Re: ACF FOIA 19-F-0036 and 19-F-0194 (American Oversight v. U.S. Department of Commerce et. al., Case No. 19-cv-912)

Dear Mr. Evers:

This is the fourth interim response pertaining to Case No. 19-cv-912 filed April 2, 2019, relating to Freedom of Information Act (FOIA) requests 19-F-0036 and 19-F-0194, submitted to the Administration for Children and Families.

FOIA requests 19-F-0036 and 19-F-0194 seek the following records:

> All calendars or calendar entries for any of the following individuals, including any calendars maintained on behalf of these individuals:
>
> - Scott Lloyd
> - Jonathan Hayes
> - Lynn Johnson
> - Clarence Carter
> - Pedro Moreno
> - Anna Pilato
> - Mary Powers

Enclosed are 205 pages of responsive records. Five additional pages were forwarded to other federal agencies for consultation on those pages that originated within those offices.

Some of the information on the disclosed pages has been withheld under the FOIA exemptions (b)(5) and (b)(6). The exemption (b)(5) protects inter-agency or intra-agency memorandums or letters which would not be available by law to a party other than an agency in litigation with the agency. The exemption protects agency deliberations, both internal and with agency contractors and consultants, attorney-client privileged records and attorney work product. In this case, the withheld information includes pre-decisional discussions within the agency and between agency staff.

FOIA exemption (b)(6) permits the withholding of records which, if released, would constitute a clearly unwarranted invasion of personal privacy. In this case, the withheld information consists

AMERICAN OVERSIGHT

of the identities and/or other private information of private individuals and the work cell phones of federal employees. Public disclosure of this information would constitute an invasion of privacy of those individuals whose identifying information was disclosed. In withholding the information, the individual's privacy interest was balanced against any public interest in disclosure. In each instance where information was withheld, it was determined that the individual's privacy interests outweighed any public interest in disclosure of the withheld information. Disclosure of the withheld information would invade the privacy of the subject individuals but would reveal nothing about the operations or activities of the government.

We will continue to produce records to you. If you are not satisfied with any aspect of the processing and handling of this request, you may contact the Assistant United States Attorney in the United States Department of Justice who is handling this case for the Department.

Sincerely yours,

Carla C. Smith -S

Dear ORP Liaisons,

Thanks again for a productive discussion last Friday. I wanted to send a follow-up email to reiterate a few key points from the discussion and focus us all on what will come next.

The top priorities we need each of you to move forward on include:

· Communicating with your Division's leadership about expectations and roles

· Create your Division's ORP Phase II Team (ideally with you as leads)

· Determine any additional support your Division may need from us

· Attend, in person, the October 17 ORP Kickoff Meeting

The attached slides provide some detail on your role and expectations. Below is more information about the Kickoff Meeting.

HHS Optimizing Regional Performance Phase II Kick-Off Meeting

Wednesday, October 17, 2018, 11 am-5 pm

Hubert H. Humphrey Building, Room 505A

AMERICAN OVERSIGHT

Please mark your calendar for October 17th, 11 am – 5 pm, for the ORP Phase II Kickoff. We are strongly encouraging everyone to attend in person given the importance and interactive format of the event, so if your duty station is outside the Capital Area please let us know if you need additional information from us to help justify your travel. Ideally your Division will have identified your internal ORP team by the kickoff date so that they can participate as well. The day's activities will include strategic planning sessions and workshops on organizational change. Deputy Secretary Hargan and Associate Deputy Secretary Keckler will participate in some of the day's session. We will provide more details including a comprehensive agenda and list of speakers in the next couple of weeks.

A save-the-date email will be going out to your leadership early next week; their participation in the opening session at 11 am with Deputy Secretary Hargan is essential. In this save-the-date notice, we will also share with them some of the information we shared with you last Friday, so you may get questions from them about it.

As we discussed on Friday, each Division will be assigned a specific ORP Point of Contact. My colleague Barbara Manning and I will be those POCs with the following breakdown:

Barbara – Operating Divisions: ACF, ACL, ATSDR, CMS, HRSA & SAMHSA

Simon –Staff Divisions: ASPR, IEA, OASH, OCR, OGC & OIG

We will be reaching out to you over the next two weeks to discuss our role and answer any questions that might arise. Thank you as always for your valuable contributions as Liaisons, we're looking forward to partnering with you to successfully launch the next phase of this exciting effort.

Best

Attached is our working agenda.

