absentee Ballot Application ("Application") either through the mail or online. When a local Board of Registrars (the "BOR") receives a paper Application, typically, a single employee of the BOR is responsible for the initial review of a signature on a paper Application. If that paper Application is accepted, the BOR mails an Absentee Ballot to the voter. The process for reviewing signatures on the external envelope of a returned Absentee Ballot is the same – a single employee of the BOR is allowed to "approve" a signature without oversight by other employees or independent observers. Additional BOR staff members are only involved in reviewing signatures when the initial reviewer seeks to reject the ballot. Even with the massive increase in Absentee Ballot participation this year, in many counties, a single solitary person is responsible for accepting voter signatures on Applications and Absentee Ballots themselves. This fact is alarming to me, my colleagues who have co-signed this correspondence, and Georgians across the state.

To increase confidence in our election process, it is imperative that signatures be appropriately scrutinized and that the signature review process is above reproach. With that goal in mind, I propose the SEB promulgate a rule requiring that the signature review process on Absentee Ballot applications and Absentee Ballots include an independent observer from each political party represented in the races on the reviewed ballots. (In Georgia, this would typically be a Republican and a Democratic observer, but it may also include a Libertarian (or another third party) observer where the race warrants

AMERICAN OVERSIGHT

it.) These independent observers would be entitled to physically review the signatures on Applications and Absentee Ballots and, when discrepancies are observed, to ask for additional review of those signatures. Those "flagged" Applications and Absentee Ballots would then go through further scrutiny, which should occur before the Absentee Ballot is removed from its outer envelope. This guidance should also allow these independent observers the opportunity to note Applications or Absentee Ballots that should be challenged.

Additionally, this rule should apply to the review and processing of applications for military and overseas ballots and the ballots themselves, including throughout the period after Election Day when these military and overseas ballots are legally allowed to be received and processed.

II. Utilization of Current State Employees by the SOS. Multiple news outlets reported significant failures in counties across our state before, during, and after Election Day. These counties were rural, suburban, and metro-area and represented all demographics and areas of our state. This is unacceptable.

Due to these failures, I am confident that the SOS wishes to provide more support and oversight to counties. I propose that the SOS contract with other state agencies willing and able to temporarily allow their employees to perform services on behalf of the SOS. Specifically, the SOS should deploy these individuals to observe Election Day activities at the precinct and county level, where additional support may be needed. Alternatively, the SEB may wish to enter into agreements with state agencies to perform similar investigatory activities pursuant to OCGA § 21-2-31(5). The SOS or the SEB should seek out individuals who have investigative backgrounds or experience in administering elections, as they will likely have a skill set that lends itself to this type of work. To the extent that the SOS or the SEB needs additional funds for these temporary services, I am confident that the leadership of the Georgia House of Representatives, many of whom have signed this correspondence, will do everything within our power to ensure that the necessary resources are available.

Thank you for considering these suggestions that I believe would rebuild some of the trust that Georgians may have lost in our election process. If you have any questions or feedback, please do not hesitate to reach out to my office. Thank you for what you do in service to our state.

Honorable Brad Raffensperger
Georgia Secretary of State

Re: Urgent Action Needed to Ensure Safe and Accessible Voting in Georgia's Runoff Elections

Dear Secretary of State Raffensperger:

On behalf of All Voting is Local, Georgia, the NAACP Legal Defense and Educational Fund, Inc., SPLC Action Fund, and the undersigned organizations, we urge you to take the following critical steps to ensure that all voters can safely and securely exercise their right to vote in the January 5th runoff elections: (1) mandate specific weekend early voting dates; (2) address widespread technological and training issues with poll pads; (3) clarify confusing absentee ballot status information on the My Voter Page and BallotTrax websites; and (4) mandate at least one drop box for every 15,000 to 20,000 voters.

Not only will these nonpartisan and commonsense steps help ensure voters are able to safely cast their ballot in the upcoming runoff, they will also instill confidence in both voters and nonpartisan voting rights and civic organizations that rely on your leadership to improve our elections. These actions are especially important now as Georgia's COVID-19 rates are climbing[1] and voters need safe and reliable methods to vote.

1. <u>Mandate Specific Weekend Early Voting Dates.</u>

It is widely expected that voter turnout for the January 5 runoff elections will be extremely high.[2] The early voting period for runs from December 14 through January 1, coinciding with the holiday season. State offices are closed for official holidays on December 25 and January 1, and we anticipate most counties will not offer early voting on those days. We also anticipate some counties may not offer early voting on December 24 or December 31. This expected shortening of the available days for early voting during the holiday season will make it

AMERICAN OVERSIGHT

more difficult for voters to utilize early voting options and is likely to increase the number of voters who will vote in-person on January 5th, leading to long lines and increased risks of COVID-19.

To mitigate the likelihood of long lines on January 5th, counties should be directed to add additional early voting days and hours to account for any reduction due to the conflicts with the holidays. We urge you to mandate that all counties offer early voting for at least two weekend dates during the early voting period. Alternatively, we recommend extending voting hours to make up for lost time. All changes should be mandatory across the state in order to reduce the risk of voter confusion and guarantee that every voter has the same opportunity to cast their ballot regardless of where they live.[3]

2. **Address Widespread Technological and Training Issues with Poll Pads.**

On Election Day, voters encountered widespread problems with poll pads, including poll pads that were slow, non-operational, or that did not arrive on time. Many poll workers were not able to quickly address and resolve these widespread issues. These issues caused voter confusion, longer wait times, and increased strain on poll workers.[4] We urge you to require that counties take the following steps to address these issues for the runoff elections:

- Ensure that poll pads are accurately programmed and any updates to the poll pad software are tested well in advance of use.[5]
- Provide poll workers with more extensive and comprehensive training, so they can better understand how to troubleshoot problems.
- Give poll managers the authority and the corresponding technological permissions to quickly override inaccurate poll pad information (i.e., "already voted").

---

[3] The inconsistency in early voting dates and hours across the state was problematic during the general election. Pursuant to O.C.G.A. 21-2-385(d)(1), early voting should have begun on October 12, 2020. However, forty-nine counties did not report any votes on October 12, presumably because their offices closed for the Columbus Day holiday. Further, on October 29, the final Thursday of early voting, multiple early voting sites were either delayed or closed altogether because of power outages and safety concerns due to tropical storm Zeta. In both instances, the Secretary of State's office failed to direct counties to add additional days or time for voting. As a result, many voters showed up to vote in-person only to be turned away when they discovered that their polling site was closed. *See* Brumback, K. [5] If a software update must be made without sufficient time for advance testing, poll sites should be provided with paper lists of eligible voters.

AMERICAN OVERSIGHT

- Require counties to allocate the number of poll pads in each precinct relative to the number of registered voters in that precinct.

These solutions will alleviate many of the issues both voters and poll workers experience when poll pads malfunction.

3. **Clarify Confusing Absentee Ballot Status Information on the My Voter Page and BallotTrax Websites.**

The Secretary of State's "My Voter Page" and "BallotTrax" websites should be clarified so that voters understand that "receipt" of their absentee ballot does mean that their absentee ballot has been accepted and will be counted. Currently, the "My Voter Page" website marks absentee ballots as "accepted" when they are first received. The website does not disclose that absentee ballots that have been "accepted" may subsequently be rejected after further processing. Similarly, BallotTrax has a status label that marks absentee ballots as "counted," which includes a warning message that voters may not vote again, but fails to notify voters that their absentee ballot could still be rejected.

Voters who use these websites reasonably (but incorrectly) assume that their absentee ballots will not be rejected once they see confirmation that it has been "accepted" or "counted." Accordingly, voters have no reason to continue to monitor the websites to confirm their status. Moreover, due to widely reported USPS delays, voters may not receive timely notice that their ballot was rejected. As a result, many voters will miss important opportunities to cure their rejected absentee ballots within the allotted three-day period because they are simply unaware of the rejection.[6]

We urge you to take the following steps to address these issues for the runoff elections:

- Revise the "My Voter Page" and "BallotTrax" websites to indicate when ballots are "received" by the county election office and provide specific updates to reflect whether the ballot is "counted," "challenged pending further information," or "rejected."

- Post simple definitions for each absentee ballot status so voters understand the differences and whether there is a possibility that their ballot could still be rejected.

- Provide voters with an opportunity to sign up for email or text notifications of any updates to their ballot status.

- Require counties to immediately determine whether a ballot is accepted or rejected at the time it is received by the county election office, and ensure that if a ballot is rejected, it is marked as such immediately and the voter is notified without delay.

---

[6] Tammy Kadish-Harper, a Fulton County voter, had this very experience during the general election. On October 3, she received a "BallotTrax" notification that her ballot was accepted and counted. She continued to check MVP on a regular basis and continued to see the notification that her ballot had been accepted. Ms. Kadish-Harper was therefore shocked to learn on October 27 that her ballot was rejected due to a "signature mismatch."

AMERICAN OVERSIGHT

These simple solutions will minimize voter confusion and are especially important for the upcoming runoff elections considering the large number of voters who are requesting absentee ballots.

4. **Mandate at Least One Drop Box for Every 15,000 to 20,000 Voters.**

We urge you to require all counties to provide at least one drop box for every 15,000 to 20,000 voters. According to the Cybersecurity and Infrastructure Security Agency (CISA) Elections Infrastructure Government Coordinating Council and Sector Coordinating Council's Joint COVID Working Group:

> Setting up ballot drop boxes and educating voters to use them mitigates a number of COVID-19-related risks associated with in-person voting. It also minimizes the number of people that will need to access voting locations, thereby providing more space for those who are engaged in in-person voting.[7]

According to CISA, best practices to determine drop box quantity and locations include: (i) provide one drop box per 15,000 to 20,000 voters; (ii) install drop boxes in communities with historically low vote by mail usage; and (iii) use demographic data analysis to determine the needs of rural voters versus urban voters.

Drop boxes are essential to ensure that voters can safely and effectively vote, especially as COVID-19 rates are expected to continue to rise during the runoff elections period. Although some counties are providing some drop boxes, many counties are still failing to provide this option to voters, or are providing an insufficient number of drop boxes. We therefore urge you to mandate that all counties provide at least one drop box for every 15,000 to 20,000 voters.

* * *

We urge you to take the steps identified above so that voters can effectively, equitably, and safely vote in Georgia's upcoming runoff elections.

Please contact Aklima Khondoker by **December 4, 2020** to inform us of the steps you will take to address the issues raised in this letter. Feel free to contact us should you have any questions.

STATE OF GEORGIA

NICOLE WADE; JONATHAN GRUNBERG;

WADE, GRUNBERG & WILSON, LLC;

Plaintiffs,

v.

L. LIN WOOD and L. LIN WOOD, P.C.,

Defendants.

Civil Action File No: **2020CV339937**

JURY TRIAL DEMANDED

VERIFIED COMPLAINT

COME NOW Nicole Wade, Jonathan Grunberg, Taylor Wilson, and Wade, Grunberg & Wilson, LLC (collectively, "Plaintiffs"), and file this their Verified Complaint against Defendants L. Lin Wood and L. Lin Wood, P.C. (collectively, "Defendants"), showing the Court as follows:

INTRODUCTION

1.

This lawsuit arises out of the breach of a Settlement Agreement and General Release executed by the Parties on March 17, 2020 (the "Settlement Agreement"). A true and correct copy of the Settlement Agreement is attached hereto as *Exhibit A*.[1]

[1] Certain portions of the Settlement Agreement have been redacted for client confidentiality purposes, including the liquidated sum owed to Plaintiffs under the Settlement Agreement. Contemporaneous with serving this Complaint, Plaintiffs are serving discovery upon Defendants and third parties to allow for the disclosure of the liquidated sum. Plaintiffs will promptly amend the Complaint to provide the liquidated sum as soon as permitted.

AMERICAN OVERSIGHT

2.

The parties to the Settlement Agreement are all attorneys who practiced law successfully together in the firm of L. Lin Wood P.C. (hereinafter "LLW PC") for a number of years, working on many cases together, including each of the cases identified in the Settlement Agreement.

3.

In early 2020, due to the erratic, abusive, and unprofessional behavior of Defendant L. Lin Wood (hereinafter "Wood") as described herein, Plaintiffs sought to leave Defendant LLW PC and entered into the Settlement Agreement rather than litigate – and despite – the issues described herein. Indeed, Plaintiffs Wade, Grunberg, and Wilson made significant financial concessions in the Settlement Agreement, despite having no legal obligation to do so, specifically to avoid filing this lawsuit in favor of protecting the privacy of Defendant Wood and various third parties.

4.

Pursuant to the Settlement Agreement, Defendants owe Plaintiffs a liquidated sum arising from the fees for certain cases and eventual resolution of other business disputes as set forth in the Settlement Agreement.

5.

The amount owed to Plaintiffs is owed by Defendants out of fees they have already collected from clients for work performed by Plaintiffs when they were lawyers at LLW PC; thus, enforcement of Defendants' payment obligations under the Settlement Agreement does not require clients to pay fees beyond those paid to Defendants. And, indeed, it does not involve clients at all.

AMERICAN OVERSIGHT

6.

Defendants have failed to honor the terms of the Settlement Agreement and further advised Plaintiffs that they will not make the payment required by the Settlement Agreement.

7.

Defendants' stated position for breaching the Settlement Agreement is that the individual Plaintiffs "were not in Lin's firm [LLW PC] at any time relevant" to the cases addressed in the Settlement Agreement but only "*shared office space and worked on cases with LLW PC*" and, thus, client consent is required to split fees with said Plaintiffs, pursuant to Georgia Rule of Professional Conduct 1.5.

8.

Defendants' position that Plaintiffs Wade, Grunberg, and Wilson were never associated with Defendant LLW PC is apparently based solely on the fact that each Plaintiff received his or her compensation from Defendant LLW PC via separate LLCs, each owned only by the individual Plaintiffs, for which Defendants issued 1099s rather than W-2s, which is not only irrelevant to the issue, but also was an act taken by Defendants solely in their own discretion for the apparent purpose of not having to account for taxes on compensation paid to Plaintiffs Wade, Grunberg, and Wilson, who were required to account for their own income taxes via separate LLCs.

9.

Defendants have taken this position to avoid payment of the largest fee identified in the Settlement Agreement – the one case which, because of the size of its fee, was the primary motivation for the parties to enter into the Settlement Agreement (the "Disputed Case"). Defendants were at the time of the Settlement Agreement and remain to this day lead counsel on

AMERICAN OVERSIGHT

this case. Defendants now contend that this client has refused consent for Plaintiffs Wade, Grunberg, and Wilson to be paid the fee split Defendants agreed to in the Settlement Agreement – even though the entire fee has already been paid to Defendant LLW PC, and the division of compensation between the former lawyers of LLW PC should not involve clients in any way.

10.

The bad faith of Defendants' position is plain from every fact attendant to the parties' relationship and practice of law. For instance, Defendants acknowledged Wade's, Grunberg's, and Wilson's status as lawyers and partners of Defendant LLW PC by:

(a) Creating, or causing to be created, Defendant LLW PC's website, which identified Wade, Grunberg, and Wilson as partners of LLW PC;

(b) Making public announcements via the Fulton County Daily Report, the State Bar Journal, and other publications regarding each individual Plaintiff's hiring and/or promotion to partners of Defendant LLW PC;

(c) Allowing and directing countless representations to be made to many courts, both federal and state, that each individual Plaintiff was a member of Defendant LLW PC by virtue of every filing by any of the individual Plaintiffs and every hearing, trial, deposition, mediation, and/or arbitration attended by any individual Plaintiff;

(d) Drafting, or causing to be drafted, countless engagement agreements entered into by Defendant LLW PC wherein one or more of the individual Plaintiffs were identified as lawyers of LLW PC who would be working on that client's matter;

(e) Providing to the individual Plaintiffs business cards identifying each individual Plaintiff as an attorney of LLW PC;

AMERICAN OVERSIGHT

(f) Providing each of the individual Plaintiffs with email addresses at LLW PC's domain "linwoodlaw.com";

(g) Making countless introductions in court, in depositions, to clients, and to third parties of each of the individual Plaintiffs as "Partners" of LLW PC;

(h) Drafting countless emails, texts, tweets, and conversations over a period of years acknowledging and holding out the individual Plaintiffs as "Partners" of Wood and LLW PC; and

(i) Expressly acknowledging in the Settlement Agreement that Plaintiffs Wade, Grunberg, and Wilson "never held any ownership interest in L. Lin Wood, P.C. (hereinafter "LLW PC") but have worked as lawyers of L. Lin Wood, P.C. on cases since 2018."

11.

Thus, despite the avalanche of evidence to the contrary and their agreement in the Settlement Agreement, Defendants now apparently contend that Plaintiffs Wade, Grunberg, and Wilson were not "associated in a law firm" with Defendant Wood.

12.

It is now clear that Defendants committed fraud because they never intended to pay the majority of the money they owe to Plaintiffs under the Settlement Agreement. Defendants' fraudulent intent is evidenced in their first draft of the Settlement Agreement which contained a false recital that was a poison pill, as it mirrors Defendants' now-stated reason for breaching the contract: "Nicole Wade, Jonathan Grunberg, and Taylor Wilson and L. Lin Wood, P.C. are lawyers who practiced law, *co-counseled cases, and shared office space together*."

AMERICAN OVERSIGHT

13.

The Parties heavily negotiated Defendants' false recital about Plaintiffs Wade, Grunberg, and Wilson working as partners of Defendant LLW PC, ultimately resulting in the statement that Plaintiffs "*have worked as lawyers of L. Lin Wood, P.C.* on cases since 2018." (Ex. A emphasis added). The attention Defendants cast on this detail reveals their fraudulent intent.

14.

Defendants' breach of contract was premeditated; Defendant Wood never intended to make the payment required by the Settlement Agreement as he has repeatedly sworn since February 10, 2020 and as quoted herein.

15.

Defendants' bad faith in entering into a contract under which they never intended to perform, as shown herein, demonstrates that they fraudulently induced Plaintiffs to enter into the Settlement Agreement so that they could exact financial concessions from Plaintiffs for which Plaintiffs had no legal liability in exchange for finally obtaining Defendants' false promise to pay to Plaintiffs a larger sum, to which they were entitled, which Defendants never ultimately intended to pay.

PARTIES, JURISDICTION AND VENUE

16.

Plaintiff Nicole Wade ("Wade") is a citizen and resident of the State of Georgia.

17.

Plaintiff Jonathan Grunberg ("Grunberg") is a citizen and resident of the State of Georgia.

AMERICAN OVERSIGHT

18.

Plaintiff Taylor Wilson ("Wilson") is a citizen and resident of the State of Georgia.

19.

Plaintiff Wade, Grunberg & Wilson, LLC ("WGW LLC") is a limited liability company registered to transact business in the State of Georgia. Its principal place of business is located in Fulton County, Georgia 30309. Its only members are Plaintiffs' individual LLCs: Wade Law, LLC, J.D. Grunberg, LLC, and G. Taylor Wilson, LLC, each a single member Georgia limited liability company, owned solely by the individual Plaintiff identified in the LLC name.

20.

Defendant L. Lin Wood ("Wood") is a citizen of the State of Georgia and a resident of Fulton County, Georgia and may be served at his residence at 663 Greenview Avenue, Atlanta, Georgia 30305.

21.

Defendant L. Lin Wood P.C. ("LLW PC") is a professional corporation registered to transact business in Georgia. L. Lin Wood, P.C. may be served through its Registered Agent, L. occurred in Fulton County, Georgia, and pursuant to O.C.G.A. §14-2-510(b)(4), venue is proper in this Court.

STATEMENT OF FACTS

Detailed Facts Pertinent to Breach of Contract

Background of Plaintiffs' Association with Defendant LLW PC

23.

Plaintiffs Wade, Grunberg, Wilson, and Defendant Wood are lawyers who are licensed to practice law in the State of Georgia.

24.

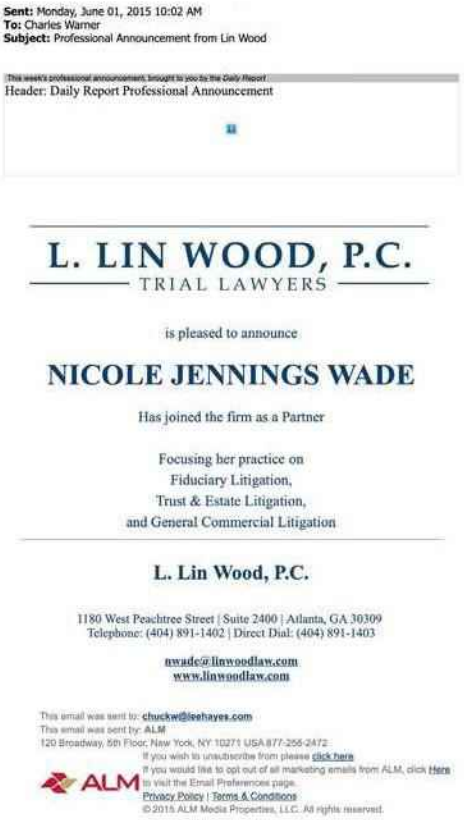
In or around September 2014, Plaintiff Grunberg was hired as an associate – a W-2 employee – by Defendant LLW PC when Wood's former firm, Wood, Hernacki & Evans, LLC disbanded.

25.

In May 2015, Plaintiff Wade joined LLW PC as a Partner.

26.

Effective May 2015, Plaintiff Wade and Defendant LLW PC entered into an agreement titled "Agreement for Nicole Jennings Wade to Join L. Lin Wood, P.C." with a term sheet providing, in material part, that "Nicole will join L. Lin Wood, P.C. between May 11, 2015 and June 15, 2015," that "Nicole will agree to work full-time and exclusively for L. Lin Wood, P.C.," that she will join "L. Lin Wood, P.C. as a 'Partner,'" and that "[t]he structure, and Nicole's partnership, will be re-evaluated, and potentially re-negotiated, after one year."



AMERICAN OVERSIGHT

27.

Defendants' hiring of Wade as a partner was announced in the Fulton County Daily Report (the "Daily Report"), stating as follows: "Trial law firm L. Lin Wood, P.C. has added Nicole Jennings Wade as a partner from Bryan Cave—the fourth lawyer for the firm. Wade handles fiduciary, trust and estate, and general business litigation. Until now, she had practiced at Bryan Cave and predecessor firm Powell Goldstein for her 20-year legal career."

28.

Defendants also arranged for an email blast from the Daily Report as follows:

29.

Plaintiff Wilson was hired as an associate – a W-2 employee – by Defendant LLW PC in November of 2015.

AMERICAN OVERSIGHT

30.

Following Wilson's arrival in November 2015, LLW PC operated as a law firm with 4 lawyers – Defendant Wood and Plaintiffs Wade, Grunberg, and Wilson – until January/February 2020.

31.

In early 2018, Defendant Wood indicated his intent to begin practicing law alone as the sole lawyer of Defendant LLW PC.

32.

At that time, Defendant Wood began looking for office space for himself and one non-attorney employee.

33.

In light of Defendant Wood's stated intention, Plaintiffs Wade, Grunberg, and Wilson formed WGW LLC.

34.

WGW LLC agreed to hire the other non-attorney employee of LLW PC who Defendant Wood did not plan to keep at LLW PC.

35.

Plaintiffs Wade, Grunberg, and Wilson also began searching for office space, and with Defendant Wood's knowledge and approval, they employed Defendants' own real estate brokers to canvas for space.

AMERICAN OVERSIGHT

36.

During this time, Plaintiffs Wade, Grunberg, and Wilson had numerous discussions with Defendant Wood in which they sought his advice about the formation and structure of WGW LLC.

37.

For example, Plaintiff Wade specifically discussed with Defendant Wood the anticipated compensation structure of WGW LLC, and he provided his opinion on that issue.

38.

Defendant Wood indicated that he planned to continue to work with Plaintiffs' new firm as he anticipated that the individual Plaintiffs would continue doing the same work for Defendants' clients that they had been doing.

39.

Indeed, the individual Plaintiffs had lengthy written and oral discussions about Defendant Wood potentially serving as "of counsel" at Plaintiff WGW LLC, and Plaintiff Wilson undertook research regarding whether Defendant Wood could ethically practice with two different law firms, and determined that he could by express authority of the Georgia Bar via advisory opinion.

40.

In or around April 2018, Defendant Wood changed his mind and elected to keep Defendant LLW PC together with Plaintiffs Wade, Grunberg, and Wilson continuing as attorneys of Defendant LLW PC.

AMERICAN OVERSIGHT

41.

Effective May 1, 2018, Defendants promoted Plaintiffs Grunberg and Wilson to non-equity partners of Defendant LLW PC and announced their promotions to partner via the Daily Report and the Georgia Bar Journal as follows:

GRUNBERG

WILSON

L. Lin Wood, P.C., announced that Jonathan D. Grunberg and G. Taylor Wilson were promoted to partners. Grunberg focuses his practice on complex civil litigation in federal court. Wilson focuses on complex civil litigation in both federal and state court. His principal areas of representation include business and commercial litigation in both contract and tort, false claims act cases and actions for defamation and related first amendment issues. The firm is located at 1180 W. Peachtree St., Suite 2400, Atlanta, GA 30309; 404-891-1402; Fax 404-506-9111; www.linwoodlaw.com.

42.

Plaintiffs Wade, Grunberg, and Wilson then abandoned Plaintiff WGW LLC, which never operated prior to their departure from Defendant LLW PC in February 2020.

43.

Defendant Wood changed his office space search to find space sufficient for Defendant LLW PC to continue operating with four lawyers and two assistants, and in July 2018, Defendant LLW PC ultimately signed a lease at 1180 W. Peachtree St. NE, Suite 2040, Atlanta, GA 30309 (the "Lease").

AMERICAN OVERSIGHT

44.

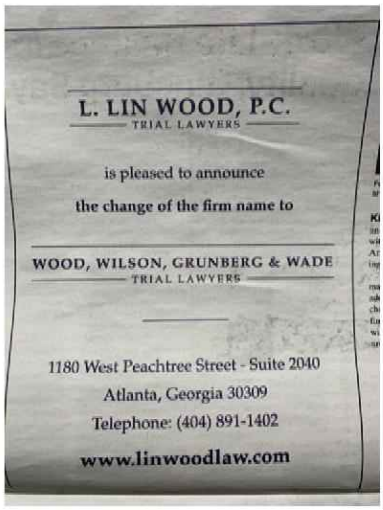
At Defendant Wood's instruction, Plaintiffs Wade, Grunberg, and Wilson executed the Lease on July 17, 2018, only as "Partners" of Defendant LLW PC. The Lease makes no mention of any of the Plaintiffs' LLCs, and Plaintiffs did not execute personal guarantees.

45.

Defendant LLW PC moved into the new office space at Suite 2040 in September of 2018—along with its attorneys Defendant Wood and Plaintiffs Wade, Grunberg, and Wilson.

46.

By the middle of 2019, Defendant Wood indicated that he planned to enter into semi-retirement at the beginning of 2020.



47.

As part of his anticipated transition out of the practice of law, in late January 2020, Wood decided to re-brand Defendant LLW PC as a partnership named Wood, Wilson, Grunberg & Wade ("WWG&W").

48.

Defendants publicly announced the formation of WWG&W on or about January 24, 2020 in the Daily Report as follows:

AMERICAN OVERSIGHT

49.

Pursuant to Defendant Wood's instruction, the receptionist began answering the office phone with "Wood, Wilson, Grunberg & Wade" on the morning of Monday, January 27, 2020.

50.

No written documentation was ever prepared or executed setting forth the relationships between the partners of WWG&W, and no paperwork regarding the entity was ever filed with the Georgia Secretary of State.

51.

Neither Defendants nor Plaintiffs ever filed any document in any court under the name and or firm WWG&W; and thus for *every* case that Plaintiffs Wade, Grunberg, and Wilson were actively litigating as of February 14, 2020, they were listed on the docket as attorneys of Defendant LLW PC.

52.

For reasons more fully described below, Plaintiffs Wade, Grunberg, and Wilson determined that they could no longer practice law with Defendant Wood and terminated their association with Defendants on Friday, February 14, 2020.

AMERICAN OVERSIGHT

Individual Plaintiffs Were Non-Equity "Partners" of LLW PC After May 1, 2018

53.

Upon information and belief, Defendant Wood always has been the sole member of LLW PC.

54.

At all times from May 1, 2018, until their departure on February 14, 2020 (hereinafter, the "relevant time period"), Plaintiffs Wade, Grunberg, and Wilson were held out as "Partners" of Defendant Wood, whether in the entity LLW PC or the rebranded WWG&W.

55.

Throughout the relevant time period, the individual Plaintiffs received compensation for their work as lawyers and partners of LLW PC through their individual LLCs.

56.

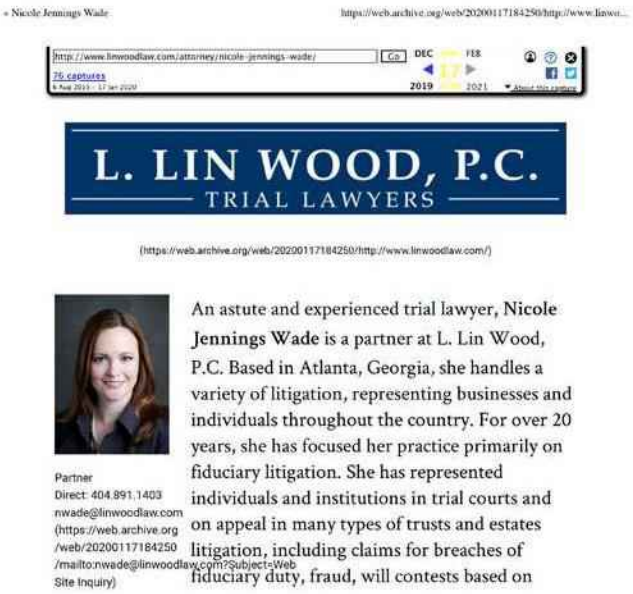
Irrespective of their titles, at all times during the relevant time period, Plaintiffs Wade, Grunberg, and Wilson were lawyers of LLW PC, including the rebranded firm WWG&W.

57.

Throughout the relevant time period, Plaintiffs Wade, Grunberg, and Wilson were "associated with" Defendant LLW PC and Defendant Wood, including for the few weeks when the firm was rebranded as WWG&W..

58.

Throughout the relevant time period, Defendant Wood referred to Plaintiffs Wade, Grunberg, and Wilson as his partners and as partners of LLW PC in court appearances, in depositions, to clients, to third parties, and in countless emails, texts, and tweets.



AMERICAN OVERSIGHT

59.

During the relevant time period, Plaintiffs Wade, Grunberg, and Wilson were identified on the website of LLW PC, at linwoodlaw.com, as "Partners."

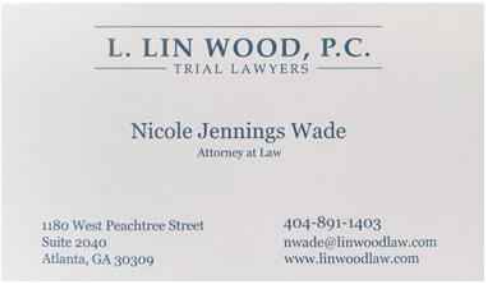
63.



During the relevant time period, Plaintiffs Wade, Grunberg, and Wilson each sent hundreds of emails to Defendant Wood with a signature block identifying themselves as "Partner" of "L. Lin Wood, P.C."

64.

During the relevant time period, Defendant Wood never told Plaintiffs Wade, Grunberg, or Wilson that identifying themselves as "Partner" of "L. Lin Wood, P.C." was incorrect.

65.

During the relevant time period, Defendants provided to the individual Plaintiffs business cards evidencing their association in the law firm of LLW PC, for example:

During the relevant time period, Defendants filed countless court documents identifying the individual Plaintiffs as attorneys of LLW PC in the block identifying counsel. For example, in a pleading signed by Defendant Wood in December of 2019, the block stated:

During the relevant time period, Plaintiffs Wade, Grunberg, and Wilson and Defendant Wood maintained equal access to all current client files of Defendant LLW PC.

AMERICAN OVERSIGHT

68.

During the relevant time period, Plaintiffs Wade, Grunberg, and Wilson and Defendant Wood shared operating expenses, 25% each, including for, *inter alia,* office space lease, salary of a non-lawyer employee, file maintenance, website hosting, telephones, internet, cable, Westlaw, malpractice insurance for Defendant LLW PC, office supplies, copier/scanner, technical support, file storage and archiving, and other miscellaneous overhead expenses.

