Good Afternoon Supervisor,

Thank you for your efforts and dedication to ensure the election is administered properly.

Please disregard my previous email and letter.

Please find the attached a new letter and Official Election Bulletin from the Elections Division at the Secretary of State's office. We kindly ask to observe the absentee ballot signature matching process for the Jan. 5 Senate Runoff election.

Please let me know when, where, and how you would like to coordinate to ensure there is a Republican observing the absentee ballot signature matching process.

Thank you, have a great evening!

Dear Supervisor:

We respectfully request to monitor absentee ballot signature matching for the January 5, 2021 Runoff Election.

We have received the Official Election Bulletin[1] which outlines GA law allowed for the public observation of the absentee signature matching process.

Georgia has a strong public policy in favor of open government, which is essential to a free, open, and democratic society, which should foster confidence in government, and ensure proper function of government institutions. O.C.G.A § 50-18-70(a).

For the reasons stated above, and to restore trust and integrity in the administration of the election process, we kindly ask to observe the absentee ballot signature matching process for the January 5, 2021 Senate Runoff Election. At your earliest convenience, please let Alyssa Gonzales Specht (aspecht@gagop.org) know when and where your office performs the signature matching process and how you would like us to coordinate who will be the Republican representatives observing the absentee ballot signature matching process.

RE: **Absentee Ballot and Absentee Ballot Application Signature Verification**

Signature Verification Process is Public

We have received numerous questions asking whether the signature verification process on absentee ballot applications and absentee ballot envelopes is open to the public. The short answer is yes, it is. Pursuant to O.C.G.A. § 21-2-406, "[s]uperintendents, poll officers, and other officials engaged in the conducting of primaries and elections held under this chapter shall perform their duties in public. Additionally, O.C.G.A. § 21-2-483(b), states that "[a]ll proceedings at the tabulating center and precincts shall be open to the view of the public, but no person except one employed and designated for the purpose by the superintendent or the superintendent's authorized deputy shall touch any ballot or ballot container."

The fact that the signature verification process is public under Georgia law does not mean that public observers should be allowed to see confidential information or to interfere in the process. *See* O.C.G.A. § 21-2-597. The elections superintendent must ensure that any public viewing area or video feed offers meaningful access to view the process, but the superintendent should also put in place reasonable regulations to protect the voter's/applicant's personal identification information (PII) and/or non-public data from public view and to ensure that no observer interferes with the verification process. A good template may be the processes you have put in place for the early processing of absentee ballots, which is also publicly viewable but has protections in place to protect confidential information and prevent interference with official duties.

Any interference or attempted interference with official election duties should be reported to the Secretary of State's office for investigation and, if necessary, local law enforcement.

Signature Verification Process for Absentee Ballots and Absentee Ballot Applications

O.C.G.A. § 21-2-386(a)(1)(B) requires "[u]pon receipt of each ballot, the registrar or absentee ballot clerk to compare the signature or mark with the signature or mark on the absentee elector's voter registration card or the most recent update to such absentee elector's voter registration card AND application for absentee ballot or a facsimile of said signature or mark taken from said card or application." It further provides, "if the information and signature appear to be valid and other identifying information appears to be correct, [the registrar or absentee ballot clerk shall] so certify by signing or initialing his or her name below the voter's oath." O.C.G.A. § 21-2-386(a)(1)(B).

O.C.G.A. § 21-2-381(b)(1) requires "[u]pon receipt of a timely application for absentee ballot, a registrar shall enter thereon the date received. The registrar or absentee ballot clerk shall determine, in accordance with the provisions of this chapter, if the applicant is eligible to vote in the primary or election involved. In order to be found eligible to vote an absentee ballot by mail, the registrar or absentee ballot clerk shall compare the identifying information on the application with the information on file in the registrar's office and, if the application is signed by the elector, compare the signature or mark of the elector on the application with the signature." "If found eligible, the registrar or absentee ballot clerk shall certify by signing in the proper place on the application." O.C.G.A. § 21-2-381(b)(2)

As set forth in Georgia law a thorough process for signature verification is required at both the absentee ballot application and absentee ballot stage. As you are all aware, numerous allegations have been raised about the signature match process following the November election. While we have not seen any evidence to the contrary, please be sure that your office is following the thorough signature verification requirements set out in Georgia law. If you have any question as to the validity of a signature on either an absentee ballot or absentee ballot application after following your signature verification process, you should utilize the cure procedures set forth in O.C.G.A. § 21-2-386(a)(1)(C), O.C.G.A. § 21-2-381(b)(3), and SEB Rule 183-1-14-.13.

Your policies and procedure regarding signature match must follow Georgia law, and they should also be accomplished in a manner that helps provide confidence in the process to the voting public.

To Georgia County Election Boards:

Thank you for the ongoing work you're doing toward our shared goal of carrying out the Senate runoff election in a way that complies with Georgia law and promotes faith in the outcome. Our organization, True the Vote, has worked in all 159 counties in the state to ensure that every legal vote counts and every illegal vote is discovered. Using databases including the U.S. Postal Service's National Change of Address file, we have assisted Georgia citizens with voter challenges in cases where there is probable cause to believe that the person has moved out of the county where they are registered.

We are aware that the ACLU and the Perkins-Coie law firm have provided several counties with misleading information about the voter challenges, and we want to correct the record, as well as assure that we will support the legal efforts of any county that follows Georgia law by reviewing the status of challenged voters.

To Georgia County Election Boards:

Thank you for the ongoing work you're doing toward our shared goal of carrying out the Senate runoff election in a way that complies with Georgia law and promotes faith in the outcome. Our organization, True the Vote, has worked in all 159 counties in the state to ensure that every legal vote counts and every illegal vote is discovered. Using databases including the U.S. Postal Service's National Change of Address file, we have assisted Georgia citizens with voter challenges in cases where there is probable cause to believe that the person has moved out of the county where they are registered.

We are aware that the ACLU and the Perkins-Coie law firm have provided several counties with misleading information about the voter challenges, and we want to correct the record, as well as assure that we will support the legal efforts of any county that follows Georgia law by reviewing the status of challenged voters.

Attached is a letter we requested from our General Counsel, Jim Bopp, with The Bopp Law Firm, to more fully detail the legal grounds support the elector challenges.

As our attorneys confirm through this correspondence, the elector challenges apply solely to eligibility to vote in the Jan. 5 runoff election. This process will not result in any voters being removed from the rolls, and will not deny the right to vote of any legal voter. A challenged voter can vote a challenged ballot, with that vote counted once eligibility is confirmed.

