Hi Khahilia,

You will receive a large number of responses. The last email will include the word "FINAL".

Again, my apologies for the delay.

Thank you,
Charlotte

Hi Charlotte,
Thank you for your email. Unfortunately, we do not have a Dropbox or other file location that allows for the uploading of documents. Would you be email to either email the files in a .zip file or provide a link?

Thank you,
Khahilia

Hello Khahilia,

Thank you for contacting our office regarding your Open Records Request dated December 21, 2020.

We offer our sincerest apologies for this oversight and unintentionally not fulfilling your request.

After receiving your email on February 1, 2023, we identified the folder of documents on our Fdrive, as noted in our response on December 22; however, we had not followed through with reviewing the documents for redactions. Staff has worked on redactions since you contacted me on Thursday. We will have your documents ready for electronic deliver on Monday, February 6, 2023.

Again, our sincerest apologies.

Thank you,
Charlotte Sosebee
Director of Elections & Voter Registration
Unified Government of Athens-Clarke County, GA

Good afternoon,

Our office is following up on an Open Records Request submitted to your office in 2020. The request is attached above for your ease of reference. Also attached is the invoice of $406.38 from your office, our acceptance of the fee estimate, and a cover letter of the check sent on or around December 23, 2020. Our records indicate that we paid this fee, but have not received the responsive records. We would appreciate an update on the status of the request, your office's receipt of our payment, and of any productions. I am happy to talk further at (202) 539-6507.

Thank you,

Khahilia Shaw I (she/her)

Chris Harvey, Elections Division Director
Georgia Secretary of State's Office
2 MLK Jr. Dr., SE, Suite 315
Floyd W. Tower
Atlanta, GA 30334

Re: Official Election Bulletin dated November 24, 2020

Dear Mr. Harvey:

On behalf of the Lawyers' Committee for Civil Rights Under Law, I write today regarding the Official Election Bulletin you issued to all Georgia County Election Officials and County Registrars on November 24, 2020 (the "OEB"). We request that a corrected Official Election Bulletin be issued to ensure that voters who properly have registered to vote in Georgia will be allowed to vote in January.

As a nonpartisan organization working to ensure that all registered voters have an equal opportunity to vote and to have that vote counted, we appreciate all of the efforts of the Secretary of State's office to identify and investigate legitimate complaints of actual voter fraud. We do not want concerns with legitimate voter fraud, however, to result in the disenfranchisement of any legal Georgia voters.

The first paragraph of the OEB states that voters who voted in another state in November cannot thereafter "decide" to become Georgia residents. Under Georgia law, any otherwise qualified person who has moved to and intends to remain in Georgia can register and vote, regardless of the person's motive for moving. *See* O.C.G.A. § 21-2-217; *Dozier v. Baker*, 283 Ga. 543, 545, 661 S.E.2d 543, 545 (2008) (affirming finding of residency based on "intent" to remain notwithstanding candidate's "motive" for moving); *Cook v. Bd. of Registrars of Randolph Cnty.*, 320 Ga. App. 447, 452-53, 740 S.E.2d 223, 227-28 (2013) (following *Dozier*). We request immediate issuance of a corrected OEB clarifying that an

AMERICAN OVERSIGHT

otherwise qualified person who has moved to and intends to remain in Georgia properly can register and, once registered, cast their vote.

The OEB goes on to note that the county boards of registrars have the power to ensure the proper residence of new and existing voter registrants, stating that a voter's registration may be rejected if a registrar cannot determine "to his or her satisfaction" the voter registrant's residency. This language invites and may even encourage county election officials to refuse to register new voters, or to challenge and remove existing registered voters, based on the officials' arbitrary and capricious determination of their personal "satisfaction" as to the residency or non-residency of the new or existing voters. Such an arbitrary and uncabined process violates both federal and Georgia law.

The National Voter Registration Act ("NVRA") mandates that any activity "to protect the integrity of the electoral process" by ensuring an accurate voter roll "shall be uniform, nondiscriminatory, and in compliance with the Voting Rights Act of 1965." 52 U.S.C. § 20507(b)(1). Allowing individual officials to reject registrations if proof of residency has not been established to that official's individual "satisfaction" would not be "uniform" and would create the risk of discriminatory disenfranchisement. To the extent the OEB constitutes a systematic program across Georgia to prevent or remove ineligible voters, moreover, it violated the prohibition on implementing such a program less than 90 days before an election. *See id.* § 20507(c)(2)(A); *Arcia v. Fla. Sect'y of State*, 772 F.3d 1335 (11th Cir. 2014) (striking down program that violated 90-day rule).

Georgia law similarly precludes the arbitrary refusal to allow a voter to register and the arbitrary removal of an existing voter. Where an elector challenges another elector's qualifications, for example, the challenger bears the burden of proof. O.C.G.A. § 21-2-229. Any such challenge must be made in writing and specify distinctly the grounds of the challenge. *Id.* § 21-2-230(a). Unless the board of registrars finds probable cause for the challenge, the challenge must be denied; while if probable cause has been found, the elector must be notified and given the opportunity to dispute the grounds of the challenge. *Id.* § 21-2-230(b)-(c); *see also, e.g.*, *McIntosh Cnty. Bd. of Elections v. Deverger*, 282 Ga. 566, 567, 651 S.E.2d 671, 673 (2007) (holding rebuttable presumption of legality attaches to registration of voter who has been on list of

AMERICAN OVERSIGHT

official electors for 10 years even where voter registration card cannot be located or lacks a signature) (citing, *inter alia*, O.C.G.A. § 21-2-522.1).

The OEB further states that, in determining residency, the county official "shall review all available evidence, including any identifying documents submitted along with the application." Where an applicant has presented or can present the proof of residency required by Georgia's official voter registration form (https://registertovote.sos.ga.gov/GAOLVR/images/reg_form.pdf), then county officials should only deny registration "'based on information in their possession establishing the applicant's ineligibility.'" *Arizona v. Inter Tribal Council of Arizona, Inc.*, 570 U.S. 1, 15 (2013). Thus, unless county officials possess credible information calling into question the voter's residency, they should not require additional proof of residency beyond that normally required for registration.

Finally, the last paragraph of the OEB states that any submission of false registration information, even if not done knowingly, "shall" be referred for criminal prosecution. Under Georgia law, however, an applicant must "knowingly" give false information to commit a crime. O.C.G.A. § 21-2-561(3). Thus, the OEB mandates seeking prosecution for conduct that may not constitute a crime. The NVRA and other federal voting laws preclude threats or the initiation of improper criminal prosecutions that could have a chilling effect on registration and voting. *See, e.g.*, *United States v. McLeod*, 385 F.2d 734 (5th Cir. 1967); *League of United Latin American Citizens – Richmond Region Council 4614 v. Public Interest Legal Foundation*, No. 1:18-cv-00423, 2018 WL 3848404, at *3-4 (E.D. Va. Aug. 13, 2018) (noting NVRA does not require intent to intimidate, only that actions have the effect of intimidating voters).

In addition to the NVRA, the Civil Rights Act prohibits concerted threats intended to dissuade any federal voter. *See* 42 U.S.C. § 1985(3); *see also* 5 U.S.C. § 10101(b) (barring threats intended to intimidate federal voters); 5 U.S.C. § 10307(b) (barring threats intended to intimidate persons encouraging others to vote). Federal law also criminalizes threats intended to interfere with any federal voter. 18 U.S.C. § 594; *accord* O.C.G.A. § 21-2-567 (criminalizing intimidation of voter registrants or electors).

AMERICAN OVERSIGHT

The Georgia registration form already requires applicants to affirm their residence and eligibility to vote in Georgia and correctly states that any person who "registers to vote ***knowing*** that such person does not possess the qualifications required by law, who registers under any name other than such person's own name, or who ***knowingly*** gives false information in registering shall be guilty of a felony." O.C.G.A. § 21-2-561 (emphasis added). Given this unambiguous existing prohibition, the OEB's threat of criminal prosecution is redundant and creates a substantial risk of chilling legitimate voter registration and participation. *See generally Bantam Books, Inc. v. Sullivan*, 372 U.S. 58, 68 (1963) (recognizing that "[p]eople do not lightly disregard public officers' thinly veiled threats to institute criminal proceedings against them . . .").

Accordingly, we request that you rescind the existing OEB and issue a corrected OEB stating that (a) a voter registrant who had moved to Georgia with the intent of remaining in Georgia can vote in the January election; (b) the voter registrant has no affirmative obligation to provide any documentary evidence of residency; (c) county election officials cannot arbitrarily refuse to register voters or remove existing voters, but can only do so where they possess evidence demonstrating the applicant's ineligibility; (d) any challenge to the residency of a registrant or voter must be supported by specific evidence demonstrating ineligibility; and (e) if the challenge is not immediately denied, the challenged registrant or elector has due process rights to defend their registration.

Thank you for your attention and consideration in this matter.

Regards,

Kristen Clarke
President and Executive Director

cc: County Boards of Election and Supervisors of Election

AMERICAN OVERSIGHT

From: Joan Rhoden
To: Charlotte Sosebee
Subject: [EXT] Absentee Ballot Request Form
Date: Thursday, April 9, 2020 3:22:14 PM

EXTERNAL SENDER: This email originated from outside of the organization.
Do not click links or open attachments unless you recognize the sender and know the content is safe.

Joan Rhoden

[redacted]

Due to the Public Health Emergency brought on by COVID-19, opportunities to vote in person in the upcoming May 19, 2020 primary election may be limited. To promote the safety and voting access of all Georgians, the Secretary of State is taking the unprecedented step of sending this Absentee Ballot Application to all voters for the May 19, 2020 primary.

INSTRUCTIONS FOR MAILING OFFICIAL ABSENTEE BALLOT APPLICATION

1. Fill out and return this form in order to receive a ballot by mail for the May 19, 2020 primary election. You may vote the ballot you receive in lieu of voting in person.
2. Verify that the pre-filled information is correct.
3. Complete the highlighted portions of the application. **Remember to sign your application.**
4. Remove and detach this instruction panel by cutting along the dotted line.
5. Fold panels so that the address to your county elections office is visible on the outside.
6. To secure the mailer and to protect your information, tab or tape shut using clear tape within 1 inch of the top or bottom edge. **Postage is required for the application to be accepted.**
7. In lieu of mailing, you can scan or take a picture of your completed and signed application and email it to:

CHARLOTTE.SOSEBEE@ACCGOV.COM

TAPE OR TAB SHUT WITHIN 1" OF LEAD/TRAIL EDGE

Cut along line before returning form.

Brad Raffensperger
SECRETARY OF STATE

APPLICATION FOR OFFICIAL ABSENTEE BALLOT

010-0985.18

PLEASE PRINT (Failure to fill out the form completely could delay your application)

Date of Primary, Election or Runoff: 5/19/2020

Voter Registration #: [redacted]

Voter name	1	First: Joan Middle: Gilbert Last: Rhoden Suffix:
Permanent address on file with county election office This is the address at which you are registered OR the address at which you have changed your voter registration with your county elections office. Your ballot will be sent here unless you provide a valid address in Section 3.	2	Street: [redacted] City: Athens Zip: 30606-7323 County: Clarke
Temporary address where you want ballot sent If you wish to receive your absentee ballot at an address other than the one listed in Section 2, you must provide a valid residential address in a different county than the county listed in section 2 unless you are physically disabled, declared or are updating your permanent address.	3	Street: City: Zip: County: ☐ Check here if your permanent address has changed and you want to update the address in Section 2 with the address you've provided in Section 3.
Date of birth	4	Date of birth: (MM/DD/YYYY) 06/23/1950
Type of ballot **Required: check one**	5	☐ Democratic ☒ Republican ☐ Non Partisan (will not have ANY party candidates listed)
Contact information	6	To assist your county elections officials in contacting you in a timely manner if your application is incomplete, please provide the following information: Phone number: [redacted]
Signature or mark of voter **Required if** voter fills out this application	7	Signature or mark of voter: Joan Rhoden Today's date: (MM/DD/YYYY) [redacted]
Signature of person providing assistance **Required only if** voter is disabled or illiterate and received assistance completing this application	8	Signature of assistant: _____ Today's date: (MM/DD/YYYY) _____
Signature of person requesting ballot if not voter **Required only if** Section 7 is left blank	9	Signature of requestor: _____ Relationship to voter: _____ I swear that the facts contained in this application are true and that I am either the mother, father, grandparent, brother, sister, aunt, uncle, spouse, son, daughter, niece, nephew, grandchild, son-in-law, daughter-in-law, mother-in-law, father-in-law, brother-in-law or sister-in-law of the age of 18 and swear (or affirm) that the above-named voter is (check one) ☐ physically disabled or ☐ temporarily residing out of the county
Eligibility to receive vote by mail ballots for the rest of the election cycle without another application?	10	☐ E - Elderly - I am 65 years of age or older ☐ D - Disabled - I have a physical disability ☐ U – UOCAVA Voter - I am a uniformed service member, spouse or dependent of a uniformed service member, or other US citizen residing overseas. Good afternoon,

Our office has identified voters in your county who were mailed a ballot to the wrong address, and they are listed in the attachment. The affected voters submitted a request through the online absentee ballot portal and requested that their ballot go to their permanent residence address.

To correct this, if you have already mailed a ballot to an affected voter, please cancel that ballot and mail another ballot to their permanent residence address on file. If you have not already mailed a ballot, please make sure that the ballot you issue is mailed to the voter's permanent residence address on record.

Thank you,

Please note that your county must post notice on your website and must send our office notice of the dates and location(s) "where absentee ballots will be processed and any rejected ballots will be adjudicated…" no later than close of business today to be in compliance with State Election Board Rule 183-1-14-0.9-.15. According to the rule, "all county election superintendents shall begin processing absentee ballots no later than the second Monday before Election Day." For the January 5th election, all counties must begin early processing by Monday, December 28th. We must receive your notice of early processing seven days before you begin.

If you have not already posted your notice on your website and sent it to your liaison, please do so by 5pm today. Once we receive your notice, we reflect the information on our website here: https://sos.ga.gov/index.php/elections/intent_to_tabulate_early

Thank you!

Good morning,

We have set up a series of recurring open zoom calls to help assist you in preparation and execution of the January 5th election. We have 3 times set up for various county sizes but please feel free to call into any session and stay as long or as little as you❓d like. We will have representatives from operations and engineering on the calls to answer questions and assist you as needed.

Thanks you, we look forward to another successful election with you all.

Scott Tucker | CRM, GA

Good Morning Election Officials,

Attached you will find the weekly list of voters who are interested in becoming poll workers in your county. (Secure the Vote) The list is not broken down by county. You will have to filter the report by county to find the interested poll workers for their county. The decision to hire any of the voters on the list is up to your office. If you have any questions, please let me know. Have a great day!

AMERICAN OVERSIGHT

From: Harris, Axiver
To: Harris, Axiver
Subject: [EXT] FW: Potential County Poll Workers
Date: Monday, December 14, 2020 9:35:35 AM
Attachments: 12.14.2020 STV Poll Worker Sign Ups.xlsx

EXTERNAL SENDER: This email originated from outside of the organization.
Do not click links or open attachments unless you recognize the sender and know the content is safe.

Good Morning Election Officials,

Attached you will find the weekly list of voters who are interested in becoming poll workers in your county. (Secure the Vote) The list is not broken down by county. You will have to filter the report by county to find the interested poll workers for their county. The decision to hire any of the voters on the list is up to your office. If you have any questions, please let me know. Have a great day!

Secure the Vote Poll Worker Signup Page: https://securevotega.com/pollworker-signup/

-------- Forwarded Message --------
Subject: Absentee Ballots And Our Recent Election
Date: Mon, 15 Jun 2020 14:17:48 -0400
From: John Marsh <jmarsh@prodpartners.com>
Organization: Product Partners, LLC
To: evans.jesse.accboe@gmail.com, [redacted], [redacted], patricia.till[redacted], rocky.raffle@accgov.com

To the ACC Board of Elections,

The Absentee Ballot Vote Review Panel of which I was a part found a number of ballots having races with no votes where in fact the voter had indicated a preference. These were on ballots that had been flagged by the system as being questionable however these particular races were not flagged. It concerns me that this occurred however understanding how the system does what it does leads me to the belief that the election was not materially affected by these issues in that it is just as likely that a vote was not cast for one side as another and in fact the machine and software will more consistently apply the criteria than human beings ever will.

1) There should be an audit of this election to provide answers to these three questions:
i) Was there a problem with the scanning hardware itself. I believe that we will find that it worked as designed.
ii) What were the problems with the absentee ballots that had issues and was the result of the machine count skewed in one direction or the other.
iii) Was the overall election evenhanded? This requires an audit of all ballots, not just the absentee ballots. This is to provide the public with confidence in the overall election process. I believe that the public should have confidence in the election and that a proper audit will reassure them.

2) The audit should be conducted in conjunction with the State and with Dominion. Unfortunately since we have an Associated Press headline maligning the Dominion software as faulty then it is only fair that a senior person within their organization participate.

3) The audits should be properly constructed to answer the above questions. Sample sets that are too large and expansive will introduce human errors into the audit process and sample sets

AMERICAN OVERSIGHT

too small or improperly directed may not be statistically significant.

While I can not be there today I would be happy to explain the process of how the system does what it does and how and why we saw the problems that we did.

Finally let me restate that I do not believe that there is any reason to believe that the election was anything other than fair or that there is any reason to doubt the outcomes of this election.

Please excuse my grammar and run on sentences but I have been tied up all day, it is 2:15 PM, and I do not have time to edit it.

Sincerely,
John Marsh

Election Officials,

The Election Night Reporting (ENR) website for the 01/05/2021 Federal Runoff is now ready for your county to submit a test upload that contains L&A data. Registered voters do not need to be entered into your EMS for this round of testing, but we would like L&A data if you still have an export that contains test data. This will allow us to test the website functionality. If you do not have L&A data, please notify me.

Please review your county specific ENR page after the upload to ensure that all races are displaying correctly, that all candidates are present, and the votes are assigned to the correct candidates. Once you have completed this review, remember to publish the upload. If you do not publish the upload, we cannot see the work that you have done. Let me know if you experience an error or notice any display settings that need to be adjusted when attempting your upload. For this election, we will be using the Georgia Export. Please complete this upload as soon as possible, but no later than Friday, 12/30/2020.

The ENR login portal can be accessed through the following link:

[redacted]

[redacted] you are unfamiliar with the ENR upload process, training materials can be found on Firefly by searching for "Scytl Updated ENR User Guide 2020" or by navigating to Training > ENR Resources and selecting the PDF document titled "Scytl Updated ENR User Guide 2020."

Once we have completed the testing, I will send you an email asking you to do another upload to clear the L&A data from the site.

Thanks,

Axiver Harris
Liaison
Georgia Secretary of State

OFFICIAL ELECTION BULLETIN

December 18, 2020

TO: **County Election Officials and County Registrars**

FROM: **Chris Harvey, Elections Division Director**

RE: **Absentee Ballot Signature Verification and Public Observation**

Signature verification is a critical part of securing absentee ballots and must be conducted in a way that enhances the confidence of the electorate.

Absentee ballot applications containing the elector's signature (which would be any not coming from the Secretary of State's Absentee Ballot Application Portal or requested by an eligible family member pursuant to O.C.G.A. § 21-2-381(a)(1)(B)) must be compared to the applicant's voter registration signature as per O.C.G.A.§ 21-2-381(b)(1) and determined whether they "appear to be valid" before mailing an absentee ballot to the voter. Applications containing a non-matching signature should be mailed a provisional ballot which can only be accepted if the cure process set forth is O.C.G.A. § 21-2-386(a)(1)(C). Absentee ballot applications that do not contain the required signature should be rejected.

When a voted absentee ballot has been returned by the voter, the signature on the oath envelope must then be compared to the voter registration signature and the absentee ballot application signature, if available (absentee ballots applied for through the portal will not have a signature as the voter's identity is confirmed by DDS data when using the portal.) The registrar or absentee ballot clerk must determine if the signature "appears to be valid." This signature verification is requirement is detailed in O.C.G.A. 21-2-386(a)(1)(C).

We are aware of at least one instance where a voter "tested" the signature match process by intentionally signing his application in a different manner than his signature on file. If there is doubt as to the authenticity of the signature on a voted absentee ballot oath envelope following the review, the county election official should send the voter the required cure affidavit in order for the voter to provide the required documentation to confirm the authenticity of the signature. The cure process allows for both a thorough review of signatures and opportunity for voters to cure any issues.

AMERICAN OVERSIGHT

Public Nature of Signature Comparison

Under O.C.G.A. 21-2-406, "…officials engaged in the conducting of primaries and elections held under this chapter shall perform their duties in public." Comparing signatures on absentee ballot applications and absentee ballots meet this criterion and therefore needs to be done publicly.

Performing a duty in public means that a member of the public can observe the official do the duty. There is, however, no necessity to allow a public observer to insert themselves into the duty or in any way interfere with the duty. The fact that an observer can watch an election official sitting at a desk or table, handling absentee ballot envelopes, and looking at a screen or piece of paper to compare a signature is compliance with this code section. A public observer is not expected to be able to see the specific data (signature on an envelope) or screen containing a voter registration signature from ENET (and also containing other PII) while observing this process.

There are not specially designated monitors for this process, and counties can and should set up reasonable settings and observation areas that take into account best practices for safety and security, especially with concerns for infection and possible communication of disease. While observers should be able to have a clear line of sight within a reasonable distance, election officials should be sufficiently separated from the public to ensure physical safety and security of data that might be available and subject to exposure during the comparison of signatures.

Live video streams available online also satisfy making the performance of the duty public as long as the display provides a reasonable viewing opportunity for the online viewer.

If a county will be using different locations and times for this process, counties should use reasonable efforts to notify the public. The entire goal is to allow the public to observe this process, however, it is also vitally important that this critical work be handled efficiently so that absentee ballots can flow smoothly into office, and voters can be advised of the status of their absentee ballots. Ideally, counties will be able to establish a location and time where this process can happen regularly, and observers can come and go with little need for additional notification.

There is no statutory authority to restrict cameras, phones or other devices from being present in the public observation areas designated by the county officials, but county officials can make reasonable demands on observers for the sake of good order and an environment conducive to allow workers to perform their duties without being interrupted or distracted. The fact that the

AMERICAN OVERSIGHT

duty must be done publicly does not mean that the county must provide enough space for everyone who may want to observe. Again, reasonable restrictions on the number of observers, based on the local conditions, may be imposed by the county officials.

These guidelines will likely need to be modified by local offices in order to meet local circumstances. Local boards of election and registration can have a role in observing and creating guidelines for these processes, and are the responsible parties for making sure that the law is being met, and that the process is one that is consistent, legal, and secure.

