DEPARTMENT OF HEALTH & HUMAN SERVICES Office of the Secretary

Assistant Secretary for Public Affairs
Washington, D.C. 20201

HHS Case No. 2019-00129-FOIA-OS & 2019-00811-LIT-OS
***American Oversight v. Dept. of Commerce et al.*, 1:19-cv-00912**

September 10, 2021

Mr. Austin R. Evers, Esq.
Executive Director
American Oversight
1030 15th Street NW, Suite B255
Washington, DC 20005

Dear Mr. Evers:

This letter is the Department's final response to your October 17, 2018 (2019-00129) and February 27, 2019 (2019-00811), Freedom of Information Act (FOIA) requests. In those Requests, you sought the calendars of various HHS officials. After negotiation between the parties regarding scope, format, and technical capabilities, you narrowed your request to the calendars of former Secretary Alex Azar, and former Assistant Secretary for Health Brett Giroir.

For this production, the Department processed 174 pages of potentially responsive records captured in the agency's search. Of these 174 pages, I am providing 21 pages in full, and a further 138 pages in part, with portions redacted, pursuant to Exemption 6 of the FOIA (5 U.S.C. §552 (b)(6)). Fifteen (15) pages were determined to have originated in other executive branch agencies and therefore will be sent for consultation and returned to this office for final production.

FOIA exemption (b)(6) permits a Federal agency to withhold information and records about individuals in "personnel and medical files and similar files, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy." The definition of "similar files" has historically been broadly interpreted to include a wide variety of files, and the United States Supreme Court has held that Congress intended the term "similar files" to be interpreted broadly, rather than narrowly. In this case, the material withheld consists of certain phone numbers, names, and email addresses. I have analyzed these records and find they meet the threshold requirement of this exemption. Additionally, I have reviewed and weighed the public interest in disclosure of this information against the privacy interest in nondisclosure, and found that the privacy interest outweighs the public's interest in disclosure.

Should you have questions or concerns regarding the Department's response and\or the processing of your request, any such issues should be communicated to your legal counsel and Department of Justice Attorney representing the Department in this matter.

Sincerely yours,

Brandon Gaylord
Director
Freedom of Information and Privacy Acts Division

Subject: Holiday Open House Invitation: December 18

Dear Colleagues,

2019 has been a wonderful year for HHS, as we've continued to fulfill our mission of protecting and enhancing the health and well-being of every American. The successes we've had this year would not have been possible without your diligent and dedicated work.

As the year draws to a close, I want to invite you and your families to the annual Holiday Open House on the 6th floor of the Humphrey Building, on Wednesday, December 18 from 2 PM to 4 PM in the Secretary's Suite (615F).

Who: HHS employees and their families
When: Wednesday, December 18, 2 PM to 4 PM
What: Holiday Open House
Where: Secretary's Suite (615F, Humphrey Building, 200 Independence Ave SW)

It's no secret that the daily pace of work around here doesn't often lend itself to taking time to pause and reflect on the special work we get to do each day. This Open House provides a chance to do that with our HHS family. I hope you'll take advantage of this opportunity to celebrate the season and our accomplishments together.

I want to wish all of you a joyous Christmas and holiday season, and hope to see you and your families next Wednesday.

SUBJECT: Welcome Secretary Azar and Continuation of Deputy Secretary and Division Head Meetings

As you all know, Secretary Azar recently joined HHS, and we welcome his leadership and vision. As the Secretary and his staff transition into HHS, we look forward to a smooth process.

The Goal is to keep this venue very tight, at no more than 30 minutes. So I need to you to be concise.
If there are topics that lead to further dialog, the goal would be to table that discussion and schedule dedicated follow-up call amongst stakeholders.
I will be asking each senior leader to provide the following in a very quick summary:

a. Major COVID related activities underway that are worthy of S-1 and cross-HHS visibility.
b. Any upcoming major announcements/policies/guidance/etc that will be released in the next 5 days and your evaluation of public reaction

To ensure we have tight discipline regarding who is on the call, the Secretary's Operations Center will build the call, checking against an access list.

I ask that you have your front offices call the Secretary's Operations Center (SOC) at (b)(6) to be transferred into the conference bridge. Please call 10 minutes beforehand to ensure all participants can be transferred in before the call commences. The Secretary will then be dropped in and I will moderate the call.

