Dear Taylor:

Please find attached the results of your two public records requests for Rep. Steve Gunderson dated December 1, 2021:

MT-REP-21-1725:

The results for the American Oversight Public Information Request #1 (PIR1) for the 26 different entities in Representative Gunderson's MindCentric account are on the respective folders.

Each of the 26 searches is listed in a separate folder. The criteria for each search is stored in the respective folder in a text file named "PIR1 – SEARCH NAME - search criteria.txt".

The request was for "All email communications ... between Representative Gunderson and each of the email addresses or domains listed" but the requestor did not include the email addresses of the 26 listed entities. The only way to search for the respective criteria is to search for the occurrences anywhere in the email account. There may be more search results returned than are desired.

If there were no matches found for a particular search that result is noted in a "PIR1 - Rep Gunderson – SEARCH NAME – no results.txt" for the respective search.

MT-REP-21-1721:

The results for the American Oversight Public Information Request #2 (PIR2) for the 26 different entities in Representative Gunderson's MindCentric account are on the respective folders.

Each of the 26 searches is listed in a separate folder. The criteria for each search is stored in the respective folder in a text file named "PIR2 – SEARCH NAME – search criteria.txt".

The request was for "All email communications ... between Representative Gunderson and each of the email addresses or domains listed". Because the requestor included the email addresses of the 26 listed entities these results have returned any email message in Representative Gunderson's account w/ the respective email address in either the To: or the From: field.

The search process does not require that Representative Gunderson has to be the originator or the sole recipient of an email message to match the criteria, only that the email address in the criteria is found in the either the To: or From: field. There may be messages that were sent from another sender to both Representative Gunderson and the email address in the respective search criteria – that message will be returned as a match for the criteria.

If there were no matches found for a particular search that result is noted in a "PIR2 - Rep Gunderson – SEARCH NAME – no results.txt" for the respective search.

Attached is an invoice for payment. You were only charged for the IT staff time, not for any administrative time. I apologize for the delay. If you need further assistance, please contact me.

Sincerely,

A handwritten signature in cursive script that reads "Susan B. Fox".

Susan B. Fox
Executive Director

The date range is June 1, 2020 to the date the search is conducted.

The steve.gunderson@mtleg.gov account should be searched on the date range against each of the criteria in the list below. The search request is for "email communications/ calendar invites" so the field to search will be "email address", not the body of the email message.

Dear: Governor Mike DeWine & Ohio General Assemble & Ohio Treasurer-Robert Sprague

I have called your office (rep51Carruthers) twice and spoke with Andy. My purpose of calling was the masks mandates for children/driver on school buses in Fairfield Ohio, to discuss the recent school board meeting where the major Craig Shubert attended and requested the board resign or be subjected to being charged for pornographic material being taught in schools in his city. Andy seemed aware of the incident. I informed Andy of the safety and health hazards masks have on children and adults. I also gave three articles one was an article on 47 studies on masks, mask injuries in the work place, and an article on insurance company warning about the hazards of driving while masking, warnings included: having an accident due to passing out, fogged eye glasses or being distracted while adjusting said mask. We talked briefly about S.B. 22. I informed Andy the state of Ohio was operating as a health care system.

I did not get a chance to discuss the resent issue with a local hospital (Westchester) who refused to give a family the right to use a prescribed medication called Ivermectin (FDA approved 1975), the family sued the hospital in court and the judge ordered the hospital to give the medication. After the patient received about 13 doses the patient was taken off the medication due to the hospital appealing the decision and the judge reversed the prior judge's decision. The hospital's decision to refuse to give Ivermectin was in violation of the 2018 right to try act in Ohio and the Covid-19 right to try Act 2020. This email is also to address/put you on notice due to the ignorance/retaliation of a letter of grievance sent to the General assembly from we the people that informed the General assembly that they turned our state into a healthcare system, Covid-19 protocols were violating our constitutional rights and causing injury/death to the public. We the people asked for specific remedy which included stopping the Vax-A-million/all vaccines, stopping all protocols of covid-19, stop operating the state as a healthcare system and dispersing all covid-19 funds that were issued for we the people not government to be equally disbursed to every man, woman, and child. We were denied our requests for redress

MT-REP-21-1721-A-000007

which violates our constitutional rights and you retaliated against we the people for our grievance by forming S.B. 22 (June 23, 2021) which took effect 29 days from the date you received our letter/grievance, S.B. 22 is still violating our constitutional rights and causing injury/death. As of September 1, 2021 we have lost 21,302+ people in Ohio, we have lost 1,454 + people since May 24, 2021 the date of our grievance.

To add further insult/injury you created another program called Vax-2-School with scholarships for ages 12-25 that will cause further injury/death. The 134th General Assembly once again refuses to follow the Ohio constitution, the United States constitution and breaching it's agreement between the government and the people when making legislation, refuses to hold themselves accountable for the injury/death to the people when they are making legislation, refuses to listen to we the people who voted them in office. The government has a history of retaliating against the people and abridging our rights thru legislation and programs they create and have we the people pay for them. In a sense we the people pay the government to enslave us and punish us.

What is a Constitution? (Chapter 1 the constitutional framework of Ohio pg.1)

"A constitution is the fundamental law of a state or nation. It is a written document agreed to by the people and thus derives its authority from those it governs. A constitution establishes the nature and character of the state or national government. It organizes government into various branches, prescribes their powers, and specifies the extent to which these powers may be exercised."

"The Ohio Constitution is the fundamental law of Ohio and is subject only to the restrictions of the United States Constitution, acts of Congress, and international treaties to which the United States is a party. It may be changed only by voter **approval of proposed amendments.**"

"Like the United States Constitution, the Ohio Constitution organizes government into three separate branches: the legislative, the executive, and the judicial. Each branch is independent of the other two and has defined powers and responsibilities. **All laws enacted by the legislative branch must comply with the Constitution's provisions; those that do not are unenforceable.**"

"Ohio's first constitution was approved by Congress in 1802 as a first step to Ohio's admission to the Union as a state. Ohio's second constitution, the Constitution of 1851, as subsequently amended, is today's fundamental law of Ohio," which is unconstitutional due to the laws enacted by the legislature did not comply with the 1802 constitution /United States constitution provisions when it enacted the Ohio loan law 1837 and erected schools in 1825 and instituting taxes. (Chapter 1: The Constitutional Framework of the Ohio State Government LSC A Guidebook for Ohio Legislators Page | 2)

Your oath

"I, (name), do solemnly swear that I will support the Constitution of the United States and the Constitution of Ohio, will administer justice without respect to persons, and will faithfully and impartially discharge and perform all of the duties incumbent upon me as (name of office) according to the best of my ability and understanding. [This I do as I shall answer unto God.]" (3.23 Ohio legislature site)

What is a Grievance/Petition/Malfeasance/Skulduggery/Defrauding

Grievance: An official statement of a complaint over something believed to be wrong or unfair.(Google)

Petition: "make or present a formal request to (an authority) with respect to a particular cause."(Google)

Malfeasance: Intentional conduct that is wrongful or unlawful, especially by officials or public employees. Malfeasance is at a higher level of wrongdoing than nonfeasance (failure to act where there was a duty to act)(Google)

Skulduggery: underhanded or unscrupulous behavior; trickery (Google)

MT-REP-21-1721-A-000008

Defrauding: illegally obtain money from (someone) by deception (Google)

"In the United States the right to petition is enumerated in the First Amendment to the United States Constitution, which specifically prohibits congress from abridging "the rights of the people peaceably to assemble, and to petition the Government for a redress of grievances." The government behaves in a skulduggery way and commits act of malfeasants when making legislation and changing the constitution. Both acts are crimes against humanity.

Some of Ohio's History of skulduggery/Malfeasance By the Government (crimes against humanity)

In 1825 the government violated the Article VIII bill of rights sec 3 of the constitution of 1802, breeched its agreement with the people when they established schools which gave the government control over the conscience mind, and forced the people to be a partied to their religious society thru teachings in said schools in Ohio and put Ohioans' in dept turning Ohioan's into dept slaves and subjected children to government indoctrination. The half-million dollars of dept for said schools was paid thru taxation which continues to today with school taxes.

In 1837 the government operated as a bank when it developed the Ohio loan law of 1837 and put Ohioan's in dept again, turning Ohioans' into dept slaves, this time the dept bill was \$20 million with the Ohio loan law 1837. The remedy the government came up with for their unauthorized loan law/bank lending was to call a constitutional convention which resulted in the adoption of a new constitution (1851), banned poll taxes (was never authorized Article VIII sec 23 of the 1802 constitution) and mandated properties be taxed by "uniform rule" (at the same rate) according to value, (property tax today's verbiage), and the 1851 constitution limited the aggregate state dept to \$750,000. In 1873 the government held a constitutional convention to once again change the constitution which was denied by the people, in 1912 during the constitutional convention the government managed to convince the people to make amendments and continued to convince the people to amend the constitution over the years.

In 1991 the Ohio Coalition for Equity & Adequacy of School funding, filed suit against the State of Ohio. The Supreme Court ruled that the state's method for funding public education was unconstitutional. The court eventually washed its hands of the matter in 2002, ruling that Ohio's system was unconstitutional but never spelling out a solution. Schools in Ohio have been unconstitutional since they were erected in 1825.

In 2020 thru present day Once again the government has violated we the people's constitutional rights and breached their agreement between the government and we the people, this violation has/have caused injury/death and continues to cause injury/death. We the people have sent a grievance to the General Assembly on May 24, 2021 requesting they stop all skulduggery covid-19 protocols/stop operating as a healthcare system and release the covid-19 economic relief funds owed to the people of Ohio.

We the people demand you repeal all legislation/laws/statutes est. and return us back to our founding constitution of 1802. Refund all tax monies collected from everyone who has worked/lived in Ohio, Stop all taxing in the state of Ohio, including State, city, property, and school tax est, request the treasury to disburse all Covid-19 monies equally to every man, woman, and child in Ohio, retrieve all covid-19 funds already disbursed and redirect them to we the people equally to every man, woman, and child. If you can't/won't/refuse to do as requested then you must resign immediately or be charge for your skulduggery behavior, acts of malfeasance/crimes against humanity.

We the people are invoking our constitutional right to abolish this government.

Per Article I Bill of rights sec 2 Right to alter, reform, or abolish government and repeal special privileges whenever we deem necessary. Since your continued malfeasance and skulduggery there have been over 21,302+ wrongful deaths in the state of Ohio, you're defrauding/flimflamming/pilfering/thievery/misappropriation of the people out of their Covid-19 funds, and your long history of unscrupulousness, malfeasance and skulduggery ways when violating both the Ohio/United States constitutions when governing and formulating legislation. We the people find that

this government is so egregious that it is unable to be reformed or altered so we must abolish this government. **Resign immediately or be subject to arrest.**

CONSIDER YOU RELVES ABOLISHED EFFECTIVE IMMEDIATELY

Thank you for your adherence to this request
We the people

LEGAL NOTICE

TO: Governor Mike DeWine & Ohio General Assembly & Ohio Treasurer-Robert Sprague

Date: September 24, 2021

By the authority of the Nuremberg Code on Medical Experimentation, we do hereby exercise our right to refuse to submit to or to administer the Covid-19 experimental gene therapy injection heretofore known as the "Covid-19 Vaccine."

The United States Government has extraterritorially prosecuted, convicted and executed Medical Doctors who have violated the Nuremberg Code on Medical Experimentation. Aiders and abettors of Nuremberg Crimes are equally guilty and have also been prosecuted, convicted and executed. Every court of law in any location has original jurisdiction (Universal) to hear and try Crimes Against Humanity; and violations of the Nuremberg Code are classified as Crimes Against Humanity, which carry a maximum penalty of Death.

You are hereby put on **NOTICE** that any further effort to coerce, intimidate, persuade, trick or compel we the people to receive any experimental gene therapy injection ("Covid-19 Vaccine") or any other medical device, drug or procedure against our will, implicates you as aiding and abetting in the Capital Offense of a Crime Against Humanity.

We hereby reserve our rights to swear to a criminal complaint against you in the nearest available law enforcement agency or court of law. We do not contract with you in any way and expressly deny any contractual relationship with you.

We hereby reserve our rights and put you on NOTICE that you may also be liable for civil damages under various Tort claims including but not limited to: negligence, fraud (in the Inducement), Assault, Battery, Intentional Infliction of Emotional Distress, Loss of Consortium, Trespass and Products Liability. You are hereby notified of potential liability and this NOTICE shall serve as actual NOTICE in support of these claims.

To: Governor DeWine, Legislatures/General Assembly

We are writing this letter to you on behalf of We the People of Ohio. We are very CONCERNED about:

Ohio's Vax-A- Million sweepstakes

Coronavirus Relief Funds (Cares Act funds and American Rescue Plan funds),

Vaccines and the experimental covid-19 vaccine/drug,

Face coverings (masks), social distancing and executive orders, and spending of tax payers' dollars.

"To date, more than \$2.1 billion Coronavirus Relief Funds have been distributed to local governments, childcare, PPE, broadband access, and other critical areas in need of financial assistance." (Mike DeWine governor of Ohio website)

Northeast Ohio cities prepare for American Rescue Plan funds to hit accounts in coming days "The state will receive \$5.4 billion with another \$6.6 billion going directly to cities and counties" (3 wkyc.com Maria Saenz)

Cares Act funds (2.2 Billion):

\$125 million: funding to provide grants to small businesses with no more than 25 employees.

MT-REP-21-1721-A-000012

\$50 million: to 47 Community Action Agencies.
 \$37.5 million: for the Bar and Restaurant Assistance Fund.
 \$62 million: for rural and critical access hospitals.
 \$100 million: for higher education.
 \$25 million: designated for nonprofits.
 \$20 million: to support Ohio's world-class arts organizations.
Total: 419.5 million

American Rescue Plan funds (5.4 Billion?):

\$511,721,590-Cleveland
 \$145,337,626-Akron
 \$47,219,575-Lakewood
 \$38,817,062-Cleveland Heights
 \$32,491,585-Lorain
 \$15,387,409-Alliance
 \$16,441,150-Barerton
 \$16,493,877-Cuyahoga
 \$7,510,281-Kent
 \$28,680,143-Warren
 \$82,775,370-Youngston

Ohio Vax-A-Million sweepstakes:

\$5 Million + advertisement costs (unknown amount).
 Advertisement message: If you are not vaccinated wear a mask or continue to shop online per CDC guidelines. (3 wkyc.com)

Coronavirus (covid-19) experimental vaccine/drug:

Unknown monies spent on distribution of drug, supplies used to inject drug into bodies of people, people doing the injections (vaccinators), and advertisement/ promoting/coercing/intimidating people to take this injection

Masks, PPE and supplies:

Unknown monies spent on these items

Political campaign money spent

10.3 million (per the Columbus dispatch article by Anna Staver) was spent. Actual amount spent is unknown.

Population of Ohio

Estimated to be 11.75 million

The concern We the People have is this:

You have used tax payer dollars to turn our communities, our government, businesses, non-profits, and educational system into a healthcare system, created a political society, turned coronavirus (COVID-19) into the largest medical/human experiment in history, Covid-19 vaccines have been used as the largest human trial in all history. As a result of your actions and the environment, society created there has been unnecessary detrimental harm, loss of life, homelessness to we the people which some may never recover from. Had you given the monies directly to we the people equally and not created this environment non of this would have taken place lives would have been saved. Had you followed your oaths of office this environment would not exist today.

All of these things listed above are in violation of:

Nuremberg Code (1947)

Ohio Constitution

The United States of America Constitution

Oaths of office

Ohio constitutional violations:

Preamble:

We, the people of the State of Ohio, grateful to Almighty God for our freedom, to secure its blessings and promote our common welfare, do establish this Constitution.

Article I: Bill of Rights

Inalienable rights.

All men are, by nature, free and independent, and have certain inalienable rights, among which are those of enjoying and defending life and liberty, acquiring, possessing, and protecting property, and seeking and obtaining happiness and safety.(1851)

Right to alter, reform, or abolish government, and repeal special privileges.

I.02 All political power is inherent in the people. Government is instituted for their equal protection and benefit, and they have the right to alter, reform, or abolish the same, whenever they may deem it necessary; and no special privileges or immunities shall ever be granted, that may not be altered, revoked, or repealed by the General Assembly.(1851)

Slavery and involuntary servitude.

I.06 There shall be no slavery in this State; nor involuntary servitude, unless for the punishment of crime.(1851)

Redress for injury; Due process.

I.16 All courts shall be open, and every person, for an injury done him in his land, goods, person, or reputation, shall have remedy by due course of law, and shall have justice administered without denial or delay.

Suspension of laws.

I.18 No power of suspending laws shall ever be exercised, except by the General Assembly.(1851)

Preservation of the freedom to choose health care and health care coverage

I.21(A) No federal, state, or local law or rule shall compel, directly or indirectly, any person, employer, or health care provider to participate in a health care system.

Article II: Legislative

Welfare of employees.

I.34 Laws may be passed fixing and regulating the hours of labor, establishing a minimum wage, and providing for the comfort, health, safety and general welfare of all employees; and no other provision of the constitution shall impair or limit this power.(1912)

Since you are in violation of your oaths of office, both the USA/Ohio constitutions, and Nuremberg Code (1947) You are hereby asked to:

- Immediately stop the Vax-A-Million sweepstakes
- Immediately stop/ban all vaccinations including Covid-19 experimental vaccine/drug
- Immediately redirect all America Rescue Plan funds to be directly given equally to we the people (every man woman, and child) in Ohio
- Immediately retrieve disbursed Cares Act monies and redirect those monies equally to we the people (every man woman, and child) any unspent monies be immediately disbursed equally to every man woman and child in Ohio
- Immediately make a public announcement you are working on these matters

Again had you followed your oaths of office and given these funds to we the people all these harms could/would have been avoided. This will go down in history as the biggest crime against humanity. We the people are hoping you can see this horrific wrong/error and willing to take immediate action to write this wrong/error and take measures to ensure this never happens again.