The challenges provided used the National Change of Address database, and were further refined through the use of other commercially available sources, to identify records that indicated a permanent change in residence. The challenges do demonstrate probable cause that a voter has moved away from the address at which they are registered to vote. Georgia hasn't crosschecked its rolls with the National Change of Address database since 2019. Given estimates that 11 percent of Americans move every year, there's high probably that many people are registered in Georgia at addresses where they no longer live. These elector challenges are a method provided for under Georgia to protect the integrity of the voter rolls.

It's prudent to carry out these challenges now. The failure of county election boards to comply with Georgia law and accept the challenges before them risks invalidating the runoff election, which would require another. We look forward to working with you to complete a successful election where every Georgian can have faith in the system and believe the outcome reflects the will of legal voters.

Re: Challenge of elector eligibility to vote in Georgia, pursuant to O.C.G.A. § 21-2-230

Dear Ms. Engelbrecht,

You have asked for advise regarding the recent elector challenges of the right to vote of certain electors in Georgia, based on True the Vote's recent discoveries regarding registered individuals, who may attempt to vote in the upcoming run-off election, who no longer live in either **(1)** their registered county or **(2)** in the state of Georgia.

As explained below, these challenges do not result in an automatic disqualification of the challenged elector, but triggers a statutory procedure where the county election board must take further steps to verify the challenged elector's current eligibility to vote in the run-off election.

Challenges to Electors Voting[1]

Under Georgia law:

> [a]ny elector of the county or municipality may challenge the right of any other elector of the county or municipality, whose name appears on the list of electors, to vote in an election. Such challenge shall be in writing and specify distinctly the grounds of such challenge. Such challenge may be made at any time prior to the

[1] Georgia law permits two distinctly different challenges to the ability of an ineligible elector to vote. First, the presence of the elector on the list of electors (called under federal law "voter registration lists") can be challenged under O.C.G.A. § 21-2-229. The current challenges are not brought under this section since the challenges do not question the challenged electors presence on the list of electors. Second, the eligibility of a registered elector to vote in a particular election can be challenged under O.C.G.A. § 21-2-230. The current challenges are brought under this section and only question the challenged elector's eligibility to vote in the run-off election and does not seek to have the elector removed from the registration list, which, as noted, is a separate and different challenge under Georgia law.

AMERICAN OVERSIGHT

> elector whose right to vote is being challenged voting at the elector's polling place or, if such elector cast an absentee ballot, prior to 5:00 P.M. on the day before the election; provided, however, that challenges to persons voting by absentee ballot in person at the office of the registrars or the absentee ballot clerk shall be made prior to such person's voting.

O.C.G.A. § 21-2-230(a).

In partnership with Georgia voters, True the Vote has filed 364,541 challenges in all of Georgia's 159 counties on December 18, 2020. In doing so, you complied with the requirements for a valid challenge of an electors right to vote in the run-off election.

Required Board Response

Georgia law requires that after the filing of such a challenge:

> the board of registrars shall immediately consider such challenge and determine whether probable cause exists to sustain such challenge. If the registrars do not find probable cause, the challenge shall be denied. If the registrars find probable cause, the registrars shall notify the poll officers of the challenged elector's precinct or, if the challenged elector voted by absentee ballot, notify the poll officers at the absentee ballot precinct and, if practical, notify the challenged elector and afford such elector an opportunity to answer.

O.C.G.A. § 21-2-230(b).

These challenges are based on detailed research identifying 124,114 registered voters, who no longer reside in the county of record, and 240,427 voters, who no longer reside in the state of Georgia, according to the United States Postal Service National Change of Address ("NCOA") and other supporting commercial databases, and your research was performed uniformly across all counties, without regard to any demographic or voting history. As a result, probable cause exists here for such challenges and each county election board is required to fulfill their duties as detailed in O.C.G.A. § 21-2-230(c)-(I), to determine whether each challenged elector is currently eligible to vote in the run-off election. These required activities must be done before their votes are counted.[2]

[2] Even when a challenge is successful under Section 230 and a challenged elector is deemed ineligible to vote in the run-off election, the elector will remain on the voter registration list and thereby eligible to vote in future elections.

AMERICAN OVERSIGHT

State Law Requiring Board Action Does Not Violate Federal Law

It has been alleged by Democrat lawyers and their liberal allies, including Marc Elias and the ACLU Georgia,[3] that Section 230 violates federal law which regulates voter registration lists, the National Voter Registration Act ("NVRA"). This is not true.

First, O.C.G.A. § 21-2-230 governs challenging an elector's right to vote in an particular election, not the elector's eligibility to be on the voter registration list. And any remedy under Section 230 involves preventing an ineligible voter from voting in a specific election, here the run-off election, and does not involve the removal of a voter from the voter registration rolls or the cancellation of an individual's voter registration.[4] *See Cook v. Board of Registrars of Randolph County*, 727 S.E.2d 478, 482 (2012) (making clear that while O.C.G.A. § 21-2-229 permits an elector "to challenge a person's right to register to vote or to remain on the list of electors," O.C.G.A. § 21-2-230 "grants an elector . . . the authority to challenge another elector's right to vote in a particular election.").

NVRA contains a provision which requires that "[a] State . . . complete, not later than 90 days prior to the date of a primary or general election for Federal office, any program the purpose of which is to systematically remove the names of ineligible voters from the official lists of eligible voters," 52 U.S.C.A. § 20507(c)(2)(A), and lays out specific guidance regarding the process for removing names from the voter rolls, *id*. at § 20507(d). However, these provisions are not at issue here since the Section 230 procedure does not involve "remov[ing] the names of ineligible voters from the official lists of eligible voters," but, instead, questions their right to vote in a particular election.

Indeed, nothing in O.C.G.A. § 21-2-230 at all involves removal of any voter from the voter registration rolls, nor does it seek to cancel the registration of any challenged elector. As a result, none of the prohibitions or requirements under the NVRA are triggered here.

---

[3] *See* Letter from Marc Elias to Kristi L. Royston (Dec. 18, 2020); Sean Young, ACLU Georgia, *Re: Mass Challenges to Voter Eligibility* (Dec. 18, 2020) ("*Mass Challenges*").