Plaintiffs Wade, Grunberg, and Wilson Practiced Law Only for LLW PC

69.

During the relevant time period, Plaintiffs Wade, Grunberg, and Wilson practiced law as attorneys acting solely on behalf of Defendant LLW PC.

70.

During the relevant time period, Defendant Wood originated the majority of the clients and business at Defendant LLW PC.

71.

Any client originated by Plaintiffs Wade, Grunberg, or Wilson during the relevant time period executed an engagement agreement with Defendant LLW PC, was billed by LLW PC, and made payments to LLW PC.

72.

At no time did WGW LLC, Wade LLC, Grunberg LLC, Wilson LLC, or Grunberg & Wilson LLC ever enter into an engagement agreement with a client, bill a client, collect fees from a client, or take any actions to represent a client during the relevant time period.

AMERICAN OVERSIGHT

73.

For example, while paragraph 1.A of the Settlement Agreement says of each of the clients in subparagraphs iv, v, and vi that he, she, or it "was and is the client of WGW," (Ex. A.), this simply referred to who originated the client and/or would manage the client's on-going matter. During the relevant time period: (1) each of those clients had an engagement agreement with Defendant LLW PC; (2) none of those clients had an engagement agreement with WGW LLC, Wade LLC, Grunberg LLC, Wilson LLC, or Grunberg & Wilson LLC; (3) Defendants were counsel of record for each of those clients; and (4) at least one of Wade, Grunberg, or Wilson were also counsel of record for those clients as attorneys of Defendant LLW PC.

74.

During the relevant time period, every correspondence or court filing made by Plaintiffs Wade, Grunberg, and/or Wilson on behalf of a client was made in their capacities as attorneys of LLW PC—with the exception of several letters that may have been sent after January 24, 2020, bearing the letter head of the rebranded firm, WWG&W.

75.

At all times during the relevant time period, Plaintiffs Wade, Grunberg, and Wilson never represented a client through any law firm other than Defendant LLW PC (or possibly its rebranded name WWG&W after January 24, 2020).

76.

During the relevant time period, Plaintiffs Wade, Grunberg, and Wilson never entered into an attorney engagement agreement to represent a client under a firm other than Defendant LLW PC (or possibly its rebranded name WWG&W after January 24, 2020).

AMERICAN OVERSIGHT

77.

During the relevant time period, Plaintiffs Wade, Grunberg, and Wilson never made an appearance in any case on behalf of any client under any firm name other than Defendant LLW PC.

Individual Plaintiffs Performed Significant Work for All LLW PC Clients

78.

During the relevant time period, Plaintiffs Wade, Grunberg, and Wilson generated nearly all of the work product for the clients of Defendant LLW PC.

79.

During the relevant time period, one or more of the individual Plaintiffs made an appearance on behalf of LLW PC in every proceeding in which Defendant LLW PC was counsel of record, in at least eight different states.

80.

Indeed, as of February 14, 2020, Plaintiffs Wade, Grunberg, and/or Wilson originally authored every pleading, substantive motion, and brief prepared by LLW PC and filed with the court for the cases subject of the Settlement Agreement for which a lawsuit had been filed, all pursuant to Defendant Wood's instruction and supervision, some of which were edited by Defendant Wood.

81.

During the relevant time period, every hourly fee engagement entered into by and between Defendant LLW PC and any client specifically listed one or more of Plaintiffs Wade, Grunberg, or Wilson as attorneys of Defendant LLW PC who were expected to perform work on behalf of the client.

AMERICAN OVERSIGHT

82.

During the relevant time period, Plaintiffs Wade, Grunberg, and Wilson communicated extensively with clients of LLW PC on whose cases they were working.

83.

Specifically, the individual Plaintiffs communicated and worked with the clients for every case addressed in the Settlement Agreement, in some of those cases acting as the primary client contact.

The Settlement Agreement

84.

Within 48 hours of Plaintiffs' departure from LLW PC, and before the individual Plaintiffs had even discussed re-activating WGW LLC, the Parties began negotiating a resolution of the issues arising from Plaintiffs' separation from LLW PC.

85.

On February 17, 2020, the Parties reached an agreement with respect to compensation to be paid on past and pending cases, which Defendant Wood subsequently reneged on – only to agree to the same fee split one month later when represented by counsel.

86.

On March 17, 2020, Plaintiffs and Defendants entered into the global Settlement Agreement, which provided that Plaintiffs and Defendants would separate and practice law separately, which resolved issues regarding compensation to the individual Plaintiffs for their work on certain of Defendant LLW PC's pending cases, and which allocated expenses related to the Lease.

AMERICAN OVERSIGHT

87.

In the Settlement Agreement, the Parties resolved fee disputes: (1) regarding compensation already earned by Defendant LLW PC on cases for which Plaintiffs Wade, Grunberg, and Wilson had performed substantial work; (2) regarding compensation to be earned by Defendant LLW PC for cases on which Plaintiffs Wade, Grunberg, and Wilson had performed substantial work; (3) regarding compensation to be earned by Plaintiff WGW LLC on cases originating with Defendant LLW PC; and (4) regarding Defendants' claim that Plaintiffs owed to Defendant LLW PC rent due under the Lease for LLW PC's office space after they departed, even though Plaintiffs Wade, Grunberg and Wilson signed the Lease only as partners of Defendant LLW PC, the Lease does not contain any personal guaranty, and Defendants evicted Plaintiffs from the space on February 14, 2020.

88.

Specifically, the Settlement Agreement provided that Plaintiffs would pay to Defendant LLW PC a percentage of fees eventually recovered in three cases that they would take and continue to work on, and that Defendant LLW PC would pay Plaintiffs a specific dollar amount of its fees collected on three separate cases that had either officially or functionally been resolved but for which Defendant LLW PC had not yet been paid its attorneys' fees, as well as fees to be collected in connection with several other cases that had not yet resolved.

89.

Plaintiffs Wade, Grunberg, and Wilson performed substantial work—if not the majority of the work—during the relevant time period on behalf of LLW PC on each of the cases for which Defendants agreed to compensate Plaintiffs in the Settlement Agreement.

AMERICAN OVERSIGHT

90.

Plaintiffs were not compensated for any of their substantial work on the cases included in the Settlement Agreement, but Plaintiffs reasonably expected compensation from Defendant LLW PC based on the firm's practice and procedure and assurances by Defendant Wood.

91.

During the relevant time period, Plaintiffs Wade, Grunberg, and/or Wilson had communicated and worked with each client whose cases were included in the Settlement Agreement, such that each client was familiar with the fact that one of more of the individual Plaintiffs was working on his, her, or their case.

92.

In regard to the three cases that were already settled or functionally settled, Defendant LLW PC agreed to pay Plaintiffs a specific dollar amount, with payment to be made within seventy-two hours of LLW PC's receipt of its portion of the fees in the Disputed Case, less payment for a portion of the Lease.

93.

Thus, as drafted by Defendants, the Settlement Agreement provided that all payments from Defendant LLW PC would become due and owing only upon receipt of the proceeds for its attorneys' fees from the Disputed Case.

94.

At all times during the relevant time period, including at the time the Settlement Agreement was executed, Defendants were counsel for the clients in the Disputed Case.

AMERICAN OVERSIGHT

95.

Following execution of the Settlement Agreement, Defendants reported to Plaintiffs on multiple occasions regarding the status of the trigger for payment under the Settlement Agreement.

96.

Subsequently, however, Defendants advised Plaintiffs (through counsel) of their purported belief that client consent was required for the payments to Plaintiffs agreed to in the Settlement Agreement pursuant to Georgia Rule of Professional Conduct 1.5(e), that the client in the Disputed Case refused consent, and that after off-setting the fees to be paid to Plaintiffs from the other cases that had already been resolved, Plaintiffs owed Defendant LLW PC a significant sum pursuant to Paragraph 2 of the Settlement Agreement concerning the Lease.

97.

With respect to the Lease, the Settlement Agreement provides as follows: "WGW shall pay to LLW PC the amount of [redacted] in full satisfaction of any obligations WGW may have, or be alleged to have, under the lease agreement …" which "amount shall be deducted from the payment by LLW PC to WGW referenced in Section 1(B) above."

98.

Thus, there is no provision in the Settlement Agreement requiring Plaintiffs to affirmatively pay to Defendants any amount of money, nor any time frame by which Plaintiffs would have to do so. Instead, the Settlement Agreement explicitly provides for a net lump sum payment to Plaintiffs.

AMERICAN OVERSIGHT

99.

Despite Defendants' counsel expressly intertwining the payments to Plaintiffs with the Lease payment, and despite Defendants' receipt and retention of all fees in the resolved cases subject of the Settlement Agreement, Defendant LLW PC stated its intent to hold Plaintiffs liable for the Lease payment.

100.

Thereafter, Plaintiffs notified Defendants that Georgia Rule of Professional Conduct 1.5(e) does not apply to this situation because the rule governs only "lawyers who are not in the same firm" and that it does not "regulate division of fees to be received in the future for work done when lawyers were previously associated in a law firm." *See* Rule 1.5, cmt. 8.

101.

Prior to the execution of the Settlement Agreement, Defendants did not seek client consent for the purpose of paying compensation to Plaintiffs Wade, Grunberg, and Wilson as a matter of practice, both for hourly and contingency arrangements, and only Defendant LLW PC was listed as receiving fees in the settlement statement sent to clients following settlement of a contingency fee case.

102.

Upon information and belief, over seventy-hours (72) have passed since Defendant LLW PC received funds identified in the Settlement Agreement as the trigger for Defendants' payment to Plaintiffs.

103.

Thus, Defendants are obliged to pay to Plaintiffs the liquidated sum due under the Settlement Agreement, as well as additional funds due to Plaintiffs.

AMERICAN OVERSIGHT

104.

Plaintiffs have repeatedly demanded that Defendants honor their obligation to pay Plaintiffs the liquidated sum for fees required by the Settlement Agreement, as well as additional funds due to Plaintiffs, and have reminded Defendants' counsel of the facts and allegations contained herein.

105.

Defendants have continued in bad faith to refuse to pay the amount they agreed to pay Plaintiffs under the Settlement Agreement.

Detailed Facts Pertinent to Fraud Claims

Deterioration of the Law Firm

106.

Beginning in the fall of 2019 and continuing through 2020, Defendant Wood's behavior became increasingly erratic, hostile, abusive, and threatening toward Plaintiffs Wade, Grunberg, and Wilson, as well as many other individuals.

107.

While in the years before the Fall of 2019, Defendant Wood could at times be abusive, his bad behavior became far more serious and persistent than in years past.

108.

Plaintiffs Wade, Grunberg, and Wilson nevertheless remained in Defendant LLW PC because they were committed to serving as attorneys for a trial scheduled for early-December 2020, and Defendant Wood repeatedly assured them he would be stepping away from the practice of law after the trial ended.

AMERICAN OVERSIGHT

GA-SOS-20-2913-000439

109.

Although relevant, Plaintiffs will avoid pleading the specifics of Defendant Wood's erratic behavior prior to February 14, 2020—except as to facts specifically and demonstrably related to Defendants' fraudulent and malicious intent to induce Plaintiffs to enter into the Settlement Agreement that Defendants would ultimately refuse to honor.

110.

The vast majority of the alleged communications below were made by Defendant Wood, and there is a noticeable void of responses by Plaintiffs Wade, Grunberg, and Wilson—who refused to respond in kind to Defendant Wood's behavior.

111.

Throughout late 2019 and January and February 2020, abusive, incoherent phone calls, voicemails, texts, and emails by Defendant Wood to Plaintiffs Wade, Grunberg, and Wilson sent in the middle of the night were the norm. All of these erratic communications have a few things in common: most of these emails profess that God or the Almighty was commanding his actions; many were stating his refusal to pay the Plaintiffs "one thin dime;" and virtually all were abusive.

112.

Defendant Wood's behavior continued to deteriorate, including assault and battery on Wilson in Defendant Wood's home after he had traveled there to check on Wood. In the Fall of 2019, Defendant Wood also committed assault and battery on Grunberg in an elevator of a hotel during an out of town deposition. In both assaults, there was essentially no reason whatsoever for the attack, and Defendant Wood later acknowledged and apologized for this violence.

AMERICAN OVERSIGHT

113.

Defendant Wood, himself, acknowledged during late 2019 that his behavior was abusive on October 2, 2019, when he e-mailed Plaintiffs Wade, Grunberg, and Wilson, stating, in relevant part, "The Boss, Pops, Lin, Asshole – whatever you wish to call me – knows that I have allowed a combination of pressures over the past many weeks, if not months, to become justifications for treatment of each of you, to varying degrees and at various times, that can only be described as rude, overly demanding, and at times abusive."

114.

Unfortunately, that acknowledgement changed nothing and his behavior toward Plaintiffs Wade, Grunberg, and Wilson continued to worsen.

115.

On February 10, 2020, Defendant Wood contacted Plaintiffs and begged for them to come to his house around 1:00 am, which Plaintiff Grunberg and Wade did. Once there, Defendant Wood urged them to stay with him until morning, with Plaintiff Grunberg leaving at approximately 4:30 am and Plaintiff Wade leaving after sunrise. This experience unnerved the Plaintiffs.

116.

That day, Plaintiffs Grunberg and Wilson confronted Defendant Wood about his behavior.

117.

Even at that early juncture, Defendant Wood immediately threatened Plaintiff Wilson that leaving his firm was "professional suicide" and threatened not to pay Wilson the money he was owed for his work in the Disputed Case, stating as follows: "let me tell you what's gonna

AMERICAN OVERSIGHT

happen to you … watch what happens with the [Disputed Case] fee. I'll show you what I think of what you've done to me."

118.

That evening, Defendant Wood called Plaintiff Wade and, during a call that lasted approximately two hours, Wood advised Wade that he was going to destroy Plaintiffs Grunberg and Wilson. During this conversation, Defendant Wood could not help but revisit his obsession with Plaintiff Wilson's wife, stating: "by the time I am through with Taylor Wilson, he's going to wish all I had done was fuck his wife."

119.

On February 11, 2020, at 1:03 a.m., Defendant Wood e-mailed Plaintiffs Wade, Grunberg, and Wilson, firing the Plaintiffs and changing the firm, while insisting that Plaintiffs had the "fiduciary duties" of partners, stating, in material part, as follows[2]:

> Taylor, Jonathan, and Nicole,
>
> **Effectively immediately**, the law firm of **L. Lin Wood, P.C.** hereby withdraws from any and all law partnerships with your law firms and you, including, but not limited to the partnership of Wood, Wilson, Grunberg & Wade….
>
> I want Taylor and Jonathan physically out of my office space as soon as possible. I am willing to be more lenient with Nicole but I want the physical separate of the lawyers from 1180 West Peachtree St., Suite 2040 executed with no delay....
>
> I request that each of you provide me with a list of outstanding cases of LLW PC on which you are presently working.… I would like from each of you the number of hours (with description) you each have expended on the [Disputed Case]. Hours on the pending [redacted] can be submitted separately by end of week. If you have any other [redacted] hours … please include them with some reasonable detail by the end of the week.…

[2] To protect the privacy of many third-parties, Plaintiffs will not be tendering copies of Defendant Wood's e-mail correspondence and other communications with this Complaint but provide as much context as is appropriate in each quote.

AMERICAN OVERSIGHT

> In meantime, I remind you of **the fiduciary duty of non-disparagement** which shall be strictly enforced. You are hereby prohibited from contacting any of my clients, referring attorneys or co-counsel without my specific written authorization….

(Emphasis in original).

120.

Plaintiffs Wade, Grunberg, and Wilson began moving out of Defendant LLW PC's office space on February 11, 2020.

121.

By the afternoon of that same day, February 11, 2020, Defendant Wood had completely changed his mind and left voicemails for each of Plaintiffs Wade, Grunberg, and Wilson, rescinding his withdrawal from their partnership and their eviction from his office space. For example, Defendant Wood stated in part in a voicemail to Plaintiff Wade:

> . . . This law firm is going to go forward as Wood, Wilson, Grunberg & Wade. Business as usual is back now being business as usual. Keep doing what you're doing on the cases you're doing. I don't need your hours in the [Disputed] case – I never have. No reason to do it now except in billable cases. . . . We are going to continue as a partnership. A partnership under that name that is going to be one of the great partnerships in the history of the law. . . . I'm going to ask you to do the big word "T." Trust me. . . . I'm going to let God's will be done for our law firm. . . Everything I said in that letter last night is rescinded.

122.

Plaintiffs Wade, Grunberg, and Wilson decided to give it one more shot in the hopes of helping Defendant Wood and in the hopes that the work environment would return to status quo.

123.

On February 13, 2020, the day before all 5 people who worked for Defendant Wood at Defendant LLW PC terminated their employment, Defendant Wood hosted an approximately 3.5 hour teleconference with Plaintiffs Grunberg and Wilson in which he spoke almost non-stop.

AMERICAN OVERSIGHT

124.

During the 3.5-hour teleconference, Defendant Wood referred to himself as Almighty; offered to fight the individual Plaintiffs to the death; demanded the Plaintiffs' undying loyalty; threatened to "hurt" the Plaintiffs; offered to have the Plaintiffs stay in the firm; and called Plaintiff Grunberg a "Chilean Jew" and demanded that he admit he does not look like the other lawyers in the firm. Unfortunately, the list goes on, as reflected by the following pertinent portion of the transcript of the call (except as indicated by brackets and double quotation marks, the words are Defendant Wood's):

> … I own that office. Y'all know that now. I showed you who had power, didn't I? But I didn't exercise it. Cause I right now would never do anything in the exercise of my power do anything to hurt any of y'all or your families. Do you believe me? Cause if you don't believe that, this conversation is over. It will not be a problem solved. If you tell me you believe that, and I just showed you that, by not hurting you, by **showing you who had the power to hurt ya, to hurt your families, to hurt your law careers**, and didn't exercise it, yes or no, let's get a vote. Taylor, does everyone in that room believe, believe, choose to believe, that Lin Wood would never exercise his power in a fashion that he knew would hurt any one of you, personally or professionally, including your families, and your legacy as a lawyer. Yes or no, guys, gal? [Said by Wilson] "Lin, I certainly." I just wanted a yes or no, I didn't ask for a discussion, and I own that office and if you don't do what I say this time, you're gonna pack your bags, that's how much power I have, I don't wanna exercise that power, it would hurt you, don't force me, that's the point.
>
> I'm telling you I have the power to hurt you and would never do so, and if you don't believe I have the power to hurt you, you are wrong. I can hurt you the minute I take you off that name [Wood, Wilson, Grunberg & Wade]. That will be a bad stain on your life, and if you try to hurt me back, you will be laughed at. Anybody in this law office that attacks Lin Wood may be right, but everybody's gonna disrespect you for doing it. There's a time to speak. There's a time to be silent. You people don't know the difference….
>
> Now, would you accept this kind and loving admonishment. I could have thrown by my own free will every damn one of you out of my law office, off of the damn

AMERICAN OVERSIGHT

letterhead with my name on it, and Nicole is included, by doing one of two things, I could have pulled my name off that door in a heartbeat if I wanted to … I could have pulled all three of your names off of that damn thing and it would just be me, if I wanted to I'd have the power to do it, right? …

. . . If you keep showing me disrespect, Jonathan, there's gonna be a man come up there in your office … but if you ever don't give me respect in that office, knowingly … but if I ever discern that I think you are disrespecting me in that law office, that little man or woman is gonna come up in ten minutes and they're gonna throw your ass out. Do you understand, whether you agree with it or not, you concede that I have the power to do it. Do you understand what's gonna happen to ya if you ever, if I ever discern that you show me an act of disrespect again? … if you [interrupt me] in a disrespectful way, in my judgment alone, any one of the three of you is gonna be escorted out of my law office within ten minutes … they're gonna take you out and throw you on the street if they want to … do you understand what I'm telling you? Cause if you don't we got a problem. You hear me? Does everybody hear me? Now I'm gonna tell you something very surprising, y'all just heard from the Almighty Lin and it sounds powerful and you believe it don't ya? … Almighty Lin just told you what would happen if he thinks you ever, in his opinion, discerns that you're being disrespectful to me by anything other than an accident or mistake, he's gonna throw you out. Ya hear me? … Now Almighty Lin's gonna tell you this … the power that I just had can change your life if I ever decide … even if it's good or bad, I can change your life with the exercise of that power, right? …

I'll commit sins. I'll [physically] push you when you piss me off. Maybe you deserve it and I'm the only one that will inflict it upon you because I'm the only one that has the courage to tell you the lesson you fucked up don't do it again. Swear I'll never do it again to either one of you, although interestingly I've done it to both of you at once. I'll never do it to you again. Don't ever do anything that would even make me think about doing it again. Cause I might make the same mistake then that I made then, I might push you and I wouldn't mean to hurt you. I wouldn't mean to push you around, especially cause either one of you would whip my ass ***or maybe you wouldn't cause you don't have the courage I have. Maybe I would fight you till you damn die. Or both of us died***. Cause I got courage inside of every bone in my body that you'll never know. I wish you had it. I wish everybody had it. Everybody doesn't have it guys. You're practicing law with a man that has courage, to take on the big ones….

The best man you'll ever see in life won't be your daddy, Taylor. It won't be your daddy, Jonathan. It won't be your daddy, [redacted]. The best damn man

AMERICAN OVERSIGHT

> you've ever met in life is Lin Wood. Don't you forget it.… ***Or just plain member of one damn law firm, like we all are….***

125.

By the date of the 3.5-hour teleconference on February 13, 2020, Defendant Wood had effectively not been in the office for weeks since a December 2019 trial—with the exception of several brief appearances at the office. And from the time that Defendant Wood and Plaintiffs Wade, Grunberg, and Wilson traveled to and attended a hearing out-of-state in mid-January, the only time any of the Plaintiffs had seen Wood was when he assaulted Plaintiff Wilson on January 27th and when Plaintiffs Grunberg and Wade were called to his home in the early morning hours of February 10th when Defendant Wood called them over saying it was a matter of life or death. Defendant Wood spent most of this period outside of Atlanta.

126.

All of LLW PC's cases were being handled primarily by one or more of the individual Plaintiffs, who coordinated with third party co-counsel. And LLW PC had active co-counsel outside the firm in every active case as of February 14, 2020, all of whom were on notice when Wade, Grunberg, and Wilson left the firm.

127.

Defendant Wood called for an in-person meeting on the morning of February 14, 2020.

128.

In the hours preceding this February 14 meeting, Defendant Wood repeatedly called Plaintiffs Wade, Grunberg, and Wilson, berating them, and also threatening them with alleged

AMERICAN OVERSIGHT

civil claims arising from their purported fiduciary duty *as his law partners* not to disparage him, although he failed to specify what words or actions he felt were disrespectful.

129.

Plaintiffs Wade, Grunberg, and Wilson – together with the only other two employees of Defendant LLW PC – all walked out of the LLW PC offices prior to Defendant Wood arriving out of fear for their physical safety.

130.

All five were forced to terminate their employment and association with Defendants on February 14, 2020.

131.

Immediately thereafter, Defendant Wood asked building security to escort all five out of the office, and he then changed the locks to the Leased space.

132.

At this point, Defendant Wood began a series of irrational and incomprehensible email, text, and voicemail threats. All of these emails, most of which are sent in the middle of the night, have a few common themes: False and manufactured accusations that Plaintiffs did some heinous federal crimes that he has chosen not to identify, Defendant is doing God's will, and Defendant will never pay the Plaintiffs anything, while reiterating nonetheless that the individual Plaintiffs were his law partners.

133.

On February 15, 2020, at 1:42 am, Defendant Wood e-mailed Plaintiff Wilson and 13 others, stating again that he felt he had somehow been victimized by some unspecified action

AMERICAN OVERSIGHT

which required him bringing down the "wrath of God" and referencing punishment "at the discretion of Almighty God."

134.

Two hours later, at 3:45 a.m., Defendant Wood e-mailed Plaintiffs Wade, Grunberg, and Wilson, as well as 9 others, to continue his incoherent allegations and his belief that God was somehow commanding him or directing him to accuse the Plaintiffs and repeating his threat never to pay the Plaintiffs anything for their services. He began the email by stating "God has given me permission to be profane in this email, which is my last email of the night," and additionally stating, in material part, as follows:

> You damn dumb motherfuckers.
>
> You have now subjected yourselves and your families to the fact that you are all guilty of federal crimes. And you are going to be ruined financially, if necessary, in civil and criminal lawsuit. You committed computer fraud today and possibly bank fraud. Your lies and fraud upon law firms and your employers are going to come back quickly to haunt you for the rest of your lives.
>
> You fucked with the wrong guy. You fucked with Lin Wood. Bad fucking choice.
>
> Here are the findings of your final judgment day on earth for today, the day after my Valentine's Day massacre:
>
> Taylor, ***you're not going to get one thin d[i]me from me on any case***. That includes [cases subject of the Settlement Agreement, including the Disputed Case]. Sue me. You will lose. You can tell your co-conspirators, Nicole, Jon[a]tha[n], [redacted] and [redacted]. All the damn criminal conspirator wars who deleted emails and Word documents related to the [redacted] and [redacted] cases are in fucking serious criminal and civil exposure…. You are all dumb as hell. I am not. I will be setting up a meeting next week with the US Attorney for the Northern District of Georgia. He will meet with me. He knows who I am. You apparently never did…. Nobody fucks with me and [redacted]. You have been all been playing your Bullshit games of lies for too long. Too long is too

AMERICAN OVERSIGHT

long. Always has been. Always shall be. *God Almighty told me to get you back to where you belong. Broke and essentially homeless….*

The fact that you, Taylor, involved innocent people like [redacted] and maybe even [redacted], *is going to haunt you and your wife and your children for the rest of your lives on earth.* Shame on you. You are disgusting….

You all better get on your knees and pray to Almighty God that He now asks me to show you mercy. If he does, I will show it, if he does not, *I will deliver a fiery judgment against you on earth.* Who the fuck did you think you were dealing with? You were screwing around me with, but I was someone else in disguise. You in fact have been screwing around with God Almighty. I am not God. You lied when you told others that I thought I was…. I am L. Lin Wood – the sole member of L. Lin Wood, P.C. The architect of the most masterful and powerful Valentine's Day massacre known in American history. *The last one* ***killed*** *seven. Mine will* ***ruin*** *many more before it is over*. Deservedly so.

You are the ones who are crazy, not me. You are all the fools, not me. You are all driven by fame and fortune, not me…. You are going to have to spend every day for the rest of your lives on earth by your every act and deed proving to God that you are genuinely sorry for the sins you have committed against HIM. I'm not going to waste anymore time listing your sins. You know them. God knows them….

Buckle up your damn seatbelts. Unless I change my mind under the instructions of God, you are in for the roughest ride of your lives. *I'm going to teach you all a lesson that you are going to learn….*

I shall sleep well tonight even though I'm writing a bunch of crazy people at a crazy person's hour. I live on God's time clock. This sane man had a lot of business to conduct tonight. Business that God Almighty exposed to him and told him to expose to others.

I bet it's going to be a long, long time before any of you ever sleep well again. Taylor, you are a damn pussy. You didn't even have the balls to show up for your little meeting that I already knew you were going to try to have before you had it….

Good night. I know you will not sleep well.

His ass in trouble and this time, *he will not land on his 2 feet* [a reference to Plaintiff Grunberg's handicap after he had a rock climbing incident falling from more than 40 feet in the air resulting in several surgeries and permanent disabilities]. He will be on his damn two knees begging me and Almighty God for mercy. ***They will never get a dime from me.*** *I dare you to sue me for it*. You don't have the balls to do it and if you do it, you shall lose and in the process, lose more of your damn asses if there's anything left of your assess after I finish with your assess tomorrow if you don't call [redacted] and beg for mercy like damn dogs begging for a damn piece of meat after not eating for 3 months. I think my message is clear. God has now asked me to refrain for the rest of this night and tomorrow from further profanity. I shall always follow my God's's will and never anyone's on earth, including mine.

135.

Plaintiff Wilson responded respectfully on February 15, 2020 at 8:15 a.m., denying Defendant Wood's fantastical accusations and conspiracy theories.

136.

Defendant Wood responded, again copying the 9 additional individuals, stating, in material part, as follows:

137.

On February 15, 2020, at 2:18 pm, Defendant Wood left a voicemail for Plaintiff Wilson stating, in material part, as follows:

> Taylor Wilson, your *former partner*… You're lucky you and I share something in common: I care about and love your wife, I care about and love your little boy. Right now, I don't give a damn about you. But if I hurt you bad enough, it's gonna hurt them. I don't wanna hurt you, Taylor…. I want you to tell me in an email in 15 minutes who in the hell asked for those computer files to be deleted. I think it was Jonathan Grunberg. I don't want to get you cause it will hurt your wife and your child. Send me an email and just tell me the truth without getting a lawyer, without trying to cover your ass …

138.

After leaving voicemails for Plaintiff Wilson and Grunberg stating that he felt that Plaintiff Grunberg was the chief force behind these unspecified criminal acts, on February 17, 2020 at 12:17 a.m., Defendant Wood left a voicemail for Plaintiff Wilson stating, in material part, as follows:

> Taylor, I hate to call you at 12:14 am because it's the act of a crazy man, but it's not son. You need to watch out for Nicole Wade. She would be the person that would go in and get this information. She's evil…. [Redacted] was sent here by [redacted].... The FBI is going to be involved tomorrow. That same day at 6:16 a.m., Defendant Wood sent to Plaintiff Wilson and 8 other individuals an e-mail stating, in material part, as follows:

> All,
>
> Attached is the IC3 Complaint Referral Form I filed with the FBI this morning related to [redacted] and his co-conspirators this morning….

140.

In Defendant Wood's FBI complaint alleging federal crimes, Defendant Wood refers to Plaintiffs Wade, Grunberg, and Wilson as "***one or more former members of my law firm of L. Lin Wood, P.C.***" (Emphasis added).

141.

Defendant Wood followed up with another voicemail to Plaintiff Wilson on February 17, 2020, at 7:18 a.m., stating, in material part, as follows:

> . . . You have damn fucked up your life. Shame on you. Your wife, your kid. I take back everything I said nice about you. You better get the word, that somebody better call me, and somebody better get over to my damn house, and tell me what the hell the truth is about what y'all did…. You people gotta get a criminal lawyer…. I'm gonna burn your asses. Y'all fucked up. Shame on you…. You're a son of a bitch, Taylor Wilson. And you gonna rot in hell when I'm done with you, buddy, you got that? Pass that message to every damn one of them…. *All of y'all are going down*…. Goodbye sir. Get me the name of the person that's gonna get me the damn truth about this and they better call me in 30 fucking minutes. You hear the rage? *You ain't seen nothing yet, buddy.* Goodbye.

142.

Defendant Wood followed up with another voicemail to Plaintiff Wilson on February 17, 2020 at 7:23 a.m., stating as follows:

> Let me tell you something you little snotty ass son of a bitch. Don't write me back and tell me you're taking care of your son. Your son's looking into the eyes of a damn low life, cheating, lying, probably criminal defendant. How could you

AMERICAN OVERSIGHT

do this to your family, Taylor? The FBI's not gonna play around. You've all engaged in computer fraud. I don't give a damn whether you did it or if Nicole did it. I know who did it, and you got [redacted] involved in it. You've ruined everybody's life. ***You're not gonna get one thin dime from me***. Sue me. I don't think they allow you to file lawsuits like that when you're behind bars. Somebody better call me, put their baby down, and give me the damn truth if there's gonna be any mercy shown by anybody for you, including the FBI, cause I'm one of their number one witnesses. [Redacted] is going to jail. Don't go with him. Quit playing your games ya snotty ass little bastard, you came in here and ran your damn mouth in my office and yelled at me. ***You're lucky I'm not with you right now, Taylor, cause I'd do to you what I'd do to*** **[redacted]** ***and I'd beat your ass with a switch till you couldn't sit down for 20 fucking years.***

143.