Dear Colleagues -

I hope you are well! I am writing on behalf of ACF External Affairs/Office of Regional Operations to invite you to join the Office of Family Assistance and national stakeholders for a brainstorming meeting around identifying and showcasing local approaches to innovation, integration and whole family well-being. **The meeting will be held on Friday October 19th from 11am-1pm eastern at ACF, 330 C Street, SW, Washington DC.** We invite you to join us in person – but we will also make a remote option available for those outside the DC area.

The primary purposes of this initial meeting are to:

- seek input around lifting up promising and innovative communities and Proof Points (more below)
- gauge interest in hosting strategic dissemination opportunities for 2019

As national leaders, we value your expertise and feedback to inform our work. To make the most of our meeting, we are requesting that attendees come to the meeting with a few examples (1-3) of communities that you consider leaders and would lift up as "Proof Points." These communities may have:

- A shared vision and outcomes that uses a whole family approach to social, developmental, health and economic well-being that is informed by the evidence from brain science and other research.
- Efforts that include co-creation and power sharing in a manner that reflects communities served benefit from and contribute to progress.
- Made progress around health and human services integration (i.e., program, policy, data and interoperability, blending or braiding funding).
- Have articulated and demonstrated (or working towards) improved outcomes around social, developmental, health and economic well-being and self-sufficiency/employment outcomes using cross-sector strategies and public-private partnerships.

We also want to hear from you about other criteria that you would use to identify these local innovations.

Please feel free to reach out to me if you have questions or suggestions of other people to include in this meeting. I will forward the Outlook invitation for your calendar in my next email. Agenda will be added to this invite.

Thank you!

This project will convene researchers, policymakers, community stakeholders, and practitioners to share new research and identify opportunities for addressing childhood adversity through trauma-informed initiatives and services. This project aims to move the field beyond the established negative impact of childhood trauma and adverse childhood experiences (ACEs), to highlight the science of building resilience and the protective factors that communities can provide, bringing together practitioners and researchers implementing promising community models. The goal of this project is to improve outcomes for children, youth, and families impacted by trauma by identifying promising practices and approaches in addressing trauma at the federal, state, and local level, including new research about the effects of trauma-informed interventions on child and family well-being.

We look forward to starting this project and getting your valuable feedback at the kick-off.

We will continue to explore building and growing faith-based and community partnership outreach efforts for the various OpDivs.

This month, we'll discuss effective messaging.

The science and faith communities don't always communicate well, and government acronyms and faith buzz words are often viewed with distrust. It's as if they're speaking two different languages.

Well, in a sense, *they are.*

The Partnership Center wants to equip you to succeed in being the bridge of communication between your OpDiv and these valuable communities.

A key component of this effort is often focusing on people over programs.

Bring your lunch next Tuesday and join us in Room 325-A for an engaging and lively conversation!

Warmly,

Shannon

Hi Anna-- Eryn called to touch base on this and she had a couple of questions/suggestions about the follow-up conversations. We can touch base when you get back – but just flagging.

1. Quarterly Calls with ACF – They are interested in doing this and open to working with ACF on format, etc. Participants would include members of their Human Services Committee or they could also engage a smaller more targeted group of a few county leaders. Topic suggestions include:
    a. Call with Lynn – on topic that she wants to discuss
    b. Call with Clarence on Welfare Reform
2. ACF participation at NACo's 2019 Legislative Conference, March 2-4, 2019 in DC
    a. Lynn accepted their invitation to be a keynote speaker during NACo's HSE Steering Committee meetings (either joint subcommittee OR business meeting), March 2.

Hey Lynn – Congrats again on your confirmation! Nice to see you this week in the Secretary's conference room.

FDA is launching a campaign on youth e-cigs next week and we were just talking with Department of Education and they mentioned an interagency working group on youth that might be interested in the campaign and helping us magnify it. Do you have a contact there we could work with? Also, anything you all would like to do with us in the youth e-cig space would be welcomed!

Appreciate your consideration.

Hello Tina,

As James Murray mentioned in his email below, I am interested in finding some time with Anna Pilato to discuss her vision for ACF's role in supporting fathers and fatherhood programs in the future. This discussion will help inform the November 26th Internal Discussion with ACF Leadership meeting that should be on Anna's calendar.

Does Anna have availability during the weeks of November 5th or 12th for a 30-minute phone conversation to discuss these matters with our team?