The fact that the

AMERICAN OVERSIGHT

duty must be done publicly does not mean that the county must provide enough space for everyone who may want to observe. Again, reasonable restrictions on the number of observers, based on the local conditions, may be imposed by the county officials.

These guidelines will likely need to be modified by local offices in order to meet local circumstances. Local boards of election and registration can have a role in observing and creating guidelines for these processes, and are the responsible parties for making sure that the law is being met, and that the process is one that is consistent, legal, and secure.

Good Morning,

Hope you all are feeling better today. Your online absentee ballot request show your county is at 30% for processing. That's not bad but they are asking that all absentee request stay below 15%. Will you please work on these ASAP today? Thanks

I just posted this message on Firefly:

Many counties are getting voter challenges filed under O.C.G.A. 21-2-230.

OCGA 21-2-230(b) requires that the BOE, "shall immediately consider such challenge(s) and consider whether probable cause exists to sustain such challenge(s)."

The steps are listing in the code section, and I strongly encourage you to review this code section with your board and attorney should you get such a challenge.

Re: Open Records Request

Dear Public Records Custodian:

Pursuant to the Georgia Public Records Law (O.C.G.A. § 50-18-70 et seq.) , American Oversight makes the following request for records.

Requested Records

American Oversight requests that your office produce the following within three business days:

> All email communications (including email messages, email attachments, calendar invitations, and calendar attachments) between the specified county officials listed in Column A and the external parties listed in Column B below.

Column A: Athens-Clarke County Elections and Registration & Board of Elections Officials	**Column B: External Parties**
i. Director of Elections and Voter Registration Charlotte Sosebee ii. Elections Assistant Pamela Long iii. Elections Assistant Lisa McGlaun iv. Absentee Ballot Clerk Paula Williams v. Chairperson of the Board of Elections Jesse Evans vi. Vice Chairperson Charles Knapper vii. Board Secretary Willa J. Fambrough viii. Board Member Patricia A. Till ix. Board Member Rocky Raffle	<u>True the Vote</u> a. Catherine Engelbrecht b. Anyone communicating on behalf of True the Vote (including, but not limited to, anyone communicating from an email address ending in @truethevote.org) c. Derek Somerville d. Mark Davis e. Mark Williams f. Ron Johnson g. James Cooper <u>Public Interest Legal Foundation</u> a. J. Christian Adams (including but not limited to,

	adams@publicinterestlegal.org or any email address ending in @electionlawcenter.com) b. Logan Churchwell (including, but not limited to, at lchurchwell@publicinterestlegal.org) c. Sue Becker (including, but not limited to, at sbecker@publicinterestlegal.org) d. Anyone communicating on behalf of Public Interest Legal Foundation (including, but not limited to, anyone communicating from an email address ending in @publicinterestlegal.org)

Please provide all responsive records from December 10, 2020, through the date the request is received.

Please note that American Oversight does not seek, and that this request specifically excludes, the initial mailing of news clips or other mass-distribution emails. However, subsequent communications forwarding such emails are responsive to this request. In other words, for example, if the Director of Elections received a mass-distribution news clip email referencing the relevant statement by the president, that initial email would not be responsive to this request. However, if the Director forwarded that email to another individual with their own commentary, that subsequent message would be responsive to this request and should be produced.

Please notify American Oversight of any anticipated fees or costs in excess of $100 prior to incurring such costs or fees.

American Oversight seeks all responsive records regardless of format, medium, or physical characteristics. In conducting your search, please understand the term "record" in its broadest sense, to include any written, typed, recorded, graphic, printed, or audio material of any kind. We seek records of any kind, including electronic records, audiotapes, videotapes, and photographs, as well as letters, emails, facsimiles, telephone messages, voice mail messages and transcripts, notes, or minutes of any meetings, telephone conversations or discussions. Our request includes any attachments to these records. No category of material should be omitted from search, collection, and production.

In addition, American Oversight insists that your office use the most up-to-date technologies to search for responsive information and take steps to ensure that the most complete repositories of information are searched. American Oversight is

available to work with you to craft appropriate search terms. **However, custodian searches are still required; your office may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.**

In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If it is your position that a document contains non-exempt segments, but that those non-exempt segments are so dispersed throughout the document as to make segregation impossible, please state what portion of the document is non-exempt, and how the material is dispersed throughout the document. If a request is denied in whole, please state specifically that it is not reasonable to segregate portions of the record for release.

Please take appropriate steps to ensure that records responsive to this request are not deleted by your office before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

To ensure that this request is properly construed, that searches are conducted in an adequate but efficient manner, and that extraneous costs are not incurred, American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs. By working together at the outset, American Oversight and your office can decrease the likelihood of costly and time-consuming litigation in the future.

Where possible, please provide responsive material in electronic format by email or in PDF or TIF format on a USB drive. Please send any responsive material being sent by mail to American Oversight, 1030 15th Street NW, Suite B255, Washington, DC 20005. If it will accelerate release of responsive records to American Oversight, please also provide responsive material on a rolling basis.

Conclusion

American Oversight is a 501(c)(3) nonprofit with the mission to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and Twitter.[1]

[1] American Oversight currently has approximately 15,600 page likes on Facebook and 106,100 followers on Twitter. American Oversight, FACEBOOK, https://www.facebook.com/weareoversight/ (last visited Dec. 18, 2020); American

We share a common mission to promote transparency in government. American Oversight looks forward to working with you on this request. If you do not understand any part of this request, have any questions, or foresee any problems in fully releasing the requested records, please contact Khahilia Shaw at records@americanoversight.org or 202.539.6507.

Sincerely,

Austin R. Evers

Good Morning Election Officials,

Attached you will find the weekly list of voters who are interested in becoming poll workers in your county. (Secure the Vote) The list is not broken down by county. You will have to filter the report by county to find the interested poll workers for your county. The decision to hire any of the voters on the list is up to your office. If you have any questions, please let me know. Have a great day!

Good Morning Election Officials,

Attached you will find the weekly list of voters who are interested in becoming poll workers in your county. (Secure the Vote) The list is not broken down by county. You will have to filter the report by county to find the interested poll workers for your county. The decision to hire any of the voters on the list is up to your office. If you have any questions, please let me know. Have a great day!

Secure the Vote Poll Worker Signup Page: https://securevotega.com/pollworker-signup/

Hi Lisa, I apologize for the delay, we have yet to finish the pricing model for support and services moving beyond the implementation of the system. However we have some of the warranty information in the contract and I have copied it to the chart below. The initial warranty from the contract runs through December 31, 2021.

Item	UNIT PRICE
ImageCast Central G2140 - Product Kit	$25,000.00
ImageCast Central Software License (per unit, per year)	$2,575.00
ImageCast Central Hardware Warranty (per unit, per year)	$1,500.00
ImageCast X Prime - Product Kit	$3,500.00
ImageCast X Software License (per unit, per year)	$150.00
ImageCast X Hardware Warranty (per unit, per year)	$125.00
ImageCast Precinct Tabulator - Product Kit	$3,900.00
ImageCast Precinct Software License (per unit, per year)	$228.00
ImageCast Precinct Hardware Warranty (per unit, per year)	$135.00
Mobil Ballot Printing Kit Portable High Volume	$5,800.00
Mobil Ballot Printing Hardware Warranty (per unit, per year)	$375.00

Subject: [EXTERNAL] Warranties on Dominion Equipment

Dear Scott,

AMERICAN OVERSIGHT

For the past few weeks I've tried to get information on the scope and cost of warranties for the Dominion equipment. We need this information to include with our 2021/2022 budget planning.

Is there any way to get this information before the end of the day? I'm pushing against the deadline for our budget submission.

Paula,

If I run the report for this Friday it will have to be in the morning and you will have to notify me Friday morning to run it again. Thanks

Hi Axiver,

Please schedule the Clarke County's electors list for the precincts to print by the close of business on Friday, 12/18.

Thank you,

Lisa McGlaun

Charlotte,

Just looping back to Axiver's email. It looks like Clarke is still at 24% unprocessed for online absentee applications. Do you think that will be down significantly by end of day today?

Subject: OABR

Good Morning,

Hope you all are feeling better today. Your online absentee ballot request show your county is at 30% for processing. That's not bad but they are asking that all absentee request stay below 15%. Will you please work on these ASAP today? Thanks

She needs information on how to get a number list. Can you direct her?

Does SOS still charge for such a list?

Dear Axiver,

This is part of an ORR we received. Is it appropriate to tell the requestor that this information is available for a fee through SOS?

Thank you!

I would like to formally request the following two (2) items:
I) List of voters. Please provide me the list of those who participated in the recent November 3, 2020 elections, broken down by method of voting which is either Early, Absentee/Mail-In, At the Polls, Provisional. Please send me this electronically as a

Rejected Absentee Ballot Survey

November 3, 2020 – General Election

Name:
County:

Section 1: Rejected Absentee Ballots – This section will ask you the total number of absentee ballots rejected in the November General Election.

1. What was the total number of absentee ballots rejected in the November General Election in your county? ☐

Section 2: Rejected Absentee Ballots – This section will ask you to break down the total number of rejected absentee ballots by rejection reason.

1. How many absentee ballots in the November General Election were rejected due to the ballot being received after the deadline? ☐
2. How many absentee ballots in the November General Election were rejected due to the voter being ineligible to vote? ☐
3. How many absentee ballots in the November General Election were rejected due to an invalid signature? ☐
4. How many absentee ballots in the November General Election were rejected due to a missing Signature? ☐
5. How many absentee ballots in the November General Election were rejected due to the voter not providing required ID(MIDR)? ☐

Please email your completed survey to your Liaison by close of business today.

Clarke County
105 East Washington
Athens, GA 30603

VIA EMAIL

RE: Elector Challenge

Please accept this letter as a challenge to the attached electors' eligibility to vote in the January 5, 2021 Election, pursuant to Georgia Code § 21-2-230.

Available data from the United States Postal Service National Change of Address (NCOA) and other commercially available sources demonstrates probable cause to believe these individuals no longer reside where they are registered to vote. In fact, these electors appear to have permanently established other residence, as reflected in their change of address, to residential addresses outside of the Georgia county in which they are currently registered to vote.

Georgia Code § 21-2-217 requires that if a person removes to another state, or to another county or municipality within the state of Georgia, with the intention of remaining there an indefinite time and making another state, county, or municipality such person's place of residence, such person shall be considered to have lost their residence in Georgia, or in the former county or municipality, notwithstanding that such person may intend to return at some indefinite future period.

Elector voter registration numbers, registered addresses, and address changes have been provided by attachment as CSV and XML spreadsheets. If you would prefer to receive these files in another format, please let me know.

Additionally, hard copies of individual challenges are being delivered to your office under separate cover.

Respectfully,

Gordon Rhoden
Voter ID: 2252900
Clarke County

Greetings my Fellow Election Officials:

As both a member of the Forsyth County Board of Elections representing the Republican Party and a Member of the Georgia Republican Party State Executive Committee, I can attest that Mr. Robert Sinners is employed by the Donald J. Trump campaign to oversee all Election Day Operations on behalf of the Trump Campaign in Georgia.

His communication was not intended to raise any concerns at this time of Open Record Requests, but simply an attempt to both introduction himself to all our County Elections Departments while gaining a better insight and understanding of the various processes and procedures we have in place. I am certain he had no intention to undermine any of the great work we do in Georgia for our various counties.

As Deidre already stated from her communication with him, it is his general concern that we all are successful for the good of Georgia in November and not anything more.

I believe that anyone that has received an OOR from him, it is more about the desire to gain insight since he has never done elections in Georgia before than looking for any faults.

But, I am certain that if anyone has questions or concerns related to this matter, they are always welcome to reach out to the Georgia Republican Party Executive Director Stewart Bragg (stewart@gagop.org).

Warmest regards, best wishes, and many safe returns during this Run-Off season.

Joel E. Natt, CISSP CRISC
Secretary to the Forsyth County Board of Elections
Republican Representative to the Forsyth County Board of Elections

Dear Athens-Clarke County Elections Officials:

I understand you have received a letter from the Chair of the Athens-Clarke County Republican Party, Gordon Rhoden, challenging the voting eligibility of 16,024 registered voters (the "Targeted Voters"). Mr. Rhoden's purported challenge is not well founded, and any action the County takes to impede the casting of regular ballots by any Targeted Voter would be in violation of both Georgia and federal law. Should the County deny the Targeted Voters their right to cast regular ballots, we will not hesitate to initiate legal action against you to protect lawful Georgia voters against this partisan attack.

Probable cause does not exist to support Mr. Rhoden's challenge under O.C.G.A. § 21-2-230 because the challenge is based on his purported analysis of the United States Postal Service's National Change of Address ("NCOA") database. NCOA "matching" is notoriously unreliable, and on its own cannot provide the basis for a lawful challenge to a voter's eligibility under Georgia law. Moreover, under federal law, the County is prohibited from invalidating voter registration on the basis of this type of broad challenge to residency at this point in the election cycle. This was the conclusion of a Georgia court that addressed a similar challenge to the eligibility of voters in Fulton County in October, a mere month before the November general election. *See Schmitz v. Fulton Cnty. Bd. of Registration & Elections*, 2020CV339337 (Super. Ct. Ga. Oct. 1, 2020). Mr. Rhoden's challenge comes after voters have already begun to cast ballots in the runoff election. The County's entertainment of them would be incredibly inappropriate and, indeed, unlawful.

NCOA data is not an accurate measure of an individual's eligibility to vote. In fact, a federal judge recently recognized that Georgia's prior reliance on this data to remove individuals from the voter rolls likely resulted in mistaken cancellations of lawful, eligible voters. *See* Order, *Black Voters Matter Fund v. Raffensperger*, No. 1:20-CV-04869-SCJ (N.D. Ga. Dec. 16, 2020), ECF 63 at 30. But even if the NCOA database accurately tracked which individuals have moved—and it does

AMERICAN OVERSIGHT

not—the information still would fail to reliably determine whether individuals are eligible to vote at the address where they are registered.

While the place that a person receives significant mail, such as personal bills, may be evidence of the person's residency for voter registration purposes, O.C.G.A. § 21- 2-217(15), both the Election Code and federal law enumerate legitimate reasons that individuals may change their mail address, even out of state, without forfeiting their eligibility to vote. These reasons include: moving for temporary purposes, § 21-2-217(a)(2); moving to engage in government service, § 21-2-217(a)(11); and intending to move without actually moving, § 21-2-217(a)(9). *See also* 52 U.S.C. § 20302(a)(1) (providing for voting by absent uniformed voters and overseas voters); O.C.G.A. § 21-2-216(e) (permitting a citizen who begins residence in another state within 30 days of an election to vote in Georgia if the person is not admitted to vote in the new state).

Thus, any voters who temporarily relocated during the pandemic to be closer to family or care for someone ill, or who moved for a few months to take college classes, or to work a summer job, or for any other number of perfectly valid reasons, may request to receive mail at an address other than where they registered to vote without forfeiting their right to vote in Athens-Clarke County. NCOA data makes no mention of why any individual requested a change of address, which would be critical for any threshold determination of the voter's eligibility. There is simply nothing irregular or unusual about voting while outside of one's voting jurisdiction; indeed, the availability of absentee voting accommodates exactly that. *See* O.C.G.A. § 21-2- 380(b).

Precisely because NCOA data is so often unreliable and inaccurate, federal law ***prohibits*** the removal of individuals from voter registration lists unless strict precautions are followed. And what is forbidden in the registration context—restricting the right to vote based on alleged change-of-address information alone—certainly cannot supply probable cause for a challenge under O.C.G.A. § 21-2-230. Section 8(d) of the National Voter Registration Act ("NVRA") expressly provides that "[a] State ***shall not remove*** the name of a registrant from the official list of eligible voters in elections for Federal office on the ground that the registrant changed residence ***unless***" it follows the procedures set out therein, which require that: (1) the State receive written confirmation from the voter of change of address, or (2) the voter fails to respond to a postcard notice, and also fails to vote in at least two subsequent federal general election cycles. 52 U.S.C.A. § 20507(d) (emphasis added). Because Mr. Rhoden has not identified a single voter on his list who has confirmed a change of address in writing to the State or received official notice from the State and failed to vote in two subsequent general elections, there is no basis for impeding their right to vote.

Section 8(c) of the NVRA provides an additional, independent prohibition on purging the 16,024 Targeted Voters this close to the January 5 run-off elections for U.S. Senate. Section 8(c) requires that "[a] State shall complete, not later than 90 days prior to the date of a primary or general election for Federal office, any program the purpose of which is to systematically remove the names of ineligible voters from the official lists of eligible voters." 52 U.S.C.A. § 20507(c)(2)(A).

This section of the NVRA has been interpreted to apply not just to regular voter list maintenance programs, but also to voter challenges like those sought here. For example, a North Carolina federal court recently reviewed voter challenges across four counties and found that, where a county's removal of voters "lack[s] individualized inquiry," rests on "generic evidence" such as mass mailings, and occurs within 90 days of a federal election, it violates Section 8(c) of the NVRA. *N.C. State Conf. of NAACP v. Bipartisan Bd. of Elections & Ethics Enf't*, 1:16CV1274, 2018 WL 3748172, at *6-*7 (M.D.N.C. Aug. 7, 2018).

A Georgia court has already reached an identical conclusion. *See Schmitz* (denying as not required by Georgia law and prohibited by the NVRA a request for immediate hearings on mass registration and voter challenges brought on the basis of alleged change-of-residency data). So have other federal courts. *See Mont. Democratic Party v. Eaton*, 581 F. Supp. 2d 1077, 1082 (D. Mont. 2008) ("Because the federal [NVRA] makes it illegal to deny an elector his or her vote based on a change of address, subject to limited exceptions not implicated here, if Montana county election officials are required, or even allowed, to compel an elector challenged on the basis of change-of-address information to prove anything, there is a violation of federal law."). For this very reason, rather than litigate a challenge case, Hancock County recently entered into a consent decree acknowledging that the NVRA governed its removal of several voters from the voter rolls pursuant to a challenge. *Ga. State Conf. of NAACP v. Hancock Cnty. Bd. of Elections & Registration*, 5:15-CV-00414 (CAR), 2018 WL 1583160, at *1 (M.D. Ga. Mar. 30, 2018) (granting joint consent decree requiring Hancock County to follow NVRA procedures for residency-based voter removal and establishing five-year monitoring).

Because Athens-Clarke County is prohibited by the NVRA from preventing the Targeted Voters from voting, Mr. Rhoden's efforts amount to a flagrant attempt at voter intimidation that is itself precluded by federal law. *See* 18 U.S.C. § 594 (criminalizing acts intended to intimidate voters and dissuade them from voting in a federal election); 52 U.S.C. § 20511(1) (criminalizing acts intended to intimidate any person for attempting to register to vote in a federal election); 52 U.S.C. § 10307(b) (prohibiting any person from intimidating voters in participating in election, whether or not such intimidation was intended). Athens-Clarke County elections officials must not be complicit in this effort.

I respectfully request that you reject the challenge to 16,024 registered voters on the basis of alleged change-of-residency and permit these voters to cast a regular ballot in the upcoming run-

To the ACC Board of Elections,

The Absentee Ballot Vote Review Panel of which I was a part found a number of ballots having races with no votes where in fact the voter had indicated a preference. These were on ballots that had been flagged by the system as being questionable however these particular races were not flagged. It concerns me that this occurred however understanding how the system does what it does leads me to the belief that the election was not materially affected by these issues in that it is just as likely that a vote was not cast for one side as another and in fact the machine and software will more consistently apply the criteria than human beings ever will.

1) There should be an audit of this election to provide answers to these three questions:
i) Was there a problem with the scanning hardware itself. I believe that we will find that it worked as designed.
ii) What were the problems with the absentee ballots that had issues and was the result of the machine count skewed in one direction or the other.
iii) Was the overall election evenhanded? This requires an audit of all ballots, not just the absentee ballots. This is to provide the public with confidence in the overall election process. I believe that the public should have confidence in the election and that a proper audit will reassure them.

2) The audit should be conducted in conjunction with the State and with Dominion. Unfortunately since we have an Associated Press headline maligning the Dominion software as faulty then it is only fair that a senior person within their organization participate.

3) The audits should be properly constructed to answer the above questions. Sample sets that are too large and expansive will introduce human errors into the audit process and sample sets too small or improperly directed may not be statistically significant.

While I can not be there today I would be happy to explain the process of how the system does what it does and how and why we saw the problems that we did.

Finally let me restate that I do not believe that there is any reason to believe that the election was anything other than fair or that there is any reason to doubt the outcomes of this election.

Please excuse my grammar and run on sentences but I have been tied up all day, it is 2:15 PM, and I do not have time to edit it.

Sincerely,

AMERICAN OVERSIGHT

Re: Commission District Six Election Results

Dear Ms. Sosebee:

I represent Gordon Rhoden, and I send this correspondence to object to any action by the Board of Elections that would invalidate my client's vote in the Commission District Six Election. My client is a resident and qualified voter of the Sixth District who voted for Jerry NeSmith. Therefore, he would have legal standing if his vote for Mr. NeSmith is declared void. Mr. Rhoden respectfully disagrees with the County Attorney's Memorandum dated June 12, 2020, and we believe that Georgia Supreme Court's precedent and the applicable statutes require the call of a special election rather than the appointment of candidate who did not obtain a majority of the votes.

The Supreme Court of Georgia has long embraced the "American Rule." This principle generally states that

> The effect where a person who is ineligible to hold the office receives a majority of the votes cast in an election is not to give the office to the qualified person having the next highest number of votes, but to invalidate the election; and in such a case a new election must be held.

AMERICAN OVERSIGHT

Thompson v. Stone, 205 Ga. 243, 247 (1949). See also State ex rel. Hardwick v. Swearingen, 12 Ga. 23, 24 (1852). The Supreme Court of Georgia has consistently held that, even though the candidate receiving the highest number of votes may be ineligible for office, his votes remain effective to prevent the election of other candidates as though there was no election at all. Crovatt v. Mason, 101 Ga. 246, 257 (1897). In such instances, a new election must be ordered as it "is the policy of this State...that no election would result if the highest number of votes were cast for a person incapacitated to hold office." Dobbs v. Mayor & Council of Buford, 128 Ga. 483, 484 (1907). See also Adair v. McElreath, 167 Ga. 294 (1928).

These common law principles have been codified by the General Assembly. O.C.G.A. § 21-2-504(a) states that

> Whenever any primary or election shall fail to fill a particular nomination or office and such failure cannot be cured by a run-off primary or election, whenever any person elected to public office shall die or withdraw prior to taking office, or whenever any person elected to public office shall fail to take that office validly, the authority with whom the candidates for such nomination or office file notice of candidacy shall call a special primary or election to fill such position.

