Subject: PCSO's Second Response to P004515-102721/AZ-PINAL-21-1528 ["FAIR Rally"] Public Records Request

EXTERNAL SENDER

Dear Counsel:

Deputy County Attorney James Mitchell is releasing the *second* production of records in connection with P004515-102721/AZ-PINAL-21-1528 ["FAIR Rally"] Public Records Request. [See FAIR_00050-514 (P_2721-AZ_1528)]. These documents are responsive to Fair Rally PRR, Request #3, for email communications sent by Sheriff Lamb from June 24 to June 26, 2021.

The documents can be downloaded at this link. <https://jshfirm.sharefile.com/d->

[s42ef087e78e44cd9a54d80daec1dd7e7](https://www.pinalcountyattorney.com/records/s42ef087e78e44cd9a54d80daec1dd7e7)

PCSO intends to release public records as they become available and will produce them on a rolling basis until the search for responsive records and production thereof has been completed. The response to this request is still ongoing. Please let Mr. Mitchell know whether you have any questions or concerns about PCSO's response.

Subject: [Common Sense Summit] Your Speaker Info

Hello Sheriff Lamb,

We've got just about 6 weeks before the kickoff of Clyde Cleveland's "Common Sense Summit," August 2-6, 2021.

As a member of the JV Partner Management team, I'm here to assist you with your promotion of this event.

We would love to get your promotion dates set in the calendar. We recommend, at a minimum, 3 dates. Our top partners get the best results promoting before the event, during the event, and after the event. And the first day of the summit is a great day to choose during the event.

Note: We close the cart (end sales of the all-access VIP Pass) one week after the event. A lot of people will purchase the VIP Pass right before the cart closes, so it's a great time to promote and pick up more commissions. As a reminder, we offer 50% lifetime commissions based on the first referral.

So please reply back to this email with your promotion dates. It really helps us out a lot as we plan out our marketing calendar.

Your interview will go live at 9:30 am Eastern Time on August 3rd, day 2. It will remain available for free viewing for 24 hours.

We'll be sending your affiliate link and swipe copy soon. If you have any questions at all or need any help with your promotion, please let me know.

NEWLY IDENTIFIED TEXAS BUYER TAG DISTRIBUTOR IDENTIFIED OFFICER SAFETY

June 24th, 2021

Our office, along with our partners at the Vidor TX Police Department have identified a used car dealer, **50 Group Auto Sales** (P123406), who is believed to be selling and/or distributing Texas Department of Motor Vehicle or TxDMV buyer tags.

50 Group Auto Sales is not a new dealer. They became licensed on 12/19/13. Their licensed location is 9311 Airline Dr, Houston. Between 01/01/20 – 05/24/21, they have created approximately 4624 buyer tags.

A preliminary review of the buyer tags created by **50 Group Auto Sales** indicate buyer tags with addresses in TX and AL, AZ, CA, CO, CT, DC, DE, FL, GA, IL, IN, LA, MA, MD, NC, NE, NJ, NY, OR, PA, RI, SC, SD, UT and VA.

On 06/10/21, our office had put out initial notice we were monitoring this dealer. Vidor PD confirmed they had already stopped a salvage vehicle that was being illegally operated with one of their tags. During the ongoing investigation, Vidor PD was able to identify a second vehicle where the driver indicated he had purchased a **50 Group Auto Sales** buyer tag from an insurance agency in Chicago.

FAIR_000066
(P_2721-AZ_1528)
AZ-PINAL-21-1528-B-000025

In the past two months, multiple new dealers have emerged that illegally distribute Texas buyer tags. In addition to, **50 Group Auto Sales**, the following is a partial list of TxDMV licensed dealers who are believed to be buyer and/or dealer tag distributors:

- Cobra Motors - P162014, licensed 02/22/21
- Goldenway of Texas LLC – P163051, licensed 05/26/21
- 1320 TX AUTO – P162755, licensed 04/27/21
- Jumping Cars Auto LLC – P162603, licensed 04/13/21
- Spirt Motor LLC – P159817, licensed 08/19/20
- Wale Automotive – P158331, licensed 04/21/20
- SNS Auto – P146637, licensed 02/07/18
- Alex Auto Sales – P160923W, licensed 11/12/20
- Hudson Auto Trading – P159749, licensed 08/13/20
- M Motors – P160810, licensed 11/04/20

Texas Department of Motor Vehicles buyer tags are being illegally sold and distributed nationwide via social media and other online venues. The tags are being sold as low as \$45 upward to \$300. It is estimated an average of 25,000 buyer and/or dealer tags are being sold each week. The most common tag being sold is the buyer tag.

If you encounter buyer tag being misused, we strongly encourage you to file a complaint with TxDMV at <https://txdmv.secure.force.com/Complaint/>.

In addition, if you encounter a subject with a Texas tag that was illegally purchased, we recommend you find out where they purchased the tag from and take screen shots of the information to include means of communication; username; and payment methods. Cash App, Pay Pal and Zelle seem to be the most common forms of payment.

As an officer safety reminder, it is imperative you run the complete VIN when encountering a Texas tag. The information being entered into web dealer, which feeds NCIC is compromised.

Please continue to develop your own PC for a stop. This investigation is ongoing.

Subject: ***CALL TO ACTION*** End AZ State of Emergency
Attachments: Outlook-acytwk1z.png FORMAL NOTICE to Governor Douglas Ducey to end SoE.pdf

Hey Mark,

Interesting video below...do you know Julie?

If you have not yet printed off pages one and two of the attached notice, signed it, made 23 copies and mailed to Governor Ducey and all persons on page three, please do so by tomorrow Friday. Get together with multiple friends/family to mail notices together to save postage. Share this with every organization you are a part of and every email list you have.

This must be a unified action across Arizona, putting Ducey on **"Notice"** that we are DONE with him infringing on our constitutional rights and continuing to issue executive orders, based on a "state of emergency" when there is NO EMERGENCY. We need 1000's of notices to descend on him by start of next week. "Phase Two" will follow.

I have had a few replies that some of you don't have a printer that handles legal paper. Just from experience with many newer printers, you can adjust the paper tray to accommodate legal paper and make the setting "legal" before printing. If your printer does not have this feature, you can print off on regular size paper and take to a copy center, like Staples, and have them print on legal paper. You may have a friend that does have a printer that can accommodate legal paper- get together. We also want to make sure everyone sends this email or prints off copies to share with TEN (10) friends and do the same.

Arizona needs to **"Stand Up"** together to accomplish ending the state of emergency, because so much of Ducey's actions are occurring because of the SoE still being in place. Again, read his recent executive order #14 for the continuing violation of our health information rights under this "state of emergency".

Indifference and passivity are not options, the fight is not over. Thank you for continuing to stand!

For Freedom and the Will of the People!

FORMAL NOTICE to END THE ARIZONA STATE OF EMERGENCY

TO: Governor Douglas Ducey

FROM: _____

Full Name

One of the People of Arizona, given power by AZ Constitution Article II, section 2. (*"All political power is inherent in the people, and governments derive their just powers from the consent of the governed and are established to protect and maintain individual rights"*). We stand as sentinels, when the enemy/government is approaching our liberties, we must cry "alarm".

Notice to Agent is Notice to Principal and Notice to Principal is Notice to Agent

This notice is being given to you **Governor Ducey**, as it is our right to give you frequent notice, based on Arizona Constitution Article II, section 1: *"A frequent recurrence to fundamental principles is essential to the security of individual rights and the perpetuity of free government"*. We must provide a constant visible reminder to government on their limits and the expansive rights of the people. Our rights are a "no tread" zone. You have failed your responsibility to the residents of Arizona, an oath you took to support the United States Constitution and Arizona Constitution, taken as Governor on January 7th, 2019 at 1:33pm. Article II, section 7 regarding this oath as governor, *"The mode of administering an oath, or affirmation, shall be such as shall be most consistent with and binding upon the conscience of the person to whom such oath, or affirmation, may be administered"*. You, in good conscience, took that oath as governor, and you are failing to uphold your oath.

You are lacking in due diligence in securing our individual rights, based on both the Arizona Constitution and U.S. Constitution, wherein the Declaration of Independence states: *"We hold these truths to be self evident, that all men are created equal, that they are endowed by their Creator with certain unalienable rights, that among these are life, liberty, and the pursuit of happiness. That, to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed."* We the people understand we have ALL political power in the state of Arizona, and you are simply a servant to the people, and we have full authority over you. You have stepped outside your position of servant to the people, as well as your sole position in the Executive Branch of Arizona government, to implement state laws and oversee the operation of the state executive branch. It is not in your power to make laws, nor executive orders that are in direct conflict and violation to the people of Arizona's rights and personal liberties.

You cannot create new power or authority through executive order. You cannot govern by decree without limitation. In this respect you also failed Arizona Constitution Article V, section 4; *"He may convene the legislature in extraordinary session"*, wherein ARS 26-303 also states *"The powers granted the governor by this chapter with respect to a state of (war) emergency shall terminate if the legislature is not in session and the governor, within twenty-four hours after the beginning of such state of (war) emergency, has not issued a call for immediate special session of the legislature for the purpose of legislating on subjects relating to such state of (war) emergency."* You failed not only in the AZ Constitution law, but ARS 26-303 statute used for the "state of (war) emergency" in all 2020/2021 executive orders. Not having the power to make new laws or mandates, a prudent and logical approach would have been to call the legislature into special session to make decisions as a legislative body, which you failed to do.

We the people demand as our rights as the citizens of Arizona, that the "state of emergency" declared on March 11th, 2020, be immediately rescinded. Pursuant to Arizona Constitution Article II, section 8 Right to Privacy; *"No person shall be disturbed in his private affairs..."* and the state of emergency violated Arizona residents on many fronts; from business shutdowns with financial loss, to detrimental health and loss of life from postponed health care and isolated seniors in lockdown, to a year of school missed by children across the state, and your continued effort to track and obtain personal health information from all residents of Arizona, in direct violation of HIPAA (Health Insurance Portability and Accountability Act of 1996). As further stated in Miranda vs Arizona, 384 US 436, p.491 (1966); *"Where rights secured by the Constitution are involved, there can be no rule making or legislation which would abrogate them"*.

This notice serves as final notice on behalf of the people of Arizona to restrain all actions of you Governor Ducey, in respect to illegitimate laws and executive orders from this day forward, without the consent of the Arizona residents, over the people of Arizona and restricting any personal rights of individuals, businesses, health and parental rights of education for children in Arizona schools.

Governor Ducey, you have FIVE DAYS upon receipt of this notice to rescind the state of emergency orders/proclamation of emergency of March 11, 2020, and immediately notify throughout all Arizona media, radio, and print media outlets, and ADOT electronic freeway signs, that you have rescinded the state of emergency and that all personal rights have been restored to all Arizona residents. We will remind you again that stated in Article II, section 3; *"The Constitution of the United States is the supreme law of the land"* and our rights given to us in the Declaration of Independence states; *"That to secure these Rights, Governments are instituted among Men, deriving their just Powers from the Consent of the Governed, that whenever any Form of Government becomes destructive of these Ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its Foundation on such Principles, and organizing its Powers in such Form, as to them shall seem most likely to affect their Safety and Happiness"*.

If you believe that the above is untrue, please respond with within five (5) business days of receipt of this notice, by affidavit, with Constitutional Provisions showing where THE PEOPLE of Arizona gave you the power to infringe on our constitutional rights. If you fail to respond and fail to end the Arizona State of Emergency, declared March 11, 2020, within five (5) days of receipt of this notice, you are agreeing that you knowingly trespassed against The People of Arizona, committing Maladministration, and directly trampling the Oath you swore to Arizonans.

VIRTRA ON GOOD MORNING AMERICA

As seen on GMA this week, Oakland PD's [V-300®](#) helps officers practice de-escalation and allows officers to practice in a safe environment, controlled environment. Both officers and viewers of the show are reminded that training is not just teaching police how to shoot, but much more -- and all of it is possible with VirTra's effective solutions.

WATCH NOW

VOLUSIA SHOWCASES INTENSE REALISM

Volusia County, FL was in the spotlight on Fox News, giving Laura Ingraham a tour of their police academy. The facility includes a V-300 that Laura called "unbelievable technology" as she experienced the heart-pounding scenarios that officers use to train recruits.

ACCURATE SUPPLEMENT TO RANGE TRAINING

While nothing exactly compares to firing a weapon at the range, VirTra's marksmanship allows police and military to get the next best experience. With customizable ranges and incredible accuracy, you'll notice your skills practiced with VirTra transfer onto the range.

[LEARN MORE](#)

THE FLAWS OF VIRTUAL REALITY

Virtual reality goggles may be the upcoming technology, but it still hasn't fully developed enough to effectively train police officers. Unrealistic CGI, motion sickness and more could interfere with a truly transferrable training experience. Read the whitepaper written by VirTra's CEO Bob Ferris and Training Director Lon Bartel.

HEAR IT FROM THE SHERIFF

You may have heard us talk about VirTra's capabilities and how it helps officers learn crucial skills, but don't just take it from us. Listen to Sheriff Mark Lamb of Pinal County, AZ explain how beneficial simulation training is.

1. Flight terms and restrictions: Fare shown is valid until 6/28 for travel 9/7-10/30/21 (Excl. Fri & Sun travel). Lowest available fare (Blue Basic, otherwise Blue) only on sale. Fares include government taxes and fees. Limited exceptions apply. All fares are subject to limited availability; may not be available on all days or all flights; may change without notice; must be purchased at time of reservation; and are one-way, nonstop (except as otherwise noted), nonrefundable, and nontransferable. \$25 fee per person applies to fares purchased by phone. Taxes and fees apply to Award Flights, are the responsibility of the customer, and will vary based on your departure and destination cities. The amount of taxes and fees required for an Award Flight is listed next to the applicable point requirement and is subject to change as required by law. [View details on government taxes and fees](#). Award Flight fares are one-way (unless otherwise indicated) and nonstop; point requirement and gov. taxes/carrier fees may be higher for roundtrip flights, for flights from destination city to origin city or for connecting itineraries. Proper documentation required for boarding. **Baggage Allowance/Fees:** For Blue/Blue Basic/Blue Extra fares, first checked bag is \$35 and second bag is \$45. For Blue Plus, first checked bag is included and second bag is \$45. For Blue Basic fares for travel 7/20/21 or later, boarding with a carry-on bag is no longer permitted except for Mosaic members, customers combining a Blue Basic fare with an Even More Space seat, active military or an unaccompanied minor. Any carry-on bag brought to the gate will incur a fee and need to be checked. Separate baggage allowances and fees apply to London flights. **Additional Baggage Terms (all fares):** Additional bags (over two) are \$150 each. Weight and size limits and exceptions for itineraries including flights operated or marketed by other airlines also apply. Fares do not include fees for oversized, overweight or extra baggage or other fees for products/services sold separately. [View baggage fees and other optional services and fees](#). [Flight terms and conditions apply](#).

Vacations terms and restrictions: Package price is per person, based on double occupancy, and is valid for packages that include specific flights listed as part of this sale; for booking dates, travel dates, blackouts and day of week restrictions, see flight terms and restrictions above. Price shown is sample package price found 6/11/21 on jetbluevacations.com for travel JFK-ORH on 9/14-9/16/21

and may not represent current savings. Package prices include hotel rates, hotel taxes, roundtrip airfare, and government taxes/fees applicable to airfare based on specified departure city. Prices will vary for other departure cities. Packages/prices subject to availability; may change without notice; valid for new bookings only; capacity controlled; may not be available on all dates or with all flights; and may be restricted to certain hotel room categories. For checked baggage fees, see flight terms and restrictions above. Packages must be purchased at time of reservation and are nonrefundable and nontransferable. Applicable hotel or other Travel Supplier penalties and/or fees may apply. JetBlue requires changes/cancellations to be made prior to scheduled departure, otherwise all money for package will be forfeited. Hotel change/cancel policies and fees apply, vary by property, and may be more restrictive than the JetBlue policy. Call 844-JB-VACAY (528-2229) for the specific change/cancellation policies and fees that apply to a particular package. For changes, there may be an increase in package price. Valid cancellations are for JetBlue Vacations credit only, valid for 1 year. Proper documentation required for boarding. [JetBlue Vacations terms and conditions apply.](#)

Wanted to let everyone know that we signed a contract this morning with eSkills. From what I can tell online, it looks like a fabulous testing platform. Cheapest way to sign with them is \$850 for 25 tests (\$34 each). They have a huge library and you can search by category (attention to detail, able to follow instruction, etc.) or position (clerical, fiscal assistant, etc.) You can combine tests, and pick and choose from questions. If combining or creating your own, the charge per test is still just \$34. The reviews online are better than I can expect. It was a scurry on our part (IPMA folks - not appreciative of not being forewarned about this), but we are now moving forward. I'll keep you posted on whether or not we like this platform.