Thank you

Ohio 1802 Constitution (Ohio's original constitution-law of the land)

September 24, 2021

Dear: Governor Mike DeWine & Ohio General Assemble & Ohio Treasurer-Robert Sprague

I have called your office (rep51Carruthers) twice and spoke with Andy. My purpose of calling was the masks mandates for children/driver on school buses in Fairfield Ohio, to discuss the recent school board meeting where the major Craig Shubert attended and requested the board resign or be subjected to being charged for pornographic material being taught in schools in his city. Andy seemed aware of the incident. I informed Andy of the safety and health hazards masks have on children and adults. I also gave three articles one was an article on 47 studies on masks, mask injuries in the work place, and an article on insurance company warning about the hazards of driving while masking, warnings included: having an accident due to passing out, fogged eye glasses or being distracted while adjusting said mask. We talked briefly about S.B. 22. I informed Andy the state of Ohio was operating as a health care system.

I did not get a chance to discuss the resent issue with a local hospital (Westchester) who refused to give a family the right to use a prescribed medication called Ivermectin (FDA approved 1975), the family sued the hospital in court and the judge ordered the hospital to give the medication. After the patient received about 13 doses the patient was taken off the medication due to the hospital appealing the decision and the judge reversed the prior judge's decision. The hospital's decision to refuse to give Ivermectin was in violation of the 2018 right to try act in Ohio and the Covid-19 right to try Act 2020. This email is also to address/put you on notice due to the ignorance/retaliation of a letter of grievance sent to the General assembly from we the people that informed the General assembly that they turned our state into a healthcare system, Covid-19 protocols were violating our constitutional rights and causing injury/death to the public. We the people asked for specific remedy which included stopping the Vax-A-million/all vaccines, stopping all protocols of covid-19, stop operating the state as a healthcare system and dispersing all covid-19 funds that were issued for we the people not government to be equally disbursed to every man, woman, and child. We were denied our requests for redress

MT-REP-21-1721-A-000018

which violates our constitutional rights and you retaliated against we the people for our grievance by forming S.B. 22 (June 23, 2021) which took effect 29 days from the date you received our letter/grievance, S.B. 22 is still violating our constitutional rights and causing injury/death. As of September 1, 2021 we have lost 21,302+ people in Ohio, we have lost 1,454 + people since May 24, 2021 the date of our grievance.

To add further insult/injury you created another program called Vax-2-School with scholarships for ages 12-25 that will cause further injury/death. The 134th General Assembly once again refuses to follow the Ohio constitution, the United States constitution and breaching it's agreement between the government and the people when making legislation, refuses to hold themselves accountable for the injury/death to the people when they are making legislation, refuses to listen to we the people who voted them in office. The government has a history of retaliating against the people and abridging our rights thru legislation and programs they create and have we the people pay for them. In a sense we the people pay the government to enslave us and punish us.

What is a Constitution? (Chapter 1 the constitutional framework of Ohio pg.1)

"A constitution is the fundamental law of a state or nation. It is a written document agreed to by the people and thus derives its authority from those it governs. A constitution establishes the nature and character of the state or national government. It organizes government into various branches, prescribes their powers, and specifies the extent to which these powers may be exercised."

"The Ohio Constitution is the fundamental law of Ohio and is subject only to the restrictions of the United States Constitution, acts of Congress, and international treaties to which the United States is a party. It may be changed only by voter **approval of proposed amendments.**"

"Like the United States Constitution, the Ohio Constitution organizes government into three separate branches: the legislative, the executive, and the judicial. Each branch is independent of the other two and has defined powers and responsibilities. **All laws enacted by the legislative branch must comply with the Constitution's provisions; those that do not are unenforceable.**"

"Ohio's first constitution was approved by Congress in 1802 as a first step to Ohio's admission to the Union as a state. Ohio's second constitution, the Constitution of 1851, as subsequently amended, is today's fundamental law of Ohio," which is unconstitutional due to the laws enacted by the legislature did not comply with the 1802 constitution /United States constitution provisions when it enacted the Ohio loan law 1837 and erected schools in 1825 and instituting taxes. (Chapter 1: The Constitutional Framework of the Ohio State Government LSC A Guidebook for Ohio Legislators Page | 2)

Your oath

"I, (name), do solemnly swear that I will support the Constitution of the United States and the Constitution of Ohio, will administer justice without respect to persons, and will faithfully and impartially discharge and perform all of the duties incumbent upon me as (name of office) according to the best of my ability and understanding. [This I do as I shall answer unto God.]" (3.23 Ohio legislature site)

What is a Grievance/Petition/Malfeasance/Skulduggery/Defrauding

Grievance: An official statement of a complaint over something believed to be wrong or unfair.(Google)

Petition: "make or present a formal request to (an authority) with respect to a particular cause."(Google)

Malfeasance: Intentional conduct that is wrongful or unlawful, especially by officials or public employees. Malfeasance is at a higher level of wrongdoing than nonfeasance (failure to act where there was a duty to act)(Google)

Skulduggery: underhanded or unscrupulous behavior; trickery (Google)

MT-REP-21-1721-A-000019

Defrauding: illegally obtain money from (someone) by deception (Google)

"In the United States the right to petition is enumerated in the First Amendment to the United States Constitution, which specifically prohibits congress from abridging "the rights of the people peaceably to assemble, and to petition the Government for a redress of grievances." The government behaves in a skulduggery way and commits act of malfeasants when making legislation and changing the constitution. Both acts are crimes against humanity.

Some of Ohio's History of skulduggery/Malfeasance By the Government (crimes against humanity)

In 1825 the government violated the Article VIII bill of rights sec 3 of the constitution of 1802, breeched its agreement with the people when they established schools which gave the government control over the conscience mind, and forced the people to be a partied to their religious society thru teachings in said schools in Ohio and put Ohioans' in dept turning Ohioan's into dept slaves and subjected children to government indoctrination. The half-million dollars of dept for said schools was paid thru taxation which continues to today with school taxes.

In 1837 the government operated as a bank when it developed the Ohio loan law of 1837 and put Ohioan's in dept again, turning Ohioans' into dept slaves, this time the dept bill was \$20 million with the Ohio loan law 1837. The remedy the government came up with for their unauthorized loan law/bank lending was to call a constitutional convention which resulted in the adoption of a new constitution (1851), banned poll taxes (was never authorized Article VIII sec 23 of the 1802 constitution) and mandated properties be taxed by "uniform rule" (at the same rate) according to value, (property tax today's verbiage), and the 1851 constitution limited the aggregate state dept to \$750,000. In 1873 the government held a constitutional convention to once again change the constitution which was denied by the people, in 1912 during the constitutional convention the government managed to convince the people to make amendments and continued to convince the people to amend the constitution over the years.

In 1991 the Ohio Coalition for Equity & Adequacy of School funding, filed suit against the State of Ohio. The Supreme Court ruled that the state's method for funding public education was unconstitutional. The court eventually washed its hands of the matter in 2002, ruling that Ohio's system was unconstitutional but never spelling out a solution. Schools in Ohio have been unconstitutional since they were erected in 1825.

In 2020 thru present day Once again the government has violated we the people's constitutional rights and breached their agreement between the government and we the people, this violation has/have caused injury/death and continues to cause injury/death. We the people have sent a grievance to the General Assembly on May 24, 2021 requesting they stop all skulduggery covid-19 protocols/stop operating as a healthcare system and release the covid-19 economic relief funds owed to the people of Ohio.

We the people demand you repeal all legislation/laws/statutes est. and return us back to our founding constitution of 1802. Refund all tax monies collected from everyone who has worked/lived in Ohio, Stop all taxing in the state of Ohio, including State, city, property, and school tax est, request the treasury to disburse all Covid-19 monies equally to every man, woman, and child in Ohio, retrieve all covid-19 funds already disbursed and redirect them to we the people equally to every man, woman, and child. If you can't/won't/refuse to do as requested then you must resign immediately or be charge for your skulduggery behavior, acts of malfeasance/crimes against humanity.

We the people are invoking our constitutional right to abolish this government.

Per Article I Bill of rights sec 2 Right to alter, reform, or abolish government and repeal special privileges whenever we deem necessary. Since your continued malfeasance and skulduggery there have been over 21,302+ wrongful deaths in the state of Ohio, you're defrauding/flimflamming/pilfering/thievery/misappropriation of the people out of their Covid-19 funds, and your long history of unscrupulousness, malfeasance and skulduggery ways when violating both the Ohio/United States constitutions when governing and formulating legislation. We the people find that

this government is so egregious that it is unable to be reformed or altered so we must abolish this government. **Resign immediately or be subject to arrest.**

CONSIDER YOU RELVES ABOLISHED EFFECTIVE IMMEDIATELY

Thank you for your adherence to this request
We the people

LEGAL NOTICE

TO: Governor Mike DeWine & Ohio General Assemble & Ohio Treasurer-Robert Sprague

Date: September 24, 2021

By the authority of the Nuremberg Code on Medical Experimentation, we do hereby exercise our right to refuse to submit to or to administer the Covid-19 experimental gene therapy injection heretofore known as the "Covid-19 Vaccine."

The United States Government has extraterritorially prosecuted, convicted and executed Medical Doctors who have violated the Nuremberg Code on Medical Experimentation. Aiders and abettors of Nuremberg Crimes are equally guilty and have also been prosecuted, convicted and executed. Every court of law in any location has original jurisdiction (Universal) to hear and try Crimes Against Humanity; and violations of the Nuremberg Code are classified as Crimes Against Humanity, which carry a maximum penalty of Death.

You are hereby put on **NOTICE** that any further effort to coerce, intimidate, persuade, trick or compel we the people to receive any experimental gene therapy injection ("Covid-19 Vaccine") or any other medical device, drug or procedure against our will, implicates you as aiding and abetting in the Capital Offense of a Crime Against Humanity.

We hereby reserve our rights to swear to a criminal complaint against you in the nearest available law enforcement agency or court of law. We do not contract with you in any way and expressly deny any contractual relationship with you.

We hereby reserve our rights and put you on NOTICE that you may also be liable for civil damages under various Tort claims including but not limited to: negligence, fraud (in the Inducement), Assault, Battery, Intentional Infliction of Emotional Distress, Loss of Consortium, Trespass and Products Liability. You are hereby notified of potential liability and this NOTICE shall serve as actual NOTICE in support of these claims.

To: Governor DeWine, Legislatures/General Assembly

We are writing this letter to you on behalf of We the People of Ohio. We are very CONCERNED about:

Ohio's Vax-A- Million sweepstakes

Coronavirus Relief Funds (Cares Act funds and American Rescue Plan funds),

Vaccines and the experimental covid-19 vaccine/drug,

Face coverings (masks), social distancing and executive orders, and spending of tax payers' dollars.

"To date, more than \$2.1 billion Coronavirus Relief Funds have been distributed to local governments, childcare, PPE, broadband access, and other critical areas in need of financial assistance." (Mike DeWine governor of Ohio website)

Northeast Ohio cities prepare for American Rescue Plan funds to hit accounts in coming days "The state will receive \$5.4 billion with another \$6.6 billion going directly to cities and counties" (3 wkyc.com Maria Saenz)

Cares Act funds (2.2 Billion):

\$125 million: funding to provide grants to small businesses with no more than 25 employees.

MT-REP-21-1721-A-000023

\$50 million: to 47 Community Action Agencies.
 \$37.5 million: for the Bar and Restaurant Assistance Fund.
 \$62 million: for rural and critical access hospitals.
 \$100 million: for higher education.
 \$25 million: designated for nonprofits.
 \$20 million: to support Ohio's world-class arts organizations.
Total: 419.5 million

American Rescue Plan funds (5.4 Billion?):

\$511,721,590-Cleveland
 \$145,337,626-Akron
 \$47,219,575-Lakewood
 \$38,817,062-Cleveland Heights
 \$32,491,585-Lorain
 \$15,387,409-Alliance
 \$16,441,150-Barberton
 \$16,493,877-Cuyahoga
 \$7,510,281-Kent
 \$28,680,143-Warren
 \$82,775,370-Youngston

Ohio Vax-A-Million sweepstakes:

\$5 Million + advertisement costs (unknown amount).
 Advertisement message: If you are not vaccinated wear a mask or continue to shop online per CDC guidelines. (3 wkyc.com)

Coronavirus (covid-19) experimental vaccine/drug:

Unknown monies spent on distribution of drug, supplies used to inject drug into bodies of people, people doing the injections (vaccinators), and advertisement/ promoting/coercing/intimidating people to take this injection

Masks, PPE and supplies:

Unknown monies spent on these items

Political campaign money spent

10.3 million (per the Columbus dispatch article by Anna Staver) was spent. Actual amount spent is unknown.

Population of Ohio

Estimated to be 11.75 million

The concern We the People have is this:

You have used tax payer dollars to turn our communities, our government, businesses, non-profits, and educational system into a healthcare system, created a political society, turned coronavirus (COVID-19) into the largest medical/human experiment in history, Covid-19 vaccines have been used as the largest human trial in all history. As a result of your actions and the environment, society created there has been unnecessary detrimental harm, loss of life, homelessness to we the people which some may never recover from. Had you given the monies directly to we the people equally and not created this environment non of this would have taken place lives would have been saved. Had you followed your oaths of office this environment would not exist today.

All of these things listed above are in violation of:

Nuremberg Code (1947)

Ohio Constitution

The United States of America Constitution

Oaths of office

Ohio constitutional violations:

Preamble:

We, the people of the State of Ohio, grateful to Almighty God for our freedom, to secure its blessings and promote our common welfare, do establish this Constitution.

After the patient received about 13 doses the patient was taken off the medication due to the hospital appealing the decision and the judge reversed the prior judge's decision. The hospital's decision to refuse to give Ivermectin was in violation of the 2018 right to try act in Ohio and the Covid-19 right to try Act 2020. This email is also to address/put you on notice due to the ignorance/retaliation of a letter of grievance sent to the General assembly from we the people that informed the General assembly that they turned our state into a healthcare system, Covid-19 protocols were violating our constitutional rights and causing injury/death to the public. We the people asked for specific remedy which included stopping the Vax-A-million/all vaccines, stopping all protocols of covid-19, stop operating the state as a healthcare system and dispersing all covid-19 funds that were issued for we the people not government to be equally disbursed to every man, woman, and child. We were denied our requests for redress

which violates our constitutional rights and you retaliated against we the people for our grievance by forming S.B. 22 (June 23, 2021) which took effect 29 days from the date you received our letter/grievance, S.B. 22 is still violating our constitutional rights and causing injury/death. As of September 1, 2021 we have lost 21,302+ people in Ohio, we have lost 1,454 + people since May 24, 2021 the date of our grievance.

To add further insult/injury you created another program called Vax-2-School with scholarships for ages 12-25 that will cause further injury/death. The 134th General Assembly once again refuses to follow the Ohio constitution, the United States constitution and breaching it's agreement between the government and the people when making legislation, refuses to hold themselves accountable for the injury/death to the people when they are making legislation, refuses to listen to we the people who voted them in office. The government has a history of retaliating against the people and abridging our rights thru legislation and programs they create and have we the people pay for them. In a sense we the people pay the government to enslave us and punish us.

"The Ohio Constitution is the fundamental law of Ohio and is subject only to the restrictions of the United States Constitution, acts of Congress, and international treaties to which the United States is a party. It may be changed only by voter **approval of proposed amendments.**"

"Like the United States Constitution, the Ohio Constitution organizes government into three separate branches: the legislative, the executive, and the judicial. Each branch is independent of the other two and has defined powers and responsibilities. **All laws enacted by the legislative branch must comply with the Constitution's provisions; those that do not are unenforceable.**"

"Ohio's first constitution was approved by Congress in 1802 as a first step to Ohio's admission to the Union as a state. Ohio's second constitution, the Constitution of 1851, as subsequently amended, is today's fundamental law of Ohio," which is unconstitutional due to the laws enacted by the legislature did not comply with the 1802 constitution /United States constitution provisions when it enacted the Ohio loan law 1837 and erected schools in 1825 and instituting taxes. Defrauding: illegally obtain money from (someone) by deception (Google)

"In the United States the right to petition is enumerated in the First Amendment to the United States Constitution, which specifically prohibits congress from abridging "the rights of the people peaceably to assemble, and to petition the Government for a redress of grievances." The government behaves in a skulduggery way and commits act of malfeasants when making legislation and changing the constitution. Both acts are crimes against humanity.

Some of Ohio's History of skulduggery/Malfeasance By the Government (crimes against humanity)

In 1825 the government violated the Article VIII bill of rights sec 3 of the constitution of 1802, breeched its agreement with the people when they established schools which gave the government control over the conscience mind, and forced the people to be a partied to their religious society thru teachings in said schools in Ohio and put Ohioans' in dept turning Ohioan's into dept slaves and subjected children to government indoctrination. The half-million dollars of dept for said schools was paid thru taxation which continues to today with school taxes.

In 1837 the government operated as a bank when it developed the Ohio loan law of 1837 and put Ohioan's in dept again, turning Ohioans' into dept slaves, this time the dept bill was \$20 million with the Ohio loan law 1837. The remedy the government came up with for their unauthorized loan law/bank lending was to call a constitutional convention which resulted in the adoption of a new constitution (1851), banned poll taxes (was never authorized Article VIII sec 23 of the 1802 constitution) and mandated properties be taxed by "uniform rule" (at the same rate) according to value, (property tax today's verbiage), and the 1851 constitution limited the aggregate state dept to \$750,000. In 1873 the government held a constitutional convention to once again change the constitution which was denied by the people, in 1912 during the constitutional convention the government managed to convince the people to make amendments and continued to convince the people to amend the constitution over the years.

In 1991 the Ohio Coalition for Equity & Adequacy of School funding, filed suit against the State of Ohio. The Supreme Court ruled that the state's method for funding public education was unconstitutional. The court eventually washed its hands of the matter in 2002, ruling that Ohio's system was unconstitutional but never spelling out a solution. Schools in Ohio have been unconstitutional since they were erected in 1825.

In 2020 thru present day Once again the government has violated we the people's constitutional rights and breached their agreement between the government and we the people, this violation has/have caused injury/death and continues to cause injury/death. We the people have sent a grievance to the General Assembly on May 24, 2021 requesting they stop all skulduggery covid-19 protocols/stop operating as a healthcare system and release the covid-19 economic relief funds owed to the people of Ohio.

We the people demand you repeal all legislation/laws/statutes est. and return us back to our founding constitution of 1802. Refund all tax monies collected from everyone who has worked/lived in Ohio, Stop all taxing in the state of Ohio, including State, city, property, and school tax est, request the treasury to disburse all Covid-19 monies equally to every man, woman, and child in Ohio, retrieve all covid-19 funds already disbursed and redirect them to we the people equally to every man, woman, and child. If you can't/won't/refuse to do as requested then you must resign immediately or be charge for your skulduggery behavior, acts of malfeasance/crimes against humanity.

