Re: ACF FOIA 19-F-0036 and 19-F-0194 (American Oversight v. U.S. Department of Commerce et. al., Case No. 19-cv-912)

Dear Mr. Evers:

This is the third interim response pertaining to Case No. 19-cv-912 filed April 2, 2019, relating to Freedom of Information Act (FOIA) requests 19-F-0036 and 19-F-0194, submitted to the Administration for Children and Families.

FOIA requests 19-F-0036 and 19-F-0194 seek the following records:

> All calendars or calendar entries for any of the following individuals, including any calendars maintained on behalf of these individuals:
>
> - Scott Lloyd
> - Jonathan Hayes
> - Lynn Johnson
> - Clarence Carter
> - Pedro Moreno
> - Anna Pilato
> - Mary Powers

Enclosed are196 pages of responsive records. Five additional pages were forwarded to other federal agencies for consultation on those pages that originated within those offices.

Some of the information on the disclosed pages has been withheld under the FOIA exemptions (b)(5) and (b)(6). The exemption (b)(5) protects inter-agency or intra-agency memorandums or letters which would not be available by law to a party other than an agency in litigation with the agency. The exemption protects agency deliberations, both internal and with agency contractors and consultants, attorney-client privileged records and attorney work product. In this case, the withheld information includes pre-decisional discussions within the agency and between agency staff.

FOIA exemption (b)(6) permits the withholding of records which, if released, would constitute a clearly unwarranted invasion of personal privacy. In this case, the withheld information consists

AMERICAN OVERSIGHT

of the identities and/or other private information of private individuals and the work cell phones of federal employees. Public disclosure of this information would constitute an invasion of privacy of those individuals whose identifying information was disclosed. In withholding the information, the individual's privacy interest was balanced against any public interest in disclosure. In each instance where information was withheld, it was determined that the individual's privacy interests outweighed any public interest in disclosure of the withheld information. Disclosure of the withheld information would invade the privacy of the subject individuals but would reveal nothing about the operations or activities of the government.

We will continue to produce records to you. If you are not satisfied with any aspect of the processing and handling of this request, you may contact the Assistant United States Attorney in the United States Department of Justice who is handling this case for the Department.

Sincerely yours,

Carla C. Smith -S

Darcie:

Thank you for this! Yes, we are available. Shawn Sullivan (KS Exec. Branch Chief Operating Officer) and John Yeary (Chief Counsel of our Dept. of Administration) can join me on this call. I have a witness testifying at Ways and Means at 2pm, so I can start the call, but might go mute. Shawn and John can handle it.

I'd like to reiterate that the Governor's hope was that we could do this call with senior policy or political staff at HHS who are empowered to make decisions about possible options moving forward. If that is what we have pulled together on your end, I think that will be very helpful! I will send a schedule notice with a conference call number in a moment.

Thanks,

Anna,

Shared Hope is launching a nationwide effort to assure that child victims of sex trafficking are not treated as criminals or labeled in the systems in ways that denies them services and protection due child crime victims. I'll be in DC on the 20th and 21st and would like to have a time with you to discuss how we might work together as this could overlap your areas of responsibility with the regional offices of HHS.

I was so pleased to meet you and know that there are now people in the agency with my values. Please let me know if you have some time to meet when I am in DC on the 20th and 21st. Much of my schedule on the 20th is still flexible but the 21th is limited to AM through 1 PM. If this timing is not going to work for you let's fit a call in soon.

Blessings,

Subject: Requesting your help in launching the LOVE IS ACTION COMMUNITY INITIATIVE to PREVENT trafficking, substance abuse, crime, and more
Date: 15 March 2018 16:37
To:
Happy Thursday!

I'm working on scheduling meetings in DC April 5-9 to garner additional support of the national launch of the LOVE IS ACTION COMMUNITY INITIATIVE at a WHITE HOUSE SUMMIT ON CHILDREN & FAMILIES. If you have suggestions for who I might talk to about this grass roots, volunteer-led, proven-successful program for helping to prevent

trafficking, substance abuse, violence, homelessness, and other societal ills, please respond to me OR feel free to forward the request for meeting attached here.