Looking for recommendations for candidate testing for positions such as secretary, fiscal, maintenance, etc. I just found out that IPMA doesn't have testing for these common positions any longer and at this time, only have police, fire, corrections and public works. Thanks.

About the Webinar

Correctional settings pose many unique challenges. Behavioral health clients have multiple reasons to feign mental health symptoms in correctional settings, which create the need for clinicians to complete a strong objective vs. subjective assessment and document their findings in a clear and thorough fashion. This presentation will engage learners in a fun and didactic session where the research on lying and the ability to determine its presence will be reviewed.

Educational Objectives

- Review research on lying and feigned mental illness
- Differentiate between feigned and actual symptoms of mental illness
- Integrate learned assessment skills into the documentation of these assessments

Continuing education credit (1.5 hours) available for:

Nurses: The National Commission on Correctional Health Care is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.

NCCHC designates this educational activity for a maximum of 1.5 contact hours.

Physicians: The National Commission on Correctional Health Care is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. NCCHC designates this live activity for a maximum of 1.5 *AMA PRA Category 1 Credit(s)*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Psychologists: The National Commission on Correctional Health Care is approved by the American Psychological Association to offer continuing education for psychologists. NCCHC maintains responsibility for this program and its content. This educational activity has been approved for up to 1.5 hours of credit.

Dentists: The National Commission on Correctional Health Care is an ADA CERP Recognized Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. NCCHC designates a maximum of 1.5 hour credit is approved for this educational activity.

CCHPs: Certified Correctional Health Professionals may earn up to 1.5 contact hours of Category I continuing education for recertification.

Social Workers: This webinar is approved by the National Association of Social Workers for 1.5 social work continuing education contact hours.

Subject: Budget Update #4 SURPRISE - Senate Tries to Adjourn Till Monday at 11:00 - Not Enough Votes for K-12 - Veto Override

Senate Tried to Adjourn till Monday

Well in another surprise turn of events - the Senate has made a motion to adjourn till Monday at 11:00 a.m. President Fann explains that the House is moving so slowly (1 bill in 3.5 hours) that she does not want to keep people waiting around. Adjourning till Monday will give the House time to do whatever they are going to do and then the Senate can start Monday with a firm plan.

Fann wants the adjournment because there are things to work out regarding the vetoed bills and she wants to work them out somewhere other than right now on the floor.

The motion is subject to a roll call vote and they are voting now...

Motion failed 12-18 they are NOT adjourning till Monday.

K-12 BRB

In other news, Rep. Udall has confirmed publicly that she will NOT vote for the K-12 bill if it has the ESA expansion in it. That means that bill will almost certainly have to be amended either on the House floor or in Conference Committee.

Veto Override

A core group in the Senate is upset at the Governor's use of the mass veto on the 22 bills. So now there is a power match going on, and they are testing that power match up with SB1635. Here is what is happening...

- SB1635 Revisers Technical Corrections was vetoed in the mass veto
- Earlier today it was brought back (along with the 21 other vetoed bills) under a new bill number – SB1850
- After SB1850 passed, Sen. Pace made a motion to override the veto of SB1635 (it is a technical correction bill with no new policy in it)
- This override motion is a demonstration that the Legislature is a co-equal branch of government and the mass veto was inappropriate
- Fann believes that this is the wrong time to do this unprecedented thing and she wishes that they could have met as a caucus to have this discussion before the motion was made
- By a vote of **25-5 the override motion has passed** with the required number of votes.

And now they are at a recess "for awhile" since the motion to adjourn failed.

Whew...what a day so far

Subject: Budget Update #5 - Revenue 2899/1827 & Two Budget Bills Sent Back to Senate

Once this bill passed House COW (see amendments below) it was immediately swapped for the Senate version SB1827 and went to a Third Read vote – passed **31-29**.

Also – the Procedures (SB1819) bill and the K-12 (SB1826) budget bills have been sent back to the Senate. This is a sign that they need to be changed.

Vote explanations (the gist – I can't type fast enough to capture it all):

Schweibert – doesn't like that it tries to undo the will of the voter on Prop. 208

Powers-Hannley – does not like the hammer that the Legislature is trying to put down of Flagstaff for raising the minimum wage

Epstein – this undercuts the invest in education surcharge and ignores the will of the voters
(missed a few)

Blackman – we are not changing Prop. 208 because it is voter protected, so lets stick to the facts

Butler – our teacher salaries are ranked near the bottom in the country.

Weninger – Prop 208 is still funded at the exact rate that the proponents said they needed
(missed a few)

Barton – 1/2 of state money has to go to education as part of the Constitution. The Legislature passed a 20% raise for teachers and some of the local districts didn't pass that money along. Arizona is not underfunding education.

Adopted Amendments:

Cobb ([link](#))

1. Establishes the municipal firefighter cancer reimbursement fund (Fund) consisting of fees assessed and collected from cities and towns by the Industrial Commission of Arizona (Commission);
2. Establishes, beginning July 1, 2021, an assessment not to exceed \$15,000,000 in each fiscal year consisting of fees assessed and collected from cities and towns based on population determined by the United States Census Bureau as of July 1;
3. Requires the Commission to assess the fees by July 31 of each year;
4. Requires the Commission to notify the State Treasurer if a city or town does not pay the assessment in full by September 30 and for the Treasurer to withhold the revenue sharing distributions in the amount of the delinquency;
5. Defines terms for municipal firefighter cancer reimbursement purposes;
6. Allows cities and towns to meet their obligation from any source of revenue designated appropriate by the city or town;
7. Contains an intent clause for the Fund;
8. Creates an aggregate individual income tax rate cap of 4.5% for taxable years beginning January 1, 2021; and
9. Exempts, for purposes of implementing the 4.5% rate cap, the Department of Revenue (DOR) from the rulemaking requirements for one year after the effective date of this act.

Subject: Coalition meeting cancelled for July

Dear Mark,

The regularly scheduled second Wednesday coalition meeting is being cancelled for July. David's Hope will continue to be here for all those in need of support while navigating Arizona's mental health and criminal justice systems. We invite you to reach out to us by phone 602-774-4382 or email davidshopeaz@yahoo.com to request assistance.

Stepping Up in your County or Tribal Region

David's Hope would like to continue to be a part of seeing Stepping Up progress across our state. In an effort to see our counties and tribal regions continue to do the work needed to decriminalize mental illness, we are planning to begin a series of meetings featuring a focus on every county and tribal region in our state. That will be achieved one county and tribal region at a time with a different region featured each month.

Would you be willing to participate in a conversation highlighting the accomplishments your county has achieved, as well as the current challenges your county faces? If you can help us identify a small team of representatives from your region, who would be willing to share your Stepping Up efforts with other county leaders and coalition members across our state, please contact Mary Lou Brncik via email at davidshopeaz@yahoo.com. We need your help in the work of decriminalizing mental illness. Whether you are a professional, family member or peer, you are the leaders on which the success of Stepping Up rests.

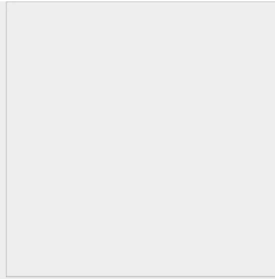

I hope to hear from you soon and look forward to working with you, as we stir the Stepping Up pot, of exciting innovations in your county or tribal region.

For more information on the national Stepping Up Initiative, see <http://www.stepuptogether.org>

Stay abreast of efforts across the country related to reducing incarceration of people living with mental illness and substance use disorders. Stay informed by using the Stepping Up Strategy lab and take a look at the current Stepping Up counties now numbering 534 nationwide.

<https://stepuptogether.org/what-you-can-do>

Don't forget to keep the momentum moving for the creation of a statewide reentry network which promises to be second to none.

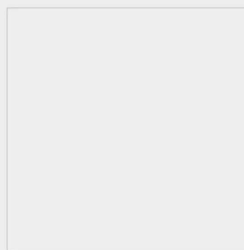

Inside Out Network Founder and Executive Director Fred Nelson, invites you to reach out and connect your organization soon.

There is still time to link your organization with the Inside Out Network. If your organization serves individuals returning to our communities following release from prison in Arizona, you will want to be a part of what will soon become one of the most effectively positioned reentry networks in the country.

Contact Fred Nelson

fred@insideoutnetwork.net

<http://www.insideoutnetwork.net>

David's Hope invites your organization to become a formal endorser of the Arizona Mental Health Criminal Justice Coalition. All that is required is that your organization's director or authorized representative submit a signed coalition endorser agreement.

<http://davidshopeaz.org/resources/Coalition-Endorser-Agreement-2020.pdf>

Once received, we will place your organization's name and website on the coalition endorser page of our www.davidshopeaz.org website. We invite you to join our current endorsing organizations, which have made a public declaration of their support, in our common effort to decriminalize mental illness and addiction.

Remember you can be a part of building the movement to reduce incarceration of people with mental disorders and addiction by choosing David's Hope as your charity of choice, when you shop at Fry's Foods.

Please consider registering your Fry's VIP rewards card to support David's Hope through Fry's Community Rewards program.

If you are a Basha's grocery store shopper, please contact us at 602.774.4382 to learn how you can participate in supporting David's Hope through use of a Basha's Community Support Card.

There is no cost to you the shopper, to support David's Hope through either the Fry's or Basha's program. Thank you for considering lending your arm of support to us in this way. Our efforts are entirely volunteer run. Your support is making a difference in our community.

You can also support our work by choosing David's Hope as your charity of choice on Amazon Smile.

On your first visit to AmazonSmile smile.amazon.com, we invite you to select David's Hope as your chosen charitable organization, to receive donations from eligible purchases before you begin shopping. Amazon Smile will remember your selection, and then every eligible purchase you make at smile.amazon.com will result in a donation, with no additional cost to you.

Excessive Force Intervention Training

IN THE LINE OF DUTY

SI52 - Fear of Retribution/What Every Cop Needs to Know

Whether it's called **'Duty to Intervene'** or **'Fear of Retribution'**, the issue has become critical since the George Floyd death.

Some feel Minneapolis officers did not intervene when Sgt. Derek Chauvin kneeled on Floyd because:

- They were scared of retribution
- Fearful of angering a (senior) officer
- Had not been trained to intervene in critical incidents
- Thought they may be fired/demoted

Now, in this exclusive training program, In the Line of Duty explains and details why officers absolutely must intervene when they see wrongful actions by fellow officers.

Leverage ARP funds to implement an electronic warrant solution

American Rescue Plan funds provide a unique opportunity to help get you to the next level of digital government. The American Rescue Plan Act of 2021 provides every county and municipality with direct funds to continue responding to the impacts of COVID-19.

[Warrant Now](#)'s electronic warrant solution helps you respond to COVID by transforming a manual, in-person warrant process into an efficient, contactless platform for police, sheriffs, and judges. By digitizing the warrant process, you can improve efficiency, enable remote work and enhance the safety and security of law enforcement officials and judges.

Warrant Now solution specialists are here to help you leverage American Rescue Plan funds to implement a safer, more efficient system for warrants. Schedule a time to discuss today!

Subject: FORMER PRESIDENT KATHY NOWAK URGES PROMOTION FOR NEW ELECTIONS DIRECTOR

ELECTIONS DIRECTOR SHOULD BE PROMOTED FROM WITHIN- WE DON'T NEED AN OUTSIDER

Our former club president, Kathy Nowak, has been very active at the county level as of late. We are so proud of her- she rarely is at home these days as she tackles everything from election integrity to educational issues, to who is really running our county board of supervisors. She is now one of the people leading the charge for a new elections director to be appointed from someone who is currently working in the county.

You can read all about it here:

Hello,

I work as a TV reporter for the French press agency Keep In News, based in NYC. We cover news stories and produce short documentaries for all main French TV channels : TF1, M6, Arte, Quotidien etc.

I am currently preparing a short documentary for the TV channel TF1 and their famous evening show named "Sept à Huit" that gathers more than 4,5 millions viewers every Sunday evening. This show broadcasts immersive stories (of approximately 25 minutes) highlighting several topics like immersive/embedded reports with firefighters, police brigade, nurses etc.

This wide range of topics and the story's length give the opportunity to the audience to have a more insightful view of a well known subject.

For this show, we are used to embed stories with police brigades, and I would like to do the same in the US and especially with a Sheriff. Sheriff is a position that doesn't exist in French police, it is a little mythical for us!

In this context, I am looking for a sheriff that would be charismatic and emblematic of the American sheriff. For example, David Clarke Jr. from Milwaukee would have been great for the show. Do you know any sheriff in Texas who corresponds to that?

I would love to be able to highlight their job, serving and protecting the community from the office to the field, every aspect of it. I hope we will be able to work together.

Let me know if you need more details,

Kind regards

FYI. I'm not sure if I briefed you on this or not. The Lt's and the Capt actually came up with this after the pursuit/998. I approved it to move forward. We will lose our Special Assignments Lt., but I believe that the legislative and grant duties can fall to the CIB Lt. with no negative effect.

Chief-

As discussed, effective January the Lt's will be moved to an adjusted schedule to allow for command representation partially after hours. One Lt will be assigned team 3 across the boards and will work Sun-Wed from 1500-0100 hrs. The other will take team 4 and will work Wed-Sat from 1500-0100 hrs. with myself and Lt. King splitting the dayshift responsibilities.

It will be implemented in January due to Lt. Leos's coverage for Superior and then upon his return his attendance in Northwestern Command School. Once we figure out whether or not there will be a new promotion or a reinstatement, that Lt. will be thrown into the mix for coverage.

Hello Pinal County Sheriff's Office,

Super excited to host you for your company outing this year! With the Coors Light Strike Zone and Banner Health Patio being booked up, that leaves us the left field terrace option that was formerly the outside terrace of TGI Fridays and is my recommendation if we want to do back to back Saturday's!

We will be available to accommodate 150 guests at \$46/ per person if we do box option #1. If you choose the \$20 in D-bucks instead we can down the single rate to \$40/ per ticket for both dates.

We also have the Banner Health Centered Field area available at the same price range on 10/2, so we can have the Terrace one day and Banner Health on the next day if we wanted to.

Let me know when any questions arise!

-

Left Field Terrace -

Minimum 150 Tickets (up to **200** additional tickets available at same per ticket rate)

With \$20 D-bucks (can be used anywhere in the stadium that accepts CC): \$40/ per person for both dates (9/25 and 10/2)

OR

With Box Lunch: \$46/ per person for both dates (9/25 and 10/2)

Option #1

D-backs Hot Dog
Kettle Chips
Whole fruit
Cookie
1 Pepsi product

**Additional staffing fees may apply with catering based on group size

Located on Club Level, in Left Field

Acquire Discounted Mobile Forensics Software & Training Through This Grant

This Mobile Forensics Training grant is set up for law enforcement agencies to acquire needed mobile forensics software and training for their departments. Recent surveys have shown that obtaining evidence data in the field is now a top priority for law enforcement agencies, yet they are still having trouble keeping up with the increasing amounts of cases involving cell phone data due to a time consuming process that can lead to a loss of data or legal precedence.

[The Susteen Mobile Forensics Training Grant](#) allows law enforcement agencies the ability to acquire their own mobile forensic software at steeply discounted prices and to keep mobile forensics in house. Agencies can now obtain multiple licenses and receive training with this grant.