Thank you,

Veteran's Day Event -- IOAS Conference Room (4026A)
Hello everyone, Following up on our conversation on Wednesday, we would love to have you join the celebration of ACF veterans next week. More details below.

MP

ADMINISTRATION FOR
CHILDREN & FAMILI

Dear ACF Colleagues,

Every year in November we honor our active military and veterans for service to the United States of America today or in the past. I'd like to take a moment to thank all of the men and women of ACF who have bravely served our nation. We all should be reminded that the freedoms we enjoy every minute of every day were defended by the many veterans and active military we work with daily. We are deeply

AMERICAN OVERSIGHT

indebted to you for your service.

In my time in public service I am constantly impressed by those of you who come back to public service and continue to serve our communities, our families, our children and individuals. Here at ACF it is no different. At the central and the regional offices across the country we are grateful for your continued service.

In order to give back to those who have given so much, ACF's Office of Diversity Management and Equal Employment Opportunity is helping to establish an employee resource group for veterans at ACF. The ACF veterans employee resource group will promote veteran employment, professional development, advancement, and community outreach, while working with the agency's policies and goals to support an inclusive and engaged workforce. For additional information about the ACF veterans employee resource group contact via email Tyra Williams Matthews, the Collateral Duty Disability Special Emphasis Program Manager or on (202) 205-8638.

It would be an honor for me to meet more of our ACF current military and veterans. For those in central office, please come by the IOAS Conference Room (4026A) on November 15 between 11:30 a.m. - 12:30 p.m. for a small Veterans Day reception.

Happy Veterans Day.

Sincerely,

Lynn A. Johnson
Assistant Secretary for Children and Families

Anna,

Hope all is well. I will be in D.C. on Thursday and Friday, Nov. 15th and 16th.

If possible could we meet and discuss an initiative for 2019 that would fit in the "fathering" and "grandparenting" scope of outreaches.

There are some new developments which I want to bring to your attention.

Could we talk later this week by phone and I'll give you a brief overview?

Good morning Will,

We have put in our request to FEMA more than two weeks ago in writing (11/16/18) and our request still has not been processed. Shelby has asked FEMA how long it will take to get boots on the ground and we were told one week from approval

AMERICAN OVERSIGHT

from FEMA headquarters but since the request still has not been submitted, Shelby is getting extremely frustrated, as are we. We have repeatedly tried to meet FEMA's requests for information and tried to asked them to expedite to no avail.

Is there any way we can elevate our concerns to Elaine Zimmerman for assistance?

Thank you!

Overview
Coaching and case management are often the centerpiece of human service programs but the functions, challenges, and practices must be tailored to the person being served and the particular program being administered. While this makes it difficult to generalize about case management, some principles, practices, or conceptual lens have broad relevance. This exchange will explore new directions in case management and coaching as well as how a coaching approach is distinctive from more typical case management models and may lead to more positive outcomes. We will hear about two programs that use coaching in their models to achieve better labor market outcomes for their clients including a new workforce coaching program called *MyGoals for Employment Success*, located in Maryland and Texas, and *Fedcap*, a Manhattan-based not-for-profit organization that provides vocational training and employment resources to those who face barriers to employment.

What is a Learning Exchange?
The Learning Exchange provides an opportunity for HHS leadership and staff, as well as other federal partners, to learn about cutting-edge, emerging findings from applied research that have clear relevance for HHS programs and policies. During the Learning Exchange, poverty center affiliates will discuss research findings on a specific topic and engage in a dialogue with federal leaders and staff about implications for policy and practice. The goals are to increase the ability of research findings to inform government policy and programs in a timely manner and to inform University of Wisconsin researchers of current federal priorities.

If you are non HHS: Please allow an extra 15 minutes to go through security. Also, please make sure you send me an email 7 days before the event telling me you are attending so that you can be placed on the guest list for building entry.

Please contact me at Kaitlyn.Jones@hhs.gov or Susan Hauan at Susan.Hauan@hhs.gov for more information or with any questions.

We hope you can join us!

Thank you,

9:00 AM - 12:30 PM **REMINDER: ASPE Pop-Up Panel—The Jobs Gap: Employer Demand and Labor Supply Mismatch -- Residence Inn, The Senate Room, 333 E Street, S.W., Washington, D.C.**

Dear Colleagues,

We hope you can join us for the next ASPE Pop-Up panel on Tuesday, December 11. If you haven't yet responded and plan to attend, please register here.