See Duncan v. Poythress, 657 F.2d. 691, 706 (1981) (O.C.G.A. § 21-2-504(a) "codifies a common law rule requiring the calling of a new election when the winner of an election is ineligible to assume office.") Notably, this statute applies to all elections regardless of whether the election is partisan or non-partisan and regardless of the manner in which the election is held.

The authority cited by the County Attorney is factually and legally distinct from the present circumstances. In Jones v. Norris, 262 Ga. 468 (1992), the votes cast for a withdrawn candidate who finished third were declared void and so the candidate who received the greatest number of votes obtained a majority and was declared the winner without the necessity of a runoff. Unlike Jones, the ineligible candidate in District Six *won* the election and so O.C.G.A. § 21-2-504(a) provides the statutory authority that the Supreme Court found lacking in Jones. Since the

AMERICAN OVERSIGHT

winner died before taking office; and the runner up, having failed to obtain a majority, would fail to take the office validly, a special election must be called pursuant to O.C.G.A. § 21-2-504(a).

In Jones, the Supreme Court also noted that O.C.G.A. § 21-2-438(a) governs the conduct of elections using *paper* ballots and a review of the election code confirms that O.C.G.A. § 21-2-437 and O.C.G.A. § 21-2-438 are limited in application to precincts using paper ballots. See O.C.G.A. § 21-2-430 et seq. Importantly, this election was held using Optical Scanning Voting Equipment and there is no similar statute that invalidates votes due to the death of the candidate. See e.g. O.C.G.A. § 21-2-480 et seq. In the absence of statute expressly authorizing that votes be declared void, the Board of Elections must apply the default "American Rule" that has long been the common law of this state and order a special election pursuant to O.C.G.A. § 21-2-504(a).

In light of O.C.G.A. § 21-2-504(a) and longstanding precedent, the Board of Elections should not apply O.C.G.A. § 21-2-437 and O.C.G.A. § 21-2-438 to the present circumstances and void Mr. Rhoden's vote. If the Board of Elections applies these statutes and invalidates Mr. Rhoden's vote, the Board's decision would violate Mr. Rhoden's constitutional rights and the rights of all those citizens in District Six who voted for Mr. NeSmith.

> Undeniably the Constitution of the United States protects the right of all qualified citizens to vote, in state as well as in federal elections. **Qualified citizens not only have a constitutionally protected right to vote, but also the right to have their votes counted, a right which can neither be denied outright,** nor destroyed by alteration of ballots, nor diluted by ballot box stuffing. The reason for such constitutional protection is clear: **The right to vote freely for the candidate of one's choice is of the essence of a democratic society, and any restrictions on that right strike at the heart of representative government.** No right is more precious in a free country than that of having a voice in the election of those who make the laws under which, as good citizens, we must live. Other rights, even the most basic, are illusory if the right to vote is undermined.

AMERICAN OVERSIGHT

Duncan v. Poythress, 657 F.2d 691, 700 (1981) (internal quotations and citations omitted, emphasis supplied). A citizen's right to have his vote counted is similarly protected by the Georgia Constitution and the Supreme Court of Georgia will not tolerate an election where the will of the voters has been suppressed, changed, or disregarded. See e.g. Ga. Const. Art. II, § I, Para. II; King v. County Board of Education, 174 Ga. 685, 687 (1932).

The Board of Elections should refuse to invalidate those votes cast for Mr. NeSmith by applying the "English Rule" to crown an illegitimate victor. Such action would violate Georgia law and usurp Mr. Rhoden's constitutional right to due process and equal protection. A citizen has a fundamental constitutional right to have his vote counted, and Mr. Rhoden respectfully requests the Board of Elections honor his vote and the will of the electorate by validating those votes cast for Jerry NeSmith and order a special election pursuant to O.C.G.A. § 21-2-504(a).

Thank you for your consideration and for your service to the community.

Sincerely,

David F. Ellison

Athens-Clarke County Board of Elections
P.O. Box 1868
Athens, GA 30603

Dear Athens-Clarke County Elections Officials:

I understand you have received a letter from the Chair of the Athens-Clarke County Republican Party, Gordon Rhoden, challenging the voting eligibility of 16,024 registered voters (the "Targeted Voters"). Mr. Rhoden's purported challenge is not well founded, and any action the County takes to impede the casting of regular ballots by any Targeted Voter would be in violation of both Georgia and federal law. Should the County deny the Targeted Voters their right to cast regular ballots, we will not hesitate to initiate legal action against you to protect lawful Georgia voters against this partisan attack.

Probable cause does not exist to support Mr. Rhoden's challenge under O.C.G.A. § 21-2-230 because the challenge is based on his purported analysis of the United States Postal Service's National Change of Address ("NCOA") database. NCOA "matching" is notoriously unreliable, and on its own cannot provide the basis for a lawful challenge to a voter's eligibility under Georgia law. Moreover, under federal law, the County is prohibited from invalidating voter registration on the basis of this type of broad challenge to residency at this point in the election cycle. This was the conclusion of a Georgia court that addressed a similar challenge to the eligibility of voters in Fulton County in October, a mere month before the November general election. *See Schmitz v. Fulton Cnty. Bd. of Registration & Elections*, 2020CV339337 (Super. Ct. Ga. Oct. 1, 2020). Mr. Rhoden's challenge comes after voters have already begun to cast ballots in the runoff election. The County's entertainment of them would be incredibly inappropriate and, indeed, unlawful.

NCOA data is not an accurate measure of an individual's eligibility to vote. In fact, a federal judge recently recognized that Georgia's prior reliance on this data to remove individuals from the voter rolls likely resulted in mistaken cancellations of lawful, eligible voters. *See* Order, *Black Voters Matter Fund v. Raffensperger*, No. 1:20-CV-04869-SCJ (N.D. Ga. Dec. 16, 2020), ECF 63 at 30. But even if the NCOA database accurately tracked which individuals have moved—and it does

AMERICAN OVERSIGHT

not—the information still would fail to reliably determine whether individuals are eligible to vote at the address where they are registered.

While the place that a person receives significant mail, such as personal bills, may be evidence of the person's residency for voter registration purposes, O.C.G.A. § 21- 2-217(15), both the Election Code and federal law enumerate legitimate reasons that individuals may change their mail address, even out of state, without forfeiting their eligibility to vote. These reasons include: moving for temporary purposes, § 21-2-217(a)(2); moving to engage in government service, § 21-2-217(a)(11); and intending to move without actually moving, § 21-2-217(a)(9). *See also* 52 U.S.C. § 20302(a)(1) (providing for voting by absent uniformed voters and overseas voters); O.C.G.A. § 21-2-216(e) (permitting a citizen who begins residence in another state within 30 days of an election to vote in Georgia if the person is not admitted to vote in the new state).

Thus, any voters who temporarily relocated during the pandemic to be closer to family or care for someone ill, or who moved for a few months to take college classes, or to work a summer job, or for any other number of perfectly valid reasons, may request to receive mail at an address other than where they registered to vote without forfeiting their right to vote in Athens-Clarke County. NCOA data makes no mention of why any individual requested a change of address, which would be critical for any threshold determination of the voter's eligibility. There is simply nothing irregular or unusual about voting while outside of one's voting jurisdiction; indeed, the availability of absentee voting accommodates exactly that. *See* O.C.G.A. § 21-2- 380(b).

Precisely because NCOA data is so often unreliable and inaccurate, federal law ***prohibits*** the removal of individuals from voter registration lists unless strict precautions are followed. And what is forbidden in the registration context—restricting the right to vote based on alleged change-of-address information alone—certainly cannot supply probable cause for a challenge under O.C.G.A. § 21-2-230. Section 8(d) of the National Voter Registration Act ("NVRA") expressly provides that "[a] State ***shall not remove*** the name of a registrant from the official list of eligible voters in elections for Federal office on the ground that the registrant changed residence ***unless***" it follows the procedures set out therein, which require that: (1) the State receive written confirmation from the voter of change of address, or (2) the voter fails to respond to a postcard notice, and also fails to vote in at least two subsequent federal general election cycles. 52 U.S.C.A. § 20507(d) (emphasis added). Because Mr. Rhoden has not identified a single voter on his list who has confirmed a change of address in writing to the State or received official notice from the State and failed to vote in two subsequent general elections, there is no basis for impeding their right to vote.

Section 8(c) of the NVRA provides an additional, independent prohibition on purging the 16,024 Targeted Voters this close to the January 5 run-off elections for U.S. Senate. Section 8(c) requires that "[a] State shall complete, not later than 90 days prior to the date of a primary or general election for Federal office, any program the purpose of which is to systematically remove the names of ineligible voters from the official lists of eligible voters." 52 U.S.C.A. § 20507(c)(2)(A).

AMERICAN OVERSIGHT

This section of the NVRA has been interpreted to apply not just to regular voter list maintenance programs, but also to voter challenges like those sought here. For example, a North Carolina federal court recently reviewed voter challenges across four counties and found that, where a county's removal of voters "lack[s] individualized inquiry," rests on "generic evidence" such as mass mailings, and occurs within 90 days of a federal election, it violates Section 8(c) of the NVRA. *N.C. State Conf. of NAACP v. Bipartisan Bd. of Elections & Ethics Enf't*, 1:16CV1274, 2018 WL 3748172, at *6-*7 (M.D.N.C. Aug. 7, 2018).

A Georgia court has already reached an identical conclusion. *See Schmitz* (denying as not required by Georgia law and prohibited by the NVRA a request for immediate hearings on mass registration and voter challenges brought on the basis of alleged change-of-residency data). So have other federal courts. *See Mont. Democratic Party v. Eaton*, 581 F. Supp. 2d 1077, 1082 (D. Mont. 2008) ("Because the federal [NVRA] makes it illegal to deny an elector his or her vote based on a change of address, subject to limited exceptions not implicated here, if Montana county election officials are required, or even allowed, to compel an elector challenged on the basis of change-of-address information to prove anything, there is a violation of federal law."). For this very reason, rather than litigate a challenge case, Hancock County recently entered into a consent decree acknowledging that the NVRA governed its removal of several voters from the voter rolls pursuant to a challenge. *Ga. State Conf. of NAACP v. Hancock Cnty. Bd. of Elections & Registration*, 5:15-CV-00414 (CAR), 2018 WL 1583160, at *1 (M.D. Ga. Mar. 30, 2018) (granting joint consent decree requiring Hancock County to follow NVRA procedures for residency-based voter removal and establishing five-year monitoring).

Because Athens-Clarke County is prohibited by the NVRA from preventing the Targeted Voters from voting, Mr. Rhoden's efforts amount to a flagrant attempt at voter intimidation that is itself precluded by federal law. *See* 18 U.S.C. § 594 (criminalizing acts intended to intimidate voters and dissuade them from voting in a federal election); 52 U.S.C. § 20511(1) (criminalizing acts intended to intimidate any person for attempting to register to vote in a federal election); 52 U.S.C. § 10307(b) (prohibiting any person from intimidating voters in participating in election, whether or not such intimidation was intended). Athens-Clarke County elections officials must not be complicit in this effort.

I respectfully request that you reject the challenge to 16,024 registered voters on the basis of alleged change-of-residency and permit these voters to cast a regular ballot in the upcoming run-

off elections. To avoid costly and unnecessary litigation, I ask that you take this action immediately.

Very truly yours,

Subject: Decision

Good morning,

The Georgia Supreme Court has issued an opinion. It will be accessible at 8am this morning. I am on that site hitting refresh and as soon as it loads I will provide it to you all.

AMERICAN OVERSIGHT

In the Supreme Court of Georgia

Decided: October 19, 2020

S21A0030. RHODEN et al. v. ATHENS-CLARKE COUNTY BOARD OF ELECTIONS et al.

BETHEL, Justice.

Jerry NeSmith earned the support of a sufficient number of his community members to be elected as their district's commissioner for the Athens-Clarke County Unified Government. Sadly, NeSmith died just three days before Election Day. In addition to the personal loss of his family and friends, NeSmith's death before Election Day ultimately resulted in an electoral loss for his supporters, a number of whom joined to bring suit in superior court challenging the results of the election.

Because the applicable Georgia statutes dictate that votes cast on paper ballots for a candidate who has died before Election Day are void, none of the votes cast for NeSmith had legal effect.

AMERICAN OVERSIGHT

Accordingly, for reasons more fully explained below, we determine that the Athens-Clarke County Board of Elections properly applied OCGA §§ 21-2-437 (d) and 21-2-438 (a) when it voided the votes cast for NeSmith and declared Jesse Houle the commissioner-elect for Athens-Clarke County Commission District 6. Moreover, we also hold that the Board's application of those statutes in this case did not violate any rights of the appellants under the First or Fourteenth Amendments to the United States Constitution or the equal protection clause of the Georgia Constitution. Accordingly, we affirm the order of the superior court dismissing the appellants' election challenge.

1. *Factual background and procedural history*

Jerry NeSmith and Jesse Houle qualified as candidates for the non-partisan election for Athens-Clarke County Commission District 6, which was held on June 9, 2020. NeSmith died on the evening of June 6. The election proceeded, and 3,271 ballots were cast in the race for the District 6 seat. Of those ballots, 1,866 were marked for NeSmith, and 1,405 were marked for Houle. The Athens-

AMERICAN OVERSIGHT

Clarke County Board of Elections ruled that, pursuant to OCGA §§ 21-2-437 (d) and 21-2-438 (a) and this Court's decision in *Jones v. Norris*, 262 Ga. 468 (421 SE2d 706) (1992), all votes cast for NeSmith were void because he was deceased. On June 19, 2020, the Board certified the results of the election and declared Houle the winner of the District 6 election.

The appellants—Gordon Rhoden, Farol NeSmith, Rock Dunn, Jim Scanlon, and Judith Scanlon—are all registered voters who reside in District 6. On June 23, 2020, they filed a petition pursuant to OCGA § 21-2-521 et seq., challenging the results of the election on several grounds. The Board and Houle answered on July 10, 2020, and the superior court held a hearing on July 23, 2020.

At that hearing, the appellants called Charlotte Sosebee, the Director of Elections for Athens-Clarke County, to testify. On direct examination, she testified that ballots cast in person were cast "electronically" utilizing a "ballot marking device" and that provisional and absentee ballots were cast through the use of paper ballots.

AMERICAN OVERSIGHT

On cross-examination, Director Sosebee elaborated that, under the voting system in place for the June 9 election, when a voter came to a polling location to vote in person, the voter was issued an electronic access card that was programmed with the offices and candidates for which that voter was qualified to vote based on the voter's address. After receiving the ballot access card, the voter inserted the card into an electronic ballot marking device. The device's screen then displayed the information from the access card showing the offices and candidates for which the voter was eligible to cast a vote. The voter then made selections for any or all of the displayed elections through use of the electronic ballot marking device and was then able to view all selections on a final summary screen. Once the voter's choices were confirmed on the screen, the voter's ballot was printed onto a paper form showing the selections made by the voter, and the voter had an additional opportunity to view and confirm or modify the selections for each office. The paper ballot was then inserted into an electronic tabulating device that scanned the paper ballot, counted the votes cast for each candidate,

AMERICAN OVERSIGHT

and recorded the votes in a central database. The paper ballot remained inside the device until collected by a poll manager who then sealed the paper ballots. The paper ballots were then to remain sealed until opened by the Board of Elections if the need arose, such as the need to conduct a recount. Director Sosebee testified that, even though an electronic ballot marking device and an optical scanner were utilized in the election, the ballots cast in this process were "paper ballots."

On July 27, 2020, the superior court entered an order denying the appellants' requested relief and dismissing their petition. In that order, the superior court found that the election had been conducted with paper ballots with the assistance of an optical scanning voting system and electronic ballot marking devices, noting that these were simply "alternate systems for marking or employing paper ballots." The superior court thus determined that, under *Jones*, OCGA §§ 21-2-437 (d) and 21-2-438 (a) applied to this election and that the Board was correct in its assessment that the votes cast for NeSmith were void due to his death. The superior court also rejected a number of

AMERICAN OVERSIGHT

constitutional arguments raised by the appellants, including that their rights to vote, to have their votes counted, to equal protection, and to freedom of association had been violated by the Board's decision. The superior court also rejected the appellants' argument that the Board's decision was arbitrary and capricious in violation of their rights to due process.

The following day, the appellants filed a notice of appeal directed to this Court. The parties submitted briefs on an expedited basis, as ordered by this Court. We now consider, in turn, each of the claims raised by the appellants.

2. *Application of OCGA §§ 21-2-437 (d) and 21-2-438 (a) to votes cast for NeSmith*

Ordinarily, the candidate who receives the most votes in an election wins or at least advances to a runoff against the person receiving the second highest number of votes. See OCGA § 21-2-501

AMERICAN OVERSIGHT

(a) (1).[1] However, the relevant portions of OCGA §§ 21-2-437 (d)[2] and

---

[1] That Code section provides, in relevant part, that

Except as otherwise provided in this Code section, no candidate shall be nominated for public office in any primary or special primary or elected to public office in any election or special election unless such candidate shall have received a majority of the votes cast to fill such nomination or public office. In instances where no candidate receives a majority of the votes cast, a run-off primary, special primary runoff, run-off election, or special election runoff between the candidates receiving the two highest numbers of votes shall be held.

[2] OCGA § 21-2-437 (d) provides that

Any ballot marked so as to identify the voter shall be void and not counted, except a ballot cast by a challenged elector whose name appears on the electors list; such challenged vote shall be counted as prima facie valid but may be voided in the event of an election contest. Any ballot marked by anything but pen or pencil shall be void and not counted. Any erasure, mutilation, or defect in the vote for any candidate shall render void the vote for such candidate but shall not invalidate the votes cast on the remainder of the ballot, if otherwise properly marked. If an elector shall mark his or her ballot for more persons for any nomination or office than there are candidates to be voted for such nomination or office, or if, for any reason, it may be impossible to determine his or her choice for any nomination or office, his or her ballot shall not be counted for such nomination or office; but the ballot shall be counted for all nominations or offices for which it is properly marked. Unmarked ballots or ballots improperly or defectively marked so that the whole ballot is void shall be set aside and shall be preserved with other ballots. In primaries, votes cast for candidates who have died, withdrawn, or been disqualified shall be void and shall not be counted. In elections, votes for candidates who have died or been disqualified shall be void and shall not be counted.

AMERICAN OVERSIGHT

21-2-438 (a)[3] provide that "[i]n elections, votes for candidates who have died or been disqualified shall be void and shall not be counted." The Board of Elections applied this straightforward rule in this case to void all of the ballots marked for NeSmith who, due to his death, was no longer eligible to serve in the office for which this election was held. Thus, even though more ballots were marked for NeSmith than for Houle, all votes cast for NeSmith were void.

---

[3] OCGA § 21-2-438 (a) provides that

> Any ballot marked so as to identify the voter shall be void and not counted, except a ballot cast by a challenged elector whose name appears on the electors list; such challenged vote shall be counted as prima facie valid but may be voided in the event of an election contest. Any ballot marked by anything but pen or pencil shall be void and not counted. Any erasure, mutilation, or defect in the vote for any candidate shall render void the vote for such candidate but shall not invalidate the votes cast on the remainder of the ballot, if otherwise properly marked. If an elector shall mark his or her ballot for more persons for any nomination or office than there are candidates to be voted for such nomination or office, or if, for any reason, it may be impossible to determine his or her choice for any nomination or office, his or her ballot shall not be counted for such nomination or office; but the ballot shall be counted for all nominations or offices for which it is properly marked. Ballots not marked or improperly or defectively marked so that the whole ballot is void, shall be set aside and shall be preserved with the other ballots. In primaries, votes cast for candidates who have died, withdrawn, or been disqualified shall be void and shall not be counted. In elections, votes for candidates who have died or been disqualified shall be void and shall not be counted.

AMERICAN OVERSIGHT

Houle was then declared the winner of the election because all valid votes cast in the District 6 election were cast for him.

The appellants argue that the rule embodied in OCGA §§ 21-2-437 (d) and 21-2-438 (a) applies only in elections conducted with paper ballots and that, because the Board utilized electronic ballot markers and an optical scanning voting system to administer the election for District 6, that election was not conducted with paper ballots. They further argue that, for elections conducted with electronic ballot markers and an optical scanning voting system, the election code is silent as to how election boards should treat votes cast for a candidate who has died. They argue that the superior court erred by not overturning the decision of the Board and applying the common law to order that a new election for District 6 be held, citing *Thompson v. Stone*, 205 Ga. 243, 247 (53 SE2d 458) (1949) ("Unless the votes for an ineligible person are expressly declared [by statute] to be void, the effect of such person receiving a majority of the votes cast is . . . that a new election must be held, and is not to give the office to the qualified person having the next highest number of

AMERICAN OVERSIGHT

votes."). We disagree.

Here, Director Sosebee testified that voters utilized electronic ballot marking devices to make their selections for each office. Upon confirmation of the voter's selections on the marking device, the voter's ballot was then printed onto a paper form which, after the voter had another opportunity to confirm or modify his or her selections, was fed into an electronic tabulating device that optically scanned the paper, counted the votes cast for each office, and recorded the votes in a central database. Director Sosebee testified that, even though an electronic marking device and an optical scanner were utilized in the election, all of the ballots cast through this process were "paper ballots."

The superior court's conclusion that the election was conducted with paper ballots was therefore supported by the evidence before it. Although various technologies were used to mark and count ballots in this election, each of the technologies implemented by the Board simply assisted voters in making their selections on paper and aided the Board in receiving, organizing, and tracking votes cast by paper

AMERICAN OVERSIGHT

ballot in a clear and uniform manner.

Our decision in *Jones* contemplates that multiple technologies for marking and counting paper ballots can be used in a given election and that the election should still be deemed to have been conducted via paper ballots. See 262 Ga. at 468. In *Jones*, this Court held that there was no distinction between a paper ballot marked by a pencil and a cardboard ballot marked by a punch. See id. We thus determined that OCGA § 21-2-438 (a), which we noted "govern[s] the conduct of elections using paper ballots," applied to void ballots cast for a candidate who had withdrawn from the election. Id.

The appellants make much of the fact that we acknowledged in *Jones* that there were no statutes governing the use of the "vote recorder" ballots that had been used in the election at issue in that case. They further note that Georgia's election code now contains a number of provisions governing the use of electronic ballot markers and optical scanning voting equipment, none of which say anything about how an elections board is to handle votes cast for a candidate who died.