We the people are invoking our constitutional right to abolish this government.

Per Article I Bill of rights sec 2 Right to alter, reform, or abolish government and repeal special privileges whenever we deem necessary. Since your continued malfeasance and skulduggery there have been over 21,302+ wrongful deaths in the state of Ohio, you're defrauding/flimflamming/pilfering/thievery/misappropriation of the people out of their Covid-19 funds, and your long history of unscrupulousness, malfeasance and skulduggery ways when violating both the Ohio/United States constitutions when governing and formulating legislation. We the people find that

this government is so egregious that it is unable to be reformed or altered so we must abolish this government. **Resign immediately or be subject to arrest.**

CONSIDER YOU RELVES ABOLISHED EFFECTIVE IMMEDIATELY

Thank you for your adherence to this request
We the people

LEGAL NOTICE

TO: Governor Mike DeWine & Ohio General Assemble & Ohio Treasurer-Robert Sprague

Date: September 24, 2021

By the authority of the Nuremberg Code on Medical Experimentation, we do hereby exercise our right to refuse to submit to or to administer the Covid-19 experimental gene therapy injection heretofore known as the "Covid-19 Vaccine."

The United States Government has extraterritorially prosecuted, convicted and executed Medical Doctors who have violated the Nuremberg Code on Medical Experimentation. Aiders and abettors of Nuremberg Crimes are equally guilty and have also been prosecuted, convicted and executed. Every court of law in any location has original jurisdiction (Universal) to hear and try Crimes Against Humanity; and violations of the Nuremberg Code are classified as Crimes Against Humanity, which carry a maximum penalty of Death.

You are hereby put on **NOTICE** that any further effort to coerce, intimidate, persuade, trick or compel we the people to receive any experimental gene therapy injection ("Covid-19 Vaccine") or any other medical device, drug or procedure against our will, implicates you as aiding and abetting in the Capital Offense of a Crime Against Humanity.

We hereby reserve our rights to swear to a criminal complaint against you in the nearest available law enforcement agency or court of law. We do not contract with you in any way and expressly deny any contractual relationship with you.

We hereby reserve our rights and put you on NOTICE that you may also be liable for civil damages under various Tort claims including but not limited to: negligence, fraud (in the Inducement), Assault, Battery, Intentional Infliction of Emotional Distress, Loss of Consortium, Trespass and Products Liability. To: Governor DeWine, Legislatures/General Assembly

We are writing this letter to you on behalf of We the People of Ohio. We are very CONCERNED about:

Ohio's Vax-A- Million sweepstakes

Coronavirus Relief Funds (Cares Act funds and American Rescue Plan funds),

Vaccines and the experimental covid-19 vaccine/drug,

Face coverings (masks), social distancing and executive orders, and spending of tax payers' dollars.

"To date, more than \$2.1 billion Coronavirus Relief Funds have been distributed to local governments, childcare, PPE, broadband access, and other critical areas in need of financial assistance." (Mike DeWine governor of Ohio website)

Northeast Ohio cities prepare for American Rescue Plan funds to hit accounts in coming days "The state will receive \$5.4 billion with another \$6.6 billion going directly to cities and counties" (3 wkyc.com Maria Saenz)

Cares Act funds (2.2 Billion):

\$125 million: funding to provide grants to small businesses with no more than 25 employees.

MT-REP-21-1721-A-000034

\$50 million: to 47 Community Action Agencies.
 \$37.5 million: for the Bar and Restaurant Assistance Fund.
 \$62 million: for rural and critical access hospitals.
 \$100 million: for higher education.
 \$25 million: designated for nonprofits.
 \$20 million: to support Ohio's world-class arts organizations.
Total: 419.5 million

American Rescue Plan funds (5.4 Billion?):

\$511,721,590-Cleveland
 \$145,337,626-Akron
 \$47,219,575-Lakewood
 \$38,817,062-Cleveland Heights
 \$32,491,585-Lorain
 \$15,387,409-Alliance
 \$16,441,150-Barberton
 \$16,493,877-Cuyahoga
 \$7,510,281-Kent
 \$28,680,143-Warren
 \$82,775,370-Youngston

Ohio Vax-A-Million sweepstakes:

\$5 Million + advertisement costs (unknown amount).
 Advertisement message: If you are not vaccinated wear a mask or continue to shop online per CDC guidelines. (3 wkyc.com)

Coronavirus (covid-19) experimental vaccine/drug:

Unknown monies spent on distribution of drug, supplies used to inject drug into bodies of people, people doing the injections (vaccinators), and advertisement/ promoting/coercing/intimidating people to take this injection

Masks, PPE and supplies:

Unknown monies spent on these items

Political campaign money spent

10.3 million (per the Columbus dispatch article by Anna Staver) was spent. Actual amount spent is unknown.

Population of Ohio

Estimated to be 11.75 million

The concern We the People have is this:

You have used tax payer dollars to turn our communities, our government, businesses, non-profits, and educational system into a healthcare system, created a political society, turned coronavirus (COVID-19) into the largest medical/human experiment in history, Covid-19 vaccines have been used as the largest human trial in all history. As a result of your actions and the environment, society created there has been unnecessary detrimental harm, loss of life, homelessness to we the people which some may never recover from. Had you given the monies directly to we the people equally and not created this environment non of this would have taken place lives would have been saved. Had you followed your oaths of office this environment would not exist today.

All of these things listed above are in violation of:

Nuremberg Code (1947)

Ohio Constitution

The United States of America Constitution

Oaths of office

Ohio constitutional violations:

Preamble:

We, the people of the State of Ohio, grateful to Almighty God for our freedom, to secure its blessings and promote our common welfare, do establish this Constitution.

Article I: Bill of Rights

Inalienable rights.

All men are, by nature, free and independent, and have certain inalienable rights, among which are those of enjoying and defending life and liberty, acquiring, possessing, and protecting property, and seeking and obtaining happiness and safety.(1851)

Right to alter, reform, or abolish government, and repeal special privileges.

I.02 All political power is inherent in the people. Government is instituted for their equal protection and benefit, and they have the right to alter, reform, or abolish the same, whenever they may deem it necessary; and no special privileges or immunities shall ever be granted, that may not be altered, revoked, or repealed by the General Assembly.(1851)

Slavery and involuntary servitude.

I.06 There shall be no slavery in this State; nor involuntary servitude, unless for the punishment of crime.(1851)

Redress for injury; Due process.

I.16 All courts shall be open, and every person, for an injury done him in his land, goods, person, or reputation, shall have remedy by due course of law, and shall have justice administered without denial or delay.

Suspension of laws.

I.18 No power of suspending laws shall ever be exercised, except by the General Assembly.(1851)

Preservation of the freedom to choose health care and health care coverage

I.21(A) No federal, state, or local law or rule shall compel, directly or indirectly, any person, employer, or health care provider to participate in a health care system.

Article II: Legislative

Welfare of employees.

I.34 Laws may be passed fixing and regulating the hours of labor, establishing a minimum wage, and providing for the comfort, health, safety and general welfare of all employees; and no other provision of the constitution shall impair or limit this power.(1912)

Since you are in violation of your oaths of office, both the USA/Ohio constitutions, and Nuremberg Code (1947) You are hereby asked to:

- Immediately stop the Vax-A-Million sweepstakes
- Immediately stop/ban all vaccinations including Covid-19 experimental vaccine/drug
- Immediately redirect all America Rescue Plan funds to be directly given equally to we the people (every man woman, and child) in Ohio
- Immediately retrieve disbursed Cares Act monies and redirect those monies equally to we the people (every man woman, and child) any unspent monies be immediately disbursed equally to every man woman and child in Ohio
- Immediately make a public announcement you are working on these matters

Again had you followed your oaths of office and given these funds to we the people all these harms could/would have been avoided. This will go down in history as the biggest crime against humanity. We the people are hoping you can see this horrific wrong/error and willing to take immediate action to write this wrong/error and take measures to ensure this never happens again.

Thank you

We the People

Dear: Governor Mike DeWine & Ohio General Assemble & Ohio Treasurer-Robert Sprague

I have called your office (rep51Carruthers) twice and spoke with Andy. My purpose of calling was the masks mandates for children/driver on school buses in Fairfield Ohio, to discuss the recent school board meeting where the major Craig Shubert attended and requested the board resign or be subjected to being charged for pornographic material being taught in schools in his city. Andy seemed aware of the incident. I informed Andy of the safety and health hazards masks have on children and adults. I also gave three articles one was an article on 47 studies on masks, mask injuries in the work place, and an article on insurance company warning about the hazards of driving while masking, warnings included: having an accident due to passing out, fogged eye glasses or being distracted while adjusting said mask. We talked briefly about S.B. 22. I informed Andy the state of Ohio was operating as a health care system.

I did not get a chance to discuss the resent issue with a local hospital (Westchester) who refused to give a family the right to use a prescribed medication called Ivermectin (FDA approved 1975), the family sued the hospital in court and the judge ordered the hospital to give the medication. After the patient received about 13 doses the patient was taken off the medication due to the hospital appealing the decision and the judge reversed the prior judge's decision. The hospital's decision to refuse to give Ivermectin was in violation of the 2018 right to try act in Ohio and the Covid-19 right to try Act 2020. To: Governor DeWine, Legislatures/General Assembly

We are writing this letter to you on behalf of We the People of Ohio. We are very CONCERNED about:

Ohio's Vax-A- Million sweepstakes

Coronavirus Relief Funds (Cares Act funds and American Rescue Plan funds),

Vaccines and the experimental covid-19 vaccine/drug,

Face coverings (masks), social distancing and executive orders, and spending of tax payers' dollars.

"To date, more than \$2.1 billion Coronavirus Relief Funds have been distributed to local governments, childcare, PPE, broadband access, and other critical areas in need of financial assistance." (Mike DeWine governor of Ohio website)

Northeast Ohio cities prepare for American Rescue Plan funds to hit accounts in coming days "The state will receive \$5.4 billion with another \$6.6 billion going directly to cities and counties" (3 wkyc.com Maria Saenz)

Cares Act funds (2.2 Billion):

\$125 million: funding to provide grants to small businesses with no more than 25 employees.

MT-REP-21-1721-A-000053

\$50 million: to 47 Community Action Agencies.
 \$37.5 million: for the Bar and Restaurant Assistance Fund.
 \$62 million: for rural and critical access hospitals.
 \$100 million: for higher education.
 \$25 million: designated for nonprofits.
 \$20 million: to support Ohio's world-class arts organizations.
Total: 419.5 million

American Rescue Plan funds (5.4 Billion?):

\$511,721,590-Cleveland
 \$145,337,626-Akron
 \$47,219,575-Lakewood
 \$38,817,062-Cleveland Heights
 \$32,491,585-Lorain
 \$15,387,409-Alliance
 \$16,441,150-Barberton
 \$16,493,877-Cuyahoga
 \$7,510,281-Kent
 \$28,680,143-Warren
 \$82,775,370-Youngston

Ohio Vax-A-Million sweepstakes:

\$5 Million + advertisement costs (unknown amount).
 Advertisement message: If you are not vaccinated wear a mask or continue to shop online per CDC guidelines. (3 wkyc.com)

Coronavirus (covid-19) experimental vaccine/drug:

Unknown monies spent on distribution of drug, supplies used to inject drug into bodies of people, people doing the injections (vaccinators), and advertisement/ promoting/coercing/intimidating people to take this injection

Masks, PPE and supplies:

Unknown monies spent on these items

Political campaign money spent

10.3 million (per the Columbus dispatch article by Anna Staver) was spent. Actual amount spent is unknown.

Population of Ohio

Estimated to be 11.75 million

The concern We the People have is this:

You have used tax payer dollars to turn our communities, our government, businesses, non-profits, and educational system into a healthcare system, created a political society, turned coronavirus (COVID-19) into the largest medical/human experiment in history, Covid-19 vaccines have been used as the largest human trial in all history. As a result of your actions and the environment, society created there has been unnecessary detrimental harm, loss of life, homelessness to we the people which some may never recover from. Had you given the monies directly to we the people equally and not created this environment non of this would have taken place lives would have been saved. Had you followed your oaths of office this environment would not exist today.

All of these things listed above are in violation of:

Nuremberg Code (1947)

Ohio Constitution

The United States of America Constitution

Oaths of office

Ohio constitutional violations:

Preamble:

We, the people of the State of Ohio, grateful to Almighty God for our freedom, to secure its blessings and promote our common welfare, do establish this Constitution.

Article I: Bill of Rights

Inalienable rights.

All men are, by nature, free and independent, and have certain inalienable rights, among which are those of enjoying and defending life and liberty, acquiring, possessing, and protecting property, and seeking and obtaining happiness and safety.(1851)

Right to alter, reform, or abolish government, and repeal special privileges.

I.02 All political power is inherent in the people. Government is instituted for their equal protection and benefit, and they have the right to alter, reform, or abolish the same, whenever they may deem it necessary; and no special privileges or immunities shall ever be granted, that may not be altered, revoked, or repealed by the General Assembly.(1851)

Slavery and involuntary servitude.

I.06 There shall be no slavery in this State; nor involuntary servitude, unless for the punishment of crime.(1851)

Redress for injury; Due process.

I.16 All courts shall be open, and every person, for an injury done him in his land, goods, person, or reputation, shall have remedy by due course of law, and shall have justice administered without denial or delay.

Suspension of laws.

I.18 No power of suspending laws shall ever be exercised, except by the General Assembly.(1851)

Preservation of the freedom to choose health care and health care coverage

I.21(A) No federal, state, or local law or rule shall compel, directly or indirectly, any person, employer, or health care provider to participate in a health care system.

Article II: Legislative

Welfare of employees.

I.34 Laws may be passed fixing and regulating the hours of labor, establishing a minimum wage, and providing for the comfort, health, safety and general welfare of all employees; and no other provision of the constitution shall impair or limit this power.(1912)

Since you are in violation of your oaths of office, both the USA/Ohio constitutions, and Nuremberg Code (1947) You are hereby asked to:

- Immediately stop the Vax-A-Million sweepstakes
- Immediately stop/ban all vaccinations including Covid-19 experimental vaccine/drug
- Immediately redirect all America Rescue Plan funds to be directly given equally to we the people (every man woman, and child) in Ohio
- Immediately retrieve disbursed Cares Act monies and redirect those monies equally to we the people (every man woman, and child) any unspent monies be immediately disbursed equally to every man woman and child in Ohio
- Immediately make a public announcement you are working on these matters

Again had you followed your oaths of office and given these funds to we the people all these harms could/would have been avoided. This will go down in history as the biggest crime against humanity. We the people are hoping you can see this horrific wrong/error and willing to take immediate action to write this wrong/error and take measures to ensure this never happens again.

Thank you

Dear: Governor Mike DeWine & Ohio General Assemble & Ohio Treasurer-Robert Sprague

I have called your office (rep51Carruthers) twice and spoke with Andy. My purpose of calling was the masks mandates for children/driver on school buses in Fairfield Ohio, to discuss the recent school board meeting where the major Craig Shubert attended and requested the board resign or be subjected to being charged for pornographic material being taught in schools in his city. Andy seemed aware of the incident. I informed Andy of the safety and health hazards masks have on children and adults. I also gave three articles one was an article on 47 studies on masks, mask injuries in the work place, and an article on insurance company warning about the hazards of driving while masking, warnings included: having an accident due to passing out, fogged eye glasses or being distracted while adjusting said mask. We talked briefly about S.B. 22. I informed Andy the state of Ohio was operating as a health care system.

I did not get a chance to discuss the resent issue with a local hospital (Westchester) who refused to give a family the right to use a prescribed medication called Ivermectin (FDA approved 1975), the family sued the hospital in court and the judge ordered the hospital to give the medication. After the patient received about 13 doses the patient was taken off the medication due to the hospital appealing the decision and the judge reversed the prior judge's decision. The hospital's decision to refuse to give Ivermectin was in violation of the 2018 right to try act in Ohio and the Covid-19 right to try Act 2020. This email is also to address/put you on notice due to the ignorance/retaliation of a letter of grievance sent to the General assembly from we the people that informed the General assembly that they turned our state into a healthcare system, Covid-19 protocols were violating our constitutional rights and causing injury/death to the public. We the people asked for specific remedy which included stopping the Vax-A-million/all vaccines, stopping all protocols of covid-19, stop operating the state as a healthcare system and dispersing all covid-19 funds that were issued for we the people not government to be equally disbursed to every man, woman, and child. We were denied our requests for redress

MT-REP-21-1721-A-000059

which violates our constitutional rights and you retaliated against we the people for our grievance by forming S.B. 22 (June 23, 2021) which took effect 29 days from the date you received our letter/grievance, S.B. 22 is still violating our constitutional rights and causing injury/death. As of September 1, 2021 we have lost 21,302+ people in Ohio, we have lost 1,454 + people since May 24, 2021 the date of our grievance.

To add further insult/injury you created another program called Vax-2-School with scholarships for ages 12-25 that will cause further injury/death. The 134th General Assembly once again refuses to follow the Ohio constitution, the United States constitution and breaching it's agreement between the government and the people when making legislation, refuses to hold themselves accountable for the injury/death to the people when they are making legislation, refuses to listen to we the people who voted them in office. The government has a history of retaliating against the people and abridging our rights thru legislation and programs they create and have we the people pay for them. In a sense we the people pay the government to enslave us and punish us.

What is a Constitution? (Chapter 1 the constitutional framework of Ohio pg.1)

"A constitution is the fundamental law of a state or nation. It is a written document agreed to by the people and thus derives its authority from those it governs. A constitution establishes the nature and character of the state or national government. It organizes government into various branches, prescribes their powers, and specifies the extent to which these powers may be exercised."

