Subject: Thank you for contacting Senator Chase Re: Info request from symposium

Thank you for reaching out to my office. We sincerely appreciate the desire for constituents to feel that their voice is heard on matters that are being considered by the General Assembly. I personally read all emails from constituents of the 11th District so be sure to include a cell phone number where I can reach you in case I have further follow up questions. Given the amount of emails I receive on a daily basis, I am generally only able to respond to constituents. If we have further questions about your particular issue you will receive a phone call. We understand that you are passionate about this particular issue and strive to listen to every constituent who reaches out to my office. When the issue comes before the Senate, I will keep your view in mind.

If you are a constituent in the 11th Senatorial District, please reply to this email with your physical address. If you are not sure whether or not you reside within the 11th District, you can find out by clicking here: <http://whosmy.virginiageneralassembly.gov/>.

If you reside outside of the 11th District, we encourage you to contact your delegate and senator to share your opinion with them as he or she represents your voice in the General Assembly.