So great seeing you yesterday! The expo was awesome. Miss seeing you guys so frequently. Felt at home at the conference!

I wanted to connect Mark Roylance from MARK43 to this email as well given the conversation you all had regarding the upcoming RFP for PCSO. As mentioned, we would love to be included on that and if it isn't too late, talk further with the appropriate folks at the Office re: demonstration. We will follow your lead on whatever is best as far as timing for PCSO.

Thanks again and always great seeing you!

Best,

Subject: House Budget Update #1 - Getting Started and Misc

Good Morning ACo Members:

Today should be budget day in the House and they are due to get started shortly. We will be providing updates similar to what we did on Tuesday however if the House amendments are identical to the Senate we will simply note that. We may be in for some excitement today when it comes to the Procedures and Criminal Justice bills.

Some things to note:

1. In addition to the budget in the House, both chambers still need to address the 22 bills that were vetoed by the Governor
2. There are also a group of bills that still need 3rd or Final votes in one chamber or another
3. It took 17 hours of debate for the Senate to complete the budget – the House has twice as many members so it always takes longer in the House
4. Sine die is imminent – but unlikely today. My guess is that some point on Friday is the earliest

Thank you for all of your work especially on some of these last minute budget items that have come up. We'll keep you posted.

Subject: House Budget Update #2 - Controversial Rule Change - Far Less Debate

Well leave it to the House to make my sine die prediction wrong right out of the gate.

We are beginning with a Rule Change to limit protests and the length of debate in COW. Speaker Bowers explained that it was in response to what happened on Tuesday and is an attempt to keep things moving in the interest of health.

The new rule:

1. Protests are allowed but shall only be in writing
2. Max COW debate per bill – 30 minutes
3. Motions to amend the COW report are allowed, in group format only, – but no debate

The new rule was adopted along party lines 31-29.

That means that for the 10 budget bills, at 30 mins of debate maximum...only 5 hours to debate the budget. With this new timeline it is now much more possible that the Legislature can sine die today.

Subject: House Budget Update #3 - Taxation HB2900/SB1828

Once this bill passed House COW (see amendments below) it was immediately swapped for the Senate version SB1828 and went to a Third Read vote – passed 31-29.

Vote explanations (the gist – I can't type fast enough to capture it all):

Cano - doesn't help enough people

Sierra – doesn't like direction in which this policy sends AZ

Andrade – Doesn't help enough people

Epstein – a gut punch for the middle class (she even used the “ka -pow” reference from cartoons/comics of yesteryear) (got a call missed a few)

Osborne – budget is not always a financial balance, but balances in spending and helping taxpayers get money back. I have stood for cities and their state shared revenue.

Longdon- Show me your budget and I'll know your values

Cook – thanked his communities, this bill helps as many as possible as best it can

Butler – flat tax is dangerous and irresponsible. Rosy revenue is propped up by federal money – so permanent cuts are a bad idea. We should be investing instead.

Roberts - This does show my values and helps the middle class long term

Finchem – this is not a giveaway, it is where government takes less and it is in no way racist

Fernandez – this is right back to trickle down economics which got us into this mess

Jermaine – the services being removed in other budget bills, in conjunction with the tax policy in this bill is very bad for the middle class

Teran – discussed climate change because when that crisis reaches a critical mass it is not the middle class that will be able to pack up and move.

Hoffman – We have record revenue and that means we are overtaxing our people – so it is time to give the money back.

Rodriguez – We have record obligations to make people whole – schools included. We promised those funds to people and we have the money to make good, let's do that

Espinoza – Overtaxing? What about overinvesting...we should do that. Water infrastructure in the west valley for example

M. Hernandez – “Mercy bears richer fruits than strict justice”

Kavanagh - this budget has something for everyone so not sure why it's R's only. It's a hat trick miracle of a budget

Bolding -

Adopted Amendments:

Cobb Amendment ([Link](#))

1. Removes the affordable housing premium tax credit and the related provisions;
2. Modifies the amount of benefits, for unemployment compensation purposes, through June 30, 2022;

Subject: House Budget Update #7 - Feed Bill HB2895/1823

This is the "Feed Bill" – the crux of the State Budget. All of the other bills essentially implement the Feed Bill, so without the Feed Bill...there is no budget. Typically this is the bill that has the most amendments and this year is no exception.

There were 16 amendments offered that did not make it onto the bill. However, using the rules of the chamber, there was essentially a second vote on several of those amendments to try to add them after the COW was done. Per the new rules that were adopted at the beginning of the day there was only one group motion, there was no debate or explanations of votes, and each was subject to a roll call vote. Each attempt failed 29-31.

Once this bill passed House COW (see amendments below) it was immediately swapped for the Senate version SB1823 and went to a Third Read vote – passed **31-29**.

Vote explanations (the gist – I can't type fast enough to capture it all):

Bolding – AZ should be disappointed if this is the best we can do. This bill is about retaliation on the SOS and too much funding for "freedom schools".

Lieberman – Full of pork and pet projects and doesn't enable AZ to succeed. Our teachers are underpaid and we are sitting on \$2B surplus

Butler – she went through the topics of Democrat amendments that failed

Osborne – US National Debt Clock - \$27T and AZ will be paying that down for years and that is why I support the flat tax. Proud of the child care items in the budget (went through a list)

Cano – this bill does not fund the Housing Trust Fund...used to be \$40M, was \$15M last year, FY22 \$0.

Andrade – funding for rail inspectors is missing and it's a big safety component that doesn't get discussed

Finchem – he didn't like the earlier derision of the Freedom Schools so he defended them and noted that he is currently attending with 5 Democrats. "The enemy of science is consensus".

Fernandez – wished Democrats could have been part of the discussions to pass a true bi-partisan budget. "If this budget was so good why did it take so long for them to buy so many of you off"

Kaiser – Too much misinformation from the other side. Some say state workers have not had pay increases – he listed several agencies that are getting employees raises. He listed several programs (aging services, kids services, DD funding, etc) as examples of the budget not being full of pork but of valuable expenditures "Stop pandering to your base"

Epstein – The two things that educators requested are not in this budget. There are so many ways we could invest in the people in AZ, but they are not in this budget

Kavanagh – so much criticism for not funding certain things in amendments...but that does not factors in what is in the actual bill, or money that came from the federal government

Adopted Amendments:

The Cobb amendment was adopted. There are 36 items that it changes – [click here](#) to view the items and the amendment (mirror to Senate version)

Failed Amendments:

 - Removes language prohibiting monies appropriated for homeless pregnant women services from being granted to entities that provide abortion referral services or distributed to entities that promote, refer or perform abortion.
 - Appropriates \$202,700,000 from the state General Fund in FY22 to the Arizona Financial Aid Trust Fund
 - Appropriates \$248,712,056 from the state General Fund in FY22 to the Arizona Department of Education to distribute to school districts and charter schools to fund the Enrollment Stabilization Grants.
 - Appropriates \$196,000 in FY22 from the general fund to the corporation commission for railroad safety inspectors
 - Removes funding for the Results-Based Funding Program.
 - Appropriates \$284,000,000 from the state General Fund in FY22 to the Superintendent of Public Instruction to fund full-day kindergarten.
 - Appropriates \$500,000,000 from the state general fund to the Arizona Department of Housing for rental and mortgage payment assistance services.
 - Appropriates \$5,000,000 from the state general fund to the Arizona Commission on the Arts.
 - Increases the amount for the DPS salary increase by \$4.7 million to provide for a 12% salary increase instead of a 10% salary increase

Subject: House Budget Update #8 - Transportation HB2901/SB1829

The House had already addressed this Transportation bill two weeks ago but they needed to COW it again in order to match some changes that were added in the Senate.

- Once this bill passed House COW (see amendments below) it was immediately swapped for the Senate version SB1829 and went to a Third Read vote – passed **31-29**.

- **Vote explanations (the gist – I can't type fast enough to capture it all):**

DeGrazia – opposed because bill violates single subject rule

Adopted Amendments:

Cobb ([link](#))

1. Allows an unimpaired passenger of a vehicle at the time of the driver's arrest for a DUI, rather than only a spouse, to drive the vehicle from the place of arrest to the driver's home or another place of safety.
2. Decreases the mandatory vehicle impoundment period from 30 days to 20 days.
3. Increases the daily vehicle storage fee for a mandatory impoundment from \$15 to \$25.
4. Repeals statute relating to the review of major railroad projects by the Arizona Department of Transportation (ADOT).
5. Prohibits a registering officer from collecting the highway safety fee for a vehicle registration that expires on June 30, 2021.
6. Requires ADOT to refund the highway safety fee if collected for a vehicle registration that expires on June 30, 2021.

- Removes the provision increasing from \$3 million to \$5.5 million the amount of liabilities the State Forester can incur for suppressing wildland fires and responding to other unplanned all-risk activities.
- Deletes the provision allowing an entity to apply for and receive grants, staff assistance or technical assistance for planning or designing a water supply development project from the Drought Mitigation Board.

Failed Amendments:

- When considering the purchase of a new vehicle, requires state agencies and political subdivisions to consider electric vehicles and the long-term maintenance and fuel costs when evaluating the total costs over the life of the vehicle.
- Authorizes the Department of Administration to reimburse a political subdivision for the difference between the amount that the political subdivision spent on electric vehicles and the amount that the political subdivision would have spent on fossil fuel vehicles. a. Allows the Department of Administration to establish a reimbursement cap for each political subdivision. b. Directs the Department of Administration to reimburse political subdivisions on a first-come, first-served basis. c. Defines "political subdivision" as a county, city, or town. d. Appropriates \$1 million from the state general fund in FY 2022 to the Department of Administration for electric vehicle reimbursement and exempts that appropriation from lapsing.
- Establishes an Electric Vehicle Charging Station Grant Pilot Program, administered by the Commerce Authority, to offset the cost of installing electric vehicle chargers in underserved, rural areas.
 - a. Requires the Commerce Authority to give priority to a grant applicant that plans to install a level three fast charging direct current charging station in an area without access to level three chargers.
 - b. Specifies that charging stations that are eligible for grant monies must be available for public use, either for a fee or for free.
 - c. Specifies that the Commerce Authority may award grants for all or part of the cost of installing electric vehicle charging stations.
 - d. Specifies that grants are subject to fund availability.
 - e. Specifies that the Commerce Authority may accept gifts or grants from any federal or state agency, municipality, private organization or other source to be applied to the program.
 - f. Requires that, one year after the Commerce Authority begins administering the program, the Commerce Authority shall submit a report to the Speaker of the House, and the Governor, with a copy to the Secretary of State. The report shall detail the results of the program, including an estimate of the volume of greenhouse gas emissions that were avoided as a result of the program.
 - g. Appropriates \$1 million to the Commerce Authority in fiscal year 2022 to administer the program and exempts that appropriation from lapsing.
- Allow BOS to establish ground water basins or subbasins
- Increases the earned release credit rate for prisoners who participate in an inmate wildland firefighting or fire mitigation program to 11 days for every 4 days served.
- Requires that prisoners who are employed by the Department of Forestry and Fire Management be paid at least \$3 per hour, rather than \$1.50 per hour.
- Increases the maximum balance that a prisoner can accumulate in a dedicated discharge account from \$250 to \$5,000
- Appropriates annually, beginning in FY 22, \$25 million from the state general fund to the Department of Forestry and Fire Management for wildfire emergency response and wildfire mitigation
- Appropriates annually, beginning in FY 23, \$50 million from the state general fund to the Department of Forestry and Fire Management for wildfire emergency response and wildfire suppression

Subject: House Budget Update #11 - Health HB2896/SB1824

So far the Heath BRB has some of the most lengthy amendments. Thus, they are not fully detailed below rather there are links to the summaries/text.

Once this bill passed House COW (see amendments below) it was immediately swapped for the Senate version SB1829 and went to a Third Read vote – passed **31-29**.

Vote explanations (the gist – I can't type fast enough to capture it all):

Butler – wanted to add 30,000 kids onto state health insurance (amendment failed), find it shameful that following an pandemic we can't help kids.

Schweibert – Yes this budget funds some key departments but often not to the level those departments say they need to truly be successful. We should do better

Teran - discussed her Paid Family Leave amendment that didn't pass.

Andrade – Reiterated the importance of Paid Family Leave

Roberts – appreciates all of the COVID provisions in the bill related to no requirements/passports

Salman - we could be helping so many more people. And why are we preventing private businesses from doing what they want re: COVID restrictions – that is government overreach. This an inadequate health budget.

Stahl-Hamilton - we should want to help struggling working families. I come from a faith tradition that compels me to reach to those who struggle.

DeGrazia - this bill goes far beyond a budget bill and contains too much extra policy

Sierra – had hoped that COVID would unite us but no. “Arrogance is not an effective vaccine”

Cano - Reiterated Sierra's comments about arrogance.

Adopted Amendments:

Cobb – a lengthy amendment so here is the link to the summary and document:

<https://apps.azleg.gov/BillStatus/GetCalendarBillAmendmentPdf/?calendarBillId=727576&itemId=6>

Failed Amendments:

- Increases the federal poverty level to forty percent, adjusted for family size and factors, to the cash assistance program.
- Increases the duration of assistance to a needy family to sixty months in the cash assistance program.
- Specifies that a second instance of noncompliance that occurs during the same month as the first noncompliance reduces the household's cash assistance grant by fifty percent for one month.
- Appropriates \$13,000,000 from the state general fund in FY22 to DES towards TANF cash assistance program.
- Contains a retroactivity clause, to and from June 30, 2021
- Mandates the Governor's Office of Equal Opportunity to hire a full-time employee to serve as an Americans with Disabilities Act ("ADA") Coordinator.
- Requires the ADA Coordinator implement a plan to carry out the ADA in Arizona.
- Lists the plan must:
 - a. Be community-based;
 - b. Promote the coordination of disabilities activities throughout Arizona;
 - c. Include a component that provides ADA education to small businesses;
 - d. Encourage coordination between the small business and disabilities community to enhance compliance with the ADA in public and private settings;
 - e. Include specific enforcement of disability accessibility goals and a method for measuring progress toward goals.
- Appropriates \$100,000 from the General Fund in FY22 to the Office of the Governor to fund a full-time employee ADA Coordinator position. 5. Requires the Auditor General to engage an independent consultant to examine the current adult protective services program in Arizona and recommend improvements. 6. Appropriates \$300,000 from the General Fund in FY22 to the Auditor General to comply with the instruction to engage an independent consultant.
- Numerous changes related to pregnant women: <https://apps.azleg.gov/BillStatus/GetCalendarBillAmendmentPdf/?calendarBillId=727576&itemId=2>
- Increases income eligibility for the children health insurance program to two hundred fifty percent of the federal poverty level, effective October 1, 2021.
- Appropriates in FY22 to AHCCCS from the following: a. \$12,400,000 from the state general fund; b. \$46,675,800 from the children's health insurance fund.
- Very large amendment related to family medical leave insurance:
<https://apps.azleg.gov/BillStatus/GetCalendarBillAmendmentPdf/?calendarBillId=727576&itemId=4>
- Large amendment small business sick leave provisions:
<https://apps.azleg.gov/BillStatus/GetCalendarBillAmendmentPdf/?calendarBillId=727576&itemId=5>
- Increases the kinship foster care stipend from \$75 to \$250.

Subject: House Budget Update #12 - Higher Ed HB2897/SB1825

There is a lot of conversation from the Democrats about the COVID restrictions that are placed on universities and community colleges. On this bill the Democrats opted not to ask the bill sponsor to yield for questions and instead they only asked questions amongst their caucus.

****Side Note**** you may be wondering...with the limited debate how are we in hour 11 when debate was limited to 30 minutes per bill? Here's how that happens - there are several steps that the House is moving through on each bill:

1. **COW** – this is limited to 30 minutes per bill
2. **Adopting the COW report** – while certain aspects of this process are limited by the new rules from this morning, when motions are made to amend the report, each motion comes with the request for a roll call vote.
 - a. So if someone moves to amend the report to add 6 different amendments, that means there are 6 separate roll call votes
 - b. Even though people can't explain their vote...they can take their sweet time in voting
3. **Voting the Bill** – each member has up to 3 minutes to explain their vote. This can add up quickly as members use this time to share things that they might not have been able to share during COW

And now you know 😊

Once this bill passed House COW (see amendments below) it was immediately swapped for the Senate version SB1825 and went to a Third Read vote – passed **31-29**.