AMERICAN OVERSIGHT

But it is clear from the record and our review of the relevant statutes that this election was conducted with paper ballots. As the trial court rightly noted, optical scanning voting systems and electronic ballot markers are technologies that assist elections boards in conducting elections via paper ballots. In that regard, they are simply an adjunct to an election conducted with paper ballots—not a substitute for paper ballots.[4] Accordingly, under *Jones*, the provisions governing the use of paper ballots, including OCGA §§ 21-2-437 (d) and 21-2-438 (a), applied to this election. Under those

---

[4] OCGA § 21-2-2 (19.1) defines "optical scanning voting system" as "a system employing paper ballots on which electors cast votes with a ballot marking device or electronic ballot marker after which votes are counted by ballot scanners." OCGA § 21-2-2 (2) defines a "ballot marking device" as a "pen pencil, or similar writing tool, or an electronic device designed for use in marking paper ballots in a manner that is detected as a vote so cast then counted by ballot scanners." An "electronic ballot marker" is "an electronic device that does not compute or retain votes; may integrate components such as a ballot scanner, printer, touch screen monitor, audio output, and a navigational keypad; and uses electronic technology to independently and privately mark a paper ballot at the direction of an elector, interpret ballot selections, communicate such interpretation for elector verification, and print an elector verifiable paper ballot." A "ballot scanner" is "an electronic recording device which receives an elector's ballot and tabulates the votes on the ballot by its own devices[.]" OCGA § 21-2-2 (2.1). These and other statutory provisions governing the use of these technologies thus clearly contemplate that an optical scanning voting system, including one that utilizes electronic ballot markers, is used with paper ballots.

AMERICAN OVERSIGHT

provisions, the Board of Elections discharged its statutory duty to void all ballots cast for NeSmith, leaving Houle the winner.

3. *Claims under the United States Constitution*

The appellants assert that the Board's application of OCGA §§ 21-2-437 (d) and 21-2-438 (a) to void the votes cast for NeSmith violated a number of their rights under the United States Constitution. They argue that the Board's application of the statutes violates their rights to vote, as recognized under the First and Fourteenth Amendment, and their rights under the equal protection and due process clauses of the Fourteenth Amendment. We address each claim in turn.

(a) The appellants challenge the Board's application of OCGA §§ 21-2-437 (d) and 21-2-438 (a) on the basis that an election rule voiding ballots marked for a candidate who has died prior to the election places a severe burden on the right to vote under the First and Fourteenth Amendments. We evaluate the constitutionality of the Board's application of these statutes by applying the *Anderson-Burdick* test. See *Anderson v. Celebrezze*, 460 U. S. 780 (103 SCt

AMERICAN OVERSIGHT

1564, 75 LE2d 547) (1983); *Burdick v. Takushi*, 504 U. S. 428 (112 SCt 2059, 119 LE2d 245) (1992). In considering whether the application of a voting regulation violates the First and Fourteenth Amendments, a reviewing court

> must first consider the character and magnitude of the asserted injury to the rights protected by the First and Fourteenth Amendments that the plaintiff seeks to vindicate. It then must identify and evaluate the precise interests put forward by the State as justifications for the burden imposed by its rule. In passing judgment, the Court must not only determine the legitimacy and strength of each of those interests; it also must consider the extent to which those interests make it necessary to burden the plaintiff's rights. Only after weighing all these factors is the reviewing court in a position to decide whether the challenged provision is unconstitutional.

(Citations omitted.) *Anderson*, 460 U. S. at 789 (I); see also *Burdick*, 504 U. S. at 434.

Under this framework, a law that severely burdens the right to vote must be narrowly drawn to serve a compelling state interest. See *Burdick*, 504 U. S. at 434. And even when a law imposes only a slight burden on the right to vote, relevant and legitimate interests of sufficient weight still must justify that burden. See *Common*

AMERICAN OVERSIGHT

Cause/Ga. v. Billups, 554 F3d 1340, 1352 (11th Cir. 2009). The more a challenged law burdens the right to vote, the stricter the scrutiny to which reviewing courts subject that law. See *Stein v. Ala. Sec. of State*, 774 F3d 689, 694 (11th Cir. 2014).

(i) *Burden on right to vote*

The appellants argue that the Board's application of OCGA §§ 21-2-437 (d) and 21-2-438 (a) places a severe burden on their voting rights and that the Board's action was not narrowly drawn to advance a state interest of compelling importance. We reject these contentions.

As the Supreme Court recognized in *Anderson*, while voters' rights under the First and Fourteenth Amendment are fundamental,

> not all restrictions imposed by the States on candidates' eligibility for the ballot impose constitutionally-suspect burdens on voters' rights to associate or to choose among candidates. . . . [A]s a practical matter, there must be a substantial regulation of elections if they are to be fair and honest and if some sort of order, rather than chaos, is to accompany the democratic processes.

(Citation omitted.) *Anderson*, 460 U. S. at 788 (I). Noting that

AMERICAN OVERSIGHT

GA-ATHENSCLARKE-20-2988-A-000496

virtually any regulation of the electoral process will have some impact on an individual's right to vote, the Supreme Court noted that "the state's important regulatory interests are generally sufficient to justify reasonable, nondiscriminatory restrictions." Id. In those circumstances, courts should uphold "reasonable, politically neutral regulations[.]" (Citation omitted.) *Washington State Grange v. Washington State Republican Party*, 552 U. S. 442, 452 (128 SCt 1184, 170 LE2d 151) (2008). Under this framework, "States have a major role to play in structuring and monitoring the election process," *California Democratic Party v. Jones*, 530 U. S. 567, 572 (II) (120 SCt 2402, 147 LE2d 502) (2000), and states are afforded "significant flexibility in implementing their own voting systems." *Doe v. Reed*, 561 U. S. 186, 195 (130 SCt 2811, 177 LE2d 493) (2010).

In *Burdick*, the Supreme Court considered a challenge to a Hawaii election law that made no provision for write-in voting. See 504 U. S. at 430 (I). A voter challenged this law, arguing that he had been prevented from voting for a person who had not filed nominating papers and that, in future elections, he might wish to

AMERICAN OVERSIGHT

vote for persons who did not appear on the ballot. See id. The Supreme Court rejected this challenge, noting the petitioner's "erroneous assumption that a law that imposes any burden on the right to vote must be subject to strict scrutiny." Id. at 432 (II). The Court recognized that States retain the power to regulate their own elections, see *Sugarman v. Dougall*, 413 U. S. 634, 647 (93 SCt 2842, 37 LE2d 853) (1973); *Tashjian v. Republican Party of Connecticut*, 479 U. S. 208, 217 (107 SCt 544, 93 LE2d 514) (1986), and that "[e]lection laws will invariably impose some burden upon individual voters." *Burdick*, 504 U. S. at 433 (II). The Court went on to note that

> [e]ach provision of [an election] code, whether it governs the registration and qualifications of voters, the selection and eligibility of candidates, or the voting process itself, inevitably affects—at least to some degree—the individual's right to vote and his right to associate with others for political ends. Consequently, to subject every voting regulation to strict scrutiny and to require that the regulation be narrowly tailored to advance a compelling state interest . . . would tie the hands of States seeking to assure that elections are operated equitably and efficiently. Accordingly, the mere fact that a State's system creates barriers tending to limit the field of candidates from which voters might choose does not of

AMERICAN OVERSIGHT

itself compel close scrutiny.

(Citations and punctuation omitted.) Id. On this basis, the Supreme Court upheld Hawaii's rule regarding write-in ballots. See id. at 441-442 (III).

Georgia's election laws at issue here, much like those at issue in *Burdick*, limit voters' opportunities to select the candidate of their choice. In *Burdick*, write-in votes for a candidate were not valid under Hawaii law. They could not be cast, could not be accepted by election authorities, and were not counted. See *Burdick*, 504 U. S. at 430. In short, they were void. The Supreme Court determined that rules implementing that system placed only minimal burdens on a voter's right to vote. The Georgia statutes before us have a similar effect.

Just as write-in ballots were void under the Hawaii law at issue in *Burdick*, any ballots marked in a Georgia election for a candidate who has died are void under OCGA §§ 21-2-437 (d) and 21-2-438 (a). Such votes do not count, and our laws treat them as though they were never cast at all. To the extent this rule burdens an individual's

AMERICAN OVERSIGHT

right to vote, the burden may even be more limited than the statutes at issue in *Burdick* because, in this case, the fact of the candidate's death as well as the application of the statutes have deprived the voters of their opportunity to have that candidate serve in office. Moreover, each voter who voted for NeSmith had the opportunity to vote for an eligible candidate—in this case, Houle. Thus, to the extent there is a burden on the appellants' right to vote occasioned by the application of OCGA §§ 21-2-437 (d) and 21-2-438 (a) to void votes cast for a candidate who has died, any such burden is, at most "a very limited one." *Burdick*, 504 U. S. at 437 (2).

(ii) *State's interest in voiding votes cast for NeSmith*

We turn next to the state's interests as asserted by the Board and Houle to justify the policy of voiding votes cast for a candidate who has died. Because we have already concluded that the burden occasioned by this rule is slight, the Board need not establish a compelling interest to tip the constitutional scales in its direction. See *Burdick*, 504 U. S. at 439 (II) (B). Instead, it need only put forth a reasonable, non-discriminatory justification for the rule. Such

AMERICAN OVERSIGHT

justification must be "sufficiently weighty to justify the limitation," even though the burden on the right to vote occasioned by this rule is slight. (Citation omitted.) *Crawford v. Marion County Election Bd.*, 553 U. S. 181, 190 (128 SCt 1610, 170 LE2d 574) (2008).

Both Houle and the Board posit that OCGA §§ 21-2-437 (d) and 21-2-438 (a) simply allow for the efficient selection of elected representatives. Houle further asserts that Georgia has an interest in seeing that an election produces a winner so that voters are ensured that newly elected officials take office when their terms are set to begin. We agree that these are important regulatory interests and that the policy embodied by OCGA §§ 21-2-437 (d) and 21-2-438 (a) is a reasonable and non-discriminatory exercise of the state's power to regulate elections in furtherance of these goals. See *Burdick*, 504 U. S. at 433 (II) (noting state's interest in "seeking to assure that elections are operated equitably and efficiently"); *Anderson*, 460 U. S. at 788. Further, these interests—which are critical to the operation of elections—outweigh the minimal burden placed on the right to vote for a specific candidate who would not be

AMERICAN OVERSIGHT

able to serve in office.

The appellants' preferred remedy—ordering a new election for District 6 due to the death of the person for whom the most votes were cast—is one of several options that the General Assembly could have selected in determining how to resolve this unfortunate and, thankfully, rare scenario. But the General Assembly chose instead to declare that any ballots marked for a candidate who has died are void, just as ballots marked for a person who has been disqualified from the ballot are void under the same statutes. See OCGA §§ 21-2-437 (d); 21-2-438 (a). That policy did not target the appellants or other voters on the basis of any political affiliation or viewpoint, membership in a protected class, or other impermissible basis. The statutes operated against the appellants only because they voted for a person who died and who could not assume the office for which he had previously qualified to run. The same fate could unfortunately befall any candidate for elected office in Georgia, and his or her supporters might find themselves in the same disappointed position the appellants find themselves here. But the application of a policy

AMERICAN OVERSIGHT

voiding votes cast for a dead candidate does not violate the right to vote under the First Amendment and the Fourteenth Amendment any more than it would violate the rights of an individual who wanted to vote for someone otherwise disqualified from appearing on the ballot or assuming office. See *Burdick*, 504 U. S. at 440 n.10 ("It seems to us that limiting the choice of candidates to those who have complied with state election law requirements is the prototypical example of a regulation that, while it affects the right to vote, is eminently reasonable."); *Cox v. Barber*, 275 Ga. 415, 417-418 (2) (568 SE2d 478) (2002) (per curiam) (upholding durational residency requirement for candidates for Public Service Commission under *Anderson-Burdick* test).

To the contrary, the broad application of this rule to any similar situation (without regard to the identity or affiliation of any candidate or voter) illustrates that OCGA §§ 21-2-437 (d) and 21-2-438 (a) provide a reasonable, neutral, and non-discriminatory solution to a confounding electoral problem. See *Crawford*, 553 U. S. at 202-203 ("When we consider the statute's broad application to all

AMERICAN OVERSIGHT

. . . voters, we conclude that it imposes only a limited burden on voters' rights." (citation and punctuation omitted)). Rather than requiring that elections boards incur the expense of a new election—potentially delaying the ability of the ultimate winner to take office when his or her term would otherwise have begun—the state's policy simply discards any votes cast for a candidate who has died, just as it does for any candidate who has been disqualified. If that candidate receives the most votes, the next highest vote-getter either wins the election or moves to a runoff if he or she did not achieve a majority of valid votes cast. See OCGA § 21-2-501 (a) (1). In light of the minimal burden this rule places on the right to vote, the state's interest in finality and in administering a fair and efficient election justify this rule and the Board's application of it in this case. Thus, the Board's application of OCGA §§ 21-2-437 (d) and 21-2-438 (a) did not violate the appellants' rights to vote under the First and Fourteenth Amendments.

(b) The appellants also argue that the Board's decision to invalidate votes cast for NeSmith valued their votes less than votes

AMERICAN OVERSIGHT

cast for Houle and that this action constituted unconstitutional "later arbitrary and disparate treatment" as articulated in *Bush v. Gore*, 531 U. S. 98, 104-105 (121 SCt 525, 148 LE2d 388) (2000). But, as is well known, *Bush v. Gore* addressed recount procedures that were ordered by the Florida Supreme Court after the disputed 2000 presidential election. The United States Supreme Court held that court-ordered procedures for conducting a manual recount of certain ballots cast in various counties in Florida were not specific enough such that they could be implemented in order to make a standards-based decision regarding the intent of the voter who had cast each disputed ballot. See id. at 105-111.

In contrast, OCGA §§ 21-2-437 (d) and 21-2-438 (a) provide for a simple, objective judgment to be made by the Board: if a candidate has died, any votes cast for him or her are void. The Board need not engage in the fraught determination as to how a "dimpled," "hanging," or "pregnant" chad on a paper ballot evinces the voter's intent to select a particular candidate, as election boards in Florida were attempting to do in 2000. See *Favorito*, 285 Ga. at 797 (1) (a).

AMERICAN OVERSIGHT

Moreover, to the extent *Bush v. Gore* took issue with the fact that the recount procedures at issue had been developed only after the election, see 531 U. S. at 104-105, that concern is not present here. OCGA §§ 21-2-437 (d) and 21-2-438 (a) were enacted well before the June 9, 2020, election for District 6 county commissioner. Upon learning of NeSmith's death, the Board was not attempting to fashion an ad hoc solution to a new problem not contemplated by state law. Instead, the Board applied clear and longstanding Georgia election statutes. Consequently, the appellants have no claim that votes cast for NeSmith were void as the result of "*later* arbitrary or disparate treatment," as nothing about the requirements of OCGA §§ 21-2-437 (d) and 21-2-438 (a) has been shown to lack "specific standards to ensure [their] equal application." *Bush*, 531 U. S. at 104-106.

(c) Appellants also make a number of more generalized arguments that the application of OCGA §§ 21-2-437 (d) and 21-2-438 (a) violates their rights under the Fourteenth Amendment. But because the decisions cited by the appellants have no bearing on the

AMERICAN OVERSIGHT

issues before us in this case, we reject these claims.

Citing the United States Supreme Court's decisions in *Wesberry v. Sanders*, 376 U. S. 1, 17 (II) (84 SCt 526, 11 LE2d 481) (1964); *Gray v. Sanders*, 372 U. S. 368, 380 (III) (83 SCt 801, 9 LE2d 821) (1963); and *United States v. Mosley*, 238 U. S. 383, 386 (35 SCt 904, 59 LE 1355) (1915), the appellants argue that the Board's application of OCGA §§ 21-2-437 (d) and 21-2-438 (a) in this case violate what they characterize as their "fundamental right to have their votes counted." The appellants also argue that the Board's application of OCGA §§ 21-2-437 (d) and 21-2-438 (a) denied them an equal vote in the District 6 election and unfairly weighted the votes of those who voted for Houle, again citing *Gray* and the United States Supreme Court's decisions in *City of Phoenix v. Kolodziejski*, 399 U. S. 204, 209 (90 SCt 1990, 26 LE2d 523) (1994), and *Hadley v. Junior College Dist. of Metropolitan Kansas City*, 397 U. S. 50, 56 (90 SCt 791, 25 LE2d 45) (1970).

But none of those decisions concerned issues similar to those before us in this case. *Wesberry* dealt with malapportionment of

AMERICAN OVERSIGHT

congressional districts and the "one person, one vote" principle. See 376 U. S. at 7-8 (II) (declaring Georgia's 1931 apportionment of congressional districts to be unconstitutional and holding that Article I, Section II of the United States Constitution requires "as nearly as is practicable one man's vote in a congressional election . . . to be worth as much as another's."). *Hadley* likewise involved malapportionment of voting districts—specifically, districts for trustees of a junior college board. See 397 U. S. at 51. The Supreme Court held in that case that the formula for establishing the districts resulted in systematic discrimination against voters in more populous districts by diluting their voting power relative to the voting power of those residing in smaller districts in violation of the equal protection clause. See id. at 52. Similarly, *Gray* declared unconstitutional Georgia's former county unit system, which allocated to each county a specified number of members in the Georgia House of Representatives. See 372 U. S. at 381 (3). The Supreme Court declared that this system, which gave every qualified voter in the statewide election one vote, but which, among

AMERICAN OVERSIGHT

other outcomes, resulted in rural votes being weighted more heavily than urban votes, violated the equal protection and due process clauses of the Fourteenth Amendment and the Seventeenth Amendment. See *Gray*, 372 U. S. at 370-371 (1), 377-381 (3). Because the appellants have not alleged any type of dilution of their votes like that the Supreme Court ruled unconstitutional in these decisions, their claims under those decisions fail.

The appellants' reliance on *Mosley* is also misplaced. *Mosley* was a criminal case involving a conspiracy to omit election returns from certain voting precincts. In upholding the constitutionality of the criminal statute, the Supreme Court simply noted that "the right to have one's vote counted is as open to protection by Congress as the right to put a ballot in a box." *Mosley*, 238 U. S. at 386. But that case involved deliberate criminal efforts to ensure that certain ballots that had been validly cast were not counted. That is not the case before us.

Likewise, the *Phoenix* case provides no relief to the appellants. That case involved a challenge to a state law providing that only

AMERICAN OVERSIGHT

GA-ATHENSCLARKE-20-2988-A-000509

owners of real property had the right to vote in an election to approve certain bonds to be issued by the city. See 399 U. S. at 212-213 (I). That law was challenged by a city resident who was otherwise qualified to vote in the election but who did not own real property in the city. See id. at 206-207. The Supreme Court held that the statute restricting voting to property owners violated the equal protection clause of the Fourteenth Amendment. See id. at 213 (II). The appellants have not made any comparable allegation in this case.

In sum, while the cases cited by the appellants stand for important constitutional principles guaranteeing the right to vote on a fair and equitable basis, we see nothing in those decisions touching on the issues presented in this case. Although "the right to vote is fundamental, forming the bedrock of our democracy[,] it is also clear that states are entitled to broad leeway in enacting reasonable, even-handed legislation to ensure that elections are carried out in a fair and orderly manner." (Citations and punctuation omitted.) *Favorito*, 285 Ga. at 796 (1) (a). While courts

AMERICAN OVERSIGHT

GA-ATHENSCLARKE-20-2988-A-000510

have recognized the fundamental nature of the right to vote, including the right to vote in legislative districts roughly equal in size and to have an elector's vote counted on equal terms with those cast by other electors, the appellants have presented no cases to this Court demonstrating that state statutes that void votes cast for a candidate who has died violate these rights, as they have been articulated by the United States Supreme Court.

4. *Claim under the Georgia Constitution*

In addition to their claims under the United States Constitution, the appellants argue that the Board's invalidation of their votes violates Georgia's equal protection clause set forth in Article I, Section I, Paragraph II of the Georgia Constitution of 1983, which provides that "[n]o person shall be denied the equal protection of the laws." But as we have previously held, Georgia's equal protection clause "is generally co-extensive with and substantially equivalent to" the equal protection clause of the Fourteenth Amendment, and "we apply them as one." *Democratic Party of Ga., Inc. v. Perdue*, 288 Ga. 720, 728 (2) (707 SE2d 67) (2011). The

AMERICAN OVERSIGHT

appellants have made no argument for a different application of the Georgia constitutional provision under the circumstances of this case. Thus, just as the appellants' claims under the equal protection clause of the Fourteenth Amendment fail, so too do their claims under the equal protection clause of the Georgia Constitution.

5. *Conclusion*

In sum, the superior court did not err by determining that the appellants' challenge to the action of the Board of Elections was without merit. The Board properly applied OCGA §§ 21-2-437 (d) and 21-2-438 (a) to determine that all votes cast for NeSmith were void. The application of those statutes by the Board in this case violated no rights of the appellants recognized under the First or Fourteenth Amendments to the United States Constitution or Article I, Section I, Paragraph II of the Georgia Constitution. We thus affirm the judgment of the superior court.

Judgment affirmed. All the Justices concur, except Warren, J., not participating.

To whom it may concern:

I have discovered two minor errors in the challenge letter sent to the Board on December 16, 2020. The letter mis-states the number of individuals that are listed on the attached spreadsheet. The number in the letter should be 2,948 as is shown on the spreadsheet. The attached signed letter confirms the changes. Also, the letter incorrectly refers to "Cobb County" in one place. Neither of these errors changes the purpose of the letter which is to challenge the eligibility of those individuals listed on the spreadsheet.

Respectfully,

Gordon Rhoden

Thank you for this update, Dr. Carter, and also for your thoughtful questions.

I hope that Mr. Drake's reply to your update was helpful for understanding how we will proceed when it comes to adjudication of non-partisan contests. The Board will take up this matter at our Special Meeting on 11/3/2020. That meeting will take place at 4:30pm.

Mr. Evans and Mr. Drake,

Thank you for your responses and clarifications. Both are helpful for me and invaluable for clarifying our process, especially given the unprecedented circumstances.

I look forward still to a more detailed written explanation for the County's interpretation of OCGA 21-2-483 (g)(2)(A) as establishing a partisan and non-partisan panels. I believe it is important for this to be a part of the public record. If the panel is not reviewing ballots tomorrow at 4:30p, I will try to attend the special called session.

Director Sosebee,

Please ensure that at each convening of our Vote Review Panel we only have 5 people acting as the VRP:

1 representing the ACC BoE (Dr. Joseph Carter)
1 appointee from the Clarke County Democratic Party
1 appointee from the Clarke County Republican Party
2 appointees from the local judge

I'm curious about how payment for yesterday's VRP session will be allocated, given that there should have been only 2 court appointed members participating instead of the 4 that were there.

