Discussion subject: Printer Rolling Bags Available

Discussion text:

The Secretary of State's Office has a generous supply of the rolling bags for the HP 402 printers that we can give to counties at no cost. These bags can be repurposed to be ballot bags or to carry other supplies.

Contact your liaison and let them know how many of the bags you would like.

Good Morning Election Officials,

Attached you will find the weekly list of voters who are interested in becoming poll workers in your county. (Secure the Vote) The list is not broken down by county. You will have to filter the report by county to find the interested poll workers for their county. The decision to hire any of the voters on the list is up to your office. If you have any questions, please let me know. Have a great day!

GA Elector Challenge <gaelectorchallenge@truethevote.org>

Bcc: jphipps@co.walton.ga.us

To Georgia County Election Boards:

Thank you for the ongoing work you're doing toward our shared goal of carrying out the Senate runoff election in a way that complies with Georgia law and promotes faith in the outcome. Our organization, True the Vote, has worked in all 159 counties in the state to ensure that every legal vote counts and every illegal vote is discovered. Using databases including the U.S. Postal Service's National Change of Address file, we have assisted Georgia citizens with voter challenges in cases where there is probable cause to believe that the person has moved out of the county where they are registered.

We are aware that the ACLU and the Perkins-Coie law firm have provided several counties with misleading information about the voter challenges, and we want to correct the record, as well as assure that we will support the legal efforts of any county that follows Georgia law by reviewing the status of challenged voters.

Attached is a letter we requested from our General Counsel, Jim Bopp, with The Bopp Law Firm, which more fully details the legal grounds supporting the elector challenges.

Thank you again for all you do -

Good Afternoon Election Officials,

This email is only for counties that has not responded.

In order to prepare for the upcoming statewide risk limiting audit, our office needs to create ARLO user accounts for key individuals in your county. Arlo provides states and jurisdictions conducting risk-limiting audits a tool that manages the process of the audit as well as the statistics.

If you haven't responded yet, please respond to this email with three people in your county office who will need access to ARLO to conduct the risk limiting audit. Please send the name and email address for each user. The deadline to submit the ARLO users for your county is Friday, October 16, 2020. We will issue user login information closer to the time of the audit after the election.

We will also provide additional training once we get closer to the time of the audit. Below is a link to review the VotingWorks training videos about the process.

THE RISK LIMITING AUDIT ON ALL VOTES CAST FOR PRESIDENT IN WALTON COUNTY WILL BEGIN ON NOVEMBER 13, 2020 AT 9:00 A.M. AND WILL CONTINUE DAILY UNTIL COMPLETE. AUDIT WILL TAKE PLACE AT 1110 E SPRING ST, STE 100 IN MONROE.

We would like to have 2 vote review panels for this recount. If you could appoint 2 people, I would appreciate it. You can appoint more than 2 and have them switch out if needed.

You are also allowed to have 1 monitor for the process. You may send more people to watch as members of the public, but they will have to stay in the public viewing area.

Please provide me with a list of your vote review panel appointees (and their dates and times if you need to appoint more than 2) and your monitor as soon as possible. Your monitor will need a letter from you stating that they will monitor the recount.

Good Morning,

As you are preparing for your audit, please remember that you must post notice of the date, time, and location of your audit on your election office's website according to SEB Rule 183-1-15-.04. If your elections office does not have a website, please publicize the date, time, and location of the audit as best you can to invite members of the public.

Also, please send your liaisons your estimated time for when you expect your audit teams will begin to look at ballots. Your liaisons also need to know if you will be working on Saturday and Sunday. Please note that you must finish the audit by 11:59PM on Wednesday.

Finally, as you are conducting your audit, you might have audit monitors from the Carter Center. These monitors will have credentials from our office, and they should be allowed as much access to the audit as reasonably possible without interfering with the conduct of the audit.

Please remember that we are here to support you. If you have any questions, please contact us.

Thank you,

We would like to have 2 vote review panels for this recount. If you could appoint 2 people, I would appreciate it. You can appoint more than 2 and have them switch out if needed.

You are also allowed to have 1 monitor for the process. You may send more people to watch as members of the public, but they will have to stay in the public viewing area.

Please provide me with a list of your vote review panel appointees (and their dates and times if you need to appoint more than 2) and your monitor as soon as possible. Your monitor will need a letter from you stating that they will monitor the recount.

Here's what I came up with for the survey:

Risk Limiting Audit:

- Personnel Costs - \$7008.48
- Food - \$52.59
- Facility Rental Cost - \$0
- Equipment/Supplies Costs - \$464.30

Recount:

-
- Personnel Costs - \$1190.94
- Food - \$0
- Facility Rental Cost - \$0
- Equipment/Supplies Costs - \$0

This doesn't include my comp time. I didn't know if I needed to calculate it because I didn't get paid for it.

Thanks,
Jenni

Hello,

Coalition for Good Governance would first off like to thank you for all your hard work this election season, including the audit and recount. We recognize and appreciate the sacrifices you have made to get both the audit and recount done in the midst of preparing for runoff elections.

We hate to add onto your workload, so please know this open records request is very important to our work.

Under the Georgia Open Records Law, Coalition for Good Governance is requesting the following record, to be supplied in electronic format:

1. Please provide the Presidential election recount results worksheets, including the precinct level reports, and for all iterations of the results created, including partial counts, and interim counts. Please provide in worksheet format.
2. Please provide all communications with any person regarding the reason for differences in tallies or unreconciled differences.

If you deny any or all of this request, please describe each record withheld, and cite each specific exemption on which you base your denial of the information.

Thank you again for your attention to this request. Please feel free to reach out to me if you have any questions.