Thanks, and hope to see you there!

Pam Winston

Dear Colleagues,

We are pleased to invite you to a Pop-Up Panel on **"The Jobs Gap: Employer Demand and Labor Supply Mismatch."** The panel will offer a deeper understanding of reasons for—and remedies to—the current gap between available jobs, and available and appropriately skilled workers, that can help guide policy development and program implementation. The panel will take place Tuesday, December 11, 2018, **from 9:00 am to 12:30 pm**, and is hosted by HHS/ASPE and the Institute for Research on Poverty at the University of Wisconsin. Please forward this invitation to interested colleagues. No video or conference lines will be available. ***If you would like to attend, please register here.***

Event:	**Pop-Up Panel—The Jobs Gap: Employer Demand and Labor Supply Mismatch**
When:	Tuesday, December 11, 2018 9:00 a.m. to 12:30 pm
Location:	Residence Inn by Marriott The Senate Room 333 E Street, S.W., Washington, D.C.

Overview

In our changing economy, low-income workers—and those who are not working—often do not have the skills employers need. Further, people who need jobs may not live near available openings, or near training and education opportunities that could help them get the needed skills they lack. Many job seekers and potential job seekers also confront barriers to engaging effectively in the labor market, such as limited access to transportation and childcare. This Pop-Up Panel will explore the current mismatch between the skills employers need and the skills that workers and potential workers have. It will consider the barriers to "reskilling" that adults seeking new jobs may have, and will also examine the skills mismatch through the lens of geography, with a particular focus on the needs of rural Americans and those in isolated communities. The panel will close with a discussion of innovative policy options for addressing the skills mismatch.

AMERICAN OVERSIGHT
HHS-18-0681, 19-0275-D-000110

The panel will include contributions from university researchers, scholars from the Brookings Institution and the American Enterprise Institute, and federal officials.

What is a Pop-Up Panel?

Pop-Up Panels are half-day events designed flexibly and implemented quickly to inform HHS leadership, federal, and nonfederal staff on new and emerging policy questions. All may attend.

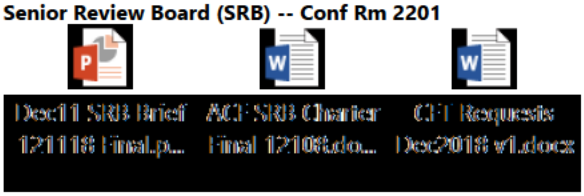

Please contact me at pamela.winston@hhs.gov for more information or with any questions.

We hope you can join us!

Subject: Request for FY 2019 Spend Plans - Due November 2nd

Colleagues,

ACF program offices are requested to prepare FY 2019 Spend Plans to be presented to the Assistant Secretary in early November. In response to feedback from last year's process, OLAB has simplified the spend plan template to include one summary table detailing spending of all programs within your office and separate tables for each program providing detailed spending by program by category (e.g., grants, contracts, program support).

Spend plans are due to OLAB by no later than COB November 2nd and should be submitted to Zuheil Diaz and Matthew Garlipp. IOAS will be reaching out shortly to schedule meetings for you to present your plan to the Assistant Secretary between November 5th-16th. These meetings will include OLAB, OPRE and OA.

If your staff have any questions about the template or the process, please have them contact Zuheil Diaz or Matthew Garlipp. OLAB will be hosting a meeting for staff who are preparing the spending plans this Thursday October 18th from 2-2:30 in Switzer 5524 (Zuheil will send out an invite shortly).

I know the Assistant Secretary is looking forward to having the opportunity to learn more about each office's spend plans for FY 2019.
If you have any questions, please let me know.

These materials were previously approved and were sent to GPO for printing. We requested approval to make the additional images produced by the contractor so that we can disseminate those as well. There are no new materials being disseminated. If you recall, last year, the approvals of the images were not granted in time to have them printed and widely distributed. This will be our first major dissemination of the Look Beneath the Surface approved materials.

This meeting is a follow-on request to the November 19, 2018 meeting we had with Anna and Mili to discuss January activities. At that time, Katherine was on leave and was unable to attend the meeting.

Subject: Preparation for January Human Trafficking Awareness Month

To ACF and HHS partners,

It has been a while since our last Department-wide effort to raise awareness about human trafficking. The ACF Office on Trafficking in Persons will be coordinating the preparation for National Slavery and Human Trafficking Prevention Month in January 2019. Please send any events, recently developed resources, grantee success stories, and other news-worthy items to Kate.Cooper@acf.hhs.gov. We will put together a HHS-wide calendar of events and list of resources for January for shared dissemination. Whenever possible, please include target metrics on the number of individuals that the various outreach efforts will reach during January (and other intended outcomes if available).