Also on February 17, 2020, Defendant Wood left a voicemail for Plaintiff Grunberg stating, in material part, as follows:

I'm gonna be a little calmer with you than I have been with Taylor and [redacted] on their voicemail messages, Jonathan Grunberg, you sorry slimy piece of shit. How do you look at those babies? I've got it all, I know what y'all been doing. But here's your problem, you teamed up with [redacted], he's going to federal penitentiary, I'm afraid y'all need criminal defense attorneys, in fact I know, I've been up all night dealing with this, I've locked it all down…. The FBI's gonna be knocking on your door, Jonathan. You need to go get a criminal defense lawyer. Somebody *in that damn former piece of shit firm I had* better get on the phone and tell me the damn truth so I can tell the FBI that at least somebody's gonna be good to them and cooperate. You got in bed with [redacted] and you manufactured shit from [redacted]…. In the process, you look at those two little babies, you hurt them. You look at your wife, you hurt her. ***You're not gonna get one thin dime from me about anything***. You might even get sued by me. What the hell were you thinking. Man oh man, ***you're glad you're not with me in an elevator with me right now buddy*** [referring to his prior battery of Grunberg], cause you're damn lucky, I'm that mad…. That's how serious it is you little fucker. You look in the mirror and you're gonna see **a Chilean Jewish fucking crook**. Goodbye, Jonathan … you sorry bastard.

Then on February 18, 2020, at 8:20 a.m., Defendant Wood recanted every one of his accusations in an e-mail to Plaintiffs Wade, Grunberg, and Wilson, along with 18 other individuals, subject "Correction and Retraction of False Accusations," stating, in material part, as follows:

> I know that I am generally recognized as an experienced and skilled lawyer in the area of First Amendment defamation law. I am also by my own admission, fully capable of being a dumb ass or worse. Given some of my recent emails and the filing of a IC3 Complaint Referral Form [with the FBI], the latter description may be more applicable to me than the former….
>
> *The primary purpose of this email is [sic] correct and retract some very hurtful and false accusations that I recently made against [redacted], [redacted], [redacted], [redacted], and* ***my current law partners*** and employees. In the worse example of a defamer, I published accusatory statements with incomplete information and out of anger, coupled with a tried brain and body….
>
> ***Allow me to make clear that in all of the recipients of this email, there is not a dishonest or criminal bone in any of their bodies***. I say this unequivocally and in direct contradiction to any suggestions or accusations or statements that I may have made against anyone on this email. In recent days. My legal career has been one of pursuing for truth and achieving justice which I define as providing fairness and respect to all within our legal system. The recent emails to which I refer are the worst examples of the failure by an individual – ME – to pursue truth and achieve justice. My statements against the identified individuals were not true and inflicted an injustice upon them, and all of the recipients[.] In addition to asking for your forgiveness, I want to make it very clear that ***the individuals who were falsely accused are innocent of any wrongdoing*** and are encouraged to seek any further remedies against me for my wrongdoing, which they feel are appropriate or necessary.
>
> With the help of [redacted], [redacted], [redacted], and individuals identified by [redacted], I have now completed an examination of my office computer system, and while my office computer system was hacked, ***no accused individual was involved in any manner in that improper and illegal activity***. After careful examination, no office emails have been deleted or otherwise altered in a manner that was not intended by authorized users of my system. If I had bothered to

AMERICAN OVERSIGHT

> undertake the complete examination prior to making my unfounded accusations, I would never have made the accusations against the individuals….
>
> For the past several months, particularly since Thanksgiving, I have been besieged by a variety of individuals, all of whom I love dearly with their own concerns about my mental health and my relationship with [redacted]…. Sadly, I did not serve well the best interest of my [redacted] and making my false statements and accusations against others. I can only hope and pray that my stupidity serves as a shining example to them of why statements should always be investigated before published and should never be made out of a state of mind that might alter reality. I have assessed my mental health and spent some time with [redacted] discussing it. I am a little crazy, but I'm also mainly sane and possess a healthy mind….
>
> I love each and every one of individuals on this email and I love and respect [redacted] as a law firm. I hope and pray ***that my own law partners*** at the present time and all of the individuals who serve me so well at my firm will be willing to forgive me and continue to practice with me in the profession I love dearly and have loved for 43 years…..

(Emphasis added).

145.

Unfortunately, three hours later, Defendant Wood changed his mind again. On February 18, 2020 at 11:38 a.m., Defendant Wood e-mailed co-counsel in the Disputed Case stating, in material part, as follows:

> [Redacted],
>
> Please inform your firm members that Taylor is NOT to be copied on any other emails on any [Disputed Case] matters. ***He and the former members of my firm*** will not be working on any of the other [Disputed Case] in the future. We have reached a binding agreement on other cases ***so their transfer out of L. Lin Wood, P.C.*** will be smooth going forward despite the recent bumps….
>
> ***The former members of my firm*** are now off to a new and exciting adventure of their own….

(Emphasis added).

AMERICAN OVERSIGHT

146.

The very next day, at midnight, Defendant Wood changed his mind yet again. Following this e-mail, on February 18 and 19, 2020, Defendant Wood made multiple requests to Plaintiff Wilson for the individual Plaintiffs to return to work. Wilson, continuing to try to avoid Wood's wrath, politely declined to return to work at Defendant LLW PC.

147.

After Plaintiff Wilson again refused to return to work at Defendant LLW PC with Defendant Wood, Wood left Wilson another voicemail on February 19, 2020 at 6:29 p.m., in contradiction to all other prior statements he had made, contrary to the Lease for the LLW PC office space, and contrary to the Parties' February 17 agreement, stating as follows:

> Taylor, hey buddy, give me one call back tonight, cause I'm close to making a decision. [Redacted] is not coming back, and I that's a good thing, I think that I need a clean break. And, I don't want to stay in that space and I don't need to cause I don't need the space as much as y'all do, and that means y'all gotta pick it up or pay three quarters of the lease. Y'all are indemnitors on that, each one of ya individually. I'm the, L. Lin Wood, P.C., is the leaseholder, and then our liability is a fourth, a fourth, a fourth, y'all signed it, so you've got three quarters of the liability for that space. I figured under that scenario, y'all would wanna come up and take the space, strike a deal with me, I'll pay my quarter but I'm not gonna pay it up front, I'm not gonna pay it over the months, we'd have to kind of present cash dollar it down. Or, if you don't do that, Taylor, and I'm stuck with that lease, ***I'm gonna have to hold every dime of your [Disputed Case] money against your liability until the end of that lease***. So, it's easier for me to move out, which I'd like to do, candidly, Taylor, and for y'all to stay in there. That may be the win-win. So, give me a call and let me know what you think. Bye bye.

148.

Defendant Wood left a similar voicemail on February 19, 2020, for Plaintiff Grunberg, threatening that he would hold Plaintiffs liable on the Lease for which they are not, and never

AMERICAN OVERSIGHT

were, liable, and that he would withhold the money he agreed to pay in the February 17 agreement until the Lease was satisfied.

149.

Defendant Wood then e-mailed Plaintiffs Wade, Grunberg, and Wilson on February 19, 2020, at 8:01 p.m., along with four other individuals, stating, in material part, as follows:

> Nicole, Jonathan, and Taylor:
>
> … As Nicole has heard me say before, ***I do not intend to pay you "one thin dime" in satisfaction of your legal obligations***….
>
> *Until the matter is resolved between us and the building, I do not intend to make any payments to you on fees owed to you in any case.* I will escrow the amount that I agreed to pay you until I am satisfied that my escrow account has covered me for your amount of the entire remaining lease obligation and other legal liabilities you owe to me for your misconduct….

(Emphasis added).

150.

Even after recanting all of his false and malicious accusations against Plaintiffs Wade, Grunberg, and Wilson, one day later on February 19, 2020, at 8:01 p.m., Wood again accused Plaintiffs of unspecified acts, referring to himself as "their partner" and threatening to hurt them "in the court of public opinion."

151.

The next morning, Defendant Wood had changed his mind again and wanted to profess his love for Plaintiffs. On February 20, 2020, Defendant Wood left a voicemail for Plaintiff Grunberg stating, in material part, as follows:

> Jonathan … I want y'all to come over to my house tonight. I don't want another night of this nonsense that y'all have created. If ya wanna go to war and you think you're gonna beat me, you're gonna lose. I got ya every which way, coming and going…. The last thing you wanna do is start off your law firm,

AMERICAN OVERSIGHT

> before you even get started ***getting crushed by me, and I got the power to do it***.… I've been two steps ahead of you at every damn.… I love you, I love your family, I love your babies.…

152.

That same day, Defendant Wood emailed again to profess his love, and this time to make a variety of threats, all based upon his desire to get Plaintiffs to help him pay for his Lease.

153.

Defendant Wood followed up with another voicemail to Plaintiff Wilson on February 20, 2020 at 6:59 p.m., stating, in material part, that Plaintiffs had to pay for the Lease and he threatened to drag out any claims or suits for any amounts that he owed Plaintiffs:

> Taylor Wilson, man oh man, it's your old boss, the guy you love one minute, test one minute, love one minute, test one minute. Taylor, you're in a damn mess, and you know it, and if you don't, you're gonna talk to a lawyer and you're gonna know it then.
>
> This is not the way to start your law firm, Taylor. Here's what we're gonna do. You're gonna get off your ass and put your pride aside, and you're gonna come over here and you're gonna talk to me. And I'm gonna tell you exactly what I'm willing to do to get y'all out of the mess you got yourselves in with your damn foolishness. ***You're playing with fire when you come after Lin Wood***.
>
> [talking to himself] "Now stop being mad, Lin. Okay, God."
>
> ***Taylor, I don't want to hurt you guys, but you've set it up where I could destroy you before you even got your foot off the ground.*** You can't pay for a lawyer. You can't afford to litigate with me and you're gonna lose, cause you owe 75% of that lease to me. Not a guarantor, you signed on that for me. I'll pay the building, and then I'll hold your money until I litigate it with you.…
>
> If you wanna sit down, Taylor, with me, I'll be humble, you'll be humbler. We'll talk about what you did wrong, we'll talk about how you're gonna fix it. And I'm gonna fix it, cause you did just about what I thought you were gonna do. I'm always one step, two steps ahead of everybody. I see around corners, Taylor.

AMERICAN OVERSIGHT

> Now why don't you come over and talk to me, it won't take an hour, and we'll settle this mess that y'all created? … *But if you wanna go to war, you wanna bash egos with me, you wanna do your free will versus mine, you're gonna lose and it's gonna affect your family and your baby boy,* and I'm not gonna let that happen if I can avoid it. If it happens, it's gonna be on your watch, not mine.
>
> So, please, Taylor, stop the foolishness. Come talk to a man that loves you, that wants you to succeed, that's taken a lot of abuse from you but at every turn has reached out and tried to get you to do the right thing. You're gonna be able to practice law with your people, you're not gonna have me around much to worry about, I'm gonna get out, I wanted to get out, I wanted to be by myself … everything's together, everything in your life is not. Call me, bye.

154.

On February 22, 2020, at 5:07 a.m., Defendant Wood e-mailed Plaintiffs Wade, Grunberg, and Wilson, and their counsel, stating, in material part, as follows:

> [Disputed case] – As you were informed by [redacted], he will deposit … the [Disputed Case compensation] into his firm's escrow account. [The client], not me, control the amount of fees to be paid to WGW, and the clients ***will only agree at best to pay to WGW quantum meruit for services*** strictly related to the [Disputed Case] *which will be very difficult for WGW to calculate*….

(Emphasis added).

155.

On February 22, 2020 at 7:29 p.m., Defendant Wood e-mailed Plaintiffs' counsel and a third party stating, in material part, as follows:

> … If I am right, and I and others believe I am, further discord, disagreement, or even God forbid, litigation *will destroy the chances your clients have if [sic] building a successful and financially viable law firm*…. With respect to the [Disputed Case], your client will have to submit to me their actual hours worked on the [Disputed Case] and Their proposed hourly rate. Taylor can include any hours that he feels were reasonably dedicated to [the Disputed Case] when he began his initial [work]. ***To be clear, I will not pay Nicole Wade any money on the [Disputed Case].*** So only Jonathan and Taylor need to bother will [sic] compiling and submitting to you to provide to me their actual hours worked or their best estimate of them….

AMERICAN OVERSIGHT

(Emphasis added).

156.

On February 25, 2020 at 4:51 a.m., Defendant Wood e-mailed Plaintiffs' counsel copying five third parties, referring to Plaintiffs' counsel's first name on 66 separate occasions and otherwise stating, in material part, as follows:

> … Take whatever action you and your clients believe is necessary, Drew. I will be prepared to respond with the full legal wrath and vengeance like an angry God, Drew….
>
> ***One last matter, Drew. I shall not voluntarily pay you or your clients one thin damn dime, Drew.***

(Emphasis added).

157.

Shortly thereafter, Defendants engaged their current counsel.

158.

Hiring new counsel did not stop Defendant Wood from contacting Plaintiffs in a threatening and abusive manner.

159.

On March 3, 2020, at approximately 10:30 p.m., Defendant Wood called and left a voicemail for Plaintiff Wilson's wife professing his love for her and her family in a manner she found terrifying and stating, in material part, as follows:

> [Redacted] Wilson. You've got a handsome little baby boy, I need to see him soon, I know I will. Listen, I know I'm calling you, I'm not calling Taylor, I'm not supposed to. You're gonna learn some things, Taylor's gonna learn some things in the next day or two, involving Taylor, Nicole, and Jonathan, and me and the lease. It's gonna sound bad for him at first. Bad for you. I want you to know something, [redacted]. I told you I loved you. I told you I loved your son, I love your husband, Taylor. *I'm not gonna let anybody get hurt too badly*…. I think

AMERICAN OVERSIGHT

> Taylor Wilson's one of the best damn young lawyers I've ever seen. A lot of things about Taylor remind me of me. I meant it every time I told you I love you, I meant it then I mean it now. I meant every time I told Taylor I loved him, I meant it then I mean it now. Just relax, hang loose, it's all gonna be good, it's not gonna be good as everybody wants it to be on your side, his side, but it will be good in the long run…. We'll talk one day soon. It'll be when you decide to call me or maybe we'll run into each other, but we'll talk again and we'll be friends, cause I love you and you love me. That answers every dispute that we have in life, doesn't it? We don't have disputes, we're different. We're different but we're alike, we love each other…. I love you and you love me. I love Taylor, he loves me. We'll talk soon…. When you listen to this in the next day or two, you'll understand why. I see around corners before I cross the corner. Buh-bye, talk soon.

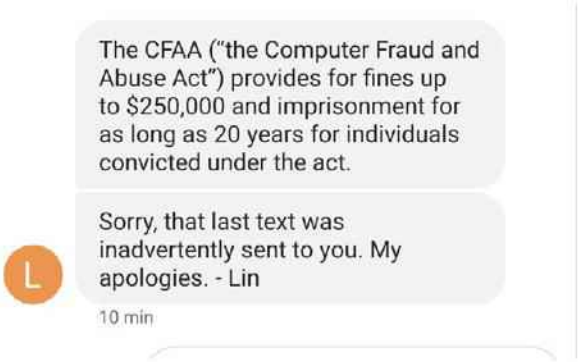
160.

Throughout this entire ordeal, Defendant Wood has continued to text Plaintiff Wilson's wife, despite being instructed to stop by Plaintiffs' counsel multiple times.

161.

On March 4, 2020 at 3:40 a.m., Defendant Wood made clear his intentions not to pay any amounts on the fee distribution agreement he had previously made with Plaintiffs on February 17 when he e-mailed Plaintiffs Wade, Grunberg, and Wilson, their counsel, and a third-party, alleging a series of unspecified criminal conduct in violation of their "fiduciary duties" and stating, in material part, as follows:

> ***In any event, you may rest assured that I shall never voluntarily pay your clients one thin damn dime***. Your clients shall be required to pay their 75% of the lease obligations even if they find themselves prohibited from engaging in the practice of law in the State of Georgia in the future….



(Emphasis added).

162.

Two days after Defendants stated they would not honor the terms of the Settlement Agreement for the reasons stated herein, Defendant Wood texted Plaintiff Grunberg, again

AMERICAN OVERSIGHT

threatening criminal liability based upon his admittedly blatantly false and recanted conspiracy theory that Grunberg, along with Defendants' former law partners, somehow committed some unspecified criminal act involving tampering with his computers:

Defendants' Conduct During Negotiations of Settlement Agreement

163.

Defendants' fraudulent and malicious intent is also revealed by and through their drafts of the Settlement Agreement.

164.

Upon information and belief, when they entered in the Settlement Agreement, Defendants were intent on forestalling a lawsuit by Plaintiffs Wade, Grunberg, and Wilson that would reveal Defendant Wood's indisputable pattern of violent, abusive, and erratic behavior supporting claims for assault, battery, intentional infliction of emotional distress, and defamation. Defendant Wood had repeatedly voiced his concerns about his misconduct being disclosed as he feared it would interfere with his imminent receipt of the Presidential Medal of Freedom and appointment as Chief Justice of United States Supreme Court. The latter belief was based, in part, on (1) a decade-plus old "prophecy" Defendant Wood heard in a YouTube video, and (2) a conspiracy theory that Chief Justice Roberts would be revealed to be part of Jeffrey Epstein's sex trafficking ring and was being blackmailed by liberals to rule in their favor.

AMERICAN OVERSIGHT
GA-SOS-20-2913-000463

165.

More specifically, in reviewing Defendants' drafts of the Settlement Agreement, it is apparent that Defendants were always planning to find a way to "never pay one thin dime" and attempted to have Plaintiffs agree to a Settlement Agreement that would allow Defendants to renege on their covenant to pay Plaintiffs fee splits when the time came for performance, on the purported basis that client consent was required, by setting forth a false recital of their relationship as lawyers, fully cognizant of Georgia Rule of Professional Conduct 1.5(e) and its application.

166.

Defendants' first draft of the Settlement Agreement stated: "Nicole Wade, Jonathan Grunberg, and Taylor Wilson have never been law partners in L. Lin Wood, P.C. (hereinafter 'LLW PC') but have worked ***with*** L. Lin Wood, P.C. ***by agreement on a case-by-case basis*** while sharing office space since 2018." (Emphasis added).

167.

Plaintiffs objected to the above false description of their indisputable association with Defendant LLW PC. Plaintiffs Wade, Grunberg, and Wilson did not work with Defendant LLW PC by agreement on a case-by-case basis. Defendant Wood *never* handled any litigation solely by himself. Since 2018, if not earlier, every case for which Defendant LLW PC entered into an engagement was worked on by Plaintiffs Wade, Grunberg, and/or Wilson, all as lawyers ***of*** Defendant LLW PC. While Defendant Wood and Plaintiffs Wade, Grunberg, and Wilson would discuss which attorneys should work on which matters, Defendant Wood would direct Plaintiffs Wade, Grunberg, and Wilson what work to handle for what case, because he was their "boss."

AMERICAN OVERSIGHT

168.

When Plaintiffs objected, Defendants claimed that this language was there "for insurance purposes."

169.

Defendants then edited this recital to state: "Nicole Wade, Jonathan Grunberg, and Taylor Wilson have never held any ownership interest in L. Lin Wood, P.C. (hereinafter 'LLW PC') but, through Wade Law, LLC and Grunberg & Wilson, LLC, have worked ***with*** L. Lin Wood, P.C. ***by general agreement on hourly fee cases*** and ***by agreement on a case-by-case basis on contingency fee cases*** while sharing office space since 2018." (Emphasis added)

170.

Plaintiffs again objected to the above false language. The distinction between hourly cases and contingency cases was a complete farce, plainly intended by Defendants as a material representation of the agreement, a false representation of the parties' relationship, and plainly designed to allow Defendants to renege on their promises to pay fee splits.

171.

Defendants edited this recital again to state: "WGW never held any ownership interest in L. Lin Wood, P.C. (hereinafter 'LLW PC') but worked ***with*** L. Lin Wood, P.C. on cases and were held out as partners since 2018." (Emphasis added).

172.

Plaintiffs again objected to the above false language, questioning why – if Defendants insisted on a recital setting forth the facts and nature of their relationship with Defendant LLW PC – Defendants insisted on falsely stating Plaintiffs were anything but lawyers of Defendant LLW PC.

AMERICAN OVERSIGHT

173.

Defendants finally edited this recital a fourth time, arriving at the agreed upon language, which is the truth: "WGW never held any ownership interest in L. Lin Wood, P.C. (hereinafter 'LLW PC') but have worked as lawyers ***of*** L. Lin Wood, P.C. on cases since 2018." (Emphasis added).

174.

As demonstrated by the number of negotiations on this point, Defendants' agreement to this fact was a material representation inducing Plaintiffs to enter into the Settlement Agreement, as both parties knew this representation was integral to payment of fees under Rule 1.5 and liability for the Lease.

175.

Georgia Rule of Professional Conduct 1.5(e) "does not prohibit or regulate division of fees to be received in the future for work done when lawyers were previously associated in a law firm." Rule 1.5(e), cmt. 8.

176.

Because Plaintiffs Wade, Grunberg, and Wilson acted as lawyers of Defendant LLW PC at the time they performed work in the Disputed Case (and all cases subject of the Settlement Agreement), Georgia Rule of Professional Conduct 1.5(e) is inapplicable with respect to Plaintiffs' claim for breach of contract.

177.

Defendants always intended to take the position that Plaintiffs were not lawyers of Defendant LLW PC, including prior to, at the time of, and after executing the Settlement Agreement.

AMERICAN OVERSIGHT

178.

Defendants always intended to take the position that client consent was required and knew as counsel for the clients in the Disputed Case, that such consent would not be given, including prior to, at the time of, and after executing the Settlement Agreement.

179.

Defendants' intent prior to, at the time of, and after executing the Settlement Agreement was as they had repeatedly stated: never to pay to Plaintiffs "one thin dime."

180.

As set forth herein, Defendants thereafter and prior to executing the Settlement Agreement, including as early as their February 11, 2020 e-mail, repeatedly threatened that they would pay to Plaintiffs only quantum meruit for their work on the Disputed Case even though Defendant Wood had already agreed to pay Plaintiffs a fee comparable to his previous practice and procedure with respect to distribution of attorneys' fees in cases.

181.

After multiple settlement offers of quantum meruit were rejected by Plaintiffs, Defendants agreed to the terms of the Settlement Agreement, which required payment to Plaintiffs on a lump sum basis rather than a quantum meruit basis.

182.

However, Defendants attempted to draft the agreement in a manner that would allow Defendants to do exactly what they always intended to do despite their express agreements to the contrary in the Settlement Agreement that (1) Plaintiffs were acting as lawyers of Defendant LLW PC and (2) Defendant LLW PC would pay to Plaintiffs the agreed sum: never pay to

AMERICAN OVERSIGHT

Plaintiffs "one thin dime," except possibly as quantum meruit as Defendants, or purportedly their clients, determine is appropriate in their sole authority.

183.

Moreover, despite the Settlement Agreement not containing a single provision requiring the payment of any money by Plaintiffs to Defendants – providing instead that Defendants would pay a lump sum to Plaintiffs after withholding the Lease payment (stating, "LLW PC shall pay the stated portion of said fees … to WGW, minus the lease amount referenced in Section 2 below," which itself provides that "[t]his amount [for the Lease] shall be deducted from the payment by LLW PC to WGW referenced" above) – Defendants took the position that they both get to keep the fees they were supposed to pay to Plaintiffs *and* Plaintiffs had to pay to Defendants the Lease payment, i.e., Defendants would not be paying Plaintiffs "one thin dime."

184.

In summary: (1) after months of repeatedly reiterating that Plaintiffs were partners and otherwise associated in Defendants' law firm LLW PC, falsely accusing Plaintiffs of various crimes, threatening them with various fantastical civil liabilities, making up various acts allegedly committed by Plaintiffs, assaulting and battering Plaintiffs Grunberg and Wilson, repeatedly reiterating that Defendants would never pay Plaintiffs "one thin dime" on the cases subject of the Settlement Agreement, repeatedly claiming Defendant Wood would destroy Plaintiffs' careers, and making repeated threats of physical harm against Plaintiffs Grunberg and Wilson, Defendants executed a Settlement Agreement promising to pay them a lump sum on various cases in return for which Plaintiffs made financial concessions totaling hundreds of thousands of dollars and giving Defendants a release for their conduct *specifically in order to avoid filing this lawsuit*; and (2) after executing the Settlement Agreement, Defendants made

AMERICAN OVERSIGHT

good on their repeated statements that they would never pay Plaintiffs "one thin dime" by claiming that the client in the Disputed Case, for whom Defendants were and remain counsel, refused his consent to the compensation required by the Settlement Agreement, which Defendants claimed was required because, despite the conduct described herein, it is Defendants' position that Plaintiffs were never associated with Defendants' law firm.

COUNT I:
BREACH OF CONTRACT

185.

Plaintiffs hereby incorporate by reference paragraphs 1 through 184 of their Complaint, as if specifically set forth herein.

186.

The parties entered into the Settlement Agreement on or around March 17, 2020, whereby Defendant LLW PC would pay Plaintiffs a portion of its fees for their work on certain cases, including the Disputed Case.

187.

The portion of Defendant LLW PC's fees in the Disputed Case is a liquidated sum.

188.

All conditions precedent under the Settlement Agreement have been satisfied to trigger the payment by Defendant LLW PC of a portion of its fees for the cases to Plaintiffs, including the Disputed Case.

189.

Defendants breached the terms of the Settlement Agreement by failing and refusing to pay to Plaintiffs the agreed amounts within 72 hours of Defendant LLW PC's receipt of its portion of its fees in the Disputed Case, as required in the Settlement Agreement.

AMERICAN OVERSIGHT

190.

Defendants' refusal to pay Plaintiffs the agreed-upon amounts was in bad faith as it was purportedly based upon a Georgia Rule of Professional Conduct which Defendants knew was inapplicable, especially since Defendants had personal knowledge that Plaintiffs Wade, Grunberg, and Wilson had acted as lawyers of Defendant LLW PC in all matters related to the Disputed Case, and no such consent was required for the fee sharing set forth in the Settlement Agreement because, inter alia, Plaintiffs Wade, Grunberg and Wilson were lawyers of Defendant LLW PC—i.e., they were associated in the law firm with Defendant Wood.

191.

The Settlement Agreement, itself, recites as follows: "WHEREAS, Nicole Wade, Jonathan Grunberg, and Taylor Wilson and Wood are lawyers who practiced law and shared office space together for several years."

192.

The Settlement Agreement, itself, recites as follows: "WHEREAS, WGW never held any ownership interest in L. Lin Wood, P.C. (hereinafter 'LLW PC') but have worked as lawyers of L. Lin Wood, P.C. on cases since 2018."

193.

In addition to the many indisputable facts contained herein establishing that Plaintiffs Wade, Grunberg, and Wilson have at all times acted as lawyers of Defendant LLW PC, the above recital is conclusive proof of that fact.

194.

The amounts owed by Defendants are owed for the substantial work that Plaintiffs performed for the clients of LLW PC and for which they have not yet been paid. The clients for

AMERICAN OVERSIGHT

the cases in question have already paid the fees to LLW PC, and the issue resolved in the Settlement Agreement was how those fees would be distributed among the lawyers who worked on the cases.

195.

In addition, Defendants executed the Settlement Agreement representing that clients in the Disputed Case were specifically clients of Defendant LLW PC and that Defendant Wood was their attorney. As such, Defendant Wood had the apparent authority to bind the clients in the Disputed Case to the terms of the Agreement, and in fact, did so bind these clients.

196.

Defendants further breached the Settlement Agreement by breaching the implied covenant of good faith and fair dealing, and by failing "to use [their] best efforts to bring about the happening of the condition to his promise," to the extent client consent can be said to have been a condition to performance. *Cf. Turner Broadcasting System, Inc. v. McDavid*, 303 Ga. App. 593, 602 (2010).

197.

Defendants' breach of the Settlement Agreement proximately caused Plaintiffs to suffer damages for the liquidated sum set forth in the Settlement Agreement, as well as other amounts owed under the Settlement Agreement.

198.

Defendant LLW PC is liable to Plaintiffs in the amount of the fees set forth in the Settlement Agreement owed to Plaintiffs for their work on those cases, together with attorney's fees for Defendants' bad faith refusal to pay and with interest pursuant to O.C.G.A. § 7-4-12.

AMERICAN OVERSIGHT

COUNT II:
FRAUDULENT INDUCEMENT

199.

Plaintiffs hereby incorporate by reference paragraphs 1 through 184 of their Complaint, as if specifically set forth herein.

200.

Defendants fraudulently induced Plaintiffs to enter into the Settlement Agreement.

201.

At the time they entered into the Settlement Agreement, Defendants did not intend to perform their obligations under the Settlement Agreement, including to pay a portion of the fees for the Disputed Case and to honor the non-disparagement provision, which was a misrepresentation of a material fact.

202.

Plaintiffs reasonably relied on Defendants' affirmative but fraudulent representation that they would perform their obligations under the Settlement Agreement, including to pay the promised fees for the Disputed Case and the other cases and to honor the non-disparagement provision.

203.

At the time they entered into the Settlement Agreement, Plaintiffs reasonably relied on Defendants' statement and representation in the Settlement Agreement that, *inter alia*, Plaintiffs Wade, Grunberg, and Wilson "worked as lawyers of L. Lin Wood, P.C. on cases since 2018"—a clause that was heavily negotiated, as Defendants initially drafted it to falsely convey that Plaintiffs Wade, Grunberg, and Wilson were not attorneys of Defendant LLW PC.

AMERICAN OVERSIGHT

GA-SOS-20-2913-000472

204.

As Defendants have themselves proven, they never intended to abide by this true statement of fact that Plaintiffs Wade, Grunberg, and Wilson "worked as lawyers of L. Lin Wood, P.C. on cases since 2018".

205.

Defendants always intended to take the position that client consent to the fee splits in the Settlement Agreement was required, and they knew at the time they entered into the Settlement Agreement that such consent from the clients in the Disputed Case had been withheld or would be withheld, and/or that Defendants would ensure that it was withheld; i.e., that the future event would not take place.

206.

Defendants' fraud is proven by additional substantial and irrefutable circumstantial evidence concerning their fraudulent intent – prior to and at the time of executing the Settlement Agreement – to induce Plaintiffs to enter into the Settlement Agreement with false promises.

207.

Defendants represented as early as February 10, 2020, and on multiple occasions thereafter and prior to the Settlement Agreement, that the clients in the Disputed Case would only agree to compensate Plaintiffs in quantum meruit.

208.

To induce Plaintiffs to sign the Settlement Agreement, Defendant drafted the Settlement Agreement to state that Defendants were indeed counsel for the clients in all of the cases referenced therein, including the Disputed Case, and therefore, as their counsel, that Defendant Wood had all requisite authority to enter into the Settlement Agreement. Defendants further

AMERICAN OVERSIGHT

GA-SOS-20-2913-000473

induced Plaintiffs to enter into the Settlement Agreement by drafting language that asserted that Plaintiffs at all times acted as lawyers of Defendant LLW PC, thereby eliminating any purported need for client consent.

209.

Defendants further expressly instructed and demanded under threats of civil liability, criminal liability, and repercussions with the State Bar, that Plaintiffs were not permitted to contact Defendant LLW PC's clients or co-counsel, including the clients in the Disputed Case.

210.

Defendants at all times relevant hereto acted as counsel to the clients in the Disputed Case, allowing Plaintiffs to reasonably rely on Defendants' apparent authority (1) to bind the clients in the Disputed Case and/or (2) rely on Defendants' implicit representation that said clients knew of and agreed to the terms of the Settlement Agreement.

211.

Defendants' fraudulent intention to never pay to Plaintiffs "one thin dime" is further evidenced by the manner in which they drafted the terms triggering Defendant LLW PC's payment obligations to Plaintiffs. For instance, at the time the Settlement Agreement was entered into, Defendants had already received the compensation necessary to pay Plaintiffs fees in multiple cases subject of the Settlement Agreement, but they drafted the Agreement only to trigger payment to Plaintiffs upon receipt of compensation in the Disputed Case at a later date. Meanwhile, the Lease obligation Plaintiffs agreed to in the Settlement Agreement (but were not otherwise responsible for) was larger than the fees owed in cases other than the Disputed Case and would only be paid out of the fees in the Settlement Agreement. Thus, Defendants have

AMERICAN OVERSIGHT

attempted to make good on the "one thin dime" statements by withholding for months fees owed so that they could later claim the Lease obligation swallowed all fees owed to Plaintiffs.

212.

Defendants attempted to make good on their repeated statements they would never pay to Plaintiffs "one thin dime" by attempting (and failing) to build into the Settlement Agreement the very fraudulent defense on which they now rely: that Plaintiffs were not lawyers of Defendant LLW PC in the years preceding this dispute.

213.