"The Ohio Constitution is the fundamental law of Ohio and is subject only to the restrictions of the United States Constitution, acts of Congress, and international treaties to which the United States is a party. It may be changed only by voter **approval of proposed amendments.**"

"Like the United States Constitution, the Ohio Constitution organizes government into three separate branches: the legislative, the executive, and the judicial. Each branch is independent of the other two and has defined powers and responsibilities. **All laws enacted by the legislative branch must comply with the Constitution's provisions; those that do not are unenforceable.**"

"Ohio's first constitution was approved by Congress in 1802 as a first step to Ohio's admission to the Union as a state. Ohio's second constitution, the Constitution of 1851, as subsequently amended, is today's fundamental law of Ohio," which is unconstitutional due to the laws enacted by the legislature did not comply with the 1802 constitution /United States constitution provisions when it enacted the Ohio loan law 1837 and erected schools in 1825 and instituting taxes. (Chapter 1: The Constitutional Framework of the Ohio State Government LSC A Guidebook for Ohio Legislators Page | 2)

Your oath

"I, (name), do solemnly swear that I will support the Constitution of the United States and the Constitution of Ohio, will administer justice without respect to persons, and will faithfully and impartially discharge and perform all of the duties incumbent upon me as (name of office) according to the best of my ability and understanding. [This I do as I shall answer unto God.]" (3.23 Ohio legislature site)

What is a Grievance/Petition/Malfeasance/Skulduggery/Defrauding

Grievance: An official statement of a complaint over something believed to be wrong or unfair.(Google)

Petition: "make or present a formal request to (an authority) with respect to a particular cause."(Google)

Malfeasance: Intentional conduct that is wrongful or unlawful, especially by officials or public employees. Malfeasance is at a higher level of wrongdoing than nonfeasance (failure to act where there was a duty to act)(Google)

Skulduggery: underhanded or unscrupulous behavior; trickery (Google)

MT-REP-21-1721-A-000060

Defrauding: illegally obtain money from (someone) by deception (Google)

"In the United States the right to petition is enumerated in the First Amendment to the United States Constitution, which specifically prohibits congress from abridging "the rights of the people peaceably to assemble, and to petition the Government for a redress of grievances." The government behaves in a skulduggery way and commits act of malfeasants when making legislation and changing the constitution. Both acts are crimes against humanity.

Some of Ohio's History of skulduggery/Malfeasance By the Government (crimes against humanity)

In 1825 the government violated the Article VIII bill of rights sec 3 of the constitution of 1802, breeched its agreement with the people when they established schools which gave the government control over the conscience mind, and forced the people to be a partied to their religious society thru teachings in said schools in Ohio and put Ohioans' in dept turning Ohioan's into dept slaves and subjected children to government indoctrination. The half-million dollars of dept for said schools was paid thru taxation which continues to today with school taxes.

In 1837 the government operated as a bank when it developed the Ohio loan law of 1837 and put Ohioan's in dept again, turning Ohioans' into dept slaves, this time the dept bill was \$20 million with the Ohio loan law 1837. The remedy the government came up with for their unauthorized loan law/bank lending was to call a constitutional convention which resulted in the adoption of a new constitution (1851), banned poll taxes (was never authorized Article VIII sec 23 of the 1802 constitution) and mandated properties be taxed by "uniform rule" (at the same rate) according to value, (property tax today's verbiage), and the 1851 constitution limited the aggregate state dept to \$750,000. In 1873 the government held a constitutional convention to once again change the constitution which was denied by the people, in 1912 during the constitutional convention the government managed to convince the people to make amendments and continued to convince the people to amend the constitution over the years.

In 1991 the Ohio Coalition for Equity & Adequacy of School funding, filed suit against the State of Ohio. The Supreme Court ruled that the state's method for funding public education was unconstitutional. The court eventually washed its hands of the matter in 2002, ruling that Ohio's system was unconstitutional but never spelling out a solution. Schools in Ohio have been unconstitutional since they were erected in 1825.

In 2020 thru present day Once again the government has violated we the people's constitutional rights and breached their agreement between the government and we the people, this violation has/have caused injury/death and continues to cause injury/death. We the people have sent a grievance to the General Assembly on May 24, 2021 requesting they stop all skulduggery covid-19 protocols/stop operating as a healthcare system and release the covid-19 economic relief funds owed to the people of Ohio.

We the people demand you repeal all legislation/laws/statutes est. and return us back to our founding constitution of 1802. Refund all tax monies collected from everyone who has worked/lived in Ohio, Stop all taxing in the state of Ohio, including State, city, property, and school tax est, request the treasury to disburse all Covid-19 monies equally to every man, woman, and child in Ohio, retrieve all covid-19 funds already disbursed and redirect them to we the people equally to every man, woman, and child. Since your continued malfeasance and skulduggery there have been over 21,302+ wrongful deaths in the state of Ohio, you're defrauding/flimflamming/pilfering/thievery/misappropriation of the people out of their Covid-19 funds, and your long history of unscrupulousness, malfeasance and skulduggery ways when violating both the Ohio/United States constitutions when governing and formulating legislation. I.21(A) No federal, state, or local law or rule shall compel, directly or indirectly, any person, employer, or health care provider to participate in a health care system.

Article II: Legislative

Welfare of employees.

I.34 Laws may be passed fixing and regulating the hours of labor, establishing a minimum wage, and providing for the comfort, health, safety and general welfare of all employees; and no other provision of the constitution shall impair or limit this power.(1912)

Since you are in violation of your oaths of office, both the USA/Ohio constitutions, and Nuremberg Code (1947) You are hereby asked to:

- Immediately stop the Vax-A-Million sweepstakes
- Immediately stop/ban all vaccinations including Covid-19 experimental vaccine/drug

Ohio 1802 Constitution (Ohio's original constitution-law of the land)

September 24, 2021

Dear: Governor Mike DeWine & Ohio General Assemble & Ohio Treasurer-Robert Sprague

I have called your office (rep51Carruthers) twice and spoke with Andy. My purpose of calling was the masks mandates for children/driver on school buses in Fairfield Ohio, to discuss the recent school board meeting where the major Craig Shubert attended and requested the board resign or be subjected to being charged for pornographic material being taught in schools in his city. Andy seemed aware of the incident. I informed Andy of the safety and health hazards masks have on children and adults. I also gave three articles one was an article on 47 studies on masks, mask injuries in the work place, and an article on insurance company warning about the hazards of driving while masking, warnings included: having an accident due to passing out, fogged eye glasses or being distracted while adjusting said mask. We talked briefly about S.B. 22. I informed Andy the state of Ohio was operating as a health care system.

I did not get a chance to discuss the resent issue with a local hospital (Westchester) who refused to give a family the right to use a prescribed medication called Ivermectin (FDA approved 1975), the family sued the hospital in court and the judge ordered the hospital to give the medication. After the patient received about 13 doses the patient was taken off the medication due to the hospital appealing the decision and the judge reversed the prior judge's decision. The hospital's decision to refuse to give Ivermectin was in violation of the 2018 right to try act in Ohio and the Covid-19 right to try Act 2020. This email is also to address/put you on notice due to the ignorance/retaliation of a letter of grievance sent to the General assembly from we the people that informed the General assembly that they turned our state into a healthcare system, Covid-19 protocols were violating our constitutional rights and causing injury/death to the public. We the people asked for specific remedy which included stopping the Vax-A-million/all vaccines, stopping all protocols of covid-19, stop operating the state as a healthcare system and dispersing all covid-19 funds that were issued for we the people not government to be equally disbursed to every man, woman, and child. We were denied our requests for redress

MT-REP-21-1721-A-000074

which violates our constitutional rights and you retaliated against we the people for our grievance by forming S.B. 22 (June 23, 2021) which took effect 29 days from the date you received our letter/grievance, S.B. 22 is still violating our constitutional rights and causing injury/death. As of September 1, 2021 we have lost 21,302+ people in Ohio, we have lost 1,454 + people since May 24, 2021 the date of our grievance.

To add further insult/injury you created another program called Vax-2-School with scholarships for ages 12-25 that will cause further injury/death. The 134th General Assembly once again refuses to follow the Ohio constitution, the United States constitution and breaching it's agreement between the government and the people when making legislation, refuses to hold themselves accountable for the injury/death to the people when they are making legislation, refuses to listen to we the people who voted them in office. The government has a history of retaliating against the people and abridging our rights thru legislation and programs they create and have we the people pay for them. In a sense we the people pay the government to enslave us and punish us.

What is a Constitution? (Chapter 1 the constitutional framework of Ohio pg.1)

"A constitution is the fundamental law of a state or nation. It is a written document agreed to by the people and thus derives its authority from those it governs. A constitution establishes the nature and character of the state or national government. It organizes government into various branches, prescribes their powers, and specifies the extent to which these powers may be exercised."

"The Ohio Constitution is the fundamental law of Ohio and is subject only to the restrictions of the United States Constitution, acts of Congress, and international treaties to which the United States is a party. It may be changed only by voter **approval of proposed amendments.**"

"Like the United States Constitution, the Ohio Constitution organizes government into three separate branches: the legislative, the executive, and the judicial. Each branch is independent of the other two and has defined powers and responsibilities. **All laws enacted by the legislative branch must comply with the Constitution's provisions; those that do not are unenforceable.**"

"Ohio's first constitution was approved by Congress in 1802 as a first step to Ohio's admission to the Union as a state. Ohio's second constitution, the Constitution of 1851, as subsequently amended, is today's fundamental law of Ohio," which is unconstitutional due to the laws enacted by the legislature did not comply with the 1802 constitution /United States constitution provisions when it enacted the Ohio loan law 1837 and erected schools in 1825 and instituting taxes. (Chapter 1: The Constitutional Framework of the Ohio State Government LSC A Guidebook for Ohio Legislators Page | 2)

Your oath

"I, (name), do solemnly swear that I will support the Constitution of the United States and the Constitution of Ohio, will administer justice without respect to persons, and will faithfully and impartially discharge and perform all of the duties incumbent upon me as (name of office) according to the best of my ability and understanding. [This I do as I shall answer unto God.]" (3.23 Ohio legislature site)

What is a Grievance/Petition/Malfeasance/Skulduggery/Defrauding

Grievance: An official statement of a complaint over something believed to be wrong or unfair.(Google)

Petition: "make or present a formal request to (an authority) with respect to a particular cause."(Google)

Malfeasance: Intentional conduct that is wrongful or unlawful, especially by officials or public employees. Malfeasance is at a higher level of wrongdoing than nonfeasance (failure to act where there was a duty to act)(Google)

Skulduggery: underhanded or unscrupulous behavior; trickery (Google)

MT-REP-21-1721-A-000075

Defrauding: illegally obtain money from (someone) by deception (Google)

"In the United States the right to petition is enumerated in the First Amendment to the United States Constitution, which specifically prohibits congress from abridging "the rights of the people peaceably to assemble, and to petition the Government for a redress of grievances." The government behaves in a skulduggery way and commits act of malfeasants when making legislation and changing the constitution. Both acts are crimes against humanity.

Some of Ohio's History of skulduggery/Malfeasance By the Government (crimes against humanity)

In 1825 the government violated the Article VIII bill of rights sec 3 of the constitution of 1802, breeched its agreement with the people when they established schools which gave the government control over the conscience mind, and forced the people to be a partied to their religious society thru teachings in said schools in Ohio and put Ohioans' in dept turning Ohioan's into dept slaves and subjected children to government indoctrination. The half-million dollars of dept for said schools was paid thru taxation which continues to today with school taxes.

In 1837 the government operated as a bank when it developed the Ohio loan law of 1837 and put Ohioan's in dept again, turning Ohioans' into dept slaves, this time the dept bill was \$20 million with the Ohio loan law 1837. The remedy the government came up with for their unauthorized loan law/bank lending was to call a constitutional convention which resulted in the adoption of a new constitution (1851), banned poll taxes (was never authorized Article VIII sec 23 of the 1802 constitution) and mandated properties be taxed by "uniform rule" (at the same rate) according to value, (property tax today's verbiage), and the 1851 constitution limited the aggregate state dept to \$750,000. In 1873 the government held a constitutional convention to once again change the constitution which was denied by the people, in 1912 during the constitutional convention the government managed to convince the people to make amendments and continued to convince the people to amend the constitution over the years.

In 1991 the Ohio Coalition for Equity & Adequacy of School funding, filed suit against the State of Ohio. The Supreme Court ruled that the state's method for funding public education was unconstitutional. The court eventually washed its hands of the matter in 2002, ruling that Ohio's system was unconstitutional but never spelling out a solution. Schools in Ohio have been unconstitutional since they were erected in 1825.

In 2020 thru present day Once again the government has violated we the people's constitutional rights and breached their agreement between the government and we the people, this violation has/have caused injury/death and continues to cause injury/death. We the people have sent a grievance to the General Assembly on May 24, 2021 requesting they stop all skulduggery covid-19 protocols/stop operating as a healthcare system and release the covid-19 economic relief funds owed to the people of Ohio.

We the people demand you repeal all legislation/laws/statutes est. and return us back to our founding constitution of 1802. Refund all tax monies collected from everyone who has worked/lived in Ohio, Stop all taxing in the state of Ohio, including State, city, property, and school tax est, request the treasury to disburse all Covid-19 monies equally to every man, woman, and child in Ohio, retrieve all covid-19 funds already disbursed and redirect them to we the people equally to every man, woman, and child. If you can't/won't/refuse to do as requested then you must resign immediately or be charge for your skulduggery behavior, acts of malfeasance/crimes against humanity.

We the people are invoking our constitutional right to abolish this government.

Per Article I Bill of rights sec 2 Right to alter, reform, or abolish government and repeal special privileges whenever we deem necessary. Since your continued malfeasance and skulduggery there have been over 21,302+ wrongful deaths in the state of Ohio, you're defrauding/flimflamming/pilfering/thievery/misappropriation of the people out of their Covid-19 funds, and your long history of unscrupulousness, malfeasance and skulduggery ways when violating both the Ohio/United States constitutions when governing and formulating legislation. We the people find that

this government is so egregious that it is unable to be reformed or altered so we must abolish this government. **Resign immediately or be subject to arrest.**

CONSIDER YOU RELVES ABOLISHED EFFECTIVE IMMEDIATELY

Thank you for your adherence to this request
We the people

LEGAL NOTICE

TO: Governor Mike DeWine & Ohio General Assemble & Ohio Treasurer-Robert Sprague

Date: September 24, 2021

By the authority of the Nuremberg Code on Medical Experimentation, we do hereby exercise our right to refuse to submit to or to administer the Covid-19 experimental gene therapy injection heretofore known as the "Covid-19 Vaccine."

The United States Government has extraterritorially prosecuted, convicted and executed Medical Doctors who have violated the Nuremberg Code on Medical Experimentation. Aiders and abettors of Nuremberg Crimes are equally guilty and have also been prosecuted, convicted and executed. Every court of law in any location has original jurisdiction (Universal) to hear and try Crimes Against Humanity; and violations of the Nuremberg Code are classified as Crimes Against Humanity, which carry a maximum penalty of Death.

You are hereby put on **NOTICE** that any further effort to coerce, intimidate, persuade, trick or compel we the people to receive any experimental gene therapy injection ("Covid-19 Vaccine") or any other medical device, drug or procedure against our will, implicates you as aiding and abetting in the Capital Offense of a Crime Against Humanity.

We hereby reserve our rights to swear to a criminal complaint against you in the nearest available law enforcement agency or court of law. We do not contract with you in any way and expressly deny any contractual relationship with you.

We hereby reserve our rights and put you on NOTICE that you may also be liable for civil damages under various Tort claims including but not limited to: negligence, fraud (in the Inducement), Assault, Battery, Intentional Infliction of Emotional Distress, Loss of Consortium, Trespass and Products Liability. You are hereby notified of potential liability and this NOTICE shall serve as actual NOTICE in support of these claims.

To: Governor DeWine, Legislatures/General Assembly

We are writing this letter to you on behalf of We the People of Ohio. We are very CONCERNED about:

Ohio's Vax-A- Million sweepstakes

Coronavirus Relief Funds (Cares Act funds and American Rescue Plan funds),

Vaccines and the experimental covid-19 vaccine/drug,

Face coverings (masks), social distancing and executive orders, and spending of tax payers' dollars.

"To date, more than \$2.1 billion Coronavirus Relief Funds have been distributed to local governments, childcare, PPE, broadband access, and other critical areas in need of financial assistance." (Mike DeWine governor of Ohio website)

Northeast Ohio cities prepare for American Rescue Plan funds to hit accounts in coming days "The state will receive \$5.4 billion with another \$6.6 billion going directly to cities and counties" (3 wkyc.com Maria Saenz)

Cares Act funds (2.2 Billion):

\$125 million: funding to provide grants to small businesses with no more than 25 employees.

MT-REP-21-1721-A-000079

\$50 million: to 47 Community Action Agencies.
 \$37.5 million: for the Bar and Restaurant Assistance Fund.
 \$62 million: for rural and critical access hospitals.
 \$100 million: for higher education.
 \$25 million: designated for nonprofits.
 \$20 million: to support Ohio's world-class arts organizations.
Total: 419.5 million

American Rescue Plan funds (5.4 Billion?):

\$511,721,590-Cleveland
 \$145,337,626-Akron
 \$47,219,575-Lakewood
 \$38,817,062-Cleveland Heights
 \$32,491,585-Lorain
 \$15,387,409-Alliance
 \$16,441,150-Barberton
 \$16,493,877-Cuyahoga
 \$7,510,281-Kent
 \$28,680,143-Warren
 \$82,775,370-Youngston

Ohio Vax-A-Million sweepstakes:

\$5 Million + advertisement costs (unknown amount).
 Advertisement message: If you are not vaccinated wear a mask or continue to shop online per CDC guidelines. (3 wkyc.com)

Coronavirus (covid-19) experimental vaccine/drug:

Unknown monies spent on distribution of drug, supplies used to inject drug into bodies of people, people doing the injections (vaccinators), and advertisement/ promoting/coercing/intimidating people to take this injection

Masks, PPE and supplies:

Unknown monies spent on these items

Political campaign money spent

10.3 million (per the Columbus dispatch article by Anna Staver) was spent. Actual amount spent is unknown.

Population of Ohio

Estimated to be 11.75 million

The concern We the People have is this:

You have used tax payer dollars to turn our communities, our government, businesses, non-profits, and educational system into a healthcare system, created a political society, turned coronavirus (COVID-19) into the largest medical/human experiment in history, Covid-19 vaccines have been used as the largest human trial in all history. As a result of your actions and the environment, society created there has been unnecessary detrimental harm, loss of life, homelessness to we the people which some may never recover from. Had you given the monies directly to we the people equally and not created this environment non of this would have taken place lives would have been saved. Had you followed your oaths of office this environment would not exist today.