Vote explanations (the gist – I can't type fast enough to capture it all):

DeGrazia – there should not be policy in the budget

Jermaine – the COVID denying in this bill is very troubling.

Salman – prohibits mandatory testing and that will hit my district hard as it contains ASU. She was visibly upset and frustrated.

Fillmore – COVID was created by a media fear, the danger is the “second wave” and that second wave is mandatory vaccinations. No government should force people to get vaccinated – we should all make decisions on our own bodies

Bolding – this bill puts Arizonans at risk and lacks common sense

Leiberman - please let's not reference the holocaust (Fillmore indirectly did earlier)

Butler - prohibits universities from reacting to a public health crisis on their own campuses. We have safety mandates in other areas, why not in this one?

Fernandez – Responds to the earlier sentiment that kids were traumatized by wearing masks...by saying the real trauma was the events of Jan 6th

Sierra – “The media did not intimidate me, I vote no”

Andrade – Wearing safety gear doesn't prevent a train from running you over, but it's about being as safe as we can

Payne - no American should ever be required to wear a mask or to get a vaccine, we don't need the government to play that role

Dalessandro – we don't have 2nd or 3rd wave...we have a continuing wave. We have a lower % vaccinated than the national average

Roberts – I don't care what you do with your body, but when you make a decision to destroy another body in your womb, it's not okay to murder another body

Cano – the Return to Work program is not working and we are not paying the unemployment wages that we should be

Cook – have concerns about language on the first two pages because some of the definitions are too loosely defined

Rodriguez – too much policy not really an “appropriation” bill. We are in a new normal where every August we will have another wave

M. Hernandez – as a first responder last year was horrifying

Subject: House Budget Update #13 - Criminal Justice HB2893/SB1821

This is the bill that contains the issue that Ryan has been communicating with all of you about...any legislator can request that the AG investigate any county, department, county entity what they believe is a violation of state law or the Constitution. The Kavanagh amendment (see below) makes it a little better because it requires it to be a written rule/ordinance etc, and it also gives the jurisdiction 60 days notice before the AG investigates.

Once this bill passed House COW (see amendments below) it was not immediately put up for Third Read. It was not swapped for the Senate version because the Senate version does not contain the language in the Kavanagh amendment so they will have to adjust their version at some point. Once Hb2893 is officially engrossed they will bring it back for Third Read.

-
Vote explanations (the gist – I can't type fast enough to capture it all):

Adopted Amendments:

Cobb

1. Modifies the language relating to the court rules and administrative that restrict Supreme Court rules or administrative orders from modifying law relating to real property rights.
2. States that a probationer whose probation has been terminated due to serving a sentence in a county jail has failed to complete probation for the purposes of calculating the probation failure rate.
3. Modifies the procedures and requirements of entities that investigate law enforcement officer misconduct.
4. Contains a retroactive date of January 1, 2021, for the changes to the procedures and requirements of entities that investigate law enforcement officer misconduct.
5. Removes the reference to body-worn cameras so that the language also applies to other sources of video.

Kavanagh

1. Specifies that a local policy, rule or regulation must be written for a legislator to refer it to the Attorney General for investigation into whether it violates the law or state Constitution.
2. Requires that, before a legislator may request the Attorney General investigate a written local policy, rule or regulation, the legislator must provide notice to the local entity and wait 60 days for possible repeal

Subject: House Budget Update #14 - Procedures HB2891/SB1819 & Criminal Justice HB2893

(Scroll down for Criminal Justice details)

We had hoped to be able to kill the Hoffman (identical to Borrelli) amendment but that did not happen. We know there are Republicans that sympathized with our concerns but they were unwilling to go out on a limb at this stage – too much pressure from Leadership to toe the line.

Once this bill passed House COW (see amendments below) it was immediately swapped for the Senate version SB1819 and went to a Third Read vote – passed **31-29**.

Vote explanations (the gist – I can't type fast enough to capture it all):

Salman- points she did not cover in COW: Election Directors left out, SOS has to hand over voter info to any entity that Legislature blesses, onerous proof of citizenship for Fed Only voters

Butler – a grab bag of bad amendments that could not pass muster in the regular legislative process

Schweibert – we passed on making meaningful changes and instead focus their energy on petty partisan attacks

Fernandez – this bill will go down in history as the sore loser bill.

Sierra – Read Sup. Gates' tweet from earlier today that the election was fair and people should accept it. "The orange rapture is not happening"

Cook – thanked Fann for including Cook's piece re: AZGFD

DeGrazia – violates single subject, the time limits put in place regarding the SOS make it clear it is not a policy decision, but a partisan decision since it expires post Hobbs.

Weninger – likes the condominium piece

Hoffman – discussed the interference of big tech in the election and how the amendment addresses this

Teran – this bill undermines fair and free elections, those who think the election was stolen will not be satisfied with any changes

Bolding –

Adopted Amendments:

Cobb – extensive amendment that matches the Fann amendment from the Senate:

<https://apps.azleg.gov/BillStatus/GetCalendarBillAmendmentPdf/?calendarBillId=727571&itemId=4>

Kavanagh – an amendment that combines the Townsend and Ugenti-Rita amendments from the Senate:

<https://apps.azleg.gov/BillStatus/GetCalendarBillAmendmentPdf/?calendarBillId=727571&itemId=8>

Hoffman – mirrors the Borrelli amendment (countermeasures):

<https://apps.azleg.gov/BillStatus/GetCalendarBillAmendmentPdf/?calendarBillId=727571&itemId=5>

Failed Amendments:

- Prohibits the use of private monies for an election audit and requires a weekly report to be filed with the secretary of state's office for any election audit initiated before July 1, 2021 that provides the name, address, and occupation of any donor, the amount donated, and the name, address, and occupation of the recipient of any donation. The amendment further requires that any legislative subpoena for an election audit must garner two-thirds vote of both chambers of the legislature. The amendment includes a retroactivity clause to from and after January 1, 2021.
- Creates a state holiday on Election Day each year, on the first Tuesday after the first Monday in November.
- Authorizes same day voter registration and allows that voter to cast a provisional ballot on election day, except for a partisan primary election, which requires the voter to be registered at least 29 days before the primary election day. The amendment also establishes automatic voter registration for eligible citizens who obtain or renew a driver's license or non-operating identification from the Motor Vehicle Division and clarifies that an individual who is not qualified to register and who unknowingly registers at the MVD is not guilty of false registering or false swearing, and expands early voting to include the weekend before election day.
- Strikes the declaration that the Attorney General has the sole authority to defend state election laws and procedures, including to defend, appeal, petition or intervene.
- Removes the June 30, 2023 date related to prohibiting the AG from representing or providing legal advice to the Secretary of State or Department of State on any matters.
- Allows the Secretary of State to make expenditures to employ outside or private attorneys to provide representation and services rather than prohibiting the State of Secretary from making expenditures or incurring indebtedness for the same.
- Adds the Department of State to the list of agencies exempt from representation by the Attorney General.
- Strikes sections 18 and 32 relating to the transfer of the museum gift shop and the state capitol museum from the Secretary of State's office to the Legislative Council

AZ-PINAL-21-1528-B-000164

Once this bill was officially engrossed they came back to it for Third Read. The Senate version does not match and will need to be amended.

Blackman – this is a start for some kinds of reform, but we need to continue to do more for criminal justice reform and dig deeper

Butler – doesn't like the inclusion of SB1487 into this bill – she went onto great details defending cities

Roberts – local governments and the federal government get their authority from the states so its our job to make sure that cities towns and counties follow the law

Subject: House Budget Update #15 - Done for the Night, Adjourned Till Tomo at 9:00 a.m.

After 12 hours and 40 mins of straight debate the House has completed its work for the night but they are not done with the budget. Rep. Udall continues to be a solid "no" on K-12 bill with the ESA expansion included. We're not sure if it will get amended or if she will get pressured into changing her mind – regardless the House has one lone budget bill to complete.

In addition:

- They also have to address the 22 bills that were part of the mass veto
- They have to decide if they will join the Senate in voting to override the Governor's veto on SB1635
- And there are several regular bills that they could still act on as well

They are adjourned till tomorrow (Friday) at 9:00 a.m.

Till then,
Jen

Subject: House Budget Update #16 - Start of Day 2 (K-12 BRB / Vetoed Bills)

Good morning AACo Members,

It is 9:30 AM and we are pledging and praying before the start of day #2 on this effort to push the House budget. You can watch the events unfold [here](#).

Today the K-12 BRB needs to be debated and passed as the last of the major budget bills from the House side. It is likely that the ESA (vouchers) component will be controversial. We do not know if that will be amended out on the House side yet.

There are also about 20 bills that are being moved including SB1783 for small businesses to have an alternative method of taxation to avoid the Prop 208 increase and the 20 vetoed bills from the mass veto by Governor Ducey.

We know the criminal justice BRB was passed yesterday with modifications and will have to be revoted by the Senate who will reconvene on Monday at 11:00 AM. Senator Livingston was planning of flying so it might be later that day.

Please let us know if you have any questions or requests.

Sincerely,

Subject: House Budget Update #17 - SB1783 Additional Tax Changes Passes House COW.

COW #1 consisted of [SB1783](#) the small business alternative tax to avoid the Prop 208 tax increase. Proponents have stated that as Prop 208 campaigned that it wouldn't affect small business that this makes good on that promise while keeping Arizona competitive for small business owners. Opponents state that it undermines the voters' intent in Prop 208 and exempts out a wider variety of businesses than just mom and pop business.

-
We are engrossing this bill and moving on to Third Read.

Adopted Amendments:

Cobb Amendment ([Link](#))

1. Gives JLBC and Director of OSPB joint report for ADOR.
2. Stipulates requirements for the report about general fund levels.
3. Sets and lowers estate tax rates, flattening it out.
4. Sets and lowers a small business income tax eventually going down to 2.5% in TY2025.

Failed Amendments:

Epstein Amendment ([Link](#))

1. Adds a Prop. 105 Voter Protection Act supermajority language to the bill. This would make it harder for the bill to pass and essentially kill it.

Subject: House Budget Update #18 Third Reading Vetoeed Bills; On to K12 BRB

We are third reading the vetoed bills. On bills that Dems do not like, they are taking their time reaching their button or just not being on the floor. At a certain point, Speaker Pro Tempore Grantham is simply closing the board once the 31 YES votes are in and no one is speaking or doing anything to end the stalling tactic and keep us moving.

We are going to COW#2 – K-12 BRB. There are a few vetoed bills left to Third Read at a later time. SB1836 sex offender registration termination will be reconsidered as well.

HB2905 Early Ballots Requested (Hoffman) passes 31-26-3.

Bolding – No as part of an effort against elections.

Sierra – Thank God that the US DOJ is looking at Georgia elections bills, votes no.

HB2906 Governance; Audits; Training (Hoffman) passes 31-25-4.

SB1830 Credit for Donation (Fann) passes 47-9-4.

SB1831 Adoption; Original Birth Certificate; Release (Fann) passes 49-7-4.

SB1832 Restricted License; DUI; Suspension (Fann) passes 32-24-4.

SB1833 Marijuana; Laboratories; Proficiency Testing (Barto) passes 56-0-4.

SB1834 Marijuana; Inspections; Licensing; Financial Ownership (Barto) passes 56-0-4.

SB1835 Party Representative; Resident; Violation (Fann) passes 31-25-4.

SB1836 Sex Offender Registration; Termination (Fann) **FAILS** 30-26-4.

Bowers – Challenges of what to do about offenders who act in their youth. This is when it is a consenting individual when they are minor and with several conditions. Written by Bill Montgomery and Sheila Polk.

Rodriguez – Thank you to the Speaker for referencing the struggles of youth with less brain development. Hope the legislature takes the same approach with other sentencing.

SB1838 Unborn Child; Statutory Language (Townsend) passes 31-25-4.

SB1839 Guilty Except Insane; Court Jurisdiction (Barto) passes 56-0-4.

SB1841 Attorney General; Federal Executive Orders (Gowan) passes 31-25-4.

SB1842 Marijuana; Security (Gowan) **FAILS DUE TO ¾ REQUIREMENT (Prop 105 Voter Protection Act)** 40-16-4.

K-12 BRB. Subject of many amendments.

ESA expansion killed by Democratic Caucus, Representative John and Representative Udall. 28-28-4 (Not voting all Democrats).

K-12 BRB is now different from the Senate version both due to the ESAs not being included and the new Burges amendment. Senator Boyer has voiced opposition to the Burges amendment threatening the success of this version in the Senate even if they drop the ESA part.

Adopted Amendments:

Cobb Amendment ([Link](#))

1. Prohibits counties, cities, towns or school districts or charter schools from requiring face masks on school hours or school property retroactive to July 1, 2021.
2. Prohibition on critical race theory issues from study like in SB1532 including fine structure.
3. Recovery of illegally paid public monies from school advocacy.
4. School Facilities Board dismantled and replaced with ADOA division and School Facilities Oversight Board and related changes to the various SFB programs.
5. School districts and charter schools must report whether they offered in-person, teacher-led instruction if under 180 days of instruction.
5. CTED can apply for reimbursement for industry licenses.

Cobb Amendment to Cobb Amendment ([Link](#))

1. Teacher, administrator or employee of a district, charter or agency involved with students can't use public monies for instruction that presents any form of blame or judgment on basis of race, ethnicity or sex.
2. Fixes errors including drafting error.

Burges Amendment ([Link](#))

1. Ban on school districts or charter schools from requiring student or teacher receiving a COVID-19 vaccine or face mask wearing for in-person instruction.
2. State Board of Education creates a curriculum for a comparative discussion of political ideologies conflicting with principles of freedom and democracy essential to the founding principles of the United States.
3. State Board of Education will work with ASU and U of A "freedom schools" (refer to Higher Ed BRB) and Sandra Day O'Connor Institute.
4. Curriculum will be required.

Failed Amendments:

Schwiebert Amendment #1 ([Link](#))

1. Fund students at distance learning at the same amount as in-person. Retroactive to June 30, 2020.

Subject: House Budget Update #20 - Misc & SB1783

Misc

A little fun fact for the day...while most of the budget bills have been passed by both chambers they can't be sent to the Governor yet. This is because the House swapped bills on Third Read and voted on the Senate versions. So after passing, the House has to transmit them back to the Senate, and the Senate has to be the chamber to transmit them to the Governor. Alas – the Senate can only transmit bills when they are in session so those bills won't head to the 9th Floor till Monday.

Also, we know we don't typically report individual bills each day but we're still in "budget mode" and clearly hanging on every word of the Legislature so we might as well.

SB1783 Small Business Alt Income Tax

As a reminder this bill addresses the small business alternative tax to avoid the Prop 208 tax increase. Proponents have stated that as Prop 208 campaigned that it wouldn't affect small business that this makes good on that promise while keeping Arizona competitive for small business owners. Opponents state that it undermines the voters' intent in Prop 208 and exempts out a wider variety of businesses than just mom and pop business.

During Third Read it was largely the Democrats who opted to explain their votes and they reiterated their COW arguments about thwarting the will of the voters.

Here is a link to the House Engrossed Bill: <https://www.azleg.gov/legtext/55leg/1R/bills/SB1783H.pdf>. It passed the chamber **31-25** (some members are absent today)

Subject: House Budget Update #22: Modified K12 BRB to Senate; House on to HB2035 (Sex Ed)

HB2898 K-12 BRB passes 31-25-4 it goes to the Senate.

Now we do HB2035 third read on sex education.

This will have to be worked out with the differences notably ESAs and the statewide curriculum on freedom and democracy. Debate among the vote explanations was largely Democratic complaints about their priorities being excluded and then an extensive back-and-forth on communism and white nationalism.