[4] A separate code section governs these types of actions. *See* O.C.G.A. § 21-2-229 (providing that "[a]ny elector of a county or municipality may challenge the qualifications of any person applying to register to vote in the county or municipality and may challenge the qualifications of any elector of the county or municipality whose name appears on the list of electors[,]" "[t]he burden shall be on the elector making the challenge to prove that the person being challenged is not qualified to remain on the list of electors[,]" and that "[i]f the registrars uphold the challenge, the person's application for registration shall be rejected or the person's name removed from the list of electors, as appropriate.").

AMERICAN OVERSIGHT

Second, the arguments by Marc Elias and the ACLU Georgia involve provisions and challenges not at issue here and are thus unrelated.[5] For example, Mr. Elias argues that federal law prohibits Georgia from removing voters from the registration lists unless certain precautions are observed. However, as noted above, the challenges at issue do *not* seek to remove any voter from the voter registration rolls. So this is irrelevant.

Additionally, the cases cited involve provisions, laws, and facts completely unrelated to the challenges here, or failed to grant the relief alleged. *See, e.g., Arcia v. Fla. Sec'y of State*, 772 F.3d 1335, 1339 (11th Cir. 2014) (finding that the Florida program was barred by the NVRA because it "was an attempt to systematically remove names from the voter rolls in violation of the 90 Day Provision"); *N. Carolina State Conference of NAACP v. Bipartisan Bd. of Elections & Ethics Enf't*, No. 1:16CV1274, 2018 WL 3748172, at *1 (M.D.N.C. Aug. 7, 2018) (enjoining the state from cancelling voter registrations within 90 days of the general election); *Montana Democratic Party v. Eaton*, 581 F. Supp. 2d 1077 (D. Mont. 2008), as amended (Oct. 10, 2008) (refusing to grant a temporary restraining order after the Montana Democratic Party brought action arising out of roughly 6,000 challenges). None of the cited cases preclude the type of challenges at issue here—i.e. whether an elector is eligible to vote in a particular election.

As shown, county election board action is *required* under state law and federal law regulating voter registration lists are not applicable. Accordingly, the county boards must fulfill their duties under O.C.G.A. § 21-2-230.

The National Change of Address System is undisputably a legally valid source of data to establish probable cause.

Marc Elias and the ACLU Georgia assert that "analysis of the United States Postal Service's National Change of Address ("NCOA") database" fails to establish the probable cause necessary for challenges under O.C.G.A. § 21-2-230.[6] This is wrong as a matter of law.

First, Mr. Elias cites as legal authority two cases—neither of which address the question of probable cause—while ignoring nearly overwhelming authority, including recent United States Supreme Court cases, that establishes the NCOA as a legally sufficient basis for taking action.

Mr. Elias cites *Schmitz v. Fulton Cnty. Bd. of Registration & Elections*, 2020CV339337 (Super. Ct. Ga. Oct. 1, 2020)—a four-page summary dismissal without prejudice—which says nothing whatsoever about the NCOA or probable cause and *Black Voters Matter Fund v. Raffensperger* which did not claim that the NCOA failed to meet § 21-2-230's probable cause standard, and the court did not raise the question, either. No. 1:20-CV-04869-SCJ (N.D. Ga. Dec.

[5] *See* Letter from Marc Elias to Kristi L. Royston, p.2-3 (Dec. 18, 2020); *Mass Challenges* at p.1-2 (Dec. 18, 2020).

[6] *See* Letter from Marc Elias to Kristi L. Royston, p.1 (Dec. 18, 2020); *Mass Challenges* at p.2.

AMERICAN OVERSIGHT

16, 2020).[7] Moreover, the court in *Black Voters Matter Fund* was not swayed by the claim, repeated here in Mr. Elias's letter, that the NCOA data is unreliable. *Id.* at 27-28.

The court in *Black Voters Matter Fund* found the opposite, that relying on NCOA information supplied by the USPS *itself answered the claim that voter registrations were wrongly cancelled. Id.* at *27. By definition, a "safe harbor," such as the NCOA Process in the NVRA, is a process or procedure that is sufficient as a matter of law. Moreover, the court in *Black Voters Matter Fund* denied that any claimed discrepancies between plaintiffs' "accurate" voter address list and the NCOA list proved errors in the NCOA. *Id.* at 27-28 (any actual discrepancies were likely due to the timing of sampling the NCOA's rolling database). So *Black Voters Matter Fund* affirms the legal sufficiency of the NCOA as a matter of law to establish a factual bases that the elector has moved. The claim of Mr. Elias that this case says the opposite is inaccurate.

But most importantly, Mr. Elias and the ACLU Georgia ignore the recent United States Supreme Court case of *Husted v. A. Philip Randolf Inst.*, 138 S. Ct. 1833, 1840 (2018) that affirmed the reliance of thirty six states on the NCOA for data in fulfilling the NVRA's obligation to remove from voter registration rolls the names of voters ineligible by reason of change in residence. The Court could not have been more unequivocal in its assessment in using the NCOA: "This procedure is undisputably lawful." *Id.* at 1840.[8]

---

[7] Instead, the plaintiff argued that subsection (c)(1) of the NVRA (the "NCOA Process") should be construed to require Fulton County to use one of eighteen "NCOALink Full Service Provider Licensee of the USPS" in its NCOA Process. *Id.* at *23, 25. The court disagreed, holding that the statutory language of the safe harbor provision is not ambiguous and plainly provided that the required data need not come from a particular type of licensee and that the data used by Fulton County's NCOA Process was "information supplied by the USPS," and met the requirements of NCOA Process. *Id.* at 25-26.

[8] Indeed, the Court in *Husted* recognized that the NCOA almost certainly *undercounts* registrants that have moved, and approved Ohio's "supplemental process" for identifying them:

> But because according to the Postal Service "[a]s many as 40 percent of people who move do not inform the Postal Service,"[footnote omitted] Ohio does not rely on this information alone. In its so-called Supplemental Process, Ohio "identif[ies] electors whose lack of voter activity indicates they may have moved." [record citation omitted]

Id. at 1840.

In short, the NVRA allows other methods of identifying moved registrants, but *specifically identified* the NCOA as sufficiently accurate and reliable. *See id.* at 1847 ("Neither subsection (d) nor any other provision of the NVRA demands that a State have some particular quantum of evidence of a change of residence before sending a registrant a return card.").

AMERICAN OVERSIGHT

An election in Georgia in which ineligible voters have voted is subject to contest, and if the election is found invalid, a second election shall be held.