All of these things listed above are in violation of:

Nuremberg Code (1947)

Ohio Constitution

The United States of America Constitution

Oaths of office

Ohio constitutional violations:

Preamble:

We, the people of the State of Ohio, grateful to Almighty God for our freedom, to secure its blessings and promote our common welfare, do establish this Constitution.

Article I: Bill of Rights

Inalienable rights.

All men are, by nature, free and independent, and have certain inalienable rights, among which are those of enjoying and defending life and liberty, acquiring, possessing, and protecting property, and seeking and obtaining happiness and safety.(1851)

Right to alter, reform, or abolish government, and repeal special privileges.

I.02 All political power is inherent in the people. Government is instituted for their equal protection and benefit, and they have the right to alter, reform, or abolish the same, whenever they may deem it necessary; and no special privileges or immunities shall ever be granted, that may not be altered, revoked, or repealed by the General Assembly.(1851)

Slavery and involuntary servitude.

I.06 There shall be no slavery in this State; nor involuntary servitude, unless for the punishment of crime.(1851)

Redress for injury; Due process.

I.16 All courts shall be open, and every person, for an injury done him in his land, goods, person, or reputation, shall have remedy by due course of law, and shall have justice administered without denial or delay.

Suspension of laws.

I.18 No power of suspending laws shall ever be exercised, except by the General Assembly.(1851)

Preservation of the freedom to choose health care and health care coverage

I.21(A) No federal, state, or local law or rule shall compel, directly or indirectly, any person, employer, or health care provider to participate in a health care system.

Article II: Legislative

Welfare of employees.

I.34 Laws may be passed fixing and regulating the hours of labor, establishing a minimum wage, and providing for the comfort, health, safety and general welfare of all employees; and no other provision of the constitution shall impair or limit this power.(1912)

Since you are in violation of your oaths of office, both the USA/Ohio constitutions, and Nuremberg Code (1947) You are hereby asked to:

- Immediately stop the Vax-A-Million sweepstakes
- Immediately stop/ban all vaccinations including Covid-19 experimental vaccine/drug

which violates our constitutional rights and you retaliated against we the people for our grievance by forming S.B. 22 (June 23, 2021) which took effect 29 days from the date you received our letter/grievance, S.B. 22 is still violating our constitutional rights and causing injury/death. As of September 1, 2021 we have lost 21,302+ people in Ohio, we have lost 1,454 + people since May 24, 2021 the date of our grievance.

To add further insult/injury you created another program called Vax-2-School with scholarships for ages 12-25 that will cause further injury/death. The 134th General Assembly once again refuses to follow the Ohio constitution, the United States constitution and breaching it's agreement between the government and the people when making legislation, refuses to hold themselves accountable for the injury/death to the people when they are making legislation, refuses to listen to we the people who voted them in office. The government has a history of retaliating against the people and abridging our rights thru legislation and programs they create and have we the people pay for them. In a sense we the people pay the government to enslave us and punish us.

It organizes government into various branches, prescribes their powers, and specifies the extent to which these powers may be exercised."

"The Ohio Constitution is the fundamental law of Ohio and is subject only to the restrictions of the United States Constitution, acts of Congress, and international treaties to which the United States is a party. It may be changed only by voter **approval of proposed amendments.**"

"Like the United States Constitution, the Ohio Constitution organizes government into three separate branches: the legislative, the executive, and the judicial. Each branch is independent of the other two and has defined powers and responsibilities. **All laws enacted by the legislative branch must comply with the Constitution's provisions; those that do not are unenforceable.**"

"Ohio's first constitution was approved by Congress in 1802 as a first step to Ohio's admission to the Union as a state. Ohio's second constitution, the Constitution of 1851, as subsequently amended, is today's fundamental law of Ohio," which is unconstitutional due to the laws enacted by the legislature did not comply with the 1802 constitution /United States constitution provisions when it enacted the Ohio loan law 1837 and erected schools in 1825 and instituting taxes. Grievance: An official statement of a complaint over something believed to be wrong or unfair.(Google)

Petition: "make or present a formal request to (an authority) with respect to a particular cause."(Google)

Malfeasance: Intentional conduct that is wrongful or unlawful, especially by officials or public employees. Malfeasance is at a higher level of wrongdoing than nonfeasance (failure to act where there was a duty to act)(Google)

Skulduggery: underhanded or unscrupulous behavior; trickery (Google)

MT-REP-21-1721-A-000086

Defrauding: illegally obtain money from (someone) by deception (Google)

"In the United States the right to petition is enumerated in the First Amendment to the United States Constitution, which specifically prohibits congress from abridging "the rights of the people peaceably to assemble, and to petition the Government for a redress of grievances." The government behaves in a skulduggery way and commits act of malfeasants when making legislation and changing the constitution. Both acts are crimes against humanity.

Some of Ohio's History of skulduggery/Malfeasance By the Government (crimes against humanity)

In 1825 the government violated the Article VIII bill of rights sec 3 of the constitution of 1802, breeched its agreement with the people when they established schools which gave the government control over the conscience mind, and forced the people to be a partied to their religious society thru teachings in said schools in Ohio and put Ohioans' in dept turning Ohioan's into dept slaves and subjected children to government indoctrination. The half-million dollars of dept for said schools was paid thru taxation which continues to today with school taxes.

In 1837 the government operated as a bank when it developed the Ohio loan law of 1837 and put Ohioan's in dept again, turning Ohioans' into dept slaves, this time the dept bill was \$20 million with the Ohio loan law 1837. The remedy the government came up with for their unauthorized loan law/bank lending was to call a constitutional convention which resulted in the adoption of a new constitution (1851), banned poll taxes (was never authorized Article VIII sec 23 of the 1802 constitution) and mandated properties be taxed by "uniform rule" (at the same rate) according to value, (property tax today's verbiage), and the 1851 constitution limited the aggregate state dept to \$750,000. In 1873 the government held a constitutional convention to once again change the constitution which was denied by the people, in 1912 during the constitutional convention the government managed to convince the people to make amendments and continued to convince the people to amend the constitution over the years.

In 1991 the Ohio Coalition for Equity & Adequacy of School funding, filed suit against the State of Ohio. The Supreme Court ruled that the state's method for funding public education was unconstitutional. The court eventually washed its hands of the matter in 2002, ruling that Ohio's system was unconstitutional but never spelling out a solution. Schools in Ohio have been unconstitutional since they were erected in 1825.

In 2020 thru present day Once again the government has violated we the people's constitutional rights and breached their agreement between the government and we the people, this violation has/have caused injury/death and continues to cause injury/death. We the people have sent a grievance to the General Assembly on May 24, 2021 requesting they stop all skulduggery covid-19 protocols/stop operating as a healthcare system and release the covid-19 economic relief funds owed to the people of Ohio.

We the people demand you repeal all legislation/laws/statutes est. and return us back to our founding constitution of 1802. Refund all tax monies collected from everyone who has worked/lived in Ohio, Stop all taxing in the state of Ohio, including State, city, property, and school tax est, request the treasury to disburse all Covid-19 monies equally to every man, woman, and child in Ohio, retrieve all covid-19 funds already disbursed and redirect them to we the people equally to every man, woman, and child. If you can't/won't/refuse to do as requested then you must resign immediately or be charge for your skulduggery behavior, acts of malfeasance/crimes against humanity.

We the people are invoking our constitutional right to abolish this government.

Per Article I Bill of rights sec 2 Right to alter, reform, or abolish government and repeal special privileges whenever we deem necessary. Since your continued malfeasance and skulduggery there have been over 21,302+ wrongful deaths in the state of Ohio, you're defrauding/flimflamming/pilfering/thievery/misappropriation of the people out of their Covid-19 funds, and your long history of unscrupulousness, malfeasance and skulduggery ways when violating both the Ohio/United States constitutions when governing and formulating legislation. We the people find that

this government is so egregious that it is unable to be reformed or altered so we must abolish this government. **Resign immediately or be subject to arrest.**

TO: Governor Mike DeWine & Ohio General Assemble & Ohio Treasurer-Robert Sprague

Date: September 24, 2021

By the authority of the Nuremberg Code on Medical Experimentation, we do hereby exercise our right to refuse to submit to or to administer the Covid-19 experimental gene therapy injection heretofore known as the "Covid-19 Vaccine."

The United States Government has extraterritorially prosecuted, convicted and executed Medical Doctors who have violated the Nuremberg Code on Medical Experimentation. Aiders and abettors of Nuremberg Crimes are equally guilty and have also been prosecuted, convicted and executed. Every court of law in any location has original jurisdiction (Universal) to hear and try Crimes Against Humanity; and violations of the Nuremberg Code are classified as Crimes Against Humanity, which carry a maximum penalty of Death.

You are hereby put on **NOTICE** that any further effort to coerce, intimidate, persuade, trick or compel we the people to receive any experimental gene therapy injection ("Covid-19 Vaccine") or any other medical device, drug or procedure against our will, implicates you as aiding and abetting in the Capital Offense of a Crime Against Humanity.

We hereby reserve our rights to swear to a criminal complaint against you in the nearest available law enforcement agency or court of law. We do not contract with you in any way and expressly deny any contractual relationship with you.

We hereby reserve our rights and put you on NOTICE that you may also be liable for civil damages under various Tort claims including but not limited to: negligence, fraud (in the Inducement), Assault, Battery, Intentional Infliction of Emotional Distress, Loss of Consortium, Trespass and Products Liability. You are hereby notified of potential liability and this NOTICE shall serve as actual NOTICE in support of these claims.

To: Governor DeWine, Legislatures/General Assembly

We are writing this letter to you on behalf of We the People of Ohio. We are very CONCERNED about:

Ohio's Vax-A- Million sweepstakes

Coronavirus Relief Funds (Cares Act funds and American Rescue Plan funds),

Vaccines and the experimental covid-19 vaccine/drug,

Face coverings (masks), social distancing and executive orders, and spending of tax payers' dollars.

"To date, more than \$2.1 billion Coronavirus Relief Funds have been distributed to local governments, childcare, PPE, broadband access, and other critical areas in need of financial assistance." (Mike DeWine governor of Ohio website)

Northeast Ohio cities prepare for American Rescue Plan funds to hit accounts in coming days "The state will receive \$5.4 billion with another \$6.6 billion going directly to cities and counties" (3 wkyc.com Maria Saenz)

Cares Act funds (2.2 Billion):

\$125 million: funding to provide grants to small businesses with no more than 25 employees.

MT-REP-21-1721-A-000090

\$50 million: to 47 Community Action Agencies.
 \$37.5 million: for the Bar and Restaurant Assistance Fund.
 \$62 million: for rural and critical access hospitals.
 \$100 million: for higher education.
 \$25 million: designated for nonprofits.
 \$20 million: to support Ohio's world-class arts organizations.
Total: 419.5 million

American Rescue Plan funds (5.4 Billion?):

\$511,721,590-Cleveland
 \$145,337,626-Akron
 \$47,219,575-Lakewood
 \$38,817,062-Cleveland Heights
 \$32,491,585-Lorain
 \$15,387,409-Alliance
 \$16,441,150-Barberton
 \$16,493,877-Cuyahoga
 \$7,510,281-Kent
 \$28,680,143-Warren
 \$82,775,370-Youngston

Ohio Vax-A-Million sweepstakes:

\$5 Million + advertisement costs (unknown amount).
 Advertisement message: If you are not vaccinated wear a mask or continue to shop online per CDC guidelines. (3 wkyc.com)

Coronavirus (covid-19) experimental vaccine/drug:

Unknown monies spent on distribution of drug, supplies used to inject drug into bodies of people, people doing the injections (vaccinators), and advertisement/ promoting/coercing/intimidating people to take this injection

Masks, PPE and supplies:

Unknown monies spent on these items

Political campaign money spent

10.3 million (per the Columbus dispatch article by Anna Staver) was spent. Actual amount spent is unknown.

Population of Ohio

Estimated to be 11.75 million

The concern We the People have is this:

You have used tax payer dollars to turn our communities, our government, businesses, non-profits, and educational system into a healthcare system, created a political society, turned coronavirus (COVID-19) into the largest medical/human experiment in history, Covid-19 vaccines have been used as the largest human trial in all history. As a result of your actions and the environment, society created there has been unnecessary detrimental harm, loss of life, homelessness to we the people which some may never recover from. Had you given the monies directly to we the people equally and not created this environment non of this would have taken place lives would have been saved. Had you followed your oaths of office this environment would not exist today.

All of these things listed above are in violation of:

Nuremberg Code (1947)

Ohio Constitution

The United States of America Constitution

Oaths of office

Ohio constitutional violations:

Preamble:

We, the people of the State of Ohio, grateful to Almighty God for our freedom, to secure its blessings and promote our common welfare, do establish this Constitution.

Article I: Bill of Rights

Inalienable rights.

All men are, by nature, free and independent, and have certain inalienable rights, among which are those of enjoying and defending life and liberty, acquiring, possessing, and protecting property, and seeking and obtaining happiness and safety.(1851)

Right to alter, reform, or abolish government, and repeal special privileges.

I.02 All political power is inherent in the people. Government is instituted for their equal protection and benefit, and they have the right to alter, reform, or abolish the same, whenever they may deem it necessary; and no special privileges or immunities shall ever be granted, that may not be altered, revoked, or repealed by the General Assembly.(1851)

Slavery and involuntary servitude.

I.06 There shall be no slavery in this State; nor involuntary servitude, unless for the punishment of crime.(1851)

Redress for injury; Due process.

I.16 All courts shall be open, and every person, for an injury done him in his land, goods, person, or reputation, shall have remedy by due course of law, and shall have justice administered without denial or delay.

Suspension of laws.

I.18 No power of suspending laws shall ever be exercised, except by the General Assembly.(1851)

Preservation of the freedom to choose health care and health care coverage

I.21(A) No federal, state, or local law or rule shall compel, directly or indirectly, any person, employer, or health care provider to participate in a health care system.

Article II: Legislative

Welfare of employees.

I.34 Laws may be passed fixing and regulating the hours of labor, establishing a minimum wage, and providing for the comfort, health, safety and general welfare of all employees; and no other provision of the constitution shall impair or limit this power.(1912)

Since you are in violation of your oaths of office, both the USA/Ohio constitutions, and Nuremberg Code (1947) You are hereby asked to:

- Immediately stop the Vax-A-Million sweepstakes
- Immediately stop/ban all vaccinations including Covid-19 experimental vaccine/drug
- Immediately redirect all America Rescue Plan funds to be directly given equally to we the people (every man woman, and child) in Ohio
- Immediately retrieve disbursed Cares Act monies and redirect those monies equally to we the people (every man woman, and child) any unspent monies be immediately disbursed equally to every man woman and child in Ohio
- Immediately make a public announcement you are working on these matters

Again had you followed your oaths of office and given these funds to we the people all these harms could/would have been avoided. This will go down in history as the biggest crime against humanity. We the people are hoping you can see this horrific wrong/error and willing to take immediate action to write this wrong/error and take measures to ensure this never happens again.

Thank you

Dear: Governor Mike DeWine & Ohio General Assemble & Ohio Treasurer-Robert Sprague

I have called your office (rep51Carruthers) twice and spoke with Andy. My purpose of calling was the masks mandates for children/driver on school buses in Fairfield Ohio, to discuss the recent school board meeting where the major Craig Shubert attended and requested the board resign or be subjected to being charged for pornographic material being taught in schools in his city. Andy seemed aware of the incident. I informed Andy of the safety and health hazards masks have on children and adults. I also gave three articles one was an article on 47 studies on masks, mask injuries in the work place, and an article on insurance company warning about the hazards of driving while masking, warnings included: having an accident due to passing out, fogged eye glasses or being distracted while adjusting said mask. We talked briefly about S.B. 22. I informed Andy the state of Ohio was operating as a health care system.

I did not get a chance to discuss the resent issue with a local hospital (Westchester) who refused to give a family the right to use a prescribed medication called Ivermectin (FDA approved 1975), the family sued the hospital in court and the judge ordered the hospital to give the medication. After the patient received about 13 doses the patient was taken off the medication due to the hospital appealing the decision and the judge reversed the prior judge's decision. The hospital's decision to refuse to give Ivermectin was in violation of the 2018 right to try act in Ohio and the Covid-19 right to try Act 2020. This email is also to address/put you on notice due to the ignorance/retaliation of a letter of grievance sent to the General assembly from we the people that informed the General assembly that they turned our state into a healthcare system, Covid-19 protocols were violating our constitutional rights and causing injury/death to the public. We the people asked for specific remedy which included stopping the Vax-A-million/all vaccines, stopping all protocols of covid-19, stop operating the state as a healthcare system and dispersing all covid-19 funds that were issued for we the people not government to be equally disbursed to every man, woman, and child. We were denied our requests for redress

To: Governor DeWine, Legislatures/General Assembly

We are writing this letter to you on behalf of We the People of Ohio. We are very CONCERNED about:

Ohio's Vax-A- Million sweepstakes

Coronavirus Relief Funds (Cares Act funds and American Rescue Plan funds),

Vaccines and the experimental covid-19 vaccine/drug,

Face coverings (masks), social distancing and executive orders, and spending of tax payers' dollars.

"To date, more than \$2.1 billion Coronavirus Relief Funds have been distributed to local governments, childcare, PPE, broadband access, and other critical areas in need of financial assistance." (Mike DeWine governor of Ohio website)

Northeast Ohio cities prepare for American Rescue Plan funds to hit accounts in coming days "The state will receive \$5.4 billion with another \$6.6 billion going directly to cities and counties" (3 wkyc.com Maria Saenz)

Cares Act funds (2.2 Billion):

\$125 million: funding to provide grants to small businesses with no more than 25 employees.

MT-REP-21-1721-A-000103

\$50 million: to 47 Community Action Agencies.
 \$37.5 million: for the Bar and Restaurant Assistance Fund.
 \$62 million: for rural and critical access hospitals.
 \$100 million: for higher education.
 \$25 million: designated for nonprofits.
 \$20 million: to support Ohio's world-class arts organizations.
Total: 419.5 million

American Rescue Plan funds (5.4 Billion?):

\$511,721,590-Cleveland
 \$145,337,626-Akron
 \$47,219,575-Lakewood
 \$38,817,062-Cleveland Heights

Ohio Vax-A-Million sweepstakes:

\$5 Million + advertisement costs (unknown amount).
 Advertisement message: If you are not vaccinated wear a mask or continue to shop online per CDC guidelines. (3 wkyc.com)

Coronavirus (covid-19) experimental vaccine/drug:

Unknown monies spent on distribution of drug, supplies used to inject drug into bodies of people, people doing the injections (vaccinators), and advertisement/ promoting/coercing/intimidating people to take this injection

Masks, PPE and supplies:

Unknown monies spent on these items

Political campaign money spent

10.3 million (per the Columbus dispatch article by Anna Staver) was spent. Actual amount spent is unknown.