I also take this opportunity to report out on the following recent and upcoming HHS efforts on human trafficking:

- **President's Interagency Task Force Meeting:** Access Secretary Azar's remarks on the efforts and plans of HHS from the Task Force meeting on October 11.
- **Trilateral Meeting on Human Trafficking with U.S. and Mexico:** The Fifth Trilateral Meeting on Human Trafficking Between Mexico, the United States, and Canada happened yesterday, focused on the role of technology in human trafficking victimization and prevention, labor trafficking, and trafficking impacting indigenous communities.
- **Meeting of the National Advisory Committee on the Sex Trafficking of Children and Youth in the U.S.:** The Committee advises the Secretary and the Attorney General on strengthening the nation's response to child sex trafficking. The Committee first met on September 13 and will next meet on December 10. Access instructions to submit public comments or RSVP to attend the meeting.
- **HHS Health and Human Trafficking Symposium:** The HHS Health and Human Trafficking Symposium is a ten-year follow-up to the 2008 National Symposium on the Health Needs of Human Trafficking Victims and scheduled for November 28-29, 2018 in the Great Hall. The event will bring together leading practitioners, researchers, policymakers, and trafficking survivors to discuss critical issues and inform current and future anti-trafficking efforts for the health care and anti-trafficking fields. Access the livestream at https://www.hhs.gov/live.

I will need to make sure that Heartland is able to accommodate the visit at all four of these programs that day, but I do not believe it will be an issue. Hi James—Happy New Year! I just left you a VM and I just wanted to check in about the Fatherhood Listening Session this month, on Jan 24-25. I understand from Anna that there is a meeting/call today at 3:30pm and wanted to see if Joyce or someone from ORO was included – or maybe we can connect after on how we can support this work. Thanks!

Hi James—Good to talk with you last week with Joyce. As promised, attached is a document with the Fatherhood-related programs that were collected by ORO and submitted to ACF Leadership. I also included the other employment programs that were serving non-custodial fathers, formerly incarcerated or justice involved parents since they may also have fatherhood aspects. I know you have a Fatherhood meeting on 11/26 so we want to be sure your workgroup had this information.

Let us know if you have questions or if you need more information. Happy Thanksgiving!

All Day **Monthly WPS Test -- WPS Call**

Good Afternoon,

REMINDER! You are receiving this communication because you have been identified as having Wireless Priority Service (WPS) activated on your government-issued cell phone. WPS provides you, as key personnel, priority access and prioritized processing in all nationwide and several regional cellular networks, greatly increasing the probability of call completion in an emergency situation. If you have already tested your WPS please disregard this note.

Per Office of DHS Science and Technology Policy / Office of Management and Budget Directive 16-1, individuals with WPS are required to test the feature quarterly and HHS must have at least 95% of those with WPS test successfully each quarter. While this invite includes a time, feel free to test your WPS anytime during the month!

Following are the testing steps to assist you with this required test:

HOW TO MAKE A WPS CALL

1. Confirm the WPS-subscribed cell phone is in range of radio signal (one or more "bars" on display screen). You must have service to make a WPS call.

2. Dial *272 and a destination number (I recommend calling the GETS and WPS familiarization testing office at 703-818-3924) any number will work.

a. On your phone, the keypad number should look like this: * 272-703-818-3924

AMERICAN OVERSIGHT
HHS-18-0681, 19-0275-D-000153

3. Network will route call to the destination number. It may take 30 seconds or longer to complete the call during heavy congestion and there may be intervals of ringing and/or silence; this is normal. On most cell phones the screen will display *272 and the destination number. Some cell phones may display call status messages such as call queued and/or provide audible tones indicating the call has been queued.

4. If the first attempt does not complete, end the call and retry the WPS call.

For More Information on WPS: https://www.dhs.gov/wireless-priority-service-wps

NEW GETS/WPS Dialer App

A new tool has been developed to assist with placing GETS and/or WPS calls. Please use the following link to get download instructions.

Please forward questions or concerns to the WPS program managers Michelle Miles Michelle.Miles@hhs.gov or Ricky Cooksey Ricky.Cooksey@hhs.gov.