This initiative is supported by many, including:
National Foster Parent Association
Safe Families For Children
Royal Family Kids
Family Focused Treatment Association
Association of Christian Child Care Administrators

Once we have formal support of the Trump administration, we'll be seeking national and local business support.

Thanks in advance!

PRESENTERS	Jerry Milner, Associate Commissioner, Children's Bureau and Acting C ACYF
MODERATOR	Elaine Stedt, Director, Office on Child Abuse and Neglect, Children's B Melissa Brodowski, Strategic Initiatives Lead

We have 1 hour for the session and below is a general outline for the hour:

- Brief introduction to the session, 5 minutes (Melissa)
- CB Priorities, 20-25 minutes (Jerry)
    - RAs will also be interested in hearing timeline/plans for implementing Family First and Prevention Services Act provisions because many states are asking about this.
    - Key policy and program office priorities, especially from the FY2018 budget that was passed, as well as what is proposed for FY2019
    - How you see the work across ACF programs are being interconnected with your priorities
    - Opportunities for partnerships and collaboration with ORO regional work, especially with other federal partners
    - Anything else that you think the RA should know about regarding the work your office is doing the regions or at Central Office
- Opioid response with CB, 10-15 minutes (Elaine)
    - Opportunities for partnerships and collaboration with regional meetings/regional offices/NCSACW efforts
- Q&A and Discussion (15-20 minutes)

Please let me know if you have questions or need anything else in the meantime. Thank you!

Melissa

Dear Jerry – David said this time worked for you to meet in person with our RAs who are in town this week. We are finalizing the agenda but we look forward to hearing about your priorities for the work in the regions.

**
Dear Jerry -

I am reaching out on behalf of Joyce to invite you to join our RA Meeting next month. The topic of the panel would be around your vision for prevention in child welfare and also work around opioids. There is a lot of interest in how CB will be moving forward with the various provisions in the recently enacted Family First and Prevention Services Act. Also, as you heard from the presentation today on the feedback survey, child welfare reform is top of many of the state commissioner's minds. We view this session as a chance for you to share your Office priorities (and also the proposed budget priorities) with the RAs and also engage in discussion with them about how ORO can support your efforts.

AMERICAN OVERSIGHT

We are still working to finalize the agenda so if there is a better time that day or April 9th (day before), please let me know. We know you have a very busy schedule so we want to be sure we get you on the agenda .

Good afternoon Tina,

I would like to schedule a 30 minute time slot with Anna to introduce myself and discuss the topic of human trafficking. I lead the trafficking work at the Children's Bureau so my focus is on human trafficking within the child welfare population. I am planning an upcoming conference and found the event that she hosted a couple of weeks ago with the Alliance for Freedom, Restoration and Justice very interesting. SUBJECT: Participation in National Level Exercise 2018 Continuity Exercise Events

The National Level Exercise (NLE) for 2018 will occur from April 30 to May 11, 2018. Play for the Department of Health and Human Services (HHS) will occur at various points throughout this timeframe. The primary scenario focuses on response and continuity of operations (COOP) activities conducted prior to, during, and following a hurricane making landfall within the continental United States and includes multiple linked exercises. This memo provides details regarding expected participation in and support of various NLE 2018 activities.

Your participation in response-based activities and discussions including COOP events, other events, meetings, and exercises leading up to and during the primary exercise will enhance Departmental efforts to test organizational preparedness, response, and resilience planning and implementation. Specifically, I expect your support and participation in the following upcoming activities:

- **Senior Leader Relocation and Tabletop Exercise April 20, 2018** – The HHS Secretary, Deputy Secretary, Operating and Staff Division principals, select Regional Directors, up to two additional successors, and respective COOP managers and points of contact will convene at 6701 English Muffin Way, Frederick, Maryland 21703, from 9:00 a.m. to 11:30 a.m. During this portion of the exercise, participants will:
  - Receive a site orientation;
  - Discuss and provide concurrence on the HHS COOP and devolution decision matrices and activation criteria;
  - Review initial thresholds for plan activation during and after an incident impacting HHS headquarters locations, in accordance with existing plans, polices, and procedures;
  - Verify expectations of the Secretary and Deputy Secretary for Operating and Staff Division leadership following an incident impacting HHS headquarters locations; and,
  - Participate in an optional guided tour of the entire facility.