All of Defendant Wood's prior conduct leads to one inescapable conclusion – that he never intended to pay Plaintiffs. That conduct includes his assault and battery of Plaintiffs Grunberg and Wilson; additional threats of physical harm against Plaintiffs Grunberg and Wilson, including that he would fight them to the death; repeatedly reiterating that he would never pay to Plaintiffs "one thin dime" prior to executing the Settlement Agreement; making repeated threats to destroy Plaintiffs' careers prior to executing the Settlement Agreement; making repeated false, fantastical, and malicious accusations of criminal conduct against Plaintiffs prior to executing the Settlement Agreement; making repeated fantastical threats that Plaintiffs would spend many years or the rest of their lives in prison for Defendant Wood's fantastical conspiracy theories about their alleged and false criminal acts; repeatedly threatening the families, including Plaintiffs Grunberg and Wilson's wives and young children aged between 3 months and approximately 2 years; and making numerous false, fantastical, and defamatory statements against Plaintiffs in addition to those relating to criminal acts, including that Plaintiffs were extortionists attempting to extort money from him to which they were not entitled (it appears based solely on Plaintiffs' request that Defendants honor his previous promises

AMERICAN OVERSIGHT

regarding their compensation), including the payment of the compensation owed to them in the Disputed Case.

214.

Plaintiffs reasonably relied upon Defendant Wood's status as counsel to the clients in the Disputed Case and his implicit representations that he had all requisite authority and consent to enter into the Settlement Agreement and would otherwise employ best efforts to ensure his compliance with the Settlement Agreement.

215.

Defendants' fraudulent inducement of Plaintiffs to enter into the Settlement Agreement proximately caused damage to Plaintiffs, including but not limited to by inducing them to enter into the Settlement Agreement and to give up their valuable claims for fees as well as tort claims and to agree to allow LLW PC to retain certain sums as payment on the Lease, all in the promise of payment on the Disputed Case, which Defendants never intended to pay. As such, Defendant Wood's fraudulent inducement bars Defendants from raising the defense they fraudulently attempted to build into the Settlement Agreement.

216.

Plaintiffs are entitled to a verdict against Defendant Wood individually and against Defendant LLW PC for compensatory damages consisting of the full value of the Settlement Agreement, punitive damages, and attorneys' fees in an amount to be proven at trial.

COUNT III:
PUNITIVE DAMAGES

217.

Plaintiffs hereby incorporate by reference paragraphs 1-216 of their Complaint, as if specifically set forth herein.

AMERICAN OVERSIGHT

218.

Defendants' actions showed willful misconduct, malice, fraud, wantonness, oppression, and that entire want of care which would raise the presumption of conscious indifference to consequences as to entitle Plaintiffs to punitive damages against Defendants in accordance with O.C.G.A. § 51-12-5.1.

COUNT IV:
ATTORNEY'S FEES

219.

Plaintiffs hereby incorporate by reference paragraphs 1 – 216 of their Complaint, as if specifically set forth herein.

220.

Plaintiffs are entitled to the recovery of the costs of litigation and their attorney's fees under O.C.G.A. § 13-6-11 as Defendants have acted in bad faith, been stubbornly litigious, and caused Plaintiffs unnecessary trouble and expense. Accordingly, Plaintiffs are entitled to expenses of litigation, including attorney's fees, under O.C.G.A. § 13-6-11.

221.

Further, Plaintiffs are entitled to the recovery of attorneys' fees and the costs of litigation from Defendants for the fraud they engaged in, including by fraudulently inducing Plaintiffs to enter into the Settlement Agreement. Defendants' behavior in negotiating, entering into, and carrying out the Settlement Agreement evidences that species of bad faith sufficient to justify an award of attorney's fee and the expenses of litigation under Georgia law.

WHEREFORE, Plaintiffs respectfully pray of this Court as follows:

A. Enter judgment in favor of Plaintiffs against Defendants as set forth in each count of this

AMERICAN OVERSIGHT

Complaint;

B. Award Plaintiffs actual, special, and compensatory damages as set forth above in an amount to be determined at trial, plus interest pursuant to O.C.G.A. § 7-4-12;

C. Award Plaintiffs punitive damages pursuant to O.C.G.A. § 51-12-5.1;

D. Award Plaintiffs their reasonable attorneys' fees and expenses of litigation;

E. For an award of Plaintiffs' costs of this action against Defendants; and

F. For such other and further relief as this Court deems just, proper and equitable under the circumstances.

Respectfully submitted this 31st day of August, 2020.

Current through the 2020 Regular Session of the General Assembly

GA - Official Code of Georgia Annotated TITLE 21. ELECTIONS CHAPTER 2. ELECTIONS AND PRIMARIES GENERALLY ARTICLE 6. REGISTRATION OF VOTERS

§ 21-2-216. Qualifications of electors generally; reregistration of electors purged from list; eligibility of nonresidents who vote in presidential elections; retention of qualification for standing as elector; evidence of citizenship; check of convicted felons and deceased persons databases

(a) No person shall vote in any primary or election held in this state unless such person shall be:

(1) Registered as an elector in the manner prescribed by law;

(2) A citizen of this state and of the United States;

(3) At least 18 years of age on or before the date of the primary or election in which such person seeks to vote;

(4) A resident of this state and of the county or municipality in which he or she seeks to vote; and

(5) Possessed of all other qualifications prescribed by law.

(b) In addition to the qualifications in subsection (a) of this Code section, no person who has been convicted of a felony involving moral turpitude may register, remain registered, or vote except upon completion of the sentence and no person who has been judicially determined to

AMERICAN OVERSIGHT

be mentally incompetent may register, remain registered, or vote unless the disability has been removed.

(c) Any person who possesses the qualifications of an elector except that concerning age shall be permitted to register to vote if such person will acquire such qualification within six months after the day of registration; provided, however, that such person shall not be permitted to vote in a primary or election unless such person shall be at least 18 years of age on or before the date of the primary or election in which such person seeks to vote.

(d) Notwithstanding any other provision of this article, any person who was qualified and registered to vote on June 24, 1964, shall not be required to reregister under the terms of this article unless such person shall have become or becomes disqualified to vote by reason of having been purged from the list of electors or for any other reason whatsoever, in which event such person shall, in order to become registered to vote, reregister under the terms of this article.

(e) If any citizen of this state begins residence in another state after the thirtieth day next preceding any election for President and Vice President and, for that reason, does not satisfy the registration requirements of that state, such citizen shall be allowed to vote for presidential and vice presidential electors, in that election, in person in this state if such citizen satisfied, as of the date of such citizen's change of residence, the requirements to vote in this state, or by absentee ballot in this state if such citizen satisfies, but for such citizen's nonresident status and the reason for such citizen's absence, the requirements for absentee voting in this state.

(f) No person shall remain an elector longer than such person shall retain the qualifications under which such person registered.

(g)

(1) On and after January 1, 2010, an application for registration under this chapter shall be accompanied by satisfactory evidence of United States citizenship. Upon the receipt of an application without satisfactory evidence of citizenship, the board of registrars shall notify the applicant in writing of the requirement to provide satisfactory evidence of citizenship. The board of registrars shall not determine the eligibility of the applicant until and unless satisfactory evidence of citizenship is supplied by the applicant. If the initial application is received without satisfactory evidence of citizenship prior to the close of voter registration preceding an election, but the applicant supplies satisfactory evidence of citizenship on or prior to the date of such election and the applicant is found eligible to vote, the applicant shall be permitted to vote in the election and any run-off elections resulting therefrom and subsequent elections; provided, however, that those electors who register to vote for the first time in this state by mail also shall supply current and valid identification as required in

AMERICAN OVERSIGHT

subsection (c) of Code Section 21-2-220. In the event the applicant does not respond to the request for the missing information within 30 days following the sending of notification to provide satisfactory evidence of citizenship, the application shall be rejected.

(2) Satisfactory evidence of citizenship shall include any of the following:

(A) The number of the applicant's Georgia driver's license or identification card issued by the Department of Driver Services if the applicant has provided satisfactory evidence of United States citizenship to the Department of Driver Services or a legible photocopy of the applicant's driver's license or identification card issued by an equivalent government agency of another state if the agency indicates on the driver's license or identification card that the applicant has provided satisfactory evidence of United States citizenship to the agency;

(B) A legible photocopy of the applicant's birth certificate that verifies citizenship to the satisfaction of the board of registrars;

(C) A legible photocopy of pertinent pages of the applicant's United States passport identifying the applicant and the applicant's passport number or presentation to the board of registrars of the applicant's United States passport;

(D) A presentation to the board of registrars of a legible copy of the applicant's United States naturalization documents or the alien registration number from the applicant's naturalization documents. If only the applicant's alien registration number is provided, the applicant shall not be found eligible to vote until the applicant's alien registration number is verified with the United States Citizenship and Immigration Services by the board of registrars;

(E) Other documents or methods of proof that are established pursuant to the federal Immigration Reform and Control Act of 1986 (P. L. 99-603);

(F) The applicant's Bureau of Indian Affairs card, tribal treaty card, or tribal enrollment card; and

(G) For residents of this state who are United States citizens but are not in possession of any of the documents or methods of proof enumerated under subparagraphs (A) through (F) of this paragraph, other documents or methods of proof for establishing evidence of United States citizenship which shall be promulgated by rule and regulation of the State Election Board.

(3) Notwithstanding any provision of this subsection, any person who is registered in this state on December 31, 2009, shall be deemed to have provided satisfactory evidence of citizenship and shall not be required to submit evidence of citizenship.

(4) After citizenship has been demonstrated to a board of registrars, an elector shall not be required to resubmit satisfactory evidence of citizenship in that or any other county in this state so long as the person continuously remains an elector of this state.

AMERICAN OVERSIGHT

(5) For the purposes of this subsection, proof of voter registration from another state shall not be satisfactory evidence of citizenship.

(6) After a person has submitted satisfactory evidence of citizenship, the board of registrars shall indicate such information on the elector's voter registration record. After two years, the board of registrars may destroy all documents that were submitted as evidence of citizenship.

(7) The Secretary of State shall establish procedures to match an applicant's voter registration information to the information contained in the data base maintained by the Department of Driver Services for the verification of the accuracy of the information provided on the application for voter registration, including whether the applicant has provided satisfactory evidence of United States citizenship.

(h) Prior to approving the application of a person to register to vote, the registrars may check the data bases of persons convicted of felonies and deceased persons maintained by the Secretary of State.

THE 2017 AMENDMENT, effective July 1, 2017, inserted "a legible copy of" in the first sentence of subparagraph (g)(2)(D); in subparagraph (g)(2)(F), deleted "number" following "card" twice, and substituted "card" for "number" near the end.

THE 2019 AMENDMENT, effective April 2, 2019, added "on or before the date of the primary or election in which such person seeks to vote" at the end of paragraph (a)(3)

AMERICAN OVERSIGHT

and substituted "unless such person shall be at least 18 years of age on or before the date of the primary or election in which such person seeks to vote" for "until the acquisition of all specified qualifications" at the end of subsection (c).

JUDICIAL DECISIONS

EDITOR'S NOTES. --In light of the similarity of the statutory provisions, decisions under former Code 1895, § 36, former Code 1910, § 36, former Code 1933, § 34-601 et seq., and former Code Sections 21-2-217 and 21-2-219 are included in the annotations for this Code section.

GEORGIA MAY REQUIRE ITS VOTERS TO BE BONA FIDE RESIDENTS to register to vote, but it may not require any length of residence as a condition to registering to vote. Abbott v. Carter, 356 F. Supp. 280 (N.D. Ga. 1972) (decided under former Code 1933, § 34-602 as it read prior to the 1994 repeal and reenactment by Ga. L. 1994, p. 1443, § 3).

COMPLIANCE WITH FEDERAL PRIVACY LAW. --State violated the Voting Rights Act, 42 U.S.C. § 1971(a)(2)(B), when it denied voter registration applicants the right to register to vote because they refused to disclose their social security numbers (SSN); disclosing one's SSN was not material in determining whether that person was qualified to vote under state law. Schwier v. Cox, 412 F. Supp. 2d 1266 (N.D. Ga. 2005).

IN ORDER TO BE ENTITLED TO REGISTER AS A VOTER, PERSON MUST TAKE PRESCRIBED OATH, by which the person is required to depose, in effect, that the person possesses, or will by a designated day in the future possess, all the legal qualifications of a voter. Cole v. McClendon, 109 Ga. 183, 34 S.E. 384 (1899); Drake v. Drewry, 112 Ga. 308, 37 S.E. 432 (1900) (decided under former Code 1895, § 36).

PERSON NOT QUALIFIED VOTER IF HAS NOT TAKEN REQUIRED OATH. --Although a person's name may appear on the registration list, the person is not a qualified voter if the person has not taken the oath required by former Code 1910, § 36. Chapman v. Sumner Consol. Sch. Dist., 152 Ga. 450, 109 S.E. 129 (1921); Stephens v. Ball Ground Sch. Dist., 153 Ga. 690, 113 S.E. 85 (1922) (decided under former Code 1910, § 36).

FACT THAT NAME SIGNED TO OATH IN VOTERS' BOOK PRIMA FACIE EVIDENCE THAT OATH ADMINISTERED. --The fact that one's name was signed to the oath in the voters' book will be prima facie evidence that the oath was administered as required by former Code 1910, § 36, and a substantial compliance therewith was sufficient. Chapman v. Sumner Consol. Sch. Dist., 152 Ga. 450, 109 S.E. 129 (1921) (decided under former Code 1910, § 36).

COMPLIANCE WHERE ATTENTION CALLED TO OATH'S CONTENT AND NAME SUBSCRIBED. --Where the attention of the voters was called to the contents of the registration oath and the voters subscribed their names thereto, this was a substantial compliance with the requirement as to administering such an oath. Brown v. City of Atlanta, 152 Ga. 283, 109 S.E. 666 (1921) (decided under former Code 1910, § 36).

REQUIREMENT THAT REGISTRATION CARDS BE SIGNED. --By failing to sign their registration cards, individuals never took the oath required to qualify them as voters in

AMERICAN OVERSIGHT

this state and, therefore, they never became lawfully registered voters who were authorized to cast ballots. Johnson v. Byrd, 263 Ga. 173, 429 S.E.2d 923 (1993) (decided under former Code Section 21-2-217 as it read prior to the 1994 repeal and reenactment by Ga. L. 1994, p. 1443, § 3).

RESIDENCE IN POLITICAL SUBDIVISION MAY BE REQUIRED. --County registrars and the State of Georgia have the power to require that voters be bona fide residents of the relevant political subdivision. McCoy v. McLeroy, 348 F. Supp. 1034 (M.D. Ga. 1972) (decided under former Code 1933, § 34-601 et seq. as it read prior to the 1994 repeal and reenactment by Ga. L. 1994, p. 1443, § 3).

COUNTY REGISTRARS MAY DETERMINE WHETHER RESIDENCE REQUIREMENTS ARE MET. --County registrars are free to take reasonable and adequate steps to see that all applicants for the right to register to vote actually fulfill the requirements of bona fide residence. McCoy v. McLeroy, 348 F. Supp. 1034 (M.D. Ga. 1972) (decided under former Code 1933, § 34-601 et seq. as it read prior to the 1994 repeal and reenactment by Ga. L. 1994, p. 1443, § 3).

INDICIA OF RESIDENCE. --Since residents of Georgia are prohibited from operating out-of-state licensed motor vehicles in Georgia, a person who regularly drives an out-of-state licensed motor vehicle in Georgia has already determined and is evidencing that person determination that one is not a resident of Georgia for purposes of the former provisions. McCoy v. McLeroy, 348 F. Supp. 1034 (M.D. Ga. 1972) (decided under former Code 1933, § 34-601 et seq. as it read prior to the 1994 repeal and reenactment by Ga. L. 1994, p. 1443, § 3).

VOTING BY FELONS. --Even though felons may have remained registered voters, they still could not have legally voted and their votes could still have been challenged even after they had been cast. Johnson v. Byrd, 263 Ga. 173, 429 S.E.2d 923 (1993) (decided under former Code Section 21-2-219 as it read prior to the 1994 repeal and reenactment by Ga. L. 1994, p. 1443, § 3).

APPLICATION INQUIRING AS TO RACE. --Registration to vote may not be conditioned upon an applicant supplying race on a registration application, though race may be requested as an optional part of the registration process. 1995 Op. Att'y Gen. No. 95-35.

JUDICIAL DETERMINATION OF MENTAL INCOMPETENCE. --A separate, judicial determination must be made that a person is "mentally incompetent" prior to the removal of a person's right to vote. 1995 Op. Att'y Gen. No. 95-27.

DISCLOSURE OF SOCIAL SECURITY NUMBERS. --Social security number disclosure required by former Code 1933, §§ 34-103 and 34-609 is exempted by § 7(a) (5 U.S.C. § 552a note) of the Privacy Act of 1974 from the prohibition which prohibits state and local governments, as well as federal agencies, from denying to any individual any right, benefit, or privilege afforded by law for the individual's refusal to disclose social security number. 1976 Op. Att'y Gen. No. 76-6 (decided under former Code 1933, §§ 34-103 and 34-609 as it read prior to the 1994 repeal and reenactment by Ga. L. 1994, p. 1443, § 3).

LACK OF INFORMATION ON REGISTRATION CARD AND ABSENTEE BALLOT APPLICATION. --Where there is an absence of information on a registration card, and a consequent lack of correspondence between that source of information and the information provided on the completed absentee ballot application, the registrar may properly request the absentee ballot applicants to furnish all the information which is sought by former Code 1933, §§ 34-103 and 34-609. In the event the applicant does not furnish the requested information, the application may be rejected. 1976 Op. Att'y Gen. No. 76-2 (decided under former Code 1933, §§ 34-103 and 34-609 as it read prior to the 1994 repeal and reenactment by Ga. L. 1994, p. 1443, § 3).

Where the registration card corresponding to an otherwise proper application for absentee ballot is signed but is otherwise incomplete in some respect, until the completion of proceedings in accordance with O.C.G.A. §§ 21-2-236 or former 21-3-137, as the case may be, the registrar may not refuse to deliver the absentee ballot unless the absence of information sought by the registration card on file gives rise to a question as to the applicant's identity. In the latter event, the registrar may request additional information, including that sought by the former provisions, and may, if the applicant refuses to furnish the information requested, reject the absentee ballot application. 1976 Op. Att'y Gen. No. 76-2 (decided under former Code 1933, §§ 34-103 and 34-609 as it read prior to the 1994 repeal and reenactment by Ga. L. 1994, p. 1443, § 3).

TELEPHONE NUMBERS. --Voter registrars have no authority to request the inclusion of a telephone number on a voter registration card, and in the absence of statutory authority either to require or to request that an elector provide a telephone number, whether listed or unlisted, for a voter registration card, the disclosure of an unlisted number pursuant to an Open Records Act, O.C.G.A. § 50-18-70 et seq., request may constitute an unwarranted invasion of privacy. Hence, a voter's unlisted telephone number should not be disclosed by voter registrars under an Open Records Act request. 1990 Op. Att'y Gen. No. 90-5 (decided under former Code Section 21-2-217 as it read prior to the 1994 repeal and reenactment by Ga. L. 1994, p. 1443, § 3).

COUNTY RESIDENCY REQUIREMENT. --Registrar may only conduct registration of electors within county for residents of that county. 1980 Op. Att'y Gen. No. 80-63 (decided under former Code 1933, §§ 34-103 and 34-609 as it read prior to the 1994 repeal and reenactment by Ga. L. 1994, p. 1443, § 3).

VOTING IN ELECTIONS HELD PURSUANT TO § 3-4-41. --Registered and qualified voters in municipal elections may sign petitions and vote in both municipal and county elections held pursuant to O.C.G.A. § 3-4-41, but a county referendum is only binding on the unincorporated areas of the county. 1985 Op. Att'y Gen. No. U85-48 (decided under former Code Section 21-2-219 as it read prior to the 1994 repeal and reenactment by Ga. L. 1994, p. 1443, § 3).

REGISTRATION TO VOTE FOR PRESIDENT AFTER MOVING TO ANOTHER STATE. --A citizen of Georgia who moves to another state, beginning residence therein after the thirtieth day next preceding the election for President and Vice-President, should be permitted to register to vote for such officers up to 14 days prior to the election, and to vote, either in person or by absentee ballot. 1972 Op. Att'y Gen. No. U72-51 (decided under former Code 1933, §§ 34-103 and 34-609 as it read prior to the 1994 repeal and reenactment by Ga. L. 1994, p. 1443, § 3).

GA - Official Code of Georgia Annotated TITLE 21. ELECTIONS CHAPTER 2. ELECTIONS AND PRIMARIES GENERALLY ARTICLE 6. REGISTRATION OF VOTERS

§ 21-2-217. Rules for determining residence

(a) In determining the residence of a person desiring to register to vote or to qualify to run for elective office, the following rules shall be followed so far as they are applicable:

(1) The residence of any person shall be held to be in that place in which such person's habitation is fixed, without any present intention of removing therefrom;

(2) A person shall not be considered to have lost such person's residence who leaves such person's home and goes into another state or county or municipality in this state, for temporary purposes only, with the intention of returning, unless such person shall register to vote or perform other acts indicating a desire to change such person's citizenship and residence;

(3) A person shall not be considered to have gained a residence in any county or municipality of this state into which such person has come for temporary purposes only without the intention of making such county or municipality such person's permanent place of abode;

(4) If a person removes to another state with the intention of making it such person's residence, such person shall be considered to have lost such person's residence in this state;

(4.1) If a person removes to another county or municipality in this state with the intention of making it such person's residence, such person shall be considered to have lost such person's residence in the former county or municipality in this state;

AMERICAN OVERSIGHT

(5) If a person removes to another state with the intention of remaining there an indefinite time and making such state such person's place of residence, such person shall be considered to have lost such person's residence in this state, notwithstanding that such person may intend to return at some indefinite future period;

(6) If a person removes to another county or municipality within this state with the intention of remaining there an indefinite time and making such other county or municipality such person's place of residence, such person shall be considered to have lost such person's residence in the former county or municipality, notwithstanding that such person may intend to return at some indefinite future period;

(7) The residence for voting purposes of a person shall not be required to be the same as the residence for voting purposes of his or her spouse;

(8) No person shall be deemed to have gained or lost a residence by reason of such person's presence or absence while enrolled as a student at any college, university, or other institution of learning in this state;

(9) The mere intention to acquire a new residence, without the fact of removal, shall avail nothing; neither shall the fact of removal without the intention;

(10) No member of the armed forces of the United States shall be deemed to have acquired a residence in this state by reason of being stationed on duty in this state;

(11) If a person removes to the District of Columbia or other federal territory, another state, or foreign country to engage in government service, such person shall not be considered to have lost such person's residence in this state during the period of such service; and the place where the person resided at the time of such person's removal shall be considered and held to be such person's place of residence;

(12) If a person is adjudged mentally ill and is committed to an institution for the mentally ill, such person shall not be considered to have gained a residence in the county in which the institution to which such person is committed is located;

(13) If a person goes into another state and while there exercises the right of a citizen by voting, such person shall be considered to have lost such person's residence in this state;

(14) The specific address in the county or municipality in which a person has declared a homestead exemption, if a homestead exemption has been claimed, shall be deemed the person's residence address; and

(15) For voter registration purposes, the board of registrars and, for candidacy residency purposes, the Secretary of State, election superintendent, or hearing officer may consider evidence of where the person receives significant mail such as personal bills and any other evidence that indicates where the person resides.

AMERICAN OVERSIGHT

(b) In determining a voter's qualification to register and vote, the registrars to whom such application is made shall consider, in addition to the applicant's expressed intent, any relevant circumstances determining the applicant's residence. The registrars taking such registration may consider the applicant's financial independence, business pursuits, employment, income sources, residence for income tax purposes, age, marital status, residence of parents, spouse, and children, if any, leaseholds, sites of personal and real property owned by the applicant, motor vehicle and other personal property registration, and other such factors that the registrars may reasonably deem necessary to determine the qualification of an applicant to vote in a primary or election. The decision of the registrars to whom such application is made shall be presumptive evidence of a person's residence for voting purposes.

RESIDENCY REQUIREMENT OF COMMISSIONER MET. --In a case involving the residency requirements of O.C.G.A. §§ 21-2-217(a) and 46-2-1(b), the trial court properly granted a Commissioner's motion for summary judgment because the evidence established the Commissioner's residence in District Two at least 12 months prior to the Commissioner's election to the Public Service Commission; pursuant to O.C.G.A. § 19-2-3, the domicile of the Commissioner's spouse in another district was not presumed to be the Commissioner's domicile. Dozier v. Baker, 283 Ga. 543, 661 S.E.2d 543 (2008).

In ruling a candidate was not qualified to be elected as a member of the commission from a Georgia Public Service Commission district because the candidate did not meet the residency requirements of O.C.G.A. § 46-2-1(b), the Georgia Secretary of State erred in considering only the homestead exemption rule, O.C.G.A. § 21-2-217(a)(14), and ignoring the other applicable portions of § 21-2-217(a) to determine the candidate's residency. Handel v. Powell, 284 Ga. 550, 670 S.E.2d 62 (2008).

County residents' challenge to a school board candidate's residency qualification under O.C.G.A. § 45-2-1(1) and Ga. Const. 1983, Art. VIII, Sec. V, Para. II, was barred by res judicata because another challenger had raised the same challenge, and it had been resolved against the challenger by the county's board of elections. Lilly v. Heard, 295 Ga. 399, 761 S.E.2d 46 (2014).

IRREBUTTABLE PRESUMPTION OF MARRIED WOMAN'S RESIDENCE UNCONSTITUTIONAL. --The joint operation of former Code 1933, §§ 79-403, 79-407 and 34-632 (see O.C.G.A. §§ 19-2-3 and 19-2-6), and former § 21-2-241, respectively, insofar as it established an irrebuttable presumption that the domicile and residence of a married woman was that of her husband, and thereby prevents her from registering to vote in Georgia, violated U.S. Const., amend. 19. Kane v. Fortson, 369 F. Supp. 1342 (N.D. Ga. 1973) (decided prior to 1982 amendment to former Code 1933, § 34-632).

HUSBAND AND WIFE WERE QUALIFIED TO VOTE IN A CITY ELECTION where their testimony showed that (1) the husband grew up in the city and entered the military, and that all of his relatives still lived in the city; (2) when he retired from the military in 1993, they had a house in another city, but always considered the city to be their home, (3) the husband worked for the city, and they would regularly travel back and forth between the two cities, (4) they attended church in the city and had a trailer there which they sold two or three years earlier, (5) after the sale of the trailer, they would stay in the city with the husband's mother, (6) the husband apparently still owned some real property in the city and was in the city almost every day, (7) the wife's bank account was in the city and she had voted in the city for 16 years, and (8) their expressed intent was to keep their house in the other city temporarily and to return to the city permanently. Holton v. Hollingsworth, 270 Ga. 591, 514 S.E.2d 6 (1999).

The Office of Secretary of State

Brad Raffensperger
SECRETARY OF STATE

Chris Harvey
ELECTIONS DIRECTOR

December 10, 2020

RE: Electors Identified on NCOA Voter List

Dear Sir/Madam:

The Secretary of State's Office is contacting you to notify you that you have been identified as an elector who currently lives out-of-state *and* that you requested an absentee ballot for the January 5, 2021 Runoff Election in the state of Georgia. Please accept this correspondence as a friendly reminder of the residency requirements needed to be a valid Georgia voter for the January 5, 2021 Runoff Election in this state. Receipt of this letter does not in any way mean that you are not deemed to be a valid Georgia resident or voter. Instead, this notice is to make you aware of why you could or could not be considered a valid Georgia voter in the upcoming election on January 5, 2021.

As you may know, to qualify as a valid Georgia voter, you must be a permanent resident and a citizen of the state of Georgia and of the county in which you have requested an absentee ballot. Meaning, if you moved out of the state of Georgia with the intention of making this new place your permanent residence, you shall be considered to have lost your residency status in Georgia. However, if you have moved out-of-state temporarily with the intention of *returning* to Georgia, you shall *still* be considered a resident. For instance, if you are a student, in the armed forces of the United States, or if you have removed to the District of Columbia or other federal territory, another state, or foreign country to engage in government service, you shall be considered a resident of Georgia during the period of such service, *unless* you have registered to vote in another state or changed your citizenship or residency status. But, if you are a member of the armed forces of the United States, you shall not be considered a resident of Georgia by reason of being stationed on duty in this state, *only*.

Thank you for your attention to this matter. For your reference, please find enclosed a copy of O.C.G.A. § 21-2-217 which outlines the statutory requirements for determining a voter's residency status. If you have any questions or concerns about your eligibility to vote in the state of Georgia, please do not hesitate to contact the Secretary of State's Office at (404) 656-2871 or your local county election official.

Respectfully,

Chris Harvey

The Office of Secretary of State

Brad Raffensperger
SECRETARY OF STATE

November 10, 2020

Dear Representative:

As you know, election security is my top priority as the duly elected Secretary of State of Georgia. Please know that I will continue to fight against unsubstantiated claims and fake news seeking to cast doubt on the integrity of our elections system**. Please see the answers to frequently asked questions below and know that I value and appreciate your support as we work together to ensure every legal vote is counted, and credible instances of fraud are promptly and thoroughly investigated**.

What oversight authority does the Secretary of State's office have to ensure county elections offices comply with state and federal election laws?
Ryan/Gabe?

How can we stop and prevent voter fraud?
Citizens may use the online reporting form or call the **Voter Fraud Hotline at 877-725-9797** to report questionable elections activity. A POST-certified investigator will contact them for more information if needed.

What was the breakdown of absentee and Election Day voting?
Nearly 5 million Georgians voted in the November 3rd General Election. Roughly 75% of Georgia voters utilized in-person voting, while roughly 25% utilized the option to vote no-excuse absentee by mail.

Since I voted early in person, why does My Voter Page show me voting absentee?
Any time a voter votes before Election Day it is considered "absentee" voting. "early voting" and "advanced voting" is absentee in-person voting.

How do we know counties stopped collecting new ballots that did not meet the legal deadline in this state?
County election officials take an oath to uphold the laws of this state and country, and **it is a felony to commit voter fraud.** Per Georgia law, ballots must be received by the county elections office by the close of polls on Election Day. Ballots received after the close of polls must be kept separate. (The post mark date is only applicable to military and overseas ballots in compliance with federal election law.)

What is a military ballot?
What is often referred to as a "military ballot" is a UOCAVA ballot for military and overseas voters. The federal *Uniformed and Overseas Citizens Absentee Voting Act (UOCAVA)* requires states and counties to accept the ballots of overseas citizens and members of the military and their

AMERICAN OVERSIGHT

spouses three days after the election as long as these UOCAVA ballots are postmarked by Election Day. 18,407 UOCAVA ballots were accepted and 7,786 ballots were not returned to county election offices by the legal deadline. Counties are required to mail UOCAVA ballots at least 45 days before an election.

Can the number of outstanding ballots increase after the election?
Since Georgia counties receive absentee ballots up to the close of polls on Election Day in compliance with state and federal law, they may not know the total number of ballots that have been received until after the close of polls when those ballots are reviewed for a signature match, opened, scanned, and recorded. 1,303,749 absentee ballots were requested and 126,400 absentee ballots were not cast.

Why do we have absentee voting?
The State of Georgia has allowed to option to vote absentee by mail and absentee in-person without an excuse since 2005. This law was signed by Republican Governor Sonny Perdue and voted for by a Republican legislature.

When can we expect official election results?
81 Georgia counties have already certified their elections results. Counties must certify their results by November 13th, and Georgia must audit and certify these results by November 20th.

Why did we have to wait for election results?
Ryan/Gabe? The federal *Voting Rights Act of 1993* requires our state to allow three additional days for provisional ballots to be cured and for military and overseas ballots post-marked by Election Day to be received. Georgia counties had over two weeks before the election to scan absentee ballots. While most states did not begin scanning absentee ballots until Election Day, the Secretary of State's Office promoted SEB Rule 183-1-14-0.9-.15, which allowed counties the option to start scanning absentee ballots at 8:00 A.M. on the third Monday prior to Election Day. Not all counties utilized this option and counties were still receiving ballots until the close of polls at 7 P.M.

What is the difference between an audit and a recount?
Ryan/Gabe?

When will the recount occur?
The recount will occur after the state certifies election results.

Will there be a risk limiting audit?
Yes, there will be a risk liming audit as required by the passage of HB 316. The November General Election statewide contest to be audited by all 159 counties will be announced on Wednesday, November 11, 2020 at 1:00 p.m. EST. This meeting will be held at 214 State Capitol,

AMERICAN OVERSIGHT

Atlanta, Georgia 30334, and it will be accessible via the following link: https://zoom.us/webinar/register/WN_VbWHeGFXSViTL0M-4zIMOw. Immediately following the announcement, the Secretary of State will oversee the random selection of the ballots to be audited. Counties will be notified of the ballots they must audit following their selection.