Finally, would you please clarify the arrangement that you've made regarding duplication of absentee ballots during this election?

Thank you so much for all that you're doing to ensure that our elections in Clarke County are successfully executed with integrity, transparency, efficiency, and in accordance with state and local policies.

Sincerely and Respectfully,

Jesse Evans, Chair
ACC Board of Elections

AMERICAN OVERSIGHT

(Democratic), myself (BOE), Abraham Mosley (court appointee), Spencer Tolley (court), Daniella Wieczorek (court), Bob Pearlman (court), and Didi David (court).

- Currently there are over 13,000 absentee ballots ready for scanning and tabulation. 2000 remain to be opened and sorted into appropriate precincts in addition to absentee ballots we will receive through Election Day.
- Today, ***3400 ballots were scanned and tabulated***, which is 23% of those ready for tabulation**.** Out of these, ***52 required adjudication*****,** which is only 1.5% of the total processed today.
- Since the pixelation threshold is currently set to 8-10%, only 2 adjudicated ballots showed uncounted races. This was due to voters using checkmarks which were not entirely within a bubble.
- Duplication was performed by Elections staff; Mr. Tolley, however, mentioned to me that during the 2020 primary adjudication, during which he was present, VRP assisted with the duplication process.

Point of order: According to Ms. Sosebee, only five members perform the adjudication. Since the panel consisted of eight members, five of which were court appointees, Ms. Sosebee directed the court appointed members to designate two of them to participate in the adjudication. When all eight panelists were invited to ***view* the adjudication process, all court appointed members ***participated*** in actual adjudication instead of only a designated two. This means that more than five panelists performed the adjudication. I have concerns about this since not all five court appointees will be present through Election Day. Do election rules allow for more than five panelists for adjudication? Might there be an issue of consistency if not all five court appointees will remain on the panel through Election Day? I would like some clarification on this and proper adjustments in the future, if needed. My suggestion is that in the future, only five panelists perform the actual adjudication, as originally directed by Ms. Sosebee.

Thank you for your time,
Dr. Carter

From: Richard and Paula Zimdars
[redacted] - 30605 - 7[redacted]

The challenge to attempt to disenfranchise 16,024 A/C voters should have been brought in a timely fashion well before the November 2020 election. Submitting a challenge 18 days before an election during a pandemic at the height of the holiday season?? Such an action will not bear legal scrutiny.

Unfortunately, the challenge emanates from a family that has already brought national disgrace to Athens/Clarke County. The bigotry of Joan Rhoden is permanently on display at this link. Please post it the A/C Democratic and Republican party websites:
https://www.projectq.us/athens-gop-leader-goes-on-anti-gay-rant-on-pulse-anniversary/

Please reject this challenge now. If it can be followed up with legal action against Mr. Rhoden, do so. The A/C Repub Party should consider asking Mr. and Mrs. Rhoden to step down. Insulting every board of election member and volunteer poll worker and intentionally contributing to the myth of election fraud in Georgia! Is that the Rhoden's idea of a Christmas gift to their fellow Athenians?

Dear Board of Elections members,

Here is my Vote Review Panel daily update #2 (10.29.20):

Panel members present: John Marsh (GOP), Mark Duncan (Dems), and myself (BOE)**

On the advice of ACC Attorney Judd Drake and Assistant Manager Deborah Lonon, Director Sosebee dismissed all court appointed, non-partisan panelists for the remainder of the adjudication schedule. The reasoning was that because the current ballot constituted a ***partisan election*, VRP should be composed of only ***the current two party appointees and the BOE representative.*** This appears to be the County's interpretation of OCGA 21-2-483. Director Sosebee also said that she will be notifying Judge Norris on the panel alteration. ***As a matter of transparency, I request to have more information from Mr. Drake and Ms. Lonon on the reasoning for this change.*** Mr. Marsh, Mr. Duncan, one of the non-partisan appointees Bob Pearlman, and myself were unclear on what constitutes a 'partisan election' in the instance where there are non-partisan races and items on the current ballot. Both party representatives verbally expressed preference to me for having at least two non-partisan appointees, as it has been the practice in the past. This being the case, I request additional clarification on the following: what are the criteria for determining a partisan ballot? What is the minimum number of panelist required by law? OCGA 21-2-438 appears ambiguous to me. ***I would also like to see any and all communication between Director Sosebee, Attorney Drake, Asst. Manager Lonon, and Judge Norris on this issue.***

- On Thursday 10.29.20, ***3841 ballots were scanned and tabulated***, bringing the ***total tabulated ballots to 7241***, which is 56% of the 13,000 ballots ready for tabulation. Of the 3841 tabulated ballots, ***136 required adjudicated***, which is 4% of the daily total for 10.29.20. This is a slight uptick of 2.5% from Wednesday's adjudications.
- VRP adjudicated one overvote which appeared during a duplication.
- VRP readjudicated the 52 problematic ballots where were first adjudicated on Wednesday 10.29.20. This was at the direction of Director Sosebee. Since the VRP was reduced to three panelists for the remainder of the adjudication process, Director Sosebee believed it was important to have all adjudications conducted by the same number and persons on the panel in order to preserve consistency. I support this.
- Due to power outages caused by stormy weather from the previous night, scanning and tabulation was slightly delayed. The power outage disrupted the video feed from the tabulation office to the public viewing room. IT was called to assess and fix the issue. VRP was moved to the tabulation room. However, this did not interfere with public viewing capacities since any visitor could still view tabulation and adjudication directly from outside the tabulation office. Some scanners had to be reset also because of the outages. Director Sosebee asked Dominion staff to install back-up batteries to the scanners as a precaution for the future.

AMERICAN OVERSIGHT

Lastly, I would like to know the guidance on counting and adjudicating absentee ballots ***postmarked on Election day but received after Election day.***

Thank you for you time,
Joseph

Subject:	[EXT] Vote Review Panel daily update #3 (10.30.20)
Date:	Monday, November 2, 2020 9:04:57 AM

EXTERNAL SENDER: This email originated from outside of the organization.
Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Board of Elections members,

Here is my Vote Review Panel update #2 (10.30.20):

Panel members present: John Marsh (GOP), Mack Duncan (Dems), and myself (BOE)**

CORRECTIONS:
- In previous updates, I have referred to Mr. Duncan incorrectly as "Mark." His first name is "Mack."
- In update #2, I reported 136 adjudications for only Thursday 10.29.30. This is incorrect. The number 136 pertains to the total adjudications as of Thursday 10.29.30. The correct number of adjudications for only Thursday 10.29.30 should be 84, which is 2.2% of the Thursday's tabulations.

Updates:
- On Friday 10.30.20, ***2329 ballots were scanned and tabulated***, bringing the ***total tabulated ballots to 9750***, which is 75% of the 13,000 ballots ready for tabulation. Of the 2329 tabulated ballots, ***38 required adjudication***, which is 1.6% of the daily total for 10.30.20. The overall *running* average for tabulations is 3190; for adjudications, it is 58, which is a daily average of 1.8%. ***Since the total of 13,000 pertains to the ballots ready for tabulation as of Wednesday 10.28.20, but not the total number of received absentee ballots overall, how many additional ballots have been opened, processed, and are now ready for tabulation?***
- Elections staff reported that absentee ballots from precincts falling within ACC Commission District 6 would not be scanned and tabulated on Friday 10.30.20. Staff were awaiting clarification as to the classification of those ballots, since they contain at least one non-partisan race, which is the special election for ACC District 6 Commissioner. Staff were unsure if the court-appointed non-partisan panelists were needed on VRP for any adjudication of these ballots. ***I would like an update on this issue: (1) Have we received clarification on whether ballots from ACC District 6 precincts are partisan or non-partisan? (2) If we have received clarification, when will these ballots be processed? (3) If these ballots are classified non-partisan, will the court-appointed panelists be called back for adjudication? (4) If yes to (3), will the court-appointed panelists participate in the adjudication of (a) only the non-partisan ballots or both partisan and non-partisan ballots and (b) will the court-appointed panelists remain on VRP for the remainder of the adjudication schedule or only for period of time in which they are needed for adjudication of non-partisan ballots?***

Thank you for your time,
Joseph

Subject:	[EXT] Vote Review Panel update #4 (11.2.20)
Date:	Tuesday, November 3, 2020 8:48:00 AM

EXTERNAL SENDER: This email originated from outside of the organization.
Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Board of Elections members,

Here is my Vote Review Panel update #4 (11.2.20):

Panel members present: John Marsh (GOP), Mack Duncan (Dems), and myself (BOE)

- On Monday 11.2.20, ***4,488 ballots were scanned and tabulated***, bringing the ***total tabulated ballots to 14,283***, which is 83% of 17,061 ballots ready for tabulation. **NB. 17,061 is the most recent total;** previous updates reported 13,000. This total will continue to increase as newly received absentee ballots are opened and processed during Election Day.
- Of the 4,488 tabulated ballots, ***154 required adjudication***, which is 3.4% of the daily total for 11.2.20. This is a slight uptick of 1.8% from Friday's adjudications. However, in this case, the uptick does not necessarily indicate an increase in voter errors; it could also be explained by either (1) the slight increase in daily tabulations or (2) infrequent cleaning of optical scanners which results in the scanning software processing dust particles as 'stray marks,' or both (1) and (2).
- The overall running average for tabulations is 3,571; for adjudications, the running average is 82, which is a daily average of 2.3%.
- Since we have received clarification via Mr. Drake on the scope and application of OCGA 21-2-483 (g)(2)(A) with respect to rejected ballots from precincts within ACC Commission District 6***, I would like an estimated schedule when these ballots will be tabulated and reviewed (if needed). S***ince these ballots were ***skipped*** on Friday and given the particular manner in which these ballots might require review from ***both panels***, I suggest that these ballots be prioritized during Election Day so that nonpartisan panelists' personal schedules may be respected as well as to ensure that these ballots are processed in a timely and appropriate manner. Even though staff has and continues to work tirelessly to keep tabulation on a timely schedule, there is always the possibility of unexpected delays and problems. Therefore, it seems reasonable to prioritize these on Election Day.
- If possible, I would still like to know from Mr. Drake and the Board the guidance (if any) on counting and adjudicating absentee ballots ***postmarked or placed in a dropbox on Election Day after 7pm. Will such be opened and processed?***

Thank you for your time,
Joseph

Subject:	[EXT] Voter Review Panel daily update #1 (10.28.20)
Date:	Wednesday, October 28, 2020 7:21:18 PM

EXTERNAL SENDER: This email originated from outside of the organization.
Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Board of Elections members,

This is Dr. Joseph Carter. As the ACCBOE's representative on the 2020 Vote Review Panel (VRP), thank you for entrusting me to carry out the duties of adjudicating absentee ballots on your behalf. It is my pleasure to serve.

As part of my service, I will provide daily reports so that you will be informed about the panel's activities and progress. I believe it is my responsibility to the Board and to the voters in ACC to provide a transparent and accurate picture of the voting process. This will also give me the opportunity to express any concerns or suggestions.

The panel members present were: John Marsh (GOP appointee), Mark Duncan (Democratic), myself (BOE), Abraham Mosley (court appointee), Spencer Tolley (court), Daniella Wieczorek (court), Bob Pearlman (court), and Didi David (court).

- Currently there are over 13,000 absentee ballots ready for scanning and tabulation. 2000 remain to be opened and sorted into appropriate precincts in addition to absentee ballots we will receive through Election Day.
- Today, ***3400 ballots were scanned and tabulated***, which is 23% of those ready for tabulation**.** Out of these, ***52 required adjudication*****,** which is only 1.5% of the total processed today.
- Since the pixelation threshold is currently set to 8-10%, only 2 adjudicated ballots showed uncounted races. This was due to voters using checkmarks which were not entirely within a bubble.
- Duplication was performed by Elections staff; Mr. Tolley, however, mentioned to me that during the 2020 primary adjudication, during which he was present, VRP assisted with the duplication process.

Point of order: According to Ms. Sosebee, only five members perform the adjudication. Since the panel consisted of eight members, five of which were court appointees, Ms. Sosebee directed the court appointed members to designate two of them to participate in the adjudication. When all eight panelists were invited to ***view* the adjudication process, all court appointed members ***participated*** in actual adjudication instead of only a designated two. This means that more than five panelists performed the adjudication. I have concerns about this since not all five court appointees will be present through Election Day. Do election rules allow for more than five panelists for adjudication? Might there be an issue of consistency if not all five court appointees will remain on the panel through Election Day? I would like some clarification on this and proper adjustments in the future, if needed. My suggestion is that in the future, only five panelists perform the actual adjudication, as originally directed by Ms. Sosebee.

AMERICAN OVERSIGHT

Thank you for your time,
Dr. Carter

December 20, 2020

Athens-Clarke County Board of Elections
155 East Washington St.
Athens, Georgia 30601

Subject: **Notice of Challenge to Eligibility to Vote**

To Whom It May Concern:

I have discovered two minor errors in the challenge letter sent to the Board on December 16, 2020. The letter mis-states the number of individuals that are listed on the attached spreadsheet. The number in the letter should be 2,948 as is shown on the spreadsheet.

The grounds for my challenge are that I have evidence that there are approximately 2,948 individuals registered to vote in Clarke County who reside outside the State of Georgia.

(a) *2,948 individuals who simultaneously appear on both:*

Also, the letter incorrectly refers to "Cobb County" in one place.

(b) *the National Change of Address Registry with an address listed outside of Clarke County*

Neither of these errors changes the purpose of the letter which is to challenge the eligibility of those individuals listed on the spreadsheet.

Gordon Rhoden

Hello Chairman Evans,

I hope you are doing well.

Please communicate this information to the other Board Members as well as Dr. Carter.

Regarding the VRPs, I invited all appointees into the room so that when they serve as alternates they are aware of the process.

As mentioned, I instructed that only 5 of the VRPs participate in the adjudication process. I will communicate the importance that only five panelists must participate; 1 Democrat appointee, 1 Republican appointee, 2 Non-partisan appointees and one designee from the Board.

The code section does allow additional panels, but should consist of the same designees.

For this particular election, due to the number of days and hours that the panelists are needed, some

AMERICAN OVERSIGHT

parties/entities appointed more than the number designees and listed them as alternates to fill in if needed.

The duplication process:

Because we have a duplication team processing the duplicate ballots. After duplication, it is verified by someone on the team and stacked to be batched. After receiving 50 ballots, it becomes a batch and awaits tabulation. If there is a ballot that needs judgement as it relates to the intent of the voter (marking on the ballot), the VRP will be involved in that process, per 21-2-483.

In the past Elections, we did not have a "Duplication Team" per say nor a verifier/witness, so we had to rely on our VRP to serve in both capacities.

Let me know if you have other questions.

Thank you,

Charlotte

Charlotte Sosebee, Director

Director Sosebee,

Please ensure that at each convening of our Vote Review Panel we only have 5 people acting as the VRP:

1 representing the ACC BoE (Dr. Joseph Carter)

1 appointee from the Clarke County Democratic Party

1 appointee from the Clarke County Republican Party

2 appointees from the local judge

I'm curious about how payment for yesterday's VRP session will be allocated, given that there should have been only 2 court appointed members participating instead of the 4 that were there.

Finally, would you please clarify the arrangement that you've made regarding duplication of absentee ballots during this election?

Thank you so much for all that you're doing to ensure that our elections in Clarke County are successfully executed with integrity, transparency, efficiency, and in accordance with state and local policies.

AMERICAN OVERSIGHT

Sincerely and Respectfully,

Jesse Evans, Chair

ACC Board of Elections

>
> - Today, ***3400 ballots were scanned and tabulated***, which is 23% of those ready for tabulation**.** Out of these, ***52 required adjudication*****,** which is only 1.5% of the total processed today.
>
> - Since the pixelation threshold is currently set to 8-10%, only 2 adjudicated ballots showed uncounted races. This was due to voters using checkmarks which were not entirely within a bubble.
>
> - Duplication was performed by Elections staff; Mr. Tolley, however, mentioned to me that during the 2020 primary adjudication, during which he was present, VRP assisted with the duplication process.

AMERICAN OVERSIGHT

Point of order: According to Ms. Sosebee, only five members perform the adjudication. Since the panel consisted of eight members, five of which were court appointees, Ms. Sosebee directed the court appointed members to designate two of them to participate in the adjudication. When all eight panelists were invited to ***view* the adjudication process, all court appointed members ***participated*** in actual adjudication instead of only a designated two. This means that more than five panelists performed the adjudication. I have concerns about this since not all five court appointees will be present through Election Day. Do election rules allow for more than five panelists for adjudication? Might there be an issue of consistency if not all five court appointees will remain on the panel through Election Day? I would like some clarification on this and proper adjustments in the future, if needed. My suggestion is that in the future, only five panelists perform the actual adjudication, as originally directed by Ms. Sosebee.

Thank you for your time,

Dr. Carter

Mr. Carter,

1. I believe that was already provided in the response from Mr. Drake on Monday. (see the attachment).

2. The only ballots that should include District 6 are 234-6A; 234-6B; 236-6B; 236-6D. The others are in either Commission Districts 5 or 10.

3. We have runners who are sworn in to collect the ballots from the drop boxes for all of our drop box locations, who will be at our drop boxes 6:45pm to lock and collect the ballots from the boxes at 7pm by their cell phone times. They will be locked precisely at 7:00 and some seconds.

Thank you.

Charlotte

Dear Mr. Evans,

AMERICAN OVERSIGHT

As the BOE Vote Review Panel appointee, I would like to submit the following requests/questions to be read and addressed for public comment during today's (11.3.20) Special Called meeting.

1. I request that a formal memorandum be issued providing the County's explanation for its current statutory interpretation of OCGA 21-2-483(g)(2)(A) detailing (1) the reasons for why two different Vote Review Panels—partisan and nonpartisan—is consistent with the statue; (2) why each panel should consist of only three appointees; (3) the steps by which and persons involved in which the decision/interpretation was made; and (4) that any and all written communication about the issue be entered into the record, including communication with Chief Judge Eric Norris.

2. During today's (11.3.20) adjudication of rejected ballots falling within ACC District 6 precincts, both panels discovered a potential problem with ballot types "230-6B" and "251-6C, 252-6C": we observed 4 individual ballots of these ballot types which are ***missing the ACC District 6 Commission race in its entirety***. ***Is this a ballot error for all ballots of these types or is this the correct format for these ballot types?*** Both panels agreed to quarantine these ballots for further review.

3. What is the official procedure for locking drop boxes at 7pm? Who locks them? Are they locked at precisely 7pm?

Thank you. I look forward to your responses.

- Joseph

AMERICAN OVERSIGHT

EXTERNAL SENDER: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Board Members & Staff,

The following observation by Mr. Shirley is very concerning and should be addressed before we certify our election results for Clarke County:

"6. Some incorrect marks by voters were not detected by the scanning software. On several occasions, we as panelists unanimously agreed that the voter intended to select a candidate in a contest -- only to find the software had not recorded that intent as a vote. What's truly disturbing is that the software did not flag these instances for adjudication. We only noticed them by sheer luck as we were adjudicating other, flagged contests on ballots.

This means it's not just possible but probable that a ballot whose voter had clearly but not completely marked their vote would not have its votes counted by the software.

We adjudicated something like 300 ballots. I estimate that around 100 of them were flagged because the voter had used incorrect marks -- checks, dots, X's -- to indicate their votes, and the software flagged some (but not all) of those marks for adjudication.

How many such votes were processed, not counted, and not flagged by the software for manual review?"

I spoke with Mr. Shirley this morning, and he said that of the 300 or so ballots adjudicated by the Vote Review Panel, somewhere between 30 to 50 of the ballots had votes on them that were missed by the software. (not counted and not flagged by the software) That'd be 10% to 16.7% of the absentee ballots that they reviewed. If that proportion holds true for the roughly 15,000 absentee ballots submitted by Clarke County voters, that's potentially 1,500 to 2,500 votes cast that may have gone uncounted by the software.

I believe we must do all we can to ensure that all votes marked on the absentee ballots have been counted. This may mean that we need to manually compare the scanned images of each absentee ballot with the information that the computer software

AMERICAN OVERSIGHT

produced regarding the votes counted for each race on each respective ballot.

I realize that this is an unfortunate situation that we've been placed in. I know that our staff has been working overtime for weeks now. However, it is important that we get this right. If this is what needs to be done, I will gladly take part in the manual review process.

Director Sosebee, please advise the Board on what our options are. Thank you so much.

Sincerely and respectfully,

Jesse Evans, Chair

ACC Board of Elections

On Fri, Jun 12, 2020, 07:56 Adam Shirley [redacted]@gmail.com> wrote:

> Ms. Sosebee and Members of the Board,
>
> Good evening! First of all, thank you very much for all your hard work to make this election so successful. From my first visit Monday afternoon, I saw all hands on deck and everyone working as hard as they could. I saw every board member working, and every elections worker was dedicated and steady under pressure. That level of commitment showed me how deeply committed everybody was to getting the job done as perfectly as possible -- a commitment that reflects passionate leadership from you all. Thank you!
>
> I would like to share with you my reflections on the experience. I readily acknowledge that most of what I will criticize probably has a very logical explanation and reflects best practices that are obvious to those with election expertise. Also, I trust that you will take my suggestions as the respectful constructive criticism they are.

AMERICAN OVERSIGHT

Glows

1. Everybody I interacted with, from young-looking workers to the Director and Board members, was welcoming and professional. This made it very easy to work with all who were present.

2. The large publicly-accessible room was set up in a way that made sure all absentee ballots were always in view, whether on a table in the room or visible remotely from the office as they awaited scanning.

3. The opening of absentee ballots was designed and executed in a way that reassured all observers that the secrecy of our mail-in vote was protected.

4. We workers were generously provided supper and snacks throughout the night.

5. Tasks were well communicated to election workers: until the final absentee ballot was opened and sorted for scanning, I observed no election workers slouching.

Grows

6. Some incorrect marks by voters were not detected by the scanning software. On several occasions, we as panelists unanimously agreed that the voter intended to select a candidate in a contest -- only to find the software had not recorded that intent as a vote. What's truly disturbing is that the software did not flag these instances for adjudication. We only noticed them by sheer luck as we were adjudicating other, flagged contests on ballots.

This means it's not just possible but probable that a ballot whose voter had clearly but not completely marked their vote would not have its votes counted by the software.

We adjudicated something like 300 ballots. I estimate that around 100 of them were flagged because the voter had used incorrect marks -- checks, dots, X's -- to indicate their votes, and the software flagged some (but not all) of those marks for adjudication.

How many such votes were processed, not counted, and not flagged by the software for manual review?