Thank you in advance for supporting this quarterly testing requirement!

HHS Partners,

Please join us for a HHS Briefing/Update on the Social Impact Partnership to Pay for Results Act (SIPPRA).

SIPPRA was signed into law on February 9, 2018 and provides $100 million to Treasury to make available funds for successful outcome award payments for social impact partnership projects. ASPE staff have been leading HHS engagement with OMB and Treasury, along with some other HHS agency staff, to develop the Notice of Funding Availability (NOFA) for Social Impact Partnership Demonstration Project Grants, which will be released in early February as required

by the law.

We think it is important for key stakeholders to be aware of this release and the potential implications for HHS agencies. We would welcome your input and involvement in the outreach strategy and rollout planning.

Please share this invitation with key staff in your agency and alert us of individuals you would like us to include and keep informed on SIPPRA matters going forward. Please send this information to our ASPE SIPPRA POCs: Ken Finegold (Kenneth.Finegold@hhs.gov) and Kim Burgess (kimberly.burgess@hhs.gov).

Paul,

I would welcome this conversation by phone or in person if you plan a trip to DC soon.

I have copied my colleague, Anna Pilato, the Deputy Assistant Secretary for External Affairs at the Administration for Children and Families (ACF.)

I would like her to join our conversation since she works directly with the team at ACF.

Katelyn Walls on our team can coordinate a time that will work for you and Anna in the coming days.

Warmly,

Shannon,
If you're not yet familiar with it, I'd like to introduce to you Royal Family Kids Camps, which works in partnership with local churches to host camps each summer in 40+ states (as well as 6 other countries) for kids in foster care. As I

AMERICAN OVERSIGHT

have heard from countless individuals, it is a transformative experience for everyone involved — from the children to the volunteer counselors to the local child welfare system. Over 30 years, they've served more than 100,000 children at the camps. I think it is very significant, too, that the camps often serve as a catalyst for year-round engagement with foster youth for the counselors and other volunteers, including some 10,000 children being mentored in an ongoing basis and 100+ adoptions each year that spring from relationships made at the camps. The new President of RFKC, Paul Martin, desires to be even more proactive in engaging child welfare agencies at both the state/local and national level. I thought it'd be great for Paul to meet you and vice-versa, whether by phone or in person the next time he's in DC.
Jedd

Paul,
Shannon leads the HHS Center for Faith and Opportunity Initiatives. She's a respected friend and woman of deep faith, who engages public policy with both wisdom and grace.

I'll let you two take it from here, but please do let me know if you have any questions!

Shannon,

It's my absolute joy to connect you with Tina Choi, the Church and Community Ministry Director for GA Baptists. Mike Beatty and I have discussed doing a site visit and/or attending a conference connected to GA Baptists (originally intended for Feb. but, likely pushed to summer connected to efforts around 200 cities of Faith and Opportunity conversation). Tina has been working on some deeply intriguing research.

Tina had an interest in meeting you as she would like to focus on adoption and foster care in 2019 (for the 3,800 GA Southern Baptist churches).

Good morning, Anna, and Happy New Year!

I hope you are doing well. It is nice to be reconnected! I recently left the Alliance for Strong Families and Communities to join a team at Saint Francis Ministries, led by Page Walley, that has started a new national initiative for advocacy partnership and consultation.

My colleagues, Page, Cheryl Rathbun, Rachel Marsh and I had the pleasure of meeting with Deb Smith last week. Deb graciously updated us with your email and encouraged us to reach out to you in connection with our work to support successful implementation of the Family First Act in states. All of us have had the pleasure of working with you before and look forward to reconnecting to accomplish important work on behalf of children and families.

Page and I would love to see if we can find a time to meet with you in person. I'm based in DC and Page travels here frequently. Do you, by chance, have any time to meet in the late afternoon next Tuesday, January 29? I know it is short notice, so I'd like to also suggest the timeframe of February 5-7 as another possibility. We'd like to learn how we can be supportive of the goals you have in 2019, while also sharing what we're doing and learning in our work with various states and at the federal level.

It will be good to see you and pick back up on our work together.

With warmest regards,

Good morning, ACF,

Because Charles Becoat established the original ACF/ORP appointment, I felt it would make sense to send a new appointment for our bi-weekly meetings with new call-in information, given that he has returned to FDA. This will allow me to be able to manage our calls if we decide to make changes to the schedule.

Thank you!