- Rep. Schwiebert – Legislature continues to prioritize wealthy citizens over our children. Eliminating SFB is inappropriate as never truly funded.
- Rep. Powers-Hannley – Many complaints about bills that died coming back. STOs were problematic not knowing things. Privatized transportation with no oversight is dangerous for children.
- Rep. Pawlik – I like that gifted education is going to Group B, funding increase for buildings, 4th year funding for CTE, universal testing and more. But also included language from bills not in House Education that didn't have support of members or education community.
- Rep. Andrade – Critical race theory is back though it died in Senate. Remember that 70,000 educators camped out to watch us in 2017. The reward for that is retaliation. Again, retaliation after Prop. 208.
- Rep. Epstein – Lack of definition of controversial is problematic. Works against minorities like LGBTQ. You can teach anything in private schools and get public money.
- Rep. Lieberman – We could reduce class sizes instead. No issues with critical race theory reported. One-size-fits-all civics plan is crazy and anti small government and school choice. STO expansion is craziest of all as the number of kids in private schools unchanged. No accountability.
- Rep. Fernandez – This body is not honoring teachers. We should go out to the voters after this and ask if this is what they wanted.
- Rep. Bolding – Curriculum designed by freedom schools that are partisan and funded by the state is a problem. We were ahead of the curve with Juneteenth but you will be unable to teach about it. This bill contains a number of retaliation mechanisms including moving teacher investigations from ADE to SBE.
- Rep. Hoffman – Reality is one of the greatest threats facing the globe today is communism and totalitarianism. Governments like Communist China whose stated goal is to be the sole and only superpower. People like Vladimir Putin are asserting themselves due to a devoid policy of international affairs by Biden. The threat of Marxism is on our front porch. People in school systems, not the majority of our great teachers, but some like the campaign manager for SPI Hoffman was a proclaimed socialist. Folks should hear from those who escaped communism. No different than from teaching the evils of the Holocaust. Communism and Marxism killed more people than any other thing in last 100 years.
- Rep. Roberts – Why are we not asking the school boards why they are not giving the money that the legislature sends to the teachers? Why are we not holding the school boards responsible? Happy to vote yes and have voted yes on the education budget increasing the funding for education. The minority party has consistently voting against increasing education funding.
- Rep. Daniel Hernandez – You don't get to set the house on fire and get applause when you show up with a garden hose. Decades we have underfunded K-12. We are not close to where we need to be. Sahuarita has carpet in the gym because it costs more to remove the asbestos than it is worth so carpet was placed on top of it. Bigger threat than communism is white nationalism.
- Rep. Sierra – AZ is one of about a dozen states without a poverty weight. We should add one of those and hope you all join me on that.
- Rep. Blackman – Happy to vote yes. Proud of public and DOD schools that I and my children have used. People in green (yes) support education by action. It may not be enough for other folks. But if we really are dedicated, why do we have red (no) votes. If we value our teachers, children, and the education system, we should all be green. This can't be an issue where we are upset and take our marbles home. Nothing is perfect. That's reality. Other reality is the teachers here need help. And our kids need help and saying no is not only saying no to them up there but also no to our kids.
- Rep. Nguyen – Just heard communism is not the enemy but white nationalism is. White nationalism didn't drown thousands of Vietnamese in the South China Sea, communists did. So don't take it lightly, don't mock what I have went through in life. I lost most of my cousin and family members due to communism. If we don't stand up to communism, we'll lose this country. \$12 billion went to education and no one talks about our children and how they perform. How about we teach history, rather than telling us we are constantly at the bottom.
- Rep. Udall – This bill in no way cuts education funding. We are increasing by \$5 billion in education funding. We have heard in the past we need to raise \$1 billion. A lot is COVID relief and one time but there are a lot of ongoing funding too. Ongoing for special education \$50 million more. \$5 million for extraordinary special needs. Ongoing funding for gifted students and testing for gifted not taking from schools. Increasing spending in adult education to pull down max federal match. Budget includes spending for 9th grade and beyond 12th grade CTED. Increase in spending for dyslexia screening and help. Changes to SFB as it was a failure and did not do its job. Prior efforts did not work, so put it in ADOA where they are successful at repairing buildings. Huge increase in per square foot costs of new construction.

FAIR_000206
(P_2721-AZ_1528)

AZ-PINAL-21-1528-B-000172

- Rep. Salman – On SFB, legislature has underfunded construction of our schools. We do this with pensions too where we destroy them and blame them. Additional funding is due to our Democratic President Joe Biden. State surplus is due to a skinny budget that underfunded all agencies. Disappointed that new way of governing is to include these bills that weren't vetted in Education. Christmas tree of bad ideas.
- Rep. Finchem – In my 7 years I have never once heard the opposition name a number. The constant claim we don't fully fund education, I am still waiting to hear what that number is. Every year I've been here, we've referred to an increase in education spending as a cut.
- Rep. Espinoza – Why are we red on this budget? Door was shut on Democrats. We celebrate 49th place. Yes, we have funded education. I applaud you for doing your job. We are still behind. Remember that number. Lot of controversial items such as critical race theory. We should teach the truth about American history.

A.R.S. 42-5209 in regards to university bonding is voter protected. The party-line vote in the Senate meant that this was not approved in the Senate version. It similarly did not reach supermajority status in the House.

Subject: House Budget Update #23: HOUSE ADJOURNS. Return Monday alongside Senate

HB2035 Parental Rights; Sex Education Instruction (Griffin) passes 31-25-4.

Rep. Griffin – Codifies Governor Ducey’s executive order.

Speaker Bowers – Anecdote about his father as a teacher.

Rep. Salman – Will be costly and unproductive. Inhibits the discussion of sexuality which is individual to everyone.

Rep. Fernandez – Walking door-to-door everyone is different.

HOUSE IS ADJOURNED UNTIL MONDAY AT 11:00 AM.

What remains:

1. Differences in Criminal Justice BRB regarding SB1487 Complaints against local jurisdictions (Kavanagh moderates process but many still opposed).
2. Differences in K12 BRB regarding ESA expansions and a new statewide curriculum on freedom and democracy.
3. Several vetoed bills that the legislature looked like it wanted to pass again.
4. The grab-bag of bills before sine die including SB1064 making a surprise appearance on an overly optimistic COW calendar today but was never voted on.

Please advise if you have any questions or requests of us. Otherwise, you may hear more budget updates on Monday.

These **easy-to-understand materials** offer **clear, research-backed information** to educate people about sexual assault and encourage those who have been assaulted to report it to the authorities. **Take a look today, then place an order for prompt delivery.**

Sexual Assault -- What Everyone Needs To Know (CBC0906)

This straightforward pamphlet, with text in both English and Spanish, presents the facts about sexual assault. In easy-to-understand terms, the pamphlet:

- stresses that sexual assault is a violent crime, that it affects both men and women, and that the victim is never at fault
- offers tips to prevent sexual assault and explains what to do if one is sexually assaulted
- includes sources of additional help.

Item no. CBC0906

Sexual Assault -- Steps For Recovery (CBC0325)

Easy-to-read text urges assault victims to promptly report the attack so that they can begin the healing process -- and help prevent further violence. Also:

- tells what to expect during the evidence exam and after reporting the attack to the police or sheriff
- advocates seeking counseling and other forms of support
- lists the types of sexual assault
- underscores that there is no typical victim or attacker.

U.S. Justice Department backs bill to end disparities in crack cocaine sentences

Sarah N. Lynch, Reuters

President Joe Biden's Justice Department is urging Congress to pass legislation to permanently end the sentencing disparities between crack cocaine and powder, a policy that has led to the disproportionate incarceration of African Americans across the United States.

Ideal Option, Safeway partner to bring MAT clinic inside grocery store

Tom Valentino, Senior Editor

Medication-assisted treatment for substance use disorders has a new venue: the grocery store. Ideal Option, which operates more than 60 office-based opioid treatment clinics across 10 states, has partnered with Safeway, one of the nation's largest grocery retailers, to provide its services inside the wellness center at a Safeway store in Vancouver, Washington, a suburb 10 miles north of Portland, Oregon.

Medical examiner: Naloxone becoming less effective in the fight against overdoses

Grace King, WBIR-TV

Knox County, Tenn., posted the highest-ever drug overdose deaths in 2020. Chief Medical Examiner Dr. Darinka Mileusnic-Polchan said that might be because stronger drugs are in East Tennessee. "There's a combination of opiates and methamphetamine or other stimulants for which Narcan doesn't work," she said. "They are much more potent and stronger. The deaths occur faster. The friends and families cannot get to them fast enough."

As overdoses spike, the lines around abstinence-based opioid treatment are starting to blur

Direct Relief

The goal of all treatment programs is to promote recovery. While some programs define this as abstinence, others embrace a broader definition. Deciding whether to utilize medication-assisted treatment or other treatment options depends upon a number of factors. When the symptoms of addiction are minimized, patients are able to lead more productive, functional lives – a key sign of recovery.

Good morning Sheriff Lamb,

Thank you for attending the MCSA 2021 Summer Conference! It was wonderful to have the opportunity to meet in-person again after 16 months of nationwide pandemic concerns. We hope you found the training informative and the fellowship valuable - and that you're already planning to join us for our Fall Conference in Boston on Sept 13-16, 2021.

Attached is a certificate of attendance for your records. In the next couple weeks, please watch your mail for a jump drive from MCSA containing a copy of all the Power Points that were presented during the conference. If you are interested in any additional follow up related to the conference or any of the presentations, please don't hesitate to reach out and we will be glad to assist.

Subject: National HIV Testing Day - Get In The Know

Hi Mark,

National HIV Testing Day is June 27th and this year's theme is **"My Test, My Way"** because now, there are more testing options than ever before. Ending HIV starts with knowing your HIV risk and status.

Approximately 15% of persons living with HIV are unaware of their infection. It's also estimated that persons unaware of their infection are responsible for 40% of transmission in the US*

Subject: NEW Safe Fleet Community Launch for COBAN Customers

SAFE FLEET LOGO

Safe Fleet Community

Access Law Enforcement product support information through our Safe Fleet Community

Get all the great content you used to source through the COBAN and L3 websites.

We've worked hard to build a more intuitive, user-friendly customer support resource that combines all of the great tools from the old COBAN and L3 Dynamics 365 websites. Now you can access Law Enforcement product support information through our Safe Fleet Community.

To access our Safe Fleet Community, follow these simple steps:

- **Contact our Support Team by:**
 - Email COBANsupport@safefleet.net or click on "Email Us For Access" button above.
 - Phone: **1.281.925.0488 opt 2**
- Type **"Register for Safe Fleet Community Law Page"** in the subject line or advise the support rep that you want a Safe Fleet Community login.
- Provide us with your name, phone number, and name of agency.

We'll take care of the rest. You will receive an email from Safe Fleet community, which will provide you with a link to the site and your login/password credentials.

And that's it. You'll have immediate access to law-product training and documentation resources to help you maximize the value of your Safe Fleet Systems.

Hope to see you on the Community soon.

Good Afternoon Sheriff Lamb,

Enjoyed being able to meet you this week and hope your trip home and weekend are awesome.

Please let me know who you like us to coordinate the demo with and I'll be glad to get that set up and on the calendar for us. Attached is a data sheet, one page introduction. Not covered in it is the geo-signal approach you saw in the Border Committee meeting, whereby we can track signals on both sides or anywhere in the world really via AD ID.

OPIOID MONITORING INITIATIVE

Suspected Opioid Overdoses in Your Community!

****WEEKLY ALERT BULLETIN IS NOT FOR PUBLIC RELEASE - LAW ENFORCEMENT & FIRE DEPARTMENTS ONLY****

The Opioid Monitoring Initiative is working with its community partners including the Arizona Department of Health Services (ADHS) and Arizona Health Care Cost Containment System (AHCCCS) to help combat the opioid public health crisis and save lives. The attached Alert Bulletin outlines the recently received information of suspected opioid overdoses (fatal and non-fatal combined) in the past 60 days by zip code.

Please note that the Arizona Opioid Assistance and Referral (OAR) Line offers opioid information, resources, and referrals for providers and the public. Local medical professionals are available 24/7 to provide free, confidential services, including information about opioid dependence, withdrawal, and where to get help in Arizona by calling the hotline at 1-888-688-4222. For more information, please go to the [OAR Line website](#).

In addition, the White House Office of National Drug Control Policy (ONDCP) unveiled a national substance abuse treatment locator which allows people to find substance use treatment for themselves or others. The tool can be found at [FindTreatment.gov](#). Please see attachments with additional information on Arizona's 24/7 Opioid Treatment Centers of Excellence and Naloxone Administration to share with your communities! By working with our partners in the public health community and law enforcement, we can help combat the opioid public health crisis and save lives.

We value your feedback. If you or any member of your agency has any questions or comments, please contact us at 602-376-5194 or via email at omi@azhidta.org.

Thank you,

Please note that the data provided by the Arizona Department of Health Services (ADHS) is based on suspected opioid overdoses reported by medical examiners, healthcare providers, law enforcement, and the Emergency Medical Services (EMS) to ADHS. The suspected fatal and non-fatal opioid overdoses are based on the patient's zip code of residence and not actual overdose location. It is important to note that the patient is a resident of the city noted. According to ADHS, in 2018, approximately 71% of the overdoses occurred in the patient's home. Please note that the OMI has requested updated overdose locations from ADHS. The preliminary data in this report will be subject to change as new information is received from ADHS.

Arizona continues to face a public health crisis in polydrug overdoses. In 2020, Arizona had 1,974 opioid overdose deaths, a 45% increase from the 1,359 opioid overdose deaths reported in 2019, according to ADHS preliminary data as of April 5, 2021. Benzodiazepine, fentanyl, heroin, and oxycodone were Arizona's top four most common drugs involved in verified opioid overdoses for 2019 and 2020.

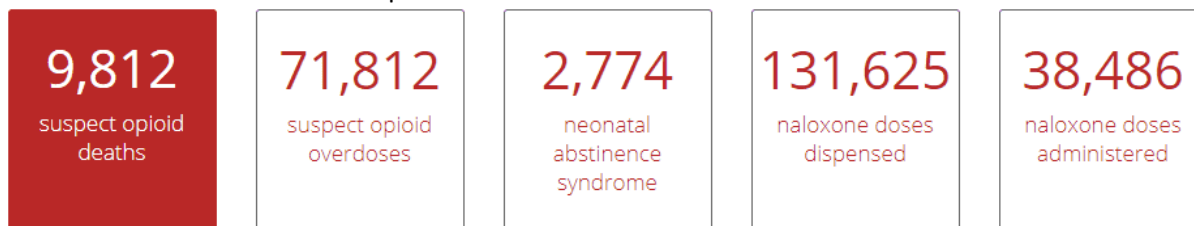

In Arizona, the top drug class threats and seizures included opioids and stimulants such as fentanyl, heroin, and methamphetamine for 2019 and 2020. According to the Drug Enforcement Administration (DEA), there was an approximate 259% increase in counterfeit pills containing fentanyl seizures between Fiscal Years (FY) 2019 and 2020. For FY 2019, there were 1,418,362 counterfeit pills containing fentanyl seized, and in FY 2020, 5,088,923 counterfeit pills were seized (preliminary data as of February 2021).

PROVISIONAL DATA STATEMENT: The 2019 and 2020 data are provisional and subject to revision until thoroughly reviewed and all data has been entered for final approval. Data users are cautioned to carefully consider the provisional nature of the information before using it for decisions that concern personal or public safety or the conduct of business that involves substantial monetary or operational consequences.

NALOXONE INFORMATION:

The Arizona Opioid Epidemic Act includes the expansion of access to naloxone (the opioid overdose reversal drug) for law enforcement and/or corrections officers at no cost from the Arizona Department of Health Services (ADHS). ADHS offers free naloxone kits, based on funding and availability, to first responders such as law enforcement, fire, emergency medical services, and state corrections.

The latest numbers on Arizona opioid overdoses and naloxone administered are as follows:

Which age groups had the highest number of verified opioid overdoses?