Moderator is Reiko Osaki (she also moderated the session with ACF leaders at the Harvard Summit last fall).

Description:

The Administration for Families and Children Collaboration

During this innovative plenary session, come join an interactive conversation with political leadership from the Administration for Children and Families who are working to collaborate across agencies and break down silos to reduce poverty and promote opportunity and economic mobility. This panel includes leadership from ACF's Office of External Affairs, Office of Family Assistance (OFA), Office of Child Care (OCC), Office of Child Support Enforcement (OCSE), and the Children's Bureau (CB). Come hear how the Leadership at ACF is working collaboratively on ways that benefit our shared customers at the state and local level.

Briefing: ***Helping Our Most Vulnerable Populations Impacted by the Opioid Crisis***

AMERICAN OVERSIGHT

Wahl, Sarah (ACF) (CTR)

Pamela Petersen-Baston, MPA, MCAP, CPP and Jennifer Kasten, MSW, PhD
JBS International

This presentation will provide an overview of work being conducted with child welfare workers and family court judges and staff under the State Targeted Response to Opioid grant program in Florida. The presentation will provide an overview of micro-modules created to capture examples of daily life activities related to adult functioning common to parents not in treatment whose opioid use rises to the level of a diagnosable opioid use disorder (OUD). Adult functioning and child safety examples will cover:

- Opioid withdrawal
- Opioid pre-occupation
- Diverted finances
- Opioid procurement
- Opioid consumption
- Child exposure to opioids/paraphernalia

Examples of protective capacities that should be considered will also be discussed, as well as relevant treatment, recovery support for parents and therapeutic responses for affected children.

Bio for Pamela Petersen-Baston; MPA, MCAP, CPP

Pamela Petersen-Baston has 38 years of experience working in a variety of capacities in the health and human services field including serving appointments under two Florida Governors (Martinez and Chiles) to manage Florida's publicly-funded drug prevention and treatment system (one of the largest in the country). After leaving State government, in 1995 she moved to Key West Florida and ran Safe Port, the largest family-centered treatment program in the country at that time for child-welfare involved pregnant and parenting women with concurrent opioid, methamphetamine, and other substance use and mental health disorders and their children (serving 100 people including children at any given time). She and her young son at that time moved into this public housing-based campus for five months to develop an in-depth understanding of the needs of this population of focus and to increase associated expertise in relevant policy and program development. Since leaving Key West and moving to North Carolina in 1998, Pam has been working as a national trainer and consultant for nearly 20 years and has now delivered training or TA in every state in the country, many tribes, and in two US territories on a variety of topics to include evidence-based substance abuse prevention and treatment for adolescents and transitional aged youth, co-occurring mental health, treatment for women, children and families, domestic violence/IPV, cross agency collaboration with child welfare and other systems, HIV prevention, pregnancy prevention, Medication Assisted Treatment (MAT), grant writing/proposal development, and more. Through her work with JBS International, Pam also created a number of opioid-specific training sessions and learning modules for Florida's child welfare and

AMERICAN OVERSIGHT
HHS-18-0681, 19-0275-C-000065

behavioral health systems to improve practice with substance-involved families. Pam's degrees include a Bachelor of Social Work (BSW) and Master of Public Administration (MPA) from the University of South Florida (USF) in Tampa. She is dually certified as a Master Certified Addiction Professional (MCAP) and a Certified Prevention Professional (CPP).

