Re: Public Information Request No. R008745

Dear Ms. Lewis:

This e-mail is in response to your public information request to the Office of the Attorney General ("OAG"), received by the OAG on March 25, 2021.

The OAG has reviewed its files and has located the attached documents that are responsive to your request. Although the Public Information Act allows a governmental body to charge for copying documents, the attached documents are being provided to you at no charge. Please note the OAG has redacted personal e-mail addresses.

from the attached documents pursuant to section 552.137 of the Government Code and the previous determination issued by the Open Records Division. See Open Records Decision No. 684 (2009) (governmental bodies may withhold certain information without necessity of requesting decision from Open Records Division).

The OAG has redacted account numbers that are confidential under section 552.136 of the Government Code. Because our office is prohibited by law from releasing this information to you, we have removed it from the attached documents. Normally, we must request a ruling from the Open Records Division before we can withhold information. However, section 552.136 allows us to withhold this specific information without requesting a ruling from the Open Records Division. You have the right to appeal our decision to withhold this information from you. Instructions for appeal are attached. If you do not want to appeal, you do not need to do anything else. Please note that we are only withholding a specific category of information that is confidential under section 552.136.

Our office has no information responsive to category four of your request.

The OAG believes the remaining information responsive to your request is excepted from required public disclosure. We have requested a ruling on this information from the Open Records Division of the OAG. A copy of our brief to the Open Records Division is attached.

If you have any questions, please contact publicrecords@oag.texas.gov.

Sincerely,

Lauren Downey
Assistant Attorney General
Public Information Coordinator
Office of the Attorney General

Finally, we would appreciate any information your office can provide regarding:

- Your state universities' revenue from sports, including any data on whether that revenue offsets the cost of nonrevenue sports or non-athletic activities;
- Any data or examples that might show how schools are likely to respond to uncapping "education-related benefits" for student athletes (i.e., nonrevenue sports will be dropped, or athletics gets less competitive);
- Any examples of how the change to compensation rules might impact Title IX regulations, including any second-order consequences; and
- Any legislative efforts in your state to pass laws regarding student-
