Re: F-2019-01079; Civil Action No. 19-cv-02169

Dear Ms. Creighton:

This is a supplemental final response to the 29 November 2018 and 22 February 2019 Freedom of Information Act (FOIA) requests seeking:

- (1) All records reflecting email communications on non-classified email systems (including any email attachments) with any non-governmental email address attributed to former Director Mike Pompeo. The Agency was permitted to limit its search to the following individuals:
 - a) Any person acting in the capacity of chief of staff to Director Pompeo;
 - b) Toni Porter;
 - c) Brian Bulato; and
 - d) Brittany Bramell.
- (2) All emails sent from (a) any non-governmental email address attributed to Director Pompeo to (b) any governmental email address associated with Director Pompeo; to include all messages forwarded to Director Pompeo's governmental email address, or on which Director Pompeo's governmental email address is carbon copied.
- (3) All records reflecting communications (including emails, email attachments, calendar invitations or entries, telephone call logs, text messages, and notes from any meetings or phone calls) between (1) former CIA Director Mike Pompeo or former Chief of Protocol Toni Porter, or anyone serving as Director Pompeo's Chief of Staff, and (2) Senator Tom Cotton or Senator Marco Rubio, or anyone on their staffs including any communications from email addresses ending in cotton.senate.gov, tomcotton.com, rubio.senate.gov, or marcorubio.com. Explicitly, any notes or records created by assistants or aides to Director Pompeo reflecting the fact of or content of such communications with Senators Cotton or Rubio.

We processed the request in accordance with the FOIA, 5 U.S.C. § 552, as amended, and the CIA Information Act, 50 U.S.C. § 3141, as amended.

In coordination with other government agencies, we have determined that an additional nine (9) documents may be released in segregable form with redactions. Furthermore, CIA conducted a supplemental review of forty-one (41) previously released documents and revised its determinations regarding the applicability of certain FOIA exemptions. Redactions were made on the basis of FOIA exemptions (b)(3), (b)(5) and/or (b)(6). Exemption (b)(3) pertains to Section 6 of the Central Intelligence Agency Act of 1949, as amended, 50 U.S.C. § 3507 (noted on the enclosed documents as exemption “(b)(3)CIAAct”), and/or Section 102A(i)(1) of the National Security Act of 1947, as amended, 50 U.S.C. § 3024(i)(1) (noted on the enclosed documents as exemption “(b)(3)NatSecAct”).

Sincerely,

The Director had several questions on this document and would like greater detail on each of the issues identified. Is there someone I can call to more fully explain what he is looking for?

Also—are you aware of a letter of support being drafted by several individuals who worked with MRP in Congress? Jim Richardson may be shepherding it? He asked me the status of the letter and I don't have any visibility on this one.

of course. I'm just about to do a all agency townhall where I will reveal the Agency's new org chart - but I'll call afterwards.

Point of clarification. These were put together by Sen. Rubio's staff, per an MRP request. I was just the conduit back to MRP. I didn't have any role in the creation of the document. USAID has a similar document, which is going through official channels - that shares what we expect senators to ask and draft responses.

Democrats and Republicans alike must make these hearings a litmus test of the Trump administration's foreign and security policy. At minimum, Congress must

- interrogate its planned approach in Syria and
- its explanation of the brutal Saudi-led war in Yemen that it is aiding and abetting.
- It must challenge the administration's vision for a long-term U.S.-Russia policy,
- its ultimate objective with Iran and the nuclear deal, and
- its strategy for North Korea and
- the entire Korean Peninsula, as well as Japan, not to mention
- the overall strategy for dealing with the number one economy in the world, China. —Congress must assess the covert operations in Ukraine, Venezuela, and elsewhere,
- the approach to Mitrovica and the rest of Kosovo and the
- ultimate objective with regard to Turkey, including its approach to dealing with the growing tension on Cyprus—fueled by Ankara—and
- the brewing fight over the Eastern Mediterranean's gas fields.

——Congress must also evaluate the administration's immediate and long-term plans for countering aggressive Russian actions in the Arctic and
——conduct an overall review of U.S. policy with respect to Mexico, Canada, and the remainder of the Western Hemisphere.

CIA Director Pompeo: Trump's Tweeting Has Actually Helped Us

Pompeo, as congenially as he could, went in for the kill.

Noting that the world is a dangerous place with more flash-points than ever, he calmly noted that "those all existed *before* January 20 of this year. So 'message discipline' -- as you referred to it -- *got us* to those places." The CIA director paused to let the slow burn hit those in the audience, who reacted with nervous laughter and a smattering of applause. He added, "What I mean is, we shouldn't over-attribute the place we find ourselves in the world today to things that may or may not have as much impact as folks like to suggest sometimes." Panetta flailed wildly in response: "You don't just roll a grenade in the room, have things blow up, then not have a strategy for how the hell you deal with it!"

I don't know about you, but my opinion of Mike Pompeo went up a few notches after watching that.

Hi, sir. The two meetings that you spoke to Gina about this evening have been scheduled for Tuesday afternoon, [redacted]
 [redacted] (b)(3) NatSecAct [redacted]

Also, following up on last week's request for phone calls, OCA has advised that Speaker Ryan is available for a secure call Tuesday evening at 6:40 pm. Since you may be at home then, okay to lock in that time? (b)(3) NatSecAct
 Also, the White House advised this afternoon that Room [redacted] has been set up for your use. It has a desk, chairs, and "IT assets" and they can have additional desks brought into the anteroom if we need a space for any of the staff to be there to support you. I'll work with our folks to see if the IT assets includes access to our system or, if not, what we need to do to make that available for you. [redacted] (b)(3) NatSecAct [redacted] I am leaving a copy of their note (b)(3) NatSecAct [redacted] in your inbox in case you need to use the room while you're down there tomorrow.