Bio for Jennifer Kasten; MSW, PhD

Jennifer Kasten, MSW, PhD, is a clinician, researcher, and author with 25 years of experience in the health services field. She has extensive experience in public policy, program evaluation, outcome evaluation, change analyses, organizational theory, and performance measurement. Dr. Kasten has successfully led several large, complex projects including the Clinical Technical Assistance contract for the Substance Abuse Mental Health Services Administration (SAMHSA) and the Methamphetamine, Suicide Prevention Initiative for the Indian Health Service (IHS). Dr. Kasten also led development of the Screening, Brief Intervention and Referral to Treatment (SBIRT) evaluation design and works closely with medical residency programs on SBIRT implementation. Early in her career, Dr. Kasten worked as an emergency department social worker at the Lexington Medical Center in Columbia, SC, where she participated in an interdisciplinary team that served emergency department visitors and their families, conducted IPV assessments, and helped survivors access needed resources. Dr. Kasten also served as a counselor in a domestic violence program run through the South Carolina Department of Health and Human Services. Later, she led a Temporary Assistance for Needy Families (TANF) Study for the North Carolina State Demand and Needs Assessment: Alcohol and Other Drugs. Her books, *Determinants of Organizational Change* and *Methadone Treatment*, examine change and program implementation in substance abuse treatment programs. Much of her work focuses on measuring success against program outcomes, specifically co-directing development of a national system to measure substance abuse and mental health treatment and prevention success using a core set of National Outcome Measures. Dr. Kasten earned her PhD in Public Administration from North Carolina State University and her MSW from the University of South Carolina.

Greetings Jason and Judge Payne,

Thank you Judge for the overview of the upcoming SIG meeting. I have reviewed the proposed agenda below and wondered if you were going to include our new Executive Order on Economic Mobility as well? Jason, I appreciated your question during our (ACF) brief call on Thursday with Assistant Secretary Wagner and Commissioner Carter on the Executive Order. I am hopeful that you are seeing states that are well positioned for the opportunities the EO presents.

I would definitely value the opportunity to facilitate a discussion around implementation issues with FFPSA that can be addressed and supported by the Regions and ACF as a whole. Per your request, I have attached my resume.

Please let me know what else you may need from me to support your efforts,

Hi all,

As some of you know, Steve Wagner has planned a listening session with Medicaid MCOs to both hear about their ongoing efforts to incorporate work promotion into their plans and to see if there is any way ACF could be helpful in that effort. We hope you can join us in hearing about the successes and challenges MCOs face in contributing to the important work of promoting employment for struggling Americans.

The agenda is below.

Assistance, Clarence Carter

Topics for Discussion:

- What are you already doing/planning to do to incorporate comprehensive case management and employment-supportive services into your program/plan?
- What are the barriers that MCOs face in engaging in comprehensive case management? What challenges do MCOs face in addressing low-income populations' social determinants of health and economic mobility? What are the gaps in service delivery?
- What specifically can ACF do to support health plans in developing and implementing comprehensive case management models that emphasize employment (e.g., connecting with TANF programs, encouraging model state waivers, technical assistance, connections with service providers, research/evaluation support, etc.)?
- Are there any ideas for how the federal government more broadly could incentivize MCOs to engage in work promotion and help clients move from Medicaid to employer-sponsored insurance or the exchanges?

3:00 Closing

1:30 PM - 2:15 PM **Discussion w/ Heart to Heart CEO Jim Mitchum -- WebEx Online: Dial: 2027742300 ; PIN** (b) (6)
Please forward as appropriate.

Original Communication:

Given the high numbers of children coming across the border, we have heard reports of capacity issues including medical care. I heard today that the government is considering placing some children on military bases (until they can be transferred to relatives or foster care) as a response to capacity limits of the holding centers.

Should HHS also need additional medical care for these children, Heart to Heart International is willing to discuss how we might assist. We have been working with Save the Children (providing needed medical and hygiene supplies) for their efforts on the border, but we have not been contracted to deploy clinical support.

AMERICAN OVERSIGHT

Please feel free to put me in touch with someone in HHS if there is a perceived need for pediatric and family medicine support.

BTW, we are still in Puerto Rico but have shifted to working on solar power for community water systems in the mountains. Obviously there are still many pockets of people still without power and we see the availability of clean water being one of the most urgent health issues on the island.