If county election boards fail to do their duty under Georgia law to weed out ineligible voters now potentially identified in the current challenges and the results of the run-off election is cast into doubt, Georgia law would require that the run-off elections be invalidated and a second special election conducted.

The relevant standard for invalidating election results generally is that "'the party contesting the election demonstrates an irregularity or illegality sufficient to change or place in doubt the result.'" 26 Am. Jur. 2d Elections § 389 (quoting *Gore v. Harris*, 772 So.2d 1234 (Fla. 2000), *rev'd on other grounds*, *Bush v. Gore*, 531 U.S. 98 (2000)). "Ordinarily, an election may be contested only for matters that would impeach the fairness of the result." *Id.* (citing *Duncan v. McMurray*, 249 S.W.2d 156 (Ky. 1952); *Appeal of Soucy*, 649 A.2d 60 (N.H. 1994); *Fielding v. South Carolina Election Com'n*, 408 S.E.2d 232 (S.C. 1991). "An election will not be invalidated unless the party contesting the election demonstrates an irregularity or illegality sufficient to change or place in doubt the result." *Id*. (citing *Middleton v. Smith*, 539 S.E.2d 163 (Ga. 2000)).

This generally recognized standard has been adopted in Georgia. O.C.G.A. § 21-2-522 (a result of an election may be contested on the grounds that "illegal votes have been received or legal votes rejected at the polls sufficient to change or place in doubt the result"). *See generally*, *Democratic Party of Georgia, Inc. v. Crittenden*, 347 F. Supp. 3d 1324 (N.D. Ga. 2018); *Parham v. Stewart*, 308 Ga. 170 (2020). And if the election is invalidated in such a contest, the remedy is to invalidate the election and to schedule and hold another election.

Georgia law specifies that if a court in a contest determines that a ". . . runoff is so defective as to the nomination, office, or eligibility in contest as to place in doubt the result of the entire . . . runoff . . . such court shall declare the . . . runoff to be invalid . . . and shall call for a second . . . runoff to be conducted among all the same candidates who participated in the . . . runoff . . . and shall set the date for such second . . . runoff." O.C.G.A. § 21-2-527.

The failure of county election boards to comply with Georgia law and act of the current challenges risk invalidation of the run-off elections.

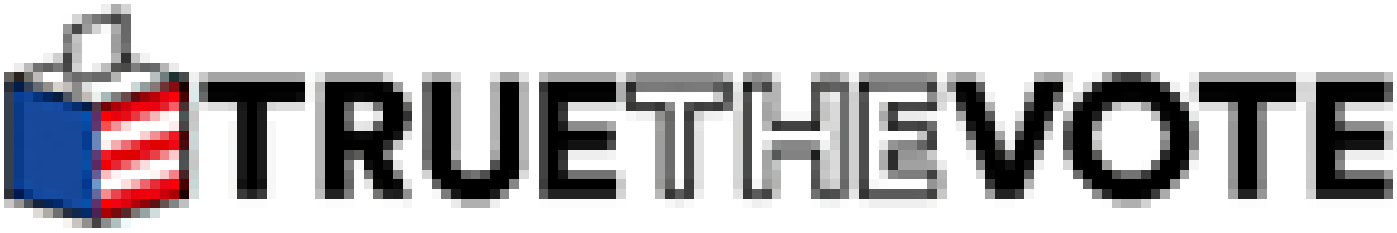
Conclusion

It is our opinion that county election boards have a duty to fulfill their duties under O.C.G.A. § 21-2-230, to determine whether each challenged elector is eligible to vote in the run-off election.

In light of the threats from Mr. Elias and the ACLU Georgia, we understand that True the Vote is willing to provide representation to any county election board that suffers any sort of legal action for complying with the requirements of Georgia law regarding these challenges or that True the Vote is willing to file an amicus brief on their behalf—showing why any challenge by Democrat lawyers or their liberal allies has no legal merit, that the NVRA does not bar county

AMERICAN OVERSIGHT

election boards from complying with Georgia law, and that reliance on the NCOA is a legally sufficient basis for taking action.



We look forward to continuing to work with you to ensure that Georgia's elections are fair and lawful and that all eligible voters are entitled to vote.

Re: Official Election Bulletin dated November 24, 2020

Dear Mr. Harvey:

On behalf of the Lawyers' Committee for Civil Rights Under Law, I write today regarding the Official Election Bulletin you issued to all Georgia County Election Officials and County Registrars on November 24, 2020 (the "OEB"). We request that a corrected Official Election Bulletin be issued to ensure that voters who properly have registered to vote in Georgia will be allowed to vote in January.

As a nonpartisan organization working to ensure that all registered voters have an equal opportunity to vote and to have that vote counted, we appreciate all of the efforts of the Secretary of State's office to identify and investigate legitimate complaints of actual voter fraud. We do not want concerns with legitimate voter fraud, however, to result in the disenfranchisement of any legal Georgia voters.

The first paragraph of the OEB states that voters who voted in another state in November cannot thereafter "decide" to become Georgia residents. Under Georgia law, any otherwise qualified person who has moved to and intends to remain in Georgia can register and vote, regardless of the person's motive for moving. *See* O.C.G.A. § 21-2-217; *Dozier v. Baker*, 283 Ga. 543, 545, 661 S.E.2d 543, 545 (2008) (affirming finding of residency based on "intent" to remain notwithstanding candidate's "motive" for moving); *Cook v. Bd. of Registrars of Randolph Cnty.*, 320 Ga. App. 447, 452-53, 740 S.E.2d 223, 227-28 (2013) (following *Dozier*). We request immediate issuance of a corrected OEB clarifying that an

AMERICAN OVERSIGHT

otherwise qualified person who has moved to and intends to remain in Georgia properly can register and, once registered, cast their vote.

The OEB goes on to note that the county boards of registrars have the power to ensure the proper residence of new and existing voter registrants, stating that a voter's registration may be rejected if a registrar cannot determine "to his or her satisfaction" the voter registrant's residency. This language invites and may even encourage county election officials to refuse to register new voters, or to challenge and remove existing registered voters, based on the officials' arbitrary and capricious determination of their personal "satisfaction" as to the residency or non-residency of the new or existing voters. Such an arbitrary and uncabined process violates both federal and Georgia law.