Source: ADHS; data date range: 06/15/2017 – 06/25/2021

ASSISTANCE:

According to the National Institute on Drug Abuse, naloxone is a medication designed to rapidly reverse an opioid overdose. It is an opioid antagonist which binds to opioid receptors to help reverse and block the effects of other opioids. Naloxone administration can be lifesaving. It can quickly restore normal respiration to a person whose breathing has slowed or stopped from an opioid overdose, including heroin and prescription opioid pain medications.

- For more information regarding Naloxone access/training, please go to: [ADHS - Naloxone](#).
- First responders, including law enforcement agencies, can receive free naloxone kits by submitting the following form: [ADHS – Naloxone Kits Request](#).
- First responders' point of contact at ADHS is:

24/7 treatment is also available for those struggling with opioid use disorder. Arizona has four Opioid Treatment Centers of Excellence. The centers are open 24 hours a day, 7 days a week to provide immediate access to opioid treatment services. The 24/7 centers serve Arizona Health Care Cost Containment System (AHCCCS) members, individuals with no insurance, and individuals with insurance that may not cover some services like Medication Assisted Treatment or Peer Support Services. Please feel free to share within your agency and community the attached bulletins regarding the Opioid Treatment Centers and Naloxone Administration.

What is an opioid overdose?

An overdose occurs when a person takes too many opioids, passes out and has no or very slow breathing (i.e., respiratory depression).

How to identify an opioid overdose:

- Heavy nodding, deep sleep, hard to wake up, or vomiting
- Slow or shallow breathing (less than 1 breath every 5 seconds), snoring, gurgling, or choking sounds
- Pale, blue or gray lips, fingernails, or skin
- Clammy, sweaty skin

To avoid an accidental opioid overdose:

Do not mix opioids with alcohol, benzodiazepines (Xanax, Ativan, Klonopin, Valium), or medicines that make you sleepy.

Now that you have naloxone —

Let someone know where it is and how to use it.

Common opioids include:

GENERIC	BRAND NAME
Heroin	N/A
Hydrocodone	Vicodin®, Lorcet®, Lortab®, Norco®, Zohydro®
Oxycodone	Percocet®, OxyContin®, Roxicodone®, Percodan®
Morphine	MSContin®, Kadian®, Embeda®, Avinza®
Codeine	Tylenol® with Codeine, TyCo, Tylenol #3
Fentanyl	Duragesic®
Hydromorphone	Dilaudid®
Oxymorphone	Opana®
Meperidine	Demerol®
Methadone	Dolophine®, Methadose™
Buprenorphine	Suboxone®, Subutex®, Zubsolv®, Bunavail®, Butrans®

In case of overdose:

1 CALL 911 - Give naloxone
If no reaction in 3 minutes, give second naloxone dose if available

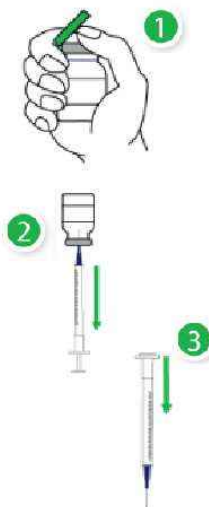

2 Rescue breathing or chest compressions
Follow 911 dispatcher instructions

3 After naloxone
Stay with person for at least 3 hours or until help arrives

Injection

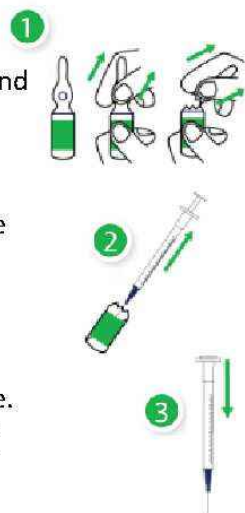

VIAL

- 1—Flip off the cap to reveal latex seal.
- 2—Turn vial upside down. Pull plunger to draw up liquid.
- 3—Inject into muscle. Press plunger all the way down to trigger safety. (retraction)

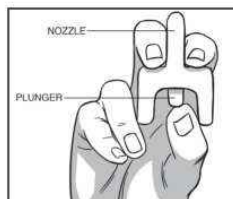

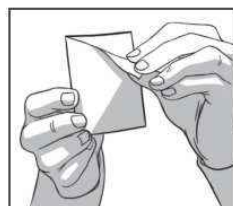

AMPULE

- 1—Tap ampule to send all liquid to the bottom.
- 2—Pull plunger to draw up liquid.
- 3—Inject into muscle. Press plunger all the way down to trigger safety. (retraction)

Nasal spray

- 1—Remove naloxone nasal spray from the box.
- 2—Peel back the tab with the circle to open the naloxone nasal spray.
- 3—Hold the naloxone nasal spray with your thumb on the bottom of the plunger and your first and middle fingers on either side of the nozzle.

- 4—DO NOT PRIME OR TEST THE SPRAY DEVICE. Tilt the person's head back and provide support under the neck with your hand. Gently insert the tip of the nozzle into one nostril, until your fingers on either side of the nozzle are against the bottom of the person's nose.

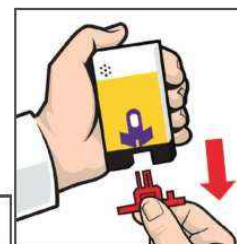

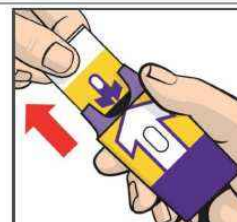

- 5—Press the plunger firmly to give the dose. Remove the spray device from the nostril.

- 6—If no reaction in 2-3 minutes or if person stops breathing again, give the second dose of naloxone in the OTHER nostril using a NEW spray device.

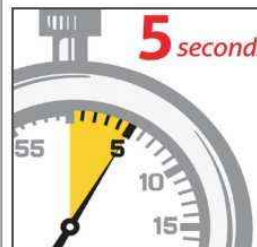

Auto-injector

- 1—Pull the auto-injector from the outer case.
- 2—Pull firmly to remove the red safety guard (do not touch the black base).

- 3—Place the black end against the middle of the outer thigh, through clothing if necessary, then press firmly and hold in place for 5 seconds.

- 4—If no reaction in 2-3 minutes or if the person stops breathing again, give the second dose of naloxone using NEW auto-injector.

Qué es una sobredosis de opioides?

Una sobredosis ocurre cuando una persona toma demasiados opioides, se desmaya y tiene dificultad para respirar o respiración muy lenta.

Cómo identificar una sobredosis de opioides:

- No puede permanecer despierto, difícil de despertar, o vómitos
- Respiración lenta (menos de 1 respiración cada 5 segundos) o sonidos asfixiados
- Piel pálida o fría o uñas o labios azules
- Piel húmeda y sudorosa

Para evitar una sobredosis accidental de opioides:

No mezcle opioides con alcohol, benzodiazepinas (Xanax, Ativan, Klonopin, Valium), ni medicamentos que causan somnolencia.

Ahora que tiene naloxona —

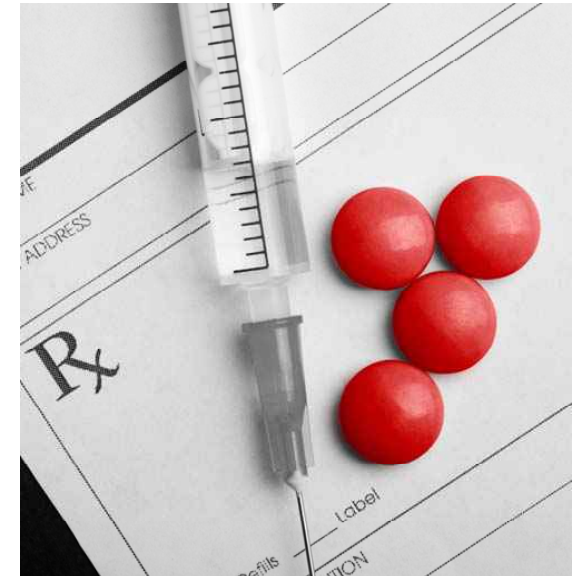

Dígale a alguien en dónde está y cómo utilizarla.

Los opioides comunes incluyen:

GENÉRICO	MARCA
Heroína	N/A
Hidrocodona	Vicodin®, Lorcet®, Lortab®, Norco®, Zohydro®
Oxicodona	Percocet®, OxyContin®, Roxicodone®, Percodan®
Morfina	MSContin®, Kadian®, Embeda®, Avinza®
Codeína	Tylenol® with Codeine, TyCo, Tylenol #3
Fentanilo	Duragesic®
Hidromorfona	Dilaudid®
Oximorfona	Opana®
Meperidina	Demerol®
Metadona	Dolophine®, Methadose™
Buprenorfina	Suboxone®, Subutex®, Zubsolv®, Bunavail®, Butrans®

En caso de sobredosis:

1 LLAME AL 911 - Administre la naloxona

Si no hay reacción en 3 minutos, administre una segunda dosis de naloxona

2 Respiración de rescate o compresiones cardiacas

Siga las instrucciones del operador del 911

3 Permanezca con la persona hasta que llegue ayuda

Injectable

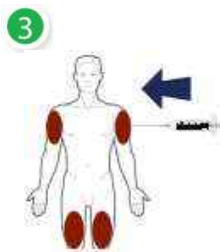

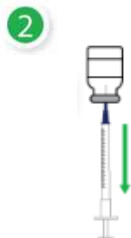

1—Póngase guantes, si hay disponibles. Retire la tapa del frasco de naloxona. Saque la inyectora del estuche.

2—Inserte la aguja. Conéctela con el frasco boca abajo. Jale el émbolo de la inyectora para extraer 1 mL de naloxona.

3—Inserte la aguja en un músculo como el hombro o cuádriceps. (vea la imagen #3)

Inserte la naloxona presionando el émbolo de la inyectora.

4—Repita la inyección si no hay una reacción luego de 2-3 minutos.

Aerosol nasal

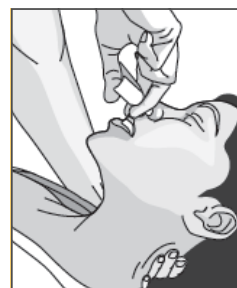

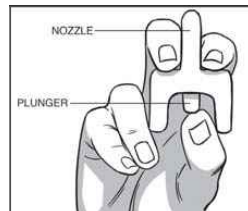

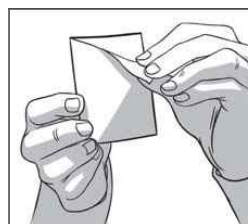

1—Abra el paquete para retirar el dispositivo.

2—Sostenga el aerosol nasal de naloxona con el pulgar en la parte inferior del émbolo y los dedos primero y medio a ambos lados de la boquilla.

3—Coloque la punta de la boquilla en un de los orificios nasales hasta que los dedos toquen la nariz.

4—Presione el émbolo de la jeringa para liberar la dosis en cualquiera de los orificios nasales.

5—Si no hay reacción entre 2-3 minutos o si la persona deja de respirar de nuevo, administre una segunda dosis en el otro orificio nasal utilizando un dispositivo nuevo.

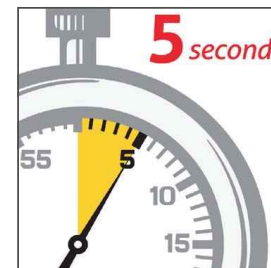

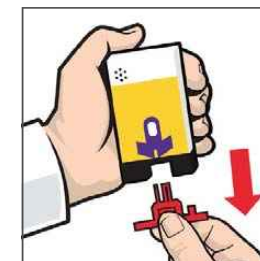

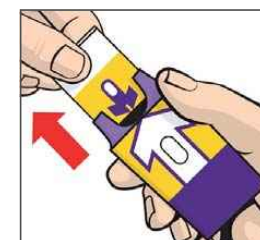

Auto inyector

1—Saque el auto inyector del estuche exterior.

2—Quite el resguardo de seguridad rojo (no toque la base negra).

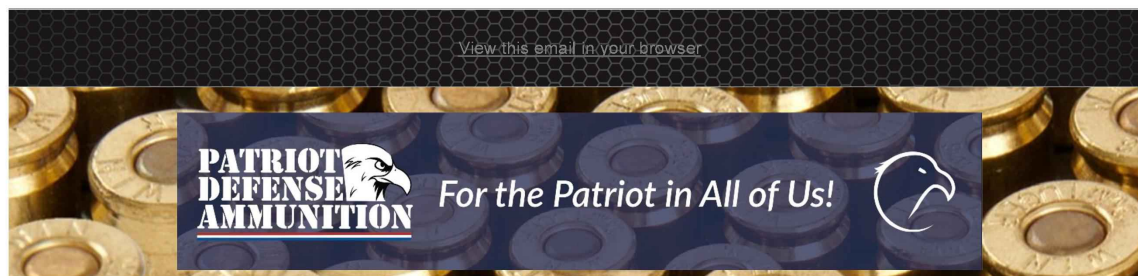

3—Coloque el extremo negro del auto inyector contra la parte externa de los muslos (sobre la ropa si es necesario) presione firmemente en su lugar y manténgalo durante 5 segundos.

4—Si no hay reacción entre 2-3 minutos o si la persona deja de respirar de nuevo, administre una segunda dosis de naloxona utilizando un auto inyector nuevo.

TRAVIS MILLS
FOUNDATION

GREETINGS FROM THE TRAVIS MILLS FOUNDATION TEAM!

We hope you are enjoying the summer weather so far. 2020 presented many challenges for Americans all across the country. The mental health of our veterans and their families was the top priority for the TMF staff during such a difficult year. Because our in-person retreats were put on pause for the safety of our recalibrated veteran family participants and staff, our team worked harder than ever. It was crucial that we provided outreach to serve as a reminder that we were in this together!

As restrictions are lifting, we are excited and hopeful for the near future. None of our programs, outreach, and growth would be possible without the generosity of our supporters like you.

We can't say it enough, thank you for believing in our mission.

Here's to a great year!

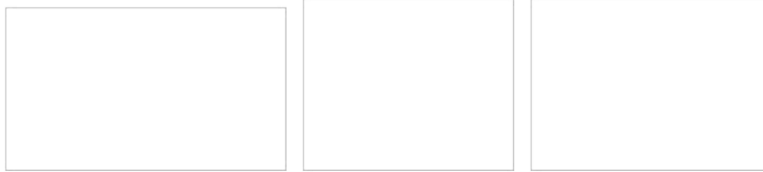

Sincerely,

SSG Travis Mills & the Travis Mills Foundation Team

Reflecting Back

We provided financial aid and bonding activities for **201** families, **552** people, **144** veterans, **408**

family members, and **246** kids, **20** weeks with **10** programs, and **10** MRP (Modified Recalibrate Program).

"I just want you to know this book club has been a mental savior. I have had a few too many down days during this pandemic... this has been a great little escape! Thank you for initiating this virtual mental escape." – 2020 Family Member Participant

Looking Forward

We are excited to announce that the Travis Mills Foundation will be holding our first in-person retreat next week! We can't wait to be together for adaptive activities, bonding experiences with other veteran families, and provide much-needed rest and relaxation after such a stressful year.

Mothers. Sisters. Wives. Colleagues. Everyone knows someone whose life has been altered by breast cancer. October is Breast Cancer Awareness Month. Many departments are showing their support for loved ones and community members battling breast cancer by wearing pink badges during the month of October.

Smith & Warren is proud to partner with the National Breast Cancer Foundation (NBCF) in helping those affected by breast cancer. Smith & Warren continues to donate 10% of the proceeds of all PINK badges and badges with PINK enamel to NBCF to help foster its life-saving programs. In 2019 alone, Smith & Warren donated over \$10,500 to NBCF to support their mission, #HelpingWomenNow.

Outfit your uniform with a pink badge this October.

The next 2 weeks might be a bit tough for me - traveling. Want to try to snag lunch either the 8th or 9th?

Let me know what works. Excited to catch up and see how we can work / help with Sherrif Network.