Agenda and Presentations added:

Dear Colleagues,

The Office of Human Services Policy is pleased to invite you to a Learning Exchange event with the Institute for Research on Poverty/University of Wisconsin as part of our National Poverty Research Center Grant. The event will focus on **Administrative Burden and Red Tape** and how they can be reduced. The panel will take place **Tuesday, June 12th, 2018, from 10:00am to 12:00 p.m.** Please forward this invitation to interested federal colleagues.

Event:	Learning Exchange on Administrative Burden and Red Tape
When:	June 12th, 2018 10:00am to 12:00pm
Location:	Hubert H. Humphrey Building, **Room 425A** 200 Independence Avenue S.W. Washington, D.C.

Overview

This Learning Exchange **will focus on the effects of administrative burden and red tape and how they can be reduced.** Nearly three decades of research shows that bureaucratic red tape and administrative burden have a negative influence on

AMERICAN OVERSIGHT
HHS-18-0681, 19-0275-C-000089

organizations as well as individuals and can be a barrier to reducing poverty. We will hear from two expert researchers in this field and discuss both how red tape limits the ability of organizations to effectively direct programs and how administrative burdens can be barriers to accessing needed services.

Presenters:

- **Sanjay K. Pandey**, Shapiro Professor of Public Policy and Public Administration at the George Washington University
- **Pamela Herd**, Professor of Public Affairs and Sociology at the University of Wisconsin- Madison

What is a Learning Exchange?

Learning Exchanges provide an opportunity for HHS leadership and staff, as well as other federal partners, to learn from experts at the Institute for Research on Poverty/University of Wisconsin about cutting-edge, emerging findings from applied research that have clear relevance for HHS programs and policies. During the Learning Exchange, poverty center affiliates will discuss research findings on a specific topic and engage in a dialogue with federal leaders and staff about implications for policy and practice. The goals are to increase the ability of research findings to inform government policy and programs in a timely manner and to inform University of Wisconsin researchers of current federal priorities. Future Learning Exchanges will focus on a variety of applied research topics related to children and families in poverty.

For security purposes, if you are non HHS and planning to attend please contact me beforehand. (Kaitlyn.jones@hhs.gov)

ASPE-IRP Pop Up Panel | Marginal Tax Rates/Program Cliffs | June 26, 2018 -- Hubert H. Humphrey Building, Room 705A (200 Independence Ave. SW, Washington, DC)

If you are non HHS: Please allow an extra 15 minutes to go through security. Also, please make sure you've "accepted" the invitation so that you can be placed on the guest list for building entry.

Dear Colleagues,

We are pleased to invite you to a Pop Up Panel on **Marginal Tax Rates/Program Cliffs** and how understanding them can be beneficial for policy development and program implementation. The panel will take place **Tuesday, June 26, 2018, from 1:30 to 4:30 p.m.**, and is hosted by HHS/ASPE and the Institute for Research on Poverty at the University of Wisconsin. Please forward this invitation to interested colleagues. No video or conference lines will be available. ***If you would like to attend, please accept the invitation and send a response to:*** ***nina.chien@hhs.gov***

Event:	Pop Up Panel on Marginal Tax Rates/Program Cliffs
When:	June 26, 2018 1:30 p.m. to 4:30 p.m.
Location:	Hubert H. Humphrey Building, **Room 705A** 200 Independence Avenue S.W. Washington, D.C.

Overview

Employment and social networks are central to helping families achieve and maintain independence. Yet, for low-income individuals and families who receive government benefits, high effective marginal tax rates may discourage work and marriage as earnings rise. Of particular concern are "benefit cliffs" occurring when effective marginal tax rates exceed 100 percent. In such cases, due to the loss of benefits, workers with earnings increases *do not retain* any of their new earnings. The panel will assess and present current analyses on marginal tax rates and their relationship to work effort among program recipients and other populations including married families. The panel will close with a discussion of policy options for addressing potential work and marriage disincentives associated with the federal safety net.