Are recounts automatic?
Recounts are not automatic in Georgia. After the state certifies the election results, the losing candidate *may request* a recount if the losing candidate is within a 0.5% margin between the winning candidate.

What mechanisms are in place to prevent felon voting?
Ryan/Gabe?

What mechanisms are in place to prevent the fraudulent use of a deceased person's identity to vote?
Per O.C.G.A. § 21-2-231, counties are responsible for removing deceased persons from their list of eligible electors and providing a monthly report to the Secretary of State's Office with a complete list of all persons, including addresses, ages, and other identifying information, who died during the preceding calendar month in the county. Counties may learn of deaths through obituaries published by local newspapers, death certificates, verifiable knowledge of the death, and information provided in writing and signed by a family member or members of the deceased person. It is recommended that families of deceased persons notify the county elections office where the deceased was registered to vote to remove them from the voter roll.

Opinion: The Georgia secretary of state who insists that two plus two still equals four

POLITICAL INSIDER

| 27 minutes ago

By Jim Galloway, The Atlanta Journal-Constitution

We tell ourselves that people of character are capable of wonderous things. In fact, more often than not, they simply do ordinary things under extraordinary circumstances.

On Monday, Secretary of State Brad Raffensperger stared into a howling tempest — which probably had its origins in the White House — and declared that two plus two equals four.

Those who claim the correct answer to be five or three, the Republican said, should be prepared to show their work.

“In these times that we live in, I think it’s best to be very mindful of our speech,” Raffensperger said. “What people really want at the end of the day — I think both sides should desire honest, fair elections. That’s what we’ve been working for.”

It was after 6 p.m. Monday, already dark outside and mostly empty inside the state Capitol. I was at one end of a long table, and Georgia’s quiet, lanky secretary of state — the man in charge of the Nov. 3 election — was at the other.

Two security officers in business suits had pointed me to Raffensperger’s interior office. There had already been death threats, you see.

Raffensperger’s day had taken a sharp turn at 3:04 p.m., when U.S. Sens. David Perdue and Kelly Loeffler, both fellow Republicans, had — without warning — issued a joint statement calling for Raffensperger’s resignation. The pair vaguely cited “mismanagement and lack of transparency.”

Seventeen minutes later, President Donald Trump said this via Twitter: “Georgia will be a big presidential win, as it was the night of the Election!”

In other words, before metro Atlanta votes were counted.

AMERICAN OVERSIGHT

The timing strongly hints at coordination between the senators and the White House. And the pairing of the message from Perdue and Loeffler suggests that they will be operating as a single ticket in the weeks leading up to the Jan. 5 runoff against Democrats Jon Ossoff and Raphael Warnock, respectively.

No one will say so in public, but the object of the senators' demand appears to be the dismissal — or at least the legal muddying — of a Georgia election that Raffensperger must certify by Nov. 20. The one in which the state's 16 electoral college votes are at stake, and now appear headed for President-elect Joe Biden. As of this writing, he's ahead of Trump by more than 12,000 votes.

If that's the case, we're talking outright larceny.

The kindest interpretation of Perdue and Loeffler's demand for Raffensperger's head is that they are victims of blackmail, hostages to the Twitter account of a president who, although defeated, still has the power to torpedo their campaigns in 140 characters or less.

Last week, during a rally at Georgia GOP headquarters in Buckhead, Donald Trump Jr. had promised a post-electoral fight "to the death" — and retribution against any Republican who does anything less.

Perdue and Loeffler have apparently taken his threat to heart, perhaps recognizing that the elder Trump will remain the dominant force in his Republican party long after he leaves the White House.

In private, beyond maligning a fellow Republican and sending a few Trumpish pitchforks his way, Perdue and Loeffler might admit that their demand carries no weight.

First of all, Raffensperger can't be forced to resign and has no intention of doing so. Secondly, blocking or delaying the certification of the Nov. 3 vote wouldn't just obstruct the presidential vote. It would negate some very good results that Republicans enjoyed down-ballot.

But if senators' Monday press release was a mere charade intended to appease a wounded Trump, a little warning would have been nice.

Raffensperger, 65, is a data man — a north Fulton resident and CEO of an engineering design firm. "In the business world that I live in, if we have an issue with people, we call them directly and we have our conversation," he said. "We don't just send it out to the world."

AMERICAN OVERSIGHT

There were no calls or previous complaints from Perdue and Loeffler, he said. Both have his cell phone number, and he has theirs. “If that’s how they want to do business, that’s how they do business. I just don’t do business that way,” Raffensperger said.

Let us get something out of the way: By Georgia standards, the Nov. 3 election was custard-smooth, a vast improvement over the chaos of the June 9 primary that saw voters wait eight hours and more to cast a ballot.

“We had two-minute wait times during Election Day, so we defeated the issue of long lines. We’re really grateful for that. We had record turnout, early turnout,” Raffensperger said.

The secretary of state readily admits that he would prefer to see Trump ahead in Georgia. “But not enough folks turned out, and that’s where we are right now,” Raffensperger said. “But we’re going to make sure that we follow through the process, that we’re going to count every legal ballot, and the results will be the results. I’m a constitutional conservative. I follow the law.”

Raffensperger’s staff has opened investigations into the election operations in Fulton, DeKalb and Chatham counties. But the probes are concerned with procedural issues that are unlikely to have an impact on the presidential contest, the secretary of state said.

“Fulton County has really improved a lot. They still have a ways to go, but the State Farm Arena was a plus,” Raffensperger said.

He is not blind to the fact that nearly 5 million ballots were cast in the general election, and that voters and election workers alike are human. Yes, accusations have been made, but evidence has been lacking.

“If they bring any credible information, actual intelligence, we will work on it,” Raffensperger promised. You think drop boxes were tampered with? All had surveillance cameras aimed at them.

At that post-election rally last week, Donald Trump Jr. was preceded by U.S. Rep. Doug Collins, the former candidate for U.S. Senate who has been placed in charge of the Trump recount effort.

AMERICAN OVERSIGHT

“There was a little incident last night at State Farm Arena. They had a water break. So they told everybody to go home,” Collins alleged. “They told our folks to go home. They told everybody else to go home,” Collins said. “Except for one little problem. When everybody went home at 10 o’clock, they started counting again.”

The leak was originally reported as a broken pipe, but was in fact an overflowing toilet. The incident occurred at 5:30 a.m. on Election Day, Raffensperger’s staff now says. Fulton County officials reported the problem to the secretary of state in real time. No absentee ballots were damaged, but counting was delayed for a few hours.

Later that night, a crew assigned the task of slicing open absentee ballot envelopes for processing finished their job and packed up to go home. Witnesses went with them.

Whether staff told them to leave, or witnesses simply assumed their day was done is still being investigated. In any case, “our monitor was there the entire time,” Raffensperger said. As was an investigator from the secretary of state’s office.

At this moment, Raffensperger is a man who has been placed in political quarantine while his fellow partisans engage in choruses of “Stop the Steal!”

Many consider him radioactive. Others have called to offer support, but Raffensperger is not inclined to out them.

Gov. Brian Kemp, who is backing Senator Loeffler, has been cautious. “Georgia’s election result will include legally cast ballots — and ONLY legally cast ballots. Period,” the governor said via Twitter. One assumes that he also only serves edible food at his dinner table.

Raffensperger’s most outspoken ally thus far has been Lt. Gov. Geoff Duncan, who like the secretary of state is demanding hard facts. “At this point we’ve not seen any sort of credible examples,” Duncan said.

Before I left the Capitol, I asked Raffensperger about that Tweet from the president — the one in which Trump predicted he would ultimately win Georgia.

AMERICAN OVERSIGHT

As a Republican, the secretary of state said he hopes that's the case. "And if he does, he'll win it honestly. Because I'm going to stand on my integrity," Raffensperger said.

Two plus two equals four. Not five, and not three.

Dear Representative:

As you know, election security is my top priority as the duly elected Secretary of State of Georgia. Please know that I will continue to fight against unsubstantiated claims and fake news seeking to cast doubt on the integrity of our elections system**. Please see the answers to frequently asked questions below and know that I value and appreciate your support as we work together to ensure every legal vote is counted, and credible instances of fraud are promptly and thoroughly investigated**.

What oversight authority does the Secretary of State's office have to ensure county elections offices comply with state and federal election laws?
Ryan

Did Fulton County tell media and observers to go home and keep counting?
Late in the evening of election night, Tuesday, November 3,2020, a few Fulton County election workers completed their duties and left. These are workers who opened, sorted and stacked absentee ballots. As they left some allegedly stated that they were, "done counting for the night." At the same time those who were scanning ballots continued their work. Some party observers have stated they were told they needed to go. **This particular issue remains under investigation.** Regardless, the Secretary of State's office had a State Election Monitor and a state POST Certified Investigator who remained with the Fulton County workers as they continued to scan ballots through the night. Since both the observer and investigator remained with Fulton County Workers, scanning was observed by the Secretary of State's office at all times.

How can we stop and prevent voter fraud?
Citizens may use the online reporting form or call the **Voter Fraud Hotline at 877-725-9797** to report questionable elections activity. A POST-certified investigator will contact them for more information if needed.

What was the breakdown of absentee and Election Day voting?
Nearly 5 million Georgians voted in the November 3rd General Election. Roughly 75% of Georgia voters utilized in-person voting, while roughly 25% utilized the option to vote no-excuse absentee by mail.

Since I voted early in person, why does My Voter Page show me voting absentee?
Any time a voter votes before Election Day it is considered "absentee" voting. "Early voting" and "advanced voting" is absentee in-person voting.

AMERICAN OVERSIGHT

The Office of Secretary of State

Brad Raffensperger
SECRETARY OF STATE

How do we know counties stopped collecting new ballots that did not meet the legal deadline in this state?
County election officials take an oath to uphold the laws of this state and country, and **it is a felony to commit voter fraud. Per Georgia law, ballots must be received by the county elections office by the close of polls on Election Day**. Ballots received after the close of polls must be kept separate. (The post mark date is only applicable to military and overseas ballots in compliance with federal election law.)

What is a military ballot?
What is often referred to as a "military ballot" is a UOCAVA ballot for military and overseas voters. Counties are required to mail UOCAVA ballots at least 45 days before a federal election.

Can the number of outstanding ballots increase after the election?
Since Georgia counties receive absentee ballots up to the close of polls on Election Day in compliance with state and federal law, they may not know the total number of ballots that have been received until after the close of polls when those ballots are reviewed for a signature match, opened, scanned, and recorded. 1,303,749 absentee ballots were requested, and 126,400 absentee ballots were requested and not cast.

The State of Georgia has allowed to option to vote absentee by mail and absentee in-person without an excuse since 2005. This law was signed by Republican Governor Sonny Perdue and voted for by a Republican legislature.

Not all of the

AMERICAN OVERSIGHT

counties utilized this option, and some counties had a backlog of absentee ballots to scan on top of the new ballots that were received until the close of polls on Election Day.

When will the recount occur?
The recount will occur after the state certifies election results.

What is the difference between an audit and a recount?
An audit is done prior to state certification of the election and is required by law. In this case the state has decided to do a risk limiting audit. This will be a scientific, mathematically based examination of ballots across the state to verify the election outcome of a statewide election to a 90-95% degree of confidence. A recount is a recount of each and every ballot.

Will there be a risk limiting audit?
Yes, there will be a risk liming audit as required by the passage of HB 316. The November General Election statewide contest to be audited by all 159 counties will be announced on Wednesday, November 11, 2020 at 1:00 p.m. EST. This meeting will be held at 214 State Capitol, Atlanta, Georgia 30334, and it will be accessible via the following link: https://zoom.us/webinar/register/WN_VbWHeGFXSViTL0M-4zIMOw. What mechanisms are in place to prevent double-voting?
When county election workers check in a voter and follow the correct process to award the voter credit for voting in the voter registration system, the voter is prevented from voting again.

How do we know that the software issue in Michigan did not occur in Georgia?
As we understand it, the issue in Michigan was an error of a county clerk who failed to follow the processes and procedures correctly after she added a school board race she had left off the ballot in one of seventeen precincts. The scanners/tabulators all recorded the votes properly. The issue occurred when she tried to put the results into her Election Management System (EMS). She had only updated the information on the one scanner when the correct process would have been to update all the scanners. In so doing, the database only recognized the data from the one scanner and none of the others.

Is there any validity to the red-flagged voter registration issue in Fulton County?
No. The data used by the media does not directly reference those who cast votes in the November 2020 election. Georgia uses the National Change of Address (NCOA) information in odd numbered years, as allowed under federal law for voter list maintenance, to send voters a verification card. If they do not return it, they are moved from active voter status to inactive status.

Again, thank you for your support in protecting Georgia's reputation as a leader in elections administration. If I may provide any additional information, please do not hesitate to contact me or my team. We are here to serve.

Dear Representative:

As you know, election security and integrity is my top priority as the duly elected Secretary of State of Georgia. We can all agree that every legal vote must be counted, and any credible instances of illegal voting must be promptly and thoroughly investigated. Please know that you have an open line of communication with me and my team. We are here to help you communicate important elections information to your constituents. Accordingly, I am providing this FAQ if it may be of assistance to you.

What oversight power does the Secretary of State's office have to ensure county elections offices comply with election laws?
In Georgia, counties run elections. The Secretary of State's Office Elections Division provides resources and instruction to county election offices to help them administer their elections. The Secretary of State's Office Investigations Division has POST-certified law enforcement officers that investigate any allegations of non-compliance with election law and regulations. Those investigations are then brought to the State Elections Board which decides the appropriate action.

How can we stop and prevent voter fraud?
My office investigates allegations of questionable elections activity. Please share with your constituents that they may use the online reporting form or call the Voter Fraud Hotline at 877-725-9797 to report questionable elections activity. A POST-certified investigator will contact them for more information if needed. My office also conducted an investigation of potential double voters from the June 9th election, which was the first of its kind done in the history of the Secretary of State's office. We will perform the same investigation for potential double voters and other ineligible votes for the November 3rd General Election.

Can ballots be accepted after the close of polls?
Per Georgia law, ballots must be received by the county elections office by the close of polls on Election Day in order to be counted. Post marked dates are only applicable to military and overseas ballots in compliance with federal election law. These military and overseas ballots must be postmarked by Election Day and received by Friday, November 6th, in order to be counted.

When can we expect official election results?
76 Georgia counties have certified their elections results. Counties have until Friday, November 13th to certify their results. While Georgia has until November 20th to certify election results, we hope to certify sooner. Recounts are not automatic in Georgia. After the state certifies the election results, the losing candidate may request a recount if the losing candidate is within 0.5% margin between the winning candidate. Georgia counties had two weeks before the election to scan absentee ballots. While most states did not begin scanning absentee ballots until Election Day, my office promoted SEB Rule 183-1-14-0.9-.15, which allowed counties the option to start scanning absentee ballots at 8:00 A.M. on the third Monday prior to Election Day. The majority of Georgia counites had scanned the absentee ballots they received prior to Election Day, and were only scanning ballots received on Election Day after the close of polls.

When is the voter registration deadline for the January 5th runoff?
The last day to register to vote in the January 5, 2021, runoff is December 7, 2020. Only citizens who are legal, permanent residents of the county may register or vote. Learn more about the requirements for voter registration here: https://sos.ga.gov/index.php/Elections/register_to_vote

Dear Representative:

As you know, election security is my top priority as the duly elected Secretary of State of Georgia. Every legal vote must be counted, and any credible instances of illegal voting must be promptly and thoroughly investigated. I understand many of you are getting calls and emails about elections. Please know that you have an open line of communication with me and my team. We are here to serve, and we will continue to fight against unsubstantiated claims and fake news seeking to cast doubt on the integrity of our elections system. This letter contains answers to frequently asked questions. If you or your office would like additional information, please do not hesitate to ask.

What oversight power does the Secretary of State's office have to ensure county elections offices comply with election laws?
In Georgia, counties run elections. The Secretary of State's Office Elections Division provides resources and instruction to county election offices to help them administer their elections. The Secretary of State's Office Investigations Division has POST-certified law enforcement officers that investigate any allegations of non-compliance with election law and regulations. Those investigations are then brought to the State Election Board, which decides the appropriate action.

How can we stop and prevent voter fraud?
My office investigates allegations of questionable elections activity. Citizens may use the online reporting form at https://sos.ga.gov/cgi-bin/EMailStopVoterFraud.asp or call the **Voter Fraud Hotline at 877-725-9797** to report questionable elections activity. A POST-certified investigator will contact them for more information if needed.

When can we expect official election results?
98 Georgia counties have already certified their elections results. Counties must certify their results by November 13th, and Georgia must audit and certify these results by November 20th. After the state certifies the election results, the losing candidate may request a recount if the losing candidate is within 0.5% margin between the winning candidate.

Can ballots be accepted after the close of polls?
Per Georgia law, ballots must be received by the county elections office by the close of polls on Election Day in order to be counted. **Post marked dates are only applicable to military and overseas ballots in compliance with federal election law**. These military and overseas ballots must be postmarked by Election Day and received by Friday, November 6th, in order to be counted.

Did Fulton County count ballots without observation?
The Secretary of State's office had a State Election Monitor and a state POST Certified Investigator who remained with the Fulton County workers, even though some party appointed poll watchers may have left. **Since both the observer and investigator remained with Fulton County workers, scanning was observed by the Secretary of State's Office at all times.** Late in the evening of election night, Tuesday, November 3,2020, a few Fulton County election workers completed their duties and left. As they left some allegedly stated that they were, "done counting for the night." Some party observers have stated they were told they needed to go. This particular issue remains under investigation.

What mechanisms are in place to prevent the fraudulent use of a deceased person's identity to vote?
Per O.C.G.A. § 21-2-231, counties are responsible for removing deceased persons from their list of eligible electors. Counties must provide a monthly report to the Secretary of State's Office with a complete list of all persons, including addresses, ages, and other identifying information, who died during the preceding calendar month in the county. Counties may learn of deaths through obituaries published by local newspapers, death certificates, verifiable knowledge of the death, and information provided in writing and signed by a family member or members of the deceased person. **It is recommended that families of deceased persons notify the county elections office where the deceased was registered to vote to remove them from the voter list.**

What was the breakdown of absentee and Election Day voting?
Nearly 5 million Georgians voted in the November 3rd General Election. Roughly 75% of Georgia voters utilized in-person voting, while roughly 25% utilized the option to vote no-excuse absentee by mail.

Why do we have absentee voting?
The State of Georgia has allowed to option to vote absentee by mail and absentee in-person without an excuse since 2005. This law was signed by Republican Governor Sonny Perdue and voted for by a Republican legislature.

Since I voted early in person, why does My Voter Page show me voting absentee?
Any time a voter votes before Election Day it is considered "absentee" voting**.** "Early voting" and "advanced voting" is absentee in-person voting.

Will there be a risk limiting audit?
Yes. On November 11, 2020, my office announced that the Presidential race will be audited. In this case the state has decided to do a risk limiting audit. This will be a scientific, mathematically based examination of ballots across the state to verify the election outcome of a statewide election to a 90-95% degree of confidence.

What is the difference between an audit and a recount?
An audit is done prior to state certification of the election and is required by law since the enactment of HB 316. A recount must be requested after state certification, and is a recount of each and every ballot.

How do we know that the software issue in Michigan did not occur in Georgia?
As we understand it, the issue in Michigan was an error of a county clerk who failed to follow the processes and procedures correctly after she added a school board race she had left off the ballot in one of seventeen precincts. The scanners/tabulators all recorded the votes properly. The issue occurred when she tried to put the results into her Election Management System (EMS). She had only updated the information on the one scanner when the correct process would have been to update all the scanners. In so doing, the database only recognized the data from the one scanner and none of the others.

What mechanisms are in place to prevent double-voting?
When county election workers check in a voter and follow the correct process to award the voter credit for voting in the voter registration system, the voter is prevented from voting again.

Could counties scan absentee ballots before November 3rd?

The requirements for voter registration are listed here: https://sos.ga.gov/index.php/Elections/register_to_vote

Why can those who were not registered to vote in the General Election register to vote in the General Election Runoff?
Per O.C.G.A § 21-2-501(a)(10) only voters who were registered to vote in the general election shall be able to vote in the runoff. On October 13, 2017, the Hon. Timothy C. Yes. On November 11, 2020, my office announced that the Presidential race will have a risk limiting audit. While many risk-limiting audits rely on samples of ballots, the design of risk-limiting audits combined with the margin of this race mean that this risk limiting audit requires a full manual tally of the votes cast. The Secretary of State's Office is exploring options to help counties offset the audit federal funds through the *Help America Vote Act (HAVA)*. Monitors Closely Observing Audit Triggered Full Hand Recount:

Transparency is Built Into Process

(ATLANTA) – Monitors from state and county party organizations will be closely observing the statewide full hand recount, which was triggered by Georgia's first statewide Risk Limiting Audit. From the beginning of planning, the Secretary of State's office has made sure to instruct counties to allow political party organizations to observe the audit/recount throughout the process.

"Transparency is indispensable for ensuring confidence in the outcome of Georgia's elections, which is why I have instructed county elections officials to ensure political party monitors can watch every step of the way," said Secretary of State Brad Raffensperger. "Providing access and oversight of the full hand recount process has been part of the planning since the beginning. We have encouraged counties to livestream their recounts when possible and have made sure political parties can ensure a clean and fair recount in Georgia. Transparency should be a guiding principle in how counties are conducting the audit. While there are rules in place that allow counties to keep order, the more transparency they can provide the better while still ensuring an orderly process."

Georgia counties were required to begin their statewide Risk Limiting Audit triggered full hand recounts by 9 am on Friday, November 13. The counties must finish their recounts by 11:59 pm on Wednesday, November 18. As prescribed by Georgia law, the Secretary of State's office will then certify statewide election results after completion of the audit, by November 20.

Per the instructions given to counties as they conduct their audit triggered full hand recounts, designated monitors will be given complete access to observe the process from the beginning. While the audit triggered recount must be open to the public and media, designated monitors will be able to observe more closely. The general public and the press will be restricted to a public viewing area. Designated monitors will be able to watch the recount while standing close to the elections workers conducting the recount.

Political parties are allowed to designate a minimum of two monitors per county at a ratio of one monitor per party for every ten audit boards in a county. If Dekalb County, for example, has 75 audit teams, each political party would be allowed to designate 8 monitors to monitor the process. Beyond being able to watch to ensure the recount is conducted fairly and securely, the two-person audit boards conducting the hand recount call out the votes as they are recounted, providing monitors and the public an additional way to keep tabs on the process.

The instructions for the audit triggered hand recount build in transparency and provide ample opportunity for party organizations and the voters of Georgia to be confident of a fair and secure process.

Georgia is recognized as a national leader in elections. It was the first state in the country to implement the trifecta of automatic voter registration, at least 16 days of early voting (which has been called the "gold standard"), and no-excuse absentee voting. Georgia continues to set records for voter turnout and election participation, seeing the largest increase in average turnout of any other state in the 2018 midterm election and record overall, early, in-person, and absentee-by-mail turnout during the November 2020 elections.

Do you have to be registered to vote in the General Election to vote in the General Election Runoff?
While O.C.G.A § 21-2-501(a)(10) indicates that only voters who were registered to vote in the General Election shall be able to vote in the runoff, a federal judge has ordered the state may not enforce this state code and must allow voters to register to vote up to 30 days before the election for federal offices. Secretary Raffensperger Announces Completion of Voting Machine Audit Using Forensic Techniques: No Sign of Foul Play

(ATLANTA) - Secretary of State Brad Raffensperger last week ordered Pro V&V, a U.S. Election Assistance Commission certified testing laboratory, to do an audit of a random sample of machines to confirm no hack or tamper: "Pro V&V found no evidence of the machines being tampered."

"We are glad but not surprised that the audit of the state's voting machines was an unqualified success," said Secretary Raffensperger. "Election security has been a top priority since day one of my administration. We have partnered with the Department of Homeland Security, the Georgia Cyber Center, Georgia Tech security experts, and wide range of other election security experts around the state and country so Georgia voters can be confident that their vote is safe and secure."

Pro V&V, based in Huntsville, Alabama is a U.S. Election Assistance Commission-certified Voting System Test Laboratory (VSTL), meaning the lab is "qualified to test voting systems to Federal standards." VSTL certification is provided for under the Help America Votes Act of 2002. Pro V&V's accreditation by the USEAC was also recommended by the National Institute of Standards and Technology (NIST), the U.S. government's physical science laboratory dedicated to creating standards and measures that would help America be the leading science innovator in the world. NIST contributes regularly to the development of cybersecurity and elections security standards for the U.S. and the world.

Pro V&V conducted an audit of a random sample of Dominion Voting Systems voting machines throughout the state, including equipment from Cobb, Douglas, Floyd, Morgan, Paulding, and Spalding Counties. ICP (precinct ballot scanners), ICX (ballot marking devices), and ICC (central absentee ballot scanners) components were all subject to the audit. In conducting the audit, Pro V&V extracted the software or firmware from the components to check that the only software or firmware on the components was certified for use by the Secretary of State's office. The testing was conducted on a Pro V&V laptop independent of the system.

According to the Pro V&V audit, all of the software and firmware on the sampled machines was verified to be the software and firmware certified for use by the Office of the Secretary of State. Coupled with the risk-limiting audit of all paper ballots relying solely on the printed text of the ballots, these steps confirm the assessment of the Cybersecurity and Infrastructure Security Agency that there are no signs of cyber attacks or election hacking.

Integrity Matters in Times of Uncertainty

By Georgia Secretary of State Brad Raffensperger

The past few weeks have been difficult for the voters of the Peach State.

As the nation and the world watched, Georgia took center stage in a battle that will define our country in a very practical sense for the next four years. But also, in a larger sense, how this country will move forward into the future.

Like Americans in every other state, Georgians went to the ballot box on and in the weeks leading up to November 3; to cast their vote for president, for senator, for mayor, or maybe just the local town council.

A record 1.3 million voters cast ballots absentee by mail here. Another 2.7 million cast ballots in-person during Georgia's gold-standard three weeks of early voting. Slightly more than 1 million waited on lines averaging a miniscule 3 minutes on Election Day.

By all accounts, Georgia had a wildly successful and smooth election. We finally defeated voting lines and put behind us a reputation for disastrous elections. This should be something for Georgians to celebrate, whether their favored presidential candidate won or lost. For those wondering, mine lost.

But in the days since, a different kind of pressure has come to bear on myself and the thousands of hard-working elections officials who span Georgia's second in the nation 159 counties.

Elections are the bedrock of our democracy. They need to be run fairly and, perhaps more important, impartially. That's not partisan. That's just American. Yet some don't seem to see it that way.

When I took office, I committed to running elections in Georgia with integrity. After any election, half of the voters will be happy and the other half will be disappointed. But I wanted to make sure everyone felt confident in the process and confident in the outcome.

And as November 3rd came to a close, Georgia's voters had every reason to be. Again, short lines on Election Day. Record turnout. Record early voting and record absentee by mail voting.

In the days that followed, a losing presidential campaign refused to accept the facts, following a playbook written by a failed gubernatorial candidate two years before. A failed senate candidate with nothing to do tried undermine the integrity of Georgia's elections. A self-described "attorney for the damned" took up the cause. An onslaught of fake news and unrepentant disinformation threatened to tear the fabric of our country apart. People on both sides of the aisle generated controversies out of nowhere to stir up trouble.

Even as Georgia embarked on its first statewide audit, a process that was only possible because of the state's new printed paper-ballot system, those who requested the full hand recount triggered by the audit of such a close race lined up to undermine its credibility. Those who had so long been beneficiaries of the electoral process sought to tear it apart at its very foundations.

But still, integrity matters.

When the nation is caught in turmoil, as it has been through several presidential terms, the people of Georgia and their fellow Americans will look to leaders with integrity for guidance.

AMERICAN OVERSIGHT

Throughout my two years as Secretary of State, I have fought repeatedly to uphold the integrity of elections in Georgia. We worked with the Georgia Bureau of Investigation to strengthen signature matching for absentee ballot voters. We outlawed ballot harvesting and implemented a new voting system with printed paper-ballot that voters could hold and review before casting for the first time in nearly twenty years. We fought frivolous lawsuits from fringe groups and a failed gubernatorial candidate seeking to undermine laws passed by state legislators who were actually elected by the voters.

In times of uncertainty, when the integrity of our political system is most at risk, the integrity of our politicians is paramount.

Many of my fellow Republicans are men and women of integrity. They demonstrate it each and every day: fighting for their constituents, fighting for liberty, and fighting for fair and reliable elections.

In times like these, we need leaders of integrity to guide us through.

Online applications must be received by midnight December 7th. Mailed voter registration applications are deemed to have been made as of the date of the postmark affixed to the application by the United States Postal Service (O.C.G.A. 21-2-224). Applications delivered in person must be delivered to the county elections office before close of business.

5. **If a Georgian turns 18 after November 3, 2020, and by January 5, 2021, can they vote in the January 5th election?** Yes. As long as the Georgian is registered to vote by December 7, 2020, even if they will not be age 18 until January 5, 2020, they can vote. Please note that the voter may not cast a ballot prior to turning 18-years-old.

6. **Can a Georgian who was not registered to vote in the November 3, 2020, General Election register to vote for federal offices in the January 5, 2020, General Election Runoff?** Yes. While O.C.G.A § 21-2-501(a)(10) requires that only voters who were registered to vote in the General Election shall be able to vote in the runoff, an October 13, 2017, ruling by a Federal District Court Judge prevents the Secretary of State's Office from enforcing Georgia law for the purpose of establishing the voter registration deadline for any election for federal office, including runoffs, that is later than the lesser of 30 days before the date of the election.

AMERICAN OVERSIGHT

FRAUD PREVENTION

7. **How can we stop and prevent voter fraud?** The Office of the Secretary of State investigates allegations of questionable elections activity. Citizens may use the online reporting form at https://sos.ga.gov/cgi-bin/EMailStopVoterFraud.asp or call the **Voter Fraud Hotline at 877-725-9797** to report questionable elections activity. A POST-certified investigator will contact them for more information if needed.

8. **What are the penalties for moving to Georgia temporarily solely for purpose of voting in the January 5, 2021, General Election Runoff?** Georgia law is clear about the seriousness of the crime committed by those looking to come to Georgia solely for the purpose of voting in the January 5th runoff elections. O.C.G.A. § 21-2-21(a)(4) requires that registrants be "a resident of this state and of the county or municipality in which he or she seeks to vote." O.C.G.A. § 21-2-217(a)(1) adds that "the residence of any person shall be held to be in that place in which such person's habitation is fixed, without any present intention of removing therefrom;" this would include individuals who move to Georgia solely for the sake of casting a ballot in an election with no intention of remaining in the state. **False registration, i.e., someone who registers to vote knowing that they do not possess the qualifications required by law, is a felony and can be punished by between one and ten years in prison, and/or up to a $100,000 fine (O.C.G.A. § 21-2-561).**

9. **What are the penalties for efforts to bring individuals to Georgia to register falsely as electors moving to Georgia temporarily solely for purpose of voting in the January 5, 2021, General Election Runoff?** Any individual or group who organizes or finances efforts to bring individuals to Georgia to register falsely as electors may also potentially be charged with felony racketeering under O.C.G.A. § 16-14-3(5)(A)(xxii), which can be punishable by between 5 and 20 years in prison and a fine of up to $25,000 PER COUNT (O.C.G.A. § 16-14-5).

10. **Can third party groups send texts asking if I requested an absentee ballot?** There is not a prohibition against third party groups sending an absentee ballot application or a link to an absentee ballot application. However, only the county may mail an absentee ballot to a registered voter once the voter's signature or identity has been verified.

11. **What oversight power does the Secretary of State's Office have to ensure county elections offices comply with election laws?** In Georgia, counties run elections. The Secretary of State's Office Elections Division provides resources and instruction to county election offices to help them administer their elections. The Secretary of State's Office Investigations Division has POST-certified law enforcement officers that investigate any allegations of non-compliance with election law and regulations. Those investigations are

AMERICAN OVERSIGHT

then brought to the State Election Board, which decides the appropriate punishment for any non-compliance.

12. **What policies did the Secretary of State implement to catch and/or prevent ballot harvesting?** Secretary of State Raffensperger advocated to making ballot harvesting illegal in Georgia. Before 2019, ballot harvesting was not explicitly forbidden. The Secretary of State's office has instructed county election offices to be on the lookout for ballot harvesting, and has trained investigators to investigate allegations of ballot harvesting.