The National Voter Registration Act ("NVRA") mandates that any activity "to protect the integrity of the electoral process" by ensuring an accurate voter roll "shall be uniform, nondiscriminatory, and in compliance with the Voting Rights Act of 1965." 52 U.S.C. § 20507(b)(1). Allowing individual officials to reject registrations if proof of residency has not been established to that official's individual "satisfaction" would not be "uniform" and would create the risk of discriminatory disenfranchisement. To the extent the OEB constitutes a systematic program across Georgia to prevent or remove ineligible voters, moreover, it violated the prohibition on implementing such a program less than 90 days before an election. *See id.* § 20507(c)(2)(A); *Arcia v. Fla. Sect'y of State*, 772 F.3d 1335 (11th Cir. 2014) (striking down program that violated 90-day rule).

Georgia law similarly precludes the arbitrary refusal to allow a voter to register and the arbitrary removal of an existing voter. Where an elector challenges another elector's qualifications, for example, the challenger bears the burden of proof. O.C.G.A. § 21-2-229. Any such challenge must be made in writing and specify distinctly the grounds of the challenge. *Id.* § 21-2-230(a). Unless the board of registrars finds probable cause for the challenge, the challenge must be denied; while if probable cause has been found, the elector must be notified and given the opportunity to dispute the grounds of the challenge. *Id.* § 21-2-230(b)-(c); *see also, e.g.*, *McIntosh Cnty. Bd. of Elections v. Deverger*, 282 Ga. 566, 567, 651 S.E.2d 671, 673 (2007) (holding rebuttable presumption of legality attaches to registration of voter who has been on list of

AMERICAN OVERSIGHT

official electors for 10 years even where voter registration card cannot be located or lacks a signature) (citing, *inter alia*, O.C.G.A. § 21-2-522.1).

The OEB further states that, in determining residency, the county official "shall review all available evidence, including any identifying documents submitted along with the application." Where an applicant has presented or can present the proof of residency required by Georgia's official voter registration form (https://registertovote.sos.ga.gov/GAOLVR/images/reg_form.pdf), then county officials should only deny registration "'based on information in their possession establishing the applicant's ineligibility.'" *Arizona v. Inter Tribal Council of Arizona, Inc.*, 570 U.S. 1, 15 (2013). Thus, unless county officials possess credible information calling into question the voter's residency, they should not require additional proof of residency beyond that normally required for registration.

Finally, the last paragraph of the OEB states that any submission of false registration information, even if not done knowingly, "shall" be referred for criminal prosecution. Under Georgia law, however, an applicant must "knowingly" give false information to commit a crime. O.C.G.A. § 21-2-561(3). Thus, the OEB mandates seeking prosecution for conduct that may not constitute a crime. The NVRA and other federal voting laws preclude threats or the initiation of improper criminal prosecutions that could have a chilling effect on registration and voting. *See, e.g.*, *United States v. McLeod*, 385 F.2d 734 (5th Cir. 1967); *League of United Latin American Citizens – Richmond Region Council 4614 v. Public Interest Legal Foundation*, No. 1:18-cv-00423, 2018 WL 3848404, at *3-4 (E.D. Va. Aug. 13, 2018) (noting NVRA does not require intent to intimidate, only that actions have the effect of intimidating voters).

In addition to the NVRA, the Civil Rights Act prohibits concerted threats intended to dissuade any federal voter. *See* 42 U.S.C. § 1985(3); *see also* 5 U.S.C. § 10101(b) (barring threats intended to intimidate federal voters); 5 U.S.C. § 10307(b) (barring threats intended to intimidate persons encouraging others to vote). Federal law also criminalizes threats intended to interfere with any federal voter. 18 U.S.C. § 594; *accord* O.C.G.A. § 21-2-567 (criminalizing intimidation of voter registrants or electors).

AMERICAN OVERSIGHT

The Georgia registration form already requires applicants to affirm their residence and eligibility to vote in Georgia and correctly states that any person who "registers to vote ***knowing*** that such person does not possess the qualifications required by law, who registers under any name other than such person's own name, or who ***knowingly*** gives false information in registering shall be guilty of a felony." O.C.G.A. § 21-2-561 (emphasis added). Given this unambiguous existing prohibition, the OEB's threat of criminal prosecution is redundant and creates a substantial risk of chilling legitimate voter registration and participation. *See generally Bantam Books, Inc. v. Sullivan*, 372 U.S. 58, 68 (1963) (recognizing that "[p]eople do not lightly disregard public officers' thinly veiled threats to institute criminal proceedings against them . . .").

Accordingly, we request that you rescind the existing OEB and issue a corrected OEB stating that (a) a voter registrant who had moved to Georgia with the intent of remaining in Georgia can vote in the January election; (b) the voter registrant has no affirmative obligation to provide any documentary evidence of residency; (c) county election officials cannot arbitrarily refuse to register voters or remove existing voters, but can only do so where they possess evidence demonstrating the applicant's ineligibility; (d) any challenge to the residency of a registrant or voter must be supported by specific evidence demonstrating ineligibility; and (e) if the challenge is not immediately denied, the challenged registrant or elector has due process rights to defend their registration.

Thank you for your attention and consideration in this matter.

Re: Official Election Bulletin dated November 24, 2020

Dear Mr. Harvey:

On behalf of the Lawyers' Committee for Civil Rights Under Law, I write today regarding the Official Election Bulletin you issued to all Georgia County Election Officials and County Registrars on November 24, 2020 (the "OEB"). We request that a corrected Official Election Bulletin be issued to ensure that voters who properly have registered to vote in Georgia will be allowed to vote in January.

As a nonpartisan organization working to ensure that all registered voters have an equal opportunity to vote and to have that vote counted, we appreciate all of the efforts of the Secretary of State's office to identify and investigate legitimate complaints of actual voter fraud. We do not want concerns with legitimate voter fraud, however, to result in the disenfranchisement of any legal Georgia voters.

The first paragraph of the OEB states that voters who voted in another state in November cannot thereafter "decide" to become Georgia residents. Under Georgia law, any otherwise qualified person who has moved to and intends to remain in Georgia can register and vote, regardless of the person's motive for moving. *See* O.C.G.A. § 21-2-217; *Dozier v. Baker*, 283 Ga. 543, 545, 661 S.E.2d 543, 545 (2008) (affirming finding of residency based on "intent" to remain notwithstanding candidate's "motive" for moving); *Cook v. Bd. of Registrars of Randolph Cnty.*, 320 Ga. App. 447, 452-53, 740 S.E.2d 223, 227-28 (2013) (following *Dozier*). We request immediate issuance of a corrected OEB clarifying that an

otherwise qualified person who has moved to and intends to remain in Georgia properly can register and, once registered, cast their vote.