7. Not enough absentee ballots were processed ahead of Tuesday. When I

AMERICAN OVERSIGHT

reported for Vote Review Panel duty on Monday morning, I learned that something like 4,000 absentee ballots had already been received; Garrett and two other workers were busily working through them. I could be mistaken, but I do not recall seeing any large-scale scanning of ballots taking place between 11am and 5pm Monday.

Was this our failure to anticipate the sheer quantity of absentee ballots? If so, this seems unacceptable, given that 18,000 absentee ballots had been requested.

Was this operator error on our part when scanning the ballots? If so, how can we improve training?

Was this mechanical error on the part of the scanners? If so, have we made our displeasure and dissatisfaction known to Dominion and the Secretary of State?

Was this design error on the part of the Secretary of State's office and the third-party ballot printers? It seemed that the jagged perforated edges caused problems, both with alignment and with debris clogging the machines. I hope we have checked with other counties and made a loud and clear request that future ballots are a complete, non-torn sheet.

8. Not enough absentee ballots were being processed Tuesday. When I reported at 3:15 Tuesday afternoon, it appeared that precious few ballots had been scanned all day.

I have similar questions as above. In addition, this clearly overwhelmed our one scanner issued by the state. Were it not for Director Sosebee's having secured a second scanner, we might all still be there scanning and adjudicating now. I hope we, along with other counties, have voiced our concern about the woefully inadequate supply of absentee ballot scanners.

9. There were not enough election workers processing absentee ballots. I understand I only saw half of the operation, with the rest of our elections staff conducting what'd been widely reported as swift and efficient in-person voting. However, when something like 2/3 of our votes were absentee, more workers should have been assigned to processing absentee ballots. This and the scanner logjam seem to be what caused the night to go on so long. By 10 on Wednesday morning when our voters needed five alert minds and five sharp

AMERICAN OVERSIGHT

sets of eyes for discerning the true intent of voters, those five people had been awake for over 24 hours, and had reported for duty 17 hours earlier -- and the courteous and helpful staff had been on the job for 29 consecutive hours. These conditions make productivity, much less discernment and judgment, suffer.

Was this due to short-staffing due to covid-19? If so, why did we not bring in the staff who were available at the very beginning of the window created by the State Election Board permitting us to process absentee votes early?

Was this due to a larger problem of understaffing? If so, have we asked ACCUG to pay our workers more? If so, what has been their response? What do we currently pay our election workers?

10. Insufficient precautions were taken to protect public health. At least one staff member was uncomfortable with the Vote Review Panel members adjudicating ballots while two people scanned ballots. This was a valid concern, given that 8 people -- only 2 of whom were wearing masks -- would have been squeezed into an office that couldn't be more than 200 square feet.

I understand the need for reliable, secure, and expedient tabulating of the vote must be balanced with the need for protecting public health. I suggest that we could have set up the space to better accomplish the latter while still accomplishing the former.

11. Duties and expectations were poorly communicated to the Vote Review Panel. I received one email from staff last Monday (6/1) -- and no further communication from the office until I called this Monday morning (6/8). I was calling because the email I had received did not include a reporting time.

I can easily imagine that it slipped staff's mind because they were inundated with processing the surge of absentee ballots while simultaneously working out the logistics of the first election day with a brand-new voting system. However, had I not called the office, I worry that I might have continued to have been forgotten.

Poor communication resulted in our losing one of the Vote Review Panel members. They had not been informed that we would be needed for 23

AMERICAN OVERSIGHT

consecutive hours, and had to leave around 3:00 on Wednesday morning for a doctor's appointment they could not miss.

12. Voters did not receive an envelope, as was indicated by the instructions. This led to confusion, to voters using various methods to seal their ballot within this slip of paper, and to workers spending precious time breaking those seals and sometimes needing to duplicate the ballot due to tape or staples interfering with the scanner.

I am quite certain you are already well aware of this. I hope we have joined other counties in loudly complaining about this error on the part of the Secretary of State and the printing company.

13. Duplicate ballots were stored in a separate facility from the processing of ballots. On Monday, a staff member left the processing facility to go to the downtown office for the sole purpose of picking up a duplicate ballot. Is there a legal requirement that these ballots remain at the address of record for our board of elections, or perhaps under the direct supervision of our elections director? If not, perhaps some or all of our blank ballots should be stored at the facility where ballots are being processed.

I am eager to learn your thoughts on these suggestions. I would be happy to meet with you (distanced in person or virtually) to discuss them further. #6 is especially disconcerting to me.

Again, thank you for your hard work. I did not doubt the passion and dedication of our elections workers before Monday, but I left Wednesday afternoon with a newfound appreciation for just how hard you all work to make sure every vote is counted.

Dear Board of Elections members,

Here is my Vote Review Panel daily update #2 (10.29.20):

Panel members present: John Marsh (GOP), Mark Duncan (Dems), and myself (BOE)**

On the advice of ACC Attorney Judd Drake and Assistant Manager Deborah Lonon, Director Sosebee dismissed all court appointed, non-partisan panelists for the remainder of the adjudication schedule. The reasoning was that because the current ballot constituted a ***partisan election*, VRP should be composed of only ***the current two party appointees and the BOE representative.*** This appears to be the County's interpretation of OCGA 21-2-483. Director Sosebee also said that she will be notifying Judge Norris on the panel alteration. ***As a matter of transparency, I request to have more information from Mr. Drake and Ms. Lonon on the reasoning for this change.*** Mr. Marsh, Mr. Duncan, one of the non-partisan appointees Bob Pearlman, and myself were unclear on what constitutes a 'partisan election' in the instance where there are non-partisan races and items on the current ballot. Both party representatives verbally expressed preference to me for having at least two non-partisan appointees, as it has been the practice in the past. This being the case, I request additional clarification on the following: what are the criteria for determining a partisan ballot? What is the minimum number of panelist required by law? OCGA 21-2-438 appears ambiguous to me. ***I would also like to see any and all communication between Director Sosebee, Attorney Drake, Asst. Manager Lonon, and Judge Norris on this issue.***

- On Thursday 10.29.20, ***3841 ballots were scanned and tabulated***, bringing the ***total tabulated ballots to 7241***, which is 56% of the 13,000 ballots ready for tabulation. Of the 3841

AMERICAN OVERSIGHT

tabulated ballots, ***136 required adjudicated***, which is 4% of the daily total for 10.29.20. This is a slight uptick of 2.5% from Wednesday's adjudications.
- VRP adjudicated one overvote which appeared during a duplication.
- VRP readjudicated the 52 problematic ballots where were first adjudicated on Wednesday 10.29.20. This was at the direction of Director Sosebee. Since the VRP was reduced to three panelists for the remainder of the adjudication process, Director Sosebee believed it was important to have all adjudications conducted by the same number and persons on the panel in order to preserve consistency. I support this.
- Due to power outages caused by stormy weather from the previous night, scanning and tabulation was slightly delayed. The power outage disrupted the video feed from the tabulation office to the public viewing room. IT was called to assess and fix the issue. VRP was moved to the tabulation room. However, this did not interfere with public viewing capacities since any visitor could still view tabulation and adjudication directly from outside the tabulation office. Some scanners had to be reset also because of the outages. Director Sosebee asked Dominion staff to install back-up batteries to the scanners as a precaution for the future.

Lastly, I would like to know the guidance on counting and adjudicating absentee ballots ***postmarked on Election day but received after Election day.***

Thank you for you time,
Joseph

Hello Mr. Carter,

The remainder of ballots will be opened and processed as we receive them from the ballot boxes and US Mail as tabulation starts today at 10am. This will include ballots received through 7pm as well as those that remain from District 6. All adjudication will also take place today leading up to the end of our day, which we hope is midnight or sooner.

Thank you,

Charlotte

Subject: [EXT] Vote Review Panel update #4 (11.2.20)

EXTERNAL SENDER: This email originated from outside of the organization.
Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Board of Elections members,

Here is my Vote Review Panel update #4 (11.2.20):

Panel members present: John Marsh (GOP), Mack Duncan (Dems), and myself (BOE)

- On Monday 11.2.20, ***4,488 ballots were scanned and tabulated,*** bringing the ***total tabulated***

AMERICAN OVERSIGHT

ballots to 14,283, which is 83% of 17,061 ballots ready for tabulation. **NB. 17,061 is the most recent total;** previous updates reported 13,000. This total will continue to increase as newly received absentee ballots are opened and processed during Election Day.
- Of the 4,488 tabulated ballots, ***154 required adjudication***, which is 3.4% of the daily total for 11.2.20. This is a slight uptick of 1.8% from Friday's adjudications. However, in this case, the uptick does not necessarily indicate an increase in voter errors; it could also be explained by either (1) the slight increase in daily tabulations or (2) infrequent cleaning of optical scanners which results in the scanning software processing dust particles as 'stray marks,' or both (1) and (2).
- The overall running average for tabulations is 3,571; for adjudications, the running average is 82, which is a daily average of 2.3%.
- Since we have received clarification via Mr. Drake on the scope and application of OCGA 21-2-483 (g)(2)(A) with respect to rejected ballots from precincts within ACC Commission District 6***, I would like an estimated schedule when these ballots will be tabulated and reviewed (if needed). S***ince these ballots were ***skipped*** on Friday and given the particular manner in which these ballots might require review from ***both panels***, I suggest that these ballots be prioritized during Election Day so that nonpartisan panelists' personal schedules may be respected as well as to ensure that these ballots are processed in a timely and appropriate manner. Even though staff has and continues to work tirelessly to keep tabulation on a timely schedule, there is always the possibility of unexpected delays and problems. Therefore, it seems reasonable to prioritize these on Election Day.
- If possible, I would still like to know from Mr. Drake and the Board the guidance (if any) on counting and adjudicating absentee ballots ***postmarked or placed in a dropbox on Election Day after 7pm. Will such be opened and processed?***

Thank you for your time,
Joseph

>
> As mentioned, I instructed that only 5 of the VRPs participate in the adjudication process. I will communicate the importance that only five panelists must participate; 1 Democrat appointee, 1 Republican appointee, 2 Non-partisan appointees and one designee from the

AMERICAN OVERSIGHT

Board.

The code section does allow additional panels, but should consist of the same designees.

For this particular election, due to the number of days and hours that the panelists are needed, some parties/entities appointed more than the number designees and listed them as alternates to fill in if needed.

The duplication process:

Because we have a duplication team processing the duplicate ballots. After duplication, it is verified by someone on the team and stacked to be batched. After receiving 50 ballots, it becomes a batch and awaits tabulation. If there is a ballot that needs judgement as it relates to the intent of the voter (marking on the ballot), the VRP will be involved in that process, per 21-2-483.

In the past Elections, we did not have a "Duplication Team" per say nor a verifier/witness, so we had to rely on our VRP to serve in both capacities.

Let me know if you have other questions.

Thank you,

Charlotte

Director Sosebee,

Please ensure that at each convening of our Vote Review Panel we only have 5 people acting as the VRP:

1 representing the ACC BoE (Dr. Joseph Carter)

1 appointee from the Clarke County Democratic Party

1 appointee from the Clarke County Republican Party

2 appointees from the local judge

I'm curious about how payment for yesterday's VRP session will be allocated, given that there should have been only 2 court appointed members participating instead of the 4 that were there.

AMERICAN OVERSIGHT

Finally, would you please clarify the arrangement that you've made regarding duplication of absentee ballots during this election?

Thank you so much for all that you're doing to ensure that our elections in Clarke County are successfully executed with integrity, transparency, efficiency, and in accordance with state and local policies.

Sincerely and Respectfully,

Jesse Evans, Chair

ACC Board of Elections

>
> As part of my service, I will provide daily reports so that you will be informed about the panel's activities and progress. I believe it is my responsibility to the Board and to the voters in ACC to provide a transparent and accurate picture of the voting process. This will also give me the opportunity to express any concerns or suggestions.
>
> The panel members present were: John Marsh (GOP appointee), Mark Duncan (Democratic), myself (BOE), Abraham Mosley (court appointee), Spencer Tolley (court), Daniella Wieczorek (court), Bob Pearlman (court), and Didi David (court).
>
> - Currently there are over 13,000 absentee ballots ready for scanning and tabulation. 2000 remain to be opened and sorted into appropriate precincts in addition to absentee ballots we will receive through Election Day.

AMERICAN OVERSIGHT

- Today, ***3400 ballots were scanned and tabulated***, which is 23% of those ready for tabulation**.** Out of these, ***52 required adjudication*****,** which is only 1.5% of the total processed today.

- Since the pixelation threshold is currently set to 8-10%, only 2 adjudicated ballots showed uncounted races. This was due to voters using checkmarks which were not entirely within a bubble.

- Duplication was performed by Elections staff; Mr. Tolley, however, mentioned to me that during the 2020 primary adjudication, during which he was present, VRP assisted with the duplication process.

Point of order: According to Ms. Sosebee, only five members perform the adjudication. Since the panel consisted of eight members, five of which were court appointees, Ms. Sosebee directed the court appointed members to designate two of them to participate in the adjudication. When all eight panelists were invited to ***view* the adjudication process, all court appointed members ***participated*** in actual adjudication instead of only a designated two. This means that more than five panelists performed the adjudication. I have concerns about this since not all five court appointees will be present through Election Day. Do election rules allow for more than five panelists for adjudication? Might there be an issue of consistency if not all five court appointees will remain on the panel through Election Day? I would like some clarification on this and proper adjustments in the future, if needed. My suggestion is that in the future, only five panelists perform the actual adjudication, as originally directed by Ms. Sosebee.

Thank you for your time,

Dr. Carter

Subject: RE: VOTE REVIEW PANELISTS

Certainly. In the past panelists followed the Official Code of Georgia Annotated (O.C.G.A.)§ 21-2-386(a)(6)

"All persons conducting the tabulation of absentee ballots during the day of a primary, election, or runoff, including the vote review panel required by Code Section 21-2-483, and all monitors and observers shall be sequestered until the time for the closing of the polls. All such persons shall have no contact with the news media; shall have no contact with other persons not involved in monitoring, observing, or conducting the tabulation; shall not use any type of communication device including radios, telephones, and cellular telephones; shall not utilize computers for the purpose of e-mail, instant messaging, or other forms of communication; and shall not communicate any information concerning the tabulation until the time for the closing of the polls; provided, however, that supervisory and technical assistance personnel shall be permitted to enter and leave the area in which the tabulation is being conducted but shall not communicate any information concerning the tabulation to anyone other than the county election superintendent; the staff of the superintendent; those persons conducting, observing, or monitoring the tabulation; and those persons whose technical assistance is needed for the tabulation process to operate."

Since adopting the SEB Rule related to processing Absentee Ballots, no longer is it necessary.

Let me know if you have other questions.

Have a wonderful evening.

Hello All,

I would like to inform you that Vote Review Panelists no longer require sequestration, according to the new SEB Rule.

Thank you,

Charlotte

Certainly. In the past panelists followed the Official Code of Georgia Annotated (O.C.G.A.)§ 21-2-386(a)(6)

"All persons conducting the tabulation of absentee ballots during the day of a primary, election, or runoff, including the vote review panel required by Code Section 21-2-483, and all monitors and observers shall be sequestered until the time for the closing of the polls. All such persons shall have no contact with the news media; shall have no contact with other persons not involved in monitoring, observing, or conducting the tabulation; shall not use any type of communication device including radios, telephones, and cellular telephones; shall not utilize computers for the purpose of e-mail, instant messaging, or other forms of communication; and shall not communicate any information concerning the tabulation until the time for the closing of the polls; provided, however, that supervisory and technical assistance personnel shall be permitted to enter and leave the area in which the tabulation is being conducted but shall not communicate any information concerning the tabulation to anyone other than the county election superintendent; the staff of the superintendent; those persons conducting, observing, or monitoring the tabulation; and those persons whose technical assistance is needed for the tabulation process to operate."

Since adopting the SEB Rule related to processing Absentee Ballots, no longer is it necessary.

Let me know if you have other questions.

Have a wonderful evening.

Charlotte

AMERICAN OVERSIGHT

AMERICAN OVERSIGHT

AMERICAN OVERSIGHT

AMERICAN OVERSIGHT

In the Supreme Court of Georgia

Decided: October 19, 2020

S21A0030. RHODEN et al. v. ATHENS-CLARKE COUNTY BOARD OF ELECTIONS et al.

BETHEL, Justice.

Jerry NeSmith earned the support of a sufficient number of his community members to be elected as their district's commissioner for the Athens-Clarke County Unified Government. Sadly, NeSmith died just three days before Election Day. In addition to the personal loss of his family and friends, NeSmith's death before Election Day ultimately resulted in an electoral loss for his supporters, a number of whom joined to bring suit in superior court challenging the results of the election.

Because the applicable Georgia statutes dictate that votes cast on paper ballots for a candidate who has died before Election Day are void, none of the votes cast for NeSmith had legal effect.

AMERICAN OVERSIGHT

Accordingly, for reasons more fully explained below, we determine that the Athens-Clarke County Board of Elections properly applied OCGA §§ 21-2-437 (d) and 21-2-438 (a) when it voided the votes cast for NeSmith and declared Jesse Houle the commissioner-elect for Athens-Clarke County Commission District 6. Moreover, we also hold that the Board's application of those statutes in this case did not violate any rights of the appellants under the First or Fourteenth Amendments to the United States Constitution or the equal protection clause of the Georgia Constitution. Accordingly, we affirm the order of the superior court dismissing the appellants' election challenge.

1. *Factual background and procedural history*

Jerry NeSmith and Jesse Houle qualified as candidates for the non-partisan election for Athens-Clarke County Commission District 6, which was held on June 9, 2020. NeSmith died on the evening of June 6. The election proceeded, and 3,271 ballots were cast in the race for the District 6 seat. Of those ballots, 1,866 were marked for NeSmith, and 1,405 were marked for Houle. The Athens-

AMERICAN OVERSIGHT

Clarke County Board of Elections ruled that, pursuant to OCGA §§ 21-2-437 (d) and 21-2-438 (a) and this Court's decision in *Jones v. Norris*, 262 Ga. 468 (421 SE2d 706) (1992), all votes cast for NeSmith were void because he was deceased. On June 19, 2020, the Board certified the results of the election and declared Houle the winner of the District 6 election.

The appellants—Gordon Rhoden, Farol NeSmith, Rock Dunn, Jim Scanlon, and Judith Scanlon—are all registered voters who reside in District 6. On June 23, 2020, they filed a petition pursuant to OCGA § 21-2-521 et seq., challenging the results of the election on several grounds. The Board and Houle answered on July 10, 2020, and the superior court held a hearing on July 23, 2020.

At that hearing, the appellants called Charlotte Sosebee, the Director of Elections for Athens-Clarke County, to testify. On direct examination, she testified that ballots cast in person were cast "electronically" utilizing a "ballot marking device" and that provisional and absentee ballots were cast through the use of paper ballots.

AMERICAN OVERSIGHT

On cross-examination, Director Sosebee elaborated that, under the voting system in place for the June 9 election, when a voter came to a polling location to vote in person, the voter was issued an electronic access card that was programmed with the offices and candidates for which that voter was qualified to vote based on the voter's address. After receiving the ballot access card, the voter inserted the card into an electronic ballot marking device. The device's screen then displayed the information from the access card showing the offices and candidates for which the voter was eligible to cast a vote. The voter then made selections for any or all of the displayed elections through use of the electronic ballot marking device and was then able to view all selections on a final summary screen. Once the voter's choices were confirmed on the screen, the voter's ballot was printed onto a paper form showing the selections made by the voter, and the voter had an additional opportunity to view and confirm or modify the selections for each office. The paper ballot was then inserted into an electronic tabulating device that scanned the paper ballot, counted the votes cast for each candidate,

AMERICAN OVERSIGHT

and recorded the votes in a central database. The paper ballot remained inside the device until collected by a poll manager who then sealed the paper ballots. The paper ballots were then to remain sealed until opened by the Board of Elections if the need arose, such as the need to conduct a recount. Director Sosebee testified that, even though an electronic ballot marking device and an optical scanner were utilized in the election, the ballots cast in this process were "paper ballots."

On July 27, 2020, the superior court entered an order denying the appellants' requested relief and dismissing their petition. In that order, the superior court found that the election had been conducted with paper ballots with the assistance of an optical scanning voting system and electronic ballot marking devices, noting that these were simply "alternate systems for marking or employing paper ballots." The superior court thus determined that, under *Jones*, OCGA §§ 21-2-437 (d) and 21-2-438 (a) applied to this election and that the Board was correct in its assessment that the votes cast for NeSmith were void due to his death. The superior court also rejected a number of

AMERICAN OVERSIGHT

GA-ATHENSCLARKE-20-2988-A-000896

constitutional arguments raised by the appellants, including that their rights to vote, to have their votes counted, to equal protection, and to freedom of association had been violated by the Board's decision. The superior court also rejected the appellants' argument that the Board's decision was arbitrary and capricious in violation of their rights to due process.

The following day, the appellants filed a notice of appeal directed to this Court. The parties submitted briefs on an expedited basis, as ordered by this Court. We now consider, in turn, each of the claims raised by the appellants.

2. *Application of OCGA §§ 21-2-437 (d) and 21-2-438 (a) to votes cast for NeSmith*

Ordinarily, the candidate who receives the most votes in an election wins or at least advances to a runoff against the person receiving the second highest number of votes. See OCGA § 21-2-501

AMERICAN OVERSIGHT

(a) (1).[1] However, the relevant portions of OCGA §§ 21-2-437 (d)[2] and

---

[1] That Code section provides, in relevant part, that

Except as otherwise provided in this Code section, no candidate shall be nominated for public office in any primary or special primary or elected to public office in any election or special election unless such candidate shall have received a majority of the votes cast to fill such nomination or public office. In instances where no candidate receives a majority of the votes cast, a run-off primary, special primary runoff, run-off election, or special election runoff between the candidates receiving the two highest numbers of votes shall be held.

[2] OCGA § 21-2-437 (d) provides that

Any ballot marked so as to identify the voter shall be void and not counted, except a ballot cast by a challenged elector whose name appears on the electors list; such challenged vote shall be counted as prima facie valid but may be voided in the event of an election contest. Any ballot marked by anything but pen or pencil shall be void and not counted. Any erasure, mutilation, or defect in the vote for any candidate shall render void the vote for such candidate but shall not invalidate the votes cast on the remainder of the ballot, if otherwise properly marked. If an elector shall mark his or her ballot for more persons for any nomination or office than there are candidates to be voted for such nomination or office, or if, for any reason, it may be impossible to determine his or her choice for any nomination or office, his or her ballot shall not be counted for such nomination or office; but the ballot shall be counted for all nominations or offices for which it is properly marked. Unmarked ballots or ballots improperly or defectively marked so that the whole ballot is void shall be set aside and shall be preserved with other ballots. In primaries, votes cast for candidates who have died, withdrawn, or been disqualified shall be void and shall not be counted. In elections, votes for candidates who have died or been disqualified shall be void and shall not be counted.