ACF All Hands Meeting

ReImagine HHS Aim for Independence Initiative Town Hall

Monday, July 9 at 10am EST

Dear ACF Program and Office Directors and Regional Administrators,

A couple of weeks ago Acting Assistant Secretary Steve Wagner invited all ACF staff to a ReImagine HHS Aim for Independence (AFI) Town Hall on **Monday, July 9 at 10:00am in the Great Hall** to learn more about the progress we've made over the past year through the AFI and our vison for the future.

AMERICAN OVERSIGHT
HHS-18-0681, 19-0275-C-000126

As you know, the AFI Initiative, which advances the ReImagine HHS "Putting People at the Center of HHS Programs" Strategic Shift, provides ACF with a unique and timely opportunity to consider how we can put families at the center of everything we do. And as program leaders with direct responsibility over self-sufficiency programs that have an emphasis on work and economic independence, *we'd greatly value you and your staff's attendance, virtually or in person.*

Please encourage your staff to join Deputy Secretary Eric Hargan, Acting Assistant Secretary Steve Wagner, the AFI team, and ACF program leaders for this important and informative meeting, which will include:

- An overview of the AFI initiative and key data insights gathered from stakeholders on the ground around how we can better organize and deliver services and measure our impact to achieve sustainable outcomes;
- An ACF leadership panel discussion that will introduce a human centered design approach in increasing our understanding of the lived experiences of the families we serve;
- An AFI question and answer session

We just had a quick call with IEA and IOS are we are all in agreement.

All set for ORR to become main POC again for tours.

Laura White on our team is back and will help oversee the coordination.

Can we jump on a call tomorrow with ASL folks and ASFR folks and maybe person from IEA so we can ensure a totally smooth transition and ensure all of us are on the same page and also update Laura W where we are at the moment?

We are pleased to invite you to a call with ACF's Le dership to provide State Human Services Commissioners with a briefing on the Family First and Prevention Services Act (FFPSA) that was signed into law on February 9, 2018. (FFPSA). This legislation amends the title IV-E program to: create a new optional prevention funding, place limits on title IV-E payment for child care institutions, reauthorize the Adoption and Guardianship Incentives Program, and make other changes to titles IV-B and IV-E.

As state leaders the State Human Services Commissioners have direct responsibility over human services programs, and are among our field's most innovative leaders. ACF looks forward to engaging with them and hearing their feedback.

Dear Matt,

I talked with Jack Kalavritinos in regard to the fact that I am in the process of filling the important position of ACF Regional Administrator for Region III. I told him that I am interested in having you, in the RD capacity participate on our interview panel, and he thought it was a great idea.

We would come to the Philadelphia regional office to conduct the interviews. We have three finalist for the RA position. We are looking at next Thursday, July 26 as a possibility to conduct the three interviews. Please let me know your thoughts, and I will have my assistant, Tina Newell reach out to your assistant for scheduling if you have availability.

Thanks Laura. Anna, very nice to meet you. I know how incredibly busy you must be right now and don't want to bother you if you don't have time to speak but I was wondering if at some point I could schedule a meeting with you to come in and talk about North Korean refugees being processed through ORR. It's an area I've spent a lot of time working on and was hoping to schedule a meeting.

But … I know how hectic things are right now and completely understand if you want to wait until later this summer. Thank you for considering and thank you again Laura.

Dear Colleagues,

ASPE's Office of Human Services Policy is pleased to invite you to a **Learning Exchange event** with the Institute for Research on Poverty/University of Wisconsin as part of our National Poverty Research Center Grant. This event will focus on how public managers use **performance measurement and outcomes reporting for decision making and explore how incentives tied to performance can lead to perverse or unintended outcomes.** Please forward this invitation to interested federal colleagues.

Event: **Linking Performance Measurement and Decision Making**

Presenter: **Donald Moynihan**, McCourt Chair at the McCourt School of Public Policy, Georgetown University

Overview

All public managers are expected to manage for outcomes, but what does this really mean? In human services, performance measurement and reporting can quickly become "passive" exercises, largely disconnected from decision-making. Additionally, high-stakes incentives tied to

AMERICAN OVERSIGHT

performance can lead to perverse or unintended outcomes. This learning exchange will explore the ways in which public managers use performance data, and what factors make that use more or less effective. One approach is for public organizations to purposefully build “learning forums” that encourage the use of data. Worth considering, however, are the warnings from growing behavioral science literature about the ways in which individual biases undermine how people use performance data to make decisions.