Population of Ohio

Estimated to be 11.75 million

The concern We the People have is this:

You have used tax payer dollars to turn our communities, our government, businesses, non-profits, and educational system into a healthcare system, created a political society, turned coronavirus (COVID-19) into the largest medical/human experiment in history, Covid-19 vaccines have been used as the largest human trial in all history. As a result of your actions and the environment, society created there has been unnecessary detrimental harm, loss of life, homelessness to we the people which some may never recover from. Had you given the monies directly to we the people equally and not created this environment non of this would have taken place lives would have been saved. Had you followed your oaths of office this environment would not exist today.

All of these things listed above are in violation of:

Nuremberg Code (1947)

Ohio Constitution

The United States of America Constitution

Oaths of office

Ohio constitutional violations:

Preamble:

We, the people of the State of Ohio, grateful to Almighty God for our freedom, to secure its blessings and promote our common welfare, do establish this Constitution.

Article I: Bill of Rights

Inalienable rights.

All men are, by nature, free and independent, and have certain inalienable rights, among which are those of enjoying and defending life and liberty, acquiring, possessing, and protecting property, and seeking and obtaining happiness and safety.(1851)

Right to alter, reform, or abolish government, and repeal special privileges.

I.02 All political power is inherent in the people. Government is instituted for their equal protection and benefit, and they have the right to alter, reform, or abolish the same, whenever they may deem it necessary; and no special privileges or immunities shall ever be granted, that may not be altered, revoked, or repealed by the General Assembly.(1851)

Slavery and involuntary servitude.

I.06 There shall be no slavery in this State; nor involuntary servitude, unless for the punishment of crime.(1851)

Redress for injury; Due process.

I.16 All courts shall be open, and every person, for an injury done him in his land, goods, person, or reputation, shall have remedy by due course of law, and shall have justice administered without denial or delay.

Suspension of laws.

I.18 No power of suspending laws shall ever be exercised, except by the General Assembly.(1851)

Preservation of the freedom to choose health care and health care coverage

I.21(A) No federal, state, or local law or rule shall compel, directly or indirectly, any person, employer, or health care provider to participate in a health care system.

Article II: Legislative

Welfare of employees.

I.34 Laws may be passed fixing and regulating the hours of labor, establishing a minimum wage, and providing for the comfort, health, safety and general welfare of all employees; and no other provision of the constitution shall impair or limit this power.(1912)

Since you are in violation of your oaths of office, both the USA/Ohio constitutions, and Nuremberg Code (1947) You are hereby asked to:

- Immediately stop the Vax-A-Million sweepstakes
- Immediately stop/ban all vaccinations including Covid-19 experimental vaccine/drug
- Immediately redirect all America Rescue Plan funds to be directly given equally to we the people (every man woman, and child) in Ohio
- Immediately retrieve disbursed Cares Act monies and redirect those monies equally to we the people (every man woman, and child) any unspent monies be immediately disbursed equally to every man woman and child in Ohio
- Immediately make a public announcement you are working on these matters

Again had you followed your oaths of office and given these funds to we the people all these harms could/would have been avoided. This will go down in history as the biggest crime against humanity. Dear: Governor Mike DeWine & Ohio General Assemble & Ohio Treasurer-Robert Sprague

I have called your office (rep51Carruthers) twice and spoke with Andy. My purpose of calling was the masks mandates for children/driver on school buses in Fairfield Ohio, to discuss the recent school board meeting where the major Craig Shubert attended and requested the board resign or be subjected to being charged for pornographic material being taught in schools in his city. Andy seemed aware of the incident. I informed Andy of the safety and health hazards masks have on children and adults. I also gave three articles one was an article on 47 studies on masks, mask injuries in the work place, and an article on insurance company warning about the hazards of driving while masking, warnings included: having an accident due to passing out, fogged eye glasses or being distracted while adjusting said mask. We talked briefly about S.B. 22. I informed Andy the state of Ohio was operating as a health care system.

I did not get a chance to discuss the resent issue with a local hospital (Westchester) who refused to give a family the right to use a prescribed medication called Ivermectin (FDA approved 1975), the family sued the hospital in court and the judge ordered the hospital to give the medication. After the patient received about 13 doses the patient was taken off the medication due to the hospital appealing the decision and the judge reversed the prior judge's decision. The hospital's decision to refuse to give Ivermectin was in violation of the 2018 right to try act in Ohio and the Covid-19 right to try Act 2020. This email is also to address/put you on notice due to the ignorance/retaliation of a letter of grievance sent to the General assembly from we the people that informed the General assembly that they turned our state into a healthcare system, Covid-19 protocols were violating our constitutional rights and causing injury/death to the public. We the people asked for specific remedy which included stopping the Vax-A-million/all vaccines, stopping all protocols of covid-19, stop operating the state as a healthcare system and dispersing all covid-19 funds that were issued for we the people not government to be equally disbursed to every man, woman, and child. We were denied our requests for redress

MT-REP-21-1721-A-000109

which violates our constitutional rights and you retaliated against we the people for our grievance by forming S.B. 22 (June 23, 2021) which took effect 29 days from the date you received our letter/grievance, S.B. 22 is still violating our constitutional rights and causing injury/death. As of September 1, 2021 we have lost 21,302+ people in Ohio, we have lost 1,454 + people since May 24, 2021 the date of our grievance.

To add further insult/injury you created another program called Vax-2-School with scholarships for ages 12-25 that will cause further injury/death. The 134th General Assembly once again refuses to follow the Ohio constitution, the United States constitution and breaching it's agreement between the government and the people when making legislation, refuses to hold themselves accountable for the injury/death to the people when they are making legislation, refuses to listen to we the people who voted them in office. The government has a history of retaliating against the people and abridging our rights thru legislation and programs they create and have we the people pay for them. In a sense we the people pay the government to enslave us and punish us.

What is a Constitution? (Chapter 1 the constitutional framework of Ohio pg.1)

"A constitution is the fundamental law of a state or nation. It is a written document agreed to by the people and thus derives its authority from those it governs. A constitution establishes the nature and character of the state or national government. It organizes government into various branches, prescribes their powers, and specifies the extent to which these powers may be exercised."

"The Ohio Constitution is the fundamental law of Ohio and is subject only to the restrictions of the United States Constitution, acts of Congress, and international treaties to which the United States is a party. It may be changed only by voter **approval of proposed amendments.**"

"Like the United States Constitution, the Ohio Constitution organizes government into three separate branches: the legislative, the executive, and the judicial. Each branch is independent of the other two and has defined powers and responsibilities. **All laws enacted by the legislative branch must comply with the Constitution's provisions; those that do not are unenforceable.**"

"Ohio's first constitution was approved by Congress in 1802 as a first step to Ohio's admission to the Union as a state. Ohio's second constitution, the Constitution of 1851, as subsequently amended, is today's fundamental law of Ohio," which is unconstitutional due to the laws enacted by the legislature did not comply with the 1802 constitution /United States constitution provisions when it enacted the Ohio loan law 1837 and erected schools in 1825 and instituting taxes. (Chapter 1: The Constitutional Framework of the Ohio State Government LSC A Guidebook for Ohio Legislators Page | 2)

Your oath

"I, (name), do solemnly swear that I will support the Constitution of the United States and the Constitution of Ohio, will administer justice without respect to persons, and will faithfully and impartially discharge and perform all of the duties incumbent upon me as (name of office) according to the best of my ability and understanding. [This I do as I shall answer unto God.]" (3.23 Ohio legislature site)

What is a Grievance/Petition/Malfeasance/Skulduggery/Defrauding

Grievance: An official statement of a complaint over something believed to be wrong or unfair.(Google)

Petition: "make or present a formal request to (an authority) with respect to a particular cause."(Google)

Malfeasance: Intentional conduct that is wrongful or unlawful, especially by officials or public employees. Malfeasance is at a higher level of wrongdoing than nonfeasance (failure to act where there was a duty to act)(Google)

Skulduggery: underhanded or unscrupulous behavior; trickery (Google)

MT-REP-21-1721-A-000110

Defrauding: illegally obtain money from (someone) by deception (Google)

"In the United States the right to petition is enumerated in the First Amendment to the United States Constitution, which specifically prohibits congress from abridging "the rights of the people peaceably to assemble, and to petition the Government for a redress of grievances." The government behaves in a skulduggery way and commits act of malfeasants when making legislation and changing the constitution. Both acts are crimes against humanity.

Some of Ohio's History of skulduggery/Malfeasance By the Government (crimes against humanity)

In 1825 the government violated the Article VIII bill of rights sec 3 of the constitution of 1802, breeched its agreement with the people when they established schools which gave the government control over the conscience mind, and forced the people to be a partied to their religious society thru teachings in said schools in Ohio and put Ohioans' in dept turning Ohioan's into dept slaves and subjected children to government indoctrination. The half-million dollars of dept for said schools was paid thru taxation which continues to today with school taxes.

In 1837 the government operated as a bank when it developed the Ohio loan law of 1837 and put Ohioan's in dept again, turning Ohioans' into dept slaves, this time the dept bill was \$20 million with the Ohio loan law 1837. The remedy the government came up with for their unauthorized loan law/bank lending was to call a constitutional convention which resulted in the adoption of a new constitution (1851), banned poll taxes (was never authorized Article VIII sec 23 of the 1802 constitution) and mandated properties be taxed by "uniform rule" (at the same rate) according to value, (property tax today's verbiage), and the 1851 constitution limited the aggregate state dept to \$750,000. In 1873 the government held a constitutional convention to once again change the constitution which was denied by the people, in 1912 during the constitutional convention the government managed to convince the people to make amendments and continued to convince the people to amend the constitution over the years.

In 1991 the Ohio Coalition for Equity & Adequacy of School funding, filed suit against the State of Ohio. The Supreme Court ruled that the state's method for funding public education was unconstitutional. The court eventually washed its hands of the matter in 2002, ruling that Ohio's system was unconstitutional but never spelling out a solution. Schools in Ohio have been unconstitutional since they were erected in 1825.

In 2020 thru present day Once again the government has violated we the people's constitutional rights and breached their agreement between the government and we the people, this violation has/have caused injury/death and continues to cause injury/death. We the people have sent a grievance to the General Assembly on May 24, 2021 requesting they stop all skulduggery covid-19 protocols/stop operating as a healthcare system and release the covid-19 economic relief funds owed to the people of Ohio.

We the people demand you repeal all legislation/laws/statutes est. and return us back to our founding constitution of 1802. Refund all tax monies collected from everyone who has worked/lived in Ohio, Stop all taxing in the state of Ohio, including State, city, property, and school tax est, request the treasury to disburse all Covid-19 monies equally to every man, woman, and child in Ohio, retrieve all covid-19 funds already disbursed and redirect them to we the people equally to every man, woman, and child. If you can't/won't/refuse to do as requested then you must resign immediately or be charge for your skulduggery behavior, acts of malfeasance/crimes against humanity.

We the people are invoking our constitutional right to abolish this government.

Per Article I Bill of rights sec 2 Right to alter, reform, or abolish government and repeal special privileges whenever we deem necessary. Since your continued malfeasance and skulduggery there have been over 21,302+ wrongful deaths in the state of Ohio, you're defrauding/flimflamming/pilfering/thievery/misappropriation of the people out of their Covid-19 funds, and your long history of unscrupulousness, malfeasance and skulduggery ways when violating both the Ohio/United States constitutions when governing and formulating legislation. We the people find that

this government is so egregious that it is unable to be reformed or altered so we must abolish this government. **Resign immediately or be subject to arrest.**

CONSIDER YOU RELVES ABOLISHED EFFECTIVE IMMEDIATELY

Thank you for your adherence to this request
We the people

Ohio 1802 Constitution (Ohio's original constitution-law of the land)

September 24, 2021

Dear: Governor Mike DeWine & Ohio General Assemble & Ohio Treasurer-Robert Sprague

I have called your office (rep51Carruthers) twice and spoke with Andy. My purpose of calling was the masks mandates for children/driver on school buses in Fairfield Ohio, to discuss the recent school board meeting where the major Craig Shubert attended and requested the board resign or be subjected to being charged for pornographic material being taught in schools in his city. Andy seemed aware of the incident. I informed Andy of the safety and health hazards masks have on children and adults. I also gave three articles one was an article on 47 studies on masks, mask injuries in the work place, and an article on insurance company warning about the hazards of driving while masking, warnings included: having an accident due to passing out, fogged eye glasses or being distracted while adjusting said mask. We talked briefly about S.B. 22. I informed Andy the state of Ohio was operating as a health care system.

I did not get a chance to discuss the resent issue with a local hospital (Westchester) who refused to give a family the right to use a prescribed medication called Ivermectin (FDA approved 1975), the family sued the hospital in court and the judge ordered the hospital to give the medication. After the patient received about 13 doses the patient was taken off the medication due to the hospital appealing the decision and the judge reversed the prior judge's decision. The hospital's decision to refuse to give Ivermectin was in violation of the 2018 right to try act in Ohio and the Covid-19 right to try Act 2020. This email is also to address/put you on notice due to the ignorance/retaliation of a letter of grievance sent to the General assembly from we the people that informed the General assembly that they turned our state into a healthcare system, Covid-19 protocols were violating our constitutional rights and causing injury/death to the public. We the people asked for specific remedy which included stopping the Vax-A-million/all vaccines, stopping all protocols of covid-19, stop operating the state as a healthcare system and dispersing all covid-19 funds that were issued for we the people not government to be equally disbursed to every man, woman, and child. We were denied our requests for redress

MT-REP-21-1721-A-000120

which violates our constitutional rights and you retaliated against we the people for our grievance by forming S.B. 22 (June 23, 2021) which took effect 29 days from the date you received our letter/grievance, S.B. 22 is still violating our constitutional rights and causing injury/death. As of September 1, 2021 we have lost 21,302+ people in Ohio, we have lost 1,454 + people since May 24, 2021 the date of our grievance.

To add further insult/injury you created another program called Vax-2-School with scholarships for ages 12-25 that will cause further injury/death. The 134th General Assembly once again refuses to follow the Ohio constitution, the United States constitution and breaching it's agreement between the government and the people when making legislation, refuses to hold themselves accountable for the injury/death to the people when they are making legislation, refuses to listen to we the people who voted them in office. The government has a history of retaliating against the people and abridging our rights thru legislation and programs they create and have we the people pay for them. In a sense we the people pay the government to enslave us and punish us.

What is a Constitution? (Chapter 1 the constitutional framework of Ohio pg.1)

"A constitution is the fundamental law of a state or nation. It is a written document agreed to by the people and thus derives its authority from those it governs. A constitution establishes the nature and character of the state or national government. It organizes government into various branches, prescribes their powers, and specifies the extent to which these powers may be exercised."

"The Ohio Constitution is the fundamental law of Ohio and is subject only to the restrictions of the United States Constitution, acts of Congress, and international treaties to which the United States is a party. It may be changed only by voter **approval of proposed amendments.**"

"Like the United States Constitution, the Ohio Constitution organizes government into three separate branches: the legislative, the executive, and the judicial. Each branch is independent of the other two and has defined powers and responsibilities. **All laws enacted by the legislative branch must comply with the Constitution's provisions; those that do not are unenforceable.**"

"Ohio's first constitution was approved by Congress in 1802 as a first step to Ohio's admission to the Union as a state. Ohio's second constitution, the Constitution of 1851, as subsequently amended, is today's fundamental law of Ohio," which is unconstitutional due to the laws enacted by the legislature did not comply with the 1802 constitution /United States constitution provisions when it enacted the Ohio loan law 1837 and erected schools in 1825 and instituting taxes. (Chapter 1: The Constitutional Framework of the Ohio State Government LSC A Guidebook for Ohio Legislators Page | 2)

Your oath

"I, (name), do solemnly swear that I will support the Constitution of the United States and the Constitution of Ohio, will administer justice without respect to persons, and will faithfully and impartially discharge and perform all of the duties incumbent upon me as (name of office) according to the best of my ability and understanding. [This I do as I shall answer unto God.]" (3.23 Ohio legislature site)

What is a Grievance/Petition/Malfeasance/Skulduggery/Defrauding

Grievance: An official statement of a complaint over something believed to be wrong or unfair.(Google)

Petition: "make or present a formal request to (an authority) with respect to a particular cause."(Google)

Malfeasance: Intentional conduct that is wrongful or unlawful, especially by officials or public employees. Malfeasance is at a higher level of wrongdoing than nonfeasance (failure to act where there was a duty to act)(Google)

Skulduggery: underhanded or unscrupulous behavior; trickery (Google)

MT-REP-21-1721-A-000121

Defrauding: illegally obtain money from (someone) by deception (Google)

"In the United States the right to petition is enumerated in the First Amendment to the United States Constitution, which specifically prohibits congress from abridging "the rights of the people peaceably to assemble, and to petition the Government for a redress of grievances." The government behaves in a skulduggery way and commits act of malfeasants when making legislation and changing the constitution. Both acts are crimes against humanity.

Some of Ohio's History of skulduggery/Malfeasance By the Government (crimes against humanity)

In 1825 the government violated the Article VIII bill of rights sec 3 of the constitution of 1802, breeched its agreement with the people when they established schools which gave the government control over the conscience mind, and forced the people to be a partied to their religious society thru teachings in said schools in Ohio and put Ohioans' in dept turning Ohioan's into dept slaves and subjected children to government indoctrination. The half-million dollars of dept for said schools was paid thru taxation which continues to today with school taxes.