The OEB goes on to note that the county boards of registrars have the power to ensure the proper residence of new and existing voter registrants, stating that a voter's registration may be rejected if a registrar cannot determine "to his or her satisfaction" the voter registrant's residency. This language invites and may even encourage county election officials to refuse to register new voters, or to challenge and remove existing registered voters, based on the officials' arbitrary and capricious determination of their personal "satisfaction" as to the residency or non-residency of the new or existing voters. Such an arbitrary and uncabined process violates both federal and Georgia law.

The National Voter Registration Act ("NVRA") mandates that any activity "to protect the integrity of the electoral process" by ensuring an accurate voter roll "shall be uniform, nondiscriminatory, and in compliance with the Voting Rights Act of 1965." 52 U.S.C. § 20507(b)(1). Allowing individual officials to reject registrations if proof of residency has not been established to that official's individual "satisfaction" would not be "uniform" and would create the risk of discriminatory disenfranchisement. To the extent the OEB constitutes a systematic program across Georgia to prevent or remove ineligible voters, moreover, it violated the prohibition on implementing such a program less than 90 days before an election. *See id.* § 20507(c)(2)(A); *Arcia v. Fla. Sect'y of State*, 772 F.3d 1335 (11th Cir. 2014) (striking down program that violated 90-day rule).

Georgia law similarly precludes the arbitrary refusal to allow a voter to register and the arbitrary removal of an existing voter. Unless the board of registrars finds probable cause for the challenge, the challenge must be denied; while if probable cause has been found, the elector must be notified and given the opportunity to dispute the grounds of the challenge. *Id.* § 21-2-230(b)-(c); *see also, e.g.*, *McIntosh Cnty. Bd. of Elections v. Deverger*, 282 Ga. 566, 567, 651 S.E.2d 671, 673 (2007) (holding rebuttable presumption of legality attaches to registration of voter who has been on list of

AMERICAN OVERSIGHT

official electors for 10 years even where voter registration card cannot be located or lacks a signature) (citing, *inter alia*, O.C.G.A. § 21-2-522.1).

The OEB further states that, in determining residency, the county official "shall review all available evidence, including any identifying documents submitted along with the application." Where an applicant has presented or can present the proof of residency required by Georgia's official voter registration form (https://registertovote.sos.ga.gov/GAOLVR/images/reg_form.pdf), then county officials should only deny registration "'based on information in their possession establishing the applicant's ineligibility.'" *Arizona v. The OEB further states that, in determining residency, the county official "shall review all available evidence, including any identifying documents submitted along with the application." Where an applicant has presented or can present the proof of residency required by Georgia's official voter registration form (https://registertovote.sos.ga.gov/GAOLVR/images/reg_form.pdf), then county officials should only deny registration "'based on information in their possession establishing the applicant's ineligibility.'" *Arizona v. Re: Official Election Bulletin dated November 24, 2020

Dear Mr. Harvey:

On behalf of the Lawyers' Committee for Civil Rights Under Law, I write today regarding the Official Election Bulletin you issued to all Georgia County Election Officials and County Registrars on November 24, 2020 (the "OEB"). We request that a corrected Official Election Bulletin be issued to ensure that voters who properly have registered to vote in Georgia will be allowed to vote in January.

As a nonpartisan organization working to ensure that all registered voters have an equal opportunity to vote and to have that vote counted, we appreciate all of the efforts of the Secretary of State's office to identify and investigate legitimate complaints of actual voter fraud. We do not want concerns with legitimate voter fraud, however, to result in the disenfranchisement of any legal Georgia voters.

The first paragraph of the OEB states that voters who voted in another state in November cannot thereafter "decide" to become Georgia residents. Under Georgia law, any otherwise qualified person who has moved to and intends to remain in Georgia can register and vote, regardless of the person's motive for moving. *See* O.C.G.A. § 21-2-217; *Dozier v. Baker*, 283 Ga. 543, 545, 661 S.E.2d 543, 545 (2008) (affirming finding of residency based on "intent" to remain notwithstanding candidate's "motive" for moving); *Cook v. Bd. of Registrars of Randolph Cnty.*, 320 Ga. App. 447, 452-53, 740 S.E.2d 223, 227-28 (2013) (following *Dozier*). We request immediate issuance of a corrected OEB clarifying that an

AMERICAN OVERSIGHT

otherwise qualified person who has moved to and intends to remain in Georgia properly can register and, once registered, cast their vote.

The OEB goes on to note that the county boards of registrars have the power to ensure the proper residence of new and existing voter registrants, stating that a voter's registration may be rejected if a registrar cannot determine "to his or her satisfaction" the voter registrant's residency. This language invites and may even encourage county election officials to refuse to register new voters, or to challenge and remove existing registered voters, based on the officials' arbitrary and capricious determination of their personal "satisfaction" as to the residency or non-residency of the new or existing voters. Such an arbitrary and uncabined process violates both federal and Georgia law.

The National Voter Registration Act ("NVRA") mandates that any activity "to protect the integrity of the electoral process" by ensuring an accurate voter roll "shall be uniform, nondiscriminatory, and in compliance with the Voting Rights Act of 1965." 52 U.S.C. § 20507(b)(1). Allowing individual officials to reject registrations if proof of residency has not been established to that official's individual "satisfaction" would not be "uniform" and would create the risk of discriminatory disenfranchisement. To the extent the OEB constitutes a systematic program across Georgia to prevent or remove ineligible voters, moreover, it violated the prohibition on implementing such a program less than 90 days before an election. *See id.* § 20507(c)(2)(A); *Arcia v. Fla. Sect'y of State*, 772 F.3d 1335 (11th Cir. 2014) (striking down program that violated 90-day rule).