The Goal is to keep this venue very tight, at no more than 30 minutes. So I need to you to be concise.
If there are topics that lead to further dialog, the goal would be to table that discussion and schedule dedicated follow-up call amongst stakeholders.
I will be asking each senior leader to provide the following in a very quick summary:

a. Major COVID related activities underway that are worthy of S-1 and cross-HHS visibility.
b. Any upcoming major announcements/policies/guidance/etc that will be released in the next 5 days and your evaluation of public reaction

To ensure we have tight discipline regarding who is on the call, the Secretary's Operations Center will [illegible] access list.

AMERICAN OVERSIGHT

I ask that you have your front offices call the Secretary's Operations Center (SOC) at (b)(6) to be transferred into the conference bridge. Please call 10 minutes beforehand to ensure all participants can be transferred in before the call commences. The Secretary will then be dropped in and I will moderate the call.

The Goal is to keep this venue very tight, at no more than 30 minutes. So I need to you to be concise.
If there are topics that lead to further dialog, the goal would be to table that discussion and schedule dedicated follow-up call amongst stakeholders.
I will be asking each senior leader to provide the following in a very quick summary:

a. Major COVID related activities underway that are worthy of S-1 and cross-HHS visibility.
b. Any upcoming major announcements/policies/guidance/etc that will be released in the next 5 days and your evaluation of public reaction

To ensure we have tight discipline regarding who is on the call, the Secretary's Operations Center will build the call, checking against an access list.

I ask that you have your front offices call the Secretary's Operations Center (SOC) at (b)(6) to be transferred into the conference bridge. Please call 10 minutes beforehand to ensure all participants can be transferred in before the call commences. The Secretary will then be dropped in and I will moderate the call.

The Goal is to keep this venue very tight, at no more than 30 minutes. So I need to you to be concise.
If there are topics that lead to further dialog, the goal would be to table that discussion and schedule dedicated follow-up call amongst stakeholders.
I will be asking each senior leader to provide the following in a very quick summary:

a. Major COVID related activities underway that are worthy of S-1 and cross-HHS visibility.
b. Any upcoming major announcements/policies/guidance/etc that will be released in the next 5 days and your evaluation of public reaction

To ensure we have tight discipline regarding who is on the call, the Secretary's Operations Center will build the call, checking against an access list.

I ask that you have your front offices call the Secretary's Operations Center (SOC) at (b)(6) to be transferred into the conference bridge. Please call 10 minutes beforehand to ensure all participants can be transferred in before the call commences. The Secretary will then be dropped in and I will moderate the call.

The Goal is to keep this venue very tight, at no more than 30 minutes. So I need to you to be concise.
If there are topics that lead to further dialog, the goal would be to table that discussion and schedule dedicated follow-up call amongst stakeholders.
I will be asking each senior leader to provide the following in a very quick summary:

a. Major COVID related activities underway that are worthy of S-1 and cross-HHS visibility.
b. Any upcoming major announcements/policies/guidance/etc that will be released in the next 5 days and your evaluation of public reaction

To ensure we have tight discipline regarding who is on the call, the Secretary's Operations Center will build the call, checking against an access list.

I ask that you have your front offices call the Secretary's Operations Center (SOC) at (b)(6) to be transferred into the conference bridge. Please call 10 minutes beforehand to ensure all participants can be transferred in before the call commences. The Secretary will then be dropped in and I will moderate the call.

The Goal is to keep this venue very tight, at no more than 30 minutes. So I need to you to be concise.
If there are topics that lead to further dialog, the goal would be to table that discussion and schedule dedicated follow-up call amongst stakeholders.
I will be asking each senior leader to provide the following in a very quick summary:

a. Major COVID related activities underway that are worthy of S-1 and cross-HHS visibility.
b. Any upcoming major announcements/policies/guidance/etc that will be released in the next 5 days and your evaluation of public reaction

To ensure we have tight discipline regarding who is on the call, the Secretary's Operations Center will build the call, checking against an access list.

I ask that you have your front offices call the Secretary's Operations Center (SOC) at (b)(6) to be transferred into the conference bridge. Please call 10 minutes beforehand to ensure all participants can be transferred in before the call commences. The Secretary will then be dropped in and I will moderate the call.