In 1837 the government operated as a bank when it developed the Ohio loan law of 1837 and put Ohioan's in dept again, turning Ohioans' into dept slaves, this time the dept bill was \$20 million with the Ohio loan law 1837. The remedy the government came up with for their unauthorized loan law/bank lending was to call a constitutional convention which resulted in the adoption of a new constitution (1851), banned poll taxes (was never authorized Article VIII sec 23 of the 1802 constitution) and mandated properties be taxed by "uniform rule" (at the same rate) according to value, (property tax today's verbiage), and the 1851 constitution limited the aggregate state dept to \$750,000. In 1873 the government held a constitutional convention to once again change the constitution which was denied by the people, in 1912 during the constitutional convention the government managed to convince the people to make amendments and continued to convince the people to amend the constitution over the years.

In 1991 the Ohio Coalition for Equity & Adequacy of School funding, filed suit against the State of Ohio. The Supreme Court ruled that the state's method for funding public education was unconstitutional. The court eventually washed its hands of the matter in 2002, ruling that Ohio's system was unconstitutional but never spelling out a solution. Schools in Ohio have been unconstitutional since they were erected in 1825.

In 2020 thru present day Once again the government has violated we the people's constitutional rights and breached their agreement between the government and we the people, this violation has/have caused injury/death and continues to cause injury/death. We the people have sent a grievance to the General Assembly on May 24, 2021 requesting they stop all skulduggery covid-19 protocols/stop operating as a healthcare system and release the covid-19 economic relief funds owed to the people of Ohio.

We the people demand you repeal all legislation/laws/statutes est. and return us back to our founding constitution of 1802. Refund all tax monies collected from everyone who has worked/lived in Ohio, Stop all taxing in the state of Ohio, including State, city, property, and school tax est, request the treasury to disburse all Covid-19 monies equally to every man, woman, and child in Ohio, retrieve all covid-19 funds already disbursed and redirect them to we the people equally to every man, woman, and child. If you can't/won't/refuse to do as requested then you must resign immediately or be charge for your skulduggery behavior, acts of malfeasance/crimes against humanity.

We the people are invoking our constitutional right to abolish this government.

Per Article I Bill of rights sec 2 Right to alter, reform, or abolish government and repeal special privileges whenever we deem necessary. Since your continued malfeasance and skulduggery there have been over 21,302+ wrongful deaths in the state of Ohio, you're defrauding/flimflamming/pilfering/thievery/misappropriation of the people out of their Covid-19 funds, and your long history of unscrupulousness, malfeasance and skulduggery ways when violating both the Ohio/United States constitutions when governing and formulating legislation. We the people find that

this government is so egregious that it is unable to be reformed or altered so we must abolish this government. **Resign immediately or be subject to arrest.**

CONSIDER YOU RELVES ABOLISHED EFFECTIVE IMMEDIATELY

Thank you for your adherence to this request
We the people

LEGAL NOTICE

TO: Governor Mike DeWine & Ohio General Assemble & Ohio Treasurer-Robert Sprague

Date: September 24, 2021

By the authority of the Nuremberg Code on Medical Experimentation, we do hereby exercise our right to refuse to submit to or to administer the Covid-19 experimental gene therapy injection heretofore known as the "Covid-19 Vaccine."

The United States Government has extraterritorially prosecuted, convicted and executed Medical Doctors who have violated the Nuremberg Code on Medical Experimentation. Aiders and abettors of Nuremberg Crimes are equally guilty and have also been prosecuted, convicted and executed. Every court of law in any location has original jurisdiction (Universal) to hear and try Crimes Against Humanity; and violations of the Nuremberg Code are classified as Crimes Against Humanity, which carry a maximum penalty of Death.

You are hereby put on **NOTICE** that any further effort to coerce, intimidate, persuade, trick or compel we the people to receive any experimental gene therapy injection ("Covid-19 Vaccine") or any other medical device, drug or procedure against our will, implicates you as aiding and abetting in the Capital Offense of a Crime Against Humanity.

We hereby reserve our rights to swear to a criminal complaint against you in the nearest available law enforcement agency or court of law. We do not contract with you in any way and expressly deny any contractual relationship with you.

We hereby reserve our rights and put you on NOTICE that you may also be liable for civil damages under various Tort claims including but not limited to: negligence, fraud (in the Inducement), Assault, Battery, Intentional Infliction of Emotional Distress, Loss of Consortium, Trespass and Products Liability. You are hereby notified of potential liability and this NOTICE shall serve as actual NOTICE in support of these claims.

To: Governor DeWine, Legislatures/General Assembly

We are writing this letter to you on behalf of We the People of Ohio. We are very CONCERNED about:

Ohio's Vax-A- Million sweepstakes

Coronavirus Relief Funds (Cares Act funds and American Rescue Plan funds),

Vaccines and the experimental covid-19 vaccine/drug,

Face coverings (masks), social distancing and executive orders, and spending of tax payers' dollars.

"To date, more than \$2.1 billion Coronavirus Relief Funds have been distributed to local governments, childcare, PPE, broadband access, and other critical areas in need of financial assistance." (Mike DeWine governor of Ohio website)

Northeast Ohio cities prepare for American Rescue Plan funds to hit accounts in coming days "The state will receive \$5.4 billion with another \$6.6 billion going directly to cities and counties" (3 wkyc.com Maria Saenz)

Cares Act funds (2.2 Billion):

\$125 million: funding to provide grants to small businesses with no more than 25 employees.

MT-REP-21-1721-A-000125

\$50 million: to 47 Community Action Agencies.
 \$37.5 million: for the Bar and Restaurant Assistance Fund.
 \$62 million: for rural and critical access hospitals.
 \$100 million: for higher education.
 \$25 million: designated for nonprofits.
 \$20 million: to support Ohio's world-class arts organizations.
Total: 419.5 million

American Rescue Plan funds (5.4 Billion?):

\$511,721,590-Cleveland
 \$145,337,626-Akron
 \$47,219,575-Lakewood
 \$38,817,062-Cleveland Heights
 \$32,491,585-Lorain
 \$15,387,409-Alliance
 \$16,441,150-Barberton
 \$16,493,877-Cuyahoga
 \$7,510,281-Kent
 \$28,680,143-Warren
 \$82,775,370-Youngston

Ohio Vax-A-Million sweepstakes:

\$5 Million + advertisement costs (unknown amount).
 Advertisement message: If you are not vaccinated wear a mask or continue to shop online per CDC guidelines. (3 wkyc.com)

Coronavirus (covid-19) experimental vaccine/drug:

Unknown monies spent on distribution of drug, supplies used to inject drug into bodies of people, people doing the injections (vaccinators), and advertisement/ promoting/coercing/intimidating people to take this injection

Masks, PPE and supplies:

Unknown monies spent on these items

Political campaign money spent

10.3 million (per the Columbus dispatch article by Anna Staver) was spent. Actual amount spent is unknown.

Population of Ohio

Estimated to be 11.75 million

The concern We the People have is this:

You have used tax payer dollars to turn our communities, our government, businesses, non-profits, and educational system into a healthcare system, created a political society, turned coronavirus (COVID-19) into the largest medical/human experiment in history, Covid-19 vaccines have been used as the largest human trial in all history. As a result of your actions and the environment, society created there has been unnecessary detrimental harm, loss of life, homelessness to we the people which some may never recover from. Had you given the monies directly to we the people equally and not created this environment non of this would have taken place lives would have been saved. Had you followed your oaths of office this environment would not exist today.

All of these things listed above are in violation of:

Nuremberg Code (1947)

Ohio Constitution

The United States of America Constitution

Oaths of office

Ohio constitutional violations:

Preamble:

We, the people of the State of Ohio, grateful to Almighty God for our freedom, to secure its blessings and promote our common welfare, do establish this Constitution.

Article I: Bill of Rights

Inalienable rights.

All men are, by nature, free and independent, and have certain inalienable rights, among which are those of enjoying and defending life and liberty, acquiring, possessing, and protecting property, and seeking and obtaining happiness and safety.(1851)

Right to alter, reform, or abolish government, and repeal special privileges.

I.02 All political power is inherent in the people. Government is instituted for their equal protection and benefit, and they have the right to alter, reform, or abolish the same, whenever they may deem it necessary; and no special privileges or immunities shall ever be granted, that may not be altered, revoked, or repealed by the General Assembly.(1851)

Slavery and involuntary servitude.

I.06 There shall be no slavery in this State; nor involuntary servitude, unless for the punishment of crime.(1851)

Redress for injury; Due process.

I.16 All courts shall be open, and every person, for an injury done him in his land, goods, person, or reputation, shall have remedy by due course of law, and shall have justice administered without denial or delay.

Suspension of laws.

I.18 No power of suspending laws shall ever be exercised, except by the General Assembly.(1851)

Preservation of the freedom to choose health care and health care coverage

I.21(A) No federal, state, or local law or rule shall compel, directly or indirectly, any person, employer, or health care provider to participate in a health care system.

Article II: Legislative

Welfare of employees.

I.34 Laws may be passed fixing and regulating the hours of labor, establishing a minimum wage, and providing for the comfort, health, safety and general welfare of all employees; and no other provision of the constitution shall impair or limit this power.(1912)

Since you are in violation of your oaths of office, both the USA/Ohio constitutions, and Nuremberg Code (1947) You are hereby asked to:

- Immediately stop the Vax-A-Million sweepstakes
- Immediately stop/ban all vaccinations including Covid-19 experimental vaccine/drug
- Immediately redirect all America Rescue Plan funds to be directly given equally to we the people (every man woman, and child) in Ohio
- Immediately retrieve disbursed Cares Act monies and redirect those monies equally to we the people (every man woman, and child) any unspent monies be immediately disbursed equally to every man woman and child in Ohio
- Immediately make a public announcement you are working on these matters

Again had you followed your oaths of office and given these funds to we the people all these harms could/would have been avoided. This will go down in history as the biggest crime against humanity. We the people are hoping you can see this horrific wrong/error and willing to take immediate action to write this wrong/error and take measures to ensure this never happens again.

Thank you

Grievance: An official statement of a complaint over something believed to be wrong or unfair.(Google)

Petition: "make or present a formal request to (an authority) with respect to a particular cause."(Google)

Malfeasance: Intentional conduct that is wrongful or unlawful, especially by officials or public employees. Malfeasance is at a higher level of wrongdoing than nonfeasance (failure to act where there was a duty to act)(Google)

Skulduggery: underhanded or unscrupulous behavior; trickery (Google)

MT-REP-21-1721-A-000132

Defrauding: illegally obtain money from (someone) by deception (Google)

"In the United States the right to petition is enumerated in the First Amendment to the United States Constitution, which specifically prohibits congress from abridging "the rights of the people peaceably to assemble, and to petition the Government for a redress of grievances." The government behaves in a skulduggery way and commits act of malfeasants when making legislation and changing the constitution. Both acts are crimes against humanity.

Some of Ohio's History of skulduggery/Malfeasance By the Government (crimes against humanity)

In 1825 the government violated the Article VIII bill of rights sec 3 of the constitution of 1802, breeched its agreement with the people when they established schools which gave the government control over the conscience mind, and forced the people to be a partied to their religious society thru teachings in said schools in Ohio and put Ohioans' in dept turning Ohioan's into dept slaves and subjected children to government indoctrination. The half-million dollars of dept for said schools was paid thru taxation which continues to today with school taxes.

In 1837 the government operated as a bank when it developed the Ohio loan law of 1837 and put Ohioan's in dept again, turning Ohioans' into dept slaves, this time the dept bill was \$20 million with the Ohio loan law 1837. The remedy the government came up with for their unauthorized loan law/bank lending was to call a constitutional convention which resulted in the adoption of a new constitution (1851), banned poll taxes (was never authorized Article VIII sec 23 of the 1802 constitution) and mandated properties be taxed by "uniform rule" (at the same rate) according to value, (property tax today's verbiage), and the 1851 constitution limited the aggregate state dept to \$750,000. In 1873 the government held a constitutional convention to once again change the constitution which was denied by the people, in 1912 during the constitutional convention the government managed to convince the people to make amendments and continued to convince the people to amend the constitution over the years.

In 1991 the Ohio Coalition for Equity & Adequacy of School funding, filed suit against the State of Ohio. The Supreme Court ruled that the state's method for funding public education was unconstitutional. The court eventually washed its hands of the matter in 2002, ruling that Ohio's system was unconstitutional but never spelling out a solution. Schools in Ohio have been unconstitutional since they were erected in 1825.

In 2020 thru present day Once again the government has violated we the people's constitutional rights and breached their agreement between the government and we the people, this violation has/have caused injury/death and continues to cause injury/death. We the people have sent a grievance to the General Assembly on May 24, 2021 requesting they stop all skulduggery covid-19 protocols/stop operating as a healthcare system and release the covid-19 economic relief funds owed to the people of Ohio.

We the people demand you repeal all legislation/laws/statutes est. and return us back to our founding constitution of 1802. Refund all tax monies collected from everyone who has worked/lived in Ohio, Stop all taxing in the state of Ohio, including State, city, property, and school tax est, request the treasury to disburse all Covid-19 monies equally to every man, woman, and child in Ohio, retrieve all covid-19 funds already disbursed and redirect them to we the people equally to every man, woman, and child. If you can't/won't/refuse to do as requested then you must resign immediately or be charge for your skulduggery behavior, acts of malfeasance/crimes against humanity.

We the people are invoking our constitutional right to abolish this government.

Per Article I Bill of rights sec 2 Right to alter, reform, or abolish government and repeal special privileges whenever we deem necessary. Since your continued malfeasance and skulduggery there have been over 21,302+ wrongful deaths in the state of Ohio, you're defrauding/flimflamming/pilfering/thievery/misappropriation of the people out of their Covid-19 funds, and your long history of unscrupulousness, malfeasance and skulduggery ways when violating both the Ohio/United States constitutions when governing and formulating legislation. We the people find that

this government is so egregious that it is unable to be reformed or altered so we must abolish this government. **Resign immediately or be subject to arrest.**

Thank you for your adherence to this request

To: Governor DeWine, Legislatures/General Assembly

We are writing this letter to you on behalf of We the People of Ohio. We are very CONCERNED about:

Ohio's Vax-A- Million sweepstakes

Coronavirus Relief Funds (Cares Act funds and American Rescue Plan funds),

Vaccines and the experimental covid-19 vaccine/drug,

Face coverings (masks), social distancing and executive orders, and spending of tax payers' dollars.

"To date, more than \$2.1 billion Coronavirus Relief Funds have been distributed to local governments, childcare, PPE, broadband access, and other critical areas in need of financial assistance." (Mike DeWine governor of Ohio website)

Northeast Ohio cities prepare for American Rescue Plan funds to hit accounts in coming days "The state will receive \$5.4 billion with another \$6.6 billion going directly to cities and counties" (3 wkyc.com Maria Saenz)

Cares Act funds (2.2 Billion):

\$125 million: funding to provide grants to small businesses with no more than 25 employees.

MT-REP-21-1721-A-000136

\$50 million: to 47 Community Action Agencies.
 \$37.5 million: for the Bar and Restaurant Assistance Fund.
 \$62 million: for rural and critical access hospitals.
 \$100 million: for higher education.
 \$25 million: designated for nonprofits.
 \$20 million: to support Ohio's world-class arts organizations.
Total: 419.5 million

American Rescue Plan funds (5.4 Billion?):

\$511,721,590-Cleveland
 \$145,337,626-Akron
 \$47,219,575-Lakewood
 \$38,817,062-Cleveland Heights
 \$32,491,585-Lorain
 \$15,387,409-Alliance
 \$16,441,150-Barberton
 \$16,493,877-Cuyahoga
 \$7,510,281-Kent
 \$28,680,143-Warren
 \$82,775,370-Youngston

Ohio Vax-A-Million sweepstakes:

\$5 Million + advertisement costs (unknown amount).
 Advertisement message: If you are not vaccinated wear a mask or continue to shop online per CDC guidelines. (3 wkyc.com)

Coronavirus (covid-19) experimental vaccine/drug:

Unknown monies spent on distribution of drug, supplies used to inject drug into bodies of people, people doing the injections (vaccinators), and advertisement/ promoting/coercing/intimidating people to take this injection

Masks, PPE and supplies:

Unknown monies spent on these items

Political campaign money spent

10.3 million (per the Columbus dispatch article by Anna Staver) was spent. Actual amount spent is unknown.

Population of Ohio

Estimated to be 11.75 million

The concern We the People have is this:

You have used tax payer dollars to turn our communities, our government, businesses, non-profits, and educational system into a healthcare system, created a political society, turned coronavirus (COVID-19) into the largest medical/human experiment in history, Covid-19 vaccines have been used as the largest human trial in all history. As a result of your actions and the environment, society created there has been unnecessary detrimental harm, loss of life, homelessness to we the people which some may never recover from. Had you given the monies directly to we the people equally and not created this environment none of this would have taken place lives would have been saved. Had you followed your oaths of office this environment would not exist today.

All of these things listed above are in violation of:

Nuremberg Code (1947)

Ohio Constitution

The United States of America Constitution

Oaths of office

Ohio constitutional violations:

Preamble:

We, the people of the State of Ohio, grateful to Almighty God for our freedom, to secure its blessings and promote our common welfare, do establish this Constitution.

Article I: Bill of Rights

Inalienable rights.

All men are, by nature, free and independent, and have certain inalienable rights, among which are those of enjoying and defending life and liberty, acquiring, possessing, and protecting property, and seeking and obtaining happiness and safety.(1851)

Right to alter, reform, or abolish government, and repeal special privileges.

I.02 All political power is inherent in the people. Government is instituted for their equal protection and benefit, and they have the right to alter, reform, or abolish the same, whenever they may deem it necessary; and no special privileges or immunities shall ever be granted, that may not be altered, revoked, or repealed by the General Assembly.(1851)

Slavery and involuntary servitude.

I.06 There shall be no slavery in this State; nor involuntary servitude, unless for the punishment of crime.(1851)

Redress for injury; Due process.

I.16 All courts shall be open, and every person, for an injury done him in his land, goods, person, or reputation, shall have remedy by due course of law, and shall have justice administered without denial or delay.

Suspension of laws.

I.18 No power of suspending laws shall ever be exercised, except by the General Assembly.(1851)

Preservation of the freedom to choose health care and health care coverage

I.21(A) No federal, state, or local law or rule shall compel, directly or indirectly, any person, employer, or health care provider to participate in a health care system.

Article II: Legislative

Welfare of employees.