Hey Teresa,

I do apologize for bothering you again. I'm just wanting to check in and see if Mark has had a chance to look at the petition yet? That is if he is back in town by now. I was able to get a handful of signatures from first responders which is great, but I know his signature will help a lot. I have all my copies of the petition ready to send out to members of the county and again I am hoping to get them sent out before the end of June. If he is not able to sign before June 30th then I will more than likely just have to send the petition without his signature. Please let me know if he'll have an opportunity to look at it before the 30th.

Thank You!

Hey Sheriff,

I just wanted to say thanks for yesterday, everyone really enjoyed it and apparently hasn't stopped talking about it.

Also, I wanted to let you know that a Special Olympics Texas volunteer-supporter-colleague of mine caught wind of my relationship with you and asked what the process of sending you some personalized things for your office would be.. He said he was going to just send you some things to the Sheriff's Office but didn't know if that was the greatest of ideas given the current times and sending of packages to a Govt. building...

He'd like to do some custom work for you in leather and wanted to know what you might need that you don't already have. Let me know when a good time to jump on a google meet would be and i'll set something up with y'all.

Thanks again Sheriff and Good Luck this Weekend with the premiere!

Good morning Sheriff Lamb,

I hope you are having a great conference, and that you had a nice time at the events last night!

If you have a few minutes to stop by for a chat today, we'll be at booth #764, all the way at the end of the aisle, to the left of the dogs, (with interesting conversation, and fun giveaways!).

Looking forward,

Date: 07/14/2021

Time: 4:00 PM, UTC-07:00

Location: Gila River Arena 9400 W Maryland Ave, Glendale, AZ 85305

REGISTRATION FOR THIS EVENT WILL CLOSE ON TUESDAY, JULY 6TH

The FBIPCAAA is excited to have our first live event of 2021!

You are invited to join us for a rare opportunity on the floor of the Gila River Arena! On one side of the arena, we will have the FBI SWAT Team conduct live demonstrations and their vehicles will be on display. On the other side of the arena, we will have tables set up for an informative presentation on terrorism. Heavy Hors d'oeuvres/Light Dinner will be available prior to the event start.

Supervisory Special Agent (SSA) Daniel Mayo from the FBI Phoenix Field Office will discuss terrorism, and specifically how the FBI works closely with its partners to neutralize terrorist cells and operatives here in the United States. SSA Mayo will also discuss the investigation of Jill Marie Jones, who was arrested in July 2020 for providing material support to Al-Qa'ida.

Life Members will be able to check in 30 minutes early for a meet & greet with the 20 FBI SWAT agents!

All FBIPCA Graduates are permitted and encouraged to bring Guests to this very special event!

Subject: Sheriff's Offices Using tip411 to Connect With Citizens, Solve and Prevent Crime

Sheriff Lamb,

Tip411 has proven to be an effective tool in engaging citizens and fighting crime. Check out the following on Parker County, TX using tip411 to help make an arrest on a case involving a string of vehicle burglaries:

[Parker County SO uses tip411 to make arrest](#)

In addition to Parker County launching in 2021, San Joaquin County, CA did as well. The following PSA is one of the many ways tip411 assists in promoting tip411 to the public.

Let me know if we can carve 20-30 minutes out of your schedule for a web demo of tip411. I'd love the opportunity to show you how Sheriff's Offices across the country are using tip411!

MARICOPA COUNTY AUDIT IS COMPLETE- RESULTS SOON TO FOLLOW!

Hooray! After months and months and months of speculation, the long awaited Maricopa County election audit has come to an end. Based on what little information has been given out during this investigation, we are sure to find that there were fewer ballots than were certified- which means that those two officials who certified the election are in a heap of trouble.

We will find out a preliminary report on Monday and a more detailed one down the line.

You can read all about it here:

BRAND NEW COURSE!

Use of Force Simulation

Saturday, July 31st

8AM - 10AM

OR

10AM - 12PM

LIMITED TO 5 STUDENTS PER TIME SLOT

C2 Tactical
7000 E Mayo Blvd #1050
Phoenix, AZ 85054

Have you ever wondered how you would react or what you would do in a critical incident? This course is for you!

A NEW course utilizing simulator technology using scenarios ranging from home invasions, robberies, burglaries, assaults, to active shooter incidents. This course is designed as a build-upon of our Arizona Concealed Carry Course and basic firearms fundamentals, although not a prerequisite.

You will be placed in these scenarios and required to make split second, life or death, decisions under rapidly evolving circumstances. This course is meant to test your skills in real-world scenarios that a concealed carry or law enforcement officer (depending on the student) could make.

After each scenario, a full after-action briefing will occur with instructors with law enforcement experience. Each scenario will be broken down based on Arizona Revised Statutes, US Supreme Court & other pertinent case law, and US Codes to name a few.

This 2 (two) hour block of instruction will cover:

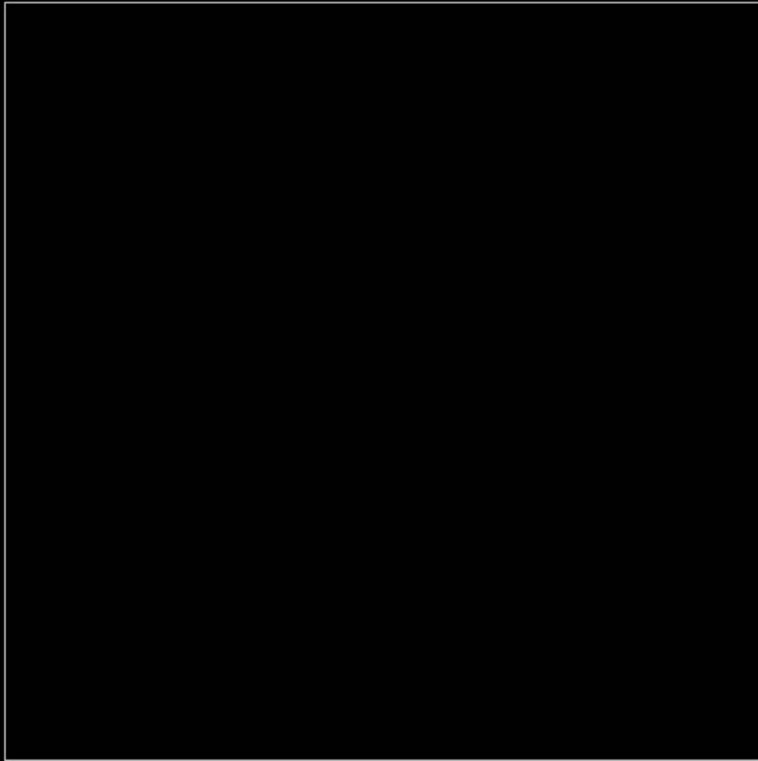

Review of firearms fundamentals & laws pertaining to self defense

Multiple scenarios in a simulator with complete after-action review

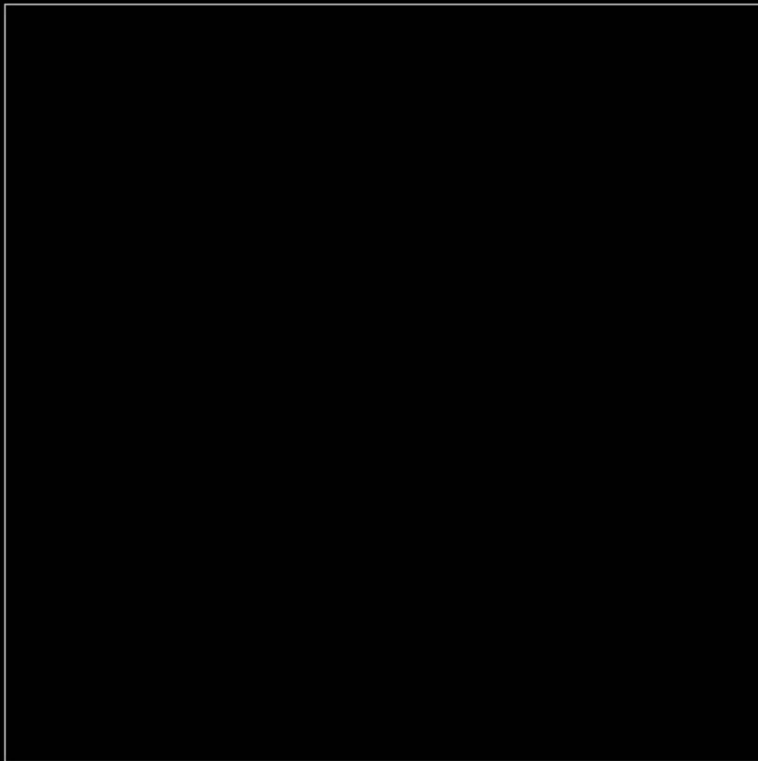

Certificate of Completion

Attachments: image001.jpg LEO_Template_Request_for API - Securus - Pinal County, Arizona.docx LEO - Verus - Signed Securus API Letters - 24JUN21.pdf

Chief Deputy Thomas,

Good day. At the direction of Mr. James Sexton please find the attached API letter template. This letter directs your inmate phone company to provide LEO Technologies data which belongs to the Pinal County Sheriff's Office (recordings of authorized inmate communications). Please print the letter on PCSO letterhead and once signed, provide a copy to LEO Technologies and to the inmate phone company, Securus. I have also included other signed letters to Securus as samples.

We will support your team in any way we can and please let me know if I can answer any questions. LEO Technologies stands ready to assist PCSO and its priorities.

Respectfully,

Mike

Mr. Russell Roberts:

As the Elected Sheriff, the Pinal County Sheriff's Office is directing and authorizing you to provide LEO Technologies, LLC with an Application Programming Interface (API) to all inmate communications supported by Securus Technologies originating from all correctional facilities under contract with the Pinal County Sheriff's Office and Securus Technologies. Please begin the technical exchanges to have the API functioning by the close of business 07/01/2021. This directive is in support of several investigations pertinent to my Office.

LEO Technologies, LLC is a technology firm providing proprietary hardware and software to the Public Safety and National First Responders. Several of LEO Technologies, LLC employees are current and former law enforcement officers and have made meaningful cases across the United States already. LEO Technologies, LLC offers the following Software as a Service (SaaS) our agency believes will enhance the safety and security of our facility for agency personnel and inmates alike:

- Verus Analytical System: Proprietary and automated analytical software applied to of all inmate phones calls originating within a correctional facility; searchable, model driven analytical processing that provides searches, reports, and intelligent notifications to potential criminal events. It is a pointer system that comes with a POST Certified Investigator who embeds with the Agency and supports the needs of the department at the agencies direction. Verus is not a traditional transcription tool. It allows qualified and vetted end users to vector into inmate communications placed on authorized devices based on numerous search types in near real-time.

In order to achieve processing at scale, programmatic (API) access to the phone providers endpoint is required. This can come in the form of a secure REST or SOAP web service. This API should define a schema of objects pertaining to the call detail record that will be returned as well as a method of downloading the corresponding audio file. These files should be able to be retrieved in bulk and require some level of secure authorization. Ideally this process should be configurable to scale so that requests can be made in appropriate intervals to keep up with the incoming volume.

Thank you very much for your time and timely attention to this request.

- Speech-to-Text
 - Proprietary and automated transcription of all inmate phone calls originating within a correctional facility; searchable, model driven analytical processing that provides searches, reports, and intelligent notifications to potential criminal events

In order to achieve processing at scale, programmatic (API) access to the phone providers endpoint is required. This can come in the form of a secure REST or SOAP web service. This API should define a schema of objects pertaining to the call detail record that will be returned as well as a method of downloading the corresponding audio file. These files should be able to be retrieved in bulk and require some level of secure authorization. Ideally this process should be configurable to scale so that requests can be made in appropriate intervals to keep up with the incoming volume.

Thank you very much for your time and timely attention to this request.

Mr. Russell Roberts:

The Suffolk County Sheriff's office is requesting and authorizing you to provide Circinus Law Enforcement, LLC with an Application Programming Interface (API) to all inmate communications supported by Securus Technologies originating from all correctional facilities under contract with the Suffolk County Sheriff's Office and Securus Technologies.

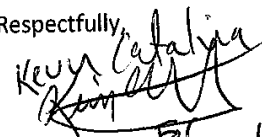

Circinus Law Enforcement, LLC is a technology firm providing proprietary hardware and software to the Public Safety and National First Responders. Several of Circinus employees are current and former law enforcement officers and have made meaningful cases across the United States already. Circinus offers the following Software as a Service (SaaS) our agency believes will enhance the safety and security of our facility for agency personnel and inmates alike:

- Speech-to-Text
 - Proprietary and automated transcription of all inmate phone calls originating within a correctional facility; searchable, model driven analytical processing that provides searches, reports, and intelligent notifications to potential criminal events

In order to achieve processing at scale, programmatic (API) access to the phone providers endpoint is required. This can come in the form of a secure REST or SOAP web service. Subject: The Audit WILL proceed

Hi ,

Biden's goon Merrick Garland can't stop the Audit.

The Left wing media can't stop the Audit.

And parliamentary procedure won't stop the Audit either.

I am Senator Wendy Rogers, the America First Arizona State Senator who was the pivotal vote for the audit. [We are so close to revealing the Audit's results. Can you help us fight Biden and the media?](#)

Have you heard the latest half baked theory from the media goons?

They think that, because the legislative session is due to end, that the Audit must also end.

Can you believe these people???

The audit is privately funded. It's going to continue.

Conradson: So there's a lot of concern about Sine Die and the audit results coming out, and the Senate, not being able to make legislation based on those results can you kind of clear up the confusion?

Rogers: Yes. Senate President Karen Fann, my colleague put out a statement last night, which clarifies the fact that even with Sine Die, which is Latin basically for adjourning our legislature, which is a part time legislature, we still will be able to hold hearings and investigate, even in the offseason, as it were, with the Senate Judiciary Committee of which I'm the vice chair. and also it's important to understand that when the legislature adjourns the 90 day clock starts and then these bills that we have gotten through that we have gotten signed for the restoration of election integrity can take effect. So we want that to be able to go into effect.

That's not all.

The list of states that have come to tour the Audit with an eye toward bringing it back to their state has grown. This week we received a delegation from Washington State!

They think they are stopping this Audit? Heck no. If anything we are exporting its best practices to the rest of the country!

We are almost at the end of the AZ Audit process. **We have learned so much, both about the vote itself and about loopholes we need to close.**

The whole time, the Left wing media has been harassing and attacking us. MSNBC did two hit pieces on us just this week. [That's why I need to ask for your help.](#)

The Left is TERRIFIED that you will find out the truth about the 2020 election! Not just here but in other states. [Stand with me so we can finish the job!](#)

I am fighting the left wing media and telling the truth! [So I need your help!](#)

[Help me fight for the truth!](#) - Help me keep my seat so we can fight back against Biden's lies, together!

Thank you and God bless you.

Fauci Warns Unvaccinated Americans of COVID-19 “Delta” Variant Urges Youth to Get Vaccinated

As the vaccination rate in the country continues to [drop](#), and the Biden administration is [on track](#) to miss its goal of 70 percent of Americans getting at least one shot of the COVID-19 injection by July 4, there is a new incentive to get people to roll up their sleeves. This time, it is not a free beer or a chance to win the lottery. It's fear of getting a new, "dangerous" strain of COVID-19 called the "Delta" variant.

[Speaking](#) at a White House COVID-19 task force briefing about the nation's vaccination progress, Dr. Anthony Fauci, who serves as President Biden's chief medical advisor, reiterated warnings about the more infectious "Delta" variant of the coronavirus, which he said has doubled in prevalence in the United States in the past couple of weeks, threatening areas of the country with low vaccination rates.

"Similar to the situation in the U.K., the 'Delta' variant is currently the greatest threat in the U.S. to our attempt to stop COVID-19," Fauci said, highlighting his particular concern about "under-vaccinated regions" of the country, driven by hesitancy among young people to get the jab.

Fauci said the variant has a much greater transmissibility than the "Alpha" variant that is dominant in the United States and increased disease severity (hospitalization rate).