13. **What mechanisms are in place to prevent double-voting?** When county election workers check in a voter and follow the correct process to award the voter credit for voting in the voter registration system, the voter is prevented from voting again.

14. **How do we know that the software issue in Michigan did not occur in Georgia?** As we understand it, the issue in Michigan was an error of a county clerk who failed to follow the processes and procedures correctly after she added a school board race she had left off the ballot in one of seventeen precincts. The scanners/tabulators all recorded the votes properly. The issue occurred when she tried to put the results into her Election Management System (EMS). She had only updated the information on the one scanner when the correct process would have been to update all the scanners. In so doing, the database only recognized the data from the one scanner and none of the others.

15. **Is there validity to the red-flagged voter registration issue in Fulton County?** No. The data used by the media does not directly reference those who cast votes in the November 2020 election. Georgia uses the National Change of Address (NCOA) information in odd numbered years, as allowed under federal law for voter list maintenance, to send voters a verification card. If they do not return it, they are moved from active voter status to inactive status.

16. **Did Fulton County count ballots without observation?** This particular issue remains under investigation. The Secretary of State's office had a State Election Monitor and a state POST Certified Investigator who remained with the Fulton County workers, even though some party-appointed poll watchers may have left. **Since both the observer and investigator remained with Fulton County workers, scanning was observed by the Secretary of State's Office at all times.** Late in the evening of election night, Tuesday, November 3, 2020, a few Fulton County election workers completed their duties and left. As they left some allegedly stated that they were, "done counting for the night." Some party observers have stated they were told they needed to go.

AMERICAN OVERSIGHT

17. **What mechanisms are in place to prevent the fraudulent use of a deceased person's identity to vote?** The Secretary of State's office receives monthly death records from the Bureau of Vital Statistics. Those records are matched against voter registration records and, per O.C.G.A. § 21-2-231, counties remove deceased persons from their list of eligible electors monthly.

SIGNATURE VERIFICATION

18. **Can you review the signatures during the risk-limiting audit?** Counties conducted a full manual tally of the already accepted ballots. **The voter's signature on the absentee ballot application has to be matched to the voter's signature on file before they are ever sent a ballot.** The voter's signature on the absentee ballot return envelope is then matched again to the voter's signatures on file. Once an absentee ballot has gone through the verification process, it is separated from the envelope that contains the signature. Once a ballot has been cast (whether in person or absentee by mail), there is no way to go back to see who cast that ballot. This is important, and in the Georgia Constitution, to maintain the privacy of each citizen's vote.

19. **How do counties compare signatures?** The Secretary of State's Office brought in the Georgia Bureau of Investigation to train elections workers on signature match. These highly trained officials conduct signature match *twice* during the absentee ballot process, securing votes in Georgia and helping make sure that each person gets one vote. Counties can review signatures in ENet, in local drives at the counties, and in paper files at the county to ensure the signature matches.

20. **Is the voter notified if the signature does not match?** Yes, if the signature is missing or is NOT consistent with the signatures on file, the county office rejects the ballot, but then contacts the voter and sends a "cure affidavit" for the voter to provide a signature AND copy of identification to confirm that it is actually the registered voter who voted and returned the ballot. If the voter fails to provide this information by three days after the election, the ballot is not counted. If the voter does provide this "cure affidavit" and copy of identification, the absentee ballot is "cured" and is counted with the other absentee ballots.

21. **Were ballots rejected for signature issues?** Yes. The number of absentee ballot rejections for signature issues increased approximately 350% in the November 2020 election in Georgia from the 2018 election, about the same rate of increase as the total number of absentee ballots accepted. The rejection rate for absentee ballots with missing or non-matching signatures in the 2020 General Election was 0.15%, the same rejection rate for signature issues as the 2018 General Election. In the 2020 Primary, 3,266 absentee ballots were rejected for missing or non-matching signatures out of 1,151,371 absentee ballots cast, a rejection rate of 0.28%. The lower rejection rate in the general election

AMERICAN OVERSIGHT

compared to the primary is likely the result of both parties attempting to help voters cure their absentee ballots pursuant to the process set forth in Georgia statute.

PHOTO VERIFICATION

22. **Why is a photo ID required for in-person voting and not for absentee by mail voting?** The 2005 law passed in the GA General Assembly that required photo ID for voting in person does not require a photo ID to vote absentee by mail. In order for government-issued photo ID to be required to vote absentee by mail, the state legislature would need to pass legislation requiring it. The online absentee ballot online request portal requires proof of a government-issued photo ID to make a ballot request online.

RESIDENCY VERIFICATION

23. **Was the address and residency validated and matched with state records for absentee by mail voters?** By registering to vote in GA, the individual is declaring that they are a resident of GA. A voter must request an absentee ballot before they can be sent one. **False registration, i.e. someone who registers to vote knowing that they do not possess the qualifications required by law, is a felony and can be punished by between one and ten years in prison, and/or up to a $100,000 fine (O.C.G.A. § 21-2-561).**

PUBLIC OBSERVATION

24. **Can anyone observe the audit?** Yes. The general public and the press may observe the audit from a designated viewing area. Designated monitors by each party are given complete access to observe the process. The designated monitors will be able to watch the recount while standing close to the election workers conducting the recount. Each county must allow a minimum of two designated monitors per party with additional monitors if there are more than twenty audit teams. For example, If Dekalb county has 75 audit teams, each party would get to designate 8 monitors. Election Superintendents have been encouraged to allow more monitors than the minimum if they can while maintaining a secure, orderly process, and abiding by public health regulations.

25. **What do poll watchers do?** Poll watchers are designated political observers appointed by the party or candidate. Poll watchers must wear a badge with the words "Official Poll Watcher", their name, the precinct or tabulating center where they are assigned, and the primary or election in which they are serving as a poll watcher. If poll watchers observe irregularities, they must report this to the election superintendent, not the poll manager. Poll watchers are prohibited from talking to voters, checking electors lists, using photographic or other electronic monitoring or recording devices, using cellular telephones, or participating in any form of campaigning while they are behind the enclosed space.

AMERICAN OVERSIGHT

26. **Who is responsible for appointing, training, and credentialing political party observers?** Per O.C.G.A. § 21-2-408(b)(1), each political party and political body may designate two official poll watchers for each precinct. Each independent candidate shall be entitled to designate one poll watcher in each precinct. Candidates running in a nonpartisan election shall be entitled to designate one poll watcher in each precinct. Political party observer designations must be made at least seven days prior to the election or runoff.

27. **What credentials do designated poll watchers need?** Poll watchers need a signed letter from the political party, political body, or candidate, with the name of the official poll watcher, address, precinct in which he or she shall serve, and date of election or runoff election. A copy of this letter should be provided to the election superintendent of the county or municipality at least three days before the election.

ABSENTEE BY MAIL VOTING

28. **When did no excuse absentee by mail voting become an option?** The State of Georgia has allowed the option to vote absentee by mail and absentee in-person without an excuse since 2005. This law was signed by Republican Governor Sonny Perdue and voted for by a Republican legislature.

29. **Since I voted early in person, why does My Voter Page show me voting absentee?** While more commonly referred to as early voting or advanced voting, the technical term is "absentee in-person" voting. Any time a citizen votes before Election Day, it is considered "absentee" voting.

30. **What happens to the absentee ballot envelopes when the county receives them?** Official absentee ballots and envelopes must be delivered to the clerk of the superior court upon the conclusion of the primary or election and must be safely kept in a sealed container for 24 months (O.C.G.A § 21-2-390 & O.C.G.A § 21-2-500).

31. **What is the difference between mail in ballots and absentee by mail voting?** While a handful of states mail ballots to those who did not request them (all-mail voting), Georgia law prohibits mailing unsolicited absentee ballots. Georgia voters must first submit an absentee ballot application. **The voter's signature on the absentee ballot application has to be matched to the voter's signature on file before they are ever sent a ballot.** The voter's signature on the absentee ballot return envelope is then matched again to the voter's signatures on file. If a voter requests an absentee ballot through the Secretary of State's Secure Online Absentee Ballot Request Portal, the voter's information must match their first name, last name, date of birth, and driver's license number.

AMERICAN OVERSIGHT

OFFICIAL RESULTS

32. **When can we expect official election results?** Counties must certify their results by November 13th, and Georgia must audit and certify these results by November 20th. After the state certifies the election results, the losing candidate may request a recount if the losing candidate is within a 0.5% margin of the winning candidate.

33. **Will there be a risk-limiting audit?** Yes. On November 11, 2020, The Secretary of State's Office announced that the Presidential race will have a risk-limiting audit. While many risk-limiting audits rely on samples of ballots, this audit was a full hand tally of all votes cast. This audit is of already accepted ballots. The Secretary of State's Office is exploring options to help counties offset the audit using federal funds through the *Help America Vote Act (HAVA)*. It is within the purview of the Secretary of State to select the race that will be audited, and it may not always be the "top of the ballot race."

34. **What is the difference between an audit and a recount?** An audit is done prior to state certification of the election and is required by law since the enactment of HB 316. A recount must be requested after state certification.

35. **Why was there not an audit on the senate race at the same time?** State law requires choosing one contest to audit.

36. **What was the breakdown of absentee and Election Day voting?** Nearly 5 million Georgians voted in the November 3rd General Election. Roughly 75% of Georgia voters utilized in-person voting, while roughly 25% utilized the option to vote no-excuse absentee by mail.

37. **Can ballots be accepted after the close of polls?** Per Georgia law, ballots must be received by the county elections office by the close of polls on Election Day in order to be counted. **Postmarked dates are only applicable to military and overseas ballots (UOCAVA ballots) in compliance with federal election law**. These military and overseas ballots must be postmarked by Election Day and received by Friday, November 6th, in order to be counted.

38. **Could counties scan absentee ballots before November 3rd?** Georgia counties had over two weeks before the election to scan, but not tabulate, absentee ballots per State Election Board Emergency Rule 183-1-14-0.9-.15. The majority of Georgia counties had scanned the absentee ballots they received prior to Election Day.

39. **Can the number of outstanding ballots increase after the election?** Since Georgia counties receive absentee ballots up to the close of polls on Election Day in compliance

AMERICAN OVERSIGHT

with state and federal law, they may not know the total number of ballots that have been received until after the close of polls when those ballots are reviewed for a signature match, opened, scanned, and recorded. 1,303,749 absentee ballots were requested, and 126,400 absentee ballots were requested and not cast.

VOTING SYSTEM

40. **How was Dominion selected?** The voting system was chosen through a bidding process following procurement laws of the state of Georgia. The Secretary of State's Office made the bid process and awarding of the bid public at the time, and it is publicly available at https://ssl.doas.state.ga.us/PRSapp/PublicBidNotice?bid_op=194780047800-SOS0000037.

41. **Is the voting machine connected to the Internet on Election Day?** No. The ballot marking devices, the scanners, the election management systems are all air gapped and never touch the Internet.

42. **Were there software updates the day before the election?** No. The election worker who originally claimed that recanted when shown the log files from the devices in question.

Secretary Raffensperger and Spalding Legislative Delegation Call for Resignation of Spalding County Elections Director Following Serious Management Issues

(ATLANTA)-Secretary of State Brad Raffensperger and the Spalding County legislative delegation - Sen. Marty Harbin, Rep. David Knight, and Rep. Karen Mathiak – are calling for the resignation or termination of Spalding County Elections Supervisor Marcia Ridley following serious management issues and poor decision-making during the November 3 general election.

"County elections officials are responsible for ensuring the voting process is smooth and efficient and must take responsibility when they fail," said Secretary Raffensperger. "Georgians statewide waited on average just 3 minutes on Election Day but poor decision making in Spalding County denied those voters a quick and reliable voting experience. The serious management issues we saw in Spalding County on Election Day demonstrate that new leadership is needed to uphold election integrity there."

Georgia's November elections saw record turnout, record absentee ballot requests and ballots cast, and record early, in-person voting. On Election Day, voters cast their ballots in just 3 minutes statewide on average.

In Spalding County, however, voters faced mismanagement and poor decision-making that put the integrity of their vote at risk. Spalding County faced issues early in the morning getting their voting systems up and running on Election Day. If voting machines are not operating normally, county elections superintendents have been trained to use a number of workarounds to allow voters to cast ballots using the Ballot Marking Devices like all other voters. Additionally, if that is impossible, which was not the case in Spalding County, Georgia law instructs county elections superintendents to conduct voting in those locations on emergency ballots, which are scanned immediately like other ballots cast in person on Election Day.

In Spalding County, none of that was done. Instead of using one of the many workarounds built into the system or using emergency ballots as required by law when the equipment is not working, Spalding County Elections Supervisor Marcia Ridley instructed elections workers to use provisional ballots, which are processed differently than regular ballots. This violated established election process and possibly, Georgia law.

Additionally, when asked about the issues faced in Spalding County on Election Day, Ridley claimed an "update" made to the voting system on the night before Election Day caused problems with the machines. No such update had been made nor had the voting machines been touched for days before the election.

By spreading this baseless and thoroughly inaccurate rumor, Ridley greatly harmed election integrity in Georgia and provided talking points for those looking to undermine elections in the Peach State.

Georgia is recognized as a national leader in elections. It was the first state in the country to implement the trifecta of automatic voter registration, at least 16 days of early voting (which has been called the "gold standard"), and no-excuse absentee voting. Georgia continues to set records for voter turnout and election participation, seeing the largest increase in average turnout of any other state in the 2018

midterm election and record overall, early, in-person, and absentee-by-mail turnout during the November 2020 elections.

OFFICIAL ELECTION BULLETIN

November 5, 2020

TO: **County Election Officials and County Registrars**

FROM: **Chris Harvey, Elections Division Director**

RE: **Ballots Received from Other Counties After Deadline Cannot Be Counted**

Counties and the Secretary of State's Office are in the process of returning voted absentee ballots that were improperly or erroneously delivered to their offices.

This original erroneous delivery may be because a voter put a ballot for their county in a different county's drop box or because it was otherwise delivered to the wrong county.

In any event, if an absentee ballot was not received by the county of origin (the county that issued it) by close of the polls on November 3, 2020, it cannot be counted, per O.C.G.A. 21-2-386.

It does not matter that the ballot was received by the wrong county by the close of the polls on election night.

If the ballot wasn't in the correct county's possession (office or county drop box) by the close of the polls on election night, the ballot cannot be counted and must be handled in accordance with O.C.G.A. 21-2-386(a)(1)(F) cited below:

(F) All absentee ballots returned to the board or absentee ballot clerk after the closing of the polls on the day of the primary or election shall be safely kept unopened by the board or absentee ballot clerk and then transferred to the appropriate clerk for storage for the period of time required for the preservation of ballots used at the primary or election and shall then, without being opened, be destroyed in like manner as the used ballots of the primary or election. The board of registrars or absentee ballot clerk shall promptly notify the elector by first-class mail that the elector's ballot was returned too late to be counted and that the elector will not receive credit for voting in the primary or election. All such late absentee ballots shall be delivered to the appropriate clerk and stored as provided in Code Section 21-2-390 .

Raffensperger: Shafer Fails Georgia Republicans, Blames Vote Counters

(ATLANTA)-Secretary of State Brad Raffensperger is calling on Georgia Republican Party Chairman David Shafer to provide actual evidence of fraud with absentee ballots. Shafer, in conjunction with the Trump campaign legal team, has repeatedly tried to undermine the integrity of elections in Georgia in an attempt to overturn the election results in Georgia.

"David Shafer needs to put his money where his mouth is and actually provide evidence of issues with Georgia's signature match process," said Raffensperger. "It's my job to count votes. It's his to deliver them. If anyone should be questioning their fitness for their position, it should be the guy who lost Georgia for the Republican Party for the first time in 28 years. Instead of trying to deflect blame for your failure to deliver Georgia for President Donald Trump with wild, unfounded conspiracy theories, put your energy toward keeping the Senate."

David Shafer is the chairman of Georgia's Republican Party. As chairman of the state political party, Shafer is tasked with executing the organization's stated mission to work "tirelessly with our donors, activists and candidates to elect Republicans and continue the tradition of conservative leadership."

President Donald Trump fell short of victory on November 3 in Georgia by 11,779 votes, the first Republican Presidential candidate to lose Georgia since 1992. Incumbent Republican Senator David Perdue beat challenger Jon Ossoff by 88,098 votes but fell just 0.27% percentage points short of the majority needed to avoid a runoff on January 5. In the Senate Special Election, Democrat candidate Raphael Warnock outperformed the two top vote-getting Republican candidates, beating Kelly Loeffler by 343,821 votes, and beating Doug Collins by 636,581 votes.

Shafer has echoed the claims of the Trump Administration about issues with the signatures on ballots, claiming that the signature match process was not followed and that reviewing the signatures on absentee ballots would prove there were fraudulent ballots.

Through all of this, Shafer has provided no evidence to back up any of his claims. Shafer has provided no evidence that the signature review process was not followed or that it was faulty to begin with. He has also provided no evidence of significant or widespread fraud, either connected to absentee ballots or otherwise.

To date, neither the Trump campaign nor the Republican Party of Georgia have provided any solid evidence of widespread fraud.

In 2005, Shafer voted for no excuse absentee ballot voting in Georgia, the same system he criticizes today.

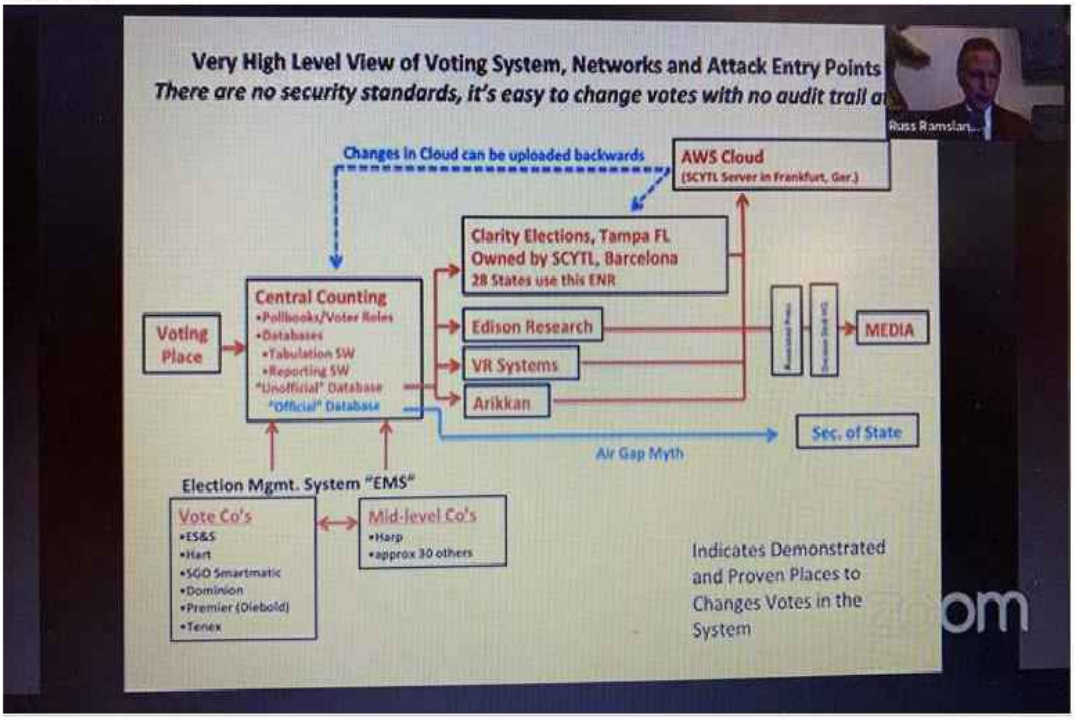
AMERICAN OVERSIGHT

12.10.2020 - House Government Affairs - 9am

- **Leader Burns:** Many Georgians have serious concerns about the election process. In the letter to SOS to improve in 2 things: 1) SEB issue a rule in county to allow independent observers for signature verification on absentee ballots 2) The SOS or SEB work with state agency to contract to comply with ALL the elections laws – and provide fiscal support from the GGA to help with Jan 5th and further elections. The purpose to the letter was to ensure ALL LEGAL votes counted. Hopeful SOS will move with these suggestions.

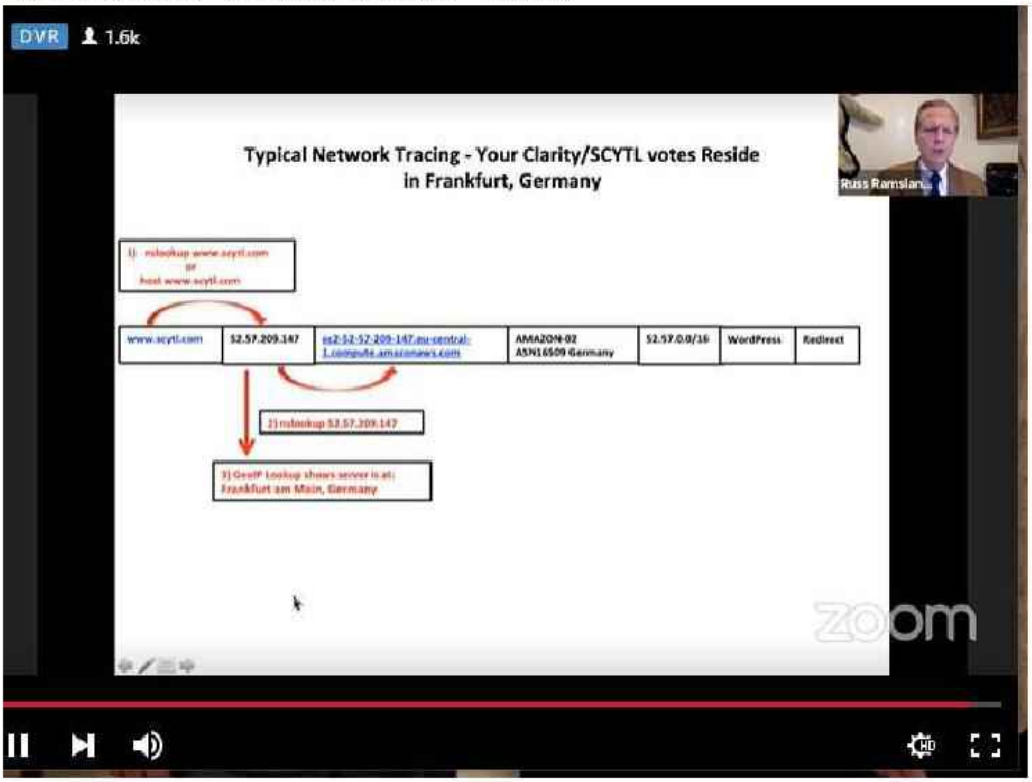
- Ray Smith: Counsel for President Donald Trump
  -**Christian Adams:** President for Non-profit...
  -**Mail ballot issues:** It is probably the worst way to conduct an election - mail in ballots they: disfranchise voters, USPS error rate is 5%
  -5% are lost and more are not counted
  -Destroys integrity and it is not transparent because you are not voting around election officials "being supervised"
  -Creates vulnerability
  -It is going to bad addresses, invalid ones
  -Creates storage problems (as in the State Farm Arena of ballots in luggage's)
  -You cannot "cure" a ballot – very hard
  -Voters are not able to know about their mailed in about their ballot
  -Election officials are not in charge of the mail in ballots, you cannot observe it
  -Solutions: Georgia legislature can ban private money in election offices (billionaires and millionaires are paying Fulton and DeKalb County around $500 million to vulnerable counties) 2) absentee must be requested – auto mailing is not good 3) absentee ballot must be requested for each election 4) signature match must be REAL 5) Identifying numbers on the absentee ballot numbers or request – that proves the person voting is actually the person voting – DL require 6) have some witness 7) limits on how many ballots can be delivered or how many ballots can be "witnessed" 8) centralized transparent counting process 9) absentee ballots have to arrive by election day 10) you have to give people in your state the right to sue for violations of elections rules
    - Comments: **Rep Alan Powell:** Fraud in absentee voting in 2005 – Absentee/mail in there should be audit done on the signatures (matching on signatures) address that issue, implement an audit: **Adams:** It takes years to do an audit – these take times. Mail in ballots are chaotic. Signature audit would be a long road.
      -**A. Powell**: Sampling audit of the votes: **Adams:** this can be done if procedures not followed in the statue, list of dead registers and would look to see how many cast ballots- moved away from (can be done in a day or two)
      -**A. Powell**: SOS did a recount and not an audit
      -**Rep. Shannon**: 65% Biden votes did come from absentee and 35% did come from Trump
      -**Rep. Turner**: File an address change, moving – voting rolls a key issue
      -**Rep. Nyguyen**: Asking about a lawsuit for Christian Adams, they asked for a list in Virginia from the rolls
      -**Rep. Jones:** Change of address – a solution: **Adams:** form of identification

AMERICAN OVERSIGHT



-**Rep. B Williamson:** Is there fraud? Signature Audit: Bipartisan request to Burns
-**Rep. Oliver:** I hope you are not changing the rules before January 5th? **Adams:** I am not telling you a timeline - only what makes sense to do.

- **Matt Braynard:** Voter databases – around the state
  -USPS 1,043 ballots for voters with a P.O Box address
  -1,043 voters as PO Boxers as residential address – were disguised as apartments
  -2,312 absentee or early voting of absentee ballots were not living in Georgia
  -4,926 register to vote in another state but voted in Georgia
  -99.6% names and DOB are unique
  -395 voted in multiple states: voted in Georgia and other states
  -Illegal votes is passed the margin that Trump did win the victory – so it is hard to declare the winner
    - **Rep. Trammel:** Is it true that you are being paid for $40,000 to testimony? **Braynard:** Campaign itself is not paying me. Raising money for the project you are testifying – **Braynard:** it is going towards the project to money. **Trammell:** 2 or 3 nights ago you were working with GA Legislators who are they? **Braynard:** The colleagues who invited me to this hearing.
    - **Rep. Turner**: have you worked with Georgians – any leads or activist? **Braynard:** No, they have not. 15,700 of address change who voted. Independent numbers – the data will keep saying the same thing. **Turner:** result in findings, has there been any acknowledgement of you turning the data over. **Braynard:** FedEx package around noon was signed for – only confirmation from the SOS office. **Turner:** What about GBI or another agency? **Braynard:** I have not but my data is ready to be sent to them.
    - **Rep**. **Nguyen:** first exhibit registers to vote in GA and other states – they are 3 duplicate voters. She is addressing that all these other on his affidavits are invalid based on her research.
      ^Rep: Turner: flag CRMA a PO Box – indicate a PO Box opposed to an apartment upstairs, did you look at that flag? **Braynard:** I will have to follow up to answer that.



- **Ray Smith: Counsel for Trump & Guiliani**
  -It is obvious that people are stealing votes. SOS, Governor, and LG are covering up crimes and frauds
  -Reviewed the State Farm video – got rid of all the reporters, videos, water main break and continue with "dirty crooked business"
  -**Guilani** explaining the same issue: ballots are being counted over and over
  -Ruby Freeman were committing voter fraud, passing out US USB Ports to get voters change votes on Dominion machines
  -**Guiliani:** voter records on the county 96,600 mail in ballots and the records do not show they were ever received back
  -**Phil Waldron & Russ Ramslan:**

AMERICAN OVERSIGHT

-**Phil Waldron:** The ability to change votes, double voting, and being able to impersonate a vote – this election cannot be certified.

-Meeting breaks at 12:26pm (Reconvenes at 2pm)

2pm:

- **Eric Chaney: Coffee County Georgia**
  -Election supervisor "could not truly under oath certify this election" due to the dilemma of the electronic recount was collecting more votes cast in the presidential race then the total number of votes reflected in the summary
  -The inconsistent vote could not be reconciled
  -SOS stated that if there was a 5-vote difference still use Nov 3 results, so we certified those results on Nov 9; 5 votes are ridiculous because EVERY VOTE COUNTS
  -We certified very uncomfortably.
  - "Internal inconstancy in stark contract to all other prior elections"
  -50 vote difference in the secondhand count that we could not reconcile
  -Coffee County submitted a letter to the SOS stating that identifying the concerns and issues with Dominion – heard nothing
  -Begged Chris Harvey to come to the elections office and listen to our concerns- we have been denied, SOS office has denied all helped
  -Asked SOS for help, absolutely have heard nothing from the office.
    - **Chairman Blackmon** addresses that we wanted SOS to be here to talk and they denied us.

- **Jayson Stonne is part of the GOP Bibb County Party**
  -I was the only Republican allowed in the adjudication panel. From October 27-November 13th I witness many suspicious election activity
  -My issue with the process is that when envelopes come in the building from post office or from drop box- put in Janetta's office where she personally matches the signatures on the voter rolls. This process is done in private – no republican or democrat able to watch. We have no way of knowing if the ballots were legit.
  -Vote panel to witness absentee ballot opening process during Tuesday October 27 – later that day had found out that they have been processing absentee ballots since Monday October 19 – 7 days of unobserved absentee ballot process.
  -He is stating this process was completely in violation of Georgia law.

- **Marci McCarthy: 2020 Republican Delegation representing the DeKalb GOP**
  -4 areas in the process and control (altered or removed): 1) the role VRP regarding the 2 person panel turning into 4 that was not objective for 5 days 2) when adjudicating ballots on the computer there was no process in place to secure the ballot – computer ID were shared upon other election workers 3) duplication of absentee and military ballots did not have witnesses that are required in the Georgia law – it was done at a different location and not supervised 4)

AMERICAN OVERSIGHT

no checks and balances in absentee ballots – human errors. Absentee ballots were from the wrong election & inherit biased in the VRP once working in a single body.
-VRP purpose is to determine the voter's intent by a bipartisan group
-General special election was VRP was 4 people – 1 R, 2 D, 2 Non-partisan. The 2 nonpartisans views align with the Democrat views
-Essentially- VRP was 1 Republican 3 Democrats
-SOS said to start on October 19, 2020 – VRP in DeKalb County did not start till October 28, 2020 – November 1, 2020; the 4 VRP conducted as 2 separate VRP's.
- No oversight- 800,000 ballots were sent to the Non-partisan VRP (no observation)
-The adjudication panel was completely unobserved, no system control, and there was no audit control by the decisions made by the VRP's
-Overvote was done by the Democrats – no evidence to show who inserted what in the system
-Military ballots cannot be read by the scanners
-VRP did not duplicate the ballots – it was done by election workers – which is against GA constitution
-We found 2 absentee ballots from another election

- **Ashley Gilles: Lamar County GOP Chair**
  -During the primary Lamar county elections board: technician in Dominion County ran 150 absentee ballots in the tabulation TWICE after hours
  -Friday Dominion executive (during primary) to help start over the fired tech had not cleaned the scanner even after 500 ballots led to over votes
  -These reports were sent to SOS – they allowed Dominion to have 100% complete control
  -Nov 5th: I was sent to Spalding County as a fully credential to be an observer of canvassing ballots- 6pm we were locked out, denied access
  -I called SOS – no answer
  -Sensitive voter information next to a dumpster
  -Hand recount audit: during this time – I was credential as a vote review panel October 13th – Spalding County- I was instructed to fill out the form incorrect per Superintendent
  -The batch forms were incomplete
  -She has asked SOS why RLV software person was entering the Presidential numbers instead of election workers

- **Suzi Voyles: (she testified in the Senate Meeting – identical testimony)**
  -Same testimony from the Senate meeting – poll manager. States poll pads and machines are connected to the internet.
  -Absentee ballots that looked "suspicious" and on the absentee ballots had a white mark, no folds, felt different too
  -No chain of custody
  -On the 2nd day of the recount- when Susan got there's- one batch machine generated, 60 of them in the batch all from quality living center (South ATL), others got 6,000 and they only got 60. They wanted to count more batches and no they were not given any more batches vs others had masses.

AMERICAN OVERSIGHT

-Susan and others were told to leave at 10am. – Night before they had masses to be counted and next day they were gone.

- **Rep. Turner:** When you saw the suspicious activity - did you report when you saw the pristine ballots? **Voyles:** there was no avenue at the GWCC to take those questions – the workers did not seem alarmed as we did. **Turner:** Did you tell SOS office? **Voyles:** Yes, and I never heard from them. Gabe and SOS never reached out to me about my affidavit.
- **Rep. Nguyen:** She asked about the Quality of living votes.