What is a Learning Exchange?

The Learning Exchange provides an opportunity for HHS leadership and staff, as well as other federal partners, to learn from experts at the Institute for Research on Poverty/University of Wisconsin about cutting-edge, emerging findings from applied research that have clear relevance for HHS programs and policies. During the Learning Exchange, poverty center affiliates will discuss research findings on a specific topic and engage in a dialogue with federal leaders and staff about implications for policy and practice. The goals are to increase the ability of research findings to inform government policy and programs in a timely manner and to inform University of Wisconsin researchers of current federal priorities. Future Learning Exchanges will focus on a variety of applied research topics related to children and families in poverty.

Please contact Erica Meade (Erica.Meade@hhs.gov) or Catherine Derbes (Catherine.Derbes@hhs.gov) for more information or with any questions. **For security purposes, if you are non-HHS staff and planning to attend please contact us beforehand.**

- 1-866-721-1442
- Participant Code -(b) (6)

Purpose:
The call is in follow-up to the June 21st discussion between HHS' Administration for Children and Families (ACF) Office of Refugee Resettlement (ORR) and Governor Abbott's Office regarding Texas licensing jurisdiction for ORR facilities on federal installations. There are two items for discussion and it includes:

- The state of Texas' interpretation of regulations for the dispensing of psychotropic medication.
- The state of Texas' interpretation of "federal installation" as it relates to federally leased property for the purposes of Texas' Department of Family and Protective Services (TDFPS) residential licensing.

Dear Jedd, Elizabeth and Ben,

Greetings to you. I hope all is well! I wanted to reach out to you to see if you would be willing to have a call or meeting if you're in town. We (Administration for Children and Families) are in the beginning stages of planning a series of regional conferences on human well-being which focuses on a theme of overcoming adversity and promoting economic mobility among other topics. As we were discussing the concept of these gatherings, I brought up the White House conferences from our Bush days, and there was interest to glean from that experience and I thought of you all immediately☺

If you are available, could talk early next week? We would greatly appreciate your input if

2:00 PM - 3:00 PM — **Discussion with Dr. Bruce Meyer, AEI re: poverty and welfare reform -- 4523/4603**

Just a reminder to join us tomorrow – this is an in-person only event (no audio or video coverage) – FYI:

Dear ACF Colleagues:

I invite you to attend a discussion featuring Dr. Bruce Meyer, a visiting scholar at the American Enterprise Institute (AEI), who focuses on poverty, inequality and social safety net programs. Concurrently, he is the McCormick Foundation Professor at the University of Chicago's Harris School of Public Policy. He is also a research fellow at the National Bureau of Economic Research. Dr. Meyer has written several papers and op-eds, including one published on August 7 in the Wall Street Journal, entitled "Hardly Anyone Wants to Admit America is Beating Poverty."

On Friday, August 24 at 2:00 p.m. in Room 4523/4603 we will have an opportunity to meet with and hear from Dr. Meyer about his work and thoughts on poverty and welfare reform. In light of President Trump's executive order on welfare reform, we thought it to be worthwhile to consider interesting viewpoints such as his and welcome the opportunity to learn more about his work.

Sincerely,

Steven Wagner
Acting Assistant Secretary for Children and Families

Hello Carolyn,

My name is Scott Mac Kay with Constant Associates, we are the contractor supporting this effort for Josh & ASPR, I wanted to check in and see if there was an opportunity to schedule a time to provide you and your team overview of this project and how ACF would be integrated. We would need about 30 minutes to outline the projects, answer your questions, and outline next steps.

Please let us know if you have any availability in the next week and we can schedule a time.

