Subject: RE: SAVE File Review Action Required on Flagged Records

Thanks for the email.

The guidance we sent yesterday only asks counties to look at what is already in your file. The key line is:
“If you do not have documentation on file, we recommend placing the voter in Pending status while our office continues the verification process through SAVE.”

Documents that count as proof of citizenship, if already on file:

U.S. passport
Certificate of Naturalization or Citizenship
USCIS paperwork previously provided

DMV verification, SSA verification, and the citizenship question on the registration card do not establish citizenship for this SAVE review.

If none of the documents above are already in your records, please follow the guidance we issued and place the voter in Pending status.

Counties are not responsible for securing new documents from voters. Our office handles the SAVE verification and due-process steps.

Please reach out if you need anything further.

Thank you,

Our County Clerk would like to better understand what *Proof of Citizenship* our office is to have on file.

I have reviewed the list provided through the ShareFile portal. Of the 16 voters listed only one did not verify per DMV or SSA and also **did not** have the registration citizenship question checked. That one voter has the status now changed to Pending.

However, the majority of those listed ALL verify through DMV, SSA and **have checked YES to the registration card citizenship question.** (12 to be precise pass all three steps). The remainder verify through the DMV but not SSA. From my experience going through our voter rolls a couple months ago, this is often due to differences in spelling of names or placement of more than one last name for individuals coming from other countries.

One voter had verified in DMV and SSA but no longer does. They have possibly moved out of state or passed away. They did check **YES to the registration card citizenship question.**

Fifteen of the voters have marked **YES to the registration card citizenship question.**

A large portion of those voters were registered through the DMV and I believe one through Social Services.

Per **Title IX SUFFRAGE AND ELECTIONS**

Chapter 115

Effective - 28 Aug 2022, 6 histories

115.135. Persons entitled to register, when — identification required — military service, registration, when.
— 1. Any person who is qualified to vote, or who shall become qualified to vote on or before the day of election, shall be entitled to register in the jurisdiction within which he or she resides. In order to vote in any election for which registration is required, a person must be registered to vote in the state of Missouri no later than 5:00 p.m., or the normal closing time of any public building where the registration is being held if such time is later than 5:00 p.m., on the fourth Wednesday prior to the election, unless the voter is an interstate former resident, a new resident, or a covered voter, as defined in section [115.275](#). Any person registering after such date shall be eligible to vote in subsequent elections.

2. A person applying to register with an election authority or a deputy registration official shall identify himself or herself by presenting a copy of a birth certificate, a Native American tribal document, other proof of United States citizenship, a **valid Missouri drivers license** or other form of personal identification at the time of registration.

3. Except as provided in federal law or federal elections and in section [115.277](#), no person shall be entitled to vote if the person has not registered to vote in the jurisdiction of his or her residence.

4. A covered voter as defined in section [115.275](#) who has been discharged from military service, has returned from a military deployment or activation, or has separated from employment outside the territorial limits of the United States after the deadline to register to vote, and who is otherwise qualified to register to vote, may

register to vote in an election in person before the election authority until 5:00 p.m. on the Friday before such election. Such persons shall produce sufficient documentation showing evidence of qualifying for late registration pursuant to this section.

- Please advise what documents we are to look for.
- Please advise whose responsibility it is to secure said documents in fairness to all registered voters.

FYI: The Clerk and I will be at a training 11/13/2025 and unable to respond until 11/14/2025 to any input and/or inquiry.

Nick,

Having worked through about half of the records sent, we've identified a likely pattern among most of these folks. When viewing the images associated with each voter's record, many are code six postcards likely collected by the League of Women Voters at naturalization ceremonies. Of course this is just an educated guess as we possess no documentary proof of citizenship for any of the voters researched to this point. I've attached a list of voters who fit the previously described criteria. If you would like to conduct a more refined search using the SAVE database that would probably be beneficial prior to sending any communication to these voters. I've deleted the SSN's since this is being sent via email.

Good afternoon,

Thanks for reaching out. The guidance was to check your local file for any citizenship documents. If nothing is on file, place the voter in Pending status, as recommended in the email. DMV and SSA verification don't confirm citizenship, so if there's no passport, naturalization certificate, or USCIS documentation already in your records, mark the voter Pending in Column I.

Please let us know if you need anything further.

Good afternoon,

This is Jennifer Pyle from the Elections Office in Johnson County. I have reviewed the email and the SAVE file listing. I want to be certain that I complete the spreadsheet correctly, and I have a question. When the email asks for "documentation on file," what specific documentation is the email referring to? We have scanned images of the voter registration applications, and on those applications, the U.S. Citizen question is viewable. Are DMV and SSA checkmarks for each voter sufficient proof of documentation?

Thank you for your time,

Good morning,

The guidance sent yesterday asked counties to check the existing local file for any citizenship documents. If nothing is on file, the instruction was to place the voter in Pending status, as recommended in the email.

DMV and SSA verification don't confirm citizenship, so if there's no passport, naturalization certificate, or USCIS documentation already in your records, mark the voter Pending in Column I.

Please let us know if you need anything further.

Hello,

I will need further guidance on this. Several of the individuals on the list are verified through DMV and SSA. Do we still need to request proof of citizenship from those individuals?