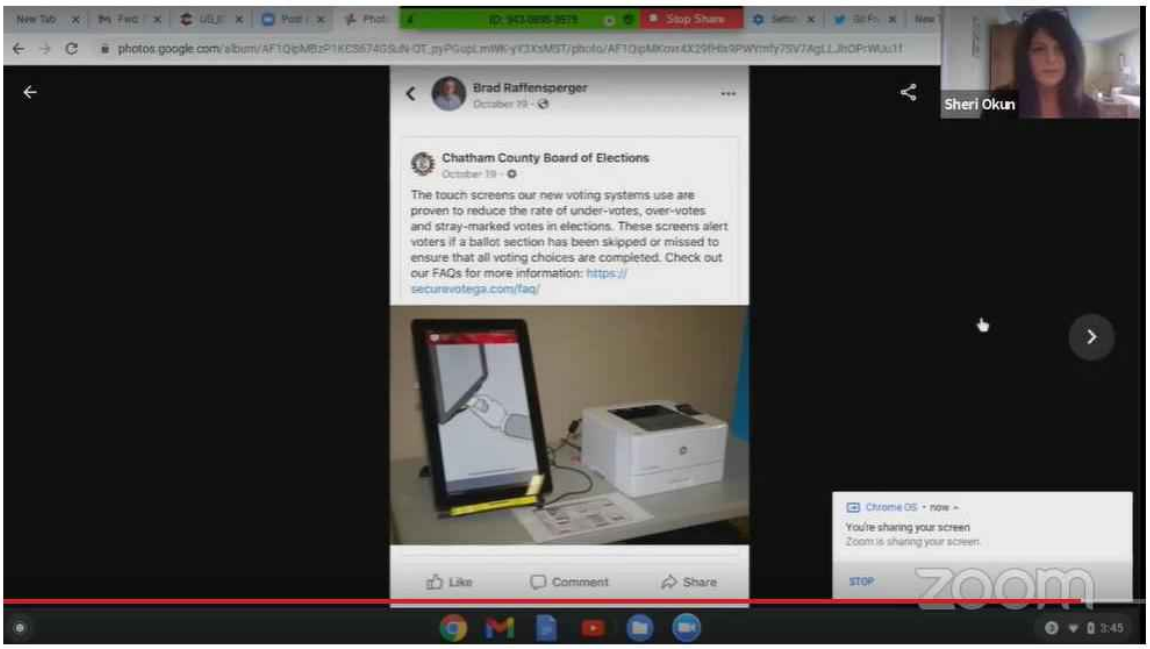
- **Mark Amick: poll watcher (testified in the Senate Meeting)**
  -1 example on election day: not allowed to enter Birmingham Falls Elementary in Fulton County (had letter from SOS office)
  -In Roswell, Democrat poll watchers were engaging with voters outside voting location – Mimosa Elementary (the poll watchers engaging the voters) & Ester Jackson the poll watchers outside catching voter data and information
  -Nov 6 State Farm Arena: Provisional and Military ballots: You were pinned in the back corner – you could not watch the process – 15 feet away from seeing the process
  -Concern for processing the military and UCAVA Ballots: the process the Rick Barren: they will email a form to military ballots or overseas members, then print the form, mark the form, mail it back to the county, county processes it but goes in hand with Marci Testimony that we cannot see this form (duplication process)
  -10,707 batch for Biden and 13 votes for Trump – that cannot be right. The workers could not figure out the "fraud"
  -Needs to be on SOS website for fraud training – voter fraud is a felony

- **Mr. Hale Soucie: I have sworn affidavits that what I say is true- Recount monitor**
  -Nov 14: First auditor said out loud that 3 votes were for Biden but were supposed to be Trump – did that 3 times in 3 minutes.
  -Auditor was not double checking the ballots
  -Cobb and Gwinnett County: blue or black pins on table in Cobb had blue or black pins on the tables while handing absentee ballot which can do overvotes
  -Fulton: this letter allows me to be on the recount floor
  -1 minute on being the floor a man came up to me "runners" – "brought a suitcase out said table 96 has it – asked Soucie can you take the suitcase?" He is offering me a ballot of suitcases.
  -Mr. Soucie stated he was never confirmed or who he was and election workers asking him "How do I get more ballots" etc
    - **Rep. Turner:** No one from the SOS office has contacted me regarding these concerns/issues

- **Luke Martin: Floyd County Republican GOP Chairman**
  -3,000 ballots were not counted till later.
  -On Election night, board of elections failed to notify both parties were going to begin absentee ballots. They counted without public observation.
  -Another problem with the recount in the Risk limiting audit counted 300 ballots TWICE

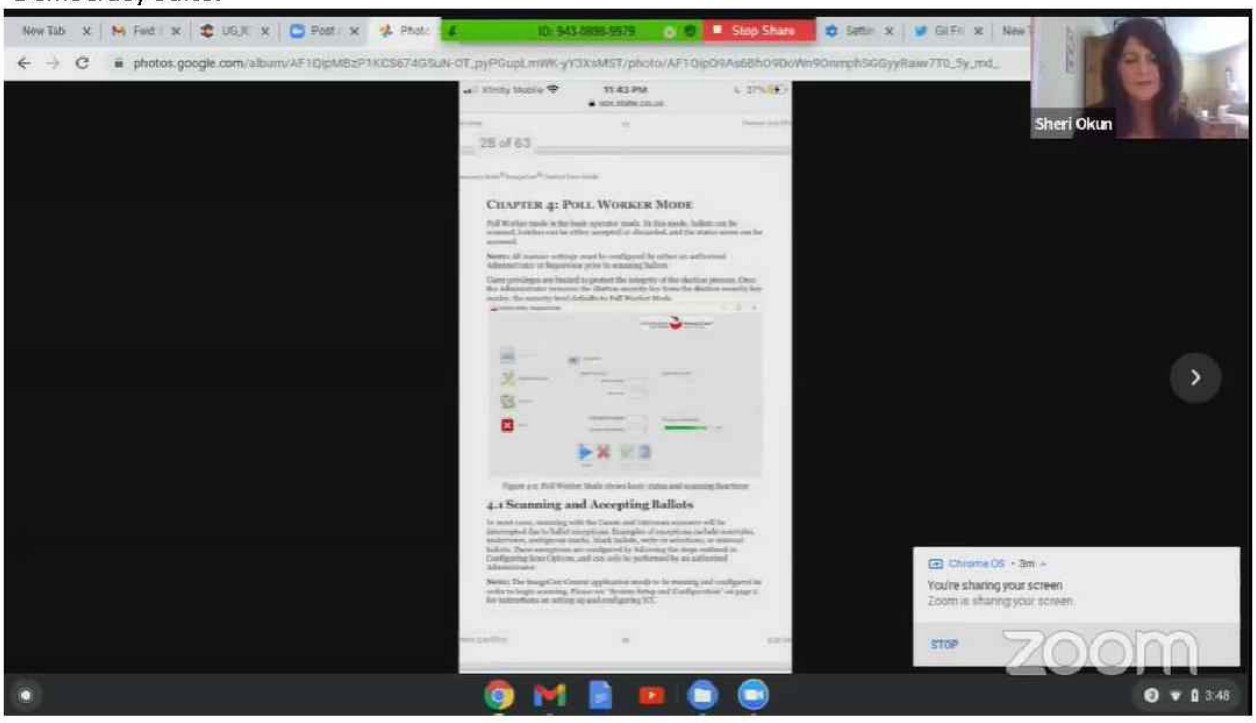
AMERICAN OVERSIGHT

-It was a lack of election training
-I know why SOS not calling a signature audit because nothing in law does not really specify
-Human error can lead to serious errors



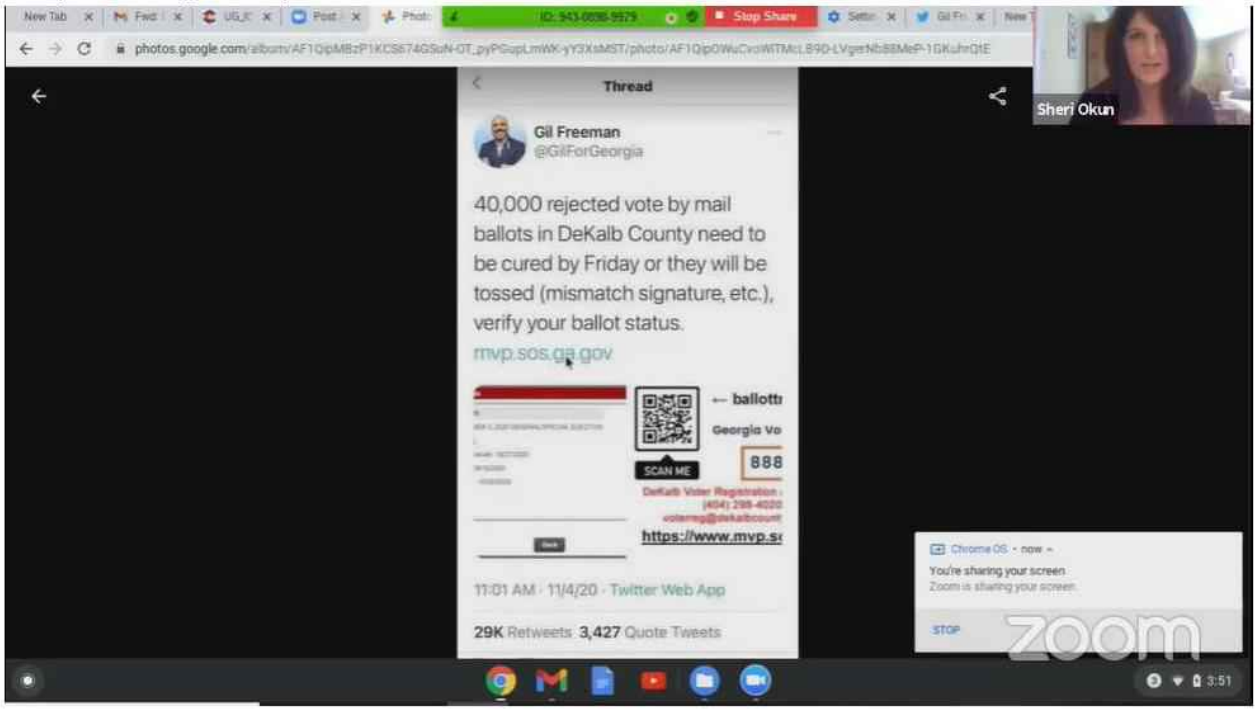
- **Rep. Oliver:** Election supervisor was fired? **Martin:** Yes, he was fired. I think it was the right direction to fire him.
- **Rep. Lumsden**: The errors that happened in Floyd county was it lacking training? **Martin:** Yes, the problems occurred from lacking in training from the election's office.

- **Debra Giddens: Secretary of Ware County GOP**
  -Poll watcher for early voting and on Nov 3 election day
  -All signatures on the absentee ballots were verified
  -on Wednesday December 2nd: had a meeting with Elections supervisor in Ware County: asked him whether all signatures on absentee ballots were checked and verified? He said: "most all were all checked – weren't able to check all of them since they got so behind on absentee ballots and early voting"
  -We got different numbers the 3 times: election day, hand audit, & recount

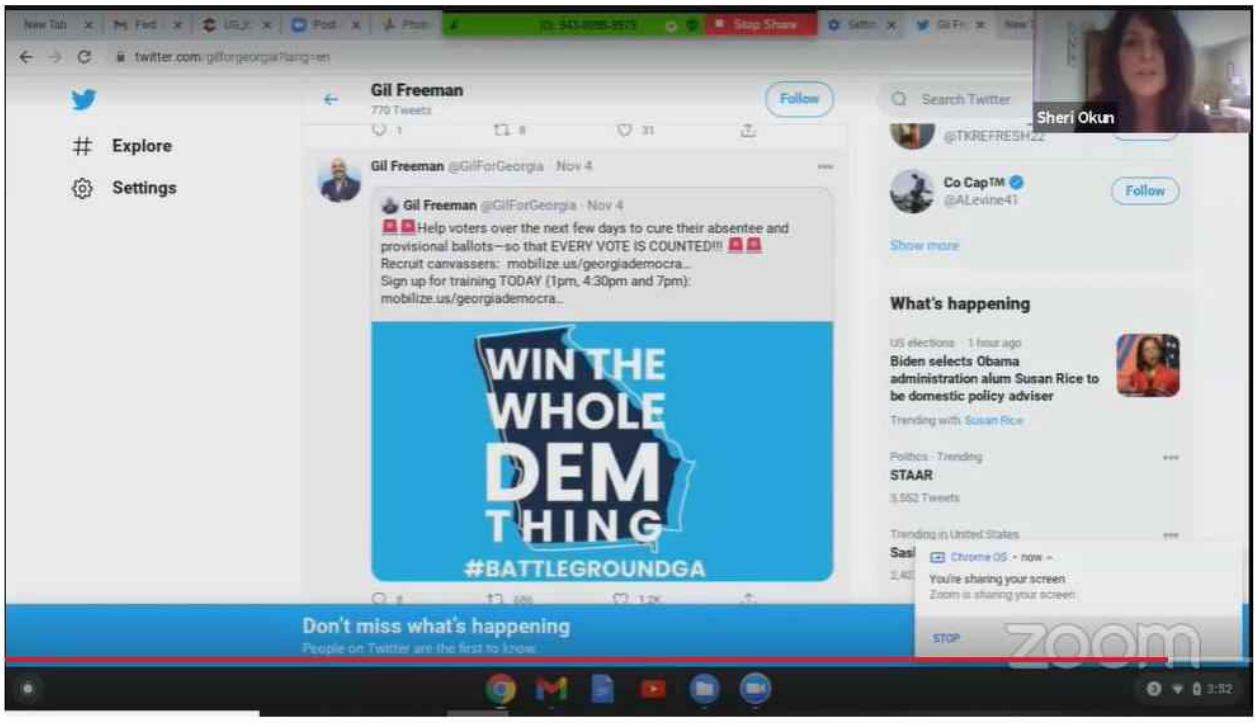


- **Jan Barton: Cobb County observer for the recounts**
  -Voting system is broken
  -4 sacred rights have been dismantled: 1) shredded in Cobb County of envelopes she has email election supervisor that no ballots were shredded but envelopes are – November 18th shredding happened 2) observer on 2nd recount in Cobb County December 1st – not allowed to be close to tables – 10 feet away – perfectly flat absentee ballots no folds on them counting 3) independent team to document the first audit – we cannot trust voting system 4) on Tuesday this week my name was part of the Hammer Scorecard
  - **Rep. Turner:** why we are wasting time in Hammer Scorecard? I would rather use time in useful information.

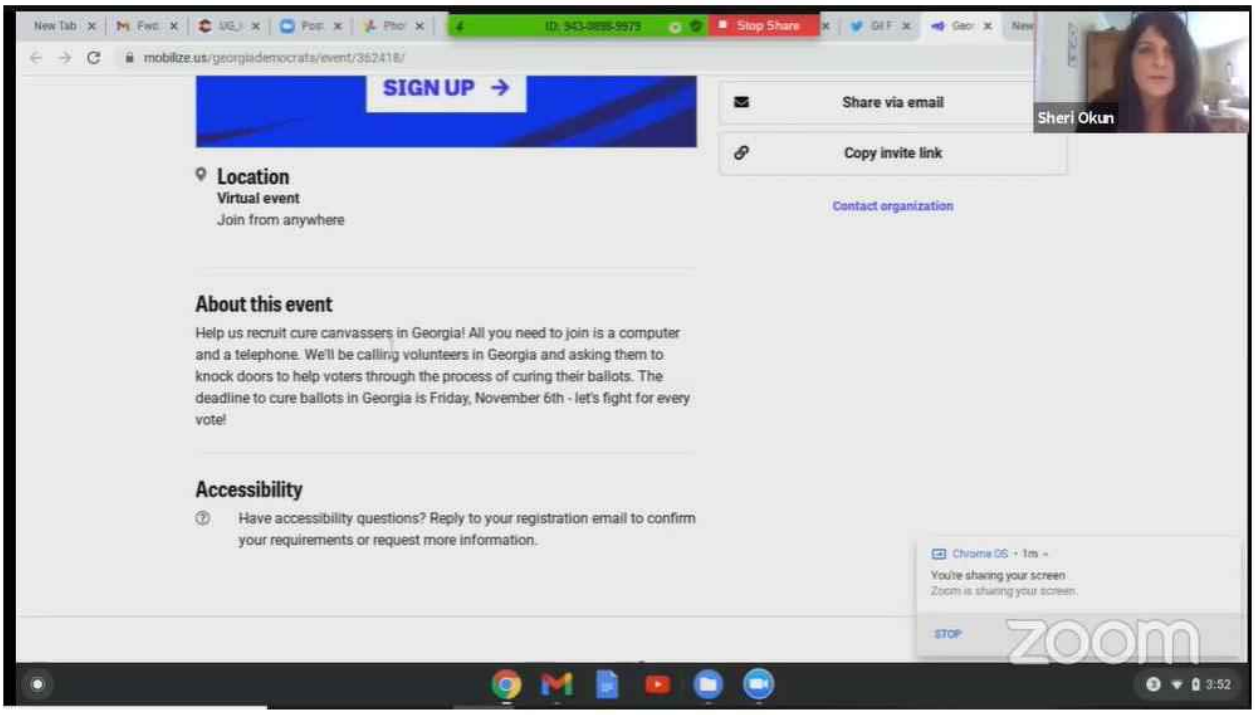
- **Sheri Okun: DeKalb County**
  -October 19th voting in person early:



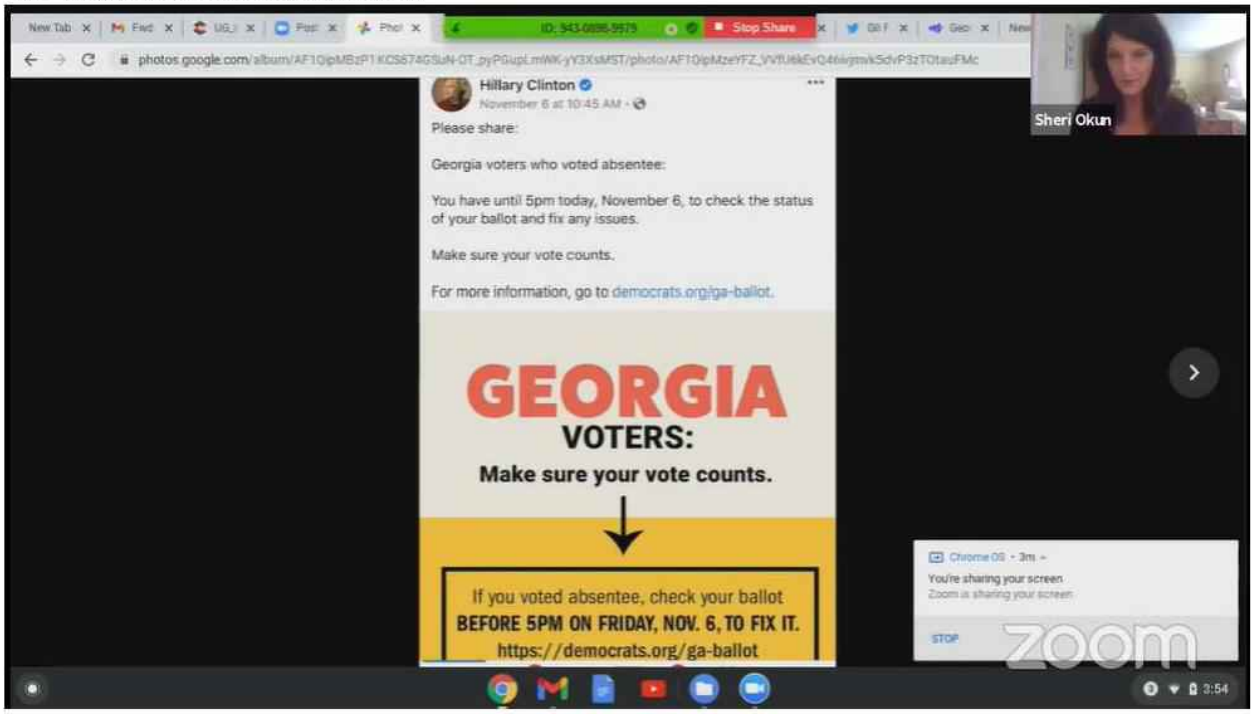
AMERICAN OVERSIGHT



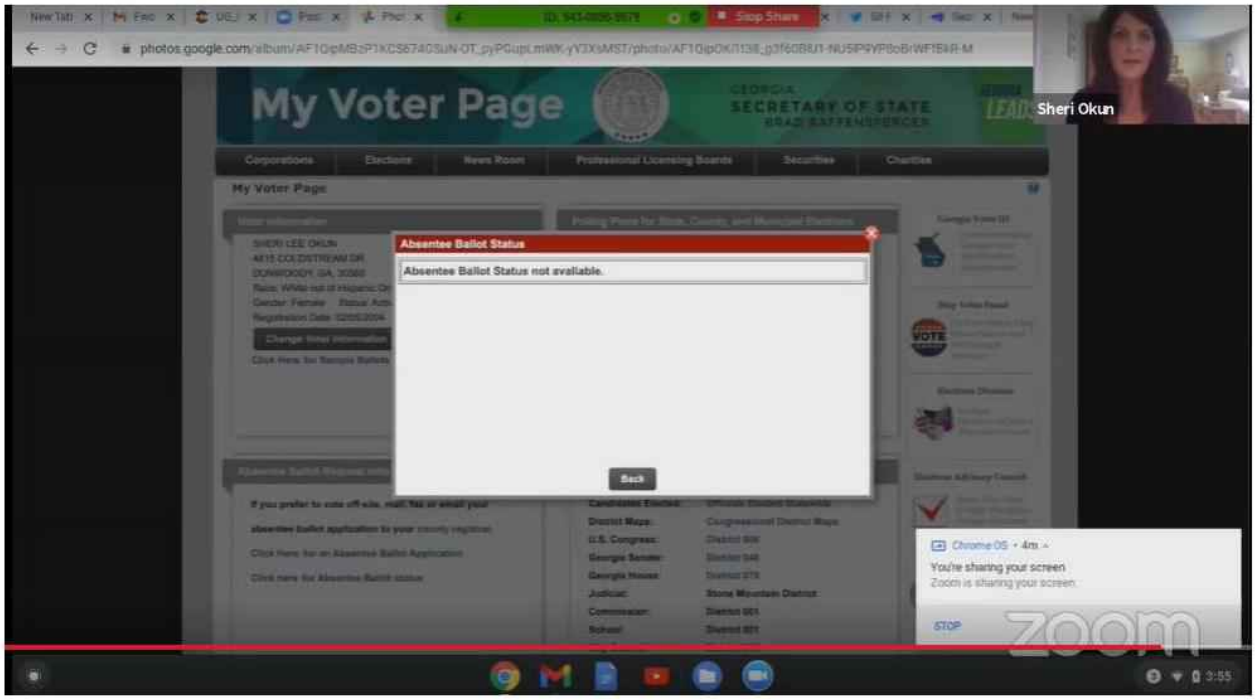
-Poll worker said: I need to see the QR code to show you what scanner to go to
-Many poll workers were looking at who they voted to – but it is illegal to do that
-Democracy Suite:



-Why is a voting booth present in election officials?



-Georgia Democrats created this:



-It is illegal to do this as she stated.

-Ask me to put my Voter ID on the link – I know people who went and uploaded their signatures on this link

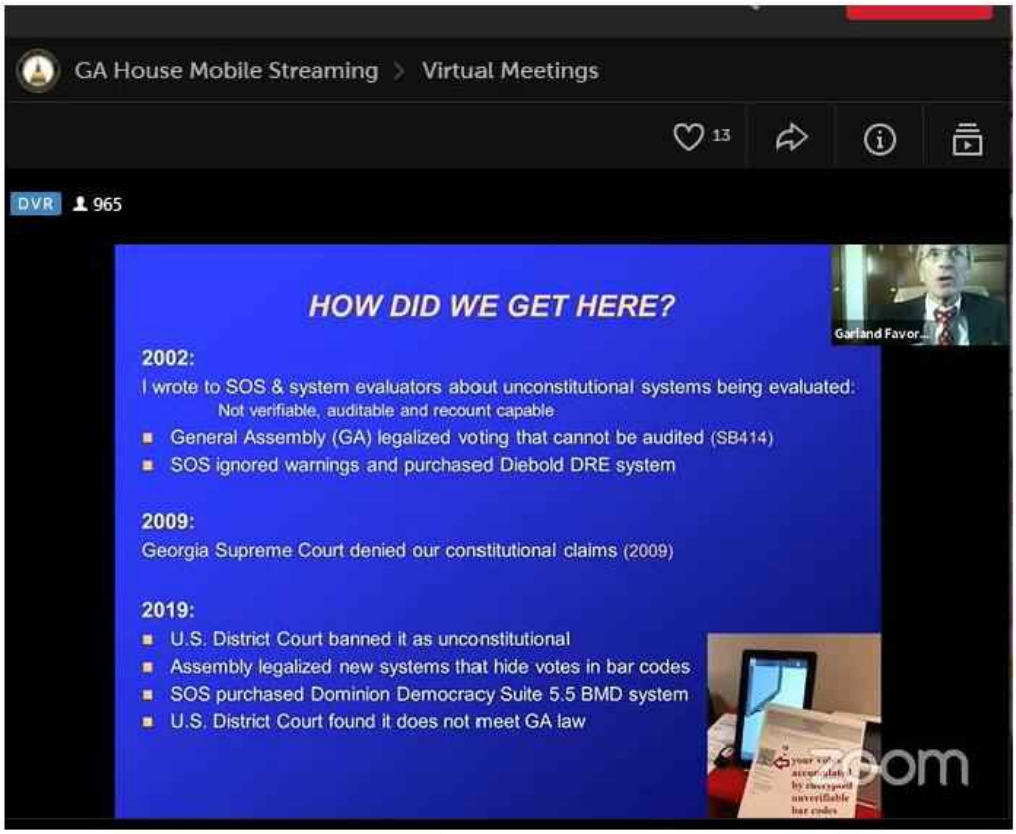
-This family voted absentee and got this message when they checked on MVP (they voted Republican)

-All Democrat absentee ballots showed approved

- **Joe Sapp**
  -I am at a PT and received a restricted phone call – as a physician, I answered the call
  -Phone call about absentee ballot has not been received yet and they will get a representative to come pick up your ballot to put it in the drop box
    - **Rep. Turner**: Did you record the phone number? **Sapp:** The number was restricted. **Turner:** Have you reported this to any authority? **Sapp**: No.

- **Eli Velund: Voter in Spalding County**
  -On Nov 3 – went to go vote, her and her husband had to go to 2 different locations to vote
  -Wife had to fill out a provisional ballot
  -She had to go to the church and system was back on casted his vote in machine
  -The system does not show (MVP) that her or her husband voted in Spalding County
  -To this day, my vote does not show that it did not count
  -It was going to take 14 days – still never posted. She is not sure if her vote counted
    - **Rep. Turner:** If you are looking on MVP on the absentee portal you will not find the election day vote.

- **Mary Carole: Fulton County Board of Elections**
  -They are 250 investigations – small portion in Fulton County
  -All the investigations in Fulton County are being investigated
    - **Rep. Williamson:** Would you have objection bipartisan observers for signatures? **Carole**: You are meaning 2 observers. We will need twice the number of observers. We will need to ensure that they will have enough space to conduct this in a correct safe manner. **Williamson:** So, would you support this? Carole: I would be in support.



AMERICAN OVERSIGHT

- **Rep. Jones:** Do you look at other states in other counties to see who is doing the best practice in Fulton? **Carole:** It is not done in the purview.

AMERICAN OVERSIGHT

- **Closing Remarks**

  -Chairman Powell: No audit was done – especially for the absentee ballots. GBI needs to on the investigation in the State Farm Arena. Audit needs to be done on the absentee ballots with no creases on them.

  -Rep. Trammell: Joe Biden is the winner in Georgia. Explains how the ballots were counted three times.

  -Rep. Todd Jones: These UPS places are not in apartment places.

  -Rep. Nguyen: All the testimony has been thrown out in the court cases. No-excuse absentee was voted in by Republicans. Taking away absentee voting is voter suppression.

  -Rep. Taylor: We value everyone who has taken the time to work in elections. But we need to ensure votes are secure.

  -Rep. Williamson: We need to ensure that all legal votes counted. We need to revisit the evidence that Trump Lawyer Guiliani brought to the committee. We need to evaluate Coffee County.

  -Rep. Turner: I fought hard for the RLA and paper ballots. We need to check everything. It's unacceptable and disrespectful that SOS office did not come and talk to us.

SECRETARY RAFFENSPERGER WARNING : 'MOVING' TO GEORGIA TEMPORARILY IN ORDER TO VOTE IN JAN. 5 RUNOFF IS ILLEGAL AND WILL BE PROSECUTED

(ATLANTA) – Secretary of State Brad Raffensperger issued a warning Friday to out-of-state partisans seeking to vote in the Jan. 5 runoff election for Senate: Moving to the state with the sole purpose of voting and leaving is illegal and is considered voter fraud. Per O.C.G.A § 21-2-561, it is a felony to register to vote in Georgia if you are not a resident of Georgia with no intention of leaving and is punishable by up to 10 years in jail and a $100,000 fine.

"Let me be clear, those who come to Georgia with the intention of voter fraud will be prosecuted," said Secretary Raffensperger. "We thoroughly investigate every single allegation of voter fraud. Anyone is welcome to move to the state named the No. 1 place to do business. However, let me warn anyone attempting election mischief: If you illegally participate in our elections, you might be spending a lot more time in Georgia than you planned."

Secretary of State Brad Raffensperger has a team of seasoned investigators who have been looking into every allegation of illegal voting and fraud. The secretary's investigators will look into voter fraud allegations, including any allegations of non-residents registering to vote or voting.

The secretary's comments address legitimate concerns raised by statements from Andrew Yang, the former Democratic presidential candidate who said he would "move" to Georgia for the runoff. He later clarified that he will not register to vote.

"Anyone moving to our state to attempt to illegally influence the election could face a hefty fine and the possibility of up to 10 years behind bars," said Deputy Secretary of State Jordan Fuchs. "Do you value your freedom? If so, don't commit voter fraud in Georgia."

The Secretary of State asks all to report any suspicion of voter fraud. Citizens may use the online reporting form at https://sos.ga.gov/cgi-bin/EMailStopVoterFraud.asp or call the Voter Fraud Hotline at 877-725-9797 to report questionable elections activity. A POST-certified investigator will contact them for more information if needed.

OF
STATE ELECTION BOARD

CHAPTER 183-1
GEORGIA ELECTION CODE

SUBJECT 183-1-14
ABSENTEE VOTING

TABLE OF CONTENTS

183-1-14-0.8-.14 Secure Absentee Ballot Drop Boxes

RULE 183-1-14-0.8-.14 Secure Absentee Ballot Drop Boxes

(1) County registrars are authorized to establish one or more drop box locations as a means for absentee by mail electors to deliver their ballots to the county registrars. Placing a voted absentee ballot into the drop box shall be deemed delivery pursuant to O.C.G.A. § 21-2-385 and is subject to the limitations on who may deliver a ballot on behalf of an elector.

(2) A drop box shall only be located on county or municipal government property generally accessible to the public.

(3) Drop box locations may open beginning 49 days before Election Day and shall close at 7:00 p.m. on Election Day. On Election Day, every drop box shall be closed and ballots collected at 7:00 p.m. Prior to opening a drop box for a new election, the registrar shall ensure that the drop box is empty. Any person acting on behalf of the registrar who opens a drop box prior to an election must have sworn an oath in the same form as the oath for poll officers set forth in O.C.G.A. § 21-2-95 prior to opening the drop box and shall sign a form indicating that the drop box was empty and secure at the time of opening. Counties shall provide notice of the location of each drop box by posting such information on the home page of the county election website no later than the day the drop boxes are placed in a location.

(4) Drop box locations must have adequate lighting and use a video recording device to monitor each drop box location. The video recording device must either continuously record the drop box location or use motion detection that records one frame, or more, per minute until detection of motion triggers continuous recording.

(5) Video recordings of the drop box locations must be retained by the county registrars for 30 days after the final certification of the election, or until conclusion of any contest involving an election on the ballot in the county jurisdiction, whichever is later, and shall be made available to Secretary of State investigators upon request or to the public, upon request, as soon as possible or at a charge that is not cost prohibitive to the public, if there is a charge.