Georgia law similarly precludes the arbitrary refusal to allow a voter to register and the arbitrary removal of an existing voter. Where an elector challenges another elector's qualifications, for example, the challenger bears the burden of proof. O.C.G.A. § 21-2-229. Any such challenge must be made in writing and specify distinctly the grounds of the challenge. *Id.* § 21-2-230(a). Unless the board of registrars finds probable cause for the challenge, the challenge must be denied; while if probable cause has been found, the elector must be notified and given the opportunity to dispute the grounds of the challenge. *Id.* § 21-2-230(b)-(c); *see also, e.g.*, *McIntosh Cnty. Bd. of Elections v. Deverger*, 282 Ga. 566, 567, 651 S.E.2d 671, 673 (2007) (holding rebuttable presumption of legality attaches to registration of voter who has been on list of

AMERICAN OVERSIGHT

official electors for 10 years even where voter registration card cannot be located or lacks a signature) (citing, *inter alia*, O.C.G.A. § 21-2-522.1).

The OEB further states that, in determining residency, the county official "shall review all available evidence, including any identifying documents submitted along with the application." Where an applicant has presented or can present the proof of residency required by Georgia's official voter registration form (https://registertovote.sos.ga.gov/GAOLVR/images/reg_form.pdf), then county officials should only deny registration "'based on information in their possession establishing the applicant's ineligibility.'" *Arizona v. Inter Tribal Council of Arizona, Inc.*, 570 U.S. 1, 15 (2013). Thus, unless county officials possess credible information calling into question the voter's residency, they should not require additional proof of residency beyond that normally required for registration.

Finally, the last paragraph of the OEB states that any submission of false registration information, even if not done knowingly, "shall" be referred for criminal prosecution. Under Georgia law, however, an applicant must "knowingly" give false information to commit a crime. O.C.G.A. § 21-2-561(3). Thus, the OEB mandates seeking prosecution for conduct that may not constitute a crime. The NVRA and other federal voting laws preclude threats or the initiation of improper criminal prosecutions that could have a chilling effect on registration and voting. *See, e.g.*, *United States v. McLeod*, 385 F.2d 734 (5th Cir. 1967); *League of United Latin American Citizens – Richmond Region Council 4614 v. Public Interest Legal Foundation*, No. 1:18-cv-00423, 2018 WL 3848404, at *3-4 (E.D. Va. Aug. 13, 2018) (noting NVRA does not require intent to intimidate, only that actions have the effect of intimidating voters).

In addition to the NVRA, the Civil Rights Act prohibits concerted threats intended to dissuade any federal voter. *See* 42 U.S.C. § 1985(3); *see also* 5 U.S.C. § 10101(b) (barring threats intended to intimidate federal voters); 5 U.S.C. § 10307(b) (barring threats intended to intimidate persons encouraging others to vote). Federal law also criminalizes threats intended to interfere with any federal voter. 18 U.S.C. § 594; *accord* O.C.G.A. § 21-2-567 (criminalizing intimidation of voter registrants or electors).

AMERICAN OVERSIGHT

The Georgia registration form already requires applicants to affirm their residence and eligibility to vote in Georgia and correctly states that any person who "registers to vote ***knowing*** that such person does not possess the qualifications required by law, who registers under any name other than such person's own name, or who ***knowingly*** gives false information in registering shall be guilty of a felony." O.C.G.A. § 21-2-561 (emphasis added). Given this unambiguous existing prohibition, the OEB's threat of criminal prosecution is redundant and creates a substantial risk of chilling legitimate voter registration and participation. *See generally Bantam Books, Inc. v. Sullivan*, 372 U.S. 58, 68 (1963) (recognizing that "[p]eople do not lightly disregard public officers' thinly veiled threats to institute criminal proceedings against them . . .").

Accordingly, we request that you rescind the existing OEB and issue a corrected OEB stating that (a) a voter registrant who had moved to Georgia with the intent of remaining in Georgia can vote in the January election; (b) the voter registrant has no affirmative obligation to provide any documentary evidence of residency; (c) county election officials cannot arbitrarily refuse to register voters or remove existing voters, but can only do so where they possess evidence demonstrating the applicant's ineligibility; (d) any challenge to the residency of a registrant or voter must be supported by specific evidence demonstrating ineligibility; and (e) if the challenge is not immediately denied, the challenged registrant or elector has due process rights to defend their registration.

Thank you for your attention and consideration in this matter.

Regards,

Kristen Clarke

Re: Open Records Request

Dear Records Custodian:

Pursuant to the Georgia Open Records Law (O.C.G.A. § 50-18-70 et seq.), American Oversight makes the following request for records.

Requested Records

American Oversight requests that your office produce the following within three business days:

1. All email communications (including emails, complete email chains, email attachments, calendar invitations, and attachments thereto), text messages, and messages on messaging platforms (such as The Buzz, Slack, GChat, Google Hangouts, Lync, Skype, or WhatsApp) between any of the county Board of Elections officials listed in Column A below and any of the Secretary of State officials listed below in Column B.

2. All records reflecting the substance of any oral communications (including any handwritten or electronic notes taken during any oral communications, summaries of any oral communications, materials exchanged before, during, or following any oral communications, or any other related materials) between any of the county Board of Elections officials listed in Column A below and any of the Secretary of State officials listed below in Column B.

Column A: **Athens-Clarke County Elections and Registration & Board of Elections Officials**	**Column B:** **Office of the Secretary of State**
i. Director of Elections and Voter Registration Charlotte Sosebee ii. Elections Assistant Pamela Long iii. Elections Assistant Lisa McGlaun iv. Absentee Ballot Clerk Paula Williams v. Chairperson of the Board of Elections Jesse Evans	a. Any official in the office of the Secretary of State of Georgia (including anyone communicating from an email address ending in @sos.ga.gov) b. Jordan Fuchs, Deputy Secretary of State (including

vi. Vice Chairperson Charles Knapper vii. Board Secretary Willa J. Fambrough viii. Board Member Patricia A. Till ix. Board Member Rocky Raffle	but not limited to at jordyfuchs212@gmail.com) c. Gabriel Sterling, Voting System Implementation Manager (including but not limited to at sterlinginnovative@gmail.com)

Please provide all responsive records from December 10, 2020, to the date the request is received.

Please notify American Oversight of any anticipated fees or costs in excess of $100 prior to incurring such costs or fees.

American Oversight seeks all responsive records regardless of format, medium, or physical characteristics. In conducting your search, please understand the term "record" in its broadest sense, to include any written, typed, recorded, graphic, printed, or audio material of any kind. We seek records of any kind, including electronic records, audiotapes, videotapes, and photographs, as well as letters, emails, facsimiles, telephone messages, voice mail messages and transcripts, notes, or minutes of any meetings, telephone conversations or discussions. Our request includes any attachments to these records. No category of material should be omitted from search, collection, and production.