AMERICAN OVERSIGHT

21-2-438 (a)[3] provide that "[i]n elections, votes for candidates who have died or been disqualified shall be void and shall not be counted." The Board of Elections applied this straightforward rule in this case to void all of the ballots marked for NeSmith who, due to his death, was no longer eligible to serve in the office for which this election was held. Thus, even though more ballots were marked for NeSmith than for Houle, all votes cast for NeSmith were void.

---

[3] OCGA § 21-2-438 (a) provides that

> Any ballot marked so as to identify the voter shall be void and not counted, except a ballot cast by a challenged elector whose name appears on the electors list; such challenged vote shall be counted as prima facie valid but may be voided in the event of an election contest. Any ballot marked by anything but pen or pencil shall be void and not counted. Any erasure, mutilation, or defect in the vote for any candidate shall render void the vote for such candidate but shall not invalidate the votes cast on the remainder of the ballot, if otherwise properly marked. If an elector shall mark his or her ballot for more persons for any nomination or office than there are candidates to be voted for such nomination or office, or if, for any reason, it may be impossible to determine his or her choice for any nomination or office, his or her ballot shall not be counted for such nomination or office; but the ballot shall be counted for all nominations or offices for which it is properly marked. Ballots not marked or improperly or defectively marked so that the whole ballot is void, shall be set aside and shall be preserved with the other ballots. In primaries, votes cast for candidates who have died, withdrawn, or been disqualified shall be void and shall not be counted. In elections, votes for candidates who have died or been disqualified shall be void and shall not be counted.

AMERICAN OVERSIGHT

Houle was then declared the winner of the election because all valid votes cast in the District 6 election were cast for him.

The appellants argue that the rule embodied in OCGA §§ 21-2-437 (d) and 21-2-438 (a) applies only in elections conducted with paper ballots and that, because the Board utilized electronic ballot markers and an optical scanning voting system to administer the election for District 6, that election was not conducted with paper ballots. They further argue that, for elections conducted with electronic ballot markers and an optical scanning voting system, the election code is silent as to how election boards should treat votes cast for a candidate who has died. They argue that the superior court erred by not overturning the decision of the Board and applying the common law to order that a new election for District 6 be held, citing *Thompson v. Stone*, 205 Ga. 243, 247 (53 SE2d 458) (1949) ("Unless the votes for an ineligible person are expressly declared [by statute] to be void, the effect of such person receiving a majority of the votes cast is . . . that a new election must be held, and is not to give the office to the qualified person having the next highest number of

AMERICAN OVERSIGHT

votes."). We disagree.

Here, Director Sosebee testified that voters utilized electronic ballot marking devices to make their selections for each office. Upon confirmation of the voter's selections on the marking device, the voter's ballot was then printed onto a paper form which, after the voter had another opportunity to confirm or modify his or her selections, was fed into an electronic tabulating device that optically scanned the paper, counted the votes cast for each office, and recorded the votes in a central database. Director Sosebee testified that, even though an electronic marking device and an optical scanner were utilized in the election, all of the ballots cast through this process were "paper ballots."

The superior court's conclusion that the election was conducted with paper ballots was therefore supported by the evidence before it. Although various technologies were used to mark and count ballots in this election, each of the technologies implemented by the Board simply assisted voters in making their selections on paper and aided the Board in receiving, organizing, and tracking votes cast by paper

AMERICAN OVERSIGHT

ballot in a clear and uniform manner.

Our decision in *Jones* contemplates that multiple technologies for marking and counting paper ballots can be used in a given election and that the election should still be deemed to have been conducted via paper ballots. See 262 Ga. at 468. In *Jones*, this Court held that there was no distinction between a paper ballot marked by a pencil and a cardboard ballot marked by a punch. See id. We thus determined that OCGA § 21-2-438 (a), which we noted "govern[s] the conduct of elections using paper ballots," applied to void ballots cast for a candidate who had withdrawn from the election. Id.

The appellants make much of the fact that we acknowledged in *Jones* that there were no statutes governing the use of the "vote recorder" ballots that had been used in the election at issue in that case. They further note that Georgia's election code now contains a number of provisions governing the use of electronic ballot markers and optical scanning voting equipment, none of which say anything about how an elections board is to handle votes cast for a candidate who died.

AMERICAN OVERSIGHT

But it is clear from the record and our review of the relevant statutes that this election was conducted with paper ballots. As the trial court rightly noted, optical scanning voting systems and electronic ballot markers are technologies that assist elections boards in conducting elections via paper ballots. In that regard, they are simply an adjunct to an election conducted with paper ballots—not a substitute for paper ballots.[4] Accordingly, under *Jones*, the provisions governing the use of paper ballots, including OCGA §§ 21-2-437 (d) and 21-2-438 (a), applied to this election. Under those

---

[4] OCGA § 21-2-2 (19.1) defines "optical scanning voting system" as "a system employing paper ballots on which electors cast votes with a ballot marking device or electronic ballot marker after which votes are counted by ballot scanners." OCGA § 21-2-2 (2) defines a "ballot marking device" as a "pen pencil, or similar writing tool, or an electronic device designed for use in marking paper ballots in a manner that is detected as a vote so cast then counted by ballot scanners." An "electronic ballot marker" is "an electronic device that does not compute or retain votes; may integrate components such as a ballot scanner, printer, touch screen monitor, audio output, and a navigational keypad; and uses electronic technology to independently and privately mark a paper ballot at the direction of an elector, interpret ballot selections, communicate such interpretation for elector verification, and print an elector verifiable paper ballot." A "ballot scanner" is "an electronic recording device which receives an elector's ballot and tabulates the votes on the ballot by its own devices[.]" OCGA § 21-2-2 (2.1). These and other statutory provisions governing the use of these technologies thus clearly contemplate that an optical scanning voting system, including one that utilizes electronic ballot markers, is used with paper ballots.

AMERICAN OVERSIGHT

provisions, the Board of Elections discharged its statutory duty to void all ballots cast for NeSmith, leaving Houle the winner.

3. *Claims under the United States Constitution*

The appellants assert that the Board's application of OCGA §§ 21-2-437 (d) and 21-2-438 (a) to void the votes cast for NeSmith violated a number of their rights under the United States Constitution. They argue that the Board's application of the statutes violates their rights to vote, as recognized under the First and Fourteenth Amendment, and their rights under the equal protection and due process clauses of the Fourteenth Amendment. We address each claim in turn.

(a) The appellants challenge the Board's application of OCGA §§ 21-2-437 (d) and 21-2-438 (a) on the basis that an election rule voiding ballots marked for a candidate who has died prior to the election places a severe burden on the right to vote under the First and Fourteenth Amendments. We evaluate the constitutionality of the Board's application of these statutes by applying the *Anderson-Burdick* test. See *Anderson v. Celebrezze*, 460 U. S. 780 (103 SCt

AMERICAN OVERSIGHT

1564, 75 LE2d 547) (1983); *Burdick v. Takushi*, 504 U. S. 428 (112 SCt 2059, 119 LE2d 245) (1992). In considering whether the application of a voting regulation violates the First and Fourteenth Amendments, a reviewing court

> must first consider the character and magnitude of the asserted injury to the rights protected by the First and Fourteenth Amendments that the plaintiff seeks to vindicate. It then must identify and evaluate the precise interests put forward by the State as justifications for the burden imposed by its rule. In passing judgment, the Court must not only determine the legitimacy and strength of each of those interests; it also must consider the extent to which those interests make it necessary to burden the plaintiff's rights. Only after weighing all these factors is the reviewing court in a position to decide whether the challenged provision is unconstitutional.

(Citations omitted.) *Anderson*, 460 U. S. at 789 (I); see also *Burdick*, 504 U. S. at 434.

Under this framework, a law that severely burdens the right to vote must be narrowly drawn to serve a compelling state interest. See *Burdick*, 504 U. S. at 434. And even when a law imposes only a slight burden on the right to vote, relevant and legitimate interests of sufficient weight still must justify that burden. See *Common*

AMERICAN OVERSIGHT

Cause/Ga. v. Billups, 554 F3d 1340, 1352 (11th Cir. 2009). The more a challenged law burdens the right to vote, the stricter the scrutiny to which reviewing courts subject that law. See *Stein v. Ala. Sec. of State*, 774 F3d 689, 694 (11th Cir. 2014).

(i) *Burden on right to vote*

The appellants argue that the Board's application of OCGA §§ 21-2-437 (d) and 21-2-438 (a) places a severe burden on their voting rights and that the Board's action was not narrowly drawn to advance a state interest of compelling importance. We reject these contentions.

As the Supreme Court recognized in *Anderson*, while voters' rights under the First and Fourteenth Amendment are fundamental,

> not all restrictions imposed by the States on candidates' eligibility for the ballot impose constitutionally-suspect burdens on voters' rights to associate or to choose among candidates. . . . [A]s a practical matter, there must be a substantial regulation of elections if they are to be fair and honest and if some sort of order, rather than chaos, is to accompany the democratic processes.

(Citation omitted.) *Anderson*, 460 U. S. at 788 (I). Noting that

AMERICAN OVERSIGHT

GA-ATHENSCLARKE-20-2988-A-000906

virtually any regulation of the electoral process will have some impact on an individual's right to vote, the Supreme Court noted that "the state's important regulatory interests are generally sufficient to justify reasonable, nondiscriminatory restrictions." Id. In those circumstances, courts should uphold "reasonable, politically neutral regulations[.]" (Citation omitted.) *Washington State Grange v. Washington State Republican Party*, 552 U. S. 442, 452 (128 SCt 1184, 170 LE2d 151) (2008). Under this framework, "States have a major role to play in structuring and monitoring the election process," *California Democratic Party v. Jones*, 530 U. S. 567, 572 (II) (120 SCt 2402, 147 LE2d 502) (2000), and states are afforded "significant flexibility in implementing their own voting systems." *Doe v. Reed*, 561 U. S. 186, 195 (130 SCt 2811, 177 LE2d 493) (2010).

In *Burdick*, the Supreme Court considered a challenge to a Hawaii election law that made no provision for write-in voting. See 504 U. S. at 430 (I). A voter challenged this law, arguing that he had been prevented from voting for a person who had not filed nominating papers and that, in future elections, he might wish to

AMERICAN OVERSIGHT

vote for persons who did not appear on the ballot. See id. The Supreme Court rejected this challenge, noting the petitioner's "erroneous assumption that a law that imposes any burden on the right to vote must be subject to strict scrutiny." Id. at 432 (II). The Court recognized that States retain the power to regulate their own elections, see *Sugarman v. Dougall*, 413 U. S. 634, 647 (93 SCt 2842, 37 LE2d 853) (1973); *Tashjian v. Republican Party of Connecticut*, 479 U. S. 208, 217 (107 SCt 544, 93 LE2d 514) (1986), and that "[e]lection laws will invariably impose some burden upon individual voters." *Burdick*, 504 U. S. at 433 (II). The Court went on to note that

> [e]ach provision of [an election] code, whether it governs the registration and qualifications of voters, the selection and eligibility of candidates, or the voting process itself, inevitably affects—at least to some degree—the individual's right to vote and his right to associate with others for political ends. Consequently, to subject every voting regulation to strict scrutiny and to require that the regulation be narrowly tailored to advance a compelling state interest . . . would tie the hands of States seeking to assure that elections are operated equitably and efficiently. Accordingly, the mere fact that a State's system creates barriers tending to limit the field of candidates from which voters might choose does not of

AMERICAN OVERSIGHT
GA-ATHENSCLARKE-20-2988-A-000908

itself compel close scrutiny.

(Citations and punctuation omitted.) Id. On this basis, the Supreme Court upheld Hawaii's rule regarding write-in ballots. See id. at 441-442 (III).

Georgia's election laws at issue here, much like those at issue in *Burdick*, limit voters' opportunities to select the candidate of their choice. In *Burdick*, write-in votes for a candidate were not valid under Hawaii law. They could not be cast, could not be accepted by election authorities, and were not counted. See *Burdick*, 504 U. S. at 430. In short, they were void. The Supreme Court determined that rules implementing that system placed only minimal burdens on a voter's right to vote. The Georgia statutes before us have a similar effect.

Just as write-in ballots were void under the Hawaii law at issue in *Burdick*, any ballots marked in a Georgia election for a candidate who has died are void under OCGA §§ 21-2-437 (d) and 21-2-438 (a). Such votes do not count, and our laws treat them as though they were never cast at all. To the extent this rule burdens an individual's

AMERICAN OVERSIGHT

right to vote, the burden may even be more limited than the statutes at issue in *Burdick* because, in this case, the fact of the candidate's death as well as the application of the statutes have deprived the voters of their opportunity to have that candidate serve in office. Moreover, each voter who voted for NeSmith had the opportunity to vote for an eligible candidate—in this case, Houle. Thus, to the extent there is a burden on the appellants' right to vote occasioned by the application of OCGA §§ 21-2-437 (d) and 21-2-438 (a) to void votes cast for a candidate who has died, any such burden is, at most "a very limited one." *Burdick*, 504 U. S. at 437 (2).

(ii) *State's interest in voiding votes cast for NeSmith*

We turn next to the state's interests as asserted by the Board and Houle to justify the policy of voiding votes cast for a candidate who has died. Because we have already concluded that the burden occasioned by this rule is slight, the Board need not establish a compelling interest to tip the constitutional scales in its direction. See *Burdick*, 504 U. S. at 439 (II) (B). Instead, it need only put forth a reasonable, non-discriminatory justification for the rule. Such

AMERICAN OVERSIGHT

justification must be "sufficiently weighty to justify the limitation," even though the burden on the right to vote occasioned by this rule is slight. (Citation omitted.) *Crawford v. Marion County Election Bd.*, 553 U. S. 181, 190 (128 SCt 1610, 170 LE2d 574) (2008).

Both Houle and the Board posit that OCGA §§ 21-2-437 (d) and 21-2-438 (a) simply allow for the efficient selection of elected representatives. Houle further asserts that Georgia has an interest in seeing that an election produces a winner so that voters are ensured that newly elected officials take office when their terms are set to begin. We agree that these are important regulatory interests and that the policy embodied by OCGA §§ 21-2-437 (d) and 21-2-438 (a) is a reasonable and non-discriminatory exercise of the state's power to regulate elections in furtherance of these goals. See *Burdick*, 504 U. S. at 433 (II) (noting state's interest in "seeking to assure that elections are operated equitably and efficiently"); *Anderson*, 460 U. S. at 788. Further, these interests—which are critical to the operation of elections—outweigh the minimal burden placed on the right to vote for a specific candidate who would not be

AMERICAN OVERSIGHT

able to serve in office.

The appellants' preferred remedy—ordering a new election for District 6 due to the death of the person for whom the most votes were cast—is one of several options that the General Assembly could have selected in determining how to resolve this unfortunate and, thankfully, rare scenario. But the General Assembly chose instead to declare that any ballots marked for a candidate who has died are void, just as ballots marked for a person who has been disqualified from the ballot are void under the same statutes. See OCGA §§ 21-2-437 (d); 21-2-438 (a). That policy did not target the appellants or other voters on the basis of any political affiliation or viewpoint, membership in a protected class, or other impermissible basis. The statutes operated against the appellants only because they voted for a person who died and who could not assume the office for which he had previously qualified to run. The same fate could unfortunately befall any candidate for elected office in Georgia, and his or her supporters might find themselves in the same disappointed position the appellants find themselves here. But the application of a policy

AMERICAN OVERSIGHT

voiding votes cast for a dead candidate does not violate the right to vote under the First Amendment and the Fourteenth Amendment any more than it would violate the rights of an individual who wanted to vote for someone otherwise disqualified from appearing on the ballot or assuming office. See *Burdick*, 504 U. S. at 440 n.10 ("It seems to us that limiting the choice of candidates to those who have complied with state election law requirements is the prototypical example of a regulation that, while it affects the right to vote, is eminently reasonable."); *Cox v. Barber*, 275 Ga. 415, 417-418 (2) (568 SE2d 478) (2002) (per curiam) (upholding durational residency requirement for candidates for Public Service Commission under *Anderson-Burdick* test).

To the contrary, the broad application of this rule to any similar situation (without regard to the identity or affiliation of any candidate or voter) illustrates that OCGA §§ 21-2-437 (d) and 21-2-438 (a) provide a reasonable, neutral, and non-discriminatory solution to a confounding electoral problem. See *Crawford*, 553 U. S. at 202-203 ("When we consider the statute's broad application to all

AMERICAN OVERSIGHT

. . . voters, we conclude that it imposes only a limited burden on voters' rights." (citation and punctuation omitted)). Rather than requiring that elections boards incur the expense of a new election—potentially delaying the ability of the ultimate winner to take office when his or her term would otherwise have begun—the state's policy simply discards any votes cast for a candidate who has died, just as it does for any candidate who has been disqualified. If that candidate receives the most votes, the next highest vote-getter either wins the election or moves to a runoff if he or she did not achieve a majority of valid votes cast. See OCGA § 21-2-501 (a) (1). In light of the minimal burden this rule places on the right to vote, the state's interest in finality and in administering a fair and efficient election justify this rule and the Board's application of it in this case. Thus, the Board's application of OCGA §§ 21-2-437 (d) and 21-2-438 (a) did not violate the appellants' rights to vote under the First and Fourteenth Amendments.

(b) The appellants also argue that the Board's decision to invalidate votes cast for NeSmith valued their votes less than votes

AMERICAN OVERSIGHT

cast for Houle and that this action constituted unconstitutional "later arbitrary and disparate treatment" as articulated in *Bush v. Gore*, 531 U. S. 98, 104-105 (121 SCt 525, 148 LE2d 388) (2000). But, as is well known, *Bush v. Gore* addressed recount procedures that were ordered by the Florida Supreme Court after the disputed 2000 presidential election. The United States Supreme Court held that court-ordered procedures for conducting a manual recount of certain ballots cast in various counties in Florida were not specific enough such that they could be implemented in order to make a standards-based decision regarding the intent of the voter who had cast each disputed ballot. See id. at 105-111.

In contrast, OCGA §§ 21-2-437 (d) and 21-2-438 (a) provide for a simple, objective judgment to be made by the Board: if a candidate has died, any votes cast for him or her are void. The Board need not engage in the fraught determination as to how a "dimpled," "hanging," or "pregnant" chad on a paper ballot evinces the voter's intent to select a particular candidate, as election boards in Florida were attempting to do in 2000. See *Favorito*, 285 Ga. at 797 (1) (a).

AMERICAN OVERSIGHT

Moreover, to the extent *Bush v. Gore* took issue with the fact that the recount procedures at issue had been developed only after the election, see 531 U. S. at 104-105, that concern is not present here. OCGA §§ 21-2-437 (d) and 21-2-438 (a) were enacted well before the June 9, 2020, election for District 6 county commissioner. Upon learning of NeSmith's death, the Board was not attempting to fashion an ad hoc solution to a new problem not contemplated by state law. Instead, the Board applied clear and longstanding Georgia election statutes. Consequently, the appellants have no claim that votes cast for NeSmith were void as the result of "*later* arbitrary or disparate treatment," as nothing about the requirements of OCGA §§ 21-2-437 (d) and 21-2-438 (a) has been shown to lack "specific standards to ensure [their] equal application." *Bush*, 531 U. S. at 104-106.

(c) Appellants also make a number of more generalized arguments that the application of OCGA §§ 21-2-437 (d) and 21-2-438 (a) violates their rights under the Fourteenth Amendment. But because the decisions cited by the appellants have no bearing on the

AMERICAN OVERSIGHT

issues before us in this case, we reject these claims.

Citing the United States Supreme Court's decisions in *Wesberry v. Sanders*, 376 U. S. 1, 17 (II) (84 SCt 526, 11 LE2d 481) (1964); *Gray v. Sanders*, 372 U. S. 368, 380 (III) (83 SCt 801, 9 LE2d 821) (1963); and *United States v. Mosley*, 238 U. S. 383, 386 (35 SCt 904, 59 LE 1355) (1915), the appellants argue that the Board's application of OCGA §§ 21-2-437 (d) and 21-2-438 (a) in this case violate what they characterize as their "fundamental right to have their votes counted." The appellants also argue that the Board's application of OCGA §§ 21-2-437 (d) and 21-2-438 (a) denied them an equal vote in the District 6 election and unfairly weighted the votes of those who voted for Houle, again citing *Gray* and the United States Supreme Court's decisions in *City of Phoenix v. Kolodziejski*, 399 U. S. 204, 209 (90 SCt 1990, 26 LE2d 523) (1994), and *Hadley v. Junior College Dist. of Metropolitan Kansas City*, 397 U. S. 50, 56 (90 SCt 791, 25 LE2d 45) (1970).

But none of those decisions concerned issues similar to those before us in this case. *Wesberry* dealt with malapportionment of

AMERICAN OVERSIGHT

congressional districts and the "one person, one vote" principle. See 376 U. S. at 7-8 (II) (declaring Georgia's 1931 apportionment of congressional districts to be unconstitutional and holding that Article I, Section II of the United States Constitution requires "as nearly as is practicable one man's vote in a congressional election . . . to be worth as much as another's."). *Hadley* likewise involved malapportionment of voting districts—specifically, districts for trustees of a junior college board. See 397 U. S. at 51. The Supreme Court held in that case that the formula for establishing the districts resulted in systematic discrimination against voters in more populous districts by diluting their voting power relative to the voting power of those residing in smaller districts in violation of the equal protection clause. See id. at 52. Similarly, *Gray* declared unconstitutional Georgia's former county unit system, which allocated to each county a specified number of members in the Georgia House of Representatives. See 372 U. S. at 381 (3). The Supreme Court declared that this system, which gave every qualified voter in the statewide election one vote, but which, among

AMERICAN OVERSIGHT

other outcomes, resulted in rural votes being weighted more heavily than urban votes, violated the equal protection and due process clauses of the Fourteenth Amendment and the Seventeenth Amendment. See *Gray*, 372 U. S. at 370-371 (1), 377-381 (3). Because the appellants have not alleged any type of dilution of their votes like that the Supreme Court ruled unconstitutional in these decisions, their claims under those decisions fail.

The appellants' reliance on *Mosley* is also misplaced. *Mosley* was a criminal case involving a conspiracy to omit election returns from certain voting precincts. In upholding the constitutionality of the criminal statute, the Supreme Court simply noted that "the right to have one's vote counted is as open to protection by Congress as the right to put a ballot in a box." *Mosley*, 238 U. S. at 386. But that case involved deliberate criminal efforts to ensure that certain ballots that had been validly cast were not counted. That is not the case before us.