He noted that the "Delta" variant appears to be "following the pattern" of its spread in the U.K., where it now makes up more than 90 percent of new cases and has delayed the area's scheduled reopening.

"The good news," Fauci said, is that vaccines are proving to be highly effective at combating the strain despite its increased infectiousness, with the Pfizer-BioNTech shot showing 88-percent efficacy against symptomatic disease and 96-percent efficacy against hospitalization.

Fauci says the rising threat posed by the "Delta" variant makes it more urgent than ever that more people roll up their sleeves to get vaccinated, especially given how close the country is to finally getting back to normal. "We have the tools, so let's use them and crush the outbreak," Fauci said.

Fauci specifically underlined that in the U.K., it was the youth that drove the surge of cases, with a five-fold higher positivity rate among children (5-12 years) and young adults (18-24 years) than among older adults.

Speaking at *CBS This Morning* on Wednesday, Fauci [said](#) children — who are not necessarily more susceptible to the new strain, are at greater risk to get infected. "This virus is more a transmissible virus, therefore, children will be more likely to get infected with this than they would with the original Alpha variant," while "Delta" is expected to become dominant "in the next several weeks."

[According](#) to the Centers for Disease Control and Prevention (CDC), one-fourth of adults aged 18 to 39 years old are expressing hesitancy about getting vaccinated. The solution to addressing lingering hesitancy, Fauci believes, is

FAIR_000397
(P_2721-AZ_1528)

AZ-PINAL-21-1528-B-000369

people “in the trenches getting to people,” continuing to have conversations with those who are hesitant, and bring “trusted community members” in to help.

The CDC currently [considers](#) “Delta” a “variant of concern,” meaning it shows evidence of an increase in transmission, more severe disease, and significant reduction in neutralization by antibodies generated during previous infectious vaccination.

The government has presented vaccines to the public as a ticket back to normality. Even against more transmissible variants of the coronavirus — such as the “Delta” variant, — vaccines have been [touted](#) as effective and safe, but not be the case.

Just yesterday, Israel [ordered](#) vaccinated travelers to quarantine if they were in close proximity to people who may be infected with the “Delta” variant, or traveling to countries where the COVID-19 infection rate is high. The country’s outbreak shows that a third of all cases developed in fully vaccinated people.

The same drop in effectiveness of the vaccine has been [found](#) by Indian doctors who say that vaccination is not a guarantee against COVID-19 infection and that it will only ensure that the infection does not become severe. Several studies by the All India Institute of Medical Sciences (Delhi) and the National Centre for Disease Control, which are yet to be peer-reviewed, have indicated that the “Delta” variant is the most common factor behind the majority of “breakthrough” infections in India.

World Health Organization (WHO) epidemiologist Maria Van Kerkhove on Monday [said](#) that the COVID-19 vaccine is showing signs of reduced efficacy against the “Delta.” Kerkhove also stated that there might be a “constellation of mutations” in the future, which means vaccines are likely to lose their potency against fighting the coronavirus.

The course of events suggests that Luc Montagnier, a French virologist and recipient of the 2008 Nobel Prize in Physiology or Medicine for his discovery of the human immunodeficiency virus (HIV), has correctly [foreseen](#) the mutation of SARS-CoV-2. Montagnier explained that vaccines don’t stop the virus, instead, they facilitate its development into more transmissible and more lethal variants due to Antibody Dependent Enhancement (ADE), which is a mechanism that increases the ability of a virus to enter cells and cause a worsening of the disease. ADE is [observed](#) in SARS-CoV-1, among other coronaviruses.

American [media](#) and some [medics](#) claim ADE is not an issue with SARS-CoV-2, even though their genomes are [percent similar](#), they have the same viral receptor, and are [considered](#) closely related. A Chinese [study](#) published in the *International Journal of Infectious Diseases* shows that ADE may exist in SARS-CoV-2, which would elicit severe body injury and negatively affect vaccine therapy.

If the vaccine causes ADE, it is [normally](#) withdrawn from use in America.

Next Level Leadership **ADVANCED SUPERVISION & MANAGEMENT** July 13 & 14, 2021 (9:00AM ET – 4:30PM ET)

**A TWO-DAY WEBINAR FOR FIRST-LINE
SUPERVISORS AND MID-MANAGERS ON
LEADING, MENTORING AND GUIDING
THEIR TEAMS**

This is **not** Leadership 101. This program clarifies roles and responsibilities of leaders at this level, motivates participants to critically assess their leadership strengths and weaknesses, and to consider their best path forward.

It is a fast-paced and dynamic experience with tons of action-learning activities, lectures, group discussions, and team exercises based on real events and scenarios.

INSTRUCTOR/FACILITATOR

Deputy Chief (Ret.) Dean Goodwin

30 years in law enforcement, including as Deputy Director of a large regional Criminal Justice Academy in the Washington DC area

U.S. Marine Corps and Desert Storm Veteran

Executive Masters Degree in Leadership from Georgetown University School of Business and a Masters in Human Resources Development

MORE ABOUT THIS PROGRAM

This workshop helps **first-line supervisors and mid-managers** acquire skills needed to maintain a mission-driven culture of accountability, high morale and proper performance. Historically, negative culture and sometimes less-than-stellar organizational leadership have caused big problems. There has been dangerous professional slippage. Many first and second-line supervisors failed to meet leadership standards, assure proper accountability, properly protect their organization ... do their jobs. Why? One cannot hit a behavioral target when one cannot see the target. Strengthened policy plus committed leadership can reverse all that by needed course corrections. We expect first and second-line supervisors and mid-managers to play team-ball with their organizations. Individual compasses must be aligned with organizational values, philosophies and leadership requirements. Good leaders must also be good followers. The path forward as a leader is true north. This workshop illuminates that path, clarifying **roles & responsibilities** and the differences between being a good leader and being a good friend.

Meet Our Other Contributor

RANDY MEANS

Randy Means, J.D. is the son and brother of West Pointers, himself a former operations officer and then executive officer (second-in-command) of a small combatant naval vessel. Following his military career, he was a department head of a state law enforcement training center and spent nearly ten years as in-house counsel to a major city police department. He has been a partner in a prominent law enforcement consulting firm for 30 years, and is a nationally recognized expert in police law, systems, leadership and accountability.

A graduate of the highly regarded University of North Carolina School of Law, his work has been mentioned in the Wall Street Journal, discussed on 60 Minutes and featured on both the Law Enforcement Television Network and FBI Training Network. Author of a book on policing, 100+ published articles, and past head of the National Association of Police Legal Advisors, he has conducted law enforcement training in every state and Canada; and has taught more than a half-million law enforcement officials, including tens of thousands of police leaders.

Changing the Game COACHING SKILLS FOR LAW ENFORCEMENT LEADERSHIP EXCELLENCE

July 20 & 21, 2021 (9:00AM ET – 4:30PM ET)

A 1.5 DAY LIVE INTERACTIVE WEBINAR (+ 3 HOURS OF POST-WORKSHOP GROUP COACHING SESSIONS)

Most of your future success will be a function of how well you coach and influence others to perform at higher levels. People follow leaders they trust and who help them learn skills that make them successful.

Leadership skills are best gained by hands-on practice, honest feedback and learning from mistakes. This program teaches how to leverage these dynamics to heighten skills you will use throughout your career. It is for those who want to up their game and get measurable results.

Many of us have attended a workshop, enjoyed the break from the day-to-day grind, had some interesting discussions but then gone back to the job and just never got around to applying the workshop content. That will not be the case here. Our approach is simple, yet quite different. While attending, you will learn and practice skills that will make you a stronger leader but most importantly you will create a strong action plan, implement it, and over the three months following the workshop, be accountable to your peers to share the results in order to learn from both successes and failures. Leadership is about building and growing productive relationships, understanding and influencing the culture of the organization, and coaching and guiding your team to excel today and in the future. This workshop is guided by truly qualified facilitators.

Subject: Update #6 - Senate Adjourned Till Monday at 11:00 a.m.

Now the Senate is adjourned till Monday at 11:00 a.m. and it appears that there is a lot of work to be done. So far there are two budget bills that need revisions...Procedures and K-12. We think that Criminal Justice will also need revisions but that is not confirmed yet.

The House continues to work, they are currently debating the Feed Bill.

So now I revert to my original sine die message...it won't be today!

Pinal County Environmental Health Code Revision Virtual Meeting

Pinal County Environmental Health invites you to participate in a stakeholder meeting to discuss a revision to the Pinal County Environmental Health Code (Code). The goals of this revision are to revise our permit structure for clarity and efficiency, without affecting fees, and to revise the Code to bring it up to date as required with recent revisions to the Arizona Administrative Code (A.A.C), Title 9, Chapter 8.

This two-hour stakeholder meeting will be held virtually on July 20, 2021, at 1:00 pm.

Please RSVP as soon as possible via email to envhealth@pinal.gov if you wish to participate in this stakeholder meeting. Virtual attendance is capped, so if necessary, additional meetings may be scheduled on a first-come, first-served basis.

Be Aware of Potential Flooding After a Fire

After an intense wildfire, burned vegetation and charred soil form a water-repellent layer blocking water absorption for years. During rainfall, water

bounces off the soil, and even light rain can potentially turn into a flood or mudflow. Click on the graphic below, FEMA provides a good example of what the potential hazards might be after a fire.

Being prepared for possible flooding is key. Visit ready.gov/floods to learn more.

MARIJUANA

(U//FOUO) K-9 District - La Paz County

Marijuana (2.1 lbs), THC Oil (.11 lbs), Psilocybin (.077 lbs)

LOCATION: I-10

ORIGIN: Blythe, CA

DESTINATION: Phoenix, AZ

An AZ DPS trooper conducted a traffic stop on eastbound Interstate 10. The vehicle was a gray 2015 Chrysler 300 bearing an Arizona license plate registered to the driver who was identified with an Arizona driver's license (DL). The passenger was also identified with an Arizona DL. A probable cause search of the vehicle revealed boxes of marijuana, THC oil, and psilocybin mushrooms in the trunk. (No photos available.)

METHAMPHETAMINE

(U//LES) Nogales Border Patrol Station

Methamphetamine (20.68 lbs), Handgun (Sarsilmaz SAR9 9mm)

LOCATION: Nogales Port of Entry

Nogales Border Patrol agents encountered a white 2003 GMC Envoy bearing a temporary Arizona license plate at the Interstate 19 Checkpoint. Following a K-9 alert, an X-ray scan detected anomalies. A physical inspection of the vehicle revealed 20 packages of methamphetamine wrapped in clear plastic, concealed within the rear quarter panels. An agent also located a handgun in the driver's waistband.

DECLARATION OF MARK LAMB

16 I, Mark Lamb, declare as follows:

17 1. I am competent to testify as to the matters contained herein and make this
18 declaration based on my own personal and professional knowledge, law enforcement
19 expertise, and the information available to me in my positions in public service.

20 2. I currently serve as Sheriff of Pinal County, Arizona, and have been a law
21 enforcement officer for over 14 years.

22 3. Pinal County, Arizona, includes a large section of desert through which
23 unauthorized aliens often attempt to travel. Pinal County Sheriff's Office routinely
24 works with the U.S. Border Patrol and other federal authorities in the pursuit and capture
25 of such individuals.

26 4. My office has recorded a surge in the number of pursuits of suspected
27 unauthorized aliens it has been involved in since the beginning of the year compared to
28

1 the same months in previous years. We have been involved in 24 such pursuits in
2 January and February 2021. We only had 10 in 2019 and 14 in 2020.

3 5. The 24 pursuits this year required an estimated 377 man-hours at an
4 average personnel cost of \$30 per hour, totaling a cost of \$11,310 to my office, not
5 including other expenses such as vehicle and aviation wear and tear, vehicle and aviation
6 fuel costs, administrative costs, and investigative costs from specialty units.

7 6. This represents a roughly 71% increase in costs over the estimated
8 \$6,597.50 in personnel costs experienced during the same time period last year.

9 7. Additionally, where these pursuits result in arrests, the Pinal County
10 Sheriff's Office incurs the cost of incarcerating the individual. Our records indicate an
11 average jail stay of 25-29 days at an average cost of \$70 per day. This represents an
12 additional cost of \$1,750 per booking on average.

13 8. On or about March 9, 2021, my staff conducted a review of records
14 regarding inmates then in Pinal County's custody and found as follows:

- 15 a. Pinal County on average has around 35 inmates in custody who have
16 ICE Detainers, costing the county an estimated \$208,845 annually. At
17 the time of review, we had 31 such inmates in our jails out of a total
18 population in custody of 592.
- 19 b. The 31 inmates in custody with ICE Detainers at the time of review
20 have 41 violations of state law pending against them. This includes.
21 Assault, Disorderly Conduct, Crimes against Children, Domestic
22 Violence, Assault with a Deadly Weapon, Possession of Drugs,
23 Possession of Drugs with intent to Distribute, DUI, and Possession of
24 Deadly Weapon. This is fairly representative of the charges such
25 populations have at any given time in custody in our jails.
- 26 c. An examination of the criminal history files of the inmates in custody
27 with an ICE Detainer for 2019 shows that these individuals have a
28

1 recidivism rate (indicated by prior jail time) of approximately 53% for
2 that population.

3 9. In my professional opinion, the increase in incidents, and therefore increase
4 in costs, my office is experiencing is at least in part directly related to announced changes
5 in federal border enforcement and alien removal policies, including cancellation of the
6 construction of border barriers and the termination of the MPP. These policies serve to
7 incentivize individuals to illegally cross the border into Arizona because, among other
8 things, it removes one of the chief consequences deterring such actions. This will, in
9 turn, increase the number of unauthorized crossings and further exacerbate the current
10 increase in law enforcement costs we are experiencing.

11
12 I declare under penalty of perjury that the foregoing is true and correct to the best
13 of my knowledge, and that this declaration was issued on June 24, 2021, in Pinal County,
14 Arizona.

This is the guy/family (I don't know their names) that sells at the tents on the corner of gary/skyline and possibly one other main intersection.

However, it is widely known throughout San Tan Valley that he is selling the illegal ones. He seems to have a "back door" for all the larger ones as we heard from friends you need to have a "secret code" in order to get those. He will not take phone calls about selling unless he knows exactly who you are.

My neighbor approached me yesterday saying they are nervous as his garage is stocked full and how he could take out all of our homes if he were to have a fire at his house. All those white boxes seen in the photos are fireworks. His entire garage.

Apparently his garage is like this every year at this time and new years. For 10 years he's been doing this and it seems has quite the operation going for illegal fireworks. But to see all of those fireworks stored in his garage just piled up boxes upon boxes is very frightening.

I understand the love of fireworks, but when you have no regard for the safety of your neighbors for the sole purpose of making some money that is frustrating and disappointing among other things.

I just hope this is being taken seriously. Every day watching the sales happen in the garage and seeing the boxes sit there piled up...I say a prayer for mine and all of the neighbors safety.

Thanks

Good morning Sheriff Lamb,

I have a little Circle Cross neighborhood safety issue. There is a man who has a 2 car garage packed full of fireworks he sell out of it. Not really sure how people buy from him if it's word of mouth, or some type of internet sales. We were walking our dog 2 weeks ago and noticed him making a sale with his garage door up, and once again this morning when we were driving past he had people going through. We tried to get video by driving around the block again but by that time the door was shut. Just drove through again and had more people there and got a video this time. I attached some screen shots. Pretty sure these are the large fireworks that are going off in our neighborhood for the fourth and New years. So if this guy has a fire in house he may take a couple other houses out with him. Just figured I would update someone if anything can be done. Their address is [REDACTED]. I tried to send this to the Sargents email on the department website but was told it had not gone through. If I could, I would like to stay anonymous if something is done.

Thank you,

Heads up, Combs IS has fireworks in 35 minutes... So, don't be surprised if 'other' fireworks happen tonight as well as tomorrow for Poston's (celebrations).

Have a good evening. 😊

I've heard that the tent across from the new storage place has a "back door" stash. You have to be invited to the party though. Take that information and do what you want with it. I look forward to the show. 😄