I.34 Laws may be passed fixing and regulating the hours of labor, establishing a minimum wage, and providing for the comfort, health, safety and general welfare of all employees; and no other provision of the constitution shall impair or limit this power.(1912)

Since you are in violation of your oaths of office, both the USA/Ohio constitutions, and Nuremberg Code (1947) You are hereby asked to:

- Immediately stop the Vax-A-Million sweepstakes
- Immediately stop/ban all vaccinations including Covid-19 experimental vaccine/drug
- Immediately redirect all America Rescue Plan funds to be directly given equally to we the people (every man woman, and child) in Ohio
- Immediately retrieve disbursed Cares Act monies and redirect those monies equally to we the people (every man woman, and child) any unspent monies be immediately disbursed equally to every man woman and child in Ohio
- Immediately make a public announcement you are working on these matters

Again had you followed your oaths of office and given these funds to we the people all these harms could/would have been avoided. This will go down in history as the biggest crime against humanity. We the people are hoping you can see this horrific wrong/error and willing to take immediate action to write this wrong/error and take measures to ensure this never happens again.

Thank you

We the People

Dear: Governor Mike DeWine & Ohio General Assemble & Ohio Treasurer-Robert Sprague

I have called your office (rep51Carruthers) twice and spoke with Andy. My purpose of calling was the masks mandates for children/driver on school buses in Fairfield Ohio, to discuss the recent school board meeting where the major Craig Shubert attended and requested the board resign or be subjected to being charged for pornographic material being taught in schools in his city. Andy seemed aware of the incident. I informed Andy of the safety and health hazards masks have on children and adults. I also gave three articles one was an article on 47 studies on masks, mask injuries in the work place, and an article on insurance company warning about the hazards of driving while masking, warnings included: having an accident due to passing out, fogged eye glasses or being distracted while adjusting said mask. We talked briefly about S.B. 22. I informed Andy the state of Ohio was operating as a health care system.

I did not get a chance to discuss the resent issue with a local hospital (Westchester) who refused to give a family the right to use a prescribed medication called Ivermectin (FDA approved 1975), the family sued the hospital in court and the judge ordered the hospital to give the medication. After the patient received about 13 doses the patient was taken off the medication due to the hospital appealing the decision and the judge reversed the prior judge's decision. The hospital's decision to refuse to give Ivermectin was in violation of the 2018 right to try act in Ohio and the Covid-19 right to try Act 2020. This email is also to address/put you on notice due to the ignorance/retaliation of a letter of grievance sent to the General assembly from we the people that informed the General assembly that they turned our state into a healthcare system, Covid-19 protocols were violating our constitutional rights and causing injury/death to the public. We the people asked for specific remedy which included stopping the Vax-A-million/all vaccines, stopping all protocols of covid-19, stop operating the state as a healthcare system and dispersing all covid-19 funds that were issued for we the people not government to be equally disbursed to every man, woman, and child. We were denied our requests for redress

MT-REP-21-1721-A-000144

which violates our constitutional rights and you retaliated against we the people for our grievance by forming S.B. 22 (June 23, 2021) which took effect 29 days from the date you received our letter/grievance, S.B. 22 is still violating our constitutional rights and causing injury/death. As of September 1, 2021 we have lost 21,302+ people in Ohio, we have lost 1,454 + people since May 24, 2021 the date of our grievance.

To add further insult/injury you created another program called Vax-2-School with scholarships for ages 12-25 that will cause further injury/death. The 134th General Assembly once again refuses to follow the Ohio constitution, the United States constitution and breaching it's agreement between the government and the people when making legislation, refuses to hold themselves accountable for the injury/death to the people when they are making legislation, refuses to listen to we the people who voted them in office. The government has a history of retaliating against the people and abridging our rights thru legislation and programs they create and have we the people pay for them. In a sense we the people pay the government to enslave us and punish us.

What is a Constitution? (Chapter 1 the constitutional framework of Ohio pg.1)

"A constitution is the fundamental law of a state or nation. It is a written document agreed to by the people and thus derives its authority from those it governs. A constitution establishes the nature and character of the state or national government. It organizes government into various branches, prescribes their powers, and specifies the extent to which these powers may be exercised."

"The Ohio Constitution is the fundamental law of Ohio and is subject only to the restrictions of the United States Constitution, acts of Congress, and international treaties to which the United States is a party. It may be changed only by voter **approval of proposed amendments.**"

"Like the United States Constitution, the Ohio Constitution organizes government into three separate branches: the legislative, the executive, and the judicial. Each branch is independent of the other two and has defined powers and responsibilities. **All laws enacted by the legislative branch must comply with the Constitution's provisions; those that do not are unenforceable.**"

"Ohio's first constitution was approved by Congress in 1802 as a first step to Ohio's admission to the Union as a state. Ohio's second constitution, the Constitution of 1851, as subsequently amended, is today's fundamental law of Ohio," which is unconstitutional due to the laws enacted by the legislature did not comply with the 1802 constitution /United States constitution provisions when it enacted the Ohio loan law 1837 and erected schools in 1825 and instituting taxes. (Chapter 1: The Constitutional Framework of the Ohio State Government LSC A Guidebook for Ohio Legislators Page | 2)

Your oath

"I, (name), do solemnly swear that I will support the Constitution of the United States and the Constitution of Ohio, will administer justice without respect to persons, and will faithfully and impartially discharge and perform all of the duties incumbent upon me as (name of office) according to the best of my ability and understanding. Estimated to be 11.75 million

The concern We the People have is this:

You have used tax payer dollars to turn our communities, our government, businesses, non-profits, and educational system into a healthcare system, created a political society, turned coronavirus (COVID-19) into the largest medical/human experiment in history, Covid-19 vaccines have been used as the largest human trial in all history. As a result of your actions and the environment, society created there has been unnecessary detrimental harm, loss of life, homelessness to we the people which some may never recover from. Had you given the monies directly to we the people equally and not created this environment non of this would have taken place lives would have been saved. Had you followed your oaths of office this environment would not exist today.

All of these things listed above are in violation of:

Nuremberg Code (1947)

Ohio Constitution

The United States of America Constitution

Oaths of office

Ohio constitutional violations:

Preamble:

We, the people of the State of Ohio, grateful to Almighty God for our freedom, to secure its blessings and promote our common welfare, do establish this Constitution.

Article I: Bill of Rights

Inalienable rights.

All men are, by nature, free and independent, and have certain inalienable rights, among which are those of enjoying and defending life and liberty, acquiring, possessing, and protecting property, and seeking and obtaining happiness and safety.(1851)

Right to alter, reform, or abolish government, and repeal special privileges.

I.02 All political power is inherent in the people. Government is instituted for their equal protection and benefit, and they have the right to alter, reform, or abolish the same, whenever they may deem it necessary; and no special privileges or immunities shall ever be granted, that may not be altered, revoked, or repealed by the General Assembly.(1851)

Slavery and involuntary servitude.

I.06 There shall be no slavery in this State; nor involuntary servitude, unless for the punishment of crime.(1851)

Redress for injury; Due process.

I.16 All courts shall be open, and every person, for an injury done him in his land, goods, person, or reputation, shall have remedy by due course of law, and shall have justice administered without denial or delay.

Suspension of laws.

I.18 No power of suspending laws shall ever be exercised, except by the General Assembly.(1851)

Preservation of the freedom to choose health care and health care coverage

I.21(A) No federal, state, or local law or rule shall compel, directly or indirectly, any person, employer, or health care provider to participate in a health care system.

Article II: Legislative

Welfare of employees.

I.34 Laws may be passed fixing and regulating the hours of labor, establishing a minimum wage, and providing for the comfort, health, safety and general welfare of all employees; and no other provision of the constitution shall impair or limit this power.(1912)

Since you are in violation of your oaths of office, both the USA/Ohio constitutions, and Nuremberg Code (1947) You are hereby asked to:

- Immediately stop the Vax-A-Million sweepstakes
- Immediately stop/ban all vaccinations including Covid-19 experimental vaccine/drug
- Immediately redirect all America Rescue Plan funds to be directly given equally to we the people (every man woman, and child) in Ohio
- Immediately retrieve disbursed Cares Act monies and redirect those monies equally to we the people (every man woman, and child) any unspent monies be immediately disbursed equally to every man woman and child in Ohio
- Immediately make a public announcement you are working on these matters

Again had you followed your oaths of office and given these funds to we the people all these harms could/would have been avoided. This will go down in history as the biggest crime against humanity. Dear: Governor Mike DeWine & Ohio General Assemble & Ohio Treasurer-Robert Sprague

I have called your office (rep51Carruthers) twice and spoke with Andy. My purpose of calling was the masks mandates for children/driver on school buses in Fairfield Ohio, to discuss the recent school board meeting where the major Craig Shubert attended and requested the board resign or be subjected to being charged for pornographic material being taught in schools in his city. Andy seemed aware of the incident. I informed Andy of the safety and health hazards masks have on children and adults. I also gave three articles one was an article on 47 studies on masks, mask injuries in the work place, and an article on insurance company warning about the hazards of driving while masking, warnings included: having an accident due to passing out, fogged eye glasses or being distracted while adjusting said mask. We talked briefly about S.B. 22. I informed Andy the state of Ohio was operating as a health care system.

I did not get a chance to discuss the resent issue with a local hospital (Westchester) who refused to give a family the right to use a prescribed medication called Ivermectin (FDA approved 1975), the family sued the hospital in court and the judge ordered the hospital to give the medication. After the patient received about 13 doses the patient was taken off the medication due to the hospital appealing the decision and the judge reversed the prior judge's decision. The hospital's decision to refuse to give Ivermectin was in violation of the 2018 right to try act in Ohio and the Covid-19 right to try Act 2020. This email is also to address/put you on notice due to the ignorance/retaliation of a letter of grievance sent to the General assembly from we the people that informed the General assembly that they turned our state into a healthcare system, Covid-19 protocols were violating our constitutional rights and causing injury/death to the public. We the people asked for specific remedy which included stopping the Vax-A-million/all vaccines, stopping all protocols of covid-19, stop operating the state as a healthcare system and dispersing all covid-19 funds that were issued for we the people not government to be equally disbursed to every man, woman, and child. We were denied our requests for redress

MT-REP-21-1721-A-000161

which violates our constitutional rights and you retaliated against we the people for our grievance by forming S.B. 22 (June 23, 2021) which took effect 29 days from the date you received our letter/grievance, S.B. 22 is still violating our constitutional rights and causing injury/death. As of September 1, 2021 we have lost 21,302+ people in Ohio, we have lost 1,454 + people since May 24, 2021 the date of our grievance.

To add further insult/injury you created another program called Vax-2-School with scholarships for ages 12-25 that will cause further injury/death. The 134th General Assembly once again refuses to follow the Ohio constitution, the United States constitution and breaching it's agreement between the government and the people when making legislation, refuses to hold themselves accountable for the injury/death to the people when they are making legislation, refuses to listen to we the people who voted them in office. The government has a history of retaliating against the people and abridging our rights thru legislation and programs they create and have we the people pay for them. In a sense we the people pay the government to enslave us and punish us.

What is a Constitution? (Chapter 1 the constitutional framework of Ohio pg.1)

"A constitution is the fundamental law of a state or nation. It is a written document agreed to by the people and thus derives its authority from those it governs. A constitution establishes the nature and character of the state or national government. It organizes government into various branches, prescribes their powers, and specifies the extent to which these powers may be exercised."

"The Ohio Constitution is the fundamental law of Ohio and is subject only to the restrictions of the United States Constitution, acts of Congress, and international treaties to which the United States is a party. It may be changed only by voter **approval of proposed amendments.**"

"Like the United States Constitution, the Ohio Constitution organizes government into three separate branches: the legislative, the executive, and the judicial. Each branch is independent of the other two and has defined powers and responsibilities. **All laws enacted by the legislative branch must comply with the Constitution's provisions; those that do not are unenforceable.**"

"Ohio's first constitution was approved by Congress in 1802 as a first step to Ohio's admission to the Union as a state. Ohio's second constitution, the Constitution of 1851, as subsequently amended, is today's fundamental law of Ohio," which is unconstitutional due to the laws enacted by the legislature did not comply with the 1802 constitution /United States constitution provisions when it enacted the Ohio loan law 1837 and erected schools in 1825 and instituting taxes. (Chapter 1: The Constitutional Framework of the Ohio State Government LSC A Guidebook for Ohio Legislators Page | 2)

Your oath

"I, (name), do solemnly swear that I will support the Constitution of the United States and the Constitution of Ohio, will administer justice without respect to persons, and will faithfully and impartially discharge and perform all of the duties incumbent upon me as (name of office) according to the best of my ability and understanding. [This I do as I shall answer unto God.]" (3.23 Ohio legislature site)

What is a Grievance/Petition/Malfeasance/Skulduggery/Defrauding

Grievance: An official statement of a complaint over something believed to be wrong or unfair.(Google)

Petition: "make or present a formal request to (an authority) with respect to a particular cause."(Google)

Malfeasance: Intentional conduct that is wrongful or unlawful, especially by officials or public employees. Malfeasance is at a higher level of wrongdoing than nonfeasance (failure to act where there was a duty to act)(Google)

Skulduggery: underhanded or unscrupulous behavior; trickery (Google)

MT-REP-21-1721-A-000162

Defrauding: illegally obtain money from (someone) by deception (Google)

"In the United States the right to petition is enumerated in the First Amendment to the United States Constitution, which specifically prohibits congress from abridging "the rights of the people peaceably to assemble, and to petition the Government for a redress of grievances." The government behaves in a skulduggery way and commits act of malfeasants when making legislation and changing the constitution. Both acts are crimes against humanity.

Some of Ohio's History of skulduggery/Malfeasance By the Government (crimes against humanity)

In 1825 the government violated the Article VIII bill of rights sec 3 of the constitution of 1802, breeched its agreement with the people when they established schools which gave the government control over the conscience mind, and forced the people to be a partied to their religious society thru teachings in said schools in Ohio and put Ohioans' in dept turning Ohioan's into dept slaves and subjected children to government indoctrination. The half-million dollars of dept for said schools was paid thru taxation which continues to today with school taxes.

In 1837 the government operated as a bank when it developed the Ohio loan law of 1837 and put Ohioan's in dept again, turning Ohioans' into dept slaves, this time the dept bill was \$20 million with the Ohio loan law 1837. The remedy the government came up with for their unauthorized loan law/bank lending was to call a constitutional convention which resulted in the adoption of a new constitution (1851), banned poll taxes (was never authorized Article VIII sec 23 of the 1802 constitution) and mandated properties be taxed by "uniform rule" (at the same rate) according to value, (property tax today's verbiage), and the 1851 constitution limited the aggregate state dept to \$750,000. In 1873 the government held a constitutional convention to once again change the constitution which was denied by the people, in 1912 during the constitutional convention the government managed to convince the people to make amendments and continued to convince the people to amend the constitution over the years.

In 1991 the Ohio Coalition for Equity & Adequacy of School funding, filed suit against the State of Ohio. The Supreme Court ruled that the state's method for funding public education was unconstitutional. The court eventually washed its hands of the matter in 2002, ruling that Ohio's system was unconstitutional but never spelling out a solution. Schools in Ohio have been unconstitutional since they were erected in 1825.

In 2020 thru present day Once again the government has violated we the people's constitutional rights and breached their agreement between the government and we the people, this violation has/have caused injury/death and continues to cause injury/death. We the people have sent a grievance to the General Assembly on May 24, 2021 requesting they stop all skulduggery covid-19 protocols/stop operating as a healthcare system and release the covid-19 economic relief funds owed to the people of Ohio.

We the people demand you repeal all legislation/laws/statutes est. and return us back to our founding constitution of 1802. Refund all tax monies collected from everyone who has worked/lived in Ohio, Stop all taxing in the state of Ohio, including State, city, property, and school tax est, request the treasury to disburse all Covid-19 monies equally to every man, woman, and child in Ohio, retrieve all covid-19 funds already disbursed and redirect them to we the people equally to every man, woman, and child. If you can't/won't/refuse to do as requested then you must resign immediately or be charge for your skulduggery behavior, acts of malfeasance/crimes against humanity.

We the people are invoking our constitutional right to abolish this government.

Per Article I Bill of rights sec 2 Right to alter, reform, or abolish government and repeal special privileges whenever we deem necessary. Since your continued malfeasance and skulduggery there have been over 21,302+ wrongful deaths in the state of Ohio, you're defrauding/flimflamming/pilfering/thievery/misappropriation of the people out of their Covid-19 funds, and your long history of unscrupulousness, malfeasance and skulduggery ways when violating both the Ohio/United States constitutions when governing and formulating legislation. We the people find that

this government is so egregious that it is unable to be reformed or altered so we must abolish this government. **Resign immediately or be subject to arrest.**

CONSIDER YOU RELVES ABOLISHED EFFECTIVE IMMEDIATELY

Thank you for your adherence to this request
We the people

LEGAL NOTICE

TO: Governor Mike DeWine & Ohio General Assemble & Ohio Treasurer-Robert Sprague

Date: September 24, 2021

By the authority of the Nuremberg Code on Medical Experimentation, we do hereby exercise our right to refuse to submit to or to administer the Covid-19 experimental gene therapy injection heretofore known as the "Covid-19 Vaccine."

The United States Government has extraterritorially prosecuted, convicted and executed Medical Doctors who have violated the Nuremberg Code on Medical Experimentation. Aiders and abettors of Nuremberg Crimes are equally guilty and have also been prosecuted, convicted and executed. Every court of law in any location has original jurisdiction (Universal) to hear and try Crimes Against Humanity; and violations of the Nuremberg Code are classified as Crimes Against Humanity, which carry a maximum penalty of Death.

You are hereby put on **NOTICE** that any further effort to coerce, intimidate, persuade, trick or compel we the people to receive any experimental gene therapy injection ("Covid-19 Vaccine") or any other medical device, drug or procedure against our will, implicates you as aiding and abetting in the Capital Offense of a Crime Against Humanity.

We hereby reserve our rights to swear to a criminal complaint against you in the nearest available law enforcement agency or court of law. We do not contract with you in any way and expressly deny any contractual relationship with you.

We hereby reserve our rights and put you on NOTICE that you may also be liable for civil damages under various Tort claims including but not limited to: negligence, fraud (in the Inducement), Assault, Battery, Intentional Infliction of Emotional Distress, Loss of Consortium, Trespass and Products Liability. You are hereby notified of potential liability and this NOTICE shall serve as actual NOTICE in support of these claims.