The Goal is to keep this venue very tight, at no more than 30 minutes. So I need to you to be concise.
If there are topics that lead to further dialog, the goal would be to table that discussion and schedule dedicated follow-up call amongst stakeholders.
I will be asking each senior leader to provide the following in a very quick summary:

a. Major COVID related activities underway that are worthy of S-1 and cross-HHS visibility.
b. Any upcoming major announcements/policies/guidance/etc that will be released in the next 5 days and your evaluation of public reaction

To ensure we have tight discipline regarding who is on the call, the Secretary's Operations Center will build the call, checking against an access list.

I ask that you have your front offices call the Secretary's Operations Center (SOC) at (b)(6) to be transferred into the conference bridge. Please call 10 minutes beforehand to ensure all participants can be transferred in before the call commences. The Secretary will then be dropped in and I will moderate the call.

Interviewer: **Dale Jackson** BIO: Hailing from the swampland, Dale first left Florida for the Army where he was stationed at Fort Lewis, Washington. Dale reached the rank of Sergeant while serving as a Networks Systems Operator and maintainer in the Army Signal Corps (he would do a short and uneventful stint in the reserves after 9/11 as well). After the Army, Dale began his radio career in 2003 while attending the University of Florida with "The Attack Machine", a weekly program on WSKY-FM in Gainesville, Florida. Defined by a relentless authenticity and unapologetic humor, Dale made a name for himself in Panama City, and got fired in Birmingham, before calling North Alabama home in 2007. Dale has since been nationally recognized with features in Breitbart, the Washington Post, and The Seth Meyers Show, and awarded multiple times as a Top Talker in Talkers Magazine. He has also made guest appearances on CNN, MSNBC, HLN, and even made an appearance during a White House press briefing. Not only is Dale a daily contributor to Yellowhammernews.com, he also hosts a weekly award-winning television program on WAAY-31, Yellowhammer News' "Alabama Politics This Week" that airs every Sunday at 10AM and all over the state of Alabama on radio and cable networks. Dale continues to be the voice of politics in the Huntsville area, and remains a controversial yet straight forward source of news and information for North Alabama.

The Goal is to keep this venue very tight, at no more than 30 minutes. So I need to you to be concise.
If there are topics that lead to further dialog, the goal would be to table that discussion and schedule dedicated follow-up call amongst stakeholders.
I will be asking each senior leader to provide the following in a very quick summary:

a. Major COVID related activities underway that are worthy of S-1 and cross-HHS visibility.
b. Any upcoming major announcements/policies/guidance/etc that will be released in the next 5 days and your evaluation of public reaction

To ensure we have tight discipline regarding who is on the call, the Secretary's Operations Center will build the call, checking against an access list.

I ask that you have your front offices call the Secretary's Operations Center (SOC) at (b)(6) to be transferred into the conference bridge. Please call 10 minutes beforehand to ensure all participants can be transferred in before the call commences. The Secretary will then be dropped in and I will moderate the call.

The Goal is to keep this venue very tight, at no more than 30 minutes. So I need to you to be concise.
If there are topics that lead to further dialog, the goal would be to table that discussion and schedule dedicated follow-up call amongst stakeholders.
I will be asking each senior leader to provide the following in a very quick summary:

a. Major COVID related activities underway that are worthy of S-1 and cross-HHS visibility.
b. Any upcoming major announcements/policies/guidance/etc that will be released in the next 5 days and your evaluation of public reaction

To ensure we have tight discipline regarding who is on the call, the Secretary's Operations Center will build the call, checking against an access list.

I ask that you have your front offices call the Secretary's Operations Center (SOC) at (b)(6) to be transferred into the conference bridge. Please call 10 minutes beforehand to ensure all participants can be transferred in before the call commences. The Secretary will then be dropped in and I will moderate the call.

MEMORANDUM

DATE: February 1, 2018

TO: Operating and Staff Division Leaders

FROM: Eric D. Hargan,
Deputy Secretary, HHS

SUBJECT: Welcome Secretary Azar and Continuation of Deputy Secretary and Division Head Meetings

As you all know, Secretary Azar recently joined HHS, and we welcome his leadership and vision. As the Secretary and his staff transition into HHS, we look forward to a smooth process.