AMERICAN OVERSIGHT

(6) A drop box shall be constructed of durable material able to withstand vandalism and inclement weather. The opening slot of a drop box shall not allow ballots to be tampered with or removed and shall be designed to minimize the ability for liquid to be poured into the drop box or rain water to seep in.

(7) A drop box shall be securely fastened to the ground or an immovable fixture.

(8) If the drop box utilizes a drop-slot into a building, the ballots must drop into a locked container, and both the drop-slot and the container must be monitored by video recording devices.

(9) A drop box shall be clearly labeled "OFFICIAL ABSENTEE BALLOT DROP BOX". Each drop box location shall clearly display signage developed by the Secretary of State regarding Georgia law related to absentee ballot harvesting and destroying, defacing, or delaying delivery of ballots.

(10) Prior to the second Monday before Election Day, the county registrars must arrange for collection of the ballots from each drop box at least once every 72 hours. Beginning on the second Monday before Election Day and up until 7:00 p.m. on Election Day, the county registrars must arrange for collection of the ballots from each drop box location at least once every 24 hours. On Election Day, every drop box shall be closed and ballots collected at 7:00 p.m. Collection of ballots from a drop box must be made by a team of at least two people. Any person collecting ballots from a drop box must have sworn an oath in the same form as the oath for poll officers set forth in O.C.G.A. § 21-2-95. The collection team shall complete and sign a ballot transfer form upon removing the ballots from the drop box, which shall include the date, time, location and number of ballots. After emptying the drop box on 7:00 p.m. on Election Day, the collection team shall close the drop box and indicate on the ballot transfer form that the drop box was emptied and closed. The ballots from the drop box shall be immediately transported to the county registrar and processed and stored in the same manner as absentee ballots returned by mail are processed and stored. The county registrar or a designee thereof shall sign the ballot transfer form upon receipt of the ballots from the collection team.

AMERICAN OVERSIGHT

Good morning,

You may feel that Fall chill in the air…the big day is tomorrow. I wanted to take a moment to layout what we've done to assure a great election day tomorrow.

In June, I came before in this exact spot to outline my November Action Plan…since then, we've hit every mark.

The goal has been to address issues we saw in polling places like the one here at Park Tavern. Because of Covid, Fulton was forced to collapse several polling locations and put over 16,000 voters here…leading to long lines, despite, from our analysis having one of the most efficient processing times in the state. Because your vote matters.

We had 4 action items: Increasing poll workers and enhanced training; Deploy more on site technical support at the polling locations; decrease lines through more polling locations; and move voters to pre-election day voting options.

On poll workers, we have through our Secure The Vote campaign, where we have worked with partners as diverse as the ACLU and the Metro Atlanta Chamber of Commerce, my office supplied the names of over 52,000 Georgians who wanted to step up and help their neighbors vote as poll workers. And as we have all learned to manage Covid, the counties have been able to do more enhanced hands on training.

AMERICAN OVERSIGHT

In the area of technical support, through our vendor Dominion, we have brought on enough Field Service Techs to deploy in all of Georgia's 159 counties. What we saw in June were simple issues, more tied to training than actual equipment. We are approaching 2000 FSTs to be deployed between contractors and county hires. The hope is they will have a relatively boring day.

Another goal of my November Action Plan was to have shorter lines through the addition of more polling locations. The counties have stepped up and added them…most notably right here in Fulton County, where they have added 91 polling locations…a 55% increase. But this goes back to a goal of mine since I was elected. To shorten lines there need to be more locations…that is why I introduced, and intend to reintroduce, my bill to require polling locations with over 2000 voters to split into at least two precincts to address line length if there is a line of an hour or more on election day.

The final item of the November Action Plan was to move Georgia voters to pre-election voting options. This is where we can already measure our success in conjunction with the counties. As we sit here today, 2,687,523 voters came out to vote early in the record 336 early voting locations. And 1,2XX,XXX voters have had their ballots accepted by their counties. That means we have 3,9XX,XXX voters who have done what we had worked for and already cast their ballots…a record 55% of Active Voters.

AMERICAN OVERSIGHT

Our initial analysis is that we have moved 1.5 million voters who would normally have been Election Day voters off of that day. This has been a resounding success.

To achieve this success we have leveraged technology more than ever before. We built out the online ballot request portal. With that 409,398 Georgians requested their ballots. That is over 40% of all new requests for the general election.

And for those that requested an absentee ballot, we launched GeorgiaBallottrax.com. Over 187,000 Georgians signed up for this service to get proactive notifications of their absentee ballot's status.

So now we come to the big day tomorrow. There will be tens of thousands of poll workers staffing over 2400 polling locations to help assure their neighbors can vote safely…and securely.

The state has taken unprecedented steps to help counties prepare. The counties have done amazing work to deliver this historic election to their voters.

That said, we need to manage all of our expectations. If you go to vote first thing in morning…the likelihood is, you will be in a line. Be patient, give grace to those great Georgians that are working hard to let you cast your vote.

AMERICAN OVERSIGHT

There are 28X,XXX Georgians who still have absentee ballots, likely on their kitchen table, that they can vote. Please, make your choices on that ballot and return it to your local ballot drop box or your county registrars office.

There has never been a perfect election. This one has gone very well…so far. Tomorrow will have challenges. The job of the counties, the poll managers, the poll workers, will be to address those issues quickly. The state stands ready to help where we can.

We are blessed to be Americans. It is each voter's responsibility to do their duty to protect and defend our Republic by participating in this historic election. My goal, which we have been working towards since my election, is to provide a smooth, safe, sensible voting experience for each and every Georgia voter, regardless of ZIP code.

I am grateful to all of those Georgians who have done their part and voted. I also want to give my personal thanks to those tens of thousands of Georgians who have stepped up to make this election a reality. There are 159 election directors in all of our counties that need to be thanked by all of us as well. I want to give a specific thank you to my elections staff that has been putting in long hours, giving the voters and the counties the support they need to do their jobs in this process.

AMERICAN OVERSIGHT

We need those voters that are planning on voting tomorrow…please go to My Voter Page at mvp.sos.ga.gov to confirm your polling location.

Your vote matters. Elections matter.

Tomorrow will be a record and successful election here in Georgia. And now that we have paper ballots I want to assure all voters, regardless of party or ideology, that the outcome of the election will be accurate. We will have an audit to verify the results. You can all have faith in the outcome.

And that is vital…because elections matter, and your vote matters.

I can take any questions you might have…

(9) A drop box shall be clearly labeled "OFFICIAL ABSENTEE BALLOT DROP BOX". Each drop box location shall clearly display signage developed by the Secretary of State regarding Georgia law related to absentee ballot harvesting and destroying, defacing, or delaying delivery of ballots.

(10) Prior to the second Monday before Election Day, the county registrars must arrange for collection of the ballots from each drop box at least once every 72 hours. Beginning on the second Monday before Election Day and up until 7:00 p.m. on Election Day, the county registrars must arrange for collection of the ballots from each drop box location at least once every 24 hours. On Election Day, every drop box shall be closed and ballots collected at 7:00 p.m. Collection of ballots from a drop box must be made by a team of at least two people. Any person collecting ballots from a drop box must have sworn an oath in the same form as the oath for poll officers set forth in O.C.G.A. § 21-2-95. The collection team shall complete and sign a ballot transfer form upon removing the ballots from the drop box, which shall include the date, time, location and number of ballots. After emptying the drop box on 7:00 p.m. on Election Day, the collection team shall close the drop box and indicate on the ballot transfer form that the drop box was emptied and closed. The ballots from the drop box shall be immediately transported to the county registrar and processed and stored in the same manner as absentee ballots returned by mail are processed and stored. The county registrar or a designee thereof shall sign the ballot transfer form upon receipt of the ballots from the collection team.

TABLE OF CONTENTS

183-1-14-0.9-.15 Processing Absentee Ballots Prior to Election Day

RULE 183-1-14-0.9-.15 Processing Absentee Ballots Prior to Election Day

(1) Beginning at 8:00 a.m. on the third Monday prior to Election Day, county election superintendents shall be authorized to open the outer envelope of accepted absentee ballots, remove the contents including the absentee ballot, and scan the absentee ballot using one or more ballot scanners, in accordance with this rule, and may continue until all accepted absentee ballots are processed. All county election superintendents shall begin processing and scanning absentee ballots the second Monday before Election Day. However, no person shall tally, tabulate, estimate or attempt to tally, tabulate or estimate or cause the voting equipment to produce any tally or tabulation, partial or otherwise, of the absentee votes cast until the time for the closing of the polls on Election Day.

(2) Absentee ballots shall be processed in batches of not more than 100. At least three persons who are registrars, deputy registrars, poll workers, or absentee ballot clerks must be present at all times during the processing of a batch of absentee ballots.

(3) Outer envelopes shall be opened in such a manner as not to destroy the oath and signature of the voter.

(4) All outer envelopes in a batch shall be counted and recorded on a reconciliation form prior to opening the outer envelopes of a batch. Upon opening the outer envelopes of a batch, the contents shall be removed in a manner that ensures that the contents of the envelope cannot be matched back to the outer envelope. Once all of the outer envelopes of a batch have been opened and the contents removed, the inner envelopes and/or secrecy sleeves shall be opened and the absentee ballots removed. Once all of the absentee ballots have been removed, the number of ballots shall be counted and recorded on a reconciliation form and compared to the original count of outer envelopes in the batch. Any discrepancy shall be investigated and recorded on a reconciliation form. The form shall be signed by the officials processing the batch of ballots. The absentee ballots shall then be scanned on a ballot scanner. A batch number assigned by the ballot scanner shall be recorded on the reconciliation form for that batch. Any ballot that is so torn, bent, or otherwise defective that it cannot be processed by the scanner shall be duplicated pursuant to O.C.G.A. § 21-2-483. Vote review panels shall be established, as needed, to adjudicate any rejected ballots per O.C.G.A. § 21-2-483 and Rule

AMERICAN OVERSIGHT

183-1-15-.02. Once successfully scanned, the batch of ballots shall be bound together with the reconciliation form (or a copy thereof) and the official who scanned the ballots shall notate on the reconciliation form that the batch has been scanned, including the date and location of the scanning, and initial the notation. The scanned absentee ballots shall then be secured in a container. More than one batch of scanned absentee ballots may be placed in the container, but the individual batches must be separately bound. A security seal shall be placed on the container. The batch number(s), the number of scanned absentee ballots in each batch, and the security seal number shall be recorded on the container.

(5) If the county election superintendent chooses to prepare and/or scan absentee ballots prior to Election Day according to this Rule, the superintendent shall notify the Secretary of State in writing at least seven days prior to processing absentee ballots.

(6) The proceedings described in this rule shall be open to the view of the public, but no person except one employed and designated for the purpose by the superintendent shall touch any ballot or ballot container. The state executive committee of each political party and political body having candidates whose names appear on the ballot in such county shall have the right to have two properly designated persons present to act as monitors for such process and each independent and nonpartisan candidate whose name appears on the ballot in such county shall have the right to have one properly designated person present to act as a monitor for such process. The designated monitors shall be given a letter by the designating entity containing the name of the monitor, his or her address, and the county in which he or she may monitor the process. A copy of the letter designating the monitor shall be delivered to the county elections superintendent prior to the monitor being allowed to monitor the process. Each monitor shall wear a name tag indicating their name and the entity that designated them while monitoring the process. Any other observer shall be required to wear a name tag that indicates their name and that they are a public observer. The superintendent may make reasonable regulations, including regulations regarding social distancing measures and required personal protective equipment, that designated monitors and observers shall follow so that they do not interfere in any way with the processing of ballots or conduct of the election. If a monitor or observer interferes with the processing of the ballots or conduct of the election after being duly warned by an election official or superintendent, or if he or she violates any of the prohibited activities in this rule, the superintendent may revoke the person's designation to monitor the process, remove them from any further monitoring or observing, and refer the incident to the Secretary of State's office for investigation. Any infraction or irregularity observed by a monitor or observer shall be reported to the superintendent or to the Secretary of State. No person whose name is on the ballot shall be eligible to serve as a designated monitor.

(7) While viewing the process set forth in this rule, monitors and observers are prohibited from:
(a) In any way interfering with the processing of absentee ballots or conduct of the election;
(b) Using or bringing in to the room any photographic or other electronic monitoring or recording devices, cellular telephones, or computers;
(c) Engaging in any form of campaigning or campaign activity;
(d) Taking any action that endangers the secrecy and security of the ballots;

AMERICAN OVERSIGHT

(e) Touching any ballot or ballot container;
(f) Tallying, tabulating, estimating, or attempting to tally, tabulate, or estimate, whether partial or otherwise, any of the votes on the absentee ballots cast; and
(g) Communicating any information that they see, whether intentionally or inadvertently, about any ballot, vote, or selection to anyone other than to an election official who needs to such information to lawfully carry out his or her official duties.

(8) Before being allowed to view the process set forth in this rule, each designated monitor and observer shall execute an oath swearing or affirming, under penalty of perjury, that they understand the prohibitions set forth above, that they will not engage in any prohibited activity, and that they understand any violations of this rule will be punishable by the State Election Board.

(9) The county election superintendent shall publish a written notice, containing the dates, start and end times, and location(s) where absentee ballots will be processed and any rejected ballots will be adjudicated. Such notice shall be posted in the superintendent's office, on the home page of the county election website, and sent to the Secretary of State's office at least seven days prior to scanning ballots in accordance with this rule. The Secretary of State shall publish on his website the information he receives from counties stating the dates, times and locations where absentee ballots will be processed and adjudicated.

(10) Any person involved in processing absentee ballots according to this rule shall swear an oath, in the same form as the oath for poll officers set forth in O.C.G.A. § 21-2-95, prior to beginning the processing of absentee ballots.

(11) All cell phones, laptops, audio or video recording devices, and other communication devices shall be prohibited from the room where processing of absentee ballots is taking place, except for county election computers necessary to carry out this rule or otherwise conduct the election. No information concerning the tally of votes, or any partial tally of votes, shall be communicated until the time for the closing of the polls on Election day.

(12) The county superintendent shall be permitted to designate locations where public observers may view the process described in this rule to protect the security and secrecy of the ballots. Monitors designated by political parties, political bodies, and independent and non-partisan candidates shall be allowed to monitor the process described in this rule, but they must do so in a way that does not interfere with election officials. The superintendent may designate locations that allow designated monitors to monitor the process set forth in this rule, and such locations shall include areas that allow credentialed monitors to view the batching of the ballots, reconciliation of envelopes to ballots, scanning the ballots, duplication of ballots, adjudication of ballots by vote review panels, sealing the ballots after scanning, and other such areas as the superintendent may deem necessary to the assurance of fair and honest procedures in the carrying out of the procedures set forth in this rule.

TABLE OF CONTENTS

183-1-14-0.8-.14 Secure Absentee Ballot Drop Boxes

RULE 183-1-14-0.8-.14 Secure Absentee Ballot Drop Boxes

(1) County registrars are authorized to establish one or more drop box locations as a means for absentee by mail electors to deliver their ballots to the county registrars. Placing a voted absentee ballot into the drop box shall be deemed delivery pursuant to O.C.G.A. § 21-2-385 and is subject to the limitations on who may deliver a ballot on behalf of an elector.

(2) A drop box shall only be located on county or municipal government property generally accessible to the public.

(3) Drop box locations may open beginning 49 days Election Day prior to any presidential preference primary, general primary other than a municipal general primary, general election other than a municipal general election, or special primary or special election in which there is a candidate for federal office on the ballot and the drop boxes for the aforementioned elections shall close at 7:00 p.m. For a statewide or federal special election or a statewide or federal runoff election, drop box locations may begin opening on the first day of advance voting. On Election Day, every drop box shall be closed and ballots collected at 7:00 p.m. Prior to opening a drop box for a new election, the registrar shall ensure that the drop box is empty. Any person acting on behalf of the registrar who opens a drop box prior to an election must have sworn an oath in the same form as the oath for poll officers set forth in O.C.G.A. § 21-2-95 prior to opening the drop box and shall sign a form indicating that the drop box was empty and secure at the time of opening. Counties shall provide notice of the location of each drop box by posting such information on the home page of the county election website no later than the day the drop boxes are placed in a location.

Commented [RL1]: On Election Day, presumably.

(4) Drop box locations must have adequate lighting and use a video recording device to monitor each drop box location. The video recording device must either continuously record the drop box location or use motion detection that records one frame, or more, per minute until detection of motion triggers continuous recording.

AMERICAN OVERSIGHT

(5) Video recordings of the drop box locations must be retained by the county registrars for 30 days after the final certification of the election, or until conclusion of any contest involving an election on the ballot in the county jurisdiction, whichever is later, and shall be made available to Secretary of State investigators upon request or to the public, upon request, as soon as possible at a charge that is not cost prohibitive to the public.

(6) A drop box shall be constructed of durable material able to withstand vandalism and inclement weather. The opening slot of a drop box shall not allow ballots to be tampered with or removed and shall be designed to minimize the ability for liquid to be poured into the drop box or rain water to seep in.

(7) A drop box shall be securely fastened to the ground or an immovable fixture.

(8) If the drop box utilizes a drop-slot into a building, the ballots must drop into a locked container, and both the drop-slot and the container must be monitored by video recording devices.

(9) A drop box shall be clearly labeled "OFFICIAL ABSENTEE BALLOT DROP BOX". Each drop box location shall clearly display signage developed by the Secretary of State regarding Georgia law related to absentee ballot harvesting and destroying, defacing, or delaying delivery of ballots.

(10) Prior to the second Monday before Election Day, the county registrars must arrange for collection of the ballots from each drop box at least once every 72 hours. Beginning on the second Monday before Election Day and up until 7:00 p m. on Election Day, the county registrars must arrange for collection of the ballots from each drop box location at least once every 24 hours. On Election Day, every drop box shall be closed and ballots collected at 7:00 p m. Collection of ballots from a drop box must be made by a team of at least two people. The collection team shall complete and sign a ballot transfer form upon removing the ballots from the drop box, which shall include the date, time, location and number of ballots. After emptying the drop box on 7:00 p m. on Election Day, the collection team shall close the drop box and indicate on the ballot transfer form that the drop box was emptied and closed. The ballots from the drop box shall be immediately transported to the county registrar and processed and stored in the same manner as absentee ballots returned by mail are processed and stored. The county registrar or a designee thereof shall sign the ballot transfer form upon receipt of the ballots from the collection team.

Vote On-line: Visit Website https://georgia.gov/how-do-i-register-vote

or use this "shortened" link: bit.ly/3pEeua3

2.. Option 2: If You don't have GA License or State ID: That's OKAY !!!

Residing in Georgia for at least the last 30 days is the requirement to be able to vote in the upcoming Jan. 5th Runoff Election.

- You could have voted in another state for the recent Nov 3rd Presidential Election.
- Your current residence can be another state. You are simply changing your state of residence now; and it can be switched back for future elections (your option).

Step 1: Become Registered to Vote in Georgia

Mail in **"State of Georgia Application For Voter Registration"** (see Attachment) to the Secretary of State, State of Georgia, PO Box 105325, Atlanta, GA 30348-9562. All you need:

i.. Last four digits of your Social Security number – AND –

ii.. ***Proof of residency-*** copy of: **current photo ID (** Any State University Photo ID accepted, but NOT Private College)**, current utility bill, **bank statement**, government check, **Paycheck**, or other governmental document that shows your name and GEORGIA address. Include as many as you can easily provide. Application Form can be found using the same link in #1 above. Scroll down to "*Fill Out & Submit Voter Registration Application*", then choose "*Register by Mail*"

Step 2: Keep Checking GA Website to Determine When You've Been Approved

Mvp.sos.ga.gov/MVP/mvp.do or we shortened: bit.ly/38JZrFy

Step 3: Request Absentee Ballot (which can be sent anywhere)

If you will not be back in Georgia for early or same day voting on Jan 5th simply request an Absentee Ballot be mailed to you anywhere in US.

Part A: Complete **"Application For Official Absentee Ballot"** (See Attachment), a GA Secretary of State form found at Georgia.gov/vote-absentee-ballot and choose the "Fill Out & Submit"→ "Submit by Mail" tab. On-line can't be done without license or ID.

Part B: Send Part A Form to **Dekalb County** to:

Mail or by Hand to: Dekalb County Registration & Elections,
Absentee Ballot Division, 4380 Memorial Drive, Suite 300, Decatur, GA 30032

EMAIL: absenteeballot@dekalbcountyga.gov PDF or JPEG as Attachment

Re: Open Records Request 2020-836

Dear Joe Henke:

This letter is in response to your Open Record Request on 09/09/2020 made pursuant to Georgia's Open Records Act (O.C.G.A. § 50-18-70) asking for the following records:

- All reports and information that can be released detailing investigations into double voting during the primary and runoff elections in June and August of 2020.
- A breakdown of the number of people being investigated for double voting in the mentioned elections by county.

The information you are requesting is in regards to a pending and ongoing investigation. Pursuant to O.C.G.A. § 50-18-72(a)(4), the Secretary of State's Office is unable to produce the information pertaining to a pending investigation, therefore, the information is not publicly available at this time. This will serve as the final response to your request.

Sincerely,

Open Records Officer

Please address the standards that apply to people trying to register now to vote in the January Senate runoff. Who is eligible to register? Are there any requirements for residency? As you have heard, there are people claiming to move to GA for the sole purpose of voting in the Senate runoff
Sen John Kennedy

Is there, or has there been, any discussion on moving the December 1st State & local runoff Elections to January 5th? I'm getting some questions and concerns of feasibility from my BOE offices due to time constraints in place.
Sen Chuck Payne

1. When will the RLA begin, and when will it end?
2. When will the recount begin?
3. What is the difference between a recount and a recanvas? The law speaks to the campaign being able
4. Has the SoS office hired or assigned any more investigators to looking into fraud reports? It is my understanding you all have two, which seems limited given the current situation—anything we can do to help here?
to request a recanvas if there "appears" to be error or fraud.
5. I have seen that less than 500 signatures were rejected for not being a match, is this number correct?
6. What is the reason the online mail in ballot requires DL or ID number, but the PDF that gets mailed in to request a mail in ballot does not? Should we look at changing this?
7. What exactly happened in Fulton County Tuesday night with GOP Poll watchers? I know you have your poll watcher there, are there also cameras in the room?
8. How does the percentage of people that only voted for President and did not vote in any other race compare with historical percentages of the same?
Sen Greg Dolezal

will the recount or audit include signature matching for mail in votes? If not, is there any scenario that would make that possible?
Sen Dean Burke

The call I'm getting the most is "I went to vote on election day and was told I'd already voted."
1) What could cause the voter to hear this? Was it because they'd simply been sent an absentee ballot? Did someone nefariously request it for them? I just don't think this many people forgot they already voted.
[For most of these individuals above, the precinct made a call to BOE, the individual's absentee ballot was pulled or cancelled, and the person was then allowed to vote in person at the precinct.]
2) How would we catch this absentee/mail-in ballot the voter alleges they did not make if the voter never came to vote in person?
3) Do we have a total number on absentee ballots pulled/destroyed on election day so voter could vote in person?
4) What would have happened to the election-day voters, above, if they lived in counties that pre-scanned absentees before election day?
Sen Blake Tillery

AMERICAN OVERSIGHT

1) I understand that Georgia uses the same program in its voting machines as Michigan. How do we know that the machines did not swap votes as occurred in some instances in Michigan.
2) Please discuss the residency requirements for persons to vote in Georgia and how can you guard against persons claiming to move here but only doing so to vote in the election. What measures can you take to start investigating registrations ahead of the December 7th deadline?
3)Can persons with out of state drivers licenses be allowed to register to vote? We have been told that this has occurred because of delays in the process for obtaining drivers licenses.
4) Absentee voter request forms were sent to every voter in Georgia. Does this request automatically trigger the mailing of an absentee ballot in the runoff?
5) What is the Secretary doing to check for voter fraud in Fulton county?
Sen William Ligon

Does the state have an appropriate amount of control of the county election boards?
Sen Kay Kirkpatrick

1. Are Georgia votes transmitted through the Dominion computer system and software as reported?
2. How did Georgia come to the conclusion to purchase the current system?
3. Did Georgia decide to complete an update to said system the night before the election as reported?
4. Did Georgia transmit election returns through the internet versus an intranet or a more secure means of transmitting?
5. If the internet, why?
6. Was Secretary of State aware of any affiliation between Dominion and high profile Democrats?
7. Will Georgia complete an audit, and a hand count of all ballots? [Duplicate question]
8. Will Fulton County and Gwinnett County be scrutinized over discrepancies in this election and held accountable?
9. When will Georgians know the outcome of a hand count? [Duplicate question]
10. Personally, I can never trust Georgia elections again until full transparency is afforded to taxpayers.
Sen Billy Hickman

Ware County Voting Machine Story Debunked

(ATLANTA) – The Secretary of State's Office said Monday there is no truth to allegations circulating in social media that voting machines in Ware County had been seized or that they somehow revealed tampering.

This is another of the falsehoods being pedaled by conspiracy advocates trying to convince the gullible why the presidential election didn't turnout as they'd hoped. No voting machines have been seized. No one has unearthed evidence of 'vote flipping' because it didn't happen. And no one has discovered some secret algorithm for altering the election outcome because that's nonsense."

This whacky theory was included in a lawsuit filed by Sidney Powell on behalf of President Trump. Today, a federal judge dismissed the suit as having no merit.

A statewide hand recount as part of a post-election audit resulted in a difference of 37 additional votes for the president in Ware County. That totals 0.26 percent, well below the average 1-2 percent variation demonstrated by academic research when comparing the accuracy of manual counts compared to machine counts because of normal human error.

This small vote change is evidence of humans being less precise than machines at counting, and nothing more. To allege that it somehow proves the machines flipped votes is irresponsible and reckless. The results of the hand recount statewide would have showed a consistent variation similar to the one in Ware County if there really had been a secret algorithm. Instead, the hand recount showed the machine totals substantially reflected the plain text printed on the ballots.

Ware County Election Supervisor Carlos Nelson pooh-poohed the conspiracy theory as instead a "human-error tabulation issue."

"I can tell you this is —I don't want to cuss — this is a darned lie. Our vote machines are secure. There's no vote-flips," he told Politico on Monday.

Georgia is recognized as a national leader in elections. It was the first state in the country to implement the trifecta of automatic voter registration, at least 16 days of early voting (which has been called the "gold standard"), and no-excuse absentee voting. Georgia continues to set records for voter turnout and election participation, seeing the largest increase in average turnout of any other state in the 2018 midterm election and record turnout in 2020, with over 1.3 million absentee by mail voters and over 3.6 million in-person voters utilizing Georgia's new, secure, paper ballot voting system.

REQUEST AN ABSENTEE BALLOT

Request your absentee ballot early. The last day counties can issue a ballot is Jan. 1, unless your county observes the New Year's Day holiday which would make the deadline sooner. Your absentee ballot must be received by the county by 7 p.m. on Jan. 5, 2021.

RETURN YOUR BALLOT

Absentee ballots can be submitted to local elections offices by mail as soon as you receive it. Fill out your ballot carefully and be sure to sign where indicated on the back of the outer envelope. You can hand deliver your completed ballot to your registrar or a ballot drop box in your county.

If you mail your ballot, the USPS normally recommends doing so at least a week ahead, but the holiday crush could delay delivery.

You must provide your own postage.

(new section)

VOTER REGISTRATION

Voter registration deadline to vote in the federal runoff election is December 7, 2020.

If you choose not to vote in the November general election, you can still vote in runoffs on Jan. 5, 2021.

VOTE IN PERSON

EARLY VOTING DECEMBER 14-Jan. 1, although your county may observe the New Year's Day holiday.

During the early-voting window, you may vote at any voting location in your county. **Find early locations and voting times.** On January 5, 2021, you must vote at your designated precinct. **Find your precinct.**

GEORGIA ELECTION CODE

SUBJECT 183-1-6
VOTER REGISTRATION

TABLE OF CONTENTS

183-1-6- .07 Determination of Residency

RULE 183-1-6- -07 Determination of Residency

When reviewing an application for voter registration, the board of registrars shall determine an applicant's residency in Georgia, using the criteria set forth in O.C.G.A. § 21-2-217. In determining an applicant's residency, the registrar shall review all available evidence, including whether the applicant registered through the Department of Driver Services, whether the applicant included a Georgia driver's license or state identification number on his or her application, whether that number matched with records on file at the Department of Driver Services, the applicant's listed address, and any identifying documents submitted with the application. If the registrar determines that additional evidence is needed to determine residency, the registrar may utilize his or her statutory authority in O.C.G.A. § 21-2-228 to further evaluate the applicant's residency status using the criteria set forth in O.C.G.A. § 21-2-217, as well as other related statutes. If the registrar cannot determine to his or her satisfaction that the applicant properly resides in Georgia, the registrar shall process the application, mark the applicant as "Challenged" in the voter registration system, and initiate a hearing as set forth in O.C.G.A. § 21-2-228.

In determining residency, the registrar shall consider the criteria set forth in O.C.G.A. § 21-2-217 to determine whether the applicant has established a permanent place of abode in this state. The registrar may also consider whether the applicant has a valid Georgia driver's license or state identification card, whether the applicant has a motor vehicle registered in this state, whether the applicant has paid the required title ad valorem tax on such vehicle as required upon moving to Georgia, and any other relevant evidence in the discretion of the registrar.

Authority: O.C.G.A. §§ 21-2-31, 21-2-217, 21-228

Election Integrity is the Highest Priority

By Brad Raffensperger

Americans understandably want to be certain that their votes from the general election were counted correctly and that the candidate with the most legitimate votes was indeed the winner. As close as the vote totals were in the presidential race in Georgia, I am keenly aware of their concern.

Let me put those worries to rest. I assure you I have done everything in my power to ensure the election was run properly.

My highest priority is safeguarding election integrity. The officials in Georgia's 159 counties that run elections here feel the same.

This decentralized process not only provides local control but also means that voters trust their neighbors who serve as poll workers and the bipartisan county election boards or probate judges appointed by their county commissioners who oversee operations. Everything they do is done in public, in front of the news media, poll watchers appointed by political parties, and in view of ordinary citizens.

No one is ever alone with ballots because poll workers do their job in teams. The poll workers are selected for their integrity, and they take an oath to do their job impartially.

Georgia has strict controls on voting. In-person voting requires a photo I.D. Absentee voting has rigorous protections, too.

When the voter's county receives an absentee ballot, a poll worker verifies four things: that the person is indeed registered to vote there, that he or she hasn't already voted, that the voter actually requested an absentee ballot and finally that the signature matches what's on file. These checks make it nearly impossible to impersonate a voter or to "stuff a ballot box."

Ballot harvesting is illegal in Georgia, and every county drop box must be monitored continuously to make obvious if that happened.

In April when the COVID pandemic made an increase in absentee voting likely, I announced that I would assemble an Absentee Ballot Fraud Task Force. The veteran prosecutors and law enforcement officers on it have become a valuable resource for the 23 investigators in my office.

Those investigators, all former police detectives, look into every credible allegation of voter fraud they receive, either from our Voter Fraud Hotline, my website, email or wherever. On election day and during the counting of absentee ballots, they fanned out across the state to pursue allegations at the scene, in real time, when possible. When they discover proof of wrongdoing, their findings are presented to the State Election Board that I chair where there is absolutely no tolerance for voting irregularity.

The investigators have initiated several ongoing cases, but there has been no evidence of widespread fraud or systematic failures.

Counting votes the right way, with public access, takes time because of the safeguards. Accuracy is more important than speed.

AMERICAN OVERSIGHT

It is customary for counties to make minor corrections, recanvasses and adjustments after every election, which is why the certification deadline is 10 days after the election. No one usually notices them doing it when the margin of victory is large.

Counties will certify their returns by Nov. 13, and once I am satisfied every detail they submit is correct, I will certify the state results no later than Nov. 20. Within two business days, a candidate that came within less than 0.5 percent of victory can request a recount.

Before I make my certification, there will be a statewide risk-limiting audit of the election. This is only possible because Georgia instituted a statewide paper-ballot voting system this year after two decades of electronic-only voting.

Four elections and primaries have already been audited with this system, and each time the election results were backed up by the audits. Audits here are conducted in public and with the assistance of VotingWorks, a nonpartisan pioneer in post-election audits that has worked with states across the country.

Don't be distracted by poorly researched news reports and rumors on social media.

People who know of these protections know elections in Georgia are honest, fair and accurate.

When the official results are certified, they will be right.

Brad Raffensperger is Georgia Secretary of State.