In addition, American Oversight insists that your office use the most up-to-date technologies to search for responsive information and take steps to ensure that the most complete repositories of information are searched. American Oversight is available to work with you to craft appropriate search terms. **However, custodian searches are still required; your office may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.**

In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If it is your position that a document contains non-exempt segments, but that those non-exempt segments are so dispersed throughout the document as to make segregation impossible, please state what portion of the document is non-exempt, and how the material is dispersed throughout the document. If a request is denied in whole, please state specifically that it is not reasonable to segregate portions of the record for release.

Please take appropriate steps to ensure that records responsive to this request are not deleted by your office before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

To ensure that this request is properly construed, that searches are conducted in an adequate but efficient manner, and that extraneous costs are not incurred, American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search

AMERICAN OVERSIGHT

or duplication costs. By working together at the outset, American Oversight and your office can decrease the likelihood of costly and time-consuming litigation in the future.

Where possible, please provide responsive material in electronic format by email or in PDF or TIF format on a USB drive. Please send any responsive material being sent by mail to American Oversight, 1030 15th Street NW, Suite B255, Washington, DC 20005. If it will accelerate release of responsive records to American Oversight, please also provide responsive material on a rolling basis.

Conclusion

American Oversight is a 501(c)(3) nonprofit with the mission to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and Twitter.[1]

We share a common mission to promote transparency in government. American Oversight looks forward to working with you on this request. If you do not understand any part of this request, have any questions, or foresee any problems in fully releasing the requested records, please contact Khahilia Shaw at records@americanoversight.org or 202.539.6507.

Sincerely,

Austin R. Evers

Re: Open Records Request

Dear Records Custodian:

Pursuant to the Georgia Open Records Law (O.C.G.A. § 50-18-70 et seq.), American Oversight makes the following request for records.

Requested Records

American Oversight requests that your office produce the following within three business days:

1. All email communications (including emails, complete email chains, email attachments, calendar invitations, and attachments thereto), text messages, and messages on messaging platforms (such as The Buzz, Slack, GChat, Google Hangouts, Lync, Skype, or WhatsApp) between any of the county Board of Elections officials listed in Column A below and any of the Secretary of State officials listed below in Column B.

2. All records reflecting the substance of any oral communications (including any handwritten or electronic notes taken during any oral communications, summaries of any oral communications, materials exchanged before, during, or following any oral communications, or any other related materials) between any of the county Board of Elections officials listed in Column A below and any of the Secretary of State officials listed below in Column B.

Column A: **Athens-Clarke County Elections and Registration & Board of Elections Officials**	**Column B:** **Office of the Secretary of State**
i. Director of Elections and Voter Registration Charlotte Sosebee ii. Elections Assistant Pamela Long iii. Elections Assistant Lisa McGlaun iv. Absentee Ballot Clerk Paula Williams v. Chairperson of the Board of Elections Jesse Evans	a. Any official in the office of the Secretary of State of Georgia (including anyone communicating from an email address ending in @sos.ga.gov) b. Jordan Fuchs, Deputy Secretary of State (including

vi. Vice Chairperson Charles Knapper vii. Board Secretary Willa J. Fambrough viii. Board Member Patricia A. Till ix. Board Member Rocky Raffle	but not limited to at jordyfuchs212@gmail.com) c. Gabriel Sterling, Voting System Implementation Manager (including but not limited to at sterlinginnovative@gmail.com)

Please provide all responsive records from December 10, 2020, to the date the request is received.

Please notify American Oversight of any anticipated fees or costs in excess of $100 prior to incurring such costs or fees.

American Oversight seeks all responsive records regardless of format, medium, or physical characteristics. In conducting your search, please understand the term "record" in its broadest sense, to include any written, typed, recorded, graphic, printed, or audio material of any kind. We seek records of any kind, including electronic records, audiotapes, videotapes, and photographs, as well as letters, emails, facsimiles, telephone messages, voice mail messages and transcripts, notes, or minutes of any meetings, telephone conversations or discussions. Our request includes any attachments to these records. No category of material should be omitted from search, collection, and production.

In addition, American Oversight insists that your office use the most up-to-date technologies to search for responsive information and take steps to ensure that the most complete repositories of information are searched. American Oversight is available to work with you to craft appropriate search terms. **However, custodian searches are still required; your office may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.**

In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If it is your position that a document contains non-exempt segments, but that those non-exempt segments are so dispersed throughout the document as to make segregation impossible, please state what portion of the document is non-exempt, and how the material is dispersed throughout the document. If a request is denied in whole, please state specifically that it is not reasonable to segregate portions of the record for release.

Please take appropriate steps to ensure that records responsive to this request are not deleted by your office before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

To ensure that this request is properly construed, that searches are conducted in an adequate but efficient manner, and that extraneous costs are not incurred, American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search

or duplication costs. By working together at the outset, American Oversight and your office can decrease the likelihood of costly and time-consuming litigation in the future.

Where possible, please provide responsive material in electronic format by email or in PDF or TIF format on a USB drive. Please send any responsive material being sent by mail to American Oversight, 1030 15th Street NW, Suite B255, Washington, DC 20005. If it will accelerate release of responsive records to American Oversight, please also provide responsive material on a rolling basis.

Chairman Evans,

This appears to be a separate challenge. I am not where I can review it to compare. If it is different, we will need to add it to the agenda. Please forward to the Board.

RE: Elector Challenge

Please accept this letter as a challenge to the attached electors' eligibility to vote in the January 5, 2021 Election, pursuant to Georgia Code § 21-2-230.

Available data from the United States Postal Service National Change of Address (NCOA) and other commercially available sources demonstrates probable cause to believe these individuals no longer reside where they are registered to vote. In fact, these electors appear to have permanently established other residence, as reflected in their change of address, to residential addresses outside of the Georgia county in which they are currently registered to vote.

Georgia Code § 21-2-217 requires that if a person removes to another state, or to another county or municipality within the state of Georgia, with the intention of remaining there an indefinite time and making another state, county, or municipality such person's place of residence, such person shall be considered to have lost their residence in Georgia, or in the former county or municipality, notwithstanding that such person may intend to return at some indefinite future period.

Elector voter registration numbers, registered addresses, and address changes have been provided by attachment as CSV and XML spreadsheets. If you would prefer to receive these files in another format, please let me know.

Additionally, hard copies of individual challenges are being delivered to your office under separate cover.

Respectfully,

Gordon Rhoden