At the request of the Secretary, and in an effort to limit disruption and advance HHS's mission during this transition period, the Deputy Secretary and division leadership will continue their regularly scheduled one-on-one meetings focused on the day-to-day management and operations of the department and the regulatory development and clearance process. Briefings to the Secretary and Deputy Secretary on Presidential initiatives, Secretarial initiatives, policy development and other unique issues will continue to be scheduled and coordinated through the counselors, the scheduling team and the HHS Executive Secretariat. The operating and staff division leaders will be contacted to schedule initial briefings with the Secretary and staff and for briefings on other issues as they arise.

We look forward to working with you all to achieve HHS's mission and once again, welcome Secretary Azar!

The Goal is to keep this venue very tight, at no more than 30 minutes. So I need to you to be concise.
If there are topics that lead to further dialog, the goal would be to table that discussion and schedule dedicated follow-up call amongst stakeholders.
I will be asking each senior leader to provide the following in a very quick summary:

a. Major COVID related activities underway that are worthy of S-1 and cross-HHS visibility.
b. Any upcoming major announcements/policies/guidance/etc that will be released in the next 5 days and your evaluation of public reaction

To ensure we have tight discipline regarding who is on the call, the Secretary's Operations Center will build the call, checking against an access list.

I ask that you have your front offices call the Secretary's Operations Center (SOC) at (b)(6) to be transferred into the conference bridge. Please call 10 minutes beforehand to ensure all participants can be transferred in before the call commences. The Secretary will then be dropped in and I will moderate the call.

MEMORANDUM

DATE: February 1, 2018

TO: Operating and Staff Division Leaders

FROM: Eric D. Hargan,
Deputy Secretary, HHS

SUBJECT: Welcome Secretary Azar and Continuation of Deputy Secretary and Division Head Meetings

As you all know, Secretary Azar recently joined HHS, and we welcome his leadership and vision. As the Secretary and his staff transition into HHS, we look forward to a smooth process.

At the request of the Secretary, and in an effort to limit disruption and advance HHS's mission during this transition period, the Deputy Secretary and division leadership will continue their regularly scheduled one-on-one meetings focused on the day-to-day management and operations of the department and the regulatory development and clearance process. Briefings to the Secretary and Deputy Secretary on Presidential initiatives, Secretarial initiatives, policy development and other unique issues will continue to be scheduled and coordinated through the counselors, the scheduling team and the HHS Executive Secretariat. The operating and staff division leaders will be contacted to schedule initial briefings with the Secretary and staff and for briefings on other issues as they arise.

We look forward to working with you all to achieve HHS's mission and once again, welcome Secretary Azar!

Eric D. Hargan

The Goal is to keep this venue very tight, at no more than 30 minutes. So I need to you to be concise.
If there are topics that lead to further dialog, the goal would be to table that discussion and schedule dedicated follow-up call amongst stakeholders.
I will be asking each senior leader to provide the following in a very quick summary:

a. Major COVID related activities underway that are worthy of S-1 and cross-HHS visibility.
b. Any upcoming major announcements/policies/guidance/etc that will be released in the next 5 days and your evaluation of public reaction

To ensure we have tight discipline regarding who is on the call, the Secretary's Operations Center will build the call, checking against an access list.

I ask that you have your front offices call the Secretary's Operations Center (SOC) at (b)(6) to be transferred into the conference bridge. Please call 10 minutes beforehand to ensure all participants can be transferred in before the call commences. The Secretary will then be dropped in and I will moderate the call.

The Goal is to keep this venue very tight, at no more than 30 minutes. So I need to you to be concise.
If there are topics that lead to further dialog, the goal would be to table that discussion and schedule dedicated follow-up call amongst stakeholders.
I will be asking each senior leader to provide the following in a very quick summary:

a. Major COVID related activities underway that are worthy of S-1 and cross-HHS visibility.
b. Any upcoming major announcements/policies/guidance/etc that will be released in the next 5 days and your evaluation of public reaction

To ensure we have tight discipline regarding who is on the call, the Secretary's Operations Center will build the call, checking against an access list.

I ask that you have your front offices call the Secretary's Operations Center (SOC) at (b)(6) to be transferred into the conference bridge. Please call 10 minutes beforehand to ensure all participants can be transferred in before the call commences. The Secretary will then be dropped in and I will moderate the call.
