Subject: Meeting at 1:00pm Today

Hello All,

Super excited to reunite with trailblazers Arizona Senator Wendy Rogers, Sonny Borelli and meet Representative Mark Finchem. We've met several times over the past couple of days and have a plan moving forward regarding protecting voter confidence in future elections.

Today we will meet again with other legislators from around the country at 1:00pm to discuss our findings over the past 3 days. This meeting will take place upstairs in the back room where we met yesterday.

Interested legislators and press can join us today in the upstairs press room for a press conference at 3pm.

Best,

Senator Amanda Chase
District 11 - Virginia

Rep. Ramthun Gives Cyber Symposium Update

MADISON - State Representative Timothy Ramthun (R-Campbellsport) released the following statement while attending the Cyber Symposium in South Dakota:

“I came here with an open mind and intent to listen to and bring back any information that would help Wisconsin achieve closure with its 2020 presidential election concerns. Present with me here today are other Wisconsin officials. The event is currently focused on Dominion voting machine specifics in Mesa County, Colorado with evidence of image manipulations that permanently destroy log files. The practice Dominion uses is to request machine access to perform an upgrade, when in fact it appears their actions do more than that.”

“I inquired with Wisconsin Election Commission official Mr. Robert Spindell whether or not Dominion had sought such access of the Wisconsin machines. Mr. Spindell’s response was that Dominion had on June 2nd. Mr. Spindell then forwarded to me the hundred-page document qualifying that meeting. Page 39 of that document displays the Dominion request.”

“In my opinion, the actions Dominion wants to take will destroy necessary data that could be forensic evidence for any audit, and will prevent Wisconsin from achieving the closure it so desperately needs. I call upon Speaker Vos to either approve Rep Brandtjen’s subpoenas, or that either Speaker Vos or Rep. Brandtjen seek an immediate injunction to terminate Dominion’s desired actions until they provide a full and complete image of each machine they wish to upgrade. This needs to be done as soon as possible.”

“Furthermore, I question the legality of Dominion doing any maintenance on any voting machine before the twenty-two month record retention requirement per state statute.”