Likewise, the *Phoenix* case provides no relief to the appellants. That case involved a challenge to a state law providing that only

AMERICAN OVERSIGHT

GA-ATHENSCLARKE-20-2988-A-000919

owners of real property had the right to vote in an election to approve certain bonds to be issued by the city. See 399 U. S. at 212-213 (I). That law was challenged by a city resident who was otherwise qualified to vote in the election but who did not own real property in the city. See id. at 206-207. The Supreme Court held that the statute restricting voting to property owners violated the equal protection clause of the Fourteenth Amendment. See id. at 213 (II). The appellants have not made any comparable allegation in this case.

In sum, while the cases cited by the appellants stand for important constitutional principles guaranteeing the right to vote on a fair and equitable basis, we see nothing in those decisions touching on the issues presented in this case. Although "the right to vote is fundamental, forming the bedrock of our democracy[,] it is also clear that states are entitled to broad leeway in enacting reasonable, even-handed legislation to ensure that elections are carried out in a fair and orderly manner." (Citations and punctuation omitted.) *Favorito*, 285 Ga. at 796 (1) (a). While courts

AMERICAN OVERSIGHT

have recognized the fundamental nature of the right to vote, including the right to vote in legislative districts roughly equal in size and to have an elector's vote counted on equal terms with those cast by other electors, the appellants have presented no cases to this Court demonstrating that state statutes that void votes cast for a candidate who has died violate these rights, as they have been articulated by the United States Supreme Court.

4. *Claim under the Georgia Constitution*

In addition to their claims under the United States Constitution, the appellants argue that the Board's invalidation of their votes violates Georgia's equal protection clause set forth in Article I, Section I, Paragraph II of the Georgia Constitution of 1983, which provides that "[n]o person shall be denied the equal protection of the laws." But as we have previously held, Georgia's equal protection clause "is generally co-extensive with and substantially equivalent to" the equal protection clause of the Fourteenth Amendment, and "we apply them as one." *Democratic Party of Ga., Inc. v. Perdue*, 288 Ga. 720, 728 (2) (707 SE2d 67) (2011). The

AMERICAN OVERSIGHT

appellants have made no argument for a different application of the Georgia constitutional provision under the circumstances of this case. Thus, just as the appellants' claims under the equal protection clause of the Fourteenth Amendment fail, so too do their claims under the equal protection clause of the Georgia Constitution.

5. *Conclusion*

In sum, the superior court did not err by determining that the appellants' challenge to the action of the Board of Elections was without merit. The Board properly applied OCGA §§ 21-2-437 (d) and 21-2-438 (a) to determine that all votes cast for NeSmith were void. The application of those statutes by the Board in this case violated no rights of the appellants recognized under the First or Fourteenth Amendments to the United States Constitution or Article I, Section I, Paragraph II of the Georgia Constitution. We thus affirm the judgment of the superior court.

Judgment affirmed. All the Justices concur, except Warren, J., not participating.

AMERICAN OVERSIGHT

IN THE SUPERIOR COURT OF ATHENS-CLARKE COUNTY
STATE OF GEORGIA

GORDON RHODEN, FAROL NESMITH, DENISE RICKS, RICK DUNN, JIM SCANLON, and JUDITH SCANLON,	:	CIVIL ACTION
	:	FILE NO. SU20CV0294
Petitioners,	:	
v.	:	
ATHENS-CLARKE COUNTY BOARD OF ELECTIONS AND REGISTRATION, and JESSE M. HOULE,	:	
Defendants.	:	

ANSWER AND AFFIRMATIVE DEFENSES OF DEFENDANT ATHENS-CLARKE COUNTY BOARD OF ELECTIONS AND REGISTRATION

COMES NOW, Defendant Athens-Clarke County Board of Elections and Registration, and hereby files this its Answer and Affirmative Defenses to Petitioners' Petition to Contest Election (hereinafter referred to as "Complaint"), and shows the Court the following:

FIRST DEFENSE

The Complaint fails to state a claim against this Defendant upon which relief can be granted.

SECOND DEFENSE

To the extent that the Complaint asserts claims under federal law against this Defendant, such claims should be dismissed because the individual members of the Defendant are entitled to qualified immunity.

AMERICAN OVERSIGHT

THIRD DEFENSE

To the extent that the Complaint asserts claims under state law against this Defendant, such claims should be dismissed because the individual members of the Defendant are entitled to official immunity.

FOURTH DEFENSE

To the extent that the Complaint states claims under state law against this Defendant, such claims should be dismissed because said Defendant is entitled to sovereign immunity.

FIFTH DEFENSE

For its answers to the specific allegations of Petitioners' Complaint, this Defendant responds as follows:

1.

Defendant admits the first sentence of Paragraph 1 of the Complaint and admits Petitioners have standing, but this Defendant denies any remaining allegations contained in Paragraph 1 of the Complaint.

2.

Defendant denies the first sentence of Paragraph 2 of the Complaint and generally admits the second sentence in Paragraph 2 of the Complaint.

3.

Defendant admits the allegations contained in Paragraph 3 of the Complaint.

4.

AMERICAN OVERSIGHT

Defendant admits the first sentence of Paragraph 4 of the Complaint, and admits that Jerry NeSmith died, but this Defendant is without sufficient knowledge or information as to the exact date of his death.

5.

Defendant denies the first sentence of Paragraph 5 of the Complaint, but admits that 1,866 ballots were marked for NeSmith, that all those votes were declared null and void and Houle was certified the winner of the election. Defendant denies any remaining allegations of Paragraph 5 of the Complaint that are not specifically admitted.

6

Defendant denies the allegations contained in Paragraph 6 of the Complaint.

7.

Defendant admits the Board consolidated and certified the results but Defendant denies the remaining allegations of Paragraph 7 of the Complaint.

8.

Defendant denies the allegations contained in Petitioners' prayers for relief and denies that Petitioners are entitled to any relief on their prayers for relief, including subparagraphs (A) through (F).

9.

(A) Defendant generally admits the allegations contained in subparagraph (A) of Paragraph 9 of the Complaint.

(B) Defendant denies the allegations contained in subparagraph (B) of Paragraph 9 of the Complaint.

AMERICAN OVERSIGHT

(C) Defendant denies the allegations contained in subparagraph (C) of Paragraph 9 of the Complaint.

(D) Defendant denies as pled the allegations contained in subparagraph (D) of Paragraph 9 of the Complaint.

(E) Defendant denies the allegations contained in subparagraph (E) of Paragraph 9 of the Complaint.

(F) Defendant denies the allegations contained in subparagraph (F) of Paragraph 9 of the Complaint.

(G) Defendant denies the allegations contained in subparagraph (G) of Paragraph 9 of the Complaint.

(H) Defendant denies the allegations contained in subparagraph (H) of Paragraph 9 of the Complaint.

(I) Defendant denies the allegations contained in subparagraph (I) of Paragraph 9 of the Complaint.

(J) Defendant denies the allegations contained in subparagraph (J) of Paragraph 9 of the Complaint.

(K) Defendant denies the allegations contained in subparagraph (K) of Paragraph 9 of the Complaint.

10.

Defendant denies the allegations contained in Paragraph 10 of the Complaint.

In further response to Petitioners' Complaint, this Defendant denies each and every allegation in the paragraphs of said Complaint not previously responded to or admitted herein.

AMERICAN OVERSIGHT

Defendant further denies the allegations contained in Petitioners' prayers for relief and denies that Petitioners are entitled to recover any damages on their prayers for relief, including subparagraphs (1) through (6).

Respectfully submitted, this _____ day of July, 2020.

Ballot Proof NovGen sample.pdf

Good afternoon,

KSU will soon send out ballot proofs for your review and approval. Attached to this email are ballot proofing information. There is a document for state level candidates and a sample ballot. The attachments are also on Firefly. Select Download on the bottom of Firefly home page.

These are intended to aid you in the ballot proofing process, but please do not rely solely on this information to proof your ballot. Ultimately, you will be responsible for ensuring that every candidate that should be on your ballot is on your ballot. Please reach out to me if you have any questions regarding state level candidates.

Best,

Ameika Pitts

Open Records Officer to Receive Request	General I (see below for list)

Open Records Request Details

Open Records Request

Dear Records Custodian:

Pursuant to the Georgia Open Records Law (O.C.G.A. § 50-18-70 et seq.), Nick Zirkle makes the following request for records.

Requested Records
Nick Zirkle requests that your office produce the following within three business days, or provide a written description of any responsive records with a timetable for their production within three business days:

1. A list of voters submitted by someone using email address gaelectorchallenge@truethevote.org, challenging their eligibility to vote in Clarke County

Please provide all responsive records from December 12, 2020, through the date the search is conducted.

Please notify Nick Zirkle of any anticipated fees or costs in excess of $100 prior to incurring such costs or fees.

We understand that your office's capacity may be impacted by the COVID-19 outbreak and response efforts. Should that be the case, we would be happy to discuss potential streamlining or narrowing of our request, reasonable delays in processing this request, or other accommodations. Please feel free to contact us at the provided in the final paragraph of this letter; we look forward to working with you.

Nick Zirkle seeks all responsive records regardless of format, medium, or physical characteristics. In conducting your search, please understand the term "record" in its broadest sense, to include any written, typed, recorded, graphic, printed, or audio material of any kind. We seek records of any kind, including electronic records, audiotapes, videotapes, and photographs, as well as letters, emails, facsimiles, telephone messages, voice

AMERICAN OVERSIGHT

mail messages and transcripts, notes, or minutes of any meetings, telephone conversations or discussions. Our request includes any attachments to these records. No category of material should be omitted from search, collection, and production.

In addition, Nick Zirkle insists that your office use the most up-to-date technologies to search for responsive information and take steps to ensure that the most complete repositories of information are searched. Nick Zirkle is available to work with you to craft appropriate search terms. However, custodian searches are still required; your office may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.

In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If it is your position that a document contains non-exempt segments, but that those non-exempt segments are so dispersed throughout the document as to make segregation impossible, please state what portion of the document is non-exempt, and how the material is dispersed throughout the document. If a request is denied in whole, please state specifically that it is not reasonable to segregate portions of the record for release.

Please take appropriate steps to ensure that records responsive to this request are not deleted by your office before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

To ensure that this request is properly construed, that searches are conducted in an adequate but efficient manner, and that extraneous costs are not incurred, Nick Zirkle welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs.

Where possible, please provide responsive material in electronic format by email or in PDF or TIF format on a USB drive.

If it will accelerate release of responsive records to Nick Zirkle please also provide responsive material on a rolling basis.

VIA EMAIL

RE: Elector Challenge

Please accept this letter as a challenge to the attached electors' eligibility to vote in the January 5, 2021 Election, pursuant to Georgia Code § 21-2-230.

Available data from the United States Postal Service National Change of Address (NCOA) and other commercially available sources demonstrates probable cause to believe these individuals no longer reside where they are registered to vote. In fact, these electors appear to have permanently established other residence, as reflected in their change of address, to residential addresses outside of the Georgia county in which they are currently registered to vote.

AMERICAN OVERSIGHT

Georgia Code § 21-2-217 requires that if a person removes to another state, or to another county or municipality within the state of Georgia, with the intention of remaining there an indefinite time and making another state, county, or municipality such person's place of residence, such person shall be considered to have lost their residence in Georgia, or in the former county or municipality, notwithstanding that such person may intend to return at some indefinite future period.

Elector voter registration numbers, registered addresses, and address changes have been provided by attachment as CSV and XML spreadsheets. If you would prefer to receive these files in another format, please let me know.

Additionally, hard copies of individual challenges are being delivered to your office under separate cover.

Respectfully,

Gordon Rhoden

EXTERNAL SENDER: This email originated from outside of the organization.
Do not click links or open attachments unless you recognize the sender and know the content is safe.

To Georgia County Election Boards:

Thank you for the ongoing work you're doing toward our shared goal of carrying out the Senate runoff election in a way that complies with Georgia law and promotes faith in the outcome. Our organization, True the Vote, has worked in all 159 counties in the state to ensure that every legal vote counts and every illegal vote is discovered. Using databases including the U.S. Postal Service's National Change of Address file, we have assisted Georgia citizens with voter challenges in cases where there is probable cause to believe that the person has moved out of the county where they are registered.

We are aware that the ACLU and the Perkins-Coie law firm have provided several counties with misleading information about the voter challenges, and we want to correct the record, as well as assure that we will support the legal efforts of any county that follows Georgia law by reviewing the status of challenged voters.

Attached is a letter we requested from our General Counsel, Jim Bopp, with The

AMERICAN OVERSIGHT

Bopp Law Firm, which more fully details the legal grounds supporting the elector challenges.

Thank you again for all you do -
Catherine Engelbrecht

Re: Open Records Request

Dear Public Records Custodian:

Pursuant to the Georgia Public Records Law (O.C.G.A. § 50-18-70 et seq.) , American Oversight makes the following request for records.

Requested Records

American Oversight requests that your office produce the following within three business days:

> All email communications (including email messages, email attachments, calendar invitations, and calendar attachments) between the specified county officials listed in Column A and the external parties listed in Column B below.

Column A: Athens-Clarke County Elections and Registration & Board of Elections Officials	**Column B: External Parties**
i. Director of Elections and Voter Registration Charlotte Sosebee ii. Elections Assistant Pamela Long iii. Elections Assistant Lisa McGlaun iv. Absentee Ballot Clerk Paula Williams v. Chairperson of the Board of Elections Jesse Evans vi. Vice Chairperson Charles Knapper vii. Board Secretary Willa J. Fambrough viii. Board Member Patricia A. Till ix. Board Member Rocky Raffle	<u>True the Vote</u> a. Catherine Engelbrecht b. Anyone communicating on behalf of True the Vote (including, but not limited to, anyone communicating from an email address ending in @truethevote.org) c. Derek Somerville d. Mark Davis e. Mark Williams f. Ron Johnson g. James Cooper <u>Public Interest Legal Foundation</u> a. J. Christian Adams (including but not limited to,

	adams@publicinterestlegal.org or any email address ending in @electionlawcenter.com) b. Logan Churchwell (including, but not limited to, at lchurchwell@publicinterestlegal.org) c. Sue Becker (including, but not limited to, at sbecker@publicinterestlegal.org) d. Anyone communicating on behalf of Public Interest Legal Foundation (including, but not limited to, anyone communicating from an email address ending in @publicinterestlegal.org)

Please provide all responsive records from December 10, 2020, through the date the request is received.

Please note that American Oversight does not seek, and that this request specifically excludes, the initial mailing of news clips or other mass-distribution emails. However, subsequent communications forwarding such emails are responsive to this request. In other words, for example, if the Director of Elections received a mass-distribution news clip email referencing the relevant statement by the president, that initial email would not be responsive to this request. However, if the Director forwarded that email to another individual with their own commentary, that subsequent message would be responsive to this request and should be produced.

Please notify American Oversight of any anticipated fees or costs in excess of $100 prior to incurring such costs or fees.

American Oversight seeks all responsive records regardless of format, medium, or physical characteristics. In conducting your search, please understand the term "record" in its broadest sense, to include any written, typed, recorded, graphic, printed, or audio material of any kind. We seek records of any kind, including electronic records, audiotapes, videotapes, and photographs, as well as letters, emails, facsimiles, telephone messages, voice mail messages and transcripts, notes, or minutes of any meetings, telephone conversations or discussions. Our request includes any attachments to these records. No category of material should be omitted from search, collection, and production.

In addition, American Oversight insists that your office use the most up-to-date technologies to search for responsive information and take steps to ensure that the most complete repositories of information are searched. American Oversight is

AMERICAN OVERSIGHT

available to work with you to craft appropriate search terms. **However, custodian searches are still required; your office may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.**

In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If it is your position that a document contains non-exempt segments, but that those non-exempt segments are so dispersed throughout the document as to make segregation impossible, please state what portion of the document is non-exempt, and how the material is dispersed throughout the document. If a request is denied in whole, please state specifically that it is not reasonable to segregate portions of the record for release.

Please take appropriate steps to ensure that records responsive to this request are not deleted by your office before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

To ensure that this request is properly construed, that searches are conducted in an adequate but efficient manner, and that extraneous costs are not incurred, American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs. By working together at the outset, American Oversight and your office can decrease the likelihood of costly and time-consuming litigation in the future.

Where possible, please provide responsive material in electronic format by email or in PDF or TIF format on a USB drive. Please send any responsive material being sent by mail to American Oversight, 1030 15th Street NW, Suite B255, Washington, DC 20005. If it will accelerate release of responsive records to American Oversight, please also provide responsive material on a rolling basis.

Conclusion

American Oversight is a 501(c)(3) nonprofit with the mission to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and Twitter.[1]

[1] American Oversight currently has approximately 15,600 page likes on Facebook and 106,100 followers on Twitter. American Oversight, FACEBOOK, https://www.facebook.com/weareoversight/ (last visited Dec. 18, 2020); American

We share a common mission to promote transparency in government. American Oversight looks forward to working with you on this request. If you do not understand any part of this request, have any questions, or foresee any problems in fully releasing the requested records, please contact Khahilia Shaw at records@americanoversight.org or 202.539.6507.

Re: Open Records Request

Dear Public Records Custodian:

Pursuant to the Georgia Public Records Law (O.C.G.A. § 50-18-70 et seq.) , American Oversight makes the following request for records.

Requested Records

American Oversight requests that your office produce the following within three business days:

> All email communications (including email messages, email attachments, calendar invitations, and calendar attachments) between the specified county officials listed in Column A and the external parties listed in Column B below.

Column A: Athens-Clarke County Elections and Registration & Board of Elections Officials	**Column B: External Parties**
i. Director of Elections and Voter Registration Charlotte Sosebee ii. Elections Assistant Pamela Long iii. Elections Assistant Lisa McGlaun iv. Absentee Ballot Clerk Paula Williams v. Chairperson of the Board of Elections Jesse Evans vi. Vice Chairperson Charles Knapper vii. Board Secretary Willa J. Fambrough viii. Board Member Patricia A. Till ix. Board Member Rocky Raffle	<u>True the Vote</u> a. Catherine Engelbrecht b. Anyone communicating on behalf of True the Vote (including, but not limited to, anyone communicating from an email address ending in @truethevote.org) c. Derek Somerville d. Mark Davis e. Mark Williams f. Ron Johnson g. James Cooper <u>Public Interest Legal Foundation</u> a. J. Christian Adams (including but not limited to,

	adams@publicinterestlegal.org or any email address ending in @electionlawcenter.com) b. Logan Churchwell (including, but not limited to, at lchurchwell@publicinterestlegal.org) c. Sue Becker (including, but not limited to, at sbecker@publicinterestlegal.org) d. Anyone communicating on behalf of Public Interest Legal Foundation (including, but not limited to, anyone communicating from an email address ending in @publicinterestlegal.org)

Please provide all responsive records from December 10, 2020, through the date the request is received.

Please note that American Oversight does not seek, and that this request specifically excludes, the initial mailing of news clips or other mass-distribution emails. However, subsequent communications forwarding such emails are responsive to this request. In other words, for example, if the Director of Elections received a mass-distribution news clip email referencing the relevant statement by the president, that initial email would not be responsive to this request. However, if the Director forwarded that email to another individual with their own commentary, that subsequent message would be responsive to this request and should be produced.

Please notify American Oversight of any anticipated fees or costs in excess of $100 prior to incurring such costs or fees.

American Oversight seeks all responsive records regardless of format, medium, or physical characteristics. In conducting your search, please understand the term "record" in its broadest sense, to include any written, typed, recorded, graphic, printed, or audio material of any kind. We seek records of any kind, including electronic records, audiotapes, videotapes, and photographs, as well as letters, emails, facsimiles, telephone messages, voice mail messages and transcripts, notes, or minutes of any meetings, telephone conversations or discussions. Our request includes any attachments to these records. No category of material should be omitted from search, collection, and production.

In addition, American Oversight insists that your office use the most up-to-date technologies to search for responsive information and take steps to ensure that the most complete repositories of information are searched. American Oversight is

available to work with you to craft appropriate search terms. **However, custodian searches are still required; your office may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.**

In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If it is your position that a document contains non-exempt segments, but that those non-exempt segments are so dispersed throughout the document as to make segregation impossible, please state what portion of the document is non-exempt, and how the material is dispersed throughout the document. If a request is denied in whole, please state specifically that it is not reasonable to segregate portions of the record for release.

Please take appropriate steps to ensure that records responsive to this request are not deleted by your office before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

To ensure that this request is properly construed, that searches are conducted in an adequate but efficient manner, and that extraneous costs are not incurred, American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs. By working together at the outset, American Oversight and your office can decrease the likelihood of costly and time-consuming litigation in the future.

Where possible, please provide responsive material in electronic format by email or in PDF or TIF format on a USB drive. Please send any responsive material being sent by mail to American Oversight, 1030 15th Street NW, Suite B255, Washington, DC 20005. If it will accelerate release of responsive records to American Oversight, please also provide responsive material on a rolling basis.

Conclusion

American Oversight is a 501(c)(3) nonprofit with the mission to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and Twitter.[1]

[1] American Oversight currently has approximately 15,600 page likes on Facebook and 106,100 followers on Twitter. American Oversight, FACEBOOK, https://www.facebook.com/weareoversight/ (last visited Dec. 18, 2020); American

We share a common mission to promote transparency in government. American Oversight looks forward to working with you on this request. If you do not understand any part of this request, have any questions, or foresee any problems in fully releasing the requested records, please contact Khahilia Shaw at records@americanoversight.org or 202.539.6507.

Sincerely,

Austin R. Evers
Executive Director
American Oversight

VIA EMAIL

RE: Elector Challenge

Please accept this letter as a challenge to the attached electors' eligibility to vote in the January 5, 2021 Election, pursuant to Georgia Code § 21-2-230.

Available data from the United States Postal Service National Change of Address (NCOA) and other commercially available sources demonstrates probable cause to believe these individuals no longer reside where they are registered to vote. In fact, these electors appear to have permanently established other residence, as reflected in their change of address, to residential addresses outside of the Georgia county in which they are currently registered to vote.

AMERICAN OVERSIGHT

Georgia Code § 21-2-217 requires that if a person removes to another state, or to another county or municipality within the state of Georgia, with the intention of remaining there an indefinite time and making another state, county, or municipality such person's place of residence, such person shall be considered to have lost their residence in Georgia, or in the former county or municipality, notwithstanding that such person may intend to return at some indefinite future period.

Elector voter registration numbers, registered addresses, and address changes have been provided by attachment as CSV and XML spreadsheets. If you would prefer to receive these files in another format, please let me know.

Additionally, hard copies of individual challenges are being delivered to your office under separate cover.

Respectfully,

Gordon Rhoden