All the best,
Scott

Hi Anna and Carolyn,

I wanted to re-up this initiative and see if our team might find a chance to meet with the ACF team sometime soon to review this project to support ACF further in recovery efforts. Part of the end goal will still be to capture how various ACF programs—some of which may not have defined recovery roles/responsibilities—can support recovery efforts for their core stakeholders. But we also want to include information that helps increase understanding about recovery efforts in general (particularly geared to those within your agency that do not deal with emergency response/recovery efforts often), as well as information that better illuminates ASPR's role and other Operative Divisions' roles during recovery so we can all coordinate and collaborate more effectively. This will be a single briefing that provides insight across multiple HHS divisions and programs.

Subject: Recovery Preparedness Initiative

Hi Carolyn,

ASPR is developing briefings that dig a bit deeper into HHS capabilities to help elucidate how OPDIV program offices (and their respective programs) can support post-disaster recovery activities. By doing so, we hope to foster greater collaboration between HHS and build program offices capabilities in understanding the nexus between their day-to-day mission and disaster recovery missions. I've attached a short project summary that has more in depth information about this effort.

I'd like to discuss how we might best engage ACF program offices in supporting and building this effort. In essence, we need input about their programs and the outcomes they perform so we can see which of those have the most relevance to recovery. We've pre-selected four program offices, but defer to you all for which are the best fit:

- *Administration for Native Americans*
- *Administration on Children, Youth, and Families*
- *Office of Community Services*
- *Office of Family Assistance*

Is there a time in the near future for us to have an initial discussion? If so, I'd ask that you please send our contractor supporting this effort (Constant Associates) available time(s); they will coordinate meeting logistics.

I thank you in advance for your participation in this exciting project!
Josh

Subject: RE: NAC: Yom Kippur - alternate dates needed

Thanks Mary.

Angie: are there any strictly blocked out dates for the week of Sept 10-14? We'd like to give the Committee members some options (Sept 10-11; or 11-12; or 12-13; or 13-14).

Kindly,
Kate

AMERICAN OVERSIGHT

Youth in the United States

HHS/ACF will host the first meeting of the National Advisory Committee on the Trafficking of Children and Youth in the United States next Thursday and Friday (September 13-14) at the Switzer Building (330 C Street SW) in room 3603/3524.

Pursuant to Section 121 of the Preventing Sex Trafficking and Strengthening Families Act of 2014 (P.L. 113-183), HHS established the National Advisory Committee in January 2017 to address the Nation's response to the sex trafficking of children and youth in the United States. The National Advisory Committee shall:

- Advise on the development and implementation of successful interventions with children and youth who are exposed to conditions that make them vulnerable to, or victims of, sex trafficking;
- Make recommendations for administrative or legislative changes necessary to use programs, properties, or other resources owned, operated, or funded by the Federal Government to provide safe housing for children and youth who are sex trafficking victims;
- Develop 2-tiers of recommended best practices for States to follow in combating the sex trafficking of children and youth based on multidisciplinary research and promising, evidence-based models and programs, including sample training materials, protocols, and screening tools to identify victims of trafficking and those at risk for trafficking; multidisciplinary strategies to identify victims, manage cases, and improve services; sample protocols and recommendations for cross-system collaborations; criteria and guidelines for safe residential placement for foster children who have been sex trafficked; and training guidelines for caregivers serving children and youth outside the home; and
- Share best practices and recommendations with State Governors and child welfare agencies.

You can find more information on the Committee at: https://www.acf.hhs.gov/otip/partnerships/the-national-advisory-committee and the tentative agenda at: https://www.acf.hhs.gov/otip/resource/nacagenda0918.

Would that be true for facilities operated by contractors that work with ORR (i.e. BCFS & Southwest Keys)?

Mr. De La Cruz and Mr. Hayes,

I left voicemails, so this email is merely a quick follow up. Mr. Kurkjy and Ms. Johnston referred me to you respectively to field my inquiry. I have some basic questions about how nonprofit legal service providers are designated for migrant detention centers/shelters. If you have some resources (i.e. a one-pager or agency guidelines), I would greatly appreciate it if you sent them my way. In lieu of that, I would like to schedule a time to have a very brief phone call with the appropriate HHS/ORR staff in the near future to learn about how legal service providers are selected.

Thank you, and I look forward to hearing back from you soon.
